

## **Myth Beyond 1661**

### Chapter 1661 Parents (1)

"Yao Lingshan greets the Priestess of the Moon." Madam Leisure stepped forward and cupped her fists.

"Yao Lingshan...? You were the mountain spirit in those days." Yue Hua was surprised by Madam Leisure's true identity.

"Yes. I was fortunate enough to escape the enemy's pursuit back then." Madam Leisure, Yao Lingshan, spoke.

Yue Hua fell silent immediately upon hearing this. What happened to Yaoxi Palace back then shocked the entire Divine Realm. Everyone couldn't believe Ren Yuan dared to attack the palace while Yao Xi was away. It was a despicable move, but no one could do anything about it unless they wanted to die.

When Yue Hua received the news, she hurriedly rushed to the Yaoxi Palace, but it was too late. The palace was completely destroyed when she arrived there.

"He didn't get anything." Yue Hua suddenly spoke.

"No. Master had been aware of his intention and made preparations ahead of time." Yao Lingshan said with a hint of sadness. "Unfortunately, we couldn't protect our Master's home."

"Alas... It was my fault." Yue Hua sighed helplessly. If she had known beforehand, this incident would never have happened. Unfortunately, Yao Xi was another unique existence she couldn't glimpse into her fate. She was utterly unable to predict her future.

Yao Lingshan shook her head gently. "You don't have to blame yourself, Senior. The enemy would never let this chance go, no matter what."

"Has she ever contacted you?" Yue Hua asked.

"Unfortunately, no," Yao Lingshan sighed softly. "Master didn't leave any trace behind. It was as if she had completely vanished from the world... However, I believe that she must be alive somewhere. This is just my feeling."

"I believe it." Yue Hua said. "In the entire Divine Realm, no one could threaten her unless she takes the initiative to go into hiding."

Although Yao Xi had never displayed her power in public, everyone in the Divine Realm believed she was immensely powerful. Perhaps even the current Ren Yuan wasn't her match.

Meanwhile, Yun Lintian fell into deep thought. Whether it was the Beyond Heaven King, Xia Nongyue, Cai Xieren, or Yao Xi, all had essentially vanished within the Primordial God Forsaken Land. There must be something behind this.

"I came here to find a place to regain my strength. I hope Senior doesn't mind it." Yao Lingshan said politely.

"Feel free to stay here." Yue Hua said with a faint smile.

She turned to Yun Lintian and asked. "What is your next plan?"

Yun Lintian thought for a moment and answered. "Initially, I had planned to go straight to Devil Valley. However, the Dragon Princess advised me to first search for the Black Turtle God's blood origin in the Death Sea and the Golden Crow God's blood origin in the Neverending Burning Hell. I think I will go there first."

Compared to Devil Valley, Yun Lintian believed that looking for the bloodlines of the Golden Crow God and the Black Turtle God was easier. After all, there were too many ancient beasts inside the valley. Although he possessed the light element, he didn't know the extent to which he could oppose them.

Yue Hua was surprised to hear that. She had no idea that the Black Turtle God and the Golden Crow God had left their bloodlines behind... But why did it have to be those two places?

Yue Hua pondered briefly and said. "You can bring Chuntao with you."

Yun Lintian was taken aback, while Yue Chuntao's eyes lit up.

"Really? I can go out?" Yue Chuntao asked excitedly. She couldn't believe her ears that Yue Hua had actually allowed her to leave. It was the first time in many years.

"Yes. With you around, it is easier for him to trace their bloodlines." Yue Hua said calmly.

At the same time, she sent another message via voice transmission. "Do not inform him about the situation in Devil Valley until he acquires the bloodlines."

Yue Chuntao was startled for a moment but quickly grasped Yue Hua's intention. "Don't worry."

Yue Hua turned to Yun Lintian and said. "You can take a rest first."

Yun Lintian nodded and glanced at Lin Xinyao. "Do you want to meet your parents?"

Lin Xinyao took a deep breath and said. "I'm ready."

"I will go with you." Yun Lintian said and led Lin Xinyao away, heading towards the residence of Yue Xiurong.

Meanwhile, Ning Yue decided to stay here instead of following them.

After the two of them left, Yao Lingshan asked. "Did something happen in Devil Valley?"

Yue Hua replied truthfully. "The barrier is about to break soon."

Yao Lingshan frowned deeply upon hearing this. "The Divine Realm is doomed this time."

Once those ancient beasts emerged, the common people would suffer. Yao Lingshan could foresee an impending bloodbath. It wouldn't be much worse than the Primordial God Tribe's incident.

Moreover, there was no capable person like the Beyond Heaven King to oversee the Divine Realm this time. The situation might end up being several times more severe.

"So far, the Western Divine Region has prepared to confront them. They should be the first to bear the brunt." Yue Hua continued speaking. "As for the others, they are simply waiting to see the situation."

Yao Lingshan laughed slightly. "Just like the Red Moon Princess said, these people are truly cowards."

"There is nothing we can do." Yue Chuntao shook her head. "Everyone is selfish. No one wants to put themselves in harm's way in this kind of situation."

Yao Lingshan sighed softly. "Unfortunately, Yun Lintian doesn't have much time to spend on. If he were given a thousand years, these disasters would be nothing in front of him."

Yue Hua and Yue Chuntao went silent. It was indeed unfortunate.

"I hope he can improve his strength in time." Yue Chuntao said gently.

"We cannot rely on him alone." Yao Lingshan spoke. "We have to buy time for him as much as possible."

\*\*\*

Lin Zixuan followed Yue Qi to Yue Xiurong's residence on the outskirts of the Divine Moon Peak.

Yue Qi pointed at a small hut in the distance and spoke. "That is their residence."

"Thank you, Senior." Lin Zixuan said gently.

Yue Qi smiled and walked away.

Lin Zixuan took a deep breath and slowly walked towards the hut. However, she suddenly paused her step as soon as she drew closer to the hut. At that moment, the door was open, and Lin Zixun appeared in her vision.

Lin Zixun was about to step forward, and his entire body froze in place. His eyes widened in disbelief as he stared at Lin Zixuan. "Big sister...?"

Chapter 1662 Parents (2)

"Who are you talking to, husband?" Yue Xiurong asked curiously as she walked over. Her gaze landed on Lin Zixuan, and her eyes widened in shock. "Sister-in-law?"

"It's me." Lin Zixuan said with teary eyes.

Lin Zixun trembled slightly and quickly stepped forward. He grabbed Lin Zixuan's shoulders and said shakily. "It's really you, big sister."

Lin Zixuan looked at her long-lost younger brother with a warm smile. "It's good that both of you are fine."

"How could anything have happened to us?" Lin Zixun said.

Yue Xiurong couldn't help but ask. "How did you come here, sister-in-law? And where is she...? Did she come with you?"

Seeing their expectant expressions, Lin Zixuan smiled and replied. "She is here. Maybe she will come to see both of you in a while."

Yue Xiurong and Lin Zixun glanced at each other, filled with excitement. They also felt nervous upon learning the news. The two of them had abandoned their daughter and were unsure if Lin Xinyao harbored any resentment towards them.

As if she saw through their worries, Lin Zixuan said gently. "Don't worry. Xinyao is not angry with you two. On the contrary, she understood your helplessness very well."

Yue Xiurong patted her chest in relief and said. "Please come in first, sister-in-law."

Lin Zixuan nodded gently and was about to follow Yue Xiurong into the hut. At that moment, Yun Lintian and Lin Xinyao flew over and landed not far away from them.

