

Nine-Dragon 1521

Chapter 1521 Messenger Of Asura

He flew out of the world of the cave abode and opened his eyes with great difficulty. Looking against the dazzling silver light, he saw a figure lying horizontally surrounded by nine silver lights.

The nine silver lights seemed to be under the control of their master. They released endless silver-black light spiritually and cut off the devouring power.

On the other hand, the expression of the sea of bitterness giant darkened. "You resurrected so quickly?"

His life force had been completely destroyed by the sea of bitterness giant, and it would take a long time to recover. However, at this moment..

Suddenly, the sea of bitterness giant noticed a jade-green bead floating near Su Yu's arm, which should have been destroyed. It was crazily releasing life force to replenish Su Yu.

Therefore, he could recover his soul in a short time and control the nine swords at the last moment to cut off the sea of bitterness giant's devouring power.

"You're courting death!"The Sea of bitterness giant was furious and slapped the nine jade spirit pearl across the air.

The nine Jade Spirit Pearl suffered a fierce attack and a girl's figure was shaken out. It was a sweet girl with picturesque features. It was Sheng Ge.

At this moment, ghostly qi and Buddhist Qi appeared on the surface of Sheng GE's body at the same time. The two opposing divine powers fused together and gave birth to a powerful life force. It was directed towards Su Yu from afar.

"So it's you! Stopping me will result in a death sentence!"The Sea of bitterness giant snorted coldly and sent out an extermination palm across the sky.

Sheng GE's cultivation was not even worth mentioning in front of the sea of bitterness giant. How could he block this attack?

At this moment, a silver light descended from the sky like a Milky Way, directly destroying this palm.

The Sea of bitterness giant looked up and his pupils constricted.

Su Yu stood up slowly. His destroyed body had already recovered. His cold and deep eyes slowly opened as he looked down at him coldly from the sky.

"It's time to end, sea of bitterness giant,"Su Yu said indifferently. The nine ten-thousand-year-old Indian silver bamboo swords seemed to be responding to Su Yu as they spun rapidly around him.

Because they were too fast, only silver afterimages were left behind. It was difficult to see the real body.

Looking from afar, a silver-black arc surrounded Su Yu's body, making him shine with silver light, as if he was a god from outer space.

"Heaven! Earth! Sword! Formation!" Su Yu said coldly. Every word was clear, and every word was filled with the intent to destroy.

Upon hearing these four words, the sea of bitterness giant could not help but tremble. He roared, "Stop right now..."

Boom --

A voice that seemed to split the heavens and earth, with Su Yu as the center, spread out in all directions.

God Domain Empire, God relic land, Heaven Lake.

Even the ancient god domain that was extremely far away.

A Fishman with a crown on his head, who had the aura of an emperor, suddenly sensed something and was slightly surprised. "Devil Sword Emperor's Secret Sword Technique?"

His eyes gradually narrowed, revealing a trace of a smile. "Even Devil Sword Emperor's successor has appeared. This time, the fight for the spot to escape is getting more and more interesting!"

In a certain endless sand sea, a grain of sand shook slightly, and several figures flew out from it.

One of them was the ruler of the kingdom that had abandoned the city and fled, the monarch of the Eternal Night Dynasty!

He focused his gaze towards the south, frowning deeply. "I didn't expect that after so many years, even the successor of Devil Sword Emperor has appeared in the human world. That universe sword array is known as the number one sword array in the divine realm, and its power is unfathomable!"

He turned his head and looked at the cave world that was disguised as dust. He muttered, "I only hope that the old ancestor will finish refining it as soon as possible. Otherwise, when the great calamity comes, even the emperor of the dynasty will not be able to protect himself."

At the same time, on a certain lonely snow mountain, a shocking rebellious intent enveloped the entire snow mountain. Within a radius of billions of miles, all life was extinguished.

On that Snow Mountain, a dark-skinned youth sat cross-legged. His entire body was covered in white flames, but suddenly, the flames turned into ice.

Ice and fire could not coexist.

However, ice and fire did not only coexist on his body, but they could also transform each other. This went against the way of nature and went against the Order of the world.

Only the bloodline of the heaven-defying emperor could possess such a rebellious intent.

And among the descendants of the heaven-defying emperor, only heaven-defying Han Xing was left.

He suddenly opened his eyes, and a domineering rebellious intent appeared, “Another contender has arrived, but everyone is my stepping stone. I am the Invincible King of the world! Including Su Yu, you are also my stepping stone!”

“Just you wait. I, heaven-defying Han Xing, am destined to be extraordinary!” Heaven-defying Han Xing slowly closed his eyes, and a mysterious rebellious intent enveloped him.

Galaxy divine realm, above the Divine Realm Empire.

Countless people looked up and saw the arc-shaped silver light radiate in all directions.

The silver light was extremely sharp. Wherever the radiation passed, everything was cut open. It was as if the silver light was the sharpest and most peerless thing in the world. It had the power to split open the heavens and earth and rebuild the universe.

The Stars, the galaxy, the abandoned cave world, the shattered divine relic land, and the shattered demon world.

Cut by the silver light, they were all reduced to the dust of the galaxy!

Including the seven-million-meter-tall giant of the sea of bitterness, at close range, his demon body was completely destroyed by the silver light that had created the world.

In the world, the aura of the giant of the sea of bitterness quickly disappeared until there was nothing left.

The Eternal Night was endless, the first snow of the eternal night, the first prince, and other creatures were all stunned.

A single sword had swept through the entire galaxy divine realm and destroyed a first sky god?

The destruction of heaven and earth was like the stunning scene when Pangu created heaven and earth. It was deeply imprinted in their souls, making them unforgettable for the rest of their lives.

The silver light dissipated, and the nine silver swords dimmed, turning into nine silver feathers that flew back to Su Yu's back.

At a glance, they looked like sword-shaped wings with strange shapes.

As Su Yu flew down, his wings flapped continuously, emitting a dangerous silver sword qi that surrounded his body.

At the same time, there was also a deep thunder roar that resounded within the sword feathers.

Regardless of whether it was its appearance or its momentum, it was unusually eye-catching.

Whoosh --

Su Yu landed on the ground. His body was unstable. Sheng ge rushed over and supported Su Yu's arm before barely holding him up.

Eternal night first snow flew over with concern and said, “Big Brother Su, you...”

She was surprised to find that not only was Su Yu lacking divine power in his body, but his physical strength was also exhausted. Even his newly recovered vitality was faintly discernible and extremely weak.

The first prince gazed deeply at Su Yu with admiration in his eyes, he said, "It's the sequelae of using the Heaven and Earth Sword Formation. To use this sword formation, not only does one need sufficient divine power, but one also needs to overdraw one's physical strength and vitality. An ordinary third sky god would die even if he were to use it. The fact that he is still alive is truly exceptional."

This sword technique was a secret technique of the royal family of the demon race. No one understood the pros and cons of this sword technique better than him.

Eternal night first snow was slightly relieved and said, "Fortunately, we have finally eliminated the great danger."

However, at this moment, Su Yu said in a hoarse voice, "Everyone, back off. He isn't dead yet!"

What? Not Dead Yet?

Everyone looked in the direction of the sea of bitterness giant. Its enormous body had become a thick layer of dust.

However, in the dust, there was a creature covered in golden scales half-squatting on one knee. A terrifying aura that far surpassed that of the sea of bitterness giant pounced over like a tsunami.

"He... who is he?" Eternal Night First Snow was terrified. She was several times more afraid than facing the sea of bitterness giant directly!

Su Yu narrowed his eyes. His expression was extremely grave. "His true form, the asura messenger!"

Chapter 1522 Reverse Flow Of Time And Space

"The... Main Body?" Everyone stared at the creature with golden scales, deep in shock.

If this was the main body, then what was it that they had just killed?

"Hehe... hehehe..." the golden-scaled creature slowly stood up, revealing its full appearance.

It was a humanoid creature. Other than its eyes, its entire body was covered in thumb-sized golden scales.

A pair of exceptionally sharp horns coiled around its head. It was extremely ferocious.

How similar was this creature to the bull-headed creature in the second seal of the Asura forbidden land?

Su Yu had a deep memory of that terrifying bull-headed projection. The isolation seal had a terrifying cultivation that could shock the soul. If the true body descended, its strength would be unimaginable.

However, at this moment, he could guess a thing or two.

As expected, the golden-scaled creature had a deep relationship with the ox-headed creature.

Most importantly, both of them had the same self-name -- envoy, an envoy from the Asura world!

“As expected of the number one sword technique of the divine realm passed down by the Devil Sword Emperor. He actually broke my asura body! Good, very good!” The golden-scaled creature gritted its teeth, a deep and cold killing intent jumped out. “Find me a reason that will make you wish you were dead!”

Killing a person was too easy. Torturing a person forever required a great amount of hatred.

“Back then, the descendants of the Devil Sword Emperor did not manage to break my shura body. I did not expect that I would be broken by a bunch of ants!” The golden-scaled creature fell into a frenzy of rage.

The so-called Asura body was equivalent to the physical body of an Asura expert. It had extremely strong defense and was indestructible. No matter how one killed it, it would be difficult to kill it.

The ones hiding inside the asura body were their main bodies. They had even stronger strength, but they were extremely weak.

If the asura body was destroyed, their main bodies could be said to be in danger of being destroyed at any time.

If there was an expert present.

Therefore, one could imagine how furious the golden-scaled creature was!

“All of you, enter the eternal Asura Path of reincarnation and experience the eternal cycle of Pain!” The golden-scaled creature roared at the top of its lungs. The Golden Horn on its head glowed with golden light and gathered into a reincarnation-shaped vortex.

The vortex immediately filled with the wails of countless creatures. Despair, pain, regret... all the creatures' most negative emotions were filled.

It was as if countless living beings had fallen into eternal torment.

“Eternal Asura Reincarnation Dao!” The golden scaled creature's black eyes widened. “Open!”

The whirlpool suddenly opened up a black entrance, enveloping Su Yu and the others within.

Facing this whirlpool, they did not feel any suction force, but they could sense that they were being rapidly swallowed.

Su Yu, the Undying Demon Emperor, the World Annihilation Disc, the Divine Territory Empire, and the entire galaxy were all being swallowed.

Endless stars flowed, and the river of stars in the sky flowed backwards, surging towards the black whirlpool.

No one could contend against it, or rather, there was nowhere to contend against it.

The undying demon Emperor's pupils constricted. "The Overlord realm of the galaxy is not something a lower god can defend against!"

Seeing that they were about to sink into it and become one of the countless regretful, despairing, and pained reincarnation creatures, Su Yu silently took out dozens of shattered stones.

They had already been pieced together, and the heavenly script on them was completely broken. It was the space-time gate!

"I've been preparing for a long time, and finally, this moment has arrived," Su Yu said calmly, his expression showing no signs of panic.

The golden-scaled creature laughed viciously, "Don't tell me that this is your backup plan!"

Su Yu nodded lightly, "Can't I? If there's anyone in the world who can destroy you, it's this space-time gate."

"Hehe, it's just a broken door!" The golden scaled creature snickered, the vortex between its horns growing larger and larger.

Su Yu slowly shook his head. He took out ten drops of ancient god Nine Dragons' diluted divine blood, smeared it on his fingertip, and then rubbed it on the shattered stone, "I hope everything goes as I expected," Su Yu said slowly. "With things developing to this point, the only thing we can do is disturb the existence behind the door."

As he spoke, Su Yu smeared his hand on the stone, drawing out a mysterious trajectory.

With the naked eye, Su Yu was writing, but with his senses, Su Yu's fingers seemed to be dancing. They were agile and otherworldly, making people want to imitate them, but they were at a loss.

Moreover, the words he wrote seemed to be a few simple strokes, but what made the onlookers incredulous was that they wanted to write silently in their hearts, but they found that they could not continue writing.

It was as if there was a hidden resistance that prevented them from writing.

The golden scaled creature's eyes revealed shock. "You actually know how to write the heavenly book characters?"

Su Yu concentrated on writing and said indifferently, "Immortal Demon Emperor, the heavenly book characters are all in front of you, what are you waiting for?"

The Immortal Demon Emperor chuckled. "Looks like you haven't forgotten our deal!"

Back then, the deal between them was that Su Yu would gift a portion of the heavenly book characters' comprehension.

For this reason, the Undying Demon Emperor helped Su Yu and destroyed the land of God relics.

He even made a move at the most critical moment to block the bitter sea giant's fatal attack, all for the comprehension of the heavenly book characters!

Shua --

Su Yu extended a hand and pointed at the undying demon emperor's forehead.

The undying demon emperor revealed an excited expression and closed his eyes to endure.

The endless comprehension of the heavenly book was like a stream of spring water pouring into his mind, causing his eyes to reveal joy.

However, apart from his joy, there was a trace of undetectable strangeness.

Not long after, the heavenly tomes on the heavenly tomes were completely filled up by Su Yu.

The stone door that had been split into countless pieces strangely recovered.

Waves of pure mysterious energy reverberated within the stone door.

There was the power of time, the power of space, and the power of time and space that had combined into one.

At this moment, the golden-scaled creature's expression finally changed. It roared, "You want to escape?"

