

Nine-Dragon 1351

Chapter 1351: Mysterious Golden Box

They already had their hands full with the Holy Maiden. To think that now, there was another powerful and hostile being comparable to her!

Yongye Wuheng could hardly imagine how Su Yu could be strong enough to take on the two of them.

True enough, Su Yu had a record of fighting against the Holy Maiden, but whether or not he could defeat her, let alone confront two such strong beings at the same time, was quite another thing.

“Now, are you still willing to cooperate with me?” Su Yu asked.

Yongye Wuheng considered for a long while, and then said with a bitter smile, “Do I have any other choices?”

All exits were closed. Even if they managed to escape by chance, the outside world could have greater dangers awaiting them.

They could only take their chances in the ruins.

“What are our odds of winning now?” Yongye Wuheng asked.

Su Yu said, “Probably one chance in ten. If any of my calculations are wrong, then even less.”

After speaking, Su Yu continued to prepare carefully.

Yongye Wuheng took a deep breath and said to Yongye Chuxue, “This time I have really implicated you. You should have gone straight to the Lost Nation to try to find a way of undoing the curse, but now you are stuck here because of me.”

Yongye Chuxue shook her head gently. “I don’t blame you. Even if we end up safe and sound, this Su Yu may not make it out alive eventually. With such a large number of the Moonwatch Sect’s subordinates, they are likely to catch him, and they will definitely not spare him.”

Judging from today’s situation, the probability of him staying alive was extremely low.

Regarding that, Yongye Wuheng had some regrets. “It is a real pity. I have been wondering... this man could comprehend the Heaven-fighting Three Strokes and smashed the door of the hidden chamber. I will not forget the familiar sensation I felt then.”

Su Yu overheard it, and his heart skipped a beat. However, he pretended not to hear.

Half a day later, inexplicable oppression was weighing down on Su Yu’s heart, making him breathless.

Their enemies were coming!

At this point, he did not know which being would show up first.

Su Yu did not stop in his tracks and continued to arrange the setup methodically.

Two hours later, Su Yu’s heart throbbed. He could sense that the crisis was approaching quickly.

Their adversaries were approaching!

An hour later, Su Yu shuddered all over, and the black dragon scales appeared involuntarily on the surface of his body. They were appearing from time to time as if his body reacted to something of the same origin.

Su Yu looked up and was startled.

He was familiar with the enemy, given his bodily reactions.

Was it the World Annihilating Dragon?

However, if the World Annihilating Dragon came, Su Yu's body would probably react even more fiercely.

It was not the World Annihilating Dragon, therefore, but something that was closely related to that being.

"Seems like, despite me having taken away the fragment of the Rules, it refuses to give up," Su Yu smiled coldly. "Okay, since you arrived first, I shall let you have a taste of my power!"

Half an hour later, thunderous roars were heard, and scorching air was blasted from above.

On top of that, a terrible aura that could destroy the world emerged.

Yongye Wuheng and Yongye Chuxue finally realized the advent of this horror. Both of them took in a deep breath.

"What an overbearing presence, full of destructive intent and with the aura of a dragon!" Yongye Wuheng exclaimed.

Yongye Chuxue clutched her chest, her eyes open wide in horror, and said, "Brother, if it comes down to this, you should escape whenever you can."

"You want to undo the seal forcibly?" Yongye Wuheng was getting flustered. "If you undo it again, the spell will erupt completely, and no one can save you then."

Yongye Chuxue's eyes were surprisingly calm, as if she had seen through life and death. "Life in this world is nothing but a whisper of wind. If we are going to die, let's fight for a glorious death."

"If my sister has such a strong resolve, how can her elder brother escape like a coward?" Yongye Wuheng became inspired to fight.

"Ahem... sorry for interrupting your conversation, but could you lend me a helping hand?"

The two of them were startled. Yongye Wuheng stepped forward and said proudly, "I might not be good at anything else, but I will never back down if I'm needed to kill the enemy!"

"Then you had better back down. I don't need you to kill the enemy; your strength is insignificant compared to all my setups."

Yongye Wuheng was slightly relieved, but there was some mutiny in his heart, and he asked grudgingly, "Then what do you want me to do?"

“Go to the Center of the Mortal Sanctuary,” Su Yu said lightly.

Not only Yongye Wuheng, but also Yongye Chuxue was equally taken aback.

They never expected that at this critical moment, Su Yu’s would request them to make their way to the Mortal Sanctuary.

“That place has become a world of snow and ice. Don’t tell me you want to try to dig out the genesis civil weapon to turn things around?” Yongye Chuxue was puzzled.

Su Yu shook his head. “That’s not it. I want you to take something there. If that goes well, we might survive after all.”

Then Su Yu took out a sealed golden box and gave it to Yongye Wuheng.

“Put this thing at the center of the Mortal Sanctuary, where the genesis civil weapon is. Our survival depends on whether you can do it.”

Yongye Wuheng tried to examine what was in the box, but the golden box was actually made from the scraps of Golden Flames Forbidden Wood. There was no way to break into it. Thus, he had to give up on finding out what was in the box.

Yongye Wuheng was startled and said, “If I just need to deliver this thing there, it should pose no difficulty, but would it be possible to make it in time? With my speed, the shortest time it would take me to reach the Mortal Sanctuary is five days... Can you hold on that long?”

Su Yu smiled slightly, and a Tai Chi pattern appeared over his head. The brother and sister were shrouded in yin and yang. “I can send you over there in an instant.”

Looking at the pattern, both of them gasped in astonishment.

“Tai Chi Yin Yang wings!” both the brother and sister shouted in unison.

They were well aware of the existence of the emperor based saint artifact that used to belong to the Taiqing Divine Warrior.

It was a treasure that was long lost to the world, and ranked 19th on the Eternity Divine Weapon List!

“It is actually in your hands!” Yongye Wuheng simply could not believe this. If this knowledge spread out, even the ruler of the Empire of Darkness would definitely want to take a shot at getting the weapon himself.

One of the divine weapons that the legendary Nine Divine Warriors had possessed...who would not be tempted to lay their hands on it?

Su Yu’s expression was impassive. “Whether we can leave this place alive or not depends on you two.”

“Wait,” Yongye Wuheng said. “If this golden box can turn things around, why don’t you take it over there in person, rather than staying here and risking your life?”

Su Yu smiled helplessly. “If I don’t keep the enemies at bay, do you think it will be possible to get this thing over there?”

Yongye Wuheng was full of admiration and bowed low. "I have nothing but admiration for you, but let's entrust this mission to my sister. I am not convinced that my skills are so very insignificant compared to your setups. How do I know if I don't try? "

Seeing the unquenchable fighting spirit in Yongye Wuheng's eyes, Su Yu could no longer dissuade him and gathered all the yin and yang energies over Yongye Chuxue's head.

Yongye Wuheng did not give her the chance to speak and passed the golden box to her.

"Wait, don't..." Yongye Chuxue was surprised.

However, before she could refuse, the yin and yang flowed and instantly transported her hundreds of millions of miles to the center of the Mortal Sanctuary.

Su Yu and Yongye Wuheng, who stayed behind, looked at each other, and nodded. They cast their eyes towards the distant sky.

There, they saw four fuzzy figures, their auras full of power and grandeur, taking the world by storm.

The dark-clothed youth that was leading the group came forward with his hands clasped behind his back. His face was grave and stern, and his whole body was exuding a disturbing aura.

Su Yu's pupils shrunk slightly. It was indeed the aura of the World Annihilation Dragon!

The three in the back were no strangers to Su Yu.

The creature with a cold, proud look and a golden longbow at his back was the Arrow Slave.

There were also the Thunderbolt Immortal, who was shrouded in thunderbolts, and Black Flame Immortal, who was surrounded by black flames.

The four of them came from the skies, and their presence was overwhelming.

"Midgets, we finally meet." The dark-clothed youth's tone was indifferent, full of contempt, and tinged with a little annoyance.

Su Yu's face was impassive. "Yes, we meet again, you good-for-nothing."

The dark-clothed youth smiled coldly, his splendid white teeth gleaming brightly in the sun. "Good for nothing? Are you talking about yourself?"

"Oh? Who was the one that attacked aggressively but was suppressed for billions of years instead? Was it you?" Su Yu said. "Not only were you unable to kill me, but you also let me snatch the treasure away. Now you decided to retaliate and sent a delegation to look for it. That was your doing too, wasn't it?"

"So, as far as I understand, instead of looking for a hole to crawl into, you were so full of yourself that you actually thought you could strike back. Are you still looking down on others? Do you really think you are so amazing?"

The dark-clothed youth's face became icy cold, and a murderous glint appeared in his eyes as his smile got sinister. "You sure run your mouth a lot! However, I am not here to squabble with you!"

Tilting his head, the dark-clothed youth looked at the three beings that accompanied him. "Aren't you all here kill him and recapture the descendants of the Royal Annihilator? I shall leave him to you guys!"

Hearing this, Yongye Wuheng was shocked. Did descendants of the Royal Annihilator still exist in this world? Weren't all of them killed back in the day?

Furthermore, these people actually fell into Su Yu's hands! How could it be?

If the divine blood of the Royal Annihilator was refined, how much would it be worth?

The Arrow Slave was slightly surprised. It was clear that the dark-clothed young man could easily kill Su Yu. Why did he need their help?

However, they were confident of their ability to kill Su Yu. Thinking to their defeat of back then, they were more inclined to kill him themselves.

"Leave the Arrow Slave to me!" Yongye Wuheng's eyes were sharp, and he deduced that the Arrow Slave would be the most troublesome opponent.

Su Yu shook his head slightly. "I can deal with all of them."

Back then, when the four of them were pursuing him, Su Yu had suffered a lot.

Now, however, things were different.

"Haha, listen to him! After a mere half a year, he has not made much progress at all, but his tone has sure become arrogant! Back then, when we chased him, he ran like a dog with its tail between its legs. Now he dares to bark at us," the Arrow Slave said. Thunderbolt Immortal and Black Flame Immortal sneered as well.

Su Yu said, "Four Level Five deities ambushed a junior Level Four Mortal Fairy. Not only did they fail to kill me, but they also lost one member of their gang. This kind of laughable battle record became a glorious accomplishment in your descriptions. Alas, the descendants of Arrow Slave have fallen from grace. It's really sad!"

The Arrow Slave's expression froze, and his spirits sank. Thunderbolt Immortal and Black Flame Immortal also had a gloomy look upon their faces, and their eyes were downcast.

"That was because of your cheating and trickery," Arrow Slave tried to argue back but was interrupted by Su Yu's laughter.

"This is what losers will say to defend themselves."

Arrow Slave held his breath, and his expression became stern. "Thunderbolt Immortal and Black Flame Immortal, no need to talk nonsense to him anymore. Let's end this quickly!"

After that, the three jumped into the air, hastening towards Su Yu. The Arrow Slave pulled back his arrow from a distance, suppressing Su Yu with his shooting skills and buying time for the Thunderbolt Immortal and Black Flame Immortal to perform a combined attack with fire and thunder in full swing.

The corner of Su Yu's mouth curled up, and he laughed. "Re-using old skills? I'm not so sure you will have the opportunity to do it again!"

Then Su Yu raised his left hand.

Suddenly, the wind and clouds shifted, and two majestic black lights crossed thousands of miles of mountains and rivers and formed a Tai Chi symbol in the sky.

Chapter 1352: The Imperial Warrior Sword Formation

The pattern of Tai Chi shrouded the area, covering all three of them.

Arrow Slave sneered. "An ambush?"

With that, he retreated first.

As a god with a long-range attack type, standing out of the enemy's attack range was his usual strategy.

However, just as he moved, an icy cold wind suddenly swept towards him from outside the Tai Chi pattern.

Arrow Slave was frightened and channeled all the divine power in his body, in an attempt to forcibly break through the storm and leave the area covered by the Tai Chi pattern.

Alas, not only did he fail, but he was also pushed into the center of Tai Chi pattern by the storm.

"Tighten!" Just as Arrow Slave was frantically trying to react to the situation, Su Yu let out a low murmur and the Tai Chi pattern in the range of ten thousand million feet shrank rapidly.

It shrank from ten million feet to one million feet, from one million feet to one hundred thousand feet.

The external storm also shrank with them, making them unable to escape the pattern.

Arrow Slave said coldly: "To capture the thief one must first capture the king. Once we eliminate Su Yu, the ambush will break by itself!"

He raised his golden longbow, pointed it at Su Yu, who was away from the storm, and shot an arrow.

The long golden arrow penetrated the atmosphere. It remained within the storm for quite a while before it successfully passed through it and headed straight for Su Yu.

Su Yu was busy mobilizing his powers at that moment and could not move.

Just as it looked as if the arrow would penetrate his body, icy blue light suddenly appeared all around him.

Ding!

The long arrow contacted the ice-blue light, but could not go in any deeper. After a few moments of stalemate, it finally fell to the ground.

At this time, the Tai Chi pattern compressed further so that only ten square feet of space remained covered.

Arrow Slave finally looked anxious and cried, "It's too late to perform the combined attack! Let's break out!"

Thunderbolt Immortal and Black Flame Immortal were shaken by what they heard and startled by the situation in front of them. There was no way in which they could possibly manage to perform the integration of Divine Power.

The three of them utilized all kinds of magical artifacts they had and all their Divine Powers to resist the rapidly shrinking Tai Chi pattern.

Alas, the Tai Chi pattern's strength was unstoppable and it continued shrinking with astonishing speed.

Ten feet, eight feet, five feet, three feet, one foot!

Finally, the pattern was condensed into a mere half-foot!

The three of them were squeezed together forcefully.

At this time, the Tai Chi pattern finally showed its true powers. Seeing it, Arrow Slave and the two others were extremely frightened.

"Sacred artifact belonging to the Xue Nation of the Northern Territory... the Violet Gold Rings of Yin Yang?" This artifact, which ranked 70th, was extremely famous. The number of powerful beings that had died because of these rings was countless.

There was no exception. In the end, they would all be squeezed to death.