Yue Xiurong and Lin Zixun were stunned on the spot, unable to take their eyes off Lin Xinyao, not even for a moment.

Lin Xinyao looked at the two with mixed emotions.

Yun Lintian held her hand and spoke softly. "We greet our father and mother."

Lin Zixun came back to his senses and said tremblingly. "W-Welcome back."

Lin Xinyao took a deep breath and lowered her head. "Father, mother."

Lin Zixun and Yue Xiurong shuddered upon hearing this. They didn't expect Lin Xinyao to be willing to call them like this.

Yue Xiurong couldn't hold it any longer. She rushed forward and lifted her daughter with both arms. Her voice was sobbing the moment she had started to speak. "Thank you for forgiving us. For the past few years, Mother has been feeling guilty towards you..."

Before she could finish her sentence, Lin Xinyao interrupted her with a smile. "No need to say anything, Mother. I fully understand everything. You did it for my own good. It should have been me who is guilty of causing you to lose your status."

Yue Xiurong wiped away her tears and shook her head. "It's not your fault. It was my decision to give birth to you despite knowing the consequences."

Lin Zixuan nudged her younger brother and motioned with her chin.

Lin Zixun regained his composure and said. "It's my fault. Both of you don't have to blame yourselves."

Lin Zixuan shook her head and said. "Alright, alright. Now that all of you have finally reunited, there's no need to dwell on this matter any longer."

"Yes, yes." Lin Zixun hurriedly spoke. "Let go in first."

With that, everyone walked into the hut.

When everyone sat down, Yue Xiurong gently gazed at the jade-shaped symbol on the center of Lin Xinyao's forehead and spoke. "It's been a long time, Mumu."

Buzz—

Suddenly, the symbol shone brightly, revealing the silhouette of a white rabbit. It was none other than Mumu.

Mumu landed on Lin Xinyao's shoulder and looked at her former partner with a smile. "You are looking fine."

Yue Xiurong smiled gently, without saying a word. Since she inherited the title of the Moon Princess, Mumu had naturally become her contracted partner. They had a deep connection after being together for thousands of years.

Unfortunately, when Yue Xiurong decided to give birth to Lin Xinyao, the contract between them was collapsed and Mumu's power had been sealed ever since. Now, Mumu had become Lin Xinyao's partner, and her power gradually recovered in accordance with her master's strength.

As long as Lin Xinyao reached the peak of the Divine Emperor Realm, Mumu would completely regain her power by then.

\*\*\*

A week passed quickly. Yun Lintian spent most of his time with his women and friends during this period and was ready to leave.

At the same time, he took this chance to learn about the Neverending Burning Hell's situation. According to Yue Hua, the place was full of practitioners who had committed hideous crimes and were wanted by top factions in the Divine Realm. Without a doubt, it would be no different from entering a bandit's den.

"I want to go with you." Nantian Fengyu said angrily. "Didn't you tell me that you would bring me along? Hmph! Liar!"

Yun Lintian was now having a headache. After learning about the situation, he didn't want to bring Nantian Fengyu along, but she refused to give up.

"I will take you to the Death Sea later." Yun Lintian tried to persuade her.

"No! I don't believe you anymore. Hmph! Bad junior brother!" Nantian Fengyu pouted angrily.

"You are too weak. We don't have time to take care of you." Yue Chuntao said with a frown.

"So what? I can take care of myself." Nantian Fengyu retorted.

"How about receiving my punch? As long as you can withstand it, you can come with us." Yue Chuntao asked provocatively.

"Bring it on!" Nantian Fengyu snorted, and her entire body was ignited with phoenix flames.

"Don't cry later." Yue Chuntao smirked and prepared to attack.

Yun Lintian quickly stopped them. "Alright, alright. Stop it."

He turned to Nantian Fengyu and said with a serious expression. "You can come with us, Fifth Sister. But you have to stick with me all the time. Understand?"

"Sure!" Nantian Fengyu retracted her flames and responded readily.

Yue Chuntao frowned in dissatisfaction. "I won't take care of her."

"Did I ask you to take care of me?" Nantian Fengyu retorted angrily.

"Hmph!" Yue Chuntao snorted and walked onto the profound ark, unbothered to argue with the little girl any further.

"Take care of yourself." Yun Qianxue said softly.

Yun Lintian nodded and said. "I will come back as soon as possible."

"Have a safe trip, Big Brother Yun." Ning Yue said with reluctance on her face. She wished she could go with him but knew it was impossible.

Yun Lintian patted her head gently and spoke. "Practice well."

"Mhm." Ning Yue responded obediently.

"I'm leaving." Yun Lintian looked at everyone before jumping onto the profound ark with Linlin, Qingqing, and Nantian Fengyu.

He waved his hand to everyone and drove the profound ark away.

"We have to work hard so that we can accompany him in the future." Han Bingling reluctantly shifted her gaze away from the disappearing profound ark.

The women glanced at each other and walked towards their residences. Without having to worry about the sect's affairs, everyone could finally dedicate themselves to training.

\*\*\*

After leaving the Moon God Realm, Yun Lintian steered the profound ark towards the north at full speed. Fortunately, the Moon God Realm was located in the eastern part of the Central Divine Region, so it wouldn't take him too long to reach the destination.

"Hmm?" Yun Lintian frowned slightly when he noticed the dark aura in the starry sky. It was thicker than what he had seen in the last week. What was going on?

Yue Chuntao noticed Yun Lintian's expression and made up a lie. "There were some devils wandering around the Eastern Divine Region lately. Their goal seemed to be the Sea of Stars. They wanted to know where it went."

"Really?" Yun Lintian found it strange but couldn't refute it...

Chapter 1663 Neverending Burning Hell (1)

The journey to the Northern Divine Region was surprisingly smooth sailing. Yun Lintian didn't encounter any pirates or enemies along the path.

At the same time, he noticed that the dark aura in the surrounding space had significantly diminished as he approached the north. This made him believe that it was indeed caused by some devils. nove(1b.In

Yun Lintian continued to steer the profound ark further north, following Yue Chuntao's guidance, until they finally reached the Neverending Burning Hell.

The Neverending Burning Hell was incredibly vast and expansive. It was full of volcanoes and seas of flames, emitting a reddish-gold aura. With just one look, Yun Lintian could feel his eyes starting to burn.

Looking at the vast expanse filled with scorching heat, Nantian Fengyu exclaimed with a hint of excitement. "Incredible. It felt as though the entire fire element from around the world was converging here."

Nantian Fengyu's Divine Phoenix bloodline was so pure that Yun Lintian couldn't compare to her in this aspect. Not to mention, she shared the same divine soul as the Divine Phoenix herself. Her affinity with the fire element was not inferior to Yun Lintian's in the slightest.

This kind of environment was simply a paradise for her.

On the contrary, Yue Chuntao felt uncomfortable because her primary element was water. Even though she was a genuine Peak Divine Emperor, the environment here could harm her if she were careless.

Yun Lintian cast layers of barriers to protect Linlin and Qingqing before putting the profound ark away. "Let's go."

The three of them quickly flew forward, stepping into a land of reddish-gold flames.

The first thing that caught everyone's attention was the sight of numerous fire spirits dancing around the place. To have these elemental spirits living here indicates the purity of the fire element in this place. At least, Yun Lintian had never encountered one before.

Nantian Fengyu was excited and channeled her divine power, attempting to absorb the fire spirits.

"Stop. Do you want to die?" Yue Chuntao quickly tried to stop Nantian Fengyu, but it was a split second too late.

