

Myth Beyond 311

Chapter 311: Hidden Agenda?

Chu Heng nodded his head slowly and took one last glance at Chu Mi before firmly leaving the room without saying anything.

Yun Lintian went to Chu Mi's side and arranged the buckets on the ground nearby the bed. Since this world didn't have the IV tube and syringe, Yun Lintian had to build it himself using available materials.

In order to separate the profound beast's origin blood out of Chu Mi's blood, Yun Lintian had to carefully comb it out by himself manually bit by bit. At the same time, he had to maintain a considerate amount of blood and blood pressure to ensure Chu Mi did not have the slightest harm from excessive blood loss. Hence, this process would take a longer time to complete.

After connecting the tube with Chu Mi's artery and placing the other side in the bucket, Yun Lintian used a few silver needles to lock on the important gate on her body to prevent her from waking up midway. Following that, he took a deep breath and started to separate the mixed profound beast's origin blood out of Chu Mi's blood.

Soon, the room was filled with the pungent smell of beast blood. The process continued like this for four hours, and Yun Lintian had to stop because he had opened Eyes of Heaven for too long.

Taking a glance at Chu Mi's blood again, more than half of the process had been done already. He would need another time to completely expel all the beast's blood out of her body.

Yun Lintian wiped the sweat from his forehead and took the tube out of Chu Mi's artery. He roughly closed her wound and left the room with the bucket that was now filled with the beast's blood.

Upon opening the door, Yun Lintian saw Chu Heng pacing back and forth, appearing very anxious. When the latter saw Yun Lintian walking out, he hurriedly asked. "How is it, Brother Yun?"

Yun Lintian replied with a smile. "It's half done now. I need to rest for a while before doing it again. If there's no mistake, she would be able to recover tomorrow."

"That's great! Thank you, Brother Yun." The heavy boulder in Chu Heng's heart was finally lifted after hearing this. He bowed his head with gratitude toward Yun Lintian.

Yun Lintian helped him up and said. "Go accompany her. But remember, don't remove any needle on her body."

Chu Heng nodded and walked into the room.

Yun Lintian looked at the blood bucket in his hand and pondered where to dump it. At this moment, he caught a glimpse of Bai Yun at the outside of the courtyard. With a surprised expression, Yun Lintian simply put the bucket into his ring and walked out of the courtyard with Linlin jumping onto his shoulders.

"How come you are here, Brother Bai?" Yun Lintian greeted with a smile.

Seeing Yun Lintian, Bai Yun's eyes lit up and returned with laughter. "Haha. Of course, I am here to congratulate our number one newly recruited student this year."

"Number one? Since when did I become the number one?" Yun Lintian was confused slightly.

"You don't know?" Bai Yun looked at Yun Lintian weirdly. "After the previous incident, Principal Tian has told everyone about your deeds. It was because of you that our divine city could survive the calamity. Right now, you are basically a superstar in the divine city. "

F*ck! This old man harms me! Yun Lintian cursed inwardly. He didn't expect this useless principal had actually done this to him. What was the point of telling everyone about this?

Bai Yun could feel a trace of anger emitting from Yun Lintian. He then understood this wasn't Yun Lintian's intention. "You really don't know about this?"

Yun Lintian replied in an irritated manner. "What do you think?"

Bai Yun scratched his nose and laughed wryly. "Haha. It seems the academy has a hidden agenda. But you don't have to be angry. I believe Principal Tian doesn't have a bad intention."

"No matter what intentions he has, I am the one who got suffered in the end. Is this how he repays me? Heh, if I knew about this, I would definitely let that big dragon destroy this place." Yun Lintian was furious for real this time.

Bai Yun did not know what to say further. So he changed the topic. "Right, I heard many hall masters are trying to recruit you. Have you decided yet?"

Yun Lintian let out a long breath to calm himself and replied. "Not yet. I won't choose anyone before the third test ends."

Bai Yun nodded his head slowly and was hesitating to speak something.

"Is there anything you need me to help with, Brother Bai?" Yun Lintian asked.

"Well, there is." Bai Yun finally said. "I hope you can join the Moonlight Hall."

Yun Lintian's brows raised slightly. "Why?"

Bai Yun's face turned red slightly as he spoke. "It is my selfish reason. Please don't scold me for this."

Yun Lintian said nothing and waited for further explanation.

"You should know that I...erm...have a good impression on Jiang Yingyue, right? It's because of her. I need you to help her change her fate. I know it sounds ridiculous to say this, but I am not strong enough to help her." Bai Yun took a deep breath and continued. "However, I believe you can. I can see the Northern Continent is too small for you. In the near future, you will definitely go to the Central Continent. At that time, you are the only one who could help her."

"Hold on, Brother Bai. Can you answer my question first? Are you telling me that this Senior Jiang is someone from the Central Continent? And why did she come here? Don't tell me it is because of Heavenly Sword Summit like Wang Jun?" Yun Lintian raised his hand to interrupt Bai Yun.

Only then did Bai Yun realize how anxious he was and completely forget to introduce Jiang Yingyue's background. He hurriedly answered. "Yes, she comes from the powerful Jiang clan of Central Continent. The reason she came here is not because of Heavenly Sword Summit, but rather, she escaped from her family's unreasonable arrangement."

Chapter 312: Another Cliche Marriage Plot

"Arrangement? Don't tell me it's a marriage?" Yun Lintian had roughly guessed about it as this kind of plot was too cliché.

"How do you know?" Bai Yun was surprised. "Yes, she is escaping from her marriage arrangement. It's due to Palace Master Han that she's able to stay here. However, it won't be long before her family tries to bring her back again. And I am certain even Palace Master Han wouldn't be able to keep her here further at that time."

Yun Lintian nodded his head in an understanding manner. However, he didn't understand how he could help her? Though he was confident in his strength as he believed that no one could be his opponent when he entered the Monarch Profound Realm, it was too far away, after all.

"Can you explain more about the Central Continent?" Yun Lintian asked.

Seeing Yun Lintian didn't deny or refuse him, Bai Yun was relieved and explained. "As you know, the Central Continent is extremely vast, at least ten times of our Northern Continent. Naturally, there are a lot of powerful clans over there. The capital of the Central Continent is called Divine Ancient Azure City."

"The Jiang clan is one of the most powerful clans inside the Divine Ancient Azure City. Their strength could be ranked among the top three outside of the nine palaces. As for Wang Jun's Wang clan, they are

on the same level as the Jiang clan. Besides the two of them, the Long clan is the strongest in the Central Continent. It is said they are inheriting the Divine Dragon's bloodline."

