

Nine-Dragon 1511

Chapter 1511 The Sea Of Bitterness Giant (Third Watch)

Su Yu had seen this item before on the Royal Sacred Artifact Ranking Board. It was ranked 23rd on the Royal Sacred Artifact Ranking Board, and its name was the supreme one Eastern Emperor Bell.

It was rumored to be incomparably tough. Unless the nine emperors acted, no one would be able to break it.

Back then, it was in the hands of the Galaxy Overlord, the supreme one Eastern Emperor. Unexpectedly, it had fallen into the hands of Princess Yunxia.

A cold light flashed. Su Yu used all his innate techniques, but he was still unable to do anything to Donghuang Bell.

Consort Yunxia stared hatefully at Su Yu, a look of fear still lingering on her face. "Su Yu! Today's humiliation will be repaid a hundred times over by the consort of Japan!"

Su Yu stood in front of Donghuang Bell, staring coldly at her. "Do you think that since you can't do anything to Donghuang Bell, there's nothing you can do?"

As he spoke, Su Yu pressed his palm against the Eastern Emperor Bell. The Milky Way Stardust in his palm shone brightly as he crazily absorbed the blood essence that Consort Yunxia had injected into the Eastern Emperor Bell.

Consort Yunxia's beautiful face sank. "Milky Way Stardust! I almost forgot that Trash Tian Jizi gave this to you!"

Su Yu replied indifferently, "Trash? He loves you to the core."

Consort Yunxia looked at Su Yu with pity, "Pitiful Ant, you don't understand anything. You Don't even know who he is."

He didn't reply. Because of this question, he had thought about it for many years.

As his cultivation increased and he understood the royal sacred weapon, how could Su Yu still not understand how ridiculous it was for a Wanxiang expert to control a royal sacred weapon?

Even the gods in the sky might not be able to touch a replica, let alone the real one that was ranked 21st?

However, no one could answer his question.

Su Yu calmly spoke, "No matter who he is, the love he has for You isn't fake."

Xiu --

A drop of blood essence was slowly extracted from the Eastern Emperor Bell.

The eastern emperor bell trembled slightly as it started to loosen up.

Consort Yunxia knew that she was on the brink of death and didn't plead for mercy. She laughed at the sky, "So what if it's true love? There's only one person in my heart. Other than that, everything else is just floating clouds!"

Oh? A woman like Consort Yunxia actually had true love?

With pity in his eyes, Su Yu took out the last drop of his blood essence.

With a resounding Weng, the Eastern Emperor Bell became an ownerless item.

Su Yu sucked in a breath of air and the bell shrank to the size of a palm, falling into his palm.

The Royal Sacred artifact ranked 23rd could be said to be a rare treasure in the world.

Su Yu immediately injected his blood essence into the bell and refined it into his own.

Consort Yunxia saw this, but she couldn't do anything. She could only watch helplessly as her life-saving item fell into Su Yu's hands.

After refining it, Su Yu's gaze finally fell on Consort Yunxia. Without giving her any extra time, he said indifferently, "It's over!"

But just as Su Yu was about to make his move, a pitch-black afterimage flew over from the distant horizon.

When he saw the afterimage, it was already too late.

An incomparably thick chain suddenly wrapped around Princess Yun Xia and swept her away in an instant.

And that afterimage only arrived at this moment.

Chain... Su Yu stared at the direction where the chain had retreated, his eyes revealing a solemn light.

Kacha --

At the end of the world, in the endless fog, the sound of the chain rubbing against the ground suddenly rang out.

The sound reverberated throughout the entire world and everyone's hearts, causing them to feel goosebumps all over.

Gradually, the fog rolled, as if a huge creature had walked out of the fog.

As expected, a giant pitch-black shadow that was ten million feet tall gradually appeared in the fog.

All the gods held their breaths, but the sound of gulping could not be suppressed.

The Sea of bitterness giant, the legendary sea of bitterness giant!

As the giant shadow grew larger, the pressure it gave everyone grew stronger. It was like an ant blocking the path of the elephant.

Finally, the giant shadow arrived.

The Giant Shadow was a thousand miles away, but they could not see the head of the sea of bitterness giant even if they looked up.

Before the battle officially began, all the gods were stunned by its huge reminder.

Even eternal night and the others, who had fought nine different gods before, were shocked.

“What... What kind of creature is this?”Eternal night asked in shock.

Su Yu said calmly, “The demon race, the successor of the Devil Sword Emperor.”

The Universe Sword Array, which had been passed down from the royal family of the Demon World, was the essence of the life of the Devil Sword Emperor.

“Such a large demon race?”Eternal night and the others were shocked as well. Sensing the other party’s unfathomable aura, she focused her eyes and said, “And their strength is unfathomable. They are on a completely different level from second sky gods!”

Su Yu’s eyes shone with a deep light. He had finally arrived!

Sea of bitterness giant!

Bang --

As the sea of bitterness giant stood still, his huge foot stepped on the ground, creating a huge pit that was a million feet deep. The entire ground trembled violently.

A pair of incomparably large blood-red eyes coldly looked down at them on the ground.

On his shoulder stood Princess Yunxia.

Her entire body trembled. It was unknown whether it was the fear of surviving the disaster or the excitement of killing Su Yu and the others.

The Sea of bitterness giant did not speak. He indifferently took off one end of the chain on his waist and whipped it towards Su Yu!

He remembered Su Yu!

The chain was extremely fast. When he saw the afterimage clearly, his physical body was already in front of him.

However, Su Yu’s reaction was also extremely fast. The moment he attacked, he flashed like lightning.

Almost at the moment his body moved, the place where he was originally standing was smashed by the chain that suddenly appeared.

The entire Earth was shattered by the chain. Endless lava spewed out, forming a lake of lava.

If Su Yu was slightly delayed, he would definitely be heavily injured.

When the attack failed, the sea of bitterness giant flipped his wrist, and the chain swept violently on the ground, setting off a scorching inferno along the way.

Su Yu repeatedly dodged, and he was almost hit several times.

The other gods also hurriedly dodged, afraid that they would even touch the chain.

Looking at the chain wrapped around his waist, Su Yu frowned deeply. Other than his own strength, the sea of bitterness giant’s most frightening thing was this chain.

It was sturdy and unhurried, but it could also change in a myriad of ways.

Back then, when he had captured the gods, it was also this chain. Once he was entangled, there was almost no chance of escaping.

The thorny nature of the chain caused Su Yu to have no choice but to become serious. He shouted in a low voice, "Law Cannon, open!"

Hum Hum Hum --

The machinery below the sky sacred ship rotated, revealing a gap. From it hung an extremely ancient cannon.

In terms of caliber, it was ten times the size of an ordinary extermination cannon. The body of the cannon was carved with many complicated patterns, and there were even some heavenly book characters embedded in it.

A wave of destructive energy that had been prepared for a long time was rapidly expanding.

Large amounts of nomological chain images surrounded the cannon.

A wave of destructive power that contained nomological power erupted at this moment.

A series of chains rushed out from the nomological cannon, enveloping the bitter sea giant with destructive power.

The entire demon world shook at this moment!

Mountains and rivers shattered, the heavens and earth cracked, revealing the world barrier. Within the range of billions of miles around the sea of bitterness giant, not a single blade of grass could be seen. It was blasted into the original form of the barrier.

The terror of this attack shocked everyone.

This was the sky sacred warship's strongest attack, and it was also the attack Su Yu had prepared for the sea of bitterness giant!

Kacha --

A crisp sound of breaking rang out in the surroundings.

Looking over, the sea of bitterness giant pulled back the chains at the critical moment and blocked in front of him, using the chains to block this peerless attack.

Normally speaking, this attack was enough to heavily injure a first sky god.

However, he used the chains to completely block this attack.

More than half of the chains had been broken, and a small part was still connected.

The Sea of bitterness giant stared at the chains that were about to break. With an angry roar, the chains flew towards the Sky Saint warship.

"Back off!" Su Yu shouted, and the sacred sky ship retreated hundreds of millions of miles.

The chain hit the bow of the sacred sky ship.

However, the bow of the sacred sky ship... shattered!

One could imagine that if they were hit by that attack, they would definitely die.

The battle power of the Sea of bitterness giant soared again!

However, the most powerful attack of the sacred sky ship failed to completely destroy the chain.

Following that, the sea of bitterness giant, who was in a frenzy, whipped the chain and swept the surroundings. Su Yu and the others weren't able to get close at all.

Eternal Night First Snow's Crystal Eyes flickered as she watched. She swallowed hard. "This is a first sky god?"

In front of him, they didn't even have a chance to attack. How could they win?

Eternal Night Wuheng also said, "Should we retreat? We have no chance of winning against a First Sky God!"

Even bi wanqing rarely said, "Young master, my premonition is completely messed up. I'm afraid that the future is bleak. It's best to think long-term."

The gods all nodded. "Today, we stepped into the Devil World, exterminated two devil armies, and annihilated the general of the Sacred Devil Hall. This is already a great achievement. The Sea of bitterness giants are not something we can deal with. We have no choice but to retreat."

However, Su Yu shook his head. "If we don't annihilate the sea of bitterness giants, our trip will be in vain!"

After pondering for a moment, Su Yu took a deep breath and said, "Use all your strength to attack that chain. We must destroy it!"

His will was firm. The gods gritted their teeth and joined the battle.

The Sky Saint warship, the god Extermination Cannon, the Earth Dragon Beast, over a thousand warships, countless experts, and Su Yu and the others all attacked at the same time.

This was practically all of the power of the God Domain Empire, and it exploded with its peak power.

"Die!" The Sea of bitterness giant roared angrily, and it swung its chains in all directions.

With a sweep, a large number of battleships were destroyed, and more than half of the attacking energy was blasted away. In an instant, more than half died.

And their attacks couldn't even touch the sides of the chains.

Su Yu's eyes grew cold as he watched. This chain was too dangerous. It had to be destroyed, or else the casualties would be even more tragic.

"Seven Thousand Divine Dao!" At this moment, Su Yu shouted. Seven Thousand Divine Dao Phantoms appeared behind him. Each of them was three thousand feet tall.

The seven thousand Divine Dao Phantoms attacked together. At the instant the chain lashed out, they immediately captured the real thing.

A pitch-black, rough chain could be clearly seen. It carried an incomparable, majestic power as it swept through a large number of Divine Dao Phantoms. However, its sweeping momentum gradually slowed down.

When more than half of the gods' Phantoms were swept away, the chain was finally forced to stop. It was suppressed by the other 3,500 gods' Phantoms.

The Sea of bitterness giant roared and struggled to move. The chain began to roll again.

Seeing this, Su Yu shouted, "All of you, attack that gap!"

Boom Boom Boom --

All kinds of divine abilities turned into destructive attacks that bombarded the gap that was about to break.

The Sea of bitterness giant saw this and roared angrily, pulling the chain with both arms and jerking it.

Chapter 1512 Eternal Truth (4th Watch)

Kacha --

The chains moved at the last moment and were forcefully pulled out from the suppression of the god's shadow.

The enormous power caused the thousands of God's shadows to be destroyed.

Seeing that the sea of bitterness giant was about to swing the chains again, at the critical moment, the purple light in Su Yu's left eye shot into the nine heavens and emitted a magnificent purple light.

The illusory image of the chain shot out from his left eye.

"Law of time! Freeze!"

Kacha --

The law descended, and the swinging chain stopped abruptly. The Sea of bitterness giant staggered and almost fell forward.

His expression became even more furious. The veins on his arms bulged, and he used all his strength to pull out the chain.

But at this time, their attack finally arrived.

Tens of thousands of attacks with different power converged into a single line and landed precisely at the gap.

Bang --

With a violent sound of breaking, the chains finally broke into two!

The suffering sea giant that was pulling the other chain lost its center of gravity and took a few steps back. Finally, he sat on the ground and smashed the mountains and rivers within a radius of tens of millions of miles.

This scene caused the gods and living beings to cry out in shock.

Su Yu said coldly, "All living beings, Attack!"

Boom Boom Boom --

Another tens of thousands of attacks descended like raindrops, enveloping the sea of bitterness giant.

The Sea of bitterness giant had lost its chain and only had a small section at its waist. It was completely unable to resist and could only endure the attacks.

