

Myth Beyond 1321

Chapter 1321 Settlement (3)

Yun Niu explained cheerfully. "They are refugees affected by the previous profound beast tide. Grandma kindly took them in."

Yun Lintian shot a glance at Yun Xia with surprise. According to his understanding of her, she shouldn't care much about these mortals.

"It was Little Girl Niu who pleaded for them." Master Bai said. "They probably won't leave anymore."

"This is good as well. Everyone here can finally interact with outsiders." Yun Lintian said after checking the situation in the village below with his Divine Sense. From the brief scan, there shouldn't be any troublemakers among them. Moreover, most of them were ordinary people without profound strength.

"You won't bring the mountain with you?" Master Bai asked.

Yun Lintian shook his head. "I want to stay as low as possible. Bringing the mountain along will attract too much attention. Moreover, the mountain can act as the last line of defense when I'm not here."

Although he believed there wouldn't be any problem with the Azure World after he left for the Divine Realm, he couldn't stop worrying. It was better to leave a few countermeasures here.

Master Bai was slightly disappointed but fully understood Yun Lintian's intention.

Yun Lintian looked at Master Bai and asked. "What about you, Senior? Are you leaving as well?"

"I must go back." A cold glint flashed through Master Bai's eyes as he said. "Besides, I cannot recover my strength by staying here."

"How about we go together?" Yun Lintian thought for a moment and asked. "I definitely need someone to guide me."

Master Bai shook his head. "My enemy will definitely notice my existence right away. You will be implicated by then."

"Besides, you have a better guide." He glanced at Yun Xia as he spoke.

However, Yun Xia suddenly said. "I won't leave."

Master Bai was taken aback. "Are you sure? I remember you still have some unfinished businesses up there."

Yun Xia looked at Yun Lintian and said. "You come to me later, and I will tell you about the current situation of the Divine Realm."

Yun Lintian nodded gently. "Understood."

He roughly understood why Yun Xia didn't want to go back to the Divine Realm. And this was a good choice for him. With her here, he could be at ease.

Just as Yun Lintian was about to say something further, he detected a familiar aura coming from the outside.

When he looked over, Qing Xiaoting and Tao Kang slowly appeared in his line of sight.

Yun Lintian waved his hand, opening the barrier and speaking to them. "Come in."

Qing Xiaoting and Tao Kang weren't polite. They immediately rushed over and landed on the mountain peak.

This was their first time entering Heavenly Cloud Mountain. Everything was new to them, but they had no time to pay attention to the scenery.

They looked at Yun Xia briefly and quickly bowed their heads. "Greetings, Senior."

Yun Xia waved her hand and said. "No need to be polite."

Although Yun Xia didn't care much about mortals, she was aware of everything going on during this period. Qing Xiaoting and Tao Kang might not be powerful, but they always went all out to help those helpless people. This was an admirable act.

Qing Xiaoting turned to look at Yun Lintian and bowed deeply. "Thank you for saving this world."

Yun Lintian was stunned by her sudden action. He hurriedly helped her up and said. "There's no need to do this, Senior. You know that I did everything for myself and my people."

Qing Xiaoting shook her head and said. "I know, but you've indeed saved this world. Without you, the world would be gone for certain."

The moment the frightening aura enveloped the world, Qing Xiaoting was aware that the end of the world was coming. At the same time, she was also aware of Yun Lintian's efforts during this period. It could be said without him, the world would either be occupied by the devils or disappear forever.

Yun Lintian didn't linger on this topic further. He asked. "How's the situation here?"

After leaving the pocket world below, he headed straight to Heavenly Cloud Mountain directly without checking much on the Central Continent.

"Although many cities are destroyed, and countless lives have been lost, it can be recovered with no problem." Qing Xiaoting answered. "However, I need you to take care of the Star Gazing Palace, Azure Palace, and Myriad Pill Palace as soon as possible. I'm afraid they will make a stupid move."

The death of Weilan Jian, Xing Tengfei, and Du Shoushan was no longer a secret among the top forces. Especially these three palaces. Since they lost their leaders, they naturally panicked and were likely to do something in order to survive.

Yun Lintian's eyes narrowed slightly. He turned to Yun Qianxue and said. "Contact everyone. It's time for us to show our faces to the world."

Yun Qianxue's eyes shone brightly. She still remembered the day Yun Lintian vowed to make the Misty Cloud Sect number one in the world vividly. Just a few years passed by, and he finally achieved it.

Without waiting further, she quickly contacted Yun Meilan and the others.

"As for the Divine Thunder Palace, Senior Lei has returned and taken care of it already. It was said Lei Yubai died tragically, and his corpse is still hanging on the city wall right now." Qing Xiaoting said further.

Yun Lintian was taken aback. Normally, this kind of big clan would never expose their ugliness to the public like this, even though Lei Yubai was indeed wrong. It seemed Lei Yongzheng was more ruthless than he thought.

"That's good." Yun Lintian nodded slightly. "What about Lei Jun?"

"He's still alive. You can ask them later." Qing Xiaoting was naturally aware of the enmity between Yun Lintian and Lei Jun. She also didn't understand why Lei Yongzheng chose to spare Lei Jun.

"Well, his life and death are actually not my concern. Du Huanfeng as well." Yun Lintian said. "It's just that I want to let them see everything they are proud of crumble in front of them."

"And you said their life and death are not your concern?" Master Bai rolled his eyes.

Yun Lintian spread his arms innocently.

"They will arrive in an hour." Yun Qianxue walked over and said.

Yun Lintian nodded gently and said. "Let's go... Let's take a look at our former enemy."

Chapter 1322 Settlement (4)

"What should we do?" Inside the Myriad Pill Palace, Du Huanfeng asked the remaining elders with a pale face. He didn't expect his father and grandfather to secretly leave without bringing him along.

What was even worse was that they actually died in Yun Lintian's hands.

Thinking of the grudge between him and Yun Lintian, Du Huanfeng's heart sank to the very bottom. His soul involuntarily shivered as he could feel death was coming.

"The situation comes to this point now. We only have two choices left. One is to leave this world as soon as possible. The second one is throwing everything to the palace master and submitting to Yun Lintian." Du Zhen said solemnly.

"You want me to lower my head? Do you really think he will spare me?" Du Huanfeng said with an unsightly expression. "I'd rather risk my life to leave this world than submit to him."

"Let's go!" He got up and prepared to leave.

"Not good, Young Master!" Suddenly, a middle-aged man rushed into the room and said. "The spatial tunnel is gone now!"

"What!?" Du Huanfeng and the other elders were shocked.

"How could it happen?" Du Huanfeng didn't understand. As far as he knew, the spatial tunnel was extremely sturdy that even the Divine King from the Divine Realm couldn't shake it. How could it disappear all of a sudden?

"After Yun Lintian left, we immediately rushed in to see the situation and discovered the tunnel was already gone." The middle-aged man hurriedly said.

"Could it be... Yun Lintian destroyed it?" Du Zhen said in doubt.

"Impossible!" Du Huanfeng blurted out.

