Chapter 1491 The Great Demonic Cauldron

Three days later, the God's domain empire was in an unprecedented state.

Over 200 gods gathered at the boundary between the two empires, accompanied by experts from the various grotto-worlds.

In the entire God's domain empire, everyone with status and status had come to participate in this conference that had suddenly been held.

For a time, the storm gathered. It was comparable to the time when the east and West Alliance had formed an alliance.

"Su Yu's return and his coronation as emperor was within our expectations. However, it was unexpected for the voidwalker mother to show weakness so quickly."

"Hehe, you may not know this, but a few days ago, Emperor Yu summoned his old subordinates. The voidwalker mother descended and forcefully interfered!"

"Oh? There's such a thing? Then what was the result?"

"Hehe, given the current situation, what do you think was the result that day?"

"Hiss! This emperor Yu's methods are superb. He actually dared to return in a high profile. As expected, he has some confidence. Unfortunately, I don't think that he will be able to successfully conclude the contract."

The group of people who were discussing tacitly shut their mouths.

Back then, when the two major alliances had formed an alliance, the two leaders of the Western alliance had died mysteriously at the hands of the demons. Not only were the people of the Western Alliance brooding over this, the experts of the Eastern Alliance were also filled with suspicions.

Boom Boom --

Suddenly, powerful auras came from both the eastern and western divine realms. They collided at the boundary between the two divine realms and formed an invisible barrier that enveloped the entire area.

Under the divine might, everyone could not help but bow and worship.

"Greetings, Empress Mother, greetings, Empress Yu!"

Shua --

Under the divine welcome, the two emperors appeared at the boundary as if they had teleported.

The voidwalker mother sat on the Phoenix carriage. Four powerful phoenixes that had never appeared before in the Milky Way were at her command.

Each of the Phoenixes had a cultivation base at the fourth sky, and they surpassed most of the living beings present.

The seven-colored feathers, the cold and arrogant temperament, and the powerful cultivation base gave people a deep sense of shock.

What made people even more surprised was that such a divine beast was merely a means of transportation for the voidwalker mother.

Its ostentatious appearance and the magnificence of its appearance were quite shocking.

On the other hand, Su Yu was dressed in a plain robe and stood alone with his hands behind his back.

There was no one beside her to attack, nor was there a beast carriage to ride on. She looked down and shabby, completely incompatible with the temperament of an emperor.

In comparison, the Voidwalker mother was more like an emperor of a generation.

With the arrival of the two emperors, all the living beings were quiet on their own, waiting for them to speak.

The voidwalker mother's calm eyes sized up Su Yu. Her gaze was calm, just like the gentle image of the voidwalker mother.

She moved her eyes away and looked down at the gods. She let out a gentle and sweet voice, "Today, the Emperor of Japan and Emperor Yu have signed a contract. The two emperors are jointly in charge of the Celestial Empire. I hereby decree the gods to witness it."

The gods said, "It is truly a blessing for our empire to have two emperors standing side by side!"

Walking Mother Kong nodded slightly. The maid behind her took out a large seal at the right time. It was completely emerald in color and incomparably beautiful.

The large seal was engraved with a qilin. At the bottom, the words "Celestial Empire" were engraved.

This seal was the imperial jade seal of the Celestial Empire!

Any imperial edict would require a large seal of the imperial jade seal.

Mastering this seal was equivalent to mastering the Celestial Empire.

"This is the imperial jade seal. It will be split into two. Emperor Yu and I will each be in charge of half of it. Every time there is a huge decision, the two of us will discuss it together. We will put the imperial jade seal together and issue an imperial edict," traveling mother said loudly, her voice was transmitted to the two great god realms, and it fell into the ears of every living being.

The gods were secretly apprehensive. This would be a historic moment.

Bang --

The voidwalker mother clenched her five fingers, and the jade seal split into two, neatly and neatly.

The voidwalker mother threw half of it to Su Yu.

Su Yu caught it and carefully checked it to confirm that it was correct.

The voidwalker mother said, "The jade seal has been divided. Next, you and I should discuss the specific matters. You and I can decide on our own what matters, and what matters we need to put the jade seal in one place."

Su Yu said, "It suits my emperor's wishes."

Shua --

Voidwalker mother waved her sleeve, creating a huge barrier in the air.

Inside the barrier, not only could it block out sound, but it could also block out visitors.

At the very least, Su Yu's clairvoyance eye could not see through the situation inside the barrier.

"Our discussion should not be disturbed by outsiders. This is my special secret room. We can eliminate outside interference and discuss in peace." Voidwalker mother made a welcoming gesture.

The gods' spirits were shaken.

They were here!

The two leaders of the Western alliance had died at the hands of the demons who had appeared in such a public place.

Today, mother Walker had once again proposed a secret chamber for a discussion. Would the unimaginable scene of the past happen again?

Su Yu crossed his arms in front of his chest. He had no intention of entering.

"Are you worried?" Mother Walker said indifferently, "But the discussion can not be delayed."

After a moment of silence, Mother Voidwalker withdrew the barrier and said, "Since Emperor Yu does not trust me, then Emperor Yu will choose the location of the negotiation. Any location is fine."

It sounded as if Su Yu was a villain and mother Voidwalker was magnanimous.

Many of the spectating creatures looked at the two's aura, clothes, and even their bearing. Naturally, they had a better impression of Mother Voidwalker.

"She's the Great Empress after all. Her bearing and magnanimity are far from what a young brat can compare to."

"That's indeed the case. Originally, the Divine Realm Empire was at its peak. However, this su fellow's return caused the divine realm to be split into two."

"That's right! Why did he have to come back? He could have just died in the Heavenly Lake!"

Without batting an eyelid, the Skywalker mother had secretly suppressed Su Yu's image. Moreover, it was quite effective.

Su Yu was unmoved by this. He said indifferently, "If that's the case, I won't retreat. Thunder monarch, you can set up the barrier."

The Thunder Monarch from the Western alliance immediately stood out. He was a little hesitant as he secretly transmitted his voice, "Emperor Yu, why don't we invite the people from the Eastern Alliance to act together? This will show our magnanimity. Otherwise, the voidwalker mother will snatch all of them away."

Su Yu gave a faint smile. "So what if she takes all the limelight? Everything will end today anyway."

The Thunder Monarch accepted the order and set up a barrier with the divine path of thunder. The effect was similar to before.

The voidwalker mother did not even look at it as she floated in.

"Wait! In order to ensure the safety of both parties, please hand over your spatial magic treasure before entering," Su Yu said.

The voidwalker mother paused for a moment before silently taking out her spatial magic treasure and handing it over to the maidservant behind her.

Everyone was filled with emotion as they watched.

"Look, what is a true emperor? Such magnanimity, such magnanimity!"

"I heard that three days ago, Emperor Yu did not treat walking mother well. Now, walking mother has forgotten about the past and is not wary of him at all. She is so calm and unhurried. As expected of Mother Earth's walking mother, she is benevolent and tolerant towards the world!"

"Hehe, compared to her, Su Yu's attitude of treating a gentleman like a scoundrel is really disgusting."

"What right does such a person have to rule the god's domain empire and become our King?"

The gods understood Su Yu's cautiousness, but the common people did not know the inside story. They were all deceived by the appearance of the Skywalker mother, and almost all of them supported the Skywalker mother.

Unconsciously, Su Yu left a particularly bad impression on the creatures of the God's domain empire.

Su Yu remained unmoved. He also took off his spatial magic treasure and handed it over to the Thunder monarch. He smiled at the voidwalker mother and said, "That's enough. Please come in."

The two of them entered one after another. They were inside a barrier that was interwoven with lightning.

The voidwalker mother stepped in first. She inspected the effect of the barrier without a change in her expression.

Su Yu stood behind her. He crossed his arms in front of his chest and said calmly, “Don’t worry. The outside world can’t hear or see what’s going on inside. You Don’t need to disguise yourself anymore.”

Swoosh --

Voidwalker mother suddenly turned around. Her calm face had been twisted and squeezed together.

Her gentle and approachable face was like an angry ghost. Even her voice had lost its calmness. There was only hatred and hatred in her voice. “I hate you so much! Why did I let you go back then!”

“You killed my son and my husband. This debt of blood will not be repaid even if you die!”

Su Yu chuckled. “You have finally revealed your true form. I believe that since you have already said everything, you definitely do not intend to let me, who knows the truth, leave this place alive.”

Walking mother sneered. Her smile was sinister, she was like a vicious and venomous snake. “You are very smart. I believe that you have also guessed that I will definitely take revenge on you! Unfortunately, your guess is wrong. I will not repeat the same trick and let you find the cause of death of Ximen Jian and god Linlang!”

Su Yu’s eyebrows slightly twitched.

The cold smile on the Voidwalker Mother’s face deepened, and her eyes were filled with a hidden cunning. “Unfortunately, the revenge on you is not here, but somewhere else! I believe that the result is about to be determined!”

A sense of foreboding surged onto Su Yu’s face. The dark and cunning side of the Voidwalker mother was unexpected.

As she smiled, the ground beneath her feet slowly melted.

She was a God born from the spirit of a huge mountain. She was innately connected to the earth and could control the Earth with a thought.

Su Yu was on guard. Could it be that the demons had appeared in such a strange manner?

As the earth melted, a huge pitch-black cauldron appeared, emitting endless demonic qi.

This was actually a magic tool!

Moreover, it was an extremely high-grade imitation magic tool!

The bonfire under the huge cauldron burned intensely, burning the huge black cauldron until it was completely red.

The inside of the huge cauldron was filled with pitch-black liquid, and there were several people bound inside. All of them were people that Su Yu was familiar with!

“He Ruchu?” Su Yu was shocked.

Inside the boiling black liquid, he Ruchu and a few elders of the Crane God family were tied up inside the huge cauldron and boiled alive.

Their faces were filled with extreme pain. Their bodies were in the boiling cauldron and their skin and flesh were burnt to a pulp.

However, they were imprisoned and unable to move. They were forced to endure the torture that was worse than death!

When he Ruchu saw Su Yu, he couldn't help but cry out in pain, "Family head, quickly save me... save me! !"

The other elders also noticed Su Yu and grabbed onto their life-saving straws as they cried out for help.

The scene was cruel and desolate.

Even Su Yu could not help but be moved and his heart was filled with killing intent.

Mother Nature Walker's smile had already become twisted. She laughed sinisterly and said, "Isn't it strange that they are here even though you sent experts to save them?"

Su Yu said in a deep voice, "You knew that I would send people to save them?"

Mother Nature Walker laughed delightedly, her laughter was filled with hatred. "Isn't it painful to see a familiar old friend being boiled alive? But this is only the beginning! ! The pain that you have given me, I will return it to you a hundred times, a thousand times, ten thousand times! !"

"Demon Origin cauldron! Open!" Mother Voidwalker shouted, and the Xin Huo beneath the cauldron suddenly expanded.

He Ruchu and the others inside the cauldron did not even have the chance to scream before they were melted by the rapidly boiling black liquid.

Su Yu's face sank as he watched them being boiled to death. "Killing people is nothing. Is there a need to torture innocent people like this?"

Walking mother clapped and laughed maniacally. "Hahahaha! That's the expression! Yes, yes! You're in pain, that's right!"

The corners of her mouth cracked open, revealing her ghastly white teeth. She looked extremely sinister.

Chapter 1492 Public Enemy

"The good show has just begun!" Mother Skywalker immediately used her control technique. The flame of the demon origin cauldron faded away and quickly cooled down.

Then, the huge cauldron toppled over and poured all the liquid inside onto the ground.

There was actually a group of people pouring out together.

Their faces were ferocious and their facial features were ferocious. They were clearly demons!

However, what shocked Su Yu was that the eyes of those demons seemed familiar.

It was none other than he ruchu and the others!

They did not die, but were transformed into demons!

Su Yu instantly understood where the demons who killed Ximen Jian and god Linlang came from!

However, now was not the time to pay attention to the unsolved cases.

He Ruchu and the others had become demons, but their thoughts were still retained.

When they realized that they had become demons, their eyes revealed fear, fear, and panic.

They wanted to say something, but they realized that they had lost their galaxy language, so they could only make clumsy gestures.

He Ruchu looked at Su Yu and cast a pleading gaze. Then, he strode toward Su Yu and knelt in front of him, continuously kowtowing for help.

The other elders also did the same. They all knelt in front of Su Yu.

Walking Mother Kong sneered and put away her expression. Then, she put away the demonic origin cauldron.

Then, she gritted her teeth and cut off half of her body!

At the same time, she slapped her palm and shattered the lightning barrier.

The gods who were whispering in the outside world suddenly found that the lightning barrier was broken!

Everyone looked over in surprise.

What shocked them was that Voidwalker mother was actually heavily injured! !

However, what shocked them even more was that there were actually demons inside! !

Furthermore, a group of demons were kneeling in front of Su Yu as if he was their master!

Voidwalker mother's face was pale as she weakly flew back to the Phoenix Carriage and said with a trembling voice, "Emperor Yu... Emperor Yu was the spy sent by the demon world... it was him, he was the one who summoned the demon soldiers and took advantage of my unprepared state to heavily injure me!"

Her injuries, coupled with the scene of the devil worshipping Su Yu.

Not to mention the gods present, even the gods of the Western alliance, who trusted Su Yu, were dumbfounded.

They wanted to defend Su Yu, but how could they defend themselves against such a scene of irrefutable evidence?

Walking mother weakly said, "I implore all the gods to help me. Let's kill the Devils First!"

The Gods of the Western alliance hesitated on the spot, and a portion of the gods of the Eastern Alliance, who worked for walking mother, immediately attacked.

Hualala --

In an instant, 30 to 40 gods attacked at the same time. Their killing intent was fierce as they killed the demons that appeared below.

He Ruchu and the others were anxious. They waved their hands and wanted to explain.