"Quick! Let's channel our Divine Power together! With the three of us working together, it is possible to counteract the Violet Gold Rings of Yin Yang!" Arrow Slave's face turned serious and anxious as he called out desperately.

He never thought that, a few months after they last met, he would find himself in such a position when facing Su Yu again.

When the Violet Gold Rings of Yin Yang compressed again, the Divine Power of the three finally resisted their force and managed to stop the rings from contracting further.

Arrow Slave's face was as gloomy as dark water. He said sternly, "If I do not kill him today, I am not worthy of living!"

"Then you should just be a ghost," Su Yu said lightly. He took out a delicate-looking peacock.

The peacock flew in the air, and the circular halo of its feathers sent out a beam of magical light that shot at the three.

Suddenly, divine light appeared everywhere. Arrow Slave seemed to have his heart stuck in his throat and said in horror, "This... is this the Peacock's Plume that had killed the Silver God, a Level Two deity, in that war of the past?"

As soon as these words came out of his mouth, a ray of light shot straight at him.

The Arrow Slave was terrified. He immediately grabbed Black Flame Immortal and pushed him forward to conceal himself behind him.

Within a moment, the divine light struck Black Flame Immortal, who shattered into pieces. He did not even have time to scream in pain.

Thunderbolt Immortal was furious: "Arrow Slave, you..."

As soon as he uttered those words, another ray of light shot out, aiming squarely at Arrow Slave.

Arrow Slave was frightened and yelled, "You... Su Yu, can't you break the net with me? Must you really bring me down?"

"Hehe, to this day, you still have the guts to talk about what happens when a net breaks. If you die, the net won't break!" Su Yu said coldly.

Hum!

The divine light struck once more, and Arrow Slave tried to shift his position again. However, Thunderbolt Immortal resisted his attempt and said. "Arrow Slave, you cowardly dog! You deserve to have your race destroyed so that only your souls remain! When the gate of the late royal family was attacked, you betrayed them. Now that we are being killed, you betray us again! No wonder you were transformed into puppets. Haha, you truly deserved that..."

Arrow Slave seemed to be deeply affected by these words, and his face turned gloomy. He pulled a spear out of his sleeve and pierced Thunderbolt Immortal's head from behind. He then said, "Now you just shut your trap!"

Thunderbolt Immortal's eye was pierced by the arrow and he thrashed in agony. With the last bit of his strength, he spoke, "Hey, Su Yu, his key weakness is between his brows. He can't be killed by shooting other parts of his body, so don't misfire...uh..."

The Arrow Slave's wrist turned, and the arrow twisted, ending Thunderbolt Immortal's life completely.

"His brows, why then, thank you." Su Yu said. Without showing any emotion, he raised his longbow, which was made out of Golden Flames Forbidden Wood. "The last arrow is for you."

Whoosh!

Along with divine light, the golden arrow moved forward, leaving a trail of afterglow behind it. It headed straight for Arrow Slave with its mark on the deadliest target, the spot between his brows!

At this moment, even if he wanted to escape, he had no chance.

At this juncture of life and death, Arrow Slave yelled at the dark-clothed youth: "Master, if you do not act now, when do you intend to do so?"

"Hehe..." The dark-clothed youth, who was watching from the sidelines, had an evil smile on his face. He took a step towards Su Yu. "Who gave you the authority to kill my men?"

With those words, the World Annihilation Dragon's breath covered the entire sky.

If the Holy Maiden were present, she would certainly be jealous of that terrible blaze.

However, Su Yu did not even bother to look and said coldly, "Get lost!"

As he said those words, he took a step forward.

Suddenly, the world was booming and shaking, as if being torn into pieces. A mighty roar of thunder flooded through the entire barren universe, shattering the eternal time and space.

Shocking and rising, the thunder turned into an astonishing force capable of defeating any counter-power.

The dark-clothed young man's complexion suddenly relaxed and he raised his arms.

Rumble!

As if he were suffering from an omnipresent bombardment, the dark-clothed youth ripped off his shirt, exposing a dark body covered with scales.

His entire body had craters everywhere, looking very much like a Martian landscape.

The dark-clothed youth retreated a few steps, and the corner of his mouth overflowed with black blood. It seemed that he had suffered many injuries.

At the same time, a piercing scream broke through the sky.

Arrow Slave managed to avoid the divine light of the Peacock's Plume, but the point between his eyebrows was penetrated by the residue light of the arrow tip. A group of his soul fragments drifted out.

His eyes were dimmed, and Arrow Slave was now unable to compete with the Violet Gold Rings of Yin Yang.

With a rattling sound, Arrow Slave's body was squeezed tight until he exploded. With that, he had completely disappeared from the world.

Yongye Wuheng was shocked to see all that had just happened before his eyes.

In the beginning, he was somewhat annoyed by Su Yu's evaluation of his own powers. He had truly felt that Su Yu was not doing him justice, and did not have complete trust in Su Yu's judgment.

However, he was now utterly convinced!

Su Yu killed three Level Five gods in one go. This was something that Yongye Wuheng could not possibly achieve.

What had shocked him the most was that he actually knew very well the style of fighting that was used earlier.

The stance of the Heaven-fighting Divine Warrior, the first step of the Heaven-trampling Three Steps!

In the blink of an eye, Yongye Wuheng realized who this strong being in front of him really was.

He was... Su Yu!

The same Su Yu who fought against the Holy Maiden and snatched away holy artifacts from the royals of the Xue Nation of the Northern Territories!

Su Yu was also the one who stole the seven-colored poison pool!

Having finally figured out his companion's identity, Yongye Wuheng could not help but breathe a sigh of relief. He was actually glad. If his sister would consider Su Yu as a potential husband, any other frivolous sins of his could be ignored.

For a while, Yongye Wuheng could not help but laugh. This was a guy who could thoroughly comprehend the Heaven-trampling Three Steps! His sister would be lucky to get such a man.

In contrast with his joy, the dark-clothed youth was extremely gloomy.

After all, he failed to save Arrow Slave and was injured himself instead.

The disdainful arrogant look on his face was long gone, replaced by blatant murderous intent. He gritted his teeth and said, "Fine! Good. The essence of the combat skills of the Heaven-fighting Divine Warrior; to think that it actually fell into your hands!"

What he cared about right now was not the death of Arrow Slave, but his own pride and ego.

Su Yu raised his hand and grabbed the Violet Gold rings, pulling them back. He then drifted towards his opponent and said indifferently, "Waste always remains waste. You could not even protect those that you had meant to protect. You can only open your mouth and speak gibberish."

Hearing this, the dark clothed youth in the sky laughed wildly. "Ant! Don't think I don't know that you set up an ambush here! You are merely waiting for me to strike! Looking at it, it seems that the ambush is almost exposed, isn't it?"

He let his three followers attacked first; this was not done without reason. It was a test to see if Su Yu had set up a trap for him.

After all, Su Yu not only survived under the fragments of the Rules but also refined the fragments into superior power. Could the World Annihilation Dragon handle that?

Yet he only knew that Su Yu arranged an ambush and nothing more. Thus, he needed to be a little more attentive.

With that, the evil young man shook his body, dissipating the powers left around him and turning into a fierce thousand-foot-long World Annihilation Dragon. He roared loudly and flew across the sky.

Seeing this, Su Yu said with sarcasm, "Exhausted all your means? Before running off, shouldn't you try to find out more about me?"

"Nine Suns Cosmos Sword Formation!" Su Yu shouted without giving his enemy a chance to respond.

Suddenly, the area all around him started shaking.

Nine brilliantly dazzling golden suns suddenly appeared in the sky. They hang from the heavens and surrounded thousands of miles of mountains and rivers.

The sky, the earth, the mountains, and the rivers were rendered golden by the sunlight, and it looked as if the entire world fell sparkled.

Yongye Wuheng looked up. Facing the dazzling golden light, he could not open his eyes.

Not only was the golden light blinding, but there was also a sharp and terrible formation of swords in the atmosphere. They solidified from the golden light and poured down to the ground.

Whoosh!

Yongye Wuheng's sense of danger gave him a sharp warning. He immediately withdrew from the edge of the mountains and rivers.

Although the swords had never been deliberately set up to target him, his intuition told him that if he stayed on, he could very well be killed.

He withdrew from the mountains and rivers, stepping back thousands of miles. Yongye Wuheng then immediately channeled his divine power to his limbs and veins.

Tiny needle-like objects were forced out of his pores.

In addition, deep within him, there were countless traces of fractures.

The flesh, the viscera, and the bones also had injuries that could not be detected by the naked eye.

Yongye Wuheng took a breath of cool air and looked up at the nine suns again. Horrified, he said, "What kind of sword array is this? Wait, why is it looking familiar? Perhaps I have seen it before?"

The World Annihilation Dragon was surrounded by the sword array and frowned slightly. "The Nine Suns Cosmos Sword Formation... Another inheritance to the world left behind by a former emperor. You have the shadow imprint of the nine emperors of a bygone era! I really do not know what kind of creature you are. Even as the World Annihilation Dragon, I cannot see through that yet."

Chapter 1353: The Dragon Swallows the World

"However, even the ancient emperors couldn't stop me, so what is a mere sword array?"

Boom!

The dragon's long tail swept across and the world collapsed. The mountains and rivers dried up, the atmosphere shook, and one side of the world was destroyed, turning into nothingness.

In the sky, the nine bright suns shimmered violently, and the golden light started flickering.

Su Yu's face was calm and his hands came together to make a sign. "Cut!"

Whoosh!

In an instant, the nine golden suns in the sky changed their positions, leaving numerous blurry imprints of themselves in the sky.

Puff!

Suddenly, there was a muffled sound, followed by an anguished dragon howl.

A golden long sword pierced the body of the World Annihilation Dragon. A flow of dragon blood gushed from the wound to the outside world.

"Ah! Ants! This is Golden Flames Forbidden Wood! This wood... I had destroyed it! It cannot exist anymore!" The World Annihilation Dragon roared.

Su Yu closed his eyes, manipulated another gold sword to cross the void, and aimed for the World Annihilation Dragon again.

Huff!

There was a muffled sound, and nine Golden Flames Forbidden Wood swords penetrated the body of the World Annihilation Dragon but did not manage to kill it.

Su Yu frowned slightly. The tough and resistant body of the World Annihilation Dragon was indeed incredible.

According to Su Yu's calculations, there were not many creatures in the world who could be able to withstand the nine-sword array forged from the Golden Flames Forbidden Wood.

Yet the World Annihilation Dragon, and actually, all World Annihilation Dragon-related beings that contained its breath, were as tough as could be.

If it were any other god, except maybe those that used the top thirty royal sacred artifacts, they would be killed instantly.

The body of the World Annihilation Dragon was struck by the Nine Handed Golden Sword, but that did not cause much damage to him. Instead, it further enraged the dragon, making it roar out in anger: "Ants! No one who ever attempted to harm the dragon had a good end; you shall be no exception!"

Roar!

With a loud hiss, the body of the Dragon suddenly trembled, and a turbulent dragon's breath spewed out of its mouth, turning into an endless flame that enveloped thousands of miles.

Su Yu was the target of the concentrated flames.

This dragon breath was different from Su Yu's dragon breath.

Su Yu stared and muttered: "Seven Colored Poison Pool!"

Su Yu held his hands up towards the sky, and a turquoise bead emerged from the hidden void. It then opened suddenly.

Endless colorful liquid sprayed down from it, much like how the heavens filled up the Star River.

The liquid was fragrant and full of the smell of spirits.

Raining down from the sky, it fell on the dragon's breath flame. It sprayed the dragon's breath all over and the flame was instantly thwarted.

The powerful flame of the dragon's breath was soon extinguished.

The remaining quantity of spiritual fluid poured over the body of the dragon.

Suddenly, its scales were corroded, but as they were so durable, it caused the dragon almost no harm.

However, at that instant, the nine golden swords that had penetrated the dragon's body managed to dig further into his flesh, corroding his body from the inside. This was due to the effects of the spiritual fluid that had corroded the dragon's scales.

Roar!

The World Annihilation Dragon screamed loudly. One could clearly see the colorful poison gradually spreading across his entire body.

“Ants!” The World Annihilation Dragon was furious. He thought that Su Yu had exhausted all his tricks. He had not anticipated that it was merely the beginning and that Su Yu had even more powerful moves up his sleeve.

However, even that was not enough to cause severe injuries to the World Annihilation Dragon, let alone kill him.

Stubbornly bearing the pain, the World Annihilation Dragon laughed angrily. “This dragon has not eaten a soul for a long time. You shall be the first in a billion years!”

Roar!

The dragon’s roar once again shook the sky, and the entire ruins trembled.

The dragon’s inner power caused all nine golden swords to fly out of his body, one by one.

The wounds left behind healed quickly.

At the same time, a flame of dragon’s breath came out from his body, burning uncontrollably.

A trace of colorful mist could be seen flying out of its pores.

He was so powerful that he made the venom inside his body evaporate!

“Divine Dragon’s Devour!” The World Annihilation Dragon opened his mouth, and the whole surroundings shook wildly.

The horrifying sucking force that was produced pulled mountains and rivers into the dragon’s mouth.

Boom!

The earth exploded, and continents spanning hundreds of thousands of miles were cracked and torn far apart. They had split apart in an instant, and then they were all rolled up and headed towards the mouth of the World Annihilation Dragon.

In the Mortal Sanctuary, hundreds of miles away, the ice and frost had shattered into countless fragments.

Yongye Chuxue, who had just deposited the golden box, was stunned by the sudden fragmentation. She hurriedly retreated and was just barely able to resist being sucked in.

The gods who had just arrived at the center of the Xueyao area were shocked by the overwhelming power they experienced. Fear and uncertainty showed on their faces

The sucking force swept many wizards away, propelling them through the air as they screamed.

The Holy Maiden was solemn. She immediately lifted her hands and made a seal whilst she uttered a majestic and boundless mantra, shielding all the people present.

With that, they managed to stabilize their footing.

The Grand Wizard was horrified. "Holy Maiden, what magical power is this? It is so terrible!"

