Chapter 1481 Hidden Dragons And Crouching Tigers

Just as Su Yu was in disbelief, the jade bracelet flew out by itself and flew towards Tao tie.

Seeing this, Tao tie was extremely terrified and even let out a terrified roar.

This did not stop the jade bracelet from flying towards him.

A scene that shocked Su Yu appeared!

The jade bracelet continued to enlarge and reached a size of ten million Zhang.

Then, it was put on Taotie's body.

Then, the jade bracelet continued to shrink. The Taotie could not help but shrink along with the jade bracelet. In the end, it was only the size of a palm.

The incomparably huge taotie was suppressed to an extremely small size.

Not only that, its strength was also suppressed by the jade bracelet.

At this moment, it was harmless.

Su Yu was shocked when he saw it. Where did this jade bracelet come from?

A civilized weapon? Even a civilized weapon couldn't be this powerful!

The Taotie flopped on the ground in fear. It was clumsy and laughable, but it still couldn't connect it to the ferocious giant beast from before.

It carefully tested it and made sure that the Taotie was no longer in danger.

Only then did su yu pick it up. Yes, he picked it up!

After being picked up by Su Yu, the Taotie flopped even more in fear. However, it was tightly bound by the jade bracelet and couldn't escape from Su Yu's palm at all.

Su Yu had the urge to laugh. Was this really not a dream?

She carefully thought about the fate that had been triggered when she saw Wu Xin again.

Wu Xin must have lost her life because of Su Yu. That should have been her fate.

In the end, Su Yu unexpectedly sensed the direction of fate and refused to follow her, avoiding the shocking danger of the Taotie.

When fate changed, Wu Xin had to settle for the second best. She gave this ring to Su Yu as compensation.

Now that they thought about it, it was as if everything had been arranged.

If not for eternal night first Snow's request to return to the imperial capital, would they have met unintentional?

If not for unintentional following, would she have given the ring?

If not for the ring, would such a great danger today be resolved so easily?

The answer was no!

Su Yu's original fate was to suffer endless danger and die in the eyes of Taotie.

In the end, his fate changed time and time again, leading him to the other extreme!

Not only did he not die, even the Taotie fell into his hands.

Two changes in fate. One was a great calamity, and the other was a great fortune.

Did the changes happen naturally, or were they changed by external forces?

There was an existence in the unseen world who had been killing Su Yu for a long time. He did not doubt in the slightest that he might have been the one who arranged the terrible fate in the beginning.

What was most suspicious was how the nine-headed God had rushed out of the lake. He had clearly heard the sound of the nine-headed God being smashed into the bottom of the lake. How had he come up?

It was absolutely impossible for it to climb out of the tunnel by itself. Otherwise, after so many years, he would have long since climbed into the galaxy divine realm countless times!

Su Yu absolutely would not believe that there was no invisible existence helping him in the dark!

"I dodged another disaster!" Su Yu thought to himself. The problem was that the fate was arranged by those existences.

Then, who was the one who changed the fate?

Just as Su Yu was thinking, the Taotie suddenly vomited a pool of liquid.

There was a small person in the liquid that was hard to see with the naked eye. It was mistress red-dust who had been swallowed.

Before she could be digested, she was shrunk along with the Taotie.

Su Yu took it to the side. She was not affected by the jade bracelet. She gradually enlarged and returned to her original form.

She was still controlled by mistress red-dust. She shook the foul stench all over her body speechlessly and complained, "Seriously, why didn't you save me earlier?"

The corner of Su Yu's mouth twitched. "Your reaction is really calm!"

"EH, this bracelet of yours seems to be very special. I think I've seen it somewhere before." Mistress red-dust looked at the shrunken taotie without any fear. She focused her attention on the jade pendant that bound it and blinked curiously.

Eh? Su Yu's expression changed slightly. She had seen it before?

"But I can't remember," mistress red-dust said again.

The veins on Su Yu's forehead twitched.

Mistress red-dust was only slightly curious, but she was no longer interested in the jade pendant. It was as if this item was not worthy of her attention.

She looked around, and the corners of her mouth curled up. "This is the galaxy divine realm? It's far inferior to the lost divine realm. There isn't even an expert..."

"Yi! There's actually a demon that's trying to become a god. It seems to be a descendant of the Devil Sword Emperor,"mistress red dust said calmly.

Devil Sword Emperor? Su Yu was shocked again.

The nine Yang Universal Sword array he cultivated was the essence of the Devil Sword Emperor.

The demon race was actually a descendant of the Devil Sword Emperor!

This was far beyond Su Yu's expectations.

If he remembered correctly, there were also devil sword emperor sects in the fallen divine realm. However, the last time they explored the endless source, they were eaten by Taotie and then replaced by other imperial sacred sects. After that, they gradually declined, they disappeared in the long river of history.

He didn't expect that the devil race was actually the descendant of the Devil Sword Emperor!

No wonder the royal family of the Devil Race inherited the nine Yang Universal Sword Formation!

Unfortunately, the first Devil Emperor took a wrong path and cultivated the 10000 devil reincarnation curse instead of inheriting the essence of the Devil Sword Emperor.

Mistress Red-dust wasn't interested after a glance and continued to look into the depths of the galaxy. She shook her head and said, "There aren't any experts to speak of. It's okay if it's just the descendant of the Devil Sword Emperor. I'd better go back..."

As she spoke, mistress red-dust seemed to have sensed someone. She suddenly turned her head and looked into the depths of the Eastern Alliance. Her calm eyes were filled with shock. "Hiss! It's that Lord! Why is he in the tiny galaxy divine realm?"

"Also, the person who played chess with him isn't the one who died and whose remains are missing..."

Pu --

Suddenly, mistress red-dust seemed to have suffered some kind of attack. She opened her mouth and spat out a mouthful of blood, blocking the words that were about to come out of her mouth.

Her face instantly turned pale. She hurriedly cupped her hands in the direction of the Eastern Alliance. "This junior is rude. This junior will take his leave immediately!"

After saying that, she plunged into the heavenly lake without turning her head back!

Su Yu was left alone. She was extremely shocked.

She did not even put Taotie in her eyes and treated it indifferently. Who Did she see just now? Who was she injured by again?

Especially that last fearful expression. It was definitely not a false pretense!

Su Yu was extremely shocked. The once Savage Galaxy had actually become extremely mysterious in his eyes at this moment.

There was actually a powerful unrivalled mighty figure hidden in the galaxy?

Taking a few deep breaths, Su Yu withdrew his contempt and became extremely vigilant.

Just what kind of person was hidden in such a small galaxy God realm?

Who was that Lord? Also, she said that one of the Nine Emperors was playing chess!

Didn't the nine emperors turn into ashes during the Great War against the evil daughter?

Why was there still one who survived?

His heart stirred up a huge wave!

Shua Shua Shua --

Eternal Night Wuheng and the others who sensed the weak whirlpool aura quickly rushed back.

When they saw the jade pendant in Su Yu's palm and the Taotie that was suppressed by the jade pendant, their eyelids twitched in shock.

The Taotie was actually... suppressed?

Shua --

A slender hand grabbed over, and the tree God's eyes were filled with a golden light. "Wow! It's a living taotie. It must be very valuable!"

Su Yu rolled his eyes in annoyance and sucked it into the nine Jade Spirit Pearl. "I can't give this to you. If it escapes, I have no confidence that the jade pendant will seal it again."

This beast was too terrifying. Su Yu would never dare to hand it over to outsiders.

After the danger of the Taotie was resolved, Su Yu's heart finally flew towards Xia Jingyu. He took out the heavenly book of the starry sky and handed it to Bi Wanqing. "Can you help me find it now?"

Bi wanqing nodded and touched the heavenly book. Her purple eyes constantly emitted a bright purple light as if she was looking for something.

After a long while, she closed her eyes tiredly and pointed in a direction. "The line of fate between you and her is over there."

Following the direction she was pointing at, Su Yu's eyes revealed a strange expression. "In the direction of the Eastern Alliance?"

How was this possible? He had stayed in the Eastern Alliance for several years, but there had never been any news of Xia Jingyu.

Was she trapped somewhere, or had she... Fallen Between Heaven and earth?

"Let's Go!" Su Yu did not stop for a moment. He immediately boarded the Doomsday Board and hurried on his way.

At this moment, his heart was like a lamp in the wind, flickering and extinguishing. He was extremely nervous.

From the thread of the mortal world to the thread of fate, he had finally found a trace of Xia Jingyu.

They had been separated for nearly twenty years. Would they be able to meet again?

Under the PEAR Blossom Moon, would the beauty who had followed him to comprehend the divine will be the same as before?

Questions lingered in his heart.

They had been gone for a long time, and several auras of gods had arrived one after another.

Some were from the demon race that was closest to them, and some were scattered in the galaxy.

The people from the demon world were vast and mighty. There were many demons that came forward. Most of them were quasi-gods, and a few were gods.

They gathered around a queen and slowly arrived nearby.

If Su Yu was here, he would definitely recognize her. She was the princess of the demon world, Princess Yun Xia!

The person Tian Jizi loved the most in the past, the Princess of the Demon Emperor of the demon world. She was also someone who controlled the demon world in reality.

Her eyes were as sharp as before as she swept her gaze over the surroundings. "After tens of millions of years, I can see that terrifying light again. What exactly is that? Why did it come from the bottom of the Heavenly Lake twice?"

Beside her was her newly selected maid, she said, "Reporting to Your Highness, seven years ago, lord six paths fell into the Heavenly Lake and never returned. However, it was only five years ago that his life token broke. I wonder if there is another grotto-heaven under the Heavenly Lake?"

Princess Yunxia glanced at her. "Nonsense! The galaxy is the entire world. How can there be another grotto-heaven?"

The maid was so scared that she trembled and did not dare to speak again.

Princess Yunxia's eyes were cold, but she said in her heart, "There is more than one grotto-heaven below. That is the most prosperous place in the ancient god Realm."

If Su Yu knew what she was thinking, he would probably be surprised.

Since ancient times, other than Su Yu and the others, there had never been a second person who had come back alive from the abandoned divine realm.

How did she know about the situation in the abandoned divine realm down there?

"Strengthen your cultivation level and arrange for patrols in the vicinity!" Consort Yunxia said. "The most critical moment for the first generation Demon Emperor has arrived. We absolutely can not be disturbed by external forces!"

The many demon gods were secretly excited. After waiting for so many years, the first generation Demon Emperor had finally reached perfection in his cultivation. He was prepared to devour all the

living beings in the starry river, using their power to break through the shackles of a lower god and reach the Highgod Realm?

Amidst the cheers, the demon race retreated.

What they didn't know at all was that not far away, on a meteorite, stood an old man with his hands behind his back.

His face was old, his temperament was calm and gentle, and his entire body was emitting a faint Buddhist light.

If those who weren't in the know saw this, they would think that he was a Buddhist expert.

But if Su Yu was here, he would definitely recognize that the old man was no other than the galaxy's infamous, terrifying assassin who had established the Hades department, the god of Death!

In the past, he was the Undying Demon Emperor of the demon world. He was unwilling to sacrifice himself to the sea of bitterness giant and successfully escaped. He established his own sect in the outside world and became the number one expert, second only to the demon emperor, the god of Death!

He stood on the meteorite and calmly watched the demon race gradually disappear into the distance. He had just arrived at the lakeside.

His old eyes scanned his surroundings and said softly, "You've finally shown yourself. I wonder if you still remember the agreement you made with me back then!"

Back then, before Su Yu had flattened the god's relic, he had made an agreement with this terrifying god of death.

Ten years had passed, and Su Yu had also disappeared for ten years. Yet, he could not forget it.

Chapter 1482 The Vicissitudes Of Life

With a thought, the god of death disappeared into the galaxy.

And at that moment in the galaxy, a ball of yin and yang qi penetrated through the heavens and earth, crossing countless stars.

The desolate beasts that were foraging in the galaxy looked up at the empty galaxy in a daze. Then, they lowered their heads and continued foraging as if nothing had happened.

A few days later, Su Yu teleported to the vicinity of the former divine relic.

Back then, Su Yu had flattened it and turned it into ruins. The evil creatures hiding within it had all been killed.

Logically speaking, this place should have been a dead land.

What was strange was that three new cave abode worlds had been born in the ruins world, occupying this area.

Su Yu frowned slightly, "The divine relic land has been resurrected?"

Not far away, there were ten huge battleships surrounding the three cave abode worlds.

The battleships had the unique symbol of the east alliance on them. There was no doubt that they were sent by the East Alliance to exterminate the survivors of the god relic land.

What caught Su Yu's attention were two of the battleships that belonged to the Baotong god of commerce.

Su Yu was surprised. "Is he here too?"

After pondering for a moment, Su Yu said, "Follow me to meet my old friends."

With a flash, Su Yu immediately appeared on one of the battleships belonging to the Baotong god of commerce and descended directly into the most important room in the cabin.

From what he could sense, there was an expert at the fifth sky who was about to break through to the fourth sky.

In the Eastern Alliance, only the Baotong God of commerce and the sacred God had such strength.

However, the one who entered his sight was not the Baotong god of commerce, but an unfamiliar god that Su Yu had never seen before.

"Who are you?" Su Yu asked. Had the Eastern Alliance and Western Alliance ever had this god before?

That God was about forty years old. His entire body was surrounded by an ice-cold aura, giving off an extremely uncomfortable feeling.

He was currently cultivating, and he did not have the slightest bit of guard against an intruder. He said in shock and anger, "Who are you people? How dare you intrude into the God Domain Empire's fleet?"

God Domain Empire? Su Yu was slightly surprised.

"HMPH! Why Are You So Fierce? ! Answer me honestly!" How could Luo xueyi tolerate an unremarkable little lackey shouting at Su Yu? A casual incantation sealed him until he could not move.

Just now, the god's expression changed drastically. Realizing that he had encountered a peerless expert, he said in shock, "You... Seniors, who are you?"

Back then, when Su Yu was famous, not many people had seen him in person.

It was not too strange that he did not know Su Yu.