Su Yu shook his head. "Not escape. I want to send you to meet someone!"

After he finished speaking, Su Yu's five fingers pressed against the stone door. The Time Law and space law within his body surged into the stone door like a tide.

The space-time energy on the stone door sensed and swept out, enveloping tens of millions of square kilometers of the inner world, including the golden-scaled creature and the entire God's domain empire.

At this moment, everyone felt that space-time had changed, and the surrounding scenery had changed.

They were in a colorful river, standing on a small wooden boat, and going against the current.

On both sides of the river, the scene was extremely strange and unpredictable.

The strangest thing was that the first scene was actually the scene of them battling the sea of bitterness giants!

And the second scene was the scene of the screen of gods offering sacrifices eight years ago.

The third scene was extremely unfamiliar. It was the scene of countless gods fighting against the demons.

"The Battle of Fenyang a hundred years ago?" Inside the apocalyptic disk, God Bao Tong and the Holy God were both shocked.

A hundred years ago, a group of powerful demons invaded the world of Fenyang cave abode. The Gods of the Hundred Gods Alliance entered the battle and fought against the demons. In the end, they expelled the demons at the cost of the deaths of several gods.

That was the most recent battle between the Hundred Gods Alliance and the demons, and they had a deep memory of it.

Everyone came to a sudden realization and said in horror, "This... could this be time reversal?"

The golden-scaled creature's eyes flickered violently. "The river of time is flowing upstream. Who left this stone door behind? Even the Emperor of Heaven and earth would never be able to create a time reversal teleportation door! !"

He wanted to break free, but with his strength as the overlord of the galaxy, he felt as if he was stuck on a small boat. He couldn't move, let alone hurt someone.

Then, thousands of years ago, and then tens of thousands of years ago.

One scene after another evolved into the changes of the galaxy divine realm.

Until tens of millions of years ago, a young demon with nine silver longswords on his back used a heaven-defying sword technique to defeat a giant that was tens of millions of feet tall. Then, he used a chain to bind the giant in a cave world.

The young demon with the sword bit open his finger and spat out two streams of blood essence from the tip of his tongue.

The blood essence fell to the ground and turned into a human, a man and a woman. The two sides combined and gave birth to a new demon. The new demons then combined with each other and continued to multiply and grow. They hunted demon beasts, learned divine abilities, formed forces, and continued to develop.., until they spread throughout the entire cave world.

However, they were still unable to get close to the area where the giant was bound.

Seeing this scene, everyone was shocked by the strength of the young demon who was able to suppress the sea of bitterness giant with a single move.

Only Su Yu, the Undying Demon Emperor, and the golden scaled creature's pupils constricted.

The successor of the Devil Sword Emperor! !

Time flowed back once again. An incomparably huge black qilin was as huge as a trillion meters, almost half the size of the Milky Way Divine Territory!

The Sun, Moon, and stars revolved around its body, and it was filled with the aura of an emperor that could intimidate the heavens and earth.

Waves of primal energy poured out from its body, destroying everything in its path.

Even though they had been separated from time and space for hundreds of millions of years, they still felt stifled by that powerful aura.

The golden scaled creature trembled, unable to suppress its joy and respect. "Emperor Qilin! It's him! He really escaped to the Star River Divine Realm!"

Escaped?

At this moment, another terrifying aura swept over.

It was an incomparably large black demonic dragon. Its eyes were cold and ruthless.

On its back, there was a woman in plain clothes with her hands behind her back. Her body was thin and gave off a weak feeling.

However, the aura she gave off was ten times stronger than that of Emperor Qilin!

At this moment, an ice crystal scale appeared on the woman's wrist.

The woman gently took it off and flicked her finger.

The ice crystal scale pierced through billions of galaxies and landed around Emperor Qilin.

What happened next shocked Su Yu.

The ice crystal scale radiated an endless amount of cold air. The cold air was filled with ice laws.

No matter what it encountered, it would instantly freeze into ice.

Emperor qilin turned his head to look, and with a shake of his enormous body, several stars fell.

Countless creatures that controlled the weapons of the ancient civilization rushed out from within the stars. They roared angrily as they charged towards the incoming ice.

“Emperor Qilin, let's Go First!” A peak first sky lower god let out a loud shout as he charged forward.

In the end, he was instantly frozen.

Next, the ice froze all the creatures that came charging at him.

Time and space around them were frozen as well.

They used their flesh and blood bodies to buy emperor qilin some time.

At this moment, Emperor Qilin took out a stone door... The One Su Yu was currently using.

Seeing this door, all the creatures present were shocked.

That stone door was actually left behind by Emperor Qilin?

And the ancient ruins of the frozen space had also formed at that time!

Su Yu was deeply moved!

That Devil Dragon, he wouldn't be mistaken, it was the world destroying dragon that was sealed in the mystic crystal mountain range! !

And that plain-clothed woman was definitely... The Vile daughter!

Chapter 1523 Boundless Devil Sword

She was chasing after the Kirin Emperor!

The scene before him was the scene of the destruction of the god realm billions of years ago!

Was the Kirin Emperor really killed?

How did the god Realm split into two, becoming the lost God realm and the Galaxy God realm?

Who was that evil daughter?

For some reason, her body gave Su Yu an extremely familiar feeling.

He raised his head and looked straight at the face of the vile daughter.

However, an invisible resistance blocked Su Yu's gaze, preventing him from seeing her true appearance.

"How can this be? There's also an invisible resistance in the reverse flow of time and space?" Su Yu was shocked. However, the more this was the case, the more curious he became. That body was indeed too familiar.

"Eye of time and Space!" Su Yu's eyes circulated the power of time and space, forcefully piercing through.

Under the power of time and space, the obstruction on his face was gradually removed. A faintly discernible jade-like face slowly appeared.

At this moment, Su Yu could barely see the outline of his face. He could even see the pair of snow-white eyes that were as calm as water.

However, what shocked Su Yu was that the pair of snow-white eyes was looking at Su Yu from afar.

Su Yu's heart skipped a beat. He was startled as he thought to himself, could it be because of the angle that they were looking at him?

However, at this moment, the evil girl who was chasing after emperor qilin suddenly said, "Strange. A creature can enter the flow of time and space? HMM, it's a rare dao God realm expert in the absolute beginning realm."

Su Yu was astounded. She could see him even though he had been separated from time and space for billions of years!

The evil girl was billions of years ago, and Su Yu and the others could only see that scene through the reverse flow of time and space.

The fact that the evil daughter could see him was enough to prove that the evil daughter had seen through Su Yu billions of years later!

How was this possible?

But the reality was that the evil daughter paused for a moment and waved at Su Yu. The small boat that Su Yu was on actually deviated from the direction and headed towards the shore.

Su Yu was shocked!

He was currently in the time-space Continuum. If he was pulled ashore, it would mean that Su Yu had returned to billions of years ago!

If that was the case, it would not be Su Yu who had transmigrated to hundreds of millions of years ago, but hundreds of millions of years had been added to Su Yu's body!

Who could withstand hundreds of millions of years of time?

It would be strange if Su Yu did not immediately shatter into pieces and turn into the dust of Time!

At this critical moment, a magnificent sword light cut off the reverse flow of time and space, cutting through the magnificent and unfathomable ancient scenes on both banks.

The reverse flow collapsed, and their journey of reverse flow of time and space came to an end.

The surrounding scenes changed. They stepped on solid ground and appeared under a waterfall.

The other three sides were all blank world barriers. Only the towering cliffs in front of them were flowing with silvery-white waterfalls.

It was as if this place was the end of the world.

After the waterfalls fell, they flowed along a long river and toward a huge gap behind them.

The shape of the gap was exactly the same as the stone door!

“Where is this place? Is there such a place in our Galaxy Divine Realm?” Bao Tong god of Commerce and the sacred God were extremely familiar with the galaxy divine realm.

However, they had never known that there was such a strange waterfall.

The first Prince’s expression changed, and he shouted, “What we should be concerned about now is not where this place is, but...”

Before he could finish speaking, everyone’s body stiffened, and their hearts could not help but tremble.

This was because a sinister killing intent surrounded everyone’s back.

How could they dare to forget that there was an existence amongst them that was so terrifying that they were unable to resist!

The golden scaled creature!

However, the strange thing was that the killing intent was not released. It did not lock onto them, nor did it lock onto Su Yu. Instead, it locked onto the end of the waterfall.

Looking at it, the golden scaled creature’s eyes shrank. It stared at the end of the waterfall. It was not difficult to see fear and fear in its eyes.

Its entire body tensed up. The immense power of Asura rolled non-stop. It was as if it was facing a great enemy.

Su Yu also looked at the top of the waterfall. He cupped his fists and bowed. “This junior, Su Yu, has led the galaxy creatures to meet Senior Devil Sword!”

In this world, there was only one type of person who had the right to use devil sword as his surname.

The descendant of Devil Sword Emperor!

Tens of millions of years ago, Devil Sword Emperor, who dropped the sea of bitterness giant halfway and suddenly disappeared, would be here?

Everyone was shocked!

“Come up, I have been waiting for you for a long time.” At this moment, a loud voice suddenly came from the end of the waterfall.

Hearing it, it gave people an inexplicable sense of comfort. It was as if his voice was aligned with the Great Dao and was close to nature.

Su Yu was secretly shocked. A casual sentence was filled with the Great Dao of Heaven and earth?

What kind of cultivation was this?

The overlord of the galaxy? Or perhaps, the Emperor of Heaven and earth?

Everyone's minds seemed to be attracted, and they flew to the end of the waterfall without thinking.

Su Yu thought for a moment and flew through the air.

The golden-scaled creature clenched its fist, resisting the thought of stopping them. It slowly retreated, towards the gap that was shaped like a stone door.

However, suddenly, a sword light descended from the end of the waterfall, descending from the sky and piercing through the golden-scaled creature.

The golden-scaled creature's expression changed drastically. Golden Light shot out from the golden scales all over its body, attempting to resist the sword light.

However, it had lost its sea of bitterness giant body, and its original body was extremely weak. It was pierced through the chest without any resistance, and was brought up to the end of the waterfall by the sword light.

"Since you're here, why do you still need to leave?" A faint voice came from the end. "I left you all those years ago, but I never thought that you would become the scourge of the galaxy. Sigh, this is my fault!"

Swoosh --

Su Yu and the others flew to the end of the waterfall, and what they saw was a flat cliff. There was a long river on the cliff, and the river went straight to the world barrier.

There was a huge gap at the barrier, and endless water rolled out and rolled down the cliff, forming the waterfall that they had seen before.

That was the source of the long river.

Beside the source, there was a simple little courtyard.

Within the courtyard, there was an extremely simple thatched cottage.

At this moment, Su Yu's gaze was fixed on the two figures under the roof of the thatched cottage. His eyes revealed a shocked expression.

They were two old men dressed in different clothes. They were sitting cross-legged and were focused on playing a game of chess.

The old man on the right was dressed in a green robe. His beard and hair were all white. His left hand held his chin while his right hand held a white chess piece between two fingers. He held it in the air as if he had no way to play it.

Su Yu was extremely unfamiliar with this old man and had never seen him before.

However, the old man on the left had an amiable look on his face. He looked like an ordinary old man, but he did not have a physical body. He was just a soul!

Su Yu cried out in shock, "Master!"

He only had two masters in his life. Li Guang, who had already fallen, was one of them.

The other was the mysterious Yun Yazi!

The person who could be called master was Naturally Yun Yazi!

HM? The Yong Ye siblings, the first prince, and the others were extremely shocked. They had never known that Su Yu had another master.

They had never thought that Su Yu's master would be so mysterious.

Could it be that his master was the descendant of that Devil Sword Emperor?

The green-robed elder slowly put down his chess piece and sighed. "Sigh, I've lost after ten years. In front of Senior Yun Yazi, this junior's luck in chess isn't worth mentioning."

Yun Yazi chuckled and turned to look at Su Yu, sizing him up from head to toe, a gratified look appeared in his eyes, "It has been ten years since I last saw you. Your growth has indeed exceeded my expectations. You have already cultivated the 'son of Heaven's aura-gazing technique' to the intermediate stage of the soul-devouring realm and have already caught up with me!"

Su Yu had mixed feelings. Ever since the great calamity of the nine prefectures, Yun Yazi had said that he had discovered something and wanted to find out what it was.

From then on, his whereabouts were unknown, and he never showed up again.

He did not expect that he would be here!

"Master, you flatter me, disciple..." Su Yu said.

Yun Yazi waved his hand. "I did not help you with anything that you got. Even when you were in the most critical moment, I did not help you. I may not be worthy of calling you master."

However, Su Yu shook his head. "Master, that day when the sea of bitterness giant's finger pierced through the devil world and was about to crush me, that 'shout' that scared him away was actually master's secret help, right?"

"Let's not talk about being a master for a day and a father for life. However, master has secretly helped me several times, so I must not be disrespectful."

Hearing this, Yun Yazi gazed deeply at Su Yu and sighed softly. "In ten years, you have changed a lot. Your mental strength is no longer what it was in the past."

The Su Yu of the past was far less intelligent than he was today.