The Holy Maiden looked calm but was rather pale. "As far as I understand, it is that mysterious black-clothed youth. As for the move... this is the magic and power of the dragon, Divine Dragon's Devour!"

"The dark-clothed youth is actually a dragon?" The Grand Wizard was shocked. "No wonder it is so terrible! This Divine Dragon's Devour, I am afraid it can swallow the entire area easily!"

The Holy Maiden shook her head and said, "The current Divine Dragon's Devour is only a fraction of the actual power. Otherwise, not only the entire area would be swallowed up, but a Median God as well."

"The true Divine Dragon's Devour was created specifically to devour the Median God."

The Grand Wizard's throat seemed to be blocked, and he was speechless for a moment. Then he took a long breath and said, "Then we..."

"No need to go after our enemy anymore. If he is also chasing that creature, we don't have to do it ourselves!"

However, just then, the Holy Maiden suddenly perked up: "Wait, what's that? Why are there suddenly over a hundred more gods' breaths?"

After staying silent for a while, the Holy Maiden said, "Let 's go and take a look. The situation seems to be somewhat fishy!"

They were far away, many hundreds of millions of miles from the epicenter. However, they were still affected so much by the tremendous force. She could only imagine the devastating effects on Su Yu, who was in the Xueyao Area.

Once the Divine Dragon's Devour was utilized, the Nine Suns Cosmos Sword Formation was immediately swallowed!

Yongye Wuheng could not resist it either and was sucked away instantly.

The four great wizards guarding the exit of the Xueyao Area, the great wizards guarding the city, except for those in the Mortal Sanctuary, all souls, relics, and historical remains were swallowed by the dragon.

Looking at the whole region at this moment, it was a shocking scene indeed!

Where were any traces of the ruins? All was bare everywhere, exposing the magical space power.

The atmosphere, the sky, the earth, the spirits and everything else that could be swallowed were gone. Only the magical space power remained, and even the frozen river below could be seen through the barriers.

Above the barren land, a dark dragon continued sucking up everything like a bottomless pit.

In front of him, there was a slim figure standing, and behind that figure, there were hundreds of thousands of transparent shadows.

Those shadows worked together against the Divine Dragon's Devour to prevent the lone figure from being sucked in.

After a long time, the World Annihilation Dragon's sucking power weakened.

The mouth of the World Annihilation Dragon closed. Its huge blood-red eyes stared at the figure before him, and he could not believe it as he stared at the hundreds of shadows soaring behind Su Yu.

It looked like many gods were supporting Su Yu, who seemed like a divine king leading them all.

In particular, one of the extremely powerful figures startled the World Annihilation Dragon, who said, "Heaven-Defying Divine Warrior! Impossible! Such a high-status god, how could he seek refuge with one that is clearly far beneath him?"

He looked at Su Yu again, obviously shocked. "Say! Who the hell are you? The heavens and earth surround you and so do the Nine Emperors. Even the Heaven-Defying Divine Warrior is willing to become your Divine Laksana. Just what kind of creature are you?"

Chapter 1354: Nitian Guyun

Su Yu frowned. He was just an ordinary human being. What was so strange about that?

As for the shadows of the nine emperors surrounding him, each one had a clear origin and was definitely not due to Su Yu's special abilities.

There was only one very special thing about him.

The Divine Nine-Dragon Cauldron!

That was something that Su Yu had been unable to understand quite clearly until now, and he had absolutely no clue about its history.

He thought that it was a very high-ranking emperor based holy artifact until it re-forged Su Yu's body and refined the fragment of the Rules. Then, Su Yu knew that the Divine Nine-Dragon Cauldron was by no means an emperor based artifact.

No matter how powerful an emperor based artifact was, there was no way it could have refined the fragments of the Rules.

Perhaps the shadows of the nine emperors gathered in Su Yu's body, and he got the Divine Nine-Dragon Cauldron in the process.

Seeing that Su Yu did not answer, the World Annihilating Dragon said, "Since you don't want to answer me, I will search your soul myself!"

Roar!

Another might roar followed, shaking the mountains and rivers.

Hundreds of Divine Paths' virtual shadows swayed to and fro, and a flickering bright light emerged.

"Do not think that you will be able to fight me with one hundred kinds of Divine Paths!" The World Annihilating Dragon opened its mouth, and a fireball of destruction appeared in it.

The Holy Maiden, who rushed to the scene, was surprised. She performed sorcery again to protect herself and said, "Is this... the Dragon Ball?"

Her beautiful face seemed cautious and she said sternly, "Everyone, cast your defense spells and don't waver no matter what. Otherwise, even I will not be able to save you."

Facing the Dragon Ball, Su Yu's entire body kept trembling, and his dragon form appeared involuntarily.

After the dragon ball appeared, the whole ruins crackled with an ear-splitting sound, as if one side was under excessive pressure, forcing the crystal to shatter.

The World Annihilating Dragon kept the Dragon Ball in his mouth and said, "The Star River Overlord who died under the World Annihilation Dragon's ball was no less than the fragment of the Rules! Although this is not the Dragon Ball from the original body, the breath alone will be enough to wipe you out ten million times!"

"Die!" A fiery red dragon ball spun out from the mouth of the World Annihilation Dragon.

Boom boom boom!

The ruins shook, and cracks appeared one after another on the barrier, spreading throughout the whole area.

A devastating crisis loomed ahead.

However, at this time, Su Yu was abnormally calm. In these moments of life and death, he was holding himself together, as if he had a well thought out plan.

He glanced at the Holy Maiden and the others, and quietly said, "Is everyone here already?"

Eh? The World Annihilation Dragon and the Holy Maiden were both astonished. At this moment, what else could Su Yu have up his sleeve that he had not shown yet?

"Since we are here, it means this expedition is coming to a close," Su Yu calmly said.

As he spoke, he looked up and pointed towards the outside of the ruins' barrier and said, "I gathered everyone for you. Shouldn't you be thanking me?"

The World Annihilation Dragon glanced at him and asked, "Who are you talking to?"

The Holy Maiden looked around, full of apprehension. Was there a more powerful being somewhere around?

After a long silence, there was no response.

The World Annihilation Dragon regained his self-confidence and smiled ghastly. "Deliberately complicating matters? Even if there is someone around, I am the strongest in these ruins!"

Su Yu shook his head. "First, these are not ruins, it is an ancient tomb! Second, you are not the strongest creature here. Someone else is ...correct? The Faction Master of the Heaven Defying Imperial Sacred Faction?"

The Heaven Defying Imperial Sacred Faction had built itself up tirelessly and was recognized as one of the four supreme empires today.

The Faction Master was a supreme being of a Level Two deity. Apart from the other three Faction Masters, few would be able to rival him.

When this name was mentioned, a voice reverberated and chuckled, “This is interesting.”

Swoosh!

A silver-white light flashed and a middle-aged man appeared hovering in the air above their battle spot, sizing them up with a smile, his arms crossed over his chest.

There was no aura surrounding him, and he looked just like an ordinary man.

His face was dark and his eyes were deep and profound, hinting at his boundless abilities.

He stood still in the air, inspiring unparalleled fear and uneasiness in those present.

The Holy Maiden’s face changed color and she exclaimed in disbelief, “The Master of the Heaven Defying Imperial Sacred Faction, Nitian Guyun!”

As the Moonwatch Sect’s leader, how could she not know who Nitian Guyun was?

Nitian Guyun was different from all the previous Faction Masters of the Heaven Defying Imperial Sacred Faction.

Not only did he have amazing talents, but he had also cultivated to be a Level Two deity in the shortest time in history. He also had great skills and bold ambitions.

The Heaven Defying Empire was a neighbor to the Lost Nation, but because of the dangerous environment of the Lost Nation, the Heaven Defying Empire had maintained its defensive position for many years.

When Nitian Guyun became the new monarch, he changed the defensive stance to an offensive one and took the initiative to launch an aggressive attack on the Moonwatch Sect concealed within the Lost Nation.

During the 1,000-year-long war, nearly a third of the Moonwatch Sect members were lost, and the casualties reached as high as twenty percent!

Despite the powerful counterattack launched by the Moonwatch Sect, Nitian Guyun was bold and tenacious. Step by step, he foiled their plan to regain lost ground and also caused them to suffer heavy losses.

If this kept up, within three thousand years, the Moonwatch Sect could be erased from the world because of Nitian Guyun.

Back in the day, the nine great factions joined forces but could not eradicate the Moonwatch Sect. Today, however, they were being pushed to their limits by Nitian Guyun.

That was all because of Nitian Guyun’s relentless efforts.

In the Moonwatch Sect, Nitian Guyun was revered as a sorcerer that harnessed superior wisdom.

The Holy Maiden grew up hearing the name Nitian Guyun since she was young.

She knew very well how terrifying this low-key Faction Master really was.

Nitian Guyun glanced at her with a sardonic smile on his face. "Are you the newly appointed Holy Maiden? Based on talent, power, and looks, you are comparable to the previous Greatest Saint Lady. Alright, you shall be included in my harem as well!"

As she heard that, the Holy Maiden's face turned pale.

The previous Holy Maiden was captured by Nitian Guyun, who forced her to abolish her life cultivation and join his harem, turning her into one of his many concubines.

That was a great shame that The Moonwatch Sect had to endure for all eternity.

Biting her lip, the Holy Maiden maintained a calm expression, but her heart was anxious and beating fast.

No one had expected that the Heaven Defying Faction Master would actually come to the ruins in person.

Nitian Guyun laughed, looked at Su Yu, and glanced at the Heaven Defying Divine Warrior's Laksana behind his back. His eyes glowed with a profound meaning.

A moment later, he looked at the World Annihilation Dragon.

"Oh? It seems like it's the aura of the World Annihilation Dragon," Nitian Guyun said indifferently, as if not taken aback by seeing that the World Annihilation Dragon reappeared in the world, "Let me see, what exactly are you?"

Having said that, he stretched out his right arm and grabbed the World Annihilation Dragon, lightning-fast.

The World Annihilation Dragon had no more inclination to banter. He was seething with anger. He did not expect that such a strong being existed in today's world.

At that moment, the dragon realized that he had been wasting his time on insignificant beings, unaware of a greater danger.

As Nitian Guyun's hand swiped, the World Annihilation Dragon's expression changed and he shifted the trajectory of the Dragon Ball to blast against Nitian Guyun instead.

Nitian Guyun smiled slightly, clenched his palm into a fist, and directly hit the Dragon Ball.

Boom!

The explosion reverberated through the sky, and the Dragon Ball was ripped apart with a punch. The destructive force released from it swept across the whole place and smashed the dragon against the barrier of the ruins.

Amidst the loud explosion, a gap that was ten million miles wide finally broke open in the ruin.

Endless icy rivers gushed in, flooding the area.

Ah!

The Dragon Ball was destroyed, and the World Annihilation Dragon let out a furious roar. "You... you are about to break through the barrier of the gods and reach the realm of Level One deities"

It was rumored that the Faction Masters of the four Imperial Sacred Factions were comparable to each other in strength.

Actually, no one really knew what the actual situation was. Because of the existence of the Moonwatch Sect, which was a common sworn enemy, the four Faction Masters had never fought against each other.

Nitian Guyun smiled and slammed his hand down again.

The World Annihilation Dragon was frightened and turned to flee. As he was trying to escape, he twisted his head and opened his huge dragon's mouth, roaring, "Divine Dragon Bite!"

A shockingly strong sucking force came on all at once.

Nitian Guyun just smiled and moved his hand again, as if the Divine Dragon Bite was no more than a child's play. He struck the World Annihilation Dragon.

Rumble!

The World Annihilation Dragon was flung and pressed against the ruins' barrier once more, crushing the barrier and causing the gap to widen even further.

The enormous body of the dragon was crushed and its dragon's breath was reduced to almost nothing as he struggled to cling onto his life.

With a couple of strokes, Nitian Guyun managed to defeat the World Annihilation Dragon to such an extent!

As she witnessed this scene, the Holy Maiden's heart was beating fast. It was one thing to hear about how Nitian Guyun was so powerful, but it was quite another thing to witness his prowess with her own eyes!

The World Annihilation Dragon was helpless under his hand and roared, "Lowly ants, this is just one incarnation of the Divine Dragon! Let me go immediately, or I will surely slaughter your whole bloodline in the future..."

Nitian Guyun's smile never faltered. "The World Annihilation Dragon, right? If you don't come to me, I will find you myself!"

After he finished speaking, he clenched his five fingers together. A deafening noise was heard and the body of the World Annihilation Dragon was crushed, turning into a large black flame.

"You will regret this!" A residual growl came from the World Annihilation Dragon.

Nitian Guyun waved his robe's sleeve as the dark flames dispersed, leaving only one dark scale on the spot.

"The reverse scale of the World Annihilation Dragon compiled together with the Dragon's essence. No wonder it belongs to the Level Three realm," Nitian Guyun said, tucking the scale into his sleeve. He calmly said, "This is a good thing."

However, while he was trying to pack the scale away, the dragon scale suddenly assumed a life of its own and shot towards Su Yu.

The will of the World Annihilation Dragon, which was attached to the dragon scale, had been scattered by Nitian Guyun. The dragon scale sensed that Su Yu had the aura of the World Annihilation Dragon surrounding his body, so it chose him naturally.

Nitian Guyun laughed abruptly. "It's a pity that I can't grant your wish. You are my trophy."

However, as he made to catch the scale, a palm came over and grabbed it.

The owner of the palm was Su Yu.

As Su Yu grasped it, the reverse scale returned to its natural state and merged with Su Yu's body.

This move was undoubtedly a provocation against Nitian Guyun!

Nitian Guyun smiled. "Interesting! You are the first who dared to snatch away my spoils of war right in front of me."

The Holy Maiden looked at Su Yu, finding the whole thing incredible.

Wasn't the incredible power demonstrated by Nitian Guyun enough to deter him? After that formidable display, he actually dared to make such a move.

Su Yu said in a neutral voice, "Whatever is in your hands is considered yours. Now, it is mine."

