

Myth Beyond 1791

Chapter 1791 Eternal Calamity (7)

On the way to the Xia Kingdom, Yun Lintian witnessed many tragic scenes. A profound beast tide was not something that ordinary practitioners could resist. Much less ordinary people.

The situation was similar to the Azure World at that time, but it was more severe. At least there were many top powerhouses holding the line for everyone in the Azure World. However, the powerhouses here didn't even bother taking care of their territory.

If this situation continued, the world would soon crumble.

Yun Tian looked at the gloomy aura lingering around the place with a hint of worry. "Dark aura? Where did it come from?"

It was true that the dark element was a part of nature, but it would never have become this strong without an external factor. Evidently, there was something behind this.

Yun Tian didn't dwell on it and quickly made his way to the Xia Kingdom.

At this moment, the Xia Kingdom's capital city was surrounded by countless profound beasts. All the other cities had fallen long ago after holding the line for years.

"Help! Arghhh!"

Screams and wails echoed everywhere as people were mercilessly torn apart by the fangs of the beasts. Many practitioners were unable to muster their power and died directly.

On the city wall, Xia Wu, the reigning Xia Emperor, gazed at the miserable scene with an unbearable expression. He loved his country and soldiers, but now everything was about to be destroyed.

"Please retreat, Your Majesty." An old general said solemnly.

Xia Wu shook his head and said. "I am the emperor. How could I leave my people and country behind?"

He took a deep breath and unsheathed his sword. "Let's fight to the end."

"Please reconsider your decision, Royal Father." Xia Haocheng quickly spoke, and the others followed suit.

Xia Wu glanced at his son and spoke calmly. "Don't you want me to die so much?"

Xia Haocheng lowered his head and spoke quickly. "You have misunderstood me, Royal Father. How could I have such a malicious thought?"

Xia Wu chuckled and turned to Xia Nongyue. "You should leave."

Xia Nongyue stood upright as she replied. "The Xia Kingdom is my home. I will protect it with my life."

Xia Wu took a deep look at his daughter and let out a soft sigh. "I'm sorry. I have neglected you all this time. You should have your own life."

He turned to Lou Lan and said. "Take her away. This is my order."

Lou Lan hesitated. She knew that Xia Nongyue would never leave.

Xia Nongyue remained silent. A long sword appeared in her hand as she suddenly jumped into the air and rushed toward the horde of profound beasts below.

"You!" Xia Wu's expression changed dramatically. He pointed his sword at the beasts and shouted. "Attack!"

"Yes!" All the soldiers and generals quickly descended from the wall and charged toward the enemy.

Naturally, Xia Haocheng chose to stay behind. He wasn't foolish enough to kill himself.

Xia Nongyue danced with her blade, swiftly slaying the beasts one after another. Her profound strength immediately amazed everyone and gave them hope. Suddenly, they felt that with Xia Nongyue present, there might be a chance to turn things around.

"Roar!" Suddenly, a gigantic tiger rushed out of the crowd and swung its claws toward Xia Nongyue. Its aura clearly belonged to the Monarch Profound Realm.

A cold glint flashed in Xia Nongyue's eyes. Her aura burst forth as she thrust her sword forward.

Bang!

The claws and the sword clashed, creating a powerful impact.

The tiger was immediately sent away, but Xia Nongyue couldn't follow because the other beasts rushed over to stop her.

"Roar!" The tiger rose from the ground and emitted a mighty roar.

Immediately, the other Monarch-level beasts abandoned their opponents and joined the tiger's side. Their eyes were fixated on Xia Nongyue as if they had come to an agreement to bring her down first.

All twenty Monarch-level beasts swarmed towards Xia Nongyue the next moment with terrifying momentum.

Xia Wu's face turned pale upon seeing this scene. "Help her!"

The nearby generals wanted to rush over, but they couldn't free themselves at the moment.

"Princess." Lou Lan shouted anxiously. She was entangled with her opponents and could only watch as those powerful beasts charged at Xia Nongyue.

Xia Nongyue calmed herself and aimed her sword at the approaching beasts. The surrounding temperature sharply dropped, and an image of the moon appeared behind her.

She was about to use a forbidden technique that involved burning her lifespan.

Swish!

However, before Xia Nongyue could unleash her power, a figure suddenly emerged in the sky, accompanied by a powerful force. The twenty or so Monarch-level beasts were instantly cut in half.

This scene immediately stunned everyone.

"Fortunately." Yun Tian spoke while glancing at Xia Nongyue.

Xia Wu gazed at Yun Tian in silence. Since the previous incident, he had learned a lot about Yun Tian. This person had a prominent rise over the decade and emerged as the strongest person in the world. Even the Sky Sword Sect didn't dare to mess with him.

"It seems that our Xia Kingdom can survive this time." Xia Wu muttered to himself as he looked at his daughter with a meaningful smile.

Yun Tian turned to face the sea of profound beasts and spoke loudly. "Everyone, retreat."

Xia Wu promptly ordered his soldiers to withdraw from the scene.

Yun Tian raised his right hand high, and multicolored energy quickly gathered into a glowing ball of light, accompanied by a horrifying pressure that made all the beasts shiver in fright.

He glanced at the beasts and hurled the light ball toward them.

BOOOM—

A massive explosion occurred the moment the ball of light hit the ground. Immediately, all the profound beasts were swallowed by the blast and reduced to nothingness.

Xia Wu and the others looked at the scene in a daze. They had been battling these beasts for years, but Yun Tian could end it with a single strike.

Yun Tian scanned the battlefield with his spiritual sense, ensuring that none of the profound beasts were left behind.

He descended slowly from the sky and landed on the city wall in front of Xia Nongyue.

"Thank you." Xia Nongyue said gently. She stared at Yun Tian's handsome face without blinking.

"Don't speak." Yun Tian said as he grabbed her wrist and injected his wood energy into her body.

Xia Nongyue's body trembled slightly. This was the first time a man had touched her.

"Finally." Yun Lintian smiled when he saw this scene.

Chapter 1792 Eternal Calamity (8)

Xia Nongyue could feel a warm current flowing into her body. The injury she sustained from using the forbidden technique began to heal.

Everyone remained silent during this period, fearing it would disturb Yun Tian.

A moment later, Yun Tian withdrew his hand and said. "You shouldn't attempt to use that incomplete technique again. It will leave an incurable injury and damage your foundation."

"I know." Xia Nongyue responded softly.

At this moment, Xia Wu stepped forward and bowed his head. "On behalf of everyone in the Xia Kingdom, I thank Senior Yun for your kindness."

Yun Tian and the others were stunned by Xia Wu's actions. They didn't expect him to bow his head in this manner.

Yun Tian waved his hand to help Xia Wu up and said. "This is what I should do. No need to thank me or anything."

Xia Wu shook his head and said. "Anyway, you saved everyone here. You deserve to be respected by everyone."

Yun Tian didn't say anything further.

