

Nine-Dragon 1301

Chapter 1301: The Mysterious Mermaid Emperor

He was the leader of General Black Fish's close guards and his trusted henchman.

With their backs covered and with the troops bringing up the rear in ambush, Su Yu and his companions managed to escape.

An hour later, the Garuda stopped above a dark area of debris.

From afar, a range of mountains that stretched countless miles could be seen submerged underwater, like a black dragon lying in wait for its prey.

"Those are the Celestial Crystal Mountains, the border between the mermaid tribe and the Yaksha tribe," Lüzhū stated with mixed emotions.

Su Yu kept a tight grip on the Nine-Emperor Shroud and nodded lightly. "Keep moving."

"Hold on, you want to enter the territory of the Yaksha tribe?" The scarred merman warrior who guarded them queried in shock.

Lüzhū shot a trusting look at Su Yu. "Yes, even with General Black Fish's help we can only hold them off for a while. We plan to go into the water region of the Yaksha tribe."

"So they may not come after us, due to the fear of entering enemy territory."

The scarred merman pondered for a moment. "Your theory makes perfect sense, Eldest Princess. General Hu and General Li started the coup without warning, and General Black Fish could not stop it in time. Consequently, the losses were considerable."

"Thus we could only hide in the Sacred Sky Warship with the soldiers who remained loyal. When we were told of your return, only then was General Black Fish able to strike."

"Luckily we arrived in time, and our Eldest Princess escaped injury."

Heartfelt tears were welling up in Lüzhū's pretty eyes. "Lüzhū will always remember General Black Fish's contribution to the royal house. When Father awakes, I will ask him to reward him generously. I'm just not sure how General Black Fish is doing now, or where he is."

"No need to worry, Eldest Princess. Although General Black Fish can't compete with the two traitors, he can easily escape."

As he spoke, the scarred merman retrieved something from his pocket. "This is the item that General Black Fish prepared for Eldest Princess. You could use it for nearly a hundred years out there."

Lüzhū looked ashamed. There was a time when she was almost convinced by Su Yu, almost convinced General Black Fish was not loyal.

"Thank you, that's very thoughtful of General Black Fish." Lüzhū accepted it and fell silent.

The scarred merman smiled tenderly. “No need for that, Eldest Princess. General Black Fish serves the royal house wholeheartedly. Even if he had to sacrifice his life, he would have no regrets.”

“Eldest Princess, take a look at this bag of holding and see if anything is lacking. If I have it, I could put it in for you.”

“There is no need.” The Eldest Princess became more apologetic. She simply opened the bag and took a glance.

However, something uncanny occurred without warning.

The second the bag was opened, a puff of pink mist gushed out.

Lüzhu was caught unawares and was assaulted by the mist, she felt her entire body go weak all of a sudden, and the Mortal Fairy’s Strength in her began to stagnate.

Although she was rather quick to respond by tossing the bag of holding away, the impact hit her still.

Trying to support herself, Lüzhu raised her head to look at the scarred mermaid, in an attempt to question him.

But the scarred merman who had been loyal a moment ago was sneering right now. With the knife scar on his face, he looked hideous and savage.

“What a naive, adorable princess! No wonder General Black Fish said it would only take a trivial trick to play you, two princesses, like toys. Even someone like me could earn your trust with just a few words, let alone General Black Fish, huh?”

Lüzhu was petrified, she couldn’t believe her ears. “General Black Fish made you do this?”

“Of course.” The scarred merman’s lips curled into a mocking smile.

Lüzhu felt blood trickling down her head, as the misery of being so cruelly deceived filled her heart.

It turned out that Su Yu’s speculation was completely right. A moment ago, she was still feeling remorseful for suspecting General Black Fish.

But the truth gave her a hard slap in the face.

“I suppose saving me was also part of his plan?” Lüzhu put on a calm look, a faint silver light was flickering in her sleeve.

The scarred merman nodded. “That’s right. Only by saving you and the Mermaid Emperor, would General Black Fish earn the trust and dependence of the people of the mermaid tribe!”

“Now, everyone knows that General Hu and General Li are hunting down the royal family, while General Black Fish saved them. Who do you think the mermaid tribe will support?”

Lüzhu questioned coldly, “General Black Fish is making me and Father his puppets?”

“Exactly, only then can he take over the power and authority of the mermaid tribe!”
The scarred mermaid chortled, as he walked towards Lüzhu.

Lüzhu put on a composed front. “I will submit to becoming a puppet to General Black Fish, but please do not harm my Father...”

“No way! The Mermaid Emperor must die!”

Lüzhu was stunned. Gritting her teeth, she said, “Will he be permitted to live if he continues in this comatose state...”

“No way!” The scarred merman had a ruthless look on his face. “The Mermaid Emperor is too big of a threat, there is no way he will be allowed to live.”

“Don’t try too hard to coerce me!!” With a swish, a blade of sharp knife glinting in silver light fell from Lüzhu’s sleeve.

The scarred merman teased. “You want to fight me? How hilarious! Hold on, what are you doing?”

The sharp blade in Lüzhu’s hand wasn’t aimed at the scarred merman but was held against her chest.

Despair was written all over her face. “Don’t you need a puppet? If I die, where else can you get one?”

The scarred merman’s smile faded, and he stared coldly at Lüzhu.

“Let them go, otherwise, don’t even think of getting anything from me!” Lüzhu screamed.

However, Lüzhu’s body became weak all of a sudden, as the effect of the pink mist was taking its toll on her. Loosening her grip, the sharp knife in her hand moved away from her chest.

Suddenly, the scarred merman’s eyes shone. His humongous tail struck forth, and with a blow that carried divine energy, Lüzhu was sent flying, blood spluttering from her mouth.

The sharp blade in her hand was easily cast aside.

Then, a fist punched her abdomen brutally, crushing the organs inside. Severely injured, she collapsed onto the ground, losing all of her strength so that she couldn’t move.

The scarred merman withdrew his fist, his eyes filled with disdain. “A moron that can’t tell bad from good!”

And then with a flash of his icy eyes, he looked over at Su Yu and the comatose Mermaid Emperor, with a cunning, horrendous smile on his lips.

His gaze ignored Su Yu completely and fell straight upon the Mermaid Emperor. “Haha, I never thought the day would come for me to slaughter the Mermaid Emperor with my own hands.”

“How pathetic, for someone like the Mermaid Emperor to die so tragically at the hands of someone like me.”

Swish!

With a flash of his figure, the scarred merman flew over. With a slam that was charged with his divine energy, he aimed straight for the godly spirit in the Mermaid Emperor's abdomen.

However, right when he was about to land his blow, a hand stuck out and grasped his.

The scarred mermaid cast a glance at Su Yu with the corner of his eye, and a light snort came from his nostrils. Instead of retreating, he pressed on with his attack, trying to destroy Su Yu's hand in the process.

As their palms came into contact, Su Yu immediately withdrew his hand.

The scarred merman froze all of a sudden. A mass of pitch-black fog appeared on his palm, giving off the scent of death.

The deathly energy slid up his arm in a meandering manner, and in the fraction of a second, it had covered his entire body.

Black-colored crusts began to peel off from the surface of his body, and his entire being was transforming into flaking ash and dust.

"You..." The scarred merman could not believe that Su Yu's blow contained the horrifying power of death.

Pow!

Suddenly, a hand penetrated his abdomen, fishing out his godly spirit with a grasp.

"It's precious, don't waste it," Su Yu said dispassionately, as he grasped the godly spirit with a straight face.

The scarred merman's eyes wet dull, as his entire being turned into black dust.

Lüzhu, who had collapsed onto the ground severely wounded, was flabbergasted.

Su Yu had killed a late-stage Prospective Deity with a single strike!

Was there any limit to his power?

Su Yu walked over to her and with a gust of Power of Life surging at the tip of his finger, he tapped it on the spot between her brows, giving her a speedy recovery from her wounds.

In the meantime, he removed the toxins from her body with his right hand.

"As far as I'm concerned, you're hopelessly stupid, but there are some things about you that make you worth saving," Su Yu remarked nonchalantly.

She had sacrificed herself twice for the sake of her father's well-being. That wasn't something that any ordinary child would be willing to do.

Lüzhu's face began to redden. Su Yu's compliment sounded like mockery.

Su Yu had warned her that General Black Fish wasn't reliable, but she was still fooled.

Compared to ordinary people, she was far from stupid. But from Su Yu's point of view, Lüzhu couldn't deny the fact that she had allowed herself to be duped, hook, line, and sinker.

“I had hoped that after some hardships, you would improve,” Su Yu said with indifference as he withdrew his hands.

He could have prevented the simple-minded, witless princess from opening the bag of holding, but he didn’t so that she might gain an experience that she could learn from.

Lüzhu scrambled to her feet. With her gorgeous looks, she was disheveled in front of Su Yu. Hanging her head low and in a disgruntled voice, she said, “I know now, I’ll listen to you from now on.”

“There is no from now on. Once I’m done treating the Mermaid Emperor and get the documents that I want, we will go our separate ways,” Su Yu stated calmly.

He leaped onto the Garuda and started it, and then pointed it in the direction of the Celestial Crystal Mountains.

Lüzhu laughed bitterly, he was still as cold and detached as ever. However, a slyness glinted in Lüzhu’s eyes. Raising her chin smugly, she thought to herself, “We shan’t part ways just because you say so.”

Half an hour later, as they arrived at the Celestial Crystal Mountains Su Yu withdrew his healing hand from the Mermaid Emperor.

“The acute poison in the Mermaid Emperor’s body has been removed, he’ll awake very soon.”

Lüzhu heaved a long sigh of relief. The fact that the Mermaid Emperor was going to wake had become a certainty, the disorder and havoc of the mermaid tribe was finally coming to an end.

Su Yu was only waiting for the Mermaid Emperor to wake. Once he got the documents he wanted, he would take off.

With that in mind, Su Yu took out the bright red, round pearl that Lüzhu gave him, and asked, “This is your Mermaid Emperor’s legacy, the Mermaid Emperor’s Blood Pearl?”

Lüzhu nodded. “Yes, having it is equivalent to accepting the Mermaid Emperor’s legacy. If the Mermaid Emperor awakes and sees this pearl, even if he wanted to breach the agreement, he would have to accept your status as the heir.”

“Is that so?” Su Yu seemed to be brooding.

Su Yu had attained the cultivation of a fourth-realm Mortal Fairy, it was time to prepare himself for his transition into the level of Prospective Deities.

Unlike the previous levels, this would happen naturally once he acquired adequate strength.

To rise to the level of Prospective Deities, a candidate had to be accomplished on his Divine Path.

A Prospective Deity could only rise as a deity once they had attained absolute enlightenment on a certain Divine Path.

Su Yu’s Divine Path was defiance, but the problem was that before Su Yu could attain his Divine Path, he must already possess two godly spirits.

Consequently, there was no one to whom he could refer to achieve a breakthrough to the Prospective Deities level.

Hence, Su Yu could only follow the example of the inheritance of deities' Divine Paths. He had to pave his own way to becoming a deity based on their Divine Paths.

With a shift of thought, Su Yu tried to determine the Divine Path legacy within the Mermaid Emperor's Blood Pearl.

Su Yu scowled the moment he began to understand and opened his eyes abruptly. Doubtful, he queried, "Lüzhu, has the Divine Path of all former Mermaid Emperors always been the Path of Thunder?"

Lüzhu blinked her beautiful emerald eyes. "Yes, mermaids are adept at navigating water-based Divine Paths. All former Mermaid Emperors belong to a kind of thunder, the Underwater Thunder."

"How is that possible?" Su Yu turned around all of a sudden to look at the Mermaid Emperor behind him. His pupils flickered intensely.

To Su Yu's amazement, the Mermaid Emperor's body had gone!

"Oh no! I think we were wrong about something!" Su Yu stood up abruptly. His gaze turned leaden, and his face became solemn.

Lüzhu stared at the spot where the Mermaid Emperor's body had been with a dumbfounded look on her face.

Suddenly, a soft sigh sounded in their ears like a rumble of distant thunder.

"So you finally figured it out. Initially, I was planning to let you go."

Chapter 1302: Spirit Vein Ancient Tomb

A silhouette with pale golden pupils appeared, standing ten feet away from them.

The whole figure had an intimidating presence. It was emitting a very strong and imposing aura that seemed to contain something terrible.

If he did not show himself on his own, Su Yu might not have detected his presence.

He was none other than the Mermaid Emperor!

No longer rotting away, he was now shining with life and exuding bright light.

The only difference was that his royal eyes were now pale golden instead of the original emerald green color.

"You are not my father. Who are you?" Luzhu yelled out loud. Her chest was undulating profusely and her mind was in a complete tumult.

No one knew her father better than she did. The creature in front of her might have had her father's form, but the soul was definitely not his.

"Oh, my dear daughter, you and the three generals dug me out of the deep pits of Spirit Vein. Who do you think I am now?" the Mermaid Emperor chuckled.

Luzhu was extremely unsettled. “Who the hell are you? How did you come to possess my father’s body?”

She was agitated, and her whole body trembling. She could not believe that her father, whom she had gone through many hardships to rescue, was dead and his body was taken by another spirit.

Back then, the Mermaid Emperor and the king of Yaksha battled ferociously. Both of them were supremely powerful, and the other deities or strong spirits did not even dare to approach.