Having fought against the Demonic God of Six Paths, Su Yu did not have much fear even of a being as powerful as Nitian Guyun.

"Hehe," Nitian Guyun smiled and shook his head. "Is that what you mortals think? My opinion is that a trophy is mine if I want it! Anyway, you are asking to be killed, and I don't mind granting your wish."

Chapter 1355: The Remains of the Divine Warrior

Letting his ancestors voluntarily become Divine Laksanas was something that Nitian Guyun would never allow.

At the moment when the spirit of the Divine Laksana was discovered, Nitian Guyun had already passed Su Yu's death sentence.

He turned his head and looked at the Holy Maiden with a smile. "Be my concubine! Let both you and the previous Greatest Saint Lady serve me together!"

The Holy Maiden's face was red, and she clenched her teeth. "What if I say no?"

"You don't have a choice. Even if the Lord of the Moonwatch Sect was present, he could not change my decision about you!" Nitian Guyun said as he waved one of his robe sleeves. A halo appeared in the air and shrouded the Holy Maiden and her sorcerers.

The Holy Maiden's face stiffened as she struggled, together with the other sorcerers, to perform witchcraft.

However, the ripples generated were all crushed by the halo.

The Holy Maiden was frightened. She shattered the jade pendant on her chest, and a formidable magic force wafted from it.

The might of this magic force was beyond comparison.

The magic force swept out, knocking back the halo and rushing towards Nitian Guyun.

The corner of Nitian Guyun's mouth curled. "Oh? It seems that the Lord of the Moonwatch Sect has attached more importance to you than he had to your predecessor, since he personally crafted the asylum spell for you!"

"However, I have already said that even if the Lord of the Moonwatch Sect was present, he could not have changed my decision! If I want you to serve me, then you will jolly well do so!" Nitian Guyun said, throwing a punch in the air.

The punch was full of unyielding will that threatened to destroy all the obstacles in the world. He was getting into a defiant temper.

"Seven Defiance Punch!"

Imperceptibly, it seemed like seven sounds reverberated at the same time.

The magic force that came attacking earlier was inexplicably subjected to seven consecutive hits and dissipated into smoke.

When the magic force disappeared, the Holy Maiden was nowhere to be seen.

Nitian Guyun looked up into the sky, and a smile formed at the corner of his mouth. "If I want you, you can never escape me."

"Sky Seal!" Nitian Guyun's voice implied the meaning of absolute defiance, one that would override any obstacle on earth or in heaven.

Chiang!

In the sky, within a ten-million-mile-wide gap, a sign of resounding willpower suddenly appeared.

Bang!

Instantly, it appeared that something was brought back by the immense willpower.

Upon a closer look, it was the Holy Maiden herself, who was completely surrounded by the invisible spell.

"Ground Lock!" Nitian Guyun exclaimed.

Another beam of invincible willpower came out and sealed off all directions.

In this way, even the hole in the ground was sealed.

"Trap people!" Yet another ray of willpower came on.

In the sky, the Holy Maiden was caught by surprise. She was bound by this willpower. It not only sealed her magic, but even prevented all resistance, and she was falling straight down.

Nitian Guyun raised his arm and directed her to his side.

Glancing at her graceful form, Nitian Guyun smiled and said, "If I want you, you've got no other choice, no matter how much you might object."

He used two moves to kill the World Annihilation Dragon and three moves to capture the Holy Maiden.

Nitian Guyun smiled lightly and finally looked at Su Yu. "I have kept you alive until now because I want to ask you a question."

"Where did you get the Divine Laksana of the Heaven-defying Divine Warrior?"

Of course, Su Yu had self-cultivated it himself!

Unyielding willpower was something he had too.

"Don't want to answer me? Then you have lost your value, and I will now pass your death sentence," Nitian Guyun chuckled as if he were the Creator who got to decide who would live and who would die.

Su Yu raised his eyes and said in an indifferent tone, "I don't think there is any need to answer, especially to you."

"Haha! Since the beginning, you did not have a proper measure of yourself. I can't figure out what makes you think you are qualified to dismiss me!" Nitian Guyun chuckled and reached towards Su Yu with his hand.

The World Annihilation Dragon was destroyed by that move. Would Su Yu be able to resist?

However, at this moment, a terrible aura suddenly appeared and caused mighty tremors in the direction of the Saint Realm.

It was as if something that had been asleep since ancient times woke up.

The barrier of the ruins was shattered and turned into a pile of dust.

The Ice Sealed River that froze countless mountains and rivers suddenly sent off huge waves and wiped out everything along its path.

The ancient snow-capped mountains in the northern region of the Xue Nation suddenly collapsed. The never-ending snowflakes had suddenly disappeared as well.

At the Empire of Darkness...

In the palace, on top of the throne, a majestic middle-aged man suddenly opened his eyes and was shocked. "This aura is... the Divine Warrior of Ice and Fire? His remains had come back to life!"

At the bottom of the Ice Sealed River, where the ruin was now tattered...

Nitian Guyun's smile disappeared for the first time, and his eyes filled with confusion. "Strange. How come did it manage to wake up so soon?"

However, at this moment, a flying flaming bird flew across the emptiness and went straight towards Nitian Guyun.

“Urgent message?” Nitian Guyun grabbed the bird and the flames were extinguished. A large fire-star formed, condensing into a line of words in mid-air.

“The remains were unexpectedly modified and awakened by the blood of others. Urging the Faction Master to take actions.”

Upon reading, Nitian Guyun’s face was a little shocked at first. “How is this possible? I infused the blood of the Heaven-defying Divine Warrior, the tomb-guarding spirit, the Seven Poisons Demonic Toad, and the Nine-headed Devil Sage. How could this be bested by someone else’s blood? ”

Being the descendant of the Heaven-defying Divine Warrior, it was easy for him to extract more blood from the Divine Warrior.

What blood in the world could possibly be stronger than the Heaven-defying Divine Warrior’s?

There was only one answer. The Royal Annihilator!

The first emperor of the world, the World Annihilation Emperor!

Only his blood could suppress the blood of the Heaven-defying Divine Warrior and pre-emptively refine the remains of the Divine Warrior of Ice and Fire!

“Who did it?” Nitian Guyun’s eyes were cold, sweeping past the Holy Maiden. He shook his head slightly. If they knew that the blood of the Divine Warrior could refine the remains of the Divine Warrior of Ice and Fire, they would know was no need to excavate further.

He thought of the Sacred Faction of Eternal Darkness and shook his head for the same reason.

Suddenly, Nitian Guyun fixed his gaze upon Su Yu. His eyes narrowed gradually, staring at his opponent’s calm face, and he said, “Was it you?”

After getting the silent treatment from Su Yu, Nitian Guyun was even more convinced, and said, “You have been acting very strange! You were the only one who guessed that the outside world was surrounded by my Heaven-defying strong men. You were also the only person who speculated that I would be here in person! Both the World Annihilation Dragon and the Holy Maiden are stronger, yet they did not sense it. You, infinitely inferior to them both, did!”

“The strangest thing is that you knew that this place was the tomb of the Divine Warrior of Ice and Fire, and not just some ancient relic!”

Su Yu smiled slightly. “It’s not strange at all.”

“In the beginning, I thought this was a relic that had remained from ancient times, nothing more. I never thought it was the tomb of the divine warrior. After all, there should be tomb-guarding spirits at the tomb of a divine warrior,” Su Yu said. “But when I went to the Saint Realm, I was inadvertently aroused by the cold atmosphere, and gradually came to my speculation.”

“In fact, the tomb-guarding spirits have always existed. The Seven Poisons Demonic Toad, the legendary Nine-headed Devil Sage, and the bug in the lost person. They were the tomb-guarding spirits, but they had taken the form of beasts and insects.”

Nitian Guyun raised his eyebrows. “How is that so?”

“The aura of that cold air, I have seen it... on a tablet,” Su Yu said. He had seen the Nine-Emperor Tablet with his own eyes. The tablet was made from the flesh and blood of the Nine Divine Warriors and Su Yu had remembered all their nine auras.

The aura of the cold air belonged to one of the nine divine warriors.

Combined with the lost people encountered on the road, as well as Yongye Wuming’s cover-up, Su Yu finally had a conjecture.

The so-called ruins and the so-called genesis civilization weapon were just a red herring meant to divert people’s attention.

The Empire of Darkness had been deceptively digging in the ancient tomb of the Ice and Fire Divine Warrior!

What surprised Su Yu even more was that the source of the cold air in the stone wall was alive, and it was merely in a sleeping state.

After obtaining all this knowledge, Su Yu made a series of moves.

He lured the Holy Maiden and the World Annihilation Dragon here but secretly sent Yongye Chuxue to deliver the blood of the Royal Annihilator, which would nourish and awaken the Divine Warrior.

The reasons why he was able to speculate about the Heaven-defying Divine Warrior and the dangers in the outside realm were simple.

Everyone always believed that it was the Moonwatch Sect that changed the rules of the ruins.

However, the rule of the ruins contained the power of the Great Path Rules. Even the descendants of the Nine Divine Warriors could not change them, let alone outsiders such as the sorcerer clan.

It was supposed to be impossible, but it was done by defying heaven and earth.

This extraordinary defiance could only be achieved by one kind of person.

A descendant of the Heaven-defying Divine Warrior!

Heaven-defying, defying the Great Paths, defying all obstacles.

Only those who were defiant enough would be able to reverse the Great Path and forcefully change the Rules.

As for how the Moonwatch Sect had discovered the changes in the rules of the ruins, if he guessed correctly, it should be due to the scheming nature of Nitian Guyun.

It would be best if he could attract the Lord of the Moonwatch Sect. Then he would use the remains of the Ice and Fire Divine Warrior to kill him.

Even if he did not come in person, he would send important representatives to come.

The Holy Maiden was undoubtedly an important person in the Moonwatch Sect.

Unfortunately, the arrival of Su Yu changed everything.

After listening to Su Yu's explanation, Nitian Guyun stared at him with a tinge of dread.

He thought that his calculated moves were far cleverer than those of any descendants of the divine warriors. He had believed he was comparable to the former divine warriors.

However, Su Yu was able to come to accurate conclusions through the cause and effect of many small details. These careful observations and the power of his calculations shook Nitian Guyun's confidence, and he no longer considered himself so very superior.

Putting himself in Su Yu's shoes, he did not think that he could have exercised his logic so successfully!

The Holy Maiden was surprised as well. Su Yu's claims were impossible to believe. How could what he said be real?

However, the end results all confirmed his statements.

From the beginning, Su Yu calculated step by step, and even the Faction Master of the Heaven-defying Imperial Faction was included in his calculations.

This strategic planning and unwavering wisdom deeply moved the Holy Maiden.

If the Moonwatch Sect were supported by such a figure, they would not be so downright oppressed.

A faint gleam flickered within her eyes. She was thinking that if this person could be used for their own purposes, then...

Unfortunately, Nitian Guyun obviously did not intend to keep this person alive.

"I admire you, but unfortunately, you cannot work for me," Nitian Guyun said with a regretful expression.

Su Yu said indifferently, "You don't have to pretend. You and I have harnessed the defiant bloodline, and we both were naturally born to defy all restraints and suppression! Since I have threatened you, your nature will not allow me to exist!"

After realizing there was no point in acting, Nitian Guyun smiled in an extremely cold and stern manner. "Since you know that, go to hell!"

At this moment, Su Yu smiled in a very strange manner.

"Actually, I think you may be the one who is going to die today."

Chapter 1356: Six Fundamental Laws of Mind Control

Nitian Guyun looked up and said with a smile, "Are you sure you can defeat me with the corpse of the Ice and Fire Divine Warrior which you haven't completely absorbed?"

"What if I attack you together with him?" A majestic voice, which could startle everyone in the Frozen River Bottom, sounded at that moment.

Nitian Guyun was surprised. Then he slowly uttered a name. "Yongye Jiuyang?"

Swish!

A large area of black divine light swept away across the sky. Then, half of the sky above the area became dark.

From the world of the dark night, a strongly built middle-aged man wearing a purple and gold helmet walked out. With a pair of deep eyes that were filled with the light of the sun, moon, and stars, this man looked like an ancient king!

The Holy Maiden couldn't help but tremble at this time. She murmured with a wry smile, "Isn't the Master of the Heaven-defying Empire enough? How could Yongye Jiuyang, the Ruler of the Empire of Darkness, also appear in this place now?"

She was quite despondent at this moment.

Nitian Guyun stared at Su Yu. He knew Yongye Jiuyang must have been startled by the aura of the Ice and Fire Divine Warrior's corpse when it was woken up by Su Yu.

After pondering it for a short while, Nitian Guyun said, "Yongye Jiuyang, I tried to ambush the members of the Moonwatch Sect by setting up a trap here. My action was not aimed against the Empire of Darkness, so please don't worry."

Hearing this, Yongye Jiuyang replied coldly, "Really? Since you have captured the Holy Maiden, you can leave now!"

Nitian Guyun glanced at the Holy Maiden but didn't want to leave at once.

In order to change the restriction of the Great Path Rules in this ancient tomb, he had paid a huge price, which was far greater than the excavation efforts of the Empire of Darkness in the past several thousand years. Therefore, he would not give up in such an easy way.

Therefore, Nitian Guyun said assertively, "You can't take exclusive possession of the Ice and Fire Divine Warrior's tomb!"

"This ancient tomb is in the territory of my country, so it is not for you to say whether or not I can take exclusive possession of it!" Yongye Jiuyang replied coldly. "I know you are quite powerful, even more powerful than I am, but still, the corpse of the Ice and Fire Divine Warrior is mine!"

Nitian Guyun said with a disdainful smile, "So what? A Divine Warrior's corpse is intelligent. You can't control it with regular methods. Only the leaders of the four Imperial Sacred Factions like you and I can control the corpse of a Divine Warrior in the Ancient God Realm! I'm afraid you are barking up the wrong tree if you hope this young man can control the corpse of a Divine Warrior!"

