

Nine-Dragon 1161

Chapter 1161: Secret of All Deities

“Thank you so much, Feather Deity and Master Wang!” Bu Tieyi was beside himself with joy as deep iciness flickered in his eyes. “The Book Deity’s family can’t blame me this time!” he thought.

“Feather Deity, I have something to report to you!” Bu Tieyi said.

After Su Yu nodded, Bu Tieyi said, “Has Feather Deity ever wondered why Qin Feichen was able to identify your weakness back then?”

“Hmm... I heard that the Book Deity’s family has a most valuable treasure named the Book Deity’s Treasury, which has all the knowledge in the world congregated within it. It can see through all secrets. Could Qin Feichen have used it?”

Bu Tieyi replied, “Exactly! The Book Deity’s Treasury is made up of all the knowledge amassed by the former Book Deities and is exceptionally fascinating. Once used, no secrets in the world can hide from the Book Deity’s Treasury!”

“It is best if Feather Deity destroys the Book Deity’s Treasury when you travel there, otherwise, this thing will become one of the biggest hidden threats to you, Feather Deity!”

Su Yu was proficient in scheming. If Qin Feichen used the Book Deity’s Treasury to see through Su Yu’s scheme, he could definitely give him a fatal blow at a certain point in time!

Last time, if He Ruchu hadn’t secretly divulged the information to him, he would have been dead already!

“The Book Deity’s Treasury?” Su Yu understood the threat posed by the item as well. If it wasn’t eliminated, it would indeed be a huge threat.

Putting aside what might happen in the future, the Carnival of All Gods would take place tomorrow.

His conspiracy with the Jing Deity was an earth-shaking matter that could not be exposed. Once the hundred deities knew about it, they would certainly rise and attack, extinguishing both of them.

If Qin Feichen happened to hear some gossip and investigated matters with the Book Deity’s Treasury, then it would be...

Su Yu was frightened and broke out in a cold sweat. Why was there such a thing in this world? It shouldn’t exist!

Bu Tieyi looked around and whispered, “In fact, all the deities are very displeased with the establishment of the Book Deity’s Treasury by the Book Deity’s family because their secrets are under the control of the Book Deity’s family at any point of time!”

“However, without a convincing reason, they couldn’t just go forth and destroy the treasure. If Feather Deity is willing to destroy it, at least the deities will not stop you when you do it. They will even offer to secretly help you!”

Was that so? Su Yu’s eyes flickered with an icy gleam. He had too many secrets that he didn’t outsiders to peek into, so the Book Deity’s Treasury had to be destroyed at all costs!

“Fellow Su, are we going on another big adventure?” Wang Yunxuan hadn’t recovered from the excitement of destroying two Prospective Deities from the Netherworld Faction before he heard that Su Yu was going to commit another earth-shattering act, and he was invigorated instantly!

“Bring the Giant Divine Soldier along and follow me! Let us go present Qin Feichen with a big gift!” Su Yu sneered.

Swish! Swish!

Suddenly, large waves of powerful energy reverberated from somewhere far away. It turned out that the deity’s descendants had returned.

Sensing the shocking unusual phenomenon in this area, all of them had returned to find out what happened.

Su Yu’s eyes shone. He secretly commanded Jingang to pretend as if he was fleeing because of defeat.

As an assassin, Jingang’s basis in disguise had attained sublime perfection. He flew backward while spitting out a mouthful of blood, thudding forcefully on the ground as if he had been hit by a powerful blow.

Standing up quickly, Jingang growled, “Su Yu! Don’t even try to stop me killing every last one of the deity’s descendants today!”

As he spoke, Jingang turned into a stream of light and fled.

Su Yu and Wang Yunxuan grew “tense” as they yelled, “With the two of us here today, this will be a one-way trip for you killers from the Netherworld Faction!”

Swish! Swish!

Both of them leaped onto the Giant Divine Soldier and controlled the giant to take them sprinting across the ground.

Despite the humongous size of the Giant Divine Soldier, it moved unexpectedly nimbly. Its speed was so fast that it could even compare to an early-stage Prospective Deity.

The Giant Divine Soldier that was ten thousand feet in height was the mysterious weapon crafted by Wang Yunxuan by following the blueprint discovered in the divine relic.

On the blueprint, this weapon was referred to as the Giant Divine Soldier. Even the lowest grade had the terrifying capabilities of a Prospective Deity. With sufficient materials, it was not a problem to craft a late-stage Prospective Deity with it.

It was a pity that all these materials required the rare valuable items of the starry sky of about ten thousand years of age and had long become extinct on the continent. They could only be found if one ventured into the galaxies.

Upon hearing that, Su Yu's interest was piqued, and he paid attention to the names of those materials.

Not long after they took off, they encountered the returning deity's descendants head-on.

"Feather Deity, what happened?" Sheng Yuanxin deserved to be the leader of the deity's descendants. With a stern face, she said, "I sensed the air of Prospective Deities."

Su Yu replied somberly, "Yes! I found two Prospective Deities that have come from the Netherworld Faction. They were following you as you left, so we got into a huge fight with them. One of them has been tamed by me, but this one has run away!"

Following us? The faces of the deity's descendants suddenly became furious.

The Netherworld Faction was also a frightening presence whose very mention could elicit fear.

And Su Yu had said that they were of the level of Prospective Deities. Apart from Sheng Yuanxin, no one else at the scene had the capacity to fight them, so all of them would suffer the fate of being slaughtered!

Knowing that one of them had escaped, they even forgot to wonder how Su Yu managed to tame one of them.

It was Sheng Yuanxin who shot a suspicious look at Su Yu, but as a Senluo Law Enforcer, she couldn't sit back and do nothing when killers from the Netherworld Faction had intruded into the Great Eastern Alliance. "I will destroy this killer with you!"

Yang Tai touched his chin. He was the only one who knew that those two killers hadn't come for the deity's descendants, but for Su Yu.

Seeing as Su Yu had fooled them now, Yang Tai couldn't help but feel amused. "This fellow must be having some mischievous ideas again! Hehe, it looks interesting. I will follow them and have a look."

"The rest of you, head for the nearby cavern worlds immediately and ask for the protection of deities! We will go after the killers of the Netherworld Faction!" Sheng Yuanxin dispersed the crowd and chased after the killers along with Su Yu, Wang Yunxuan and Yang Tai.

The news spread through the streets at a shocking speed.

"Big news! Have you heard about it? The Prospective Deity killers from the Netherworld Faction have come to the Great Eastern Alliance and were about to massacre the deity's descendants, but one of them was tamed by the Feather Deity, and the other was severely injured!"

"What? Prospective Deity killers from the Netherworld Faction?"

“What? Is the Feather Deity so powerful? He could even tame Prospective Deity killers from the Netherworld Faction?”

“It’s hard to believe. Is the Feather Deity that great?”

“Why wouldn’t it be possible? I heard that the Feather Deity transformed into a golden dragon and defeated Bu Ruyi with ease! He is a real deity reincarnated from the nine dragons!”

“By the way, just what kind of deity is the Deity of Nine Dragons? Why haven’t I heard of it before?”

“It doesn’t matter! It must be some extremely powerful deity. The Great Eastern Alliance has gone through millions of years and has witnessed the birth of numerous deities. What is strange about not knowing them all?”

“Stop the nonsense all of you! Where is the killer from the Netherworld Faction whom the Feather Deity is chasing after now?”

“I heard that he is running in the direction of the Book Deity’s cavern world!”

Pow!

Inside a secret chamber of the Book Deity’s dwelling, in the Book Deity’s cavern world.

Qin Feichen had a gloomy look on his face as he shattered the table before him with a slam. “Trash bags! He is merely an All Creations, yet two great Prospective Deities had no control over him? One was tamed, and the other is being hunted!”

At the side, Wuchou dared not take a breath. His heart was beating in dread.

The Netherworld Faction, which had always been renowned for their complete lack of fallacies, had failed a mission!

However, the key wasn’t the failure, but how unbelievable the failure was!

Why were the killers of the Netherworld Faction even worse than the ordinary killers? After their defeat, they turned to rely upon the target whom they were supposed to kill!

After a long while, Wuchou said, “Young Master, now is not the time to be concerned with success and failure. We should be concerned with Jingang’s whereabouts!”

“Yes? His whereabouts while being hunted requires my attention?” Qin Feichen heard his overtone.

Wuchou replied solemnly, “Replying to Master, Jingang has arrived at the Book Deity’s cavern world and is heading all the way here to our dwelling.”

Upon hearing that, Qin Feichen’s eyes flickered with shrewdness. “As a killer, he shouldn’t be too imbecilic to be seeking my help and exposing me, should he? Besides, the Netherworld Faction never reveals the employer’s information to the killers executing the mission!”

Having thought of that, Qin Feichen did not look relieved but began to ponder. "If that is the case, why is he coming to the Book Deity's dwelling?"

Wuchou said, "Replying to Young Master, this is most likely related to that Su Yu! For some unknown reason, as he flees, Jingang has been proclaiming that his purpose in coming to the Great Eastern Alliance is to slaughter each and every deity's descendant, which is very uncanny!"

Qin Feichen turned serious. A brief moment later, he said, "Just wait and see! The Book Deity's Treasury was used last time, and it'll take a period of time for it to recover before it can be opened again. Then, we should be able to clearly grasp Su Yu's intention."

Wuchou nodded slowly. "Right, I think after this matter, we should use the Book Deity's Treasury to carry out an investigation on Su Yu as a person! I keep feeling that he is too mysterious. There could be some shocking secrets about him."

Upon hearing that, Qin Feichen scowled slightly. "The price for using the Book Deity's Treasury once is high enough, specifically using it for him... Fine, we have to calculate the many uncertainties and various secrets of the deities for the Carnival of All Gods this time anyway, so we'll investigate him."

Right at that moment, someone reported nervously from outside the door. "Young Master, bad news! The Netherworld Faction killer Jingang has barged into our Book Deity's dwelling and is massacring people around the mansion! The fourth young master, the seventh young master, and the ninth young master have all been killed!"

What?! Qin Feichen slammed his fist down on the table and got up.

The killer from the Netherworld Faction had really shown up at the Book Deity's dwelling!

"Send my order. Have the Prospective Deity seniors in the family come and protect me. Also, send my message to the Glaze Fairy Deity and ask her to attack!" Qin Feichen yelled continuously.

Swish!

Before long, an old, weathered-looking Prospective Deity showed up in front of Qin Feichen.

He was a member of the Qin Family as well, a man-made Prospective Deity. Many years ago, he attained the godly spirit of a Prospective Deity and succeeded in being promoted to a Prospective Deity. But it wasn't his own godly spirit after all, so he couldn't manage to get through the hurdle and had thus remained at the early stage of Prospective Deity.

"From now on, do not leave me by half a step, not in any circumstances!" Qin Feichen cherished his own life very much. The other descendants of the Book Deity were certainly far less important than him.

"Yes, Young Master."

"Let's go and take a look!"

Upon coming to the front yard, a robust man was seen hunting down the people of the Qin Family all over the place.

Seven to eight of the Book Deity's descendants had been killed, leaving behind a meager few.

Jingang killed anyone that came in his way, but when he caught a glimpse of Qin Feichen and the early-stage Prospective Deity behind him, he ignored them and continued on his killing spree.

Staring at the dead bodies all across the place and the impetuous Jingang, Qin Feichen felt his heart bleeding!

"Young master, please allow me to strike and expel this person. Otherwise, the Book Deity's descendants will all be killed soon." Having watched the scene, the old man felt a killing desire rising in him.

Chapter 1162: All Deities Joining Forces

Qin Feichen narrowed his eyes and glanced at his surroundings. "Do not leave me! This could be Su Yu's plan! He wants to draw you away from my side so that he can assassinate me! You must not leave me before the Glaze Fairy Deity arrives!"

The elder was anxious, but he understood that Qin Feichen was the Book Deity's heir. Anyone else could die, but Qin Feichen wasn't allowed to suffer any misfortune.

Helpless, the elder could only witness all of it without doing anything.

Then, the ground began to tremble vigorously, and a giant ten thousand feet tall arrived at the Book Deity's dwelling.

Su Yu yelled heroically, "Shameless killers of the Netherworld Faction, you assassinated many experts of our Great Eastern Alliance. I command you submit to arrest now!"

Standing at the side, Sheng Yuanxin mumbled to herself. "He's being too agitated, isn't he?"

Seeing that Jingang had finally begun his killing, Sheng Yuanxin couldn't sit still any longer. She touched down with her golden whip, caught up with Jingang and engaged him in a fight.

However, when Jingang saw her coming, he ran without putting up a fight.

On top of the Giant Divine Soldier's head, Bu Tiewi secretly communicated with Su Yu through telepathy, informing him where the important sites of the Book Deity's dwelling were and added detailed explanation about the place where the Book Deity's Treasury was hidden.

Su Yu's eyes shone with shrewdness, and he secretly delivered his command to Jingang.

The next moment, Jingang, who was engaged in his wanton massacre in the backyard, suddenly took off in the direction of the palace which was guarded by a great number of soldiers.

Seeing that, Qin Feichen grew tense. "That is the Book Deity's Treasure House! Miss Yuanxin, please stop him!"

Sheng Yuanxin was about to nod when Su Yu's call sounded from above her head. "Sheng Yuanxin, get out of the way! Let the Giant Divine Soldier do it!"