Nantian Fengyu frowned in dissatisfaction, but soon, her expression changed drastically. The once happy and seemingly docile fire spirits had now grown in size and glared angrily at Nantian Fengyu.

Yue Chuntao hurriedly raised her palm and unleashed a powerful blast of freezing wind to vanquish the fire spirits in the vicinity.

Boom!

All the fire spirits in this area were frozen and instantly shattered into countless ice particles under Yue Chuntao's power.

Yue Chuntao looked at Nantian Fengyu and said coldly. "Do you think they are ordinary fire spirits? Do you believe me when I say that you will die instantly upon absorbing them?"

"Hmph! Don't think that fire spirits cannot harm you just because you have the bloodline of the Divine Phoenix. Open your eyes and look at them closely."

Nantian Fengyu was stunned and quickly observed the fire spirits in the distance. Immediately, she discovered that these fire spirits were exceptionally powerful. Each one of them could rival a practitioner in the Divine Transformation Realm. With her current strength, it would be nothing but courting death, trying to absorb them.

Nantian Fengyu knew her mistake, but she was stubborn and didn't want to admit it. "Hmph! I didn't ask you to help me."

"If you have such a strong desire to die, you shouldn't involve us in your actions." Yue Chuntao glared at her with cold eyes.

Yun Lintian quickly interjected. "Alright. We are on the same team. There's no point in fighting each other."

He looked at Yue Chuntao and spoke. "Thank you for helping my Fifth Sister. Please bear with her."

"Is she muted? She can't speak it herself, right?" Yue Chuntao said sarcastically.

Nantian Fengyu gnashed her teeth in anger and refused to say anything.

Yun Lintian sighed softly and gently patted Nantian Fengyu's shoulder. "Fifth Sister..."

Before Yun Lintian could finish his sentence, Nantian Fengyu suddenly spoke. "I said it alright. Thank you for saving me. I admit that I was reckless and almost caused trouble for everyone."

"Hmph!" Yue Chuntao snorted coldly and was unbothered to care about the little girl.

Yun Lintian didn't know what else to say. He retracted his hand and gazed at the sea of flames ahead, attempting to discern any sign of the Golden Crow God.

"Did you feel anything, Fifth Sister?" Yun Lintian asked as he couldn't feel anything.

Surprisingly, Nantian Fengyu nodded firmly and pointed in the west direction. "There must be something extraordinary this way. It is something I hate."

Yun Lintian was taken aback and soon came to understand something. According to Hongyue, the Divine Phoenix God and the Golden Crow God seemed to have a mutual animosity towards each other for some unknown reason. Perhaps they were competing for the top spot on the fire ranking list.

Since Nantian Fengyu was essentially a half-Divine Phoenix God herself, she must have felt the same way.

Yun Lintian thought for a moment and said. "Let's go this way."

Nantian Fengyu and Yue Chuntao had no objections, and the three of them quickly moved westward.

Yun Lintian's group cautiously traveled through the sea of flames and volcanoes at a moderate speed. Occasionally, there would suddenly be a sea of flames bursting up more than thirty meters high or magma explosions.

The sky grew darker and darker, but the Neverending Burning Hell remained as bright as day. After four hours, Yun Lintian's group arrived at the edge of a cliff with a sea of lava below.

Nantian Fengyu extended her spiritual sense towards the far distance ahead and didn't see any land within a hundred-kilometer radius. "Strange. I feel that there must be an island somewhere around here."

She couldn't explain how she knew it, as everything came naturally from her intuition. However, she couldn't find anything here except for a sea of lava. Could it be they have to dive into it?

Yun Lintian certainly believed in Nantian Fengyu's intuition. He scanned the surroundings through the Eyes of Heaven and couldn't find anything special except for the abundant fire aura. "We can look around first. Maybe there is some kind of mechanism here."

The three of them immediately flew into the air and hovered above the sea of lava, searching for something.

BOOM!

All of a sudden, a skull-shaped crimson-black flame shot out of the sea of lava below, rushing towards Nantian Fengyu.

Yue Chuntao snorted coldly and waved her hand, sending an ice lance towards the oncoming black flame.

BOOM!

Following a thunderous explosion, the flame shaped like a skull erupted directly beneath the ice lance.

"The Moon God Realm's elder? Heh. I didn't expect someone of your rank to appear here." A hoarse male voice echoed, and a figure slowly emerged from the sea of lava below...

## Chapter 1664 Neverending Burning Hell (2)

The man was of medium stature and extremely skinny. His skin was a deep shade of crimson-black, adorned with intricate runes etched all over. Overall, he looked scary enough to make children cry when they saw him. He also exuded an overwhelmingly terrifying aura from his entire being.

Yue Chuntao frowned slightly. This man was clearly a peak Divine Emperor. Looking into her memory, she couldn't recall his identity.

A peak Divine Emperor was only second to a God Emperor, and there were not many of them in the Divine Realm. For example, the Moon God Realm only had nine of them, while the Rain God Realm had a total of six peak Divine Emperors.

At the same time, it was impossible for anyone who reached the peak of the Divine Emperor Realm to remain unknown. Since Yue Chuntao couldn't recall this person's identity, it must mean that he had recently achieved a breakthrough at the peak of the Divine Emperor Realm. n/-o//v(-E//L()B-)l-.n

The man gazed at everyone and finally settled his gaze on Linlin, who was perched on Yun Lintian's shoulder. A hint of surprise flashed across his eyes as he recognized her identity. "A White Tiger God's descendant?"

Everyone in the entire Divine Realm knew that the White Tiger God Clan had utterly disappeared. How could their descendants appear here?

Yue Chuntao pointed her finger at the man, and a projection of a divine moon appeared behind her. Her aura rose sharply as the surrounding flames came to a complete standstill. Afterward, icy blue lights radiated out from her finger, shooting towards the man at a shocking speed. At the same instant, this icy blue light completely obscured everyone's vision.

Whoosh!

Nantian Fengyu stared at Yue Chuntao in shock. It was at this moment that she realized how terrifying Yue Chuntao was.

The sea of lava below instantly transformed into a tranquil expanse of blue ice as the blue light drew near to the man.

The man's eyes narrowed slightly, and a peculiar black cauldron materialized in front of him. The lid was instantly opened, followed by a powerful suction force that pulled the blue light towards it.

At the same time, horrifying crimson-black flames exploded from his body, shattering the frozen lava surrounding him.

Boom! Boom! Boom!!

It was as if tens of thousands of volcanoes were erupting simultaneously on top of a sea of lava. Tens of thousands of black flames began to roil and surge, transforming the entire space into a sea of black flames.

Yun Lintian stepped forward and appeared beside Nantian Fengyu. He opened his palm, and a thick ice barrier appeared before him.

Bang!

Regardless of the terrible and violent explosions, they could only blast Yun Lintian and Nantian Fengyu away without causing them much harm. However, they did give Nantian Fengyu a realization of how weak she was. In the face of such an attack, she felt as if she were nothing more than a speck of dust.

Yun Lintian stabilized himself while hugging Nantian Fengyu and watched as the black cauldron swallowed icy blue light.

Yue Chuntao stared at the cauldron and spoke coldly. "Who are you? How did the Demon Sealing Cauldron fall into your hands?"

The black cauldron was the famous Demon Sealing Cauldron, and its owner was a peak Divine Emperor who referred to himself as the Demon Sealing Emperor. From what Yue Chuntao knew, this person had been missing for over ten thousand years. She didn't expect to see it here.

The man smiled playfully. "Would you believe me if I told you I casually found it?"

