

Nine-Dragon 1101

Chapter 1101: A Flood Dragon who Is also a Devil God

The golden skeleton was composed of the skull of a flood dragon and the bones of a human being.

The skeleton stared at Su Yu with his blank eyes full of green flames. It seemed he was wondering whether he had met Su Yu before.

“Gang... Gang Dalei!” Su Yu was totally surprised.

He wouldn’t have been surprised even if the skeleton of a deity was hidden in the Five Elements Mountain. But this skeleton was from his old friend!

Among the people Su Yu knew, the only one who had the head of the flood dragon and the body of a human being was Gang Dalei!

He was the disciple of the Old Wine who was the guardian in the Dragon Abyss of the Nine Underworlds.

How could he be here, in this ancient mountain with a history of hundreds of thousands of years?

Also, why is only his skeleton left?

Gang Dalei scratched his head and stared at Su Yu for a while. It seemed he was still puzzled. At last, he crawled back into the cave which was flickering as if something was running.

Su Yu, who was still surprised and puzzled, looked at Gang Dalei as he crawled into the dark cave.

“Heh! Heh! The combination of a flood dragon and a human being is really very rare!” The Evil God’s voice came in from Su Yu’s mind. “You know him, right?”

Su Yu nodded his head slightly. “Yes! He is a friend of mine. He is from...”

Then, he paused for a moment. Gang Dalei’s life experience was always mysterious. He was brought up by Old Wine who was from... the Central Prefecture.

“It is a pity that he is already dead. Otherwise, we could capture him and study him carefully. It is very difficult for the combination of flood dragon and human being to survive. I believe the flood dragon that gave birth to him must be an extraordinary dragon!” the Evil God exclaimed.

Dead... Su Yu was surprised by the Evil God’s words.

Gang Dalei had come to the Jiuzhou Continent by following the creatures from the Zhenlong Continent.

How did Gang Dalei die? Where were the other people? Where is Xia Jingyu? Where is Qin Xian’er?

In combination with Elder Liao’s disappearance, Su Yu got a bad feeling and became very anxious.

However, Su Yu’s rational mind told him it was not a good time to panic.

The Central Prefecture’s King would be here soon.

In order to figure out the current situation of the creatures from the Zhenlong Continent, he had to get through this ordeal first.

Forcibly suppressing the anxiety in his heart, Su Yu sat down on the ground with his legs crossed. Then, he started to take his time to comprehend the Demon Clan Inscriptions.

As time went by, Su Yu's comprehension of the last Demon Clan Inscription became more and more thorough.

The meaning of the obscure inscription was clearer under the intense strength of the Five Elements here.

He believed he could finish the comprehension within half a day.

—

Somewhere in the Central Prefecture

Hanxuan was very angry because her feet were firmly fastened onto a strange iron bar by a long chain.

The iron bar, which was thrust deep into the ground, was wrapped in a gruesome aura.

The material of this bar was also quite extraordinary. Hanxuan tried to break away, but she found the chain and the iron bar were too strong for her.

She stared at the little girl in front of her and said angrily, "Third Junior Sister, does our master know you have locked me up in here?"

"No!" the little girl replied expressionlessly.

Hanxuan sighed. "What are you going to do? I have been in this place for several days. You asked me to comprehend the Jade Maiden Heavenly Frost Art and provided me with all kinds of rare spirit elixirs so that I could comprehend the last stage of this technique!"

She was so curious as to why her master and her third junior sister wanted her to obtain the top class of the Jade Maiden Heavenly Frost Art.

She had learned this technique from her master. She didn't know the function of this technique because she didn't want to know it. Anyway, she would learn anything required by her master.

Now, she had figured out this technique was quite special, even though she was a fool.

"Don't you know? Just continue your training!" the third junior sister said emotionlessly. She sat beside Hanxuan with complicated feelings in her crystal-clear eyes.

Then, she looked up and murmured, "I guess you could finish your training in three and a half days!"

In three and a half days, the Ordeal of People would happen.

An unexpected visitor appeared at the edge of the Eastern Continent.

An enormous crack appeared in the Void. and a majestic figure who was wearing an imperial robe stepped out.

At this moment, the heavens and the earth became silent. All creatures in this place held their breath as if they had been terrified by the mighty king of the Jiuzhou Continent.

He looked through thousands of mountains and rivers. Then, he fixed his deep eyes on the city at the center of the Eastern Continent.

A smile appeared on his lips.

“Ant, here I am! Now, nobody in this world could save your life!”

In the city at the center of the Eastern Continent, two old women were sitting in a secret chamber.

One old woman was wearing a black robe while the other one was wearing a white robe.

The old woman in a black robe looked quite serious. She opened her eyes slowly. “Have you sensed him?”

The old woman in the white robe also opened her eyes as she nodded her head. “The Central Prefecture’s King is coming!”

“What should we do? Is it really necessary for us to stop the Ordeal of People for Su Yu?” the old woman in the black robe asked hesitantly.

The old woman in the white robe replied firmly, “Of course!”

“The Central Prefecture’s King is ambitious! He murdered the Jiuzhou King Shen Yichen and fell to his knees in front of the Glittering Jewel Mortal Fairy. I don’t know how powerful he is after 100 years!” the old black-robed woman said.

As the most time-honored family on this continent, the Great Oriental Family’s history was even longer than the history of this continent.

In front of this family, this continent had no secrets at all.

“No matter how powerful he is, we have to confront him. It is possible for that young man to obtain a ticket that would be worth all the efforts of the Great Oriental Family. Moreover, I believe both of us could definitely stop a Mortal Fairy!” the old woman in the white robe said.

The old woman in the black robe was speechless for a moment. After a while, she nodded her head and said, “OK! Let’s do our best for that ticket even if our life will be endangered!”

Inside the Five Elements Mountain, Su Yu had sweat all over his face. He was trembling violently at this moment.

He was surrounded by five halos which were in different colors. The halos became increasingly solid and clear.

The Five Elements Divine Prison in his palm was covered in flickering colorful light.

The body of this item also varied from time to time as if it was about to explode at any moment.

A variety of signs showed that Su Yu's comprehension of the Five Elements Divine Prison had reached a critical stage.

Suddenly, Su Yu opened his eyes. Then, two beams of colorful light flew out of his pupils and left the cave.

Dongfang Yue, who was waiting quietly outside the cave, changed her expression as she quickly dodged the beams of light.

Then, the two colorful light beams disappeared in the sky after creating two pitch-dark holes in the Void.

In surprise, Dongfang Yue said, "His strength of the Five Elements is powerful enough to break the Void! Does it mean his achievements in the Five Elements have reached the highest level?"

As far as she knew, those ancestors who had studied the strength of the Five Elements had been at the high level.

It was the upper limit for the comprehension of an ordinary person!

However, those ancestors had reached the highest level over a long period of time. How old was Su Yu now?

Dongfang Yue, who was totally surprised, became more hesitant.

Her rational mind told her that she would not be able to force Su Yu to do something.

After hesitating for a while, she turned around and left. She didn't hear Su Yu's shouts of joy in the cave.

"Finally, I did it after so many efforts!" Su Yu watched the Five Elements Divine Prison in his palm delightedly as he wiped the sweat off his face.

The refining of this emperor-based saint artifact was incredibly difficult!

He had managed to do it successfully after several years' worth of effort.

After finishing the comprehension of 100 inscriptions, he had gained some control over the Five Elements Divine Prison. Now, he was able to attack with 10% of its power.

When Su Yu was overwhelmed by joy, the Black-Green Water Dragon was also laughing wildly in a dark space inside the Five Elements Divine Prison.

"Hah! Hah! Hah! He finished the comprehension successfully at last! God helps those who help themselves. This day has finally arrived!" the Black-Green Water Dragon shouted with a grim smile on his face. "Frost Divine Dragon, you have kept me trapped in this Five Elements Divine Prison for 100,000 years. When I leave here, I will definitely kill all your descendants!"

His ferocious roar echoed in the dark space. It was ear-piercing.

"I will leave this place when that man opens the Five Elements Divine Prison!" The Black-Green Water Dragon was waiting eagerly for Su Yu's attempt to run the Five Elements Divine Prison.

However, Su Yu didn't do anything for a long time. The Black-Green Water Dragon rolled his eyes. Then, he turned himself into a small illusory dragon and crawled out from the Five Elements Divine Prison.

"Congratulations! You made it at last!" the Black-Green Water Dragon said happily. His ferocious expression had long since disappeared from his face.

Su Yu, who was not surprised by his appearance at all, nodded his head calmly. "That's right! I made it," he said. "How can I activate it?" Should I just put Vital Energy into it like the activation of the Five Pulse Dominant Wave?"

The Black-Green Water Dragon shook his head seriously. "No! You have comprehended 100 Demon Clan Inscriptions. Now you can use the real power of the Five Elements Divine Prison to suppress your enemy! What you need to do is to activate the Five Elements Divine Prison with the incantation acquired from me!"

"OK! What is the incantation?"

The Black-Green Water Dragon did his best to suppress the excitement in his heart to avoid it being sensed by Su Yu. Then, he uttered a series of strange incantations.

When he was uttering the incantation, the Five Elements Divine Prison trembled as if it had sensed something.

"Have you kept it in your mind?" The Black-Green Water Dragon stared at Su Yu after reciting the incantation.

Su Yu nodded.

"Well, you can try it now to check its power. Believe me, you will definitely be impressed!" the Black-Green Water Dragon said.

However, Su Yu just stared at the Black-Green Water Dragon without moving.

Su Yu's calm gaze made the Black-Green Water Dragon quite uneasy. With a hollow smile, he said, "What? Don't you want to control the Five Elements Divine Prison?"

Su Yu shook his head and said calmly, "To be exact, I don't want to be controlled by others!"

"What do you mean?" The Black-Green Water Dragon felt his heart skip a beat, but his face was still full of puzzlement.

Su Yu continued to speak calmly. "Isn't it quite exhausting to disguise yourself as an Artifact Spirit for such a long time?"

The Black-Green Water Dragon was dumbfounded. From Su Yu's deep eyes, he could tell that Su Yu knew the truth. Then, the Black-Green Water Dragon took a deep breath and said sinisterly, "How do you know I am not an Artifact Spirit?"

Su Yu replied calmly, "Because you have never called me Master, which is impossible for an Artifact Spirit!"

An Artifact Spirit should respect its Master. It was an unalterable principle.

The Black-Green Water Dragon had only called Su Yu, “You” or “Young man”, because he didn’t want to call Su Yu “Master” at all.

“Is that it?” the Black-Green Water Dragon asked as he stared at Su Yu.

Su Yu replied thoughtfully, “Anything else, Lord Devil God? I know you are also the real owner of the Five Elements Divine Prison!”

Hearing this, the Black-Green Water Dragon’s eye pupils contracted. Then, he asked in terror, “How do you know I am a Devil God? I haven’t revealed any signs of a Devil God to you!”

The Black-Green Water Dragon looked around before finally fixing his eyes on the depth of the mountain. “Also, who told you I am the owner of the Five Elements Divine Prison?”

Chapter 1102: The Ultimate Hunt

He surmised someone sold him out secretly.

“You told me about that!” Su Yu said as he looked at the Black-Green Water Dragon with a sarcastic smile, “How could an Artifact Spirit ask someone else to refine its treasure item? There could be only two possible answers, either that the owner of this item is dead or the Artifact Spirit is the owner of that item!”

“I’ve refined 100 Demon Clan Inscriptions, but I haven’t received any message sent from the Five Elements Divine Prison, which means its owner is not dead. Apparently, you are the real owner of this Five Elements Divine Prison!”

“As for the Devil God, heh, heh, the Great Oriental Family used to find a corpse of a Devil God under the Five Elements Mountain. According to the interaction between the Five Elements Divine Prison and the Five Elements Mountain, I surmise that the corpse might be your original form!”

The Black-Green Water Dragon stared at Su Yu thoughtfully because he had been fully surprised by Su Yu’s perception.

Even Su Yu’s speculation was absolutely correct!

In those years, the Black-Green Water Dragon was defeated by a powerful enemy who even crushed his body with the Five Elements Mountain. Now, he only had the soul, and the Celestial Energy Sphere left. Then, he managed to survive by fleeing into the Five Elements Divine Prison.

However, the Five Elements Divine Prison could only be opened by an external force. Although his soul survived, it was not able to leave this prison.

In this way, the Five Elements Divine Prison changed several owners and was obtained by Su Yu at last. The Black-Green Water Dragon had been locked in this prison for 100,000 years till now.

The Black-Green Water Dragon managed to delude Su Yu to refine part of the Five Elements Divine Prison. If Su Yu activated the Five Elements Divine Prison, the Black-Green Water Dragon would take the opportunity to leave the prison.

However, he didn’t expect Su Yu, who was so detail-minded, had seen through his trick.

“When did you start to suspect me?” The Black-Green Water Dragon, who knew his plan had been ruined, asked resentfully.

Su Yu replied with a shrug, “Who told you I used to trust you?”

Su Yu had never trusted even a word uttered by the Black-Green Water Dragon.

Hearing this, the Black-Green Water Dragon was stunned a bit. Then, he laughed wildly with deep self-mockery, “Hah! Hah! Hah! As a mighty Devil God, I didn’t expect I could be locked up by a trivial human being! What a sheer irony!”

When he was almost driven mad by anger, Su Yu’s calm voice came into his ears.

“It won’t be very difficult for you to leave this prison!”

What? The Black-Green Water Dragon didn’t believe what he heard, “Do you mean you will let me go?”

“I can certainly do that!” Su Yu said without hesitation, “Do you have a grudge against me?”

The Black-Green Water Dragon replied by shaking his head after pondering it for a while, “No!”

“Have I offended you before?” Su Yu asked again.

“No!”

“Then, why do I have to lock you here?” Su Yu said.

After a short silence, a strand of cunning light flashed in the eyes of the Black-Green Water Dragon, “We are not enemies. It is useless for you to lock me up here. So, are you going to let me go?”

“No!” Su Yu replied without any hesitation.