"Senior, do you know what happened?" Lou Lan suddenly asked. She tried to find the cause of the profound beasts' berserk behavior but ultimately couldn't find it.

"It's the dark element." Yun Tian spoke. "They are influenced by the surge of the dark element. However, I still couldn't find the source."

"Dark element?" Xia Wu and the others frowned deeply.

"Is it related to the change in the world's aura?" Xia Wu asked.

"No doubt about it." Yun Tian nodded. "I can tell you that the world's boundaries have become thinner over the years. It should be related to it in some way."

Xia Nongyue's eyes flickered slightly upon hearing this. "I can feel it as well."

Yun Tian wasn't surprised by Xia Nongyue's words. "I'll take a look first."

"Can I go with you?" Xia Nongyue suddenly asked.

Yun Tian paused for a moment before speaking. "Sure."

With that, he wrapped his arm around Xia Nongyue's waist and soared into the sky.

"Congratulations, Your Majesty. You have found a powerful son-in-law." The old general said with a smile.

Xia Wu shook his head and said. "I wished."

Soon, Yun Tian and Xia Nongyue reached the highest point in the world. Although they couldn't see it, they could feel a thin barrier in front of them, preventing them from leaving the world.

"Sure enough." Yun Tian said in a hushed tone as he observed a surge of dark energy emanating from the outside world.

Xia Nongyue stared at the barrier and said. "We can't stop it."

Yun Tian fell into deep contemplation.

Meanwhile, Yun Lintian gazed at the dark energy current with a pensive expression. The dark energy in front of him closely resembled the aura inside the Devil Valley. Perhaps there was a connection between them.

"Step back." Yun Tian suddenly spoke.

Xia Nongyue remained silent and took a step back.

Yun Tian closed his eyes for a moment, and when he reopened them, the crown immediately appeared on his head.

Instantly, the eight jewels on the crown lit up, releasing beautiful lights.

Yun Tian slowly gathered his energy. Droplets of sweat glistened on his forehead as time passed.

Yun Lintian looked at him and said to himself. "Well. This is probably the only way."

He was aware of Yun Tian's intentions. Basically, Yun Tian attempted to create a barrier around the world to temporarily block the dark aura from entering. Although it wouldn't last long, it was better than nothing.

An hour later, Yun Tian reached his limit and quickly unleashed his power.

Boom—

A multicolored light streaked across the sky and gradually coalesced into a barrier. Everyone around the world could clearly see it.

At the same time, the ferocious beasts gradually calmed down. Although they were still attacking people, their behavior was much less aggressive.

Yun Tian let out a long, exhausted breath. He was completely drenched in sweat at that moment.

Xia Nongyue drew closer and used her handkerchief to wipe the sweat off Yun Tian's forehead. "Thank you for helping everyone."

Yun Tian was surprised by the intimate gesture. A strange feeling surged in his heart. He was now sure that he had good feelings for her.

Yun Tian momentarily gazed at Xia Nongyue's beautiful face before speaking. "I will be leaving soon. Would you like to come with me?"

Xia Nongyue was surprised and smiled. "Yes."

Yun Tian was delighted. "Let's go back first."

With that, the two of them returned to the capital city.

After informing Xia Wu and Jing Mei, Xia Nongyue brought Lou Lan and left the city with Yun Tian.

Yun Tian returned to Verdant Village and established several protective formations around the village before taking Yun Yi and Yun Xia away.

The five of them came to the world's boundaries again, and Yun Tian exerted his power to pry the barrier open.

Yun Lintian looked solemnly at the scene. He didn't know if that devil's eye would appear again. This time, he must ensure that he learns about its identity.

To Yun Lintian's surprise, nothing actually happened. Yun Tian effortlessly pried open the barrier and successfully departed the world.

"This..." Xia Nongyue and the others were stunned by the enigmatic scene in front of them.

Currently, they stood in a starry sky filled with countless stars. Looking back, they could see the world they had just left. It was an incredible experience.

Yun Lintian looked around carefully. He wasn't sure if this place was the Divine Realm because the aura was completely different. It seemed much thinner compared to the Divine Realm he knew.

However, the dark energy in the air was incredibly dense. It was not inferior to the aura inside the Devil Valley at all.

"Could it be... the Great Devil Realm?" Yun Lintian suddenly had an idea. The Great Devil Realm and the Divine Realm were, in fact, next to each other. If that were the case, it would explain why the dark aura here was extremely rich.

Meanwhile, Yun Tian frowned deeply. It wasn't due to the unfamiliar environment but rather the unexpected connection that had just formed in his heart. It was as if someone or something was trying to guide him to a place.

Yun Tian hesitated for a moment but ultimately decided to follow it. "Let's go."

Xia Nongyue and the others had no objections and quickly followed Yun Tian into the depths of the starry sky...

Chapter 1793 Eternal Calamity (9)

Yun Tian and the others traveled through countless stars for a long time. Whenever they needed to rest, they would find an asteroid to set up camp.

During their journey, they did not encounter or see any living creatures. It was as if they were the only group in this cold and vast sky.

Meanwhile, Yun Lintian became even more certain that this place might be the Great Devil Realm, judging by the richness of the dark element here. Coupled with the fact that most of the stars he saw along the way were completely overrun with dark energy.

"This is strange..." Yun Lintian muttered to himself.

If this place were truly the Great Devil Realm, why would the Profound Continent, where Yun Tian was born, appear here?

Yun Lintian sighed and shook his head. There wasn't much information available for him to figure everything out. He could only continue watching Yun Tian's journey.

At this moment, Yun Tian's group was searching for a place to stay. After traveling for a few days, they had almost completely depleted their profound energy.

"What is that?" Yun Xia suddenly spoke when she noticed a towering silhouette in the far distance ahead.

Yun Tian followed Yun Xia's gaze and discovered that the connection in his heart had grown stronger. This must be the place he was searching for.

"Let's go there." Yun Tian spoke and flew toward the imposing figure without hesitation.

Xia Nongyue and the others were slightly surprised by Yun Tian's urgency. They didn't say anything and quickly followed suit.

As everyone approached the silhouette, they gradually gained a clear view of it. It was, in fact, an ancient tower made of wood. It stood approximately three hundred meters tall.

"How massive." Yun Xia exclaimed in astonishment. This structure could no longer be considered a tower. It was more like a fortress.

Yun Tian and the others landed on a piece of land beneath the tower. The first sensation they experienced was a warm and comforting current. It made their cold bodies warm once more.

Everyone gazed at the tower and noticed numerous ancient runes scattered throughout that they couldn't identify. The most captivating feature was a crown-shaped engraving on the massive gate. It clearly had the same appearance as the crown on Yun Tian's body.

Rumble—

All of a sudden, the tower shook, and the crown image on the gate lit up.

At the same time, the crown appeared on Yun Tian's head on its own. Yun Tian also felt a trace of nostalgia in his heart. He felt as if he had been here several times before.

"What is this feeling?" Yun Tian mumbled to himself.

The gate slowly opened, and everyone tried to peer inside, but they couldn't see much.