As soon as his voice fell, the man suddenly moved and charged towards Yun Lintian and Nantian Fengyu.

"I'm surprised that you were able to block my attack earlier. It seems like there are many secrets within your body." The man's voice echoed in Yun Lintian's ears.

Yue Chuntao snorted coldly, and her figure appeared in front of Yun Lintian in a flash. She stretched out her palm, and a surge of icy aura blasted out.

"The Divine Moon's movement technique is indeed terrifying." The man sneered and brought the cauldron forward to block the power outburst.

The moment the two sides collided, a thunderous rumble reverberated throughout the entire space.

Boom!

Yue Chuntao's body slightly wavered as the shockwave reflected towards her, giving the man an opportunity to strike at Yun Lintian behind her.

"Die!" The man smiled triumphantly as he threw a punch engulfed in black flames towards Yun Lintian.

In that instant, Yun Lintian pulled Nantian Fengyu and Yue Chuntao back, and the Sun symbol on his Divine Core ignited as he punched towards the oncoming strike. His entire arm was covered with terrifying crimson flames.

The man was surprised by Yun Lintian's sudden action but found it amusing. A mere Divine Transformation Realm practitioner actually dared to go against him head-on. What was he thinking?

Roar!

All of a sudden, Linlin opened her mouth and let out a deafening roar, causing the man's mind to momentarily tremble. However, that brief moment was enough for Yun Lintian to unleash all of his power with the punch.

BOOOOM!!

The two fists collided midair, producing a divine force that swept across the entire sea of lava. The flames surrounding him exploded wildly as the man was sent flying like a cannonball.

Yun Lintian was also forced to retreat several kilometers. His entire arm was covered in blood, and a deep wound could be seen on his fist.

In that split second, Yue Chuntao closed the gap instantly, reappearing behind the man with an icy white sword in her hand.

The sword in Yue Chuntao's hand danced gracefully, exuding a chilling aura that transformed everything within a ten-kilometer radius into a frozen wasteland. The man was mercilessly enveloped by its world-sealing power.

Never did he think that he would be sent flying by someone he regarded as an ant and fall into this dreadful situation. His eyes suddenly turned crimson-black, and with a loud bang, flames of the same color burst out of his body. The entire space seemed as if doomsday had arrived.

Under such catastrophic strength, Yue Chuntao's sword was unable to take the man's life and could only leave a long wound on his back before she was forced to retreat.

"How dare you!" The man roared angrily as blood gushed from his wound. The crimson-black flames danced around him, making him appear as if he were a creature from hell.

He clenched his fist, and a wave of black flames surged into the sky, causing the entire space to violently upheave.

Yue Chuntao's expression changed dramatically as she shouted. "Run!"

"Do you think you can run away from me!?" The man sneered and waved his hand down. Instantly, the flames in the sky collapsed, descending upon Yun Lintian and Nantian Fengyu...

Chapter 1665 Neverending Burning Hell (3)

Nantian Fengyu's face sank. She was about to ignite her Divine Phoenix bloodline, but Yun Lintian suddenly appeared beside her and prevented her from doing so.

"Qingqing, Linlin." Yun Lintian uttered, and the wind and lightning swords appeared in both of his hands.

At the same time, Linlin and Qingqing unleashed their powers, transforming the entire space into a realm of wind and thunder.

Rumble—

Following the explosion, the powerful divine energy on Yun Lintian's body surged as he crossed his swords and slashed through the descending sea of black flames, creating a terrifying arc of wind and lightning.

The symbols of the Storm and Thunder on Yun Lintian's Divine Core lit up intensely, greatly enhancing Yun Lintian's strength.

BOOOM!

With a loud bang, the entire sea of black flames was abruptly severed and dispersed into countless small fragments. Within a ten-kilometer radius, the earth was ultimately overturned.

The man's eyes bulged, and his mouth gaped. He couldn't believe what had just happened in front of him. However, there was no time for him to think, as Yue Chuntao had already lunged her sword towards his heart.

The man hastily brought the cauldron over, attempting to shield himself from the oncoming attack.

"This trick again?" Yue Chuntao sneered, as she had anticipated this ahead of time. A thick ice lance suddenly emerged from below the cauldron and propelled it into the sky, enabling Yue Chuntao's sword to penetrate the man's heart.

"Ugh!" The man groaned in pain. He tried to muster his strength but discovered that his profound vein had been completely frozen.

"Die!" Yue Chuntao shouted as she exerted strength into the sword. Instantly, the man's chest bulged and exploded. His entire body was instantly shattered into countless pieces.

A peak Divine Emperor died just like that...

Yue Chuntao utilized her divine energy to incinerate the man's remains and extended her hand to catch the descending cauldron. Since the man was dead, the Demon Sealing Cauldron had become free, and she could refine it if she wanted.

"Are you alright?" Nantian Fengyu looked at Yun Lintian's exhausted expression and asked worriedly.

Yun Lintian put the swords away and replied. "I'm fine. I just used too much energy."

To counter the attack from the Divine Emperor, Yun Lintian had spent more than eighty percent of his energy. Obviously, his current strength was inadequate to engage in a direct confrontation with a peak Divine Emperor.

He patted the heads of Qingqing and Linlin and said softly. "Thank you."

"That ugly man was so hateful." Qingqing pouted. "Thankfully, he is gone now."

Linlin didn't say anything and simply enjoyed Yun Lintian's touch.

Yue Chuntao floated over with the cauldron and said. "We should find a place to rest and recover first."

Yun Lintian looked around briefly and decided to return to the cliff. "Let's go back there."

The three of them landed on the cliff and set up a formation before replenishing their strength.

Nantian Fengyu wore a solemn expression for a while now as she hated herself for being useless. The appearance of the man served as a wake-up call for her, making her realize again that she was incredibly weak, not even worth being counted as an ant.

"Heh. Now you know how weak you are." Yue Chuntao glanced at her and said mockingly.

"Yes." Nantian Fengyu admitted it flatly.

Yue Chuntao was taken aback by Nantian Fengyu's answer. She didn't expect her to admit it honestly like this. She opened her mouth but didn't know what to say.

Yun Lintian looked at Nantian Fengyu and said. "You don't have to think about it too much, Fifth Sister. That person was no less than a hundred thousand years old. He had spent more time practicing than all of us here."

Nantian Fengyu shook her head and said. "I am aware of it, but it doesn't change the fact that I am too weak."

She raised her head to look at the sea of lava below and said. "The environment here is suitable for me. I'm planning to stay here."

"Are you crazy? Do you know how dangerous this place is?" Yue Chuntao frowned in dissatisfaction. "If you want to practice, it's better to wait until we go back."

"That's right, Fifth Sister. I'm not going to leave you here alone." Yun Lintian said with a serious expression.

Nantian Fengyu wanted to refute, but she couldn't say a word after seeing Yun Lintian's dead serious expression. She could only accept it reluctantly. "Alright. I'm sorry for causing you unnecessary trouble."

Yun Lintian felt relieved. "No, you are not causing any trouble for me. Don't blame yourself. The enemy here is simply too strong for our current bracket."

Nantian Fengyu lowered her head and remained silent. Her eyes were filled with determination. She must become stronger as soon as possible and help Yun Lintian share his burdens.

The three of them spent a few hours recovering their strength and immediately set off again. This time, everyone became more cautious as they didn't want to get caught off guard again.

Along the way, Yun Lintian swept his eyes across the world in front of him, and he did not let his guard down at all. However, there was no trace of any mechanisms or people around here.

Yun Lintian halted in his tracks and turned to Nantian Fengyu. "Fifth Sister, do you still have that feeling?"