The corpse of a Divine Warrior was an extraordinary item. Even if the soul of a Divine Warrior perished, the remnant skills and techniques of that Divine Warrior were still kept in the corpse. Therefore, it was never an easy task to control the corpse of a powerful Divine Warrior.

Without extraordinary strength or special skills, it was essentially impossible to control a Divine Warrior's corpse!

That was also the reason why Nitian Guyun attacked Su Yu without the apprehension that Su Yu could control the corpse of the Ice and Fire Divine Warrior.

He simply did not consider the possibility that Su Yu could do that.

Yongye Jiuyang frowned slightly. Suddenly, his head moved a bit, and he looked surprised. It seemed as though someone was sending him a message through telepathy.

After the expression of his face changed several times, Yongye Jiuyang calmed down. “Do you think it is impossible for him to control the corpse of the Ice and Fire Divine Warrior? It is quite simple! I can teach him how to do that!”

Then he flicked his finger to throw out a light spot towards Su Yu. When the light spot flew into Su Yu’s forehead, Yongye Jiuyang said, “This is the Six Fundamental Laws of Mind Control, an exclusive secret art of the Yongye Family, which can only be acquired by the current family leader. Now, calm down and absorb this secret art. I’ll stop Nitian Guyun to buy you some time!”

Seeing this, Nitian Guyun shouted in surprise, “Yongye Jiuyang, have you lost your mind? The Six Fundamental Laws of Mind Control is a secret art created by the Eternal Darkness Divine Warrior. It is also the most powerful secret art of your family! Are you going to just give it to a stranger like this?”

Yongye Jiuyang said with a faint smile, “It is worth the sacrifice, as long as he can stop you from obtaining the corpse of the Ice and Fire Divine Warrior!”

A strand of anger and killing intent appeared in the eyes of Nitian Guyun. Suddenly, he waved his hand towards Su Yu from afar!

He could stop Su Yu from controlling the corpse of the Ice and Fire Divine Warrior if he killed him. Moreover, he was sure he could defeat Yongye Jiuyang. Then he could take away the corpse of the Ice and Fire Divine Warrior as a trophy.

However, Yongye Jiuyang was determined to stop him from doing that. Yongye Jiuyang laughed and said, “How could you attack such a lowly young man? This is sheer humiliation for the Emperor of the Heaven-defying Empire! Don’t forget I am your real opponent here!”

“Eternal Darkness between Heaven and Earth!” Yongye Jiuyang murmured in a low voice. Soon, the entire sky was covered by impenetrable darkness.

In the darkness, Su Yu heard an earth-shaking sound that was generated when Nitian Guyun’s attack towards him was stopped by an irresistible force.

Su Yu closed his eyes and sat down on the ground with his legs crossed. Then, he started to absorb the light spot that was thrown into his forehead by Yongye Jiuyang.

The art of the Six Fundamental Laws of Mind Control created by the Eternal Darkness Divine Warrior was contained in this light spot.

The ‘Mind’ here didn’t refer to the mind of creatures, but to high-grade precious items with strong self-awareness.

The corpse of a Divine Warrior could also be regarded as a precious item!

Su Yu was a little bit disappointed when he discovered the function of this secret art. With the help of the Milky Way Star Sand, he could already tame all kinds of precious items.

However, Su Yu was further surprised when he discovered more about this secret art.

After a long time, Su Yu opened his eyes, which were full of astonishment. Then, he murmured quietly, “No wonder it was created by a Divine Warrior! I didn’t expect it could be so powerful!”

The core concept of the Six Fundamental Laws of Mind Control was the word ‘Control’.

Those who had acquired this secret art could control the equipment of their opponents during a fight!

For example, when Su Yu tried to attack his enemy with the Nine Suns Sword Formation, his enemy used this secret art to control the sword formation. Then it became extremely dangerous for Su Yu, who was not prepared for the attack of his own sword formation.

According to the records of the Six Fundamental Laws of Mind Control, nobody dared to use any equipment in front of the Eternal Darkness Divine Warrior. Even the World Annihilation Emperor, who was the No.1 expert, didn’t dare to use the World Annihilation Plate when he fought against the Eternal Darkness Divine Warrior!

This was because the World Annihilation Plate used to be controlled by the Eternal Darkness Divine Warrior, who almost defeated the World Annihilation Emperor.

Only a few people were able to put the World Annihilation Emperor into such a dangerous situation.

However, the control of Emperor-based Saint Artifacts was not the limit of the Six Fundamental Laws of Mind Control. According to the assumption of the Eternal Darkness Divine Warrior, those who could master this secret could control the Great Path Chain at last!

For him, the Great Path Chain was also an item with a degree of self-awareness. If he could continue to research this secret art, he could control the Great Path Chain.

It was a pity that the Eternal Darkness Divine Warrior was only powerful enough to control Emperor-based Saint Artifacts. Having achieved that level, he failed to make any further progress.

For Su Yu, even the incomplete Six Fundamental Laws of Mind Control was something that could go against the rules of nature.

The time was so limited, so, Su Yu had to learn this art as soon as possible. The next moment, the speed of time passage has enhanced a thousandfold.

While one hour went by in the outside world, Su Yu had spent one month in his world.

In the darkness, Yongye Jiuyang shouted, “You don’t have enough time to acquire it completely. You only need to get some superficial knowledge now. You can find many study notes left by previous family leaders. With the help of these notes, even an ordinary person could learn some basic knowledge of this secret art within ten minutes!”

“It should be enough for you to control the corpse of this Divine Warrior!”

Nitian Guyun was quite anxious. Suddenly, his eyes lit up and he said with a cunning smile, “Yongye Jiuyang, you are the Leader of the Yongye Family. Why didn’t you learn the Six Fundamental Laws of Mind Control? Now, you asked a stranger to learn it! Heh! Heh! I guess you are harboring an evil plan!”

Yongye Jiuyang retorted calmly, “No matter how evil my plan is, it is a lot kinder than your plan of killing all of us here! Young alien, focus your attention on acquiring this secret and don’t be distracted by him!”

Hearing this, Nitian Guyun continued to speak. “Heh! Heh, Yongye Jiuyang, did you really give him the complete Six Fundamental Laws of Mind Control? Aren’t you afraid he could control the corpse of the Ice and Fire Divine Warrior completely once he masters this secret art? Once that happens, even you won’t be able to stop him!”

“You don’t need to worry about that, my friend!” Yongye Jiuyang said coldly. He didn’t take Nitian Guyun’s warning seriously.

Yongye Jiuyang knew all about the difficulty in acquiring the Six Fundamental Laws of Mind Control. Even an expert like him would need at least one month to acquire the entire secret art by referring to the study notes of the previous family leaders, let alone a young man like Su Yu!

Therefore, Yongye Jiuyang didn’t believe Su Yu, who was just a young mortal, could learn a lot in such a short time.

Time went on slowly. The fight between Yongye Jiuyang and Nitian Guyun became more and more fierce.

Their ruthless battle stirred up the water in the entire Frozen River.

Ten minutes later, Su Yu opened his eyes suddenly. Then, a strand of chilly light gushed out from his pupils.

It seemed Su Yu’s eyes could penetrate through everything in this world. Nobody dared to have direct eye contact with him.

When the chilly light disappeared from Su Yu’s eyes, he turned in the direction of the Saint Realm.

Rumble!

The abyss in the Saint Realm collapsed. It seemed as though something that was sleeping had woken up. The horrible aura swept over the entire Empire of Darkness and even started to flow towards the other empires.

Su Yu even heard exclamations from the other two empires. It seemed that the powerful experts of those empires were also startled by this horrible aura.

Nitian Guyun changed his expression abruptly as he stepped back. Then, he turned around and looked at the Saint Realm with deep concentration.

On the other side, Yongye Jiuyang laughed loudly. “Hah! Hah! Hah! You made it!”

Then, he turned to Su Yu and said approvingly, a hint of respect showing in his face, “Good job!”

After saying that, he turned to Nitian Guyun. “So? Are you still going to fight against me?”

Nitian Guyun was quite annoyed. He made such a huge investment to remove the restrictions, and he didn’t expect Yongye Jiuyang would be the one to take advantage of all his hard work.

“I don’t believe he can control the corpse to attack me!”

Yongye Jiuyang replied with a disdainful smile, “Since you don’t believe in the effect of the Six Fundamental Laws of Mind Control, I’ll show you how powerful it is!”

Then, he ordered Su Yu, “Now, command the corpse to attack with the Extreme Ice Eye!”

Su Yu nodded. Then, under his control, the corpse of the Divine Warrior, which was billions of kilometers away, abruptly shot out extremely powerful icy energy.

Seeing this, Nitian Guyun’s expression changed slightly. Then he sped up into the sky to dodge the attack.

However, Yongye Jiuyang also flew into the sky at the same time.

“How dare you! What are you doing?” Yongye Jiuyang was extremely angry because the corpse shot out two strands of icy energy.

One strand of energy was flying towards Nitian Guyun, but the other strand of icy energy appeared to be targeting Yongye Jiuyang himself!

Su Yu replied coldly, “I am trying to save myself!”

“Save yourself? It is I who saved your life!” Yongye Jiuyang shouted angrily.

Su Yu replied, shaking his head, “You taught me, a stranger, the Six Fundamental Laws of Mind Control, which could only be acquired by the past leaders of your family. Everyone should know what would happen to me at last, right? Even you decided to show your mercy and spare my life, I guess you would still ruin my training achievements together with my memories! However, as a leader of a family that controls an empire, I doubt you would be that merciful after all. So it is more likely that you would kill me in order to keep the secret of the Six Fundamental Laws of Mind Control!”

Hearing this, Yongye Jiuyang looked quite startled.

Nitian Guyun couldn’t help but laugh wildly. “Hah! Hah! Hah! Yongye Jiuyang, this is going for wool but coming home shorn! Do you know why I kept him alive until the last moment? He is not any ordinary foreigner! I didn’t expect you would also be fooled by him!”

Chapter 1357: The Four Faction Leaders

Yongye Jiuyang’s face darkened face and said as he stared at Su Yu coldly, “You are seeking death!”

Then, Yongye Jiuyang prepared to kill Su Yu immediately.

Su Yu retorted coldly, “You are the one who is seeking death here!”

He said that as his two hands formed a mysterious seal in the air.

Seeing this, Yongye Jiuyang shouted in surprise, “The top class of the elementary part! How... how could you reach such a high level in less than ten minutes?”

Su Yu ignored his question and continued to attack with terrifying energy by controlling the corpse of the Ice and Fire Divine Warrior.

This time, horrible flames replaced the chilly ice.

“The Absolute Fire Eye!” Even Nitian Guyun was shocked by this mighty attack.

Before this, he believed he had overestimated Su Yu. Now he was beginning to realize just how powerful this stranger was.

He did not expect this young man could control the corpse of a Divine Warrior in such a proficient way.

Now, both Nitian Guyun and Yongye Jiuyang were unable to resist the joint attack of the Extreme Ice Eye and the Absolute Fire Eye, even if they could work together at this time.

Nitian Guyun, who was quite angry, said as he looked at Su Yu coldly, “Young man, don’t be complacent. Now you can control the corpse of the Ice and Fire Divine Warrior, which means you have become the target of the four great Empires and the Moonwatch Sect in the Ancient God Realm. My instinct tells me we will meet again!”

After saying that, he fled the Frozen River without any hesitation.

Yongye Jiuyang shouted and raved, but he also chose to run away at last.

Nitian Guyun paid a tremendous price to dig out the corpse of the Ice and Fire Divine Warrior. However, Su Yu was the one who took advantage of his work at last.

Yongye Jiuyang gave the Six Fundamental Laws of Mind Control to Su Yu without asking for anything in return. It was a secret art created by the Eternal Darkness Divine Warrior, and was as precious as the corpse of the Ice and Fire Divine Warrior.

Nobody else in the Ancient God Realm had succeeded in making two Emperors choke with anger after taking great advantages from them.

Although the two leaders ran away, the light beams of ice and fire did not stop their pursuit.

The light beams penetrated the Frozen River. Then, half of the river was frozen again. The other half was filled with horrible flames.

Su Yu was enjoying this fantastic view of fire and ice while he stood on the riverbed. Finally, he figured out where the horrible flames that melted the ice in this river came from.

In addition, he knew why this river could be frozen for so many years.

The corpse of the Ice and Fire Divine Warrior caused all of this!

Once in a century, the Frozen River would be unfrozen by the Absolute Fire Eye. Then the Extreme Ice Eye would freeze the river again.

After driving off the two Emperors, Su Yu didn’t dare to stay there any longer. Therefore, he dashed towards the center of the Saint Realm immediately.

He guessed that the flame-filled crystal ball that he saw at the very beginning was the Absolute Fire Eye. The other one, which was hidden in the abyss, was supposed to be the Extreme Ice Eye. These two eyes were the only remains of the corpse of the Ice and Fire Divine Warrior!

However, Su Yu didn’t find the Absolute Fire Eye in the abyss at the center of the Saint Realm.

The other side of the abyss had also collapsed. Now there was only a giant pit there. It was supposed to be the place where the Extreme Ice Eye was buried.

However, the two eyes had disappeared!

“Where are they now?” Su Yu said in surprise.

Just at this time, Su Yu felt something pulling at his robe.

Su Yu was totally shocked.

His perception was as powerful as a deity’s! How could he miss something that approached him from behind?

If this thing tried to kill him, he would have been an easy target.

Su Yu turned around but saw nothing.

When he looked down, he saw a pudgy little boy, who looked no older than three, pulling at his robe!

The eyes of the little boy were quite strange.

One was as red as fire.

The other one was icy blue.

When Su Yu saw the little boy’s eyes, he was even more shocked. Did it mean... was this the corpse of the Divine Warrior?

Did it mean the corpse of the Divine Warrior had taken the shape of a three-year-old boy?

Su Yu examined the little boy with the Six Fundamental Laws of Mind Control and found the aura of the World Annihilation Emperor’s blood in his body.

“I’m hungry,” the little boy said piteously as he looked at Su Yu.