"Jiang Yingyue's subject of marriage is coming from the Wang clan. His name is Wang Lin. He is the eldest son of the Wang clan's current patriarch and also the elder brother of Wang Jun. He once encountered Jiang Yingyue and didn't hesitate to tell his father to arrange a marriage for him and her. I don't know much about the detail in the middle of the process, but Patriarch Jiang, Jiang Yingyue's father, had agreed in the end."

Bai Yun let out a long sigh and said. "After she knew about this, she had secretly escaped with the help of her loyal servant. It was said that Moonlight Hall Master Lin Zixuan had coincidentally met her during her escape and helped her get rid of the pursuers from the Jian clan. Afterward, she brought Jiang Yingyue back and received her as her first disciple."

Yun Lintian touched his chin while having a contemplative expression. He thought entering the Moonlight Hall would help him get rid of unnecessary troubles, but it didn't seem to be the case now. Not to mention he was now becoming a celebrity, thanks to that useless old man.

Sigh, is this the so-called 'I want to be low-key, but my strength doesn't allow.'? Yun Lintian suddenly understood how those protagonists felt.

Bai Yun did not know what kind of narcissistic thinking Yun Lintian had right now. He looked at him with hope. At the same time, he kept bashing himself in his heart for the lack of his talent. If he was strong enough, he wouldn't have to rely on others like this.

However, Bai Yun had to admit Yun Lintian's talent was too high that anyone would be inferior when compared to him. Especially when he listened to Bai Qingyi's narration during the previous incident. Yun Lintian was capable of forcing a few Saint Profound Beasts away and even managed to kill one of them, despite the fact he was only at the peak of Origin Profound Realm. Bai Yun had never heard anyone could accomplish this before.

During Lin Wuwei's incident, Bai Yun thought Yun Lintian probably used some secret techniques to propel his strength. However, from Bai Qingyi's words, it didn't seem to be the case. Look like everyone, including him, had greatly underestimated Yun Lintian. Now, he wondered what Peng Haoye was thinking that the junior of his clan had actually made Yun Lintian an enemy. He would probably regret it to death by now, right?

"Well...I understand Brother Bai's feelings, but as you know, I don't like unnecessary troubles." Yun Lintian finally said after pondering for a while.

Bai Yun was immediately disappointed, but he understood Yun Lintian. Who would want to be in trouble? What was more, the trouble got nothing to do with him, to begin with.

Truthfully, Bai Yun just tried his luck by saying this. He knew it was too shameless and felt he had no dignity by asking someone to help the one he loved. But it couldn't be helped, as he was too weak.

"I see..." Bai Yun said dejectedly.

"Listen to me first, Brother Bai. Entering the Moonlight Hall shouldn't be a problem for me, but I cannot guarantee whether I can help Senior Jiang." Yun Lintian said with a smile. He had made a final decision to join the Moonlight Hall now.

It was, as Bai Yun said, Yun Lintian's ambition wasn't lying on the Northern Continent. His ultimate goal was to make Misty Cloud Sect the number one sect in the world. Hence, entering Central Continent was inevitable. Since Jiang Yingyue was hailed from the Central Continent's powerful clan, perhaps he could use this connection to gain something.

Of course, Yun Lintian didn't think he could contend with the Jiang clan that had who knows how long heritage with his current pitiful strength. However, if we were talking about the future, it would be entirely different.

At this moment, Yun Lintian's eyes shone with ambition, and he was looking forward to the future prospects of his sect. Although he didn't enter the Land of Beyond Heaven for a long time, he could roughly estimate everyone's strength as they were probably at the peak of Earth Profound Realm by now.

Even though the richness of profound energy in the divine city was more vital, the practice speed was definitely inferior to the Land of Beyond Heaven. After all, there were almost unlimited resources in there.

Bai Yun was surprised and became ecstatic all of a sudden. "Really!? Thank you, Brother Yun!"

Chapter 313: Final Result

The conversation between Yun Lintian and Bai Yun ended a few minutes later, and Yun Lintian went to take a rest before returning to treat Chu Mi.

The treatment process went smooth-sailing until there was not a single trace of the profound beast's blood left in Chu Mi's body. Yun Lintian then carefully used the Profound Spiritual Liquid to slowly expel Abyssal Energy out of her body bit by bit.

An hour later, Yun Lintian did the final check and was ready to wake Chu Mi up. The moment he retrieved the silver needles and let her blood flow return to normal, Chu Mi's eyelids moved slightly before slowly opening.

"W...where is this place?" Chu Mi looked at the unfamiliar ceiling and uttered in confusion.

"This place is within the academy. We had returned from the forest two days ago...Do you feel uncomfortable somewhere?" Seeing no other problems were occurring, Yun Lintian finally let go of the tension in his heart.

Chu Mi slowly regained her sense and tilted her head weakly toward Yun Lintian. "Brother Yun?... What happened to me?"

"It's a long story. In short, you had encountered a powerful profound beast and got captured by it. Everything is fine now... Also, congratulations. You've become a student of the Starry Hall now. " Yun Lintian explained with a smile. Yesterday, he heard Hong Wuya say he wanted to recruit the Chu's siblings into his hall. He was sincerely happy for them.

The information came too sudden. Chu Mi was stunned for a moment before regaining her composure and asked in disbelief. "Me? Become a student of the Starry Hall? Brother Yun, tell me I'm not dreaming right now?"

Naturally, Chu Mi understood what the hall student represented. The status between the hall student and the inner-court student was a world apart. Even though the academy kept advocating equality among the students, it could not deny a disparity was still there.

Being a hall student, Chu Mi would have much more opportunities as well as resources than others. Her practice progress would definitely become many times faster.

"Of course not. You are not dreaming... Since there's no problem with your body, I'll leave first." Yun Lintian was tired and needed some rest.

However, when he stood up and prepared to leave, Chu Mi suddenly grabbed his hand and said softly. "Thank you, Brother Yun."

Yun Lintian smiled and patted her hand slightly before leaving.

Chu Mi stared dazedly at Yun Lintian's disappearing back for a while and secretly vowed in her heart — one day, she would definitely become helpful for him.

A week passed by very quickly, and the result of the third test had come out. To Yun Lintian's surprise, the first place wasn't Qin Yiran as he had expected, but someone named Wang Jue. From the rumors, this Wang Jue was a younger brother of Wang Jun. It was another descendant of the Wang clan from the Central Continent.

As for the second place, it was surprisingly occupied by someone from Violent Gale Sect. This person had the surname Tian, full name Tian Ming. Of course, he wasn't related to Principal Tian in any way. He was hailed from the Sky Fall Nation's Tian royal clan. His other identity was a direct disciple of the current Violent Gale Sect Master.

Yun Lintian had no impression of these people before, but it was understandable. These top brasses naturally did not care about the knowledge test rankings. After all, it could not represent their abilities.

