

Nine-Dragon 1461

Chapter 1461 Cultivating The Dragon Technique

‘Eh?’ Su Yu was baffled. ‘where did all this trouble come from?’

“Su Yu, where have you been for the past half a year? Why are you with the shamans?” Eternal Night’s first Snow’s eyes sparkled with joy as she walked over and asked with concern.

Su Yu smiled and briefly narrated the matter.

When he found out that Su Yu had actually taken so many risks in order to obtain his ‘innate yin-yang style’, he could not help but feel touched and ashamed.

She took out the furnace and said, “As long as you ask, I can give you the furnace, but I let you take so many risks for nothing.”

“I promise that in one day, I will not take the furnace for nothing,” Su Yu said.

Looking at Su Yu, she was moved.

A promise must be kept. It probably meant a man like Su Yu.

With their friendship, she would give the furnace to him without having to fulfill her promise.

Their conversation was usually easy.

However, in the eyes of a woman with sharp instincts, she could catch something that others could not easily notice.

“Su Yu, is this your friend?” A figure dressed in white floated over.

She had a pure and beautiful face and an elegant and holy aura. She was the Saintess Luo xueyi.

Su Yu was stunned. “You two should have met before, right?”

In the ruins of the ice and fire emperor, the two of them had met before.

“We haven’t met before!” Unexpectedly, the two women spoke in unison and stared at each other.

UH --

Su Yu noticed that the atmosphere wasn’t right. He looked at Bi Wanqing, who was secretly covering her mouth and laughing in the distance. He couldn’t help but come to a realization.

So, this was the trouble she was talking about.

Two women were enough for a Show!

“Cough cough... then let me introduce you.” Su Yu said, “This is the princess of the Eternal Night Dynasty, and she’s also my friend, the first snow of the Eternal Night.”

“This is the Holy Maiden of the witch clan, Luo Xueyi. mm, she’s also my friend.”

After introducing the two of them, Su Yu said, "If you have something to do, go do it..."

These two women seemed to be unable to be together.

"We're Fine!" The two women said in unison again, still staring at each other.

The two pairs of eyes met in the air, causing obscure sparks to clash.

Su Yu was embarrassed. He looked at eternal night first snow, then at Luo Xueyi.

Both of them were women with excellent temperaments, but when they met, they were at daggers drawn.

Just as he was about to say something, eternal night first snow turned her head and looked at him with a gentle and lovely gaze. She said softly, "Big Brother Su, if you have something to do, you can get busy first. Sister Luo Xueyi and I have some private things to talk about."

Luo xueyi smiled sweetly as well. She looked innocent and cute as she said, "That's right. Sister Princess and I are like old friends at first sight. Can you give us some time alone?"

Su Yu was speechless and backed away awkwardly.

Just as he turned around, he suddenly felt a chilly aura behind him, as if it was a world of ice and snow.

With a bitter smile, Su Yu walked over to Bi Wanqing and discussed it with her alone.

When they came to a corner, Bi Wanqing smiled sweetly. "Oh? Two women who are like immortals fighting for the love of their lord, and in the end, it ended up benefiting me?"

Eh? Su Yu looked at her strangely.

Bi Wanqing's heart skipped a beat just now. These words seemed to be somewhat ambiguous, with a hint of another meaning.

Blushing, bi wanqing said seriously, "Your lordship wants to ask me something?"

"Yes," Su Yu said. "I'm looking for someone. Currently, I only know that she's in the galaxy, but I don't know her exact location. I hope that your Supreme Dao can help me."

Bi wanqing pondered, "Looking for someone?" My Supreme Dao has been tempered by the law fragments, and I can see through part of the path of fate. I can follow the path of fate and help you find the possible location of the other party. However, you need the other party's item."

Item? Su Yu thought about it carefully. He and Xia Jingyu had a heart-to-heart from the beginning, and after they fell in love, they did not have any love tokens between them.

The only gift..

Su Yu carefully took out a book covered in Starlight from the nine Jade Spirit Pearl.

"A divine weapon?" Bi Wanqing was surprised. With Su Yu's current status and strength, he actually carried such a mediocre divine weapon.

Moreover, his expression was gentler than she had ever seen.

“This is the only thing she left for me.” Su Yu smiled lightly, his smile desolate and emotional.

After they parted on the Divine Moon Island, the two made an agreement.

Xia Jingyu replaced Su Yu’s eyes and saw the true dragon continent’s prosperity. Everything she saw and thought was in this ‘Heavenly Book of the Starry Sky’.

The only gift between them was this book.

Bi Wanqing felt uncomfortable. Her intuition told her that this was something that belonged to a woman.

An important woman’s item!

Sighing in her heart, Bi Wanqing said, “Sure, as long as there’s an item. I can use this item to find the other party’s location.”

“Thank you!” Su Yu put away the Heavenly Book of Stars again. He was still very careful, as if he was afraid that he might accidentally destroy it.

Elsewhere.

The two fairy maidens stared at each other for a long time. Eternal Night First Snow opened her mouth and said with a faint smile, “It’s been a long time since I’ve heard of the Saintess’s name. As a member of the Witch tribe, you’re actually with Big Brother Su. This isn’t like you.”

Luo Xueyi chuckled. “I’m her fiancée. It’s normal for me to be with Big Brother Su. On the contrary, you are nameless. Don’t you think you should avoid suspicion when you are alone with Big Brother Su?”

“Fiancée?” Eternal Night First Snow was shocked, but she didn’t want to be outdone. “So what if I’m her fiancée? Big Brother Su even took a look at my naked body and had a skin-to-skin contact with me!”

Her naked body was the seven-colored poison pool in the ruins, and the skin-to-skin contact should have been accidentally touched when the northern snow country saved her.

But when the two things were combined, it was enough to create a scene that made people blush.

Hearing this, Luo Xueyi was shocked. She thought that the two of them had sex and said angrily, “That’s nothing, I . . . I even gave birth to a child for Big Brother Su!”

Once these words were said, Eternal Night First Snow stared straight at her stomach without blinking.

Luo Xueyi blushed and whispered, “Although it was in a dream...”

After a great disaster, the Shaman Tribe temporarily settled down.

Fan Jing and Shengjing were destroyed, and ninety percent of the tribes were massacred. It could be said that this was an unprecedented disaster for the shaman tribe.

Fortunately, Shengjing was preserved. Before Su Yu and the others left, most of the creatures were sent into the black wood forest to hide.

The remaining experts were brought here.

Although there were heavy casualties, as long as they were still alive, it was only a matter of time before they recovered.

After settling them down, Su Yu, eternal night, and first snow returned to the giant hole space of the Creation Dragon.

“The divine ability of the dragon race has its own system, which is different from the divine path and witchcraft. It is exceptionally difficult to practice. However, you have obtained the Dragon Blood of your original body, so you can practice the divine ability of the dragon race faster than ordinary divine dragons. Therefore, within five years, unless you slack off, your achievements will not be too low.”

The five of them nodded. The four of them had the restriction set by the creator Dragon, and Su Yu also had a formidable enemy. Naturally, he was wholeheartedly studying them.

The creator Dragon nodded. His pair of blood-red eyes burst out with a bright light, enveloping the five of them.

In the next moment, the five of them entered a dream world that was constructed.

There, huge dragons ran amuck. Flying Dragons that were riding on clouds roamed the nine heavens. They controlled wind, rain, thunder, lightning, Frost, snow, and sand. They were omnipotent.

“This is my hometown, the Dragon World. It’s my imaginary world, but none of the divine abilities of the dragon race are fake. I will lead you to learn these divine abilities one by one.”

Nameless eternal night said, “These should be the most basic divine abilities of the Dragon Race, right? Senior needs us to resist Eternal Night’s pursuit of the Devil. Why Don’t you directly teach US Senior’s great divine abilities?”

The creator dragon sneered, “Before you can run, you have to learn how to walk, right? If you don’t have a solid foundation, even if I teach you my great divine abilities, you won’t be able to learn them!”

Su Yu took a deep breath and cleared his mind.

“Jing Yu, wait for me for another five years. In five years, I’ll definitely come back to save you!”

The five of them began their long and arduous journey to cultivate the divine abilities of the Dragon Clan. The situation in the outside world also had a subtle change.

The southern region of the Eternal Night Dynasty had completely fallen into the hands of the enemy and was ruled by the Fish Emperor tribe. They called themselves the absolute beginning heavenly kingdom.

The Fish Emperor couldn't help but be majestic and strategic. He was proficient in military tactics and his strength was extremely terrifying as well. His strength soared all the way.

From the beginning, he was an expert from the fifth sky tribe. He advanced all the way and miraculously reached the second sky in a year!

Under his leadership, the troops arrived at the Eternal Night Imperial City.

In the west and east of the dynasty, the army was dispatched to the duty king.

The Ximen family and the Donghuang family sent out their experts and fought together with the imperial city. They surrounded the fish emperor and the absolute beginning kingdom on three sides.

In the end, what was unexpected was that the Taiqing dynasty and the icefire dynasty attacked the Eternal Night Dynasty from both east and west without any warning.

The Taiqing Cloud Luan and the icefire Cang Planet personally led their army to attack the Empire's territory.

Instantly, the empire was attacked from three sides and was on the brink of destruction.

If it wasn't for the fact that the heaven-defying empire was stuck in the quagmire of the lost country, it would have been destroyed long ago.

Even now, the Eternal Night Empire was on the brink of destruction. It was like they were about to collapse, relying on the Eternal Night Empire's many years of foundation to support them.

However, destruction was only a matter of time.

At the same time, within the Fish Emperor Tribe's territory, within the Mystic Crystal Mountain Range.

A pitch-black demonic dragon sat cross-legged on a huge door. The blood symbols on the door gradually dimmed.

The stone tablet that was filled with heavenly script characters also started to float.

Waves of strange auras continuously seeped out from the stone tablet.

"Ten years is long and short. It's been a long, long time since I last saw the outside world..." a beautiful female voice sounded from within the stone door.

Time flashed by.

Three years later.

Beside the forbidden ground, the huge sky sacred ship was still lurking nearby.

The law cannon that had been used up was filled up once again, ready to be fired.

Inside the forbidden ground.

On this day, a spatial fluctuation came from the creator Dragon's large hole.

Two figures stepped out. One of them sat with his eyes closed, as if he had entered a deep state of meditation.

He had a graceful figure and a gentle temperament. He was none other than eternal night's first snow.

The other figure was Su Yu himself.

He was also sitting cross-legged and appeared to be in a clear state of mind. Both of his hands were placed on eternal night's first Snow's back.

A black and white Taiji diagram revolved beneath their bodies, emitting an endless amount of yin and yang energy.

The Yin and Yang Energy entered eternal night's first Snow's body in turns. Each time it entered and exited, it would carry a trace of obscure and pure shaman power.

The boundless wizard power made one's heart palpitate.

The shamans who were cultivating in the forbidden land all sensed the appearance of this wizard power. Even the full moon cult master was moved. "Ancestral wizard power!"

Swoosh --

The experts from all directions quickly rushed over. When they saw the scene in front of them, their pupils constricted.

"Innate yin-yang style!" The full moon cult master stared at the Taiji diagram and took a light breath. "How is this possible? According to the ancestral wizard, even a genius needs a thousand years to cultivate. How long has Su Yu only cultivated for?"

Luo xueyi also flew over and stared at the ancestral witch's power that was constantly being emitted from eternal night first Snow's body. She frowned deeply. "Sect master, why would a citizen of the Divine Realm be born with the power of the ancestral witch?"

The full moon sect master said with a deeper meaning, "Other than the ancestral witch's personal actions, is there any other reason?"

"What? Ancestral Witch? He's still alive?" Luo xueyi was greatly shocked.

Chapter 1462 Return To The Nine Regions (First Watch)

The full moon sect master asked, "Who said that he died?"

In any history book, the records of the ancestor wizard were that he disappeared from the human world.

Therefore, the only thing that was erected in the sacred land was his burial mound.

Luo Xue's beautiful eyes were filled with shock. "Then where is the ancestor Wizard's body?"

"I don't know." The full moon sect master shook his head. "Perhaps it's far away in the horizon, or perhaps it's right in front of us."

He looked at Eternal Night's first snow with a profound gaze.

The ancestor Magus had left behind his purest shaman power in the body of a citizen of the divine realm. It was definitely not a random act.

At this moment, under the innate yin-yang stance, the ancestor Magus power in Eternal Night's first Snow's body was continuously being stripped off as yin and Yang alternated.

At the center of the Taiji diagram, it gathered into a ball.

Time passed bit by bit. This process lasted for half a year.

When the ancestral shaman's power in Eternal Night First Snow's body was completely stripped off, her cultivation base, which had been sealed for a long time, was completely restored.

The powerful divine power in the third layer of heaven surged out from her body like a volcano erupting, giving the shamans in all directions a great pressure.

Even Su Yu felt a chill run down his spine.

Such divine power was not inferior to that of freezing star that defied the heavens!

What was even more valuable was that there was a hint of dragon's might contained within her divine might, making it even more powerful.

Behind her, a blurry snow-white dragon could be vaguely seen circling her, making her appear even more noble.

Her eyelashes fluttered. Eternal Night's first snow opened her beautiful eyes. Her burning gaze was almost corporeal, causing even space to tremble.

"A feeling I haven't felt in a long time," eternal night's first snow muttered. Once the seal was lifted, she obtained the complete combat power that should have belonged to her.

In addition to the basic divine ability of the dragon race that she had learned in the past three years, there were very few people who could match up to her in the entire lost kingdom and the ancient divine realm.