The attacks of ordinary gods and gods were fine, but the attacks of the sky sacred ship, the extermination cannon, and the Earth Dragon Beast were quite harmful to it.

"Roar!"The Sea of bitterness giant was rolling on the ground in pain.

Seeing this scene, the gods were extremely excited.

There was hope! They had hope to destroy the sea of bitterness giant that had threatened countless eras!

However, on the shoulder of the sea of bitterness giant, Princess Yunxia had a different expression.

It was as if she was excited, but it was also as if she was deeply pitying and mocking Su Yu and the others!

Su Yu also sensed that something was wrong and thought carefully. When his gaze swept past the broken chains, he suddenly thought of something. His expression gradually changed, and in the end, he could not help but look a little unsightly. "Could it be..."

"Hahahaha..."suddenly, the sea of bitterness giant's painful roar came to an abrupt end. What replaced it was actually a never-before-seen laughter.

The laughter penetrated the demon world and shook the galaxy for billions of miles.

The entire palace-shaped demon world shattered everywhere as if it was about to break.

Looking from afar, it seemed as if a baby was about to be born.

The gods froze on the spot and looked at each other with shock and unease.

"Is he crazy? How can he laugh after being bombarded by us?"

"Shouldn't you be paying attention to the sea of bitterness giant? He actually laughed?"The first Prince said in a deep voice, "I've been in the demon world for thousands of years, but this is the first time I know that the sea of bitterness giant can laugh! No, something's Wrong!"

In their confusion, the suffering sea giant slowly stood up. There was no pain on his huge face, only the pleasure of relief, excitement, and high-spirited!

That almost rude face was very intelligent at this moment. When he lowered his head and stared at the creatures on the ground, he actually... spoke, "Hehe, I really have to thank you. This emperor... No, it's me. I'm finally free!"

Escaped? The gods were at a loss. They stared at the broken chain and instantly understood something.

"He means that it was the chain that once bound him. In the end, we... cut off the chain?" The gods were in disbelief.

Wasn't the chain his weapon? Why was it his restraint instead?

The first prince cried out in shock, "You... you actually opened your mouth to speak! Also, that chain is actually a seal that binds you?"

He was familiar with the secrets of the Devil World, but he had never known that the real use of that chain was not a weapon, but something that sealed him!

On the shoulder of the sea of bitterness giant, Consort Yunxia could not help but let out a breath of turbid air. Her eyes were moist, revealing her inner excitement. "It's really the will of heaven! It's the will of heaven! I never thought that I would be able to complete Lord's mission ahead of Time!"

The first Prince said in a deep voice, "Demon Consort, what exactly is going on? Who is the lord you speak of?"

Consort Yunxia stared at him mockingly, her smile deep. "You might as well ask Su Yu. He's so smart, he might have already guessed it?"

The gods all looked at Su Yu, their eyes filled with confusion and confusion.

Being stared at by everyone, Su Yu's expression did not ease at all. He was so calm that it was terrifying. After a long while, he said, "I was careless, I actually fell for it! That chain is indeed a seal!"

He blamed himself. When he saw the chain, he should have thought of a living creature!

The Creation Dragon!

He was trapped by the strange chain and could not move. He was also unable to leave the forbidden ground of Ten Thousand Devils.

The chain that the sea of bitterness giant wrapped around his waist seemed to be a weapon, but in fact, it could also be a seal that suppressed him.

If not for that, why had he never stepped out of the devil world for so many years?

The reason was probably because this chain had bound him within the devil realm, preventing him from leaving.

And without knowing it, they had cut off the chain and released the sea of bitterness giant in disguise.

Hearing this, everyone was shocked.

Only the first prince shook his head and said, "That's impossible. He's the first generation Devil Emperor, the person who created the Devil Realm. Who can bind him here?"

However, Su Yu's question made the first prince freeze on the spot. "Then, who told you that he's the first generation Demon Emperor?"

It was recorded in historical records!

"You're saying that he... he's not the first generation Demon Emperor?" The first prince stuttered in a daze.

Su Yu nodded and shook his head. "Not only is he not the first generation demon emperor, he's not even a demon! !"

What? The first prince was shocked beyond words. The second and sixth princesses in the rear of the warship were also dumbfounded. They found it hard to believe that the sea of bitterness giant that had existed in the sea of bitterness for tens of millions of years was not a demon?

"But he gave birth to a demon. There's no falsehood in that, right?" The first prince could not accept this reality.

Su Yu shook his head. "This is what the historical records tell you. Someone else created the demon world and gave birth to the demon world."

"Who?" The first prince asked in confusion.

Su Yu said, "That is the person who trapped the sea of bitterness giant here. If I'm not wrong, he should be a descendant of the Devil Sword Emperor. However, for some reason, after sealing the sea of bitterness giant, he disappeared, leaving behind descendants of the Devil Sword Emperor's bloodline like you."

"After that, you were deceived by the sea of bitterness giant and mistakenly thought that he was the first Devil Emperor of your generation. You've been deceived until today."

The first prince kept shaking his head at the wild speculation. "No, that's impossible. Everything is just a guess without any real evidence."

Su Yu sighed. "How hard is it to have real evidence?" "Ask the sea of bitterness giant why, as the descendant of the Devil Sword Emperor, he is afraid of the Golden Flame Forbidden Tree?" "The Golden Flame Forbidden Tree is the main material used to refine the nine Yang sword array. The nine Yang Sword Array and the universe sword array of the devil world are the essence of the Devil Sword Emperor's life."

"Do you think it's reasonable for a descendant of an emperor to be afraid of the inheritance of his ancestor?"

"This..." the first prince was stunned. Yes, he had wondered why the sea of bitterness giant was afraid of the Golden Flame Forbidden Tree, but the golden flame forbidden tree was just enough to counter the sea of bitterness giant.

The strangest thing was that the sea of bitterness giant's blood was also just enough to counter the royal family.

How could this kind of creature, which could restrain each other, be a common blood enemy?

The first prince was shocked, and it took him a long time to gradually accept this absurd reality.

“Hahahaha...”the sea of bitterness giant laughed toward the sky, he couldn’t help but praise, “As expected of a junior who could escape from me. Your intelligence is as close as a demon, and you can deduce more than half of the whole picture with just a few words! “If I had not been patient and did not let you discover the secret of the chains, I’m afraid that you would have seen through it too!”

These words confirmed Su Yu’s guess.

“That’s right! “Back then, I was accidentally discovered by the descendant of the Devil Sword Emperor and sealed here. He originally planned to use me to nourish the descendant of the Devil Sword Emperor, but halfway through, he was summoned by a mysterious Almighty and Forgot Me Here!”The Sea of bitterness giant’s eyes were filled with hatred. “What do you think the Sea of bitterness is for? “It’s used to corrode my cultivation

“Fortunately, he gave up halfway. Otherwise, when he finished setting up the sea of bitterness, even I couldn’t stand that kind of corrosion

“For tens of millions of years, I’ve been trying to think of a way to break free from the seal. In the end, I thought of a way to escape. I cultivated the “10000 devil reincarnation curse”and gradually transformed myself into a demon! “This seal is ineffective against the demon race. If everything goes well, I can escape. In fact, I’m already more than half a demon now. As long as I devour the current royal family of the demon race, I’ll succeed

“Unfortunately, tens of millions of years ago, the Undying Demon Emperor sensed that I was suspicious and refused to become my food. He escaped from the demon world. I could only wait for tens of millions of years and prepare to drive the demon world to search for the Undying Demon Emperor in the galaxy

“But...”the sea of bitterness giant looked at the broken chain at his waist, he couldn’t help but laugh. “Who would have thought that you would break the seal by accident! I saved the time to find the Undying Demon Emperor and directly escaped!”

Hearing this, the hearts of the gods sank to the bottom!

They... actually released a sealed ancient vicious creature!

The sea of bitterness giant lowered his head and stared at them. The corners of his mouth cracked into a ferocious arc. “I’ve told you the truth. As a token of my gratitude, I’ve decided to give you a quick death!”

“Asura sword!”The Sea of bitterness giant shouted in a low voice. Waves rolled in the sea of bitterness behind him. A blood-red longsword broke through the waves and flew in front of the sea of bitterness giant.

The blood-red sword was five million feet long, almost half the length of the sea of bitterness giant. With a casual sweep, it could destroy five million living beings in the surrounding area.

“This Asura sword was sealed together with you in the past. It has been lost in the sea of bitterness for hundreds of millions of years. Thank you for your hard work.”The Sea of bitterness giant stroked the longsword with a nostalgic look on his face, then he said coldly, “You have been silent for many years. I believe you haven’t been bloodthirsty for a long time, right? Hehe...”

His blood-red eyes swept across and stared at everyone present!

Su Yu’s pupils constricted as the words ‘Asura sword’lingered in his mind.

On the Imperial Dao Saint Weapon Ranking List, the ninth-ranked item was the asura sword! !

The person who had once appeared briefly and swept through the heavens with this sword almost swept away the ninth-ranked Taiqing emperor on the spot.

Chapter 1513 Seize All The Treasures (5th Watch)

It was actually an item belonging to the sea of bitterness giant!

And the sea of bitterness giant was actually the mysterious person who had almost defeated the Emperor of Taiqing! !

Endless shock reverberated in Su Yu’s heart.

At this moment, the sea of bitterness giant raised the asura sword. The sword’s light was piercingly cold, reflecting all the living beings on the ground. He smiled sinisterly and said, “Congratulations, you have become the first blood sacrifice after the birth of the Asura sword!”

Swoosh --

The Asura sword slashed down in the sky, and the entire demon world was instantly shattered, revealing the galaxy outside.

The boundless sword edge destroyed all living beings with an unstoppable momentum.

Standing under the sword qi, Su Yu actually felt that the world was vast, but there was nowhere to hide.

It seemed that no matter how he dodged, he could not avoid this heaven-destroying sword.

At the critical moment, Su Yu bit the tip of his tongue. The piercing pain made his spirit shake, and he suddenly woke up.

His face gradually calmed down. He waved his hand and a snow-white disc appeared in his palm. “Do you think you’re invincible after escaping?”

As soon as he said that, the disc expanded with the wind, and in the blink of an eye, it became ten times the size of the sacred sky ship.

Because of its huge size, the demon world, which was already in pieces, completely exploded.

Space cracks and vortexes appeared everywhere. It was extremely dangerous.

Su Yu shouted, "Everyone, give up fighting and enter the sacred sky ship and the Doomsday Board!"

Shua Shua Shua --

They had long lost their fighting spirit, including the first snow of the eternal night.

With this sword, all of their divine abilities were in vain. It was impossible for them to fight against it.

Everyone quickly retreated into the weapons of the two great civilizations.

The appearance of the Doomsday Board also stunned the sea of bitterness giant. "This is..."

It was not until the hundreds of doomsday cannons on the doomsday board gathered their energy onto the small ball in the middle that their expressions finally changed. They sucked in a breath of cold air. "Could this be..."

Su Yu said coldly, "Fortunately, you haven't forgotten!"

Boom --

The energy of the round ball gathered and exploded into an extremely terrifying destructive light pillar.

In terms of terror, it was several times stronger than the Sky Holy Ship!

Just the illusory images of the Great Dao laws were as numerous as the hairs on an ox.

The expression of the suffering sea giant changed drastically as he recalled the scene of his body being accidentally penetrated by a terrifying power.

However, compared to the beam of light in front of him, the attack that he had encountered at that time was like a mere aftershock. It was almost negligible.

At that moment, the body of the asura sword that the suffering sea giant had slashed down was like a living thing. It twisted at a strange angle and blocked this attack.

However, the remaining beam of light still pierced through the suffering sea giant without any difference.

He could not help but let out a shrill scream. His entire body was smashed like a sieve.

Su Yu was secretly shocked. He could not kill him even at such a close distance. This asura sword was really a big trouble!

If the asura sword had not blocked most of the attacks, this attack would have killed the suffering sea giant without a doubt!

But now, he had only suffered some serious injuries.

The suffering sea giant fell into an endless rage. He only had one blood-red eye left, and his killing intent was heaven-shaking. He said viciously, "Little Bastard! You are ruining my good deed. I will destroy you! !"

As he said this, the asura sword slashed down in the air, carrying the power of extinction and full of killing intent.

