Chapter 1151: The World of Divine Remnant

In the reception room of the Crane Deity's family, He Ruchu was calmly chatting with two visitors.

Both of the visitors were from the Senluo Law Enforcement Team. One visitor was Bu Ruyi who was ranked second, while the other visitor was Yang Tai who was ranked third.

Frankly speaking, He Ruchu was surprised when two big shots of the Senluo Law Enforcement Team arrived and was worried they might try to create disturbance here.

When they said they wanted to call on Su Yu, He Ruchu's heart was at ease.

He Ruchu looked at Bu Ruyi and said, "Lord Bu, the Feather God is performing secluded training and doesn't want to be disturbed. If you have something urgent, I can deliver a message for you!"

Hearing this, Bu Ruyi was slightly stunned. He had planned to challenge Su Yu but didn't expect he wouldn't be able to see Su Yu.

Then, Bu Ruyi smiled at Yang Tai apologetically.

Even Bu Ruyi was not able to meet Su Yu, let alone Yang Tai whose rank was lower.

Bu Ruyi wore a thoughtful smile as he looked at Yang Tai who was also given the cold shoulder and said, "Lord Yang, let's go! The threshold of the Feather God's door is so high that we are not able to see him!"

Hearing this, Yang Tai smiled but said nothing.

Just then, Zhang Yiming came over and whispered to He Ruchu.

He Ruchu looked at Yang Tai with a smile and said, "Lord Yang, the Feather God is waiting for you!"

This was the first time Su Yu had agreed to meet a visitor in a long time. So, He Ruchu had to give special treatment to Yang Tai.

Yang Tai nodded at Bu Ruyi. Then, he walked calmly into the backyard, leaving a frustrated Bu Ruyi behind.

Bu Ruyi got a feeling that Su Yu looked down upon him.

Sometimes, a comparison could result in a horrible result. Bu Ruyi wouldn't be so angry if he was refused when he came here alone or both Yang Tai and him were refused at the same time.

What annoyed him was that Yang Tai was ushered in while he had to leave.

Bu Ruyi's face darkened as he murmured in his heart angrily. "Do you think you are a real deity?"

To him, Su Yu, who was just a substitute deity, was nothing.

"Lord Bu, may I deliver a message for you..." He Ruchu said with a smile.

Hearing this, Bu Ruyi left in anger as he said, "Tell Su Yu, don't be caught by me!"

He Ruchu smiled. Then, he shook his head as he looked at Bu Ruyi from behind. “Alas! Another headstrong guy! He should pray Su Yu won’t be caught by him. Otherwise, everyone knows who will suffer a loss at last!”

The divine hall was the rarely-used place in which a deity met guests.

Su Yu chose to meet Yang Tai in the divine hall, which was a quite formal reception. It would deliver a message to Yang Tai that Su Yu attached great importance to him.

As expected, Yang Tai knew that Su Yu was willing to improve the relationship between the two of them when he realized he was about to be received in the divine hall.

“Heh! Heh! It seems I’ve made the correct decision! Then, what I should do is to tell him this important news.” Yang Tai walked into the divine hall with a smile. After a short while, Su Yu appeared.

“Lord Yang, long time no see! How are you?” Su Yu said with a smile.

Yang Tai folded his hands and said to Su Yu, “I really don’t deserve this! Lord Su, you are a deity now! Please accept my reverence!”

Su Yu waved his hand after hearing that. “When I was still an ordinary person, you didn’t ask me to kneel down in front of you as a descendant of a deity! So, please forget those courtesies here!”

Hearing this, Yang Tai put his heart at rest. He knew Su Yu had decided to cancel those unpleasant memories in his heart. Now, they had tacitly become friends from being enemies.

“Heh! Heh! Thanks, Lord Su!” Yang Tai said with a smile. After taking a seat, he said seriously, “Please forgive my abrupt visit. Lord Su, I’ve got some urgent news. So, I have to inform you!”

Su Yu replied with a smile, “You have my ears!”

Yang Tai took out a piece of paper and gave it to Su Yu. “My intelligence agents are spying on the Book Deity’s family. Three months ago, my people found out that Wuchou, who is the trusted follower of the young master of the Book Deity’s family, left secretly. Only a few members of the Book Deity’s family knew his plan. So, we have been following Wuchou for three months! My people found Wuchou went to the World of Divine Remnant alone!”

Su Yu raised his eyebrows after hearing that. “The World of Divine Remnant? It is a world near the Realm of Demons! Isn’t he afraid of being devoured by the demons?”

Hearing this, Yang Tai said, “Lord Su, the World of Divine Remnant is very close to the Realm of Demons. However, this world is composed of countless creatures that used to betray their own worlds. These creatures have nowhere to go. So, they have to stay in that place. The demons never invade that place. On the contrary, they ask those traitors to lead way for them when they try to invade other worlds!”

A strand of killing intent appeared in Su Yu’s eyes when he heard that.

Traitors were always the most abhorrent enemies!

“My people kept following Wuchou and found he went to the Netherworld Faction in the World of Divine Remnant!” When Yang Tai mentioned the Netherworld Faction, he was even more serious. “Lord Su, the Netherworld Faction is a horrible assassination organization. All the members of this faction are ferocious traitors of different worlds. The weakest member of this faction has reached the level of Mortal Fairy. The most powerful member of this faction is a prospective deity!”

Hearing this, Su Yu was somewhat surprised.

Prospective deity? Su Yu, who had witnessed the real strength of Sheng Yuanxin, knew how horrible a prospective deity was clearly!

“The leader of the Netherworld Faction is the Death Deity who seldom shows up!”

A deity? This is really a big faction!

“The intelligence we got is that Wuchou asked the Netherworld Faction to kill you! They want to kill you at all costs!” Yang Tai said coldly.

Su Yu realized how terrible the situation was.

At all costs means they will send peak Mortal Fairies or even... a prospective deity to kill me!

Now, Su Yu would be in great danger if he confronted a peak Mortal Fairy, let alone a prospective deity!

If they sent the prospective deity to kill Su Yu, he would only manage a narrow escape.

“Lord Yang, I really appreciate this gift you brought me, which is so important for me!” Su Yu stood up to express his gratitude. Yang Tai’s gift was big enough for Su Yu to let go of all former enmity.

Yang Tai knew he had achieved his goal. So, he replied, “Lord Su, please don’t hesitate to tell me about anything I can help you with. I can send one or two prospective deities of my family to help you!”

Even the All Access family didn’t have a lot of prospective deities. Yang Tai uttered those words reluctantly because he was not entitled to enjoy the protection of prospective deities!

“Lord Yang, I really appreciate your kindness. But I can handle those who are going to kill me!” Su Yu said.

Hearing this, Yang Tai let out a sigh of relief secretly. If Su Yu really asked him to send prospective deities, he had to brace himself to lodge an application to his family.

The prospective deities of the Netherworld Faction accumulated experience through real combats, who were more powerful than the prospective deities of his family who gained experience by absorbing countless precious resources.

Any casualty of the prospective deities would cause a great loss to his family. It was not affordable for him, the young master.

“OK! Lord Su, please take care! My people have come back which means the assassins might also have come to this place! Please take precautionary measures against them!” Yang Tai said.

Su Yu nodded his head. After saying goodbye to Yang Tai, Su Yu walked back into the divine hall seriously.

He knew it was quite difficult to defeat a prospective deity. However, to guard against prospective deities was a totally different story!

Apparently, guarding against prospective deities was much more difficult than defeating them!

“I have to make preparations!” Su Yu said as a chilly light flashed in his eyes. “I will kill all of you unless you send the Death Deity here!”

For Su Yu, who was responsible for the safety of the world of Jiuzhou Continent and the world of the Crane Deity, failure was not an option!

He had to eliminate all those who might endanger him!

Then, Su Yu opened his palm. The Milky Way Star Sand appeared in the form of the Crane Deity.

“Where is the Evil Fatal Energy?”

The Crane Deity replied, “It is inside the Milky Way Star Sand!”

Things absorbed by the Milky Way Star Sand wouldn’t disappear. They were transferred to another place – inside the Milky Way Star Sand.

“Take it out and make a long spear with it! The long spear should be ready in two months, no, in one month!”

“As you wish!” The divine soul of the Crane Deity would prepare a long spear with the Evil Fatal Energy easily.

The next moment, Su Yu took out a golden arrow. It was a little bit dim and was not as dazzling as before. However, it was still full of horrible energy.

The Celestial Destroying Arrow was also Su Yu’s lethal weapon.

However, it was still not enough. He knew he still had a lot to do to guard against the assassinations from prospective deities.

Moreover, all these assassins were experienced killers.

The next moment, Su Yu appeared in the Nine Jade Spiritual Pearl again.

“You know you’ve made a mistake, right? Are you going to marry me now?” The Tree Goddess, who was bullying Sheng Ge, said mischievously.

Su Yu ignored her and looked at Sheng Ge. “How is the Chaos Multicolored Butterfly now?”

Sheng Ge ran away from the Tree Goddess and said, “It is fully recovered. It made progress when you placed those precious items which couldn’t be found in the world of Jiuzhou Continent into this place! Now, its attack by flapping its wings is more powerful!”

“Really?” Su Yu was pleasantly surprised. When he became a peak Mortal Fairy, the Chaos Multicolored Butterfly used to ruin his body by flapping its wings. The progress meant it was more lethal now!

Sheng Ge nodded her head strenuously when she heard Su Yu’s words.

“Good! Continue to cultivate it with anything you can find in the Supreme Growing Soil! I will need its assistance in two months!”

Sheng Ge nodded her head again.

“Hey! Do you have some problems?” the Tree Goddess said.

Su Yu replied, “Yes! Some prospective deities are planning to assassinate me!”

Hearing this, the Tree Goddess furrowed her eyebrows. “The prospective deity is a fuzzy concept! Those who have just obtained their Celestial Energy Sphere are prospective deities. Those who are only one step away from becoming deities are also prospective deities! The strength gap between different prospective deities is as unpredictable as that between different deities!”

“Although I am extricated, my Celestial Energy Sphere was seriously impaired in those years. If you are facing a prospective deity at an early stage, I guess I can win the fight. If the assassin is a prospective deity at the middle stage, I think I will be killed in the fight, let alone a prospective deity at a later stage! Do you know the actual strength of the prospective deities who are going to kill you?”

Su Yu furrowed his eyebrows deeply. “This is what bothers me! I have no idea about the actual strength and the number of prospective deities and the time of their assassination!”

Hearing this, the Tree Goddess also started to think deeply. “You are in a passive position now. What you can do is to strengthen your defense!”

Su Yu’s eyes lit up and he shook his head seriously. “I know I need to strengthen my defense! But I will take the initiative! Initiative is the advantage of those assassins. This time I will put them into the least favorable passive position!”

What? The Tree Goddess was stunned when she heard what Su Yu said. As a time-honored expert, she couldn’t figure out how Su Yu, who was in a passive position, could reverse the situation.

Chapter 1152: Preparations

Su Yu walked out of the Nine Jade Spiritual Pearl. Now, he had the assistance of the long spear made from the Evil Fatal Energy, the Celestial Destroying Arrow, the Chaos Multicolored Butterfly, and the Tree Goddess.

But only the Tree Goddess was able to defeat some early-stage prospective deities.

“This is far from enough!” Su Yu speculated. There were a lot of powerful experts in the world of the Crane Deity. However, in front of prospective deities, number was no longer an advantage but a disadvantage.

The assassin could approach him by hiding in the crowd.

Although Su Yu was a deity now, he didn't have a lot of underlings.

He had to rely on himself!

An idea occurred to Su Yu. He took out several balls of purple flame. Inside the flame, some fluid drops of Heavenly Orchid Silver Bamboo could be seen.

He still had six fluid drops left, and they were enough for him to make six Heavenly Orchid Silver Bamboo Swords.

In the world of Jiuzhou Continent, nobody was able to forge fairy artifacts except the small Kylin. However, it was quite easy in the Great Eastern Alliance!

The world of the God of Instrument was created by a deity who was good at forging. A lot of forging grandmasters could be found in this world. So, it would be quite easy to ask them to forge the swords for Su Yu.

Half a day later, He Ruchu walked over to Su Yu and said, "Feather God, are you going to leave here?"

Su Yu nodded. "Yes! I will be away for a fortnight or maybe even a month!"

After chatting with He Ruchu for a while, Su Yu left for the world of the God of Instrument.

He would have to spend five or six days to reach his destination even with the assistance of a divine level transportation portal.

After Su Yu's departure, a pretty and graceful middle-aged woman appeared in the market of a city at the edge of the Crane Deity's world.

Anyone who was attentive would see that everyone in this bustling market turned a blind eye to this pretty woman. People didn't pay any attention to her even when they passed by her.

It seemed that everyone was completely ignoring her.

In a restaurant located in the market, Sheng Yuanxin furrowed her eyebrows slightly and said, "She is a prospective deity. I guess she is using the Soul Concealment Art. People are not able to pay attention to her even when they stand in front of her. I don't know where she learned this technique!"

Bu Ruyi, who was sitting in front of Sheng Yuanxin, glanced at the woman. As expected, when he tried to fix his eyes on her, his view would be deflected inexplicably.

He tried several times but failed to look at her clearly.

"Tsk! If this woman is an assassin, she must be a good one!" Bu Ruyi said casually.

Sheng Yuanxin nodded her head slightly. "Have you found Bu Tieyi?"

Bu Ruyi nodded his head in response. "When he left the Crane Deity's family, he disappeared immediately to avoid being killed by members of the Crane Deity's family. He didn't go back to the world of the Book Deity but went to the world of the God of Instrument. I guess he is trying to live in seclusion!"