However, the third test was different. Not only did they could show their talents, but they could also establish their prestige in this way. That was why they would go all out in this round.

Naturally, Wang Jun chose to enter the Supreme Hall at the end of the event. Meanwhile, Tian Ming had actually entered the Sky Hall. As for Qin Yiran, Qin Yuyan, and Bai Qingyi, they chose to enter the Starry Hall, which surprised Yun Lintian a bit. Especially the two Qin girls.

During this week, Yun Lintian's life was extremely leisurely and boring. He would occasionally visit his Heavenly Cloud restaurant or read some books to kill time. Because he had to suppress his strength in order to enter the Frozen Moon Mythical Realm, he did not practice anything at all after returning from the Fallen Dragon Forest.

At this moment, Yun Lintian was sitting nearby a clear stream not far away from the Sky Courtyard with a bamboo fishing rod in his hand while his other hand was feeding Linlin a snack.

"You surely enjoy your rest, huh?" Suddenly, Han Bingling appeared behind Yun Lintian like a ghost and walked toward Yun Lintian before taking out a chair and sitting on his left.

Yun Lintian was accustomed to her sudden appearance already, as she would come here often during this time. He didn't look at her as he asked. "Why are you here again?"

"Why? You don't like this sister anymore?" Han Bingling put a pitiful expression on her face and lowered her head, looking extremely aggrieved like an abandoned young wife.

Yun Lintian was speechless and ignored her while thinking he would make her his woman one day and see whether she still dared to act like this. He wasn't a stone to have no emotion. He was a normal man with desires. Sometimes, he couldn't stand Han Bingling's tease and had the urge to push her down several times. It was just that his current strength wasn't enough to subdue her yet.

Seeing Yun Lintian didn't play with her, Han Bingling stopped joking and said. "You still haven't made a decision yet? Trust me, just join the Moonlight Hall. You wouldn't regret it."

Yun Lintian turned to her and said. "Why don't you give me a reason?"

"Don't you want to enter the Frozen Moon Mythical Realm? If you join the Moonlight Hall, you will automatically get the right to enter without any competition. Anyway, you are not really interested in the academy. There are no other places inconvenient than this. Don't you think so?" Han Bingling curled her lips. In fact, she could see Yun Lintian had made a decision a long time ago. He probably wanted to get more benefits by doing this.

Chapter 314: Moonlight Peak

"Do you think so?" Yun Lintian smiled and returned with a question.

Han Bingling stared at Yun Lintian for a while before letting out a sigh. "Say, what do you want?"

Yun Lintian laughed slightly and said. "Why don't you tell me about the hall master of the Moonlight Hall? I want to know the truth."

Han Bingling immediately went silent. It wasn't because she didn't trust Yun Lintian, but this matter was rather complicated and involved many things. She didn't know if it was good for Yun Lintian.

Seeing this, Yun Lintian probed further. "Is it that difficult to say?"

Han Bingling slowly nodded her head. "It is. I can't tell you everything in detail. I can only tell you that it involves Xinyao's matter. If you want to know more, you can ask her yourself."

"Lin Xinyao?" Yun Lintian was puzzled slightly, but soon he realized they had the same surname. "What's the relationship between her and Hall Master Lin Zixuan?"

"Sister Zixuan is Xinyao's genuine aunt." Han Bingling replied with a short sentence without any further explanation.

Yun Lintian seemed to see this and did not probe further. Since Lin Zixuan was Lin Xinyao's aunt, then one of Lin Xinyao's parents was naturally the sibling of Lin Zixuan. However, Yun Lintian didn't seem to hear anything about Lin Xinyao's parents at all.

Furthermore, Lin Xinyao possessed the Divine Moon Profound Vein that shouldn't belong to this world. There must be something behind this.

Yun Lintian silently connected the dots one by one and came to this conclusion. A moment later, he decided to put everything at the back of his head. Anyway, it had nothing to do with him.

"How do I join the Moonlight Hall then? Except for you, I don't see anyone coming to invite me. Are you sure they really want me?" Yun Lintian said in a relaxed manner.

A smile was blooming on Han Bingling's face as she replied. "Easy. Just come with me."

"Now?" Yun Lintian was taken aback. Before he could react, a strong force had already enveloped him and lifted him into the air directly. Yun Lintian hurriedly threw the fishing rod away and held Linlin tightly as he flew closely behind Han Bingling.

Normally, flying was prohibited in the academy, but it seemed Han Bingling was an exception. Along the way, Yun Lintian saw many students were busy with their matters. Some were practicing, and some were talking and joking around. This kind of atmosphere somehow reminded Yun Lintian of his college day a bit.

They flew through the group of clouds for a while before arriving at a small peak with no distinctive appearance. It was ordinary to the point Yun Lintian didn't believe it was actually located in the academy.

With a wave of her hand, Han Bingling slowly brought Yun Lintian down and landed in a dense bamboo forest. There was nothing around here except for a gurgling sound from a small stream nearby.

At the end of his line of sight, Yun Lintian saw a small bamboo hut hiding behind a pack of bamboos. Judging from its appearance alone, it was difficult to tell if anyone was living in it.

Han Bingling turned around and said. "This place is called Moonlight Peak. Wait until the night. You will see why it is called the Moonlight Peak... Follow me."

Yun Lintian said nothing and looked around curiously while following Han Bingling behind. Soon, he discovered the richness of the profound energy in this place was exceptionally dense. It could easily compare with Sky Peak, the best place in the academy. As far as he knew, even the Starry Hall didn't have this aura. This made him surprised slightly and wonder how could no one covet this place.

The two people and one tiger arrived before the bamboo hut. Before Han Bingling could say anything, the door suddenly opened, and a beautiful figure emerged behind it.

Yun Lintian was immediately attracted by her beautiful appearance. He had seen many cold beauty-type women since he came to this world. For example, Yun Qianxue was an arrogant and prideful type. Her body would exude an aura that keeps people away from her.

Another one was Lin Xinyao. It was true that she was a cold beauty type with a few words, but compared to Yun Qianxue, she was more friendly and did not put a cold face all the time. Perhaps it got something to do with her age.

However, the woman in front of him was the cold type that gave people tranquility. She was like a bright moon in the sky. It was hard to obtain, but it would shine the way for you midst of darkness, giving you peace of mind.

"You are here, Yingyue?" Han Bingling smiled and greeted the beautiful woman. She was the number one student and the current number one beauty title-holder, Jiang Yingyue.

Jiang Yingyue replied politely with a smile. "Master is waiting for Senior a long time ago." Afterward, she shifted her gaze onto Yun Lintian. "You must be Yun Lintian. My name is Jiang Yingyue. In the future, you can call me Big Sister Yingyue directly."