Su Yu asked, "Who are you? Why haven't I seen you before?"

The god quickly replied, "I am Yi Mu, the captain of the West Fleet. I was ordered to come to the land of God relics to encircle the rebel army."

"The West Fleet..." Su Yu's eyes were filled with relief. "After not returning for so many years, the Eastern Alliance has finally made a move. Even the galaxy fleet is ready!"

Su Yu continued, "Then, what is the God's Domain Empire that you speak of?"

UH --

Yi Mu looked at them as if he was looking at a monster. If it was a weak creature that did not know, then so be it. Why did seniors like them not know about the major events that happened in the starry sky?

Seeing Luo Xueyi's unfriendly expression, Yi Mu was quick-witted, he said, "Seniors, there is something that you do not know. Six years ago, Lord Voidwalker mother used her noble personality and charisma to convince the Western alliance and the Eastern Alliance to merge with her supreme strength. She formed the number one force among the creatures in the starry sky, the God's Domain Alliance."

"Ptui!" The Tree God's two eyebrows were almost raised, and his eyes were burning with rage. "Her? Her noble personality and charisma convinced the Western Alliance? Isn't she shameless?"

It was clearly Su Yu who unified the Western Alliance and became the Western Alliance's leader. He used his supreme might to suppress it and barely managed to convince the Western Alliance and the Eastern Alliance to merge and jointly resist the demon world.

How did it become the contribution of the Voidwalker Mother?

Without Su Yu seizing the position of the Western alliance leader, Hehe, it would be difficult for the envoys of the Eastern Alliance to even meet the Alliance leader, let alone the merger of the two alliances?

"Did no one tell you that it was alliance leader Su who facilitated this?"

Yi Mu was clearly stunned and said, "Alliance leader Su? Who Is It?"

Tree God smiled with murderous intent, but Su Yu patted him on the shoulder, he said indifferently, "It doesn't matter who contributed. She was able to accommodate the Western alliance and establish a unified organization to resist the demon world. This is in line with my original intention. There's no need to argue over the merits."

The tree God turned his head and glared at him with dissatisfaction. "You, are you trying to anger me to death?"

Su Yu looked at Yi Mu and said, "En, tell me. What about the rebel army in the god Relic Land?"

Yi Mu said, "They are all bloodthirsty people in the God Domain Empire. They even colluded with the demon race and leaked the whereabouts of our army, causing the deaths of many soldiers who were crusading against the demon world. Everyone has to kill them!"

"It's a pity that they are so powerful. Relying on these ruins, they only defend and not attack. We can't do anything for a while."

Su Yu's eyes flashed with a cold light. In the face of great danger, there were even traitors who colluded with the demon world!

"Are there people in all three Immortal's Cave Worlds?" Su Yu said coldly.

Yi Mu's body trembled as he thought to himself, "Where did this god of killing jump out from? Such strong killing intent. I'm about to break through to the fourth sky, but in front of him, I actually feel like I'm going to be crushed to death at any moment."

Swallowing his saliva, yi mu said, "After being besieged by us for the past few days, they have all gathered in the immortal's Cave World in the middle to resist stubbornly."

Su Yu's gaze swept over the cave abode world in the center. The aura of a great battle remained in the vicinity.

"A group of people who are cut into pieces by a thousand knives," Su Yu said coldly. He hated traitors the most in his life, especially those who had no bottom line in front of great right and great wrong.

Selling out their own military intelligence and causing the death of the god domain army was truly a responsibility that could not be absolved from death!

"All of you wait for a moment. I'll be back soon!" Su Yu flew out of the cabin alone.

Yi Mu said, "Senior, I'll send an expert to accompany you on the Expedition!"

Eternal night first snow said indifferently, "There's no need. Your so-called expert can only cause trouble for him."

Just as Su Yu approached the cave abode world in the middle, he immediately blasted out a burst of fusion power.

The power was not weak, comparable to a full-strength strike of a fourth sky.

Su Yu did not Dodge and allowed this strike to hit his body. It was like a clay ox entering the sea, not even a single corner of his clothes was injured.

Yi Mu was dumbstruck. He said with a trembling voice, "This, what kind of strength is this?"

Following that, an even more shocking scene appeared.

In the sealed cave abode world, Su Yu casually took out a golden longsword. He slashed horizontally in the air and slashed out a golden sword qi that pierced through billions of square kilometers.

Chi La --

A loud sound caused Yi Mu's eyeballs to fall out of their sockets. A shocking scene appeared before his eyes.

That Sword Qi had actually split the entire cave abode world into two!

Su Yu held the Golden Flame Forbidden Wood Longsword in his hand. Like a god of war, he stepped into the cave abode world amidst the endless rumbling of its destruction.

With a casual sweep of his gaze, he immediately sensed that several auras of gods that were not weak had gathered in one place. They were gathering together to deal with Su Yu, this peerless enemy that had suddenly appeared.

“Shattering the world of the cave abode with a single sword... just how powerful is that?” In the center of the world of the cave abode, a stout man who exuded a powerful presence could not help but tremble. He sighed deeply, despair filled his face. “Mother Nature Walker, you are so ruthless! You actually want to personally eliminate us completely?”

Beside him was a female God who was filled with the radiance of motherhood. Golden divine blood flowed continuously from her chest. Her presence was gradually weakening, and her divine essence was showing signs of withering. She looked as if she had been severely injured.

She sighed helplessly. “It doesn’t matter if we die. We are both eyesores to the voidwalker mother. It’s a pity that no one can protect those juniors anymore.”

Sensing that powerful aura that seemed to be crushing them was gradually approaching, the two of them looked at each other with absolute determination in their eyes.

“Kill! Kill one that will live forever, just like that person. He still has one breath left, and he won’t die in battle!” The tall and sturdy man clenched his fist and suppressed his fear as he charged forward.

The female God also had a look of unwillingness on her face as she charged forward with an expression of despair.

However, what shocked them and made them feel despair was that the other party was too strong!

Before they could even sense the other party’s figure, they were suppressed by a powerful aura, and they fell from the sky to the ground step by step.

When their feet touched the ground, a hand was placed on their shoulders.

It was clearly a casual touch, but what made them despair was that their divine power was easily suppressed, unable to be used at all.

The two glanced at each other one last time, only to feel a sense of relief and bitterness.

In front of the voidwalker mother, they even had the power to resist..

“Sacred God, Baotong god of commerce, can the two of you explain why it is you?”

However, what resounded in their ears was not the imagined Skywalker mother, but a male voice.

A voice that they were so familiar with that they would dream of in their dreams for the past seven years had suddenly appeared in reality without any warning.

The two of them trembled in disbelief, as if they were dreaming.

Turning their heads stiffly, they saw an extremely familiar face that they would never forget.

Even so, they still did not dare to believe it.

Bao Tong god of Commerce asked in a trembling voice, “Who... Are You?”

The saintess also stared fixedly at Su Yu. She could not believe that the one who was able to suppress them with just his aura was that Brat from back then!

Su Yu let go of his hand and said with his hands behind his back, "I'm back."

The words 'I'm back' finally woke them up from their confusion.

It was Su Yu!

He had come back alive from the Heavenly Lake!

"It's really you!" The two of them had gone from disbelief to shock, to ecstasy, to exclamations.

Some of the living beings around them had also gone from despair to looking at each other.

What happened? Wasn't that heaven-defying existence here to kill them? Why did he seem to be familiar with the two gods?

Su Yu looked down and saw many familiar faces. Some of them were from the sacred family, some were from the Baotong family, some were from the refining family, and some were from the crane God family.

All of them looked exhausted and mentally tormented.

"I learned that this place is encircling the traitors of the celestial domain empire. I didn't expect it to be you guys! So, the so-called collusion with the devil realm leaked information and caused the death of our army. Is there something else?" Su Yu said indifferently.

He believed in their character and would definitely not collude with the devil realm.

Hearing this, Bao Tong god of Commerce could not help but raise his head and laugh loudly. He laughed until two streams of bitter and old tears flowed out.

At this moment, Su Yu realized that Bao Tong god of Commerce's temples were pale, his forehead was full of wrinkles, and the color of his skin had also become much duller.

After not seeing him for seven years, he was actually so old?

The Sacred God had also become much more haggard. He was no longer as graceful and noble as before. His eyes were filled with crystal tears as he looked at Su Yu and smiled. "Su Yu, the galaxy is no longer the galaxy of the past. After seven years, everything has changed!"

Chapter 1483 Historical Remains

"Speak, I am listening," Su Yu said indifferently.

Su Yu's calm eyes seemed to be able to see the waves hidden beneath them.

The holy God wiped away his tears and said, "Everything has to start from the integration of the Western Alliance!"

"The two alliances have become one. The eastern and Western alliance should have each elected a leader to form the federation. However, you have disappeared without a trace, and your life and death are unknown. The Western

alliance is without a leader.”The holy god said, “The Western alliance has decided to let Ximen Jian and god Linlang jointly manage the alliance and use this to form an alliance with the Eastern Alliance.”

“And the leader of the East Alliance is, without a doubt, the voidwalker mother. When the two sides reached an agreement on the alliance, everything should have gone smoothly, but...”at this point, the Holy God said, a bone-piercing chill appeared in his eyes. “The demons suddenly attacked, and suddenly appeared at the negotiation venue. Ximen Jian and god Linlang died on the spot!”

Eh? Su Yu’s pupils constricted. They had actually died!

Both of them were experts at the peak of the fifth heaven, almost on par with the divine treasure god of Commerce. How could they have died?

Furthermore, how could the demons suddenly enter the negotiation venue? Easily kill them?

“How did they die?”Su Yu asked, an indescribable coldness in his eyes.

The Divine God shook his head. “This is what is hard to understand. At that time, the negotiations were conducted in secret. Only the Voidwalker mother and their two leaders were present. In total, three people were present. In the end, they were surrounded and attacked. Only the voidwalker mother survived and wiped out the enemies. Ximen Jian and god Linlang unfortunately died!”

Hehe, let’s not talk about how the demons arrived at the Eastern Alliance’s hinterland. Let’s talk about the fact that the voidwalker mother had the ability to annihilate the invading enemies. Why did it cause the two of them to die so tragically?

“The Western alliance was once again leaderless, and the negotiations dragged on. They were forced to stay outside the galaxy for three years. In the end, they were constantly ambushed by small groups of demons, and their casualties became increasingly heavy!”The holy god said, “The hateful holy God continued to drag on, causing the Western alliance to suffer more and more serious injuries.”

“In the end, it was me and God Baotong, along with the other gods, who requested for a second negotiation. The condition of the negotiation was for the Western alliance to unconditionally integrate into the Eastern Alliance and establish a Celestial Empire!” “Because of this, the two sides fell out, and a great war almost broke out.”

Such harsh conditions were deliberately creating conflicts between the two sides no matter how one looked at it.

“It was me, God Baotong, and the other gods who acted on their own initiative. They used breaking away from the eastern alliance as blackmail to force the voidwalker mother to give in. The condition was still to establish a celestial empire, but the Western alliance was not under the jurisdiction of the Empire. They were only responsible for cooperating with it.”

“I originally thought that the matter would end like this, but who knew that after the Eastern Alliance merged with the Western Alliance, something unexpected happened. The voidwalker mother discovered that the Western alliance contained the first Prince of the Devil Realm, the second princess, and the sixth princess. She was furious, and she did not listen to their reason for joining the Western alliance. Even if they gave up their weapons and surrendered, she still insisted on killing them!”

They were all captured and imprisoned in the underground prison.

“A group of people from the Western alliance and I who knew about this immediately spoke up, but none of us were believed.”The Holy God clenched his fist, he displayed the intense injustice in his heart. “The most unexpected thing happened. Another group of powerful soldiers from the demon world attacked, and the Celestial Domain Empire sent a large army to annihilate them. In the end, we were ambushed Midway, and all of us were wiped out!”

“The voidwalker mother investigated rigorously and determined that someone had colluded with the demon race to release information to the enemy. In the end, she said it from the mouth of a demon captured alive. The ones who sent the information to them were actually me, the god of Commerce, the god of Sword, the God of refining, and some of the great gods who held power in the Western Alliance!”

“The result is obvious. We were hunted down by the Celestial Empire. From being a great contributor to the Celestial Empire, we fell to the level of traitors. We even hid in the land of God relics in the past, struggling to survive.”The holy god was filled with grief and indignation.

After listening to the narration, Su Yu slowly closed his eyes and suppressed his killing intent.

The voidwalker mother..

At this moment, he could not forget the past even if he wanted to!

From the Holy God’s narration, the various actions of the voidwalker mother were too suspicious. It was almost certain that she had ulterior motives.

Suppressing his killing intent., su Yu frowned and said, “The two of you are peak fifth heaven experts. You are only a hair’s breadth away from reaching the fourth heaven. Why are you being pursued to such an extent? “Moreover, you have been established in the Eastern Alliance for many years. Your prestige is spread throughout the world. With a single order from the Voidwalker mother, you can make all the gods pursue and kill you?”

This was something that Su Yu could not understand.

God of Commerce Baotong smiled bitterly. “You may not know this, but a hundred years ago, the Voidwalker mother discovered a peerless ruin at the bottom of the Eastern Union. It was filled with

an unimaginable amount of resources. Over the years, she has always placed her trusted aides in the ruin to cultivate, and she has nurtured ten peerless experts at the fourth sky

“As for herself, she has long since quietly cultivated to the third firmament

“This is why we are being hunted down in such a sorry State!”

Su Yu’s eyes flashed when he heard this.

Long ago, when the heavenly lake was discovered at the bottom of the Western alliance, Su Yu had already guessed what was beneath the Eastern Alliance.

The galaxy was drifting at all times. To stabilize the world of the cave abode, one had to rely on certain objects in order to stabilize it.

The Eastern Alliance should not be an exception.

Who would have thought that it would be a mysterious ruin.

What was even more unexpected was that this ruin had been discovered for more than a hundred years. The voidwalker mother had even used it to secretly develop its power, nurturing as many as ten stage four gods.

