Chapter 1191:

Good Intentions

Later, Ah San had been recaptured by the Pirate God and stayed in the land of the gods, only to continue to look for and recruit prostitutes.

What made Ah Da and Ah Er very dissatisfied was that even though he knew they were facing a serious situation, Ah San only wanted to play with women and was not contributing at all.

“Hey, brother, let’s forget about it. Even if Ah San recovers, our main responsibility is to watch over the God-Destroying Crossbows. He doesn’t help us much. Let him go. As long as he doesn’t lose the God-Destroying Crossbows, it doesn’t matter.”

Ah Da snorted coldly.

In the third secret room, two charming women with exquisite clothes exposed themselves. They looked stunningly similar to the Sheng Deity. They were on their knees, facing Ah San.

“Well... it’s comfortable but if you all are the Sheng Deity, it’s even more comfortable.” Even after learning the true identity of the Sheng Deity, Ah San still thought about her a lot. He was specifically seeking out women who looked like her, which was truly somewhat disgusting to others.

Suddenly, the woman beneath him had a thought. “Since Ah San wants her so much, why don’t you seize the opportunity?”

Ah? With a stunned look in his eyes, Ah San turned over, pushed the woman onto the ground and said coldly, “Who are you?”

“Giggle, of course! We are the people who will help Ah San!” Another woman laughed along with her.

Ah San seemed murderous. “You have been sent by the other gods? Hum, it’s really hard to find out my desire for the Sheng Deity; you must have really done your homework! Go! You will be handed over to the Pirate God. To think that you tried to use your beauty to make me betray the Pirate God and work for you? Really whimsical! ”

The two women were in no hurry to leave. “Why is Ah San so anxious? Maybe look at this first.”

A timely messaging jade pendant appeared in her palm.

“Who’s this from?” Ah San blinked and asked.

“The Wolf Deity!”

He hesitated for a moment. The Pirate God treated him with modesty and trust. The important things, such as the God-Destroying Crossbows, had been handed over to him for safekeeping.

However, the suppression under the Pirate God was self-evident.

After struggling for a long time, Ah San gritted his teeth. It didn't matter if he listened to his heart. If he could find out their plans, maybe he could make a contribution in front of the Pirate God.

Opening the jade pendant, Ah San didn't say anything when he heard the voice of Wolf Deity. "Ah San, if you will help us, we can kill the traitorous Pirate God, and all his sources will belong to you! For you, a quasi-god, devouring his Great Path Divine Origin can speed up your goal of becoming a god. The Pirate God Cavern world will be yours! You will also head a new generation of Pirate Gods in the land of the gods! "

Ah San was tempted but still hesitant

"Rest assured, I am representing the other six deities, and there are no falsehoods in my words. If you can do it, why wouldn't we support you as a new deity?"

Was that a collective promise from the gods?

Ah San's heart surged with emotions. This temptation was too great!

Who wouldn't want to be a god?

"Can you really kill the Pirate God? He has turned to the gods of the Great Eastern Alliance. With nine gods helping each other, you cannot be their rivals!" Ah San said.

"We will use the big killing machine held in the land of the gods. As long as you help us steal the God-Destroying Crossbows, we can easily kill them!"

The Big Killing Machine! Ah San was shocked. He had heard the Pirate God mention that the land of the gods had a weapon that made the two alliances jealous. Once utilized, both alliances were on their toes.

After thinking for a long while, Ah San finally made up his mind. "Okay! I promise!"

Time passed slowly, and ordinary creatures gradually became aware that the Pirate God's and the other six gods' Cavern Worlds were stretched further apart...

There was an invisible smoke.

"Sheng Deity, we can't wait any longer. The six big Cavern Worlds have gathered together, and they are about to start the war!" The gods found it more and more difficult to suppress their mood.

It had been a full month since they had killed the God of Doom.

Alas, their think tanks were still in retreat, and they were advised to stay still!

This made the gods more and more dissatisfied, and they even began to doubt Su Yu's intentions. More doubts began to rise.

Even the Sheng Deity felt restless. Su Yu still had not mentioned any countermeasures that he would take when the war started, and she didn't feel assured that nothing bad would happen.

The All-Access Merchant God also showed signs of anxiety. He held back the fear in his heart and tried to soothe the others. "Everyone, bear with it."

“I can’t stand it anymore!” A hot-tempered god shot up. “When is he going to stop cultivating? Do you know that the situation today is endangering us to an unthinkable level?”

Looking around, the god sneered, “If he knows that the Pirate God has been hiding from our party for half a month now, I don’t know how he can cultivate in peace!”

The gods were silent.

The situation was worse than expected, and the situation has changed drastically!

In the first half of the month, the six deities in the land of the gods were preparing for war. In the second half of the month, soldiers were already drawing near, and war might break out at any time.

What made the gods feel most indignant was that because of Su Yu’s inaction, the attitude of the Pirate God had gradually changed!

After all, the Pirate God had promised to take refuge with them. The original intention was that Su Yu had promised that he would be safe and would not be attacked by the gods. By now, the Pirate God would surely have several others who were following him and he would not come to them alone.

But now, Su Yu had not made a single move and seemed not to have any intention of letting the Pirate God take refuge with them.

Things were so bad that the six gods were completely set on attacking and were determined to go to war with them.

The Pirate God had become the target of the gods. If they were the Pirate Gods, they would also be reconsidering whether it was worth taking refuge with the Great Eastern Alliance.

It had been half a month, and he still hadn’t come to them. This was clear evidence of his vague attitude.

If there was a war between the two sides, it was more advantageous to be on Su Yu and the other gods’ side, so the Pirate God most definitely should still help them.

However, the Wolf Deity and the others were powerful as well. They were afraid that the Pirate God would be the hidden danger and would stab them in the back.

All of this was caused by Su Yu’s reversal in his attitude. The situation was initially so advantageous to them, but Su Yu had made it entirely confusing.

In light of the anger of all the gods, the All-Access Merchant God also found it difficult to calm down. The matter was indeed too serious. He only had one thing to say. “Let’s do this. Luo Deity, you go to the port to keep our warships in position and be ready to open fire at any time. If the Pirate God rebels, we will not be blocked from retreating. ”

“The Sheng Deity and I shall break through the gate to see what Su Yu is doing. As for the other six gods, please pay close attention to the potential border war.”

With the Sheng Deity starting to take action, the gods were a little more at ease.

“OK! Let’s do this!”

“We should have acted on our own. By listening to Su Yu’s words, we ended up being so passive, and now we have lost all our gains!”

“All-Access Merchant God, Sheng Deity, it is not that we have an opinion on Su Yu, but you should also reconsider whether Su Yu deserves our full trust. It is incredible and unreasonable to leave everything behind and retreat to cultivate at such an important juncture!”

The gods chimed in one after another and poured out the long-suffering resentment in their hearts before acting separately on their respective tasks.

The All-Access Merchant God and Sheng Deity looked at each other with bitter smiles.

“Sheng Deity, what the gods said is reasonable. We were too dependent on Su Yu’s strategy. Along the way, he gave up, but we were passive. It is not a good thing in the long term.”

The Sheng Deity shared the same feeling and sighed. “Stop it. The war is imminent, and Su Yu is not allowed to continue cultivating any longer. Let’s go and find him now!”

The two gods glanced at the closed stone gate. The prohibition on it seemed like nothing to them, and they moved past it instantly.

The Black Phoenix sighed. “Hey, group of mediocre people, how can you all know the good intentions of the master?”

She did not stop them and let the two gods enter.

In the backroom, the All-Access Merchant God and the Sheng Deity saw Su Yu, who had been in retreat for over a month.

Compared to the past, Su Yu could now reach the peak of Vientiane and could always try to break through the realm of the dust fairy.

On the surface, a layer of dark magic faintly appeared, and the blood power of the devil and the God of Doom rolled in his body. Among them, the power of the devil occupied the vast majority of it.

Even more stunning was the fact that a pair of imaginary sharp corners had appeared on Su Yu’s head, and his face also showed some characteristics of the demons.

At first glance, the All-Access Merchant God and the Shang Deity were shocked, and the killing intentions in them suddenly started to rise. “Devil!”

Fortunately, Su Yu woke up at this moment, and the illusion on his body surface flashed away.

Looking at the two gods in front of him, Su Yu’s eyes were crystal clear. Before they could say anything, he asked, “Have the six deities in the land of the gods gathered together? Has the Pirate God shown any traces of rebellion?”

Ah? The All-Access Merchant God and the Sheng Deity were both shocked. “You know all about it?”

Su Yu had been in retreat the entire time. Even the black phoenix had not entered this room. How could he possibly know what had been happening in the outside world? He even knew about the rebellious act of the Pirate God?

“These are all predictable and are nothing to be fussed about,” Su Yu said calmly.

What? The Sheng Deity’s eyes flickered. “Did you deliberately let the situation develop this way?”

Su Yu laughed without saying a word, which meant yes.

“Su Yu, what do you want to do? You don’t want to sacrifice any gods in the land of the Gods, do you?” The Sheng Deity was desperate to slap Su Yu to the ground and search his soul to see what he was actually planning.

“Oh, what do I want to do? Won’t the Sheng Deity already know?” Su Yu smiled.

The All-Access Merchant God was surprised. “You really don’t plan to allow them to take refuge! Even the Pirate God...”

Su Yu sneered, “Let them take refuge here? Huh! Dare I ask the both of you; of all the nine deities in the land of the gods, which one is not full of sin?”

The All-Access Merchant God and the Sheng Deity were stunned. How were they full of sin? Any soul in the land of the gods could be described as sinful, and the nine gods were kings of sin.

The creatures of the Cavern World who had died at their hands, and even the creatures of the Great Eastern Alliance, could not be fully described in whole numbers!

Even the Pirate God who trusted plundered the Xing River region all year round. How many people had been killed by him? His hands were stained with the blood of half of the families in the Great Eastern Alliance.

“Welcome them and let them join the Alliance of 100 Deities, which means forgiving them for all their past sins? But what about those who died at their hands, and the families of the victims? What qualifications do we have to replace those who have died, those who have suffered? Will their family members forgive them? ”

“The answer is no!”

Uh...

The All-Access Merchant God looked at Su Yu, never thinking about it. Su Yu seemed to do whatever he had to do to get what he wanted. It was surprising to discover he actually had a bottom line.

In fact, they were also in conflict about allowing the nine gods to take refuge here. After all, they had been enemies for many years, and to have them identified as their own would be really difficult to accept.

However, for the sake of the bigger picture, they were not entirely unwilling to tolerate this.

Chapter 1192: The Great War Begins

Unexpectedly, Su Yu was concerned about were the victims. This made the All-Access Merchant God swell with emotion. He had not seen such a principled person with a clear bottom line for many years now.

The Sheng Deity's eyes softened and the color of love seemed to be revealed in them. She had always admired Su Yu but had always had the intention of keeping a distance. The junior with too many tricks can hardly love her.

Upon hearing Su Yu's words, she was impressed as a woman.

"A reincarnation of heaven and earth, good and evil will always be rewarded fairly. I never thought of forgiving them. What I want is to use their blood to wash away the sins of the past! I want them to disappear, even the God of Death. Accept the price that you deserve for your actions! "

Even the God of Death...

In addition to appealing to Su Yu's inner principles, there were also other advantages to exterminating them.

The Land of the Gods had been a disaster for many years, and it had already become a place that was a collection of blood and sin. It was difficult for them to change simply by making them seek refuge with the alliance.

They could join for a brief moment, but the sense of insecurity over their loyalty would always be there. The God of Doom had repeatedly betrayed the alliance and left spilled blood all over the ground every time.

Rather than guarding them after letting them join the alliance, it would be better to wipe them off the face of the earth and never suffer any troubles in the future.

"However, the Pirate God has sincerely devoted himself to us. If we then kill him, my Great Eastern Alliance is in the wrong and we will lose credibility in the Xing River region," the All-Access Merchant God said.

Su Yu said, "This is why it's not safe to recruit the rest of the gods. If we let them join the alliance and want to openly kill them, we will lose our only excuse!"

"Then the Pirate God is an exception?"

Su Yu said coldly, "Of course not, unless he refuses to betray us all the time. However, from my observation of him, the Pirate God is a man who is unwilling to move if there is no profit for him. He goes with the wind and has no stand on things. I did not move any troops in the last month. He is probably feeling very anxious now isn't he?"

The All-Access Merchant God and the Sheng Deity looked at each other, secretly surprised at Su Yu's extraordinary wisdom. They couldn't help but smile at the same time. "The anxiety is not only felt by the Pirate God. Even our gods are scared to death. If you do not come out now, I am afraid it will all be a mess. However, you're right. The Pirate God hasn't shown up this month, which means something."

Su Yu said, "Wait for us to deal him a fatal blow when he rebels!"

“What do we do now?” The All-Access Merchant God and the Sheng Deity had regained confidence in Su Yu.

Su Yu said lightly, “Keep your feet on the ground and do not move!”

Without waiting for the two to ask any more questions, Su Yu continued, “The six gods in the land of the gods have gathered in one place, but they have never started any trouble. There must be fears, and they should be fearing the God-Destroying Crossbows! If there are no accidents, when the crossbows appear is when they will start their attacks! And then, it will also be our time to strike! ”

Having received a clear response from Su Yu, the two gods felt reassured and said goodbye.

Before he left, the All-Access Merchant God turned back and said, “Su Yu, what techniques have you been practicing recently?”