Nantian Fengyu frowned slightly and nodded. "Yes. I am certain that there must be something around here."

Yue Chuntao swept her spiritual senses all the way but couldn't find anything. "Are you sure? I don't see anything here."

"Big Brother Yun. There must be something below." Linlin suddenly spoke and pointed her paw towards the sea of lava below.

Yun Lintian thought for a moment and said. "I'll go down to take a look."

"Let's go together." Yue Chuntao said and created ice barriers to protect everyone.

The three of them then plunged into the lava afterward. A scorching sensation immediately wrapped around them. Even though they were protected by Yue Chuntao's ice barriers, they could still feel the heat. It was several times hotter than the air above.

Yun Lintian was certain that an ordinary practitioner would instantly melt upon touching this lava.

Yun Lintian and the other two stuck together and continued to dive into the seemingly boundless sea of crimson and gold.

After diving for an hour, Yun Lintian suddenly felt something. The souls of the Vermilion Bird and the Divine Phoenix inside his body became restless as if they were excited to see their long-lost friend.

He subconsciously looked at Nantian Fengyu, and their gazes met. She had also felt the same way.

"The Golden Crow God's legacy must be here."

Chapter 1666 Golden Crow God's Legacy (1)

Yue Chuntao was surprised and asked. "Did you find it?"

Yun Lintian shook his head. "I still haven't found its exact location, but it should be somewhere ahead."

Yue Chuntao frowned slightly. "If that were the case, why would the man earlier choose to stay on the surface?"

Yun Lintian shrugged. "Perhaps he couldn't go any further down."

Yue Chuntao glanced at the sizzling lava and thought it might be the case. However, she believed there must be another reason behind this.

Meanwhile, there was a subtle change in Nantian Fengyu's eyes. She seemed to have thought of something.

Yun Lintian looked at Yue Chuntao and asked with concern. "Are you alright?"

Both Yun Lintian and Nantian Fengyu had the highest affinity for the fire element. Coupled with the Divine Phoenix bloodlines, the intense heat in this space wouldn't harm them much, even if they didn't use any barriers. However, Yue Chuntao was different. She was the opposite pole of the fire element.

"Don't worry. It's nothing to me." Yue Chuntao waved her hand dismissively. "However, my spiritual sense has been limited in this place. It is difficult to detect anything ahead of time. Once a battle breaks out, we will be at a disadvantage."

"Let me lead." Yun Lintian said and moved to the front.

Yue Chuntao didn't say anything, and the three continued diving further.

While Yun Lintian's group was swimming in the molten lava, another group of people stood on an island engulfed in searing flames somewhere in the Neverending Burning Hell.

Within the reddish-gold sea of flames, the silhouette of a temple could be vaguely seen.

"I had heard about it before but didn't expect it to be true." A young man spoke as he gazed at the temple with a hint of desire in his eyes. If Yun Lintian were here, he would immediately recognize him. This person was none other than Ling Zemin.

"Without a doubt, there must be the Golden Crow God's legacy inside that building." Another young man spoke. This person had a relatively decent appearance with a hint of evil on his face. He was Zhan Huan, the eldest son of the Infinite Void God Emperor.

He glanced at Ling Zemin and said with a smile. "I heard you went to the Sea of Stars and met the Beyond Heaven King's successor. Is he strong?"

Ling Zemin's face darkened slightly upon hearing this question. He snorted coldly. "He was just lucky. I would have beaten him to a pulp if we had met outside."

Yun Lintian was the main reason he was sent to this place to "temper" his heart and soul. Whenever Ling Zemin heard this name, he would think of the scene where he had to run away from Yun Lintian. It made him angry and unable to express his frustration.

Zhan Huan chuckled. "It couldn't be helped. You fought in his territory, after all."

He turned to look at the temple amidst the sea of flames and continued speaking. "Do you think he will come here? If I guess correctly, the Golden Crow God left her legacy behind sorely because of him."

"That would do me a favor." Ling Zemin responded coldly. If Yun Lintian were to appear in front of him again, he would ensure that Yun Lintian couldn't escape his grasp.

"I'm afraid there will be something tricky here, just like the Sea of Stars. If that were the case, we wouldn't be his opponent." Zhan Huan expressed his thoughts.

Ling Zemin frowned slightly and swiftly expanded his spiritual sense outward, scanning for any potential traps in the vicinity.

"Ugh!" Suddenly, a searing pain surged in Ling Zemin's mind as soon as his spiritual senses touched the sea of flames.

Zhan Huan was slightly surprised and said. "Look. There really is something here."

Ling Zemin retracted his spiritual sense and waved his hand, sending an ice pike towards the sea of flames.

Puff!

The ice pike was instantly vaporized before reaching the flames.

Seeing this, Ling Zemin turned to look at the five people behind him and pointed at the skinny man.  
"You. Go over there."

These people were criminals who lived in the Neverending Burning Hell for a long time and were captured by Ling Zemin and Zhan Huan.

The skinny man was scared and quickly pleaded. "No! I will die! Please let me go."

"You will die too if you don't go." Ling Zemin said coldly, unleashing his power and dragging the skinny man towards him.

"I go! I go!" The skinny man quickly shouted as he struggled against the power of Ling Zemin.

Ling Zemin didn't care. He exerted strength and threw the skinny man towards the flames.

The skinny man screamed in fright and released his power. However, he was unable to resist the heat. His skin began to melt as he got closer to the flames. Within two seconds, he was reduced to ashes instantly.

Hiss—

The people behind Ling Zemin breathed in the cold air as they witnessed this scene. All of them could stay in the Neverending Burning Hell for this long, which proved that they were relatively powerful. However, the skinny man couldn't even last two seconds. They would not be any different.

Zhan Huan touched his chin, looking at the sea of flames in front of him thoughtfully. A moment later, he sighed and said. "Sure enough. It was intentionally prepared for the Beyond Heaven King's successor. There is no way for us to go in."

Ling Zemin was frustrated. He had been blocked once in the Reincarnation Tower and was now experiencing it again. "Why everything must be on his side? This is not fair."

Zhan Huan glanced at Ling Zemin in surprise. This was the first time he saw the mighty Everlasting Soul God Emperor's son lose his mind. It seemed that Yun Lintian had left a deep impression on him during their previous encounter.

Ling Zemin was born with a powerful background. He himself was blessed by luck, yet how could he speak about fairness here?

Zhan Huan sighed and said. "There is nothing we can do."

Ling Zemin responded with a hint of anger. "No. There is something we can do."

Zhan Huan looked at him silently, waiting for his explanation.

Ling Zemin took a deep breath to calm down and said. "We spread the news and lure him over."

Zhan Huan nodded slightly. "It's not a bad idea. However, there will be more people coming this way."

"So what? It's good for us. We can use them as our fodders." Ling Zemin said coldly.

Zhan Huan didn't say anything and silently gazed at the temple.

\*\*\*

"Hmm?" Yun Lintian suddenly noticed something ahead after diving for a few hours. The molten lava ahead of him had a noticeably different color. It was more golden than the lava behind him.

The three of them glanced at each other and proceeded further with caution...

## Chapter 1667 Golden Crow God's Legacy (2)

Yun Lintian's group swam through the molten lava for a few days and suddenly stumbled upon a pocket space. It was similar to a miniature world, complete with landscapes and mountains. Of course, they were engulfed in flames.

Yue Chuntao swept her spiritual sense through the entire place and discovered many people here. Most of them were at least at the first level of the Divine Emperor Realm.

