

Nine-Dragon 1531

Chapter 1531 The Weakness Of The Evil Daughter

A bunch of ignorant, selfish, cold, and numb creatures. Such creatures were not worth her protection at all.

“Looks like you don’t want to go back anymore. Come with me, and I’ll ask you some questions,” Su Yu said calmly.

The group quickly left and headed straight for the Mystic Crystal Mountain Range.

The charred corpse of the Black Fish General was left undiscovered. The shadow of a thumb-long black fish disappeared with a whoosh.

On a nameless hill.

The little mermaid stared blankly at the great beauty who had suddenly appeared in front of her. At first, she thought that it was an illusion. Only when she was sure that it was a real person did she let out a cry of surprise and hugged him while crying.

The two sisters reunited. After chatting for a long time, green bead said, “Young Master Su owes you and me a favor in this world. If he wants to know anything, you don’t have to worry. Tell him everything. Do you understand?”

The little mermaid nodded and said to Su Yu, “You can ask.”

Su Yu said, “Tell me about the divine realm and the situation of the entire lost country.”

“You’re asking the right person. Our Mermaid Tribe was once the center of the Alliance Army’s command center. We have information from all sides, so we understand it in great detail. We understand it better than if you went to the dynasty to ask someone.” The little mermaid proudly stood up with a pair of young pigeons.

“Now that the war in the lost country has calmed down, the eternal night dynasty has been reduced to ashes. It has been replaced by the primordial dynasty established by the Fish Emperor. It stands on four sides with the heaven-defying dynasty, the Tai Qing dynasty, and the Ice Fire Dynasty. Meanwhile, due to the heavy blow to the Shaman Tribe, they have entered a state of recuperation and no longer set foot in the divine realm. The world is at peace.”

Peace? The unusual calmness before the storm.

Hearing the heaven-defying empire, Su Yu’s heart moved. “Who’s in charge of the heaven-defying empire now?”

“Of course it’s the heaven-defying cold star. Heaven-defying Gu Yun fell in the lost country, so naturally, he’ll take over the Empire.” The Little Mermaid looked at Su Yu strangely.

It was indeed him!

“Speaking of heaven-defying cold star, his strength has grown incredibly. Not only has he reached the second sky, he’s also about to break through to the first sky! “It is said that not long ago, he met with the three emperors of the fish emperor, the supreme pure Cloud Luan, and the Blue Fire Planet and signed a peace agreement. During that time, they sparred with each other. Do you know what the result was?”

The Little Mermaid’s eyes were filled with respect and worship. “The heaven-defying cold star actually suppressed the three of them together with only one person’s strength. It is said that he only used one hand from the beginning to the end, and the strength he used was less than half!”

“It’s hard to imagine how powerful he would be if he used his full strength.”

Su Yu and Luo Xueyi’s expressions froze. Heaven-defying cold star had escaped a calamity back then, but he had actually become so powerful.

From the description, his strength was even stronger than heaven-defying lonely clouds back then.

If he really fought alone, it would be very dangerous.

However, with the enemy of the evil girl in front of him, Su Yu did not have the time to pay too much attention to heaven-defying cold star. He had to think of a way to enter the underground of the Mystic Crystal Mountain Range. The right way was to get close to the evil girl.

After learning that the world was peaceful, Su Yu didn’t have any worries. His gaze locked onto the mystic crystal mountain range. A few hours later, he stood outside the mountain range.

However, someone had arrived before him.

It was a creature with the body of a fish and the head of a human. It had a crown on its head and was sitting at the foot of the mountain range. It was drinking in a pavilion.

Beside it were Four Guardians of the third sky.

Green Pearl and the little mermaid stared at this person with hatred in their eyes.

This person was none other than the fish emperor, the current monarch of the absolute beginning empire.

“Are You Waiting for me?” Su Yu said indifferently.

A black figure jumped out from behind the fish emperor. His eyes were filled with hatred. “It’s him. Please help me, Fish Emperor!”

The fish emperor turned his head to look. His originally cold face was gradually replaced by a trace of doubt and familiarity. Gradually, it was replaced by a trace of shock.

His expression changed repeatedly and returned to calmness. He seemed to be deep in thought as he asked, “How did he treat you?”

The Black Shadow was undoubtedly the remnant soul of general black fish. He said hatefully, “This kid with an unknown origin actually sacrificed me alive! His methods are vicious and his nature is vicious. He doesn’t even put Sir Fish Emperor in his eyes.”

The fish emperor took a sip and said indifferently, “Black fish, there’s something that you’re mistaken about. He’s not some kid with an unknown origin. He’s a big shot that you absolutely know.”

Big Shot? General Black Fish was stunned.

“In the entire world, there are only a few people who can look down on me. He’s one of them.”

General Black Fish’s expression changed. “Who... who is he?”

Fish Emperor smiled and spat out two words. “Su Yu!”

“It’s... Him! !”General Black Fish sucked in a breath of cold air. There was an indescribable fear and respect in his expression.

The unrivalled existence that led the shaman clan and killed Heaven defying Gu Yun?

There were already people who analyzed that Su Yu’s combat strength was above the four great empires’ monarchs.

In this era, only heaven defying cold star, who had risen from nowhere, might have the qualifications to be on equal footing with him.

After all, he was the existence that had personally killed the strongest monarch.

How could he not know of such a figure?

However, he would never have dreamt that the person he had hired to kill the fish emperor was actually such an overlord-level expert that could shake the heavens and earth

“So, do you know who you have offended?”The Fish Emperor said indifferently.

General blackfish fell to his knees with a plop. “Your subordinate deserves to die. Your subordinate has actually provoked a great enemy for the Fish Emperor.”

The fish emperor waved his sleeve and helped general blackfish up. He smiled and said, “How could you deserve to die?”

General blackfish rubbed his palms. His palms were full of cold sweat. Hearing this, his heart felt much more at ease.

It seemed that the fish emperor had decided to protect him.

As the Fish Emperor, he also had his own dignity. If he couldn’t protect his subordinates, how could he win the hearts of the people?

However, the next sentence of the fish emperor sent him into a bottomless abyss.

“Because you deserve to die ten thousand deaths!”

General black fish only felt his vision go black, and his remnant soul was extinguished, leaving not a single trace.

And the Fish Emperor’s face was still wearing a faint smile.

He looked at Su Yu and said, "I'm sorry to have made a fool of myself."

Su Yu stared deeply at this person. His original body should be the tomb guardian spirit. Not only was he extremely powerful, but his personality was also extremely brutal. He killed people with a smile, and what he killed was his loyalty from the beginning until now. It could be said that he had no humanity at all.

Su Yu said indifferently, "Is there anything else?"

The Fish Emperor still smiled. "This emperor hopes to form an alliance with Commander Su."

It was impossible for such a person to pay attention to honesty. Moreover, his identity was unknown and quite mysterious. How could Su Yu dare to trust him with his back?

"I don't think there is a need for us to form an alliance." Su Yu rejected him without hesitation and showed no mercy.

However, the Fish Emperor did not mind and said with a smile that was not a smile, "I think that among the lost countries, the two of us are the most necessary to form an alliance."

Su Yu said, "How do you know? We don't know each other and have never crossed paths."

"Haha..." The Fish Emperor laughed. "You crossed paths before you appeared in this mountain range!"

Su Yu's pupils narrowed. "You mean... the underground ancient tomb?"

"Hehe, that's right!" The fish emperor said, "You and I have a common enemy, the evil daughter and the Demon Dragon!"

Su Yu was slightly surprised. The demonic dragon wanted to kill Su Yu. How did he know about this?

The more the other party acted like this, the more worried Su Yu was. He shook his head and said, "Even so, there's no need to form an alliance."

"Hehe, it's very necessary because..." fish emperor stretched his voice. "I know the weakness of the evil daughter and the demonic dragon. One of them can eliminate their weakness in advance!"

Boom --

It was as if a bolt of lightning had struck, causing Su Yu's heart to tremble violently.

Chapter 1532 The True Body Of The Fish Emperor

Weakness? How could such a powerful existence have a weakness?

Su Yu was skeptical, he stared at him and said, "At the very least, you have to make me believe you first before I believe anything you say. Otherwise, if you harbor evil intentions and casually point out a weakness that doesn't exist, wouldn't I be courting death by rashly going against the evil daughter and the Demonic Dragon?"

"Hehe..." the fish emperor laughed. "Then, how are you willing to believe me?"

Su Yu said deeply, "At the very least, you have to let me know what exactly you are. I've seen countless tomb spirits, but this is the first time I've seen someone like you who possesses top-notch strength that keeps on increasing and also possesses top-notch intelligence."

The mysteriousness of this fish emperor was truly inconceivable.

It came from an ancient tomb and possessed a strange and explosive strength. After it appeared in the world, it immediately launched a war and eventually seized the eternal night dynasty, becoming the monarch of one of the four great empires in the Divine Realm.

In terms of mysteriousness, no one could surpass the other.

"Hahaha, the monarch of the other three great empires once asked me the same question. My answer was... I'm the reincarnation of the World Destroyer Emperor," the Fish Emperor said with a smile.

Su Yu said calmly, "Then, did they believe it?"

"Of course not!"

"Then, what is the answer you gave me?" Su Yu stared at him.

Fish Emperor's smile disappeared and his expression became serious. "I didn't lie."

Was it really the reincarnation of the Emperor of Destruction?

Was that possible?

Could there really be a living being that could be reincarnated in this world?

"In your eyes, what is a tomb guardian spirit?" Fish Emperor asked Su Yu.

Su Yu thought for a moment and said, "After the emperors of Heaven and earth perished, evil creatures were born from their ancient tombs."

"Evil creatures..." fish emperor laughed self-deprecatingly. "Then do you know how the Tomb Guardian Spirit was born?"

This question stumped Su Yu.

He only knew that the tomb guardian spirit came from the ancient tomb of the emperors of Heaven and earth and was an existence that guarded the remains. However, he did not know exactly where it came from.

"It was formed from the soul fragments of the Emperor of Heaven and Earth." The fish emperor said indifferently, "The Emperor of Heaven and Earth is an existence closest to Dao Masters. In essence, he has already grasped the laws of the Great Dao of Heaven and earth and is indestructible. In particular, the soul is embedded with the chains of the laws of Great Dao and will not be destroyed."

Su Yu could not help but think of a strand of the divine will of the Emperor of Tianyun.

The divine will was of a lower level than the soul fragments. It was only a strand of the thought of the Emperor of Heaven and earth.

However, even if it was a thought, it had been indestructible for hundreds of millions of years. It could be seen that the fish emperor's words were not without foundation.

"The soul is indestructible, but it can be crushed. However, the soul fragments that are crushed are difficult to destroy. They carry part of the heaven and Earth Emperor's power and cultivate to become a living being alone. As there is no guidance, the bodies that are formed are all different."

Hearing this, Su Yu was slightly surprised.

So the so-called desolate beasts and tomb guardian spirits were actually the souls of the world emperor.

Their existence meant the death of the emperor.

"The vast majority of them have difficulty giving birth to sentience. Only a small portion can carry away a portion of the World Emperor's memories. And I am one of them." Fish Emperor said.

Su Yu's eyes lit up and he shook his head slightly. "It's still hard to believe. Do you have evidence?"

"Evidence? Of course I do!" The fish emperor smiled faintly. "For example, my memories tell me that there are at least ten things that are completely wrong about the world annihilation disc that you copied. In particular, the true use of the world annihilation disc is completely wrong."

Su Yu's heart trembled. He thought for a moment and took out the shrunken world annihilation disc. "You mean this?"

The fish emperor smiled and said, "Can I show it to you?"

"Of course." Su Yu looked expectant.

The Fish Emperor took the doomsday disk. He did not immediately enlarge it or activate the doomsday cannon. Instead, he held it tightly in his palm. Then, he stared at the mysterious crystal mountain range that covered hundreds of millions of miles in the distance. The corner of his mouth curled into a nostalgic smile as he said, "Watch carefully!"

The world-ending plate seemed to come to life when he formed a seal with one hand. It spun rapidly in his palm.

Then, he raised his hand and threw it. The world-ending plate spun rapidly and flew out, heading straight for the mysterious crystal mountain range.

Bang --

With a loud bang, the rapidly spinning edge of the world-ending plate cut out many spatial cracks that were as black as hair.

The huge mysterious crystal mountain range was easily cut open.

However, this was only the beginning. The Wheel of destruction entered the mystic crystal mountain range and its speed increased instead of decreasing. It became faster and faster. The Edge was no longer a spatial crack, but... Spatial Laws!

Countless laws descended around the wheel of destruction. Following the wheel of destruction, they cut across the mystic crystal mountain range at a faster and faster speed of light, sweeping it into space and crushing it into pieces.

After half a cup of tea, the world-termination-plate flew back on its own. It gradually stopped spinning and fell back into the fish emperor's palm.

The Mystic Crystal Mountain Range, on the other hand, underwent earth-shaking changes in just half a cup of tea!

The entire mystic crystal mountain range, from the mountainside up, was crushed into pieces. Only a bare section was left.

The shocking scene stretched for billions of miles!

The Fish Emperor revealed a look of approval. "Although it's a replica, the materials, refining tools, and the imitation are all of the highest quality. It's much stronger than the world-termination-plate that the four great dynasties combined back then."

As he spoke, he threw the world annihilation disc back.

There were traces of boiling heat remaining on the edge of the world annihilation disc, but it was not damaged at all.

Su Yu's heart was shaken. This was the true way to use the World Annihilation Disc? This power was too tyrannical!

It was more than a hundred times stronger than the power of gathering a hundred world annihilation cannons!

If he had grasped this use earlier, there would be no need for a bitter battle against the sea of bitterness giants!

"How is it? You Can Trust Me Now, right?" Yu Huang smiled lightly.

There was no doubt about his identity.

"Why did you choose to cooperate with me?" Su Yu's eyes flashed.

Yu Huang's eyes shone with a light that looked down on the world. It was as if the number one emperor in the world had reappeared in the world. He said, "I've observed that in the divine realm and outside of the lost country, there are all incompetent people who are not qualified to take on the big responsibility."

