

Nine-Dragon 1111

Chapter 1111: Race Against Time

Su Yu glanced at the Central Prefecture's King coldly. Then, in front of his eyes, which were full of hatred, Su Yu swallowed the heart into his stomach directly.

"Ant! What a pathetic ant!" The Central Prefecture's King yelled angrily. The bloodline of the Cultivation Deity, which he had cultivated for over ten years, was taken away in front of his eyes!

However, Central Prefecture's King had to stop yelling immediately. During that short distraction, two Death Daggers continued to move deeper into his body. So, he had to focus his strength to suppress the daggers at this moment.

Su Yu also closed his eyes and started to absorb the bloodline of the Cultivation Deity.

Time went on slowly.

The Central Prefecture's King was seizing every minute and second to wipe off the deadly energy in his body. At the same time, Su Yu was doing his best to absorb the bloodline of the Cultivation Deity.

The one who was faster would be the winner of this fight!

Qin Xian'er became more and more nervous. Xia Jingyu could only forecast the situation that Su Yu was led to this place. The Tribulation of Three Nines caused interference to her divination. So, she was not able to see the future clearly.

It was impossible for her to forecast the fate of Su Yu.

The two girls made a desperate attempt to wage a life-and-death fight with the Central Prefecture's King in this place. But they didn't know what the result would be.

Half a day later

The Central Prefecture's King had suppressed the surging deadly energy in this body and was expelling it from his body slowly at this moment.

The bloodline of the Cultivation Deity also started to merge with the body of Su Yu.

Both of them were equally matched. Nobody knew who would take the initiative at last.

Qin Xian'er, who was leaning close to Su Yu, placed her little hands on her chest and stared at Su Yu staunchly as she opened and closed her little mouth nervously.

Another half a day passed.

It was the 9th day of the Tribulation of Human, which was also the last day.

Now, Central Prefecture's King had expelled 30% of the deadly energy in his body. If he could expel another 30%, he could suppress the rest 40% of the deadly energy with his strength and started to attack Su Yu.

Su Yu had absorbed 30% of the bloodline of the Cultivation Deity, which started to take effect in his body.

His cultivation base, which was at Stage Nine Fairy, started to grow rapidly. Within one day, he had broken the bottleneck of Divine Master and reached Stage Six Divine Master. But it was still far from enough.

Su Yu might need another half a day to reach the level he needed.

Finally, half a day passed.

Su Yu only had half a day left before the outbreak of his Tribulation of Human.

At this moment, Central Prefecture's King was able to move slowly. 60% of the deadly energy had been expelled from his body.

Soon, he would be able to kill Su Yu with a strand of the strength of the Mortal Fairy before Su Yu could absorb the bloodline of the Cultivation Deity completely.

Su Yu was already an All Creation expert now. But the gap between his current cultivation base and the peak Mortal Fairy was a realm!

In front of this certain defeat, Qin Xian'er clenched her teeth and jumped up into the sky by hugging Su Yu in her arms. Meanwhile, she talked with Su Yu through telepathy, "Brother Su Yu, don't stop your absorption. Let me handle the rest issues! We still have a Plan B!"

One hour later, in front of the cottage of Qin Xian'er

Qin Xian'er smashed the cottage with her palm. Then, a ready-made Transportation Portal appeared. It was a rare Super Transportation Portal that could send them to another prefecture immediately.

Although Su Yu was still absorbing the bloodline, he could still sense the things around him. Now, he was surprised.

How could the two girls set up a Super Transportation Portal?

Such a Super Transportation Portal would not only need a Space Formation Master who was good at space calculation, but also countless resources. Only a prefecture king could provide enough resources to set up such a portal.

"Sister Jingyu and I have talked about the possibility of the failure of our plan. So, we decided to prepare a Plan B. Sister Jingyu set up this transportation portal. After reading so many books related to space formation in this world in half a year, she has become a master in space formations!" Qin Xian'er said admiringly.

"I see." Su Yu was not puzzled anymore. Maybe nothing in this world which needs comprehension could baffle her!

"But you still needed a lot of resources to set up this portal, right? How did she obtain so many resources?" Su Yu asked in surprise. Even Zhenlong City was not able to find enough resources to sustain its development. Where did she find so many resources?

Qin Xian'er replied, "It's quite simple! We obtained enough resources by dismantling that Legendary Transportation Portal!"

“We decided to settle down in this place after finding the ruins here. Later, we found the ruins were actually an abandoned Legendary Transportation Portal. Sister Jingyu managed to recover some functions of it. Now, it could be used for several times. The remaining resources were used to set up this Super Transportation Portal by sister Jingyu!”

Su Yu was surprised again. Who set up the Legendary Transportation Portals in the Five Elements Mountain and this place? Why did he do that?

Then, the corpse of the Frost Divine Dragon, which had stayed inside the Five Elements Mountain for numerous years, came into Su Yu’s mind again, which puzzled him greatly.

“Brother Su Yu, let’s leave here. I guess Central Prefecture’s King will be here soon!” Qin Xian’er took Su Yu into the transportation portal and left this place immediately.

One hour later, Central Prefecture’s King arrived at the portal slowly. In front of the dim portal, he was so angry because he knew the portal at the destination of Su Yu’s transportation had been ruined.

Su Yu escaped again!

“Pathetic ant! Despicable traitor! You will beg for a quick death when I capture you!” The Central Prefecture’s King turned around and rushed towards the Royal Beast Prefecture.

This place had become an uninhabited wasteland. Because of the sudden appearance of the Glittering Jewel Mortal Fairy, most factions here escaped before taking away their properties.

Therefore, many transportation portals in this place were remained undamaged.

In a valley near the Holy Royal Beast Faction, an abandoned transportation portal lit up, from which Qin Xian’er walked out.

By supporting Su Yu’s body and grabbing his arms, Qin Xian’er managed to help Su Yu to walk out of the portal.

“Brother Su Yu, don’t worry and continue your absorption. I won’t leave you behind unless I am killed!” Qin Xian’er said as she wiped away the sweat on her forehead. Then, she supported Su Yu into the gate of the Holy Royal Beast Faction.

When the Glittering Jewel Mortal Fairy arrived, all members of the Holy Royal Beast Faction escaped. Now, nobody would come to this place.

Qin Xian’er supported Su Yu to the transportation portal of this faction. Then, she said delightedly, “As expected, it is still not seriously damaged as it was half a year ago!”

Half a year ago, when the Glittering Jewel Mortal Fairy was rampant in the Royal Beast Prefecture, Qin Xian’er and Xia Jingyu came to this place and set up a transportation portal in that valley...

Hearing this, Su Yu became speechless, and his heart was full of warmth.

Because of their careful plan, it was so convenient to use the transportation portal in this place. And nobody would stand in their way to stop them.

If they were in other prefectures, nobody dared to offend the Central Prefecture's King by allowing them to use the transportation portal.

Qin Xian'er put down Su Yu carefully. Then, she bent down to check the transportation portal as she said worriedly, "Theoretically, this Super Transportation Portal could send us to any Super Transportation Portal on this continent. However, people in the other places worried the Glittering Jewel Mortal Fairy might go to their place through this portal. So, they sealed their portal. Now, there is only one destination left for this portal. But I don't know what it is!"

After the inspection, Qin Xian'er came back to Su Yu and started to look around like a vigilant little rabbit.

Suddenly, Su Yu was distracted by a strand of uneasy in his heart, "He is coming!"

The Central Prefecture's King, who could cover this distance with one hour, spent four hours to arrive at this place, which meant his strength was still suppressed by the deadly energy seriously.

Hearing this, Qin Xian'er, who was fully prepared, supported Su Yu to stand up and placed crystals into the portal. Then, the portal was activated.

When the Central Prefecture's King arrived at this place, they had disappeared in the portal.

However, when the Central Prefecture's King looked at the transportation portal in the Holy Royal Beast Faction, he sneered disdainfully, "Don't you know how the Glittering Jewel Mortal Fairy who was attacked by the five prefecture kings disappeared instantly half a year ago?"

Swish!

He stepped into the void and started to move forward at a speed, which was ten times faster than before. His strength was being recovered rapidly.

Chi!

Along with a dull sound, Su Yu and Qin Xian'er appeared in a dark underground secret chamber.

When they just stepped out of the portal, they were overwhelmed by the unpleasant smell in this place. Then, they found they had been surrounded by countless corpses, of which the heart and soul had disappeared.

After the first glance, Su Yu said seriously, "We are...under the imperial palace of the Central Prefecture now!"

The place where the Glittering Jewel Mortal Fairy was hiding should be like this! The corpses on the ground had told them everything.

Hearing this, Qin Xian'er was also surprised, "What? The imperial palace of the Central Prefecture? How could we arrive at this place?"

"My mistake!" Su Yu said seriously. Only the Central Prefecture's King dared to usher the Glittering Jewel Mortal Fairy to his place by leaving the transportation portal open.

So, the only destination of that portal must be the imperial palace of the Central Prefecture!

“Let’s leave here immediately. This is the lair of Central Prefecture’s King. I don’t know how many experts are still here!” Qin Xian’er said hurriedly. She was ready to die, but she didn’t want to implicate Su Yu.

Su Yu said by waving his hand, “It’s too late. Let’s try our luck here! If I don’t miss my guess, we still have a stream of opportunity in this place!”

After saying that, Su Yu continued the absorption of the bloodline in his body immediately.

Now, 80% of the bloodline had been absorbed by him. Also, he had reached the level of Mortal Fairy. But he still needed some time to reach the peak Mortal Fairy.

He knew he would still need another four hours.

At this moment, he only had five hours left before the outbreak of his Tribulation of Human.

Therefore, the last four hours were key to him.

Maybe the Divine Nine-Dragon Cauldron had also sensed Su Yu’s urgent situation. It started to provide Su Yu with a small number of Divine Blood. With the help of the Divine Blood, the absorption speed of Su Yu was increased by 10%.

Su Yu was quite happy to see that because it would save some time for him.

After two hours, Su Yu, who had absorbed 90% of the bloodline, had reached the Stage Two Mortal Fairy.

He had to cover another two stages to reach the peak.

Another two hours passed. Su Yu’s absorption had reached 95%. Also, he had reached Stage Three Mortal Fairy.

After absorbing the remaining 5%, he could merge the bloodline of the Cultivation Deity with his body completely.

However, it was too late. He still needed another 20 minutes to finish this process. Even the Divine Nine-Dragon Cauldron kept providing Divine Blood to him.

Su Yu had sensed the uneasiness in his heart now.

The Central Prefecture’s King will be here immediately.

Does it mean I will fail on the verge of success? I am so close to success now!

When Su Yu was quite anxious, a giggle came into his mind, “Heh! Heh! Young guy, I didn’t expect you could fall into such a desperate situation! You will die soon! Should I celebrate it? Oh, no! As a ruthless guy, you won’t let me go even if you are killed. In this way, I will also be buried together with you! No! No! I can’t die in such a noiseless way!”

Then, ripples appeared in Su Yu’s eyes. Magnificent divine energy, which flows out from his eyes, gushed into Su Yu’s body.

Instantly, the absorption speed was ten times faster than it was before.

Is this the divine strength of the Evil God? Su Yu was surprised. Since when the Evil God becomes so powerful that he could even penetrate the Soul Space with his divine strength?

In other words, the Soul Space is not able to lock this Evil God anymore!

However, Su Yu had no time to consider it at this moment because the Central Prefecture's King would be here soon.

Chapter 1112: The Ghost Prison's Great Emperor

Su Yu can even hear it, because of the restlessness he felt in his heart. His heart beats wildly.

Central Prefecture's King is very close to here!

He bites hard on his teeth. Su Yu resorted to relying on the power of the evil god to make the final blow.

Fortunately, his current realm is skyrocketing and is quickly reaching the critical point of the third realm of the dust fairy, and heading towards the last Mortal Fairy realm.

Once you reach that state, one can use the Celestial Destroying Arrow!

However, at this very moment, two shadows suddenly appeared from the dark underground chamber!

One man and one woman, all entangled with ghostly spirits, walked towards Su Yu with their palms facing away from him.

When they showed him their faces, Su Yu's pupils shrank fiercely.

"Tian Renyao, Tian Yu! If it isn't the both of you?" Su Yu was horrified. The two of them could appear silently here and without fluctuations in the air. What kind of cultivation is necessary to reach a level like this?

Tian Renyao was handsome and replied with a slight smile.

Tian Yu, on the other hand, was slightly unhappy, glaring at Su Yu.

"Brother Su, how have you been." Tian Renyao still smiled as he said whilst reminiscing about the past. "After we left the Heavenly Knife Region, do you remember what I said?"

He remembers, of course. Meet again, and they will be enemies.

Su Yu suddenly had a sinking feeling in his heart. How could he forget that the Central Prefecture is now part of the ghost clan?

The Ghost Clan is the alliance partner of The Central Prefecture's King!

Hundreds of years ago, they secretly plotted against Shen Yichen.

A hundred years later, a comeback was made again against the lands of Jiuzhou.

"You didn't even say hello to me in advance and decided to practice your skill at my site. Brother Su, are you looking down on me?" Tian Renyao smiled slightly, but his eyes gradually grew dangerous.

Tian Yu is getting colder and colder, and killing intentions frequently erupted from her spirit.

“To get your hands on Brother Su Yu, you will have to pass me first.” Qin Xian’er said softly and stood in front of Su Yu.

At the most critical moment, two powerful enemies actually appeared.

The aura emitting from their bodies was one that can send a shiver down one’s spine.

It was not the Domain of All Creations, but something more powerful.

“Xian’er, just let it go, you are not their opponent.” Su Yu sighed. If he was given a little more time, he should be able to refine the last half of the cultivation of the blood of the gods and increase his own cultivation to the Mortal Fairy fourth realm.

Alas, as things stand, he will now have to stop.

“Because they are ... are the Ghost Prison’s Great Emperor himself!” Su Yu said coldly.

Tian Yu was taken aback, his gaze quickly turning to that of wanting to kill.