However, in the eyes of the gods, this action meant that they were preparing to attack.

The gods' expressions changed, and they shouted, "Quickly attack! These demons are going to hurt people!"

Hong --

How could the gods dare to be careless with the demons? They didn't dare to show any mercy, and they immediately used their most powerful divine abilities.

"Stop!" Su Yu shouted, and his divine might surged out and swept away the person who attacked.

The gods who were swept away were shocked and bewildered. "Emperor Yu, you... you are protecting the Devils?"

This time, the gods of the Western alliance couldn't help but feel their hearts beat faster!

Could it be that Su Yu really..

Thinking back to when Su Yu came out of the devil world, it wasn't impossible for him to be bought over by the Devil World!

Su Yu said in a deep voice, "Listen to my explanation. They aren't devils. They are devils that were transformed by someone from the Galaxy!"

The gods looked at each other, half believing and half doubting.

The fact that a galaxy creature was forcefully transformed into a devil was nothing new.

The most famous thing in the Western alliance was that the proud daughter of the dazzling family had joined the devil race and transformed into a devil body.

However..

At this moment, mother Skywalker tried her best to maintain her weak body, she said with difficulty, "That's right... They were all members of the Crane God family back then and had transformed into the demon race... However, they were willing and they listened to Su Yu's orders... I was careless and was injured by them..."

The gods were somewhat confused. Mother Skywalker's words were not without reason.

Everyone knew Su Yu's original identity in the Eastern Alliance, the head of the Crane God family!

The crane God family listened to Su Yu's orders and defected to the Devil World together. The possibility was extremely high!

"Wait, isn't the Crane God family locked up? Why are they here?" A God asked in alarm.

At this moment, several powerful auras flew over at high speed.

They were the trusted aides of Mother Skywalker, Lian Jie and the others.

They brought the three of them and rushed over at high speed.

Lian Jie said fearfully, "Oh no, empress, the Majestic Crane family has been rescued!"

Mother Sky Walker was shocked. She coughed out a few mouthfuls of blood and asked, "Who rescued them?"

Lian Jie pushed the three people he had caught behind him over. It was actually god of commerce, holy God, and Red Dust Sword God!

"It was you?" Mother Sky Walker asked.

Lian Jie replied, "I was incompetent. When I found out, the Crane family had already been rescued. I only caught the ones who went to rescue them!"

Baotong god of commerce cast an apologetic and self-reproachful look at Su Yu.

Su Yu had arranged for them to take the opportunity to go to the prison to rescue people when the two emperors had formed an alliance.

Who knew that the members of the Crane family had already been moved away. What awaited them there was a trap!

Walking Mother's face was filled with gentleness as she let out a long sigh. "Sigh, was it because I was too benevolent and was too modest? Was it because Emperor Yu had the audacity to collude with the Devil Realm?"

Now that things had developed to this point, Su Yu's suspicion was set in stone! !

Even the gods of the Western alliance looked at Su Yu with a different gaze.

Walking Mother's sigh ignited the anger of many living beings and even most of the gods.

"Su Yu! You Traitor! I thought that one day I would join you, but I didn't think that it was all because of your nobility!"

"Hehehe, what a joke. I believe that the deaths of god Ximen and god Linlang were also controlled by you, right?"

"We can't let you live with your wild ambitions!"

"Kill! Kill them all together!"

Traveling mother said softly, "Everyone, please be merciful. Su Yu was once a member of our Eastern Alliance. If he is willing to admit his mistake, what harm is there in sparing him once?"

These words not only failed to appease everyone's anger, they even added fuel to the fire.

"Did you hear that, Su Yu? This is the true leader of our God Domain Empire! Who do you think you are to come out and fight with the Empress for the imperial power?"

“Great Empress, we admire your kindness, but we can not let Su Yu Live! Let us be the bad guys!”

Mother Skywalker stretched out her hand, wanting to stop her. “You... Don’t... kill...”

However, due to her injuries, mother Skywalker coughed heavily and sat back down weakly.

The moment she landed on the underground skull, her gentle eyes swept over Su Yu with a sinister, venomous smile.

Her plan had succeeded!

Not only did she destroy Su Yu’s foundation and take back the imperial power, she had also brought Su Yu to a place of eternal damnation.

Now, even if he killed another six paths devil God, no one would believe him!

Su Yu became the target of public criticism, including the gods of the Western alliance. They all joined in the crusade.

Just a moment ago, he was still emperor Yu, but now, he had become a stray dog, suffering the purge of the entire God Domain Empire.

Even if Su Yu had a hundred people, it was difficult for him to say anything.

Gritting his teeth, Su Yu rolled up his sleeves and swept he ruchu and the others away.

At the same time, before the gods had surrounded him, he rushed out. With a flash, he entered the galaxy world and fled without a trace.

The gods chased after him, but they soon lost him and returned resentfully.

Mother Nature Walker sighed. “Sigh... we are both living beings of the Eastern Union. Why did things end up like this? I think it’s my fault for not managing the god Domain Empire Well.”

She raised her head and apologized sincerely, “I’d better abdicate and let someone more capable become the monarch of the celestial domain empire so as to not affect the great cause of fighting against the Demons!”

Hearing this, the gods were terrified.

“Empress, please stay! Without your leadership, how can we fight against someone as evil as Su Yu?”

“That’s right! In this world, only the empress can lead us to a New World!”

“Empress, we have been suspicious of you in the past. Now that the truth is out, please forgive us! From now on, we are willing to follow the empress wholeheartedly.”

“Empress! Please stay!”

Both the gods and the living beings expressed unprecedented respect for the voidwalker mother.

At this moment, her popularity had surpassed the previous generations and reached its peak.

The Western alliance, which had always been unconvinced of her, and the Eastern Alliance Gods, who had always been acting in defiance of her, now all expressed their allegiance.

Their power and influence had reached its peak.

At this moment, the Skywalker mother let out a deep breath.

Su Yu's return not only did not cause her any losses, but it also allowed her to completely control the god Domain Empire!

Her eyes were filled with excitement and also filled with ruthlessness.

He stood up and said, "Don't be like this... i. . . Sigh, alright. For the sake of the two of you, I'll force myself to continue being the emperor of the God's Domain Empire."

Upon hearing this, the gods and living beings were filled with tears of gratitude.

With both defeat and defeat, the greatest winner would be the Voidwalker mother. No matter how powerful Su Yu's methods were, it would be impossible for her to turn the tables.

However, at this moment, a vast and dangerous aura slowly approached from the depths of the galaxy.

The galaxy was still silent, but the gods felt their hairs stand on end as they stared at the depths of the galaxy.

The living beings on the ground felt as if their chests were being pressed down by a mountain. They could not breathe, as if a terrifying world-destroying object was approaching.

Even the voidwalker mother's expression changed slightly as it gradually turned solemn.

Rumble --

One after another, sounds that shook the entire God's domain empire continued to echo.

It was as if a massive object was charging over from the depths of the galaxy.

Gradually, a snow-white circular object shattered the stars and headed straight for the God's domain empire.

Its body was so massive that it was comparable to half of the entire God's domain empire!

Looking at this terrifying behemoth, no one dared to breathe loudly. They did not even blink as they watched it slowly approach. It enveloped the top of the god's domain empire, casting a massive shadow.

"This... What is this thing?"

No one knew, because no one had ever seen it before!

"Hehe, are all the creatures of the galaxy gathered here? That's the best. It saves us the demon world's army from hunting everywhere." A cold and cruel voice resounded from within the circular plate.

At the same time, shocking demonic qi spread out from within the circular plate!

“It’s the demon race! !”The gods’expressions changed drastically, and they were extremely shocked.

Shua Shua Shua Shua --

A pillar of light shot out from the disc, and a shocking amount of devil qi surged from within.

“Oh my God, it’s the Devil Qi of the royal family of the Devil Realm! ! The royal family of the Devil Realm has come personally!”

The gods were completely terrified!

Along with the unknown disc, fear spread crazily.

Four human figures stood amidst the Devil Qi of the royal family, and one of them was a human.

She walked out slowly, revealing a beautiful yet dignified face. She looked like the Empress of a generation.

Voidwalker mother’s pupils constricted as she exclaimed, “Princess Yunxia!”

Chapter 1493 Revealing Her True Nature

Others might not know who Princess Yunxia was, but there was no reason for her to not know.

However, why had she suddenly arrived without any warning?

Could it be that the demons had decided to launch an all-out attack on the God Domain Empire?

But, why hadn’t they told her in advance?

A trace of suspicion welled up in her heart!

Her crystal eyes flickered slightly as she shouted righteously, “Gods, get ready for battle! The demons are invading on a large scale!”

Hualala --

The gods were so frightened that their expressions changed drastically. How could they dare to hesitate? They all mobilized their divine power.

The Demon World’s attack was sudden. They were in a hurry. They had no time to take out the various preparations in the cave abode world.

Fortunately, the God Domain Empire’s ten fleets were ready at any time. At this moment, all of them rushed out and confronted the snow-white gigantic object from afar.

Princess Yunxia’s face was solemn as she said indifferently, “So what if there are more ants? where is the Sacred Devil Hall?”

Under her command, a large amount of Devil Qi flew out from the snow-white disk.

The surging Devil Qi was like a rolling ocean. One could vaguely see the red-eyed devil shadows inside.

Brutal, savage, and bloodthirsty auras swept over like a violent storm.

Countless creatures of the god domain were so frightened that they trembled, unable to suppress the fear in their hearts.

There were already countless caves that had been conquered by the devil race, and the creatures inside had met a tragic end. They had all been eaten alive!

Just thinking about it made the gods shudder.

The Gods of the Western alliance could still be considered calm. They had fought against the Devil Race for many years, and they had long since gotten used to it.

However, the gods of the Eastern Alliance were all panicking. Even their divine power could not flow smoothly. Their bodies were trembling, and they had completely lost the ability to fight.

“Fleet, Attack!”Mother Skywalker gave the order.

The fleet of the Western alliance took the lead. Under Yi Mu’s personal command, they bypassed the other fleets and bravely attacked the demons.

With the example of the fleet of the Western alliance, the gods calmed down a little.

They had prepared for many years and even built ten fleets. What was there to be afraid of?

However, just as they were preparing to charge out with the western fleet, a hundred enormous cannons landed at the bottom of the snow-white disc.

Each cannon was the size of an Immortal’s Cave world! !

With more than a hundred of them gathered together, they were comparable to half of a god-domain empire!

One of the cannons was filled with destructive power.

Hong --

With a loud sound that shook the heavens and earth, a terrifying pillar of light shot toward the western fleet like Mercury falling to the ground.

An unforgettable scene appeared. The powerful Western Fleet, which had been viewed as a powerful weapon against the demons, was instantly engulfed by the pillar of light.

Including the fleet, the ten warships, countless living beings, and even the stage four heavenly experts, Yi Mu, were all wiped out, leaving no trace in the world.

The air was filled with a burning and destructive aura that shook people’s hearts.

Everyone looked at the West fleet that had been vaporized and was lost in thought.

“The West... The West fleet is gone just like that?”

“One cannon destroyed a fleet, and that giant round object has 100 cannons!”

They had just been filled with the desire to fight, and their boiling blood was destroyed by the cruel reality.

Without the demon race taking action, this giant object alone was enough to completely destroy them.

Princess Yunxia's expression was indifferent. "Ants are ants. Today, the Demon World's army descends, and there will be no way for you to survive! All of you shall die!"

Buzz Buzz Buzz --

A hundred giant cannons below the disk magic tool gathered energy at the same time.

One was already so terrifying, let alone a hundred?

The water of the galaxy kept flowing backward, and the Silent Starry Sky was deathly silent.

The Hall of light formed by the two hundred cave abodes flickered in front of the destructive power. It was like a candle in the wind, about to be destroyed.

Hum --

With a violent tremble, the energy of the hundred cannons was completely filled. They aimed at the remaining nine fleets, the two hundred gods, and the Voidwalker mother.

Despair appeared in the eyes of the gods.

In front of such power, they actually felt that they were unable to resist. They could only watch as the cannons destroyed them, turning them into dust.

"The heavens have destroyed our celestial empire!" An old god sighed towards the sky, and tears fell from his eyes.

It was one thing for the devil world to possess power far stronger than the celestial empire, but they actually obtained such a world-destroying weapon!

The other gods also revealed expressions of despair and indignation.

In the face of everything, Princess Yunxia was incomparably indifferent. She coldly ordered, "Fire! Kill them all! Leave No one alive!"

"Wait!" At the instant the huge cannon fired, a hurried voice resounded between the two sides.

It was the Voidwalker mother, the leader of the god-domain empire, and the Empress who had led them to the future!

The voidwalker mother had left the god of the God Domain Empire and flew alone in the direction of the demons.

This scene caused the spirits of the gods to tremble.

"What is the Voidwalker mother trying to do?"

"Is she negotiating with the demons? Or does she have some kind of plan to stop the Demons?"

"Could it be that she wants to shake the demons by herself?"

In their hearts, the Voidwalker mother had become their spiritual leader. Every move she made could attract the attention of the gods.

Especially after the betrayal of Su Yu, their respect for the Voidwalker mother had reached an unprecedented height.

The voidwalker mother did not negotiate, nor did she use any tricks. She did not even try to fight the demons head-on. Instead, she stepped forward and bowed. “Your subordinate greets the Empress!”

Her voice echoed over and over in the silent galaxy.

Your subordinate greets..

Your subordinate greets... The Empress! !

Many people did not believe their ears, but the persistent echo told them that they had not misheard.

The voidwalker mother had actually submitted to the Empress of the demon world!

She had just become the guide of Light in the hearts of all living beings and had just received the approval of everyone. In the end, she actually submitted to the other party?

“This... how is this possible?”The gods were at a loss. They felt that the entire world had been turned upside down. How could such a ridiculous thing be true?