Hearing this, the Black-Green Water Dragon was stunned again. Then, he asked seriously, “Are you playing a joke on me?”

“No!” Su Yu said by reaching out two fingers, “First, it is useless for me to lock you here, as you said. But I will gain nothing if I let you go! Second, I’ve refined part of the Five Elements Divine Prison. As the owner of the Five Elements Divine Prison, I believe you will definitely kill me after leaving this prison. Now, I am not powerful enough to rival a deity like you!”

Hearing this, the Black-Green Water Dragon was lost in thought for a while. Then, he said slowly, “For the second point, I can sign a Divine Agreement with you. Through this agreement, I will give you my word that I will never kill you. Nobody could breach a Divine Agreement. You could definitely put your heart at rest! As for the first point, what do you want if you could let me go?”

He knew Su Yu was negotiating with him.

“First, I know nothing about the Divine Agreement. So, I won’t believe anything you said! Second, the thing I want is quite simple. You should help me to overcome my

difficulties before I am more powerful than you!" Su Yu named his conditions, which he had prepared for a long time.

"That's impossible!" The Black-Green Water Dragon refused without any hesitation.

As a mighty deity, he would never serve a humble human being like a slave!

Su Yu's reply was also quite simple, "Then, you will continue to stay in this Five Elements Divine Prison. I just wish you could encounter another person who could comprehend 100 Demon Clan Inscriptions like me soon!"

The Black-Green Water Dragon darkened his face immediately after hearing this. He wouldn't have stayed in this prison for 100,000 years if a genius like Su Yu could be found easily.

Moreover, Su Yu wouldn't allow others to find the Five Elements Divine Prison easily! It was very easy for him to hide the Five Elements Divine Prison in a desolate and uninhabited place!

After careful pondering, the Black-Green Water Dragon found he had no bargaining chip in the negotiation with Su Yu.

"So, how could I help you to overcome your difficulties?" The Black-Green Water Dragon asked.

Su Yu replied with a smile, "It's quite simple! You should keep me alive! There are two approaches to keep me alive. First, you could help me to enhance my strength continuously! Second, you should help me to solve my crisis. For example, I am facing a crisis now..."

The Black-Green Water Dragon got a feeling of being fooled when he saw Su Yu's smiling face. It seemed this guy had prepared everything for a long time!

However, the Black-Green Water Dragon had no options at this moment.

"So, what is the crisis? I am being locked in this prison and could only control 30% of it. But it is enough for me to suppress anyone who was less powerful than Mortal Fairies in this prison easily!" The Black-Green Water Dragon said proudly.

Su Yu replied thoughtfully, "It is a pity that the one I am facing this time is not only a Mortal Fairy but also the most powerful one among the Mortal Fairies!"

The Black-Green Water Dragon changed his expression after hearing this. Then, he asked angrily, "How could you, a weak human being, offend such a powerful enemy?"

"Just tell me whether you could help me. If you can't, I will hide the Five Elements Divine Prison in a place where nobody could find it in another 1,000,000 years when I still have time now!" Su Yu replied calmly.

The Black-Green Water Dragon was rolling his eyes as if he was planning something.

"I suggest you could stop your plan now. Do you think you can escape from a Mortal Fairy like him easily? I guess it is highly possible that you will be used to refine some treasure items by him! Anyway, the soul of a Devil God is quite precious!"

Hearing this, the Black-Green Water Dragon snorted. Apparently, his plan had been dismissed by Su Yu's words.

"The Five Elements Divine Prison is not powerful enough to suppress a peak Mortal Fairy forever. But it is powerful enough to suppress him for 1 to 2 days!"

1 to 2 days? Su Yu lit up his eyes! That's enough!

After reaching an agreement with the Black-Green Water Dragon, Su Yu walked out of the cave.

When he reached the entrance of the cave, he saw Dongfang Yue was standing there and looking at the cave nervously.

"My lady!" Su Yu walked up and said at this moment.

Dongfang Yue looked at Su Yu as if he was reluctant to part with him. Then, two items flew out from her snow-white sleeves. One was the wooden bird taken away by the South Mansion Mistress. The other was a set of elaborated formation flags.

"You could fly in the void with your flying artifact. But you will definitely be caught back by my mother and my aunt! These are the space formation flags which were refined by two ancestors for me. They are designed to save my life so that I could escape with them in emergencies. Although they are not as effective as the legendary transportation portals, they could rival the super transportation portal, which could transport you to other prefectures easily!"

"Miss Dongfang, you..." Su Yu was totally surprised because he knew how precious these Formation Flags were.

Even a Mortal Fairy would need a lot of time and effort to refine these Formation Flags, which couldn't be bought from any store or market.

Dongfang Yue said apologetically, "Sorry, Lord Su! Please accept my apology to you for what the Great Oriental Family did in recent days to you. Now, when the two ancestors are still in secluded training, just leave here immediately!"

Su Yu received the wooden bird and the Formation Flags as he said gratefully, "Lady Yue'er, you are so sensible and considerate! I owe you one!"

"Farewell!" Su Yu activated the wooden bird to leave the Great Oriental Family by tearing open the void.

Hearing this, Dongfang Yue's pretty face blushed.

She was so happy that Su Yu could call her 'Lady Yue'er.' She murmured in her heart, secretly. As expected, this is the right way!

Half a day later...

Along with an enormous space gap appearing in the sky, the city at the center of the Eastern Continent was startled.

Two figures rushed out from the secret chamber of the Great Oriental Family at this moment. They were the black and white Mortal Fairies of this family.

The two of them were staring at the space gap as if a formidable enemy would appear soon.

Soon, golden light flew out from the space gap.

“Those who stand in my way will die!” A figure in the imperial robe walked out from the space gap.

His body, which was wrapped in golden light, could only be seen by All Creation experts!

Ordinary divine masters were not even able to see his face!

His overbearing words also created thickly-dotted cracks in the void.

Mortal Fairies could create great signs between heaven and earth easily. However, he was the first one who cracked the heaven and earth with his words!

The white and black Mortal Fairies stared at him seriously. It seemed the Central Prefecture’s King was more formidable than the hearsays!

“You could survive if you turn Su Yu in!” The Central Prefecture’s King said as he stared at the white and black Mortal Fairies coldly by placing his hands behind his back.

“You could have Su Yu if you can defeat us!” The white and black Mortal Fairies had eye contact. Then, their body was wrapped by faint demonic energy as a pair of black horns appeared on their heads. Now, they looked quite like demons.

The Central Prefecture’s King replied with a casual smile, “I’ve heard you are descendants of the Demon Clan. It seems those hearsays are true!”

The next moment, the golden light on his body became more dazzling and covered the entire sky.

Anyone who was hit by the golden light, which was full of horrible strength, would be crushed into ashes immediately.

The white and black Mortal Fairies changed their expression as they resisted the golden light with their strength of the Demonic God.

However, when they were doing their best to hold back the golden light, two palm prints flew out from the golden light and hit their chest heavily.

The next moment, their body was wrapped in golden flames, which burnt through their chest instantly.

“The Fire of Divine Tribulation?” The white and black Mortal Fairies were totally surprised and stepped back in a hurry as they used all their strength of Mortal Fairy to stop the golden flames from spreading rapidly across their bodies.

However, when they used all their strength to curb the flames, they were attacked by another two palm prints again!

They knew the attack was from the Central Prefecture's King. But all their strength had been used to curb the Fire of Divine Tribulation. It was impossible for them to defend them from the new attack.

The next moment, their body was smashed into blood mist by the palm print.

However, even their blood mist was also burnt by the golden divine flames.

Their blood mist flew back rapidly and reformed the body of the white and black Mortal Fairies again in the distance.

The body of a Mortal Fairy could be reformed at any time. That was also the reason why it was always difficult to kill a Mortal Fairy!

"Give Su Yu to me, and I will spare your life. I won't say it again!" The Central Prefecture's King walked out as he said indifferently by placing his hands behind his back.

Last time he thought highly of himself. But this time, he was definitely very confident!

The white and black Mortal Fairies had been totally terrified. They knew the strength of the Central Prefecture's King had been enhanced remarkably after he knelt down in front of the Glitter Jewel Mortal Fairy.

They never expected his strength had been enhanced to such a horrible level.

They were also Mortal Fairies. But they were not able to even stop the Central Prefecture's King from moving forward!

At this moment, the white and black Mortal Fairies had been totally shocked and frustrated.

It seemed it was definitely a bad idea to provide shelter for Su Yu.

They overestimated themselves and underestimated the Central Prefecture's King.

After having eye contact, the white and black Mortal Fairies made up their minds immediately.

Death was nothing for them. But they had to take care of the Great Oriental Family!

"For the Great Oriental Family, we have to sacrifice him!" The white Mortal Fairy sighed. Then, she said by pointing at the cave on the Five Elements Mountain, "He is in that cave!"

Chapter 1103

: Nowhere to Hide

The Central Prefecture's King's eyes coldly swept across, and he stepped into the cave with one step.

However, he soon came out again, with a cold face. "How dare you lie to me!"

The black and white dust fairies face slightly changed, and they said in unison. "He is in it, how can it be fake?"

“Hehe, could he have gone into the deepest part? There, I can’t even get in! Say it, where did you hide him?” The Central Prefecture’s King asked again.

The black and white dust fairies were taken aback, glanced at the Eastern family, and finally locked their eyes on a disturbed woman.

“Yue’er, where is Su Yu? Didn’t we make you stay outside to guard the cave house?” Black Dust Fairy asked hurriedly.

Dongfang Yue looked at the king as she looked down on the world, looking down at the Central Prefecture’s King and the entire family of the East. Her face was pale. “He, he has gone.”

“What? Gone?” White Dust Fairy’s face changed drastically. The Five Elements Mountain had only one exit, and Dongfang Yue was kept at the entrance. She had no intention of monitoring Su Yu.

As a result, he went away without making a single sound?

No, Dongfang Yue, let him go!

“You this...” Black Dust Fairy was furious. She, she has implicated the Eastern family!

“Enough.” The Central Prefecture’s King looked indifferent. “No need to pretend anymore. The opportunity has been given to you.”

There was a trace of golden light that was continuously emitted from his body, but that was only part of the entire leak.

The true golden light is brewing in his body, brewing into an extremely horrible mass.

“Wait, we really did not keep Su Yu in private. He has already left ...” White Dust Fairy busied replied, staring at the ever-expanding golden light, her heart beating fast.

The Central Prefecture’s King indifferently interrupted: “I know!”

“Ah?” The black and white dust fairies said. “Since you know that we are not in possession of Su Yu, why do you have to do this? Please Central Prefecture’s King, please quickly stop ...”

“Hmph, I shall give the people in Jiuzhou a little lesson in blood, so no one will dare to protect Su Yu!” The Central Prefecture’s King said coldly.

Then, at this moment, The Central Prefecture’s King seemed to have a huge sunburst that exploded from his body.

An endless fire of flames spread over the sky, covering both the north and the south.

When touched by the Cosmos Divine Flame, everything turned into ruins.

The black and white dust fairies eyes are dying, and when they are in crisis mode, they will start yelling, “Wake the Five Elements Mountain!”

The two fairies flew down the Five Elements Mountain, shattered the ground with one foot, and exposed the power of the five elements under the Five Elements Mountain.

They instilled the power of the devil into the Isolation Spell, and the Isolation Spell was activated, which automatically release all the five elements of the Five Elements Mountain.

The majestic power of the five elements thrust against the sky, barely blocking the fire that fell from the sky.

However, the Cosmos Divine Flame is still slowly falling towards them. Once it has completely fallen, the central city of the eastern continent, the two black and white dust immortals, down to the trafficker and betrayers, billions of souls will be wiped out and turned into ashes.

“Eastern people obey your orders! All descendants of the blood of the demon god, burn your blood, and direct the power of the devil in you to the Isolation Spell!” Only by the power of the devil from the two of them will not able to compete with the overwhelming fire.

A very reliable Easterner immediately started channeling the power of the devil.

Compared to the Isolation Spell, his strength is too weak. When he touched the Isolation Spell just a little, he was drained of his blood and turned into a dead body and died on the spot.

Soon after, the second, the third, the fourth ...

The Easterners have been cursed and troubled for thousands of years, and they have common enemies. Therefore, they are extremely united. At this moment, no one is backing out. One after another, the Eastern peoples are like moths throwing themselves directly into the fire, one after another.

The Central Prefecture’s King was surprised. He wanted to create a bloody scene in one swoop and shock people the people of Jiuzhou.

“This is all right too.” The Central Prefecture’s King turned around his thinking. “Let them pass away a little bit by bit and die slowly. It is even more impactful to the living people.”

With a sneer, The Central Prefecture’s King blew out a breath of air under him.

The radon currents rolled and formed mirages in some of the extremely remote areas.

Although it is far away from the rest of the continent, he can also see the bloody scenes of the eastern continent at this moment.

At the same time, a majestic sound radiated from all directions in Jiuzhou.

“Those who protect Su Yu, anyone that gets in the way, will be killed!”

After doing all of this, The Central Prefecture’s King left the Eastern tribe behind who was slowly but surely tortured to death. His figure flickered into the void, and he propelled himself to where Su Yu was.

At this moment, Su Yu is taking a break.

Suddenly, a shocking wave came from the distant central city.

Amongst the rolling airwaves, the sound of The Central Prefecture King's killing was echoed over.

"Those who protect Su Yu, anyone that gets in the way, will be killed!"

Su Yu's heart fluttered, and he felt a sense of uneasiness in his heart.

"He's here!" Su Yu did not hesitate to take out the banner from Dongfang Yue, put it firmly on the ground, and immediately urged.

The banner flag is extremely effective, and it only takes a few breaths to kick start it.

With a force of space rolling in, Su Yu was teleported away.

Almost immediately after his teleportation, a void crack running through the sky appeared near him.

The Central Prefecture King's figure suddenly appeared at the scene.

Staring at the shattered faint array of flags on the ground, The Central Prefecture King looked around coldly. "I will see how long you can escape from me!"

