

Nine-Dragon 1501

Chapter 1501 Snipe And Clam Fighting

Just two drops of diluted ancient god Nine Dragons' blood were enough to cause an earth-shaking change to the nine dragons divine cauldron.

He had deliberately used the divine blood to leave a letter. Could it be that he had deliberately left Su Yu an endless treasure trove?

After pondering for a long time, Su Yu reaped a harvest.

The first was that the dragon of death had completely crystallized and the power of death had reached perfection.

The second was the evolution of the five powers of the nine dragons divine cauldron that he had already obtained.

The third was the body of laws. He believed that unless it was an attack at the level of Great Dao laws, it would be difficult for Su Yu to drive it away. His only weakness was his head.

The fourth was that the nine dragons divine cauldron could finally be used by Su Yu!

With such a huge harvest, Su Yu's confidence in rescuing Luo xueyi two months later was doubled!

However, that was not enough.

Su Yu took out the bluestone tablet, the last level of the Soul Devouring Realm!

He had stayed in the initial stage for a long time. After many years of settling down, he had long shown signs of breaking through to the middle stage. What he lacked was a meditation.

His left hand was the original heavenly book, and his right hand was the son of Heaven's qi-gazing technique. Su Yu immediately immersed himself in it and began a long meditation.

At the same time, in a certain part of the galaxy, there was a wave of space-time fluctuation.

The galaxy world around them was like broken glass. Layers of cracks formed a dense spider web.

All of a sudden, four figures fell out of the space-time fluctuation one after another.

Looking closely, they were Zhan Wushuang, Voidwalker mother, Gu Taixu, and Luo xueyi, who had been captured.

Gu Taixu was in a particularly sorry state. There was lingering fear in the depths of his eyes as he said, "It's been ten years since we last met. Why has he become so powerful? I've finally cultivated the nine spirits body, but I'm still not as good as him!"

Zhan wushuang said indifferently, "It's normal for you to be inferior to him. He has the rebellious intent and is born with the ability to break through the shackles. With the luck of his life and the great fortune, it's not something a mere nine spirits body can compare to."

Hearing this, Gu Taixu hammered his thigh. "I'm not convinced! Why Am I inferior to him? If I can cultivate the nine spirits body, he won't even be in my eyes!"

Hearing this, Zhan Wushuang looked at him indifferently, "I suggest you don't think about this divine body anymore. The cultivation process will hurt the harmony of Heaven and earth, and it's hard to have a good ending."

The body of nine gods was a frozen memory fragment of an ancient almighty in the ancient ruins. This divine body was extremely terrifying, and in that memory, it displayed a majestic power comparable to the overlord of the galaxy.

From then on, Gu Taixu could not forget this divine body.

However, this divine body was either born or evolved.

His body of nine spirits happened to be one of the special physiques that could evolve into this divine body.

However, the evolution process was too bloody. It required him to continuously devour the cultivation of others. And those who were devoured would often die from suffering. The death was extremely tragic.

A hint of viciousness flashed in the depths of Gu Taixu's eyes. He was extremely unwilling to accept this. If Zhan Wushuang had not been suppressing him, he would have already brought the creatures from the Divine Territory Empire to cultivate!

However, he was no match for Zhan Wushuang now. He could only swallow his anger.

"Shouldn't we find a place to hide first?" Mother Voidwalker said unhappily. Her face was pale. A lot of her divine essence had been lost, and her cultivation was rapidly retreating.

Gu Taixu stared at Luo xueyi, and a fierce light flashed. "Should we kill Su Yu's woman before we hide? Otherwise, if Su Yu can sense anything on her body, wouldn't it be troublesome?"

In response, mother Kong's killing intent suddenly appeared, and she said gloomily, "Su Yu killed my entire family, and I killed his woman. It's too easy for him!"

As she said this, her five fingers formed into a claw and tore towards his abdomen.

Clang --

However, with a soft sound, Zhan Wushuang's golden armor shook and blocked the claw with his wrist.

The voidwalker mother said, "Why are you stopping me?"

Zhan wushuang said calmly, "Didn't you notice that one person is missing?"

"You Mean Hanxuan? She didn't manage to escape?" The voidwalker mother was slightly regretful.

Gu Taixu's eyes were filled with even more regret. There was a faint trace of great disappointment lingering in them.

Zhan wushuang said, "She was captured by Su Yu."

“It’s a pity. Although I wanted to save this girl, things are different now. If I rush to the Divine Realm Empire now, I will definitely die,” voidwalker mother said.

Zhan wushuang said, “There’s no need to save her. I have an agreement with Su Yu to exchange hostages with each other.”

Hearing this, Gu Taixu raised his eyebrows and said unhappily, “Are you saying that you want to return Su Yu’s woman to him?”

Zhan wushuang stared at him, “What, do you want my junior sister to die in his hands?”

Traces of killing intent surrounded his body, it made gu taixu feel guilty, “No, I just feel that if we exchange her like this, it would be too easy for Su Yu! We might as well give his woman a taste of her pain first. Otherwise, how can we appease the hatred in our hearts?”

Zhan Wushuang’s killing intent was even stronger. He could not be rejected, “Don’t touch a single hair on her head! This is also the agreement between Su Yu and Me!”

Gu Taixu was secretly angry and said, “If you don’t hurt her, it’s hard to guarantee that Su Yu won’t hurt Hanxuan. No matter how bad it is, we should at least place a restriction on her body. After exchanging the hostages, immediately activate the restriction. We definitely can’t let him get away with it!”

Zhan Wushuang’s eyes were filled with contempt and he said bluntly, “A villain’s heart measures a gentleman’s stomach! Su Yu has always been a man of his word. Since he promised, he will never hurt Hanxuan!”

“Moreover...” Zhan Wushuang’s eyes were filled with even more contempt. “He’s not a narrow-minded person who wants to gain the pleasure of revenge by hurting a Woman!”

Gu Taixu’s heart was burning with anger when he heard that. He sneered and said, “You’re overestimating him too much. Don’t forget that you’re enemies now!”

Zhan wushuang chuckled, “It’s true that he is an enemy, but I have to admit that he is a perfect enemy in all aspects. Regardless of strength or character... only such a person is qualified to compete with me!”

Gu Taixu sneered. However, no matter how he looked at it, his smile was full of jealousy.

“In short, don’t touch a single hair on this lady. Otherwise, if junior sister gets hurt, don’t blame me for not showing my feelings!” Zhan wushuang said coldly.

Walking mother was silent, and Gu Taixu did not dare to act rashly.

“Since you don’t have any objections, immediately set off to the divine relic land. The exchange point is there. We will go there in advance to set up an ambush!” Zhan wushuang said.

As he spoke, he pointed across space and untied Luo Xueyi’s restraints. He said indifferently, “Miss Luo, you heard what I said just now. Come with us.”

Luo xueyi blinked her bright eyes, wondering if she should take the opportunity to escape.

In the end, Zhan Wushuang seemed to see through her thoughts. He smiled faintly, "As long as Miss Luo doesn't sneak attack us, you can do whatever you want, including running away."

Hearing this, Luo xueyi knew that he most likely could not escape.

In front of this Peerless Heaven's favorite who could rival Su Yu, especially when he was on guard, the probability of escaping was very slim.

A few days later, the group arrived at the land of God relics.

Ever since they took away god Bao Tong Shang, this place was dead silent. There were no more living beings.

Zhan wushuang looked around and said, "The one who destroyed the land of God relics is Su Yu! Thinking back, he was only a dust immortal back then, but he could do such an earth-shaking thing. He deserves praise."

Luo xueyi's ears twitched and said, "You know a lot about big brother Su?"

Zhan wushuang looked at him and said, "It's hard to not know. Why, do you want to hear it?"

Luo Xueyi's face turned red as she snorted, "I don't want to hear it from a bad guy like you."

"Then I won't say it."

"Eh, why are you... Why Are You So Annoying?" Luo xueyi stomped her feet angrily.

Zhan wushuang could not help but laugh as he looked at Luo Xueyi in a daze. After a long while, he sighed, "Once Upon a time, junior sister also acted coquettishly."

Oh? Luo xueyi rolled her eyes as if she had noticed something.

Zhan Wushuang hid his strange expression and said, "He has many deeds, I will slowly tell you about them."

In a flash, almost two months had passed.

During these two months, Luo xueyi listened to Zhan Wushuang's story tirelessly. Sometimes, she was surprised, sometimes she smiled, and sometimes she worshipped him. However, when she found out that Su Yu had a legitimate wife, she was disappointed for a long time.

However, she was already mentally prepared. How could a person like Su Yu not have a wife?

"I would like to see who her wife is, so that I can get big brother Su's favor." Luo xueyi smiled, and there was a hint of dissatisfaction in her eyes.

Zhan wushuang smiled faintly, "She is a woman with great talent and physique, not inferior to you. However, this is not the reason why he is favored by Su Yu. The reason is that she is deeply in love with him. If there is anyone in the world who loves Su Yu more than her, I don't believe it."

Luo xueyi bit her red lips and said unwillingly, "Are You So Sure?"

“Because, she was once my junior sister. I, Zhan Wushuang, have never misjudged people,” Zhan Wushuang said.

Luo Xueyi fell silent and clenched her fists secretly.

Zhan Wushuang looked at her and for some reason, he felt sympathy for her. “The pain of life is nothing more than falling flowers intentionally flowing water without mercy. Everything needs to be endured, and you also need to free yourself.”

Free? Luo Xueyi laughed self-deprecatingly. Ever since she married Su Yu in the dream of the secular world and gave birth to his child, she had never been able to break free from this net of the secular world.

Sighing softly, Zhan Wushuang stood up and his gaze fell into the depths of the ruins. The other two spoke indifferently, “The two-month period has arrived. I advise you to leave as soon as possible. Why do you want to stay and take risks?”

Voidwalker mother replied, “Hanxuan is my son’s disciple after all. How can I bear to see her fall into the hands of the enemy? If I stay, I can lend you a helping hand in case anything happens.”

Zhan Wushuang replied indifferently, “There’s no need to help. Su Yu won’t go against the agreement. He will only exchange hostages and will never take action again.”

Gu Taixu spoke enthusiastically, “We are also taking precautions. If Su Yu doesn’t go against the agreement, it’s hard to guarantee that his subordinates will secretly play tricks for meritorious deeds.”

After thinking for a while, Zhan Wushuang felt that it was not unreasonable. He trusted Su Yu, but he might not trust the others.

“In that case, thank you!” Zhan Wushuang said, “I’ll patrol the surroundings again to make sure that our retreat route is safe. You guys wait here and remember to protect Miss Luo.”

After saying that, Zhan Wushuang left alone.

An hour later, Zhan Wushuang was already far away, and his aura had disappeared without a trace.

The voidwalker mother, who had been sitting cross-legged to recuperate, slowly opened her eyes. When she met Gu Taixu’s gaze unexpectedly, each of them revealed a sinister sneer.

Gu Taixu sneered, “Zhan Wushuang is indeed unrivalled in combat power, but it’s a pity that he’s simple-minded. If he was half as smart as Su Yu, I wouldn’t have made such a move!”

The voidwalker mother slowly stood up, stared at Luo Xueyi, and said indifferently, “He’s finally gone. We can carry out our plan with peace of mind!”

Luo Xueyi, who was recuperating, immediately sensed that something was wrong. He immediately rose into the air and shouted, “What are you trying to do? If you dare to hurt even a single hair on my head, Zhan Wushuang will definitely not let you off!”

Chapter 1502 Severing Ties (First Update)

“Humph! Don’t use him to oppress us!” Gu Taixu snorted coldly. “We’ve endured for two months just to wait for today!”

Luo xueyi was extremely smart and immediately understood their intentions. She said in surprise, “You... you want to incite a fight between Su Yu and Zhan Wushuang?”

If something happened to her, Su Yu would definitely injure Hanxuan in a fit of rage, and if Hanxuan was injured, Zhan wushuang would definitely fight with Su Yu to the end.

Gu Taixu snorted coldly. “Zhan Wushuang is a traitor. Su Yu has caused us so much trouble, yet he still speaks up for Su Yu! It’s best for such a person to die in Su Yu’s hands!”

Mother Kong’s eyes shot out cold glares, they were like two sharp blades. “I spent so much effort to nurture him in vain. In the end, his wings have hardened, but he no longer listens to me. It’s useless to keep such an ungrateful thing. It’s better to let him and Su Yu both suffer!”

It turned out that during the past two months, the Voidwalker mother and Gu Taixu had secretly reached an agreement.

They were prepared to defect to the demon race!

Right now, they were the common enemy of all the living beings in the starry sky. Only the demon world could protect them.

But before they left for the demon world, they could not bear this resentment. They absolutely did not want Su Yu to successfully save the hostages.

Therefore, they had planned to let Su Yu and Zhan Wushuang fight.

However, Zhan Wushuang was always waiting for Luo xueyi, so they had no way to attack him.

Now that he was going to patrol, he gave them the best opportunity.

“Do it!” Mother Walker shouted in a low voice as she turned into an afterimage.

Luo xueyi said angrily, “Fine! Let’s see what you can do to me!”

“Soul extinguishing silent curse!” Luo Xueyi’s attack was a big move. A terrifying wave of shaman power swept over and destroyed all living souls.

How could the voidwalker mother, whose cultivation base had fallen by a realm, dare to take it head-on? With a muffled grunt, she forced herself to retreat several thousand feet.

However, Gu Taixu took the opportunity to sneak to the back without anyone noticing. After Luo xueyi activated her shaman spell, he immediately attacked.

“Nine spirit body!” Gu Taixu’s body was covered in layers of God’s phantoms as he forcefully attacked Luo xueyi.

When he was destroyed by the Shaman Spell, the God’s Phantoms in front of him flew out on their own and acted as shields.

After five consecutive sounds of destruction, the shadow of the God was destroyed six times, but there were still four that looked at him.

At this time, Gu Taixu was already very close to him.

