

Nine-Dragon 1551

Chapter 1551 Phaseless Renegade

He endured humiliation for two years. He did not hesitate to kill his father and become a god. He did not hesitate to be devoured by the renegade, all so that one day, he could bury Su Yu.

With great difficulty, his strength increased by leaps and bounds, surpassing the divine realm.

However, reality was so cruel, slapping him from the nine heavens into hell.

Su Yu, the man he hated the most in his life, was still above him!

PA --

A huge black shadow mercilessly lashed out and sent him flying. He fell to the ground and into the mortal world.

It was that chain!

The heaven-defying cold star's rebellious intent surged. With a furious roar, he shattered the ground and shot up into the sky.

However, the Black Shadow attacked and he was once again slapped to the ground.

He was unwilling and flew up again.

This time, he was slapped down to a height of 30,000 feet!

His rebellious intent did not decrease, but the chain was like a shadow.

When it was less than 30,000 meters tall, it was once again slapped into the mortal world.

The cycle repeated.

30,000 meters!

30 meters!

30 meters!

Until the chain lashed down with a loud bang, crushing it to the ground. It was like a five-fingered mountain, suppressing it to the point that it could not move.

No matter how much he roared, no matter how much he screamed, the 30,000-meter-long chain was as stable as Mount Tai.

The heaven-defying cold star, from the peak of the divine realm, had once been suppressed in the dust.

No one believed that he was the insufferably arrogant, domineering, and willful heaven-defying cold star!

Under everyone's gaze, Su Yu held the chains in his hands. Like an undefeatable god King, he calmly descended and looked down at heaven-defying cold star indifferently.

He had lost again, completely and utterly lost!

“I refuse to accept this! !”Heaven-defying cold star punched the ground with both fists, shattering a continent.

PA --

What responded to him was a foot that stomped his head into the ground. It was as if it was trampling on his head.

“The weak are the weak. You can only obey the strong. You have no right to refuse!”Su Yu said calmly, “This is your path of defiance. I’ll return it to you.”

“Ah! !”Heaven-defying cold star suffered a great humiliation and bared his teeth in anger.

However, when his head and feet landed, his head was stomped even deeper, revealing the back of his neck.

Shua --

Su Yu took out a dark silver longsword. The sharpness was enough to destroy the world, and it was enough to cut off his head.

The cold sword light stabbed the back of heaven-defying cold star’s neck. He was not afraid. Instead, he laughed ferociously, “Kill me? Surnamed Su, do you dare?”

“You can’t kill me. I have the ultimate rebellious intent. No one can kill me! “And if I don’t die, I’ll definitely become a rebellious devil! “At that time, you, your woman, your friends, your people, and everything you’ve seen will all die!”

Su Yu’s fingers caressed the Dark Silver Longsword. “Rebellious devil? You’re indeed terrifying. So, you want me to let you go?”

“Hahahaha...”defiant cold star laughed wildly, as if he was once again standing at the peak of invincibility. “You’re afraid, aren’t you? hahahaha!”

“First, release me immediately!”Heaven-defying cold star laughed sinisterly, his eyes filled with hatred.

Su Yu’s finger flicked the dark silver longsword lightly. “Then, what about the second?”

“Second! Cripple your own cultivation to meet my requirements and allow my thoughts to be clear. Otherwise, if my rebellious intent isn’t smooth, I’ll immediately transform into a devil! Don’t worry, I can guarantee that if you cripple your own cultivation, I’ll Let You Live!”

Su Yu stared at the reflection of the long sword. The cold light in his eyes grew deeper and deeper. “Is there a third?”

“Third! All your women belong to me, the heaven-defying cold star! Especially eternal night first snow and Saintess Luo xueyi. I want you to personally send them to my bed! I’ll take your place and love them well! hahahaha!”

All three requests were ridiculed, but no one could laugh.

He was not wrong.

The body of the devil could not be killed. Forcefully provoking it would only backfire and force out the world-destroying devil.

The calamity of the vile daughter was still there, but the Devil had appeared!

Seeing that Su Yu was silent, heaven-defying cold star laughed maniacally, "What are you hesitating for? My rebellious intent is getting stronger and stronger. I might turn into the devil in the next moment! If you don't want the birth of the Devil, immediately fulfill my three requests! !"

Hu --

Su Yu sighed lightly.

Defiantly cold star laughed sinisterly, "What? You Can't bear to part with me? Don't worry, I will teach your woman well, just like I taught Eternal Night's fiancée. Let them be completely devoted to me!"

Shaking his head, Su Yu said softly, "I don't mind giving you four words even if I die. It's the most suitable."

HM? Everyone was stunned. What did Su Yu want to do?

Heaven-defying cold star's sinister smile froze. "What do you mean?"

Su Yu's eyes moved away from the Dark Silver Longsword. His pair of cold eyes that seemed to have melted from ancient ice suddenly revealed themselves.

Everyone who saw this scene felt a chill in their hearts. It was as if they were about to be frozen.

What a terrifying gaze!

Heaven-defying cold star's heart also suddenly stopped. It was as if he had missed a beat.

"What I mean is, after you've said your last words, you can go on your way!" Su Yu raised his cold sword and said coldly.

Heaven-defying cold star's expression suddenly changed, and he roared, "You kill me, and the demon rebel will be born!"

Su Yu said, "Then, I'll kill the demon rebel as well! !"

Boundless killing intent suddenly erupted!

"Wait! I... I don't want your woman, I don't want you to abolish your cultivation, I only want you to let me off!" Heaven-defying cold star's eyes revealed fear.

How could he not know that if the reverse devil really appeared, the first person to die would not be anyone else, but him!

His will was replaced by the reverse devil, and heaven-defying cold star only had his body left in this world, which was equivalent to death.

The person who was most afraid of being killed by the reverse devil was actually him!

He regretted that he had misjudged Su Yu's determination, that he had misjudged Su Yu's decisiveness, and that he had requested the wrong person.

He thought that Su Yu would be like the other living beings, afraid of the birth of the reverse devil. In the end..

Su Yu's expression was indifferent. "It's Too Late!"

"Su Yu! ! You'll regret it..."heaven-defying cold star let out his last scream before his head was beheaded by a dark silver light.

His soul was also beheaded in an instant.

The head rolled on the ground for a few rounds before landing in front of Su Yu's feet. His face was facing up and his eyes were as big as copper bells. His eyes were filled with a sinister smile.

Invisibly, at the very last moment before his soul was destroyed, he transmitted a vicious curse to Su Yu, "I'll wait for You in hell! Haha, hahahaha..."

"HMPH!"Su Yu's eyes turned cold as he swept his gaze over, completely wiping out the remnants of his soul energy.

At this point, the number one heaven-defying frost star of the divine realm was completely destroyed!

In his entire life, he could be considered a heaven's chosen that was hard to come by in a trillion years. He was far ahead of his peers, and with a body that was less than a hundred years old, he surpassed the myriad ancient eccentrics and stood above the divine realm, becoming the emperor of the divine realm.

It was a pity that he met Su Yu, and from the moment they met, he was trampled under his feet.

Until today, he was completely buried under Su Yu's sword.

In the vast empire, the boundless mountains and rivers were all silent.

They stared at that heaven-defying cold star, as though they were in a dream.

That unexcelled and arrogant emperor had fallen just like that?

Only one person had a gloomy expression, incomparably unsightly.

"Su Yu! You've made a huge mistake!"Fish Emperor flew over and his eyes were filled with reproach.

Su Yu turned his head and calmly shook off the remaining blood on the Dark Silver Longsword, he said, "How can it not be considered a huge mistake? You want me to cripple my cultivation and personally send a woman to his bed? You want me to sacrifice myself to satisfy his request? Only then can it not be considered a huge mistake?"

He had already seen through fish emperor, or rather, the world destruction emperor when he was alive.

He would do anything to achieve his goal!

The Fish Emperor said in a deep voice, “You don’t understand what you’ve done! Demon rebel... We don’t have the strength to fight against Demon Rebel!”

Su Yu’s expression was calm. “I’ve said it before, Demon Rebel, I want to kill you together! !”

His eyes suddenly shot out a sharp killing intent. The Dark Silver Longsword in his hand suddenly shot out and stabbed toward the fish emperor.

The Fish Emperor was caught off guard. he shouted in shock, “Su Yu! You Want to kill me too?”

However, Su Yu looked at him coldly and mercilessly stabbed his shoulder blade.

The fish emperor was both shocked and angry and immediately retreated.

“Go!” Su Yu flicked his fingertip and the Dark Silver Longsword flew out of his palm and stabbed straight at him.

The fish emperor calmed down from his panic. His shoulder slipped and he narrowly avoided the sword.

He was about to scold Su Yu angrily when a low and hoarse voice came from behind him. The voice was extremely strange, like metal rubbing against each other. It was ear-piercing and extremely evil, making people feel extremely uncomfortable.

“Hehe, the Indian silver bamboo sword that I haven’t seen in a long time! Back then, the Devil Sword Emperor also used this sword to stab me.”

That voice actually appeared on the fish emperor’s shoulder blade, right below his ears!

The fish emperor could even hear the breath he exhaled when he spoke, as if the other party was squatting on his shoulder.

When he turned his head to look, the Fish Emperor’s heart suddenly suffocated, and his pupils constricted.

He saw a black shadow-like creature standing behind him. A face was actually leaning on his shoulder without anyone noticing.

It had no eyes, nose, ears, mouth, or cheeks. It was a faceless man!

The one who spoke was his right hand.

A long-fingered monster with fangs growing out of its palm!

And its eyes were in the palm of its right hand!

The black shadow monster stood behind the Fish Emperor. The Faceless Head rested on his shoulder, and its two hands were raised high. One was talking, and the other was seeing.

A dark silver longsword pierced through its neck.

“It’s a pity that the devil sword emperor is no longer around. This sword can’t hurt me.” The faceless one laughed in a hoarse voice.

The Dark Silver Longsword was suddenly shot out by a force and shot back at Su Yu.

Su Yu’s eyes were like lightning. He clenched his five fingers and grabbed the hilt of the sword.

However, a powerful force that made Su Yu frown came from within the hilt.

His arm could not help but transform into the Dragon Claw of the world-destroying dragon. The dragon body in his body surged, and only then did he manage to dissolve the power in the hilt of the sword and hold the silver sword.

The wound on the Faceless Man's throat instantly healed.

"You are the demon rebel?" Su Yu put away the Dark Silver Longsword and quietly clenched his palm, withdrawing the divine blood that dripped from his palm.

His mind was extremely vigilant, comparable to encountering the sea of bitterness giant!

The Faceless One let out an ear-piercing and unpleasant voice, "Of course, I have to thank you for releasing me! Defiant cold star was timid and did not dare to take the final step. It was your sword that killed him and truly stimulated his last trace of defiant will that allowed me to appear in the human world."

The hand with eyes looked around, filled with reminiscence, his eyes were also filled with cruelty. "It's been a long time since I've familiarized myself with the divine realm. After a long time since I've seen an old friend, Haha, Alright, Everyone Must Die, everyone must be destroyed. I'll make sure that not a single blade of grass lives in this divine realm! "I'll make this universe extinguish both the sun and the Moon! "Anyone who stands in my way will die!"!

Everyone's hearts trembled. was that the demon rebel?

The Fish Emperor's expression was extremely ugly.

Only su yu said calmly, "Not a single blade of grass lives? Extinguish both the sun and the Moon? You should first consider whether you can survive! I've said it before, Demon Rebel, let's kill him together!"

His gaze instantly became extremely sharp!

Chapter 1552 Forsaking All Life

"Hahaha! I Am an undying and immortal existence. Even the nine emperors in the past couldn't do anything to me, let alone you!" The eyes in the demon-defying palm laughed mockingly, and the mouth in the right palm curled into a mocking smile.

"I haven't liked this divine realm for too long. This time, it's time to destroy it," the demon-defying palm said sinisterly. A destructive will that could destroy all worlds gushed out from the demon-defying palm and swept towards the nine heavens.

A huge hole was suddenly burned in the nine heavens. It was surprisingly a spatial barrier!

The hole rapidly expanded under the flame of the Reverse Devil's will. That stance was actually going to burn the entire divine realm and destroy everything.

The hearts of the Supreme Pure Cloud Luan and the icefire cang star trembled. The newly born reverse devil already had the power to destroy the world?

They could clearly sense how terrifying the reverse devil's will was.

If they were to sink deep into it, they would be destroyed into nothingness before they could hold on for more than a moment.

The Fish Emperor was anxious and angry as he complained, "Su Yu! It's all because of your stubbornness and your supremacy that the rebel devil appeared! You... you can't escape responsibility even if you die a hundred times!"

Some gods feared Su Yu's divine ability and didn't dare to criticize him in public. However, their eyes were filled with hatred.

"Su Yu, you've provoked the rebel devil and harmed the common people. You have to take responsibility for this!" Icefire cangxing said in a low voice

"Right! He's fine. Why didn't he listen to our advice and insisted on killing the heaven-defying cold star?" A god that couldn't be hidden shouted angrily from the crowd.

"It's all because of you!"

"It's all because of you!"

It was as if it wasn't the rebel devil that was destroying the world, but Su Yu.

Countless voices of crusade converged into a will. Su Yu was the main culprit!

They did not dare to hate the reverse devil, because the will of the reverse devil could destroy them into dust.

But they dared to hate Su Yu, because Su Yu was aboveboard and would not kill the innocent, so they dared to hate him.

Hearing this, Su Yu responded indifferently.

Tai Qing Miaoyu in the Supreme Eastern Emperor Bell said angrily, "Bullsh * t! He is protecting the god domain, and you people, who are under his protection, don't help him. Instead, you blame him for attracting enemies? Don't tell me that the enemies won't appear if you endure it again and again? He comforted himself. How could such a foolish mentality appear in the hearts of many gods? This is simply the biggest joke in the world!"

Tai Qing Miaoyu was extremely unsatisfied, he said angrily, "Think about your recent situation. How did the heaven-defying cold star trample you like livestock? How did you linger on with your last breath? How could you not raise your head in front of him? "He forcefully took over women, killed relatives and friends for fun, and robbed the resources that you had worked so hard to accumulate over the years... you all lived a life of slavery that was worse than animals!"