Tian Renyao, on the other hand, seems to be more stable. His eyes merely showed surprise. “So Brother Su already guessed it?”

Xian’er’s eyes, who was standing at the side, suddenly opened, and she took a cool breath, “Ghost Prison’s Great Emperor?”

She has been in Jiuzhou for so long, how could she not know the name of the Ghost Prison’s Great Emperor? In that year, second only to Shen Yichen, will absurd forces of power and is the one that unified the ghost clan.

Tian Renyao and Tian Yu smiled at the same time, and the two gradually approached, their bodies merged into one.

The front is Tian Renyao, and the back is Tian Yu.

The two have merged into a single body!

“I’m curious, how did you guess my true identity?” Tian Renyao and Tian Yu spoke at the same time, their voices were mixed, and he couldn’t tell whether they were male or female.

While seizing the time to refine and practice his skills, Su Yu said, “Is it that difficult to guess? People like Bi Qintian listen to you. The entire army of ghosts in Jiuzhou obeys your orders. Besides being the Ghost Prison’s Great Emperor, who else can you be? Second, you are a man, but you like men. Tian Yu is a woman, but you like women. The yin and yang coming out of the both of you are chaotic, and there is no distinction between men and women. I happen to read many ancient books from ancient times and learned that the Emperor speaks in both male and female voices at the same time. Therefore, my guess as such.”

“Now that you can simply come here without me knowing it, your strength is extraordinary and out of this world. What you have done simply confirmed my guess.”

Zoom ——

There was a sound of space fragmenting, which suddenly sounded through the dense room.

A body of dazzling golden light, like the emperor's robe figure, emerged instantly.

"You ant, I have to admit that you are very clever." Central Prefecture's King is here!

Su Yu merely left the last step, yet alas, he still manages to arrive.

He still lost.

"Even his identity can be guessed by you. I really don't know what else do you not know." The Central Prefecture's King seemed to applaud Su Yu, though it sounded more like a snarky remark.

The more a dying person knows, the more ironic it is.

He glanced at The Ghost Prison's Great Emperor, and the Central Prefecture's King said: "Well done, otherwise, if he breaks through the peak of the dust fairy, it will be troublesome."

It doesn't matter to the Ghost Prison's Great Emperor: "If you die, it's not good for me."

Staring at Su Yu, hr smiled: "You might as well guess, what do you think I will do to you next?"

With the flash of a cold beam, The Ghost Prison's Great Emperor instantly moved next to Su Yu. Then, a palm containing the power of the immortal dust fairy was thrown toward Su Yu's forehead.

The Central Prefecture's King's frown frowned, but he didn't stop. After all, Su Yu was about to die. It didn't matter who killed him, as long as the Nine Dragons carved in the Divine was not exposed.

However, he suddenly found that not only did Su Yu not resist, but a smile appeared on the corner of his mouth: "I guess ... you will help me."

"Hahaha ... you got it right!" The Ghost Prison's Great Emperor changed his murderous intent and laughed for a long time. The power of the dust fairy in the palm suddenly transformed into a group of divine power and entered Su Yu's body. "This is my bloodline after I ascended to my status, enjoy! "

He is a descendant of not only gods but also a descendant of ghosts!

Snapped—

With the bloodline of The Ghost Prison's Great Emperor, Su Yu 's refining speed has soared unprecedentedly, and it is repaired like a flood that opens the gate. It keeps on flowing.

The sudden happenings were not predicted. Not only did Xianer never react, but the Central Prefecture's King also took a moment to come to terms with what happened.

When he calmed down, the Central Prefecture's King moved over and slapped Su Yu's head with one palm while yelling at the same time. "Ghost Prison's Great Emperor! You're crazy!"

Qin Xian'er betrayed him, he can understand.

However, with the Ghost Prison's Great Emperor's subsequent betrayal, he couldn't understand it at all.

What good is it to help Su Yu destroy him? No, it's only bad things for him!

As a ghost clan that ravaged Jiuzhou a century ago, after Su Yu killed the Central Prefecture's King, would Su Yu even let him the Ghost Prison's Great Emperor go?

No matter what, he couldn't figure out the motive of the Ghost Prison's Great Emperor.

"Hahaha ..." The Ghost Prison's Great Emperor smiled, raised his hand, and eight yellow beads lined up in front of his chest, forming a ring.

Ah, if it isn't the Underworld Pearl! What the Ghost Prison's Great Emperor is famed for!

The Central Prefecture's King shot at them with one palm, and the pearls turned like a string of shooting stars. Under the rapid speed, not only was the power of the Central Prefecture's King massively reduced, but also his flesh was rubbed away by the high-speed rotation, exposing bloody arm bones.

This scene stunned Su Yu. Can the Underworld Pearl be used like this?

"Brother Su, when I learned that you had thrown my famous magic weapon as if it was stone, do you know my mood?" The Ghost Prison's Great Emperor laughed while continuing to rotate the Underworld Pearl.

Su Yu blushed, rolled his eyes, ignored the taunt, and hurry up to refine the bloodline and finally his training.

The Central Prefecture's King's arm trembled though his injuries recovered quickly.

His face was full of indignation. "Ghost Prison's Great Emperor! Are you really going to spoil the big things for me?"

"Big things? Hahaha, occupying the Jiuzhou continent, refining it and selling it to a certain god in exchange for a god-like god source?" The Ghost Prison's Great Emperor poked fun at him, revealing his true intention.

To become the emperor of Jiuzhou, the Central Prefecture's King has done it. As early as a hundred years ago, after the fall of Shen Yichen, he was invincible.

What about being a king? He has a deeper purpose for that, and that is to sell the Jiuzhou mainland!

It sounds incredible and rather unbelievable.

"A completely empty world without the Divine Protection of the gods is indeed a piece of fat meat that everyone's eyes will wander to." The Ghost Prisoner Great Emperor didn't care much about The Central Prefecture's King's complex look on his face.

"You are looking for death!" Central Prefecture's King was so upset and yelled, "Get lost!"

He exerted himself with all his strength, concentrating his whole body on releasing the dust fairy's punch, and attempted to destroy The Ghost Prison's Great Emperor and Su Yu together.

The Ghost Prison's Great Emperor's face turned serious. As he controlled the Underworld Pearl, the constant deflection of the power from the Central Prefecture's King allowed him to feel the heightened release of power. It made him more stressed.

Fortunately, The Central Prefecture's King was injured and failed to exert his full strength.

Coupled with the Underworld Pearl's great power, he was able to block the blow.

This is so. With the re-surfacing of the Underworld pearls, severe faultlines have re-appeared, causing a regret within the Ghost Prison's Great Emperor's heart. He sighed. "Hundred years ago, you concealed the strength comparable to that of Shen Yichen. A hundred years later, the same strength has risen again. "

The Central Prefecture's King had no time to pay attention to the nonsense of The Ghost Prison's Great Emperor. If Su Yu was not removed from here as soon as possible, he was afraid that he would be the one removed instead.

"It was you who forced me. For the sake of our cooperation from a hundred years ago, I didn't want to kill you, but now ... hum, even if the Devil God blames me, I am not afraid!" The face of the Central Prefecture's King gained a faint color. He took a deep breath, and the power of the demon surged in his body.

Finally, Ghost Prison's Great Emperor changed his facial expression and was surprised. "The power of the demon god ... you, are you not human?"

Even if they had a century of cooperation, he had no idea. As the king of the human race, Central Prefecture's King is not from the human race. No, it should be said that he is not from a pure human race.

"Be careful! He is the descendant of the human god and the demon god, and is performing the Human-Demon transformation!" Su Yu is also mortified by what is happening.

Just judging by power cultivation, The Central Prefecture's King was invincible in the world. Coupled with the Human-Demon transformation, he was even more terrifying than the Glittering Jewel Mortal Fairy.

Even if they gather the eight state kings, he is afraid they are not his opponents at all.

Human-Demon transformation? The experience of the Emperor Ghost Prison is of no laughing matter. However, how could he not know of this incredible attack stance?

Descendants of the human and demon is a unique style. One can change between man and demon, so as to gain a higher level of strength.

The current Central Prefecture's King is already at the pinnacle of the Dust Fairy. If he goes on further to the next level, wouldn't one have reached the level of gods?

"Die!" The Central Prefecture's King, who transformed into a hundred-inch demon body, blew magic air out from his mouth, roared, and shot it towards them.

The Ghost Prison's Great Emperor gritted his teeth and was unwilling to lose. His body also swelled a hundredfold in an instant, reaching a hundred feet.

The Underworld Pearl also followed the expansion, and each turned into a size of ten feet and quickly rotated against the palm of the Central Prefecture's King.

With this strike, the Underworld Pearls were scattered, and the remaining magic palm force slammed into the body of The Ghost Prison's Great Emperor.

The Ghost Prison's Great Emperor gritted his teeth, exhaled a breath of horror, and his palms transformed into a ten-foot-sized ghost claw, trying hard to grasp the remaining residual power.

The two collided, and the Ghost Prison's Great Emperor had to repeatedly beat a retreat. His huge body shattered the secret underground room, and the ruins on the ground were overturned by the two behemoths of over a hundred feet tall.

The various mainland people who were cleaning up the ruins were taken aback by this, and they retreated to the distance, staring at the scene in shock

Chapter 1113: Sacred Kylin's Remnant Soul

"Demon clan, Ghost Clan, they are, they are fighting!" The same thought flashed through everyone's mind.

Both are terrible and vicious clans in the impression of the Jiuzhou people.

But they suddenly appeared in Zhongzhou, fighting each other!

Just from observing the results, the ghost clan is obviously falling behind.

"Die!" The Central Prefecture's King growled and blasted again.

This power that is near that of a God, how can the Ghost Prison's Great Emperor, who has lost his Underworld Pearl, defend against? He immediately yelled, "Where is the army of the Ghost clan?"

Whoosh ——

Suddenly, from below the ruins, a huge black cloud suddenly emerged, and there were ghostly screams amongst the clouds, and ghostly figures were faintly visible.

"Kill!" Among the ghost clouds, Bi Lingtian pointed at the Central Prefecture's King.

Suddenly, the huge ghost cloud was like a sky falling, and one needs to cover one's head.

At the same time, each ghost in the cloud held a piece of black chain, and all of them are tightly linked.

The haunting ghost cloud shrouded the area, accompanied by a sound of chains colliding.

They were surrounding Central Prefecture's King. Watching their actions, it looks like they intend to lock up the Central Prefecture's King.

These chains are made from special materials sourced from the ghost world. They are known as from the first god tree in the ghost world, and they are solid and unbreakable.

Upon noticing the existence of the chain, the Central Prefecture's King was furious. "Ghost! Prison! Great! Emperor! These chains are made solely for me!"

This chain is clearly prepared to lock up the dust fairy.

To put it this way, he has secretly helped the ghost army for hundreds of years, and in the end, all his help has turned around to bite him instead.

After thinking about it, Central Prefecture's King became angry. To think that he was betrayed for hundreds of years without knowing it, and he willingly, in a way, helped the other party.

"All are to die!" The Ghost Prison's Great Emperor roared, slamming the sky with both palms.

Suddenly, a whole cloud of ghosts was blown away, and the ghost clan suffered numerous casualties.

With this blow, more than half of the ghost army was killed.

The Ghost Prison's Great Emperor felt a lot of pain. These are all the elite of the Ghost clan, and they died under the hands of the Central Prefecture's King.

Fortunately, those chains were successfully put around Central Prefecture's King, and his hands were tied.

"Kill!" In the remaining ghost cloud, the voice of Bi Lingtian commanded again.

Suddenly, the ghostly lances condensed in the ghost cloud, filled with an extremely strong ghostly spirit.

Su Yu recognized this at a glance, wasn't this the evil spirit in Mo Tianxuan's body?

This ghostly spirit is owned by the Ghost Prison's Great Emperor. In other words, these ghostly spirits are all made by the Ghost Prison's Great Emperor, one by one, which can take up to several decades.

In order to kill the Central Prefecture's King, the Ghost Clan will indeed spare no effort.

Roar—

With a terrifying roar, thousands of spooky spirits pierced into his body.

Once pierced into his body, the spirits turned extremely evil, rushing into every part of the body of the Central Prefecture's King and raging inside it.

Even the Central Prefecture's King, who has transformed, could not bear the pain.

Because of the pain, it angered the Central Prefecture's King even more. His pair of pupils became bloody, red, and fierce. He looked at the sky, fiercely, shouted loudly with a voice that boomed all over Jiuzhou, "You all deserve to die!"

Boom—

The shocking explosion sounded suddenly.

His arms were constantly colliding into things, his face was twisted, and after struggling to break free for a few tries, the chains broke and turned into numerous chain fragments and shot throughout the sky.

Ah...ah...

Suddenly, countless screams echoed. All the ghosts were attacked by the chains that were smashed. It penetrated their flesh at such rapid speeds that even their souls had no time to escape.

With just a few breaths, the ghosts left in the sky are less than one-tenth of the original strength!

A full 90% or about tens of thousands of ghosts are now, ironically, dead.

The Ghost Prison's Great Emperor had no time to be distressed. Without a word, he turned around and grabbed Su Yu and Qin Xian'er, and immediately chose to escape.

His plan did not work out.

No one had known that the Central Prefecture's King had concealed his identity of being the descendants of human and demon gods that well. It had caused decades of preparation to go to waste.

However, the Central Prefecture's King hated the betrayal from the Ghost Prison's Great Emperor. Will he give him a chance to escape?

"Demonic Origin Ripple!" The Central Prefecture's King gave a violent shout, stretched his palm forward, and pointed at the Ghost Prison's Great Emperor.

From the palm of his hand, a dark aperture appeared, and a layer of runes appeared on the surface of the aperture.

In his roar, the aperture hit the Ghost Prison's Great Emperor with a transient movement.

The Ghost Prison's Great Emperor was appalled. He could perceive that this aperture was enough to wipe him out.

"Mo Tianxuan, what are you waiting for?" At the critical moment, the Ghost Prison's Great Emperor cried out loudly.