Sheng Yuanxin replied, "I see. Let's go to the world of the God of Instrument. He is one of those who survived the task in the world of Jiuzhou Continent. I bet he knows something about Qin Kuo!"

"Yuanxin, why do you show such concern about Qin Kuo?" Bu Ruyi asked in puzzlement. Normally, the captain of the Senluo Law Enforcement Team wouldn't pay attention to a case like this.

Sheng Yuanxin didn't dare to tell him the fact hidden behind the task in the world of Jiuzhou Continent. So, she said as if she was quite angry, "A law enforcement officer was killed there! If the murderer is not severely punished, those outlaws will be more rampant!"

Hearing this, Bu Ruyi said, "Exactly! As law enforcers, we are high and mighty! However, somebody still dares to despise us!"

Apparently, he was talking about Su Yu who had shown his contempt for Bu Ruyi by refusing to meet him.

"Eh...right! What you said is correct!" Sheng Yuanxin said guiltily.

—

Six days later in the world of the God of Instrument

According to the information obtained by Su Yu, the world of the God of Instrument had four forging grandmasters who stayed in the four directions in this world.

The grandmaster in the east, whose name was Wang Yunxuan, was the strongest among them. Only for the God of Instrument could rival him in forging skill.

This guy was famous for his rapid forging of high-quality equipment.

Now, what Su Yu was lacking was time!

Like most famous forging grandmasters, Wang Yunxuan didn't want to waste his time in forging easy equipment.

However, Wang Yunxuan was even more picky. The equipment forging should not only be challenging but also something exciting that could cheer him up. Otherwise, he would refuse the customer no matter how much money the customer agreed to pay him.

His peculiar style was really unpredictable.

The forging of Su Yu's six swords was difficult. However, nobody knew whether they would meet Wang Yunxuan's requirements.

The other three grandmasters were not as odd. They wouldn't refuse any customer who could pay them handsomely.

After careful consideration, Su Yu finally went to the mansion of Wang Yunxuan.

A lot of people were waiting outside the mansion of Wang Yunxuan. Standing in the crowd, Su Yu didn't reveal his identity as the Feather God. He chose to stand in the line quietly like the other people who were waiting for Wang Yunxuan to receive them.

“My Master said he will only forge middle-grade fairy artifacts today!” Wang Yunxuan was about to meet his customers, and one of his apprentices shouted loudly after walking out of the door.

Hearing this, almost everyone left immediately.

Are you kidding? The forging of a middle-grade fairy artifact is never easy! The money and resources used are ten times that required for low-grade fairy artifacts!

They were not surprised because Wang Yunxuan always acted like this. When he was in a good mood, he would ask his apprentice to announce a condition which was unacceptable for all customers, so that he could drive these customers away.

Before long, all the other people in the area had left.

The apprentice saw Su Yu and said, “Are you going to forge a middle-grade fairy artifact?”

Su Yu replied by shaking his head. “No, just six low-grade fairy artifacts!”

Hearing this, the apprentice shook his small bald head. “Please leave! My Master doesn’t want to forge anything today!”

Su Yu replied with a smile, “I think your Master will meet me. Please tell him I am waiting for him!”

The bald-headed apprentice said with a wry smile, “Hey! What’s wrong with you? My Master hasn’t received any interesting forging tasks recently, which ruins his mood. If you don’t care your artifact might be ruined by him, I will let you in!”

“Heh! Heh! If your Master finds out who I am, I guess he will feel better!”

The apprentice, who was puzzled by Su Yu’s persistence, asked, “Who are you, please?”

“Su Yu! Eh, you can call me the Feather God!”

Hearing this, the apprentice was surprised. “Are you the Feather God?”

“I think your Master will be interested in my visit!” Su Yu said.

However, the apprentice darkened his face and said, “I suggest you leave here immediately. My Master has been saying a lot of bad things about you these last few days!”

Eh...Su Yu was stunned. About me?

“Fine! Please tell him if I am not received within ten minutes, I will find other forging grandmasters!”

After hearing this, the apprentice had to inform Wang Yunxuan.

Wang Yunxuan was in his 50s. His training stage was not high. Unlike those strongly-built forging grandmasters, he was quite handsome and graceful.

After being informed of his visitor by the apprentice, Wang Yunxuan stood up and slammed his fist down on the table in front of him as he shouted angrily, “How dare that b*stard come to meet me? I

really hate him because he didn't ask me to join him in usurping the deity position. That would have been really exciting!"

Hearing this, his apprentice widened his mouth in surprise. "Holy sh*t! I know why my Master kept condemning Su Yu. It turns out he was annoyed because Su Yu didn't ask him to usurp the deity position!" he thought.

Actually, there was some talk that Su Yu had obtained his deity position illegally. Many people believed this gossip because it was quite difficult to explain how Su Yu had become the substitute deity of the world of the Crane Deity.

"So, shall I drive him away?"

"Wait! What equipment does he want to forge?"

"Six low-grade fairy artifacts!"

"Boring! I am not interested!" Wang Yunxuan waved his hand impatiently.

The apprentice sighed in his heart secretly. "I told you my Master won't be interested!" he thought.

"What else did he say?"

The apprentice replied, "He said if he is not received within ten minutes, he will find other forging grandmasters!"

Hearing this, Wang Yunxuan rolled his eyes as he said, "Bring him here!"

The apprentice was completely puzzled by his peculiar master.

In a short while, Su Yu met Wang Yunxuan in the yard.

"Grandmaster Wang, the divine bone battleship built by you is very tough and durable!" Su Yu said with a smile.

When Su Yu had been planning to escape from the Crane Deity, he built three divine bone ships, including two small divine bone ships as bait. They were built by two forging experts in the black market.

The gigantic divine bone battleship was also built by an expert in the black market.

However, nobody knew the builder of that battleship was Wang Yunxuan!

Nobody expected the legendary Wang Yunxuan to offer his service in the black market. When he heard Su Yu trying to find someone in the black market to build a ship, he volunteered to do this work.

The reason was quite simple. Helping a notorious kidnapper to escape was so exciting!

"I won't forge any fairy artifact today!" Wang Yunxuan said when he saw Su Yu.

Su Yu replied with a smile, "What about fairy artifacts that are used to kill prospective deities?"

Kill prospective deities? Pleasant surprise appeared in Wang Yunxuan's angry face. Then, his eyes lit up and he asked excitedly, "Prospective deity? Which family?"

“The Netherworld Faction!” Su Yu replied calmly.

Hearing this, Wang Yunxuan was not terrified but patted his thigh and shouted excitedly, “Hah! Hah! Hah! To kill prospective deities from the Netherworld Faction is more exciting than killing prospective deities of the big families!” The prospective deities of the Netherworld Faction are very cunning and tough. Only their death could bring me a sense of accomplishment!”

“I know you will never bother me with boring issues!” Wang Yunxuan’s face was radiant with joy. The apprentice hadn’t seen this long-lost expression for a long time! Then, Wang Yunxuan patted Su Yu’s shoulder and said, “OK! I’ll help you! But are you sure you can kill prospective deities with six low-grade fairy artifacts? Don’t try to fool me!”

Su Yu replied with a faint smile, “Maybe six swords are not enough. What about eight swords?”

“Still not enough!” Wang Yunxuan clearly understood the real strength of prospective deities.

“What about nine swords?” Su Yu said with a smile.

Nine swords... Wang Yunxuan was lost in thought. Then, he said, “Nine swords! I guess you are going to attack with a sword formation, right? You might kill a prospective deity with a top-class sword formation. But it will still be extremely difficult!”

Su Yu agreed with what he said. He didn’t believe the complete Nine Suns Cosmos Sword Formation could kill a prospective deity.

If it was really so easy, the prospective deities would be too weak and all of them would have been killed by others!

“But...” Wang Yunxuan said excitedly, “But this is challenging! Maybe nine low-grade fairy artifacts are not enough. But I guess nine middle-grade fairy artifacts will be good enough! Heh! Heh!”

Su Yu raised his eyebrows. “These materials are only enough to forge low-grade fairy artifacts, right?”

Wang Yunxuan said excitedly, “That’s why it is interesting and challenging! Impossible is nothing, right?”

“First, let me see the three swords behind your back!”

Su Yu gave the three Heavenly Orchid Silver Bamboo Swords to him. After glancing at them, Wang Yunxuan shouted out in surprise as his pupils constricted. “Good swords! The guy who forged these swords must be a divine level forging grandmaster! I guess this guy is as powerful as my master!”

Is the Small Kylin really so powerful? Where does he get those forging skills in his brain? Could it be that he is a God of Instrument?

“It’s a pity that the flame used during the forging was not pure enough. So, the forging lasted for a long time. Because of this, the level of these swords is low. OK! I have to offend this divine level grandmaster by reforging these three swords!”

Wang Yunxuan took the three swords and materials and started to forge them excitedly.

Beside him, Su Yu was watching carefully.

The forging of fairy artifacts had a lot of processes. So, Wang Yunxuan summoned some people and asked them to finish some simple tasks.

When these people appeared, Su Yu fixed his eyes on one of them in surprise. That person also stared at Su Yu in shock.

However, Su Yu looked away and pretended he didn’t know the guy.

“I guess he is trying to live in seclusion in this place after running out escaping from the world of the Crane Deity. He doesn’t want to be bothered by others,” Su Yu thought.

Just then, the bald-headed apprentice, who was covered with sweat, rushed up and shouted anxiously, “Master, Sheng Yuanxin, the captain of the Senluo Law Enforcement Team and Bu Ruyi want to meet you!”

Almost nobody liked being visited by members of the Senluo Law Enforcement Team who had the right to kill anyone except for the descendants of the deities.

Wang Yunxuan was quite unhappy to hear that. However, he had to meet the members of the Senluo Law Enforcing Team.

Hearing this, Bu Tieyi darkened his face and became quite nervous.

When the apprentice was about to usher the visitors in, Su Yu said, “Just tell them the Feather God is here. Grandmaster Wang doesn’t have time to meet them!”

The apprentice was totally stunned by his words. To reject the members of the Senluo Law Enforcement Team in such a direct way was... so lawless!

But Su Yu was a substitute deity! Nobody could stop a deity from breaking the law constituted by deities!

Wang Yunxuan said with a smile, “Your reply is so overbearing! I like it!”

Bu Tieyi let out a sigh of relief as he looked at Su Yu gratefully.

Outside the door, when Sheng Yuanxin and Bu Ruyi heard the reply of Su Yu, their reactions were totally different.

Sheng Yuanxin was somewhat stunned. “I didn’t expect to meet him here!”

Bu Ruyi’s face darkened and he said angrily, “How dare he say that! He drove me away from the Crane Deity’s family! Now, he tries to drive me away in the mansion of Wang Yunxuan! Does he really think he is a deity reincarnated from nine dragons?”

After being annoyed twice, Bu Ruyi, whose body was wrapped up by killing intent and the magnificent strength of a peak Mortal Fairy, pushed the little apprentice aside and walked into the yard angrily. “Su Yu! I am in the yard now! What will you do to punish me, substitute deity?”

Chapter 1153: Upgrade the Sword Formation

When Bu Ruyi was about to walk into the yard, he was immediately stopped by a layer of faint divine strength.

“Yuanxin? Why do you stop me?” Bu Ruyi asked angrily.

Sheng Yuanxin replied, “After all, he is a deity. If he kills you because of your rudeness, the Sword Deity will not be able to avenge you, understand?”

Hearing this, Bu Ruyi grew even angrier. “I don’t believe a substitute deity who is an All Creations expert is able to kill me!”

“Bu Ruyi, I can arrest you because of your irreverent words towards a deity. The Crane Deity’s last words are real. This guy is the substitute deity and not a fake one. If you continue to speak like this and defile a deity, I have to arrest you!” Sheng Yuanxin, who didn’t like Bu Ruyi’s aggressive style, said calmly.

Compared to Su Yu who was humble, steady, calm and wise, Bu Ruyi was at the other extreme.

Hearing this, Bu Ruyi stepped back because he knew Sheng Yuanxin was a woman of principle, although she looked quite placid.

If he insisted on provoking Su Yu, Sheng Yuanxin might really arrest him.

“Humph!” Bu Ruyi walked back resentfully.

Sheng Yuanxin said seriously, “The calumny, verbal aggression, and defamation against a deity are felonies! As a law enforcer in the Senluo Law Enforcement Team, you should know that!”

These words made Bu Ruyi even angrier!

He was annoyed because he was being overridden by a poor All Creation expert.

His father, the Sword Deity, was one of the three most powerful deities in this world.

As a powerful peak Mortal Fairy, Bu Ruyi ranked second among all descendants of deities. He was only second to Sheng Yuanxin.

So, he believed Su Yu couldn’t rival him at all.

Why did he have to show respect to Su Yu?

He was not able to accept this fact.

Seeing this, Sheng Yuanxin sighed in her heart secretly. “OK, I think I should allow Bu Ruyi to learn a lesson by facing a setback,” she thought.

“As a descendant of deity, we can’t attack a deity. However, you are one of the nine law enforcers in the Alliance Hall who has a privilege!” Sheng Yuanxin said slowly.

Her words reminded Bu Ruyi, who was still extremely furious, of something.

The top three law enforcers of the Senluo Law Enforcement Team could be promoted as law enforcers in the Alliance Hall. Although they didn't have the real power of the management of the alliance, they could enjoy all the rights of a law enforcer in the Alliance Hall!

Among these privileges, one privilege, which was quite inconspicuous, allowed the law enforcers to challenge a deity every three years.

This was a rule set up by 100 deities when the alliance was established. A deity who was challenged couldn't reject it unless this deity was away from home.

