Chapter 1131: Abduction of the Diety

Pedestrians passing by are used to the strangeness of the rest around them and live in harmony with one another.

Su Yu was amazed. In the end. In the hundred gods alliance, not just the human race, but the communion of the various races are here.

Because of the hundred gods, most of the gods are not of the human races, but alien races, and it is common sense that many alien races are created.

Like God Kylin, instead of creating unicorns, she created human races, but she is the rare few that did so.

When Su Yu was walking in downtown, he suddenly felt a vague atmosphere behind him, and he could not help but slightly tickle: "Sure enough; you are here!"

Call ——

Su Yu flickered, disappeared in the nearest alley, leaving a lingering atmosphere in the air.

The person who chased after him looked at him for a moment and immediately crushed her jade and closely followed him.

This chase, from the start, had been about two full months.

She didn't catch up immediately but chose to follow secretly. Wherever Su Yu went, he followed closely, crushing a piece of jade everywhere he went.

In this way, he followed Su Yu across the entire Cavern World and came to the World of Water God deeper inside the alliance.

The World of Water God consists of more than ninety-nine percent of underwater worlds, and all living beings live in water.

The water here is very special. Even if other creatures enter the water, they can breathe freely, walk, and practice as if they were on land. Except for a little discomfort that they may feel, which is not a big deal, everything else is the same.

Su Yu is full of curiosity as he walked around in the World of Water God, and strange mermaids can be seen everywhere. There are males and females, old and thin, beautiful and ugly. Of course, there are many human races.

"There is nothing strange in such a big world!" Leaving the World of Water God, Su Yu could not help but sigh as he walked outside.

"Do you think that although the world is big, it is no coincidence that we meet, you Jiuzhou savage?" A cold voice came coldly.

Crack ——

An empty space cracked open, and as the seawater poured in with a delicate figure emerging from it.

Immediately afterward, successive space cracks appeared around Su Yu, and there were no less than hundreds of dust fairies strongmen surrounding him.

Hundreds of dust fairies came, but the shriveled old man was missing.

“Coincidental? You sent someone to follow me for so long, and then pretend for it to be a chance encounter here? The mischief of Miss Crane Diety; I will have to give it to you. I am a mere countryman and this is a game only a city dweller like you will play.” Su Yu smiled lightly.

The Crane Diety didn’t mind it, and smiled coldly: “I admire you very much, but can I still laugh now? Do you think that I will only arrest you and not kill for the sake of the Martial Arts Tower?”

She didn’t mean to negotiate with Su Yu.

“The situation has changed, I would rather kill you than have the Martial Arts Tower!” Crane Diety said coldly, “Kill him!”

With a single order, hundreds of powerful men in the dust fairy realm, surrounded by three layers inside and three layers outside, surrounded Su Yu like a tide of flood.

First, they remove the obstacle and then look for Martial Arts Tower, Crane Diety knows exactly what she should do.

“A surround siege?” Su Yu looked around and said.

Crane Diety sneered. “In times of life and death, where is the need to speak of fairness? Real savage, so ignorant and outdated.”

“No, I mean, isn’t it more interesting for everyone who besieged to actually be besieged themselves?” Su Yu smiled slightly. His smile was ever more brilliant.

Crane Diety frowned, and it seemed that Su Yu had expected from the beginning that she would follow the goods and eventually find him. Even more so, he expected that she would choose to ambush him.

“You don’t have to pretend; is your tower hidden somewhere nearby? Otherwise, the Cavern world in my body will not be sensing it and giving off reaction!” Crane Diety shouted, seeming to see through Su Yu’s scheme.

She decided that Martial Arts Tower was not beside Su Yu, so she chose to ambush.

Otherwise, had Su Yu releases the souls of the Martial Arts Tower world, and even though one hundred dust fairies should not be afraid of a declining Cavern World creature, it is very easy for Su Yu to escape if the situation becomes chaotic.

It is true that Martial Arts Tower was indeed hidden by Su Yu, but it was hidden in the Nine Jade Spiritual Pearl.

In addition, he also does not plan to let the souls of the Martial Arts Tower World die for Su Yu in vain.

“Who told you that I only have one Cavern World?” Su Yu said lightly. The green light on his right arm flashed, and several figures appeared in turn.

Mo Tianxuan, Jian Wusheng, Ghost Prison’s Great Emperor, and ... Duanxian Cliffmaster!

Each of them is the top dust fairy in Jiuzhou, especially the Duanxian Cliffmaster. He has the ultimate cultivation of the four. Even the descendants of the demon god like the Central Prefecture’s King, he can fight with him for five days and five nights alone. Their combat power is incredible.

The four of them, when joined forces to fight against a hundred dust fairies, was nothing but a tiger entering the lair of wolves.

To ask, how many sheeps can hold back a tiger?

“The rest, I will leave it to the four of you, I will deal with that woman.” Su Yu said and he stepped forward and took the first move.

Crane Diety was surprised. How could there be so many masters in the declining mainland of Jiuzhou? In particular, the Duanxuan Cliff master gave her a sense of extreme depression, which seemed to be stronger than that of the poisonous dragon.

The mainland of Jiuzhou is indeed declining, and the dust fairy born is mostly unsatisfactory, and its strength is mediocre.

However, the four of them are not the dust fairy born in Jiuzhou!

The Demon Mo Tianxuan had already explained the current situation to them whilst in the Nine Jade Spiritual Pearl. They learned that God Kylin was arrested, and they were willing to contribute to try to save her.

However, when Crane Diety found that Su Yu was alone and by himself, she looked slightly relieved. If it was for him instead, he would use the blood of the gods to kill her. That would have sufficed.

The purpose of her trip is just for Su Yu. If there is no proof of his death, Jing Bai’s death cannot be said to be avenged.

Su Yu didn’t know his place and took the initiative to find her instead. This made the Crane Diety happy beyond words. It saved her the trouble to find him instead.

“The courage is commendable, but also foolish!” Crane Diety sneered, and a white crane ghost image appeared behind her. This figure flashed with white light and shadow and immediately flew towards Su Yu.

Everything happened between a great number of sparks. Amongst the four individuals release from the Cavern World, it was only the Duanxuan Cliffmaster that would clearly make out the path that the Crane Diety was taking.

The Crane Diety had a strong intention to kill, so she must aiming for Su Yu’s body, ready to shred it into pieces.

However, she suddenly found out that Su Yu was staring at her and laughing. The Crane Diety’s heart was a little stunned, and her heartbeat seemed to miss half a beat.

Can he keep up with me? Crane Diety's mind flashed with such a thought that she didn't want to believe.

It wasn't until Su Yu surging the light of the nine veins and the nine beams of light concentrate as one, emerging from his chest, that Crane Diety all but annihilated her thought on having luck. The other party's speed increased, not only in his thinking but even in his action. His speed was so fast that it even manages to catch up to her own!

Zoom ——

In a critical moment, Crane Diety spreads her wings, as if mimicking a shadow puppet, and started swirling around at an incredible angle, passing through the nine beams of light.

Although leaving a handful of red and half yellow blood and large white feathers behind, she did not hurt herself at all.

Gradually, Su Yu's accelerated state of time disappeared, and he took advantage of the opportunity of her feeling optimistic to slowly slip away.

Crane Diety looked at him with a stunning glance, and watched Su Yu's whole body fluctuating in time, knowing in her heart what is going on, and said coldly: "Unexpectedly, you still have the piece of time accelerator on you! There are no more than four pieces in this world that can do this. To think that you, a savage from Jiuzhou, hold one, is really uncomfortable. "

Zoom ——

As the words left her lips, Crane Diety shot suddenly, and once again turned into a white shadow and passed by Su Yu.

She is attacking to determine if Su Yu still has such a charm.

Now it seems, he does not!

Glancing at him with murderous eyes: "Your end is here!"

Brush ——

A white shadow rushed to Su Yu immediately and did not leave Su Yu any time for further consideration at all of what to do.

However, her strike failed.

The place supposedly struck by the palm of her hand is an afterimage.

She was just shocked, and suddenly there was a warning sign behind her. Thinking about it, Crane Diety once again used the figure's agility to flip over to avoid this blow. At the same time, she looked back and found an unbelievable scene!

She saw that behind Su Yu, there was actually a white crane, exactly the same as the crane of the blood of her descendants!

It was not even passingly alike, even the breath emitted is exactly the same!

Suddenly, Crane Diety thought whether she had a son who inherited the same bloodline as her.

But soon, she noticed that Su Yu's eyes twinkled with a fascinating light, like a spar for recording images, and was burning in all directions.

“You, did you imitate the ability of my blood of the divine origin?” Crane Diety took in a long breath!

Imitating the pupil technique, Crane Diety is no stranger to this. The Great Eastern Alliance is so vast that there are always such strange things.

However, the power of the blood of the descendants of the gods comes from the blood, so how can it be imitated?

Yet, Su Yu is able to do just this!

Brush ——

Su Yu also turned into a white light and rushed to Crane Diety in an instant, and the body instantly opened up.

Crane Diety’s face changed drastically. Her proud speed was imitated. Where is there a slight advantage for her to emerge victorious now?

In horror, she turned around, but she could not get rid of Su Yu at all. Alas, she could only grit her teeth and turned to exert the power of the wave dust fairy to dissolve the nine beams of light.

Alas, the nine beams of light combined, and penetrated directly into the waves, and penetrated the body of Crane Diety.

With a scream, Crane Diety was frightened in her heart. She opened avoid with her backhand and fled into it.

However, before she could step in, there is a white shadow in front of her.

“Nine Dragons Devil Subduing Art!” With a cold voice, Crane Diety was hit head-on by a lightning-fast nine-headed dragon.

How can the injured Crane Diety resist such an attack?

The ground trembled fiercely. Each of the nine heads of dragons bite on a part of the Crane Diety and slammed her to the ground.

The strength of the bite of the demon dragon’s mouth bites directly through Crane Diety’s body, and together with the fierce impact on the ground, the strong impact crushes the body of Crane Diety.

Whoosh ——

A soul body suddenly flew out of Crane Diety’s body, trying to escape.

But just before it can leave, the nine-headed dragon showed a disdainful look, and the giant tail swept across, directly sweeping Crane Diety’s soul to the ground, and her soul uttered a heartbreaking moan.

Su Yu flew over and stared indifferently at her.

Crane Diety was full of resentment and calmness: “You dare not kill me!”

Killing her, would the Crane God let him go? An alien from a run-down Cavern World, which deity will actually stand up for him against the Crane God and Crane Diety?

Once he kills her, the entire Great Eastern Alliance will have no place for Su Yu.

Su Yu said lightly. "Kill you? That's not my plan."

After all the words, Su Yu took the black ink-like chain from the Nine Jade Spiritual Pearl and entangled her soul. This is the chain used against the Central Prefecture's King. It contains extremely evil spirits, and it is best to restrain the soul of the Crane Deity.

Chapter 1132: The Kidnapper-Robber

She had the soul of a deity's descendant after all. One reckless move, and she could have escaped.

"You're planning to trade me for the God Kylin?" The realization of Su Yu's intention struck He Xianran suddenly.

He had never thought of running away all this time, he was only pretending to be running for his life, when in fact, he was laying a trap to capture her alive as an exchange for the God Kylin.

As she stared at Su Yu's profound eyes, He Xianran suddenly got the feeling that the Jiuzhou savage whom she had to deal with, had the calmness and wisdom that surpassed that of ordinary people.

The moment she was caught, the rest of the 200 Mortal Fairies started to fear, and they stopped.

Su Yu did not bother to shun, he suppressed her soul into the Soul Dimension right before their eyes, and said, "Go back and find someone who can negotiate, about the exchange for God Kylin... Erm, I suggest you to find someone who values her."

Despite the bitter looks on their faces, the 200 Mortal Fairies understood what Su Yu's last sentence meant.

The Crane Deity had several heirs, if the favored heir He Xianran was dead, the other heirs would gain an opportunity.

Thus, if they were the ones that came to negotiate for the exchange of God Kylin, it would bring harm to He Xianran instead.

"How do we get in touch with you?" A Mortal Fairy asked.

Su Yu hurled forth a messenger jade pendant, and said, "This jade pendant can only receive but not deliver messages, thus I'll be the only one giving you information."

"As for where to meet, when to trade, and how many people you could bring, it all depends on my wish, unless you do not want to see He Xianran alive!"

"Besides, if any mishaps happen to God Kylin, He Xianran has to pay double the price. So, don't even think of finding my weaknesses or mistakes by means of soul-searching or something!"

A few Mortal Fairies with meticulous minds could not help but inhale a cold sharp breath. This totally dauntless kidnapper really is...he really is exceptionally calm.

If they were to rescue He Xianran unscathed, not only should they not abuse God Kylin the slightest bit, they even had to reinforce the defence to make sure that God Kylin wasn't secretly harmed by those heirs of the Crane Deity that harbored malicious intentions.

The 200 Mortal Fairies were on tenterhooks, as they hurried back immediately.

Once the crowd was dispersed, the Severed Fairy Cliff Master stared at Su Yu and said, "This is a deal that will make you suffer great loss by doing that."