Su Yu heard it. he was not surprised, and sighed, "This woman really has a profound and well thought out plan."

Brush ——

Suddenly, from the ground floor of the Royal Palace of Zhongzhou, a very bright beam of light sprayed out. It was hundreds of feet thick!

The beam was just at the foot of where the Central Prefecture's King is!

Within the beam of light, there is a strong power of the dust fairy, and there is more than one power of the dust fairy.

If it is under guard, even if it is a collection of all the Jiuzhou dust immortals, it may not be enough against the Central Prefecture's King.

Suddenly caught off guard, the Central Prefecture's King was bombarded with a strike.

His body was smashed immediately.

His huge demon body shattered everywhere, and flesh, blood, legs, leg bones, chest cracks appeared everywhere. His internal organs were clearly visible.

Half of his skull was smashed. Half of his face went with the other half of his skull.

His dark and messy hair covered half of the face, and a blood-red demon eye penetrated the black hair, looking more gloomy and scary.

At this moment, the Central Prefecture's King, in his current state, looks no part as a human from the human tribe. He is now a mere demon head.

“Mo Tianxuan!” With a loud roar, the Central Prefecture's King fell suddenly.

Rumble—

Loud noises emerged from the earth, and the whole Mid-Continent felt this sudden shock.

Under his foot, Zhongzhou City turned into ruins. With this strike, the ruins were swept by powerful shock waves in all directions, centered on the Central Prefecture's King's right foot. The distance spread out to more than 100,000 miles.

The earth's soil was even shaken and exposed an extremely hard crust.

Only in this way can you clearly see that there is a dark hole in the hem of the right foot on the edge of the Central Prefecture's King's right foot, which is filled with ghost auras...

Any investigator who has visited the Red Blood Palace to investigate the sudden arrival of the ghost army can recognize how similar this ghost hole below Zhongzhou City is to the ghost hole below the Red Blood Palace?

To be precise, the two are connected.

All the people in the Red Blood Palace are missing, and their bones are missing too. It is not that they disappeared, but that they have entered this huge ghost hole.

Along the underground tunnel, they crossed half of the Mid-Continent, quietly lurking beneath Zhongzhou City, ready to give the Central Prefecture's King a fatal blow at any time!

Brush ——

A woman in a long black dress ran out of the cave with a look of arrogance. Is this not Mo Tianxuan, who has been missing for a long time?

“A dignified human race to think you actually colluded with the ghost race!” Central Prefecture's King did not know whether he should be laughing or be angry... He merely used his blood-red devil eyes staring at Mo Tianxuan coldly.

Mo Tianxuan didn't care, but said, “As a descendant of the Demon race who is going to sell Jiuzhou mainland, are you qualified to say this to me?”

A group of humans watch the scene, dazzled.

Is the Red Blood Palace from the Blessed and Heavenly Land in collusion with the ghost clan?

Qin Xian'er couldn't believe it. "I'm confused, when did the Red Blood Palace align with the ghosts ...?"

Su Yu smiled lightly: "It was an alliance made one hundred years ago."

"Ah? A hundred years ago? A hundred years ago, wasn't it the time when the war between humans and ghosts was at the worst?" Qin Xian'er was confused.

Su Yu said: "It is really terrible, but because of how terrible it is, no one thought it possible. Even the Central Prefecture's King would not expect the rebellion of the Ghost Prison's Great Emperor."

"But, however, it is true that the Central Prefecture's King formed an alliance with the Ghost Prison's Great Emperor a hundred years ago and killed the King of Jiuzhou. Is it necessary to make such a great sacrifice in order to gain the trust of the Central Prefecture's King? At that time, the number of sacrifices in the human race was countless!" Qin Xian'er was puzzled.

Su Yu touched the Nine Jade Spiritual Pearl on his arm, a dog bone with a hundred words printed on it, and a crystal ball appeared in the palm of Su Yu.

Su Yu inserted the dog's bones into the crystal ball. The crystal ball shattered in response, and a faint breath gradually flowed out from the crystal ball.

Grace, a very familiar atmosphere.

"For this, let Sacred Kylin explain it to you." Su Yu smiled slightly.

Shen Yichen? Sacred Kylin? Qin Xian'er's mouth opened wide when she heard that. This is because the former died a hundred years ago, and the latter died about 10,000 years ago.

"Ahem ..." What scared Qin Xian'er was that someone inside the crystal ball was talking: "About that, Su Yu, you are so smart that it is not fun. I, Sacred Kylin, was just about to surprise you."

Just listening to the crisp sound, the crystal ball shattered like an eggshell, and a small purple Kylin broke out from the inside of the crystal ball. It was about the size of a palm, exquisite and exquisitely cute, all unlike the mighty domineering weapons in the heavenly God Pavilion.

However, the breath was indeed that of Sacred Kylin.

Su Yu stepped up the cultivation of the blood of the gods and smiled at the same time. "You are indeed worthy of being the old and crafty dog of Kylin. Even when you die, you still left behind a final step, leaving a trace of the source of God, sealed in the crystal ball. You also lied to me that inside the crystal ball, a piece of weapon can be drawn at random. Really, you! "

When the dead dog gave this crystal ball to Su Yu alone, Su Yu felt that it was unusual, so he hadn't opened it for a long time.

Who would know, that Sacred Kylin, who was supposed to sit on the 100th floor of the Martial Art Tower, hasn't died yet?

In the crystal ball, there is a ray of god source left behind by it.

This is a ray of Sacred Kirin's avatar left in the world. If it grows up, it may resume back to its peak back in those days. In a way, it leaves behind the possibility for yourself to continue living.

"Hey, is it going to be as such? If you say that this is a useless crystal ball, you would've thrown it into the pit." Sacred Kyrin grinned, without shame.

Su Yu rolled his eyes and said, "In this way, the timing of my call to you is not wrong. Jiuzhou mainland will soon be sold. If I do not call you out now, I am afraid there is no more chance to do so in the future."

Small Sacred Kyrin squatted on the broken eggshell and stared at the Central Prefecture's King with his nostrils, with a look of contempt and disdain. "A hybrid of a man and a demon who also wants to sell my cave house? Having set this up for more than one hundred years, it is time to reap the rewards!"

Tired from dealing with the ripples of the magic source, the Ghost Prison's Great Emperor, who was in crisis, upon seeing Sacred Kyrin, couldn't help but show great joy. "Shen Yichen, no, it is the God of Sacred Kyrin, please save me!"

Shen Yichen? Su Yu stared hard for a moment.

Chapter 1114: The One Hundred Year Plan

The Sacred Kylin twisted his mouth. Now, he only got a strand of Celestial Energy Sphere left like a newly-born infant. He was even less powerful than an ordinary monster at this moment. How could it withstand the Demonic Origin Ripple?

In front of such an attack, it could do nothing. However, somebody else stepped out at this time.

Boom!

Suddenly, a strand of chilly sword light flew out from that cave.

The aggressive sword ambiance was composed of a will to crush everything.

Scratch!

The Demonic Origin Ripple, which was cut into two halves by the sword light, flew over the Ghost Prison's Great Emperor from both sides.

Inside the cave, a beautiful woman in a white robe appeared. At first glance, she looked quite like Bing Wuxin.

However, compared to Bing Wuxin, she was more mature, beautiful, elegant, and graceful!

Her name was Jian Wusheng, who was the King of the Lifeless Sword Prefecture!

The soaring light pillar appeared just now contained her sword energy.

"Greet you, Lord Kylin, my name is Jian Wusheng. I used to get your instruction one hundred years ago. Today, I am going to get rid of the filthy demons for you, my lord!" Jian Wusheng said as she bowed to the Sacred Kylin.

The Sacred Kylin nodded its head satisfactorily after hearing that, "I am glad that you still remember your promise, which was made a hundred years ago!"

One hundred years ago, the mighty Sword Prime realized remarkable progress in her cultivation and reached the level of Mortal Fairy after coming back from the Glittering Jewel Wonderland. Till now, it was still a legend on this continent.

Someone said she reached the level of Mortal Fairy by finding a precious opportunity in the Mysterious Heavenly Divine Pavilion. However, nobody knew what kind of opportunity she found was.

Only Jian Wusheng knew she could achieve today's accomplishment because of the instruction from the black dog, who was actually the Sacred Kylin.

"Another prefecture king?" The Central Prefecture's King snorted as he glanced at Jian Wusheng disdainfully. Then, he turned to the Sacred Kylin and squinted his eyes, "I sensed something familiar in you!"

Hearing this, the Sacred Kylin looked up and said with a sarcastic smile, "My good disciple, how could you forget your Master in such a short time?"

Along with a stand of dazzling purple light, the Sacred Kylin turned itself into a man.

It was an old man with an ordinary appearance who would be forgotten soon if he was in a crowd.

However, his appearance still startled many people here.

"Lord Shen Yichen?"

"No! It's impossible! Is he Shen Yichen, the King of the Jiuzhou Continent?"

"How could this be? I remember Lord Shen Yichen has already passed away!"

Only Su Yu let out a sigh of relief after hearing that. Then, he uttered a name that had almost been forgotten by him.

"Long time no see, old housekeeper!" Su Yu exclaimed.

This old man was Fan Haisheng, who was the old housekeeper in the Yinyu Manor. He was formed by the remnant soul of Shen Yichen.

Now, he appeared on the Jiuzhou Continent again.

Hearing that, the eye pupils of the Central Prefecture's King constricted abruptly. Then, he said in surprise and puzzlement, "So, it is you, Shen Yichen!"

Does it mean the Sacred Kylin used to turn itself into Shen Yichen?

No, Shen Yichen was already dead!

The one who turned itself into Shen Yichen should be another strand of the Sacred Kylin's Celestial Energy Sphere.

Shen Yichen, the black dog, and this small Kylin were incarnations of the Sacred Kylin!

“Heh! Heh! After my death, a lot of otherworldly organizations tried to seize this world. Luckily, I made a lot of friends who helped me to stop those invaders for many years. Several hundred years ago, a friend told me a member of the World of Divine Remnant sneaked into this place and tried to seize this world. So, I turned myself into Shen Yichen and tried to find out that mole!”

Anyone who tried to sell the Jiuzhou Continent had to unify the nine prefectures first.

Apparently, if Shen Yichen unified the Jiuzhou Continent, that member of the World of Divine Remnant would definitely make trouble secretly.

“I expected the underminer should be that mysterious Duanxian Cliff Master. So, I always took precautions against him. I never expected the traitor could be you, my disciple!” The Sacred Kylin exclaimed with mixed feelings, “You were so good at hiding yourself! Also, you are so talented that I even planned to give the Jiuzhou Continent to you if you didn’t expose yourself in advance! What a pity! I didn’t expect the talented disciple could be that member of the World of Divine Remnant!”

Actually, the speculation of the Sacred Kylin was not wrong. Those who tried to seize this world must be very powerful. The Duanxian Cliff Master, who had just arrived at the Jiuzhou Continent, was very powerful. Therefore, he became the number one suspect of the Sacred Kylin.

Hearing this, the Central Prefecture’s King said after taking a deep breath, “Does it mean the great combat between humans and ghosts was arranged by you?”

“Right!” The Sacred Kylin replied, “If I didn’t create that opportunity for you, would you still attack me?”

After pondering it carefully, the Central Prefecture’s King replied by shaking his head, “No!”

The King of the Jiuzhou Continent was very powerful then. He would never do it unless he was utterly sure.

The great combat between humans and ghosts gave him a perfect chance to attack Shen Yichen.

“You are really good at scheming!” The Central Prefecture’s King took a breath and felt he had been totally convinced. Nobody expected the bloody combat between humans and ghosts was arranged by Shen Yichen, who tried to lure the traitor out.

The Sacred Kylin replied with a smile, “I always got this compliment from others!”

“Then, you planned all of these in the last hundred years, right?” Central Prefecture’s King asked.

Hearing this, the Sacred Kylin said as he nodded his head proudly, “Heh! Heh! Of course! As a dead deity, I only have a little bit Celestial Energy Sphere left. If I show up recklessly, I could be eliminated by you easily! Therefore, when I sensed your hidden strength, I pretended to escape to the Zhenlong Continent, which was the small abode world I created. In this way, I could make you believe Shen Yichen was lingering on with my last breath of life. Actually, I kept planning

everything in the past hundred years on the Jiuzhou Continent, so that I could cultivate an expert who is powerful enough to kill you!

“It is a pity that the Jiuzhou Continent has run out of its luck. For so long a time, I couldn’t find an expert who could master the Celestial Destroying Arrow. So, I prepared another two plans for you. First, I asked the Ghost Clan to earn your trust by forming an alliance with you, so that they could strike a deadly blow upon you at the crucial moment. Second, I would find someone who could help me!”

The Sacred Kylin said as he looked at Mo Tianxuan thoughtfully.

“Now, it seems everything happens as I expected. After one hundred years, Jian Wusheng, a gifted sword expert, became his powerful assistant. The Ghost Clan also protected Su Yu and the Celestial Destroying Arrow at the crucial moment!”

Hearing this, Su Yu and Qin Xian’er became speechless for a long time.

The Zhenlong Continent they used to live on was the small abode world created by the Sacred Kylin actually.

Its destruction was caused by a conspiracy that had been planned for one hundred years.

The Sacred Kylin prepared all these things to cultivate experts and factions, which could rival the Central Prefecture’s King, who was a member of the World of Divine Remnant in one hundred years.

He didn’t cultivate the rest prefecture kings for the fear that they would disclose this secret.

He couldn’t believe anyone of them. A dead deity had no deterrence on this continent. The Sacred Kylin didn’t know whether these prefecture kings would wipe out the Sacred Kylin’s remaining Celestial Energy Sphere in this world.

So, he had to be careful during the last hundred years.

“This is the situation you expected, right?” Hearing this, the Central Prefecture’s King sneered pitifully, “What a bunch of ragtag! Do you think they can protect Su Yu and the Celestial Destroying Arrow?”