"Why is it impossible? Don't forget that he has been defying every commonsense from the first time we met him until now." Du Zhen said with a darkened expression. This useless bastard was still delusional.

Du Zhen glanced at the remaining elders and asked. "I don't care anymore. I will submit it to Yun Lintian. Anyway, getting humiliated is still better than dead."

"No! He won't spare us!" Du Huanfeng shouted.

Pa!

Du Zhen slapped Du Huanfeng's face and scolded him. "Idiot! Do you think you're still in charge here? Without your father and grandfather, you are nothing but trash."

"You!" Du Huanfeng spat out a mouthful of blood and glared at Du Zhen angrily.

Seeing this, no one came to help him up.

Du Zhen was right. Even if they had to live in shame under Yun Lintian's feet, it was better than dead anyway.

What was more? They didn't have a grudge against Yun Lintian directly. There was a high chance Yun Lintian would leave them alive.

"All of you..." Du Huanfeng was so angry that he vomited another mouthful of blood when he saw their cold eyes.

"Oh? What happens to our high and mighty Young Master Du? Why are you lying on the floor?"

Suddenly, a playful voice resounded from above, startling everyone inside the room. When they looked over, their expressions changed drastically as they saw Yun Lintian silently float in the air, looking down at them with a playful smile.

Besides him were Yun Qianxue, Qing Xiaoting, Tao Kang, Shen Liquiu, and Yun Chenyu.

"Yun Lintian!" Du Huanfeng snarled furiously. His eyes were full of deep hatred as he glared at Yun Lintian. Everything was because of this man. If it wasn't for him, how could he fall into this situation?

All of a sudden, Du Zhen's figure appeared beside Du Huanfeng, and he quickly sealed the latter's profound strength before looking at Yun Lintian. "We are willing to submit to you, Sect Master Yun. As for this little bastard, you can do whatever you want with him."

Yun Lintian looked at Du Zhen and said. "Why do you think I will accept all of you?"

Du Zhen took a deep breath and said with a serious expression. "First of all, we did everything according to Du Xiaotian's order. All the conflicts between us came from him and this little bastard. I believe Sect Master Yun should understand that we had no choice but to obey."

"Secondly, everyone here had no direct conflict with you. We didn't even harm you and your people. Those who attacked you have already died. It could be said we are innocent here."

"Lastly, our Myriad Pill Palace might become several times weaker, but our foundation is still solid enough. Instead of destroying us, wouldn't it be better to annex us and let us serve you?"

"Furthermore, Sect Master Yun has become the number one expert in the world now. I believe you will definitely have to care about your reputation. Sparing our worthless lives could be a good start."

Pa! Pa! Pa!

Yun Lintian clapped his hands while saying. "Marvellous! No wonder you can get this position. Your reasoning skill is very strong."

Du Zhen smiled faintly and said. "I'm merely trying to survive."

Yun Lintian nodded and said. "Everything you said is quite convincing... But you're wrong about one thing. I have never cared about my reputation. So, sparing all of you for a useless reputation has never been in my head."

As his voice fell, everyone could feel a chill running down their spine. Their hearts tightened as they looked at Yun Lintian nervously.

"Moreover," Yun Lintian paused briefly and looked at Yun Chenyu. "It's not me who has a deep grudge against you, but my disciple. Your life and death are in her hands."

Du Zhen and the others shuddered. They looked at Yun Chenyu with pleading eyes.

"Young Miss, we have heard about what happened to your family, and we are sorry about it. However, we can swear that those who harmed your family back then have already died. They were the secret guards of Du Xiaotian." Du Zhen said solemnly.

"If you don't believe me, you can check on our souls one by one."

Yun Chenyu looked at everyone coldly. Her eyes were full of killing intent and deep hatred.

"You don't have to care about me. I fully support your decision no matter what it is." Yun Lintian said gently.

Yun Chenyu nodded firmly. She took the rusty knife that belonged to her parents out and pointed it toward everyone below.

At the same time, Yun Lintian had also released his aura, completely restraining Du Zhen and the others, causing their faces to turn ghastly pale.

Yun Chenyu gnashed her teeth with hatred to the point blood slowly flowed out of her mouth. Her heart was ablaze with a flame of fury.

"All of you deserve to die!"

Chapter 1323 Settlement (5)

Yun Chenyu's voice immediately made Du Zhen and the others feel like they were being thrown into an abyss of hell. They wanted to resist, but Yun Lintian's aura was too strong.

"Go ahead. They won't be able to do anything." Yun Lintian's voice was calm, but it sounded like a death sentence in the ears of Du Zhen and the others.

"You can't kill me!" Du Huanfeng roared madly. "I am the sole heir of the Myriad Pill Palace! You can't kill me!"

"Shut up!" Du Zhen sealed Du Huanfeng's mouth and looked at Yun Lintian with pleading eyes. "Please spare us, Sect Master Yun. We really didn't participate in harming her family!"

However, Yun Lintian had no intention of talking with him. He had already said what he needed to say, and the decision was in Yun Chenyu's hands.

Yun Chenyu's figure flashed and reappeared in front of Du Zhen. She looked at Du Huanfeng and said coldly. "I remember that look in your eyes when you killed my family. You looked at them as though you were a mighty god of all beings... What about you now?"

When Yun Chenyu appeared, Du Zhen had the urge to grab her and make her a hostage, but he knew he would undoubtedly become a cold corpse. He took a deep breath and handed Du Huanfeng to her before retreating.

Yun Chenyu threw Du Huanfeng, whose face was pale as a white sheet, to the ground and stabbed the rusty knife into his chest.

Puff!

Because the knife wasn't sharp enough, it was unable to properly pierce into Du Huanfeng's chest. However, it made him feel several times more pain.

"Ugh..." Du Huanfeng's eyes widened with fear. He struggled hard, crawling along the floor to escape from Yun Chenyu.

Crackle—

Suddenly, Yun Chenyu stomped her foot on Du Huanfeng's leg, breaking his bone directly. "How is it? Do you remember what you did to my uncle back then?"

She still remembered everything that happened at that time vividly. Du Huanfeng told his subordinates to torture her uncle by breaking his limbs one after the other.

Yun Chenyu wanted to return the same treatment to Du Huanfeng.

Du Huanfeng shivered uncontrollably. His face contorted in pain, and the fear in his eyes grew further.

Yun Chenyu lifted her foot and stomped down on Du Huanfeng's other leg and his arms.

"Ugh!" Du Huanfeng's entire body twitched painfully. He darted his gaze to all the elders in the room, pleading for help, but none of them dared to meet his eyes.

"Now you know the pain." Yun Chenyu said with hatred. "Don't worry, I won't let you die easily."

As she spoke, she pulled the rusty knife out and stabbed it into one of Du Huanfeng's eyes, causing him to wriggle miserably.

The next moment, she fed him a healing pill and injected her profound energy into his body, trying to treat his injury. After Du Huanfeng's injury got better, she began to punch and kick him all over again.

This cruel scene made everyone understand how deep her hatred for Du Huanfeng was.

"She..." Qing Xiaoting wanted to say something but was interrupted by Yun Lintian first.

"Let her be." Yun Lintian said calmly. "She deserves to do it."