Eh? Su Yu raised an eyebrow, hesitated, and spoke the truth. “It is the practice of the Demon Clan. For some reason, I can use the power of the blood of the Devil to cultivate.”

If it was someone else, he would have been arrested by the two gods and severely interrogated.

He had the blood of the Demon God and could practice the demon race skills. Didn’t this mean that he was from the original demon race? At the very least, he should be interrogated further.

However, this was Su Yu. The two gods exchanged a look and said, “Don’t do it in front of the others.”

They did not intend to investigate further.

Su Yu had won the trust of the two gods.

In another secret room.

Ah Da and Ah Er waited patiently outside.

“What’s the situation outside?” The calm voice of the Pirate God came out of the secret room.

Ah Da and Ah Er, who were around the Pirate God all year round, heard the impatience and anxiety in his tone.

“The army of the six major Cavern worlds have gathered together!”

“I asked about the gods of the Great Eastern Alliance; what actions have they taken?” the Pirate God asked, sounding even more disturbed.

Things had developed in a different way from what the Pirate God had expected. If he was still trusted by the God of Death, he would have already returned to the land of the gods when Su Yu did nothing in the first half of the month.

Now, it was just his faith in the God of Death that could give him a little peace of mind.

If the God of Death changed his mind and asked him to return, he would not accompany the people of the Great Eastern Alliance to fight against the entire land of the gods.

“The Luo Deity has their warships in position and is ready to launch, but the other gods remain motionless.”

The Pirate God shook his fist. Anxiety and anger appeared between his eyebrows. “Su Yu! What on earth do you want to do?”

“Send out my orders: keep a close watch on the Luo Deity! Destroy their warships as soon as it is necessary! No, destroy all warships in the port and never let them leave!”

What! Ah Da and Ah Er were taken aback. Was this the best way to break the agreement with the gods of the Great Eastern Alliance?

“Yes!” But the two did not dare to hesitate. To be honest, they secretly breathed a sigh of relief. If they really joined the Great Eastern Alliance, they were really worried that the gods of the alliance would seek to settle old accounts with them.

The atmosphere of the battle was getting heavier and heavier, and all beings could feel that an unprecedented war was about to erupt.

At the border, the Wolf Deity and six other gods, as well as the Book Deity, stood coldly at the border.

Once the war started, they would be the main force of this war. Of course, apart from them, there would be the big killing machine.

Now they were waiting for an opportunity to strike.

And Ah San was helping them put their plan into action!

In the Pirate God’s mansion in the land of the gods, there was a lot of tension. The gods of the Great Eastern Alliance were also feeling it.

They also felt the crisis was coming, and the gods in the land of the gods seemed to be waiting for the opportunity to strike.

“All-Access Merchant God, please order us to take action. Even if there is no Pirate God, we have nine gods here, and the other side, including the traitorous Book Deity, only has seven gods. We will be victorious in the battle between the gods!”

“Yeah, you can’t sit back and wait, otherwise the situation is going to be even more critical! The subordinates of the Pirate God have started to watch the Luo Deity at the port. It seems that once the situation is found to be unfavorable to him, he will cut off our retreat and attack us from behind!”

The All-Access Merchant God was calm and said, “You guys, please be calm and do not be restless. The two of us have personally asked Su Yu about his plan and now know about it.”

What's the plan? The gods subconsciously cast their inquiries. Although they questioned Su Yu's loyalty, they were still looking forward to seeing what he was planning.

"Stop and do not make a move!"

The words drifted into the ears of the gods. For a moment, they were stunned and then immediately became angry.

"All-Access Merchant God, are you sure you know what is happening outside? How critical is the situation today? How sure are you of the Pirate God swaying in his loyalty?" a fierce god asked impatiently as he exploded in temper.

The All-Access Merchant God nodded. "Su Yu knows everything, so let us stay still and do not move!"

What! The gods couldn't bear it anymore and were deeply angered. "All-Access Merchant God, as things stand, can you still rest your hope on this boy?"

"I... I'm really mad at him! It's already like this, but we still have to keep our guard up? Is he hoping to watch us all die here?"

"All-Access Merchant God, Sheng Deity, please forgive us for not being able to continue to sit like this and forgive the fact that we can no longer act according to plan!"

Suddenly, several gods got up, full of anger.

"We have to solve the problem of the land of the god in our own way, and I ask the two gods to inform Su Yu about the hidden dangers of the land of the gods. He doesn't need to worry anymore. We, the useless gods, will solve it!"

They were angry, and the gods were about to leave.

However, at this moment, the Pirate God suddenly appeared, with an ugly look on his face.

He glanced at everyone and then looked at the back room. In a deep and disturbing voice, he said, "Everyone, something terrible has happened. The nine God-Destroying Crossbows are missing!"

What? The gods preparing to go to the battlefield were shocked.

"Why didn't you notice it? Aren't the God-Destroying Crossbows under your protection?"

"Pirate God, make it clear! How did they disappear!"

If the God-Destroying Crossbows that could easily kill the gods were missing, had they really been stolen or was the Pirate God hiding them so that he can rebel and strike the Great Eastern Alliance from behind?

Only the All-Access Merchant God and Sheng Deity truly understood what was going on.

Su Yu was right again!

The God-Destroying Crossbows had disappeared!

The war was about to begin!

“My subordinate Ah San has always been valued by me and is responsible for protecting the God-Destroying Crossbows! However, just now when I suddenly felt that he left the Cavern World, I felt something was wrong. I went to check and found that the God-Destroying Crossbows were also missing!”

Several Alliance Gods distanced themselves from the Pirate God. There was no chance that they would believe the lie fabricated by the Pirate God.

“Are you really sure that the God-Destroying Crossbows were stolen and are not being used for another purpose?”

“Of course they are!”

A clear, long-lost voice appeared, answering the question for the Pirate God.

Su Yu!

In unison, the gods looked at the Secret Chamber. The chambers opened silently, and Su Yu stepped out.

The alliance gods were angry. “Hmph; you finally decide to appear! Lord Su Yu!”

“Hum, you said that the God-Destroying Crossbows have really been stolen. Is there any evidence?” one of the Alliance God said coldly.

Su Yu smiled slightly. “The gods in the land of the gods will give you evidence! I think they should be almost there.”

As soon as Su Yu finished speaking, the expressions of the other gods changed; they had felt that their enemies, the other seven gods, had already come to the border of the Pirate God’s Cavern world!

“The war has begun!” The Alliance Gods’ faces were gloomy. They all angrily glared at Su Yu who had delayed their opportune time to strike. They hurried to the border.

The Pirate God clenched his teeth, stomped his feet, and quickly hurried over.

The All-Access Merchant God and the Sheng Deity were excited and looked at Su Yu.

Su Yu nodded gently. “Let’s go! This war is not as simple as the land of the gods thinks it is!”

The chill in his words was felt by the All-Access Merchant God and the Sheng Deity.

The gods and creatures in the land of the Gods did not understand all. This battle was not one that would be merely won or lost, but a battle to destroy the land of the Gods.

Instantly, they moved to the border. The other seven enemy god were lined up in a row, each of them shining with light.

Among them, there was the Book Deity.

Chapter 1193: Nine Demons God Sealing Ring

It could be said that Su Yu had facilitated the alliance of the six deities to opposed the alliance gods together, and he was the one manipulating things behind the scenes.

There were seven gods on Su Yu's side, plus the Pirate God!

In addition, the All-Access Merchant God and the Sheng Deity were the best highly skilled masters in the Great Eastern Alliance. In contrast, the God of Death, ranked first, was unwilling to participate. In addition, the God of Doom, who was ranked second, had since fallen. The difference in the strength of the gods of the two sides was extremely large.

Because of this, the Pirate God dared to face the seven gods directly at the border.

"Alliance gods, hum, this time you successfully bought over the Pirate God. It's really hard to not admire you for that!" The Wolf Deity stared at the Pirate God with contempt.

As the leader of the gods, the All-Access Merchant God's demeanor was calm and he stood firm. "Here is the scourge of Xing River, which has already made him the target of public criticism. Now he is ordered to pursue two alliance traitors, and by the way, destroy them! Why not stop while you still can?"

"Well, you forgot the lessons of the past! How dare you speak such crazy words!" the Wolf Deity sneered. "Let's go together and attack the gods of the alliance! Let's teach them an unforgettable lesson!"

With a loud roar, the Wolf Deity took the lead and turned into a towering gigantic wolf.

Several gods behind him, including the Book Deity, also bravely fought their way forward.

The All-Access Merchant God glanced at Su Yu who nodded at him. He exhaled deeply. "Alliance Gods! Obey your orders! Kill the gods who are not profligate!"

"Kill them!" At that moment, the sound of killing was evident, and more than a dozen rays of god light were intertwined in one place. What burst out was colossal magical light that shocked the stars and rivers!

The scattered light of the gods ran through the heavens and the earth, crushing the barriers of Cavern Worlds and breaking up several Cavern Worlds.

With many Gods intertwined together, an unprecedented collision erupted!

Suddenly, Su Yu even saw the colliding gods, breaking from their meditation to come through the barrier and onto the infinite lands. Several broken chains were looming.

"That's..." Su Yu was startled. Wasn't that familiar chain the broken chain that was described in the Book of Enlightenment?

That was the Law of the Heavens!

However, everyone except Su Yu saw it, and only the Book Deity looked up. The rest were unaware of its significance. To them, it was as if no strange chain flash had ever been discovered.

“Is it only me and the Book Deity that can see this?” Su Yu was startled. He had only been able to find out about this through the Book of Enlightenment donated by Yun Yazi. Has the Book God also...

Breaking off from his thoughts, two people fell into a decisive battle.

God-level warfare was far from being something Su Yu was able to participate in. Su Yu did not even have the qualification to be aware of the fighting.

When the war began at the god level, the creatures below also started their war.

Dust Fairies, and the army below them, began to fight.

As far as the strength of the two sides was concerned, the army of the Pirate God was less than one-fifth of the other party. Once they started fighting, they were headed for defeat.

However, everyone knew that the real battlefield was the battle of the gods, and their victory would determine the final battle.

From the current situation, it seemed as though the gods on the alliance side had absolute crushing power.

Not only were the individual strengths stronger than those of their opponents, but they also held a huge advantage in terms of numbers. As soon as they brought down the Wolf Deity and the others, they were in a dominant position.

There were more than ten quasi-gods on the other side, far more than a Sheng Yuanxin, Black Phoenix, Ah Da, and Ah Er. However, they did not dare to act rashly in case one of the gods of the alliance come towards them. If that happened, they would easily be wiped out with just a few breaths.

The two sides fixed their eyes on the battlefield of the gods.

A seemingly short amount of time had passed. In fact, more than a dozen gods had engaged in thousands of rounds of battle.

Finally, with a muffled sound, the flesh of the Snake God from the land of the gods was penetrated by the Sheng Deity, and even his Great Divine Source Origin was broken up.

A god had fallen, along with his soul. Under the cooperation of the gods of the alliance, he was bombarded into smoke.

Upon successfully killing an enemy god, the morale of the alliance gods rose, and their offensive became even more fierce.

The Pirate God hesitated. It seemed that the alliance was more reliable.

“Don’t panic! Continue!” the Wolf Deity shouted. He was fighting hard against the All-Access Merchant God.

Although the Wolf Deity had used all his power, and his combat strength was commendable, he was simply no match for the All-Access Merchant God and was easily dispelled by him. More than 30% of his god's blood was destroyed, and he sustained heavy injuries.

The other gods from the land of the gods were also severely hit. Seeing the repeated failures, many began to realize that things did not bode well for them.

But instead of panicking, the Wolf Deity's eyes had a crazy look.

"It's coming soon! We will continue! Today is the day we destroy the Great Eastern Alliance!" The Alliance Gods were overjoyed by their advantageous situation. They had not expected that the horrible gods of the land of the gods were actually so weak.

"Hahaha! It's time to kill them all! I hate us for waiting for a month! It's a shame!"

Many alliance gods glanced at Su Yu and contempt appeared on the corners of their mouths.

In the world, force decided everything. Su Yu, a speculator who depended on strategy, was a small person who was not worth much in the end.

The situation gradually became clear. The gods of the Land of the Gods were fighting and retreating at the same time, and their defeat was extremely obvious.

The Alliance Gods were enthusiastic and excited. If they could annihilate the Land of the Gods, they would definitely be remembered in history and known throughout the galaxy. From then on, they would stand in the family of the gods and live forever.

However, Su Yu, who was always watching on the sidelines, saw the crux of the matter.

The enemy gods were not defeated and they had not retreated as much as they should have. While the Alliance Gods were addicted to their offensive, they had unknowingly followed them in their retreat and had entered the other Cavern World.

Su Yu watched the scene and immediately shouted, "Stop your chase and be careful! The gods of the alliance; quickly return!"

Although the All-Access Merchant God and Sheng Deity were also full of rage and wanted to continue on the offensive, they were still calm in their hearts. Upon hearing Su Yu's words, they immediately noticed that they had accidentally left the Pirate God's Cavern World and had entered the enemy 's Cavern World.

Once again reminded by Su Yu, without thinking, they immediately backed up.

The Pirate God was a good player who was careful in his actions, having sailed his ship for almost ten thousand years. He reacted even faster than the All-Access Merchant God and Sheng Deity and turned back.

However, what made the All-Access Merchant God and the Sheng Deity look somber was that the other Alliance gods, except for the Sword God who hesitated and gave up going for the god that was about to be killed, did not look at Su Yu and blatantly ignored him!

“Why don’t you all return quickly?” the Sheng Deity cried aloud, and her voice contained divine power to awaken them from the state of killing.

