

Nine-Dragon 1571

Chapter 1571 Took The Initiative To Counterattack

A sudden explosion sounded from the side of the insect pond.

Countless strange insects were alarmed and rushed out in full force towards the evil woman.

The evil woman frowned. "We're in trouble."

Her body moved without any wind and swept up the mist, blowing across the sky.

Those extremely fierce strange insects were all killed, not leaving a single one alive!

From the beginning to the end, her eyes did not look at those strange insects. Instead, she stared at a crystal embedded at the bottom of the insect pond.

It was a scarlet crystal that was smooth and round.

The explosion of the Talisman had cracked the crystal, and sticky liquid flowed out of it.

The evil woman waved the power of the DAO Master, and the crystal cracked.

However, it immediately cracked again.

As more and more liquid flowed out, the crystal let out a painful groan. Then, a strand of life force was extinguished.

The evil woman stood by the insect pond and frowned. "That human didn't intend to destroy the egg of Taotie. He's really in Big Trouble!"

She raised her eyes and looked at the top of her head as if she had sensed something awakening. A rare look of fear appeared on her face. "We must end this quickly."

In the next moment, her beautiful figure disappeared without a trace.

Two hours later.

In the ancient tomb.

The world-destroying dragon was riddled with holes after being annihilated day and night by the common people.

The destructive power of the past was no longer there. Only the dying body of the dragon was left.

"Everyone, kill the World Destruction Dragon. His flesh, his spine, and his dragon tendons are all supreme treasures of the Divine Realm!" The crowd let out a heaven-shaking shout.

In this battle, countless lives were destroyed.

In front of the ancient tomb, the corpses of all living beings had long been piled up, forming a mountain that stretched for countless miles. The mystic crystal mountain range of the past was recreated.

Such a huge sacrifice had finally brought about the final victory.

The World Destruction Dragon was also about to die!

With hatred, all the living beings attacked.

The World Destruction Dragon that was on its last breath still proudly raised its head, and its vicious aura did not diminish. "A bunch of ants, if you want to kill me, you'll have to die too!"

Roar --

Amidst the huge dragon's roar, the world destruction dragon spat out an incomparably huge black ball from its mouth.

The ball contained a shocking amount of world destruction dragon power. It was the World Destruction Dragon's Dragon Pearl!

The World Destruction Dragon Power within it was the World Destruction Dragon's entire life's worth of dragon power. It was only because it was sealed by a brush that it was unable to unleash the dragon power within.

However, it was still able to detonate it.

"Ants, all of you can die!" The World Destruction Dragon Roared angrily as it activated the Dragon Pearl to self-detonate.

However, at this moment, a delicate hand held the dragon pearl.

The Dragon Pearl that was about to explode was quickly extinguished.

"World Destruction Dragon, we haven't seen each other for hundreds of millions of years. You have fallen so far. You are willing to die together with a group of ordinary creatures," the evil woman appeared and said indifferently.

The World Destruction Dragon roared and laughed excitedly, "Master! You... you have finally broken the seal!"

The evil woman nodded and fell on the world destruction dragon's head like snowflakes. She threw the dragon pearl into its body and said, "Yes, I'm Back!"

"Hahahaha... I knew that master would definitely break the seal!" The world annihilation dragon laughed maniacally as it looked at the dazed commoners. It said mockingly and coldly, "A bunch of lowly ants. You are destined to be destroyed!"

The commoners sucked in a breath of cold air. No one dared to attack anymore. All of them stared at the spotlessly clean white figure.

Was that the legendary evil daughter, the heaven-defying existence who had once destroyed an entire God domain civilization?

"Everyone, don't be afraid. She might not really be an evil daughter!" A creature mustered up his courage and charged forward.

The moment he moved, he immediately attracted many of the creatures following him.

The creatures once again launched their attacks.

However, this time, a total of 100 million creatures suddenly fell like a tide.

The Black Mass was like a group of running ants that had been trampled to death by the invisible giant palm. They fell one after another. Their eyes dimmed, and their souls were destroyed.

Their bodies, without exception, turned into ice.

In a breath's time, 100 million lives were destroyed!

Cold air rose from the soles of the living beings behind them. They stared at the evil woman as if they were looking at ghosts. No one dared to step forward anymore.

“Where’s senior Su? Where’s senior Su?” At the critical moment, they thought of Su Yu, the omnipotent Su Yu!

The Evil Woman looked down at the living beings and said indifferently, “I also want to know where he is hiding.”

Her beautiful eyes swept through the surroundings and swept through the divine realm and the lost kingdom. However, she didn’t find anything.

He was hiding! At least, that was what she thought.

The evil woman swept her gaze over all living things and casually tapped her finger. A group of figures couldn’t control themselves as they flew towards the evil woman.

Among them, there was the Saintess Temple master that Su Yu was familiar with, the heartless branch leader who had given him a bracelet and saved his life, as well as the two princesses of the mermaid tribe..

Those were all people related to Su Yu.

The evil daughter used some kind of supernatural power to capture all of them without revealing any of them.

She pointed her finger and the group of people were bound in the air.

“Since he is hiding, let him come to me, unless he doesn’t care about their fate.”

Then, the evil daughter clenched her five fingers and pulled out the writing brush from the world-destroying dragon’s body.

The world extinguisher dragon broke free and let out a joyful and excited dragon roar. He, who was originally riddled with injuries, recovered in an instant after he regained his freedom.

He stared at the common people with a sinister smile. “What about them?”

The evil girl did not hesitate and said, “Do whatever you want with them.”

The world extinguisher dragon let out a deep, sinister smile. “Thank you, Master!”

A black shadow flashed past, and the world extinguisher dragon swooped down and ate tens of thousands of lives in one bite.

The creatures were finally defeated by panic and fled in all directions in fear.

The World Annihilation Dragon trailed after them and continued to eat them. It laughed as if it was taking revenge, “Run, run as far as you can. Tell Your Savior to stop hiding. Tell him to come and save you, Hahaha!”

His action was to spread the news of this place to Su Yu’s ears.

What they didn’t know was that Su Yu’s real body was in a place that no one would have thought of.

Asura forbidden land!

He directly descended outside the first forbidden land. In front of the array, he left behind the control magic artifact of the second seal that he had stolen in the past.

The duck-billed beast was behind him and said, “Human, have you really decided to open the asura forbidden land? The emissary won’t Be Kind to you for your previous obstruction.”

Su Yu did not say anything. He turned around and left the forbidden land of Asura. He whispered, “This is exactly what I want.”

Forbidden Land of Ten Thousand Devils!

“Your Dragon Pearl.” Su Yu put down the Dragon Pearl and stared at the creator Dragon in the hole.

The creator Dragon was overjoyed. “Hahaha, you are indeed honest!”

With a flash of his eyes, the creator dragon said, “Kid, how is the cultivation of the ‘Dragon Abyss treasured scroll’ That I taught you?”

Su Yu replied, “Just a superficial knowledge.”

The creator dragon nodded in satisfaction, “Not bad, not bad. In time, I will definitely reach a new height.”

“I have something on, I will take my leave first.” Su Yu cupped his fists and bid farewell.

The creator Dragon watched him leave, the gratification on his face disappeared, replaced by a trace of cunning and anticipation, “Hehe, it seems that I have hope of breaking through!”

Red Dust Forbidden Land!

Su Yu stopped in front of a misty cave.

If he took another step forward, he would never be able to step out of this mysterious land.

Su Yu took out a scroll with Xia Jingyu’s portrait on it.

In the Peaceful Cave, the pink fog immediately swirled and a beautiful figure stepped out from within. She looked around carefully and vigilantly.