Qing Xiaoting opened her mouth, and no word came out in the end. She felt it wasn't a good idea to let Yun Chenyu, a young girl, do such a cruel act. She was afraid Yun Chenyu would grow up into a brutal person.

"Tsk. She's certainly your disciple. Even the way of torturing people is the same." On the side, Shen Liqiu clicked her tongue and said with a smile.

Unlike Qing Xiaoting, Shen Liqiu believed that Yun Chenyu should be like this. After all, the world wasn't beautiful. It is full of cruelty. With this, Yun Chenyu could live in this world with no problem.

Yun Chenyu kept torturing Du Huanfeng to the point no one could recognize him anymore. His face was full of cutting wounds, and his limbs were all broken. His previously twitching body was now completely stopped.

"Ah..." Du Huanfeng uttered in a low voice. He wished he could die already. He never thought one day he, a high and mighty young master who looked down at the world, would come to this point.

What did I do wrong?... That was his last thought before Yun Chenyu cut his head and burned him into ashes.

Yun Chenyu, who was drenched in blood, turned to look at the remaining elders, causing all of them to shudder in fright.

"Please forgive us! We didn't do anything!" Some elders couldn't stand anymore and broke down on the spot. They knelt on the ground and begged Yun Chenyu for mercy.

Du Zhen took a deep breath and said. "Although it may sound ridiculous, we are willing to serve you to make up for your loss... Of course, I have no objection if you want to kill all of us. Anyway, we cannot escape from your palms today. However, wouldn't it be better for you to take the lead and make this place yours?"

"You're also a descendant of the alchemy clan. I believe you are aware of the potential of the Myriad Pill Palace."

Since the decision was in Yun Chenyu's hands, Du Zhen changed the target and tried to convince her instead of Yun Lintian. With her relatively young mind, Du Zhen believed she would definitely be convinced as long as he showed his sincerity.

Yun Chenyu slowly turned to look at Du Zhen and said coldly. "Do you think I care about it?"

Du Zhen shook his head and said. "If I were you, I would certainly kill all the enemies who harmed my family. However, when you reach my standing in the future, you will understand that you cannot be blinded by hatred and overlook the benefits in front of you."

He paused briefly and said earnestly. "Surely, killing us would give you relief. But you would get nothing more than that."

"On the contrary, if you choose to spare us, you can become our master and use us to help Sect Master Yun consolidate his position in this world."

Yun Chenyu went silent immediately as if she was thinking about it.

Yun Lintian glanced at her and said. "You know that I don't need anyone to help me on this matter. Moreover, we don't lack any talent in this aspect. So, do as your heart tells you."

Du Zhen couldn't help cursing inwardly. He looked at Yun Chenyu anxiously, waiting for her decision.

After a while, Yun Chenyu slowly raised her head and said. "Well..."

Chapter 1324 Settlement (6)

"I decide to spare all of you." Yun Chenyu said. Her words immediately made Du Zhen, and the others overjoyed.

"Are you sure?" Yun Lintian looked at her and asked.

Yun Chenyu wiped the blood out of her face and said firmly. "Yes, Master. As much as I wanted to kill all of them, it would be better to let them serve you."

Yun Lintian stared into Yun Chenyu's eyes for a long while and didn't see a trace of hesitation in them. He nodded gently. "Alright."

He turned to look at Du Zhen and the others. "Open your Soul Gate to me."

Du Zhen and the other elders were startled momentarily and immediately understood what Yun Lintian wanted to do. However, they had no choice here. In the end, they obediently opened their Soul Gate and let Yun Lintian plant an imprint on their souls.

From today onward, they would be Yun Lintian's loyal servants.

Yun Lintian retracted his hand and said. "The first thing I want all of you to do is to clean those faithful servants of Du Xiaotian and Du Shoushan. Remember to clean them thoroughly."

"Yes, Sect Master Yun." Du Zhen and the others replied solemnly. At the same time, they were secretly delighted in their hearts. Fortunately, they could become Yun Lintian's loyal servants first. Otherwise, their fate would be miserable.

"Secondly, there won't be the Myriad Pill Palace from now on." Yun Lintian said. "I will set up a pavilion called Morning Rain Pavilion, and my disciple will be in charge. The pavilion will be set up all over the world, aiming to provide cheap pills and concocting services to everyone."

"I will also find a way to cooperate with the Mystic Pavilion later. By then, we should be able to monopolize the medicine industry."

Du Zhen and the other elders glanced at each other in surprise. In the past, the Myriad Pill Palace had monopolized the industry and suppressed every upstart like Yun Chenyu's family. Because of this, they could set a high price for everything.

However, Yun Lintian's approach was the opposite. He intended to monopolize the business but had no intention of seeking a high profit. Instead, he wanted everyone to be able to access the high-level pills, and mortals could also sell their herbs to the pavilion at a reasonable price.

In this way, even if there were new competitors later, the Morning Rain Pavilion didn't need to suppress them. After all, the price of products from the pavilion was already low. Unless they wanted to go bankrupt, they wouldn't dare to cut the price to compete with the pavilion.

"Remember, I won't allow anyone to seek a personal benefit from this. If I find one, I will kill one." Yun Lintian said calmly, but his voice showed a trace of killing intent.

"We understood." Du Zhen and the other elders responded solemnly.

On the side, Yun Chenyu was already in tears. Although her Master was constantly moving and had no time to teach her, she knew that he cared about her in his heart.

The Morning Rain Pavilion was obviously a gift for her, allowing the dream of her family to come true.

"Thank you, Master. Yu'er doesn't know how to repay you." Yun Chenyu said in a choking voice.

Yun Lintian landed before her and used his divine energy to clean the bloodstain on her body. "You're my disciple. This is what I should do as a master."

Yun Chenyu sobbed and stepped forward to hug him. Sometimes, she thought, what if Yun Lintian didn't meet her that day? She would definitely die in that dark and cold alley.

Father, mother. Yu'er can finally avenge you. You don't have to worry about me. Yu'er will live well and devote myself to Master from now on... Yun Chenyu thought in her heart.

Yun Lintian patted her back dotingly. He felt sorry for this disciple of his as he didn't have time to teach her. Except for providing her resources, he didn't do anything much for her. It was a complete failure as a master.

After a while, Yun Chenyu stepped back and said with a tearful smile. "Master, I want to stay here to take care of the pavilion."

Yun Lintian was slightly surprised. Although he let her manage the pavilion, it didn't mean she had to stay here. After all, she could do it remotely.

"Well, you know who to contact." Yun Lintian smiled.

"Mhm!" Yun Chenyu nodded heavily.

Yun Lintian thought for a moment and glanced at the sky. "Come here."

Swoosh—

Suddenly, Yu Qiao appeared in the air before him and said softly. "What can I do for you, Young Master Yun?"

After witnessing Yun Lintian's horror herself and knowing he could defeat all the enemies, Yu Qiao was completely convinced. Even if Yun Lintian removed the imprint in her soul, she wouldn't mind serving him wholeheartedly.

"I'll remove the imprint as I promised." Yun Lintian said calmly and tapped his finger on her forehead.