Su Yu's heart trembled violently. He gritted his teeth and took out a palm-sized cauldron from his bosom. He threw it into the air.

Instantly, the small cauldron grew from small to large. In the blink of an eye, it became a thousand feet in size.

Compared to the Asura sword that was five million feet in size, the nine dragons divine cauldron that had grown in size was still as small as dust.

However, when the asura sword struck it, it was like a kitchen knife striking an iron rod. With a bang, it was bounced back.

The Sea of bitterness giant, who held the long sword in his hand, did not notice for a moment. His arms shook violently, shattering all the bones in his body on the spot.

The Shura Sword in his hand fell with a whoosh.

The nine dragons divine cauldron, on the other hand, didn't move at all. It was as solid as a rock.

The suffering sea giant was shocked. "What is it?"

He had never seen anything in the world that could block the Shura Sword. Back then, Emperor Taiqing's Taiji yin-yang wings had almost been destroyed by the Shura Sword.

Looking closely, he saw that it was a simple cauldron carved with nine divine dragons. It seemed particularly mysterious.

The Sea of bitterness giant was startled. It seemed somewhat familiar, but when he searched his mind, he cried out in shock, "Ancient God Nine Dragons' Dao artifact, the nine dragons divine cauldron? How can he be in your hands... wait, he's Mine!"

The Sea of bitterness giant came to his senses and revealed an ecstatic expression. His enormous palm grabbed out.

But Princess Cloudmist, who was on his shoulder, suddenly said in a hurry, "Be careful, your Asura sword!"

When the asura sword fell, Su Yu had unknowingly activated the world-destroying disk and opened the cave abode world inside, storing the asura sword that was five million feet long inside.

At the moment, more than half of the sword had already been stored inside.

The Sea of bitterness giant turned his head and looked. He was also furious, but he had no time to care about it. All that was left in his eyes was the nine dragons divine cauldron.

However, just as he was about to hold the nine dragons divine cauldron with one palm, the three flying dragons on it let out loud dragon roars at the same time.

Time and space, the dragon roars of the three dragons in his soul turned into the power of law.

The nine dragons cauldron disappeared into thin air as if it had never appeared here.

Almost at the same time, a light flashed in Su Yu's palm, and the nine dragons cauldron shrank to the size of a palm and returned to his palm.

Su Yu put it into his pocket and immediately jumped onto the world-destroying disk.

At this moment, the world-destroying disk just happened to contain the asura sword.

Without saying anything, Su Yu put away the sky holy ship with one hand and sucked in the air with the other, grabbing the broken chain on the ground. Controlling the doomsday disk, he shuttled through the broken devil world and instantly disappeared without a trace.

The Sea of bitterness giant burst into laughter. Not only did he fail to grab the nine dragons divine cauldron, but the asura sword was also taken away. Well, even the sealing chain on the ground was taken away!

“You! Seek! Death! !”The bitter sea giant laughed coldly. With a punch, he shattered the demon world that was blocking his body and took a step forward.

Instantly, all the stars within a radius of tens of thousands of miles were crushed into pieces by the powerful aura.

“Snatching my Asura sword? HMPH, even the supreme pure Emperor doesn't have this ability!”The bitter sea giant sneered. If the asura sword could be snatched away so easily, then why didn't the descendant of the Devil Sword Emperor take the Asura sword away?

It wasn't that he didn't want to, but with the strength of the descendant of the demonic sword emperor, he couldn't do it.

The Sea of bitterness giant stared in the direction where the world-destroying disk had disappeared. He hooked his finger and said, “Come back!”

Billions of galaxies away, the world-destroying disk was escaping rapidly.

Inside the cave abode world, a long sword that was five million meters long lay quietly inside.

Su Yu was standing on the body of the sword. He used the Milky Way star sand to quickly extract the mark inside.

But after trying for a long time, he only managed to extract a trace of blood that was almost negligible!

God crane said, “Master, the grade of this item is far higher than the Galactic Stardust. In addition, the original master's cultivation is powerful and the divine blood is extremely stubborn. If you want to completely erase the mark, I'm afraid you'll need several years of continuous purification.”

Several years? Su Yu frowned. “I'm afraid we can't even wait for a moment.”

As soon as Su Yu finished speaking, the Shura Sword suddenly vibrated. The tip of the sword coldly pierced through several cabins and blocked the back of the doomsday disk.

The Shura Sword released a shocking Shura power on its own. It actually resisted the driving force of the doomsday disk and rushed toward the direction of the Devil World.

“Not good! We’re retreating quickly!”Eternal Night’s solemn voice came from the control room.

Su Yu’s expression darkened as well. He gritted his teeth and said, “Open the space and release this sword!”

The only way was to give up on this treasure. Otherwise, if they were brought back to the sea of bitterness giant, everyone would die!

They no longer had a trump card that could kill the sea of bitterness giant. They could only escape.

Kacha --

The space below opened. However, the asura sword actually had its own consciousness. It gave birth to an Asura power and dragged the sword’s body to prevent it from falling off the world annihilation disc.

Su Yu’s expression changed drastically. “HMPH! You’re courting death!”

“Soul Devouring!”Su Yu’s glabella split open and a stream of devouring power suddenly shot towards the asura sword.

Since the asura sword had a sword spirit, the sword spirit had a soul.

Sure enough, the moment the devouring power appeared, the asura sword immediately trembled.

But it was extremely tenacious. It did not immediately surrender. Instead, it increased its speed and pushed against the world annihilation disc, retreating rapidly.

Everyone was shocked. Was it going to jump off the ship to escape? If that was the case, the doomsday disk that Su Yu had spent so many years painstakingly working on would fall into the hands of the enemy. How could Su Yu be willing to accept this?

At this moment, two afterimages rushed in from the open space entrance at lightning speed without any warning.

Eternal night first snow shouted, “Who are you?”

When she saw the two figures clearly, her gaze turned cold and she attacked without hesitation.

“Lady Eternal Night, please calm down!”One of them stretched out his hand and blocked her attack, easily neutralizing it.

Eternal night first snow said coldly, “Zhan wushuang, you still dare to come? Because of you, sister Xue Yi’s life and death are unknown. The Demon World is also nowhere to be seen. I was just worried that I wouldn’t be able to find you to settle the score!”

Zhan wushuang said apologetically, “I don’t want to either, but please give me a chance to make up for it.”

“How are you going to make up for it if you can’t find her?”Eternal night first snow did not buy it.

Zhan wushuang said, “I may not be good at finding people, but I might be unique in suppressing all the divine weapons in the world.”

He looked at the Asura sword with evil intentions and gave a faint smile.

Eternal night first snow was skeptical just now and said, "You didn't lie to us again?"

"I'm not lying!" Zhan wushuang nodded and cupped his fists at Su Yu. "I wanted to help brother Su and save Miss Luo, but who knew... sigh... I'm willing to help brother Su suppress this sword. Consider it my compensation."

Su Yu looked at him and then at hanxuan, who was staring at him. He nodded and said, "Sure, if you can suppress it, I Won't blame you for what happened with Xueyi."

Zhan wushuang chuckled. "Then, I'll begin!"

He came before the asura sword. For some reason, the asura sword trembled, and there was a hint of fear.

Su Yu was secretly surprised. In terms of strength, the weapon spirit of the asura sword should be able to sense that Su Yu was stronger than him.

However, he was not afraid of Su Yu at all. On the contrary, he was afraid of Zhan Wushuang.

"Emperor Killing Sword!" Zhan wushuang shouted. A strange-looking longsword with teeth marks on both sides appeared above his head.

The moment this sword appeared, the asura sword let out a humming sound. It whimpered non-stop, as if it was intimidated by this Phantom.

What was even more peculiar was that the crane God also revealed fear on its face. It flickered unpredictably before finally turning into starlight and returning to Su Yu's palm.

In Su Yu's mind, the Crane God's terrified voice rang out, "Master, that sword seems to have a special deterrent effect on the spirit of our Royal Dao Sacred Weapon!"

Chapter 1514 The Girl With Strange Strength

Su Yu's gaze was solemn as he stared at Zhan wushuang with a meaningful gaze, he muttered in his mind, "That's because that's the second ranked Emperor Dao sacred weapon, the emperor's killing sword. It can kill all living beings, including the weapon spirit! In addition, all of you are Emperor Dao sacred weapons. The difference in levels is even more intimidating to all of you. Even the Shura Sword Spirit is terrified, let alone you."

The Asura sword quieted down and stopped causing trouble.

Zhan Wushuang was expressionless. He grabbed the phantom of the emperor's killing sword and inserted it beside the asura sword. "Brother Su, as long as the asura sword doesn't leave the Phantom, the spirit of the Asura sword won't dare to cause trouble."

However, what he met was Su Yu's meaningful eyes.

Zhan Wushuang was expressionless. He cupped his fists and said, "In that case, I'll take my leave."

With that, he led hanxuan out of the Doomsday Board.

Before he left, he turned around and glanced at Su Yu's crown.

As she watched the Doomsday Board leave, Hanxuan said unhappily, "He's so rude. He didn't even say thank you!"

Zhan Wushuang's expression showed a hint of worry. He said, "I'm the one who should say thank you."

"AH? On what basis?" Hanxuan was rather indignant.

Zhan Wushuang said, "He seemed to have recognized the secret of my possession of the emperor's four-piece set. However, he let me go so easily without any intention of getting his hands on it. Don't you think I should be thanking him?"

If Su Yu really wanted to keep him, given that both sides were evenly matched, there was no way he could escape.

Su Yu did not have the intention to kill, so he restrained himself.

"He's not such a person." The strange thing was that Hanxuan, who was angry at Su Yu's rudeness just now, was now defending Su Yu.

Zhan Wushuang said, "Maybe. Let's leave quickly. This place is not a place to stay for long!"

In the world ending place, Su Yu's hands behind his back tightened and loosened at times, showing the struggle in his heart.

After a long time, he let out a soft breath and stared at the Phantom of the Emperor's killing sword.

"The emperor's four-piece set, the divine throne of Heaven and earth, and the Phantom of the Emperor's killing sword are all on him..." Su Yu felt extremely pressured. "Could it be that the heavens favor him so much that the four-piece set is destined to be prepared for him, the natural-born emperor?"

He could capture Zhan Wushuang and interrogate the clues of the four-piece set. In fact, this idea did arise in his mind.

However, in a battle between heaven and Earth, reason always held the upper hand.

Firstly, Zhan Wushuang had just helped him suppress the asura sword. He had absolutely no reason to repay kindness with enmity.

Secondly, using brute force to force people to hand over precious items was something he disdained to do. If he wanted to snatch it, he had to snatch it openly. He absolutely could not do such a despicable thing!

After calming down the delusional thoughts in his heart, Su Yu said, "Speed up and leave immediately."

Eternal night said, "Which direction?"

After pondering for a moment, Su Yu said, "Return to the God Domain Empire!"

Everyone was stunned. Eternal night first said hesitantly, "Will this implicate the innocent creatures of the God Domain Empire? We can escape again, but they... I'm afraid that with a thought, the sea of bitterness giant will turn them into ashes."

Su Yu shook his head. "Although the galaxy is big, it is still the end. We can not escape if we only escape. I want to fight in the God Domain Empire!"

Ah? Everyone sucked in a cold breath. Fight? Against the Sea of suffering giant?

Was there a chance of victory?

"But I need you to buy some time. I'll leave the task of avoiding the sea of suffering giant to you," Su Yu said.

Eternal Night's first snow nodded. "Don't worry. Unless we die, we will never give up on a sliver of hope."

Nodding, Su Yu turned and entered the secret room of the main warehouse.

The Sea of bitterness giant had the absolute strength of a first sky. It was easier said than done to fight it?

"It seems that we can only make last-minute preparations. Hope is useful." Su Yu muttered. With a move of his soul, he entered the nine Jade Spirit Pearl.

In the cave abode world that they had not seen for a long time, Shengge transformed into a beautiful girl and was busy cleaning the nursery.

Sensing Su Yu's arrival, she immediately flashed over. There was a hint of bitterness and also a hint of excitement. "You haven't come for so many years. You thought that the nine Jade Spirit Pearl was lost?"

Su Yu said, "It's hard to explain. I've been bitterly cultivating for so many years, and I really can't find the time."