She was none other than Cai Lin. To be precise, she was the Cai Lin who had fallen into a dream and was being controlled by mistress red dust.

“It’s You?” Mistress red-dust was on her guard, her heart still filled with fear from what she had seen that day.

She stared at the portrait in Su Yu’s hand, her eyes flickering violently. “Where did you get the portrait from?”

“Of course, it’s the end of the divine realm that you saw.” Su Yu gave a faint smile.

Mistress red-dust’s expression changed again, and she said in fear, “What is your relationship with that Lord?”

The Lord she was referring to should be Yun Yazi, if nothing went wrong. However, Yun Yazi denied it, saying that she was frightened by the portrait.

However, how could the painting hurt people?

It didn’t look like it was a fake since she was severely wounded that day.

“You want to see him?” Asked Su Yu.

Mistress red-dust shook her head and stared at Su Yu. “What do you want from me?”

Su Yu said indifferently, “It’s simple. Do Me a Favor?”

“Haha, Why?” Mistress red-dust sneered. “I don’t remember owing you a favor.”

Su Yu said, “On the basis that I can bring you back to the absolute beginning realm.”

Mistress red-dust’s face froze. She became serious. “Are you sure?”

“It’s true!”

“Alright, what do you need my help with?”

Su Yu smiled mysteriously.

After leaving the red-dust forbidden land, Su Yu looked at the ancient tomb.

Ten days after he left the cave, Su Yu had been setting up the three forbidden lands. He had met many creatures that were running away, so he knew a lot of information.

“As expected,” Su Yu said leisurely as she stood at the peak of a mountain.

Su Yu had long expected that the evil daughter would take the lives of ordinary people.

However, she had never thought that she would be so powerful that not a single person in the divine realm who had any connection with her would be captured.

“You want to go back?” Yun Yazi asked.

Su Yu nodded. “I won’t kill Bo Ren. Bo Ren died because of me.”

“If you go back, will she let them go?” Yun Yazi tried to persuade Su Yu.

Su Yu shook his head. “Whether I go back or not, the evil daughter will not let them go. I understand.”

He was not that simple, nor was he that childish.

“But, I have to go! The grudges of hundreds of millions of years should be settled in my era,” Su Yu said leisurely. He turned into a breeze, invisible and invisible.

In the ancient tomb.

Five days passed.

This place had long been reduced to a dead land. Corpse Qi was everywhere, and corpses were everywhere.

A Devil Dragon was walking on the corpses, bored to death.

A snow-like fairy was sitting cross-legged in the air quietly.

The devil dragon sized up the captive creatures and said coldly, “Five days have passed. If the human race surnamed Su had the guts to come, they would have come long ago. Master, Why Waste Time? Kill them all, and we will search the god domain and the lost country three feet away!”

The evil woman shook her head indifferently. “We don’t have much time. We don’t have time to search.”

“The human clan is a cowardly race. They are ruthless to their own people and cowardly like Mianyang to the outside world! “On the list of the ten thousand races, they are the lowest-class, inferior race!” Devil Dragon said disdainfully. “With Master and me here, I don’t believe that the human clan dares to come!”

The evil woman opened her eyes, she pondered, “What You Said is not unreasonable. The human race is also a low-class race in the absolute beginning realm! However, even the human race has some superior races. For example, the Human Dao master, Emperor Xuan Yuan, and Su Yu who really dares to come here.”

She stood up slowly, her eyes looking in a certain direction.

Demon Dragon also sensed her. He squinted his eyes and sneered, “He really dares to come here to die. I wonder where his courage comes from! I want him to die a quick death and suffer less torture!”

Chapter 1572 The Princess Reappeared

Xiu --

A figure like a white feather floated in the air. Su Yu’s silver hair danced in the wind, and his crown was shining brilliantly.

His eyes were clear and quiet as he stared at the two of them.

“I’m here. Let Her Go,” Su Yu said calmly.

The evil daughter said calmly, “Just like your master, you don’t have the right to choose in front of me.”

In the next moment, Su Yu's surroundings tightened. His entire body was inexplicably bound, and he couldn't move.

The evil daughter swept her gaze across his body and said, "You're very smart. You've found some power to negotiate for yourself!"

Yun Yazi wasn't with him. Su Yu had hidden him.

"That's why I said, let him go," Su Yu said indifferently.

The world destroying dragon sneered, "Stupid creature, do you think you can threaten master? Kill them and then forcibly search your soul. The result will be the same!"

With a sweep of his dragon tail, he crushed the Saintess Palace Master and the others.

With a pop, the dragon tail was gone.

It was the evil girl. She lifted her finger and teleported them away.

The restraints on their bodies were also removed one after another.

"Master, you..." the destruction dragon was a little surprised and confused.

Could it be that master compromised with a tiny human creature?

The evil girl said indifferently, "I have always been clear about rewards and punishments. Since you dare to come, you deserve to be rewarded. Your people have been released, and you..."

The Evil Girl's eyes were deep as she pierced through Su Yu's soul and performed a soul search.

However, all of a sudden, the evil girl's eyes retracted and she said, "The soul defense of the Hall Master of Heavenly Book Hall? No wonder you dare to come."

It turned out that Su Yu had already expected that he would definitely encounter a soul search. He asked Yun Yazi to make a move and use his powerful soul power to cover him with a layer of defense.

Although the evil girl was strong, her dao of soul might not be comparable to Yun Yazi.

"In that case, do I need to torture you?" The evil daughter pointed in front of her and seemed to be thinking.

Su Yu shook his head. "You don't have to. If you want to find Yun Yazi, you can follow me. Of course, this dragon has to come too."

The evil daughter looked at the many creatures that had just been released and seemed to understand something. "You're worried that I'll go back on my word? So You Want to lure me away? Or, do you want to lure me into a dangerous situation?"

Su Yu smiled indifferently. "Then, in order to capture Yun Yazi, do you dare to go into danger?"

Suddenly, the evil girl smiled. Her voice was extremely melodious. "Hehe, it's been a long time since a creature dared to speak to me like this! As a reward, I'll go with you."

"Go with you" was a great confidence. She also had the right to be so confident!

The world extinguishing dragon stared at Su Yu with killing intent. “Master, why did you give in to him? I have countless methods to interrogate him. Even if the Emperor of Heaven and earth fell into my hands, he wouldn’t be able to withstand it. He would definitely reveal the truth!”

The evil girl said slowly, “Despair is the best method of interrogation!”

“Moreover, we don’t have the time to interrogate him.” The evil girl looked up at the sky. In the depths of the void that others couldn’t see, a pair of dark and greedy eyes appeared. They looked down at them mockingly from afar.

It was that ferocious creature that had awakened!

The next moment.

The Asura forbidden land.

The first seal had been completely broken. Countless asura creatures wandered around in search of prey.

Their arrival undoubtedly attracted the attention of the asura creatures.

The evil girl only smiled indifferently and took a step forward. With her as the center, all the asura creatures within hundreds of millions of square meters were frozen and died on the spot.

She turned around and glanced at Su Yu. “That’s All?”

Su Yu didn’t say a word. He stepped on the corpse of the Asura creature in the first seal and came to the depths of the seal.

The seal and control magic tool that Su Yu had left a few days ago had long disappeared.

The second sky seal that had been sealed for a long time was unsealed as expected.

Black Dragons at the third sky danced in excitement and breathed in and out dense asura power. There were tens of thousands of them!

These were the dragon-shaped creatures that Su Yu had seen when he passed by the Forbidden Land of Asura.

The world extinguishing dragon laughed, “A bunch of ants!”