The Wizards were good at witchcraft, but they were not good at close combat.

Luo xueyi made a prompt decision, "Soul Shift Shadow Change Spell!"

His figure floated and disappeared in an instant, causing Gu Taixu to miss. Before he could recover, a creepy spell sounded behind him again, "Soul extinguishing soundless spell!"

Boom! Boom

Powerful waves of destruction swept over like a storm.

The Phantom of a God on the surface of Gu Taixu's body was quickly destroyed.

Gu Taixu jumped in fright and hurriedly ran away.

However, the destruction of the Phantom of a God on the fourth layer was too rushed, and it was still swept by the shockwaves of the wizard power. His soul was damaged on the spot, and he screamed as he stumbled forward.

He shouted angrily, "Mother Voidwalker, what are you waiting for? Quickly Take That Thing Out!"

Mother Walker had also unknowingly circled to Luo Xueyi's side. She frowned and threw out a golden cage.

The cage grew from small to large, covering a radius of several million feet.

At the same time, a powerful suppressive force rumbled over.

Luo xueyi saw that the situation was not good and retreated. However, under the Suppressive Force, her limbs were stiff and her movements were slow.

With a loud rumble, Luo Xueyi was trapped in the golden cage.

The cage quickly shrunk to the size of a human and firmly bound Luo Xueyi's body.

Only then did the Voidwalker mother and Gu Taixu rush over. They struck Luo xueyi's abdomen with their palms and forcefully interrupted the witchcraft that she was casting.

Gu Taixu wiped the sweat off his face and revealed an angry expression. "Su Yu, any woman is so difficult to deal with! I was almost killed by him! Fortunately, the Voidwalker mother was prepared and had this golden cage as the finale!"

This item was prepared by mother Skywalker for Zhan Wushuang to prevent him from harming her.

Mother Skywalker stared at the struggling Luo xueyi and her eyes were filled with hatred, "Little B * Tch! When you destroyed my body, did you think of this day?"

Although Luo Xueyi was restrained.., her eyes were filled with contempt, "You can be proud. Brother Su will destroy you in body and soul sooner or later. Although the galaxy is big, there is no place for you to hide. Even the so-called devil world can not stop his footsteps!"

"Haha!" Gu Taixu sneered. "B * Tch, you still speak up for Su Yu even at the end of your life! Whether we will be destroyed in body and soul is unknown. But you, Humph Humph, I want you to beg for life instead of death! The deeper I hurt you,

the more painful Su Yu will be. Only when he is in pain can I vent the hatred in my heart!”

Luo Xue was displeased. “Hehe, Zhan Wushuang is right. If you want to gain the pleasure of revenge by hurting a woman, it will be hard for you to have a future in your life.”

These words undoubtedly pierced Gu Taixu’s heart, he shouted angrily, “Shut up! Who Does Zhan Wushuang think he is? I’m just not as lucky as him! Who Does Su Yu think he is? He was like an ant under my feet in the past, but he was just lucky!”

“Hehe...”Luo xueyi sneered, “Others are lucky just because they are strong, but who do you think you are? Aren’t you just relying on your natural physique? If you are stronger than you, then you are stronger than you. It doesn’t matter whether you agree or Not!”

“B * TCH, shut up!”Gu Taixu seemed to feel deeply humiliated. As he shouted angrily, he slammed his palm on Luo Xueyi’s shoulder armor, causing it to crack and shatter on the spot.

Luo xueyi grunted and revealed a pained expression. However, the gaze he used to stare at Gu Taixu was still filled with contempt that came from the depths of his bones.

This disdainful gaze caused gu taixu to be filled with hatred.

Suddenly, Gu Taixu seemed to have thought of something. He suppressed his anger and sized up Luo Xueyi’s beautiful body as well as her beautiful face, he smiled faintly and said, “The women who have taken a liking to Su Yu are all extremely beautiful. If Su Yu were to see the corpse that you have been ravaged and placed in front of him, I wonder how he would feel?”

Luo xueyi’s pupils constricted and panic flashed across her expression.

She was not afraid of death, but she was afraid of being defiled. Her appearance was displayed in front of Su Yu.

“You Dare!”Luo xueyi gritted her teeth and said.

Gu Taixu yang laughed out loud, “Hahaha, that expression of yours is what I Want!”

His face revealed a savage expression as he approached step by step. His eyes revealed greed and lust? Perverted, “Su Yu slept with my woman back then. Today, I will let him have a taste of the humiliation of having his beloved woman trampled on! !”

Roar --

With a beast-like roar, Gu Taixu pounced on her.

Luo Xueyi’s eyes were resolute. She was not afraid of death, but she was afraid of dying in front of Su Yu like this.

Even if she died, she had to die in a clean and innocent manner!

“Big Brother Su, you and I are just a dream in the mortal world after all. How good would it be if you didn’t Wake Me Up From My Dream?” Luo Xueyi’s tears fell as she slowly closed her eyes.

A surge of wizard power slowly seeped out from her chest.

It was one of the secret arts that the full moon sect master had passed down to her. It was like the soul binding curse, one of the Forbidden Secret Arts. Unless it was absolutely necessary, she couldn’t use it.

The purpose of this secret art was to commit suicide without casting any spells.

She wanted to prove her innocence with her death and never let Gu Taixu take over her!

“Big Brother Su, Goodbye,” Luo Xueyi said slowly.

The shaman power in her chest instantly erupted, wanting to break through her heart.

However, at that moment, a hand suddenly pressed against her back, and a warm power suppressed the shaman power back.

Luo xueyi was shocked. She turned her head and saw that it was not Gu Taixu, nor was it the voidwalker mother. It was Zhan Wushuang who was supposed to be far away!

“If Miss Luo dies, I will be in a difficult position.” Zhan wushuang’s expression was unusually calm. It was so calm that it gave Luo xueyi a sense of déjà vu.

That was the expression unique to Su Yu. It was the calmness before extreme killing intent appeared in his heart.

Gu Taixu, who was pouncing over, seemed as if he had seen a ghost. He screamed and staggered backwards.

Due to his abrupt actions, he fell to the ground. He gulped and said in a trembling voice, “You... didn’t you leave?”

The expression on mother Kong’s face changed drastically as she retreated quietly.

Zhan wushuang suppressed the wizard power that erupted and slowly retracted his palm. He stared at the two of them with his calm eyes, as calm as the god of Brahma. “If I don’t leave, how can I confirm if you have ulterior motives?”

It turned out that he did not trust the two of them at all.

Hence, he pretended to leave to confirm if the two of them were playing tricks. Otherwise, when the hostages were exchanged, it would be too late for the two of them to play any tricks.

Fortunately, they were easily exposed.

Gu Taixu glared at him and said, “Big... Big Brother Zhan, you misunderstood. We were just joking with her...”

Before he could finish speaking, Zhan Wushuang teleported over with his hands behind his back. With a cold gaze, he stepped on Gu Taixu’s abdomen.

Gu Taixu was greatly shocked and shouted anxiously, “Big Brother Zhan, listen to my explanation. I, I... Ah!”

With an explosive sound, Gu Taixu’s abdomen was stomped through and his divine essence was destroyed.

The cultivation that Gu Taixu had painstakingly cultivated all his life was completely gone!

“Ah! ! My cultivation!”Gu Taixu spat out blood and let out a shrill scream.

Zhan wushuang moved away expressionlessly. In the next moment, he teleported in front of the voidwalker mother and slapped her forehead.

The voidwalker mother only had her soul left. How could she Dodge Zhan Wushuang’s palm?

With a miserable scream, half of the Voidwalker Mother’s body was smashed into pieces. Her divine soul was severely injured. With such injuries, unless a mighty figure intervened, she would not be able to live for long.

He indifferently withdrew his palm, zhan wushuang said coldly, “Crippling your cultivation and destroying half of your soul is disrespectful to Miss Luo and unfaithful to hanxuan! I’m sparing your lives because of our past friendship! From now on, all our grudges will be written off!”

“If you offend me again, die!”Zhan Wushuang’s eyes were filled with a deep killing intent.

“Get lost!”

Voidwalker mother and Gu Taixu were lucky enough to survive, how could they dare to stay?

With the help of Voidwalker mother, Gu Taixu, whose cultivation was crippled, rode on a galaxy divine boat with her, drifting toward the demon world.

Zhan wushuang turned around and untied the golden cage.

Luo xueyi was injured. After coughing out a few mouthfuls of blood, she immediately recovered from her injuries.

Zhan Wushuang’s eyes were filled with regret. “Sorry, I came back late.”

Luo xueyi shook her head and said, “Don’t blame yourself. What you did was the right thing to do. Rather than leaving them to do bad things, it’s better to expose their faces as soon as possible so as to avoid hurting big brother Su.”

“Sigh, are you still thinking about Su Yu?”Looking at her heavily injured body, she was still worried about Su Yu, “Sometimes, he really makes people jealous. There are always women who are willing to sacrifice their lives for him.”

Chapter 1503 Rescuing The Hostage (Second Watch)

Luo Xueyi’s face turned red, but her eyes were rippling with endless ripples.

She had done what Su Yu’s wife had done. At least, in some aspects, she had caught up to her.

Zhan Wushuang’s evaluation made Luo xueyi feel happy in her heart, as if she had drunk honey.

“Let’s wait for a few days. I believe Su Yu is about to set off,” Zhan Wushuang said, with a trace of expectation hidden deep in his eyes.

Luo xueyi took in his expression and said hesitantly, “That junior sister of yours seems to be... very special? She is your sweetheart, right?”

Zhan Wushuang remained silent and did not reply.

God’s domain empire.

During the past two months, the various grotto-worlds of the empire had been preparing for an intense battle.

Countless grotto-worlds experts had responded to the call of God and formed an anti-demon army.

The elites among them were drawn out and incorporated into the God Domain Empire’s ten fleets.

The leaders of the fleets were Eternal Night’s first snow, Eternal Night’s endless, Bi Wanqing, the first prince, Yi Mu, and the other Stage 4 gods that he had forcefully used the illusory soul realm to recover.

The overall strength of the ten fleets was a qualitative leap compared to the past. They believed that they could resist the large-scale attacks of the demon race.

The outside world was in full swing as preparations were made. In the secret chamber, Su Yu was also in seclusion until the end.

“Soul Devouring!” Su Yu said softly. A crack appeared on his forehead. It was like a bottomless pit, emitting an endless suction force toward the soul.

The creatures of the god domain empire, especially those close to the imperial palace, silently felt a chill in their souls. It was as if their souls were being stared at by something terrifying.

The Yongye siblings and Bi Wanqing, who were busy preparing, had the clearest feeling, and their expressions changed.

Yongye wuheng said in astonishment, “What a terrifying devouring power. Even my soul has been shaken.”

Yongye Wuheng also felt somewhat uneasy. “With such a devouring power, even the souls of a second sky god wouldn’t be able to escape if their souls were separated from their bodies, right?”

Only Bi Wanqing’s purple eyes were focused in the direction of the secret chamber. She smiled faintly. “Looks like young master’s divine ability has improved.”

Just as she was speaking, Bi Wanqing’s expression suddenly changed slightly. She cried out in a low voice, “That is...”

Under her purple eyes, one could clearly see that above the secret chamber, numerous illusory images of Great Dao law chains appeared!

The number was so great that it was unbelievable!

But very quickly, the phenomenon disappeared.

At the same time, Su Yu’s aura came from inside the secret chamber.

The three of them were delighted and rushed over.

Su Yu had already walked out of the secret chamber. His expression was calm, and his entire body was indescribably peaceful. He was like an ordinary person.

But when they got closer, there was a mysterious power that made them unable to get too close.

Eternal night looked up and down and said, "You seem to have changed a lot during your seclusion this time?"

Su Yu chuckled, "Some of my divine abilities have just improved a little."

After he said that, his eyes focused, "Is everything ready?"

Everyone's expressions turned cold and they were about to set off!

Eternal night first snow said, "Everything is ready. This time, we will definitely save sister xueyi!"

When she was together with Luo xueyi, she was mostly jealous, but they were definitely not enemies.

Ever since she was captured, she was the only one left, and she felt quite lonely.

Unknowingly, the two of them had already established a subtle friendship. They were not enemies, but they were not friends.

While Su Yu was in seclusion, the preparations for the rescue operation were mostly done by her.

Su Yu said, "Bring Hanxuan out."

Eternal Night First Snow was already prepared. She sent out a communication jade pendant and someone immediately escorted Hanxuan over.

During the past two months, her injuries had fully recovered. Her face was much more rosy and her complexion was also very good. It was obvious that she had not suffered any pain.

Hanxuan stared at Su Yu and did not say a word.

Su Yu looked at her indifferently and casually untied the restraints on her body, he said, "You heard my deal with Zhan Wushuang back then! I'll give you your freedom. As long as you don't sneak attack or hurt anyone, you can do anything, including running away! As long as you have the ability to escape!"

Hanxuan pursed her lips and lowered her head. Her expression could not be seen clearly as she said, "I won't run away."

"That's for the best!" Su Yu said expressionlessly, "Let's Go!"

Eternal night first snow and Eternal Night Wuheng wanted to follow, but Su Yu refused. He said, "It's just a hostage exchange. I can do it alone. The things I've arranged need to be led by you. You Can't leave."

Only then did they give up.

Eternal night first snow said, "Please bring sister Xueyi Back!"

Su Yu nodded. "If you can't bring her back, I will bring Zhan Wushuang and the others' heads back! I'll take my leave First!"

After saying this, Su Yu grabbed Hanxuan and used the Taiji Yin-yang wings, instantly disappearing without a trace.

After Eternal Night's first snow and the others waited for Su Yu to leave, they held Su Yu's Imperial Jade Seal and issued several military orders consecutively.

Not long after, ten fleets, hundreds of battleships, and thousands of divine ships filled with experts from the god Domain Empire sailed into the galaxy under the leadership of the three of them.

