

Myth Beyond 521

Chapter 521 - One Finger

Yun Lintian turned to look at the man and then glanced at Lei Feifei briefly. Upon seeing Lei Feifei had no intention of stopping the man, Yun Lintian sighed inwardly... It's been a while I didn't encounter this kind of cliché plot.

Yun Lintian smiled faintly and said. "So you are saying I'm weak?"

The man lifted his chin and said disdainfully. "Aren't you? If the news of Black Wing accepting a mere Heaven Profound Realm trash as a guest elder spread out. I believe our group would become a laughingstock for sure."

Yun Lintian looked at the man from head to toe and said calmly. "First level Saint? Do you think you are strong?"

The man frowned in dissatisfaction and uttered coldly. "Believe it or not? I can easily kill you with just one hand."

Yun Lintian shook his head and said. "I don't believe it... I also want to ask you the same question. Do you believe that I can kill you with just one finger?"

As his voice fell, the scene immediately went dead silent. They looked at Yun Lintian with incredulity and felt something was wrong with their ears... He wasn't joking, right?

On the side, Lei Feifei watched the scene with great interest. She glanced at Su Minghai and asked via sound transmission. "Do you believe him?"

Su Minghai touched his chin with a thoughtful expression as he replied. "Although I didn't know him for a long time, I believe he is not the kind of person who likes to brag. Just wait and see. There may be a surprise."

Lei Feifei curled her lips. "If he failed to convince everyone here. I don't think I can help him much. I hope he won't disappoint me." As she said, she inadvertently glanced at Linlin in Yun Lintian's arms and was surprised to see Linlin didn't seem to be agitated in the slightest. Perhaps it was, as Su Minghai said. There might be a surprise later.

The man looked at Yun Lintian as though he had seen a ghost. As he returned to his sense, he immediately burst into wild laughter. "Pfft... Hahaha! What did I hear? You? Kill me with one finger? Little brother, are you sure there's nothing wrong with your head?"

The man wasn't the only one who was amused by Yun Lintian's words. Everyone behind Xiao Lian was also the same. They tried their best to suppress the urge to laugh aloud, but their smirking expressions were apparent. No one believed Yun Lintian could do as he said.

Yun Lintian remained calm and composed. He ignored everyone's strange gaze and raised his finger up, pointing at the man's chest. "Are you ready?"

The man was even laughing louder when he saw this. He spread his arms and said in contempt. "Go ahead. I want to see how you can kill me with one finger."

Yun Lintian's brows raised slightly. "Are you sure? I suggest you put your defense to the maximum. Otherwise, you will regret it."

"Hahaha! Me? Regret it? Throughout my life, I, Fan Chao, never once regret my decision. Go ahead. If you can really kill me, I won't blame you in the slightest." The man, Fan Chao, said arrogantly.

Yun Lintian nodded his head slightly and turned to Lei Feifei. "Leader Lei, you won't hold an account with me, right?"

Lei Feifei stared at Yun Lintian for a moment and glanced at Fan Chao. "Fan Chao, you won't regret it?"

Fan Chao became respectful instantly when facing Lei Feifei. "I won't regret it, Leader."

Lei Feifei nodded and turned back to Yun Lintian. "Very well. If he died, then that's it. No one will hold you an account." As she spoke, her gaze swept over everyone as though she had given them a warning.

Everyone naturally understood this and said nothing.

"That's good." Yun Lintian chuckled and turned back to Fan Chao. "I want to remind you again...."

Before Yun Lintian could finish his sentence, Fan Chao exploded in anger. "Stop being dilly dally and attack already!"

A grin appeared on Yun Lintian's face. In that instant, everyone seemed to have a hallucination seeing Yun Lintian turned into a devil from hell. This instantly sent chills running down their spines, making some people among them involuntarily shudder.

The expressions of Lei Feifei and Su Minghai turned severe instantly. They could clearly feel a trace of overwhelming killing intent leaking out from Yun Lintian in a split second. This killing intent wasn't something an ordinary practitioner could have. At least it wasn't something that an eighteen-year-old boy like Yun Lintian could have. This didn't make sense at all!

Fan Chao felt something was amiss, but he didn't think about it much. No matter how strong Yun Lintian was, killing him with just one finger was almost impossible.

At this moment, a blue light erupted atop Yun Lintian's finger, and the surrounding temperature instantly dropped by half, causing the expression of everyone in the scene to change drastically.

A split second later, the icy blue light on Yun Lintian's finger radiated out and shot toward Fan Chao, who was standing two meters away from him at a shocking speed. At the same instant, this icy blue light also completely obscured everyone's vision.

Fan Chao's eyes widened open as he felt a bone freezing cold seeped into his body in all directions. His blood, muscles, and organs were almost instantly frozen. No matter how he tried to utilize his profound energy, everything was useless now. He could only watch his entire body and soul turn into blue ices bit by bit.

Xiao Lian stood closest to the two, and she could also feel her body gradually freezing. She hurriedly circulated her profound energy and retreated from the place.

Lei Feifei and Su Minghai glanced at each other in shock upon witnessing this scene. What the hell was this? Absolute control of the water element? Conceptual intent?

Lei Feifei's heart pounded vigorously. She was both excited and scared at the same time. What kind of monster had she recruited into the group?

No one dared to move in the slightest under this situation.. They could only watch Fan Chao turn into an ice statue bit by bit....

Chapter 522 - Simple Move

"Please stay your hand." A bulky man among the group suddenly shouted out. His aura burst forth, and he arrived at Fan Chao's side in a flash.

Yun Lintian frowned slightly and retracted his finger. The icy blue light instantly disappeared, and the surrounding temperature gradually returned to its original state.

Fan Chao had almost completely turned into an ice statue now. His eyes kept moving sideways as if he wanted to ask for help.

The bulky man quickly sent his profound energy to solve the freezing cold in Fan Chao's body.

Yun Lintian turned to look at Lei Feifei with an indifferent smile. "Look like your subordinates aren't good enough."

Everyone was startled by Yun Lintian's words and became furious. However, Lei Feifei was different. She didn't get angry in the slightest and even admitted it. "I've shown you a joke. Please don't mind about it."

Lei Feifei glanced at Fan Chao and the bulky man and said coldly. "My Black Wing doesn't need a coward who can't afford to lose. You two know what to do."

The expressions of Fan Chao and the bulky man became unsightly. They couldn't believe their ears that Lei Feifei would say this. Both of them had been serving the Black Wing group for several decades. How could they leave just like this? Especially the bulky man. He just wanted to preserve his friend's life, but he didn't expect Lei Feifei to do this to him.

On the side, Xiao Lian felt Lei Feifei's approach was too much. After all, Fan Chao and the bulky man could be considered as senior members who joined the group in the early day. To expel them because of an outsider was not fair at all.