Yun Lintian was taken aback slightly. He didn't say anything, yet she seemed to know beforehand that he was going to join the Moonlight Hall.

Yun Lintian smiled and cupped his fists. "As Big Sister Yingyue said, I am Yun Lintian. Please take care of me from now on."

Jian Yingyue was amused and invited the two of them into the bamboo hut.

Upon Yun Lintian stepping into the hut, he immediately saw a frail old woman sitting calmly on an uncomfortable-looking bamboo chair. Her hair was completely white and hung down freely, as though she had never combed it for ages. Her face was full of wrinkles, making her look like she was in her nineties already. No matter how Yun Lintian looked at her, she did not seem to resemble the woman who was regarded as the number one beauty by the masses in the past.

"Sister Zixuan, I have brought someone to see you. He said he wants to join your Moonlight Hall." Han Bingling said happily and sat opposite the old woman as if this place was her home.

Chapter 315: Strange Phenomenon

Lin Zixuan tilted her head slightly to look at Yun Lintian. For some reason, Yun Lintian felt as if he was being seen through by her. He was a bit perplexed as Lin Zixuan was clearly blind, and she did not have the slightest profound energy; naturally, she didn't even possess Spiritual Sense... Did she have other abilities?

Lin Zixuan and Yun Lintian did not utter any word and kept staring at each other like that for a few minutes before the former asked. "Why do you want to join my hall?"

Yun Lintian didn't hide anything as he answered. "My purpose in joining the academy is to get the right to enter the Frozen Moon Mythical Realm, and I can get it from the Moonlight Hall without much effort compared to the other halls."

"Are you saying my Moonlight Hall is the weakest?" Lin Zixuan asked plainly.

"Obviously." Yun Lintian replied firmly. He turned his head to Jiang Yingyue and said further. "Although Big Sister Yingyue has been regarded as the number one student in the academy, the overall strength of the Moonlight Hall is actually nothing in front of the other halls."

As his voice fell, the atmosphere in the bamboo hut suddenly became weirdly silent. Even though Yun Lintian's statement sounded insulting, everything was the truth. However, He spoke so straightforward like this; it was a bit awkward to hear.

Lin Zixuan's expression did not change in the slightest. She remained silent for a moment and said. "As far as I know, you are quite deceptive. I am curious what makes you honest all of a sudden?"

Yun Lintian was immediately choked while Han Bingling covered her mouth and giggled amusingly, making her huge bosom tremble along.

Yun Lintian coughed slightly and replied. "I think Senior must misunderstand me. I never intended to deceive anyone. It's all because of the situation forcing me to do so."

Lin Zixuan did not press on this matter further. "Very well. I have no objection if you want to enter my hall. However, are you willing to be my disciple?"

This time it was Yun Lintian's turn to go silent. Truthfully, he didn't think anyone deserved to be his master. After all, he didn't need any profound art from others. Just all the books in the Library alone were enough for him to reach the peak in the world.

Furthermore, becoming Lin Zixuan's disciple was equivalent to tying his fate to her. If anything happened to her, Yun Lintian couldn't get rid of the relationship and had to help her with all he had. Wasn't this too troublesome?

Han Bingling naturally understood Yun Lintian's thoughts. With his talent as well as the 'hidden master' behind him, she didn't think Lin Zixuan was qualified to be his master. It wasn't that she was looking down on Lin Zixuan, but it was a fact.

Surprisingly, before Han Bingling could say anything, Yun Lintian spoke first. "Alright. I am willing."

His answer shocked everyone present. They thought Yun Lintian would definitely refuse.

The reason why Yun Lintian accepted the proposal was that he suddenly thought of the future. Although it was still unclear why Lin Zixuan was a special existence in the academy, he believed her status could provide him some convenience in the near future. The fact that no one dared to covet the Moonlight Peak had already proven this.

Moreover, Yun Lintian had become a 'celebrity' among the students now. He had reckoned many people would seek him trouble. Some of them were naturally unconvinced and came to ask him for a duel. Being Lin Zixuan's master meant he would become Jiang Yingyue's junior brother. He could use her reputation to brush off these troublesome people away.

In short, he believed he would gain more benefit than losing it by becoming Lin Zixuan's disciple.

Lin Zixuan 'looked' at Yun Lintian deeply and beckoned him. "Very well. You can serve the tea."

According to the custom of this world, when a person worshiped another person as a master, he would have to serve tea for the latter. Yun Lintian also knew this and unhurriedly prepared the best tea he had in his interspatial ring.

Soon, the tea fragrance immediately filled the small bamboo hut. Han Bingling and Jian Yingyue were surprised upon smelling this scent. They had clearly recognized the tea leaves Yun Lintian used as it was the lowest grade Spirit Tea. However, the fact that it could produce such a strong fragrance confused them slightly.

After pouring the tea of a prepared jade cup, Yun Lintian beckoned Linlin to stay on the side first before bringing the cup to Lin Zixuan.

With a thud, Yun Lintian knelt down in front of her and offered the teacup. "Please accept this, Master."

Rumble—

As Lin Zixuan was about to receive the teacup, suddenly a thunder roaring reverberated throughout the divine city. The sky immediately filled with black clouds, accompanied by a powerful gust of wind. Lightning sparks kept flashing from time to time, looking like thousands of lightning pythons squirming

between the group of black clouds... If one looked closely, this phenomenon was occurring everywhere, not just above the divine city, but the entire Azure World!

Suddenly, Lin Zixuan's body trembled violently as though she had been hit by a lightning strike. Her face became rigid, and her hand that was about to touch the teacup was shaking nonstop.

"Ugh!" In the next moment, Lin Zixuan spat out a mouthful of fresh blood and slumped down from the bamboo chair.

"Master!" Jiang Yingyue exclaimed and managed to catch Lin Zixuan timely before the latter hit the floor. When she looked at her master, she was stunned for a moment as she saw Lin Zixuan's face was pale beyond words, and there was even a trace of fear within her lifeless eyes. This was the first time she saw Lin Zixuan become like this.

Han Bingling flashed and reappeared beside Lin Zixuan. She hurriedly used her Spiritual Sense to check on the latter and heaved a sigh of relief upon seeing there was no major problem on her body.

"What's going on?" Han Bingling's brows knitted together as she turned toward Yun Lintian.

Chapter 316: Emperor Destiny

At this moment, Yun Lintian was thoroughly dumbfounded as his hands were still frozen in the air while holding the teacup... What the hell was going on? Yun Lintian didn't understand at all.

"I don't know." Yun Lintian replied uncertainly. No matter how he racked his brain up or tried to replay the whole earlier process in his mind several times, he couldn't come up with any clue... Why did the storm occur all of a sudden? And how was it connecting to Lin Zixuan's strange action?