He originally wanted to help Su Yu silently, but in the end, he was still detected by him.

"Hahaha... Senior Yun Yazi did indeed take in a heaven-defying disciple. It's really hard to believe that he was once a small creature in the nine regions cave

abode world."The green-clothed old man chuckled and curiously sized up Su Yu, his eyes filled with admiration.

Su Yu looked at him and cupped his fists. "Presumably, this is senior devil sword? Thank you for helping out, senior?"

He looked at the golden-scaled creature struggling on the ground after being stabbed by the sword light and felt a chill in his heart.

The overlord of the galaxy was easily pinned down by a sword light. His strength was unimaginable.

"Hehe, I'm not worthy of your seniority. If you don't mind, you can call me brother Devil Sword or call me by my real name. Devil Sword Wuya, we are of the same generation."The green-robed elder chuckled.

Same generation? Su Yu was stunned. Who Was Yun Yazi? In front of Yun Yazi, such an invincible expert considered himself a junior.

And as his disciple, Su Yu's seniority was frighteningly high.

"This..."Su Yu looked at Yun Yazi hesitantly. After getting permission from Yun Yazi, he said unnaturally, "Greetings Brother Devil Sword."

Devil Sword Wuya smiled in satisfaction. When his gaze swept past the golden-scaled creature..., he said, "Initially, I had good intentions. I hoped that with his strength, he would be able to nurture a group of outstanding juniors. I didn't expect that he would rush here to guard this place. He didn't have the time to take care of it. Instead, he caused this Asura envoy to become a huge disaster, endangering all life in the galaxy. I'm responsible for this matter."

Su Yu said, "Brother Devil Sword, you don't have to blame yourself. The disaster has yet to be brewed. You've achieved great merit."

Devil Sword Wuya Sighed. He waved his hand across the air, and the sword light brought the golden scaled creature back to him.

He picked up a black chess piece and pressed it on the golden scaled creature's forehead. The golden scaled creature's eyes revealed a strong resistance, but it was helpless as the chess piece was pushed into the depths of its brows.

It closed its eyes, and the golden scaled creature fainted on the spot.

"This chess piece is formed from the sword Qi that I have nurtured for tens of millions of years. With this chess piece, its life force can be destroyed in an instant. It can be considered a restriction,"said demon sword Wuya, at the same time, he took out a white chess piece. "Once this white chess piece is crushed, no matter how far away it is, it can detonate the black chess piece and destroy it."

With a flick of his finger, he shot the white chess piece into Su Yu's arms and smiled. "From now on, let this Asura creature follow you. If it has any other intentions, it can be killed with a thought."

Su Yu was overjoyed. An overlord of the Galaxy had become a follower?

“Thank you, Brother Devil Sword!” Su Yu couldn’t help but be overjoyed.

Devil Sword Wuya waved his hand and said, “No need to thank me. You contributed a lot to subduing him.”

Su Yu was stunned. What contribution did he have?

“Hehe, don’t look at how easily I suppressed him. It’s because he’s only left with his original body. If the asura was here, I might not be able to do anything to him,” Devil Sword Wuya said. “Moreover, without you bringing him here, it would be even harder for me to subdue him.”

Hearing the first sentence, Su Yu understood, but the second sentence was slightly surprised.

Could it be that Devil Sword Wuya was unable to leave this place?

At this moment, Yun Yazi smiled and said, “Not only did he bring the Asura envoy, he also brought another unexpected guest.”

Oh? Devil Sword Wuya’s old eyes swept towards the person beside Su Yu.

He swept his gaze over the Yongye siblings and the first prince before finally stopping on the Undying Demon Emperor. His gaze slightly focused, he slowly said, “He is indeed an unexpected guest. I didn’t expect that he actually has a strand of spiritual sense that has not been extinguished. Furthermore, he has possessed one of my descendants. What a surprise.”

Chapter 1524 Tianyun Emperor

HM? Su Yu stared at the Undying Demon Emperor and was slightly surprised. Was he possessed by divine sense?

“Hehehe...” suddenly, the Undying Demon Emperor let out a strange old chuckle. His voice contained the rhythm of the Great Dao and was actually somewhat similar to Devil Sword Wuya.

Another powerhouse with unknown strength?

“After so many years, you have also grown into a heaven and earth emperor. If Devil Sword Emperor knew about this, he would definitely smile in the afterlife. Unlike me, who still has no successor.” The old voice sighed.

Devil sword Wuya said indifferently, “Senior Tianyun Emperor, do you really think that I don’t know that you have accepted a natural born Emperor as your disciple? If I remember correctly, his name is Zhan Wushuang, right?”

Tianyun Emperor? Everyone present was shocked.

In the past, the Nine Emperors of Heaven and earth, World Destruction Emperor, heaven defying emperor, Eternal Night Emperor, Supreme Purity Emperor, Kirin Emperor, Devil Sword Emperor, Sky War Emperor, and Ice Fire Emperor.

Other than the emperor of Qilin, all of the top eight had descendants in the world.

Only the ninth emperor, the emperor of Tianyun, the most mysterious emperor, did not leave anything behind.

Among the nine emperors, he was ranked fifth, and his strength was only average. However, he was the most mysterious emperor.

Even the other eight emperors had never seen his true appearance, let alone understand him.

It was said that he was best at intercepting the fate of Heaven and earth.

During the era of the eight emperors, he was just an ordinary little cultivator. However, through intercepting the fate of heaven and earth, he continuously obtained fortunes that ordinary people could not imagine. Step by step, he reached the peak of his cultivation and became an emperor that stood above all living things, he shared the same name as the eight emperors.

The degree of mystery was hard to guess.

Even now, Devil Sword Wuya was more wary of this former emperor than he was grateful for.

What made them even more surprised was that the disciple that the Tianyun Emperor took in was none other than Zhan Wushuang!

Recalling the ten thousand feet tall divine emperor dharma idol behind Zhan wushuang, it was clear that he was just like Su Yu, a heaven and earth emperor.

They did not expect that it was the TIANYUN emperor.

It was no wonder that Zhan Wushuang's fate was heaven-defying. He was born as an emperor, and with the existence of the Tianyun Emperor's Dharma Idol, he could intercept the fate and obtain good fortune at any time.

That Emperor's four-piece set was probably also the fate that was intercepted!

The tianyun emperor laughed lightly, "The matters of the Star River Divine realm can not escape your eyes. That's right, I have indeed passed on my legacy to Zhan Wushuang. My Tianyun lineage can not be cut off just like that."

Perhaps it was because he had taken the fate of Heaven and earth and was too overbearing, disturbing the order of the Great Dao. As an emperor, he had no children in his entire life. No matter how many wives he had, it would be difficult for him to have a child.

Hence, his tianyun lineage was extremely weak.

Devil sword Wuya said calmly, "Senior Tianyun Emperor, you must have spent a lot of effort to enter this place, right?"

The Tianyun Emperor laughed, his smile had some vicissitudes of life. "More than effort? "It's not an exaggeration to say that I've spent a lot of effort. I'm just a strand of divine will of Tianyun Emperor, not my true body. If I want to build a time gate and reach the end of this divine realm, I can only search for the heavenly book characters everywhere. For this, I didn't hesitate to build the Hell Gate and obtain the characters through various transactions. However, the effect is weak. This half of the divine realm has been destroyed too cleanly, and there are almost no remnants of civilization."

“Fortunately, Emperor Heaven did not disappoint those who had the heart. Not only did Su Yu find the time gate, but he also understood the heavenly book characters on the time Gate. In addition, this Asura creature was aggressive, so he was able to enter this place together.”

Devil Sword Wuya’s finger gently tapped on the chessboard and said, “Then, Senior Tianyun Emperor, you didn’t come here just to catch up with me, a junior from back then, right?”

“Although I also want to, for me who doesn’t have much time left, time is the most precious thing.”The surface of Tianyun Emperor’s body flickered with fluorescent light, and an extremely thin phantom appeared. His entire body was transparent, as if he was about to disappear into the world at any moment.

“After billions of years, this strand of divine sense is about to perish. I have to finish what I have yet to finish.”The Phantom Shook, as if it was about to disintegrate at any moment.

Demon Sword Wuya looked at him indifferently. “What is it that you need to come to my place?”

Emperor Tianyun pointed at the gap in the river. “I need to borrow the exit to go to the absolute beginning realm.”

Absolute beginning realm? Su Yu was frightened. He had heard the name ‘absolute beginning realm’ from the creator Dragon, but he didn’t know where it was.

He didn’t expect that even the soul consciousness of the former Emperor of Heaven and earth would go there.

“Let’s go back. We can’t let anyone pass through the gap. Otherwise, if we wake up the sleeping ferocious spirits, the two god Realms, you, and I won’t be able to escape from the disaster.”Demon Sword Wuya refused resolutely, showing No Mercy.

Hearing that, Su Yu was moved. Ferocious spirits? What was that?

Could it be that demon sword Wuya was guarding this gap to prevent anyone from passing through?

The Tianyun Emperor bowed. “Please, for the sake of my previous sacrifice for the God realm, give me a chance. I’m grateful.”

The former Emperor had fallen to the bottom of begging people. His attitude was so low that it was imaginable.

However, demon sword wuya frowned and shouted, “If you remember that I sacrificed myself to protect the god realm, you should know how much risk the God realm will take if you pass through this exit. Please go back!”

Tianyun emperor wore a bitter face and sighed, “I only have one hundred years. I have to go to the absolute beginning realm. Please give me a chance. I’m begging you!”

Mo Jian Wuya's brows flashed with sharp sword qi. he shouted coldly, "I respect you as a senior. Your Deeds in life are worth singing and crying. Don't force me to do it..."

However, at this moment, Yun Yazi smiled and waved his hand. "What's the harm in letting him pass?"

"But senior..." devil sword Emperor was stunned. He said, "If we wake up that ferocious spirit, both you and the divine realm will be destroyed!"

"Hehe..." Yun Yazi smiled. "The ferocious spirit will wake up in less than three years. If we let him go, it will only speed up the awakening of the ferocious spirit. The divine realm will face a catastrophe in less than three years. If nothing unexpected happens, it will definitely erupt in two years."

Two years... If Su Yu remembered correctly, two years later would be the day that the evil daughter and the world extinguishing dragon broke through the seal.

With their invincible strength, the divine realm was indeed facing an unprecedented catastrophe.

"But..." demon sword Wuya hesitated.

Yun Yazi said, "Let him go."

Demon Sword Wuya was helpless. He stared at the TIANYUN emperor and said, "Consider yourself lucky. Senior spoke on your behalf because of your past. Let's Go!"

Tianyun emperor was overjoyed. He cupped his fists and bowed to Yun Yazi. "Thank you, fellow Daoist. May I ask who you are..."

"HMPH! Even if you were at Your Peak, you don't have the right to call him fellow Daoist. Now that you only have divine sense left, I advise you to be more cautious!" Devil Sword Wuya snorted.

Oh? Tianyun emperor was surprised. He looked at Yun Yazi again. After a long while, his eyes gradually filled with shock and respect. He hurriedly bowed and said, "This junior is blind. I didn't recognize Senior Yun Yazi. Senior, Please Punish Me!"

Yun Yazi smiled faintly. "Get up. You Don't have much time left. If you want to prepare the ground for your disciple, go ahead."

The tianyun emperor was filled with gratitude. "This junior is extremely grateful. If I am to be reincarnated, I will definitely do my best to repay senior."

"Hehe, there is no need to do your best. If you really have the heart, why don't you also take a portion of the fate of Heaven and Earth for my disciple?" Yun Yazi said.

The Tianyun Emperor looked at Su Yu, with a bitter smile, he said, "Senior, don't joke. It's already a great fortune for him to take you as his master. How can the fate that I've taken be compared to it? "I've long seen how strong your Disciple's fate is. I can't understand it at all. How can I be qualified to take his fate?"

Yun Yazi smiled meaningfully. "His strong fate is not because of me, but because there's another expert..."

He didn't want to say more, "How about this, you give Zhan wushuang a portion of the emperor's four pieces of luck."

"This..."Tianyun Emperor's heart skipped a beat, and his expression was complicated.

Yun Yazi said, "If you feel that it's difficult, then forget it."

Tianyun emperor hurriedly said, "Senior, you misunderstood. Not to mention that you owe me a favor, even if you don't owe me a favor, I'm willing to serve you in your name. However, it's not that I don't want to, but I can't."

Without waiting for Yun Yazi to inquire, he said, "I have indeed taken the fate of Zhan Wushuang, but only the fate of the emperor's four-piece set is not my doing. Moreover, I can not take the fate of that divine item!"

Yun Yazi said, "So, that is the fate that he was born with?"

The tianyun emperor nodded, "It can be said that the emperor's four-piece set naturally belongs to Zhan wushuang. This has long been destined by the heavens. It is useless for anyone to participate in the competition."

He looked at Yun Yazi, then at Su Yu, and sighed. "I just don't want to waste my time."

Everyone clicked their tongues in wonder. The heavens must have bestowed the emperor's four-piece set upon Zhan Wushuang since he was born with luck.

No matter how hard outsiders fought for it, it was all for naught.

Yun Yazi looked at Su Yu with a questioning gaze, meaning that he would decide for himself.