"Who was it that eradicated this scourge and saved you? Was it you? Or You? Or You? Neither! It was Su Yu!" Tai Qing Miaoyu looked down on them with contempt, even towards icefire cangxing, she was filled with contempt. "What

right do you have to punish him? Just because you are weaklings, should you be able to ask him to be responsible for you?"

Her sharp and sarcastic words left many creatures speechless.

However, she had indeed angered the gods. She angrily rebuked, "Don't talk about anything else! I just want to ask one thing. Was Su Yu the one who provoked the demon rebel?"

"Hehe..." Tai Qing miaoyu laughed in anger. She looked at the pairs of eyes that only dared to be fierce to their own people, but were as cowardly as mutts to their enemies. She felt extremely disgusted.

"What? You have nothing to say? Since you have nothing to say, then senior Su Yu, please give everyone an explanation!" The creature hidden in the crowd said righteously.

"Right! We want an explanation!"

"If Su Yu doesn't give us an explanation, all the people of the divine realm will curse him! He will be a sinner of the Divine Realm Forever!"

Tai Qing Miaoyu was so angry that her entire body trembled. She felt that those amiable faces of the past had become detestable. She sneered and said, "What explanation do you want?"

The people below were silent for a while. Then, an intense voice roared, "Su Yu, kill yourself. Only then can you extinguish the anger of the demon Renegade!"

"Hahaha..." Tai Qing Miaoyu's body trembled. It was unknown whether he was angry or laughing.

Tai Qing Yunhui also felt angry and sad. In the face of a great disaster, the wisdom of the people was often stupid.

Would the devil let them go after killing Su Yu? It was simply too stupid.

Looking at Su Yu who was being attacked by the people, Tai Qing Yunhui wanted to speak up for him. However, when he looked down at the people and saw the hatred in their eyes, Tai Qing Yunhui felt an inexplicable chill and fear in his heart.

His lips moved a few times. In the end, he did not dare to go against the will of all the living beings and speak up for Su Yu.

Only Tai Qing Miaoyu was not afraid of a tiger. He did not know where his courage came from. He faced all the living beings directly and felt both hate and disappointment, his face was extremely cold. "A bunch of fools! You can fend for yourselves! As for you hating him, cursing him, and writing him as a sinner in the history books, so what? Su Yu does not need to care about you stupid living beings."

The Frost Fire Sutra Fantasy and the heaven-defying cold mountain were also stirred up. They were filled with righteous indignation and reprimanded all living beings.

However, what they received was an even stronger rebuttal from all living beings.

The voice that killed Su Yu and appeased the demon rebel's emotions became stronger and stronger.

The demon rebel, who was leisurely watching from the side, had a teasing look in his eyes.

"Hahahaha... you're right! As long as Su Yu dies, my rebellious intent will flow smoothly and I will not destroy the divine realm again! I can guarantee it!"

Hearing this, all the living beings seemed to have grabbed onto their last life-saving straw, and their spirits were greatly shaken.

"Did you hear that? Su Yu, you brat, why aren't you quickly apologizing with your death?"

"Of course, you will be the one to remove the disaster that you have attracted. Commit Suicide!"

"What Are You hesitating for? It's all because of you showing off your might and causing suffering to the common people. Why aren't you committing suicide for this old man right now?"

..

The cries of all living beings reached an unprecedented height.

The strength of that will was close to the Dharma Idol of the eight thousand divine residences behind Su Yu, and it couldn't help but appear.

The divine light on their bodies disappeared, as if they were enduring great pressure for Su Yu. All of them had painful expressions on their faces.

Looking down at all living beings, Su Yu vaguely remembered the scene he saw when he passed by the mermaid tribe not long ago.

The wisdom of all living things was stupid. Only a few people were truly clear-headed.

Su Yu had always acted with a clear conscience. He could not sit by and watch his evil daughter destroy the world. That was why he ran around and could not sit by and watch the heaven-defying cold star unscrupulously trample on the human world. That was why he pulled out his sword.

However, how did he treat all living things, and how did the people treat him?

At this moment, Su Yu suddenly understood why there were so many eccentric people, and why their hearts were as cold as iron.

Could it be that when they were young, they did not have the grand ideal of helping the world and helping all living things?

Perhaps they did, but some of them were abandoned by all living things.

There was no sadness in his heart. Instead, there was a trace of relief, the corner of his mouth revealed a relaxed smile. "Forget it, I am just a sandgull in the world. Naturally, I can not bear the responsibility of saving the world. How Can I alone control the fate of all of You?"

After his soul was released, Su Yu's mind instantly became clear, as if he was being cleansed.

“Who wants you to save me? If you use your death to atone for your crime, that would be the greatest salvation for all life in the world!”

“Bah! You still have the face to smile. Why aren't You Dead Yet?”

Su Yu's left eye gradually suffused with a wine-red luster as he said indifferently, “I've said it before, Demon Rebel, I'll kill you all together! There's no need to use your death to atone for your crime.”

Shua --

Suddenly, the Phantom of a spatial law chain suddenly surrounded the fish emperor.

With a flash of light, the Fish Emperor was instantly teleported in front of Su Yu.

Immediately after, an incomparably blood-red, one million Zhang long giant sword appeared in Su Yu's hand!

Asura sword!

The divine item ranked ninth on the Imperial Dao Sacred Tool, Asura sword!

The fish emperor was shocked and subconsciously dodged.

However, at this moment, he realized that something seemed to be pulling at his back.

Turning his head, he saw a long, rope-like black shadow!

On the other end of the black shadow were the reverse devil's legs.

It turned out that the reverse devil did not have legs. He could only attach himself to some creature through the reverse will.

The Fish Emperor's scalp went numb. He immediately circulated his mysterious divine power in an attempt to cut off the black shadow that was winding around his body and sever the connection with the reverse devil.

However, even the ten-thousand-year-old Indian silver bamboo sword couldn't do anything to him, let alone ordinary divine power?

With a palm strike, the black shadow directly bounced back his divine power. Fish Emperor couldn't do anything to it at all.

“Hehe, be a good boy and become my puppet!” Demon rebel laughed mockingly. He followed the black shadow and quickly rushed toward Fish Emperor, wanting to attach himself to his body again.

However, at this moment, the asura sword that was filled with endless asura aura suddenly slashed down with a destructive force.

Ah --

The demon-defying spirit suddenly let out a miserable cry as its black shadow was neatly cut off by the Shura Sword.

After losing its grip, the demon-defying spirit fell from the sky like a deflated rubber ball. The terrifying rebellious spirit in its entire body rapidly weakened.

The Flames of the demon-defying spirit, which were rapidly burning the sky, also slowly stopped. The sky also began to repair itself.

The disaster that was about to descend was suddenly lifted just like that.

All the living beings were stunned and puzzled.

That powerful demon-defying was... knocked down to the ground just like that?

Demon-defying lay on the ground, and a black shadow stretched out from his legs to connect with an ordinary female cultivator closest to him.

Following the Black Shadow, demon-defying immediately attached himself to its body.

However, a streak of blood-red light flashed and cut the black shadow in half.

Another miserable scream rang out, and demon-defying rolled on the ground in excruciating pain and howled.

However, he was like a drowning monster, constantly casting out black shadows in an attempt to attach himself to some living beings. However, he was cut in half by the Shura sword time and time again.

Finally, all the living beings understood.

The demon rebel needed to attach himself to some living beings in order to unleash his terrifying strength.

If he had nothing to attach himself to, he would be extremely weak.

Wild Joy filled the hearts of all the living beings.

“Hahaha! It turns out that the demon rebel is so easy to deal with!”

“Hehe, yeah, it was really a false alarm. We scared ourselves!”

“Phew! That’s great, we’re saved!”

They rejoiced. They looked harmless, the kindest, most peaceful, and ordinary creatures. It was as if the group of ugly faces that angrily shouted for Su Yu to die to apologize was someone else.

Tai Qing Yun Hui said in shock, “Monarch, what’s going on?”

Tai Qing Yun Luan also felt puzzled. “I’m afraid I’ll have to ask Su Yu!”

The reverse devil failed after several attempts. He raised his palm, and his eyes and mouth were full of resentment. “You dare to ruin my plans? !”

Su Yu stepped on the asura sword and looked at him indifferently. “As expected, although you’re strong, there are limitations.”

The reverse devil was not born out of thin air. It was a product that existed in the human heart, similar to the Inner Devil.

It could not exist independently and could only attach itself to living beings. Otherwise, it would be very weak and would not be able to thrive.

Under normal circumstances, it would be born from the body of the heaven-defying cold star and directly replace its will to hide in its body.

However, Su Yu killed the heaven-defying cold star, which was why it was forced to choose other living beings to possess it.

This was why, as soon as he appeared, he attached himself to the back of the fish emperor.

Back then, the heaven-defying Emperor's will had been occupied by the demon-defying cold star, which was why the demon-defying cold star was so powerful.

The stronger the body he possessed, the more terrifying the power he could unleash.

Fortunately, Su Yu killed the heaven-defying cold star in time and destroyed its will. If he had attached himself to the heaven-defying cold star, he would probably be even more powerful.

Of course, Su Yu was even more fortunate because he had the asura sword, the first sword of the Royal Sacred Weapon!

Without this sword, no divine weapon would be able to cut off its legs, and he could only watch it grow stronger.

Holding the sword, Su Yu came before the gradually weakened demon rebel, who was on the verge of disappearing. He said calmly, "It seems that the curtain will soon fall on your birth. Wait quietly for the next master of the reverse will to appear!"

At that time, who knew how many billions of years would pass.

However, the weakened demon rebel revealed a trace of mockery in his eyes. "I'm afraid I can't let you get what you want. There is still an unexpected expert hiding in the absolute beginning empire!"

'HMM?'' Su Yu frowned, but his reaction was extremely quick. Without saying anything, he slashed down with the asura sword and immediately killed demon rebel.

Demon Rebel was also shocked and said anxiously, "Aren't you going to make a move?"

"Hahaha..."a loud laughter suddenly came from deep underground, "Su Yu Brat! We meet again! I didn't expect that you would come here too!"

Chapter 1553 Explosive Inferno

"It's You!"Su Yu frowned and the killing intent in his palm became even fiercer.

Although he had only heard that hoarse and aged voice once, he would never mistake it.

Eternal night seeking the devil!

Su Yu had never expected that eternal night seeking the devil, who was heavily injured by him, would actually hide in his old lair!

The most dangerous place was the safest place!

Su Yu blamed himself for being too careless.

Eternal Night Qimo was a person who was good at hiding and enduring. He was extremely scheming and cunning. He would definitely find a place that ordinary people did not know about to hide and recuperate.

The old lair and the current absolute beginning empire was obviously the best place.

Even the fish emperor froze for a moment. "You Are... the Retired Emperor of the Eternal Night Empire?"

When he had joined forces with the other two dynasties to break into the eternal night dynasty, he had sensed the disappearance of an extremely powerful aura. After capturing some of the dynasty's members and interrogating them, he found out that it was most likely the retired emperor who had "Died" a long time ago.

The fish emperor was shocked that the other party was hiding under the absolute beginning dynasty. This was something he had never expected.

Just as Su Yu was about to kill Devil Rebel, a mysterious power came from deep underground.

The Asura sword in Su Yu's palm did not listen to his commands and showed signs of leaving Su Yu's control.

The sword that was originally aimed at demon rebel was affected by this and slashed to one side, splitting a hundred-mile crack in the ground.

In the depths of the crack, a ball of misty luster flickered, containing traces of dragon power.

Looking over, it was a group of people hiding deep underground.

The leader was an old man with a green face. He held a dragon pearl in his hand. The Misty Luster and dragon power came from this dragon pearl.

Behind him, there were several figures with wooden expressions.

Su Yu frowned slightly. Among those figures, there was someone he was extremely familiar with.

Eternal Night Nine Suns!

Back then, when he let him off, he thought that he would be free from eternal night seeking Devil's control. He didn't expect that he would still fall into his hands.

His eyes were dull. It was likely that his mind had been manipulated and he had become a puppet.

Presumably, Eternal Night Qiu Yang also did not expect that Su Yu's heaven and earth splitting sword attack had not completely killed Eternal Night Qiu Devil.

However, Su Yu's eyes revealed a slight confusion.

Why would eternal night Qiu Yang return to Eternal Night Dynasty after he had escaped the restraints?

If not for this, he might not have been caught by Eternal Night Qiu Devil who was hiding here.

“Eh? What a powerful sword spirit. It can actually resist my six heart controlling techniques!” Eternal Night Qiumo held the Dragon Pearl in his hand with a surprised look in his eyes.

He was the one who had used this technique just now to affect Su Yu’s sword.

Fortunately, he had escaped the disaster. The reverse devil screamed and rolled into the crack, pouncing on Eternal Night Qiumo.

Eternal Night Qiumo had a faint smile on his face. When his black shadow was about to touch him, he moved a puppet in front of him.

That puppet was none other than Shangguan Feiyu, the former number one general of the dynasty.

The reverse devil attached himself to him and said unwillingly, “If it’s you and me combined, we can definitely destroy this child!”

Eternal Night Qiu mo chuckled, “Although I have the word ‘Qiu Devil’ in My Name, I don’t dare to let the reverse devil subdue me. If you take my intelligence and replace it, I’ll regret it before it’s Too Late!”

While they were talking, suddenly, a sharp and terrifying sword qi shook the void.

Nine dark silver lights scattered across the divine realm.

Eternal Night Qiu Mo’s expression changed, and he said with deep fear, “Let’s leave First! We Can’t stay here for long!”

Reverse Devil also said in shock, “The number one sword technique of devil sword Emperor’s inheritance, Heaven and Earth Sword Array! !”

Shua --

He reacted faster than Eternal Night Qiu Mo and immediately used Eternal Night Nine Yang’s body to fly away.

However, Su Yu’s sword formation was already formed. He couldn’t escape from the sword formation.

He stared coldly at the two of them. Su Yu’s sword formation shook with an even colder aura of destruction.

“Su Yu Brat! I Won’t let you have your way!” Eternal Night Qiu Mo shouted. He pointed his finger deeper into the ground.

Instantly, as if something was triggered, the entire absolute beginning empire started to tremble.

Waves and waves of destructive energy seethed and roared in the depths of the ground, about to erupt.

Su Yu’s expression changed slightly. The eye of insight penetrated through the boundless land, penetrating tens of thousands of miles deep underground. When he saw this, his expression changed greatly.

