

Nine-Dragon 1541

Chapter 1541 Exchange Of Divine Arts

“But...”defiant ao Yun felt humiliated and wanted to dissuade him, but when he met the Dragon Elephant King’s fierce gaze, he immediately withdrew the words from his mouth.

The Dragon Elephant King cupped his hands at Su Yu. “Young master Su, please.”

Su Yu didn’t want to be too ostentatious and said, “The Dragon Elephant King is the host, so naturally, you should go first.”

“Okay, okay.”The Dragon Elephant King, who had always been cold, was a little too polite. As he entered, he said, “Young Master Su, you don’t know much about the Heaven Immortal Tower, right? Why Don’t you let me accompany you...”

“No Need, the Heaven Immortal Tower’s guests are like guests. Dragon Elephant King, you can do your own thing first. There’s no need to entertain me,”Su Yu said indifferently.

Dragon Elephant King felt bitter in his heart. All the guests present today added together were not even as honorable as a single strand of your hair.

However, the Dragon Elephant King still had the ability to read people’s expressions. He knew that Su Yu was not willing to reveal his identity, so he did not dare to continue the conversation in order to avoid angering this killing god-like giant, he said, “Then young master Su, enjoy yourself to your heart’s content. This king... uh, I Won’t disturb you anymore.”

Everyone watched the Dragon Elephant King’s back and then looked at Su Yu’s figure that was neither too fast nor too slow as he passed through the heaven-defying Ao Yun and ascended to the second floor. They were extremely astonished.

“Who is he? How can he make the Dragon Elephant King be so polite?”

“Could he be the successor that the Fish Emperor secretly groomed?”

“If that’s the case, why haven’t I heard of him before?”

“Hehe, no matter what, the heaven defying Ao Yun has lost face. With his character, it’s hard for him to let it go.”

“Besides exchanging the inheritance, it seems like it’s not bad to see an extra wonderful show.”

As expected, Tai Qing Miaoyu’s flirtatious laughter could be heard, “Hehe, what a pity, this is not heaven-defying empire’s territory.”

In other words, even if heaven-defying ao Yun had his prestige, he could not use it.

Heaven-defying ao Yun’s face was already gloomy, but a few flashes of malevolence flashed past, “HMPH, just wait and see!”

He glanced at Su Yu, with fear and deep jealousy, “Don’t be happy too early!”

Su Yu didn’t care. He ignored him and walked to the second floor.

“Hey, you’re really well-hidden!” Tai Qing Miaoyu was relieved. She looked at Su Yu curiously. “Even the Dragon Elephant King is polite to you. You’re not a nobody around the fish emperor, are you?”

At this moment, she remembered that she had never asked for his name.

It was not that she had forgotten, but as a member of the royal family of the four dynasties, she had a sense of superiority in her bones. She looked down on Su Yu and was too lazy to ask.

Su Yu only chuckled and did not answer.

Tai Qing miaoyu frowned and said, “Why are you so difficult to get along with?”

On the other hand, heaven-defying cold mountain looked at Su Yu again and cupped his fists. “I have yet to ask for your name, Brother.”

Su Yu paused for a moment and replied, “Yes, young master Su.”

The young man from the icefire imperial family muttered and said in surprise, “Using the word ‘young master’ before the surname is a habit of the aristocrats of the ancient countries. could young master Su have come from a noble family?”

Tai Qing Miaoyu, who had some complaints against him, tilted his nose, he snorted and said, “In today’s world, other than the emperor’s sacred sect, who else can boast that they came from a noble family? “All the top-notch heroes in the world have come from our sacred sect. Big Brother Jing Huan, don’t be too proud of others. He’s not that great. He’s just being polite to the dragon elephant king. In the divine realm, he’s nothing compared to a true heaven’s favorite.”

“Hehe...” icefire scripture Huan chuckled. “Then, is senior Su Yu, whom you admire the most, also from our four great empires’ holy sect?”

Tai Qing Miaoyu blushed. “What nonsense are you saying? I don’t admire him! I’m just very curious.”

“Haha... who grew up listening to his stories and once said that he wanted to marry him when he grew up?” Icefire scripture Huan laughed loudly.

The cold and silent cold mountain could not help but reveal a knowing smile.

The three of them had been good friends since they were young. When they were young, they had listened to Su Yu’s stories until now.

All kinds of rumors and unbelievable stories about him were as fascinating as an unknown legendary story to them in the depths of the lonely imperial palace.

Especially five years ago, he killed the number one king of the divine territory, defiant Gu Yun, and pushed him to the peak of myth.

Tai Qing Miaoyu was even more respectful towards him.

There were many outstanding men who came to propose marriage, but they were all mercilessly rejected by Tai Qing Miaoyu. She set a standard that if she could do anything that Su Yu succeeded in, she would consider marrying him.

Although there were many outstanding men in the world, there was no lack of people with unfathomable strength.

However, Su Yu's many deeds could be called legendary.

Even their elders were amazed. They did not dare to try, let alone the younger generation?

Tai Qing Miaoyu was ashamed and angry. She pulled out her sword and slashed at him. "Bastard! That's my fault! How dare you take it out!"

She admired Su Yu not only because Su Yu had killed the heaven-defying Gu Yun and defeated the heaven-defying cold star one after another. He had ruthlessly avenged the Tai Qing dynasty, but also because of the heroic dream in the young girl's heart.

At that time, Su Yu was like a comet rising up and shining on the divine realm continent. She was the person she longed for the most as a young girl.

Now that time had passed and she had matured day by day, she naturally knew that the gap between her and Su Yu was like a light year.

In the eyes of a legendary figure like Su Yu, who was at the level of an ancient ancestor, she was just an inconspicuous one among the common people.

It was impossible for them to have any interaction in their lives.

The ice and fire sutra fantasy still did not let her go. She teased, "Oh? Then who was the one who secretly bought Su Yu's legendary booklet in the Market Last Night?"

"AH? You Saw It?" Tai Qing Miaoyu was flustered. Her face was so embarrassed that it was about to overflow. She was so angry that she stomped her feet. "You, you, I'll really chop you up!"

The two of them chased each other around the second floor. It was very lively.

Su Yu was surprised when he heard it. He did not expect that he would have such an image in the eyes of the new generation.

After chasing for a while, Tai Qing Miaoyu was bored. He put away his long sword and sighed with a waning interest. "Forget it. You can say whatever you want. He won't know anyway."

As he spoke, he glared at Su Yu and said, "In short, don't be smug. We only have the qualifications to come to the second floor. Compared to those heaven's favorites on the third floor, we are nothing."

"Understood," Su Yu said.

Tai Qing Miao Yu's brows relaxed, she said, "On account of you avenging me, when the Heaven's favorites on the third floor are resting, I will ask Tai Qing Yun Hui about her intentions. If you can

bring out something that can move her heart, it's not like she can't compromise and pass on the Divine Arts inherited by our Tai Qing dynasty to you."

"In that case, thank you." Su Yu smiled slightly.

This young girl was a little spoiled and arrogant, but overall, she was reasonable and not bad.

As for her love for Su Yu, Su Yu could only respectfully decline and pretend not to know.

The elites on the second floor quickly began to exchange their own exquisite divine arts.

The news of the arrival of the catastrophe had been confirmed again and again, and no one doubted it.

Therefore, most people did not hide much and revealed their strongest divine arts in exchange for the equivalent powerful divine arts. They hoped that they could gain some benefits before the disaster and increase their chances of survival.

However, the exchange was also divided into circles, according to the sects and forces.

The circle with the highest level was the current four great empires. They lived together and tacitly rejected the other elites, attracting envious gazes.

This was because they were about to exchange the divine arts passed down from the dynasties.

Chapter 1542 The Power Of Annihilation

All of the people present were from the younger generation of the empire. Including Su Yu, there were only about seven people.

Tai Qing, ice fire, and heaven-defying empire each had two people. Su Yu was alone.

Among them, the strongest was the imperial clan member of heaven-defying empire, heaven-defying Ao Yun. His clan member, heaven-defying Leng Shan, was slightly inferior.

The Dragon Elephant King was in charge of the exchange on the third level, so he had no time to care about the first and second levels.

Therefore, they set their own rules.

First, those who wanted to exchange cultivation techniques would first display their cultivation techniques on the spot. Those who wanted to, would go up and display their cultivation techniques of the same level.

Second, if there were many people competing, they would exchange their cultivation techniques on the spot. The winner would be considered first.

Although there were only seven people present, the intensity of the competition was far more intense than the rest of the elite exchange circle.

This was because what they were exchanging would definitely be the divine arts inheritance from the imperial family. Any of the tiniest divine arts would be worth fighting for.

Defiant Cloud looked down on everyone, and a sense of superiority involuntarily surfaced. In terms of strength, who could compare to him? In terms of cultivation techniques, how many of the other two dynasties could be compared to the Defiant Dynasty's Divine Arts?

However, his gaze still landed on another imperial family member of the Icefire Empire.

His name was the icefire wolf. His cultivation level was on par with the Icefire Sutra, but the divine art he cultivated was far higher than the latter.

This was because he was one of the few princes who had grown up in the Icefire Empire's army. He had made countless military achievements and had received a special gift from the Emperor of the Icefire Empire. He had cultivated the third-ranked divine art of the Icefire Empire, the Icefire Storm!

In terms of grade, none of the imperial clan members present had cultivated such a divine art.

The Icefire Wolf had already set its sights on the heavenly immortal tower before the gathering. If anyone was able to use a divine technique that caught its eye, they could exchange it for the icefire storm.

Even the members of the imperial family on the third floor were envious, much less the stage four gods.

"Then I'll take the lead!" Heaven-defying cold mountain was the first to display it.

"I'm going to use the heaven-defying empire's inherited divine technique. It's ranked 18th in the empire, and it's called the reverse scale technique!" Heaven-defying cold mountain said. "This technique is a secret technique to stimulate one's potential. It can be used in times of crisis. After using it, one's divine power, movement techniques, and physical strength will increase by 30% . You can imagine how useful it will be in certain moments."

A dragon had a reverse scale, and it would be enraged if it was touched, because the reverse scale was the essence of the dragon.

This technique imitated the divine dragon and extracted the reverse scale to stimulate its own body.

"Everyone, watch carefully!" Heaven-defying cold mountain's meridians flowed backward, and his blood boiled, flowing backward to his neck. Under the strong pressure, the boiling blood seeped out, and a few things that looked like scales vaguely formed on his neck.

"Reverse scale technique!" Heaven-defying cold mountain shouted. The scales on his neck suddenly peeled off, and his aura suddenly soared.

His divine power increased by 30% in a short period of time, and his movement technique was obviously enhanced. His body was full of essence energy, which was a sign of his physical strength increasing.

Tai Qing Miaoyu's eyes shone brightly. If she could not calm down and suddenly used this technique to stimulate her potential and surpass her opponent in all aspects, it would be a life-and-death decision.

She had long coveted this technique.

“I have the Tai Chi Cloud Yin Wings, ranked 17th in the Tai Qing royal family’s inheritance!” Tai Qing Miaoyu immediately stood out.

Tai Chi Cloud Yang Wings, Tai Chi Cloud Yin Wings, one Yang and one yin. Although the difference was only one word, the difference between the two was not small.

The former was ranked 6th in the Tai Qing royal family’s inheritance divine technique, while the latter was ranked 17th.

Taiqing miaoyu cast it on the spot. This art was a movement technique, and when disaster struck, survival was the most important thing. The importance of this art could be imagined, far surpassing the seventeenth-ranked one.

Heaven-defying cold mountain looked at the expressions of the others.

The corner of heaven-defying Ao Yun’s mouth was filled with disdain. It was obvious that he did not care. He also cultivated this art, and it was much more advanced than heaven-defying cold mountain. He did not want to fight over it.

The other member of the imperial family wasn’t even as good as the supreme purity exquisite jade. He didn’t have the right to fight over it.

As for the Frost and Fire Scripture illusion, he didn’t fight over it because he wanted to become a man.

However, the frost and fire wolf that defiant Leng Shan cared about the most had a cold and indifferent expression, which disappointed him.

The other party wasn’t a fool. There was no reason for him to use the third inheritance of Frost and fire to exchange for the eighteenth inheritance of defiant Leng Shan.

As for Su Yu, his expression couldn’t be seen at all.

“Sigh, if I had known this would happen, we would have saved a lot of time in the private exchange. Why Bother?” Heaven-defying cold mountain smiled bitterly as he took out the reverse scale technique’s detailed cultivation method, the exchange between the two was quite satisfactory.

“It’s my turn next.” The ice and fire scripture Huan was eager to give it a try. The technique he used was the imperial family’s 15th ranked inheritance divine art, Heaven’s Walk. It was a rarely seen sound wave attack divine art.

After it was used, its power was indeed extraordinary.

Heaven defying Cold Mountain, Tai Qing Miao Yu, and Tai Qing Ren all joined in the fight.

As for Heaven defying Ao Yun, he smiled contemptuously. He was quite disdainful of this art.

The icefire wolf was still indifferent and speechless.

As for Su Yu, he still couldn’t see the expression on his face. In fact, there was no expression to speak of. He didn’t care about these low-level divine arts at all.

In the end, Sky Walk was taken by Heaven Defying Cold Mountain.

After recording it down, everyone displayed their divine arts to each other. It was a joyous occasion.

However, the ice fire wolf and defiant Ao Yun remained unmoved. They did not have the slightest intention of exchanging their divine arts.

It was only when the atmosphere gradually turned cold that defiant ao Yun shook his sleeves and scoffed, "It's finally quiet? A bunch of useless divine arts exchanging here and there. What a waste of time!"

These words undoubtedly offended all of them.

Tai Qing Miao Yu raised her eyebrows, "Then why don't you come up with a useful divine art? You only know how to be sarcastic."

Defiant AO Yun stood up and sneered, "Then I'll let you bunch of trash see what a real divine art is!"