Before he had finished speaking, the Giant Divine Soldier was already in the midst of setting its humongous foot a thousand feet in width down on the ground.

Sheng Yuanxin glared at Su Yu. Was he trying to stomp her to death?

She dodged it hurriedly, and the Giant Divine Soldier stomped down thunderously. The Prospective Deity did not step on Jingang, but the independent space that stored the endless resources of the Book Deity's family exploded under its foot!

Praaa!

All of a sudden, the boundless resources were sent flying off in all directions from the shattered space, spluttering everywhere like a waterfall.

The creatures near the Book Deity's dwelling were overjoyed, all of them collecting the treasures falling from the sky.

The treasures were all precious things that were hardly seen in the outside world. Each of them was worth a great number of Divine Coins.

"Holy cr*p! How could a compassionate act like collecting treasures not involve me?" The Tree Goddess flew out angrily. With a move of her mind, endless vines and tendrils extended from the ground, twining around the treasures falling from the sky at the speed of lightning.

To be precise, the creatures that fell in the coverage of the vines were their targets as well.

Those creatures had their space rings, the ornaments on them, and even some of their clothes and dresses of good quality plundered by the vines and tendrils.

"As a treasure collector, this is the right attitude to have! You have to collect everything, and I mean every last one of them and leave nothing behind!" A Goddess patiently advised the treasure collectors nearby.

The treasure collectors who had their clothes torn off them screamed, "You are robbing us!!"

Those resources that had been thrown out only made up a hundredth of the resources owned by the Book Deity's family. The remaining 99 portions had been reduced to ashes when the space was destroyed after being stepped on.

Qin Feichen was outraged. "Su Yu! What did you do?"

Even Sheng Yuanxin couldn't help but stick out her tongue. Su Yu had gotten himself into huge trouble, destroying all of the Book Deity's resources with one step!

It might not be all the resources of the Book Deity's family, but at least half of them had been destroyed. They had been amassed over hundreds of thousands of years by the Book Deity's family!

With a solemn look, Su Yu said, "My apologies, dear nephew Feichen, but destroying the Netherworld Faction is the top priority at the moment. I hope you can bear with me!"

The Giant Divine Soldier lifted its leg and stepped towards Jingang once again.

At the moment, Jingang was inside a colossal palace which was shaped like a book.

Seeing that, the weathered elder was so anxious that he was losing his mind. Hurriedly, he said, "Do not step inside! This is the secret training realm of the Book Deity's family, and it was built through the efforts of all the former Book Deities..."

Pow!

With another dull explosion, the enormous palace collapsed without warning. The space inside it was rapidly compressed and finally, it exploded with a “boom”...

The secret realm was finished!

Large masses of resources were blown out of the secret realm by the impact and were scattered all across the place. This was followed by a wild ruckus of laughter, and the figure of a goddess busily moving around and collecting treasures flickered in and out of sight.

Strangely, all the other treasure collectors resigned and left the treasure-collecting profession, silently watching the goddess who was collecting the treasures.

“Dear nephew Feichen, we should put the interests of the whole above everything else! Please bear with it!” Su Yu said somberly.

Then, Jingang fled to another palace.

“Do not step in here! This is the Chamber of Divine Path Enlightenment left behind by the former Book Deities, and it contains the extinct Divine Path enlightenment of many former deities. It is a significant site of the Book Deity’s family...”

Pow!

“Dear nephew Feichen, put the priority above everything else and please bear with me!”

“Do not step in there! That was left behind by the former Book Deities...”

Pow!

“Dear nephew Feichen, put the priority above everything else and please bear with me!”

“Do not step, that is...”

Pow!

“Dear nephew Feichen, put the priority above everything else and please bear with me.”

“Do not...”

Pow!

“Eh, dear nephew Feichen, what were you saying just now? Do not what?”

Qin Feichen was left speechless.

Jingang kept running, and Su Yu kept chasing him while manipulating the Giant Divine Soldier, devastating countless important sites of the Book Deity’s family along the way.

Anyway, Jingang had passed the several important locations that Bu Tiewei had said were linked to the fate of the Book Deity’s family.

Finally, only the most important location was left: the Book Deity's Treasury!

The only reason the Book Deity could stand with dignity among all deities and be feared by them was because of the Book Deity's Treasury!

Who wouldn't fear a person who knew all their secrets?

All the deities hated the Book Deity's Treasury to their very bones, yet no one had the courage to take the lead and destroy it because the Book Deity had a very important patron who ranked among the top five in the list of hundred deities!

That patron was also a big character who could shake the Great Eastern Alliance with a stomp of his feet.

Therefore, no deity dared to destroy the Book Deity's Treasury!

That was also why the Book Deity could go on an expedition outside without having to worry about the Book Deity's Treasury.

Jingang fled to the deepest part of the Book Deity's dwelling, in front of the ten green mountains.

Finally, Qin Feichen couldn't sit still any longer. "Leave me alone now! Stop Jingang before he enters the Book Deity's Treasury!"

Having received the order, the elder who had the cold sweat of anxiety breaking out all over him bellowed and caught up with Jingang.

His progress had stagnated at the early stage of Prospective Deity for many years, and his capabilities were above Jingang's. Once he struck, unusual phenomena broke out in the sky and on land.

Jingang's face was full of dread. He had no choice but to stop and deal with the enemy.

However, just then, an enormous foot kicked forward forcefully, destroying the elder's body in a single blow and leaving behind a weathered soul. The soul leaped out with blazing rage while carrying his godly spirit.

Qin Feichen was boiling with a murderous desire. He growled in rage, "Su Yu! What are you doing?"

Su Yu shrugged helplessly. "The Prospective Deity was looking for death, banging his head on the Giant Divine Soldier's foot and having his body crushed as a result. What else could I do? The enemy is right in front of us, and I don't have the time to console a dejected person!"

The elder's soul trembled in extreme rage. It was you who kicked at me! When did I bang my head the Giant Soldier?

Qin Feichen was thoroughly enraged by the way he confused what was right with what was wrong!

Nonetheless, staring at the Giant Divine Soldier that was ten thousand feet tall, Qin Feichen dared not argue despite his fury.

Qin Feichen could sense Su Yu's murderous intention towards him very clearly. Once Su Yu got the excuse to strike, he would destroy him at all costs, the way he had destroyed the elder!

Swish!

Jingang disappeared into the ten green mountains. Su Yu's lips curled into a sneer as he maneuvered the Giant Divine Soldier and stepped down.

Bang!

The green mountains trembled but sustained no damage!

Wave after wave of extremely powerful divine energy reverberated from the interior of the ten mountains.

Su Yu's gaze intensified. According to Bu Tieyi, the Book Deity's Treasury was hidden underneath the ten mountains. The ten mountains were the defensive restriction left behind by ten former Book Deities, with the purpose of protecting the Book Deity's Treasury from destruction.

A mere Prospective Deity could not possibly open up the restriction of the mountains.

Seeing Su Yu fail to destroy the place, Qin Feichen was slightly relieved. The Book Deity's family had gained its footing in the Great Eastern Alliance all because of the Book Deity's Treasury.

If it sustained any damage, the status of the Book Deity's family would certainly suffer a disastrous decline.

However, Su Yu wasn't flustered but had a thoughtful smile at the corners of his lips instead. Looking up at the sky, he said, "We are at a disadvantage while hunting down the killer from the Netherworld Faction. If the deities are watching, do give me a helping hand!"

Just as he finished, a wave of divine energy that had complex scents mingled in it struck from the sky all of a sudden, landing on the first mountain.

Suddenly, the restriction mountain set by the first Book Deity erupted!

Su Yu smiled. The deities really could not sit still any longer. They wanted to take the opportunity to destroy the Book Deity's Treasury!

As he thought of it, Su Yu put on a troubled look. "Deities, this killer is extremely cunning. I'm afraid that just a couple of attacks couldn't hit the target. How about powering up a few more attacks?"

Upon hearing that, Qin Feichen's face fell, and he growled in anger. "Who dares destroy the vital place of my Book Deity's family..."

Bang! Bang! Bang!

A few dozen divine energy waves streaked across the sky out of nowhere. Looking like dense thunderbolts, they impudently bombarded the nine remaining mountains!

In the blink of an eye, the nine restriction mountains turned into ruins.

Qin Feichen looked at the broken mountains in stupor, hatred and rage simmering in him. He was even more furious when he saw that all the deities seemed to be blind: all ten mountains had been bombarded to debris, yet the small area where Jingang stood was perfectly intact!

He was greatly infuriated. The truth was that all these deities were secretly helping Su Yu while the Book Deity was away on an excursion, joining hands to destroy the Book Deity's Treasury!

However, Qin Feichen was helpless to stop them and could only witness all of it without being able to do a single thing.

The restriction of the mountains was devastated, finally revealing the Book Deity's Treasury concealed beneath them.

It was an ancient-looking yet pristine bookshelf.

Numerous books were neatly arranged on the bookshelf. They were both new and old, adding up to around a thousand!

Each and every book was an independent world, with billions of books contained in each of them!

Especially one of the books named the "Record of the Hundred Deities"!

Written inside it were the secrets of all deities!

Having taken a peek into the book, Su Yu could sense the anxious consciousness resonating from the bleakness. All the deities were urging to Su Yu to destroy the Book Deity's Treasury as soon as he could.

Judging from the size of the interior of this book, the information collected about the deities could be absurd astronomical figures.

If the bookshelf was capable of analyzing the information on its own, with the colossal amount of information, there really was nothing about the Great Eastern Alliance which the Book Deity's Treasury could not figure out.

"This thing has to be eliminated!" Su Yu's eyes narrowed slightly as he activated the Giant Divine Soldier and had it punch down with its fist!

However, just then, a horrifying consciousness arrived from beyond the heavens.

"Stop right there!"

The magnificence contained in the voice reverberated across the entire Book Deity's world.

Su Yu's face changed slightly. Was there a deity trying to stop him?

Upon discreet detection, many deities who joined the attack just now had left!

It was as though the appearance of this person was much dreaded.

"Glaze Fairy Deity!" Qin Feichen was exhilarated, and no trace of anger could be seen on his face now.

Sheng Yuanxin's eyes glimmered as she flew to Su Yu's side. Through telepathy, she said, "The Glaze Fairy Deity is the mother of Law Enforcer Glaze of the Alliance Palace. She has a close connection with the Book Deity."

"You have to stop right now! Do not go further, otherwise no one can protect you!" she said.

Chapter 1163: The Sword Deity Strikes

The Glaze Fairy, wasn't that the law enforcer that had participated in the rescue of the Central Prefecture's King? Su Yu was slightly startled.

The Jiuzhou mission did involve deities.

He just didn't know exactly what kind of relation the Glaze Fairy Deity had with the Central Prefecture's King.

But it was absolutely impossible for Su Yu to stop what he was doing at the final moment!

The Book Deity's Treasury was too much of a threat. Once this was over and Qin Feichen began investigating Su Yu's secrets, there would be a major catastrophe!

Putting aside murdering a law enforcer, the most terrifying part was that the Divine Nine-Dragon Cauldron would be exposed.

Once divulged to the public, all the deities of the Great Eastern Alliance, including the Jing Deity, and all the others whose trust and support he had just gained, would become Su Yu's enemies.

Therefore, the Book Deity's Treasury had to be destroyed at all costs!

He couldn't do it by himself, but someone else could!

As he secretly hurried him, Jingang disappeared haphazardly. Before the Glaze Fairy Deity arrived, he pounced onto the bookshelf and bombarded it with all of the divine energy in his godly spirit.

No matter how sturdy the bookshelf was, it was just an object after all. How was it supposed to resist the divine energy?

Nonetheless, a shocking wave of divine energy struck forth abruptly, carrying a frightening murderous aura with it.

In just a single thought, it had struck down right in front of Jingang and was on the verge of destroying him.

The frustration, anxiety, and fury contained in the murderous aura were extraordinarily clear and conspicuous.

Su Yu's heart sank. The Glaze Fairy Deity had absolute confidence in their ability to protect the Book Deity's Treasury!

In that case, destroying the Book Deity's Treasury would be extremely challenging.

But Su Yu did not doubt Sheng Yuanxin's words. If he acted recklessly now, the Glaze Fairy Deity had a substantial reason to finish him off, just as he was constantly looking for a reason to kill Qin Feichen.

Jingang was about to fail. Right at that moment, a blade of otherworldly divine sword struck. It possessed the immense divine power that could penetrate the galaxies and the universe, interrupting the Glaze Fairy Deity's divine energy.

Boom!

With a deafening noise, another shocking explosion happened near the mountains. Apart from the Prospective Deity Jingang who remained unscathed, the ten mountains in the proximity were razed to the ground.

Seizing the opportunity, the divine energy that Jingang mustered pierced through the bookshelf.

With the incessant sounds of shattering, the books ruptured and burst one by one. The information gathered in them over millions of years was washed down the drain.

At last, even the bookshelf had sustained severe destruction and had been broken into two.

Having witnessed the scene, Qin Feichen's face was extremely grim. He turned ashen grey in color.

The Glaze Fairy Deity, who was on her way back, had arrived at the Book Deity's cavern world at the same time.

Between thoughts, she had appeared at the Book Deity's dwelling. Watching as the thousand books containing immense knowledge were destroyed, especially the "Record of Hundred Gods" that mastered the secrets of all deities, the Glaze Fairy Deity was enraged beyond words.