"The monarch of the four dynasties, the Supreme Pure Cloud Luan, is ultimately a woman. She is indecisive, and it is difficult for her to become a great person!

"The Icefire Cang Planet has courage but no strategy. It is headstrong and self-opinionated, and can not be used! "The Eternal Night Nine Suns have courage

and strategy, but they have no choice. They are only puppets and can not be trusted! “The heaven-defying Gu Yun’s strength is at the top, and his strategy is far-reaching. However, he is arrogant and conceited. Sooner or later, he will die an unnatural death

“The full moon cult master of the lost country hides his strength and bides his time. However, he is old-fashioned and old-fashioned. He follows the old rules. The situation is too small. He is not someone who can achieve great things.”

The five strongest existences in the lost country were nothing in the eyes of the fish emperor.

“Only you, Su Yu. I’ve observed you for a long time.”The fish emperor stared at Su Yu, his eyes brightened. “In terms of strength, you may not be the strongest. However, you can defeat the strong with the weak. You’re good at using strange tricks. You can often turn the weak into an advantage and turn the weak into a magical force. You’ve descended into the god domain. What you’ve done along the way is a miracle. Even when I was alive, I’ve never seen a peerless genius like you.”

“I deeply believe that if I cooperate with you, I can make a name for myself in the absolute beginning realm, not to mention taking down the God realm.”

Hearing that, Su Yu said expressionlessly, “You flatter me. However, you seem to have missed someone.”

Fish Emperor smiled faintly. “You’re talking about heaven-defying cold star, right?”

“That’s right. If the information I got is correct, he used half of his power to suppress the three of you. His power far surpasses his father’s. Moreover, in terms of strategy, heaven-defying cold star isn’t low either,”said Su Yu.

Fish emperor said very frankly, “Hehe, he is indeed very outstanding. During the year and a half that you went missing, the target that I was actually looking for was him. It’s just that you don’t need to contact him anymore when you come back.”

He continued, “Heaven-defying cold star’s strength and strategy are on par with yours in general, but this person...”

Fish emperor frowned slightly. “If I’m not mistaken, he’s probably going to become a reverse devil.”

Reverse Devil? Su Yu was slightly startled.

The fish emperor said, “Back then, the reverse intent of the heaven-defying emperor was too strong, exceeding the limits of his endurance. As a result, he became a devil. Even if someone blocked his line of sight, he would still kill them cruelly. or if someone took a glance at him, it would trigger his reverse intent, wiping him out. Eventually, it developed to the point where he killed everyone he saw and destroyed the cave abode world. Anything that stood in his way would be destroyed.”

“Later, it was the other eight of us who joined hands to suppress him under the eternal mystic ice. After ten thousand years of precipitation, he finally managed to control the overpowered rebellious intent and woke up.”

The fish emperor was slightly worried. “The heaven-defying cold starry sky has a great rebellious intent, but it doesn’t have a solid foundation. In addition, the evil aura is too strong. I think the possibility of him becoming a devil is very high. Now that all the emperors have been destroyed, once he becomes a rebellious devil, no one can stop him. The danger he poses is probably not much different from that of the evil daughter and the Devil Dragon.”

When Su Yu heard this, he frowned slightly. Was the devil-rebel so terrifying? Could he be comparable to the evil daughter? General

“Then, if we kill him ahead of time, won’t we be able to end everything?” Su Yu said.

The fish emperor shook his head firmly. “Absolutely not! He is already on the verge of becoming a devil. If you can’t kill him, his rebellious intent will definitely multiply. Then, he will definitely become a devil.”

Su Yu frowned. “What a trouble!”

“If you encounter him, try not to make a move and do not go against his will. Otherwise...” the fish emperor was stunned when he said this. He clearly remembered the last time he met with heaven-defying cold star, his biggest obsession was to destroy Su Yu.

If they met, even if Su Yu did not die at his hands, it would still be a hindrance to heaven-defying cold star. With hindrances, the rebellious intent would definitely be strong.

However, could it be that Su Yu was going to stand still and be beheaded by him?

“UH... It’s better if you two don’t meet.” The Fish Emperor said helplessly, with a serious expression, he said, “In short, you are the best candidate to cooperate! I have the weakness of the evil daughter, and you have an unparalleled plan. If we work together, we can definitely kill her before she breaks the seal.”

Su Yu’s eyes flashed with deep fluctuations. After pondering for a long time, he said, “Alright! We can work together.”

The fish emperor laughed out loud. “Finally, we have a kindred spirit.”

As he spoke, the Fish Emperor took out a spell and handed it to Su Yu. “As a sign of sincerity, this is the method to control the world annihilation disc. I believe it will be able to make you even more powerful.”

Su Yu was greatly moved. He was rather grateful. “Thank you, Fish Emperor!”

“I wonder what weakness the fish emperor mentioned. Do you have a corresponding plan?” Su Yu asked.

The fish emperor twirled his beard, and a bright light filled the air. “Even the strongest living creature has a weakness, and the vile daughter is no exception! Back then, when the Nine Emperors joined forces to suppress her, they discovered something very strange. She was actually not a complete person!”

Su Yu looked thoughtful. “Not a complete person? What are you referring to?”

“I’m referring to...”the fish emperor said slowly. “She’s just a soul. She doesn’t have a physical body!”

Hearing that, Su Yu took a deep breath. She was just a soul body, but she had the heaven-defying magic power to destroy the nine emperors?

“So, killing her has infinite possibilities!”The fish emperor said deeply, “If we knew that she was a soul body, perhaps the fate of our nine emperors would not be so miserable!”

Chapter 1533 Goodbye Key

Soul Body... Su Yu couldn’t help but think of Yun Yazi.

Both were powerful souls, but they were also mysterious.

However, they had come into contact with Yun Yazi quite a lot, su Yu shook his head and said, “For an existence like her, it doesn’t matter whether she has a physical body or not. Just in terms of the strength of her soul, she has already surpassed the emperors of Heaven and earth. Unless you have a special method to target the soul, this isn’t considered a weakness.”

The Fish Emperor revealed a look of approval. “Hehe, working with you is reassuring. If others were to find out that she has a soul body, I’m afraid they would immediately be blindly optimistic.”

“That’s right!” The strength of her soul was also not something that the Emperor of Heaven and Earth could shake. Unfortunately, there was once an exceptionally powerful civilization weapon born in the divine realm that specialized in suppressing souls. Unfortunately, before it could be completed, the evil daughter and the demonic dragon had already descended.”

Su Yu’s heart moved. “Do you have a blueprint?”

Shua --

The Fish Emperor threw out a blueprint that he had drawn with his own hands.

It was a rather tall humanoid puppet covered in Strange Sanskrit.

Seeing this blueprint, Su Yu’s pupils constricted slightly. This... wasn’t this the ‘Brahma puppet’ that was being created in the World Annihilation Disk?

He returned the blueprint without batting an eyelid and said, “From the looks of it, its power shouldn’t be too great. It should only be at the level of a second sky god.”

“Hahaha...”the fish emperor laughed. “Since I dare to call it a top-tier civilization weapon, how can it only be at the second sky of the God realm? “From the looks

of it, it is indeed just an ordinary puppet. However, the Sanskrit language on the surface of its body can absorb divine blood. The more it absorbs, the stronger it becomes.”

Su Yu’s brows twitched. There was such an ability?

“My Plan is to absorb the blood of all living beings in the world and make the Brahma puppet reach the level of a dao master. It will deal a devastating blow to the evil daughter’s soul!”The Fish Emperor said slowly. “This is the reason why I want to unify the world. Without absolute imperial power, forcing everyone to give up a portion of their blood essence is as difficult as ascending to the heavens.”

He could even reach the level of a dao master? Su Yu’s pupils constricted as he secretly took a few breaths.

In other words, the Brahma puppet that he was forging could also..

Suppressing the excitement in his heart, Su Yu acted as if nothing had happened and said, “So, your plan is to unify the world first?”

“That’s right! and the time is too short. There’s less than half a year left.”Fish Emperor’s eyes darkened as he said, “I hope that you can help me. This is the only way to destroy the evil daughter. Other than that, any other attempts are futile.”

After pondering for a long time, Su Yu nodded slightly. “It’s still fine if it’s the voodoo race in the lost country. I have the confidence to persuade them to give up a portion of their blood essence. However, I have no confidence at all in the four great empires of the Divine Realm.”

The fish emperor said, “Leave it to me. I’m preparing to send out an invitation to invite the four monarchs to meet again and discuss together. At that time, you must also be present.”

He said with a deep meaning.

Su Yu understood what he meant and said, “That’s great. Then I’ll go back to the lost country first and discuss it with the full moon cult master. There’s no time to lose. Goodbye.”

The two exchanged communication magic tools and Su Yu flew away.

The fish emperor flung his sleeves and immediately rushed back to the Eternal Night Dynasty to send out an invitation.

“Big Brother Su, the drawing on that drawing seems to be... the one in your warehouse.”Luo Xueyi’s eyes moved. She had seen the drawing just now. As smart as she was, she seemed to have guessed something, she said, “Big Brother Su, do you not trust this reincarnation of the former emperor? Why Don’t you tell him that you have one too?”

Su Yu's eyes revealed a profound light as he said, "Of course I don't trust him! This person's methods are ruthless and ruthless. Even if he really is the reincarnation of the world destruction emperor, you have to be careful."

Thinking back to how he easily killed a subordinate like general blackfish who had followed him from the very beginning, Luo xueyi deeply agreed.

He was ruthless and killed people with a smile. It was not an exaggeration to be extremely careful when working with such a person.

"You guys rest first. I will immediately rush to the Forbidden Land of Ten Thousand Devils and meet up with the shamans," Su Yu said.

Luo xueyi nodded and obediently returned to the World Annihilation Board.

Following that, Su Yu immediately used the Taiji Yin-yang wings.

The Divine Power Su Yu possessed now far surpassed that of a stage three God and was only second to a stage two god. It was effortless for him to use the Taiji Yin-yang wings.

As such, he continuously teleported along the way, easily traversing billions of miles of mountains and rivers.

The vast lost forest was like an illusion under Su Yu's feet.

Along the way, without any accidents, all the land that had sunk into the sea in the past was revealed again.

The same was true for those ancient forests.

Furthermore, Su Yu was somewhat surprised to discover that the remaining seawater was continuously retreating in one direction.

With a slight change in his heart, Su Yu slightly changed his direction and followed the direction of the retreating seawater to investigate.

Half a day later, Su Yu stood in mid-air and looked down with a deep frown.

Under his feet, there was an incomparably huge whirlpool. The seawater in all directions poured into the whirlpool and flowed endlessly.

The reason why the lost country dried up was because of the existence of this whirlpool.

In other words, there should be a bottomless hole that could hold endless sea water under the whirlpool.

However, the location here was quite subtle.

It happened to be in the center of the Black Wood Forest. What was even more coincidental was that it was in the center of the Forbidden Land of ten thousand devils, the Forbidden Land of the mortal world, and the Forbidden Land of Asura!

"Is it really a coincidence?" Su Yu was deep in thought.

Suddenly, Su Yu saw a faint, dark reflection in the whirlpool. It was like a round pearl. When he looked up, there was nothing in the sky.

“Eh?” Su Yu was surprised. He focused his eyes on the water and looked at the reflection. The more he looked at it, the more familiar it was.

After a long while, Su Yu suddenly remembered what it was.

That year, Su Yu used his natural yin-yang stance and finally took out the ancestral wizard power that had been sealed in the body of eternal night first snow for many years.

Unexpectedly, the ancestral wizard power flew into the sky on its own.

He especially remembered the excitement and desolation of the World Creation Dragon at that time. It said that this thing was the key left behind by the ancestral wizard.

Up until now, Su Yu still did not understand what the key was.

However, it actually appeared in the middle of the vortex. It just so happened to be in the middle of the three forbidden lands. It seemed inconceivable.

“The divine realm that lost the country and was broken into two parts, what exactly happened?” Su Yu’s eyes flickered.

After pausing for a moment, Su Yu continued on his journey.

Two days later, Su Yu arrived at the forbidden lands of Ten Thousand Devils.

What surprised Su Yu was that after two years, the forbidden ground of Ten Thousand Devils had returned to its defensive stance. All of its scales had shrunk and wrapped up into a ball.

His arrival immediately attracted the attention of the creator Dragon and opened up a small gap.

Su Yu quickly flashed inside. He saw the shamans who had suffered heavy casualties.

Even the Temple Master of the Holy Maiden Temple was also heavily injured and it was difficult for her to recover.

There were also quite a number of injured third-level heaven shamans.

“What happened?” Su Yu landed and immediately asked.

The temple master of the Holy Maiden Temple looked up with joy in her eyes. “Su Yu! You’re back!”

When the other shamans heard this, they rushed over one after another, showing a mixture of sadness and joy.

The temple master of the holy maiden temple said, “Su Yu, we were ambushed a few months ago. Many powerful shamans died, and countless people were injured!”

“It’s the heaven-defying cold star? He hasn’t given up yet?” Su Yu frowned and said.

Unexpectedly, Temple Master Saintess shook her head and showed a trace of fear on her face, “It’s not him!”

Eh? Su Yu was surprised. Other than the heaven-defying cold star, who else would specifically set up an ambush for the shamans?

“It’s eternal night seeking the Devil.” A huge hole suddenly appeared in front of Su Yu and a deep voice came from it.

It was him? The Eternal Night ancestor who tricked the Creation Dragon Pearl?

“Why did he make a move against the Witch Clan?” Su Yu was extremely puzzled.

The creation dragon said, “Because his target is me!”

Oh? Su Yu’s eyes spun around as he pondered. After a long while, he said, “Could it be that something happened when he refined the dragon pearl, and he needs you?”

The hole was silent, and in the silence, it emitted a suppressed rage. In a low voice, it said, “En, the Dragon Pearl, he has successfully refined it!”

Hiss... Su Yu sucked in a breath of cold air.

Before he had refined it, Eternal Night Devil already had the power of a first-level sky god. If he refined the dragon pearl, then..

“He wanted to absorb the dragon power of creation from the Dragon Pearl, but he did not open the dragon pearl seal, so he came to ask for it,” the creator Dragon said.