Yu Qiao felt her soul become lighter, but she wasn't as happy as expected. She looked at Yun Lintian and asked. "Can I follow you?"

"Shameless." Shen Liqiu snorted coldly. "Are you trying to seduce him?"

Yu Qiao turned to look at Shen Liqiu and asked. "Are you his wife, little sister?"

Shen Liqiu pursed her lips and said nothing.

Seeing this, Yu Qiao chuckled and said. "It doesn't seem to be so. Since you are not his wife, you cannot stop me from seducing him, right?"

"Hmph!" Shen Liqiu was angry but couldn't vent. She could only glare at Yun Lintian.

Yun Lintian was speechless. He quickly interrupted them. "I want you to assist Yu'er during this period. If you want to leave, you can tell me in advance."

"Don't worry. No one can touch her in my presence." Yu Qiao said with a charming smile. "Also, I'm serious. I want to follow you."

Yun Lintian suddenly felt two killing intents envelop him. He glanced at Yun Qianxue and Shen Liqiu before saying. "You can follow her first."

Yu Qiao covered her mouth and chuckled. "I didn't expect our mighty Young Master Yun to be afraid of your women."

Yun Lintian turned deaf ears and looked at Du Zhen. "Do everything in secret. I don't want anyone to hear about it. Wait until I settle with those people first, and I will announce it to the world."

"Understood." Du Zhen responded readily.

Yun Lintian patted Yun Chenyu's head gently and turned to Qing Xiaoting. "Let's go. We will visit the Azure Palace next."

Chapter 1325 Settlement (7)

"H-How could it be possible?" Inside the Azure Palace, Weilan Wuhui, the eldest son of Weilan Tianjun and Weilan Xuan's older brother, turned ghastly pale after listening to the report. He couldn't believe that his unparalleled grandfather would lose to Yun Lintian and even get killed.

"It must be a lie!" On the side, Weilan Fan shouted angrily. He refused to believe that his grandfather and father were defeated by a hairy boy like Yun Lintian.

"All of you, get out and bring him back to me!" He roared at several elders in the hall.

The elders glanced at each other in dismay. Even the Dragon Guards couldn't even withstand Yun Lintian's attack. What were they?

"Shut up!" Weilan Wuhui glared at his younger brother. He turned to Weilan Xuan and asked. "What should we do, Supreme Elder?"

Weilan Xuan's eyes flickered slightly. She looked at everyone in the hall and said calmly. "Yun Lintian has become the world's undisputed number one powerhouse. Destroying this place is just a matter of flipping his hand... We only have two choices left. Fighting with him to death and submitting to him."

"What!? You want us to submit to a brat like him? Have you gone insane!?" Weilan Fan jumped to his feet and yelled at Weilan Xuan. There was no respect in his eyes anymore when he looked at her.

Weilan Xuan glanced at him, and her aura spread out, pressing Weilan Fan to the ground, and said sternly. "It seems you have never learned what I taught you."

"In front of absolute strength, everything is meaningless. In the past, our Azure Palace could dominate this world because we had enough strength to suppress everyone."

She swept her gaze over everyone and continued. "Open your foolish eyes and look around this place. Do you think we are still in the dominant position?"

Weilan Fan was so angry, but he couldn't get rid of Weilan Xuan's power. He glared around and saw all the elders lower their heads, losing their arrogance completely.

It was at this moment did he realize the Azure Palace was no longer what it used to be in the past.

He immediately went silent.

Meanwhile, Weilan Wuhui calmed down completely. Unlike his younger brother, he understood everything better. Although it was unacceptable, Weilan Xuan's words were true. The Azure Palace had become something in the past now.

He took a deep breath and asked. "How to do it, Supreme Elder? After all, we have a deep grudge against Yun Lintian. It's uncertain whether he would spare us."

Weilan Xuan said calmly. "Tian'er... We have to rely on Tian'er."

Weilan Wuhui was enlightened. He remembered that Weilan Tian had a good relationship with Yun Lintian. As long as Weilan Tian pleaded with him, Yun Lintian would definitely give him face and spare everyone.

"However, he must hate us deeply right now." Weilan Wuhui said worriedly. Weilan Tian being tortured by Weilan Jian wasn't a secret among everyone here. He didn't think Weilan Tian would help them easily.

"Let's try." Weilan Xuan said while closing her eyes tiredly.

The scene where she met Yun Lintian first time inside the Heavenly Sword Divine City appeared in her mind like it had happened yesterday. At that moment, she had a hunch that he would become the top figure among the top powerhouses in this world.

It was just that she didn't think his strength would progress this fast. In a span of one and a half years, Yun Lintian went from a small Saint to a Divine Foundation Realm expert who could kill even the peak expert with a wave of his hand. She had no words to describe it.

However, it couldn't be blamed on her. In fact, no one in this world would be able to see this coming. Even Weilan Jian and Xing Tengfei, who had been cautious their entire lives, couldn't predict it.

A moment later, Weilan Tian was brought into the hall. His clothes were still tattered and full of bloodstain. He was extremely skinny that everyone could see his bones.

Weilan Tian swept over everyone with his indifferent gaze and said. "Why did you bring me here?"

Before anyone could say, he said further. "Let me guess. Weilan Tianjun and Weilan Jian have already died in Brother Yun's hands, and now you want me to pacify him, right?"

Weilan Wuhui, who opened his mouth, was immediately rendered speechless.

This younger brother of his was smarter than his peers, and it was understandable why he could guess everything accurately.

Seeing everyone's downcast faces, Weilan Tian suddenly laughed out loud. "Hahaha! I knew it!... Hahaha! Good! Very good! They deserved to die!"

His laughter was like a sharp knife piercing everyone's heart. Yesterday, they were still in a high and mighty position, but now they were no different from desperate dogs seeking a way to survive.

Weilan Tian laughed for a good while and asked. "Do you think I will help all of you?"

Weilan Fan hurriedly said. "Third Brother, do you really want to see everyone die?"

Weilan Wuhui glared at him and turned to Weilan Tian. "I know you hate us deeply, but we are really helpless about what happened to you. You also know that we cannot go against our grandpa."

"He's not my grandfather." Weilan Tian said coldly. His eyes filled with boundless hatred as he spoke. "What a pity. I wish I could see him die with my own eyes."

"Well, it's not too late, Brother Tian."

All of a sudden, Yun Lintian's voice resounded from above, causing everyone's face to change drastically.

At this moment, Yun Lintian slowly descended and walked into the hall with Yun Qianxue, Shen Liqui, Qing Xiaoting, and Tao Kang.

"Brother Yun." Weilan Tian was slightly surprised and quickly greeted Yun Lintian with a smile.

Yun Lintian walked over and patted Weilan Tian's shoulder while injecting the wood energy into his body. "I'm sorry. I should have come faster."

Weilan Tian could feel his body recover at a monstrous speed, but he wasn't surprised about it much.

He shook his head and said. "It's not your fault, Brother Yun. On the contrary, I should be the one who feels sorry for you. After all, Weilan Jian got the bloodline power from me."