When the battle was over, they found the dead body of the Mermaid Emperor in the ruined pits of Spirit Vein.

Little did they expect that in that instance, the corpse of the Mermaid Emperor was already possessed.

They endured many hardships and ventured into the unknown in order to find the Boundless Spiritual Pearl. In the process, they put their lives on the line in an attempt to save the emperor.

Just a moment ago, they were helping him to escape at all costs, protecting him from the rebel generals.

In the end, fate played out in such a twisted manner!

Su Yu sighed in sympathy. The mermaid princess Luzhu was indeed unlucky.

“Stop asking! It is a God-level tomb guard spirit, and it had secretly occupied the Mermaid Emperor’s body,” Su Yu said as he looked at the emperor.

Luzhu was startled. “God-level tomb guard spirit... does that mean Father is like just my sister? He is not dead and only possessed?”

Su Yu shook his head slightly. “I’m afraid not. The reason it could escape my detection was that it had replaced your father’s soul. Therefore, I mistakenly thought it was the soul of the Mermaid Emperor. That was why I restored his body.”

“Haha, I knew that you were actually quite smart!” The Mermaid Emperor expressed his admiration. “Seriously, I do not want to kill you, but you all already knew too much.”

Luzhu gradually recovered from the cruel blow and exclaimed, “What do we know that you feel you have to kill us all? Above all else, it is Su Yu who saved your life!”

“Of course you don’t know anything, but he does.” The Mermaid Emperor’s eyes flickered as he smiled and stared at Su Yu. “Is that right, smart man?”

Su Yu stared at him and said, “Regarding the God-level tomb guard spirit attached to the little princess, I thought that the three rebel generals were pulling the strings behind the scenes and set that up secretly. Now that I think about it, I had overestimated the three of them. The real mastermind behind the scenes must have been you. The God-level tomb guard spirit back then was only one of your clones, wasn’t it? You originally intended to abandon the Mermaid Emperor and occupy the body of the little princess. However, that plan was unexpectedly thwarted by me.”

“As for the ten thousand tomb guard spirits that chased down the two princesses along the way, the fact is, you manipulated the little princess into venturing out and seized the opportunity to gather your army to assist you in conquering the whole mermaid clan.”

“Am I right?”

The Mermaid Emperor clapped his hands and his face was full of approbation. “Absolutely right! In fact, I am impressed. I have been watching your words and actions. It is hard to believe that you have such amazing wisdom.”

At the next moment, the Mermaid Emperor’s smile vanished, and his face suddenly darkened. “So now, do you think that I should kill you?”

If Su Yu were not dead, he would definitely reveal the false identity of the Mermaid Emperor. By then, it would be extremely difficult to take over the mermaid clan.

“From your point of view, of course, you should kill me! But who said you would succeed?” Su Yu said, and the Five Elements Mountain suddenly appeared in front of him.

At the moment the magic was cast, something small and almost invisible struck the Five Elements Mountain and made a crisp tinkling sound.

Upon closer inspection, those were actually two hair-like transparent tentacles that were invisible to the naked eye.

If it were not for Su Yu’s alertness, both he and Luzhu would have been finished off already.

“Oh? You are very vigilant indeed.” The Mermaid Emperor moved his fingers and retracted the two tentacles. His pale golden eyes continued to stare at Su Yu as he slowly approached. “I’m actually very curious to know, where exactly are you from? Why can I detect so much of my race’s aura on you, and where does the energy of your divine blood come from?”

He seemed to be merely asking questions, but he was actually trying to divert Su Yu’s attention. He made a few advances and suddenly attacked.

With his pale golden eyes, he shot a beam of golden flame that went around the Five Elements Mountain and attempted to extinguish both of them.

However, Su Yu was already prepared. The Strength of Five Elements surrounding the Five Elements Mountain transformed immediately into the water element. Then, the power of the water element gave birth to the power of ice, forming an ice dragon that opened its mouth and swallowed the golden flame that engulfed the sky.

“Such pure power of the Strength of Five Elements! It is almost reaching the level of the Five Elements Divine Path.” The Mermaid Emperor narrowed his eyes, then shook his head and said, “Unfortunately, for me, it is nothing but a party trick.”

Boom!

The ice dragon disintegrated suddenly. The golden flames burned it as if it were made of paper.

There was no obstruction for the golden flames any longer and they engulfed both Su Yu and Luzhu completely.

“Nine-Emperor Shroud!” Su Yu opened up his fingers and the shroud inflated limitlessly, turning into a giant cloth and wrapping the golden flames within it.

Following that, the shroud began to shrink continuously. The golden flames within it were gradually put out and eventually turned to ashes.

Then, Su Yu recalled the Five Elements Mountain and the Shroud in each of his hands respectively, while condensing the rich water element around them at the same time.

“Almost there! Water Escape!” Su Yu grabbed Luzhu and decided to flee from the scene.

The Mermaid Emperor smiled slightly. “Do you think you can escape from me?”

However, just as he was about to give chase, he suddenly frowned and looked behind him.

There were three groups of divine light that shot forward, one reaching first before the other two arrived together.

The former was General Blackfish, wearing a dull expression on his face. When the Scar Mermaid died, he realized things were not good and immediately came out of the entanglement to investigate the situation.

General Tiger and General Carp could not sit still either witnessing the resurrection of the Mermaid Emperor.

Unexpectedly, the three of them rushed over one after another and found that the one waiting for them was the Mermaid Emperor!!!

He was indeed resurrected!

The Mermaid Emperor glanced in the direction of Su Yu and muttered, “So this is the reason why... the fact that he calculated this with such precision is not bad at all!”

Su Yu never wanted to fight against the Mermaid Emperor directly. He already assessed the situation and calculated his moves ahead. When the Scar Mermaid died, General Blackfish would surely turn up.

Therefore, under the pretense of defending against him, he retreated immediately, letting General Blackfish and the other two generals stall him.

This remarkable capability to plan with such precision made the Mermaid Emperor feel unsettled, and he realized that Su Yu was an extremely dangerous character.

Swoosh!

The three generals rushed over and looked at the Mermaid Emperor in front of them with uncertainty.

General Blackfish backed off slowly, and said to General Tiger and General Carp softly, "This is not the time to continue our internal strife. The Mermaid Emperor is recovering from illness, and his strength is not as great as it was at his peak. We have a chance of killing him if we work together."

General Tiger and General Carp looked at each other and nodded in agreement after weighing the pros and cons.

"Mermaid Emperor, don't blame us for being cruel. You can only blame yourself for not staying dead!"

The three generals joined forces to attack, with all of them unleashing their strongest moves on the Mermaid Emperor.

Facing the three generals, the Mermaid Emperor sneered, took a step forward, and the pale golden flames rose suddenly and sharply around his whole body.

Ahh!

Three agonized screams could be heard. With a single move, the three generals were burning with golden flames and screaming in torment.

"You are not the Mermaid Emperor! Who are you?" General Blackfish roared.

General Tiger and General Carp hurriedly extinguished the flames and looked on in horror.

The Mermaid Emperor in front of them was even far stronger than he had been during his prime!

They finally realized that this Mermaid Emperor was actually an impostor.

The Mermaid Emperor placed his hands behind his back and stared at them scornfully. "Who exactly am I? I'm afraid you don't deserve to know yet. If you want to die now, I can grant that. But if you want to live, make an oath now to obey me."

The Mermaid Emperor threw over three green jade tokens that were inscribed with ancient runes.

The jade tokens were densely enveloped with the vicissitudes of the years, and a faint hint of rigor still exuded from them.

"The Divine Warrior's Oath Token? Who are you, and where did you get the oath tokens that were engraved by the Divine Warriors of Heaven and Earth?" General Blackfish was taken aback. The oath token was a token personally sculpted by the Divine Warriors of Heaven and Earth and symbolized their greatness during the era of the Ancient God Realm.

If one swore upon this token and broke one's vows, a terrible backlash would follow.

Since ancient times, anyone who swore upon it had never escaped their fate if they became rebellious.

This token was supposed to have long disappeared with the death of the Divine Warriors of Heaven and Earth. Who exactly was this being that was occupying the body of the Mermaid Emperor now?

"Stop all your nonsense, swear now, or die," the Mermaid Emperor said.

The three generals were stunned and their eyes were filled with bitterness.

They all respected and were in awe of the Mermaid Emperor during his prime period, but this was a more mysterious and powerful being.

The three of them looked at each other, dripped their respective blood essence on the token and vowed on the spot to be loyal to the Mermaid Emperor.

The Mermaid Emperor smiled slightly and took back the three jade tokens.

“Very well. As long as you obey me, I will not treat you badly. I can even reward you with something more than you would get from the mermaid clan,” the Mermaid Emperor’s tone was very self-assured.

“Your wish is my command, Lord Mermaid Emperor.”

“Mermaid Emperor... Okay, the moment I escaped from there, I had no choice but to look for this weak divine body as a temporary vessel. Alright, then I shall be the Mermaid Emperor for a while!” The Mermaid Emperor laughed. “I have two orders for you. The first is to take over the mermaid clan. I plan to unify this water territory within six months. The Frogman clan, the Yaksha clan, the Water Snake clan... these weak clans do not need to exist. ”

Upon hearing those words, the three generals were taken aback. What sort of being would dare to have such ambitious plans?

The Empire of Eternal Darkness existed for hundreds of millions of years. The ninety-nine clans in the southern region were independent. They were interrelated and helped one another. Even those in power within the Empire, namely the royal family, would not dare to try to colonize the various clans.

“Second, go and catch Su Yu and Luzhu. Make sure you do not let them escape into the Spirit Vein, where lies the quiet tomb of my master.”

His master? The three generals were secretly shocked. This being was so powerful. Who exactly was this master he was talking about?

After hearing his orders, the three generals immediately started moving in the direction of Su Yu.

Su Yu rode the Garuda and entered into the Xuanjing Mountains.

This mountain range was blessed with an abundance of spiritual energies, and liquefied spirit serum could be seen everywhere, scattering among the mountains with no one to soak it up.

Many rare and precious treasures were lying everywhere, and no one collected them.

“What a curious and strange spirit vein,” Su Yu was surprised. He thought that out of all the wonderfully blessed places he had seen, this was where the spiritual energies were strongest.

Generally speaking, the spiritual energies of the spirit veins would either be diluted across space or absorbed by the spirits that grew on the veins. Such large-scale liquefaction of spiritual energies rarely occurred.

Only at this place, not only did the spiritual energies remain undiluted, but they even got more and more concentrated.

“This is the spirit vein that our mermaid clan and the Yaksha clan are fighting over for. It is also considered a rare spirit vein in the southern part of the Empire of Eternal Darkness.”

Su Yu stared and observed for a long while, and shook his head slightly. “It is not about it being rare. This strange spirit vein seems suspicious. If I’m not wrong, there must be an abnormal being in this vein.”

“Take me to the place where you found the Mermaid Emperor,” Su Yu ordered.

Luzhu was stunned. “Why do you want to go there?”

“To test my theory about what exactly is hidden under this spirit vein.” Su Yu just could not help thinking about the master mentioned by the God-level tomb guard spirit who possessed the Mermaid Emperor’s body.

Since it occupied the body of the Mermaid Emperor in the deep pit, he guessed he should start investigating from there.

Luzhu’s face was bleak. “What does it matter? Father cannot be resurrected anymore.”

“Don’t you want to avenge him?” Su Yu said lightly.

“Yes, I want to!” Luzhu’s eyes flashed coldly. “Fine, I’ll take you there!”

The deep pit was located in the middle of the spirit vein. In the beginning, the two clans negotiated an alliance here, but it was hindered by the secret plotting of the Yaksha king.

As she was leading the way, Luzhu asked, “How did you know that he was not my father?”

Su Yu said, “I am very familiar with the poison which your father contracted. At the place where I came from, it was named the Demonic God’s Poison. It contained demonic aura and shunned virile matter. Since the Mermaid Emperor had the divine power of thunder, in theory, it was impossible for him to be weakened by this kind of poison. The only explanation was that the poisoned being was not your father.”

“I see.” Luzhu’s eyes were becoming dimmer. Now that she thought about it, when her father was driven into the deep pit, he was likely to be already dead, but then he became possessed by the God-level tomb guard spirit.

Soon, they came to a desolate place.

The aftermath of the devastating fight could be seen everywhere, especially at the deep pit in the middle, which almost destroyed the vein.

At the bottom of the deep pit, there was a turbid cloud, and the dust was still settling.

The divine powers of that day’s battle were not completely dissipated yet.

Was this the place? Su Yu gazed, using the power of his transparent eyes, and looked down from above, gazing through the dust.

When his sight reached the bottom, Su Yu's pupils shrank slightly. "This deep pit is very suspicious indeed. There is a crack at the bottom and I don't know where it leads."

"A crack? Why didn't we see it that day?" Luzhu was surprised.

Su Yu pointed to the lingering divine power and said, "You all must have been distracted by the divine power back then. In addition, the crack must have been far smaller back then than it is now."

Chapter 1303: The Heavens Collapsed

Su Yu's Celestial Energy Spheres rotated at his abdomen area, releasing pure divine power and wrapping the two of them in it.

"Divine power... are you a deity?" Luzhu was shocked. She never expected that Su Yu was actually a god.