However, everyone knew it was quite absurd to challenge a deity. Even a prospective deity was not able to gain anything in such a fight.

After all, the gap in strength was too large. The challenger would be defeated at the very beginning of the fight. So, it was impossible to gain any experience in the fight.

Therefore, this privilege had almost been forgotten by the law enforcers.

After being reminded of it by Sheng Yuanxin, Bu Ruyi remembered this privilege immediately. With a cold smile, he said, "To challenge a deity? Heh! Heh! I will be the first one to exercise this right!"

Bu Ruyi's face was radiant with excitement.

Nobody had used this right to challenge a deity before. So, a lot of deities would come to watch this fight.

If Bu Ruyi could defeat a deity, he would be commended by the many deities, which was exactly what he wanted.

Looking at Bu Ruyi as he indulged in his fantasy, Sheng Yuanxin sighed in her heart. "I hope Su Yu is merciful and doesn't make him look too bad!" she thought.

—

Inside the mansion, the forging of the fairy artifacts was being performed in a regular sequence.

In order to forge middle-grade fairy artifacts from the materials for low-grade fairy artifacts, Wang Yunxuan inputted some lavish expenditure.

He added many precious materials, even some materials which couldn't be found in the market, into the swords.

However, it was still not enough. The main material was the Heavenly Orchid Silver Bamboo Swords, which had decided the grade limit of the fairy artifacts to be forged.

No matter how skillful Wang Yunxuan was in forging, he was not able to go against the rules of nature.

However, Wang Yunxuan was more and more excited because of this challenging task.

At last, he used his blood of a descendant of a deity!

The bloodline of the God of Instrument!

The blood of the God of Instrument's descendant could be used to enhance the grade of materials.

However, this kind of divine blood was non-renewable!

The lower the bloodline's purity was, the lower the possibility of Wang Yunxuan to become the new God of Instrument would be.

But it seemed Wang Yunxuan didn't care about it at all. He continued to forge the artifacts with his divine blood casually, which surprised Su Yu greatly.

"The rest forging experts use their strength to finish their work. You are using your life to do your job!" Su Yu thought.

Although Wang Yunxuan was a forging grandmaster, he also needed a lot of time to forge nine middle-grade fairy artifacts!

15 days later, the forging was finished.

From the biting cold well water, Wang Yunxuan took out nine swords that had been reshaped during the forging.

The swords looked like the swords used in the Nine Suns Cosmos Sword Formation. Their shape had not changed.

However, the edge and tip of the swords were faint red just like the blood of the swords' victims.

The Heavenly Orchid Silver Bamboo Swords, which used to be quite shiny and holy, looked like more of a deterrent now.

When Su Yu touched the handle, he could even feel the heartbeat of the sword. It was as if the Heavenly Orchid Silver Bamboo Swords were alive.

"The middle-grade fairy artifacts are intelligent. If a soul is willing to merge into the swords and become an Artifact Spirit, the grade of the Heavenly Orchid Silver Bamboo Swords could be further enhanced and become top-grade fairy artifacts!"

Su Yu knew ordinary people would never become an Artifact Spirit in order to enhance the swords to the top-grade fairy artifacts.

However, even middle-grade fairy artifacts were enough for Su Yu now.

He had managed to kill a Stage Two Mortal Fairy when the swords were still low-grade fairy artifacts.

Therefore, he didn't know the actual strength of the Nine Suns Cosmos Sword Formation when the swords became middle-grade fairy artifacts.

"This is interesting! I'm afraid the prospective deities from the Netherworld Faction will suffer casualties!" Wang Yunxuan said expectantly. "Unlike the prospective deities cultivated in the Great Eastern Alliance, the Netherworld Faction's prospective deities are more powerful! I'm not sure whether you can kill them with this sword formation instantly!"

Su Yu replied with a smile, "I know it won't be that easy! I will never underestimate them!"

As a lair of all traitors from different worlds, the World of Divine Remnant must be a lawless place of chaos. Those who managed to become a prospective deity there must be very tough!

“Hah! Hah! Hah! It is always exciting to defeat challenging enemies!” Wang Yunxuan said excitedly. Then, he turned to the bald-headed apprentice and said as he waved his sleeve, “Tell the visitors who come here tomorrow that I am out on business and won’t forge any equipment!”

Ah? The apprentice asked, “Where are you going, please?”

“I will continue to forge equipment that could be used to kill prospective deities! Nothing could be more exciting than this!” Wang Yunxuan volunteered to help Su Yu no matter Su Yu agreed or not.

Hearing this, Su Yu, who wanted his help badly, agreed by nodding his head immediately.

“The family of the Crane Deity should provide all necessary materials. The forging will be performed by me and several assistants!” Wang Yunxuan said as he pointed at some people behind him. However, Bu Tieyi was not among these people.

Su Yu said, “Could you take that guy with you?”

Hearing this, Wang Yunxuan turned to Bu Tieyi and said, “He is a nimble newcomer. OK! I will take him with me!”

Bu Tieyi was quite grateful after hearing that. The law enforcers of the Senluo Law Enforcement Team were outside the gate. It was highly possible that they had come here for him. Apparently, Su Yu was trying to protect him by taking him away.

“Please wait a moment. I will inform my father who loves me dearly. If I don’t inform him, I’m afraid he will go to the family of the Crane Deity to find me!” Wang Yunxuan said.

Su Yu nodded his head. When Wang Yunxuan left, he walked to a quiet corner.

Bu Tieyi figured out Su Yu’s intention. So, he walked over and dropped to his knees. “Thank you, Feather God!”

“That is not necessary! And don’t worry about the Senluo law enforcers. I will plead for mercy for you!” Su Yu said calmly, “What do you know about Qin Kuo?”

Bu Tieyi replied, “Before the departure, Qin Feichen, the young master, said something to Qin Kuo secretly. I don’t know the content of their conversation!”

Su Yu narrowed his eyes and said, “Qin Feichen?” OK! Was Qin Kuo very close to him?”

“Yes! Qin Kuo was a member of the family of the Book Deity. He had been with Qin Feichen since he was a child. So, Qin Kuo was Qin Feichen’s trusted follower. He enjoyed more trust from Qin Feichen than me!”

Hearing this, Su Yu thought over it for a while. Then, he said, “Why were you sent to the world of Jiuzhou Continent?”

Bu Tieyi said hesitantly, “We were informed the remnant soul of a demonic god was making trouble in the Star River. So, we were sent to hunt him down. At last, we forced him into the world of Jiuzhou Continent!”

What a flawless excuse!

Apparently, they had tried to save the Central Prefecture’s King in the world of Jiuzhou Continent with the excuse of hunting down the Demonic God of Withered Bones!

“Where is the Demonic God of Withered Bones now? Who assigned this task to you?” Su Yu continued to ask.

Bu Tieyi was stunned by his questions. Then, he said, “The Demonic God of Withered Bones is in the Alliance Hall. The prospective deity who gave this order to us was the Law Enforcer Glaze!”

Unlike Sheng Yuanxin and Bu Ruyi who didn’t have any real power, the Law Enforcer Glaze was the supreme commander of all law enforcers in this world.

Therefore, this guy was only second to the deities in this world.

As expected, there was a mole in the alliance.

The Demonic God of Withered Bones or the Law Enforcer Glaze must know something!

“Let’s go!” Wang Yunxuan urged unhappily.

Eh...Su Yu wondered what the God of Instrument had done to his son when Su Yu saw Wang Yunxuan’s expression.

Then, they left the mansion.

Sheng Yuanxin and Bu Ruyi had been quietly waiting for them for one month.

When they saw Su Yu, Sheng Yuanxin greeted him with a smile, “Feather God!”

Bu Ruyi snorted arrogantly, “We are here to find Bu Tieyi! Where is he? Just give him to us!”

Su Yu ignored him and looked at Sheng Yuanxin. “Lady Yuanxin, I have something to talk over with you privately!”

Sheng Yuanxin nodded her head. Then, they talked secretly for a while. Sheng Yuanxin changed her expression for several times. At last, she asked in surprise, “The Demonic God of Withered Bones is being protected in the Senluo Law Enforcing Hall temporarily. But we can’t arrest the Law Enforcer Glaze who is in such a high position without any hard evidence! So, we can only ask the Demonic God of Withered Bones! I will go back and interrogate him immediately!”

Then, Sheng Yuanxin walked back and said to Bu Ruyi, “Let’s go!”

Bu Ruyi replied, “Aren’t we taking Bu Tieyi back?”

“It’s not necessary! Su Yu has told me everything Bu Tieyi knows. We don’t need to interrogate him anymore!” Sheng Yuanxin said.

Bu Ruyi was surprised because he didn't expect Sheng Yuanxin could trust Su Yu so much. He couldn't figure out where the trust between Sheng Yuanxin and Su Yu had come from!

It was impossible for him to know the common secret between Su Yu and Sheng Yuanxin which related to their interests. This secret was the foundation of their mutual-trust!

Bu Ruyi, who knew Sheng Yuanxin had ignored his words, was annoyed.

He had been working with Sheng Yuanxin for so many years. It seemed he hadn't earned enough trust from her. He was angry because Sheng Yuanxin, who had only met Su Yu several times, could trust Su Yu so much!

Bu Ruyi was not able to restrain the fury in his chest anymore!

"Su Yu!" Bu Ruyi shouted as he stared at Su Yu coldly, "I want to challenge you!"

Chapter 1154: The Assassin Strikes

"I absolutely reject your challenge!"

"Why? Are you afraid? What a coward!"

"Well, yes, I'm afraid. I'm afraid of hitting the young and the old."

Sheng Yuanxin, who was walking in front of him, couldn't help but grin, and quickly covered her lips.

Bu Ruyi's face was red. In his heart, he thought of how unforgiving Su Yu was. Intimidating him into doing your bidding was seemingly out of the question.

His complexion was one of steel green. As a descendant of the Sword God, he was wounded. It was most likely that the Sword God would go ahead and strike the man, so it was not all a falsehood.

"Rest assured, this is my initiative to challenge the gods. As long as you don't kill me, no one can blame you! Even my father!"

Sheng Yuanxin also turned around and said helplessly, "The law enforcement officer has the right to challenge the god once. This is an arrangement concluded and agreed by the gods. Since you become the acting god, the corresponding obligations must be assumed."

The rules were more or less fixed, so Su Yu nodded. "Okay, the gods have the right to give pointers to the younger generation. Let's proceed Sir."

Pfft!

Sheng Yuanxin also laughed. Bu Ruyi couldn't help glaring at Su Yu.

As a deity, Su Yu was on the same level as the other gods. Calling the descendants of a god sir was nothing out of the ordinary.

However, Bu Ruyi was also a descendant of the gods and therefore one status lower than Su Yu.

If Su Yu was to call him his niece or nephew, would he have to agree to such name-calling as well?

This guy... Sheng Yuanxin was feeling both angry and funny at the same time.

In any case, rather than continue having a hardened face of indignance Bu Ruyi might be better off resigning himself to it. The guy was indeed a god, and he could not refute it. He decided it was better to do otherwise. He bit his teeth in hate and said: “Don’t be so proud! In half a month, in front of the Crane Diety family door, I will challenge you! Don’t ask for mercy then!”

“No problem! The timing just needs to be changed a little, and it will have to be in more than a month.” Su Yu smiled slightly.

Bu Ruyi felt a little suspicious. Why should I wait for more than a month? In a month was when the sacrifices began.

Although, if it didn’t affect the challenge, he wouldn’t care that much even if it meant waiting for another half a month.

“Fine! In one month, the day before the gods’ sacrifice, you and I will fight!”

Su Yu nodded, accepting this challenge.

It was six days later when Su Yu and Wang Yunxuan returned to the Crane God family home.

He Ruchu quickly led the clan out to greet him. The day Su Yu left, they were really worried. Su Yu simply patted his backside and left, leaving the mess of the Crane God family behind without caring to settle it.

“Welcome, Feather God, on your return.”

Su Yu had no time to waste and waved his hand. “There’s no need to be polite. Arrange for everyone to leave.”

He Ruchu looked up and saw a person standing by Su Yu’s side. At first glance, he didn’t know who it was. He was a little angry. Who was mad enough to actually stand side by side with the Feather God?

Fortunately, an old man of the Crane God family hurriedly whispered into He Ruchu’s ear.

Upon hearing it, He Ruchu was elated. Was it not Wang Yunxuan? The heir most valued by the God of Instrument?

Such a famous character! To think that He Ruchu did not recognize the person himself. He should, at the very least, have heard his name!

He was not only superbly refined, with a weird temper, but more importantly, he was loved by the God of Instrument, far more than his brothers and sisters. He could be described as the heir to the God of Instrument.

Seeing that the Feather God had left home for a month, only to bring back a stunning candidate, the heir to the God of Instrument, to visit, how could one be unhappy?

All of these events could indirectly help the Crane God family in one way or another!

“If it isn’t Master Wang, please come in quickly.” He Ruchu did not dare to proceed slowly.

Wang Yunxuan waved his hand. “I don’t have to rest. Provide me with a large and spacious room that is safe and secure. I want to prepare my instruments and start practicing soon.”

What? He Ruchu was surprised. He didn't know the intentions of Wang Yunxuan. He thought that perhaps the Feather God had asked him to come back.

Soon after, Wang Yunxuan arranged things as requested by Wang Yunxuan. He was very mysterious about what kind of magic he wanted to use to practice in order to deal with the quasi-gods. Only the design drawing of the object was obtained from the remains of the deities, which had long since been lost.

That instrument took him seven or eight years of work to complete. In addition, only the main body had been refined. A few smaller parts still needed to be refined.

