

Nine-Dragon 1561

Chapter 1561 Arrived At The Ancient Tomb Again

“An imitation of the world destruction disk!” The Wild Dragon’s expression suddenly changed.

It seemed that the emperor of Destruction’s world destruction disk had left a deep impression on him, so much so that he could still remember it to this day.

“It’s good that you know each other.” The cold light in Su Yu’s eyes became even colder.

After a short moment of shock, the world destruction dragon saw the clues to the world destruction disk, his yellow eyes were full of ridicule. “Hehe, I almost forgot that the world ending emperor, that sinister person, has already been reduced to dust. Without him, so what if you obtain the real world ending plate? “Without the technique to control him, you won’t be able to unleash one-tenth of the power of the world ending plate.”

“You, it’s better for you to rest in peace!” The world ending dragon laughed towards the sky, and the world ending power that filled the sky rolled towards Su Yu.

However, Su Yu’s mouth held a trace of sarcasm as he said leisurely, “Who told you that the Emperor of destruction is not in the human world?”

Chirp --

The replica world-destroying disk in his palm suddenly spun rapidly.

The sharp edges of the disk drew sharp arcs,

the surrounding space was instantly cut into pieces, revealing a spatial barrier.

With a flick of Su Yu’s palm, the spinning world-destroying disk left his palm and rushed into the sky.

The power of destruction collapsed upon contact.

The power of destruction was instantly swept away.

The Doomsday Dragon was shocked. “The first form of the Doomsday disk, the limitless doomsday blade?”

Su Yu’s heart skipped a beat. The first form? Could it be that there was a second form that no one knew about?

His thoughts flickered and his palm did not stop. The momentum of the doomsday disk did not decrease and instantly cut through the Doomsday Dragon’s neck, leaving a bloody hole in its body.

The World Annihilation Dragon roared in pain, and its yellow eyes were replaced by terror.

With a sweep of its tail, the world annihilation dragon did not wait for the World Annihilation Disc to circle around, and immediately fled.

The World Annihilation Dragon, which was arrogant and arrogant just a moment ago, fled in a panic in the blink of an eye.

The people below the stage were silent for a long time, and they let out earth-shattering cheers like a tsunami.

“World Annihilation Dragon... We defeated the World Annihilation Dragon!”

“There are as many talented people in our divine realm as the hairs on an ox. Not only are there ancient legends who have gone into seclusion, but there’s also senior SU, the number one expert since ancient times!”

“Right! We also have the Brahma puppet that has been watered by the blood of all living beings. With this item, why would we worry about not being able to level the ancient tomb and exterminate the evil daughter?”

The World Destruction Dragon’s interference did not destroy the determination of all living beings to exterminate the evil daughter. Instead, it made them more united than ever before.

Shua --

Su Yu took back the world destruction disk and looked deep in thought.

Tai Qing Yun Luan’s face was full of joy. “Senior SU’s divine ability is unrivaled in this world. I admire you to the extreme. In this battle of the evil daughter, I’m even more confident.”

The Threat This World Destruction Dragon incarnation posed to her was no less than eternal night seeking the devil.

In the end, Su Yu was able to seriously injure his opponent with one move and escape.

This outcome greatly satisfied her.

“It’s still too early to say this.” Su Yu’s eyes shone. “This World Destruction Dragon incarnation is completely different from the past. If I’m not wrong, there must have been a change in the ancient tomb!”

Hearing this, Tai Qing Yun Luan’s heart skipped a beat.

After a pause, a remnant soul fluorescence appeared in Su Yu’s palm. In Silence, she placed it in Tai Qing Yun Luan’s palm.

An urgent soul transmission was also transmitted to her ears.

“Ice Fire Cang Xing is already dead?” Tai Qing Yun Luan’s soft body trembled. Her legs were unsteady and she almost fell.

She stood rooted to the ground. There was shock, sorrow, and deep hatred. “Was it done by the World Destruction Dragon?”

“It should be him,” Su Yu said, his star-like eyes flickering with a cold light.

After a long silence, the Tai Qing Yun Luan gradually became sharp, like a long arrow on a bowstring. "In the past, our ancestors were in trouble. Now that the fierce people have escaped, they want to harm us again. As the Emperor of the Tai Qing dynasty, I, the Tai Qing Yun Luan, will not tolerate humiliation!"

Su Yu nodded. "Don't force yourself! The mutation in the ancient tomb is not a trivial matter. If you don't have the intention to die, don't go!"

Hearing the hidden meaning, Tai Qing Yun Luan asked, "What About You?"

A determined light rose from her eyes. Su Yu said, "What should be finished must be finished. I will go alone."

"Hehe, senior SU, are you looking down on me?" Tai Qing Yun Luan smiled and suddenly became serious, Lang Sheng announced to the world, "I, the 101st generation heir of the imperial family of Tai Qing, announce that the imperial family's treasury will be opened immediately. All kinds of magical weapons, divine treasures, and treasures will be distributed to all the people in the world. Anyone who is willing to conquer the ancient tomb will be able to receive them!"

Su Yu was slightly moved. How Bold!

As a woman, her breadth of mind was enough to make a man sweat.

"And me!" A clear voice sounded. It was the leader of the full moon cult. "In the name of the leader of the Shaman Tribe, I hereby announce that all the available resources in the Shaman Tribe will belong to the world. They will help us in this battle!"

The two emperors' historic decision was extremely exciting.

The various factions throughout the divine realm felt the atmosphere of the Apocalypse and generously opened their treasury.

For a moment, the people of the divine realm were united like never before.

"How is it?" Tai Qing Yun Luan pursed her lips into a smile and the corners of her mouth curled into a high-spirited smile.

Su Yu was stunned. After a long while, he slowly nodded. "Alright! Those who are willing to go against the Evil Woman, please follow me!"

"We are going to the ancient tomb now?" Tai Qing Yun Luan was surprised.

Su Yu said solemnly, "Yes! If we delay, something will happen! The ancient tomb has changed, we must hurry there as soon as possible."

"But the Brahma puppet is still there..." Tai Qing Yun Luan said.

Su Yu shook his head and said, "The plan can't keep up with the changes. I think that we probably can't wait for the Brahma puppet to be successfully watered. We must take the opportunity now to go to the ancient tomb immediately!"

His eyes flickered for a moment. Tai Qing Yun Luan gritted her teeth and made up her mind. "Sooner or later, it will come. There's no way to escape. We can only face it bravely!"

"Everyone, the battle to exterminate the evil daughter has already begun! Pick up your weapons and follow senior Su with your determination to destroy the ancient tomb!" The full moon sect master shouted at the right time.

The legend of Su Yu's invincibility was etched in their minds again and again until Su Yu easily defeated the world destroying dragon. Their trust in him had reached an unparalleled level.

That kind of trust had unknowingly turned into a kind of faith.

They believed that Su Yu was invincible and that Su Yu could bring them the final glimmer of hope.

Therefore, when they raised their arms and called out, the response was like the clouds.

All the experts who had the strength to fight followed Su Yu in a mighty manner and charged towards the ancient tomb.

At the same time.

At the nameless mountain range.

Eternal night was looking forward to the Devil as he stared at the reverse devil that was enveloped by the dragon power of creation.

After several days of torture and torture, the reverse devil finally showed signs of submission.

"As expected of the reverse devil, he can endure my nine days and nine nights of torture! Back then, the dragon of creation didn't even last half a day!" Eternal Night Qiumo panted and grinned. "I don't know if you can endure it again!"

The answer was that the reverse devil was silent.

"Humph! Then let me have a good taste of the taste of living a life worse than death!" Eternal night begged devil laughed hoarsely, his face full of sickness.

However, after nine days and nine nights of torture, the creator Dragon Power stored in eternal night begged Devil's body was insufficient, so he had to stop the torture Midway.

"Hehe, don't be happy too early. I can have as much creation dragon power as I Want!" Eternal night begged Devil smiled mockingly, took out the Dragon Pearl, and absorbed the creation dragon power from it.

Although he could only absorb less than 1/10,000 of the creation dragon power, it was enough to quickly replenish the consumption of the creation dragon power.

However, the moment he held the Dragon Pearl, eternal night begged Devil was stunned. He lowered his head to look at the Dragon Pearl. His pupils constricted and his face turned livid. "My Dragon Pearl! When did someone switch it out?"

How was the Dragon Pearl in his hand? It was clearly a fossilized dragon egg!

Inside the Dragon Egg, there was an aura similar to the Dragon Pearl, which was why Eternal Night Qiumo had never realized that the Dragon Pearl had been replaced without anyone knowing.

“Who is it?” Eternal Night Qiumo was furious. A first sky god was actually kept in the dark!

Kacha!

However, what made Eternal Night Qiumo’s hair stand on end was that the world-creating dragon power beside him had lost its source of dragon power. It became exceptionally weak, and a thin crack silently opened up.

What truly made his soul leave his body was that a pitch-black shadow that was as thin as a strand of hair had appeared from within the crack, twining around his legs.

Through the crack, an ear-piercing, sinister smile that seemed to come from the depths of hell could be heard. “Hehehehe... I’ve finally waited for this moment. Eternal Night Beg Devil, I’ll remember your torture in my heart. hahahaha...”

--

Inside the Eternal Night Empire.

The mystic crystal mountain range of the past had already turned into a pool of hot magma ten days ago when the explosive flame purgatory was destroyed.

And at the location of the ancient tomb back then, there was only a stone tablet left standing in the distance.

The heavenly script characters inscribed on it by the blood of the heavenly emperors were extremely resplendent. They flickered rapidly and illuminated the entire sky.

Today, the surroundings of the stone tablet had long been filled with the common people of the god domain and the lost country.

In the sky, on the ground, there were all the living beings.

Hundreds of millions of years ago, the Nine Emperors had fought a battle for the living beings and suppressed the greatest enemy in the world.

Today, hundreds of millions of living beings had gathered in front of the Nine Emperors Tablet to crusade against the Undying Enemy.

Time and space reincarnated, and history seemed to have returned to a moment hundreds of millions of years ago.

The wills of the living beings gathered together and heavily suppressed the ancient tomb under the lava.

Even Su Yu felt great pressure from that kind of will, and it was difficult for him to contend with it, let alone the world destruction dragon that was bound?

Gulp --

A series of bubbles rolled in the lava. A huge, ferocious, and evil dragon head emerged from the lava.

Above its head, there was a broken hole in the right horn.

The wound was obvious. It was cut by a sharp object.

It looked at the living beings with contempt. Its tone was ancient and distant, echoing throughout the entire divine realm. "Ants, are you here to welcome my Birth?"

Su Yu floated among the living beings. He rolled up his sleeves and said, "No need to put on an act."

The wind howled, and great power surged.

The lava below was split into two by Su Yu, revealing the ancient tomb and the World Destruction Dragon's true body.

He was pierced through the dragon's body by a writing brush and nailed to a stone door.

The writing brush was simple and old. No one knew how many years had passed, but it was still as straight as before. It nailed the world destruction dragon's huge body and made it unable to move.

The stone door was the door Su Yu had first seen. It was a seal that was filled with the blood of the nine emperors and written with heavenly script characters.

However, more than half of the seal had withered. The remaining ones were either dim or as weak as fluorescent light.

Seeing this scene, Su Yu took a deep breath.

After not seeing each other for ten years, the seal of the past had actually withered until only a few pieces remained?

Didn't this mean that if he had come a little later, the seal of the stone door would have broken on its own?

Chapter 1562 Dense Fog (1 Update)

The unsuspecting beings stared at the world destruction dragon's situation, their hearts completely relaxed.

"Hahaha! The heavens are really helping me. The world destruction dragon has yet to break free, and this is the greatest opportunity for us to kill him!"

"Fellow compatriots of the Divine Realm, fellow members of the Shaman Race, what are we still hesitating about in the face of a great enemy? Kill the World Destruction Dragon!"

"Hehe, I will die if he doesn't die anyway. Today, I will stake my life and fight the world destruction dragon to the death!"

"Charge!"

"Charge!"

The sounds of killing erupted like Earth fire that had been suppressed for a long time.

The World Destruction Dragon could not help but laugh at the sky. “A tiger that has fallen to the flat sun is bullied by dogs, and a dragon that swims in the shallow shore is played by shrimp! What can a mere group of ants do to me?”

“World extinguishing dragon breath!”

The pitch-black dragon breath covered the sky and swept across. The first group of creatures that approached were instantly vaporized into nothingness.

The creatures that chased after them afterward all felt a chill in their hearts.

“A mere dragon breath can kill ten people. Can it kill a trillion of us?” Someone roared in the crowd.

Xiu --

Two beautiful figures, like graceful white cranes, tore through the sky and bravely rushed out against the surging dragon breath.

Shua --

The two of them each used a dragon race divine ability to shatter the world-destroying dragon breath.

“World-destroying dragon! You, who has been sealed, still have the right to be arrogant?” One of the beautiful figures lightly shouted. A Dragon Shadow appeared behind her and spoke in an obscure dragon language.

Countless law chains descended, tightening her head and blocking her nose that was spewing dragon breath.

“A dream is like a thousand years!” At the same time, another beautiful figure flew over and used the mystical dragon race divine art.

The World Destruction Dragon seemed to have fallen into a trance, and its eyes showed signs of dullness.

Seeing this scene, all the living beings once again mustered their courage and erupted with powerful killing intent.

“Kill! Kill It!”

Trillions of living beings charged over, filled with endless will.

The World Destruction Dragon woke up from its dream and roared, “Lowly ants, die first!”

Its body trembled, and a hundred reverse scales fell from its neck.

Each reverse scale transformed into a black-clothed youth with a monstrous aura. They were all existences at the third sky!

Immediately after, the two dragon horns on its head broke, and it transformed into two black-clothed elders. They were the elders who had disrupted the competition, but there were two of them!

In an instant, the world annihilation dragon had countless experts.

In particular, the two dragon horns transformed into two black-robed elders. Each of them was a majestic existence comparable to first heaven. They were extremely dangerous.