Brush ——

An hour later, Su Yu appeared in Tianniu Zhou and appeared just above the Divine Nautical God-level teleportation team. This should be the intention of the two dust fairies.

Huge fluctuations in the waves have aroused the attention of the strong.

Within the city, a force of dust immortal came, covering Su Yu.

At the same time, a middle-aged and strong man with horned armor above his head teleported towards Su Yu.

"Are you Su Yu?" This person actually could recognize Su Yu's face and showing him a sense of appreciation.

Xu Suyu said busily. "Yes, I am. I will like to ask, may I borrow a transmission port?"

The King of Tianniu Zhou smiled and said: "Why the rush? There is something important I want to discuss with you."

However, just as he said those words, a strong gust of airwaves rolled from the sky, filled with the sound of The Central Prefecture King's murderous voice.

"Those who protect Su Yu, anyone that gets in the way, will be killed!"

King of Tianniu Zhou froze and sneered. "The Central Prefecture's King is indeed bold. How dare he come forward here and give me orders?"

At this moment, an individual from down the peak that looked very strong flew up with a very pale face and handed a piece of influential jade to King Tianniu.

King Tianniu glanced at one of them, and his anger was swept away, replaced by a look of horror and fear.

On the jade pendant, a mirage appeared in the mist, mapping the scene of the distant eastern continent city center.

He saw that the entire city was engulfed in Cosmic Divine Fire.

The famous black and white dust fairies, even both of them, are unable to stop the terrible fire!

The families of the Dongfang tribe rushed forward one after another, exhausted their blood, and were sucked dry, falling, one after another.

Alas, after all, that they have done, the Cosmic Divine Fire still continued moving forward. In less than two days, the entire Eastern tribe will be completely destroyed!

The oldest family on this continent will definitely, by then, be removed from the world.

At the same time, billions of souls will be buried along with it!

Such overbearing, bloody, and powerful means made the King Tianniu turned blue with sickness.

The Central Prefecture King's power was beyond expectations, beyond his own power.

He didn't want to, and he hopes his own Tianniu Zhou will not end up like the Eastern family!

Turned his head, King Tianniu's face kept staring at Su Yu, half biting his teeth, and then pushed him away. He shouted, "Leave Tianniu state immediately! And, you must not use the Transportation Spell Divine Level!"

Su Yu was surprised, what was written within the jade pendant?

Suddenly, with the uneasiness in Su Yu's heart, he felt sorrow for a while.

It was very fast, but the Central Prefecture's King has caught up so quickly!

Su Yu did not hesitate to use the Formation Flag and teleported again.

Soon after he left, The Central Prefecture's King came, and he glanced coldly at the King of Tianniu Zhou: "Well, at least you knew what to do!"

After that, he disappeared into the void.

The King of Tianniu didn't even dare to refute. When he approached the Central Prefecture's King, he felt a deep fear of death.

Behind his back, a cold sweat has already started to appear.

When Su Yu appeared again, he appeared in the neighboring state, White Sand State.

He had just appeared, when the king of White Sand was stunned by the astonishing void fluctuations and teleported over.

When he saw clearly that it was Su Yu, his face changed drastically, and a look of fear appeared in his eyes. His face was cold, and he shouted. "Leave White Sand State!"

He dare not even allow Su Yu to stay for a while longer!

Su Yu never intended to stop, and immediately sent himself away with a flag.

Just as his foot left the place, the Central Prefecture's King arrived immediately behind him and stepped on the same spot.

In this way, Su Yu constantly teleported from one state to another.

They both chased and fled, shaking the whole of Jiuzhou.

The Central Prefecture's King had endured for hundreds of years, and the strength that emerged from him will not be weaker than the Black and White fairies, who was fierce and supposedly invincible, and no one could rival them.

However, regardless of which state Su Yu went, it made the various state kings highly uneasy.

This news spread quickly across the land of Jiuzhou in just half a day through various channels.

Everyone knows that Su Yu has become the target of The Central Prefecture's King's pursuit. Those who aid him will be killed!

Along the way, those who do not know tried to take in Su Yu and help him. The end was exactly the same as the mirage in the Eastern tribe. They were all killed with the Cosmic Divine Fire!

Such bloody methods have deterred all forces in Jiuzhou mainland to react accordingly.

After nine consecutive pursuits, The Central Prefecture's King chased him to the Lifeless Sword Prefecture. He looked at the broken formation flag left by Su Yu, his mouth full of a sneer. "I need to let this ant know that although the world is big, there is no room for you! I just want to see how many of these flags you have left!"

Su Yu's feet landed on land, and this time, he teleported to Huitian Prefecture, the state that many had died aiding the battle of the Black and White fairies.

This state had lost its state king, so no one came out to drive Su Yu away.

However, Su Yu did not intend to stay.

In fact, the state kings in several states did not show up midway to aid him, but Su Yu did not want to implicate them and took the initiative to leave. He did so in the Lifeless Sword Prefecture.

Looking at the last Formation Flag in his hand, Su Yu's mouth was once of bitterness.

He has fled all over Jiuzhou, but there is no place for him to stay.

This is what Central Prefecture's King wants to see.

With this last Formation Flag, where can he run?

As Su Yu smiled bitterly, suddenly, his eyes caught on something.

Just as when the sky turned foggy, the clouds and mist reflect the scenes of the eastern city center.

In the endless stream of Cosmic Divine Fire, the black and white dust fairy supported hard and stood hard against the Cosmic Divine Fire nearing them. One by one, the Easterns were like moths, plunged into the flames, willingly let everything be sucked from them, and be reduced to a dead body.

There are hundreds of thousands of families in the Eastern tribe, but now there are less than 20,000 or 30,000!

From the start till now, it was only a short period of time of less than half a day.

Looking at the billions of souls and the Eastern family that was about to be destroyed, Su Yu was shocked.

They were all implicated because of himself!

Suddenly, Su Yu caught a glance of a shadow in the crowd, and she was walking silently to the Isolation spell.

Under the glare of the Cosmic Divine Fire, the immortal posture shined red, like a lotus flower, white and red, and infinitely delicate.

However, at this moment, her face was resolute, as she embarked on the Isolation spell and offered her blood power to the Isolation Spell.

Su Yu's mind roared with realization.

No wonder, no wonder all the state kings have avoided him!

Staring at the tragic and bloody picture, staring at the gradually unsteady scene in front of him, Su Yu's thoughts were twitching hard.

During his lifetime, he never wanted to owe anyone that showed kindness to him, and he did not want to affect others.

However, the Great Oriental Family, DongFang Yue...

"Since there is nowhere to hide, why hide again?" Su Yu looked back at the endless void, staring coldly: "The eastern continent is waiting for you!"

Brush ——

The next moment, Su Yu used the Formation Flag to teleport back to the Eastern continent. Once back, he intends to collide head-on with his enemy!

Chapter 1104: Rivals finally Meet

Soon after he left, the Central Prefecture's King came.

When he heard Su Yu's whereabouts, he could not help showing off a little fun, teasing, "Returning to the eastern continent? Oh, did you not find a way out?"

Smashing the void air with one hand, the eyes of the Central Prefecture's King are cold and submerged.

The eastern continent.

The Black and White dust Fairies are in a critical stage and barely supporting the formation method. He urged the use of the power of the five elements from the Five Elements Mountain to compete effectively with the Cosmos Divine Flame.

If that is the case, then the Cosmos Divine Flame will be gradually lowered, and it will not last for long.

"Flower core, Centrifugal, you two lead the remaining tribe to flee this place. The spare super teleportation team in the tribe is enough to let some of the tribe flee."

The white immortal looked at the tribe that had suffered heavy casualties, and in her heart, she was sad and somewhat moved.

The two government officials from the north and south laughed sternly, “Your family is in distress, but both of you want to flee?”

The Black Dust Fairy said bitterly. “Even the might of the Cosmos Divine Flame, even the highest-ranked Dust Fairy, can not be resisted by everyone. We can’t persist on for too long. We don’t have to waste the lives of our clan. Let the clan flee.”

With that, the Black Dust Fairy glanced across the area, reconsidered the formation, looked at the diminishing bloodline of Dongfang Yue that was about to wither away from the formation, sighed, and said. “Yue’er, you too should leave here.”

Dongfang Yue turned pale and smiled bitterly: “I killed the tribe, but my life is the only thing that can help to delays the vitality of the tribe and let the other tribe flee. I shall stay here and live or die with my tribe.”

“Hey, I don’t blame you for this. It was the two of us who overestimated ourselves and tried to get a ticket for the boat. It only then did we find ourselves in this situation. If you let Su Yu go, the Central Prefecture’s King will not give up feuding with my family.” The white fairy said with regrets.

They forced Su Yu to marry Dongfang Yue. Su Yu’s amazing qualifications were only a second reason. The real reason was that he had the possibility of getting a ticket.

“Old ancestors ...” Dongfang Yue deeply felt blame.

“Don’t say that you haven’t done anything wrong. My family has betrayed our benefactors and is an ungrateful lot. Fortunately, you let him go in advance, so you can claim to keep a little bit of your reputation here.” The Black Dust Fairy shook her hands, gathered some dust, and it surrounded all the people of the Eastern ethnic tribe. They were instantly teleported to a very secret place in the tribe where a huge teleportation array was running quietly.

As the oldest family on the continent, they will naturally prepare a back door for their people.

This teleportation array performs random teleportation. They will be teleported to all corners of the continent. This will ensure that the Easterns will not be destroyed by the enemy, and no matter what happens, they will still be able to retain their own kind.

The government officials of the north and the south looked at each other with tears of grief and indignation, as they stared at the Black and White dust Immortals struggling to hold on in the distance. They drank and yelled, “The people of the Eastern tribe follow us!”

They live, so that they will not disappoint their two ancestors, and care not to use their lives to exchange for a short delay of time.

Under the Cosmos Divine Flame, the two of them most definitely will turn into ashes.

The remnants of the Eastern people passed through the teleportation array one after another and quickly left the Eastern family that was about to fall.

As the Cosmos Divine Flame approaches, the Easterners had more or less evacuated the area.

The Black and White Dust Fairies looked at each other with a smile. The smile was a bitter one, and the Eastern family that had stood on the mainland for a long time was considered to have fallen overnight.

It didn't fall due to its ancient enemy, Glittering Jewel Mortal Fairy, but it fell under the hands of the Central Prefecture's King.

"Our people have left, you and I can rest here now. It has been 3,000 years, and I'm so tired ..." The White Dust Fairy looked at the flames that were getting closer and closer, but inside, she was relaxed.

Black Dust Fairy nodded silently and gave up the urge to summon the strength of the Five Elements.

For the continuation of the Eastern family, to fight the curse, they are really tired.

She can be said to be now relieved of her duties by being burnt by the Cosmos Divine Flame.

The Cosmos Divine Flame came suddenly, transforming the two dust fairy figures into living persons.

Although the body of the Dust Fairy is constantly repaired, the speed of repair is not as fast as the speed of destruction caused by the Cosmos Divine Flame.

It is only a matter of time before they die.

However, at this moment, the emptiness of the sea of fire split open, and weak undulations rippled across the landscape.

Su Yu's figure flashed out, and when he looked at the scene below, he was shocked, and the fire made him feel like he was back when facing the Tribulation of Thunderous Feather.

Looking at the two dust Fairies buried in the sea of fire, Su Yu's heart swelled.

"That's it." Su Yu gritted his teeth and yelled, "My two seniors, quickly leave the sea of fire."

Hearing Su Yu's voice, the two black and white dust immortals, who were about to sit down, were shocked. He came back!

"The Eastern family suffered a disaster for no reason, and it has ended because of me. We can't make up for it or stop it, and we can only save them one by one."

The black-and-white dust fairy's face was dark, and the cause of the disaster was ultimately caused by their greed for boat tickets. Su Yu returned to rescue them, which made them regretful for their actions.

“The Cosmos Divine Flame is invincible, and it is useless to save us, so you should hurry away whilst you can.” The White Dust Fairy sighed, closed her eyes again, and waited for the fire to burn her body away completely.

Su Yu bowed his head. “Since the seniors insist, then me, as the younger one would no longer persuade both of you. May I ask the two seniors, what personal things may you have that need to be passed down to your heirs?”

Our heirs? The White Dust Fairy and Black Dust Fairy opened their eyes at the same time. They did not intend to leave the mantle behind to pass it on. The two leaders of the north and south were carefully instructed by them on how to grow up; they will be their heir.

After thinking about it for a while, the White Dust Fairy understood Su Yu’s intentions and meaning. Does he feel that it was a pity that she would be engulfed by the fire?

The black dust fairy showed unhappiness and thought that Su Yu had come back to save them, but did not expect that he was having such thoughts on obtaining precious items.

They can be angry. However, they must admit that they do have a lot of good things on their bodies. For them to be burnt off is indeed a pity.

The two of them looked at each other and made a stroke towards the void, and two cracks appeared in front of Su Yu. In the cracks was an independent space that contained the treasures accumulated in their lives.

“Thank you, my two seniors, for heeding my requests.” Su Yu said lightly.

The black and white dust immortal silently disappeared gradually into the sea of fire, and eventually, their flesh shattered under the flames, and their soul was turned into nothingness in flames.

Suyu did not panic. From between the two cracks that appeared out of the void, from them, he each took out an item. They were not considered to be very precious, but it was something that they always carried with them. It carried their souls.

Suyu stretched out his left palm, and the emerald dragon in the palm of his hand exuded hazy light.

“Revive back to life ...” Su Yu murmured softly.

Under the palm of his hand, a trace of soul fragments continued to condense, then a trace of flesh and blood continually re-condensed, and when the two merged, it gradually formed a human figure.

After a while, the black and white dust fairies, who were clearly burnt to ashes, miraculously reappeared in front of him.

Not only did they breathe smoothly, but their faces are rosy, and even the injuries they have accumulated have disappeared.

The hidden injury that sustained when fighting against Glittering Jewel Mortal Fairy, the injury left by the Central Prefecture’s King were all cleared away.

The two of them moved their eyelids and gradually opened their eyes, and what was in front of their eyes was a blank.