Even if God Kylin was saved, abducting a deity's descendant in this territory governed by the hundred Gods was an act that had challenged the baseline of the deities in a certain sense, and was an absolute taboo.

Putting aside how the Crane Deity would take his revenge, the rest of the deities wouldn't really accept Su Yu anymore.

He would lose his dwelling before he could even gain a foothold in the Great Eastern Alliance.

Without a doubt, this was a trade that would make him lose his hard-earned capital.

Su Yu laughed and said, "Some things can't be weighed with gains and losses, without God Kylin, will I even exist now as someone from the Jiuzhou cavern world?"

The Severed Fairy Cliff Master cast a deep gaze on Su Yu, and flashed a small smile after a long while. "You're not a qualified businessman, but you're certainly a qualified man with responsibility, very great!"

"Wuxie had a great insight, once you have your own children in the future, I will not interfere, you can be in charge of teaching them. If I have any great-great-grandchildren, I'll send them to be taught by you as well, and if I have any..."

"Erm... Cliff Master, have you taken your medicines today?"

"..."

After packing up, all of them left, cleaning up the scents they left behind along the way, until they arrived at a inconspicuous range of mountains.

"Abducting a deity's descendant is a huge matter after all, you have to be fully prepared," the Severed Fairy Cliff Master said. Gongsun Wuxie was standing beside him, her mouth pouting in anger. Her body was sealed, she could listen and see but not talk and move.

At the moment, she was glaring angrily at her father, who did not let her speak and budge. She then glared Su Yu who did not help her, and lastly at Qin Xian-er, who was smiling and snuggling beside Su Yu.

The sweet and shy look on her face made Gongsun Wuxie so anxious that she kept stamping her feet, and her lungs were at the brink of exploding in fury. But her father intended to keep her sealed.

The Severed Fairy Cliff Master laughed bitterly. If he didn't keep her sealed, once this belligerent little devil found out about Qin Xian-er's existence, she would probably turn the world upside down.

On the other hand, if he did not keep her sealed, he was afraid that she would not agree to leave Su Yu.

"I have my plans, thank you so much for your help, senior." Su Yu paid his respect with cupped fists.

The Severed Fairy Cliff Master wasn't a creature of Jiuzhou, he did not have the obligation to venture everywhere with Su Yu for God Kylin.

Su Yu had taken the initiative to suggest the father and daughter to leave.

"Haih..." The Severed Fairy Cliff Master looked remorseful. "I still have wishes in this life that I shall fulfill, otherwise, why would I mind being your partner in crime?"

Su Yu replied with some sorrow, "Don't be sorry, Cliff Master. I already have a comprehensive plan that doesn't necessarily require martial power. Just go ahead and do what you want to, Cliff Master."

Su Yu could not help but recall the profound hatred that flickered across his eyes, when they were on the Severed Fairy Cliff Master the other day.

He just wasn't sure if his hatred was meant for the Great Eastern Alliance.

"How regretful," the Severed Fairy Cliff Master sighed, as he stepped into the Void along with Gongsun Wuxie, and said, "If there is a chance, I hope we could meet up."

"Certainly."

After seeing off the Central Prefecture's King, the look on Su Yu's face grew somber all of a sudden.

He spoke lightly of it, but abducting a deity's descendant was no minor matter. The final situation into which things would develop wasn't something that Su Yu could handle.

"What plans do you have?" Mo Tianxuan asked. Things had turned out this way, and they had not means of retreat.

Su Yu cast a look at Mo Tianxuan. Su Yu had also persuaded her to leave, but she insisted on rescuing God Kylin first.

"Yes! Here's something that I hope you could do, which is very dangerous in nature, even I can't predict the outcome." Su Yu retrieved a letter, along with a jade pendant.

Mo Tianxuan said, "Dangerous? Tell me about it."

"I want you to deliver the letter and the messenger jade pendant to..." Su Yu disclosed through telepathy.

Upon hearing him, Mo Tianxuan was stunned. "Are you sure about sending them to him? The risk is way too tremendous!"

"Since we abducted the deity's descendant, the risk has gone out of our control. If that's the case, why not wreak a bigger havoc, and gain a chance of survival from it?"

Mo Tianxuan pondered for a moment, and nodded slowly. "Fine, leave this to me!"

Creak!

She tore through the Void right away, and left just like that.

“Haha, traveling with you is full of surprises indeed. You haven’t been back to the Great Eastern Alliance for long, yet you’re doing such a big thing.” As the third son of the Ghost God, the Great Emperor of Ghost Prison understood the meaning behind abducting a deity’s descendant more than anyone.

That was a major thing that would absolutely alarm the entire divine region, unprecedented since time immemorial!

But that was what made it fascinating!

“I have a task for you, and you’re the only suitable candidate for it,” Su Yu said, and took out a Heavenly Orchid Silver Bamboo aged a thousand years from the Nine Jade Spiritual Pearl.

“The greatest divine bamboo of Jiuzhou, even in the divine region, it is a treasure that isn’t commonly seen, better still it has been cultivated for a thousand years, hence having extravagant price.”

“With my ordinary status, selling this bamboo rashly will bring me endless trouble. Therefore, you need to use the identity of the Ghost God’s descendant to sell it.”

After more than half a year, this Heavenly Orchid Silver Bamboo had reached a maturity of a thousand years.

“You need funding?” The Great Emperor of Ghost Prison queried in surprise. Su Yu couldn’t even secure his footing now, and still he was thinking of making money?

“Yes, I need lots and lots of money. This Heavenly Orchid Silver Bamboo is merely for testing, I will continuously put universal spiritual items of great vintages for sale.”

The Great Emperor of Ghost Prison contemplated for a while, but did not hesitate for long. Even though his father would acknowledge it once he displayed the identity of the Ghost God’s descendant, but what about it?

He might as well take on a great adventure with Su Yu, since he wasn’t really valued by his father.

Having the Ghost God’s descendant auctioning valuable items would truly save loads of troubles. Su Yu had had it figured out very thoughtfully.

He passed a messenger jade pendant to the Great Emperor of Ghost Prison. After sending him off, Su Yu said to Jian Wusheng, “Here’s a task, that needs to be assigned to you.”

Jian Wusheng nodded. She had respected God Kylin all along, and had no reason to refuse helping him.

Su Yu passed the message through telepathy, secretly. After listening to it, Jian Wusheng’s eyes gleamed. There was a praising look on her gentle face as she said, “There’s give and take in your strategy, that was a thorough consideration. Leave this matter to me.”

Jian Wusheng turned and left. After two steps, she stopped and turned back, casting a profound look at Su Yu. “I have a question, and a matter to tell you.”

“My question is, amidst the debris of the Red Blood Palace, were you the one who became a deity?”

Su Yu thought for a moment, and shook his head. “Nope.”

It wasn't that he did not trust Jian Wusheng, but Su Yu couldn't tell outsiders about aiding a deity-to-be. The more they knew, the greater the possibility of being exposed.

Once exposed, it would be a calamity to the people around Su Yu. Countless influences, and even deities, would capture the ones close to Su Yu. They would be interrogated about Su Yu's whereabouts with cruel punishments, threatened and bribed.

So he might as well not tell anyone.

Jian Wusheng looked slightly disappointed. She went on and said, “What I want to tell you is that, my daughter has also come to the Great Eastern Alliance, I can feel that she has come for you.”

Su Yu did not speak, he quietly waited for her to finish her words.

After a long hesitation, Jian Wusheng said with complicated emotions, “If possible, please do not harm her.”

Was it Bing Wuxin, or Bing Wuqing? Or both of them?

“I understand,” Su Yu replied. He had never hurt Bing Wuqing before, because any harm inflicted upon her would reflect on Bing Wuxin.

Watching Jian Wusheng leave, Qin Xian-er tilted her head in curiosity. “What does Brother Su Yu want me to do? Could you have called me out to purposely provoke that little girl?”

As she recalled the way Gongsun Wuxie's face was flushed red yet unable to move and speak, Qin Xian-er could not help but chuckle.

“Erm...little girl? She is older than you though.” Su Yu took a glance at Qin Xian-er's petite figure, which wasn't any bigger than Gongsun Wuxie in fact, and laughed inwardly. He didn't know from where Qin Xian-er got the confidence to call her a little girl.

“I didn't call you out to do anything, just accompany me to go sight-see the amazing mountains and rivers of the divine region,” Su Yu said.

Qin Xian-er was a little stunned. At such a critical point of time, Su Yu was planning to go on an excursion with her?

After making sure that Su Yu wasn't kidding, Qin Xian-er felt delighted despite her worries. She held Su Yu's arm with her hand, and began the excursion with her face beaming.

Su Yu was sightseeing and having fun for real. Two full months had passed, and they had traveled nearly half of the divine region.

They hadn't missed out any famous cities and tourist spots.

Inside a silent training room in the All Access Chamber of Commerce, Yang Tai listened quietly to the reporting of a Peak Mortal Fairy elder.

“How did the various parties respond?” Yang Tai flipped through a book of secret cultivation techniques, and asked randomly.

The elder said, “The civil society is abuzz with news about the abduction of a deity’s descendant, it is the first time in the eternity.”

Chapter 1133: Secret Liaison

“The law enforcers are having a grand-scale redeployment, searching for this person with all their might.”

“Among the Senluo Law Enforcers that rank from sixtieth onward, ten have joined the investigation.”

Yang Tai listened quietly, and asked, “What about the Crane Deity’s family?”

“No news of activity so far, they’re quietly awaiting the kidnapper’s message.”

“What about the Crane Deity himself?”

“No action taken as well.”

Yang Tai shifted his gaze from the secret book, and remarked placidly, “Silence is a soundless power, the Crane Deity’s family is enraged.”

“Alright, what about that brat? Has his hiding spot been discovered?”

“Erm...He’s, he’s on an excursion.”

Yang Tai’s eyes glinted with surprise. “Are you sure?”

“Yes, that man is traveling the divine region with his wife. But every time he shows up, he leaves in a short while. The law enforcers have missed their target time and time again, because he has no destination at all, that’s totally a deliberate act.”

Hearing that Su Yu did not bother to keep a low profile, but had been traveling the world instead, Yang Tai was disappointed.

“He has committed such a great act of abducting a deity’s descendant upon disembarking, I thought there’s something special about him, and it turns out that he’s just a brave man without strategies. It’s such a waste of my time to have paid him attention.”

The elder pitied Su Yu secretly. According to the merchant ships that returned, this man had encountered the young master midway, and had gained his favor, who ordered him to be taken care of once they came ashore.

However, before the All Access Chamber of Commerce could take care of him, he had committed such a ground-shaking act——abducting a deity’s descendant!

The young master had almost forgotten about this person, but had started paying attention to him again after the matter.

It was obvious that the young master admired him for his swift and decisive style of dealing with matters.

Who would have thought that this man was a careless and impetuous one.

“You don’t have to collect his news anymore.” Yang Tai had lost interest in Su Yu.

Right when the elder was about to excuse himself, Yang Tai set down the book in his hand suddenly. With a frown, he said, “Better to let me have a look at the solid information first, I keep having the feeling that he isn’t a reckless man.”

Before long, a thick pile of documents appeared in front of him.

Details about Su Yu throughout the past two months were recorded so meticulously it was almost outrageous.

Where he went at what point of time, what he was wearing, what he had eaten, whom he had spoken with, how far he had trod and flown, and even how many times he had kissed Xian-er, were all jotted down with fine details.

The bits and pieces of information that seemed trivial were ordinary to Yang Tai. What was business? Information was business!

The intelligence network of the All Access Chamber of Commerce covered every nook and cranny of the divine region, there were intelligence stations everywhere, from the big cities to the villages of commoners.

That was the basis of the long-standing glory and monopoly of the divine region’s wealth enjoyed by the All Access Chamber of Commerce.

Yang Tai flipped through the documents very speedily, lines and lines of trifle information were reflected in his pupils.

Half an hour later, Yang Tai closed his eyes slowly. When he opened them again, there was a serene smile on his lips. “I really have belittled him.”

“Please enlighten me, young master.” The elder was baffled. Could such a reckless man who pompously paraded himself have hidden something?

Yang Tai pointed at the documents with a finger, and said laughingly, “Firstly, there’s someone missing around him, and someone else has come!”

Mo Tianxuan was missing, but Qin Xian-er, who had never appeared before, had come into the picture.

“We could infer that, he either has a portable cavern world, or has a certain foundation in the divine region.”

“Where did the missing black-dressed lady go? This is the blind spot!”

“Secondly, the places he went have a common characteristic!”

The elder pondered, but could not figure out what the similarity was.

“That is, eight of the famous cities he went to have the capacity of building Divine Bone Ships, while the other two are known for trading information... Hehe, he appears to be traveling, when in fact, he is preparing means of retreat for himself!”

The elder was surprised. “Could he really be thinking that he can afford a Divine Bone Ship that traverses galaxies? Putting aside the price, none of the cities would sell Divine Bone Ships, because that is against the rules set by the hundred Gods. He can’t possibly purchase a Divine Bone Ship.”

Yang Tai chortled and said, “He’s smarter than you! Of course the Divine Bone Ship can’t be bought, but the spare parts of the Divine Bone Ship can!”