Su Yu chuckled. “He couldn’t have thought that you would hand over the dragon pearl seal for the sake of the witch clan, right?”

The creator Dragon was also a ruthless person by nature. He would definitely not sacrifice himself for someone as insignificant as the shaman tribe.

“Of course not,” the creator Dragon said. “The reason he ambushed the Shaman Tribe was to search their memories and analyze the weakness of the original body’s dragon scale enchantment so that he could break it forcefully from the outside.”

‘HMM?’ Su Yu’s eyes turned cold.

No matter how strong a defense was, there would still be a weakness. The Dragon Scale Enchantment was no exception.

“Then, who was taken away?” Su Yu glanced at the shamans.

They were all silent, not saying a word, and their faces were filled with shame.

The genesis dragon sighed lightly, “It’s the most troublesome one.”

Suddenly, Su Yu’s heart skipped a beat, “Could it be the full moon cult master?”

Even the Holy Maiden Temple Master could escape, so why was he the only one who was taken away?

The Holy Maiden Temple Master's face was filled with shame, "The cult master was taken away to cover us!"

If it was him, it would be troublesome.

In terms of understanding of the forbidden ground of ten thousand devils, who could be more profound than the cult master who had mastered many secrets?

The witch clan had been exploring the forbidden ground of ten thousand devils for generations and never stopped.

"It has been two months. If they really analyzed the weakness, it should be about right?" Su Yu said.

Temple Master Saintess smiled bitterly. "I have long grasped it. In the middle of the month, they tested it every day. It is almost confirmed."

The space in the hole emitted a deep evil aura. "Come, let that ungrateful thing come in front of me. I want to smash him into ashes!"

"Will you be reduced to Ashes?"?

"One is sealed, and his cultivation is only at the second sky."

"The other has grasped the dragon pearl, and his cultivation is at the first sky."

"If the heavenly devil is able to break through the dragon scale enchantment, the creator Dragon will die."

Coincidentally, the dragon scale enchantment suddenly changed color and emitted a fiery red color as if it was responding to the creator Dragon's words.

The Saintess Temple Master was furious when she saw this. "It's them! They're here again!"

However, it was different from before. The dragon scale enchantment kept changing as if it was being burned by a ball of fire.

"This is an official attack." The creator Dragon took a deep breath and gave off a tyrannical aura. "Hide in the spatial hole. They're looking for me."

They had witnessed with their own eyes how powerful the enemy was, especially how terrifying it was to go against the heavens and seek the devil.

It was definitely not a level that could be countered by numbers.

After a moment of hesitation, they were unwilling to hide in the spatial holes of various sizes.

Only Su Yu had no intention of retreating.

"Su Yu, you can leave too." The creator Dragon stared at the dragon scale that was about to melt and said.

Su Yu said, "Although my strength is average, I can help you deal with it."

The creator dragon shook his head, “No! Although your strength is not bad, you are like a floating cloud in front of the heaven-defying Qiu Mo. . If you die here, no one will be able to avenge me.”

The creator Dragon raised his head and sighed. “Perhaps, it is my fate. I Won’t be able to wait for you to help me retrieve the Dragon Pearl. However, please keep your promise and destroy the heaven-defying Qiu Mo. . This can also be considered as revenge for me!”

At the end of his sentence, his tone was desolate, sorrowful, and filled with endless sorrow.

He stared at Su Yu and said tiredly, “Leave. Remember to avenge me.”

After that, a space power swept out and sucked Su Yu into a hole.

Moreover, it was also augmented with the power of the creator Dragon, sealing him inside so that he could not go out. At the same time, it also concealed Su Yu’s aura.

After everything was done, the creator Dragon roared in grief and anger, “Heaven-defying little devil bastard, get your ass in here!”

Crackle --

The fiery red dragon scale barrier burst out with intense sparks and finally melted into a huge hole.

Chapter 1534 Dragon Pearl Seal

The dragon scales were destroyed, and the creation dragon let out a painful groan.

However, its pair of bloodthirsty eyes became even more ferocious in the dark hole.

“Hehe, a mighty creation dragon, an existence at the DAO Master level, I never thought that I, a mere lower God, would bully you. I don’t know if it’s sad or laughable,”an old man dressed in hemp clothes said in a mocking tone, a disheveled old man with straw-tied hair slowly walked in.

The Old Man’s face was old, and his hair was burning like flames. It was very strange.

Especially his eyes, which were pitch-black in color and shaped like ghosts.

He was eternal night seeking devil, an existence that was immortal and had lived for tens of millions of years.

“Heaven-defying child seeking devil, if I hadn’t been sealed, would I have allowed you to be so impudent?”The Creation Dragon roared when it saw its mortal enemy again.

Heaven-defying Qiu Devil Smiled. “There are no ifs in this world. The reality is that I’ll Take Your Dragon Pearl and take your life!”

With that, heaven-defying Qiu Devil’s Flaming Hair shot out thousands of feet, wrapping around the huge hole where the creation dragon was.

The Flames quickly filled the hole and slowly burned it to ashes, revealing the creation Dragon’s true body, an ugly and huge beast.

“Hehe, how does the creator Dragon’s fire taste? I learned all this from that Dragon Pearl of yours. It’s specially made to counter the scales of your dragon

race."Heaven-defying Qiu Mo stared at the strange beast, sizing it up from top to bottom as he laughed mockingly.

Shua Shua Shua --

At this moment, a large group of people flew in from outside the dragon scale barrier.

There were the fleeing Emperor Yongye Jiuyang, Ximen Yingwu, Donghuang Ying, and the others who followed them in the Yongye Empire.

Staring at the gigantic object in front of him, fear appeared in Eternal Night Nine Suns'eyes as he exclaimed in shock, "This is the lord of the seals in the Forbidden Ground, the World Creation Dragon?"

Eternal night suzerain laughed, "How is it? Isn't it very ugly?"? "Back then, I've seen its true appearance. How handsome must it be? Who would have thought that time would have passed and it would become so ugly? No wonder it wanted to hide in a hole and not see the light of day. So it's because it has no face to see others."

"Shameless Junior!"The creator Dragon roared in anger. He raised his huge claws and wanted to attack, but the chains on his body immediately tightened and embedded themselves into his flesh, causing the creator dragon to suffer endless pain. Even so.., the creator Dragon also gritted his teeth and growled, "If you didn't take away my dragon pearl back then, how could I have fallen to such a State?"

Eternal night begged the devil to play with the creator Dragon who couldn't resist, he sneered, "Creator Dragon, if you don't want to suffer, then hand over the dragon pearl seal. To be honest, if it weren't for the many years that I couldn't stop refining the Dragon Pearl, I would have come to destroy you long ago."

"A sealed object like you must be extremely evil. Only by getting rid of you can the lost country enjoy peace,"eternal night Qiu Mo said.

"Bah!"The creator Dragon was furious. "Did I do anything to the lost country? Instead, it was you who extracted the bloodline of the World Destroyer Emperor's descendant. Your methods are sinister and bloody. In terms of evil, I'm not even one-tenth of you!"

Eternal Night Qiu Mo's gaze turned slightly cold. "Who told you that I extracted the bloodline of the emperor of Destruction's descendant... Oh, it's him!"

His eyes gradually narrowed, rays of cold light shot out. "That Su fellow ruined my plans and caused my refining speed to be greatly hindered. I delayed refining the dragon pearl for two whole years. I will slowly find him to settle this score! "Didn't he stop me from extracting the bloodline of others? "Fine, I will extract his bloodline and make him pay the price!"

The creator Dragon laughed coldly. "You have sinned against the heavens. Sooner or later, there will be retribution!"

“HMPH, these words usually come from the mouth of the weak.”Eternal Night Qiumo sneered. “Since you don’t plan to say it, then don’t blame me for using force!”

“Jiuyang, let him have a taste of sealing the chains.”Eternal Night Qiumo laughed sinisterly.

Eternal Night Jiuyang hesitated slightly, then took out a few long whip-shaped magic tools that he had prepared beforehand and lashed them at the chains.

Those chains were the things that sealed the creation dragon. They were extremely spiritual. Once they sensed that an external force was destroying them, they would automatically shrink and punish the creation dragon.

But at this moment, it had become a sharp weapon that eternal night Qiumo used to torture the creation dragon.

As expected, when the long whip touched the chain, it immediately tightened.

The Creation Dragon suddenly suffered severe pain and couldn’t help but let out a mournful roar.

Eternal Night Jiuyang heard the mournful roar and felt sympathy in his heart. The Creation Dragon had no enmity with him, so Eternal Night Jiuyang couldn’t bear to torture it like this.

“How do I stop? Continue!”Eternal Night Nine Yang asked calmly.

Eternal Night Nine Yang Thought for a moment and said to the creator dragon, “Senior, you should hand it over so that you don’t have to suffer.”

The creator Dragon not only gave in, but he even laughed sinisterly. “Beat it, it’s best if you beat me to death. That way, I can be free!”

“HMPH! Reckless Thing!”Eternal Night Nine Yang’s face was ashen. He grabbed a long whip and flicked his wrist. The long whip lashed out like lightning.

PA --

With a loud sound, the chain contracted violently.

Puchi --

The chain tightened around the inside of the body. Under the intense pressure, the creator dragon was strangled into a bloody mess. Blood flew everywhere.

“Are you going to tell me or Not!”Eternal Night Devil waved the long whip continuously. Every time he waved the whip, there was a roar mixed with blood splashing.

Eternal Night Devil was full of malice. A perverted and ferocious smile appeared on his face. It was like the scream of the creator Dragon. It made him even more excited. The whip was even faster and fiercer.

Eternal Night's nine Suns and the others felt their hearts tremble slightly when they saw this, and they felt quite uncomfortable.

Especially when they noticed eternal night's devil-seeking expression, they felt even more uneasy.

Unfortunately, it was absolutely impossible for them to get rid of eternal night's devil-seeking.

At this moment, the World Creation Dragon was already in a bloody mess, and blood was flowing all over his body. The chains had long been embedded into his bones, and they were almost about to tear him apart alive.

Even so, the creator dragon still showed an unyielding expression. His eyes revealed a mocking expression. "You can never obtain the creator Dragon Power. So what if you spent a lot of effort to refine this dragon pearl? In the end, it's still useless!"

It turned out that the creator Dragon had left something behind back then. He had only taught part of the control method of the power of the Dragon Pearl.

However, he had always retained the most core part of the creator Dragon Power.

Eternal Night Qiu Devil's face gradually turned icy cold as a trace of anxiety appeared in his eyes.

The strength of the creator Dragon's will had exceeded his expectations. If this continued, it would be useless even if he was beaten to death.

However, was there any other way to threaten him?

At this moment, Eternal Night Qiu Devil suddenly realized that something was wrong.

Why was there only the creator Dragon in the barrier? He remembered that the ants from the Shaman Tribe had also hidden in this place.

Looking around at the many holes of different sizes, Eternal Night Qiu Mo suddenly put down his long whip. His lips curled into a cruel smile as he laughed sinisterly, "Hehe, you are such a cold and heartless person, yet you actually thought of protecting those lowly ants?"

When he said this, the creator Dragon's eyes could not help but flicker.

Eternal Night Qiu Mo accurately caught this gaze, and the sinisterly smile on his face became even more intense. "Hehe, looks like I guessed it right! There must be someone among them that you want to protect!"

His eyes narrowed as he tightened his grip on the long whip again. He said mockingly, "Let me guess, which hole space is the one that you really want to protect?"

Crack --

Without any warning, he struck out with his long whip, smashing the nearest hole space into pieces.

The long whip was a specially made replica of the royal sacred weapon, and it was extremely powerful. What's more, Eternal Night Qiumo's original body was the one who attacked?

The space in the hole instantly turned into ashes. The few shamans hiding inside let out terrified and painful screams before turning into dust along with the space in the hole.

The creator Dragon was furious. “Stop!”

“Haha? Are You Afraid? I Won’t!” Eternal Night Qiumo laughed sinisterly. He waved his long whip again, shattering another space in the hole. Several shamans died on the spot.

The creator Dragon widened his blood-red eyes. “Stop! You Beast!”

Even Eternal Night Jiuyang and the others could no longer watch, but they did not dare to resist Eternal Night Qiumo.

“Hahahaha, that’s the expression I wanted!” Eternal Night Qiumo continued to swing his long whip, and the hole in the space shattered one by one. Countless shamans were reduced to ashes as they screamed in pain.

What followed was eternal night’s devil-seeking maniacal laughter.

The Creation Dragon could only struggle and roar, but it was powerless. It could only watch as countless shamans were annihilated.

At that moment, eternal night’s devil-seeking whip had already wiped out all the holes in the area around the whip, eternal Night’s devil-seeking smile was not a smile. “If you still refuse to say it now, it means that I haven’t hurt the person you want to protect. Then let me guess, where is he hiding?”

His eyes turned and suddenly locked onto an inconspicuous hole.

It was neither too far nor too close to eternal night exorcist, and it was neither too big nor too small. It was still in the space of many holes, like a grain of sand in the sea of sand.

But under his intuition, eternal night exorcist stared at the inconspicuous sand and said slowly, “This hole space seems to be a bit special. My intuition tells me that the person hiding inside is not ordinary.”

The creator Dragon’s pupils shrank and he said in a deep voice, “Stop! It’s enough! I can tell you the Dragon Ball seal that you want.”

He finally chose to give up because the person hiding inside the hole was Su Yu!

A cold smile appeared on the corner of Eternal Night Devil’s mouth. “Unfortunately, my interest in him is greater than the Dragon Ball Seal. What would a creature that needs your creator Dragon’s protection be?”

“Don’t...” The Creation Dragon roared.

However, Eternal Night Qiu Mo had already shattered that hole.

However, he still had some strength left in his hands. He only shattered the outer appearance of the space so that the creatures inside would not be harmed.

As expected, the space shattered, revealing a complete human-shaped creature.

After seeing this person clearly, Eternal Night Qiu Mo was first stunned before he sneered, then, he laughed out loud, “So it’s that brat surnamed Su! I was just worried that I wouldn’t be able to find

him, but you actually hid him here! You really didn't waste any effort to find him! World Creation Dragon, I really have to thank you!"

