

Myth Beyond 391

Chapter 391: Digesting The Information

Yun Lintian closed his eyes and began to digest all the information he got today. First of all, Lin Zixuan's matter was mainly related to the Azure Palace. There were around five years left before Weilan Tianjun recovered. Yun Lintian believed his strength would be enough to contend with him at that time.

The second matter was about Jiang Yingyue's and Long Feiyan's situations. The former was related to the cliché forcing marriage plot, while the latter was under the pressure of the Myriad Pill Palace.

For this matter, Yun Lintian simply had no ability to help them. At least, not for the moment. He could only acknowledge and put it aside for the time being.

The third one was Yun Qianxue's matter. Although he was informed about her situation from time to time, he had been restless for unable to see her. And now, she had entered the so-called Eternal Frozen Cave. The restlessness in his heart grew tremendously. If it wasn't because he had to enter the mythical realm, he would go to find her by now.

For this one, he also couldn't do anything for the moment.

The last one was the biggest problem out of all — the Poison Valley and the Peng clan's threat. According to Principal Tian's words, the relationship between the three parties, Principal Tian, Poison Valley, and the Peng clan, could be described as restraining each other.

The Peng clan had the World's Destroying Bell in their hand and used it to threaten Principal Tian, causing the latter to be passive. Meanwhile, both of them also didn't dare to disclose it to the third party. If Poison Valley and Azure Palace got wind of this, it wouldn't be good for them.

At the same time, Principal Tian needed to take care of Poison Valley's threat. It could be said, among the three groups, he was in the most disadvantageous situation, even with the help of Han Bingling's Frozen Moon Palace.

It was at this moment, Yun Lintian understood everything why Principal Tian could not do anything to the Peng clan until now.

World's Destroying Bell?... I don't know how it works. Maybe it's not powerful as Principal Tian said? Yun Lintian doubted. However, as long as he could get a hand on this bell, the current situation would definitely reverse.

Thinking of this, Yun Lintian made a hand seal and contacted the Cloud Shadow team to find the information related to this bell. Even though he knew it was extremely difficult, it was still better than doing nothing.

After informing them, Yun Lintian immediately focused on the Frozen Moon Mythical Realm's matter. He didn't know how Principal Tian was going to send him away after coming out of the mythical realm. All he needed right now was to find a way to create the returning stone as fast as possible so that the Cloud Shadow team could retreat at any time... The problem was that he didn't know where to find a large amount of Spatial Stones.

"That's right! Why don't I ask Fourth Sister?" Yun Lintian suddenly thought of the greedy profiteer, Wu Qingcheng. As a daughter of the Mystic Pavilion's lord, she must have a way to obtain the Spatial Stone.

Since it was late now, Yun Lintian decided to ask her tomorrow. He hugged Linlin and fell asleep afterward.

While Yun Lintian was sleeping, there was a meeting in another courtyard. Peng Han was sitting behind a wooden table, and standing opposite him was Peng Si, who tried to cause Yun Lintian trouble today.

Peng Han leisurely sipped a high-grade spirit tea and squinted his eyes at Peng Si. "You're too disappointing."

Peng Si trembled and hurriedly said. "I am willing to receive the punishment."

Peng Han put the teacup down and said plainly. "What's the use of punishing you now?"

Peng Si lowered his head, did not know what to say.

"Forget it." Peng Han waved his hand. "Why don't you tell me why Yun Lintian went to see Tie Shan?"

"I heard that recently Tie Shan was hiding in the forging room, doing something. From the information I got, he seemed to make a weapon." Peng Si replied uncertainly. Actually, he didn't know much about Tie Shan's movement.

A frown appeared on Peng Han's face as he muttered. "Making a weapon?... Could it be he makes a weapon for Yun Lintian?... But why?"

Peng Han tapped his finger on the table, pondering over this matter. As far as he knew, Yun Lintian had met Tie Shan only once. Logically, they shouldn't have any deep relationship to the point that the descendant of the legendary forge master like Tie Shan would volunteer to make a weapon for him.

A moment later, Peng Han tapped on a rounded object on the table. A translucent projection immediately appeared in the air before him, and there was the battle scene between Yun Lintian and Chi Xiong displayed on it.

"He didn't use any weapon in this fight... If I'm not mistaken. He has the Saint-rank spear with him." Peng Han leaned against the chair comfortably while looking at the projection.

Peng Si hesitated briefly and asked cautiously. "Master, do you want me to check on him now?"

Peng Han glanced at him and said mercilessly. "You? Forget it. You can't even accomplish an easy task. Let alone this... Get out."

Under Peng Han's cold gaze, Peng Si's body was involuntary shivered, and he hurriedly left the room as if his life was on the line.

Peng Han tapped on the rounded object again, and the projection immediately disappeared. He crossed his arms and fell into deep thought.

As he was thinking of how to deal with Yun Lintian, the transmission jade on the table suddenly lit up. Peng Han almost jumped out of the chair as he hurriedly picked it up.

"Send someone to check on the Ding and Zhang clan of the Thunder City. Find their first line successors and ask whom they had interacted with during the Thunder Valley incident... Make it clean. Don't let Han Bingling notice it."

When Peng Han picked the transmission jade up, a cold voice instantly rang out from the other side.

If Yun Lintian was here, he would definitely recognize this voice. It was no other than the long-disappearing Yin Xu!

Chapter 392: The Profiteer Was Stunned Stupidly

Yun Lintian had no idea Yin Xu had caught a clue related to the Thunder Valley incident. He woke up from a good sleep and helped Linlin wash up before walking out of the tent with her.

The moment he stepped out of the tent, he saw Long Feiyan perform a set of punches and kicks in a nearby open area. On the side, Murong Xue grabbed a brush and attentively looked at the painting in front of her.

Yun Lintian immediately greeted them. "Good morning, Second Sister, Third Sister."

Long Feiyan glanced at him and gave a slight nod before continuing her practice while Murong Xue put the brush away and turned to him. "Do you have any appointments today?"

Yun Lintian shook his head. "No. But I have something to ask Fourth Sister."

"Oh? How about having a chat with me in a while?" Murong Xue said with a smile.

Yun Lintian thought for a moment and replied. "Alright. Then I will come to you after talking with Fourth Sister."

Following that, Yun Lintian walked toward Wu Qingcheng's residence and knocked on the door. "Fourth Sister, I have something to discuss with you."

The door was opened a moment later, and Wu Qingcheng appeared in her thin pajamas, revealing a white scenery above her mound, causing Yun Lintian to stare at it.

Wu Qingcheng didn't seem to care about it as she asked. "What is it? Have you decided to make money with me now?"

Yun Lintian retracted his gaze and said. "No, Fourth Sister. I want to ask you whether you can get a large amount of Spatial Stones."

"Spatial Stone? Come in first." Wu Qingcheng beckoned and walked into the living room, followed by Yun Lintian.