"Oh my God? What are so many battleships going to do?"

"I heard that they are going to encircle and annihilate the voidwalker mother and a few survivors!"

"That should be the case. I heard that those survivors took an important hostage of ours. Emperor Yu was furious. He used all of his forces to completely annihilate them!"

"En. The voidwalker mother is a sinister, cunning, and extremely powerful god. No matter how many gods he mobilizes, it will not be an exaggeration!"

..

With a single thought, Su Yu brought Hanxuan across billions of miles of galaxies.

Only at this moment did Hanxuan finally speak. She stared at the side of Su Yu that was much more mature and said, "You've changed a lot."

Su Yu glanced at her and said indifferently, "People can change, but haven't you changed? You used to be innocent and ignorant, but what about now?"

Now, she was much more mature and was no longer the ignorant girl she used to be.

Hanxuan clenched her fists and bit her lips. Her eyes were misty. "You used to be simple and kind. Now, you're cold and heartless!"

"Hehe..." Su Yu laughed. He felt that Hanxuan was like a child and stubbornly wanted to argue.

He shook his head and didn't want to argue.

"Say something!" Hanxuan turned her head and stared at him. Her eyes were filled with resentment and unhappiness that had been suppressed for a long time.

Su Yu said plainly, "Say what? Do We still have things to say to each other?"

Hanxuan's palm tightened, and her lips bit deeper. She touched her chest, the fog in her eyes deepened. "You... Don't you want to explain how you felt when you kicked me in the chest that day? I didn't want to hurt you, but you... But why can you be so heartless to hurt me?"

In the past two months, she had been brooding over this matter.

If it had been anyone else who had hurt her, she would have felt that it was logical.

However, with Su Yu's kick, she felt as if the thing that she had been holding onto in her heart had been broken.

Su Yu said indifferently, "Are you trying to say that I still owe you, so even if you become my enemy, I have to show you mercy?"

"No!" Unexpectedly, Hanxuan shook her head. The Fog in her eyes was about to condense into water. She said, "You don't owe me anything, and I've never felt that you owe me anything."

"Oh? Then what makes you think that I shouldn't hurt you?" Su Yu chuckled with a faint sneer.

Hanxuan opened her eyes and stared at Su Yu. The Mist in her eyes finally gathered into tears and swirled around her eyes. "Do you think that the years we spent in the Crimson Blood Palace aren't worth mentioning?"

Hearing this, Su Yu was stunned. He vaguely remembered that he was being chased by the five Golden Light Guards.

He was carrying the myriad form heavenly tribulation and fell into the frozen river.

He was in the river, and she was on the riverbank. She used a pair of crystal clear eyes to size him up curiously.

After that, he cheated and lied, concealing that he was the real murderer she was looking for.

During this period, he even gave her a name. Because she was dressed in purple, he named her Zi Xuan.

"I remember." A nostalgic smile appeared on the corner of Su Yu's mouth.

At that time, both of them were teenagers..

"Just remember?" There was an indescribable disappointment in Hanxuan's eyes. Tears rolled down her cheeks as she said, "No wonder you were so cruel to kick me. In your eyes, that period of time was just a memory."

Su Yu was stunned. If she didn't remember, did she have to remember it in her heart?

Looking at Su Yu's shocked expression, Hanxuan wiped her tears, she laughed self-deprecatingly. "To you, it might just be a memory fragment of your life that you can forget at any time. But to me, it's a brand of life that I can't erase. I really regret meeting you..."

Without waiting for Su Yu to ask, she said angrily, "Go, trade me for that girl!"

After saying that, she shut her mouth and closed her eyes. She didn't say anything else.

It was Su Yu's first time facing an unfamiliar world.

He was the one who had taught her a lot. He was the one who had opened the door to a new world for her. He was the one who had brought her a lot of happiness. He was also the one who had given her a second name in her life.

To her, Su Yu was an unforgettable memory in her life. She could not erase it.

Even after ten years, she still had that memory deep in her heart. That friendship that she had carefully preserved.

However, Su Yu's kick made her feel both unfamiliar and painful.

It turned out that she and Su Yu had never been in sync with that memory.

Su Yu had been through this before. From his words, he knew that he had left a deep impression in Hanxuan's life.

It had nothing to do with love, only a vague attachment.

His expression softened slightly, but he said, "Kicking you is a punishment that you deserve. You Can't distinguish right from wrong. I'll give you a warning kick. I didn't do anything wrong. If you don't accept it, just do it. I Won't apologize."

Hanxuan, who already felt wronged, clenched her fists when she heard this. She opened her eyes and glared at Su Yu. "I hate you!"

"It doesn't matter." Su Yu shrugged and didn't care at all.

Hanxuan was so angry that she gritted her teeth. She wanted to fight Su Yu on the spot.

But she knew that she wouldn't be able to last more than a few moves in Su Yu's hands. She could only say hatefully, "I really regret letting you off so easily back then! HMPH!"

Back then, as a wanxiang, she was able to torture Su Yu to the point of begging for mercy with a single finger.

Now, it was the complete opposite.

Su Yu chuckled, "Then use this as your goal and work hard in your cultivation. If you can beat me, I'll allow you to beat me."

Han Xuan was angered and gritted her silver teeth, "What are you so proud of? Thirty years to the east, thirty years to the west. In another ten years, who knows who will be stronger!"

"It's best if you have confidence."

Han Xuan huffed and said, "Just you wait! Remember what you said today. Sooner or later, I will beat you up and return the grudge of that kick. I will even make you apologize for that kick! !"

"Okay, I will wait for that day!" Su Yu smiled faintly.

Han Xuan clenched her fists, and her eyes shone brightly again, as if she had found her purpose in life.

In the past two days, Su Yu had continuously used the Taiji yin-yang wings, crossing countless galaxies, and was about to arrive at the divine relic land.

At this moment, Zhan Wushuang was also anxiously waiting.

On this day, Zhan Wushuang suddenly opened his eyes and cast his gaze into the distance.

Luo xueyi also seemed to sense something and asked, "Is it big brother Su and the others?"

Zhan wushuang thought for a moment and said, "It doesn't seem like it. There are more people, and... There is a trace of the Devil Race's Aura!"

Chapter 1504 Undying Demon Emperor (Third Watch)

Boom Boom Boom --

Dense black clouds rolled over from the horizon as demonic qi surged, within the demonic qi, pairs of blood-red eyes appeared and disappeared, exuding an extremely brutal aura.

Looking closely, one could still see two familiar figures.

Ancient Taixu, Mother Voidwalker!

"Demon Saint Demon Hall?" Zhan wushuang's expression changed slightly. "In just a few days, how did the two of them contact the demon world and send troops here so quickly?"

Logically speaking, even if the Saint Demon Hall sent troops, it would take two months to arrive. It was impossible for them to arrive in two days.

Why would the Saint Demon Hall suddenly appear here?

Suddenly, Zhan Wushuang discovered that there were two captured demons in that ball of Devil Qi.

"Eh? Internal strife among the demons? Could it be that these Saint Demon Hall's demon gods are here to capture them and are on their way here?" Zhan wushuang analyzed, if that was the case, then it would make sense. "However, is there anything special about those two demons? Do you have to trouble the more than 30 gods of the Sacred Demon Hall to personally take action?"

Luo Xueyi did not know how powerful the Sacred Demon Hall was. She said, "If the two of us join forces, how confident are we in dealing with them?"

Zhan wushuang said, "If it's just me, they can't do anything to me. However, if I bring you along... forget it, you should leave first. I believe that Su Yu is on his way here. If you meet him, ask him to bring my junior sister back. I will return to the God Domain Empire to retrieve her."

Luo xueyi said, "Aren't you afraid that Su Yu won't return your junior sister?"

Zhan wushuang said, "It's better than you getting hurt here. If I can't take care of you for a moment, my junior sister will be in danger."

Having said that, Luo xueyi said, "Alright, don't worry. If I return, I believe that big brother Su will not make things difficult for your junior sister. Goodbye!"

After saying that, Luo xueyi withdrew and flew rapidly towards the direction of the God Domain Empire.

However, just as he took a few steps forward, that massive ball of demonic qi suddenly churned. Nine extremely fierce roars shook and shattered a nebula.

Zhan Wushuang's sharp light condensed. "What is that?"

However, he only saw the demonic qi being blasted away with a xiu sound. Nine extremely fast and formless things rushed out from within.

Those were nine extremely savage beast heads. Their eyes were bloodshot and filled with a bloodthirsty will.

After Zhan Wushuang saw them clearly, his expression instantly became solemn. "Chaos Beasts! !"

It was rumored that there was an extremely terrifying creature in the demon world. It was called a Chaos Beast and was born from the chaos demonic qi.

No matter which generation it was, there were only eighteen of them.

In this generation, nine of them were personally groomed by the demon emperor and were extremely ferocious. The other nine were naturally crippled and were banished to the galaxy.

Now, nine of them were personally groomed by the Demon Emperor!

Any one of them had the terrifying power of devouring a third sky god. A total of nine of them could compete with a second sky god.

Zhan Wushuang's face sank as he said, "This is going to be troublesome. Miss Luo, quickly run. I might not be able to take care of you anymore!"

As he spoke, nine Chaos Beasts roared over.

"Peerless Tyrant Fist!" Zhan Wushuang did not dare to be careless and used his powerful divine ability.

However, that Primal Chaos Beast was immune to divine ability attacks. It directly bit Zhan Wushuang's body and tore off pieces of flesh.

Zhan Wushuang did not even frown as he shouted, "Sovereign king's River and mountain clothes!"

A layer of long robe that was formed from thousands of miles of rivers and mountains was draped over his body. When the primal chaos beasts bit him again, the long robe was cut off. They could not do anything and could only bite the sovereign king's River and mountain clothes first.

Zhan wushuang took this opportunity to summon the divine throne of Heaven and earth.

A golden divine throne phantom descended and was filled with a powerful suppressive force.

The nine chaos beasts were not immune to it and were suppressed on the spot. Their movements were slow.

However, he could not withdraw and retreat. If he retreated, the nine Chaos Beasts would regain their freedom and it would be even more dangerous.

Amidst the rolling demonic qi, mother Skywalker said to a God at the third sky, "General Devil Eye, that woman is what I said. She is the woman of the Emperor of the Celestial Domain Empire. capture her and the enemy will be afraid of taking Action!"

The Sacred Devil Hall's general was divided into three levels.

A general was an existence second only to a commander. He had a cultivation base at the third sky.

Devil Eye General was one of them. He was born with a third eye and was filled with mysterious and unfathomable power.

He stared at the rapidly escaping Luo xueyi and sneered, "Chase! If you want her alive, don't let me eat her!"

Roar Roar Roar --

Under the demonic aura, thirty demonic gods from the sacred demon hall pounced on them.

They were irrational and their bodies were even more agile than ordinary demonic gods. After half a cup of tea, they caught up with Luo xueyi and pounced on him.

Luo Xueyi was not afraid at all. He methodically used all kinds of sorcery to annihilate these demonic gods.

However, what surprised Luo Xueyi was that these demonic gods did not seem to have souls, or rather, their souls were damaged. They could not feel it at all. Many sorcery spells that involved souls actually did not work.

In addition, Luo Xueyi was already injured, and he was gradually unable to hold on, but he still gritted his teeth and persevered.

This stalemate lasted for several hours. Seven or eight demon gods had died, and Luo Xueyi was covered in blood, but he still fought stubbornly.

"A bunch of trash!" At this moment, he heard a thunderous roar, and the demon eye general made his move.

He suddenly appeared behind Luo Xueyi and gave him a vicious palm strike.

As a demon god who specialized in the physical body, the power of this palm strike was unparalleled.

Luo xueyi was sent flying by the palm strike. Her back was badly mutilated and filled with cracks. Even though her wizard power was recovering rapidly, she was already in a disadvantageous position!

Following that, a huge palm grabbed Luo xueyi's head from behind. Endless demonic qi poured into her body and sealed her wizard power.

Shua --

The demon eye leaped and returned to the surging demonic qi. It coldly threw Luo xueyi down.

Immediately, a Demon God grabbed her and kneeled on the ground along with the other two captured demons.

Walking Mother Kong could not help but sneer. "Little B * Tch, can you escape? Didn't you fall into our hands?"

Gu Taixu was even more resentful. He pounced on her and said viciously, "B * tch, you caused my cultivation to be crippled. If I don't play you to death, my life in this world will be in vain!"

Bang --

But before he could pounce on her, he was sent flying by an iron fist.

The one who attacked was none other than general devil eye.

Gu Taixu asked in a daze, "General, what are you doing?"

Devil eye said coldly, "I want to ask you, what do you want to Do?"

Gu Taixu pointed at her and said, "According to the agreement, if I capture her, won't I be able to do whatever I want with her? As long as I don't kill her, I can do whatever I Want!"

The demon eye sneered, "Agreement? What Agreement? Who Can Testify?"

Hearing this, Gu Taixu was secretly angry, but he suppressed his anger and said, "Yes, I was muddle-headed."

Beside him, the Voidwalker mother also restrained her strange expression and obediently stood by the side.

It turned out that on their way to the demon world, they encountered a large army that was encircling the fleeing demon race. They told them that the woman of the current emperor of the Divine Domain Empire was here.

Both parties agreed that the Voidwalker mother and Gu Taixu would lead the way. After capturing that woman, the two of them would deal with her first before handing her over to the demon race.

They originally thought that they would still be able to take revenge on Su Yu, but who knew that the demon race did not care about honesty at all.

The demon eye said indifferently, "It's good that you know you are muddle-headed! Why Don't you take a look at what the two of you are? One of you is a trash with no cultivation, while the other is only left with half of his soul. What qualifications do you have to negotiate with me?"

"Yes, yes, general demonic eye is right."Gu Taixu suppressed the humiliation in his heart and said humbly.