Xiao Lian hesitated briefly and mustered her courage to say it out. "Leader, I think this punishment is too much. Fan Chao and Ye Wancang are indeed wrong in this matter, but...."

Before Xiao Lian could finish her sentence, Lei Feifei glanced at her and interrupted coldly. "Do you want to go with them?"

Facing Lei Feifei's icy gaze, Xiao Lian shuddered and shut her mouth tightly. She suddenly realized it was useless to say anything now. She could only look apologetically at Fan Chao and the bulky man, Ye Wancang.

Fan Chao and Ye Wancang were aware there was no way of turning back now. They silently communicated through a sound transmission and came to a final decision... Everything was because of this boy!

Fan Chao stared at Yun Lintian gloomily and said. "Good. You are good!" As his voice fell, his aura instantly burst forth, and his entire body seemed to transform into a giant crow, rushing toward Yun Lintian.

Meanwhile, Ye Wancang silently took out a huge axe and jumped at Yun Lintian while smashing the axe down on the latter's head.

The expressions of Xiao Lian and others abruptly changed by the sudden action for Fan Chao and Ye Wancang, but none of them moved to help Yun Lintian. If they had to choose a side between Fan Chao and Yun Lintian, they would definitely pick Fan Chao's side.

Lei Feifei's face turned cold. Countless lightning sparks immediately appeared around her body, but Su Minghai suddenly raised his hand to stop her. She looked at the latter in puzzlement and heard him say. "Look at his face."

Lei Feifei took a look at Yun Lintian and saw his expression was calm and composed, as though he had expected this already.

Yun Lintian was indeed seeing this coming. He didn't surprise in the slightest by Fan Chao's reaction.

As Fan Chao and Ye Wancang's attacks approached, Yun Lintian smiled relaxingly and raised his palm up. A brightly golden flame lit up in his eyes as he stared at the incoming opponents.

In that instant, an icy blue light spread out, turning several meters around Yun Lintian into a land of ice.

Fan Chao and Ye Wancang suddenly felt their entire bodies become sluggish, as though time had slowed down. They madly released their profound energy, including their domains, but they immediately discovered they could not do anything at all... What the hell was going on!?

"Begone." Yun Lintian uttered coldly and closed his palm. Instantly, extremely blinding blue-colored rays of light shot out of his body and surrounded his opponents before forcibly freezing them, turning them into ice statues in a split second.

Clang!

The ice statues of Fan Chan and Ye Wancang fell onto the ground and shattered into countless ice particles. The scene immediately fell into dead silence. No one uttered a word as they stared at everything that happened before them in disbelief.

Lei Feifei and Su Minghai were deeply shocked by Yun Lintian's simple yet powerful move. Even their Monarch's perception could not comprehend Yun Lintian's method at all. One thing they were certain of was Yun Lintian definitely had absolute control over the water element. All the doubts they had before had vanished entirely now.

"W-who the hell is he?" Lei Feifei uttered in shock.

"You should ask what he is instead." Su Minghai swallowed saliva in difficulty.

Both of them didn't know that it was not only them who were shocked by this. Yun Lintian was also not different. This was the first battle he had after integrating with The Moon. He didn't expect a simple release of his profound energy to be this powerful... What about fully released, then? Wouldn't he kill the low-level Monarch instantly?

Although Yun Lintian's inside was not calm, he didn't show it on the outside at all. His appearance was relaxed as if he was a top expert looking down at an ant. This scene made everyone involuntarily shiver. They didn't dare to underestimate this seemingly eighteen-year-old boy anymore. Some even believed Yun Lintian's actual age was not eighteen, but eight hundred instead.

Yun Lintian retracted his hand and turned to the crowd. "Is there anyone who wants to exchange pointer with me?"

Everyone's face twitched upon hearing this... You called this is exchanging pointers?

Chapter 523 - Black Wing Ship

Lei Feifei took a deep breath and said. "Let's go."

Xiao Lian looked at Fan Chao, and Ye Wancang's remains for a moment and let out a long sigh. She blamed herself for letting Fan Chao go up against Yun Lintian.

Yun Lintian didn't say anything and followed Lei Feifei calmly. Meanwhile, everyone had a complicated expression as they looked at Yun Lintian walking further. They didn't know whether they should be happy to have such a strong comrade or angry at him for killing their comrades.

A while later, everyone arrived before a colossus sailing ship built with ancient oak and black metal. There was not much different from the ship Yun Lintian saw on Earth, except for its size and how sturdy it was. A single black wing picture was painted on both sides of the ship, and there were "Black Wing" words written on it.

At this moment, there were a lot of people busying moving supplies onto the ship, and when they saw Lei Feifei coming, they immediately stopped and saluted in unison. "Leader!"

Lei Feifei nodded her head gently and said. "We will leave in ten minutes."

Everyone didn't say anything further and increased their speed.

"This is our number one ship. Don't look at its small size. It can actually contain ten thousand people with no problem. Let's go up." Lei Feifei introduced the ship briefly and brought Yun Lintian onto the ship.

Su Minghai did not intend to follow. His goal was completed now. There was nothing for him to do here anymore. He looked at Yun Lintian and said. "I wish you a pleasant journey, Brother Mu. Come to see me when you return."

Yun Lintian cupped his fists and said. "Thank you for everything, Brother Su. We will meet again."

Su Minghai waved his hand and left the place with faint laughter.

Yun Lintian followed Lei Feifei onto the ship and listened to her introduction. The ship was actually different from Yun Lintian's imagination. He thought it was a typical sailing ship with a deck and a simple accommodation area underneath it. However, the interior of this ship was pretty much similar to a hotel on the ground. There was a proper living area, kitchen, bedroom, training ground, and other convenient spaces he could think of. This was simply a luxury cruise, more than a sailing ship.

What was more, Yun Lintian noticed several Monarch-level formations around the ship. From his estimation, this ship might be able to withstand an attack from twenty high-level monarchs combined. It was worthy of being the number one ship of the group.

Under Lei Feifei's personal guidance, Yun Lintian was arranged to stay in a luxury room adjacent to Lei Feifei's room. This arrangement caused the ship crews to puzzle and started to discuss among themselves the relationship between Yun Lintian and their leader. It was until they learned about Yun Lintian's deeds before coming here did they stop talking altogether.

"The ship will set off in a few minutes. You can take a rest first. I'll notify you when we reach the Crystal Coral Island." Lei Feifei said after bringing Yun Lintian to his room.

Yun Lintian smiled faintly and said. "I'll have to trouble Sister Lei."

Lei Feifei waved her hand and took a glance at Linlin briefly before leaving.