This power could not have been any easier to govern the eastern and Western Alliance!

No wonder with the strength and prestige of the sacred God and the Baotong god of commerce, I would easily end up like this.

It was likely that the other gods were afraid of the strength of these people and did not dare to resist.

Su Yu could not help but think of Yi Mu in the outside world. If nothing unexpected happened, he was one of the confidants of the Voidwalker mother.

“Su Yu, what kind of strength do you have now? Why Can’t we see through it at all?” Baotong god of commerce stared at Su Yu. He recalled the scene where the two of them were easily suppressed by him, and his heart became lively.

Su Yu said, “I can’t measure your specific strength, but... it’s not difficult to resolve the current situation.”

Their eyes lit up at the same time. Su Yu had the confidence to resolve the current crisis?

However, what Su Yu said next made them sink into an inexplicable shock. “It’s time to get rid of the voidwalker mother.”

Get Rid of the Voidwalker Mother? They were both surprised and in disbelief. What had Su Yu experienced at the bottom of the Heavenly Lake? Where did she get the confidence to get rid of the Voidwalker Mother?

Right now, she controlled the largest faction in the galaxy, the Saint Empire, and her own strength had also reached the third sky.

Even if Su Yu had reached the third sky, it was impossible for her to contend against the Voidwalker mother.

“Let’s go. Let’s take over this fleet from the west first,” Su Yu said. With a wave of his hands, the sacred deity and the Baotong god of Commerce felt as if the entire world had been turned upside down.

When their feet landed on the ground, they had already appeared in one of the cabins.

Yi Mu, who was cautiously entertaining Luo Xueyi and the others, had his eyelids twitch. When he saw the sacred god and Baotong God being grabbed by Su Yu’s shoulders, he was overjoyed but also shocked. What kind of terrifying strength was this? In just a few short breaths, they had captured the two great gods who had been on the run for many years!

However, in the next moment, Yi Mu froze on the spot.

Su Yu let go of his palms and said, “Sacred God, Baotong God of Commerce, go take over this fleet. If any of you are loyal to the sacred mother and resist, kill them without mercy.”

Sacred God and Baotong god of commerce stared at Yi Mu. Seeing that the other party did not even dare to breathe loudly, they were also stunned.

“What are you waiting for?” Su Yu glanced at the two of them.

A casual glance caused their bodies to tremble, as if they were under great pressure. They immediately accepted the order and headed to the various warships to capture the important members.

Yi Mu’s expression finally changed, and he said, “Senior, they are traitors who colluded with the demon race. Why are you...”

He did not understand why Su Yu, who was filled with righteous indignation and killing intent just a moment ago, would protect them in the blink of an eye and even forcefully occupy the fleet.

Su Yu stared at him meaningfully. “Do you know who I am?”

Yi Mu cursed silently in his heart. Who knew where you monsters came from?

He said, “Please give us a hint, senior...”

Su Yu said calmly, “Since you are the confidant of the Skywalker mother, you must know who Su Yu is?”

Su... Su Yu!

Yi Mu’s eyes widened as he stared at Su Yu in shock. “Are You Su Yu? impossible. He fell into the Heavenly Lake, so there is absolutely no chance of him surviving. Senior, please don’t joke around.”

“Chi!” The tree god scoffed. “Back then, when Su Yu and I fell into the Devil World, no one thought that we would come back alive. What happened in the end?”

Yi Mu’s breathing quickened as he felt guilty and appalled.

He had never seen the shadow of a famous human tree before, but how could he not know Su Yu's name?

His eyeballs spun rapidly and he immediately kowtowed. "Junior Yi Mu is willing to follow senior Su!"

He actually acted according to the wind and sensed that the situation was extremely bad, so he chose to rely on Su Yu.

However, Su Yu said indifferently, "Since you're willing to follow me, then I might as well see what message you secretly sent Master."

His left eye flashed with a dazzling red light, and a spatial talisman that was quickly transmitted in the Void was suddenly teleported back, falling from the void into Su Yu's palm.

This scene made Yi Mu's face extremely pale.

However, with a puff, the talisman was destroyed, and a row of clear small characters appeared in the air.

"Su Yu has returned, and his divine technique has been perfected. There are also several mysterious experts following him. I pretended to submit, and I'm willing to cooperate with you to annihilate him."

Staring at this row of small characters, the tree god sneered without saying a word.

Eternal night first snow and Luo xueyi were also full of disdain.

Eternal Night Wuheng laughed, "To play such a small trick in front of brother Su, how humiliating!"

Yi Mu's face turned cold, and he hurriedly kowtowed, "Please spare my life, senior. I, I had no choice!"

Su Yu lightly shook his head, "No choice? Mother Skywalker did not control you and make you pretend to submit!"

Yi Mu's face was pale, and he secretly clenched his fists, ready to risk his life.

Among the crowd, the strength of the other four was so strong that it was suffocating. He did not even want to try.

The only possibility was Su Yu.

If he could catch him by surprise and subdue him..

With this thought in his mind, he pleaded even more pitifully, "Senior, please spare my life. Junior is willing to be a slave and swear an oath. Senior, please spare me..."

He was kowtowing when his face suddenly twisted. His hands on the ground were as fast as lightning as he grabbed Su Yu's legs.

"Mountain Shaker!" His thick divine power gathered in his palms and used a move that was full of explosive power to capture Su Yu's legs.

Then, he used the momentum to pull Su Yu to the ground and then grabbed his throat.

His thought was good, but his actions were decisive.

Unfortunately, this sudden move did not have the expected effect.

Su Yu's legs were like two pillars that supported the sky, not moving at all.

Yi Mu was shocked. How was this possible?

At this moment, a voice that made his hair stand on end rang in his ears. "What, do you want to be loyal to me? Unfortunately, there's no need!"

A layer of pitch-black dragon scales appeared on the legs that he grabbed. With a slight shake, Yi Mu suffered a terrifying force and his arms were shattered into flesh and blood!

Chapter 1484 Settling Grudges

Eternal night first snow and Luo Xueyi's eyes turned cold as they used their powerful divine abilities, preparing to kill him.

Su Yu waved his hand to stop them. He stared at Yi Mu, whose eyes were filled with fear and despair, and said indifferently, "I actually welcome you to use for me. However, the method is not for you to make a dispensable oath, but..."

His eyes suddenly shot out an incomparably bright light, entering the center of Yi Mu's brows.

Yi Mu's gaze gradually changed, finally becoming gentler. He bowed to Su Yu, "Greetings, Master."

Until today, the illusory soul realm had become increasingly pure in Su Yu's hands, and it was used like a furnace.

Even without the other party opening his mind, he could instantly capture the opening in the enemy's mind and forcefully control it.

When Yi Mu found out that Su Yu intended to take him for his own use and that he would not die for the time being, he was overjoyed. Just now, his mind had loosened up, and Su Yu had planted an illusionary soul realm in him.

When everyone saw this scene, they were secretly shocked.

This kind of control method made the other party pious from the inside out, and his soul was not under his control at all. This technique was too terrifying!

If Su Yu used it on them, they did not think that they would have much of a chance to resist.

They had a new understanding of his strength.

And in Su Yu's senses, a soul imprint appeared in his mind. It was Yi Mu's imprint.

Apart from that, there was also the imprint left behind by controlling others for many years.

There were dozens of them in the devil world.

Su Yu's eyes shone. "Are they still alive? It's time to use them."

With a thought, Su Yu crushed a communication jade pendant.

In an ancient forest somewhere in the demon world.

In a secret building complex hidden underground, dozens of black-clothed men in bamboo hats were shuttling back and forth.

At the center of the building complex was a middle-aged man wearing a bamboo hat.

He was busy receiving all kinds of messages and sorting them out.

Beside him was a tall woman with bright eyes and white teeth. Her appearance was exquisite and contained a hint of arrogance.

He felt his heart ache as he hammered the middle-aged man's shoulder. "Father, the demon king has left for eight years and has never contacted us again. Is there still a need to collect information on the demon world for him day after day?"

They were father and daughter.

Before Su Yu left, he left them and the fifty controlled quasi-gods behind to collect information on the size of the demon world for him.

The content of the information was complex and detailed, causing people to sigh in amazement.

From the situation of the Sacred Devil Hall sending troops to the price of the Devil World.

In the past eight years, Qianjun had used the fifty quasi-gods as the foundation to build an intelligence force that covered their ears and eyes. He already had close to ten thousand people under his command, and he had spread information throughout the entire devil world.

He had used this information to understand the various parts of the devil world.

Everything he had done was to complete the orders Su Yu had given before he left.

For the past eight years, he had been meticulous and never slacked off.

However, Su Yu seemed to have vanished from the face of the Earth. He had never contacted the father and daughter again.

This caused Sha'er to be at a loss. She did not know what was the point of continuing on like this.

Qianjun put down the jade pendant in his hand and sighed softly. "I think sir must have something important to attend to, right?"

Sha'er said faintly, "He must have forgotten about us, right? With that Sir's methods, he is most likely someone who can summon the wind and summon the rain in the galaxy. How could he still remember small figures like us?"

Her expression changed slightly when she said these words to the most painful part.

Sha'er continued, "Princess Yunxia has already noticed us and secretly ordered the Sacred Demon Hall to investigate our intelligence organization. I think that we will be exposed soon. If we disband the organization now and conceal our identities from now on, perhaps we can still..."

"Shut up!" Qianjun's expression darkened and he shouted, "If we don't give him the information that we've gathered for eight years, how can we face him if we disband the organization now without returning the favor that we owe him?"

Actually, even if they wanted to disband the organization, it would be very difficult to succeed.

The fifty core members of the organization were all under Su Yu's control. They would not stop gathering information unless he gave the order.

Sha'er opened her red lips. Just as she was about to say something, a strange flame streaked across the sky and headed straight for the secret building complex.

Sha'er was stunned. "Who sent this message? Why is it so Strange?"

Just as she was thinking, Qianjun's expression changed drastically. A look of ecstasy appeared on his face as he leaped up and grabbed the ball of fire.

The fire extinguished and the sparks turned into a line of small words that floated in the air.

"Send someone to meet me within half a year. The location is the Eastern Alliance's Crane God family."

Looking at the words, Qianjun and his daughter were shocked.

There was only one person who could say this, and that person was silver plume... No, it was Su Yu! !

After eight years, he finally contacted them.

Qianjun's tears flowed freely, and he could not suppress the joy in his heart. "Eight years of waiting, I have finally not wasted it!"

Sha'er was shocked, and she sighed slowly. "Sigh, eight years have passed, and the Devil World is no longer the same as it was in the past. Now that he has asked for information, can he still turn the tide?"

Qianjun was in high spirits, and he could not stop laughing. "Have you forgotten what he is best at?"

Turning the impossible into the possible!

Hearing that, Sha'er was stunned and nodded her head.

In the galaxy, they had taken over the west army and controlled Yi Mu.

The changes that had happened here did not leak out, much less spread to the East Alliance.

Out of the ten warships, the entire squadron returned.

The remaining living beings in the three cave abodes were all added into the warships.

On the main ship, Su Yu said, "Sacred God, why don't we see Sacred Yuan Xin and Yang Tai?"

Sacred God and Bao Tong god of Commerce revealed bitter expressions and said, "It happened suddenly. At that time, they were carrying out a mission in SENLUO law enforcement team. We were chased and had no time to bring them along. Now, they are most likely..."

Sacred God did not continue. There were only two outcomes.

They were captured, or they were already dead.

If they were still alive, they would have long gone to the land of God's relic to seek refuge.

Baotong god of Commerce's aged face appeared even more ancient. The only son he had nurtured in his life was gone just like that.

Su Yu was silent for a long time. In his mind, the elegant and quiet back of the Sacred Yuan heart appeared, as well as the valiant and valiant bearing of Yang Tai and the heroic bearing of strategizing.

The two of them were Su Yu's few friends in the Eastern Alliance.

"What about Wang Yunxuan?" Su Yu asked.

The Baotong God of commerce sighed. "He was captured. Because of his special refining ability, he was spared and imprisoned in the Empire as a slave."

Su Yu looked around and finally realized that there were fewer people. "Then, what about the God of refining?"

The Sacred God and God of Commerce were both silent.

Silence was the best answer. He had fallen!

Su Yu was startled. He had never had a direct relationship with the god of artifact refinement, but back then, in the tomb of the gods, the god of artifact refinement was one of the few who had supported him.

Such an elder had fallen just like that.

"How did he die?" Su Yu asked. They had all escaped, so why was the god of artifact refinement the only one who hadn't been able to leave.

Plop --

A figure knelt in front of Su Yu. With a livid face, he said in a low voice, "It was my fault for not teaching my son well. I taught him a vile creature!"

"Red Dust Sword God? What do you mean by that?" Su Yu's sleeves trembled as he helped him up.

The Sword God's face was filled with self-blame, shame, and hatred. He said, "The death of the weapon refining God was all my son's fault!"

Back in the day, the second strongest expert of Senluo Law Enforcement Hall, BU Ruyi, was a descendant of Sword God.

Because Su Yu and Shengyuan were on good terms, he fought with Su Yu, and the result was naturally pale.

After a painful reflection, he decided to go into seclusion to cultivate.

He did not expect that when he heard the news again, it was he who had caused the death of the weapon-refining god.

"We originally split up to escape. It was that vile creature who reported the whereabouts of the weapon-refining God to Voidwalker mother, causing the

weapon-refining God to be besieged and killed!”Red Dust Sword God clenched his fists, making crackling sounds.

Su Yu said indifferently, “What is his goal?”

Sword god Red Dust’s expression was one of shame. “He felt that following us would bring about his own destruction, so he wanted to use the weapon-refining God’s head in exchange for the right to remain in the Celestial Domain Empire. His wish was fulfilled. Not only was he conferred the title of the new sword God by the Skywalker mother, but he was also given an important position as the vice-captain of the East fleet. His status in the Celestial Domain Empire is extraordinary, and his every word has the effect of resonating with hundreds!”

His every word was calm, and every word was filled with killing intent.