Alas, even with that, it was useless!

“Sheng Deity, why do you still listen to this ignorant kid! It is because of him that we have missed a great opportunity and are now in our present situation. Now that the major events are ahead and the situation is good for us, how can we let him hold us up?”

“Exactly! In fact, I have some doubts. Where exactly does the Feather God stand? Why does he repeatedly let the unscrupulous gods leave the Land of the Gods!”

“Hmph! Wait for us to kill off these gods, and we can torture Su Yu! We need to, at least once, to search his soul; this kid is simply too suspicious!”

Seeing that the enemy was going to succeed, Su Yu once again asked them to retreat. This really made them very angry.

“Stupid!” The Sheng Deity was anxious for them and was trying to rush over and pull them back one by one.

Just then, the Wolf Deity laughed. “They fell for it! Open the big killing machine!”

Buzz! Buzz!

Suddenly, the heavens and the earth roared, the barriers of the six Cavern worlds suddenly broke, and the earth shattered, with cracks leading all the way to the Xing River.

Under the continents connecting to the world of the six major Cavern Worlds, a huge black ring was hidden.

This ring, engraved with a line of demon characters, exuded amazing magic.

The Pirate God just looked at it. Stunned, he said, “It’s the Nine Demons God Sealing Ring!!!”

The gathering of the nine deities in the Land of the Gods was not without its foundation.

Here, they had found a broken imperial sacred artifact, the Nine Demons God Sealing Ring.

It was extremely large, large enough to build the nine Cavern Worlds on top of. The power released by the Nine Demons God Sealing Ring could also resist the invasion of wild animals, especially the invasion of god-level wild animals.

The existence of this object not a secret in the Land of the Gods, but at least five gods were needed to activate it.

The Pirate God did not think that they would use this thing, for the price was that it would bury an entire Cavern World. Who would want to sacrifice their own Cavern World...

Hey, wait! The God of Doom!

Wouldn’t the Cavern World he left be suitable for sacrifice and be capable of activating the Nine Demons God Sealing Ring?

Boom!

A loud noise roared in the galaxy, bursting suddenly.

The God of Doom's Cavern World was shattered into hundreds of millions of pieces without any warning. It returned to form a Great Source Divine Origin and was drawn into the Nine Demons God Sealing Ring.

The seals of the Nine Demons God Sealing Ring suddenly burst into a thick magical atmosphere.

It was so enchanting that it trapped several of the Alliance gods while the Wolf Deity and the others moved away instantly.

Finally, the Alliance Gods who were repeatedly on the offensive finally realized that they had been fooled!

Panicking, they tried to teleport back.

However, they were horrified to find that their magical powers had been cut off by the magic ring. They were unable to teleport back.

Divine power cannot be used, but what about the body of the god?

There was a scream of pain. When an Alliance God bumped into the magic ring or when he hit the black magic mist, his flesh immediately rotted away, leaving only the soul to hold on to his Great Source Divine Origin.

The remaining Alliance Gods who were also preparing to rush forward to attack the ring were frightened and retreated.

But what happened to them was even more shocking!

Thousands of magic crows turned into dense fog and flew towards the Alliance Gods like dark clouds.

The nearest Alliance God, who was too late to scream, started rotting away, and most of his spirits were corroded. If there were no other gods to pull him out in time, he would decay into ashes in an instant and then be destroyed.

Finally, fear and confusion took over their hearts, and they completely recovered from the mania they were in.

"All-Access Merchant God, Sheng Deity, save us!"

The All-Access Merchant God and the Sheng Deity looked extremely pale, and the Sword God was cold and sweaty. His complexion turned pale. If he had not hesitated for a while just now, that would have been the end of him.

He couldn't help but look at Su Yu, his eyes full of rejoicing but also full of anxiety.

The situation had now completely reversed!

The other six gods on the front line were facing death. They now only had four gods left!

From behind the enemy gods, nine crossbows emerged from the black hole, making the Sword God despair completely!

“God-Destroying Crossbows!!”

Chapter 1194: The Holy Demon Summoning

The expression of the Pirate God began to change!

The situation was changing rapidly, from the earlier one-sided situation to how things stood now.

The Pirate God stared with killer eyes at the familiar figure who was preparing to slowly launch the God-Destroying Crossbows. “Ah San! How dare you betray me! When have I ever treated you badly?”

Ah San smiled strangely. “The winner is the king and the loser is the dirt. You and I are pirates who kill people. What kind of kindness do we have? If you are dead, I take your place and bring forth a new generation of Pirate Gods. That is the reason.”

Mastering the nine God-Destroying Crossbows of extermination, Ah San seemed to be holding the winning ticket. He now faced the former Pirate God on equal terms.

Immediately, he glanced at the Sheng Deity. “Sheng Deity, if you surrender, deprive yourself of the Great Divine Source Origin and become my woman. I promise to keep you alive. If your daughter is willing to do so, both of you can follow me from now on and be my women. ”

Ah San had always held indiscriminate thoughts about the Sheng Deity.

The Sheng Deity’s white face was icy cold.

The All-Access Merchant God frowned deeply. The situation had developed too differently from what he had imagined. There were six other gods on the other side. Although they were all seriously injured, they had nine God-Destroying Crossbows. His entire team seemed likely to perish.

Chaos was terrible. They had seen it with their own eyes.

“Ah San, open the seal and talk about dealing with other matters later!” the Wolf Deity urged.

Ah San gazed at the Sheng Deity with pity and nostalgia. “Hey, why are you so persistent in ignoring me!”

Sighing, Ah San opened the seal.

All nine crossbows of the swarthy God-Destroying Crossbows were opened at the same time, and all the divine powers of Ah San were emptied in an instant.

Instantly, the chaotic breath that made countless creatures tremble permeated the area like a raging wind.

The Pirate God was desperate and there was no further hesitation in his eyes. A flash of fierceness flashed across them, and he rushed to the back of All-Access Merchant God. A palm was printed behind him, and he shouted: “This god is one of our people! Do not accidentally injure them!”

Boom!

The temporary mutiny of the Pirate God was quick and decisive, and his action was extremely potent.

This scene was witnessed by the Wolf Deity and the others. A glimmer of joy secretly emerged. Observing the general situation, the Pirate God returned to the Land of the Gods and gave the enemy their strongest opponent, the All-Access Merchant God.

However, the All-Access Merchant God had expected something like this. Just as he was about to be seriously injured, he moved Su Yu's side with a sneer on his face. "Su Yu was right. The Land of the Gods is indeed born out of sin. We desire peace."

The mutiny of the Pirate God proved how accurately Su Yu had judged the situation.

The Pirate God will betray them! The other gods from the Land of the Gods are by no means safe and secure as well. As long as the opportunity comes, they will stab each other in the back at any time.

The Pirate God couldn't make an attack, and his expression changed slightly once again. He immediately teleported next to the Wolf Deity, standing side by side with them. He was now the enemy of Su Yu and others.

"Now it is seven against three, and there are nine God-Destroying Crossbows. Gods of the Great Eastern Alliance, it's time to teach you another blood lesson! We will let you know about the ferocity of the Land of the Gods!" The Wolf Deity's mouth was buzzing with the intent to kill and had a tint of excitement.

Buzz! Buzz! Buzz!

The nine God-Destroying Crossbows trembled, and the terrifying beast roar, that could shatter Cavern Worlds, emerged.

All the gods in the Land of the Gods retreated, sneering and watching how these three gods would be bitten and eaten by Chaos.

At this moment of crisis, Su Yu did not panic. He brought together his palms, interlocking his five fingers as if seeking to cast some secret spell.

In his body, the amazing power of the devil rolled. Su Yu's body had a few characteristics of the Devil. From a distance, Su Yu seemed to originate from the Devil.

The surging demon power became stronger and stronger and above Su Yu's head, an unusually large array of runes began to appear. They were shining darkly.

Holy Demon Summoning!

The stronger the power of the demon, the more it could be used to summon spirits.

For this reason, during his month of retreat, Su Yu had entered the 100th floor of the Tower of Wuta. From the body of the demon gods held by the dust fairies, almost half of the blood of the demon god was taken out. All of it was refined into his body through the Nine Dragons carved in the Divine.

With sufficient demon power, Su Yu could summon even more powerful demons.

Staring at the God-Destroying Crossbows, Su Yu smiled with a hint of unpredictability.

Chaos was the spirit pet of the old Demon Emperor. If the mystery of the Demon Emperor was discovered, would they continue to obey the agreement to help outsiders, or were they afraid of the devil emperor who raised them?

The answer was obvious.

Roar!

Suddenly, the roar of the nine Chaos Beasts of the God-Destroying Crossbows suddenly doubled and was superimposed.

The stack of roars directly flattened the Pirate God's Cavern World. The world collapsed and the galaxy poured backward. Beasts flowed in and out. After merely a few breaths of effort from the beasts, the Pirate God's Cavern World was on the verge of destruction.

"What's going on..." Ah San instinctively felt that something was wrong. The stronger the roar, the more excited Chaos was.

But the excitement in front of him was not like the excitement of eating people in the past. It seemed that they were in another mental state.

The Wolf Deity and others didn't realize it and sneered. "It seems that Chaos can't wait to eat you, huh, huh! I haven't seen such a wonderful picture for a long time. The gods of the Great Eastern Alliance, your end today is destined to be. The alliance will always, however, be remembered. Haha haha..."

The other gods also laughed. It was as if the big picture had been set and everything was cast in stone.

Roar!

At last, with a terrifying roar, nine heads rushed out, leaving a ferocious and wild atmosphere behind.

The All-Access Merchant God, the Sheng Deity, and Sheng Yuanxin all had an expression of panic on their faces. In their hearts, they were secretly wondering exactly what Su Yu's backup strategy was? Why was it not yet on display?

"Retreat first!" The Sheng Deity grabbed Sheng Yuanxin and worked with All-Access Merchant God Shangshen to quickly retreat from the area.

The All-Access Merchant God also grabbed Su Yu. "You follow us as well."

However, Chaos noticed his actions, and its body flickered. They suddenly moved towards Su Yu, and the nine beast heads bit fiercely at the All-Access Merchant God.

The All-Access Merchant God was terrified, and his powers were being drained away. However, if it hit the air, it would directly penetrate the chaotic body without harming them.

Chaos became more and more fierce and kept trying to bite the All-Access Merchant God, wanting to tear him into pieces on the spot.

The Sheng Deity was anxious. "All-Access Merchant God!"

The gods from the other side were sneering like they were watching a wonderful show. Staring at the scene, they could not let their eyes look away. They want to see how the All-Access Merchant God, the second-ranked god of the Great Eastern Alliance, would be eaten away, bit by a bit.

“Stop it.” There was a command that was not too loud, not too heavy, and came out lightly.

The face of the gods on the other side suddenly became stiff, and an incredible scene appeared. Chaos immediately stopped its attack on the All-Access Merchant God, just like a dog who heard an order from its owner. It ran to Su Yu excitedly, turning around, and stopped.

Su Yu smiled, stroking their heads one by one. Through their brutal bloody faces and their terrible reputation, Chaos now showed a very enjoyable expression. It lay quietly at Su Yu’s feet, and its mouth made a comfortable humming tone.

As for the rune formation above Su Yu’s head, no demon creatures were called upon.

This was because the summoned creatures of the demon were here.

The All-Access Merchant God had almost died and his face paled slightly. The Sheng Deity was too scared to be able to move as well.

Only Sheng Yuanxin stared suspiciously at Su Yu and said, “*sshole! Why didn’t you say it earlier!” What had just happened truly scared her.

However, staring at Chaos behaving just like a dog and obeying Su Yu’s commands, she was surprised and happy.

The All-Access Merchant God and the Sheng Deity also showed deep joy across their faces.

It turned out that this was the strategy that Su Yu had prepared for the war.

To destroy the God-Destroying Crossbows!

As for the main backbone of the land of the gods, the Pirate God had also temporarily rebelled against them because of their terrible existence. Alas, in turn, he had become their source of dependence.

Su Yu looked at the gods on the other side and said indifferently, “Did you not want to see a wonderful picture of Chaos eating people? Just look at how wonderful it is while he goes after others? Let’s say, won’t It be much better to see how you become the food in his mouth instead. Really, how about it? Would you agree to what I just said? ”

Dong!

The hearts of the six gods seemed to be being drummed, and they were getting hit hard.

Their stiff faces, accompanied by Su Yu’s killer eyes, and Chaos turning its head, revealing greedy and excited eyes staring at them, created boundless fear in them!

Even the Wolf Deity, who was seemingly full of self-confidence earlier, also took in a gulp of cold air, his heart trembling.

The Pirate God was even more frightened. How could this be happening?

Isn't Su Yu's biggest backer the God of Death? But the God of Death had not been out of the mountain for a long time, and now he had the courage to rebel.

It turned out that he was relying on Chaos the beast!

Roar!

Nine loud roars shook the sky. Like a tiger who escaped an iron cage, Chaos rushed toward the gods in the Land of the Gods.

The gods were already wounded. How would they be able to deal with the terrible Chaos?

They did not seek to take part in this battle, and their faces changed drastically. They all sought to escape immediately.

Alas, they had merely fled a short while before a deity was smashed and had his soul thrown to the ground and torn to pieces by Chaos.

The other five gods were all caught and entangled by Chaos.

The All-Access Merchant God and the Sheng Deity looked at each other, and the Sheng Deity left to protect Su Yu the "leader." The All-Access Merchant God sneered with icy frost across his face, much like his soul leaving his body. Every palm can seriously hurt any god in flight and make them no longer able to resist. They are soon buried in the mouth of Chaos.