There were actually thousands of weapons hidden deep underground, and the vast majority of them were what Su Yu was building.

The civilization weapons that Su Yu was building came from the blueprints of the Eternal Night Dynasty!

Suddenly, Su Yu remembered that he had stayed in Shangguan Feiyu's mansion for a period of time. He had accidentally sensed that there was a trace of power that made his heart palpitate.

Wasn't the current location of the civilization weapons under the old mansion of Shangguan Feiyu?

At that time, his cultivation was weak, so he did not know on the spot.

It turned out that a batch of successfully forged civilization weapons was hidden here!

At this point, Su Yu finally understood why Eternal Night Nine Suns would sit back and watch grand master Yuwen seal that batch of precious design drawings in the frozen river.

It was not that Eternal Night Nine Suns was muddleheaded, but that he had already obtained all the civilization weapons, so the design drawings were naturally dispensable.

What Su Yu cared about the most was that among all the weapons of the civilization, there was one that Su Yu had never seen before.

It was a round ball with a diameter of a thousand feet, carved with a mysterious material. It was crystal clear, and its interior flickered with a flickering light.

A trace of a dangerous and unpredictable feeling continued to surge in Su Yu's heart.

Needless to say, Su Yu also knew that the round object was about to self-destruct!

"Hehe, the weapon of the ancient civilization, the third-ranked explosive inferno! Enjoy It!" Eternal night devil laughed heartily, and dense dragon power gushed out of his body, enveloping devil rebel and Eternal Night Nine Suns.

In the next moment, the dragon power dissipated, and their auras vanished into the world.

Divine Dragon shell-shedding technique!

At this moment, the crystal sphere cracked open with a crack, and a wisp of purple-black flames burst out from it.

Su Yu's clairvoyance saw it with his own eyes. The Flames rushed up, and everywhere they passed, the ground turned into scorching hot lava.

In a short moment, the entire imperial capital of the absolute beginning empire would turn into a land of lava.

And this was only a wisp of purple-black flames.

When the crystal ball completely exploded, then..

Perhaps half of the divine realm would be destroyed!

At the very least, not a single blade of grass would grow within the absolute beginning empire.

Unless one reached the third sky of the God realm, it would be difficult for them to escape death.

Su Yu looked at the weak aura that remained in the distance and frowned deeply. The Divine Dragon shell-removing technique was truly a troublesome divine ability.

After retracting the sword array, Su Yu looked down at the panicking beings below. Not only were they ordinary beings, even gods who had yet to reach the third sky of the God realm were also panicking.

When Tai Qing Yun Luan and Icefire Cang Xing sensed that something was wrong, they had already used their immortal's Cave world to take in the people of their dynasty first, and then the other beings.

Tai Qing Yun Hui, Dragon Elephant King, and the others also used their immortal's Cave world to move the living beings.

However, there were as many living beings in the territory of the absolute beginning empire as hairs on an ox. Less than one-tenth of them were moved away.

"Seniors, please save us!" Many creatures below were panicking. The power that was erupting underground made them feel threatened.

Tai Qing Yun Luan and icefire cangxing shook their heads regretfully. "I'm sorry, our cave abode world is full. Everyone, please run for your lives."

With their strength, they probably wouldn't be able to run far before they were killed by the raging flames.

These words were actually giving up on them.

Slowly closing their eyes, Tai Qing Yun Luan and Icefire Cang Xing immediately left this place.

Tai Qing Yun Hui, Dragon Elephant King, and the others also had regretful expressions as they quickly fled. This place was filled with danger to them.

In the blink of an eye, the people from the two empires swiftly retreated.

Only the Fish Emperor and a group of third sky experts were left.

"Monarch, save us!" The living beings below could already sense the terror of the underground fire and shouted in terror.

The Fish Emperor looked down at them indifferently and said, "Unfortunately, the cave abode world has already been filled with your blood essence. Let's Go!"

Taking away their blood essence but leaving them behind.

Cold as iron, extremely cold.

Shua Shua --

The fish emperor and the important officials of the dynasty retreated one after another.

"Fish Emperor! You betrayed us!" Some of the abandoned stage five gods cried out unwillingly.

"I beg you, Fish Emperor, please take me away! I don't want to stay here!" There were also pleas that kept ringing in their ears.

Panic spread, boiling, and fermenting into great despair.

However, out of the blue, someone discovered that all the gods had abandoned them, and only one person was still alive.

It was Su Yu!

"Senior SU, please save us!"

"Yes, we are all people of the divine realm. We are all members of the common people. Do you really have the heart to watch us suffer?"

"That's right. You have helped countless common people in the past. Can you just watch them die and not save them?"

Su Yu remained silent. Tai Qing Miaoyu could not bear to watch. She pursed her lips and her gaze was extremely contemptuous.

"Why can't you bear to do so? Why Can't you just watch him die and not save him? When you asked Su Yu to die to atone for his crimes, how United were you? How selfish and cold were you? Why Can't he just sit back and watch you all die? What does he owe you?"

The Frost Fire Scripture fantasy also frowned deeply. "Senior SU, we know that you have a benevolent heart and a long-lasting reputation. But to show mercy to them is no different from being a farmer and a snake. Senior SU, please ignore them."

Heaven-defying cold mountain's eyes were also filled with contempt. "A group of pitiful and detestable ants."

Their words were no different from taking their lives to those in despair. How could they not be angered?

"Three yellow-haired children, don't spout nonsense! We have always respected senior SU. When did we ask him to die to apologize?" A God roared.

Tai Qing Miaoyu's contempt deepened. He deeply remembered that the first person who asked Su Yu to commit suicide was him!

"Senior SU, please show mercy. We are all your people!"

"If you really don't save us, senior Su, will you be able to live up to your conscience?"

"Yes, if you really don't Save Us, you will definitely become a sinner for all eternity."

Upon hearing this, the heaven-defying cold mountain couldn't help but burst out in anger. was he still threatening them now? There was a limit to bullying people!

Why didn't they dare to tell this to the fish emperor, the Tai Qing Yun Luan, and the Icefire Cang Planet?

This was because they knew clearly that those three existences were all cold existences that had the blood of the common people in their hands. If they dared to threaten them, they would probably die immediately.

Only Su Yu was famous for not killing the innocent and being merciful and Fair.

No matter how he threatened them, Su Yu would never kill them.

That was why they dared to threaten them!

“Senior Su!” Tai Qing Miao Yu and the ice and fire scripture were enraged when they heard this.

Su Yu's expression was calm as he took out two objects.

One was the sky sacred ship, and the other was the doomsday disk that was ten times bigger.

The former could store one world, while the latter could store ten worlds.

Together, they could take away more than 80% of the creatures in the absolute beginning empire.

The appearance of the two objects drew cheers.

“Long live senior Su!”

“Hahaha, we're saved!”

“I'll definitely thank senior su for his kindness.”

The creatures were extremely excited as they gathered towards the two objects.

Seeing this scene, Tai Qing Yun Luan was so angry that she could not speak. She gritted her teeth but did not dare to flare up.

She was not angry at those living beings, but at Su Yu!

Chapter 1554 Pedantic

Why was he so pedantic?

Did he forget how the common people abandoned him and demanded him to die to atone for his crimes?

Did he forget how cold and heartless those people were, like worms that ate Su Yu's blood?

He actually wanted to save such a person?

Tai Qing Miaoyu was extremely disappointed. In her eyes, the Su Yu of the past was a legend that could not be reached. Every word and action made people yearn for him.

However, seeing Su Yu's ridiculous actions with her own eyes, all her yearnings for the past years collapsed in a breath.

However, at this moment, there was a grumbling urge from the common people.

“Quickly open the teleportation door!”

“The crisis in the Earth’s core is coming soon. Senior Su, why are you still closing the door?”

Eh? Tai Qing Miaoyu opened her eyes and found that although Su Yu had taken out two items, he did not open them at all. Instead, he looked indifferently at the many common people, as if he was looking for something.

After a while, Su Yu pointed with his fingertip. Among the masses that surrounded him, 20-30% of them had an eye-catching halo above their heads as if they were some kind of Mark.

“Anyone with a mark can enter. Those who don’t can leave on their own.” Su Yu spoke for the first time, his eyes filled with indifference.

At this moment, he opened the Sky Saint warship and the space teleportation door that was a replica of the World Annihilation Disk.

However, the portal was not open to the outside world. It was controlled from the inside.

Whoever the portal shone on would be sucked into it.

The two objects worked together. Tens of millions of spatial teleportation lights shot out in the endless, densely packed life.

Anyone with a mark on their body would be sucked away immediately.

Those without a mark on their body would not show any signs of being teleported even if the beam of light accidentally swept over them. They would remain in the same principle.

In the blink of an eye, more than hundreds of millions of creatures were teleported into the two objects.

At this time, those without the mark finally panicked.

“Senior Su, why don’t I have the Mark?”

“This isn’t fair! Why does he have it and I don’t?”

“Yes! This isn’t fair! We want to go in too!”

Su Yu looked at them coldly, he said indifferently, “Those with the mark have never asked me to die as an apology. Even if they thought about it in their hearts, as long as they didn’t say it, I gave them the mark. It’s already considered merciful!”

“As for you guys, it’s not that I don’t want to, but I can’t Save You Guys! I don’t want to be saved by a group of people the next time I encounter a disaster and ask to die! !”

The merciless words ruthlessly struck their hearts.

Many people’s expressions changed, but there was still a god who resisted, “I didn’t say it! Why didn’t You Give Me Marks?”

Su Yu glanced at him and casually swiped his hand. A scene appeared in the air. It was a scene of the people asking Su Yu to die as an apology.

There were so many of them that they were like a swarm of ants.

Then, the image was magnified, and one of the people who was screaming at the top of his lungs, demanding that Su Yu die, appeared clearly.

It was the god who was trying to quibble.

The God's face turned pale, and he was speechless.

Su Yu moved the screen and said indifferently, "Who else feels wronged?"

With that image in front of them, who could quibble?

They did not expect Su Yu to record the scene from before. At this moment, it was too late for them to deny it.

"But even so, you can't just stand by and do nothing!" They were still unconvinced and argued.

Su Yu crossed his arms in front of his chest and said, "I didn't stand by and do nothing. I just saved the people who were worth saving. Obviously, you are not worth saving."

While he was speaking, the teleportation beam had already swept across the living beings and sucked in all the creatures that had been marked.

"Alright, that's all I have to say. Take care of yourself." Su Yu spread out his sleeves and put away the sky saint battleship and the doomsday disk. At the same time, he rolled up his sleeves and swept Tai Qing Miaoyu and the other two away.

Finally, they felt a great sense of panic.

"Senior SU, please, please save us!"

"I was wrong. I shouldn't have insulted you and forced you to die. Please spare me this time and save me!"

At this moment, they regretted it.

All the powerful gods in the heavens treated them like ants. Only Su Yu pitied the common people, sympathized with them, and helped them.

But, what did they do?

To those powerful gods who looked down on them, they were humble and submissive. But to Su Yu who respected them, they had no respect at all. In fact, they even righteously asked him to die!

In the end, the only one who pitied them, Su Yu, also abandoned them.

Everything was their own fault. They brought it on themselves!

Su Yu turned his back on the common people. His eyes were calm, and he turned into a breeze and left.

It was enough for him to betray them once.

Soon, the Flames broke through the ground and turned the fish emperor into a sea of fire.

Countless living beings were buried in the flames of regret and pain. They were trapped in the eternal flame hell.

Then, the crystal ball in the depths of the ground completely shattered. Countless Flames shot out from the ground and shot into the sky.

The flames spread in all directions and radiated across the entire absolute beginning empire. In an instant, the absolute beginning empire was turned into lava.

Under the destruction of the lava, the mountains and lands all melted.

Even the mystic crystal mountain range that ran across the southern part of the Empire!

On that day, the world destruction plate had flattened it, but now, it had completely melted into lava.

However, there was a stone tablet beneath the lava. The Flames couldn't do anything to it and extended out of the lava.

A ferocious dragon's head with dark red eyes also extended out of the lava!

The dragon's dark red eyes looked at the clear sky and sighed. "It's been a long time!"

A blood mark appeared on its head. The blood mark was blurry and was about to disappear.

Correspondingly, the heavenly script characters on the stone tablet became brighter and brighter. They were like meteors falling into the sky, emitting the last ray of light.

When the ray of light disappeared, what was waiting was the silent darkness.

"I can finally use a portion of my strength. That ant that stole my law fragment, I'll play with You First!" The Black Horn on the dragon's head suddenly broke and fell to the ground, turning into a black-clothed elder.

His face was long and sharp, and his eyes were sharp and sharp. Two thumb-sized dragon horns were hidden in his black hair.

"Go. Let's see how many more enemies there are in the current divine realm," the dragon said indifferently. His head slowly sank into the depths of the magma.

The sharp-faced elder looked into the distance coldly and muttered, "Law fragments? Hehe, it's time to retrieve them."

At the border between the supreme pure empire and the absolute beginning empire.

The Supreme Pure Cloud Luan, icefire cangxing, and fish emperor gathered here one after another.

They looked at the raging flames in the sky and were shocked.

"The Explosive Inferno! The Eternal Night Empire is really well hidden. If the heaven-defying Gu Yun was still alive, he probably wouldn't dare to lay a finger on the eternal night empire even after he found out!" Icefire cangxing's eyes trembled.

Destroying an empire in just a few breaths, how terrifying was such a great weapon that could destroy everything?

Tai Qing Yun Luan was also extremely shocked. "This thing is definitely not prepared for the heaven-defying Gu Yun, but to deal with some kind of existence!"

She guessed half correctly.

This thing was indeed not prepared for the heaven-defying Gu Yun. Eternal night could kill the heaven-defying Gu Yun without any effort.

He was prepared for the world creation dragon in case one day the world creation dragon broke free and came to seek revenge.

Unfortunately, it did not come in handy.

Until today, when it completely exploded and destroyed the dynasty inherited by his ancestors.

"Wait! Su Yu... Oh, where is senior Su? Why didn't he come back?" After a short period of palpitations, Tai Qing Yun Hui immediately realized that Su Yu did not exist.

The strange thing was that the expressions of Tai Qing Yun Luan and the other two were calm and strange.

They weren't worried about Su Yu's life or death, but were embarrassed by their situation.

If they remembered correctly, Su Yu was still the wanted target of the four great empires.