She pointed at Jingang with a finger, with the intention of killing Jingang along with his soul and godly spirit.

Su Yu's lips curled into a smile. Jingang moved to the side, but he wasn't running away. He growled, "Hahaha! I have killed enough deity's descendants today anyway. If I die, it'll be worth it! But, brat, you've been after me for the longest time, and I want you to die alongside me as I turn to ashes!"

As he spoke, Jingang pounced onto Su Yu ferociously.

But the next scene that unfolded made everyone gasp in stupefaction.

Su Yu said with nonchalance, "You came just in time! Let us die together!"

He maneuvered the Giant Divine Soldier to lift its leg and then...and then Jingang rolled underneath its foot.

Shortly after, Su Yu stepped down.

Jingang, dead.

Su Yu shifted the foot of the Giant Divine Soldier. Jingang had turned into a mesh of muddy flesh, left with only a soul that was carrying his godly spirit. It was now extremely feeble.

Su Yu shook his head and sighed. "Haih, what a horrifying fighting technique. Dying together was much more powerful than I expected! He nearly got his way!"

Chaos arose among the creatures that had gathered and seen the events unfold.

It really, really was a horrifying fighting technique! Sliding underneath the enemy's foot and quietly waited for death. This... this was fraud!

Qin Feichen was so angry he was about to throw up blood. Up till this point, how could he not have realized that Jingang was being controlled by Su Yu!

The Glaze Fairy Deity's eyes turned icy cold as she shot her glance at Su Yu. Her entire being was surrounded by a murderous vibe.

However, she cast a look beyond the heavens with some fear.

Just now, a powerful deity had gotten involved at the final juncture, thus giving Jingang the opportunity to destroy the Book Deity's Treasury.

The matchless sword power contained in it could belong to no one else besides the Sword Deity!

If she attacked Su Yu without any reason, the Sword Deity might seize the chance to attack her!

Her eyes flickered, and the Glaze Fairy Deity pinned her gaze on Jingang. She reached across the air in an attempt to grasp his soul.

It would only take a search of Jingang's soul to find out if he was being manipulated by Su Yu.

If it was true, then Su Yu could not escape from the death sentence for conspiring to destroy and slaughter the Book Deity's family! The hundred deities would not be exempted either!

However, Jingang chuckled miserably all of a sudden. "Never have I thought of this, that I still couldn't do any harm to you, Su Yu, even with death! Fine, fine! A man's words turn kind at the brink of his death."

"All my life, I have been doing evil things. Before I die today, I will hand over my godly spirit to you. I hope you could find me a kind person and pass him my godly spirit, and my last wish is that he will be kind to others. That way, my sins can be washed away."

As he spoke, Jingang handed his godly spirit to Su Yu and sat on the ground with his legs crossed. He had a look of transcendence on his face. "Farewell, Su Yu, farewell, beautiful world, my time is up!"

Upon finishing his words, his soul vanished with a "pow", turning into whiffs of smoke and disappearing between the heavens and the lands.

Having missed her target, the Glaze Fairy Deity was exasperated!

This was the murder of an accomplice!

What a joke! How could Su Yu not have realized such a huge disadvantage in this matter? Upon seeing the strange look on the Glaze Fairy Deity, Su Yu immediately commanded Jingang's soul to destroy itself.

Looking at the dissipating soul, Su Yu gave a deep sigh. "He has killed countless people throughout his lifetime but became enlightened before his demise and was willing to wash his past sins away with his godly spirit. That was an act of immense kindness. It's good indeed, good indeed."

The on-lookers had baffled looks on their faces. With such clumsy acting skills, were they insulting the public's intelligence?

But there was no evidence to prove that Jingang had been manipulated by Su Yu, so despite their shock, no one dared to assert it

Even the Glaze Fairy Deity was only staring coldly at Su Yu, without having the courage to harm him blatantly.

Qin Feichen was enraged to the point that he was full of hatred. “Su Yu!! The Book Deity’s family has been standing for thousands of generations, but you have destroyed it today! How are you going to compensate us?”

At a rough estimate, the people of the Book Deity’s family, especially the immediate heirs of the bloodline, were fewer than a tenth of their original number! It was almost a thorough massacre!

The resources, the training chamber and the Divine Path storeroom of the Book Deity’s family, those really important and irrecoverable places of great significance, had been thoroughly destroyed.

The foundation of the Book Deity’s family could be said to have sustained a complete annihilation!

Perhaps the impact wouldn’t be too obvious in this generation, but with nothing left, how was the Book Deity’s family going to prosper in future generations?

Without the assistance of an external influence, one generation would be more depraved than the previous one.

He hadn’t hated Su Yu in the beginning. He had only wanted to capture him or kill him, but now he hated him more than anything and anyone else.

He had never reflected on himself. Was he innocent after all, in trying to kill Su Yu twice?

Upon hearing that, Su Yu’s face turned cold. “Nephew Feichen, having considered your young age, I will forgive your lack of thought before speaking this time. But if you ever dare to make any reckless remarks again, do not blame me for being ungracious!”

Qin Feichen was even more enraged by his words. “Dare you say that you weren’t the one manipulating the giant to bring destruction upon the Book Deity’s family?”

Chapter 1164: Beat up a Deity

“Little Feichen, tell me, why am I controlling this Giant Divine Soldier?” Su Yu sneered. “Because I want to eliminate the assassin from the Netherworld Faction to save the family of the Book Deity! If I had been a little later, all the members of your family would have already been killed! Without family, these so-called important places are meaningless! They will be occupied by others sooner or later, wouldn’t they?”

“Therefore, little Feichen, I think you are wise enough to know what I am doing. I, the Feather God, am the savior of your family! Without me, your family would have been wiped out! Yet you don’t feel grateful to me but are blaming me! Heh! Heh! I’ve heard all the Book Deities were gentle and decent people who treated others with courtesy. I didn’t expect the successor of the current Book Deity to be so ungrateful and narrow-minded! I suggest you resign from the position of young master and leave it to someone who is more capable!”

Snigger!

It seemed the deity couldn’t help but snigger.

Qin Feichen blushed in anger. Then, he shouted angrily, “I know that assassin was...”

The Glaze Fairy Deity stopped Qin Feichen before he could finish his words.

Su Yu narrowed his eyes as he asked indifferently, "What? What do you want to say about that assassin? Little Feichen, tell me!"

In a low voice, the Glaze Fairy Deity said, "Calm down! Don't say anything stupid!"

Qin Feichen was restored to reason after the Glaze Fairy Deity's reminder. When he noticed the murderous intent in Su Yu's eyes, he was surprised. That was close!

If Qin Feichen said Jingang was controlled by Su Yu, he would be accused of defaming a deity if he was unable to provide any hard evidence.

Although Qin Feichen couldn't be sentenced to death, he would definitely be taken away by the Senluo law enforcers because Sheng Yuanxin was standing beside Su Yu now!

Once Qin Feichen was taken away from the protection of the Glaze Fairy Deity, it was highly possible that another assassin from the Netherworld Faction would jump out and kill him on the way!

At the thought of this, Qin Feichen calmed down immediately.

Su Yu was so smart and cunning that he set up many traps, which were extremely dangerous if Qin Feichen was not careful enough.

Staring at Su Yu coldly, Qin Feichen, who had calmed down, started to think clearly. Then, he said with a smile, "Feather God, I hereby represent the world of the Book Deity in showing you our appreciation for saving our life by killing the assassin of the Netherworld Faction! Please accept our sincere gratitude!"

It seemed Qin Feichen had admitted defeat. However, Su Yu was not glad at all. On the contrary, his intention to kill Qin Feichen became stronger.

This guy, who was able to restrain his anger and had acted calmly when almost all members of his family were killed, was extremely dangerous!

It was a pity that the Glaze Fairy Deity was protecting him. Otherwise, Su Yu would do his best to kill Qin Feichen here.

"Heh! Heh! Little Feichen, what you said is really comforting!" Su Yu said with a faint smile, "However, you know we came from a distance to rescue your family! It's OK for me. But those who followed me here need some replenishments!"

Hearing this, the onlookers in this place were dumbfounded!

What an arrogant guy!

You killed 90% of their family! You ruined the time-honored foundation of this family! Now, how do you have the nerve to say you are their savior and even ask for replenishments from them?

Almost nobody could bear this humiliation!

"Fine!" Qin Feichen said with a smile as he took out a book from his storage ring. "I am not able to make any recompense. A lot of martial arts are recorded in this time-

honored book, which has developed its intelligence! It knows the shortcomings of many martial arts and skills. I hereby give it to you as a little bit of replenishment!”

Wang Yunxuan was surprised when he saw the book. Then, he said through telepathy, “Hey! It is the Spiritual Divine Book, which is quite rare and valuable! The family of the Book Deity only has 2 or 3 books like this! You really got something precious this time!”

However, Wang Yunxuan saw a chilly killing intent in Su Yu’s eyes.

The more forbearing Qin Feichen was, the more dangerous he was for Su Yu.

Su Yu planned to achieve two goals this time. First, he would ruin the Book Deity’s Treasury. Second, he would kill Qin Feichen.

It was impossible for Su Yu to achieve the second goal now. This would leave a huge hidden risk for him in the future.

Qin Feichen must die!

Su Yu took the Spiritual Divine Book with a smile. Then, he said, “Little Feichen, it is very kind of you! As people of the Great Eastern Alliance, it is our responsibility to help each other in dire moments. If you have any trouble in the future, just inform me! I will provide assistance as soon as possible!”

Hearing this, the onlookers felt their heart miss a beat. Did it mean this devil would be coming back again?

“Thank you, Feather God!” Qin Feichen replied with a smile.

Su Yu nodded his head. Then, he left with his followers and left the family of the Book Deity which had almost been ruined behind.

When Qin Feichen could no longer see Su Yu, the smile also disappeared from his face. He started to tremble with anger as he clenched his teeth and fists tightly.

He knew this was the revenge of Su Yu!

He hadn’t expected Su Yu’s revenge could be so horrible, cruel and devastating!

If the Glaze Fairy Deity had not been here today, Qin Feichen believed that he would also have been killed by Su Yu.

Now, Qin Feichen regretted the fact that he hadn’t killed Su Yu before.

“Su Yu! I swear I will tear you to shreds!” Qin Feichen said with deep hatred.

Seeing this, the Glaze Fairy Deity said, “We can’t kill him immediately. The Carnival of All Gods will be held tomorrow. A lot of deities will attend this ceremony. Just don’t do anything reckless!”

Qin Feichen replied with a thoughtful smile, “No, I won’t attack him tomorrow. However, some deities will tear him to shreds for me during the Carnival of All Gods!”

“You mean...” the Glaze Fairy Deity said approvingly. “I am glad that you can calm down in such a short time! However, just remember you should act carefully and try to avoid exposing yourself!”

“Don’t worry! I promise he will die miserably tomorrow!” Qin Feichen said coldly.

When Su Yu and his followers were on their way back from the world of the Book Deity, Sheng Yuanxin noticed Su Yu had been silent for a long time. So, she asked curiously, “Are you worrying about the Glaze Fairy Deity? Don’t worry! Now, you are also a deity. He can’t attack you without a proper excuse...”

“Alas! How can I get rid of Qin Feichen?” Su Yu sighed as he murmured.

Sheng Yuanxin was stunned immediately. She looked at Su Yu and secretly thought to herself, “You have almost ruined the family of the Book Deity! Why are you still going to kill their successor? He is really a bad boy who is full of evil ideas!”

Beside them, Wang Yunxuan, who was blushing with the excitement, said, “Hah! Hah! I knew you will bring me a lot of excitement! After subduing the assassins of the Netherworld Faction, you rushed to the family of the Book Deity and killed most of their family members. Then, you also ruined that precious Book Deity’s Treasury! Hah! Hah! Hah! Hah! This is so mind-blowing!”

“And in the end, Qin Feichen had to thank you with a smile and offer you a precious gift as a reward. Hah! Hah! Hah! I will never forget his expression!”

Wang Yunxuan laughed excitedly and said, “Now, what are we going to do? Shall we find the Book Deity and teach him a lesson?”

Su Yu had a worried frown on his face but to Wang Yunxuan’s surprise, his eyes lit up after hearing that. “Good idea!”

What?

Sheng Yuanxin and Wang Yunxuan were dumbfounded as they looked at Su Yu in disbelief.

Yang Tai opened his mouth but failed to say anything because his heart was now full of terror. Did he really have the guts to beat up a deity? Was he even able to?

Chapter 1165: The Queen of All Deities

“Eh...Young man, I just said that for fun. I don’t have the guts to beat up a deity! If my father finds out what I am doing, he will definitely beat me up!” Wang Yunxuan said unhappily.

Smiling coldly, Su Yu said, “My plan is not to beat up the Book Deity! I will wipe them out for good! I hope Qin Feichen won’t let me down!”

“Them? As far as I remember there is only one Book Deity in this world! Also, what does this have to do with Qin Feichen?” Sheng Yuanxin thought.

She was puzzled and reflected on the fact that she had been unable to figure out Su Yu's intention ever since she met him.

Even Yang Tai was also smiling wryly because he didn't know what Su Yu was about to do.

"Heh! Heh! I bet a good show is waiting for us during the Carnival of All Gods!" Su Yu said with a mysterious smile.