Hearing Su Yu's patient explanation, Sheng Ge was flattered and quickly said, "It's okay, it's okay. Don't mind our feelings. We'll be very embarrassed if you do this."

We? Su Yu was stunned. Besides Sheng Ge, was there anyone else here?

Confused, Su Yu shook his head and rushed to the nursery. Out of the blue, he saw a young girl in colorful clothes, about ten years old, bending over in the nursery to pull out the Indian silver bamboo saplings.

Su Yu shouted coldly, "Who is it?"

The young girl dressed in colorful clothes was not aware that there was someone behind her and was shocked. She turned her head and said angrily, "Are you trying to scare me to death?"

She was still holding a Indian silver bamboo in her mouth and her words were unclear.

Su Yu laughed in anger. Stealing its spiritual item and still daring to be so arrogant!

Chi --

A golden flame forbidden wooden sword appeared in Su Yu's palm and he slashed horizontally.

The multicolored-clothed young girl raised her eyebrows and was so angry that her silver teeth trembled. "WAAA, this is too much!"

Her slender palm went against the sharp sword light and suddenly grabbed.

What shocked Su Yu was that she was able to easily grab the forbidden golden wood longsword!

The forbidden golden wood longsword that could cut through anything was actually unable to cut open her palm. It didn't even break her skin.

What surprised Su Yu even more was that the multicolored-clothed young girl had boundless strength. When she grabbed the forbidden golden wood longsword and pulled, Su Yu was almost pulled.

Moreover, she didn't seem to have used her full strength.

The moment she didn't pull, the young girl seemed to become angry. She actually lowered her head and bit down on the forbidden golden wood longsword.

Kacha --

What shocked Su Yu was that she actually bit down on the forbidden golden wood longsword.

Not only that, she actually started chewing with relish. Her face was full of disdain as she said, "How disgusting! It's not even as good as the old Indian silver bamboo!"

"You're courting death!" Su Yu's gaze turned cold, and a golden light flashed in his palm as a small golden bell appeared. It expanded in mid-air, and with a bang, it fell down, pinning the little girl inside.

The little girl was so angry that her eyebrows were raised. Her two fists pounced on the Supreme Eastern Emperor Bell, actually causing the bell to buzz incessantly.

Su Yu was extremely shocked when he saw this. Su Yu had personally experienced the might of the Supreme Eastern Emperor Bell. Even when the sky saint battleship was fully charged up with energy, it did not shake the bell in the slightest.

This multicolored-clothed young girl's strength was truly astonishing. Just a casual slap from her would shake it to the point that it seemed as if it was about to break!

The following scene made Su Yu feel even more incredulous. Her slapping was ineffective and she actually opened her mouth to bite.

The terrifying thing was that a layer of debris was really bitten off by her.

With it in her mouth, the multicolored-clothed young girl's face was filled with excitement and excitement. "Delicious! This is really delicious!"

As she spoke, she continued to bite down.

Su Yu felt his heart ache as he watched. This was the Imperial Dao Sacred artifact ranked 23rd. It had yet to warm up in his hands, yet it was about to be eaten by this strange-strength young girl.

Anger rose from within Su Yu's heart. Immediately, three rays of light shot out from his eyes, faintly revolving around the illusionary image of the law chains.

"Space-time reversal law!"

The three-colored light pillar enveloped the multicolored-clothed young girl. The power of time, space, and the law of the soul carried her into the space-time reversal.

However, what made Su Yu's eyes widen was that the little girl twisted her body in dissatisfaction and broke free from the laws of reverse time. She excitedly continued biting.

Su Yu was extremely shocked. Even the sea of bitterness giant could not ignore the laws of reverse time. Just what was this girl?

Seeing that she was about to bite through the supreme one Eastern Emperor Bell, Su Yu was anxious. He took out an incomparably large and rough chain that carried the corrosive aura from the sea of bitterness.

It was the chain that had sealed the sea of bitterness giant!

"Open!" Su Yu opened a crack on the Supreme Eastern Emperor Bell. The chain in his hand flew out quickly and wrapped around the little girl in an instant.

The little girl's body was not as thick as the chain. She was like a little grasshopper that had been tied up.

However, it was this little grasshopper that had actually used both hands to open the chain and was about to escape.

How could Su Yu allow her to escape? His hands shook violently and more chains smashed over, pressing the little girl under the pile of chains.

Looking from afar, the shape was like a small mountain.

Even so, the small mountain of chains continued to shake. From within, the angry voice of the little girl gnashing her teeth could be heard, "You bastard, how dare you treat me like this, I'm going to eat you!"

The small mountain shook for a long time, but it was still not truly broken.

Su Yu could not help but wipe away the cold sweat on his forehead. Where did this terrifying little girl come from.

At this moment, Sheng ge finally caught up. She looked at her messy surroundings in shock, "What happened?"

Su Yu glared at her, "Why did you not report the appearance of a dangerous creature in the nine Jade Spirit Pearl?"

"Ah?" Sheng ge just realized that Su Yu had just fought with something to the death. She said anxiously, "Sheng Ge is incompetent, please punish me, Master. I really don't know what broke in!"

She was extremely shocked. Something had barged in, and neither she nor Su Yu had noticed it!

Looking at her appearance, it did not seem like she was faking it. Su Yu's expression softened slightly. "Forget it. I did not even notice when this creature had entered. How could you detect it?"

Sheng GE was still ashamed. She asked with concern, "Is master injured?"

Su Yu shook his head. "Fortunately, I managed to obtain two powerful treasures and barely suppressed it. Otherwise, there would really be danger."

Recalling the girl's strange strength and the teeth that could be crushed by the supreme eastern Emperor Bell, Su Yu shuddered.

"I'm relieved that Master is fine." Sheng ge patted her small chest and complained, "Master was attacked. Why did Xiao Die just stand by and watch?"

Su Yu was stunned. "Xiao Die?"

Sheng ge blinked. "Yes, it's a mutated nine-colored chaos butterfly. She broke out of the cocoon and transformed into human form. Strange, this guy should be stealing food in the nursery. Why didn't she appear at the critical moment?" "HMPH, seriously!"

Wait... Su Yu was stunned. She transformed into a human form? Stealing in the nursery?

He could not help but look at the pile of chains that piled up into a small hill. With a strange expression, he said, "Are you talking about a young girl who is about ten years old and wearing colorful clothes?"

Sheng ge blinked her clear black and white eyes, "Yes."

Su Yu's expression became even more strange, "She has infinite strength and can eat anything?"

"Eh! How do you know everything? Didn't I tell you?" Shengge stared at Su Yu strangely.

The veins on Su Yu's forehead throbbed. After a while, he said in a low voice, "If it's her, I think I've seen her before."

"AH? You've already seen her? I still want to give you a surprise." Shengge was a little disappointed.

The veins on Su Yu's forehead throbbed even more violently. He stared at Shengge and said, "Not only have I seen her, I even fought with her for no reason!"

"What? Xiao Die had a conflict with master... wait..." Shengge turned her head stiffly to look behind her and stammered, "The fierce creature that master mentioned, could it be Xiao Die?"

Su Yu glared at her unhappily. "What do you think? This is such a big surprise!"

They fought to the death and worked for a long time, but in the end, they ended up hitting their own people!

Chapter 1515 Destruction Of Lightning (First Update)

Sheng GE's face was filled with shock as she stared dumbly at the swaying chain hill. She said in a daze, "I... She..."

Su Yu glared at her and pulled out her palm. The thick chain was pulled back.

In the end, the figure of the strange girl was gone.

"HMM?" Su Yu was surprised. Why was she gone?

At this moment, Su Yu suddenly felt that the end of the chain was extremely heavy. She glanced at it with her clairvoyance and couldn't help but laugh.

The section of the chain was eaten hollow by the strange-strength girl. She burrowed into the chain and ate it heartily.

No wonder the chain Hill didn't move for a long time. So that's why!

She really could eat anything. The chain that sealed the sea of bitterness giant was no exception!

But speaking of which, her teeth were a little too terrifying.

The Sea of bitterness giant's divine abilities were overwhelming, but it was only after being sealed by the chains for tens of millions of years that Su Yu and the others were able to barely break free.

But what about the strange-strength girl? She directly ate this chain that had sealed him for countless years!

"Come out!" Su Yu shouted angrily, and the chains shook.

The strange-strength girl who was eating happily was caught off guard and fell to the ground with her butt shaking.

"Aiyo!" The strange-strength girl rubbed her butt and raised her head angrily. When she realized it was Su Yu again, she stood up with bared teeth and brandished her claws, "Ya! You Bastard, why do you always disturb me? I'm going to eat you! AO ~"

Seeing that the strange-strength girl was going to pounce on him again, Shengge finally knew why there was a conflict between them.

"Xiao Die, stop. How can you be rude to master?" Shengge berated.

The strange thing was that the girl with strange strength was not afraid of Su Yu, but she was very respectful of Shengge. She immediately restrained herself and lowered her hands. She stood obediently on the spot like an obedient child and did not dare to raise her head.

After Shengge berated her, she shrank her neck as if she was very afraid of her.

Su Yu looked at her and clicked his tongue in wonder. "This fearless little killing Star, why is she afraid of You?"

Shengge said a little embarrassedly, "She probably thinks of me as her biological sister."

From the moment Xiaodie was discovered, Shengge had been taking care of her. To Xiaodie, who had just been born, Shengge was no different from a relative.

Thinking back to when Xiaodie was still in her butterfly form, she was very attached to shengge. Everything made sense.

Finally, someone could subdue her. Su Yu was relieved. Otherwise, he would not have been able to do anything to the strange-strength girl.

She was not afraid of the power of laws and was able to swallow the emperor's path sacred weapon. Her strange strength was also shocking. She was simply an invincible little overlord!

"I see," Su Yu said slowly, he sized up little butterfly and said, "This is interesting. Nine-colored chaos butterfly, according to common sense, is born in human form. After breaking out of the cocoon, it transformed into a butterfly shape. Finally, it evolved into a worm shape and became a queen insect. This mutated nine-colored chaos butterfly seems to be the exact opposite!"

Shengge said, "I've asked little butterfly before. She's also confused. Maybe it's related to the mutation. All creatures in the world, as long as there's a mutation, will surpass common sense."

Su Yu nodded and then shook his head.

No matter how strong the mutation was, it would not reverse the normal evolution process. Little Butterfly was a little strange!

But no matter how strange it was, she became a great help to Su Yu.

After thinking for a while, Su Yu took out the nine dragons divine cauldron.

As soon as this item appeared, Xiao Die suddenly raised her head. Her eyes shone like two little suns, and her mouth drooled. "It's so delicious! Sister, I want to eat that."

Su Yu's face darkened, and Sheng Ge quickly scolded, "You only know how to eat! You're not allowed to eat anything that belongs to the owner. How many times do I have to repeat myself?"

Xiao Die shivered and quickly lowered her head, but she kept peeking at the nine dragons divine cauldron.

Su Yu took out two diluted drops of the nine dragons ancient God's blood and gave each drop to Sheng Ge and Xiao Die.

Sheng Ge took it and immediately felt the terrifying power of laws contained within it. She said in shock, "This... What kind of heaven and earth spiritual liquid is this? It's actually so terrifying? If the energy within is released, it should be enough to kill an entire area, right?"

Su Yu expressionlessly retrieved the nine dragons divine cauldron and said, "It's a type of divine blood. After you consume it, it will have unexpected benefits to your body's evolution."

"Divine blood? What kind of God's blood would be so terrifying?" Sheng Ge clicked her tongue, but then she thought of something and said, "Oh right, Xiao Die has a butterfly body and only eats heaven and earth spirit items. She's never interested in the flesh and blood of any living creature."

When she was still a caterpillar, Su Yu had tried to take the flesh and blood of Old Monster Wanxiang.

In the end, it didn't eat it at all.

“Wow! What a delicious thing!” What surprised Shengge and Su Yu was that Xiaodie’s face was filled with disdain at first, but she slowly realized that this drop of God’s blood was different from the others, and she cheered.

She was so excited that she swallowed the god’s blood in one gulp.

When the mysterious ancient god energy covered her body and transformed it, Xiao die was even happier. She opened her small palm to Su Yu and asked eagerly, “I want more! Give it all to me.”