As if she had been provoked, Luo xueyi, who was watching from the side, could not help but release an even denser amount of ancestral wizard power.

In the past three years, she had not rested at all.

Now that the holy son had been captured and the Temple Master of the Holy Son had betrayed and been destroyed, she was the only candidate for the position of the sect master.

Considering the current situation of the shaman clan, if the full moon sect master were to fall unexpectedly, a qualified commander would be needed to take over the position immediately. Within three years, the full moon sect master began to teach the holy maiden strictly.

She passed down the supreme witchcraft that only the past sect masters could master.

Her current combat strength was no longer the same as before. At least within the shaman clan, other than the full moon sect master, there was no one else who was a match for her.

The two women's gazes clashed once again, sparking sparks.

“Hehe, Congratulations, you’ve successfully mastered your divine technique.” Luo Xue Yi put on a fake smile.

Eternal Night First Snow wasn’t willing to be outdone: “You’re not bad either!”

The two of them looked at each other once again. With their improved strength, they both had the intention of completely suppressing each other. Eternal night first snow said: “You seem to be very confident in yourself!”

“You Too!” Luo Xueyi’s eyes flickered. “How about we spar?”

Eternal night first snow smiled. “Sure, I’ve wanted to spar with sister Saintess for a long time.”

Luo xueyi smiled sweetly. “What a coincidence, me too!”

Those who didn’t know, hearing the two of them call each other elder sister and younger sister, thought that the two of them were close.

In fact..

“Alright! Let’s give it a try!” The two women’s expressions changed as soon as they spoke. They immediately made their moves and started fighting.

The full moon cult master glared at Su Yu, implying that he was the one who caused the trouble. Why didn’t he stop them.

Su Yu felt that it was an extraordinary wish. However, he had no intention of stopping them. He transmitted his voice, “Let them fight. The two of them have made great progress in their cultivation, but it is only limited to cultivation. It is very beneficial for them to discover that they are not good enough in actual combat.”

The full moon sect master rolled his eyes. “You are quite willing. If the fight turns out to be good or bad, you will be the one who will feel the heartache.”

Su Yu was embarrassed. He shifted his gaze to the tai chi pattern under his feet.

During the three years of dragon clan’s divine ability cultivation, Su Yu had seized his free time to comprehend the natural yin-yang style.

It was unknown whether it was because Su Yu was proficient in the heavenly book characters or because he was recognized by the natural yin-yang style, but his cultivation was like a fish in water.

Coupled with the acceleration of time by a thousand times, his comprehension progressed by leaps and bounds.

According to his normal speed, Su Yu might need three thousand years.

But in just three short years, he had already comprehended the elementary level.

Putting aside its power for the time being, it had already reached the level of stripping off the ancestral witch’s power.

Su Yu immediately took action and left the dimension of the world creation dragon’s Hole, so as not to disturb BI Wanqing and the others’ cultivation.

Su Yu was curious as he stared at the ancestral wizard power that had been stripped away.

It was not surprising for the ancestral wizard power to appear in any shaman's body. It could be said that it was a bloodline inheritance or something similar.

However, it was too strange for it to appear in the body of a citizen of the divine realm.

Only after the ancestral wizard had left this world for a long time did the citizens of the divine realm arrive.

Just as Su Yu was deep in thought, the fist-sized ancestral wizard power suddenly flew into the sky by itself.

The scale barrier of the creator Dragon couldn't block this ball of ancestral wizard power at all.

Su Yu wanted to grab it, but the voice of the creator Dragon came from the space behind him, "Don't move, that's the key left by the ancestral wizard."

Key? Everyone present, including the full moon sect master, were surprised.

The key to where?

After a long time, the creator dragon sighed dejectedly, "When Will I be able to escape?"

Then, he was completely silent.

Everyone was more and more curious. What was the key for?

Among the people present, a strange light flashed in the depths of one of their eyes. Within the strange light, there was a pleasant surprise.

In the sky holy ship in the outside world, the heaven-defying Gu Yun was resting in a liquid container.

On his chest, there were five bloody scars. At first glance, it looked like a dragon claw.

This was the wound left by the creator Dragon three years ago. It still had the power of creation and could not be healed.

At this moment, the ball formed by the ancestral wizard's power rose from the dragon scale barrier. It made Gu Yun's expression change slightly. "What is that?"

Just as he was wondering if he could stop it, a voice that did not differentiate between a man and a woman suddenly appeared in his mind. "Do not stop this thing!"

"Master, what is this?"

A hint of excitement came from his mind, "My hope to escape!"

..

The battle between eternal night first snow and Luo xueyi ended. The two of them were sweating profusely, and they fought to their heart's content.

Although Eternal Night First Snow had amazing divine power and was proficient in the divine abilities of the dragon race, Luo Xueyi's improvement over the past three years was impressive.

The two of them fought for 300 rounds, and even when they were exhausted, there was still no winner.

However, just as Su Yu said, the two of them had gained some insights from the battle.

After the battle, they glared at each other and returned to the secret chamber. They were focused on digesting their insights from the battle. Even Su Yu was ignored by them.

Seeing that, Su Yu was completely relieved. He took out an ancient scroll of oath.

After Su Yu completed his oath, the ancient scroll burned up. His heart was calm again.

Looking at the nine Jade Spirit Pearl, Su Yu muttered, "It's time to prepare to create a replica of the World Annihilation Disk!"

Such a huge project could not be completed by Su Yu alone.

The only people he could trust were the people of the nine regions.

With a thought, Su Yu entered the nine regions world.

The nine regions, which he had not visited for a long time, had undergone an earth-shaking change compared to the past.

Spiritual veins appeared everywhere, and heavenly materials and earthly treasures appeared everywhere.

On the continent, various sects and powers rose together to contend against each other.

The nine prefectures of the past had now become empires, each in charge of a piece of land.

And each empire had a god-level expert overseeing it.

With a thought, Su Yu teleported to the Cang Mountains.

Back then, when he came to the nine prefectures and encountered the king of the Central Plains, he had no choice but to use time reversal. As a result, Su Yu paid the price of his life force and became an old man.

Only after being taken in by Yuan Yingying did he gradually recover.

How could Su Yu forget this kindness?

He appeared in a large hall in the Yuan family mansion.

Compared to the past, the Yuan family at this time was not only not strong, but even more down and out.

"What's the reason?" Su Yu was slightly puzzled.

Before he left that day, the biggest competitor in Cang Mountain Ridge, the Pill Alliance, the Zhao family, had been eliminated. Theoretically speaking, it should be the Yuan family that should be the dominant one.

"Who dares to trespass into my ancestral hall?" A slightly familiar voice entered his ears.

Su Yu turned around and saw a beautiful woman with a beautiful face and a graceful figure. She was about thirty years old and had a cultivation of ninth grade flying immortal realm. She was not weak at all.

Su Yu vaguely remembered that she was Yuan Yingying's half-sister, Yuan Wanbi.

He knew Yuan Wanbi, but she did not know him. After all, Su Yu had appeared in the form of an old man back then. Of course, she did not recognize the current Su Yu.

“Who are you?” Yuan wanbi found him slightly familiar, but she could not recall where she had seen him before.

Su Yu looked around and said, “Why has the Yuan family fallen so far? It's worse than ten years ago.”

Ten years ago? Yuan wanbi looked at Su Yu in surprise. He looked like he was only twenty years old. wasn't he only ten years old ten years ago?

Looking at his cultivation, he looked ordinary, like a mortal.

Yuan wanbi said, “Although I don't know why you broke into my Yuan family's ancestral hall, this is a special time. We can't let go of anyone who is suspicious! Come with me, I have something to ask you.”

She stepped forward and grabbed Su Yu's shoulder. However, she found that the other party's body was as tough as iron, which surprised her. “A master of the physical body?”

Her face changed, and she immediately gathered spiritual energy from her palm.

In the end, when the spirit energy touched Su Yu's body, it instantly dissipated, completely ineffective against him.

“You... who exactly are you?” A ninth grade flying immortal's attack was actually directly immune!

Su Yu stood with his hands behind his back and said leisurely, “Is Yingying Alright?”

Yingying? Yuan Wanbi was once again shocked. The Man in front of her was in his early twenties, while her younger sister, Yuan Yingying, was already in her early thirties. The other party actually called her “Yingying”.

Finally, she sensed something was wrong and said, “Do you have any relationship with our Yuan Family?”

Su Yu nodded, “I guess so. We had some interactions in the past, and I also had some kindness towards you! Tell me, why did the Yuan family fall so far? It is far worse than ten years ago.”

With a doubtful attitude, yuan wan bi said, “Ten years ago, the Yuan family had a period of glory. They once ruled over the Cang Mountains, but later on, the nine prefectures changed, and many natural treasures appeared. All kinds of elixirs and ancient cultivation methods appeared, and it could be called a prosperous era.”

With a hint of bitterness, yuan wanbi said, “Unfortunately, our Yuan family lived in a corner and didn't seize the opportunity to rise up. It was surpassed by the neighboring thousand Demon Cave.

Now, the Thousand Demon Cave has developed from a local force into a large sect that rules a region. It is one of the strongest families that belongs to the Shangguan family.”

“Can you imagine what will happen to our Cang mountain range near the Thousand Demon Cave?”

Su Yu frowned slightly. “I remember that Yingying and Shangguan Yunque came from the red blood palace together. The Shangguan family doesn’t care about the monk’s face, but also the Buddha’s face. Do they tacitly agree that you are being suppressed?”

Although Shangguan Yunque didn’t know that Yuan Yingying owed Su Yu a favor, he should at least know that their relationship was good.

Why? He had left the nine prefectures for many years, and Shangguan Yunque didn’t even give him this bit of face?

Chapter 1463 Sins Of The Past (Second Watch)

“Hehe...”Yuan wanbi smiled even more bitterly. “If Yingying didn’t come from the same sect as Shangguan Yunque, with the tyranny of the Thousand Demon Cave, our Yuan family wouldn’t have simply fallen. Over the years, there have been countless local families that have been annexed by him. There are also many that are several times stronger than our Yuan family.”

“We were close to the Thousand Demon Cave, but we were able to preserve it because of Ying Ying.”

“Young Master Shangguan also told us not to disturb the Yuan family, but... the Shangguan family is now in control of a large territory, and the territory of the red blood palace has been absorbed. There are countless sects in such a vast land, how could young master Shangguan take care of it?”

“As time passed, the Thousand Demon Cave secretly suppressed the Yuan family, causing them to gradually suffer.”

Did the Shangguan family take over all the territories of the Red Blood Palace?

Thinking about it, it made sense. In the past, of the ten great territories of the red blood palace, the Shao family, who was ranked first, was destroyed because they surrendered to the ghost clan, the Ximen family, who was ranked third, was also destroyed by the ghost clan, and the Situ family, who was ranked fourth, was gradually declining.

Only the Shangguan family, who was ranked second, soared into the sky. There was also the relationship between Shangguan Yunque and Su Yu.

If the red blood palace was destroyed, who was the most qualified to control this endless territory?

“I see. However, Shangguan Yunque still underestimated the relationship between me and Yingying. I’m not very satisfied with this.”Su Yu said indifferently, “Come with me. Go to the Shangguan family and ask him to give you an explanation.”

Yuan Wanbi was stunned when she heard that. She almost thought that she had misheard.

Asking Shangguan Yunque for an explanation? That was the current leader of the Shangguan family, and he was extremely powerful.

The small Yuan family had no chance of meeting this big shot.

Although, she was once his fiancée..

“It’s useless. Young Master Shangguan has a lot of things to attend to every day. We can only see his three assistants at most, but they are all bribed by the Thousand Demon Cave. They turn a deaf ear to our complaints and even help the thousand demon cave conceal it.”

Su Yu frowned slightly. “Then it’s no use for Yingying to appear? If she wants to see Shangguan Yunque, Shangguan Yunque should at least give her face, right?”

Shaking her head, Yuan wanbi said, “It’s no use. As a Master Alchemist, Yingying was forcibly invited away by the Thousand Demon Cave to refine pills for them. She can’t leave even an inch. How can she ask Shangguan Yunque for help?”

HM? Su Yu was surprised. Where did the Thousand Demon Cave come from? How dare it?

Logically speaking, if Yuan Yingying told him about her friendship with Su Yu, who would dare to put her under house arrest?

After pondering for a moment, Su Yu said, “Then let’s go to the Thousand Demon Cave first.”

He didn’t want to show up in person, but the thousand demon cave’s audacity made Su Yu suspicious.

“AH? Just you and Me?” Yuan wanbi said in surprise, “Don’t seek your own death. The Thousand Demon Cave now is equivalent to the Shangguan family in the past. It is very powerful. Even the old local families, the Situ family, have been accommodating. They don’t dare to compete with it.”

Su Yu said, “I can do it alone. You just need to lead the way.”

Without any explanation, Su Yu put a hand on her shoulder.

Yuan wanbi felt the world spin. They teleported to a high altitude ten thousand miles away.

“Which direction and how far away is it?” Su Yu asked expressionlessly.

Yuan wanbi was shocked by this shocking move. No matter how stupid she was, she should understand that the person in front of her was definitely a super powerhouse who looked young, she said excitedly, “Senior... Senior! Please help me save my sister from the fire and Water!”

“Direction, distance,” Su Yu said again.

Yuan wanbi shivered and said hurriedly, “Their headquarters moved to the northwest. It’s 100 million miles away. My Yuan family has the polar shadow crane, but it can arrive in three months.”

