Chapter 1331: The Deity-level Puppet

Bai Yunfei was not prepared for this sudden attack. He managed to protect the vital parts of his body, but Fu Hongchen broke one of his arms and was knocked out of the palace.

In the palace, this unexpected scene caused different reactions.

Grand Tutor Yuwen's nervous expression disappeared in his face slowly. He said sarcastically, "Lord Shangguan, it seems the result of this competition has been fixed."

Shangguan Feiyu lowered his face as he stared at Bai Yunfei angrily. If Bai Yunfei was more cautious, it would be quite difficult for Fu Hongchen who had been seriously wounded to turn the tide.

It seemed that Grand Tutor Yuwen had obtained the opportunity of exploring the Devil Realm in the Ice Sealed River Bottom again. Shangguan Feiyu had to wait for another 100 years to pass before he could take back those sealed materials.

"Cough! Cough..." Fu Hongchen stood up and wiped the blood off of his lips. He spoke with a proud smile, "I guess that was the best the descendants of military officers could do."

Shangguan Feiyu didn't want to waste his time arguing with such a nobody. Although Fu Hongchen defeated Bai Yunfei through a sneak attack, Bai Yunfei's failure was undeniable.

Fu Hongchen turned to Yongye Wuheng and asked, "Your Royal Highness, could you declare the result now?"

Yongye Wuheng, who was still shocked by the Golden Flames Forbidden Wood, came to and said, "Lord Shangguan still has one person left in his team."

Hearing this, Fu Hongchen turned around and found Su Yu who was so inconspicuous in the team.

Even Shangguan Feiyu had just realized Su Yu's existence at this moment.

He had placed all of his hope on Bai Yunfei and the other three young men. Su Yu had been ignored by him for a long time.

"Su Yu, it's your turn!" Shangguan Feiyu sighed as he looked away and started to regret his decision.

Su Yu nodded his head and walked up and stopped in front of Fu Hongchen quietly. "I can wait if you need to heal your wounds."

"Hah, hah, hah! Are you kidding me? With the help of my dragon's body, I don't need to heal my wounds before fighting against a guy who is just at Stage Four of Mortal Fairy!" Fu Hongchen sneered, "I can defeat you even if I only had one finger left!"

"However..." Fu Hongchen pretended to be generous as he looked at Su Yu, "For the sake of your words, I also offer you an opportunity. If you surrender and admit your defeat, I could let you go."

Su Yu replied expressionlessly, "I was entrusted to defeat you. I can't surrender. Since you have decided to start the fight without healing your wounds, you could attack me first."

Hearing this, Fu Hongchen sneered, "You are overconfident about yourself! I don't know where you get your confidence as a guy who is just a Stage Four Mortal Fairy. Let me tell you how pathetic your strength is compared to mine."

"Whoosh!"

Fu Hongchen dashed forward rapidly. However, he was much slower now compared to his speed when he was at his peak state.

However, his attack was still too fast for a Stage Four Mortal Fairy to dodge.

In the next moment, a giant fist appeared above Su Yu's head and started to fall with horrible strength.

Grand Tutor Yuwen and the rest of the descendants of courtiers stopped watching the fight because they believed there was no suspense in the result of this fight.

They started to talk to each other excitedly as if the opportunity of exploring the Devil Realm had been obtained by them.

Grand Tutor Yuwen even started to assign tasks, "You shall focus on the Myriad Bone Mountain this time. First, you shall continue to seal those weapon drawings to avoid Shangguan Feiyu from getting them. Second, you shall try to excavate the corpses of the dead Deities in this mountain. I guess you could find corpses of Deities at the level of Star River Overlords."

"As you wish!" The four teammates nodded their heads excitedly.

When they were talking about their plan, they sensed the atmosphere in this place changed. It seemed like only the five of them were talking and the rest of the people had become silent.

Grand Tutor Yuwen looked up and saw the rest of the people were shocked before he saw Shangguan Feiyu and his team who were quite excited. Those members of the royal family were also looking at the fighting area thoughtfully.

Grand Tutor Yuwen, who was puzzled, turned around to check what happened in the fighting area. Instantly, he was dumbfounded as his eye pupils constricted slowly.

At this moment, Fu Hongchen still held the pose of attacking Su Yu, but his horrible body had been fixed and couldn't move an inch.

A golden ball landed on Fu Hongchen's forehead and penetrated his skull.

His soul was seriously wounded and lost the ability to control his body. He kept this pose for a while before he fell to the ground and passed out.

Grand Tutor Yuwen was completely stunned by this sudden change and accepted the fact after a long while.

Fu Hongchen was defeated by a young man who was only at the level of Stage Four Mortal Fairy.

This is unbelievable.

The four descendants of courtiers, who were so excited just now, were also dumbfounded and couldn't believe what they saw.

Fu Hongchen was defeated by the "weakest" member of his opponents.

The opportunity of exploring the Devil Realm, which had been put in their pocket, flew away.

Grand Tutor Yuwen came to realize how serious this situation was. He lowered his face and dashed towards Su Yu like a ghost as he shouted horribly, "Arrogant bastard, how dare you wound my man this seriously? I have to kill you!"

However, he was pushed back by a roar before he could approach Su Yu.

"Grand Tutor Yuwen, how could you attack my underling in front of me?" Shangguan Feiyu spoke as he stood up slowly. His body had been covered by his magnificent Divine Strength.

"Lord Shangguan, we shall obey the law of this empire. This is just a competition. How could he wound my underling seriously? I have to punish him severely to safeguard the dignity of the law. If you insist on protecting him, I have to ask for adjudication from our Emperor." Grand Tutor Yuwen retorted coldly.

Hearing this, Shangguan Feiyu replied with a cold smile, "Are you blind? Can't you see four of my underlings who have been seriously wounded by Fu Hongchen outside the palace? I am looking forward to the Adjudication by our Emperor. Come on, just do it! Grand Tutor, you found this mysterious guy who wounded the descendants of military officers seriously. Could you tell me why did that please?"

When Zheng Shaoliang defeated those descendants of courtiers, he didn't wound them seriously, but they didn't expect Fu Hongchen could defeat them in such a cruel way.

Grand Tutor Yuwen was indefensible. However, he still shouted with clenched teeth, "Stop your venomous slander!"

"I have hard evidence here. Grand Tutor Yuwen, just ask for the Adjudication from our Emperor." Shangguan Feiyu retorted coldly.

Hearing this, Grand Tutor Yuwen walked back as he flicked his sleeves with a grievance. He spoke as he looked at Su Yu thoughtfully, "Shangguan Feiyu, you are good at scheming, not me. I didn't expect that you could hide this inconspicuous young man, who is an extremely powerful expert, in your team. You are even more crafty than me."

Shangguan Feiyu was puzzled when he heard what Grand Tutor Yuwen had said because this was not his trick which was prepared in advance.

Even he didn't expect that Su Yu could turn the tide at the last moment.

Su Yu, who was neither humble or pushy, spoke calmly, "Fu Hongchen, who was wounded seriously, underestimated me. I managed to defeat him with good luck. I am not as powerful as the Grand Tutor described."

His words caused different reactions among people in this area.

Bai Yunfei and the members of the Imperial Sacred Faction who knew Su Yu's real strength didn't believe what he said at all.

Shangguan Feiyu and Grand Tutor Yuwen didn't know Su Yu's real strength and were convinced by him easily.

"In the end, we won! We will be responsible for the excavation of the Devil Realm!" Shangguan Feiyu said delightedly.

Yongye Wuheng let out a sigh of relief and announced the results expressionlessly.

The royal family was responsible for the excavation of the Saint Realm.

The military officers headed by Shangguan Feiyu were responsible for the excavation of the Devil Realm.

The courtiers headed by Grand Tutor Yuwen would explore the Mortal Realm.

After finishing his announcement, Yongye Wuheng said, "Besides this results announcement, I have another thing to tell you in advance."

Shangguan Feiyu and Grand Tutor Yuwen were surprised.

"According to the guards sent by the Imperial Sacred Faction, an unknown organization used to approach the Imperial Sacred Faction ten years ago. Until now, mysterious strangers could still be seen there. The situation is quite weird. Please make a good preparation for your trip."

Hearing this, the two powerful ministers were absorbed in thought.

Yongye Wuheng paused a bit before he looked at Bai Yunfei and asked, "Could you tell me where you found the Golden Flames Forbidden Wood, please?"

"Su Yu gave the nine balls made from the Golden Flames Forbidden Wood secretly to attack Fu Hongchen." Bai Yunfei stammered as he glanced at Su Yu nervously.

Yongye Wuheng figured out something from Bai Yunfei's reaction, and turned to Su Yu and asked, "The balls made from the Golden Flames Forbidden Wood are yours, right?"

Su Yu nodded his head as he hooked his finger to take back those balls.

"Could you tell me where you found them, please?" Yongye Wuheng asked again.

Su Yu spoke after shaking his head, "I'm sorry, but I can't. I bought them from a street stall by accident. I know nothing about the origin of these balls."

"Really? What a pity." Yongye Wuheng sighed regretfully, "Please go back and take a rest. We'll start the expedition in two days."

All of them left this palace.

Yongye Wuheng's eyes lit up as he spoke to Yongye Chuxue who was beside him, "It seems that Su Yu is quite extraordinary. The Golden Flames Forbidden Wood is related to the whereabouts of the Kylin Divine Warrior. Unfortunately, he doesn't want to tell me where he found it."

The Kylin Divine Warrior was the only one whose corpse hadn't been found among the nine Divine Warriors.

In other words, the one who could find his corpse could obtain the inheritance of the Divine Warrior.

Yongye Chuxue spoke with a naughty smile, "This is also the reason I chose him. He has the blood of the World Annihilation Emperor. He has the Heaven-defying Divine Warrior as his Divine Laksana. He also knows where to find the corpse of the Kylin Divine Warrior. He is a guy of great luck. I guess I could obtain an unexpected gain in the Lost Nation."

Yongye Wuheng spoke as he nodded his head, "I hope so. Now, our empire has all kinds of internal and external problems. I also have a bad feeling about the appearance of the Nine-Emperor Tablet." His voice was echoing in this quiet palace.

After coming back to the mansion of the Shangguan Family, Bai Yunfei expressed his gratitude to Su Yu. "Brother Su, thank you very much for ruining Grand Tutor Yuwen's evil plan. This is just a small gift to express our appreciation."

Bai Yunfei, Zheng Shaoliang, and the other two young men who had healed their wounds looked at Su Yu gratefully as they gave him a palm-sized puppet.

Su Yu felt the puppet was so familiar as if he had seen it before.

Bai Yunfei, who noticed Su Yu's confusion, spoke with a smile, "This is a Giant Divine Soldier, which is the exclusive weapon of the empire's Imperial Guards. This puppet is made according to the knowledge of an ancient civilization. It is as powerful as a Deity. Brother Su, whenever you encounter danger in the Devil Realm, you can activate it to protect yourself."

"However, please don't use it in front of Grand Tutor Yuwen's people. Except for the Imperial Guards, nobody is allowed to use this weapon. Those who are captured by Grand Tutor Yuwen for using this weapon will be sentenced to death at least."

The Giant Divine Soldier? Suddenly, Su Yu remembered Wang Zixuan of the Great Eastern Alliance used to make a puppet at the level of the Initial Stage Prospective Deity according to an incomplete ancient drawing and remembered why this puppet was so familiar to him.

However, the drawing in the Ancient God Realm was complete. The Giant Divine Soldier was at the level of Deity here.

Su Yu lit up his eyes and asked, "Do you know where the drawing of this puppet is?"

Bai Yunfei nodded his head with a smile, "Yes! All drawings of these ancient weapons are in the Ice Sealed River Bottom by Grand Tutor Yuwen in the name of protection. This time we are going to take them back."

Hearing this, Su Yu was overly excited.

If he could make a lot of Deity-level puppets, he could fill the strength gap between the two great alliances and the Realm of Demons easily.

"Heh heh! It seems the excavation of these weapon drawings in the Ice Sealed River Bottom should enjoy the highest priority." Su Yu murmured excitedly in his mind.

Chapter 1332: A Hunting Game

Bai Yunfei and his three friends left delightedly when Su Yu accepted the puppet as a gift.

When Su Yu was about to check the puppet carefully, hearty laughter came from outside, “Heh heh, it seems you have obtained something good as a reward!”

Hearing this, Su Yu walked out of the room immediately, “Greetings to you, Lord Shangguan.”

Shangguan Feiyu, who was in a good mood, spoke as he waved his hand with a hearty smile, “Don’t be so ceremonious.”

He spoke as he looked at Su Yu with a smile, “I didn’t expect you are the one who obtained the opportunity of exploring the Devil Realm for us. This time we managed to defeat that old bastard!”

Su Yu replied humbly, “I was quite lucky. It is highly possible that I won’t be able to defeat Fu Hongchen if we have to fight again.”

“Hey, don’t be so modest. You should be proud of your outstanding service.”

Shangguan Feiyu said as he took out an ice blue soft armor made from weird fish scales, “When I fought on many front lines back in those years, the emperor gave this defensive soft armor to me as a reward. Its name is Ice Blue Divine Armor. It could provide the user with the highest-level defense of a Tribe Leader. If it is activated, I guess only a few people in this city could break its defense.”

“As a General who is good at consequence management, I will reward you when you have rendered outstanding services.” Shangguan Feiyu threw the soft armor to Su Yu and said, “It is yours now.”

After receiving the armor, Su Yu touched it with his hands. He realized it was made from extraordinary materials and could protect him from the attack of a Tribe Leader with full strength. He guessed it could also protect him from the attack of powerful experts like Dakini and Alliance Master Luo. It was quite precious for Su Yu who didn’t have efficient defensive equipment.

“Thank you, my lord.” Su Yu accepted the armor calmly. He rolled his eyes as he spoke, “My lord, I guess you still need something from me, right?”