Demonic Eye snorted coldly and turned to look at Zhan Wushuang, his eyes revealed a strange expression. "There is actually such a genius expert in our galaxy divine realm. He is able to fight nine Chaos Beasts alone and is not at a disadvantage. His battle strength is only below that of the six paths demonic gods in our demon world!"

After pondering for a moment, the demon eyes revealed some fear. "Let's leave first. When the Chaos Beasts'time is up, they will be teleported back to the Demon World!"

After saying that, the rolling demon clouds quickly retreated.

Zhan wushuang, who was watching this scene, had killing intent in his heart, but he was helpless.

He secretly regretted that he had to be merciful and let go of the Voidwalker mother and Gu Taixu.

They did not want to repent. They were in such a dire state and still wanted to do evil!

However, being trapped by the nine Chaos Beasts, he could not leave at all.

The Demonic Eye led the many demonic gods and quickly disappeared billions of miles away, heading straight for the demonic world.

When they were walking towards a meteorite, they saw a kind-looking monk sitting cross-legged on it. He had his palms together and was reciting the Buddhist scriptures silently. His entire body was emitting Buddhist light.

Sensing the demonic eye army, he opened his eyes slightly and gave a Buddhist salute. "Good, very good. I have been waiting for you for a long time."

The demonic eye glanced at the monk and said indifferently, "A Buddhist? You really don't know what's good for you. You Dare to block the path of the demons."

The monk smiled kindly and said, "Good, good. I hope that you can do good and let that female benefactor go. This penniless monk has some fate with her. I hope that you can give this penniless monk some face."

The demonic eye sneered and gave a demonic god emissary beside him a look. "Eat him!"

Roar --

The demonic god pounced down excitedly and opened his bloody mouth to bite the monk.

The monk still pressed his palms together and did not resist. When the demonic god was thirty feet away, the demonic god's body suddenly burned and black flames rose.

No matter how the Demonic God struggled, the flames showed no signs of extinguishing until they were completely burned to ashes.

The sudden scene shocked the demonic gods, and they instinctively felt fear.

That monk burned a demonic god to death without even batting an eyelid?

They were shocked by the terrifying black flame, but at this moment, general devil eye seemed to have recalled something. His entire body trembled as he said in a trembling voice, "No... undying demonic flame! You... You Are..."

The monk slowly put down his palms and placed his hands behind his back. His temperament suddenly changed, and the warm smile on his face appeared in the eyes of the demonic eye, the smile was like that of the Grim Reaper. "Oh? There are still people in the demon world who recognize the immortal demon flame. It seems that... you haven't forgotten me!"

The demon eye trembled, and cold sweat dripped down his forehead. With a plop, he knelt on the ground and kowtowed. "Your subordinate, the demon eye, pays his respects to the Immortal Demon Emperor!"

Immortal Demon Emperor? Gu Taixu, mother Kong Xing, and Luo xueyi sucked in a breath of cold air.

This... This Old Monk was the Undying Demon Emperor?

Shouldn't the demon Emperor Be in the Demon World?

The monk had a kind smile on his face. "You are not my subordinate, and I have another identity... the god of Death!"

"What?" Mother spacesuit and Gu Taixu were shocked.

In the galaxy, the second strongest expert after the demon emperor, the god of Death?

Who in the galaxy didn't know of his name?

"Yes, yes, greetings, Lord God of Death!" Demon Eye's legs were trembling.

"Please forgive us, Lord God of death, for not recognizing Mount Tai! We did not mean to offend you!"

The god of death placed his hands behind his back and said calmly, "This penniless monk did not want to start a massacre. We only needed to ask for help. However, since you have recognized me, we will not allow you to return."

Chapter 1505 A Message From The Demon World

"Ah! Please show mercy, Demon Emperor!" Demon Eye's soul was about to leave his body. He screamed and fled through the air.

The god of death smiled mercifully and put his palms together. "Amitabha!"

As he spoke, all the demon gods were ignited by the demon flames and turned into ashes in an instant.

Demon Eye, who had fled to the horizon, was also unable to escape. His body and soul were destroyed.

The many demon gods were actually unable to resist at all and were reduced to ashes with a single thought from the Immortal Demon Emperor!

Only the Voidwalker mother, Gu Taixu, Luo xueyi, and the two captured demons that had fallen unconscious were left.

Looking at the river of ashes floating in the air, they shuddered and did not even dare to breathe loudly.

The god of death turned around and looked at them with a calm smile on his face. He ignored the others and his gaze landed on Luo xueyi. He said, "Female benefactor, you have some fate with this penniless monk. Follow this penniless monk."

Luo xueyi wanted to refuse, but under the gaze of the god of death, it was as if his body was being strangled. He could not speak or move, and his body could not help but float away with him.

How could mother Voidwalker and ancient Taixu dare to stop him? That was the infamous God of death in the galaxy?

Furthermore, his reputation was not as good as meeting him. His strength had completely surpassed the rumors!

“Why would the god of death be interested in that little slut?” Mother Voidwalker was puzzled!

Gu Taixu was also deeply unwilling. It was not easy for him to abduct her, but in the end, an immortal demon Emperor from the past appeared out of nowhere!

Lowering his head to look at the two unconscious captured demons, Gu Taixu said, “How should we deal with them? The demon eye personally came to capture them, which shows that they are definitely not ordinary demons. If we bring them back and hand them over to the demon world, does that count as a pledge of Allegiance?”

Voidwalker mother followed his gaze and stared at the two demons on the ground. One was a middle-aged man, and the other was a young woman. Their faces were somewhat similar, so they should be a father and daughter.

After pondering for a moment, voidwalker mother said, “This pledge of allegiance might not bring about a good ending!”

“Why?” Gu Taixu's gaze shifted as he asked.

Voidwalker mother stared at the scattering ashes in the galaxy and said, “Isn't it simple? Do you think that the two of us personally witnessed the demon eye being killed by the immortal demon emperor, but we are safe and sound? How will the Demon World View Us?”

Hearing that, Gu Taixu frowned, “I'm afraid they will doubt our loyalty, right? In the worst case, they will blame us for the death of the Demon Eye!”

Nodding slightly, walking mother said, “So, it's best to pretend that we have never seen the demon eye, let alone the two of them. With our current strength, it's not suitable for us to get involved.”

Gu Taixu agreed, “Indeed, we shouldn't stay here for long. Let's leave quickly.”

The two of them left the unconscious demons and escaped quietly.

Half a day later.

Su Yu finally arrived at the divine relic land. Tens of millions of miles away, Su Yu stopped abruptly and frowned, “Why is there the aura of a Chaos Beast?”

After pondering for a moment, Su Yu said, “I'm afraid something has happened!”

Shua --

After leaving Hanxuan behind, Su Yu teleported to the vicinity of the aura of a Chaos Beast.

From afar, he could see nine primal chaos beasts surrounding Zhan Wushuang. Zhan Wushuang could only struggle bitterly, unable to break free.

Scanning his surroundings, he could not find any traces of Luo Xueyi. There was still a trace of the aura of the demon race in the vicinity.

“The demon race has been here?” Su Yu's heart sank. His bad premonition had come true.

Staring at the nine primal Chaos Beasts, Su Yu's cold light flashed and he dived down.

His appearance immediately attracted the attention of the Chaos Beasts. Two of the chaos beasts that were roaming in the outside world immediately roared and turned their heads to bite Su Yu.

Su Yu snorted coldly and a pitch-black divine dragon appeared in his palm.

“Law of Death!” Su Yu growled and pressed his palm down across space.

Instantly, several clear images of law chains appeared around Su Yu’s palm.

A pitch-black palm print pierced through the void and landed on the body of a Primal Chaos Beast.

The Primal Chaos Beast was originally an invisible object and couldn’t be harmed by external forces.

However, when the pitch-black palm print landed on its body, it sent the primal Chaos Beast flying. At the same time, its vitality rapidly declined.

Its entire color rapidly dimmed and finally turned into a deathly gray color. Its vitality was extinguished.

The Primal Chaos Beast that couldn’t be killed was easily killed!

The other beast didn’t fear death and continued to bite.

A cold light flashed in Su Yu’s eyes. Purple and wine-red divine light shot out from both of his eyes and formed a mixed light pillar.

Around the light pillar, there were many revolving law chains.

“Space-time reversal law!”

The Beast sensed the danger and turned into an afterimage to dodge. But no matter what, the distance between it and the light pillar didn’t increase at all. It was as if it was locked by the Law of space. No matter how it moved, it couldn’t Dodge.

In the end, it was hit by the light pillar, wrapped up, and swallowed.

When the light pillar dissipated, the chaos beast disappeared without a trace. Including its aura, it was completely wiped out from the world.

Zhan Wushuang’s eyes revealed traces of shock. He had fought for so long, but he was still unable to kill a single chaos beast.

The moment Su Yu arrived, he easily killed two of them!

It had only been two months, yet his strength had increased so much? What kind of great opportunity did he encounter?

After killing two primal Chaos Beasts, the other primal Chaos Beasts revealed some fear. After a moment of stalemate with Zhan wushuang, they broke free from the suppression of the Phantom of the divine seat of Heaven and earth and escaped into the sky.

A huge array formation appeared there and sucked them in, teleporting them back to the Devil World.

After being freed, Zhan Wushuang retracted the Phantom and took a deep breath.

“What happened? Where’s Xue Yi?”

With a swoosh, Su Yu flew in front of him and stared at him.

Hearing this, Zhan Wushuang’s face was filled with shame. “I’m sorry, I couldn’t keep my promise. She was taken away by the demon race!”

“Demon Race? Explain everything clearly.” Su Yu’s heart sank. He knew what would happen if a galaxy creature fell into the hands of the demon world.

After listening to Zhan Wushuang’s story patiently, Su Yu’s killing intent grew. “The void mother, ancient Taixu! It’s easy to change the nature of a country, but it’s hard to change the nature of a country. After falling into such a state, you still want to do Evil!”

Zhan Wushuang’s eyes revealed regret. “It’s because I have the benevolence of a woman in my heart. Otherwise, why would there be so many twists and turns and attract the demon race?”

“Wait for me for a few more months. I’ll charge into the demon world and snatch Miss Luo Back!” Zhan Wushuang clenched his fists. “I, Zhan Wushuang, will never go back on my words!”

“No need.” Su Yu said indifferently. His gaze was locked on the distance, not looking at him. “There’s no need for you! I’ll go save her myself!”

Hearing Su Yu’s coldness, Zhan Wushuang clenched his fists. His heart was suffering.

As a natural born king, he never owed anyone a promise.

But now, he couldn’t keep his promise to protect Luo xueyi and let her be taken away by the demon race.

After he finished speaking, Su Yu turned into an afterimage and headed straight in the direction where the demon eye had left.

He had just left when Hanxuan hurriedly chased after him. When she saw Zhan wushuang, she was pleasantly surprised. She turned around and looked around, but she did not see Su Yu. She asked curiously, “Where is he? He took Luo xueyi away so quickly?”

She was a little displeased. What was this?

Zhan wushuang saw that she had come and was shocked. “Su Yu did not continue to kidnap you?”

Hanxuan blinked. “Continue... you didn’t give Luo Xueyi to him?”

A bitter smile appeared on Zhan Wushuang’s lips as he shook his head deeply.

After learning the ins and outs of the matter, Hanxuan was stunned and said anxiously, “So he’s charging into the Devil realm alone?”

Zhan wushuang said, “I’m afraid so!”

Zhan wushuang looked at hanxuan with gratification and said, “Hanxuan, find a safe place to hide. I’ll go after him. The Devil realm is dangerous. He can’t break in alone!”

“You’re going too?” Hanxuan said in surprise.

Zhan wushuang said, “Yes, I don’t owe anyone a promise. I didn’t protect Luo xueyi well, but he didn’t hurt you. It’s my duty to help him save Luo xueyi!”

“I’m going too!” Hanxuan said, “If anything happens to Luo xueyi, it’ll be hard for me to face Su Yu.”

“Okay, but don’t leave me too far.”

Su Yu’s eyes flashed coldly as he flew away.

When he passed by a meteorite filled with ashes, he frowned slightly and stopped, “With so many demon god Ashes, did a battle happen?”

While he was confused, he acutely sensed two familiar aura fluctuations.

With a sweep of his gaze, he immediately discovered the two demon race members floating in the galaxy.

If not for the battle here, which scared away the nearby desolate beasts, they would have long become food for the desolate beasts in their unconscious state.

“Qianjun, Sha'er?” Su Yu was slightly surprised as he pulled the two of them up.

After checking, he found that their five senses had been sealed, so they fell into a deep sleep.

“Wake up!” Su Yu opened his mouth and spat out a piece of divine power, waking up their five senses.

Qianjun slowly opened his eyes. When he sensed that there was an outsider close to him, he subconsciously hit the other party’s chest.

Unexpectedly, not only did this strike not cause any damage, but the rebound force shook her palm until it hurt.

“Who is it?” Qianjun shouted in a low voice. Her gaze quickly swept over the other party’s face.

However, as if she had discovered something, her body stiffened and her eyes swept back.

When she fixed her gaze on that face, the familiar face was clearly visible.

Qianjun cried out in disbelief, “Lord Demon King? You... am I hallucinating? Or did the demon race cast some kind of secret technique on me?”

At this moment, Sha'er also slowly woke up. Looking at the silver-haired handsome face in front of her and the Imperial Crown, she was also at a loss. She said in a daze, “We... weren’t we captured? What we are seeing now is an illusion?”

The father and daughter looked at each other in a daze.

“I sent a message for you to come and see me. Why are you sleeping here? Did Something Happen?” Su Yu said indifferently.

Hearing this, Qianjun and his daughter were shocked. They hurriedly got up and bowed in surprise. “Greetings, Demon King. It’s really you!”

Su Yu sent Qianjun a message. Only they knew about this matter. There was no way the demon race could confuse them.

“Answer my question.” Su Yu clapped each of their shoulders. Powerful divine power drove away their weakness and exhaustion.