However, when he heard the world extinguishing dragon’s breath, the dragon-shaped creatures were all annihilated.

Roar --

In the depths of the seal, there were several powerful roars.

Su Yu’s eyes lit up. Those roars were not weak. They should be at the level of an overlord of the galaxy!

Sure enough, the dragon’s breath disintegrated. Three Golden Dragon Shadows shot out like lightning. They spat out powerful dragon breaths and swept the world-destroying dragon breath back.

The world-destroying dragon was stunned. It sneered in disdain, "They're just bigger ants!"

It swung its huge dragon tail like black lightning that cut through the sky. The three golden dragons were instantly crushed. Their bodies and souls were destroyed.

Licking the dragon blood that was left at the corner of his mouth, the world destruction dragon looked at Su Yu with pity. "That's all!"

Su Yu did not say anything. He deeply remembered that the bull-headed creature with the strange horns on its head was also an Asura messenger like the sea of bitterness giant.

He took a few steps forward and arrived at the depths of the second seal.

From Afar, he could see a golden ocean undulating in the depths.

When they looked closely, they felt a chill run down their spines.

That wasn't an ocean, but ten thousand Golden Dragons!

They gathered together as if they had been summoned and were attacking a palm print in the depths of the seal with all their might.

The palm print had clear lines and seemed to have just been imprinted not long ago.

Thick and extreme shaman power filled it.

Ancestral Shaman Power!

Su Yu immediately recognized that it should be the last seal in the core of the Asura forbidden ground.

What was sealed within was unknown!

But what he could imagine was that the second seal contained 10,000 Star River Overlord Level Golden Dragons. Then the third seal was unimaginable!

In the center of the Golden Ocean, there were three special existences.

One was a monster with two silver-white horns on its head. It was eight feet long and gave off an extremely powerful aura. It was above the many golden dragons and its strength was at the peak of Overlord level!

It was that monster with the bull's Head!

Beside it was someone Su Yu was quite familiar with.

Princess Yun Xia!

She stood on the shoulder of the monster with the bull's head. She held the sealed control magical artifact left behind by Su Yu and released the sealed Golden Dragons one by one.

Only then did she gather over ten thousand Golden Dragons to destroy the seal together.

Suddenly, the monster with the bull's head turned around and looked over from afar.

Princess Yunxia also looked over. She didn't know the evil daughter and the world extinguishing dragon, but she wouldn't forget Su Yu even if he turned into ashes.

“Su Yu! It’s You!” Princess Yunxia gritted her teeth and her eyes were filled with deep hatred. “Golden Dragon, go and destroy her!”

The Minotaur wanted to stop her, but it was too late.

Ten Golden Dragons flew over. Just the power of an overlord was enough to intimidate any living being to death.

The world annihilating dragon sneered, “Su Yu, you’ve attracted a lot of enemies.”

Su Yu just smiled. Not only did he not have the intention to attack, but he crossed his arms as if he was watching a good show.

It was as if he was not the one who was going to be destroyed!

The world annihilating dragon was stunned for a moment before he came back to his senses.

If he died, who would tell them where Yun Yazhi was hiding?

“Su Yu, you...” the world annihilating dragon did not hide the anger and killing intent in his eyes.

Su Yu was unmoved. He stood there with a faint smile on his face.

The world extinguishing dragon was extremely unwilling to help Su Yu and stop the Golden Dragon.

Consort Yunxia warned coldly, “No matter who you are, if you help Su Yu, you will become the enemy of the Xuan Ming Dao Master!”

The world extinguishing dragon, who was already angry, became even more furious when Consort Yunxia warned him. He laughed angrily, “Who does the Xuan Ming Dao Master think he is? Even if you come before me, you still have to show me some respect!”

“Scram!” The world extinguishing dragon roared loudly. Its roar formed a shockwave that contained pure world extinguishing dragon power as it charged forward.

The ten tyrannical golden dragons were caught off guard and were shattered by the shockwave. They gradually dissipated like light shadows.

Consort Yunxia was extremely furious. She glared at Su Yu and said, “I should have known that you didn’t have any good intentions when you left the seal to control the magical artifact! You had long since calculated that we were at the most crucial moment to break the three Heavens Seal, right?”

Having interacted with Su Yu for many years, Consort Yunxia had a psychological shadow over the power of Su Yu’s schemes. She naturally believed that the world-destroying dragon and this mysterious woman in white were arranged by Su Yu on purpose.

And his uncharacteristic initiative to return the control magic weapon was seen by Consort Yunxia as an ill-intentioned scheme.

Su Yu shrugged nonchalantly, causing others to be unable to understand what he was thinking. He gave off an unfathomable feeling.

In reality, Su Yu had never set foot inside the second seal. How would he know that there were so many terrifying golden dragons here? How could he be considered scheming?

He came here for another purpose.

“Su Yu! If I don’t destroy you, I swear I won’t be a human!” Consort Yun Xia sternly berated.

The silver-horned ox-head monster’s eyes were cold as he said in a deep voice, “Miss Yun Xia, don’t be agitated. Our top priority is to break through the final seal as soon as possible and release the Lord.”

Princess Yunxia shook her head coldly. “You don’t understand. This child is far more scheming than you can imagine. If we let him go, let alone release the Lord, I’m afraid we will all be destroyed in an instant.”

Regarding this, Princess Yunxia had an unusually positive attitude, which caused the silver-horned ox-head monster to be extremely surprised.

Princess Yunxia was of great significance to the Xuan Ming Dao Master. She was the woman that the Xuan Ming Dao Master had loved the most in the past. She had accompanied the Xuan Ming Dao master all year round, and her knowledge was impeccable.

Why would such a woman be so fearful of a human junior?

“Alright, but we can only use fifty of them. The seal is about to be broken, so we can’t divert too much of our energy,” the silver-horned ox-head monster said.

“Fifty is enough!” Consort Yunxia stared at Su Yu with the intention of killing him.

With a whoosh, consort Yunxia leaped onto a golden dragon. Forty-nine golden dragons followed behind her. They howled and pounced over.

The world destruction dragon snorted coldly. For the first time, a hint of solemnity appeared in its gigantic eyes.

With so many golden dragons, he could feel a little pressure.

He looked at the evil daughter and discovered that her gaze was focused on the depths of the third seal. It was as if there was an existence staring at each other.

Helpless, the world destruction dragon had no choice but to fight on its own.

The World Destruction Dragon Swallowed and spat out Golden Dragons one by one. However, there were also golden dragons that carried the power of Asura and scratched the world destruction dragon.

Although he was strong, he could fight many enemies at once and it would be difficult for him to win.

After a battle, the ground was littered with golden dragon corpses, but the world extinguishing dragon was also heavily injured.

Princess Yunxia stood on the body of the remaining Golden Dragon, she stared at Su Yu and said, "Good! Good! I thought that I could easily kill you by opening the second seal and Awakening the Golden Dragon. I didn't expect you to find such a powerful chess piece!"

Chess piece? The world extinguisher dragon laughed in anger. His killing intent was overwhelming. "Little girl, you're Courting Death!"

Chapter 1573 Daoist Master Xuanming

Roar --

With a furious roar, the world destruction dragon let out a dragon's roar that contained the power to destroy the world. It killed Princess Yunxia and the remaining Golden Dragon.

However, at this moment, a powerful aura spread out from the third seal. Numerous chains of laws pierced through the seal and descended on the second seal.

The World Destruction Dragon's attack was shattered by the chains of the Great Dao that had suddenly appeared.

"On account of me, how about we let her go?" A shadow forcefully broke through the seal and appeared on the second layer.