Shangguan Feiyu replied with a smile, “Of course, the expedition in the Ice Sealed River Bottom will start soon. We shall close the deal now.”

Su Yu nodded his head and took out a jade bottle which contained two drops of the World Annihilation Emperor’s divine blood.

Seeing this, Shangguan Feiyu fixed his eyes on the bottle eagerly.

Su Yu threw the bottle to Shangguan Feiyu and said, “My lord, I hope you could honor your words.”

Shangguan Feiyu grabbed the bottle immediately, speaking with a hearty smile, “I always serve the world with honesty. You could go to the Ice Sealed River Bottom at will, and you can count on Bai Yunfei and his friends for the excavation of the drawings you want.”

When Su Yu left, Shangguan Feiyu asked seriously, “Has Elder Qiu sent back any message about his investigation?”

A servant beside him replied, “No, we haven’t received any message from Elder Qiu yet.”

Just then, an aura descended in this mansion and stopped in front of Shangguan Feiyu abruptly.

Seeing the weather-beaten face, Shangguan Feiyu knew this was the old man who was guarding the patterns of the Heaven-fighting Three Strokes.

However, this old man had his Divine Soul left because his body had been ruined. His Celestial Energy Sphere was almost drained.

“Elder Qiu, are you okay?” Shangguan Feiyu was surprised. He immediately started to heal the old man’s wounds.

Elder Qiu was sent to investigate the World Annihilation Emperor’s divine blood in Su Yu’s hand by Shangguan Feiyu. However, he ran back with serious wounds after such a short time.

“Feiyu! Something bad happened! A large-scale insurrection occurred in the southern area!” Elder Qiu said anxiously as he spat out black blood.

Shangguan Feiyu was surprised by his words, “What? An insurrection? Who attacked you? I remember nobody in the 99 Tribes could wound you! Where are the rest of the experts who went there with you?” Shangguan Feiyu threw out a lot of questions immediately because he was completely shocked by the news.

“The Mermaid Emperor attacked me. He wounded me seriously within three rounds. If those guards didn’t cover me when I ran away, I would have been killed by him.”

Those guards who covered Elder Qiu had been killed.

Hearing this, Shangguan Feiyu spoke as he raised his eyebrows, “The Emperor of the Mermaid Tribe? How could he wound you seriously within three rounds?”

Elder Qiu, who was as pale as a ghost, replied seriously, “I guess his body has been occupied by a powerful creature.”

After pondering it for a while, Shangguan Feiyu spoke as he took out a drop of healing liquid, “Just heal your wounds first.”

Elder Qiu took the liquid to stabilize his chaotic Divine Soul. “In this insurrection in the southern area, over half of the 99 Tribes had surrendered to the Mermaid Tribe. If they hadn’t attacked the Yaksha Tribe when I was there, we wouldn’t have known that the southern area had been turned into a chaotic place until now.”

Shangguan Feiyu was surprised and said, “Half of the 99 Tribes have surrendered, that is unbelievable. Half a month ago, the southern area was still a peaceful place. I want to know the one who took possession of the Mermaid Emperor’s body.”

After pondering it for a while, Shangguan Feiyu spoke seriously, “As the number one General in this Empire, I shall put down this insurrection personally. Have you found anything useful about the World Annihilation Emperor’s divine blood?”

Elder Qiu spoke hesitantly, "Yes, but I suggest that you are to stop investigating this issue because it will land you in great danger."

There were only a few things that could land the number one General of this Empire in great danger.

"Oh?" Shangguan Feiyu said as he looked around vigilantly, "Just say it!"

Elder Qiu uttered three words cautiously, "The Supreme One."

"He is the one behind this?" Shangguan Feiyu asked seriously as his eye pupils constricted. After a while, he spoke after taking a deep breath, "Then, the divine blood obtained by Su Yu..."

"The divine blood was taken away by the Supreme One." Elder Qiu said with embarrassment, "That young man is a pretty good genius. What a pity he offended that horrible guy. Now, nobody in this Empire could save him."

Hearing this, Shangguan Feiyu was a bit stunned, "Right, it is a pity. If the Supreme One has made up his mind, nobody could save him. Ask Bai Yunfei and his friends to stay away from Su Yu to avoid being implicated!" After a slight exclamation, Shangguan Feiyu disappeared.

Two days later, a team composed of five members of Imperial Sacred Faction, five descendants of military officers, and five descendants of courtiers gathered in front of the palace of the empire.

The descendants of the military officers and courtiers stared at each other with deep hatred.

"Su Yu, I'll remember you." Fu Hongchen said as he stared at Su Yu bitterly. He still didn't want to accept his defeat because he believed he wouldn't be defeated by Su Yu who was just a Stage Four Mortal Fairy if he was at his peak state and if he fought against Su Yu scrupulously.

Su Yu shrugged his shoulders indifferently and turned to the members of the Imperial Sacred Faction.

This powerful team was composed of three Deities and two Later Stage Prospective Deities, which meant the Imperial Sacred Faction had made a lavish investment in this trip so that they could take back the weapon made by the civilization which could create worlds in the Saint Realm.

The five members of this team might be the most powerful young men in the last one hundred years. If they died in the Ice Sealed River Bottom, the Imperial Sacred Faction would suffer a great loss which was not affordable for them.

Su Yu was quite curious about what was the weapon made by a civilization that could create worlds.

"If there is no other issue to talk about, let's move out. Please arrange your trip according to your traveling speed. Let's meet in the Xueman Building in the Xue Nation of the North Territory before the Frozen River unfreezes." Yongye Wuheng said.

The three Deities of the Imperial Sacred Faction, whose traveling speed was the highest among these people, decided to go to the Frozen River to prepare in advance.

The Xueman Building in the Xue Nation of the North Territory was the nearest faction from the Frozen River.

After speaking, Yongye Wuheng left with his teammates first. Grand Tutor Yuwen and his teammates also left at the same time.

At last, Bai Yunfei folded his hands at Su Yu and said apologetically, "Brother Su, we need to go to the Wuji Fairy Mountain first. We can't go together with you."

Su Yu replied calmly, "Okay, you can go according to your arrangements. I will go there alone."

"Brother Su, please be careful on the way." Bai Yunfei and his three friends left for the Wuji Fairy Mountain by taking weird flying equipment.

Seeing that, Su Yu was lost in thought.

Before this, Bai Yunfei and his friends acted reverently in front of Su Yu. However, it was quite weird that they could leave without him at last.

As a smart man, Su Yu had sensed that something was wrong.

"That's fine! It will be more convenient for me to go there alone." Su Yu murmured in a low voice before he disappeared on the spot.

After a while, several figures in black robes appeared in the position where Su Yu was standing previously. One of them grabbed a strand of Su Yu's remnant aura and smelled it. He smiled sarcastically as he found where Su Yu was heading.

"It has been so long since the last time I played this hunting game. Heh heh..."

...

One month later, Su Yu left the Imperial City and stepped into the territory of the Xue Nation.

Nominally, the Xue Nation was a nation, but it was just a tributary state of the Empire.

The Xue Family used to help the Yongye Royal Family to win the state power from the World Annihilation Royal Family. Because of their outstanding services, the Yongye Royal Family gave the chilly North Territory to the Xue Family as their fiefdom that they then established as the Xue Nation.

The Xue Nation in the North Territory was always cold all year round. The chilly energy in this area could even influence Deities.

Su Yu's traveling speed was lowered remarkably when he stepped into the territory of the Xue Nation.

"Splash! Splash!"

Suddenly, Su Yu heard the sound of water from afar when he was walking on a snowy wasteland.

Su Yu found some creatures which looked like horses were running rapidly on the wasteland.

Seven to eight transparent icemen, who were riding on the back of those horse-like creatures, were chasing a small beast who was fleeing in helter-skelter.

“Are they hunters?” Su Yu murmured.

Those hunters passed by Su Yu expressionlessly. The snow that was splashed by their chase blocked his view.

Su Yu lifted his arm slightly and reached out two fingers into the snowflakes in front of them. In the next moment, a pitch-dark arrow was pinched by his fingers.

“You’ve been following me for so long a time. Finally, you started to attack me.” Su Yu flicked his fingers to throw away the arrow as he fixed his eyes at a position at the other side of the ice frost.

A figure walked up slowly in the ice frost. He was standing erectly and carried a giant bow on his back.

He stepped towards Su Yu as he spoke calmly, “Your perception is impressive. You managed to discover and even grab the arrow I shot out with favorable climate and topographical advantage.”

The heavy snow was a favorable climate. The influence of Su Yu’s traveling speed due to the chilly climate in the North Territory was the topographical advantage.

This guy had followed Su Yu for a month. Just now, he took the perfect opportunity to attack him. However, his action was still discovered by Su Yu.

Su Yu turned around and looked at the guy quietly. His Soul Strength was now as powerful as that of Deities. Otherwise, it would have been impossible for him to discover the arrow.

“No wonder...” Su Yu figured out the reason that Bai Yunfei and his friends tried to stay away from him. Maybe Shangguan Feiyu knew someone dangerous was following him.

The guy stopped at a position which was 300 meters away from Su Yu. Now, he could see the face of this guy who had four piercing eyes.

“Four eyes, golden bow, good at tracking...I guess you are a member of the Arrow Slave Family which used to serve the World Annihilation Royal Family.” Su Yu said slowly, “It is said that your family has been wiped off together with the World Annihilation Royal Family, I didn’t expect to see one here. It seems the one who ordered you to kill me is not an ordinary person.”

In the Imperial City, Su Yu used to check the history of the Empire many times, so he knew things about the World Annihilation Royal Family.

Therefore, he also learned some information about the Arrow Slave Family.

They used to be slaves of the World Annihilation Royal Family. All members of this family were born with excellent archery skills and were the best archers of that age. Even the nine Emperors couldn’t rival the members of the Arrow Slave Family in archery.

It was said that the chief of the Arrow Slave Family killed the master of a declining royal family who was billions of kilometers away. His deeds even shocked the entire Ancient God Realm.

With bow and arrows in hand, an ordinary Arrow Slave was extremely lethal.

An Arrow Slave at the level of an ordinary Deity could easily kill a Tribe Leader.

In the age of the World Annihilation Empire, the Arrow Slaves were just like a dagger that was hanging over the head of those Deities. Nobody knew whether they could be killed by an Arrow Slave from afar.

The records about the terror caused by the Arrow Slaves could be found in many ancient books.

Therefore, when the World Annihilation Empire collapsed, the Arrow Slave Family was also wiped out and all their family members were slaughtered.

Su Yu didn't expect an Arrow Slave could be sent to kill him.

"I don't want to talk about history now. The only thing you need to know is that I am here to kill you." The Arrow Slave said motionlessly.

Su Yu replied calmly, "You could just have a try."

Suddenly, Su Yu waved his left hand to wrap up the arrow on the ground with a strand of space energy before he threw it into the void.

In the next moment, the arrow reappeared in a snow mountain which was about three kilometers away from them.

When the arrow flew into the mountain, it exploded and completely ruined that giant snow mountain.

Along with an angry roar, several figures appeared in the rubble of the ruined snow mountain.

That roar was quite familiar because it was from the Yaksha King who was surrounded by Demonic Energy.

Besides the Yaksha King, there were two strange Deities. However, they were as powerful as the Yaksha King.

One of them was surrounded by thunder, the other one was wrapped up in black flames; both of them looked extremely dangerous.

Together with the Arrow Slave, Su Yu had been surrounded by four assassins who were as powerful as Tribe Leaders.

The Arrow Slave spoke as he squinted his eyes slightly, "Oh? I didn't expect you could sense that arrow was special. You even sensed the other assassins."

Su Yu replied calmly, "It's quite simple. Since you are a member of the Arrow Slave Family, I didn't believe your attack with that arrow could be so weak. Therefore, it could never be an ordinary arrow. As for them, you are an archer but you chose to stay close to me. The only reason that you tried to attract my attention was so that they could attack me sneakily."

Hearing this, the Arrow Slave spoke with a cold smile, "It's been a long time since I found interesting prey like you."

“However, there is one thing you don’t know.” The Arrow Slave said as horrible light flashed in his four eyes, “The arrow you threw out just now...was not the only one I shot.”

Suddenly, Su Yu sensed something extremely dangerous flying towards him rapidly.

Chapter 1333: The Horrible Annihilation Cannon

Instantly, Su Yu’s body was covered by a dreamy blue light.

Just then, a black arrow shot Su Yu in the middle of his back.

The arrow flew into Su Yu’s body with horrible energy and poison on it after penetrating his robe.

This creepy arrow, which was far more powerful than the previous one, dealt a deathblow to Su Yu.

Seeing this, the Arrow Slave spoke with a sarcastic smile, “Just rest in peace. The Arrow Slave’s attack is divided into Visible Arrow and Invisible Arrow. The one you grabbed was just the Visible Arrow, which is used to attract the enemy’s attention, while the Invisible Arrow is used to kill the enemy.”

The Arrow Slave had shot out two arrows. The one grabbed by Su Yu easily was the Visible Arrow.

However, the Invisible Arrow quietly flew over Su Yu from above and turned around and attacked him from behind sneakily.

This way, the Arrow Slave managed to hit Su Yu with his clever tricks.

The sly and lethal attack was the reason why the Arrow Slaves were so horrible in the age of the World Annihilation Emperor.

However, this arrow didn’t penetrate Su Yu’s body as the Arrow Slave expected. The arrow, which was filled with horrible energy, also failed to knock him back.

“Ding!”

Along with a crisp sound, Su Yu’s body was covered by dazzling blue light. It seemed the arrow was blocked by something.

A pitch-black arrow with a beak-like arrowhead fell to the ground from Su Yu’s back.

Su Yu spoke with a faint smile, “It seems your archery is not as horrible as your legendary ancestors.”