Su Yu was stunned. He didn’t know whether he should treat this boy as a creature or a weapon.

The boy sobbed when he saw Su Yu’s hesitation. Then, a red tear and a blue tear rolled down his cheeks.

When the tears touched the ground, horrible energy gushed out and flew towards Su Yu. Seeing this, Su Yu stepped back to dodge the attack. He didn’t dare to approach that little boy again.

“This is way too dangerous!” Su Yu was surprised. Had he been a little bit slower just now, the two tears would have killed him.

After wiping the cold sweat off his forehead, Su Yu took out a piece of fresh Golden Flames Forbidden Wood and threw it to the little boy after a short hesitation.

The little boy picked up the piece of wood and had a look at it. Then he dropped it and started to beg Su Yu for food again.

It seemed the little boy was about to cry once more. Su Yu was terrified. Suddenly, an idea came to his mind. He took out a freshly refined drop of Divine Warrior blood and offered it to the boy.

Seeing this, the little boy was quite happy. He smiled and walked up with tottering steps to grab the divine blood in his hand. Then he devoured the blood with a delighted smile.

Su Yu calmed down as he scanned the little boy with his Transparent Eyes. Then, he sighed in disappointment.

The little boy only had a body, but no soul.

He was not really a person, but something with very basic intelligence.

“From now on, you stay with me and I guarantee you won’t be hungry again,” Su Yu said.

The boy nodded his head as if he had understood what Su Yu said.

“And your name is Bing Huo from now on,” Su Yu added.

The little boy smiled delightedly as if he liked this name very much.

“From now on, you are not allowed to cry or use the energy in your eyes without my permission!”

Putting his finger in his mouth, the little boy nodded as he turned his head sideways.

Su Yu was quite perplexed. He did not know whether it was safe to take such a dangerous thing with him.

“I’m sleepy!” While Su Yu was considering his options, the little boy, who was already full, wanted to sleep.

This suited Su Yu just fine. He took the little boy into the space of the Buddha Bead.

After that, Su Yu left the Frozen River.

In the place of the great combat between Yongye Jiuyang and Nitian Guyun...

One hour later, the Holy Maiden, who had been left there, broke the spell restraining her body with her incantations.

After searching the Saint Realm, she said in disappointment, “As expected, he has run away!”

“He has controlled the corpse of the Ice and Fire Divine Warrior! He has obtained the secret art of the Eternal Darkness Divine Warrior! He had mastered the essence of the Heaven-fighting Divine Warrior’s skills! Furthermore, he even has the Emperor-based Saint Artifact of the Taiqing Divine Warrior.. How could a man have so many artifacts belonging to the nine Divine Warriors?” The Holy Maiden was still trembling in terror. “Maybe what the dragon said is correct! What kind of creature is he? How could he be so favored by the nine Divine Warriors?”

“In addition...” the Holy Maiden said wistfully, “This guy is so smart that he could even fool the two Emperors easily. Even Nitian Guyun, who is famous for his wisdom, did not see his true nature in the beginning. It would be so amazing if this man could be recruited to work for the Moonwatch Sect!”

An extraordinarily clever man who could control the corpse of a powerful Divine Warrior was exactly the talent needed by the Moonwatch Sect.

Unfortunately, this man was too smart. He ran away as soon as he could.

“However, it seems this man conceals his true identity. I could sense the Divine Path of disguise in his body!” The Holy Maiden’s perception was quite sharp. She murmured thoughtfully, “And his aura is quite familiar!”

After pondering it for a while, the Holy Maiden looked around the area. Except for the collapsed abyss, this barren place only had its barriers left!

A hundred wizards she took with her, along with the several Grand Wizards of the Holy Son, had been devoured by the World Annihilation Dragon.

“I guess all of them are in that dragon scale now, and that mysterious man has the scale. It seems I have to find him!” The Holy Maiden murmured as she left the Ice Sealed River Bottom and returned to the Xueman Building in the Xue Nation of the North Territory.

When she came into the building, Cailin walked up and asked in surprise, “Are you wounded? Where are the Grand Wizards?”

Hearing this, the Holy Maiden said with a wry smile, “Many things happened in the ruins. Let me tell you everything step by step!”

Cailin was quite surprised when she heard about the appearance of the Ice and Fire Divine Warrior’s corpse, as well as of the two Emperors’ battle.

“I didn’t expect this was a trap set up by Nitian Guyun for the Moonwatch Sect,” Cailin said. “He is really good at scheming!”

The Holy Maiden said, “We are not his primary target. He was after the corpse of the Ice and Fire Divine Warrior.”

Then, the Holy Maiden couldn’t help but add with a smile, “However, all his clever plans helped that mysterious guy at last. He has obtained the corpse of the Ice and Fire Divine Warrior! Hah! I feel much better at the thought of this!”

Cailin said as she raised her eyebrows, “Are you talking about Su Yu? If it is him, I won’t be surprised at all!”

The Holy Maiden was stunned. “Do you mean to say that the mysterious man is Su Yu? Your friend we met here last time?”

“That’s right,” Cailin said confidently. “Although he had taken the form of a man with a beast’s head, from your description I am sure it could only be him! He is the smartest man I have met in my life. Nobody is cleverer than him!”

The Holy Maiden’s perplexed expression was gradually replaced by tentative hope. “If that was him, could you help me to get him to join the Moonwatch Sect? He is your friend!”

Cailin replied with a wry smile, “It won’t be that easy! I used to be his sworn enemy. I am not sure at all I would be able to convince him!”

“Then try to convince him by playing on his interests!” The Holy Maiden said.

Cailin shook her head. "As far as I know, nothing we have would tempt him to accept!"

What Cailin said was correct. Su Yu had many precious items. This time he had obtained the corpse of the Ice and Fire Divine Warrior and the reverse scale that contained all items found in the ruins. What other treasures could the Moonwatch Sect possibly offer him?

"If you really want to get assistance from this man, you need to appeal to his emotions. This is his only weakness!"

"Appeal to his emotions?" The Holy Maiden blinked with puzzlement.

The Ice Sealed River Bottom...

After a while, several powerful auras descended at the same time.

Yongye Jiuyang and Nitian Guyun appeared together with a man and a woman who were almost as powerful as they were.

"Yongye Jiuyang, you know this place is the tomb of the Ice and Fire Divine Warrior, who was my ancestor. Still, you chose to excavate it! Why did you do that?" The strongly built man, whose body was filled with the auras of fire and ice, was Binghuo Cangxing, the leader of the Binghuo Imperial Sacred Faction.

Yongye Jiuyang replied calmly, "When the nine Divine Warriors passed away, their corpses were scattered in this world. All royal families have come to an agreement that whoever finds a corpse of a Divine Warrior first has the right to excavate it. Why do you blame me now?"

Binghuo Cangxing said angrily, "We reached that agreement because we had to gather strength to resist the Moonwatch Sect. The situation has been different for a while now. Why did you conceal your discovery from us? Are you harboring something evil in your mind?"

Chapter 1358: A Target for All

"Heh! Heh! Then did we come to another agreement to inform each other of the actions one of us going to take?" Yongye Jiuyang, who was a little bit miffed, replied coldly. "Since we didn't come to any such agreement, the original one is still effective now."

After being fooled by Su Yu, he was quite moody now.

"Hah! Hah! Hah! Yongye Jiuyang, if you want a fight, I'll give you a fight!" Binghuo Cangxing was thoroughly annoyed by Yongye Jiuyang's reaction.

"Please, calm down! It is not a good time to quarrel now," a middle-aged woman, the only female present, said calmly.

This woman had delicate features and a slim, upright figure. Although she was not young anymore, her graceful and elegant form was still very attractive.

After meeting each other's eye, Binghuo Cangxing and Yongye Jiuyang snorted and stopped quarreling to show their due respect to this woman.

The woman said with a salute to Nitian Guyun, “Are you sure this man has the Yin and Yang Tai Chi Wings that had belonged to the ancestors of the Taiqing Family?”

Nitian Guyun replied with a nod, “Yes! Only the Yin and Yang Tai Chi Wings, the No.1 flying Emperor-based Saint Artifact, could enable a man to cover a distance of billions of miles instantly!”

Then, Nitian Guyun continued to speak, shooting covert glances at the attractive body of the woman, “Yunluan, you can entrust this task to me. If I capture this guy, I will definitely return the Yin and Yang Tai Chi Wings to you!”

Taiqing Yunluan replied with a faint smile, “Thanks, lord Nitian, but that won’t be necessary! The Yin and Yang Tai Chi Wings belonged to my ancestors. Now they are in the hands of a stranger. The Taiqing Family will get the Wings back without anyone’s help!”

Then, she turned to the two other men. “I guess we all share the same goal, right?”

Binghuo Cangxing wanted to get the corpse of the Ice and Fire Divine Warrior back.

Yongye Jiuyang wanted to kill Su Yu to stop the divulgence of the Six Fundamental Laws of Mind Control.

Nitian Guyun, who was full of resentment, was determined to kill Su Yu for tricking him into letting his guard down.

Taiqing Yunluan, of course, was after the Yin and Yang Tai Chi Wings.

In this way, the four leaders of the Imperial Families came to an agreement.

“The four great Empires take up the entire Ancient God Realm. Once this man appears in our territory, we shall hunt him down so that he won’t run away again!”

Nitian Guyun said with a murderous look. “I suggest that we organize an extermination army that would be responsible for finding and killing this guy!”

Yongye Jiuyang said approvingly, “Exactly! Since this man was able to enter the ruins, he should be somewhere close to this place. I guess he is a citizen of the Empire of Darkness or the neighboring Heaven-defying Empire!”

Nodding his head, Nitian Guyun said, “I agree! Above all, this man has the most important Emperor-based Saint Artifact of the Xue Nation in the North Territory, as well as many other precious items of that country. I suggest that we start the investigation of his actual identity in the Xue Nation!”

Taiqing Yunluan and Binghuo Cangxing didn’t raise any objections to this proposal.

Su Yu didn’t know he had just become the most wanted man in the entire Ancient God Realm!

Once Su Yu’s disguise was seen through, he would have no place to hide in the Ancient God Realm.

At this moment, Su Yu was examining the trophies he had obtained in this expedition in an inconspicuous small hotel in the Northern Territory.

First, he had obtained the design drawing of the World Annihilation Plate and many other drawings of ancient weapons.

Second, the Grave of all Deities;

Third, the Six Fundamental Laws of Mind Control;

Fourth, the corpse of the Ice and Fire Divine Warrior;

Fifth, the reverse scale of the World Annihilation Dragon;

The rewards of this trip had gone beyond his imagination.

However, the troubles he had created for himself during this expedition were also unimaginable.

If his guess was correct, there was no longer a place for him in the Ancient God Realm. He could only hide outside the territory of the Ancient God Realm. Su Yu sighed. "However, they might still need some time to see through my disguise. I don't need to leave here immediately. Let me handle the World Annihilation Dragon's reverse scale first!"

Then, a pitch-dark dragon scale appeared in front of his chest.

Compared to the ordinary dragon scales, this scale was harder and darker. It was quite amazing that a drop of the World Annihilation Dragon's blood was contained in this scale.

"As Nitian Guyun said, this is really a precious item." Su Yu believed this reverse scale was powerful enough to protect him from the attack of an Emperor!

When Nitian Guyun tried to kill the black dragon, his lethal attack failed to create a scratch on this scale, which meant it was extremely hard.

Therefore, it was a perfect defensive item for Su Yu!

Suddenly, Su Yu sensed a weak fluctuation of space inside this reverse scale.

"What? Does it mean there is hidden space in this reverse scale?" Su Yu was surprised. After scanning the insides of the scale, he was shocked by what he found.

There was an entire world inside this reverse scale!

All creatures and items that had ever been devoured by the World Annihilation Dragon were saved in this space.

Su Yu found the hundred wizards who had followed the Holy Maiden, and the eight Grand Wizards as well.

In addition, Su Yu found Yongye Wuheng, Yongye Chuxue, and Yongye Wuming, whom he had left behind.

At last, Su Yu also found an extremely beautiful woman – Xue Xiaoman, the Princess of the Xue Nation of the North Territory.

All those who entered the ruins but failed to run out were sent into this space.

All of them were wrapped by the breath of the dragon and thus unconscious. They did not know where they were now.

After pondering it for a while, Su Yu left the hotel and went to an uninhabited wasteland.

Then he opened the reverse scale to release all the people in it, except Yongye Wuming, who knew his actual identity.

After that, Su Yu put away the reverse scale and canceled his disguise. Then he sprawled on the ground and pretended that he had passed out like all the rest.

After a while, with a groan, Xue Xiaoman woke up first.

She stood up shakily. She was disheveled and wearing a man's robe. Then, she looked around and found many people who were lying on the ground, unconscious.

"What happened? I remember something devouring me!" Xue Xiaoman murmured with puzzlement. Suddenly, she saw a man among these unconscious people.

Instantly, her face was filled with murderous anger. Firing up, she shouted as furious flames raged in her eyes, "It's you!"

She saw the one who took away all her belongings, stripped her naked, and buried her in the Myriad Bone Mountain!

Xue Xiaoman would never forget this enormous humiliation.

"Pervert! Now you will pay!" Xue Xiaoman shouted with a trembling voice. Nobody knew whether it was caused by anger or weakness.

Su Yu rolled his eyes secretly. D*mn! He didn't expect this woman would regain consciousness first. If he had known it from the beginning, he would have stripped her naked and thrown her out on the way!

Xue Xiaoman rushed up to him angrily. She reached out to grasp the sleeve of Su Yu's robe. It seemed she was trying to capture Su Yu alive and take him back with her to torture him for the humiliation he had caused her.

Seeing this, Su Yu was quite annoyed. It seemed he had to defend himself now.

If he woke up first, he had to explain what happened and why they were all here, which could arouse suspicion at once.

Just at this moment, a strand of cold light flew towards Xue Xiaoman rapidly.

Xue Xiaoman was surprised by this sudden attack. She took back her hand and stepped several hundred meters aside to dodge the attack. Then she turned around and was surprised by what she saw. "Yongye Wuheng! When did you regain consciousness?"