“She saw a dead end, so she submitted to the Empress of the demonic realm?”

However, Princess Yunxia’s next sentence broke everyone’s hopes.

“It’s been hard on you for so many years.”

Mother Voidwalker bowed. “It’s worth it no matter how hard it is to unify the demonic realm.”

Boom --

It was as though countless Thunderbolts had shattered the rationality they had accumulated over the years.

It had also shattered the holy and radiant image of Walking Mother Kong in their hearts.

Many years ago... she had submitted to the demon world many years ago!

She had long been a member of the demon world!

Princess Yunxia said, “I am very sorry for the deaths of the six paths demon god and the king of Zhongzhou. However, the demon world will not treat you unfairly.”

Walking Mother Kong clenched her fists and said, “I will ask Su Yu for the deaths of my husband and child.”

What?

Everyone who was already shocked suffered another devastating blow.

Mother Skywalker actually... actually had an affair with the six paths devil God and even gave birth to a vile child!

Wait!

They all died at Su Yu's hands. Didn't this mean that... Su Yu did not surrender to the devil race at all.

"We... we wronged the wrong person..." a god's body trembled as his lips trembled in disbelief.

The other gods also came to a realization and were filled with regret, they mocked themselves, "We really deserve to die, we deserve to die! ! There was clearly a hero leader with outstanding strength who killed the six paths devil God, and there was clearly a chance for us to fight, but in the end, what did we do?"

"Hehe, we didn't do anything. We were only bewitched by a few words and chased him out of the God Domain Empire!"

"Now, we deserve it! Hahaha, what a great irony!"

Some of the gods of the Western Alliance were the most ashamed, they smiled bitterly. "It's fine if I die, but we died because we were stupid!" Thinking about it carefully, when god Ximen and god Linlang were killed by the demons, where was Su Yu? At the bottom of the Heavenly Lake? How could he control this place from a distance of 10 trillion kilometers

"It's laughable that we are so foolish to easily believe the words of the voidwalker mother and treat him as a traitor of the demon world!"

The gods came to their senses one after another. At this moment, they felt as if they had just woken up from a dream. They realized that the scene just now was really suspicious.

However, their minds were momentarily muddled and they had not thought rationally.

As expected, the seemingly heavy injuries on the voidwalker mother's body were rapidly healing. How did she look like she was seriously injured?

Thinking back to how she had pretended to resign, wasn't that just a trick of playing hard to get?

It was laughable that so many gods had been confused by the appearance of the Voidwalker mother in the past and had never doubted her.

At this time, Princess Yunxia said indifferently, "Voidwalker mother, this queen wants to kill them. Do you have anyone who needs mercy? This queen will let him off for your sake."

Hearing this, some of the gods who were on good terms with mother Voidwalker looked at her with hope in their eyes, trying their best to attract attention.

This might be their only way out.

However, mother voidwalker only glanced at them and revealed a deep sneer. "They are just a bunch of idiots that I have toyed with. I have no intention of pleading for them. Kill them all!"

These words, the gods will be the last line of luck extinguished.

"Strider! You... Shameless Woman!"

"Devil World Lackey, in My Asgard Empire put on airs for many years, I thought, you really benevolent, turned out to be a different stinking * * * * * !"

“I really hate to help you this kind of thing, so many years, I really blind a pair of dog eyes! !”

..

Angry curses filled the galaxy.

Mother Skywalker only laughed out loud. Her laughter was savage and ferocious. “You can curse all you want. You’re all dying anyway!”

Her eyes were sharp and her expression was distorted. There was endless ridicule in her eyes. “You will never understand the terror of the demon world. If I stay with you, I will only die! Only by following the demon world will I have a way to survive!”

The gods cursed even more fiercely. All of them were furious.

“HMPH! Why would I care about the insults of a bunch of idiots? Originally, when Su Yu returned, you might still be saved. It’s a pity that you were stupid enough to chase him away. Then, don’t blame others!”

Consort Yunxia frowned slightly and said indifferently, “Why are you wasting your breath on them?”

Staring at Mother Voidwalker, consort Yunxia said, “I will leave the chance to kill them to you. This can be considered a test of your loyalty. Do you dare to accept it?”

Voidwalker replied without hesitation, “I wholeheartedly serve the demon race. I will not hesitate to personally slaughter them all!”

“Alright, I will leave the order to fire the cannons to you. Do not disappoint me!”

Voidwalker mother laughed. “It is just killing a bunch of useless fools. What is there to be disappointed about?”

She stared at the many gods and revealed a sinister and cold grin. “Say Goodbye to this world! Fire the Cannons!”

With a hint of mockery, she deliberately dragged out her voice.

Chapter 1494 The Born King

The gods slowly closed their eyes, waiting for death.

However, the imagined death did not come. The hundred apocalyptic cannons did not move at all.

Mother spaceflight was startled and repeated, “Fire!”

However, the apocalyptic cannons still did not move.

No, to be precise, the energy within them actually retreated and gradually shrank.

Voidwalker mother said in confusion, “Empress, this is...”

Under her puzzled gaze, Consort Yun Xia revealed a pitiful smile.

Following that, a scene that caused Voidwalker mother’s expression to change drastically appeared.

Consort Yun Xia’s figure gradually became transparent and turned into nothingness.

At the same time, the three demonic shadows of the demon race's imperial family aura around her also turned into nothingness.

The hundreds of demonic shadows of the Sacred Demon Hall also disappeared without a trace.

In the blink of an eye, other than the snow-white disc that was still standing in the galaxy, all of them disappeared without a trace like a mirage.

The gods in front of the gates of Hell were stunned, and so was mother spaceflight. She looked at the snow-white object and stammered, "Empress, what's Going On?"

A reply was transmitted from within the snow-white disc.

However, that reply made Mother Spaceflight's entire body stiffen.

"Hehe, your empress should still be training her troops in the demon world, preparing for battle."

That voice was Su Yu! !

He did not leave, he was..

The voidwalker mother was shocked and said in disbelief, "This disc giant, is... Is it yours?"

From what she knew, such a terrifying object of destruction could only belong to the powerful demon race!

Su Yu smiled faintly and said, "Could it be yours?"

Upon hearing this, mother Skywalker's face turned snow-white.

On the other hand, the gods were still in a state of shock.

This, such a terrifying object of destruction, was it Su Yu's own?

Mother Skywalker's face was pale and dark. She bit her lips and said in a low voice, "In other words, everything was set up by you?"

"I guess so." Below the snow-white disc, a pillar of light descended. Su Yu stepped out from within the light with his hands behind his back.

A woman followed closely behind him. It was Bi Wanqing. A dragon's shadow faintly appeared behind her.

The Dragon's shadow swayed slightly, creating real wind, rain, thunder, and lightning.

The real scene from before was created by Bi Wanqing. It originated from the Creation Dragon's third divine ability, "A dream is like a thousand years."

With a single thought, it could create a world.

Hence, not only did it beguile ordinary gods, but even with the void mother's craftiness, it did not notice any flaws.

Walking Mother's face sank as she felt the gazes from behind her that seemed to want to eat her alive. In a deep voice, she said, "Good! Good! What a ruthless method! You tricked me into telling

you everything, making me the target of everyone in the God Domain Empire! What a good method!”

“I believe that the previous scene was also part of your plan, right? You intentionally allowed my plan to succeed, allowing my prestige to reach an unprecedented high! “Then, you exposed my true colors, causing me to fall from the highest point to the lowest point. Only in this way can you sever the sympathy of all the gods in the God Domain Empire for me, as well as our past friendship. Am I right?”She stared at Su Yu, her eyes were filled with hatred.

Su Yu nodded his head nonchalantly.

If he really wanted to rescue he ruchu and the others, wouldn't sending Eternal Night's first snow and the others be a success?

Sending the weaker holy gods and the others naturally guessed that the voidwalker mother must have set up a trap.

Su Yu played along and “Cooperated”to complete the Voidwalker Mother's plan. Su Yu's reputation was ruined, and the voidwalker mother's prestige reached its peak.

There were also different levels of hatred. A simple betrayal of the god domain empire was not enough to attract the hatred of all the gods.

For example, the gods who were on friendly terms with the voidwalker mother had benevolence in their hearts. They would not hate her too much. In fact, they would even sympathize with her.

But now, their hatred towards the Voidwalker mother was born from love. It was the deepest hatred!

Not only did she betray them, she was also merciless and callous. She insulted them as idiots, called them useless trash, and insulted the gods who were on friendly terms with her in the past.

She had even wanted to destroy them with her own hands without any hesitation.

Her ugly face was clearly visible. It could be said that she had truly abandoned herself to the gods!

Now, who would still sympathize with her?

No one!

At this moment, she was the one who had truly lost her reputation!

On the other hand, Su Yu had gone from a 'traitor'to a savior. She had gained the recognition of all the gods and all the living beings.

This was what Su Yu wanted in the end.

Killing a voidwalker mother was easy, but obtaining the hearts of the living beings was as difficult as ascending to the heavens.

Now, he had killed two birds with one stone!

The voidwalker mother's eyes were filled with hatred. “Fine! I admit defeat, but do you think that you will win for sure? My methods are far more than that!”

Shua --

The voidwalker Mother instantly disappeared from where she was and teleported in the direction of the imperial palace.

Su Yu's lips curled into a faint smile.

Just as the Voidwalker mother neared the imperial palace, three figures suddenly walked out from nearby.

They were the eternal night first snow siblings, as well as Luo xueyi.

The three of them had a leisurely expression on their faces, as if they had been waiting for a long time, blocking the Voidwalker mother.

"Big Brother Su, you have a divine foresight. You want to escape into the ancient ruins? You'll have to ask us first," eternal night first snow said indifferently, casting a shy gaze at Su Yu in the distance.

The more they came into contact, the more they realized how terrifying Su Yu was.

The words 'all-encompassing plan' were vividly displayed on his body!

Eternal night infinity said, "Do we surrender or do we make a move?"

Faced with an ambush, the voidwalker mother was filled with hatred. With a fierce roar, she actually prepared to barge in.

Luo xueyi snorted disdainfully, casting an extremely powerful sorcery to destroy the voidwalker mother's soul.

Sorcery was displayed for the first time in the galaxy.

Even Su Yu had suffered a great loss when he first came into contact with witchcraft, much less the Voidwalker mother.

Caught off guard, the Voidwalker Mother's soul was severely injured, and she let out a shrill scream on the spot.

Eternal Night First Snow was unwilling to be outdone. With a Dragon Emperor's heavenly voice, she shattered the divine essence in the voidwalker mother's abdomen and destroyed more than half of her foundation.

Eternal Night Wuheng's eyelids twitched when he saw this. He clicked his tongue and thought to himself, aren't the two of them a little too heavy-handed?

Although the voidwalker mother was detestable, the two of them wanted to fight over one person. That was enough.

Seeing that the voidwalker mother was about to be played to death by the two Tigress, Eternal Night Wuheng immediately made a move and captured the heavily injured Voidwalker mother.

However, at this moment.

The palace below suddenly shattered, and a sturdy figure covered in golden armor stepped out.

A powerful aura of the third heaven wrapped around the strange phenomenon of heaven and earth as he flew up into the sky.

Eternal night impermanence immediately sensed a trace of danger, and he shouted in a low voice, "Flying Dragon in the sky!"

He turned into a huge dragon shadow, and suddenly swooped down, fighting with the mysterious person in the sky.

Bang Bang --

A huge rumble shook the surroundings like ripples, crushing the cave world near the imperial palace into dust.

Eternal Night Wuheng grunted and the Dragon Shadow flew backwards.

Eternal night first snow and Luo xueyi both used their strength to stop Eternal Night Wuheng's flying figure.

A sudden change occurred. Su Yu, who originally did not want to interfere, had a slight change in expression as he teleported over with a thought.

Eternal Night Wuheng's flying dragon in the sky was one of the three great divine abilities of the Creation Dragon. It contained supreme dragon power and could be said to have boundless strength.

However, Su Yu believed that he was definitely not a match for eternal eventide in terms of strength.

In the entire third sky, he believed that no one could compete with eternal eventide in terms of strength.

However, the golden-armored figure in front of him actually sent eternal Eventide flying.

Under the same cultivation level, his strength was higher than eternal Eventide's!

As he fixed his gaze, the golden light on the surface of the other party's body was gradually penetrated. When Su Yu saw his true appearance, he was also shocked. "Zhan Wushuang?"

Zhan wushuang, who was once the number one genius of the nine regions cave abode world and was known as a natural emperor! !

Long before the nine regions fell into chaos, he had left with Gu Taixu and his junior sister Zi Xuan and entered the galaxy.

From then on, he disappeared like a mystery.

Not only did he appear now, but his strength had also increased greatly!

Zhan Wushuang's golden light flickered. With one hand holding on to the Voidwalker mother, he looked at Su Yu from afar in the ruined palace. "Long time no see, Su Yu."

"Zhan Wushuang!" Su Yu said.

A born Emperor, a man born with a miracle, was destined to be an emperor.

In the nine prefectures, he was a legendary existence.

Even if Su Yu defeated the Zhongzhou King in the end, he didn't get the honor of being the number one genius.

Because that honor only belonged to Zhan wushuang.

What he got was only the number one person in the nine prefectures.

The only genius name was Zhan Wushuang.

Originally, they thought that with their cultivation at that time, they would eventually become common people in the vast eastern alliance.

Who would have thought that the change would be so great.

Zhan wushuang said, "Your reputation is like thunder, in the nine regions, you are the number one person in the nine regions, in the galaxy, you are the number one person in the galaxy! I always thought that there would be a battle between us."

There was no room for so many number one people in the world.

There was only one number one!

It was either Zhan Wushuang or Su Yu!

"However, the battle between us is not now." Zhan wushuang said, "This world is more dangerous than you think. It is definitely not the time for us to fight."