Su Yu looked quite calm at this moment. He was extremely vigilant. The attack on his back, which could even kill a Tribe Leader, was blocked by the Ice Blue Divine Armor. But what if the Arrow Slave aimed at Su Yu’s head?

This Arrow Slave was the most threatening enemy here. The Arrow Slave Family had a well-deserved reputation.

The Arrow Slave spoke as his four eyes lit up, “The Ice Blue Divine Armor? Shangguan Feiyu was so generous. Yaksha King, the three of you attack him through close combat. I will find opportunities to attack him from afar.” The Arrow Slave said as he stepped backward slowly.

Yaksha King and the two Deities walked up to confront Su Yu directly.

“This guy is quite cunning and crafty! Don’t waste your words on him, just capture him alive! Then, we can get the whereabouts of the World Annihilation Emperor’s descendants from him through interrogation!” Yaksha King shouted and rushed up to Su Yu as his body was wrapped up by dazzling Demonic energy. In the next moment, he appeared in front of Su Yu.

“Mind Elimination!” Yaksha King’s eyes were full of horrible Demonic energy. In the next moment, two strands of substantial black light beams flashed from his eyes and flew towards Su Yu rapidly.

Su Yu didn’t dare to underestimate the attack of a Tribe Leader in the slightest.

A lot of Water Elements appeared on his body, and Su Yu dodged the attack through a rapid lateral movement.

Those black light beams missed Su Yu’s body by only a hair.

Even so, Su Yu still felt dizzy because of the remnant energy from those light beams left in the air.

Su Yu was shocked. If he was hit by those light beams, he would have been immediately knocked unconscious.

He knew that he would be killed instantly if he passed out in front of four experts at the level of Tribe Leader.

Before Su Yu could take any further action, Yaksha King rushed up and started to attack him with the Mind Elimination black light beams again.

However, when Yaksha King approached, Su Yu flicked his sleeve to throw out a lot of small golden balls.

Each of those small balls was as large as a thumb. This time, Su Yu threw out 99 balls like this.

Those balls were thrown out suddenly and they started to fly around Su Yu rapidly. Soon, a golden storm formed by these balls was created around his body.

“Bang! Bang! Bang!”

The body of Yaksha King, who was caught in the golden storm, was penetrated by many balls made from the Golden Flames Forbidden Wood instantly. After a short while, his body was riddled.

Yaksha King groaned bitterly, as he pushed back against those balls made from Golden Flames Forbidden Wood with his Demonic energy before he flew out from the golden storm hurriedly.

Another two Deities, whose bodies were wrapped up by black flames and thunder respectively, rushed up to cover Yaksha King.

When they saw Yaksha King’s body, the carefree expression on their faces disappeared.

Over 1,000 thumb-sized holes appeared on Yaksha King’s body, which now looked like a colander, as he was suffering from massive blood loss.

The two Deities were shocked by this scene. If Yaksha King was a little slow in escaping just now, he would have been killed in the storm of the balls made from the Golden Flames Forbidden Wood.

Yaksha King lowered his face and spoke as he stared at the golden storm seriously, “I remember you only had nine balls like that, how could you have so many now?”

His casual remark startled Su Yu immediately.

Only a few people knew Su Yu had nine balls made from Golden Flames Forbidden Wood. Now, Yaksha King was also aware of it, which meant the big shot behind this was extremely powerful and influential.

After knocking Yaksha King back, Su Yu, who was still covered by that golden storm, tried to leave by moving along the water stream created by the Water Elements on his body.

“He is going to run away!” The Deity, whose body was wrapped up by thunder and lightning, shot horrible lightning with his two eyes when Su Yu started to move.

Instantly, the lightning landed on the golden storm heavily.

Along with a dull sound, those golden balls which were flying around Su Yu rapidly were scattered by the energy of the lightning.

In the next moment, those balls made from Golden Flames Forbidden Wood started to fly in all directions.

However, under the control of Su Yu, half of those balls started to fly towards Yaksha King and his teammates.

Even more amazingly, those balls made from the Golden Flames Forbidden Wood, which were accelerated by the energy of the lightning, became even more horrible.

“Oh no, we were fooled! He used your attack to accelerate those balls!” Yaksha King, who fought against Su Yu before, figured out his intention immediately because Su Yu didn’t plan to run away.

“Incinerate Heaven and Boil Sea!” The Deity who was covered by black flames spat out a large area of flames from his mouth. The flames were turned into a mountainous flame giant that grabbed the incoming balls with its hands.

However, an extremely sharp object was flying towards Yaksha King rapidly at this moment.

Yaksha King’s pupils constricted abruptly when he saw a golden arrow, which was wrapped up in dazzling golden flames, was flying towards him at tremendous speed.

“Geranium’s Leaf!” Without any hesitation, Yaksha King shouted as he took out defensive equipment. This equipment, which looked like a white leaf, was a copy of an Emperor-based Saint Artifact.

The white leaf multiplied into several hundred leaves that then formed a shield that was placed in front of Yaksha King.

“Puff!”

To Yaksha King’s surprise, the shield, which was formed by several hundred leaves, was penetrated by that golden arrow instantly.

He didn't know a ball made from the Golden Flames Forbidden Wood could break the defense of an Emperor-based Saint Artifact copy, let alone an arrow made from the Golden Flames Forbidden Wood.

At this urgent moment, the Deity whose body was covered by black flames yelled in a low voice. Then, the mountainous flame giant rushed up and tried to block that arrow with its hands.

“Puff!”

Along with another dull sound, the flame giant was also penetrated. The Deity groaned as he spat out blood bitterly.

Beside him, the Deity who was covered by thunder changed his expression abruptly and created a lightning net and tried to stop the arrow with it.

In the next moment, the lightning net was pierced by the arrow along with an explosion.

The golden arrow was still flying towards Yaksha King.

Three Deities at the level of Tribe Leader failed to slow down that golden arrow even a little bit.

Yaksha King was so terrified because he felt that death was so close to him.

However, a creepy sneer came from behind Sunday Yu at this moment, “Heh heh, do you think you can kill them when I am here?”

“Swish!”

A Visible Arrow and an Invisible Arrow flew over rapidly and both hit the golden arrow in the void one after another.

The arrowhead of the Visible Arrow was immediately cut in half by the arrow made from the Golden Flames Forbidden Wood.

However, the Invisible Arrow exploded and created a horrible shock wave, which pushed the golden arrow away forcibly.

“Swish!”

The golden arrow, which flew over Yaksha King at an extremely small distance, penetrated the snow mountain behind his back and disappeared in the sky.

Yaksha King, who was saved from death, felt his forehead had been covered by cold sweat.

Yaksha King, whose heart was still filled with a panic fear, made up his mind to kill Su Yu.

However, before Yaksha King took further actions, he got a bad feeling that he was locked by something more dangerous again.

He looked up and found Su Yu had taken out an ancient and broken cannon and had pointed the cannon at Yaksha King.

At this moment, Su Yu was pouring a jar of divine blood into the cannon.

The cannon was instantly activated and started to accumulate horrible energy in its bore.

Seeing this, Yaksha King shouted in great terror, “The Annihilation Cannon!”

This Annihilation Cannon was also the reason why four Deities were sent to capture a Stage Four Mortal Fairy.

This weapon could kill a Tribe Leader with one strike.

If they did their best to organize a defense, they might be able to protect themselves from the attack of this weapon.

However, Yaksha King's defensive equipment had just been ruined. The Black Flame Immortal and the Thunderbolt Immortal, who used their defensive skills just now, were not able to use those skills again in such a short time. Even the most threatening Arrow Slave had also shot two arrows just now.

The timing of the usage of the Annihilation Cannon was perfect.

They started to remember what Su Yu did just now. First, he attracted their attention to those small balls. Then, he used that horrible golden arrow to ruin all of their defensive measures. At last, Su Yu took out the Annihilation Cannon, which was his most horrible weapon, at this perfect moment.

At the thought of this, all of them couldn't help but gasp. They didn't expect Su Yu managed to push them into a death trap by carrying out his plan in a regular sequence when he was attacked by so many powerful enemies.

They were terrified by Su Yu's horrible calmness.

"Rumble!"

The Annihilation Cannon was fired at last. A strand of a purple light beam poured out from the muzzle and flew towards Yaksha King as it streaked across the sky above the vast snowfield.

"Run away!" Black Flame Immortal and Thunderbolt Immortal were shocked. They didn't want to face the attack of this Annihilation Cannon which was created by an ancient civilization.

The target of the cannon was Yaksha King. They were not able to stop the attack and they didn't want to die together with him.

The Arrow Slave, who was far away, shot out two arrows to stop the Annihilation Cannon's attack.

However, the explosion of the Invisible Arrow failed to cause any influence to the purple light beam created by the Annihilation Cannon. In the next moment, the light beam continued to dash towards Yaksha King at tremendous speed.

Yaksha King, who had been covered by a cold sweat, jumped up into the sky and tried to run away. However, the purple light beam vaporized him in the sky ruthlessly.

The remaining light beam poured into the sky and disappeared into the horizon.

The horrible energy of that light beam could still be sensed at this moment.

"Crack!"

After this attack, Su Yu's Annihilation Cannon, which was not able to withstand the great vibration, was broken into small pieces.

A Tribe Leader was eliminated by this weapon in such a quick and lethal way. Su Yu was impressed by the power of this weapon.

It was a great pity that the technology of the Annihilation Cannon had been lost and he was not able to make another cannon like this again.

“Thunderbolt Immortal, Black Flame Immortal; don’t preserve your strength anymore! Just use your Converged Divine Path!” The Arrow Slave shouted seriously from afar.

Chapter 1334: Converged Divine Path

For the two Deities, this opponent, who managed to kill Yaksha King easily, was quite troublesome. If they underestimated him, they might also end up with the same fate.

“Heaven Thunder and Earth Fire!” After having eye contact, the two Deities activated their Divine Path at the same time.

The Divine Path of thunderbolt and the Divine Path of the black flame appeared in front of Su Yu.

Between heaven and earth, two gigantic figures appeared. One was in the south and the other was in the north. In this way, they could attack Su Yu in two directions.

One figure was covered by raging thunderbolts. The other figure was wrapped in horrible black flames.

The figure which was covered by thunderbolts lifted its left hand, as many horrible thunderbolts started to rumble in the dark clouds which covered the sky.

The figure which was wrapped up by black flames waved its right hand, as horrible black flames were raging on the cracked ground in this area.

Su Yu had been surrounded by powerful thunderbolts above his head and horrible black flames under his feet.

When the thunderbolts converged with the black flames, a gust of inexplicable destruction energy was generated. A lot of pitch-dark mist appeared in this area from out of nowhere.

Su Yu reached his hand out to take back the 99 balls of Golden Flames Forbidden Wood which were scattered in this area. He then threw them out, so that they could stay close to him and protect him.

Suddenly, a ball flew into the black mist. To Su Yu’s surprise, this ball, which was made from the Golden Flames Forbidden Wood, was melted by the mist.

Su Yu’s pupils constricted a bit. He didn’t expect the Golden Flames Forbidden Wood, which was extremely strong, could be easily melted.

The Divine Paths of those two Deities were quite powerful. The black mist generated by the convergence of their Divine Paths was even more horrible.

“Young man, I guess you have been surprised by the converged Divine Path of thunder and fire, right? It is extremely difficult to find two Deities whose Divine Paths could converge with each other among so many Deities. To kill you, my lord has

made a lot of preparations.” The Arrow Slave said with a sinister smile. He suddenly picked up the golden bow behind his back and shot two arrows.

Seeing this, Su Yu dodged his attack immediately.

The Visible Arrow exploded, but the Invisible Arrow disappeared. By hiding in the shadows, it could attack Su Yu at any time.

However, the Arrow Slave continued to shoot multiple Visible and Invisible Arrows to prevent Su Yu from running away or attacking those two Deities.

“I’ll keep him busy. You two converge your Divine Path!” The Arrow Slave said as he attacked Su Yu from afar with a sarcastic smile, “It has been a while since I found interesting prey like him in some time.”

To the Arrow Slave, only clever prey was one who could kill hunters were considered challenging.

Su Yu frowned as this Arrow Slave had made a lot of trouble for him. Those two Deities had almost finished the convergence of their Divine Paths. The black mist became more intense and almost filled the entire place.

Su Yu had to stay away from the black mist when he dodged those arrows.

“I have to change this situation, or I will be killed soon.” Su Yu thought to himself.

Su Yu was a little bit anxious as he looked at the black mist which had covered the sky. However, then a woman formed by snow and ice appeared behind his back.

“Omnibearing Destruction!” Su Yu shouted in a low voice as that icy woman spat out a gust of chilly wind.

Everything in this area was instantly frozen by the chilly wind, including the black mist.

At this precise moment, a transparent figure appeared behind Su Yu, which was the Divine Path of concealing and disguise he learned from others.

“Hide!” Su Yu shouted in a low voice. His body became transparent and disappeared on the spot.

At the same time, Su Yu’s aura also disappeared because of the Rule Fragment.

Seeing this, the Arrow Slave stopped his attack and started to look around with a sarcastic smile, “Interesting, this hunting game is becoming more and more interesting. I guess his hiding skill is even better than those Tribe Leaders. He is interesting prey.”

“However, if you try to fool a hunter like me with this small trick, you are too optimistic.” The Arrow Slave said as he pointed his bow at the sky with a sarcastic smile, “Rain of Heaven Flowers!”

A Visible Arrow and an Invisible Arrow were shot into the sky, which exploded in the sky at the same time and became a lot of small chips.

Those chips blasted upwards and started to fall, which covered a large area on the ground. Under those thickly-dotted burning chips, nothing could hide.

Suddenly, a burning chip bounced off something, as if what it hit was something invisible.

Seeing this, the sharp-eyed Arrow Slave shot an arrow towards that spot without any hesitation.

Along with a groan, a transparent figure of Su Yu was knocked out from the void.