In the blink of an eye, three gods fell.

Blood flowed out and filled the land. Sadness filled the air and the entire Land of the Gods was raining with blood. It was a spectacular scene indeed.

Then, another one fell.

"Master Feather God, I was wrong! I urge you to let me stay with you again and make me do whatever you want!" the Pirate God said as he was surrounded by three chaotic beasts. He was filled with infinite remorse. Why had he not stuck with this side; the opportunity had been there for him!

Su Yu did not speak but shot the Chaos Beast a few glances. They darted up fiercely, devouring the Pirate God completely.

The fifth god fell, and the Pirate God's Cavern World was on the verge of destruction. It also began to rain there.

Then, it was the turn of the Wolf Deity.

The All-Access Merchant God displayed great magical powers, and the Wolf Deity was unable to cope with it. He was repeatedly severely injured and vomited blood. His blood and soul were severely injured by the All-Access Merchant God and more than half was gone.

"Book Deity! Come quick and help me out!" the Wolf Deity roared and looked at the Book Deity. For some reason, everyone was chased and bitten by the Chaos Beast, but it turned a blind eye to the Book Deity.

Roar!

As he was distracted, Chaos rushed up and tore his body in two. The other chaotic beasts rushed over from the battlefield and joined in, devouring his body completely. His spirit was eaten ruthlessly and cruelly by them, amidst struggles and frequent screams.

Chapter 1195: The Book God's Surprise

Finally, as Su Yu had wished, he saw the wonderful sight of the Chaos Beast tearing up souls.

When the sky calmed down, the pungent blood seemed to last and linger in the air.

With the death of the gods from the Land of the Gods and the ruined Cavern World of the God of Doom, the other seven Cavern Worlds were all covered in blood rain.

Seven gods fell at the same time, causing a flood of blood rain to occur. It flooded the earth and caused souls to be extinguished.

Without Su Yu acting, the Cavern Worlds would perish. Even if there were some strong people there, they would have to ask Su Yu's permission to escape.

Chaos was circling Su Yu excitedly. Then, the beasts looked up at the array.

Although they are not directly summoned by the formation method, they were used by Su Yu and would be transmitted back to the demon world.

Su Yu touched their heads and said, "I hope we'll see you again."

However, he secretly knew that, in a short time, there would be no chance of ever seeing them again.

The blood of the Glittering Jewel Demonic God was used by Su Yu and about half was long gone. However, he had barely been able to summon the beast. It had only worked because of their close range.

In the future, unless they were face to face again, even the real Demon Emperor might not be able to summon them.

Soon after, the formation light flickered, teleporting the nine Chaos Beasts back to the demon world.

The war was coming to an end, and the Sheng Deity also put her heart down and came to the Nine Demons God Sealing Ring. After studying for a long time to understand the principle of this broken Emperor's holy artifact, she took a fiery red bun from her hair. It seemed ordinary and was shaped like a tree branch.

The Sheng Deity held the bun in her hand and nailed it into the Nine Demons God Sealing Ring. An astonishing scene appeared. The holy artifact was forcibly stopped.

Su Yu was shocked to see this. It was quite unusual for the top gods of the Great Eastern Alliance to possess the Holy Artifacts, and it was the first time that he had seen this.

This hairpin was not an aggressive holy artifact, and its ranking amongst all artifacts are rather low. However, when used, its effects were simply powerful.

"Can you forcibly interrupt the magic of the holy artifacts?" Su Yu was lost in thought.

The Nine Demons God Sealing Ring was removed and the devil crows scattered away. The Alliance Gods who had been caught in it came out bitterly.

Most of their flesh was destroyed and their souls had also suffered varying degrees of damage. Even some of their Great Source Divine Origin had serious problems. If they could hold onto their godly thrones, their divine power would be greatly weakened and they would no longer be as powerful.

“Thanks to the Sheng Deity!”

“Thank you Sheng Deity.”

The Sheng Deity’s face was frosty, and she stared coldly at them. “You should thank the Feather God the most! If it wasn’t for him keeping something up his sleeve, your actions would have been enough to make us all perish!”

She showed no mercy and did not mince her words. “Who said that Su Yu was an ignorant kid, who said that Su Yu was from the Land of the Gods, and who said that he would be tortured after the war? You don’t need to be named one by one. All of you come out on your own accord and apologize to the Feather God!”

She was really angry, The situation had been going well for her side, yet it was completely destroyed by them and they fell into the trap. If Su Yu had not stayed in retreat for a month and secretly prepared this, no one could have imagined what would have happened instead! The sky could now be sobbing with alliance blood instead!

The gods were reprimanded, and they turned red. They had not been reprimanded for so many years, and now they could not say anything.

“Feather God... I... No...” Several gods came forward in shame and apologized one by one.

Su Yu interrupted them and waved his hand. “The gods don’t have to do this. I am only a junior. After all, I failed to resolve the misunderstanding in time.”

Upon him saying this, the gods felt even more ashamed.

Su Yu had stayed in retreat for a month; hadn’t he been trying to prepare a backup plan after all? On the other hand, they had complained a lot without understanding Su Yu’s good intentions.

Now, not only did Su Yu not blame them, but he took responsibility himself. His high moral standards made them turn redder, and they were further in awe of him.

Previously, they saw Su Yu as a pretend god. To be honest, it was difficult to develop a sense of identity towards him as being one of their peers.

After all that had just happened, that had changed.

“Feather God, I will never say no to anything you ask of the Alliance in the future!”

“Me too! The salvation of my life today shall be rewarded, and the Feather God is the benefactor to me, the Mountain God!”

“Feather God, our Cavern Worlds are next to each other. I happen to have a beautiful and well-behaved granddaughter who inherits my traits. It’s better for her to marry you. How about marriage between you and me to become a time-honored family?”

“Well well, weird hawk, you’re here trying to dig a hole for others again. Your granddaughter is as fierce as Mother Yasha. My granddaughter is better! Feather God, I won’t say anything else, but my granddaughter is all yours to look after in the future.”

“Hey! Your granddaughter has a crooked mouth and a squint, and you actually dare to compare her with my baby?”

“Hey! What are you doing?”

“I speak the truth and you are lying?”

“You try again?”

“Try it!”

“Talk cr*p again and I will hit you!”

“Cut it out! Cut it out! I’ll hit you too!”

Su Yu started sweating.

The All-Access Merchant God returned, holding a book. His face was slightly dimmed. “The Book Deity is indeed cheating again! He did not go to the battlefield but used a book as an incarnation to deceive the gods of the Land of the Gods. ”

Hearing this, the arguing gods calmed down and said, “This damn Book Deity is really deceitful! To think that he can run away again!”

“Run away? That may not be so!” Su Yu smiled deeply. “Let’s go! Everyone will watch a good show of killing out of love for me.”

On the bookshelf of the Wolf Deity’s Mansion, a book floated down and turned into a human.

The person frowned slightly. “Unexpectedly, even this was unable to stop Su Yu and the Alliance Gods!”

“I can no longer stay in the Land of the Gods. Let me enter the demon world first,” the Book God said indifferently.

However, he merely finished speaking when out of nowhere, a brutal and cold sneer was audible. “The demon world? Perhaps the underworld is more suitable for you!”

A black god with a vicious expression appeared.

“Rakshasa Deity? I thought you’d been killed!” Even the usually calm Book Deity was now taken aback!

The Rakshasa Deity sneered and said, “You are very disappointed to see me, aren’t you, Book God!”

The Rakshasa Deity opened his shirt to show a nine-color mark on his chest. It was the mark of the nine gods condensed together. With this mark, the nine gods could control the death of the Rakshasa Deity.

They had also tried to use this mark on the God of Doom. Unfortunately, the God of Doom sought to end things his own way.

“The Alliance God actually saved your life so you could deal with me?” the Book Deity said. He never expected that the Alliance Gods would anticipate this and would control the Rakshasa Deity to do their bidding. Su Yu must be behind this!

With such a watertight arrangement, the Book Deity finally saw Su Yu as an equal opponent who was no less wise than him.

The Book Deity said, “Rakshasa Deity, listen to me. I did not intend to use you. If you listen to my instructions, I will be able to dissolve the mark. After all, I am the Book Deity and have mastered all the knowledge in the world. There is nothing that I cannot do! ”

He did not know whether it was okay for him to say this. Just then, the imprint on Rakshasa’s chest flickered fiercely, the sign of an impending attack.

The Rakshasa Deity laughed up at the sky, and there was pity and sympathy in the laughter. “Book God, Book God, you have no idea what kind of existence you are fighting with! He even anticipates what you will say at this moment. Here! Once you say such a thing, the mark will open immediately! Even if I don’t want to die, I will have to die! ”

What? The Book Deity’s expression changed slightly. To think that his own words were actually the key to activate the mark!

This... What the hell is Su Yu? Where is he actually from?

“Book God, you have done so much wrong to me. I cannot kill Su Yu for revenge, but I can kill you for revenge!” The Rakshasa Deity’s eyes were blood red. “Don’t ask me if I’d like to be used by Su Yu. I only know that I can at least kill one of my enemies! ”

Ah! With a roar, the Rakshasa Deity struck.

The Book Deity was known for his wisdom. His strength was not all that high, and it was unlikely for him to be the fourth-ranked Rakshasa Deity’s rival.

With a blow, the Book Deity was beaten until he was spitting blood.

He continued to fight, and the Book Deity exploded physically. He was in a state of collapse.

The Book Deity’s typically cool and calm demeanor had disappeared.

He had nothing with him but wisdom, and he could use that to defeat his enemies thousands of miles away, but there was no use for it in close combat.

He gritted his teeth and threw out a book, and the pages flew open. Suddenly, there was a dense source of power. It came from the All-Access Merchant God, Sheng Deity, Sword God, and even that of the Daikini.

Although not as powerful as the powers that the deity uses, it contained more than half of the same amount of power. In addition, the sheer number of them was able to block him from the Rakshasa Deity.

“Using the many god powers stolen from the treasure house of the Book Deity? Huh! You are only left with this hand to play, I presume!” the Rakshasa Deity sneered. He did not care for the obstacles in front of him, breaking them one by one and quickly approaching the Book Deity with every step.

In the end, even the Daikini was shattered by the Rakshasa Deity.

“Book Deity, accompany me to hell!” the Rakshasa Deity sneered and the nine-color mark on his chest twirled rapidly. The power in Rakshasa’s body seemed to be ignited and quickly boiled.

The Book Deity’s face changed drastically. This was the god’s self-explosion. He compressed his divine power to one point and suddenly erupted, forming an unparalleled explosion with great killing power.

Unless his divine power is higher than Rakshasa Deity’s, he could not be spared.

The Book Deity was far from being comparable to the Rakshasa Deity in terms of divine power.

Boom!

God Lights burst through, forming a wave of destructive radiation, sweeping through the Wolf Deity’s Cavern World and turning all the creatures along the way into dust.

The entire Wolf Deity Cavern World was drowned in a golden yellow light, and the world that was already on the verge of collapse was completely reduced to ruins.

“Ahem ...”

However, in the ruins of the Wolf Deity’s Mansion, a tortured middle-aged man emerged and the surface of his body appeared, one after another, with pieces of broken books.

Every book is a Cavern World.

At the critical moment of the explosion, the Book God destroyed hundreds of books in the Cavern Worlds, only to successfully block the power of self-detonation.

Even so, all the Cavern Worlds he had were close to full destruction. In addition, all the precious secrets stored in them were completely destroyed.

The gloomy look on the Book Deity’s face was unprecedented. He had always plotted against others, but today he had been plotted against by a young man in his early twenties till he was utterly spent.

“Su Yu! I will kill you!” He growled lowly, and the Book Deity’s eyes burned with deep hatred.

“Oh, I’m afraid you won’t realize it until your next life.”

The nine gods of light flashed at the same time, and the gods of the alliance, with Su Yu in the center, surrounded him in a semicircle, trapping the Book God in the middle.

Chapter 1196: The Princess of the Demon Clan

The Book Deity suddenly looked up and met Su Yu’s eyes. He was smiling.

The Book Deity’s heart sank fiercely!

The All-Access Merchant God, Sheng Deity, Sword God and the others looked at Su Yu, who was very different to how he had been in the past, and couldn’t help sighing. They couldn’t imagine that a gentleman who had all that wisdom would end up like this.

Alas, they had no intention of showing mercy.

“Book God, look at your ties with your former alliance and do it yourself,” the All-Access Merchant God said indifferently.

The Book Deity looked up at the nine gods, knowing that there was nowhere to run, and said with a grin on his face, “You won! I am the Book God, but I was defeated at your hands. Su Yu, I am unwilling to admit defeat.”

If Su Yu came to the Great Eastern Alliance ten years later, the Book God would have given all the secrets of the gods he collected to the Demon Clan. The Great Eastern Alliance would have been destroyed long ago, and he would have become the hero of the Demon Clan!

What a pity. After Su Yu came to the Great Eastern Alliance, everything went in the worst direction, even today.

The gods did not speak, staring coldly at the Book Deity waiting for him to decide.

Su Yu frowned slightly. “You guys, let’s do it. The Book God is deceitful! Don’t let him play tricks to escape!”

The gods glanced at each other and finally looked at All-Access Merchant God. He sighed and said coldly, “Fine. I can also send you on your way. To die by my sword is also worthy.”