“He doesn’t have the blueprint and the master craftsman to build the Divine Bone Ship...” The elder couldn’t go on anymore, because Su Yu had also been to two other places that traded information.

Those places were equivalent to gray regions. As long as the price was high enough, obtaining a blueprint and an equipment-crafting master wasn’t exactly unfeasible.

“How about money? As an outsider, how can he acquire such powerful financial capability? Even I can’t manage to gather all the money to purchase a Divine Bone Ship with my whole life, let alone him.”

Yang Tai’s fingers were whisking the papers very blithely, he said, “Coincidentally, I saw a summary about the capital flow of the auction houses in various regions, and much to my surprise, I found out that the Ghost God’s third son has returned.”

“He is wantonly selling universal spiritual treasures of great vintages, with a hundred years being the shortest and a thousand years the longest. There’s even the Heavenly Orchid Silver Bamboo, aged a full thousand years, and a single stretch of the bamboo was sold at ten million Divine Coins!”

“All the other materials added up also made him earn over 30 million Divine Coins, in total, he had made more than 40 million Divine Coins.”

40, 40 million? The elder’s hands trembled and his eyes turned red. Divine Coins were the standardized currency of the Great Eastern Alliance, a single Divine Coin could be only exchanged with a million crystals.

As far as he was concerned, 40 million was a colossal figure that he would never be able to earn in his entire lifetime!

“With 40 million Divine Coins, hehe, take a guess, how many Divine Bone Ships can he purchase?” Yang Tai smiled placidly.

Even if he purchased a blueprint and hired a craftsman from the black market, it was enough to buy ten small-sized Divine Bone Ships!

“But young master, how can you ascertain that the Ghost God’s descendant is collecting funds for him? There isn’t any relation between the two, is there?”

Yang Tai chortled. “The Ghost God’s third son has left the Great Eastern Alliance a hundred years ago, and a hundred years later, he has come to the Great Eastern Alliance along with that brat.”

Yang Tai stood up with his hands on his back, and a small smile danced on the corners of his lips. “There aren’t many coincidences in the world!”

When he finished listening, the elder inhaled a deep breath, and praised in amazement, “This man really has nothing left out! He has had it all meditated during his runaway, and has even prepared the ultimate retreats, how seamless!”

The elder was sincerely convinced about Su Yu’s scheme.

Nonetheless, Yang Tai shook his head gently. “Seamless? Not exactly so, he is clever indeed, but clever people often have a common shortcoming...they tend to think highly of themselves, and belittle the rest!”

The elder muttered inwardly... Young master, aren’t you belittling him right now?

“How many human elites has the divine region produced in all these eternities? Even the deities nowadays possess the wisdom they gained throughout the years. If we could realize that he’s secretly crafting Divine Bone Ships and preparing for his retreat, how could you be sure that the Crane Deity couldn’t?”

“That’s why I’m saying, he’s still too young, a self-styled genius.”

The elder said, “Young master, then we...”

Yang Tai paused for a moment and said, “Never mind, clever people are hard to come by, there’ll one less clever man in the world if he’s killed. You go assist him in secret, if it gets out of hand, just give up. Alright, and don’t forget to keep me updated constantly about the details.”

In a maple forest, Su Yu was holding Xian-er’s hand, strolling amidst nature and the woods.

Xian-er was perfectly contented, this was the first time they kept each other company for so long since they knew each other. She could not help but think of Xia Jingyu. “Brother Su Yu, do you think Sister Jingyu will be in the Great Eastern Alliance?”

Su Yu shook his head. “She isn’t, if she’s there, we would have received news already.”

Qin Xian-er thought for a moment and said, “Yes, right, Sister Jingyu is so beautiful, if she turns up, she will surely amaze the whole continent, and the honor of the first-ranking beauty will definitely be hers, and not that, what’s that again? The leader of the Senluo Law Enforcing Team.”

Su Yu caressed her head, amused. “My Xian-er is also the first-ranking beauty of the divine region, why is your name unheard-of?”

Hearing Su Yu’s banter, Qin Xian-er snorted softly, and gently beat his arm with her fists. But her fair, dainty face was like a cherry blossom in full bloom, extremely mesmerizing.

Su Yu had secretly tried probing for Xia Jingyu’s news indeed, but there wasn’t any news about her presence.

Just like what Xian-er said, she was such an excellent woman, and she would not go unnoticed.

“If we manage to get Sister Jingyu back, we must bring her on a world tour like this too.” Xian-er leaned against Su Yu’s shoulder and closed her eyes in satisfaction, enjoying the breeze.

Su Yu asked, “Oh? Why?”

With her eyes closed, Qin Xian-er said feebly, “Because Xian-er has enjoyed it already, if Sister Jingyu doesn’t get to enjoy this, it’s not fair.”

Silly girl. Su Yu was even more fond of her now.

Humans were selfish in nature, was there really a saint that was willing to share their possessions with others? Xian-er must be feeling doleful inside, she was only putting herself in a lowly position to maintain the relationship between them.

“After leaving the divine region for a better and bigger world, we’ll find Jingyu, and the three of us will travel the world from then on, how about it?”

Qin Xian-er had a sweet, lovely smile on her face as she entered her dreamland.

Even a martial artist could hardly bear with it so many days of traveling.

Su Yu placed a gentle kiss on her forehead, and carried her into the martial world tenderly.

When he emerged again, the affection on Su Yu’s face turned into a solemn, grave look.

“It’s time to start the plan!” Su Yu’s figure disappeared amidst the maple woods, leaving behind a faint remnant shadow.

After a long period of waiting, the messenger jade pendant with the Crane Deity’s family finally showed signs.

Ten days later, they arrived at the designated venue, the Bi Deity’s World. They were to meet in a broad restaurant to strike the deal.

However, Su Yu’s figure was still nowhere to be seen when the agreed time arrived.

“You have brought a hundred more people than was promised, command the hidden fighters to leave.” The person in charge of the deal this time was Zhang Yiming, the deputy leader of the law enforcing team established by the Crane Deity.

Seeing the message delivered through the messenger jade pendant, Zhang Yiming glanced at the surroundings with icy eyes, but did not see Su Yu’s figure.

He was bewildered inside, how did Su Yu ascertain that he had arranged a hundred hidden fighters in the vicinity?

But since the trick had been seen through, he could only do as the messenger jade pendant instructed, and asked all of them to leave.

A moment later, another message came, “Head for the Water World, the Mermaid City.”

Zhang Yiming was annoyed, but had no option other than taking his people to the Water World.

Once he left, several other hidden experts left the city as well.

In the wine inn nearest to the transmission port, Su Yu was leaning against the railing and gazing ahead. Even if the Crane Deity's family arranged hidden fighters or left with their people, they had to pass through the transmission port. This was naturally the best spot for transmission.

A day later, four or five other hidden experts received the order and headed for the Water World.

Two days later, another three.

Three days later, another two.

On the fifth day, there wasn't any more strong men leaving for the Water World.

Up until ten full days and half a month had passed, and there was no more strong men under the Crane Deity who headed for the Water World, only did Su Yu ascertain that all of the Crane Deity's people in the Bi Deity's World had evacuated.

Chapter 1134: Exchange of Hostages

However, Su Yu just stood beside the Transportation Portal in front of them. But it seemed he didn't plan to go to the Water World at all.

At this time, Su Yu sent another message with the jade pendant again, "Let's exchange hostages at the original place!"

Mermaid City of the Water World

Zhang Yiming, who was quite angry, held the jade pendant in his hand tightly.

He had stayed in this place for half a month. During this period, he set up all kinds of traps at the meeting place. However, he was asked to go back to the original place now.

Zhang Yiming realized he was fooled no matter how stupid he was. Su Yu stayed in the World of Bi Deity all the time.

When he removed all the traps, Su Yu asked him to go back. In this way, it would be very difficult for him to set up those traps again.

"He is so f*cking cunning!" Zhang Yiming, who was so anxious to trample Su Yu under his feet, had to go to the World of Bi Deity alone.

In that spacious restaurant, Zhang Yiming found Su Yu who was drinking alone. It seemed Su Yu was waiting for his arrival casually.

"Oh? Here you are! After a deliberate consideration, I found this place is surround by beautiful and pleasing scenery. So, I asked you to come back again. I am really sorry for the troubles!" Su Yu said with a smile.

Zhang Yiming sat down and asked directly, "I am here alone. And all the traps here have been removed. So, where is she? Let's trade hostages here!"

Su Yu asked with a faint smile, "Do you really think I could bring her to this place?"

"You are fooling us!" Zhang Yiming stood up angrily.

Su Yu said thoughtfully, "If you throw away the magical equipment you got from Crane Deity on your body, I will trade hostages with you here!"

Zhang Yiming replied seriously, "I don't know what you are talking about! I came here with sincerity!"

"Sincerity? If you really have sincerity, just open your storage space and let me check whether you have any powerful equipment you got from the Crane Deity!"

Hearing that, Zhang Yiming sat down speechlessly.

His original plan was to wound Su Yu seriously and detain Su Yu with the magical equipment given by the Crane Deity if he was sure He Xianran was here.

Now, it seemed Su Yu, who had seen through his plan, moved He Xianran to somewhere else.

Therefore, Zhang Yiming didn't dare to attack Su Yu if he wanted to ensure the safety of He Xianran.

"Tell me how you want to finish this transaction!" Zhang Yiming asked helplessly because he didn't know what to do in front of such a crafty opponent.

Su Yu replied, "It's quite simple! You give me Sacred Kylin and I give you an item!"

An item? Hearing this, Zhang Yiming lit up his eyes curiously.

Patter!

Su Yu placed a communication pendant on the table and switched it on. Then, He Xianran's anxious cries came out, "Are you a member of the family of Crane Deity? Save me! I am trapping in a dark..."

"Woo! Woo..."

It sounded as if her mouth was covered by someone. Then, a salacious voice came out, "Heh! Hey! She is so tender! I bet she must be very delicious!"

Hearing this, Zhang Yiming changed his expression abruptly, "Stop! You are not allowed to stain her!"

If He Xianran was raped, the reputation of the family of the Crane Deity would also be ruined even if she was saved afterwards.

Zhang Yiming misunderstood the words of the Evil God who wanted to devour He Xianran's soul.

"What do you want?" Zhang Yiming, who had almost been driven mad, asked angrily.

Su Yu said, "I will leave the jade pendant to you. Then, I will leave here. Through this jade pendant, He Xianran will tell you where she is. Then, you can find her! This is the way!"

Zhang Yiming refused directly, "What if you kill her when we release the Sacred Kylin?"

Su Yu shrugged, "Why do I have to kill her? In other words, is there a reason to force me to kill her?"

Hearing this, Zhang Yiming pondered a while. Su Yu kidnapped He Xianran to save the Sacred Kylin.

It was useless to kill He Xianran, which could only intensify the hatred of the family of the Crane Deity.

Then, Zhang Yiming agreed by nodding his head. He had to save He Xianran first.

He snorted in his mind. No matter whether you kill He Xianran or not, you have challenged the dignity of the family of the Crane Deity! You've offended all the members of this family! You will face the fury from an ordinary family member to...the Crane Deity!

We have to pacify this world with the blood of rascals like you!

This is not only the fury of the Crane Deity, but also the will of 100 deities of the entire alliance!

Kill Su Yu to warn the rascals. This is the irresistible trend of the Great Eastern Alliance!

So, Su Yu must die!

Zhang Yiming released Sacred Kylin from the storage bag on his belt. After coming out from the storage bag, Sacred Kylin rushed towards Su Yu as he shed bitter tears, "Young man, I've heard you saved me by kidnapping the descendant of a deity. I, I am so moved. I really want to cry now! I love you so much...Hey! Hey! Don't go! Let me give you a kiss of love...Ouch! Easy! Easy!"

Su Yu darkened his face as he pressed Sacred Kylin on the table with one finger. Then, he said calmly, "Just take it back. We don't want this Sacred Kylin!"

Zhang Yiming, "..."

Su Yu placed the jade pendant on the table and left the restaurant with Sacred Kylin. After walking around in this place for several times, they left when they confirmed nobody was following them.

Zhang Yiming shouted at the jade pendant in his hand anxiously, "Miss He, where are you?"

He Xianran replied as she cried miserably, "I don't know! This place is so dark!"

Swish! Swish! Swish—

Many experts of the family of the Crane Deity arrived after receiving the message from Zhang Yiming.

"Deputy team leader, we will catch up with that little bastard and kill him!"

Zhang Yiming stopped them by waving his hand, "No! We don't know whether his underling is beside Miss He now. If we annoy Su Yu, Miss He might be killed. The loss will outweigh the gain!"

"Then, what should we do now?"

"Let's find Miss He through the clue provided by her. As for that guy, humph! Do you think he can run away?"

Many people witnessed the things happened in this place. Soon, the news was spread out.

In the All Access Chamber of Commerce, an old man gave a detailed report about Su Yu's action to Yang Tai. Then, Yang Tai said approvingly, "Heh! Heh! Interesting! His strategy is pretty good!"

Most of the factions showed their support to the Crane Deity by expressing their hatred of Su Yu.