"I will go in first, Master." Yun Yi volunteered to enter the tower. He was afraid that something would happen to his master.

"No need. There is no danger. Let's go in together." Yun Tian spoke calmly.

Everyone was puzzled by Yun Tian's confidence. However, they didn't ask any questions and followed Yun Tian into the tower.

The interior of the tower exceeded everyone's expectations. The room was elegantly decorated, reminiscent of a scholar's home. There were a few desks and chairs along with aisles of bookshelves. It was simple, cool, and quiet.

As soon as Yun Tian entered the tower, the nostalgic emotions in his heart intensified. It was as if he had returned to his home after centuries.

At the same time, a tinge of sadness crept into his heart. He felt sad and lonely for no apparent reason.

"Master?" Yun Yi asked with concern when he saw Yun Tian's melancholy expression.

Before Yun Tian could say anything, the light on the crown suddenly intensified and then exploded. After a loud bang, all the lamps inside the hall quickly illuminated. The tower suddenly came to life.

As the light gradually disappeared, everyone could see the details of the hall clearly. Without a doubt, this place was someone's home.

"Tower of Fate..." Yun Tian suddenly spoke out. The name of the tower had somehow appeared in his mind earlier.

"Tower of Fate?" Yun Lintian was stunned when he heard this. Wasn't this the last relic he was looking for?

"What's going on?" Lou Lan asked in confusion.

Yun Tian didn't reply. He turned his head to look at a desk at the end of the hall and walked toward it.

When he arrived at the desk, he opened a drawer and picked up a small book.

Yun Lintian approached Yun Tian and saw the words on the first page of the small book. He blurted out in shock. "Beyond Heaven?"

According to the timeline, the name of the Beyond Heaven King should appear later. The current Yun Tian had yet to become the Beyond Heaven King. Why did this name appear here?

A subtle change seemed to come over Yun Tian's eyes when he saw this word. He opened the next page and started reading.

"To my future self, if you are reading this book, it means you have successfully overcome the first calamity in your life and unlocked the power of the Beyond Heaven Crown."

Just the first paragraph immediately stunned Yun Lintian. Without a doubt, this diary was written by another Yun Tian in the past. He could even be the first Yun Tian.

"You might feel confused and curious about your identity, but there's no need to worry about it. Everything will be revealed when the time is right. The most important thing you have to do is to confront the impending second calamity."

"Second calamity?" Both Yun Tian and Yun Lintian spoke at the same time.

"I left the Tower of Fate in the Primordial Devil Realm for this reason. What you are about to face next is a devil's calamity. You have to subdue all the devils that survived the Primordial God War."

"Primordial Devil Realm?" Yun Lintian was stunned. It was the first time he had heard this name.

"I cannot tell you everything because once you know, the outcomes will certainly change, and our fate will become uncertain. I cannot risk it... Just remember one thing. We exist to restore the Primal Chaos and free everyone from the Eternal Calamity."

"Restore the Primal Chaos and free everyone from the Eternal Calamity? What does it mean?" Yun Lintian frowned deeply.

The Primal Chaos was basically all the universes combined together. How could Yun Tian restore it?

Chapter 1794 Eternal Calamity (10)

After reading everything, Yun Tian closed his eyes and fell silent for a long while before opening them again. At this moment, his demeanor changed drastically. It was as if he had transformed into a new person.

Yun Lintian raised his eyebrow when he saw this. Did Yun Tian regain his memories from his past lives?

Yun Tian glanced at Xia Nongyue and the others. "We will stay here for a long time. There are many rooms here. You can choose it yourself."

"Understood." Xia Nongyue and the others responded.

"What happened, Master?" Yun Xia couldn't resist her curiosity and finally asked.

"It's a long story. In short, there is nothing wrong with this place." Yun Tian replied calmly.

"Oh." Yun Xia nodded slightly and went to find her room with the others.

Yun Tian sat down in the chair and turned to Yun Lintian. "Who are you?"

Yun Lintian was stunned. "You can see me?"

"I see you now." Yun Tian responded. "I can sense a similar power emanating from your body. Are you my past self?"

Yun Lintian didn't expect Yun Tian to see him suddenly like this. Perhaps it was because of the Tower of Fate here.

He took a deep breath and said. "Let me introduce myself first. My name is Yun Lintian. I am an inheritor of the crown, just like you. However, I didn't come from the past but rather, the future."

"The future?" Yun Tian was taken aback. "How did you get here?"

"I can't explain it." Yun Lintian paused for a moment and said. "Before coming here, I absorbed a relic known as the Dark Pearl."

"Relic?" Yun Tian was puzzled.

"It's a complicated story. I will keep it short." Yun Lintian said. "In the future, there is a person who shares the same name as you. Everyone called him the Beyond Heaven King."

"Then, something happened, and he met his demise. Before leaving, he left his legacy behind, and I have become his successor."

"Don't ask me about him because I don't know much. If I hadn't come here, I wouldn't even know what he looked like."

Yun Tian fell silent for a moment before asking. "Are you saying there is another version of me in the future, and he passed his inheritance to you?"

Yun Lintian nodded. "Although I don't know if you and he are the same person, what you said is not wrong."

Yun Tian stared at Yun Lintian for a long time, which made Yun Lintian feel uncomfortable.

He suddenly smiled and said. "I think I understand it now."

"What is it?" Yun Lintian looked puzzled.

Yun Tian pointed at the book on the table and said. "You must have seen the content of this book. There is a reason why Yun Tian in the past could not tell me, his future self, about something. It's the same here. I cannot tell you what I have understood."

Yun Lintian frowned in dissatisfaction. "Why does everyone make it difficult?"

"Because it's related to the future," Yun Tian said. "The future of everyone."

"The future of everyone?" Yun Lintian frowned even deeper.

"Have you ever asked yourself this question? Why did you appear here?" Yun Tian said.

Without waiting for Yun Lintian to speak, he continued. "Maybe if you hadn't shown up here, you wouldn't exist in the future."

Yun Lintian immediately realized it. What Yun Tian said was none other than the butterfly effect he had been thinking about previously.

There was a strong likelihood that the Beyond Heaven King had discovered his identity because he had appeared here. This could also explain why the Beyond Heaven King knew him before he was even born.

If that were the case, it would form a closed loop. Everything seemed to make sense now.

Yun Lintian thought of something and asked. "Is it possible that we are the same person?"

Yun Tian shook his head. "I don't think so. Have you seen my past self before?"

Yun Lintian nodded.

"Do we all look the same?" Yun Tian asked further.

"Yes. All of you share the same appearance and personality." Yun Lintian nodded slightly.

"The laws of reincarnation are very mysterious, but I am certain that my personality will remain the same every time I am reincarnated. It's because my soul is the same." Yun Tian spoke.

"However, this is based on my own understanding of the laws. It can be true or false. No one can answer it."

Yun Lintian suddenly thought of Lin Xinyao. Although Lin Xinyao and Xia Yao did not look alike, they did share the same personality.