And the Fish Emperor's behavior just now was too cold-blooded and heartless.

Xiu --

A rapid sonic boom resounded, and Su Yu could be seen flying over on a sea of fire from afar.

The three of them had different expressions. Among them, Tai Qing Yun Luan and Icefire Cang Xing hesitated for a moment before coming forward to welcome him. They bowed and said, "Greetings, senior SU."

They felt extremely awkward calling him senior.

Thinking back to the past, eight years ago, Su Yu was like an insignificant speck of dust in front of them.

After such a long time, they had to address him as senior.

Su Yu accepted it calmly and nodded. "Get up."

At this moment, a beautiful figure walked over and bowed. "I am Tai Qing Yunhui. Greetings, senior SU."

Su Yu glanced at her and nodded with a calm expression. He did not pay too much attention to her.

Tai Qing Yunhui bit her lips and said, “On behalf of the many members of the imperial family of Tai Qing, I would like to express my gratitude to senior SU for killing the evil thief, heaven-defying cold star!”

After that, she bowed.

Su Yu did not stop her and let her finish her kowtow. He ignored her and released Tai Qing Miaoyu and the others. He said, “Since you are safe, you can return to your elders.”

Tai Qing Miaoyu’s eyes immediately turned black and she extended her palm with a smile. “Aren’t you going to give me any rewards before you leave? I heard that senior SU was rich enough to rival a country many years ago and plundered many good treasures.”

Hearing this, Tai Qing Yun Luan was shocked and almost scared to death. She immediately reprimanded, “Impudent!”

There shouldn’t be many people in the world who dared to ask Su Yu for an item.

Someone as powerful as the heaven-defying cold star wanted a woman. What kind of ending was that? But it had just happened.

Who knew that Su Yu laughed at himself. “I was stingy! Since it’s fate that we met, it’s good to give the three of you some things.”

As he spoke, a jade-green light flashed in his palm, and three Indian silver bamboo saplings and two stones with surging Devil Qi appeared.

“These are the two sword techniques that I cultivated back then, and the three saplings that I personally cultivated. Take them.” Su Yu flicked his finger and flew towards the three of them.

Tai Qing exquisite jade grabbed one and wrinkled her nose. “Stingy!”

Tai Qing Yun Luan’s expression changed drastically after just a glance. “The sword technique inherited by the Devil Sword Emperor, the Nine Yang Universe Sword Formation? and the extinct Indian silver bamboo saplings?”

She snatched the item from Tai Qing Miao Yu’s palm and returned it with both hands. “Senior SU, Miao Yu is immoral and incompetent. How can she accept such a great gift? Senior SU, please take it back!”

Upon hearing that it was this item, icefire cangxing was truly shocked. She took it and returned it with both hands.

At this moment, the Taiqing exquisite jade finally realized that what Su Yu had given her was the world-famous inheritance of the Devil Sword Emperor!

She had asked for it casually. How did she know that Su Yu had given her such an important gift? She explained uneasily, “Senior Su, I’m joking. I Can’t take such a valuable thing.”

Su Yu looked at Tai Qing, Yun Luan, and ice fire, Cang Xing indifferently. “Why? Do I need the two of you to agree to my gift to this junior?”

Chapter 1555 You Are Inferior To Her (Third Watch)

Tai Qing Yun Luan hurriedly said, "This junior doesn't dare!"

Icefire Cang Xing also hurriedly explained, for fear of angering Su Yu.

"Then why aren't you returning it to them?" Su Yu stared at the two of them.

Their bodies trembled, and with a bitter smile, they returned it to the two juniors.

Tai Qing Miaoyu didn't dare to accept it. She looked hesitantly at Tai Qing Yun Luan and then at Su Yu. She was both eager and uneasy.

Su Yu looked at her with a comforting gaze. "If Devil Sword Emperor knows that I passed down his sword technique, he won't blame me. The three of you should concentrate on your cultivation and work together with the Indian silver bamboo saplings. I hope that I can see Devil Sword Emperor's inheritance in tens of millions of years'time."

Just like that, Tai Qing Miaoyu's small face disappeared in excitement.

Tai Qing Yun Luan looked at her and then at Tai Qing Yun Hui who couldn't get up. She sighed in her heart.

If nothing went wrong, the successor of the Tai Qing dynasty should be Tai Qing Yun Hui, the current eldest princess.

But now... She had to reconsider.

The Tai Qing exquisite jade that had obtained the inheritance of the Devil Sword Emperor had limitless future achievements!

Moreover, with Su Yu's support, she had to think more.

The Tai Qing exquisite Jade was originally a junior that wasn't outstanding among the juniors. The best result was to muddle along and wait for death.

However, getting to know Su Yu was only to his liking. In just a short day, he reversed his fate.

Sometimes, one had to believe in fate and fortune... The Supreme Pure Yun Luan thought in her heart.

"In that case, the three of you will meet again in the future." Su Yu cupped his fists and said. Then, he looked at the fish emperor, the Supreme Pure Yun Luan, and the Ice Fire Cang Planet.

The three understood and nodded.

After the destruction of the heaven-defying cold planet, they needed to renegotiate how to obtain the blood of the common people.

"Senior Su!" A slightly unwilling gaze shot toward Su Yu.

He turned his head and saw that it was Tai Qing Yun Hui who was still kneeling on the ground.

She was as beautiful as a dream and as cold as a goddess of the snow mountain. Her face was filled with grievance and unwillingness.

"Is There Something Wrong?" Su Yu looked at her and was somewhat puzzled.

Tai Qing Yun Hui looked at Tai Qing Miaoyu who was full of joy, and the unwillingness in her heart became even stronger, she bit her lips and said, "Senior SU, Yun Hui once made a solemn vow. If someone could kill or seriously injure the heaven-defying cold star to avenge my royal sister, Yun Hui would give herself to him. Now that senior SU has killed him, Yun Hui is willing to fulfill her promise and marry senior Su!"

As soon as he said this, everyone's expressions turned strange.

Even the three monarchs had heard about this.

Unexpectedly, Tai Qing, Yun Hui, took the initiative to mention that she was willing to fulfill her promise and marry Su Yu.

The question was, was she willing? Was Su Yu Willing?

Was she worthy of Su Yu?

One was an ordinary heaven's favorite, while the other was an eternal magnate.

The difference between the two was too great.

Su Yu was slightly stunned, but she quickly replied, "I'm sorry, I have no intention to marry."

The answer was not unexpected, but it still made Tai Qing Yun Hui's face turn pale, and she bit her lips tightly.

Just as Su Yu was about to leave, she raised her head, and her eyes were filled with tears of grievance. She said deeply, "Senior SU! May I ask, how am I inferior to the Tai Qing exquisite Jade?"

"The Taiji Yin-yang wings control technique that senior SU wanted was a gift from me, not Tai Qing Miaoyu!"

"I, Tai Qing Yunhui, am the one who respects senior SU, not the ignorant and disrespectful Tai Qing miaoyu!"

"For many years, I, Tai Qing Yunhui, was the one who guarded Senior's body like a jade, not her!"

Her gaze on Tai Qing Miaoyu suddenly turned sharp, she pointed at her and said, "Why should senior su care so much for her, but treat me so coldly? "Is she as beautiful as me? "Or is she more talented than me? "Or is she more intelligent than me? "Why does senior su care so much for her, but not for me?"

This was the extreme unwillingness and resentment in her heart.

Tai Qing Miaoyu clenched her fist. She felt ashamed of her inferiority as she looked directly at Tai Qing Yunhui, who was like a goddess of the snow mountain.

That's right. In terms of looks, she was far inferior to her, and her talent was also inferior to hers. In terms of mental agility, she was also far inferior.

Logically speaking, an expert like senior SU should be more attracted to her martial uncle.

“Senior SU, I. . . I don’t want to have a conflict with my martial uncle. I’ll return these inheritances to you.” Tai Qing Miaoyu had been fighting with the Deva for a long time, and she quickly made her choice and returned the inheritances.

Unfortunately, not only was her action not touched by Tai Qing Yunhui, it was even colder and more disdainful. “Stop putting on an Act!”

“I didn’t!” Tai Qing Miaoyu was stunned, and her eyes were full of tears. She had suffered a great injustice.

“Humph! Martial uncle really didn’t see it. It turns out that the seemingly innocent and romantic you are the most scheming member of the Royal Family!” Tai Qing Yunhui stared at her coldly and said, “You can actually use sweet words to gain senior SU’s favor and trample me under your feet!”

“You got what you wanted. You Got What You Wanted! Are You Satisfied?” Tai Qing Yunhui’s tone was sharp.

At this moment, she was no longer like a fairy who didn’t eat the mortal world, but a jealous and resentful woman.

“I didn’t!” Tai Qing miaoyu felt sad and wronged, and tears kept rolling down her face.

Su Yu sighed and patted her shoulder, which contained traces of soul power to comfort her fluctuating emotions. He said, “I’m sorry to have caused you unnecessary trouble.”

He looked at Tai Qing Yunhui, sized her up, and said leisurely, “Why do you think I have a reason to love you? Are we very familiar with each other?”

Tai Qing Yunhui shook her head. “It’s the first time we meet today, but it’s also the first time senior Su and Tai Qing Miaoyu meet! Why does she get it while I Get Nothing?”

“We just met by chance. I can’t find a reason to love you so much. Is it because you’re Beautiful?” So it’s only natural? Regardless of how I view beauty, Tai Qing Yun Luan is even more beautiful than you. If I love her, it’s also because I love her.”

Tai Qing Yun Luan, who was watching from the side, was stunned. She felt awkward and unnatural.

What made her even more uneasy was that icefire Cang Xing and the fish emperor even threw her a strange gaze, as if asking, is there anything between you and Su Yu?

Tai Qing Yunluan’s face was slightly red, but she was also very helpless.

If it was an ordinary person who dared to say such misleading words, she would have destroyed them with a slap, protecting her pure and innocent image.

But Su Yu, did she dare? Even if she teased her on the spot, she would probably only be able to endure it with a smile.

Tai Qing Yunhui shook her head with a calm expression. "Then what is the reason for your love for Tai Qing Miaoyu? How am I inferior to her?"

In her heart, Tai Qing Miaoyu was just an unremarkable junior. She could always scold her.

But now, she was stepping on her head, which made her very unwilling.

"The reason is very simple..." Su Yu touched Miaoyu's head with a smile.

"Because when the people abandoned me, only she was willing to seek justice for me. Only she was willing to stand by my side and endure the people's disdain. Is this reason enough?"

Tai Qing Yun Luan suddenly understood. No wonder Su Yu loved her, the ice fire scripture fantasy, and the heaven-defying cold mountain so much.

At that time, the three of them had always stood on Su Yu's side.

Tai Qing Miao Yu even mustered up her courage to refute the people.

Presumably, it was this point that moved Su Yu. Otherwise, how could Su Yu be willing to pass down the sword techniques of the Devil Sword Emperor after a simple day of interaction?

Hearing this, Tai Qing Yun Hui suddenly trembled.

This question was like a needle that pierced into the deepest part of her heart.

She clearly remembered what she did when Su Yu was abandoned by all living beings.

She sympathized with Su Yu and also wanted to speak up for Su Yu.

But her action was... silence.

She didn't do anything!

And Tai Qing Miaoyu, a junior who was inferior to her, angrily rebuked all living beings and argued for Su Yu.

She was at a loss for a while before she sat down on the ground dejectedly. Her face was filled with bitterness, self-mockery, and ridicule.

She finally understood that she was not as good as Tai Qing Miaoyu.

That was, sincerity!

"Is there anything else you want to ask?" Su Yu asked indifferently.

Tai Qing Yunhui did not have the courage to look straight into Su Yu's eyes. She bowed her head in shame and said, "It was Yunhui who was bewitched. Please forgive me, senior SU."

Nodding his head, Su Yu and the three emperors arrived at a mountain range in a flash.

The four of them sat opposite each other. Su Yu sat in the middle, looking like the leader.

Su Yu grabbed with one hand, and a storage ring landed in the air. It was the storage ring of the heaven-defying cold star!

The fish emperor flashed and found the Brahma puppet. He heaved a sigh of relief and said, "Fortunately, it's not damaged."

After thinking for a moment, the fish emperor handed the puppet to Su Yu. "It's better for... Senior SU to keep it."

"Senior!" He called out unwillingly.

Great Clarity Cloud Luan and icefire cangxing were delighted when they heard this. Giving this item to Su Yu was more reassuring than giving it to the fish emperor.

However., su Yu shook his head. "Since this item belongs to the fish emperor, it should belong to the fish emperor! "In the face of a great crisis, I believe that no matter who it is given to, they will do their best to make use of it and there shouldn't be any suspicion! "Right now, what we want to discuss is collecting the blood of all living beings."

Tai Qing Yun Luan said, "Senior Su, don't worry. Before this, all of us have already reached an agreement. We will collect the blood essence of all living beings, water the Brahma puppet, and kill the evil daughter. I will pass down the order to gather all living beings in the Tai Qing dynasty and contribute their blood essence."

"I will pass down the order too." Icefire Cang Xing said.

Su Yu nodded in satisfaction. "That's Great."

When it was the fish emperor's turn, he took out several cave abodes with a smile.

Su Yu scanned them and found that they were all the blood of all living beings.

When he recalled the time when the earth fire destroyed the world, he was indifferent to the cries for help from all living beings. A few shreds of light flickered in the depths of Su Yu's eyes.

"Only the heaven-defying empire is left," Su Yu said with a frown.

Tai Qing Yun Luan said, "Senior Su, don't worry. The living beings in the heaven-defying empire are also suffering from the heaven-defying cold star. All the living beings in the heaven-defying empire would be grateful if you could kill him. If it were you who gave the order, I believe it would be very easy."

Is that so? Su Yu nodded slightly. With a wave of his sleeve, the Yong Ye siblings, Luo xueyi, and the tree God flew out.

Following that, Su Yu used his will to write a summoning book in the air and handed it to the three of them. "I'll have to trouble you to make a trip to the heaven-defying empire. Make sufficient preparations for the spatial storage device."

They had long known about this matter and immediately accepted the order and left.

"We'll just wait for the full moon sect master and the three of them to bring back the remaining blood of the common people." Su Yu said expectantly.