Sheng Yuanxin stomped her feet as she snapped, "Why do you always want to make trouble? Our business hasn't been finished yet!"

What? Yang Tai and Wang Yunxuan's eyes lit up after hearing this. They looked at Su Yu and Sheng Yuanxin curiously.

Sheng Yuanxin, who realized she had said something inappropriate, said hurriedly, "Don't misunderstand me! I need to deal with something with him!"

Then, Sheng Yuanxin dragged Su Yu away as she said seriously to him, "I've searched the soul of the Demonic God of Withered Bones. It is quite weird that his memory has been forcibly wiped by someone. I don't know whether he was ordered to go to the world of Jiuzhou Continent!"

"Wiping a memory forcibly?" Su Yu said as he narrowed his eyes. "This guy must be very skillful in soul arts to be able to do that!"

Even Su Yu's Illusionary Soul Realm had reached the top class, yet he was still not able to wipe memories.

"This guy is more than simply skilled in soul arts! Only someone who has divine level soul arts is able to wipe memories. In other words, this guy must be a deity who is good at soul arts!" Sheng Yuanxin said. "I know you doubt it was done by the Glaze Fairy Deity. She is not a deity who is good at soul arts! Also, no deity in the Great Eastern Alliance is good at this art!"

Hearing this, Su Yu narrowed his eyes. This must have been done by one deity! Who is this guy? Did it mean there was a deity hidden in the Great Eastern Alliance?

"My mother told me this means the case of Qin Kuo trying to save that demon is very serious! A deity will never wipe the memory of an ordinary demon! What do you know about that demon?" Sheng Yuanxin asked as she furrowed her eyebrows.

After quickly thinking it over, Su Yu said, "Oh, I remember when he was being chased by that big shot! He threatened that his parents would seek revenge for him if he was killed. I remember he also said he was the combination of a human and a demonic god!"

Hearing this, Sheng Yuanxin was surprised. "No wonder they did their best to save him! I guess that hidden human deity must be his father or mother!"

Now, the searching scope had been narrowed. The deity involved in this case must be a human being!

“Why didn’t you tell me such an important message before? Sheng Yuanxin said angrily.

Embarrassed, Su Yu replied, “I didn’t think of it before!”

Actually, the gradual exposure of these messages would help him to have a better understanding of the situation. That was more helpful than letting him know all information at once.

“I am done talking with you. I will tell people about this issue and what you did today to my mother!” Sheng Yuanxin stomped her feet anxiously. Then, she left in a hurry.

Wang Yunxuan and Yang Tai made eye contact and smiled thoughtfully at the same time.

Both of them said goodbye to Su Yu.

“Hey! Young man, I know you will do something more exciting tomorrow. But I have to go back now. What an anticlimax!” Wang Yunxuan said.

Yang Tai said, “As a successor of a deity, we have to attend the Carnival of All Gods together with the deities. So, we have to say goodbye to you now!”

“See you tomorrow!” Su Yu said as he bid them farewell. Then, Wang Yunxuan and Yang Tai left.

Looking at the enormous Giant Divine Soldier, Su Yu touched his chin. Then, he said, “Dark Spies, hear my call!”

Swish!

A ghost appeared in front of Su Yu and said, “Here I am, Master!”

Swish!

Su Yu tossed him a list that was full of all kinds of precious materials and said, “Ask your agents to pay close attention to the materials, metals, and ores in this list. If they find any of them, just buy it with the wealth we secretly control. As for those precious natural resources, you shall buy all mature individuals. If mature individuals are unavailable, try to buy their seeds or root stocks!”

“As you wish!” the ghost replied as he left with the list.

Hearing this, the Tree Goddess rolled her beautiful emerald-green eyes. “It seems you are cultivating a dark force. All of them are ghosts, right? Right! They are the best candidates for spies!”

“So, what do you want to say?” Su Yu said as he turned around.

The Tree Goddess’s eyes lit up. “Can I... join it?” she said.

“Will you put a mouse into your rice bin?” Su Yu replied calmly.

The Tree Goddess pouted after hearing that. “How could you describe a lovely goddess as a mouse?”

“Sorry! My mistake! I shouldn’t describe you as a mouse! I should say sorry to all mice because I humiliated their reputation!”

The Tree Goddess was lost for words.

The Tree Goddess stared angrily at Su Yu with her emerald-green eyes. Then, with evil designs flashing in her eyes, she said, “I almost forget you are the wealthiest guy! Why should I agree to be your underling?”

Then, the Tree Goddess said with a ruthless expression, “Since you don’t agree to marry and divorce me because you don’t want to divide your possessions with me, I have to show my horrible fangs! Now, I hereby announce that I am going to plunder you...”

“Oh? Don’t you want to go to the Carnival of All Gods tomorrow? You will find Celestial Energy Spheres which had been accumulated for over 1,000,000 years. They are more than enough to restore your full strength. Since you want to separate and go a different way to me now, I will give you some money. You are on your own now!”

“Hey! What are you talking about? When did I say I want to separate from you?” the Tree Goddess said as she blinked her innocent and crystal-clear eyes gracefully. Her ruthless expression had long gone.

“Who said she has to show her horrible fangs just now?”

“I guess it was a mouse!”

“Then, who said she is going to plunder me?”

“Eh, I guess it was a blind b*stard who should get a thunderbolt!”

Rumble! Rumble!

Deafening thunderbolts appeared in the clear sky.

The Tree Goddess was still standing there gracefully without even changing her expression.

“How could a shameless person like you survive in this world?” Su Yu sighed. Then, he flew towards the world of the Crane Deity alone.

The Tree Goddess caught up with him and asked gracefully, “Tell me something about the Carnival of All Gods you just mentioned!”

“Cat!”

Meow! Meow! Meow! The Tree Goddess shouted without hesitation as if it was her conditional reflex.

“Dog!”

Woof! Woof! Woof!

“You are really an exotic flower among all deities!” Su Yu sighed again.

The Carnival of All Gods was a ceremony to worship the dead deities and was held every ten years. Countless people had established the prosperous Great Eastern Alliance from nothing with great difficulty.

Numerous deities were killed during the fights against the Wild Beasts! Numerous deities were killed during the invasion of the Demon Clan! Numerous deities were killed during the wars between the different families and factions in this world!

The harmony and prosperity of the Great Eastern Alliance were based on the sacrifice of those deities.

All dead deities were buried in a world which was located at the center of the Great Eastern Alliance.

So, this world could be considered as the tomb of all dead deities.

In order to show respect to these dead deities, the deities of the Great Eastern Alliance would hold a ceremony to worship them every ten years.

Although those deities had passed away, the Celestial Energy Sphere of most of them was still alive. Every worship would cause those Celestial Energy Spheres to resonate which would descend to all the worlds to make the Great Eastern Alliance even more prosperous.

Some dead deities even lost their Celestial Energy Sphere. However, their will would still try to benefit the Great Eastern Alliance.

The ceremony was quite grand. All deities who were in the Great Eastern Alliance should attend this ceremony. Absence was not allowed.

The next morning, the Jing Deity asked Su Yu to attend the worship ceremony with him.

Then, Su Yu and Jing Deity left the world of the Crane Deity and arrived at the tomb of those dead deities.

In this world, 100 deities placed 100 stone pillars at the center, which represented the 100 worlds of the Great Eastern Alliance.

Su Yu landed on the stone pillar of the Crane Deity's family. Then, he started to look around carefully. He found over 40 deities had arrived. All the other deities hadn't arrived yet.

Now, less than half of the 100 deities were in the Great Eastern Alliance. If the Demon Clan launched an all-out attack, the alliance would be in great danger! Su Yu murmured to himself as he continued to look around.

The stone pillars were placed according to the rank of the 100 deities. The stone pillars of Su Yu and Jing Deity were at the rear.

Among the nine deities who were standing in the first row, Su Yu only knew the Sword Deity. The other eight deities were unfamiliar to him.

Then, Su Yu saw Sheng Yuanxin standing beside a lady who was surrounded by a gray divine halo. He knew this lady was the Sheng Deity who was ranked third among 100 deities.

Yang Tai was standing behind a deity whose body was covered by divine coins. Su Yu knew this man must be the All Access Deity who possessed one fifth of all fortunes in the Great Eastern Alliance.

Wang Yunxuan was standing behind a potbellied deity who was ranked 20th. This deity must be the God of Instrument.

At the same time, Su Yu saw a person who was familiar to him standing on a stone pillar.

Qin Feichen!

If a deity was not in the Great Eastern Alliance, the successor of this deity could attend the worship ceremony.

“The rank of the Book Deity was not low among the 100 deities!” Su Yu thought to himself.

Suddenly, Su Yu sensed someone who was among the top 20 deities looking at him. Then, he saw an old woman who was standing beside the Glaze Fairy Deity. This old woman, who was about 80 years old, glanced at Su Yu casually and looked away immediately.

The Law Enforcer Glaze? Su Yu murmured in his mind.

Swish!

All of a sudden, a divine light appeared in the sky. Another deity, who was wrapped up by holy and gentle light, descended. Her holy and gentle divine light comforted all the other people in this area.

From a distance, this woman, who was surrounded by a holy white halo, looked so graceful and saintly.

She landed on the first stone pillar. Then, she turned around and nodded her head to all the other deities and successors.

Her manner and behavior were so gentle, graceful, and demure!

From her manner and behavior, people could easily tell that this was a merciful deity.

Dakini? Su Yu was surprised.

This middle-aged lady was the Dakini who was ranked first among the 100 deities in the Great Eastern Alliance!

Nobody called her deity. However, everyone knew Dakini was the most powerful deity in the Great Eastern Alliance. Some people secretly called her the Queen of All Deities secretly!

She was the Queen of all deities in the Great Eastern Alliance!

Chapter 1166: The Will of the Deceased Deities

“Greeting you, Dakini!” All the deities dropped to their knees to greet the Dakini, including the All-Access Deity, Sheng Deity and the Sword Deity.

Dakini looked at the rest of the deities with a smile. “Please rise! The Carnival of All Gods begins now!”

Like a holy goddess, Dakini led the other people here to perform the worship.

Everyone closed their eyes. The deities released their Celestial Energy Sphere. The people who were not deities like Su Yu started to pray silently.

Before long, a fluctuation of the Celestial Energy Sphere appeared as if those deceased deities had sensed the worship. Then, the will of those deceased deities gushed out from their tombs to release their remnant Celestial Energy Sphere.

People got a clear feeling that the entire world had started to release magnificent Celestial Energy Sphere, It was like an enormous spring opening. The divine energy flew out from the world of the deceased deities' tombs and descended in all to the other worlds in the Great Eastern Alliance.

After a while, Dakini opened her eyes and took back her Celestial Energy Sphere. Then, she said as she looked at the rest people gently, "The deceased deities have given response to our worship. Now, you can pacify the souls of your ancestors in their tombs!"

Although the deities had passed away, their will was still here.

A powerful will could even take a form and think independently. Then, it would be almost like a soul.

The souls of the top 30 deceased deities were able to materialize their will.

Therefore, the family of the top 30 deities would always gain a lot during the Carnival of All Gods because the will of their deceased ancestors would always try to help their descendants.

So, if the family members pacified the souls of their ancestors, it was possible that the will of their ancestors could impart their secret skills to their descendants or even gave instructions to their descendants on the spot.

Those who had the bloodline would be recognized by their ancestor.

When Sheng Yuanxin and her mother were worshiping their ancestors, a figure rushed up and fell to his knees, starting to worship all the previous Sheng Deities.

Seeing this, Sheng Yuanxin shouted in surprise, "Feather God? You should worship the previous Crane Deities! Why do you worship my ancestors?"

Su Yu worshiped the previous Sheng Deities respectfully as he said seriously, "The previous deities fought for this world with their blood and life. As a newcomer, I want to take this opportunity to show my reverence to them. I hope the previous Sheng Deities will bless the Great Eastern Alliance so that it can be prosperous forever!"

Seeing his serious expression, Sheng Yuanxin was quite skeptical because she didn't believe this guy could be so nice.

After the worship, Su Yu stood up and said as he looked at Sheng Yuanxin with a faint smile, "The Crane Deity's family only has three tombs. I have worshiped those ancestors reverently. I want to take this opportunity to worship more deceased deities! See you later!"

After saying that, Su Yu left gracefully for the next tomb.

Sheng Yuanxin murmured in a low voice, "I'm afraid this guy is going to make trouble again! Many tombs still have the will of those deceased deities. If he offends them, nobody can save him!"

“Is that Su Yu?” the Sheng Deity who was standing beside Sheng Yuanxin asked as she glanced at Su Yu.

Sheng Yuanxin nodded her head and said, “Right! He’s a smart guy who has a lot of evil designs!”

“Right! He really has a lot of evil designs! He even used his evil designs on the will of the deceased deities!” the Sheng Deity said as she stared at Su Yu angrily.

“Ah!” Sheng Yuanxin said in surprise with her mouth open. “Mother, did he do something to our ancestors? This guy is outrageous! How dare he use his evil designs on our ancestors!”

The Sheng Deity replied with a faint smile, “Have you noticed he only worships the tomb with the will of the deceased deities?”

Hearing this, Sheng Yuanxin fixed her eyes on Su Yu and found he only worshiped those tombs with deity’s will. She couldn’t help but gasp in surprise. “I didn’t expect this guy to be so bold! How could he use his evil designs on the will of those deceased deities? If he annoyed one of those deceased deities, he will be in big trouble!”