“Hahaha ... Alliance gods, didn’t you hear that when the mantis catches the cicada, the sparrow is waiting behind?” A familiar woman’s voice fell into their ears.

Su Yu’s face changed slightly, and he suddenly looked back. Looming white hair appeared.

“Glittering Jewel Mortal Fairy!”

The All-Access Merchant God and Sheng Deity frowned. “Devil Clan!”

The huge Nine Demons God Sealing Ring was floating around. It approached the white-haired shadow.

“Hum, a mere Glittering Jewel Mortal Fairy of the Demon Clan, how dare you to show up in front of me!” The Sword God’s face was cold, and the sword behind him turned into a ray of divine light, which penetrated through the sky and stabbed the Glittering Jewel Mortal Fairy through the chest.

What was strange was that the Nine Demons God Sealing Ring actually seemed to protect her, and created a magical force on its own, blocking the sword light.

“This... you haven’t sacrificed souls! How can you control the Nine Demons God Sealing Ring?” Finally, the Alliance God found an anomaly.

The Wolf Deity and the others launched this damaged emperor’s holy weapon but sacrificed the God of Doom’s Cavern world to do so. Now, the world they were in was already broken and no sacrifice was available. Alas, there was nothing they could do, and the Glittering Jewel Mortal Fairy knew it.

The Glittering Jewel Mortal Fairy’s eyes were cold and grim. “Hahaha, do you still need to say anything more? The Nine Demons God Sealing Ring belongs to my demon tribe. Otherwise, the original deities of the original Land of the Gods would have been incredibly lucky to simply find this thing and use it as a foundation to build a Land of the Gods?”

It turned out that the establishment of the Land of the Gods also had the shadow of the demons.

“So what? You, a mere Glittering Jewel Mortal Fairy from the Demon Clan chose not to hide but to show up here instead when you saw the Alliance Gods!” The Sheng Deity was very cold. Spinning a red bun in her palm, she went forward to strike.

As an emperor’s holy artifact, her hairpin could forcibly terminate the operation of other emperor’s holy artifacts.

If they could break through the magic ring, their opponent was a mere Glittering Jewel Mortal Fairy, who they could kill merely with their will.

However, the flying bun was suddenly intercepted by a god light.

It was a snow-white palm, just like that of a human, but without color. It was pale, much like a piece of paper. It revealed some gloom on it.

The palm of the hand lightly grasped the bun and then appeared physically.

“Devil gods!” The Sheng Deity was startled.

Su Yu looked intently. His pupils also shrank slightly.

Unlike the Alliance gods, they were covered with divine light all year-round. However, for the Demon Clan, it manifested directly in themselves.

It was a handsome young man with pale features.

His skin, hair, and eyebrows were all pale, with only a pair of eyeballs, shining brightly like red gemstones.

The pale man, with a calm temperament and graceful movements, lightly grasped the bun and smiled calmly. "The Holy Artifacts of the Royal Road, the inheritance of the Holy Artifacts of the Holy World. Yes, it can be given to the Rosy Clouds Fairy Concubine. That will be very suitable."

The pale man put the bun into his arms, turned his head and looked calmly at Su Yu and the others. He was still smiling slightly at the corner of his mouth.

Rosy Clouds Fairy Concubine? Su Yu was shocked in his heart. Tian Jizi had confessed two last wishes to Su Yu, of which one of them was to pass on the message to the Yunxia Fairy.

Rosy Clouds Fairy Concubine, Yunxia Fairy, were they the same person?

For the first time, Su Yu couldn't help paying attention to find out more.

But what was even more important were the pale demons that suddenly appeared.

This person's skin color was extremely strange. His body was no different from the human race.

The Demon God! Where had he come from? Why was there no sign of his arrival?

"My holy artifact!" The face of the Sheng Deity changed, and she wanted to snatch it back but was held back by the All-Access Merchant God. He didn't know when the look on his face became extremely ugly, and it was no better than when he was bitten by Chaos earlier.

He looked at the angry face of the Sheng Deity. The All-Access Merchant God stared firmly at the pale youth. "Don't act rashly. He is the seventh son of the Demon Emperor, and you are no match for him."

Son of the Demon Emperor? The Alliance Gods took a deep breath. The power of the Demon Emperor was like the shadow covering the hearts of the gods, said to be the strongest in the Xing River.

His sons were said to be extremely brave.

The seventh prince was one of them. Although he was not the most powerful prince among the princes, he was strong enough to rank in the top three. From the perspective of his previous attacks, his strength was equivalent to that of the Daikini.

If they really engaged in battle, the Sheng Deity couldn't possibly have an easy time.

"Oh? Are you the All-Access Merchant God?" The seventh prince smiled lightly. "I've heard of you," he said quietly. "The second-ranked god of the Great Eastern Alliance. I have known of you for a long time. I didn't expect to meet you here."

All-Access Merchant God took a breath. "I didn't expect to meet the son of the Demon Emperor in the Land of the Gods!"

He had finally managed to wipe out the Land of the Gods only for the demon prince to appear.

The seventh prince replied with a negative tone. "Oh, you are uninvited here, and you have destroyed the Land of the Gods. I simply cannot ignore it."

Suddenly a flash of killing intent arose.

The All-Access Merchant God stared even harder at the light and said, "Luo Deity, go immediately to the port to find available warships and instruct the other gods to attack together. Don't leave behind any effort!"

The identity of the Seventh Prince of the Demon Clan had really scared them. The Luo Deity went to the port without saying a word. Now, they did not know whether what they had just experienced, the destruction of the Cavern World, was such a good thing.

The seventh prince smiled slightly, raised his hand, and a pale breath penetrated the nothingness like a sharp edge and went straight to Luo Deity.

The Luo Deity foresaw the danger behind him. His sleeve robes waved repeatedly. Three imitation emperor's holy artifacts appeared in the shape of three small tripods, and the incoming pale breath was reversed. The three tripods were superimposed, and this breath was easily suppressed.

With a buffer from the attack, Luo Deity took the opportunity to teleport.

However, the overlapping little tripod suddenly snapped, creating black cracks which turned into a pale blade that moved at a rapid speed, cutting Luo Deity's waist.

"Be careful!" The All-Access Merchant God gave a loud scream and together with the Sheng Deity, worked to teleport the pale blade away.

The seventh prince struck one blow, but the All-Access Merchant God and the Sheng Deity gave no less than 30% of their strength!

The two had an ugly look on their faces; the seventh prince was stronger than rumored!

"Attack together!" The All-Access Merchant God gave the order and the six gods rushed over to attack together.

Suddenly, the gods collided again.

The difference was that now, it was a god of the Demon Clan against all eight alliance gods.

The invisible battle frightened the Xing River region. It was already torn apart and was in a state of utter collapse. It could no longer bear the battle between the gods.

Rumble!

With a boundlessness roar, the Land of the Gods was completely shattered and reduced to nothing, except for the Cavern world of the God of Death.

"Hehe, it's interesting." The seventh prince laughed a long time. He was not afraid but instead was trembling with excitement over the battle. Fighting eight gods alone, his strength was comparable.

The Alliance Gods were getting more scared the more they fought. His power was terrifying!

If they were not together, they would not be able to survive at this person's hands.

Fortunately, a message arrived from Luo Deity. They had found a warship large enough for all of them, including Su Yu and Sheng Yuanxin, two juniors who could not cross the Xing River to board the ship.

After receiving the information, the eight deities started to beat a retreat and headed to the port. As long as they waited for the battleship to arrive, it was like they were heading back to safety.

In the Xing River, even the gods couldn't teleport, and their speed was not as good as the God Bone ship.

In addition, they were not opponents of the Seven Prince.

And they always had doubts in their heart – where did he come from?

The seventh prince was not in a hurry to chase them. He did not seem worried that they would escape.

Soon after, the battlefields of the two sides moved to the port, where the Luo Deity already had a battleship waiting for the gods.

The All-Access Merchant God's eyes lit up. He was about to order everyone to board the ship quickly. Suddenly, the huge Nine Demons God Sealing Ring sent out some strong magic of the demon breath, and a large vortex was formed inside the devil ring. The center of the whirlpool led to a certain dark area. It was as if the magic ring had the ability to teleport through both worlds.

The Glittering Jewel Mortal Fairy stared at Su Yu with a smile. "If you are in the Alliance, I can't help it, but when you come to the Land of the Gods, it is really a dead-end for you!"

Boom!

Another shocking demon god power erupted. The source was within the central vortex of the Nine Demon God Sealing Ring.

A whisper of coquettish laughter sounded. "Seventh brother, it seems that you alone have the strength but not the will to strike."

A slender girl with purple hair and green eyes floated slowly out of the vortex.

The young girl had fair skin, green eyes, and bright, delicate and exquisite facial features. Dressed in a black skirt, she appeared more mysterious and noble than ever.

When they first saw this woman, they thought that she was from the human race. If she didn't say that she was the daughter of the Demon Emperor, no one would believe that such a beautiful purple-haired girl could be from the notorious Demon Clan.

"Sixth Princess!" The pupils of the All-Access Merchant God shrank fiercely and there was a look of horror on his face. "The abandoned Emperor's holy artifact is actually a giant teleportation array!"

This thing must have been deliberately arranged by the demons. It was convenient for the royal tribe of the demons to teleport at any time.

When necessary, they could immediately use this holy artifact and induce the gods to work for them.

Although the strength of the sixth princess was not as high as that of the seventh prince, she was also a powerful god who was equivalent in strength to the Daikini.

The seventh prince himself could suppress them so that they could hardly breathe. Now, adding on the sixth princess...

“Oh? If you want to go, that won’t work. You ruined the Land of the Gods. My father is very angry, and I must take you back for questioning and punishment,” the sixth princess said and smiled sweetly.

However, in the next moment, with a cool look on her face, they were all teleported from the battlefield.

Chapter 1197: The Demon Prince and Princess Strikes

What?

Suddenly, an Alliance God was attacked and his body destroyed, leaving only his spirit to escape back to the ship.

The gods could not resist the combined force of the prince and princess of the Demon Clan.

Scrutinizing the situation, the All-Access Merchant God yelled, “You go first! I’ll hold them off!”

Any delay and none of them would live. If they sacrificed him, he could still fight for a short time. Even if his end is certain, it would be even more terrible if they were all to die.

But as the second leader of the alliance, the All-Access Merchant God has been mentally prepared for this day.

The Sheng Deity clenched her silver teeth and said, “Follow me!”

The rest of the gods showed perseverance and sorrow and gradually withdrew from the battlefield and flew off towards the god bone ship.

The seventh prince’s face was dull, and the sixth princess was smiling. “It’s great,” she laughed. “It’s no wonder that you have been able to fight against the demons in the galaxy for so many years. Alas, you may not be able to fight for much longer.”

A cold light flashed, and the blood of the sixth princess condensed into that of half black and half gold. It turned into a black and white mist shadow and instantly hit the chest of All-Access Merchant God.

Half a liter of yellow blood burst into the chest of All-Access Merchant God as he was struck. Suddenly, the All-Access Merchant God’s body was sprayed with a thick smog of Demon breath and his eyes gradually changed color. Sharp angles appeared on the top of his head. These things were actually signs of becoming a demon.

“They are going to transform me into a demon! Sheng Deity, after returning, tell the Alliance Gods that I, the All-Access Merchant God have disappointed all of you!” All-Access Merchant God smiled sorrowfully. As the Demon Royal Family, they possessed the special ability to turn other gods into demons.

Although the strength of the god will fall to the mid-to-late stage of the quasi-gods after being transformed, many gods have been transformed in this way since ancient times.

After the transformation, the gods would be loyal to those who transformed them and become the enemy of the alliance.

This was something that All-Access Merchant God absolutely could not tolerate. With a grin, the divine power in his body boiled before he could be transformed by the power of the Demon God.

The sixth princess's lips were wet, and she was a little angry. "You simply do not know what is good for you! That was enough to ruin your God Source Divine Origin, and you still chose not to work for me! Huh!"

The seventh prince laughed without saying a word and did not stop the self-detonation of the All-Access Merchant God.

Unless he was willing to stop, it would be difficult for outsiders to stop him.

"All-Access Merchant God!" Onboard the ship, the Sheng Deity and others issued a sad cry.

Life and death parted too suddenly, too thoroughly, and they were unprepared.

These dangerous places, such as the Land of the Gods, had been successfully destroyed, but at the last moment, they had lost the All-Access Merchant God!

"Don't worry about me! Go, as I hold them back by my detonation!" the All-Access Merchant God shouted, and the spirit in his body boiled to the extreme.

But just then, a silhouette of the ship soared into the sky, flew behind the All-Access Merchant God, reached behind him with a palm and said, "Stop quickly, the demonization is not irreversible!"

The All-Access Merchant God was stunned and said, "Su Yu, you are crazy! Go back to the ship and leave immediately!"

Even if Su Yu said that demonization is irreversible, it was impossible to defeat the two members of the royal family in front of you!

"Hey, it's not the last step, why sacrifice yourself?" Su Yu's Milky Way Star Sand had now been able to absorb the power of the god level.

The blood of the sixth princess was naturally in this column.

"Oh!" The Sixth princess did not care much about someone of the Vientiane level, but she was surprised to find that the blood of All-Access Merchant God was actually separated, and the demonized All-Access Merchant God returned to its original state.

The seventh prince lightly said, "This human race is actually interesting. Okay, the All-Access Merchant God shall be given to the Emperor, and this human race kid will be demonized by me."

"No! I've changed my mind and want him too!" The sixth princess's bright green pupils blinked.