After sitting down around a table, Wu Qingcheng asked. "What do you need them for?"

"It's like this. I've learned forging art recently, and I want to make a storage ring. Also, I am interested in a grand transmission formation. It would be best if I can make it." Yun Lintian replied casually while pouring a tea for Wu Qingcheng.

Wu Qingcheng stared at Yun Lintian as if she wanted to see a flaw on his face. Upon seeing Yun Lintian didn't seem to lie about it, she rubbed her thumb and index finger together and said. "I can get it, but the price is not low. I wonder how is junior brother going to pay it?"

Seeing her sly expression, Yun Lintian secretly sighed in his heart. This fourth sister of his is truly a profiteer. She didn't even spare her junior brother.

Yun Lintian thought for a moment and said. "I have some best-grade Profound Stones left with me. I don't know how many Spatial Stones Fourth Sister can get?"

"It depends on how bulge your wallet is." Wu Qingcheng grinned. "Since you are my good junior brother, I will give you a discount. How about ten Profound Stones per piece?"

Yun Lintian immediately had the urge to vomit blood. This is a discount you said? Why don't you rob me directly?

"Five per piece." Yun Lintian mercilessly cut half of the price.

"Eight per piece." Wu Qingcheng did not back down in the slightest.

"Three per piece." Instead of raising the price, Yun Lintian cut it lower with a poker face.

Wu Qingcheng was taken aback for a moment. She had never encountered such a bargain method before and wondered if Yun Lintian's brain was still working fine.

"Isn't this too cheap, junior brother?" Wu Qingcheng asked with dissatisfaction.

Yun Lintian smiled faintly and took a sip of tea before replying plainly. "I came to you with sincerity, but you actually want to take advantage of me. Fourth Sister, aren't you too much?"

Although Yun Lintian didn't know the actual price of the Spatial Stone, he was certain it wouldn't exceed two best-grade Profound Stones. Wu Qingcheng was clearly trying to take advantage of his ignorance.

Wu Qingcheng stared straight into Yun Lintian's eyes and saw the latter's calmness wasn't fake. She sighed helplessly and said. "Alright. Your Fourth Sister will cut the love for you. Four best-grade Profound Stones per piece." She paused for a moment and added. "No bargain."

"Deal!" Yun Lintian accepted the price almost instantly, making Wu Qingcheng doubt herself.

I don't remember the last time I lost in the bargain... Wu Qingcheng thought. Although she could earn twice the profit in this deal, she still felt she had lost in the end.

Wu Qingcheng shook her head and put this matter aside. She suddenly took out a piece of a rounded grey stone and placed it on the table. "This is the Spatial Stone."

Yun Lintian quickly opened Eyes of Heaven to check on the Spatial Stone and discovered a small cyclone of grey energy within it. Undoubtedly, this was the Spatial element he was looking for.

He didn't expect a lot of the spatial energy within one stone. Just one piece of it would be more than enough to make it into the lowest-rank storage ring.

Yun Lintian nodded his head with satisfaction and raised his head to look at Wu Qingcheng. "How many you can get, Fourth Sister?"

Wu Qingcheng curled her lips and said boastfully. "As much as you want. This Spatial Stone may be scarce in the eyes of everyone, but to me, it is just a common stone that I can pick it up at any time."

Yun Lintian ignored her boasting part and said. "How about twenty thousand?"

Hearing this, Wu Qingcheng was instantly dumbfounded. Her mouth agape, and she looked at Yun Lintian with incredulity.

"Is it too many? Ten thousand is also fine." Yun Lintian thought he asked too many. After all, it was a rare material. Even with Wu Qingcheng's powerful channel might not be necessary to get it.

Wu Qingcheng hurriedly shook her head and asked in doubt. "It's not too many. I can get them. However, are you sure you have forty thousand of the best-grade Profound Stones?"

As she spoke, she involuntarily swallowed her saliva. She knew that Yun Lintian had given a large number of treasures to everyone here, but she didn't believe he could take out this massive amount of the Profound Stone.

Yun Lintian said nothing and waved his hand. Immediately, the room was filled with forty thousand of the best-grade Profound Stones that were forming into a small mountain.

Seeing this scene, Wu Qingcheng's jaws almost dropped to the ground. For her entire life, she had never seen so many of the best-grade Profound Stones before.

Chapter 393: The Circumstances Of Senior Sisters

The dense profound energy emitted from the forty thousand best-grade Profound Stones immediately attracted everyone on the Moonlight Peak. Wu Qingcheng recovered from the shock and hurriedly stored them in her storage ring.

Yun Lintian wasn't surprised seeing Wu Qingcheng storing them away at ease. Her storage ring must be the highest-level one.

"How long does it take to get the Spatial Stone?" Yun Lintian asked. He didn't worry Wu Qingcheng would cheat him at all. He just wanted to get it before the mythical realm opened.

Wu Qingcheng calmed down and responded with a reassuring smile. "Don't worry. Your Fourth Sister can get them in one day."

"Alright. Then I will leave first." Yun Lintian nodded and left the house under Wu Qingcheng's scrutinizing gaze.

"This junior brother is surely interesting." Wu Qingcheng muttered with a grin.

When Yun Lintian got off of Wu Qingcheng's house, he immediately saw Murong Xue watching him with a meaningful smile. He knew the Profound Stones earlier had caused a considerable commotion, and Murong Xue must come to see it.

Yun Lintian didn't intend to explain anything. He said. "What are you going to discuss with me, Second Sister?"

Murong Xue was aware that she shouldn't delve into this matter, so she put her curiosity aside and beckoned him. "Come with me."

Murong Xue led Yun Lintian to a small bamboo pavilion nearby the stream. After they sat down, she performed a tea art and gave Yun Lintian a cup before getting into the topic. "I heard you did something on the girl from the Red Lotus Dancing Hall."

"Red Lotus Dancing Hall? Who is that?" Yun Lintian was confused. He had no idea who Murong Xue was talking about.

"It's Li Na, the girl you've molested her during the Forest Maze." Murong Xue gave Yun Lintian an ambiguous smile as she said.

"Ah?" Yun Lintian immediately remembered that seductive girl. He touched his nose awkwardly. "Yes. It's indeed the case... But you can't blame me, Second Sister. She tried to harm me first."

"I'm not going to blame you. Why are you nervous?" Murong Xue laughed slightly. "From your action, I already know you have no clue about the Red Lotus Dancing Hall and what disaster you have provoked."

Yun Lintian's expression turned serious upon hearing this. He waited for Murong Xue to explain further.

"On the Central Continent, there are two most famous dancing halls. Red Lotus Dancing Hall and Endless Dream Dancing Hall. The girl you've molested comes from the Red Lotus Dancing Hall, and her status is not low either. She's one of the candidates for the next generation hall master. Since you've done an unforgivable crime on her, she would never let you go." Murong Xue explained calmly.