Su Yu nodded. “Northwest, 100 million miles away? If I remember correctly, that should be the headquarters of the former traitor Shao family, right?”

With doubts in his heart, the yin-yang Taiji diagram appeared above Su Yu's head. In an instant, the two of them teleported hundreds of millions of miles away in the reversed Yin-yang diagram.

When they reappeared, they appeared in front of a bustling city.

“Heavenly Abyss City? This... this...” Yuan Wanbi was extremely shocked, as if she was deep in a dream.

They traveled a hundred million miles in a single breath?

How was this possible? Even the gods of the nine regions couldn't travel hundreds of millions of miles with a single thought!

Standing in the Void, Su Yu's gaze swept down and immediately discovered a large hall filled with experts.

There were over a hundred flying immortals in the hall, and three ninth-grade flying immortals.

One of them was a god Lord Expert!

Staring at the god Lord expert, the corners of Su Yu's mouth curled up into a cold smile. “I was wondering who it was. So it was a fish that slipped through the net! Shangguan Yunque was too careless. He actually allowed such a person to develop and grow under his nose!”

In the large hall, many experts gathered together. It seemed to be an important banquet.

The vast majority of the banquet was filled with experts from the thousand demon cave, but there were also three guests from other forces.

“Haha, Madam Situ is willing to come. It truly brings glory to the Thousand Demon Cave.” On the main seat was a man wearing a snake-shaped mask.

His face and age couldn't be seen clearly, but his voice sounded very young.

Madam Situ, her daughter Situ Yan, and Yuan Yingying all had ugly expressions.

The latter had long been under house arrest, while the former two had recently been invited by the Thousand Demon Cave master to discuss the demarcation of the boundary between the two forces.

With the rapid expansion of the Thousand Demon Cave's territory, it was inevitable that there would be friction with the old clan, the Situ clan.

Recently, they had clashed over a disputed spirit vein, and both sides had suffered casualties.

However, the spirit vein was ultimately occupied by the Thousand Demon Cave. Madam Situ was unwilling and prepared to ask the Shangguan clan for arbitration.

Only then did the thousand demon cave master invite them to come and discuss the outcome together.

Madam situ reasoned, “Thousand Demon Cave Master, your territory is three times as vast as my situ clan's. Why do you still covet a small spirit vein of my Situ Clan? “In terms of the number of spirit veins distributed, there are even more no man's land in extremely small areas. Why do you insist on fighting with us for it?”

This was something she did not quite understand. With the Thousand Demon Cave's power, it was far better than fighting with the Situ clan to open up the wild and far western region.

However, the thousand demon cave master seemed to have a grudge with the Situ clan. He was determined to snatch this spirit vein.

“Hehe, Madam Situ's words are wrong. Let alone a small spirit vein, it's just a piece of rock. Anything that belongs to our thousand demon cave must not be handed over to outsiders.” The Thousand Demon Cave master chuckled. “Not only that, I feel that the Situ clan's Sky City used to be an area under my control. It's just that it was snatched away by the Situ clan.”

“Since Madam Situ has come today, apart from discussing the spirit vein, we also have to discuss the ownership of Sky City.”

What? Madam Situ's expression turned cold. “Cave master thousand demon, don't go too far!”

With that being said, how could she not understand that the other party had no intention of compromising at all during today's banquet. Instead, he had intensified his plans to seize the foundation of the Situ Clan, Sky City.

Thousand demon cave master sneered, “So what if he bullies us too much? With the disparity between our powers today, it's only a matter of time before he destroys your Sky City!”

He had someone above him to cover for him, and he had to submit to the overall situation.

If he really made up his mind to destroy the Situ clan, what could the Shangguan clan do to him if they found out afterwards? Could it be that he could destroy the Thousand Demon Cave, which had already become the overall situation?

Madam Situ was, after all, a strong woman who had supported the clan for many years. She quickly calmed down, and the cold expression on her face faded. She calmly said, “Thousand Demon Cave Master, My Situ clan is very willing to live in harmony with the Thousand Demon Cave. The matter of the spirit vein can be discussed.”

However, cave master thousand demon laughed mockingly. “Madam, you can't possibly think that I, the cave master, will be able to send you off with just a mere spirit vein, right?”

Upon hearing the threat, Madam Situ endured this resentment and said, “I wonder what Cave Master Wants?”

Cave master thousand demon laughed, and his laughter was somewhat arrogant. He walked down from the main seat and came in front of Madam Situ. He stared fixedly at her alluring figure, especially her voluptuous breasts. He did not conceal his presence for a long time, he said greedily, “I think that if I were to marry Madam Situ, there would be me in You and you in me. Then we wouldn't be able to distinguish one from the other, would we?”

Madam Situ's delicate figure trembled. “Shameless!”

Cave master thousand demon laughed heartily. “I haven't finished speaking yet!”

His gaze turned to look at Situ Yan.

After not seeing her for several years, Situ Yan had lost her youthful youthfulness. She had grown tall and mature, and her charm was 80% similar to that of her mother.

When the two of them were together, they did not look like mother and daughter, but more like sisters.

“It’s not just you who wants to marry this cave master. This cave master is willing to take care of this Lady Situ Yan as well.”

The moment she opened her mouth, she actually wanted to forcefully marry this mother and daughter flower.

“Impudent!” Madam situ slammed the table and stood up. No matter how much she cared about benefits, she still had to know honor and disgrace.

If she wanted the both of them to marry at the same time, wouldn’t that be a huge joke?

“Hehe, this cave master is serious! Unless you mother and daughter serve me together, otherwise, I can send troops to destroy sky city within three days!” Thousand Demon Cave Master was extremely arrogant.

Madam situ said hatefully, “Our Situ clan has no enmity with you, why must you treat us like this!”

She was a shrewd woman. After many years of dealing with people, she had long noticed that something was wrong.

Now that she was so aggressive, it was even more certain that her guess was correct.

Cave master thousand demon had great enmity towards the Situ clan!

“HMPH HMPH!” Cave master thousand demon sneered, but did not explain.

Madam Situ pulled the similarly angry Situ Yan, she said, “Cave master thousand demon, don’t be too complacent. We, Yuan Yingying, are all people who have a past with the feather god. If he finds out that you treat us like this, I don’t believe that he will remain indifferent!”

Unexpectedly.., cave master thousand demon laughed wildly. “God Feather? HMPH HMPH, a person who has died in the outside world for who knows how long is still treated as a protective magic treasure by you? If he was still alive, he would have returned long ago. Would he have watched you guys fall to such a State?”

Madam Situ didn’t say anything. Yes, Su Yu had left for ten years and never returned.

Many people said that he had already perished in the galaxy where experts were as numerous as the clouds.

Biting her lips, Madam Situ did not say a word. She grabbed Situ Yan with one hand and grabbed Yuan Yingying with the other, turning around and leaving the great hall.

“Wait!” Cave lord thousand demons coldly said, “You and your daughter can leave, but who allowed you to take her away?”

Madam situ said, “We are under the orders of the Scarlet Blood Palace’s original alchemy master to take Yuan Yingying Away!”

“Chi! The Scarlet Blood Palace has been destroyed, who cares about that homeless stray dog?” The cave master of Thousand Demons Cave sneered. “Put her down immediately. Otherwise, I’ll take it as you making a scene in my thousand demons cave. At that time, you and your daughter won’t be able to leave even if you want to!”

His teasing tone caused many experts in the hall to burst into laughter.

Chapter 1464 Protecting And Indulging (Third Watch)

“Cave master, according to what I said, let’s take in these mother and daughter today. These tender and delicate mother and daughter can be said to be one of the best in the nine prefectures. I’m really afraid that they will benefit others on their way back.”

“That’s right. Anyway, Sky City will belong to our cave master sooner or later, and the mother and daughter will also be toys on the cave master’s bed sooner or later. What’s the difference between a little earlier and a little later?”

..

Hearing the laughter, Madam Situ’s heart tightened. Her heart was filled with fear and helplessness.

At this moment, she wished that she wasn’t the head of a family. She wished that she had a strong support and didn’t have to suffer all kinds of humiliation.

Thinking back to the past, the scene where she sacrificed herself to Su Yu but couldn’t get it, she was filled with endless regret.

If she had been a little more decisive at that time, she wouldn’t have come to this day.

As everyone laughed, the thousand demon cave master’s gaze gradually became heated, as if she was prepared to change her mind and want the mother and daughter now.

“Foul Air!”

But at this moment, a sound that didn’t sound very loud but was very clear sounded like thunder rumbling in their ears.

All the flying immortal experts present, even ninth grade flying immortals, were shaken to the point that blood flowed out of their seven orifices the moment the sound entered their ears.

The weaker ones were directly killed on the spot.

In an instant, the thousand demon cave that swept across the land was heavily injured with just a single sentence.

Even the god lord-level thousand demon cave master let out a muffled groan and spat out a mouthful of blood.

His previously arrogant face was now stiff as if something had frozen it.

The pupils of his mocking eyes contracted.

At this moment, his heart was also thumping wildly.

That voice... that voice, he would never forget it for the rest of his life!

It was him! But, how could it be him?

Creak --

The heavy cave door opened soundlessly, emitting a creaking sound.

Within the deathly silent cave, a leisurely sound reverberated.

Under the glaring sunlight of the outside world, a silver-haired youth with his hands behind his back, draped in a dazzling light, was like a sun god as he slowly stepped in.

With every step he took, the hearts of everyone present felt as though a huge mountain was pressing down on them.

When he walked closer, countless experts couldn't endure the boundless might. They couldn't help but kneel down and prostrate themselves in worship.

That was divine might, the unique might of a god.

As he walked, everyone prostrated themselves in worship.

Only the thousand demon cave master gritted his teeth and persevered. His eyes were filled with fear, as well as unwillingness.

Even an ordinary God couldn't withstand Su Yu's aura, let alone him?

Plop --

The cave master of Thousand Demon Cave bent his knees and kneeled on the ground. He couldn't help but kneel down and worship.

Even though he was extremely resistant in his heart, his body could instinctively feel the difference in rank. He couldn't help but kneel down and worship.

With a single sentence, all the powerful enemies of thousand demon cave were injured.

A figure shook their hearts and souls.

Madam Situ, Situ Yan, and Yuan Yingying couldn't help but prostrate themselves in worship.

Their Hearts were shaken, and they didn't even see who it was. They only felt an endless pressure forcing them to prostrate themselves in worship.

Yuan Wanbi was originally following behind Su Yu. The moment Su Yu entered the cave, the supreme divine might he emitted made her unable to help but prostrate on the ground.

Su Yu waved his sleeve, and the divine might from Madam Situ and the others was dispelled.

The four of them were incomparably shocked as they stared at the familiar silver-haired figure. All of them fell into a state of shock.

If one were to say that in their entire lives, there was no one else whose back view they would be most unable to forget, other than the silver-haired figure who defied the heavens and created a legend.

Su Yu didn't pay attention to them. Instead, he stared at the cave master of Thousand Demons Cave and said indifferently, "If you were to conceal your identity and never appear again, I wouldn't be bothered to find trouble with you. Unfortunately, it's true that you're concealing your identity, yet you attempt to persecute those who are related to me!"

"Shao Xiejian, young master Shao, do you have any last words?"

A glint flashed in his eyes, as if a corporeal gaze shot out and destroyed the snake-shaped mask of the cave master of Thousand Demon Cave.

That face caused madam situ to be greatly shocked. "He is... a remnant of the Shao clan, Shao Xiejian?"

That day, the Shao clan had rebelled and were collectively annihilated. The current clan head of the Shao clan, Shao Yueming, had also died without a burial ground.

Only Shao Xiejian and the members of the Shao clan seemed to have vanished from the face of the Earth.

Unexpectedly, Shao Qianjian had actually become the illustrious thousand Demon Cave Master!

After his identity was exposed, Shao Qianjian instead erupted with resentment. "Su Yu! ! I'm unwilling. I've clearly developed and grown stronger. I've clearly reached an unprecedented strength. Why did you appear again?"

Su Yu said indifferently, "Your growth is also a gift from me. It was I who brought in countless resources that allowed you to be where you are today. Now, I'm going to take it back."

With a thought, the Dantian of the Thousand Demon Cave Master, who was kneeling on the ground, shattered, and his spiritual power leaked out.

This scene once again caused Madam Situ and the other three to fall into a state of endless shock.

With a thought, he destroyed the cultivation of all the experts of the Thousand Demon Cave! !

This, was this the cultivation of a God?

Shao Qianjian laughed bitterly. After ten years of hard work, he had been completely eradicated in a single day!

"Kill me!" Shao Qianjian knew that he had no way to live anymore, so he roared angrily.

Su Yu waved his sleeves lightly, but he released his divine suppression, he said indifferently, "You don't have to say it, I will kill you too! However, before you die, I can give you a chance to struggle and survive. Go, let me see who will protect you."

Shao Jianjian's heart turned cold. He knew that Su Yu wanted to eradicate everything about him.

He did not want to do as Su Yu wanted, but he did not want to die either!

What if there was really someone who could plead for him?

Shua --

Shao Qianjian rushed out of the cave and disappeared into the horizon.

Only then did Su Yu turn around and look at Mrs. Situ and the other two.

Ten years had passed, and Mrs. Situ was still the same as before. She was thirty years old, beautiful and dignified. Her figure was voluptuous and enchanting, and her snow-white robe could not hide her mature figure.

As for Situ Yan, she was once a lively and cute young girl. She was becoming more and more beautiful, and had the 80% charm of Mrs. Situ.