As Yun Lintian thought of this, the earlier violent phenomenon had disappeared unknowingly, as if nothing had happened before.

"Cough!" Lin Zixuan spat out another mouthful of blood before trying to get up with the help of Jiang Yingyue.

"Are you okay, Sister Zixuan?" Han Bingling asked worriedly and used her profound energy to ease Lin Zixuan's injury.

Lin Zixuan waved her hand and wiped the bloodstain out of her lips. She turned her head toward Yun Lintian and said solemnly. "Look like I can't be your master."

Her words made everyone startled. She added. "Remember, you cannot kneel to anyone."

Yun Lintian subconsciously nodded his head, even though he didn't understand anything at all.

"Yue'er, find a place for your junior brother first." Lin Zixuan waved her hand and let Jiang Yingyue led Yun Lintian out of the bamboo hut.

After the two left, Han Bingling sat down and poured the cup of tea for Lin Zixuan as she asked. "What exactly is going on, Sister Zixuan?"

Lin Zixuan took a sip of tea and remained silent for a moment. She answered. "Have you ever heard about Emperor Destiny?"

"Emperor Destiny... I think I've heard it somewhere before. It is said anyone who possesses this Emperor Destiny is destined to be the world's emperor... Don't tell me...." Han Bingling was startled upon realizing this.

Lin Zixuan let out a slight hum and said. "Yun Lintian has this destiny. He's destined to be the emperor. Hence, I do not qualify to be his master. Of course, no one in this world has the qualification. What happened earlier is just a warning. If I received the teacup earlier, I would have gone by now."

Han Bingling sucked in a cold breath as her heart trembled slightly. She didn't expect the little boy she often teased had actually possessed such an unbelievable destiny.

"You have to keep this matter secret. If they know about this, I'm afraid we cannot protect him." Lin Zixuan said solemnly. Although the worshipping ceremony was unsuccessful, she had already regarded Yun Lintian as one of her disciples. Even though it was just in name only, it was her duty to protect him.

Han Bingling slowly nodded her head with a serious expression. She obviously knew who were 'they' that Lin Zixuan was talking about.

In a small restaurant nearby the Sky Throne Profound Academy, an old man with a long beard had long put down the chopsticks in his hand and stared attentively at the phenomenon in the sky. He watched it until the phenomenon gradually vanished, but his thoughtful expression did not recede in the slightest.

"What happened just now, Master?" A young man, who sat opposite the old man, asked curiously. If Yun Lintian was here, he would immediately recognize this person right away. He was no other than Du Xiangkong that he met in the Fallen Dragon Forest.

The old man retracted his gaze and smiled at his disciple. "Kong'er. Is it true that you met the young man named Yun Lintian during the second test?"

Du Xiangkong was puzzled as he replied. "Yes, Master. He passed by and lent us a hand."

The old man stroked his long beard and smiled faintly. "If there's a chance, you should interact with him more."

Du Xiangkong scratched his head in confusion but still nodded his head.

"Where are other senior sisters, Big Sister Yingyue?" Asked Yun Lintian while closely following Jiang Yingyue toward the east side of the Moonlight Peak.

Jian Yingyue did not slow her pace down as she replied. "They are busy with their own matters. Don't worry, you will have a chance to see them soon. I have already told them about you."

Yun Lintian didn't ask anything further and turned his attention to the surrounding scenery instead.

"There is something in this place, Big Brother Yun." Suddenly, Linlin sent a sound transmission to Yun Lintian.

Yun Lintian looked at Linlin in his arms and asked curiously. "Oh? What is it? Big brother didn't see anything at all."

Linlin tilted her head cutely as if she was trying to perceive something. "I don't know as well. I just feel that something is hiding within this place... It is likely to be something on a divine level."

Yun Lintian was surprised and silently opened Eyes of Heaven to observe the surroundings. What came to his sight was the abundant profound energy, which was nothing out of the ordinary. However, he later caught strange purple-colored light glowing on the top of every bamboo in this place. Yun Lintian seemed to remember this kind of energy had appeared once when Han Bingling released her Freezing Moon.

"What you currently see is called Moon Essence. It's similar to other elemental energy." While Yun Lintian was pondering, Jiang Yingyue suddenly spoke out, causing Yun Lintian to wake up from his thoughts, and looked at her in amazement.

As expected from the number one talented individual. She had actually noticed my movement. Yun Lintian thought.

"Moon Essence?" Yun Lintian repeated and tried to search for the relevant information in his head.

"You don't have to think too much about it. You will eventually understand its characteristic when the night comes." Jian Yingyue said softly.

Hearing this, Yun Lintian decided to put this matter behind his head and continued to watch the scenery.

They advanced in this manner for ten minutes before Yun Lintian sensed Jian Yingyue's footsteps come to a stop.

"We're here." Jiang Yingyue turned around and smiled at Yun Lintian.

Yun Lintian peered through the pack of bamboos and saw a few small bamboo huts similar to Lin Zixuan's one peacefully standing there. At this moment, a glimpse of a beautiful figure could be seen standing before a huge painting board nearby one of the huts.

Chapter 317: Second Sister Murong Xue

At this moment, the beautiful figure held a long brush and gently swiped it on the painting board supported by the wooden easel. Each stroke she made was rippling with endless charms. Even someone who knew nothing about the Dao of Painting like Yun Lintian could faintly feel the artistic concept emit from her action.

Jiang Yingyue and Yun Lintian did not interrupt her and calmly watched the beautiful woman finishing her painting. Unknowingly, an hour had passed by in a blink of an eye. The beautiful woman stopped her movement and stared at the mountain and river painting before her while losing in her thoughts. A while later, she let out a soft sigh and waved her hand, producing a faint aura to shred the painting into pieces.

Yun Lintian was stunned and stared at the woman blankly. He didn't understand why she destroyed such a beautiful work just like that.

Jian Yingyue was obviously accustomed to this scene as there was no fluctuation on her face when she saw this. She smiled faintly and said. "It seems you are still unable to break the bottleneck, Xuexue."

It was at this moment the beautiful woman realized there was someone nearby. She turned around and replied softly. "Yes, Big sis. I guess I will have to give up for the time being."

This woman possessed a countenance that could be described as flawless. Her eyes were extremely gentle that could make anyone feel at ease under her gaze. Her body exuded an innate noble. Each movement of hers was elegant to the extreme.

Her long, lustered black hair gently swayed by a gentle breeze, making her look incredibly charming. Her long creamy robe was fluttering backward slightly, revealing the outline of her figure that could easily bring any man's blood to the boiling point.

At this moment, she turned her gaze on Yun Lintian and asked. "This young man is...."

Yun Lintian hurriedly cupped his fists and greeted. "Greetings, Senior Sister Xuexue. My name is Yun Lintian. I just joined the Moonlight Hall today. Please take care of me from now on."