"How many times have you seen me?" Yun Tian asked further.

"Two. This is your third life." Yun Lintian answered. "In your first life, you were a prince of a fallen dynasty. In your second life, you were a skilled practitioner killed by an unknown entity that appeared when you tried to break the world's boundaries."

"Unknown entity?" Yun Tian repeated curiously.

"I don't know what it was either. It appeared to be a giant, devilish eye. The problem is that this thing seemed to know you very well. It was like it had been following you for a long time." Yun Lintian explained.

"Devil calamity?" Yun Tian suddenly remembered the warning in the book.

"But why? Who exactly are you?" Yun Lintian couldn't help but speak.

"To tell you the truth, I have no idea either." Yun Tian replied with a sigh. "After reading this book, certain memories have resurfaced in my mind. It helps me understand that this is not my first time here."

Yun Lintian and Yun Tian looked at each other and fell into silence. It was another dead end.

"I guess we will know when the time comes." Yun Tian spoke gently. "Can you tell me more about the future?"

Yun Lintian nodded and started to share everything he knew without holding anything back.

"Immortal..." Yun Tian took a deep breath after listening to Yun Lintian's narration. He didn't expect the legendary immortal to exist. There was also a place called the Divine Realm, which was home to many God Emperors. To Yun Tian, it was simply a fantasy.

After processing the information, Yun Tian looked at Yun Lintian and spoke. "There are many books here. Maybe we can find some clues."

Yun Lintian nodded in agreement. He had no choice, anyway.

The two of them began searching for a clue among stacks of books...

Chapter 1795 Primordial Era (1)

Yun Lintian and Yun Tian had flipped through countless books in the past week, but they hadn't found anything important. Most of the books here consisted of history spanning millions to billions of years, which was beyond their comprehension.

During this period, Xia Nongyue and the others had become accustomed to books floating in the air for no apparent reason. According to Yun Tian's explanation, someone was staying with them at the moment, but they couldn't see him.

Yun Lintian was also surprised that he could touch the objects here. Perhaps it was because the Tower of Fate was one of the relics. Unfortunately, only Yun Tian could see or hear him.

"Hmm?" At this moment, Yun Lintian discovered a tattered book tucked away in the hidden corner of the bookshelf before him.

Out of curiosity, Yun Lintian pulled it out and examined it closely. There was no title or anything on the cover. However, the first sentence he saw when he opened the first page immediately stunned him.

"Primordial Era?" Yun Lintian muttered to himself.

He then continued to look at the contents of the book.

The first paragraph was an introduction to the concept of Primal Chaos. It was said that a powerful being known as the Creator was born along with the Primal Chaos. Using her power, she created countless stars and universes.

Later, the Creator began to populate the world she had created with various races of living beings. As everything grew larger and larger, the Creator felt the need to find a helper to take care of everything she had created.

That was how the thirteen original gods were born.

Yun Lintian felt incredible after reading this. He quickly flipped through the second page and continued reading. Immediately, he saw a list of the thirteen Primordial Gods' names.

The first Primordial God was the Sun God.

The second Primordial God was the Moon God.

The third Primordial God was the Star God.

The fourth Primordial God was the Mountain God.

The fifth Primordial God was the River God.

The sixth Primordial God was the God of Light.

The seventh Primordial God was the God of Darkness.

The eighth Primordial God was the God of Death.

The ninth Primordial God was the God of Life.

The tenth Primordial God was the God of Fate.

The eleventh Primordial God was the God of Heaven.

The twelfth Primordial God was the God of Mortals.

And lastly, the thirteenth Primordial God, the God of Time.

All thirteen gods received instructions from the Creator to govern the Primal Chaos.

Yun Lintian took a deep breath to calm himself. This was his first time seeing a complete list of the thirteen Primordial Gods' names.

Through Lan Qinghe and the others, he learned that these gods had alternative names. For example, the God of Time was known as the Timeless God by later generations.

As for the Heaven Devouring Devil God and the Endless Abyssal Devil God, they should be the God of Darkness and the God of Death, respectively.

"Heavenly Desolate God..." Yun Lintian frowned slightly. He didn't know which name belonged to the Heavenly Desolate God. Perhaps it was the God of Heaven?

Yun Lintian set aside his questions and turned to the next page. However, he discovered that there was nothing written on it. All the following pages were identical. The pages were simply blank.

"Alas..." Sighed Yun Lintian helplessly. Why couldn't he find all the information he wanted?

"What did you find?" Yun Tian came over when he saw how engrossed Yun Lintian was.

Yun Lintian handed the book to Yun Tian and said. "It's the origin of the Primal Chaos. Unfortunately, it's incomplete."

Yun Tian quickly read the contents of the book and was surprised. He waved his hand, and a few books flew over. "You should read these books."

Yun Lintian didn't ask any questions and opened the books Yun Tian gave him.

"The Endless Abyssal Devil God rules the Netherworld? So, he is indeed the God of Death." Yun Lintian said in surprise and looked at the other books.

"Found it." Yun Lintian's expression turned solemn upon seeing the name of the Heavenly Desolate God.

As expected, the Heavenly Desolate God was indeed the God of Heaven, presiding over the heavens. He was also the creator of the Heavenly Tribulation.

Yun Lintian had a sudden thought. It was said that Ren Yuan could reach the God Emperor Realm almost instantly without going through tribulations. It was definitely because of this.

Yun Lintian continued reading. He was given the title "Heavenly Desolate God" because of his solitary attitude. It was said that he appeared in front of people three times during his life.

The first one was the moment he established the Heavenly Court. The second time was when he founded the Heavenly Desolate Clan. And the third time was during the Primordial War.

The book also stated that the Heavenly Desolate God was righteous and always upheld justice.

Yun Lintian had a peculiar expression on his face as he read this. Ren Yuan didn't seem to be like that. How could he inherit the God of Heaven's legacy?

Yun Lintian didn't dwell on it and continued reading the other books. There were stories about the Moon, Sun, Star, River, and Mountain God. As for the others, he couldn't find much information about them. Especially the Timeless God.

He raised his head to look at Yun Tian and asked. "What do you think?"

Yun Tian paused for a moment before speaking. "You mentioned that there are a few inheritors of these gods emerging in your time. I am currently curious about whether there are more in my time."

"It should be." Yun Lintian spoke. "It is impossible that no one has ever found these legacies before my time."

"What about the Primordial War? What do you know about it?" Yun Tian asked.

Yun Lintian frowned deeply and said. "I don't even know how the conflict started. It was said that the thirteen gods were divided into two equal sides, with the Timeless God staying out of it. Both sides destroyed each other until no one was left. This caused lots of damage to the Primal Chaos. It was the Timeless God who sacrificed himself to maintain the balance of the Primal Chaos."

Yun Tian touched his chin and said. "Don't you think it's strange here? Where was the Creator? Why didn't she stop it?"

Yun Lintian was stunned. That was right... Where did the Creator go?