In order to kill the quasi-god of the Netherworld Faction, Wang Yuxuan really did put in the work in.

Of course, in order to cooperate with him, Su Yu also agreed that the consumption of those accessories was all to be borne by the Crane God family.

After arranging whatever he needed, Su Yu asked, "How is the thing that I asked you to do coming along?"

He Ruchu said: "Reporting to Feather God, we have sent people to the black market to collect the information that you want."

The assassin was in the dark and was unknown, which was indeed a big advantage. He could assassinate Su Yu at any time.

But the assassin had one great weakness – information!

As an outsider, he was not familiar with the place. If he wanted to know the specific situation of Su Yu, he could only ask about Su Yu in the vicinity. Without reliable and effective information, it would be difficult to kill Su Yu!

To inquire about reliable, timely and accurate news, only the black market that specialized in information gathering was the most reliable!

Therefore, the killer of the Netherworld Faction only had one option if he wanted to find out any specific information about Su Yu. He needed to go to the black market to buy this information.

Su Yu took the information submitted by He Ruchu and briefly turned it over. There were details of what Su Yu had been doing for the past month, especially intel about where he had been during that time.

"Good job!" Su Yu said. After returning to the back secret room, he said, "Submit your other investigations as well."

"Yes!" A haze of ghosts permeated the space. They belonged to Su Yu's unique intelligence personnel and were somewhat ghost-like. They presented other pieces of information to him.

The content was the same. They were all detailed investigations. In addition, most had been looking for intel on Su Yu's whereabouts.

However, in contrast, Su Yu's intelligence personnel presented much more comprehensive information!

“The Crane God family really lags behind in intel,” Su Yu said. Compared to the All-Access family, the information system Su Yu had just set up was faring worse.

He put aside the information gathered by the Crane God family, and Su Yu focused on analyzing the content obtained by his intelligence team.

A day later, Su Yu had sorted through the piecemeal information and pondered. “Because of my sudden rise in fame, which came about too fast, there are many creatures who inquire about my news. However, very few people asked specifically about where I went.”

Su Yu pointed his finger at a list. It was a list of people who had checked up on Su Yu’s movements in a month. There were as many as 100 people.

Among the 100 people, there were no outsiders. They were all natives of the Great Eastern Alliance, albeit belonging to different forces.

Su Yu was not disappointed. Or perhaps, it was what he had expected to happen. If Su Yu was the killer, for the sake of playing it cautious, he would never actively collect information himself. It only cost a little money to let the local people of the Great Eastern Alliance collect it for him.

On the list of one hundred people, Su Yu circled ten more names.

The ten names belonged to the most famous second-hand traffickers in the black market. They knew the black market very well. They knew exactly where to gather reliable news. They were also very willing to help customers collect information, as long as they paid them a lot of money.

Among the ten people, Su Yu circled three more.

The three of them had been researching Su Yu’s whereabouts most frequently in January. They had asked where Su Yu was almost every single day.

“Contact the intelligence personnel over there to confirm the current status of these three.” Su Yu took out the paper and gave it to the ghost in front of him.

Two days passed.

Su Yu was informed that two out of the three had been missing for seven and fourteen days respectively. Only one person was still active and was frequently investigating information about Su Yu.

“Is the only one left a guy named Zhuang Lin? Looking at this, the other two must have been killed by you all one after another! Aren’t you all a cautious enough bunch! I’m afraid it won’t take long before this guy is killed as well?” Su Yu said. There was a deep glow in his eyes.

“Order the intelligence personnel to seize this man and torture him till he speaks of who has he been in contact with recently, what are they like, and what are they doing? Make sure to interrogate him well!”

“Yes, Sir!”

Soon after the intelligence personnel brought the news to Su Yu, Zhuang Lin disappeared, and the intelligence personnel lost all trace of him.

“Feather God, do we continue to investigate his whereabouts? Maybe he noticed the tracking of the intelligence personnel and escaped,” Ghost Shadow said.

Su Yu shook his head. “If Zhuang Lin can detect the investigation of the intelligence personnel, then those assassins, I’m afraid, are also able to feel it. There is no need to waste energy on finding him. Zhuang Lin is dead, and my goal is achieved.”

Although this time, the killers realized that they were exposed, and they were likely to be afraid to continue to probe for news in the black market.

If as expected, these killers had already collected enough news, they would be on their way to the Crane Deity’s Cavern World.

In a certain black market.

The well-known news trafficker Zhuang Lin lay dead in a freezing closet. Beside him were two other rotten bodies, which were likewise other well-known news traffickers.

The secret room was dark, and a person might wonder how many people there were inside. Alas, no one would know.

“He was spotted. It seems that he asked too many questions too often and attracted the attention of the people. Fortunately, we noticed that Zhuang Lin had been spotted and we killed him. Otherwise, we would have been exposed. It’s just that we don’t know who caught him.” A steady and powerful male voice passed through the darkness.

Out of the shadows came a soft woman’s voice. “Oh, no matter who is eyeing Zhuang Lin, the probe from the black market ends here, and we should take action soon.”

The man said: “Well, based on the information we collected, we can make an overall evaluation of this prey.”

“In terms of strength, the last time he sparred was two rounds with Three Youths of the Bamboo Garden of the Spire Mortal Fairies. His overall strength was Dust Fairy Second Realm.”

“From the perspective of his defense, after he became a Feather God, there are often peak guards around him. For you and me, they are nothing.”

“As for assistance and help, he has a shallow foundation in the Great Eastern Alliance. Except for maintaining a strong relationship with the Jing Deity, he has no close strong friends.”

“To sum up, the difficulty of hunting this prey is level two.”

The Netherworld Faction was cautious and very rigorous with their analysis. Before acting, they would make a comprehensive evaluation of the prey to determine the difficulty of this task.

Difficulty was divided into nine levels. The first level was the simplest level, which could be completed without effort.

And the second level required the same level of effort as blowing soot.

Although Su Yu had the deity title in name, it was actually easier to kill him than killing the descendants of the deities.

"I suggest for it to be promoted to the fourth level," the woman said softly in the darkness.

The man was slightly surprised. "Fourth level? How difficult would it be for you to actually raise him to the standard of killing a quasi-god?"

"That's correct!" The woman was very sure of her evaluation. "There are two points about him that we have to take seriously!"

"First, it was speculated that he became an acting god although it is likely he usurped the seat. Although it was only a rumor, we must take this seriously. In addition, I believe he has extremely sophisticated strategies and wisdom! I suspect that the person who found Zhuang Lin was sent by Su Yu. "

Chapter 1155: Forced into a Trap

"He also brought Wang Yunxuan back from the God of Instrument's Cavern World. His purpose was unknown. He stayed in Wang Yunxuan's house secretly for fifteen days, and we could not detect anything he was doing."

"To sum up, Su Yu has secrets that we do not know, so my suggestion is to increase the difficulty by two levels and list him as an equivalent to a quasi-god!"

The man groaned for a long while and said, "Well, so be it. We shall list him as prey at level four difficulty! But at level four, you and I have to use more than half of our strength."

The woman said: "Our employer's bounty is very generous this time, no matter how cautious we should be! Let's go! Towards the Crane God family home!"

However, as soon as they arrived at the Crane God family home, they immediately got the news of Su Yu's current whereabouts.

He had gone to the Jing Deity's Cavern World!

They stood outside the Crane God's family home, and the two killers were lost in thought.

Coincidentally, as soon as they were ready to start, Su Yu had gone to the Jing Deity's Cavern world? Could it be that they were already exposed?

Fortunately, there was a good reason for Su Yu to go to Jing Deity's Cavern World.

The son of the Sword God was challenging the Feather God, and the gods who would come to watch this match would be plentiful.

After all, the Sword God ranked as one of the top nine powerful gods. His father would naturally come to support him.

The gods that the Sword God usually met would show respect to the Sword God and come to support his son.

As a challenged party, if you didn't invite several gods to cheer for you, you would inevitably lose face.

Knowing this, the two killers recalculated.

"It's easy to kill Su Yu in Crane Diety's Cavern world, but in Jing Deity's Cavern world, it's easy for us to be exposed! As quasi gods, once we step into Jing Deity's Cavern world, we must be aware that the Jing Deity will be able to detect us! If we want to kill Su Yu with our own hands, it will be as difficult as ever!" the man said.

After a pause, the man continued, "We can only kill him in the Crane Diety's Cavern world. In any other Cavern worlds, we will be sensed by the gods, and we will not be able to do anything! Only in Crane Diety's Cavern World are there no gods. Only then do we have a shot."

The charming woman did not speak, and she frowned slightly. This passive waiting feeling made her instinctively uneasy.

"Is he doing this intentionally?" An idea appeared in the mind of the woman, but she quickly stopped any further thought of it. She brushed it off as a mere coincidence.

Unfortunately, they had to lurk and wait passively.

Soon, they had been waiting for a month.

In the secret room, the two killers had subdued looks on their faces.

"It doesn't seem right. Such a trip and he is there for over a month and has not yet returned. There is something weird going on," the man said.

The woman nodded deeply. "Well! If you challenge him step by step, a god will soon appear in the Crane Diety's Cavern World Mansion. Our existence will most likely be detected by the other gods! If we act wildly, our deaths are guaranteed! So, before they finish the test, we should keep our guard up and continue not to act!"

After saying that, the woman felt more and more passive.

Something else was worrying her even more. "Also, the day after the challenge is over the gods will perform a sacrifice. At that time, Su Yu will go to the altar of the Great Eastern Alliance to worship the fallen gods! Most of the time he will be walking with the Jing Deity, and we will lose our chance to strike again!"

The man also felt useless. "We need to wait for the god's sacrifice to be over before we can strike?" he said. "The gods' sacrifice can be as short as half a year. It can also drag on for ten years! The

employer gives us only half a year! It took us three months to get here. It took two months to gather information. We only have one month left, but there is no time for him to return from the gods! ”

The woman slowly said, “So, we have only one chance to do it!”

The man’s gaze flashed. “The day after the challenge!”

The woman nodded. “Yes! After the challenge, the gods will leave, and Su Yu has no time to go to another Cavern world, so the moment the gods leave is our time to act!”

After thinking for a moment, the man said, “That’s our only chance.”

However, the woman frowned deeply. “Don’t you feel that our assassination plans are being calculated and planned by other people?”

First, they were forced to withdraw from the black market and were unable to continue to probe for useful news.

Then, they were forced to wait for Su Yu to return, but in the first instance missed the opportunity for assassination, because the challenge came.

Finally, after the challenge, the next thing to happen would be the gods’ sacrifice. They were forced to pass up all other opportunities for assassination, leaving only the vacant time between the challenge and the gods’ sacrifice as the only chance left!

“Intuition tells me that the only chance we have is there because he intentionally left it there for us!” The woman looked serious as she said that. “We are passive in our actions, so he took the initiative to plan our moves!”

After hearing the women’s analysis, the man also agreed, then said, “But we have no choice. If we don’t seize the only opportunity to do so, this task can only be declared abandoned! The Netherworld Faction never had a task that cannot be performed! If we fail, the punishment awaiting us will be more severe when you and I return. ”

The woman looked deeply disturbed. “This is why I worry the most. We have to take a shot at this!”

The two killers apparently noticed that Su Yu had set up traps. However, under the deliberate arrangement of Su Yu, they went from being the killers who could take the initiative to strike at any time to one entirely dependent on his plans.

Even if they knew that there is a trap ahead, they have to jump in!

“Don’t worry too much. Without the gods and quasi-gods, how can he get sufficient help despite all his preparations?” The man comforted his colleague.

The woman sighed. “I hope so! However, I always feel that this person’s layout and plans are so scary!”

As a quasi-god and a cold-blooded killer, she cannot believe she actually said this!

Su Yu stayed in Jing Deity’s Cavern World for a whole month. Although Jing Deity felt that it was strange, he did not send him away. He left Su Yu alone to practice. To this, he also gave Su Yu a lot of extra resources. With such help, Su Yu broke through again and reached the state of the Fourth Realm.

The day of the challenge dawned. It was only after he determined that a god had come to the Crane Diety's Cavern World that he returned there along with the Jing Deity.

Beyond the mansion of the family of the Crane Diety's Cavern World, there was nothing left and it was all deserted.

But at the top of the Cavern world where the sight cannot penetrate, there were eight or nine divine figures scattered across.

Each of them exuded the divine power that all beings worship, with their faces hidden by the light of God. They were not exposed at all.

One of the gods with a long sword across his back looked down indifferently, and the other eight or nine gods made him the center point. They scattered around him, waiting for the challenge to begin.

Soon, the Jing Diety and Su Yu arrived.

Su Yu was not at the peak of his skills. Had he appeared directly in the deserted open field, against those opponents, he had no chance. He could only guide his opponents to where he wants them to be.

He had laid out his entire plan and everything was going smoothly.

At this moment Su Yu was relaxed, with a smile on his lips, and he looked around slowly. "In a short while, when the gods leave, it will be the moment when the Netherworld Faction Gate start work? These are the gifts I prepared for you. Please enjoy it!"

Even at this moment, Su Yu hadn't taken the challenge which was close at hand seriously!

What he had waited so long for was a battle to kill the quasi-gods after the challenge!

Chapter 1156: An Utter Defeat

Below the World's Spirals, amongst the clouds, there were dozens of descendants of the gods who had come to watch the fight.

Not all of them had come simply as a form of respect. Neutrals accounted for the majority for watchers. To the neutrals, the outcome of the match was not difficult to predict.

To the heir of the strongest of the Spire Mortal Fairies, Su Yu, who had not made a name for himself, hardly even seemed to be an adversary.