If Bu Ruyi was in front of him, he would definitely not show mercy.

“Understood.”Su Yu said, “Then, what about the current patriarch of the Crane God family, he ruchu?”

God of commerce bao tong sighed, “After you went to the land of divine relics, they were suppressed and disqualified. It was Yang Tai who took care of them. Later on, our lives were in danger as well. The situation of the crane God family is obvious without even thinking about it. According to some old guys who secretly supported us in the alliance, all the important members of the Crane God family were forced into slavery and used as slaves. He Ruchu was not spared either.”

Su Yu listened and took a deep breath.

Sheng Yuanxin and Yang Tai were missing, Wang Yunxuan was captured, and he ruchu became a slave.

One year in the Devil World, seven years in the lost divine realm. Eight years had passed, and Su Yu’s old friends had all met such a fate.

And everything was because of one person!

The voidwalker mother!

“It’s time to settle our grudges!”Su Yu muttered as his finger rubbed the ring on his finger.

The sacred god said hesitantly, “I know that your divine power has greatly improved, but when dealing with the voidwalker mother, you should think twice before acting. Think long and hard!”! She was now the spiritual leader of the God Domain Empire. She was worshipped by millions upon millions of living beings. The gods believed in her. With just a word from her, she could command all the gods in the god domain empire. She could affect the wills of millions upon millions of living beings. You must not be careless!”

Su Yu did not care much about the gods of the god Domain Empire.

However, he could not ignore the will of billions of living beings.

The power of faith had an incomparable effect on the Supreme Dao. He had personally tried it. He also hoped to follow Xia Jingyu’s method and absorb the faith of all living beings.

If he forcefully killed the Voidwalker mother and was rejected by the will of all living beings, how could he obtain the power of their faith?

He had to resolve the ignorant worship of all living beings towards the voidwalker mother and let them know of the sins of the Voidwalker mother.

If they were to explain it to them, even if they were to say a thousand words, they wouldn't be able to compare to the weight of a single sentence from the void mother.

After all, they were fugitives who colluded with the Devil World, while the void mother was the empress of the God Domain Empire.

"There's no need to think long and hard. I have a plan that can cause the void mother to sink into a place of eternal damnation!" Su Yu calmly said. "However, I still have to wait for someone. I have to wait for some information to confirm something before I can implement it."

After learning that Su Yu had a plan so quickly, everyone exchanged glances and bitterly laughed in their hearts.

Eight years had passed, and he was becoming more and more crafty... cough cough, he was truly resourceful.

"In that case, why are we heading towards the god Realm Empire Now?" The God of swords asked.

Su Yu looked at him and replied, "Of course, it's to fulfill one of your wishes."

Upon hearing this, a complicated expression appeared on the god of Swords' face before it was replaced by a cold intent. He then said, "Please give me the chance to kill him!"

Su Yu nodded and then shook his head, giving a strange statement.

Chapter 1485 High-Profile Return

A few days later.

In the depths of the dark and silent galaxy, starlight poured down, illuminating the dark and endless starry sky, making it seem like a radiant temple.

Eternal Night's first snow and Luo Xue's crystal-clear eyes were ablaze with brilliance, flickering with dreamy light.

Eternal Night's first snow muttered, "This is the origin of my lost divine territory, the Galaxy Divine Territory? It's magnificent and unworldly, incomparably beautiful."

Luo xueyi could not help but sigh, "Although the galaxy divine territory is not even one-tenth of the lost kingdom's, the beauty of the galaxy is not something that the lost kingdom possesses."

The Lost Kingdom was a world that was submerged in water and could not see the sun.

However, the galaxy divine territory was completely different.

Compared to them, the others were not interested at all.

Their gazes were firmly locked onto the land of light, and their eyes were filled with complicated emotions.

“According to the information we received, the fleet of the east that my vile beast is serving is located in the cave abode world of the former Baotong god of commerce. There aren’t many experts around him. Please allow me to end this vile beast’s life.”

As the fleet of the West slowly docked, Red Dust Sword God and the others successfully returned to the territory of the Divine Domain Empire.

Red dust sword God could no longer suppress the killing intent in his heart as he requested for the order.

Su Yu said, “Sure. Sacred God, Baotong God of Commerce, you guys can come together. Just in case anything goes wrong.”

The three of them received the order. They immediately disguised themselves and disembarked as ordinary fleet members.

As for the western fleet, due to their complete team composition, especially Yi Mu, who was in the lead, he completely listened to Su Yu’s orders. Their return did not raise any alarm.

Inside the cabin, Eternal Night Wuheng frowned slightly. “Brother Su, don’t you hate traitors the most? Why are you so calm at this moment?”

He deeply remembered when he first heard of a god betraying the God Domain Empire, how awe-inspiring his killing intent was.

At this moment, however, it was a different attitude, which truly puzzled eternal night Wuheng.

Su Yu said indifferently, “Traitors may not all be hateful.”

The five people present were stunned and did not understand what he meant.

Speaking of which, Red Dust Sword God, Holy God, and Baotong god of commerce disguised themselves and entered the hinterland of the former Baotong cave abode world.

The former baotong family had already been razed to the ground. A glorious port had been rebuilt on top of the ruins, and ten huge warships of the Eastern Fleet were stationed there.

The port was heavily guarded by guards, and outsiders were not allowed to easily approach this important military area.

However, to a peak God like red dust sword god, no matter how many ordinary defenses there were, they were useless.

They successfully infiltrated the central structure of the port, the East Fleet Command Center.

Who knew that the internal defense of the command center was even tighter.

The moment they infiltrated, they alerted the four hidden peak fifth firmament experts.

They wore navy blue treasure clothes, which had an extremely invisibility effect. Not to mention Red Dust Sword God and the others, even a true fourth firmament expert might not be able to discover their tracks.

“Who is it?”The four hidden sentry gods immediately woke up.

A huge commotion quickly spread through the surroundings, alerting the patrolling sentries in the command center. They all rushed toward the enemy’s location.

For a moment, the command center was in chaos.

Red Dust Sword God and the others sensed that something was wrong and immediately fled.

The four hidden sentry guards came to the light sentry, locked onto their auras, and joined forces to chase them out of the command center.

Within the command center, the vice fleet captain, Bu Ruyi, was in the room drinking and having fun with a group of purple women.

The lute and flute were decadent, and the spring sun was warm. It was filled with the aura of decadence and indulgence.

“Come, it’s Rong ‘Er’s turn!”Bu Ruyi was drunk as he lifted the chin of a charming young lady. He was punishing her for losing in the rock-paper-scissors competition.

At this moment, a warning came from outside.

Bu Ruyi frowned and threw the wine cup on the table. With a gloomy face, he shouted, “Adjutant, what happened?”

The Adjutant who was guarding outside didn’t make any movements at this moment.

“Adjutant! Come here and Die!”Bu Ruyi angrily shouted with a flick of his sleeve.

However, it was still quiet outside. Even the disturbance gradually disappeared, leaving only a dead silence.

Bu Ruyi’s heart trembled, and a sense of alarm rose in him.

It was also at this moment that a voice that almost scared him out of his wits entered his ears.

“Vile creature! We haven’t seen each other for several years. Your abilities aren’t that great, but your temper has grown!”

Clang!

The door outside the house was suddenly kicked open, and three figures stood majestically under the sunlight.

The leader carried a green longsword on his back. His entire person was like a sharp longsword, emitting a shocking sword aura.

“Father... Father!”Bu Ruyi’s lips trembled, and his entire body couldn’t help but tremble. He stood up as fast as lightning, as if he had seen a ghost.

As a result, the charming young lady in his arms was thrown to the ground.

His eyes widened, and his face was filled with fear. He gulped and said, “You... Why are you here?”

Red Dust Sword God's eyes were filled with absolute coldness. "Why? I'm not dead, and I've disappointed you, haven't I? Vile creature! !"

Bu Ruyi hurriedly retreated, trembling as he said, "Father, you, you should surrender. I'll plead with the empress to ensure that you don't die! As long as you're willing to surrender!"

"Hahaha!" Sword god Red Dust raised his head and laughed loudly. It was a laugh that was filled with extreme anger, but it was also a laugh that was filled with complete despair. His eyes were wide open in anger, as if he was a wild beast that could not be suppressed, he stared at him with a murderous aura. "I, Bu Tianyi, have been wise all my life. Why did I give birth to a vile creature like you! !"

Clang --

He drew his long sword, and the cold blade pointed straight at Bu Ruyi.

Bu Ruyi stumbled and fell to the ground. He carelessly knocked over the dining table, and the delicacies scattered all over his body. He was in an extremely sorry state.

"No! Father, I was wrong. Ruyi, I'm sorry. Please don't kill me." BU ruyi knelt on the ground and begged for mercy.

Sword god Hong Chen silently closed his eyes, and a drop of old tear flowed out from the corner of his eye.

But as his eyes opened again, this drop of tear was evaporated by the powerful divine power, leaving only a pair of dry and cold eyes.

"Ruyi, remember that I once taught you that as the successor of the way of the sword, life is like a sword, and death is like a sword. It can not be bent! You have already forgotten all about it." Staring at Bu Ruyi who was kneeling on the ground and begging for mercy, red Dust Sword God shook his head in disappointment and attacked coldly, "You have committed too big a mistake. Only by killing your family can I wash away your sins! In the next life, be a good person!"

A dazzling sword light shot out, illuminating the entire room.

Bu Ruyi was dead for sure!

However, at this moment, four terrifying auras suddenly arrived.

The strength of that aura was on par with that of Mother Nature Walker. They were all peak experts of the fourth heaven.

"Hehe, Red Dust Sword God, I've been waiting for you for a long time!" As the mocking voice faded, a powerful sealing technique accompanied it, sealing red dust sword God's sword.

The sword light froze, just a foot away from destroying Bu Ruyi.

Red Dust Sword God's expression changed slightly. He immediately swept his sword horizontally, drawing out a shocking sword qi. At the same time, he retreated and shouted, "Retreat, it's an ambush! !"

The sacred God and Bao Tong Shang God's expressions changed drastically, and they hurriedly retreated from the room.

However, three powerful auras came crashing down from behind like a violent storm.

The three of them each dealt with one person, but as expected, they were all sent flying.

As they were sent flying, the three of them broke out of the encirclement in different directions.

However, there was still one person in the sky.

He casually grabbed the sword Qi that sword God red dust swept out and threw out a powerful talisman.

Golden Light burst out from the talisman and enveloped them.

The three of them crashed into the light barrier and were all bounced back. With their divine power, they were actually unable to do anything to the light barrier.

This was an ambush!

An ambush aimed at red dust sword God!

They knew that Red Dust Sword God would definitely come back to kill them, so they set up an ambush nearby.

Swoosh --

Four figures descended. To Su Yu, they were unfamiliar faces, but to red dust sword God and the others, they were extremely familiar.

They were four of the top ten experts that Strider mother had secretly nurtured!

This was especially so for the one in the sky. His name was Lian Jie, and he was ranked number one among the top ten experts. He was clearly the leader of this operation.

Lian Jie was handsome, and his divine light was restrained. He chuckled and said, "After waiting for you for several years, you've finally returned. Ruyi, your performance just now was pretty good."

The originally disheveled ruyi had unknowingly regained his composure and calmness. He lightly patted the wine and food on his body, cupped his fists, and said, "It's my duty to serve the Empress."

His expression did not have the slightest hint of indulgence in wine and sex.

Everything was a trap, a trap that had been waiting for red dust sword God for several years.

Red dust sword God angrily rebuked, "Unfilial son! !"

Lian Jie said indifferently, “A wise man submits to circumstances. If Ruyi’s performance is so outstanding, I think she will definitely appreciate it. It is only a matter of time before we enter the ruins to cultivate!”

“As for you guys...” Lian Jie’s eyes turned cold. “Do you think that some tricks to lure away the hidden sentries outside will trick us? “To tell you the truth, in order to wait for sword god Hong Chen, we patiently hid for three years! “We thought that you would definitely come back to kill the treacherous son, but who would have thought that, Hehe, killing three birds with one stone, the holy God and the Baotong God of Commerce would also fall into a trap!”

The three people’s hearts sank.

That’s right, if they were smart enough, they should have guessed that one day, they would come looking for Bu Ruyi to take revenge.

Lian Jie said, “Ruyi, I’ll give you another chance to make a contribution. The opportunity to kill the three traitors is right in front of you.”

He wanted Bu Ruyi to kill his father!

Bu Ruyi was expressionless. He stared at Red Dust Sword God indifferently and pulled out his own sword. He said indifferently, “I’ll remember father’s teachings in my heart. The Sword Master died in the end, so I’ll use the sword principle you taught me to send you on your way!”

Red dust sword god sneered, “Unfilial son! You have tarnished my Sword Dao!”

Bu Ru Yi closed his eyes and drew out his sword mercilessly, slashing toward the three people’s heads.

The three people wanted to resist, but they were suppressed by the boundless aura of the four experts. They seemed to be shackled and could not move at all.

Just as they were about to be killed on the spot, an even more powerful aura suddenly shattered the light barrier.

The four experts staggered. The Aura they released was like the waves in a stream compared to the waves in the vast ocean. It was instantly annihilated.

The four people, including Lian Jie, fell to the ground with a plop. Their eyes were filled with shock. “Who is it?”

Shua --

A silver-haired figure led four men and women with unceasing cultivation as they slowly descended.

With every step they took, it was as if a hundred thousand feet tall mountain had appeared on their bodies, incomparably heavy.

What made them even more aghast was that when they looked directly at the silver-haired youth, they actually had the impulse to prostrate themselves in worship!

This kind of feeling was something they had only experienced during the flying immortal era when they faced gods.

On the contrary, red dust sword god and the others were overjoyed. “Su Yu! !”

“What? You’re Su Yu?” Lian Jie and the others were shocked.

This person was a legendary figure in the Eastern Alliance, the Divine Relic Land, the demon world, and the Western alliance.

There was even a legend that he fell into the Heavenly Lake and was beyond redemption.