Surprisingly, Yun Lintian shrugged carelessly. "Let her come then. I have already shown mercy by not killing her on the spot."

Murong Xue shook her head. "I know you are confident, but let me tell you. The Red Lotus Dancing Hall is not something you can handle yourself. They have extended their tentacles everywhere, no less than the Star Pavilion. Perhaps your every move has been monitored by now."

"What should I do then?" A frown appeared on Yun Lintian's face. He didn't expect that girl to have such a huge background. Why would she become Wang Jue's underling then?

Murong Xue suddenly threw a small exquisite plate with the word 'Dream' written on it to Yun Lintian and said. "Show this to them when they show up. They won't dare to do anything on you after seeing this."

Yun Lintian grabbed the plate and looked at it carefully before raising his head to look at Murong Xue. "Don't tell me, Second Sister comes from the Endless Dream Dancing Hall?"

Out of his five senior sisters, Murong Xue's was the most mysterious one. Yun Lintian guessed that she had a powerful background like others, which seemed to be the case now.

Murong Xue didn't admit or deny. She only smiled faintly and said. "What do you think?"

Seeing she didn't want to tell him, Yun Lintian didn't insist on this topic further. He said with a serious expression. "Thank you, Second Sister."

"You are my one and only junior brother, anyway. How could your Second Sister bear to see you in danger?" Murong Xue curled her lips and took a sip of tea.

The two leisurely enjoyed the excellent tea for a while, and Yun Lintian asked. "Second Sister, how long are you going to stay here? I mean in the Northern Continent."

"Oh? Why are you asking this?" Murong Xue put the teacup down and asked interestingly.

"Nothing. All of you come from powerful fractions. I just feel it's unbelievable to see all of you here on the weakest continent. So I guess you will have to go back one day." Yun Lintian said casually.

Murong Xue went silent for a moment before replying. "If anyone among us leaves first, it should be Qingcheng. I think you're aware of her identity and situation. Do you think they didn't know her whereabouts? In fact, her father always knows she's here. He probably let her play for a while before bringing her back."

"For our Big Sister Yingyue, it depends on our Master. As long as she stands behind her, the Jiang clan wouldn't necessarily be able to bring her back. So she's likely to stay here longer than anybody."

"Feiyan's situation is different from ours. She is always under pressure. I guess she would leave when she has broken through the Monarch Profound Realm."

"Fengyu's situation is unique. I can't tell you for the time being. You will eventually learn about it later." Murong Xue paused to take a deep look at Yun Lintian and continued. "As for me, I will stay here as long as I can."

Yun Lintian nodded his head and remembered everything in his heart. Although their relationship with him wasn't deep as they had spent a little time together, Yun Lintian could see their sincerity wasn't fake. If he had the power to help them and the situation was allowed, he would undoubtedly lend them a hand.

Chapter 394: Mistake

"Let's not talk about this. What are you going to do next after returning from the mythical realm?" Murong Xue asked.

Yun Lintian hesitated briefly and decided not to tell them about his plan. He replied casually. "I don't know yet. Maybe clearing all the training grounds here."

Murong Xue suddenly changed the topic. "By the way, what do you think about Xinyao? Have you thought about her in a romantic way? Your ages are similar. You two should be easy to get along, right?"

Yun Lintian was taken aback and brushed it off. "Why are you asking this, Second Sister? I'm not interested in getting into a relationship now. Our lifespan is long. I'll think about it when I stand at the top of the world."

"Heh... Why did you molest Li Na then?" Murong Xue teased.

Yun Lintian coughed awkwardly. "Uhm... I have no choice at that time."

Murong Xue cast a sneer at him as she didn't buy it. Men were a creature thinking with their lower half. In her eyes, Yun Lintian was no exception.

Seeing her disdainful expression, Yun Lintian didn't know what to say and could only smile awkwardly.

Murong Xue looked at Linlin on Yun Lintian's laps and asked. "I can take care of Linlin while you go away."

Yun Lintian shook his head. "It's okay, Second Sister. I have my arrangement for her. She doesn't like to stay here."

As he spoke, Linlin poked her head to look at Murong Xue and then ignored her, as if saying she didn't want to stay with the latter.

Murong Xue was speechless seeing Linlin's action. She didn't insist further and said. "You should go back to prepare yourself. I heard Palace Master Hans said the mythical realm could open within a few days after this."

Yun Lintian nodded and excused himself, returning to his tent.

Time passed by quickly. In a blink of an eye, three days had passed, and right now, Yun Lintian was busy trying to create the returning stone. Two days ago, he received twenty thousand Spatial Stones from Wu Qingcheng. He stored half of them in the Land of Beyond Heaven and used another half for an experiment.

With the help of Yun Huanxin, Yun Lintian got some clues regarding the returning stone's concept. The main problem was how to bypass the Gate of Beyond Heaven since it was attached to Yun Lintian's soul.

On this matter, Yun Lintian had tried all the means he currently knew, but none of them could achieve what he wanted. He started to wonder how Lord Sky Throne did it.

"Maybe Teacher Tie can give guidance?" Putting down the wasted Spatial Stone in his hand, Yun Lintian muttered to himself and decided to visit Tie Shan.

Without further ado, Yun Lintian left the Moonlight Peak and headed to see Tie Shan with Linlin on his shoulder.

Upon arriving at Tie Shan's classroom, he saw Fei Mao sweating profusely while hammering down on an essence iron placed on an anvil. Yun Lintian's gaze paused on Fei Mao for a moment before scanning around the room and did not see Tie Shan's figure.

Yun Lintian went to Fei Mao's side and asked. "Fei Mao, where's Teacher Tie?"

Fei Mao stopped his action and wiped the sweat out of his forehead before turning to Yun Lintian. "Brother Yun? I heard Teacher Tie is called by the Supreme Hall Master. He hasn't come back yet."

"Supreme Hall Master?" Yun Lintian's brows involuntarily knitted together upon hearing this. A bad feeling immediately rose in his heart.

When he left Tie Shan's classroom last time, Peng Si had appeared so timely. Evidently, it wasn't a coincidence. And now this. The Supreme Hall Master, Peng Han, was probably suspected Tie Shan had helped him with something and called him up... This was not a good thing.

Seeing Yun Lintian's unsightly expression, Fei Mao was puzzled. "What's wrong, Brother Yun? Are you feeling unwell somewhere?"

Yun Lintian quickly asked. "How long did Teacher Tie leave?"

Fei Mao thought for a moment and answered. "It should be around a half an hour ago."

Yun Lintian said nothing further and hurriedly left the room, leaving Fei Mao confused.

Naturally, Yun Lintian did not go to the Supreme Hall. Instead, he went straight to the Sky Courtyard.