World Creation Dragon Glared angrily at Eternal Night Qiu Mo, his eyes filled with despair.

In the end, he was still discovered, and no one could avenge him!

However, at this moment, in the shattered space, Su Yu stood with his hands behind his back with an indifferent expression, he said slowly, "I also want to thank you. Thank you for letting me out. Otherwise, it would really take some effort to break open the space from the inside!"

HM? Everyone was stunned. From Su Yu's tone, it seemed that he was not very afraid of eternal night seeking the devil?

Chapter 1535 Nine Suns Burning The Sky (First Watch)

The hole space originated from the scales of the creator Dragon. It was easy to break it from the outside in, but it was very difficult to destroy it from the inside out.

Su Yu spent a lot of effort in the space, but he still could not shake the hole space.

He saw the situation in the outside world, but he could not get out even after trying hard. Fortunately, Eternal Night Qiumo destroyed the hole space in time.

"Oh? Thank me? hehehe, you should thank me, because I will let you taste the taste of living a life worse than death!" Eternal Night Qiumo laughed sinisterly and said, "Jiuyang, capture him!"

Eternal Night Jiuyang hesitated slightly, but he did not hesitate for too long.

His eyes focused, and Eternal Night Jiuyang teleported over. The figure in the imperial robe was like a shadow and a phantom, condensing into eighteen palm prints around Su Yu.

Each of them was a physical palm print, not an illusion.

"Eternal Night Bright Palm!"

This palm print was the legacy palm print of the Eternal Night Imperial Family, and it was extremely powerful. One palm was more powerful than the other, and the palm prints overlapped endlessly.

Among those of the same level, there were very few who could withstand this palm print.

Su Yu was not afraid. Endless battle intent rolled around in his body. He was like a giant fighting against the heaven and earth, fighting against the Heaven and earth alone.

"Limitless battle intent!" Su Yu roared. After five years of preparation, his limitless battle intent had already reached the great success stage.

He was barely able to use it. Ten thousand divine weapons appeared on his back. Each of them was like the divine weapons that he had transformed into when he was at the small success stage.

The difference was that there were more than ten thousand divine weapons.

The ten thousand divine weapons charged into the sky, forming a dark cloud that swept across the surroundings. It clashed with the eighteen palm prints in the sky.

Although the palm imprints were powerful, more than half of the divine weapons' dark clouds were destroyed in an instant, turning into dust.

However, although their bodies were destroyed, their battle intent was unceasing, and the dust condensed back into an even more powerful divine weapon.

When the second palm attack came, they were still destroyed, but with an even more fierce and powerful battle intent, they condensed again.

Again and again..

When the eighteenth palm attack came, the ten thousand divine weapons' battle intent was shocking, enough to destroy the world.

The strongest palm print was easily destroyed by all the divine weapons like mud.

The divine weapons' momentum did not decrease. They used their peak battle intent to destroy Eternal Night Nine Yang.

Eternal Night Nine Yang was also shocked. After not seeing him for a few years, he had actually cultivated the sky warrior emperor's boundless battle intent to such a level?

No wonder the rumors said that heaven-defying Gu Yun died at Su Yu's hands.

It seemed like everything was not groundless!

"Kid, you're underestimating the imperial family's inheritance!" Eternal Night Nine Yang growled. Nine palm-sized balls of light appeared within his body. They were shaped like nine small suns.

"Nine Suns burning the sky!"

This was one of the two most powerful inheritances in the eternal night imperial family's inheritance. It was second only to the six heart controlling techniques!

Only the inheritors of the Eternal Night Dynasty had the right to cultivate this technique.

However, the Eternal Night Nine Suns was the one who had cultivated this technique the most. Other than his ancestor, the Eternal Night Emperor, no one else could compare to him.

The name of the Eternal Night Nine Suns also came from this technique.

Nine small suns surrounded Su Yu. Su Yu immediately felt the surrounding temperature gathering. Invisible Flames that could be seen with the naked eye rose up and burned him.

A faint shadow of the law appeared.

"The flames that triggered the shadow of the law chain?" Su Yu smiled and grabbed with his palm. A golden bell appeared in his palm. As Su Yu threw it forward, the golden bell expanded from small to tens of thousands of feet, it fell from the sky and suppressed the nine Little Suns.

With a loud bang, the nine Little Suns were trapped inside.

The Flames they emitted were all suppressed within, and the temperature in the surroundings rapidly dropped.

Eternal Night Nine Yang's pupils constricted, "The supreme one Eastern Emperor Bell? Where did you get it from?"

As the Emperor of the dynasty, he didn't even have such a powerful royal sacred weapon

Su Yu stared at him with a faint smile, "Do you really want to know, or do you want to stall for time and fight for an opportunity to use the six heart controlling arts?"

Eternal Night Nine Yang's eyebrows twitched, and his hands behind his back were rapidly forming seals.

Upon hearing this, he immediately activated the most powerful technique of the Eternal Night Empire -- the six heart controlling techniques!

With a clench of his five fingers, the supreme one Eastern Emperor Bell could not help but tremble, as if it was flying towards Eternal Night Nine Yang.

This was the most terrifying inherited technique of the Eternal Night Empire, the six heart controlling techniques.

However, the rumors in the outside world were that eternal night nine Yang had never cultivated this technique!

Even during the battle for the ice and Fire Emperor's remains, Eternal Night Nine-yang and defiant Gu Yun had never used this technique.

But now, not only did he use it, its power was also very strong, reaching the initial success stage of the middle volume!

It could be seen that he had actually cultivated this technique secretly for many years.

But all along, he had always been the weaker party, not letting anyone know that he had cultivated this technique.

One could see how deep his forbearance was.

"You must be surprised, right?" Eternal Night Nine Yang smiled confidently. "This technique was originally intended to give heaven-defying Gu Yun a pleasant surprise and seize the Sky Saint warship he was refining. I didn't expect that he would leave before the final battle with him."

"What's even more unexpected is that what I'm about to obtain is the supreme one Eastern Emperor Bell, which is ranked 23rd! I really didn't expect this!" Eternal Night Nine Yang's face was filled with joy.

But suddenly, eternal night nine Yang's expression changed, and he clenched his five fingers again.

Because his supreme eastern Emperor Bell actually stopped trembling, as if it was controlled by another force.

He tried again and again, but found that the six heart-controlling techniques couldn't do anything to the Supreme Eastern Emperor Bell. He stared at Su Yu's hands behind his back, and said with some surprise, "You..."

Su Yu's expression was calm, revealing his hands that were forming seals and executing the six heart-controlling techniques.

He clenched his five fingers and the supreme one donghuang bell flew back into Su Yu's palm.

"As expected!" Eternal Night Nine Yang could not believe it. "You've actually cultivated to the great completion of the middle volume! Who gave you the middle volume?"

That day, he had only given Su Yu the contents of the first volume.

Suddenly, Eternal Night Nine Yang thought of something and his expression darkened. "It's those two unfilial sons and Daughters?"

Su Yu said indifferently, "They just don't want to join you in the dirty work."

After he finished speaking, Su Yu's eyes turned cold. Without any warning, he pulled out a chain and swung it toward the void behind him.

Clang --

The sound of metal clashing could be heard. A figure holding an earthy yellow longsword fell out of the Void unexpectedly. His figure looked somewhat pathetic.

"What sharp senses!" The figure was slightly surprised.

Eternal Night Nine Yang looked and said, "Father, why did you also attack?"

It was clearly a fight between him and Su Yu. As an elder, Eternal Night Beg Devil had sneaked up from behind and was even exposed on the spot.

Eternal Night Beg Devil did not care at all and coldly reprimanded, "Trash, stand down! You're not even comparable to a mere junior."

In fact, he himself was even more shocked.

From the very beginning, he had been paying attention to Su Yu. After seven to eight years, the other party's cultivation had increased exponentially.

After going missing for two years, all sorts of divine abilities and Heavenly Treasures had appeared one after another!

Eternal Night Nine Yang retreated in embarrassment. He looked at Su Yu with a complicated look in his eyes.

"Kid, I admit that I have underestimated you. You were actually able to defeat a second sky god. The speed of your growth is so fast that even I have a new opinion of you." Eternal Night Qiu Mo's voice was hoarse as he narrowed his eyes, with a smile that was not a smile, he said, "If I give you more time, I believe that you have a chance to surpass the second sky and reach my current level. It's a pity that you don't have the chance anymore."

"Yellow Sky Sword!" Eternal Night Qiumo held the earthen yellow longsword in his hand and swung it over.

Su Yu was stunned. How could he dare to underestimate the swordsmanship of a first sky expert?

While protecting himself with the chains, Su Yu once again unleashed the Supreme Eastern Emperor Bell.

A series of sparks appeared on the chains, and then they were swept away by the great power of the Longsword.

The sword's momentum was indestructible, and it directly slashed onto the Supreme Eastern Emperor Bell.

Ripples appeared on the surface of the Supreme Eastern Emperor Bell, and it was almost pierced through.

Su Yu felt a chill in his heart. Even the sea of bitterness giant had not been able to reach such a level.

They were both at the first sky, but heaven-defying Qiu Mo was much stronger!

“HMPH! Is it safe to hide behind the Imperial Dao Sacred Artifact?” Heaven-defying Qiu Mo revealed a cold smile.

Su Yu was on high alert. Without saying anything else, an extremely large taiji pattern appeared beneath his feet.

Almost at this moment, the longsword in heaven-defying Qiu Mo's hand suddenly changed, turning into a crystal-colored ball that contained an extremely dense dragon clan aura.

It contained an extremely terrifying dragon power.

Even if Su Yu sensed that power, he would still be terrified.

Needless to say, Su Yu could guess what this item was!

The Creation Dragon's Dragon Pearl that gathered all of its dragon power!

With the Dragon Pearl in hand, defiant Devil's body underwent subtle changes. Two pitch-black dragon horns grew out of his head, silver-white scales appeared all over his body, and a faint yellow light that was unique to the Dragon clan appeared in his eyes.

The hand that held the Dragon Pearl had the most unique changes. It was almost identical to the creator Dragon's giant claws.

It was huge, sharp, and contained powerful dragon power.

Seeing this scene, the creator Dragon was both angry and shocked. “Su Yu, be careful! He has already refined the dragon pearl. It's enough to mobilize one-tenth of the dragon power in the Dragon Pearl.”

He didn't continue, but Su Yu could imagine how terrifying one-tenth of the dragon power in the creator Dragon's peak was.

This palm could at least reach the level of an overlord of the galaxy.

A Mere Imperial Dao sacred weapon ranked 23rd couldn't block it at all!

At the critical moment, Su Yu opened his five fingers. "Universe Sword Formation!"

Xiu Xiu Xiu --

Suddenly, silver light flashed behind his back, and nine straight and sharp silver-black feathers appeared.

But when he looked closely, those weren't feathers. They were clearly nine long swords. They were only inserted into Su Yu's back and looked like feathers.

The nine feathers immediately shot up into the sky and spun rapidly around Su Yu.

Because the rotation was too fast, the afterimages left by the nine swords formed a line and gathered around Su Yu to form a clear arc.

The arc surrounded Su Yu as if it was a strange thing.

A shocking sword Qi slowly spread out, as if it was a mighty force that could split the heavens and earth. It was filled with a terrifying will that could destroy the wilderness and shatter the chaos.

Eternal Night's expression changed when he used his claw to attack. His expression had completely changed!

He had sensed this feeling not long ago when he was refining the dragon pearl. At that time, he was very far away and his senses were very blurry.

However, he could confirm that it was the sword technique inherited by the Devil Sword Emperor, the Heaven and Earth Sword Array!

He still had a lingering fear from that terrifying feeling that almost caused him to stop refining.

He had always guessed that the descendant of the Devil Sword Emperor had been born.

However, he had never expected that the so-called descendant of the Devil Sword Emperor was not someone else, but the person he was going to deal with right now, Su Yu! !

A kind of terror that came from the soul caused eternal night to tremble violently.

Gazing at that Dark Silver Arc, eternal night felt as if he was about to be destroyed, and his heart kept beating wildly.

Shua --

After a short period of thinking, eternal night chose to escape without thinking.

A first-level God could travel billions of miles with a single thought.

However, he did not expect Su Yu's figure to follow him like a shadow, still above his head.

Eternal night was shocked. "Stop!"

Chapter 1536 The Dying (Second Watch)

Su Yu formed a seal indifferently and put his palms together slowly. "When the creator Dragon begged you to stop, did you ever have any compassion? If that's the case, what right do you have to beg for mercy?"

As his voice fell, Su Yu's ten fingers rotated. The silver-black arc flickered and flickered violently.

The power that seemed to want to destroy everything was about to erupt.

Eternal night begged the devil with fear in his eyes as he continued to flee.

However, Su Yu was like a ghost as he remained standing on top of his head.

At this moment, the Heaven and Earth Sword Formation was finally activated.

The silver-black arc was like the first ray of light in a dark and chaotic world.

It separated the heaven and earth, cut off night and day, cut off Yin and yang, and swept away all obstructions in the silver light.

The entire lost country could clearly feel that there was a great power that could split the heaven and earth apart, cutting through the lost country's space and time.

They could also feel that there was a silver light that swept through the entire lost country.

There was no destruction, or screams, because even the sound had been destroyed.

The aura of Eternal Night's pursuit of the devil had been erased from the world, leaving nothing behind.

Only endless ruins remained where they were. One-tenth of the black wood forest had been razed to the ground.

There was not a single blade of grass within a ten trillion radius.

The silver light dispersed, and the world returned to peace. To be more precise, it was dead silent.

The nine swords returned, and they were like feathers that stabbed into Su Yu's back.

Su Yu's eyes were filled with exhaustion. His divine power, physical strength, and soul power had almost all been sucked out.

Shaking, Su Yu slowly flew down and sat cross-legged on the ground, recovering quickly.

However, he was still a step too late.

Accompanied by several sounds that tore through the air, Eternal Night Nine Yang led a group of people and carefully rushed over.

Sensing the terrifying power that remained in the air, they stared at the endless traces of destruction and felt their hearts palpitate wildly.

At that moment, Su Yu's existence was obvious. They could clearly feel that he was in a state of scarcity, but they did not dare to approach him.