"Be careful." Yue Chuntao spoke through a voice transmission.

Yun Lintian looked at the scenery and said. "This place is far superior to the surface world, and I don't think this is the only one. There must be a lot of similar places around here."

At this moment, a group of four people flew towards them. Two of them were women, and one seemed to be the group's leader.

The woman in front halted her steps and looked curiously at Yun Lintian's group before speaking. "My name is Qin Lu. All of you must be newcomers. You can stay here to practice."

The woman, Qin Lu, was the strongest person among everyone here. She had already reached the tenth level of the Divine Emperor Realm and was on the verge of reaching the peak level.

Yue Chuntao didn't restrain her aura as she spoke. "Are there many places like this here?"

Qin Lu and the others were surprised when they realized Yue Chuntao's true realm. This little girl was very young, but she had already reached the peak. It was evident how powerful her background was, and she was certainly not a criminal like them.

Qin Lu replied cautiously. "Yes. There are thousands of places like this, but I suggest that all of you should stay here. You must know that most people here are criminals who have committed heinous deeds."

Although Yue Chuntao was strong, she was still alone. Not to mention, she had two burdens by her side. It would be difficult for her to fight against those people.

"Have you ever been to other places? Is there a map?" Yue Chuntao asked further.

Her bossy attitude made the other four people behind Qin Lu frown in dissatisfaction. It seemed as though she didn't care about Qin Lu at all.

Qin Lu took out a map and handed it to Yue Chuntao. "You can take it away."

Yue Chuntao grabbed the map and took a look at it. There were at least a thousand pockets of space here, and the one she was standing in right now was one of the highest areas.

Yue Chuntao handed the map to Yun Lintian and said to Qin Lu. "Thank you. We will leave in a while."

Qin Lu wasn't surprised by this. "I wish you good luck."

Following that, she turned around and left.

The four people behind her glanced at Yue Chuntao coldly and then walked away.

"Do you know her?" Yun Lintian asked curiously.

"No." Yue Chuntao replied. "But I don't like her aura."

"Oh?" Yun Lintian was surprised and looked thoughtfully at Qin Lu's back.

"Let's rest here first, and we will leave in a while." He said and found a place to set up a simple tent.

"Sister, why are you being nice to them?" The woman by Qin Lu's side asked with a hint of dissatisfaction. Her name was Ji An.

"That's right. Although that little girl is strong, we can just grab the two people behind her." The man with a goatee beard, Xie Zu, spoke.

Qin Lu glanced at them and said. "What if those bastards come later?"

Ji An and Xie Zu immediately closed their mouths.

Qin Lu further stated. "That woman is much stronger than me. Even though we have the numerical advantage, bringing her down is impossible. What's more? Did you notice the man behind her?"

Xie Zu frowned and said. "The white cat on his shoulder is definitely a high-level beast, but I don't think it can do much."

Qin Lu shook her head. "I'm not talking about that. Did you notice that he was calm and composed all the time? I have seen many people. Especially a young man like him. I can tell at a glance whether he's pretending or genuinely calm."

She looked at everyone and said. "He is definitely the latter. And my intuition told me that the source of his confidence comes from his own strength. In short, he believed that he had enough strength to deal with us. Such a person is not someone we should mess with at will."

Ji An and the others were shocked. They didn't see it at all.

Qin Lu landed on the ground and glanced at Yun Lintian's tent in the far distance. "Their goal should be that place."

The expressions of everyone changed slightly upon hearing this.

"Looks like something big is about to happen." Xie Zu said with a hint of excitement in his eyes.

Qin Lu looked at him and spoke in a deep voice. "I'm not going to stop you, but you must be aware of your own weight. Each one of them is not ordinary."

Xie Zu quickly waved his hand. "I'm not planning to do anything. I am just feeling excited about it. This is probably the first big event in many years."

Qin Lu took a deep look at him but said nothing more. Everyone here had been staying in this place for thousands of years, and they spent most of their time practicing in boredom. It was understandable that Xie Zu would get excited... However, Qin Lu didn't think it was for this reason.

Inside the tent, Yun Lintian looked at the map while feeding Linlin and Qingqing. "If I guess correctly, each place has its own ruler. They must divide them according to their strength. If we want to reach the deepest part, we must pass through these people. It's not an easy feat."

Yun Lintian could handle some early-level Divine Emperors, but it was difficult to go against a peak-level one. All the burdens would fall on Yue Chuntao. It was not an ideal way to go.

"I can handle at most four at the same time if I go all out." Yue Chuntao spoke while chewing a piece of grilled meat.

Yun Lintian frowned deeply. "We have to find other ways."

He started to regret it. He should stay in the Moon God Realm to make a breakthrough before coming here. If he could enter the Land of Beyond Heaven, this problem would be nothing...

Chapter 1668 Golden Crow God's Legacy (3)

Yun Lintian pondered for a long time and could only come up with one solution - he must make a breakthrough first.

He quickly rummaged through his interspatial ring and made a rough calculation. With the aid of abundant Divine Stones and an exceptional environment, it would take him a minimum of ten years to reach the Divine King Realm.

Yun Lintian raised his head to look at Yue Chuntao and said. "We will stay here to practice first. As long as I become a Divine King, there shouldn't be any problem dealing with these people."

Yue Chuntao looked at Yun Lintian in surprise, and a hint of hesitation filled her heart. If they were to stay here for a long time, she didn't know what the situation outside would be like when they went out later. Perhaps the Divine Realm would be reduced to ruins by then.

Meanwhile, Nantian Fengyu was delighted. She had long wanted to stay here and practice. Without hesitation, she closed her eyes and began to absorb the surrounding fire energy.

Yun Lintian set up an isolation formation and threw a bunch of Divine Stones to Nantian Fengyu, allowing her to absorb them more efficiently.

On the outside, two men slowly emerged from the lava. When they appeared, Qin Lu and the others immediately rushed over as if they were facing a mortal enemy.

A middle-aged man dressed in black among the two looked at Qin Lu and spoke. "You seem to be living well during this period."

Judging from his aura, the man was obviously on the same level as Qin Lu.

Qin Lu looked at him with a frown. "Why are you here?"

"Why?" The man laughed. "I, Lian Yancong, can go wherever I want. Do you think I have to tell you beforehand?"

Another man beside him glanced at Yun Lintian's tent and said. "Oh? Newcomers?"

A strange light flashed across Xie Zu's eyes as he spoke quickly. "They are indeed newcomers. Be careful, Senior Zhou. One of them is quite powerful."

Qin Lu glanced at Xie Zu with a hint of dissatisfaction. Obviously, Xie Zu wanted to borrow these two people's hands to deal with Yun Lintian's group.

The man, Zhou Wu, was surprised. "Powerful? How powerful is it?"

"At least it should be at the same level as Sister Qin's." Xie Zu replied. "We don't dare to do anything."

Zhou Wu and Lian Yancong exchanged glances before directing their auras towards Yun Lintian's tent.

Yue Chuntao and Yun Lintian had noticed their arrival long ago.

"Stay here." Yue Chuntao said, then reappeared outside the tent.

She glanced at the two and uttered coldly. "Get lost."

Zhou Wu and Lian Yancong were startled. This was probably their first time in many years to have someone speak to them like this.

Zhou Wu stared attentively at Yue Chuntao and said. "Your aura... Are you a member of the Moon God Realm?"

Yue Chuntao raised her hand, and a divine moon image projected behind her. Immediately, the once scorching realm transformed into an icy field, causing everyone to shiver.