Yongye Wuheng stopped Xue Xiaoman from attacking Su Yu at this critical moment.

"Almost at the same time as you did," Yongye Wuheng replied casually.

Xue Xiaoman said with a slight bow towards Yongye Wuheng, "Prince Wuheng, could you please do me a favor? I need to capture this man and take him with me!"

"Why?" Yongye Wuheng asked.

Xue Xiaoman was quite embarrassed. She would never tell him that Su Yu took all her precious items away or that she was stripped naked and buried in the Myriad Bone Mountain!

"Sorry, I can't tell you the reason. However, you can trust I would never do something to endanger our Empire," Xue Xiaoman said.

Yongye Wuheng refused, shaking his head slightly. "I'm sorry, but you can't take this man away!"

Yongye Wuheng would not allow anyone to harm Su Yu, of whom he already thought as his younger sister's future husband. He didn't care whether Su Yu had taken away the Emperor-based Saint Artifact of the Xue Nation, or even humiliated the princess of that nation herself.

This man was the most extraordinary genius he had ever met.

Yongye Wuheng was one of those who knew Su Yu was the mysterious man who resisted the World Annihilation Dragon. Therefore, he would do his best to defend Su Yu now.

Xue Xiaoman shouted, "Yongye Wuheng, don't provoke me! Otherwise..."

Hearing this, Yongye Wuheng replied coldly, "Otherwise what? If you dare to attack him, don't blame me for standing up to you!"

Xue Xiaoman was almost man with anger when she knew Yongye Wuheng had made up his mind to defend Su Yu. She could not figure out the reason why Yongye Wuheng would decide to do that. As far as she could see, he would have no benefits by taking Su Yu's side.

"Eh?" Yongye Chuxue also regained her consciousness at this time.

Seeing this, Xue Xiaoman had to leave resentfully, even though she was extremely reluctant to give up.

Before leaving, Xue Xiaoman said coldly, "Su Yu, I'll remember you! It is not over yet!"

When Yongye Chuxue opened her blurry eyes, she heard Xue Xiaoman's resentful words. She asked with puzzlement, "Brother, what happened?"

Yongye Wuheng replied as he laughed, "Nothing! You could help Su Yu stand up!"

What? Yongye Chuxue looked at Yongye Wuheng in surprise. Normally, her elder brother would not allow any man to approach her. Now he asked her to get close to a man, which puzzled her a lot.

"What are you waiting for? Come on, don't forget to use your divine power to heal his wounds!"

Yongye Chuxue did as he said, although she was still quite confused.

When Yongye Chuxue tried to heal Su Yu's wounds, she found many wounds on his body. Then she murmured in a low voice, "This is so weird. He disappeared as soon as we went into the ruins. Now he has returned with so many wounds! Humph!"

Yongye Wuheng only smiled but said nothing as he murmured in his mind secretly: My younger sister, those wounds were created during the great battle between him and the World Annihilation Dragon!

Although he didn't know what happened after he was devoured by the dragon, he knew the Divine Dragon's Devour didn't kill Su Yu, because otherwise, Su Yu wouldn't be alive now.

At the thought of this, Yongye Wuheng was further impressed by Su Yu's power.

How could a Stage Four Mortal Fairy be so powerful? What if he became a deity in the future?

If the Yongye Imperial Family could cultivate this man, his future would be unimaginably glorious. "I will be quite satisfied if my younger sister marries this man," Yongye Wuheng murmured to himself.

While Yongye Chuxue was tending Su Yu's wounds, the other people regained consciousness one after another.

Su Yu also pretended to wake up at that point.

Then, over a hundred wizards regained consciousness.

Under the unusual circumstances, the awakening people didn't start a fight with each other but patiently waited for their fellows to regain consciousness.

After a while, everyone woke up.

This time, the wizards were not in the mood to start a fight.

First, they found Yongye Wuheng, who was a Level Five Deity, among their enemies. Second, they were in the territory of the Ancient God Realm, which meant powerful experts could come here at any time to fight them. Third, they lost contact with their Saint Lady.

"Let's go!" Led by the Grand Wizards, all wizards left and disappeared for the Frozen Land.

The creatures of the Ancient God Realm let out a sigh of relief. Then they left as well. Only Yongye Wuheng, Yongye Chuxue, and Su Yu were left there at last.

"Brother Su, would you still escort my younger sister to the Lost Nation as you had agreed before?" Yongye Wuheng stared at Su Yu with a sly look, which he was certain went unnoticed by the other two.

Chapter 1359: A Troublemaker

After evaluating the current situation, Su Yu believed that it would be a wise decision to leave the territory of the Ancient God Realm as soon as possible. Therefore, it would be a good choice for him to hide in the Lost Nation.

"I will honor my words. I don't know whether Princess Chuxue has changed her mind or not, however."

Hearing this, Yongye Chuxue decided to make other preparations after this sudden change.

However, she was surprised by the words of Yongye Wuheng. "No problem! We will adhere to the original plan! Please take care of my younger sister."

What? Yongye Chuxue raised her eyebrows and looked at her elder brother with puzzlement.

Su Yu said, "OK! However, due to some reasons, I can't go back to the Empire to get the reward of the Emperor-based Saint Artifact. Could you..."

"No problem," Yongye Wuheng agreed without hesitation. "Brother Su, which Emperor-based Saint Artifact do you want?"

Eh?

Su Yu was surprised by Yongye Wuheng's enthusiastic reaction. Was he planning some sort of a conspiracy? Therefore, he said tentatively, "I hoped I could get the Great Desolation Smelter, which ranks 45th!"

"No problem! I'll go back to the Empire and take it for you," Yongye Wuheng said as he laughed. "I'll give this item to my younger sister. When you finish the escort task, she will give it to you immediately!"

Ah? Yongye Chuxue gaped as she looked at her elder brother in disbelief. She didn't believe her brother, who was always clever and rational, could work out such an irrational plan.

What if Su Yu tried to take liberties with her on the way?

She didn't know her elder brother earnestly wished Su Yu would do exactly that.

Even Su Yu was surprised. He didn't know what Yongye Wuheng was about to do next.

"Brother Su, I will need at least one month to come back, so please take care of my younger sister during this period!" After saying that, Yongye Wuheng left immediately. It seemed as though he didn't want to spend one more minute in this place.

Now only Su Yu and Yongye Chuxue, totally puzzled, were left here.

Yongye Chuxue asked as she observed Su Yu carefully with her beautiful eyes, "What did you promise my elder brother? He is always calm and aloof. This is the first time I see him treat others in such an enthusiastic way!"

Su Yu shrugged. "I'm wondering the same thing. Did your elder brother get hit on the head?"

As far as he knew, Yongye Wuheng was always a calm and steady man.

Yongye Chuxue frowned. "Stop speaking ill of my elder brother... I'm sure he has something on his mind!"

Su Yu fell silent.

The Celestial Crystal Mountains...

Deep inside a crack, a pitch-dark dragon was sitting on a giant stone gate.

When the reverse scale was broken, the dragon opened its giant mouth as it emitted the horrible Dragon Breath which gushed out as if it was about to incinerate the entire world.

The Nine-Emperor Tablet trembled a bit. Then, many words of the Heavenly Book fell down to stop the horrible Dragon Breath.

Inside the stone gate, it seemed the woman who had been suppressed for many years sensed something. She said indifferently, "You failed, right?"

She knew the World Annihilation Dragon, who didn't want to face his defeat, sent a clone, which was transformed by his reverse scale, to kill Su Yu.

The World Annihilation Dragon said coldly, "This guy is cunning and good at scheming. He lured the descendant of the Heaven-defying Divine Warrior to that place. Then, that descendant smashed my clone. Otherwise, he would not be able to run away this time!"

"Just admit your failure. We will be trapped here for billions of years because of our defeat. I don't want to hear any excuses for this," the woman said calmly.

The World Annihilation Dragon let out a Dragon Breath reluctantly and became quiet at last. Then, he said as thoughtfully, light flashing in his giant dragon eyes, "However, I found something interesting this time. This person was quite special! His aura is similar to yours, mistress. Also, he reminded me of the one who used to startle the universe by using a Superior Deity as his Divine Laksana!"

"You mean the genius who betrayed the Heaven Path Palace, right?"

The World Annihilation Dragon nodded as his mind was filled with old memories. "I remember he was the oldest Book Deity between heaven and earth!"

"Who, him?" The woman was surprised. Then, she said regretfully, "What a pity! He would have become the Heaven Path Emissary, but he chose to betray the Path Leader and stole the Book of First Heavens!"

The World Annihilation Dragon sighed as well. "Right! He should have been our ally. It is a pity that he made the wrong decision."

After a long time, the woman inside the gate said, "Since you have found his aura, we shall capture him when we finish our secluded training and take him back to be at the mercy of the Path Leader!"

—

Su Yu, who had no idea what happened just now, had arrived at the capital of the Xue Nation in the North Territory, accompanying Yongye Chuxue.

"The Lost Nation is an extremely dangerous place. Besides the Moonwatch Sect, we will find many mysterious creatures that we haven't seen in the Ancient God Realm before. I need to collect some special materials," Yongye Chuxue explained.

The Lost Nation was a place with a longer history than any other place in this world.

Therefore, the Lost Nation was the birthplace of the Ancient God Realm.

Su Yu replied calmly, "I don't care. I only want to stay away from the Royal Family of this country!"

Yongye Chuxue said casually, "We only killed Xue Qingchen, and that is nothing! There are many geniuses in the Royal Family of the Xue Nation. Xue Qingchen was expandable. Don't worry! Their Royal House will not punish you for the death of Xue Qingchen! As for Xue Xiaoman," Yongye Chuxue said suspiciously, "I guess the death of her younger brother was not the only reason for her fury!"

Su Yu, who felt guilty, changed the topic casually. "Where are we going now?"

“Let’s go to the contact point I set up in this place. We can ask my underlings there to collect the special materials I need.”

After a short while, they arrived at a shop in the downtown area of the capital. The banner above the entrance stated that its name was ‘Tiannu’.

When they entered the shop, a young worker walked out to welcome them. “Greetings, Princess Chuxue!”

This man, who was a powerful Level Five Deity, was very young. Therefore, he was a rare genius!

Yongye Chuxue sent him to this place to take charge of the shop, which meant she thought very highly of him.

“Please rise. Prepare some food and these items for me,” Yongye Chuxue gave the man a jade pendant, which recorded the items she needed.

The young man received the jade pendant. After checking the list, he said with a confident smile, “Princess, you can put your heart at rest. All these items are specialties of the Xue Nation of the North Territory. They have been ready for a long time. Now, I’ll just pick them up for you.”

Then he asked hesitantly when he saw Su Yu, who was standing beside Yongye Chuxue at a certain distance, “Princess, I only need to prepare food for you, right?”

Yongye Chuxue murmured secretly as she looked at Su Yu, ‘My elder brother thinks highly of this man. I should show my due respect to him as well!’

“No, for both of us!”

What? Hearing this, the young man raised his eyebrows. Then, he looked at Su Yu again, with visible suspicion in his eyes.

Yongye Chuxue was seldom seen in the company of men. Even important members of the other three Imperial Families did not approach Yongye Chuxue that often.

It seemed Yongye Chuxue thought highly of the mysterious young man who accompanied her. Therefore, the shop attendant regarded Su Yu curiously.

Su Yu ignored him with a smile. Then, he walked into the private box together with Yongye Chuxue.

“Is this man reliable?” Su Yu asked when they walked into the box.

Yongye Chuxue replied as she looked at Su Yu with puzzlement, “You mean Hua Chen? Is something wrong with him?”

“No, but I sensed hostile vibes from him,” Su Yu said.

Yongye Chuxue said casually, “It is quite normal for him to be hostile to you! Your current position would elicit envy in any place of this Empire!”

She was one of the most powerful young experts in the Empire of Darkness. At the same time, she was also the most beautiful Princess of this country.

Therefore, many young men tried to pursue her. When Su Yu was seen in her company, it was quite natural that his position would evoke hostility and envy in others.

Su Yu said seriously, touching his nose, “What I mean is another kind of hostility, one that includes murderous intent!”

He didn’t mean it in a humorous sense at all. When the young man looked at Su Yu suspiciously, Su Yu sensed a strand of hostile killing intent which was promptly concealed. When Su Yu tried to find it, it didn’t show up again.

However, Su Yu still got a feeling that someone was staring at him at this moment.

Yongye Chuxue blushed as she gave Su Yu a stern look. Then, she started to scan the place carefully. After a while, she said as she shook her head earnestly, “If that kind of hostility had really been here, I should have felt it as well! I guess you are oversensitive!”

Su Yu smiled but said nothing. He decided to keep his suspicion to himself for the time being.

Su Yu only had this weird feeling of being watched secretly once before.

When he was in the capital of the Empire of Darkness, a black shadow followed him. However, Su Yu failed to find that black shadow, no matter how hard he tried.

Shortly after that, the Yaksha King ambushed Su Yu.

Now this feeling of being watched appeared again, which totally surprised Su Yu.

“Who is Tai Shang?” Su Yu murmured. The Yaksha King mentioned these two characters haltingly before his death.

Then Su Yu asked tentatively, in a louder voice, “Princess Chuxue, have you heard of a man by the name of Tai Shang in the Empire of Darkness? I believe this man should have quite an elevated position.”

Yongye Chuxue thought it over carefully. Then she said, shaking her head, “No! I have never heard of this name. It would have sounded familiar if it belonged to someone of importance.”

Running some quick checks, Su Yu knew Yongye Chuxue didn’t lie to him. He frowned.

Who was this so-called Tai Shang?

Knock! Knock! Knock!

At this very moment, Su Yu and Yongye Chuxue heard loud noises from outside. Then, several powerful auras rushed towards the box.

Vaguely, they could hear the angry roar of Hua Chen.

However, the intruders were quite rude and hostile.

Yongye Chuxue remained calm. She only said, shaking her head slightly, “Here comes a troublemaker!”