At this time, the two Deities had finished the convergence of their Divine Paths.

“All-Consuming Thunder and Fire!”

The thunderbolts in the sky and the black flames on the ground started to interact violently.

The black mist between heaven and earth was stirred up by the horrible explosion and started to surge in the area like a furious river.

Everything in its path was turned into the void. Even the balls made from the Golden Flames Forbidden Wood were vaporized.

Su Yu lowered his face because he had been trapped in this horrible black mist which was extremely dangerous.

After taking back those balls made from the Golden Flames Forbidden Wood, Su Yu decided to leave this dangerous area when the black mist was not fully mobilized.

However, when Su Yu was about to run away, an Invisible Arrow, which was hiding in the shadows, flew towards him and slowed him down. He had to slow down as he shook the arrow off carefully.

When Su Yu managed to stop that arrow with the Ice Blue Divine Armor, another two arrows appeared in front of him.

The Visible Arrow exploded before approaching Su Yu to further agitate the black mist with the shock wave created by the explosion.

Due to being a little negligent, a lump of black mist hit Su Yu's chest and his chest was turned to ashes.

Seeing this, the Arrow Slave smiled satisfactorily. However, he was stunned by what he saw next.

An emerald halo, of which the diameter was about 40 meters, appeared around Su Yu. In this halo, Su Yu's ruined chest was restored instantly.

Additionally, Su Yu could always revive whenever he was killed by the black mist.

“What's this? Is it also a Divine Path?” The Arrow Slave was shocked, and said with a smile, “I don't think that could last for a long time.”

After saying that, he shot two arrows immediately.

Su Yu's eyes had been filled with the intent to kill. However, he had no time to attack the Arrow Slave at the moment. If he failed to run away from this area before the Domain of Life ceased to be effective, he would be killed; as even the Golden Flames Forbidden Wood had been melted, let alone his body.

Su Yu ignored the two arrows which penetrated his body and continued to fly towards the horizon rapidly.

“Go after him! I guess that domain has a time limit. Hang on and just don’t let him go!” The Arrow Slave shouted to the Deities.

Hearing this, the Black Flame Immortal said with a cold smile, “Don’t worry, nobody has run away from our Converged Divine Path until now. It could seriously wound a Level 5 Deity, let alone that guy.”

The three Deities started to chase Su Yu in the sky, as he was doing his best to run away from the area.

Soon, 10 minutes had passed.

Su Yu had arrived at the edge of this place. The black mist was very thin in this area and no longer as threatening as before.

At the same time, Su Yu’s Domain of Life ceased to be effective.

After taking a slight breath, Su Yu continued to move forward.

However, the Thunderbolt Immortal and the Black Flame Immortal behind him shouted in unison, “Explode!”

Instantly, the thunderbolts in the sky and the black flames on the ground exploded at the same time. The large area was ruined by the horrible energy created by the explosion.

The horrible shock waves pushed the black mist away in all directions violently.

Now, the coverage area of the black mist was 10 times larger in this area than before.

Only Level 5 Deities were able to escape from this area now.

In front of this magnificent black mist, Su Yu was as small as an ant. Soon, he was completely devoured by the mist.

Seeing this, the Arrow Slave, the Black Flame Immortal, and the Thunderbolt Immortal let out a sigh of relief.

“Heh heh! Nobody tried to run away from the attack of the All-Consuming Thunder and Fire alive!” The Thunderbolt Immortal and the Black Flame Immortal were quite proud of their Converged Divine Path.

The Arrow Slave said regretfully, “What a pity, it has been a long time since I encountered such interesting prey like him.”

When the black mist dissipated, the Arrow Slave walked to the place where Su Yu was devoured and looked around before he said, “Let’s check this area. I guess his storage equipment was not ruined in the explosion. It’s possible that we can find it in this area.”

Hearing this, the Thunderbolt Immortal and the Black Flame Immortal also walked up to search this area.

For them, the assassination of Su Yu was not the number one task. The top priority was to take back the descendants of the World Annihilation Emperor.

“Ahh!” Just at this moment, the Black Flame Immortal screamed miserably as his head was penetrated by a golden sword that appeared abruptly.

Seeing this, the Thunderbolt Immortal yelled angrily as he bombarded this area with horrible thunderbolts.

They then heard a groan in the void. The voice was so familiar. They thought they had completely ruined Su Yu’s body and soul just now.

“Oh, no! He is still alive!” The Arrow Slave shouted in surprise as he stepped back immediately. As a smart assassin, he realized all of them were fooled.

Su Yu didn’t die but took this opportunity to hide and wait when they let their guard down instead.

However, the next moment, the Arrow Slave shouted as he changed his expression abruptly, “Wait! We shall stay together...”

“You are quite responsive.” A chilly voice came into the Arrow Slave’s ears at this moment.

The golden sword appeared from the void again, penetrating the Arrow Slave’s heart.

“Puff!”

The heart of the Arrow Slave was pierced and ruined by that sword.

The Arrow Slave was Su Yu’s ultimate target because he was far more dangerous than the Thunderbolt Immortal and the Black Flame Immortal.

Su Yu attacked the Black Flame Immortal to cause panic among them so that he could kill the Arrow Slave when they were dispersed.

If the Thunderbolt Immortal and the Black Flame Immortal were beside the Arrow Slave, Su Yu’s attack could be stopped by them easily.

As expected, the Thunderbolt Immortal and the Black Flame Immortal didn’t have time to stop Su Yu when the heart of the Arrow Slave was penetrated by that golden sword.

It was quite weird that the Thunderbolt Immortal and the Black Flame Immortal were not annoyed by this attack. In the next moment, they bombarded the area around the Arrow Slave at the same time.

It was quite difficult for Su Yu to resist the joint-attack of these two Deities, even he had the assistance of the Ice Blue Divine Armor. He was knocked out from the void and showed up in front of them.

Blood could be seen on Su Yu’s lips. He was quite pale at this moment, which meant he was a little bit frail.

When the black mist exploded, Su Yu revived himself and hid in that messy place.

Just now, he was attacked by the Thunderbolt Immortal, followed by the two Deities attacking him again.

Compared to the death of the Arrow Slave, his wounds were nothing.

In the next moment, the Arrow Slave, whose heart had been ruined by Su Yu, turned around slowly, which shocked him.

The Arrow Slave said with a sinister smile, "Good good, you are the first prey who almost destroyed me."

Su Yu was stunned by what he saw. In the broken chest of the Arrow Slave, he didn't see any flesh or blood. He only saw some... metallic parts?

Immediately, Su Yu activated his Soul Eyes to check the Arrow Slave's body. He was surprised when he spoke, "Your body..."

Su Yu found the Arrow Slave didn't have any flesh and blood in his body. The Arrow Slave was a metallic machine. He found that the Arrow Slave's soul was in that machine.

"Heh, heh, heh! Now you know what I am, an artificial creature made by the civilization of the Ancient God Realm. I can change my body at will as long as my soul is still alive." The Arrow Slave said with a sinister smile. He picked up his golden bow and said sarcastically, "I am impressed by your wisdom. It is a pity that your life will end now."

Seeing this, the Thunderbolt Immortal and the Black Flame Immortal took a deep breath. The air in this area was stirred up and started to gather in this area.

The black mist which had dissipated just now came back in a moment.

Chapter 1335: Reunion with Cailin

Instantly, this area was covered by that horrible black mist again.

Su Yu had used his Domain of Life and revival skills just now and would be killed by the black mist immediately.

"This time you are doomed." The Arrow Slave said as he continued to distract Su Yu with his arrows.

Su Yu stared at his three troublesome opponents as a pair of long wings formed by black and white feathers appeared behind his back. Lastly, the wings formed a Tai Chi pattern above his head.

When the wings were spread, the heaven and earth in this world were reversed as Yin and Yang were inverted.

In the next moment, Su Yu disappeared from his spot and Arrow Slave's two arrows only penetrated his shadow.

"Those are the Yin and Yang Tai Chi Wings, the most precious equipment of the Taiqing Divine Warrior!" The Arrow Slave gasped in surprise.

The Black Flame Immortal and the Thunderbolt Immortal were also shocked, "How could the Taiqing Divine Warrior's equipment appear in his hands? Even if he has this equipment, how could he activate it? Only Divine Strength could activate such a high-level Emperor-based Saint Artifact."

They were dumbfounded and didn't believe what they saw.

"What a bunch of good-for-nothings!" Just at this moment, a cold voice came in.

"Who is that?" Hearing this, the three Tribe Leaders turned around immediately.

They saw a young man in black behind them who was walking over in the wind and snow.

This young man, who did not look very strong, was standing upright. A pair of cold eyes could be seen in his angular face.

It was quite weird that a pair of dragon horns could be seen on his head.

After seeing this young man, the Arrow Slave changed his expression slightly. He felt his heart beating inexplicably fast. He got a feeling that this man, who was standing there motionlessly, was extremely dangerous.

The Black Flame Immortal and the Thunderbolt Immortal also felt suffocating pressure in front of this man.

"Who are you?" The Arrow Slave asked as he drew his golden bow subconsciously.

The young man in black replied coldly, "Pathetic ant, you'd better evaluate your strength before attacking me."

Hearing this, the Arrow Slave frowned as he immediately shot two arrows towards the young man.

It was quite creepy that when the young man snorted, the pitch-dark flames shot out from his nostrils and burned the two arrows into ashes, leaving the Arrow Slave shocked.

The Thunderbolt Immortal and the Black Flame Immortal were also stunned by those pitch-black flames. They shouted at the same time, "The All-Consuming Thunder and Fire!"

Along with a dull sound, the black mist in this area exploded and devoured the young man in black.

When they saw the horrible black mist couldn't cause a scratch on the young man, they started to tremble in terror.

The young man in black said disdainfully, "Pathetic ants." After saying that, he waved his hand and the horrible black mist in this area immediately disappeared.

Seeing this, the Arrow Slave, the Black Flame Immortal, and the Thunderbolt Immortal were dumbfounded.

"I need all of you, just follow me." The young man in black said as he stepped into the void by placing his hands behind his back.

The Arrow Slave made eye contact with the two Deities, and they found terror in each other's faces. After a short hesitation, they chose to follow that young man.

That man could resolve their most powerful attacks just by waving his hand, which meant he could kill all of them instantly.

...

When heaven and earth were reversed again, Su Yu appeared on a snow mountain.

With the help of the Yin and Yang Tai Chi Wings, Su Yu managed to travel billions of kilometers in a blink of an eye.

When he fixed his eyes on the snow-covered city below him, he saw the words of the Xueman Building.

"I am half a month ahead of the schedule." Su Yu murmured in his mind. Maybe Bai Yunfei and his friends had also just arrived.

The Prince and the rest of the royal family should have arrived here a long time ago.

When Su Yu went into the city, he saw a lot of creatures made from snow and ice which he used to see in those snow mountains before.

He also saw a lot of creatures from different races or nationalities like him in the city.

When he passed by a snow building, he sensed someone's kill intent. He looked up, and exclaimed in surprise, "Cailin!"

According to the Book Deity's memory, Cailin used to appear in the Frogman Tribe. Su Yu didn't expect he could meet her here, in this place.

Cailin was sitting beside a window on the second floor of this building. When she looked at people walking on the street, she was surprised by the appearance of Su Yu. A strand of kill intent shot out from her eyes. However, the kill intent disappeared immediately. Her face was filled with complicated expressions again.

After falling into the Ancient God Realm, half a year had passed. Cailin knew she couldn't go back to the Realm of Demons, and she was no longer the Rosy Clouds Fairy Concubine's maidservant. It was meaningless for her to kill Su Yu now.

"Hey, my old friend, would you mind drinking with me?" Cailin asked.

After pondering it for a while, Su Yu decided to go upstairs simply because he also tried to find the best method of leaving the Ancient God Realm from Cailin.

"I don't know how to leave here." Cailin disappointed Su Yu when he sat down. Her eyes lit up and asked in surprise, "Does this mean you want to go back?"

They were no longer sworn enemies like before. Now, they sat together and drank wine, which was unimaginable in the old days. The atmosphere between them was quite weird.

Su Yu became a bit frustrated after hearing this. It seemed he had to find a way to copy the World Annihilation Plate.

Su Yu asked back, "Don't you want to go back to the Star River?"

"Why should I go back? This lost world is over ten times more prosperous than the Star River. In the Realm of Demons, I am only a Level 6 Deity, and it would be impossible for me to reach a higher level there. But it is different here." Cailin looked

at Su Yu thoughtfully. Then, she said, "I am different than you. You are ambitious and try to be a hero in the world, while I am only interested in my future."

Su Yu sighed, "That's okay, The Star River will be ruined soon. The Realm of Demons and the two great alliances will become the tribute of the Giant of the Bitter Sea when he breaks his shackles. I'm afraid you will also be killed then."

After a short hesitation, Cailin sighed. Then, she cheered up, "No, the Giant of the Bitter Sea still needs a lot of time. After a clone reincarnation which has lasted for tens of thousands of years, he managed to become a Level 1 Deity. However, he still needs an opportunity to break those shackles and become a Median Deity or the Star River Overlord in this place. Even if he could devour all creatures, it is still not enough to realize his goal."

Hearing this, Su Yu's eyes lit up and asked, "What opportunity?"

"The consent of a Divine Warrior of Heaven and Earth or a Superior Deity," Cailin said.

Su Yu immediately frowned, "Is the Giant of the Bitter Sea able to find a Divine Warrior of Heaven and Earth?"

All of the nine Divine Warriors had passed away. How could he obtain consent from a Divine Warrior of Heaven and Earth? If the Giant of the Bitter Sea was not sure about this, it would be meaningless for him to wait for tens of thousands of years.

"He can't, but the Rosy Clouds Fairy Concubine knows a way to get that consent," Cailin said.

Su Yu was immediately surprised, "The Rosy Clouds Fairy Concubine?"