Yun Lintian chuckled and said arrogantly. "It doesn't matter. He can't fight me anyway."

Weilan Tian looked at Yun Lintian and laughed.

Yun Lintian slowly turned his head to look at Weilan Xuan and said. "It's been a while, Elder Weilan."

Chapter 1326 Deep Hatred (1)

Weilan Xuan met Yun Lintian's gaze as she responded calmly. "It's indeed been a while. I should congratulate Sect Master Yun for becoming the number one practitioner of this world now."

Yun Lintian smiled faintly. "I don't dare to call myself like that. I don't want to be targeted by everyone."

He paused briefly and said further. "I heard everything you said earlier. So, you're planning to submit to me?"

Weilan Xuan nodded admittedly. "Yes. It's the only way for us to survive, after all."

Yun Lintian chuckled and said. "Well, you're right... But what about others?"

He glanced at Weilan Fan and Weilan Wuhui. "There seem to be a few people here who don't like your idea."

Weilan Wuhui took a deep breath and said honestly. "I am indeed unconvinced. However, it's because I have been in this position for years and never bowed my head to anyone. I believe Sect Master Yun should understand my current mood well."

Yun Lintian nodded slightly. "Of course. I understand you."

He glanced at Weilan Fan and said further. "What about you?"

Weilan Fan's face became unsightly. He gritted his teeth and said. "I am similar to him. I hope you can forgive me. I cannot control my mood well."

Yun Lintian chuckled and said nothing about this. He gazed over everyone in the hall before pausing at Weilan Tian. "You said that you wished to see Weilan Jian die with your own eyes earlier. I will help you with it."

His words puzzled everyone. Wasn't Weilan Jian already dead?

Suddenly, they saw an ancient gate appear beside Yun Lintian. As he waved his hand, Weilan Jian was pulled out and landed on the ground with a thud.

Everyone was immediately dumbfounded.

Yun Lintian smiled and said. "Here he is."

Weilan Tian returned to his senses and looked at Weilan Jian, who was now as skinny as him, with a cold gaze.

Compared to the last time they met, Weilan Jian's current appearance was entirely different. His hair was disheveled. His usual spotless white robe was stained with blood and dirt. The previous majestic aura that made everyone lower their head whenever they saw him was nowhere to be seen now.

Before Weilan Tian could say anything, the elders glanced at each other and shouted. "Let him go!"

They abruptly released their aura and rushed to Yun Lintian.

"Idiot." Weilan Xuan looked at the scene and shook her head tiredly.

A sneer appeared on Yun Lintian's lips as he glanced at the incoming elders. "And here I thought all of you wanted to submit to me."

Yun Lintian raised his hand slightly, and the space around the elders abruptly distorted, releasing violent spatial turbulence.

"What!?" Upon seeing this scene, the fifty-odd elders exclaimed in unison and turned into miserable screams shortly after.

Their limbs were torn apart under the violent spatial storm. Some even turned into piles of meat directly.

Soon, the hall was filled with a stench, causing those who didn't move to turn pale.

"Ugh..." Weilan Fan retched up directly. Although he was a young master of the Azure Palace, he didn't encounter such a disgusting scene much.

As for Weilan Wuhui, his face was ghastly pale, and his entire body shivered uncontrollably. He finally experienced Yun Lintian's horror by himself. It was even more exaggerated than the report said.

Yun Lintian retracted his hand and glanced at the remaining people with a faint smile. "Congratulations. All of you can live longer."

"However, you can tell me if you don't want to live anymore. I don't mind sending you away."

The hall went deadly silent. The eyes of the remaining people lost their luster as they stared at the terror scene blankly.

"Ah..." At this moment, Weilan Jian regained consciousness and looked around in confusion.

When his gaze landed on Weilan Wuhui and Weilan Xuan, he immediately opened his mouth. "H-Help me!"

Everyone on Weilan Wuhui's side couldn't believe their ears. In their mind, Weilan Jian was a tall mountain, an unreachable sky that everyone could only look up to. They couldn't believe such a dignified person actually called for help.

The image of Weilan Jian in their hearts immediately collapsed. Especially Weilan Fan. He always believed that his grandfather was the best in the world.

However, when he saw his grandfather, who was no different from a beggar, become like this, his entire body immediately turned cold. He was slapped by the reality that his grandfather was no longer the mighty Weilan Jian he knew.

"Heh...Hehehe! Hahaha!" Weilan Tian suddenly burst into wild laughter. He slowly crouched down in front of Weilan Jian and said. "I didn't expect to see you again, Grandpa. Do you remember what I told you before leaving?"

Weilan Jian's ugly face turned even uglier. He glared at Weilan Tian and uttered coldly. "I should have killed you..."

Pa!

Before Weilan Jian could finish his sentence, he was immediately slapped by Weilan Tian on the face, knocking a few of his teeth out.

"You!" Weilan Jian was so furious that his original red face became redder. Throughout his life, he had never been humiliated like this. He wished that he could kill Weilan Tian with his gaze.

Unfortunately, after Lauya took the Azure Dragon blood origin away, he was no longer the powerful practitioner he used to be. His current strength couldn't even be used to kill a chicken.

"How is it? Feel good, right?" Weilan Tian asked with a mocking smile. "Do you remember what you did to me?"

As he spoke, he found a dagger nearby and stabbed it into Weilan Jian's hand, causing the latter to scream painfully.

"That's enough, Third Brother!" Weilan Wuhui came back to his sense and shouted. "Although he did terrible things to you, he is still our grandfather. If you want to kill him, just do it. No need to torture him like this."

Weilan Tian paused his movement and turned to look at Weilan Wuhui. His gaze was icy as he spoke. "Our grandfather? Have you ever seen any grandfather torture his grandson?"

Weilan Wuhui opened his mouth and couldn't utter a sound. He glanced at Yun Lintian and slumped back to his seat powerlessly.

Weilan Tian didn't bother to talk with Weilan Wuhui further. He turned to look at Weilan Jian and said coldly. "I wish I could peel your skin bit by bit to let you know the pain I went through... However, I'd rather want to see how you, a lofty Azure Palace Founder, live like this."

"It should be a fascinating scene to see. Don't you think so?"

Chapter 1327 Deep Hatred (2)

Weilan Jian trembled, and his face turned even paler. His eyes were ablaze with fury as he uttered. "Kill me if you have the gut."

Weilan Tian laughed upon hearing this. "Don't be ridiculous. You know very well that I dare to kill you."

He glanced around the place and said further. "Look around you. The Azure Palace you have nurtured for years is about to be reduced to someone's slave soon. How do you feel about it?"

Weilan Jian gritted his teeth and said nothing.

Seeing this, Weilan Tian turned to the remaining people and said. "Do you see it? He doesn't care about all of you at all. In his eyes, everyone here is nothing but a tool he can discard as he pleases."

Weilan Wuhui and the remaining elders went silent. They were naturally aware of this point, but what could they do? And even if Weilan Jian treated them as a tool, at least they could enjoy the benefits brought by him. Hence, no one said anything in the end.

"How amusing." Yun Lintian laughed slightly as he watched the scene. "Before this, I always thought the Azure Palace was powerful as a whole. But the reality is entirely different. All of you simply rely on Weilan Jian alone."