"What a coincidence. I don't want to fight with you either." Su Yu said indifferently, "However, the dangerous world is not the reason why I don't want to fight with you."

Zhan wushuang said, "Oh? Then what is the reason?"

Su Yu said, "Because I don't think there is a need to fight with you. The so-called first place, you can take it if you like. I never care."

Zhan wushuang looked at Su Yu and shook his head gently, "Under the general trend, unless you can refuse, there will be a fight between you and me, whether you are willing or not."

His tone was firm, as if he knew something, making him seem extremely mysterious.

After a moment of silence, Su Yu clasped his hands behind his back and said, "If we really have to fight, I feel that there is a very good reason right in front of us!"

His gaze landed on Mother Skywalker.

Zhan wushuang shook his head. "I'm sorry that I can't hand her over to you! No matter how she is, she has always been a benefactor to me and Zi Xuan. If you want to kill her, you must kill me first."

Su Yu smiled lightly.

In the next moment, six blood-red eyes appeared behind him, shooting out rays of black light.

Six paths of heavenly family!

"This is the reason why we are fighting now." Su Yu sighed silently.

He should have thought that Zhan Wushuang and the others' disappearance might have something to do with the void mother.

Because, when they were in the nine regions, they had another identity!

They were the disciples of the King of the Central Province!

It was normal for the void mother to nurture the disciples of her deceased son, especially since Zhan Wushuang was born to be a king. His fate was unpredictable, and everyone wanted to nurture him.

Zhan wushuang said, "I'm sorry, but I have to take her away and return the favor!"

Chapter 1495 Frozen World

"Peerless Tyrant Fist!" Zhan wushuang shouted in a low voice. His eyes widened and instantly became incomparably sharp.

He waved his fists in the air. Between his fists, there was actually a faint shadow of a chain fragment!

Su Yu's pupils contracted slightly. A punch that triggered the Great Dao Law Chain? What kind of divine ability was this?

Following that, a scene that made Su Yu even more surprised appeared.

The invincible six paths of heavenly connection was shattered by these two fists!

Back then, even heaven-defying Gu Yun could not block it and was heavily injured, but Zhan Wushuang could!

Su Yu was secretly shocked. What had he experienced all these years to be able to achieve such a transformation? He was not inferior to Su Yu at all!

The Peerless Tyrant Fist destroyed the dark light, and it did not stop.

Seeing that even Su Yu was about to be injured, Su Yu snorted coldly and turned into a heaven-shaking divine weapon, bursting with endless battle intent.

"Limitless battle intent!"

The divine weapon was extremely sharp. Although it was destroyed by the Peerless Tyrant Fist, it was immediately reborn, and its battle intent became even more intense.

In just two breaths, the divine weapon transformed dozens of times, and its battle intent reached a terrifying level.

Just the battle intent alone shook the space in the starry sky until it was filled with wrinkles, and it seemed like it was about to be destroyed.

Below, the world of the cave abode was on the verge of collapse, and it was about to be destroyed.

The many gods watching the battle from afar all retreated. Even the slightest touch of the battle intent would destroy their Divine Dao.

The entire God Domain Empire was enveloped by this battle intent, and it was on the verge of destruction.

“Emperor Su... Emperor Yu is actually so terrifying?”The Gods of the Western alliance were in utter shock.

“He’s too, too strong. What realm does he have to be at to have such strength?”

“More than ten times stronger than the Skywalker Mother!”

..

The entire world was trembling!

Zhan Wushuang’s expression changed slightly, but he was not angry. Instead, he was happy. He laughed, “As expected of Su Yu, you did not disappoint me! I am more and more convinced that there will be a battle between you and me!”

As he spoke, the Peerless Tyrant Fist was destroyed, and the unbounded battle intent continued until Zhan Wushuang.

Zhan wushuang laughed, “Emperor Wushuang!”

Boom --

Thunder rumbled behind him, and an incomparably huge dharma idol appeared. It had a crown on its head and wore a star-moon yellow robe. Its face was solemn, and it emitted endless imperial might.

The moment the Dharma Idol opened its eyes, a wave of primal energy flowed out, forcefully dispelling Su Yu’s sweeping battle intent.

Su Yu’s pupils constricted once again, “That dharma idol is... The Emperor of Heaven and Earth!”

Other than him, there was actually another person in the world who possessed the dharma idol of the Emperor of Heaven and earth!

In his shock, Zhan Wushuang grabbed the Skywalker mother and quickly dived into the ground.

Su Yu’s sharp light flashed as he chased after him.

However, Zhan Wushuang dived into the ruins, completely ignoring the ruins. He directly blasted a huge hole into the ruins below.

Within the hole, an extremely shocking amount of spiritual Qi rolled out. It was a hundred times denser than the lost divine territory.

Su Yu frowned. “Is it that ancient ruin?”

With a thought, Su Yu quickly dived into the hole and chased after Zhan wushuang.

Eternal Night’s first snow and Luo xueyi almost reflexively dived into the ground as if they were afraid of falling behind.

Eternal night smiled bitterly. “Sigh, why isn’t this fortune mine?”

As he spoke, eternal night also dived into the hole.

Following which, Bi Wanqing and many other gods rushed over.

Su Yu and the three experts left, leaving only bi wanqing to control the situation.

She wanted to follow Su Yu, but she had no choice but to stay behind and take charge of the situation.

“Immediately clear the ruins and guard the surroundings. Don’t let anyone get close!”

“Second, immediately lead people to take over the world of the Voidwalker Mother’s cave abode and investigate the relevant people. Don’t let the rest of the people off!”

“Third, gods who are not on a mission must return to the cave abode world to appease the living beings and announce today’s matter. Do not cause a riot.”

The gods did not know who she was. They only knew that she was by Su Yu’s side. Naturally, they thought that she was Su Yu’s trusted aide. How could she not listen?

Under her leadership, the God Domain Empire, after the great change, quickly stabilized and minimized the negative effects of today.

When the ruins of the imperial palace were cleared, a huge gap appeared before their eyes.

Waves of incomparably pure spiritual energy swept out from within. It was extremely difficult for ordinary gods to even take a step closer.

Bi Wanqing stood at the edge of the entrance, feeling the majestic spiritual energy, she said, “Is this the entrance to the ancient ruins? I wonder what kind of scenery it is to actually be able to nurture a talent like Zhan wushuang, and even nurture no less than ten fourth sky experts.”

Just as she was in deep thought, she suddenly seemed to have sensed something and took out the heavenly book of Starry Sky.

The heavenly book of starry sky trembled slightly in her palm, as if it was indicating something.

Bi Wanqing was slightly startled, her purple eyes shining brightly. She seemed to have seen something, and her gaze followed the direction of the unknown object.

In the end, she fixed her gaze on the entrance to the ancient ruins.

Her beautiful face changed as she muttered, “The line of fate leads directly to the ancient ruins... does this mean that the person Su Yu is looking for is in the ruins?”

“But...”her brows furrowed, “Why do I feel that this line of fate is a little strange? It seems like it’s being pulled by something?”

Speaking of Su Yu.

The aura of the Tracker Zhan wushuang descended directly onto the ancient ruins.

As he landed, a clamor rushed into his ears.

Opening his eyes, Su Yu’s pupils constricted. “How is this possible?”

What entered his eyes was not the ruins that had been silent for many years, nor was it a desolate land that was filled with death. Instead... it was a battlefield that shook the heavens!

The sky was filled with countless strange weapons. Groups of experts dressed in strange clothes were piloting all sorts of strange weapons as they fought to the death in the vast sky.

At a glance, the sky was filled with densely packed creatures and weapons. It was as if it was an endless ocean.

Su Yu was shocked when he saw this, especially those strange-looking weapons. This made Su Yu even more shocked. "Civilized weapons?"

One or two of them were precisely the civilized weapons that Su Yu was forging. There were also many unknown weapons that even the eternal night dynasty had never grasped before.

Many weapons of civilization, when they clashed on the battlefield, burst out with colorful colors, bursting out waves of terrifying power.

The brutality of the battle was breathtaking.

Such a huge war was far from what the Battle of Shengjing could compare to.

This was a war of weapons of civilization, a war of the ancient god Realm Era!

Of course, it could not exist in the current era!

Su Yu slowly closed his eyes. When he opened them again, his eyes shone brightly. "Powang!"

The battle that shook the sky came to an abrupt end!

The endless battlefield gradually dissipated, turning into light clouds.

The entire world was like a reflection of the wind blowing through it, dissipating completely.

A real world appeared before his eyes.

It was a vast, white, frozen world. All he could see was endless ice, not a hint of life.

To be precise, all life was frozen under the ice.

The beasts that were running, the rare spiritual herbs, the surging rivers, the sun and moon shining, and the creatures that couldn't be seen were all frozen.

The scene seemed to have been frozen in the space-time before a disaster.

All the creatures were instantly frozen.

Su Yu was shocked when he saw this scene, because he could sense that this ice wasn't just cold.

It was also filled with the laws of Great Dao, freezing everything, including... Time!

For example, the spirit herb that was frozen under his feet was the most ordinary spirit herb in the world. No method could keep it alive for hundreds of millions of years.

But now, it was as fresh as ever, as if it had just been frozen.

Because, what was frozen was not only the spiritual herb itself, but also... Time!

Even time was frozen in ice!

The strength of the owner of the ice was incredible!

Eternal night, first snow, and the others were also deeply shocked. However, they had never peered into the power of time like Su Yu had.

“Where is this place?” Luo xueyi murmured with deep shock in her eyes.

Su Yu shook his head, his gaze looking straight into the depths of the vast white world of ice and snow.

The illusion just now had come from there!

Zhan Wushuang’s remnant aura was also in that direction.

“We’ll know once we go there!” Su Yu said.

The group crossed the world of ice and snow, and the deeper they went, the more shocked they were.

Along the way, there were similar scenes, and powerful creatures that were frozen, and more and more terrifying weapons of civilization were sealed!

They even saw a second heaven creature! !

Everyone took a deep breath and continued moving deeper.

Until a frozen sky sacred ship appeared in front of them.

Above the sky sacred ship was the only place in the entire frozen world that did not have the aura of life.

That was because it was a cave abode built by later generations.

Without a doubt, it was a faction that the voidwalker mother had secretly nurtured for many years!

The captains of the ten great fleets and countless imperial guards were all nurtured from this cave abode world.

This included Zhan Wushuang!

Su Yu activated his clairvoyance eye and scanned the cave abode world.

The first thing he saw was an extremely huge furnace that was burning with flames.

Groups of imperial guards were throwing frozen creatures and spiritual herbs into the furnace.

In an instant, the frozen creatures were melted.

However, they didn’t come back to life. Instead, they turned into nothingness.

They were frozen in time billions of years ago. Now that the ice was broken, they suddenly appeared in the present space-time.

What would happen when two completely different space-time collided?

It was annihilation.

Their bodies were instantly destroyed.

However, when they were destroyed, they released the divine power in their bodies. The divine power dispersed into boundless spiritual qi and filled the ruins.

This was why the Spiritual Qi in the ruins was so terrifying.

The power that blocked BI Wanqing's probing was the collision of dimensions.

At the same time, not only was the spiritual Qi released, but the memories of those frozen people before they died were also released. They turned into images and appeared on the furnace.

Most of them were battles before they died, just like what Su Yu saw when he first entered.

This was also why they saw the strange battlefield from billions of years ago, because these were the memories of the frozen creatures.

One could imagine how many frozen creatures they had melted in a hundred years!

A large number of experts gathered around the furnace. Every time a creature that was thrown into the furnace melted and disappeared, they would immediately speed up the absorption of the spiritual energy released to increase their cultivation.

At the same time, every time a frozen creature performed a move that was about to die, they would immediately record it.

Su Yu saw it clearly and was extremely shocked.

It was no wonder that in just a short hundred years, the Voidwalker mother had nurtured so many experts. With such an inexhaustible supply of spiritual energy and cultivation techniques, why would they worry about big things?

However, was this really a good idea?

Those creatures were the ones who fought to the death against the invading enemy during the catastrophe hundreds of millions of years ago.

And now the surviving descendants are using their remains for cultivation?

Chapter 1496 Gate Of Time (First Watch)

Su Yu shook his head and continued to scan the area with his clairvoyance. As expected, he saw Zhan Wushuang and the void mother.

However, other than the two of them, there were two other people present.

One of them was Gu Taixu, who had tried his best to kill Su Yu but failed and fled to the enemy of the Central Plains!

The other... was Zi Xuan, the person Su Yu felt slightly guilty about.

The four of them were healing the Space Walker mother together and had recovered a small part of her injuries. However, they could not make up for the loss of her divine essence no matter what.

Her cultivation was destined to fall by a large realm.

As if sensing Su Yu's probing gaze, Zhan Wushuang suddenly opened his eyes and sighed, "They have passed through the memory maze so quickly? Looks like we can only give up on this place."

Walking Mother Kong's face was pale. She bit her lips and said gloomily, "This Place is my foundation, we can not afford to lose it! If the three of you join forces, you can definitely kill them! Quickly go!"

But.., zhan wushuang shook his head lightly, “Teacher’s wife, it’s difficult to resist the general trend. When he restores the hearts of the common people, it will be the moment you fall from the throne. Even if you kill them, the God Domain Empire will not be able to tolerate you. Moreover... If we join forces, we might not be their match!”

“You...”mother Skywalker stared at Zhan Wushuang. “Alright, I’m injured and I’ve lost my throne. So, your wings have hardened?”

Zhan wushuang said indifferently, “My wings have never softened! Hanxuan, open the time door!”

However, there was no response from behind. When she turned around, she saw Hanxuan standing at the same spot in a daze.

Zhan wushuang said, “Or should I call you Zi Xuan?”

Zi Xuan was the name Su Yu gave her!