“This man is so crafty! I hope the Crane Deity could calm down. Anyway, his health condition is going from bad to worse now!”

“A lot of people are talking about this issue! The family of the Crane Deity is being teased by a wild boy!”

“Humph! This unhealthy tendency must be stopped. Otherwise, he will set a bad example for the unruly people in the Great Eastern Alliance. All the descendants of the deities will be in danger!”

These words revealed the conflicts between the deity families and ordinary Martial Artists in this world.

The deity families were quite nervous while the ordinary Martial Artists were very happy to see that.

It was almost impossible for Martial Artists from the poor families to become a deity because it was unacceptable for those deity families who controlled most good resources of this world.

Some Martial Artists from the poor families were even killed by the deity families with all kinds of fabricated excuses when they tried to become a deity.

Therefore, Martial Artists from the poor families didn't like those deity families at all.

However, ordinary Martial Artists could do nothing about this situation because this world was controlled by those deity families.

Now, when they heard Su Yu, an ordinary Martial Artist from an abandoned world, managed to tease the family of the Crane Deity, they were quite delighted and even cheered for Su Yu secretly.

—

Su Yu reached the edge of the world of the Bi Deity through transportation. The largest port of the Great Eastern Alliance, which was used by 80% of the s, was in this place.

On a small divine bone ship which had already been prepared, an old man said with a smile as he rubbed his palms, “The ship is ready now. Could you...”

The old man was an equipment forging expert hired by Su Yu in the black market. Su Yu asked him to prepare a divine bone ship.

Su Yu threw out a white card, which was like the bank card in his previous life. It could be used to withdraw divine money in the fixed financial agencies of the Great Eastern Alliance.

The old man received the card and checked the sum in it. Then, he said with a smile, “Good luck!”

Then, he disappeared immediately.

Su Yu jumped onto the ship and found it was quite easy to drive it. This ship could sail by absorbing the energy in the Star River automatically after leaving the continent. People on this ship only needed to control the direction.

When the divine bone ship left the continent and sailed into the Star River, Su Yu escaped successfully.

Su Yu managed to save the Sacred Kylin with a lot of well-prepared plans and careful operations.

However, 4 ships at the same size rushed up from the Star River and stopped in front of Su Yu as if they were waiting for him.

At the same time, another 4 ships sailed out from the port and stopped behind Su Yu's ship.

Now, Su Yu was surrounded by 8 ships.

On each ship, over 10 powerful experts from the family of the Crane Deity were standing. After looking at these people carefully, Su Yu couldn't help but to gasp.

Among these experts, the weakest one had reached the level of Stage Two Mortal Fairy. Su Yu also found 10 Stage Four Mortal Fairy in these people.

Two young men, who had the bloodline of the Crane Deity, were staring at Su Yu coldly.

Apparently, these 2 men were 2 descendants of the Crane Deity.

The man with a hooked nose who was wearing a green robe was He Jinghong who was the eldest son of the Crane Deity. This man was quite vicious and gifted. The purity of the Crane Deity's bloodline in his body was only second to that of He Xianran.

The other man, who was a little bit plump, looked quite honest. In his eyes, a strand of self-abasement could be seen. His name was He Ruchu. Compared to his elder brother and his younger sister He Xianran, he was less gifted. The Crane Deity didn't attach any importance on him. So, he was dispensable in the family of the Crane Deity.

Both of them were ordered to ambush Su Yu at this place.

"Humph! On your knees and surrender now!" He Jinghong shouted coldly.

In front of dozens of Mortal Fairies, Su Yu dropped on his knees and asked for mercy, "The family...of the Crane Deity? Please spare my life! I didn't do anything wrong!"

What? Hearing this, those experts changed their expression in surprise.

He Ruchu rushed up to check Su Yu who was kneeling on the ground carefully. Suddenly, he found an item which was made from a special material on Su Yu's face.

When He Ruchu was about to say something, He Jinghong walked up and pushed He Ruchu aside. He Ruchu, who was quite clumsy, almost dropped into the Star River.

He Ruchu's helter-skelter action was quite ridiculous. However, nobody saw a stand of viciousness flashed in his eyes. When he looked up, his face was full of panic.

He Jinghong snorted as he glanced at his useless younger brother. Then, he tore the item down from Su Yu's face.

It was a high-grade mask which couldn't be seen through by Mortal Fairies.

After tearing down the mask, they saw a strange and scared face.

This man was not Su Yu at all!

Chapter 1135: A Super Battleship

“Who are you? Why are you on this ship?” He Jinghong, who was totally shocked, asked angrily.

That man dropped on his knees and cried in a thrilling voice, “2 months ago, a silver-haired handsome young man told me I could make money by finishing a task for him. As long as I finish his task, he would give me 100 divine coins. He even gave me 10 divine coins as down payment!”

“He asked me to wear this mask and meet a person in the Star River. When I got his signal just now, I set off from the port. My lords from the family of Crane Deity, I, I really don’t know how I offended you!”

He Jinghong, who was extremely angry, held the mask in his hand tightly.

All the rest members of the family of Crane Deity also darkened their face after hearing that.

Now, all of them knew they had been fooled by Su Yu.

This crafty young man had been planning this in the last 2 months!

This is not Su Yu. Then, where is he now?

At the port, that old man didn’t know why Su Yu was captured. Then, he said as he played with another money bag in his hand with a smile, “2 rewards for 1 task, what a windfall! Outlander, please don’t blame me! Nobody will say no to money!”

The next moment, a calm voice came into his ears, “Sometimes a windfall is lethal!”

The old man only saw the handsome face of a silver-haired young man before his soul was ruined.

Then, Su Yu picked up 2 money bags on the ground and hefted them in his hand. After that, he looked at those dumbfounded people who were still quarreling in the Star River with a smile before he disappeared in another direction.

On a small divine bone ship, a mysterious person who was wearing a black cape was waiting for Su Yu.

When Su Yu jumped onto that ship, the person took off the hood. Then, a gorgeous woman appeared in front of Su Yu.

“That equipment forging expert in the black market was unreliable as expected. Luckily, you confused our enemies with that ship as a bait and asked me to prepare this ship at the same time!” This gorgeous woman was Jian Wusheng!

The ship prepared by Jian Wusheng was Su Yu’s plan B.

Su Yu believed members of a deity family could see through his trick of building a ship secretly while he pretended to make a sightseeing tour.

So, the ship prepared by that equipment forging expert was just a bait.

He asked Jian Wusheng to prepare another divine bone ship.

When all members of the family of the Crane Deity fixed their eyes on Su Yu, nobody would pay attention to Jian Wusheng who had never appeared in this place before.

“Let’s leave here! They will realize they were fooled soon!” Su Yu said.

The next moment, the small divine bone ship sailed into the dark Star River quietly.

In a secret chamber of the All Access Chamber of Commerce, Yang Tai was listening to the report of Su Yu’s action sent by an old man by sending messages at the port.

“Young Master, as you expected, he was surrounded by 8 divine bone ships of the family of the Crane Deity when he had just set off from the port. It seems the family of the Crane Deity, who had seen through his plan of preparing a divine bone ship secretly, bought off that equipment forging expert in the black market!”

Yang Tai commented with a confident smile, “Alas! A clever man like him always looks down upon others but overestimates himself. OK, you can come back and I am not interested...”

“Wait!” Another old man’s voice came in, “Young Master, it seems something is wrong! The one they captured...is not that guy!”

“Wait!” That old man said in surprise again, “They have found the corpse of that equipment forging expert. Except for 2 money bags, that equipment forging expert didn’t lose anything else!”

“Young Master, what should we do now?”

“Young Master...Young Master, are you still there?”

Smile could still be seen in Yang Tai’s face. However, he had been totally dumbfounded and his self-confidence had long gone!

After a while, Yang Tai gasped, “This guy...OK! I will go there personally!”

Inexplicably, Yang Tai was in a bad mood. He liked clever people. But he didn’t like people who was as clever as him!

Because he felt he was not able to control such a clever man!

When Yang Tai arrived at the port, members of the family of the Crane Deity were still quarreling about where to find Su Yu.

Yang Tai looked at the corpse of the equipment forging expert on the ground for a while. Then, he said thoughtfully, “OK! Let me give you a test!”

“Tell those people that Su Yu...has already sailed into the Star River now! Direction: southwest!” Yang Tai believed Su Yu’s plan was not a diversion. On the contrary, Su Yu should be trying to lure his enemy with his bait.

Since the fish had bitten the bait, Su Yu must have left this place.

As for the direction, Yang Tai believed the southwest was the only way to stay away from the spies of the family of the Crane Deity.

After a while, an old man asked a porter to tell those people that a silver-haired young man, who killed this equipment forging expert, ran away southwestward.

Members of the family of the Crane Deity, who were still busy quarreling with each other, were surprised after hearing this message. Then, they believed what the porter said after pondering it carefully.

Half of them continued to search for Su Yu in this area. The rest people started to chase Su Yu southwestward.

An old man asked with puzzlement, “Young Master, why did you do that?”

The old man didn’t understand why Yang Tai, who was quite interested in Su Yu, chose to help the family of the Crane Deity.

Without the guidance of Yang Tai, members of the family of the Crane Deity might need longer time to figure out the fact.

Yang Tai replied indifferently, “Nothing! I just want to test this guy!”

The old man beside him got a feeling that his Young Master was trying to outwit Su Yu.

Now, Su Yu’s divine bone ship was sailing in the endless Star River.

Behind them, the continent had disappeared. They could only see the dazzling light of the continent in the sky.

“It seems we have escaped successfully!” Jian Wusheng said as she let out a sigh of relief.

Su Yu said by shaking his head, “We can’t let our guard down until we really escape from them!”

Hearing this, Jian Wusheng turned around and said seriously, “I’m afraid what you said is right!”

At this moment, 4 divine bone ships were sailing towards their ship rapidly from behind.

Vaguely, they could see people who were wearing badge of the family of the Crane Deity were standing on those ships.

Su Yu sighed, “I didn’t expect people of a deity family could be so smart that they could catch up with us in such a short time!”

However, Su Yu was not surprised and just said calmly, “Let’s pick up speed and sail northward!”

He Ruchu, who was still in the port, received a message from his elder brother suddenly, “Come here and try to intercept him. We’ve found him in the southwest!”

Hearing that, He Ruchu nodded his head as he dashed out together with his underlings immediately.

Seeing this, confident smile appeared in Yang Tai’s face again. It seemed everything was under his control.

“Wait! That guy changed his direction! Just sail northward to intercept them!” He Jinghong sent a message to He Ruchu excitedly.

Yang Tai stopped smiling and started to think over it carefully. Why does he choose to sail northward?

His sudden change of direction will make his escape more difficult because He Ruchu, who is to the north of him, could intercept him easily.

“Prepare a ship and let’s go there to have a look!” Yang Tai said seriously.

Hearing this, the old man, who didn’t dare to disobey Yang Tai’s order, sighed. Soon, he brought here a high-grade divine bone ship. Then, they started to sail northward.

In the Star River, 1 divine bone ship was being chased by 4 divine bone ships closely.

Like a hunter who was about to capture his prey, He Jinghong shouted as he laughed delightedly, “You can’t escape this time!”

Escape? Su Yu smiled after hearing that.

Half a day later, the 4 ships were so close to Su Yu’s ship. At this moment, another 4 ships of the family of the Crane Deity appeared in front of Su Yu’s ship.

It seemed Su Yu had been completely surrounded and had nowhere to escape.

He Jinghong smiled ferociously. He knew he would be rewarded substantially if he could capture Su Yu.

However, his heart was filled with regrets because he really hoped Su Yu could kill his younger sister He Xianran. He Jinghong would be happier if his younger sister was killed.

As usual, He Ruchu was ordering his underlings to prevent Su Yu from running away awkwardly.

Now, Su Yu was about to be captured by members of the Crane Deity’s family.

Yang Tai, who saw this scene from afar, smiled satisfactorily.

Suddenly, a big bang came in. Then, a divine bone ship beside He Jinghong’s ship was blasted. Then, all the experts on that ship fell into the Star River.

The Wild Beasts hiding in the Star River rushed up immediately. Instantly, 3 experts of the family of the Crane Deity were devoured.

The rest people jumped onto the nearby ships in terror.

Before they could take a breath, another divine bone ship was blasted again.

This time, they were fully prepared. So, the destruction of the ship didn’t cause serious casualties.

Now, all of them were totally terrified and had almost forgotten the existence of Su Yu.

He Jinghong looked around vigilantly. Then, he found a big object hiding in the mist.

Then, that thing rushed out from the mist and surprised all of them.

It was a brand-new black battleship, which was designed to attack other ships in the Star River.

On both sides of this battleship, there were 100 pitch-dark holes.

A curl of smoke was flying out from a hole.

He Jinghong’s eye pupils constricted as he felt his body was frozen in terror.

This kind of battleship was invincible in the Star River. After being attacked by this kind of ship, only deities could stay alive.

Martial Artists were not able to cross the Star River. So, all the fights in the Star River were won by this kind of powerful battleship.

Of course, the family of the Crane Deity also had battleships. But nobody could chase an outlander with a battleship!