Crash!

Suddenly, the door of their box was flung open by someone's foot. Then, a strongly built rude man, wearing a robe with dragon patterns, walked into the box in a threatening manner. He was accompanied by four Deity-level underlings.

This man was not only physically strong but also quite powerful. He had reached the peak of Level Five Deity and was about to become a Level Four Deity soon.

When he walked through the door, he laughed wildly. "Princess Chuxue, why didn't you inform me of your arrival at the Xue Nation? I dropped everything to come here when I heard you were here!"

Then he sat down beside Yongye Chuxue, looking at her in an impudent way.

Yongye Chuxue frowned. "Xue Zhongbao, please behave yourself! I didn't invite you to come to this place!"

Xue Zhongbao laughed as he said, "I agree with you! Those who were not invited shall get lost!"

Then he unexpectedly punched Su Yu with his fist, which was full of pure divine strength.

Actually, Xue Zhongbao used half of his divine strength in this attack, which looked quite casual.

He didn't know Su Yu's actual strength. Apparently, he had made up his mind to kill this Stage Four Mortal Fairy!

"Princess Chuxue asked you to leave! What are you waiting for?" Xue Zhongbao shouted at Su Yu with an insolent look. His voice was laced with derision.

Chapter 1360: The Feast in the Woods of Drunken Immortals

Su Yu was not surprised by this sudden attack. He was still sipping wine, holding the cup in his hand casually.

He did not move a bit even as Xue Zhongbao's fist moved towards his body.

Chi!

A dreamy ice blue halo appeared all around Su Yu, absorbing all the energy of the punch like a sponge.

"The Ice Blue Divine Armor? Do you work for Shangguan Feiyu?" Although Xue Zhongbao was quite rude, he had sharp eyes. After figuring out the origin of Su Yu's armor, he said, "Fine! If you can survive my next attack, I'll allow you to stay here!"

Apparently, the Xue Nation did not take Shangguan Feiyu seriously.

After saying that, Xue Zhongbao took out a Morning Star that was full of chilly energy.

"This weapon was forged from the ancient black ice found in the Ice Sealed River Bottom. It can wound even a Level Six Deity! If you can withstand its attack, you can stay here. Otherwise, just get lost!" Xue Zhongbao said as he stared at Su Yu overbearingly.

Finally, Yongye Chuxue was annoyed. She shouted, hitting the table in front of her with a fist, "Behave yourself, I told you!"

The four deity-level underlings of Xue Zhongbao were terrified by her angry outburst.

With fury flashing in her eyes, Yongye Chuxue said as she stared at Xue Zhongbao, “Are you really going to treat me in such an insolent way?”

Xue Zhongbao had come uninvited. Then, he smashed the door of the private box and even tried to attack her bodyguard!

It seemed like he had no respect for her.

Xue Zhongbao replied with a fake smile, “Princess, please calm down! I have a feeling that he might be a bad guy who is harboring an evil plan. I’m only trying to keep you safe!”

After that, Xue Zhongbao went on arrogantly, “Princess, have no fear! I will get rid of this overconfident womanizer for you!”

Then he said, waving the Morning Star in his hand with a cold smile, “Are you ready? I hope you are powerful enough to withstand my attack!”

Su Yu said, staring at Xue Zhongbao in puzzlement as if the latter were an idiot, “What a strange idea! Why should I withstand your attack? I think it will be much better if I knock you out directly!”

“Hah! Hah! Hah!” Xue Zhongbao laughed wildly, “I will actually show you a little respect by attacking you so that you can prove your strength in front of us all! Are you ready?”

He waved his hand to send the Morning Star at Su Yu like a strand of chilly light.

The distance between Su Yu and Xue Zhongbao was very short. In addition, Su Yu’s training level was far lower than Xue Zhongbao’s. Therefore, it was impossible for Su Yu to resist this attack.

However, Su Yu didn’t move to dodge the attack. His right hand covertly created a seal under the table.

Then, a mysterious wave swept over the room.

Everyone in the room was stunned by what happened next. The Morning Star in Xue Zhongbao’s hand suddenly swerved and flew back at him.

It was fast, powerful, and precise.

Xue Zhongbao was caught off guard because he did not expect his own weapon could attack him.

The Morning Star slashed through his skull and he fell down to the ground, bleeding profusely.

“Prince!” The four underlings were shocked by this scene. They rushed to support Xue Zhongbao, who was seriously wounded.

Even though Xue Zhongbao’s wound was severe, his physical body withstood the attack. Chilly energy gushed out from his pores to heal his wounds. After a short while, his crushed head was almost restored.

However, the wound in the head seriously affected Xue Zhongbao. Although his wound had been healed, his aura was much weaker than before.

“You... did that, right?” Xue Zhongbao asked uncertainly when he fixed his blurry eyes on Su Yu.

Su Yu said, shrugging his shoulders, “Prince Xue, you managed to wound yourself seriously while leaving your enemy without a single scratch! How powerful you are! I guess that if you actually meant to attack your enemies with this ruthless skill, they would be killed instantly!”

Hearing this, Yongye Chuxue, who was quite serious until now, couldn’t help but snigger.

However, she was puzzled by the weird scene as well.

The Morning Star was Xue Zhongbao’s famous weapon. It was impossible for him to make a mistake in using it.

It must have been controlled by someone here!

She fixed her beautiful eyes on Su Yu. Her intuition told her that Su Yu was the one who seized the control of that Morning Star.

“You!” What happened just now blew up in Xue Zhongbao’s face. He was extremely angry at this moment, but he didn’t dare to use his Morning Star again.

After staring at Su Yu for a while, he memorized the latter’s face. Then, Xue Zhongbao pushed away the underlings who were still trying to support him and uttered in a low voice, “Let’s go!”

When he walked out of the box, his head hanging low, ruthless expression was flashing in his eyes.

They heard the sound of footsteps.

Hua Chen rushed up hurriedly, crying out as he dropped on his knees outside the box, “Princess, I failed to provide you with efficient protection! Please forgive me!”

Yongye Chuxue said, “Never mind! Xue Zhongbao is always so arrogant. He even looks down upon my elder brother! It was natural that you could not stop him.”

Hearing this, Hua Chen let out a sigh of relief. However, he felt extremely puzzled.

It seemed the arrogant Xue Zhongbao left because of a great setback.

Who could be powerful enough to rival him?

He looked up at Su Yu, dismissing him at once. At last, he concluded Xue Zhongbao was driven away by Yongye Chuxue.

As a princess of the Yongye Family, she was quite powerful in her own right.

“Have you prepared everything I need?”

Hua Chen took out a Cosmos Bag and passed it to Yongye Chuxue reverently.

After checking the bag, Yongye Chuxue said with an expression of pleasant surprise, “Oh? You even found some 80-year-old Soul-stabilizing Wood! Thank you for your diligence!”

The Soul-stabilizing Wood? Su Yu looked at Yongye Chuxue in surprise.

Yongye Chuxue waved her hand. Then, Hua Chen walked out of the room, bowing low. Before leaving the room, he glanced at Su Yu enviously.

This man appeared so mediocre! Why did the Princess think so highly of him?

After setting up an isolation seal, Yongye Chuxue said, “The Soul-stabilizing Wood is a kind of divine wood we use to counter the witchcraft of the Moonwatch Sect. This wood could protect us from the influence of the wizard strength.”

Su Yu had witnessed the effect of the Wizard Strength with his own eyes.

Both Xue Xiaoman and the Grand Wizard were Level Five Deities. However, Xue Xiaoman could not rival the Grand Wizard at all.

The Moonwatch Sect would have captured her if she didn’t use her Peacock’s Plume at last.

Most skills and techniques in the Ancient God Realm were useless in the face of the Wizard Strength. Without effective measures to resist it, people of the Ancient God Realm would suffer great loss in their fight against the wizards.

“Only a few kinds of divine wood could resist the Wizard Strength. Soul-stabilizing Wood is one of them. It can only be found in the Lost Nation. This divine wood was cultivated in order to resist the wizards. The older the Soul-stabilizing Wood is, the more effective it is in resisting Wizard Strength,” Yongye Chuxue said. “This particular Soul-stabilizing Wood has a history of 80 years! It will be very helpful for us in the Lost Nation.”

Su Yu said in surprise, “This wood is only 80 years old. As the princess of this Empire, I guess you could find divine woods with a history of 800 or even 8,000 years, right?”

Yongye Chuxue rolled her beautiful eyes. “Do you think the Soul-stabilizing Wood could be planted everywhere? It can only live in the Lost Nation, and it can only live for 90 years. After 90 years, it will wither immediately!”

“The Lost Nation is an extremely dangerous place, full of dangerous beasts. Most of these beasts feed on the Soul-stabilizing Wood. Normally, a Soul-stabilizing Wood over 50 years old will be guarded by a powerful beast. Don’t forget we can also encounter the Moonwatch Sect there! The death rate of the herbalists who harvest the Soul-stabilizing Wood is very high, and they take great risks whenever they venture out to look for it. Soul-stabilizing Wood as old as this is extremely rare!”

Hearing this, Su Yu had a thought.

“Do you have the seeds of the Soul-stabilizing Wood?”

Yongye Chuxue was surprised by his question. Then she realized Su Yu had the idea of planting some Soul-stabilizing Wood. She said as she shook her head with a smile, “No, I don’t have seeds of this divine wood. However, I have two roots. You can have them!”

She took two khaki-colored, sickly-looking roots out of the Cosmos Bag.

Su Yu, who was shocked by these extraordinary plants, said in surprise, “What? It seems they can devour souls!”

Yongye Chuxue was also surprised. Then she looked at Su Yu curiously.

Only Soul-stabilizing Wood 80 years and older could absorb souls. Only an expert with a deity-level perception, however, could figure out this fact.

How could Su Yu know it? Until a moment ago, he didn't even know what Soul-stabilizing Wood was!

Now I know why my elder brother thinks so highly of this man, Yongye Chuxue murmured to herself secretly.

After putting the roots away, Su Yu said thoughtfully, "Since you have got everything you need, I think we should set off as soon as possible!"

Yongye Chuxue said with a frown, "Do you still have a sense of being followed?"

Su Yu said, "Yes, I still do. However, the reason why I propose leaving as quickly as possible is that we should take precautions against the Xue Nation of the North Territory. This is definitely not a good place for us to stay too long!"

Although Yongye Chuxue didn't like this proposal, she didn't want to meet Xue Zhongbao again either. So she said, nodding, "Alright!"

After making some preparations, Su Yu and Yongye Chuxue walked out of the shop.

However, as they walked out of the door, they were stopped by many young men with powerful chilly auras and pure bloodlines.

Su Yu even knew one of them.

Yongye Chuxue was surprised. Then she said, looking at these people, "It's a great honor to have all the Princes and Princesses of the Xue Nation here!"

Apparently, those were the Princes and Princesses of the Xue Nation who stopped them.

Among them, Su Yu saw Xue Zhongbao, who had left earlier, and a beautiful woman with chilly light in her eyes.

It was Xue Xiaoman!

However, Xue Xiaoman was not the leader of these people.

The one who looked like the leader, standing at the forefront, was a Prince who was a Level Four Deity.

He seemed to be in his early 30s.

Even though he was still a young man, his natural gifts were obvious and very extraordinary. He could even rival Yongye Wuheng, it appeared.

This graceful man, who was wearing a robe adorned with feathers, said with a smile, "After hearing of your arrival, Princess Chuxue, we all decided to come here to greet you!"

Yongye Chuxue sneered secretly. The Xue Nation of the North Territory was no longer loyal as it was before. The Empire of Darkness knew clearly that it was colluding with the Heaven-defying Empire.

Before this, the Princes and Princesses of the Xue Nation had never gathered like this to greet her.

Therefore, Yongye Chuxue believed they were harboring an evil plan.

“Thank you, but you really shouldn’t have. I’m tired and want to go back to the Empire of Darkness. I’m sorry, but I have to leave now. And you can get a discount for anything you like in this shop,” Yongye Chuxue said calmly. “Hua Chen, make sure all these distinguished guests are satisfied!”

After saying that, she made a step to walk out of the shop.

“Heh! Heh!” The graceful young man reached out his arm to stop Yongye Chuxue, and said with a faint smile, “If you leave in this way, we will be accused of treating a Princess of the Yongye family rudely!”

Yongye Chuxue said coldly, “Make way!”

It seemed the graceful young man could not be annoyed easily. He continued very calmly, “Princess, please show us a little respect. We hoped we could invite you to enjoy the feast in the Woods of Drunken Immortals!”

“I’m not interested, thank you.” Yongye Chuxue clearly did not intend to show him any respect.

The graceful young man continued placidly, although the smile disappeared from his face, “Princess, I’m afraid my younger brothers and younger sisters won’t agree to your absence!”

When Yongye Chuxue heard those threatening words, she felt a stab of anger.

However, she was not stupid enough to resist openly.

She knew clearly that she would be defeated if she tried to fight against so many opponents in a hostile country.

“Since Prince Yun insists on inviting me, I can’t refuse his kindness! I will enjoy having a good time together with you!”

Prince Yun said with a smile, “Thank you so much, Your Royal Highness! The feast will be held tomorrow evening in the Woods of Drunken Immortals. We are looking forward to your arrival!”

Then Prince Yun left with his younger brothers and sisters.

“Elder brother, I was quite impressed when you forced that woman to give in!” Xue Zhongbao flattered Prince Yun.

Prince Yun said sternly, no longer smiling, “Humph! How dare she come to the Xue Nation after killing Xue Qingchen? Does she really think the Empire of Darkness still intimidates us as it had done before?”

Hearing this, his siblings murmured and nodded.

“Make the appropriate preparations for tomorrow’s feast. We should let this Princess know that her Empire won’t do anything to punish us if she dies here,” Prince Yun said sinisterly.

Xue Zhongbao said greedily, “Elder brother, I hope I can fulfill my goal before her death! Because of her lofty position, this woman has always ignored me. Now I will win her virginity before her death!”