He walked forward and formed a seal with his hands. Three feet away from his body, two white arcs flashed. The arcs were centered around his body and were exchanging with each other. The speed of the arcs became faster and faster. It was as if lightning was crackling in the surroundings.

In the end, the white arcs disappeared because they were too fast.

However, everyone present was strong. Although they could not see the arcs with their naked eyes, their instincts could sense that there were two rapidly rotating arcs that formed a vacuum sphere around him.

Anything that was close to the sphere was cut into nothingness by the two arcs.

Tai Qing Miaoyu's expression froze, and she did not say a word.

She and defiant Ao Yun didn't see eye to eye, but she couldn't deny that this technique was extremely powerful.

If both parties were to fight, it would be very difficult for her to break through this technique.

In other words, she could only passively take a beating, but she couldn't do anything to the other party.

Defiant Leng Shan was shocked and took a deep breath. "I didn't expect that you'd already obtained the fifth-ranked inheritance of the defiant royal family, the reverse aura light splitting technique!"

The cold and silent ice fire wolf's eyes finally wavered. It spoke for the first time and praised, "Not bad."

Heaven-defying ao Yun looked at everyone with contempt. When he landed on Tai Qing exquisite jade, he said coldly, "How is it compared to your useless divine art?"

Tai Qing exquisite jade gritted her silver teeth. She could not refute.

When she swept her gaze across the calm ice fire scripture fantasy, she snorted in disdain. This caused the ice fire scripture fantasy to clench her fists in anger.

Of course, defiant Ao Yun did not forget Su Yu. He teased, “My big shot, how about it? Do you have the qualifications to trade with me?”

To use a great ability in exchange for the qualifications to use a useless divine art? Of course he did not, so he shook his head expressionlessly.

“Hehe...”defiant ao yun laughed, “I thought you were some kind of expert? So you’re just pretending to be profound. Since you don’t have the true ability, then don’t rush at the Big Tail Wolf!”

Looking down on everyone, defiantly arrogant cloud finally locked his gaze on the icefire wolf. His gaze immediately became much gentler, with a hint of respect. He smiled and said, “Brother Icefire, have you ever taken a fancy to this technique?”

The icefire wolf nodded, “Divine arts are not bad, but the defense is more than enough. The offensive power is insufficient, so it’s not suitable for me.”

Defiantly arrogant cloud’s expression stiffened, but he did not give up, he still had a sense of superiority. “So, other than brother fire and ice, no one else has the right to exchange for My Divine Arts? Hehe, I’ve said it before. Your Useless Divine Arts are just a waste of time!”

“Next, I’d like to ask Brother Fire and ice to display it,”defiant Ao Yun said.

The Fire Wolf Thought for a moment, then slowly stood up. “That’s fine. I want to exchange for divine arts of the same level and above with ‘fire and Ice Storm’. I’ll use it first.”

His words were concise and neat, and he directly expressed it with his actions.

Taking a step forward, the fire and Ice Wolf’s knees sank slightly, and a cloud of fire and ice attributes appeared in his body at the same time.

The two clouds of Qi merged with each other, and with the fire and Ice Wolf as the center, they condensed into a tornado that spread in all directions.

Anything that came into contact with it was sucked into it.

What was terrifying was that inside the cloud of Qi, after the two opposing forces of fire and ice merged, they annihilated each other.

The power of annihilation that shot out in that instant caused Su Yu to be slightly surprised.

This power of annihilation was even stronger than the Paragon extermination cannon and the world extermination cannon. It faintly had the ability to threaten a first sky god.

However, the power of annihilation that was born was too weak. It wasn’t enough to deal with a second sky god.

However, if this technique was improved, would it be able to produce enough power of annihilation?

At this moment, the Icefire Wolf put away the divine spell and said, “Does anyone want to trade?”

When he looked at Tai Qingmiao Jade, icefire sutra fantasy, heaven-defying cold mountain, and the others, all he got was admiration and desire. He did not see any desire to trade.

The icewolf sighed silently, but the result was not surprising.

“Hehe, I do want to trade.” Heaven-defying Ao Yun laughed. He had been waiting for this moment.

The icewolf stared at him, its eyes calm. “Although the reverse qi light splitting technique is not bad, it is not enough to exchange for the ice fire storm. I’m sorry.”

After saying that, it walked downstairs in disappointment.

“Wait!” Defiantly arrogant cloud said, “I did not say that I wanted to exchange for this technique.”

His palm flashed, and a shining gold policy appeared, with the words “Heaven defying earth swallowing technique” written on it.

Heaven-defying cold mountain suddenly stood up and was greatly shocked. “Heaven-defying Empire’s divine technique ranked third? How did you get this technique?”

Suddenly, heaven-defying cold mountain realized something and said, “Could it be arranged by heaven-defying fiend?”

Heaven-defying fiend was a top-tier heaven’s pride expert who lived on the first floor. He was also one of the strongest heaven’s pride experts in heaven-defying empire. He was close to 100 years old. According to the tradition of the divine realm, he would not be considered a member of the younger generation in a few years.

This time, he was the main representative of the heaven-defying empire.

It seemed that he had arranged for heaven-defying Ao Yun to use this technique to fight for the icewolf’s “Icefire Storm”.

The icewolf, who was about to leave, suddenly turned around. Traces of joy shot out of its eyes as it said repeatedly, “Good! Good! If you want to exchange this technique, I’m very willing!”

Heaven-defying Ao Yun laughed. “I’m also very happy to be able to make an exchange with brother Icefire!”

Icefire Wolf took out a ball of ice and fire mixed together, while defiant Ao Yun held a golden CE in his hand. The two of them walked forward to trade with each other.

However, just as defiant Ao Yun touched the ball of air, a sharp sword light swept across.

Icefire Wolf and defiant Ao Yun retreated warily, staring at the person who attacked.

When Defiant Ao Yun saw this, he immediately laughed in anger, “It’s You? Are you courting death?”

The person he was looking at was not anyone else, it was naturally Su Yu.

Su Yu also spoke for the first time, but he ignored defiant Ao Yun. Instead, he said to the fire and ice wolf, “The Heaven defying Earth devouring technique is not that great. If you are interested, I can use another powerful divine art to exchange for it.”

Chapter 1543 Insufferably Arrogant

The Ice Fire Wolf stopped and turned its head to size up Su Yu. In terms of who he cared about the most, only Su Yu was there.

Someone who he could not even see through his aura!

He had killed countless enemies on the battlefield and was knowledgeable about all kinds of enemies. There were even more people who were good at hiding their aura.

However, it was definitely the first time that he was able to hide his aura so well that he could not even detect it at such a close distance.

Imagine how dangerous it would be if he did not even detect his aura when he tried to assassinate him in close quarters?

“Oh? You are also interested in ‘blizzard’? Then this will be difficult.” The Ice Fire Wolf glanced at defiant Ao Yun.

Defiant Ao Yun was already furious. He laughed angrily, “Fighting with my big brother, Defiant Sha, for the divine art. Surnamed Su, are you sure you have the guts to do so?”

Su Yu glanced at him just now, then indifferently withdrew his gaze and shook his head slightly.

To others, he shook his head because he did not want to fight with defiant Sha. He was showing mercy.

Tai Qing Miaoyu and the others secretly heaved a sigh of relief for him. If it only involved the exchange of the second floor, so what if he fought with defiant Ao Yun? who was afraid of Who?

However, even the prodigies of the first floor were involved. If they were to participate in it, they were really overestimating themselves.

“HMPH, since you don’t have the guts, then get lost. I’ve said it before, if you don’t have the real ability, then stop pretending!” Defiant ao Yun walked over and deliberately used his shoulder to hit Su Yu. “A good dog doesn’t block the path, get lost!”

Who knew that this hit not only did not knock Su Yu away, but it was as if he had hit a mountain as hard as divine iron. Su Yu did not move at all, and defiant Ao Yun was instead bounced away.

“You...” defiant Ao Yun was surprised. “What a strong physique!”

Su Yu said, “I shook my head. I just wanted to say, who is defiant Sha? I’ve never heard of him.”

There were quite a number of powerhouses in defiant imperial family. He had personally killed several of them, but this defiant sha had never heard of him.

Hearing this, everyone’s eyes widened.

There was actually a strange person who did not know who defiant sha was to participate in the young heroes assembly?

After mingling with the young heroes for a while, he should know the fame of heaven-defying fiend!

Currently, heaven-defying fiend was publicly acknowledged as the leader of the young heroes of the three empires. Because he was close to 100 years old, he had cultivated for the longest time among all the young heroes, so he was the strongest.

How could there be someone who didn't know about such an existence?

How could they know that after Su Yu descended into the divine realm, the heaven-defying imperial family members he came into contact with were either heaven-defying Gu Yun or heaven-defying cold star? He didn't care about the other heaven-defying sect members.

"You're really not afraid of losing your tongue!" Heaven-defying ao Yun laughed angrily. "You dare to boast shamelessly that you don't know the name of heaven-defying demon? Who do you think you are? An eternal magnate or a heaven-defying magnate?"

Su Yu remained silent. To be precise, even those so-called eternal magnate would tremble in fear before him.

Looking at him indifferently, Su Yu said, "You talk a lot of nonsense. Whether I know heaven-defying demon or not doesn't have much to do with whether I exchange the technique or not. I will still exchange the technique with him in front of me!"

"Haha! Then let's see if you have the ability!" Heaven-defying ao Yun laughed angrily. He had never seen a young elite being so arrogant in front of him. "It's time to see your true ability. Don't expect the Dragon Elephant King to save you!"

As he said that, two white arcs appeared on his body and began to rotate at an accelerated speed. It was the strongest divine art he had cultivated, the "Qi reversal light splitting technique".

It was precisely this technique that caused the many members of the royal family present to dim.

"Have a taste of the power of this technique..." defiant ao Yun laughed loudly as he quickly circulated the technique.

However, right at this moment, Su Yu, who had been standing on the spot, strangely disappeared.

Defiant ao Yun thought to himself that this was bad. Before he could react, his abdomen suffered a heavy blow. Amidst the intense pain, he subconsciously let out a hiss.

His body retreated continuously. The white arc that was brewing on the surface of his body did not display any shocking power and immediately dissipated.

Shua --

The spot where he stood flashed with a black shadow. Su Yu's figure gradually appeared from a blur to a clear one.

The ice fire wolf flashed and said, "What a fast movement technique!"

He knew that he could not do what Su Yu did.

Tai Qing Miaoyu and the others were also shocked. His movement technique was so powerful?

But thinking about it carefully, if he did not have a powerful movement technique, how could he stop the number one thief in the world for half a month?

Defiant Ao Yun retreated a few times and struggled to stabilize his figure. He glared at Su Yu angrily, "You are despicable! How dare you Sneak Attack!"

Su Yu stood with his hands behind his back and could not be bothered to explain.

Tai Qing miaoyu chuckled coldly, "At least you've been through many battles, how can you say such childish words? You cast divine arts in front and he attacked behind. How can it be considered a sneak attack? Don't tell me that you have to stand still and wait for the power of Your Divine Arts to explode before you can attack? Otherwise, it's a despicable sneak attack?"

"Get lost! Who do you think you are to judge me?" Defiantly arrogant cloud rebuked angrily.

The Frostfire Wolf frowned, he said coldly, "What she said is not wrong. You are too naive and ignorant when it comes to sparring! "Besides, young master Su also pointed out another weakness of your divine arts. That is, if you cast it for too long, it is easy to be interrupted! "If someone helps you, you can still successfully cast it. If it is a one-on-one fight or on the battlefield, you don't even have the time to cast it."

"In short, it's a waste to throw it away. It's useless," the ice fire wolf concluded.

Defiant Ao Yun was furious, but he did not dare to lash out at him. Instead, he stared coldly at Su Yu. "I refuse to accept this! Use Your Divine Arts to fight me!"

Su Yu turned his head to look. A thick demonic aura appeared behind him. Within the demonic aura, a blood-red eye was born and immediately shot out a ray of dark light.

Heaven defying Ao Yun was shocked and immediately used his dharma treasure to block it.

However, the black light was extremely strange, something tangible couldn't block it at all!

Pu --

As expected, heaven defying Ao Yun's chest was pierced through by a bloody hole the size of a bowl.

As for the imitated Emperor Dao sacred weapon, it was pierced through directly, as though it was nothing.

Everyone sucked in a breath of cold air. Even for the ice fire wolf, its eyes were filled with shock, "This... What divine art is this?"

Su Yu restrained his demonic aura and looked at the heavily injured Ao Yun who was vomiting blood. He turned his head and said, "How about it? Do you want to choose my divine art or the Heaven Defying Earth Devouring Art?"

The fire and Ice Wolf took a deep breath and said, "Of course it's young master's Divine Art!"

Su Yu took out a piece of the Demon Beast's skeleton. On it, the words 'six paths of heavenly connection' were carved.

Both parties completed the exchange. The fire and Ice Wolf could not help but hold the skeleton in his hands and mutter, "Demon Race's divine art, six paths of heavenly connection! Good! That's great, it's just what I Want!"

After Su Yu received the fire and ice ball, he sealed it with a smile and put it into the nine Jade Spirit Pearl for safekeeping.

"Cough, cough..." defiant ao Yun covered his bleeding wounds that could not be healed. He staggered to his feet and coughed heavily. Without saying a word, he fled to the first floor.

The fire and Ice Wolf's eyes were filled with fear. It hurriedly cupped its fists and said, "I will take my leave first. Young Master Su, it is best for you to leave as soon as possible. Defiant Ao Yun is definitely not a reasonable person."

After saying that, it quickly went downstairs and did not dare to stay any longer.

Heaven-defying Leng Shan also frowned and said, "Young master Su, what the Ice Fire Wolf said is right. You should hurry up and leave. With his character, he will definitely not let this matter rest after snatching the 'Ice Fire Storm' that he likes."

Tai Qing Miao Yu said, "If I ask you to leave, then so be it. Don't try to show off blindly. You Are Not Su Yu and there aren't that many miracles to speak of. Against heaven-defying fiend, you won't be able to leave even if you want to."