Hearing this name, Zi Xuan came back to her senses. With a complicated expression on her face, she said in a low mood, “Okay.”

She turned around and entered a sealed secret room. Inside, there was a stone door carved with heavenly script characters.

The surface of the stone door was covered with cracks, as if it was about to break.

The strangest thing was that it contained an extremely ancient aura. This meant that this item had been passed down for a long time and should belong to this relic.

However, it had never been frozen like the other living beings and spiritual objects. Instead, it was alive!

Hanxuan walked to the front of the stone door and poured divine power into it.

The huge door immediately emitted a soft fluorescent light and shot out traces of the power of time.

Su Yu, who was observing everything from the outside world, raised his eyebrows and said, “Kill their way in. They might be trying to escape!”

Although the cave abode had a defense, how could it withstand their combined attack?

In an instant, the cave abode was broken open, and Su Yu and the others barged in.

The experts of the cave abode along the way did not dare to move under their divine pressure, and no one dared to stop them.

After a few breaths, Su Yu barged into the place where Zhan Wushuang and the others were hiding.

Boom --

With a deafening sound of shattering the sky, a huge mountain in the place where they were hiding was shattered, revealing the four people.

Zhan wushuang, Gu Taixu, and Hanxuan’s gazes met with Su Yu’s in the air, shooting out a series of sparks.

After ten years, this group of creatures from the nine prefectures was still facing each other in such a situation.

Su Yu swept his gaze over them. He only paused on Hanxuan for a moment before fixing his gaze on the Voidwalker mother.

Without saying a word, Su Yu immediately unleashed his limitless battle intent and pointed it at the Voidwalker mother.

The sharp and endless battle intent was a powerful existence that the voidwalker mother could not resist.

“Unrivaled tyrant fist!” Zhan Wushuang finally stood up and punched out with both fists, bringing along the Great Dao law projection to protect the voidwalker mother.

At the same time, he said, “Hanxuan, Gu Taixu, you guys hold those three back. I’ll protect my teacher mother and leave First!”

Gu Taixu smiled arrogantly and cast a sidelong glance at Su Yu. Then, he took the initiative to fly over and hold Eternal Night Wuheng and the others back, who were trying to surround the voidwalker mother.

After struggling for a while, Hanxuan also rushed over. The two of them faced the three of them.

Eternal night said arrogantly, “I don’t believe that all of you are as powerful as Zhan Wushuang!”

“Flying Dragon in the sky!” With a furious roar, eternal night transformed into a dragon body and crashed into Gu Taixu’s body.

Gu Taixu’s body emitted five-colored light as he transformed into a nine-colored giant. “Nine-spirit body!”

Bang --

His giant shadow was hit hard, and the nine-colored light on his body was instantly disintegrated.

However, the remaining eight colors were still as tenacious as before. Relying on his giant body, Gu Taixu actually took this move head-on.

Eternal night impermanence was shocked. “What kind of constitution is this?”

An ordinary third-level heavenly deity would definitely die after experiencing this attack of his.

However, his opponent only disintegrated a single color!

With some grievance, eternal night impermanence roared furiously. His body instantly expanded, and his strength doubled.

The streaks of color on the other party’s body disintegrated one after another. Even when the last streak of light was extinguished, it still wasn’t able to break through.

Eternal night impermanence was extremely shocked. He really couldn’t do anything to the other party!

He was shocked, and so was Gu Taixu!

The nine spirits physique was the divine level physique that he had always dreamed of completing in the nine regions.

Originally, he had kept it for revenge against Su Yu. Who knew that Su Yu, a mere follower, had almost destroyed his nine spirits body!

Looking at Su Yu again, he found that he was on par with Zhan Wushuang in battle.

Zhan wushuang was so terrifying that even today, Gu Taixu still felt that he was like a mountain that could not be climbed.

They had sparred many times, but he had never lasted for more than an incense stick in Zhan Wushuang's hands.

Su Yu, on the other hand, had the same power as Zhan Wushuang.

The cruel reality was a heavy blow to Gu Taixu.

The two of them were in a stalemate. On the other hand, Hanxuan blocked eternal night's first snow and Luo xueyi.

Although the two women usually did not see eye to eye with each other, in the face of a great enemy, they cooperated very well.

One was proficient in the supreme witchcraft, while the other inherited the divine ability of the creator Dragon.

The power of the two women working together was something that even a second sky expert would have to be cautious about.

However, Hanxuan was also exceptionally difficult to deal with. Her pure palm print was indescribably cold.

Whether it was witchcraft or the divine ability of the dragon race, they were all instantly frozen.

Hanxuan's body also gradually became transparent during the battle. It was crystal clear and incomparably cold, as if she was a woman carved out of cold jade.

Eternal Night First Snow's beautiful eyes flashed with anger. She had clearly seen Su Yu's gaze just now.

When Su Yu swept his gaze over her, the others were all ignored. Only this woman paused for a moment.

And the gaze that this woman stared at Su Yu was also very strange.

As expected, there should be a story between them!

And towards this woman who had a story with Su Yu, Eternal Night First Snow was not willing to be at a disadvantage!

"Xueyi, go and help Su Yu. Leave this woman to me!"

Luo xueyi looked at the fight between Su Yu and Zhan Wushuang. She was delighted and immediately went to help.

“Soul extinguishing lifeless curse!” Luo xueyi had seen the power of eternal night, so she naturally did not dare to underestimate it.

The most powerful spell was released with a loud bang.

Terrifying and obscure ripples swept out like a huge wave.

Zhan wushuang, who was fighting with Su Yu, seemed to have sensed something. He frowned. “What a strange power. It doesn’t seem to belong to the Supreme Dao!”

At the critical moment, he formed a hand seal and shouted, “Sovereign king’s Martial Robe!”

Whoosh --

In an instant, a shadow of a thousand miles of rivers and mountains gathered around him and condensed into a robe that landed on his body.

The witchcraft ripples struck the robe, and the thousand miles of rivers and mountains within the robe were destroyed.

However, the robe was not destroyed.

All the wizard power was absorbed by the robe, and it did not hurt the Voidwalker mother at all.

Zhan wushuang took off the king’s robe and put it on the Voidwalker mother. Then, he pushed her away and said, “Go to the time Gate, you go first!”

The voidwalker mother immediately ran for her life.

Luo xueyi was chasing after her, but no matter how powerful her witchcraft was, she could not break through the king’s robe.

Seeing that the voidwalker mother was about to enter the gate of time, Luo Xueyi’s expression darkened. She bit down on her red lips, and a drop of blood essence seeped out.

“Soul binding spell!” The blood essence scattered in the air and turned into numerous thin threads.

The thin threads weaved into a huge net that covered the voidwalker mother and tightly bound her.

“Don’t move again! Or else, your soul will be destroyed First!” Luo Xueyi’s face was a little pale, as if casting this spell was particularly taxing on her wizard power.

This was a secret technique that the full moon sect master had passed down to her. As it was too overbearing, it could easily destroy people’s souls, and it also consumed a lot of her wizard power.

If it was not necessary, she definitely could not use it.

At the moment, there was really no other way. The other party’s monarch Jiangshan Yi was completely immune to wizard power, so she could only forcefully use the secret technique.

However, being able to capture the voidwalker mother, everything was worth it.

She turned her head to look at Su Yu and imagined the scene of Su Yu praising her. She could not help but smile.

Even without her warning, the voidwalker mother could already feel the searing heat and intense pain from the depths of her soul. It was as if thousands of ice blades had pierced into her soul, causing her to grimace in pain.

The most important thing was that the other end of the blood web was held in the other hand. As long as the other party pulled on it, the huge net would tighten, and her soul would really be destroyed.

Voidwalker mother's gaze turned, and her expression softened. She revealed a helpless and bitter expression as she laughed self-deprecatingly. "Hehe, I wasn't able to escape in the end. This is fate!"

Luo xueyi raised her sharp chin and said, "It's good that you know. Come over here obediently and listen to Big Brother Su's instructions!"

"Alright, as long as you don't hurt my soul, I'll listen to everything you say," voidwalker mother said as she slowly walked over.

With the blood net in her hand, Luo Xueyi was not worried that she would suddenly attack.

However, the moment the voidwalker mother approached, Luo Xueyi suddenly felt that something was wrong.

With the blood net in her hand, she suddenly felt that the voidwalker mother in the net had become an empty shell and had lost her soul!

"Not good!" Luo xueyi's expression changed. Without saying anything else, she immediately tightened the blood net.

"How dare you! !" The furious voice of the Voidwalker mother rang out in her ears like thunder.

However, Luo Xueyi was extremely decisive. She did not care about anything else and destroyed the voidwalker mother's body first.

With a PFFT, the Voidwalker Mother's divine body was cut into countless pieces by the blood net.

At the same time, Luo Xueyi received a violent attack from behind.

With her cultivation and strength, she should have been able to block it.

However, the soul binding curse used up almost all of her wizard power. In a hurry, she barely condensed a wizard spell to hit her back.

"Ah!"

A shrill scream sounded. What did that wizard spell hit.

However, Luo xueyi also took the attack.

Divine power penetrated through her chest, causing her heart and veins to be damaged. She could not control the blood that gushed out and sprayed all over her chest.

In an instant, her chest was soaked in a dazzling red color.

Su Yu, who was watching this scene in the middle of the battle, Eternal Night Without Eternity and eternal night first snow, all of their pupils constricted.

Su Yu's killing intent was even more obvious. "You're courting death!"

Chapter 1497 Taotie Awakening (Second Watch)

"Innate yin-yang style!" A tai chi pattern flashed and defused Zhan Wushuang's punch.

Su Yu turned into a ray of light and rushed over. His palm was full of divine power, and he gave a transparent soul attack to Luo Xueyi's back.

Chi La --

The clothes on his body were instantly shattered.

However, she was as cunning as the voidwalker mother. She immediately shot out like a gray shadow before her palm arrived.

However, she did not immediately jump into the time gate. Instead, she caught Luo xueyi, who was seriously injured and about to faint.

Su Yu did not dare to make a move. The divine power that was gathered in his palm did not manage to blast out in time.

Seizing this subtle opportunity, the Voidwalker mother entered the time gate.

A red light flashed in Su Yu's right eye. She circulated the power of space to probe into it. However, the time gate was actually nothing in Su Yu's right eye's perception. There was not even space, so how could she teleport them back?

At this moment, Zhan wushuang shouted, "The voidwalker mother has left. Let's retreat quickly."

Su Yu's heart was filled with killing intent. He suddenly turned around, and his eyes were like those of an ancient ferocious beast. "It's all because of you!"

Zhan Wushuang's heart trembled. Sensing Su Yu's true killing intent, he said apologetically, "It's a pity, but we all have our own positions!"

As he spoke, Zhan Wushuang took a deep breath and shouted, "Divine seat of Heaven and Earth!"

Rumble --

A Golden Dragon Throne Phantom descended from the sky.

The dragon throne was carved with ninety-nine true dragons, inlaid with countless suns, moons, and stars, exuding the supreme majesty of a heavenly venerate.

Facing the dragon throne, Su Yu felt a sense of helplessness and panic as if she was facing a tree god for the first time. She even had the urge to prostrate herself in worship.

Eternal Night First Snow was trembling all over, and her knees couldn't help but want to prostrate herself. She turned pale with fright, "What is this thing?"

She didn't have the slightest impulse to bow down to that unknown nine-headed God!

Eternal night impermanence was similarly unable to resist the pressure of the dragon throne, but he seemed to have recalled something, he muttered, "Divine seat of Heaven and earth... Divine seat... Wait! Could this be the legendary, Lost Imperial Dao Sacred Artifact, the fourth ranked divine seat of Heaven and earth?"

The Imperial Dao Sacred Artifact Ranking List was incomplete. Even during the nine emperors era, there were many Imperial Dao sacred artifacts that were missing.

The number one emperor of destruction only had the fifth ranked Imperial Dao sacred artifact, the World Annihilation Disk.

And from the first to the fourth ranked, they were all missing.

Even their names were rarely known.

Yongye Wuheng's face was gradually filled with shock, "Yes! It's definitely the fourth ranked Imperial Dao Sacred Artifact, divine seat of Heaven and Earth!"

Even though it was only a phantom, its power was not inferior to the tenth ranked Imperial Dao sacred weapon!

The divine seat suppressed the three of them until they could not move.

Gu Taixu and Hanxuan had just retreated.

When they passed by Su Yu, Gu Taixu's killing intent flashed. However, when he met his gaze, he hesitated again.

"What are you waiting for? The phantom can only exist for three breaths!" Zhan wushuang shouted. The veins on his forehead bulged. It was obvious that he was struggling.

Only then did Gu Taixu jump towards the time door unwillingly.

However, at this moment, Zhan wushuang seemed to have sensed something. His expression changed slightly as he stared at Su Yu. "What are you doing?"

Su Yu's forehead squirmed. A hidden brutal, brutal, and greedy aura seemed to come from the ancient times.

That Aura made people shudder, made people uneasy, and made people instinctively feel fear in the depths of their souls. It was as if that was the existence at the top of the food chain.

Bo --

With a light sound, a crack appeared between Su Yu's brows. A pitch-black and cold eyeball emitted a luster and was extremely intelligent.

"You forced me!" Su Yu said in a low voice. His voice was filled with killing intent. "I originally didn't want to be your enemy, but you insisted on going against me! Since that's the case, all of you can go to Hell and fall into Eternal Silence!"

"Heaven Devouring Demon Eye! Open! !"

As Su Yu shouted, the eye seemed to come alive, shooting out a greedy and brutal look, and it seemed to be laughing.

It was not known whether it was to laugh at the inferiority of the creature in front of him, or to laugh at Su Yu. After suppressing it for so many years, it was finally released.

Yun Yazhi once said that once the eye of Taotie matured, the devouring would not stop. Moreover, the appetite of the devouring grew bigger and bigger until there was nothing left to devour.