In front of such a big ship, even 80 unarmed small divine bone ships would be sunk directly, let alone they only have 8 ships.

Yang Tai, who was standing at a distance, clenched his fists seriously.

What Su Yu prepared was not 1 ship or 2 ships. He prepared...3 ships!

Moreover, the third ship was a battleship which surprised him completely.

Yang Tai remembered Su Yu obtained a lot of divine coins which were enough to build 10 small divine bone ships.

It seemed the first 2 ships were only used to puzzle his enemies. The battleship was Su Yu's trump card.

Su Yu didn't want to escape but tried to lure members of the family of the Crane Deity to this place. Then, he would eliminate all of them with this battleship.

It seemed Yang Tai guided the members of the family of the Crane Deity into the trap set up by Su Yu!

Yang Tai realized Su Yu had completely outwitted him, which frustrated him a lot.

Then, Su Yu's small divine bone ship sailed through the ships of the family of the Crane Deity leisurely. At this moment, the ships of the Crane Deity's family were being aimed at by 100 cannons. Therefore, all people on these ships didn't dare to move at all!

Chapter 1136: The Arrival of Deities

Jian Wusheng jumped onto the battleship. She didn't know how to describe her current feeling. She thought the ship prepared by her was Su Yu's Plan B. She didn't expect it to be Su Yu's Plan C.

On this powerful battleship, they could leave this place safely. Nobody would dare to recklessly stop them.

Even if the Crane Deity's family sent their battleships to chase them, Su Yu and Jian Wusheng would be too far away from them.

Looking at the frustrated Crane Deity family members, the Ghost Clan's Great Emperor cheerfully said, "The feeling of playing by heart is good! As expected, my decision to follow you was correct!"

The battleship was purchased by the Ghost Clan's Great Emperor.

Nobody could stop them now.

Suddenly, a snort echoed in the Star River.

Hearing this, the Wild Beasts wandering around the small divine bone ships ran away in terror.

After a short while, the area was dead silent.

The people present felt a suffocating pressure. It was as if something powerful was approaching.

Yang Tai sighed and said, “The Crane Deity has arrived. I knew he would come here. Right! This issue will end here!”

Looking at Su Yu, who was standing on the battleship, Yang Tai pitifully said, “What a pity! He is as clever as me! If he could work for our chamber of commerce, he would make a fortune for us! Alas! Without the support of a deity, no matter how clever he is, he can’t make much noise here, which is also his fatal disadvantage!”

In front of a deity, all Su Yu’s advantages would disappear.

For people like Su Yu, a deity was invincible.

Although the deity had arrived, he didn’t show up. He just snorted coldly in a low voice, “Is it fun for you to play with the Crane Deity’s family?”

The Crane Deity family members blushed. If the Crane Deity had not been there, Su Yu would have done more than mess with them. He would likely have killed them all.

The Crane Deity’s voice sounded again. “Give me the soul of Xianran!”

What? Is He Xianran still in his hands?

I remember they traded hostages...

At the thought of this, the Crane Deity’s family members were annoyed. They realized they had been fooled by Su Yu.

Standing at the prow of the battleship, Su Yu calmly replied, “What if I say no?”

The entire area was silent. Even Yang Tai didn’t expect Su Yu, who was facing imminent death, to act arrogantly in front of a deity.

Wait! Does this mean Su Yu still has a standby plan?

Yang Tai quickly dismissed the idea because it was impossible for an outlander to challenge a deity in this world.

The only explanation was that a deity was standing behind Su Yu.

As a person from this world, Yang Tai was not able to seek support from a deity in such a short time, let alone Su Yu, who was an outlander.

“Who gave you this courage?” the Crane Deity coldly asked. Everyone around could sense his killing intent, which was raging in the Star River.

Everyone believed Su Yu would die, regardless if he agreed to release He Xianran or not.

In front of a deity, Su Yu had no chance of survival.

However, another voice rang out, which shocked everyone.

A low and magnetic voice came out from the battleship. “I gave the courage to him! Is there a problem?”

At the same time, a pressure, which was a little bit more powerful than the pressure of the Crane Deity, descended like a raging tempest.

Swish!

A strand of white light, which was full of divine energy, descended from the sky with countless white feathers, making the scene dreamlike.

The one in the white light was quite illusory. Nobody could see his appearance.

The deities always acted in such an elusive way.

They never easily showed their appearance.

“Crane Deity!” A Crane Deity family member shouted excitedly. Even they were not able to often see the real body of the Crane Deity.

The Crane Deity landed on the battleship and stared at another figure walking out from a cabin. The figure was covered with ripples.

Seeing this, the Crane Deity exhaled a breath and seriously said, “Jing Deity!”

What? Jing Deity?

Once again, everyone was shocked. Even Yang Tai, who claimed to be the cleverest person around, didn’t understand why Jing Deity was there.

In this world, almost all deities could provide support to Su Yu except the Jing Deity.

That was because Jing Bai, the successor of the Jing Deity, was killed by Su Yu.

It had almost become common knowledge.

Why did the Jing Deity choose to support Su Yu?

Moreover, it seemed the Jing Deity had boarded the battleship a long time ago.

When the Crane Deity showed up, the Jing Deity came out to show his support of Su Yu.

It was confusing.

How did Su Yu persuade the Jing Deity to help someone who killed his son confront a deity who was his good friend?

How did he manage to do that? How? Yang Tai tightly clenched his fists. His forehead became covered in sweat, but he failed to figure out the answer.

The Crane Deity asked the same question.

“Why do you want to help him?”

The Jing Deity seriously replied, “Because my son Jing Bai was not killed by him!”

Mo Tianxuan suddenly walked out of the cabin and stopped behind Su Yu.

Su Yu gave her the task to find the Jing Deity with a letter and communication pendant.

Su Yu only left two sentences on the jade pendant.

“First, Jing Bai was not killed by me!”

“Second, I can help you find the real murderer!”

As a deity who had lived numerous years, the Jing Deity could sense Su Yu's sincerity, even he didn't believe what Su Yu said.

If Su Yu was the murderer, why did he bother doing this?

Su Yu described the details in the letter, including one special element.

When Su Yu left, he only saw He Xianran. Su Yu didn't even know what Jing Bai looked like. How could he kill Jing Bai?

After reading the letter, the Jing Deity knew either Su Yu or He Xianran was a liar.

Jing Bai's corpse also disappeared, which made Jing Deity more suspicious.

The Jing Deity didn't easily believe Su Yu's words. He performed a careful investigation and found that all the law enforcers and underlings who carried out that mission on Jiuzhou Continent died or went missing in an inexplicable way. The only survivor, Meng Ke, didn't see who killed Jing Bai.

The captain of the Book Deity's Law Enforcing Team, Cang Tieyi, had gone missing.

Jing Deity tried to find Cang Tieyi, but he failed.

Therefore, Jing Deity knew it was highly possible that what Su Yu said was true.

The death of Jing Bai might be a different story.

Now, the only one who knew everything was He Xianran.

Why did she tell a lie? What was she trying to hide about the death of Jing Bai?

This was the reason the Jing Deity was confronting the Crane Deity on the battleship.

The Crane Deity said, "Even if Jing Bai was not killed by him, you can't stop me from killing him! He has annoyed a deity by kidnapping my daughter. So, he deserves to die!"

The Jing Deity coldly said, "Your daughter is also the reason I will stop you from killing him! Your daughter is lying. Now, I need to confront her to find out why she pinned the death of Jing Bai on him!"

The Jing Deity looked at Su Yu as he waved his hand in the air.

He Xianran's soul was instantly taken out by the Jing Deity from Su Yu's Soul Space, which was like a defenseless bag.

He Xianran, who was confused, suddenly found herself standing in front of two deities. When she saw the Jing Deity, she couldn't help but tense up.

Her nervousness was noticed by the Jing Deity. His face darkened.

"How did my son Jing Bai die? Tell me again!" The Jing Deity coldly said, "Don't try to lie to me. Don't force me to search your soul!"

He Xianran slightly trembled. Desperation could be seen on her face. She didn't understand why the two deities were confronting her.

The Crane Deity said, "Jing Deity, if I am still your friend, don't push me!"

If the Jing Deity searched the soul of his daughter in public, his reputation would be ruined.

“Because you are my friend, I chose to confront you in public. Otherwise, I would have searched the soul of your daughter secretly, which would have been easier for me!” The Jing Deity spoke the truth. He didn’t want to ruin the friendship between him and the Crane Deity, so he chose to question He Xianran in front of the Crane Deity. In this way, the Crane Deity would know the Jing Deity didn’t interrogate his daughter secretly.

It was a pity that the Crane Deity’s love for his daughter, He Xianran, was deeper than the love of Jing Deity for his son.

Even though the Crane Deity knew the Jing Deity did this out of kindness, he still tried to stop him because he knew the truth.

Dulong could hide the truth from the rest of the Crane Deity’s family members, but he didn’t dare hide it from the Crane Deity. Thus, the Crane Deity knew He Xianran had to die if Jing Deity discovered the truth through searching her soul.

This was unacceptable for the Crane Deity.

“Do you want to ruin our long-last friendship from believing a mortal who tried to alienate us?” the Crane Deity asked.

The Jing Deity was disappointed hearing those words. The Crane Deity’s reaction reassured him that the Crane Deity might know the truth.

The Jing Deity was annoyed.

Few beings would be able to stay calm after being treated like that by an old friend.

The Jing Deity angrily shouted, “It seems the death of my son is not as your daughter said! So, I have to search her soul!”

Hearing this, the Crane Deity immediately shouted, “How dare you!”

The Jing Deity flashed a cold smile and asked, “Do you think you can scare me?”

The two deities started to release their divine strength. Instantly, the Star River was filled with roaring waves. All the ships in the Star River were collapsing, including the battleship.

Su Yu was shocked. Was this the collision of two deities? Only the collision of their divine strength could create such devastation. If they started to fight, they might ruin a world.

When the two deities were about to fight, Su Yu yelled, “Jing Deity, please calm down!”

The Jing Deity looked at Su Yu. He didn’t underestimate Su Yu since he had told him some truths. The Jing Deity asked, “What do you want to say?”

“Jing Deity, the Great Eastern Alliance could be powerful because all the deities united as one in the alliance of 100 deities. If you two fight today, it won’t help the situation. The alliance might be ruined, and the Great Eastern Alliance might be mocked at by some foreign factions. So, it is unnecessary!”

The rest people present couldn't help but roll their eyes as they angrily stared at Su Yu. How do you have the nerve to say this? Don't forget the conflict between the two deities was caused by you!

After your instigation, now you are trying to stop them from fighting each other!

The Jing Deity knew he could do nothing even if he could defeat the Crane Deity. The fight was meaningless. He only wanted justice for his son. He didn't want to fight the Crane Deity.

Now, the Crane Deity was trying to stop him from seeking justice for his son!

"Then, what should I do? The Crane Deity harbors his daughter who killed my son! If I don't punish her, how could I have a foothold in this world?" The Jing Deity, who was in a dilemma, decided to defend his dignity, even it was not for his son.

Chapter 1137: Plot Against the Deities

Su Yu said, "Jing Deity, I don't agree with you! We haven't found any evidence to prove He Xianran killed Jing Bai!"

What? People were dumbfounded again. You instigated the Jing Deity! Why do you defend the Crane Deity now?

The Jing Deity, who was about to lose his temper, was stopped by Su Yu. "I think the conflict between the two deities requires proof. If the Jing Deity can find evidence to prove Jing Bai was killed by He Xianran, can you give the Jing Deity a satisfactory compensation, Crane Deity?"

The Crane Deity angrily stared at Su Yu thinking, Aren't you the cause of this conflict?

However, what Su Yu said gave him an excuse to avoid a fight with the Jing Deity, which was ideal since he was not able to rival the Jing Deity.

After a while, the Crane Deity said, "Of course. If Jing Deity can prove my daughter is the murderer, I will immediately kill her!"

His words were quite highfalutin. If evidence could be found, his daughter would be killed by some other deities.

The Alliance of 100 Deities strictly prohibited the murder of any descendants of deities. Anyone who violated the rule would be killed.

If evidence could be found, the Crane Deity could do nothing to prevent the death of his daughter. He replied confidently because he knew all the witnesses had been killed. It was impossible to find any evidence.

Su Yu nodded his head and turned to the Jing Deity. "How is that for you, Jing Deity?"

The Jing Deity, who was in a dilemma, snorted and replied, "Fine! Crane Deity, remember what you said. If evidence is found, don't blame my cruelty!"

Everyone let out a sigh of relief that a fight between two deities was resolved.

If a fight broke out between these two deities, the continent might stay intact, but the people would be killed.

“You defended the alliance by burying the hatchet sensibly,” Su Yu loudly said. “As a junior, I admire both of you! I extend heartfelt gratitude to both of you by representing the people in this world!”

Although the Jing Deity and Crane Deity were frequently complimented, they were still flattered by Su Yu, who managed to describe their helter-skelter action in such a noble way.

Su Yu quickly changed the subject.

“I think a just and righteous investigator is needed to investigate this case with complete authority. Although I am incompetent, I hope I could investigate this case on behalf of the deities!” Su Yu’s words dumbfounded everyone who heard them.