Yun Lintian closed the door and scanned the room with his Spiritual Sense to ensure there was no observation formation here. He sat on a comfortable sofa and put Linlin on his lap after confirming there was nothing suspicious here.

"Big Brother Yun, you've become powerful again. Linlin is not your opponent anymore." Linlin, who was silent for all this time, said with admiration. Her eyes seemed to fill with stars as she looked at Yun Lintian.

Yun Lintian stroked Linlin's fluffy back and said softly. "Big brother actually didn't know about it before. This is too unexpected."

Linlin was enjoyed Yun Lintian's caress and said. "What is the Crystal Coral Island she said earlier, Big Brother Yun?"

Yun Lintian read the map that Lei Feifei gave him earlier and explained. "The Crystal Coral Island is the largest island situating between the Central Continent and the Western Continent. This place is like a resting spot for all travelers. Big brother didn't know much about it too. We will look at it together when we arrive there."

"Mhm!" Linlin let out a soft hum and closed her eyes.

Knock! Knock!

Just as Yun Lintian was thinking about entering the Land of Beyond Heaven, the door was suddenly knocked on. He went to open the door and saw Xiao Lian standing on the outside.

Looking at her briefly, Yun Lintian asked. "What's the matter, Miss Xiao?"

Xiao Lian seemed dissatisfied with Yun Lintian when she looked at him. However, she didn't express it out and said politely. "Please forgive me for disturbing Elder Mu's rest. I came here to ask Elder Mu whether you are interested in seeing other elders. There will be a meeting in twenty minutes later."

Yun Lintian thought for a moment and said. "Sure. Where do I need to go?"

Xiao Lian was slightly surprised by Yun Lintian's answer. She replied. "The meeting will be held in the conference room on the second floor. Please show your token when you arrive there. Thank you." Following that, she immediately walked away.

Yun Lintian looked at her disappearing back with a thoughtful expression. Somehow, he felt a conspiracy was waiting for him at this so-called meeting. However, he didn't care about it much.

"She didn't like you. I can feel that." Linlin narrowed her eyes as she looked at Xiao Lian.

Yun Lintian closed the door and chuckled. "She should be. After all, her comrades died in my hand... Well, it doesn't matter. We won't see them again after we arrive at the Western Continent."

"Mhm!" Linlin responded softly and closed her eyes.

Yun Lintian put Linlin on the sofa and began to arrange a few formations in the room before entering the Land of Beyond Heaven with Linlin.

Chapter 524 - Plan For The Misty Cloud Sect

In the Land of Beyond Heaven, the rain had stopped entirely now. Yun Lintian glanced around the place and saw several children running around, producing happy giggles from time to time. On the farm area, a lot of women were harvesting crops while engaging on various topics. This scene was oddly harmonious, giving Yun Lintian peace of mind and making him want to take a long vacation here.

As Yun Lintian was about to head to the villa, he suddenly caught a glimpse of Yun Ci sitting in a daze on the pavilion near the lake. He immediately remembered the promise she gave her and felt guilty. He said he would look for Yun Ci's mother, Yun Xilou, after leaving the Frozen Moon Mythical Realm, but he totally forgot about it.

Yun Lintian sighed and walked toward her. However, before he could reach Yun Ci, Hongyue's voice suddenly resounded in his mind. "Come here. I have something to tell you."

Yun Lintian hesitated briefly and decided to leave Yun Ci alone for a while.

When he arrived in the living room, he saw Hongyue and Yun Ruanyu sitting on the sofa. He took a vacant seat to sit down and asked. "What's the matter?"

"These little girls are reaching their bottlenecks soon," Hongyue spoke.

"Bottleneck?" Yun Lintian frowned slightly. As far as he knew, they shouldn't encounter any bottleneck with the full-element profound vein. Why did Hongyue tell him this?

Hongyue curled her lips. "The bottleneck I mentioned is not the typical bottleneck in a profound vein, but rather their experience. Indeed, they can safely practice here until they reach the Monarch Profound Realm or higher, but their battle and life experience would be limited. So, I suggest that you let them go out as soon as possible. Let them face the cruelty of this world by themselves."

Yun Lintian immediately understood what Hongyue meant. In fact, he had also thought about this before, but he couldn't find the right time to do it.

At this moment, Yun Ruanyu added. "With the Returning Stone you created, there's no need to worry about their safety."

Yun Lintian nodded his head slowly. He thought for a moment and said. "I am currently on the ship heading to the Western Continent. It will take around two or three months to reach there. As long as they can reach the peak of the Heaven Profound Realm at that time, I will let them out."

He believed that when everyone reached the peak of the Heaven Profound Realm, escaping from a monarch should not be a problem. With this, he could feel at ease letting them go out.

Seeing Yun Lintian's tangled expression, Hongyue let out disdainful laughter. "Hehe. Are you going to protect them like this forever? Did you forget what I told you before? The moment you decide to cultivate them, you have to prepare yourself to lose them."

Yun Lintian didn't deny Hongyue's remarks because he really planned to do that before. He thought that everyone could live here peacefully until he stood at the top of the world and he would let them go out by then, but it seemed this approach was wrong.

When that time came, who would dare to be his sect's opponent? The Misty Cloud Sect's disciples would have no enemy to hone their skill and became flowers in a greenhouse. Hence, sending them out at this time was the best timing.

Yun Lintian asked. "How's their progress?"

It was Hongyue who answered. "You've underestimated the profound vein you gave them. Combined with my guidance, you may not necessarily be their opponent."

"That strong?" Yun Lintian was surprised. He didn't doubt Hongyue's words at all. Compared to the disciples here who were constantly sparring, his battle experience might not be as rich as theirs. Taking today's incident, for example, he didn't even know he was so powerful already. He had to thank Fan Chao for allowing him to realize his current strength.

Yun Ruanyu confirmed. "Taking the standard of the Heavenly Fortune Nation back then, the current Misty Cloud Sect's disciples are at least ten or twenty times stronger than the ordinary Heaven Profound practitioners."

"More precisely, they can fight with the low-level Saint just fine," Hongyue added.

Yun Lintian was surprised once again. As expected from the full element Profound Vein. Their battle prowess was not much inferior to him. This made Yun Lintian feel much more at ease.

"You said that you are heading to the Western Continent right now?" Yun Ruanyu changed the topic.

"I joined the Black Wing group." Yun Lintian began to narrate everything that had happened since he left the Cyan Wind Town until he boarded the ship.

Hongyue let out a chuckle after listening to Yun Lintian's discovery about his current strength. "Do you think The Moon, The Sun, and The Thunder are there just to boost your power? Look like I have to teach you a bit."

