

Chapter 10 Act With You

Thinking of this, Susan was a little upset and angry. "Albert, if you care about these things, why did you seduce Lacey? When there is trouble, you begin to act like filial piety and consider for the company. Don't you think it's too late?"

Albert took it easy. "Seduce? Then why did you seduce me? Since you have seduced me, you should have expected everything next. I'm not a good-tempered person. If I say I don't divorce you, what can you do to me?"

Yes, she really couldn't do something to him.

Now it seemed that it was really difficult to get away.

"OK, it was my fault."

After that, Susan got up and planned to go to work.

As for that messy news, she wouldn't care.

Anyway, she was the true madam of the Karl family. She had nothing to be afraid of. Even if her husband didn't love her, other people had to only envy her.

She had nothing to be ashamed of, but Albert and his little bitch.

Therefore, Albert would certainly solve this matter as soon as possible.

As soon as Susan sat in the driver's seat, the front

passenger's door was opened, and then Albert sat in.

Their two companies were not in one way. One was in the south of the city while the other one was in the north.

"Albert, you got on the wrong car."

Fastening his seat belt, Albert replied, "My car broke down. You drive me to the company."

Which car broke down? Even if his driver sent Lacey back yesterday, there were other cars in the garage.

His reason was very clumsy, but Susan knew she couldn't refuse him because the man would not change his decision easily.

Without talking nonsense to him, she started the car and drove towards his company first.

When they arrived, Albert said, "Get off."

"What's wrong?"

Susan untied her seat belt and was about to open the door, but the man opened the door for her first.

She was a little stunned, but she didn't think too much and got out of the car directly.

As soon as she stood firm, Albert took her hand and went straight to company.

Then many people poured out.

Taking photos of her and Albert.

Susan stretched out her hand to cover her face. She was very uncomfortable and turned to hide in Albert's

arms.

She whispered angrily, "Albert, what are you doing?"

Albert tightened his arm to protect her. "I didn't do anything, but I suddenly wanted to promise you."

"Promise me what?"

"About half a year to act with you."

Susan was speechless, "But I don't want that half a year now. It's very boring."

"But I want to."

"You..."

"Help me deal with the media, then we'll talk to my office."

Now, what choice did she have? There seemed to be no choice but to act with him.

Susan's face was buried in his arms. "Whatever you do, I don't want to show my face."

Looking at her like this, Albert laughed. He didn't know whether it was intentional or truly.

"Fine."

Then he took Susan to the reporters.

"Mr. Albert, what do you think of the news came out yesterday?"

Albert held Susan in his arms and said, "What happened yesterday?"

The reporter was a little embarrassed. Everyone knew that the young master was not good-tempered, so

he hesitated and dared not continue to ask.

At this time, another reporter asked, "It is said that you have been married and are not clear with your old lover. Is this true?"

"What do you think?"

Media A, "Someone found out that your wife was Miss Susan, the only daughter of the Laura family which was prosperous at that time. It was also reported that you deliberately used Lacey to publicize Laura's Lipstick to embarrass Miss Susan....."

Albert stared at this reporter.

Susan, who was buried in Albert's arms, frowned lightly. This reporter must know a lot of information.

Albert's low voice came, cold and heartless, "Someone? Who is this 'someone'?"

The man's expression changed a little, "It's inappropriate to disclose."

"Since it's inappropriate to disclose it, it's just making it up. I'll ask the legal department to directly investigate your legal responsibility."

The scene was suddenly noisy.

"When the lipstick was shot that day, many people saw Susan quarreled with Lacey at the scene. How could it be made up?"

"Yes, we didn't know you were married at that time. We thought Lacey was the one you were going to marry. Lacey beat Susan at that time. While you stood

aside and didn't say a word."

Susan suddenly chuckled... She was very curious about how Albert would handle this question?

Albert took back his hand around her waist as if he were warning her.

Someone else asked, "We wonder who you are holding in your arms."

Albert, "Who do you think I will hold besides my wife?"

"What about the news yesterday..."

"It's all fake. The person who was with Lacey is not me, but someone who looks like me."

Then he took Susan directly into the elevator.

It was finally quiet. Susan pushed him away, but he pulled her into his arms again.

"Acting to the end, whether in front of or behind people."

Susan stepped on his foot ruthlessly, "Did I promise you?"

Albert said painfully, "You..."

"A man looks like you? You are so good at playing a rogue."

"For those people who would have made it up, it doesn't matter whether it's true or false. As long as I say it's not me, whoever dares to say it's me, I'll let the legal affairs deal with him."

Everyone knew that Albert was ruthless.

Susan snorted and was not talking.

.....

Getting to his office, "Tell me, what do you want exactly?"

Albert took off his suit jacket and said, "Grandpa called me yesterday and asked me to act with you. Since it has burst out, we must create the illusion of we love each other. If there is divorce at this time, your Laura family will be affected first."

"It's known that many themes Laura created are special. Many fans also take your products as a necessary gift for their lovers. If we make any troubles at this time, you know.."

"What about Lacey?"

Albert chuckled, "She has nothing to do with you. You only need to do your job well."

Susan took a deep breath. This is the consequence of commercial marriage.

Her parents' brand was her bottom line. She will never let it be destroyed.