After a long time, Eternal Night Jiuyang gritted his teeth and flew down. He caught a glimpse of the nine swords behind Su Yu's back and his eyelids twitched.

Shangguan Feiyu, Donghuang Ying, and Ximen Yingwu flew down one after another and formed an encirclement, trapping Su Yu in the middle.

Ximen Yingwu's eyes were filled with jealousy. Back then, they were on the same starting line, but ten years had passed. Although her improvement was divine, compared to Su Yu, those so-called improvements were negligible.

Looking at Su Yu who was like an arrow at the end of its flight, she couldn't help but have evil thoughts in her heart. She narrowed her eyes and spoke, "Monarch, it seems like he can't move anymore. We..."

Donghuang Ying's eyes gleamed with a cold light as she spoke, "That supreme one Eastern Emperor Bell is the ancestor of our clan, Donghuang Taiyi's Emperor Dao sacred weapon. Monarch, can you make the decision for our Donghuang clan and retrieve that lost inheritance treasure?"

When the wall collapsed, everyone pushed it down, especially after the existence they had to look up to in the past collapsed. They even had the thought of trampling on it.

To the extent that even Su Yu's personal magic treasure wanted to get his hands on it.

Shangguan Feiyu's eyes were filled with regret. He and Su Yu could be considered to be somewhat related. However, the sovereign of the eternal night wouldn't let Su Yu off the hook.

Regardless of whether it was the debt from the past or the grudge from today.

Everyone's gaze fell on Eternal Night Nine Yang. Even if it was the heavily injured Su Yu, only eternal night nine Yang had absolute confidence in killing him.

Eternal Night Nine Yang's gaze changed again and again. Finally, he made up his mind and took a step forward. Divine power surged out from his body and swept toward Su Yu.

Ximen Yingwu revealed traces of excitement, while Shangguan Feiyu silently sighed and slowly closed his eyes, feeling sorry for him.

Such a king-level prodigy had fallen just like that.

The World Creation Dragon, which was countless miles away, sensed it and let out an angry roar.

The Dragon's roar shook the sky and lasted for a long time, but it couldn't stop the killer of the Eternal Night Nine Suns.

No one could save Su Yu.

However, unexpectedly, the divine power that was sweeping toward Su Yu suddenly slowed down and condensed into a pure divine power that rushed into Su Yu's body, causing him to recover faster.

Shangguan Feiyu was stunned as he looked at Eternal Night Nine Yang with a puzzled expression.

Ximen Yingwu and Donghuang Ying were both stunned.

Ximen Yingwu asked in shock, "My lord, what are you doing?"

Eternal Night Nine Yang stood with his hands behind his back and stared at Su Yu as he asked, "How are first snow and Wuheng?"

Su Yu calmly sized him up and replied, "Surpassing you is just around the corner."

Upon hearing this, Eternal Night Jiuyang revealed a gratified look as a father. He twirled his beard and smiled. "Good, good. I have countless children in my life. The two of them are the most outstanding. That's good..."

Although he was smiling, it was not difficult to see the loneliness in his expression.

The two most outstanding children were the opposite of him and were strangers.

“Tell them to get married and start their own businesses in the future. Don’t follow their father’s example and destroy the family and the country!” After Eternal Night Jiuyang finished speaking, he stepped onto the ninth heaven.

Shangguan Feiyu was stunned for a long time before he finally turned into a relieved smile and followed Eternal Night Jiuyang away.

Ximen Yingwu had a look of unwillingness on her face as she caught up to Eternal Night Jiuyang, she asked, “Your Majesty, why don’t you take this opportunity to get rid of him? Not only is he an enemy wanted by the four great empires, but he also killed Eternal Night Questing Devil, Retired Emperor. If you let him go, will you let the Tiger return to the mountain?”

Donghuang Ying’s eyes flashed, “He took away the secret teachings of the imperial family of Yongye and even took away the great treasure of our Donghuang clan. Are you going to let him go just like that?”

Hearing their dissatisfaction, nine sons of Yongye turned his head back and said, “Enemy? Who is our enemy? It is the prophecy of the calamity passed down from generation to generation by the Imperial Family! The heavens and earth will collapse, evil daughters will be born, the great world will fall into chaos, and all living beings will weep!”

“I know that the Retired Emperor’s heart is not right, but I still follow him. Why? Because he is the strongest existence in the divine realm, and only he has a glimmer of hope to resist the prophecy!” Eternal night nine Yang said, “Now, since there is an existence that far surpasses the retired emperor, if we take advantage of his serious injuries to kill him, wouldn’t we be putting the cart before the horse?”

Ximen Yingwu’s heart had always been higher than the sky. If it was eternal night without eternity, she could tolerate it, because he had always stood above her.

However, Su Yu, a person who had surpassed her, was not someone she could tolerate.

Donghuang ying continued, “Then what about the Lost Emperor’s Dao sacred artifact of our Donghuang Clan? Could it be that it is controlled by an outsider?”

Eternal Night Jiuyang looked at him, “This item has been lost for hundreds of millions of years and has been passed through the hands of countless people. You Donghuang clan are merely one of them. How could your Donghuang clan inherit the emperor’s Dao Sacred Artifact? “As far as I know, the Supreme One Donghuang Bell was also stolen by your ancestors from other living beings, right?”

Donghuang Ying was silent for a long time before she nodded and said, “Your Majesty is Right.”

Eternal Night Jiuyang said, “Since you have no objections, let’s go back to the Eternal Night Dynasty! The retired emperor left behind some things that are useful in resisting the prophecy.”

Everyone nodded and hurried on their way.

However, not long after they left, Ximen Yingwu and Donghuang Ying left the team one after another and never returned.

Shangguan Feiyu asked, "Your Majesty, why didn't you stop them? You knew that they were plotting against Su Yu when they went back?"

He was very curious as to why Eternal Night Jiuyang would agree when the two men asked the emperor for permission to leave the team temporarily.

Even he could see that the two of them were not convinced and were still thinking about the seriously injured Su Yu.

Eternal night Jiuyang sighed softly, "If they want to die, then let them. I have done my best."

"Emperor, you mean..."Shangguan Feiyu's eyebrows suddenly twitched as he said in surprise, "Su Yu still has battle strength?"

Eternal Night Jiuyang narrowed his eyes, "Not only does he still have battle strength? Even if he kills me, it would be effortless. I should be grateful that he didn't kill us all and left us alive."

"What?"Shangguan Feiyu was shocked. How could he kill a second sky god with such injuries?

If this wasn't from Yongye Jiuyang, he would have found it hard to believe.

Yongye Jiuyang's eyes deepened. "Otherwise, why do you think I changed my attack to help him recover at the last minute? "That's because I suddenly sensed that a destructive power similar to the qiankun sword array was brewing. I'm afraid that I would be killed before I could hurt him."

Shangguan Feiyu completely understood. No Wonder Eternal Night Jiuyang suddenly changed his mind.

It turned out that he had changed his attitude just now because he sensed Su Yu was in danger.

After a pause, Shangguan Feiyu said hesitantly, "The king's heartfelt words for Princess Chuxue and Prince Wuheng are also..."

Su Yu valued friendship and loyalty, so this was not a secret.

Eternal Night Jiuyang's words were just what he wanted.

After a moment of silence, eternal night nine Yang said, "Half true, half false."

Shangguan Feiyu was silent for a moment, then said, "Then, we don't have to wait for the two of them to come back. They shouldn't be able to come back."

"Let's go."Eternal Night Nine Yang nodded and led everyone to fly through the air.

At the critical moment when Su Yu was recovering, he glanced in the direction where Eternal Night Nine Yang had left. The miniature world annihilation disk in his sleeve was quietly withdrawn.

If Eternal Night Nine Yang really didn't know what was good for him, Su Yu didn't mind wiping him out.

Removing his guard, Su Yu cultivated while thinking to himself, “Although the ‘Heaven and Earth Sword Formation’ is powerful, it consumes a lot of energy every time it is used. If it doesn’t reach the end, it’s best not to try again.”

“However, it’s worth it to kill eternal night seeking devil in one fell swoop.” Su Yu recalled his half-dragon form and felt a chill in his heart.

If it wasn’t for the Heaven and Earth Sword Array, the consequences would be unimaginable.

At this moment, a figure quickly rushed over. It was none other than Ximen Yingwu, who had returned.

She saw from afar that Su Yu was still sitting cross-legged and hadn’t recovered much before she chose to appear.

Shua --

Bringing along a wave of sharp sword qi, Ximen Yingwu flew a thousand feet away from Su Yu. Her right hand gripped the longsword tightly as she sized him up, she smiled elegantly. “Hehe, Su Yu, the commander of the lost country. Now, he’s an emperor who has destroyed a first sky god with a single sword strike. I really didn’t expect that the talented youth I met in the Eternal Night Empire back then would grow to the point that I have to look up to him!”

Su Yu looked at her indifferently. “Did you come back just to reminisce about old times? I remember that we don’t have much of a relationship.”

They had not even spoken a single word.

“Reminisce about old times? Of course not! I want to make a deal with you.” Ximen Ying Wu smiled faintly.

Su Yu shook his head. “I don’t think I need to make a deal with you.”

“What You Need!” Ximen Ying Wu smiled, her smile was a little cold. “Use me to spare your life in exchange for your lifetime cultivation resources, comprehension, cultivation techniques, and everything!”

What jealousy? What Envy? It was just an excuse for Ximen Yingwu.

There was only one real reason for her return -- the secret of Su Yu’s rapid rise!

Su Yu stared at him and said indifferently, “If I were you, I would leave immediately.”

Ximen Yingwu said confidently, “There’s no need to put on an act. If you really had the strength to resist, you wouldn’t waste your breath on a nobody like me, would you?”

Su Yu’s gaze was cold as he lightly shook his head.

Ximen Yingwu swept her longsword over, her beautiful eyes turning slightly cold. “I think that you also need to be like that world creation dragon, enduring the torture of life and death before you’re willing to speak!”

Her gaze swept over and swept towards Su Yu’s arm, the corners of her mouth curling up into a cold smile. “That’s the cave abode world, right? Why don’t I take a guess and see if there’s anyone inside that you need to protect?”

Chapter 1537 The Mysterious Head

After he finished speaking, his long sword suddenly stabbed towards the nine jade spiritual pearl. In his eyes, there was a madness and sickness that was similar to eternal night seeking the devil. "First, I'll kill a living creature in the cave. Let's see if you'll say it or Not!"

Su Yu slowly closed his eyes and let out a low sigh. The replica doomsday disk that he had already put away fell silently.

When the sky was enlarged, it covered the sky and the Sun. It was a magnificent sight.

Then, a doomsday cannon with a dazzling light beam swept across.

With a soft ding sound, a broken broken broken sword lay on the ground alone. The owner of the broken sword had disappeared, and even its aura had disappeared from the world.

At this moment, Su Yu muttered to himself and said indifferently, "I'm willing to waste my breath with you. It's not because I'm guilty, but... I don't want to have another person who is blinded by benefits die in my hands."

Following which, Su Yu's gaze landed on the horizon as he spoke indifferently, "Who told you to leave? Come here."

Below the mountain range in the horizon, a young man who had burrowed into the ground was sweating profusely as he flew towards Su Yu with a face full of fear and trepidation.

Su Yu sized him up and spoke coldly, "You're really crafty. Let Ximen Yingwu probe while you wait for the right opportunity to act."

Donghuang Ying's entire body stiffened. Her face turned black and her heart was filled with despair. Her lips trembled as she replied, "I, I didn't..."

Waving his hand, Su Yu couldn't be bothered to argue with such a minor character. He replied, "Let me ask you, is the full moon cult leader still alive?"

After going through the soul search and being personally carried out by Eternal Night's devil, even if he didn't die, he would still be miserable.

Donghuang Ying nodded like a chick pecking on rice. "He's alive, he's still alive. He's trapped in the Shazhou Cave World."

Su Yu nodded. "Bring me to him and I'll spare your life."

Hearing this, Donghuang Ying felt as though she had just come back from a dead end, and she knelt down in gratitude.

After putting Donghuang Ying Away, Su Yu returned to the forbidden ground of ten thousand devils.

After the destruction of the eternal night, the forbidden ground of Ten Thousand Devils was in a complete mess. Most of the holes in the space were shattered, and many of the voodoo race members were dead or injured.

The most miserable one was the creator Dragon, who had been tormented.

Its skin was torn open, and not a single part of its body was intact. It lay on the ground on its last breath, bleeding non-stop.

Su Yu landed in front of it and sighed in his heart. "How can I help you?"

There was a seal on his body, and Su Yu could activate it with just one move, so he had no way to recover.

The creator Dragon opened its dragon eyes with difficulty and said, "I can just find the Dragon Pearl."

Dragon Pearl... Su Yu looked apologetic. "I'm afraid that the Dragon Pearl has already been destroyed in the heaven and Earth Sword Formation just now..."

However, the creator dragon said seriously, "Even if the devil sword emperor was reborn, he wouldn't be able to destroy the Dragon Pearl."

HMM? Su Yu heard the hidden meaning and his expression gradually became serious. "The Dragon Pearl's aura disappeared because..."

"I once taught eternal night a magical ability that came with the Dragon Pearl, the Divine Dragon shell-shedding technique. In a critical moment, you can teleport to another safe place in time at the cost of serious injuries."

Hearing this, Su Yu's face darkened.

The Dragon Pearl disappeared, so did eternal night. In other words, he didn't die, but teleported somewhere with serious injuries.

"How long can you hold on?" Su Yu's eyes were filled with sharp killing intent.

The creator dragon said, "Until you come back!"

"Okay!" Su Yu nodded deeply, his eyes filled with determination. "I'll bring back the Dragon Pearl as soon as possible!"

After that, Su Yu recuperated on the spot and exchanged greetings with the Holy Maiden Temple Master and the others. He immediately set off for Shazhou to rescue the full moon cult master.

What he didn't know was that after he left, the creator Dragon's eyes revealed a trace of craftiness. "Hehe, it's growing much faster than I imagined. It seems that I have a chance to leave this place."

The sand continent was located in a strange sand region within the black wood forest. This place was filled with sand.