Without waiting for Yun Lintian to react, Hongyue said further. "Whether The Moon, The Sun and The Thunder, all of them are the source of the universe's element. What does it mean? It means you have the source of the element in your body right now, and the Primordial Beyond Heaven Scripture, Beyond Heaven Profound Vein, and the Beyond Heaven King's Crown are created to help the owner control them easier. As long as you advanced further in the Primordial Beyond Heaven Scripture, your degree of the element's control will increase significantly."

She glanced at Yun Lintian and continued. "You have just stepped into the second level recently. I'm not sure to what extent you can control them now, but I believe borrowing one or two-tenths of these element sources shouldn't be a problem... You can try to invoke them right here if you don't believe."

Listening to Hongyue, Yun Lintian had the urge to try immediately, but this place was not suitable.

Hongyue waved her hand, and everyone immediately appeared in an open area several kilometers from the villa.

"Try it," Hongyue said.

Chapter 525 - Control

Yun Lintian took a deep breath and closed his eyes, trying to contact The Moon in his body. In the next moment, the sky darkened all of a sudden, and a brightly purple moon immediately appeared on it.

The temperature in the Land of Beyond Heaven abruptly dropped drastically, causing everyone to startle and hurriedly stop what they were doing. Yun Meilan, Yun Qingrou, Yun Huanxin, and Yun Lingwei quickly rushed out and looked at the sky with serious expressions.

"What's going on?" Yun Lingwei asked in confusion. She was still holding a spatula in her hand as she looked at the moon.

"Where's Sister Ruanyu?" Yun Qingrou looked around and didn't see Yun Ruanyu around here. Normally, Yun Ruanyu would be the first to come out if there was a situation here. Where did she go?

"Isn't she talking with Princess Hongyue earlier?" Yun Huanxin said. She remembered she saw Yun Ruanyu and Hongyue sitting in the living room an hour ago.

Just as everyone was puzzled, Hongyue's voice suddenly resounded. "Don't panic. Lintian is testing his power right now. Try to protect children from freezing."

Yun Qingrou and others glanced at each other and quickly elected profound defense around the children.

At this moment, Yun Lintian felt as if he had become one with The Moon and could completely control the temperature. Which area he wanted to turn into a snowfield, he could do it at will. However, this state didn't last long. A minute later, Yun Lintian discovered the connection between him and The Moon had been interrupted and disconnected completely. At the same time, the sky immediately returned to its original state, and the moon had disappeared as well.

Yun Lintian opened his eyes and looked at Hongyue in confusion.

"One minute, two-tenth of the actual power. This is your current limit." Hongyue said calmly. "Now, summon the crown and try again."

Yun Lintian nodded and summoned the Beyond Heaven King's crown. Instantly, Yun Lintian discovered the connection between him and The Moon had become stronger than ever. It wasn't only The Moon, but also The Sun and The Thunder.

Seeing this, Hongyue said. "In this state, you will fully connect with the element sources as long as you want, but the consumption will increase significantly."

Yun Lintian suddenly remembered he spent a lot of mental power when using the profound vein transformation ability. Invoking the element sources should be even more severe, right?

Without thinking further, Yun Lintian quickly summoned The Thunder. The sky gradually darkened again, followed by thunder roarings.

Yun Lintian discovered his mental power decreased sharply. In a few seconds, he felt as though he was about to faint, and he had to retract The Thunder right away.

"Hu!" Yun Lintian panted heavily. His entire body was drenched in sweat and trembling nonstop.

"Big Brother Yun!" Linlin yelled worriedly and flashed to Yun Lintian's side.

Yun Lintian took a few deep breaths to calm down and comforted Linlin. "I'm fine."

"Now you understand?" Hongyue asked with a smile. For some reason, she always felt happy seeing Yun Lintian suffering. "So, it's best to save this as a last resort."

Yun Lintian nodded heavily. He would naturally save this as his ultimate trump card.

"Your path is different from others. Practicing normally won't help you with anything. You should try to be more arrogant and piss people off more like those young masters in the novels you read so you can have more enemies to practice with." Hongyue said in a good mood.

Yun Lintian was speechless. He wanted to say that without doing anything, troubles would eventually find him themselves.

"I'll think about it." Yun Lintian said. He looked at Hongyue and Yun Ruanyu and said. "I'll go out now. There is an enemy waiting for me."

"Oh?" Hongyue's brows raised in curiosity. "Can you broadcast it?"

"Do you think this is a live stream or something?" Yun Lintian was speechless.

"Why? Isn't it good to show this to everyone here? They can learn one or two things from it. Don't you think so, Ruanyu?" Hongyue turned to Yun Ruanyu and gave a wink at the latter.

Yun Ruanyu smiled helplessly and said. "I think it's a good idea."

Yun Lintian glanced at Yun Ruanyu and wanted to ask how come she chose to stand on Hongyue's side now?

In the end, he reluctantly agreed. "Fine." Without delaying further, Yun Lintian summoned the Gate of Beyond Heaven and left with Linlin.

Seeing Yun Lintian disappearing, Hongyue turned to Yun Ruanyu and said. "Tell Lingwei to make me some popcorns. I'll eat it while watching a good show."

Yun Ruanyu was speechless.

In a conference room, six men and two women were sitting around a long ancient woods table. Judging from their aura, each one of them was at least the fifth level of the Monarch Profound Realm. It was no wonder the Black Wing group could become one of the strongest groups in the world.

"I heard Leader Lei has recruited a little boy into our group as a guest elder. What do you think about this?" A middle-aged man with sharp eyes said with a faint smile.

A woman in red sat opposite him was the first to speak. "He's quite arrogant, from what I heard. He even killed two of our people before coming here. Hehe. I can't wait to see him now."

"Don't you think it's a bit strange? He can actually kill Fan Chao and Ye Wancang with the strength of Heaven Profound Realm. I never heard anyone could do this before. Not even the Azure Palace Master. There must be something behind this." A handsome man in white said with a frown between his long eyebrows.

"Indeed. As we know, Leader Lei's eyes are always higher than heaven. Which one of us here isn't talented? This little brother definitely has something." An amiable middle-aged man with a mustache said. His eyes were full of kindness as he spoke.

"Hey, hey. Old Qin, are you trying to recruit him into your group? Have you asked Leader Lei yet?" Another middle-aged man beside the mustache man said jokingly. His name was Song Cang, the second elder of the Black Wing group.

The mustache man, Qin Wuji, laughed slightly and said. "You know that I always appreciate a young talented one.. If he's truly extraordinary, as the report said, I don't mind taking him in."

Chapter 526 - First Meeting

"Don't make me laugh, Qin Wuji. According to the report, his talent is much better than yours. Do you think he will associate with you? Don't forget that he's a guest elder that Leader Lei has personally recruited for the first time." A beautiful woman in a yellow robe sneered when she heard Qin Wuji's words.