The will of those deceased deities also had feelings. Once they were annoyed, they could punish him by controlling the skeletons of the deceased deities.

Although these skeletons were not as powerful as the deities, they could kill Su Yu easily.

“Trouble? I don’t think so! Although I don’t know how he did that, I sensed the aura of the Sheng Deity’s bloodline in his body when he worshiped!” the Sheng Deity said.

“What?” Sheng Yuanxin said as she looked at the Sheng Deity in surprise. “Mother, do you mean he is... my long-lost elder brother?”

She never expected Su Yu could be her mother’s illegitimate child!

Hearing this, the Sheng Deity was somewhat stunned. Then, she turned to Sheng Yuanxin and said angrily, “Nonsense! He imitated the aura of our bloodline!”

“Oh!” Sheng Yuanxin let out a sigh of relief as she thought to herself, “Fortunately, he is not my elder brother. Otherwise, I will be bullied by this smart guy forever!”

“He didn’t do anything disrespectful to our ancestors! So, I pretended I didn’t know what he did!” the Sheng Deity said.

Sheng Yuanxin was totally shocked as she fixed her eyes on Su Yu. Then, she found he had run past many tombs and finally stopped in front of the tomb of... the previous Book Deities.

Oh, no! How dare he worship the tomb of the deceased Book Deities! The Book Deity’s family was one of the most time-honored families in the Great Eastern Alliance. Over ten Book Deities had passed away. Among them, five had materialized will.

As the one who ruined the foundation and slaughtered the members of the Book Deity’s family, he would get killed if he approached those tombs.

It seemed Su Yu didn't sense any danger. When he walked to the tombs of the previous Book Deities, he didn't worship but said in surprise, "Hey! This is strange! All the other tombs are releasing the Celestial Energy Sphere to nourish the Great Eastern Alliance. Why are the tombs of the Book Deities so quiet now? Does it mean the previous Book Deities don't have the will to guard the Great Eastern Alliance?"

Although his voice was not high, everyone had heard his words.

At this moment, almost all the tombs were releasing Celestial Energy Sphere to nourish this world. Even the tombs which had no materialized will like the tombs of the Crane Deities and Jing Deities also did their best to nourish this world with their feeble will.

Only ten tombs of the deceased Book Deities were silent at this moment. That made them quite eye-catching.

The other deities and successors pretended they didn't hear what Su Yu said.

But they knew this fact clearly. And they didn't like it at all!

After all, all these deities passed away in the world of the Great Eastern Alliance. Even if they didn't want to nourish the alliance after their death, the living ones didn't want to blame them because they should show respect to the deceased. So, they didn't want to say anything about that.

However, Su Yu continued to say recklessly, "I didn't expect the deities of the Great Eastern Alliance could be so kind. You even placed the tombs of the Book Deities who don't care about this world in this place and allowed billions of creatures in this world to worship them! For me, these ten tombs shall be thrown into the Star River! If they don't want to do anything for this world, it is not necessary for them to stay here!"

Hearing this, the other deities and successors looked at each other with embarrassed smiles.

They agreed with what Su Yu said. The Book Deity's family was quite odd. It was acceptable if one Book Deity didn't want to nourish this world. However, none of the ten generations of Book Deities wanted to do anything for this world after their death by releasing their Celestial Energy Sphere. Apparently, the members of the Book Deity didn't consider themselves to be members of the Great Eastern Alliance.

Therefore, nobody liked the Book Deity's family.

In addition, the Book Deity's family always wanted to spy on the other deities with the Book Deity's Treasury, which aroused aversion among them.

For all the other deities in this world, the Book Deity was disgusting.

Many people had tried to throw the tombs of the deceased Book Deities into the Star River. However, all the previous Book Deities were quite powerful. Also, the family of the Book Deity kept a good relationship with the Glaze Fairy Deity. Since the Book Deity's family didn't do anything that evil, the other deities chose to turn a blind eye to this family.

That was why so many deities chose to help Su Yu secretly when he tried to destroy the Book Deity's Treasury.

It was because the Book Deity's family was so unpopular in this world.

When Su Yu uttered those words that they didn't dare to say in public, many deities sniggered.

Even Sheng Yuanxin also said with a smile, “His words are rude but reasonable! I didn’t expect the ten tombs of the deceased Book Deities could be so... Alas!”

She sighed. At the same time, Su Yu also exclaimed, “Along with the rapid population increase in the Great Eastern Alliance, lands are becoming increasingly scarce! It is quite difficult for people to find tombs, which are also very expensive! We haven’t found a place to bury the current Crane Deity who has just passed away! I suggest we should move the tombs of the Book Deities out of this world. Since they don’t care about this world, I think they will be quite happy if their tombs are drifting in the Star River! What a win-win solution!”

Su Yu took out a spade. It seemed he was about to dig the tombs up.

Although a lot of deities were in this place, nobody stepped out to stop Su Yu. It was as if they had reached a tacit agreement about Su Yu’s mischievous action.

At this time, deep inside the tombs of the Book Deities, Qin Feichen was kneeling down on the ground and talked with the souls of his ancestors reverently about what happened in his family recently through telepathy.

He told his ancestors that Su Yu had ruined his family’s foundation and slaughtered his family members.

When Qin Feichen sensed the anger of his ancestors, he said with a sinister smile, “Su Yu! If you could survive when the souls of five deceased deities try to kill you, I will accept this misfortune!”

This was Qin Feichen’s plan.

Su Yu would definitely attend the Carnival of All Gods.

Qin Feichen only needed to tell his ancestors what had happened in his family. Then, these deceased deities would rush out from their tombs and kill Su Yu on the spot.

These were the souls of five deceased deities! Su Yu would be killed no matter how many prospective deities tried to protect him.

The only problem was how to lure Su Yu to the tombs of the Book Deities.

If Su Yu was too far away, these souls of deceased deities would be stopped by the rest of the deities here.

When Qin Feichen was secretly thinking this over, Su Yu’s disrespectful words came into his ears.

Qin Feichen was annoyed immediately because he didn’t expect Su Yu could be so arrogant in front of his ancestors.

Soon, a chilly smile appeared on Qin Feichen’s lips. When you put your head in a noose, don’t blame my cruelty!

You knocked at my door when I was wondering how to lure you to this place! Also, you are humiliating the previous Book Deities!

Now, your disrespectful words have totally annoyed these deceased deities. That was even more effective than my complaints!

“Su Yu, nobody could save you today!” Qin Feichen sneered as if he had seen Su Yu’s miserable death.

He didn’t expect Su Yu was also murmuring in his mind when cold light flashed in his eyes. Heh! Heh! Qin Feichen, as expected, you didn’t let me down! Then, I will not only kill you, but also smash the tombs of all your ancestors!

Chapter 1167: A Fight Among Deceased Deities

Su Yu’s arrogant words finally annoyed the will of the deceased Book Deities.

Several semi-transparent bodies were looming above the five tombs. All of them were staring at Su Yu as they released their angry will.

This guy was bullying the Book Deity’s family!

He had killed so many family members and had ruined the long-lasting foundation of the family. Now, he was even trying to ruin the ancestral tombs! What a despicable man!

Instantly, this world was filled with the angry will of those five deceased Book Deities!

Rumble! Rumble! Rumble!

At the same time, the five tombs were opened. The will of the deceased deities went into their skeletons, which jumped out from their tombs.

Seeing this, Sheng Yuanxin’s mouth widened in surprise. “People always say someone manages to annoy the dead and make them jump out of their coffin! Today, I see it with my own eyes! Because of this guy, five deceased Book Deities have left their coffins in fury!”

When Sheng Yuanxin recovered her composure, she said, “Mother, please do me a favor and help him. The will of five deceased deities could even kill a least powerful deity here, let alone this guy!”

The Sheng Deity nodded her head slightly. This guy was related to the case of the Jiuzhou Continent. She didn’t want him to be killed in this place.

However, just then, the will of the five deceased Book Deities launched their attack.

Five jade-like skeletons flew out from their tombs with their magnificent Celestial Energy Spheres.

When people looked at them carefully, they found a complete Celestial Energy Sphere was rotating slowly in the stomach of each skeleton!

Although these deities had passed away many years ago, their Celestial Energy Spheres were as powerful as that of the least powerful deities like the Jing Deity!

Seeing this, Su Yu sneered, “You would rather place your Celestial Energy Sphere in your tombs than nourish the Great Eastern Alliance! You don’t consider yourself to be deities of the Great Eastern Alliance! How do you have the nerve to enjoy the worship from the creatures of this world! Humph! What a family of hypocrites!”

Swish!

The skeleton at the forefront, which was controlled by the will of a deceased Book Deity, tried to penetrate Su Yu's body with its magnificent divine strength.

Most of the other deities were far away from this place. Although they were surprised, they were not able to provide assistance in time.

One deity was quite near. However, she pretended she didn't see what was happening and continued her worship.

"He is seeking death! It seems Qin Feichen's complaints are unnecessary because the will of these deities will kill Su Yu instantly!" the Glaze Fairy Deity murmured to herself.

Liuli, the prospective deity next to the Glaze Fairy Deity, sighed in a low voice, "I didn't expect the Central Prefecture's King could be killed by such a stupid young man! Alas..."

If Su Yu was killed by the deities' will because of his arrogant words, he would become a laughingstock in this world!

When Su Yu was about to be killed, the Glaze Fairy Deity changed her expression slightly as she looked at the ten ancestral tombs of her family in surprise.

Among these tombs, the deities' will appeared above six of the tombs which were full of fury and killing intent.

"What happened?" The Glaze Fairy Deity frowned. Did it mean that Su Yu's arrogant words had even annoyed the deceased deities of other families?

At the thought of this, the Glaze Fairy Deity shook her head secretly. Su Yu was facing the consequences of his own deeds!

Boom! Boom! Boom!

The Six ancestral tombs of the Glaze Fairy Deity's family cracked. Then, the will of the deceased deities went into their skeletons and rushed towards Su Yu from their tombs.

Seeing this, Sheng Yuanxin changed her expression abruptly as she shouted, "Mother, do something now!"

The Sheng Deity replied, "It's too late!"

If Su Yu was only under the attack of the deceased Book Deities, she was able to save him even if she was far away from him.

However, she would be powerless if the deceased deities of the Glaze Fairy Deity's family also attacked Su Yu.

This converging attack would kill Su Yu instantly.

Standing inside the tomb, Qin Feichen sneered, "You shouldn't humiliate me in public! Now, the will of the deceased deities will kill you in public! When you are dead, nobody will blame these deceased deities!"

His plan of killing Su Yu with a borrowed knife was flawless!

Those deceased deities would bear the liability of killing Su Yu. But who would give criminal sanctions to the dead?

However, just then Qin Feichen looked totally shocked. It was as if he had been stricken by a thunderbolt.

Even the Glaze Fairy Deity's expression also changed abruptly as she shouted in surprise, "This is impossible!"

The skeletons of the Glaze Fairy Deity's ancestors, who were dashing towards Su Yu, didn't attack him but... protected him from the attack of the skeletons of the deceased Book Deities!

This unexpected scene stunned all the other deities and successors.

Did it mean the Glaze Fairy Deity had secretly asked her ancestors to save Su Yu?

Qin Feichen didn't believe what he saw.

Then, the other four skeletons of the deceased Book Deities also dashed towards Su Yu with horrible killing intent.

At the same time, the Glaze Fairy Deity's ancestors also rushed out of their tombs. The next moment, six ancestors of the Glaze Fairy Deity started to fight against the five deceased Book Deities!

However, the deceased Book Deities were more powerful because they hadn't used their Celestial Energy Sphere to nourish this world before. The ancestors of the Glaze Fairy Deity released their Celestial Energy Sphere every ten years. So, their Celestial Energy Sphere was less powerful than that of the deceased Book Deities.

Although they enjoyed numerical superiority, they were immediately suppressed by the deceased Book Deities.

Crack! Along with a big bang, one skeleton of the Glaze Fairy Deity's ancestor fell to pieces.

Seeing this, the Glaze Fairy Deity was totally annoyed.

"Su Yu! Stop the fight now!" the Glaze Fairy Deity shouted without any hesitation. She knew this must be Su Yu's trick!

However, Su Yu replied coldly, "Glaze Fairy Deity, what do you mean by saying that? Even your ancestors don't want to be buried together with those disgusting Book Deities! So, their attack represents their will, which has nothing to do with me!"

Hearing this, the Glaze Fairy Deity turned to Qin Feichen and shouted, "Just ask your ancestors to stop!"

If the news that the ancestors of the two big families had started a fight during the worship ceremony was spread, these two families would be laughed at by all people in this world.

Qin Feichen shook his head bitterly. He knew his ancestors were furious now. It was almost impossible for him to calm them down.

After all, they were just the will of those deceased deities with limited cognitive ability. It was easy to annoy them. But it would be very difficult to remit their anger!

The Glaze Fairy Deity was quite angry to see that. She knew she had to stop the fight herself!

However, before she had time to stop the fight, she heard many exclamations!

Will of deceased deities appeared above the tombs of more than ten of the big families. Then, they controlled the skeletons in the tombs to attack the deceased Book Deities together.