During these years, Su Yu had almost never used it, greatly delaying the maturity of the eye of Taotie.

But the appearance of the nine alien gods last time caused the eye of Taotie to awaken from its slumber, maturing ahead of time! !

But it immediately fell into a deep sleep again. If no one woke it up, it would not wake up for a short period of time.

But Su Yu still woke it up!

The Eye of Taotie spun, revealing a greedy look. Finally, it fixed on the Phantom of the divine seat of Heaven and earth above its head.

A Ray of black light shot out and enveloped the Phantom of the divine seat of Heaven and earth.

The phantom immediately disappeared with a whoosh.

Pu --

Zhan Wushuang was hit by the backlash and spat out a mouthful of blood essence. His expression changed drastically. "Eyes of Taotie! ! Run! ! !"

Shua --

The first to react was Gu Taixu. He was already in front of the time door. When he saw this scene, he was scared out of his wits and immediately fled into it.

Next was Zhan Wushuang, who transformed into a stream of light and arrived in front of the time door.

At this moment, Hanxuan also reacted and immediately fled towards the time door.

However, just as she moved, a violent force came crashing down.

Hanxuan subconsciously gathered her divine power to resist, but she could not block this force at all. All her defenses were broken through, and the huge force pierced through her body and sent her flying backwards.

In the fog, Hanxuan saw a pair of eyes that she used to be very familiar with.

In the past, when that pair of eyes looked at her, they were filled with guilt, but now, there was only coldness and disgust.

She suddenly felt a stabbing pain in her heart, even more painful than her body.

Zhan wushuang suddenly turned his head and shouted, "Junior Sister!"

At the last moment, after Su Yu broke free from the suppression of the divine seat of Heaven and earth, he personally stopped Hanxuan.

Furthermore, he did not hold back at all!

“Su Yu! Junior sister is innocent. If you want to charge, then charge at me!” Zhan wushuang shouted.

Su Yu’s face was cold and filled with killing intent. He said, “Innocent? When she tried to stop her and caused Luo xueyi to be captured, was she ever innocent?”

Zhan wushuang took a deep breath and said, “Alright, you two stand on different sides. However, have you all forgotten your previous friendship?”

Hearing this, Su Yu’s expression became even colder. “When she chose to be my enemy, did she ever think about our friendship? Or did she think that I would not kill her as usual?”

Taking a deep breath, Su Yu pulled Hanxuan into his palm and held her throat. He said coldly, “What I owe you has long been repaid. You caused my friend to be severely injured and captured. You need to pay the price!”

Hanxuan looked at that unfamiliar gaze and her heart was filled with endless sorrow. Yes, when had Su Yu ever owed her anything?

What right did she have to think that being an enemy of Su Yu would be forgiven? And what right did she have to think that killing a friend of his would be forgiven?

The bitterness in her heart spread. Hanxuan’s eyes dimmed. “The winner takes all. It’s just like how the Blood Emperor failed to kill you and was killed by you instead. There are no innocent people in this world. I am no different from the blood emperor. You can kill me. I have no complaints.”

Su Yu said coldly, “Fine, go and die with Luo Xueyi!”

Seeing that Su Yu was merciless and merciless, Zhan wushuang said, “Wait!”

Su Yu glanced at him coldly. “If I were you, I would have escaped long ago. I wouldn’t wait here to be devoured by the heaven-devouring demon eye!”

As soon as he finished speaking, the heaven-devouring demon eye stared at Zhan wushuang, and its greed grew.

“If you want to save your friend, please hear me out,” Zhan Wushuang said.

Su Yu looked at him, loosened his palm, and said, “Speak!”

Zhan wushuang said, “I think we can exchange hostages! Use your friend to exchange for Hanxuan.”

Su Yu pondered, “You can make decisions for them?”

“Hehe, a group of people who lost their power. Naturally, they will listen to whoever is strong. Unfortunately, I’m the strongest among them!” Zhan wushuang said.

Su Yu nodded slowly and put Hanxuan down. However, he restrained her divine power and said, "I'll give you two months. In the ruins of the god relic land, if a hair of Luo xueyi is damaged, Hanxuan will die, and so will all of you!"

Zhan wushuang said, "I guarantee that Miss Xueyi will be unharmed!"

After that, Zhan Wushuang looked at hanxuan and said, "Junior sister, please wait patiently!"

As he said that, he entered the time door.

When he entered, the time door shattered with a loud bang, leaving behind only scattered rocks.

Su Yu stood there for a long time before saying, "Bring her back and guard her strictly. If she wants to escape, kill her!"

Eternal night first snow nodded and left with Hanxuan.

Hanxuan clenched her fists. It was as if a huge rock was pressing down on her chest, making it hard for her to breathe.

Why was it like this?

The reunion between them should not have been like this!

In the vast snowfield, only Su Yu was left standing there silently.

He picked up the pieces of the time door piece by piece, recalling the bits and pieces of Luo Xueyi in his mind.

From being chased by her, to the Holy Maiden's marriage invitation, to her traveling in disguise, and then to a dream in the secular world of Shengjing, and finally cultivating together for five years, everything seemed to be like yesterday.

Her intentions, in the disguise, in the dream in the secular world, to marry Su Yu, to give birth to his child, were all vividly displayed.

But Su Yu pretended not to know, turning a blind eye.

Now that the other party's life and death were unknown, this hidden apology surfaced in his heart.

If not for the sake of getting his approval, would Luo Xueyi be so desperate?

No!

She was captured, and Su Yu couldn't blame the enemy with Peace of mind.

He was also responsible!

Holding the stone in his hand, Su Yu's eyes were filled with determination. "Xueyi, I will save you, no matter the cost!"

Buzz --

Suddenly, the heaven devouring demonic eye between Su Yu's brows, after being suppressed by Su Yu several times, actually lost control. It shot out a ray of black light and devoured the furnace in the Great Hall.

Su Yu's expression sank. Trouble had finally arrived.

Su Yu closed the Heaven Devouring Demonic Eye, but as soon as he closed it, the eye of Taotie opened on its own. It greedily swallowed the object in front of it.

After a few attempts, the eye of Taotie would open on its own and continuously devour everything in the world.

It could no longer be closed and could no longer be controlled!

From now on, it would keep its eyes open and continue to devour things. Each time, it would devour more and more things until it devoured itself.

The worst situation had happened!

Su Yu could not appear in front of anyone. Otherwise, the Heaven Devouring Demonic Eye would devour her.

The person she loved the most, her closest friend, and her most loyal subordinate... could not appear in front of Su Yu directly.

“Heh... Heh, don’t waste your efforts. You Can’t Stop Me...”a cold and mocking voice suddenly appeared in Su Yu’s mind.

It was the eye of Taotie!

Su Yu’s expression was solemn. “You actually quietly condensed spiritual intelligence?”

Chapter 1498 Sovereign Of Kings (1st Update)

“Hehe, when the eye of Taotie matures, it will naturally condense its intelligence!”The eye of Taotie spoke in Su Yu’s mind. “Try your best to find something stronger and let me devour it. Otherwise, I will devour you, hahahaha...”

Hearing the arrogant voice of the eye of Taotie, Su Yu’s expression gradually calmed down. “I thought you would have other methods to harm the host. It seems that other than devouring the host, you have no other methods.”

The eye of Taotie mocked, “What? Do you still have other methods to seal me? Once I mature, no one in the world can make me fall asleep. You are even worse!”

As it spoke, it shot out a few rays of black light, devouring a large area of frozen creatures.

From the looks of it, it seemed like it wanted to devour all the frozen creatures in this place.

The greed and the unbridled attitude were obvious.

Su Yu smiled faintly. “I can’t make you sleep, but unfortunately, I can still seal you!”

Shua --

A piece of paper as white as snow appeared in Su Yu’s palm. It rotated gently and emitted an indescribable aura.

There were also heavenly script characters on the paper.

The moment the paper appeared, the eye of Taotie’s teasing expression disappeared like a receding tide and was replaced by a solemn expression. “Dao Paper? Who gave it to you?”

As it inquired, its voice became sharp and urgent.

“So this object is called Dao Paper?” Su Yu said indifferently. He held the Dao paper with one hand and stuck it between his brows.

The eye of Taotie was shocked and crazily shot out a black light, attempting to devour the Dao paper.

However, the Dao paper ignored the eye of devouring and forcefully stuck itself between its brows.

The Eye of devouring was forcefully sealed.

The furious roar of the eye of Taotie echoed in Su Yu’s mind for a long time.

After a long time, the eye of Taotie calmed down and said in a deep voice, “Brat, are you sure you want to seal me?”

Su Yu smiled but didn’t say anything. Could it be that he wanted to wait for it to devour randomly?

“We can come to an agreement. I can choose to devour you, but you can’t seal me...”

Su Yu interrupted without thinking, “You don’t have the right to negotiate! Goodbye!”

After that, with a thought, a surge of divine power wrapped around his glabella, making it impossible for his voice to enter his mind.

At the last moment when his voice was about to be cut off., the eye of Taotie roared, “You can’t Seal me forever! No matter how strong the DAO paper is, it’s still a dead object. Unless you never give me the chance to grow stronger, one day, I’ll devour even the Dao Paper...”

With a cold laugh, Su Yu said, “We’ll talk about it when the time comes!”

His divine sense surged in, completely enveloping the space between his brows.

“Dead object... could it be that there’s a living thing in this world that can seal the Taotie?” From the words of the eye of Taotie, Su Yu vaguely caught some hidden meanings.

As for giving it a chance to grow stronger, unless the eye of Taotie was stronger than the nine-headed God, it would still be able to seal it.

The only flaw was that it was impossible for Su Yu to carry snow-white paper every day, right?

“It seems that I need to deal with the letter,” Su Yu thought to himself.

When the Voidwalker mother escaped, the vast ruins that she had painstakingly excavated fell into Su Yu’s palm.

Looking at the countless creatures frozen in the distant space, Su Yu silently sighed. A ball of flame appeared in his palm, and with a light wave of his hand, it fluttered in all directions.

“Ashes to Ashes, dust to dust, the past is all Yun Yan, rest in peace.”

A sky full of flames burned, turning the countless frozen creatures and frozen spiritual herbs into nothingness.

The memories before death converged in the air, densely packed, like a prosperous era.

The Astonishing Spiritual Qi released also dissipated into the world, as if it disappeared with those memories.

When everything was burned away, the ancient ruins became white, revealing the world barrier within the ruins.

Su Yu smiled faintly and flew through the air.

However, just as he left, he suddenly felt that something was still emitting spiritual qi, and couldn't help but turn around to take a look.

In the end, a crystal-like object appeared before his eyes.

"Eh? There's actually a frozen object that isn't destroyed by the power of time and space?" Su Yu was greatly surprised. He flew back to take a look. That was an object that should have been buried in the deepest part of the ancient ruins.

It was an ice crystal that was similar to a gemstone. It was the size of a quail egg, and its entire body was exuding a strange chill.

The moment he got closer, Su Yu felt an incomparable chill and couldn't help but shiver.

"What an astonishing cold qi!" Su Yu thought to himself. He tried to wrap it with divine power, but the result made Su Yu even more surprised.

That Ice Crystal seemed to be defending itself, emitting an even more terrifying cold qi. A circle of Great Dao Law Fragments Phantom appeared around it!

Su Yu jumped in fright. "Cold enough to attract the Great Dao Law Chain Phantom? This..."

How many frozen creatures were invincible experts when they were alive.

However, after thawing, they were annihilated by two waves of space-time and turned into dust.

Not only was this ice crystal safe and sound, but the cold qi it released had actually reached the level of drawing the shadow of the law of Great Dao!

How terrifying was the weight of the cold qi?

Stepping back slightly, Su Yu looked around and suddenly understood something. He muttered, "Could it be that this ancient ruin was trapped in such absolute ice because of this ice crystal?"

If that was the case, then this ice crystal was too terrifying. Even time could be frozen by it!

Su Yu's eyes were sharp. If he could control the ice crystal in his hand, would he be able to increase his battle prowess?

Just think about it. If he could throw it into a group of enemies and freeze them in an instant, then wouldn't he be obeying Su Yu if he wanted to kill or cut them into pieces?

As he spoke, Su Yu took out a Buddhist bead and sucked this ice crystal into it.

As a result, the Buddha Pearl immediately froze into a snow-white ice.

Su Yu's wrist felt a piercing pain.

"Hiss!" Su Yu sucked in a breath of cold air. "Isolating a cave world and still so cold? Luckily, I didn't touch it directly just now!"

After taking away the ice crystal, Su Yu left the ancient ruins and returned to the outside world.

Bi Wanqing was already waiting outside.

When she saw that Su Yu had returned with a snow-white letter, she revealed a surprised expression.

Su Yu said, "I've been in closed-door cultivation for a few days. Regarding the matters of the God's domain empire, inform me if there's anything important. You can handle the rest yourselves."

After saying this, he hurriedly left.

Bi wanqing extended her hand to stop him, but she did not expect that Su Yu had already disappeared without a trace. She could not help but say angrily, "Really, I still want to ask if you've found that old friend of yours."

Back in the secret room.

Su Yu entered the imitation doomsday disk and found Wang Yunxuan.

At this moment, Wang Yunxuan was completely immersed in the forging of the Brahma puppet, entering a state of oblivion.

Su Yu stood behind him for a long time before he realized. He asked, "Eh? When did you come?"

"Just now," Su Yu said with a faint smile.

Wang Yunxuan looked at Su Yu in surprise. "Is your face swollen from being beaten? Why are you carrying a piece of white paper? Let Me See."

He was about to grab it as he spoke, but Su Yu dodged him and said in a serious voice, "Don't act rashly. It's dangerous!"

"AH? Could it be that you're so honorable that you can scare me to death?" Wang Yunxuan teased.