Qin Wuji didn't seem to be affected by the woman's remarks. He still smiled happily and said. "How do you know if I don't try?... What about you, Ji Zhiyin? I heard that Leader Lei seems to have something with this little brother. You aren't jealous?"

The woman in yellow, Ji Zhiyin, glared at Qin Wuji and said nothing. However, one could see a fierce light flash across her eyes when Qin Wuji mentioned this. Looked like this newly recruited guest elder was about to face a disaster soon.

"Let's not talk about this. We will eventually see him when he comes." The sharp-eyed middle-aged man said. His name was Jiang Mu, the third elder of the Black Wing group.

"Where is he now? He won't be late for the first meeting, right?" Song Cang chuckled.

"Let Xiao Lian call him again." The handsome man, Bailu Jing, said calmly. However, the dissatisfaction on his face was evident.

A while later, Xiao Lian, who had been notified by the group of elders, appeared before Yun Lintian's room and knocked on it gently. "Elder Mu, it's time for the meeting. May I know do you want to go there?"

Crack!

The door was opened, and Yun Lintian appeared before Xiao Lian with Linlin on his shoulder. His appearance was different from before, as he had now recovered his mental power by eighty percent.

"Lead the way." Yun Lintian said calmly.

Xiao Lian stared at Yun Lintian as she felt something different in him. She quickly put her curiosity away and led Yun Lintian to the conference room.

Standing in front of an exquisite iron door, Xiao Lian knocked and shouted. "Respected Elders, I have brought Elder Mu here."

"Let him in." Song Cang's voice resounded from the inside.

Xiao Lian turned to Yun Lintian and said. "Please go in, Elder Mu."

Yun Lintian nodded and pushed the door gently. However, he immediately discovered that the door did not move in the slightest. His brows pricked up and a faint smile appeared on the corner of his mouth... So, you guys want to play like this? Very well.

Yun Lintian retracted his hand and said. "Since all of you don't want me to go in, I can only leave here." Without further ado, Yun Lintian turned around and walked away under Xiao Lian's incredulity gaze.

In the room, all the eight elders glanced at each other in confusion. This little boy didn't play the card according to the rule. How could he walk away just like that?

"Pfft... Hahaha! I like his temper." Qin Wuji burst into laughter when he saw the expression of everyone here.

"Heh, he's truly arrogant, as the report said. He didn't even give us the slightest respect." The woman in red, Gong Yanhong, scoffed.

Song Cang's face twitched slightly. It was his idea to do this. He totally didn't expect Yun Lintian to respond like this. He hesitated briefly and said. "Please hold on, Elder Mu. There seems to be a problem with the door. I have already taken care of it. Please come in."

Yun Lintian, who was walking away several meters, halted his step and turned around with a faint smile. He went back to the conference room and pushed the door gently. This time, the door was opened smoothly, entirely different from earlier.

As soon as the door opened, everyone saw a handsome young man walk into the room with a small tiger on his shoulders. The aura that leaked out of his body indicated he was genuinely the fifth level of the Heaven Profound Realm, which meant Fan Chao and Ye Wancang had indeed died in a junior's hand.

While others were looking at Yun Lintian, Qin Wuji's gaze was locked on the seemingly ordinary tiger on the latter's shoulders. He could feel something extraordinary on her, but he couldn't pinpoint out.

Linlin was no different from the snow tiger on the surface, but if one looked closely, one would discover she was actually the peak Heaven Profound Beast. Of course, her strength wasn't something worth mentioning in front of several monarchs here, but it was extremely rare to see a snow tiger on this level.

Yun Lintian looked at everyone and paused on an old man sitting at the middle seat with his eyes closed briefly. He then cupped his fists and said. "Greetings elders, my name is Mu Chen." While he was calm on the outside, Yun Lintian was surprised inwardly as he perceived their strength. It was no wonder the Black Wing group could be regarded as a top-tier group in the world.

Qin Wuji was the first to react. "Welcome to join us, Elder Mu. Please sit down."

Yun Lintian found a vacant seat nearby and sat down.

"My name is Qin Wuji. I am the first elder here. You don't have taken the order seriously. It's only representing who joined the group first." Qin Wuji said further.

Yun Lintian's impression of Qin Wuji differed from the others in this room. Qin Wuji might look amiable and carefree, but Yun Lintian could feel this person had a terrifying mind. Excluding the old man in the middle seat, perhaps he was the scariest person among the elders here.

Before Song Cang could introduce himself, Gong Yanhong suddenly said. "Elder Mu, don't you think you need to explain something?" Her voice was incomparably cold, and a terrible pressure seeped out from her body.

Yun Lintian didn't seem to be affected by Gong Yanhong's force. He smiled faintly and asked. "Explain? I don't understand what this elder said."

"Trying to play dumb?" Gong Yanhong laughed coldly. "Didn't you kill our people a while ago?"

At this moment, Qin Wuji sent a sound transmission to Yun Lintian. "Ye Wancang that died in your hand is her direct subordinate."

Hearing this, Yun Lintian immediately understood why this Gong Yanhong was dissatisfied with him.

Chapter 527 - Beautiful Misunderstanding

Yun Lintian spoke calmly. "I have indeed killed some people earlier. Since you knew this, it means you have already known the whole story. It wasn't me who started first, but them. I don't think I have done anything wrong with it." He paused for a moment and continued. "Of course, if you still think I am in the wrong, then I can only say that this Black Wing group is really disappointed me."

Bang!

Gong Yanhong slammed her palm on the table loudly. "Presumptuous! Do you think because Leader Lei has personally recruited you, you can do or say anything as you wanted here?"

Except for Qin Wuji, other elders glanced at each other and remained silent. They were also dissatisfied with Yun Lintian's attitude.

Under everyone's gaze, Yun Lintian actually spread his arms out and said as if it was matter-of-fact. "Isn't it the case?"

Everyone was taken aback and looked at Yun Lintian in incredulity.

Gong Yanhong's face turned gloomy. She said coldly. "Very well. It seems I have to teach you a lesson on Leader Lei's behalf."

Following that, a blazing flame arrow abruptly shot out of Gong Yanhong toward Yun Lintian at lightning speed. Judging from its aura, this attack was contained an incredible amount of profound energy that could easily annihilate anyone below the Saint Profound Realm.

Facing the incoming flame arrow, Yun Lintian raised his palm up, and a blue light instantly flashed.

Crack! Crack! Crack!

The blue light spread amidst the sounds of ice congealing as it instantly sealed the room in ice, including the flame arrow. When the sound of ice congealing had stopped, the entire world seemed to have gone quiet in an instance as everyone stared at Yun Lintian in astonishment.