No matter how sufficient the decrease in the Book Deities' Celestial Energy Sphere was, they were not able to survive under the attack from around 80 skeletons controlled by the will of the other deceased deities.

Soon, Qin Feichen's face darkened because all the skeletons of his ancestors were smashed into pieces.

Now, he was even not able to find a complete bone on the ground.

Everything had happened so fast. Before the deities and successors here had time to stop the fight, all the skeletons of the Book Deity's family had been destroyed.

Even worse, the will of the deceased deities from many big families started to bombard the ten tombs of the Book Deity's family angrily. At last, all ten tombs were totally destroyed.

The divine tombs of the Book Deity's family which had been in this place for so many years were ruined the will of a group of angry deceased deities in a short while.

However, this mess was not finished yet.

Some skeletons controlled by the will of some deceased deities started to attack Qin Feichen with deep anger and hatred.

Qin Feichen was extremely terrified when he saw this scene.

The next moment, a gentle and merciful voice echoed in this place, and all the skeletons controlled by the will of the deceased deities were wrapped up in holy light.

Under this holy light, the anger and killing intent of these skeletons disappeared. The place fell silent again.

Then, those skeletons went back to their tombs and fell into a sound sleep once more.

A riot of the will of the deceased deities was stopped.

Su Yu was shocked by what he saw. Is this the strength of Dakini who is the top deity of the Great Eastern Alliance?

She managed to purge the angry will of the deceased deities instantly.

Looking at the holy Dakini who was standing in the sky, Su Yu became more and more vigilant.

This deity was extremely horrible!

Su Yu knew he had made the right choice in deciding not to try anything with this deity. Otherwise, the fight would have been stopped by her immediately.

However, Su Yu's plan had still been ruined by her.

Su Yu's real purpose had been to kill Qin Feichen during the chaotic fight between the deceased deities.

In the end, his plan was ruined by Dakini.

When all the other deities and successors left, only Qin Feichen, who was so angry, was left in front of the broken bones of his ancestors.

Su Yu! He could figure out this was Su Yu's trick easily.

However, Qin Feichen didn't have any evidence. He even didn't know how Su Yu had managed to persuade the deceased deities of the other families to attack his ancestors, let alone find evidence!

He never expected Su Yu had the incredible capability of intimation.

When Su Yu worshiped the deceased deities of a family, he would show the bloodline of that family to them.

After that, when those deceased deities saw someone tried to kill the descendant who had their bloodline, they would definitely rush out to protect him.

All the other deities, who were quite serious at this moment, laughed happily in their heart.

Although their ancestors were also used by Su Yu, this guy had managed to smash the skeletons of the deceased Book Deities, which was exactly what they wanted to do.

Of course, these deities were not completely satisfied with Su Yu's behavior. Nobody would say yes to an outsider who tried to make use of the family's ancestors!

"Su Yu? What did you do?" the Sheng Deity snapped.

Su Yu replied with puzzlement, "I have no idea what happened just now! Maybe the deceased deities have already been annoyed by the deceased Book Deities who refuse to nourish this world with their Celestial Energy Sphere. When I pointed this out, the deceased Book Deities didn't reflect on their wrongdoings but chose to kill me, a junior who dares to reveal the truth! So, the other deceased deities rose together and annihilated them!"

The other deities had made eye contact after hearing these highfalutin words. None of them believed what Su Yu said.

However, nobody stepped out to debunk Su Yu except the Glaze Fairy Deity.

"Nonsense!" The Glaze Fairy Deity said angrily. "All deceased deities have lived in peace for so many years! Why did the riot occur this year? Tell me, what did you do?"

Unlike the Sheng Deity, a lot of deities hadn't figured out Su Yu's little trick.

Su Yu replied with a foxy smile, "I have no idea about what I did just now! Glaze Fairy Deity, could you give me an answer?"

Hearing this, the Glaze Fairy Deity was so annoyed. But she realized it was extremely difficult to get one better of a crafty man like Su Yu!

"Frankly speaking, the deceased Glaze Fairy Deities, who despise the deceased Book Deities, don't want to be buried in the same place as them. As their descendants, you should react for the sake of your ancestors! You could move your ancestral tombs or throw the tombs of the deceased Book Deities out. In this way, your ancestors could

rest in peace. Otherwise, they might jump out again in future and the consequence could be disastrous!" Su Yu said in a sincere and earnest way.

Hearing this, the Glaze Fairy Deity replied as she flicked her sleeves, "I don't need instructions from you!"

Chapter 1168: A Drastic Countermeasure

Hearing this, the deities in this place made eye contact with each other. "Does it mean we can take this opportunity to remove the tombs of the Book Deity's family from this world and expel the Book Deity from the alliance of 100 deities?"

Because of the Book Deity's Treasury, those deities, who had long been worried their secrets could be revealed, hadn't dared to talk about this topic. Now, they tried to think about it.

If the Book Deity built another Book Deity Treasury, their secrets could still be revealed in several generations' time. This was totally unacceptable!

Just as everyone considered this possibility, Dakini said gently, "All the deceased deities used to guard this world heroically. Some of them didn't want to nourish this world, but we can't ignore what they did when they were alive. So, it is narrow-minded to blame them now. As deities, we should be lenient!"

Hearing this, Su Yu frowned slightly. Is she saying I am narrow-minded?

Su Yu didn't agree with what Dakini said because the Book Deity's family had never protected this world. If they really wanted to protect his world, why didn't they show their will to protect this world after their death?

The strange reaction of the ten deceased Book Deities made Su Yu doubt whether the Book Deity's family had harbored evil designs in the alliance.

Although the Book Deity was one of the 100 deities who established this alliance, they didn't treat the Great Eastern Alliance as their homeland.

Dakini's words were lenient and merciful. However, for Su Yu, she was just a goddess who had no idea about good and evil.

The Book Deity's family did nothing to protect his world but did their best to pry into the secrets of all the other deities. However, Dakini gave them unprincipled protection, which could disappoint all deities who had made heroic sacrifices to this world and their descendants.

Many deities were quite frustrated and disappointed after hearing that. However, they could do nothing at this moment.

Dakini's words were not wrong, but she couldn't convince them.

Although they were not convinced, they had to give in and make a promise.

"We will obey the instruction of Dakini!"

Su Yu sighed in his heart secretly. Now, he knew the protection of this merciful queen of all deities was the reason that the ancestral tombs of the Book Deity's family had been able to stay in this world for so long a time.

Staring at Dakini, Su Yu became more and more vigilant.

There were two kinds of philanthropic people in this world: those who were really innocent and caritative and those who harbored evil designs.

Su Yu didn't know whether Dakini was really philanthropic or not.

"The Carnival of All Gods is finished. All of you can leave now. The world of the divine tombs will be closed soon!" Dakini said.

After such absurd chaos, the Carnival of All Gods had to be finished in advance.

During the previous Carnival of All Gods, those deceased deities would release their Celestial Energy Sphere for one year. However, this process was interrupted and was not able to continue. So, the ceremony had to be finished in advance.

"As you wish!"

Before leaving this world, the deities repaired their ancestral tombs.

Generally speaking, most deities were satisfied with the result of today's ceremony except for the interruption of the Celestial Energy Sphere's nourishment.

Su Yu uttered some words they didn't dare to say and did something they didn't dare to do, which cheered them greatly.

"Hah! Hah! Hah! This Feather God is quite interesting! A reckless person like him is the perfect candidate to punish those hypocrites!"

Hearing this, the Jing Deity turned up his nose at those deities. A reckless person? Those who treated Su Yu as a reckless person will die miserably.

"Dakini is too merciful! Alas! Under her protection, the Book Deity's family has managed to stay in this world for so many years and even created the Book Deity's Treasury!"

Many deities sighed helplessly.

In front of the ancestral tombs of the Book Deity's family

Qin Feichen looked at the broken bones of his ancestors and said with deep hatred, "Su Yu! You are too cruel!"

He knew Su Yu was about to ruin the Book Deity's family completely, including their ancestral tombs!

The Glaze Fairy Deity said seriously, "Just collect the broken bones of your ancestors, especially those Celestial Energy Spheres!"

Hearing this, Qin Feichen cleaned up everything resentfully.

His face was full of deep hatred!

“You slaughtered my family members! You ruined the time-honored foundation of my family! You destroyed the ancestral tombs of my ancestors! I will never live under the same sky as you!!” Qin Feichen said coldly.

The Glaze Fairy Deity looked at him pitifully. Su Yu was too ruthless! She didn't expect Su Yu could destroy the entire Book Deity's family within two days!

Frankly speaking, if Qin Feichen had been more careful, the situation would be different.

“Feichen, don't do anything reckless. Just wait till the return of the Book Deity. He will clean up the mess!”

With a self-deprecating smile, Su Yu said, “My father won't be back for a year! Aunt, will Su Yu take no action for one year?”

No!

The Glaze Fairy Deity said, “Before the return of the Book Deity, you could stay in my home. I don't believe Su Yu could kill you in my house!”

A chilly light flashed in her eyes.

Qin Feichen shook his head and said, “Aunt, the situation is different now. When we had the Book Deity's Treasury, the other deities were afraid of us and didn't dare to take action against my family. Haven't you noticed the situation today? Without the protection of Dakini, I'm afraid all the ancestors of the Book Deity's family would have been thrown into the Star River!”

“If Su Yu is about to kill me, he will definitely seek help from other deities! Aunt, I don't think you can hold off those deities at the same time!”

Hearing this, the Glaze Fairy Deity said nothing but her eyes were full of hatred. She knew the situation was totally different now.

When Su Yu tried to ruin the Book Deity's Treasury, he got assistance from a lot of deities.

If Su Yu dared to invade the Glaze Fairy Deity's home to kill Qin Feichen, those deities would definitely provide assistance even they didn't participate in the attack personally.

Now, all the other deities had taken the side of Su Yu!

“So, it is useless to escape!” Qin Feichen continued. “We have to take drastic measures to deal with this deadlock!”

Now, his home had been ruined and he was homeless. Qin Feichen was quite regretful.

He knew he shouldn't have tried to kill Su Yu.

If he could have a second chance, he would never try to kill Su Yu because he was not able to deal with the consequences.

“Have you found a way?” the Glaze Fairy Deity asked.

Qin Feichen nodded his head and said, “Yes! This method will prevent those deities from helping Su Yu!”

“Just tell me and I will do my best to help you!” the Glaze Fairy Deity said as she raised her eyebrows. It seemed she had figured out Qin Feichen’s plan.

Qin Feichen said, “It seems Su Yu has a significant edge. However, he has a deadly weakness! He used to... violate the rules of the Alliance of 100 Deities! He killed the law enforcer Qin Kuo personally! This is an unforgivable capital crime!”

In the alliance, anyone who dared to kill law enforcers would be sentenced to death. Even the deities were not allowed to violate this fundamental rule.

If this crime was exposed, nobody would be able to protect Su Yu from being punished, including the Jing Deity and even Dakini!

“But we will be in great danger if he states why he killed Qin Kuo! After all, Qin Kuo was killed because he tried to protect the Central Prefecture’s King who was a demon! We are not able to hide this truth from the other deities!”

“To collude with the demon clan is a crime more serious than killing a law enforcer! It is a taboo in the alliance! The violator will be seriously punished by the alliance together with the violator’s family, who will at least be expelled from the Great Eastern Alliance!” the Glaze Fairy Deity said seriously.

Qin Feichen’s plan was extremely risky.

“I know this method is very risky! We might perish along with him. Also, I don’t think this risky countermeasure could be predicted by Su Yu! In this way, we could defeat him by surprise!” Qin Feichen said as his eyes lit up. “Furthermore, we shall prevent Su Yu from saying anything to preclude the risks! We shall do our best to kill him before he can meet the other deities!”

Hearing this, the Glaze Fairy Deity was lost in thought. Even Su Yu’s death was quite suspicious. A dead man could never expose them in front of the rest deities!

“Aunt, I need your help! Otherwise, it will be very difficult for me to kill Su Yu alone!”

The Glaze Fairy Deity became quite hesitant. Was it really worthwhile to gamble the future of her family on killing Su Yu?

However, she made up her mind to kill Su Yu when she realized Su Yu was the only person, apart from the Book Deity’s family, who knew about the collusion between the demon clan and her family!

“OK! Let’s make a plan to kill Su Yu. We must succeed!”

—
Standing in front of the ancestral tombs of the Crane Deity’s family for a long time, Su Yu was lost in thought.

He knew that failing to kill Qin Feichen would bring him endless troubles.

“If Qin Feichen is not a fool, he must know I will do my best to kill him before the return of the Book Deity! He should also know I have gained the upper hand and I am able to kill him wherever he hides!”

“He must know he is in a dead-end now. So, he has to make a desperate attempt!” With chilly light flashing in his eyes, Su Yu performed a thorough analysis upon Qin Feichen’s current status. “If I were Qin Feichen, I would do my best to strike a deadly blow to my enemy in this hopeless situation! He will definitely disclose the fact that I killed a law enforcer! Also, in order to stop me from impeaching him for colluding with demons, he will never give me an opportunity to justify myself. He will do his best to assassinate me in front of the deities!”

If Qin Feichen was here, he would absolutely be amazed because his plan had been predicted by Su Yu precisely!

“If things are really going to develop in this way, I will be in great danger!” Su Yu murmured in his heart. It would be extremely difficult for him to clear his name in front of the deities and survive the attack of a deity!