“I haven’t died yet?” White Dust Fairy muttered, but the Black Dust Fairy couldn’t understand.

It was so until a gentle sound penetrated her ear.

“I have done the only thing that I can do. I shall now bid my goodbyes, and the two of you should quickly catch up with your tribe.”

When they looked up, they could only see the back of Su Yu.

“Did you save us?” The black and white dust fairies were shocked. They could vaguely feel that they seemed to have undergone a rebirth under the fire and renewed their bodies.

Looking at their storage space again, there is nothing missing except the loss of two ordinary belongings.

Suddenly, they realized that they must have misunderstood Su Yu.

“Wait!” The White Dust Fairy called out to Su Yu: “We help you through the Tribulation of Three Nines!”

Su Yu replied without turning his head. “The two of you are kind, and I appreciate it. However, Su Yu do not want you to make an unnecessary sacrifice. If you really want to repay me ... Well, the ghost tribe is surging, and the harm is no less than that caused by the Central Prefecture’s King. I hope you can beware of this and take precautions. ”

“The ghost tribe’s disaster, you don’t need to say it, but our state king will also manage the situation. However, how can you deal with the Central Prefecture’s King alone?” The Black Dust Fairy stared at Su Yu but actually felt that Su Yu, who was not yet in the realms of flying fairy, was extremely tall.

“I have my own way. You should first catch up with your clan, soothe and settle them before we talk further.” Su Yu finished his words, and slowly went into the belly of the Five Elements Mountain.

The Black and White Dust Fairy were surprised. They know that the Five Elements Mountain was a dead end behind, so why did he go through it; they don’t understand.

However, the powerful and unmatched aura of the Central Prefecture’s King was rushing inwards, and the two exchanged their looks. Regretfully, they looked at Five Elements Mountain and walked towards it.

Brush ——

After they left, the Central Prefecture’s King appeared and was somewhat confused. “It is unexpected that they could survive the Cosmos Divine Flame. Well, there must be some back door that helped them escape.”

The Central Prefecture’s King didn’t care about their life and death. He cared about Su Yu’s life and death.

With a cold glance, the Central Prefecture's King looked towards the belly of the Five Elements Mountain, and said lightly, "They really had nowhere to go. To think that they actually went there."

His royal robe floated in the air, and the Central Prefecture's King soon came to the cave. He could clearly feel the breath left behind by Su Yu along the way, and even he could perceive Su Yu's active vitality deep in the mountain's belly.

The Central Prefecture's King's face was one of indifference as if he continued to go deep. The power of the five elements was nothing to him.

Until reaching the depths, he finally used the power of the dust fairy.

He came to the end where the dust fairy could reach, and he really indeed saw Su Yu.

Su Yu's back was facing a barrier, and he was facing the young one in a royal robe in front of him.

Since Su Yu came to the Jiuzhou continent, they are doomed to an endless fight to the death.

However, this is their first face-to-face encounter.

Su Yu looked at him, and he, too, was looking at Su Yu, using his eyes to evaluate the man.

"We finally met, Yin Yu, Su Yuxian, Su Yu," The Central Prefecture's King said indifferently, and one could not see any emotion from his face.

Suyu said lightly, "Well, we finally met, Shen Yichen's good disciple."

The Central Prefecture's King's face was still indifferent, and he didn't care that he was known to deceive his teacher and destroy his ancestors.

"He is stubborn and should not be cared for when he left us." Central Prefecture's King shook his head indifferently, and no sense of apology was seen on his face, "If I can do it again, I will not hesitate to kill him, just as I will not hesitate to kill you."

Strings of sharp light shot out from his pupil and instantly locked Su Yu's quartet of space.

He didn't wait for him to take action. In the sky, a huge palm was ready to appear, and he brushed it gently, breaking Su Yu's space yoke.

"The summit is indeed amazing ... It's okay." The Central Prefecture's King shook his head indifferently again. "Unfortunately, you still can't change your ending."

His hair fluttered gently, and the Central Prefecture's King was surrounded by a powerful aura. Then, a golden flame slowly overflowed from his body.

"The Nine Dragons Dragon Cauldron, you don't deserve it at all, you can give it to the King to allow him to show off its true brilliance." The Central Prefecture's King looked at Su Yu indifferently, and the Cosmos Divine Flame that emerged was turned into a genial arrow. He shot it at Su Yu.

Suyu also took action at this time!

Chapter 1105: The Arrow that Dissipates Fairies

"Time freezes." Su Yu spat out the two words lightly.

The invisible purple spirit dragon entangled the Central Prefecture's King.

Alas, the Central Prefecture's King was able to unwrap himself with the flick of a finger without any hindrance and threw out a trace of Cosmic Divine Fire. He said indifferently with a hint of pity. "Of the nine swordplays of the Nine Dragons Cauldron carved in the Divine, you have only learned a fraction of it."

The palm of his hand was turned over, and the purple dragon that entangled the Central Prefecture's King was forcibly broken away and bounced back to him.

Time freezes, invalidated.

"Space Vortex," Su Yu said again.

The Central Prefecture's King shook his head and did not even look at it. A backhand shot wiped out the space vortex with a strong throughput behind him: "I said, you only have learned a fraction of it. What a waste to have you hold the nine Dragons Cauldron carved in the Divine. It is equivalent to a violation of the heavens."

Facing the imminent Cosmic Divine Fire, Su Yu's face has no color in it, and his left and right eyes rotated three colors at the same time.

Red, purple, white.

"So, what about this?" Su Yu's eyes were blurred, shaped like a rainbow, and it was extraordinarily magnificent: "Adjust Space and Time!"

Time, space, soul. The three powers merged into a three-color chain, much like the laws of heaven and earth. They then surrounded the Central Prefecture's King.

On the indifferent look of the Central Prefecture's King face, a trace of shock finally appeared, and a faint rush of anxiety appeared on his face.

This technique was created on the day of Su Yu's imitation when the nine Dragons Cauldron carved in the Divine came and sealed the evil God away.

This seal, at the same time, seals time, space, and soul. It is equivalent to an exile in space and time, and even one's thinking is banished.

"Break!" The Central Prefecture's King gave a low growl, trying to break open the Adjust Space and Time spell, but only created a crack.

Even so, the power of the Dust Fairy released from the fissures also caused Su Yu, who was close at hand, to crack at the flesh, and there were various fissures, which almost destroyed his physical body.

Between both of them, they were clearly not on the same level.

As the adjusted space and time descended, even though the Central Prefecture's King was so powerful, he couldn't break free from it after all. He fell into the adjusted space and time and couldn't move.

“There is only one short moment.” Su Yu secretly controlled three powers at the same time, which was very difficult for Su Yu. He only has a short window of opportunity to seal him away!

“Tri-Solar Sword Formation!” Without a second thought, he shouted, and the three-handed Silver Bamboo Sword, which had already been prepared, pierced through the void and appeared.

The three-handed sword turned into three streams of light, and in a short period of time, it went through the Central Prefecture King’s body several times.

On his body, it left behind six bloody and bleeding holes.

The power of the adjusted time and space dissipated. The Central Prefecture’s King lost his breath and his time. On his previous breath, he only saw that he was sealed. In the latter breath, he had six more bloody holes on his body.

The silver sword was indomitable and quickly submerged into the body.

However, the first reaction of the Central Prefecture’s King was not to get rid of the sword but to shoot at Su Yu without thinking.

His palm contains the power of the dust fairy. In this current world, there is no one who can stop it except the dust fairies.

He was fast, but someone was faster than him.

“Five Elements Divine Prison!” Su Yu drew a small colored tower from his chest, teleporting it to the top of the Central Prefecture King’s head.

From the bottom of the tower, a multi-colored brilliance is set up, containing the extremely powerful five elements.

Its strength is very similar to the isolation barrier behind Su Yu, both of which are the ultimate strength of the Five Elements.

The Central Prefecture’s King had to retract his palm and pat his head through the void, and said coldly: “What’s this?”

He wanted to break the shackles of the power of the five elements, but the power of the five elements was extraordinary.

The Central Prefecture’s King felt that his body was pressed by something, and he gradually lost his resistance.

At the same time, the five elements of divine prison kept zooming in towards him until they were about three feet in size. It slowly came down and rest on top of the head of the Central Prefecture’s King.

With the power of the Five Elements Divine Prison, the enemy should have been pressed to the ground and unable to move.

However, The Central Prefecture's King didn't frown, and his body remained motionless. Despite the power of the Five Elements, it couldn't hold down the Central Prefecture's King for even half a minute.

A black-green water dragon poked its head out of the Five Elements Divine Prison, its face suddenly changed and said, "Boy, he is weird, the Five Elements Divine Prison, I'm afraid, can't hold him back for too long. He can't move now, so you can try to get rid of him."

Su Yu's eyes were bright, and he replied softly. Then, a dark sun appeared on each palm, exuding the powers of the Tribulation of Thunderous Feather.

His palms were like dragons, and he severely imprinted them on the chest of the Central Prefecture's King. His royal robe was looted and turned into ashes.

Alas, what was revealed, the body of the Central Prefecture's King, surprised Su Yu.

Where is the human under the neck of the Central Prefecture's King? Obviously, the body belongs to that of the demon clan!

"You, you are not human!" Su Yu was surprised.

This is not a human that transformed into the demons, but it seemed like he was born as so.

"The secret that Shen Yichen and Lin Lang didn't know has finally been discovered." The Central Prefecture's King said, "I am the descendant of the human God and the demon god and therefore still the descendant of the gods. The mere Tribulation of Thunderous Feather is unable to kill me."

Hahaha ——

Su Yu's Tribulation of Thunderous Feathers printed on his chest really couldn't shake his body up in any way.

The Descendant of Gods ... Su Yu was shocked in his heart. How could he not know that if the descendants of God become a god, he must undergo the true thirty-nine calamity and receive the baptism of the divine calamity?

He stared at the faint fire of the Cosmic Divine Fire, and Su Yu had a thought that he could not believe.

Couldn't he try to break through the realm of gods?

"Even if I break through the gods and fail, you still can't kill me." The Central Prefecture's King calmly revealed more amazing news.

He really tried the transition, despite his repeated failures.

No wonder. He has the Cosmic Divine Fire and can survive from the calamity of God. Even if he fails, he can still get the corresponding benefits.

The control of the magical fire is the benefit that the Central Prefecture's King gained.

“Hand over the Nine Dragons carved in the Divine to me to make up for the aftereffects of the failed crossing and re-attack the throne. Also, you deserve to die.” The Central Prefecture’s King looked at Su Yu indifferently.

Su Yu’s scalp was numb, and the enemy he is facing is only one step away from the throne!

With a low sigh, Su Yu consolidated everything that he had learned. However, no matter what kind of moves, whatever he throws towards the body of the Central Prefecture’s King, it was like throwing rocks into the sea.

For half an hour, The Central Prefecture’s King was unscathed, but his eyes grew colder: “You still have half a day. After half a day, I will take your life and take back the Nine Dragons carved in the Divine.”

After that, he closed his eyes and waited silently for the five elements to stop suppressing him.

Su Yu stopped and no longer attacked fearlessly.

The gap between the two is not something that ordinary methods can fill.

He has only one method left for today.

He took a breath, and Su Yu took out his old silver bow very solemnly. Sculpted with the flying dragon, the sun, and the moon, the material was extremely ordinary.

Even the lowest-ranked warrior in Jiuzhou will also express disdain at this silver bow.

However, with this bow, The Central Prefecture’s King, who closed his eyes earlier, seemed to notice something amiss and suddenly opened his eyes. There was horror in his eyes.

His pupils constantly flickered, with panic, shock, and a deeper sense of fear.

Staring at the silver bow for a long time, on the Central Prefecture King’s indifferent face, had an additional layer of gloom. “He surely did gave you the Celestial Destroying Arrow! No wonder. I searched the Central Prefecture for so many years, and I never found this arrow. It was taken away by him! ”

Celestial Destroying Arrow? With a five-finger grip, Su Yu could not bear the huge force, and it was broken.

As the pieces peeled off, he held only the arrow’s feathers that shone in the palm of his hand.

The material is non-gold. Neither is it wood. The texture is smooth and gentle, and it emits a faint golden light.

There is a will to destroy within the arrow.

Su Yu merely touched it with his palm, and the destruction force rushed into the soul along the palm.

The cloak of the king was now penetrable, and he would be shattered into pieces.

It destroys the will to live until the depths of the soul, seeking to destroy the soul altogether.

When Su Yu found that something bad was about to happen, it was already late.

Dong ——

With a muffled sound, the Nine Dragons carved in the Divine blocked the invasion and destruction brought upon by the arrow.

Su Yu turned pale and immediately lowered the gold arrow in his palm.

“It’s worthy of being the Nine Dragons carved in the Divine indeed. It can easily block the destroying will of the Celestial Destroying Arrow.” The Central Prefecture’s King said as if he had expected it.

Su Yu was shocked. The Celestial Destroying Arrow was not an arrow he could hold at all. How can he exert his power?

He can see that The Central Prefecture’s King is extremely afraid of this arrow, but he has no fear of Su Yu not mastering how to use this arrow at all.

“It’s a pity that Shen Yichen placed the hope of revenge on you. It is too early for you and me to meet. If you held the realm of the Spire Mortal Fairies, I might have to run away with the wind. As of now, you can’t even hold an arrow.” The Central Prefecture’s King said with a faint smile: “You have got the Nine Dragons carved in the Divine and the Celestial Destroying Arrow. Heaven treats me like this. If I don’t get these two things in my hands now, wouldn’t it be going against heaven’s will?”

“Human! Demon! Change!” The repressed Central Prefecture’s King suddenly whispered, and the entire body quickly expanded, rising from the seven-foot length of a normal human into something much bigger.

Ten feet, twenty feet, thirty feet...

He kept growing until he reached the ceiling of the cave and can no longer swell larger. His body is now as high as one hundred feet!!

In front of him, Su Yu is now as small as an ant.

He suppresses the Five Elements Divine Prison above his head.