Since the last time he came here, Principal Tian seemed to give him permanent permission to enter and leave the Sky Peak at will. No one had questioned him when they saw him coming.

"What bring you here?" As Yun Lintian walked into the Sky Courtyard, Principal Tian's voice immediately rang in his mind.

Yun Lintian hurriedly answered. "I come here to ask Senior for help. Teacher Tie helped me upgrade my weapon, and now he was called up by Peng Han. I fear that he would be in danger."

Principal Tian went silent for a moment and said. "Leave it to me."

Hearing this, Yun Lintian did not feel at ease. He took out the transmission jade and contacted Hong Wuya to inform him.

A while later, he heard Hong Wuya reply. "Don't worry. Even if Peng Han has ten guts, he won't dare to do anything to Senior Tie. And now, Principal Tian has taken care of it, you can be at ease... However, you are too reckless this time. You shouldn't go to Principal Tian."

Yun Lintian suddenly realized the mistake he had just made. Indeed, he was too reckless this time. Now, Peng Han could easily confirm his suspicion about Tie Shan and him because of this.

Yun Lintian covered his forehead and muttered. "Yun Lintian ah, Yun Lintian. Why did you become stupid all of a sudden?"

"Heh, brat. You have this day, huh?" Hong Wuya's mocking voice rang out from the other side once again as though he could hear what Yun Lintian said.

I'm not omnipotent, alright? Yun Lintian rebutted in his heart and ignored Hong Wuya.

A while later, Principal Tian appeared before Yun Lintian and said. "It's fine now. He has already returned to his classroom."

"Thank you, Senior. I was reckless this time." Yun Lintian lowered his head slightly.

Principal Tian naturally understood everything. He smiled amiably and said. "You are still young, after all." He then changed the topic. "Are you ready? The mythical realm is going to open in two days. You may need to set off tonight."

Yun Lintian looked at Principal Tian in surprise. He didn't seem aware of this at all. "I'm more than ready, Senior."

Chapter 395: The Returning Stone

"I'm sorry. It's my fault, Teacher Tie. You've been implicated because of me." In the classroom, Yun Lintian bowed his head toward Tie Shan. If it wasn't because he let Tie Shan upgrade his spear, he wouldn't be targeted by Peng Han like this.

Tie Shan smiled benevolently. "You don't have to do this. It's not your fault. With or without you, they will eventually target me. On the contrary, I have to thank you for letting me see my ancestor's legacy before I leave this world."

"Don't say like that, Teacher. You will definitely see more of them later." Yun Lintian said firmly. As long as Tie Mutian's legacy was in this world, he had a hunch he would undoubtedly encounter it. At that time, he would bring it back to Tie Shan to see.

Tie Shan smiled meaningfully. He could see through Yun Lintian's thoughts. "Thank you. I'll wait here."

From Tie Shan's words, he was obviously aware of Yun Lintian's incoming departure.

Yun Lintian's expression changed slightly. He was surprised that Tie Shan knew about this. "Teacher..."

Tie Shan turned his head sideways and said calmly. "Teacher don't have anything to teach or give it to you. Teacher could only hope that you will be safe and sound throughout your journey."

Yun Lintian was moved. He had never thought the Tie Shan would treat him so sincerely like this. After all, they had known for a short period, and there weren't many interactions.

Before Yun Lintian could say anything, Tie Shan changed the topic. "Why are you looking for me?"

Yun Lintian swallowed the gratitude word back and explained. "It's like this, Teacher. I want to create something similar to the student token that can bind with our souls and teleport us back to the assigned location."

Tie Shan answered right away. "It's not difficult as long as you have enough Spatial Stone."

"There's a problem I can't solve, Teacher. What if the destination is somewhere similar to the mythical realm? How do we bypass the mythical realm's entrance?" Yun Lintian said further.

A thoughtful expression appeared on Tie Shan's face. He then quickly activated the isolation formation and asked. "Can you explain more about the destination you want to set up? For example, is there any restriction before entering?"

Yun Lintian thought for a moment and said. "There's indeed a restriction. Everyone needs to get the gatekeeper's permission before entering... The entrance isn't fixed and can be moved along with the gatekeeper."

Tie Shan frowned, as he had never seen such a thing before.

Yun Lintian did not interrupt Tie Shan's thought and found a chair nearby to sit on.

A few minutes later, Tie Shan turned to look at Yun Lintian and said. "There's a solution for this. You have to bind the gatekeeper's soul with the token. When someone wants to enter, he needs to contact the gatekeeper first. After getting the permission, the transmission formation would be activated through the soul connection. The gatekeeper has to open the gate waiting for him at that time. As for the range, it depends on the quality of the Spatial Stone."

Yun Lintian immediately enlightened. Although there was a flaw in that he had to open the gate manually, it was still the best method he could come up with at this moment.

He hurriedly stood up and took out a portion of Spatial Stones. "Teacher, can you teach me how to create the token?"

Tie Shan looked at the Spatial Stones on Yun Lintian's palm in surprise. He then nodded his head. "Come with me."

Following that, he walked toward the furnace at the end of the room.

A day later, Yun Lintian held a small golden token on his palm with an excited expression. This was the returning stone Tie Shan had created for him. Although he hadn't tested it yet, it should be no problem.

"With these twenty thousand Spatial Stones, we can create around one hundred of them. The transmission range should be no less than half of the world." Tie Shan looked at the returning stone on Yun Lintian's palm with a satisfied smile.

"So exaggerated?" Yun Lintian was surprised by its extensive range. He thought it would be enough to cover the Northern Continent at best.

Tie Shan nodded his head while stroking his beard. "Thanks to the high-quality Spatial Stone you got. This type of Spatial Stone isn't available on the market. Even if you have money, you can't buy it at all. Look like you've spent a lot."

Tie Shan was well-aware of Wu Qingcheng's identity. Hence, he wasn't surprised Yun Lintian could get all of these Spatial Stones. What surprised him was that Yun Lintian could actually afford the price.

Yun Lintian put the returning away and gave Tie Shan a deep bow. "Thank you, Teacher Tie."

Tie Shan smiled benevolently and said. "You can come to take the rest tomorrow morning before you set off."

"Then I'll have to trouble Teacher again." Yun Lintian nodded.

After exchanging a few words with Tie Shan, he returned to the Moonlight Peak, preparing for the Frozen Moon Mythical Realm that was going to open tomorrow. In fact, he should leave since yesterday, but he had to get the returning stone first. Otherwise, he wouldn't have a chance anymore.

When Yun Lintian returned to his tent, he quickly took the returning stone out and bound it with his soul and Linlin's soul. Afterward, he let Linlin activate the returning stone. Instantly, Yun Lintian felt a connection between him and Linlin had been established. He then summoned the Gate of Beyond Heaven and opened it.

In the next moment, Linlin's figure immediately disappeared into the gate. Yun Lintian didn't hesitate to follow her in and saw she was landing nearby the villa safely.