Tai Qing Yun Luan's face was filled with joy as she let out a long breath. "This matter is finally settled! The only pity is that we let the reverse devil and Eternal Night Beg the Devil escape today! Those two creatures are ultimately a disaster."

Ice Fire Cang Xing's eyes revealed deep fear. He still had lingering fear from the scene when the reverse devil destroyed the world.

The oppressive aura that Eternal Night Beg the devil emitted also made him feel deeply uneasy.

The Fish Emperor's brows were deeply furrowed as he let out a long sigh. "It's such a pity that our efforts were in vain. If it wasn't for eternal night seeking the devil, the reverse devil wouldn't have become such a big trouble. If we let him go now, there would be endless trouble in the future!"

His words were still faintly blaming Su Yu.

However, at this moment, a long laugh suddenly came from the void. "The heavens can do even more evil, but one can not live with their own sins. Everyone, who knows that eternal night seeking the devil isn't digging his own grave?"

"Who is it?" Tai Qing Yun Luan, Ice Fire Cang Xing, and fish emperor shouted together.

Chapter 1556 Thief Repaying Kindness (Fourth Watch)

The Fish Emperor's eyes were sharp, and his gaze suddenly turned sharp. He grabbed at the air to the side. "Sneaky! Come out!"

However, this grab missed, and the Fish Emperor's eyes revealed some surprise. "This is... Space Law?"

The Pure Cloud Luan's phoenix eyes narrowed, and she also tried to attack, but she clearly locked onto the other party. When she attacked, the other party disappeared without a trace.

It was the same for the icefire Cang Planet. It was as if the other party could change positions in space at will, making it hard for people to figure out.

Only Su Yu casually pointed to a spot thirty feet away from him. A figure hiding in the Void suddenly appeared out of nowhere and staggered a few steps in a sorry state.

He was not angry. Instead, he laughed. "You're still the best. I was caught by you again."

Everyone fixed their eyes on him. He was a rat-headed man.

After he appeared, he swaggered and sat down, completely disregarding everyone present.

The Fish Emperor's eyes turned cold. "How dare you!"

He immediately attacked, sending out a mysterious palm strike across the air.

The rat-headed man chuckled and allowed the palm strike to come at him. In the end, the palm strike that should have been aimed at him suddenly disappeared, as if it was swallowed up by an invisible spatial crack.

Then, three inches behind the fish emperor, his missing palm suddenly appeared and struck the fish emperor's back.

The Fish Emperor's body was special. After being injured, it had no effect on its original body. It didn't even feel the slightest pain.

However, it angered the fish emperor.

“You’re courting death!”The Fish Emperor suddenly stood up, his aura extremely sharp.

“Hehe, who’s Afraid of You?”The rat-headed man sneered, not afraid at all.

Su Yu said lightly, “The two of you, this is not a place to quarrel.”

Only then did the two of them quieten down.

During this time, Tai Qing Miaoyu had been sizing up the rat-headed man. Her brows were tightly knitted, as if she was thinking about something. After a long while, she thought of something and suddenly said, “You’re the number one thief in the world, half a month?”

Ice Fire Cang Xing’s eyes revealed surprise as he sized up the rat-headed man, she said in surprise, “I’ve only heard of his name, but I’ve never seen him before. It is said that he is the descendant of the Heavenly Dominator. There is nothing in the world that can’t be stolen. It is said that he once snuck into defiant Gu Yun’s side and stole his personal magical treasure. He angered defiant Gu Yun and chased him for ten years, but he failed to kill him and became a legend.”

“Hahaha...”Half Moon looked up at the sky and laughed. “Listen to his bragging? Chased him for ten years? He was obviously trapped by me for ten years and couldn’t get out. How dare he boast that he chased me for ten years!”

What? Trapped heaven-defying Gu Yun for ten years? Everyone was shocked.

Only Su Yu was not surprised. If he was really proficient in spatial laws, coupled with some special terrain, arrays, and so on, it might not be impossible to trap heaven-defying Gu Yun for ten years.

“You came to look for me. Could it be that you’re still thinking about the supreme one Eastern Emperor Bell?”Su Yu asked.

Half Moon chuckled. “That would have to wait until I have the life to escape from your hands.”

Su Yu smiled but did not say anything. “Then why are you here?”

Half Moon said mysteriously, “To give everyone a big gift!”

The fish emperor scoffed. “What big gift can you give?”

The Supreme Pure Cloud Luan and the Icefire Blue Planet did not say anything, but they did not really care.

With their horizons, with the current situation of the divine realm, they were not as interested as they were in the past even if it was a Royal Dao sacred artifact ranked within the twentieth.

“Hehe, you’ll know once you take a look!”Half Moon smiled as he took out a small black pouch. The pouch was formed by the items inside, and it looked very heavy.

He threw the black pouch in front of su yu and laughed, “The item has already been delivered. I’ve repaid the favor of saving your life!”

Outside the royal capital, it was Su Yu who pleaded for mercy. Half Moon had only managed to survive one life.

Su Yu smiled and let him leave. He did not expect that half a month would specially return the favor despite his benevolence.

Although Su Yu did not think that he could give him anything of value, his character of returning favors was still in line with Su Yu's wishes.

"No matter what it is, it is finally worth saving." Su Yu muttered to himself and poured out the item from the black bag.

Crack --

In the end, a blurry ball rolled out.

It emitted a very strange light and power.

Tai Qing Yun Luan, icefire cangxing, and fish emperor were somewhat surprised as they said, "Eh? Isn't this the ball in Eternal Night's devil seeking palm? What's This?"

Tai Qing Yun Luan wanted to touch it out of curiosity.

"Don't touch it!" Su Yu berated, startling Tai Qing Yun Luan to immediately withdraw her hand. She was at a loss.

When she looked at Su Yu's expression, Tai Qing Yun Luan was even more confused.

At this moment, Su Yu's expression was extremely interesting. There was shock, excitement, and excitement.

Then, he could not help but laugh at the sky. "Hahaha, what a great gift! ! Eternal night seeking devil, you wouldn't have thought of it even in your dreams, right?"

This crystal ball was not something else. It was the creation Dragon's Dragon Pearl! ! !

Half a month had used some unknown method to steal the precious treasure that he thought was his life right under Eternal Night's eyes! !

Thinking back to half a month ago, he had stolen the supreme eastern emperor bell from Su Yu's sleeve without anyone knowing, su Yu found it unbelievable. "I've underestimated the bloodline of the Supreme Overlord. Such a weak cultivation, but his stealing ability is so terrifying!"

It could be imagined that eternal night would definitely hide the dragon pearl in the most hidden and safest place on his body. However, it was still unable to escape the eyes of the Supreme Heavenly Mouse.

Just this point alone, the title of the number one thief in the divine realm was worthy of its name.

Tai Qing Yun Luan asked curiously, "Is this pearl very important to eternal night?"

Su Yu's expression still had a difficult to understand smile. "It's more than important. It can be said that it's his entire life!"

Suddenly, Su Yu thought of the laughter from half a month ago, and he couldn't help but smile with pity. "I'm afraid that we'll have to say goodbye to Eternal Night! We really brought this upon ourselves!"

--

At the end of the endless mountain range.

Eternal Night Devil appeared on the top of the deserted mountain.

At the same time, the reverse devil that was attached to Shangguan Feiyu also appeared.

“If you agree to let us merge, then what does that Su creature count for? I can destroy it with a thought!”The reverse devil said unjustly.

Eternal Night Beg smiled with his hands behind his back. “And then you’ll take over my consciousness? I’m not that stupid!”

“Then why did you save me?”Demon Rebel’s eyes flashed with a hint of wariness.

Eternal Night Beg smiled faintly. “I saved you for a purpose, of course. Don’t tell me you think that I’ll take the risk of being kind to a vicious creature?”

As soon as he finished speaking, Eternal Night Beg suddenly attacked and sucked eternal night nine Yang over.

A tentacle quietly extended to the back of Eternal Night Jiuyang and was exposed.

It turned out that while they were talking, reverse devil actually tried to attach himself to eternal night Jiuyang’s body.

Shangguan Feiyu’s cultivation was far inferior to eternal night Jiuyang’s, so reverse devil couldn’t burst out with powerful strength.

But he was seen through by the cunning Eternal Night Qiumo!

“Humph, reverse devil, ah, reverse devil, you fell into my hands, do you want to turn over a new leaf? Obediently become my spiritual pet!”Eternal Night Qiumo’s expression changed and he sneered several times.

Demon rebel laughed and said, “You want me to become your spiritual pet? Hahaha, Dream On! Even if this attached body can’t do it, you may not be qualified to subdue me!”

After saying that, he turned around and fled.

With the intention to turn over a new leaf, demon rebel retreated in a shocking manner. He seemed to be able to escape in the blink of an eye.

Eternal Night Beg Devil said sarcastically, “You don’t think that I will really give you a body to attach to because I am so stupid, do you?”

What? The demon’s heart suddenly thumped.

Before it could react, Shangguan Feiyu’s body suddenly exploded from the inside out, and his body and soul were destroyed!

The demon that had just been attached lost its body in the blink of an eye and turned into a weak black shadow. It struggled on the ground and quickly became weak.

Eternal Night Qiu flew over, his face was full of joy. "I wanted to hide under the empire to recuperate, but I didn't expect to send the demon that I've never seen before! The most precious thing is that it's still in a weak state! I really have to thank Su Yu, Hahaha..."

At this moment, the demon rebel suddenly stretched out its legs and tried to entangle him.

However, when the tentacles reached three inches above his body, they were rebounded by a strong dragon power.

Eternal Night Beg Devil laughed coldly. "You still want to rely on me? HMPH HMPH, be a good girl and be my spiritual pet!"

Ha --

With a light breath, Eternal Night Beg Devil released a portion of the dragon power stored in his body and condensed it into a shackle, binding the demon rebel within.

Devil Defiance tried to break through the dragon power shackle, but strangely, he couldn't.

"Hehe, this is the creation dragon power of the creation dragon, not ordinary dragon power. Although I can only mobilize one-thousandth of it, it's enough to suppress you for eternity. As long as the Dragon Pearl is still in my hands, I'm not afraid that you won't yield!" Eternal night begged devil laughed loudly.

Devil Defiance Stared at eternal night begged Devil with resentment. He slowly closed his eyes, waiting for a chance to escape.

On the other side.

A sharp howl suddenly came from the galaxy divine territory that had been silent for a long time.

"Hahaha! The nine God body is finally complete!"

A wild laughter shook the galaxy and the four realms.

At the same time, nine savage and fierce auras shook space and time.

"Su Yu! You Didn't expect this, right? My ancient Taixu Life Shouldn't end! Just you wait!"

One month later.

The full moon cult master and the three people who had gone to the heaven-defying empire returned one after another, bringing back the blood of all living beings.

The blood of all living beings filled up the hundreds of cave abodes.

The fish emperor was overjoyed and took out the Brahma puppet that had been soaked for one month.

The blood of all living beings from the absolute beginning empire had been poured into the Brahma puppet.

The surface of its body changed slightly, and a will appeared.

This will was almost tangible, and it contained great destructive power.

In the past, the Brahma puppet was only equivalent to the battle strength of a second sky god.

However, at this moment, it seemed to have the qualifications to fight against a first sky god.

And this was only the beginning.

Looking at the one hundred extra blood pools in the cave abode world, the Fish Emperor's eyes were filled with anticipation and excitement. "After absorbing the blood of all living beings, it will be the end of the vile daughter!"

The full moon sect master stared at the fish emperor and frowned deeply. His instincts told him that the fish emperor was extremely dangerous.

"Where's Su Yu?" He surveyed his surroundings, but there was no trace of Su Yu.

Tai Qing Yun Luan's gaze turned to a mountain in the distance. "Cultivating in seclusion at the bottom of the mountain has already been a whole month."

As soon as she finished speaking, the mountain suddenly cracked open. Multicolored light flourished within the crack, and a spinning snow-white figure emerged from the bottom of the mountain, exuding a peerless sharpness.

The fish emperor's expression froze, and his eyes revealed a look of disbelief. "In just a short month, you've actually cultivated the world annihilation disc control technique to the extreme? Should I be happy, or should I be worried?"

As he finished speaking, a strange light flickered in the Fish Emperor's eyes.

Chapter 1557 Evil Attack (5th Watch)

Immediately after, dense yin and yang qi gushed out from the collapsed mountain.

The two Qi alternated and gathered into a yin and yang chaotic land, which restored the collapsed mountain back to its original state.

"The yin and yang are so chaotic that it can reverse time and space?" Tai Qing Yun Luan was most familiar with the yin and yang qi. When she saw this scene, she couldn't help but exclaim in shock, "What divine art is he cultivating?"

The full moon sect master's pupils contracted as he said in a serious tone, "It's the minor completion of the 'innate yin-yang style', 'disorder of yin and yang'!"

At first, Su Yu had only learned the superficial part, but now he had truly grasped the minor completion.

All of a sudden, a young man with a crown on his head walked out from the restored mountain.

What was unbelievable was that he directly passed through the mountain, as if his body was nothingness.

But if one looked carefully, they would discover that he was clearly a physical entity!

The full moon cult master's eyes revealed shock. "It really is the 'Yin-yang Rebellion'. It can transform between yin and yang at any time, and even temporarily affect the flow of time and space! But in just a few short years, how could he comprehend to such a degree?"

Su Yu jumped out and said, "Everyone is here. is everything ready?"

Everyone nodded.

"All we have to do is wait for the Brahma puppet to be fully watered before we charge into the ancient tomb!" Fish Emperor was full of confidence.

"Senior SU, senior Su, you have come out of seclusion." Tai Qing exquisite jade ran over in a lively manner, she presented several invitations with a smile, "Now in the divine realm, the living beings of the lost countries have gathered and are preparing to meet in our Tai Qing dynasty. Currently, there are several conventions being held in the dynasty, such as sparring competitions and auctions. Many of the organizers of the conventions want to invite senior SU to support them. Yes, this is the invitation."

Su Yu took a look and shook his head with a smile, "I don't have time to accept the invitation, so I can only apologize."

The full moon sect master said, "You can decline the invitation to the ordinary meeting, but it's best for you to participate in the sparring meeting. Of course, you'll be a VIP to watch the battle."

In a moment of thought, Su Yu understood the full moon sect master's intentions.

With the arrival of the great battle, People's hearts were uneasy, and they urgently needed to inspire the courage of all living beings.