At first glance, the two of them looked like sisters when they stood together.

No wonder even Shao Qianjian was moved. When the mother and daughter were together, there was indeed a great temptation that all men in the world could not resist.

As for Yuan Yingying, the once round and cute girl, she was much more mature now.

Her figure became slim, and her round face became oval. Her bright eyes and white teeth were very beautiful.

“It’s been a long time.” Su Yu smiled slightly.

The moment Su Yu turned around, Yuan Yingying’s tears had already fallen, and she threw herself into Su Yu’s arms. “Brother Su Yu, where have you been all these years? I, I thought you were dead.”

Although she looked mature, her heart was as pure as before.

For example, Situ Yan, who was also slightly familiar with her, was still nervous at this moment, and did not dare to be as Rude as Yuan Yingying.

Su Yu patted her head. “I have always been here. The changes in the spiritual energy in the nine regions, the eruption of natural treasures, the sudden birth of all kinds of cultivation techniques, the emergence of top-grade medicines, and so on, were all silently poured into me.”

Hearing this, Madam Situ couldn’t hide her surprise. “May I ask, senior su... Senior Su, are you a god now?”

A God? Su Yu thought for a moment and said, “Not yet.”

He was at most a quasi-god.

If that was the case, Madam Situ let out a sigh of relief.

“Alright, I think he has almost escaped. We can begin the reckoning,” Su Yu said. “Follow me to take a look.”

The next moment.

They appeared in a force second only to the Thousand Demon Cave. The person behind this force was actually the former Vice Hall Master of the Soul Snatching Hall.

He had luckily escaped a calamity. He had concealed his identity and used the resources of the soul snatching hall to build a force and quietly develop it.

“It’s not surprising,” Su Yu said indifferently. He swept his gaze across the area and killed the Deputy Hall Master from a thousand miles away.

Shao Xiejian, who was talking to the Deputy Hall master, was extremely shocked.

This deputy hall master was a third grade god Lord and was much stronger than him. Yet, he was suddenly killed!

While feeling shocked, Shao Xiejian once again fled.

Su Yu followed behind him at a moderate pace. He took refuge in one place, but anyone who had protection was killed by Su Yu through space.

He hid in five or six places consecutively along the way, and Su Yu also killed five or six people in a row.

It wasn’t until Shao Qianjian escaped to a large-scale teleportation array that he used the teleportation array to escape in panic.

Su Yu looked into the distance and fixed his gaze in the direction of Silver Lake.

Shangguan city.

The large-scale teleportation array in the center of the city was shining brightly, and a person jumped out from it.

He hurriedly fled to the Shangguan residence. After taking out a special token, he was quietly put in by the servants and led to the backyard.

“Lord Wang Ming, Cave Master Thousand Demon is here,” the servant reported.

Wang Ming was over sixty years old and appeared to be very capable. He frowned slightly. “Why are you here now? Could it be that you’ve caused trouble again and want me to settle it?”

“Lord, it seems that cave master thousand demon is anxious. He doesn’t look like a little trouble,” the servant said.

“Oh?” Wang Ming’s eyes flashed. “Go and invite Lord Bai and Lord Zhang over. Since it’s trouble, how can I bear it alone?”

The servants immediately did as they were told, and soon, two middle-aged men and a woman arrived one after another.

The three of them were Shangguan Yunque’s right-hand men, the talents that his father had specially left for Shangguan Yunque, who had just inherited the family seat not long ago.

After experiencing the crisis of the family head’s destruction, the previous family head had very wisely handed the family over to his son, Shangguan Yunque.

With his friendship with Su Yu, not to mention the eighteen blessed lands, even the mighty figures in the nine prefectures had to give him face.

As expected, after Shangguan Yunque ascended to the throne, he expanded all the way.

No one dared to fight him head-on, and all of them were afraid of Su Yu, who had left the nine prefectures.

In the Scarlet Blood Palace, the old group of experts had originally planned to re-establish the Scarlet Blood Palace.

In the end, due to the relationship between Shangguan Yunque and Su Yu, they were persuaded to join the Shangguan family.

From then on, the Shangguan family could be said to be at an unprecedented peak.

The Master of the Shangguan family no longer gave orders. Instead, he sent three of his former capable generals to assist Shangguan Yunque.

The status of the three of them could be imagined.

Even a super sect like the purple clouds palace, which had once stood side by side with the red blood palace, treated the three of them with great courtesy and did not dare to neglect them.

The three of them had obtained a status and glory that they had never had before. Under the impact of the bizarre and bizarre situation, their mentality gradually changed.

For example, the cave master of the Thousand Demons Cave had dared to deceive the superiors and the subordinates for the huge amount of resources that he had contributed, deceiving Shangguan Yunque.

They could even use their status to put in a good word for the cave master of the thousand demons cave and beautify his image in front of Shangguan Yunque.

It was precisely because of this that the thousand demons cave was able to develop by leaps and bounds.

The three of them gathered. Lord Bai was a woman who exuded a shrewdness. She said, "Why? Did that Cave Master of the Thousand Demons Cave cause trouble again?"

Lord Zhang was a middle-aged man with an ordinary appearance, he said unhappily, "This cave master of Thousand Demon Cave is always causing trouble. He has been expanding all the way, burning, killing, and plundering countless people. Negative news about him has spread throughout the entire Shangguan region. The three of us have spent a great deal of effort to suppress the news."

"Speak, what trouble has he caused us this time!"

The woman surnamed Bai chuckled. "It doesn't matter how much trouble he causes. As long as it's in Shangguan's territory, there's nothing the three of us can't handle. It's just that he keeps causing trouble for us, so his contribution will increase by a lot next time."

The three of them looked at each other and smiled at each other tacitly.

"Send him in!" Wang Ming was in a slightly better mood. This time, he would definitely rip off the cave master of Thousand Demon Cave.

Cave Master Qian Yao came in with a terrified expression and said hurriedly, "My lords, please save me. Someone is chasing me."

Chapter 1465 Things Aren't The Same As People (Fourth Watch)

Oh? Staring at cave master thousand demon's pathetic state, the three of them were a little surprised.

Who could chase the second level god Lord Cave master thousand demon all the way to this place? Could it be old monster myriad forms? If it was them, they didn't have to be afraid.

After three years of endless resources, the three of them had barely broken through the shackles of myriad forms.

“Who's chasing after them?” Wang Ming pretended to be troubled.

Cave master thousand demons wasn't stupid. His only way out was to save himself and his three helpers.

If Su Yu wanted to kill him, he had to take the three helpers into consideration.

And the three helpers were Shangguan Skylark's right-hand men. Wasn't Su Yu rumored to be on good terms with Shangguan Skylark? Even if he didn't care about the monk's face, he would still care about the Buddha's face. He should at least have some leeway, right?

“It's a wanxiang old monster from an unknown background.”

Hearing this, the three of them were relieved. Sure enough, it was wanxiang old monster, which made things easier.

At this time, the three of them sensed a powerful aura approaching. They looked at each other and teleported to the nine heavens together to stop that threatening aura.

“How dare you? Don't tell me you don't know that this is the Shangguan family's territory and you dare to chase us here?” Wang Ming shouted.

Su Yu stopped in his tracks and put Madam Situ and the others down at the same time. He said slowly, “Are you Shangguan Skylark's three assistants?”

Su Yu looked indifferently at the cave master of Thousand Demon Cave who was hiding behind them.

The woman surnamed Bai said, “Cave master thousand demon, is he the one chasing you?”

The cave master of Thousand Demon Cave didn't dare look at Su Yu and said, “Yes, it's him.”

The woman surnamed Bai was suspicious as she sized Su Yu up. She did not know why, but she vaguely felt that he looked familiar, as if she had seen him somewhere before.

But it had been too long, and she could not remember him for a while.

She said, “To have the cultivation of old monster wanxiang at such a young age, you must have benefited from the changes in the world in the past few years! You have great potential, but this is not a reason for you to run amok in Shangguan Territory!”

Su Yu looked at her indifferently and said with his hands behind his back, “You probably don't have the right to talk to me yet. Let Shangguan Yunque come over.”

They had originally planned to be polite first, but unexpectedly, they had yet to be “Soldiers”, so Su Yu directly refused to talk to them.

That tone of arrogance was rarely seen even on the gods of nine regions.

“Hahaha! I’ve seen arrogance, but I’ve never seen such arrogance! A small figure like you can not behave so atrociously in Shangguan Bailiwick!”The man surnamed Zhang looked up at the sky and laughed. “I originally wanted to speak nicely, but unfortunately, you overestimated yourself. Let’s attack together and capture him!”

Other than the woman surnamed Bai who hesitated for a moment, the other two did not have the time to say anything.

With the cultivation of the three of them, if they joined forces, could it be that they could not deal with a little brat?

Seeing the three of them attack, Madam Situ was also incomparably nervous. Su Yu hadn’t reached the god realm yet, so what if he couldn’t defeat the three of them?

“HMPH!”But at that moment, Su Yu snorted coldly.

Instantly, an endless pressure descended.

Before the three assistants could cast their divine abilities, they were suppressed by the sudden appearance of the divine pressure.

With a muffled groan, the three of them were so shocked that they vomited blood and flew wildly.

Wang Ming and the man surnamed Zhang were extremely shocked. “You... You’re a mighty figure of the Dust Immortal Realm?”

Hearing this, madam situ heaved a heavy sigh of relief and thought to herself, “I told you that the cultivation of the expert who fought the king of Zhongzhou in the past shouldn’t have been lower than the dust immortal realm.”

Then, Su Yu looked at Shao Qianjian and said indifferently, “It looks like you didn’t seize the opportunity.”

Shao Qianjian was greatly shocked. He never expected that Su Yu would be so ruthless when he attacked. He didn’t give face to Shangguan Yunque at all and killed his three capable subordinates just like that!

“It’s over,”Su Yu said indifferently. Shao Qianjian suddenly broke into pieces and his soul was also destroyed without any movement.

When the three assistants saw this scene, they were even more shocked. “It must be the dust immortal. He must be a dust immortal powerhouse! Hurry up and go. Inform the master and the Old Master!”

The three of them fled and returned to the Shangguan residence, immediately activating their emergency jade pendants.

In a secret room, Shangguan Yunque and the master of the Shangguan family were practicing a brand new and powerful cultivation method together.

Suddenly, the three jade pendants emitted urgent sounds at the same time.

Shangguan Yunque opened his eyes and said in surprise, “Could it be that there is a problem that the three of them can’t solve?”

The head of the Shangguan family also opened his eyes and frowned slightly. “That’s strange. In the current nine regions, is there still someone who dares to come to our Shangguan family and cause trouble?”

“No matter what, let’s Go and take a look first.” Shangguan Yunque put down the cultivation in his hand and immediately stood up.

Now that he had become the head of the family, he had changed from his previous cynicism and was especially attentive to cultivation. He also actively handled the affairs of the family.

Family head Shangguan said, “I’ll go with you to take a look. Now that I’ve cultivated to the dust immortal realm, I’ve long wanted to find someone to spar with. I hope that the Trouble I’ll cause is someone worthy of me taking action against.”

The two of them had just come out of seclusion. Outside the main hall, Wang Ming and the other two were waiting in a sorry state with blood in their mouths.

Seeing the three of them, Shangguan Yunque was shocked. “You’re injured? Who is so bold as to dare to attack my people?”

Hurting them was hurting him, Shangguan Yunque.

Wang Ming said, “It’s a dust immortal powerhouse from an unknown background. He killed innocents indiscriminately in my territory. We were protecting the head of a family, but he was so unreasonable that he injured us!”

When Shangguan Yunque heard this, a cold light flashed in his eyes. “Outrageous! He started a massacre in my territory. Do you think I Care?”

The head of the Shangguan family also said, “Yunque, your father will accompany you.”

Just as they were about to take action, a calm girl walked out from the side. It was Shangguan Yunque’s younger sister, Shangguan Qing ‘er.

In the past, she was Mo Tianxuan’s in-name disciple. Now that the Scarlet Blood Palace had been destroyed, she would be permanently stationed in the clan.

“Father, Big Brother, please wait.” Shangguan Qing ‘er walked out, she said, “There’s a reason for this. How can a mortal immortal start a massacre in my territory for no reason? The three of them were vague about the reason. Sister felt that it was better to ask clearly. Don’t be blinded by others.”

The three of them felt guilty. If there was anyone they feared the most among the Shangguan generation, it would be Shangguan Qing ‘er.

She was naturally intelligent and watched coldly from the side.

Shangguan Yunque might have been deceived by them, but Shangguan Qing ‘er might not.

“No matter what the reason is, if you dare to start a massacre in my territory, you’ll have to pay the price!” Shangguan Yunque ignored them, his cold light growing deeper.

Shangguan Qing ‘er opened her black and white eyes, a hint of disappointment flashed in the depths of her eyes. “Brother, you have changed.”

Not only had the three assistants changed, even Shangguan Yunque’s temperament was not as good as it used to be.

Relying on Su Yu’s power, no one dared to provoke him, causing him to grow increasingly arrogant. He had the illusion that no one dared to provoke him. Anyone who provoked him would feel provoked.

“Sister, your daughter’s family doesn’t need to worry about the matter of the family. Leave this matter to me and father.” Shangguan skylark sounded a little warning.

The head of the Shangguan family also said, “Our Shangguan family is no longer the same as before. If we are attacked in front of our eyes and have no reaction, how can we rule an area?”