Even the All-Access Merchant God couldn't reverse their demonization. They could truly see Su Yu's value. They were ranked above the All-Access Merchant God, and the sixth princess was not stupid.

“Let’s see who gets him first.” The seventh prince chuckled. With a phantom teleport he moved towards Su Yu, but a collision was heard midway through his move. It was the sixth princess who intercepted him. She then grabbed Su Yu as she let out a peal of cunning laughter.

The Seventh Prince did not want to be outdone and intercepted her in the air.

The prince and the princess had originally come to arrest them but were instead scrambling to catch Su Yu.

Taking advantage of this opportunity, the All-Access Merchant God’s eyes turned, and Su Yu was teleported to the ship.

When the Sheng Deity saw this, she immediately steered the warship to slide into the galaxy.

The seventh prince and sixth princess had to stop.

“Hmph, I shall get rid of these flies before arguing with you!” The sixth princess hummed, her face turned cold, and she instantly moved towards the warship.

The seventh prince nodded and immediately teleported to the warship as well.

Alas, they had failed to escape after all. The warship had become a battlefield while facing these two terrible beings.

“Presumably it is useless to persuade you to surrender. In that case, I shall abolish your god status before we talk about it any further!” the sixth princess sneered, and the battle began.

The seventh prince also nodded his head and immediately boarded the warship.

The two of them joined forces to slaughter them; it would be easy enough!

In the critical moment, Su Yu frowned and mumbled quietly, “God of Death, do not wait any longer. What are you waiting for?”

There was a vaguely uncomfortable feeling of depression.

The seventh prince and sixth princess couldn’t help but stop and with a dignified expression, said. “God of Death?”

With a ray of compassion, a monk stepped out with his palms held together and stared at the warship.

“Seventh Prince and sixth princess of the Demon World, can you let the gods save face and let them go?” The God of Death spoke gently.

The seventh prince stared at the God of Death without speaking, and the sixth princess raised her eyebrows. “God of Death, you are the guardian of the Land of the Gods. Not only did you watch the Land of the Gods get destroyed, but also you are helping them escape! Do you want to be the enemy of the Demon Clan? ”

The God of Death was still aloof and indifferent. “Sixth Princess, I have a deal with them, and they cannot die before the transaction is completed.”

Transaction? The seventh prince and sixth princess frowned deeply.

The transaction of the God of Death was a famous promise. Once the transaction is reached, even if the price is high, the God of Death will execute it regardless of anything.

Even if they are the demon princes and princesses, even if it was the Demon Emperor himself, they may not be able to change the mind of the God of Death.

Both the All-Access Merchant God and the Sheng Deity flashed their eyes; transaction? When did they strike a deal with the God of Death?

It must be Su Yu!

They recalled that when they were destroying the Land of the Gods, the most terrible God of Death had been standing on the sidelines. They knew there must have been a reason.

But what did Su Yu trade with the God of Death?

The eyes of the sixth princess flashed and she nodded softly. “Okay, since the God of Death has come forward, we will not make it difficult for anyone anymore. We will leave!”

The seventh prince and the sixth princess returned to the Nine Demons God Sealing Ring side by side, jumped into the vortex, and left the realm.

Upon watching them leave, the gods of the alliance breathed a sigh of relief, but the mood was still tense.

They had sent away two members of the Demon Royal Family, but in front of them was the terrible God of Death!

He was second only to the Demon Emperor – the god of the world!

In the end, what kind of deal had Su Yu done with the God of Death, so much so that the God of Death did not hesitate to sit in the ruins of the gods and watch them destroy the evil world?

“Don’t forget your trade,” the God of Death said indifferently and turned back to his Cavern world.

The All-Access Merchant God and the Sheng Deity were secretly surprised. Wasn’t the action of the God of Death coming to protect them the deal?

“Su Yu, in the end, what kind of transaction did you reach with the God of Death? He did not hesitate to intervene at such a great price. Is your previous transaction with him unusually huge?” the All-Access Merchant God asked.

Su Yu bowed his head. “Yes, the transaction is huge and amazing. Once I say it, I will immediately become the public enemy of the Great Eastern Alliance, but I believe that I did nothing wrong!”

After such a torturous experience, which of the gods present now would ever distrust Su Yu?

“But it doesn’t matter if you tell us, we will support you!” the All-Access Merchant God said. He believed that Su Yu would not do anything detrimental to the alliance.

Su Yu took a breath and said, “Our transaction is...”

Suddenly at this moment, a sudden explosion of magical energy broke out of the Nine Demons God Sealing Ring, and the breath of the seventh prince and sixth princess disappeared.

Two strong figures with a thunderbolt quickly descended, caught Su Yu together, and instantly returned to the Nine Demons God Sealing Ring.

Everything happened instantaneously. The All-Access Merchant God and the others were powerless to respond. Only the person who was captured would have had any sense of what was happening.

On the Nine Demons God Sealing Ring, the figures of the seventh prince and the sixth princess flashed around, but they immediately jumped into the vortex without any hesitation.

At this moment, Su Yu only heard a groan and saw a boundless palm with dense god light, covering the sky and the sun. It moved across the sky and shone on the Nine Demons God Sealing Ring.

The expressions on the faces of the seventh prince and the sixth princess changed their faces and as they worked together to deflect it.

However, as soon as they made contact, the two were horrified. Under the might of the giant palm, the two of them were easily injured like children.

Seeing that they would be crushed by the God of Death under this palm, suddenly, another mighty and powerful god on the shore burst out of the whirlpool.

What accompanied it was a ray of indifference. "God of Death, don't you put the emperor in your sights when you attack his babies?"

Boom!

The two collided, and a powerful and unparalleled shock erupted as if even time and space were ever more chaotic.

In the invisible fight of the gods, clear flashes of broken chains were audible. It was the Law of the Heavens!

And the fight between the two set off an entire chain reaction!

The vortex in the center of the Nine Demon God Sealing Ring also changed drastically. It suddenly multiplied a hundredfold and swallowed everything nearby.

Including the Glittering Jewel Mortal Fairy, and even more, the Book Deity!

The God of Death appeared, and the color of compassion disappeared from his face, replaced with dignity. He was staring at the closed center of the vortex and said, "The law of space has changed, and Su Yu has been transmitted to the Demon World!"

In his opinion, if Su Yu fell into the hands of the seventh prince and sixth princess, it may be a blessing among the misfortune. If he fell in the wilderness instead, that would be a horrible death!

When the All-Access Merchant God and the Sheng Deity came over, the Nine Demons God Sealing Ring had stopped working, and Su Yu was swallowed into it.

"He... he fell into the Demon World!" The Sheng Deity's face was pale, and Sheng Yuanxin could not help but sob uncontrollably.

A non-demon creature had entered the Demon World. Who could say what would happen next to him next?

The creatures of the Demon World will eat him without hesitation because the Demon World was such a terrible and ferocious dark place.

Chapter 1198: Falling into the Demon Realm

Su Yu did not know how much time had passed. He suffered the huge shock of the upheaval of space law and then fainted.

In his unconscious state, Su Yu vaguely felt an anxious urging, and at the same time, intense pressure came from within his chest.

In the midst of the confusion, Su Yu opened his eyes, and the Milky Way Star Sand transformed by the Crane Deity anxiously reminded Su Yu to quickly wake up.

“Master, wake up quickly! Your physical body can no longer bear it!”

Only then did Su Yu discover that the other half of his body was unconscious!

He glanced sideways and was shocked to find that the other half of his body was gone!

He relied on the Milky Way Star Sand to release the Power of Life and repair his body quickly.

But he had only repaired his body when a black tide came in and drowned the other half of his body. What followed was the experience of boundless pain as half of the body submerged by the tide was immediately corroded!

Su Yu had a clever thought. After his body was repaired, he would immediately soar up and get away from the terrible black tide.

Just then, Su Yu finally realized that he was in front of a black ocean.

The entire sea was endless and full of dark seawater which exuded an excruciating stretch of rot.

If Su Yu had fallen into the corrosive ocean, he would have died silently!

After thinking about it, Su Yu was shocked and broke out in a cold sweat. Where was this? What was this black ocean in front of him?

He did not have time to think carefully. Two arrogant breaths came quickly from behind the mainland.

Looking into the distance, Su Yu could see that there were two demons of tall stature with white hair and purple lips.

The cultivation of the two people, without exception, had reached the peak dust fairy level!

“Devil? This is... the Devil Realm!” Su Yu murmured. For a moment, he could not believe his own guess.

He recalled that before the upheaval of the law of space, the seventh prince and the sixth princess had captured him and had thrown him into the vortex of the Nine Demons God Sealing Ring. Su Yu was now more certain than ever that he had fallen into the Devil Realm!!

Also, due to the confusion of the law of space, Su Yu, who should have been caught by them, was teleported to an unfamiliar area.

He didn't know if he was lucky, or if he was unfortunate.

However, Su Yu could find out the reality of his situation from the two demons that had just appeared.

"It's a creature from a foreign race!" The two demons came over to him quickly, surprised.

"Why did he appear in the bitter sea?"

"Is he a slave that has run away from some master?"

The two demons talked in the language of the demons and looked at Su Yu menacingly.

"Catch him, take him back to the city, and give him to the Lord of the city. Huh, things will not end well for a slave who dared to escape!"

"That... If I may ask the two demon brothers, I have just landed here; I need to ask you some questions, and I hope that you can give me some advice."

The demons on the left smirked. "Is this a lunatic?"

Chant!

As soon as the chanting was done, Su Yu shot a golden arrow from his palm and nailed his body to the ground.

The demon on the right side was shocked. Alas, before he could return the strike, he was pierced through the body by the silver sword with nine silver handles and was also nailed to the ground.

The two peak level Dust Fairies were stunned. Who is this opponent, of a mere Vientiane cultivation level? However, they were easily subdued by him.

"Really, it's good for you to be obedient. Alas, you have to lie down to be honest with me." Su Yu shook his head without any ambiguity in his words.

"Is this the Demon World?" Su Yu asked.

The two demons were stunned once more. It was like someone was having breakfast, and suddenly a stranger asked is this earth?

They nodded blankly, and they looked at him as if they were looking at an alien. "Yes, here is the Demon World, um, the Demon Realm."

"Where is the Demon Realm? What is the black ocean in front of me?"

He really is an alien!

"This is the eastern city-state under the domination of the Ninth Princess. The border of Wanghai City is also within the border of the Demon Realm! The Sea of Bitterness is part of the Devil World and also the border of the Demon Realm."

“Specifically, what is the origin of the bitter sea, how big is it, and what is on the other side?” Su Yu had fallen into the demon world, naturally, he must find a way to leave as soon as possible.

“Uh...” The two looked at each other but realized that they were talking to an alien and they were slightly relieved.

“The Sea of Bitterness has existed since the birth of the Demon World. The waters of the Sea of Bitterness cannot be resisted by the gods. Ships made of any material cannot float in the Sea of Bitterness, and they will be corroded immediately. A prohibition in the air means that even gods cannot fly and teleport over the bitter sea! As for the other side, the princess has never known what lies there, and we are even more ignorant. ”

To think that such a place still exists?

According to logic, the Demon World was also a Cavern World, but just a very huge Cavern World. Since he was in a Cavern World, how could such a bitter sea exist?

“Oh, if it is the first demon emperor, he should know. After all, he is the only holy demon.”

Holy demon? Su Yu heard this name for the second time, and he had practiced the “Sacred Demon Summon” which spoke of this name.

Could it be that the holy demon is the first demon emperor?

Since this world was created by the holy demon, he should also know it about the origins of this bitter sea. However, why did he not inform the future generations about it?

Well, since the other side is way out of the Demon Realm, Su Yu would need to ask more questions.

“Well, do you know how to leave the Demon Realm?”

“Leave? Apart from the Devil Realm, is there any other place in the world?” The two demons were stunned once more.

Wait wait! They didn’t know that there was a wider galaxy beyond the Devil Realm?

How big is the Demon Realm?

“Well, who is your leader? Where is he?”

“Our leader is the Carefree Demon Master, one of the 81 Lords under Seawatch City. He is responsible for managing nearby villages and towns. He is a very powerful Lord.”

If you wanted to find out how to leave the Demon Realm, you would have to find a more advanced Demon.

However, Su Yu also knew that in his current identity, he was afraid that he would immediately stir the Demon Clan to attack him.

He thought for a moment. A drop of half gold and black blood appeared on his palm. This was the essence of the sixth princess.

If it was inserted into his body, he would be demonized and join the Demon Clan and would stay forever loyal to the sixth princess.

He thought for a moment, and then Su Yu broke the magic blood and inserted it into himself.

Suddenly, Su Yu's appearance changed dramatically. A pair of dark sharp corners appeared on his forehead. His face changed slightly as well. His lips became purple, and his pupils became reddish.

With the Milky Way Star Sand, Su Yu could easily control the degree of the transformation of the god blood in his body and could also separate the magic blood at any time. Thus, it would not really turn Su Yu into a demon, let alone transform him into a slave to the sixth princess.

Su Yu's demon characteristics were not obvious, and demons of this type were numerous. He was a demon that had transformed from an alien race.

Such demons were the vast majority of individuals living in the Demon Realm, and there were very few pure demons. They accounted for less than one percent of the population. They were the real masters of the Demon Realm and held supreme positions of power.

Therefore, such changes were normal here.

In fact, if Su Yu completely controlled the blood of the gods and retained his human form, he would now be a member of the royal family with the breath of the royal blood!

The sixth princess did look completely human!