After saying that, the Central Prefecture’s King attacked with his fist.

His punch covered all experts in this area, which meant all people here had become his target.

Of course, Su Yu was his major target.

Seeing this, the Ghost Prison’s Great Emperor changed his expression. Then, he kept stepping back by dragging Su Yu and Qin Xian’er with him.

The little Kylin found the situation was quite dangerous. So, he also tried to run away by jumping onto Su Yu’s shoulder.

Jian Wusheng didn’t retreat but attacked with her sword, which smashed the punch attack easily. Her body only trembled a bit.

Mo Tianxuan, who surprised them a lot, took out the Flying guillotine casually. Then, she waved it around her body to break the punch attack easily. She just stood there motionlessly with a strand of the remaining strength of Mortal Fairy surrounding her body.

“Strength of Mortal Fairy? I remember your body was poisoned by the Extreme Evil Ghostly Energy. And you are searching for the solution in this world...” the Central Prefecture’s King was surprised a bit. Then, he stopped talking immediately.

Since Mo Tianxuan and the Ghost Prison’s Great Emperor colluded to fool him one hundred years ago, how could he really wound Mo Tianxuan?

Maybe the Extreme Evil Ghostly Energy in her body was used to confuse the Central Prefecture’s King so that he could let his guard down.

Everyone in this world knew Mo Tianxuan was trapped at the level of peak All Creation expert because of the Extreme Evil Ghostly Energy in her body. And she was doing her best to find the solution in this world.

If they didn’t use this trick, the Central Prefecture’s King, who was so close to her, would never let his guard down. He even didn’t know Mo Tianxuan dug a cave under the imperial palace in the Central Prefecture in the past hundred years!

“You are also good at scheming! You didn’t want to expose your strength even you were wounded by my clone!” The Central Prefecture’s King said coldly.

When Mo Tianxuan tried to kill those Golden Light Guards, they summoned the clone of the Central Prefecture’s King with the Central Prefecture Token. Mo Tianxuan didn’t want to expose her strength even she was about to be killed, which was so impressive.

Hearing this, Mo Tianxuan snorted as she glanced at Su Yu.

Seeing that, Su Yu felt his forehead was covered by cold sweat because of his guilty conscience. Unintentionally, he treated her in a frivolous way. Also, he sold her Flying guillotine, which was a fairy artifact.

Luckily, she passed out at that moment...

“That’s enough! Let’s resolve the enmity in the past hundred years here!” Mo Tianxuan widened her eyes as she attacked immediately.

The Flying guillotine, which appeared above the head of the Central Prefecture’s King like a ghost, cut the top of his skull.

Along with a dull sound, the head of the Central Prefecture’s King was wounded.

At the same time, Jian Wusheng drew her sword as she shouted, “Universe of Swordplay!”

The three realms of sword technique included the Sword-Heart Synchronization, the Undying Sword Body, and the Universe of Swordplay, which was the highest realm.

Along with her attack, countless sword light gushed into the head of the Central Prefecture’s King. Then, those sword lights started to destroy everything in the body of the Central Prefecture’s King.

However, Central Prefecture's King snorted disdainfully as he smashed his head with his palm. Then, he took out all the sword light in his skull with his demonic claw directly.

Now, the Central Prefecture's King only had half a head left. However, it seemed he was not influenced by his wound in his head. Then, he attacked with two claws, which were stained with blood.

Mo Tianxuan and Jian Wusheng were doing their best to resist the two gigantic demonic claws.

Jian Wusheng used her ultimate sword technique again to resist the attack of the demonic claws.

However, the powerful demonic claws, which crushed those sword light, landed on Jian Wusheng's body at last.

Chapter 1115: A Hopeless Situation

This palm attack was powerful enough to smash Jian Wusheng's body and soul.

At this critical moment, Jian Wusheng spat out a mouthful of blood on her sword. Then, she shouted in a low voice, "Shifting Shadows!"

The next moment, the demonic palm descended. However, only a sword which was stained with blood was smashed by the palm.

In a position not far away, Jian Wusheng, who was quite pale and staggering, reappeared.

It was impossible to rival the Central Prefecture's King with ordinary strength.

"We are counting on you, Demonic Palace Master!"

Another demonic palm landed on the body of Mo Tianxuan. The Central Prefecture's King sneered disdainfully, "What a ragtag group of good-for-nothings! It is impossible for you to kill me!"

However, he changed his expression slightly when he saw the demonic palm which landed on Mo Tianxuan.

He hit Mo Tianxuan but failed to smash her body.

After giving her a closer look, the Central Prefecture's King found Mo Tianxuan had poked a small green sword into that demonic palm in the center.

Her movement was quite casual. But the demonic palm was stopped by that small green sword completely.

"Ragtag? I don't like this word!" Mo Tianxuan said as she turned her palm. Then, the small green sword cut through the demonic palm airily.

The next moment, the entire demonic palm was cut into two halves. The two fracture surfaces were very smooth.

Is she also good at swordplay? All the people in this area were shocked by her attack except Su Yu.

Mo Tianxuan used to use the Undying Sword Body in front of Su Yu in the Martial Art Tower. So, he knew she was a hidden expert in swordplay.

“Master...” someone said in a very low voice. However, the words were heard by Su Yu.

Su Yu was shocked. Then, he turned around and was surprised by what he saw.

Jian Wusheng, who was beside Su Yu, was looking at Mo Tianxuan reverently from afar.

Does it mean Jian Wusheng, who was a renowned expert of swordplay in this world, acquired the skills of swordplay from Mo Tianxuan?

If so, the swordplay of Mo Tianxuan must be extraordinary!

The Central Prefecture’s King was also stunned a bit. Then, he changed his expression abruptly. The small green sword in Mo Tianxuan’s hand was just a low-grade fairy artifact. How could it be more powerful than the Universe of Swordplay, which was the 3rd realm of the swordplay?

A sense of danger appeared in the heart of Central Prefecture’s King.

Suddenly, the Central Prefecture’s King said in disbelief, “Does it mean you are a descendant of the Swordmaster who was born with the essence of the legendary sword ambiance?”

The legendary sword ambiance was just a general concept. However, the sword ambiance of the Swordmaster was far more powerful than the three realms of the swordplay.

Mo Tianxuan replied indifferently, “You don’t need to know that!”

Scratch!

She attacked with the sword again. Then, a gigantic arm of the Central Prefecture’s King, which was over 160 meters long, was cut off from his body.

A strand of fluster appeared in the face of the Central Prefecture’s King, who shouted angrily, “I don’t care whether you are the descendant of the Swordmaster or not! Anyone who stands in my way will be killed!”

“Heaven Burning Holy Demon!” Central Prefecture’s King shouted loudly. Then, his body was wrapped up by a layer of golden flames. Yes! It was the horrible fire of divine tribulation, which could scare away a peak Mortal Fairy!

As expected, Mo Tianxuan frowned and was scared away by those powerful divine flames.

However, Mo Tianxuan, who never give in easily, snorted as she attacked with her sword again, “Godly State of Swordplay!”

Chi!

A strand of divine sword ambiance gushed out from her sword rapidly.

The next moment, the demonic body of the Central Prefecture’s King was cut through by her and her sword, who flew through the divine flames.

Central Prefecture’s King roared painfully. Many green swords popped out from inside his body.

The sword which popped out from his chest penetrated his heart directly.

Also, the more swords popped out from his body, the more vital energy of the Central Prefecture’s King was consumed.

After a while, the body of the Central Prefecture's King had been covered by hundreds of thousands of green swords. People couldn't see his body anymore.

The vital force of the Central Prefecture's King disappeared together with his soul.

The entire area was in dead silence.

The mighty Central Prefecture's King, who was the No. 1 powerful expert, was killed by her sword in this way!

People watched Mo Tianxuan reverently as if they were looking at a horrible Goddess of War.

Nobody in this world could stop her sword!

Clang!

The small green sword in Mo Tianxuan's hand was dropped to the ground. Her hand, which gripped the sword just now, was trembling as blood gushed out from her arm.

Seeing this, people were totally shocked. Then, they found a big hole that appeared in the chest of Mo Tianxuan, where divine flames could still be seen.

She killed the Central Prefecture's King, but she was also seriously wounded by his divine fire, which seriously burnt her body and even wounded her soul.

At this moment, she was so frail that she was not able to hold the sword anymore, let alone attack again with it.

"Master!" Jian Wusheng rushed up and supported Mo Tianxuan, who was about to fall. Then, she said anxiously, "Master, why did you choose to use that technique forcibly? This technique could only cause destruction to both sides!"

What she said was correct. Mo Tianxuan almost lost her life during this attack.

Even she was not wounded by the divine fire, and all her energy had been used up during this attack.

"Humph! It is not up to you to make decisions for your master!" Mo Tianxuan snorted feebly.

After a while, the Ghost Clan's Great Emperor broke the silence by saying as he looked at the miserable body of the Central Prefecture's King in relief, "You managed to kill the big demon after a hundred-year effort, Sacred Kylin! Congratulations!"

Sacred Kylin's face was full of complicated expressions, including relief and pity.

How could such a rare genius be a member of the World of Divine Remnant? What a pity!

The rest people also felt relieved at this moment. The demon had been killed. The shadow which had hung over the Jiuzhou Continent for 100 years could dissipate!

However, among all people in this area, only Su Yu was still furrowing his eyebrows.

Although the Central Prefecture's King had been killed, the pressure of the Tribulation of Human, which was not alleviated at all, became even more stressing!

He couldn't help but remind people here, "Guys, please be careful! This is Central Prefecture's King! Before we can confirm his death, we should take care..."

However, before he could finish his words, dazzling golden light gushed out from the gigantic demonic body of the Central Prefecture's King, which looked like a hedgehog, at this moment.

People sensed a familiar aura from the golden light.

"It is the Glittering Jewel Demonic God's Celestial Energy Sphere!" Su Yu and Sacred Kylin shouted at the same time. Both of them looked ghastly at this time.

Does it mean he has signed a...Divine Agreement with the Glittering Jewel Demonic God?

"Hah! Hah! Hah! Hah! Hah! Hah..." everyone in this place was terrified by this insolent roar of laughter from that gigantic demonic body.

The Ghost Clan's Great Emperor said in shock, "He is revived! Does it mean he has signed a Divine Agreement?"

He knew this Divine Agreement very well. So did Su Yu.

In the Mysterious Heavenly Divine Pavilion, the Demon Devouring Emperor, who was willing to serve the Glittering Jewel Mortal Fairy, signed a Divine Agreement with her.

Therefore, as long as the Glittering Jewel Mortal Fairy still had Celestial Energy Sphere, it was almost impossible to kill the Demon Devouring Emperor, who could revive on the spot.

As a powerful expert, the Central Prefecture's King would need a lot of Celestial Energy Sphere to revive, which was even unaffordable for the Glittering Jewel Mortal Fairy!

Presumably, the Glittering Jewel Mortal Fairy would never allow him to waste her Celestial Energy Sphere like this anymore!

As expected, a light circle appeared between the eyes of the Central Prefecture's King, which meant the Glittering Jewel Mortal Fairy was about to cancel the Divine Agreement.

"Hah! Hah! Hah! What a stupid woman! She thought she could make use of me!

Actually, I am making use of her! Half of her Celestial Energy Sphere has been used for my revival! I guess she has been driven mad now!" The Central Prefecture's King laughed widely as hundreds of thousands of swords were pushed out from his body.

Then, all the people were totally shocked when they saw the body of Central Prefecture's King.

Central Prefecture's King was revived. All his wounds were also healed by the Celestial Energy Sphere.

The deadly energy in his body had been driven out. Also, his shattered body, skull, and arm were also healed!

Now, the Central Prefecture's King was standing in front of them at his peak state.

At this moment, even Su Yu also felt helpless.

“Kill him!” The Ghost Clan’s Great Emperor clenched his teeth and shouted after putting down Su Yu and Qin Xian’er. Then, he took out eight Underworld Pearls and rushed towards the Central Prefecture’s King.

Jian Wusheng also clenched her teeth and rushed up by putting down Mo Tianxuan, who had been seriously wounded.

The remaining members of the Ghost Clan also rushed towards the Central Prefecture’s King as they threw out the chains and spears formed by the Extreme Evil Ghostly Energy at him.

Even they knew they were not able to defeat the Central Prefecture’s King, and they still rushed towards him without any hesitation!

Seeing this, the Central Prefecture’s King sneered disdainfully as if a swarm of ants was dashing towards him.

“A ragtag group of good-for-nothings!” Then, he reached out his two enormous demonic palms and attacked the Ghost Clan’s Great Emperor and Jian Wusheng with two beams of divine fire.

Seeing this, Jian Wusheng and the Ghost Clan’s Great Emperor still rushed up by clenching their teeth because they knew they had no way back at this moment.

However, in front of the overwhelming strength, their skills and artifacts became useless.

A beam of divine fire landed on the eight Underworld Pearls. The pearls started to crack after stopping 10% of the divine fire’s horrible energy.

Then, all the Underworld Pearls cracked one after another. At last, the remaining 20% of the divine fire’s energy penetrated the chest of the Ghost Clan’s Great Emperor.

Along with a miserable shriek, the Ghost Clan’s Great Emperor was wrapped up by the golden flames.

Then, he did his best to drive out the divine fire from his body with the Extreme Evil Ghostly Energy. Otherwise, he would have been burnt to ashes.

Jian Wusheng also ended up miserably. She had lost her sword. So, she had to use the Universe of Swordplay with her fingers.

Instantly, countless sword light rushed towards the divine fire. The next moment, all those sword light disappeared in flames like a group of flying moths.

The remaining divine fire lit up Jian Wusheng’s body immediately. She had no Extreme Evil Ghostly Energy to drive out the divine fire. So, her body was burnt to ashes soon.

Fortunately, her soul escaped from her body in time.

A moment later, the Ghost Clan’s Great Emperor had been seriously wounded while Jian Wusheng had lost her body.

This was the real strength of the Central Prefecture’s King, who was at his peak state.