Many of the surrounding elites also advised Su Yu out of goodwill, asking him to leave as soon as possible.

Su Yu did not care about heaven-defying demon, however, there was no meaning in staying on the second floor. "Alright, I'll take my leave too. Miss Miao Yu, if you meet your royal family's Tai Qing Yun Hui, please ask on my behalf if you can be lenient."

Tai Qing Miao Yu was amused. "It's already a disaster, yet you still don't forget about the inheritance of our Tai Qing Royal Family? "Alright, since you've helped us out today, I'll go upstairs and see if they can rest for the time being..."

She turned around and walked towards the first floor. However, after taking a few steps, her expression changed and she walked back.

At the same time, she turned her head and kept winking at Su Yu. It was not hard to see that she was anxious and urging him.

"Hehe, isn't this Miss Tai Qing Miaoyu? I pity her just by looking at her, she's as beautiful as ever!" A teasing magnetic voice continued to fall from the attic. Along with the sound of footsteps, it clearly fell into everyone's ears.

Those who were familiar with this voice had their expressions change.

There was respect and fear.

"Heaven defying demon!"

“I’m fortunate enough to witness the current leader of the elites. This trip wasn’t in vain!”

“Could it be that the elites on the first floor are temporarily resting?”

However, soon after, the sound of footsteps could be heard.

“They’re all coming down. Could it be that the exchange ended so quickly?”

Under the expectant gazes of the young elites, four figures with powerful auras walked down one after another.

The heaven-defying fiend walked at the front, followed by Tai Qing and Yun Hui, followed by the divine weapon of ice and fire, followed by the Dragon Elephant King.

As the local master, the Dragon Elephant King walked at the back. The status of the four could be seen clearly.

When the four of them appeared, the second floor instantly became quiet. Many gazes were focused on the four figures, or rather, more on the heaven-defying fiend.

Heaven-defying demon had short yellow hair, a hooked nose, and thin lips. He had a faint smile on his face.

Tai Qing Miaoyu looked unhappy and retreated behind heaven-defying cold mountain and the illusionary ice and fire scripture.

His gaze naturally landed on the two of them and stopped on heaven-defying cold mountain. He chuckled and said, “Kneel.”

Everyone was stunned. who was going to kneel, heaven-defying cold mountain?

Heaven-defying cold mountain crossed his arms in front of his chest. “On what basis?”

“Hehe, on the basis that you colluded with outsiders to suppress fellow clan members!” Heaven-defying demon still had a faint smile on his face.

However, in the next moment, he suddenly attacked and grabbed at the air.

Dozens of mysterious threads suddenly appeared around heaven-defying cold mountain, binding his limbs, head, and torso.

Plop --

Heaven-defying cold mountain lost control and immediately knelt on the ground. He used too much force on his knees, creating a pair of small pits on the ground that was filled with restrictions. Streams of divine blood slowly flowed out from heaven-defying cold mountain’s knees and filled the pits.

Even though heaven-defying cold mountain kept struggling and his face turned red, at this moment, he was like a puppet, unable to control himself.

The frost fire scripture shouted, “When has he ever helped an outsider...”

PA --

However, before he could finish his sentence, mysterious threads appeared around his lips, causing him to instantly lose the ability to speak.

“For the sake of the frost fire divine weapon, I’ll only tell you to shut up. If you wish to kneel, I don’t mind moving my finger,” the heaven-defying fiend said with a faint smile.

The Frost fire divine weapon at the side coldly stood with his hands behind his back. He looked at the frost fire scripture with disappointment, “Shut up, don’t embarrass the Frost Fire Royal Family Anymore!”

The illusionary ice and Fire Scripture was extremely powerful. In order to curry favor with defiant demon, the divine weapon of ice and fire ignored the suppression of his own kind and even helped outsiders suppress them!

Who was the one who embarrassed the imperial family of ice and Fire?

Defiant demon was like the king of this place, deciding everything with a single word.

In the end, he turned his gaze to Su Yu and sized him up from the corner of his eyes.

“You are the culprit who disrupted the meeting on the second floor?” The smile on defiant demon’s lips was as light as the clouds on the horizon. “En, kneel down for me too.”

Chapter 1544 Ice Mountain Fairy (One Update)

Before Su Yu could respond, the dragon elephant king was already breaking out in cold sweat. He thought to himself, “Is this going to cause this ancestor to start a massacre?”

He quickly stepped forward with a polite expression on his face. “Young Master Defiant, please give me some face. How about not starting a fight here?”

If this ancestor Su Yu was angered, not to mention defiant demon, even the entire heaven immortal tower would be razed to the ground!

“Face? Hehe...” heaven defying fiend glanced at the dragon elephant king from the corner of his eyes, his eyes filled with criticism and contempt. “Fine, I’ll give you face! Let him kneel outside the tower, then it won’t be considered a dispute in your territory, right?”

Hearing this, the Dragon Elephant King felt humiliated and said with slight anger, “Young master heaven defying, are you deliberately making things difficult for this king?”

Heaven defying fiend chuckled. “King? In the absolute beginning empire, you can be considered a king, but in front of my heaven defying Imperial Family, stop calling me that ridiculous title! Other than the heaven defying Frost Star Sovereign King, the other living beings have no right to be called a king in front of me!”

“You!” The Dragon Elephant King was furious. The heaven-defying imperial family members were mostly people who looked down on everything, and the higher the cultivation level, the more so.

In front of everyone, the heaven-defying fiend showed no mercy, causing the Dragon Elephant King to be embarrassed.

However, the Dragon Elephant King really didn't dare to do anything to the heaven-defying fiend.

He was the host, and he had many ways to make the heaven-defying fiend unable to walk out of the Heaven Immortal Tower. However, above the heaven-defying Fiend's head, there was another existence that people feared like ghosts and gods -- the heaven-defying Frost Star!

A supreme existence that could suppress the three monarchs of the Empire by himself!

He had already surpassed his biological father, heaven-defying Gu Yun, and became the number one expert in the world in a single leap.

Most importantly, this person was filled with rebellious intent, and his eyes couldn't tolerate any flaws. If the Dragon Elephant King dared to kill heaven-defying fiend, then heaven-defying frost star would dare to annihilate half of the absolute beginning empire.

Such a character, the Dragon Elephant King didn't even dare to provoke a single hair on his head.

Hence, his expression changed several times before he finally chose to swallow his anger.

"HMPH! It seems that you understand."The heaven-defying fiend sneered.

"Since you understand, then scram to the side!"

The Dragon Elephant King did not say a word as he silently walked to the side and silently endured many strange gazes.

"Sigh! This is an era where we compete in background!"

"The Dragon Elephant King is such a heroic figure, yet he has to endure humiliation and not dare to resist. How Pitiful."

Many people secretly transmitted their voices and sighed with emotion. In their eyes, the great figure whom they revered was now like dirt on the ground in front of another great figure. He had no dignity at all.

As a result, they revered the heaven-defying fiend even more.

What no one knew was that the Dragon Elephant King was sneering in his heart at this moment.

No one understood better than him how ignorant and stupid the heaven-defying fiend, who seemed to be the only one who reigned supreme, was at this moment.

Because he was provoking a legendary figure that even heaven-defying frost star could not catch up to.

With just a thought, heaven-defying fiend could easily decide his life and death.

But heaven-defying fiend was completely unaware!

He was expressionless on the surface, but deep in the depths of his eyes that stared at heaven-defying fiend, there was a deep sense of mockery.

Heaven-defying Fiend's gaze fell on Su Yu again, and he spoke through his nostrils, "HM? Still not kneeling?"

Su Yu glanced at him indifferently. In terms of arrogance, he was not one-tenth of heaven-defying frost star, and in terms of strength, he was not one-hundredth of heaven-defying frost star. Su Yu had no interest in haggling with such a person.

He only looked at Tai Qing Yun Hui, a classical and elegant woman dressed in an ink-black long dress. However, she was also cold and noble.

Sensing Su Yu's gaze, Tai Qing Yun Hui looked over. Her beautiful eyes glanced at him lightly and then retracted like a dragonfly skimming the water. Her ethereal eyes seemed as if they could not contain the dust of the mortal world and were rather cold.

"I am young master Su. I would like to exchange a divine art with Miss Yunhui." Su Yu cupped his fists.

Eh? Many of the onlookers broke out in cold sweat for Su Yu. They all felt that Su Yu was in imminent danger.

Who knew that he did not care about the heaven-defying fiend at all. Instead, he was discussing the exchange of Divine Arts with Tai Qing Yunhui?

His attitude completely disregarded the heaven-defying fiend.

Tai Qing Yunhui turned her gaze back and looked at Su Yu again. She was like a cloud in the sky, sweeping past without any response. She was as cold as a goddess on the peak of a snowy mountain, making people unable to get close to her.

She was really a cold and stunning ice mountain fairy!

"Martial uncle!" Tai Qing miaoyu came to her side at some point and tugged at her sleeve. She said in a low voice, "He has helped us before. Can you please let him go?"

Tai Qing Yunhui's ethereal eyes were still looking into the distance. Her voice was also as ethereal as a palace in the sky. "Don't meddle in other people's affairs."

She could see that Su Yu wanted to drag her into a dispute with defiant demon.

She did not like this kind of method.

The others also realized it. No wonder Su Yu ignored defiant demon's threat and inexplicably exchanged divine arts with Tai Qing Yunhui.

It turned out that he wanted to curry favor with Tai Qing Yunhui at the last minute and cling to her.

Tai Qing Miaoyu knew that Su Yu had "Put in effort" to appear and ask for help. He quickly pleaded, "Martial uncle!"

However, Tai Qing Yunhui's gaze was distant, as if he had not heard anything.

The heaven-defying fiend sneered, "Kid, you are quite scheming! "It's a pity that you have underestimated the wisdom of this icy beauty. Your dirty tricks will only make her feel disgusted. Hehe, no one can save you. I will give you three seconds to kneel down, or else I will do it myself!"

His words were full of awe-inspiring threats.

However, in Su Yu's ears, it was like an ant turning a deaf ear to an elephant's warning.

He stared at Tai Qing Yun Hui and thought to himself that this woman was very ambitious. She was probably not someone who could easily exchange divine arts.

"It seems that I can only make plans with Tai Qing Yun Luan." Su Yu said helplessly. He really did not want to reveal his true form as he had no other choice.

However, for the true control of the Taiji Yin-yang wings, he could only meet with Tai Qing Yun Luan.

If the Taiqing Yun Luan also refused to change, he could only use forceful methods.

"In that case, I'll take my leave." Su Yu did not look at the heaven-defying fiend from beginning to end and turned around to go downstairs.

At this time, the heaven-defying fiend had not even begun to count!

Being ignored by Su Yu repeatedly, even a clay bodhisattva would have fire, let alone the heaven-defying lineage who thought highly of themselves?

"Hehe! Good! I like your stubborn temper! Taming a stubborn donkey into an obedient dog is only interesting this way!" The heaven-defying fiend sneered and attacked decisively.

With the sound of wind and thunder, heaven-defying fiend disappeared on the spot.

When he reappeared, a huge fist pierced through Su Yu's head.

"Ah!" Tai Qing Miaoyu screamed in shock.

Frost Fire Sutra Fantasy and heaven-defying Leng Shan also turned their heads, unable to look straight at him.

Some onlookers sighed silently. A young generation with potential had died at the hands of the overbearing heaven-defying fiend just like that.

The sounds of regret were endless!

However, in the next moment, everyone was surprised to discover that the contemptuous smile on heaven-defying Fiend's face had disappeared and was replaced by a slight gloominess.

Then, they finally discovered that the figure that heaven-defying fiend had pierced through was actually just an illusion!

The real Su Yu had disappeared without a trace.

Looking around, there was no trace of Su Yu at all, not even any aura!

"He... escaped? When? He couldn't track him at all?" A genius who was close to the 3rd Sky stuttered.

“Impossible! Even if he teleported, there should be spatial fluctuations. Why is there no sound at all?” Another genius who was very experienced was much more serious.

“That’s not all! How Strong is heaven-defying fiend? His position as the number one in the younger generation is not something he bragged about. However, he didn’t manage to track young master Su!” A genius who was close to 100 years old said, his eyes shone with a bright light.

Actually, it wasn’t just them. The divine weapon of ice and fire was also secretly shocked.

He admitted that he didn’t observe the final scene in detail. However, Su Yu’s escape was truly like a ghost, giving him a moment of alertness!

Even Tai Qing Yun Hui, who was like a fairy on the snow mountain, once again cast his ethereal gaze over.

Heaven-defying fiend was gloomy for a moment before he laughed hoarsely, “Hehe, this is even more interesting!”

The meaning in his words was several times denser.

Shua --

His figure disappeared in an instant and when he reappeared, he was already outside the heavenly immortal tower.

The Dragon Elephant King felt rather regretful in his heart. After all, he was an existence at the level of an ancestor. He no longer cared about small characters like the heaven-defying fiend.

However, he still held a sliver of hope in his heart as he followed closely behind.

The Ice and fire divine weapon pondered for a moment before taking a step forward.

Tai Qing Yun Hui waved his sleeves elegantly and a pair of strange taiji wings appeared on his back. Then, he disappeared with the Tai Qing exquisite jade.

“Let’s Go! We’ll follow him too!” The illusionary ice and fire scripture and heaven-defying cold mountain didn’t understand the situation at all, but they followed him immediately.

Before long, the entire heaven immortal tower was empty. Everyone chased after their auras.

Heaven defying Fiend flew out of the Heaven Immortal Tower, and he could only vaguely see Su Yu’s afterimage disappearing into the horizon. He laughed angrily, “If you escape today, I, Heaven Defying Fiend, will change my name from now on!”

“Heaven and Earth Reversal Art!” Heaven defying fiend stared in Su Yu’s direction and cast a powerful divine art.

The world around him spun, and it was as if heaven and earth were going against each other.

When the divine weapon of ice and fire saw this scene, his eyes burned with passion. “Heaven Defying Empire’s second inherited Divine Art, Heaven and Earth Reversal Art!”