What? Do you want to investigate this case on behalf of the two deities?

Why? Do you mean the Law Enforcing Teams and the Senluo Law Enforcing Team are useless?

Even if those people are not competent, there are many deities in this world. It is quite easy to find a just deity to investigate this case!

Who do you think you are? Hearing this, members of the Crane Deity’s family became angry.

The Jing Deity and Crane Deity glanced at Su Yu. Apparently, they also looked down on Su Yu.

Su Yu was useless for the Jing Deity, who could send someone he trusted to investigate the case.

Even the Jing Deity didn’t want to stop the Crane Deity from doing what he wanted to Su Yu.

Su Yu said, “Seniors, please consider my request. Except for the three of us, nobody else knows the inside story of this case. If an outsider, who is asked to investigate this case, finds He Xianran is the murderer, the illustrious reputation of the Crane Deity will be ruined, right? Similarly, if the son of the Jing Deity was killed by the daughter of his old friend, the reputation of the Jing Deity will also be impaired. So, it is inappropriate to choose an outsider to investigate this case!”

What? The Jing Deity and Crane Deity were shocked. Su Yu’s words held deep meaning.

This case would not just impair their reputation. If this case was known to the world, they would be ridiculed by the other deities if they tried to maintain their friendship.

They didn’t want the world to know about the situation. It could only be known by people present.

The Crane Deity would punish He Xianran secretly to compensate the Jing Deity. In that way, they could both maintain a peaceful relationship.

If this case became known to the public, they would have to break ties and have a duel.

They had to consider Su Yu’s proposal.

Now, there were four groups of people in the area.

Apparently, it was inappropriate to ask the family of the Crane Deity to investigate the case. The Jing Deity would never agree to it.

The young master and his underlings of the All Access of Chamber of Commerce were outsiders. If they were asked to investigate, the world would soon be startled.

If the Jing Deity investigated this case alone, he would make others take notice. It would be difficult to ensure the confidentiality of this case.

It seemed only Su Yu and his companions could do it.

Although Su Yu was an outsider and didn't belong to the two deities' families, this case meant a lot to him. Thus, he was the only appropriate person to investigate this case.

On second thought, the Jing Deity thought he would lose nothing regardless if Su Yu found evidence or not. Su Yu was more suitable to investigate the case compared to the rest people present. After pondering it for a while, he said, "OK. I hereby authorize the right of investigating this case to you!"

The Crane Deity didn't want Su Yu to be the investigator. He worried that Su Yu, who was smart, would discover some clues. However, nobody else was more suitable to do the work. The Crane Deity had to reluctantly agree. "I also agree! I hereby authorize the right of investigating this case to you!"

In this way, Su Yu, who had just been a kidnapper hunted down by the Crane Deity, became an investigator appointed by two deities.

"Seniors, I have just arrived in this world. Without manpower and money, I'm afraid my investigation will be hampered," Su Yu said.

Is he asking for a commission from the deities? Could you find another person more shameless than you? Don't forget you are a kidnapper who startled this world! You should have some self-awareness about yourself! The Crane Deity's family members clenched their teeth as they angrily stared at Su Yu.

The Jing Deity, who was quite glad to hear this, took out a plate full of divine strength. He said, "Take this plate. It can represent me! With this plate, all manpower and resources in the world of Jing Deity, including the law enforcers, are under your control! I hope they can help you find the real murderer soon!"

If Su Yu performed the investigation with the assistance of Jing Deity's underlings, Su Yu's action would be quickly reported to him. It could prevent the Jing Deity from being fooled by Su Yu.

After receiving the plate, Su Yu earnestly replied, "As you wish!"

Su Yu turned to the Crane Deity.

Seeing this, the Crane Deity choked on his anger. You are asked to investigate my daughter! How do you have the nerve to ask a favor of me? However, the Crane Deity had no choice. With a faint smile, he said, "This is my plate. It represents me! Its effect is the same as the one you got from the Jing Deity. All manpower and resources in the world of the Crane Deity are under your control!"

"Crane Deity is so sensible! As a junior, I greatly admire you," Su Yu said as he received the plate.

The Crane Deity replied with a hollow smile. After making eye contact with one another, the Jing Deity and Crane Deity left by crossing the Star River.

The Star River instantly quieted. Everyone could hear the sound of the two plates in Su Yu's hand colliding.

When the Crane Deity left, the members of his family left one after another.

What? Did you say the kidnapper is still here?

Nonsense! He is the investigator appointed by two deities!

What? Did you say he still has He Xianran?

Bullsh*t! She is a suspect who is being surveyed by the investigator!

The Crane Deity's family members activated their divine bone ship and left feeling resentful.

They were still puzzled and didn't know how Su Yu had become an investigator appointed by two deities after being a kidnapper who startled this world.

More importantly, one of the two deities who appointed Su Yu as the investigator was the Crane Deity.

A small divine bone ship in the distance was sailing back to the continent. On the ship, Yang Tai, whose face was as pale as a piece of paper, was quite serious. After a while, he murmured with a frustrated smile, "Good scheming! His scheming is flawless!"

When he thought Su Yu was more brave than wise, Su Yu had fooled all the members of the Crane Deity's family.

When he thought Su Yu was only able to fool those family members, Su Yu had started a conflict between two deities.

When he thought Su Yu was about to ask the Jing Deity to defeat the Crane Deity, Su Yu forced the two deities to appoint him as their investigator with his tricks. The Crane Deity didn't dare capture Su Yu. Instead, he had to agree to appoint him as the investigator.

It seemed Su Yu didn't plan to escape from the beginning.

From the beginning, the target of his tricks was not the Crane Deity's family members but the two deities.

Apparently, his words and tricks were not on spur of the moment but had been planned for a long time.

In this way, Su Yu managed to become an investigator appointed by two deities after being a notorious kidnapper. Now, with the two plates in his hand, Su Yu was high and mighty.

After taking several deep breaths, Yang Tai felt his heart was still trembling. He knew he was not able to rival Su Yu, who was full of tricks, imagination, and courage.

Yang Tai, who used to believe he was a smart person, had been shocked by Su Yu.

After keeping silent for a long time, Yang Tai murmured with a heavy heart, "We should avoid making this man an enemy!"

On the battleship, Mo Tianxuan, Jian Wusheng, and the Ghost Clan's Great Emperor were also dumbfounded.

They carried out the task assigned by Su Yu. They didn't expect this thing would come this far.

They used to wish they could escape.

They were no longer kidnappers. They now had a firm foothold in the Great Eastern Alliance.

It was even more than that. They were flourishing like the sun at high noon.

In the world of the Jing Deity and Crane Deity, Su Yu would be worshiped by all creatures like a deity if he showed the plates.

As an investigator appointed by two deities, Su Yu would hold a high position in other places in this world. Except for deities and their descendants, nobody would dare to offend him.

Su Yu instantly turned from a neglectable outsider to an influential man.

All of them looked at Su Yu with high expectations. This great transition was exciting!

Mo Tianxuan, who looked at Su Yu with appreciation, didn't quarrel with him. She said, "Congratulations! You have obtained a foothold in the Great Eastern Alliance! All the people of the Jiuzhou Continent are elated and inspired by you!"

Su Yu replied, "Thanks!"

"When we get back to the Great Eastern Alliance, I will say goodbye to you. I haven't been home for a long time, so I need to go back and have a look!" Su Yu was not surprised when he found out Mo Tianxuan was from the Great Eastern Alliance. After all, she had the bloodline of a deity.

Chapter 1138: The One Chosen by the Heaven

Su Yu nodded and sincerely said, "Thank you, my lady, for the support and help these years!"

Mo Tianxuan blushed. She always suspected Su Yu, who was from an extraterrestrial world, was trying to seize the Jiuzhou Continent. She always took precautions against him. Therefore, she was embarrassed when Su Yu acknowledged his appreciation for her help.

"Hah! Hah! Brother Su, I knew I made the right decision to follow you," the Ghost Clan's Great Emperor excitedly said. "This is so interesting and exciting!" Although he had seen many deities, he was completely cheered up.

Su Yu replied, "Heh! Heh! More exciting things await you!"

Su Yu looked at the Sacred Kylin on his shoulder and said, "I still have a grander wish that hasn't been fulfilled yet! It will be more exciting!"

The Ghost Clan's Great Emperor lit up his eyes. Although Su Yu didn't discuss any details, it was likely an earth-shaking matter based on Su Yu's courage.

"Let's go! The investigator is about to go back to the port!"

Within two months, the Great Eastern Alliance people were startled by a piece of appalling news.

"Hey! Have you heard? The criminal who kidnapped the descendant of a deity is no longer a kidnapper!"

“Oh? What happened? Does that mean he has been arrested and become a condemned man?”

“No! He is not guilty now!”

“Gasp! Are you sure about that? Anyone who dares kidnap the descendants of deities will be sentenced to death! How could he be innocent now? Are you talking nonsense? If he is not guilty, I’m afraid all those descendants of the deities will be in great danger!”

“Heh! Heh! His innocence was announced by two deities, including the Crane Deity! Nobody else is allowed to look into this issue anymore!”

“What? Did you say two deities gave an order to absolve him? Do you mean he has become a civilian after being a felon?”

“You’ve made two mistakes! First, the two deities didn’t give an order. They absolved him on the spot! Second, he is not only a civilian, but he is also entrusted with an important task!”

“Holy sh*t! Are you kidding me? I don’t believe that those who dared kidnap the descendant of a deity could be entrusted with an important task! Do you mean this man has become a law enforcer? This is totally unbelievable!”

“Boo! Law enforcer? Are you kidding? Now, this man is representing two deities. With two divine plates in his hands, he is entitled to command all people in the worlds of the two deities, from the law enforcers to ordinary people! Anyone who disobeys his order will be disrespecting the deities! Now, he could be considered as a deity of those two worlds!”

Crack!

Everyone in the restaurant became silent. Only the crack of their cups, which fell to the ground, could be heard.

“Please tell me you are joking! Did the two deities give their divine plates to this guy? Has he really become the representative of the two deities?”

Even the sound of a hair falling on the ground could be heard in the restaurant. Everyone’s ears were alert, trying to listen to this amazing story.

The guy who was telling this story was quite excited when he discovered everyone was listening to him attentively. As an ordinary martial artist, he was proud to be the center of attention for the many experts present.

After drinking up a cup of spirits, he pounded the table in front of him and loudly said, “Maybe you don’t know, but Lord Su, who was reincarnated from a dragon, has the souls of nine dragons in his body. He should have been sentenced to death after kidnapping He Xianran! However, he stirred up

the Star River with his powerful skill of nine dragons, which reversed the heaven and earth and ruined many stars. The two deities were startled by the great noise he made!"

"When the two deities saw the anomaly caused by the souls of the nine dragons, they believed Lord Su was a rare genius who was chosen by the heavens. So, they absolved him and gave him a divine plate, respectively!"

After saying that, the man paused. When he noticed all the rest of the people in the restaurant had been attracted by his speech, he continued by asking, "Do you know why the two deities gave their divine plates to Lord Su?"

"Why? Tell us! Even descendants of the deities are not able to obtain a divine plate easily! How could the two deities give their divine plates to this guy willingly?"

Everyone in the restaurant put down their bowls and chopsticks as they attentively looked at the man. When they found he was trying to keep them guessing, they were annoyed. Why? Just tell us the f*cking answer! We are not able to figure out the answer!

"Because the two deities are planning to take Lord Su as their apprentice! In the future, this rare genius will be cultivated into a deity!"

Ah!

Everyone in the restaurant exclaimed in surprise.

They quickly started to talk about what they had just heard.

"Lord Su, who is a kind person, didn't want to let either of the two deities down, so he accepted the two divine plates at the same time. When he makes up his mind, he will decide to become the apprentice of one of the two deities!"

This answer was unreasonable for many people. However, was it reasonable for a kidnapper to become an investigator assigned by two deities?

A weird thing could only have an unreasonable explanation.

When this rumor was heard by members of the Crane Deity's family, all of them were annoyed. They knew this was Su Yu's trick. It was impossible for the Crane Deity to give his divine plate to Su Yu willingly.

However, the Crane Deity's family was forced to suffer in silence.

When people from the Jing Deity's world found out, they didn't know why the Jing Deity had made that decision. The Jing Deity kept silent about it. The people didn't ask since they would never disobey the Jing Deity's order.

As the world was bubbling with the nose of the rumor, the two deities kept silent. Nobody stepped out to denounce the rumor.

The people who didn't believe the rumor ridiculed the foolishness of those who chose to believe it.

When the world learned the reaction of the two deities, those people started to believe that perhaps Su Yu was reincarnated from a dragon and chosen by the heavens. Did it mean the two deities were really going to take him as their apprentice?

Suddenly, it seemed the rumor was about to become a truth.

Meanwhile, the famous Lord Su was enjoying various handsome treatments in a luxuriously decorated palace.

In two months, Su Yu managed to reach Stage Two of All Creation.

Su Yu, who was lazily lying under a tree, ordered, "Grape!"

A peeled grape was quickly placed into Su Yu's mouth by two slim fingers.

Su Yu chewed the grape heartily and said, "Give me a slice of watermelon!"