It was a creature surrounded by gray mist. Its figure could not be seen clearly, only a pair of ancient eyes that had been bearing the weight of countless years.

The World Destruction Dragon's pupils constricted as it said in a low voice, "Xuan Ming Dao Master!"

On the other hand, Princess Yun Xia had an extremely happy and tearful expression. Two lines of tears rolled down her cheeks as she stammered, "My lord, I can finally see you again! !"

At this moment, her dream of countless years had finally come true. Even if she had to use all of her vicious and cruel methods, she would not hesitate to do so!

Crossing the seal, the projection of the Xuanming Path Master's ancient eyes were filled with deep love and regret. "Yunxia, I've made you suffer. You've endured the loneliness of billions of years for nothing."

"I have no regrets." Princess Yunxia's face was filled with tears. Her love was deep.

The two of them looked at each other through the isolation seal. It was touching from the bottom of their hearts.

"Yunxia, I'll get out of this immediately. Wait for me!" The Xuanming Dao master said with deep love. The third seal trembled violently.

It was the Xuanming Dao master who also began to exert his strength. He attacked the seal from the inside out.

Waves of suffocating asura power gradually seeped through.

Princess Yunxia's eyes were filled with anticipation and excitement. When she glanced at Su Yu from the corner of her eyes, she could not help but reveal a proud and cold expression. "Hehe, Su Yu, it seems that the chess piece you've found isn't as effective as you imagined!"

Su Yu did not say a word. His expression was calm and composed.

"Why? Are you speechless or do you not dare to say anything? Are you afraid that I will take revenge and make you wish you were dead?" Princess Yunxia raised her head and exhaled, she was unusually relieved. "Unfortunately, it's too late! All the things that you have done to me, you must pay with blood! These chess pieces of yours will be useless in front of the Xuanming Path Master!"

At this moment, Su Yu finally opened his mouth and said indifferently, "You seem to think that I will die before you."

"Hehe, isn't That So?" Consort Yun Xia sneered, her eyes full of mockery.

Su Yu shook his head and said, "Of course not!"

A wine-red light shot out from Su Yu's eyes and enveloped Consort Yun Xia.

She was caught off guard and was teleported in front of Su Yu.

The silver-horned ox-head monster was shocked. "How dare you! Let Go of Yun Xia immediately!"

The Golden Dragon roared and charged over.

No one had expected that Su Yu would dare to kidnap Consort Yun Xia in front of the Xuanming Path Master!

The third seal instantly quieted down. A calm but gloomy voice floated over. "Human, I'll give you one chance. Let Her Go!"

Su Yu calmly looked at the third seal and said, "And then? Under the instigation of this vicious woman, you killed me?"

The seal was silent for a moment before a solemn voice drifted over, "I, Xuan Ming Dao Master, can swear that as long as you let her go, the grudge between you and her will be written off. I will never pursue you again."

To be able to make a dao master compromise, it was evident how important Princess Yun Xia was to Xuan Ming Dao Master.

The price of wiping out the enmity was also very tempting.

This was because Su Yu's original ending was certain death.

Obtaining a way out was already dao master xuanming showing great mercy.

However, Su Yu shook his head gently. "I only have the right to forgive the enmity between me and her, not you!"

Dao Master Xuanming's tone was like a gift. It was as if the enmity in the past was all caused by Su Yu.

He let bygones be bygones. On the contrary, Su Yu was the main culprit.

With a silver sword in his hand, Su Yu stabbed into his back.

“Wait!” Daoist master xuanming tried to dissuade him. His tone was hurried.

“Human, please, for the sake of our deep feelings, let her live. I will remember this favor in my heart.”

Deep Feelings? Su Yu shook his head coldly. His gaze also became cold and sharp.

“Because of deep affection, she can control the demon race and eat the creatures of My Divine Realm Alive? “Because of deep affection, she spared no expense, even if she used all kinds of vicious methods? “Because of the deep affection between the two of you, other people are all dung and soil. They are all ants. They all deserve to die

“You touched others. Can you touch those creatures that were poisoned to death by her?”

Su Yu’s eyes were cold. He turned his wrist and a silver sword pierced through Consort Yunxia’s chest and back.

With a grunt, Consort Yunxia still had hatred in her eyes. With blood in her mouth, she shouted viciously, “My lord, don’t ask him. Just take revenge for me!”

Su Yu was indifferent. With a shake of his palm, destructive lightning shot out from the silver sword and completely destroyed Consort Yunxia. Not even a speck of dust was left

The grudge between the two of them had finally been settled.

“No! !”A roar that shook the sky came from within the seal.

The seal that had been sealed for countless years suffered the ultimate destructive attack. With a crack, several cracks appeared.

A strand of profound Asura Dao chain that was close to the Heavenly Dao flew out from the chain and suppressed Su Yu.

With a strike from the dao master, even if Su Yu used all the divine arts in his body, he would not be able to resist it!

The World Annihilation Dragon’s pupils constricted as it hurriedly retreated and said angrily, “Human, have you gone mad?”

No matter what, he never expected that Su Yu would actually dare to kill the woman he loved right in front of the Xuanming Dao Master!

With such a deep hatred, it would be strange if the Xuanming Dao Master did not pursue him to the death!

However, Su Yu’s expression was calm and had a carefree expression.

Xiu --

At the instant of his destruction, a spotless figure blocked in front of him, striking back the nomological chain.

“Vile daughter! You want to be my enemy too?” From within the seal, Dao Master Xuan Ming’s furious Roar could be heard.

Vile daughter said indifferently, “Firstly, without my permission, he can not die! Secondly, you do not have the qualifications to be my enemy!”

“Ah! ! Yun Xia! !” Dao Master Xuan Ming let out a heaven-shaking roar. The seal instantly shattered, and an incomparably majestic man surrounded by the nomological chain of the Great Dao emitted an extremely powerful aura, destroying all life.

Under that Aura, Ten Thousand Golden Dragons simultaneously prostrated on the ground, wailing incessantly as if they could not withstand the suppression of the powerful laws.

Su Yu and the world destruction dragon were the same. They felt an even greater pressure of destruction, especially Su Yu. He felt as if he was about to be destroyed with just a thought.

At this moment, an incomparably majestic Heavenly Dao aura enveloped Su Yu and the world destruction dragon.

It was the vile daughter who had made a move. She had effortlessly split out a line of Great Dao laws and neutralized Dao Master Xuan Ming’s oppressive aura.

“Vile daughter! Do you really want to fall out with me for a Puny Human?” Dao Master Xuan Ming roared angrily. His eyes were wide open and filled with killing intent that could destroy the world.

The Vile daughter was unperturbed. Her snow-white eyes were calm as she said, “As I said before, he can not die without my permission.”

Dao Master Xuan Ming gritted his teeth and struggled for a long time before he slowly retreated. He actually chose to endure.

However, his eyes were fixed on Su Yu.

Needless to say, he knew that he would definitely pursue Su Yu to his death.

He did not believe that the evil girl would always stay by Su Yu’s side!

“Who allowed you to leave?” However, the evil girl suddenly spoke, causing Dao Master Xuan Ming to stop in his tracks. His face was filled with anger as he said, “What else do you want?”

The evil girl said indifferently, “Before my mission is completed, no one is allowed to get in the way. You can either follow behind me or Die now.”

She was worried that Daoist master xuanming would ambush and kill Su Yu, thus losing the descent of Yun Yazi.

Daoist master xuanming laughed angrily, “Hehe, evil girl, oh evil girl, do you really think that I am a mudshuo? Alright, I will see how you want me to Die Now!”

The vile daughter said indifferently, “Then I will grant you your wish.”