"It works, Big Brother Yun!" Linlin wagged her tail happily. She knew Yun Lintian was in trouble with this returning stone for a while now. Finally, the problem had been solved.

Yun Lintian picked Linlin up and said. "Big brother is going to enter the mythical realm soon. Linlin has to stay here with your sisters, understand?"

Although Linlin was reluctantly to leave Yun Lintian's side, she still complied with his wish. "You have to take care of yourself, Big Brother Yun. Linlin will wait for you here."

Chapter 396 - The Final Preparation

A while later, Yun Ruanyu, Yun Qingrou, Yun Meilan, Yun Huanxin, and Yun Lingwei arrived at Yun Lintian's side. They understood Yun Lintian was about to enter the Frozen Moon Mythical Realm soon.

During this period, their strength hadn't risen much. They were still miles away before breaking through to the Heaven Profound Realm. Yun Lintian estimated it would take two or three months for them.

"You've successfully created it?" Yun Huanxin was surprised when she saw the trace of the returning stone on Linlin's paw. As someone proficient in the spatial element, she was extremely sensitive toward it even though most of the spatial element in the returning stone had dissipated.

"Yes." Yun Lintian nodded. "We have to thank Senior Tie for this. Everything is done by him."

"As expected from the descendant of the legendary forge master." Yun Lingwei praised. She had long heard about Tie Mutian's legend. If it wasn't because she could enter the academy at will, she would visit Tie Shan to learn from him long ago.

Yun Huanxin asked for the returning stone from Linlin and took a look at it. After a while, she said. "What's the transmission range?"

"I'm not sure myself. Senior Tie said it could cover half of the world." Yun Lintian replied.

Everyone had an astonished expression on their face upon hearing this.

"It's too exaggerated, right?" Yun Lingwei said in disbelief.

However, Yun Huanxin had a different opinion. She took out the Spatial Stone Yun Lintian brought and said. "This Spatial Stone contained a large amount of the spatial element. If I'm not mistaken, this Senior Tie probably uses several pieces to create one returning stone. Therefore, what he said is not exaggerated at all... In the future, we may be able to create one that covers the whole world."

"Alright, I'll leave Linlin here and go out first. I guess I will come back again a month later." For fear that someone would come to his tent, Yun Lintian had to leave right now.

Yun Ruanyu nodded and said. "Be careful out there."

As Yun Lintian was about to leave, he suddenly remembered something and said. "Right, everyone can ask Linlin about the current situation I am facing. I'll have to trouble Ruanyu to come up with a proper plan."

Following that, Yun Lintian quickly left the Land of Beyond Heaven and appeared in the tent. He dispersed the isolation formation and got out. ;

At this moment, Jiang Yingyue happened to walk out of Yun Lintian's house and motioned Yun Lintian to get in. "Junior Brother Yun, Master has something to talk with you."

Yun Lintian nodded and followed into his house. He immediately saw Han Bingling, Lin Xinyao, and Lin Zixuan sitting around the table as he walked in.

"Sit." Lin Zixuan beckoned. "The Frozen Moon Mythical Realm is going to open tomorrow. You should leave now."

Yun Lintian sat down and said. "Master, can I leave tomorrow? I need to get something from Teacher Tie first."

Lin Zixuan didn't ask about it and turned to Han Bingling. The latter then said. "Of course, you can. I'll leave Muyue with you. You can contact her whenever you're ready."

Han Bingling glanced at Lin Xinyao and said. "The Frozen Moon Mythical Realm is different from other mythical realms you've seen before. It is indeed a high-level mythical realm, but there are few dangers. The only thing you will see is an endless snowfield and a strange pagoda at the center of the realm. However, no one has ever entered before."

"In there, a lot of treasures can be found, including the Moon Stone. This time, I want you to help Xinyao a bit. These Moon Stones are important for her growth."

Yun Lintian looked at Lin Xinyao and then Mumu. At this time, he remembered he hadn't unlocked Lin Xinyao's seal yet. Perhaps he could help her later in the mythical realm.

"No problem. Is there anything else I need to pay attention to?" Yun Lintian asked. He felt the Frozen Moon Mythical Realm in Han Bingling's words were too ordinary beyond belief. There must be something hidden in it.

Han Bingling shook her head. "There isn't anything else. Usually, we use this place for practicing."

Yun Lintian frowned slightly. If it wasn't because he was aware of The Moon's existence, he probably believed this Frozen Moon Mythical Realm was fake. Since there was no other reliable information, he could only see it by himself.

At this moment, Lin Zixuan said. "You can go with ease. Don't worry about the situation here."

Yun Lintian nodded and discussed the Peng clan and the potential threat with everyone before returning to his tent.

On the following day, Yun Lintian went to see Tie Shan and retrieved all the one hundred returning stones.

"Brother Yun!" As Yun Lintian walked out of the room, he saw Fei Mao walk toward him.

"Why are you here so early today?" Fei Mao arrived beside Yun Lintian and asked.

"I'm here to talk with Teacher Tie. I'm about to leave for the mythical realm now." Yun Lintian smiled faintly. ;

"Ah? Are you leaving now?" Fei Mao's face was full of sadness upon hearing this. Since entering the academy, he only had Yun Lintian as a friend. Hearing he was about to leave, Fei Mao was naturally sad.

Yun Lintian noticed Fei Mao's mood. Although it was a short time since they met, Yun Lintian had already treated Fei Mao as his friend. He felt he needed to give him something before leaving.

He thought for a moment and took out a high-grade storage ring he bought a long time ago. He stuffed a few best-grade and high-grade Profound Stones along with Profound Spiritual Liquid into it before handing the ring to Fei Mao. "Here, take this."

Fei Mao was puzzled but still reached his hand out to receive the ring from Yun Lintian. When he checked the content inside, his mouth opened wide, and he looked at Yun Lintian in shock.

"You can use this to raise your strength so that no one can bully you further. If you encounter a problem, you can go to the Starry Hall and ask Senior Sister Cai Xuwen for help. I'll notify her beforehand." Yun Lintian said. ;

Without waiting for Fei Mao to reply, he quickly walked away, leaving the building, and headed to the city. He planned to distribute the returning stones to the Cloud Shadow team first before leaving for the mythical realm.

Chapter 397 - The Frozen Moon Mythical Realm's Entrance

"So this is the Frozen Moon Mythical Realm's entrance?" Hours later, after arranging everything, Yun Lintian had arrived at a snow peak several thousand kilometers away from the Profound Sky Divine City.

On the top of the snow peak, a huge crescent-shaped purple jade stood vertically at the center of an open area. It slowly rotated clockwise and gently released purple light from time to time. From the spatial fluctuation emitted from it, Yun Lintian could identify it as the mythical realm's entrance right away the moment he saw it.