"My speculation is based on my instinct." Cailin said as she furrowed her eyebrows, "As her maidservant, I know the Rosy Clouds Fairy Concubine is not an ordinary woman because she has a lot of things which don't belong to this age. They belong to the age of the Ancient God Realm."

Su Yu asked again, "You mean something which could turn ordinary demons into the creatures of the Holy Magic Hall, right?"

Cailin replied by nodding her head, "Exactly, I've worked for her for so many years, but I can't look through her at all."

After talking to Cailin, Su Yu became more curious about the Rosy Clouds Fairy Concubine. Why is this woman so mysterious? Is she able to get consent from a Divine Warrior of Heaven and Earth in the Star River when all the nine Divine Warriors have passed away so that the Giant of the Bitter Sea could become a Median Deity?

"Hey, sister Cailin, I didn't expect you would be in the mood to talk to a strange man. This is so rare."

Cailin stood up and said as she bowed, "Young Master."

Su Yu turned around and saw a cute little girl who was about 15 or 16. This girl was looking at him and Cailin by widening her eyes curiously.

“Young Master, this is Su Yu who is an old friend of mine in the Star River,” Cailin said calmly.

Hearing this, the cute little girl said with widened eyes, “Ah? Isn’t he that villain who is so notorious in the Star River? Isn’t Su Yu your sworn enemy who pushed you into this world? How could you sit together and talk amicably?”

The villain who is so notorious in the Star River? Su Yu looked at Cailin as he touched his nose curiously because he didn’t know his reputation in the Realm of Demons could be so bad.

Cailin blushed as she stared at the little girl, replying snappily, “We are no longer enemies.”

This little girl knew Su Yu’s identity, and it was obvious that she didn’t want to chat with him. He stood up and folded his hands at them, “See you next time.”

Before Cailin and the little girl had time to urge him to stay, Su Yu left quickly.

Cailin sighed, “Young Master, you mentioned his identity deliberately, right?”

The little girl, who was so cute and innocent, spoke thoughtfully, “I only tried to test this man. He is quite vigilant. When he knew his identity had been exposed, he left without hesitation. Now I believe some of your comments about this man. However, it is still quite difficult for me to believe he is a man who could play with the world in his hand as you said.”

Cailin sighed, “Nobody could believe that without personal experience. Your reaction is just like my reaction in the old days. Young Master, if you could ask him to help you, this world would be yours.” Cailin said as she looked at her Young Master thoughtfully.

“He can help me to rule this world? Good, if he could come back from the Ice Sealed River Bottom alive, I will believe what you said.” The little girl said with a disapproving smile.

When Su Yu left the building, he sensed someone was looking at him. It was a Prince from the Imperial Sacred Faction.

“Su Yu? Why didn’t you come to meet us after arriving in the city?” The Prince was surprised by Su Yu’s traveling speed.

Su Yu turned around to look at the building. The aura of Cailin and that little girl had disappeared. “I was delayed by something. Please take me to the meeting place.”

The meeting place was a palace built of snow and ice. It was a temporary palace built by the Royal Family for the Emperor.

Inside this palace, Su Yu met the other 14 members of the team.

He was the last one to arrive at the palace.

“What? You are much faster than I expected!” Yongye Wuheng said in surprise.

Bai Yunfei and his three friends, who weren’t acting as they normally do, murmured in surprise. “I remember we were told that Su Yu was not able to come here. It seems like nothing happened to him. He’s also only one day later than us.”

Bai Yunfei and his friends got here by taking that copied Emperor-based Saint Artifact, which was extremely fast.

Yongye Wuheng looked at Su Yu and asked carefully, "You are wounded, who attacked you?"

"I encountered some bandits on the way. I have eliminated all of them. It's okay." Su Yu changed the subject with a smile, "The Frozen River will unfreeze in half of a month. Did the preparation work go on smoothly?"

"No." Yongye Wuheng replied. The rest of the people were also quite frustrated when they heard Su Yu's words.

Su Yu was surprised, "What happened?"

Bai Yunfei, who tried to make up to Su Yu, said, "Brother Su, this time the Frozen River is quite weird. We don't know what happened in those ruins, but the restrictions about the age and number of people who could enter that place disappeared."

Hearing this, Su Yu was greatly surprised because the situation had become quite serious.

Without the restrictions about the age and number of people who could go into that place, all experts could enter.

"Luckily, the news hasn't been widely spread yet. Only a few people know it. I guess the situation that a lot of experts from the empire flock here won't occur." Bai Yunfei said gloomily.

Those ruins were already extremely dangerous. Now, something more troublesome also happened.

Su Yu was reassured a bit. He couldn't help but ask thoughtfully, "Do you know the reason for this sudden change?"

The restrictions of the Ice Sealed River Bottom were set up in the age of the Ancient God Realm. If those restrictions could be removed, the World Annihilation Empire or the Empire of Darkness would have done that so that they could obtain all precious items there.

Even the Imperial Sacred Faction was not able to remove those restrictions, who else could do that?

"According to my speculation, it could be done by the Moonview Sect." Yongye Wuheng said seriously.

Su Yu frowned because he had never heard of this sect before. He also didn't read this name in any historical records.

However, the descendants of the military officers and courtiers like Bai Yunfei and Fu Hongchen lowered their faces immediately when they heard this name.

Chapter 1336: The Heaven-trampling Three Steps

Yongye Wuheng said seriously as he glanced at Su Yu, "The history of the Moonview Sect is even longer than all of the royal families. It is said that the Moonview Sect appeared before the arrival of the Ancient God Realm."

Su Yu was surprised, he didn't expect the history of this sect to be even longer than the history of the Ancient God Realm.

However, he knew this lost world used to be a part of the Star River. Its current location should be somewhere outside the Star River.

"Where did these people come from?" Su Yu asked.

"They are the aboriginals, we call them People of Remote Antiquity, who arrived at this place ahead of people of the Ancient God Realm. The Moon Deity is their god, and those who worship the Moon Deity formed the Moonview Sect." Yongye Wuheng replied.

"When the nine Divine Warriors passed away, the Moonview Sect used the opportunity to launch a massive counterattack. They enslaved us, the new immigrants in this place, for several million years. After that, we accumulated strength secretly and fought back together with the nine Imperial Sacred Factions. At last, we managed to drive them into the Lost Nation." Hearing this, Su Yu couldn't help but look at Yongye Chuxue.

"The Moonview Sect has been quite active since then. They came back into this place periodically to make trouble or even launch wars. According to the historical records, two Imperial Sacred Factions were ruined by the invasion of the Moonview Sect. Until now, the Moonview Sect is still a mortal malady of the Ancient God Realm."

Su Yu was not surprised. The people of the Ancient God Realm were invaders. Therefore, the Moonview Sect which was formed by the aboriginals would resist them.

But what was this place?

According to the Evil God's narration, the Sinful Lady and the World Annihilation Dragon descended and ruined the entire Star River.

At last, all nine Divine Warriors subdued the Sinful Lady and the World Annihilation Dragon by exploding themselves.

After that, the Star River God Realm, which survived this disaster, was about to recuperate and build up strength.

However, an enormous shadow covered the battered Star River God Realm, and the Star River God Realm fell apart and a large part of it disappeared.

Now, it seemed this part of the Star River God Realm was transported to this mysterious world of water, where a lot of aboriginals were living inside this place.

Therefore, a brutal and prolonged war broke out between the two sides.

However, those Imperial Sacred Factions chose to conceal the history of this period. Except for the senior members of those Royal Families, nobody knew the existence of the People of Remote Antiquity.

After hearing Yongye Wuheng's introduction, the people here became more serious.

For them, the Moonview Sect was an extremely horrible organization, and nobody could stay calm on hearing its name.

"The Moonview Sect has disappeared many times over the years. Maybe this trouble was not caused by them." Bai Yunfei said.

Yongye Wuheng sighed deeply, "I hope so, however, I used to fight against a woman when I investigated the Ice Sealed River Bottom one month ago. According to her skills and techniques, she may be Luo Xueyi, the new Saint Lady of the Moonview Sect."

"Swish!"

Most people stood up in surprise, staring at Yongye Wuheng with widened eyes because all of them were shocked by what they had heard.

Oppositely, the members of the Royal Family were quite calm. They had already known about this issue.

Fu Hongchen asked, surprised, "Prince, how was your fight?"

He didn't doubt Yongye Wuheng's judgment, as the skills and techniques of the Moonview Sect's members were quite special, making it impossible for that woman to hide her skills and techniques.

The rest of the people were also surprised. This was the most important question: Who was the winner between Yongye Wuheng and the new Saint Lady?

If that Saint Lady was more powerful, all of them would be in great danger.

Yongye Wuheng untied his robe to reveal his chest with a warm smile, revealing a small, gray palm print on his chest.

They could sense weird strength in that palm print. This weird and creepy strength was neither Spiritual Energy nor Divine Strength.

"As expected, it is the unique Wizard Strength of the Moonview Sect." Bai Yunfei couldn't help but gasp on the spot before speaking.

Fu Hongchen also said as his eye pupils constricted abruptly, "With this, the result of the fight..."

"We reached a draw, we were equally matched." Yongye Wuheng said calmly. He hid the truth in his heart.

The Moonview Sect's Saint Lady didn't want to continue the fight. Otherwise, Yongye Wuheng would have been killed within the next 10 rounds.

Hearing this, the rest of the people let out a sigh of relief.

"According to the information we got before, a lot of strangers have been spotted in the Ice Sealed River Bottom in the past 10 years. I guess the sudden change in the ruins of the Ice Sealed River Bottom should be caused by the Moonview Sect."

Nobody objected to this issue again.

Only the mysterious Moonview Sect, which was formed by the aboriginals of this place, could make changes in the ruins which couldn't be changed by the Imperial Sacred Factions.

"They removed the restrictions of those ruins. I guess they also targeted those ruins." Yongye Wuheng said, "I've sent messages back to the Empire to ask for reinforcements from those powerful experts. If necessary, I will ask the Xue Lord in the North Territory to mobilize the creatures here. We can't afford to lose this battle against the Moonview Sect."

When Su Yu went back to where he lived, he became more serious.

Behind him, his enemies were still chasing him. In front of him, he had to face the unknown danger in those ruins. Now, the mysterious People of Remote Antiquity who used the Wizard Strength became his new enemy.

Su Yu knew this was a great risk. If he couldn't make full preparation, he would fail miserably in this task.

After sitting down with his legs crossed, Su Yu took out a jade pendant where the Heaven-fighting Three Strokes of the Shangguan Family's mansion were recorded.

This skill was the essence of all the skills of the Heaven-fighting Divine Warrior in his life.

If Su Yu could acquire some skills before entering the Ice Sealed River Bottom, his trip might be safer.

Just then, Su Yu's soul went into the jade pendant and started to acquire those skills.

Almost at the same time, Yongye Wuheng, who furrowed his eyebrows, also sat in his secret room with his legs crossed. After a while, he opened his eyes and sighed helplessly, "As expected, it is almost impossible for an ordinary person to acquire the essence left by the Heaven-fighting Divine Warrior! 10 years have passed, but I only get some superficial understanding of the first move of it!" He exclaimed as he closed his eyes to continue his comprehension.

When Su Yu's soul entered the jade pendant, he found that he was standing on a vast and endless land, the sky was so high and deep above his head.

Su Yu murmured in his heart in surprise, "Is this a world created by skills? But how could I acquire this skill?"

When Su Yu was thinking, he saw a figure in this place with his peripheral vision.

Su Yu turned around but didn't see anyone.

"Rumble!"

Suddenly, a big bang came in from the sky and the high sky started to fall as if it had collapsed, which could kill all creatures in this world.

The land was crying because it would be ruined by the falling sky.

An unwilling roar started to echo in this vast area and even the universe.

“Heaven is immortal! Heaven will never die! The first move, The Heaven-trampling Three Steps!” A magnificent figure appeared in the spot that Su Yu saw with his peripheral vision.

This figure was very strong and had a majestic face. His long beard, which had touched the ground, was whirling about when there was no wind.

Without any fear, he looked up at the falling sky with the magnificent fighting will and yelled as he stepped into the sky.

“Rumble!”

“The first step crumbles the sky! The second step shoots down the sky! The third step inverts the universe!” After the three steps, the falling sky, which was about to ruin this place, was broken into ashes which fell to the ground.

Now, this world only had ground left, where that majestic figure was standing.

This scene cheered Su Yu up. It seemed the strength hiding in his blood had been woken up. Unconsciously, the figure of the Heaven-defying Divine Warrior, who had black hairs and black eyes, appeared behind his back to resist all injustices in this world.

Su Yu felt he had lost control of his mind, which was acquiring the Heaven-trampling Three Steps rapidly.

The first step crumbles the sky.

The second step shoots down the sky.

The third step inverts the universe.

Su Yu was absorbed in the acquisition of this skill completely.

At last, he was startled by a tiny sound in the outside world.

Instantly, that mystical feeling disappeared as Su Yu went back to the real world.

The feeling of trampling heaven was still lingering in his heart, leaving him quite frustrated.

After taking a slight breath, Su Yu concealed the feeling in his mind before he stood up and walked towards the door of his secret room.

However, Su Yu didn’t expect his casual footsteps to sound like the Heaven-trampling Three Steps.

“Crack!”

That door made of a special stone material, which couldn’t even be ruined by Deities, was broken into small parts by Su Yu’s casual footstep.

Someone shouted from outside the secret room in surprise, “Look out! Something is wrong with his secluded training!”

Su Yu was immediately shocked. He controlled the strength of his legs quickly. When he looked at what happened outside the room, he knew he had landed himself in trouble.

A lot of people were standing outside his secret room.

Su Yu saw the five descendants of courtiers who were led by Fu Hongchen, Bai Yunfei and his three friends, five members of the Imperial Sacred Faction, and another two unfamiliar powerful experts who looked quite gloomy.