Su Yu shook his head. "It's a dangerous thing. It was sealed by this piece of paper. Now, I'm asking you for a favor."

Hearing that Su Yu was serious and did not seem to be joking, Wang Yunxuan also became serious. "What danger? A piece of paper can be sealed?"

He carefully examined the seemingly ordinary paper. Slowly, his expression became interesting. He said in surprise, "This paper seems to be unusual. This material has never appeared in the Eastern Alliance before."

Not only the Eastern Alliance, but there was also no second piece in the entire God's domain.

“I have to ask you to refine this paper into a wearable item. At the very least, it can cover the center of your forehead,” Su Yu said. “The prerequisite is that you can not open this paper.”

In other words, he needed to refine it on the spot.

Wang Yunxuan rubbed his chin and said, “It’s slightly difficult. However, if you have deep divine power, it will be much easier. This is because there will be some high temperature during the refinement process.”

Su Yu said, “There’s no need to worry about whether or not it will hurt me. If you have a way, start refining immediately.”

Han nodded. Wang Yunxuan sized him up for a long while before saying, “I heard that you have already become the ruler of the God Domain Empire. Then, I’ll make a crown for you. The Edge can cover the center of your forehead.”

He did as he was told. Wang Yunxuan prepared a pot of scorching earth fire lava, allowing Su Yu to sink into it.

The paper would not melt in the face of fire. He could only fold the paper and insert it into the crown.

As for the part of the paper between Su Yu’s eyebrows, he could not remove it. Only a crystal drooped down from the Crown’s forehead, just enough to cover this part of the paper.

This process lasted for three days and three nights before it was finally completed.

A crystal-colored crown stood majestically on top of Su Yu’s head. It bloomed with crystal-like brilliance, making Su Yu’s originally handsome face appear out of this world.

Even Wang Yunxuan himself was startled. He said, “It seems that this imitation of my monarch ice crystal crown is the most suitable for you.”

Su Yu was surprised. “Monarch Ice Crystal Crown? What is that?”

Wang Yunxuan shook his head. “I’m not too sure either. I saw it in that booklet. It is rumored that there are four divine items that do not belong to this world. They are called the emperor supreme set. The Emperor Ice Crystal Crown is one of them. There is also the Emperor Star Robe, the emperor killing sword, and the divine seat of Heaven and Earth.”

Su Yu did not have much emotion for the first three.

However, when he heard the words “Divine seat of heaven and earth”, Su Yu’s spirit was greatly shaken.

Wasn’t this the missing fourth ranked Imperial Dao sacred weapon?

It was actually one of the emperor supreme set?

In that case, the other three were very likely Imperial Dao sacred weapons? Furthermore, it was very likely to be the top three lost Imperial Dao sacred weapons?

Emperor Supreme set! Su Yu deeply remembered this name.

“Yunxuan, is there anything else recorded in that booklet?” Su Yu asked. The booklet that Wang Yunxuan picked up all recorded extraordinary items!

Wang Yunxuan said, “Yes, but there aren’t many. Some of the words are too obscure. I can’t understand them. You can take it and study it yourself!”

As he spoke, he took out the booklet and stuffed it into Su Yu’s hands.

Su Yu said, “This is very important to you, right?”

“Haha, What’s there to be pretentious about? isn’t it just a lousy booklet? Don’t Tell Me I’m afraid that you’ll learn how to refine artifacts and snatch my job?” Wang Yunxuan laughed heartily.

Su Yu cupped his fists. “Thank you.”

After a pause, he said, “Strider mother escaped, but I guarantee that she won’t be able to escape for long!”

Wang Yunxuan’s expression dimmed a little as he tried his best to pull himself together. “There’s no need to force it. The heavens want her to die. She can’t escape fate. If the heavens want her to live, no one can kill her.”

Fate? Su Yu’s eyes flashed with a hint of rebellion.

What he liked the most was to fight against fate.

If the heavens wanted her alive, Su Yu wanted her dead!

Chapter 1499 All Living Things Are Like Dust (Second Watch)

“Farewell.” Su Yu returned to the outside world.

Outside the secret room, Bi Wanqing, Eternal Night Wuheng, and the others had been waiting respectfully for a long time.

“Big Brother Su, the gods of the god Domain Empire will meet.” Eternal night first snow shouted from outside the secret room.

Su Yu opened the stone door and revealed his true body.

The first thing everyone saw was Su Yu wearing a crown on his body.

The ordinary Su Yu gave everyone a sense of approachability. However, when he wore a crown, he gave off an inexplicable sense of majesty.

Eternal night, who originally wanted to laugh a few times, retracted his words when he was about to speak. He secretly exclaimed, “He’s quite suitable for this emperor’s attire...”

This was the first time the god domain empire had been unified. Naturally, Su Yu had a need to meet the gods.

“Let’s Go!” Su Yu transformed into a stream of light and descended into a brand new imperial palace.

The imperial palace was resplendent and resplendent, shrouded in dense immortal qi. Seven-colored auspicious clouds shone, surrounding the cranes as they flew together.

It was like a divine immortal palace that had been plucked out of the dust, extremely mysterious.

Inside and outside the imperial palace, the audience members were like floating clouds that stretched to the ends of the world.

Regardless of whether it was the cave dwelling gods or the heroes of the world, they all stood upright in front of the imperial palace.

When a stream of light streaked past their heads and stood at the peak of the Imperial Palace, countless audience members prostrated on their knees.

“Long Live Emperor Yu!”

They shouted in unison, shaking the entire imperial territory and beyond.

Countless weak beings also prostrated themselves to welcome their new emperor!

Su Yu wore a crown on his head and stood with his hands behind his back. He exuded an imposing aura without being angry.

Looking at all the living beings beneath his feet and all the living beings under the heavens prostrating themselves before him, Su Yu felt as if he was looking down from the top of all living beings.

“Rise,” Su Yu said indifferently. All the living beings had just stood up and bowed to look at him.

Only the two hundred gods in front could see Su Yu’s true appearance clearly. The living beings behind could only see the figure covered by clouds, and the ones behind couldn’t even see the imperial palace.

Even so, no one dared to slack off.

Not to mention Emperor Yu’s terrifying combat strength, not to mention his four extraordinary followers, just that terrifying snow-white divine artifact alone had enough power to destroy the heavens and earth. It was enough to intimidate them to the point that they didn’t have any ill intentions.

He was a king without a doubt!

“Emperor Yu, we don’t know people well enough to blame you for being a traitor of the devil realm. We have wronged this insidious woman, Traversing Mother Skywalker. Please punish us, Emperor Yu.” The first to report was the representative of the Western alliance, the Thunder Emperor.

They should have stood on Su Yu’s side, but they could not withstand the rift between traversing mother Skywalker.

Su Yu calmly swept his gaze across him, he also swept his gaze across the gods present.

“Regardless of how you have evaluated me in the past and what you have done, I will forgive you.

However, this will not be the next time! If you continue to doubt me in the slightest, those who split the god-domain empire will be killed without mercy!”

Hearing this, many gods secretly heaved a sigh of relief, especially those who had been instigated to kill Su Yu.

“Emperor Yu is wise!”All the gods exclaimed in unison.

Su Yu nodded and waved his hand. “Bring the survivors of the Voidwalker Mother!”

Shua --

Under the escort of eternal night, countless members of the imperial guards from the past, as well as the gods that were being nurtured in the ancient ruins, were brought up.

There were tens of thousands of people, and there were no less than 30 gods.

“Baotong god of Commerce, Sacred God, and God of Sword, Listen Up!”

The three gods appeared one after another and knelt down on one knee.

“Set up an interrogation division to investigate them. In the past, they killed innocents indiscriminately, killed! Those who committed crimes will be stripped of their cultivation! Those who committed minor crimes will be given restrictions and enslaved! The rest will be incorporated into the fleet and become soldiers!”

Such swift and decisive methods truly caused the gods to sigh.

Compared to the false benevolence of the void mother, such ruthless methods ruthlessly refreshed their worldview.

Such a style was suitable for this chaotic world.

“Yes!”The three gods said sternly.

Su Yu said again, “Send the message to the first prince, second princess, and sixth Princess of the Devil World!”

The three members of the royal family of the Devil World who had been imprisoned arrived in front of the gods in front of everyone’s eyes.

Some of the gods could not help but feel their hearts palpitate, and they were exceptionally nervous.

They were demons!

The first prince and the other two had just been released, and before they could figure out what was happening in the divine domain empire, they had been brought here by eternal night first snow for an audience.

When they learned that the new emperor had released them, they felt extremely apprehensive and puzzled.

From Afar, they looked at a silver-haired youth with a towering crown on his head, his entire body exuding boundless divine might and majesty. The three of them could not help but feel their hearts palpitate, and they subconsciously prostrated themselves before him. "Greetings, Your Majesty."

"Rise. We've let you suffer for the past seven years."

HM? The first prince, second princess, and sixth princess were all stunned when they heard this voice. Why did this voice sound so familiar?

They raised their heads and looked carefully. The expressions of the three of them changed drastically, and they looked somewhat comical.

"Su... Su Yu?"

Just as they finished speaking, eternal night first snow lightly reprimanded them from the side, "Impudent. Who allowed you to call Emperor Yu by his name?"

The first Prince and second princess immediately came to a realization. Only the sixth princess was still staring at Su Yu in disbelief.

When Su Yu fell into the Heavenly Lake, he was only at the fourth level of the mortal immortal realm.

Ascending to the throne of the Western alliance was also done by using various methods.

But seven years later, his own strength was outstanding. That terrifying divine might was comparable to that of a demon emperor!

The gods prostrated themselves, and all of them also submitted from the bottom of their hearts.

The changes were so great that it was as if the world had been turned upside down.

She suddenly had a misconception that Su Yu was flying higher and higher, but she had lost her wings. She could only stand on the ground and look up, watching as Su Yu gradually disappeared from her sight.

Su Yu said, "Back then, I was the one who invited you to join the God Domain Empire. I made you suffer for many years. Now, I'm returning you your freedom. Here are some resources that are suitable for your demon race to use. Consider it my personal compensation."

Su Yu threw over an interspatial ring that contained many special spiritual items from the lost countries. It was similarly suitable for the demon race to use.

The first prince swept his gaze over it and revealed a shocked expression.

At this moment, he heard su yu say, "Now that you are free, if you are willing to leave, I absolutely won't stop you. If you are willing to stay, I represent the god Domain Empire to welcome you."

The first prince was startled. He swept his gaze over the gods that revered Su Yu, and then he thought about the vast starry sky. He had nowhere else to go, he said, "Our original intention was to join the Celestial Domain Empire. However, we only encountered some twists and turns. The three of us, brother and sister, are willing to serve the empire."

"Good! On behalf of the Celestial Domain Empire, I welcome all of You!" Su Yu said, at the same time, he said to the gods, "The three of them are the

meritorious ministers who helped this Emperor escape from the demon world. They are the same as us in the demon world. They have a reason that they have no choice but to fight with. It concerns their lives, so the gods can rest assured."

The gods were naturally at ease with this.

With Su Yu's promise, what else were they worried about?

"Finally, I will reorganize ten fleets and recruit experts from all over. I hope that all of you will mobilize experts from the cave abode world because the battle against the demon world is about to begin!"

Hearing this, their hearts throbbed for the rest of their lives.

What was meant to come would eventually come. They had prepared for this day for a long time.

After settling a series of important matters, Su Yu once again chose to enter seclusion.

Before entering seclusion, he once again met with eternal night, first snow, and the others, as well as Baotong god of commerce and the others.

"I will enter seclusion for two months. If there are any sudden incidents during this period of time, I'll leave it all to the few of you."

Eternal night, first snow, eternal night, Luo Xue, Bi Wanqing, and Bi Wanqing nodded lightly. Amongst them, apart from Bi Wanqing, the rest were all people with high positions. The territory they had governed was ten times the size of the god domain empire. Handing it over to them.., to them, it was no different from a small test.

"You guys go. I have something to say to Baotong god of commerce and the Sacred God."

The four of them left one after another. Bi Wanqing wanted to say something, but she hesitated before silently leaving.

When only the two of them were left, Su Yu asked, "How is it? Have you found Shengyuan Xin and Yang Tai?"

Now that the world had become one, all of them had submitted to Su Yu. If they had hidden themselves, they should have appeared long ago.

However, the eyes of God Bao Tong and the sacred God dimmed at the same time.

"They died?" Su Yu frowned. If they had died after becoming gods, he would have been helpless. Reviving from the dead would have been ineffective against gods.

Shaking his head, the sacred god said, "Thank you, Emperor Yu, for your love. It is my yuan heart that is unable to enjoy it..."

After saying a few words, the sacred God's eyes became moist, and he could not stop sobbing.

Bao Tong god of Commerce's voice was low as he continued, "We learned from the soul search of the survivors of the voidwalker mother who chased them back then that the two children escaped into the ancient ruins... but they disappeared. They disappeared through a door."

A door? Su Yu's eyes revealed a thoughtful expression. Could it be a time door?

"That door exists in ancient memories and is exceptionally mysterious. I don't know where it leads to. Those children are doomed!"

Su Yu's eyes flashed. Doomed? That might not be the case!

Since Zhan Wushuang and the others dared to enter this door, they must know the mysteries of this door. The danger might not be too great.

"Don't worry, they might not die. It just requires some energy to find them." Su Yu said, "I will find them."

With this promise, their expressions eased up a lot. They thanked him and left.

After a long while, Su Yu said slowly, "Wanqing, do you have something to say?"

A beautiful figure suddenly appeared in the air.

It was the departing Bi Wanqing. She had never left. Instead, she created an illusion that she had left. In fact, she had never left.

Bi Wanqing smiled sweetly. "No matter how exquisite the creator Dragon's divine ability is, it can't hide from your eyes."