However, even fools can see that there was a problem when the members of the royal family appeared in such a marginal place.

Therefore, it was more appropriate to pretend to be an ordinary demon.

The two demons were stunned and couldn't believe it as they watched Su Yu's transformation.

When they transformed from non-demon creatures, they experienced a painful process for decades, but the person in front of them...

"It is the blood of the royal family! He... he is a servant of the royal family!" The two demons finally came to their senses.

Su Yu smiled lightly. "Next, I will trouble the both of you to lead the way and take me to see your Lord."

The two demons had no choice but to agree.

Mumble!

As Su Yu was preparing to set off, he heard the sound of water blistering and turned to look at the bitter sea behind him.

In the bitter sea, he saw a huge pillar that was slowly stretched out. It was a thousand feet thick, rising from the bitter sea, straight through the sky. To that end, it reached as high as ten thousand feet!

How could such a pillar appear in the bitter sea?

“Didn’t you say that no materials can withstand the erosion of the bitter sea? What is that?” Su Yu asked.

The two demons were recovering from their injuries. Su Yu reminded them to look at the bitter sea. They looked around at random, however, what they saw made their two souls fly away.

“Ah! It’s a giant of the bitter sea! Run away!” The two demons were scared and turned away to run.

Eh? Although Su Yu didn’t know what the giant of the bitter sea was, the reactions of the two demons told him that it must be a terrible thing!

He did not hesitate. Su Yu was faster and flew away further than them in a flash.

After he escaped far enough away, Su Yu turned his head and looked behind him. The scene also shocked him.

It was not one pillar, but a whole collection of five of them!

It was no pillar; it was clearly the fingers of a hand! There was two hundred thousand feet of palm skin on that!

The one that was exposed from the sea before was just a bar higher than the other four fingers!

With the bitter sea tossing and separating, the huge palm slammed forward, and the entire sea was split into two, revealing the bottom of the sea tens of millions of feet deep.

Suddenly, Su Yu could see a giant standing at the bottom of the sea. It made Su Yu take a deep breath!

The palm of his hand was 200,000 feet, and his entire body was as high as 2 million feet! !!

Su Yu vowed that for the first time in his life, he had never before seen such a huge creature!

It was a human-like creature, covered with black scale armor with black long hair scattered all over and covering the face. Only a pair of gray eyes were visible, though, in them, there was no sign of vitality.

But, those pale eyes were moving, sweeping past the two dust fairies behind and looking at Su Yu.

He saw the giant open his huge mouth and took a deep breath.

Suddenly, the monstrous suction force made the mainland collapse.

The two peak dust fairies were closer to the giant and were experiencing hundreds of times more powerful suction than Su Yu. They were sucked into the giant’s mouth in a roar.

Chew! Chew!

The giant chewed and made a very annoying oozing sound from his mouth.

Su Yu's hair on his arms stood up! Taking advantage of the giant's momentary pause, he summoned the Tree Goddess immediately. "Go!"

"Well, what's wrong. You ask a woman like me to come out and then to go immediately, I..." The Tree Goddess chattered, but when she glanced at the huge giant behind him, she let out some cool air. "This... this is ..."

It was as if the Tree Goddess knew who the giant in front of her was. Her face was deathly pale.

Chapter 1199: The Holy Chain

"The Giant of the Bitter Sea!" The Tree Goddess's face was pale, and her eyes were filled with fear. "Go! Run!"

She grabbed Su Yu by the hand and teleported. With the power of the Tree Goddess, Su Yu might not be able to cross the entire Demon World, but it was more than enough to leave the bitter sea.

As the Tree Goddess launched the teleportation, the gray eyes of the giant in the sea of bitterness emitted gray light, covering the earth. The Tree Goddess was also shrouded in it.

She was full of divine power. Alas, without warning, she was blocked, and the teleportation was forcibly interrupted!

The beast was strong and able to interrupt her teleportation as if he was swiping a flying maggot. His speed was also extremely fast.

Cling Clang!

A metal sound rang out, and Su Yu turned his head. His pupils shrank as he saw that the huge giant had removed the black chain tied around its waist. It was so thick that it was soaked entirely by the bitter sea. Nevertheless, no signs of corrosion showed on it, showing that this object was an extraordinary item indeed.

The giant looked at the Tree God and came towards her with the chain in his hands.

Immediately, a mighty divine light came forth. It was as if it was from a mighty army. It created the illusion and idea that there was no way to run away from it.

Centering on the Tree Goddess, more than hundreds of thousands of square feet of air suddenly froze. The chains filled the space.

Soon, the chain suddenly tightened.

The Tree Goddess pushed Su Yu away with a smirk. "It's over. This time, it's over!!"

Cling Clang!

He had enveloped them with a 100,000-square-foot chain. Suddenly, it was tightened, entwining the waist of the Tree God.

The Tree Goddess has pushed Su Yu away; if she had not, they would have been entangled together.

"The deity is here!" As the Tree Goddess closed her eyes, her exquisite body was full of energy. She quickly grew into a thick ancient tree and kept expanding. Quickly her bark was a few million feet thick. This was all witnessed by Su Yu for the first time.

However, the pitch-black chain wrapped around her waist also expanded as her body swelled.

The Giant of the Bitter Sea grabbed the ancient tree with one hand, turned around, and walked deep into the bitter sea.

The Tree Goddess had a root system that covered half of an entire Cavern world. However, it was simply uprooted by the giant and gradually moved to the bitter sea.

Although the ancient tree continuously exuded its divine power and firmly tried to grasp the mainland, for the giant of the bitter sea, that was no obstacle. Even the mainland was taken up and also headed for the deep bitter sea.

In a way, the majestic sight was breathtaking.

A bitter voice came from the ancient tree. “Su Yu, I can’t do it. Since ancient times, whoever was caught by the Giant of the Bitter Sea has been unable to escape! I really hate the fact that I haven’t even got a single artifact from you even though you have so many! I am so indignant about that!”

At that moment, Su Yu couldn’t laugh at all.

Swoosh!

There were nine silver swords behind them. The swords began to chop down the chains. The sound of metal against metal could be heard, but no crack appeared on the chains.

Instead, it was the blade of the Heavenly Orchid Silver Bamboo that showed signs of corrosion.

“Don’t waste your efforts! The chains of the Giant of the Bitter Sea is the holy artifact of the imperial family. Your weapon is nothing to it.” The Tree Goddess had been dragged to the seashore and was about to be drawn into the bitter sea.

The water of the bitter sea was a place in which the gods could not stay for too long.

The giant had even eaten two demons alive. Would the Tree Goddess encounter a similar situation after being towed away?

Retracting the silver bamboo sword, Su Yu gritted his teeth and flew forward to use the Five Elements Mountain. He exerted the power of the Five Elements to the fullest extent and slammed it down on the giant.

Dang!

The black chain trembled, and there were signs of looseness.

The giant seemed to feel that the chain in his hand was slipping. He turned his head indifferently, glancing around.

He only heard a loud noise. The Tree Goddess was in great pain due to the chain that was embedded in her body.

“Don’t work any harder and waste your energy. Go quickly, there is too much movement here. There must be... strong ones who will rush in.” In pain, the Tree Goddess urged Su Yu to get away, and her voice was intermittently getting softer.

Su Yu didn’t speak, but he was anxious.

From the moment they had become acquaintances to the present was not a long period of time but it was not short either. The Tree Goddess had been able to leave Su Yu at any time, but she had always been with him.

He couldn't watch her being eaten alive.

Holding the Five Elements Mountain in his hand, Su Yu clenched his teeth and charged forward again.

The violent collision caused the water of the bitter sea on the chain to tremble, and it splashed onto Su Yu's body. It instantly rotted his body, with bloody holes emerging one after another. Even his bones were visible.

Hiss!

Su Yu was in pain, and he sucked in cool air for some relief. Although the eternal heart released the power of life to repair his physical damage quickly, the pain lasted forever to him.

Stubbornly enduring the pain, Su Yu was unwilling to stop. He continued to smash forward and his body was partly rotted by the water of the bitter sea every time. His whole body was covered in blood and rotting flesh.

The huge tree crown of the sapling Tree Goddess moved gently. As she watched the scene unfold before her, it was as if she could once again see the younger Su Yu who was weak but who had tried to help her take out the evil earlier in the year.

He was persistent but helpless.

"Su Yu..." Due to the pain, the Tree Goddess spoke softly. Her gentle voice was filled with grace, a sense of appreciation, and emotion. "Thank you... for letting me live a few more years, and finally let me meet you. I am very happy. "

Although she was a giant tree, Su Yu seemed to be able to see her smile. A fresh and beautiful girl in a blue skirt, bid farewell to him amidst a smile and crystal tears.

As she spoke, her huge body was finally dragged into the bitter sea, and it began to rot quickly from the roots upwards.

The Tree Goddess shook her branches in pain, and her entire body continued to dim, but Su Yu could feel those eyes staring intently at him. "I said... you broke the realm of the dust fairy, and I will give you a gift... Now it seems that I can only give it to you in advance... Well, it's not too late."

From the torso of the Tree Goddess, the glory of the size of a rice ball flew out and landed in front of Su Yu.

Su Yu's heart trembled. "This is... your heritage item!"

Generally speaking, the inheritance of the gods could only be passed on before their death, because there is only one person that can be the same deity.

If two who sat on the same throne appeared at the same time, it would certainly weaken the strength of each other's deities.

She was leaving behind her last words.

Perhaps the gift was not as she would have intended it to be, but this was now the case.

Su Yu felt a sense of inexplicable anger. He was used to seeing too much life and death, and after too many helpless deaths, he would not allow similar things to happen again.

“Who allows you to make your own claim? Who agrees with you? Your life was saved by me! You can only die if I let you die!” Su Yu roared, and his eyes burst through with time, space, and soul.

“Adjust Space and Time!”

Suddenly, the Tree Goddess was drawn into a different time and space.

The Giant of the Bitter Sea leaned back, no longer able to pull the Tree Goddess who had been behind him.

Of course, he couldn’t pull her anymore unless he could pull the entirety of time and space! !!

Splash!

In a different time and space, the Tree Goddess’s body turned back into a girl, and her crystal eyes flashed with inward light as if she was laughing and crying at the same time.

“If I had met a friend who was just like you before, who risked everything to save me, I wouldn’t have been crucified for thousands of years.”

Su Yu frowned. “Let’s stop talking nonsense! It doesn’t take long to start a different time and space, and you must be rescued as soon as possible!”

She shook her head lightly, large clear tears on her beautiful cheeks. “It’s useless! Once the chain of the Giant of the Bitter Sea entangles someone, the god can’t break free. You should leave quickly. I now know that there is a person who would do so much to save me; I can die contented.”

“Hmph!” Su Yu ignored her and thought about it carefully.

The Five Elements Mountain had smashed it dozens of times, but the chain was not broken and there weren’t even any traces of damage on it.

Forcibly unlocking the chain will not work. How else could he save the Tree Goddess?

Su Yu was anxious. He was always smart, but why did there now seem to be nothing that he could do.

The Tree Goddess smiled, her tears still flowing. She stepped forward gently and stroked Su Yu’s cheek as she softly said, “I’m gone, take care ...”

The alternate time and space were crumbling, and she would soon be dragged into the bitter sea once more.

But just then, Su Yu’s mind flashed with a thought.

You can’t change the present, but you can change the past!

If he could return to the moment when the Tree Goddess had been caught, maybe he could change her destiny!

Boom!

The alternate time and space was broken, and Su Yu launched another time and space movement. That had not been done for a long time!

The eternal heart continued to radiate powerful vitality, which was enough to continue back in time and space.

Su Yu's heart was beating fast as time really started to flow backward!

He went from this moment, back to when the tree transformed into a towering giant tree.

From that moment, he went back to when it was entangled by the chain.

But what sunk Su Yu's heart was the fact that everything was going backward except the Giant of the Bitter Sea and the chain. It was as if they were affected by time and space, and the giant was still firmly pulling the Tree God.

Time and space also seemed to be stuck. In any case, they could not go back to the moment before the Tree God was trapped.

At the same time, the Giant of the Bitter Sea finally locked his eyes on Su Yu and made an incomprehensible noise.

Su Yu was proficient in the languages of many ethnic groups, but he didn't know which language was being spoken by the Giant of the Bitter Sea.

But none of this mattered.

"I don't believe it!" Su Yu roared, and the eternal heart moved to its limit, releasing an extremely powerful life force.

Suddenly, time and space flowed again and finally turned back a little.

The chain that bound the Tree Goddess's waist gradually loosened, though only by a trace that was as thin as the thread of cocoon.

The Giant of the Bitter Sea roared. He pulled hard on the chain and opposed time and space but still failed to resist the trend of loosening chains.

Soon, the chains wrapped around the body of the Tree Goddess were completely loose.

Su Yu whispered, "What are you waiting for? Get out of here!"

The Tree Goddess looked at Su Yu, looked at his sweaty head, looked at his desire to use everything till the point of being overloaded but still able to reverse time and space. She had a strange feeling in her heart. It was warm and she was grateful. All kinds of emotions filled her heart and now she had a strange new sense of understanding of Su Yu.

With her heart pounding, the Tree God jumped out of the chain as obediently as a little girl.

But as soon as she got away, they were both shrouded in an invisible force from the chains.

The Tree Goddess bit her lip tightly. "This is useless! Unless a chain is entangled with a god, it will not stop, Su Yu, I ..."

Su Yu ignored her, and with a thought, the demon body of a dust fairy of the Wuta Tower was summoned.