This art was able to reverse heaven and earth and instantly activate spatial translocation. It could teleport a distance of one billion square meters with a single thought!

For the heaven-defying lineage that specialized in combat, this was a treasure-like divine art. It was almost comparable to the supreme divine art of the Taiqing Empire.

In the span of a breath, the heaven-defying fiend disappeared without a trace.

However, his aura was not deliberately erased. Everyone immediately chased after him.

For ordinary gods, a billion square meters was an unimaginable amount of geography. They would need at least a year to fly over it.

Therefore, before long, most of them gave up. Only the ice and fire divine weapons, Tai Qing Yun Hui, and a few others used their mystical techniques to rush over.

Su Yu left the Heaven Immortal Tower and swept his gaze around, locking onto the fish emperor's palace.

If he remembered correctly, this was also the time for the four monarchs to discuss. He would first wait nearby and stop Tai Qing Yun Luan at that time.

With a thought, Su Yu teleported one billion square meters and arrived near the palace.

He landed on a roof and stood with his hands behind his back, waiting for the meeting to end.

A few breaths later, Su Yu suddenly turned his head to look at the sky above him.

Although the mortals did not notice it, he could clearly feel that the universe had been changed.

At the same time, a figure emitting a vicious aura suddenly descended.

The figure laughed angrily. "Do you think you can escape? You Didn't expect me to catch up!"

Chapter 1545 Seeking Your Own Death (Second Watch)

Su Yu saw the figure clearly and shook his head helplessly. He did not want to bother with such a small figure and wanted to spare his life. Who knew that he would seek his own death and seek his own death.

Clang --

He crashed onto the eaves and destroyed a house on the spot.

Countless dust swept towards Su Yu, but when it touched the area within a thousand feet of him, it automatically separated.

In the dust on the opposite side, a figure with a sinister smile walked out. "Do you know? "I like people like you the most. You overestimate yourself and like to think that you're smart. Do you think that just because you're good at movement techniques, you can recklessly touch the taboos that you can't afford to offend? "What I like the most is to see the despair on your face in the domain that you're best at."

Su Yu crossed his arms in front of his chest and looked at the figure with a sinister smile. He felt that it was funny.

"Alright, why don't you tell me what domain you're good at?" Su Yu asked.

The heaven-defying fiend laughed out loud. "What a joke. As a member of the heaven-defying lineage, I'm naturally best at the Dao of reversal! However, when dealing with people like you, there's no need to use this dao. Just use the domain that you're best at! Movement technique!"

Xiu --

The heaven-defying fiend attacked once again. With the remaining power of the heaven and earth reversal technique, he instantly teleported to the left and right of Su Yu and ruthlessly struck his chest.

Bang --

A tangible feeling came over. It was definitely not an illusion. A sinister smile appeared on heaven-defying Fiend's lips. This time, he was done for.

However, what shocked him was that Su Yu's gaze was actually looking at him at this moment!

It was as if Su Yu had already caught his trajectory!

"An illusion!" Heaven-defying fiend thought to himself. However, in the next moment, his heart seemed to have missed a beat.

This was because Su Yu's eyes revealed a hint of helplessness.

Gedeng --

He had an extremely ominous feeling. Could it be that his opponent's movement technique was superior to his?

This thought only appeared for an instant before it was tossed aside. As a member of heaven-defying lineage, his strongest conviction was that he would never admit that he was inferior to others.

"Die!" Heaven-defying Fiend's fist's momentum did not decrease but instead increased. It erupted with a destructive full-force attack.

A not weak muffled sound was heard. It was the sound of Su Yu's chest about to be pierced.

Years of experience told heaven-defying fiend that Su Yu would be reduced to a pile of minced meat on the ground in the next breath.

However, when the next breath arrived, heaven-defying fiend indeed discovered that the distance between his arm and Su Yu's chest was continuously decreasing.

Usually, that was because his arm had pierced through Su Yu's chest.

But why did he feel a slight pain in his arm?

No, it wasn't a slight pain, but a pain that was gradually getting worse?

Also, wasn't the divine blood that was spurting out belong to Su Yu? Why did it contain the rebellious intent of the heaven-defying lineage?

Finally, the intense pain stimulated the heaven-defying Fiend's consciousness.

The distance between them continued to shorten. It wasn't that Su Yu's chest had been penetrated, but... his arm had been shattered inch by inch!

Before he realized it, he had thrown a punch at Su Yu. That terrifying power had finally rebounded.

Bang --

An explosion and a miserable howl rang out. Heaven-defying demon was blown away by his terrifying fist force. His entire body was festering and had almost turned into a skeleton. His skin and flesh were no longer there.

A corporeal soul flew out from the skeleton with a whoosh. It looked at Su Yu with shock in its eyes.

At this moment, Su Yu was safe and sound, not even the slightest wrinkle on his clothes.

It was as if that terrifying attack just now was like a mosquito's bite, unable to harm him in the slightest.

"You... Who Are You?" The heaven-defying Fiend's soul panicked, a panic that came from the depths of his heart.

Too terrifying! ! Standing Still, he could destroy a third sky body with just the rebound power!

He had seen the divine ability of 'rebound injury' before, and he was certain that Su Yu's technique was definitely not similar to a divine ability. Instead, it relied on the hardness of the body to rebound!

How hard was a person's body to be able to completely rebound the attack of a stage three heavenly deity and kill him?

In any case, the emperor of the dynasty wouldn't be able to do it!

If it wasn't for the critical moment just now, when heaven defying Fiend used a secret technique to protect his soul, he would have already been destroyed in body and soul.

Su Yu lifted his eyes and looked at him indifferently. "It doesn't matter who I am. What's important is that I've given you several chances to live. Unfortunately, you just had to chase after me and throw your life away."

Heaven-defying Fiend's entire body trembled as fear appeared in his eyes. He hurriedly said, "If you kill me, heaven-defying frost star will not let you off!"

Heaven-defying Frost Star was a terrifying character. He believed that everyone knew what kind of character he was.

Unexpectedly, Su Yu said indifferently, "Heaven-defying cold star, huh? A defeated opponent, why should I be afraid of Him?"

What? Heaven-defying cold star was shocked. He suddenly thought of something and couldn't help but tremble. His eyes bulged, showing extreme fear in his heart. His lips trembled, "Your surname is Su... could it be that you are Su..."

"You know a little too much," Su Yu said indifferently. A ball of spatial red light shot out from his left eye.

The soul of the heaven-defying fiend didn't even have the time to scream. It was instantly destroyed into dust and disappeared from the human world.

Shua Shua Shua --

Dragon Elephant King, divine weapon of ice and fire, Tai Qing Yunhui and Tai Qing Miaoyu arrived just in time. They only heard the last words of the heaven-defying fiend before he was obliterated by a ball of spatial power.

The divine weapon of ice and fire stared in shock at the scattered corpses of the heaven-defying fiend. Its pupils constricted as it stared at Su Yu with a gaze filled with deep fear.

The leading figure of the younger generation had actually... actually died!

Tai Qing Yun Hui's ethereal eyes flickered with emotion as she stared vigilantly at Su Yu's figure.

Only the Dragon Elephant King secretly revealed a relaxed smile, he thought to himself, "Hehe, he really came all the way here to throw his life away! The heaven-defying fiend indeed has the right to be arrogant, but in front of this ancestor-level mighty figure, he doesn't even have the right to make a sound!"

Tai Qing Miaoyu blinked her eyes. Her cultivation was the lowest, and whether it was her eyesight or her hearing, she was not as good as the three of them. She had no idea what had happened.

She only saw a pile of corpses beside Su Yu, all of which were defiant Sha's corpses.

"Ah! Defiant Sha, he, he's dead?" Tai Qing Miaoyu widened her almond-shaped eyes, and her mouth was so wide that it could fit an egg. "Who did it?"

No one answered, because the other three people present were all shocked and didn't dare to move carelessly, in case some of their actions were misunderstood by the mysterious person.

They didn't think that they were better than the heaven-defying fiend.

How powerful was the heaven-defying fiend? In the end, in the short span of a few breaths that they chased, he died without a burial ground. The terror of the mysterious person left a lingering fear in their hearts.

No one responded. Tai Qing Miaoyu flew towards Su Yu, patted his shoulder, and looked around in fear. "Hey! Did you see who did it? He actually killed heaven-defying fiend?"

This scene made the three of them eyelids twitch. A newborn calf was not afraid of a tiger.

Tai Qing Yunhui wanted to stop him, but at this moment, he did not dare to act rashly. He could only wait and see.

Unexpectedly, the scene of Su Yu getting angry did not appear. Instead, he smiled faintly and said, "Who knows? Maybe he was too arrogant and accidentally provoked a passing powerhouse?"

As he spoke, he glanced at the Dragon Elephant King and the other two.

What shocked them was that this glance actually caused their souls to tremble violently. It was like a candle flame in the wind that was about to be extinguished in an instant. It really gave them a fright.

Such a gaze, wasn't it too terrifying?

Even when facing the monarch, they had never felt such a feeling!

This person... what was this person's identity?

No matter how muddle-headed the ice and fire divine weapon and Tai Qing Yun Hui were, they finally understood that the mysterious person whose aura was completely concealed was definitely not a young elite of their generation. Instead, he was an old monster who was deeply concealed. Moreover, he was the kind of person who could stomp his feet.., a ruthless character who could cause the entire continent to tremble three times.

They understood the meaning behind Su Yu's glance and kept quiet. They did not dare to reveal what they had just seen, afraid that Su Yu would kill them to silence them.

Only Tai Qing Miao Yu did not notice it at all, he was very serious as he rubbed his chin and pondered, "A powerhouse who just passed by? Oh! "It's really possible. The four great country lords have gathered together. There are many important figures who have come from the absolute beginning empire, and many of them can kill a heaven-defying demon in the third sky of the older generation."

The Dragon Elephant King was sweating for him. "Little Grandaunt, do you really believe that?"

After getting the answer, Tai Qing Miaoyu did not probe further. She looked at the heaven-defying Fiend's corpse and snorted. "Asking you to tease me, you deserve to be destroyed. God will punish the wicked!"

Tai Qing Miaoyu let out a long breath. She had also solved a huge problem. The heaven-defying fiend had been coveting her for a long time.

Tai Qing Miaoyu looked at Tai Qing Yunhui who had not come over yet. She thought for a moment, then grabbed Su Yu's sleeve and flew towards Tai Qing Yunhui.

Tai Qing Yunhui looked as if she was facing a great enemy. Divine power surged under her feet, and her sleeves fluttered even though there was no wind. Her pair of ethereal eyes were replaced by vigilance and respect.

Her entire body stiffened, and her body tensed up. She was ready to escape at any time!

However, it was useless to escape.

"Eh, martial uncle, What's wrong? Why are you sweating?" Tai Qing Miaoyu flew closer and immediately noticed Tai Qing Yunhui's strange behavior.

Tai Qing Yunhui's eyes stared at Su Yu, and his gaze flickered as he said, "Oh, oh... It's because of the long distance chase, isn't it too tiring?"

"Is that so? Then why is your chest all wet?" Tai Qing Miaoyu was like a curious baby, asking all sorts of questions.

The divine weapon of ice and fire was even more nervous, and even stuttered, "It's... It's too hot, yes, the day is too hot!"

Tai Qing Miaoyu was startled, and muttered with a doubtful look, "A third-sky God is still afraid of the Heat?"

She looked at the Dragon Elephant King, and found that there was nothing unusual about the Dragon Elephant King. She asked curiously, "It's really strange. One is sweating from the heat, and the other is sweating from exhaustion. Why are you fine when we are traveling together?"

The Dragon Elephant King wanted to vomit blood. Aren't you trying to roast me on a fire rack?

He laughed dryly and immediately spat out a mouthful of blood. "I'm not sweating, but I'm bleeding. This weather is indeed not suitable for long-distance travel."

The divine weapon of ice and fire and Tai Qing Yunhui looked over from the corner of their eyes. They secretly looked at him with admiration. He was really ruthless. He had shaken himself until he vomited blood from internal injuries!

Tai Qing Miaoyu was dumbfounded. A high and mighty third sky god who had traveled a billion square miles was actually so tired that... he vomited blood?

She tugged at Su Yu's sleeve in a daze. "Hey, they have also traveled a billion square miles. Why are you fine when they are so tired?"

Su Yu looked at the three of them unhappily. Your excuses are really too bad.

"Hehe, I. . . I guess I have enough energy to run after eating my fill." Su Yu said.

The Dragon Elephant King and the other two blacked out. Your excuses are even worse!

Chapter 1546 Unreasonable (Third Watch)

Supreme Purity Jade was dumbstruck. She felt as if her worldview had been turned upside down.

So it turned out that even if a third-sky deity didn't have a full meal, he would either be drenched in sweat or vomit blood from exhaustion?

Hu Hu --

Fortunately, at this moment, several figures rushed over.

Among them were the frost fire sutra fantasy and the heaven-defying cold mountain. They had used the long-distance teleportation magical equipment inherited by the royal family to arrive a step later.

When they saw the heaven-defying Fiend's corpse, the two of them were also horrified.

"Who did it?" They asked in unison, their breathing frozen.

Supreme purity exquisite jade said proudly, "Hahaha, you came late and didn't see it. I saw it with my own eyes. A mysterious senior killed him with a Slap!"

Su Yu's forehead was covered in black lines. How did the rumors come about? It came from this!

Then, the Frost Fire Sutra fantasy and heaven-defying cold mountain listened to Tai Qing Miaoyu's bragging and nodded repeatedly. They were amazed.

After listening, the Frost Fire Sutra fantasy patted Su Yu's shoulder, "Brother Su is really lucky. He just happened to meet a senior who was passing by. Otherwise, the consequences would be unimaginable!"

Heaven-defying cold mountain was also full of emotion, "Brother Su is indeed a blessed person. Such a legendary thing was actually met by brother Su."

“Hehe, there will definitely be good fortune after surviving a great disaster!” Tai Qing miaoyu laughed heartily and pulled Su Yu toward Tai Qing Yunhui.