Thinking about it, that could actually explain everything that had happened with Su Yu so far.

In the meantime, they descended into the deep pit that was storming with divine powers.

Boom! Pssh!

Right at the moment when they entered, the remnant divine power swooped in from all directions, trying to crush them into bits.

Fortunately, they had the sanctuary of Su Yu's divine power and successfully deflected the attack.

Just as they descended into the pit, the three generals led by General Blackfish arrived at the scene and saw them diving in.

"There is ferocious power below! How come they dare to dive in without the protection of divine power?" General Blackfish was slightly surprised.

General Hu and General Li secretly heaved a sigh of relief.

"It's time to go back and report about the mission. Without the presence of a deity, they have no chance of surviving that fall. Even if he has that Nine Divine Warriors' shroud, it will not be enough to stop the penetration of the divine power," General Hu said.

General Blackfish stared at the deep pit and thought about it for a long time before lifting his head up and agreeing with what General Hu deduced.

The shroud might have been able to block the attack of the gods, but in this pervasive vortex of divine power, without a deity to protect them, it was impossible to survive.

General Blackfish still had a lingering doubt about the whole situation.

Why would they do that?

Nevertheless, the trio returned to the mermaid clan and reported to the Mermaid Emperor.

The Mermaid Emperor's eyes narrowed and he smiled slightly. "Hehe, this is interesting. He actually dug up some clues and wants to investigate my provenance?"

The Mermaid Emperor had never met anyone as clever as Su Yu. His intellect was something the Mermaid Emperor had personally experienced himself.

Of course, he did not believe that Su Yu entered into such a dangerous place without a good reason.

"General Hu, you go back to the edge of that deep pit and stand guard there. Within ten days, he will come out."

Upon hearing the order, the three generals were all surprised. Su Yu was not dead?

"I don't have much energy to deal with him so I shall leave him to you!" The Mermaid Emperor said coldly. "Pass down the command, gather all the soldiers in the mermaid clan, and be prepared to fight!"

Whoosh!

Su Yu could only hear the sound of whirring wind in his ears, and the incessant collisions of the remnant divine power continued around them. Eventually, they passed through the vortex of divine power and reached the bottom of the deep pit.

There, a deep fissure was clearly visible.

"Let's go in!" Su Yu said softly and immediately entered the fissure.

It was pitch black and he could barely see anything, but the auras of a large number of tomb guard spirits could be faintly perceived.

Luzhu only saw darkness, but nothing could escape Su Yu's keen eyes even in these circumstances.

He saw that the wall within the fissure was covered with countless little black eggs.

Through the transparent egg wall, he saw that the gestating tomb guard spirits were resting inside. They were all strangely shaped and looked different from one another.

Su Yu's scalp tingled after witnessing such an unpleasant sight.

It was not just one black egg, but countless of them hanging densely on the walls of the fissure. The number of them seemed endless.

"There are so many tomb guard spirits! It seems my guess is correct," Su Yu murmured. "There is indeed an ancient tomb of the Divine Warrior of Heaven and Earth at this place."

What? Luzhu was shocked, as Su Yu's words came to her like thunder, shaking her down to her very core.

The holy royal family closely protected all the ancient tombs of the Divine Warriors of Heaven and Earth.

The only nine tombs of the Divine Warriors of Heaven and Earth were well-known and they certainly were not here. Therefore, she found it hard to believe when Su Yu said that there was an ancient tomb suppressed under the spirit vein near the mermaid clan.

Su Yu was not surprised and calmly said, “Did you not say that the tomb guard spirits were born from the ancient tomb of the Divine Warrior of Heaven and Earth? The tomb guard spirit who occupied the Mermaid Emperor came from this place, and furthermore, there are also hundreds of millions of tomb guard spirits waiting to be born here. What is this place if not the ancient tomb of a Divine Warrior of Heaven and Earth? ”

Luzhu was shocked. She was thinking that the Mermaid Clan and the Yaksha Clan could never expect that the spirit vein they were fighting for was actually the tomb of a Divine Warrior of Heaven and Earth.

If the royal family of the Empire of Eternal Darkness learned about this, not only would the spirit vein be confiscated, but the two clans would also be razed to the ground.

“Let us go in and take a look,” Su Yu said, following the cracks on the ground and walking deeper.

Along the way, countless black eggs could be seen. Once they all hatched, if so many tomb guard spirits were let loose in Star River, it would definitely cause a disaster that would destroy all realms, and only a small amount of beings could survive it.

At the same time, Su Yu also noticed that there were many remaining traces of the battle along the way, including the aura of the tomb guard spirit who occupied the body of the Mermaid Emperor, and also one extremely terrible being.

As they stopped in front of a deep hole about ten feet wide, Su Yu squatted, his eyes looking down intently.

In the deep hole, faint grey flames were burning quietly.

Those grey flames were unknown and mysterious, but there was something extremely dangerous about them.

As he stood at the edge of the deep hole, Su Yu felt very uneasy.

“What... what is this? It seems terrible.” Luzhu was trembling and feeling very disturbed.

Su Yu whispered, “I don’t know what exactly is it, but I know that if the Mermaid Emperor touches it, he will certainly die.”

Undoubtedly, there was existence terrifying being in the depths of the tomb.

He hesitated for a while, and then bypassed the hole and proceeded.

“Sir Su, only the holy royal family has the right to dip their fingers into an ancient tomb of a Divine Warrior of Heaven and Earth. Even if they managed to explore the tomb, they often suffered heavy casualties before they could excavate a part. Let’s go back and not proceed.”

Su Yu turned his head. He said, “I have people I need to protect. For them, I am willing to do anything. This ancient tomb, since it is the tomb of a Divine Warrior of Heaven and Earth, must

contain objects and knowledge about the ancient civilization. Only through obtaining it can I go back to save them. ”

Su Yu walked on resolutely and ventured deeper into the fissure.

Luzhu sighed slightly. He had someone to protect, but what about her?

Other than her sister, who was trapped in the mermaid clan, who else in this world would she fight for?

For the Mermaid Emperor? He had already departed from the world.

For the mermaid clan? Did they still acknowledge her as the princess?

After letting out a soft sigh, Luzhu caught up with Su Yu. It seemed that she had no choice but to follow the man.

The journey took five days.

It seemed they had walked through the whole long spirit vein.

Eventually, deep in the fissure, they came across a stone door that was sealed off.

The stone door was extremely tall and its material was extremely hard. Although it had existed for billions of years under the dark waters, there was no sign of corrosion.

Even stranger was that the door was round, in the shape of a Tai Chi.

Thousands of blood charms were imprinted on the walls on both sides of the Tai Chi stone door.

Each blood charm contained an unusually powerful aura, which did not belong to the deities but was similar to that of the demonic royal family.

Staring at the blood charms, Su Yu felt pain in his eyes. His divine powers weltered and he felt that he was not in control.

“This is... the blood of the Divine Warrior of Heaven and Earth?!” Luzhu exclaimed.

Su Yu’s gaze fixed upon the charms. “You mean, these ten thousand blood charms were written with the blood of the Divine Warrior of Heaven and Earth?”

Luzhu nodded. “Yes. When I went to the Empire to pay tribute with my father, I have seen from afar how the Emperor showed some writing left by their ancestors to the public. That word was written with the blood of the Divine Warrior of Heaven and Earth, so I can guess that these charms must have been written in the same way, but it seems there is something else here too.”

Su Yu’s heart was heavy. “Is a Divine Warrior of Heaven and Earth really buried under this ancient tomb?”

What kind of Divine Warrior needed to be suppressed by the blood of other Divine Warriors of Heaven and Earth?

After a moment of contemplation, Su Yu used his transparent eyes to penetrate beyond the Tai Chi stone door.

As he was unleashing his magic, the ten thousand blood charms flickered and an extremely potent force blocked Su Yu’s vision.

Su Yu stared at the door in frustration.

“Sir Su, there is a stone tablet over there.” Luzhu followed the flickering of the blood charms, and suddenly had a glimpse of a dark stone tablet that stood in a corner at the end.

At first, she thought it was some kind of monster, but after looking intently, she realized that it was an ancient stone tablet.

Hmm? Su Yu hurried over and stood in front of the stone tablet.

“Sir Su, these inscriptions are so strange, I don’t even know any of them,” Luzhu said.

The ninety-nine clans in the southern part of the Empire all had different languages. In order to communicate, the princesses of the mermaid clan had to learn the letters of the various clans from an early age.

Therefore, Luzhu was familiar with every language in the Empire.

However, the words on the stone tablet were really strange. They were seemingly concise, but also seemed to be really sophisticated, which confused her.

In the midst of it all, she did not notice that Su Yu’s eyes were flickering with anxiety. He felt extremely uneasy deep down in his heart.

After a long time, Su Yu took a deep breath and said, “Of course you don’t know the words. There are only a handful of people in this world who can recognize these words that came from the Book of First Heavens.”

The Book of First Heavens was the last thing that Yun Yazi gave to Su Yu.

That was an amazing book full of the secrets of heaven and earth, as well as the truths of the world. If one fully comprehended the book, he or she would be able to master the eight supreme enigmas of the world.

Unfortunately, Su Yu had no time to continue studying it and only read a part of it.

Now, he actually could apply the teachings of the book to the ancient tablet.

Through that content, Su Yu happened to understand the words written on the tablet.

The original wording was, “When the evil woman of former times came into the world, the way of justice shattered, and divine warriors were slaughtered. I and the other divine warriors drew out our divine blood, stripped off our flesh, extracted our soul, and cast the Nine-Emperor Tablet to suppress the evil woman. However, the evil woman came from the heavens, born to carry the wills of Heaven and Earth. The Nine-Emperor Tablet can suppress her for billions of years, but not for eternity. If one day the ancient tomb is broken, those who are proficient in these inscriptions must leave with this tablet immediately. Escape from the realm of the spirits! When the evil woman is born again, the world will be destroyed. Save yourselves! All the best to you.”

Although there were only a few lines, it took Su Yu half an hour to translate them.

However, the content of the translation was shocking to Su Yu.

Who was this evil woman? The former Nine Divine Warriors of Star River actually cast this tablet to suppress her at all costs, sacrificing their flesh and soul!

Just how formidable was she?

Could it be that the destruction of the Ancient God Realm was related to this evil woman?

Even more shocking to Su Yu was that the inscriptions said that if the tomb were broken open, the evil woman would return to the world. Well, didn't the tomb break open just now?

Chapter 1304: Terrifying Black Dragon

Sinful Lady...

Su Yu stared at the Tai Chi symbol, then at the ten thousand blood charms, and suddenly shuddered.

The Ancient God Realm was actually suppressing an extremely evil live spirit of such unimaginable magnitude.

She came from the heavens and was born with the will of heaven and earth, so even the Nine Divine Warriors could not suppress her forever.

Everything was foretold on the Nine Divine Warriors tablet. Now, after billions of years, the Sinful Lady could not be suppressed any longer and the tomb was broken.

"It cannot be coincidental! Just when I come to the Ancient God Realm, I get caught up with this reborn Sinful Lady?" Su Yu secretly bemoaned.

He tended to believe in what the Purple-Eyed Demonic God said about him, about how he was the source of turmoil.

Wherever he went, turmoil would definitely ensue.

Deluding enemies, gaining positions, strengthening himself and those around him.

However, Su Yu could not bring himself to laugh at this moment. The trouble he got himself into this time was simply too shocking and horrifying. It involved the secret of the destruction of the Ancient God Realm billions of years ago, as well as the fall of the nine divine warriors.

The past Divine Warriors of Heaven and Earth were wiped out overnight.

The tens of thousands of cavern worlds that were densely packed together were completely destroyed, leaving only the two major Eastern and Western alliances.

Perhaps the explanation lay here.

Su Yu reinterpreted the inscriptions and stared intently at the tablet.

According to the inscriptions on the tablet, it said that if one could read the words, they should leave with this tablet and lead the live spirits in the Ancient God Realm to escape.

But where could he go?

Su Yu walked up to the tablet and reached out to touch it. Almost immediately, nine remnants of the divine warriors' auras immediately surged from the tablet and swept past Su Yu's soul.

The scriptures of the heavenly books that Su Yu had studied could not help but come to his mind.

Then the nine auras receded, and the tablet shook violently. After that, the entire underground fissure began to tremble as well.

One by one, the tomb guard spirits' eggs fell off continuously.

“Does the tablet want to acknowledge its master?” Su Yu was startled.

The Nine Divine Warriors of Heaven and Earth made the tablet from their blood, body, and soul. It would surely be strong enough to suppress all beings, even the heavens themselves.

Being in possession of this tablet was no less than possessing the heritage of the ancient civilization!

The stone tablet slowly broke away from the ground, leaving a deep hole behind.

Su Yu was surprised when he realized there was something else in the hole.

Upon taking a closer look, he saw it was a pair of weirdly shaped wings about the size of a palm. The left wing was white while the right wing was black.

The black and white light emitted by the pair of wings merged into a Tai Chi pattern in the air.

It was exactly the same as the one on the Tai Chi stone door.

Luzhu stared at the wings for a long while and seemed to be thinking about something when suddenly she exclaimed: “This is the Yin and Yang Tai Chi wings of the Taiqing Divine Warrior!”