At this moment, except for the two experts, the rest of the group of 14 people were looking at the ruined secret door and Su Yu in surprise.

When they were standing outside this room just now, a gust of horrible strength poured out. This strength ruined the door of this room which couldn't even be ruined by Deities directly.

The remaining strength continued to fly towards them. If the two powerful experts didn't resolve this strength, all of them would have been seriously wounded or even killed.

Bai Yunfei swallowed with difficulty as he murmured in his heart in surprise. "My God, what did he learn in the past 15 days? Why is his strength so horrible now?"

Zheng Shaoliang also wiped off the cold sweat on his forehead. For him, Su Yu was just like a monster.

All of them were shocked. Yongye Wuheng's eyes lit up because the strength that poured out just now was quite familiar.

Su Yu walked out calmly and spoke after folding his hands at them, "I'm sorry for the disturbance. I failed to control my strength. Could you tell me how long I have been absorbed in the secluded training, please?"

Yongye Wuheng said as surprise disappeared from his face, "Half a month, several days ago, we tried to wake you up, but it seemed like you have been absorbed in a highly-concentrated status and we couldn't wake you. We tried to wake you up by startling your soul. I hope we didn't influence your important training." He said calmly as he fixed his eyes on Su Yu without blinking. It seemed like he tried to find something from Su Yu's expression.

Pitifully, Su Yu hid the truth with a surprised face, "I didn't expect I had performed training for so long a time."

Su Yu felt like he only spent several hours in that place with the crumbling sky when 15 days had passed in the outside world.

"Sorry for keeping all of you waiting for me. Let's go." Su Yu didn't mention a word about the noise he made just now.

Yongye Wuheng nodded his head as his lips moved. He was sending a message through telepathy.

The two powerful experts who were sent here as reinforcement behind Yongye Wuheng replied through telepathy as they looked at Su Yu thoughtfully, "His strength was horrible. I guess he used his strength unintentionally just now. If he uses that strength intentionally, it will be even more horrible."

Hearing this, Yongye Wuheng was shocked. These two Deities were commanders of the imperial guards who were trusted by the Emperor completely. These two Level 3 Deities could defeat everyone in this empire except Shangguan Feiyu.

This was the first time Yongye Wuheng heard the word "horrible" from these two powerful Deities.

Yongye Wuheng looked at Su Yu thoughtfully as crafty light flashing in his eyes.

Chapter 1337: A Dangerous Toad

When all team members were gathered together, they moved out and arrived at the Frozen River.

The Frozen River was amazingly formed. It was also extremely long and completely frozen.

Because of the special chilly Qi, the ice in this area was very hard. The maximum depth of excavation could be realized by a one year Level 3 Deity and was less than 400 meters.

The total depth of the Frozen River was about 100,000 meters. Therefore, nobody was able to dig to the bottom of the river, let alone find the ruins on the Frozen River's riverbed.

Every 100 years, the Frozen River would thaw and numerous hard pieces of ice in the river would melt for two months before the river would freeze again.

The 15 members of the team would have 60 days to explore the riverbed.

Of course, according to the current situation, it was possible that more people would also enter.

Today, 15 team members and two Level 3 Deities appeared in front of the Frozen River.

Half a day later, fiery flames suddenly poured out from the depths of this large frozen river.

The thick ice cracked immediately. The flames poured into the sky from between the cracks in the ice. The next moment, the extremely long river was entirely ignited. This majestic scene was very stunning.

As the description passed around in hearsay, the Frozen River, that had been frozen for 100 years, unfroze right this moment.

"Let's go to the river!" Yongye Wuheng shouted in a low voice as he jumped into the river first.

Bai Yunfei and his friends also jumped into the river by following Yongye Wuheng.

"Where do these flames come from? How could these flames be so horrible that the entire Frozen River was ignited?" Su Yu murmured as he stood on the riverside.

With this question lingering in his mind, Su Yu also jumped into the river and arrived at the riverbed by following his teammates.

On the riverbed, Su Yu found many ancient ruins that were sealed by the ice. It was meaningless for Su Yu and his teammates to try to explore these ruins.

Su Yu saw a gigantic, well-preserved stairway on the riverbed.

It seemed like this time-honored stairway had a history of hundreds of millions of years. It was quite dilapidated as if it would collapse at any moment.

Su Yu knew this was the entrance to the ruins.

The distance of traveling on this stairway determined the depth the explorer could go into the ruins.

If the members of the Imperial Sacred Faction decided to go to the Saint Realm, which was at the deepest area of the ruins, they should go to the top end of the stairway, where they would be teleported into the Saint Realm.

Su Yu, Bai Yunfei, and the rest of the descendants of the military officers should go to the middle area of the stairway. At this spot, they would be teleported into the Devil Realm which was located in the middle area of the ruins.

Fu Hongchen and the descendants of the courtiers only needed to walk forward on the stairway for one or two steps symbolically, and they would be teleported to the Mortal Realm which was located at the periphery of the ruins.

The five members of the Imperial Sacred Faction walked onto the stairway first. Soon, they arrived at the top end of the stairway. After standing there for a short while, they disappeared quickly from the spot.

“Brother Su, after you,” Bai Yunfei said flatteringly.

“Wait!” They were quickly stopped by Fu Hongchen the next moment.

“Fu Hongchen, are you really going to make trouble right now? If you ruin the expedition plan, the members of the Imperial Sacred Faction won’t let you go,” Bai Yunfei said as he raised his eyebrows.

However, Fu Hongchen ignored Bai Yunfei’s words. He fixed his eyes on Su Yu. “I want to challenge you again.”

Su Yu turned around and glanced at Fu Hongchen. “Go ahead,” he said, calmly nodding his head before he turned around to face Fu Hongchen. “You can attack me first.”

“Just take care.” Fu Hongchen was no longer arrogant like he was last time.

Scratch!

His robe was ruined by his powerful physique, and his horrible body became visible to the people nearby.

Fu Hongchen stomped his feet to dash forward before he disappeared like a phantom. Nobody here knew where he was now.

“He is so fast! I bet he is much faster than last time!” Bai Yunfei exclaimed as his pupils constricted slightly.

Boom!

Instantly, the air in this area was stirred up by his fist, which created a big bang.

This horrible attack stunned Bai Yunfei, Zheng Shaoliang, and the rest of the descendants of the military officers.

“Oh, no! His attack is almost as powerful as that of a Deity! I guess his body has been strengthened again!”

They tried to rush up to help Su Yu, but it was too late. Fu Hongchen's ferocious fist was only three meters away from Su Yu.

When Bai Yunfei and his friends shouted in surprise, Su Yu lifted a hand that was previously placed behind his back and reached out in front of him. He clenched his fist, which was covered by a layer of black scales. In the next moment, his fist precisely collided with Fu Hongchen's fist.

Crack!

A crisp noise was created that was just like the sound of bamboo being broken in the air. One of them was suffering from a fracture now.

Step! Step! Step!

As a man was rapidly stepping back, the rest of the people couldn't help but gasp at the sight.

The one who was knocked back was Fu Hongchen.

Su Yu was standing still. He hadn't moved a bit. He casually pulled his fist back which was covered by black scales.

There was a serious fracture in Fu Hongchen's right arm, which covered the limb in fresh blood. At the same time, fresh blood was continuously dripping from his lips.

Bai Yunfei became speechless because he felt as if his throat had been obstructed by something. He believed Su Yu defeated Xue Qingchen with the strength of his equipment. However, Fu Hongchen's attack was more powerful than that of Xue Qingchen when he was at his peak state.

Su Yu managed to block Fu Hongchen's attack easily and caused serious wounds in Fu Hongchen's body. This could only be realized by Deities.

"As expected, you were still hiding your strength. Good luck wasn't the reason you defeated me last time," Fu Hongchen said seriously as he wiped the blood off his lips.

When Fu Hongchen witnessed Su Yu ruin the stone door which couldn't even be ruined by Deities, he knew it was highly possible that he couldn't rival Su Yu at all.

Now, Su Yu had arrived at the Ice Sealed River Bottom, and he didn't mind showing off his strength.

"The winner takes all; you can do whatever you want to me. I admit defeat." Fu Hongchen knew he had lost and was well prepared for whatever Su Yu would do to him.

If Su Yu killed them in this place, the Imperial Sacred Faction wouldn't investigate this case as long as he could stop the divulgence of this secret.

"You can go as long as you stop making trouble for me," Su Yu said calmly as he turned around and stepped on the stairway.

Bai Yunfei made eye contact with his friends, and all of them felt sorry for missing such a good opportunity to kill those descendants of the courtiers.

Fu Hongchen was stunned by Su Yu's words because he didn't expect that he would be let go.

When he remembered his arrogant actions and Su Yu's indifferent reaction, Fu Hongchen smiled wryly. He believed Su Yu didn't want to waste time on him because Su Yu viewed him just like an ant.

"Please wait a minute, I have something to tell you," Fu Hongchen said after a short moment of hesitation.

Su Yu turned around and looked at Fu Hongchen.

"Xue Xiaoman, who is the eldest daughter of the Xue Lord in the North Territory, will also go into the ruins of the Ice Sealed River Bottom. Her target is the Myriad Bone Mountain," Fu Hongchen said.

"So what?" Sunday Yu asked.

"As Xue Qingchen's elder sister, Xue Xiaoman loved her dearly. If she sees you there, she will go after you. Please take care, she is very powerful. It is said that she is the number one expert among the young men in the Xue Nation in the North Territory. She could fight against Yongye Wuheng for 100 rounds. She is an extremely dangerous opponent for you," Fu Hongchen explained.

"Oh," Su Yu said while nodding his head slightly. "Then I'll kill her if she tries to make trouble for me."

After saying that, Su Yu disappeared on the stairway in front of Fu Hongchen and the rest of the descendants of courtiers who were dumbfounded.

"He is so arrogant! I guess he doesn't know who Xue Xiaoman is!" Zhang Yong said angrily as his lips twitched.

Fu Hongchen was also stunned and frustrated a bit and sighed, "This is the difference between him and us."

On the same day, a lot of unidentified experts appeared on the riverside of the Frozen River. They all found the stairway and went deep into the Frozen River.

Su Yu felt the space around him rotating. He then appeared in an open place which was full of birds' chirping and the fragrance of flowers.

This beautiful place cheered Su Yu up. He had stayed in this world of water for one year and was so happy to see dry land again.

"This is so amazing. These ruins have been soaking in the river for hundreds of millions of years, but it seems like nothing in these ruins has changed," Su Yu murmured in a low voice.

He found Bai Yunfei and his friends were not in this area. It seemed they had been teleported to different places.

Su Yu found he was near some dark and gruesome palaces.

After glancing at those ruins, Su Yu felt his heart miss a beat inexplicably because he sensed something extremely dangerous.

In the twinkling of an eye, Su Yu moved back without any hesitation.

Swish!

When Su Yu left that position, a long tongue flew out from a gruesome palace and swept over the spot where Su Yu was standing a moment before.

The tongue was covered with a horrible corrosive liquid, which even corroded the space in this area. Huge plumes of white smoke rose in the air.

Soon, this area was filled with white smoke. Su Yu, who was several thousand meters away, still felt the sting on his skin as if he was about to be ignited.

He was shocked, and he started to check that gruesome palace by activating his Soul Eyes, and he saw a gigantic toad inside.

The toad, whose body was covered in a lethal poisonous liquid, was staring at Su Yu coldly. The demonic energy that poured out from its body was so horrible.

“It is a Demonic Beast that is as powerful as Dakini,” Su Yu murmured in his mind with terror.

The Deities were classified into different levels according to the standard of the Ancient God Realm.

All Deities had to break the Shackles of Heaven and Earth. Those who had just become Deities had six Shackles of Heaven and Earth. When they broke one shackle, their strength would be enhanced up another level.

Those ordinary Deities were classified as Level 6 Deities.

The Deities at the level of Tribe Leaders were classified as Level 5 Deities.

Deities like Dakini and Alliance Master Luo were classified as Level 4 Deities.

Powerful Deities like the Sixth Princess were classified as Level 3 Deities.

Deities like the First Prince, who was more powerful, were classified as Level 2 Deities.

The Demonic God of Six Paths was the only Level 1 Deity Su Yu knew.

The toad in front of Su Yu was a Level 4 Deity who was much more powerful than those Tribe Leaders.

Su Yu, who was terrified, left this place immediately. He quickly memorized the location as he left.

“This time I was so unlucky. I didn’t expect I could be teleported to a place which was in front of the mouth of a Level 4 Deity,” Su Yu murmured. After locating the Myriad Bone Mountain with his mind, he jumped into the sky and left immediately.

The Myriad Bone Mountain was located in the center of the Devil Realm. This mountain hadn’t been completely excavated yet, which was quite rare in this place. Therefore, it was always the target of the excavators of past dynasties.

Unfortunately, only experts who hadn't reached the level of Deity could enter the Devil Realm. Therefore, a large area in this place hadn't been excavated.

Several days later, Su Yu saw an extremely tall, barren mountain which was located on the horizon. The setting sun formed a bloody halo behind that barren mountain, and it looked very evil and scary.

Unknown strength poured from that mountain to seal the sky in that area, which stopped all people from flying over the mountain, meaning everyone had to climb the mountain on foot.

Sensing that Bai Yunfei and his three friends had arrived at this mountain, Su Yu decided to catch up with them.

This mountain was extremely tall, and a lot of paths led to the top of the mountain. When Su Yu trod on a path, he found traces of other people who trod on this path before.

Someone had arrived at this mountain ahead of them.

As expected, some well-informed people got the news about the sudden change in the ruins of the Ice Sealed River Bottom.

Su Yu became more vigilant and found the path which was chosen by Bai Yunfei and his friends. In the next moment, he started to rapidly climb the mountain along this path.