The heavens were fated? Su Yu's eyes were filled with unwillingness as he said, "Then I'll ask senior Tianyun Emperor to intercept a portion of my fate. At the very least, he can point me in the right direction!"

Tianyun emperor stared at Su Yu for a long time before he sighed, "As expected, this is a decision that suits you! Alright, since you have the confidence to fight against the will of the heavens, then I'll let you give it a try."

After saying that, the emperor of Tianyun waved his palms toward heaven and earth, and an obscure law chain was intercepted in his palm.

The emperor of Tianyun struck it between Su Yu's brows, and Su Yu felt something heavy on his body.

At the same time, there was an invisible guide in the depths of his soul, pointing him in the right direction.

If that direction was correct, it should be pointing toward the emperor's four-piece set.

This was the fate that he had intercepted? Its subtlety was hard to imagine.

“If I meet that disciple, I hope that little friend Su won’t make things too difficult for me.”The Tianyun Emperor had a worry in his heart.

Although Zhan Wushuang was outstanding, he could not see through this Su Yu at all.

“On account of Senior’s gift of fate, if he is in trouble, I will help.”

The Tianyun Emperor nodded. As if he had thought of something, he said, “Oh right, I coincidentally met that friend of yours called Luo Xueyi. I saved him and placed him in the god Domain Empire now.”

Su Yu’s expression became joyful. No Wonder Luo Xueyi was nowhere to be seen in the demon world. So, it was the Undying Demon Emperor who had saved him!

However, the Undying Demon Emperor’s original intention might not be to save him. It was most likely to prevent Su Yu from breaking his promise and threaten him with Luo xueyi.

Chapter 1525 Absolute Beginning Qi

“Many thanks, Senior!”Su Yu still cupped his fists in gratitude.

The Tianyun Emperor smiled in relief. He bowed to Yun Yazhi and Devil Sword Wuya before stepping into the gap and disappearing without a trace.

Looking at the Tianyun emperor, or rather, the immortal devil emperor’s back view, Su Yu had an epiphany.

In all the Devil Emperors of the Devil World, the Immortal Devil Emperor was the only one who saw through the truth of the sea of bitterness giant and escaped from the Devil World. Now, it seemed that there was a reason. The Immortal Devil Emperor must have been possessed at that time.

After he left, everyone’s eyes focused on Yun Yazhi and Devil Sword Wuya again.

Devil Sword Wuya smiled kindly. “Senior and young friend Su haven’t seen each other for many years. I believe that you have a lot to talk about. Let’s not disturb you.”

However, with a wave of his sleeve, he disappeared from the spot with everyone, leaving only the master and disciple.

“Hehe, come and sit.”Yun Yazhi waved his hand.

Su Yu walked over and sat on the other side of the chessboard. “Master, have you been here for the past ten years?”

Yun Yazhi nodded with a smile. “I’ve been here most of the time. If you have anything you want to ask, feel free to ask.”

Su Yu could no longer suppress the many questions in his heart. He asked curiously, “Where is this place? Why Is it deep in the reverse flow of time and space?”

“Hehe, this is the end of the divine domain. It was once the residence of ancient god Nine Dragons,”Yun Yazhi said leisurely.

The residence of ancient God Nine Dragons? Su Yu was shocked, but after a moment of thought, he said, "That time gate must have been left behind by ancient god Nine Dragons as well, right?"

Yun Yazi praised, "You truly are different from before. Your mental fortitude is astonishing. Not Bad, that time gate was left behind by ancient god Nine Dragons."

Su Yu was able to guess because he knew that ancient god nine dragons must have grasped spacetime laws.

Apart from ancient god Nine Dragons, it was hard to imagine that there would be a second person who could refine a spacetime door.

"Master, just who is this vile daughter that I saw in the flow of spacetime? She can actually see through spacetime and capture me from the reverse flow of spacetime?" Su Yu still felt his heart palpitate when he recalled that scene.

If it wasn't for the demon sword boundless severing the reverse flow and ending his spacetime journey, Su Yu would have been dragged ashore and faced the destruction of billions of years.

Hearing that, Yun Yazi said, "That evil girl is from the absolute beginning realm. She's one of the three strongest Dao Masters in the main hall of the Dao sect. She's extremely powerful. You forced yourself to see through her appearance in the reverse flow of space-time to attract her attention

"Any dao master has the ability to pierce through the sky and the Earth. The laws of Great Dao can't restrain her, and neither can the laws of space-time. It's not strange that she could sense your existence in space-time billions of years ago. Your previous actions could be said to be very dangerous. Fortunately, you arrived near the end of the god realm and were detected by Demon Sword Wuya. He cut off the reverse flow of space-time in time. Otherwise, the consequences would be unimaginable."

Su Yu was stern. "I was careless."

Yun Yazi said, "It's not your fault. I didn't do my duty to remind you."

After thinking for a while, Su Yu's eyes sparkled. "Master, May I know where the absolute beginning realm is?"

Yun Yazi was silent for a long time before he asked slowly, "Do you know what the word 'absolute beginning' means?"

Su Yu shook his head slightly. "I don't know."

Yun Yazi said, "In the antiquity age, the world was in chaos. It was silent and dark. There was no sunlight, no sky, no land, no mountains, rivers, and no living beings. It was only until the chaos gave birth to a gas. The gas fell into the dust and rose into the clouds. The dust gave birth to living beings. The clouds fell into the blessed land, and the living beings evolved into all kinds of forms. The blessed land evolved into mountains, rivers, and mountains. After countless years of reproduction, everything you see today was born

"It can be said that the first wisp of gas between heaven and earth gave birth to everything. It has a name, absolute beginning Qi!"

Su Yu was frightened. “Master, do you mean that the absolute beginning realm is the birthplace of everything?”

Yun Ya zi nodded. “Yes. Even the god domain originated from the absolute beginning realm. Compared to the absolute beginning realm, the god domain is just a speck of dust. It’s a humble existence created by the absolute beginning realm.”

Su Yu was shaken. How vast was the absolute beginning world? The vast god domain was actually one of the specks of dust created by the absolute beginning world?

“However, this god domain is also a special existence because its owner, ancient god Nine Dragons, is a dao master expert who can command the entire absolute beginning world. He stands at the peak of the absolute beginning world. The name of the nine dragons ancient god domain also reverberates throughout the absolute beginning world.”

Hearing this, Su Yu was extremely curious about ancient god Nine Dragons. Just what kind of peerless character was he?

“Then, the other end of this gap is the absolute beginning world?” Su Yu couldn’t help but feel a surging wave in his heart.

Yun Yazhi meaningfully asked, “You want to enter it?”

Su Yu wanted to nod, but he calmly rejected, “No! I have unfinished business.”

“Haha, Did You Leave the Divine Realm?” Yun Yazhi asked with a smile.

Hearing Su Yu’s nod, Yun Yazhi smiled happily. “If nothing unexpected happens, it’s a wise choice. Entering the absolute beginning realm now will do more harm than good to you.”

Su Yu’s eyes flashed. “What do you mean?”

Yun Yazhi smiled. “The successor of ancient God Nine Dragons. Do you need me to tell you what will happen if he shows up in the absolute beginning realm?”

Su Yu was surprised, but then he forced a smile. “I’m afraid that master already knows that I have the nine dragons divine cauldron, right?”

Others could see that it was impossible for Yun Yazhi, who had been by Su Yu’s side for a long time, not to know.

At that time, if Yun Yazhi wanted to snatch the nine dragons divine cauldron, it would be as easy as flipping his hand. However, he did not do so and pretended not to know, never delving into Su Yu’s secret.

Deep gratitude and respect surged in his heart. Su Yu bowed.

“Do you still have any questions?” Yun Yazhi said, “If not, I do have a question that I am very interested in.”

“Please go ahead, master,” Su Yu said.

Yun Yazı stared at Su Yu and asked curiously, "How did you know that behind this time door, there is a descendant of the demonic sword Emperor?"

So it was because of this matter.

Su Yu said in a relaxed manner, "Back then, I Met a dream woman named Mistress Red-dust. She followed me to the galaxy divine territory, but was scared away by a powerful existence. At that time, I thought that there must be a powerful existence hidden in the galaxy."

"Later, when I learned that the successor of the Devil Sword Emperor had given up on refining the asura creatures and disappeared, I guessed that the powerful existence mistress red-dust saw was most likely the successor of the Devil Sword Emperor."

"And when I saw the time door, I guessed that the time door must lead to an unknown place. That place is most likely where the successor of the Devil Sword Emperor resides."

As he said that, Su Yu smiled bitterly. "But what I didn't guess was that master was actually here!"

Yun Yazı listened attentively, his eyes brimming with praise. After a long while, he sighed softly. "So that's how it is. The accuracy of your deduction surprised me as well... but there's one thing that you might be wrong about."

"Oh? What is it?" Su Yu asked in surprise.

Yun Yazı's expression gradually turned solemn as he said slowly, "That woman from the red dust path can not see us behind the time door. She did not leave because of the demon sword Wuya and me."

"What?" Su Yu's pupils constricted as he said, "Then who did she see? Could there be some unknown powerful existence in the Galaxy Divine Realm?"

Hearing this, Yun Yazı looked at Su Yu with a complicated gaze and said, "You know that person too. Or rather, you are very familiar with him."

"Who is it?" Su Yu asked in surprise.

Yun Yazı didn't say anything. Instead, he took out a portrait, a portrait that Su Yu was extremely familiar with.

With a flick of his palm, an ancient scroll appeared in Su Yu's hand.

When the scroll was unfurled, a beautiful lady who was as beautiful as a fairy and not like the living beings in the mortal world appeared in the scroll, as if she was a living person.

Her features were like a painting, and her expression was indifferent. She exuded a peerless beauty that surpassed everything else, a beauty that all living beings couldn't reject.

Even Yun Yazı was momentarily absent-minded, and his eyes revealed a deep infatuation.

Their paintings... were exactly the same!

Su Yu's painting came from the world of the nine states cave abode. It was a mysterious painting that would make people sink into it and unable to extricate themselves.

What was transformed in the painting was not someone else, but Xia Jingyu! !

"Master, where did your painting come from?" Su Yu was extremely surprised.

Yun Yazhi said leisurely, "Half a year ago, it drifted into this place along the river of stars from outside the gap."

Half a year ago... half a year ago, it was when he had returned to the Galaxy Divine Realm from the Heavenly Lake. It was also when mistress red-dust had followed Su Yu and the others to the galaxy divine realm.

"What she saw should be this painting, and not me and Demon Sword Wuya," Yun Yazhi said indifferently.

Su Yu stared at the two identical pictures. On both of them was a portrait of Xia Jingyu, an image of a mature Xia Jingyu!

It looked like her, but it didn't look like her.

"Master, Mistress Red Dust calls the person in this picture... Senior!" Su Yu's heart trembled as he clenched the portrait, his tone was calm. "Master, do you know who the woman in the picture is? What does it have to do with the woman that I've been searching for?"

Yun Yazhi looked at Su Yu with a rare expression of pity, he said, "Su Yu, I've never asked you to give up anything. I've always encouraged you to go against the path, but only this woman... if possible, I hope you can forget her."

"Why?" Su Yu's heart sank. No matter how desperate the situation was, Yun Yazhi would never ask Su Yu to give up.

Only this matter!

Yun Yazhi sighed, "The reason is very simple. There will be no results between the two of you."

Su Yu was silent for a long time before he shook his head, his eyes were filled with determination, "I walked from the Divine Moon Island to the true dragon continent, then to the nine regions, and now to the Divine Realm. She is the obsession that I have never forgotten. She is the source of my rebellious intent. If I give up on her, it is equivalent to denying all my previous efforts. I can not forget, and I refuse to forget."

Yun Yazhi sighed deeply, "It is not an unexpected answer, but the reality is cruel. You will soon understand what I mean."

Su Yu said, "Master, then may I ask if Xia Jingyu has been here before?"

Bi Wanqing's peeping eyes detected the line of fate between him and Xia Jingyu, which ran through the stone door.

As expected, she had been here before.

“Yes,” Yun Yazi said.

Su Yu’s eyes flashed with surprise. “Where is she?”

Yun Yazi was silent for a long time. He pointed at the thatched cottage and sighed. “She has been waiting for you for a long time. Go and see her. Take one last look at her.”

A basin of cold water extinguished Su Yu’s excitement.

One last look... did something bad happen to her?

Chapter 1526 Tribulation Transcension Celestial Race

Back when they were connected to the thread of fate, Xia Jingyu sent seven notes to Su Yu from another section.

“Brother Su, I’m waiting for you.”

It was precisely because of these words that Su Yu went into seclusion to study the heavenly tomes for five years. She went through all sorts of difficulties to trace it back to the galaxy divine realm, all for the sake of finding her.

However, she could only see her once!

“What’s wrong with her?” Su Yu stopped in front of the thatched cottage, losing the courage to enter.

Yun Yazi said deeply, “You’ll know once you enter.”

After hesitating for a while, Su Yu mustered up her courage and stepped into the thatched cottage.

What entered her eyes was not the imagined remains of Xia Jingyu, or the scene of her dying.