Su Yu shuddered. What exactly could a Divine Warrior's weapon do?

Without thinking too much, Su Yu took a breath and pulled the Yin Yang Tai Chi wings into his palm.

When the wings came into contact with his hand, they were absorbed into Su Yu's body.

Su Yu was shocked and immediately looked within himself. He found that this Yin Yang Tai Chi wing was located in his abdomen area, between his two Celestial Energy Spheres.

The divine powers of the two Celestial Energy Spheres were slowly sucked into the wings.

Su Yu's heart trembled. As he became worried that his two Celestial Energy Spheres would be depleted, the wings stopped absorbing.

Compared to just now, the wings that absorbed Su Yu's divine power mysteriously added a layer of connection with Su Yu. It was as if the wings merged with his body and became a part of him.

“Who is the Taiqing Divine Warrior? How much do you know about these Tai Chi Yin Yang wings?” Su Yu asked.

Luzhu stared at Su Yu without blinking. She was awed.

The Yin Yang Tai Chi wings were actually refined by Su Yu.

Without a doubt, this object was what the Nine Divine Warriors had left behind for the one who would obtain the tablet.

Getting over her shock, Luzhu said, “The Taiqing Divine Warrior is the last Divine Warrior of the Ancient God Realm and a master of incomparable heavenly power. He once forged the first-ever

aerial holy weapon with his own divine bones. These are the Tai Chi Yin Yang Wings. This weapon is ranked 19th in the list of all the emperor-based holy artifacts and is the strongest flying weapon in the Ancient God Realm. It allows one to travel a billion miles in a moment.”

After he heard her explanation, Su Yu’s heart kept on thudding. This weapon was ranked 19th among the emperor-based holy artifacts? Compared to the 21st-ranked Milky Way Star Sand, it was even more powerful.

Su Yu was overjoyed as he unexpectedly obtained such a powerful emperor-based holy artifact.

Thinking about it, the process of just now meant that Su Yu was the master of the artifact, as he controlled and manipulated the Yin Yang Tai Chi wings.

Obtaining this treasure made the whole adventure worthwhile.

However, more importantly, the Nine Divine Warriors sacrificed themselves to forge the tablet.

The value of the tablet was far more than of the Yin Yang Tai Chi wings.

The stone tablet was gently drifting in the air, and one after another, the auras penetrated through the tablet, turned into nine silk threads and extended towards Su Yu.

These were the great auras of the Nine Divine Warriors. They were extradited from the stone tablet to refine Su Yu.

Who else in the world could refine what the Nine Divine Warriors had forged?

Su Yu stared without batting an eyelid. His breathing got a bit heavier.

Luzhu was completely mesmerized as she stared at the stone tablet.

However, at this moment, a dark, giant claw suddenly came out of nowhere and struck on the stone tablet.

Boom!

The stone tablet rumbled and vibrated constantly, the threads of auras putting up resistance.

However, under the giant claw, the drifting tablet was actually being pressed down slowly.

Su Yu and Luzhu were taken aback. The stone tablet that could suppress the heavens was losing its resistance!

Looking along the giant claw and up, they suddenly found out that above the stone door, there was a giant snake-like creature with a long body and black scales.

It exuding a horrifying aura that could stun the gods. After one look at it, Su Yu’s heart began to beat wildly.

This feeling was even more terrifying than facing the Demonic God of Six Paths.

Su Yu only had this feeling before when he faced the Giant of the Bitter Sea.

Even more shocking to Su Yu was that the head of this snake-like behemoth was the head of a dragon.

In other words, this was a... Real Dragon!

In fact, it was a God-level Dragon!

A long time ago, Su Yu had seen divine dragons. Even if it was a prospective deity, a drop of divine dragon blood was more refined than that of any other mature deities.

According to the Evil God, a divine dragon was a being above most other live spirits and was inherently proficient in the ways of heaven and earth.

It was precisely the reason why it was able to suppress the stone tablet.

Furthermore, the dragon in front of him was obviously not just an ordinary dragon, but a supreme being that was comparable to the Giant of the Bitter Sea!

At this moment, the dragon's dark red eyes stared at Su Yu quietly in the darkness.

It felt as if the supreme master of the universe was looking at an ant.

As the dragon looked at him, Su Yu became paralyzed and his body was out of his control.

Su Yu was desperate. He bit his own tongue, and the sharp pain jolted him out of the paralysis and grounded him.

"Come on, let's go!" the moment Su Yu regained control of his body, he grabbed Luzhu and escaped without even thinking.

As for the stone tablet, Su Yu could not care less about it.

Swoosh!

Taking a few breaths, Su Yu hurried out of the vicinity of the stone door and flew quickly towards the exit of the fissure.

His Five Elements divine powers were turned to the extreme, transforming into a water element and using its power to propel them forward.

Su Yu knew that the slightest attack by the black dragon would be fatal to them!

The black dragon stood on the stone door, and its dark red eyes turned slightly and locked onto Su Yu's faraway figure as it slowly and indifferently forming a trace of killing intent.

He gently let out a breath through its huge nostrils.

Suddenly that breath turned into a little grey flame the size of a nail.

As Su Yu was attempting to flee away, the Divine Nine-Dragon Cauldron in his mind trembled with madness and issued a rare pressing warning.

Su Yu looked back and shuddered.

Wasn't that the grey flame they saw before, the one that melted a deep hole into the ground?

That turned out to be Dragon Breath!

Chapter 1305: World Annihilation Dragon

The dragon's breath sprayed out, and nothing was spared. The tomb guardian eggs along the path were all reduced to ashes.

Even the leader of a tribe could hardly handle these flames, much less Su Yu.

Without hesitation, Su Yu sacrificed a large piece of golden wreckage, which was a fragment left over from the day the Golden Flames Forbidden Wooden boat was forged.

With a spin of his palm, the pieces condensed into a wall behind Su Yu.

Almost at the same moment, another streak of Dragon Breath was sprayed on the wall.

Psst!

In a moment, the Golden Flames Forbidden Wood, the famous forbidden wood, melted away under the Dragon Breath!

The water of the Bitter Sea had failed to disintegrate the Golden Flames Forbidden Wood, but the breath of the dragon was even more potent.

However, be gaining a second, Su Yu managed to yell, "Domain of Life!"

A group of turquoise rays, centering on Su Yu, radiated out a hundred feet to the surrounding area.

The dragon breath struck again, seemingly wanting to turn Su Yu and Luzhu into flying ash.

However, Su Yu managed to restore both of them to life as soon as they became ashes.

"Come on, let's go!" Su Yu pulled Luzhu with him, dashing away like mad.

The Dragon's breath was chasing after them very closely and immediately caught up with them. It turned the two of them into ashes once again.

With the assistance of the Domain of Life, the two were restored again.

The dragon's breath gradually weakened.

The Black Divine Dragon stood by the stone gate. Its dark red blood eyes flashed cold. It raised its huge claws and tried to reach Su Yu across the air.

Click!

Some kind of loud noise came from within the Divine Nine-Dragon Cauldron. The carved emerald dragon on the Divine Nine-Dragon Cauldron issued a soft groan!

The aura of the Domain of Life around Su Yu was now like a candle in the wind. It suddenly disappeared!

The Demonic God of Six Paths would never be able to destroy the Domain of Life, let alone make the dragons on the Divine Nine-Dragon Cauldron perform strange sounds!

Su Yu had no time to think, as the remnants of the dragon breath were looming.

Without the Domain of Life, if they were to come in contact with the dragon's breath, they would die!

"Alter space and time!" At the critical moment, Su Yu used one of the special items that he had with him.

Time, space, soul. The three heaven and earth supreme powers merged into one and engulfed the dragon's breath.

The dragon's breath that was just about to come in contact with Su Yu was suddenly embroiled in the rest of time and space. It not only settled down but actually disappeared from view.

However, at this moment, the Black Divine Dragon's eyes flashed with killing intent. The strength of the dragon was massively overwhelming, so how could Su Yu possibly resist it?

The alternate time and space were instantly shattered!

This was the first time that the skill of space, time and soul had been broken.

The dragon's claws shattered the alternate universe and went straight for Su Yu.

Su Yu was horrified. The alternate space and time spell could be broken with one dragon claw! The power of it was terrible.

"Nine Emperor Shroud!" Su Yu shouted and took out the shroud.

The shroud swelled and wrapped the claws of the dragon.

How powerful was the shroud that had been stained with the blood of the Nine Heaven and Earth Emperors? Everything it wrapped would be turned into blood by the great thoughts of the nine emperors.

However, the dragon's claws easily tore this sacred item!

The dark dragon claws seemed to contain a massive amount of Great Way, breaking through all obstacles that Su Yu had set up.

At this moment, Su Yu felt the terror of looming death.

Boom!

The Nine-Emperor Tablet shook suddenly, and the engraved text was completely separated from it. It was then imprinted on the black claw of the Black Divine Dragon.

Psst!

Suddenly, the black claws of the Divine Dragon seemed to be blasted with boiling oil, emitting black smoke.

Roar!

The Black Divine Dragon roared and immediately retracted its claws. Its dark red eyes displayed monstrous resentment and hatred: "The Nine Emperors of God's Land! You have trapped me and my master for hundreds of millions of years, and I want you to die now!"

Roar!

With another loud howl, the Black Divine Dragon forcibly sought to rip off the text of the heavenly book.

Taking advantage of the help of the Nine-Emperor Tablet, Su Yu fled immediately!

"The ant that steals the Great Way, don't you dare flee!" The Black Divine Dragon opened its mouth and roared. A piece of rusty black debris cut through the void and headed for Su Yu.

Su Yu didn't look back but felt a tremor all over as if there was something immensely terrible that had locked on him.

The Yin and Yang Tai Chi Wings dormant in his body seemed to feel Su Yu's terrible crisis and decided to self-activate.

Whoosh!

A pair of black and white feathers three feet in length suddenly unfolded behind him.

The Tai Chi symbol intersected by black and white was suspended above Su Yu's head. At first glance, Su Yu was wrapped in a two-color divine light of yin and yang, much like a god.

Zip!

With a pair of wings, Su Yu suddenly felt that the yin and yang of the heavens and the earth were reversed and everything was turned upside down.

The next moment, Su Yu appeared directly above the veins outside the crack!

This... Su Yu was stunned. It took five full days to walk through the crack before finally reaching the tomb.

However, in a moment's time, he left the tomb and returned to the outside world?

This was beyond the power of gods, for no one could ever attain such speed!

Recalling the moment when the wings moved, Su Yu now understood the true meaning of the Yin and Yang Tai Chi Wings.

It could shuttle one through yin and yang, one step moving through a billion miles.

"You... how did you come out?" On the edge of the deep pit, General Hu stared at Su Yu in horror, looking unbelievably astonished.

At the request of the Mermaid Emperor, he waited secretly for him at the edge of the pit.

The Mermaid Emperor said that if Su Yu managed to stay alive, he would definitely return in ten days.

However, it was only the fifth day when he actually did come out.

Even stranger was how he managed to exit the pit. General Hu had failed to notice how he did it.

Su Yu glanced at him but had no time to pay attention to him. The feeling of being locked on by a supreme being of heaven and earth had not dissipated.

With a mental effort, Su Yu tried to control the Yin and Yang Tai Chi Wings, and once again launched an alternate time and space.

Once the idea was conveyed, the Yin and Yang Tai Chi Wings began to absorb the power of Su Yu God Source Origin once more!

However, unlike a mere sip of his Divine God Source Origin previously, they were now seeking to absorb all Divine God Source Origin from all sources!

Su Yu was startled. Without the nourishment of the Divine Power, his Divine God Source Origin amount would most definitely shrink!

However, there was no time to think about it. As soon as the Yin and Yang Tai Chi Wings were launched, the yin and yang rebellion again appeared, and Su Yu had the feeling of being upside down again.

The next moment, Su Yu appeared in an unknown wasteland.

However, what frightened him was that, despite two consecutive billion-space jumps he had performed, the supreme being of heaven and earth was not shaken off.

A sharp sense of crisis haunted Su Yu's heart.

This feeling was stronger than ever.

What was chasing him? Su Yu's heart sank as he stared at the direction behind him.

It was unknown when the Evil God woke up. It said slowly and solemnly: "The Great Path Rules... Su Yu, what taboo did you touch? How could you be locked on by the Great Path Rules?"

The tone of his voice was solemn like never before!

"A dragon, a Black Divine Dragon," Su Yu condensed his thoughts into a few words.

Su Yu's eyebrows rose. A huge black dog the size of a mountain appeared in front of him.

The Evil God rarely manifested himself into reality. This was one of the rare moments.

His huge eyes stared into the direction of the tomb. He seemed to be sensing something and he mumbled through his lips. "Black dragon... black dragon..."

Suddenly, the evil god's eyes opened wide and emitted a horrifying light. His huge body shook uncontrollably, and his voice revealed a great deal of fear: "It's... it's the World Annihilation Dragon! How could it be here?"

Su Yu was secretly shocked. It was the first time he saw the Evil God looking fearful of something!

The Evil God was a descendant of powerful deities and had an extraordinary background. However, at this moment, he was very afraid of the Black Divine Dragon.

World Annihilation Dragon... What was it?