Why did he suddenly appear here?

When they thought about how he had never gotten along with the Voidwalker mother, and how Happy Red Dust Sword God and the others were, their hearts sank to the bottom.

Sword god Red Dust and the others broke free from the suppression of their auras. They stepped forward and said, “Thank you for your help. Without You, we...”

“Shut up!” However, what shocked them was that Su Yu was incomparably cold. He said coldly, “If I hadn’t deceived you, would you have returned to the Celestial Empire?”

The three of them were petrified on the spot. Wait, what did he mean?

Unfortunately, Su Yu didn’t give them a chance to explain. He coldly said, “Tree God, imprison them. If they dare to resist, kill them without mercy!”

Chapter 1486 Fighting For Imperial Power

The words were filled with killing intent. Even eternal night, first snow, and the others were stunned and didn’t know what to do.

Only the tree God carried out Su Yu’s orders without thinking. This was almost an instinctive reaction.

Red Dust Sword God and the others were bewildered. Could it be that Su Yu tricked them into coming back to capture them alive?

While they were thinking, the tree God had already made his move.

Due to Su Yu’s true killing intent, they did not dare to resist and were all captured alive.

Lian Jie, who was already prepared for a fierce battle, was also astonished by the sudden change. He said, “Brother... Brother Su, were you the one who lured them here?”

Su Yu glanced at him indifferently and said, “Brother? You’re not worthy. Please call me president Su!”

His true identity was the alliance leader of the Western Alliance!

Lian Jie changed his words, “Alliance leader Su, may I ask what you mean?”

Su Yu said, “I know that you are setting up a trap to lure sword god Hong Chen into falling for it. I have some relations with them previously and have gained their trust. Thus, I took advantage of the

situation and swindled them out of the divine relic land. I came to the Celestial Domain Empire and captured them alive!”

Hearing this, Lian Jie and the others looked at each other in dismay.

It was rumored that Su Yu had a close relationship with these three years ago, especially with the holy God and Baotong God of commerce. How could it be..

No matter what the process was, the result was exactly what they wanted.

Lian Jie cupped his fists and said, “Thank you for your help, Alliance leader Su. We will definitely report to the Voidwalker mother that we have taken these three people away...”

Unexpectedly, Su Yu flicked his sleeve and pushed the three people aside.

Lian Jie asked in a daze, “President Su, what do you mean by this?”

Su Yu placed his hands behind his back and said indifferently, “I was the one who brought her back. How can I hand her over to you? Don’t forget, I am the President of the Western alliance. My status is equal to that of Voidwalker mother!”

Before the two alliances merged, Voidwalker mother was the leader of the Eastern Alliance while Su Yu was the president of the Western alliance.

“Her current identity is the great empress, but the reason is that I wasn’t around back then. Since I am back now, I am the Emperor of this Holy Region Empire, standing side by side with it! Do you understand?”

Hearing this, Lian Jie and the others were shocked.

This... was she trying to seize half of the power in the Divine Region Empire?

But logically, it was completely reasonable!

They had the intention of perfunctorily suppressing this matter.

However, with the chaos in the command center, who knew how many spectators had already gathered around them.

In addition, Su Yu’s overbearing appearance had aroused countless curiosity.

They had personally witnessed the return of the Western Alliance’s Alliance leader, the other half of God’s domain empire’s legitimate heir.

Even if they killed all of them, it would be too late!

“This... this, good. The three traitors will be handed over to Alliance leader Su first. We will take our leave immediately.” They quickly left and reported the events of today to Strider mother.

The Alliance leader of the Western alliance had returned in a high-profile manner. Moreover, the moment he arrived, he had captured three traitors of the god domain empire who had committed heinous crimes.

For many years, Strider mother had been unable to do anything.

However, the moment Su Yu arrived, he had resolved the greatest threat to the God Domain Empire!

“As expected of Su Yu! Only he has the ability to turn the tide and create a miracle!”

“Heavens! It’s him who has returned! I have long heard that Su Yu was the one who controlled the Western alliance before he merged into our Eastern Alliance. I didn’t believe it at first, but now, I know that he is really the alliance leader of the Western Alliance!”

“He’s really as shocking as ever!”

Su Yu’s return, as the Alliance leader of the Western Alliance, as the ruler of half of the god Domain Empire, was like a King stepping on clouds!

This was especially so after he captured the three main traitors of the god domain empire and brought back countless other traitors.

This news spread throughout the god Domain Empire’s 200 cave abodes like an earthquake.

The entire empire trembled violently and instantly boiled with excitement.

“Who is Su Yu? The streets and alleys are all talking about him. Are they all crazy?” An 18-year-old youth walked on the street and asked Uncle Xiang, his face filled with bafflement.

When that Uncle Heard This.., he clicked his tongue and said, “That’s because you were still young back then and didn’t know Su Yu’s name! Back then, he was a mythical figure who shook the Eastern Alliance, destroyed the land of God relics, overturned the demon world, and unified the Western Alliance! “He disappeared for eight years and never thought that he would come back!”

The youth curled his lips. “Why isn’t it written in the history books? Also, the Western alliance was clearly unified by our great empress. What does it have to do with him?”

The uncle’s expression darkened and he snorted. “History is written by the victors. Now, HMPH, the real victors have returned. I think this history is going to be rewritten in an earth-shattering manner!”

Kacha --

However, just as the uncle finished speaking, a cold light flew past, and his head shot into the sky.

The blood sprayed onto the young man’s face, causing him to freeze on the spot.

In the sky, two figures sped past.

They were dressed in yellow, and there was a cold long knife at their waist. Their faces were cold, and they had killed countless people along the way.

Anyone who slandered the Voidwalker mother would end up like that uncle.

The group of passers-by kept silent in fear.

“The Empress’s Imperial Guards?” Everyone felt a chill run down their spines.

They were a powerful organization established by the Empress in recent years. They radiated across 200 cave abodes. The yellow-clothed imperial guards in the organization specialized in intelligence, arrest, interrogation, and assassination.

Any news that was detrimental to the empress would be dealt with by this team.

The methods used to deal with them were extremely bloody and cruel. Over the years, they had killed countless people.

Those voices that opposed the great empress were all extinguished by the imperial guards.

They were the nightmares of the citizens of the Celestial Domain Empire. They were everywhere, like bloody demons.

However, the imperial guards killed all those who spoke of the great empress, but they couldn’t kill everyone’s hearts.

Everyone knew that Su Yu had returned!

He wanted to rule the world together with the Great Empress!

Many of the gods of the Western alliance secretly contacted each other and gathered together.

“Our Alliance leader Su is back!”

“That’s great. God Ximen, you should be happy that you know about this!”

“That’s right, the alliance leader is finally back! We finally have a leader that belongs to us!”

Although most of the gods of the Eastern alliance had already submitted to the voidwalker mother, there were still some who persisted and gathered together.

“Su Yu has returned forcefully and is fighting for the world with the Great Empress! Everyone, our dawn has arrived!”

“That’s right, the artifact refining God has died tragically. The Sacred God, Treasure god of Commerce, and red dust sword god bear the grievance. It’s time for us to recover!”

“However, we still need to observe if Su Yu, as the Alliance leader of the Western Alliance, Still Cares About Our Eastern Alliance? He personally captured the sacred god trio and used them to take credit for the world. Will we be used as well?”

The divine domain’s imperial capital. In the past, the Voidwalker Mother’s cavern world.

This place had become the empire’s most prosperous cavern world in a single leap.

An endless castle suspended in the Void was golden and resplendent, like a pearl that stood above the empire.

In the center of the castle was a beautiful imperial palace.

In the imperial palace, a gentle and quiet woman with a gentle temperament was silently cultivating. Suddenly, she received a message.

As she read the message, the woman suddenly opened her eyes, and hatred shot out of them.

However, it was quickly suppressed and returned to silence, as if the hatred did not belong to her gentle temperament.

“You are back!” The woman said. “Moreover, you came back in such a high-profile manner, and you said that you would rule the world with me... What a great move!”

If Su Yu had simply returned, how would it have caused the entire country to react?

However, the moment he returned, he had caught a traitor that the empire had not caught for many years, causing a stir in the world.

With the support of the wills of all living beings, he could seize the power of the world and demand for imperial power.

Her eyes flashed, and she slowly said, “Pass down my orders, let Su Yu come and pay an audience with me!”

Paying an audience was the respectful words of a subordinate to his superior.

If Su Yu really went to meet her, then he would admit that he was inferior.

“Yes!” The personal guard said.

The woman was undoubtedly a walking mother, and she said calmly, “I won’t let you ruin the good situation!”

The East Fleet Command Center had already been taken over by the West Fleet.

Even the entire cave abode world had fallen into Su Yu’s control.

In the command center, the holy god trio who had calmed down already understood Su Yu’s intentions.

Su Yu really wanted to kill them and make a contribution. With his terrifying strength, he had already captured them in the divine relic land.

Why did he need to use the layout of this place?

Sure enough, when they were about to retreat, Su Yu gave the tree God emissary a look, and she immediately released the restriction.

“There’s a reason for this. If I told you in advance, I was worried that you would give yourself away and be discovered by them in advance. It wouldn’t be easy for me to complete my high-profile plan,” Su Yu said.

The Sacred God and Baotong god of commerce only smiled bitterly and didn’t complain.

Red Dust Sword God had been staring at Bu Ruyi, who was also restricted here, from the beginning to the end. He said coldly, "Alliance leader Su, may I ask, can I kill his mother?"

"You can't!" Su Yu's answer was simple and forceful.

Red dust sword god asked, "Why?"

"Because there's a reason for his betrayal," Su Yu said.

Red Dust Sword God sneered and released his sword Qi. "There's a reason for his betrayal? What a joke!"

Su Yu shook his head with a solemn expression. "His reason isn't funny at all."

"Hehe, then why don't you tell us what a noble reason it is for him to have no choice but to betray us and kill the weapon refiner God!"

Su Yu said, "Is it noble to save your lives?"

Red Dust Sword God didn't believe him and said, "You said that he killed the weapon refiner God to save us? This is ridiculous!"

Su Yu sighed deeply. "It's not ridiculous! Because it was the weapon refiner God who compromised and killed himself!"

"What? How is this possible?" Red Dust Sword God said in surprise.

"Alliance leader Su, what do you mean by this?" Bao Tong god of Commerce asked in surprise.

Su Yu looked at the three of them, "The enemy is strong. Even if you flee in different directions, you might not be able to escape. It was the weapon refiner God who sacrificed himself to expose himself and draw away a portion of the pursuers, giving you a chance to escape," said Su Yu

"The enemy is not a fool. The weapon refiner God took the initiative to expose himself. How could the enemy not know that this was a ploy? Only when an outsider is exposed can the enemy believe it. And that outsider is clearly the treacherous son you speak of, Bu Ruyi!"

Red Dust Sword God said in a daze, "That's impossible!"

Su Yu stared at him and said, "That's completely possible! The three of you are far more important than the weapon refiner god. If Bu Ruyi really wanted to be rich and powerful, why didn't he reveal your whereabouts but only the weapon refiner God's?"

This..

The three of them fell into deep thought. They had discussed this question back then, and the conclusion they came to was that Bu Ruyi still had a shred of conscience and did not harm their father.

But at this moment, it seemed like there was something else going on.

Red Dust Sword God stared at Bu Ruyi and still did not believe him. He said, "Then how do you explain him cooperating with those people and wanting to kill his father?"

Su Yu said, "Then we have to ask your son if there's something else going on!"

Red Dust Sword God's gaze was sharp as he said angrily, "Vile creature! For alliance leader Su's sake, I'll give you a chance to explain. Tell me! What was the purpose of everything?"

Bu Ru's calm face gradually revealed shock after Su Yu revealed the truth.

After staring at Su Yu for a long time, he bowed to Su Yu with gratitude in his eyes. "The person who understands me the most isn't my biological father, but my former love rival."

When he raised his head, two lines of sorrowful and guilty tears rolled down his cheeks.

Chapter 1487 Ancient Ruins

Bu Ruyi said with a bitter smile, "That day, when you were ambushed, you split up and escaped. The weapon refining God, who should have escaped, quietly came to the sword God's aristocratic family and found me. He asked me to reveal his whereabouts!"

Was that really the case? The holy God was somewhat disbelieving. "If the weapon refining God only wanted to divert the pursuers, he could have just appeared. Why would he need to find you and ask you to reveal his location?"

Bu Ruyi chuckled, his smile was filled with bitterness and helplessness. "Distracting the pursuers is only one of his goals. The other goal is to have me contribute to his death. This way, I can obtain a certain status in the Celestial Domain Empire. In the future, I can help him and all of you seek justice."

This... when they heard this, everyone was moved.

The weapon God had sacrificed himself for two reasons. One was to distract the pursuers, and the other was to give in to Ruyi's "Meritorious service"!

Such generosity was enough to make them feel moved and ashamed.

At that time, all they cared about was running for their lives. How could they have thought so much?

"Everything is as the god of refining expected. I've made a great contribution and got an important position. I became the vice-captain of the East Fleet as a commendation to the world." Bu Ruyi was forced to be an insider and a traitor. How much notoriety did he bear? One could imagine the torment in his heart.

Red dust sword God's face trembled, and he said, "Then, you cooperated with them to lure us into the trap, which is also..."

Bu Ruyi's face was filled with deep regret, but it also contained a maturity that had been through a lot. He said deeply, "The god of refining can not die in vain. I can not be exposed. Therefore, I have no choice but to cooperate with them, and I have no choice but to kill my father with my own hands!"

These words were cold and heartless, but the heartache and pain in his words could be felt with one's heart.

Not only was sword god Hong Chen not angry, but he put down the sword in his hand and raised his head to smile. He smiled with gratification, but he also smiled with heartache. "It's been hard on you, Ru Yi. You've grown up!"

He walked over, patted his shoulder, and said, "Everything you've done is right! For the sacrifice of the weapon refining God, for those who died unjustly, even if you really killed your father, I would still feel gratified if I knew about it in the afterlife."