Within the vast black wood forest, this bare sand region was extremely strange.

Donghuang Ying led Su Yu to an extremely ordinary sand particle. Without Donghuang Ying's introduction, Su Yu could easily see that this was a world of a cave dwelling.

"Wait here. If I find out that the full moon sect leader is dead, HMPH!"

Donghuang ying hurriedly replied, "No, he's alive and well!"

Su Yu stared at him and entered the cave world.

His powerful background swept through this cave world. Su Yu was somewhat surprised to discover that many of the people in this world were the important civil and military officials of the Kingdom of the eternal night, as well as the local high officials and dignitaries.

Among them, the one who left the deepest impression on Su Yu was none other than the civil official, grand master Yuwen. He did not expect that after the destruction of the dynasty, Eternal Night Nine Suns would still leave such a useless civil official behind.

Su Yu was a little curious. He found that Grand Master Yuwen was commanding a group of people to continuously organize all kinds of scrolls. There were strict seals on them, as if the contents of the scrolls were very important.

“The dynasty has fallen to this day, and a group of ministers who have lost their country are still busy organizing the documents?” Su Yu vaguely felt that something was not right.

However, he had no time to pay attention to it. Su Yu continued to sweep around, and as expected, he found the aura of the full moon sect master.

He was indeed alive, but his condition..

In the world of the cave abode, there was a small black mountain. A group of slaves wearing tattered clothes and chains on their feet were holding a special hard iron hoe as they were digging the small mountain under their feet.

They did not know what material this small mountain was made of. After digging with such a hard hoe, they could only dig out a few inches of shallow prints. At the same time, they could also dig out a series of sparks.

Among the group of beggars, there was a person with an extraordinary temperament who could not be concealed by his miserable appearance. He was also forced to work.

In addition to the chains on his feet, there was also a soul stabilizing wood nailed between his eyebrows. It went straight into the depths of his head.

Su Yu’s expression eased up slightly, and with a teleport, he arrived in front of him.

When he arrived, that person with an extraordinary temperament had a calm expression and didn’t panic in the slightest.

However, when he took a closer look at the person who had arrived, his gaze gradually changed, and he said in a deep voice, “How did you come to this place? Quickly leave! There was originally a peerless expert hidden in the Eternal Night Dynasty. Take advantage of him to go out. Don’t delay, leave immediately!”

Su Yu said, “Don’t worry, Full Moon cult master. He won’t be coming back for the time being. I’ve come specially to save you.”

Seeing Su Yu’s certainty, full moon cult master was skeptical. “So, you’ve been to the Forbidden Land of Ten Thousand Devils?”

Su Yu nodded and took the soul stabilizing wood from his glabella.

Without this item, the full moon cult master's wizard power returned to circulation.

Full Moon cult master's face lit up. He cupped his fists and said, "Thank you! This is the restriction that Eternal Night Qiu Qiu personally placed. I Can't pull it out myself. I need to borrow external force."

Su Yu said, "Let's not talk about it anymore. Let's leave first."

"Wait!" Full Moon cult master said.

Su Yu was puzzled, "Cult master, do you still have things to complete?"

Full Moon cult master shook his head and said, "No! It's just that after I was captured, I discovered that something very special was being done in this cave world."

"Oh?" Su Yu was surprised. To be able to make full moon cult master feel special, it was definitely not an ordinary matter.

"I found that they seem to be excavating some ancient thing."

Ancient Thing? Su Yu's brows twitched slightly. He suddenly remembered the large amount of information that grand master Yuwen had ordered people to sort out. Could it be the analysis of the ancient thing?

"Ancient thing? where is it?" Su Yu thought for a moment and asked.

The full moon sect leader smiled but did not say anything.

Su Yu was stunned, but he quickly reacted. He looked at the dark small mountain below his feet and asked, "Is it this thing?"

"Yes! I don't know where eternal night found it, but it's still here. I've ordered people to dig it day and night."

Su Yu felt around and tried to use the Earth Dragon Beast.

The Earth Dragon Beast was best at digging into the ground. Its sharp beak was specially designed for it.

However, the Earth Dragon Beast's beak could only dig a few inches into the Dark Hill. It couldn't go any deeper. If it forcefully went down, it would only create a series of sparks.

"Eh?" Su Yu was slightly surprised and immediately became interested. After thinking for a moment, he took out the golden flame forbidden wood longsword that had been forged for 5,000 years.

At that moment, the Longsword's sharpness was so cold that even a second sky god would find it hard to resist it.

As a shaman, the full moon cult master's physical body would find it even harder to resist it. He immediately felt that it was dangerous and could not help but reveal a surprised expression. "A very dangerous longsword."

Su Yu smiled and focused his gaze. He swung the longsword down ruthlessly.

In the end, he only managed to pierce one foot into the sword and was unable to go any deeper.

He pulled out the Golden Flame Forbidden Wood Longsword and saw that the longsword was stained with a colored liquid.

“What is this?” Su Yu was slightly surprised. The more he looked at it, the more familiar it became. It was as if he had seen it somewhere before.

Suddenly, Su Yu thought of something, and his pupils constricted.

The full moon cult master subconsciously touched it, but he was quickly stopped by Su Yu. “Stop, don’t touch it. It’s very dangerous!”

How similar was this colored liquid to the blood of ancient God Nine Dragons?

It was similarly filled with power, but the difference was that the blood of ancient god Nine Dragons was five-colored.

What was in front of him was purple and black divine blood.

The full moon sect master looked at the liquid and asked, “Do you know where this item came from?”

Su Yu didn’t say anything. He summoned nine golden flame forbidden wood longswords and spun around the Black Mountain like a gale, sweeping away the three-inch-long surface of the mountain.

Only then did they reveal what was inside the hill.

Standing in the distance, the full moon sect master was surprised. “It’s actually a living creature’s head?”

It was a head that was hundreds of feet tall. It was pitch-black, and there were two huge fangs at the corner of its mouth. There were also countless tiny teeth that were densely packed together. At a glance, one could tell that it was a ferocious and evil creature.

The three-inch-long surface of the head was actually just dust that had been stuck on it for many years.

“As expected.” Su Yu’s eyes revealed a trace of excitement. “It’s probably able to corroborate with what I think in my heart. However, it still needs to be further verified.”

With a roll of his sleeve, Su Yu swept the head away and brought the full moon sect leader to teleport through the air.

Two days later, in Shengjing, the former residence of the Wang family.

The underground of the residence was the forbidden land of the Wang family.

There was a spirit pool filled with dense heaven flames, which could gather into one pool every ten years. The last time Su Yu had the opportunity to cultivate here, he purified his soul.

Now that he had returned to the old place, Su Yu stared at the huge rock under his feet, his eyes full of expectation.

With the opening of his five fingers, the nine Golden Flame Forbidden Woods rotated and swept around, continuously cutting the surrounding of the huge rock under his feet.

At first, the full moon cult master still didn't understand Su Yu's intentions.

But as the huge rock was continuously cut, revealing pieces of strange bones within, he was extremely shocked.

After an entire two hours, the surrounding rocks were completely swept clean, revealing an object that had been embedded within the rocks for countless years -- a crimson red head! !

The face of this head was similarly savage. Even though it had died for an unknown period of time, it still retained a savage aura.

Especially when he met that pair of black eyes, he felt a chill run down his spine.

After excavating two strange heads consecutively, the full moon cult master said in shock, "What is going on?"

Su Yu's eyes flickered with a deep light. He took a deep breath and said, "I think I know what kind of place the lost country is!"

Chapter 1538 Dark Red Wooden Box (Fourth Watch)

The sect leader of Full Moon cult was stunned. Lost Country was lost country. It was a place where the shamans had lived for generations. Other than that, was there any other special significance?

"Let's talk about it in another place." Su Yu rolled up his sleeves and swept the skeleton away, arriving at a spacious and flat place.

Staring at the Crimson Head, Su Yu clearly remembered that the black invitation card in his hand had appeared from the head along with the heavenly flames.

If that was the case, then the black head..

Each of his hands held a golden flame forbidden wood longsword, cutting it with supreme sharpness. As expected, the Golden Flame Forbidden Wood Longsword could not do anything to it. Instead, the blade showed signs of damage.

Su Yu stopped in time. After thinking for a while, he reached for the Buddhist beads on his wrist. Little Bing Huo was still in a deep sleep.

Little Bing Huo was the one who had broken open the Crimson Head.

Since he was in a deep sleep, he could only invite that annoying little lady.

"Come out!" A jade-green light flashed on Su Yu's arm, and a young girl in colorful clothes appeared.

She was holding a piece of Indian silver bamboo with both hands and was lying on the ground happily eating it.

While she was humming an unknown tune, her buttocks were also twisting and turning.

Sensing the changes in the outside world, he immediately raised his eyebrows and looked left and right. When he saw Su Yu, he jumped up as if he had seen a distant enemy. At the same time, he

bared his fangs and brandished his claws, he said fiercely, "Liar! Damn liar! Where are the two drops of God's blood that you promised? I was beaten until I vomited blood, and you didn't fulfill your promise."

Su Yu said, "I was too busy before, and I didn't have time to leave."

After he finished speaking, he quickly shot a jade bottle.

The speed was quite fast, and the full moon sect master was held in Xiao Die's arms before he could sense what it was.

The little face that was still aggressive just now turned into a beaming smile, so happy that he couldn't close his mouth.

The full moon sect master looked at the Strange Girl in surprise. He didn't know why, but he vaguely felt that this girl gave him a very uneasy feeling.

This kind of feeling was only felt when he was facing eternal night.

"Xiao Die, I asked you to come out. In addition to fulfilling my promise, I also gave you some delicious food." Su Yu pointed at the black head that he couldn't do anything about, with a calm face, he said, "That's the compensation that I specially found for you."

Xiao Die's eyes swept over, and her eyes immediately lit up. "The aura is the same as the liquid in the bottle! It's just that it's much weaker."

"However, I feel that there's something very special inside." Xiao Die's eyes lit up. She kept the jade bottle, licked her lips, and pounced towards the head.

Her two tender little hands hugged the head tightly, and her entire body was stuck to it.

At a glance, it looked like a small gecko on the wall.

However, this small gecko opened its mouth and bit fiercely, causing the head to make a cracking sound!

One could see with the naked eye that this indestructible skull had a crack as well as a bite mark.

The full moon cult master sucked in a breath of cold air as his entire body was covered in cold air. He cried out in shock, "She, what kind of creature is she?"

He had a deep understanding of the hardness of the pitch-black skull. No divine weapon could break it.

Even someone as powerful as eternal night seeking the devil had tried to pierce through the skull, but he hadn't succeeded.

But the little girl in front of him had terrifying teeth..

The full moon sect master couldn't help but step back a little, extremely fearful.

Xiao die scratched her head in dissatisfaction. "So Hard? HMPH, I must bite through it!"

Ba Ji Ba Ji --

Xiao die bit down continuously, and finally, a crisp sound like the cracking of an egg shell fell into Su Yu's ears.

A finger-sized hole was actually bitten out of the pitch-black skull.

Xiao Die's face lit up with joy as she bit into the hole in all directions. The hole continued to expand until it was as wide as a person.

"Hahaha, I Smell Something Delicious." Xiao die wiped the sweat off her forehead and happily went in.

Unexpectedly, half of her body went in, but her legs were grabbed by someone and pulled out slowly.

Xiao die looked back and said unhappily, "Why did you pull me out?"

Su Yu smiled warmly, "You're tired. Take a rest. Leave the hardest work to me."

"I'm not tired. Let Go. I smell something good." Xiao die was impatient.

Su Yu opened the nine Jade Spiritual Pearl and carried her upside down. He slowly stuffed her inside and said warmly, "You're really tired."

"I'm not tired! !" Xiao die was so angry that her eyebrows were slanted.

"You're tired!"

"I'm not tired!"

"I'm tired!"

"No... Wait, you're a liar. You tricked me into opening my head. Ah, I'm going to eat you, you damn liar..."

She did not finish her words and was thrown into the nine jade spirit pearl.

Xiao Die's furious curse could be vaguely heard in Su Yu's ears.

Wiping the sweat off his forehead, Su Yu smiled and explained to the dazed full moon sect master, "The child is young and disobedient. Sect master, just treat it as a joke."

The full moon sect master nodded in a daze, "Ah... Oh, no, it's fine... your child is quite good..."

Yes, so good that he opened his mouth to eat Su Yu! !

Su Yu rubbed his slightly stiff face and looked at the hole in his head.

With a thought, Su Yu flew in.

It was pitch-black inside. Su Yu's Golden Flame Forbidden Wood sword shook, and golden light surged, illuminating the inside of his head.

Inside was a pool of purplish-black liquid, similar to the blood of the nine dragons ancient god!

Su Yu's heart pounded. There was so much divine blood, much more than what the nine dragons ancient God had left behind.

However, this divine blood was far inferior to ancient god Nine Dragons' blood, so it didn't give Su Yu too much pressure.

Against the purplish-black water vapor, Su Yu saw a dark-red box floating in the liquid.

The box had been soaked in purplish-black divine blood all year round, but it didn't corrode in the slightest. Instead, it was as bright as ever.

"What is this?" Su Yu revealed a surprised expression. He waved his hand through the air and took the dark-red box.

It was as light as a feather, without any weight at all.

The strangest thing was that when the dark red box separated from the purplish-black liquid, the liquid actually began to boil, evaporating into water vapor, and then entering the dark red box.

In the blink of an eye, the purplish-black liquid was completely absorbed without a trace, not a single drop left.

At the same time, a few lines of small words appeared on the dark red box.

"Only after becoming a highgod can you open it. This venerable self will fulfill one of your wishes."

As soon as the words appeared, Su Yu's palm, which was holding the red box, began to heat up slightly.

Su Yu immediately released the Red Box. Fixing his gaze, he saw that a purplish-black mark had appeared on his palm. It seemed to be the word "Demon."

The full moon sect master had personally witnessed the entire process, and his eyes revealed astonishment. "Could it be that a person with this mark broke through to become a highgod and was able to open this Red Box?"

The red box had been hidden in the head for so many years by an unknown mysterious existence. What was sealed in the red box was definitely not an ordinary object, just like the Black Dao Yuan invitation.