Now, it seemed even Mo Tianxuan’s Godly State of Swordplay couldn’t do harm to him.

Seeing this, the Central Prefecture's King sneered, "So, this is your so-called plan! A plan has been prepared for one hundred years! Right? Hah! Hah! It is just a joke!"

Mo Tianxuan said as she clenched her teeth, resentfully, "We didn't expect he has that damned Divine Agreement."

The elaborately prepared plan failed on the verge of success!

Mo Tianxuan and the Ghost Clan's Great Emperor were seriously wounded. Jian Wusheng only had her soul left!

Who else in this world could stop Central Prefecture's King?

"I killed Shen Yichen, who was an incarnation of you before. Now, let me kill the last strand of your Celestial Energy Sphere! Stop your futile struggling and just enjoy the death!" The Central Prefecture's King sneered as he stared at Sacred Kylin. Then, he threw out a divine fire arrow and tried to kill all people in this area together with Su Yu!

Chapter 1116: The Fight between Su Yu and the Demon

It seemed this unstoppable divine fire of tribulation would kill all of them soon.

Suddenly, people sensed the intensive strength of Five Elements, which gushed out from a giant void crack in the sky.

Then, a colorful mountain flew out from the void crack and rushed towards this place rapidly.

Before the arrival of the mountain, the strength of Five Elements blew away the divine fire, which was about to hit Sacred Kylin and the rest of people here like a tornado.

The Central Prefecture's King turned around as he sneered disdainfully, "I didn't expect somebody still tries to stop me recklessly!"

When people watched the mountain closely, they found one person in a white robe and one person in a black robe who used all their strength of Mortal Fairy as they walked through the void by taking with the Five Elements Mountain above their head.

Swish!

The next moment, they stopped in front of Sacred Kylin. Then, they started to activate the formation under the mountain after putting the mountain down.

They were activating the formation by pouring the remaining strength of Mortal Fairy in their body into it.

The formation, which was activated, started to protect Sacred Kylin and the rest of people by absorbing the strength of Five Elements from the mountain.

"The Black and White Mortal Fairies?" Mo Tianxuan was surprised by what she saw. How could the mysterious Eastern Continent, which was always at peace with all people, choose to step into the troubled water of the conflict between them and the

Central Prefecture's King? Can't they figure out the current situation? Even they chose to help them, and they were not able to stop Central Prefecture's King for a long time.

The Black and White Mortal Fairies didn't turn around but said as they stared at the Central Prefecture's King determinedly, "As the King of the Jiuzhou Continent, how could you act in collusion with the Demon Clan?"

After settling down members of the Great Oriental Family, they decided to help Su Yu. After a short discussion, they decided to go back to the Great Oriental Family first, so that they could take the Five Elements Mountain with them. When they arrived at the Central Prefecture, they found Sacred Kylin and Su Yu were in great danger.

"Alas! You shouldn't come here!" Sacred Kylin sighed gloomily.

His elaborate plan, which had been prepared for one hundred years, failed. Now, the arrival of the Black and White Mortal Fairies could only increase the casualties.

The current situation is hopeless...

"We have died once. Death can't scare us away! We will take the Central Prefecture's King with us even we are going to die!" The two mortal fairies said as they continued to release the strength of the Five Elements by running the formation.

The strength of the Five Elements became more and more powerful. The entire Eastern Continent could sense the inexplicable pressure from it.

The Central Prefecture's King, who was so close, could sense the strength of the Five Elements clearly.

After having eye contact, the black and white mortal fairies shouted as they lifted up the Five Elements Mountain and threw it at the Central Prefecture's King.

It seemed they threw out the mountain casually. Actually, they had used up all their strength of mortal fairy. Then, they collapsed to the ground and almost passed out because all their strength of mortal fairy was exhausted.

Apparently, their attack was no trivial matter.

"After many years of study, we can only throw out the Five Elements Mountain as a weapon. I hope it could be useful!"

Rumble—!

Dazzling colorful light gushed out from the bottom of the Five Elements Mountain as it flew out. Then, Central Prefecture's King was covered in the colorful light.

The Central Prefecture's King tried to dodge the attack. However, he was slowed down by the magnificent strength of Five Elements in the colorful light. At last, the Five Elements Mountain landed on his head directly.

Together with the mountain, the magnificent and horrible strength of Five Elements also descended.

The Black and White Mortal Fairies lit up their eyes together with Sacred Kylin. Does it mean this attack is effective?

This was a mountain that used to kill deities. If this attack was effective, it must be horribly powerful.

However, all of them were frustrated by what they saw the next moment.

The Central Prefecture's King supported the Five Elements Mountain with one hand!

Then, he said with a disdainful smile, "If you reach the second stage of the mortal fairy, I have to pay attention to your attack. What a pity! The strength of two mortal fairies at the first stage is even less than 1/10 of a mortal fairy at stage two!"

After saying that, he put down the Five Elements Mountain and sneered, "It's time to finish this meaningless fight. Who should I kill first?"

He said as he glanced at these wounded mortal fairies sarcastically.

The Ghost Clan's Great Emperor, who didn't want to suffer the disgrace, shouted coldly, "Just kill us, and we will never ask for mercy from you!"

Because the Ghost Clan's Great Emperor knew the Central Prefecture's King wouldn't show mercy even, they asked for mercy from him.

The Central Prefecture's King fixed his eyes on the Ghost Clan's Great Emperor as he said coldly, "Since you ask for death, I will satisfy your request first!"

Scratch!

A strand of divine fire gushed out abruptly.

However, the target of the divine fire was not the Ghost Clan's Great Emperor, but...Su Yu!

"Little bastard, I prefer to kill you first, so that I can put my heart at rest!" The Central Prefecture's King said with a ferocious smile.

Hearing this, the Ghost Clan's Great Emperor changed his expression abruptly. Then, he stepped forward to stand in front of Su Yu without any hesitation, so that he could stop the divine fire for Su Yu.

Puff!

Along with a dull sound, the body of the Ghost Clan's Great Emperor was burnt to ashes. Then, his soul, which was surrounded by ghost energy, ran away from the divine fire.

Even so, the soul of the Ghost Clan's Great Emperor still chose to stand in front of Su Yu and tried to protect Su Yu till the last moment.

Seeing this, the Central Prefecture's King sneered disdainfully, "This is really touching! However, as a traitor, you deserve to die without a burial place!"

Chi!

The next moment, he threw out a giant spear formed by divine fire.

"No!"

"Be careful!"

Seeing this, Mo Tianxuan, Jian Wusheng, and the Black and White Mortal Fairies widened their eyes in desperation.

This attack would definitely kill the Ghost Clan's Great Emperor!

The Ghost Clan's Great Emperor replied with a fearless smile, "The Central Prefecture's King! You will come to no good!"

Hearing his fearless roars of laughter, the Central Prefecture's King frowned because he didn't understand why the Ghost Clan's Great Emperor was so dedicated to helping the Central Prefecture. This is not the territory of the Ghost Clan. Is it really necessary for him to lose his life here?

"What a psycho!" Central Prefecture's King snorted and looked away. He believed nobody could stop him from burning the Ghost Clan's Great Emperor and Su Yu to ashes at this moment.

Suddenly, the Central Prefecture's King felt his heart missed a beat because he sensed an intense uneasy!

He hadn't sensed this kind of uneasy since he reached the level of Mortal Fairy!

One thousand years ago, when he reached the level of a peak All Creation expert, he made an exploration in a desolated world. In that place, a wild beast, which had reached the first stage of Mortal Fairy, found him and started to hunt him down. This was the last time he got such a feeling.

That wild beast kept chasing him for three days and three nights!

During those three days, he did his best to run for his life every hour and moment, because he was hotly pursued by that wild beast.

That ubiquitous uneasy and death panic accompanied him for the next several hundred years!

After so many years, this horrible memory would come into his mind from time to time.

Later, when he reached the level of Mortal Fairy, he went back to that place and killed that wild beast. Then, this uneasy, which had sustained for several hundred years, disappeared at last.

He hadn't sensed this kind of uneasy for 1,000 years since then.

However, that uneasy, which had almost been forgotten by him, came into his mind without a sign.

He got a feeling that wild beast which had been killed by him came back. Now, it was just standing behind him and looking down at him, greedily with its big mouth opened.

The Central Prefecture's King trembled a bit subconsciously. He felt his heart was beating crazily. Then, he turned around in terror.

Behind him, he didn't see a wild beast but a man who was staring at him coldly.

In front of the pitch-dark eyes of this man, the Central Prefecture's King felt he was being stared at by that wild beast. He felt his heart missed a beat. Then, he said as his cold hands and feet were trembling, "Su... Yu!"

Su Yu said calmly, "What perfect timing! It happens on the 9th day precisely!"

His Tribulation of Humans broke out at this moment.

In front of the divine fire which was gushing towards him, Su Yu stepped out calmly.

Then, nine pitch-dark suns appeared in front of Su Yu's chest like armor. The surging divine fire was not able to break the protection of the nine suns.

Su Yu managed to refine the last strand of the bloodline of the Cultivation Deity at the last moment. Now, he had reached the level of the peak Mortal Fairy.

At this level, he mastered the Great Sun Punishment Fairy Picture, which helps him to refine the rest of the seven suns easily.

Su Yu's Tribulation of Thunderous Feather and the divine fire tribulation of the Central Prefecture's King could match each other in strength.

The Central Prefecture's King, who had come to himself, took a breath to calm him down. Then, he threw out a cloud of divine fire, which surrounded Su Yu completely.

However, the divine fire couldn't do harm to Su Yu at all. Then, he walked out of the cloud of divine fire and said as he stood in front of the Central Prefecture's King, "Anything else?"

"Just die!" The Central Prefecture's King punched Su Yu's small body with his fist, which was full of demonic god's strength.

The demonic fist, which was as large as a small hill, descended with horrible energy, which even created a lot of cracks in the void.

Bang!

The land trembled a bit when the fist landed.

Mo Tianxuan and the rest people widened their eyes to check Su Yu's situation without blinking.

When the dust and smoke dissipated, they felt relieved by what they saw.

Under the demonic fist, Su Yu was standing uprightly. The index finger of his right hand was being poked against the center of the demonic fist.

Now, Su Yu's finger, which didn't look like a finger of a human being, was in a rare golden color. Golden scales could be seen on his finger indistinctly.

Then, Su Yu uttered a word calmly, "Break!"

Boom!

It seemed his finger was full of horrible strength, which could create a world. A strand of golden light, which terrified all Mortal Fairies here, penetrated the demonic fist, the arm, and the pauldron of the Central Prefecture's King and flew away beside his head.

Bang!

When the golden light beam flew away, people heard an explosion. Then, they found the fist and arm of the Central Prefecture's King had been smashed by the explosion.

A giant wound on the right side of the head of the Central Prefecture's King. From this wound, his skull could be seen.

How could Su Yu wound the Central Prefecture's King by attacking with his finger?

Even Mo Tianxuan was not able to inflict such damage to the Central Prefecture's King easily!

"I don't think this is the strength of an expert at the level of peak Mortal Fairy!" The Ghost Clan's Great Emperor shivered a bit when he saw that golden light beam which had disappeared in the sky.

Mo Tianxuan said seriously, "No! I sensed the aura of a divine dragon in that golden light beam!"

In the last nine days, the ten Real Spirit Dragon Veins merged into Su Yu's body and realized his Nine Dragons Body.

The Central Prefecture's King was shocked a bit, for he didn't expect he was at a disadvantage during the fight with Su Yu!

"It's not finished yet!" The Central Prefecture's King yelled as he stomped his enormous demonic foot down.

Now, Central Prefecture's King still got a feeling that Su Yu was an ant who could be killed by him easily.

How could he accept the situation that he was on an equal footing with an ant?

"Die!" Su Yu uttered a word again as he attacked the arch of the demonic foot with his fist, which was covered by golden scales calmly.

Another golden light beam gushed out from his fist, which penetrated the foot, leg, and the right side of the body of the Central Prefecture's King. Then, the golden light beam flew out from the neck of the Central Prefecture's King!

Chapter 1117: The Last Deadly Strike

Bang!

Along with a big bang, the right foot, right leg, and the right side of the body of the Central Prefecture's King were blasted into small pieces.

Even his neck was broken by the golden light beam. Now, the spinal bones which connected his skull and his body could be seen.

Su Yu managed to smash half of the body of the Central Prefecture's King with one punch!

At this moment, the Central Prefecture's King realized the cruel fact. His eye pupils constricted abruptly, and his back had been covered by cold sweat.

Now, Su Yu had reached the level of the peak Mortal Fairy. With the help of the golden strength, he could defeat another expert at the level of the peak Mortal Fairy easily.

Moreover, Su Yu hadn't used the Celestial Destroying Arrow yet!

Run!

That overwhelming panic and uneasy which had disappeared for 1,000 years came back like a raging flood.

Growl!

The Central Prefecture's King roared loudly. Now, the Divine Nine-Dragon Cauldron, the Central Prefecture's King, and the illusory deity level had been totally forgotten by him. He turned around and tore open the void. Then, the rest of his body jumped into the void and started to run for his life.

Now, what he wanted was only his life.

Seeing that, Su Yu also tore open the void and started to chase him with the magnificent strength of Mortal Fairy.

After having eye contact, Mo Tianxuan, Sacred Kylin, Jian Wusheng, and the Ghost Clan's Great Emperor, who were totally shocked, didn't know what to say.

Su Yu, who had reached the level of peak Mortal Fairy, was unexpectedly powerful!

They knew a peak Mortal Fairy could kill the Central Prefecture's King with the Celestial Destroying Arrow.

Now, it seemed Su Yu could kill the Central Prefecture's King without the help of the Celestial Destroying Arrow.

"Let's go! Let's catch up with him!" Sacred Kylin, whose eyes were shining with excitement, couldn't help but laugh loudly, "This young man brought so many surprises to me! Just now, I thought all of us would die here today!"

The rest people lit up their eyes after hearing that. They would do their best to witness the death of the Central Prefecture's King!