"Su Yu! Don't cross the line!" An angry voice sounded in Su Yu's ears. It seemed the one who was serving Su Yu had been repressing her anger for a long time.

He Xianran's body had restored. This arrogant girl, who was wearing the attire of a maidservant, was staring at Su Yu as she angrily clenched her teeth.

In the past two months, Su Yu had obtained a mansion in the world of the Crane Deity with his divine plate. Next, he started to perform secluded training in the mansion after getting many resources from this world. When he decided to take a break, He Xianran was asked to serve him.

Su Yu opened his eyes and said with a smile, "Fine. It is time for me to investigate this case! Right! I've heard Cang Tieyi disappeared a while ago. This is a nerve-wracking problem! Where is he now? Let me think about it! Maybe I should go to the world of the Book Deity first. Maybe the Book Deity still has his life jade plate! What if he said something before his death?"

"Hey, my Lord, please enjoy the watermelon," He Xianran said with a wry smile as she placed a slice of watermelon into Su Yu's mouth.

Su Yu laid down and sighed. "Alas, let me think about it again. Yes, again. This is an important issue that can't be decided casually."

He Xianran let out a sigh of relief, even though her heart was still full of hatred toward Su Yu.

Su Yu knew that the Jing Deity and Crane Deity didn't want to ruin the relationship between them.

The Jing Deity had accepted the death of Jing Bai. What he needed now was his dignity. He didn't care whether Su Yu could find the murderer or not.

He still hoped Su Yu would perform the investigation formally.

Therefore, the Jing Deity didn't take back his divine plate from Su Yu. The two deities were quite satisfied with Su Yu's current slacking because both of them would be in a difficult situation if Su Yu found evidence.

Hence, the two deities were glad to see the investigation was being shelved. As for the rumors about the investigation, both of them chose to ignore them.

In this way, Su Yu managed to do whatever he wanted in the worlds of the two deities with their divine plates.

Fortunately, Su Yu had a sense of propriety in his action. Even with the divine plates, he didn't do anything outrageous. That was also the reason the two deities didn't take back their divine plates from him.

Su Yu knew what he could do and what he couldn't do, which reassured the two deities.

After a short break, Su Yu was about to perform secluded training.

He summoned the Sacred Kylin and said, "Sacred Kylin, have you used up the resources I gave you?"

The Sacred Kylin replied with a smile, "Of course not! The resources you gave me are 1/1,000 of all resources in the worlds of the Jing Deity and Crane Deity, which is even more than all the resources of the depleted Jiuzhou Continent. How could we use up so many resources in such a short time?"

"Anyway, young man, why did you decide to cultivate these Mortal Fairies? What do you want to do with them in the future?" Sacred Kylin curiously asked.

Su Yu seriously replied, "I started to gather information when we arrived here. I've secretly cultivated some information collectors. Even the Crane Deity and Jing Deity don't know about it. According to the information, I know the Great Eastern Alliance, which looks so bustling and prosperous, is full of crisis. If I don't accumulate strength now, it will be too late when I am trapped in trouble!"

Most of the information he collected was about the Demon Clan.

When Su Yu was in the Jiuzhou Continent, he knew almost nothing about the Demon Clan.

He thought the Jiuzhou Continent was the only world ruined by the Demon Clan. After collecting information, his mind was weighed down by anxiety.

The Demon Clan was not only crawling in the Jiuzhou Continent, but it was also raging in the Star River.

The Demon Clan originated from the Realm of Demons in the World of Divine Remnant. Almost all demons came from that place.

Demons were born strong. Their way of training was quite overbearing and cruel. They could realize progress if they devoured the flesh and blood of creatures.

In the Star River, over 1,000 species were flourishing. However, none of them could overwhelm the Demon Clan alone.

The Demon Clan also enjoyed numerical superiority. It used to invade many worlds in the Star River and devour all the creatures in those worlds.

One invasion like that used to occur every two or three decades.

In the past 10 years, it had increased to every two years.

After receiving a mayday signal from that world about the invasion of the Demon Clan, Yang Tai, who was the No. 3 member of the Senluo Law Enforcing Team, enforced the law in the World of Lanqian by leading a 10-person team.

Chapter 1139: The Tornado's Advent

When they arrived, the entire world had been conquered by the demons. It was engulfed in devastation.

Like what Su Yu had witnessed before, only a few hundred people returned out of the billions and trillions of living creatures in the cavern world.

The law-enforcing team led by Yang Tai had perished.

The speed at which the decrepit cavern world was being engulfed kept accelerating. The Great Eastern Alliance had noticed this unusual phenomenon.

They were reinforcing their defenses and formulating policies, among which was heading for the vicinity of the Land of Divine Healers to investigate the conditions of the demonic world.

However, they suffered a complete wipe-out every time.

There was even a deity-to-be who was buried within it.

The Great Eastern Alliance was facing a menacing crisis. It certainly wasn't as peaceful and prosperous as it appeared.

"Dealing with the demon race is the most important point. Besides, I was only appointed by the two deities. It isn't my influence. Once the camaraderie between the two deities is broken, it would be unsurprising to have the Divine Order taken back. The Crane Deity will take his revenge on me. I'm afraid it'll be inevitable!"

Having suffered such an unspeakable loss, the Crane Deity would perhaps let Su Yu live if he was in a good mood. If he wasn't, or the Crane Deity's family members weren't pleased and spoke badly of him, Su Yu could lose his life anytime.

By then, the Jing Deity wasn't likely to plead for leniency on his behalf.

Su Yu had to strengthen his power within a limited time frame.

He wished to conceal his strengths and bide his time, conserving his true power, but he didn't realize that a tornado was slowly closing in on him.

In the cavern world of the Book Deity, an elegant man with a gorgeous face and a chivalrous aura was lying beneath the tree, quietly reading a book.

The book was unique. It seemed to have been refined from a special kind of material. It was smooth to the touch and emitted a faint tender scent.

While he was reading, an elder with a pitch-dark face emerged like an apparition. He bent down and respectfully said, "Young Master, the investigation is done."

"Tell me." The graceful man gently flipped through the pages of the book with his slender, fair fingers.

The dark-faced elder said, “When I was investigating the Jiuzhou cavern world, I uncovered the entire course of Qin Kuo’s mishap with the help of the Light Returning Mirror. Please take a look, Young Master.”

The elder retrieved a piece of jade-like mirror that had an extremely smooth texture.

It was crafted from the bones of deities. It contained the Divine Path of the deity during his lifetime. It could be used to investigate the matters that happened in the past five years.

Qin Kuo had only been dead for a year, so this mirror was able to retrace the scenes when he was killed with complete ease.

A picture appeared on the jade-like mirror.

Qin Kuo was stopping a silver-haired youth from killing the Central Prefecture’s King. Initially, the silver-haired youth had set down his weapon. When the Central Prefecture’s King walked forth, the youth suddenly extended a hand and killed him with a strike of his sword.

Shortly after, Qin Kuo intervened. His body was beaten to a pulp by Su Yu, and his soul was taken by Su Yu shortly after.

Every scene was clear and obvious.

The dark-faced elder stood motionless, waiting for the young master to speak.

The young master took a haphazard glance and asked, “What are you waiting for then? Go search for the youth’s whereabouts and seize him. Hand him over to the deity for a verdict.”

The dark-faced elder looked troubled. “He is in the Great Eastern Alliance.”

The young master slightly raised his brows. “Oh? Isn’t that better? A Jiuzhou creature has no basis in the Great Eastern Alliance. He should be easy to kill.”

The dark-faced elder awkwardly replied, “Young master, he is no ordinary person. You have heard his name. He’s called Su Yu. Do you find it familiar?”

Su Yu? The young master raised his brows again. “Are you saying that he’s the Zhenlong Heaven’s Son who is widely spoken of these days? The Su Yu who was endowed with the Divine Order by the Jing Deity and Crane Deity?”

The dark-faced elder lightly nodding. Messing with him would lead to a cascade of actions and make them foes with the Jing Deity and Crane Deity. The Book Deity would not agree to it.

The young master sank into deep thought. He stood up after a long while and said, “The earthlings are foolish to have taken Su Yu for the Zhenlong Heaven’s Son for real. I think there must be some unknown secrets behind it.”

“Once we find the secret, we can identify Su Yu’s weakness. Dispatching people to investigate it will consume a lot of time. The deity can’t wait too long, so I’ll use the Book Deity’s Treasury.”

The Book Deity’s Treasury had everything in the world recorded. It enabled one to easily find out about various unknown secrets of the continent.

As the Book Deity embarked on the path with books, knowledge was his Divine Path.

The dark-faced elderly was delighted. With the help of the item, they could probably sort out the cause-and-effect relations involved.

The number of resources consumed by using the Book Deity's Treasury just once wasn't a minor figure. It would add up to an entire small-scale cavern world.

The young master entered the study chamber and returned not long later. With a placid smile on his face, he said, "What an absolutely clever person he is. With such convoluted cause-and-effect relationships, even the Book Deity's Treasury could barely deduce it!"

When he was done speaking, he flicked his fingers and pressed a mass of emerald light between the dark-faced elder's brows. This allowed him to receive the detailed information.

Having internalized it, the dark-faced elder was surprised. "Tsk, what a totally ingenious scheme! It is flawless!"

"Go and summon Cang Tieyi," the young master ordered.

The dark-faced elder was surprised. "Young Master, Cang Tieyi is severely poisoned. He won't be able to survive long. Have you decided to..."

As he spoke, the dark-faced elder could not help but shudder.

The young master placidly said, "Let him contribute what is left of him before he dies. Hand him over to..."

He began pondering.

The dark-faced elder said, "Certainly to the Jing Deity, right? Once Cang Tieyi tells the Jing Deity the truth about Jing Bo's death, the case doesn't need to be investigated."

"The Jing Deity will withdraw the Divine Order, and I suppose the Crane Deity will do the same soon. By then, who's going to question about us capturing and killing a little fox that can no longer rely on the tiger's prestige?"

However, the young master shook his head gently. "No, Cang Tieyi will be killed by the Jing Deity if we hand him over to him. The Jing Deity is reluctant to have the truth disclosed! He'll also be killed if handed to the Crane Deity, and even more so if handed to Su Yu."

The dark-faced elder asked, "Who is more suitable to hand him to?"

The young master gently smiled. "Of course, the one who hates Su Yu the most!"

The one who hated Su Yu the most had to be the Crane Deity's family members, right?

He Xianran had to be the one who abhorred him the most, right?

But Cang Tieyi would certainly be killed by He Xianran if he ever fell into her hands.

The ones who would be most willing to reveal the truth would be her two older brothers.

Once they handed Cang Tieyi over and divulged the truth to the public, and the matter about He Xianran killing a deity's descendant got exposed, no one would be able to save her.

Eliminating He Xianran, as well as having Su Yu lose his Divine Order, would likely make the two brothers more than willing.

As for which one of them to hand him to, the older one, He Jinghong, was the best choice.

He had schemes, strategies and a ruthless heart. He was the most suitable person to take over this matter.

“Go ahead with it. All we need to do is patiently wait for Su Yu to lose his influence and immediately seize him back,” the young master indifferently said.

The dark-faced elder nodded. “I’ll arrange strong men to lie in ambush around Su Yu’s mansion and have him tamed the second his Divine Order gets annulled!”

The young master nodded. “Just in case, call upon the Three Youths of the Bamboo Garden. They are all Peak Mortal Fairies. There’ll be four Peak Mortal Fairies altogether when you join them, so success should be guaranteed.”

“Yes!” The dark-faced elder was delighted. With the league of the Three Youths of the Bamboo Garden, their power would be terrifying. A Mortal Fairy could be killed in between breaths. They made people tremble in fear.

Meanwhile, Su Yu’s mansion had received several significant guests.

Yang Tai was among them. Su Yu had always kept this young proprietor of the All Access Chamber of Commerce at a wide berth out of respect. How could his act of instructing the Crane Deity’s family to chase after him be concealed from those who paid attention?

He had brought along a guest, a woman with a mellow aura.

She wasn’t exactly beautiful, but she was feminine and delicate with a tranquil personality.

Although they were the ones who had come to visit Su Yu, the woman remained quiet. Most of the time, she was only listening. Su Yu didn’t know her name, let alone her identity.

Seeing Yang Tai’s attitude, her identity couldn’t be inferior.

“I didn’t expect to see Brother Su being entrusted with such an important task,” Yang Tai dryly chattered.

Su Yu merely nodded in response. He had lost count of the elites of the divine region who had visited him in the recent two months.

Many among them had come to confirm the authenticity, but how could Su Yu reveal his true relationship with the two deities? He had been giving outsiders a vague answer.

Su Yu hadn’t grasped the reason the two guests before him had visited. He was slightly impatient. Right when he was about to end the conversation, the woman finally spoke.

“Commissioner Su, I came to visit because I know you are from Jiuzhou. We, the Senluo Law Enforcer Team, have been investigating the matters concerning the death of Law Enforcer Qin Kuo in Jiuzhou. Since you came from Jiuzhou, do you have any clues?”

Su Yu’s heart thumped. They had come with that purpose.