Chapter 1306: The Great Path Rules

However, at the moment there was no time to hesitate. The targeting of Great Path Rules was getting deeper and deeper.

He could sense that thing was sprinting towards him.

Meanwhile, at the Mermaid Tribe, the emperor was in contemplation and his face showed he was in upheaval. He suddenly got up and glanced in the direction of the ancient tomb, his eyes open wide with horror. "The fragment of the Great Path Rules? Does the World Annihilating Dragon actually wield the Great Path Rules? Who does it want to kill that warrants the usage of that power? Is it Su Yu? Impossible. In the face of the World Annihilating Dragon, Su Yu is just an ant. It could either dismiss him or kill him a thousand times over with ease."

General Blackfish and General Li also hurriedly came forward to report that it was raining divine blood.

General Hu was dead!

The two of them were shocked speechless. General Hu simply went to guard the deep pit and waited there. Why did he suddenly die?

The Mermaid Emperor's face became dark and gloomy. "We can only go on with the plan. If we wait for the seal to be broken, there will be no escape from misfortune! Immediately send troops towards the Yaksha Tribe and Frogman Tribe!"

"Yes!" The two did not dare to ask more. The death of General Hu made them feel extremely uneasy.

At the same time, the strong men of the Frogman tribe and the Yaksha tribe all looked towards the spirit vein.

The sudden eruption of the Great Path Rules had shaken them deeply.

Since ancient times, only the Divine Warriors of Heavens and Earth could control the Great Path Rules. Even so, they could only grasp it very marginally.

Following the fall of the Nine Divine Warriors, it had been a long time since the Great Path Rules appeared in the Ancient God Realm.

The appearance of the Great Path Rules had caused a huge uproar.

The news reverberated throughout all the ninety-nine tribes in the Southern Region.

The Great Path Rules had reappeared, hence it was deduced that the power of the Divine Warriors of Heaven and Earth had come back to the world.

While the tribesmen were paying close attention to the Great Path Rules, Su Yu, who was the target of the attack, was facing an unprecedented crisis.

"Su Yu, once the Great Path Rules is locked on, it will not go away unless the target disappears from the world," the Evil God said gravely. "It is especially true for the World Annihilating Dragon, as it is a Dragon God. If it has the slightest tendency to kill, that tendency will not be extinguished, the Great Path Rules will not stop until it is done."

Su Yu's gaze became serious. Things were worse than expected.

With a flick of his hand, Su Yu summoned the Five Elements Mountain and placed it in front of his chest.

At the same time, he also took out the Five Elements Divine Prison.

He had promised the black-green water dragon that after he battled with the Demonic God of Six Paths, he would let it go. However, it kept silent and lay low but had never left Su Yu.

As he was in grave danger now, Su Yu had no choice but to summon it.

However, it was still not enough.

Swoosh!

Su Yu shook the rosary around his wrist and a veiled lady appeared, sitting cross-legged on the ground.

As she perceived the changes in her surroundings, the lady slowly opened her eyes. Her amethyst-colored magnificent pupils could be seen, bursting forth with bright colors.

“Master Su, for what reason do you summon me?” Bi Wanqing straightened her lapels and addressed Su Yu respectfully. There was no arrogance in her demeanor, unlike in the past.

Su Yu said, “How many percent of the Purple-Eyed Demonic God’s Divine Path have you inherited?”

“Ninety-nine percent,” Bi Wanqing calmly said.

Generally speaking, it was very difficult to inherit the whole of the Divine Path. The fact that she could inherit ninety-nine percent was extraordinary.

“Fine. I need you now to help me seek out something.”

“Master Su, please command me,” Bi Wanqing’s eyes brightened up and smiled slightly. She had waited for this moment for a long time.

She wanted to prove to Su Yu that she was not weaker than anyone else was.

“The Great Path Rules!”

Bi Wanqing’s face immediately froze, and her smile slowly disappeared from her face.

Bi Wanqing looked around. She suddenly stared in the direction of the ancient tomb and the pretty face under the veil assumed an expression of shock.

“Those are really the Great Path Rules!” Bi Wanqing whispered.

That extremely prestigious and highly regarded Great Path Rules actually appeared.

As beings whose divine path could pry into all the secrets of the heavens and earth, she and her previous master were no strangers to the existence of the Great Path Rules.

Furthermore, their eyes could see the Great Path Chains that ordinary people could not see.

However, this was the first time she saw... no, it was the first time she heard that the Great Path Rules were being controlled and carrying out someone else’s will.

The target of the killing intent was none other than Su Yu!

“Can you get a glimpse into its essence and its weaknesses?” Su Yu asked.

Bi Wanqing’s spirit sets off waves and she looked fearful. To pry into the Great Path Rules was a taboo for divine paths like hers!

Her previous master had told her many times that there were many taboos in the world, secrets that they simply could not pry into, or they would be punished by the heavens.

However, he had already fallen, and her life had no guidance anymore.

She really wanted to do his last will so she inherited the Purple Eyed Divine Path to be passed down for eternity. That was the only way to surpass her previous master.

Therefore, she wanted to try what her previous master had never tried before and break the taboo.

“Okay! I will give it a try!” Bi Wanqing took a deep breath, and her purple pupils became brighter as they gradually emitted two rays of purple light that penetrated through everything and finally landed on the Great Path Rules.

Barely prying into it, Bi Wanqing’s figure suddenly trembled, and fresh blood dripped from her mouth. Her entire body, from the inside to the outside, was burning with flames that came out of nowhere, setting her on fire.

“I saw it! It was a shard with gold characteristics. Indeed, it was a shard of the Great Path Chain!” Bi Wanqing was on fire, but her eyes were determined.

Su Yu was stunned and said, “Alright, that’s enough, stop!”

“Not, it is not enough. I can continue to pry. Even if these are the Great Path Rules, there are inherent weaknesses.” Bi Wanqing was determined to surpass her master and fulfill his last wish.

At this moment, she was as beautiful as an angel, marching into magnificent flames.

The purple lights from her eyes suddenly brightened up extremely, shaped like two purple stars and lit up the whole place.

Within the heavens and earth, now all hidden secrets had nowhere to hide.

“I saw it! It was a fragment of the chain that was forcibly broken by the World Annihilating Dragon and contaminated with its dragon blood. If we can dissolve the dragon blood...”

As she spoke, Bi Wanqing’s voice stopped abruptly.

She was still talking, but her voice seemed to be disturbed by the Great Path Rules and only she could hear herself.

At the same time, the burning flames around her body suddenly gushed and drowned her in a sea of fire.

When the flames dissipated, only two remaining purple rays remained, gradually dimming.

The Evil God sighed. “The ancients said that death comes when the path smells its end. She had sacrificed her body for the path, which was both respectable and regrettable.”

Su Yu was silent. Reaching out, he held the two remaining purple rays tightly in his palm.

“Phoenix nirvana fire can be used to bring back life. Your martyrdom is only the start of your nirvana,” Su Yu whispered softly. “Come back to life!”

There was an intriguing undulation, and it came from within Su Yu’s palm.

The two diminishing purple rays on his palm were shining again, brightly and majestically, and finally turned into purple light and shadow.

When the purple light dispersed, a moving and graceful body reappeared in front of Su Yu.

Witnessing the scene with his own eyes, the Evil God opened his eyes wide.

“Is this the power of the Great Path Rules?” The Evil God asked in awe.

The dead could not be resurrected, and the yin and yang could not be reversed.

If it happened, the Great Path Rules must have been altered.

He had followed Su Yu for a long time, but never actively tried to find out his secrets.

However, his actions today shocked him so much that for once he could not be bothered regarding the existence of the World Annihilating Dragon.

Even though Bi Wanqing was resurrected, she fell into some kind of deep sleep, and many tiny rays of light continued to emerge from her eyes.

Su Yu smiled slightly. “Congratulations, you have transcended the Purple Eyed Demonic God, and your divine path has entered a new realm.”

The Buddha’s light flashed, and Bi Wanqing was brought into a quiet recuperation.

The next time she showed up, she would be on a completely new level.

Su Yu looked in the direction of the Great Path Rules again, and murmured softly, “The fragment of the chain is contaminated with the blood of the dragon...”

Suddenly there was a hint of hope in Su Yu’s heart.

If he succeeded, there was still a slight hope of survival.

“Milky Way Star Sand!” Su Yu exclaimed. The light of Star River in the palm of his hand broke away from his body and turned into the Milky Way, surrounding him.

Stripping away the blood of the World Annihilating Dragon was the only way to survive.

If the Five Elements Mountain together with the Five Elements Divine Prison could block the Great Path Rules for a moment, the Milky Way Star Sand could give it a shot.

However, this was still far from enough.

Su Yu’s thoughts flashed across his mind and a mighty figure appeared behind him. It had black hair and dark eyes and looked scornfully at everything.

Immediately after that, another mighty figure rose up behind him. One half of a body appeared in various colors. The figure had a red head, a purple hand, an emerald chest, a white right leg, and a black sole.

However, it was not over yet. Behind it, there was another looming figure. This time it was a complete figure brimming with the Strength of Five Elements.

Luzhu was astounded. “Three types of divine paths? Oh heavens, how have you realized three types in a single body?”

She had never heard of someone possessing three divine paths at the same time.

The second divine path that appeared was the strangest of all of them.

It only had the right half of its body. However, every single part of it oozed a strong sense of divine path, as if any of those parts could represent a kind of divine path.

After the preparations were done, Su Yu took out the Demonic God Cage again.

After he activated it, the souls that had their divine intellect erased all rushed out.

When all this was done, he could sense that the Great Path Rules were getting closer.

Su Yu closed his eyes slowly. At this moment, he felt that although the world was vast, he was isolated from everyone everywhere.

That little piece of chain fragment seemed to contain the supreme idea that bound the world together.

No one could save him.

Not Yun Yazhi, not the Evil God, no one.

Only he could save himself.

The howling wind stopped.

The clouds stopped.

The river flow stopped.

The Evil God, Luzhu, they stopped as well.

The whole world stopped.

Time was still.

This was the Great Path Rules. It was all-encompassing and contained all the mysteries of heaven and earth.

Under the rules, the will of any soul was futile.

However, Su Yu moved.

A pair of deep, penetrating eyes running through the Star River opened slowly.

The moment they opened, a touch of white and red, yellow and blue, black and purple... many, many different-colored fragments shot towards Su Yu from over hundreds of millions of miles.

At the place where it appeared, the world was at a standstill as if it was the only being in the whole universe.

No one could say what it looked like. It seemed like a fragment of a chain, but upon a second look, it seemed like a whole world. If one continued to look at it, it seemed like the whole galaxy.

This unparalleled and indescribable supreme matter of the world shot at Su Yu.

Su Yu's eyes were purple with the force of time urging him to take a step forward in the still space-time dimension.

“I possess the rule of time too!” Su Yu murmured, pointing his finger at the Five Elements Mountain that was standing still.

The Five Elements Mountain revolved for a while and settled on the ground, in front of Su Yu’s body.

The fragment of the Great Path Rules turned a blind eye towards it and continued to shoot forward.

Poof!

Facing the fragment, the Five Elements Mountain was penetrated directly as though it were made of smoke.

Boom!

There was a loud noise, and the Five Elements Mountain turned into a pile of dust!

Chapter 1307: The Body of the Dragon

The Five Elements Mountain was destroyed!

The fragment of the Rules continued to strike, and this time, it penetrated the Five Elements Divine Prison!

Boom!

Another loud explosion was heard as an emperor-based saint artifact, the Five Elements Divine Prison, was shattered as well!

Without any more obstructions, the fragment of the Rules went straight towards Su Yu.

Su Yu took a deep breath, triggered his thoughts, and the spirits he had summoned earlier came in front of him to shield him.

Poof!

Instantly, the spirits were also penetrated by the fragment of the Rules and reduced to dust.

Su Yu’s eyes shone, and three great mighty figures behind him stepped forward.

The five-colored transparent ghostly figures represented Su Yu’s Five Elements Divine Path.

The dark-haired, black-eyed figure represented Su Yu’s Defying Divine Path.

The colorful figure with only half a side of its body represented Su Yu’s various realizations of The Divine Nine-Dragon Cauldron.

The three figures stood in a line, straight in front of Su Yu.

The Great Path Rules struck and easily penetrated the ghostly figure of the Five Elements Divine Path, causing it to shatter completely on the spot.

Su Yu belched and spewed out blood from his mouth. The Five Elements Divine Path he possessed was destroyed!

The fragment of the Rules did not waste another moment and slammed into the dark-haired and black-eyed figure.

It wanted to strike it as it did to the Divine Path before, but was unexpectedly held back by a rebellious obstruction that actually managed to stop it in its tracks for a while.

After a short while, the fragment of the Rules ultimately penetrated it.

Su Yu once again spat out his blood essence, his face now pale as paper.

The Defying Divine Path was also ruined!

Finally, the fragment of the Rules bombarded the colorful figure.

At the moment of the bombardment, the colored figure with only half of its body had five-colored light circulating speedily around it.

The power of time, the power of space, the power of the soul, the power of life, the power of death, all the five supreme powers of heaven and earth circulated together.

The fragment of the Rules almost stopped and could only slowly penetrate into the body of the colored figure.

Su Yu flashed forward, and the large piece of Star River in front of him flew over and wrapped the fragment of the Rules in it.