Only Sheng Yuanxin and Yang Tai believed that Su Yu was not as simple as he seemed.

In the crowd, Bu Ruyi walked around with a sword in his hand. He sneered and looked down at Su Yu who was waiting for him.

"Brother, is it time to go down and fight? The Feather God has been waiting for a long time," said a descendant of the gods.

Bu Ruyi smiled and replied, "What's the hurry? So what if he has to wait a long time? Otherwise, he will be embarrassed as soon as I attack. So, shouldn't I save him some of his dignity?"

Many of the descendants of the gods secretly shook their heads. To let Su Yu hang around alone in the big court was undignified.

Looking at Bu Ruyi's cold smile, many descendants of the gods sympathized with Su Yu instead.

It was going to be really difficult for him!

Seeing that Bu Ruyi was ready to continue to hold him up, Su Yu, who was standing below, said lightly: "You are heir to the gods, yet you have let me, a god, wait for you for so long! Is this the attitude you should have towards the elders? You don't even understand the basic etiquette of social behavior. Did the Sword God never teach you how to be human and act appropriately?"

As soon as these words came out, the descendants of the gods were in an uproar.

"Sir!" Many of the descendants of the neutral gods looked shocked. They went red and then turned blue, and they couldn't help but laugh.

Sheng Yuanxin stared at Su Yu angrily and said, "This guy is really messed up! He even dares to bring up the Sword God and talk negatively of him."

If the son was not well educated, of course, it was the fault of the father.

Normally, Bu Ruyi had been used to being proud. Even if he offended others, so what? Who would dare to speak up about it?

Only Su Yu, who was defiantly outspoken.

At the pinnacle of the world, the Sword God's face was calm and indifferent: "Ruyi, don't wait any longer."

Bu Ruyi, who was amongst the clouds, pursed his lips and clenched his teeth together, and he shouted fiercely, "Yes! Father!"

Brush!

Take a flying leap, Bu Ruyi, much like a phantom, flew towards Su Yu. He drew his sword and yelled, "Su Yu, let's start ..."

"Well, you have started. I will give you some pointers," Su Yu said lightly.

Claiming to be his elder and yet offering to provide pointers; his arrogant words were meant to irritate the boy to the extreme. "Watch the sword!"

"Undying Sword Body!"

Du la la...

A big sword crossed the body, piercing Su Yu from all corners.

Su Yu's mouth showed a triumphant smile. "Yes, very well done. The Sword's second realm, Undying Sword Body."

This skill was undoubtedly more powerful than the swordless realm of Jian Wusheng, even with the addition of the Spire Mortal Fairies abilities.

However, when it came to perfection and exquisiteness, he was not as good as Jian Wusheng.

The Jiuzhou Cavern World has been under the repression of the Central Prefecture's King for a long time. It always put pressure on those within to practice. Jian WuSheng's Undying Sword Body skill

had thus always been pushed to pursue fineness and extremities. He had since trained well in the skill, coming full circle.

On the other hand, if there was a Sword God to provide adequate guidance, it was possible to accomplish the maximum power of the skill. However, truly acquiring perfection was only possible through practice and one's own perseverance.

Bu Ruyi's heart was impatient and he was overly self-confident. He was also unlikely to be able to realize his own deficiencies.

Therefore, Su Yu easily recognized these subtle flaws. He channeled the power of the nine dragons throughout his body, sending out nine golden beams in succession, each one intending to kill.

When Bu Ruyi wielded the immortal sword body with vigor, it caused the descendants of the gods to applaud loudly. However, Bu Ruyi was not quite familiar with it, and his attack was a little flustered. His sword display momentarily got quite messy.

Those who cheered him on couldn't help but be surprised. Their shouts immediately calmed down.

"If your mind is not stable, it shows in your swordplay. Sir, you need to focus your heart to cultivate your skills! If you want some advice, your self-confidence is the biggest barrier," Su Yu commented.

Bu Ruyi's ears turned red. To think that he was actually being schooled by him?

In his vision, once his sword was drawn, shouldn't Su Yu be rolling pathetically on the ground?

In the presence of so many and with such things being pointed out to him, how could Bu Ruyi's reputation continue to be held up? He thus shouted: "Universe of Swordplay"

It was the third realm of Swordplay, the highest realm!

Suddenly, hundreds of millions of sword lights filled the world and cut into Su Yu.

Seeing this move, Su Yu looked slightly more serious, but only just.

"Ten Dragons into One Body!"

Su Yu had never cast the tenth strand of the dragon. It was a special dragon containing the blood of God that had finally appeared!

A strong vein in his chest pulsed.

Suddenly, Su Yu gained powers near to the level of the gods. Although far less powerful than a god, its power was still outrageous.

In addition, the overlapping of the power of the nine dragons was far lower than this single tenth dragon even when combined.

What's more, the combination of the ten dragons made the ultimate strength of it more than doubled!

Boom!

Ten golden lights gathered and swept across the sky.

Although there were millions of sword lights, they were easily crushed by the golden lights that were being emitted!

Even more powerfully, the golden lights had residual power, as much as 10%. It penetrated through the sword lights and moved forward.

Bu Ruyi was caught off guard and was hit in the chest. Blood spurted out from his mouth, and the entire body flew upside down.

However, he was, after all, a descendant of the gods. He pressed his toes into the ground, gathered his strength, and immediately managed to stand back upright.

Blood drenched his entire chest, and his clothes were torn. His neatly bundled long black hair was no more and his messy hair surrounded his face. The way he looked now was different from his image in the past.

At this moment, there was a faint comment from Su Yu in his ears.

“The sword light is fragile, and it will be easily wiped out. To be honest, your third realm of swordplay is even weaker than the second realm!” Su Yu said relentlessly. “Swordplay requires cultivation and a solid foundation can help you build a strong house. Otherwise, if the foundation is not stable, a high-rise building will sway hard. If you can’t grasp it at all, what’s the point of reaching so high?”

The second realm of his swordplay was not complete enough, which caused the third realm’s power to be greatly reduced. Even someone like Su Yu, who did not specialize in swordplay, would be stronger than him simply by exerting a small amount of power.

He was being schooled yet again, and this time the words were even more stinging. It made Bu Ruyi completely exasperated.

His pride was being attacked like never before!

“Su Yu! You are indeed looking for death!!!!” As if roaring, a half-red, half-yellow light glowed from his pores. It was a sign of the blood of the gods.

Bu Ruyi, who was clearly irritated, intended to use his ultimate move, the blood of descendants.

Instantly, a tall black sword shadow emerged menacingly from behind Bu Ruyi.

Seeing the black sword shadow, Su Yu felt a sense of danger.

Within the black sword shadow, there was power inherited from the blood of the Sword God. That was the legendary sword ambiance!

“Sword Display-Restoration!” Bu Ruyi wore an exasperated expression. Everything was different from what he had expected. It was completely different!

He had not taught Su Yu a lesson but was instead had been easily run into the ground by Su Yu.

In addition, he had been defeated in front of all his friends, and in the presence of the gods of the heavens.

Therefore, he must strike to defeat Su Yu completely!

“Aren’t you known as the reincarnation of the nine dragons? Then, sacrifice the blood of your gods and let me see which godly reincarnation you are!” Bu Ruyi sneered. He did not believe anything at all about the nine dragons. To him, it was all nonsense!

To speak of it in public also pierced Su Yu’s halo, making him greatly embarrassed.

However, Su Yu still had a faint expression of disdain on his face, and he merely sighed helplessly.

Then, he brought his hands together, and his expression grew very solemn. The ten true spirit dragons in his body slowly exuded an extremely bright golden light.

From the bright to the dazzling, from the dazzling to the very dazzling. The golden light finally made it impossible to look directly at him.

Suddenly, there was a loud dragon call and Su Yu was covered in gold, turning into a ten-foot-long golden dragon in front of everyone!

Golden scales, long dragon whiskers, mighty dragon claws, and the breath of the divine dragon that exuded a touch of power.

Suddenly, in the clouds, the descendants of the gods exploded!

They also did not believe in the reincarnation of the nine dragons. There was no such thing as a Nine Dragon God in the world, but Su Yu was publicly displaying the nine dragons. It really shocked them.

Even Sheng Yuanxin and Yang Tai, who were most familiar with Su Yu, were also surprised!

Bu Ruyi was stunned for a moment as well, and deep shock appeared in his eyes. However, he reacted quickly, urging the black sword shadow behind him to prepare itself.

The Golden Dragon and the Black Sword. Would the Dragon destroy the Sword or would the Black Sword Cut the Dragon?

Boom!

The loud noise that rang out shook the sky.

The black giant sword figure was being crushed by the sweep of the golden dragon!

The black sword shadow that evolved from the power of the bloodlines of the god was broken. As a result of the wounds involved, more blood spurted out of Bu Ruyi’s mouth.

It was a defeat, a defeat that was simply too thorough!

From beginning to end, all his moves were crushed by Su Yu!

“I! Do! Not! Admit! Defeat!” Bu Ruyi howled.

Snap!

However, the next moment, a golden palm struck his face, causing him to topple to the ground.

Then, a golden foot stepped on his chest. The mighty dragon force nailed the Spire Mortal Fairy to the ground, causing him to be unable to move.

His fierce eyes continued to stare at Su Yu with resentment.

The answer to his eyes was Su Yu's foot, stepping on his face, and with a strong force. Bu Ruyi even heard the sound of his head cracking.

Su Yu, who returned to human form, canceled the effect of the Dragon Form Technique and looked down at Bu Ruyi. "You don't accept it, because you know I won't kill you! You don't accept defeat, just because you have the Sword God as your backing! You are not convinced but not because you are strong and unyielding. On the contrary, this is a sign of your weakness. You don't even dare to admit your shortcomings, and you do not want to accept your own defeat. You depend too much on your father and use him as your backing. How weak are you to be like this? "

Hearing this, many descendants of the gods was shaken by what Su Yu had to say about Bu Ruyi's arrogant behavior. They too had also taken their positions for granted.

Su Yu's words were spot on in breaking Bu Ruyi's spirit.

"People are not afraid of having shortcomings. What they are afraid of is knowing about their shortcomings, and they do dare not to face them," Su Yu said lightly. "You have the status of being today's Sen Luo law enforcement officer. You have the enviable position of being the Spire Mortal Fairy and you are a descendant of the god. You have the halo of the descendants, in fact, you were merely fortunate and you have been destined to get those things since you are born! They have not actually been obtained by yourself, but by your father! "

The descendants of the gods were silent. If the same words used on Bu Ruyi were used on them, it seemed that they were being taught a lesson as well.

However, Su Yu was right. His words were harsh, but they had to admit that he was telling the truth.

"Now, you and I are just fighting. If you meet the same demons and the same fierce enemies in the Xing River, you will be attacked with the intention to kill and will need to deal with life and death scenarios. What do you think, if you merely cry out that you do not admit defeat, how will they likely treat you?" Su Yu said coldly. "The Demons will dig out your heart, eat your soul, and ferocious enemies will strip you and your muscles and refine your blood of the descendants of the gods! If the Sword God is not by your side, what are you going to do?"

Chapter 1157: Great Dangers Lie Ahead

The descendants of the gods in the clouds, who felt slightly dissatisfied with what they heard, also thought about it.

In fact, they understood it very well. Their fathers could protect them for a while, but not forever.

However, overall, the descendants of the gods were degraded and lazy. They were born to be Spire Mortal Fairies. As long as they performed reasonably well, they were destined to be the successors of the gods. They had no other purpose in life, so they lacked motivation.

Although they knew that they may face life and death situations in the future, because those things were so far away and too impractical, they could feel tense about them and did not have much motivation to work hard.

“Perhaps you would say that you will not leave the Great Eastern Alliance for your entire life. In the One Hundred Gods Alliance, where do the demons come from and where are the fierce enemies?” Su Yu hurried to the ground, his mouth full of cold mockery. “Open your eyes and look around you! Is the East Alliance Alliance really a bright and holy land, a carefree paradise? ”

“Xing River, Eastern City, and ten independent Cavern worlds have survived for a hundred years, and now they are all gone! Do you know how close an independent Cavern world is to the so-called paradise land of your heart? Two months! In just two months, the enchanted demons can send troops here!”

“Maybe you would say that the Great Eastern Alliance is under the protection of the hundred gods, and the demons can’t possibly attack them. Then, what if the demons are all deployed here? Can the Great Eastern Alliance still hold on? Maybe you will say that if the entire demon clan strikes, we will take precautions in advance. When they eventually come charging in, we have everything set up and the demons can only come but will not make it out of here!” Su Yu sneered. “But what if you don’t have the time to prepare? ”

“Don’t you ever think about it? What does the independent cave worlds all slowly dying off mean? Do the demons simply swallow the souls inside?”

At this moment, it was not only the descendants of the gods that were paying close attention to everything that he said. Even the gods at the peak of the world were listening.

“This means that even if all the demons come out of the nest, you can’t possibly know about it immediately! Because the world of independent caves along the way has disappeared, no one will send you a message!”

“May I boldly ask, when the demons are only two months away from you, do you have time to prepare?”

“How long does it take for the Great Eastern Alliance to recruit fighters from the various Cavern worlds? Is two months enough?” Su Yu asked.

The descendants of the gods tightened up. Would it not take at least a year or two to mobilize the entire Great Eastern Alliance,? In two months, only the Cavern worlds on the edge of the continent would have enough time to react.

“How long will it take to recall the hundreds of gods who are traveling? Is two months enough?”

The hearts of the descendants of the gods are throbbing even more. Today, more than half of the gods on the mainland were traveling abroad, and the earliest ones to return would be back in one or two years, with the furthest away taking at least ten years to return!