As expected, the moment they appeared, a one-sided massacre immediately occurred.

However, the creatures of the divine realm were superior in numbers. There was no end to them. No matter how they killed, they would continue to replenish their numbers.

No matter how powerful they were, they could not escape from the entanglement of the living beings.

Shua --

Two beautiful figures flew back to Su Yu's side. They were Bi Wanqing and eternal night's first snow.

Xiu --

Immediately after, another beautiful figure also sneaked back to Su Yu's side from the depths of the crowd. Her beautiful eyes were filled with excitement as she looked at the living beings who were fighting ceaselessly from afar and let out a long sigh, she tilted her head and said, "Everything is according to Big Brother Su's plan. The World Annihilation Dragon will be temporarily suppressed by the living beings."

Su Yu nodded slightly and sighed deeply. "If there is enough time, we can wait for the completion of the fish emperor's Brahma puppet. However, time waits for no one. I can only act personally!"

"We will follow Big Brother Su to the death!" The Crystal Eyes of the three of them flashed with a determined light.

Su Yu said, "Good! Life and death, we will take this gamble."

He added in his heart at the same time, whether he could see Xia Jingyu again, he would also take this gamble.

"Follow me!" Su Yu took a step forward and passed through all living things to arrive in front of the stone door.

The three women followed closely behind, and the two kings, Tai Qing Yun Luan and full moon sect master, also arrived one after another.

Chi --

After Su Yu landed, without thinking, he smeared a layer of colored divine blood on his fingertip and drew a line on the stone door.

A blood talisman condensed from the blood of the nine emperors immediately emitted green smoke and was wiped away by this finger.

"Ah! Senior Su, what are you doing?" Tai Qing Yun Luan was shocked by Su Yu's action.

The full moon sect master's eyes were also filled with confusion. "This... If the blood talisman is destroyed, won't the evil daughter be released?"

As everyone knew, the thing that sealed the evil daughter was the ten thousand blood talismans condensed from the divine blood of the nine emperors.

If Su Yu destroyed the few remaining blood talismans, wouldn't he be allowing the evil daughter to come out of seclusion?

Su Yu's fingertip continued to smear, and he shook his head slowly. "I don't think that the blood talisman that truly sealed the evil daughter would be the blood talisman of the Nine Emperors."

The more he came into contact with the evil daughter, the more he knew how terrifying she was.

A Dao master level creature was above the emperors of Heaven and earth in all aspects. How could it be sealed by the divine blood of just nine emperors?

Moreover, Su Yu had personally witnessed this scene, so he was even more doubtful of this theory.

In the time reversal, he had seen with his own eyes that the evil daughter was chasing after the Qilin Emperor until he had nowhere to run.

The nine emperors... had clearly been killed one by one. Why did the nine emperors join forces and sacrifice themselves to suppress the evil daughter?

The truth described in the inscription must be false!

Someone must have pieced together the nine emperors' corpses and refined them into this tablet.

This tablet, this blood talisman, suppressing the evil daughter and the world destruction dragon was definitely not the truth.

The truth was that the evil daughter was suppressed by another object!

It was like the ancient and mysterious writing brush that nailed the world-destroying dragon.

Everyone was stunned. The truth that they knew from the imperial family's secret manual had been passed down for hundreds of millions of years.

But the result was fake?

Tai Qing Yun Luan definitely shook her head. "That won't happen. The inheritance of our imperial family's secret manual has never been cut off. There's absolutely no possibility of it being tampered with! Moreover, even if it was tampered with, what about the ice fire empire? What about the heaven-defying empire? What about the Eternal Night Empire? Could it be that the matter of the evil daughter being suppressed in their secret manual was tampered with as well?"

Tampering with the secret manuals of all the descendants of the emperor at the same time was not something an ordinary person could do.

Especially in an era where the nine emperors were all annihilated and there were no emperors, it was even more difficult to do this.

However, Su Yu was extremely certain. He quickly wiped away the blood talisman with his fingertip.

When the last weak blood talisman dissipated, the stone door that had been sealed for hundreds of millions of years slowly opened with a long creaking sound.

Tai Qing Yun Luan, the full moon sect master, Luo xueyi, and the first snow of the eternal night all held their breaths. Their bodies tensed up as they prepared to attack.

It was as if they could already see that a demon that had threatened the divine realm for hundreds of millions of years was staring at them in the Inferno of Hell.

However, when the stone door opened, the World Destruction Dragon's reaction was not relief or excitement. Instead, it was an angry roar.

"Filthy ant, you're not allowed to enter!"

His reaction was even more certain of what Su Yu was thinking.

The thing that truly trapped the evil daughter was something else, not the blood of the Nine Emperors!

The heavy stone door slowly opened. As dust flew up from the stone door, dense white fog surged out from within.

A unique aura surged out like a tidal wave.

Everyone took a deep breath and instantly felt their bodies relax.

However, what happened next shocked everyone!

"What? My cultivation base..."the first person to speak out in shock was Luo xueyi.

She had been stuck at the third sky for many years and had yet to make any further progress.

However, after taking in a deep breath of the dense white mist, her bottleneck for many years suddenly skyrocketed, and she reached the second sky.

"And me!"A tyrannical aura suddenly appeared like a spring silkworm breaking out of its cocoon. Eternal night first snow actually broke through to the second sky because of this!

Next was Bi Wanqing.

The most shocking thing was that Tai Qing Yun Luan and the full moon sect master, two existences who had stayed at the first sky for countless years, unexpectedly absorbed a mouthful of dense white mist and actually broke through to the first sky in one breath!

That extremely powerful crushing might shook all living beings.

"How is this possible?"The two of them cried out in shock. Tai Qing Yun Luan widened her eyes and stared in disbelief at the incomparably powerful aura that was rolling within her body, her face was filled with shock. "I still need at least three thousand years to reach the first sky. What exactly is this dense white fog?"

The full moon sect leader's face was also filled with disbelief. "That can't be! Our shaman clan cultivates mainly through absorbing shaman power, which is completely different from the divine path. How can we absorb a mouthful of dense white fog and immediately break through on the ground?"

The dense white fog circulated and slowly spread out from the stone door in all directions.

"Ah! My cultivation base has broken through to another realm! Haha, I, I've reached the third stage of the deity realm!"

"My cultivation base has also increased. I'm almost on the verge of breaking through!"

"Oh my God, I've also increased by a large margin!"

"Just what kind of mystical item is this? My cultivation base has also increased!"

The closer one got to the dense white mist, the more obvious the increase in cultivation base was.

On the other hand, in the thin white mist, the increase in cultivation base was getting weaker and weaker.

An unexpected great benefit was like a meteorite falling into a flat lake, creating a huge wave.

Those behind who hadn't received any benefits couldn't help but be envious.

"F * ck! There's such a benefit? Get out of the way, let me squeeze!"

"Let me do it! Let Me Do It!"

The creatures behind them pounced like huge waves, completely engulfing the world destroying dragon.

Within the stone door, the dense white fog gradually faded. The scene that one imagined was gloomy and decaying did not appear.

Instead, it was a place filled with an icy aura.

A deep, cold intent seeped into one's bones.

In the eyes of Su Yu and the others, a snowy realm of glaciers was reflected.

As far as the eye could see, it was an endless glacier, with pure white snowflakes fluttering in the wind.

The world of ice crystals was different from dust. It was as clean as a mirror, as if it was an unworldly land, untainted by the mortal world.

Su Yu's pupils gradually constricted, and his breathing quickened slightly.

It was a familiar scene!

Wasn't this the same world frozen in time beneath the Eastern Alliance's Divine Realm?

The difference was that this glacial world was purer and made one's heart palpitate.

It was as if they had arrived at the land of the nine heavens.

It was her! Su Yu took a deep breath, his eyes sharp and sharp.

An ice crystal could freeze time for billions of years!

A single thought could kill billions of lives!

A single glance could see through time and space for billions of years!

“Evil daughter, use your blood to find my quiet rain!” Su Yu couldn’t suppress the fear in his heart and the absolute determination in his heart.

His gaze was like lightning as he scanned his surroundings.

Su Yu frowned slightly as suspicion arose in his heart.

The glacier world wasn’t big and he could finish scanning it with a single thought.

However, what surprised Su Yu was that there was actually no trace of the evil daughter!

Tai Qing Yun Luan and the others were also filled with shock as they flew in and searched around.

But the result was unbelievable!

“There is no evil daughter inside!” The Full Moon sect master held an ice mirror that was stained with dust. It was used for communication.

Other than that, there was nothing in the glacier world.

“Hahahaha... stupid ants, who told you that master is sealed inside the stone door?” The world destroying dragon laughed mockingly, it echoed in his ears, “Inside, there is only a communication divine item left behind by her! The real master must be about to break free from the seal right now, right? hahahaha...”

Su Yu’s heart skipped a beat. wasn’t the vile daughter sealed inside the stone door?

Then, where was she sealed?

Suddenly, a place appeared in Su Yu’s mind, and his expression changed drastically, “Hurry up and leave! We’ve been tricked!”

The world annihilating dragon appeared in a high-profile manner in the form of a dragon horn. From the beginning to the end, it was all part of his plan!

A plan to buy time for his evil daughter!

Chapter 1563 Absolute Beginning Fragrant Tea (Second Watch)

“Senior Su, what are you talking about?” Tai Qing Yun Luan asked in a daze.

When did they fall into the trap?

Su Yu’s eyes revealed a trace of anxiety as he said, “If you were about to escape, would you provoke the enemy at the most critical moment?”

“No!” Tai Qing Yun Luan said with certainty, “If that’s the case, it would definitely attract unnecessary trouble.”

Su Yu said, "If you're already like this, how many years has the World Destruction Dragon Lived? How can it not have any shrewdness? "He could have exceeded our expectations and secretly released the seal a step ahead of us, but he insisted on appearing in front of us. What do you think his goal is?"

With this explanation, Tai Qing Yun Luan and the full moon sect master immediately understood.

They were both leaders of a region and were extremely good at strategizing. They immediately realized the meaning of Su Yu's words and suddenly became clever.

They then looked at the divine realm and the lost countries. They were all drawn into the battle to besiege the World Destruction Dragon. How could they not understand the world destruction dragon's intentions.

They were trying to buy time for the evil daughter to escape and prevent her from being interrupted midway!

"Hahahaha... do you only understand now? Unfortunately, it's already too late! Master is about to escape, so don't even think about disturbing her!"The World Destruction Dragon roared loudly, and its huge body shook.

The enormous stone door beneath it closed with a bang.

The instant the stone door closed, Su Yu and the others quickly rushed over. However, the glacier world suddenly underwent a drastic change.

One after another, ice creatures with auras as strong as the first sky were born from the glacier.

There were more than a hundred of them, and the one leading them was a snow beast that had surpassed the first sky and was extremely close to a god.

They had all sorts of strange appearances, and their bodies were filled with a hungry will. Their pitch-black eyes stared greedily at Su Yu and the others.

The Beast King appeared, and pitch-black lightning immediately shot out of its eyes.

The Lightning moved with great speed, landing on the stone door before them and forming a net of electricity.

Su Yu and the others stopped in their tracks, and the stone door closed with a bang.

Just as it was about to close, the world extinguishing dragon threw its head back and laughed. "Rest in peace in the ancient tomb! The snow beast left behind by master will take good care of you!"

Su Yu's expression was solemn. From the beginning to the end, it had been a trap!

Including the ancient tomb!

The goal was to trap and even seal the experts who wanted to kill the evil daughter!

"Who is it? Who is plotting in the Dark?"Su Yu narrowed his eyes.

From the nine emperors stone tablet, which had a high historical truth, to the empty ancient tomb, and the 10,000 blood talismans that could confuse all living beings, they firmly believed that the evil daughter must be suppressed in the ancient tomb!

There must be someone hidden behind the scenes who was secretly controlling everything.

“Senior SU, be careful!” Tai Qing Yun Luan suddenly cried out in alarm.

At the same time, an extremely powerful first sky divine power gathered the dense yin and yang energy and blocked in front of Su Yu.

Two pitch-black lightning bolts were blocked by the yin-yang energy and emitted crackling sounds.

Su Yu’s eyes turned cold, and the world annihilation disk immediately flew out of his palm.

With an extremely powerful destructive power, the world annihilation disk annihilated the lightning bolts and headed straight for the Beast King.

The Beast King’s eyes continuously shot out lightning bolts to block the world annihilation disk.

At the same time, more than a hundred first sky gods surrounded them from all directions.

Tai Qing Yun Luan and the full moon sect master sucked in a breath. More than a hundred first sky gods. How could they, two existences who had just broken through to the first sky, be able to resist such power?

“Don’t tangle with them. Destroy the glacier. There will definitely be a ball of absolute beginning qi under the glacier!” Su Yu was as calm as usual.

The absolute beginning Qi might not be the only thing that could give birth to powerful creatures out of thin air.

However, the only magical thing that could give birth to such a dense white mist that could instantly increase one’s cultivation base was the absolute beginning Qi!

Hearing this, the group immediately dodged the attacks of the snow beasts and changed to destroying the glaciers on the ground.

Boom --

With a loud boom, the full moon cult master shattered an inconspicuous glacier. At the bottom of the glacier, an exquisite incense burner was revealed.

Inside the incense burner, a fragrant tea with dragon patterns was burning.

The full moon cult master was shocked. This ancient tomb had been sealed for at least hundreds of millions of years. What kind of fragrant tea was it that was still burning?

However, it was just as Su Yu had said. During the process of burning, the fragrant tea emitted extremely weak absolute beginning Qi.

After many years of accumulation, so many snow beasts were born.

Taking out the incense burner, the full moon cult master attempted to cut off the fragrant tea.

However, no matter how strong he was at the first sky, his fingers could not leave a single mark on the fragrant tea.

Sensing this scene, the many Snow Beasts, including the Beast Kings, seemed to have been enraged. They roared and charged at the full moon cult master.