Chapter 1796 Primordial Era (2)

Yun Tian and Yun Lintian gazed at each other for a long time. They had almost read every book here. The information they were looking for didn't seem to exist here.

Suddenly, they turned to look at the staircase in the distance.

Without further thought, Yun Lintian and Yun Tian walked toward the staircase and tried to ascend. However, they suddenly found an invisible barrier blocking their path to the second floor.

Yun Tian summoned the crown, but his actions were futile. The barrier remained unmoving.

"Let me try." Yun Lintian spoke and then stepped forward. Although he couldn't use his divine energy in this place, he could still sense the crown within his body.

Yun Lintian reached out to touch the barrier, and it immediately disappeared.

Yun Tian observed the scene with a pensive expression. For some reason, he felt that Yun Lintian was the owner of the tower instead of himself. He had no problem with it naturally, but he felt there was something more behind this.

Yun Lintian should not have appeared here from the beginning. His arrival brought about changes in both the previous Yun Tian and the current Yun Tian, including the Tower of Fate.

Without Yun Lintian, it might take Yun Tian several cycles to awaken the crown's power. At the same time, the second floor of the Tower of Fate should not be accessible to him.

Yun Lintian didn't give it much thought. He took it for granted because he believed that the Tower of Fate was one of the relics. Perhaps Yun Tian couldn't do it because his current strength was too low.

They quickly went to the second floor. However, what appeared in front of them was actually an empty hall with strange murals on the wall.

Yun Lintian and Yun Tian glanced at each other before heading to examine the murals.

The paintings on the wall seemed to depict the story of the birth of the Primal Chaos. Yun Lintian and Yun Tian could see familiar symbols such as the sun, moon, and stars.

One thing that attracted them the most was a painting of a faceless woman. She had long hair and seemed to exude an unmatched aura. There were thirteen symbols surrounding her, representing the thirteen Primordial Gods.

"The Creator?" Yun Lintian spoke.

Yun Tian stared at the painting for a while and then said, "The disappearance of the Creator is the key to the Primordial War. It seems we won't be able to find the answer here."

Yun Lintian nodded slightly. "Let's take a look at the third floor."

Buzz—

Just as Yun Lintian and Yun Tian were about to leave, the thirteen symbols around the Creator's painting suddenly lit up.

Yun Lintian and Yun Tian looked at them in surprise, but they couldn't sense any changes in this place.

In the next moment, the lights on the symbols began to disappear one after another, starting with the symbol of time. In the end, only three symbols were left—the God of Death, the God of Darkness, and the God of Heaven.

"What does it mean?" Yun Tian said with a frown.

Yun Lintian paused for a moment before speaking. "There are the inheritors of the God of Darkness and the God of Heaven in my time. But what about the God of Death? Yun Yi, in my time, possesses the heart of the God of Death. Maybe there is an inheritor of the God of Death that I don't know."

"However, this still doesn't make sense because the Moon God's legacy also exists in my time."

Yun Tian furrowed his brow even more. "Maybe it represents the inheritors of my time?"

"Possibly." Yun Lintian was uncertain.

Rumble—

All of a sudden, the entire tower shook violently. Yun Tian and Yun Lintian almost fell to the ground.

The two glanced at each other and quickly rushed to the first floor.

Xia Nongyue and the others had already gathered at the entrance. At this moment, they spotted several figures in the starry sky above.

"God Emperors." Yun Lintian uttered as he noticed these people's aura. "They should be Devil God Emperors of this realm."

Yun Tian's expression turned solemn upon hearing this. His current strength was not even at the Divine Foundation Realm level. It was impossible for him to go against these people.

"There are indeed people inside." One of the Devil God Emperors spoke.

"Don't kill them." A tall man, who appeared to be the leader of the group, spoke coldly.

"Understood."

Immediately, more than ten Devil God Emperors charged toward the tower. Their auras were insanely strong that Xia Nongyue and the others couldn't even move.

"Close the door." Yun Lintian quickly reminded.

Yun Tian had already moved. He quickly communicated with the crown, and the gate closed.

"Hmph!" The Devil God Emperors snorted coldly. They gathered their strength and launched a series of attacks at the tower.

Boom! Boom! BOOOM!

The tower continued to shake violently as if it were about to fall at any moment.

Yun Tian frowned deeply. His mind raced, trying to find a solution.

Yun Lintian looked at him and said. "Let's check the upper floors."

Yun Tian nodded and quickly rushed to the third floor with Xia Nongyue and the others.

With Yun Lintian's help, the barrier to the third floor was swiftly removed. As everyone hurriedly stepped onto the third floor, they discovered only a small altar at the center of the hall.

Yun Lintian quickly arrived at the altar and reached out to touch it. Immediately, a ball of light appeared above the altar, emitting a powerful aura.

"Sure enough." Yun Lintian spoke. "We should be able to survive."

The ball of light in front of Yun Lintian should be the central controller of the tower. While curious about why it appeared on the third floor, Yun Lintian quickly touched the ball of light and tried to figure out how to operate it.

Buzz—

At this moment, a powerful barrier appeared around the tower, reflecting all of the Devil God Emperor's attacks.

The group leader, Mo Chen, frowned as he looked at the barrier. In the past, no one could approach the tower, and everyone simply forgot about this place.

A few days ago, someone left him a message to check out the tower. Mo Chen tried to find the sender, but there was no trace left. It was as if the message had appeared out of nowhere.

Mo Chen paused for a moment before speaking. "Go back and bring the cannon over."

Chapter 1797 Devil Calamity (1)

Yun Lintian observed the situation outside and noticed that the Devil God Emperors had ceased their actions. However, he knew that it was just temporary.

"We have to do something." Yun Lintian spoke and attempted to communicate with the tower. Unfortunately, he discovered that the tower could not be moved.

Without hesitation, Yun Lintian rushed towards the staircase and tried to ascend to the next floor. However, he also discovered that the barrier could not be removed. He could not go to the next floor anymore.

Yun Lintian's mind raced. If the Tower of Fate existed in his timeline, it would mean that these devils could not destroy it. The problem was that he didn't know if the tower still existed because he couldn't find a clue about it. He didn't dare to take a risk in this situation.

"Based on what they said, it appears that someone has informed them about us." Yun Tian suddenly spoke. "Who could it be?"

Everyone glanced at each other with doubt. Along the way, they didn't see or encounter anyone. How could these people know about their existence?

Could there have been a traitor among them?

Yun Tian seemed to see through their thoughts and said. "It's impossible to have a traitor among us. We should have been spotted by someone."

Xia Nongyue and the others nodded in agreement. All of them came to the lower realm together. How could they have known about a devil emperor?

"The barrier is indeed strong, but it's only a matter of time before it breaks." Yun Lintian said. "You cannot leave this place with your speed as well."

"It's a dead end, huh?" Yun Tian said calmly.

Yun Lintian looked at him and sighed. "Very likely."