She was so scared that her nerves tensed up again, and her breathing became hurried.

“Martial uncle, please consider that he has helped us before, and listen to his request,” Tai Qing Miaoyu said sincerely.

Tai Qing Yunhui’s eyelids could not help but Twitch. She had the impulse to punish her severely. Wasn’t this causing trouble for her?

Facing such an old monster, she dared to say no?

“This former... young master, May I know what Divine Art You Want to exchange?” Tai Qing Yunhui forced herself to calm down and asked.

Su Yu was surprised. He didn’t expect things to develop to this extent. If it was so simple, it would be better. He immediately said, “I want the technique to control the Taiji Yin-yang wings in your royal family.”

“Huh?” Tai Qing Miaoyu and Tai Qing Yunhui were both surprised.

Tai Qing Yunhui stopped speaking in time, her eyes filled with surprise.

Tai Qing miaoyu said in surprise, “Strange, why do you want this thing?” Everyone in the divine realm knew that the Taiji Yin-yang wings of the imperial family of Tai Qing had been lost for hundreds of millions of years, right? “I don’t know who it belongs to now. Why do you still need this technique?”

Su Yu was delighted. This meant that this technique indeed existed!

“May I ask Miss Yun Hui if you would be willing to part with it? I have a demonic divine art that is extremely powerful. It is not inferior to the divine art ranked third in the heaven-defying empire.” Su Yu took out another copy of the recorded six paths of heavenly connection.

Tai Qing Miaoyu was envious and said, “Martial uncle, I have seen it with my own eyes. Its power is indeed very powerful. It can just make up for the weakness of our Tai Qing imperial family’s inherited divine art.”

Tai Qing Yunhui complained in her heart. Her instinct was to oppose the exchange of any divine arts.

Therefore, the exchange meeting on the first floor ended on a bad note.

However, how could she dare to resist Su Yu?

With the protection of the heaven-defying cold star, she could still kill the heaven-defying demon, let alone her?

“Since young master SU is sincere, I can’t refuse.” Tai Qing Yunhui took out a blood drop with the combination of yin and yang. “The control method of the Taiji Yin-yang wings is in this blood drop.”

She really wanted to ask Su Yu about the use of this technique, but she was afraid that she would expose the secret of heaven and get herself killed.

Su Yu was gratified. He finally got what he wanted.

After the exchange, Su Yu immediately put it away and prepared to meet the fish emperor before slowly refining the technique in the blood drop.

“Congratulations, brother Su!” The ice and fire sutra fantasy and the heaven-defying cold mountain congratulated him together.

Tai Qing Miaoyu punched Su Yu in the chest and raised her sharp chin, “How are you going to thank me? Uncle-master agreed to the exchange on account of me. I’m your big benefactor now.”

The veins on Tai Qing Yun Hui’s forehead twitched when she heard this. She was worried and amused.

She was so afraid of Su Yu!

Su Yu smiled, “Oh? How Do You Want Me to repay you?”

The icefire sutra fantasy ridiculed, “Why don’t young master Su give yourself to him? You have great strength and are a perfect match for Miao Yu.”

Tai Qing Miao Yu raised her eyebrows and spat, “Who wants him to give himself to you?”

The icefire sutra fantasy said mischievously, “Oh? What if it’s your great hero Su Yu? Then do you want him or not?”

Tai Qing Miao Yu’s face turned red and she bared her teeth, “Sutra fantasy, is your skin itching again?”

“It is. If it was Su Yu who gave his body to you, you would be more than happy to...”

“Shut up!” At this moment, Tai Qing Yunhui reprimanded him with an unhappy face, “Don’t talk nonsense! How can you juniors beat Senior Su?”

Bing Huo Jinghuan shrunk his neck and muttered, “Why are you throwing a tantrum? Aren’t you just jealous? Who doesn’t know about senior Su?”

Tai Qing Miaoyu stuck out her tongue and snorted in dissatisfaction, “Humph! Only state officials are allowed to set fires, and commoners are not allowed to light lamps! Only you are allowed to like Su Yu!”

It turned out that back then, the Princess of the Tai Qing royal family was kidnapped by the heaven-defying cold star, and this matter caused a huge uproar.

Later on, the Tai Qing royal family endured the humiliation and signed a settlement agreement.

This matter became the humiliation of the Tai Qing royal family in the past.

As the second princess of Taiqing, Taiqing Yunhui, she had a knot in her heart. She had once mobilized a group of powerhouses in the imperial court. She would give her body to whoever killed or severely injured the heaven-defying cold star.

Unfortunately, at that time, the imperial court of Taiqing suppressed them and did not allow them to take revenge. The heaven-defying Cold Star's strength was outstanding, and they were protected by powerhouses whenever they went out. No one succeeded.

Many years had passed since this incident, and she had almost forgotten about it.

Who knew that several years ago, a human youth named Su Yu appeared out of nowhere. He advanced with great success, heavily injuring the heaven-defying cold star twice, and even killing the protector of that time, heaven-defying Gu Yun.

Someone mentioned Tai Qing Yunhui's promise back then, and she could only announce to the world that she was willing to keep her promise back then and marry Su Yu.

Now, the juniors were teasing Su Yu, and she naturally could not tolerate it.

As for the jealousy that they were thinking about, Tai Qingyun Hui was also helpless. She had not even seen Su Yu's real face, so how could she like him?

However, if a legendary figure like Su Yu took a fancy to her and was willing to marry her, she would be very happy.

It was a pity that he had disappeared without a trace for many years. How could a nobody like her fall in love with him?

Sighing silently, Tai Qing Yun Hui warned, "This is the last warning. Inappropriate jokes must not be played!"

Tai Qing Miaoyu was scolded and asked Su Yu unhappily, "You want to repay me, right? Come, treat me to a meal."

The Frost Fire Sutra Fantasy and heaven defying Cold Mountain also agreed.

"Alright then." Su Yu said helplessly. Since he had already obtained the art, there was no need to wait here.

The Dragon Elephant King's face was filled with smiles. "If young master Su doesn't mind, how about returning to the Heaven Immortal Tower?"

Su Yu nodded and said to Tai Qing miaoyu and the others, "Let's go, I'll bring you all back!"

After he finished speaking, he rolled up his sleeves and swept the three of them away, instantly disappearing from where they were, leaving behind a thick trace of yin and yang qi.

Tai Qing Yunhui was shocked. "This is... Our Tai Qing dynasty's Yin and Yang shuttle technique? Could it be that he has cultivated some kind of inherited movement technique of ours?"

Her pretty face was full of surprise.

"Miss Tai Qing, what should we do?" The divine weapon of ice and fire asked uneasily.

Tai Qing Yunhui came back to her senses, after thinking for a while, she said, “This senior doesn’t seem to be a great evil person. He is quite kind to Miao Yu and the others. I don’t think he will harm them. We don’t need to worry too much. However, it’s better to report this matter to the emperors of our respective dynasties as soon as possible.”

“I think so too. Let’s go, there’s no time to lose!”The divine weapon of ice and fire said.

The two of them flew toward the Fish Emperor’s palace while the Dragon Elephant King returned to the Heaven Immortal Tower to serve Su Yu and the others as if he was chasing after the stars and the Moon.

In the Fish Emperor’s palace, the four supreme-beings of the divine realm were gathered together.

However, the atmosphere was slightly cold, as if they had fallen into some kind of stalemate.

On the Blue Planet of ice and fire, the supreme pure cloud luan all had some anger on their faces. From time to time, they would glance at a young man sitting cross-legged in a corner of the shadows.

The young man’s skin was dark and his entire body was filled with a domineering and sharp rebellious intent. He was like a devil sword and was exceptionally dangerous.

He did not allow anyone to interfere and said, “There’s no need to discuss anymore. No one can change the decision that I, the heaven-defying cold star, made! I said that since I control the Brahma puppet, I will control it. If you don’t agree, HMPH, all of you get lost!”

They were all people of the same generation. How humiliating would it be if they were scolded to get lost?

The strange thing was that they chose to swallow their anger and did not even say a word of rebuttal.

The two of them turned their gazes to the fish emperor, meaning to let the fish emperor make the decision. After all, the Brahma puppet belonged to the fish emperor.

The Fish Emperor pondered for a moment and said, “The Brahma puppet is still in the process of being forged. It’s still too early to decide who it belongs to...”

“I don’t Care!”Heaven-defying cold star interrupted, looking as if he was the Supreme Being. “The Brahma puppet must be handed over to me for safekeeping!”

The fish emperor frowned slightly. He could clearly feel that heaven-defying cold star’s rebellious intent was getting stronger. It was only because he couldn’t satisfy his unreasonable request.

The Brahma puppet was the fish emperor’s painstaking effort over the past ten years. He had spent most of the resources he had left when he was a world destruction sovereign before he was barely close to completion.

In the end, heaven-defying cold star didn’t say anything and directly asked for it. His attitude was tyrannical and unreasonable.

However, he knew how terrifying the Devil Rebel was. He could not refute it too fiercely. Otherwise, he would force it into a devil rebel. The gains would not make up for the losses.

He somewhat regretted inviting the heaven-defying cold star to participate.

However, if he was not invited, it would be unrealistic to unify the entire divine realm and obtain the blood essence of all living beings.

After thinking for a long time, the fish emperor chose to give in. "Alright, I'll leave the Brahma puppet to you!"

"No!" Icefire Cangxing and supreme pure cloud luan tried to dissuade him.

Although the fish emperor felt uneasy when he controlled such a dangerous and terrifying object, he could still tolerate it.

However, heaven-defying cold star... was a madman!

No one knew what the heaven-defying cold star would do with the Brahma puppet!

"Get lost! Who do you think you are to stop me?" Heaven-defying cold star's eyes shot out two materialized gazes that contained a heaven-defying intent.

Icefire Cang Xing and Tai Qing Yun Luan were both enraged and attacked to neutralize the intent.

However, even with their gazes, the two of them spent ten to twenty percent of their strength to succeed.

"After a year, his strength is even higher!" The two of them looked at each other and saw the shock in each other's eyes.

Chapter 1547 Reverse Will Become A Devil (Fourth Watch)

If a single gaze was so powerful, wouldn't ten percent of the power of the heaven-defying cold star be on par with them?

The Fish Emperor also saw this and was shocked. "He is going deeper and deeper in the path of Reverse Devil. Before we get rid of the evil daughter, we must not turn him into a reverse devil. Otherwise, we will be in Big Trouble!"

"You two don't have to do this. Now that the calamity is upon us, whoever controls the Brahma puppet will be the same. You must know that we'll both suffer and prosper together," the fish emperor advised, calming down the aura between them.

Most importantly, he did not want to increase the rebellious intent of the heaven-defying cold star.

The heaven-defying cold star glared at the two of them with contempt and ordered the fish emperor, "Give it to me!"

Fish Emperor was not annoyed. He took out a world of caves. It was very ancient. On the outside, it looked like a walnut that was riddled with holes, but on the inside, there was another world. Inside, there were many weapons of the ancient civilization that had never appeared before, there were also many extinct ancient materials, ancient arrays, and ancient true spirits.

In the center of the world of caves, there was an enormous puppet that stood between heaven and earth.

Its appearance was exactly the same as the Brahma puppet that was being built in Su Yu's sky sacred ship.

This was the first world created by the Emperor of destruction when he became a god. It had always been hidden in his soul.

Back then, when his body and soul were destroyed, a portion of his soul had been attached to this world of the cave abode. He had relied on the emperor's aura remaining inside to avoid being reduced to the fate of being a tomb guardian spirit and awakening from his stupor.

This item was irreplaceable to him.

"Haha! Good stuff! I want this cave abode world too!" However, heaven-defying cold star took a liking to this item. He did not put the fish emperor in his eyes at all and directly took it.

He did not look at the fish emperor's slightly gloomy expression. His soul energy directly swept through it. When it landed on the huge Brahma puppet, he was slightly surprised. "Eh? That puppet looks so familiar. I seem to have heard heaven-defying Gu Yun mention it before."

Heaven-defying father and son hated each other. Back then, the sky sacred warship was completely controlled by heaven-defying Gu Yun alone. Heaven-defying cold star knew nothing about what was inside.

He even knew nothing about a half-finished Brahma puppet.

"But it doesn't matter anymore. From now on, it belongs to me!" Heaven-defying cold star opened his mouth and swallowed the Walnut Cave abode world, only then did he reveal an elated expression. "Haha, everyone, work together to resist the prophecy in the imperial family's sacred sect."

Tai Qing Yun Hui was indignant and snorted lightly.

Heaven-defying cold star noticed her. At this moment, his thoughts were clear and he was in a good mood. He could not help but size up Tai Qing Yun Luan.

As the only woman in the imperial dynasty's monarch, not only was her strength unrivalled, her beauty was also top-notch.

Back then, heaven-defying Gu Yun had his eyes on her more than once. Unfortunately, although he was strong, it was not enough to suppress this woman.

Now, heaven-defying cold star's strength far surpassed his father's by several times. He could suppress this woman to the point that she could not move with no effort. He could not help but have a lustful thought as he sized up Yun Luan's alluring figure without concealing his thoughts, he even did not conceal his inner thoughts. "Hehe, Yun Luan, with your beauty, it is truly a pity that you do not enter this Empress's palace. Why don't I issue an imperial edict and our two great dynasties form an alliance through marriage?"

So Naked? Such naked and shameless words actually came out of his mouth!

The azure fire planet was furious. Ignoring the political influence of the other two great empires marrying, just the arrogance of the heaven-defying cold star was something he could not tolerate. He slammed the table angrily. "Heaven-defying cold star! You better stop this Emperor!"

The heaven-defying cold star looked at him from the corner of his eyes. His gaze turned cold and his killing intent immediately rose. The rebellious intent on the surface of his body rolled. "Why, do you want to make a move on me?"