Her hands formed a seal, and the sound of chains clashing with each other immediately appeared all over her body. Hundreds of chains surrounded the sky densely.

Su Yu’s eyes flashed. This was the first time that the vile daughter had officially displayed her dao.

Xuan Ming Dao Master also displayed his soul-stirring dao of Asura. Dark Gray chains spiraled in the sky like huge dragons.

“Asura Law!”The Xuan Ming Dao Master’s eyes were filled with supreme divine might. The dark-gray chains danced wildly and rained down like explosions.

Everywhere they passed, they turned into a hell of Asura.

Anyone who fell into Hell would be tortured by the power of Asura forever. They would never die and would never be destroyed. This was the ultimate torture.

The evil girl’s eyes were calm. She didn’t even look at the law chains. She formed a seal in the sky and opened her red lips. It sounded like heavenly music. “Freeze!”

Kacha --

Her law chains were snow-white, and they gave off boundless cold air. They swept out and clashed with the Xuan Ming Dao master’s chains.

Rumble --

It was as if the world was collapsing. The sky turned blood-red, as if something had been pierced through.

Following that, a shocking scene appeared.

The Xuan Ming Dao Master’s chains were like paper in front of the evil girl’s chains. They shattered with a single hit! !

Pu --

The law chains were all broken. Dao Master Xuan Ming spat out a mouthful of divine blood and stared at the Wicked Girl in shock. His eyes were filled with fear. “You, you have already...”

“It’s enough that you know. There’s no need to say it,”the wicked girl said indifferently.

A snow-white chain flashed above her head.

In the next breath, it pierced through Dao Master Xuan Ming’s chest. His body quickly stiffened and turned into a snow-white statue. Finally, he turned into fluorescent crystal fragments and disappeared.

A Great Dao master was actually destroyed just like that!

They were both Dao Masters, but the difference between Dao Master Xuan Ming and the evil daughter was like the abyss of heaven!

In other words, Dao Master Xuan Ming's words before his death were full of mystery.

The evil daughter calmly grabbed the crystal fragment. Strings of broken chain fragments could be clearly seen as she casually threw it to the world destruction dragon behind her. "Refine it again to make up for the lost chain fragment."

The world extinguishing dragon was ecstatic. It held its mouth and was so excited that it was incoherent. "Thank you, master, thank you, Master!"

Then, the evil girl retracted her dao and turned to look at Su Yu. Her expression was still as calm as ever, as if she was not the one who killed a dao master just now!

"How is it? Do you still need me to go to dangerous places?" The evil girl said leisurely.

Su Yu's expression was unchanged, but he sucked in a breath of cold air in his heart.

Even the DAO Master was easily killed. Who else could stop her?

However, Su Yu remained calm. His eyes were filled with a sharp light. "If you dare to come, then come!"

The evil girl said indifferently, "Haven't you felt despair yet? Then, I'll let you taste it again."

Chapter 1574 Fighting The Evil Daughter Alone

Su Yu only smiled at this.

If he was desperate, he would have been desperate countless times..

Staring at the remaining golden dragons and the silver ox-horned monster that was glaring at him with hatred, Su Yu said, "Yun Yazhi is among them."

With a flash of light, he flew into the many golden dragons.

When they saw this, they all roared and tore at Su Yu, wanting to tear him apart and take revenge for Daoist Master Xuanming.

"Kill!" The silver ox-horned monster roared.

Numerous golden dragons surged towards Su Yu from all directions like a golden tsunami.

The evil girl blinked her eyes and plucked an ice crystal from her wrist. It looked like a scale and she threw it forward.

Kacha --

The heaven-defying cold qi that froze time and space instantly froze the entire Asura forbidden land.

The Golden Dragons and the silver ox-horned monster were completely frozen within.

Their vitality was instantly destroyed.

However, their bodies remained in that space and time forever, frozen forever.

The evil girl indifferently glanced at the many golden dragons and then looked at Su Yu, meaning that Yun Yazhi wasn't here.

“Follow me!” Su Yu turned around and disappeared into the world.

Red dust forbidden land.

At the entrance surrounded by pink fog, Su Yu, the evil girl, and the World Destruction Dragon arrived.

The world extinguishing dragon was impatient. “I know this place. It’s one of the three forbidden lands with the same name as the asura forbidden land. It’s sealing a mysterious existence! “He’s clearly stalling for time. Master, don’t waste your energy and words. Let me interrogate him!”

“Since you’re here, there’s no harm in taking a look.” The evil daughter looked at Su Yu with a meaningful gaze.

Su Yu’s eyes flashed as he stepped into the place.

Instantly, a peaceful and harmonious world appeared before his eyes.

There were many different races and creatures of different strength, and they interacted with each other in an extremely peaceful manner.

Divine experts humbly walked with mortals.

The Emperor in power spoke with the commoners in an amiable manner.

In this world, there was no hierarchy. There was only harmony, an abnormal harmony.

“The Daoist realm of the mortal world. So it’s the Daoist master of the mortal world who has been missing for several epochs.” The Vile daughter said slowly.

Hua --

The world rippled, as if the calm surface of the water had been blown by a cool breeze, causing wrinkles to appear.

A bundle of pink mist gathered into a human figure. It was a beautiful classical woman dressed in a fluttering red robe. Her entire body was filled with an elegant aura.

She was mistress red-dust’s true body.

“An unfathomable expert.” Mistress red-dust sized up the evil woman and looked at Su Yu. “Is this the favor you want me to help you with?”

Su Yu said, “I’ve brought her here. Whether you can succeed or not depends on you!”

Mistress Red-dust looked at the evil daughter with some hesitation and said, “HMPH, you’d better not have any devious ideas. Otherwise, don’t even think about leaving the forbidden land of the Red Dust!”

As she said this, mistress red-dust waved her sleeve and disappeared into the world.

The many living beings who were living in harmony suddenly stopped their actions.

They turned their heads in unison and stared at the evil daughter.

The living beings that were kind and peaceful just now were emitting negative emotions of hatred, violence, and anger. They gathered together and formed a pitch-black tide that covered the entire dream and devoured people's souls.

The evil woman said, "Human nature is both good and evil. These living beings are good because they separate the evil in their hearts!"

Without a doubt, the pitch-black tide was the combination of the evil thoughts of the living beings that had been involved in the Forbidden Land of the mortal world for countless years.

Once it was touched by the tide, it would immediately damage the soul and hibernate here forever, becoming a part of the Forbidden Land of the mortal world.

The eyes of the world-destroying dragon revealed traces of fear. Even with his divine ability, he did not dare to easily clash with the tide.

Only the evil woman did not mind. With a single point, ice extended from beneath her feet and instantly froze the entire pitch-black tide of evil thoughts.

Within the Dark Tide, a pink mist jumped out in time and gathered into mistress red dust's figure. Her classical and elegant face was filled with shock and solemnity. She stared at the evil daughter and said, "Su Yu, who did you bring?"

Even invisible negative emotions could be frozen!

"Hehe!" The world extinguishing dragon laughed. "How pathetic. You Don't even know who you're facing, yet you dare to attack master! You're being used by the human surnamed Su!"

Mistress red-dust stared at Su Yu with some anger. "You want to use me to help you eliminate your enemy?"

Su Yu said indifferently, "Didn't you know very well when we reached an agreement? We were just using each other."

However, how did she know that Su Yu's enemy this time was so powerful?

Clenching her silver teeth, mistress red-dust said, "Bastard, I've boarded your pirate ship!"

She turned to glare at the evil daughter and snorted coldly. "I don't care who you are, I'm the ruler of the Red Dust Dao Realm!"