As a peak Mortal Fairy, Su Yu strode over half of the Central Prefecture Continent with just one step.

Now, he arrived at the Heaven's Craftsmen Region. As one of the five regions controlled by the Central Prefecture's King, this region was good at making equipment.

Standing above the Heaven's Craftsmen Region, Su Yu was looking down calmly. His magnificent strength of Mortal Fairy gushed out and startled all creatures in this area.

Now, Su Yu was powerful enough to discover a strand of aura of Mortal Fairy in the Heaven's Craftsmen City.

But it was not from the Central Prefecture's King!

Swish!

The next moment, Su Yu appeared above the Heaven's Craftsmen City and said coldly, "Show yourself!"

His voice was not very loud. However, it was like a deafening thunder in the ears of all people in this area.

However, that aura of Mortal Fairy didn't want to show up.

Su Yu frowned slightly. Then, he appeared at the center of this city, which was a towering mountain.

A statue of a green ox, which was being worshiped by people, could be seen on the top of this mountain.

It was said that this green ox was the founder of the Heaven's Craftsmen Region, who was being worshipped by all people in this region.

"Stop!" The Palm Master of the Heaven's Craftsmen Region, who was a peak All Creation expert, tried to stop Su Yu.

Su Yu glanced at him. Then, the region master, who was pushed away by Su Yu's invisible strength, groaned a bit and asked in terror, "Who are you?"

"Su Yu!" Among people who were startled by Su Yu, two people shouted in surprise.

For them, Su Yu was a little bit familiar. Inside the Mysterious Heavenly Divine Pavilion, Su Yu used to meet people from the Heaven's Craftsmen Region.

One of these two people was the senior brother, who was still anonymous now. The other one was a woman whose name was Sha Yin.

Both of them, who came back from the Mysterious Heavenly Divine Pavilion, had realized remarkable progress in it. The senior brother almost reached the level of the All Creation expert.

"What? Su Yu?" The Region Master of the Heaven's Craftsmen Region, who was surprised, looked at Su Yu and said as he shook his head, "No! Su Yu shouldn't be so powerful! In addition, he is being hunted down by the Central Prefecture's King!"

The Region Master of the Heaven's Craftsmen Region took a deep breath and asked as he bowed to Su Yu, "Senior, what brings you to the Heaven's Craftsmen Region?"

Su Yu said as he stared at the statue of the green ox, "Nothing! I am looking for the Central Prefecture's King! And I will save the dying remnant soul of your ancestor!"

Crack!

Su Yu didn't move, but the statue of the green ox, which had been standing still for so many years, cracked.

Before the Region Master had time to lose his temper, he was shocked by what he saw in the statue.

A broken demonic body was chewing the dying soul of a green ox in the statue.

Only demons could resupply primordial Qi by devouring souls.

"Ah! Ancestor!" The Region Master of the Heaven's Craftsmen Region was totally shocked. However, he didn't dare to come close because of the overwhelming power of that demon.

The next moment, Su Yu appeared in front of the demonic body and pointed at the forehead of the demonic body as he said calmly, "Are you going to hide your aura with the aura of the green ox? The Central Prefecture's King, you can never escape this time!"

Hearing that, the Central Prefecture's King changed his expression abruptly. He had to let go of the remnant soul of the green ox and stop Su Yu's finger with his arm, which had just been restored. At the same time, he tore open the void with the other hand and tried to escape.

Bang!

Along with a big bang, his newly-restored arm was smashed again by Su Yu's finger.

Su Yu continued to chase the Central Prefecture's King after glancing at the dying remnant soul of the green ox.

"Ancestor!" The Heaven's Craftsmen Region Master rushed up and protected the remnant soul of the green ox with precious top-level items.

The remnant soul of the green ox stared at the place where Su Yu disappeared in shock.

"Master! Is that young man Su Yu?" Sha Yin, who was biting her lip tightly, asked nervously.

The panic-stricken senior brother was also fidgety.

The Heaven's Craftsmen Region Master replied nervously, "No! Su Yu is being hunted down by the Central Prefecture's King. How could he come to this place...wait!"

Suddenly, he remembered that peak Mortal Fairy mentioned the name of that demonic body...the Central Prefecture's King!

"Is that demon the Central Prefecture's King? How could this be..." the Heaven's Craftsmen Region Master never expected the King of the Central Prefecture was a demon!

However, he was interrupted by the remnant soul of the green ox immediately, "I didn't expect the Central Prefecture's King could end up this way! Cough! Cough! Also, Su Yu surprised me a lot! I didn't expect he could hunt down the Central Prefecture's King!"

The top of this mountain dropped into a dead silence. Undoubtedly, that young man, who was a peak Mortal Fairy, was Su Yu!

The remnant soul of the green ox sighed as he looked at the senior brother and Sha Yin, "Now, both you are dismissed from our faction temporarily. You can come back when you are forgiven by Su Yu!"

Hearing this, both of them trembled a bit. Then, they left the top of the mountain in frustration.

Their ancestor, who was merciful, didn't kill them to seek forgiveness from Su Yu. So, what they could do now was to make up with Su Yu.

—

In an instant, Su Yu appeared on the other end of this continent.

Now, Su Yu arrived at the Tianniu Prefecture.

When Su Yu was hunted down by the Central Prefecture's King, the King of the Tianniu Prefecture used to expel him immediately and even tried to capture him for the Central Prefecture's King.

Stepping out of the void, Su Yu started to scan this place with his magnificent strength of Mortal Fairy.

It was impossible for the Central Prefecture's King to hide from him.

However, although Su Yu could sense the aura of the Central Prefecture's King, he couldn't locate the whereabouts of the Central Prefecture's King.

Does it mean he has hidden from me? He must get assistance from others. Otherwise, it is impossible to cover the intense demon aura of the Central Prefecture's King!

"King of the Tianniu Prefecture, come forth!" Su Yu shouted calmly. His deafening voice was echoing above the city.

Scratch!

A middle-aged man, who was wearing red armor, appeared in surprise. When he saw the familiar young man in front of him, he couldn't help but say, "Su Yu?"

Then, an idea occurred to him. If I could capture him...

The next moment, his contemplation was interrupted by Su Yu, "Where is the Central Prefecture's King?"

What? The King of the Tianniu Prefecture thought he misheard Su Yu. Isn't the Central Prefecture's King hunting him down? Although the Central Prefecture's King said he was being hunted down by a powerful enemy, it was impossible for him to be hunted down by a nobody like Su Yu!

Does it mean Su Yu is the scout of that powerful enemy?

At the thought of this, the King of the Tianniu Prefecture said as chilly light flashed in his eyes.

"I remember the Central Prefecture's King is hunting you down! You should know it clearly!" The King of the Tianniu Prefecture shook his head as he stepped up and wrapped up Su Yu with the strength of Mortal Fairy. Then, he said, "By the way, you appeared in the Tianniu Prefecture without prior notification. I suspect you are harboring evil designs! I have the right to interrogate you!"

He knew he could capture a genius who had no background. Nobody could blame him for doing that.

Su Yu replied motionlessly, "Haven't you met the Central Prefecture's King? The demonic aura is so intense here! It is impossible for you, the king of this prefecture, to ignore it..."

The King of the Tianniu Prefecture interrupted Su Yu, "Mind your words! How dare you, a nobody, interrogate me? You are quite suspicious as expected! I must interrogate you!"

After saying that, he waved his hand and tried to carry away Su Yu with his strength of Mortal Fairy.

To his surprise, he found it was impossible for him to carry away Su Yu, who was just like a gigantic mountain in front of him.

“Interrogate? Right! I need to interrogate you who dare to harbor a demon!” Su Yu said coldly. What Sacred Kylin worried was correct. The Sacred Kylin passed away from this world 10,000 years ago. It was impossible for them to fathom the standpoint of the nine prefecture kings. So, the King of the Tianniu Prefecture was not trustworthy at all!

Whoosh!

Su Yu released a strand of aura of a peak Mortal Fairy, which wrapped the King of the Tianniu Prefecture up.

Instantly, the King of the Tianniu Prefecture changed his expression and shouted in disbelief, “You, you...”

Bang!

Su Yu clenched his fist to grasp the King of the Tianniu Prefecture in his palm from afar. Then, Su Yu threw him towards the ground.

Along with a dull sound, the body of the King of the Tianniu Prefecture was smashed.

Even his soul was also seriously wounded.

“Where is the Central Prefecture’s King?” Su Yu asked coldly again.

The King of the Tianniu Prefecture, who planned to resort to sophistry, was frightened to death. He didn’t expect Su Yu could smash his body instantly!

How brutal he is!

He didn’t dare to have a grudge against Su Yu. So, he could only stammer, “He...is in the secret underground chamber of my mansion where his aura could be isolated!”

Hearing this, Su Yu snorted as he punched the mansion of the King of the Tianniu Prefecture. Along with a big bang, the mansion which was being protected by dozens of defensive spells was smashed into rubbles. Then, a bottomless secret chamber was exposed.

As expected, a gigantic demonic body was looking up at Su Yu angrily in that secret chamber, “Are you really going to wipe me out?”

Su Yu replied calmly, “You have no right to ask this question at all!”

After saying that, Su Yu attacked again. The magnificent golden strength smashed the body of the Central Prefecture’s King, who was about to run into the void.

Then, Su Yu glanced at the soul of the King of the Tianniu Prefecture, who was about to escape into the void. The next moment, he locked the soul into the Soul Space with the reincarnation ripples in his eyes.

After that, Su Yu glanced at people of the Tianniu Prefecture who had been totally shocked silently. Then, he tore open the void and started to chase the Central Prefecture’s King again!

Chapter 1118: Escape to Nowhere

One hour later...

Yuantian Prefecture.

Su Yu, who was scanning the city with his eyes, said with a cold smile, "Great! I've found another prefecture king who dares to harbor demons!"

The next moment, a panic-stricken soul rushed out from a mansion and shouted in terror, "Su Yu, how dare you destroy my body! I will be irreconcilable with you!"

"Boast when you can run away!" Chi! Su Yu opened his eyes of reincarnation to lock up the soul of that prefecture king.

Then, Su Yu smashed a stone pillar in the Yuantian Prefecture. Then, the Central Prefecture's King, who was hiding in the stone pillar, roared angrily before he ran away.

Su Yu created some wounds on the body of the Central Prefecture's King symbolically to prevent him from being fully healed.

One hour later...

Huiming Prefecture.

Su Yu just stayed for a short while before rushing towards the horizon.

At this time, the King of the Huiming Prefecture appeared and stared at Su Yu in surprise.

Su Yu replied with a faint smile, "Where is the Central Prefecture's King?"

In front of Su Yu, the King of the Huiming Prefecture felt great pressure as he murmured in his heart in shock. Isn't this man Su Yu who is being hunted down by the Central Prefecture's King? Why is he hunting down the Central Prefecture's King now?

I didn't expect him to be so powerful now...

Without hesitation, the King of the Huiming Prefecture replied by pointing at the north, "He came here to seek refuge from me. But I rejected his request. Now, he is fleeing northwards!"

"Good!" Su Yu nodded his head. Then, he disappeared in the void.

One hour later...

Posuo Prefecture.

Su Yu sneered coldly again, "Good! I've found another prefecture king who dares to harbor demons!"

Before long, along with the miserable shriek of an old woman, her soul was locked up by Su Yu.

In a lake in the Posuo Prefecture, the Central Prefecture's King was found again.

At this moment, the Central Prefecture's King figured out Su Yu's intention.

Su Yu, who had the Celestial Destroying Arrow, didn't kill the Central Prefecture's King with it. On the contrary, he kept creating wounds on the body of the Central Prefecture's King.

Also, Su Yu didn't give any prior warning that nobody shall harbor the Central Prefecture's King to the prefecture kings.

Therefore, Su Yu only had one goal – he would kill all prefecture kings who were on good terms with the Central Prefecture’s King and dared to harbor him.

“You are too cruel! You are even crueler than me!” The Central Prefecture’s King said with deep hatred. A nobody who was looked down upon by him before was even crueler than him after obtaining horrible strength.

Su Yu planned to eradicate all people who were on good terms with the Central Prefecture’s King in the entire Jiuzhou Continent!

Now, the three prefecture kings who colluded with the Central Prefecture’s King were killed by Su Yu.

“You flattered me! Now, are you still going to run away?” Su Yu replied calmly.

The Central Prefecture’s King widened his eyes in anger. He would be killed instantly if he stayed here. However, if he chose to run away, his accomplices would be implicated by him, and he could find more opportunities to stay alive.

“I will let you pay a steep price if I could survive this time!” The Central Prefecture’s King roared before running away in the void.

Three prefecture kings had already been killed. Now, he could only seek help from some greedy region masters.

Su Yu, who was after the Central Prefecture’s King, continue to kill those prefecture kings who dared to harbor the Central Prefecture’s King. He even eliminated their soul ruthlessly.

Soon, Su Yu left his blood-soaked footprint in each prefecture of the entire Jiuzhou Continent.

All at once, most people on the Jiuzhou Continent were delighted by the news.

It was said that Su Yu was hunting down the Central Prefecture’s King. Anyone who dared to collude with the Central Prefecture’s King would be killed mercilessly.

This startling hearsay was spread to every corner on the Jiuzhou Continent within one day!

Those who colluded with the Central Prefecture’s King were totally terrified and worried that the Central Prefecture’s King might lead Su Yu to them. All the rest factions and Martial Artists spoke favorably of Su Yu’s punishment after knowing the real identity of the Central Prefecture’s King as well as his sinister motive of selling the Jiuzhou Continent by colluding with those three prefecture kings.

“Sacred Kylin passed away 10,000 years ago. Now, the moral degeneration of this world is getting worse day by day! I didn’t expect those three prefecture kings could try to sell the Jiuzhou Continent by colluding with that hybrid of human and demon!”

“Su Yu, well done!” “These pests should have been killed a long time ago!”

“Wait! I think we should collect evidence to report the pests which haven’t been found by Lord Su Yu!”