Now, it was impossible for Su Yu to defend himself from the attack of a deity!

Even he could survive an assassination attempt by a deity, how could he clear his name in front of the deities? If he failed, he would still be killed.

Su Yu furrowed his eyebrows because he was puzzled by this difficult situation.

As expected, Su Yu would have endless troubles as long as Qin Feichen was alive. So, he had to kill Qin Feichen!

“Humph! Let’s see whose scheming is better in the end!” Su Yu murmured to himself as chilly light flashed in his eyes. He knew the final battle between him and Qin Feichen would occur soon!

If Su Yu was defeated, he would die miserably! If Qin Feichen lost, he would be eradicated together with the Book Deity and all involved deities!

It was predictable that the final battle between Su Yu and Qin Feichen would be full of uncertainties and dangers.

“Whether I can win this battle depends on how many advantages I can gain from the tombs of the deceased deities!” Su Yu said in his heart anxiously. He didn’t want to lose the final battle against the Book Deity’s family.

After leaving the world of the divine tombs, Su Yu saw the Jing Deity.

“Where is Sheng Yuanxin?” the Jing Deity asked in an anxious and nervous way.

Su Yu said, “She is on her way!”

As expected, Sheng Yuanxin arrived a moment later. Then, she looked at Su Yu and Jing Deity and said anxiously, “Are we really going to do this? Once we’re discovered, we will be accused of the crime of offending the deities! We will be in great danger if we are detected by those deities!”

“What?” The Jing Deity, who had figured out the implication of these words, became suspicious. “Which deities are you talking about?”

Chapter 1169: Refining the Great Path Divine Origin

Seeing that they were about to be exposed to the enemy, Su Yu said, “We have to be more careful and never let anyone other than us know about this!”

“Well! Rest assured, my mother supports us. As long as it remains insignificant, she will help us cover it up,” Sheng Yuanxin said. Regarding the investigation of this case, the Sheng Deity was helping. Even while collaborating with Su Yu and Jing Deity, she still snuck into the tombs of the gods in violation of the covenant. Thus, it was a sign of her secret support for their activities.

Upon hearing these words, Jing Deity’s doubts were dispelled.

At that moment, many Cavern houses across the world were dedicated to the tombs of the gods. A layer of light mixed with hundreds of divine power gradually emerged, covering the entire world and forming a layer of enchantment.

Through this, the enchantment was unbreakable without more than 20 gods working together to do so.

At the same time, the gods have each gone far away from here, one by one, without staying there any longer.

Su Yu, Jing Deity, and Sheng Yuanxin looked at each other and pretended to leave. They once again silently arrived at the edge of the Cavern world where the gods’ tombs laid.

“I’ve been preparing for this day for so long!” Jing Deity said as he licked his lips. He proceeded to take out a colorful array of Formation Flags mixed with more than 20 kinds of divine powers of the gods, which were excruciating for him to have collected.

Although the divine power they contained was weak, it can induce induction with the enchantment and at the very least open up a one-person passage through the microchannel if this power were exerted. This would’ve been more than enough for three people to enter.

After preparation, Jing Deity used the Formation Flags and successfully opened a channel.

He was so subtle and undetectable with his skill that he did not alarm any god.

Re-entering the tombs of the gods, Su Yu’s eyes glanced around at the many tombs in front of him and said, “The three of us should proceed separately! Sheng Yuanxin and I will head to the Glaze Fairy Deity family tombs and the god tombs of the Book Deity respectively. Jing Deity, you will be responsible for staying vigilant and standing guard. ”

Upon hearing this, Jing Deity frowned. This was not the original plan!

If he was in charge of standing guard, he wouldn't have had time to gather the Great Path Divine Origin. If that were the case, wouldn't this have been a wasted trip?

Su Yu quietly gave her a look as Sheng Yuanxin also winked, to which Jing Deity understood.

As the daughter of the holy god, she couldn't steal the Great Path Divine Origin for herself. If Jing Deity stayed on the sidelines the whole time, this wouldn't come to haunt her in the future.

Jing Deity realized the meaning of Sheng Yuanxin's wink and quickly agreed. "Oh, no problem, I'll alert both of you if anything happens. The two of you go ahead and search." However, her eyes were still glancing around while she secretly licked her lips. As long as she didn't go to the Glaze Fairy Deity family tomb and bump into Sheng Yuanxin, she would have no problem trying to plunder the Great Path Divine Origin from other tombs.

The excitement was visible in her eyes and the multi-year plan she had crafted finally succeeded.

Sheng Yuanxin was a little surprised. Why should the Glaze Fairy Deity family tomb be searched? This was slightly different from the original plan.

However, the Glaze Fairy Deity family tomb was very suspicious in retrospect. Since they have managed to venture in, they should not give up simply not visiting it.

Sheng Yuanxin nodded and agreed, "Ok!"

With that, before entering the ancient tombs of the Glaze Fairy Deity family tomb, he glanced at Su Yu and said, "Let me warn you, everything in the tomb of the Gods must not be touched unless you're gathering clues! As the captain of the Sen Luo law enforcement team, I won't sit idly by and watch you go astray plundering from the tombs."

Su Yu smiled and said, "Relax, I know what I am doing."

The three proceeded separately, and Su Yu came to the tomb of the Book Deity Family with a smile. "Come on, let's see how abundant the Great Path Divine Origin is after hundreds of millennia."

During the gods' previous riots, all the remains of the Book Deity family were broken up along with the will of the gods. Regardless of how they plundered the Great Path Divine Origin, their actions wouldn't alarm any outsiders.

Once he entered the tomb of God, the Tree God came drilling out before Su Yu had the chance to release the Nine Jade Spiritual Pearl. Looking at the tomb of the Tree God, there were broken god bones and amazing sources of the Great Path Divine Origin. The eyes of the tree god were opened wide. "What a complete source of Great Path Divine Origin!"

Su Yu sneered, "Of course, it is complete! The remains of the gods of different dynasties are buried with more than a hundred gods and protected by their power. Without getting damaged or released at all, it is indeed complete.

"I only need one bit to recover to the later quasi-god realm. With two bits, I can be restored to my former heyday, and with three bits..."

"There is no third bit!" Su Yu summoned God Kylin, saying, "This Great Path Divine Origin belongs to the Book Deity. If swallowed, it should be enough for you to recover a part of yourself."

God Kylin opened her mouth wide and said, “This is ... the forbidden area of the Great Eastern Alliance, the tombs of the gods! Boy, how did you sneak in here?”

Ever since Su Yu rescued her, she had been in the Tower of Wuta and knew nothing about the outside world.

“Don’t worry about that. You can take as much as you need to recover,” Su Yu said.

There were five complete Great Path Divine Origins here. If two were for the Book Deity and two were for God Kylin, the last one was left for...

He thought for a while. Then, Su Yu said, “Now that you can feel it, come out. The last bit is for you.”

“Haha, boy, why are you so kind?” Su Yu’s heart was filled with the strange laughter of the evil god, although it came out on its own accord.

There was a flash of red as a drop of blood floated out and turned into a giant dog full of evil spirits. The Evil God had appeared in front of them.

He already could leave the soul space on his own!

Once it appeared, both the Tree God and God Kylin looked horrified.

The evil god condescended a little and glanced at both of them. “Hey, to two gods whom I am meeting for the first time, allow me to introduce myself. I am the God-Emperor who kills the heavens and the earth, and the god who blocks the demon and kills the demon. You can call me Lord Evil God...”

“God Kylin, your source is one inch bigger than mine. That’s unfair!”

“Tree god, can you think before you act? You picked the two strongest sources, then you come and criticize my choice?”

The evil god coughed and tried to catch the attention of the two. “I am the one that kills the heavens and the earth, the God that blocks the other gods, and the devil that blocks the other devils ...”

“I don’t care. Anyway, yours is bigger than mine. If you don’t change with me, I... I will cry! If you provoke an elegant and noble goddess to cry, you will be condemned by the gods!”

“Hah! Let the condemnation be ever more violent. You’re a shameless goddess with an attitude lacking elegance and nobility!”

“Ahem... hello, I am the Emperor that is killing the heavens ...”

“What the hell! God Kylin, you’re nearly dying. Why do you want the Great Path Divine Origin so much? Hurry up and give some of it to me! It’s a waste for you to have so much!”

“Ahem... I am the Emperor ...”

“How shameless. You thirst after the thing that is going to keep me, God Kylin, alive. You are just ...”

Boom—

“You two! I am the Emperor...”

The tree god and God Kylin looked at each other and asked, “Who is this idiot coughing on the side?”

“I don’t know.”

“I don’t know either.”

“Oh, alright then. Let’s go home and sleep.”

Du Du ——

The two great gods returned to the Nine Jade Spiritual Pearl and Wuta Tower respectively with two precious Great Path Divine Origins rolled up in each of their sleeves, leaving the confused evil god all by himself.

“What the! Two inferior gods who don’t know what is good for them!” The evil god grimed. “Back in the day, I wouldn’t even be bothered to care about them!”

Su Yu said lightly, “Please stop talking nonsense. Just take this Great Path Divine Origin and then just leave.”

Huh? The evil god’s eyes turned and looked Su Yu from head to toe. “Do you really want me to go?”

“I’m tired of raising a nest of gods, so you should learn how to support yourself,” Su Yu sighed.

The evil god’s face blackened. “A nest ... Are you supposed to be raising dogs? Well... alright, I guess I’m a literal dog.”

A calm expression appeared again on the evil god’s face as he said, “Are you in serious trouble?”

Su Yu sighed a little. Except for Yun Yazhi, who probably knows Su Yu best, the evil god was also an enemy and a friend who knew him well.

“Well, I am in big trouble. If I can’t handle it well, I will die and my soul will be destroyed. I have no idea how this will end.” Su Yu said. When he left the tomb of the gods, an extremely dangerous and decisive battle would’ve been waiting for him.

Many gods would be involved.

“So, you sent me away before that could happen,” The evil god said as his huge body squatted down. He laughed and replied, “You have been through so much. Are you still worried about what will happen this time around?”

Su Yu smiled bitterly. “Yeah, but I’m not confident this time.”

The Evil God played with the Great Path Divine Origin a little before throwing it back to Su Yu. “You refine it yourself. Although it has a weaker effect on you than this quasi-god, it’ll give you extra strength.”

“Since it has a weaker effect on me, why waste it?” Su Yu shook his head and quietly took out a psychic book from Qin Feichen.

Because of the many martial arts recorded in the world, the book had some wisdom that could point out the loopholes in the exercises. This was precious. Only two or three books had been accumulated by the Book Deity after such a long time.

Seeing Su Yu’s resolute attitude, the evil god smiled and grabbed the Great Path Divine Origin. “In that case, let’s bid farewell here.”

Su Yu looked at the book without raising his head. “Well, goodbye.”

The Evil God looked at Su Yu but stopped talking and finally let out a sigh. “Sometimes, don’t force yourself too much.”

With those words, the Evil God turned into a ray of blood.

As Su Yu put the book down, a vacant feeling came pouring out of his heart and a bitter smile appeared across his face.

When did he ever want to force it?

At present, Su Yu swept aside his thoughts and attentively read through the book.

After thinking about it for a long time, Su Yu mentally coded the [Nine Dragons Devil Subduing Art] into his brain, and the psychic book immediately shook a little. On the cover of the book, a mouth appeared and a mechanical-sounding statement was heard: “Mixed exercises, a total of eight levels of mythology, the last level ... the deity-level exercises, derived from the basic chapter of the “Sacred Demon Summon” of the demon royal family. ”

Crackle—

Su Yu’s hands shook enough for him to drop the book onto the ground.

He had long felt that the final level of the [Nine Dragons Devil Subduing Art] was bizarre. The first eight levels were all the magic dragons that summoned the spirit, but the last layer called out the living demons!

Under Su Yu’s control, both weak and strong demon creatures could be summoned.

The weak were like the magic crow while the strong were like the nine-headed dragon.

“According to the strength of the blood of the demon, the strength of the souls summoned by the [Nine Dragons Devil Subduing Art] will be different. If the blood of the Holy Devil is obtained, one can use this skill to its maximum potential, and the monster of Deity level can be summoned into battle.”

A mysterious strength of the royal demon clan? Hearing this made Su Yu’s heart beat faster!

“But what is a holy demon?” he asked himself. The information he collected about the Demon Clan was rather substantial, but he had never heard of the “Holy Demon.”

Chapter 1170: The Final Battle Approaches

“Except for those who contain the blood of gods and demons, any cultivation by any other soul will face backlash and be swallowed up by the summoned demons. The value of cultivation is zero.”

The cultivation by souls of non-demon descendants wouldn't be recognized by the summoned souls.

This also explained the story of how Buddha practiced so much but still faced a backlash at the end.

Then why could he do it? Su Yu thought about it. He got three drops of blood belonging to the gods and demons and merged them inside the Divine Nine-Dragon Cauldron before they were finally integrated back into Su Yu's blood. Is this why he did not face a backlash?

“If you have enough blood of the demon, you should be able to use [Sacred Demon Summon] without any problems,” Su Yu thought to himself.

However, Su Yu was smart enough to not perform this technique in front of the Great Eastern Alliance. This was the secret of the devil royal family. It was strange that Su Yu could do this, and he would naturally be treated as a demon if he did. When that happened, there would be no further arguments that could save him. Any conspiracy could be used to put Su Yu to death.