“Don’t you like to eat? I’ll give you the eggshells to eat!” Su Yu threw the demon’s body into the chain and it was immediately entangled by it.

The blood of the dust fairy demon had been completely drained by Su Yu, and its Great Divine Source Origin had also been taken away. Only an empty shell was left.

The chain had entangled a deity and stopped targeting Su Yu and the Tree Goddess.

With a bang, the chain was dragged into the bitter sea by the Giant of the Bitter Sea.

It found that the prey it had caught had been replaced, and the Giant of the Bitter Sea roared towards the sky. The roar shook the demon world.

He shattered the demon’s body with one hand and threw the chain out again.

However, the Tree Goddess and Su Yu had already taken advantage of the delay caused by the chain dragging away the demon shell to escape.

As he looked at Seawatch City, a pure-blooded, burly and dark-skinned demon with a stern face and a sharp head suddenly opened his eyes.

“The roar of the Giant of the Bitter Sea? What is it that makes the giant so crazy?” The demon god revealed surprise and dread, and a little fear. “If the Giant of the Bitter Sea can become so crazy, what happens if you land on the earth...”

When he thought of that, the demon felt cold.

Giant of the Bitter Sea, the nightmare of the demon world!

A nightmare that any life that existed feared. Once a life stared at him, no god could be spared, not even the devil!

A demon emperor had once been dragged into the depths of the bitter sea by the Giant of the Bitter Sea!

However, the Giant of the Bitter Sea would not easily go ashore unless provoked.

The last time it had happened was a thousand years ago!

The previous owner of Seawatch City, his predecessor, had also been dragged away by the Giant of the Bitter Sea.

The demon god burst into a cold sweat. “No! The ninth princess must be notified. Only the latest refining magic weapon of the Demon Royal Family can stop the Giant of the Bitter Sea!”

Huff! Puff!

It was unclear how far they had come.

The Tree Goddess and Su Yu stood on a mountain. Their faces were pale.

It took a lot of energy to escape from the Giant of the Bitter Sea.

Su Yu has a lingering thought in his heart. "Tree Goddess, where did the Giant of the Bitter Sea come from? It is too terrible a creature!"

Chapter 1200: The Giant Who Went Ashore

When Su Yu looked at the Tree Goddess, he found she was looking at him lovingly. Hearing his question, the Tree Goddess said softly, "I have no idea about the Giant of the Bitter Sea's background! Different kinds of giants can be found in different bitter seas. And they are also at different strength levels. The giant we met just now was just a middle-level or low-level one. If we encountered a high-level giant, it would have been impossible for us to escape from its chain!"

"What? Are there more giants of the Bitter Sea?"

"That's Right! Each bitter sea only has one Giant! However, there are other bitter seas outside the Realm of Demons! I know of several other bitter seas!"

Did it mean the Bitter Sea in the Realm of Demons is only one of many bitter seas?

"Then, how was the Bitter Sea formed? The water in the Bitter Sea could even erode gods! I don't think they were created by deities!"

"Public opinion differs about the origin of the bitter seas! I also have no idea about where they come from!"

Really?

"There is only one giant in such a vast sea! How did we encounter it by chance?"

"I guess it was attracted to us by the abrupt change of the space rules!"

So, that was the answer!

"Since we are safe now, the inheritance could be obtained by the Tree Goddess!" Su Yu said as he pointed at the area between his eyebrows.

The Tree Goddess shook her head. Her face was even paler than before. Then, she said, "It is not necessary! It will not influence me unless you can prove you are the Tree God!"

"You have to take care of yourself in future. I will not be able to help you for some time!" the Tree Goddess said. Her face was as pale as a piece of paper.

What? Su Yu looked carefully at the Tree Goddess and found she was quite weak now. The divine energy in her body was chaotic.

Her slim body started to tremble slightly as if she was enduring a painful sensation.

Suddenly, Su Yu found her waist was bleeding and he could see water from the Bitter Sea in her blood.

"The water of the Bitter Sea has infiltrated your body!" Su Yu shouted in surprise. He knew the chain had been strapped into her body just now.

The Tree Goddess was tottering. As if she was not able to put up with the pain anymore, she feebly said, "I... am OK! I need some time to get rid of the water of the Bitter Sea in my body. Maybe I will go into a deep sleep!"

"Let me take out the water of the Bitter Sea for you!" Su Yu placed his palms on the Tree Goddess's back. Then, faint starlight went into her body.

However, it was very difficult to take out the water of the Bitter Sea with the Milky Way Star Sand.

Just then, the Crane Deity's voice came into Su Yu's mind. "The water of the Bitter Sea is more powerful than any divine strength. Unless you can control the Milky Way Star Sand completely, you will not be able to take out the water of the Bitter Sea with it!"

Su Yu was quite disappointed to hear that. He knew the Tree God was not able to purify the Evil Fatal Energy. That was what was making her sleep heavily!

It was impossible for her to deal with the water of the Bitter Sea which was more formidable than the Evil Fatal Energy! It was likely that she would die during her deep sleep!

The Tree Goddess was trying to console Su Yu!

The next moment, the Tree Goddess fell into Su Yu's arms. Then, she fell into a deep sleep as her body was wrapped up in a green halo.

If Su Yu couldn't find a way to take out the water of the Bitter Sea in her body, the Tree Goddess might die in her sleep!

Does that mean I have to control the Milky Way Star Sand completely? Su Yu murmured in his heart as he looked at the Milky Way Star Sand in his palm.

Tian Jizi had assigned two tasks to Su Yu. He had accomplished the first task by killing the Blood Emperor.

He still needed to send Tian Jizi's message to the Rosy Clouds Fairy Maiden!

However, he hadn't found the Rosy Clouds Fairy Maiden in the Great Eastern Alliance. How could he find her in such a short time?

Wait!

Su Yu remembered the Rosy Clouds Fairy Concubine mentioned by the Seventh Prince.

Could this woman be the Rosy Clouds Fairy Maiden?

After pondering it for a while, Su Yu thought to himself, "I came to the Demon Realm with difficulty. So, before leaving here, I have to find that so-called Rosy Clouds Fairy Concubine for the Tree Goddess and the second task of Tian Jizi!"

Su Yu placed the Tree Goddess into the Nine Jade Spiritual Pearl and asked Sheng Ge to take care of her. Then, Su Yu started to dash towards the Carefree Demon Master according to the directions given by those two demons.

As one of the 81 Demon Masters under the jurisdiction of the Seawatch City Master, the Carefree Demon Master controlled the area where Su Yu was.

This Demon Master would be the only one who might know where the Rosy Clouds Fairy Concubine and the entrance of the Demon Realm were.

On his way, Su Yu passed through several villages of the Demon Clan secretly. He tried to avoid unnecessary communication with those demons. To do otherwise might result in a great deal of trouble.

In this way, Su Yu had been dashing towards the Carefree Demon Master for two weeks. However, he would need another two weeks to reach his destination.

“The Demon Realm is much larger than the Great Eastern Alliance!” Su Yu exclaimed in surprise. In the alliance, he could reach another world within a month.

In the Demon Realm, one month was only enough for him to go through the dominion of one Demon Master!

The Seawatch City was almost as big as the Great Eastern Alliance. Inside the Demon Realm, there were nine huge cities like Seawatch City.

“I really don’t know how the Great Eastern Alliance has existed for so long!” Su Yu frowned deeply. The area and strength of the Demon Realm were ten times that of the Great Eastern Alliance!

Before this, Su Yu had taken the fact that the Eastern and Western Alliances were well-matched in strength with the Demon Realm for granted. Now, it seemed the situation was totally different!

The Demon Realm was much more powerful than the Eastern and Western Alliances.

Then, why was the Demon Realm so cautious instead of launching a full attack?

“What? I didn’t expect someone could wander around outside the city recklessly!” someone shouted in surprise.

Su Yu turned around and saw a cute little girl whose head had 2 horns. She was about 14 or 15. It seemed she was not a full-blooded demon.

The little girl was standing on a demonic artifact made from a ferocious beast head. Beside her was a middle-aged demon. Su Yu didn’t sense a strong demon aura from him. It seemed he was also not a full-blooded demon.

Compared to the other demons in this place, the little girl’s stage was quite low. However, she was a Stage One Mortal Fairy, whose level was even higher than that of Su Yu!

The middle-aged demon, who was a Stage Three Mortal Fairy, was wrapped up in a chilly aura.

Standing in front of two demons, Su Yu remained calm to avoid suspicion. “I am traveling,” he said. “Anything I can do for you?”

“Hah? Haven’t you received the notification from the Carefree Demon Master through Demonic Idea?” The little girl asked as she looked at Su Yu curiously. “The Giant of the Bitter Sea has gone ashore! He is devouring all creatures in his way!”

Hearing this, Su Yu felt his heart miss a beat. The Giant of the Bitter Sea has gone ashore!

It seemed the two demons had become suspicious. Su Yu said, "I am from the dominion of the Sixth Princess. So, I haven't received the notification from the Carefree Demon Master through Demonic Idea yet! I am on my way to the dominion of the Carefree Demon Master!"

Although Su Yu didn't know what the Demonic Idea was, he knew it must be a kind of communication skill.

"Sixth Princess? I see. Many people from the dominion of the Sixth Princess travel in the dominion of the Ninth Princess!" the little girl said after discovering the reason.

The middle-aged demon relaxed his vigilance. "Speaking frankly," he said, "we are fleeing towards the dominion of the Carefree Demon Master. If it is OK for you, you can come with us. We will be safer in the demonic city that way!"

The Giant of the Bitter Sea was dangerous. He had caused great destruction on his way and had caused order to break down. Many ferocious demons had started to murder and rob rampantly.

Now, law and order only existed in the demonic city controlled by the Demon Master.

Su Yu became a little bit hesitant after hearing that. However, the Giant of the Bitter Sea was still chasing him. He wanted to reach the demonic city as soon as possible. So, he replied, "OK and thanks!"

The beast head was flying rapidly. It was as fast as a Peak Mortal Fairy.

"You are lucky to meet my father here. Otherwise, as a skinny guy, you would have been devoured by the Demonic Beasts or the ferocious scoundrels in this barren wasteland!" the little girl said as she patted Su Yu's shoulder with a smile.

Su Yu didn't being touched by a demon at all. However, he didn't do anything but smiled quietly.

Seeing Su Yu's reaction, the little girl looked up proudly and said, "Humph! You don't know who we are, do you? My father is a Patrol Envoy of the Carefree Demonic City! Under his protection, we can arrive at the demonic city safely!"

Su Yu nodded his head with a smile again. But he didn't say anything.

Patrol Envoy? I remember the two demons at the stage of Peak Mortal Fairy were also Patrol Envoys!

"Are you dumb?" The little girl pouted discontentedly. "You should be surprised after hearing my words!"

Then, the little girl, who didn't get the reaction she had expected, angrily said, "What a boring fool!"

Su Yu replied with a smile again. If this little girl was not a demon, he would really tease her.

"Sha'er, mind your words!" the middle-aged demon said as he shook his head in embarrassment. "Young man, sorry! Sha'er has been spoiled by me!"

Su Yu folded his hands with a smile and replied, "It's OK!"

What? The middle-aged demon stared at Su Yu in surprise. As a little demon at the stage of Peak All Creation, he was so... calm in front of a Stage Three Mortal Fairy! Wasn't he too rude?

Normally, an All Creation demon would greet him. When they discovered he was a Patrol Envoy, they would even drop to their knees.

It seemed this young demon knew nothing about courtesy.

Although he didn't care about Su Yu's reaction, he was a little bit surprised. Did it mean that the people of the Sixth Princess don't know how to behave?

The middle-aged demon secretly shook his head and remarked, "A lot of bandits are making trouble in this area. You will be safe traveling with a Patrol Envoy like me. So, don't worry, young man!"

Again, Su Yu smiled and replied, "Then, thanks!"

The middle-aged demon shook his head snappily. How rude this young man was!

They kept flying for several days. When they were only two to three days away from the demonic city, the middle-aged demon became more vigilant.

All demons in this area were running towards the demonic city. In other words, it was highly possible for them to encounter bandits here!

When they tried to cross a pitch-dark river, Su Yu, who was performing secluded training, opened his eyes abruptly and looked at the river as he furrowed his eyebrows slightly.

The middle-aged demon, who had also sensed something, shouted, "I am a Patrol Envoy!"

All of them had sensed several powerful auras hiding in the river. There might be bandits there.

Normally, a Patrol Envoy could scare away most bandits.

However, the bandits in the river didn't run away. Then, three beast head Demonic Artifacts flew out from the river and surrounded Su Yu, the little girl and the middle-aged demon.

"The demonic city has gone! A Patrol Envoy is nothing now!" A ferocious mutated demon, who was standing on the largest beast head, sneered at them.

The demonic city has gone? The middle-aged demon and Su Yu were surprised after hearing that.

"Nonsense! What are you talking about? The demonic city is under the protection of the Carefree Demon Master! It is impossible for bandits like you to occupy it!"

"Hah! Hah! Hah..." Hearing this, the bandits on the beast heads laughed wildly. "The entire demonic city was devoured by the Giant of the Bitter Sea! The Carefree Demon Master also disappeared! I am the boss here now!"

Was the Giant of the Bitter Sea here?

Su Yu trembled a little. His instinct told him that he was the target of the Giant of the Bitter Sea and the reason he had come ashore!

Su Yu's heart was pounding furiously because he had sensed something extremely dangerous.

The Giant of the Bitter Sea must be in this area. And he must be the target of this giant!