“No good. He has reversed the meridians, transformed into a demon body, and his strength has soared tremendously. I, I can’t suppress him, run away!” The black-green water dragon’s face changed suddenly.

As a demon god, it naturally knows the existence of human and demon descendants. It is said that the descendants of human and demon gods are born to be able to switch easily between humans and demons, and each time they did so, their power is increased.

Although it must be mentioned that the price to pay for this is not small. It will entail them sacrificing more than a third of their life, but it is the ultimate way to save lives in critical situations.

As he said this, it made Su Yu even more nervous.

“Still want to leave again? Where can you go?” The Central Prefecture’s King trembled violently, and the Five Elements Divine Prison above his head was finally shaken and dropped near to Su Yu.

At this moment, Su Yu is behind the barrier that The Central Prefecture's King did not dare to cross, and in front of him is the behemoth of the demons.

To think that he was the one that brought himself into this dead end, and will likely become nothing but yet another nothingness.

"The Nine Dragons, carved in the Divine, bring it to me!" The Central Prefecture's King was indifferent, and his huge palm shaped like a mountain came buckling down on Su Yu.

Su Yu's quartet of space collapsed. He was very small in size right now in this situation and was like a small boat running through a tsunami, likely to capsize at any time and be buried in turbulent space.

"Boy, you really did me in!" The black-green water dragon was desperate, and when Su Yu fled here, he felt something was already amiss, and the result was as he expected.

"Shut up! Stop this blow!" Su Yu looked calm and did not panic. He turned and stared at the barrier behind him.

His gaze crossed the barrier, staring at the darkest part of the deepest regions.

"Gang Dalei, I hope your presence is not accidental." Su Yu murmured. "I also hope that my guess is not wrong!"

"Time accelerates!" Su Yu growled suddenly, and under the effects of his own boiling blood, time accelerated, and his figure suddenly blurred and rushed towards the barrier in front of him.

It was as it looked. It is actually the deepest part of the mountain that even dust fairies are unable to set foot upon.

Chapter 1106: The Legendary Transportation

"You are seeking death! The Strength of Five Elements in it could even suppress deities. Speed is useless there! Can you outspeed deities?" The Black-Green Water Dragon said anxiously. For him, Su Yu, who was in a desperate plight, decided to try anything by rushing deep into the Five Elements Mountain.

He knew clearly the strength of this mountain. Mortal creatures would never survive in that place.

The Black-Green Water Dragon shouted anxiously as he resisted the palm, which was pressing down rapidly with the strength of the Five Elements Divine Prison.

Su Yu said calmly, "Speed could win some time for me to find other approaches in the mountain!"

A gigantic eye appeared in the sky, which covered a big area of which the diameter was over 50,000 kilometers!

Endless purple light rushed out from the gigantic eye and wrapped the entire Five Elements Mountain up.

“Time Freeze!” The gigantic eye, which was formed by the Divine Path, was able to use the Time Freeze again. This time, the target was the Five Elements Mountain.

Instantly, the Strength of Five Elements, which was flowing in the Five Elements Mountain, was frozen by the strength of time.

Su Yu lit up his eyes immediately. With the Five Elements Divine Prison in his left hand and the Celestial Destroying Arrow in his right hand, he stepped forward before that enormous palm could grasp him.

As expected, the Strength of the Five Elements, which had been frozen, failed to descend on Su Yu’s body when he stepped into that place.

The Black-Green Water Dragon shouted desperately, “Stupid guy, you should run outside the cave. It is useless to go deep into this cave! When the strength of time disappeared, you will still be killed!”

Su Yu, who was also a little bit nervous now, said calmly, “I will definitely be killed if I run out of this cave because I will be captured by the Central Prefecture’s King immediately! Inside this cave, by my best guess, I think I can find a slim chance of survival!”

Swish!

Su Yu, who was moving forward at a speed which was ten times his normal speed, managed to reach the deepest area of this cave when the Strength of Five Elements was frozen.

Three breaths...

Now, Su Yu was in the deepest area of this dark cave where a bright formation was dazzling in front of him.

Seeing this, the Black-Green Water Dragon couldn’t help but say delightedly, “A Legendary Transportation Portal? How...could this be?”

There were only nine Legendary Transportation Portals on the Jiuzhou Continent, which connected the nine prefectures on this continent.

Nobody expected the tenth Legendary Transportation Portal could be hidden in this Five Elements Mountain!

Su Yu let out a sigh of relief and said with a relieved smile, “As I expected, there is a transportation portal deep in this mountain. Otherwise, it is impossible to explain how the corpse of Gang Dalei could appear deep in the Five Elements Mountain, which was inaccessible even for Mortal Fairies! A passage which connects this area and the outside world must be here!”

When Su Yu saw Gang Dalei, this idea occurred to his mind. Now, it seemed this speculation was correct!

Without any hesitation, Su Yu jumped onto the Legendary Transportation Portal and activated it by placing several crystals into it.

This was a Legendary Transportation Portal with only one destination. However, Su Yu had no idea about this destination at all.

After finishing all these procedures, Su Yu still had three breaths left before the activation of the transportation portal.

Now, Su Yu was able to see the Central Prefecture's King from where he was. But the Central Prefecture's King couldn't see what happened inside the barrier of the Strength of Five Elements.

At this moment, the Central Prefecture's King was standing in front of the barrier hesitantly. He didn't dare to cross the barrier for the fear that it was a trap set up by Su Yu.

Su Yu put his heart at rest because there were only two breaths left, which meant the Central Prefecture's King had no time to capture him even he realized what happened now.

Therefore, Su Yu started to look around in this area and found something special.

In a corner, a white corpse was sitting with its legs crossed. It was from a human being but a flood dragon!

Like a human being, it sat there with its lower limbs crossed and waved a sign with its upper limbs. A long dragon tail encircled its waist.

Su Yu sensed the aura of a deity from its corpse. A glimpse of its corpse made Su Yu have the impulse to worship it.

"The corpse of another Devil God?" Su Yu squinted his eyes. A Devil God was killed under the Five Elements Mountain. Another Devil God also died in this mountain.

Then, he glanced at the Five Elements Divine Prison calmly and found the Black-Green Water Dragon had gone back into the prison silently.

Su Yu lit up his eyes after seeing that.

After two breaths, the Legendary Transportation Portal was activated.

Ripples of space energy gushed out from this area, which startled the Central Prefecture's King, who was outside the barrier immediately. He stepped forward immediately after realizing what happened.

However, the horrible Strength of Five Elements, which started to flow again, knocked the Central Prefecture's King, who had just stepped into the barrier back directly.

The Central Prefecture's King groaned because he had been slightly wounded, which totally annoyed him. He didn't expect a Legendary Transportation Portal was hidden inside the Five Elements Mountain.

A cooked duck flew away in this way!

"Fine! I'll find you!" The Central Prefecture's King said determinedly.

The Huitian Prefecture

Through random transportation, Dongfang Yue appeared in the sky above the super transportation portal of a bustling city in this prefecture.

Many experts were startled by such a big fluctuation in the void. Dongfang Yue had prepared herself for this. However, the expert who was attracted here was quite special this time.

The guy who appeared in front of her was an old man in a white robe. Dongfang Yue, who knew this guy, couldn't help but say in surprise, "Are you the former Region Master of the Heavenly Knife Region?"

As a direct descendant of the Great Oriental Family, Dongfang Yue had acquired more information on this continent than ordinary people. She even knew detailed information about a leader of a faction, let alone the master of a region!

She recognized the old man in front of her immediately, who was the former master of the Heavenly Knife Region.

But why did the former master from the Central Prefecture appear in the Huitian Prefecture?

"Oh? A descendant of the Demonic God whose bloodline purity has reached Stage Two! What an unexpected discovery!" The old region master, who touched his chin, looked through Dongfang Yue's bloodline immediately.

His words shocked Dongfang Yue. Some people on the Jiuzhou Continent knew members of the Great Oriental Family were descendants of the Demonic God. However, only the two ancestors knew the bloodline purity of her!

How could this old region master know that?

"Senior, sorry for my abrupt visit. Farewell!" Dongfang Yue, who sensed something was wrong, decided to leave here as soon as possible.

However, she was locked up by the strength of space when she was about to move.

The cold voice of the old region master came in from behind her, "As a descendant of the Demonic God, you can't leave here easily! I am here to kill all of you!"

Hearing this, Dongfang Yue was puzzled. Why did he say he will kill all descendants of the Demonic God? Is this a special responsibility of region masters in the Central Prefecture?

Dongfang Yue changed her expression abruptly when she sensed the killing intent from that old region master.

"Tell me how many remaining evil elements like you in this world? Where are they now? Don't force me to torture you!" The old region master shouted harshly.

Dongfang Yue, who was so smart, replied calmly, "Senior, please calm down! All the rest members of my family have fled to...the Central Prefecture!"

"The Central Prefecture? The place where I come from? The old region master pondered a bit. Then, he said by nodding his head, "OK! Lead the way! By capturing some descendants of the Demonic God like you, I won't come back empty-handed even I fail to capture that cunning she-devil!"

Dongfang Yue decided to lure him to the Central Prefecture for two reasons.

First, the rest members of the Great Oriental Family would also be transported to this place, who would be captured by this old region master if he was still here.

Second, the Central Prefecture was being occupied by the Ghost Clan now. It would be a good idea to lure a tiger into a wolf pack!

“Now, lead the way for me!” The old region master shouted coldly.

—

After one hour’s dizzying transportation, Su Yu, who had flown over several prefectures, was delivered to a place by the Legendary Transportation Portal.

After checking this place with his perception, Su Yu murmured in surprise, “Is this...the Central Prefecture?”

Su Yu was surprised. So, he opened his eyes and started to look around. Then, he saw a city which was not quite magnificent.

It was only a small city on the Jiuzhou Continent.

However, Su Yu sensed an exhilarating aura from this city.

“A creature from the Zhenlong Continent?” After taking a deep breath, Su Yu lit up his eyes excitedly.

“The appearance of Gang Dalei was not by chance as expected. Does it mean he tries to lead me to this place through that transportation portal?” Su Yu, who was quite excited, affirmed his speculation.

In front of this vibrant city, Su Yu felt he could put his hanging heart at rest.

It seemed the creatures on the Jiuzhou Continent hadn’t been jeopardized. But why did Gang Dalei lose his body?

Su Yu was wandering around in front of the city. He believed he was not fully prepared to meet people from the Zhenlong Continent.

The closer he approached his fellowmen, the more nervous he was.

“Who are you? Why do you wander around outside Zhenlong City?” A strongly-built general at the Fairy Realm who was standing on the city wall shouted loudly.

Su Yu looked up and found this man, who was very unfamiliar, had the unique aura of the Zhenlong Continent.

Does it mean new experts at the Fairy Realm has appeared after several years?

“I am...” when Su Yu was about to introduce himself, that general shouted as he changed his expression abruptly, “A Stage Nine Fairy!!” Oh, no! Inform the Deputy City Master immediately! I guess the Baiming City, which declines to accept its defeat, sent another expert to attack us again!”

After saying that, he broke a communication pendant instantly.

Several experts at the Fairy Realm flew out from the city and stared at Su Yu vigilantly.

Su Yu was quite disappointed to see that. It seemed nobody in the city knew him because he had left for too long a time! Also, the Old Wine had become the Deputy City Master of this city. Heh! Heh! Does he still get drunk by hugging his wine gourd as usual?

“Who dares to act wildly in Zhenlong City?” Along with a stern shout, an old man in a Taoist robe, who was full of liquor fumes, rushed up rapidly. The liquor fumes on his body could be smelled by anyone who was several kilometers away!

However, when the old man approached, he was stunned a bit by the intruder. Then, he said with a snappy smile, “Why do they use the same trick again? Does it mean people of the Baiming City believe I am a fool?”

When the Old Wine saw Su Yu, he was not happy at all. On the contrary, he attacked Su Yu angrily.

Su Yu was totally embarrassed. What is going on?

However, the Old Wine had reached the peak of the Stage Nine Fairy in these years, which surprised Su Yu greatly.

In front of the Old Wine’s attack, Su Yu reached out his palm gently. Then, the Old Wine’s Vital Energy was pressed back into his body. Then, Su Yu said as he placed his hand on the shoulder of Old Wine with a wry smile, “It’s me, Su Yu!”

The Old Wine changed his expression abruptly after hearing this. Then, he shouted loudly, “Oh, no! Just inform the City Master! This guy...this guy is a hidden Almighty Divine Master!”

What? An Almighty Divine Master? The soldiers on the city wall turned pale after hearing that. Then, they asked for reinforcement by sending messages to the City Master immediately.

Su Yu shouted as blue veins stood out on his forehead, “Old Wine, it’s me! Have you lost your mind?”

To his surprise, Old Wine retorted in a dreamy voice, “I know you! You are the City Master of the Baiming City! Why do you use the same trick again?”

Use the same trick again? Su Yu was surprised by what he said. He couldn’t help but look at the city. Then, he sensed a familiar aura that was flying towards him rapidly.

After a short while, a handsome middle-aged man who was wearing a black robe appeared in front of them. When he saw Su Yu, who was grasping Old Wine, he darkened his face and was about to scold Su Yu. However, he started to look at Su Yu curiously the next moment. It seemed he was trying to confirm something.

Chapter 1107: Reunion of Old Friends

Gradually, the man’s anxiety was changed to wild joy. Then, he landed on the ground and said in a pleasant surprise, “Su Yu! You...you are back!”

Old Wine was shocked after hearing that. Then, he said suspiciously, “King of Darkness, don’t be fooled by him! The City Master of Baiming City is good at changing his appearance. He could even simulate the aura of his target. It is almost impossible to guard against him!”

The man in a black robe was the King of Darkness. At this moment, he said as he stared at Su Yu excitedly, "No! Maybe his aura could be simulated. But the Celestial Destroying Arrow he received from Lord Shen Yichen couldn't be counterfeited!"

"He is Su Yu! Su Yu is back!"

Old Wine was stunned at this time. He stared at Su Yu with widened eyes and said as his lips trembled, "Are...are you Su Yu?"