Especially Gong Yanhong. Her expression changed drastically when she saw Yun Lintian simply seal her attack away. As a monarch, she was familiar with this kind of power that Yun Lintian had shown it. This was the fundamental of the domain! He hadn't yet reached the peak of the Heaven Profound Realm, but he had actually become a master of the rule now. What kind of monstrous talent is he?

Her mind turned quickly, and she prepared to launch another attack. However, before she could make a move, the old man who sat in the middle seat suddenly opened his eyes and said. "Back down."

His voice carried a majestic pressure, causing Gong Yanhong to stop her movement and reluctantly sit back on her seat.

The old man turned to look at Yun Lintian and said with a smile. "It is normal for young people to have this temper. Especially a talented young one like this little friend... My name is Lei Jin. Welcome to our Black Wing group."

At this moment, Qin Wuji secretly sent a sound transmission to Yun Lintian. "He's Leader Lei's protector and the great elder of our group."

Yun Lintian retracted his power and clasped his fists together. "Junior Mu greetings Senior Lei."

Yun Lintian could feel this old man wasn't simple since he took a step into the room, and he wasn't surprised about it upon knowing his identity.

Lei Jin stroked his long white beard and said with a smile. "It's been a long time since I met a talented younger generation like you. This old man must say, Young Miss's eyes are really good this time... May I ask where little friend came from? You don't have to answer if it's inconvenient."

"There's nothing inconvenient, Senior. This junior has been living secludedly in the mountain all my life. This time my master sent me out to see the world." Yun Lintian replied humbly.

Lei Jin nodded and said. "Your master must be an extraordinary figure to be able to cultivate such a talented disciple as you."

"Can you tell me your esteemed master's name?" Bailu Jing asked curiously. After witnessing Yun Lintian's power, he wasn't dissatisfied with him anymore as he was someone who respected the strong.

"My master's surname is Mu." Yun Lintian lied without blinking.

"Surname Mu... Could it be that Snow Maiden Mu?" Jiang Mu blurted out.

Everyone's face flashed with a look of enlightenment, and the way they looked at Yun Lintian was entirely changed.

"No wonder. If it's her, then everything can be explained." Song Cang seemed to fully believe this.

Except for Lei Jin, Qin Wuji, and Gong Yanhong, everyone nodded their head in agreement.

At this moment, Gong Yanhong's back was drenched in sweat. If Yun Lintian was truly a Snow Maiden's disciple, she would definitely be in trouble. She had to find a chance to make amends with Yun Lintian as soon as possible.

While everyone was thinking, Yun Lintian was dumbfounded inwardly... Who the heck is Snow Maiden Mu? I just came up with a random name, yet you guys are overthinking it.

Naturally, Yun Lintian wouldn't explain anything and let them misunderstand it so he could add a layer of protection to himself. It could be said this was a beautiful misunderstanding.

Qin Wuji took a sip of tea and said. "Snow Maiden Mu has disappeared more than a hundred years. Who would have thought she lived in the mountain for all this time and even took in a disciple?" As he spoke, he secretly observed Yun Lintian's facial expression, but he could not find anything out of the ordinary. Perhaps Yun Lintian was indeed a Snow Maiden Mu's disciple.

Lei Jin stroked his beard and seemed to recall a distant memory in his mind before saying. "Snow Maiden Mu, Mu Qiuxue... I had a good impression of her. She is a rare genius who came from a commoner background. Her talent can easily sweep everyone in her generation away." He paused for a moment and looked at Yun Lintian. "From your expression, it seems your master had never told you about her past."

What else could he do? Yun Lintian could only play along. "Yes, Senior. Master rarely speaks.. Except for teaching me, she never tells me anything about herself."

Chapter 528 - The Appearance Of Monarch Profound Beast

Lei Jin nodded his head slowly. He let out a sigh and said. "If I'm not mistaken, she was fancied by the Myriad Pill Palace's brat. And because of this, she had to escape. The rumor said she fled to the Western Continent, but it seems false now."

"Speaking of this, aren't we have guests from the Myriad Pill Palace on board? Be careful, Elder Mu. Do not let them know your identity." Qin Wuji looked at Yun Lintian with a smile.

Yun Lintian secretly cursed in his heart. He had never thought his casual lie would bring him a potential disaster. If people from the Myriad Pill Palace knew about his "master" they would definitely come to him.

Yun Lintian glanced at everyone in the room and paused on Gong Yanhong before saying. "Thank you for your concern, Elder Qin... However, I trust Leader Lei's vision. I believe that everyone here is upright enough and would never reveal my identity to them."

Hearing this, everyone in the room took a deep look at Yun Lintian. This eighteen years old boy wasn't simple at all. Not only did he possess a monstrous talent, but his mind was also sharp. His words were served as a warning, preventing everyone here from leaking his identity.

However, except for Gong Yanhong, who had a conflict with Yun Lintian, other elders didn't care much about it. Between the Myriad Pill Palace and the Black Wing group, they would naturally choose the latter. Yun Lintian's existence clearly benefited the group. Why would they harm themselves by getting rid of him?

Gong Yanhong's eyes flickered a few times, and she calmed down in the next moment. At this moment, she had totally given up the idea on Yun Lintian. After all, the grudge between them wasn't deep in the first place.

However, no one noticed that the eyes of Ji Zhiyin were strange when she looked at Yun Lintian. It was as though she had something in her mind...

Yun Lintian changed the topic. "Elder Qin, can you tell me about the Myriad Pill Palace? I have long heard their name before, but I don't know anything about them."

Qin Wuji glanced at Lei Jin briefly and saw the latter nod his head gently, indicating that he could freely tell Yun Lintian.

Qin Wuji turned to Yun Lintian and explained. "As one of the nine palaces, the strength of Myriad Pill Palace itself is naturally high. What makes their status special among the nine palaces is their ability to make pills. Most of the pill recipes in this world come from them, so you can imagine how powerful they are in terms of connections. There's saying people would rather fight Azure Palace than become an enemy of Myriad Pill Palace."

Yun Lintian nodded his head thoughtfully. Myriad Pill Palace was like a giant pharmaceutical company that occupied more than eighty percent of the market. No one would be stupid enough to offend them.

Qin Wuji said further. "Whenever they asked for cooperation, everyone would agree without hesitation. Our Black Wing group is no different. Although Leader Lei's background is there, it isn't enough to go against them."

"So they are basically a tyrant?" Yun Lintian said with a half-smile. Before this, he heard about how magnanimous and benevolent Du Xiaotian, the Myriad Pill Palace Master, is, but it seemed he didn't manage his palace well.