When Su Yu set foot on this mountain, he felt horrible pressure on his body. Normally, he could rush to the top of this mountain instantly. Now, the pressure forced him to climb the mountain step by step like an ordinary person.

Through careful inspection, he sensed the pressure was slowly pouring out from inside the mountain.

"This mountain is very weird." Su Yu's eyes lit up as he continued to climb the mountain along that path.

On his way, he found a lot of corpses of creatures who were killed here. It was clear that all of them died miserably.

He also found the blood of those dead creatures on his way along the path, as a lot of creatures had been seriously wounded.

Two hours later, Su Yu found a dry corpse whose blood and flesh had been drained onto the ground.

When Su Yu fixed his eyes on that corpse, he found it was the corpse of a descendant of a military officer.

Chapter 1338: The Death of Ghost Bat

Su Yu believed this guy was killed about four hours ago. According to the fighting marks in this area, Su Yu figured out Bai Yunfei and his friends tried to defend themselves. However, one of them was killed instantly and Bai Yunfei and the other two people ran away.

It seemed they encountered something dangerous.

On the neck of the corpse, Su Yu found a hole that was as large as the diameter of a finger. Since his blood and flesh had been drained, Su Yu concluded that he was killed by Demonic Beasts.

Two hours later, Su Yu found another corpse on the path who was also a descendant of the military officers. Again, this guy became a dry corpse after losing his blood and flesh.

Su Yu squinted his eyes slightly as he quickened his pace.

After another two hours, Su Yu had climbed halfway up the mountain when he heard the sound of fierce fighting.

“I got company,” he thought to himself.

Su Yu rushed up to check the situation. He found five people, including Bai Yunfei, Zheng Shaoliang, and two men and one woman who were wearing black robes. According to the aura of the three strangers, they should be Level 6 Deities.

The woman, who was as pale as a ghost, was quite feeble because she was suffering from a serious bleeding wound on her neck.

It turned out Deities also came to the Myriad Bone Mountain after the cancellation of those restrictions.

Like Bai Yunfei and Zheng Shaoliang, the three Deities were staring at a weird Demonic Beast they were surrounding.

At first glance, this Demonic Beast looked like a giant bird with a horrible spear-like beak which was around 10-meters long.

Golden divine blood could be seen on the edge of its beak and should be from the wounded woman's neck.

The giant bird with the long beak sneered like a person as it looked at its five opponents. The ear-piercing scream that came out from its beak made it appear quite fierce and tough.

Bai Yunfei and Zheng Shaoliang were scared, back when they encountered this Demonic Beast on their way up the mountain, they immediately ran away, and two of their friends were killed by that beast. At last, they met three strange Deities when they climbed halfway up the mountain.

However, the three Deities immediately started to fight against that giant bird. Bai Yunfei and Zheng Shaoliang took this opportunity to stay alive and hide.

“Brother Bai, we should have spent more time waiting for Brother Su. Now, we are trapped here after losing two friends.” Zheng Shaoliang complained.

They were teleported to a place which was very close to the Myriad Bone Mountain after arriving at the mountain after less than six hours.

They spent one day waiting for Su Yu, but he didn't show up. When they discovered that some strangers started to climb the mountain, they became more anxious. At last, they also started to climb the mountain recklessly.

However, they encountered a horrible Demonic Beast when they had just started to climb the mountain.

This Demonic Beast had appeared in the historical records three times. Its name was the Ghost Bat, it has been said that it was an underling of the Nine-headed Devil Sage who seldom appeared.

According to those historical records, those who encountered this Demonic Beast were immediately killed by it.

None of them expected that they could be so unlucky to encounter this dangerous beast when they had just started to climb the mountain.

Bai Yunfei felt remorseful. However, when he saw that seriously-wounded woman, he couldn't help but say, "I guess even Brother Su couldn't rival this ferocious Demonic Beast."

When Bai Yunfei saw the two male Deities confronting the Ghost Bat nervously, he stepped back by dragging Zheng Shaoliang and was about to run away sneakily.

However, as soon as they moved their feet, one Deity who looked like a sub-chief, shouted in a low voice, "You are not allowed to leave here! We may stay alive if all of us attack this Demonic Beast together. If we split up, we will be killed by it one after another!"

Bai Yunfei understood what the man said, however, he also knew the three Deities tried to use him and Zheng Shaoliang as bait to attract the Ghost Bat's attention so that they could take the opportunity to attack it.

"Swish!"

Suddenly, the Ghost Bat started to move, creating a gust of wind by flapping its large black wings and then disappeared on the spot.

The next moment, the Ghost Bat appeared behind one Deity in a black robe inexplicably. It reached out with its sharp claws to grasp that Deity and rapidly stabbed its spear-like beak into his neck.

"Be careful!" The leading Deity shouted to remind that Deity as he attacked the Ghost Bat. "Activate your defense now!"

The Deity who was grasped by Ghost Bat was terrified. He took out a hide that was covered in weird patterns that was almost as strong as the copied Emperor-based Saint Artifact used by Xue Qingchen.

At the same time, plumes of gray energy poured out from his body and formed a complicated rune, which stopped under the Ghost Bat's large beak.

"Puff!"

The Ghost Bat's beak was so sharp that it penetrated that hide immediately, making it useless in protecting him from its beak.

The Ghost Bat continued to stab its beak towards that Deity's neck, but its beak was stopped by that gray rune for a short while before it disappeared.

However, this short period was long enough to save that Deity's life.

The leading Deity rushed up at this moment as he shouted, "Discomposure Incantation!"

He reached out his finger, causing the gray mist on his fingertip to disappear into the void and form invisible ripples that swept over the Ghost Bat's body.

The greedy Ghost Bat was immediately distracted and its body started to tremble when its beak was stopped for a while.

The Deity who was grasped by the Ghost Bat took this opportunity to break away from its claws and shouted loudly. However, his shoulders had been badly mutilated.

“Screech!”

The ferocious Ghost Bat was annoyed when it found its prey had run away and turned around to grasp the woman who had already been seriously wounded by it.

The woman was not able to rival this Demonic Beast when she was at her peak state, let alone now that she had been seriously wounded.

“Evil beast, how dare you!” The Leading Deity shouted loudly as his body was wrapped up by the raging gray mist. “Myriad Ghost Mercy Mantra!”

Instantly, the area was filled with numerous ghost cries that were extremely ear-piercing.

The Ghost Bat, who was flying, was disturbed by this upsetting noise and was slowed down as its body appeared from the void.

The woman took this opportunity to run back to her companions with difficulty from her injuries.

The Ghost Bat became more ferocious after losing its target again and turned around and started to roar at the three Deities.

The three Deities were as pale as ghosts now, except for the leading Deity, who was only a little bit feeble compared to the other two Deities who had been seriously wounded.

“Let’s go! We can’t rival it. We shall retreat and ask for reinforcements immediately!” The leading Deity instantly made up his mind.

The Ghost Bat figured out their intentions and flew around, starting to rush towards them again.

Seeing The Ghost Bat rush towards them, the three Deities changed their expression slightly. The Deity, who was grasped by the Ghost Bat just now, drew Zheng Shaoliang into his hand and threw him towards the Ghost Bat ruthlessly.

“Chi!”

The sharp claws of the Ghost Bat penetrated Zheng Shaoliang’s body like a piece of paper. The Ghost Bat appeared from the void as it stabbed its spear-like beak towards Zheng Shaoliang without any hesitation, buying the three Deities some time to run away from the Ghost Bat.

Bai Yunfei was shocked. Although he was very angry, he didn’t dare try to save Zheng Shaoliang by attacking the Ghost Bat.

“I’m afraid I have to sacrifice you later!” The Deity who used to be grasped by the Ghost Bat said as a chilly light flashing in his eyes, drawing Bai Yunfei into his hand.

Later, if the Ghost Bat caught up with them, he would throw Bai Yunfei towards it to buy them some more time.

However, it seemed the leading Deity sensed something immediately as he changed his expression and shouted, “Chongshan, take care!”

The Deity whose name was Chongshan was holding Bai Yunfei in his hand. When he heard the warning of the leading Deity, he knew something dangerous was coming towards him.

A golden shadow was flying towards him rapidly in the void.

As a Deity, Chongshan was shocked by the lethal energy in that golden shadow. He knew it was something extremely dangerous that could even kill him.

“Puff!”

Before he had time to react, that golden shadow penetrated his hand which was holding Bai Yunfei. His hand, arm, and shoulder were completely pierced by that golden shadow.

Chongshan was knocked back by this horrible energy towards the Ghost Bat.

“Oh, no!” The leading Deity and the woman changed their expressions abruptly. They knew Chongshan would be penetrated by the Ghost Bat’s beak soon.

“Puff!”

The leading Deity and the woman were shocked when they heard a dull sound. It sounded like something being penetrated.

They became dumbfounded when they turned around and looked as if they just saw a ghost.

The horrible beak of the Ghost Bat, which was around 10-meters long, was penetrated by that golden shadow before it flew into the Ghost Bat’s body through its beak. At last, its body was also penetrated by the golden shadow which took out a lot of golden divine blood with it.

The Ghost Bat’s body was ruined by the horrible energy on that golden shadow.

The Ghost Bat started to scream miserably as it started rolling on the ground and throwing Zheng Shaoliang away, ruining a lot of mountains with its giant wings, which created a lot of noise.

Gradually, the Ghost Bat stopped its struggling as it became motionless and its eyes went dim.

The three Deities in black robes were surprised by this scene. When they found the one who shot out the golden shadow after checking the corpse of the Ghost Bat, they became even more surprised.

Bai Yunfei rushed up to drag Zheng Shaoliang away from the Ghost Bat. After putting some healing pills into Zheng Shaoliang’s mouth, Bai Yunfei turned around to check the one who killed the Ghost Bat. Then, Bai Yunfei and Zheng Shaoliang dropped to their knees towards their savior. “Thank you so much for saving our lives! Please accept our sincere appreciation!”

They were lifted by a gust of strength. They were surprised by hearing a voice which also dropped them into wild joy.

“Fortunately, I arrived just in time. I’m glad to see both of you are okay.” Suddenly, a figure who was wearing a white robe appeared in front of them like a ghost and helped Bai Yunfei and Zheng Shaoliang to stand up.

When they saw this man in the white robe, they started to cry with joy.

Bai Yunfei had a look of shame upon his face and said, “Brother Su, everything was caused by my reckless decision. We lost two members on the way. I bet the situation would have been different if we set off together with you.”

“We didn’t agree to climb the mountain together, don’t blame yourself,” Su Yu said.

Hearing this, Bai Yunfei was so touched and his heart was full of appreciation.

Zheng Shaoliang’s eyes lit up as he shouted in surprise, “Brother Su, do you know how powerful you are? You killed the Ghost Bat with one arrow! From now on, I... I will follow your lead and serve you forever!”

Su Yu replied with a smile, “It’s just a lift of a finger. Don’t mention it. Now, please step back.”

He then turned to the three Deities and shouted coldly, “You are members of the Moonview Sect, right?”

Su Yu was impressed by their gray mist and strange incantations.

Hearing this, Bai Yunfei and Zheng Shaoliang knew who those Deities were. They said as they stared at them with deep hostility, “Brother Su, the energy they used just now was Wizard Strength. They are members of the Moonview Sect.”

The three Deities also looked at Su Yu carefully. They thought he could be a powerful Deity. However, they put their heart at rest when they found this young man was just a Stage Four Mortal Fairy.

Maybe he killed the Ghost Bat with a powerful weapon.

The Deity whose arm was ruined by Su Yu said as he stared at Su Yu coldly, “Young man, you ruined my arm just now. Do you want to say something about that?”

“Say something about that?” Su Yu replied with a cold smile, “You should be thankful. Just now, the Ghost Bat was my primary target. I only planned to teach you a lesson by ruining your arm. If you want to die, I can fulfill your wish now.”

Hearing this, that Deity couldn’t help but sneer. “It seems you don’t know how horrible the Moonview Sect is. Maybe you can wound me by attacking me sneakily, but do you think I can let you go easily when you are standing in front of me?”

Chapter 1339: Divine Path of the Wizard Tribe

“Heh, heh!” Su Yu said nothing but smiled coldly and chuckled.

Su Yu didn’t want to kill these Deities because Bai Yunfei and Zheng Shaoliang were not so important to him.

However, it seemed those Deities hadn’t drawn enough lessons from that arrow.

The intent to kill started to flash in Su Yu’s eyes.

“Kill intent? You overestimated yourself.” The Deity whose arm was ruined by Su Yu’s arrow shook his body. Suddenly, his arm which had been ruined was restored immediately.

“Chongshan, wait a moment.” The leading Deity stopped Chongshan calmly.

The leading Deity turned to Su Yu and started to look at him carefully. After that, the leading Deity said majestically, “Young human, I’ll offer you an opportunity to serve us.”

“An opportunity? What is it?” Su Yu smiled as he stood there calmly. He could kill these Level 6 Deities easily, but they still tried to force him to serve them unblushingly.

The leading Deity didn’t like Su Yu’s reaction and scolded him arrogantly as he placed his hands behind his back, “You shall show your due respect to those who can kill you at any time.”

Then, he continued to speak, “We will spare your life if you go with us with that precious item.”

“What if I say no?” Su Yu asked with a faint smile.

The leading Deity replied indifferently, “We will take charge of that precious item. Maybe we can’t control the precious items of aliens like you with our Wizard Strength, but it is quite easy for us to find another alien like you to control this item.”

“Just tell me what benefits I can get from serving you.” Su Yu continued to say calmly.

The leading Deity laughed after hearing that, “Young human, do you need me to introduce the benefit of serving a Deity? We can provide you with instructions in your training so that you can reach the level of the Prospective Deity at an earlier date. This is a great opportunity that is unimaginable for ordinary people in their lifetime. It is right in front of you, how could you be so ungrateful?”