Instead, it was her leaning against the window, quietly and peacefully enjoying the scenery outside.

A yellow, unknown bird gently landed on the back of her hand and happily sang.

Under the setting sun’s afterglow, dense water vapor floated over that beautiful side profile. It was a beauty that could not be described with words. It was a beauty that surpassed everything else. Even the birds sang to please her.

As if she felt something, the woman turned her head. Her snow-white eyes seemed to have traveled through 12 years of time and space.

At that moment, Su Yu’s heart stopped beating and even his thoughts froze.

That pair of familiar eyes had once helped him see the true dragon continent’s prosperity, bringing up endless memories for Su Yu.

He seemed to have returned to the beginning, when he was still a youth, when he was still a nameless student and met Xia Jingyu for the first time.

The woman was stunned and her colorful eyes gradually widened. Her snow-white eyes seemed to have melted an entire ice mountain and turned into endless tears that rolled down.

“Brother Su...” Xia Jingyu stuttered as she stared at him with tears in her eyes.

That beautiful face was like a weeping flower, causing one’s heart to ache.

The two of them had a telepathic connection as they hugged each other.

The hug that they had not seen for a long time made Su Yu both excited and inexplicably peaceful. He even forgot about his funeral and only wished to quietly enjoy this moment.

“Brother Su, I have finally waited for you. I no longer have any regrets in my heart.” Xia Jingyu hooked her arm around Su Yu’s neck and hugged him deeply as she said softly.

Su Yu closed his eyes and said, “From now on, there will be no more regrets between us. After I finish dealing with the god domain and permanently remove the disaster, we will be together forever...”

Xia Jingyu, who was in his embrace, trembled slightly. Although her movements were weak, Su Yu could clearly see it.

“Big Brother Su... I think that I won’t be able to accompany you until the end,” Xia Jingyu said. Her tone was that of crying.

Su Yu suddenly opened his eyes and unknowingly hugged her even tighter. He suppressed his uneasiness and asked, “Why?”

Xia Jingyu raised her eyes and quietly stared at Su Yu. She only looked and did not answer.

At this moment, Su Yu suddenly realized that Xia Jingyu’s eyes did not have any luster. They were like solidified black pearls that had lost their vitality.

She was blind!

She could not see Su Yu at all!

“Your eyes!” Su Yu was anxious and cupped her face.

However, her careless actions made Su Yu realize that her face and her body were so cold.

What made Su Yu’s body even stiffer was that even though they were hugging each other, he couldn’t feel her heartbeat.

“Jingyu, your body...” Su Yu choked and his heart trembled. He couldn’t believe what he was seeing.

Xia Jingyu wiped away her tears, but her tears were like a kite with a broken string. They could not be stopped. They dripped down her cheeks to the ground and fell into the sea.

The sea water gradually submerged her, from her ankles to her calves, and then to her knees..

Su Yu held her hand, but she sank bit by bit and was swallowed by the sea water.

“Jingyu!” Su Yu reacted and roared. He pulled her up with all his strength, but the sea water had a power that was almost primeval. No matter what Su Yu did, he could not stop her from being swallowed.

Xia Jingyu tried her best to put on a smile. “Brother Su, don’t think of me anymore. Don’t think of me anymore. Just treat me as a passerby in your life. With Xian ‘er around, you won’t Be Lonely.”

The sea water submerged her body, leaving only her face outside.

Su Yu’s eyes were filled with tears. “Why? We meet again after ten years, and You Want Me to forget you?”

Xia Jingyu gave Su Yu one last smile. “Because, I don’t belong to the world, I belong to brother Su... Goodbye, brother Su, I love you...”

A wave of seawater came and drowned Xia Jingyu.

“No! !”Su Yu roared. He wanted to pull her up, but his hand was empty. It was as if the kite he was holding was broken, and his palm was empty.

He pulled his hand back and a strand of hair wrapped around his index finger. It was Xia Jingyu’s black hair!

The seawater under his feet gradually calmed down and turned into a flat ground.

Everything in the house was the same as before. There were no signs of erosion from the seawater. It was as if it was just an illusory dream.

“Master, was everything just an illusion?”Su Yu did not turn his head back. His voice sounded very low.

Yun Yazi had unknowingly stood outside the door. He looked at Su Yu’s lonely figure with a sorrowful gaze and said slowly, “No.”

Su Yu’s heart was shocked. “Then she...”

Yun Yazi walked over and patted her shoulder gently. He looked at the Wisp of black hair that was wrapped around Su Yu’s index finger and said, “This is the last thing she has in this world. Her body, her soul, and her life have all disappeared.”

Boom Boom Boom --

Su Yu felt thousands of Thunderbolts rolling through his mind, and his mind was completely blank.

She was only left with a wisp of black hair? She was already... dead?

The woman who shared the divine will with him under the Pear Blossom Moon? The woman who saw the world for him, who sacrificed herself for him? The woman who made him chase after her vigorously... was dead?

Time seemed to be silent, and the world seemed to be silent. Su Yu was the only one left walking alone.

He even forgot to breathe. He just stood there in a daze, looking like a wooden stake.

After a long time, as if countless years had passed, Su Yu asked in a daze, “How did he die?”

Yun Yazi’s eyes showed his admiration, he also looked regretful. “On the life ranking board, there’s a third-rate race, the goddess race. They’re born with intelligence and their comprehension ability is superb. No one can compare to them. They’re the race that has the most laws of the Great Dao

among all races. Many people only know this, but they don't know that the goddess race has another name that few people know."

"That's... The Tribulation Immortal clan! They are born to control disasters!"

"Through the ancient sacrifices, they can create disasters to specific creatures. They are invisible and destructive. They are one of the most terrifying creatures in absolute beginning realm!" "They can also transform into disasters. However, it's ten thousand times more difficult than a disaster. Because they need to sacrifice the most precious part of themselves to transform into disasters."

Hearing this, Su Yu's eyes regained a trace of focus,

transcend the tribulation... There were many tribulations in his life. There were many human-made traces, but they were all miraculously resolved.

"You've experienced four tribulations. The first tribulation is the tribulation of the true dragon! The second tribulation is the tribulation of the nine regions! The third tribulation is the tribulation of the demon world! The last tribulation is the tribulation of the Taotie not long ago!" Yun Yazhi said, "She resolved four tribulations for you, and each of them sacrificed their most precious thing."

Su Yu's eyes flashed.

The True Dragon Tribulation, the blood emperor's destruction. Su Yu used an immortal pill to reverse time and space. The immortal pill came from Xia Jingyu.

The nine regions tribulation, the god Tribulation, came. Su Yu was destroyed by the endless black lightning feathers. There was an unseen force that prevented the god tribulation from ending ahead of time.

The Devil Realm Tribulation, the sea of bitterness giant's pursuit, and the final moment of the tunnel escape, a Buddha bone that shouldn't have appeared appeared in a place that shouldn't have appeared.

Su Yu should have been unprepared for the tribulation of the Taotie and was killed by the powerful and unpredictable Taotie. In the end, she accidentally obtained a bracelet and resolved the tribulation.

Now that she thought about it, those seemingly coincidences were actually not coincidences.

Especially when the divine tribulation descended that year, there were even sounds of quarreling!

"After resolving your first tribulation, she sacrificed her eyes, the second tribulation, her heart, the third tribulation, all of her memories, and the fourth tribulation, her body."

Therefore, she lost her light, her heartbeat, and her body temperature. In the end, she lost her body and only a strand of hair remained.

Su Yu's inner breath was filled with sorrow and self-blame.

He should have known why she left True Dragon City alone? It was so that Su Yu wouldn't see her losing her light, and he wouldn't blame himself for it.

After that, she sacrificed time and time again to resolve the increasingly dangerous disaster for Su Yu.

Until he died!

And he was completely unaware!

Clenching his black hair, Su Yu suddenly had a thought. A small jade-colored dragon surged out from his left palm, surrounding that strand of black hair.

Faint shadows of spacetime laws descended around him.

However, the strand of black hair didn't move at all.

Reviving from the dead was useless!

Su Yu wasn't willing to give up. Three Laws of time, space, and soul appeared on the surface of his body, enveloping this strand of black hair in reverse time, allowing it to return to the time before Xia Jingyu sacrificed herself.

However, there was still no movement!

Yun Yazi sighed, "Because she sacrificed many times, her destruction was caused by the law of fate. And you have yet to grasp the law of fate in the nine dragons divine cauldron, so you can't revive her."

Su Yu's eyes lit up, flashing with a dazzling light, "The law of fate. If I grasp this law, can I revive her?"

Yun Yazi nodded. "If I can break the chains of fate that bind her, I should be able to do it."

Su Yu couldn't care less about how Yun Yazi knew about the nine dragons divine cauldron. He asked anxiously, "Then, what divine blood do we need to irrigate the dragon of Fate?"

Even ancient god Nine Dragons' own blood couldn't irrigate the dragon.

Yun Yazi replied, "An expert at the DAO Master level."

Dao Master? Su Yu didn't feel any despair after hearing this. Instead, he let out a maniacal laugh. "Dao Master, good. Heaven will never sever a path!"

What he was most afraid of wasn't that the path was difficult, but that there was no path.

With a way to save Xia Jingyu, Su Yu felt exceptionally relaxed. His eyes regained focus, and his gaze was filled with determination.

"Speaking of Dao Masters... isn't there one left behind in the Divine Realm?" Su Yu smiled, a smile that sent chills down people's spines.

Even Yun Yazi's heart couldn't help but beat slightly, and he felt a slight sense of unease.

"You want to attack the Vile Daughter?" Yun Yazi said in surprise. He should have seen the power of the vile daughter in the reverse flow of time and space.

Su Yu's eyes flashed with a cold light. "Yes! No matter who she is, since her blood can save Xia Jingyu, then even if she is the law of the Great Dao, I will still exterminate her!"

Moreover, the evil daughter and the demon dragon had no intention of letting Su Yu go.

There would be a life-and-death battle between them sooner or later.

Yun Yazi looked deeply at Su Yu with a complicated expression. He sighed and said, "The evil daughter... I'm afraid that at that time, you might not be able to do anything to her, because she is..."

Boom Boom --

Suddenly, the thatched cottage shook violently, and the cliff they were on also shook violently.

The water, which had been flowing for billions of years, suddenly fell.

Three o'clock Tomorrow afternoon.

Chapter 1527 Silent Rain Of Redwoods (First Watch)

Yun Yazi flashed outside the thatched cottage and stared at the falling water level without much surprise.

On the contrary, Demon Sword Wuya's expression was extremely solemn, he said, "As expected! The departure of the Tianyun emperor alarmed the fierce spirits. If an ordinary creature left through the gap, it wouldn't be affected, but the fierce spirits could easily sense the intent of the Tianyun Emperor."

As they spoke, the river that had been flowing continuously for billions of years gradually stopped flowing.

The river dried up, revealing the riverbed. There were many unknown remains, divine weapons, and countless tomb-guarding spirits left inside.

Yun Yazi said, "As expected, there's no need to worry too much. If that ferocious spirit wants to wake up, it will need at least two years. and two years is enough to decide the fate of the Divine Realm."

His gaze pierced through the time door, looking at the distant abandoned divine realm.

Shua --

Su Yu also appeared. She stared at the pitch-black gap and said, "Master, the two years you mentioned, are you referring to the evil daughter?"

Yun Yazi looked at her and said, "Yes."

Taking in a light breath, Su Yu remained unperturbed. The light in her eyes became deeper and more determined.

Yun Yazi said, "Your future is boundless. Do you really want to throw yourself into the fire for a woman?"

Su Yu did not allow him to argue, "Master, a woman can die for me, so why can't I die for her? "The most difficult and precious thing in a person's life is to have a person who is worth you risking your life for."

Yun Yazi was silent. After a while, he said with a smile, "As expected of my disciple, Yun Yazi. Good, I will help you!"

Beside him, Devil Sword Wuya's expression changed slightly. He wanted to say something, but Yun Yazi secretly waved his hand to stop him.

Su Yu was slightly stunned, "Master, you are willing to help me?"

When he first became Su Yu's disciple, Yun Yazi had clearly emphasized that Su Yu needed to resolve any difficulties by himself and that he would never interfere.

But now, why did he take the initiative to help Su Yu.

Yun Yazi chuckled, and there was a hint of relief in his smile. "Because, between me and her, there are also some grudges that need to be resolved."

Eh? There was a grudge between the vile daughter and Yun Yazi? This was unheard of.

"Thank you, Master!" Su Yu was grateful.

Yun Yazi said, "You better prepare well. At the critical moment, I will make a move and retrieve her divine blood for you."

At this moment, devil sword Wuya said, "At that time, I will also make a move and lend you a hand."

Hearing this, Su Yu was overjoyed.

It was already confirmed that Devil Sword Wuya had reached the position of Devil Sword Emperor in the past. With an emperor making a move, he could sweep through any existence in the god's domain.

However, devil sword Wuya said again, "I can only make a move once, so unless it's absolutely necessary, I will never appear."

Oh? Why was that? As the Emperor of Heaven and earth, logically speaking, there was no existence in the divine realm that could threaten him.