Hearing this, Shangguan Qing ‘er smiled contemptuously. When had the Shangguan family ever ruled an area? They had merely borrowed Su Yu’s power!

Looking at her brother whose temperament was gradually changing, Shangguan Qing ‘er closed her eyes in disappointment and no longer stopped them.

“Is the Shangguan family already so amazing?”

Right at this moment, a blurry voice drifted down.

Immediately after, a figure shrouded in the five elements multicolored light landed with his hands behind his back.

His appearance and body were all concealed. They were unable to see through him, much less know who he was.

“It’s You?” Shangguan Yunque snorted. “You’re the first one to come to my Shangguan clan and act atrociously!”

Su Yu looked at him quietly. After a long time, she sighed silently and sucked in the air, sucking the head of the cave master of thousand demons cave over and shattering the mask covering his face, she said, “This is the person I want to kill. The former Shao clan’s young master, Shao Rujian, concealed his identity and transformed into the cave master of Thousand Demons Cave. He secretly accumulated strength and plotted against all directions.”

“May I ask if this person should be pursued?”

What? Shangguan Yunque was greatly shocked. The Shao family had almost destroyed the Shangguan family back then. How could he forget?

Shangguan Yunque was extremely shocked when he recognized Shao Ruijian at a glance. He was actually bold and reckless, developing and strengthening under his own eyes!

The three assistants' expressions also changed greatly, their hearts trembling with fear.

How could they not know the identity of the cave master of the Thousand Demons Cave? It was only after so many years had passed and the Scarlet Blood Palace had been destroyed, that they took the chance and accepted Shao Qianjian's bribe.

Shangguan Yunque glared fiercely at the three of them, turning to look at Su Yu: "Sir, why didn't you discuss it with this clan head first? By coming here so rashly, have you considered the feelings of our Shangguan clan?"

Su Yu was stunned for a long time, then said: "So? I killed him, and I also caused trouble, what are you prepared to do?"

Shangguan skylark said, "Just give us an explanation! You did a meritorious deed by killing Shao Lingli, but the crime of intruding into my Shangguan Mansion is even greater! The meritorious deed and crime are offset. I will punish you by making you kneel at the entrance of the Shangguan mansion for three days as an apology!"

The scene was silent, waiting for Su Yu's response.

Su Yu was silent for a long time before he said, "What if I say no?"

The one who answered him was the surging power of the Shangguan family head's dust immortal. He said indifferently, "I advise you not to resist fearlessly!"

The power of the Dust Immortal! The three assistants were ecstatic.

With the old family head here, what could the other party do?

However, in the next moment, what made the whole place dead silent was that Su Yu raised a finger and a golden light gathered at the tip of his finger.

With a flick of his finger, the golden light entered the forehead of the Shangguan family head.

He did not even have the time to react before the light entered his body.

In the next moment, the surging power of the dust immortal receded like a tide and hid in his dantian.

The head of the Shangguan family was overwhelmed with shock. "You... you are a god! !"

Only the divine power could easily suppress his powerful power of the Dust Immortal!

Hearing this, Shangguan Yunque was shocked. "God... God! !"

His heart was in turmoil, but he quickly calmed down, he shouted, "So what if it's a God? Don't forget who gave you the chance to become a god! It's Su Yu! But do you know his relationship with me? I advise you to Think Twice Before You Act!"

Rumble --

The divine power Su Yu displayed alarmed a certain existence in the nine regions.

Shangguan yunque immediately said, "Qilin God, please help us! There's a god causing trouble here."

A vortex gathered in the sky, and a black qilin walked out while swearing, "Damn it, which blind regional king came here to behave atrociously?"

As he was swearing, his eyes suddenly widened.

Shangguan Yunque's heart calmed down, and he looked provocatively at Su Yu, "I want to see which regional king you are to dare to behave atrociously in Shangguan's territory!"

The Qilin God was the strongest God in the nine regions. In front of him, which of the nine regional king gods was inferior to his grandson?

Unexpectedly, before he could finish his words, he received a heavy blow to his head.

He looked up and saw that it was the holy qilin who gave him a hard kick. He rolled his eyes and said, "What are you shouting for? So what if the feather god is acting atrociously in your territory? The nine regions are all his, do you have any complaints?"

The holy qilin smiled cheekily as he landed. He patted Su Yu's shoulder with his hooves and said, "It's really rare to see you in a thousand years. You actually appeared in the nine prefectures world."

Upon being touched by him, the five elements light on Su Yu's body disappeared and his true appearance was revealed.

Chapter 1466 Power Of Faith (5th Watch)

His silver hair and handsome face remained the same as it had been ten years ago.

Master Shangguan, Shangguan Yunque, and Shangguan Qing 'er were all struck by lightning and stood rooted to the spot.

The person who had come to cause trouble was... Su Yu himself! !

Shangguan Yunque went from cold arrogance to excitement, then from excitement to uneasiness, and his face was deathly pale.

Master Shangguan was even more anxious, as if the sky was falling.

Even Shangguan Qing 'er was worried. Just thinking about how her father and brother treated Su Yu just now... just thinking about it made her shudder.

Su Yu looked at Shangguan Yunque quietly and said leisurely, "I remember that in the past, Yuan Wanbi used her power to bully others. You disdained her character and broke the engagement. Since then, she has regretted it. Why did the situation change, and you became her in the past?"

"In my memory, Shangguan Skylark was jealous and hateful. She had justice in her heart. In the Red Blood Palace, when I was alone and without help, you were the only one who helped me." There was an unspeakable loneliness in Su Yu's voice. "Why did you become an arrogant person today?"

Su Yu shook his head with disappointment in his eyes. "Shao Lingli, the remnants of the soul snatching hall have grown in your territory. I thought that you were just deceived by others. Who knew that even you had changed."

“Is it because I have given you too much support and you have enjoyed too much power, causing you to lose your heart from the past?”

A series of questioning made Shangguan Yunque feel ashamed.

“Power is charming, but you have also lost your way. If you are obsessed with power, I can give you a cave world to rule over millions of lives. But from now on, it will be difficult for you to make any progress on your martial path,” Su Yu said.

With his current status and strength, it was really not difficult to give him a cave world.

Shangguan Yunque’s face was red and ears. He bowed and said, “Senior su... Senior Su, don’t say anymore. I know I’m wrong.”

Su Yu looked at him and said, “Take care of yourself!”

After saying that, Su Yu flew through the air and came to the side of Mrs. Situ.

The qilin God followed closely behind and said with a chuckle, “That... seems to have broken the time when you two brothers were not on good terms.”

Su Yu looked at him and said to his face, “These are all my old friends in the nine regions. You should take care of them when you have time.”

“What’s The Big Deal?” The Kirin God stared at Madam Situ.

Madam Situ’s entire body trembled and her breathing was messy. This, this was the legendary God of the nine regions, the Kirin God!

Such a legendary existence was actually in a lower position in front of Su Yu.

Then, what was Su Yu’s identity?

“En, beauty, do you want to be the state king? Or do you want to be my disciple?” The qilin God said.

Madam situ almost fainted. State king, Qilin God’s disciple? Was this a dream?

“Alright, you can be my assistant and manage the nine regions cave world.”

“Hey, Hey, say something.”

“Wait, Don’t faint, I haven’t finished speaking!”

..

The Black Qilin’s face was dark as he helplessly spread his hooves, “I can’t help it! I’m just so charming, any woman would fall for me after saying a few words to me.”

Su Yu rolled his eyes and looked at Shangguan Cheng before sighing, “Ten years have passed, but things have changed.”

The next moment, Su Yu appeared in True Dragon City.

As a gathering place for the natives of the true dragon continent, it was located in the middle of Zhongzhou City.

Now, it had developed into a super city second only to the Central Plains City.

It had a large population and countless martial artists, especially countless experts.

One could even occasionally see traces of quasi-gods walking among them.

After the black qilin settled Madam Situ and the others, he immediately followed up and said proudly, "Look, your original friends, this god has not mistreated them. The True Dragon City has become the Holy Land of the nine regions."

"Holy Land?" Su Yu was surprised. When his gaze stopped at the center of the city, he was even more speechless when he saw a statue that was ten thousand feet tall.

It was a lifelike statue. It had silver hair and a handsome face. Its temperament was calm, gentle, and fierce.

That was Su Yu's statue!

Under the statue, there was an endless amount of incense, which was worshiped by experts from all over the world.

"You are now the supreme god of the nine regions, from mortals to gods, everyone regards you as the number one god, and you are treated better than this god." The black qilin said sourly, "Why is there no one worshiping me like this?"

Worshiping? Su Yu stared at the statue in front of him, and vaguely, he seemed to see some vague light spots emitting from the worshiper's body and gathering into the statue.

With a flash of light, Su Yu transformed into nothingness and directly entered the statue.

In the statue, Su Yu indeed saw the light that gathered into a pool.

The pool continued to gather, condensing into liquid and finally turning into a pool of water.

The black qilin followed in and said, "What are you doing? It's empty inside. What's there to see?"

HMM? Su Yu was surprised. Could it be that he couldn't see the light of this pool?

This light was really strange!

After thinking for a moment, Su Yu took out a ray of light.

Unexpectedly, as soon as Su Yu got close, the light in the pond started to stir. They rushed out of the pond and rushed toward Su Yu.

Su Yu was shocked and immediately activated his divine ability to block them.

However, the light was extremely strange. It ignored the resistance and went straight into Su Yu's body.

Su Yu thought that this was bad, but he found that after the light entered his body, it went straight to the two divine essences in his body.

They merged into the divine essence, causing Su Yu's divine essence to rapidly grow stronger!

“This is...” a familiar experience made Su Yu extremely surprised.

After waiting for a moment, all the Rays of light in the pond entered Su Yu's divine essence, causing it to grow stronger than ever before. It was much larger than the divine essence of a late-stage quasi-god!

The divine essence of a late-stage quasi-god was usually like a button.

However, Su Yu's two divine sources were like an Apple!

Just these two divine sources alone were equivalent to the combined divine sources of hundreds of quasi-gods.

Needless to say, the divine power stored within wasn't that abundant. Let alone a quasi-god, even a third sky god might not be this abundant.

All along, Su Yu's weak divine power had been his weakness.

But who knew that within this statue, he unexpectedly obtained a chance for the divine source to grow explosively!

This made Su Yu recall the time when the black and white elders became quasi gods and worshiped Su Yu in front of him.

Instantly, Su Yu's source of God grew significantly.

And today, the light from these creatures worshipping Su Yu also caused Su Yu's source of God to grow explosively.

“Faith...” looking at the masses worshipping the statue devoutly, a bolt of lightning flashed through Su Yu's mind.

It was faith!

The power of faith could be directly converted into divine power!

The black and White Elders' faith in Su Yu gave him the power of faith.

Although these creatures were weak, and the power of faith they gave birth to was very weak. It could be ignored, but when the power of faith of billions of creatures gathered together, it was very impressive.

And Now, Su Yu's divine essence had exploded!

The shocking discovery made Su Yu extremely happy. It was as if he had found a shortcut to cultivation.

Power of faith!

By gathering the faith of all the creatures in the world, he could increase his divine power! !

After the joy, Su Yu immediately realized the problem. His eyes flashed as he said, “Who built this statue?”

The pool that had been prepared long ago was specially built to contain the power of faith.

It was obvious that the creator knew about it!

The Black Qilin was stunned. "Of course it was built by your wife."

Qin Xian 'er? Su Yu was shocked. How did she know how to absorb the power of faith? Who told her?

Leaving the statue, Su Yu swept his gaze across the True Dragon City.

In a simple and elegant secret room, a petite girl was cultivating with her eyes closed.

Sensing Su Yu's gaze, she slowly opened her bright eyes. A blissful smile appeared on her face as she said softly, "You're here."

Su Yu was shocked. "God-level?"

He had activated the clairvoyance eye, but Qin Xian 'er was able to see him through the barrier. Su Yu could not ignore this strange divine ability.

What shocked him even more was that Qin Xian 'er had already become a god!

The black qilin said, "Hehe, I Won't Disturb Your Reunion. I'll take my leave first."

With a thought, Su Yu teleported to Xian 'er's cultivation secret room.

The two of them met again after a long time. Their eyes met for a long time before Xian 'er pounced into Su Yu's embrace. She pouted and complained, "I thought you had forgotten about me. After so many years of not forgetting to send resources to the nine prefectures, you forgot to come in and see me."

Su Yu knew that he was in the wrong. He gently held her waist and said, "I have encountered many things these years, ups and downs. I have never settled down and have no time to stay in the nine regions world. Only at this moment, the outside world is still safe, so I took the time to come in and take a look."

"Humph, I don't believe it. You must be dazzled by the beautiful woman outside. You are a bad person." Qin Xian 'er opened her small mouth and bit on Su Yu's shoulder.

With just a light bite, she immediately opened her mouth, as if she was afraid that she would really bite Su Yu.

He pounded his chest with his small hand resentfully and helplessly. He said leisurely, "Bad Man, you must know that I can't bear to bite, that's why you dare to bully me like this."

Su Yu pinched her perky little nose and chuckled. "That's right. I only dared to lie to you because I know that Xian 'er can't bear to part with me."

"That's right, that's right. You lied to me the moment we met and even managed to trick me. Why was I so foolish back then?" Qin Xian 'er nestled in his arms and said flirtatious words.

Su Yu's heart was at peace. After experiencing Shangguan Skylark's transformation, he was really worried that time would change Xian 'er as well.

"By the way, Xian 'er, how do you know how to gather the power of Faith?" Su Yu asked as he thought of the statue outside.