“You wish!” Su Yu rolled his eyes and said seriously, “This divine blood contains too much power of laws, so it’s not suitable to take too much. When I find a way to continuously take it, I’ll give you more.”

“Humph! Stingy, stingy, master is stingy!” Xiao Die’s face immediately fell as she rolled on the ground and kept shouting.

“You eat and drink me, and you still call me stingy?” The veins on Su Yu’s forehead jumped again and again. He felt that his good temper was about to break, and he had the urge to hang her up and give her a good spanking.

Taking a deep breath, Su Yu stepped over him and came to the front of the nursery.

In the nursery, there was a gold and a silver, two spiritual plants that were a hundred thousand feet tall.

The silver was naturally the Indian silver bamboo. It was cultivated since Su Yu first obtained the nine Jade Spirit Pearl. If he counted, it had been cultivated for more than twenty years.

“In the few years master was in seclusion, two years ago, master met the requirement of ten thousand years old. Now, it is already twelve thousand years old,” Sheng GE looked up at the Indian silver bamboo and muttered.

Su Yu stared at the ten-thousand-year-old Indian silver bamboo. Other than being taller, the most notable difference between it and the ordinary Indian silver bamboo was that its entire body was dark. It was no longer shining with silver light, but carried traces of dark silver-white.

With a thought, Su Yu tried to touch it with his palm, but heard Sheng ge shout urgently, “Be careful!”

Su Yu reacted extremely quickly and immediately withdrew his hand. At this moment, a string of Black Lightning was released from the surface of the Indian silver bamboo.

Even though Su Yu was able to withdraw his hand rather quickly, he was still struck by a faint bolt of lightning.

His body suddenly turned into ashes, leaving behind only his nominalized body.

Sheng ge shouted, “Ah! Master! !”

She never expected Su Yu to die just like that!

“Sob sob, master... You’re dead, what should I do?” Sheng Ge started to cry.

At this moment, a pure life law surrounded Su Yu's nominalized body. His body quickly recovered and he even maintained his living posture. He said, "Why are you crying? I Won't die so easily!"

His gaze was completely focused on the Indian silver bamboo. His eyes were filled with shock.

Chapter 1516 Heaven And Earth Sword Formation (Second Watch)

Any spirit plant that exceeded the upper limit of its normal age would undergo a mutation.

When the Indian silver bamboo, which originally only had a lifespan of 900 years, reached a thousand-year age, it gave birth to purple lightning. However, it was very weak and Su Yu didn't care.

Who knew that ten thousand years later, the Lightning would evolve to such a terrifying level.

Even a second sky god would be in extreme danger if he was hit.

A trace of excitement appeared between Su Yu's brows. "It was not a waste of twenty years of painstaking cultivation. I have finally gained something!"

Sheng Ge, who was at the side, smiled and said, "This ten thousand-year-old Indian silver bamboo is probably one of a kind even after countless times in the world. Only the Supreme Breathing Earth can cultivate a divine tree that has an unlimited age. You Don't know that Xiao Die dares to steal everything, but she doesn't dare to get close to this Indian silver bamboo. We can know how powerful this divine tree is."

Oh? Su Yu was slightly surprised. Xiao Die's terrifying gnawing power was actually fearful of the ten-thousand-year-old Indian silver bamboo?

This bolt of lightning shouldn't be a threat to her, right?

With some doubt, Su Yu sized up the divine bamboo again. Suddenly, he realized that on the top of the divine bamboo, amidst a silver bamboo leaf, there was something the size of a fist. It was round, and its entire body was shining with silver light. He didn't know what it was.

"What's That?" Su Yu was a little surprised.

Sheng ge said, "It's the fruit of the Indian silver bamboo. It grew after 10,000 years. It was this big when it appeared, and then it was 2,000 years older. It's still that big."

"Fruit?" Su Yu was stunned. Bamboo could bear fruit?

There was no record of the Indian silver bamboo bearing fruit in any records.

"That's strange." Su Yu flew up and subconsciously wanted to reach out to receive it, but his hand suddenly stopped midway.

He had already suffered from the Indian silver bamboo's lightning and thunder, and he did not want to take the risk again.

After thinking for a while, Su Yu said to Xiao die, "Come, try and see if there's poison."

"Ah! You, you want to poison me to death! I Won't eat it, i definitely won't eat it!" Xiao Die's head was like a rattle-drum, and her small body was still trying to shrink back.

Su Yu was very sharp and noticed that her eyes were always on this fruit. Although she tried very hard to hide the fear in her heart, she could not hide it no matter what.

It actually made her feel fear. It seemed that this fruit was very unusual.

He found a jade sword and a jade box. Su Yu flipped his wrist, and the jade sword cut through the silver fruit's bud, and the silver fruit fell into the jade box.

Su Yu immediately sealed it with his divine power.

Through the Jade Box, Su Yu did not sense anything special about the silver fruit. He did not know why Xiao Die was so afraid of it.

He did not have time to pay too much attention to it. With a thought, the Indian silver bamboo rose up by its roots.

“After waiting for so long, I can finally refine the heaven and Earth Sword Array!” Su Yu could not suppress his excitement. After obtaining this sword manual for so many years, he finally had the chance to use his strongest move.

At the same time, Su Yu swept his gaze towards a spirit plant burning with golden flames beside the Indian silver bamboo, the golden flame forbidden tree.

The seed that he obtained back then had already grown into a towering giant tree. It was 4,000 years old. Although it was not as old as the Golden Flame Forbidden Tree, it was still a rare divine tree in the world.

However, it would be a pity to chop it off just like that.

Sheng ge smiled and said, “Master, there's no need to feel regretful. The Golden Flame Forbidden Tree is different from ordinary divine trees. As long as its roots are left behind, it can continue to grow without affecting its age.”

“That would be great!” Su Yu was delighted. If he waited another ten years, the Golden Flame Forbidden Tree would also grow into a ten-thousand-year-old divine tree. It would then become another divine tree of Heaven and earth.

With a thought, the golden flame forbidden tree was uprooted from the ground.

Carrying the two divine trees, Su Yu returned to the outside world.

Gazing at the two divine trees that had been nurtured for many years, Su Yu was filled with anticipation. He took out a palm-sized cauldron. The cauldron was warm, as if there was a flame burning inside it.

“The great desolate furnace is something that I've painstakingly obtained. Without it, I'm afraid there's no way to refine the two divine trees,” Su Yu muttered.

Following that, Su Yu took out the Ten Thousand Soul Stone, South Sea Divine Crystal, and many other supporting materials. Any one of them was an item that Su Yu had spent a lot of effort to obtain.

After adjusting his state of mind, Su Yu immediately began refining.

At the same time, the sea of bitterness giant, who was staring at the depths of the starry sky with a cold smile, suddenly had a change in expression. "How is this possible? What was it that suppressed my asura sword?"

He had been controlling the Shura Sword and bringing it back with the world-destroying disk.

Who knew that an inexplicable resistance would suddenly appear and cut off the connection between him and the Shura Sword Spirit.

Princess Yunxia was also slightly shocked. She pondered and said, "Could it be that Kid's Milky Way Stardust?"

"Impossible!" The Sea of bitterness giant was particularly certain. "The ranking of the Milky Way Stardust is far inferior to the Shura Sword. It is impossible to purify the mark of this emissary without several years of time. There must be an expert involved!"

Expert... Princess Cloudmist frowned deeply. "So many years have passed. Are there really experts in the Star River Divine Realm?"

The sea of bitterness giant frowned. "Theoretically speaking, it's impossible for them to still exist. Those endless years alone can obliterate them. Immediately chase after them. That Little Bastard dared to take this emissary's Asura sword. He's already dead. What's more, he has ancient God Nine Dragons' Dao artifact. This is a sin. He will die without a doubt!"

Bang --

The bitter sea giant took a step forward, causing the river of stars to churn and create massive waves.

The countless stars along the way suddenly trembled, and those that were a million meters away from him were directly shattered into dust.

After the Shura sword was suppressed, the World Annihilation Disk used all of its power to instantly break through tens of millions of kilometers of the river of stars and gallop through the river of stars.

At this moment, a shocking fluctuation came from behind them. Everyone was shocked.

Looking from afar, they saw an incomparably majestic giant at the end of the galaxy behind them. He was stepping on the giant waves of the galaxy and chasing after them at an extraordinary speed.

Almost every step he took brought them closer to each other.

After ten breaths, the sea of bitterness giant was already standing behind them.

Eternal Night Wuheng was shocked. "How can he be so fast?"

Bi Wanqing's purple eyes shone with a brilliant purple light and enveloped the sea of bitterness giant. After a while, she said, "He has the power of Asura and is rapidly mutating."

Everyone looked carefully and indeed found that clusters of black feathers were growing on the sea of bitterness giant's body.

A pair of pitch-black wings rapidly condensed on his back.

“The mutation of the Shura Creatures?” Eternal Night First Snow's face turned slightly pale. She was too familiar with this scene.

Previously, when she fought with the general of the Saint Demon Hall, the Shura mutation of the other party made her in a dangerous situation.

Eternal Night Wuheng said in a deep voice, “It seems that the reason why the creatures of the Saint Demon Hall in the demon world could be mutated is probably because of this half-shura, half-demon, sea of bitterness giant!”

“Hehehe...” a creepy voice came from the starry sky, “Ants, is my Asura sword easy to take?”

Everyone's heart sank. If they were caught up, they would die.

They could only buy time to buy two days for Su Yu!

Chapter 1517 Life And Death Pursuit (Third Watch)

Eternal night was decisive. “Extermination Cannon, Earth Dragon Beast, World Annihilation Cannon, activate!”

Many powerful civilization weapons immediately appeared on the disk. Beams of destructive light exploded, bombarding the starry sky behind them.

“Hehe, when the divine realm was complete, even stronger civilization weapons couldn't do anything to me. What's a few low-level weapons?” Amidst the dust, the sea of bitterness giant's body was covered in black feathers, blocking all attacks, he was unscathed.

Eternal night impermanence's expression darkened, and he said, “Cover the Doomsday Disk!”

Xiu Xiu Xiu --

Thirty Earth Dragon Beasts were thrown down. They chose to self-destruct one after another, shattering the stars in all directions. They also blew up the Endless River of stars into a myriad of giant waves.

For a time, the galaxy was in chaos.

The Sea of bitterness giant narrowed his eyes and snorted. Two terrifying gales spurted out from his nostrils, sweeping away the dust and the giant waves.

However, the world annihilation board disappeared without a trace.

The Sea of bitterness giant stared at the unfathomable galaxy below and sneered, “Hiding in the galaxy? Heh Heh, if you escape just like that, it would be the greatest joke in the world!”

“Antarctic Divine Ice!”The Sea of bitterness giant stepped into the galaxy. Extreme coldness rushed into the galaxy, freezing the surrounding thousands of kilometers into ice.

The galaxy instantly turned into a river of ice.

The desolate beasts that could not escape in time could be clearly seen in the river of ice!

The Sea of bitterness giant looked and laughed mockingly, “Oh? You escaped very quickly.”

With that said, he took another step forward.

In the end, another ten million kilometers of the galaxy froze into ice.

The tail of the apocalyptic disk that was hiding at the bottom of the galaxy was frozen by the cold air and instantly turned into broken ice.

The cold air followed the tail and quickly spread into the interior of the doomsday disk, endangering the living beings inside.

Eternal night said decisively, “Give up the tail!”

Under his control, the doomsday disk entered a state of partial disintegration. Everything outside the tail was freed from the main body.

However, this was only a temporary solution. Any kick from the sea of bitterness giant could freeze the lives of all of them.

At this critical moment, bi wanqing bit her red lips. “Let me scout the way for everyone.”

She was best at spying, including fate.

The purple light in her eyes reached its peak, as if it could not withstand such pressure. The blood at the corner of her eyes filled up and slowly slid down.

The intense pain caused her eyes to tremble uncontrollably and close at any moment.

However, she relied on her willpower to persevere. After a few breaths, she said with a pale face, “Fate is chaotic. The only thing that matters is disobedience.”

Go against it? This was the path of survival that Bi Wanqing had seen, but what was the meaning of this?