"You can say that." Qin Wuji laughed slightly. "Later, when you met them, don't be fooled by their humble appearance. In fact, they are more arrogant than anybody in this world. Especially their young master, Du Huanfeng. This guy is the most arrogant person I have ever seen. Back then, he declared to the world that your master belongs to him. Whoever dared to help her would become his enemy... Heh. Although everyone was dissatisfied with him, no one said anything in the end. After all, your master doesn't have any backer."

"Your master didn't tell you about this?" Bailu Jing asked curiously.

Yun Lintian shook his head. "As I said before, Master rarely speaks about her past. In fact, this is the first time I have heard about her title. I have no idea Master is that famous."

Yun Lintian's clueless expression made everyone, including Qin Wuji, believe him. What they didn't know was that Yun Lintian was clueless for real. He wasn't acting at all.

"What about this Du Huanfeng's talent, Elder Qin?" Yun Lintian asked.

Qin Wuji replied with a disdainful grin. "His talent? It's good, but it's not to the point of being claimed as a heavenly genius. Most of his potential came from countless treasures piling up for him since birth."

"Hehe. His talent is in the wrong place." Song Cang added with an ambiguous smile that only men could understand.

Bang!

All of a sudden, the ship was hit by something, causing it to shake violently. The expression of everyone in the room changed slightly, and Lei Jin was the one who spoke first. "This presence... Monarch Profound Beast?"

"It's indeed the case... Let's go out." Qin Wuji said and stood up, walking out of the room, followed by the rest.

Yun Lintian was confused slightly. The ship had sailed for forty minutes at most. How come there was a Monarch Profound Beast that appeared here?

When Yun Lintian's group arrived at the deck, they immediately saw several colossus blue serpents surrounding the ship. These serpents were at least at the peak of the Ruler Profound Realm. Every move they made created huge tidal waves to fiercely crash with the ship.

Floating above them was a seductive woman wearing blue scaled armor. A pair of eyes that resembled serpent's eyes were staring at the ship with a contemptuous smile.

"Long time no see, Lei Feifei." The seductive woman looked at Lei Feifei, who had just arrived at the scene, and said.

"Yin Shang." Lei Feifei's expression turned icy as she saw this woman.. "You sure have the gut to appear before me."

Chapter 529 - Abyssal Crest

The seductive woman, Yin Shang, curled her lips. "This is my territory. Why can't I come here?"

"Very good. Look like I didn't teach you enough last time." Lei Feifei spoke coldly, and several lightning sparks immediately appeared around her.

"Do you think I would fall for the same trick?" Yin Shang laughed coldly. She raised her hand in the air, and a small black plate appeared above it. This black plate emitted a sinister aura, making people's hearts chill whenever they looked at it.

The appearance of the black plate made Lei Jin's body turn rigid. His pupils shrank in deep shock as he uttered. "Abyssal Crest! Miss, we have to leave now!"

Afterward, Lei Jin transformed into a lightning pillar and shot into the sky. Black clouds quickly gathered, sending countless lightning bolts to the serpents in the area.

Lei Feifei was obviously clueless about the so-called Abyssal Crest. However, since Lei Jin spoke this, it must be something she couldn't handle. Without thinking further, she quickly ordered. "Turn left at full speed!"

The crews hurriedly controlled the ship according to the order. Some didn't hesitate to cast wind profound arts to help the ship accelerate.

Qin Wujin and other elders didn't stand idle either. They immediately released their power to kill the serpents in the sea, opening the path for the ship.

Meanwhile, Yun Lintian didn't do anything. He stared attentively at the Abyssal Crest on Yin Shang's hand because it released familiar energy, Abyssal Energy!

"Big Brother Yun, can I eat it?" Linlin looked at the Abyssal Crest while licking her lips. Others might be afraid of the Abyssal Energy, but it was a delicacy to her. She could feel the amount of Abyssal Energy in this crest was enough to allow her to step into the next level.

Yun Lintian retracted his gaze and glanced around before saying. "It's difficult to act right now." He would expose himself if he took action in this situation.

Yin Shang looked at the chaotic scene with a cruel grin. She injected more Abyssal Energy into the crest. Instantly, a powerful aura burst out, forming into a giant black ring to seal tens of kilometers of space and filled the entire area with intense Abyssal Energy.

Everyone on the ship was instantly suffocating, and the weaker ones immediately fell to the ground with their skins turned black.

Lei Feifei's complexion became ashen. She now understood why Lei Jin told her to run as soon as possible. When she was thinking about getting out of this predicament, she inadvertently caught a glimpse of Yun Lintian. While others were suffocating, Yun Lintian didn't seem to be affected by the Abyssal Energy.

When Lei Feifei was about to ask, she saw Yun Lintian taking a jade bottle out and pouring the content on his body. With her perception, she immediately recognized the liquid on Yun Lintian's body. It was no other than the Profound Spirit Liquid.

Yun Lintian turned to look at Lei Feifei and sent a sound transmission to her. "My master said that Profound Spirit Liquid can fight with Abyssal Poison. I don't have much on my body."

Hearing this, Lei Feifei didn't doubt it and quickly told Xiao Lian to get Profound Spirit Liquid from the treasury.

"Leader, we cannot continue like this!" Qin Wujin smashed the serpent before him into blood mist and shouted.

"All of you, smear yourself with Profound Spirit Liquid. It can help you resist the Abyssal Poison!" Lei Feifei's voice echoed in everyone's ears, and those who had Profound Spirit Liquid with them didn't hesitate to pour it on themselves. Soon, they discovered it was working well. At least, they weren't totally suppressed by the Abyssal Energy like before.

Yin Shang noticed this and looked at Lei Feifei with a frowning face. She didn't expect Lei Feifei to have a way to deal with this. Her face turned cold, and she quickly injected her Abyssal Energy into the crest further.

In the next moment, the black ring suddenly shrank its size, and the Abyssal Energy around this place had become more concentrated. The Profound Spirit Liquid that helped Lei Feifei and the rest immediately became useless.

Watching this scene, Lei Feifei gritted her teeth, and her eyes turned resolute. A lightning shape suddenly appeared on her forehead, and her entire body had transformed into a golden lightning pillar, shining brightly in the dark space.

Rumble—

The sky trembled with thunder roarings. Countless thick golden lightning bolts struck down, bombarding everything on the sea. All the serpents were reduced to ashes in a split second, opening a clear path for the ship to speed away.

At this moment, Lei Feifei had reached her limit and fell onto the deck while coughing up fresh blood. She appeared exhausted from overusing metal power.

Ji Zhiyin, who was always guarding Lei Feifei, quickly came to Lei Feifei's side and checked her condition. "Leader! Are you alright?"

Lei Feifei replied weakly. "Help them push the ship."

Ji Zhiyin shook her head firmly and said. "I won't leave you. There may be someone trying to harm you at this time."