“You must not use this technique unless it is necessary,” Su Yu quietly said to himself.

Putting away the psychic book, Su Yujing quietly pondered the countermeasures he could take.

“What I need most is time. I don't know how successful the Great Prison's Ghost Emperor is in doing what I tasked him to do. How is he doing now? If he succeeds, maybe I can save myself from danger this time.”

The Great Prison's Ghost Emperor did not show up for a long time. He likely went somewhere to do something important.

Initially, it was Su Yu's preparation for a backdoor for himself in case of anything. However, time was tight now that it seemed that he started preparation a little too late.

“Now Qin Feichen must be telling tales to many gods. He will talk about me killing Qin Kuo. If I am to go out without being prepared, I will most probably be killed by the thunder of Qin Feichen and other gods. In that case, I won't be able to defend myself.” Su Yu looked at the tomb of the Book God. He was in the tombs of the gods, which were temporarily a safe place that no one could even think about.

Within the Great Eastern Alliance, a small earthquake occurred among the gods.

Many gods were summoned by Qin Feichen, who spoke of Su Yu killing the law enforcement officer.

Without evidence, they wouldn't have bothered. Qin Kuo belongs to the Qin family. Would Su Yu kill a member of the Qin family?

However, Qin Feichen had irrefutable evidence!

It was from a Light Returning Mirror, which presented a short animation of what happened.

A man knocked Qin Kuo to the ground and took away his soul.

If that wasn't Su Yu, who could it have been Combined with all the secrets about Su Yu from the Jiuzhou Cavern world, it was almost impossible to refute that Su Yu murdered the law enforcement officer.

Despite the other gods questioning why that was the only shot available, Qin Feichen said that the mirror unable to capture visions of what happened before or afterward.

Although the gods did not want to punish Su Yu, they could not ignore Qin Feichen's evidence.

With several gods present, they desperately summoned Su Yu to explain himself.

As a result, the gods and Qin Feichen were surprised to find out that Su Yu had disappeared completely!

Whether it was the family of the Crane Deity or other gods, there was no hint about where Su Yu went.

"Did he know the news in advance and escape from the Great Eastern Alliance?" Qin Feichen's face remained unchanged.

The Glaze Fairy Deity was also very troubled. They were fully prepared to launch a fatal blow to Su Yu. Even the Glaze Fairy Deity had been lurking around the Crane Deity's family home. After waiting for the actual charge of Su Yu killing the law enforcement officer, she planned to immediately slay him to keep him silent.

However, no one expected Su Yu to disappear!

Qin Feichen and the Glaze Fairy Deity didn't expect this to happen.

"Strengthen surveillance on the Crane Deity's family. Anyone who enters and exits must report everything in detail and on time!" Glaze Fairy Deity said calmly. This time, her entire family's reputation was on the line. Failure wasn't an option.

If Su Yu had escaped from this point onwards and never returned to the Great Eastern Alliance, it would've been fine. However, if he returned suddenly one day and made the truth public to the families of the Book Deity and the Crane Deity, that would've been a disaster.

Along with the Crane Deity's family, they were nervous.

"Brother Yang Tai, have you investigated where my tribe's Feather God is?" He Ruchu was very polite and anxious, and immediately expressed his concerns to Yang Tai who came to pay a visit.

The Feather God murdering a law enforcement officer was revealed to the Crane Deity's family home at the earliest opportunity. They were informed about it and used it to let Su Yu run away.

As a result, Su Yu disappeared almost immediately.

After Yang Tai learned of the situation, he secretly launched an intelligence network to search for Su Yu but to no avail.

Su Yu disappeared from the Great Eastern Alliance completely, as if he evaporated into thin air.

“My people have investigated the Divine Bone Ship that left the mainland over the past two months, but there was no record of the Feather God boarding it! Moreover, he never returned after the gods left the Carnival of All Gods. It’s likely that if he got news of what is happening in advance, it is only safe for him to escape from the Great Eastern Alliance. I just can’t believe that he could simply disappear from this world,” Yang Tai sighed.

Even so, Yang Tai was clever enough to have already thought of a possible hiding place.

There was only one place where Su Yu can not leave the Great Eastern Alliance or be detected by the gods of the heavens!

The Cavern world of the tombs of the gods!

There was a strong enchantment around it to prevent outsiders from entering; even the perception of the gods was unable to penetrate it. This was the only possible explanation behind Su Yu’s disappearance.

However, Yang Tai was not going to tell anyone, not even the Crane Deity’s family.

Once the news leaked, he feared that even Qin Feichen’s conviction wouldn’t have been enough for Su Yu to die and be injured more than one hundred times just by walking privately into the tombs of the gods!

After all, there were so many Great Path Divine Origins inside the tombs of the gods that even the gods are extremely envious.

He Ruchu was bitter at first. Disregarding if Su Yu escaped or not, his actions had somehow destroyed the reputation of the Crane Deity’s family!

“The owner of the Crane family home doesn’t have to worry. Recently, I sent for some powerful people from the All-Access Chamber of Commerce family to come. If anyone seeks to harm the Crane Deity’s family home, I will make every effort to ensure the safety of everyone here before the Eyes God returns.”

He Ruchu’s eyes lit up as he said, “Are you saying that the Feather God would come back?”

Yang Tai showed a consoling smile and said, “Do you think the Feather God would allow him to escape like this?”

Since he set foot in the Great Eastern Alliance, he had never suffered a loss.

“I hope so,” He Ruchu retreated uneasily.

Yang Tai said goodbye. After leaving the Crane Deity family, his face calmed down and he sighed deeply. “Su Yu, you’ve gone too far this time. Even if you ask my father to intercede for you, I’m

afraid it won't help much. If you have no other plans, you should simply hide there for a few years. When everything has calmed down, I will find a way to pick you up and help you secretly escape the Great Eastern Alliance.

From their initial competition to today's admiration of him, Yang Tai thought well of Su Yu.

It was a shame that such a person should die in the hands of a villain like Qin Feichen.

Yang Tai wasn't confident in Su Yu being able to survive this hurdle as well.

After all, he now had something that the enemy can use against him.

It had been four months since Su Yu disappeared after that meeting.

In the God of Instrument's Cavern world, Wang Yunxuan was in his room anxiously scratching his head. "Yeah, what should I do? How do I do it? How can I rescue Su Yu? He carries on him the big crime of killing a law enforcement officer, and even the top nine gods will not have the power to pardon him. Even my old man is even less capable of saving him."

"The worst part is that we don't even know where he'll go. It'd be better for him to have escaped from the Great Eastern Alliance. Otherwise, he's doomed!"

Wang Yunxuan heard from the God of Instrument. In light of the long duration that Su Yu had gone missing, Su Yu was listed as a wanted criminal who absconded under the Glaze Fairy Deity's suggestion. Any god who found him must capture him or he would be regarded as a fellow absconder.

Therefore, Su Yu would be discovered as soon as he appeared in any Cavern World.

According to the God of Instrument, they were unwilling to list Su Yu as a wanted criminal. However, delaying it to now had already been the limit. Not only did the family of the Glaze Fairy Deity exert pressure on the gods, the matter even spread to the ears of the Dakini. She said that rules must not have been broken, so the warrant had to be issued.

"What a shame. If he was here, the Great Eastern Alliance would be entirely revamped. To think that a group of hypocrites and villains like the Book God will push Su Yu to this point," Wang Yunxuan said, consumed with hatred.

With him placed on the wanted criminals' list, this news was thoroughly announced throughout the entire world.

From the upper reaches of the gods, from the middle of the descendants of the gods, down to the souls, they all talked about Su Yu.

Su Yu, a rising god favored by many gods, killed a law enforcement officer in the past and was now wanted by the Alliance of 100 Deities. The situation was dire and urgent.

Some people felt deeply sorry for what happened. Su Yu was born as a mortal, and it was a miracle to be recognized by the gods in a short time.

Alas, some were envious of his talents. He made mistakes in the past and was now being exposed by the Book God.

“The Book God Family home is bad news! The Feather God is very good, not harming others or ordinary creatures. He takes things one step at a time and relies on his wisdom and talents. Step by step, he wins the approval of the other gods. Of all the people he could provoke, it had to be the Book God, who is so evil that he wants Su Yu to be put to death?”

“Huh! But I heard that each time the Carnival of All Gods happens, many gods of all ages will release their Great Divine Source Origin to nourish the continent and our souls. For ten generations, hundreds of millennia, none of the gods from the Book God Family home were willing to release the slightest source of the Great Divine Source Origin for the mainland! ”

“I have also heard of this. Many descendants of the gods have said that the family of Book Deity is absent from the Great Eastern Alliance and is most likely to be a rebel family!”

“This shameful bunch of dogs! Everything that they do is fake! They enjoy the peace of the Great Eastern Alliance and bear the worship of the Great Eastern Alliance, but contributes nothing to it. They don’t consider themselves to be Great Eastern Alliance people but aren’t embarrassed to stay in our Great Eastern Alliance. ”

“Who dare say otherwise? The Book God’s family is a group of beasts even worse than pigs or dogs! However, I heard that this is an order from the Dakini. She is broad-minded and loves the world, thinking that everything should be treated with love. Perhaps she thinks that the Book God family can be managed that way too.”

Hearing this, everyone felt exasperated but were helpless. After all, it was an order of the Dakini. Even if they didn’t agree with her orders, they had no power to go against it!

Boom—

In the booth next to these commentators, Qin Feichen’s face was red as he angrily banged the table. Today, he invited a group of descendants of the gods from Liu Li and the Glaze Fairy Deity’s family home to drink wine and discuss Su Yu’s whereabouts.

As a result, they heard the alcoholic speak outside before the wine was even served. They all spoke badly of the Book God’s family house.

Qin Feichen was furious. What kind of world was this?

Su Yu had destroyed the family of the Book God, killed almost all of its members, and even smashed the ancestral tomb. It was obvious that the family of the Book God was ruined by Su Yu. How could they be the ones who are accused of people’s everyday rumors?

“Brother Qin doesn’t need to mind these gossips. They are merely a group of ordinary men and women. They have been dissatisfied with our deity family for a

while already, so what? They are merely a group of ants that are being ruled over. Let's focus and discuss Su Yu's possible whereabouts."

Qin Feichen had to bottle up his anger.

"Brother Qin, after half a year of investigation, we think that Su Yu probably did not escape from the Great Eastern Alliance," Liu Li said.

Qin Feichen was startled. "Are you saying that he is hiding in the mainland?"

Liu Li nodded. "Yes! I secretly dispatched law enforcement officers to investigate the Divine Bone Ship that entered and exited the Great Eastern Alliance over the past six months. There was no trace of Su Yu, so, likely, Su Yu is still within the Great Eastern Alliance."

As one of the six real power law enforcement officers of the law enforcement alliance, Liu Li could easily mobilize law enforcement officers to conduct secret investigations for him.

Initially, they faced the All-Access Family home's firm obstruction and refusal to cooperate. However, the case was finally taken up by the law enforcement's majesty and they reluctantly agreed to cooperate. It took a full four months to rule out Su Yu's departure from the Great Eastern Alliance.

"Where is he then?" Qin Feichen was suddenly tense. If Su Yu found a god who will help him, he had the chance to first divulge the truth and get that god's protection...

Liu Li said. "There is only one place! Tomb of the gods! He is likely to be hiding there!"

"What?" Qin Feichen and the others were stunned upon hearing this.

"How could he be hiding there? He may not even have the ability to open up a channel. Even if there is a little movement in the enchantment, it would've been enough to alert the gods!"

Liu Li said indifferently, "If a god is willing to help him, it should not be difficult to open a passage. As for the movement of the enchantment, what a stronger god was covering them outside the enchantment?"

Upon hearing this, everyone took in a long breath. Did that mean that Su Yu was planning to hide in the tombs of the gods for a while?

However, Qin Feichen felt that this is very likely, especially after having a deep insight into Su Yu's intelligence.

He then snapped.

"Then what are you waiting for? Immediately ask Uncle Liuxian to guard that area. As soon as Su Yu appears, he'll die without a proper burial for breaking into the tombs of the gods. Haha, even if he was killed on the spot, no God would dare to speak up for him!"

Liu Li smiled for a rather long time and said, "Relax. Not only did my father go alone, but he also prepared a gift for Su Yu. Even if a god was protecting him, he still won't survive!"

On the borders of the Great Eastern Alliance, a warship broke through the galaxy and hurried ashore. A man and a woman, seemingly dust fairies, dismounted. Surprisingly, It was the Ghost Prison's Great Emperor and Jian Wusheng.

In the tombs of the gods, Su Yu practiced silently for four months, and the jade he wore around his waist suddenly became bright.

Su Yu opened his eyes slowly, and a streak of light emerged from them. He casually heaved out a breath of air. "It is finally going to start. The families of Book Deity, the Glaze Fairy Deity, and the families who help each other in secret... are you ready? Am I the villain, or are you simply playing with fire and self-immolation? "

He stood up and shook the dust off his body as a sharp light enter his gaze. He stepped out of the tomb of the gods!

A battle to shake up the Great Eastern Alliance was about to begin!

Looking out and at the sky, Su Yu said coldly, "I want God's blood to rain down on the lands of the Great Eastern Alliance. Let it wash away the gods' filth!"