Just as she was about to ask, BI Wanqing’s eyes were covered in blood. The purple light was dim, and her delicate body was so weak that she fell into a coma.

Anyone could see how dangerous it was to excessively pry into fate.

Eternal night first snow immediately helped her up. Her eyes were filled with gratitude, and her gaze became even more determined. “Royal brother, don’t let her efforts go to waste!”

Nodding deeply, eternal night’s endless thoughts revolved. He racked his brains, and a light suddenly flashed in his mind. He said, “The so-called reverse, could it be that she’s going against the Galaxy?”

The source of the galaxy came from the east. Bi Wanqing meant that there was a glimmer of hope in the east?

And wasn't the east the direction of the God Domain Empire, the direction Su Yu had requested?

His heart rejoiced. Eternal Night's endless immediately controlled the world annihilation disk, and it rapidly moved against the river of stars.

As a result, an unexpected scene appeared.

In the reverse flow, there was a faint force pulling it, causing the World Annihilation Disk's speed to increase by several times, instantly increasing the distance between it and the sea of bitterness giant.

Along the way, one could clearly see that the desolate beasts at the bottom of the river were using this force to rapidly traverse the bottom of the river of stars.

"A strange force!" Eternal Night Wuheng was pleasantly surprised, but at the same time, he was extremely surprised.

Eternal Night's first snow also found it unbelievable. "To be able to draw out such a fast speed, and it seems to have existed for a long time, the source of this power is so powerful that it's hard to imagine! "Could it be that the small galaxy divine realm really hides an unknown secret?"

Eternal night said excitedly, "This galaxy is definitely not as simple as it looks! You must know that we lost the ancient divine realm and sank into the sea, and the source of the water in the sea is this galaxy!"

How vast was the lost kingdom? It was thousands of times larger than the galaxy divine realm.

However, the lost kingdom was submerged by the river of stars that flowed down from the galaxy divine realm, but the small galaxy divine realm was never submerged.

The source of this river definitely had something to do with it!

With the help of this pulling force, they instantly rushed for countless miles.

The Sea of bitterness giant happened to catch up with them. He held the tail of the world annihilation disc that had given up. Before he could sneer, he immediately sensed that the world annihilation disc's speed had increased explosively!

The suffering sea giant's expression changed, and he took a step forward to give chase.

However, with the help of the underwater traction force, the suffering sea giant was actually unable to close the distance. He could only stare at the world annihilation disc from afar.

"What's with the underwater traction force? Why is such a majestic force hidden in the reverse flow at the bottom of the Galaxy?" To be described as majestic by the suffering sea giant, it was evident that such a majestic force was immense.

"Let's see where you can escape to." The Sea of bitterness giant chased after them relentlessly as he stomped through large swaths of the starry sky.

This chase lasted for two days and two nights. Not only did the distance between them not shrink, but the closer they got to the source of the Star River, the greater it became.

This was because the pulling force in the countercurrent was also becoming greater and greater.

And the direction that the countercurrent was looking at was not anywhere else. It was actually at the bottom of the Divine Domain Empire.

Eternal night was slightly surprised. “The bottom... isn’t that the ancient ruin that relies on the god domain empire? That’s actually the source?”

Just as he was about to collide with the god Domain Empire, the pulling force strangely disappeared, as if it had been cut off by something.

The World Annihilation Disc’s speed rapidly decreased, finally returning to its original speed.

The Sea of bitterness giant sensed the world annihilation disc’s abnormality and laughed loudly. His legs opened wide, and his entire body jumped up. Then, he suddenly fell down, smashing into the vicinity of the World Annihilation Disc.

The shocking momentum of the fall caused the river of stars to splash hundreds of millions of feet high.

The violent waves directly rushed up to the divine territory empire and drowned more than half of the cave abodes.

Immediately after, the cold air from the sea of bitterness giant’s feet froze all the river of stars in an instant.

The cave abodes that were drowned also turned into ice in an instant!

At the bottom of the river of stars, eternal Eventide’s expression changed drastically. He immediately controlled the world-ending plate to rush out of the water.

Before the galaxy froze, the doomsday disk rolled up a pile of broken ice at the critical moment and narrowly escaped.

However, the moment it rushed out, a sinister smile shook the starry sky.

A huge palm that covered the sky and covered the sun came down and caught the doomsday disk.

The Sea of bitterness giant sneered gloomily, “To be able to escape from my hands for two days in a row, you can die with pride under the wine spring! Now, it’s time to say that it’s over!”

Eternal night first Snow’s eyes flashed. “Don’t you want Big Brother Su’s treasure? If we die like this, his treasure might be destroyed!”

“Hahahaha...”the sea of bitterness giant laughed into the sky. “Little Ant, don’t threaten me. I know this item better than you. Even if the divine realm is destroyed, it will be safe and sound. If he dies, this divine item will choose a new owner!”

With that, he clenched his five fingers, and the world annihilation disk let out an unbearable creaking sound.

The expressions of many creatures changed drastically. The World Annihilation Disk was about to shatter!

However, at this moment, waves of golden light suddenly rose from the World Annihilation Disk. Nine Blazing Suns rose into the sky and circled around the sea of bitterness giant's palm.

Suddenly, the sea of bitterness giant let out a miserable cry. The five fingers of his giant palm were broken from the joints!

Surrounded by nine blazing suns, a silver-haired figure with a crown stepped on a gigantic furnace and soared into the sky.

“You’ve all done your best. Leave the rest to me.” Su Yu’s eyes flickered with a sharp light as he spoke slowly.

Su Yu was in the final stages of refining the nine swords of the Heaven and Earth Sword Formation, but he had yet to succeed.

Unfortunately, it was already too late. He could only fight head-on!

Chapter 1518 Fierce Battle Against The Giant

With his five fingers broken, the sea of bitterness giant let out a fierce roar. Divine blood spurted out from his fingers like five water pillars, rolling the world-ending plate.

The divine blood contained great power. The surface of the world-ending plate corroded at a speed visible to the naked eye. Soon, the Hidden Space Cave was revealed, causing great panic among the living beings in the cave world.

Su Yu’s radiance flickered. He pressed down with both hands, and the Nine Brilliant Golden Suns merged into one, condensing into an incomparably large golden disk that cut off the five blood pillars.

Only then did the Doomsday Disk escape a calamity.

“A five thousand year old nine Yang Sword Formation! Little Bastard, who gave it to you?” The Sea of bitterness giant held his broken finger and endured the intense pain as he asked in surprise.

Su Yu was as indifferent as dust. He pushed forward with both hands, and the Nine Suns left nine afterimages in the sky, disappearing in an instant.

When he reappeared, he had already passed through the sea of bitterness giant’s majestic body.

Nine long sword marks could be clearly seen on his gigantic body as they slowly seeped through the transparent divine blood.

Pu --

With a muffled sound, a large amount of divine blood suddenly spurted out from the sword marks.

That incomparably gigantic body slid down the sword marks inch by inch. It was actually cut into pieces by the brand new nine Yang Sword Formation that was extremely powerful!

Witnessing this scene with their own eyes, Yong Ye and his sister were indescribably shocked. They felt an indescribable sense of distance. It was as if the distance between them and Su Yu was instantly pulled so far that they could not catch up.

They were being chased by the sea of bitterness giant until they were in a perilous situation. However, Su Yu merely relied on a brand new sword formation to kill the Sea of bitterness giant.

Immediately, their eyes were filled with joy and excitement.

“Shh! Big Brother Su went into seclusion for a few days at the critical moment. So it was to refine such a sword formation! It is not in vain for us to buy time for it!” Yong Ye’s snow-colored eyes were filled with a strange glow. It was as if his entire person had completely put down a huge hanging rock.

Eternal night was also relieved. He wiped off the sweat on his forehead. “That was close! However, it can finally end.”

Only the first prince held the devil sword tightly in his hand. Not only did he not let go, but he held it even tighter. His expression became even more solemn as he said in a low voice, “It’s impossible for a creature that has been sealed for tens of millions of years to die so easily.”

If it was really so easy to kill him, why didn’t the descendant of the Devil Sword Emperor kill him directly? Why did he go through so much trouble to seal him?

As expected, the Sea of suffering giants were split into nine.

However, after the nine body parts landed on the ground, each of them turned into a single sea of suffering giant.

Although it was only one-ninth of the complete sea of suffering giant, it did not cause any harm.

The nine sea of suffering giants smiled disdainfully at the same time, they spoke in unison, “Unfortunately, only the sword body that was refined is only 5,000 years old. If it was a complete version of the nine Yang Sword Formation, I would still be afraid of You! Unfortunately, you won’t have the chance to refine the complete version!”

Xiu --

The nine sea of bitterness giants disappeared on the spot at the same time. When they reappeared, each of them flickered near the Golden Sun.

The black feathers on each of the sea of bitterness giants shook off one after another. They were densely packed like dark clouds, enveloping the blazing sun.

From the looks of it, they were preparing to seal the nine Yang Sword Formation.

Su Yu’s eyes turned cold as he pressed his palms together.

The Nine Blazing Suns flashed with golden light, piercing through the black feathers and gathering in one place.

The Nine Suns merged into one and transformed into a huge golden sword. With the sword hilt as the center, it drew an arc-shaped sword Qi that covered tens of millions of feet.

Pu Pu Pu --

However, with countless sounds of destruction, the nine sea of suffering giants were all cut in half. The strange thing was that just like before, the nine sea of suffering giants had transformed into eighteen!

“Humph! Ant, I said, you can’t kill me!”The eighteen sea of bitterness giants sneered and shot out black feathers that blotted out the sky, swallowing the huge sword in an instant.

The golden light dispersed, and the nine Yang sword formation and Su Yu’s mental connection was cut off by the powerful force, making it difficult for them to command it anymore.

The eighteen sea of bitterness giants immediately attacked Su Yu without thinking.

Any one of them had a majestic strength that far surpassed that of a second sky expert.

At this moment, the furnace under Su Yu’s feet sizzled. The flames inside were like boiling lava, constantly spewing out.

Su Yu’s heart stirred slightly. It was the final moment of the refinement of the Heaven and Earth Sword Array, and it was about to succeed!

After painstakingly refining it for several days without seeing any movement, it just so happened that there were signs of success at the final moment.

The Sea of bitterness giant was even more sensitive. His pupils constricted slightly as he stared at the furnace and said ferociously, “You seem to be refining something extraordinary. Even I can sense that it’s quite dangerous!”

“It’s a pity that you won’t have the chance to successfully refine it!”The Sea of bitterness giant shook his head sympathetically, and half of the eighteen figures went out to snatch the furnace.

Su Yu’s sharp light flashed. He pointed at the nine jade spiritual pearl and shouted, “Xiao Die, it’s your turn!”

Xiao Die’s voice came from the nine jade spiritual pearl, “I’m not coming out. There’s good food and drinks here. Why should I go outside?”

“Is that so? You Don’t care that the cauldron of divine blood is going to be taken away?”Su Yu said indifferently.

Shua --

Su Yu’s words were still falling when a colorful shadow appeared in front of him. A petite girl appeared. She raised her eyebrows anxiously and pouted her mouth, she glared at him angrily. “Who? Who Wants to snatch it? Come out, I promise I won’t eat him!”

Suddenly, Xiao Die sensed eighteen figures coming from behind her. She immediately turned her head and counted her eyebrows. She placed one hand on her waist and pointed at him with the other. “You’re the one who snatched my item?”

The Sea of bitterness giant was slightly stunned. He instinctively sensed that this human-shaped girl was not simple, but he could not let Su Yu finish refining the item in the furnace.

The eighteen figures completely ignored Xiao die and bypassed her, heading straight for the furnace.

Xiao die stretched out her hand to block and said angrily, "Looks like you're not bad! You stole my thing, I'll Eat You!"

As she said this, she bared her fangs and brandished her claws, pouncing toward the nearest figure.

That figure smiled contemptuously and casually slapped her.

With the sea of bitterness giant's mighty strength, it was enough to smash her into dust.

However, what the suffering sea giant didn't expect was that the other party only used one hand to clench it into a fist and smash it towards him.

This punch not only blocked his palm, but also shattered his arm!

Compared to the suffering sea giant's enormous body, Xiaodie was like a grain of sand.

However, she was just an unremarkable little creature that contained a shocking mighty strength.