Feeling the thick warmth., qianjun said gratefully, “Thank you, Lord!” “After we received Lord’s message, we immediately tried our best to get out of the Devil World. We were prepared to pass the information we had gathered over the years to Lord, but who knew that after we left, the base camp of the Devil World was uprooted by Princess Yunxia. The news of our escape was also exposed.”

“After that, it was the sacred Devil Hall’s pursuit. We tried our best to escape, but unfortunately, we were only at the quasi-god realm. In the end, we were caught up by the Sacred Devil Hall’s Devil Gods. They sealed our five senses, and when we woke up again, we saw Lord. Could it be that Lord saved us?”

Su Yu sighed silently. In this case, they didn’t know what had happened here. Whether Luo Xueyi was brought back to the demon world by the remaining demon race or was taken away by the other side of the battle was completely unknown.

But no matter what, Luo Xueyi didn’t die here.

Slightly relieved, Su Yu said, “You’ve worked hard. From now on, you’ll follow me. There’s no need to return to the demon world.”

Upon hearing this, Qianjun’s expression turned solemn, he said, “I’m afraid we won’t be able to return either! “Sir, other than bringing back all the information about the devil world that we’ve gathered over the past eight years, when we snuck out of the Devil World, we also obtained a shocking secret from a higher-up of the Devil World! “It’s precisely because of this secret that we attracted a top-tier devil God like the Devil Eye to personally lead a team to hunt us down!”

“Oh? Shocking Secret? Speak.” Su Yu said.

Chapter 1506 Conquering The Demon World

Qian Jun said, “The sea of bitterness giant... has landed!”

The sea of bitterness giant... Su Yu took a light breath. It was the most fatal threat in the galaxy!

An eternal demon emperor who wanted to devour all the living beings in the galaxy as a price to break through to the Overlord realm of the galaxy.

However, Su Yu frowned slightly. “The sea of bitterness giant landing on the shore doesn’t seem to be a secret, right? Why would it attract the demon eye of one of the ten great demon gods of the Sacred Demon Hall to kill him personally? Could it be that there’s something special about this landing?”

Qian Jun nodded deeply. “Sir is wise!” That’s right, the sea of bitterness giant’s disembarkation this time was completely different from before! As soon as he disembarked, he devoured the entire

tranquil rain world. All the living beings of the seven great demonic domains in the world were not spared and all of them became the sea of bitterness giant's food."

Su Yu's pupils constricted deeply!

It had begun!

Devouring the living beings of the galaxy, it started from the ordinary living beings of the demonic realm!

Qian Jun said, "This caused a great panic. After the creatures of the other six realms heard the news, they fled in fear, wanting to escape from the devil realm. However, the sacred demon hall personally guarded the only gap. Anyone who gets close will be killed without mercy! "Fortunately, we left earlier. Otherwise, we wouldn't have been able to leave the Devil Realm."

Su Yu said thoughtfully, "The sacred demon hall... can stop all the creatures of the Devil Realm?"

Qian Jun said, "Sir, you will know when you look at this information."

As he spoke, he took out an interspatial ring.

Su Yu scanned through it and found that it was neatly arranged. There were jade slips that were stacked on top of half of the cave abode world, recording all kinds of information.

"The 130 million, 403 rows, the 40 million books from left to right, record the information of the Devil World's devil gods," Qian Jun said as he held a book in his hand.

Su Yu nodded and stood still on the spot. His soul entered the book and scanned through the documents.

An hour had passed, and Su Yu was still in the middle of Scouting.

Sha'er whispered, "Father, why hasn't Sir finished reading it?"

Qian Jun made a silent gesture and secretly transmitted his voice, "The content recorded in a book is equivalent to an ordinary person's reading time of two hours. It's still early. Wait patiently, don't speak anymore."

At this moment, Su Yu blinked and recovered from the investigation. She said, "In that case, in the eight years after I left, all the itinerant cultivators and demonic gods in the demonic world disappeared one after another?"

Sha'er blinked and secretly transmitted her voice, "Didn't you say that it would take two hours?"

Qian Jun glared at her and said, "Sir is very talented. What's there to be surprised about reading it an hour earlier?"

Qian Jun was about to answer when Su Yu continued, "Moreover, combined with the fact that these descendants of the demon God disappeared one after another, they don't seem to be in seclusion. They should have been taken away by some powerful force without anyone knowing."

"Eh?" Qian Jun was stunned. The information about the missing descendants of the Demon God was divided into eighty strategies books. Could Su Yu have also read it?

“That’s right.” Although he was shocked, he was still puzzled, Qian Jun said, “Their disappearance caused a lot of panic in the Devil World. No one knew where they went. It was not until this time when a large number of devil world creatures attacked the exit that they finally appeared... They all joined the Sacred Devil Hall!”

Su Yu’s eyes shone brightly. Actually, to be precise, it was just a mutation caused by Princess Yunxia’s power of Asura.

Just like the red-eyed mutated creatures in the asura world, they lost their rationality, became agitated, and their strength increased. At the same time, they were very obedient.

“Princess Yunxia... who exactly are you?” Su Yu thought to himself.

Qian Jun said, “It is precisely because of their participation that the number of gods in the sacred demon hall has increased explosively, from the initial 200 to more than 300 devil gods! “Not only that, the devil gods of the sacred demon hall seem to have continued to strengthen in batches, becoming more powerful than before. They have some strange abilities, making it impossible to guard against them!”

“The demonic eyes that came to capture us are the ones that have yet to get stronger. Even so, they are still unbelievably powerful,” Qian Jun said with a lingering fear.

With the increase in strength and the addition of special abilities, Su Yu was sure that it was definitely a mutation caused by the power of Asura!

“Other than that, there is more important news. The demonic world has been preparing for war for the past eight years. Recently, they have mobilized armies from all over the world and are preparing to launch an operation called Nirvana against all the living beings in the galaxy. The momentum is so great that it has never been seen before in the history of the demonic world. This operation is extremely fierce and the living beings in the galaxy are in Great Danger!” Qian Jun said solemnly.

He had thought that Su Yu would be very nervous when he heard this, but who knew that he would be so calm.

“Sir, the Devil World has the intention to destroy the galaxy. Please make your plans as soon as possible!” Qian Jun could not help but be anxious.

Su Yu said calmly, “It just so happens that I also have the intention to destroy the Devil World. We have the same intention!”

Ah? Qian Jun and Sha'er were dumbfounded. They almost thought that they had heard wrong. Destroy the Devil World? Is the Demon World destroying you?

Has Sir Gone Mad? The father and daughter pair looked at each other and asked the same question.

Rumble --

Suddenly, the world rumbled. It was as if thousands of Thunderbolts interweaved and resonated. It was deafening and deafening.

However, they saw a huge snow-white disc that blotted out the sky. It flashed like white light from the horizon and floated above their heads.

Looking at the endless giant object, the father and daughter pair sucked in a breath of cold air.

“This... What is this thing? is the entire God’s domain empire descending? But, but how can it be so fast?”

Xiu Xiu Xiu --

While they were dumbstruck, massive battleships flew down from the circular plate. They were the most advanced massive galactic battleships of the God’s domain empire.

There were over a hundred divine ships surrounding each battleship.

Meanwhile, the battleships were densely packed with the auras of experts. There were even many existences that were so powerful that they made their hearts tremble.

Shua --

Eternal Night First Snow, Eternal Night Wu Heng, Bi Wan Qing, and the first prince descended.

Four powerful figures at the third sky directly intimidated them into prostrating on the ground.

Eternal night first snow frowned. “Two little demons? Big Brother Su, where did they capture these little soldiers?”

Qian Jun and his daughter trembled once again. Such existences called Su Yu Big Brother?

Wait a minute, why was the first prince here as well? That gaze of his even seemed to faintly refer to Su Yu as the leader!

Su Yu said, “He’s one of mine!”

“Oh,” eternal night first snow said casually as she surveyed her surroundings with her beautiful eyes. “Where’s sister Xue Yi?”

Su Yu was silent for a moment. “She was captured by the demons.”

Upon hearing this, god of Commerce Bao Tong asked in shock, “How did the demons appear?”

Su Yu recounted everything that had happened, making the gods furious.

The holy god said bitterly, “In that case, we came here for Nothing?”

Su Yu said, “It’s not for nothing. Qianjun, tell them about the current situation of the demon world.”

At first, they were quite happy when they learned that the sea of bitterness giant had devoured the living beings of the demon world. However, when they learned that the demon world was preparing its troops and pointing their swords at the living beings of the galaxy, their expressions changed drastically.

Bao Tong god of Commerce’s face turned slightly pale, and his breathing quickened. He clenched his fists and said, “This Day has finally come! I’ve been waiting for this day for a long time!”

Sacred God said, "Please give the order, Emperor Yu. We will immediately return and strengthen our defenses. We will fight the demon race to the end and never compromise!"

The gods' expressions were firm.

"Emperor Yu, please give the order. We will never bow to the demon race. If they want to kill us, they must pay the price!"

"That's right! No matter if we surrender or not, we will not be able to escape death. Then, what are we hesitating for? Of course, we will resist to the end!"

..

When they heard that the demon world had sent troops, not only were they not afraid, but they were even more courageous.

They had lived in fear for a long time, but now, they were filled with an unprecedented killing intent.

However, Su Yu was silent. He looked at them and after a long time, he said slowly, "I will not allow you to resist!"

Huh? The gods, who were filled with righteous indignation, felt as though a bucket of cold water had been poured on them. All of them widened their eyes and stared at Su Yu in disbelief. It was as though they were doubting whether what Su Yu had just said was true.

Even the demon race had come to kill them, yet they were not allowed to resist?

Could it be that they were supposed to surrender to the demon race?

Confusion, confusion, and shock surfaced in everyone's hearts.

It was not until Su Yu slowly said, "Do you really think that this emperor has dispatched all the experts of the god Domain Empire just to rescue a hostage?"

Hearing this, many gods secretly flashed with light.

Those with slightly sharp minds all had questions. Was it really necessary to mobilize so many people just to save a hostage?

Moreover, they all went out, but the god domain empire did not have any experts guarding it. Was Emperor Yu not afraid that something might go wrong?

Could it be that he wanted to..

Some wise people understood Su Yu's intentions. Their eyes revealed a look of shock. They almost could not believe their own guess.

"I won't allow you to resist. You can only... Attack! Attack the Devil World, exterminate the Saint Devil Hall, and kill the Sea of bitterness giant. Once and for all, eliminate the disaster!" Su Yu's powerful voice shook the world.

His words rushed into everyone's heart and shook their hearts.

Someone couldn't help but say, "But... But we aren't a match for the Devil World."

Su Yu's gaze was sharp and deep as he asked, "Since we are not a match for them, do you think we will be able to survive if we resist?"

"This..."the person who asked couldn't help but be stunned.

That's right, they were both going to die. Why didn't they choose to gamble everything and take the initiative to attack?

After being intimidated by the devil race for a long time, they almost forgot that they still had the choice to attack. subconsciously, they only wanted to resist!

"The best defense is to attack! If you have the heart to die, why do you wait for the enemy to come and kill you instead of charging into the enemy and dying?"Su Yu said firmly, the majestic voice woke everyone up from their dreams.

Many people's eyes became brighter and brighter.

"Kill, kill into the Demon World!"Bao Tong god of commerce could not suppress his excitement.

He had never dreamed of killing his way into the demon world. Su Yu's words had awakened him.

The current situation was different from the past. The strength of the Celestial Domain Empire was no longer what it was in the past. Why should they fear the demon race?

It was the demon race. They should fear them!

It was like a stone falling into a calm lake, creating thousands of ripples.

"Kill our way into the demon world! Slaughter the Sacred Demon Hall!"

"We swear to follow Emperor Yu to the death!"

"Long Live Emperor Yu!"

Waves of cries that were louder than the previous waves were like a tidal wave that surged toward the endless galaxy.

In the demon world.

The majestic and magnificent demon Imperial City was shrouded in a blood-red light, making it even more eerie.

It was caused by the blood that was flowing in the air and not falling in time. The amount of blood was unimaginable.

Looking down from the sky, it was as expected outside the city. There were endless corpses that spanned tens of millions of miles.

The Demon Imperial City of the past was surrounded by corpses.

In the depths of the imperial city, a middle-aged woman with a Phoenix crown on her head was sitting on a throne filled with demonic qi. She was looking in the direction of the sea of bitterness.

Her beautiful face was emotionless, she said slowly, “Daoist Xuan Ming, I have already done as you said. Can you really fulfill my wish?”

Chapter 1507 Level One Alert

Xiu --

A figure with an extremely powerful aura flew in front of her. His entire body was bathed in blood and his eyes were red. He knelt on one knee and said respectfully, “Greetings, Your Highness.”

Princess Yunxia retracted her gaze and asked indifferently, “How’s the situation?”

“Reporting to your highness, we haven’t let a single living being escape the devil realm. We only need two days to wait for the sea of bitterness giant to come and devour them all.”

Princess Yunxia frowned slightly. “Who cares about the lives of the ants in the Devil World? I mean, how are the preparations for the baptism?”

The figure’s expression turned cold, he immediately said, “Your Highness, we have all followed your instructions. Apart from the Devil Eye, the last batch of Devil Gods from the Sacred Devil Hall have also received the baptism of the heavenly liquid. They only need to undergo a blood sacrifice to undergo a transformation.”

Princess Yunxia nodded in satisfaction and said coldly, “Sacrifice?”

A cold and cruel smile bloomed on the corner of her mouth. “Didn’t we capture many demon ants that worked for Su Yu a few months ago? Let’s use them to sacrifice this new batch of transformed demons!”

Hearing this, the figure also grinned and said with a sinister smile, “Your Highness is wise!”

The so-called sacrifice was to let them eat their own kind alive. The same kind here referred to the living beings that had experienced the baptism of heavenly liquid.

The living beings that worked for Su Yu were transformed and used for sacrifice.