Yun Tian lowered his head slightly and fell silent. When he raised his head again, a hint of guilt appeared in his eyes as he looked at Xia Nongyue. "I'm sorry. I shouldn't have brought you here with me."

Xia Nongyue smiled and said. "Before leaving, I was fully aware of the danger and still chose to come. This is not your fault."

"Yes. You don't have to feel sorry for us." Lou Lan added. "Moreover, it is uncertain if we will perish in this place."

"She is right." Yun Yi spoke solemnly. "We have to try it, even if the chance is close to zero. Isn't that what you taught us, Master?"

"Master, I will buy you some time. You should escape quickly." Yun Xia said with a serious expression.

Yun Tian looked at everyone and said. "I don't know if we can survive, but we will advance and retreat together. Don't mention this again."

"Yes." Xia Nongyue and the others said in unison.

Yun Lintian looked at the scene with emotion. In his opinion, the chance of them surviving this was slim. Unfortunately, he couldn't do anything to help him.

An hour later, the Devil God Emperor returned with a massive cannon constructed from black materials. It exuded a terrifying aura that made everyone tremble.

"What a horrifying aura." Lou Lan gasped in shock when she saw the cannon.

Yun Lintian solemnly stared at the black cannon. Although he didn't know the level of this artifact, it was undoubtedly something from the Primordial Era.

His intuition told him that the barrier around the tower would not withstand the cannon's attack.

Mo Chen looked at the tower with a hint of displeasure. The Devil God Cannon was one of the trump cards in his possession. If possible, he wanted to avoid using it at all costs.

However, he wouldn't be able to break the barrier in front of him without using it either.

"Let's start." Mo Chen spoke.

The atmosphere around the cannon instantly changed as soon as his voice faded. The nearby Devil God Emperors began releasing their energy to shield themselves from an impending aftershock.

At this moment, a massive amount of energy slowly gathered at the barrel of the cannon. The area around the cannon began to tremble wildly as spatial ripples started to spread out from it. The space began to undulate so wildly that it looked like violent waves frothing in a storm.

The spatial tremors began to spread rapidly from the cannon to the star regions around it as countless stars were forcefully shoved from their familiar orbits that they had traveled for thousands of years.

Some of the weaker stars even imploded under the immense spatial pressure. The neighboring star regions were not faring any better. Mountains crumbled, and oceans roared as all their inhabitants wailed in terror.

"It's coming." Yun Lintian said as he tried his best to utilize all the energy within the tower.

"Fire." Mo Chen uttered.

BOOM!

In that instant, everything suddenly came to a halt. The space stopped shaking, and even the sound itself had vanished without a trace. It was as if everything in the universe had frozen in place.

Yet, there was still one thing moving in this frozen world. A beam of black light, which devoured all the colors around it, shot out from the cannon. It pierced through space and shot toward the Tower of Fate.

BOOOOOM!!!!

The protective barriers around the tower were instantly shattered upon impact. The entire barrier blew apart like a giant bubble in the next instant, and the black beam cut through it, shooting toward the tower.

BANG!

The black beam finally struck the tower, causing everything to tremble violently. It was as if the world had come to an end.

Inside the tower, Yun Tian and the others were blown away by the impact and crashed directly into the walls. Blood spurted from their mouths as they groaned in pain.

Yun Lintian was unaffected by the impact. He hurriedly checked the condition of the tower and found that it was actually fine. There wasn't much damage to it.

"How is it?" Yun Tian got up from the ground and asked.

"It's fine. There shouldn't be a problem as long as we stay here." Yun Lintian answered. "They can't come in."

Yun Tian felt relieved to hear this. "Are you certain that we cannot move the tower?"

"For now, yes." Yun Lintian replied. "I believe there should be something more on the upper floors."

As soon as Yun Lintian's voice fell, a strange scene unfolded in the starry sky above the tower.

The space in that location was suddenly cut open, revealing a devilish eye behind it...

Chapter 1798 Devil Calamity (2)

"What is that?" The Devil God Emperors exclaimed in shock as they looked at the devilish eye in the sky.

"A-Ancestor?" Mo Chen began to stutter. He was familiar with this aura. The owner of this eye was undoubtedly the Devil Ancestor.

In the Primordial Era, there were numerous races under the rule of the thirteen Primordial Gods. For example, the Divine Moon Clan, the Sun God Clan, and the Mountain God Clan.

Most of the devils in that era served under the God of Death, the Endless Abyssal Devil God. The so-called Devil Ancestor was one of the first-generation devils.

When Mo Chen was young, his grandfather took him to visit the Devil Ancestor Temple, and the Devil Ancestor manifested at that time. Mo Chen would never forget this frightening aura for the rest of his life.

The other Devil God Emperors were shocked by Mo Chen's words. They hurriedly fell to their knees and spoke in unison. "We welcome our ancestor."

"Devil Ancestor?" Yun Lintian frowned deeply.

Although he had never seen the Devil Ancestors in the Great Devil Realm, he was certain that those devils were not on the same level as this one.

"Devil Calamity." Yun Tian spoke in a deep voice. He suddenly thought about the contents of the book that his past self had left behind. If he wanted to move forward, he had to defeat this Devil Ancestor.

But how to do it?

The Devil Ancestor glanced briefly at Mo Chen and said. "Useless things. You can't even take care of these pitiful ants."

"We ask the Ancestor for forgiveness." Mo Chen and the others spoke quickly.

The Devil Ancestor ignored them and gazed at the tower. "I didn't expect you to find the Tower of Fate so soon. There is something wrong here."

In the Devil Ancestor's opinion, Yun Tian shouldn't awaken the crown's power so soon. Let alone reach the Tower of Fate. Clearly, someone was helping him behind the scenes.

"Forget it. I will know it sooner or later." The Devil Ancestor spoke again.

All of a sudden, a terrifying force slowly brewed in the air. It was even more frightening than the Devil God Cannon from earlier.

"Be careful!" Yun Lintian shouted.

Yun Tian quickly summoned the crown and unleashed all of his power. However, in the face of the Devil Ancestor's absolute might, his power was no different from a small boat in the vast sea. It was too small to create a wave.

Xia Nongyue, Lou Lan, Yun Yi, and Yun Xia quickly gathered around Yun Tian, placing their hands on his body to transfer their energy to him.

Yun Tian looked at everyone and asked. "We will meet again."

Xia Nongyue smiled faintly. "Can you promise me? Next time, you must find me and make me yours as soon as possible."

Yun Tian was stunned. He recovered and said with a serious expression. "I will."

"Don't forget about us, Master." Yun Yi and Yun Xia said with smiles.

"Don't worry." Yun Tian spoke in a deep voice. Through Yun Lintian, he had already learned that both of them would reappear in the future. There was nothing to worry about.

Lou Lan looked at Xia Nongyue and spoke softly. "I wish I could serve you again, princess."

"We will be friends again next time." Xia Nongyue said gently.

The Devil Ancestor stared at the tower and said. "Let me see the person behind you."

As soon as the Devil Ancestor's voice faded, a massive black beam suddenly descended from the sky and engulfed the entire tower.