The moment he looked at him, the confidence of the icefire cangxing immediately weakened. His tone was slightly gentler as he changed his words. "What I mean is that with a great enemy in front of us, the love affair should be put aside for the time being. It Won't be too late to discuss it after the calamity is resolved!"

The fish emperor came to the rescue. "This is also what I mean. If you want to, you can talk about it after the calamity."

Only in this way could the heaven-defying cold star not be considered to be angered. He sized up Tai Qing Yun Luan's plump body with nostalgia, he laughed and said, "Alright! It's settled then. After I finish off the evil daughter, I will take Tai Qing Yun Luan into my Empress Palace! I will do everything that Father didn't do back then!"

He completely ignored Tai Qing Yun Luan's trembling body and her furious and livid face.

However, Tai Qing Yun Luan could not act up and had to endure. She was afraid that she would anger the heaven-defying cold star and incite his rebellious intent, turning him into a devil.

Her hands were tightly held by her. Her nails dug deep into her flesh and she secretly said to herself, "I'll endure it! If you're still alive after the vile daughter, I'll be irreconcilable with you!"

If the heaven-defying cold star was really alive at that time, his strength would probably have reached another level. Her fate would most likely be like the princess from back then, forcefully abducted and turned into the heaven-defying cold star's woman.

Heaven-defying cold star looked up at the sky and laughed. "Then, this matter has been decided! Dismissed!"

As if he was the master, he took the lead to announce and was the first to open the large door of the hall.

There were layers of guards outside the door, as well as many imperial clan members that they had brought with them, patiently waiting inside.

When heaven-defying cold star's gaze swept past the imperial clan members of the Tai Qing imperial clan, his eyes suddenly lit up. "Eh? Eldest Princess Tai Qing Yun Hui?"

Among the members of the imperial family of Taiqing, Tai Qing Yunhui was patiently and quietly waiting for Tai Qing Yunluan to come out of seclusion. When he suddenly heard a voice that left a deep impression in his heart, he looked up, and flames of hatred immediately shot out from his eyes.

"Haha, you still remember me after so many years?"The heaven-defying cold star sized up Tai Qing Yunhui's elegant and noble figure, and his lust grew. He did not obtain Tai Qing Yunluan.., it was not bad to use Tai Qing Yun Hui to

quench his thirst first. “Unfortunately, I’ve also been thinking about you all these years! In terms of looks, you and your sister can be said to be on par. They can be called sisters! “If I let you two sisters serve me together, wouldn’t that be an endless joy?”

Tai Qing Yun Hui only had ice-cold hatred. “Shameless!”

Heaven-defying cold star laughed loudly. “Good scolding! I like the way you hate me. It’s more interesting to play with you like this! Come Here!”

He clenched his fist across the air and Tai Qing Yun Hui was immediately suppressed by a huge force. She could not move her body and was dragged out of the Tai Qing royal family’s group with a loud cry.

Heaven-defying cold star laughed without any restraint. “Let’s bring her back to have some fun first, hahaha!”

“Stop!” Tai Qing Yun Luan, who had just walked out of the hall, finally exploded when she saw this scene.

Tai Qing Yun Luan pulled out several snow lotuses condensed from yin and yang Qi from her chest.

The snow lotuses exploded in the air, and the universe within a small area was immediately replaced.

Tai Qing Yun Hui, who was being restrained, was teleported back behind Tai Qing Yun Luan. Her face turned pale, and fear and hatred appeared on her face.

She didn’t understand why such an evil person was still alive!

Could it be that good people did not live long and bad people lived for a thousand years?

The heaven-defying cold star grabbed the air. His gaze immediately turned cold as he glared at Tai Qing Yun Luan. “You dare to stop me?”

The rebellious intent in his body surged and showed signs of soaring.

The Fish Emperor secretly knew that it was not good. At this moment, the heaven-defying cold star was already on the verge of turning into a rebellious devil and could not withstand any stimulation.

Tai Qing Yun Luan stared at him but did not dare to provoke him verbally!

Heaven-defying cold star tyrannically said, “Hand her over to me immediately, or else, I’ll bring you to my bed as well! !”

Saying such lewd words in front of the members of the royal families of the four great empires, it really caused an uproar.

However, heaven-defying cold star completely ignored or disdained to pay attention to the thoughts of those ants. The rebellious intent in his entire body intensified, he sneered and said, “You should understand that if you make me unhappy and I transform into a devil, all of you will die! So, if you know what’s good for you, obediently send her to my bed!”

“Shameless!” Tai Qing Yun Luan was so angry that she trembled. She actually threatened her with this matter!

For people who did not know what the reverse devil was, they did not know what it was at all. However, the fish emperor and icefire cangxing were very clear about it.

Now, it seemed that even the heaven-defying cold star himself understood that his reverse intent had reached the edge, and if he advanced one step further, he would become a reverse devil.

It was precisely because of this point that he became even more unscrupulous. This was because he knew that any unreasonable request he made would be met.

Hearing this., heaven-defying cold star laughed. “Shameless? Fine, then I’ll be even more shameless! Tai Qing Yun Luan, I order you to take off your clothes immediately! Don’t reject me. If I’m not satisfied, Humph, I’ll immediately transform into a reverse devil!”

“What?” Tai Qing Yun Luan’s face turned red and she clenched her silver teeth in anger.

Heaven-defying cold star said mockingly, “What? You Don’t agree? You Don’t want to satisfy me? Fine, my rebellious intent will deepen. At that time, it’s useless even if you regret it! Take off your clothes immediately. I’ll only give you three breaths of time!”

He was completely lawless and did not put anyone in his eyes.

This was because he knew very well that his request would definitely be satisfied. Moreover, no one would dare to offend him, even if it was verbal provocation.

This feeling of ordering the world and no one dared to defy him was the highest realm that he had pursued all his life.

With a single thought, he would rule the world. Any disobedience, any obstruction, and any unfavorable situation would be eliminated!

Yun Luan clenched her jade-like hands tightly as her heart sank into a battle between heaven and man. How could such a noble monarch like her strip naked in public?

However, if she didn’t comply, the consequences would be very terrifying.

The rumor of the Demon Rebel was also recorded in the secret manual of the imperial family of Taiqing. It was only with the combined efforts of eight emperors that they were barely able to suppress it. Once it appeared in the world today, who would be able to match it?

Xiu --

At this moment, a stumbling figure rushed over anxiously and directly landed in front of the heaven-defying cold star. He panted and said, “Not good, monarch. The heaven-defying demon has been... killed!”

Defiant Frost Star, who was enjoying the fun, suddenly fell from the joy of commanding the world to anger. “Defiant Frost Star? Who Dares to kill him? Didn’t anyone tell him that defiant frost star is one of my people?”

The person who came to report was the injured defiant Ao Yun!

He was waiting for this question. He gritted his teeth and said, "I know! But he doesn't put my lord in his eyes. Not only did he heavily injure me, he even killed Defiant Frost Star!"

"He didn't put me in his eyes?" Heaven-defying cold star sneered, and a rebellious intent surged all over his body.

Heaven-defying ao Yun said, "Yes! He said that he would kill the king even if the king himself was present!"

"Hehe!" Heaven-defying cold star's eyes shot out a deep killing intent, and the lewd thoughts in his mind vanished.

In terms of rebelliousness, it was obvious that Tai Qing Yun Luan and Tai Qing Yun Hui's disobedience was far inferior to those who didn't put him in their eyes and wantonly killed him.

"In the current divine realm, there's actually someone who dares to touch my heaven-defying cold star's People?" Heaven-defying cold star's lips curled into an icy arc. "You still dare to not put me in your eyes?"

Chapter 1548 Then Let's Kill Him (Fifth Watch)

A heaven-shaking killing intent mixed with the rebellious intent soared into the sky.

Fish Emperor thought, 'this is troublesome...' He said angrily, "Who is so ungrateful? It's not good to offend anyone, but to offend him? 'No, I'd better go over personally. I absolutely can't let heaven-defying cold star not be satisfied. When necessary, I'll kill the person who provoked him!'

However, heaven-defying cold star didn't set off immediately. Instead, he lowered his head and stared at heaven-defying Ao Yun who was kneeling on one knee. He said coldly, "Since he's dead, why are you still alive?"

Heaven-defying ao Yun explained, "I'm because..."

Before he had the chance to finish, heaven-defying cold star smacked his head with his palm. The terrifying reverse intent directly turned heaven-defying cold star's body into nothingness.

"I, the heaven-defying cold star, never raise trash!" The heaven-defying cold star coldly said. He then closed his eyes as if he was searching for the traces of the heaven-defying Ao Yun flying over.

A moment later, he opened his cold eyes and revealed his pale teeth. "Let me see who dares to make me, the heaven-defying cold star, unhappy!"

Shua --

The heaven-defying cold star rapidly flew away.

A cold light flashed by fish emperor as he flew over.

Tai Qing Yun Luan and Icefire Cang Xing looked at each other. After some thought, they also chose to follow.

Before they left, Tai Qing Yun Luan pondered for a moment and decided to bring Tai Qing Yun Hui along.

If the heaven-defying cold star met her alone, the consequences could be imagined. With her by his side, the heaven-defying cold star could more or less take care of her.

Heaven Immortal Tower.

Su Yu and Tai Qing Miao Yu, icefire scripture fantasy, and the heaven-defying cold mountain drank wine.

The four of them exchanged words, and the atmosphere was quite lively.

It could be seen that although the three of them came from different dynasties, because they were not considered core members of the royal family, they did not have many considerations and could get along with each other harmoniously.

Listening to their conversation, Su Yu did not know why, but he thought of Zhan wushuang.

He had made many friends throughout his life, but most of them were gradually estranged.

This was because they were unable to keep up with Su Yu's progress. They slowly lost contact and eventually became ordinary friends.

Only Zhan Wushuang could not be considered a friend, but he could not be considered a mortal enemy either.

He could be considered as someone who stood shoulder to shoulder with Su Yu!

He did not know where he had brought Hanxuan to. The two divine realms were connected, and he also did not know if they had come to the lost divine realm.

Just as Su Yu's thoughts were drifting away, he suddenly felt a sense of alarm. He immediately came back to his senses and turned his head to look behind him.

Tai Qing Miaoyu noticed Su Yu's strange behavior and asked, "What are you looking at? Looking at the wooden wall?"

Su Yu shook his head and said with a slightly solemn expression, "There are a few extremely powerful auras locked onto this place. All of you, stand down."

"AH? Why didn't I sense it?" Tai Qing miaoyu chuckled and teased, "You are on par with us, what kind of powerful aura can you sense? Drink, drink, drink a few more cups and you won't get drunk."

Su Yu turned his head and looked at them helplessly. With a wave of his hand, Tai Yi Donghuang Bell flew out and pinned them inside.

The three of them were stunned. They were both surprised at the mysterious grade of this item and at how serious Su Yu was. From his expression, it didn't seem like he was joking!

Not long after, a scene that shocked the three of them appeared.

Through the window, they could clearly see that the clouds in the sky were like water waves, rapidly flowing into the distance.

The Heaven and earth spiritual energy that filled the surroundings also seemed to be under some sort of pressure, constantly boiling away.

It was as if some sort of powerful existence was rapidly approaching.

After a few more breaths, there was nothing in the sky, and it was incomparably quiet.

A pressure from the soul slowly descended.

Buzz, Buzz, Buzz, Buzz --

The Heaven Immortal Tower, which was surrounded by restrictions, began to tremble without any warning, and it became more and more intense.

The Dragon Elephant King, who was waiting for orders outside, suddenly opened the door and entered. He came to Su Yu's side and looked out of the window together. His expression was also filled with solemnity.

At this moment, a wisp of faint red light rolled over, as if a sea of blood was rolling in the sky.

When he fixed his gaze, the sky was indeed red.

But apart from the color of blood, there was also a series of afterimages.

Those afterimages were all clearly visible as if they were real.

When the Dragon Elephant King saw the appearance of the afterimages clearly, he was so shocked that he retreated repeatedly. With a whoosh, he leaned against the supreme one Eastern Emperor Bell and fell to the ground.

Su Yu did not even turn his head back. He waved his sleeves and the supreme one Eastern Emperor Bell enveloped the Dragon Elephant King.

"You should go in too," Su Yu said calmly.

The Dragon Elephant King collapsed to the ground. His eyes were replaced by deep respect and fear.

Tai Qing Miaoyu helped him up in surprise. "Dragon Elephant King, what are you afraid of? This is the territory of your absolute beginning Empire!"

The Dragon Elephant King's voice was hoarse, because he was nervous and low-pitched. "Others may not be afraid, but there is one person who can not be unafraid."

"Who is it?" Tai Qing miaoyu blinked.

"Heaven-defying cold star," the Dragon Elephant King only said four words.

Tai Qing Miaoyu's expression froze. The Ice Fire Sutra fantasy and heaven-defying cold mountain, who had been relatively relaxed, froze on the spot.

"You... are you sure it's him?" Tai Qing Miaoyu asked nervously.

The dragon elephant king said, "I wouldn't mistake him for anyone else!"

"Hahaha..." at this moment, a series of laughter suddenly echoed in the private room. At the same time, a strange young man with his arms crossed appeared. "It should be here, right?"

When they saw this figure, supreme purity exquisite jade, frost fire scripture fantasy, and heaven-defying cold mountain trembled as if they had been electrocuted. It was as if their chests had been blocked by a huge rock, and they were unable to speak.

It was him! It was heaven-defying cold star, the most powerful creature that could cause the entire divine realm to tremble!

Heaven-defying cold star swept his gaze around, and when he swept his gaze across the supreme one Eastern Emperor Bell., he chuckled. “The Dragon Elephant King of the absolute beginning empire, the junior of the Frost Fire Empire, and the junior of my heaven-defying empire. Oh, there’s also a little beauty from the Supreme Qing Empire. Heh Heh, the atmosphere is pretty good!”

However, his gaze was like lightning as it shot towards the mysterious young man standing in front of the window with his hands behind his back. The corners of his mouth curled up, revealing his white teeth, he said, “However, what’s even more interesting is that there’s actually a character who holds the Emperor Dao Sacred artifact ranked 23rd here, the Taiyi Eastern Emperor Bell!”