The full moon cult master was calm and collected. He pondered and said, "It seems that Su Yu's idea is right. If the fragrant tea is cut off, these snow beasts will definitely be affected!"

After saying this, he immediately closed his eyes and used the strongest witchcraft inherited from the shaman clan, the life extinguishing soul curse!

The material waves swept over, but fragrant tea still didn't move.

"Let me try!" Tai Qing Yun Luan rushed over and gathered the power of yin and yang. Her beautiful eyes were sharp. "Yin and Yang are just beginning!"

The power of yin and Yang suddenly separated, giving birth to an incomparably sharp blade light.

The blade light swept past fragrant tea, but strangely, fragrant tea didn't move at all.

The two first sky existences had used up all their strength, but they were still unable to do anything to fragrant tea!

"Get out of the way!" However, they heard a soft shout and the world annihilation disk quickly cut through.

However, what was shocking was that the world annihilation disk drew a purple spark on fragrant tea, not leaving even a trace.

And the snow beasts had already surrounded the full moon sect master and the other two.

Su Yu's eyes shone, and spatial power appeared in his palm, teleporting the two of them over.

The snow beasts pounced on nothing and immediately turned around to pounce at Su Yu and the others in anger.

"Senior SU, even the World Annihilation Disc can't break this thing. Let's just fight it out!" Tai Qing Yun Luan gritted her teeth and smiled bitterly.

Crusading against the evil daughter. In the end, they didn't even meet the evil daughter and were about to die in the ancient tomb.

Moreover, he had finally broken through to the first sky and fulfilled his long-cherished wish. He did not even have the time to be happy.

Su Yu turned a deaf ear and seemed to be deep in thought.

Just as the snow beasts were about to complete their encirclement, Su Yu's heart stirred, his eyes revealed a thoughtful expression. "It's not impossible to cut off the fragrant tea! It's just that the owner of this place was so polite and left us with the key to open the stone door. Why do we need to do so?"

Ah? The incense burner was the key to open the stone door?

No matter how one looked at it, the existence of the incense burner was a deliberate killing intent. Its purpose was to strangle and kill all living beings that entered the ancient tomb.

How did Su Yu come up with the idea of a key?

To their questions, Su Yu only said one sentence, "What is the result of the collision between the strongest spear and the strongest shield?"

The fable that they heard as children made them suddenly understand.

The fragrant tea was indestructible, and the stone door had been through hundreds of millions of years and was incomparably hard.

When the two collided, there would definitely be an injury!

“Help me block the snow beast!” Su Yu took a light breath and transformed into a sharp long arrow. He held the incense burner in his hand and stabbed the fragrant tea towards the stone door.

Bang --

A violent tremor that shook the mountains and the earth spread, and the entire glacier world trembled violently.

At the same time, a shocking explosive force exploded from the point of contact.

Su Yu was the first to suffer the destructive damage from the shockwave.

His body was instantly destroyed, leaving only his law-formed body.

Fortunately, the pure life force immediately restored his body.

This was Su Yu. If it was anyone else, they would have died in the collision.

The attempt to use death as the price was not fruitless.

The censer was still there, and the fragrant tea... was also there!

On the other hand, the stone door had a crack that was as wide as a person!

However, the world destruction dragon outside the stone door immediately slapped its huge tail and closed the stone door.

How could Su Yu do as he wished?

A golden light flew out from his palm and the nine dragons divine cauldron appeared. It was stuffed between the cracks of the two stone doors and blocked it.

“Quickly leave!” Su Yu shouted and controlled the nine dragons divine cauldron to continuously expand.

Tai Qing Yun Luan, Full Moon sect master, and the others filed out and left the ancient tomb one after another.

Finally, Su Yu also shot out.

The moment he appeared, Su Yu put away the nine dragons divine cauldron without thinking. He held the cauldron in his hand and slapped it on the top of his head.

A huge shadow also descended rapidly at this moment.

Buzz --

The nine dragons divine cauldron trembled as if it had collided with something.

Looking Up, it was the world destroying dragon that was unable to contain its anger!

One of its pitch-black dragon claws was being blocked by the nine dragons divine cauldron.

“Ant! How did you do it? You can actually open the stone door from the inside!”The world destruction dragon was extremely shocked.

This stone door was quite mysterious. Even at his peak, it would be extremely difficult for him to open the stone door from the inside.

He didn’t believe that a small quasi-god like Su Yu could escape so easily.

Su Yu shook his palm and shook the world destruction dragon’s claw away. He immediately flew into the sky and said without turning his head, “Let’s Go! The evil daughter is about to be born!”

“Where is she sealed?”After experiencing the ancient tomb, Tai Qing Yun Luan and the full moon cult master had long believed in Su Yu’s judgment.

Su Yu shook his head. “I’m not sure. However, there is a place that I’ve been paying attention to for a long time!”

The group of people traveled through the stars and the Moon without stopping. Finally, they arrived at a place in the divine realm within a short three days.

The full moon cult master was most familiar with this place. He said in astonishment, “This place is the Blackwood Forest! Su Yu, you said that the evil daughter has actually been sealed in our lost country all this time?”

Regarding this, Su Yu said, “I’m just suspecting.”

It had only been half a month since they last came here.

The last time, the water of the divine realm gathered here and rapidly flowed away from this place.

Now, everything had dried up. The last drop of water left in the divine realm had also completely flowed away, leaving behind an incomparably pitch-black cave.

Looking down from the sky, it was like an incomparably deep pupil, giving people a strange feeling of unease.

The full moon cult master said in surprise, “Strange, I actually didn’t know that there was a cave here!”

He wasn’t the only one. Before the water of the divine realm flowed out, no one would have thought that there was a cave here.

“The strangest thing is...”the sect master of the full moon sect looked around and his expression became serious. “The location of this place should be at the center of the three forbidden lands. This shouldn’t be a coincidence, right?”

The eyes of the Supreme Pure Cloud Luan flickered, he muttered, “The three forbidden lands of your lost country have existed for trillions of years before our divine realm descended, and the evil daughter was sealed only 100 million years ago. How can senior Su be sure that the evil daughter was sealed here?”

“Although the world is big, there are only three places that I can’t see through. One is the forbidden land of Asura, the other is the forbidden land of the mortal world... The last one is this place. If the evil daughter is sealed in the other places, I should be able to detect it,”su yu said very calmly.

Chapter 1564 Labyrinth Of Despair (Third Watch)

It was true that Su Yu had explored all the dangerous and strange places in the lost countries of the two divine domains.

However, these three places were the only places that Su Yu couldn’t set foot in.

If the most likely place for the evil daughter to be sealed was this place!

What he said was based on his life experiences.

However, in the ears of the Taiqing Cloud Luan and the full moon cult master, it was unfathomable.

Thinking about how vast the world was, Su Yu had actually finished exploring it.

Thus, they no longer hesitated. “Then follow senior SU and explore it!”

Su Yu nodded and took the lead to jump into the huge cave entrance.

Just as he entered the cave entrance, Su Yu keenly discovered the remnants of a restriction in the damp cave.

It was an isolated and hidden restriction, which meant that someone had deliberately hidden this cave in the past 100 million years to prevent others from discovering it.

This made Su Yu even more certain that there must be someone behind this who was secretly controlling everything.

Everyone quickly descended.

This cave was unfathomable. With their movement techniques, they had descended for ten days and ten nights without reaching the bottom.

And ten days was enough for them to traverse the entire lost country and the divine realm. It was even enough for Su Yu to travel back and forth between the two divine realms dozens of times!

If it wasn’t for those with firm confidence, they would have suspected that they had fallen into some sort of illusion.

Fortunately, on this day, they finally sensed that there was a blockage in front of them.

The group slowed down and slowly approached.

They discovered that there was actually a stone door there as well.

And what made their spirits lift was that the stone door was exactly the same as the ancient tomb stone door!

However, what surprised them was that the stone door was open!

From the traces left on the ground, it was not opened a long time ago, but just opened not long ago!

“How can it be? Someone actually arrived here before us!” Tai Qing Yun Luan said in surprise.

The full moon sect master also felt incredulous.

Su Yu stared at the traces left on the ground and wiped his fingers on the ground. His pupils constricted slightly. “It’s him!”

Immediately, he felt relieved. “As expected!”

“Who is it?” Tai Qing Yun Luan asked in surprise.

Su Yu narrowed his eyes and shot toward the deepest part of the stone door. He said slowly, “Why don’t we ask him?”

Eh? Everyone was shocked and stared at the deepest part of the stone door.

It was pitch-black there and there was an inexplicable restriction that they couldn’t see through.

“Hehehe, how have you been!” The ear-piercing sound of metal rubbing against each other was something they would never forget even in their dreams.

It was the reverse devil!

Tai Qing Yun Luan’s pupils constricted and fear appeared in her eyes. “You actually didn’t die!”

As black light filled the stone door, an old man with a pale face walked out with his hands behind his back.

The full moon sect master was shocked. “Eternal night seeking devil! It’s You?”

Su Yu shook his head. “To be precise, it should be the reverse devil! Eternal night seeking devil must have already been possessed by the reverse devil and has taken over his consciousness.”

“Hehehe, it seems that you are not surprised at all. Could it be that his dragon Pearl was actually stolen by you?” The demon rebel chuckled, his face filled with ridicule.

Everyone could not help but look at Su Yu in shock. They recalled what the godly thief Half Moon said when he gave Su Yu a crystal ball that day.

“I’m afraid that we have to say goodbye to eternal night.”

Now, his words had come true!

How did he deduce this day?

In fact, Su Yu was certain because he understood eternal night’s human nature.

Greed was insatiable!

A Dragon Ball could not satisfy him. Controlling the Devil for his own use was his true intention to save the Devil.

And to control the devil, with Eternal Night’s strength, it was absolutely impossible.

The only way was to use the Dragon Pearl!

The Dragon Pearl had already been secretly switched.

Therefore, it was only a matter of time before he was devoured by the demon rebel, so it was not surprising.

Su Yu stood still and said indifferently, "Let them all come out."

The demon rebel curled his lips and drew a cold arc. "I really didn't expect to meet you here! It's not like your fate is doomed, meeting this demon!"

"All of you, come out!" With a light shout, a series of figures walked out one after another from the dark stone door.

They all had blank expressions as if they had lost their minds.

Among them was the former monarch of the Eternal Night Empire, the Eternal Night Nine Suns.

There was the former commander-in-chief, Shangguan Feiyu.

There were also many former experts of the Eternal Night Empire.

There was a faintly discernible black shadow on their bodies that led behind them.

"Even they were possessed?" Tai Qing Yun Luan's eyes were filled with fear. So the reverse devil could possess many people at the same time?

A possessed eternal night seeking devil was already an unknown danger. With the addition of Eternal Night Jiuyang and Shangguan Feiyu..

"Die!" The reverse devil said indifferently.

The controlled Eternal Night Jiuyang, Shangguan Feiyu, and the others instantly erupted with powerful reverse intent and attacked without fear of death.

The strength of these people who were possessed by the demon rebel couldn't be compared to before. They had already reached the first sky.

"Humph!" Tai Qing Yun Luan snorted lightly and countered with a yin-yang blade.

The full moon sect master swallowed and spat out sorcery and swept toward Shangguan Feiyu.

The two sides exchanged blows, and Shangguan Feiyu was turned into meat paste on the spot. With a miserable cry, a pitch-black shadow flew out and returned to the demon rebel's body.

The Eternal Night Nine Yang's attack was forcefully withstood by Tai Qing Yun Luan.

The Demon Rebel was shocked. "Both of you have broken through to the first heaven?"

He was extremely surprised. From his point of view, neither of them had any signs of a breakthrough. However, after a month, they had actually successfully broken through to the first heaven. It was truly unbelievable!

However, the mocking expression on his face was even deeper. "What a coincidence. This demon has also obtained a new body. I was worried that I wouldn't be able to try it out!"

“Life reversal sword!” Demon reversal spat out a long sword that was forged from pure reverse qi and slashed at the two of them.

The expressions of Tai Qing Yun Luan and the full moon sect master changed as they resisted together.

“Don’t receive it head-on!” Su Yu’s expression changed. In an instant, the asura sword appeared in his palm and slashed at the rotating long sword.

Kacha --

The Asura sword was instantly sent flying while the life reversal sword only dimmed a little.

Even so, Tai Qing Yun Luan and the full moon sect master were forced back by the full force of the attack. Divine blood flowed from the corner of their mouths, and many dangerous sword marks were left on their divine bodies.

If Su Yu hadn’t used the asura sword to block most of the power, they would have been shattered by this sword.

The two of them felt as if they had just walked through the gates of Hell, and their hearts were beating wildly.

After possessing eternal night’s Asura sword, Reverse Devil’s strength had increased by more than one level!

Even the king of snow beasts in the ancient tomb was far inferior.

“Be careful! He’s already a God!” Su Yu said in a focused voice. The hand that held the asura sword had been shaken until it was a bloody mess.

A God... wouldn’t that mean that he was an existence at the level of a galactic overlord?

The group’s hearts sank to the bottom.

They had yet to find the sealed vile daughter, but they had encountered the Galactic Overlord First!

More importantly, there was an irreconcilable hatred between them and this galactic overlord!

“Hehehe, surnamed Su, you are about to die!” Reverse Devil’s killing intent towards him was the strongest.

This was the first time he had revealed himself in this world, and Su Yu had almost wiped him out.

He had a deep hatred towards reverse devil, a creature who would always seek revenge for his flaws.

Su Yu rolled up his sleeves and used the power of space to sweep them away. Then, his body flashed with red light and he used the power of space to disappear.

When he reappeared, he was not in the outside world, but inside the stone door!

Although he was in a critical situation, Su Yu’s mind became clearer and calmer.

If they ran out, there would be no place to hide for ten days and ten nights.

And the reverse devil carried the power of an overlord. How could they escape?

In the end, they would definitely die!