Of course, all of them took delight in talking about the pursuit of the Central Prefecture's King by Su Yu.

"He used to hunt down the Blood Emperor! Now, he is chasing the Central Prefecture's King! What a young genius! We have been sincerely convinced!"

"I don't know which one is more powerful, Su Yu, or that missing destined emperor?"

"I think both of them are well-matched in strength!" If Zhan Wushuang is that destined emperor according to the will of God, I guess Su Yu should be a king who could compete against the God's will!"

Hearing this, people became speechless. They knew Su Yu realized his current achievement from a nobody, which was extremely difficult.

Soon, Su Yu's life experience, which was deified, became a hot topic in this world.

Because of his pursuit of the Central Prefecture's King, Su Yu got a nickname of the Silver-Haired Immortal among people in this world.

After two days, Su Yu had killed a lot of people on the Jiuzhou Continent.

Now, the Central Prefecture's King didn't know what his next destination was. Even he might still have some accomplices, all of them were doing their best to stay away from him, let alone provide shelter for him!

The rest of the prefecture kings would arrest the Central Prefecture's King and bring him to Su Yu if he dared to show up.

The world was so big. But he really had nowhere to hide!

Therefore, the Central Prefecture's King asked sincerely at this moment, "Su Yu, I can leave the Jiuzhou Continent now and will never come back in future. And I am willing to compensate for all your loss. Let's make peace, OK?"

Su Yu, who was dusting off the blood on his clothes, replied calmly, "You know I will never make up with you since you attacked me the first time!"

Su Yu would never allow a third person to know the secret of the Divine Nine-Dragon Cauldron, which was the bottom line of him.

The Central Prefecture's King replied, "I swear I won't disclose the secret of the Divine Nine-Dragon Cauldron to anyone else!"

"Do you believe a living person or a corpse?" Su Yu didn't answer but asked back.

Hearing this, the Central Prefecture's King darkened his face. A dead person would never disclose any secrets!

"Just think twice! If I die here, it is impossible for you to acquire a peaceful end!" The Central Prefecture's King shouted harshly.

Su Yu replied calmly, "I know clearly that you must die today!"

The next moment, dazzling golden light gushed out from Su Yu's right arm. Then, he attacked the Central Prefecture's King with his fist.

Most of the followers of the Central Prefecture's King had been wiped out. It was time to kill the prime evil!

The Central Prefecture's King, who didn't want to be executed like this, tore open the void and escaped again.

Su Yu rushed out by following him tightly. When Su Yu landed on the ground, he found he was in a strange continent, which was full of obscure auras.

This place was covered by a layer of thick fog. Su Yu found his eyesight of a Mortal Fairy could only cover a distance of about 500,000 km in this place.

Deep in the fog, Su Yu sensed many auras that could even scare the peak Mortal Fairies away.

"Is this the...Land of Far West?" Su Yu was shocked because this restricted area of life on the Jiuzhou Continent was not strange for him.

The records about the Land of Far West in the ancient books and current files were always the same. It was a restricted area of life!

The portrait of Xia Jingyu, the broken horn of Sacred Kylin, and the Five Elements Mountain were found in the Land of Far West.

Nobody knew the complete picture of the Land of Far West. People only knew all those who went deep into this place didn't come back. Even the Mortal Fairies were not able to survive in this place.

As famous experts in this world, the Black and White Mortal Fairies only dared to perform an investigation in the peripheral area of the Land of Far West. For them, the central area of this place was too dangerous.

Suddenly, Su Yu heard a miserable cry of the Central Prefecture's King.

Su Yu turned around and found the body of the Central Prefecture's King, which was hiding in the dense fog, jumped up as if he was bitten by something.

Then, Su Yu fixed his eyes on the Central Prefecture's King and found a python at the level of peak Mortal Fairy, which was surrounded by dazzling starlight, chasing the Central Prefecture's King.

The next moment, that python turned around and looked at Su Yu coldly. In front of its cold and greedy eyes, Su Yu felt his heart miss a beat.

Su Yu got a feeling that this python was as dangerous as the Central Prefecture's King!

Soon, Su Yu found dozens of pythons like this one in this place!

All of them, which were wandering in the fog, would devour all lives in their way.

Nine pythons found Su Yu and started to rush towards him rapidly.

The Central Prefecture's King, who was not able to run away from that python, escaped into the void immediately.

Seeing that, Su Yu also left this place by jumping into the void.

One hour later, Su Yu appeared on the continent of the Central Prefecture.

The Central Prefecture's King, who had nowhere to hide, chose to run back to the Central Prefecture.

Standing on the ruins of the city of the Central Prefecture, the Central Prefecture's King shouted as he stared at Su Yu coldly, "Su Yu, this is the last time I ask you this question! Will you make up with me?"

"No way!" Su Yu said as he took out a golden arrow. Then, he created a bow with the strength of Mortal Fairy and fit the Celestial Destroying Arrow to the string.

Let me give him a deadly strike to end the grievance, which has lasted for one hundred years on this continent!

"Tell me how you could make up with me?" Although the Central Prefecture's King was extremely angry, he didn't want to ask for mercy from Su Yu.

Apparently, he was not willing to admit his defeat. And he would definitely stage a comeback whenever he got an opportunity!

At that time, the Celestial Destroying Arrow and the bloodline of the Cultivation Deity would be unavailable. Nobody would be able to stop him!

The Central Prefecture's King, who noticed the killing intent in Su Yu's eyes that became more and more obvious, said in terror, "If you kill me here, it is impossible for you to acquire a peaceful end!"

"It is impossible for you to see my end!" Su Yu said as he was about to shoot the arrow.

However, a strand of powerful aura of Mortal Fairy appeared in this area, like raging floods.

"All of you stop!" Instead of aiming at the Central Prefecture's King, the target of this magnificent strength of Mortal Fairy was Su Yu!

Seeing this, the Central Prefecture's King rolled his eyes and was about to run away. However, he found Su Yu was still aiming at him with the Celestial Destroying Arrow. He knew if he continued to move, Su Yu would kill him immediately.

Crack!

Along with a big bang, a giant void crack appeared behind Su Yu. Then, an old man in a white robe stepped out. It was the old Region Master of the Heavenly Knife Region.

However, as a peak Mortal Fairy, Su Yu could see clearly that a soul of a second stage Mortal Fairy was staying inside this body.

In front of this magnificent strength of Mortal Fairy, Su Yu activated the dragon strength in his feet, which were giving off a dazzling golden light. In this way, he managed to stay motionlessly under the impact of the raging strength of Mortal Fairy.

“Are you deaf? Let me tell you again! Put down your arrow. Now, all people in this world are under my management!” The old man in the white robe, or, to be exact, the soul in that body said coldly at this moment.

Su Yu asked calmly, “Who are you?”

He didn’t expect a new Mortal Fairy, whom he had never met before, could appear on the Jiuzhou Continent!

Chapter 1119: The Law Enforcer

“Hmm! I am the law enforcer of the Eastern Gods Alliance. I am under orders to destroy the demon, and I will take him back for questioning. You are not to kill him!” The old man’s physical body fell down and a soul flew out. It had a dark complexion and the appearance of a young man with rather dark but strong eyes.

The young man was holding his hands in front of his chest and looked rather proud. It was as if he was trying to say that the heavens were first but he was just behind in second place.

Su Yu felt a deep contempt coming from the young man’s eyes. The contempt seemed to come from his bones. It was just like rich city-dwellers coming to the countryside to flaunt their wealth and was very condescending.

The Central Prefecture’s King was stunned for a moment but then felt a sense of joy. He bowed down and worshiped the young man. “This little demon will obey your laws and will willingly follow you back to be investigated.”

The proud young man showed a hint of coldness as he stared at Su Yu. “Do you want me to repeat it? Drop your weapon now!”

Su Yu slowly lowered his bow and arrow and said, “A creature like him intended to sell off Jiuzhou! What crime is he charged with?”

“Shut up! How we enforce the law is confidential and must not be queried!” The proud young man raised his hand and pointed at the Central Prefecture’s King. “Come here!”

The Central Prefecture’s King was thrilled beyond words. The so-called alliance law enforcer was a special existence and was in charge of maintaining a large area of the world order. Its main task was to destroy evil magic.

However, the young man in front of him didn’t kill him on the spot, instead choosing to take him back for investigation. That said a lot.

The Central Prefecture’s King secretly looked at the young man and saw that he quietly nodded and lowered his chin, signaling that he should be at peace with what was to happen.

The Central Prefecture’s King was reassured by such an action.

This law enforcer, most likely bribed by the land of the gods, had come to rescue him now!

As long as he was sent back to the Alliance, they would let him go, and then tell the outside world that the Central Prefecture’s King had escaped from them without any proof of what had happened.

As for the investigation? Hmm, the world was without the protection of gods, so who would pursue law enforcement in such a place? All those who could join the ranks of law enforcement were the elites of the Eastern Alliance. Of these elites, nine out of ten came from the family of the gods. Although they might not be direct descendants of the gods, they had already cultivated many elites amongst them and created such a large family, so who would dare to rebel against them?

With this in mind, the Central Prefecture's King's anger dissipated, and he sneered as he walked past Su Yu. Sneering and smiling, he said, "Su Yu, Su Yu, Jiuzhou's water is deep. You, this maggot, can't possibly create any waves! Ha Haha! "

The Central Prefecture's King walked over to the law enforcer in a victorious manner.

However, after taking just a few steps, his back suddenly felt cold. This was followed by the sensation of his flesh being burned, and then his soul was torn apart.

He looked down at his chest and saw that a sharp golden arrow had entered his back and exited his body from the front.

The amazing power contained in the Celestial Destroying Arrow was raging inside his body, quickly destroying his physical form and even his soul.

His pupils gradually enlarged, and he turned his head to look. Su Yu was slowly pulling on the bow in his palm, and the Celestial Destroying Arrow had disappeared.

"You... you dare to kill me ..." The Central Prefecture's King had never expected that Su Yu would dare to take any action in front of the law enforcer.

As his eyes gradually blurred, the Central Prefecture's King felt a deep sense of anger. Just as he thought he had the chance to escape, it was all but ended by Su Yu ...

The resentment and hate he felt turned into cursed vicious words. "Su Yu! I curse you with a curse of death most painful! The land of the Gods will not let you go! My father and mother will never spare you! "

"Curse of the demon!" At the last moment, the Central Prefecture's King opened his mouth and spewed out a spit of blood. In it, the power of the demon god was condensed into a mark of the demon head, and it instantly moved towards Su Yu's chest.

Su Yu could not escape it, and his chest was heavily imprinted with the blood splatter.

He did not have the time to check his condition. With a flash of cold and golden light, he had killed the Central Prefecture's King.

Coupled with his soul, the man had been totally destroyed.

Stuck in a dark hall miles away, a thousand-footed ghost in an ancient red robe suddenly showed shock on his face, followed by anger. He howled. "Who killed my child? Who!"

The divine power that runs through the years and stars and traverses throughout the dark cave world was contained in the howling roar that came from him

In another bright and peaceful world, a beautiful-looking woman suddenly covered her chest, her eyes filled with sadness and anger.

“My son is dead? I sent the law enforcement officers to intervene! Why did he die? Who did it?”

Su Yu had killed the Central Prefecture’s King without hesitation. Using just one hand, he utilized the hidden treasure on him to create a space vortex. The remaining treasure stored there were blasted away and left behind no trace. All the treasures in it were burned by Su Yu, leaving nothing of the Central Prefecture’s King in this world. Everything was erased, in case he was ever resurrected.

If Su Yu had known that, in the heavens and earth, no one except for Su Yu himself had the ability to resurrect another soul, even the gods. Then, he would not have been so careful.

The law enforcement official who was close at hand was taken completely by surprise. He had never imagined that anyone would dare to kill the Central Prefecture’s King in front of him!

By the time he finally reacted, Su Yu had already destroyed the Central Prefecture’s King, leaving nothing behind, not even a trace of his soul!

“You’re looking for death!!!” the law enforcer roared in fury. He screamed from the very core of his soul. “Kneel down before me!”

He was utterly furious. This task had been personally ordered by the master in his clan, but he had failed in his mission. How severely would he be punished when he returned?

He shuddered just thinking about how his master would treat him if he didn’t apprehend Su Yu and return with him.

“Go away!” It was Su Yu who answered him.

What!

Even in the heyday of law enforcement, he was no match for a Mortal Fairy, let alone a mere soul?

Law enforcers relied on their status to scare people across the cavern world.

However, in the world of Jiuzhou, the gods had been gone for almost an eternity. No one had taught the creatures residing in Jiuzhou how the outside world operated. The law enforcers and the Great Eastern Alliance were completely unknown here.

Under such circumstances, a second-tier dust fairy acting all big and boastful in front of a Spire Mortal Fairies was simply courting death!

“Do you dare hurt me?” The law enforcer was furious.

Su Yu stared at him coldly. “I don’t care where you come from and who you are, but this demon is trying to sell Jiuzhou and killing him is my duty! You didn’t assist me to bring him down, but instead made me your enemy the moment you arrived. Now that I have killed him, you have the intention of killing me!”

“So, what I want to know now is this – are you a law enforcer or a demon!” Su Yu walked towards the law enforcer.

The law enforcer was angry. Except for the gods, who else dared to not fear the law enforcer?

“As a law enforcer, I have supreme privileges. What are your qualifications to question me?” The law enforcer stood up. Coldly, he said, “I’ll teach you first. What is a law enforcer? Such savage ignorance...”

Snap!

As soon as his voice dropped, Su Yu’s figure moved like the wind, and his hand landed on the law enforcer’s face. He tumbled onto the ground.

“Well, this is the law enforcer, ignorant and fearless!” Su Yu stepped on his chest, leaving him unable to move. “Tell me,” Su Yu asked, “what is your relationship with the Central Prefecture’s King? I don’t believe it that you came here so coincidentally, The timing is too perfect. You did not appear early or late, but when he was about to be killed, saying you had to return with him!”