Weilan Jian turned to look at Yun Lintian with difficulty and uttered. "One day, you will be like me."

Yun Lintian smiled and asked. "Why did you think so?... Well, let me tell you how my Misty Cloud Sect works, and you will know why I will never be like you."

He looked at everyone and explained. "My Misty Cloud Sect always teaches our people to rely on themselves but also knows how to cooperate as a team. Everyone will be given the same amount of resources, whether you are a new disciple or the oldest disciple. If you want more, you can do more tasks. Simple as that."

"We also allow everyone to access every profound art. As long as they are capable enough to comprehend them, we won't stop them. We will teach them in every aspect, whether medicine, forging, formation, or alchemy. After learning all of this, they can choose whatever they want to learn further by themselves."

"As for the hierarchy system, except for the original elders that we need to maintain them in the positions, we will decide according to their ability. They can also challenge each other if they want to become an elder. The loser will have to go back and study for a year before coming back to challenge again."

"At the same time, the elders will become a teacher. They have also attended the classes to teach the newer generation."

Yun Lintian looked at Weilan Jian and asked. "With this system, do you think they will have to rely on me all the time?"

Weilan Jian's eyes became dull upon hearing this. The thing Yun Lintian spoke about was an ideal system that every faction's leader dreamed of. Even if Yun Lintian left the world one day, the Misty Cloud Sect would remain dominant as long as the system continued to be used.

His face distorted slightly as he said unwillingly. "You've underestimated human greed."

Yun Lintian smiled and said. "You're wrong. It's because I have never underestimated human nature that I come up with this system. Think about it, everyone in my sect could receive the same resources from top to bottom and earn more by working hard."

"Since everyone knows that working hard will pay off well, and even if they don't do anything, they can still live well. I ask all of you here. Do you still want to deploy an underhand method or kill your fellow sect members just to gain a high position you can get by your own effort?"

Everyone in the hall immediately fell into deep thought. They asked themselves if their faction had such a system, would they still need to struggle?... The answer was no. Even if they were the weakest and talentless ones, they could live well with the resources the sect gave. There was nothing for them to struggle for at all.

On the side, Weilan Xuan couldn't help asking. "However, Sect Master Yun. How could you maintain the resource? After all, it must have a limit, right?"

Yun Lintian smiled and said. "For others, this is the biggest problem, but for me, it's nothing more than a number. I have a way of producing enough resources, and it will never be completely exhausted... It can be said I can achieve this ideal state because of this ability."

Weilan Xuan suddenly thought of Yun Lintian's abnormally massive amount of the best-grade Profound Stone he had shown in the past. Obviously, Yun Lintian's words were valid.

As for Qing Xiaoting and Tao Kang, they weren't surprised about it as they had witnessed Yun Lintian's wealth by themselves.

Weilan Jian went silent. He seemed to completely give up his life as he slumped on the ground powerlessly and looked at the ceiling in a daze. Now he finally understood how Yun Lintian's progress could be this fast. It was because he possessed seemingly unlimited resources.

If Yun Lintian knew his thought, he would laugh out loud as his progress, in fact, had nothing to do with his resources.

Weilan Wuhui took a deep breath and asked. "May I know if we could receive this treatment after submitting to you, Sect Master Yun?"

He didn't care about Weilan Jian anymore and started looking forward to the future.

Yun Lintian looked at him strangely and asked. "Did my previous attack hurt your head, Young Master Weilan? Why would I treat all of you the same as my people?"

Weilan Wuhui's expression changed slightly. "But we will become your people...."

Yun Lintian shook his head. "No, no, no. That's what all of you insist on doing. When did I tell you that I would accept it?"

"What do you mean?" Weilan Wuhui's face became unsightly. Could it be Yun Lintian wanted to kill all of them?

Yun Lintian looked at Weilan Tian and asked. "Do you want to lead the Azure Palace, Brother Tian?"

Weilan Tian was startled and quickly said. "My strength..."

Yun Lintian suddenly waved his hand, and a small droplet of azure-colored blood appeared in his hand. "Although I cannot give you all of it, I can provide you with this small amount. Anyway, it belongs to you in the first place."

Chapter 1328 End Of Era

The moment the Azure Dragon blood origin appeared in Yun Lintian's hand, everyone's face changed drastically. Especially the people from the Azure Palace. They could feel a strong bloodline suppression from it. Without a doubt, it was the purest Azure Dragon blood they had ever seen.

"This..." Weilan Tian was familiar with this aura. He couldn't believe that Yun Lintian would be willing to give him this.

Yun Lintian didn't say anything further. He waved his hand, and a droplet of blood shot out, drilling into Weilan Tian's forehead. At the same time, a thick vine shot out of Yun Lintian's hand and wrapped around Weilan Tian, helping him merge with the blood.

"You won't stop him?" Inside the Land of Beyond Heaven, Madam Leisure glanced at Hongyue.

Hongyue said calmly. "You don't know him well enough. He won't listen to me even if I want to stop him."

In fact, she was dissatisfied with Yun Lintian's decision to give away the Azure Dragon blood origin, even though it was a tiny part of it. This would affect Yun Lintian's strength later when he absorbed it.

"It will be fine. Don't forget that the Beyond Heaven Profound Vein has the ability to regenerate the blood origin. Moreover, he will certainly produce the Dragon God Marrows. At that time, he could even grant his blood origin to anyone at will." Lauya said calmly.

Hongyue and Madam Leisure were surprised to hear this.

"How could he produce the Dragon God Marrows? He doesn't have the Dragon God Soul and Dragon God Bones at all." Hongyue asked curiously.

From what she knew, at most, Yun Lintian could produce a simple dragon marrow out of the blood origin. But if he wanted to produce the Dragon God Marrows, he needed to have both Dragon God Soul and Dragon God Bones.

Lauya waved her hand gently, and a big droplet of azure-colored blood appeared in the air before her, releasing a majestic dragon aura.

"Look at it carefully." She said.

Hongyue stared at the blood origin carefully, and her eyes suddenly changed. "He... He actually..."

Madam Leisure looked at the blood origin curiously and suddenly discovered something extraordinary, making her blurt out. "Dragon God Soul's imprint!.. To think that the Primordial Azure Dragon God actually left his soul's imprint behind...."

In this world, everyone's soul represents their true identity. If someone got their soul, their life and death would fully fall into that person's hands, and they would lose their chance of reincarnation and rebuild their bodies.

The Primordial Azure Dragon God could have used this chance to rebuild his body as long as his Dragon God Soul was preserved. Even though it would take millions of years, it would be better than completely disappearing from the universe.

However, the Primordial Azure Dragon God didn't do it. He went all out by leaving his Dragon God Soul for Yun Lintian. Once Yun Lintian completely integrated with the Dragon God Soul, his soul would have no flaw. No one in the Divine Realm could be his opponent in this aspect.

Moreover, Yun Lintian had also absorbed the White Tiger God Soul before. Adding the Dragon God Soul, Hongyue and Madam Leisure didn't know how high Yun Lintian could reach anymore. One thing that they were certain of was that Yun Lintian would become an existence that no one could threaten him with a soul-related technique.