“By that time, the gods would have been besieged by the demon gods. Who will save you when they can’t even save themselves? Heaven or earth? If you shout at the Demon Clan that you do not concede defeat, do you think they will be frightened?”

Suddenly, the world was silent.

In the sky and on the ground, there was no sound except Su Yu’s words echoing throughout the space.

“If I am a demon, if I don’t attack now, I will feel really sorry for myself.” Su Yu sighed deeply. The more information he collected and the more he analyzed the issues, the more he felt that the Great Eastern Alliance, which seemed bright and prosperous at first, was in fact in grave danger.

The destruction of the independent Cavern worlds was not accidental, but the plan of the Demon Clan to test how the Alliance would respond and react.

In the time it took the entire Great Eastern Alliance to react, everything would have already been over.

In any case, he was but a single person and his words would never be of concern to the gods. Only through today’s fight, could the disadvantages of the Great Eastern Alliance be revealed.

If the news was blocked, even if the enemy soldiers strike, the alliance would know nothing about it.

The forces will be scattered, whilst the Demon Clan attacked as one. Each respective Cavern world would only have time to fight off whatever came to them and can easily be swallowed up by the demons.

The gods would not have returned, and the demons and gods would join forces. No matter if the individual strength of the demons was far stronger than that of ordinary races, they would also have an absolute advantage in numbers. When the gods died, the Great Eastern Alliance would basically be overrun by the demons.

However, the biggest drawback was that it seemed that the Alliance merely knew how to enjoy life and had no sense of crisis. It was clear that the demons were close at hand, and knew that the crisis might erupt at any time. However, they placed their hopes on the gods, much like ostriches. When danger came, they would bury their heads in the sand. If you didn’t see it, the danger was not there.

Even though Bu Ruyi’s swordplay was unruly, he couldn’t help but admit the truth of Su Yu’s words.

As for the other descendants of the gods, what Su Yu had to say acted more like a reminder.

Except for Yang Tai, whose information and information network was huge, only a few descendants of the gods paid special attention to these things. Many were too lazy to analyze things further.

This was because there were gods above their heads and the gods were not in a hurry. Thus, why should they be in a hurry?

What they didn’t know was that the gods were already anxious.

“This son of mine... just divulged the real predicament of the Great Eastern Alliance. Ah, I originally wanted to hide this from the souls of the Great Eastern Alliance, but now it seems that I can’t hide them,” a god sighed.

As gods, how could Su Yu say things that they didn’t know?

Even if they didn’t already know the intention of the demons to swallow the independent Cavern world along the way, it would have been clear soon.

They had been making secret preparations to strengthen the information network and the business intelligence network of the All-Access God, which had the effect of monitoring the demons.

However, because the entire galaxy required the crossing of the Xing River, the transmission of information was slow, and the time needed to discover the movements of the demons was more than one year.

They had also begun to recall the gods secretly as early as ten years ago. As a result, only thirty gods had not responded so far, and most of the gods who had responded were on their way back. It took one year for the nearest one to come back, but ten years for the god who was furthest away to return.

If the demons really attacked, everything would happen as laid out by Su Yu.

First of all, there were only fifty deities remaining, and they were likely to be crushed by the numbers and strength of the opponent.

Next, each Cavern world would fight independently. They were likely to be defeated one by one by the demons.

After that... This Great Eastern Alliance, which had illuminated the Xing River for millions of years, would turn into darkness and become dead.

The Great Eastern Alliance was indeed faced with crises. The gods had already put their heads to work on this. In order to soothe people’s hearts, they sought not to cause panic, and thus did not report it.

Today, it was made known to everyone by Su Yu.

“Everyone said that he was clever and that is indeed the case. If he came to the Great Eastern Alliance several decades ago, maybe we wouldn’t be so passive today.” A god looked at the Jing Diety and praised Su Yu.

The gods present here had come to show their support for Bu Ruyi. Only the Jing Deity who there to support Su Yu,

At first, the Jing Deity also felt a bit isolated and was not feeling good about it. Hearing this, he couldn’t help rejoicing. It was as if Su Yu had earned him some respect after all.

“Well, Su Yu is well-versed in calculations and is smart and superb. Even if you don’t want to be convinced by him, it will be difficult.” Jing Diety threw more praise at Su Yu. It was a true compliment and a heartfelt remark about Su Yu.

“Hehe, his strength is also very surprising. Ten true dragon spirit tendons were transplanted in his body. To be precise, they are ten quasi-gods. It is no wonder that the dragon technique exerts such power.” Another god recognized Su Yu’s impressive strength.

Many had expected it to be a one-sided fight, but the result was really one-sided, but not towards Bu Ruyi.

Many gods started clapping. If Su Yu only defeated Bu Ruyi via the fight, they would not have done this out of consideration for the Sword God.

What had really touched them were Su Yu’s words.

There were countless heroes in the Great Eastern Alliance, but few were as sensible as him, so they naturally appreciated it.

Many gods who had a feeling of disgust in their hearts towards him for abducting a god also nodded slightly and had a look of praise on their faces.

At this moment, the Sword God moved.

In a moment, the Sword God had descended to Su Yu and Bu Ruyi.

Su Yu nodded slightly and let go.

Bu Ruyi stood up pathetically and lowered his head, saying nothing.

“Learnt your lesson?” the Sword God asked indifferently.

Bu Ruyi had a look of indignance on his face. His head was lowered. He was utterly defeated and Su Yu’s sharp words had left him speechless. He finally dispelled his pride.

The Sword God’s eyes hidden under the light of God moved slightly, revealing a slight sense of relief.

As the Sword God, how could he fail to see the shortcomings of Bu Ruyi’s swordplay? However, no matter how he pointed it out, Bu Ruyi was arrogant and thought himself above all others. He did not take his words to heart. As a result, his swordplay practice had become as it was today.

In addition, by relying a lot on the backing of the Sword God, no one dared to make him realize the truth, even today.

“After you go back today, retreat and practice!”

“I understand.” Bu Ruyi bowed his head, gritted his teeth, and bowed down to Su Yu.

“Thank you for your guidance!”

After saying this, he went away.

The space was now left with Su Yu and the Sword God and many gods secretly felt nervous for Su Yu.

Just now, Su Yu had actually stepped on Bu Ruyi with a foot and had deliberately humiliated him. As a father, how the Sword God chose to react as hard to predict.

“Su Yu, as a father, I should return an eye for an eye. How you treat my children is how I should treat you,” the Sword God said lightly.

Upon hearing these words, the Jing Deity immediately came forward, staring at the Sword God.

Although he was not an opponent of the Sword God at all, how could he sit back and watch Su Yu be punished? Wouldn't it ruin their plans?

“But, as the Sword God, I am very glad that you treated him as you did today so that he can have a life-saving hope in the future war between humans and demons.” The Sword God showed a slight kindness, raised his hand and took out a bottle full of Soul Divine Light.

“This is Sky Soul Elixir, which is a reward for your soul. It is my reward for you.” The Sword God was indeed one of the nine gods. At a glance, he could tell that Su Yu was facing a breakthrough in terms of his soul.

Su Yu thanked him. “Thanks for the reward, Sword God.”

The Sword God nodded. “Well, take it on the spot. This Sky Soul Elixir contains my divine light. The longer it is away from me, the more its effectiveness weakens.”

Without thinking, Su Yu took it on the spot.

This move won some favor from the Sword God. “Aren't you afraid that there is something wrong with the elixir?”

Su Yu retorted, “If the Sword God wanted to do anything to me, would he need to rely on an elixir?”

“Oh, interesting boy!” the Sword God chuckled. “See you at tomorrow's gods' meeting.”

After speaking, he returned to the top of the world and conferred with several other gods.

“Sword God, this child is witty and clever, and now he is the agent of the Crane God's Cavern World. We should let him participate in our discussions on the extermination of the Demons.”

The Sword God said, “Yes, but wait until the gods' sacrifice is finished.”

The gods withdrew, leaving only the Jing Deity on the side, and he noticed a few quasi-gods in the crowd.

Chapter 1158: The Final Assassination

However, the spectators who had come to the match today were rather multi-faceted. There might not be quasi-gods from a certain Cavern world present, so he didn't think much about it.

“My boy, I will bid you goodbye as well,” the Jing Deity said.

Su Yu nodded. He did not want the Jing Deity to participate in the fight with the quasi-gods who had destroyed the Netherworld Faction.

Once he caught wind of the two quasi-gods who had the power of gods, Su Yu learned that they came from the family of the Book Diety. Su Yu also learned that the agreement between him and Sheng Yuanxin was related to Qin Kuo and not the sacrifices of the gods he had been concerned about. That would be counterproductive.

It was not difficult to imagine how angry the Jing Diety would be if he learned that he had been deceived. If one did not kill the Jing Diety, how else would his anger be dissipated?

He also could not guarantee that he would not do anything detrimental to Su Yu.

Once a god was angry, dealing with him would be a thousand times trickier than dealing with the assassins of the Netherworld Faction!

So, Su Yu did not dare to let him intervene.

“Tomorrow we are going to proceed according to the plan,” Su Yu said.

The Jing Diety quietly nodded and then flew away.

It was reasonable for the Sword God to make Su Yu swallow the elixir on the spot. It was not only to allow the elixir to maximize its effect but also to make it easier to digest.

By the time the Jing Diety left, Su Yu had completely digested the power of the elixir.

Su Yu could clearly sense that his soul strength had skyrocketed!

From the Fourth Realm of the Domain of All Creations, he had now reached the first realm of the Dust Fairy!

The soul power of the Sword God was extremely powerful, and it was very different from the Domain of All Creations.

At this moment, Su Yu didn't perceive it deliberately, but he could clearly tell that there was a very carefully concealed killing intention hidden in the crowd.

“A Netherworld Faction assassin! Is there only one of you?” Su Yu blinked and looked around.

Moreover, Su Yu's mind was more accessible, his thoughts were sharper and his thinking was even more agile. His sentiments, thoughts, and other aspects related to the soul, had experienced unprecedented qualitative changes.

He was even more surprised that with the qualitative change of the soul, there was only one layer of the obstruction of the sacral membrane from the great consummation of the phantom realm, and it was finally broken.

The secondary role of it was to psyche out the enemy, whilst the main role of it was to imitate all the magical powers of the enemy. Combined together, it was able to... control the enemy!

Su Yu was surprised. Why was the main role such a spectacular skill, but it seemed more ordinary when both were combined?

To control the enemy, he had received this skill a long time ago through the Heaven's Son Gazing At Air. Why had he gone back to the same skill despite reaching a higher level of the realm?

It wasn't until Su Yu had a message in his head that he revealed his surprise at the solution. "That's it! This great consummation is more powerful than merely imitating the magical powers of others!"

There was a hint of joy in his face, and another thought occurred to Su Yu.

It was at this moment when Su Yu finally felt the vague killing intention suddenly flash across him!

The Netherworld Faction assassin had started the attack!

When the gods left, the attack suddenly began!

The assassin was a man with a burly, muscular body. The power of the god was both visible and invisible proving that this guy was strong. He was very much like a quasi-god!

Attacking immediately, he caught Su Yu by surprise, and a poisonous dagger in his palm was inserted into Su Yu.

Regardless of whether it could be inserted into his body, if the skin was even cut a little, the poison would be enough to kill Su Yu on the spot.

However, Su Yu was well prepared. He took a golden arrow, held it between his palms, and inserted it into the quasi-god without giving him time to think.

The two attacks happened at almost the same time, but the destroyer arrow was longer than the dagger. The two weapons had to travel the same distance, so the assassin was about to be pierced by the destroyer arrow.

The assassin's heart sank slightly. Su Yu's reaction speed had exceeded his expectations. This was enough to prove that their previous judgment was correct. This assassination was a trap waiting for them!

"Break!" The assassin failed to strike and decisively detonated the dagger. A humming sound was heard, and the dagger was sacrificed without further hesitation.

The dagger broke into pieces, and a large cloud of highly toxic poison erupted. As the dagger fragmented, it launched towards Su Yu.

The destroying arrows in Su Yu's hand had to change the direction of their attack to block the shards. They moved to the front to block all the dagger fragments that came towards Su Yu.

Taking advantage of this opportunity, the assassin whispered and gathered a divine power from his abdomen!

As soon as the divine power came out, it turned into a golden light and headed straight for Su Yu's heart.

Su Yu tried desperately to block the debris and did not have much time to react!

Even when he was in danger, the assassin's ability to react to the way things were going was almost instinctive, and he quickly seized on Su Yu's weakness.

Su Yu's heart gave a sudden leap. His trap had not worked well at all!

It was a dire situation, so Su Yu whispered, "Sheng Ge!"

Su Yu's arm flickered brightly. Sheng Ge flashed out, and a butterfly landed gently on Sheng Ge's head.

"Little Butterfly, he wants to steal your food and eat it!"

Then, the quiet, chaotic but colorful butterfly suddenly became angry. Sheng Ge had been teaching it that there was only one hatred in the world, and that was the hatred of predation, the hatred of preys stealing food!

The chaotic multicolored butterfly kept that in mind. Seeing that the person in front of it was trying to grab something, it immediately flapped its wings in anger!

The ray of killing power directed at Su Yu collapsed under the fanning wings!

At the same time, the assassin's face changed, and he hurriedly retreated.

However, Su Yu saw that on his burly body, there were cracks in his arms from head to toe. It seemed that even his soul was severely injured.

The assassin was shocked. Where was this inconspicuous butterfly from and what the hell was it? With a flap of its wings, he was so close to facing death.

If it wasn't for a few strands of divine power in his body to defend himself, he would have already lost all his soul just a moment ago, and his soul would not have escaped that situation.