The law enforcer was furious. He wanted to teach this boy the concept of the law enforcer, but he had come under attack instead.

His eyes were almost congested with anger. Biting his teeth hard, he uttered. “I will never ...”

Stomp!

This time, Su Yu stepped on his face with one foot and pushed half of his face into the ground.

“You haven’t figured out the situation. You think I won’t kill you?” Su Yu said lightly.

His words finally caused the law enforcer to tremble. He vaguely remembered, though that it seemed to be many years ago, the fact that a law enforcer had been executed in a deserted world, killed by ignorant savages.

Suddenly, the law enforcement officer burst into a cold sweat.

He was accustomed to the prestige given by the people around him. Now that he had awakened from that fairytale and had gone back to reality, he had a feeling of uneasiness in his heart.

However, asking him to surrender to a savage was simply too ridiculous.

“Hmm, you just wait! I will never let you go!” The law enforcement officer replied coldly and retrieved a fiery red jade pendant from around his waist.

The jade broke apart suddenly, and a gushing force of space teleportation emerged, wrapping around the law enforcer’s body.

His plan was to get the news back to the family as soon as possible to let his master know.

As for how to deal with the savage in front of him, he thought of his master and a pleasurable feeling enveloped him. If Su Yu fell into his master’s hands, he would wish he had never been born!

However, Su Yu sneered at him. "It seems that you are thinking about other things, but do you really think you can escape?"

A pair of eyes in which ripples were diffusing met the eyes of the law enforcer.

Suddenly, the law enforcer was drawn into the soul space before the space teleport could take place.

Just then, the God Kylin, Mo Tianxuan and others also rushed to the final battlefield.

As far as they could see, there was no trace of the Central Prefecture's King.

"He's dead?" the Kylin tried to ask.

Su Yu nodded. "Yes, he's dead."

Although everyone knew the result, they could not help but get excited, and at the same time, they were deeply tired.

Dormant for a hundred years, they had finally completed their great cause: killing the Central Prefecture's King.

They had worked so hard, day and night, and they had finally succeeded.

Moreover, Su Yu had been extremely ruthless, uprooting the party members of Central Prefecture's King one by one, clearing the filth altogether, and bringing peace to Jiuzhou.

However, only Su Yu knew that Jiuzhou would not be at peace just yet.

The threat facing the people of Jiuzhou was far more than the Central Prefecture's King alone.

"Seniors, you all have a rest." Su Yu looked at the crowd. Those who were seriously injured and had lost their bodies had not yet had time to recuperate.

The God Kylin pursed his lips and said, "Yes, go for it! You all have worked hard for a hundred years."

The Ghost Prison's Great Emperor paused for a while but finally stopped talking and repaired his flesh on the spot.

He also supported Mo Tianxuan, who was seriously injured, to repair her body and helped her to heal.

"Brother Su Yu, I'll wait for you," Qin Xian'er said to him. She looked at Su Yu with two bright eyes, her heart filled with sweetness and pride.

Waiting for the others to leave, Su Yu said, "You have something to tell me?"

The God Kylin changed his attitude and said, "Yes, there is an important thing to discuss with you."

"Tell me," Su Yu said, looking at his body. The realm of the dust fairy peak was showing signs of decline.

"We can't keep Jiuzhou any longer," the God Kylin said matter of factly, stunning Su Yu.

Chapter 1120: The All Access Boat Ticket

However, Su Yu's surprise quickly faded as he recalled his encounter with the law enforcement officer.

"Since you know you can't keep it, why did you work hard for hundreds of years just to kill the Central Prefecture's King?" Su Yu asked. For the God Kylin to say what she said, she must have planned for this.

The God Kylin sighed. "One of the criteria for whether the Cavern world is valuable is prosperity. For the gods, a prosperous Cavern world is equal to a rich source of Great Path Divine Origin. Refining the entire Cavern world can be the entire source of the Great Path Divine Origin."

Su Yu already knew that the so-called Cavern world, including living beings, vegetation, and even mountains and rivers, were the creations of the gods who had made the world and had converted it from the Great Path Divine Origin. If the entire Cavern world was refined, theoretically, you could get back the Great Path Divine Origin that the gods had once had.

The more prosperous the Cavern world was, the more abundant the source of Great Path Divine Origin, so the more valuable it was.

"Since I died ten thousand years ago, I have been subconsciously transferring the source of Jiuzhou's Great Path Divine Origin to the other ninety-nine small cavern worlds I opened in my lifetime," the God Kylin said.

Su Yu's heart skipped a beat, and he took out the Martial Art Tower in his arms and cried out with laughter. "It turns out that I have been running around the entire world with a hundred Cavern worlds."

He remembered that the 100th-level Martial Art Tower was a small Cavern world that was equivalent to the real dragon continent.

So, except for the first floor, the remaining 98 floors should be the same.

"Yes, that's correct. This is the transfer to the world of the Martial Art Tower." The God Kylin blinked a little. She couldn't seem to hide anything from Su Yu. She wanted to say something, but she was accustomed to Su Yu's ability to guess what she wanted to say and continued, "It's just that the transfer is very gentle and slow."

Su Yu thought for a while and suddenly remembered that the God Kylin had said that it was for their own good when she killed the geniuses in the Mysterious Heavenly Divine Pavilion. The Glittering Jewel Mortal Fairy had also confirmed this.

"In the Mysterious Heavenly Divine Pavilion, the testers who were killed were actually transferred to the world of the Martial Art Tower, weren't they?" Su Yu asked, smiling bitterly.

The God Kylin was a little bit angry. "You can guess everything. Can I retain some sense of superiority?"

After a pause, the God Kylin rolled her eyes and said, "Yes, all those who died in the Mysterious Heavenly Divine Pavilion were transferred to the Martial Art Tower. The humans you see on the

100th floor are the earliest testers from Jiuzhou. Their descendants, who have multiplied, live in that world. ”

“It’s just that this method is too slow. I can only transfer the most outstanding 9,000 testers from the mainland every one hundred years at most! However, if you are in a hurry, you can transfer all the souls, all the mountains and rivers, but it will definitely trigger the actions of outsiders. The Central Prefecture’s King was one of them! When he realized that Jiuzhou’s vitality was weakening, he speculated that it was because of what I was doing. Thus, he came to Jiuzhou eagerly and tried to sell Jiuzhou as soon as possible. ”

The God Kylin sighed deeply. “I can feel that since the time that I fell grew longer and longer ago, the friendship of the old friends of the past fades away, and more and more people are beginning to covet Jiuzhou. There will be another Central Prefecture’s King here, and one day we will not be able to hold it back anymore. Thus, I want to catch all the future coveters by surprise and evacuate the entire mainland of Jiuzhou! ”

“Therefore, the plan was to destroy the pr*ck called the Central Prefecture’s King, so that it was easier to move forward?” Su Yu followed her words, understanding why the God Kylin had stayed dormant for a hundred years.

The God Kylin said, “Yes! If he had been here, the sudden action we were taking would definitely have caused him to react, and the news of what we were doing would have leaked. With the situation so precarious, many would take advantage of the situation and flock here. You and I wouldn’t be able to stop it at all.”

“Now, that the Central Prefecture’s King is annihilated and the news of his death has not yet spread to the entire Cavern world, we can immediately move the entire Jiuzhou continent. Then, you take the Martial Arts Tower and let those who covet get an empty shell.” The God Kylin explained her plan.

Su Yu was startled. “Will the world of the Martial Arts Tower be allocated something when the entire continent is relocated?”

“It’s no problem at all. The 100th floor is just the smallest world; it gets bigger as it goes down! Also, I plan to open up the 99th floor and form a larger world beyond the Jiuzhou Caverns that is enough to accommodate all the souls of Jiuzhou,” the God Kylin said.

This suggestion, of course, got Su Yu’s agreement. He and the Zhenlong God had already taken root in Jiuzhou. How could they tolerate being absorbed by another god and becoming a god’s source for the Great Path Divine Origin?

“However, there are two problems.” The God Kylin frowned.

“First, the Martial Arts Tower and Jiuzhou were from my hand. If you want to transfer anything, only the souls derived from my god source can enter the Martial Arts Tower.

If they are not from my source, they will be excluded by the Martial Arts Tower. As far as I know, there are currently four forces in Jiuzhou which cannot be accommodated by the tower.”

Su Su’s heart skipped a beat and he immediately knew which three forces were.

The ancient Tung Tree tribes in the deserted ancient evil forests were one, for they are extraterrestrial forces.

The Dongfang family was the bloodline of the Glittering Jewel Demonic God and was a descendant of the demon tribe, so it was not a divine source.

The third must be the Duanxian Cliffmaster. The rumored tenth state king had gone against the Central Prefecture’s King in person. Only when that was done did Su Yu know that the Duanxian Cliffmaster was able to fight with the Central Prefecture’s King for five days. How terribly strong he must be!! His strength must be close to approaching that of the Spire Mortal Fairies!

As for the last force, it must be the ghost tribe that came to help. Yun Yazhi once said that there were eleven dust gods in Jiuzhou mainland. This eleventh one must be the Ghost Prison’s Great Emperor.

“The four forces cannot enter the world of the Martial Arts Tower, so they can only escape with you,” the God Kylin said.

Follow me? Su Yu remembered the agreement he had with the Duanxian Cliffmaster: if he got a boat ticket, he must definitely shelter them.

Isn’t everything therefore related to boat tickets?

“When the Jiuzhou Cavern world was created, in order to prevent invasion by foreign forces, the entrance of the Jiuzhou Cavern world was blocked, and the Star River was introduced to block the entrance. There is a beast in the Star River. No one can cross the Star River unless he is a god,” the God Kylin said. Su Yu subconsciously thought of the extremely western place, which was called the Jiuzhou restricted area, and there were many strange and weird things there. A terribly scary snake resided there, Perhaps that was the entrance to the Jiuzhou Cavern world?

“People on the outside want to enter the Cavern World. Only their souls can cross the borders. This is to save Jiuzhou from many unnecessary hidden dangers. Otherwise, when I died in that year, there would have already been countless invaders wanting to plunder the lands,” the God Kylin explained further.

Su Yu was stunned. It is no wonder that the law enforcement officer he had caught was only in a soul state. It had to do with the status of Jiuzhou.

However, the Glittering Jewel Mortal Fairy and the people of the Central Prefecture’s King could reach Jiuzhou in their physical form. This meant that they were definitely some type of God!

“However, this makes it difficult for outsiders to enter Jiuzhou and makes it almost impossible for the people of Jiuzhou to leave the Cavern world too,” the God Kylin said.

That was a problem. Those remaining on Jiuzhou would be relocated to the world of the Martial Arts Tower along with the entire continent.

The entire Cavern world would leave Su Yu, who would escape with the Martial Arts Tower, behind.

However, how could Su Yu escape from the wild beast in the extreme west?

“Fortunately, I made some arrangements back then and I left behind a ticket.” The God Kylin laughed a little, opened its mouth and spat out a picture made of strange materials.

Su Yu took a look at it and saw the words “All Access” printed on the scroll. The handwriting was quaint and exuded a special force, like the blood of a God but different at the same time. It was an odd piece of parchment indeed.

“This is a pigment blended with magic blood and special materials. It is immortal and has a unique force that cannot be imitated. The words “All Access” is the callsign of the Merchant God. After becoming a god, business spread all over the world. The merchant ships in the galaxy are also part of the business of the Merchant God. As long as you hold this All Access Boat Ticket, you can board the ship. ”

“The All-Access Boat passes through Jiuzhou Cavern world once a month. There are seven days left until this happens. As long as you hold your All Access Boat ticket, you can board and leave Jiuzhou.”

Su Yu said, “A ship traveling on the Star River? Can it withstand the attacks of wild animals?”

The God Kylin smiled. “Why is that so difficult? This ship that travels the galaxy is made out of the bones of the demon god. In addition, the array of human races protects it, so even if it is a god-level beast, it may not dare to approach it!”

A ship made of god bones? Su Yu couldn’t help but exhale a cold breath.

Perhaps this was the only kind of ship he could board to leave the place.

“One boat ticket allows only one person, but if you have a way to accommodate them, the Captain of the All Access Boat will ignore it.” The God Kylin smiled at the green mark on Su Yu’s arm.

As a god, how can she fail to see this? This so-called storage space was actually a small Cavern world.

It might not be enough to accommodate tens of thousands of souls, but it was more than enough to accommodate thousands.

“Take care of these four forces well. I believe they will bring you a lot of benefits in the future.” The God Kylin laughed. Once the mainland was relocated, they could not enter the world of the Martial Arts Tower and they will always be trapped in this world. If Su Yu was willing to take them away with him, did he still need to worry that they will not give him any benefit?

“I will keep hold of the ticket for now, for I only have one, but I will give it to you in the end! Well, there are still seven days left, so I will prepare and move the entire continent into the world of the Martial Arts Tower through the layout left before,” the God Kylin shouted and flew away.

Seeing the God Kylin put away the ticket, a strange look appeared in Su Yu’s eyes. “Why does this ticket feel a little familiar?”

“Brother Su Yu, you look very happy.” Qin Xian’er ran over, grinning and thinking about what could possibly be on Su Yu’s mind.

Su Yu touched her head. “Well, we’re moving to a new house, so of course I’m happy.”

Migrating across the continent, heading to a brand new world. It was such a mighty project that one would get excited thinking about it. How could he not be happy?

Qin Xian’er froze. Moving to a new house?

“Xian’er, what about Jingyu? Why won’t you meet her?” Su Yu’s crisis was lifted, and he had no further worries, so he finally asked about Xia Jingyu.

He thought that Xian’er would be unhappy, but Xian’er was indifferent to this, saying, “Sister Jingyu left half a year ago after setting up the formation.”

Left? Where had she gone? Su Yu had traveled across the entire mainland of Jiuzhou, and with the sensory ability of the Spire Mortal Fairies, he could not be unaware of her presence unless Xia Jingyu had been hiding all the time.

There was only one possible place that he had not searched: the extreme West!

Had Xia Jingyu gone there?