Princess Yunxia sneered, “Su Yu, your good days have come to an end! How are the preparations for the first Devil Army Going?”

The figure said, “They have already stationed outside the devil world. Under the leadership of General Broken Bones, they will command 100,000 soldiers and 100 devil ships. Within a month, they will be able to invade the god’s domain empire. Within two months, they will be able to completely conquer it.”

Regarding this, Princess Yunxia shook her head indifferently. “Don’t be overly confident. After all, the galaxy is a part of the ancient god domain. Whether or not the galaxy overlord from back then still exists, no one knows.”

The figure said obsequiously, “Princess, you worry too much. If there really is such a powerful existence, how can we sit idly by and watch the current situation in the galaxy? “I think that with the voidwalker mother and the many creatures he has nurtured working together with us from the inside and the outside, we should be able to annihilate the celestial domain empire in a short period of time!”

As he spoke, the figure bowed and said, "If the princess is worried about general broken bones, I am willing to personally lead the army and hand over the god Realm Empire to the Princess."

Princess Yunxia looked at him indifferently and said faintly, "Li Fei, you and I have known each other for many years. Why do you need to address yourself as your subordinate?"

The figure was silent for a moment before he gradually straightened his back, revealing a face that was not of the demon race.

At first glance, he looked like a human, but his eyes were blood-red, very similar to the creatures of the asura world.

"I was ordered to assist you. Why Can't I consider myself as your subordinate?" Li Fei said with a faint smile, then, he continued the previous topic, "The first demon Army's individual strength is extremely strong, and they are even equipped with Asura weapons from the asura world. They don't need the other demon armies to move out, but they can also destroy the divine territory empire. The princess can rest assured. There will definitely be no mistakes."

While they were talking, in the galaxy, outside the demon world, a hundred black giant demon ships floated near the demon world.

Amidst the surging demonic qi, one could vaguely see the blood-red eyes of the demon gods.

In the middle of the hundred demon ships, there was a battleship that was twice the size of an ordinary demon ship. A bright demon world symbol hung on the battleship, showing the status of the main ship.

In the main ship's cabin, a muscular demon god with cold blood-red eyes stood with his hands behind his back.

In front of him was a round table-sized disc magic tool. It was scattered with thousands of light spots, densely covering the entire disc.

Each disc was a team of scouts from the demon world. They were responsible for patrolling around the demon world, keeping an eye out for suspicious enemies.

At that moment, the disc was the outermost area, and a light spot was extinguished without any warning. It was extremely dim.

"Hey! Admiral broken bones, look, there's a team of scouts that's acting strangely." There were several gods around the disc that were responsible for inspecting the disc. When they noticed that something was wrong, they immediately said.

The Devil God with deep blood-red eyes and his hands behind his back was one of the ten great generals of the Sacred Devil Hall, General Broken Bones!

General broken bones stared at the light spot that had been destroyed. His expression was as cold as ever as he said, "Immediately send a message to that patrol team. Tell them if there is a malfunction with the magic tool!"

"Yes!" The four devil gods immediately sent a message to the other party.

However, the message sank into the sea. There was no reply for a long time.

“General, they might not have replied in time...”the four demon gods analyzed.

General broken bones stared at the disk and said indifferently, “They can’t reply...”

The four demon gods followed general broken bones’ gaze and looked over. Their pupils could not help but constrict. “Another patrol squad’s display has dimmed!”

They were still in shock when suddenly, another light spot dimmed and vanished!

Less than ten breaths later, two patrol squads were in trouble.

This could not be the destruction of the magic tool. The only explanation was that they had met with misfortune.

“Three squads in a row are in danger. Could it be a divine desolate beast?”The four demon gods analyzed.

General broken bones ordered indifferently, “Inform the nearest patrol squads to rush over. Investigate the information and send it back immediately.”

The four demon gods immediately did as he said. The circular plate clearly showed that there were more than twenty spots of light rapidly moving towards the direction of the nearest dim spots of light.

Looking at the circular plate, it was like a ball of light that blotted out the sky and covered the earth.

“This desolate beast should be a speed-type. In just twenty breaths, it destroyed three patrol teams. It’s very impressive!”A demon god said with a calm expression.

Another demon god agreed, “En, in the past few years, desolate beasts have become more active. For some reason, divine desolate beasts often appear. This should be an accident. I don’t know what species it is. These patrol squads that rushed over might not be a match for it, but they should be able to scare it back...”

He was still speaking, but the scene reflected in his eyes caused the demon god to be stunned on the spot, “This, this...”

It was unknown what kind of attack the light spots and clouds that had gathered over were receiving, but they were... They were all destroyed!

This time, general broken bones could not help but be moved. He immediately gave an order. “Send out the divine level patrol team to investigate this matter thoroughly!”

Beep Beep --

The circular plate let out a clear sound. An extremely bright light spot crossed half of the circular plate and headed straight for the spot where the clouds were destroyed.

The God level patrol team was the highest team that led the patrol team, and it was to deal with such an emergency.

In the team, there were a total of eight demon gods. No matter what God level desolate beasts they encountered, they could retreat safely.

Pu --

However, the God level patrol team was still on the way when it suddenly disappeared. It quickly dimmed and finally disappeared on the disc.

The entire cabin of demon gods stared at the disappearing spot of light in a dead silence, extremely shocked.

The divine level patrol team... was annihilated!

There were a total of eight demon gods!

General Broken Bone's eyes revealed traces of shock as he said, "Did they send back any messages?"

The four demon gods checked the nearby communication magic tools. All of them were silent and there was no movement.

Looking at this scene, general broken bone sucked in a cold breath and said, "Send out the order, level three alert! Send out three battleships, we must exterminate the invading desolate beasts!"

Wu Wu Wu --

A loud and deep horn sounded from within the demon army.

On the various warships, the demon gods who were resting or laughing were all stunned.

Looking at the three warships that were speeding out, the demon gods looked at each other.

"Strange, level three alert. The last time was eight years ago. Did the princes and princesses cause trouble? Could it be that the world is going to fall into chaos again?"

"However, barging into the demon world to cause trouble at such a time is really like a sheep entering the tiger's mouth. Hehe!"

However, not long after, the demon Army's expressions became solemn and they lost their desire to play around.

This was because the second bugle call echoed in the dark starry sky not long after.

In the main ship's cabin, the four demon gods had solemn expressions as they exclaimed, "How is this possible? Could it be that the invaders are divine desolate beast groups?"

On the disk, three extremely bright spots of light were rapidly dimming.

As for the many communication devices in the cabin, there was still no movement!

What did this mean? It meant that the three battleships were all annihilated before they could even send out a fixed point message!

That was three battleships!

Each of them had a lieutenant general demon god with a cultivation level at least at the fourth sky. At the same time, there were three fifth Sky Lower General Gods and five sixth sky gods.

Their strength was powerful enough to threaten the god-domain empire.

However, just like that, they were annihilated in an instant without a sound. They didn't even have the chance to send a message.

What exactly had happened to them?

General broken bones' pupils constricted, and his face finally revealed a few traces of shock. he shouted sternly, "Level two alert! Order 20 battleships to prepare to defend against the enemy!"

Level two alert, a level that was even more stringent than when the demon Emperor and sorceress had wreaked havoc!

On the circular plate, the 20 battleships' dazzling spots of light almost lit up half of the circular plate. They formed a cloud and majestically rushed to the place where the three battleships had lost contact.

But at this moment, a sudden change occurred!

On the circular plate, the patrol team's spots of light, which were densely packed, suddenly showed a large-scale annihilation!

From the east to the demon world, all the light spots of the patrol squads seemed to have suffered an extremely terrifying destructive attack. They were all annihilated, not a single one was left!

At a glance, a long, empty area appeared on the circular plate, leading straight to where they were!

This scene had already shocked them beyond words. The next scene made them feel a horror that came from the depths of their souls!

The dazzling 20 battleship light spots were also rapidly annihilated.

After a few breaths, it turned into a deathly silence!

Along with those patrols, they were instantly cleared out!

"Enemy attack! It's an enemy attack!" General broken bones felt a chill run down his spine. After regaining his senses, he hurriedly shouted, "Level one alert! Level one alert! ! Quickly send a message to the demon world. Send a message to the princess, it's an enemy attack! !"

At this moment, how could they not understand that the enemy attack was not some desolate beast, but a terrifyingly powerful enemy army!

In that instant, they cleared out a large number of patrols, annihilated the strength of twenty warships, and went through the entire galaxy. There was only one faction.

God Domain Empire!

Wuwuwuwu --

The rapid sound of the horn reverberated in every corner of the dark starry sky.

The watching demon army was like ants that had just exploded. Many battleships that were docked quietly moved one after another. Under the command of the main ship, they flew in a flurry and formed a defensive formation.

The demons on the battleships also woke up as if they had just woken up from a dream. They flew to the deck of the battleships in panic and welcomed the battle.

This was a scene that they had never imagined even in their dreams.

They did not attack the creatures in the galaxy, but they dared to take the initiative to attack!

In the history of the Galaxy God realm, this was absolutely unprecedented!

The entire demon army was in a mess. The defensive formation was in a mess.

After a long while, they managed to calm down.

The remaining 77 battleships were arranged in a net shape, forming a shield in front of the demon world.

At this moment, the galaxy was dead silent.

All the demon gods stared at the dark galaxy in front of them. They did not dare to Blink. An inexplicable sense of panic swept through their hearts.

They had always only attacked and massacred. They could only step on the corpses of others while grinning hideously. However, they had never defended as if they were facing a great enemy.

Time passed bit by bit, and the enemy army was nowhere to be seen.

However, the oppressive atmosphere was getting heavier and heavier, to the point that their hearts were pounding and they could hardly breathe.

Chapter 1508 The Reign Of The Demon World

Even the admiral of broken bones and the others in the main ship were suffering. They had never experienced this kind of suffering before.

Kacha, Kacha --

The faint rumbling sound of machinery came from the depths of the dark galaxy.

When the voice fell into the Demon God's ears, it made their hearts clench and their breathing quicken. They felt an indescribable pressure on their bodies.

The voice continued, becoming clearer and closer.

It was like a terrifying bloodthirsty desolate beast slowly walking over from the darkness.

"Ah! I Can't take it anymore!" A demon god could not withstand the pressure and rushed out with red eyes, "I'll fight it out with you!"

He turned into an afterimage and rushed into the dark galaxy, fighting to the death with the slowly approaching existence.

However, he was like a speck of dust, falling into the endless dark abyss. Without even a ripple, he disappeared without a sound.

The Kacha, Kacha sounds did not hinder him at all.

Seeing this scene, the many demon gods were terrified. What exactly were they facing?

This kind of fear was only felt by the ant creatures they had slaughtered!

Inside the main ship, beads of sweat dripped down from the broken bones general's forehead, and his palms were wet with sweat. His eyeballs, which were staring at the round plate, were extremely bulging and bloodshot due to excessive force.

At this moment, in the cabin, they could hear each other's heartbeats.

Kacha --

At this moment, that inexplicable sound suddenly became clear.

It's coming! !

In the pupils of all the demons, a scene that they could never believe was reflected!

A huge warship that was as big as several cave abodes slowly sailed towards them.

The design of the warship was extremely simple and exaggerated, especially the 100 huge muzzles hanging below. Just one muzzle had a diameter of 10,000,000 feet!

The entire body of the warship was made of extremely complicated metals. They were all made of unknown and mysterious metals.

In terms of size, this battleship was hundreds of times larger than all of them combined!

In front of it, they were like a hundred specks of dust.

The defensive web was like a joke in front of it. It was like a spider web, trying to intercept a strong black bull!

The extreme shock in their hearts shocked them and they didn't dare to move.

The thing that attacked them was actually such a terrifying thing?

In the main ship's cabin, admiral broken bones sucked in a breath of cold air. "This... What is this thing?"

Boom --

What answered him was an energy beam that was filled with extreme destructive power.

Hundreds of giant cannons that were filled with extremely violent power simultaneously shot out.

Xiu Xiu Xiu --

Boom Boom Boom Boom --

The dark galaxy was only left with dense sky-shaking explosions and light pillars that illuminated the galaxy.

The entire galaxy fell into the flickering brilliance.

When the light pillars finished pouring down, the galaxy returned to silence.

However, the sky was only left with broken battleships and almost shattered remains, as well as countless demons who had been smashed into pieces. There were no living beings left.

Including that main battleship, even the dregs were not left after the extermination cannon focused its attention on it.

Naturally, the broken bones of the admiral inside were also gone.

Shua --

At this moment, dozens of small boats flew out of the battleship. They were all soldiers of the God's domain empire, cleanly cleaning up the battlefield.

"Sigh! It's too clean. It's difficult to find any valuable resources!" The soldier who was cleaning up had a bitter smile on his face.

"Tch! You want to pick up resources? I can't even pick up a demon's bones. It's too thorough!"

..

Inside the sky sacred ship, many gods were dumbstruck. They stared at the scene in front of them in disbelief.

When they were preparing for the battle, they had already prepared for a life-and-death battle.

But the scene in front of them had overturned their understanding.

The indomitable demon army, the demon army that had wreaked havoc in the galaxy for millions of years, the demon army that could intimidate the gods with its fame, was actually... actually destroyed in an instant!

In the central control room, Su Yu leaned against his throne and looked at the main screen indifferently. The screen displayed all the scenes of the battle in the outside world.

His face was calm and unperturbed. There was no surprise at all as he said, "Everyone, the demon world is right in front of us!"

The eyes of the gods looked past the wreckage and landed on the huge cave world that was shaped like a woman's womb. All of them felt their hearts tremble.

"So that's the Devil World!"

Many of the gods had only heard of it, but they had never seen the real devil world.

This was the first time, and they had never imagined that they were here to attack the Devil World!

Even the gods of the Western alliance had never thought that they would one day attack the devil world.

At the entrance of the Devil World, in the center of the womb, there was a huge whirlpool that emitted black devil Qi.