BOOOOM—

The tower shook violently, and Yun Lintian could see the floors above began to collapse one after another.

Yun Lintian's face turned unsightly when he saw this. He looked at Yun Tian and saw the latter smiling at him.

"Thank you for everything." Yun Tian said softly.

Before Yun Lintian could open his mouth, the black beam had already reached the third floor and swallowed everything.

Rumble—

The Tower of Fate exploded into pieces under the world-ending force.

Mo Chen and the others were sent flying by the impact. When they managed to regain their balance, only spatial ripples remained in front of them. The tower was no longer there.

Yun Lintian silently stared at the devastating scene around him. He couldn't believe that the Tower of Fate had disappeared. This meant that there was no Tower of Fate in his timeline.

The Devil Ancestor gazed at the debris in the starry sky for a moment and soon spotted the crown.

Suddenly, a sinister claw materialized in space and lunged toward the crown.

Yun Lintian noticed this. He subconsciously reached out to grab the crown.

However, before either of them could touch it, the crown suddenly emitted a dazzling multicolored light, blinding everyone.

Under the illuminating light, the tower's remnants abruptly suspended in the air and swiftly coalesced, reconstructing the tower.

"No! This is impossible! How could that person still be alive?" The Devil Ancestor shouted in shock when he saw the scene.

Yun Lintian was also astonished by the miraculous scene. He watched as the crown slowly flew toward him and landed on the altar in front of him.

With a buzz, the tower suddenly shook and shrank in size before slipping into a spatial rift, disappearing entirely from the place.

The Devil Ancestor stared at the empty space for a long time, not knowing what he was thinking right now.

"Ancestor." Mo Chen spoke cautiously.

The Devil Ancestor glanced at Mo Chen and said. "Send your people out to find the tower's whereabouts."

"Yes." Mo Chen responded readily.

The Devil Ancestor took one last glance at the position where the tower disappeared before leaving.

Yun Lintian took a deep breath and looked at the crown in front of him. He reached out, trying to touch it, but discovered he couldn't grab it. Without Yun Tian, he had become an ordinary soul again.

The tower shuttled through space for a long, long time. Yun Lintian didn't know how long it was, but when he saw it again, the tower had already arrived in an unfamiliar world. It seemed to be a lower-realm star.

"Wait a minute... This place... the Azure World?" Yun Lintian was shocked. Although the aura here was a bit off, this place was, without a doubt, the Azure World!

Chapter 1799 Awaken (1)

Yun Lintian walked out of the tower and gazed at the primitive scenery before him. The aura here was several times richer than the Azure World in his time.

"It should be very ancient." Yun Lintian spoke to himself. Judging from the environment, it should be millions or even billions of years ahead of his time.

The place where Yun Lintian stood was a tall mountain surrounded by primitive forests. There were waterfalls, rivers, and numerous small hills nearby. It resembled an ancient world he had seen in those National Geographic programs back to Earth.

"Since I am here, Yun Tian must be somewhere around this place." Yun Lintian looked around briefly, trying to find a sign of life.

Several hours passed, but no one showed up in the end. It made Yun Lintian wonder if he would be stuck here forever.

More than a thousand kilometers from Yun Lintian's location, a group of practitioners gathered in front of a thick barrier that appeared to be an entrance to the primitive jungles beyond it.

If Yun Lintian saw this scene, he would immediately recognize Yun Tian among them.

Yun Tian appeared to be a twenty-year-old young man with an extraordinary demeanor. Judging by his attire, he seemed to be a senior disciple of a certain sect.

While everyone around him was excited for the upcoming journey, Yun Tian remained calm and collected. His gaze seemed fixed on a distant point where Yun Lintian was located.

"What are you thinking, Senior Brother Yun?" A young man suddenly asked from the side. He was Jian Yun, Yun Tian's junior brother.

That was right. He was Jian Yun, the Sword God of Yun Lintian's time.

Yun Tian looked at him and spoke gently. "Nothing... What about you? Are you ready?"

Jian Yun tightly gripped his sword and spoke. "I am somewhat nervous. This is my first time entering a secret realm."

"You will be fine." Yun Tian said with a faint smile.

His junior brother was a talented sword practitioner. Among everyone here, no one could be his opponent in a one-on-one battle. There was nothing for Yun Tian to worry about.

At this moment, a white-haired old man with a powerful aura looked at the two hundred-odd young practitioners from various factions around the Azure Continent and spoke. "I believe that your elders

must have already told you everything that you should know. I'm not going to say anything more about the secret realm."

"However, all of you must remember one thing. You are responsible for your own life. Think more before making decisions."

The old man swept his gaze over everyone one last time and spoke. "You can go in now."

He waved his hand, and the barrier slowly opened, revealing an entrance.

All the young practitioners prepared themselves and swiftly entered the secret realm.

After entering the jungle, the young practitioners split into groups and headed in different directions.

Yun Tian and Jian Yun naturally traveled together.

"Where should we go?" Jian Yun asked.

Yun Tian looked toward Yun Lintian's direction and spoke. "Follow me."

Jian Yun didn't ask anything because he had absolute trust in his senior brother.

Along the way, they encountered several powerful profound beasts, but it wasn't difficult for them to defeat these creatures.

Yun Tian and Jian Yun shuttled through the jungle for a week and finally arrived at the base of the tallest mountain in the area.

"It's so tall." Jian Yun said while trying to look up. He couldn't see anything above the mountain because it was shrouded in the sea of clouds.

Yun Tian closed his eyes momentarily, feeling the mysterious connection in his heart. Before coming here, he always felt like something was calling him.

He opened his eyes and spoke. "Let's go."

The two of them started to ascend the mountain.

At the top of the mountain, Yun Lintian had long been aware of the presence of practitioners in the vicinity. He immediately knew that Yun Tian must be among them.

After waiting a few days, Yun Lintian finally saw two figures appear at the summit of the mountain.

"Yun Tian." Yun Lintian muttered to himself when he saw the young Yun Tian.

"What is this tower?" Jian Yun looked at the Tower of Fate in front of him in shock. He had never seen such majestic buildings in his life before.

Yun Tian's heart raced as he gazed at the tower. An urgent sense quickly emerged in his mind. Without hesitation, Yun Tian quickly walked to the tower's gate and reached out to touch it.

Rumble—

The gate suddenly resonated with Yun Tian and slowly opened.

Yun Tian didn't even take the time to observe the path ahead; he walked directly into the tower under Jian Yun's astonished gaze.

Yun Tian briefly glanced at the rows of bookshelves before heading directly to the third floor.

As soon as he stepped onto the third floor, a sudden wave of sadness flooded him. He clutched his chest and grimaced in agony. He didn't know why he felt so sad at this moment. It was as if he had lost something dear to him.

"Senior Brother Yun?" Jian Yun looked at Yun Tian with concern.

"I'm fine." Yun Tian said.

He took a deep breath and set his sight on the crown.