The expressions of Zhou Wu and Lian Yangcong changed dramatically. They hastily unleashed their power, but it was too late. A terrifying blue light shooting out of Yue Chuntao's palm had already arrived before them.

BOOM!

Zhou Wu and Lian Yancong were sent flying and crashed heavily onto the frozen lava behind them.

Yue Chuntao appeared before them with her sword.

The world suddenly became incomparably quiet as the blue light on Yue Chuntao's sword surged, becoming several times thicker in an instant.

Yue Chuntao quickly raised her sword, and a deep blue moon projection emerged from the tip of the blade.

The moment the projection took form, Zhou Wu and Lian Yancong became motionless, mirroring the stillness of the surrounding ice field. It felt as if space had been sealed and time had come to a halt.

Qin Lu and the others stared at the scene in astonishment. Everyone felt a chill and fear that went straight into their souls. Especially Xie Zu. He was now shaking uncontrollably, and his face couldn't be any paler than this. Once Yue Chuntao learned what he had done, he would surely face death.

Within the icy world, Yue Chuntao swung her sword, slashing across the bodies of Zhou Wu and Lian Yancong.

Ding!

Time truly seemed to be frozen. There was not the slightest sound remaining. Within everyone's eyes, there was only a stream of blue light radiating from Yue Chuntao's sword.

That stream of light flew across the bodies of Zhou Wu and Lian Yancong, and the blue moon projection immediately shattered, releasing extremely blinding blue-colored rays of light.

Clang!

The moment all the light rays dispersed completely, the top and bottom parts of the bodies of Zhou Wu and Lian Yancong were separated from each other. Then, their bodies collapsed to the ground and shattered into countless ice particles.

Yue Chuntao sheathed her sword and turned to look at Qin Lu and the others. Her eyes were incredibly cold, capable of freezing anyone's soul.

"Ah..." Ji An exclaimed tremblingly. She had never seen such a horrifying scene before. Although Yue Chuntao was strong, it should be impossible for her to defeat opponents at the tenth level of the Divine Emperor Realm like Zhou Wu and Lian Yancong with just two strikes like this.

Thud!

Xie Zu fell to his knees. He clasped his hands together and cried. "Please forgive me, Senior. I was confused for a moment. Please spare my life!"

Yue Chuntao didn't say anything. She despised this type of person the most. Immediately, she pointed her sword at Xie Zu, and a terrifying blue light shot towards him.

Xie Zu's eyes widened in disbelief, but it was too late for him to react. The blue light struck his forehead directly, turning him into a statue of ice. With a loud bang, the figure exploded into countless pieces.

Ji An and the others were terrified. They fell to the ground and began begging. "Please spare us, Senior. We didn't do anything!"

Yue Chuntao turned to look at Qin Lu, who was standing tremblingly, and said. "I will spare you this time since you gave me the map."

With that, her figure flashed and disappeared from the spot.

At the same time, the surrounding ice field began to melt, and the space returned to its original state.

Qin Lu took a few deep breaths to calm down and glanced at Ji An and the others. "I hope this serves as a good lesson for all of you."

She turned around and returned to her residence without even giving Ji An and the others a second glance...

Chapter 1669 Golden Crow God's Legacy (4)

Inside the tent, Yun Lintian looked at Yue Chuntao strangely. This was probably his first time witnessing her true power. It reminded him of the immense power a top powerhouse could possess.

Meanwhile, Nantian Fengyu had long stopped practicing when Lian Yancong and Zhou Wu appeared. She had also witnessed the might of Yue Chuntao. It made her already fragile heart even weaker. There was no chance for her to go against Yue Chuntao.

Nantian Fengyu had been carefree all her life and had never encountered a real threat. Her time in the Divine Realm wasn't long either. She had been constantly beaten, time and time again, by the power gap to the point of losing her confidence.

Yun Lintian happened to notice this. Compared to the early days, Nantian Fengyu's current eyes no longer had their luster. They were full of worry and dejection.

He reached out gently to touch her head and said. "What are you thinking, Fifth Sister? Have you forgotten that you are the Divine Phoenix God's successor? You don't need to compare yourself to anyone."

Nantian Fengyu pursed her lips and refused to say anything.

Although Yue Chuntao didn't like Nantian Fengyu, she still felt uncomfortable seeing her in this state. She hesitated briefly and then spoke. "You are not even a hundred years old. You should be proud of yourself for achieving such a great height at such a young age."

Nantian Fengyu raised her head in surprise to look at Yue Chuntao and said in a low voice. "Thank you."

Yun Lintian was relieved and gave Yue Chuntao a grateful look.

"Hmph! Don't get me wrong. I don't want to see such a loser face of her. It's annoying." Yue Chuntao turned her head away and pretended to sip her tea.

Yun Lintian chuckled and said. "I believe you."

Yue Chuntao turned to look at him and asked. "Do you really want to stay here for a long time?"

Yun Lintian frowned slightly and replied. "I cannot think of any other ways. Otherwise, we would be at a disadvantage all the time. I don't want to see this situation."

Yue Chuntao wanted to say something but held back in the end.

"Are you planning to open the gate, Big Brother Yun?" Qingqing suddenly asked. Her mouth was full of cake, and her face was covered in cream.

"Yes." Yun Lintian replied truthfully.

"The gate? What gate are you talking about?" Yue Chuntao was puzzled.

"It's the Gate of Beyond Heaven, leading to the Land of Beyond Heaven." Yun Lintian didn't hide anything.

"Land of Beyond Heaven?" Yue Chuntao had an astonished expression.

The Land of Beyond Heaven was renowned as the first holy land in the Divine Realm, and it was the Beyond Heaven King's home. It had mysteriously gone missing since the fall of the Beyond Heaven King. Who would have thought that it still existed?

"Some rumors were circulating about it, but most people didn't quite believe them. After all, how could a piece of such a giant land disappear without anyone noticing? No matter how powerful the Beyond Heaven King was, it should be impossible for him to take it away, right?" Yue Chuntao said further.

She took a deep look at Yun Lintian and asked. "What happened to it?"

"It has been sealed since I came to the Divine Realm." Yun Lintian answered. "As long as I could reconnect with the Land of Beyond Heaven, we could avoid the enemy when necessary. The risk would be greatly reduced."

Yue Chuntao nodded thoughtfully.

Yun Lintian looked at Qingqing and asked. "Why did you ask me?"

"Oh. It's nothing. Qingqing just doesn't understand why Big Brother Yun has never opened it." Qingqing said innocently.

"What do you mean?" Yun Lintian was confused. He obviously couldn't open it. What was she talking about?

Qingqing tilted her head and reached her dirty hand to touch Yun Lintian's forehead while muttering to herself. "Not good. Big Brother Yun has become stupid. Qingqing can obviously open the door for him."

Yun Lintian's expression froze. He didn't care about the cream stain on his forehead and asked hurriedly. "Can Qingqing open the door?"

Qingqing gave him a silly look. "Mhm!"

Yun Lintian was stunned and summoned the Gate of Beyond Heaven.

Without waiting for Yun Lintian to speak, Qingqing hopped down and pushed the gate open, rushing inside under Yun Lintian's dumbfounded gaze.

"This... How...?" Yun Lintian felt like the stupidest person in the entire Divine Realm at the moment.

"Maybe it is because she is a part of the relic, and the seal is ineffective on her." Linlin expressed her thoughts. She was as dumbfounded as Yun Lintian.

Yun Lintian patted his forehead. "Why didn't she tell me earlier?"

If Qingqing had told him when they were on the Azure World, Yun Lintian wouldn't have needed to take a risk by bringing everyone all the way to the Moon God Realm like that.