The beautiful woman covered her mouth and laughed elegantly. "It seems our junior brother is quite bold. He just called me by my nickname the first time we met."

Yun Lintian suddenly realized he was a bit rude by calling her like that without asking for permission.

Before Yun Lintian could make an apology, Jiang Yingyue spoke first. "Her name is Murong Xue. She's your second senior sister. Including me, there are five of us here. In other words, you will have five senior sisters."

Yun Lintian was taken aback slightly and slowly nodded his head while thinking... First, Jiang Yingyue and now Murong Xue. Is Lin Zixuan choosing her disciples according to the beauty of their names?

Murong Xue could see Yun Lintian's awkwardness. She smiled faintly and beckoned him to walk toward her. "Come, let me take a good look at you closely."

Yun Lintian hesitated briefly and walked toward her after seeing Jiang Yingyue nod her head.

As Yun Lintian walked toward Murong Xue, he suddenly noticed the surrounding scenery had changed entirely from the bamboo forest earlier to a beautiful garden brimming with vitality. There were a bunch

of flowerbeds everywhere. Countless bees and butterflies could be seen dancing around them. The atmosphere in this place made Yun Lintian want to lie down and do nothing for the rest of his life.

Suddenly, Yun Lintian's soul shook slightly, bringing him back to his sense. He immediately realized this place was an illusion — a high-level illusion that he had never encountered before.

Yun Lintian didn't hesitate to open Eyes of Heaven. Instantaneously, the scenery in front of him became transparent, and he could see Murong Xue stand closer to him. She was so close to the point she could end his life with just a wave of her hand.

"This welcome gift is a bit dangerous. Don't you think so, Second Sister Xue?" Yun Lintian stared straight into Murong Xue's eyes. The golden sheen in his eyes flickered slightly as if he wanted to tell her not to mess around further.

A trace of surprise appeared in Murong Xue's eyes. She smiled gently and retracted her aura. "No wonder Master is interested in you... Don't be angry, alright? I'll give this brush to you as compensation." Following that, she handed the long brush she used earlier to Yun Lintian.

Of course, Yun Lintian wasn't angry as he didn't feel any malice in her attack. He received the seemingly ordinary brush and used Eyes of Heaven to check on it. However, no matter what, Yun Lintian didn't find any particular feature on it, which made him confused a bit.

"You don't have to look at it that much. It's indeed a normal brush." Murong Xue laughed gently.

Yun Lintian was rendered speechless but still politely said. "Thank you, Second sister." He then stored it away in his interspatial ring.

"Do you see the leftmost hut? That will be your residence from now on." Jiang Yingyue had unknowingly appeared beside Yun Lintian and pointed at the dilapidated bamboo hut at the edge of a small stream.

Yun Lintian followed her sight and was startled for a moment because that bamboo hut was definitely not suitable to live in. He believed it would definitely crumble if there was a slightly strong wind passing by.

"Don't worry. It won't collapse easily... As long as you didn't move too much." Murong Xue said with a gentle smile. Her expression was heartfelt, to the point Yun Lintian wasn't sure whether she was joking or serious.

Yun Lintian took a deep breath and turned to Jiang Yingyue. "Thank you, Big Sister Yingyue... By the way, where are other senior sisters?"

"Them?" It was Murong Xue who answered first. "Your third sister is probably finding someone to fight with right now. Your fourth sister is a money fan. She's probably opening a betting table somewhere in the academy currently. As for your fifth sister, that sleepyhead girl is currently sleeping in her house right there." She then pointed at the small bamboo hut nearby Yun Lintian's one.

Chapter 318: Fifth Sister Nantian Fengyu

The corner of Yun Lintian's mouth twitched slightly when he heard Murong Xue's explanation. Looked like all of his senior sisters had some unique personalities and hobbies.

"I have another question, Big Sister Yingyue. Do I have to attend the class? I don't know any regulation here." Yun Lintian asked. He had lived his life leisurely during this week and completely forgot to check on it. He didn't even know when the class started.

"You are free to go or not to. However, the academy requires you to pass all the semester-end examinations. Otherwise, you will be demoted down to the inner-court student. You can go to the first year's building tomorrow." Jiang Yingyue replied.

Yun Lintian slowly nodded his head and said. "Then I will take some rest first. See you later, Big Sister Yingyue, Second Sister Xue." Afterward, he walked toward the dilapidated bamboo hut.

Watching Yun Lintian disappear into the bamboo hut, Murong Xue turned to Jiang Yingyue and said. "Do you think he can help our Master?"

Jiang Yingyue shook her head slightly. "I don't know." A strange light flashed across her eyes as she thought of the earlier phenomenon.

Yun Lintian opened the bamboo door and walked in. The first thing that greeted him was a dense layer of dust that covered everywhere in this room. Yun Lintian had to utilize his profound energy to sweep the dust out through a small window before taking a good look at this place.

The room was around twenty square meters with a simple bamboo table and bed, leaving no room for the bathroom and kitchen. Yun Lintian didn't have many requirements for his living standard, but a good bed was necessary for him. He didn't hesitate to replace the old bamboo bed with the snow-silk bedding and sat on it, calmly watching the room with Linlin.

"I think we need to rebuild this place." Yun Lintian muttered. He didn't want to sleep at night and was paranoid about whether the hut would collapse.

Linlin licked her paw, getting rid of the dust, and said. "You should, Big Brother Yun."

Yun Lintian said nothing further. He took a paper and pen out before starting to draw a house design.

While Yun Lintian was busy drawing, he was completely unaware of a small figure looking through the window with great curiosity.

"So this is my junior brother? Hehehe. I'm not the youngest anymore." The small figure suddenly giggled to herself and hurriedly covered her mouth while peeking at Yun Lintian for fearing she would be discovered by him.

Seeing Yun Lintian didn't seem to notice her, she heaved a sigh of relief and slipped away from the window.

"Hmm?" Yun Lintian suddenly felt as if he was being watched and quickly looked toward the window. His Spiritual Sense spread out, but he didn't find anyone in the end. A moment later, he shook his head and continued to draw.

Half an hour later, Yun Lintian looked at the house design with satisfaction. In order to maintain the old concept, Yun Lintian didn't intend to change the material and chose to use bamboo. However, he didn't have any of it in his possession now, and he naturally wouldn't take the Serene Bamboo out... It seems I have to go to the city.

Thinking of this, Yun Lintian picked Linlin up and headed out. He was taken aback slightly upon seeing a small young girl standing before him as he opened the door.

She appeared around ten years old, stood approximately 140 centimeters. With her slightly rounded face combined with slightly bulged cheeks, she looked extremely adorable. Her hair was tied up into two big buns. A pair of innocent eyes stared at Yun Lintian without blinking, as though she was studying him.