"No matter what, at the very least, an existence like the Emperor of Heaven and earth is needed to open the red box. It's still too early for that," Su Yu said. He casually put away the red box and placed it next to the Dao Yuan invitation.

Then, he cleaned up the scene and took away the two heads. Only then did Su Yu explain to the full moon cult master that a major disaster was about to happen in the lost country in the near future.

Unexpectedly, the full moon cult master had already grasped hold of it..., he said, "No wonder the ancestral witch's cenotaph cracked without any warning a few months ago!" The cenotaph had existed since the birth of the shaman clan. It had been as stable as a rock for countless years and had never changed in the slightest. Even time had not eroded it. Now that it suddenly cracked, I had a bad feeling long ago. I didn't expect that it would be the birth of the evil daughter who destroyed your divine realm back then."

“If that’s the case, once she escapes, the lost kingdom will also be destroyed. As a creature of the lost kingdom, our shamans are duty-bound,” the full moon cult master said. At the same time, he took off 10% of his blood essence and handed it to Su Yu.

His face immediately turned much paler and he looked rather weak.

“I will immediately rush back to the shamans and call upon the shamans’ subordinates to offer their blood essence,” the full moon cult master said.

Su Yu said gratefully, “If we can survive this calamity, we’ll have the cult master’s unrivalled contribution.”

“We’re just in the same boat! Alright, there’s no time to lose. I’ll set off immediately and meet up with the four great empires when they gather.” After the full moon cult master finished speaking, he immediately rushed to the forbidden ground of ten thousand devils.

Su Yu’s eyes flashed as he looked in the direction of the Eternal Night Empire. “I wonder how the Fish Emperor has arranged for the four great empires’ emperors to gather.”

With a thought, Su Yu instantly flew over billions of miles and headed straight for the Eternal Night Empire.

When he passed by the Asura forbidden ground, Su Yu stopped for a moment and stared at the swirling vortex in the sky. There was a knot in his heart that he could not let go of.

Xian ‘er had accidentally obtained the inheritance of the second Asura Dao Master, Dark Phoenix Dao Master, and walked on the path of Asura.

He did not know if this was good or bad for her.

After pausing for a moment, Su Yu rode the wind and left.

What he didn’t know was that in the Black Forest below, two hidden figures had finally appeared. They were extremely fearful and looked in the direction Su Yu had left with hatred.

“Su Yu! I will never let you off!” A beautiful and elegant woman with hatred filled her snow-white eyes said.

The person beside her was none other than the mysterious man who had followed her for the longest time, Li Fei.

That day, when the demon world was broken through, Li Fei pretended to be an ordinary demon and escaped.

It was he who saved Princess Yunxia the moment the giant of the sea of bitterness was destroyed. Otherwise, she would have died under the universe sword formation.

Then, the galaxy revealed the passage between the two divine domains. They had just entered the lost divine domain.

What was even more coincidental was that they were lingering near the forbidden land of Asura and had almost bumped into Su Yu.

How could consort Yunxia not hate the fact that her plan for countless years had been destroyed?

Li Fei comforted her, "It's already a fluke that the consort was able to survive from this child's hands. With this child's ruthlessness, if he discovered the consort, he would definitely kill her."

The hatred on Consort Yunxia's face did not diminish. "It doesn't matter if I die, but he destroyed the hope of rescuing Her Excellency!"

The Sea of bitterness giant was the hope she had spent countless thoughts on. In the end, it was completely destroyed by Su Yu's sword. In the end, even the Shura's original body that was revealed was dragged into space-time and disappeared.

Hearing this, Li Fei shook his head and said mysteriously, "Consort, don't worry too much. Sir actually has several plans. The Shura Envoy is only one of them. He has another plan. I believe that he will definitely be able to escape."

"What? There's another plan?" Princess Yunxia asked in surprise. "What is it?"

Li Fei smiled bitterly. "I don't know. Back then, when the divine realm rammed into the lost country, it caused a huge tremor. The Asura forbidden land shook and the seal relaxed for a moment. Taking this opportunity, sir arranged two backup plans. One of them was the asura envoy. Who knew that he would be sealed by the living successor of the Devil Sword Emperor? The other one is extremely mysterious. I don't know what it is."

Princess Yunxia thought hard for a moment, not knowing, his gloomy face gradually filled with wonderful color: "In this case, your excellency is expected to get out of trouble this time!"

Chapter 1539 Heavenly Thief

A few days later, eternal night imperial capital.

To be precise, it should be the capital of the absolute beginning empire.

Ever since the last dynasty change and the three emperors came to pay their respects, the absolute beginning imperial capital welcomed another unprecedented grand event.

The heaven-defying empire, the absolute Qing Empire, and the Icefire Empire were invited by the absolute beginning empire's fish emperor to the imperial capital to discuss the major matters of the world.

The three great empires brought the members of the imperial family, the officials and generals of the imperial court, and the experts of the various gods in their territories to join the absolute beginning empire.

There were many people, and the momentum was great. It was much more enthusiastic than the last time they paid their respects.

The ordinary people didn't understand the meaning of this discussion, and they waved their flags and shouted in confusion.

Only the participants knew how serious the matter they were discussing was.

If the matter failed, not only the imperial dynasty, but the entire lost country would be affected as well. At that time, all life would be plunged into misery, and all life would be reduced to dust.

Outside the imperial capital, on a hill.

Su Yu floated down and gazed at the bustling crowd, entering the city in an endless stream, su Yu thought to himself, “The fish emperor has done quite a bit of work. Presumably, the news of the birth of the vile daughter has already spread to all levels of gods, and not in the past. Only a few people know about it. It seems that he is indeed putting in a lot of effort.”

“If that’s the case, I can’t slack off,” Su Yu thought to himself.

After thinking for a moment, he activated the Dragon Abyss treasured scroll. A mysterious halo automatically appeared around his body, containing the illusory image of the Great Dao law chains.

This was a small trick that he had discovered over the years. It could perfectly conceal his identity. Even a first sky god would not be able to see through the halo.

By doing so, he was following the fish emperor’s suggestion to not meet with the heaven-defying cold star in order to avoid arousing his rebellious intent and turning into a devil

“Oh heaven-defying cold star, the calamity is upon us. I’ll bear with you for a while. After settling the matter of the vile daughter, I’ll look for you to settle the score. I Don’t care if you turn into the devil or not, I’ll kill you all the same!” Su Yu muttered as he flew to the city gates of the imperial capital.

Just as he was about to enter the city gates, an anxious shadow suddenly leaped out from within the city gates.

Its speed was extremely fast, and the faint shadow of a spatial law chain flickered about, shuttling freely through the crowd of great beings.

Su Yu was slightly surprised. Other than him, there were other creatures that were also proficient in space and were able to draw out the illusory figure of the spatial law chains?

Although it was weak and was far from being as clear as the illusory figure of the spatial law chains that Su Yu drew out, it was still enough for Su Yu to pay some attention to it.

Unfortunately, when that Swift figure went straight past Su Yu, it did not die, and it paused for a moment.

Following that, Su Yu felt that his sleeves were empty.

The Supreme One Eastern Emperor Bell was gone!

“Stealing from me?” Su Yu was surprised. He wanted to laugh. This was the first time someone dared to steal from him in the god domain.

With a thought, Su Yu stood still, but his body strangely shifted backward.

Moreover, he just happened to move to the side of the Swift Shadow, casually grabbing the other party’s sleeve.

Ji Ying was stunned, and then he was shocked. He had run first, but the other party had been able to follow him and move to his side with such precision!

One had to know that he was moving at high speed at this moment!

Even an existence at the third sky might not be able to do this.

As he spoke, Ji Ying's wrist shook. He secretly circulated his divine power and blocked the two fingers that Su Yu had grabbed.

However, what shocked him was that those two fingers also faintly contained the power of space.

No matter how he tried to block, the two fingers seemed as if they were in his pocket as they easily reached into his sleeve. Not only did they take out palm-sized clocks, but they also took out several high-grade treasures.

"How dare you!" Ji Ying shouted and grabbed back.

However, he did not expect Su Yu to look over indifferently. Although it was isolated from the halo, his eyes emitted a soul-stirring power that actually made Ji Ying Tremble and unable to resist.

Immediately after, Su Yu slapped his shoulder, and a wave of space power poured into his body, sealing his divine power and space power.

Ji Ying revealed his true form from his high-speed escape. It was a three-foot-tall, scrawny dwarf-type creature.

The surface of his skin was covered with fine scales, which contained a weak space power.

His head looked like a mouse, and his eyes were small and agile, constantly rotating.

The most exaggerated thing was that its nose was extremely thin. It was a foot and a half long, and it was half the height of his body.

Su Yu knew that he had seen many strange creatures, but this was the first time he had seen such a creature.

"What kind of creature are you?" Su Yu asked.

The strange creature's eyeballs rolled around, and it looked like it was begging, "Sir, I am a mutant rat. Please forgive me for offending you, sir."

Su Yu smiled and shook his head. "Soul searching is still more direct."

After he finished speaking, he pressed his palm on the other party's head. With Su Yu's current attainments in the path of the soul, soul searching was a piece of cake.

In an instant, Su Yu finished the soul searching. When he opened his eyes, surprise flashed in his eyes. "So he is the descendant of the Supreme Overlord back then. No wonder he was born with the power of space."

He was indeed a rat, but he did not have a mutated body. Instead, he was the famous descendant of the Supreme Overlord in the Divine Realm.

The Supreme Overlord's original body was a heaven and earth spiritual item that he had cultivated on his own. It was the supreme rat.

The supreme rats were born with the power of space. They could freely travel through many dangerous forbidden areas or places with seals.

However, what was truly shocking was that their noses were a divine item that could not be compared to even after they had gone through the divine realm many times.

Their noses had a unique ability to recognize all kinds of heavenly materials and earthly treasures, as well as magical equipment and spiritual spells.

As long as there were treasures around, they would be able to smell them no matter how well they hid them.

Back then, when the Supreme Overlord was still a weak mouse, it was because of this nose that he had been searching for treasures everywhere. Only then had he gradually grown into a supreme existence on the level of a galactic overlord.

The unattractive and even comical creature in front of him was the descendant of the Supreme Overlord back then.

“I didn’t expect that even though the Overlord was destroyed, he still had a descendant remaining.” Su Yu sighed. He was unwilling to kill him just like that. He said, “At least your ancestor was a famous divine item in the divine realm. How could a junior be reduced to a thief?”

The Supreme Overlord was stunned. He was surprised that Su Yu knew about the past.

In his memories, there was no memory of the heavenly overlord. It was definitely not something that Su Yu had obtained by searching his soul.

“It won’t happen again. Let’s Go!” Su Yu waved his hand and unsealed it.

Xiu Xiu Xiu Xiu --

At this moment, within the city gate, the current flowed against the current once again. Three strong auras surged out.

When he fixed his gaze, he saw two well-dressed young elites and a pink-clothed woman with Bright Eyes.

The three of them rushed over with sullen faces.

In the crowd, their eyes searched quickly and soon locked onto the heavenly mouse.

Seeing this, the heavenly mouse’s expression changed and he ran away.

The young girl raised her eyebrows and scolded, “Half-moon thief, you still want to run!”

“Taiji Yunyang Wings!” A blurry Taiji pattern appeared above the young girl’s head.

The Yin-yang fish eye split into two and transformed into a pair of wings behind her back.

With a flap, the young girl’s figure blurred and she instantly teleported to the vicinity of the heavenly rats.

The Heavenly Rats' Abhijna was to escape through space and search for treasures, but their battle prowess was very ordinary.

After two rounds, they were captured by the young girl and pressed to the ground.

Su Yu looked at the young girl who was right in front of him and was slightly surprised. Taiji Yunyang wings... Such a familiar name and a familiar move. It was exactly the same as the Taiji Yin-yang wings. She should be from the Taiqing dynasty, right?

Then, he looked at the other two young men. Their skin was slightly tanned and they looked down on others. Needless to say, they should be from the heaven-defying dynasty.

As for the other young man, his body was surging with ice and fire at the same time. Naturally, he was a member of the imperial clan of the ice and Fire Dynasty.

Looking at the furious expressions of the three young men, Su Yu found it funny. The heavenly rats were really audacious. Who Wouldn't provoke them? Why did they have to provoke the members of the imperial clan of the three dynasties.

"What are you laughing at?" The young lady was by the side. Her sharp senses caught the strange smile on Su Yu's face as she lightly reprimanded him.

Su Yu glanced at her. She was only 18 years old. She was probably only 10 years old when Su Yu came to the God realm. She could be considered as Su Yu's junior.

With a faint smile, Su Yu left behind his supreme one Eastern Emperor Bell. He then took out the rest of the items. "Coincidentally, he also stole something from me. capture him. If there are any items belonging to a lady among these items, please take them."

The beautiful eyes of the young lady immediately fixated on an ice jade hairpin. It couldn't be considered as valuable, but it contained the aura of the monarch of the Supreme Qing kingdom.

"Oh, so it's a personal item of the Supreme Qing Yun Luan. I was blind and didn't notice it." Su Yu smiled.

The eyes of the young lady, which were filled with joy, immediately turned fierce. "Calling Grandma by her name, asking for a beating!"

So she was the direct descendant of Tai Qing Yun Luan.

Su Yu smiled but didn't say anything. Tai Qing Yun Luan could only be respectful in front of him. Not to mention calling her by her name, she didn't dare to complain even if she scolded her face to face.

"Miss, please return these things to your companion," Su Yu said. He looked at the heavenly mouse that was about to face disaster and said, "As for him, please spare his life on account of helping you to capture him."

The young girl tilted her head and looked at Su Yu seriously. She said, "You are so strange. Your Aura is completely hidden. I Can't see through it at all."

It would be strange if she could see through it.

At this moment, her two companions flew over one after another and asked about the scene in front of them.

The young girl explained to them and the two young men nodded in agreement.

Su Yu was surprised. The heaven-defying Gu Yun and the icy fire Cang Xing were arrogant and unreasonable people.

Their juniors were reasonable and let him go so easily.

But thinking about it carefully, they had many descendants. There were good people and there were bad people. There was no lack of good people.