Only inside the stone door would there be a chance of survival.

The reverse devil jumped into the air and sneered. He turned his head and laughed sinisterly, "Run into a dead end? Hehe, that's good too. Before we get down to business, let's have a cat-and-mouse foreplay. Not Bad!"

Xiu --

The reverse devil quickly chased into the stone door.

Inside the stone door, there was light instead.

What entered his sight was a towering statue, each of which was tens of thousands of feet tall.

The statues were all strange. There were dragons, insects, birds, demons, and humans..

At a glance, there was an endless sea of statues.

They looked messy, but in fact, they were arranged in an orderly manner, forming a huge maze.

Su Yu stomped his feet and tried to cross over from the statue, but before that, he cautiously shot out a stone.

However, before the stone could reach the sky above the statue, a pitch-black black hole appeared out of nowhere and swallowed the stone.

Su Yu was secretly shocked. "This group of statues is arranged into a maze. It is indeed meaningful. It seems impossible to jump over it."

At this moment, the voice of the demon rebel entered from behind him.

Su Yu's heart tightened. He immediately swept everyone up and jumped into the middle of the two statues.

The reverse devil chased after him with a long laugh. He stared at Su Yu mockingly as he entered. "The good show has begun! This devil spent three days and only managed to explore the outer perimeter. Let this devil see how long you can escape!"

After entering the maze, not only did Tai Qing Yun Luan and the full moon sect master lose their sense of direction, but Su Yu himself also lost his sense of direction.

At the same time, the statues contained a mysterious concealing aura that blocked their senses.

Once they entered the maze, they immediately could not find where they were.

Behind them, they could faintly hear the devil defying from afar, which made them even more anxious.

"Look at the passageway on the right," Tai Qing Yun Luan said when she noticed that there was an artificial gap between the two statues not far away.

Su Yu nodded and entered the narrow passageway of another row of statues from the gap.

However, after walking for two hours, they arrived at a dead end.

“Look, there are two corpses there!”The Full Moon sect master was the first to notice them. He rushed over to check and said with a serious expression, “They have been dead for at least 100 million years. Their corpses have almost turned into ashes. They should be living beings from 100 million years ago!”

“If nothing unexpected happens, they died in the maze before the evil daughter was sealed.”

Su Yu walked over and checked the items left on their bodies. Basically, they had all been reduced to dust, and the identification was not light.

However, Su Yu could determine the cause of their death.

“They died from despair.”The full moon sect master’s face was solemn.

The corpses of 100 million years old had not completely decayed. It could be seen that the strength of these two people when they were alive was at least at the level of galaxy overlords.

However, they were unable to find the exit and were trapped here to death.

Su Yu’s expression was solemn as he surveyed his surroundings and asked, “Wanqing, how’s your snooping technique?”

The purple light in BI Wanqing’s eyes dissipated. She shook her head and said, “It’s still not working! There’s a concealing power hidden within these statues. I Can’t Snoop too far.”

Everyone instantly felt a sense of oppression.

Even the Galaxy Overlord was like this. If they wanted to escape, wouldn’t it be as difficult as ascending to the heavens?

Chapter 1565 Three-Colored Coin (Fourth Watch)

“Keep looking!”Su Yu said. After many years of experience, he had developed a character that would not give up easily until the last moment.

They returned along the way and came to the original tunnel.

“Eh, there’s a thin crack there.”This time, it was the full moon sect master who discovered it and pointed to a more hidden gap.

The group’s eyes lit up and immediately entered it.

This passageway was indeed not a dead end.

However, there were ten more passageways in the passageway!

“Continue!”Su Yu calmed down and chose a passageway to enter and walk all the way to the end.

What they obtained was still a dead end.

And if nothing unexpected happened, at the end of the dead end, there was a pile of remains that had been reduced to dust.

Another dead end!

They turned back again and entered the second passage.

On the way, they would occasionally see the remains of living beings that had died for various reasons.

Their hearts gradually sank.

By the time they finished walking through the fifth passage, their expressions were already extremely ugly, and they were on the verge of collapse.

If this continued, they would die of despair before the reverse devil could catch up.

They couldn't continue like this!

After pondering for a long time, Su Yu unwillingly opened the nine Jade Spirit Pearl.

A figure flew out from the nine Jade Spirit Pearl.

The moment it appeared, it immediately pounced towards Su Yu. "Woah! You still dare to let me out? I'll Eat You Up!"

Su Yu sighed as his eyes of space and time flickered at the same time.

"Space-time giant palm!" Su Yu shouted. Two rays of light interweaved, forming a purple-red giant palm. It slammed down from the sky, slapping the approaching figure to the ground.

"You dare to fight back! I'm so angry!" The figure became even angrier and struggled to get up from the ground.

However, the power of the giant palm was not ordinary. Although it shook the figure, it was not so easy to get out of it.

This palm was the joint attack technique that Su Yu had thought hard about during his months of seclusion.

The inspiration came from the time-space reversal and the palm print that separated time and space.

From the looks of it, the successful combination attack technique was quite useful.

Especially for a monster like Xiao Die, who could eat anything, it was the most suitable.

This palm print was the power of time and space. She couldn't do anything to it unless it was something tangible.

Walking in front of it, Su Yu said, "Ahem, I can only express my regret about the tragedy of that skull. Actually, I didn't get anything either. Really, there's nothing inside."

The huge skull that eternal night had obtained from pursuing the devil that day was all thanks to Xiao Die's bite.

However, after she bit it into pieces, Su Yu kicked it away and locked it back into the nine jade spiritual pearl.

Now, he shamelessly said that there was nothing inside. Xiao die was so angry that her tiny body was twitching.

“What’s wrong with you? Are you having epilepsy? How can you have such a strange disease at such a young age? Let Me See.” Su Yu said with concern.

“Eh? Why are you shaking even more? and spitting out white saliva?”

“Eh Eh Eh, why are your teeth crunching?”

..

Xiao die was so angry that her eyes were burning. Green smoke rose from the top of her head and she said fiercely, “You shameless hooligan, if you have the ability, let me go. Otherwise, when I get out of here, I swear that I will definitely...”

While she was talking, a drop of colorful divine blood appeared on the tip of Su Yu’s finger.

“What do you want to Do to me?” Su Yu said with a faint smile.

Xiao die stopped abruptly and stared at the divine blood. She couldn’t help but lick her lips and swallow a mouthful of saliva. Her bell-like eyes were wide open.

“Hooligan, don’t even think about bribing me with a drop of divine blood! My noble character is not something that a drop of divine blood can defeat!” Even though she said that, her eyes never left Su Yu.

“What about two drops?” Su Yu smiled and two more drops appeared on his fingertips.

Gulp --

Xiao die swallowed hard, but her mouth could not stop protesting, “Don’t even think about it. It’s just two drops. My noble character is...”

“Hehe, what about ten drops?” With a swoosh, Su Yu had a drop of divine blood on each of his ten fingertips.

Ten Drops? !

Xiao Die’s eyes shone, the anger and stubbornness on her face..., her noble character vanished in an instant. “Ah, my respected master, you are an elegant and civilized saint. Your servant Xiao Die is willing to follow you forever.”

Taiqing Yun Luan, full moon sect master’s face was full of black lines.

This was a noble character that she couldn’t buy?

Xiu --

Su Yu flicked his fingers and ten drops of divine blood were all swallowed by Xiao Die’s mouth. She happily swallowed them and her face was full of happiness. “Wow! I haven’t eaten such good food for a long time. I’m so happy!”

“Hehe, if you want to be happier, I have more here,” Su Yu said. Xiao Die’s eyes immediately became like the moon, round and bright. “I want it!”

“Alright then. There are a few walls here that are blocking my way. If you can break them, I’ll give you another ten drops.”

Xiao die was so excited that her eyes were shining. “Hahaha, you said it yourself. It’s just a few walls. I’ll take care of it! Prepare the spiritual liquid, hahahaha...”

She laughed, and so did Su Yu.

It was obvious that Su Yu was the one who had the last laugh.

“Don’t be happy too early. We want to go to the innermost part, but we’ve even lost our direction.” Su Yu said as he withdrew the spacetime palm imprint.

Xiao die patted her chest and said, “Take care of it.” Then she closed her eyes and pointed in a direction, “Haha, Idiot. Isn’t that the innermost part? There seem to be many amazing treasures there. They’re even more precious than the blood sword in your hand.”

Hearing this, Su Yu’s heart skipped a beat.

The blood sword that she was referring to was undoubtedly the Shura Sword that was ranked ninth on the Imperial Dao Sacred Weapon List!

Then, it was easy to imagine what was even more precious than the Shura Sword.

It must be the four Imperial Dao sacred weapons that were ranked fifth to eighth!

Other than the World Annihilation Disk that was ranked fifth on the list, the other three had long been lost, and even nothing was known about them.

Along with the fall of the three emperors, they had completely disappeared from the human world. As a result, there was no longer any information about them on the list of Emperor Dao sacred items.

It turned out that they had all been buried with the wicked daughter!

Su Yu suppressed his excitement and couldn’t help but size up Xiao Die, feeling surprised.

This mutated nine-colored chaos butterfly was a bit too special. The maze was nothing to her, and the protective power of the statue couldn’t do anything to her.

“Go! It’s up to you now!” Su Yu said.

Xiao die happily walked to a statue and ground her teeth. “Hehe, I haven’t moved my mouth for a long time. Today, I’m here to grind my teeth!”

“AO ~” with a weird cry, Xiao die pounced on a statue and opened her mouth to bite it.

In front of the dazed eyes of Tai Qing Yun Luan and the others, Xiao die actually bit off a piece of the statue that they couldn’t even get close to.

Black holes appeared around the statue one after another, trying to devour Xiao Die.

But in the end, Xiao Die just frowned and let them attach themselves to her body. The surface of her body emitted nine-colored light, and those black holes couldn’t do anything to her.

In the maze, only the sound of Xiao die happily gnawing was left.

Not long after, a statue was gnawed through by Xiao Die, revealing a passage on the other side.

Everyone felt their scalps go numb. They stared at Xiao Die in a daze as if they were looking at a monster.

Tai Qing Yun Luan glanced at Su Yu and softly muttered, "There are indeed monsters around monsters."

"Hehe, the warm-up is over. I'm going to grind my teeth seriously!" Xiao die bared her teeth and passed through the statue and entered another passage to continue gnawing.

Her speed was several times faster. In the time it takes for an incense stick to burn, a statue was gnawed through.

Pu --

Suddenly, Xiao Die, who was gnawing, seemed to have chewed on something hard and spat it out. "What is it? So Hard? I almost lost my teeth!"

It fell to the ground, making a metallic bouncing sound.

Su Yu focused his eyes and saw that it was a bronze coin with heavenly script characters printed on it. Su Yu did not recognize it.

Picking it up, Su Yu's eyes revealed a strange look.

He looked at the two statues that had been bitten through and thought for a moment, "Xiao die, bite the chest of the statue. If any foreign objects appear, leave them to me."

Xiao die was not interested in the coin that could not be bitten. She curled her lips and said, "You really know how to cause trouble for others."

She snorted and obediently chose to bite the chest of the statue.

Sure enough, a coin fell from the next statue.

Su Yu kept it all without saying a word.

Then, Xiao Die gnawed on the statues one by one.

Ordinary people needed to explore one passage after another to pass through the maze, but Su Yu and the others directly gnawed through the wall!

Such a method was unprecedented.

At least, it had never appeared in this maze.

On the other side.

Reverse Devil held the blueprint in his hand and walked freely in the maze.

He was filled with the desire to hunt, so he patiently searched for Su Yu and the others in the maze.

However, three days had passed.

He came to the outer area of the maze and searched almost all the passages in the maze, but he didn't find Su Yu and the others.

“Strange! Could it be that he just happened to miss them?” Reverse devil frowned and snorted coldly. “That human is so lucky. Let him die a happy death!”

Entering the maze, most of the creatures would die without a doubt.

Reverse Devil relied on his talent to explore the outer area, but Su Yu was just a human, was it possible?

Therefore, Su Yu and the others would definitely be trapped in the maze to death.

“Forget it, he will die anyway. I should find that woman as soon as possible. If I can occupy her consciousness, hehe...” a great ambition appeared in Reverse Devil's eyes.

Three days passed.

On this day, they gnawed through a statue and entered another passage.

The strange thing was that all the statues in this passage were different from before. They were all silver-white.

Xiao die bit over with some difficulty, but a piece was still crushed by her.

Not long after, Xiao die bit through it and spat out a silver-white coin at the same time.

Su Yu picked it up and compared it to the bronze coin. He was moved.

Another three days passed. When the silver-white statue was bitten through, it was replaced by a golden statue.

This statue was even harder to bite than the silver-white statue.

Xiao die used all her strength to finally bite off a piece.

It took a whole day to bite through the golden statue.

And just as Su Yu expected, there was a golden coin in the chest of the statue.

Bronze, silver, and Golden. Su Yu weighed it in his hand, and his eyes revealed a thoughtful look.

Chapter 1566 Blood Coffin Evil Corpse (5th Watch)

Five days later, Xiao Die bit through the last golden statue.

A long-lost and empty aura rushed toward them, and their senses were suddenly no longer suppressed.

Everyone was pleasantly surprised!

The maze was opened!

What entered their eyes was a dark hall.

In the center of the hall, there was a thirty-foot-long groove.

When they swept through it, they saw all kinds of unknown strange insects.

They crowded together, killing each other and devouring each other. They were densely packed, making people feel uncomfortable.

“What are these insects?” Tai Qing Yun Luan said in surprise, “I don’t recognize any of them.”

The full moon sect master’s eyes revealed a strange light. “I’ve lost my way in the Black Forest of the country and parasitized all kinds of strange insects, but I’ve never seen any of these before!”

Just when they were curious, Xiao Die’s expression turned weird. She said in a daze, “They seem to be very powerful insects. Some of them are on par with me.”

Huh? Su Yu was surprised. “You know them?”