"How is this possible..."the suffering sea giant turned pale with fright.

What shocked him even more was that Xiao Die grabbed a strand of hair from the sea of bitterness giant with both hands, and then... threw him over his shoulder.

The Sea of bitterness giant was shocked to realize that he actually didn't have the ability to resist in front of this creature, and he was thrown to the ground.

However, the nightmare wasn't over yet. Xiao Die jumped on his body and wrinkled her nose in disgust. "It's really disgusting! I'll try it if I have to! !"

To his horror, Xiaodie opened her mouth and bit the space between his eyebrows.

Then, the sea of bitterness giant's huge body quickly shrank and turned into a ball the size of a thumb, sucking it into Xiaodie's mouth.

Ba Ji Ba Ji --

Xiaodie chewed hard, and the sound of bones being crushed and the sea of bitterness giant's painful screams came out from her mouth. Xiaodie, on the other hand, had a disgusted look on her face.

That scene was indescribably creepy!

As she swallowed it, the aura of the sea of suffering giant was completely erased from the world.

"Ugh! It's so disgusting. I told you that living beings are the most disgusting things."Xiao die complained and stared at Su Yu. "It's all because of you. If you let me eat that spiritual liquid, I would be able to swallow living beings as well. Pay Me Back!"

Before this, she had only eaten spiritual items of heaven and earth. Living beings shouldn't have been interested in them.

But ancient god Nine Dragons' blood seemed to have caused her to undergo some changes.

But no matter what, eating the body of the sea of bitterness giant was enough to shock the world.

Even the sea of bitterness giant looked as if he had seen a ghost as he cried out in shock, "Who are you? You can actually destroy my body!"

Back then, as the descendant of the demon sword Emperor who was the overlord of the galaxy, he could not do anything to his undying body. No matter what, he could not destroy it. Instead, he would kill more and more. He had countless clones, but the little girl in front of him was able to do it!

Xiao die frowned and said, "You're so Shameless. You're so disgusting, yet you're asking me what I am? You're not a thing!"

As she said that, she complained to Su Yu, "I don't care anymore. He's too disgusting. I can't eat him."

Everyone twitched when they heard that. Eat Him... little girl, do you think this is eating?

Su Yu's eyes lit up. He felt the fire under his feet getting hotter and hotter. He said, "If you can eat him all, I'll give you a drop of the divine liquid in the cauldron!"

Xiao Die's eyes lit up, but she rolled her eyes and said, "No, I want... two drops! If I Lose One Drop, I won't do it!"

"Fine, then two drops!" Su Yu said.

Xiao Die couldn't help but laugh, as if she had made a fortune.

She didn't know that ancient god Nine Dragons had diluted more than a hundred drops of divine blood, and two drops were just a drop in the ocean. She didn't know how cheap she was.

"Fine then, I'll eat it just because it's hard to eat!" Xiao die laughed and suppressed her disgust as she pounced forward.

One of the sea of bitterness giants resisted in anger, but it was unexpectedly pushed to the ground and eaten in one bite.

The other sea of bitterness giants were shocked and dodged one after another.

However, Xiao die was like a ghost. Not only was she extremely strong, but her movement technique was also unbelievably fast.

More and more bodies fell down and were swallowed by Xiao Die in one bite.

In just half a cup of tea, six of the sea of bitterness giants were eaten.

The other sea of suffering giants looked on with eyes that were about to crack. They were filled with hatred and shouted, "Unite!"

The remaining twelve bodies gathered together and formed a huge giant.

However, it was one-third shorter than before!

“Damn it!”The Sea of suffering giant’s eyes were filled with anger. Its 7,000,000-meter-tall body slammed towards Xiao Die.

Xiao die was not afraid at all. She grabbed onto a strand of hair on the other party’s body and used the same trick to throw him to the ground.

However, the sea of suffering giant’s huge body only shook a little before it stabilized. The Sea of suffering giant glared at her with his blood-red eyes and said coldly, “Bastard, eat my six paths origin body and die!”

His giant foot stomped down with a loud bang and kicked Xiaodie away.

Xiaodie’s face turned pale and her body flew away like a fallen leaf. A trace of nine-colored blood flowed out of the corner of her mouth.

After flying backward for a long time and smashing several stars, Xiao Die’s body finally stopped. Her face was full of anger, but there was also a trace of fear.

Compared to the complete sea of bitterness giant, Xiao die was still a lot weaker. If she had to fight it head-on, she would most likely be destroyed.

“Come back, you did your best,”Su Yu said slowly. He raised his hand, and the nine-jade spiritual pearl shot out a beam of green light, keeping Xiao die inside.

At this moment, the furnace under Su Yu’s feet was boiling even more intensely, as if something was rapidly awakening in the raging fire!

However, the sea of bitterness giant also fixed its attention on Su Yu. “Little Bastard, you’ve delayed enough time!”

Bang --

Its huge foot, with a destructive force, stomped down with a rumble.

Su Yu’s eyes shone with a cold divine light. He waved his hand and a thick chain flew out. It was the chain that had sealed the sea of bitterness giant. It turned into a black dragon and coiled around it.

Chapter 1519 Surviving A Desperate Situation

At the same time, a golden bell descended from the sky. It transformed into an endless giant and pinned the bell inside.

The Sea of bitterness giant punched the supreme one Eastern Emperor Bell with both fists. The bell vibrated violently as if it was about to shatter.

A huge vibrational sound swept across the galaxy. The sound was abnormally terrifying.

“A mere 23 imperial dao sacred weapon wants to trap the messenger? Scram!”With a roar, the sea of bitterness giant slammed his palms on the top of his head.

The supreme one Eastern Emperor Bell let out a mournful cry and was sent flying into the depths of the galaxy.

At the same time, the sea of bitterness giant grabbed the chain around his waist and roared furiously, "Get lost!"

With a pull of his hand, the chains that had sealed him in the past were all thrown away.

At this moment, the sea of bitterness giant was in a state of fury, and it was exceptionally terrifying.

"You don't have any more tricks, do you? Die!" The Sea of bitterness giant threw a punch at Su Yu.

At this moment, there was no extra magical treasure that could resist the terrifying sea of bitterness giant.

Seeing that Su Yu was dead, he gritted his teeth and shouted, "Back off!"

Without thinking, the doomsday disk quickly retreated.

The Sea of bitterness giant hesitated for a moment, then threw his huge fist at Su Yu without hesitation. "Little Bastard, the one who deserves to die the most is you!"

A cold light flashed across Su Yu's face as he took out a brilliant transparent ice crystal with one hand. He threw it towards the sea of bitterness giant with a wave of his hand.

The ice crystal was still in the air. The Sea of bitterness giant was stunned for a moment as he seemed to find it familiar.

All of a sudden, he seemed to have recalled something as a terrified expression appeared on his face. He said in shock, "It's... It's that Lord..."

Kacha --

The ice crystal was still in the air, but it released an incomparably terrifying cold air.

The nomological phantoms from all directions descended one after another.

The weight of this cold air directly attracted the Great Dao's nomological chains! !

The ice crystal was not something else. It was precisely the item that Su Yu had obtained in the ancient ruins beneath the Divine Domain Empire. It was a mysterious item that had once caused the ancient ruins to freeze in time.

An astonishing cold air quickly swept through the surroundings, freezing everything within a radius of billions of square feet. Even space and time were frozen.

Su Yu stepped on the stove and instantly used the Taiji yin-yang wings to teleport billions of miles away.

However, the sea of bitterness giant did not react so quickly. When he realized that something was wrong, the cold air had already swept through his entire body.

"Not good..." the sea of bitterness giant's voice suddenly stopped. His enormous body turned into an ice sculpture that could not move at all.

The World Annihilation Disc, the God Domain Empire, all the living beings witnessing this scene felt their emotions surge.

After a long, long time, only then did the living beings break the deathly silence. "Is... Is it over?"

“It should... be, right?”

The World Annihilation Disc flew over, and the eternal night siblings and the first prince flew out from within.

“Big Brother Su, are you alright?” Eternal night first snow asked with concern. Although Su Yu had dodged in time, half of his body was still frozen by the cold air that erupted.

Su Yu stared at the frozen sea of bitterness giant and shook his head with difficulty, “I’m fine.”

As he shook his head, the frozen neck broke, but blood could no longer flow out because even the blood in his body had been frozen.

Eternal Night First Snow felt a stabbing pain in her heart as she watched. She circulated her divine power to help Su Yu dissolve the cold air.

Eternal night endless shook his head, “It’s useless. It’s cold air that can even freeze space and time. Ordinary divine power can’t dissolve it.”

However, what stunned Eternal Night Wuheng was that the cold air on Su Yu’s body was dissipating at a speed visible to the naked eye.

“Eh? How is that possible?” Eternal Night Wuheng said in surprise, “Could it be that big brother Su’s physique is different from ordinary people’s?”

On the other hand, the first prince crossed his arms and pondered, as if he was thinking about something.

Not long after, under the combined efforts of eternal night first snow and Eternal Night Wuheng, Su Yu’s cold air was quickly dispelled.

After recovering his freedom, Su Yu said, “Thank you both.”

The two of them let out a breath of turbid air. Eternal Night First Snow’s face was slightly red as she said, “It’s good that you’re fine. I was really afraid that you would be hurt by the cold aura.”

Eternal night everlasting sighed again and again. “I didn’t expect that we would be able to fight against a first sky god in advance. I didn’t expect that we would be able to retreat. It’s truly a miracle!”

Hearing this, everyone felt a lingering fear in their hearts.

Indeed, their luck wasn’t bad. To be able to survive against a first sky god was truly a great fortune.

However, the first prince, who was deep in thought, gradually frowned and said slowly, “If Emperor Yu’s cold energy could be easily resolved, why was the sea of bitterness giant frozen instead?”

This question was rather abrupt, and everyone was stunned.

Yes, even Su Yu had dissolved the cold air, so there was no reason that the sea of bitterness giant, who was in the first heaven, had been frozen instead.

At this moment, a mocking, manic, and cold laugh sounded like a bolt of lightning in everyone's ears. "Hehe, of course this envoy did it on purpose!"

"Asura wayless Mantra!" The Sea of bitterness giant suddenly roared, and viscous black asura power rushed out of its body like pitch-black flames, instantly covering the ice on the surface of its body.

Su Yu's expression changed drastically. "Not good, run, the sea of bitterness giant is playing a trick!"

Pretending to be frozen, he made them lower their guard and then gave them a fatal blow!

"Hahaha, Senluo life-exterminating fist!"

With a loud laugh, a palm full of killing intent suddenly slammed down from the black flames.

Not only was the power of the palm unparalleled, but the killing intent was the most threatening thing.

Under the coverage of the intent, everyone instantly felt death descend upon them. They even lost the will to resist, as if they had already become a dead object and did not need to resist anymore.

Only Su Yu, who was proficient in the law of death, was slightly affected. His expression changed drastically, and he only had time to wave his sleeves and unleash a majestic force, sweeping Eternal Night Wuheng and the others away and flying out of the range of the palm imprinted.

And he himself was instantly struck by the palm imprinted.

Under the sky-reaching palm print, Su Yu was like a speck of dust, directly smashed into powder!

"Big Brother Su!" After leaving the palm print, eternal night and the others woke up from the killing intent. They just happened to witness the scene of Su Yu's death. Eternal night and the others' pupils shrank, and they screamed involuntarily.

When the palm print disappeared, what was left on the spot was a pile of ashes, a body that had not been destroyed, and a broken furnace.

The Sea of bitterness giant stared at the ashes on the ground with a hideous smile and said, "Hehe, the body was not destroyed? How interesting!"

He was about to pick up the body to examine it, but at this moment, there were banging sounds coming from the broken furnace.

The Sea of bitterness giant laughed mockingly. "Did you succeed in refining it? What a pity. It's too late. It was so close!"

He crushed the furnace with one finger!

The magma that had yet to take shape in the furnace splashed all over the ground with a sizzling sound. It quickly cooled down to a solid black residue.

Seeing this scene, all living beings felt despair and sorrow.

Even the most powerful Emperor Yu had perished!

Even the magical artifact that he had used as his last resort was destroyed at the last moment.
In the entire galaxy, who else could save them?