At this moment, Yue Chuntao arrived in front of the gate and looked curiously at the scenery behind it. The first thing she saw was a mesmerizing scenery and a beautiful lake.

Yun Lintian stood up and said to Nantian Fengyu. "Let's go in together."

With that, he led Yue Chuntao and Nantian Fengyu into the Land of Beyond Heaven.

"My King?" Lauya immediately appeared the moment Yun Lintian walked over. She was puzzled by how Yun Lintian opened the gate.

Yun Lintian looked at her and asked. "You don't know that Qingqing can open the gate?"

Lauya was stunned. She had no clue whatsoever.

Yun Lintian sighed helplessly and turned to Yue Chuntao. "Although the environment here is not as good as your Moon God Realm, it is still sufficient for us to replenish our strength from time to time."

Yue Chuntao didn't seem to hear him, as her attention was focused on the people of the Dragon God Clan in the distance. "They had clearly become extinct. How could they have appeared here?"

At the same time, Yue Chuntao discovered many things here that defied common sense. Except for the divine aura, everything else in this place was not inferior to her Moon God Realm in the slightest.

At this moment, Qingqing dashed out of the cafeteria, clutching a bunch of snacks in her arms. She came to a halt in front of Yun Lintian. She tilted her head cutely and asked. "Can I watch a cartoon for a while, Big Brother Yun? It's too hot out there."

"..." Yun Lintian was speechless. He didn't know whether he should spank her or not...

Chapter 1670 Easy Mode

Yun Lintian walked through the other gate and appeared in the Moon Garden with Yue Chuntao.

"Huh? How did you come here, brat?" Master Bai had just returned from fishing and was puzzled to see Yun Lintian.

Yun Lintian smiled wryly and said. "Qingqing can open the gate."

Master Bai was left speechless. What the hell? After all this time?

His gaze suddenly landed on Yue Chuntao, and a trace of surprise appeared in his eyes. "Is she this generation Moon Princess? Not bad."

Yue Chuntao looked at Master Bai curiously.

Yun Lintian quickly introduced her. "This is Master Bai. You have probably heard his other name before. The White Owl Emperor."

"White Owl Emperor?" Yue Chuntao frowned slightly. "Do you mean the White Owl God Emperor?"

Yun Lintian was taken aback and turned to look at Master Bai with doubt. As far as he knew, Master Bai was only at the peak of the Divine Emperor Realm. How did he become a god emperor?

Master Bai coughed slightly. "Ahem. Don't look at me like that. I didn't mean to lie to you back then. It was for your safety."

"My safety?" Yun Lintian narrowed his eyes as he spoke. "What else did you lie to me? Don't tell me that the so-called Heavenly Cloud Immortal Emperor Yun Yi is the same person as the Cloud Keeper leader Yun Yi?"

Master Bai smiled embarrassingly. "Yes. They are the same person."

Everything immediately made sense to Yun Lintian now. It was no wonder why Yun Xia chose to stay here and refused to leave. After all, she seemed to have a deep relationship with Yun Yi based on her reaction last time.

"Junior Yue Chuntao greets Senior Bai. I have heard about your heroic deeds before." Yue Chuntao cupped her fists and said politely.

"What heroic deeds? It's all nonsense." Master Bai shook his head but couldn't hide his proud expression.

"Oh? What did he do?" Yun Lintian asked curiously.

Yue Chuntao was about to speak, but Master Bai hurriedly stopped her. "Don't tell him. There is nothing good to talk about it."

Yun Lintian looked at him suspiciously.

Master Bai coughed and changed the subject. "What about you? Why did you come back?"

Yun Lintian put his doubts aside and said. "I am currently arriving in the Neverending Burning Hell to find the legacy of the Golden Crow God, but my strength is too low, and there are too many enemies in the Divine Emperor Realm. I came back to make a preparation."

"Neverending Burning Hell?" Master Bai's eyes lit up as he spoke. "It's been a long time, huh?"

He transformed into a white owl and landed on Yun Lintian's head. "No need to prepare anything. I will go with you."

Yun Lintian was taken aback.

Yue Chuntao reminded him. "Senior Bai seems to be in his peak state."

Yun Lintian was shocked. "How did you recover so fast?"

"Have you forgotten about those ancient beasts? They gave me plenty of energy." Master Bai replied nonchalantly.

Yun Lintian hesitated briefly because he didn't want to depend too heavily on Master Bai.

"Stop being dilly-dally and move already." Master Bai pecked Yun Lintian's head angrily.

Yun Lintian had no choice but to return to the Neverending Burning Hell with the addition of Master Bai.

"Ah... This heat. What a nostalgia!" Master Bai said while enjoying the surrounding heatwave.

"Let's go, boy. Your Master Bai will carry you this time." Master Bai said arrogantly.

Yun Lintian's mouth twitched. He suddenly felt bad for the future enemy he would encounter along the way. They probably had never dreamed that a god emperor would appear here.

When Yun Lintian's group walked out of the tent, Qin Lu immediately noticed Master Bai and felt confused.

However, when Master Bai turned to glance at her, she could feel as if she was being stared at by a ferocious beast that could swallow her alive.

Qin Lu was immediately drenched in cold sweat. She wanted to turn around, but her body didn't listen.

"This little chick is not bad. Her butts are plump enough. It must feel good when spanking them." Master Bai said with a lewd smile, rendering Yun Lintian and the others speechless.

Yue Chuntao glanced at Master Bai and wanted to retract her previous statement. No matter how she looked at him, there was nothing that resembled the heroic appearance she had heard about.

"Don't scare her. She previously provided us with good information." Yun Lintian said.

Master Bai retracted his gaze from Qin Lu and looked around the place briefly. "Hmm?... Sure enough. There is that old woman's smell here."

Yun Lintian was puzzled. "Old woman?"

"The golden chicken, Jin Huian." Master Bai answered with contempt. "Her name obviously means quiet, but this old woman was a chatterbox through and through. I wonder who gave her such a name."

"I heard that the relationship between the White Owl God Emperor and the Golden Crow God was like water and fire back then. It seems to be true." Yue Chuntao said to Yun Lintian through a sound transmission.

Yun Lintian was slightly surprised. It was definitely true based on Master Bai's behavior.

"Go this way." Master Bai pointed at the wall of lava on his right side.

Yun Lintian said nothing further and summoned ice barriers to shield Linlin and Qingqing before plunging into the molten lava.

Qin Lu heaved a sigh of relief when she saw this scene.

"What's wrong, Sister Qin?" Ji An asked in confusion when she saw Qin Lu's pale expression.

Qin Lu shook her head and said. "I will go into seclusion for a while."

Yun Lintian's group continued swimming in the direction that Master Bai had pointed to at the fastest speed. With Master Bai's presence, Yun Lintian no longer had to be as cautious as before.

Soon, they arrived in another pocket space. In this place, there were a total of twenty individuals. When they saw Yun Litnian's group emerge from the lava, they quickly rushed over, planning to surround them.

Master Bai glanced at them and said coldly. "Heh. A group of ants. Get lost!"

His aura spread out, and the group of twenty people were terrified. They wanted to run but couldn't move their bodies.

Yun Lintian snickered in his heart. This was obviously an easy-mode game.

Without thinking further, he moved past these people and disappeared into the lava behind them.

"Huu..." The twenty people heaved a sigh of relief and wiped cold sweat off their foreheads.

"What the hell was that owl?" Someone spoke, and everyone could only glance at each other in dismay...