Xiao Die scratched her head. “No, but I seem to have some information in my head.”

Su Yu was not surprised about that.

He had encountered such powerful creatures who were born with inherited memories.

He had a small purple qilin in his hand, and it was also born with memories. It could refine pills and Dharma treasures!

Unfortunately, the small purple qilin had not woken up for fifteen years since it fell asleep the last time.

If Su Yu had not sensed that its aura was still there, he would have thought that the small qilin was dead.

“In that case, are they very dangerous?” Tai Qing Yun Luan asked.

Xiao die was even more displeased with her. She scoffed, “Dangerous? HMPH, any one of them can eat you! If you don’t want to die, it’s best not to alarm them.”

Hiss --

Everyone sucked in a breath of cold air. Any one of them could kill a first sky expert?

“Alright, give me the Spirit Liquid!” Xiao die stretched out her hand toward Su Yu, her face full of grievance. “My teeth are sore from grinding!”

Everyone present felt pity for her. Their ears were getting sore from listening to her, let alone grinding their teeth?

Even Su Yu couldn’t bear to deduct her hard-earned money, so he happily gave her ten drops.

Xiao die felt as if she had obtained a precious treasure. She happily held the nine dragons ancient God’s blood in her hands and rolled her eyes at Su Yu. “At least you didn’t go back on your word this time! Next time, if you can’t handle it, call me out again!”

After saying this, she happily returned to the nine Jade Spiritual Pearl and enjoyed the delicious food.

“Did you all hear that? Don’t be careless. Don’t disturb the vicious insects below,” Su Yu said. He came to the groove and carefully flew over.

The others followed closely, afraid that they would disturb the little insects in the groove.

Su Yu slightly stopped at one end of the groove. After thinking for a moment, he left a talisman behind and hid it in the secret area of the groove.

At the end of the hall was a crystal statue.

The stone statue was malevolent, extremely close to evil and greed. Especially its two pitch-black eyes that were like black holes, it seemed to have consciousness and stared at it with a terrifying gaze.

“Taotie?” Everyone present recognized this item one after another.

Especially Luo xueyi, Bi Wanqing, Eternal Night First Snow, and eternal night Wu Heng, the four of them blurted it out at the same time.

Because they had personally fought with Taotie.

They still remembered the unparalleled power of swallowing the sky.

Su Yu’s eyes flashed, as if he didn’t find it strange.

Creak --

The statue seemed to have sensed something. Its huge mouth slowly opened, revealing a deep tunnel.

That was a certain entrance.

Su Yu took a deep breath. “We’re almost there!”

Everyone entered in a flash and instantly appeared on a blood-red square.

The plaza was surrounded by endless cliffs. When they looked up, they actually couldn’t see the end. They could only see a pitch-black light.

At the intersection of the cliffs and the plaza was a ring-shaped dried-up riverbed.

Traces of the water of the divine realm could be vaguely seen.

“The water of the divine realm will eventually run out from here?” Su Yu stood on the riverbed and looked down. He discovered that beneath the riverbed was a bottomless abyss that was unfathomable.

He didn’t know where the water of the divine realm ended up.

When everyone saw this, they clicked their tongues in wonder. “In other words, this place is actually stuck in the center of the Abyss?”

Su Yu nodded. “Indeed.”

His gaze looked towards the center of the square. He was attracted by a blood-red coffin.

In reality, there was only one coffin in the huge square. It was difficult not to be attracted.

The full moon sect master's pupils constricted. "What an evil coffin? There seems to be some very evil creature inside."

Bang Bang --

Suddenly, the coffin trembled slightly.

Creak --

The blood-red coffin lid was pushed up by something and made an obscure sound.

But then, dense runes flickered around the blood coffin and on the coffin lid.

The ferocious spirit in the coffin seemed to be suppressed, and the coffin lid closed with a bang.

However, the ferocious spirit in the coffin was struggling restlessly, perhaps because it hadn't come into contact with any living beings for a long time.

Through the coffin, the ear-piercing sound of sharp claws scratching the coffin echoed in the large square, making people's teeth ache.

"Let's go." Su Yu stared at the coffin with vigilance and flew up through the air.

At this moment, a cracking sound suddenly came from the other end of the square.

An exit appeared on the opposite side of Su Yu.

Several figures stepped out.

They were none other than reverse devil, Eternal Night Jiuyang, and the others.

Other than reverse devil, everyone else was injured. Eternal Night Jiuyang had lost half of his arm.

As for the powerful reverse devil, he was also in a sorry state. One could faintly see many savage wounds, as if he had been bitten by some vicious creature.

It seemed that they had been too careless when they had passed through the groove of the ferocious worm, which had caused the ferocious worm to attack them.

"Hahaha, this is the place where that woman is suppressing, right?" Reverse Devil looked around and laughed loudly. He was in high spirits until he noticed a few unique auras. Then, his laughter stopped abruptly.

His sharp eyes swept over, and his expression changed. He was greatly shocked. "It's you guys?"

He never expected that Su Yu and the others, who were supposed to be trapped outside the maze, not only did they not die, but... They even arrived here before him!

However, on second thought, reverse devil laughed out loud. "Hahahaha! The heavens are really following my wishes! This devil once felt sorry for letting you, Su Yu, off the hook. I didn't expect that you would be sent right in front of this devil again!"

Reverse devil emitted a monstrous killing intent and hatred, "Now, there's no place to escape, right?"

The pressure of an overlord-level being came pressing down like a flood.

Including Su Yu, they all froze at the same time. It was as if there were tens of thousands of huge mountains on their backs, so heavy that even their breathing became heavy.

If they were to fight head on, needless to say, Su Yu would be killed in a breath's time!

A sense of foreboding rose in Su Yu's heart as he thought quickly. All of a sudden, his gaze locked onto the blood coffin that had suddenly quietened down. His eyeballs rolled around as he said, "Reverse Devil, there's a secret. I don't know if you want to know!"

Demon rebel laughed. "Su Yu, you brat. Your little tricks to stall for time are useless against me! "I have existed since the beginning of time. I have seen people you can not imagine. For a dangerous and unfathomable creature like you, I only have one solution! "And that is... to end this battle quickly!"

"Life-defying art!" Demon rebel growled as a round wheel that alternated between yin and yang appeared behind him.

As the round wheel moved, a mysterious power was born.

Su Yu's silver hair withered and withered at a speed visible to the naked eye.

His skin relaxed and aged rapidly.

His back gradually became hunched and Saggy.

His entire person actually aged rapidly!

Su Yu was overwhelmed with shock. He could clearly feel his life force draining away at an alarming rate.

It was as if the process of his life had sped up by a thousand times, and he had aged in a single night.

Moreover, the warning signs in his heart were raging, and the Life Dragon was not under his control. It flew out on its own, emitting a rich life force to slow down the aging process.

Su Yu's intuition told him that if he died like this and came back to life, even time reversal would lose its effect.

In other words, he would really die!

Su Yu clenched his teeth and shouted in a low voice, "Go!"

The doomsday disk that had just been fully activated quickly flew out of his sleeve.

It turned out that he was stalling for time just to activate this thing!

The Doomsday disk drew a black mark in the sky.

Reverse Devil sneered and said fearlessly, "Hehe, this devil is different from the past. A mere replica of the Doomsday Disk can't harm a single hair on this devil's head..."

However, he discovered that the trajectory of the doomsday disk had turned without any warning and shot towards the center of the square.

At this moment, reverse devil discovered that there was a strange blood coffin standing there.

As an evil spirit, reverse devil could sense how dangerous the existence of the blood coffin was. His face immediately sank. "Bastard! You want to divert the disaster?"

However, when he understood Su Yu's intention, it was already too late.

The imitation world-ending plate was indestructible and destroyed the blood coffin's cover on the spot.

Without the seal on the coffin's cover to suppress it, the evil creature in the blood coffin finally escaped!

Bang --

Sure enough, with a loud sound, the blood coffin was torn into pieces.

The stinky dark green corpse water splashed in all directions.

A deep murderous aura, like a volcano erupting, enveloped the surroundings.

Even Reverse Devil's expression was solemn as he stared at the blood coffin.

In the dark green corpse water lay a ten-meter-tall creature.

It had the body of a human and was covered in dark red hair.

Its two hands were extremely long and its fingers were black. Sharp black nails that were half a meter long grew on its fingertips.

They were sharp and filled with poison.

The creature's corpse moved without wind and slowly floated up from the ground.

Its tightly shut eyes slowly opened, revealing a pair of pale, lifeless eyes.

Ten extremely sharp and sinister ghost claws swayed in the air, resembling ten venomous snakes dancing in the air.

His head turned stiffly, emitting cracking sounds. His pale eyes swept across the living beings present, and a deep voice filled with desire rang out from his throat.

At the same time, waves of primal energy surged out from his body like a tsunami, from weak to strong, continuously rolling in all directions.

When they were surrounded by that primal energy, everyone felt extremely insignificant, as if the other party could destroy them a million times with just a thought!

The difference between their levels caused their hearts to tremble.

Su Yu's eyes revealed shock. Only one type of life form could possess the primal energy, and that was..

Reverse Devil's expression was even heavier than Su Yu's as he said in a low voice, "Emperor's corpse!"

Emperor's corpse, the corpse of the Emperor of Heaven and earth! !

The red-haired corpse's pale eyes revealed a dazed expression as he lowered his head to look at his body and ghost claws. His throat let out a hoarse and intermittent hissing sound, "Blood... i... Want to drink..."

Before he could finish his words, a member of the Eternal Night Imperial family that was being controlled behind reverse devil suddenly let out a shrill scream.

A black shadow escaped from his body and returned to demon rebel's body.

The imperial family member was reduced to skin and bones, and his life force was extinguished.

The red-haired corpse's mouth was filled with bright divine blood.

He wiped his lips, and the hissing sound in his throat became much clearer. "Delicious... I still want to drink!"

Traces of cold air appeared under Su Yu's feet. He couldn't see that he had moved at all, but... that imperial family member's flesh and blood had been mysteriously sucked dry!

He understood that it was not that the red-furred corpse had not moved, but that Su Yu's cultivation level could not capture his movements at all!

Hearing the hissing sound, Su Yu's expression changed drastically. He picked up everyone and immediately used the Taiji Yin-yang wings to escape.

However, at the instant he moved, a ghost claw landed on his shoulder without any warning.

A fishy and cold wind blew leisurely from the back of his neck.

Chapter 1567 The Mastermind Behind The Scenes

Su Yu's heart contracted, and all the hair on his body stood on end. The divine power in his body couldn't help but boil.

The 8000 Divine Dao he cultivated appeared on its own.

A great omen of danger was beating wildly in his chest!

But right at this moment, the fishy wind suddenly dispersed, and a miserable scream came from the reverse devil's side.

Another person from the Eternal Night Dynasty had died tragically!

Su Yu fixed his gaze over, his heart filled with bewilderment.

The target of the red-furred corpse should have been Su Yu! Why did he change his target midway?

The reverse devil was filled with rage and shock, and he glared at Su Yu with hatred. "You really deserve to die!"

With a tinge of panic in his heart, the reverse devil brought Eternal Night Nine Suns and swiftly charged towards the top of the cliff.

As for the ordinary people, under his control, they fled in all directions.

The red-furred corpse pounced at random, and screams filled the air.

Taking advantage of this opportunity, the demon rebel escaped from the platform.

Su Yu took a step before the demon rebel and rushed straight to the top of the cliff.

After half an incense stick's time, the top of the endless high cliff was finally revealed.

It was a floating island.

It was entirely purple-gold in color and looked like a beast core. It was extremely large.

As soon as he jumped onto the island, gusts of cold wind immediately swept over.

What entered his eyes were Black Mountains that were extremely big.

Every mountain was wrapped in dense chains.

It was as if something in the mountains was sealed by the chains.

Su Yu looked at the nearest mountain and observed it for a while. He was secretly surprised.

Su Yu was quite familiar with that mountain!

There was a similar mountain in the immortal's Cave World of eternal night.

When Su Yu dug it out, he obtained a huge head that had been suppressed for countless years.

The mountain in front of him was even bigger, but it gave Su Yu the feeling that it was almost the same as a small mountain.

When Su Yu passed by a huge mountain, he saw the situation of the mountain clearly from above. Even though he was mentally prepared, he was still shocked.

From above, where was the mountain? It was actually a huge creature that was ten million feet tall.

They had long been destroyed, but their bodies were not destroyed. The heavens could not bury them, and the Earth could not be destroyed. Until now, they had turned into a mountain and stood tall.

The strangest thing was that their form was exactly the same as a statue that Su Yu had seen in the maze!

When they crossed over another mountain, the situation was similar.

Looking at the densely packed islands and the towering mountains that were bound by chains, Su Yu's eyes were filled with shock. "Where exactly is this place? Why are so many powerful creatures imprisoned until they died?"

All of a sudden, a powerful fluctuation was emitted.

Su Yu felt a chill in his heart. He hid his aura and led the group in stealth.

After passing hundreds of mountains, Su Yu was attracted to the center of the island by the strange movement.

There was also a huge mountain there.

The difference was that this mountain was not dead, but an ice mountain!

The ice mountain was 70 million feet tall, seven times taller than an ordinary mountain.

Terrifying cold air poured out of the iceberg, freezing the surrounding mountains into snow.

In front of the dazzling iceberg was a creature that was using a powerful divine ability to attack the iceberg.

Each time, the iceberg would shake, and a layer of cracks would appear on its surface.

“Hehehe, vile daughter, I’ve waited for 100,000,000 years, and I’m finally going to get what I Want!”The creature laughed excitedly as it attacked.

After several attacks, the iceberg collapsed with a loud bang, revealing the sealed object in the mountain.

It was a small courtyard that was bound by chains!

The strange thing was that the small courtyard was full of vitality. Butterflies danced in the air and fresh flowers bloomed. It was as if someone was taking care of it.