"What a beautiful crown." Jian Yun exclaimed in surprise.

Yun Tian quickly approached the altar and reached out to grab the crown.

Jian Yun wanted to stop Yun Lintian because he was afraid there might be a trap, but it was too late.

Buzz—

When Yun Tian touched the crown, a multicolored light immediately illuminated and enveloped him.

A rush of memories immediately flooded Yun Tian's soul. The scenes of his death under the devilish light, along with Xia Nongyue and the others, appeared in his mind like a movie.

At the same time, Yun Tian's profound vein and physique began to undergo transformation.

A few minutes later, the light gradually faded, and Yun Tian's demeanor completely changed. He seemed to become calmer and older.

"Senior Brother Yun?" Jian Yun asked cautiously.

Yun Tian ignored Jian Yun and turned to look at Yun Lintian, who stood a few steps away from him.

"We meet again." Yun Tian spoke.

"Welcome back, I suppose?" Yun Lintian said with a faint smile. "I'm surprised that you were able to regain your past memories this time."

Chapter 1800 Awaken (2)

Jian Yun was puzzled when he saw the scene. He scanned the surroundings using his Spiritual Sense but couldn't find anything. Who did Yun Tian talk to?

Yun Tian looked at Yun Lintian and said. "I didn't expect it either."

He opened his hand toward Jian Yun and said. "His name is Jian Yun."

"Sword God?" Yun Lintian was surprised.

Judging from Jian Yun's sharp aura, there was no doubt that he would become the Sword God Jian Yun in the future.

Suddenly, Yun Lintian's ethereal form swayed as if he could vanish at any moment.

A strange light flashed in Yun Tian's eyes when he saw this. "Looks like someone doesn't want you to continue interfering with the past."

Yun Lintian looked at his fading hands and realized his time was running out. He raised his head to look at Yun Tian and asked. "What is the name of this world?"

"Azure Continent." Yun Tian replied.

His answer immediately confirmed Yun Lintian's speculation.

Before Yun Lintian could say anything else, an ancient voice suddenly echoed in his mind.

"Wake up."

The deep and ancient voice resonated like a bell ringing in Yun Lintian's head. He felt a sharp pain in his soul, which caused him to subconsciously close his eyes.

In Yun Tian's view, Yun Lintian's body slowly faded and vanished completely.

"What's going on, Senior Brother Yun?" Jian Yun couldn't help but ask.

Yun Tian gazed at Yun Lintian's disappearing position momentarily before speaking. "I'll tell you later."

After speaking, he touched the ball of light above the altar.

Rumble—

The Tower of Fate suddenly shook, and a white light appeared. A moment later, the entire tower vanished entirely from its place... No one knew where it went.

In the starry sky where time seemed to freeze, Yun Lintian slowly opened his eyes, a hint of confusion in his expression. The first thing he saw was a man reaching out his hand towards him.

Yun Lintian didn't know who this person was, but it was clear that his intentions were not good.

"I came back?" Yun Lintian immediately realized that he had returned to the Divine Realm. More precisely, he woke up from the longest dream he had ever experienced.

Yun Lintian quickly glanced around and spotted Hongyue. She clearly suffered heavy injuries.

"Linlin, Qingqing..." Yun Lintian's heart sank as he saw the miserable appearance of Qingqing and Linlin. Clearly, they used everything they had to protect him during this period.

There was also a man wielding a long sword. From his aura, it was undeniable that he was a God Emperor.

"Qin Juehai?" Yun Lintian made a guess. There was only one God Emperor who was well-versed in sword arts. It wasn't difficult for him to recognize this person.

He turned his gaze back to the man standing in front of him. With the terrifying aura he exuded, this person could possibly be the most formidable figure in the Divine Realm.

"Ren Yuan." Yun Lintian uttered coldly.

The black and white world around him suddenly disappeared, and colors returned. Time began to flow once more.

Ren Yuan's hand was about to touch the Beyond Heaven King's Crown on Yun Lintian's head. All of a sudden, he saw Yun Lintian open his eyes.

Before Ren Yuan could react, Yun Lintian's eyes suddenly glowed with an azure-colored light, followed by the deafening roar of a dragon.

Roar—

Ren Yuan's mind shook for a split second before regaining clarity. However, that was enough for Yun Lintian to launch his attack.

At that moment, Yun Lintian had already thrown his punch toward Ren Yuan's face. His aura erupted, causing the surrounding space to ripple wildly.

BANG!

Yun Lintian's fist ruthlessly struck Ren Yuan's face, sending him flying.

Everyone in the scene had incredible expressions when they saw this. They couldn't believe what they were seeing at that moment. Ren Yuan was actually punched in the face!

In everyone's view, everything happened without any interruption. They saw Ren Yuan reach out to grab the crown, but Yun Lintian suddenly threw a lightning-fast punch towards Ren Yuan's face.

Ren Yuan couldn't believe what had just happened either. Even though he didn't put up any protection when he attempted to grab the crown, it was impossible for Yun Lintian to attack him. After all, he had already sealed this place with the Heavenly Desolate Orb's power.

The only explanation was that the power of the Heavenly Desolate Orb was ineffective against Yun Lintian!

"Impossible. You are not Yun Tian. How did you do it?" Ren Yuan uttered in disbelief. This was the first time he lost his composure in front of everyone.

Yun Lintian tightly clenched his fist to gauge his current strength. He was certain that he had already reached the peak of the Divine King Realm and had touched the threshold of the Divine Sovereign Realm.

As long as he had enough time to absorb the Dark Pearl fully, he would easily break through to the Divine Sovereign Realm.

However, it was impossible for him to attempt a breakthrough in this situation.

Qin Juehai was the first to react. He suddenly thrust his sword toward Yun Lintian, followed by an ear-piercing sound. The space between Yun Lintian and Qin Juehai was torn apart by a horrifying surge of sword intent that rushed toward Yun Lintian.

"How dare you!?" Hongyue roared furiously. Her entire body glowed bright red, as did the red moon projection behind her.

She quickly pointed her finger at Qin Juehai, and a sinister red beam immediately shot out, rushing towards him.

Meanwhile, Yun Lintian turned to look at Qin Juehai, and the seven-colored swords instantly appeared before him. With a wave of his hand, the seven swords unleashed their respective elemental powers, converging into a sharp sword beam and hurtling toward the oncoming attack.

At the same time, Qin Juehai unleashed his power to defend against Hongyue's attack.

BOOOM!

A massive explosion occurred when the two sword beams collided. It seemed as if a billion stars exploded all at once.

The impact immediately swept away Hongyue, Yun Lintian, and the other divine emperors.

BANG!

"Ugh!" Qin Juehai was also sent flying by Hongyue's attack, grunting in pain. A cutting wound appeared on his shoulder, and blood had already begun to flow out.

Swoosh!

Before Yun Lintian could regain his balance, Ren Yuan silently appeared in front of him. A long spear in his hand exuded a murderous aura as he thrust it toward Yun Lintian's abdomen...