What? The Emperor Dao Sacred Artifact ranked 23rd?

The Taiqing exquisite jade, the frost and fire sutra fantasy, and heaven-defying cold mountain sucked in a breath of cold air. That was a terrifying Emperor Dao sacred artifact that even the royal family might not possess!

No matter how foolish they were, they finally understood that Su Yu, who called them brothers, was definitely not a simple character!

“In other words, you were the one who killed heaven-defying fiend?” Heaven-defying cold star stared at Su Yu, his entire body surging with rebellious intent.

Su Yu secretly sighed. He originally did not want to encounter heaven-defying cold star, but who knew that even if he intentionally concealed his divine form, he still could not avoid encountering him.

They were truly destined enemies.

“Yes.” Su Yu did not deny it. The fact that he was able to find this place was enough to prove that he had identified the murderer.

Heaven-defying cold star sneered, “Then do you know what will happen to the person who killed me?”

“I know as always,” Su Yu said expressionlessly.

Heaven-defying cold star’s rebellious intent grew even stronger, and his smile became even more sinister. “Since you know, you still dare to kill my people. You really don’t put me in your eyes!”

Su Yu replied indifferently, “There’s no need for me to put you in my eyes. You think too highly of yourself!”

Hearing this, the rebellious intent on heaven-defying cold star’s body surged, and he laughed. “Good! You really have guts, but killing someone like this is the most enjoyable feeling!”

Su Yu's gaze shifted, and he stared at him coldly. "If I were you, when facing an unknown enemy, I would avoid a direct confrontation just to be safe!"

"Hehe! Who Do you think you are? Why should I, heaven-defying cold star, be compared to You?" Heaven-defying cold star sneered. "I, heaven-defying cold star, will do whatever I want. Those who submit to me will prosper, and those who defy me will die!"

As soon as he finished speaking, heaven-defying cold star struck out with his palm.

That palm print contained boundless rebellious intent and was extremely destructive.

Su Yu clenched his fist and ultimately chose to endure.

If he were to engage in an intense battle with it and completely anger the rebellious intent of heaven-defying cold star, it would be more or less troublesome for him to attain the body of the Devil.

Retracting his thoughts of making a move, Su Yu teleported to the side of the supreme one Eastern Emperor Bell like a shadow.

He clenched his five fingers and grabbed the supreme one Eastern Emperor Bell. Then, with a thought, he teleported billions of miles away.

Heaven-defying cold star's palm hit nothing but air, and his face was covered with a few traces of a savage smile. "Hahaha! Run, run like a stray dog. This way, I'll have a greater sense of accomplishment when I kill him!"

Hu --

A pair of wings formed from reverse intent appeared behind his back. Ignoring the obstruction of space, he traveled millions of miles in an instant!

Su Yu held the Tai Yi Eastern Emperor Bell in his hand and shuttled between yin and yang, choosing to avoid a direct confrontation with heaven-defying cold star.

Tai Qing Miaoyu was furious. "Damn it! Why is there such a person in this world!"

Frost Fire Scripture fantasy and heaven-defying Cold Mountain were silent for a long time before they looked up at the sky and sighed. "That's right, why is no one able to destroy him?"

Tai Qing Miaoyu's eyes were filled with regret and disappointment, "There is only one person in the world who can destroy him. Unfortunately, that person is hidden from the world, which is why heaven-defying cold star is so arrogant!"

Any martial artist in the divine realm would know who she was talking about.

That could only be one person!

Su Yu!

An unrivaled legend that swept across the sky above the divine realm continent like a comet!

Only he could suppress heaven-defying cold star!

Tai Qing Miaoyu looked at Su Yu's back, she revealed an apologetic and resolute gaze. "Young master Su, please let us down. This matter was ultimately caused by us. We caused you to be mistaken by heaven-defying frost star's wishes as the murderer of heaven-defying Frost Star. If you let us down, we will take responsibility."

Su Yu shook his head. would heaven-defying frost star listen to their explanation? It would only cause them to lose their lives.

Especially the fate of Tai Qing Miaoyu... Judging from defiant Hanxing's lecherous nature, her fate would be even more tragic.

"Brother Su, we can't implicate you. Let us down quickly."Tai Qing Miaoyu said anxiously.

Su Yu chuckled. "Who said that defiant hanxing wronged me? Yes, I Killed Defiant Hanxing."

Ah? The three of them were dumbfounded. It Can't be, young master Su is so powerful..

Looking at the royal sacred weapon they were in, the three of them were stunned again.

With such a powerful royal sacred weapon in his hand, how low could his true strength be?

And behind him, the aura of heaven-defying cold star suddenly appeared. His speed was actually on par with Su Yu's!

Su Yu pondered for a moment and slowly slowed down.

Tai Qing miaoyu said in shock, "Young Master Su, why did you stop? Are you courting death?"

Unexpectedly, Su Yu said somewhat helplessly, "Looks like we can't pull apart the distance anymore. There's no other way. We can only kill him."

What? The three of them were stunned. They thought that they had misheard. Su Yu could kill him?

Only the Dragon Elephant King was trembling all over. His eyes revealed a long-lost look of anticipation and excitement as he muttered, "To be able to see that legendary figure who has been silent for a long time draw his sword out of the mountain in this lifetime, it's not a life in vain!"

Chapter 1549 Heaven-Defying Divine Art

Boom --

The heaven-defying cold star carried waves of thunder as he caught up with Su Yu. He stopped ten thousand feet away from Su Yu and sneered, "Why aren't you running anymore?"

At this moment, Su Yu had completely stopped and turned around to look at the heaven-defying cold star.

Even though they didn't fight, based on his intuition, he could feel that the heaven-defying cold star was no longer the same as before. He was no longer the same as before.

Even the so-called number one person of the four empires, heaven-defying Gu Yun, was no match for him.

"I have to admire your courage. In this world, there are only a handful of people who dare to face my heaven-defying cold star."Heaven-defying cold star

sneered. "It's a pity that those who face me will all be reduced to ashes without exception!"

Su Yu said indifferently, "Compared to the past, your arrogance is even greater than before. I wonder if your strength is the same."

HM? Everyone was slightly stunned. From Su Yu's tone, why did it seem like he knew heaven-defying cold star?

Heaven-defying cold star's pupils shrunk as he sized Su Yu up again. "Oh? You've seen me before? Or perhaps, one of my defeated opponents in the past?"

Su Yu did not say a word and did not answer.

Because, the answer was exactly the opposite.

Heaven-defying cold star had never lost once in his life, but in the hands of one person, he had lost twice.

"Your tone isn't small. Then let me see how long you can hold on!" Heaven-defying cold star was like a bolt of lightning as he charged towards Su Yu in an instant.

Su Yu sighed silently. His figure flickered and he teleported to a side.

However, just as he appeared, another wave of incomparably fierce divine power suddenly came from behind him.

The divine power was vast and contained a mystical concept that was rarely grasped in this world.

Su Yu wanted to dodge, but he was surprised to find that under that profound concept, he felt as if he was locked in a space, unable to break free.

Without thinking, a pitch-black reverse scale appeared in Su Yu's palm, blocking the vital parts of his head.

The person who used the palm was extremely brilliant. He let out a light exclamation, as if he recognized the origin of the scale and knew that he couldn't attack forcefully. At the last minute, he changed his angle and struck Su Yu's chest.

Pu --

An extremely dull sound rang out, shattering the clothes on Su Yu's body. However, when it struck Su Yu's back, it was as if a mortal had stabbed a finger into an iron plate. That person's wrist shattered.

At the same time, the mysterious palm force contained divine power and rebounded back.

If nothing unexpected happened, the outcome of the person who launched a sneak attack would be similar to that of a heaven-defying demon.

However, something unexpected really happened.

The opponent actually sensed that something was wrong and his body instantly turned into nothingness. The rebound palm strike was like a hit on cotton, it was dissolved into nothingness.

Su Yu leaped a distance away. He turned his head and was slightly surprised.

He saw a mermaid expert dressed in imperial robes. His chest was pierced through, revealing a sinister-looking bloody hole. His heart was also destroyed.

However, not a single drop of blood flowed out.

The other party's expression was also almost calm. He did not feel any pain at all. He only stared at Su Yu in slight surprise.

Su Yu was also surprised. The person who had attacked was actually the fish emperor!

The fish emperor stared at Su Yu and shook his head regretfully. "I'm very sorry. You have angered someone who should not have been angered. For the safety of the divine realm, I can only let you rest temporarily."

In an instant, Su Yu understood the fish emperor's intentions.

He was worried that the Fish Emperor wouldn't die. The heaven-defying frost star was enraged and his rebellious intent erupted, causing him to evolve into a demon rebel.

Hence, he wanted to use a sneak attack to kill Su Yu.

After he finished speaking, the Fish Emperor's eyes were ice-cold as he mercilessly attacked.

However, following a burst of thunder, the afterimage of the heaven-defying frost star pierced through the sky like lightning.

The target of the attack wasn't anyone else, but the fish emperor!

The moment the two of them exchanged blows, the fish emperor's body was on the verge of collapse. However, he was still as before and didn't have any serious injuries at all.

Heaven-defying cold star revealed his true form and glared at fish emperor contemptuously. "Who do you think you are? Since when is it your turn to sneak attack the person I want to kill? Scram!"

Fish Emperor was slightly angry, but he immediately calmed down. He understood that his sneak attack had angered heaven-defying cold star even more.

He silently retreated to the side and his injuries immediately recovered.

This scene attracted Su Yu's sharp light and dark flashes.

"Alright, no one is disturbing us." Heaven-defying cold star grinned. "Let's continue!"

"Heaven-defying earth-devouring technique!" Heaven-defying cold star used the heaven-defying Empire's second inherited divine art and transformed into a ferocious ancient ferocious mouth that blotted out the sky and the Sun.

The huge mouth opened and the blazing sun lost its color. The earth sank into darkness and the sun and Moon lost their light. It was like the end of the world.

Everyone was shocked. This was the heaven-defying earth-swallowing technique?

The hearts of the Tai Qing Yun Luan and the Icefire Cang Xing who had rushed over at the same time trembled.

A year ago, the heaven-defying cold star had used this technique and easily defeated the three of them together. It was still fresh in their memories.

The icefire Cang Xing stared at Su Yu with regret. "What a pity. He was able to kill the heaven-defying fiend and was not a weak citizen of the dynasty. He was about to be destroyed by the heaven-defying cold star."

"It's indeed a pity. It depends on how long he can hold on. Back then, when the three of US Kings joined forces, we could only hold on for half an incense stick's worth of time." Tai Qing Yun Luan said with regret. From the corner of his eyes, he stared at heaven-defying cold star with deep anger and helplessness.

In the current divine realm, heaven-defying cold star was the supreme existence. There were no living beings that could contend against him.

He was already an invincible existence.

However, the next scene made them feel even more incredulous.

They saw Su Yu flip his palm, and nine golden light spots, like nine blazing suns in a pitch-black world, broke through the darkness and soared into the sky.

The Nine Blazing Suns flew across the sky and immediately rotated around, and the Golden Light became more and more dazzling.

The Darkness was destroyed, and only the golden world was left.

All living beings clearly saw the nine suns rotate and destroy the world-engulfing giant mouth into pieces.

"How... How is this possible?" Tai Qing Yun Luan was extremely shocked.

Icefire Cang Xing revealed an even more aghast expression. "Impossible! The divine art that even three of our country rulers couldn't defeat, he... he destroyed it in one move? Who is he? How can there be such a powerful living being in our divine realm? This is absolutely impossible?"

Even the fish emperor revealed a shocked expression and immediately fell into deep thought.

The giant mouth was destroyed, and a figure retreated in a sorry state.

He had a surprised expression on his face, following that, his eyes revealed a few traces of wild laughter. "Hahahaha! No wonder you dare to go against me, heaven-defying cold star! So, there are still true experts hidden in my divine realm! Say your name! I, heaven-defying cold star, will not kill Nameless People!"

Su Yu said indifferently, "You'll know in a while."

Heaven-defying cold star's battle intent was crazy, accompanied by a surging rebellious intent. He threw his head back and laughed maniacally. "Haha! Good, it has been a long time since I met a strong opponent that I can fight with. Perhaps, you can let me have a moment of pleasure!"

“Heaven-defying soul snatching technique!” At this moment, heaven-defying cold star roared loudly and transformed into a transparent giant palm.

That giant palm was shapeless and shapeless. Everyone could only see the shadow of the palm disappear.

He slammed down from the sky, and everything that was visible was safe and sound.

However, the land that was covered by the shadow of the palm was completely destroyed.

Whether it was an ant that was as small as dust or a level four heavenly deity that was as big as a giant, all of them died instantly, without exception.

Their corpses were intact, but their souls were destroyed.

Tai Qing Yun Luan’s pupils constricted. She grabbed Yun Hui with one hand and retreated wildly until she was out of the area covered by the shadow of the palm.

Her plump chest rose and fell violently, showing the waves in her heart. She said with extreme solemnity, “The number one divine art inherited by the heaven-defying empire! The divine art that even the heaven-defying Gu Yun has yet to cultivate successfully!”

On Ice Fire Cang planet, the Fish Emperor immediately retreated, afraid of being exposed to this palm. They were extremely fearful.

This was because this move also dealt fatal damage to them!

It caused countless lives to be destroyed, and it was just the appearance of the Palm Shadow.

“Ten thousand realms human trace annihilation!” Heaven defying Cold Star Roared, and the palm imprint suddenly slammed down.

Boom Boom --

The Palm imprint slammed over, and Tai Qing Yun Luan and the other emperors retreated explosively once again. This was because their souls appeared to throb deeply, as if they were about to be destroyed.

Su Yu also felt the threat from his soul.

He had already lost the suppression of the nine dragons divine cauldron, and his soul defense had already lost its invincible advantage.

However, he was not anxious at all. Instead, he flipped his palm, and a dark silver longsword appeared.