At this moment, more than a hundred people were gathering around the entrance. Yun Lintian's arrival did not cause any commotion until they saw Lin Xinyao walking toward him.

"You're here." Lin Xinyao said softly.

Currently, she wore a slightly thick purple robe that was covering her entire body from her neck to toe. Her face was naturally covered with her usual purple veil; only her eyes could be seen. Even if she dressed like this, it did not hide her charm in the slightest. On the contrary, the sense of mystery around her gave people more urge to unravel the secret behind it.

Needless to say, every move and frown she made, she would always become the center of attention. When they saw Lin Xinyao take the initiative to greet Yun Lintian, they immediately glared at him as though he had just killed their parents.

Yun Lintian smiled bitterly when he perceived the death glares from these men. Although his entire face was hidden beneath a white hood and mask, it did not prevent them from recognizing his identity. After all, he was too high-profile recently.

Yun Lintian responded. "How long do we have to wait further?"

"It should be less than an hour." Lin Xinyao replied and led Yun Lintian to her camp.

When Yun Lintian arrived at Lin Xinyao's camp, he saw a few familiar faces sitting around a long table, engaging in discussions.

"Hua Wanru, Yang Mengli?" Yun Lintian was surprised to see them here. It was at this time he remembered they were accepted into the Frozen Moon Palace.

Hearing someone called their names, Hua Wanru and Yang Mengli turned their heads to look at the man clad in white from head to toe curiously.

Yun Lintian pulled the hood and the mask down as he greeted them. "It's been a while, huh? Your progress isn't slow at all. Looks like both of you are doing well there."

"Brother Yun!" Hua Wanru and Yang Mengli exclaimed in surprise. They didn't expect to see him here.

A few girls besides them had also looked at Yun Lintian. Yun Lintian's name wasn't entirely unfamiliar for them, as they often heard Hua Litong mentioned.

With her Illusory Flower Soul, Hua Litong's strength had advanced by leaps and bounds. In a short time, she had already reached the peak of the Origin Profound Realm, similar to Yun Lintian. And now, she had also become a core disciple of the Frozen Moon Palace. Therefore, her influence among the disciples was not low.

They had long been curious about this man that Hua Litong admired. Especially when they saw Lin Xinyao personally greet him, their curiosities instantly intensified.

Hua Wanru hurriedly stood up and gave Yun Lintian her seat. "Please sit here, Brother Yun."

Yun Lintian glanced at the other seven girls around the table and waved his hand. "I better stand here. Don't worry about me." He then changed the topic. "Have you contacted Brother Yang recently?"

Hua Wanru shook her head. "We can't contact him."

Yun Lintian was puzzled and took out the transmission jade before handing it to her. "Try this."

Because the Frozen Moon Mythical Realm had nothing to do with Yang Chen's progress, he decided not to participate in it. This included Qin Yiran and others.

Hua Wanru immediately became excited. She quickly thanked Yun Lintian and walked to the side to contact Yang Chen.

Yang Mengli wasn't in a hurry. She didn't ask about her younger brother as she was aware he was safe and sound. Instead, she said. "Are you coming here alone?"

Yun Lintian nodded his head. "Yes."

As he said this, he turned around to look at the group of people in the distance. Among them, Wang Jue and Li Na were present. At this moment, both of them seemed to notice someone watching them. They traced to see Yun Lintian, and their eyes were immediately filled with killing intents. Especially Li Na. Hatred was written all over her face.

Seeing this, Yun Lintian gave them a grin before ignoring them and turning to look at others. Most of these people were from the academy, and the rest came from the White Feather Sect or the Violent Gale Sect.

"Did they have an enmity with you?" Yang Mengli asked as she perceived Wang Jue's and Li Na's unfriendly gaze.

Yun Lintian turned around and said. "It's better for you to stay away from me in there. They are likely to do something on you if they are aware of our relationship... Their identity isn't something you can handle."

Yang Mengli's expression turned serious. She took another glance at Wang Jue and Li Na before saying. "Understood. I'll be careful."

Lin Xinyao was simply standing there beside Yun Lintian without a word throughout the conversation. However, in those men's eyes, this meant she cared a lot about him.

Poor Yun Lintian, he had unknowingly become the public enemy of all men now.

Buzz—

As Yun Lintian was about to ask Yang Mengli about her well-being, the sky darkened all of a sudden. A brilliant moonlight abruptly shot down from the moon in the sky and landed on the crescent-shaped purple jade at the center. In the next moment, the crescent-shaped jade began to increase its rotation until it became a purple ball looking from the outside.

Purple light shone brightly, and the spatial fluctuation had become intense. A short period later, a purple spatial whirlpool could be seen around it.. Undoubtedly, the mythical realm's entrance had now officially opened.

Chapter 398 - The Gift

At this moment, a few beautiful figures landed on the ground before the entrance. From their attires, they were obviously from the Frozen Moon Palace.

The leading figure was a cold face woman with an oppressive aura. Her name was Han Lou, the supervisor of this mythical realm's exploration.

As she appeared, everyone quickly stood up and waited for her word. Their expressions were especially reserved; they didn't even dare to breathe heavily as they were all aware of her identity.

Han Lou swept her gaze around briefly and said. "The spatial whirlpool behind me is the entrance to the Frozen Moon Mythical Realm. After entering, all of you will be sent to a random location... You may now enter."

Yun Lintian was stunned for a moment by how short Han Lou's speech was. She might as well let people enter directly without a word.

Since it was considered the Frozen Moon Palace's site, the twenty disciples of the Frozen Moon Palace were allowed to enter first.

"Brother Yun, I'll go first. See you in there." Yang Mengli sent a sound transmission to Yun Lintian before disappearing into the spatial whirlpool along with Hua Wanru and others.

Meanwhile, Lin Xinyao stared at Yun Lintian for a while as though she wanted to say something but chose to be silent in the end and entered the spatial whirlpool afterward.

Her action undoubtedly provoked the jealousy of all men in the scene. They tried their best to remember Yun Lintian's appearance, and they were probably going to find trouble with him later.

What the hell with these simps? Yun Lintian sighed inwardly and chose to ignore them.

At this moment, his gaze inadvertently landed on Li Na, and he saw her make a throat-cutting gesture toward him with a cold face.

Seeing this, Yun Lintian chuckled and raised two fingers up. He moved his fingers back and forth and glanced at Li Na's private part with a lascivious grin.

His action immediately made Li Na's face flush red in shame. She snorted coldly and hurriedly entered the spatial whirlpool as though she ran for her life.

Yun Lintian laughed slightly seeing her fleeing figure.

While Yun Lintian was laughing, Wang Jue's voice suddenly rang in his mind. "Laugh as much as you want. This will be your last time."

Yun Lintian stopped laughing and glanced at Wang Jue briefly before turning elsewhere. Obviously, Wang Jue wasn't worth paying attention to at all.