"Why?" Madam Leisure's face turned solemn. She didn't understand why the Primordial Azure Dragon God had to do this. In her opinion, it was a pointless act. After all, Yun Lintian would eventually become the strongest person as long as he could stay alive.

On the contrary, Hongyue seemed to understand everything. She sighed and said. "No wonder Qingxuan was so sad back then."

Lauya put the droplet of blood away and said calmly. "His Majesty Dragon God is similar to my predecessor. He could sacrifice everything for the better future of every living being in this universe."

Madam Leisure suddenly thought of something and said. "Don't tell me..."

Hongyue and Lauya glanced at her and said nothing. The looks in their eyes said it all.

On the outside, Weilan Jian couldn't be more familiar than this aura. After all, he was the one who extracted the blood origin out of Weilan Tian back then. The difference this time was that he could only watch and do nothing.

As he saw Weilan Tian's aura rose sharply, the last trace of hope in Weilan Jian's heart dissipated completely.

"Hehe... Hahaha..." Weilan Jian suddenly laughed. His laughter was full of bitterness and remorse. Had he treated everyone better and focused on developing the Azure Palace, perhaps he wouldn't end up like this.

Yun Lintian glanced at him and said nothing. He could have killed Weilan Jian a long time ago, but it would be better to let Weilan Tian decide.

Not only did it allow Weilan Tian to establish his might in the Azure Palace, but it could also let him vent the grievance in his heart, which could become a stumbling block for his path in the future.

Twenty minutes later, Yun Lintian retracted his hand and looked at Weilan Tian, who had regained his original handsome appearance, with satisfaction. Although Weilan Tian's strength was still far from his past self, his ceiling would certainly become higher.

Weilan Tian suddenly opened his eyes, revealing a pair of draconic eyes. He clenched his fists tightly to feel the newly gained strength that kept flushing through his vein.

He looked at Yun Lintian and suddenly knelt on one knee. "Thank you, Brother Yun, for giving me a second life."

Yun Lintian waved his hand to let him up and said. "As I said before, it belongs to you in the first place."

Weilan Tian took a deep breath and nodded firmly. He turned to Weilan Jian and said. "Any last word?"

After regaining strength, Weilan Tian changed his mind and no longer considered keeping Weilan Jian.

Weilan Jian glanced at his grandson and said with a smile. "Congratulations. You will definitely become a good leader."

Weilan Tian sneered. "Put your poor acting away. Do you think everyone here believes that you have repented now?"

Weilan Jian smiled depreciatingly and closed his eyes.

"Hell will surely welcome you well." Weilan Tian said and sent out a punch, accompanied by a dragon's roar.

Roar—

Weilan Jian's entire body exploded into pieces directly under the dragon's might. The era of the generation's number one expert had come to an end...

Chapter 1329 Establishment (1)

Yun Lintian was slightly surprised by Weilan Tian's decision. Counting on the hatred Weilan Tian had for Weilan Jian, he thought that Weilan Tian would keep his grandfather's life for a period to let him feel the pain he had gone through.

However, this was also a good result. Yun Lintian didn't have to be wary of the tiny possibility that Wang Jian could make a comeback later.

As for Weilan Tianjun, he would leave it to his master and let her decide his fate.

Seeing Weilan Jian turn into countless pieces of meat, Weilan Wuhui and the other elders trembled involuntarily. Although they didn't step out to attack Yun Lintian previously, it didn't mean they had no feelings for Weilan Jian. After all, they had been served under him for years.

At the same time, they were relieved inwardly. At least their lives could be saved for now.

Weilan Tian slowly turned to Weilan Wuhui and said calmly. "Tell me. What do you want to do?"

Weilan Wuhui hurriedly replied. "As I said before. We are willing to submit to Sect Master Yun. Let him make a decision for us."

Weilan Tian stared at Weilan Wuhui for a while and saw the latter was fully convinced. He turned to Yun Lintian and asked. "I want to hear your opinion, Brother Yun."

Yun Lintian said with a faint smile. "If I wanted to kill them, they would be long gone by now. I left them alive because I thought it would be a pity to destroy this place completely. Since you're the rightful successor of the Azure Palace. I will leave this matter to you."

A glimmer of hope flashed through the eyes of Weilan Wuhui and the others upon hearing this. Compared to Yun Lintian, they preferred to have Weilan Tian as their master. At least they considered the same "faction" before.

Furthermore, with Weilan Tian obtaining the purest Azure Dragon blood, the Azure Palace could definitely reach a higher height under his lead. It would be something that Weilan Jian couldn't achieve.

Weilan Tian went silent for a moment and said. "To tell you the truth, I prefer to be free. Anyway, I have no attachment to this place. Whether they live or die, it has nothing to do with me."

"But since Brother Yun has already made a decision, I am willing to manage this place for you."

He looked at Weilan Wuhui and the others. "Remember. I am not your master, but Brother Yun is. You must listen to his word, even if he tells you to die. Understand?"

As he spoke, his draconic aura gradually spread out, causing the people on Weilan Wuhui's side to suffocate.

Weilan Wuhui didn't hesitate to answer. "Understand! I completely understand. Sect Master Yun will be our master from now on."

The other elders directly knelt on the ground and said in unison. "We swear our loyalty to Master Yun."

Yun Lintian glanced at them and didn't take it to heart. He spared the Azure Palace because this world needed competition. Otherwise, his Misty Cloud Sect would dominate everything, and the overall strength would reduce greatly.

"I don't care about the hidden thoughts in your heart. However, the Azure Palace has to be relocated further west. I will turn this center area into a massive city jointly controlled by everyone later." Yun Lintian said calmly.

Weilan Wuhui and the others naturally didn't dare to have any objections. They directly agreed with Yun Lintian's proposal.

Yun Lintian turned to Yun Qianxue and said. "Please contact Lingwei. Let's come over to build the city here. As for this place, she can demolish it if she finds it troublesome."

Yun Qianxue nodded and walked to the side, contacting Yun Lingwei.

Yun Lintian looked at Qing Xiaoting and said. "The city I am about to build here will be jointly controlled by Senior's Heavenly Sword Palace, the Divine Thunder Palace, the Divine Phoenix Palace, the Blazing Sun Palace, the Azure Palace, the Nine Profound Beast Palace, the Frozen Moon Palace, and the Misty Cloud Sect in the future."

"We will adopt a rotation system. The city lord's position will change every five years among the said factions. Every decision will decide by voting. As for the policy, I only have one request that is everyone in the city will be treated equally. No matter who you're, you have to respect the laws. Once someone abuses the laws, that person will be killed on the spot."

Everyone was surprised by Yun Lintian's idea. He could have kept the city to himself and his sect, but Yun Lintian actually shared the benefits with everyone. Especially the city lord position. It was fair and square.

They had never seen anyone like him before.

Yun Lintian said further. "In the future, I hope this city will become a neutral space for everyone in the world. Ordinary people could stay here without fear of getting abused, and practitioners could also come here to seek an opportunity fairly. Everything would be spoken with strength here, not a background."