Using powerful separation force, he stripped away the blood of the World Annihilating Dragon that contaminated the Great Path Rules.

A trace of bright red blood could be seen oozing out very slowly from inside of the fragment of the Rules.

The difficulty of stripping away the blood from the fragment was comparable to stripping the blood of the Giant of the Bitter Sea.

The difference was that Su Yu was running out of time now!

After about ten breaths, the fragment of the Rules successfully penetrated the colored figure as well.

The last Divine Path was also shattered.

However, only a trace of the blood of the World Annihilating Dragon on the chain of the Great Path Rules was extracted!

Su Yu was reluctant to give up and his heart was pounding.

After coming so far, how could he bow his head and give up now?

“It’s not over yet!” Su Yu roared, unwilling to resign to his fate.

“So what if it’s the Great Path Rules? I will destroy all those who want to kill me, even if it’s the Great Path Rules!” Su Yu’s left eye became purple, his right eye turned red. His pupils were white, his left palm was emerald and his right palm was black.

Su Yu looked very similar to the mighty figure with half of a body just now.

The difference was that Su Yu had a complete body at this moment.

“With time-space as king, life-death as emperor, the soul shall reign supreme!” Su Yu bellowed, and the five different powers of the Divine Nine-Dragon Cauldron were all activated together for the first time.

Suddenly, Su Yu’s whole body was emanating five different colors. Many indistinct shadows of the Chain could be faintly seen surrounding Su Yu’s entire body.

The Evil God and Luzhu held their breaths.

“The Chain of the Rules!” The Evil God’s gaze trembled. The Chain of the Rules was a celestial phenomenon that could only be triggered by the Divine Warriors of Heaven and Earth. It had now miraculously appeared on a junior who had not even reached the level of the gods.

The five forces of Su Yu were the supreme powers of heaven and earth closest to the Great Path Rules.

It was possible for the five forces to come together and resonate with the Great Path Rules.

“The Time Rule!” Su Yu exclaimed, and the purple light suddenly became brighter and shone in the most brilliant manner.

One of the Chains of the Rules surrounding Su Yu’s whole body vibrated for a moment. Responding to Su Yu’s exclamation, it flew out and hit the approaching chain fragment.

Ding!

There was a light sound as the two came into contact with each other.

The fragment of the Time Rule summoned by Su Yu was easily crushed and dissipated into nothingness.

It was all because the Chain of the Rules triggered by Su Yu was too weak.

The chain fragment, though broken, was nevertheless still powerful.

However, the incoming fragment was held back for two breaths.

Taking this opportunity, the Milky Way Star Sand managed to draw out another trace of the World Annihilating Dragon’s blood.

“The Space Rule!” Su Yu, without a moment of hesitation, shook the Chain of the Rules and bombarded the incoming fragment.

Again, it successfully blocked the fragment for two breaths and another trace of the World Annihilating Dragon’s blood was drawn out.

“The Soul Rule!”

“The Life Rule!”

“The Death Rule!”

Every time Su Yu sacrificed one rule, it obstructed the incoming fragment of the Rules, allowing him to remove a trace of the divine blood.

Compared to the very beginning when it shot forward, firmly locking on Su Yu, the chain was now wavering, and the lock on Su Yu actually became loose!

As Su Yu was continuously drawing out the divine blood of the World Annihilating Dragon, the dragon back at the ancient tomb also lost its precision in controlling the Chain.

However, the five rules had been exhausted.

The fragment of the chain was no longer stopped by anything and penetrated Su Yu's body.

At this moment, the world became silent.

The Evil God's eyes were flooded with hot tears, while Luzhu covered her face.

After all, Su Yu eventually still failed.

The Great Path Rules were finally triggered and fought against the power of the incoming Rules.

Ultimately, however, it still failed.

The Great Path Rules passed through its body and annihilated the Star God. All the auras that existed in the world seemed to be erased.

"Evil God." Su Yu's mouth was covered with blood and his body shook. He did not even have the strength to turn his head back. The moment the Great Path Rules penetrated his body, Su Yu felt that he had lost everything.

"I hope you can help me pass a message to Yun Yazi."

Evil God was full of grief and indignation. It was as though he was witnessing the former Star River being wiped out by the World Annihilating Dragon with the Great Path Rules in its mouth, exterminating one Star River's leader after another.

He could only hide in a drop of divine blood, watching familiar people pass away one after another.

Now, even Su Yu could not escape such a fate.

"Speak," The Evil God lifted its paw and wiped its eyes.

Maybe this would be the last time in his life that he would see Su Yu.

Soon, he would disappear from the face of the earth.

"Tell the old man that I have let him down," Su Yu sighed softly.

The Evil God nodded with tears falling down. "Rest in peace."

Su Yu closed his eyes slowly as he entered into a peaceful state.

Although he had some regrets along the way, his life was nothing short of amazing.

He still owed Xian'er and Xia Jingyu a future...

Boom!

With a loud bang, Su Yu turned into ashes.

His aura, and everything else about him, were erased from the world completely.

Other than the memories and legacy he left behind, Su Yu ceased to exist.

“Wooooo!” Evil God raised its head as tears were running down its face, and a long and desolate howl escaped him.

In the silent space-time, the lonely howls of a dog sent Su Yu off into the afterlife.

However, right at this moment...

At the place where Su Yu was turned into powder, five palm-sized dragons, purple, red, white, green, and black, respectively, flew out from the ashes.

They intertwined with each other, and crystal clear light spat out of their mouths.

Within the light, a quaint little cauldron gradually appeared.

The little cauldron had an ancient aura as if it came from a long-gone era.

Furthermore, a hint of mysteriousness was circulating around the cauldron.

Su Yu’s ashes were slowly gathered within the little cauldron.

The fragment of the Great Path Rules seemed to have sensed something and rushed towards the cauldron.

However, on the little cauldron’s body surface, nine carved dragons were resurrected, flying around each other, twining the incoming fragment of the Rule and dragging it into the cauldron.

As the Evil God was still wallowing in sorrow, it suddenly stared at the little cauldron with narrowed eyes.

It even forgot about Su Yu’s death and the sorrow he felt. He stared at the little cauldron without blinking and then murmured, “Heavenly Law saint artifact, The Divine Nine-Dragon Cauldron... this, this...”

Buzz buzz buzz!

There was a violent tremble, and a bunch of milky-white blood was spouted out from inside The Divine Nine-Dragon Cauldron, with the ashes of Su Yu and a fragment of the Chain of Rules.

The three matters were tossed into the air and merged into one.

The milky-white blood emitted a warm and soft light as it formed a body.

From the bones to the veins, to the internal organs and to the skin, every inch was remade.

The ashes were integrated into every single cell of the body, leaving nothing behind.

The chain fragment was deeply embedded in the heart...no, it actually took over as the heart!

That Chain of the Rules directly became the heart.

When the skin of the body and the facial features gradually became clear, the Evil God and Luzhu stood rooted to the ground until they managed to overcome their emotions and showed signs of ecstasy.

Su Yu!

That was Su Yu!!!

The Divine Nine-Dragon Cauldron sucked the blood of the World Annihilating Dragon from the Chain of the Rules and sculpted the body at the cost of the dragon blood.

Using Su Yu's ashes as the foundation, the blood blended into the body.

Then Su Yu's heart was replaced with the Chain of the Rules.

This was not just a simple rebirth, but a whole new Nirvana!

Suddenly a gust of wind blew through. Su Yu opened his eyes slowly and looked confused.

"I'm still alive?" Su Yu muttered as his consciousness was restored.

Suddenly, Su Yu stared at the little cauldron in front of him, and his pupils contracted gradually.

"This is...the Divine Nine-Dragon Cauldron!"

He had only seen it within his soul before. This was the first time he had discovered that the Divine Nine-Dragon Cauldron had materialized.

Roar!

From within the Divine Cauldron came the roars of the nine dragons. Then, the cauldron rotated and submerged into Su Yu's head.

Su Yu looked inward and saw the divine cauldron was entrenched in the center of his soul, just like before.

"Did the Divine Nine-Dragon Cauldron save me?" Su Yu immediately realized that and was both surprised and elated.

The Evil God wept with joy, its huge body shaking, and laughed while trying to hold back its tears. "Give me back my dog tears!" he demanded.

Su Yu froze. When he saw the tears at the corner of its eyes, his heart felt warm and he reached out and patted the dog's paw. "Yeah, indeed, I owe you a few drops of dog tears..."

However, the moment when Su Yu touched the dog's paw, there was a sudden weird change.

Su Yu's palm was suddenly covered with dark dragon scales, and the entire arm turned into a terrifying dragon paw.

The moment he made contact with it, the Evil God screamed, opened his mouth and spat out dog blood, and its huge body flew away as if someone had kicked him.

As the Evil God was sent flying upside down, he yelled in agony, "Dam, what happened to you?"

After smashing through countless mountain chains, Evil God crawled out of the ruins, coughed up a few mouthfuls of blood and stared angrily at Su Yu. In the end, the Evil God was stunned and exclaimed, "World Annihilating Dragon!"

Su Yu's body was quickly covered with black scales, and his whole being was turned into a thirty-foot-long black dragon in a short period of time.

It was not as huge as the World Annihilating Dragon, but the appearance was very similar!

Su Yu was stunned as well and immediately made a switch in his mind. The scales on his body then quickly receded and his human form was restored.

“This is... Dragon Form Technique?” Su Yu frowned.

He had practiced the Dragon Form Technique before. By using the dragon’s veins in his body as the foundation, he could transform into a golden dragon, but the power was only comparable to Level Four Mortal Fairy.

However, right now, quite unexpectedly, he had transformed into the form of the World Annihilating Dragon and even nearly smashed Evil God to death with one swipe of his palm!

Suddenly, Evil God said in a shocked manner, “Could it... could it be that you have broken through to the intermediate stage of the Evil Dragon Sacred Body by attaining the body of the dragon?”

Chapter 1308: Black-green Water Dragon

The first stage of the Evil Dragon Sacred Body was the body of the early stage dragon. At this stage, the highest level one could attain was the body of the nine dragons.

The second stage was the body of the divine dragon that was mentioned previously by the Evil God.

At that point, most of the body would be sculpted with divine dragon blood!

Moreover, the body sculpted by the Divine Nine-Dragon Cauldron was far more stable than those formed by artificially adding the divine dragon’s body parts to the sculpted body.

The newly sculpted body would be without any hidden weak points.

Just like that, Su Yu attained the body of a divine dragon and all of it felt like a dream to him. It was incredible.

As he clenched his fist, an amazing power came from within his hand. Even without the usage of his divine powers, Su Yu could blow away ordinary deities with a swipe of his palm. If he transformed into the World Annihilation Dragon, he could easily kill ordinary deities without breaking a sweat.

Not only that, but his five senses had also become extremely keen. With just a sweeping scan, he could sense all the subtle movements of the billions of trees and ripples of water in the mountains and rivers.

Such a powerful and overwhelming perception was impossible for ordinary deities to achieve. He had hardly dared to dream of achieving it himself.

Not only did he escape death, but he also attained the body of the divine dragon!

Evil God was stunned. His jaw dropped, and he gritted his teeth in envy. “What the... in the forgotten past of the Ancient God Realm, very few could cultivate to the stage of attaining the body of the divine dragon... not even I could do it. You got lucky this time!”

Su Yu smiled and asked what happened during the short period that he was dead.

After learning that the fragment of the Rules was also integrated into his heart, Su Yu was startled. He immediately looked within his body and was taken aback.

His mortal heart had disappeared and was replaced by a rusty chain fragment. The blood circulation of the whole body now passed through the chain fragment.

Evil God's eyes portrayed a deep sense of envy. "You are so lucky that you cannot stop it even if you want to! You are integrated with the Rules and just need the blood vessels to be irrigated day and night so that the power of the Rules will flow within your blood. Once that is done, any random punch you make will carry the Great Path Rules with it!"

"Even at this stage, it has a great effect on the five supreme powers you have cultivated. If you don't believe me, you can try it yourself."

Su Yu's heart moved. The power of time, the power of space, the power of the soul, the power of life, the power of death, all the five powers were exhibited one by one.

Su Yu was surprised to find out that using any kind of power alone could trigger the appearance of the Chain of the Rules!

"Didn't I tell you? These five kinds of powers, no matter how you utilize them, will activate the Great Path Rules, and it will have a bonus effect when you execute them. In this manner, your five kinds of supreme forces cannot be easily broken now," The Evil God said as he turned red with jealousy.

It was true that although the five forces had not evolved to reach the power of the Rules, they were far stronger than in the past.

If any adversaries encountered Su Yu again, it would not be so easy for them to break away from Su Yu's power. His capabilities were on a whole different level now.

Moreover, according to the Evil God, the benefits had only just begun. After this, the fragment of the Rules within his heart would be rinsed day and night. The power of the Rules would be integrated into Su Yu's limbs and bones, allowing him to destroy his enemies at any time with the power of the Rules.

The magnitude of this harvest was unimaginable.

Suddenly, Su Yu's heart moved.

The three mighty figures emerged from behind him, and Su Yu's expression became very happy.

The ghostly figure of the Five Elements Divine Path suddenly solidified. This was a sign of completion for the Five Elements Divine Path!