Suddenly, Su Yu looked around the independent world at the end of the divine realm. After thinking for a while, he said, "Brother Wuya... could it be that you..."

Demon Sword Wuya nodded expressionlessly. "Yes, I've stayed in the long flow of time and space for too long. The power of time and space in my body is unimaginably huge. If I leave the long flow of time and space, the power of time and space will definitely destroy me."

What? Everyone was shocked, especially the first prince. Before he could recover from the surprise of meeting his ancestor, he immediately received this terrible news.

"Hehe, no need to feel regretful. I'm not the number one person guarding this place. If my ancestor can do this, why can't I, Devil Sword Wuya?" Devil Sword Wuya said indifferently, as if he had already seen through life and death.

Su Yu's eyes flashed as he hesitated, "May I ask if the person before you is... Kirin Emperor?"

Demon sword wuya laughed, "As expected, I can't hide it from you. That's right. Back then, I was summoned by Kirin Emperor, that's why I came here to replace him and guard this place."

He had indeed escaped the evil daughter's pursuit!

"Then now he..." Su Yu's eyes darkened. Since Demon Sword Wuya had come to replace him, it meant that he couldn't withstand the pressure of time. It was already..

Devil Sword Wuya's eyes flashed as he said, "Don't worry. He is the only emperor among the nine emperors that survived. He won't die so easily."

Not Dead? Su Yu was shocked again. "Then where is he?"

"I don't know. When I arrived here, the Kirin Emperor had already disappeared without a trace." Devil sword Wuya said, "But he didn't escape. I think he must be planning something."

As he spoke, Demon Sword Wuya looked at Su Yu with a meaningful gaze, as if he was pointing at something.

Su Yu's heart jumped. Emperor Qilin was related to him?

Thinking about his life, Su Yu shook his head and denied this point.

"The only way to obtain the blood of an evil daughter is to get close to her. Before that, how you approach her is up to you. Your master and I are powerless," demon sword Wuya said.

Su Yu's eyes sparkled with determination. "I will do my best!"

At this moment, Bao Tong god of Commerce and the sacred God stepped forward and bowed. "Senior, have our children been here before?"

Demon sword Wuya said, "It's Shengyuan Xin and Yang Tai, isn't it? They entered this gate by mistake, but they couldn't bear the space-time energy of the outside world. They can't go back."

The two looked around. "Then they..."

Demon Sword Wuya pointed at the gap. "They can only enter the absolute beginning realm! Fortunately, they aren't strong enough. Even if they can pass through the gap, they won't attract the brutal spirit's attention. Otherwise, I wouldn't be able to deal with them."

What?

The two were surprised. They had entered the absolute beginning realm?

"Don't worry. The benefits of the absolute beginning realm are greater than the disadvantages for weak people like them," said demon sword Wuya.

Bao Tong god of commerce and Sacred God exchanged a look and left with a worried face.

Su Yu was also surprised. He didn't expect that the two of them would enter that place by accident.

They didn't know whether the absolute beginning realm was a blessing or a curse for them.

After resting for a while, they had almost recovered.

After counting the casualties, Su Yu let out a sigh of relief. The Sea of suffering giant had used its devouring power and caused a lot of damage.

Fortunately, there were more injuries and fewer deaths.

There were only about tens of thousands of ordinary creatures that had died due to carelessness.

The rest were all injuries that could be repaired.

After experiencing this calamity, the Galaxy God's domain could be considered safe and sound.

“Send the order, return to the Galaxy!”After a few hours, Su Yu said.

The longer they stayed in the long flow of time and space, the more terrifying the power of time they would have to endure after returning to the outside world. It was really not suitable for them to stay here for long.

Everyone entered the Doomsday Board and Su Yu brought them to the entrance alone.

Su Yu turned around and bowed to Devil Sword Wuya and Yun Yazhi. “On the day of killing the evil daughter, I hope the two of you won't be stingy!”

After saying that, he jumped into the time gate.

Instantly, Su Yu appeared in a small boat again and went down with the flow.

Behind him was a stone door that was hidden in the flow of time and space.

The scenes around him appeared once again. Su Yu did not have the time to pay attention to it. He lowered his head and stared at the black hair wrapped around his index finger. There was an indescribable heaviness in his chest.

Just as Su Yu was deep in thought, suddenly, Su Yu's eyelids twitched without any warning.

A sense of alarm suddenly rose in Su Yu's heart.

Raising his head, Su Yu looked around him and thought to himself, could it be that the vile daughter has attacked again?

However, when he raised his head, he saw a huge palm that spanned across space and time. It destroyed the long river with a single palm, suppressing the endless power of space and time to destroy Su Yu.

Su Yu was shocked. At this moment, he was in the long flow of space and time. He could not move at all. How could he resist the sudden destruction palm?

Who Was it that pierced through space and time to kill him?

Suddenly, the black hair on Su Yu's index finger gently rustled, as if he wanted to resist.

Even if her body and soul were destroyed, the things she left behind were all to protect Su Yu's will.

“It's You!”Su Yu's eyes revealed a monstrous killing intent.

The four great tribulations were caused by Xia Jingyu using herself as the price to transcend the tribulations.

However, they did not give up. They actually wanted to completely destroy Su Yu in the long flow of time and space!

“Despicable people! Scram!” In the space behind Su Yu, a magnificent sword light cut through the reverse flow and split the giant palm into two.

A painful scream came from the dark.

The giant palm broke and suddenly retracted.

However, because of the interference of the giant palm, the space-time flow became turbulent. The small boat under Su Yu’s feet couldn’t withstand the continuous waves and was on the verge of collapsing.

Su Yu was in the small boat and could capsize at any time.

Behind him, Demon Sword Wuya’s urgent shout came from the long flow, “Hold on, don’t fall into the space-time flow, or you’ll never be able to go back...”

His voice pierced through tens of millions of years of time and gradually weakened.

Su Yu only heard the first half of his sentence, but he also knew what would happen if he fell into the river.

Hua --

The water of the river of time and space became more and more turbulent, and the small boat also became more and more bumpy, making creaking sounds.

At this moment, the small boat had already arrived at the time and space where they entered the time gate.

On the shore, there was a clear replay of the scene where Su Yu opened the time Gate and sucked everyone in.

If they were to go any further, that would be the future!

However, under the push of the huge waves, Su Yu was unable to stop the small boat at all. It quickly sank into the future region.

The two banks of the time and Space River in the future were completely empty.

Because it had not happened yet, there were no fragments to be seen.

Su Yu felt uneasy. If he went any further, the future would be the birth of an evil daughter, destroying all space-time.

What was the use of appearing then?

“Stop!” Su Yu shouted, but the small boat did not show any signs of stopping. Instead, it suddenly encountered a huge wave of space-time and flipped the small boat over.

Su Yu could not move at all. He watched helplessly as the small boat sank into the small boat of space-time.

However, at this moment, a boat was slowly rowing over from the other side of the future space-time.

A redwood woman sat cross-legged at the bow of the boat. She had a graceful figure and a beautiful figure.

What was shocking was that the redwood woman wasn't frozen and couldn't move. Instead, she was holding a flute and playing music.

The flute music was like that of a fairy, filled with complicated emotions.

Before Su Yu fell into the water, he took a look at the woman. When he saw her face clearly, even Su Yu's calmness couldn't help but gasp and exclaim, "Xia Jingyu! !"

The Redwood Woman's face was exactly the same as Xia Jingyu's! !

"En?" The Redwood Xia Jingyu, who was playing with her expression, opened her beautiful eyes and looked at Su Yu, who had fallen into the water, in slight surprise. "Strange, this space-time stream actually met a living creature. It's fate."

Entering the stream from different space-time points, one would see a completely different space-time stream.

Under normal circumstances, there would not be a situation where two boats would meet.

Xia Jingyu stood at the bow of the boat and looked at Su Yu. "Who are you? Why did you call me Xia Jingyu?"

Chapter 1528 Future Riverside (2nd Watch)

Su Yu was stunned... it was not Xia Jingyu.

The same face, different temperament, different... soul.

Xia Jingyu was quiet and otherworldly, as beautiful as a fairy in the sky.

The Redwood Xia Jingyu in front of him was cold and proud like a peony, indifferent and magnificent.

Seeing that Su Yu did not say anything, the redwood Xia Jingyu frowned slightly. She casually waved her hand and pulled Su Yu up from the long flow of time and space. She said lightly, "Meeting is fate. I saved your life. Go!"

She waved her hand and Su Yu was thrown onto the bank of the river.

Su Yu only woke up at this time. He asked, "Who are you?"

The redwood woman did not turn her head. She followed the boat upstream and gradually moved further and further away. When it was about to disappear, a weak and undetectable echo was heard. "Qingyun..."

Qingyun... Qingyun... Su Yu's heart stirred up waves that could not be calmed down.

Was there really such a similar person in this world?

They looked exactly the same, but they were different people.

The world was spinning, and the great power of time and space returned, pulling Su Yu out of the long flow of time and space.

In his daze, Su Yu heard a friendly shout.

When he opened his eyes, he saw Luo Xueyi's anxious face and the weeping tree god beside him.

“Ah! You're awake!” Luo xueyi was shocked.

The tree God suddenly looked over and his face was filled with surprise. However, he immediately gave Su Yu a vicious punch. “HMPH, you still think that you're dead and want your property. You've really disappointed me.”

Su Yu's eyes were still filled with confusion. Everything that had happened in the time door had turned into a blur. It was like a dream, and it seemed especially unreal.

Especially in the end, when the time and space flowed and he met Xia Jingyu, the redwood tree... or rather, it was a woman named Qing Yun. It was simply unbelievable.

After a long while, Su Yu's thoughts returned to reality. He found himself standing in front of a stone door, which was covered in dust.

His entire body was also covered in dust.

Su Yu asked blankly, “What happened?”

The tree God wiped his tears and complained, “You spent a whole year and a half. Your soul dissipated and your vitality was completely extinguished. We thought you were dead!”

A year and a half? ! Su Yu suddenly jumped up and widened his eyes. “What did you say? A year and a half?”

The tree god was shocked and hit him on the chest angrily, he bared his teeth and said, “What else could it be? You guys have been gone for a year and a half ever since you entered the temporal gate. If we didn't know that you were inside the temporal gate, we would have thought that you were dead and buried you.”

How could a year and a half have passed? Su Yu was shocked. That was the long flow of time and space. If he went in from somewhere and came back from somewhere, he would not waste any time.

Wait a minute! Su Yu's memories flashed through his mind. It was as if he had encountered a huge conspiracy that pushed him into the future!

Thinking back carefully, Su Yu broke out in cold sweat.

He had only slipped into the future for a while, but he had already slipped into a year and a half later!

Without a doubt, he had transmigrated to a year and a half later!

What was worse was that there was less than half a year left until the birth of the evil daughter!

A sense of urgency reverberated in Su Yu's chest. He immediately stared at the time door. Once this door was opened, it could connect Yun Yazhi and Demon Sword Wuya, the two mighty figures of Heaven and earth.

They were extremely powerful helpers who helped Su Yu obtain the blood of the evil daughter!

Su Yu held the stone door in his hand and took it away.

However, just as Su Yu's palm touched the stone door, a sudden change occurred!

From within the stone door, an incomparably huge pitch-black palm extended out. It was exactly the same as what he had seen in the long flow of time and space!

Su Yu's eyes turned cold. That group of existences in the dark still did not give up. They followed the long flow of time and space and attacked again!

“You're courting death!” Su Yu's eyes shot out monstrous hatred.

He had killed Su Yu time and time again. Great calamities were falling everywhere. Xia Jingyu had died because of this!

What had he offended them for? Was it worth their repeated persecution and killing?

However, when the giant palm attacked, it was a fatal attack that contained the power of the Galaxy Overlord. It was enough to crush Su Yu into pieces and wipe him out from the world.

“Get lost!” Su Yu waved his hand, and a creature covered in golden scales shot out from the nine-jade spirit pearl. It was the asura messenger.

While he was still in a daze, he suddenly sensed extreme danger. He did not have time to resist Su Yu's order and subconsciously moved to block it.

However, when they exchanged blows, the asura messenger turned pale with fright and said, “It's the Tribulation Palm! You are from the goddess race... Ah...”

The Shura Emissary's golden body failed to block the palm and was shattered by the pitch-black palm.

The blood-red soul hidden in his body was also destroyed by the black palm.

Before he died, the shura emissary roared, “Su, you've killed me...”

Before he could finish his words, he was completely erased from the world.

However, his death was not without benefits. His last counterattack forced the black palm back into the stone door.

Su Yu was safe and sound just now.

Feeling the terrifying power remaining in the air and the indistinct disaster, Su Yu still had lingering fear in his heart.

As the overlord of the galaxy, he was also smashed to pieces by the so-called disaster palm. If it was him... thinking about it, Su Yu's killing intent soared to the sky.

Goddess tribe! ! Why on Earth did you have to kill me, Su Yu! ! !

Looking at the Shura Emissary's scattered soul fragments, Su Yu felt even more hatred. The powerful fighter given to him by Demon Sword Wuya was destroyed by the Goddess tribe, or tribulation transcender, before it could be used.