The young girl put down the heavenly rat and kicked him angrily. "Forget it, you're lucky. If I meet you again, I'll take your life. Get lost!"

The heavenly rat survived the disaster and bowed to Su Yu before disappearing.

The young girl said angrily, "You really don't know what's good for you. We were the ones who let him go, but you were the one who thanked us. What kind of logic is this? Speaking of which, who are you? You're hiding something, so you must have an unspeakable face."

She stared at Su Yu like a little adult who had experienced the world.

Su Yu could not help but laugh. He thought for a moment and said, "I guess you can be considered to be the fish emperor's people."

Upon hearing this, the young girl and the other two young men did not suspect him.

"No wonder he was able to block the number one godly thief in the world, half a month." The young girl nodded in realization.

The Number One godly thief in the world? It seemed that the heavenly mouse was still a habitual criminal? Su Yu somewhat regretted letting him go so easily.

The young man who was full of rebellious intentions sized up Su Yu. "It's rumored that the Fish Emperor has experts by his side. Brother, you were able to capture him alive for half a month. I believe that you're not an ordinary person. Do you have the guts to fight with me?"

"Haha..." The Young Man from the ice and fire imperial family laughed. "Leng Shan, when can you change your personality of wanting to challenge everyone you meet? We have been delayed by our official matters, how can we have the time to spar?"

The young girl slapped her head. "Ya! I'm so angry that I'm muddled. Hurry up and leave, the Heavenly Immortal Tower's grand meeting is about to begin."

Defiant Leng Shan also revealed a regretful expression. "Forget it, I'll spar with you next time."

"Hehe, why would there be a need for a next time?" This brother should also be from the younger generation. The Heaven Immortal Tower invited all the elites in the world, wouldn't he be the most suitable one? Brother, why don't you come with us? We can even fulfill one of Leng Shan's wishes." The young man from the icefire royal family invited Su Yu.

Su Yu smiled and rejected him. He was indeed from the younger generation, but in terms of status, the emperor of the dynasty couldn't be compared to him. He could be said to be an ancient monster in their eyes.

Wouldn't he be bullying others by attending the convention?

However, the next sentence of the young man from the ice and fire imperial family changed Su Yu's decision.

Chapter 1540 Divine Arts Of Inheritance

"Brother, don't miss this convention. The main purpose of this convention is to exchange divine arts of inheritance. The members of the royal families of our four great empires are no exception." The young man from the icefire royal family revealed a shocking inside story.

Su Yu was slightly surprised. The Divine Arts of the royal family were inherited from the emperors of Heaven and earth. Could it be that they were also willing to hand them over?

"The disaster this time has affected a great deal. It is very likely that all living beings in the divine realm will be exterminated. Even better, it is still less than one-tenth. If we still keep it to ourselves, I'm afraid that our inheritance will be cut off in the disaster. We might as well spread it out. Perhaps those lucky survivors will be able to continue spreading it out."

"This matter has been discussed and confirmed by our imperial family members. During special times, special actions are taken. We can no longer care about the so-called ban on the inheritance not to be spread out."

Su Yu's heart pounded.

He had already obtained the inheritances of the four remaining empires, the Eternal Night Empire.

However, the heaven-defying empire, the Ice Fire Empire, and the Taiqing Empire had never come into contact with the inheritances.

One of the inheritances had a profound meaning to Su Yu.

It was the Taiji Yin-yang wings!

As the Imperial Dao sacred weapon of the former emperor of the Taiqing Empire, teleporting hundreds of millions of Miles was obviously not its full power.

There must be an even more powerful method to use it. As for where the controlling method was, it was obvious that the most likely one was the imperial family of the Taiqing Empire.

"Who from the imperial family of the Taiqing Empire came personally?" Su Yu asked.

The young girl looked at him strangely, "Could it be that you have taken a fancy to the inheritance of the divine arts of the imperial family of the Taiqing Empire?" "Hehe, what great ambition. Unfortunately, our divine arts are only passed down among the members of the four great empires.

Unless you can come up with a precious technique that makes us very interested, you don't need to dream about it."

Su Yu said with a deep meaning, "Could it be that you are the main representative of the imperial family of Taiqing?"

The young girl glared at him and said, "If it were me, you should be glad."

The young man from the imperial family of ice and fire laughed, "Brother, although Miao Yu's tone is harsh, her words are not wrong. The representative of the imperial family of Taiqing this time, the Heaven Immortal Tower, is one of the most outstanding people in the current generation. Taiqing Yunhui is the future successor of the imperial family of Taiqing. She is rather old-fashioned and is not as open-minded as us. Especially when it comes to the divine arts passed down by the imperial family, she is even more unwilling to pass it on. If you want to move her, it will be far more difficult than moving the other two great empires."

"Is it Taiqing Yunhui?" Su Yu was deep in thought. She had heard of this person's name before. He was the most outstanding heir to the imperial family of the Taiqing dynasty.

In terms of status, he was even higher than Yongye Wuheng.

His reputation in the Taiqing dynasty was only second to Taiqing Yunluan, and he was respected by the people.

She had reached the third sky a long time ago, and her combat strength was extremely strong. Back then, Yongye Wuheng was also willing to admit defeat.

Su Yu also had some understanding of this person's character. His actions were tough and extremely principled.

Back then, the Princess of the Taiqing dynasty was snatched away by the heaven-defying cold star, and the war between the two sides was on the verge of breaking out. Later on, the relationship eased up, and the Taiqing Cloud Luan sent her to participate in the peace negotiation.

In the end, she flatly refused because she could not agree with the Taiqing dynasty's humiliation.

Because of this, she was punished by facing the wall for ten years under house arrest, and she did not lower her head to admit her mistake.

Su Yu had no idea how to convince such an arrogant person.

However, it would be a pity if she did not care about the control method of the Taiji Yin-yang wings.

"Alright, then I will take advantage of you. I would like to pay my respects to all the young talents of our generation," Su Yu said.

Tai Qing miaoyu snorted, "It's good that you know. When we get there, don't embarrass us."

"Hehe..." Su Yu smiled and nodded.

The group of people entered the city once again. Far behind them, the heavenly rats that had long left returned. They stared at the direction in which they had left.

The Heaven Immortal Tower was the largest restaurant in the absolute beginning empire. In the past, it was the property of the Princess of the Eternal Night Empire, Eternal Night First Snow, the heaven slave auction house.

After the empire was destroyed, it fell into the hands of the enemy army and became the property of one of the fish emperor's capable subordinates. It was changed to the Heaven Immortal Tower and gathered three types of businesses. It was quite famous in the imperial city.

That subordinate was the leader of the Dragon Elephant tribe, one of the ninety-nine tribes in the southern part of the dynasty. He was born with astonishing strength and was extremely strong. During the battle, his strength soared to the third sky and he killed many third sky enemies in succession. He was famous for a time, he was one of the most important ministers under the name of the Fish Emperor.

During this Heaven Immortal Tower Convention, his original body would personally come to the scene and host the convention as an elder. This would make the convention even more eye-catching.

When Su Yu arrived, the heavenly immortal tower was already overcrowded, gathering all sorts of elites.

However, elites were also divided into three, six, and nine levels.

Elites of different levels gathered on different floors.

The first floor was filled with elites who had yet to reach the gods.

The second floor was filled with elites from the fourth and fifth sky.

As for the third floor, it was filled with elites from the third sky to the highest level.

Under the envious gazes of the elites on the first floor, Su Yu and the others walked directly to the second floor.

"Stop. Not everyone can go up to the second floor." At the entrance of the second floor stood a young man with a proud expression. He was from the heaven-defying empire's younger generation, heaven-defying Ao Yun, a fourth Heaven God, he was considered extremely outstanding among the younger generation.

Tai Qing miaoyu frowned. "Defiant Ao Yun, are you deliberately looking for trouble? We just chased the half moon god and left the second floor. Why are you stopping us?"

Defiant ao Yun seemed to have just recognized them. He smiled and said, "I was wondering who it was. So it's the little princess of the Taiqing dynasty. Please come in."

"Humph!" Tai Qing Miaoyu snorted and entered in a flash.

Defiant Leng Shan and the young man from the ice and fire royal family also looked unhappy. However, when Su Yu was about to enter, defiant Ao Yun stopped him and looked at Su Yu from head to toe. "Who allowed you to enter?"

Tai Qing Miaoyu turned back and said, "How dare you! Since he was invited by us, he naturally has the right to enter the second floor. Don't tell me he has to doubt our taste and character?"

"Hehe, it's not that I don't trust you guys. It's just that there are too many fish in troubled waters. It's not a big mistake to be cautious." Defiant Ao Yun laughed wantonly.

"You did it on purpose!" Tai Qing Miaoyu squinted her Crystal Eyes.

Defiant Ao Yun laughed coldly and bared his teeth, "What do you think?"

Their auras gradually rose and collided with each other, creating a fierce aura that attracted a lot of attention.

Right at this moment, a warm and heavy voice broke the atmosphere of both sides. "Acting atrociously in my territory, aren't you looking down on me too much?"

The young elites, who were originally discussing in groups of three or five and didn't care about the outside world, immediately became spirited.

"It's the owner of the Heaven Immortal Tower, Dragon Elephant King!" One of the elites said in surprise. He immediately smiled and came forward to greet.

"TSK TSK, the rumors are indeed true. The Dragon Elephant King is personally hosting the event. It's an honor to meet this battle king. I didn't come here in vain."

Everyone surrounded him. They had just noticed the dispute between Supreme Purity Miaoyu and the others and defiant Ao Yun.

"Hehe, it's not that enemies don't meet. The conflict that defiant Ao Yun planted in the past has continued to this day."

"What a pity for that secretive brat. If he came alone, there might not be any trouble. However, if he came with Supreme Purity Miaoyu and the others, he would be asking for trouble. That Defiant Ao Yun is not a good person."

Amidst the chattering, on the first floor, surrounded by many gods, a broad-shouldered bronze elephant-headed man slowly walked up.

His powerful footsteps made the stairs creak, and everyone's heart skipped a beat. All of them felt a great pressure.

Especially those cold and emotionless eyes. They seemed to have returned from a bloody and cold battlefield, causing everyone's hearts to tremble.

Even gods of the same level felt uneasy in front of him.

The eyes of the many stage four gods on the second floor flickered with reverence and respect.

Under the gazes of everyone present, the Dragon Elephant King arrived at the staircase.

Even the proud and arrogant dragon elephant king bowed respectfully. “We pay our respects to the Dragon Elephant King.”

Tai Qing Miao Yu and the others also bowed. “We pay our respects to the Dragon Elephant King.”

Dragon Elephant King nodded indifferently and looked at them, “What happened?”

Tai Qing Miaoyu’s anger did not come from the same place, she explained the cause and effect one by one.

The Defiant Ao Yun also had his own reasons and said, “His aura is hidden and not leaked. Who knows if he has the qualifications to enter the second level. I strictly guard it, and it is also for the sake of the conference’s success.”

After listening, Dragon Elephant King’s cold eyes contained a deep penetrating power as he stared at Su Yu.

“HM?”The Dragon Elephant King was slightly surprised. He actually didn’t see through Su Yu’s aura.

“Release the Divine Light!”The Dragon Elephant King naturally thought that the divine light on Su Yu’s body was just a little special.

Su Yu’s face was expressionless as he lightly shook his head. “It’s best not to, in case of unnecessary trouble.”

Hearing this, heaven defying Ao Yun sneered. “Who do you think you are? In front of the Dragon Elephant King, you still cause trouble? You’re overestimating yourself too much.”

The dragon elephant king looked displeased, “I don’t like to repeat my words a second time. Let Go. Otherwise, I have the right to ask you to leave, no matter who you are!”

Su Yu turned to look at the dragon elephant king and said, “Really?”

“This is the absolute beginning empire, my territory. My words are an imperial edict! Unless you are the Fish Emperor!”The Dragon Elephant King’s aura suddenly became fierce as he took a step forward.

Everyone felt the pressure increase. If it wasn’t divine power surging out, they would either choose to retreat, afraid of being affected.

Defiant ao yun sneered, “A reckless thing, going against Dragon Elephant King? Hehe!”

Su Yu slowly walked down the stairs and looked at Dragon Elephant King Face to face. He said, “Although I am not the fish emperor, I can be an exception.”

In an instant, the divine light around his body dissipated for an instant, revealing his true appearance.

Because of the angle, only the dragon elephant king could see him.

The Dragon Elephant King’s cold face was stunned at first, as if he was recalling something. It changed randomly and violently, turning into a touch of stiffness and a touch of fear.

Large beads of sweat quickly accumulated on his forehead, and his eyes trembled in panic.

His enormous body couldn't help but tremble slightly, and even that fierce look in his eyes disappeared. It was replaced by endless panic.

"Greetings... Greetings Su..."the Dragon Elephant King's throat was dry. He was like an ant standing in front of the Divine Dragon. He was so humble and insignificant that he could not speak.

Su Yu waved his hand and interrupted him in time. "It's fine as long as you know who I am. Please keep my identity a secret, Dragon Elephant King."

The Dragon Elephant King was dumbstruck and nodded repeatedly. "Okay... Okay, keep it a secret."

His heart was filled with thunder at the same time. Didn't he say that he would hold a party for a bunch of juniors? Why did an ancestor-level ruthless man from the past appear?

That was a character even more ruthless than the fish emperor!

Was heaven-defying Gu Yun strong or not? He would still die in his hands!

For such a person, squashing him to death was like squashing an ant. It was effortless.

"Then, can I enter the second floor?"Su Yu asked.

The Dragon Elephant King smiled bitterly. Even if you wanted the Heaven Immortal Tower, he wouldn't dare to say anything, let alone go upstairs?

"Sure, no problem!"The Dragon Elephant King said quickly.

Defiant Ao Yun was a little dumbfounded. He didn't accept the sudden reversal and stammered, "Dragon Elephant King, you're letting an unknown person go upstairs just like that?"

The Dragon Elephant King was furious. What the F * ck are you talking about? If he was an unknown person, wouldn't you be nothing?

Resisting the urge to slap him, the Dragon Elephant King regained his composure and said, "I know who he is. Let him go up."