It was hard to believe that this small courtyard had been sealed within the iceberg for 100 million years!

The creature’s eyes were filled with excitement as it laughed loudly, “Vile daughter, come out! I’ve waited for this day for far too long!”

Su Yu was looking at it seriously when his eyebrows suddenly jumped and he left the spot without thinking.

Bang --

He had just retreated when he was hit by a fatal attack and was shattered by a mysterious palm print.

Su Yu looked back and saw that the one who attacked was actually that creature.

It turned out that he had already noticed Su Yu, but he did not say anything and continued to use his clone to attract Su Yu’s attention.

His original body circled behind Su Yu and gave him a fatal blow.

He did not expect Su Yu to be so alert and avoid this palm strike.

Su Yu looked at him. He also saw Su Yu clearly and immediately cried out in surprise, “Su Yu? How did you come here?”

Su Yu stood up straight and looked at him indifferently, “Hehe, why am I not surprised at all to meet you here... Fish Emperor, or should I address you as the Emperor of Destruction?”

This person was none other than the reincarnation of the world ending Emperor who was still watering the Brahma puppet!

The world ending Emperor rolled his eyes and said, “Su Yu, listen to my explanation. I just found out that the evil daughter was actually sealed here. After I heard the news, I rushed over immediately!”

Hearing this, Su Yu smiled faintly. “Oh? You think I will believe it?”

“Of course not!” The Emperor of destruction took a few steps forward, and his expression suddenly turned sharp as he suddenly disappeared from his original spot.

Su Yu was actually unable to see through that trajectory at all.

Weng --

Without any room for thought, Su Yu took out the supreme one Eastern Emperor Bell and enveloped himself within it.

At this very moment, the supreme one Eastern Emperor Bell was struck by an incomparably shocking attack.

The entire supreme one eastern emperor bell was vibrating so violently that it could not stop ringing!

Such a commotion was something that even the reverse devil might not be able to achieve.

The sneak attack did not succeed, and the figure of the Emperor of destruction appeared. His eyes were a strange shade of blue, like a hunter in the night, dangerous and sharp.

He looked at the supreme one Eastern Emperor Bell and said coldly, “Your reaction is very fast!”

Su Yu clasped his hands behind his back and stared at him. “You hid it very well!”

When the reverse devil appeared and destroyed the human world, the strength he displayed was not even one-tenth of this palm strike!

At that time, he clearly had the ability to destroy the renegade Devil with a palm strike, but he pretended to be weak.

The world destruction emperor said coldly, “Su Yu, I admire you very much. As long as you don’t interfere with my important matters, I can let you live!”

Su Yu said calmly, “Important matters? Hehe, a matter that has been planned for 100 million years, by selling out the other eight world emperors, and by sacrificing all the lives in the divine realm as the price?”

The world destruction emperor, whose gaze had been much gentler, suddenly became fierce and full of killing intent. “What do you know?”

Su Yu’s face darkened. “It seems that I guessed correctly.”

He had lied just now, and the World Destruction Emperor had not been aware that he had been fooled.

The World Destruction Emperor knew that he had been fooled, and he snorted coldly. “Don’t meddle in other people’s business!”

He shook his head, su Yu said, “I’ve been thinking about who had the great ability to tamper with the historical records of the descendants of the nine emperors, and who was able to collect the blood and flesh of the nine emperors and forge the nine emperors tablet. So, it was the former number one emperor of the nine emperors, the world destruction Emperor!”

“What a surprising truth.”

Now that he thought about it, the emperor of destruction spared no expense to fabricate the rumor that the evil daughter was sealed in the ancient tomb. His purpose was very simple and clear.

That was to draw the attention of all living beings to the ancient tomb.

As a result, no one paid attention to this place.

In fact, if the water of the divine realm hadn't flowed out of the cave here, no one would have paid attention to this place.

His schemes were so deep that even Su Yu admired him. As expected of the number one emperor of the past!

The emperor of destruction coldly laughed. "The number one emperor is still an emperor. How can I, the Emperor of Destruction, be mediocre forever? If I want to do something, I'll do what the nine dragons ancient God did. I'll be like the supreme ancient god that intimidated the absolute beginning and controlled the primordial chaos."

Thus, he planned everything to lure the evil daughter over and design a seal on her.

He wanted to obtain something from the evil daughter in order to break away from the emperor and ascend to a higher level.

However, for some reason, something unexpected happened.

The evil daughter was indeed sealed, but the emperor of destruction was also killed. A trace of obsession was awakened from the tomb-guarding spirit.

"Hehehehe..."an ear-piercing cold smile that sounded like metal rubbing against metal appeared unexpectedly.

After the demon rebel appeared on a mountain, he revealed his true form and said with a faint smile, "No wonder you are so afraid of my birth. I was thinking that you are actually afraid that I will fight with you for the evil daughter, right?"

If there was anything that the demon rebel was most afraid of, it was naturally possession.

The stronger the host, the more terrifying the demon rebel was.

And the demon rebel understood this very well. It was the demon Rebel's instinct to find a stronger person to possess.

If the reverse devil appeared, there was no doubt that he would get his hands on the sealed vile daughter.

To the Emperor of destruction, this was a huge problem.

Therefore, for the sake of the people and the world, this was just an excuse for the emperor of destruction, but in reality, it was for himself.

However, the reverse devil still appeared.

Furthermore, as expected, he sensed the vile daughter's existence and came here.

World Destruction Emperor's eyes turned cold. "Demon Rebel! You've experienced my methods before. If you don't want to sleep for another 100 million years, get lost!"

"Hahaha, back then, your original body couldn't do anything to me. Now that a remnant soul has reconstructed a body, what can you do to me?" Demon rebel sneered. "The evil daughter belongs to me. If you know what's good for you, get lost!"

Emperor of Destruction's killing intent surged, and his aura was astonishing. "It seems that only by chasing away those annoying flies can I enjoy the delicious food!"

Shua --

Emperor of destruction disappeared into thin air. In terms of weirdness, he was second only to the red-haired corpse.

Reverse Devil wasn't weak either. He sneered sinisterly and disappeared without a trace.

In the Void, a roar and a boom sounded, turning the sky and earth upside down.

Su Yu's light flashed, and he wisely chose to sit back and watch the battle.

The two powerful existences both had overlords level divine abilities, and they fought to the point of shaking the heavens and earth.

Not long after, the reverse devil roared and retreated from the void. His entire body was covered in wounds, and he was panting heavily.

On the other hand, the emperor of destruction wasn't panting, and he laughed coldly. "If you were to stay in the body of an emperor, this emperor would still be wary of you. Unfortunately, a mere demigod doesn't have the qualifications to fight against this emperor! Scram!"

Rebel Devil's face was filled with unwillingness as his rebellious intent erupted. "HMPH! You Won't be able to kill this devil. As long as this Devil Is Here, you can forget about taking possession of the vile daughter!"

The emperor of destruction frowned deeply, his vicious aura surging. "You really want to go head-to-head with this emperor?"

Rebel devil chuckled coldly. "If you take possession of the vile daughter, then that will be the day this devil dies!"

The two sides continued to argue, neither side giving way to the other.

Roar --

Suddenly, the strange roar of the red-furred corpse came from the abyss below.

The reverse devil's expression changed slightly and he said in a deep voice, "That Emperor's corpse is about to come up. With his strength, it's only a matter of time before he eats you and me. Are you sure you want to stand at a stalemate with this devil?"

The world destruction emperor frowned deeply. He wasn't willing either.

However, it was impossible for him to hand over the evil daughter!

All of a sudden, the world ending Emperor's gaze landed on Su Yu, who was watching the battle from the corner of his eye. He couldn't help but feel angry.

However, an idea suddenly appeared in his mind, "Reverse Devil, both you and I have the ability to absorb the vile daughter's dao fire. Both of us are worried about who will be able to enter the seal. Why don't we find someone to bring the vile daughter out? After that, who will be able to obtain the vile daughter will depend on their own abilities. How about that?"

Hearing this, reverse devil pondered for a moment before nodding his head in agreement. "Sure! But the person who enters will definitely not be able to absorb the dao fire."

"In that case, who are you going to send?" Reverse Devil asked.

The world ending emperor laughed. "The horizon is right before our eyes!"

Chapter 1568 Farewell To The Wicked Daughter

He looked at Su Yu leisurely.

Reverse Devil was stunned and revealed a look of hatred. However, after thinking about it, he agreed without hesitation, "Hehe, are you talking about Su Yu? If it's him, I won't object."

Oh? The eyes of the emperor of destruction flashed. Reverse Devil's straightforwardness made him feel that something was wrong.

However, the emperor of destruction was confident. "Hehe, then we'll have to rely on our own abilities from now on!"

The two of them landed together, one on the left and the other on the right. "You Heard It? This is your only chance to Live!"

Su Yu's eyes flashed. He wanted him to enter the seal and bring out the vile daughter?

This was exactly what he wanted!

From their tone, the vile daughter was sealed and couldn't fight back at all. It was effortless for them to dig out the DAO Master's blood!

How could Su Yu refuse such a heaven-sent good thing?

"I can help you bring out the vile daughter, but if you want to place a seal on me and threaten my life, then forget it," Su Yu said warily.

Emperor of destruction chuckled, "I can destroy you with a flip of my hand, so why do I need to rely on a restriction? As for what the reverse devil does, that's up to him."

The reverse devil said straightforwardly, "I don't rely on restrictions when I Kill!"

That was for the best.

After a pause, su yu asked, "May I ask what are the characteristics of the seal on the evil daughter's body?"

The World Destruction Dragon said that the evil daughter was about to break out of seclusion, so Su Yu had to worry about whether the seal on her body was still intact.

The world annihilation emperor calmly said, "There is a crystal-colored coin seal between her brows. If it is engraved, it means that the seal is still there."

If the seal disappeared... then she would have already escaped.

After pondering for a moment, Su Yu nodded. "Then, the two of you should retreat for now."

The World Annihilation Emperor and the reverse devil had a tacit understanding, and they retreated to a distance away.

Su Yu, on the other hand, carried the grand one eastern Emperor Bell and came to the edge of the sealed courtyard.

Out of caution, he first tried to use his divine power, magic treasures, and even a strand of his soul to break through the seal. Only when he found out that they were all safe and sound did he take a step forward.

The emperor of destruction frowned slightly, and the killing intent in his eyes deepened.

Su Yu's wariness and caution had a different meaning in the eyes of a living being who had lived for billions of years.

He had seen too many prodigies who had become famous overnight, and he had also seen young talents who had stunned many eras. However, those who were able to grow up were as rare as Phoenix feathers and unicorn horns.

Most of them had died during their growth.

And those who eventually grew up to become a giant had one thing in common -- they were all cautious and cautious.

Obviously, with his experience, he could see Su Yu's potential in the future, and he could also see that he could live longer than ordinary prodigies.

The probability of him growing up to become a giant God wasn't low.

With such a potential threat, the emperor of Destruction's desire to get rid of him grew stronger.

Devil Rebel's eyes flashed as the cold smile on his face deepened..

Su Yu sensed the subtle changes in the gazes behind him and silently entered the small courtyard.

Instantly, the warm sunlight shone on his body and the fragrance of the flowers wafted into his nose.

He felt extremely peaceful and warm inside. However, Su Yu wouldn't forget that the living beings in the small courtyard were the infamous evil daughter who once destroyed the entire God domain.

An indifferent existence who had massacred trillions of living beings and regarded the common people as ants.

"I've lived for hundreds of millions of years. There are still old friends who remember me." A clear and sweet female voice that sounded like the voice of nature drifted into her ears.

Su Yu was stunned. What a beautiful voice.

No Woman's voice that she had heard in her entire life could be compared to the voice of the person in the room.

That exquisite voice that seemed to come from the palace of Immortals made people intoxicated.

No matter how beautiful the sound of silk and bamboo in the world was, it could not be compared to her casual words.

Was such a woman really an evil, evil woman who destroyed the celestial domain? A thought echoed in Su Yu's mind.

However, it was quickly extinguished by him.

One can not judge a book by its cover, let alone just its sound?

With a hint of indifference, Su Yu pushed open the door. What entered his eyes was a simple and simple bedroom.

Pots and pans, everything was in place.

On the edge of the bed, a slender woman with black hair draped over her shoulders sat alone.

Her back was graceful, and her white clothes were as white as snow. Not a speck of dust could be seen on her.

At first glance, she looked like a white-clothed fairy who was trapped. It was heart-stirring.

Su Yu stared at her coldly and said, "Vile daughter, I've long heard of your great name."

Ever since she came to the forgotten divine territory, the name of the vile daughter had been passed through her ears. Today, she finally saw her true body.

The evil daughter lowered her head and fiddled with a communication magic tool. It was exactly the same as the magic tool in the ancient tomb.

From the other end of the magic tool came the furious roar of the world-destroying dragon. He was still besieged by the common people.

It sounded like he was much weaker than before.

Elephants were indeed powerful compared to ants. No matter how many ants there were, they could not do anything to him.

However, there was a limit to how powerful an ant that fell and could not move was. It was only a matter of time before it became food for the ants.

With a tap of her hand, the evil woman turned off her communication device. She raised her head and slowly turned around. "I have been concerned about your aura for a long time."

A dazzling jade face was facing Su Yu.

Just like the flow of time and space, the Evil Woman's face had a mysterious radiance that made it impossible to see through her face.

Su Yu felt slightly regretful. He really wanted to see the evil woman's true appearance.

However, it was no longer important.

“Is that so?” Su Yu said indifferently. With a flip of his palm, he took out the Indian silver bamboo sword. The blade was extremely sharp.

The Vile daughter was calm and unperturbed. She said, “Are you here to kill me too?”

Shaking his head, Su Yu said, “I don’t care if you die or if you live. I only want a drop of your dao master’s Blood!”

The vile daughter said quietly, “My blood? What for?”

“To save a person!” Su Yu stared at her forehead. Although the light was diffusing, a crystal-colored coin mark appeared.