Su Yu said with a wry smile after letting him go, "I didn't expect you could treat me as an enemy when I am back!"

Wild joy appeared in Old Wine's wrinkled face. Then, he hugged Su Yu into his arms and shouted in tears, "Young man, you are back! I miss you so much!"

"You are missing my treasures, right?"

"Nonsense! As your old friend, I am so worried about you!"

"Then, where are your hands now?"

"..."

Old Wine took back his hands, which were feeling about on Su Yu's waist with embarrassment. He tried to find Su Yu's storage bag. When his little trick was seen through by Su Yu, he smiled embarrassedly by baring his yellow teeth.

Su Yu, who knew this was a joke of Old Wine, felt his heart was full of warmth.

The long-lost sense of security was back together with those old memories.

Su Yu said as he looked at Old Wine and the King of Darkness with a faint smile, "I am back!"

Hearing this, the two of them smiled delightedly as the gloomy mood in their chest was swept away.

"Great! It is always good to have you back!" Old Wine wept as he touched Su Yu's head with his old hands as if Su Yu was his son.

Su Yu, who didn't dodge Old Wine's hands, asked as he raised his head, "Old Wine, where is Dalei? Why can't I sense his aura?"

Hearing this, Old Wine and the King of Darkness were stunned a bit. Then, the excitement in their faces was replaced by anger and grief gradually.

"Dalei, he..." Old Wine said in tears as his hands trembled, "he is dead!"

Su Yu was not surprised by this reply. He is really dead!

That crafty young man, who looked quite honest, is really dead...

"How did he die?" Su Yu asked as he clenched his fists.

Old Wine looked at Su Yu and was about to say something. At last, he said nothing. The King of Darkness also avoided eye contact with Su Yu at this time.

"Because of me?" Su Yu asked.

The King of Darkness sighed, “Yes! Since we moved to this place, everyone realized remarkable progress in cultivation through the resources you sent here and the intense Spiritual Energy on the Jiuzhou Continent. However, when we established a city with the resources in this area, the conflicts between us and the local factions were unavoidable. Among these factions and cities, Baiming City is the most hostile one!”

“For many times, the Baiming City mobilized its experts to attack our Zhenlong City. Although we are weaker than them, the members of our Zhenlong City, who experienced the destruction of the Zhenlong Continent, were very cohesive. Baiming City was not able to defeat us. However, half a year ago, you came back. The entire city was cheered up by your return. Then, you led us to launch a counter-attack against Baiming City. But...

“That Su Yu betrayed us by luring us into a trap during that combat!”

We suffered significant casualties in that combat. Many people were killed!”

“The Undead Phoenix Master Qiu Ningshui, the Heavenly Law Alliance Master Long Juexin, the Equipment Crafting Master Lin Yunhe, and the Phoenix Cabinet’s Master were killed in that combat...Dalei also died in that combat!”

Su Yu felt his heart missed a beat after hearing it, especially when he knew the Phoenix Cabinet’s Master, who used to consummate with him, was also killed in that combat.

“Anyone else?” Su Yu asked seriously.

The King of Darkness said sadly, “Zi Donglai was also killed. His daughter, Zi Yunxiang, was also killed in an ambush. Also, An Yurou and her disciple...”

Even they were also...

Both An Yurou and Mo Wu committed themselves to Su Yu.

Su Yu didn’t expect they had been separated by death after several years!

Although his heart was full of guilty, Su Yu still asked calmly, “Did they leave anything with their aura?”

The King of Darkness and Old Wine, who had sensed the anger in Su Yu’s heart, sighed in their heart. A lot of old friends from the Zhenlong Continent had been killed. Nobody could stay calm at this moment.

“Yes! We left in a hurry before that combat. A lot of things were left behind. Now, all belongings of those who were killed in that combat have been buried into their empty cenotaphs!” The King of Darkness said.

Su Yu said by nodding his head slightly, “Please bring their belongings to me!”

Death was not fearsome. The most fearsome thing was that life and aura were taken away by death together.

They didn't understand Su Yu's intention but still asked someone to collect the belongings of those who were killed in that combat.

"How many experts does Baiming City have?" Su Yu asked calmly.

The King of Darkness said seriously, "They have 80 Divine Masters. The most powerful expert in the City Master Bai Chonghuan, who is a Stage Eight Divine Master! Their overall strength could equally match our Zhenlong City...at least it was so half a year ago!"

"Will someone stop us if we wipe out the Baiming City?" Su Yu brought forth another question.

"Wipeout Baiming City?" Hearing this, the King of Darkness felt his heart missed a beat. Then, he said perplexedly, "It will be challenging. All cities in this place are under the control of a superfamily, which has an All Creation Old Monster. This family won't allow a city under its control to be wiped out!"

Su Yu said coldly, "The Baiming City has attacked us several times. And they were going to wipe us out every time, right?"

"Yes! Baiming City's attacks were ignored by that family because we refuse to pay tributes to that family!" The King of Darkness said with a wry smile. It was an unwritten rule that all cities which were controlled by this family in this place had to obey.

"What should be paid as tributes?" Su Yu asked as he furrowed his eyebrows. He knew the King of Darkness was not a reckless man. Why did he refuse to obey that rule if he could trade peace with tributes?

The King of Darkness said as he clenched his fists, "They asked us to give them 1,000 young girls who are at least at the level of the Half God, 300,000 Crystals and many resources every year. We have just established our city in this place and don't have so many resources. Even we have, we will never trade peace with the lives of our people! Otherwise, we will fail those who have died for the Zhenlong Continent!"

"Young girls? Does it mean the Yin-Yang secret technique is this family's special skill?" Su Yu asked angrily.

The King of Darkness replied, "Yes! All the rest cities here pay tributes on time. Only our Zhenlong City refuses to do that. So, we got the punishment from that family, which only allows other cities to attack us. When we launch a counter-attack, we will be warned by that family immediately. Old Wine and I tried to fight it out, but they attacked us and wounded both of us seriously!"

"We also tried to move to other places. However, that family will stop us whenever we decided to leave this place. They even threatened us that they would wipe us out if we try to move away again!"

Hearing this, Su Yu was not annoyed.

“So, we should be patient. Beggars can’t be choosers. We should give this matter further thought!” Old Wine sighed and said earnestly.

According to their words, Su Yu knew they had no idea about what was happening on this continent. Otherwise, they wouldn’t be worried by a small Baiming City and that family anymore.

Su Yu said by nodding his head, “Right! I am not a reckless person. So, please don’t worry!”

Then, Su Yu waved his hand to summon Sheng Ge from the Nine Jade Spiritual Pearl.

Seeing this, Old Wine said as he frowned, “The little ghost from the Dragon Abyss of the Nine Underworlds? You are lucky because you are adopted by Su Yu. Otherwise, humph...”

Su Yu knew what Old Wine didn’t say was Sheng Ge would have definitely been killed by him if she was not adopted by Su Yu.

Hearing this, Sheng Ge made a face as she released a strand of a Stage Nine Divine Master’s aura, “Otherwise what?”

The King of Darkness, who was beside her, changed his expression as he stepped back by dragging the arm of Old Wine, “A Stage Nine...Divine Master!”

Hearing this, Old Wine was also totally surprised, “Are you a Stage Nine Divine Master?”

At the very beginning, this little ghost was just a Stage Two Fairy. How could she become so dominant in such a short time?

“Su Yu, be careful! Something is wrong with this little ghost!” Old Wine realized Su Yu was so close to that little ghost at this moment.

However, both of them were shocked by what they saw the next moment. Sheng Ge, who rolled her eyes, said as she folded her hands at Su Yu gracefully, “Master, what can I do for you?”

Su Yu replied calmly, “Wipe out the Baiming City!”

Sheng Ge replied without hesitation, “Yes, Master!”

Su Yu looked up at the King of Darkness and said, “Please go together with her. Kill all those who attacked Zhenlong City and ambushed our people. As for the rest of the people in Baiming City, if they are willing to serve Zhenlong City, you can spare their life!”

“What if they are not willing to yield?” Sheng Ge asked excitedly because she hadn’t tasted human blood for a long time. Since she reached the level of Stage Nine Divine Master, she hadn’t fought with all her strength yet.

Su Yu replied calmly, “Eradicate them all!”

Those who refused to surrender should be filled with hatred. Therefore, Su Yu preferred to kill them to ensure the long-term stability of Zhenlong City.

Meanwhile, Su Yu waved his hand again. Then, a silvery puppet appeared, “Master, anything I can do for you?”

“Help Sheng Ge to wipe out that city. You don’t need to attack them. Just ensure nobody could escape from that city!” The silvery puppet, which could turn itself into billions of bloodlines, could stop people from running away from a small city easily.

“As you wish, Master!” The silvery puppet replied as it licked its lips. Last time, its body was cracked and hadn’t been fully recovered yet. This time, it could take this opportunity to heal its wounds by devouring blood and flesh of creatures.

“And...” Su Yu paused a bit. Then, he continued to say with chilly lights flashed in his eyes, “After wiping out the city, you...and the King of Darkness should eliminate that so-called family. You should leave the soul of the All Creation Old Monster in that family to me. His body is yours!”

Hearing that, the silvery puppet was overjoyed. Before this, Su Yu always stopped it from devouring too much blood and flesh.

Now, it was able to devour at will.

Su Yu’s words totally shocked the King of Darkness and Old Wine, who had been dumbfounded.

The elimination of a city and a powerful family, which was so casual for Su Yu, was unimaginable for them.

“Su Yu, what is the cultivation level of this senior?” The King of Darkness asked as he stared at the silvery puppet in terror because he sensed a horrible aura from it.

He had only sensed this kind of aura from one person before. Yes, the Blood Emperor (Xue Di)!

It should be the aura of the Blood Emperor (Xue Di) who used to wipe out the entire Zhenlong Continent!

Chapter 1108: Revisit Xian’er

“It is a Stage Three All Creation Expert. His strength improvement couldn’t catch up with my progress now. OK! From now on, you will stay in Zhenlong City and act as the guardian of this city!” Su Yu said calmly.

The silvery puppet replied, “As you wish, Master!”

It was more satisfied with this decision. Without the restraint of Su Yu, it would have every reason to devour anyone who dared to invade the Zhenlong City to enhance its strength.

“Stage Three...All Creation Expert?” The King of Darkness and Old Wine were dumbfounded after hearing that.

“OK! Just get your job done and come back to this place immediately. I won’t stay here for a long time!” Su Yu waved his robe. Then, Sheng Ge and the silvery puppet left by jumping into the void together with the King of Darkness.

Old Wine, who was totally shocked, widened his mouth when he saw the pitch-dark gap in the void, which was disappearing slowly. Then, Su Yu's words came into his ears, "Take me to my old friends!"

The next moment, Old Wine came to himself. Then, he said carefully as he looked at Su Yu reverently, "Eh...OK!"

The entire Zhenlong City was pleasantly surprised by the news that Su Yu had returned.

This time, Old Wine guaranteed that Su Yu was really back. All people in this city, who were filled with wild joy, were attracted to this place by Su Yu's reputation.

With Su Yu's help, they managed to survive and move to the Jiuzhou Continent from the Zhenlong Continent. Also, they realized remarkable progress in their cultivation in this vast world.

Now, the king of the Zhenlong Continent, who was the emotional support of all these people, had come back. How could they stay calm?

However, Su Yu left after a short meeting with these people, which made these people quite regretful.

In a cozy tea room, Su Yu was sitting together with several old friends.

Beside him, Qin Jiuyang, Wu Aoyue, Princess Yun Yan, and the Duke of Xianyu were also sitting.

All of them were Su Yu's old friends. Among them, the two ladies used to spend an unforgettable night with Su Yu, respectively.

Past events had faded like a puff of smoke. After so many changes, Qin Jiuyang had become more mature. As a Stage Eight Fairy, he was almost as powerful as Old Wine. Now, he could be considered as one of the most powerful experts among young people from the Zhenlong Continent.

At this moment, he was consulting Su Yu about the approaches of training modestly.

Su Yu gave instructions to him patiently. Meanwhile, Wu Aoyue and Princess Yun Yan were looking at Su Yu carefully.

Su Yu, who also became more mature after these years, was no longer a young man.

The sorrow of separation was the hardest part of these years.

Now, the two ladies, who were not shy young girls anymore, were looking at the man they loved in a quiet and graceful way.

People in this room were chatting warmly in a harmonious atmosphere.

"My lord, are you going to stay in Zhenlong City this time?" Wu Aoyue asked with concern. She tried to go with Su Yu so that she could realize bigger progress in her training. She made this decision when she saw the change of Sheng Ge.

She realized Sheng Ge had been thoroughly re-molded!

Now, she regretted not escaping from the Central Prefecture's King together with Su Yu.

“I won’t stay here for a long time!” Su Yu had seen through her plan. So, he refused her politely, “I’ve left plenty of resources here. If you could make good use of them, the talented ones among you could reach the level of Divine Master easily!”

Even 1% of the resources in the Glittering Jewel Wonderland could realize a tremendous change in Zhenlong City. Now, Su Yu had left 1/10 of the resources he found in the Glittering Jewel Wonderland, which was more than the resources obtained by any region masters on this continent.

“Are you going to leave soon?” Princess Yun Yan, who had become an elegant and poised lady from a young girl, asked at this moment. Then, she said gently, “Please take care of yourself!”

Then, she stood up gracefully and left like a beautiful butterfly.

Wu Aoyue, who knew how to behave in a delicate situation, also left after Prince Yun Yan. Now, only Su Yu, Old Wine, and the Duke of Xianyu were left in the room.

“Old Wine, I stayed in the Blessed and Heavenly Land in these years and was not able to come back. I am sorry for the hardship you suffered!” Su Yu said apologetically. If he couldn’t come back in time, the Zhenlong City would have been wiped out by other factions in this place.

“Don’t say that. We know you asked someone to deliver the resources to us. We know you are anxious about us. It is a pity that the one you sent here was also killed during a siege launched by the Baiming City!” Old Wine sighed.