"Little girl, are you lost? Where are your parents?" Yun Lintian asked gently while wondering how this little girl appeared here on the Moonlight Peak.

The little girl pouted cutely and said angrily, with arms akimbo. "You very good, Junior brother. You dare to call your fifth sister a little girl. Are you asking for a beating?"

As she said, a powerful aura immediately blasted out of her body, causing Yun Lintian to stare at her with his eyes widened open... This little girl... Saint Profound Realm!?

Yun Lintian regained his composure and asked in disbelief. "Fifth sister? Are you really my fifth sister?"

The little girl crossed arms before her flat chest and snorted angrily. "Hmph! Of course, I am your fifth sister, Nantian Fengyu. What is your name, junior brother?"

Yun Lintian carefully looked at Nantian Fengyu's profile before answering. "My name is Yun Lintian. I'm sorry for my rudeness earlier."

The anger in Nantian Fengyu instantly vanished as if it hadn't been there in the first place. She grabbed Yun Lintian's hand and shook slightly. "Good Junior Brother Yun. From now on, you have to listen to me, okay?"

Yun Lintian's lips twitched slightly. He replied. "Alright."

"Good junior brother! Your fifth sister loves obedient child the most." Nantian Fengyu smiled brightly. "Right. What are you drawing earlier? Let your fifth sister look at it."

Yun Lintian sighed inwardly. This fifth sister of his was so troublesome to deal with. He handed the drawing to her and said. "It is a house design. I will rebuild this place."

Nantian Fengyu opened the drawing and looked at the design fascinatingly. The more she looked, the brighter her eyes became. She raised her head to look at Yun Lintian and said. "Good junior brother! I didn't expect you were planning to rebuild the house for your fifth sister. You are going to buy the materials, right? Let's go!"

"I...%#\$@#%" Before Yun Lintian could say anything, he was immediately dragged away by Nantian Fengyu. Even though she was small, her strength wasn't something Yun Lintian could resist. He could only hold Linlin tightly with his other hand and let her bring him down the mountain.

"Ah, my poor junior brother." In the distance, Murong Xue looked at Yun Lintian with sympathy.

Chapter 319: Wang Jun, Wang Jue

Somewhere in the academy, Peng Haoye sat gloomily in a dark room. If one looked closely, one would see Abyssal Energy faintly revolve around him.

During this week, Principal Tian had adopted several measures to prevent Peng Haoye from gaining momentum further and even openly supported Lin Taixu to succeed in his position. Although Peng Haoye was confident Principal Tian did not dare to confront him directly, he was still be forced into a corner by his means. This made him furious to the extreme.

Swoosh—

Suddenly, a black swirl appeared before Peng Haoye. It gradually formed into a mirror-like, showing a shadowy figure in it.

Seeing this, Peng Haoye hurriedly downed on one knee and said respectfully with his head bowed. "My lord."

The lord in the mirror seemed to glance at Peng Haoye and said. "You've failed." Its voice was incomparably cold that could freeze anyone's soul.

Cold sweats immediately appeared on Peng Haoye as his body invisibly shivered. "I am willing to receive any punishment, my lord."

The lord went silent for a while before it said. "In a few days, I will send someone over. He will tell you the plan. Remember, this is your last chance."

Peng Haoye was relieved and hurriedly replied. "Understood, my lord."

A moment later, the black mirror slowly blended into the darkness and vanished completely. Peng Haoye stood and stared at the disappearing mirror. His eyes were overflowing with killing intent as he clenched his fists and said with deep hatred. "Han Bingling, Yun Lintian. I will definitely make you pay the price!"

At this moment, Yun Lintian was dragged along the streets by Nantian Fengyu like a sack. This scene was hilarious, immediately attracted many onlookers on the way.

"Slow down, fifth sister. Do you know where we are going to?" Yun Lintian said helplessly. He had completely given up the resistance and let Nantian Fengyu drag him away freely.

Nantian Fengyu stopped her tracks and turned to look at Yun Lintian innocently. "I don't know. Why don't you tell me then?"

Yun Lintian was speechless. He retracted his arm from Nantian Fengyu and looked for the direction briefly. "We should go to the Star River Hall. That place should have everything we needed."

Nantian Fengyu blinked her eyes cutely and said. "Good junior brother! I know that place. Let's go!"

Following that, Yun Lintian was dragged away by her once again. The two traveled for half an hour before arriving in front of a luxury seven-story building with a massive Star River Hall sign on it.

The Star River Hall was a trading hall under the Lin clan. It was mainly engaged in materials exchange. Anything besides a magical plant could be found here.

Nantian Fengyu didn't hesitate to pull Yun Lintian into the building and went straight toward a long reception counter.

"I want to buy a lot of bamboos." Nantian Fengyu immediately said upon arriving at the counter. Her voice was so milky, making a female clerk treat her like a kid.

The female clerk smiled warmly at her and turned to Yun Lintian. "May I know what are you looking for, sir?"

Being ignored by the clerk, Nantian Fengyu pouted angrily. "I said, I need a lot of bamboos."

The clerk still smiled warmly at her and turned back to Yun Lintian again, thoroughly treating Nantian Fengyu's words as a kid's nonsense.

Yun Lintian quickly said before Nantian Fengyu getting angry. "Just as she said. We want to buy a high-quality bamboo."

The clerk nodded and flipped through a book nearby her briefly before placing it in front of Yun Lintian. "I don't know which grade do you want, sir?"

Yun Lintian looked at the content of the book shortly and said. "You can give us the Heaven grade. I want as many as your hall has."

The clerk was surprised. She didn't expect Yun Lintian to be a big customer. She didn't question whether Yun Lintian could pay it and immediately went to check the inventory.

While waiting for the clerk, Yun Lintian flipped through the book to look for other materials. He was quite surprised upon seeing there were a lot of materials available here, and all of them ranged from the lowest grade to the Saint grade. It seemed this Star River Hall was as good as people said.

"Let me look at it too!" Nantian Fengyu tried to look at the book, but she was too short to see it.

Yun Lintian sighed inwardly and handed the book to her. The latter grabbed the book happily like a kid who got a new toy.

"Isn't this little girl Nantian?" At this moment, a male voice resounded from behind Yun Lintian and Nantian Fengyu.

Oh, please. Not again... Without turning around, Yun Lintian had already reckoned the classic trouble in the store plot was about to happen.

"Wang Jun!" Nantian Fengyu turned around and said coldly.

The newcomer was Wang Jun, who had been regarded as second to Jiang Yingyue by the masses. He had a handsome face with a somewhat sharp jawline. His eyebrows slanted upward at the end of them, making him look overbearing. His eyes were extremely sharp, like an eagle. As he walked forward, his entire body seemed to exude an oppressing aura that made people did not dare to look at him straightly.