The powerful figure with black hair and dark eyes seemed very real. He could even feel the breath emitted by the powerful figure, which was a sign of completeness of the Defying Divine Path!

The colorful figure previously only had half a body. The other half was now visible, albeit a little transparent.

"Wow! Even the Divine Paths have also been materialized!" Evil God exclaimed. Every kind of Divine Path was cultivated through countless days for a long period. It would take a whole lifetime to complete one kind of Divine Path.

However, Su Yu easily completed three kinds, even the Defying Divine Path which had reached a complete state!

In theory, as long as Su Yu ignited the Defying Divine Path, he could advance to the level of early-stage prospective deity!

Su Yu laughed out loud. "Getting destroyed by the Chain of the Rules really has an unimaginable tempering effect."

He resisted the fragment of the Rules with three kinds of Divine Paths and never thought that there would be such a great gain at the end!

Now the fragment of the Rules was integrated into him. Wouldn't the materialization of Divine Paths be exponentially increased?

He stared at the Defying Divine Path. Su Yu did not intend to ignite it. If he succeeded in the divine position now, it would be equivalent to giving up the Five Elements Divine Path and the even more important Five Colored Divine Path.

"I wonder what kind of situation will arise if I ignite several kinds of Divine Path at the same time," Su Yu pondered and longed for it to happen.

The harvest this time was great, but there were two things that Su Yu lost, which caused him immense regret.

The Five Elements Mountain and the Five Elements Divine Prison.

The Chain of the Rules had smashed them to smithereens.

The Five Elements Mountain, which had helped Su Yu a lot, was gone just like that.

Su Yu looked at the Five Elements Mountain, which was shattered into pieces. Suddenly, his gaze was captured by something else. He hurried over and grabbed something from the pile of ruins.

Looking at it carefully, he saw it was a golden key!

"This... was in the Five Elements Mountain?" Su Yu was a little surprised. He had possessed the Five Elements Mountain for so long, but this was the first time he learned that a key was hidden within the mountain.

This key had exactly the same kind of aura as the Five Elements Mountain. There was no difference.

"Strange. Why didn't Gang Dalei's mother tell me? Did she deliberately hide it from me?" Su Yu's mind was in a whirl, but he stayed calm and kept the key away.

He turned his gaze around and swept towards the place where the Five Elements Divine Prison was destroyed.

It was also smashed by the fragment of the Rules, leaving a pile of dust behind.

Stomping with the soles of his feet, he set off a gust of wind, blowing away the dust of the Five Elements Prison. Under the dust, a fist-sized transparent amber was exposed.

Inside the amber, many strangely shaped live spirits with terrifying auras could be seen imprisoned within.

Their bodies were radiating strong demonic auras, which was enough to reveal their identities. They were extremely powerful demon gods!

They numbered in the hundreds and were in a half-dead state. They were forcibly sealed inside the amber and could not move at all.

Even so, Su Yu could feel their terrifying and ferocious auras, and a few auras could even match the Giant of the Bitter Sea and the World Annihilating Dragon!

“What the hell is this thing?” Su Yu was taken aback. “Evil God, do you know about this?” he asked.

The Evil God shook his head and said, “I have never seen it. Despite my knowledge of the whole Star River as well as the Heaven and Earth, I have never even heard of such a thing.”

“But...” The Evil God stared at the amber and said, “I guess that this is the seal of a Divine Warrior. It was used to seal some strong spirits in it.”

Seal? Su Yu’s heart froze. Recalling that this thing was hidden in the Five Elements Divine Prison, he had certain speculations.

Suddenly, Su Yu and the Evil God looked at each other at the same time and saw the astonishment in each other’s eyes. They uttered together, “Demonic God of Six Paths!”

In the amber, they could faintly feel the power of the Demonic God of Six Paths!

“How could it be?” Su Yu thought as his eyes narrowed, slowly and carefully examining the amber.

Suddenly, Su Yu’s eyes fell upon the body of a demon god that was about to dry up.

Looking at it closely, he found that there was a black-green tail in its mouth, and the tail shook from time to time.

Soon afterward, the tail slowly withdrew, revealing its owner—a dragon with a black-green body.

Its mouth was full of milky white divine blood, its tongue was greedily licking away, and its pair of sly eyes rolled around slowly.

Then, it crawled into the mouth of another demon god, sneakily stealing the divine blood and divine path of the demon god.

The power of the Demonic God of Six Paths was radiating from its body.

The power was concentrated in its two claws, which it used in order to open the mouth of the demon god. Otherwise, considering the weakened spiritual state of the black-green water dragon, it was impossible for it to overcome the demon god’s body.

It was completely unaware that at this moment, because the Five Elements Divine Prison was destroyed, each one of its movements could be clearly seen from the outside.

An icy smile appeared at the corners of Su Yu's mouth. "Oh, no wonder it has been silent for so long. Turns out that during the last encounter, it stole the power of the Demonic God of Six Paths to contrive against these demon gods' bodies."

If the Five Elements Divine Prison were not destroyed by the Great Path Rules, Su Yu would still be kept in the dark!

"From the very beginning, this water dragon has never harbored any good intentions, and now it is still hiding from me to devour the bodies of the demon gods. It is extremely cunning indeed!" Su Yu's smile grew colder and colder. "It is time to settle this once and for all with this water dragon!"

Su Yu held the amber in his hands and closed his eyes slowly.

Suddenly, the amber vibrated violently, and a force forcibly dragged out the water dragon that had penetrated into the body of a demon god.

The black-green water dragon was shocked. It looked around, kept on muttering something and tried to control the amber, stabilizing its form.

The Evil God was secretly surprised. "This... is the dragon contending for control?"

The black-green water dragon seemed to grasp what was happening and stared fiercely at the outside world. Its control became more and more firm and he quickly stabilized.

There was a faint smile on Su Yu's face. Over the years, he had not been slacking in studying the demonic characters. He had learned more than 700 characters, almost half of them.

As for the black-green water dragon, it obviously did not have the advantages of education that Su Yu had.

A mighty force suddenly dragged the black-green water dragon out almost entirely.

The black-green water dragon was horrified and tried to regain control, but got angry because compared with Su Yu, his control of the amber seemed insignificant!

Swish!

There was an uproar, and the black-green water dragon was fully squeezed out of the amber.

"This is mine!" the black-green water dragon roared sharply. Its body transformed and became as big as thirty feet. It bit at the amber, wanting to take it back.

Su Yu smiled slightly, and with a flick of his fingers, the amber obediently returned to Su Yu's palm. "You are wrong. It is mine."

The black-green water dragon roared, "Impossible! Since when do you have more control over the amber than I do?"

"Since a long time ago," Su Yu shrugged.

The black-green water dragon had a somber look across his face. "Su Yu, you and I have no animosity between us. Return the amber to me and we will part ways!"

Indeed, they had no conflicts, if one did not count the time that the dragon first wanted to plot against Su Yu.

Su Yu said, "First, the amber is mine. I do not have the habit of giving up my possessions to others. Second, if you really wanted to part ways after leaving the demon world, you could have easily done that long ago. However, you drew upon the divine path and divine blood of the demon corpses secretly in an attempt to give yourself a boost. It does not seem like you want to part ways after all."

The black-green water dragon's heart sank. Indeed, it had stayed behind with ill intentions.

Chapter 1309: The Mystery of the Ancient God Realm

First, Su Yu knew his secret. Second, Su Yu had mastered the Five Elements Mountain of the Frosted Dragon, and he wanted to take it back.

Alas, Su Yu actually discovered his plan. What made him even angrier was that Su Yu secretly took away the control of amber from him.

This underhand method of disrupting his plans was not pleasant; it made the black-green water dragon even more annoyed.

"Su Yu, I advise you, don't look for death! What is mine today will always be mine!"

The black-green water dragon said coldly.

Su Yu looked indifferent. "Oh? Really? Maybe you should try a little harder."

The black-green water dragon glanced at the Evil God with a little bit of fear in his eyes and swept around vigilantly. He was making sure that there was no chance of an ambush. Only then did he reveal a trace of fierceness in his eyes. He gave a smirk. "Yes, I originally planned to recover for a good period of time before coming out to find you and settle our scores. However, since you are now looking for death, don't blame me for granting your wish. "

With a mighty roar, the black-green water dragon crashed into Su Yu.

He was different from the former bodiless soul. The black-green water dragon had restored his body and reached the realm of deity.

In his opinion, there was nothing difficult about killing Su Yu, who was an ant in his eyes.

However, when he was about to strike, he saw Su Yu giving a strange smile.

"Dragon Form Technique!"

Roar!

A true authentic dragon road stretched between heaven and earth. Su Yu was suddenly covered with a layer of dark scales, and his body quickly turned into a dragon body.

He was now in dragon form. The black-green water dragon was immediately able to comprehend the situation that he faced. He exclaimed on the spot: "True dragon!"

What terrified the black-green water dragon even more was the strange smell that came off this black dragon. Somehow, it made the black-green water dragon tremble involuntarily and he looked extremely frightened.

What... what was going on?

In the current battle, one black, one green-inked, and one snake-dragon collided in battle.

The black-green water dragon reacted, gnashing his teeth. He decisively struck first. A faint cyan mottled dragon claw headed straight for Su Yu's neck.

Su Yu suppressed a faint smile and raised his dragon's claw to take a shot in the air.

Click!

The claws of the black-green water dragon were smashed by Su Yu's claw, leaving him with a bloody broken arm.

The pain he felt made him let out a terrible scream. The black-green water dragon's huge tail had turned into a residual image of his former glory days. This was caused by Su Yu's amazing power.

Su Yu's eyes were calm and his long black dragon tail was also swept away.

Whoosh!

As if it were soft tofu, the tail of the green ink dragon was swiftly chopped into minced meat.

In just two strikes, the black-green water dragon lost his claw and tail.

The two were not at the same level at all!

Perceiving the crisis that loomed, how much longer would the black-green water dragon continue holding up his threats? He screamed loudly, "It's not over!"

"Snake Dragon Real Fire!"

With a bang, a streak of flame spewed from the mouth of the black-green water dragon. The unusually high temperature actually caused Su Yu's dragon scales to feel the generated heat.

Su Yu looked coldly at him and hummed through his nostrils, "Dragon Breath!"

Blowing out from his nose, a bolt of gray flame suddenly flew out straight for his opponent.

Whoosh!

The fire of the Snake Dragon was immediately pushed back by the domineering Dragon's Breath of the real dragon. In addition, the Dragon's Breath enveloped the entire body of the black-green water dragon.

Ah!

With a string of piercing screams, the black-green water dragon was burned by the gray flame, and his flesh had turned into a layer of black charcoal.

Although this Dragon's Breath of Su Yu's did not have the power of the World Annihilation Dragon, it was by no means an easy feat for ordinary gods to bear it.

Su Yu snorted coldly and lifted his claw. He threw it at the black-green water dragon and pinned him to the ground. He allowed him to continue twisting around. However, the black-green water dragon simply could not break loose from his grip.

"Please forgive me... Please forgive me... I dare not, I will not do this, ever again!"

Buried deep within the fire, the black-green water dragon begged desperately.

Su Yu considered this for a moment and said: "Release your thoughts!"

The black-green water dragon struggled for a long time and wanted to play some tricks. However, the gray flame dancing on his body burned hotter and hotter and it was simply a matter of time before it burned him through completely. Thus, he had no choice but to let go of his defense and release his thoughts.

Su Yu spurted dragon's blood from his mouth and entered into the black-green water dragon.

Soon afterward, Su Yu felt that his own dragon's blood had penetrated into the deepest parts of the black-green water dragon's heart.

As long as Su Yu detonated the dragon's blood, it would turn into Dragon's breath, melting him from the inside out.

After this was completed, Su Yu released his claws and withdrew his dragon's breath that lingered out in the open.

Having narrowly escaped death, the black-green water dragon was paralyzed. Weakened by the excessive injuries he had sustained, he fell to the ground, unconscious.

Whoosh!

Su Yu returned to his human form and shook his head. "That was too easy."

The Evil God snorted: "You, boy, are getting arrogant. Now, you don't even give the gods any respect!"

Not long ago, Su Yu was still being chased by several ordinary gods who wanted to kill him.

Su Yu shrugged and placed the black-green water dragon in the Nine Jade Spiritual Pearl.

Regarding information about the amber and key, he would ask the black-green water dragon again in the future.

Having resolved this hidden danger, Su Yu said: "Let's go. The Mermaid Tribe will soon come over."

The Evil God was stunned. "Mermaid tribe? Does Xing River even have this race living within it?"

He froze for a while and looked around. His eyes widened, and he was surprised: "This is not Xing River; where is this?"

Only then did the Evil God realize that he was no longer in the Xing River world.

"Your response is really slow!" Su Yu shook his head silently and said, "This place is... the Ancient God Realm."

The Evil God was stunned. "What do you mean? We were in the Xing River."

Not even Su Yu could turn Xing River World into the Ancient God Realm, could he?

"Wait..." The Evil God, still stunned, looked around. He was looking more and more surprised. "Is this ... the lost Ancient God Realm?"

Su Yu said, "Evil God, what is the relationship between the ancient gods of Xing River and the fallen Ancient God Realm?"

The Evil God looked shocked. “Xing River is the birthplace of the Ancient God Realm. It allowed a high-level civilization of the divine realm to emerge and gave birth to the nine emperors who opened up the world!”