Xian 'er blinked her eyes, tilted her head, and smiled, "You Guess?"

"I don't know," Su Yu answered honestly.

Xian 'er was displeased. She angrily hammered Su Yu a few more times and snorted, "You're so smart, how could you not guess? You Don't want to say it out loud, so you're afraid that I'll be jealous, right?"

Su Yu was embarrassed. He did guess a bit.

"En, just as you guessed, it was Jingyu who gave me a dream," Xian 'er said, "After you left the nine regions, I had a dream one day, and the Jingyu world transcended time and space. Tell me, I'll start building the Tower of Faith for you now, and then I'll do it."

It was really her!

Could it be that Xia Jingyu could see the future world a long time ago? Could she predict that Su Yu would believe in the people of nine regions?

Thinking of the preparations that Xia Jingyu made for Su Yu before she left nine regions, and the path that she paved, Su Yu felt more and more incredulous.

Even though she comprehended the path of fate and could see the future.

But, what was the price of seeing the future?

Was there really no reason for her to leave the nine regions alone?

It was spread too late. Back in the chapter of the nine regions, many of the previous characters were very vague. They had no choice but to turn back and look for them, so they wasted a lot of time.

Chapter 1467 The Dao Of Asura

"Apart from that, did she say anything else? For example, where is she?" Su Yu's eyes were filled with anticipation.

Qin Xian 'er felt that Su Yu's eyes were somewhat piercing, piercing into the depths of her heart.

Her expression did not change as she giggled. "You really care about her more than you care about the source of the power of faith."

As a martial artist, who cared about the dao that they cultivated the most?

But Su Yu was different.

"It's not a waste for sister Jingyu to treat you like this. It's a pity that she did not state her location in the dream. She only told me that she must pass on the method to absorb the power of faith to you."

Su Yu's gaze was dim and there was not much joy to be said.

Qin Xian 'er saw this and felt even more hurt. Even though she was smiling, her mood was inexplicably depressed. She forced herself to be energetic and said, "One can become a god with divine power, but one can attain Dao with faith!"

Attain Dao? Su Yu came back to his senses and couldn't help but ponder.

What did the so-called dao refer to?

Having experienced the Dao of witchcraft, the Dao of Asura, the Dao of the mortal world, and even the Dao of the dragon race, Su Yu naturally knew that there wasn't only the Dao of the divine in this world.

Different living beings all had different dao.

Then, what did the so-called dao refer to?

"Big Sister Jing Yu said that after becoming a god, one would be a god for the rest of their life. However, there are lower gods, middle gods, and upper gods, but there is no limit to attaining Dao." Qin Xian 'er didn't miss a single word as she recounted the words she remembered in her dream.

There was only so much that Jingyu had to say. Qin Xian 'er was not the only one who could not understand after pondering for a long time.

Su Yu also did not understand what her so-called dao was.

"In short, what sister Jingyu means is that from now on, you should focus on establishing your own faith and obtaining the power of faith." Qin Xian 'er scratched her head and said, "This is the method to create the statue of faith. She entrusted it to me in her dream. I have been waiting for you to come back and prepared to hand it over to you."

Taking the blueprint that Qin Xian 'er drew, Su Yu looked at it carefully. Other than the spirit pool that contained the power of faith, which required special materials, the rest of it was like an ordinary statue. There was no difficulty.

"Absorb the faith of all living beings?" Su Yu pondered and kept the blueprint.

Qin Xian 'er let go of Su Yu's arm and gently pushed him away. "Alright, busy person, you should go and do your work."

Su Yu was slightly stunned. He vaguely sensed that Qin Xian 'er was a little out of practice.

On second thought, Su Yu felt ashamed.

The only thing he cared about was Xia Jingyu, but he seemed to look down on this married wife.

"Xian 'er, when we find Jingyu, we..." Su Yu held her slender arm apologetically.

Before he could finish his words, his lips were covered by Xian 'ER's small hand.

Shaking her head, Qin Xian 'er's eyes were filled with satisfaction. She said, "There's no need to make a promise. Brother Su Yu, Xian 'er understands your intentions. I don't want your promise."

Don't Want? Was it because she didn't need to trust Su Yu, or was it because she was afraid that she wouldn't dare to take it if she didn't fulfill her promise?

No one knew what she was really thinking, except for Xian 'er herself.

Su Yu held her in his arms. After thinking for a long time, he said, "Xian 'er, do you want the child between us?"

Xian 'ER's body stiffened as if she had been struck by lightning. She stammered, "A... Child?"

Ever since they got married, they had never crossed that line. Su Yu's question made Qin Xian 'er dumbfounded.

In her heart, she was extremely happy.

Even in her dreams, she wanted to have a child with Su Yu and live a husband-and-child life from then on.

But in reality..

Xian 'ER's face was red. The more she felt the heat on Su Yu's chest, the more she said shyly, "Of course I want to... But, sister Jingyu's safety is unknown. Xian 'er can not enjoy such happiness in peace."

She raised her head and pecked Su Yu's cheek. "I understand brother Su Yu's intentions. He wants to make it up to me, but there's really no need. You Don't need anything from me."

Su Yu smiled bitterly. He could deal with all the storms in the world calmly and calmly.

Only the two true loves of his life could not be balanced up until now.

Giving birth... how stupid was this idea of pacifying him? It was completely different from his usual style.

"Oh right, brother Su Yu, what realm are you at now? Xian 'er can only sense the existence of the divine essence, but she can't sense your divine seat." Qin Xian 'er was now a god.

Su Yu said helplessly, "My path to becoming a god is completely different from ordinary divine dao cultivators. I can not be measured by the process of becoming a quasi-god. If I have to calculate, I can only be considered to be at the quasi-god realm at the moment, because my divine residence dharma idol has yet to be ignited."

Qin Xian 'er blinked her eyes, she muttered, "Brother Su Yu is still as special as ever. I heard from the Qilin God that brother Su Yu is an influential figure in the outside world. When many gods saw you, they were so scared that their calves trembled and they couldn't even walk. You haven't become a God yet. If you really become a god, what will happen?"

"This damn dog has made up stories about me, right? Am I that scary?" Su Yu's face darkened.

Qin Xian 'er snickered. Her smile was bright and beautiful, as if it was the first time they met.

Su Yu felt tenderness in her heart. He stroked her head and said, "Let's not talk about me. Now that you have become a god, what kind of God position are you in?"

Qin Xian 'er tilted her head and thought for a moment. "I don't know either. The qilin God also said that he has never seen such a strange god position."

"Oh?" Su Yu was surprised. The qilin God had never seen such a strange god position?

"Show it to me," Su Yu said out of curiosity and concern.

Qin Xian 'er nodded and circulated the divine power in her body. A strange black fog rose from her body and lingered on the surface of her body, condensing into a delicate and exquisite armor.

It added a bit of heroic spirit to the lively and cute Xian 'er.

"Did you sense it?" Qin Xian 'er turned around in a circle, looking exceptionally well-dressed.

However, she was shocked to discover that Su Yu's expression was stiff. His originally smiling eyes were extremely sharp at this moment.

His pupils shrunk to the extreme, resembling two needles.

Xian 'er had a bad feeling and said, "Brother Su Yu, what are you..."

Su Yu suddenly stood up and took out a black token from his interspatial ring with a solemn expression. There seemed to be a starry sky revolving on it.

Holding the token in his hand, Su Yu pushed it in front of Xian 'er and said, "Xian 'er, try pouring your strength into it."

Xian 'er was confused. "OH."

She placed her index finger on the token. Before she could use her strength, a shocking ancestral wizard power shot out from the token and flicked Xian 'er's finger away.

After suffering a pain, Xian 'er asked, "Brother Su Yu, what is this thing? Why does it seem to be rejecting me?"

Su Yu's expression was extremely ugly as he asked in a deep voice, "Who taught you the Cultivation Path?"

"No One? I was born with a dark phoenix body. It was easier for me to comprehend the Dark Phoenix path, so I naturally cultivated this path." Qin Xian 'er was a little puzzled.

Dark Phoenix? Su Yu's face sank. He had heard Yun Yazhi say that Xian 'er had a dark phoenix body.

However, Yun Yazhi had never said that what Dark Phoenix cultivated was the Dao of Asura! !

The power that Xian 'er condensed from the black armor was none other than the power of Asura that Su Yu was extremely familiar with in the asura forbidden land! !

How was she cultivating the Supreme Dao? It was clearly the Dao of Asura!

“Impossible. How could there be a cultivator of the dao of Asura in the Supreme Dao World?” Su Yu stared at Qin Xian ‘er and felt that something was wrong.

Chapter 1468 Project Century (First Watch)

Xian ‘er looked confused. A ball of dark and obscure power gathered in her palm, which was completely different from divine power. “The path of Asura? No wonder I find it strange. The power is completely different from others’.”

She was heartless and did not seem worried at all. “The path of Asura is the path of Asura then. Sister Jingyu said before that the world is so big that all the paths intersect. The divine path is only one of them. It’s no big deal for me to cultivate the path of Asura.”

Towards cultivation, Xian ‘er had always been casual and was not enthusiastic about it.

Su Yu had seen the strangeness of the asura forbidden ground, especially that bull-headed monster that was sealed deep within the second layer. He was even more fearful.

But thinking about it carefully, Xian ‘er had never been to the asura forbidden ground. How could she be related to the living beings there?

“If you feel any discomfort or anything strange, tell me immediately,” Su Yu said. If he realized that something was wrong, he could use extreme methods to wipe away the asura power in his body.

Xian ‘er nodded her head obediently and leaned back into his embrace, closing her eyes and enjoying the warmth.

One day later, Su Yu left True Dragon City.

The black qilin appeared at the right time and rubbed his hooves. He smiled lewdly and said, “It’s better to be apart than apart. How was last night? was there an endless spring breeze?”

“I don’t know about the spring breeze, but I can let you have a taste of the wild wind,” Su Yu said.

The blue veins of the black qilin jumped, especially the snow-white feather on Su Yu’s palm, which contained the biting cold wind attribute..

“This time, I have an important matter to ask everyone to do.” Su Yu said.

The black qilin stopped smiling and said, “How big is it? Like last time, I helped you bury the divine blood around Shengjing City?”

“It’s even bigger than that. That time, I only asked a few of you gods to help me, but this time, I need the assistance of all the living beings in the entire nine regions world.”

Hearing this, the Black Qilin’s eyes widened. “What is it? Right now, more than ten gods have gathered in the nine regions, and there are as many experts as the clouds. It’s comparable to half of the Eastern Alliance. Are you sure you need to use all of our strength?”

Su Yu nodded. "Yes, and it might take as long as five years!"

Five years? The black qilin clicked his tongue. "Holy Shit, what are you planning to do?"

Su Yu didn't say anything. He grabbed with one hand, and a silver-white scroll wrapped in divine power appeared in his palm.

He clenched his five fingers, and the divine power on the scroll was broken. With a sizzling sound, the silver-white scroll opened.

The scroll was a thousand feet long, and there were three hundred parts drawn on it. Each of the parts was extremely complicated.

The black qilin looked at the scroll from beginning to end, and his eyes were blank. "This... This is to forge over a hundred super divine weapons?"

He was once a god, so he had more or less understood some of the blueprints. The complexity of each part of the blueprints in front of him was comparable to a top-grade divine weapon, and was equivalent to a replica of a royal sacred weapon.

"Not over a hundred, but one." Su Yu said, "These are all parts of that weapon, not one less can do."

Hiss --

The black qilin sucked in a breath of cold air, and his scalp went numb. "You're saying that these imitation Emperor Dao sacred weapons are all parts of a weapon?"

He found it hard to believe that there was such a terrifying weapon in the world, and it needed to gather more than a hundred imitation Emperor Dao sacred weapons!

Moreover, looking at the size marked on it, it was at least tens of millions of miles long!

Any one of these parts was comparable to the imperial city of a province.

If it was made up of hundreds of components, wouldn't it be even bigger than the cave abode world of the nine regions?

"This is too f * cking crazy!" The black qilin clicked his tongue. "Just studying these blueprints thoroughly will take two to three years, right?"

After thinking for a moment, Su Yu said, "No, you're wrong. This is only the general design. Each component has a hundred detailed forging blueprints."

As he said this, light flickered around Su Yu's body, and a total of thirty thousand silver-white scrolls appeared.

Looking at the densely packed scrolls, the black qilin was dumbfounded. "You... you want to exhaust all the living beings in the nine prefectures to death?"

Su Yu said, "This item is extremely important. It is the key to our return to the Galaxy God's domain. If not for the fact that this item can not be divulged, I would not have disturbed you."

After being shocked for a long time, the black qilin stared at the densely packed scrolls in a daze. He muttered, "My God, is five years enough? There are also so many materials. I have never heard of the vast majority of them."

"I do not have five years. I can only give you two years. In the remaining three years, there is still a batch of weapons that need to be forged." As he spoke, Su Yu threw out tens of thousands of design drawings.

Upon seeing this, the black qilin was dumbstruck.

"I will help you to comprehend the blueprints. I have the materials. You only need to contribute manpower." Su Yu said.

The black qilin returned to his senses. Like a balloon that had been emptied, he said listlessly, "As expected, after obtaining so many benefits from you, you will have to return them in the end."

Su Yu shook his head, his eyes contained traces of brilliance. "These blueprints, other than the first one, are all weapons of the ancient civilization that have been lost for a long time. Each of them possesses unimaginable power. Don't you want the nine regions to become a place where the ancient civilization was born again?"