Su Yu said, "It's the astral divine book on your body that exposed you."

Bi Wanqing took out the astral divine book in surprise and couldn't help but smile helplessly. "So that's how it is! Perfect. I wanted to talk about this item too."

Oh? Su Yu's eyes flashed with anticipation. "You've finally sensed the exact direction of the line of Fate?"

Speaking of which, the ancient ruins had been swept away by Su Yu. The power of time and space in it had dissipated completely. There shouldn't be any power that could stop her from visiting.

"Strange, didn't you find traces of an old friend in the ancient ruins? I found it when I was at the entrance of the ruins. The thread of fate leads directly into the ruins." Bi Wanqing was surprised.

What? Su Yu's expression froze. "Are you sure you're in the ruins?"

"That's right!"

Su Yu's expression changed again and again. The ruins... Everything in the ruins was completely gone. Where was the trace of Xia Jingyu?

Seeing that Su Yu's expression was not right, Bi Wanqing felt guilty and said, "Wait a moment, I'll check again."

After that, her eyes emitted a purple light.

Her gaze moved along the thread of fate and finally stopped on Su Yu. To be more precise, it stopped on the nine jade spiritual pearl. "Eh? Then the thread of fate is inside?"

Here? Su Yu was a little surprised. With a glance, he did not see Xia Jingyu..

Wait! Su Yu suddenly discovered something.

He had only brought out two items from the ancient ruins.

One was the ice stone, and the other was... a fragment of the time door!

The fragment of the time door was inside the nine Jade Spirit Pearl.

Su Yu took them out, and Bi Wanqing immediately fixed her gaze on the stone. She said, "This is the item... eh, why did the thread of Fate Pierce through these stones?"

What? Su Yu's heart shook violently as his gaze locked onto these stones like lightning. Xia Jingyu was also on the other side of the time door!

A trace of regret surfaced in his heart. If he had known this would happen, his priority would have been to seize the time door!

It was too late to say anything now!

"You have to confirm once more whether the thread of fate between me and her has any other continuation," Su Yu said unwillingly.

Bi wanqing sighed and silently observed. After a long while, she shook her head gently.

"Unfortunately, the line of fate between you and your old friend only leads to the time door. It doesn't exist in any part of the galaxy."

Su Yu's eyes revealed a look of contemplation. Could it be that the other end of the time door was an independent world that was different from the galaxy?

If it was, where would it be?

In the galaxy, other than the God Domain Empire and the demon world, could it be that there was a large-scale cave abode world that no one knew about?

Chapter 1500 Divine Body Of Laws (Third Watch)

"Time Door?" Su Yu felt around for the rocks that were filled with the vicissitudes of time.

In the vast ruins, only two items were able to resist the destruction of the power of time and space, remaining until now.

One was the frost stone that caused the ancient ruins to freeze time and space.

The other was this ancient time door.

"I'm leaving. Don't be anxious. The line of fate between the two of you still exists." Bi wanqing consoled and silently left, giving Su Yu a quiet space.

Su Yu fell into deep thought and did not notice her departure.

After pondering for a long time, Su Yu took out all the stones and pieced them together to form a time door.

Although the door was formed, it was full of cracks and had lost its function.

After examining it carefully for a long time, Su Yu stared at the dim-colored heavenly book characters that were almost worn out and muttered, "Could it be that by reconstructing these heavenly book characters, we can reconstruct the time door?"

Thinking up to this point, Su Yu tried to use the divine blood to refresh the blurry characters.

However, the moment the divine blood touched the characters, it was pushed away by an unknown force. The divine blood on it was immediately repelled.

"Repelling the divine blood..." Su Yu muttered for a while before taking out a drop of the heaven-defying Emperor's divine blood.

After smearing it on the blurry characters, there was still a force repelling it. However, the repelling force was far weaker than ordinary divine blood.

A heavenly book character was refreshed as if it was brand new.

However, before Su Yu could be happy, the heaven-defying Emperor's divine blood was also repelled.

"Even the heaven-defying Emperor's divine blood can't do it?" Su Yu felt a sense of urgency as he took out a drop of nearly transparent divine blood. This was the first emperor's divine blood, the world destruction Emperor's divine blood.

The only hope of rebuilding the time door and finding Xia Jingyu!

Taking a deep breath, Su Yu carefully smeared a drop of the world ending Emperor's divine blood on it.

Unexpectedly, he did not encounter any repulsion. Instead, there was a bit more closeness. A heavenly book character took the initiative to absorb it, and the words repeated themselves perfectly and clearly.

The cracks around this heavenly book character also automatically disappeared.

Seeing this, Su Yu was overjoyed. "It really is effective!"

He thought of using divine blood to write. It was entirely the result of the heavenly book monolith inscriptions that were used to suppress the evil daughter in the Black Crystal mountain range.

The nine emperors used their flesh and blood to condense a stone tablet and use divine blood to write the heavenly book monolith inscriptions. Just now, they had suppressed the evil daughter and the world destroying dragon.

In that case, Su Yu could also use the emperor's blood to write the heavenly book characters!

After one word succeeded, Su Yu couldn't wait to continue writing. But the strange thing was that the second heavenly book character couldn't be refreshed no matter what.

It was not that the divine blood could not be stained, but that Su Yu's fingers could not touch the heavenly book character. He was affected by a mysterious force, causing his fingers to be unable to touch the target.

After carefully analyzing the two heavenly book characters that were successful and failed, Su Yu discovered that the former was the heavenly book character that he knew, while the latter was unfamiliar.

He tried to refresh the few heavenly book characters that he knew, and sure enough, there were no obstacles.

As for those that he did not recognize, Su Yu could not even touch them.

A trace of discouragement appeared in his heart. "Hehe, I was indeed thinking too simply. Unless I can recognize all the heavenly book characters, it is impossible to reconstruct the stone tablet."

"Xia Jingyu, Ah Xia Jingyu, where are you exactly?" Su Yu smiled bitterly.

After a moment of discouragement, Su Yu regained his spirit. He had never been a person who would easily give in, so how could he be discouraged at the last moment?

Rebuilding the time door was the final obstacle to finding Xia Jingyu!

The more critical the moment was, the more he had to remain calm!

"Phew! I really have to go into closed-door cultivation." Su Yu took out the original heavenly book. Comprehending the heavenly book was one of the goals of his closed-door cultivation.

However, Su Yu would not forget that he had an even more important goal for this closed-door cultivation!

To rescue Luo Xueyi!

Luo xueyi was captured because of him, so he had no choice but to go and rescue her.

However, Zhan wushuang, Gu Taixu, and mother voidwalker were all alone. Su Yu lost more than he lost.

The previous battle at the ruins was enough to explain everything. Gu Taixu was too difficult to deal with, and his strength was on par with his. If he could not increase his combat strength, it would be futile for him to go.

With a thought, Su Yu took out the Milky Way Stardust from his palm. Endless starlight shone, illuminating the secret room like the starry sky. It was as beautiful as a fairyland.

All of a sudden, the starlight condensed into the shape of a crane and said, "Greetings master, what can I do for You?"

Su Yu's eyes sparkled as he said, "All these years, have you once again captured the consciousness hidden in the Milky Way Star Sand?"

Back then, after completing Tian Jizi's last wish, the weapon spirit Crane God said that at that moment, he had captured a consciousness that existed within the Milky Way star sand.

This matter had always been a thorn in Su Yu's heart, and he couldn't let it go for a long time.

Crane god said, "It's a pity that ever since then, that consciousness seemed to have intentionally hidden away and never showed itself again. I searched constantly and didn't notice its existence at all."

"Is that so?" Su Yu's expression was somewhat dark. What exactly was that consciousness? Why did it exist within the Milky Way star sand.

Could it have some other connection to Tian Jizi?

Or could it be that Tian Jizi was hiding something from Su Yu?

With a question, Su Yu said, "Continue monitoring. Once you find it, immediately pull out that consciousness!"

"Yes!"

Su Yu added, "Now, I need you to purify something."

"What is it?"

"The blood of the nine dragons ancient God!" Su Yu pointed at the Crown on his head. Inside was a letter written by the nine dragons ancient god using his own divine blood.

The weapon spirit Crane God immediately transformed into a galaxy and wrapped the crown.

By isolating the crown, it could also purify the divine blood hidden on the letter.

Now that the Milky Way star sand was under Su Yu's control, its purification ability was ten times better than before.

In addition, ancient god Nine Dragons had been missing for many years. Even if the divine blood resisted, it was still not as good as before.

An hour later, a drop of divine blood was purified.

What was strange was that ancient god Nine Dragons' blood was neither golden nor milky-white, nor transparent. It was... five-colored!

Spread out in the palm, it didn't look like divine blood. Instead, it looked like spiritual liquid, filled with extremely tyrannical energy.

Even Su Yu had the urge to swallow it.

Licking his lips with eagerness, Su Yu's eyes were slightly burning. He could feel that if he swallowed this divine blood, he would receive endless benefits.

But his willpower was extraordinary. Even Su Yu couldn't safely endure the blood of an emperor, let alone the blood of ancient God Nine Dragons?

Suppressing the urge in his heart, Su Yu sealed it in a jade bottle and waited for the Milky Way star sand to extract all the divine blood in the letter.

Three days and three nights later, the Crane God's feathers dimmed, and it was extremely haggard. Even the Starlight was flickering.

“Go Rest.”

After being freed, the weapon spirit crane God immediately returned to Su Yu's palm to rest.

Su Yu looked at the thumb-sized jade bottle filled with ancient god Nine Dragons' divine blood, and his eyes were filled with joy.

“I wonder how ancient God Nine Dragons' divine blood will evolve after I give it to the nine dragons divine cauldron.” Su Yu had long wanted to try, but he didn't dare to recklessly reveal the nine dragons divine cauldron under the eyes of the creator Dragon.

Opening the Jade Bottle, Su Yu dripped the divine blood on his forehead.

The nine dragons divine cauldron, which had been very quiet, suddenly shook, creating a huge soul storm in Su Yu's mind.

The divine cauldron shook violently, shaking like never before.

After obtaining the first drop of ancient god Nine Dragons' blood, the three-tenths of the death dragon and the Black Dragon had all crystallized!

Su Yu was overjoyed. A drop of divine blood had directly crystallized two-thirds of a dragon?

But this was only the beginning!

On the cauldron, the time Purple Dragon, the Space Red Dragon, the Soul White Dragon, the Life Jade Dragon, and the Black Death Dragon that had just crystallized all flew out from the nine dragons divine cauldron and surrounded it, they kept sucking the nine dragons ancient divine blood into the cauldron.

They flew quickly, but they couldn't keep up with the speed of the divine blood.

The nine dragons divine cauldron trembled even more intensely!

At this moment, it moved on its own and flew out of Su Yu's mind, appearing in front of Su Yu.

The huge cauldron turned upside down and impatiently swallowed the entire jade bottle.

Su Yu was startled. He quickly threw away the jade bottle and dodged to the side, watching as the nine dragons divine cauldron crazily swallowed the Jade Bottle.

Weng --

With a muffled sound, the nine dragons divine cauldron seemed to be greatly satisfied. Its three legs landed on the ground, making a clanging sound.

The five flying dragons flew back to the nine dragons divine cauldron one after another, but they were different from before. They were all much bigger!

The Aura they gave off was also completely different from before.

Just as Su Yu was surprised, the nine dragons divine cauldron suddenly shone with five-colored light.

A hundred drops of nine dragons ancient god blood had actually been diluted into a whole cauldron!

Su Yu attempted to take out a drop, and the diluted divine blood automatically fused into Su Yu's body.

In the end, Su Yu's heart began to thump!

That was the heart that had been replaced by a law fragment of the Great Dao, and now it was actually beating violently!

It could be seen with the naked eye that the law fragment of the Great Dao had actually expanded dramatically. It was originally only the size of a heart, but now it had expanded to cover Su Yu's entire chest!

“The law fragment of the Great Dao can still grow?” Su Yu was flabbergasted!

The strangest thing was that the barrier between him and the law fragment had completely disappeared under the effect of this droplet of diluted divine blood.

What replaced it was intimacy, as if this was the law fragment of the Great Dao that had grown out of Su Yu's body.

“The blood of the ancient god of nine dragons is so miraculous?” Su Yu was extremely surprised.

He tried to swallow another drop, but the chain fragment suddenly expanded and covered his entire body.

He looked inside and saw that his entire body had been replaced by a complete chain, which was ten times larger than the previous fragment!

“My body has become a Great Dao Law Chain?” Su Yu couldn't describe his feelings with words.

But his hand seemed to be out of control as he tried to take another drop of divine blood.

At this moment, the nine dragons divine cauldron dodged by itself. Its entire body trembled. This was a warning!

Su Yu was immediately startled awake. He hurriedly withdrew his hand and asked in shock, “What happened to me just now?”

He clearly had no intention of taking another drop of divine blood, but his body seemed to be out of control.

He carefully looked at his body. If he took another drop of divine blood, his four limbs would probably be replaced by the Great Dao Law chain.

At that time, was Su Yu a human or a part of the Great Dao chains?

Thinking up to this point, Su Yu broke out in cold sweat.

Sensing that Su Yu had regained consciousness, ancient god nine dragons shrunk to the size of a palm and flew back to Su Yu's... Palm!

“Eh?” Su Yu was shocked. In the past, the nine dragons divine cauldron only existed in Su Yu's mind, and no matter how hard he tried, Su Yu wouldn't budge.

Why didn't it return to his mind now?

“Is it the blood of the nine dragons ancient god that completely satisfies him or makes him strong enough? There's no need to hide it in my mind?” Su Yu was extremely surprised.

With a thought, Su Yu said somewhat excitedly, “If only there was someone who could let me test the power of the nine dragons divine cauldron. No matter if it's hard or filled with all sorts of mysterious energy, no one would be able to withstand a single strike, right?”