Everyone's eyes shone brightly upon hearing this. It might sound too idealistic, but it wasn't impossible to achieve. And once it happened, this city would be a safe haven for everyone.

On the side, Tao Kang suddenly said. "This is similar to the Heavenly Mandate Divine City in the Divine Realm. If you could do it, it would be the best for everyone."

"Heavenly Mandate City?" Yun Lintian was curious.

"Heavenly Mandate City is located inside the Heavenly Mandate Realm. There's no controller there. Everything will be monitored and decided by an existence called Heavenly Edict." Tao Kang explained.

"No one knows where this Heavenly Edict comes from, but I heard it can be traced back to the Primordial Era."

"Oh?" Yun Lintian was interested. "Do you know it, Hongyue?"

"Well, this city usually used to organize a huge event that requires absolute fairness. It's similar to your idea. Everyone inside will be monitored by the so-called Heavenly Edict. I don't know what it is, but it should be something similar to a true spirit." Hongyue replied.

"I see... Can we create something similar to it?" Yun Lintian suddenly had the idea. If he could create a similar existence, the city would be more complete.

"You can, but it probably takes a hundred thousand years." Hongyue curled her lips.

"Ugh... Forget it then." Yun Lintian was speechless.

"Have you forgotten the Skymist Ancient City, My King?" Lauya said softly.

Yun Lintian's eyes lit up. "That's right!"

Chapter 1330 Establishment (2)

The Skymist Ancient City Yun Lintian got from the Skymist Emperor was an artifact with its own spiritual consciousness. During the past year, Yun Lintian left it to Yun Qingrou to take care of, and from what he knew, its spiritual consciousness had recovered more than thirty percent now.

"However, I planned to use it as the capital city of the Northern Continent." Yun Lintian frowned slightly.

He said again after a short ponder. "Forget it. I will build a new one here. Anyway, this city doesn't need such an existence."

"However, this could be a double-edged sword." Shen Liqiu said with a frown. "Because the strength of all sides isn't on the same level. Once the strongest one decides to overwhelm the others, everything you said will be meaningless."

"Of course. I have already prepared a countermeasure for this. You don't have to worry about it." Yun Lintian said with a confident smile. "As long as anyone dares to jump out, they would be killed instantly."

Shen Liqiu looked at Yun Lintian thoughtfully as she seemed to guess something.

"By the way. What about your Shen Clan? Are they planning to go back?" Yun Lintian asked. The Shen Clan was forced to move to the Northern Continent. Now, everything returned to its original state, he believed that they would go back to their hometown.

Unexpectedly, Shen Liqiu shook her head. "There's no future over there. The Mirage Island will eventually disappear at one point. We've decided to take roots on the Northern Continent from now on."

"That's good." Yun Lintian nodded gently. "You can tell your family to establish a business here later. In the near future, I want all five continents to connect to each other with the grand teleporting formation, letting everyone travel between the continent freely. At that time, every continent will flourish together."

In the past, the overall market was controlled by the top factions like the nine palaces, and those average enterprises could only do small-scale business without a chance of growing.

Yun Lintian wanted to break the monopoly and leave enough space for small and medium enterprises to grow. Once everyone could travel between the continent at will, it would stimulate the market as various resources would flow freely without hindrance.

This was also the reason that Yun Lintian told people to set up a logistic system on the Northern Continent beforehand. When everything settled, the Northern Continent would take off before everyone.

Yun Lintian looked at Weilan Xuan and asked. "Which is richer between your Azure Palace and the Star Gazing Palace?"

"Definitely the Star Gazing Palace." Weilan Xuan said. "Although our Azure Palace had dominated the world, we didn't engage much in resource control. Meanwhile, the Star Gazing Palace and the Myriad Pill Palace had always sought profits from the beginning to the end."

Yun Lintian was surprised to hear this. However, he could understand it. After all, the income from the Star Pavilion alone should be enough to drown the Azure Palace.

"By the way. This place should have a trump card, such as a powerful killing formation, right? Why didn't you use it?" Yun Lintian asked.

Weilan Xuan shook her head. "We indeed have such a formation, but it required Weilan Jian's blood to activate it."

She glanced at the pool of blood on the ground and said further. "And even if we did activate it, I didn't think we could defeat you. So, why bother?"

"I have a good impression of you since we first met." Yun Lintian took a deep look at Weilan Xuan and said. "You're indeed worthy of being a supreme elder. Unfortunately, your leader failed you hard."

Weilan Xuan gave a self-deprecating smile. "In the end, I am too weak to do anything. It has nothing to do with them."

She looked at Weilan Tian and said further. "I couldn't even save my disciple."

Weilan Tian looked at her silently for a while and said. "It's not your fault, Master."

Weilan Xuan's body trembled slightly. She thought that Weilan Tian would definitely hate her to death, but he didn't seem to be like that at this moment.

Weilan Tian smiled gently. "I knew everything you did for me behind everyone's back."

Weilan Tian wasn't ignorant. If it wasn't for Weilan Xuan, he would have died many times in the hands of Weilan Tianjun and Weilan Jian.

Especially after Weilan Jian and Weilan Tianjun left. Many people inside the palace wanted to capture him and keep him as a trump card to exchange for a benefit, but Weilan Xuan didn't hesitate to kill them all, even though some of them were her fellow sisters.

It could be said she wasn't only his Master but also his savior.

"Your talent is limited. Even with the help of the dragon blood, you are destined to stop at the Divine Foundation Realm for the rest of your life." Yun Lintian said calmly.

Weilan Xuan felt nothing bad about it, as she was fully aware of herself.

Weilan Tian hesitated briefly and asked. "Can you help her, Brother Yun?"

Yun Lintian didn't say anything. A thick vine shot out of his hand and wrapped around Weilan Xuan's body.

Weilan Xuan could feel every profound entrance in her body slowly open one after the other. At the same time, the dragon blood in her body grew stronger several times. Although it wasn't as pure as Weilan Tian's, it was much better than the other Azure Palace members.

Yun Lintian retracted his hand and said. "Now, your ceiling has been lifted. As for how high you could reach, it depends on your effort and luck."

Weilan Xuan took a deep breath and bowed her head ninety degrees. "Thank you, Sect Master Yun."

If it was the past, everyone would be shocked to see her bow her head to someone. One had to know that she didn't even bow her head to Weilan Jian.

"Since everything here is done. I'll leave first. Someone will contact you later." Yun Lintian looked at Weilan Tian and said.

"Understood." Weilan Tian asked. "Are you going to visit the Star Gazing Palace next?"

Yun Lintian replied truthfully. "Yes."

Weilan Tian didn't say anything further as he watched Yun Lintian's group leave.

"Phew... He finally left." Weilan Fan let out a long breath. He looked at Weilan Tian and asked. "What's your plan, Third Brother? I think we can use this chance to accumulate resources and wait for the right opportunity...."

Puff!

Before he could finish his sentence, his head flew into the air directly, followed by fountain-like blood.

Weilan Xuan glanced at Weilan Fan's headless corpse and said coldly. "Idiot."