Inside was the demon world, the demon world that had threatened the life of the galaxy for thousands of years!

All the gods suppressed their fear and excitement as they stared at the entrance.

At this moment, Su Yu's calm voice rang in their ears, "Everyone, prepare to fight to the death!"

It was clearly the words of the oath-master before the battle. It should have made their blood boil and their fighting spirit rise, but when it fell into the ears of many people, they could not help but smile bitterly.

With such a sacred sky ship, did they really need to risk their lives? They probably didn't even have a chance to show their faces.

"Yes, Sir!" But they were still excited, indescribable excitement.

With a cracking sound, the huge sacred sky ship sailed into the whirlpool.

Looking from afar, it looked like a sharp arrow that had pierced into the womb.

This was the first time that the creatures of the Galaxy had attacked the demon world!

Xiu --

At this moment, a small boat slowly arrived. One had only half a soul left, while the other had lost all of his cultivation.

They were the mother of space walk and the ancient Taixu. Even though they were one step ahead, they were far behind the speed of the sky sacred ship.

Looking at the debris of the galaxy, the two were stunned.

In the Devil World.

Princess Yunxia and Li Fei were at the end of their conversation.

Princess Yunxia said, "There's no need to say more. The first Devil Army has accumulated more than half of the Devil World's military power. We must not act rashly."

Li Fei compromised, "Alright, we will listen to your arrangements. As long as we can let the sea of bitterness giant devour all the creatures in the galaxy."

At this moment, the jade pendant on Princess Yunxia's waist suddenly let out an urgent sound.

Eh? Princess Yunxia frowned, took off the jade pendant, and crushed it on the spot.

However, she heard an urgent sound coming from within the jade pendant. "Reporting to Princess, the first Devil Army has been attacked by the enemy, and they have already activated level one alert!"

Li Fei, who was at the side, was slightly surprised. "Level one alert? This is a level of alert that only exists when the entire devil world is under threat. In the entire devil world, only tens of millions of years ago, when the sea of bitterness giant was pierced through by a mysterious force, did it activate!"

"Could it be that general Broken Bones made a mistake and sent out the wrong alert level?" Li Fei asked in disbelief.

Princess Yunxia's expression was already grave, she shook her head and said, "General Broken Bones is the leader of the Sacred Devil Hall, second only to the six paths devil God. He is very powerful and has a lot of military experience. The six paths Devil God has also praised him many times and intentionally groomed him to become the successor of the commander. It is impossible for him to make such a low-level mistake!"

As she said this, Princess Yunxia took out a communication jade pendant and filled it with information. "General broken bones, what is the current situation? What kind of enemy attack is it?"

However, the information that was sent over sank into the ocean.

Princess Yunxia frowned slightly. "Strange. Could it be that the enemy has the means to block the transmission of information?"

She pondered for a moment, princess Yunxia made a prompt decision and said, "Li Fei, immediately dispatch a divine level patrol team to go out and investigate. You must grasp the details of the battle in the outside world. At the same time, use my name to mobilize the second Devil Army and prepare to go out and assist the first Devil Army!"

Li Fei nodded. "Alright!"

Seeing Li Fei leave, Princess Yunxia could not help but touch her chest and arched her black brows. "Why do I feel uneasy?"

With a glint in her eyes, Princess Yunxia disappeared from the imperial palace without a trace.

After Li Fei dispatched a few divine level patrol teams, he immediately went to mobilize the second Devil Army of the Sacred Devil Hall.

However, right at this moment, lightning flashed and thunder rumbled in the sky above the imperial capital, and a huge vortex opened silently.

Li Fei said in shock, "How is this possible? The first Devil Army retreated so quickly and retreated back to the Devil World?"

However, Li Fei quickly realized that something was wrong. "That's not right! Why is that Vortex still expanding? Even if all the warships retreated together, it wouldn't have created such a huge vortex."

Chi La --

Amidst his shock and bewilderment, a tearing sound suddenly erupted between the heaven and earth.

The whirlpool seemed to be unable to withstand the pressure and was torn apart on the spot, revealing a large space crack.

At the same time, an incomparably huge warship tore apart the whirlpool and forcefully squeezed in.

Its size was so huge that it was unbelievable.

The second Devil Army of the Sacred Demon Hall, who was using their full strength to snipe the creatures of the devil realm, were all shocked.

The size of that warship was comparable to the entire Prince's sealed realm!

Li Fei's pupils contracted as he cried out in shock, "How is this possible? The weapon of the ancient civilization, the sky sacred warship! ! Impossible, how did he appear in the Galaxy God realm?"

Deep shock appeared in his eyes, but he was still calm. He could immediately issue a time order and let out a howl that spread throughout the imperial capital, "The princess has ordered that the second Devil Army will change their priority targets when the enemy invades! Attack immediately!"

The second Devil Army quickly gave up on stopping ordinary creatures and attacked the sacred sky ship instead.

Tens of thousands of quasi-gods and hundreds of devil gods joined the attack.

At this moment, a surprised voice came from within the sacred sky ship. "Oh? The Sacred Devil Hall still has a batch of devil gods that haven't been destroyed? That's good, we'll wipe them out as well."

Boom! Boom

Countless destruction cannon light pillars crisscrossed the entire world.

Under the light beams, no matter how strong the gods were, they were all turned into dust and floated down into the sky, causing the blood-red sky to turn gray.

In the blink of an eye, the world fell silent.

The creatures of the devil world stared at the scene in front of them in disbelief.

The second Devil Army of the Devil World... was gone just like that?

The young and indifferent voice came from the sky sacred ship again. "Princess Yunxia, how have you been?"

Boom --

With a boom, a beam of light pierced through the depths of the palace, creating a huge crater.

Inside the crater, under the protection of a blood-colored light screen, one could vaguely see several halls that were rolling with extreme demonic qi.

That was the most mysterious existence in the Devil World, the Sacred Devil Hall!

In the demonic qi, a tall woman with a phoenix crown on her head stood with her head raised. Her phoenix eyes were filled with shock, and her tone was unspeakably calm. She said word by word, "You are not dead!"

Chapter 1509 Blood Stained The Demon World (First Watch)

Hua --

A beam of light shot down from the bottom of the sky sacred ship. A silver-haired young man with a crown on his head stood with his hands behind his back and looked down indifferently. "I've disappointed you."

Su Yu looked past him and looked directly at the Sacred Demon Hall under the protection of the blood curtain. He could vaguely sense eight extremely powerful auras. They were all at the third sky, and they were much more dangerous than General Bai Gu, some of them were similar to the five mutated creatures in the asura world, and their strength was on par with the Blood Devil.

If nothing went wrong, they were the only eight of the Sacred Devil Hall's ten great generals.

“Where's the Devil Eye?” Su Yu asked indifferently.

Princess Yunxia's Crystal Eyes flashed, and she asked in return, “Are you here to find someone?”

Su Yu nodded, “Yes!”

The corner of her mouth curled up into a sneer, “To come to the devil world to find someone, Su Yu, you're really the first!”

However, Su Yu continued, “Yes, the main thing is to look for someone and destroy the Devil realm at the same time.”

At... the same time!

It wasn't just the creatures from the devil realm who were stunned when they heard this. Many of the galactic creatures in the sky sacred ship were also stunned.

Destroying the Devil realm was just a passing opportunity. Then, to this young emperor, what kind of soul-stirring thing was he doing with all his strength?

“We haven't seen each other for eight years. Not only did you get the weapons of the ancient civilization, you also got an arrogant attitude! Eight years ago, you were just an ant that was chased and fled!” Princess Yunxia looked at Su Yu coldly and laughed.

Su Yu said leisurely, “Are you saying that eight years ago, when you used the power of the Devil World to chase and kill, you still couldn't kill a small dust immortal powerhouse and still let him leave as if no one was there? “What I saw was only the incompetence of the devil world. I didn't expect that after eight years, you didn't feel ashamed but instead felt proud. It seems that you are not as good as you used to be these years!”

Hearing this, Princess Yunxia's eyebrows arched and her face darkened.

“Don't try to be glib. Do you think that you can destroy the demon world just because you have the Sky Saint warship? I will make sure you never come back!” Princess Yunxia took out a blood-red scepter and waved it in the air.

Whoosh --

Eight pairs of blood-red eyes suddenly opened, shooting out extremely fierce and bloodthirsty divine lights.

The eight powerful auras also opened the blood curtain and pointed at the sacred sky ship.

“Extermination cannon, open!” Su Yu made a prompt decision.

Boom --

Hundreds of extermination cannons quickly charged up their energy and shot out hundreds of destructive light beams, covering the blood curtain deep underground.

The dazzling light made the living beings unable to look directly at it. The aftermath of the destruction forced them to retreat.

That shocking momentum seemed to be able to destroy the demon world and completely destroy it.

Such a huge crushing force made the living beings of the demon world feel extremely shocked. Although the 100 extermination cannons had already displayed their power when the second demon army was destroyed, they were still extremely shocked when they saw it again.

When the smoke and dust dispersed, an unexpected scene appeared.

The blood curtain was shattered, and the sacred demon hall was destroyed and reduced to ruins.

However, there were eight purple rays of evil light, like eight Purple Suns, shining and towering.

Among the eight Purple Suns was Princess Yunxia. She was spotless and was not affected by the destruction at all.

“Hiss! Ju... They actually blocked the destruction attack?” Some creatures of the demon world were shocked.

“What is that purple light... wait, look, they all have a pair of purple wings on their back!” Some demons who had cultivated eye-bloodline techniques suddenly found something strange.

Su Yu also noticed the existence of the purple wings. He was even clearer that they were not actually purple.

It was because the blood color was too rich that they appeared purple.

To be precise, they were blood-colored wings.

Wings condensed from the power of Asura!

Without a doubt, that was their talent after the mutation, and it was their second talent. They also had a second mutation talent between them.

The eight generals of the demon race used the power of Asura to block the attacks of hundreds of extermination cannons.

Under normal circumstances, one extermination cannon could destroy a general.

But now, the eight of them were able to resist a hundred extermination cannons!

It was imaginable how much their strength had increased after the mutation.

In the depths of Princess Yun Xia’s eight rays of purple sun protection, a cold smile appeared on her lips. “You didn’t expect this, did you?” The two devil armies were only used to harvest ants. The Devil World only had the ten generals of the Sacred Devil Hall as their trump cards, and they were the generals after the mutation! “What can your sky sacred ship do to me?”

As the sharp voice sounded, the eight purple suns dragged Princess Yunxia out of the ground and pointed at the sky sacred ship.

The eight extremely powerful Asura powers carried a destructive force.

Su Yu's expression was calm as he said, "Let's Fight!"

Shua Shua Shua --

The Yong Ye siblings, Bi Wanqing, and the first prince, the four experts at the third sky, charged into the eight Purple Suns and dispersed their peerless attacks.

"Split four people and kill them, especially the first prince. We must eat him! The other people, follow me to capture Su Yu!" Princess Yunxia's cold eyes were fixed on Su Yu and never moved away.

The Four Generals of the demon race flew out one after another, each killing one person.

However, when they exchanged blows, they realized that the other party's strength was ridiculously strong.

Other than the first prince, who was the number one genius in the demon world, the other three people were only stronger than him!

In particular, the three of them were proficient in a strange divine ability of the dragon race, and its power was extraordinary.

For a time, they were unable to do anything to them, and instead fell into a disadvantageous position.

Eternal night first snow used all kinds of divine abilities of the dragon race, suppressing general sun-devouring general until he could only resist.

Seeing the right opportunity, eternal night first snow blinked her Crystal Eyes, and a phantom of a Dragon Emperor suddenly appeared behind her. "Dragon Emperor Heavenly Voice!"

The ancient phantom let out a soundless dragon roar, and numerous Great Dao law phantoms descended, suddenly restraining the opponent.

Immediately after, the chains tightened, intending to strangle him to death.

Sensing the danger of death, admiral sun-devouring's expression changed drastically. He no longer held back. The purple wings on his back suddenly fluttered, and an extremely powerful shura power erupted from within his body. "Holy Devil Vajra!"

The surface of his body was quickly covered with a layer of blood-red shura power, fusing into his flesh, muscles, and bones.

His body rapidly expanded, and became more and more solid, like a hard profound stone.

The law chains that were tightened didn't continue to tighten. Instead, they were pushed away by his expanding body.

"Ha!" General Tunsun roared. His body shook violently and actually pushed the law shadow away.

At the same time, he turned into a stream of light. A terrifying shura power gushed out from his body and hit eternal night first snow.

Eternal night first snow was caught off guard. She only had time to defend herself before she took a hit. A powerful force poured into her body and destroyed her internal organs.

Fortunately, she had the protection of the creation dragon blood and quickly recovered.

Even so, she was still heavily injured.

Wiping the blood from the corner of her mouth, Eternal Night First Snow's eyes revealed some shock. A mutated general was more than one or two levels stronger than general white bones.

Looking at Eternal Night Impermanence and the others, they were also in a very bad situation.

Not only did they have the power of a demonic god, but they also had the pair of purple wings that continuously provided the power of Asura.

Apart from that, they could also unleash a second tier of talent, all of which were mysterious and unpredictable.

The Dark Star General that eternal night was facing had the talent to reflect injuries. No matter how much eternal night hurt him, it would all be reflected back to eternal night.

In the end, the dark star general was unharmed, while eternal night was covered in wounds.

The first prince was no better either. He had great strength, but he was facing a general who had the talent to absorb attacks.

He couldn't hurt her much. Instead, he was slowly affected by general Rou Mei's hallucinating spell, and his movements gradually slowed down.

Only Bi Wanqing, together with the eye of prying, cast the dream of a thousand years and trapped the other party. However, she was only trapped. The other party's mutated talent was nihilism, so no attacks were effective. On the contrary, if she was careless, she would be drilled into her soul consciousness, and her soul would be destroyed.

The four of them were in a precarious situation, and they were suddenly in great danger.