“However, in the distant ancient times, a group of black shadows crossed into Xing River God Realm. A woman of mysterious origin took a black dragon and descended on the Xing River realm. When she came, she ended up destroying the Xing River civilization, and the Nine Emperors fell. They sacrificed themselves to suppress the woman and the Black Dragon.”

The black dragon was the World Annihilation Dragon.

“However, by then, the civilization of the Xing River Realm had been devastated and almost ruined. The strong beings of that era were almost entirely extinct. One by one, the emperors of the heaven and the earth, the deities of the rivers and the gods of the caves, they have all been destroyed. Until now, in the entire galaxy of Xing River, not a single being equals those of the bygone era. This goes to demonstrate the decline of the Xing River.”

The Evil God continued: “However, if this was all, there might still be a chance for the Xing River God Realm to survive. After all, the Nine Emperors of the Heavens and Earth had descendants in this world, and there was still the possibility of them having reproduced. Alas, not long after, another dark shadow descended on the beings of Xing River. After that dark shadow left, we found that more than half of the beings in the Xing River had disappeared!”

“Moreover, most of those that disappeared were the last generation of the Xing River Divine Realm. They were the last hope of the Divine Realm. Therefore, they were then known as the fallen Ancient Gods Realm.”

The Evil God looked around, seeming delighted: “If I guessed right, this is the lost land.”

Su Yu stared at the Evil God and suddenly thought of something. Might the Evil God be one of the Xing River Overlords who survived from that era?

Chapter 1310: Seemingly Familiar

Su Yu did not disclose that he knew about his identity, but instead secretly savored the juicy past of Evil God’s affairs.

“No wonder the World Annihilation Dragon would be here!” The Evil God gazed at him, his eyes full of lingering emotions. Even though he had seen through the past billions of years, he still felt fear deep within his heart. The World Annihilation Dragon was a terrifying being, and nobody who had an ounce of sense would mess with it.

However, as he reflected in retrospect, the World Annihilation Dragon had killed countless overlords of Xing River. Now that Su Yu was in the picture, the Evil God felt very relieved. He could not help but laugh. “I’m sure it had never dreamed that its piece of Great Way Path Rules would be obtained by a mere human like you.”

“In this way, the threat of the World Annihilation Dragon has become much smaller,” Evil God said. “At least it is not invincible in this lost area of God’s Realm. If the Nine Emperors have descendants, they should be able to compete with it and maybe defeat it eventually.”

Su Yu shook his head solemnly. “I’m afraid things are not as optimistic as you paint.”

“Oh? Why do you say that?” The Evil God was surprised.

“In this Ancient God Realm, there is not only the World Annihilation Dragon but also the woman who had been with him. She is here as well!”

The Evil God looked a little fearful and said, “I know, but she was suppressed by the Nine Emperors.”

“The World Annihilation dragon was also supposed to be suppressed,” Su Yu said.

The World Annihilation Dragon was defeated a long time ago, but it was still able to activate the Great Path chains hundreds of thousands of miles away to start killing again.

What about that woman?

The Evil God finally realized what Su Yu was saying. His pupils gradually widened and the fear on his face was palpable. With a trembling voice, he said, “You mean... the Nine Emperors have been unable to suppress...”

“Yes, and she is about to come out and return to this world,” Su Yu calmly said.

The Evil God was petrified. He opened his eyes wide stammered as he spoke. “How... how do you know?”

Su Yu replied, “I have been to her tomb, and I saw the Nine Emperor tablet in front of it. There are prophecies on it. Hundreds of millions of years later, the Sinful Lady would return to the world, they said. Now, the end of those years is coming in less than 20 years from now, and the seal will be destroyed. ”

When Su Yu uttered the words ‘Sinful Lady’, the Evil God knew that he did not lie.

He really did see the Nine Emperors’ Tablet.

The Evil God did not speak for a long time and fell into a deep silence. It took a long time before he started talking again. “I have been trying to escape for hundreds of millions of years, but it turns out I have not succeeded in doing at all. Once the Sinful Lady is reborn, the world will perish.”

In the Star River Divine Realm, a being at the level of Star River Overlord had not been born up until that moment.

He left the realm of the gods and inherited the last frontline civilization of the ancient deities.

Alas, now they didn’t even have a star-level powerhouse, let alone the Divine Warriors of Heaven and Earth.

Unless the Divine Warriors of Heaven and Earth regenerated, no one could rival the Sinful Lady and her allies.

Su Yu has gone through many life and death calamities. Having experienced a near-death experience, his mind was better able to handle the danger. He remained calm as he considered possible solutions.

“Evil God, the people do the work and heaven guides them. How can our fate be determined by the will of the heavens?” Su Yu’s words tumbled out.

Su Yu looked towards the tomb and added, “Because of the resistance and sacrifices made by the ancient emperors, we now have the surviving descendants of the gods. If we even lose our will to resist, wouldn’t we have failed to live up to the sacrifices of the Nine Emperors?”

The Evil God’s eyes gradually brightened, and a flame burned in them. He looked up and sighed. “Yeah, why should I continue to flee, having been on the run for more than a billion years? It is time to face the danger and fight.”

Once the Sinful Lady reappeared, no one would be able to escape. So where could he flee?

He was bent on running away because of the fear he felt. He was merely deceiving himself, however. It was impossible to escape forever.

“You have been to the tomb, and I want to hear what you have to say.” The Evil God took a deep breath and was determined to resist whatever came.

Su Yu stayed silent for a long time. Then he said, “We must break into the tomb and destroy the Sinful Lady!”

Even though the Evil God was gearing up for a fight, upon hearing the tone of Su Yu’s voice, he was rather taken aback.

“The Nine Emperors couldn’t kill her, only suppress her. How do you think you could possibly destroy her?” The Evil God’s forehead was full of cold sweat. He was shocked by Su Yu’s courage.

Su Yu’s gaze was distant. “On the Nine Emperors’ monument, the last words of the Nine Emperors also tell future generations that after hundreds of millions of years, the ancient tomb would break open and when that happens, they should prepare to flee.”

“However, I think that the Nine Emperors hadn’t considered that the Sinful Lady, having been locked up for hundreds of millions of years, would not be at her former strength. Could she still destroy civilizations as easily as she had done in the past?” Su Yu said, deep in thought.

The Evil God considered this and thought hard.

Any soul that was suppressed for hundreds of millions of years would not be able to return to their former glory. The degradation that would happen over the years was inevitable.

What’s more, after hundreds of millions of years of suppression, the Sinful Lady’s physical body, soul, and divine power would naturally be weakened.

They could therefore safely conclude that now, she was at her weakest point.

If they missed this opportunity and tried to kill the Sinful Lady later, it would really be impossible.

A crisis was also an opportunity. The Evil God was now calm, and there was a little embarrassment in his eyes.

He was the Star River Overlord from billions of years ago. He has lived countless years, but he was unable to collect himself like Su Yu, a mere mortal, who was calm and stable in moments of crisis.

“In twenty years, we will gather all our powers, including the Star River and the Lost Kingdom.”

The Evil God lowered his head. “Gather all the forces before we can fight; great idea! However, even the ancient gods of Xing River are still in peril, let alone those of the Lost Kingdom.”

Su Yu frowned. “So I have to find a way to return to the Star River God Realm and get rid of the problematic Demon Realm in order to unite everyone.”

“How do we go back? Do you have a clue?”

Su Yu nodded. “In the past, the descendants of four emperors came together and created a World Annihilation Plate that once broke through the barriers of the two realms. However, they failed to become gods and it disappeared. If I can find the descendants of the Royal Annihilator and get the design drawings from them, we will have hope of returning to the Star River.”

The Evil God started stammering: “The World Annihilation Plate belongs to the Divine Warriors of Heaven and Earth. It is the magic weapon of the Royal Annihilator, isn’t it? That is the 5th-ranked holy weapon in the world! It should have immense power!”

Su Yu said, “Exactly! However, there was a turmoil that year, and the heir to the Royal Annihilator died. His clan also went down with him. Many millions of years had passed, and no one knows where to find the heir apparent now.”

Hearing this, the Evil God laughed twice. “Hey, the heir to the Royal Annihilator... hmm.”

Su Yu raised his eyebrows. “If you know something, say it now. Don’t mince words. Do you know what situation we are in?”

“If it had been another descendant of another emperor, I may not know the person. However, if it is who I think it is... haha, if they see me, they will have to call me master!”

Su Yu blinked hard. “Call you master?”

The Evil God raised his head and proudly said, “Boy, are you shocked? I used to be the spiritual pet of the Royal Annihilator and I helped him maintain the secret training room.”

Su Yu’s eyes widened and he stared at the Evil God in wonder.

The Evil God was feeling extremely pleased with himself. He rarely saw this look in Su Yu’s eyes. Noticing it, he said as his nostrils grew larger, “Frightened? Do you worship me now? Hahaha!”

“You really are a watchdog!” Su Yu was shocked.

The Evil God's laughter stopped abruptly, and he stared at Su Yu. "I was the spiritual pet of the Royal Annihilator, not a watchdog..."

"What was your role?"

"Watch the secret door."

"Then if we remove your title, wouldn't it amount to the same thing?" Su Yu said. "I'm used to listen to you bragging about killing the Divine Warriors of Heaven and Earth. It turns out that all you did was watch the door."

"I, I..." The black dog stammered and was left speechless.

Su Yu said, "Can you help me find the heir to the Royal Annihilator or not?"

The black dog said rather grudgingly, "Who am I? The Evil God! I have the keenest sense of smell in the heavens and earth and had been with the Royal Annihilator for so many years. As long as his descendants have the trace of his blood, I can sense their position easily."

Hearing this, Su Yu was overjoyed. The Evil God still had a role to play and this was rather unexpected.

"Then act now. Time waits for no one," Su Yu said.

Deep inside the ancient tomb.

The World Annihilation Dragon that sat above the seal suddenly opened its scarlet bloodshot eyes, roaring loudly.

The roar shook the sky and the entire mountain range that stretched for hundreds of millions of miles.

The lava veins buried deep beneath suddenly erupted.

Several mountains covered in thick God's aura were shattered in no time.

The thick aura that had been deposited amongst the mountains for countless years had collapsed. Much like a storm, it spread to the entire ancient god realm with the spiritual vein as the epicenter.

All ordinary creatures, as well as the gods, could sense the intense aura of heaven and earth.

The earthquake that struck centered on the spirit veins and swept across half of the Ancient God Realm.

At the mermaid tribe, the Mermaid Emperor was shocked and stared in the direction of the ancient tomb. He said, "What had just happened? What made the World Annihilation Dragon so angry? It only ever got so angry when it was suppressed by the nine emperors!"

The Emperor of Darkness, a middle-aged man with long hair and a shawl around his neck, appeared from the void and whispered: "It's a very sudden change that is taking place in heaven and earth. My men, head to the south to investigate."

"Yes, Your Majesty."

In the ancient tomb, the World Annihilation Dragon roared endlessly, and the cracks shook the mountain.

The scriptures on the Nine-Emperor Tablet emerged one after another, suppressing the World Annihilation Dragon that was trying to leave.

However, instead of giving up, the dragon became more and more incensed with anger and struggled even harder to leave the tomb.

At this moment, a clear and pleasant sound could be heard within the stone gate.

“Little Black, be patient. Wait for nineteen years more and I will help you get the fragments of the Great Way back.”

Hearing this, the World Annihilation Dragon, who was in a massive fiery rage, heaved out a deep breath from his nostrils and gradually quieted down.

After a long time, a light voice came from the door of the stone gate once more. “The man who took away the fragments of the Great Way... it seems we are familiar with each other.”

The World Annihilation Dragon had a puzzled look. It crawled slowly towards the stone gate once again.

However, he was still rather impatient. He took off the scales under his neck and brought out a drop of dragon’s blood.

The scales fell to the ground and turned into an indifferent-looking youth wearing black armor.

The young man turned around and headed to look for Su Yu.

Su Yu, following the directions of the Evil God, came to a barren grassland.

They soon encountered a tomb.

The Evil God had a look of regret across his face. “It was so hard to find him, but alas, he is dead.”

Su Yu said, “Are there any others still alive in this world?”

The Evil God nodded. “Yes, but somehow, the scent is so weak that I can’t discern this person’s specific direction. I can only speculate on a general area.”

“Where?”

“The Yaksha Tribe City.”

Su Yu stared, took out a sword from his palm, swept it across the air, and exposed the body buried under the ground.

He stared intently and inspected the corpse. Then he said, “He was killed. Someone took the blood of the emperor from him.”

The scent of the emperor’s blood would not disappear so easily. However, the corpse in front of him merely had a whiff of it.

The Evil God thought he knew what had happened. “The blood of the Divine Warriors of Heaven and Earth is extremely precious. Without strong protective barriers, it would be possible for someone to extract the blood to obtain its power.”

He twisted his head and stared in the direction of Yaksha Tribe City. He said, “Su Yu, can you do me a favor?”

Su Yu did not hesitate and nodded. “Yes, I guess so.”

The Evil God was now in the mood to save lives. It was no bad thing.

Besides, Su Yu was looking for the Heir to the Royal Annihilator, so why not save other people as well in the meantime?