"Red Dust Reincarnation!" She formed a seal with her hands, and the sound of gears grinding could be heard throughout the Red Dust Dao realm.

Time in the Dao realm instantly sped up a hundred times.

In the blink of an eye, dozens of years passed. They got married and had children. From youth to middle-aged, from middle-aged to old man.

After the old man died, they were born again in this dao realm world. They experienced birth, old age, illness, and death once more.

As the gears bit faster and faster, time flowed faster. In an instant, it was 10,000 times faster.

In the blink of an eye, a living being experienced a reincarnation of birth, old age, illness, and death.

The Vile daughter and world destruction dragon who had been in it for a long time were affected by the reincarnation. Their figures gradually blurred, and they actually showed signs of merging with the 10,000 times faster time.

If that was the case, they would also become one of the many living beings in the Daoist realm of the mortal world.

The eyes of the world destruction dragon, who was filled with a towering viciousness, gradually blurred. It had already fallen into the world.

“Go to sleep!” Mistress red-dust shouted loudly. The speed of the gears was pushed to the extreme, and time passed by a hundred million times in an instant!

In the blink of an eye, millions of years had passed!

The body of the world destruction dragon was completely scattered, and it fell toward this peaceful world.

The Majestic World Destruction Dragon, an existence at the pinnacle of the galaxy overlords, was strangely subdued by the Daoist realm of the mortal world. The terror of this dream was truly terrifying.

However, at this moment, the vile-daughter casually stretched out two fingers and clamped down in the air.

The Roaring Sound of the gears snapping stopped abruptly like the sound of a broken string.

The entire Daoist realm of the mortal world trembled violently.

With a miserable groan, pink mist flowed out of mistress red dust’s entire body.

Her eyes were filled with shock as she shouted gravely, “Who exactly are you?”

Two fingers blocking the reincarnation of a red dust dao realm expert was something that even a dao master would not be able to do.

The Evil Woman’s eyes were calm and she did not say a word. A cold aura wantonly spread out in all directions with her as the center.

Kacha Kacha --

The entire Red Dust Dao realm turned into a world of ice and snow in the blink of an eye.

The red dust concept within the Dao realm was completely destroyed, leaving only the intent of ice circulating.

Mistress Red Dust was shocked. “Replacing the Dao of the Red Dust? Impossible, impossible! !”

The evil woman did not say anything. She looked at her with her crystal eyes and said, “It can end now.”

As soon as she finished speaking, mistress red dust shattered and turned into mist.

She was dead? Su Yu did not believe it.

Su Yu had personally experienced mistress red-dust's strangeness. She did not have a physical body and could appear in the dreams of any living creature to hide. She could never be killed.

However, she was facing the evil daughter.

The evil daughter slowly closed her eyes. A faintly discernible cold air turned into thousands of strands of ice threads that pierced through the Daoist realm of red-dust and reached the outside world. They extended endlessly into the divine realm and the lost kingdom.

Halfway through, the ice strands continued to divide into smaller parts.

In a few short breaths, the entire lost kingdom and the divine realm were covered by a huge net made of ice strands.

And on the other end of the ice strands, without exception, they pierced through a sleeping creature.

The ice strands directly penetrated into their dreams and wrapped around mistress red-dust, who was hidden in their dreams. Then, they pulled her back together.

Looking at the millions of mistress red-dust's figures, Su Yu's eyes shone with a deep light.

He had actually done it! With a thought, he had captured all of Mistress red-dust's clones. Not a single one was left!

"Su, just who is she?" The millions of mistress red-dust let out shrill cries in unison, resounding throughout the entire divine realm.

That endless hatred attacked Su Yu's soul even more.

With a flick of the vile daughter's two fingers, numerous ice threads exploded at the same time, along with the bound red chariots female clone.

Mistress of red dust was so easily erased.

Su Yu's eyes revealed a deep shock. The Vile daughter's strength far surpassed this world. Words could not be used to describe it.

"How is it? Do you still need me to go to any dangerous places?" The Vile daughter asked indifferently.

Traces of coldness bloomed in her tone.

Clearly, the vile daughter had gradually lost her patience.

This was because she could sense that something that others could not sense was rapidly waking up and had already noticed her.

"No." Unexpectedly, Su Yu shook his head.

The Vile daughter waved her sleeve. The Daoist realm of the mortal world that had existed for hundreds of millions of years was shattered and reduced to ruins.

She looked at Su Yu and said, "Speak! where is Yun Yazi?"

Su Yu shook his head. "A teacher for one day is a father for the rest of his life. I never planned to tell you where he is hiding."

The Wicked Girl's calm face finally showed a trace of fluctuation, which was the fluctuation of killing intent. "You have seen my methods, so you should know that no one can save you and Yun Yazi!"

Su Yu deeply agreed with this kind of despair.

It was an unprecedented despair!

In front of the wicked girl, Su Yu was not even as good as an ant.

"I understand. That's why I never intended to survive from the start." Su Yu retracted his aura. The sharpness that could not be expressed from his body was like a peerless cold sword that was unsheathed, emitting an unyielding sword light.

The Evil Woman's killing intent enveloped him. With just a thought, he could destroy Su Yu as if he had killed Daoist Master Xuanming and mistress Hong Chen, he said indifferently, "Since you have already given up, why waste your time and lead me into danger? In Your Heart, you should still hope that I will be killed by them."

"Hehe..." su yu smiled mysteriously, "You are wrong! My goal has never been to put you in danger. I understand how powerful you are!"

The evil daughter showed a rare look of surprise, and the world destroying dragon was also slightly stunned.

Su Yu's goal was obvious. He was looking for all the power that could kill the evil daughter, and he even did not hesitate to provoke them and force them to fight.

Could it be that this was not the case?

They, who had experienced countless years, were also slightly stunned at this moment.

"Then why are you doing this?" The evil daughter asked, but her killing intent did not diminish.

Su Yu smiled. There was relief in his smile, but there was also relief. "Of course, it's to help the divine realm and the lost country. It's to help my close friends and relatives eliminate two hidden dangers that have existed for billions of years."

Whether it was the asura forbidden land or the red dust forbidden land, they were both threats.

Especially the former. Su Yu had personally witnessed the cruelty of the asura creatures, as well as their restless intentions. Su Yu's desire to get rid of them was even greater.

With his strength, it was absolutely impossible. However, with the help of the evil daughter, it was so easy to get rid of them once and for all!

The evil daughter stared at Su Yu and said leisurely, "You may have gotten rid of them, but don't you still have me? Could it be that you think that after using me, I will still treat your dear friends and family well?"

"Of course not, you will kill them!" Su Yu said.

The evil daughter frowned, “Then aren’t you afraid that I will do this?”

“No!” Su Yu slowly took out an item from his sleeve.

“Why?” The evil daughter’s brows arched.

Su Yu said, “Because, you have no chance! !”

Shua --

The item in his sleeve was completely taken out. It was a palm-sized puppet that was full of five colors.

It was a Brahma puppet!

However, it wasn’t the emperor of Destruction’s puppet, but one that Su Yu had secretly refined!

The Emperor of Destruction’s puppet had been poured with the blood of the common people to guard against the evil woman. Unfortunately, before it could be used, it was destroyed by the evil woman and her puppet.

And this one was the only thing left in the world!

The difference was that it wasn’t the blood of the common people, but the blood of ancient god Nine Dragons!

It was easy to see which was more important.

As expected, the moment this item appeared, the evil woman’s pupils constricted. “Brahma puppet! This item still exists in the divine realm!”

But then, the evil woman’s pupils constricted again. “Ancient God Nine Dragons’ blood? It’s him!”