What was slightly strange was that when he saw the coin, Su Yu’s heart slightly moved.

“It’s the woman you love, right?” The evil woman was calm. Although her eyes were isolated from the fog, it was as if she could see through the depths of Su Yu’s heart.

Su Yu immediately felt that his soul was being spied on. With a sharp gaze, he stabbed out with his sword. “I’m Sorry!”

The sword light was like a rainbow, leaving behind only a streak of cold silver light as the tip of the sword stabbed towards his shoulder armor.

He only needed one drop of the DAO Master’s blood!

However, at this moment, the evil woman slowly stood up and let out a long sigh. “I originally wanted to leave no one alive.”

She calmly stretched out two jade fingers and lightly pinched the silver sword, actually trapping it!

Su Yu only felt that the sword was unable to pierce through the indestructible Giant’s body. The force of the impact from his entire body rebounded against his body, causing his body to tremble violently and fly backwards. The silver sword in his hand even left his hand, it fell into the evil woman’s palm.

This was a sealed evil woman? Even the reverse devil and the world destruction emperor were inferior to her!

Suddenly, Su Yu’s expression changed. Her gaze focused on her forehead, and her expression was extremely unsightly.

The crystal-colored coin imprint had disappeared without anyone noticing!

She had actually broken free of the seal long before they arrived!

The one standing in front of Su Yu was not the sealed vile daughter, but a complete vile daughter in her peak condition!

A strong pressure enveloped Su Yu, and he felt as if he was instantly crushed into dust.

At this moment, the pressure was withdrawn, and the vile daughter moved lightly and walked in front of Su Yu like the wind.

Su Yu's heart pounded. The pressure just now was unintentionally released by the vile daughter.

If she was really willing, she could kill Su Yu countless times with just a thought.

The evil daughter sized up Su Yu. Her powerful gaze saw through his entire body. She said, "His entire body is a treasure. He has many inheritances on him, as well as 8,000 Divine Dao. It's shocking."

Although she said that she was shocked, there was not a hint of surprise in her tone.

"What I care about the most is the aura of an old friend." The evil daughter looked at Su Yu and hooked her finger.

The nine Jade Spiritual Pearl opened on its own and a black book flew out.

Su Yu's expression changed and he grabbed it with one hand, "Don't touch it!"

However, the book instantly landed in the Wicked Girl's palm.

The grade of this book was low and any treasure on Su Yu's body was more than a hundred times more valuable than it.

However, to Su Yu, this book was an irreplaceable load in his life.

"Heavenly Book of the Starry Sky?" The wicked daughter flipped open the book and the grand events of the true dragon continent flashed before her eyes.

The wicked daughter said, "What's the point of writing down the scenes of an ordinary cave world? It doesn't seem like something she would do."

Su Yu circulated his spatial energy and took back the Heavenly Book of the starry sky.

This was Xia Jingyu replacing his eyes and seeing the prosperity of the world. It was the deepest bond between Su Yu and her.

To outsiders, it was meaningless, but to Su Yu, it affected his entire life.

The evil daughter did not stop him and allowed Su Yu to take her back. She said, "I didn't expect her to still be alive."

Su Yu was puzzled.

Could it be that the aura of an old friend that the evil daughter mentioned was Xia Jingyu?

He remembered that Yun Yazi had once said that he hoped that Su Yu would forget Xia Jingyu and conclude that there would be no result between them.

Then he thought of the two mature portraits of Xia Jingyu and the red-clothed Xia Jingyu, Qing Yun, who had saved Su Yu due to fate in the reverse flow of time.

Who Was Xia Jingyu?

It seemed that from the very beginning, she was unfathomable.

Now, even the evil daughter knew her!

“However, it seems that she’s about to die.”The evil daughter looked at the black hair on Su Yu’s index finger and said faintly.

Su Yu wanted to ask her about it, but demon rebel’s impatient berating came from the outside world. “Surnamed Su, come out quickly. Don’t play any tricks!”

The Vile daughter looked out of the courtyard and said faintly, “Disturbing the peace and quiet!”

She turned her head to look at Su Yu. At this moment, even though Su Yu could not see her gaze, he could feel that she was considering whether to kill him or not!

All the hairs on Su Yu’s body stood on end as he secretly locked the time door.

“On account of the fact that you have a sliver of fate with her, I’ll let you live. However, you’re not allowed to leave my side for the time being,”the vile daughter said as a crystal-colored imprint appeared between her brows. “Bring Me Out.”

Su Yu wiped off his sweat. When he saw this scene, he couldn’t help but mourn for reverse devil and Emperor Destruction.

Shua --

With the vile daughter in tow, Su Yu left the sealed courtyard.

Emperor of destruction was extremely vigilant. He stared at the coin mark between the brows of the vile daughter and let out a sigh of relief.

After a dark flash, he sped over.

Reverse Devil’s reaction wasn’t slow either. he shouted from afar, “Surnamed Su, throw the vile daughter over. This devil will let you live!”

Emperor of destruction sneered, “Do you think he will listen to you?”

Demon rebel laughed, “Don’t tell me he will listen to you?”

“Of course he will!”Emperor of destruction smiled mysteriously and started to use hand seals.

Chapter 1569 The Blood Of The Evil Daughter

The replica world-ending plate in Su Yu’s arms was activated without any warning. It burst out with ten thousand rays of white light and sealed Su Yu and the evil daughter inside.

The world-ending plate could even transform into a cage?

Also, when could the emperor of destruction control Su Yu’s magic treasure?

Suddenly, Su Yu remembered that the emperor of destruction had personally demonstrated the power of the world-ending plate in front of the Mystic Crystal Mountain Range.

He must have done something to the world annihilation disc at that time.

At the critical moment, he could either kill Su Yu by surprise or trap him like this.

“Hehe, I only taught you the first form of the World Annihilation Disc. I didn’t teach you the second form, right?”The eyes of the emperor of destruction shone with a profound light.

There was no doubt that the cage was the second form of the World Annihilation Disc.

Under his control, the cage flew toward the Emperor of destruction.

The Reverse Devil’s lips curled into a mocking smile. “Hehe, unfortunately, I think he’ll listen to me too!”

A ten-million-foot-tall dharma idol appeared behind Su Yu.

It was the dharma idol of the heaven-defying emperor!

The emperor of Destruction’s expression darkened. “I almost forgot that you possessed the heaven-defying emperor before. You can control half of his consciousness!”

The avatar of the heaven-defying emperor suddenly lost control and attacked the cage.

The cage shook under the impact of the primal force. Although it wasn’t damaged, it stopped flying toward the Emperor of destruction.

The reverse devil took the opportunity to fly over and take the cage.

“Bastard!”The Emperor of destruction roared and flew over to take it.

The reverse devil laughed. “It’s too late! I’ve been holding back for too long. It’s finally useful!”

As he laughed, he licked his lips and gazed deeply at the vile daughter. His eyes were filled with greed and excitement, even his voice could not help but tremble. “Vile daughter of the Heavenly Dao Palace, I’ve heard so much about you! Ever since I was born, I’ve never tried to possess a dao master. Hehe, my long-cherished wish has finally come true today!”

“Stop right there!”The World Annihilation Emperor roared angrily, as if he knew what the reverse devil was going to do.

Unfortunately, it was too late. Defiant devil stretched out two black shadows and coiled around the wicked daughter.

The Emperor of Destruction’s eyes were about to pop out. “You’re courting death!”

He had planned for countless years before he died, and he didn’t hesitate to abandon the other eight emperors and the common people just to get the wicked daughter’s Dao Flame.

But in the end, he was doing this for defiant devil!

“World Destruction God’s Eye!”The Emperor of Destruction’s eyes were round and filled with a layer of gray light.

It shot onto reverse devil’s body and turned him into a stone, destroying all life.

This was the world destruction Emperor’s strongest divine art, also known as the petrification divine eye.

Any living being that looked at it would be petrified and destroyed. It was extremely terrifying.

Even reverse devil wasn't an exception.

"HMPH!" The world destruction emperor laughed in disdain. Just as he was about to snatch the cage, a Kacha sound rang out as reverse intent surged within the petrified reverse devil's body and instantly destroyed the petrification technique.

"Hahaha! Emperor Destruction! You Can't do anything to me! I've already taken over the body of the vile daughter!" Devil Overseer threw his head back and laughed. His legs wrapped around the vile daughter's legs as he sped toward her.

Emperor destruction roared, but it was useless. He could only watch helplessly as his countless years of hard work became devil overseer.

"Let me see how powerful the vile daughter Dao master's body is!" Devil overseer laughed excitedly.

However, in the next moment, defiant demon suddenly let out a miserable shriek, and his pitch-black body began to emit green-yellow smoke. "Ah! Your Consciousness... you... you've been sealed! !"

Defiant Demon's body seemed to have been electrocuted, and he retreated, returning to his eternal night body.

However, his pitch-black body suddenly froze, and the surrounding space and time were frozen forever.

The unexpected change caused the emperor of destruction to be stunned, and the expression of hatred on his face was replaced by shock.

When he looked at the wicked daughter, he noticed that her forehead was trembling. He gasped and said, "You... you broke out of the seal?"

Perhaps it was fear, but his teeth were chattering, and he couldn't speak clearly.

His face was ashen, and he didn't even want to turn around and run!

However, after he took a few steps, a layer of ice covered his body from the soles of his feet until only his face was exposed.

"It's rare to meet again, why are you in such a hurry to Leave?" The Vile daughter asked. Her tone was calm, and her beauty was like celestial music.

The world destruction emperor gritted his teeth as fear and despair filled his heart.

"Tell me, who was the one who taught you back then?" The Vile daughter raised her hand and the cage returned to its original form. She held it in her hands and played with it lightly.

The Emperor of destruction said in a deep voice, "I don't understand!"

The Wicked Girl looked at her with her snow-white clothes. "It doesn't matter if you don't understand. Just remember it!"

She didn't move, and the Emperor of Destruction's face was covered in ice.

Then, with a cracking sound, the ice sculpture of the emperor of destruction shattered into countless sparkling ice crystals.

She grabbed with her hand, and an ice crystal fell into her palm and melted into water.

Within the water, a blurry image filled the air.

A handsome man with white feathers on his back and blue eyes was pointing at the Emperor of destruction.

All of a sudden, the handsome man with white feathers seemed to have sensed something. His palm brushed across the image, and the image became blurry.

The evil girl stood there for a long time and murmured something that only Su Yu could hear, "Carefree emperor, it was you who set me up."

Unfortunately, Su Yu was shocked by the death of the world destruction emperor and didn't think about the meaning of the words 'Carefree Emperor'.

With a thought, the Star River Overlord level world destruction emperor was reincarnated and couldn't be any more dead!

There was also the reverse devil. He had obviously wrapped around the evil girl's body, but she wasn't affected at all.

Just how strong was she?

Su Yu secretly gripped the time door and slowly let go.

No, he must not activate the time door.

With the disparity between them, the vile daughter had already discovered it before the time door was activated.

The prerequisite was that the vile daughter was in a sealed state.

However, now that the vile daughter had broken the seal, she must not act rashly. Otherwise, not only would all her previous efforts be wasted, she would also implicate Yun Yazi.

Suddenly, the vile daughter turned her gaze towards Su Yu. "There's killing intent on your body."

Su Yu shivered and immediately suppressed the killing intent in his heart.

The Vile daughter stared at Su Yu for a moment before raising her finger. The Devil in the distance followed in the footsteps of the world destruction emperor and turned into ice shards.

Su Yu's hair stood on end as a sense of danger arose in the depths of his heart.

The Vile daughter wanted to kill him!

It was too late! Su Yu took out a handful of coins without hesitation.

Bronze, silver, and gold, he threw them at the evil daughter.

The evil daughter's eyes were still as calm as the clouds, but the killing intent in her words was already there. "I've changed my mind and want to kill a third person. I don't know why, but you always give me a feeling of unease."

Bang Bang --

Su Yu seemed to be able to hear the sound of his heart beating violently. The danger in his heart was extremely strong.

In the next moment, he was like the Emperor of destruction and the Devil Rebel, erased from the world.

However, Su Yu threw out a handful of coins that gave off a mysterious light. Three layers of light covered the wicked girl.

A crystal-colored coin mark appeared on the wicked girl's forehead.

The fear of death immediately weakened.

Su Yu's heart trembled and cold sweat broke out all over his body.

He had guessed correctly. The coins on the stone statue's chest were indeed something else!

They were the second guarantee to seal the evil girl!

When he saw the crystal-colored coin appearing between the evil girl's brows, Su Yu was deep in thought.

Now, it seemed that collecting coins was a wise decision?

The evil girl was slightly surprised, but only slightly.

"Quick thinking, not bad." The evil girl nodded lightly. With a wave of her jade finger, the light of the bronze coin was extinguished.

She waved her finger again, extinguishing the silver-white light.

Only the golden light was extinguished after three times.

However, just as the three lights were extinguished, Su Yu threw out three different colored coins and sealed it again.

The evil girl was expressionless and only extinguished the light.

Su Yu didn't hesitate anymore and immediately summoned the time door.

The time door opened, and an ocean-like aura of time and space rushed toward him.

It was as if the door was the entrance to the space-time reversal that had been connected for hundreds of millions of years.

"There is morality in heaven and earth, and it is prevalent!" A sonorous and powerful sound that had been heard for hundreds of millions of years came from the space-time reversal.

In the land of the divine realm, in the lost country, the longswords on the waists of many creatures left their owners and faced the time door.

The tip of the swords were facing up, and the hilts were facing down, as if they were defending the emperor of swords.

The Asura sword and the nine Indian silver bamboo swords on Su Yu's body were also out of control as they faced the time gate.

That posture was like a pilgrimage!

A pilgrimage to their emperor!

At this moment, the surging sword Qi that was like the great wilderness broke through the reverse flow of time and space and arrived at the other shore that had existed for hundreds of millions of years.