Bu Ru continued to cry, filled with tears of sorrow.

God of commerce and holy god Bao Tong were stunned speechless. They didn't expect that the death of the god of artifact refining had such an inside story.

Bu Ru Yi endured the humiliation and bore the burden. He stayed in the enemy's ranks just to clear his name once and for all.

He had a good son!

Looking at the reunion of the father and son of Red Dust Sword God, the two of them felt a little desolate in their eyes.

Bu Ruyi was still alive, but what about Saint Yuanxin and Yang Tai?

They were most likely already dead.

They seemed to have noticed their expressions, bU ruyi said, "Seniors, Ruyi has been drinking and having fun in the open all these years, but he has been secretly investigating the evidence of the Skywalker Mother's crimes. At the same time, he has also inquired about the news of Yuan Xin and Yang Tai. A few months ago, I have some clues about the news of the two of them."

Yes! The Sacred God and the Baotong god of commerce were both shocked. "Are they alive or dead?"

BU ruyi smiled and said, "Of course they are still alive! For many years, they have been hiding in the Divine Realm Empire. Only recently did they give themselves away. They were chased by the imperial guards, and once again, they disappeared without a trace."

Hearing this, the two people's faces were filled with joy. To them, this was a pleasant surprise.

"It's a pity that I've been secretly investigating, but there's no more news about them," Bu Ruyi said regretfully.

The holy God seemed to have become ten years younger again. His face was filled with joy. "At this moment, no news is good news. They must be hiding in a secret place."

The Baotong god of commerce said, "That's enough. I'll remember what you did for Yang Tai and the sacred primordial heart."

Bu Ru Yi cupped his fists. "I'm ashamed. In the end, I didn't help them much. However, I've gathered a lot of information about the Skywalker mother over the past few years, especially the origins of the ten experts by his side. I've basically figured it out."

Oh? Everyone's eyes lit up. It was the appearance of the ten experts that had broken the balance of the God Domain Empire.

Their origins were the most worthy of concern.

BU ruyi said, "Many years ago, the voidwalker mother discovered that the eastern union was relying on an ancient ruin. It was filled with powerful divinity, so it was able to stabilize itself in the galaxy. This matter isn't considered a secret in the Eastern Union. However, a hundred years ago, the voidwalker mother discovered by accident that there was an extremely deep hidden space in this ancient ruin. It contained a complete ruin. The resources within are extremely rich and incomparably vast."

"In just a hundred years, she has nurtured a total of ten fourth sky experts, a large number of fifth sky gods, and more than a hundred sixth sky gods. She has formed a powerful faction," Bu Ruyi said. "I've been secretly asking around for many years, and I've finally found out where the spatial portal is!"

Oh? Even Su Yu's eyes lit up. This was important news.

"The entrance to the ruins is under the palace where the Voidwalker mother is currently guarding!" BU ruyi said, "There are endless resources inside. If we can seize it, we can cultivate our own strength and fight against the Voidwalker mother! "This is our only way out."

The Sacred God and God of commerce frowned. It was not easy to break into the palace where the Voidwalker mother was.

They could not help but look at Su Yu and cast him a questioning gaze.

Su Yu pondered and said, "Breaking into the ruins is not that difficult. However, if we do so, we will officially have a falling out with the voidwalker mother. Before we reveal the Voidwalker Mother's true colors, it is not appropriate to confront her directly."

The holy god asked curiously, "Then what are we going to do next?"

Announcing his return was the first step. What was the next step?

"Of course it's to order the world to establish my throne! She will be the empress, and I will be the emperor. We will divide the world." Su Yu said.

Only with status could he subdue the will of the world.

At this moment, someone came from outside the house.

He was dressed in a yellow robe and had a murderous aura. He held an imperial edict in his hand and forced his way in.

He shouted coldly from afar, "The imperial edict of the Empress has arrived. Su Yu, kneel down and listen to the Edict!"

The majestic voice shook the surroundings, and the entire port could hear it.

All living beings had been immersed in the high pressure of the Voidwalker mother all year round. When they heard this, they were all alarmed and instinctively looked in the direction of the command center.

The expressions of the sacred God and the others who were discussing changed slightly. “The Voidwalker mother reacted so quickly?”

Eternal night first snow raised her eyebrows. “However, the tone of this imperial decree has some ulterior motives!”

Imperial edicts were only given by the emperor to his subjects.

Especially when he knelt down to listen to the imperial decree!

The meaning behind it was that the void mother did not recognize Su Yu’s status!

If Su Yu did not react and accepted the imperial decree, it was equivalent to him admitting that he was a low-level void mother.

If she could understand the meaning behind it, Su Yu naturally could too.

Without waiting for the imperial guards to fly over, Su Yu took out a snow-white feather. With a wave of his hand, a strong gust of wind swept up the imperial guards and sent them flying.

The Imperial Guard was shocked and furious, “How dare you attack the Messenger? Kneel down and listen to the decree...”

Hearing his words, Su Yu’s gaze turned cold. He waved the white feather again and a shocking power of ice appeared in the gust of wind.

In just a moment, the imperial guard was frozen into an ice sculpture. The source of God in his Dantian was destroyed by the ice.

His cultivation was destroyed in an instant!

“If you are rude to me, I will punish you with a small punishment!” Su Yu waved his hand indifferently. “Leave the imperial edict behind!”

With a casual grab, the imperial edict landed in Su Yu’s palm, not only did he sneer, “Mother Kong Xing has indeed reacted. She wants me to go to the imperial palace to meet her. Unfortunately, things are different now. I am no longer the young man from the cave abode who was at your mercy back then...”

With a clench of his fingers, the imperial edict was shattered. Su Yu said indifferently, “Pass down my orders. All Gods of the Western alliance will come to meet her three days later! Let’s give Mother Kong Xing a little surprise!”

Chapter 1488 The Meeting Of The Two Emperors

The tree god said, “It’s not appropriate for them to show their faces. Leave this matter to me.”

Su Yu nodded.

“Emperor Yu, where should I go?” Bu Ru Yi said, “If you need me to continue undercover, it’ll be as if I’m going to die!”

Su Yu shook his head. "What you've done is enough. There's no need to take any more risks. Stay and enjoy the happiness of family with your father."

Bu Ru's face was filled with gratitude. The past animosity had been put to rest.

Seeing that the father and son had reunited, Su Yu said, "All of you should go and rest. There might still be some matters that need your attention in three days."

Holy God and the others were filled with confidence. When Su Yu returned, it was as if they had seen the light of day.

Everyone retreated. Only one person remained silent, remaining at the end.

"Wanqing, I'll leave it to you." Su Yu looked at the other party, his eyes filled with anticipation and excitement.

They were back, standing on the ground of the Eastern Alliance, and standing closest to Xia Jingyu.

Bi Wanqing nodded lightly and took out the starry sky heavenly book. Her eyes shot out a purple light, dazzling and illuminating the invisible fate.

After a long while, the purple light in Bi Wanqing's eyes became more and more dazzling. Her indifferent face gradually became confused.

A trace of uneasiness appeared in Su Yu's heart. Only when beads of sweat appeared on her forehead and her face gradually paled did the purple light in her eyes recede.

Her pair of snow-white eyes were filled with astonishment and confusion.

"Did something unexpected happen?" Su Yu asked.

Bi Wanqing shook her head. "It's not an unexpected event. Rather, there is an invisible and powerful force interfering with the East Alliance. I've probed several times, but I've been interrupted midway by this force."

A powerful interference that covered the entire God's domain empire? Su Yu was incomparably disappointed. He fell from heaven to hell and asked, "Where is the source of this power?"

At the very most, he could destroy it!

No matter what, he had to sweep out anything that obstructed his search for the calm rain.

Bi wanqing said, "The center of this power is the god's Domain Empire's imperial palace. I think it should be that so-called relic, right?"

To be able to produce so many stage 4 experts and release such a majestic power, it was completely within reason.

"That place?" Su Yu's eyes revealed a look of contemplation. After pondering for a long time, he said, "From the looks of it, it is necessary to make a trip to that Relic!"

Within three days, the gods that had once belonged to the Western Union had all received a notification from the tree god.

In the past, the Tree God had been alliance leader Su's trusted aide. They all knew each other, so they naturally believed that this was a summons from Su Yu.

They had been under the pressure of the Voidwalker mother for many years. Now that alliance leader Su had returned, how could they not accept the summons?

For a time, the god Domain Empire's hundred gods left the cave abode.

The gods'strange movements caused the heaven and earth phenomenon to change frequently, and even the spirit energy within the God Domain Empire started to change.

These changes naturally could not be hidden from the imperial guards that were scattered throughout the world, much less the voidwalker mother. Similarly, it could not be hidden from the common people.

"Have you heard? God Lishan has left the cave abode world. I don't know where he has gone!"

"It's not just god Lishan. I heard that the three gods that are on good terms with him have all left!"

"Why did I hear that the rain god, thunder god, and other gods have also left?"

"It can't be? Other than the great empress summoning them, how can there be so many gods that have left the cave abode world so easily?"

"Hahaha, a bunch of ignorant people. It's Su Yu. Alliance leader Su is summoning them. Those gods who left were all former members of the Western alliance. Now that alliance leader Su has returned, how could they dare to not obey the Order?"

"But without the consent of the voidwalker mother, so many gods serving the order to others, isn't that..."

"Hehe, isn't that what it is? Isn't it just alliance leader Su who wants to fight for the imperial power? Since he returned in a high-profile manner, this matter will happen sooner or later. What's strange about it? It's just that his actions are so fast that they are beyond imagination!"

In the past, in the East Fleet's command center at the port of Baotong God of Commerce's cave abode world.

Su Yu alone occupied the chief seat. On both sides were densely packed gods. There were more than a hundred of them, and all of them were the gods of the former Western alliance.

The scene before them was like a different king and subject.

"Seven years have passed, and all of you are still alive." Su Yu looked at everyone's faces. Most of them were very unfamiliar, and he had only met them once.

Looking at them, Su Yu spoke slowly.

Hearing this, they, who had been suppressed for so many years, couldn't help but feel sad.

"We are indeed alive, but god Ximen and god Linlang were unable to wait for you to return."

These words spoke of their many years of grievance and hatred.

A god said angrily, "Alliance leader Su, you must seek justice for them. They died unjustly!"

"Yes, Alliance leader Su. They came to the Eastern Alliance under your orders to form an alliance. That's why they met with misfortune. You must not sit idly by and watch!"

PA --

The tree God slammed the table and stood up from Su Yu's side. He angrily rebuked, "Bastard, do you mean that Su Yu is to blame for their deaths?"

She was Su Yu's trusted aide. The moment she spoke, she immediately suppressed the person who spoke, not daring to say anything more.

Su Yu waved his hand to silence the tree god. He looked around at everyone and said, "God Ximen, although I did not kill God Linlang, I did indeed suffer because of me. I do not need you to remind me. I understand."

If he had not forcefully suppressed the Western Alliance and formed an alliance with the Eastern Alliance, would they have been killed by the Voidwalker Mother?

He was responsible for this!

"But they will not die in vain. Since I have returned, I will definitely seek justice for them. Whoever kills them will have to pay the price in blood!" Su Yu said. "Let me ask you, how did those demons appear all these years? Do you have any idea?"

Everyone looked at each other, their faces filled with helplessness and bitterness.

"I won't hide it from the Alliance leader. Although we have investigated for many years, we have no idea!"

"Yes, that group of demons appeared so suddenly. It is simply inconceivable. No matter what, we have no idea where they sneaked into the secret chamber."

"At that time, the two major alliances, with more than 200 gods witnessing it, how did the demons enter? This is completely unreasonable!"

200 gods were proficient in all kinds of Supreme Dao. The demons might be able to hide from one God's eyes and ears, but could they hide from 200?

"This matter has always been a thorn in the throat of the gods of the Western alliance, and it has always been an unsolved case that we can not understand."

Su Yu's eyes flashed. "Tell me the details!"

Everyone told Su Yu everything that had happened that day, without missing a single detail.

After hearing this, Su Yu was also a little surprised.

At first, he only knew that the Voidwalker mother was hiding the demons at the negotiation venue, but now, it did not sound like that at all.

The negotiation venue was personally inspected by both sides, so it was impossible for them to hide the demons.

Moreover, both sides were prohibited from bringing spatial abodes into the venue, so it was impossible for the demons to be brought in.

However, how did they appear out of thin air in the hall?

It sounded inconceivable!

"Those demons were all killed by the thunder god. Not a single one was left alive." They said angrily, "Our thunder god relied on his speed to capture one of them. The most hateful thing was that the thunder god and the Thunder God were killed together. If not for the Thunder God's speed, they would have been killed together!"

Even a fool would understand that the Voidwalker mother was trying to silence them.

That was why the gods of the Western alliance felt that there was something fishy about this matter.

After hearing this, Su Yu muttered, "You don't need to worry about this matter anymore. I will give the two gods an explanation!"

He looked at everyone once more and said, "I have summoned you all here today. Do you know my intentions?"

The gods were all shocked and said, "That's why we're Here!"

"Back then, the voidwalker mother stole half of the Western Alliance's imperial power. Now that alliance leader Su has returned, it's time to return it!"

The gods looked at each other and nodded. They all bowed in unison and shouted, "Welcome back, Emperor Yu!"

"Welcome back, Emperor Yu!" All the gods shouted in unison, their voices shaking the world.

With the port as the center, the words "Welcome back, Emperor Yu" spread to all the cave abodes, waking up all the living beings in the world.

Some of the living beings in the cave abodes had solemn expressions on their faces. "They are finally coming. One mountain can not contain two tigers. Two emperors can not coexist. There will be a battle between them!"

“When Emperor Yu ascends to the throne, the world will definitely fall into Chaos!”

Some of the prescient living beings seemed to have seen an unprecedented disaster that was about to descend upon the land of the god-domain empire. They were panicking.

However, what they did not expect was that the battle would come even earlier than they had expected.

An inexplicable powerful divine might suddenly appeared above the port and enveloped it.