For the first time, a solemn expression appeared in her snow-white eyes!

Su Yu didn’t hesitate at all. He bit his finger and smeared his blood on the puppet.

The puppet was activated, and it immediately expanded by a hundred times, transforming into a massive puppet that was ten million meters tall.

Swish --

Two beams of five-colored light shot out of the puppet’s eyes, filled with ancient god Nine Dragons’ blood.

The Evil Woman had a hint of fear on her face as she gathered the law chains around her body to block in front of her.

Boom! Boom

The five-colored light’s gaze was extraordinary as it blasted the evil woman’s chains loose.

A remnant gaze took the opportunity to land on her body, forcing her to retreat several steps.

The world destruction dragon was greatly shocked. “Ancient god Nine Dragons, one of the eight ancient gods of the absolute beginning era, ancient God Nine Dragons? How did his blood appear here?”

The wicked daughter stared at the puppet. Her calm expression was no longer as she stared at Su Yu. "He hid this deep within his body and endured until now!"

Su Yu's eyes were cold. "There's no need to be surprised. My original intention was to destroy you!"

His true plan had always been to rely on himself and not to borrow someone else's hand!

"That's good too. It's been a long time since I've truly made a move." The evil woman slowly closed her eyes. When she opened them again, mysterious laws were revolving around them.

All the things that had happened just now were not her full strength!

Su Yu's heart skipped a beat for no reason, and his expression darkened slightly.

"Nirvana Ice Seal!" The evil woman shouted softly. The snow-white law chains pierced through the puppet's chest and shattered half of its body.

Su Yu's body swayed. His gaze turned sharp as he controlled the puppet to advance instead of retreating. He struck the wicked girl's body with his palm.

The Brahma puppet was an object that specialized in suppressing souls, while the wicked girl was actually a body of souls.

Boom Boom Boom --

The wicked girl retreated continuously. Fine cracks appeared on her body as it shattered. She was so frightened that the world extinguishing dragon roared repeatedly and pounced over to protect her.

The wicked girl pushed her away as intense killing intent appeared in her eyes.

Her spotlessly clean white clothes fluttered in the wind, and the law beyond the ice in her eyes seeped out. She said, "You forced me to use the second law. Human, you must pay the price!"

"Evil Fate Seal!" The evil girl slapped out her palm, which contained the evil fate seal.

The palm landed lightly on the Brahma puppet and imprinted itself on it.

Next, the Brahma puppet broke free from Su Yu's control and turned around to attack Su Yu!

Su Yu did not expect this, but his reaction was extremely fast and he quickly dodged.

However, the great killing weapon that was used to resist the vile daughter was actually controlled by the vile daughter. Where could Su Yu hide?

"Yun Yazi, I won't capture you for now, but you must die first." The Vile daughter saw Su Yu's threat and her killing intent rose.

The strange thing was that Su Yu did not feel discouraged or even the slightest bit of despair when he was faced with a desperate situation.

Instead, the corners of his mouth curled up into a strange arc. "After experiencing the explosion of the insect pond talisman seal, where did you get the courage to accept my things without any defenses?"

‘HM?’the vile daughter was surprised and immediately swept her gaze towards the puppet.

Her snow-white eyes seemed to see through the puppet’s insides. When she saw something, her beautiful face changed drastically. “Quickly stop!”

It was as if she saw something extremely ominous within the puppet.

Chapter 1575 The Truth Of The World

“I’m sorry, but you don’t have the authority to order me around,”Su Yu said as he closed his eyes and began to chant.

Suddenly, the surface of the Brahma puppet flickered with flickering light, and waves of destructive aura comparable to that of the Explosive Flame Inferno surged out.

It was going to self-destruct!

It was an additional self-destruct mechanism that Su Yu added in the beginning of the refinement.

The Vile Woman’s expression changed again and again. She formed a seal with her hands and circulated the Supreme Dao of ice to freeze the Brahma puppet.

However, the moment the puppet self-destructed, the moment the vile woman cast her seal, the puppet exploded from the inside out.

Roar --

A wail and a fierce roar echoed out from the interior of the puppet in the instant of the explosion. Soon after, it was replaced by the sound of an explosion and came to an abrupt stop.

It was as if some extremely vicious creature had died in the explosion.

The Evil Woman’s face was indifferent, and her ice-cold scales spread out. She ignored the aftermath of the explosion and stared at Su Yu without blinking. “Do you know what you’ve done?”

On the ground, pieces of charred corpses that had been broken into pieces wriggled.

A large bloody head rolled under the evil woman’s feet.

The head was ferocious, vicious, and full of greed.

It was none other than the nine-headed beast that Su Yu had captured back then.

To be precise, it was a young Taotie!

But now, it had died tragically in the explosion!

Ding --

The jade bracelet that had sealed it fell from the sky and hit the ground, making a clear and melodious sound.

Su Yu picked it up and looked at the wicked girl’s right wrist. There was a similar bracelet there, and even its aura was exactly the same.

Putting away the jade bracelet, Su Yu said indifferently, “Of course I know! Awaken the fierce creature, Taotie.”

“You dare to do this even if you know? With Taotie’s fierceness, it will destroy everything, including you and Me!”The wicked daughter said.

Su Yu shook his head. “In my eyes, you are no different from Taotie.”

They were both peerless experts who could not be contended with, and they were also supreme existences who were incomparably cold. They were also fierce people who could mercilessly wipe out billions of living beings with a single thought.

One More, one less. It made no difference to Su Yu.

“Moreover, I think that the first person that Taotie will destroy will definitely be you!”Su Yu stared at the jade bracelet on her wrist. “You are the one holding the Brahma puppet. You were also the one who blew up the Little Taotie. Even the jade bracelet that trapped it is yours. It will be difficult for Taotie not to think that you are a murderer.”

The evil girl stared at Su Yu. “You had planned this all along?”

Now that she thought about it, the moment Su Yu took the initiative to appear, he had probably planned the current situation.

What made her suspicious was that the process was complicated and changeable. There were several times when the world destroying Dragon wanted to torture him. How could he be sure that the situation had developed to this point?

However, when she thought about it carefully, the evil girl was a little shocked to find that although the process seemed complicated and changeable, Su Yu would always guide her at the critical moment. Sometimes, it would be one action, and sometimes, it would be one or two words, he would always be able to guide the course of events to the current situation.

She suddenly remembered what the woman of the Xuan Ming Dao Master said. “This child is very scheming. If we don’t stop him, we will die at his hands sooner or later!”!

Now that she thought about it, her words had come true long ago.

She died without a burial ground, and the Xuan Ming Dao Master died as well. The entire forbidden Asura land was frozen to death, and all of them really died at Su Yu’s hands.

Even though he had experienced several eras and was knowledgeable, Su Yu could not help but feel a chill in his heart.

What a terrifying scheme!

“You can say that. In this world, other than this slumbering taotie, no one can contend with you. Only by borrowing its power can we resolve the crisis,”Su Yu said. He had never placed his hopes on the Brahma puppet or the demon sword Wuya, it was this slumbering taotie.

The evil girl asked, “How can you be sure that there is a slumbering taotie here?”

Su Yu shook his head and chuckled. "Hehe, are you trying to test how much I know? Alright, I can tell you very clearly that I know that this taotie does not exist in either of the two great divine realms or the Lost Kingdom."

The evil girl's eyes flashed, but she did not say a word.

"Because the lost divine realm and the lost kingdom are both in this Taotie's stomach!" Su Yu's words were earth-shattering.

In the world, several thunderclaps suddenly exploded.

When the living beings in the world annihilation disk heard these words, they couldn't help but be shocked.