The moment this sword appeared, nine Golden Suns appeared. The dazzling golden light immediately dimmed, and all of them rolled down.

A faint silver light illuminated the dark ground.

Su Yu held the longsword in his hand, and it brought with it a faint light. Like a comet, it rose up against the sky.

The shadow of the destruction palm disappeared, and the faint light was like a Bug’s fire.

The two suddenly collided at the boundary between heaven and earth.

Whether it was the Taiqing Cloud Luan, the icefire blue star, or the fish emperor, they were all deeply attracted by the two rays of light between heaven and earth at this moment.

They held their breaths and watched from afar, watching the collision that cut through the heaven and earth.

Boom --

The intense rumbling of the soul level spread out with the momentum of radiating the divine realm.

Vast sword qi, boundless sharpness, destructive palm shadows, and terrifying soul-destroying will erupted in the heaven and earth.

The sweeping waves contained an aura that could destroy souls and contained boundless sharpness. It was as if they wanted to destroy the heaven and earth before they were willing to give up and destroy the Yin and Yang of the universe.

The Supreme Pure Cloud Luan, Ice Fire Cang Xing, and fish emperor were all shocked and immediately retreated.

They watched as the shockwave swept away countless lives, destroyed the three royal families, and swept away many experts in the divine realm.

They wanted to save them, but they could only protect themselves in the terrifying prehistoric waves.

The divine light person who watched as they encountered a catastrophe and fought with the heaven-defying cold star suddenly pulled out a chain that was millions of feet thick.

“Suppress!” He shouted loudly. The chain spiraled in the sky and surrounded the shock waves that swept in all directions.

The shock waves collided with the chain and were rebounded to the center of the explosion.

The shock waves in all directions once again gathered at the center, and an incomparably violent collision occurred, causing energy to shoot up and down crazily.

Looking from afar, two terrifying energy light pillars pierced through heaven and earth.

After a few breaths, the terrifying destructive energy slowly dissipated.

However, the area within the chain had already been wiped out. Whether it was living beings or tangible objects, they were all annihilated. Not even a speck of dust remained!

On the distant horizon, Tai Qing Yun Hui witnessed the scene of destruction. His soul trembled as he stared at Su Yu from afar. His throat seemed to be blocked by something and he was unable to speak for a long time, she took a few deep breaths before she stammered, “He... he is actually like this...”

Tai Qing Yunluan was also inexplicably shocked. She was deeply shocked. “Is there really an unworldly godly monarch hidden in my divine realm?”

Suddenly, she realized the meaning of Tai Qing Yunhui’s words and said in shock, “You know him?”

Tai Qing Yunhui took a few deep breaths and said, "He is a member of the Heroes Assembly!"

"How is that possible?" Tai Qing Yun Luan exclaimed, "Is that unrivaled godly king, Peerless Saint, a member of the younger generation?"

The eyes of icefire cangxing fluctuated violently, unable to calm down, hearing this, he shook his head decisively. "Impossible! That must be an old monster that has lived for billions of years. It is very likely that it is an ancient creature that escaped a calamity in the ancient era. It is definitely not a creature of the younger generation!"

That kind of heaven-reaching divine art that brought destructive power with every move brought an indelible shock to the depths of their hearts.

Chapter 1550 God Of Ten Thousand Paths

This was why they firmly believed that the mysterious figure was an ancient saint who had hidden in the world and never appeared.

"Unparalleled godly monarch? Ancient Creature?" Tai Qing Yunhui widened her beautiful eyes. She could not believe that the existence she had come into close contact with was such a distant existence.

When she imagined the scenes she had come into contact with before, Tai Qing Yunhui felt as if she was in a dream.

When she recalled how she had looked down on him before, her entire body trembled and she broke out in cold sweat.

She was able to live until now because she truly had to thank that senior for being merciful and disdaining to argue with a junior like her. Otherwise, with just a thought from him, she would definitely be erased from the world.

"Yunhui, quickly tell me, how did you two meet?" Tai Qing Yunluan said excitedly as she stared at that majestic divine figure, her heart surging.

Tai Qing Yun Hui stuttered and explained everything that had happened between them.

After hearing this, Tai Qing Yun Luan's joyful expression was immediately covered by solemnity and ugliness.

Tai Qing Yun Hui felt that a great disaster was approaching. She felt an indescribable pressure in her chest and said, "Monarch, don't worry. I. . . I will definitely not implicate the Tai Qing dynasty! If that senior wants to blame me, I will die to apologize!"

Tai Qing Yun Luan looked at Yun Hui with apologetic eyes. She was silent for a long time and could not bear to sigh. "If that senior is really dissatisfied with you... Yun Hui, Don't blame me for not cherishing our relationship then."

These words undoubtedly determined Tai Qing Yun Hui's fate. Her Heart was sorrowful.

An unintentional collision brought about her death.

The actions of that old monster who had lived for hundreds of millions of years could affect the ups and downs of her fate.

Helplessness and sorrow welled up in her heart, but she could only accept her fate and sob, “Yun Hui understands!”

At this time, she couldn't help but think of the unparalleled hero she had promised to marry. She smiled bitterly in her heart, “Even if I want to fulfill my promise, I'm afraid I won't be able to get what I want.”

Tai Qing Yun Luan closed her eyes in pain. If there was a chance, she didn't want Yun Hui to be hurt. But staring at the Supreme Divine Shadow, Tai Qing Yun Luan's heart was as firm as iron.

She had no choice!

Crack crack crack --

At this moment, the ten-million-meter-long chain was suddenly pulled back.

All the living beings looked over at the same time. Their pupils shrunk into a needle. They wished that their eyes could fly to the center of the battlefield and watch them closely.

Slowly, when all the remaining power dispersed, the two people's complete figures were revealed.

Su Yu held a sword with one hand and stood with his hands behind his back. His body was elegant, and the light beam that crashed into the universe just now didn't seem to be tainted in the slightest.

On the other hand, heaven-defying cold star's imperial robe was in tatters. His entire body was filled with bloody marks and was covered with sword qi.

Especially that arrogant face of his, which left a sword mark so deep that one could see his bones. Blood flowed non-stop, and no matter how heaven-defying cold star's divine power repaired it, there was nothing he could do.

He was actually at a disadvantage!

Everyone was shocked, but they also felt that it was within reason.

They were secretly ecstatic, like wild grass growing in their hearts!

Finally, someone was able to suppress heaven-defying cold star!

At this moment, despite being in a sorry state, heaven-defying cold star did not show any signs of fear. Instead, he was defeated for a short period of time, arousing his rebellious intent to not admit defeat. His face was even more ferocious as he growled, “Who are you?”

Su Yu said indifferently, “Didn't I say that you would find out very soon?”

Heaven-defying cold star stared at Su Yu, and his throat couldn't help but let out a low inhuman roar. It was like some kind of sleeping ancient vicious creature, which made people's hair stand on end.

Yu Huang's expression suddenly changed, and he shouted, “Don't force him anymore, he already has the signs of turning into a demon rebel!”

That unsettling roar was precisely the voice of the demon rebel!

Su Yu turned a deaf ear, held the long sword in his hand, and pointed at heaven-defying cold star from afar. “We haven't seen each other for two years, and you have indeed grown a lot.

Unfortunately, as I said, the increase in strength is not worthy of your arrogance!”

Two years since they last met? Heaven-defying Frost Star's pupils constricted. He still could not recall when he had fought against such an unparalleled godly monarch two years ago.

However, he would never admit that in this world, there was a living being that could step on his head!

He was the only one who could step on others. He definitely did not have the right to force others to overpower him!

"I, heaven-defying frost star, Will Never Lose!" Heaven-defying Frost Star roared angrily. His rebellious intent erupted. The terrifying rebellious intent carried the will of Heaven and earth as it transformed into a majestic chain phantom behind him.

The Phantom was extremely long and stretched to the ends of the world.

This scene once again shocked everyone and made them feel even more terrified.

"The nomological chain Phantom! The strength of his rebellious intent actually caused the descent of the Great Dao nomological chain Phantom!"

That was definitely the rebellious intent that was approaching the critical point. If he took another step forward, there would be a qualitative change.

"I want you to die. The heavens won't allow you to Live! I want you to forget that the Earth won't allow you to exist!" Heaven-defying cold star was like an overlord that ruled over the universe, destroying all existences that resisted his will.

After he finished speaking, that majestic rebellious intent turned into a huge arrow that shot up into the sky. It contained the god-slaying rebellious intent of exterminating the godly king as it locked onto Su Yu from afar.

"Die!" The aura around the heaven-defying cold star soared as he pointed at Su Yu through the air. He was like a ruler that ruled over all life and was deciding the death of a living being.

Su Yu's eyes gradually turned sharp as he shouted in a short yet powerful voice, "Die!"

Boom --

The arrow pierced through yin and Yang and shot towards him.

In front of the arrow, Su Yu was as weak as a speck of dust.

However, Su Yu didn't draw his sword. Instead, he put away his dark silver sword and pressed his palms together.

His figure suddenly became blurry as if it was covered by a layer of mysterious light. Layers of strange flames flickered above his head.

The strange scene once again attracted waves of surprise.

No one understood what it was, except for one person. It was the reincarnation of the world-destroying emperor, the fish emperor!

His pupils constricted violently, and his eyeballs bulged. He was unprecedentedly shocked, and huge waves surged in his heart. He cried out in shock, “The god of Ten Thousand Dao, the Dao God! !”

The flickering light was the sign of becoming the god of Ten Thousand Dao!

And according to what the Fish Emperor knew, there was only one person in the lost divine territory, Galaxy Divine Territory, and lost country who had the sign of becoming a Dao God! !

Under the flickering light, Su Yu’s figure also appeared to be flickering, mysterious and unpredictable.

Suddenly, the divine light on Su Yu’s body fluctuated violently, and boundless light appeared behind him!

A total of 80,000 divine images, tens of millions of feet tall, suddenly appeared in the dark sky.

Each of them emitted a shocking divine light that was filled with boundless divine dao concepts.

A total of 8,000 divine images filled the endless vault of heaven.

Their divine light illuminated the earth.

Their Divine Dao Shook Yin and yang.

Their figures intimidated all living beings.

However, they were like dao protectors, surrounding an inconspicuous speck of dust. They were like stars surrounding the moon, protecting their king, the king of all gods!

“It... it’s really the king of Gods?” Tai Qing Yun Luan was absent-minded on the spot.

However, suddenly, she remembered a legendary figure who had gone missing for two years.

He had also cultivated many Supreme Dao. Could it be that he was..

Icefire Cang Xing also came to a sudden realization. However, if that was the case, he was even more shocked. “It’s him?”

The last time he sent out news was to kill heaven-defying Gu Yun.

This news pushed his legendary life to the peak.

A junior had grown to the point of killing an empire’s monarch in just a few years!

This already made many of the older generation feel incredulous.

If the existence in front of them, who was comparable to billions of old monsters, was really Su Yu, then how much stronger had he become in the two years he had gone missing? Was that possible?

The facts in front of them struck their hearts hard.

The eight thousand divine images opened their eyes at the same time.

The eight thousand Divine Dao shot out shocking Divine Dao at the same time, fusing into a strange object.

It was actually a shabby oil lamp.

The oil lamp was weak, as if it was about to be extinguished.

However, the light emitted by the oil lamp dissipated as it shone past.

Whether it was the atmosphere, space, or the giant arrow formed by the heaven-defying cold star's reverse will, they all dissipated.

What replaced them was a wisp of nine-colored gas.

Some of the gas fell on the ground, creating mountains, insects, fish, birds, and beasts on the devastated land.

Some of the gas floated in the sky, turning into white clouds, rain, and snow.

All the living beings saw it with their own eyes. In just a short moment, a mass of gas created the scene of Heaven and earth opening.

The Fish Emperor's eyes were burning as he murmured excitedly, "The world was created by the birth of Qi, creating all things... absolute beginning Qi! It's the absolute beginning Qi that only the god of all gods can release!"

It was said that the absolute beginning world was created by a wisp of absolute beginning qi.

And the Dao God was the only special god who could create the absolute beginning Qi!

That oil lamp burned all things and reduced them to their original state... the absolute beginning Qi.

The heaven-defying cold star's expression changed drastically. First, it was surprised, then shocked. Then, it came to a sudden realization. Finally, it turned into a furious roar, "It's You! ! ! !"

That Roar shook the mountains and rivers, shattered the stars, and resounded in the lost country billions of miles away.

Tai Qing Yun Hui's eyes flashed with deep shock. She couldn't help but mutter, "Monarch, who is that God King?"

Tai Qing Yun Luan's chest rose and fell, and her eyes were burning with surprise. "There has been a second person in the world who could suppress the heaven-defying cold star since ancient times? and who could be hated so thoroughly by the heaven-defying cold star?"

Who else could it be? Tai Qing Yun Hui's mind rumbled. It was as if tens of thousands of lightning bolts bombarded his mind, causing his mind to go blank.

"He is... Su Yu! !"

The Dharma Idol of the eight thousand gods dispersed, and the oil lamp disappeared into nothingness.

The figure of the creature that was worshipped by the gods was revealed.

The divine light on his body that couldn't be seen through was also melted by the light of the oil lamp.

His true body was revealed.

It was a handsome young man with an ice crystal crown on his head, wearing an elegant snow-white robe, and silver hair that looked like a waterfall.

That once-famous wanted portrait had long been imprinted into people's minds.

At first glance, the hearts of all living beings seemed to be gripped by something and stopped beating!

It was him! ! It was Su Yu! It was that peerless legend who had disappeared for several years! ! !

He had returned!

However, unlike the portrait, Su Yu with the crown on his head was truly like a king, the god King of the King of gods!

He placed his hands behind his back and calmly looked at the heaven-defying cold star as he took a step forward.

With that step, the heaven and earth seemed to shatter.

The heaven-defying cold star seemed to have been heavily injured and violently vomited divine blood.

"I refuse to accept this! ! I can not lose! ! !"The heaven-defying cold star roared angrily.