Seeing this, Su Yu's expression turned slightly cold.

He raised his hand, and thirty Earth Dragon Beasts flew out of his interspatial ring. Thirty exterminating cannons flew out. At the same time, he coordinated with the sky sacred ship and shot out beams of exterminating light to snipe the four incoming Zi Yang.

With powerful assistance, it was almost double the strength from before.

Princess Yunxia was not only solemn, she said, "Another civilized weapon? form a formation and defend!"

The Four Purple Suns released dazzling rays of light and protected them within.

Boom Boom Boom --

The even more majestic bombardment was like Mercury Landing on the ground!

Moreover, one wave calmed down and another wave came, making them lose the power to charge forward and could only passively defend.

Taking advantage of this opportunity, Su Yu left an afterimage in the sky and headed straight for eternal night, first snow, and the others' battlefield.

Seeing this, the four of them calmed down a little and fought with all their might.

Su Yu was the first to descend beside eternal night, first snow. Without saying anything, pitch-black scales surged out of his body and he transformed into a world-destroying dragon.

The ferocious dragon head brazenly collided with sun-devouring general.

He laughed ferociously, "You don't know what's good for you. My body of the sacred demon Vajra might not even be able to be shaken by the return of the six paths demon gods. You think you can shake me with just a small dragon transformation technique?"

As he laughed, general sun-swallowing grabbed Su Yu's head with his huge claws. "Hahaha, I'll take all the credit!"

Bang --

However, with a loud sound, general sun-swallowing was knocked away by the world-destroying dragon and was forced back dozens of steps.

He was shocked. "How is this possible?"

The world-destroying dragon's huge claws slapped his head.

General Tunsun was not angry, but rather happy. He laughed, "Alright, let's face it head-on. Let's see who's afraid of Who!"

His demonic claw suddenly revealed the power of Asura, slapping Su Yu hard to drive it away.

Bang --

Bang --

Two loud sounds were like thunder exploding in the sky. The two of them chose the form of a palm for a palm.

The earth-shattering exchange shook the dust in all directions, causing it to fly up into the sky. Everyone could only see a dragon and a majestic figure frozen in the dust.

Both sides struck at each other's vital points.

Kacha --

The sound of shattering reverberated throughout the area. Looking over, it turned out to be general sun-devouring's arm, shattering inch by inch.

General sun-devouring was incomparably shocked, his eyes filled with fear. "Your Body Is... is..."

Kacha --

The World Destruction Dragon's Claw pressed down, and general sun-devouring was reduced to pieces.

The World Destruction Dragon transformed into human form, and Su Yu calmly murmured, "It's a body of laws."

Two drops of the nine dragons ancient God's blood created Su Yu's body of laws.

Not to mention the body of the sacred demon Vajra, even a second sky god wouldn't be able to destroy this body of laws.

Chapter 1510 East Emperor Tai Yi (Second Watch)

Su Yu's cold gaze shifted as he smacked Admiral Devourer Sun with one palm. He stared at Admiral Dark Star, who was fighting eternal night.

Whenever eternal night's abilities struck Admiral Dark Star, all the damage would mysteriously return to him.

However, all of Admiral Dark Star's abilities landed on Eternal Night's body.

Therefore, eternal night was at an absolute disadvantage, and his injuries were serious.

Even so, he was not willing to fall behind.

General Dark Star sneered. "My talent is unrivaled. It's best if you lie down and die, so that you won't suffer any physical pain!"

Eternal night gnashed his teeth, feeling extremely aggrieved. He had never fought such a strange enemy.

At that moment, a cold voice came from behind General Dark Star. "Unrivaled? Why Don't you let me try?"

General Dark Star was shocked. Such a powerful concealment technique. He had never sensed it behind his back before.

However, despite his surprise, General Dark Star was not afraid at all since he was born with the talent of self-injury. He even deliberately reacted a few steps slower and waited for the enemy to hurt him.

The more the enemy hurt him, the more damage he would return to the enemy. It would be best if the enemy killed him. A sinister smile blossomed on his lips.

Boom --

A cold feeling pierced through his chest from his back.

A golden sword pierced through his body and pierced through his chest.

General Dark Star's sinister smile deepened. Instead of being angry, he was delighted. He sneered continuously, "Hahaha... you actually dared to kill me. Do you know what your ending will be?"

Behind him, Su Yu held the Golden Flame Forbidden Wood sword in his hand and drew it back gently. He wiped the demonic blood on it lightly and said indifferently, "I don't know what my ending will be, but I do know what your ending will be."

Dark star general was shocked. He turned around to look at Su Yu. The other party was standing on the spot safe and sound, and a yin-yang pattern was slowly rotating under his feet.

“You... you’re not injured...”dark star general said. Suddenly, he realized that the pain in his chest was getting more and more intense. “How is this possible? My... My injuries haven’t returned...”

“Rest in peace!”Su Yu flipped his wrist and swept the longsword across his neck. A head shot up into the sky and rolled on the ground with unwillingness.

He did not lose his talent for self-injury. Instead, Su Yu used his innate yin-yang stance to return the damage from the self-injury through the door of yin-yang.

General Dark Star was full of confidence, so he died on the spot.

Killing another person in an instant, Su Yu’s cold eyes were the same as before as he stared at general Rou Mei, who was entangled with the first prince.

General Rou Mei focused on hallucinating the first prince, causing the first prince to fall into a trap, and his movements gradually slowed down.

All of a sudden, the first prince revealed a fatal flaw. General Rou Mei took out a pitch-black spike from her palm. It was a replica of an Imperial Dao sacred weapon, used to exterminate life souls.

She slapped her palm and stabbed it into the first prince’s forehead.

However, at this moment, a powerful force came from behind the first prince.

General Rou Mei was calm and composed. As the force came, her body began to twist in an extremely strange manner, like a ball of cotton that could be kneaded at will.

When the power hit her body, it was as if it hit cotton. Her body fell back lightly and landed unscathed.

General Rou Mei looked back. Even though she was angry, she could not help but exude a boundless charm. “Who is it!”

Su Yu stood out from behind the first prince and looked at general Rou Mei calmly.

“It’s You? Hehe...”general Rou Mei’s beautiful eyes turned, when she realized that General Sun Devouring and General Dark Star had already perished, her pupils constricted slightly, however, she still smiled charmingly. “What a formidable junior. I’ve heard of your reputation in the Sacred Devil Hall back then. I didn’t expect that after so many years, you’d become even more formidable. I really want to rely on you.”

Su Yu’s eyes were clear. He casually waved his sleeves, expelling the hallucinatory power that couldn’t be seen with the naked eye. He said, “Dead or Alive?”

General Rou Mei was slightly shocked. The other party’s seemingly casual wave actually expelled the hallucinatory power that she had secretly released.

Suppressing the strange expression on her face, general Rou mei smiled and said, “Of course it’s You or me. You, a junior, still like to say the opposite?”

As soon as she finished speaking, her body twisted again. Her figure was like a ball of cotton. She used a soft and gentle palm force and imprinted it on Su Yu’s chest.

Su Yu's body did not move. He nodded slightly. "You choose to die."

General Rou Mei giggled. "As if you can decide whether I live or Die! Take my palm first!"

Su Yu said, "I can indeed decide whether you live or die, no matter what kind of constitution you have!"

After he finished speaking, Su Yu's right palm was pitch black. He extended his finger and drew the word "Die" in the air.

The word "Die" crossed the void and landed on the cotton that general Rou Mei had transformed into.

As usual, general Rou Mei smiled sweetly and used her soft body to disperse the power that had entered her body before shaking it away.

However, after the word 'death' entered her body, it was like an ant that had entered her body and was spreading all over her body.

No matter how much she scattered, she could not stop this power at all.

"Ah! ! This, this is the law of death! !" General Rou Mei changed her soft and delicate appearance and let out a terrified scream.

However, it was only a scream before it disappeared without a trace.

Her cotton-like body was completely pitch-black. Then, like burnt cotton, it turned into pieces.

In the blink of an eye, another general was destroyed.

However, at this moment, Bi Wanqing suddenly shouted, "Young master, be careful!"

Before Su Yu could react, he heard a roar from the soul dimension. It shocked his soul to the point of numbness.

It was admiral nihility. While Su Yu was focused on dealing with admiral Rou Mei, he had broken through Bi Wanqing's suppression and launched a sneak attack on Su Yu.

With a whoosh, he entered Su Yu's body in the state of nihility.

Following that, Su Yu's body glowed with a flickering gray light. This was a sign that his soul had mutated.

Being strong meant that Su Yu's soul was safe and sound. If he was disillusioned, it meant that Su Yu's soul was destroyed.

The light on his body kept changing.

The Yong Ye siblings and the first prince also rushed over with anxious expressions. Admiral nihility was probably the strangest existence among them. Who could stop him if he directly devoured their souls?

Consort Yunxia, who was being suppressed, also revealed a relaxed expression,

she had never underestimated Su Yu, but she didn't expect that she would still underestimate him.

Not only did she find the long-lost Sky Saint warship, but she also found three powerful people, which was far beyond her imagination.

What shocked her even more was that Su Yu's combat strength was shocking. He single-handedly destroyed three generals who had mutated!

Even if the six paths devil gods returned, they might not be able to kill them easily.

After eight years of not seeing each other, what kind of opportunity did Su Yu get to increase his strength so terrifyingly?

“However, he will still die in the end. No one can compare to Admiral Nihility's ability to destroy souls...”

However, just as Consort Yunxia finished speaking, Su Yu suddenly opened his eyes indifferently. “You're really courting death! If you were in the state of nihility, I might not be able to deal with you so easily, but you just had to barge into my soul...”

A crack appeared between Su Yu's brows. A shocking devouring power towards souls silently spread out and wrapped around Su Yu's body.

The soul that possessed Su Yu was caught off guard, and was enveloped by the devouring power and dragged into the endless abyss.

Along with a shrill cry from the soul, the general of nihility was also obliterated. His soul power was purified and fused into Su Yu's soul.

The Soul of a third sky made Su Yu's soul power increase by a lot.

The illusory gray light on the surface of his body slowly dimmed, and finally disappeared.

The void Admiral had been destroyed!

Eternal night, Chu Xue, and the others naturally let out a long sigh of relief, but Princess Yunxia's expression changed slightly.

The four generals had all been destroyed, and only they were left!

On the other hand, Su Yu and the others were almost unharmed. With the sky sacred warship, the Earth Dragon Beast, and the extermination cannon, they were definitely at a disadvantage!

What was more worrying was that she was the one who had persecuted the creatures of the demon world. At this moment, other than the four generals who were loyal to her, who else was willing to fight for her?

After analyzing the pros and cons, Princess Yunxia said decisively, “Break out of the encirclement and head to the tranquil pavilion world!”

The Four Generals roared and used all their strength to shake off the suppression from the sky. At the cost of being injured, they took a blow head-on and used the powerful energy of the light pillar to quickly fly to the tranquil pavilion world.

Su Yu's eyes revealed a cold light. "Leave a group of people to clean up the battlefield and capture the remaining demons of the second demon army alive. Interrogate Luo Xueyi about her whereabouts! The rest of you, follow me!"

Staring at the distant Jingxuan realm, Su Yu seemed to be able to see a giant that was as tall as the sky staring at him from across the sky.

The greatest threat to the Devil realm was not the Devil Army, or even the many generals with overwhelming strength, but... the Sea of bitterness giant!

The true battle had only just begun!

The speed of the Sky Saint warship was extremely fast, instantly covering thousands of miles of mountains and rivers.

Although the four generals were not ordinary, they were far from being able to match the sky sacred ship.

In just a few hours, they were caught up.

Su Yu did not say anything else and ordered the sky sacred ship to bombard them. He led eternal night, first snow, and the others to attack the four devil generals and Princess Yunxia together.

Although the four generals had second talent, how could they match up to them under the double attack?

Especially since Su Yu's strength was top-notch and extremely terrifying, his attack was an absolute killing move.

Pu --

Half of the barbarian demon general's body was accidentally cut off by Su Yu, and only one of the four generals was left.

Princess Yunxia's heart jumped, and she shouted, "Quick! Use the first divine ability's joint technique!"

The three generals looked at each other, and their eyes revealed viciousness. They actually killed the heavily injured barbarian general at the same time.

What was even more cruel was that they had eaten him on the spot.

After devouring the general of the wildlands, the wings on the back of the three generals became even more dazzling, emitting an extremely evil purple glow.

Huff Huff Huff --

The three pairs of wings fluttered rapidly, emitting an endless amount of purple light, enveloping the four people including Princess Yunxia.

In the next moment, the Purple Ball of light suddenly disappeared, and the four people among them also disappeared.

Su Yu suddenly raised his head and fixed his gaze on the tranquil pavilion world. He said coldly, "Chase after the three hundred million mountains and rivers!"

Half a day later, they were caught up again.

The battle only lasted for a moment, and general bone demon was killed.

However, he did not die at Su Yu's hands, but was killed in the same way.

The remaining two generals protected Princess Yunxia and flew away again.

Su Yu said indifferently, "Continue to chase after the two hundred million mountains and rivers!"

The gods behind him were boiling. Chasing after Princess Yunxia was something that no one could have imagined.

But now, it was presented before their eyes.

On the contrary, Princess Yunxia's face sank and was filled with regret.

If she had known earlier, she would not have spared no expense to kill Su Yu. Otherwise, she would not have fallen to such a state.

Boom --

This time, within an hour, she was caught up by the other party.

A hundred extermination cannon beams swept down.

How could the remaining two generals withstand such a peerless might? They were killed on the spot.

Princess Yunxia saw that the situation wasn't looking good. She took out a golden bell from her bosom and pinned herself inside.

Over a hundred beams of light swept past, but the Golden Bell didn't Budge at all.

Only then did Princess Yunxia escape this calamity.

Su Yu was slightly shocked. "The Supreme Eastern Emperor Bell?"