Lei Feifei coughed up blood again and didn't have the strength to say anything further.

Ji Zhiyin swept her gaze over the scene and discovered Yun Lintian standing calmly without doing anything. She immediately became furious and roared at him. "What are you standing for!? Do something!"

Yun Lintian heard this. He glanced at Ji Zhiyin and ignored her completely. He didn't bother to say anything, as he was waiting for someone to appear. More precisely, he was waiting for the Myriad Pill Palace's people that went missing from the beginning until now.

It was as he expected. At this moment, a young man in his twenties walked onto the deck leisurely, as if the chaotic scene before him had nothing to do with him. He had rather handsome features with long black hair tied neatly. He casually waved a jade fan in his hand and looked at the scene with a faint smile.

"Ah, what a lively scene." The man said in a good mood.. He soon discovered Lei Feifei, and the smile on his face instantly grew wider. "Eh? Miss Lei? How did you become like this? Do you need my help?"

Chapter 530 - Du Huanfeng

Ji Zhiyin stared at the man coldly but did not say anything in the end as she was aware of his identity. He was Du Huanfeng, the young master of the Myriad Pill Palace.

The young man, Du Huanfeng, was accompanied by four old men. Each one of them emitted an aura as powerful as Qin Wuji. Evidently, they were at the peak of the Monarch Profound Realm. Yet, with such an identity, they were actually acted as bodyguards of Du Huanfeng. It could be seen how high Du Huanfeng's status was in the Myriad Pill Palace.

At this moment, Lei Jin descended from the sky and stood before Lei Feifei. His gaze fixed on Du Huanfeng and said calmly. "We can handle the situation by ourselves. No need to trouble you."

Du Huanfeng waved his jade fan and looked at the miserable appearances of the people on the ship before shifting his gaze back to Lei Jin. "Sure. I'll leave it to Senior Lei then."

His face was full of smiles, but one could see a trace of mockery on it. He gave a signal to the four old men behind him, and they quickly elected profound defense around him.

Lei Jin did not bother with Du Huanfeng further and turned to check Lei Feifei. "Miss..."

Lei Feifei waved her hand impatiently. "Save your words for now. Let's bring everyone out of here first." She then turned to Yun Lintian and sent a sound transmission. "Elder Mu, do you have a way out?"

Du Huanfeng seemed to notice something and discovered Yun Lintian standing unaffected by the Abyssal Energy. His brows raised in surprise, and he secretly asked the old man on his left. "Third Elder. Who is he?"

The old man used his Spiritual Sense to sweep on Yun Lintian and Linlin rudely before replying. "Fifth level of Heaven Profound Realm. Eighteen years old. There's a trace of Profound Spirit Liquid. He knows how to deal with Abyssal Energy?"

If Yun Lintian heard this, he would be shocked because the old man actually used the terms "Abyssal Energy," not "Abyssal Poison" like others.

Du Huanfeng frowned slightly and remained silent. No one knew what he was thinking.

Yun Lintian could perceive the Spiritual Sense swept over him, but he didn't care much. When he saw Du Huanfeng appearing on the deck, his intuition told him there was something wrong with the latter's body, but he couldn't figure it out for the time being. It was a familiar yet unfamiliar feeling coming out of him.

"Big Brother Yun, there's something on this person. It's a kind of divine artifact." Linlin's voice resounded in Yun Lintian's mind.

Hearing this, Yun Lintian didn't intend to probe further and replied to Lei Feifei. "There's no other way aside from asking him to take action." Before Lei Feifei could say anything, Yun Lintian added. "The four people around him knew how to deal with this Abyssal Poison."

Lei Feifei's brows couldn't help knitting together. She was naturally aware of this, but she didn't want to owe this bastard a favor.

Yin Shang, who was pouring her energy into the crest, saw Du Huanfeng's appearance, and her face abruptly changed. She had never thought the young master of Myriad Pill Palace would come along this time.

Without thinking further, Yin Shang retracted the crest and decisively executed the forbidden escape technique. In that instant, her figure vanished into the darkness without leaving a trace behind.

The Abyssal Energy around this area gradually faded before completely disappearing a few breaths later.

Everyone was relieved to see this scene. They quickly helped each other up and tried their best to expel the Abyssal Energy.

Swoosh!

The Black Wing's elders returned to the ship one after another, guarding around Lei Feifei. They looked at Du Huanfeng, who had a leisurely smile on his face, with complicated expressions. Although they didn't want to admit it, Du Huanfeng's appearance had indeed scared Yin Shang away.

Du Huanfeng fanned the jade fan and chuckled. "As expected from Leader Lei. You can bring everyone out of this difficult situation unscratched. It's truly a remarkable achievement." His voice sounded natural and sincere, but everyone with a brain knew it was full of sarcasm.

Lei Feifei stared at Du Huanfeng and said to everyone. "Bring the injured people back first, and the rest go back to the control room." She turned to Xiao Lian and said. "Go down and try to appease the passengers."

Xiao Lian accepted the task readily and left the dock along with other crews.

Being ignored by Lei Feifei, Du Huanfeng didn't care much about it. He walked toward Yun Lintian and said with a smile. "This brother, may I know what your name is?"

Before Yun Lintian could answer, Ji Zhiyin suddenly spoke. "He's Mu Chen, our new guest elder."

Lei Feifei frowned slightly as she looked at Ji Zhiyin. The latter didn't feel anything and said nothing further.

Meanwhile, Qin Wuji and others glanced at each other as they obviously knew Ji Zhiyin's intention. However, none of them say anything in the end.

"Oh? Guest elder?" Du Huanfeng was surprised. "Brother Mu must be extraordinary to get into Miss Lei's eyes... Ah, sorry. I haven't introduced myself yet, haven't I?"

Du Huanfeng closed the fan and said. "My name is Du Huanfeng from the Myriad Pill Palace. Would you like to have tea with me?"

Lei Feifei's body tensed up when she heard this. She, of course, knew Du Huanfeng's personality well. Don't look at his carefree attitude. In fact, he was highly ambitious deep down. The rumor said he had recruited a lot of experts throughout these years. His goal was naturally the top position of this world... She was afraid that Yun Lintian would accept Du Huanfeng's offer in the end.

It was as everyone expected. Yun Lintian didn't reject Du Huanfeng's invitation and went together with him.

"Leader..." Seeing this scene, Qin Wuji felt that he had to say something, but he was interrupted by Ji Zhiyin first.

"Hmph! How ungrateful he is! I wonder what would Snow Maiden Mu do if she knew this?" Ji Zhiyin said coldly.

"Snow Maiden Mu?" Lei Feifei repeated in puzzlement. How did it relate to Snow Maiden Mu?