The tree god and Luo xueyi witnessed the shocking scene with their own eyes and couldn't speak for a long time.

Su Yu simply picked up the divine blood that was scattered nearby. Then, he looked at his body that had been smashed into pieces by the giant pitch-black palm. Under the power of the giant palm, they rushed to the end of the galaxy. It would be extremely troublesome to find them one by one.

What Su Yu lacked the most right now was time.

"Pass down my orders. Do your best to collect the remains of the asura emissary and the Divine Blood," Su Yu said.

Luo xueyi could read between the lines. "Where are you going?"

"The God's domain! And we have to leave now!" Su Yu was anxious. There was only half a year left. If it was any later, it would be too late.

If the evil daughter was born, the two god's domains combined would not be a match for her, let alone take her God's blood.

If they wanted to take her, they had to take advantage of her being sealed!

Luo xueyi and the tree god looked at each other. They did not understand why Su Yu was so anxious.

However, the two of them understood in their hearts. They said in unison, "I'll accompany you."

Su Yu thought for a moment and did not refuse. "Alright, let's Go! We don't have much time!"

The group did not even have the time to reorganize the Empire's divine realm after the great calamity. They headed straight for the Heavenly Lake.

Along the way, Su Yu was shocked to discover that the once vast galaxy had disappeared!

"What happened?" Su Yu asked in surprise.

The tree god said, "A year and a half ago, the source of the water of the galaxy suddenly stopped flowing. The water of the galaxy fell into the Heavenly Lake continuously. Naturally, it gradually dried up. Half a year ago, it completely dried up."

Dried up!

Su Yu recalled the scene that he saw with his own eyes on the cliff. He was relieved. So that was the case.

They arrived at the Heavenly Lake.

The lake had already dried up. There was only a huge cave left. It was unfathomable.

Without the river of stars, the Heavenly Lake had already lost its ability to absorb. Some creatures that had left the god domain had already climbed up the Heavenly Lake through the tunnel and were exploring the nearby area.

Su Yu ignored them and dived into the tunnel.

At the same time, the demon world of the past had already vanished in the Great War. Everywhere was filled with wandering demon races.

Back then, most of the demon races had already submitted to the god Domain Empire. Only a small portion had turned into raiders, plundering, burning, killing, and plundering everywhere.

The vicinity of the demon world had already become their stronghold.

On the planet closest to the demon world, they had even established a savage tribe.

In the tribe, other than these raiders, there were also many hostages that they had captured.

Among them were the kind-hearted demon race members, as well as the nearby galaxy lifeforms.

There were also some more special existences. For example, there was a middle-aged woman with a soul, and a youth with a crippled cultivation base.

The middle-aged woman with a soul was pierced through the chest by a special magic tool and nailed to the stone pillar, making it difficult for her to escape.

Her hands and feet were not bound, because the demon race needed her to use the power of her soul to refine some special magic tools that could be sold.

Because she had used too much power of her soul for a long time, her soul seemed very thin. If this continued, not to mention rebuilding her body, even restoring her soul would be impossible.

PA --

Suddenly, a whip lashed out, whipping her soul until it sizzled.

The middle-aged woman's soul was in extreme pain, and she let out a mournful scream. The mournful sound made people feel pity for her.

"Damn it, hurry up. You didn't finish the work before tonight, so you missed the deal. HMPH, I'll Make You Beg for your life!"

The middle-aged woman's soul hurriedly begged for mercy. "I'll do it right now, right now!"

Upon closer inspection, one would discover that the scorched marks on her body were as numerous as cow hair. Some of them had even injured the depths of her soul, and were still exuding intense pain.

Not far away from her was a young man whose feet were bound by chains. His cultivation had been completely crippled, and he was currently laboriously moving huge rocks to construct the tribe's city walls.

His entire body was covered in blood, and not a single inch of his skin was intact. Some of his injuries were new, and there were still scabs of blood, while others were old wounds that were difficult to recover from.

What was most eye-catching was that there was a rotten spot on his left chest that was filled with maggots.

Because he had used too much strength, the young man affected the wound on his chest. He grinned and inhaled a breath of cold air. He put down the huge rock and rubbed his chest.

However, it was just a slight movement, and what he received was a vicious blow from his back.

A vicious demon holding a mace smashed his shoulder armor with a great force, causing the young man to stagger and fall to the ground.

Immediately after, the demon with a mace in his hand laughed evilly and stomped his head into the mud.

“Hehe, the great enemy that Emperor Yu personally pursued in the past was trampled by an ant like me to eat mud. It’s really not worth it for Emperor Yu!”

On the other side, the thin and weak demon with a long whip in his hand, he could not help but laugh. “Who does he think he is? This is the great empress of the Divine Territory Empire back then. Unfortunately, Emperor Yu was wise and mighty. He chased her away the moment he returned and even shattered her soul.”

Two existences that were also lowly existences in the demon world could be easily trampled over now? The pleasure of trampling over powerful existences that were once famous could not be described with words.

The two people who were abused by the demon race were none other than the former Voidwalker mother, Gu Taixu!

Upon hearing this, the Voidwalker mother secretly clenched her fists but did not dare to retort. Instead, she buried her head in hard work. This was because if she dared to show the slightest bit of dissatisfaction, she would receive an even harsher beating.

In the mud, Gu Taixu’s expression could not be seen clearly. His head was deeply stepped into the mud.

He wanted to resist, but as a cripple, he could not resist at all.

He clenched his fists tightly, revealing the unwillingness and anger in his heart.

“Hehe, look at this. You still want to resist!”The wolf-toothed mace demon noticed Gu Taixu’s palm and sneered. He grabbed Gu Taixu’s hair and pulled his head out of the mud.

“Look at this face, Hehe, who would have thought that he would be Gu Taixu?”The mace demon laughed ferociously. His right hand grabbed a handful of mud from the ground and stuffed it into Gu Taixu’s mouth.

Gu Taixu subconsciously shut his mouth and gritted his teeth, refusing to eat mud.

Chapter 1529 The Little Mermaid -ThirdhWatchatch)

What he received was a lightning-fast slap from the thin and weak demon, causing his cheeks to become red and swollen.

The thin and weak demon sneered. “Do you think that you are still a third sky god that everyone responds to and fears for your entire life? Hehe, in the hands of the two of us, you are just like these maggots!”

The whip in his hand fiercely poked at his rotten chest, poking at the maggots squirming inside.

The wound was stimulated, and Gu Taixu couldn't help but take a deep breath in pain.

But this mouth, a handful of fishy and dirty muddy water was stuffed into his mouth.

Then, the mace demon pinched his mouth to prevent him from spitting it out and fiercely said, “Swallow it for me!”

As he said that, he gave gu taixu a hard slap on the face.

The repeated slaps made Gu Taixu a little dazed. A mouthful of muddy water slid down his throat and was swallowed in the end.

“Hahahaha! Look, the former third sky god Ate Mud!”

“TSK TSK, how pathetic!”

Gu Taixu lay on the ground, feeling humiliated in his heart. Tears rolled in his eyes.

Gritting his teeth, he endured the feeling of vomiting and begged, “Please, give me a quick death!”

These days were worse than death!

“Hehe, we haven't had enough fun yet!”The mace demon chuckled. “Recently, we've captured a few special human men. They don't like women, but they prefer handsome men. You're actually quite good-looking, Kid. I believe those special men will love you well.”

In the mud, Gu Taixu's body suddenly trembled. Imagine a few men pressing down on him and bullying him. He couldn't wait to die right now to avoid being humiliated even more.

“Haha, he's scared. Come, come, come. Quickly drag him away and let those human men have a taste. We'll watch a good show from the side!”The Mace Demon picked up Gu Taixu's leg and dragged him to a tent like a dead dog.

The nearby demons laughed evilly and surrounded him to watch the show. They all wanted to witness the strange scene.

“No! !”Gu Taixu screamed. At this moment, he only had one thought in his mind, and that was death. He no longer wanted to live a life worse than death.

Suddenly, Gu Taixu suddenly discovered that a huge fireball had shot out from the starry sky.

At the same time, the tribe issued an extremely urgent warning, and many of the demons fled.

However, the fireball was filled with an extremely tyrannical power. The demons had just flown up when they were crushed. Even the tribe's strongest tribe King, a Stage Four Heavenly Demon God, was not spared and was annihilated on the spot.

The fireball rammed fiercely into the stars, smashing them into pieces.

When the flames dissipated and the dust settled, a shocking scene was revealed.

The broken limbs of the demons were everywhere. None of them were complete, and none of the demons survived.

In an instant, all the lives on the star were destroyed.

“Haha...”however, a maniacal laughter came from a huge pit filled with dust. When the dust settled, it was clear to see a young man lying in a pile of golden flesh, devouring it.

With every mouthful he swallowed, his cultivation increased by a bit.

With a mouth full of blood, Gu Taixu let out a savage laugh and laughed towards the sky, “There is really no way that heaven can cut off a path! When I was at my most down and out, the heavens actually sent me precious flesh and blood, allowing me to be reborn!”

Suddenly, an ancient divine image appeared behind him. It had a ferocious face and bloodthirsty emotions.

If Zhan Wushuang was here, he would know what Gu Taixu was doing.

He was cultivating... The body of nine gods!

A mysterious physique that came from the ancient times could cultivate nine kinds of inscrutable dharma idols.

This physique was either born or evolved.

If it was the latter, it would need to devour a large amount of the blood essence of the experts and evolve from the body of nine spirits to the body of nine gods.

Zhan wushuang had always suppressed Gu Taixu and forbade him to cultivate this technique because it was too harmful to the heavens.

He did not expect Gu Taixu to obtain the Shura Emissary’s physical body by accident.

The power contained in this physical body was simply unimaginable.

Gu Taixu’s strength recovered and continued to soar. As he ate, he could not stop laughing until tears fell.

When he devoured more than half of it, he had already recovered his previous cultivation level.

However, he deliberately did not recover the hideous wound on his chest.

Feeling the intense pain that came from his chest, gu taixu said ferociously, “Su Yu! I will not forget everything that I have endured. The humiliation and pain that you have made me suffer, I want you to return it a hundred times, a thousand times! !”

After he finished speaking, he rolled up the remaining flesh and blood and came to the stone pillar that had pierced through the soul of the Voidwalker mother.

The stone pillar had long been reduced to ashes, and the Voidwalker mother had yet to escape a calamity.

“Voidwalker mother, let me help you return everything that you have suffered to Su Yu!”Gu Taixu said in a low voice. He bowed and broke through the air.

Lost Divine Territory.

As expected, the seawater of the lost divine territory had completely disappeared.

The lost divine territory, which had been submerged in the seawater for a long time, was finally exposed.

Luo xueyi sighed softly, “I didn’t expect that when I returned, it would already be the end of the world. I wonder how sect master, Hall Master, and the others are doing.”

They had been away for nearly two years. As for how the Lost Divine Territory had changed, it was completely unknown.

“Let’s find someone to clarify the current situation first.”Although Su Yu’s mood was urgent, he understood the principle that haste makes waste.

Now was not the time to be rash.

When they left, the abandoned God’s domain was in a chaotic battle. The four great empires and the mysterious fish emperor were in a complicated situation.

Recklessly barging in would only cause trouble.

Everyone nodded and flew towards the abandoned God’s domain.

However, the dried up abandoned God’s domain was no different from a disaster to the creatures that had already evolved to adapt to the god’s domain.

Along the way, they saw endless corpses. They had all dried up and died.

Along the way, there were actually no living creatures.

Until they arrived before an abandoned battleship. Su Yu gazed at the battleship, his eyes filled with reminiscence.

Back then, he had mistakenly entered the god’s domain. His first stop was here, the mermaid tribe.

The abandoned sky sacred battleship was still inserted into the earth.

However, they could keenly sense that there were living beings inside the sky saint warship, and there were quite a few of them.

With a flash, the three of them teleported over and stood outside the Sky Saint warship. They stood on an abandoned crack and looked down from above.

There was still half of the water stored inside the sky saint warship. All the mermaids were in the water, and they gathered in one place as if they were discussing something.

“Little princess, for the sake of the overall situation, please go up!”An old mermaid said with a bow.

A beautiful little mermaid was forced into a corner by all the mermaids and faced the burning gazes of tens of thousands of mermaids.

The Little Mermaid's eyes were filled with grief and anger, she said angrily, "Are you all confused? How can you listen to the slander of general black fish? Have you all forgotten so quickly who caused my sister, Princess Green Pearl's life to be unknown? And who was it who pledged allegiance to the fish emperor, causing us to fight for so many years and suffer so many casualties that there were less than 10,000 people left? Now, you actually still believe his words and want to sacrifice me alive to welcome the sea again? How ridiculous is that?"

In the crowd, there was a huge creature with a black fish head and a dark body. It crossed its arms across its chest, with a faint smile, it said, "Little Princess, your words are wrong. How is Princess Green Pearl My Fault? She clearly couldn't resist the temptation and eloped with a man!"

"As for the situation of our mermaid tribe, Hehe, don't you think that the current mermaid tribe stands at the head of many tribes and has become a tribe that everyone respects? "As long as the fish emperor is here, our mermaid tribe will be glorious for a day!"