When the black qilin heard this, he was taken aback. His eyes gradually lit up, and soon after, he became extremely excited.

As an ordinary god of creation in an ordinary cave abode world in the divine realm, could there be anything more that he yearned for than the development of the ancient civilization?

"If you find it difficult, I'll take a risk and let the shamans handle it. In terms of overall strength, they are much stronger than the living beings in the nine regions."

"I'll do it! Who Says I won't do it?" The black qilin immediately said anxiously, "If you dare to hand it over to others, I'll... I'll die for you to see!"

Su Yu smiled and with a wave of his hand, he gathered up all the blueprints and handed them over to the black qilin.

At the same time, with a wave of his sleeve, the continent shattered, revealing a huge pit that was ten million li deep.

Next, Su Yu took out an interspatial ring and poured an entire pit of resources into it.

The Spiritual Qi that soared into the sky was extremely dense, and it directly transformed the atmosphere within a radius of billions of miles into something even more magnificent than before.

The people of True Dragon City benefited the most, and their cultivation was faster than anywhere else.

"Wow! So Much!" The black qilin couldn't help but be envious.

Su Yu said, "This is only one-tenth of the material of that weapon. Come and ask me for it after you use it."

At this moment, the black qilin had already been blinded by the great dream of reviving the ancient civilization. Without even thinking, he anxiously roared, "Leave It to me! Leave everything to me! I'll summon the gods of the nine regions for a meeting right now. I'll definitely start work as soon as possible!"

Nodding, Su Yu left the nine regions world and returned to the outside world.

Two years. In two years, the day of the completion of the imitation of the world annihilation disc would be. It would also be the time for him to attempt returning to the galaxy divine realm.

"Brat, you're back?" The dimension of the creator dragon flashed and appeared in front of Su Yu.

He seemed to have a premonition that the location Su Yu went to during these two days had not been revealed.

Su Yu replied, "Yes, I've arranged some things."

After pondering for a moment, Su Yu said, "Senior, have you ever asked about something regarding the dao of Asura?"

The creator Dragon's huge eyes stared at Su Yu as he slowly said, "According to the agreement, only after you have learned my divine ability will I answer your questions..."

"However..." the creator Dragon's eyes were sharp. "Your heart is no longer calm. There are worries in your heart. If you don't guide me, I'm afraid it will be difficult to cultivate. Tell me, what problems did you encounter?"

Su Yu said, "May I ask senior, is there really someone in this world who can learn the Dao of Asura?"

"Impossible!" The creator Dragon didn't hesitate, he said decisively, "The Dao of Asura is a rare inheritance among all the daos. One person inherits one person, one generation after another. It's impossible for others to learn it through cultivation. That's why the Dao of Asura is the rarest. In the entire absolute beginning world, there are countless people. Why, did you meet someone from the Dao of Asura?"

Su Yu's eyes were heavy. "My beloved wife used to have the Dark Phoenix body. Unknowingly, she entered the Dao of Asura! May I ask, senior, is there a reason for this?"

The creator Dragon was surprised. "Oh? There's such a Thing?"

After pondering for a while..., the creator dragon said, "If what you said is true, then there's only one. It should be the late dao master of Asura who passed it down to him personally. That Dark Phoenix... if I'm not wrong, it should be the Second Dao Master of the Dao of Asura, the Dark Phoenix of the nine netherworld. Your beloved wife is truly blessed by the heavens. The spirit of the bell in the heavens has actually been chosen as the inheritance by the remnant of the Dark Phoenix of the nine Netherworld."

“Who knows how many sons and daughters of Heaven in the absolute beginning realm yearn for such a wonderful thing?”

Su Yu was moved. That Dark Phoenix was actually a dao master?

The source of Xian ‘ER’s bloodline was Phoenix Valley. She had inherited her mother’s bloodline and was born with Phoenix Blood.

Later, something strange happened, and she found out that it wasn’t simple Phoenix Blood, but Dark Phoenix blood.

She had thought it was a simple bloodline inheritance, but now it seemed so terrifying. The inheritance of a dao master..

It seemed that the creation dragon was only at this level.

Moreover, there were strong and weak dao masters. Since there was a “Second Dao master,”there had to be a first dao master.

The Netherworld Phoenix was ranked second, so it shouldn’t be too weak.

He was slightly relieved. So it was Xian ‘ER’s good fortune.

“May I ask, senior, has the Netherworld Phoenix died?”Su Yu asked. What he was most worried about was those mysterious existences who would use the inheritance method to occupy Xian ‘ER’s body and be reborn.

Hearing this, the creation dragon said somewhat dejectedly, “If it dies, it will die in this lost country, and even the chance of reincarnation will be taken away.”

Die Here? Su Yu’s heart moved. Why would such an existence die in the lost country?

Su Yu couldn’t help but touch the nine Jade Spirit Pearl, inside which lay a pitch-black invitation card.

“It’s necessary to return to the Shengjing Royal Family’s Sky Fire Spirit Pool to take a look, if my guess is correct.”A lost country, but there were three major forbidden areas, the traces of many dao masters, Su Yu couldn’t help but think.

Moreover, vaguely, it seemed that he had figured out some clues.

“If the knot in your heart has been opened, then start to cultivate the three great divine abilities of the original body.”The creation dragon said, “Those three, the basic dragon race divine ability has also been cultivated.”

In the Dragon World created, the passage of time was very different from the outside world.

In the outside world, three years, but Su Yu and the other two had spent a whole thirty years in it.

It was equivalent to spending thirty years to re-cultivate the Dragon Race’s divine ability. In addition, the three of them were outstanding talents in the Divine Realm. They were like fish in water when cultivating. Thirty years was enough for them to cultivate from zero to an expert.

Not to mention Su Yu. He also had the time bonus. Cultivating the Dragon Race’s divine ability was far faster than them.

They only succeeded after thirty years, while Su Yu only spent ten years.

Chapter 1469 Dragon Abyss Treasured Scroll (2nd Watch)

The remaining 20 years were spent meditating and cultivating the six paths of Heavenly Lun and the innate Yin-yang style.

Both of them had a certain level of mastery, especially the latter, which had reached the level of dissolving the Ancestral Wizard's power.

'If I were to fight against heaven-defying Gu Yun again, I shouldn't be at a complete disadvantage. With these two styles, I should be able to fight him,' Su Yu thought to himself. Although he might not be able to defeat heaven-defying Gu Yun, he wouldn't be completely helpless.

If he could learn the three divine abilities of the creator Dragon in two years, he might really be able to reach the level of heaven-defying Gu Yun.

Jumping into the space of the hole, the eternal night was endless. Nameless, Bi Wanqing, and Chu Xue were all waiting silently.

"Everyone is here. I will begin to teach you the three divine abilities." The creator Dragon's tone was melodious, and his voice was sonorous and powerful, appearing exceptionally solemn.

"Before officially imparting them, you will first answer a question from me," the creator Dragon said. "This is related to how many divine abilities you can cultivate."

In other words, they might not all be qualified to learn the three great divine abilities.

"Senior, please speak," the three of them said in unison.

The creator Dragon looked at the three of them and asked, "What do you think of your life?"

Uh..

What kind of question was that? He had thought that he would be testing the basic divine abilities of the dragon race that he had mastered in the past three years.

Nameless Eternal Night was the first to answer. He quickly answered, "I have been respected all my life. I have outstanding talent and extraordinary status. I have no regrets in this life."

Genesis dragon nodded slightly and looked at eternal night.

He did not think too much and said in a deep voice, "I have failed in my life. On the surface, I was glorious and respected as the number one genius of the dynasty. However, my fiancée was snatched away and I have yet to take revenge. This is a regret and regret that I can not erase."

The creator Dragon looked at the first snow of the eternal night.

She smiled faintly and said, "My life has been dull."

The creator Dragon looked at her for a while before he slowly nodded and looked at Bi Wanqing.

Bi wanqing said calmly, "I have been lost in my life. Now, I am awake."

What she said was that in the past, her vision was narrow and small. Only after she followed Su Yu in the Devil World did she understand how big the world was. She had changed from her arrogance in the past to being modest and cautious.

The creator Dragon finally looked at Su Yu.

Su Yu said, "My whole life... is only for the beginning. It is only for the two women I first met. The past is not important."

The creator Dragon's eyes lit up slightly.

He looked at the four people again and said to nameless eternal night, "You are blind and unaware. You are content with the current situation. Your temperament is not enough to bear the test of the three great divine abilities."

Upon hearing this, nameless's face turned pale.

"This venerable self will not cripple the divine abilities of the dragon race that you have learned. From now on, follow this venerable self by my side!"

Nameless Eternal Night was in a slightly better mood. Speaking of which, they were supposed to be killed. Not only did they not die, but they had also learned the basic divine abilities of the dragon race. It was already a win-win situation.

He consoled himself like this and his mood quickly calmed down, just like his temperament.

Then, the creator Dragon said to eternal night WUHENG, "You know when to advance and when to retreat, and you should clearly blend in. You have a goal in life, but you can only see the mountain as a mountain, and the water as a water realm. You can only pass on your first divine ability."

Eternal Night Wuheng heaved a sigh of relief. The nameless encounter really made him nervous.

"As for you..." the creator Dragon stared at Eternal Night first snow. "Having no desires and no desires is just your appearance. You yearned to break the ancestral wizard's seal but couldn't get it. Just now, you retreated without any desires, and your life was peaceful. Not Bad, you have the realm of seeing the mountain but not the mountain, and the realm of seeing the water but not the water. Your Mind is connected to the second divine ability."

Next, the creator Dragon looked at bi wanqing and said, "The most difficult thing in life is to transform. It is not easy for you to transcend the past and find the true meaning from confusion. The third divine ability is the most suitable for you."

The three of them obtained the divine ability inheritance, and in the end, only Su Yu was left.

The creator Dragon's eyes lit up with a subtle expression. The three of them saw it and could not help but feel envious.

With its praise for Su Yu, perhaps all three of its abilities would be imparted to him?

As expected, the creator dragon commented, “The difficulty of life is not in turning into a flying dragon in one day, not in reaching the peak of your dreams, but in your initial heart

“I have seen too many cultivators in my life. Their initial wish was to be friends, family members, and to obtain an item before embarking on the path of cultivation. However, the path of cultivation is strange and bizarre, with countless temptations. The increase in strength also causes one’s character to gradually change. It is no longer the same as before. There are very few who stick to their original intentions.”

Su Yu could not help but think of Shangguan Yunque. Back then, he was a young man who had a fair heart and was eager to help others. But now, he had become the family head who only cared about profit.

Wasn’t the series of changes happening because of the increase in status and the gradual change in temperament?

“Therefore, your temperament is the most difficult to come by,” said the creator Dragon.

Upon hearing this, everything was over. The three divine abilities would definitely be passed on to Su Yu.

“But, because of this, none of my three great divine abilities are suitable for you!”

What? The four of them were all shocked. Su Yu was actually eliminated!

Shua --

The creator Dragon opened his mouth and spat out, creating the dragon world. He said, “The three of you can go in. I’ll teach you the divine abilities in the Dragon World later.”

When the three of them entered, the creator dragon said again, “Nameless, the three-year period has ended. The cannon of laws in the outside world must have been filled up. Go and monitor it. If there’s any movement, immediately notify me.”

After nameless left, the creator dragon stared at Su Yu and said slowly, “I won’t teach you any of the three great divine abilities. Do you hate me?”

Those who were not as good as Su Yu all received the inheritance, but only Su Yu was eliminated.

Normal people would have complaints, but Su Yu was very calm. He said, “Senior taught me the basic divine abilities of the dragon race. I owe you a favor, so why would I hate you? If senior doesn’t teach me, there must be a reason why you won’t teach me. I Won’t force you.”

The creator Dragon chuckled. “Most of the people in this world want to kill each other. With your temperament, it’s not strange that you don’t complain. That’s why I don’t want to Bury You.”

Su Yu’s ears twitched. HMM? It seemed like the creator Dragon had something to say!

“Although my three great techniques are powerful and I’ve mastered them, I’ve never stepped into a higher level in my life. It’s because of the three great

techniques,”said the creator Dragon. “Their limitations are too strong. They’ve restricted my ability to advance further.”

“But you... have a limitless future. If I teach you the three great abilities, it will only ruin your future,”said the creator Dragon. “So, I’ve decided to teach you another ability.”

Su Yu asked, “Is it a hidden ability of senior?”

“No! I’ve never cultivated it. Or rather, I have no chance to cultivate it.”The creator Dragon used his dragon claw to tear off a scale from his neck. The scale contained moving images as if he was cultivating.

“This is a secret technique passed down through generations of ancestral dragons, the Draconic Abyss Treasured Manual! It comes from the Dao Abyss and is the supreme treasured tome of the divine dragon lineage,”the creator Dragon said slowly.

Su Yu’s pupils constricted. It was Dao Abyss again!

Ancient God Nine Dragons had disappeared from Dao Abyss.

The Black Invitation was also Dao Abyss.

Even this supreme treasured tome of the Dragon World was related to Dao Abyss.

Just where was it?

“The ‘Dragon Abyss treasured Tome’records the secret of our Divine Dragon Lineage’s development to this day. If you can read it thoroughly, you can also be like my divine dragon and control the laws of the Great Dao.”The creator Dragon revealed a shocking secret. “The first generation ancestor dragon was just an ordinary divine dragon. After obtaining this ‘Dragon Abyss treasured tome’, he learned to control the laws of the Great Dao, so that his descendants can control it.”