Su Yu was surprised by what he said. It turned out that Elder Liao was also killed. No wonder he hadn’t received any message from Elder Liao yet.

Elder Liao managed to find the Zhenlong City and deliver Su Yu’s resources into this city, which should be considered as extraordinary service. Su Yu decided to revive Elder Liao if he could find anything with the aura of Elder Liao on it.

The revival technique could only be used once each day, which meant he couldn’t revive Elder Liao immediately.

“Frankly speaking, the hardship of our people is caused by my selfishness. The Jiuzhou Continent is so large. We can find a better place to settle down easily! I have been to this place before. So, I suggested that we should settle down in this place. If we established the city in other places, the hardship of our people could have been avoided!”

Hearing this, Su Yu asked in surprise, “Have you been to this place before?”

Old Wine replied, “Yes! When I was a guard in the Central Prefecture, I came to this place to carry out a task. In these ruins, I found a baby. Then, I adopted him out of sympathy. I thought this place is the hometown of this baby. So, I brought forth my suggestion of settling down here. I didn’t expect our people could be bullied by the evil local factions here!”

A baby? It should be Gang Dalei! Su Yu didn't expect the Zhenlong City was also the hometown of Gang Dalei.

"Alas! I won't bother your reunion anymore. I am going to collect the belongings of those deceased ones!" Old Wine sighed.

After walking Old Wine out, Su Yu went back into the room and sat down in front of the Duke of Xianyu.

"Father!" Finally, Su Yu got the opportunity to talk with the Duke of Xianyu today.

The Duke of Xianyu, who kept silent, waited for Su Yu to start a conversation.

Hearing this, the Duke of Xianyu was quite relieved. Then, he said as he looked at Su Yu in tears, "You are back!"

After so many years, the Duke of Xianyu looked much older according to his grizzled hair and beard, as well as his stoop body.

Su Yu didn't know what to say. After a while, he asked, "Where is Xian'er? Why isn't she here?"

The Duke of Xianyu sighed, "Xian'er is living outside the city alone. You can go and visit her!"

Is she living alone? Does it mean she is still ashamed to face people of the Zhenlong City?

"Father, I..." Su Yu said apologetically.

The Duke of Xianyu interrupted Su Yu and sighed, "Yu'er, life is short. Even Martial Artists could have a prolonged life. They could die at any moment. As a man, you should make a prompt decision to avoid leaving a lifelong regret to you and others!"

Then, the Duke of Xianyu stood up and left the tea room as he sighed. Su Yu was left in the room to ponder over the words of the Duke of Xianyu.

Life is short...The words of the Alluring Cabinet Mistress came into Su Yu's mind. The Martial Artists could die easily like ants. Nobody knew what would happen the next moment.

After a short silence, Su Yu lit up his eyes. Right! I need to make decisions for some issues now.

Half a day later

Swish!

A crack appeared in the void, from which Sheng Ge, the silvery puppet and the King of Darkness, walked out.

The silvery puppet and Sheng Ge were holding a head in their hand, respectively.

The head in Sheng Ge's hand was from the City Master of the Baiming City. The head in the hand of the silvery puppet was from an All Creation Old Monster of that family, whose soul was being sealed in his head at this moment.

"Hang the head of the master of the Baiming City on the city wall for three days.

Place the soul of this All Creation Old Monster under the Zhenlong City and take good care of it. When Zhenlong City decides to move, you can release his soul!"

These two moves were used to deter those reckless guys.

Anyone who dares to offend the Zhenlong City will be killed!

Including the Divine Masters and All Creation Old Monsters!

Seeing this, the King of Darkness felt his heart was full of wild joy. He was not able to find a word to describe the horrible strength of Su Yu's two servants.

The silvery puppet smashed the body of the arrogant All Creation Old Monster of that family within one round. Then, the puppet also captured his soul before it could run away!

The horrible attack of the silvery puppet had totally impressed the King of Darkness.

Soon, he realized Su Yu, whose servants were so powerful, would be much more powerful.

"Lord Su, if you leave here, could we deter our enemies with your reputation?" The King of Darkness asked expectantly.

After a short ponder, Su Yu replied by breathing out some foul air, "Of course! You could tell people in this world that Zhenlong City is Su Yu's hometown. Anyone who dares to offend this city will be killed by me!"

The voice of the Evil God came in at this time.

"Hey! Hey! Young man, the Central Prefecture's King, is still chasing you. Don't you worry that Zhenlong City could be used by him to threaten you?" The Evil God reminded Su Yu inappropriately.

Su Yu asked, "Doesn't the Central Prefecture's King know the existence of the Zhenlong Continent? I don't think so!"

The Glittering Jewel Demonic God, who was in the Blessed and Heavenly Land, could find it. As the ruler of a prefecture, the Central Prefecture's King would definitely know this place!

A moment later, Old Wine brought the belongings of the deceased ones to Su Yu.

When Su Yu sensed the aura of the Phoenix Cabinet's Master, Zi Donglai, and his daughter, An Yurou, Mo Wu, Lin Yunhe, and Qiu Ningshui, his heart was filled with exclamation, sadness, and relief.

With their aura, Su Yu could revive one of them every day, which was not a difficult task.

When Su Yu saw a broken armor, which belonged to Gang Dalei, a doubt appeared in his heart.

By communicating with Old Wine, Su Yu was sure that Gang Dalei had been killed. His Life Jade Pendant in the city also cracked, which meant his soul had been eliminated together with his body.

However, Su Yu saw Gang Dalei's corpse was moving freely in the Five Elements Mountain, which was quite strange.

He got a vague feeling that Gang Dalei's appearance was controlled by a secret hand.

After obtaining these items, Su Yu knew it was time for him to say goodbye to Zhenlong City.

The Central Prefecture's King would arrive at this place within half a day.

Su Yu didn't want to attract his fury to this place.

"Remember, you should live and die together with this city!" Su Yu turned around and shouted at the silvery puppet.

The silvery puppet replied as it fell on one knee, "Consider it done, Master!"

After saying that, Su Yu turned to the King of Darkness and Old Wine, "I will try to revive the deceased ones. So, don't be sad about them. Please focus your attention on the development of the Zhenlong City and the settlement of the surrendered people of the Baiming City! From now on, you are on your own!"

"Don't you want to stay here?" The King of Darkness and Old Wine were surprised by what they heard.

Su Yu replied with a smile, "I will come back if I could survive. Please take good care of people from the Zhenlong Continent. Farewell!"

After taking a step forward, Su Yu disappeared in the Zhenlong City. Then, he appeared on a nameless mountain.

A thatched cottage was surrounded by many mountains and valleys.

Through investigation, Su Yu knew Qin Xian'er moved to this mountain when people of the Jiuzhou Continent settled down in this place. She always performed secluded training and seldom left this place. Even the Duke of Xianyu hadn't seen much of her.

Su Yu knocked at the door of the cottage apologetically.

The door was opened quietly. Then, Su Yu saw everything inside the cottage.

All things inside the cottage, which were in chaos, were covered by a thick layer of dust. It seemed this cottage had been abandoned for a long time.

Chapter 1109: The Death Dagger

"Brother Su Yu!" When Su Yu was wondering whether this cottage had been abandoned, ringing laughter came in from behind him. Then, his waist was hugged by a pair of slim arms from behind.

Su Yu was surprised by what he heard. This voice should absolutely come from Xian'er!

Then, he turned around and found Qin Xian'er, who was wearing colorful clothes, was looking up at Su Yu carefully. Her beautiful eyes were full of tears of excitement and joy.

"Xian'er..." Su Yu choked with sobs and was not able to utter more words.

He turned around and embraced the dainty girl in front of him into his arms deeply.

After several years, she was a little bit taller than before. Now, her head could touch Su Yu's chin.

Her cute and pretty little face became more exquisite, like a beautiful sculpture. At first sight, she looked like an innocent little fairy fox.

However, a doubt appeared in Su Yu's heart.

Since when she is so powerful that she could hug me from behind without being detected by me?

Now, Su Yu's sense of perception was extraordinary, which could detect anything within ten meters from him. Only Mortal Fairies could reach a position that was ten meters away from Su Yu without being detected by him.

However, this idea went in a flash. Xian'er had the dead phoenix body. Even Yun Yazhi wanted to take her as his disciple. So, it was quite reasonable for her to realize such significant progress. Su Yu was quite happy to see that.

After turning away his doubts, Su Yu started to enjoy the long-lost good feeling of hugging Xian'er in his arms.

"Brother Su Yu, I miss you so much!" Xian'er also hugged Su Yu's body tightly as if she was about to merge into his body. She worried Su Yu might run away again the next moment.

Su Yu didn't know what to say, and his heart was full of guilty when the words of the Duke of Xianyu and the Alluring Cabinet Mistress came into his mind.

He knew he had to make decisions for some issues.

"Xian'er, about Jingyu, I..." Su Yu said by gathering his courage as he looked at Qin Xian'er earnestly.

Xian'er placed her finger on Su Yu's lips and said gently, "This moment belongs to you and me. I don't want anything else to ruin this moment!"

Su Yu sighed and swallowed the words he wanted to utter. Then, he hugged the slim body of Xian'er in his arms tightly.

Under the setting sun, they clung to each other on the mountaintop quietly, allowed the breeze and clouds to drift away from their side.

It seemed they decided to keep this stance till the end of time!

Su Yu didn't know when Xian'er closed her eyes in his arms. After a short while, she started to snore like a little kitty.

It seemed she hadn't enjoyed such a peaceful sleep for a long time.

Without waking her up, Su Yu took her into the cottage. Then, he stood in the cottage with Xian'er in his arms for the whole night till the first light of the early morning sun landed on his body.

Su Yu put Xian'er, who was still sleeping deeply in his arms on her bed gently. Then, he looked up at the sky.

It was the 8th day of the Human Tribulation of The Tribulation of Three Nines. Central Prefecture's King would be here soon.

After putting Xian'er down on her bed gently, Su Yu kissed her forehead and said in an affectionate and apologetic way, "Sorry, Xian'er, I'm afraid I can't stay with you in future. So, I want to finish the words I didn't finish yesterday when you are sleeping!"

“Xian’er, I love you just like the way I love Jingyu!” Su Yu confided his idea by gathering his courage.

Could one love two persons at the same time? Yes! But is it fair for those two persons? No!

When Su Yu tried to persuade himself that he only loved Xia Jingyu, he realized it was impossible for him to forget this delicate and cute little girl who always needed his protection.

He knew he would never forget her for the rest of his life.

He knew he loved Xia Jingyu. However, this little girl, who had been accepted as his responsibility, had also occupied his heart and love.

However, in order to safeguard the so-called fairness, he didn’t want to accept this idea.

Now, the Tribulation of humans was just around the corner. It seemed he was quite doomed this time.

Before his death, he managed to straighten out his thinking after hearing the Duke of Xianyu’s advice.

Life is short! Don’t leave regrets to yourself and others!

So, Su Yu decided to tell Xian’er that he had already divided his love into two halves selfishly.

But...he didn’t have the courage to say it.

Just let Xian’er sleep! Let yesterday’s reunion become her dream! Let his death happen in her dream!

After confiding his idea, Su Yu walked to the door of the cottage. Then, he turned around and looked at Xian’er for the last time. Now, the regret in his heart had been resolved. He walked out of the cottage and looked at the sky.

The aura of the Central Prefecture’s King was so close.

It is time to leave here now.

Su Yu took a step forward without turning around again. Then, he rushed out and tried to stay away from Xian’er.

Two hours later...

Su Yu appeared in a barren wasteland.

Standing in front of a long river, Su Yu was prepared to meet the challenge by wrapping the Celestial Destroying Arrow with the Vital Energy in his right hand.

It seemed he was about to wage a life-and-death fight with the Central Prefecture’s King, although his winning percentage was very low.

Scratch!

A deafening sound of void laceration came into Su Yu’s ears at this moment. It was so loud as if the entire heaven and earth had been torn open.

From the gap in the void, the aura of a king gushed out like surging waves.

“Let’s end this boring chasing here!” The Central Prefecture’s King stepped out of the void gap and stared at Su Yu from above coldly.

After being stopped for five days, he spent three days to arrive at this place. Finally, he caught up with Su Yu after eight days!

“Really? If you want to kill me, you would have done it a long time ago. You are afraid of the Celestial Destroying Arrow in my hands, right?” Su Yu said as he created a longbow with the Vital Energy in his left hand. Then, he fitted the Celestial Destroying Arrow to the string with his right hand and aimed it at the Central Prefecture’s King.

The expressionless face of Central Prefecture’s King changed a bit. His lips were twitching slightly. Even his eye pupils also constricted a bit.

Apparently, even Su Yu was not able to attack with the full strength of the Celestial Destroying Arrow, his attack would still be quite destructive.

“I will kill you even I could be wounded by your attack! The Divine Nine-Dragon Cauldron is the key factor for me to become a deity. It has been obtained by you for too long a time!” The Central Prefecture’s King was determined to obtain the cauldron even he could be wounded by the Celestial Destroying Arrow.

Now, Su Yu was in a confrontation with the Central Prefecture’s King, and the situation was quite unfavorable for him.

However, Central Prefecture’s King didn’t attack immediately because of the deterrence of the Celestial Destroying Arrow.

Suddenly, Su Yu frowned, and his face turned gray. Blue veins could be seen on his skin as his face was filled with a painful expression.

His hand, which was holding the Celestial Destroying Arrow, started to tremble slightly.

Then, he looked down and found a lump of gray air on his chest, which started to diffuse towards his limbs slowly.

“Am I poisoned?” Su Yu asked in pain. However, no surprise could be seen in his eyes. A relieving smile even appeared on his lips.

He knew he had been poisoned but pretended he didn’t know that. There was only one reason that he didn’t use the Milky Way Star Sand to detoxify the toxin. He didn’t want to do that!

Because he was willing to be killed by the one who poisoned him.

A strand of approbation appeared in the cold face of the Central Prefecture’s King. Then, he said to someone beside him, “Nicely done!”

Scratch!