Wang Jue immediately became furious when he saw this. However, he knew it wasn't the time to make a fuss. He simply gave Yun Lintian a fierce glare and disappeared into the spatial whirlpool.

One after another, the participants had all entered the mythical realm, and Yun Lintian was the last person left behind. When he was about to enter, he suddenly heard Han Lou say. "Take this."

Before Yun Lintian could react, he saw a storage ring fly toward him and land on his hand. With a doubtful expression, Yun Lintian looked at the content inside and saw a powerful golden armor made of a high-level material. There were twenty of a small golden bead at the corner, which Yun Lintian believed were a kind of explosive weapon.

Retracting his gaze, Yun Lintian raised his head to look at Han Lou in confusion and heard the latter say. "This is the gift from Palace Master. She hopes you can help Xinyao a bit."

Yun Lintian's eyes flickered slightly. He slowly nodded his head and said. "Please tell her, don't worry about it." Following that, he turned around and disappeared into the spatial whirlpool.

Han Lou's gaze stayed at the whirlpool for a while, as if she was thinking of something. At this moment, a tall woman beside her suddenly asked. "Senior Sister Lou, why did our Palace Master attach so much attention to him? I don't see anything special on him at all."

Han Lou retracted her gaze and said faintly. "You're wrong. He's definitely the most special person among people here."

Hearing this, the tall woman, as well as other women around her, had puzzled expressions on their faces, but they didn't ask further since Han Lou did not intend to give them an explanation.

The instant Yun Lintian touched the spatial whirlpool, an enormous attractive force greeted him head-on. Subsequently, his mind spun giddily from the frightening space-tearing force.

At this time, Yun Lintian realized this short-time transmission was obviously different from the previous experiences he had been through. Just as he was about to use his profound energy to resist the space-tearing force, a field of purple light suddenly flashed in front of his eyes, and he found himself standing on an endless snowfield a split-second later.

Yun Lintian looked around speechlessly for a long while. He tried to confirm whether he was truly inside of the mythical realm.

Roar—

As Yun Lintian was pondering, the unending cries of all kinds of profound beasts suddenly resounded from all directions, causing his body to involuntarily tense up, and his vigilance rose dramatically.

Yun Lintian quickly spread his Spiritual Sense out, but to his surprise, he didn't find a single trace of any profound beast nearby. Which meant these cries were coming from a very distant place.

"Did these profound beasts enhance their voices or something?" Yun Lintian didn't know what kind of these profound beasts to let out such a loud cry. His body relaxed slightly, and he tried to communicate with the Gate of Beyond Heaven in his mind to ensure he could escape at any time.

When he discovered he could summon the Gate of Beyond Heaven, Yun Lintian heaved a sigh of relief. His life was basically secured now.

Just as Yun Lintian was about to choose a direction to move forward, a snowstorm suddenly swept toward him. The raging wind roared, filling Yun Lintian's vision with icy mist, making him unable to stand still, and his Spiritual Sense was instantly blocked.

Without further ado, Yun Lintian released his profound energy and converted it into a flame armor circling around his body. The surrounding snow quickly melted away upon touching it, and his vision slowly returned to him.

The moment Yun Lintian completely regained his sight, he immediately discovered a large mouth full of sharp teeth arrived a few inches before him, accompanied by a bloody smell.

Chapter 399 - Fierce Battle In The Snow

Instantaneously, Yun Lintian's instinct kicked in and quickly moved to the side while sending out a powerful kick toward the incoming creature.

Bang!

Yun Lintian's kick precisely landed at the neck of the creature, immediately sent it away while Yun Lintian himself had also spun a few rounds in the air before landing on the ground safely.

"Ugh..." Yun Lintian grunted slightly as he felt as though he had just kicked on the steel wall.

He shook his numb leg and took a good look at the creature. Several meters away, a five meters tall ice wolf got up from the ground and glared fiercely at Yun Lintian. Its entire body was snowy white, with claws that were like frozen blades, releasing a bloodthirsty aura.

Yun Lintian was familiar with the ice wolf because it could be seen everywhere in a snow region. However, this one in front of him was entirely different. Although its appearance was pretty much similar to the ordinary ice wolf, its size was twice bigger.

"Rawl!" The ice wolf instantly let loose a bloody roar as he charged at Yun Lintian. Its bloody-red eyes fixated on Yun Lintian as if the only goal of its existence was to do everything it could to tear him apart.

Experiencing the ice wolf's robust body, Yun Lintian naturally wouldn't go head-to-head against it. The White Dragon Spear silently appeared in his hand, and he quickly teleported away using Shadow Step.

The ice wolf abruptly halted its track as it lost the target. Before it could react, Yun Lintian had reappeared behind it while thrusting the spear at its rear-side.

Surprisingly, the ice wolf turned around lightning quick to avoid Yun Lintian's attack. At the same time, the surrounding snowstorm seemed to become alive and quickly swept at Yun Lintian, causing his spear to miss the target.

What a speed! Yun Lintian exclaimed inwardly, and he was now certain this ice wolf could control the snowstorm at will. However, he didn't have leisure time to be shocked further as a freezing light flashed in front of him.

Because the snowstorm had affected Yun Lintian's Spiritual Sense, he simply could not determine the wolf's position. When he saw it again, its sharp claws had already contacted his left shoulder and sunk into his flesh.

Yun Lintian let out a grunt and released profound energy, trying to reduce the damage. At the same time, he swiftly thrust the White Dragon Spear toward the ice wolf's direction with tyrannical force.

Bang!

The spear directly hit the ice wolf's face, but it could not penetrate it. The impact was only enough to send it to fly away, disappearing into the snowstorm.

Yun Lintian stabilized himself and took a glance at the wound on his left shoulder with difficulty. He couldn't see it clearly, but the warmth of blood that flowed down along his arm told him the wound was deep.

The pain made Yun Lintian knit his brows. With his current body, it was extremely hard for him to be injured by just a mere wolf's claw. However, the ice wolf's attack earlier had the power of the peak of the Earth Profound Realm. Coupled with its formidable body, this ice wolf could be rivaled to the peak of the Heaven Profound Realm.

What a terrifying profound beast. This thought appeared in Yun Lintian's mind. He didn't expect this place to have such a powerful profound beast like this. Didn't Han Bingling say there weren't many dangers here? What the hell was this ice wolf, then?

Yun Lintian was pretty sure he was the strongest person to enter this place, yet he was easily injured by the ice wolf. What about others now? Wouldn't they get killed directly?

As Yun Lintian was frowning, the ice wolf had already turned around and attacked again. Its snowy white body charged toward him, and before it even got close, its claws were already out. An ice blade that was even larger than its body condensed and horizontally slashed at Yun Lintian.