However, the assassin did not give up. He took something from his hand and put it in his mouth. The injuries on his body and the injuries on his soul were healed immediately.

As an assassin, he had no shortage of fine healing elixir.

The assassin had just recovered from his injury when suddenly a warning sign came into his mind as if something extremely dangerous was coming.

He saw Su Yu reach out his palm and point to him from far away.

First, there was the flicker of the seemingly visible and invisible silver light. Then, came the halberd, which was as black as ink and full of shocking evil spirits. It penetrated through the void.

The assassin was astonished. What was contained in the halberd was some kind of extremely evil spirit!

He was so frightened by what he observed!

Also, all these evil spirits were all at god-level power status!

If this halberd hit him, he would certainly die!

At this critical moment, the assassin bit his tongue and spat out a drop of light golden yellow blood, which was the essence of quasi-gods.

The essence of blood turned into a shield and he hid behind it, trying to resist the halberd for a moment and getting time to react calmly to the situation at hand,

However, this was, after all, a complete deity much like the tree goddess, who had pinned its existence here for thousands of years. How could the blood of a quasi-god resist its attack?

Zip!

The shield produced by the quasi-god's essence and blood did not even resist it one bit and was decisively penetrated by the halberd.

The assassin was dismayed and once again gritted his teeth and took out three thatched humans. The thatched humans looked very similar to the assassin.

He threw the three thatched men in three different directions, and the movement of the halberd towards the assassin appeared to slow down. It seemed that it had lost its target.

To the halberd's perception, the direction where the three thatched men were headed to was consistent with that of the assassin!

Taking advantage of this opportunity, the assassin did not end his offensive and opened a teleport to avoid the halberd. Then, he let out a cry and headed to kill Su Yu himself!

Su Yu's pupils shrunk slightly. Ordinary people would have already chosen to escape if they had found that the enemy had an absolutely crushing weapon. However, this assassin was quick-minded, and he knew that it was the best opportunity for him to strike the mastermind instead!

"Die!" The assassin's piercing voice was still being transmitted through the air. A poisonous dagger emerged from his palm, and he thrust it viciously into Su Yu.

Su Yu didn't think too much and lifted the destroying arrow at the same time.

However, the assassin screamed loudly, "Capture!"

A weird scene happened. Su Yu's annihilation arrow in his hand suddenly disappeared and actually appeared in his opponent's hand!

This was the divine power of his opponent that he had been keeping close to his heart: Capture!

At this moment of life and death, was it possible to even survive now that his weapon had been taken away?

When the assassin was less than three inches away from Su Yu, suddenly, out of nowhere, a white finger stretched out from Su Yu's arm.

The finger touched the assassin's dagger lightly.

The assassin was horrified!

The venom on the dagger, which was full of his divine power, contained the power of a quasi-god. However, Su Yu's arm at this moment could not be stabbed by it anyway. It was as if that finger had power over the dagger and correspondingly, the assassin!

"Really, this is a treasure. What will you do if you hurt children by throwing it at random places? Even if you can't hurt a child, I'm distressed merely thinking that it can hurt the flowers and plants. Well, in that case, I'll take it from you." The finger gently flicked against the dagger. The assassin, as if subjected to a great force, experienced his body being uncontrollably flicked high up into the air.

The dagger, on the other hand, remained stuck to the finger.

Then, an arm appeared in the blue light. Immediately after that, a beautiful girl with an emerald green skirt that exuded the breath of nature and life appeared. She quickly drew the dagger into her sleeve, and the speed at which she did so was unparalleled.

The assassin saw this person for the first time and was stunned. “God!!!”

Yes, it was a god. The godly power that naturally radiated from her could not be false.

Although the assassin quickly saw that this god seemed to be seriously injured and not as powerful as he imagined, there was no doubt that she was stronger than him!

What a trap. Even the gods were part of the trap!

As soon as the assassin’s eyes looked elsewhere, he immediately turned his body and fled as well.

The tree goddess laughed and chased after him. “Don’t go! Let me tell you something. There are many bad people in the world, and you carry so many precious treasures everywhere with you. It is actually very dangerous. As for me, I have a bottom line, a sense of honor, and am a caring Goddess. Please leave the treasure with me for safekeeping, and I will pay you interest every year on schedule. ”

“You are the biggest villain in the world!” the fugitive assassin thought. Taking a large stride, he almost fell.

“Oh, it doesn’t matter if you fall, as long as your treasures are alright!”

One god, one quasi-god, one chased and one fled. They covered a great distance in no time.

Looking at the mess on the ground, Su Yu sighed, “It’s really difficult to deal with the quasi-gods!”

Su Yu was easily able to crush Bu Ruyi of the Spire Mortal Fairies. However, the quasi-god could make Su Yu feel highly threatened. This was still the case when Su Yu was prepared and had set a trap. Had he not set things up, he would probably have been killed by that poisonous dagger.

In the end, he had still needed to rely on the tree god.

However, just as everyone had started to feel relieved, Su Yu began to sneer and said, “I’ve been waiting for you for a long time!”

“Nine Suns Cosmos Sword Formation!”

Do la la!

The sky was suddenly covered with nine silver-colored Tianzhu Silver Bamboo Swords. They were scattered all over the sky, with Su Yu as the center point. They surround him so closely he had no room to breathe.

Chapter 1159: Rebirth from Fire

Meanwhile, Su Yu’s figure flashed, and he moved swiftly out of the sword formation.

An indiscernible black silhouette also followed Su Yu, in an attempt to leave the sword formation.

However, just as the black shadow flickered, the sword formation abruptly began to operate. A sharp blade of silver sword lacerated the black shadow and forced it back.

Upon leaving the sword formation, Su Yu looked back but could not see any trace of the killer.

To be precise, Su Yu could clearly feel that the black shadow was indeed amidst the sword formation, but when Su Yu's eyes fell upon her, his gaze was always shifted away by force.

"Could this be her Divine Path?" Su Yu asked himself.

Inside the sword formation, the black shadow flickered continuously as it strove to leave the sword formation, only to find that this sword formation was a very well-built one, and there were no flaws that would allow one to leave.

"You knew early on that there was a second killer?" The black shadow was apparently a woman, but her voice lacked tenderness and had a touch of cruelty instead.

Su Yu replied dispassionately, "Of course I do! These things only take one guess to find out! The Netherworld Faction is known for never missing their targets, but is there really absolute certainty in this world? There will always be contingencies from time to time!"

"You have maintained a never-failing record up to now. Besides the tough quality of your killers, there must be a more important factor, and that is a way of escape! Once a killer encounters accidents, there will be another, or even two to three more, or many more killers to make up for the unforeseen errors."

"Therefore, I estimated that there would be at least two killers that came to deal with me this time! If you people regard me highly, there should also be a third killer," Su Yu said, as he glanced around.

The delicate woman was inwardly shocked. She finally believed the rumors in the streets about this guy's incredible intelligence.

He took every aspect and eventuality into consideration, and his ability to lay plans and strategies was unpredictable.

If she were to provide a holistic appraisal once again, she would raise the standard of this mission two levels higher, making it a mission of level-six difficulty!

That was the difficulty of assassinating a middle-stage Prospective Deity!

"In that case, you have secretly set up this sword formation while fighting another killer?" the gentle woman asked.

Su Yu nodded lightly. If it weren't for that, how would Su Yu have been in danger several times?

Su Yu had been diverting his attention to set up the Nona-Solar Sword Formation and couldn't contend with the first killer with all his might. Therefore, he had appeared less agile.

"What a profound scheme!" The gentle woman took a light breath. She couldn't blame herself for being gullible. It was just that Su Yu was too cunning!

He had prepared the None-Solar Sword Formation without giving any hints and had pretended to be relaxed and carefree, tempting her to strike.

"It is an over-compliment," Su Yu replied nonchalantly. Shortly after, his face suddenly turned icy. "Slash!"

His command was given without any warning. The gentle woman was startled again. In a deep voice, she yelled, “You can see that I’m buying time?”

“What a joke! It’s merely a simple trick of delaying time. How could I not be able to recognize it?” Su Yu said, and the nine blades of Heavenly Orchid Silver Bamboo Swords were activated all of a sudden.

In an instant, nine beams of silver light shimmered, weaving into a space that had nine locked angles. The gentle woman was confined within, isolated from the outside world.

The gentle woman gritted her silver teeth and took out a bronze comb. The comb was apparently a middle-grade fairy artifact. When she combed the air with it, the None-Solar Sword Formations began trembling suddenly.

The few blades of Heavenly Orchid Silver Bamboo Swords that were at a closer distance started vibrating as if they were about to be eliminated from the sword formation.

Fortunately, the sword formation had been activated, and the nine beams of silver light suddenly crisscrossed to and fro hundreds and thousands of times in the confined space!

The black-dressed woman did not even cry out. She was merely standing on her spot, motionless.

With a creak, the comb in her hand shattered into countless fragments, and her body was sliced into hundreds and thousands of pieces too!

When the None-Solar Sword Formation stopped operating, only the pulverized comb and a mesh of scattered flesh lay on the ground.

The Crane Deity’s family at the side was petrified. What kind of sword formation was that? It could butcher a Prospective Deity so easily!

Su Yu cast a look at it and asked indifferently, “I really have belittled Prospective Deities. Are you not dead yet even now?”

The scattered flesh on the ground transformed into black flames with a “pow”.

From the flames, a pitch-black phoenix was born. It had dark profound feathers and was emitting black streams of air.

The icy, fierce eyes of the phoenix were staring coldly at Su Yu.

“Phoenixes are reborn from fire, so your Original Form is in fact, a black phoenix!” Su Yu said with dread as he watched the black streaks of air being emanated from its body.

Rebirth from fire, a nature-defying ability that enabled one to be reborn immediately upon death!

If invisibility was her Divine Path, then rebirth from fire was her talent.

Prospective Deities really were not easy to kill!

“Human brat, you killed me once but can you kill me again?” The black phoenix fluttered its wings, its graceful phoenix body slowly spiraling into the sky, and the black streams of air surrounding it kept deepening.

Su Yu wasn't unfamiliar with the black streams of air. It was the Energy of Death, the Energy of Death which could destroy Su Yu!

Her words drifted in the air, but her Original Form had flown above Su Yu's head. The sharp phoenix claws launched a lethal grasp at Su Yu, carrying the dense Energy of Death!

Without a second thought, Su Yu grabbed the long spear of Evil Fatal Energy and collided with its claw.

All of a sudden, an enormous wave of terrifying force was transmitted along the long spear and was about to destroy Su Yu's body.

At the critical juncture, ten beams of light shot out from Su Yu's body all at once, and his body transformed into a long golden dragon, which charged forward with all its might!

A shriek of agony was heard. Not only had the black phoenix failed to kill Su Yu, but its claw was pierced by Su Yu's long spear, and pitch-black blood was trickling from it.

The black phoenix lifted its claw and broke free from the penetration of the long spear. It flew down, its mouth spitting streams of black air which had the form of flames. The flames surged towards Su Yu. "Death Blaze!"

Pow!

The black flames that contained fatal peril enveloped Su Yu.

With a dull crackling sound, Su Yu's body of golden dragon was burnt to ashes in the flames!

"Feather Deity!" The faces of the Crane Deity's family members turned pale with terror. Su Yu was dead!

The black phoenix looked relieved. As it looked down at the streams of black air incessantly rippling from its claw and sensed the remnants of the Evil Fatal Energy in its body, it couldn't help but laugh bitterly inside.

Having sacrificed a killer to distract the most powerful Tree Goddess, she had still performed a Rebirth from Fire and had only managed to slaughter this man after sustaining severe injuries.

The difficulty level of this mission was definitely a six!

But the mission had finally been accomplished, she could retreat now!

However, right at that moment, the black phoenix's eyes were gradually filled with terror when she looked at the pile of ashes on the ground.

A mass of pitch-black flames emerged from among the ashes on the ground. Shortly after, amidst the pitch-black blazing flames, a humongous dragon with an entirely black body flew out!

"Rebirth from Fire?" The black phoenix could not believe its own eyes. Wasn't this her inherent magical power?

Besides, it was a talent exclusively possessed by phoenixes. How was this dragon capable of it?

Shock, terror, and bewilderment flickered in its eyes all at once. Shortly after, a profound desire for killing could be seen.

This human was too unusual, so unusual that the black phoenix felt extremely insecure!

Swish!

With the strident sound of the air being torn, the black phoenix flew over to pounce on Su Yu once again. It intended to kill Su Yu while he had just experienced a Rebirth from Fire and was still in an unstable state!

However, right at that moment, Su Yu cried out softly, "Giant Divine Soldier!"

Boom! Boom! Boom!

All of a sudden, the entire ground began trembling vigorously. Inside the Crane Deity's backyard, a secret chamber was suddenly shattered by a fist a thousand feet in width.

It was a fist that had emerged from under the ground!

Shortly after, it was as if the sky and the lands were being torn apart. An incredibly colossal seam, which was several thousand feet wide, appeared in the Crane Deity's mansion,!

A giant the color of metal crawled out from the underground depths!

Wang Yunxuan was standing on top of the giant's head and was roaring with laughter. "Fellow Su, I'm here to help you!"

However, the giant showed no facial expression as it stood up. It stood motionless and did not obey commands. Wang Yunxuan's face went stiff. "What's wrong? Hasn't it been very obedient while being tested? Is it defective again?"

The black phoenix stared at the gargantuan metallic giant that was ten thousand feet in height in great shock. Its eyes were filled with astonishment.

It could feel the extremely powerful aura emitted by the giant. It wasn't something that it was capable of dealing with!