The more experts there were, the more determined they were to fight.

It couldn't be more reasonable to hold a grand sparring session.

And if Su Yu was willing to oversee it, then the impact of the sparring session would definitely increase by several times.

After pondering for a moment, Su Yu nodded. "Alright, I'll participate. The three country emperors, if there's nothing else, you can come along too."

Tai Qing Yun Luan and Icefire Cang planet were naturally willing, while the fish emperor declined. He still needed to personally water the Brahma puppet.

"Alright, I'll go back and prepare first. I'll definitely be there." As the host, Tai Qing Yun Luan naturally needed to prepare meticulously.

Icefire cangxing thought for a moment and said, "Junior also needs to return to the imperial family. There are still some inheritance inscriptions left behind by our ancestors that need to be handled by me personally."

Su Yu nodded. The inheritance of a dynasty was ultimately huge, and it indeed needed to be handled seriously.

After bidding farewell to Su Yu, they arrived at the imperial palace in three days.

Looking at the empty imperial palace, the heart of the icefire planet was empty. It sighed, "I wonder how many people will survive this calamity."

Sighing, the icefire planet teleported into the forbidden area of the imperial palace.

This forbidden area had been passed down since the era of the Heaven and Earth emperors. After billions of years, it was still in operation.

Although the restrictions had lost 99% of their power, no one was able to break in.

Even Su Yu and Icefire Cang Planet believed that it was impossible for him to force his way in.

Opening the restrictions, he entered the forbidden area.

This place was called the sacred palace carved on the wall.

Many of the inheritances left behind by the icefire emperor were carved on the stone wall.

For many years, only the emperors of dynasties had the right to enter.

Anyone who entered would be sentenced to death. No matter who it was, even if it was the prince who was about to succeed.

However, when the Azure Fire Planet entered, it was shocked to find that there was a black-robed old man standing in front of the stone wall.

His back was facing the Azure fire planet as he leisurely sized up the stone wall.

At this moment, he didn't even turn his head as he said leisurely, "I didn't expect that the child of ice and fire would also have an inheritance left behind. Unfortunately, the descendants are useless and didn't inherit his inheritance."

"Who are you? How did you get in?"Icefire Cangxing angrily rebuked

For some reason, Icefire Cangxing looked at the other party's back and felt a hair-raising sense of panic.

The old man turned his head, revealing an old face and a black dragon horn that was faintly discernible on his head.

He said indifferently, "If your ancestor was still alive, he would have addressed me as... World Destroying Dragon!"

"Impossible! The seal hasn't been removed yet, how could you appear in the outside world?"Icefire cangxing's heart trembled violently.

The old man said, "Of course, I have to thank that civilization weapon for destroying part of the seal again. I can at least display a bit of my strength. What you saw was just a part of my true body's incarnation."

The seal was destroyed? Icefire cangxing's heart pounded wildly. So, it was very likely that the evil daughter was born earlier than expected?

No! He had to inform Su Yu and the others as soon as possible!

If he did not know about this and waited until the evil daughter was born before barging into the ancient tomb, then everything would be over!

Shua --

Without thinking, Icefire Cangxing turned around and fled. He did not even care about the ice and fire imperial family's many years of wall carving inheritance.

The black-robed old man had his hands behind his back. He had no intention of chasing after them.

However, behind Icefire Cangxing, an extremely powerful young man walked out from the shadows. His facial features were ordinary and somewhat similar to humans.

However, there was also a pair of dragon horns on his head!

"There's another incarnation?" Icefire Cangxing asked in surprise.

The one who answered him was the young man's indifferent punch.

Icefire Cangxing didn't dare to be the slightest bit negligent. He circulated his full strength and said, "Endless ice and fire!"

Ice and fire gathered in his palm and converged into an extremely powerful destructive power.

The two fists collided across space. The result was that Icefire Cangxing opened his mouth and spat out a mouthful of divine blood. His body was penetrated by the fist force. The body of a second sky god was shattered on the spot, leaving only his soul.

His body was shattered by a single punch? Icefire Cangxing couldn't believe it.

However, his reaction was extremely fast. The instant his soul left his shell, he immediately escaped through the secret chamber.

However, before he could even take a few steps, another terrifying fist force appeared behind him.

Icefire Cangxing's soul was shattered in an instant.

With the pain of his soul being shattered into pieces, Icefire Cangxing used the last bit of his will to send out the last soul message in his life.

"Su Yu, be careful!"

Then, his soul was destroyed, and he died in the human world.

After the youth killed him, he walked to the old man expressionlessly and transformed into a strand of black hair that floated back to the old man's head.

The youth who had killed a second sky god with one punch was actually the old man's incarnation!

The incarnation of the Incarnation!

"After so many years, their descendants are getting weaker and weaker. They can't even compare to a strand of hair from their original incarnation." The old man closed his eyes and shook his head.

Shua --

His figure disappeared from where he was and looked at the restriction as if nothing had happened.

In the next moment, he appeared at the border of the Eternal Night Dynasty. He clenched his fist across the air and a fluorescent light flew into his palm.

This object was a message sent by the last bit of soul power of the icefire Cang Planet.

In an instant, it flew out of ten billion square meters.

However, the old man caught up to it within a breath's time.

He glanced at the fluorescent light, but the old man did not put it out. Instead, he let it go and let it fly toward Su Yu.

He looked at the direction of the fluorescent light with his old eyes and murmured, "So it's in that direction."

..

A few days later.

In the imperial capital of the Taiqing dynasty, when the great catastrophe was coming, this place was bustling with a liveliness that had never been seen before in the era of the Emperor of Heaven and earth.

All Kinds of creatures gathered in the Taiqing dynasty, and many powerhouses came to the imperial capital because of their fame.

And the news of the number one person in the divine realm, Su Yu, coming to the imperial capital in person blew up the imperial capital, filling it with people.

On the streets and on the ground, people were already crowded. As they walked, they were almost pushed by the crowd.

And the sky was also filled with floating martial artists.

It blotted out the sky and covered the sun, enveloping the earth in pitch-black darkness. Those who did not know would think that it was the middle of the night.

The Taiqing dynasty had already mobilized all their forces, such as restricting the number of people entering the city, and guiding the crowd so that they could line up in an orderly manner.

However, their enthusiasm was not something that a single dynasty could block. There were several incidents of forced entry at the city gate. The guards guarding the city gate were rushed into the sea of people in the city and were never able to squeeze back.

All of this came from an explosive piece of news that nearly drove them crazy.

Su Yu had personally come!

They were so enthusiastic because they wanted to personally witness this unparalleled king, this legendary cultivator.

Even if they could see his true appearance, this trip would not be in vain.

Such a fanatical scene was something that no one had expected.

“Hu... hu...”at the entrance of the sparring arena, the full moon cult master rushed in breathlessly, his entire body exhausted.

“Eh, sect leader, did you come back from a fight?”At the entrance, Tai Qing Miaoyu was munching on an apple and said with a faint smile.

The full moon sect leader’s expression was unnatural. He turned around and looked at the surging sea of people with lingering fear.

This was too crazy!

They only wanted to take a look at Su Yu!

As the instigator who suggested that Su Yu personally come, the full moon sect leader never thought that Su Yu’s position in the hearts of the creatures of the divine realm would be so lofty!

On the rostrum, Tai Qing Yun Luan’s face was filled with worry and she couldn’t help but smile bitterly.

The imperial capital had already gone out of control and was no longer under the control of the Tai Qing dynasty.

She looked at Su Yu beside her, who was resting with his eyes closed, and couldn’t help but say, “Senior SU, the sparring is about to begin. Can I trouble you to say a few words and ask everyone to make way? In any case, let those participants enter first?”

She looked outside the entrance. A bunch of participants were blocked outside the door. All of them were squeezed so tightly that their faces and ears were red. They were sandwiched in the Sea of people and were about to turn into meat pies.

However, there were too many people. They could only stare at the entrance and couldn’t enter at all.

Su Yu opened her eyes just now and looked around at the empty arena. She felt a little helpless. “Alright, don’t squeeze anymore.”

Unexpectedly, the crowd that was almost crazy immediately quieted down.

Only then did the participating crowd squeeze in breathlessly.

There were more than a hundred of them. They were all the strongest experts of the current era and were basically all powerful gods at the third sky.

However, even so, they were also squeezed until they were out of breath.

Tai Qing Yun Luan looked at the sky and said, “The auspicious time has arrived. Everyone, take a short break and prepare to spar.”

“Hehe, such a lively scene, how can I not be part of it?”An indifferent chuckle was heard.

A series of miserable cries could be heard. The crowd blocking the entrance was actually split apart.

Looking back, it was a group of mysterious black-robed young men. Under the lead of an old man, they leisurely entered the arena.

Wherever the old man passed, those who blocked the way were inexplicably pushed aside, regardless of their cultivation.

This overbearing entrance had indeed angered a group of people.

However, the strange thing was that anyone who wanted to take revenge wouldn't be able to get even the slightest bit closer to them!

At this moment, a soul fluorescent light floated towards Su Yu.

Su Yu frowned and grabbed the soul fluorescent light in his palm.

A cry from the soul level resounded in his ears.

“Su Yu, be careful!”

‘HMM?’ Su Yu suddenly stood up, his gaze solemn.

Following which, his chest suddenly thumped, and his expression changed slightly. He suddenly looked at the black-robed old man and narrowed his eyes.

Chapter 1558 Invincible

Taiqing Yun luan frowned and scolded, “Who are you? How dare you barge into our Taiqing dynasty's competition!”

The old man chuckled, “Taiqing dynasty? The descendants of the Taiqing emperor... Hehe, each generation is worse than the last. Among his descendants, not even a first sky god was born.”

“Impudent!” Tai Qing Yun Luan's pretty face was slightly cold. She slammed her palm on the table beside her. “Intruding on the venue of our Tai Qing dynasty and insulting our dynasty. How Outrageous!”

“Men, Chase them out!” Tai Qing Yun Luan ordered.

The guards in the venue quickly rushed over. Their weapons were sharp.

“Wait,” Su Yu said.

Tai Qing Yun Luan immediately signaled the guards to be quiet. She cast a puzzled look at Su Yu. The old man in front of her and the group of mysterious young men he brought obviously came with ill intentions.

Su Yu slowly sat down and sized up the old man. He said, “The martial arts competition of the world welcomes experts from all sides. Shouldn't you first report your origins?”

The old man laughed. “I come from a reclusive family and am a descendant of the Dragon Clan. These young men are all my clansmen. I heard that the heroes of the world are gathered together. We also came to join in the fun and see how many experts there are in the current world.”

Reclusive family? Many creatures began to ponder.

Back then, when the divine realm rammed into the lost country, there were indeed many divine realm families that hid in the vast black forest and never bothered with the affairs of the world.

However, this was the first time he had heard of a descendant of the Dragon Clan.

In the depths of Su Yu's eyes, a wisp of pale light flashed as he swept his gaze over the old man and the group of young men.

Under the eye of the soul, their souls were different from each other. No one could tell what was different.

However, he was extremely wary of the palpitation that came from Su Yu's chest just now.

When this old man appeared, the fragment of the World Destruction Dragon's Law chain had a strange movement. This was definitely not a coincidence.

What was even more coincidental was that the Blue Planet of ice and fire used the soul fluorescence to send a message.

There was only one sentence, one warning.

The soul fluorescence appeared. There was only one possibility, and that was the destruction of the soul.

If nothing unexpected happened, the Azure Fire Planet would have already perished, and so would the soul.

In this world, there were only two people who could make the soul of the Azure Fire Planet unable to escape.

One was Su Yu, and the other was eternal night seeking devil.

Eternal night seeking devil might not be able to take care of himself. In that case, there was only one person who could be killed.

The mysterious old man in front of him!

"A descendant of the Dragon Race?" Su Yu's eyes were filled with a profound light. He could vaguely confirm that the other party was extremely related to the world destruction dragon.

Thinking back to the past, the world destruction dragon had once used a reverse scale to transform into a young man to chase after him. Su Yu was even more certain in his heart.

However, compared to that young man, the old man before him was a hundred times more terrifying. He was definitely not transformed from a mere scale!

"Why? You Don't welcome us? Or are you all a bunch of mobs now? Do you think you have the qualifications to go against the ancient tomb with just this?" The old man looked around and sneered.

His words were very successful in arousing the emotions of the spectators and participants.

Su Yu pondered slightly. If he did not agree to their participation, he would be showing weakness. This sparring match would lose the meaning of inspiring the courage of all living beings.

If he agreed, they would not come with good intentions!

After pondering for a moment, Su Yu nodded slowly. "Of course, we welcome you! Please!"

“Hehe, you know your place.”The old man chuckled and walked to the rostrum on his own to occupy a seat.

That seat was originally reserved for the icefire Cang Planet.

Tai Qing Yun Luan’s beautiful brows stood up. “Who allowed you to ascend the rostrum? You are not qualified to sit in this seat!”

The elder said indifferently, “To be precise, you don’t have the right to sit on the same stage as me.”

Seeing that Tai Qing Yun Luan was in a dispute again, Su Yu secretly patted her arm, indicating for her to be quiet.

Tai Qing Yun Luan glanced at Su Yu from the corner of her eyes. The depths of her beautiful eyes were full of anger.

She didn’t understand why Su Yu tolerated this person time and time again.

Was there a need to be afraid of a mere reclusive family?

The old man’s unbridled actions also caused public anger.

“He’s actually so arrogant in front of senior SU. Does he still think highly of the orthodoxy of the Divine Realm?”

“Senior Su, you’re really too much. Are the descendants of the Dragon Race so great? Why are you letting them off so easily?”

“What’s wrong with senior Su? Why are you accommodating the other party?”

Puzzling questions and dissatisfied complaints filled the hearts of the people.

They were extremely puzzled as to why someone as powerful as Su Yu would tolerate a small reclusive family.

However, they didn’t know that if Su Yu didn’t choose to tolerate, the consequences would be hard to predict.

“Let’s begin,”Su Yu said.

Tai Qing Yun Luan felt indignant in her heart and sneered. “Alright, why don’t you let us see what kind of decent juniors you, a small reclusive family, have nurtured!”

“Yun Hui, Make Your Move!”

After experiencing setbacks, Tai Qing Yun Hui washed away her former cold arrogance and her temperament became a little more steady. She immediately jumped onto the arena.