Yun Lintian knew if he didn't go all out at this moment, he would definitely suffer more injuries. Without hesitation, he opened Eyes of Heaven, and the ice wolf's figure instantly became clearer in his vision.

Yun Lintian let out a loud shout. The image of a fire dragon immediately appeared, coiling around the White Dragon Spear as he stuck the spear out toward the incoming ice blade.

Kachaa!

The ice blade instantly shattered midair upon touching the tip of the spear. Yun Lintian did not stop at that. He exerted more strength and moved forward while the fire dragon on his spear grew stronger.

Roar!

Accompanying by the dragon's cry, the White Dragon Spear had wholly transformed into a lifelike fire dragon, ruthlessly stung into the ice wolf's body. With a burst of flame, the ice wolf's body immediately caught fire and turned into a giant's fireball.

"Awoo!" The ice wolf howled painfully and kept wriggling its body around, trying to cease the fire, but it was futile.

The snowstorm suddenly blew stronger, as if the ice wolf went all out this time. Seeing this, Yun Lintian didn't give the ice wolf a chance to play the same trick again. He located it through Eyes of Heaven and swiftly activated Shadow Step to arrive before it.

"It's time for you to die now!" Yun Lintian yelled, and lightning sparks directly appeared around the spear that was brimming with the flame. Instantly, the original fire dragon was covered with terrifying lightning sparks before it plunged into the ice wolf's head.

Puff!

The fire lightning dragon easily penetrated the ice wolf's skull and blasted it into countless pieces; only its burning body was left behind.

Yun Lintian retracted his spear and looked at the burning body on the ground with a serious expression.. He had been through a lot of powerful profound beasts, yet none of them could compare to this ice wolf in terms of a body. There must be secret hiding in this place... Was it because of The Moon?

Chapter 400 - Hongyue

Yun Lintian put his thought aside and extinguished the fire on the ice wolf's remains before searching for its core. When he took a blue crystal bead out, he was immediately amazed by the intense vitality within it.

Unlike those Abyssal Profound Beast Cores Yun Lintian had seen before, this one was brimming with pure vitality. Evidently, the ice wolf had grown stronger by absorbing powerful vitality directly... What kind of this treasure could produce this level of vitality?

Yun Lintian's eyes flashed with hope. Wasn't he was looking for the treasure with high vitality for all this time?

At this moment, the snowstorm gradually subsided, and the endless snowfield appeared in Yun Lintian's vision again. He then took a look at the wound on his left shoulder. Seeing it had already stopped bleeding, he made a simple bandage and prepared to set off.

As Yun Lintian turned around, he almost yelled out as he discovered a majestic building appeared out of nowhere before him.

This building was similar to a Chinese pagoda with a sense of untouchability. Its outer appearance was entirely made by a high-quality purple marble mixing with ancient woods. On the front gate, there was a considerable moon symbol engraved on it, giving off an unreachable aura like the moon in the sky.

Yun Lintian's brows involuntarily creased together. He was sure there wasn't such a thing when he first arrived here, and he didn't travel that far during the earlier battle... Where did it come from?

Swoosh!

While Yun Lintian was pondering, a purple figure suddenly appeared a few meters on his right side. When he looked closely, he immediately recognized her. She was no other than Lin Xinyao.

"Yun Lintian?" Lin Xinyao said in surprise. If Yun Lintian could see through her veil, he would notice the confusion on her face.

Before Yun Lintian could respond, another figure appeared in the distance, making Yun Lintian and Lin Xinyao look over.

"Yun Lintian?" Wang Jue was startled for a moment when he saw Yun Lintian standing there. In the next moment, he quickly raised his guard, preparing to enter the battle.

Swoosh! Swoosh! Swoosh!

At this moment, several figures began to appear one after another. Soon, more than ninety people were surrounding the pagoda with confusion written all over their faces. Some of them had injuries on their bodies, but they weren't serious.

Yang Mengli and Hua Wanru were also among them. Their first reactions were to call Yun Lintian, but they heard his voice rang out in their minds. "Just pretend you don't know me."

Yang Mengli immediately understood. She glanced at Wang Jue and Li Na in the distance and kept silent while explaining the situation to Hua Wanru.

A moment later, both of them gathered together with the Frozen Moon Palace's disciples and Lin Xinyao, calmly watching the majestic pagoda in front of them.

Yun Lintian looked at the people around and found out the number wasn't correct. If everyone had been teleported to this place, where were those fifty odds people missing to?

An idea suddenly appeared in Yun Lintian's mind. He quickly asked Lin Xinyao a question through a sound transmission. "Did you encounter a profound beast before appearing here?"

"Yes... It's a powerful one." Lin Xinyao replied.

As she said this, they exchanged a glance and immediately understood that they had the same experience before coming here.

To confirm his conjecture, Yun Lintian further asked Yang Mengli and Hua Wanru. He then found out they had also encountered powerful profound beasts before. After they killed them, they already found themselves in this place.

"Has this situation ever happened before?" Yun Lintian asked.

"No. I had never heard anything like this." Lin Xinyao answered. A touch of doubt appeared in her eyes as she stared at the pagoda before her.

Yun Lintian frowned slightly. According to Han Bingling's words, this should be the pagoda she had mentioned. It had never opened before. Why did everyone appear here then?

Creak!

While everyone was confused by the bizarre situation, the pagoda's gate gradually opened, and there was a petite figure appeared behind it.

This figure was a young maiden in her thirteen. Her face was slightly rounded, filling with baby fat. Her strange red eyes were stunning like a star in the sky. A cute, exquisite nose pointed upwards and watery tender lips with a hint of mischief. Her red hair was tied into a twin tail, hanging down to her waist, making her look innocent.

She wore a loose red imperial robe that covered her entire arms, and its hem was dragging along the floor as she walked forward.

Her appearance instantly silenced everyone. Doubt, confusion, vigilance, everything appeared on their face as they stared at the girl.

The girl briefly scanned the crowd with a playful smile on her lips.

For some reason, Yun Lintian felt this girl's gaze had paused on him longer than anybody, but he wasn't sure about it as she swept her gaze too fast.

After looking at everyone, the girl pursed her lips and said. "Welcome to the Frozen Moon Mythical Realm. My name is Hongyue, the creator of this place." Her voice was clear, mixing with a hint of childishness.

Except for Yun Lintian and Lin Xinyao, everyone glanced at each other in shock upon hearing this... The mythical realm was created by this little girl?

Hongyue didn't seem to care about their reactions. She continued. "Congratulations on passing the first stage. To reward all of you, I will let you rest for five minutes before we proceed to the next stage. Please enjoy."

In the next moment, she smiled mischievously and said. "This may be your last moment in this world. If you have something to say or confess to your loved one, please do it now. Don't blame me for not reminding you later~."

As her voice fell, the expression of everyone changed drastically. What did she mean by the last moment in this world? And what were the first stage and second stage she talked about?