Despite its terror and shock, the black phoenix was glad that the Giant Divine Soldier seemed to be defective and disobedient to commands upon being crafted.

Seizing the opportunity, the icy desire for murder glimmered in the black phoenix's eyes. With several scratches of its claw, it tried to kill Su Yu once again!

But right at that moment, a fist that was a thousand feet in size fell from the sky all of a sudden!

The black phoenix was startled. It looked up only to see an expanse of darkness because the fist had concealed the entire sky!

How did it dare to keep grasping at Su Yu? Spreading its black wings, it flew away swiftly!

However, right after it dodged the fist, the sky above its head went dark again. Another fist pounded down as if it had been prepared a long time ago.

The black phoenix had nowhere to hide and was brutally punched by the Giant Divine Soldier.

Pow!

Blood splattered everywhere, and the body of the black phoenix was slammed into smithereens right away!

It turned out that the Giant Divine Soldier had suddenly obeyed its commands at the critical juncture.

The muddy flesh of the black phoenix burst into black flames once again, apparently on the verge of being reborn from fire once again.

Su Yu's eyes glinted with iciness. "How can you still come back to life?!"

Praa!

The long spear of Evil Fatal Energy pierced through the sky, falling right into the muddy mesh of flesh.

The powerful Evil Fatal Energy extinguished the mass of flames. Even though the muddy flesh kept writhing and struggling to attempt another Rebirth from Fire, the long spear wouldn't budge an inch.

If she could move the long spear that easily, the Tree Goddess would have been too unfortunate to be nailed to the throne for so many years.

Praa!

Suddenly, a small streak of black flame emerged, transforming into a black phoenix the size of a thumb. It stared coldly at Su Yu. "You can never kill me! No matter how many times you do, I can come back to life!"

Su Yu's lips curled into a detached smile. "Kill you? Why should I kill you? What good do I get from killing you? If I can keep you nailed like this forever and ever, won't that be amazing?"

"Our Crane Deity's family could enclose this space and turn it into a tourist spot. People could come and visit the rare animal black phoenix, and we could earn some ticket fees."

"In the future, when we gather a lot of creatures from the Netherworld Faction, we could even assemble you and organize a circus and make you tour around the continent."

"One of the performances will be Rebirth from Fire. We'll extract the long spear and let you come back to life for a while, and then pierce you to death again. Well, I believe this performance will become the most captivating performance of our circus."

Chapter 1160: Taming the Killer

Ahh!

All of a sudden, someone exclaimed out of nowhere. It was the Tree Goddess who had somehow returned. She was standing behind Su Yu, staring at him with her face full of surprise.

"My dear Yu, you are so talented! I wouldn't have figured out such a convenient, fast way to earn money!" the Tree Goddess praised.

His expression angry, Su Yu replied, "Why am I not pleased that you praised me like that?"

“Oh! My dear Yu, you are so mighty, you are the Lord of Light, showing the lost me a way to the promising light, lighting up a beam of hope in my pitch-dark life.”

“I have made up my mind! From now on, I will start teaching this black phoenix. We have to kick-start our dream circus!” The Tree Goddess rubbed her hands together, her mouth drooling as if she had pictured them collecting the ticket fees till their hands turned to jelly.

The black phoenix sneered. “Stop acting! Do you think a little threatening trick like that can frighten the killers from our Netherworld Faction? You have belittled the Netherworld Faction!”

Su Yu touched his nose. “Erm... I have indeed intended to frighten you, but I’m not sure about the rascal Goddess.”

The Tree Goddess was hopelessly broke now. She wouldn’t mind doing anything immoral or inhumane at this point.

“I do want to pry some information about the Netherworld Faction from you,” Su Yu said placidly, “After all, those who have the courage to kill me have no reason to stay alive in this world.”

Upon hearing that, the black phoenix was startled. This fellow was so arrogant! Was he actually planning to take complete possession of the Netherworld Faction?

Despite having known about his mastery of scheming, the black phoenix only laughed with contempt.

Not even the Great Eastern Alliance had the absolute confidence to bring thorough destruction upon the Netherworld Faction. Back when the Netherworld Faction was most impetuous, they had assassinated three deities in a row.

The twenty deities dispatched by the Great Eastern Alliance ventured deep into the divine relic in an attempt to launch a devastating blow on the Netherworld Faction.

But eventually, the Netherworld Faction was unscathed, while the twenty deities all returned in a terrible condition, and two of the deities were detained forever.

It wasn’t just because the divine relic was near the domain of the demon race, having a unique geographical location.

It was also because the divine relic shared the common hatred and treated the Great Eastern Alliance as a great latent enemy.

Entering the divine relic was like sinking themselves into a mighty ocean with enemies surrounding them. They couldn’t even find the exact location of the Netherworld Faction, let alone destroy it.

“Haha, before you came, you did not expect to fall into the hands of a mere All Creations, did you?” Su Yu asked indifferently. “There might be things that cannot be possibly done in this world but that was before you met me!”

“I will pay a visit to the Netherworld Faction sooner or later!”

Hearing Su Yu's confident words, the black phoenix was somehow worried.

This young man was totally different from any enemies whom she had encountered before!

"No matter what you do to me, either torment me and beat me up cruelly or try to threaten and bribe me, don't even think that you will find out anything about the Netherworld Faction from me."

"As an assassin of the Netherworld Faction, I have been enlightened about death." The black phoenix looked at ease and seemed fearless in the face of Su Yu's threat.

Su Yu's lips twitched into a smile. "Has no one ever told you about the existence of the Path of Souls in this world? To know the secrets contained in one's soul, one doesn't necessarily have to speak."

"Humph, do you mean Soul Searching or Mind Manipulation? All of us assassins have gained protection from the Death Deity. Our souls cannot be searched by outsiders, let alone manipulated."

Watching the black phoenix reassured and emboldened in her belief, Su Yu said dispassionately, "What a stupid woman, you forgot my words so quickly. There might be things that cannot be possibly achieved in this world, but that was only before you met me!"

"You..." The black phoenix stared at Su Yu in shock.

Before she could finish her words, two beams of green light suddenly shot out from Su Yu's eyes. The black phoenix couldn't evade them in time and was hit by the green light.

The two beams of green light were extremely overbearing. They transformed into two sharp arrows and penetrated her soul, nailing her soul till it could not budge.

There was a struggle in the black phoenix's eyes. Shortly after, her facial expression gradually became gentle and peaceful. Eventually, her virtual shadow bowed in the air and said in a tender voice, "I am from the race of the black phoenixes, Liluo. Greeting my master, I have offended you. Please punish me, Master."

The Tree Goddess blinked. "Such a domineering soul manipulation technique! It doesn't work by threatening but by manipulating the mind by force, making her sincerely recognize you as her master. Hardly any deities who practice the Path of Souls could achieve such a technique."

This was the effect of the Top Tier of the Illusory Soul Realm. Extremely domineering and overpowering, it enabled the manipulated to obey with complete willingness.

Not only did it retain the consciousness and intelligence of the manipulated, but it also meant they completely retained their capabilities.

Simply speaking, it could turn any enemies into one's own loyal servants in the blink of an eye. That was how incredibly domineering it was.

There surely was a precondition that had to be fulfilled. The target on whom the tactic was performed should have a weak soul or be completely unaware.

"Fill me in on the details of the Netherworld Faction!"

A moment later, Su Yu's eyes flashed. The organizational structure of the Netherworld Faction was very convoluted. An early-stage Prospective Deities like Liluo could only be considered a middle-class figure in the Netherworld Faction.

Above her, there were top-notch assassins who were middle-stage and late-stage Prospective Deities. And further up, there was the most mysterious master of the Netherworld Faction, the Death Deity.

Having grasped a great load of information about the Netherworld Faction, Su Yu nodded slowly and drew the long spear back.

After her Rebirth from Fire, Liluo had turned into a gorgeous-looking, middle-aged woman. She was half-kneeling on the ground, closely listening to Su Yu's commands at all times. The look on her face was very natural, without a single trace of being forced.

"Where is the other killer?" Su Yu looked over at the Tree Goddess.

The Tree Goddess clasped her pocket tightly. Pouting she said, "I'm in dire need of replenishing my godly spirit. The godly spirit of this Prospective Deity isn't stable enough. It's just good enough to be extracted and added to my nourishment."

Su Yu indifferently replied, "How much could a mere Prospective Deity satisfy you? The Carnival of All Gods will be held tomorrow. If you are obedient, I could help you replenish your godly spirit once and for all..."

"Haha, I know you love me. My good husband, when are we getting married?"

"And then you're gonna divorce me right after that and get hold of my assets, aren't you?"

"Right, right! That's what I'm thinking!"

"How could you say it so forthrightly and confidently?!"

The Tree Goddess was lost for words.

The Tree Goddess handed the first killer that she caught to Su Yu. He was in good condition, and it seemed that the Tree Goddess had captured him with great ease.

Once he got out, his first reaction wasn't to flee, but to kill Su Yu who was right in front of him!

With the Tree Goddess around, he couldn't escape, so he could only opt to seize Su Yu.

"Humph!" Liluo, who was half-kneeling on the ground snorted coldly and slammed her palm towards him.

Both of them were early-stage Prospective Deities, but Liluo's combat power obviously overrode his, and she managed to repulse him.

In shock, the killer exclaimed, "Liluo! Have you pledged allegiance to him?"

From Liluo's eyes, the killer could not discern any signs that her soul was being manipulated.

“I will kill you before you get near my master!” Liluo’s eyes were filled with ferocious cruelty. She was about to finish him off when Su Yu stopped her.

The Tree Goddess got the hint. With a move of thoughts, a large patch of vines and tendrils grew from the underground and twined around the killer, wrapping him into a huge dumpling so that only his eyes and mouth were visible.

“I could surrender to you as well!” the killer said.

“Do you believe your own words?” Su Yu asked.

The killer replied, “If Liluo could surrender to you, I, Jingang, could do the same!”

“One killer from the Netherworld Faction will suffice. What’s the point of having another?” Su Yu said without emotion.

“In terms of capacity and statuses in the Netherworld Faction, as well as the mastery of information about the Netherworld Faction, you are far less capable than Liluo. Keeping you is meaningless!”

Jingang definitely wouldn’t surrender willingly but was thinking of taking the opportunity to free himself and returning later to kill Su Yu!

“However, although I’m not planning to keep you around, you are worth quite a lot too.” Su Yu flashed half a smile and shot a glance at the Tree Goddess.

The Tree Goddess smiled. With a shift of thoughts, Jingang’s soul was oppressed until he went into a weakened state that rendered him unable to retaliate.

After that, Su Yu successfully manipulated him too.

Only when the two Prospective Deities were kneeling before Su Yu did He Ruchu come forward with a face full of guilt. “Feather Deity, we are useless indeed.”

Su Yu had encountered assassins right at the door of the Crane Deity’s dwelling. The Crane Deity’s family had numerous people yet no experts who could serve their purpose. It was indeed pathetic.

“You people have limited capabilities. If you had charged rashly just now, apart from becoming hostages of the killers and hampering me from attacking, you would have been of no great help. It was good enough that you could stop the people,” Su Yu complimented.

If He Ruchu hadn’t stopped the attackers, the scene would have gotten chaotic, and chaos would be to the killers’ advantage.

“Feather Deity, these two... killers, how are you going to deal with them?” He Ruchu looked at the two Prospective Deities from the Netherworld Faction, and his eyelids fluttered.

Rumor had it that the Prospective Deity killers of the Netherworld Faction were extraordinarily excellent, any one of them could independently assassinate the ordinary Prospective Deities of the Great Eastern Alliance.

He had never expected to see two of them falling into the Feather Deity's hands one after another.

More importantly, they obeyed Su Yu's commands now. This was indirectly giving great power to the Crane Deity's family!

Su Yu pointed at Liluo. "Take her back to the house for recuperation. During the upcoming period of time, she will safeguard the Crane Deity's family temporarily on my behalf."

The Carnival of All Gods was about to begin. As a substitute deity, Su Yu might need to be away for quite some time.

"As for Jingang..." Su Yu's lips curled into an icy look. "It is impolite not to return what you receive. Since the Qin Great Young Master is so concerned about me, it would be ungracious of me not to pay him a visit!"

He had been set up twice with each encounter increasing in danger. If he didn't show him some power, hehe...

Hearing Su Yu's intention, a resentful voice sounded, "Lord Feather Deity, if you wish to make a trip to the Book Deity's family, I am more than willing to lead you there!"

He turned to find that it was Bu Tieyi, the former leader of the law-enforcement team of the Crane Deity's cavern world.

Qin Feichen had taken advantage of him the other day, throwing him into the Crane Deity's cavern world in an attempt to get Su Yu killed.

Whether Su Yu was alive or dead, Bu Tieyi would still be killed!

Qin Feichen had obviously sent him on a death mission!

Su Yu chortled. "He was your former master after all. Would you really have the boldness to do it?"

Bu Tieyi was full of animosity. "It is not me that has no virtue, it is the Book Deity's family that is inhumane! I am willing to be of service to you and am at your disposal, Feather Deity."

Su Yu cast a thoughtful look at Bu Tieyi and laughed softly. "Fine, after this, you can stay at the Crane Deity's cavern world by my side."

Wang Yunxuan only chuckled at that. "A fine bird chooses the right tree to nestle in. I have no comment on that."

How could the two of them not understand what Bu Tieyi was thinking? Bu Tieyi had volunteered to lead the way in the hope that Su Yu could protect him, considering his contribution.

Having witnessed Su Yu taming two great Prospective Deities with his very own eyes, Bu Tieyi's confidence in Su Yu had increased several times, hence he decided to put his faith in him.