Helplessness, helplessness, and despair became the last straw that crushed his heart and soul.
After struggling for countless years, they still failed in the end.

Even if they welcomed a master of wisdom and strength, they were still defeated!

It was not because Emperor Yu had a name, but because the enemy was too strong, so strong that they could not shake their foundation even if they tried everything!

Sizzle --

However, at this moment, a slight sound echoed clearly in the galaxy.

Su Yu's remaining body was covered with a layer of green life force. His destroyed body was rapidly being reborn.

The Sea of bitterness giant sneered, "Resurrected from the dead? Hehe, I knew it, you little bastard, would not die so easily! But, what if I stop you from resurrecting?"

With a hint of mockery, the sea of bitterness giant's fingertip shot out Black Shura Power, and it entered the dark green life force near Su Yu's body.

Under the attack of the Shura Power, the life force quickly disappeared, and Su Yu's rebirth immediately slowed down, showing signs of stopping.

"Quickly stop!" Eternal Night First Snow's eyes were about to crack, and she used the Dragon Emperor's heavenly voice.

However, the sea of bitterness giant did not even look at him. He did not even have any defense as he allowed his attacks to land on his body without leaving a single scratch.

The Sea of bitterness giant turned his head and revealed a ferocious expression. He smiled sinisterly and said, "Don't be anxious. Come one at a time. Anyone who goes against me will die. No one will be able to escape!"

The Shura Power at the tip of his finger increased, causing the life force on the surface of Su Yu's body to disappear even faster.

In the blink of an eye, there was only one last wisp left, extremely weak.

Su Yu's rebirth had almost come to a stop.

Reviving from the dead could only be used once.

If Su Yu died this time, he would be completely dead!

At the last moment of his life, suddenly, a layer of black devil qi burning flames suddenly covered the surface of Su Yu's body, isolating the shura power from Su Yu's body and then slowly evaporating.

At the same time, in the depths of the divine territory empire, in an unknown cave world, an indifferent and peaceful voice rang out, "Amitabha. Almsgiver, if you can spare others, spare them. Why must you kill them all?"

The Sea of bitterness giant's sinister smile froze, and he suddenly stared at the cave world. Tens of millions of miles away, he could clearly see a monk in a plain-clothed kasaya sitting cross-legged on a small mountain.

The misery sea giant was stunned for a moment before he sneered, "I was wondering who it was. So It's the Undying Demon Emperor who escaped back then. I didn't expect you to Still Be Alive!"

"Hehe..."the undying demon Emperor's cross-legged figure instantly appeared in front of the misery sea giant like a projection. He said indifferently, "The Demon Emperor is dead. Only the god of death is left."

The misery sea giant said mockingly, "God of death... Hehe, I just don't know whether the death of the god of death is up to him or me!"

As soon as he finished speaking, the sea of bitterness giant's fingertip shot out an extremely dense land of Asura.

The Undying Demon Emperor's body immediately surged with undying demonic flames, blocking the land of Asura outside.

If one observed carefully, one would find that the position where the undying demon emperor was standing was exceptionally delicate. He intentionally or unintentionally blocked su yu behind him, preventing him from being harmed.

One strike failed.., the Sea of bitterness giant snorted coldly. "You're still as stubborn as before. However, if I were you, since I've escaped that calamity, I definitely wouldn't appear in front of me again! After all, you already knew my identity as an envoy, yet you still dared to come and court death!"

"Senluo extermination palm!"A palm full of killing intent slammed down.

The Immortal Demon Emperor's light gradually sharpened, and he similarly released the power of death to resist the killing intent.

The fast-descending palm stopped abruptly and was met with intense resistance.

The Sea of bitterness giant laughed and slammed his palm down.

The killing intent in the palm print instantly soared!

Pu --

The Immortal Demon Emperor's power of death was destroyed and he opened his mouth to spit out a mouthful of divine blood.

What was even more dangerous was that the palm print no longer had any obstruction. Together with the immortal demon emperor, it turned Su Yu into ashes.

However, at this moment, a cracking sound suddenly came from the pile of furnace dregs that had been reduced to dregs.

A crack suddenly appeared on the black dregs that had cooled down and hardened..

Chapter 1520 Hands And Feet Tied

A faint silver light flickered in the depths of the crack.

However, it was this silver light that caused the death intent of the Senluo extermination palm to melt away like snow when it touched the silver light.

That silver light was like the only light in a desperate situation. No matter how powerful the palm print was, it couldn't penetrate the silver light.

The Immortal Demon Emperor looked at the silver light that landed on his body. Then, he looked up at the palm print that was right in front of him. He clasped his hands together and smiled. "Good, good, good!"

The Sea of bitterness giant's pupils constricted. He stared at the pile of debris with a serious expression. "How is this possible? Could it be that the refinement is successful?"

Boom --

Without thinking, the sea of bitterness giant stomped down. The giant palm carried a force of ten thousand tons. With the power to shake the galaxy, it shattered the hard black debris that had cooled down.

The undying demon emperor and Su Yu, who had been resurrected, were also shattered along with it.

At this moment, another crack appeared on the black debris, and a second streak of silver light slowly shot out.

Two streaks of light illuminated a small space, making it as bright as day.

Meanwhile, the sea of bitterness giant's death-defying kick shattered countless stars nearby. The powerful shockwave even pushed the entire God's domain empire thousands of miles away.

The World Annihilation Plate, which bore the brunt of the attack, was like a small fish rolling on a giant wave.

However, this kick did not destroy that extremely weak little silver light space.

On the contrary, the sea of bitterness giant suddenly retracted his foot. His pupils constricted, and hints of fear appeared in his eyes. It was as if he had recalled something.., his expression changed drastically. "Could it be... impossible? How can the current God's domain nurture such a rare natural object?"

Kacha --

Another soft sound fell into the ears of all living beings.

Another crack appeared on the debris.

Then, another crack appeared.

Then, the third crack, the fourth crack, the fifth crack..

Then, the black debris was riddled with holes. With a pop, something seemed to break out of the cocoon.

The hard black debris cracked open, revealing what was inside.

A ball of pitch-black lightning turned into black lightning fire, which densely wrapped around the nine silver-black swords.

It turned out that even though the great desolate furnace was destroyed, what should have stopped refining was the Black Lightning that was born from the ten-thousand-year-old Indian silver bamboo. It evolved into a lightning fire on its own and continued refining the main material to complete the final stage.

Looking at the nine silver swords, the sea of bitterness giant revealed a look of fear and exclaimed, "It's really him! ! Impossible!"

The Sea of bitterness giant that was on the verge of going crazy sucked in a few stars from the air and threw them at the silver sword, attempting to suppress it before it was born.

However, before the stars could get close, they were burned into nothingness by the Black Lightning fire.

"I can't Let You Come Out!"The Sea of bitterness giant roared anxiously.

However, no matter what kind of divine ability he used, the silver light seemed to restrain him and couldn't get close at all.

Seeing the lightning fire gradually extinguish and the nine swords about to take shape, the sea of bitterness giant became crazier and crazier.

At this moment, Princess Yunxia on his shoulder said calmly after thinking, "My Lord, Please calm down!"

Her eyes were filled with viciousness as she said coldly, "If you can't stop the silver sword from taking shape, then everything will be fine if you threaten the person holding the sword!"

Hearing this, the anxious sea of bitterness giant seemed to have been enlightened and gradually quieted down. His gaze passed through the black debris and landed on the god Domain Empire not far away, he laughed darkly and said, "Hehe, it's indeed a good idea! Why didn't I think of it?"

"Isn't what he values the most the so-called common people in the world? Hehe, what a laughable ideal."The Sea of bitterness giant laughed coldly as he stared mockingly at the God Domain Empire. "Ants, this emissary will lend you my life!"

"Devil engulfs the world!"The Sea of bitterness giant's entire body released boundless Devil Qi, gathering behind his back to form a massive vortex. An incomparably shocking suction force was transmitted from within the vortex.

In the entire divine territory empire, hundreds of Immortal's Cave worlds couldn't resist sliding into the whirlpool.

When Eternal Night Impermanence and the others saw this, their expressions changed greatly. They immediately entered the world annihilation disc and controlled it to fly out of the range of the suction force.

Within the World Annihilation Disc, there was an entire nine regions immortal's Cave World's living beings. That was the place that Su Yu valued the most.

"HMPH, can you escape?" The Sea of bitterness giant sneered. The suction force of the whirlpool behind him suddenly intensified.

The World Annihilation Disc, which had already flown far away, could not resist flying back into the vortex.

"Damn it!" Eternal night said, "If the world annihilation disc had not been injured, how could this bit of suction force not resist?"

Eternal night first snow said anxiously, "We can't control the World Annihilation Disc anymore. Inform all living beings to run away as soon as possible. If they can't escape... Kill them all!"

Hearing this, eternal night everlasting was shocked. "Kill... First Snow, you..."

Eternal Night First Snow's eyes were filled with the indifference that a member of the royal family should have. "If they fall into the hands of the sea of bitterness giants, they will only implicate big brother Su! "With Big Brother Su's character, it will be difficult for him to care about their lives in vain. At that time, when they fight, their hands and feet will be tied, and they will be doomed. It is very likely that the sea of bitterness giants will take advantage of them and meet with misfortune!"

Eternal Night Wuheng said, "But we can't kill them all!"

"Hehe, royal brother, do you think that the sea of bitterness giants will let these hostages go just because Big Brother Su is dead?" Eternal night first snow was exceptionally calm, she was so calm that it was almost heartless. "They will die sooner or later. It's better to die early so as not to drag big brother Su down!"

Eternal Night Wuheng looked at his sister in surprise. In his memory, his sister did not care about the affairs of the world and had an indifferent personality.

At this moment, for Su Yu, she showed a cold and ruthless side.

Sighing slightly, eternal night Wuheng said, "Many of the creatures in the apocalyptic plate are brother Su's closest relatives. If you kill them all, he will never forgive you."

Eternal Night First Snow's expression was resolute. "I have never thought about living! Moreover, it's better for me to die than for him to die! This is the only thing I can do for brother Su!"

Upon hearing this, eternal night endless was stunned. He would rather have his hands stained with the blood of billions of living beings, and he would rather suffer Su Yu's hatred, in order to save Su Yu's life!

Eternal night endless sighed softly. "Su Yu's Su Yu, have you really felt the heart of your royal sister?"

At this moment, the world annihilation disc was even closer to the vortex.

The God Domain Empire also slowly slid over.

Eternal Night First Snow pulled out a cold sword with one hand and said, "There's not much time. I'll first destroy all the living beings in the world annihilation disc before anything else. I'll kill as many living beings in the god domain empire as I can. I'll try my best not to let them fall into the hands of the sea of bitterness giants!"

Holding the cold sword, Eternal Night Snowman was like a cold sword, cold to the bone. Only the bitterness and pain in his heart was unknown to others. "Let me be this evil person!"

Shua --

His beautiful figure flashed and headed straight for the gathering place of living beings in the world annihilation disk.

However, a figure was one step ahead of him.

"I'll be the sinner." Eternal night impermanence turned around and smiled freely. "I betrayed the Eternal Night Dynasty. I'm not a qualified prince. I didn't protect my fiancée. I'm not a qualified fiancé. If I can't even be a qualified royal brother, I'll be a failure in this life."

He wanted to replace eternal night first snow so that his sister could be together with Su Yu for a long time, while he himself chose to die.

Eternal Night First Snow was startled and said, "Imperial brother, I'm willing to die for Su Yu. You Don't have to die in vain."

Eternal night first snow gazed deeply at her, full of brotherly affection. "But I'm willing to die for imperial sister!"

"Imperial Brother!" Eternal Night First Snow's eyes were sparkling. She let out a low cry and wanted to stop him, but he leaped into the world of the cave abode.

Compared to eternal night's impermanence, the creatures in the world of the cave abode were like tiny ants that could be destroyed in an instant.

Holding his long sword tightly, Eternal Night's impermanence took a deep breath. "Big Brother Su, if you want to blame someone, blame me!"

Just as he made up his mind to start a massacre, an earth-shattering sword intent suddenly came from the outside world.

Endless silver-black light actually penetrated the world-destroying disk and shone in, enveloping the world of the cave abode in a silver-white.

"This is..." eternal night's eyes were full of surprise and expectation.