When Yun Lintian heard this name, he turned around and observed the man in a blue robe with great curiosity. Compared to the gentle Jiang Yingyue, this Wang Jun was completely opposite... A high-level classic young master, huh?

As Yun Lintian observed Wang Jun, he suddenly felt a sharp Spiritual Sense swept over his body. It was at this moment did he notice a young man clad in a white robe behind Wang Jun. This person was eighty percent resembled Wang Jun, but the proud look on his face exceeded the latter. In short, he was definitely not a good bird in Yun Lintian's eyes.

Wang Jun ignored Nantian Fengyu and turned to look at Yun Lintian with a smile. "You are Yun Lintian? I heard you played a crucial role in the previous incident. Is it true?"

Chapter 320: Bad News

Yun Lintian sighed in his heart and cursed the old man Tian for making trouble for him. He smiled faintly and replied. "It's misinformation. I didn't do anything much."

"Heh, I know it. I can see you are not that strong as people claimed. I don't understand why they are treating him as if he is a hero who saves the entire city." The young man in white snorted disdainfully.

"Don't be rude, Wang Jue." Wang Jun reprimanded his younger brother. However, anyone with good eyes could easily see he was just pretending.

"Sorry, big brother." Wang Jue said with a smile.

"Hmph! My junior brother is definitely stronger than you." Nantian Fengyu crossed her arms before her chest and snorted coldly, looking at Wang Jue.

"Your junior brother? He joined your Moonlight Hall?" Wang Jun was surprised slightly. Although he had seen that the relationship between Nantian Fengyu and Yun Lintian was not ordinary, he never thought Yun Lintian had actually joined the Moonlight Hall.

"Moonlight Hall? That trash hall is suits you well." Wang Jue said mockingly while grinning at Yun Lintian.

"You!" Nantian Fengyu immediately flew into a rage and released her aura to suppress Wang Jue.

Wang Jun chuckled slightly and waved his hand. Instantly, Nantian Fengyu's aura disappeared entirely. "Don't be angry, little girl Nantian. Although what my younger brother said is unpleasant to hear, it is the truth, after all."

Wang Jue's face was slightly rigid when Nantian Fengyu's aura bore down him. A trace of anger appeared in his heart as he stared at Nantian Fengyu. When he had a chance, he would definitely pay it back to this stinky girl.

Nantian Fengyu was about to make another move, Yun Lintian immediately stopped her and said. "Relax, fifth sister. You don't have to be angry with them."

Yun Lintian was actually surprised in his heart when he saw Wang Jun easily dispel Nantian Fengyu's aura. Even though Nantian Fengyu was at the first level of Saint Profound Realm, her power should not be dispelled so quickly like this. Looked like Wang Jun's strength was not a joke at all.

"If Senior Brother Wang has something to do, please go ahead. We are not free to entertain you here." Yun Lintian said with a harmless smile. His gesture was extremely polite, but his words were otherwise. With that, he completely ignored the Wang brothers and tugged Nantian Fengyu to look at the book in her hand.

Nantian Fengyu suddenly felt this was an excellent way to deal with the hateful Wang Jun. She smiled brightly and continued to look at the content in the book.

"How dare you!?" Wang Jue was furious upon seeing Yun Lintian's action. He thought Yun Lintian would be angry and make a fuss with him so that he could use this chance to teach him. However, the reality was entirely different from what he thought. He couldn't understand how Yun Lintian could stay calm when someone insulted his hall.

Wang Jun's brows raised slightly. He took a deep look at Yun Lintian before turning around and leaving. His impression of Yun Lintian today could be described as a tricky person.

The reason Yun Lintian ignored Wang Jun and Wang Jue was because Nantian Fengyu was the one who started first. If the battle broke out, no matter what outcome, she would be labeled as the initiator in

the end. Hence, Yun Lintian simply ended the matter right away. If Wang Jun wanted to start again, he would naturally become the initiator this time.

"Interesting. He's not trash like many others think." Wang Jun curled his lips as he walked out of the Star River Hall. Although this small talk could not represent anything, Wang Jun could see one or two things in Yun Lintian. If this person grew further, he would definitely become a rival figure.

Wang Jue was distraught when he heard this. He didn't understand why his brother rated Yun Lintian highly.

In the hall, the clerk had returned to the counter and told Yun Lintian the number of available Heaven-grade bamboos.

Yun Lintian happily bought all of them. He pretended to put them in his fake storage ring that he purchased days ago and stored them in his interspatial ring instead.

The clerk's eyes widened open when she saw Yun Lintian store a massive amount of bamboos away. She thought he would need several storage rings, but Yun Lintian used only one. This storage ring was definitely a high-level one.

Yun Lintian asked the clerk for a few other materials and proceeded to buy them all before leaving the Star River Hall contentedly.

"Junior brother, where are we going to eat? Your fifth sister is hungry now." Nantian Fengyu touched her tummy and gave a pitiful look at Yun Lintian.

Yun Lintian sighed inwardly once again. He felt as though he was being a nanny. "How about going to my restaurant? I happen to have something to do over there."

"Your restaurant?" Nantian Fengyu tilted her head cutely. "Good junior brother. Hurry up. Bring your fifth sister to the place." Following that, she quickly dragged Yun Lintian away without knowing the direction.

"I...@@#\$%@#" Even though Yun Lintian had expected this and prepared beforehand, he simply could not resist her and let her pull him away once again.

Under Yun Lintian's guidance, the two of them finally reached the Heavenly Cloud restaurant a few minutes later.

"Lintian?" Yun Lingwei happened to walk out of the kitchen and saw Yun Lintian step into the restaurant.

Yun Lintian nodded and said. "This is my fifth senior sister, Nantian Fengyu." He then turned to Nantian Fengyu and introduced Yun Lingwei to her. "This is my aunt, Yun Lingwei. She's a formidable chef. You can tell her what you want to eat directly."

Nantian Fengyu smiled brightly and said. "Since you are my junior brother's aunt, you can call me Sister Fengyu."

Yun Lintian was puzzled. Since when did Yun Lintian have a senior sister? She nodded politely and said. "Alright, Sister Fengyu."

A while later, Yun Lingwei led the two into the private box on the top floor and returned to the kitchen.

Sitting down on a comfortable chair, Yun Lintian calmly poured a cup of tea to Nantian Fengyu, who was looking around like a curious baby. Suddenly, sound transmission from Yun Meilan rang out in his mind, causing his hand to freeze midair.

"The situation in the redlight streets is not good. We need to act now. Otherwise, those pitiful children wouldn't be able to hold on any longer."