“She is the most outstanding junior among the younger generation of our Tai Qing dynasty. Let Her try your superior moves!”

The old man did not choose seriously but casually pointed at one of the young men. In terms of aura, he was the weakest one and said, “You go. If there is no winner within ten moves, you don’t have to come back.”

The black-clothed young man cupped his fists and nodded. He jumped onto the stage like a cold cheetah, staring at Tai Qing Yun Hui.

Win within ten moves? Everyone could not help but laugh angrily.

Who Was Tai Qing Yun Hui? One of the three most outstanding heroes of the generation.

Ever since the heaven-defying fiend died, he had become the leader of the three heroes.

From the cultivation base of the black-clothed young man, he should also be a stage three God. To think that he would be able to win within ten moves was a fantasy.

“Hehe, how arrogant!”

“Fairy Yun Hui, send him away within ten moves!”

“That’s right. Let those ignorant boors experience the talents and spirits of our divine domain!”

Tai Qing Yun Hui’s mind was undistracted as she focused on attacking.

The moment she attacked, she used the Yunyang Taiji wings. Her figure fluttered as she appeared behind the black-clothed young man like a ghost. Then, she struck out with lightning speed.

It was as if the black-clothed young man had eyes on his back. Without thinking, he slapped his palm behind his back.

When Taiqing Yunhui’s attack failed, she immediately used the Yunyang Taiji wings and changed the angle of her attack.

After several breaths, she changed several times. Her afterimages overlapped with each other, making people gasp in admiration.

Taiqing Yunluan’s beautiful eyes revealed a smile of approval. “After experiencing setbacks, she has settled down a lot in the past two months. She is proficient with the Yunyang Taiji wings and is approaching the great success stage.”

However, Su Yu’s expression was slightly solemn as he said, “This is already the ninth round, right? It all depends on whether she can endure through the last round.”

“Endure through?” Tai Qing Yun Luan Sighed. “Senior SU has underestimated Yun Hui. From the current situation, she has always been in the upper hand.”

Su Yu shook his head. “The other party’s footsteps have never moved, and Yun Hui has continuously attacked nine times, yet she hasn’t even touched his sleeve. How can she have the upper hand?”

Just as Su Yu finished speaking, the situation in the arena instantly changed.

“It’s time to end this,” the black-clothed young man muttered to himself during the tenth round.

It was also at this moment that Tai Qing Yun Hui teleported to his back, targeted his fatal spot, and gave him an agile attack.

But suddenly, the black-clothed young man in front of her suddenly disappeared.

He disappeared faster than her!

This was enough to prove that the other party had a movement technique that was faster than her!

Not Good! Tai Qing Yunhui's heart skipped a beat. Just as she thought about it, a sharp pain suddenly surged from her back.

Danger was approaching. A ball of yin and yang qi shot out from Tai Qing Yunhui's back, pushing her away at the critical moment.

She turned her head and saw that it was the black-clothed man. With a trajectory that she could not capture, he had appeared behind her.

Swoosh --

The black-clothed young man's figure disappeared again. Before Tai Qing Yunhui could react, her back was struck by a powerful blow

Tai Qing Yunhui activated her life-saving divine art and used yin and yang Qi to protect her body, reducing 99% of her strength.

However, the remaining small portion of her strength also severely injured her and caused her to spurt out blood. She was sent flying into the arena and fainted on the spot.

The entire arena was dead silent.

One Breath ago, Tai Qing Yunhui had suppressed her opponent until she was unable to retaliate.

A breath later, she was counterattacked by lightning. It was unknown whether she was alive or dead!

Moreover, it happened to be ten rounds!

To be precise, it was one round.

Nine rounds were allowed, but only one round was used!

Looking at the unconscious Tai Qing Yunhui, whose chest was stained with blood, everyone could not believe that she was really the leader of the three heroes of the younger generation.

The old man chuckled. "Ten rounds, the victor has been decided."

Tai Qing Yun Luan was greatly shocked. She stared at the black-clothed young man with a face full of fear and said, "What a great master of movement technique! Peacock King, you go!"

Shua --

A middle-aged woman dressed in colorful clothes jumped out from the Tai Qing dynasty's participants.

Her appearance was unremarkable and did not stand out in the crowd.

However, the moment she appeared, she immediately caused an excited shout.

"It's her! The number one king of the Tai Qing dynasty, the Peacock King!"

“Isn’t it rumored that she has already passed away? She’s actually still in the human world!”

“It’s actually her! Among the third sky gods, the peacock king is known as the number one in movement techniques!”

“I heard that she is Tai Qing Yunhui’s teacher. Tai Qing Yunhui’s movement techniques were all personally taught by this teacher.”

“This will be a good show to watch!”

Tai Qing Yunluan stared at the Elder. “She can be considered a third sky expert of the older generation. That junior of yours might not be enough. Let’s change her!”

However, the elder still sneered. “There’s no need to change! It’s still ten rounds!”

“Arrogant!” Everyone was quite angry.

Peacock King was an expert of the older generation who had been famous for a long time. He was definitely not the younger generation like Tai Qing Yunhui. His strength was more than several times higher.

“Alright, you asked for it!” Tai Qing Yunluan flashed with a ruthless light.

“Peacock King, since the other party is so confident, you don’t have to hold back anymore.”

The peacock king nodded expressionlessly. “I know.”

After saying that, he turned into a colorful shadow and flew around the arena in an instant.

The entire arena was covered by colorful shadows. It was already impossible to see where the Peacock King’s true body was.

Tai Qing Yun Luan coldly glanced at the old man and cast a pitying gaze at the black-clothed youth. “It’s time to change to the next one.”

However, the corners of the old man’s mouth curled up into a playful arc.

The black-clothed youth did not give in any further. Instead, he raised his head and gazed at the colorful shadows in the sky.

His figure instantly disappeared.

In the next moment, the colorful shadows were suddenly broken through.

The Peacock King’s arms were covered in blood as she retreated. Her calm expression was replaced by shock. “You’re not using a movement technique, you’re...”

The black-clothed youth shook the remaining divine blood from his claws and said coldly, “You can’t withstand a single blow!”

Before her voice reached the Peacock King’s ears, she was attacked again.

Pu --

Her body and soul were suddenly destroyed.

Everyone stared blankly at the bloody rain and the fading soul fluorescence.

Two moves... the peacock king died just like that?

Many people couldn't help but pinch their bodies, wondering if they were having a nightmare.

Chapter 1559 Ancient Heroic Spirits

"Hehe, are these the experts of your divine realm?" "Each one of them is truly weak. Even among the clansmen I brought, the one with the lowest cultivation base is far inferior." The old man sneered. "Just based on a bunch of rabble like you, you still dare to dream of crusading against the evil daughter?"

"In my opinion, all of you should give up on this idea and find a place to hide from the disaster as soon as possible."

The sarcastic words fiercely stimulated everyone's self-esteem.

"What are you being arrogant for? Isn't it just winning two matches in a row? Let Me Do It!" An unknown expert leaped onto the stage and held a long saber in his hand. "I am Wu Yiming!"

Upon hearing this name, the audience inside and outside the arena became excited again.

"It's actually him? The former Saber Emperor Wu Yiming! !"

"What? Three thousand years ago, he swept through the four great empires' Saber Dao experts of the same level and achieved great success?"

"Isn't it a legend that he was killed by the heaven-defying Gu Yun?"

Three thousand years ago, among the younger generation, a famous genius appeared out of nowhere. At the age of thirty, he reached the peak of the third sky.

His Dao of the saber was even more superb.

Apart from the four great emperors at that time, no one was sure that they could kill this person.

Some people called him the blade emperor.

Three thousand years had passed, and the youth of the past was no longer there. Instead, it was replaced by the old-looking Wu Yiming who had yet to age.

For a full three thousand years, his cultivation and attainments in the Dao of the blade would definitely make people gasp in admiration!

Even Tai Qing Yun Luan was astonished and deeply suspicious. "Strange, isn't He Dead?"

She could be so sure and definitely confirm that Wu Yiming had long perished.

This matter was not a secret among the four emperors. Back then, Wu Yiming was too popular and the heaven-defying empire offered him an olive branch.

However, Wu Yiming was unruly and refused all the empires.

In the end, he angered the heaven-defying Gu Yun and killed him personally to prevent him from falling into the hands of the enemy and becoming a big trouble.

Why was he still alive?

While thinking, Tai Qing Yun Luan secretly asked Su Yu for instructions.

However, the strange thing was that Su Yu actually closed his eyes and sat down, completely ignoring her.

Tai Qing Yun Luan was helpless. She could only stare at the arena with a suspicious gaze.

“Three moves!” Wu Yiming held a long saber in his hand and pointed it at the black-clothed youth from afar.

The black-clothed youth sneered, “Alright, I’ll finish you off in three moves!”

Shua --

The black-clothed youth suddenly disappeared again. That strange and untraceable movement technique suddenly made the hearts of the entire audience raise.

They seemed to have seen the scene of Wu Yiming’s tragic death once again.

However, Wu yiming snorted coldly. “Treacherous tricks!”

“One slash breaks ten thousand arts!” Wu Yiming’s long saber swept out, shooting out endless saber shadows. With him as the center, they shot out in all directions, covering every angle.

Kacha --

Instantly, a shocking scene appeared.

The surrounding area of the arena flickered with light, and the sound of cloth being torn rang out.

Immediately after, an explosion sounded, as if something had been destroyed.

The scene on the ring seemed to have changed into another dimension.

The ring was still the same ring, but there were clearly two different feelings in front and behind it.

Especially the black-clothed youth. With a fixed gaze, he had clearly disappeared. He had actually appeared behind Wu yiming without anyone noticing, and was sneakily preparing to give him a killing move.

At this moment, everyone came to a sudden realization!

So it was an illusion!

No wonder the famous Peacock King, a martial artist like her who specialized in movement techniques, had died so tragically.

It turned out that everyone, including the audience, had already been in an illusion.

The black-clothed youth she saw was only an illusion. The real black-clothed youth had taken advantage of the illusion to injure or injure her in a despicable manner.

Wu Yiming had seen through this and used his saber to break the illusion formation.

The black-clothed youth revealed an expression of surprise. A ruthless light flashed in his eyes. Instead of retreating, he advanced and grabbed at Wu Yiming's heart.

Wu yiming snorted coldly. "Cold saber like the Wind!"

The long saber in his hand suddenly stabbed towards the arena.

Immediately, a gust of violent wind surged out from the long saber. It was like a tornado that wrapped around Wu Yiming.

The wind was filled with extremely sharp blade qi.

The black-clothed youth was caught off guard and was sucked into the tornado. Without even a scream, the tornado was shattered into nothingness.

The black-clothed youth was destroyed!

Within two moves, he was cleanly destroyed!

The blade emperor's sharp methods were extremely inspiring.

"We won! We won!"

"Long live the blade emperor!"

"Hahaha, how dare you be so arrogant? We are the elites of the divine realm. How dare a mere barbarian be so arrogant!"

On the rostrum, the black-clothed elder's expression changed for the first time. Traces of anger lingered on his face.

Tai Qing Yun Luan let out a long breath. Although she had suspicions in her chest, no matter what, Wu Yiming had indeed helped them vent their anger.

Especially the death of the Peacock King!

"The descendants of the dragon race are only so-so. They were killed in two moves and couldn't withstand a single blow." Tai Qing Yun Luan's expression softened a lot, she was full of confidence. "I advise you to return to your mountains and reclusion as soon as possible. Don't continue to embarrass yourselves."

The black-clothed elder stared at Wu Yiming and said in a low voice, "Don't you think that it's too despicable for a spiritual body to participate in the sparring? This method is unfair. I suggest that he be disqualified!"

"Hehe!" Tai Qing Yun Luan sneered. "In terms of being despicable, isn't it even more despicable for your clansmen to use illusions to confuse the opponent and sneak attack him to death?"

The black-clothed elder's expression was calm. "Illusions are also a part of strength. Who said that illusions are not allowed?"

Tai Qing Yun Luan sneered. "Then, who said that spiritual bodies are not allowed to participate in the competition? "Moreover, you know very well how weak a soul body is! "It's clearly you guys who have the greatest advantage, why are you still calling it unfair? "Why don't your clansmen also have their souls out of their bodies and let's fight with their souls?"

These words won the cheers of all living beings.

"Yes, what's the point of you being unfair? Can't we just fight with our souls?"

"You're really shameless. You still call it unfair after taking advantage of us!"

"Hehe, these boorish men in the mountains might be counting on us to tie our hands and feet to compete with them. Only then can it be considered fair!"

The merciless ridicule caused the black-robed old man's face to gradually sink. He said coldly, "Alright! Then let's Switch!"

"You Go!"He pointed at another black-robed young man.

His aura was even stronger than the first one.

"I'll leave!"However, Wu Yiming decisively left the stage. He held his long saber and walked out of the venue without even turning his head back.

All the living beings were slightly stunned. The morale that they had gathered with great difficulty was showing signs of declining again.

However, a light and shadow flashed on the arena. A scholar dressed in scholar's attire appeared. He gently waved his heaven and earth fan and said leisurely, "Let me do it!"

The black-clothed old man glanced at him. His old eyes flickered. "Another soul body! Who Are You?"

The scholar said casually, "I'm the Nine Poison Scholar."

Hearing this, everyone was shocked again.

"Nine poison scholar... could it be the poison king who shocked the four great kings of the Divine Realm Five Thousand Years Ago?"

"It's him! It should be him! His poison technique is superb and no one can compare to him. The disciples under him are all experts in using poison and created the nine poison sect. At one time, it was on the verge of becoming the fifth imperial dynasty."

"He is actually still alive. It's really unbelievable!"

Little did she know that on the rostrum, Tai Qing Yun Luan's eyes were already wide open, feeling extremely shocked.

The nine poison sect threatened the ruling position of the four great empires and was killed by the joint forces.

The sect master, the nine poison scholar, even died at the hands of Eternal Night Nine Yang.

That scene was witnessed by Tai Qing Yun Luan with her own eyes.

He was definitely dead. Why was his soul still alive?

Strange! Too Strange!

She asked Su Yu again, but found that Su Yu was still in a daze.

“Senior Su, why are you at such a critical moment...” Tai Qing Yun Luan complained, but her eyes suddenly flashed with wisdom. Her gaze swept over Su Yu and the nine poison scholar below, and a great joy surged out of her heart. Her face was filled with shock and doubt, in its place was a knowing smile, and a relaxed and leisurely drinking tea.