The little mermaid said angrily, "Nonsense! My sister would never elope with someone! "Also, how glorious is the situation of the mermaid tribe? "When the Fish Emperor occupied the eternal night dynasty, did he ever allow our mermaid tribe to get any benefits? "HMPH, during the war, our mermaid tribe would be sacrificed. When it's time to divide the world and enjoy the benefits, only our mermaid tribe wouldn't be there. How can you speak well of such a fish emperor without conscience?"

General Blackfish put on a fake smile and said, "Little Princess, you're rambling here and there just because you're not willing to sacrifice yourself for the mermaid tribe, right? Do you have the heart to watch your people continue to live on in this pool of water that is drying up day by day?"

"As long as you're willing to sacrifice yourself, you'll be able to trigger the curtain of heaven to fall back into the sea. This is the prophecy that the Fish Emperor asked the diviner master to make."

The little mermaid said, "I have already sent people to the endless source to look for the reason for the drying up. I believe that there will be a result soon. Everyone, calm down. Don't listen to the rumors..."

But before she could finish, general black fish interrupted, "Does that mean that the little princess is not willing to sacrifice herself for her people?"

The Little Mermaid was furious. She pointed at him and said, "You ambitious fellow. Don't even think about killing me and seizing the throne of the tribe."

The Fish Emperor had already ascended to the throne of the dynasty. The throne of the mermaid tribe was naturally inherited by the mermaid princess.

General Black Fish was aggressive and tried to kill her and seize the throne.

"Little Princess, please sacrifice yourself for the sake of US being your people!"

"Yes, you can't just watch us dry up and die, can you?"

“Little Princess, I beg you. The water here is getting dirtier and dirtier. My children are sick. Please understand us!”

The Little Mermaid was so angry that her entire body was trembling. She pointed at them and could not speak.

Sacrificing the little one to complete the big one? Asking others to sacrifice openly, what was this?

Looking at the pot of oil that had already been set up, the little beauty revealed a sorrowful expression. were these her people?

Ignorant, cruel, and cold.

General Blackfish lowered his arm and separated the crowd. He walked towards the Little Mermaid and said with a stern expression, “Little princess, I’m sorry. For the sake of your people, I think you have to make a sacrifice!”

“Ah! What are you doing!”The Little Mermaid screamed.

However, how could she be General Blackfish’s opponent? She was captured alive by General Blackfish with no effort.

General Blackfish secretly sneered. He flew to the altar and threw her into the pot of oil. He said seriously, “Little Princess, your people will be grateful to you!”

The mermaids below cheered, as if the sea would come immediately after her death.

However, the moment she fell into the sea, a branch broke through the air and swept the little mermaid away at the critical moment.

The tree God pulled her back and glared at Su Yu. “How can you be so calm!”

Su Yu smiled. “Hehe, since I’m not going to make a move, you’ll make a move too, won’t you?”

As she spoke, Su Yu stared down at the black fish general. She thought back to the time when she was chased down by him and could not help but laugh. “So many years have passed, but your methods are still as sinister as ever.”

Chapter 1530 The New Fish Emperor

General Blackfish was slightly startled. He raised his head and stared at Su Yu, his eyes revealing a trace of confusion.

“Who are you? How dare you interfere with the mermaid tribe’s priests?”After ten years, general blackfish had already forgotten about Su Yu, who he had chased after back then.

Firstly, it had been a long time.

Secondly, Su Yu had changed too much.

Thirdly, Su Yu had been too weak back then, so he had not left a deep impression on him.

Su Yu gave a faint smile. “Looks like you don’t remember me.”

“Hey, who are you guys?”The Little Mermaid asked curiously with her big emerald eyes wide open.

She had also forgotten about Su Yu.

After all, it had been ten years!

The tree god bared his teeth and smiled. “Are you afraid of selling little beauties and human traffickers?”

The little mermaid stuck out her tongue. “Who would believe that!”

Su Yu smiled. Many years had passed, but the little beauty was still regretful. She was mischievous and lively.

When old friends met, and Su Yu needed information, it was natural for him to save the Little Mermaid.

“Let’s go.”Su Yu turned around and said. He couldn’t be bothered with general black fish. The small grudges in the past had increased greatly with the increase in his realm. They were like clouds and smoke, not worth mentioning. He wasn’t interested in revenge.

“Stop!”However, when Su Yu wanted to stop, the black fish general didn’t give up.

Xiu Xiu Xiu --

Including him, eight god-level creatures flew out in succession.

The other seven were always hidden in the crowd. Every time it was a critical moment, they would jeer, causing many mermaids to shout and sacrifice the little mermaid.

Seeing that the little mermaid was about to be taken away, they naturally couldn’t hold it in and showed themselves.

Su Yu was surprised. “Oh? You Want Us To Stay?”

General black fish stared at the tree god beside Su Yu with some fear. This woman in green easily took the little mermaid away from him, but he did not react in time. This showed how powerful she was.

He said in a low voice, “I don’t want to keep you. I have always been kind to people. I don’t want to make enemies unless it is necessary. But please give me face and keep the princess.”

Su Yu said indifferently, “You don’t even know me. Why should I give you face?”

General Blackfish’s face darkened. The seven gods next to him slowly surrounded him and said, “So, you are intentionally making enemies with us?”

The tree God couldn’t stand it anymore and sneered, “You only realized now? Idiot!”

General blackfish gritted his teeth and said with a ruthless look, “Brothers, go, pay special attention to that female tree god!”

Whoosh! Whoosh! Whoosh

The seven figures immediately split into three groups, each attacking Su Yu, the tree god, and Luo xueyi.

The tree God laughed. "Don't attack, I'll do it alone!"

She was a stage four God, and the many gods surrounding her were all stage five gods. How could they be a match for the tree god.

Pu! Pu! Pu! Pu

A series of muffled explosions rang out. The tree god casually summoned over a hundred enormous vines, catching the seven gods off guard.

By the time they reacted, they were already stunned to find that they had been restrained by the vines. Their divine power had been greatly suppressed, and their divine bodies had been tightly locked.

General Blackfish was shocked. "A stage four sky god?"

He transformed into a black light, and like a blackfish, he immediately fled into the distance.

The tree God curled his lips. "Since you've escaped, where will my face go?"

Chi La --

A sharp and slender vine wrapped around general blackfish at a speed that was ten times faster than General Blackfish's.

General Blackfish was shocked. He immediately took out his divine weapon and attempted to cut the vine in half.

In the end, the divine weapon had a hole the size of a thumb, but the vine was unharmed.

"Come back obediently!" The tree god hooked his finger and pulled general blackfish back with a whoosh.

The eight gods were instantly subdued, causing the mermaids below to keep silent.

"How should we deal with them? Should we sell their souls or their bodies?" The tree God said as he unceremoniously took all the treasures on their bodies. Yes, he didn't even let go of their precious clothes.

The faces of the eight gods turned green.

"Can you leave me a pair of tight pants? They aren't worth much!"

"No! These pants are made of precious beast hair. How many crystals can they be sold for?"

"How many crystals do you lack?"

"I am the poorest God in the world. I want even one copper coin!"

Soon, the eight gods, who were only left with their underpants, were hung upside down on the vines.

Luo xueyi's beautiful face turned red, she spat, "Sister Tree God, you should at least be more careful with your image. You've already taken off your pants. Why Did You Leave Your underpants behind? Those are all gold-plated. If you scrape them, you might be able to scrape off a layer of gold powder."

The tree God's eyes lit up as he praised, "Sister Xueyi is still the smartest. Why didn't I think of that? Even a mosquito's legs are still meat!"

Su Yu's eyelids twitched as he watched. Even Luo Xueyi had been led astray!

They had all been stripped bare, only then did the tree god say in satisfaction, "Hey, have you thought about how to deal with them?"? Sister Xueyi said that there was a special brothel in the God's domain. There were many men who had been trained there, and they specialized in serving rich old women. Their skin was soft and tender, and they were all at the god level. I believe that they would definitely sell for a good price

Hearing this, the faces of the eight gods turned from green to black. At this moment, they felt like dying.

Su Yu thought for a moment and said, "When did I say that I want to deal with them? Untie them."

Ah? The tree god was stunned. Luo xueyi was stunned. General Blackfish and the other gods were also stunned.

"Why?"The tree god was reluctant to part with them, but after being glared at by Su Yu, he immediately released them. His face was filled with regret. It was as if he had lost his life savings.

General Hei Yu and the others covered their genitals. Their faces were awkward, but they also looked reverent. "You... What do you want?"

Su Yu said, "I don't want anything. I just want to recommend you to be the emperor of the mermaid tribe."

"AH? You, are you serious?"General Hei Yu was extremely shocked.

The tree god and Luo xueyi also widened their eyes, not knowing what he was trying to do.

Su Yu said indifferently, "Is there a need for me to lie to You?"

As he said that, he beckoned the little beauty over and searched her body. He found a mermaid scepter that had been passed down from generation to generation by the mermaid, symbolizing imperial power.

"Take it."Su Yu really threw it to general blackfish.

General Blackfish was stunned, feeling that it was not real.

The Little Mermaid was furious, baring her fangs and brandishing her claws as she struggled, "Ah! Bastard, you actually helped the bad guy! I Won't let you off!"

Su Yu calmly stopped her, he said, “You are unable to hold on to the throne. Naturally, you should hand it over to someone who has the ability to take it. General black fish is stronger than you and has more prestige than you. Compared to you, you are more suitable to be the fish emperor. Whether you accept your fate or not will not change reality.”

The Little Mermaid was so angry that she cried. She could not move her body, but her tears were like a lake that had burst its banks. They flowed non-stop, and she whimpered intermittently, “I am not reconciled! I hate you!”

Su Yu was unmoved. He said to general black fish, “Now, you are the Fish Emperor.”

General black fish was overjoyed. He held the scepter in his hand and tapped it on his forehead.

A golden light condensed from the scepter and formed a crown on general black fish’s head.

At the same time, the crown on the Little Mermaid’s head quickly dimmed until it disappeared.

The imperial power had changed hands!

General Black Fish had finally achieved his long-cherished wish, successfully seizing the imperial power of the mermaid tribe and becoming the tribe King.

The mermaids below hesitated for a moment before greeting respectfully, “Greetings, Fish King!”

Hearing the worshipping voice that he had been dreaming of, General Black Fish’s heart flew into the sky. He laughed loudly and bowed to Su Yu, “Thank you for your help, I... No, I can’t thank you enough.”

Su Yu waved his hand, “Don’t thank me yet. The mermaid tribe is in deep trouble and needs your help.”

General black fish laughed, “That’s easy. I’ll think of a way to get fresh water.”

“Why do you have to go so far?” However, Su Yu smiled, “Isn’t there a ready-made solution right now?”

The tree God suddenly understood Su Yu’s intention. With a flick of his finger, a vine flew over and wrapped around general black fish.

General Black Fish was shocked. “What are you going to do now?”

“Of course, I’m going to use your method to beg for water for the Mermaid Tribe!” Su Yu smiled. There was no warmth in his smile. “According to the prophecy, as long as the fish emperor is sacrificed, rain will fall from the heavens and the sea will return to the past.”

“Now that you are the Fish Emperor, you should have the responsibility and responsibility of being the fish emperor. Please have mercy on your people and sacrifice yourself to be sacrificed.”

At this stage, who would not understand Su Yu’s real intention?

To give him a taste of his own medicine!

General black fish said sternly, “Are you kidding me?”

He quickly said, “Everyone, don’t believe his nonsense. I have other ways to find a new source of water for everyone.”

However, he was shocked to find that the many mermaids were staring at him with burning eyes.

The tree god chuckled and said, “Those are your original words. We didn’t add anything.”

General black fish shouted, “Everyone, please calm down. Things are not as simple as you think.”

However, what he got was a sneer from the tree god. “Fish Emperor, please put the big picture first and sacrifice yourself to help everyone. Don’t you love your people?”

The mermaids below begged.

“New Fish Emperor, please, sacrifice yourself. We will thank you for your kindness.”

“Fish Emperor, my child is dying. Before you find a water source, please bear with the temporary pain. When my child grows up, he will come to pay his respects to you.”

..

Hearing that the people wanted him to die to help them, general black fish said angrily, “Get lost! Why should I die and You Live Well?”

He glared at Su Yu and said, “Let me go immediately. Otherwise, our king will never let you go.”

Su Yu said calmly, “If he dares to come looking for me, I will make sure that he will never come back! Sacrifice him!”

The tree God’s eyes were cold. With a pull of the vine, he pushed general black fish into the boiling oil pot.

A mournful howl could be heard. General black fish was blown to death, leaving behind a charred corpse.

The mermaids all around cheered excitedly as they looked up at the sky, waiting for the rain to fall.

However, the sky was clear and there was no wind or cloud.

“Why hasn’t the Rain Fallen Yet?”

“Strange, could it be that general black fish has just ascended to the throne and failed the sacrifice?”

“Does that mean that we still have to invite our little princess back for the sacrifice?”

..

In Su Yu’s arms, the little princess gazed at the scene below her feet and felt an indescribable pain, sorrow, and relief.