The Gods of the Western alliance, who were shouting slogans, all felt their hearts skip a beat. They subconsciously had the urge to prostrate themselves in worship.

At the same time, a warm voice that was as gentle as mother earth slowly drifted down, “Without my permission, who dares to proclaim themselves as an Emperor?”

Huala --

The restrictive array above the command center shattered with a rumble. Mother Nature Walker, who was covered in a holy light, was like Mother Earth. Surrounded by a group of stage four gods, she slowly descended.

Her aura was magnificent, and her divine might was unrivalled. She was like a great empress.

The Gods of the Western alliance, who had been immersed in her majesty for a long time, changed their expressions again and again. They did not even dare to breathe, much less look directly at her.

At this moment, another wave of majestic divine might swept over and covered their heads, blocking the pressure from the voidwalker mother.

The gods looked over gratefully. It was Su Yu.

He was still calm and composed, sitting at the head seat. He was not affected by the Voidwalker Mother’s aura at all.

In comparison, he seemed to be an emperor on par with the void mother.

Without being able to suppress Su Yu with her aura, the void mother said indifferently, “Su Yu, why did you do something wrong when you saw me?”

Su Yu ignored her. Instead, he stared at the many gods around him. A terrifying divine might suddenly erupted from his body, forcefully crushing them.

Apart from Su Yu’s own powerful divine power, his divine might also had the support of 6,000 Divine Dao.

Not to mention stage four gods, even stage three gods might not be able to withstand it.

Lian Jie and the others were suddenly suppressed by their bodies. Their expressions changed drastically, and they could not control their bodies and minds as they knelt on the ground.

It went without saying that the follower of the voidwalker mother was kneeling before another person.

“Seeing that this emperor is up to no good, you all have quite the guts,” Su Yu said indifferently, and his divine might grew even stronger.

Mother Voidwalker waved her sleeves, dispelling a portion of her divine aura, wanting to help them up.

However, Su Yu’s divine aura was too powerful, causing them to kneel for a long time.

With such a comparison, it was obvious who was superior. It was as if Su Yu was the greatest emperor.

Su Yu leaned against the chief seat, her expression calm. “What business does Mother Voidwalker have with me?”

From her tone, it was as if Mother Voidwalker was her subordinate!

Chapter 1489 Surprise Of Hatred (2nd Watch)

In terms of imposing manner, mother Skywalker was completely no match for Su Yu.

At this moment, even if she wanted to say that she was the only empress, it was not convincing at all.

However, there was no change in mother Skywalker’s expression. She said indifferently, “I heard that you summoned my subjects innocently, so I came to inquire...”

Before she could finish, Su Yu interrupted her, “Correction, they are my subjects. After I returned, they all returned to me and are no longer your subjects, understand?”

Walking mother looked at Su Yu calmly. She could not understand what she was thinking at this moment.

“I understand. I understand that you have gathered your former subordinates. However, the God’s Domain Empire is the only organization that can contend against the demon world. Aren’t you afraid of letting the demon world succeed by Snatching Power Like This?” Walking mother used righteousness to oppress Su Yu.

How could Su Yu fall for such a trick, she said indifferently, “Then you can abdicate and hand over the power that originally belonged to the Eastern Alliance to me! “Based on my many methods and battle achievements in the past, I believe that I am more suitable to lead the god Domain Empire Than You, an empty mother who has no achievements and enjoys the fruits of her labor!”

He pointed directly at her vital points, causing the empty mother to fall silent once again.

Yes, in terms of battle achievements, Su Yu had flattened the god’s relic land, overturned the demon world, and unified the Western alliance. Which of these were not earth-shattering?

On the other hand, what had the empty mother done? Other than being the number one god in the Eastern Alliance, had she made any great contributions?

No!

The gazes of both sides met in the air. One was filled with confidence, while the other was calm and speechless.

The voidwalker mother's original intention was to suppress Su Yu with the power of a monarch, wiping out the might that he had built up.

However, she never expected that Su Yu did not retreat. Instead, he exploded with an aura that was even more powerful than hers, suppressing her by a head.

In a head-on collision, she could not do anything to Su Yu.

After a long silence, traveling mother said, "If that's the case, then congratulations on returning alive from the Heavenly Lake! The Divine Realm Empire is formed by two major alliances. You have half of the authority. You can call yourself the emperor, and I will allow you to do so!"

"I'm sorry! I don't need your permission!" Su Yu did not give her the slightest chance to gain an advantage, "You, on the other hand, you only have three days to withdraw all of your imperial guards from the 100 cave abodes that I belong to. If they still remain, don't blame me for committing treason and killing them without mercy!"

That group of Imperial Guards was a thorn in the hearts of the gods of the Western alliance.

If they were not eliminated, they would never be able to follow Su Yu in peace.

Walking mother stared at Su Yu for a long time before saying, "Alright! Since you've returned, their cave abodes will naturally be handed over to you. I Won't interfere anymore!"

The gods secretly heaved a sigh of relief. They had originally thought that walking mother would come menacingly and that alliance leader Su would not be able to hold on. Who would have thought that she would instead force walking mother to acknowledge Su Yu's position as Emperor Yu.

From now on, they would finally be free from walking mother's clutches!

The gods felt as if they had fallen off a huge mountain. Their bodies were indescribably relaxed.

But right at this moment, walking mother indifferently said, "Congratulations on becoming emperor. I've come today with a special gift for you."

She took out a well-wrapped wooden box from her interspatial ring and handed it to Su Yu.

The tree God took it and frowned as soon as he touched it. He said, "Death aura? Is there a dead person's item inside?"

Walking mother smiled faintly. "Can't you just open it and see?"

PA --

The tree God opened it and his pupils constricted slightly. He presented it to Su Yu with a solemn expression.

Su Yu only took a glance, and his killing intent surged!

There was nothing else in the wooden box. It was a head.

It was Wang Yunxuan's head! !

“The artifact-refining God colluded with the demons and was exterminated. This is his son, Wang Yunxuan. I have benevolence in my heart, so I spared his life. I let him refine sharp weapons against the demons, and he did not repent. Who knew that he would secretly contact the demons yesterday. Such a nature is hard to change, so I can only kill him.”

“I’ll give this head to Emperor Yu. It means that you and I will work together to kill the demons. What do you think, Emperor Yu?”

The whole place was dead silent.

This vicious woman!

She killed Wang Yunxuan and provoked Su Yu!

Killing intent flickered in Su Yu’s eyes. He took the head expressionlessly and said, “Of course I Like It!”

This was not a lie, but the truth.

Wang Yunxuan was enslaved. It would take some tricks to save him.

Now that traveling mother had sent over the head, Su Yu could just resurrect it. How much trouble had he saved?

Staring at the ‘killing intent’ in Su Yu’s eyes, traveling mother felt a sense of pleasure, the pleasure of revenge.

However, she was not satisfied with this, she said slowly, “I heard that Emperor Yu captured a few other traitors who colluded with the demon world. I wonder why he hasn’t executed them yet? After all, they colluded with the demon race and caused countless soldiers of the god Domain Empire to die in vain. Isn’t Emperor Yu afraid of being criticized by the world if he keeps them alive?”

She had not only killed Wang Yunxuan, but she had even forced Su Yu to kill Sacred God and the others!

One could see just how vicious she was.

Su Yu said, “What traveling mother said is true! En, bring them up!”

Soon, Sacred God, Baotong god of commerce, and Red Dust Sword God were brought up.

Traveling mother stared at them and said, “Why don’t you shackle them?”

Su Yu gave a mysterious smile. “Because they have already accomplished their crimes and used their actions to wash away their previous crimes.”

Mother Nature Walker said indifferently, “Emperor Yu, you must be joking. How many innocent soldiers have their group killed? What merits do they have? Can they be redeemed for their crimes? Can they even be redeemed for their crimes?”

What they had done was something that the people and gods of the Celestial Domain Empire were indignant about. It was definitely not a great merit that could be explained.

Su Yu chuckled and said, “Everyone, tell me, what kind of great merit have you all contributed?”

God of Commerce Baotong took a step forward and said, “Reporting to Emperor Yu, we have killed an important member of the demon world. I believe that we can use this to prove our innocence. It is absolutely impossible for us to collude with the demon world.”

Walking mother lightly sized up the cultivation levels of the three of them and sneered at them.

With their strength, what level of Demon World Generals could they kill?

Wasn’t it amazing that they could kill a stage four demon god? But a mere stage four devil God was enough to prove that they had absolutely no chance of colluding with the Devil World?

A cold smile flashed across his eyes. Today, no matter what, he had to force Su Yu to personally kill his old friends from the Eastern Alliance.

She wanted to show those restless Eastern alliance gods that even if Su Yu returned, he would not be able to save them!

Those who went against her had to die!

Su Yu said, “Tell Voidwalker mother who you killed.”

Baotong god of commerce cupped his fists and stared at voidwalker mother, saying, “Reporting to voidwalker mother, the person we killed was the number one devil God of the Devil World, the six paths Devil God!”

The arena instantly fell silent.

Who was the six paths Devil God? Presumably, in the entire Galaxy God, there was no one who did not know of him.

In the rumors, he was the most terrifying Devil God!

He was so powerful that he was second only to the Devil Emperor. He was an invincible existence in the galaxy.

His status in the Devil World was unparalleled. He could be said to be the representative of the Devil World.

In the galaxy, just his name alone was enough to suppress all the gods.

When they heard that God Baotong had killed the six paths devil God, they were all stunned. They suspected that the six paths devil god that God Baotong was referring to was someone with the same name.

Mother Skywalker’s pupils contracted unintentionally, but she quickly returned to normal. Her eyes were suffused with deep ridicule.

They had killed the six paths fiendcelestials? This was truly the greatest joke in the world

Mother Skywalker calmly sipped her tea and said with a smile that was not a smile, “Oh? Then I have to congratulate all of you. The six paths fiendcelestials are the number one fiendcelestials in the fiend world. If you can kill him, it will truly be a great fortune for my Celestial Domain Empire.”

Everyone could hear the sarcasm in her words.

God Baotong's palm trembled. No one knew if he was nervous or excited, but he took out a wooden box from his interspatial ring. It was similarly wrapped in an exquisite manner.

God Baotong gently opened it and presented it to walking mother.

The instant the wooden box was opened, a terrifying devil Qi swept out.

The Gods of the Western alliance present were all trembling in fear. They could not help but circulate their divine power to protect themselves,

some of the timid gods even raised their legs and tried to run away!

If it wasn't for the presence of the two emperors, Su Yu and mother Skywalker, they would have been scared out of their wits.

They had never seen such terrifying Devil Qi in their lives!

"This devil qi is too pure, it's not inferior to the Devil Emperor in the records!"

"Look at that head, it's the six paths devil God, it's him! I've seen that portrait once, and I Won't forget it!"

"Impossible! How could an invincible figure like the six paths demon God be killed?"

The hall was boiling with excitement. They no longer cared about the presence of the two emperors!

Only when a cold killing intent swept over did they stop abruptly and look at the source of the killing intent.

The half-smiling expression of the space travel mother had long been destroyed. What replaced it was stiffness, shock, disbelief, and extreme anger and killing intent.

It was as if the person lying inside was someone close to her.

Seeing this, Su Yu's lips curled into a cold smile. However, the smile on his face remained the same.

"Skywalker, how is it? Do you feel a great surprise? My people have killed the six paths demonic god, the greatest threat to the Divine Domain Empire?"

Skywalker stared fixedly at the head in the wooden box, as if she was bewitched.

Hearing Su Yu's words, she suddenly raised her head.

Her once gentle eyes, which contained the radiance of motherhood, were replaced by an unprecedentedly sharp and twisted killing intent.

At first glance, it was the complete opposite of the voidwalker mother of the past.

Su Yu said leisurely, "Why? My people have killed the six paths demon god. Why doesn't the Voidwalker mother feel pleasantly surprised? Instead, she treats us as if we are her mortal enemies? "Did my people kill the six paths demon god and make the Voidwalker mother very unhappy?"

Hearing this, everyone was jolted awake.

Indeed, the voidwalker mother's expression was too... too strange!

Putting aside the gentle motherly radiance of the past, it had become so twisted and fierce, like two completely different people.

Just that abnormal reaction was enough to make people suspicious.

The death of the six paths demon god was a great blessing that had never happened before!

In the end, the voidwalker mother did not look happy at all. Instead, it was filled with boundless hatred!

Even a blind person could figure out the meaning behind this.

Skywalker mother also jolted awake from her daze. She immediately restrained her abnormal state and returned to her calm self, she said, "I'm sorry. I lost my composure. The six paths demon God is a great threat to the Divine Domain Empire. He has killed countless gods. The moment I saw him, I subconsciously revealed my killing intent."

Hehe, his killing intent was clearly directed at Su Yu and the others!

However, without concrete evidence, Su Yu would not forcefully frame them. He smiled faintly and said, "In that case, does this mean that traveling mother is pleasantly surprised?"

Chapter 1490 Brahma Puppet

Voidwalker mother's body trembled imperceptibly as she said indifferently, "Naturally, it's a pleasant surprise. It deserves the celebration of the entire world."

"Then, has the Baotong God of commerce and the others who killed him been cleared of suspicion?" Su Yu asked.

Even the six paths demon gods had been killed. Anyone who believed that they were from the demon world's side would truly be a retard.

Voidwalker mother's lips trembled as if she was trying her best to suppress her emotions. Her calm voice trembled slightly as she said, "Of course, perhaps I have wronged them. I want to investigate the case again!"

As she spoke, Voidwalker mother stood up and said, "I will immediately go back and investigate this case. I will not let the real murderer go free. Goodbye!"

Just as she took a step forward, Su Yu said, "It is rare for you to come and give me such a great gift. How can I let you return empty-handed?"

He took the wooden box and stuffed it into her arms. With a smile that was not a smile, he said, "I hope you will not reject this surprise."

The voidwalker mother stared straight at Su Yu. On the other side of her calm eyes, there was endless hatred and hatred!