“Let’s go, ten moves,” the black-clothed elder ordered.

The second black-clothed youth jumped onto the stage and stared at the nine poison scholar.

“There’s no need for ten moves, just five moves will do!”

“When the endless falling trees fall, not only will the Yangtze River roll over!” The black-clothed youth stood still and recited an ancient poem.

As soon as he finished speaking, a grand scene appeared on the stage, enveloping the nine poison scholar.

The black-clothed youth’s lips curled into a disdainful smile. “It seems that there’s no need for five moves. One move will do!”

He pressed his palms together, and the grand scene shrunk into a painting.

The strange thing was that the nine poison scholar had also entered the painting, unable to break free.

The black-clothed youth coldly said, “Flood!”

Hua Hua --

In the painting, the water of the Yangtze River suddenly churned, raising huge waves that surged into the sky. The entire painting was submerged, and the nine poison scholar was also submerged within.

Such a strange divine technique was truly frightening and frightening.

All living beings were immediately concerned about the safety of the nine poison scholar.

However, the nine poison scholar’s figure was no longer visible in the waves. His aura was also cut off, as if he had been erased from the world.

The black-clothed youth laughed ferociously. “He’s really weak, so easily...”

However, at this moment, the painting in his hand was suddenly corroded into ashes by the poison. The Endless River water from the painting was like a dam breaking, and the black-clothed youth was caught off guard and fell to the ground.

“Ah! !”The black-clothed youth cried out in pain.

The river water that rushed out was purplish-black in color and emitted an endless amount of poison. The black-clothed youth was completely corroded by the river water.

When the river water in the painting ran out, an elegant scholar walked out leisurely.

He indifferently glanced at the black-clothed youth and said, “The descendants of the dragon race are only so-so.”

After saying this, his sleeves fluttered as he floated away.

“Hahaha! Child of the Dragon Race, do you know how powerful our divine realm is?”

“Since ancient times, our divine realm has given birth to countless geniuses. Do you think that a mere bit of the dragon race’s bloodline can look down on us?”

“Hehe, hurry up and scram. Don’t lose your clansmen here!”

The black-clothed old man’s expression sank slightly. He turned his head and stared at Su Yu.

Although he had no evidence, his intuition told him that the two strange souls that appeared consecutively were definitely related to Su Yu.

“Alright! Let’s continue!”The black-clothed old man snorted lightly. He once again named a black-clothed young man. His strength was even stronger.

And on the divine realm’s side, another expert of the older generation who had hidden away for many years popped out.

This time, it was the old monster from eight thousand years ago, the life-reaping swordsman!

Seeing this scene, Tai Qing Yun Luan completely put down the huge rock on her chest.

Back then, the life-reaping swordsman was ordered by someone to come to the Imperial City to assassinate her. He was personally killed by her. His body and spirit were destroyed, and there was no chance for him to live on.

Without a doubt, this was all Su Yu’s handiwork!

And the result was not out of his expectations. Within three moves, another black-clothed youth had been killed.

The black-clothed Elder’s face sank. “Next!”

On the divine realm’s side, another old monster had appeared, and each one was stronger than the last.

After ten consecutive rounds, ten black-clothed youth had been killed!

Even the last one was extremely powerful, almost catching up to a second sky god. It was an existence that terrified Tai Qing Yun Luan.

However, the one who appeared in the divine realm was a great emperor from 150,000 years ago, Luo Tianxuan.

Chapter 1560 World-Destroying Dragon Power

With absolute battle strength and a peerless appearance, he killed her with a single palm!

The shocking power of space-time caused the people of the divine realm to boil!

“Hahaha, I didn’t think that there would be so many hidden experts in my divine realm! Each one is more ruthless than the last!”

“This time, I’ll attack the ancient tomb and destroy the evil daughter. Count me in!”

“I’ll go too! With so many experts at the vanguard, why should I be afraid of trampling a sealed evil daughter?”

Many people who were timid and unwilling to go into battle were encouraged by the series of old monsters that appeared.

The previous depression and oppression were swept away, and the morale was unprecedentedly high.

Tai Qing Yun Luan’s face was full of joy. Her beautiful eyes blinked as she stared at Su Yu, and her eyes were full of strange light.

Just what kind of existence was he?

Wherever he was, there were miracles everywhere.

Recalling the last ancient creature that should have died, Tai Qing Yun Luan only felt that Su Yu’s body was emitting a mysterious light that turned the rotten into the magical.

“Am I very good-looking?” Su Yu suddenly opened his eyes. His pair of eyes that were as deep as the starry sky seemed to flash with lightning, causing Tai Qing Yun Luan’s delicate body to tremble. She hurriedly moved her face away, she said in a somewhat panicked manner, “Don’t misunderstand, I didn’t mean that.”

After she finished speaking, her face was completely red, as if she had been caught for the first time as a thief.

Su Yu faintly smiled and looked around the entire scene with an astonished expression. “Oh? The sparring is already over?”

Everyone did not know whether to laugh or cry.

“Haha, Senior Su, you don’t know! On our divine realm’s side, all the experts have appeared. Even the monarch of the old generation, who has been hidden for over a hundred thousand years, has appeared. That scene is truly soul-stirring!”

“Senior Su, you have indeed missed a Wonderful Show!”

Su Yu was surprised, “So there are so many experts in our celestial domain. This is really surprising. I will visit them some other day to discuss the matter of the evil daughter.”

Hearing this, everyone was even happier.

They believed that with Su Yu’s appearance, those ancient magnates would be willing to join the crusade.

All of a sudden, Su Yu looked at the remaining black-robed old man and said, “Where are the descendants of the Dragon Race? Why aren’t they here? Their strength is not bad, and if they are willing to go against the evil daughter, they would be quite strong as well.”

Immediately, a god laughed and said, “They are probably too arrogant, and they were killed one by one by the old monsters that they did not like!”

Su Yu was stunned, she shook her head regretfully. “Sigh! Those seniors are good at everything except for their bad temper. No matter how arrogant those juniors are, they are still people from my divine realm. It would be a pity to kill them just like that. They were too ruthless. They were really too ruthless.”

PFFT --

Tai Qing Yun Luan couldn’t help but laugh until she was out of breath. She hurriedly covered her mouth and restored her noble and calm posture.

However, she could not stop herself from laughing in her heart.

Other people might not know, but did she not know that those old monsters that appeared were all Su Yu’s doing?

Seeing Su Yu rebuke them for being cruel and merciless with a serious expression, she could not help but laugh.

“Hehehe...” at this time, the black-clothed elder slowly stood up and let out an ear-piercing and unpleasant sinister laugh.

Tai Qing Yun Luan stared at him with a smile that was not a smile. “Could it be that my clansmen have been killed and have gone mad from anger?”

A power that caused the hearts of living beings to palpitate slowly emerged from the black-clothed old man’s body.

That power seemed to contain the purest form of destruction and could destroy all existences in the world.

Regardless of whether it was living beings, objects, or the entire spatial barrier, they were all indestructible.

Tai Qing Yun Luan’s expression changed and she suddenly stood up with a face full of shock. “What is this?”

The destructive power made her heart palpitate with fear and panic.

The black-clothed old man ignored her and only stared at Su Yu. A pair of short dragon horns hidden in his hair grew higher and higher as the destructive power was released, transforming into a pair of pitch-black sharp dragon horns.

His head also gradually changed. From his human appearance, it transformed into a ferocious dragon's head!

Following that, his body also gradually expanded and started to grow pitch-black dragon scales.

After a short while, he transformed into a pitch-black giant dragon that was a thousand feet long and coiled above the rostrum.

That pair of dim-yellow dragon eyes emitted a fierce light as it stared at Su Yu from afar. Its eyes were filled with mockery. "Su Yu, Oh Su Yu! You are really as annoying as ever! This old man originally wanted to play with you for a little longer, but you think your life is too long!"

He originally wanted to interfere with the sparring session and use bloody methods to ruthlessly destroy the confidence of the various living beings in God's domain.

However, he did not expect that Su Yu had used some unknown method to actually summon the souls of those who had perished for countless years.

In the end, not only did it not suppress the confidence of the various living beings in God's domain, but it also made them unprecedentedly excited.

This trip could be said to be a wedding dress for Su Yu.

A simple sparring session was very limited in boosting the confidence of the people of the God's domain.

However, his participation was completely different. The effect could be said to have increased by a hundred times!

Su Yu also slowly stood up and stared at the pitch-black giant dragon floating in the air. He said coldly, "As expected, it really is the thing that you have transformed into, the World Annihilation Dragon!"

The people who were still rejoicing just now witnessed the drastic changes in the venue with their own eyes. They were all shocked.

That Old Man... was actually the world-destroying Dragon's clone! !

Then, could it be that the person who had sparred with them just now was also the world-destroying Dragon's clone?

Thinking up to this point, the legs of many onlookers trembled, and their hearts were filled with unspeakable fear.

As for Tai Qing Yunhui, who had luckily escaped death, cold sweat was dripping down her back, as if she had just walked through the gates of Hell.

"Hahaha, what I regret the most is that I didn't kill you and give you a chance to grow. Today, your power has reached such a realm. In the absolute beginning realm, only the sons and daughters of Heaven can compare to you," said the world extinguishing dragon coldly. "Your potential is really beyond my

expectation. Even master would be surprised. If you had been heartless and spent more reverse scales, you wouldn't be where you are today."

Su Yu stood with his hands behind his back and said without any fear, "You speak as if you didn't go all out to kill me back then."

He still remembered how powerful the young man that was formed from the scale was. If it wasn't for the fact that the heaven-defying lone cloud happened to kill him, Su Yu might not have been able to survive until now.

"No matter what, it's time to return my magic treasure." The world extinguishing dragon shook its head coldly and spoke in an obscure dragon language.

Suddenly, Su Yu's chest thumped violently. His heart seemed to be about to leave his body and return to its master.

The World Annihilation Dragon sensed something and stared at Su Yu's chest, it couldn't help but laugh out loud. "You're really courting death. You actually used my law fragment as your heart. It seems that you don't know that once a law chain recognizes its master, it will never be easy. No matter how many times you refine it later on, as long as the original master recalls it, it will immediately escape your control!"

"I did not think that you would use him as your heart. In this way, destroying you is really the easiest thing to do!"

Once Su Yu lost his heart, as the number one expert in the divine realm, even if he was not destroyed, his strength would still drop drastically.

And when facing the world annihilation dragon, his strength would drop drastically. It meant that he would die without a doubt.

"Withdraw!" The World Annihilation Dragon shouted.

However, the heart in Su Yu's chest only accelerated and then gradually stopped. It had no intention of returning at all.

The World Extermination Dragon was stunned. With a surprised look in its eyes, it once again used the dragon language abhijna, "Retract!"

However, the law chain no longer had any reaction. It cut off all contact with him.

"How could this be?" The world extermination dragon was shocked. With a face full of disbelief, it came back to its senses and roared furiously, "What did you do to my law fragment?"

Su Yu's expression was indifferent. He said, "I repeat, it is my law fragment. It has nothing to do with you."

"Impossible!!" Once the law fragment recognized its master, it would never change its master. Even the DAO Master was unable to change this iron law. How did it do it? Or rather, who was helping you in the Dark?" The World

Destruction Dragon seemed to be a wounded beast that had been stabbed in its vital parts, it roared furiously.

The one who had helped him was naturally the nine dragons divine cauldron.

Only now did Su Yu know that changing the owner of the law chains was so difficult that even the Dao Master was powerless?

In that case, didn't the nine dragons divine cauldron... surpass the Dao Master in some aspects?

"You're not going to say anything? This venerable self will destroy you!" The World Annihilation Dragon roared furiously as it spat out a ball of pure black dragon breath from its nostrils.

Su Yu sneered and snorted, spitting out a ball of dragon breath as well.

The two balls of dragon breath clashed in the Void, cancelling each other out and vanishing into nothingness.

"Dragon's breath... you, you've refined the world-destroying Dragon's blood in the law fragment of my true body?" The world-destroying dragon was once again shocked.

He had once felt that he had already overestimated Su Yu enough.

However, only after they had truly exchanged blows did he realize that he had always underestimated his opponent.

"World-destroying Dragon's power!" The world-destroying Dragon roared loudly, releasing a terrifying world-destroying power from its entire body.

It was precisely this power that caused the entire world to tremble.

Waves of pure black fate swept out from the world-destroying dragon's body and covered the sky above the venue like dark clouds.

The world-destroying dragon swam and rolled in the dark clouds and roared, "No one can take away my supreme treasure. No one can!"

"World-destroying!" The world-destroying dragon roared crazily. The rolling world-destroying power was like a heaven lake bursting its banks and pouring down crazily.

Tai Qing Yun Luan's expression changed greatly. The people gathered here were all the strongest people in the divine realm. If the power of destruction descended, wouldn't it destroy them all?

They hadn't even dealt with the evil daughter yet, and their vitality had already been greatly damaged. Then, what was the point of carrying out the battle?

Everyone also felt panic and fled out of the venue.

However, only after they escaped did they realize that the surroundings of the venue had long been covered by a layer of faintly discernible power of destruction. Once they got close, they would immediately die without a burial ground.

“When was it set up? Why didn’t we notice it?”

“It should have been prepared long ago when he first came in!”

“What? From the beginning, he wanted to kill all of us!”

The World Annihilation Dragon roared mockingly, “Come on, let those so-called talents of the divine realm show up! This old man will see if they will still show up!”

Obviously, they would not show up because they were all talents that Su Yu had disguised with his soul. He had only used their Divine Dao in the past.

If this continued, the lie would be exposed!

At this moment, a loud laugh pierced through the universe, causing the world extinguishing power that was pouring out to stop.

“It’s just the incarnation of the world extinguishing dragon. There’s no need for talents to show up. I alone Am Enough!” Su Yu stood up and faced the world extinguishing dragon, “If it was your real body, I would still be afraid.

Unfortunately, a clone doesn’t have the right to be arrogant in front of me!”

Ding --

With a soft sound, a snow-white disk spun in Su Yu’s palm.

It was the replica of the world-destroying disk.

It spun more and more violently. Its sharp edges drew a sharp edge at a high speed that made people’s hearts tremble.