A gap appeared in the void. Then, a delicate figure who was wearing colorful clothes stepped out. What a pretty and cute little fox fairy!

Isn’t she Qin Xian’er?

However, compared to her sweetness yesterday, Xian'er was expressionless at this moment. Her eyes were dim and hollow.

Qin Xian'er walked out of the void gap and stood behind the Central Prefecture's King reverently. Then, she said calmly, "Master, thanks to your wonderful foresight, we got him!"

A strand of a faint smile appeared on the lips of the Central Prefecture's King. Then, he said, "In this world, there is a kind of person who is willing to be killed by the beloved one. You are one of them! Being sentimental is merit and also a fatal flaw for a person! I took her as my disciple, just in case you attack me with the Celestial Destroying Arrow!"

Su Yu was losing control of the Celestial Destroying Arrow gradually. Seeing that, Central Prefecture's King started to smile arrogantly.

He didn't wipe out the Zhenlong City because he knew Su Yu would come to this place sooner or later.

The Central Prefecture's King took Qin Xian'er as a disciple because he knew Su Yu was a man who owed a lot to Qin Xian'er and was willing to be killed by Qin Xian'er even when he knew it was her plan.

When the Central Prefecture's King found Qin Xian'er, he found deep hatred in her eyes, which reassured him that this girl would become a sharp knife to kill Su Yu.

Now, she did what she wanted to do as expected.

At this moment, Su Yu's energy was about to be exhausted by the toxin. Seeing this, Qin Xian'er, whose eyes were still full of deep hatred, asked coldly, "Do you regret? Do you regret making the decision to choose Xia Jingyu by abandoning me?"

A strand of blood appeared on Su Yu's lips, which meant the toxin had taken effect.

He knew clearly that Qin Xian'er poisoned him when he hugged her in his arms yesterday.

Since he was about to die soon, he would rather die in her hands. Maybe her hatred could be diluted a bit in this way.

"I regret..." Su Yu's voice became shaky because of the toxin. However, he still said firmly, "I regret that I fell in love with two girls at the right time. But I don't have the courage to undertake your love at the same time. I am more regretful that I hurt both you and Jingyu!"

Qin Xian'er was not swayed by his words. She stepped out and shouted coldly, "Then, do you know you deserve to die?"

Su Yu didn't reply because the toxin in his body was the best answer. So, he would rather die in the hands of Qin Xian'er.

"OK! Xian'er, take his Celestial Destroying Arrow away and let me clean up the mess..." the Central Prefecture's King said calmly as if he was in front of a corpse.

He didn't dare to touch the Celestial Destroying Arrow before he was sure that Su Yu had been killed.

However, before he could finish his words, he turned around and shouted abruptly, "What are you doing?"

He saw a pitch-dark dagger that had been stabbed into his waist.

The one who stabbed him was his disciple Qin Xian'er!

Qin Xian'er replied calmly, "Kill you and solve the Tribulation of Human for my brother Su Yu!"

"You! Traitor..." the Central Prefecture's King was totally annoyed because he didn't expect Qin Xian'er could betray him at this moment.

Hearing this, Qin Xian'er retorted calmly, "Like Master, like disciple! I acquired this skill from you, Master!"

The Central Prefecture's King betrayed his Master Shen Yichen. Now, he was betrayed by his disciple Qin Xian'er!

Chapter 1110: Draw Water with a Sieve

The Central Prefecture's King, who had been annoyed, said coldly, "Unlike me, you are not powerful enough to kill your Master! What a pity! Get lost!"

His body trembled a bit. Then, the magnificent energy of a Mortal Fairy gushed out in all directions like surging waves.

However, his attack was useless in front of Qin Xian'er as if his energy had flown through her body but failed to cause any damage to her.

Now, even Su Yu was puzzled by the actual strength of Qin Xian'er.

She could approach Su Yu without being detected by him. Now, she could handle the attack of a Mortal Fairy easily.

Qin Xian'er let go of the handle of the dagger as she said indifferently, "As expected, the Death Dagger can't kill a person who has experienced the Divine Tribulation like you!"

Then, the dagger which had been stabbed into the body of the Central Prefecture's King was turned into a lump of gray air. The next moment, the gray air disappeared in his body.

The blood and flesh where the gray airflow through died immediately.

If this gray air, which was full of deadly energy, flew through the entire body of a person, the body of a Mortal Fairy could also be killed. Even the soul could also be eliminated.

However, Central Prefecture's King had experienced the Divine Tribulation. The divine fire in his body could stop the deadly energy and burn it into ashes slowly.

"Curse you, Death Phoenix Constitution! If I knew from the start, I shouldn't have instructed you to activate the strength in your bloodline!" Qin Xian'er was standing in front of Central Prefecture's King. However, he didn't have time to kill her but just stood there motionlessly.

Because he had to eliminate the deadly energy in his body by gathering all his divine fire.

Qin Xian'er created another black Death Dagger with her hand quietly. Then, she stabbed it into the waist of the Central Prefecture's King calmly.

The Central Prefecture's King said as he clenched his teeth angrily, "You plan to kill me from the very beginning, right? So, you pretended you hate Su Yu very much, right?"

Qin Xian'er took back her palm. Vaguely, her palm became transparent for a while as if it disappeared suddenly.

Then, she replied as she nodded her head calmly, "Yes! I have to earn your trust so that I can attack you at such a short distance. In this way, I could solve my brother Su Yu's Tribulation of Human. Therefore, I agree to become your disciple immediately when you found me!"

Hearing this, Central Prefecture's King was even angrier. He thought he was bound to win by taking everything into consideration. He didn't expect he could fall into the trap of this little girl at last.

Her deep hatred was so vivid that he had no reason to doubt it.

"The only mistake in your plan is that you are not able to kill me!" The Central Prefecture's King sneered.

Hearing this, Qin Xian'er said as she shook her head slightly with an expression of pity, "No, someone else is able to kill you!"

"Who?" The Central Prefecture's King sneered.

"The Celestial Destroying Arrow!" Qin Xian'er tossed her eyes at the golden arrow in Su Yu's hands.

The Central Prefecture's King couldn't help but laugh loudly, "Only a peak Mortal Fairy could attack with the full strength of the Celestial Destroying Arrow! I don't think anyone of you has reached the level of the peak Mortal Fairy!"

Qin Xian'er said, "Exactly! But I can create one here!"

Create...The Central Prefecture's King sneered disdainfully until he saw a chilly heart in the hand of Qin Xian'er. Then, he darkened his face and shouted crazily as he trembled with anger, "What have you done to Hanxuan?"

"Nothing! I just did what you want to do!" Qin Xian'er replied calmly, "I asked her to acquire the Jade Maiden Heavenly Frost Art to the highest level. Then, I took away her...divine bloodline!"

Hearing this, the Central Prefecture's King constricted his eye pupils because of shock and anger. His face was also twisted because of his fury. Then, he shouted angrily like a greedy rich man whose treasure was stolen, "How do you know he had the divine bloodline? Her bloodline is very special. You shouldn't have sensed the aura of her who is a descendant of a deity!"

"Very special? Yes! It is special, indeed. A sleeping bloodline of a Cultivation Deity could help you to reach the level of deity effectively like a miraculous elixir!" Qin Xian'er said.

Central Prefecture's King changed his expression abruptly again. Then, he darkened his face and asked seriously, "Who told you that? All those who know this secret are dead!"

Qin Xian'er said by pointing at her ears, "As the Death Phoenix Constitution, I can hear the sound of all deceased creatures in this world. A living person could keep silent. But I can get information from the dead. Those who were killed by you told me your secret!"

After activating the Death Phoenix Constitution, she acquired the secret of Hanxuan unintentionally. Hanxuan didn't know she had a rare divine bloodline of a Cultivation Deity.

The Cultivation Deity was also a kind of deity who could outspeed the other people in training and cultivation.

This kind of deity could improve their level rapidly. Their descendants could also realize fast progress as long as their divine bloodline was awakened.

Inexplicably, the blood of the Cultivation Deity in Hanxuan's body was sleeping. A sleeping bloodline, which was not activated, was an unowned item. Therefore, it would be obtained by anyone who activated it.

With this special bloodline, anyone could realize rapid progress in a short time.

Although the effect could only last for a short period, it meant a lot for those peak Mortal Fairies like the Central Prefecture's King, who was about to reach the level of deity. At least it could increase the possibility of reaching the level of deity!

However, it was quite difficult for other people to take out the sleeping bloodline from Hanxuan's body forcibly. If they awakened the bloodline by mistake, the bloodline would belong to Hanxuan forever.

This Jade Maiden Heavenly Frost Art was a vicious method designed to take away the bloodline.

If someone who had a sleeping bloodline acquired the top level of this technique unknowingly, the bloodline would be frozen and could be taken away easily.

The thing which looked like a chilly heart in the hand of Qin Xian'er was the bloodline of the Cultivation Deity taken out from Hanxuan's body.

"Are you going to devour it?" The Central Prefecture's King darkened his face. With fiery-red eyes, he looked like a horrible devil. It was a sign that he was about to become a devil soon.

Qin Xian'er replied by shaking her head, "No!"

What? Hearing this, the Central Prefecture's King was stunned a bit. Qin Xian'er did her best to earn his trust after obtaining the bloodline of the Cultivation Deity. Why didn't she want to devour it?

Qin Xian'er nestled herself into the arms of Su Yu like a young swallow. Then, she placed her little hand on Su Yu's chest lovingly.

Then, the gray air in his body was absorbed by her palm gradually.

“Sorry, brother Su Yu! In order to earn the trust of the C, I didn’t tell you my plan in advance!” Like a little girl who made a mistake, Qin Xian’er said anxiously.

Su Yu sigh as he touched her head with a smile, “Silly girl, I know your plan clearly!”

Qin Xian’er was stunned and said in surprise, “How do you know I didn’t betray you?”

“If you really want to kill me, you could have killed me a thousand times when you hugged me from behind yesterday. Why did you choose to kill me with the toxin?” Su Yu replied with a smile.

When Xian’er hugged Su Yu from behind, it was quite easy for her to stab a Death Dagger into his back!

The Central Prefecture’s King was able to withstand the attack of the Death Dagger. But Su Yu was not powerful enough to do that!

Therefore, when Su Yu found Xian’er poisoned him with a slow toxin, he knew this girl was trying to deceive the Central Prefecture’s King.

“It turns out that my plan has already been seen through by brother Su Yu!” Qin Xian’er blushed. Then, she turned around and pouted, “Then, why did you say that? Humph!”

What? Die in the hands of Qin Xian’er willingly?

“When I heard those words, I almost burst into tears. I really worried you believed my words! How could I kill brother Su Yu?” Qin Xian’er said, and her beautiful eyes were full of tears. It was so risky this time that she was also feared after that.

Su Yu said as he hugged Xian’er into his arms again, “My good Xian’er, you can deceive me! Why can’t I do that to you?”

Qin Xian’er blushed again and pouted, “I don’t care! Anyway, I have been terrified by you!”

“Hah! Hah! Hah...” Su Yu couldn’t help but laugh loudly. He didn’t know when Xian’er started to act like a spoiled girl.

“You can punish me at will after this. Now, let’s handle the difficult situation in front of us!” Su Yu said seriously.

Even the Central Prefecture’s King had been trapped, Su Yu had nothing to hurt him unless the Celestial Destroying Arrow in his hand.

“Don’t worry! I will give the bloodline of the Cultivation Deity to you. Even you can’t reach the level of a deity. You could reach the level of a peak Mortal Fairy easily!” Qin Xian’er said as she placed the chilly heart into Su Yu’s hands carefully, “Lord Shen Yichen gave you the Celestial Destroying Arrow because he hoped you could avenge him. So, please don’t refuse it!”

Hearing this, Su Yu felt he loved Xian’er even more than before.

When they were separated, Xian'er would always prepare a lot of things for him. Then, she could give all those things to him when they met again.

She would always do that every time without fail.

This time, she risked her life to obtain the bloodline of the Cultivation Deity. By planning everything half a year ago, she must be waiting for this day eagerly.

After receiving the heart, Su Yu said, "How do you know I have the Celestial Destroying Arrow? Also, I guess you guided Gang Dalei into the Five Elements Mountain, right? Does it mean you know everything I've done before?"

It should be quite easy for the Death Phoenix Constitution to control a corpse.

This was also the reason that Gang Dalei, whose body and soul had been eliminated, could move freely.

Qin Xian'er lit up her eyes as she nodded her head, "This is the result of sister Jingyu's divination! She has inherited Senior Tian Jizi's divine decree of the path. Half a year ago, she forecast today's situation through divination. So, she prepared a plan in advance. I tried to kill Central Prefecture's King by becoming his disciple. If my plan fails, I can also obtain the bloodline of the Cultivation Deity. This is also sister Jingyu's plan. She knows everything through her path, divination!"

Prepared a plan half a year ago? Su Yu was surprised by what he heard. Xia Jingyu's technique of the divine decree of the path must have reached a high level. Otherwise, it was impossible for her to know everything half a year ago.

She even managed to lead Su Yu to this place to realize her plan.

Suddenly, Su Yu remembered Yun Yazhi used to tell him the one who could solve his Tribulation of Human was related to a "Phoenix"!

Qin Xian'er and Xia Jingyu had no phoenix in their name. However, Qin Xian'er was the Death Phoenix Constitution. Also, she had a phoenix mark on the back of her neck!

Therefore, it seemed Qin Xian'er was his hope to solve his Tribulation of Human according to everything happened before.

These two girls started to plan for Su Yu half a year ago because they really cherished him.

A man who could have two soul mates like them would have no other request in his life!

"How could I refine this bloodline?" Su Yu asked. He knew it would need a lot of time if he tried to refine it with the Divine Nine-Dragon Cauldron, which could also impair its effect.

Qin Xian'er replied, "You can devour it directly. The Jade Maiden Heavenly Frost Art is a technique designed to take away bloodlines. It has suppressed the power of this divine bloodline. Anyone who has reached the level of fairy could devour it without being harmed by any adverse effect!"

Then, it would be a simple task!