However, her expression was calm as she said, "Many thanks!"

She expressionlessly took the wooden box, and under the escort of many gods, mother Skywalker flew through the air.

Su Yu's eyes were sharp, and she could clearly see that her hands, which were holding the wooden box, were trembling non-stop.

"It seems that my guess is correct. The six paths devil God has a mistress in the Eastern Alliance, and I had always thought that it was devil God. Now, it seems that it is no doubt Mother Skywalker." Su Yu sneered.

Back then, the Devil God was captured by the demon race for ten years, and it was the Voidwalker mother who saved him.

Later, the Devil God gave birth to a son, who was half-human and half-devil.

Everyone thought that it was the child of the Devil God and the Devil World, but no one ever suspected the Voidwalker mother!

She was the true mother of the king of Zhongzhou, the Human God who gave birth to the child of the six paths demon God!

For many years, it was the Devil God who helped cover for her, causing people to think that the child was hers.

Later, that child went missing and disappeared under the many mysterious eyes of the Eastern Alliance!

Now that he thought about it, who else could have hidden the king of Zhongzhou into the world of the nine regions cave abode other than the number one god, The Walking Space Mother?

As for sending the withered bone devil God to rescue the king of Zhongzhou, presumably, only the woman of the six paths devil God could order the withered bone devil God to do so.

What was even more amazing was that the Skeleton Devil God's soul memories were forcibly erased.

At that time, Su Yu and Shengyuan Xin deduced that only a god-level soul dao expert could do it, and the Eastern Alliance didn't have a god-level soul dao expert.

Now, everything made sense.

Perhaps the Voidwalker mother wasn't a god-level soul dao expert, but among the experts she had secretly nurtured for many years, there were most likely gods who were proficient in the Soul Dao!

"Hehe, what a benevolent Voidwalker mother. Showing great mercy to traitors like the god of calligraphy, the god of Raksha, and the god of glazed glaze. To me, to the god of Baotong, and to deities like the sacred God who do not obey you, she is incomparably ruthless!" Su Yu could not help but sneer.

He had said before that there were only two types of people like the voidwalker mother who showed great mercy to their enemies.

One was a saint who showed mercy to everything in the world, including their enemies.

The other was someone who had ulterior motives!

Now, it seemed that she was undoubtedly the second kind!

Leaving the harbor, in the depths of the endless sky, the voidwalker mother held the wooden box of the heads of the six paths demon gods, her eyes absent-minded.

Her entire body could no longer suppress the trembling, and the resentment hidden deep in her eyes turned into an endless torrent that surged out.

“Everyone Retreat!” Lian Jie shouted. He also left to make space for the Voidwalker mother.

At this moment, not only were the voidwalker mother’s eyes filled with hatred, her facial features were also distorted due to anger, sadness, and killing intent.

Her entire body was suffused with a cold and sinister killing intent. Coupled with her distorted and ferocious face, she looked like a demon!

She no longer had the image of the Holy Mother of the Earth of the past. What she had was a dark woman that no one had ever seen before.

“Su! Yu!” She clenched her teeth and couldn’t help but tremble. She hugged the wooden box tightly in her arms, and tears of sadness and anger rolled down her eyes. “Why, why did you go against me? Kill my child and then Kill My Husband?”

She didn’t think about why the king of Zhongzhou would die.

He tried to devour the living beings of the nine regions. Could it be that Su Yu was just sitting there waiting to die?

She did not even think about why the six paths demon God had died.

As a galaxy creature, would it be her wish to let the six paths demon god devour her?

“I want you to not! Get! Good! Die! !” Mother Voidwalker roared ferociously, her hatred overflowing to the heavens!

--

Within the command center.

The Sacred God, Treasure Path God of Commerce, and red dust sword God all knelt on the ground. “We will never forget Emperor Yu’s great kindness! From now on, we will follow Emperor Yu to the death!”

It turned out that Su Yu had long expected that mother hollow would not sit idly by and watch Su Yu ascend the throne. She would definitely stop him personally.

Thus, Su Yu played along and took the opportunity to clear their grievances.

Su Yu felt strange. The moment the three of them knelt down, his source of God seemed to have suddenly increased by a large margin!

His heart calmed down. “As expected, this is the power of faith!”

They were willing to submit to Su Yu, worshipping him, and having faith that originated from their souls.

The power of faith transformed into Su Yu's divine source.

'it seems like my decision wasn't wrong. I must obtain the faith of the common people of the god domain empire. I must not provoke them,' Su Yu thought to himself.

At the same time, Su Yu waved his hand and helped them up. "This is only the first step. The goal is to completely destroy the voidwalker mother."

The Many Gods of the Western alliance had witnessed Su Yu's rise, and they were completely loyal to Su Yu.

However, they were far from being as sincere as the holy god and the others, so they did not have the power of faith.

"Emperor Yu, should we prepare to fight against the Voidwalker Mother?" One of the gods of the Western alliance was eager to try.

Su Yu shook her head. "Now is not the time. I am waiting for some people, some important news!"

"However..." Su Yu's eyes revealed a smile that was not a smile. "We should indeed prepare. I think that it is very difficult for a person who has lost her rationality to make a conscious decision. Her counterattack is about to begin."

The group of gods from the Western alliance dispersed and returned to their respective cave abodes. They began the relocation of their cave abodes.

They gathered around the port from all directions.

Two days later.

The vast god domain empire was riddled with potholes. There were over a hundred cave abodes that were missing.

However, on the other side of the map, there was another map of similar size.

It was divided by the center of the Eastern Alliance in the past.

Half of it was a force ruled by the gods of the Eastern Union.

The other half was a force ruled by the gods of the Western Union and Su Yu.

The Western Union built a palace within two days.

Su Yu entered the palace and was given the title Emperor Yu.

In the palace, Su Yu took out Wang Yunxuan's head and activated the resurrection technique.

With his head as the foundation, Wang Yunxuan's body gradually recovered. Finally, the two souls that had dissipated in the world returned to their original positions.

"I will not obey even if I die..." just as he resurrected, Wang Yunxuan slapped his palm over.

Su Yu easily caught the palm and lightly shouted, "Wake up quickly!"

Wang Yunxuan suddenly opened his eyes and quickly woke up.

He looked at the unfamiliar scene, unfamiliar environment, and familiar person in a daze.

When the familiar person's face was clear, Wang Yunxuan rubbed his eyes. "Do people still dream when they die?"

"It's not a dream. I saved you," Su Yu said.

Wang Yunxuan was stunned. "That Witch didn't kill me?"

"Well... I guess so. In short, I appeared and saved you," Su Yu didn't want to explain too much.

Wang Yunxuan suddenly understood and said in surprise, "When did you come back? I heard from Shengyuan Xin that you fell into the Heavenly Lake. No one there could have come back alive!"

Su Yu smiled slightly. "Impossible? Who are you talking to?"

UH --

Wang Yunxuan was stunned, and then he smiled bitterly. "That's true. There's nothing you can't do. People say that you're dead, but I don't believe it! Even the Devil World didn't kill you, so what about the Heavenly Lake?"

Looking at Wang Yunxuan, who was still the same as before, Su Yu said, "I'm relieved that you can do this."

What he was most afraid of was the death of the god of weapon refining, which would make Wang Yunxuan's will depressed.

As the saying goes, 'The Sorrow is greater than the death of the heart'. If the heart was dead, saving it would be in vain.

A look of desolation flashed across Wang Yunxuan's face, his eyes were moist. "Father has always taught me to refine the heart first in weapon refining. If it wasn't so, it wouldn't be enough to refine a satisfactory divine weapon. I never understood it, and I didn't want to understand it. It wasn't until he died that I suddenly understood the purpose of his teaching."

"How can a person forge a divine weapon that has been tempered thousands of times without a heart that has been tempered? I think that if he knew in the Netherworld, he definitely wouldn't want my heart to be ruined."

Hearing this, Su Yu was stunned. The Wang Yunxuan in front of him seemed to have undergone a metamorphosis and shed his previous cynicism.

A temperament that was unique to refining weapons appeared faintly.

"It's better if you can see past it," Su Yu said.

Wang Yunxuan hammered Su Yu's chest, he forced a smile. "Don't worry. My only goal now is to promote the path of artifact-refining and not let this path perish in my hands! I will only focus on artifact-refining and will never have thoughts of committing suicide. You can rest assured."

Artifact-refining? Su Yu touched his chin. "If Brother Yunxuan wants to focus on artifact-refining, I can recommend you to a place. I just don't know if you can keep up."

Hearing this, Wang Yunxuan patted his chest. "What a joke. In the entire galaxy, other than me, how many other people can compare to me in the path of refining?"

Su Yu smiled playfully. "That might not be the case."

As soon as he finished speaking, Su Yu brought Wang Yunxuan into the weapon cabin of the Sky Saint Cruiser.

The weapon cabin was bustling with activity. All kinds of huge and terrifying weapons of civilization were being forged at an accelerated pace.

In particular, there was a terrifying puppet that was tens of millions of feet tall. It stood in the deepest part of the weapons cabin and gave off a terrifying aura.

Wang Yunxuan was dumbfounded. He had never seen so many strange weapons in his lifetime of refining.

When his gaze swept across the last giant puppet, he was suddenly jolted awake. He gasped and said, "How is this possible? An ultimate ancient civilization weapon, Fan Tian?"

Eh? Su Yu was greatly surprised. Even the Yongye siblings didn't know what this puppet was.

These forging masters only knew the blueprint, but they didn't know what it was.

"You actually know it?" Su Yu asked in surprise.

Wang Yunxuan was so excited that he was incoherent. "Do you remember the quasi-god level puppet that I refined back then?"

"Of course I remember. That half-baked puppet even helped me a little," Su Yu said.

Wang Yunxuan could no longer be bothered to retort. He was so excited that he was trembling, he grabbed Su Yu's arm and said, "At that time, I told you that I had obtained a manual for refining puppets in the ruins. The quasi-god puppet was one of them. However, this fan Tian in front of me is also in that manual! !"

Wang Yunxuan ran over and caressed the puppet's feet. He exclaimed, "Oh my God, I thought that it was impossible to reforge this thing. I didn't expect that it would actually..."

"Wait! You Mean, you know how to forge this puppet?"

Wang Yunxuan did not even turn his head. "Of course, not only that, I also know how to drive this puppet. The description in the booklet is very detailed!"

Eh? Su Yu's eyes were filled with surprise.

Other than the difficulty of forging, fan Tian had another difficulty that could not be solved. He could not find a suitable person to drive it.

According to the current forgers, they only knew how to forge. However, they still needed time to figure out how to drive it. This was something that even the heaven-defying father and son did not understand.

Hearing this, Su Yu said happily, "Hehe, it seems like I did not bring brother Yunxuan to the wrong place!"

"You mean to say that you want me to come here..." Wang Yunxuan's face was filled with ecstasy. "This is an ultimate civilization-level weapon. Do You Really Trust me to come?"

Su Yu chuckled. "What's there to worry about? I'll be more at ease if you come."

As he spoke, Su Yu gathered all the blacksmiths who were responsible for forging the Brahma puppet and solemnly introduced Wang Yunxuan to them.

With Su Yu's endorsement, he even learned that Wang Yunxuan was Su Yu's good brother. These arrogant blacksmiths could not wait to curry favor with Wang Yunxuan!

Without Su Yu's special reminder, Wang Yunxuan quickly integrated into the blacksmithing.

With a slight smile, Su Yu returned to the outside world.

It didn't matter if Wang Yunxuan was in the sky sacred ship. He was already dead. If he was suddenly resurrected, it would be troublesome no matter how many people saw him.

After settling him down, Su Yu let out a slight sigh of relief.

Wang Yunxuan was one of his few friends, but he could only save the lives of non-gods. For gods like the god of refining, resurrecting the dead would have no effect.

At this moment, the tree god flashed over and said with a faint smile, "As you said, the Voidwalker mother has taken action."

Su Yu's eyes flashed. "Oh? What is she planning to do?"

"Repeating the same trick. She wants to hold a meeting with you. The reason is that Emperor Yu has ascended the throne, and she wants to officially announce it to the world."

Hearing this, Su Yu smiled. "I really can't refuse this reason."

He might have ascended the throne, but he had never announced it to the world, and it had always been one-sided.

Now that the Voidwalker mother wanted to make a joint statement with him, his position as Emperor Yu would be even more stable.

Su Yu asked, "Have you prepared my secret plans for the next few days?"

The tree god blinked. "Why don't you take a look at who I am? Of course, I'll make sure everything is done according to your plan! However, you have to be careful!"

Su Yu wasn't careless in this regard.

He knew that he might not be afraid of the voidwalker mother in terms of martial prowess, but Su Yu didn't dare to underestimate god Ximen and the beautiful God.

They had been killed by the demons that had suddenly appeared in the secret chamber. This was something that Su Yu had to be wary of.

“Don't worry, I'm confident.”

The tree god nodded. He had just taken out the Voidwalker Mother's invitation card.

Three days later, the God Domain Empire would hold a meeting of all gods to welcome emperor Yu to the throne.

At that time, all the gods would be present to witness this historic moment.

It could be said to be an unprecedented grand event in the God Domain Empire.

At the same time, a group of patrolling soldiers from the demon world patrolled the periphery of the demon world, monitoring if there were any scouts from the galaxy.

At this time, five of them suddenly attacked, assassinating the remaining patrolling soldiers without any warning.

After a fierce battle, the rest of the soldiers were all killed.

The five surviving devils took off their helmets, revealing Qianjun, Sha'er, and the three quasi-god devils.

Qianjun looked at the corpses on the ground and said, “Fortunately, we managed to bribe some officials of the Sacred Devil Hall over the years. That way, we could get away from the Devil World.”

Sha'er let out a breath and looked back at the huge devil world, feeling uneasy. “We have no way out!”

Qianjun's gaze was resolute. “Princess Yunxia is about to investigate us. If we don't Leave Now, we will die! We can only seek refuge with the Demon King!”

Sha'er nodded. “I hope the information we bring back will be useful to him.”