Su Yu’s heart pounded when he heard that.

However, he remained calm and said, “Since senior has this item and has been trapped here for so many years, why don’t you cultivate? If you can reach the ancestral wizard realm, it shouldn’t be difficult to break the seal, right?”

The creator dragon praised, “You’re right, but you’ve underestimated the ancestral wizard’s seal.”

It tried to release the image inside the scale, but the chain seemed to have sensed something and tightened immediately.

The creator Dragon grunted, and pain and helplessness appeared in its eyes. It panted and said, “Do you know why?”

Under the effect of the seal, the scroll of the Dragon Abyss Treasure Scroll could not be opened at all.

“Not only does eternal night beg devil not know about the existence of this thing, even the ancestral witch who sealed me doesn’t know about it. Only in this way can you have the chance to see it,”the creator Dragon said slowly.

Su Yu stared at the “Dragon Abyss treasure scroll”and said, “Senior, do you have any additional conditions for me to cultivate it?”

The creator dragon stared at Su Yu and asked, “What do you think?”

Looking at the sealing chains on his body, Su Yu said, “If this junior can really learn the method to control the laws, I will definitely unseal senior.”

“That’s more like it!”The creator Dragon flicked its claws and gave the “Dragon Abyss Treasure Scroll”to Su Yu.

Su Yu held it with both hands and immediately felt that the Dragon Abyss treasure scroll was extremely gentle and felt very familiar.

However, he did not change his expression.

“Cultivating this scroll will consume a lot of time. Every generation of ancestral dragons would spend their entire lives to study it thoroughly. Therefore, you are not in a hurry. If you have time, you can just quietly comprehend it.”The creator dragon said, “I will go teach the three divine abilities. You can do as you wish.”

Su Yu nodded and left the spatial hole.

The creator Dragon’s eyes flashed as it said unhurriedly, “Kid, you should take care of yourself. I was sealed here because I stole the treasured tome. If you succeed in cultivating it, you’ll inevitably alarm a group of old monsters in the Dragon World.”

Su Yu was completely unaware of this. After coming to the outside world, he immediately set up a sensing barrier. Even the creator Dragon might not be able to sense it.

Su Yu took out the envelope left behind by ancient god Nine Dragons. The feeling of the envelope was exactly the same as the “Dragon Abyss treasured scroll”.

“What kind of material is this?”Su Yu was somewhat surprised. In the past three years, he had tried to analyze the composition of the envelope’s materials. In the end, this paper seemed soft, but it was not afraid of water or fire. It was not afraid of being crushed, and no power could do anything to it.

In fact, even when Su Yu used the Emperor Dao sacred artifact, not a single trace was left behind.

This ‘Dragon Abyss treasured scroll’was actually made of this material.

“Nine dragons ancient god, what kind of world does the ancestral dragon live in? is any piece of paper comparable to an Emperor Dao sacred artifact?”

With questions in his mind, Su Yu flipped open the 'Dragon Abyss Treasured Scroll', but all he saw were heavenly script characters.

In addition, most of them were extremely unfamiliar, and Su Yu couldn't even recognize ten percent of them.

Seeing this, Su Yu couldn't help but sigh. "Sigh! Why do they all like to use the heavenly book characters?"

In his distress, Su Yu felt that he might have to seriously study the heavenly book.

Whether it was the stone tablet that suppressed the evil woman or the many ancient objects, they were more or less related to the heavenly book characters.

He did as he was told, and Su Yu immediately focused on studying the heavenly book.

Chapter 1470 The Eve Before Departure (Third Watch)

In the nine regions world, the black qilin also mobilized all the living beings in the name of the nine regions God.

From peddlers and pawns to the nine regions god, they were all in action.

After learning that it was something Su Yu needed to refine, countless living beings were even more willing to throw themselves into it.

The vast and mighty project of the century finally began.

And outside the forbidden ground of ten thousand devils.

The Sky Holy Ship that had been waiting for three years finally filled up with the cannon of laws again.

The attack that was filled with endless power was contained but not unleashed. It was only waiting for Su Yu to show up and give him a destructive blow.

In a corner of the spiritual liquid, defiant Gu Yun was still recuperating his body that had yet to recover.

"It's been three years! Su Yu, I don't believe that you will never come out!" Defiant Gu Yun said with hatred.

He left the spirit pool and came to the core of the sky sacred ship. There was a young man sitting cross-legged in a pool of blood-red liquid.

His appearance was somewhat similar to his, and he seemed to have entered a critical moment.

The blood-red liquid around him kept boiling and bubbling, as if it would explode at any moment.

At this moment, the young man in the Spirit Pool suddenly opened his eyes.

Two streaks of solidified divine power pierced through the vessel, and the boiling blood-red liquid gushed out and scattered everywhere.

Traces of a bloody aura finally leaked out.

This red liquid was actually blood! !

Furthermore, it was the blood of a third-sky god.

Upon closer inspection, one would discover that behind the vessel, three withered bones that had long since rotted were lying there quietly.

Judging from their clothing, they were the heaven-defying empire's third sky generals.

When the blood receded, the youth's true appearance was revealed. Who else could it be but the heavily injured heaven-defying cold star?

Back then, Su Yu's boundless battle intent had heavily injured him and he had escaped. It turned out that he really hadn't died. Instead, he had been recuperating in the sky sacred ship..

To be more precise, he was recuperating and cultivating.

A divine power that was so pure that it made one shudder flowed between his brows, giving off an abnormal sense of danger.

Defiant Gu Yun could not stop smiling when he saw this. "You've finally restrained the limitless battle intent in your body. You can begin to break through the shackles of the third sky and break through to the second sky of the deity realm."

Defiant Han Xing said coldly, "What's there to be happy about? If it wasn't for Su Yu who heavily injured me and nearly shattered my divine essence, why would I waste three years to recuperate? Why would I need to slowly cultivate for another two years?"

Originally, when he was in a desperate situation, heaven-defying cold star had survived the disaster and comprehended the opportunity to break through to the second sky. Within half a month, he could have broken through to the second sky of the God realm.

However, he was injured by Su Yu's boundless battle intent and injured his divine essence. He had spent three years just to recover from his injuries.

Now, he needed to comprehend the opportunity he had comprehended back then again. It would take him at least one to two years.

He would be able to drag this out for a full five years.

Defiant Gu Yun said, "It may be a blessing in disguise. If it weren't for Su Yu's pressure, you would need at least ten years to find the opportunity to break through to the second sky."

There was only hatred in defiant Han Xing's heart. "I don't care! Two years later, when I reach the second sky, if Su Yu still hasn't come out, I will definitely kill my way back to the Eternal Night Empire and slaughter everyone related to him!"

Although that was the case, Su Yu didn't have many people related to him in the Eternal Night Empire.

Even if he did, it was still a close relationship.

"Two years is good too. The Eternal Night Empire and the Supreme Qing Empire are currently engaged in a fierce battle, and there's an unfathomable fish emperor outside. Even I don't understand this situation." heaven-defying Gu Yun continued, "Especially this fish emperor, he gives me a very bad feeling."

“It just so happens that we can avoid him for now. Let them fight each other. When the dust settles, I’ll come out and clean up the mess!”

Defiant Gu Yun said, “The world is no longer important. My only goal is to kill Su Yu. Everything else is no longer important!”

Defiant Gu Yun smiled lightly. A hint of killing intent disappeared from his smile.

Both father and son were born defiant, and neither of them was willing to submit to the other.

If Defiant Cold Star hadn’t reached the second sky, then it wouldn’t be a big deal.

But if both were at the second sky, there would be conflicts between them sooner or later, especially when they had the same goal.

In history, both father and son had reached the second sky, and it wasn’t uncommon for them to kill their son and father in the end. It happened almost every generation.

At this moment, the heaven-defying cold star had no interest in the world. It was the best.

“That’s good. We’ll wait for two years. If he doesn’t come out of seclusion, we’ll return to the Divine Realm and kill our way into the Eternal Night Empire!”

--

An entire year had passed in the outside world.

In the land of the nine prefectures, there were no longer any mountains, trees, or rivers. Only snow-white metal could be seen, covering all the land of the nine prefectures.

People’s lives had been moved from the ground to the snow-white metal surface.

The land of the past had become underground.

The black and white elders were in front of a huge furnace. At this moment, the furnace rumbled, as if something was colliding with it.

The two of them were delighted. They each took out a few space jade pendants and sent a message to the gods in the nine prefectures.

The first to arrive was the qilin God. He couldn’t help but sigh, “Damn it, the last component has finally been successfully refined.”

After a year, countless resources were consumed. All the living beings’ strength was used to work day and night without any pause.

All the components of the world annihilation plate were finally refined through the great furnace.

Each component was pieced together by small components. Because of its enormous size, it unknowingly occupied the entire nine regions world.

As a last resort, the creatures of the nine regions left the land and lived on the components.

The black and white elders were also gratified. “Yes, we only need to piece the components together, but it will probably take an entire year. Especially this last component, I’m afraid it will take even longer.”

The black qilin muttered, “One year, another year and we can start refining the ancient lost weapons of civilization...”

His heart had long been eager to recreate the weapons of civilization from the past!

Knowing this, Su Yu heaved a sigh of relief and silently chanted in his heart, “One year... Jingyu, wait for me one more year!”

Time flew by in a flash.

The last year slowly flowed through Su Yu’s anticipation and anxiety.

In this year, he was immersed in the heavenly book characters, but his mood became more and more nervous and anxious. From time to time, he gave up on cultivation and entered the nine regions to watch the progress.

Until today, the Black Qilin took the initiative to appear and announced the news of success with a smile on his face.

Su Yu immediately gave up on cultivation and appeared in the nine regions cave abode world.

At a glance, the nine regions cave abode world only had an endless blue sky and a snow-white land.

Looking down from a high altitude and peering at the entire nine regions, one could see a huge disk that covered the nine regions cave abode world.

It spanned a radius of one billion kilometers and was incomparably huge!

Its entire body was snow-white and emitted a soft white light, as if it was formed from snowflakes.

Its body was flat and round in shape, with a slight bulge in the middle that looked like a gong.

In terms of form, it did not match the reputation of the rumors.

But its power, Su Yu stared at the center of the World Annihilation Disc, at the hundreds of huge cannon muzzles, and he was secretly apprehensive.

These cannons were filled with energy, and waves of destructive power reverberated in the cannons. With just a command, they could destroy all enemies.

Based on his intuition, the power of these cannons was no weaker than the hundred huge cannons on the sky sacred ship.

He believed that each cannon could easily wipe out a third sky mighty figure.

The most peculiar thing was that the hundred huge cannons were arranged in a very unique position. They were arranged around a fiery red ball in the shape of an array.

The ball was like an existence that was surrounded by stars. It was extremely abrupt.

Looking at the fiery red ball, Su Yu’s eyes were filled with excitement.

According to the design, this red ball could gather the energy of the hundred cannons and fire it at a single point.

The amount of energy fired at that time would be so shocking that it was unimaginable!

Back then, the four great empires had built a replica of the doomsday disc together. It was precisely with this cannon that the endless source of energy was blasted open. The remaining energy broke through the demon world and pierced through the sea of bitterness giants.

Suppressing the excitement in his heart, Su Yu took a deep breath and flew to the center of the snow-white disc.

The disc looked flat, but it had its own internal space and was extremely vast.

In terms of space, it was ten times wider than the nine regions cave abode world.

Su Yu stared at the space and said, "Qilin God, use a month to move the nine regions creatures here. This place will be the new territory of the nine regions."

The design had already stated the purpose of the internal space, which was to contain the living beings.

It was impossible for such a huge weapon to be operated by one person.

It required countless people to manage different parts in order to move this huge object.

It had already been decided that the living beings of the nine regions would be moved in.

The black qilin did not show any courtesy. "Haha, I have been preparing for this. It will be done in half a month."

The nine regions had grown and expanded by almost ten times. In terms of territory, it was indeed too small.

The black qilin already had the intention to expand his territory, but unfortunately, his divine power wasn't enough to maintain a larger space. This World Annihilation Board saved him a big problem.

"Good! Half a month! The day we leave in half a month." Su Yu's eyes shone brightly as he quickly left the nine regions world.

Opening his eyes, Su Yu stopped his cultivation and came to the dimension where the creator Dragon was.

"How's the cultivation of the 'Dragon Abyss Treasured Scroll'?" The creator Dragon asked indifferently.

Su Yu cupped his fists. "Just a little bit."

With a thought, the illusory image of some law chains appeared around Su Yu! !

"How is this possible?" The creator Dragon's tone changed abruptly, but the dimension around Yu flashed and teleported him directly in front of him.

The creator Dragon's huge eyes stared at Su Yu without blinking. He carefully looked at the space chain fragments around him, he was extremely surprised. "It's really unexpected. In just two years,

you seem to have really learned the basics of controlling the nomological chains. HMM, although it doesn't have any actual power, it's still too shocking!"

"Based on my estimation, you'll need at least 10,000 years to be able to touch the basics. I didn't expect that..."the creator dragon clicked his tongue in wonder. "In terms of comprehension, you're not inferior to that group of demonesses from the goddess tribe."

The goddess tribe? The tribe that Xia Jingyu belonged to.

There were three main reasons why Su Yu could cultivate so quickly.

First, he had already understood the tomes of arcane. In addition, after two years of hard work, he had become much more proficient.

Second, he had the ability to accelerate time. It seemed like two years, but in reality, two thousand years had already passed.

Third, it was the god of calligraphy!