“Hah, hah, hah... Are you sure this is a great opportunity? I believe you’d just try to use me as cannon fodder. Your companion made a perfect demonstration of what you are going to do to me.” Su Yu said with a laugh.

The leading Deity said calmly, “That’s the way we treat wastes. However, the Moonview Sect cherishes talents like you very much.”

“So, what do you say? Are you going to serve us?” The leading Deity asked slowly.

Chongshan was not happy with the plan of the leading Deity, and complained, “This is so troublesome, couldn’t we just kill him?”

“Heh, heh...” Su Yu said with a smile, “I know a way that I can get a lot of benefits from you without serving you.”

The leading Deity said as he furrowed his eyebrows, “What is it?”

“I’ll kill all of you.” Su Yu said casually.

Hearing this, the leading Deity and Chongshan lowered their faces immediately.

Chongshan said ferociously, “I told you! Without a lesson written in blood, this arrogant guy will never behave himself!”

Chongshan dashed towards Su Yu like a strand of light.

The leading Deity snorted and didn't stop Chongshan this time, "Don't ruin his soul. If that precious item has to be activated by a technique, we will need his soul, so that we can force him to tell us that technique."

"Okay," Chongshan replied with a sinister smile. Then, he appeared in front of Su Yu as he said, "Young man, you have to pay for what you did to my arm."

"Bang!"

In the next moment, a gigantic black shadow appeared in front of him and the sound of a dragon's roar went into Chongshan's ears, causing him to feel his entire body being tortured by great pain.

Along with a dull sound, Chongshan screamed miserably. His body was broken into countless small parts, leaving only his soul.

An enormous dragon claw reached out and grasped his soul firmly.

Everything happened in such a short time, Chongshan even didn't know what happened.

When he looked up, he found he was very close to a ferocious and horrible dragon head.

"Ah!" Chongshan's soul only had time to scream in terror before being crushed by that horrible dragon claw.

The leading Deity and the woman were immediately left dumbfounded by this scene before them.

They saw Su Yu had turned himself into a pitch-black dragon that instantly crushed Chongshan within its claws.

A Deity like himself was so feeble in front of that dragon.

"How... could he be... the World Annihilation Dragon?" The leading Deity and the woman couldn't help but gasp because they didn't believe the black dragon in front of them was the World Annihilation Dragon.

After restoring his human form, Su Yu wiped off the divine blood on his hand as he said calmly before turning towards the last two Deities, "I can not only ruin your arm easily, but I can also crush your body casually."

Seeing this, the two Deities, who were terrified, didn't dare to move one bit as cold sweat dripped down from their foreheads.

"Now, do you still want that precious item?" Su Yu asked with a cold smile.

The two Deities turned pale and their eyes were full of terror.

The leading Deity's pupils constricted abruptly before he spoke in a thrilling voice, "This... this was Chongshan's idea! He threw your friends to the Ghost Bat arbitrarily! I have nothing to do with his actions!"

"But you didn't stop him from doing that." Su Yu's smile became colder as more and more kill intent appeared in his eyes.

The leading Deity spoke as he folded his hands at Su Yu and clenched his teeth, "Please forgive us for our rude behavior just now. If you let us go, I won't report this issue to the Moonview Sect."

Su Yu squinted his eyes and asked, "Are you threatening me?"

"It is just an exchange of interests! I bet you know how horrible the Moonview Sect is! Frankly speaking, the Moonview Sect has sent a lot of powerful experts into this place. If they know what happened here, I'm afraid it will be extremely difficult for you to leave here alive..." Before he could finish his words, Su Yu immediately became the black dragon again and rushed up towards him.

The leading Deity shouted in surprise, "How dare you..."

"Bang!"

The black dragon penetrated the body of the leading Deity, covering the area with his divine blood.

This time, even the soul of the leading Deity was ruined together with his body.

Su Yu then restored back to his human form as he said coldly, "I told you I don't like being threatened like that."

After speaking, Su Yu turned around and stared at the woman coldly.

She was terrified, and she asked for mercy by dropping on her knees, "My lord, mercy! I don't want to die! Please spare my life!"

"Spare your life?" After pondering it for a short while, Su Yu said coldly, "I can spare your life."

"Thank you, my lord! I will do whatever you ask me to do from now on!" The woman said hurriedly.

"Answer my questions. First, why are you here?" Su Yu said.

After a short hesitation, the woman said, "The three of us were sent to the Myriad Bone Mountain to obtain the corpses of those dead Deities."

"How many people have been sent to this place? Are they very powerful?"

"Besides the three of us, there are another 10 Deities who are as powerful as us. Only the Grand Wizard is a Level 5 Deity!" The woman replied.

A Grand Wizard? A Level 5 Deity was as powerful as a Tribe Leader.

Su Yu frowned slightly. It seems the Moonview Sect is full of experts. They could send a Deity at the level of Tribe Leader to the Myriad Bone Mountain.

"Then who was sent to the Saint Realm?" Su Yu asked.

After a long hesitation, the woman answered, "Our young Saint Lady was sent there."

The Saint Lady of the Moonview Sect was also sent to this place! Yongye Wuheng said he used to fight against her but said he was not able to rival her and was almost killed by this young lady.

Yongye Wuheng was at least a Deity at the level of Tribe Leader.

It seemed this young Saint Lady was extremely powerful. She should at least be a Level 4 Deity.

“Okay, last question.” Su Yu said.

Hearing this, the woman’s eyes lit up, “What do you want to know?”

“Can you teach me the Divine Path of your Wizard Tribe?” Su Yu asked calmly.

Chapter 1340: Within Easy Reach

Before the female deity could answer, a seam opened up between her brows, and her soul was devoured.

All the memories about the wizard tribe that were contained in her soul were now intercepted by Su Yu.

In comparison to the vast memory that the Book Deity had, the female deity’s memories could be recorded on a single memorial tablet.

With the activation of Time Acceleration, it only took Su Yu a short while to internalize all of her memories.

“The Wizard Ancestor, the sorcery energy, and sorcery. Interesting,” Su Yu mumbled under his breath. Reaching out from across the air, he collected all of the divine blood that was spilled on the ground.

When a part of it was absorbed into his body, he made a move of thought and muttered something in some abstruse language, and a strange, grey-black mist was formed on the surface of his body. It was sorcery energy!

“The Spell of Incubus!” Su Yu called out softly, and an intangible wave of undulation floated out from his mouth.

When the wave passed, Bai Yunfei and Zheng Shaoliang fell into a deep sleep without any warning. They were late-stage Prospective Deities, yet under the influence of the sorcery, they were completely defenseless.

“Wake!” Su Yu said gently. Only then did Bai Yunfei and Zheng Shaoliang open their eyes in puzzlement.

When they realized that they had entered the dreamland, they could not help but be terrified. If this happened in the process of a fight, just how horrendous would it be?

“Brother Su, you have learned sorcery,” Bai Yunfei said in disbelief. Legends told that the sorcery energy of the Moonwatch Sect was derived from the belief in the Wizard Ancestor, and could never be learned by outsiders, but Su Yu...

How would they know that Su Yu possessed the magical ability to imitate all bloodline powers?

Once he had obtained the divine blood of this deity, he could use it as a medium, so it wasn’t difficult to trigger the energy in the bloodline.

“Some tactics,” Su Yu replied casually. He thought for a moment, and said, “I was transported to a strange spot of debris, and encountered a toad which was a Level Four deity. Have you any idea what it was?”

Even just recalling the scenes of what had come to pass, Su Yu could still feel the danger.

“A toad...” Bai Yunfei scowled and began pondering. All of a sudden, he seemed to have recalled something, and his face changed. “Are you talking about the Seven Poisons Demonic Toad of the Dark Debris?”

Upon hearing that, Zheng Shaoliang stared unblinkingly at Su Yu, as if he saw an apparition. “You... you saw the Seven Poisons Demonic Toad, and still you returned alive?”

“Oh? Is the Seven Poisons Demonic Toad that dangerous?” Su Yu put on a surprised look.

Zheng Shaoliang shuddered. “It’s not just dangerous, it’s notorious for its ferocity! Since the Seven Poisons Demonic Toad became known for the first time in history, its deadly powers have been legendary.”

“It will never give up on any prey which it has set its eyes upon. In one instance in the past, in order to capture its prey, the Seven Poisons Demonic Toad chased after it all the way from the Dark Debris to the Myriad Bone Mountain.”

“It even jolted the Nine-headed Sacred Monster awake. They got into a fight, and it got hold of the prey eventually!”

“It is hard to imagine that the Seven Poisons Demonic Toad actually let you go. This must be the first time ever in recorded history!”

Upon hearing that, Su Yu mused. When the Seven Poisons Demonic Toad came after him that time, he was alerted so he could flee in advance, and the Toad didn’t seem to have any intention to come after him.

Was he not the target of the Seven Poisons Demonic Toad?

Keeping his face impassive, Su Yu decided not to mention it. He then cast a look at the corpse of the Ghost Bat on the ground. “Have you any clue what this thing is?”

Bai Yunfei looked at the carcass of the Ghost Bat, and still felt almost overwhelmed with fear.

He said, “This thing is called the Ghost Bat. It is said that this bat is the messenger of the Nine-headed Sacred Monster, and always follows by that monster’s side.”

“When the Monster sleeps, the Bat will protect it, and it hardly ever comes out. Somehow, we have still run into it. It is very uncanny.”

Was that so? Su Yu gazed at the summit of the Myriad Bone Mountain, which soared up through the clouds, and mused for a long while.

He then said, "You have heard the interrogation of the witch just now. The extent of danger involved in this expedition will exceed what we could expect. It is no longer just simple training, and I cannot guarantee that you'll be safe and sound throughout the journey."

Upon hearing that, Bai Yunfei and Zheng Shaoliang turned solemn at once. First, it was the eerie appearance of the Ghost Bat, and then the Moonwatch Sect. Furthermore, it was said that many great sorcerers who were as powerful as tribe kings awaited on top of the Myriad Bone Mountain.

Realistically, based upon their capabilities, they stood almost no chance of survival if they insisted on climbing the mountain.

Su Yu was waiting for them to make a choice.

After a moment of musing, Bai Yunfei said, clenching his fists, "Brother Su, you have saved us twice, and we are beyond grateful for that."

"It won't be convenient for us to keep encumbering you, so Shaoliang and I will quit here. Anyways, if you can't get hold of the blueprint, we have no hope at all of succeeding."

As he spoke, Bai Yunfei presented a map to Su Yu. "This is the location where Grand Tutor Yuwen has hidden the blueprint. A hundred years ago, Grand Tutor Yuwen's people had built a small-scale transmission port at this place."

"Throughout the past hundred years, anything which he found the need to hide would be sent through this transmission port and transported to the vicinity of this location."

"If you find the transmission port, you can find the blueprint as well."

Su Yu accepted it and nodded. "Be careful on your way downhill."

Once he finished speaking, he spread the map and took a glance. After ascertaining the location of the transmission port, he continued his way up the mountain.

An hour later, Su Yu had almost arrived at the summit of the Myriad Bone Mountain.

The place was riddled with jagged, craggy mountain rocks, and was precariously steep. It was full of endless perils, and one would plummet right off the mountain cliff by missing a single step.

In the vicinity of the Myriad Bone Mountain, where flight could not take place, even a deity would shatter into smithereens if he fell from such a height.

Su Yu leaped from cliff to cliff and hurried up the mountain, and soon arrived at a spot full of strange-looking rocks and stones.

According to the map, this was where the formation was located.

However, Su Yu did not venture in recklessly, but took a detour and leaped onto a spot that was higher than the location indicated on the map. With a bird's eye view, he took a glance at the region where the formation was, and his face quickly fell.

The formation was built inside a valley within the recesses of the mountain, but it wasn't the only thing in the valley!

On the suspended cliff wall of the valley, many Ghost Bats hung upside-down!

All of them were in deep sleep, and they moved their wings from time to time, emitting blood-curdling, peculiar cries.

Inside the valley, countless white, sun-bleached bones were scattered, packed close to one another. These were the skeletal remains of the young elite warriors who had perished in the Myriad Bone Mountain throughout all these years.

At a rough count, Su Yu estimated that there were about a thousand Ghost Bats.

He had lost some of his confidence at the sight of them.

At the first sign of movement, all of them would be jolted awake and then they would attack him at once. At the face of such onslaught, even a Level Four deity would perish, body and soul.

“Things are starting to seem more and more complicated!” A profound, bright gleam was flickering in Su Yu’s pupils.

According to Bai Yunfei and the others, the Ghost Bats stood guard by the sides of the Nine-headed Sacred Monsters all year round. However, right now all of these Ghost Bats had emerged, which was extremely creepy.

“Luckily it is I who came here. If those were Bai Yunfei and the others, thee blueprints could never possibly be extracted,” Su Yu thought inwardly.

With a move of thought, Su Yu began maneuvering his Divine Path, and with the help of the Power of Law, he went invisible surreptitiously.

Gingerly, he climbed down step by step along the cliff of the valley.

Every single step that Su Yu took was extremely cautious. He was trying to avoid making the slightest noise and alarming those Ghost Bats.

The valley did not seem deep, but it took Su Yu half an hour to make his way to the bottom successfully, with the use of all his four limbs. Along the way, there were a number of times when he nearly touched the sleeping Ghost Bats.

Huu!

Su Yu heaved a silent sigh of relief, his eyes intent on the box located ten thousand feet away.

The blueprint of the World Annihilation Plate replica was just inside the box!

With a fluttering heart, Su Yu advanced relentlessly towards the box with nimble, brisk steps.

Ten thousand feet!

Eight thousand feet!

Six thousand feet!

Four thousand feet!

It was right before his eyes now, within easy reach!

With quickened breath and heightened concentration, Su Yu opened up a Buddha Pearl to accommodate the entire box.

However, right when he was fast approaching his target, a strange noise sounded from above the valley all of a sudden.