Out of fear of Su Yu's current identity, it wasn't convenient for them to inquire openly. Thus, they delayed up to this point, evading the subject beforehand.

In that case, the delicate woman before him was a member of the Senluo Law Enforcer Team. He just didn't know her ranking.

Su Yu was calm and composed. He put on a sorry look and said, "When I left Jiuzhou, I had not come across Law Enforcer Qin Kuo. I heard that they had come to Jiuzhou to hunt down the remnant soul of the one named the Demonic God of Withered Bones. Could it be related to that demonic creature?"

The delicate woman shook her head. "It's not likely. The remnant soul of the Demonic God of Withered Bones has been captured by Meng Ke. Qin Kuo wasn't killed by him. Based on my speculation, the murder was presumably committed by a Peak Mortal Fairy. Commissioner Su, do you know any information regarding the strong men of Jiuzhou?"

She was at a loss, which was why she had come to look for Su Yu. Jiuzhou had been voided, and the creatures of Jiuzhou were nowhere to be found. The only one left who knew about things was Su Yu.

A thought occurred to Su Yu. He said in a deep voice, "To be honest with you, Jiuzhou has two entities of the Peak Mortal Fairy level, and both of them are demons!"

The eyes of both the delicate woman and Yang Tai flickered. Both Peak Mortal Fairies were demons? If that was the case, how did such a depraved world like the Jiuzhou cavern even contend with them?

"Where are the two demonic creatures?" the delicate woman hurriedly asked.

Su Yu could not help but feel amused. Was a person without acumen like her really a member of the Senluo Law Enforcer Team?

"One of them was annihilated by the joint strength of my Jiuzhou people," Su Yu said. "The other one is still alive and has fled to the Great Eastern Alliance. If there is anyone who could kill Law Enforcer Qin Kuo, it must be one of the two demonic creatures."

The delicate woman asked Su Yu for the drawing of the demon that was alive. Su Yu gave them the drawing of the Glittering Jewel Mortal Fairy without any second thoughts.

Let the Senluo Law Enforcer Team be bothered with the Glittering Jewel Demonic God.

Chapter 1140: Pushing the Boat Downstream

"Thanks a lot, I will head back and order her arrest right away," the delicate woman stood up and made her farewell, but stopped when she reached the door.

She left a messenger jade pendant to Su Yu. "If you think of anything else, just contact me. Oh, my name is Sheng Yuanxin."

Su Yu nodded subconsciously, and his face went stiff instantly, as his heart thumped forcefully for a couple of times!

Sheng Yuanxin? The leader of the Senluo Law-Enforcing Team, a legendary Prospective Deity!!

Su Yu felt chills cascading down his back. Luckily he kept his composure on the surface, and the Prospective Deity hadn't noticed anything.

Sheng Yuanxin did not find Su Yu's expression strange, she nodded apologetically with a reddened face, and turned to leave.

It was Yang Tai who cast a thoughtful look at Su Yu instead. Although the intelligence network of the All Access Chamber of Commerce had not involved the Jiuzhou cavern world, judging from the information he learnt, there were Senluo Law-Enforcing Ships that left hastily before Su Yu boarded the ship.

The absence of a causal connection between the events was impossible.

But without evidence, Yang Tai couldn't say much about it, even if there was evidence... As he thought of Su Yu's dreadfully meticulous mind, Yang Tai shook his head, banishing the idea of making him into a foe.

After they left, Su Yu pondered in silence.

Only the heavens and the earth knew about him killing Law Enforcer Qin Kuo, apart from Su Yu himself and the Evil God. Not even God Kylin knew it, so it wasn't likely to be disclosed.

But how could he have known that the Evil God was right about the Great Eastern Alliance having some mystical tactics? They weren't necessarily unable to uncover the truth.

The young master of the Book Deity had secretly weaved a humongous deathtrap for Su Yu.

Right when Su Yu was brooding, a black figure flashed past the door.

Su Yu's face changed. There were Peak Mortal Fairies dispatched from the Crane Deity's family guarding the mansion, who could have infiltrated his house without alerting those Mortal Fairies?

With shock and suspicion, Su Yu opened the door, and found a slip of paper left on his doorstep.

With a flick of his sleeve, he rolled it up across the air to prevent being injured by hidden weapons. When he spread it out, there was a fine line of wording on it.

Upon reading it, Su Yu's pupils constricted forcefully!

The look on his face changed a few times, as he paced back and forth in the house, deep in thoughts.

"He Xianran, come in," Su Yu said after a long while.

He Xianran came in with great reluctance, full of anger and annoyance. When she saw the solemn look on Su Yu's face, she was slightly taken aback.

"I have a good news and a bad new for you, which one would you like hear first?" Su Yu asked.

He Xianran's eyes turned. "The good news."

"The good news is, I've decided to liberate you, and will not restrict your freedom from now on. Yep, you may go now," Su Yu didn't seem to be kidding.

He Xianran was delighted, but she did not move. Her pretty eyes turned again, and she asked, "How about the bad news then?"

Su Yu stared at He Xianran for a moment, and said in a deep voice, "The bad news is, as a commissioner, I'm going to hunt you down, even if you travel to the remotest ends of the world!"

He Xianran sneered. "What are you really trying to do?"

Swish!

"Read it yourself." Su Yu tossed her the slip of paper.

With doubt and shock, He Xianran spread the paper and took a look, and her face changed theatrically. Resentful and furious, she uttered, "Cang Tieyi is still alive? He has fallen into my oldest brother's hands?"

He Xianran knew how her two older brothers regarded her far too well, as the daughter most favored by their father! How earnestly they wished she would die early!

Her second older brother was alright, but the oldest one longed for her death day and night, for their father to crown him the heir to the divine throne.

Now that Cang Tieyi had fallen into his hands, once he declared the information to the world, not even the Crane Deity could protect her!

No wonder Su Yu asked her to take to her heels, because death was knocking on her door!

"If you choose to run away, I could use the opportunity to hunt you down and then flee from the Crane Deity's cavern world. It's a win-win situation, what do you think?" Su Yu suggested.

Once He Xianran was convicted of the crime, the Crane Deity would certainly vent his anger on Su Yu, and he would die an undignified death.

So before things got out of hand, Su Yu might as well launch his pursuit after He Xianran who absconded for fear of being punished. By the time the news broke out, Su Yu would be far away, leaving no trace behind.

"No way!" He Xianran exclaimed in anger. How could she concede to sit back passively and resign herself to death, while her brothers prevailed?

Unexpectedly, Su Yu wasn't indignant at all, he flashed a placid smile instead. "I feel relieved that you can think that way."

Upon hearing that, He Xianran beamed. "Have you figured out a way?"

He Xianran dreaded Su Yu's expertise in scheming from the bottom of her heart.

But if she could make him her ally, it would be a fantastic surprise!

Su Yu and her were like ants on the same rope right now, both of them did not want the news to break out.

"Not a way, but a detailed set of plans!" Su Yu smiled.

He Xianran's eyes were filled with delight. "Tell me, what do you need, I'll do my best to help you."

Su Yu hesitated for a long moment, before saying, "This is a strategy that will put things right once and for all, for both you and me. If you can accept it, we'll start executing it; if you can't, just forget what I'm about to say."

He Xianran replied somberly, "I'm at the brink of death, what more could I hesitate about?"

Su Yu nodded slowly, and revealed his entire plan to her.

When she finished listening, He Xianran's face had fallen drastically, turning completely pale. Trembling, she said, "You want me to, to..."

Su Yu sighed. "Haih, forget it, the risk involved in this plan is way too tremendous, not any better than the risk of fleeing right now."

However, He Xianran did not refuse immediately. After a long period of brooding, icy light gleamed in her phoenix-like eyes. "How are the chances of success, in your opinion?"

Su Yu pondered for a moment, and replied, "Less than...ten percent."

"Ten percent...It's not too low! If we succeed, there'll be no more hindrance in the future!" In the face of death, He Xianran had a strong desire to survive.

Su Yu said, "If we could confirm the identity of the person who left the paper slip, then the probability could rise to more than 50 percent! I hope my surmise is right."

In the next two days, Su Yu finally left the mansion, and traveled around the Crane Deity's cavern world.

Each and every move of his drew attention now, and could not be concealed from people with ulterior motives.

Nonetheless, no one would find Su Yu's behavior strange, especially the people of the Crane Deity's family, who would find it even less unusual.

Because Su Yu had assumed the identity of an investigating commissioner, how was he going to account for his job to the two deities, if he didn't step out there and take a stroll, pretending to be investigating?

He Jinghong paid extra attention to Su Yu's moves, he kept an eye on whoever got in contact with Su Yu, and the conversations they had.

Despite having the Divine Order at hand, this was the territory of the Crane Deity's family after all, none of Su Yu's moves could escape their surveillance.

After ascertaining that there was nothing uncanny about Su Yu, only did He Jinghong put his mind at ease. Hints of cold gleam flashed across his eyes every now and then.

Two days later, in the secret chamber, He Xianran returned a token to Su Yu.

"How's the preparation going?" Su Yu asked.

He Xianran fiddled with her hair flirtatiously, and sneered in an alluring manner. "Just waiting for my brother to end my life!"

Swish!

Before long, a withered elder hastily hurried over from outside the door, with a troubled look on his face. “Miss, something bad happened!”

“What’s wrong?” He Xianran pretended not to know, but exchanged a glance with Su Yu. The opportunity to turn their fates around had arrived!

Cold sweat had broken out all over Dulong’s face. “Miss, a disaster struck, Bu Tieyi has been found, he has something to report to the Senluo Law-Enforcing Team, I’ve come to notify you immediately once I received the news!”

He Xianran had an icy smile on the corners of her lips, but she opened the stone door anxiously, and her face changed dramatically. “What? Isn’t he missing? How is he still alive?”

Dulong was sweating profusely, extremely worried. “Miss, I have no idea either, reasonably, even if he did not die, it was impossible he could have come to our Crane Deity’s cavern world. Miss, think of a way to stop him, once Bu Tieyi arrives at the garrison of the Senluo Law-Enforcing Team in this area, it’ll all be too late!”

He Xianran said, “But I’m in captivity now, I can’t get away...”

He Xianran looked toward Su Yu, helpless. Su Yu replied with a grave look, “Our fates are tied together now, I’ll accompany you there as a commissioner! Bu Tieyi has to be stopped!”

The two of them left the mansion immediately, seeming in a great hurry.

When they arrived at the garrison, they saw several strangers indeed. They were carrying Bu Tieyi, walking to the front of the garrison of the Senluo Law-Enforcing Team stationed in the Crane Deity’s cavern world.

Bu Tieyi had a dark gloomy look on his face, as if he was hovering beside his own coffin.

Outside the Senluo Law-Enforcing Team, a young girl with the look of a servant was patiently receiving them.

“Lord Bu, what do you have to say?” The servant asked.

Bu Tieyi inhaled a deep breath, and said with great difficulty, “I want to report He Xianran! It was her, it was her who killed Jing Bai, the deity’s descendant. Please commence investigation right away, Senluo Law-Enforcing Team.”

The evidence had surfaced so blatantly before a large audience, and right in front of the Senluo Law-Enforcing Team!

Everything was doomed!

He Xianran shivered uncontrollably, the look on her face changing elusively. At long last, she gritted her teeth and sneaked an attack on Su Yu, and was about to take flight.

But Su Yu was quick to respond, he retrieved the Divine Order immediately. Under the illumination of the divine brilliance, He Xianran’s body convulsed, and she collapsed on the ground.

Su Yu displayed the shackles and heaved a silent sigh. “So you really were the perpetrator, I ask for your cooperation in the investigation.”

When he finished speaking, he escorted her to the mansion of the Crane Deity's family.

Having received the tidings, the Senluo Law-Enforcing Team sensed the significance of the matter, and also assigned a reputable member of the law-enforcing team, Xiao Xuan, to personally take charge of the matter.

The Crane Deity was in the midst of training. He placed great importance on He Xianran's affairs, and had planned to leave it stalemated for a period of time. Once the winds calmed and the waves subsided, and the matter became neglected, he would explain it away lightly.

The evidence had been destroyed anyway, He Xianran would not be jeopardized.

Among his three children, he was most willing to pass down his divine throne to He Xianran, he did not wish any mishap to befall her.

Right at that moment, He Jinghong's flustered voice sounded from outside the secret chamber, "Father, bad news! Bu Tieyi has exposed sister! The Senluo Law-Enforcing Team has come!"

Upon hearing that, the Crane Deity seemed to be stricken by a bolt of thunder. He turned and questioned calmly, "Where is He Xianran? Have you informed her to run?"

Since the Senluo Law-Enforcing Team had intervened, it meant that the matter had been revealed in broad daylight, it could no longer be concealed.

He only hoped that He Xianran could escape as soon as she could.

"It is too late! That Su Yu, the moment the evidence surfaced and there was no way to conceal it further, he ruthlessly captured our sister who was just about to flee, so that he could please the Jing Deity. She has been sent to my house, it is up to you to decide now, Father."

The Crane Deity was infuriated. "What? How dare Su Yu! He did not take the opportunity to run away, but has deterred your sister instead? Does he really think that the Jing Deity will save him?"