An old man dressed in a long black robe with monstrous demonic qi all over his body carried a wooden sword on his back as he stepped out of the stone gate.

His face was old, but his eyes were as sharp as lightning, containing a profound look that could see through the vicissitudes of time.

“Brother Devil Sword!” Su Yu was shocked by the reaction of the famous sword in the world when he appeared.

Devil Sword Wuya nodded and kept his eyes on the evil daughter. There was a sharp sword Qi in his eyes, and his pupils also turned into the shape of a sword.

“Evil daughter!” Devil Sword Wuya stared at her and said, “I’ve finally met you!”

The Vile daughter was a little surprised. She sized him up and said calmly, “You’ve been carrying on for hundreds of millions of years, and you only want to see me at the price of being turned into ashes?”

Wuya nodded and pulled out the wooden sword on his back. He said lightly, “I’ll also give you a sword! For my father, for the hundreds of millions of souls that perished in your hands!”

“Nine Yang Universal Sword Formation!” Wuya waved his wooden sword, bringing out eighteen layers of sword shadows.

The Sword Shadows flew everywhere. The upper nine swords turned into the heaven and Earth Sword Formation, and the lower nine swords turned into the nine Yang Sword Formation.

The two formations combined and finally turned into one sword.

It was an ordinary sword form, just like a swordsman who had just entered the martial path. It was the most ordinary sword form.

However, it was this sword form that made the evil girl, who had always been indifferent, show a look of approval. “Your swordsmanship is as simple as it can be, reaching the highest level! In terms of the profoundness of your swordsmanship, you have already surpassed the demon sword Emperor of the past. Not Bad, not bad!”

Ding --

The wooden sword pointed towards the evil girl's heart.

With a light sound, the evil girl raised her wrist and used the jade bracelet to block the sword.

"However, you have made the same mistake as your father." The evil girl shook her head and lightly pointed out, "No matter how profoundness the technique is, it is still a technique, and I am the Dao! Therefore, you will never be able to hurt me."

With a light push, this sword style was dissolved into nothingness.

Su Yu, who was watching nervously from the side, was disappointed and even hopeless.

A generation of Emperor of heaven and earth could not do anything to the sealed evil daughter and could not extract the DAO Master's blood?

However, at this moment, an old and light laugh echoed in the other side of space and time, "The Dao is indeed superior to the technique, but if the technique is at its peak, there is also something that the dao can not compare to."

Chapter 1570 Morning News, Evening Death

Hua --

A wave seemed to sweep out from the reverse flow of time and space.

In the depths of the boundless devil sword, as if enlightened, his eyes flashed with a brilliant light.

A Great Dao Law chain descended in a corporeal state. The chain contained extremely profound sword dao laws.

However, when the Great Dao chain approached him, it was immediately pushed away by the profound power on the surface of his body.

The evil daughter frowned slightly. "You reject the laws of Sword Dao. Don't you want to become a dao body?"

Devil Sword Wuya's eyes were clear. When he woke up from that realization, his aura was completely new,

"The absolute beginning created heaven and earth. Everything is Dao," devil sword Wuya muttered softly, as if he had transcended. "The chains of Great Dao Laws Are Dao and also shackles. It's fine if I don't want them!"

The wooden sword spun, knocking away the approaching law of the Heavenly Dao and disappearing into nothingness.

The remaining sword qi spread out, slashing toward the evil daughter.

She waved her hand lightly, and a thick and sturdy law of the Great Dao rippled out from the surface of her body, protecting her entire body.

The remaining sword qi splashed out, and the law of the Great Dao was actually defeated by the Supreme Holy Sword Dao in one strike.

The evil daughter's Dao was broken, and the sword Qi slashed through her entire body, leaving a bloody mark on her chest. It was like an ice-snow-colored plum blossom, gradually expanding.

Su Yu threw out the cave abode world he had prepared long ago and collected a drop of the DAO Master's blood.

With the DAO Master's blood in his hand, Su Yu bowed gratefully to devil sword emperor. "Thank you, Brother Devil Sword..."

Suddenly, Su Yu was slightly startled.

At this moment, Devil Sword Emperor held the wooden sword in his hand, and his entire body gradually disintegrated into particles.

His aura and life force quickly dissipated.

Su Yu's eyes revealed grief, and he bowed. "Brother Devil Sword, Farewell."

He had been in the depths of time reversal for a long time, and the pressure of time was too great.

Now, he would definitely be crushed by time when he left the time gate.

Before this, he had once asserted that he could only use one sword strike.

As expected, it was only one sword strike.

Unfortunately, he was unable to kill the evil daughter and only left behind a wound.

Mo Jian Wuya's body was transparent. He smiled as he looked at Su Yu and said, "Compared to sadness, I've been obsessed with the Sword Dao my entire life, but I wasn't fated with the Dao. Before I died, I understood the Dao that belonged to me, so I have no more regrets."

He cupped his hands toward Su Yu, leaving behind a bright smile that lingered in the sky.

"When the morning hears the Dao, I can die in the evening. Hahaha, I'm Going!"

The emperor of a generation had stood for a hundred million years. He had witnessed the prosperity and destruction of the divine realm. He had guarded the divine realm for tens of thousands of years. Now, his heroic soul had passed away.

What he left behind for all living beings was a sentence that had no regrets: "When the morning hears the Dao, I can die in the evening."

Su Yu was deeply touched. His soul sublimated, as if he had seen his own dao.

Suddenly, in the disintegrated fluorescent light, one of the fluorescent lights did not disappear with his heroic soul. Instead, it gathered into a wooden sword and fell into Su Yu's heavenly spirit.

That was the essence of the demon sword Emperor's life.

Not only was it swordsmanship, but he also spent his entire life comprehending swordsmanship.

Su Yu was grateful and bowed deeply again.

"Foolish creature, a technique is ultimately a technique. If you want to achieve the Supreme Divine Path, you still have to ascend to the Great Dao of Heaven and Earth," the evil girl said indifferently. There was neither joy nor sorrow as her

beautiful eyes looked towards the depths of the time door, she said, "Long time no see. You're still alive."

Within the time door, he walked out of the cloud cliff.

He looked towards the place where Devil Sword Emperor had disappeared. His old eyes were filled with loneliness and desolation.

When he looked at the vile daughter, he sighed, "Thanks to you, I only have a remnant soul left."

Su Yu listened in shock.

When he first met Yun Yazi, he was in the depths of a ruin. At that time, Yun Yazi was so weak that he could be ignored and was close to death.

So, his death was caused by the vile daughter!

Suddenly, Su Yu recalled that the vile daughter had descended into the divine realm for a person.

But now, it seemed that it was not someone else but Yun Yazi.

The evil daughter looked straight at Yun Yazi, she said, "Even if it's just a remnant soul, it's still as terrifying as before. It can help people gain enlightenment easily. As expected of the ninth hallmaster of the Heavenly Dao Hall, the Dao Master of Heavenly Books. He is well-versed in the books of the world and has grasped the wisdom of the world. He is well-versed in the secrets of the six paths. It is thanks to your nurturing that I am where I am today."

Su Yu secretly frightened.

Tiandao Temple, Master of Tenshu?

It's unexpected. It makes sense.

He was surprised that the evil daughter has been cloud cliff zi cultivation?

In that case, the peak of Yunyazi, far more than the evil daughter several times?

"Hehehe, so what if you know the Book of the world? So what if you master the Wisdom of the world? So what if you know the secrets of the six paths? In the end, you can't defeat human nature and have been schemed against until now?" Yun Yazi chuckled, and his laughter could not hide his bitterness.

Su Yu's light flickered. It sounded like Yun Yazi was almost defeated by the evil girl because he had been schemed against before.

Then, who was it?

What kind of plot was it that could make a master of wisdom, the Dao Master of heavenly book, not even be on guard against it?

In the past, an ordinary god of calligraphy in the divine realm, who only had a remnant soul left, was extremely difficult to deal with. He had placed Su Yu in a life and death situation several times.

Let alone the Heavenly Book Sect Master?

The Vile daughter was silent for half a minute before she said leisurely, “You weren’t the only one who was plotted against by him. I was also plotted against and sealed for 100 million years.”

Hearing this, Su Yu understood in his heart.

It was the carefree emperor.

Su Yu deeply remembered this name -- the person who had caused Yun Yazi’s downfall!

“Then, you still want to bring me back to the Heavenly Dao Palace today?” Yun Yazi asked.

The evil girl nodded without hesitation. “Yes! Regardless of whether you were sentenced to the Heavenly Dao Palace because of the plot, betrayal is betrayal. You must accept the punishment of the Heavenly Dao!”

Yun Yazi said slowly, “This is the reason why I betrayed the Heavenly Dao Palace. There is only the Dao and no humanity. Rather than saying that we have comprehended the DAO, it is more accurate to say that the DAO has manipulated us.”

Just as the evil woman was about to break the last layer of coins on her body, Su Yu immediately waved out the remaining three gold coins, ten silver coins and twenty bronze coins.

Twenty-five seals enveloped the evil woman and completely suppressed her.

Yun Yazi said, “Su Yu, you go first. Your master will hold on First!”

Su Yu said, “No! The person she wants to capture is you. If you stay, you will play right into her hands.”

Yun Yazi shook his head and said, “You are my disciple. If she catches me, she will definitely not let you go! To me, she might think of a way to bring me back to the Heaven Dao Palace, but to you, she might not.”

Su Yu understood his meaning. The easiest way to treat Su Yu was to kill him!

After pondering for a moment, Su Yu gritted his teeth and shouted, “Master, wait for me to come back!”

It was useless for him to stay behind. Not only could he not help the evil daughter, Yun Yazi also had to protect him and was distracted by this.

Rather than that, it was better to find backup!

Flying down the cliff, Su Yu immediately felt a deep stench of blood. It was the red-furred corpse!

He stood in the sky above the cliff, his pair of cold eyes seemed to be looking for prey that could be devoured.

Suddenly, he noticed Su Yu and let out a low growl from his throat.

The strange thing was that he didn’t attack Su Yu. He turned his head and continued to search for his target.

Su Yu’s eyes flashed as a great battle intent gushed out from his body.

The red-furred corpse in the darkness suddenly turned its head and stared at Su Yu. Its pale eyes were filled with a strange light.

Su Yu said, "It really is you, the Battle Heavens Emperor!"

This emperor's corpse was none other than the remains of the Battle Heavens Emperor.

No wonder he treated everyone like food, only Su Yu let him go.

It was because Su Yu had the battle intent of battle Sky Emperor!

While thinking, Su Yu took out a drop of Emperor's blood and placed it between his fingers.

Su Yu felt a strong wind blow his face, and the divine blood between his fingers disappeared without a trace.

At the same time, a thick bloody smell came from his side, along with the murderous aura that was so close to him.

Turning his head to look, the red-haired corpse stared at Su Yu with its pale eyes. It continuously roared and let out a desperate will.

Su Yu was calm and said, "Do you want it? Then follow me!"

Swoosh --

He flew up into the sky and returned to the top.

Yun Yazi and the wicked girl were no longer there.

Only waves of terrifying aura filled the entire place.

Su Yu's heart tightened!

At this moment, a gust of wind arrived beside Su Yu and said hurriedly, "Why are you back?"

It was Yun Yazi!

However, his soul body was transparent and weak. Traces of ice could be seen everywhere.

Shua --

A beautiful figure floated in the air as the evil woman appeared.

She was still as spotless as before, forming a stark contrast with the weak Yun Yazi.

"Just by relying on your soul body, you were able to take ten moves from me. The strength of your soul is far stronger than when you were in the Heavenly Dao Hall," the evil woman said indifferently.

Yun Yazi laughed self-deprecatingly, "A defeat is a defeat. There's no reason to find out. I'm willing to follow you back to the Heavenly Dao Hall, but I can let him go. He and I are only in-name disciples. He has never received my true inheritance, nor has he told me anything about the Heavenly Dao Hall. There won't be any threat."

The evil woman looked at Su Yu and shook her head lightly, "You don't have the right to choose. Since I want to take you away, I want to get rid of him."

A faint killing intent appeared in her eyes.

Su Yu's eyes flashed, and he instantly took out a large amount of divine blood and sprinkled it on the evil woman.

The evil woman didn't even think about it. She pointed her finger and scattered the divine blood into nothingness.

Roar --

The red-haired corpse pounced toward the divine blood, but it was hit by the aftermath of the Evil Woman's attack. It immediately flew into a rage, emitting a fierce aura. It roared and pounced toward the evil woman.

Su Yu held Yun Yazi and said, "Master, quickly leave!"

Yun Yazi was rather weak and nodded without hesitation.

He rolled up his sleeves and Su Yu immediately felt that time and space were in disorder. In an instant, he appeared outside the cave.

He had rushed to the depths of the cave for ten consecutive days.

Yun Yazi had easily brought him out of the cave. His strength surprised Su Yu greatly.

However, after using this move, Yun Yazi became more than half transparent again. He was extremely weak and showed signs of dying.

Su Yu knew that Yun Yazi had reached his limit. If he tried again, he would definitely die.

"Master, you should rest. Leave the rest to me," Su Yu said.

Yun Yazi shook his head bitterly. "You are not her match. No one in the divine realm is her match."

"That might not be the case!" Deep within Su Yu's eyes, there was a profound light. "Master, you'll have to wait and see!"

Within the Abyss.

The Vile daughter was still spotlessly clean. Beneath her feet lay a red-furred corpse that was barely breathing.

He was on his last breath. Only a trace of his instinct remained as he struggled.

"You've delayed my mission." The Vile daughter was expressionless. With a tap of her finger, an extreme whirlpool formed.

In the next moment, the battle Sky Emperor's corpse was completely crushed.

However, because of this, the vile daughter was delayed for a full ten days.

She took a step forward and appeared in the plaza where the red-haired corpse was.

She took another step forward and appeared in the insect pond.

"HM?" Just as she was about to cross over, she raised her eyebrows and raised her sleeves to form a great dao chain around her.