The full moon sect master and the Taiqing Cloud Luan were all extremely shocked.

They had existed in the world for billions of years and were in the Taotie's stomach.

If they didn't have a blind faith in Su Yu, they wouldn't believe this nonsense at all.

"I also know that the stomach of the Taotie is not only a vessel, but also a prison!" Su Yu's words were shocking and he revealed another shocking secret.

As if the secret was exposed, bolts of lightning descended from the sky and bombarded Su Yu.

Su Yu did not even look at it. He casually swept the lightning down.

The evil girl's gaze deepened as she stared at Su Yu. "A person should know their own limits. The world view is also the same. You are in the divine realm, how do you know so thoroughly?"

Su Yu said, "In this place, other than the three great forbidden grounds that seal supreme existences, there are also many remains of the supreme experts of the past. I was fortunate enough to come into contact with the two of you. If I'm not mistaken, this place is a prison that specifically imprisons supreme experts like you and the Xuan Ming Dao Master!"

Hearing up to this point, the evil girl completely extinguished her luck.

Su Yu already knew the secrets of this place.

"Then, do you know that the furious Taotie will not only kill me, but will also kill you?" The evil girl stared at Su Yu and said indifferently.

Su Yu smiled lightly. "Of course I know! So, I will take the opportunity to leave this place!"

He looked at the center of the three great forbidden grounds, the incomparably huge dark cave, he said, "If I'm not wrong, the day the Taotie wakes up is the day the tunnel opens. That should be the Taotie's belly button, leading to the outside world. And the countercurrent tunnel leading to the Galaxy God realm is the Taotie's throat."

He said slowly, as if he was describing the scene from billions of years ago.

In the God realm, the evil girls were wreaking havoc.

Suddenly, the enormous taotie streaked across the sky above the God realm, leaving behind a huge black shadow that the Kirin God could never forget.

Immediately after, the Taotie devoured the god domain.

However, for some unknown reason, it only had time to swallow the god domain in its mouth. It did not have time to swallow it before it fell into a deep sleep.

A portion of the god domain was swallowed into its stomach, becoming the god domain that was left behind today.

A portion of the god domain was held outside its mouth and had yet to be swallowed. It was the remnant Star River God Domain.

And the endless source passage connecting the two god domains was the Taotie's throat.

Now that he thought about it, the reason why Taotie was in a deep sleep was probably because he was injured during the process of sealing the evil woman.

Now, Taotie had woken up and heavily injured the grudge that had been dormant for hundreds of millions of years. The hatred of killing his son was superimposed. It was very hard to believe that they would get along peacefully.

The evil woman sighed deeply and said slowly, "I really regret that I didn't look at you squarely from the beginning. Compared to Yun Yazhi, you're a bigger threat."

Roar --

At this moment, a dragon's roar came from Su Yu's back. A pitch-black dragon claw pierced through the air and slammed onto Su Yu's back. It roared, "It's not too late to kill him now!"

Bang --

With the attack of a peak overlord, Su Yu was killed on the spot.

However, the world destruction dragon's claw seemed to touch something and was bounced back.

Looking closely, he saw that Su Yu's entire body was actually a law chain fragment!

In an instant, Su Yu used his body as the center and quickly recovered.

"The law of life, reviving from the dead?" The World Destruction Dragon was shocked and attacked again.

However, no matter what, as long as Su Yu had a part of his body, he would never die.

After several attempts, the world destruction dragon roared endlessly.

The evil girl looked over calmly and said, "If you can't destroy the chains of laws, then you can't kill him."

As her voice fell, a snow-white complete Great Dao chain appeared behind the evil girl.

The Great Dao chain of Dao Master Xuan Ming had been shattered by her.

If Su Yu's body was also shattered, then there would be no room for revival!

Right at this moment, a majestic will suddenly descended.

A pair of pitch-black eyes that seemed to be able to devour everything appeared in the sky above Qing Ming.

That gaze was cold, cruel, and extremely greedy. It had a domineering intent that wanted to take over the world.

As soon as the pitch-black eyes appeared, they immediately stared at the evil daughter.

It was vast and unrefined, as if it was an ancient voice from the absolute beginning era. It slowly floated over, "Evil daughter! You didn't do anything to your wife and children. You're so ruthless!"

The voice was slow, but every word was as heavy as Mount Tai, giving people an indescribable pressure.

The evil woman opened her mouth as if she wanted to explain, but looking at everything in front of her, she had no way to explain.

The puppet exploded in his hand. The aura of the jade bracelet that bound little taotie was the same as hers. Moreover, the Taotie's egg had been destroyed, so she was nearby.

Even if she said that she didn't do it, she wouldn't believe it herself.

"You deserve it." The evil girl said indifferently, "If you hadn't been ordered by the Carefree Emperor to assassinate me, you wouldn't be here today."

The pair of pitch-black eyes seemed to have formed a pitch-black whirlpool. "So, you admit it."

The evil girl glanced at Su Yu and said, "I guess so!"

It didn't matter what the result was. They were already incompatible with each other.

"It's good that you admit it!" The whirlpool in her eyes suddenly appeared and shot out two pitch-black chains. They were the chains that had sealed the evil woman for hundreds of millions of years.

The Evil Woman's beautiful figure flashed. She held the snow-white chains in her hands and collided with the sealing chains.

In an instant, Su Yu felt as if the world was going to Rumble and the earth was shaking.

After stabilizing his body, Su Yu took the opportunity when the two supreme existences were fighting to the death to turn into a wisp of green smoke and disperse on the spot.

The evil woman noticed it, but she had no interest in him. She said indifferently, "World extinguishing dragon, I'll leave him to you."

The world extinguishing dragon's entire body emitted a shocking baleful aura. Its killing intent was shocking to the heavens. "Master, don't Worry!"

With a swoosh, the world extinguishing dragon chased after Su Yu.

With the difference in their cultivation levels, Su Yu could not escape for a moment.

However, what was unexpected was that Su Yu formed a seal with both his hands, and a wisp of yin and yang Qi appeared above his head.

Unlike the previous heaven and Earth teleportation, the Yin and yang qi each gathered a pair of wings and flapped above his head.

They were both shuttling between yin and yang, but what didn't work was that this time, they were shuttling continuously. One Breath of 100 million mountains and rivers, ten consecutive times, that was the distance of one billion mountains and rivers!

“This is the true use of the Taiji yin and Yang Wings!” Su Yu thought to himself. In a month of seclusion, he had thoroughly studied the method he had obtained and displayed its great power today.

The world extinguishing dragon that had caught up with Su Yu had lost track of him.

Its giant blood-red eyes scanned the area and locked on the bottomless cave in the center of the three forbidden areas.

As the Taotie woke up, when Su Yu came to the top of the cave, he could clearly see the ancestral wizard power.

It was like a bright lamp shining in the dark cave.

“Key, open the Taotie's cage and enter the absolute beginning realm.” A bright light bloomed in Su Yu's eyes.

Chapter 1576 The Source Of All Worlds

He had never understood why the creator Dragon had revealed that the power of the ancestor shaman was the key in his excitement.

Now, the truth was out!

When the ancestor shaman sealed the creator Dragon, he had left behind a key and arranged for it to appear in the world ten billion years later and open the cage once.

His original intention was probably to give the descendants of the shamans who had been guarding this place for generations a chance to leave the cage.

Among the three great forbidden grounds, Dao Master Xuan Ming, Mistress Red Dust, and even the world creation dragon all took aim at this opportunity and waited for an opportunity to escape from the cage.

Unfortunately, the first two did not succeed and were killed by the evil daughter.

Su Yu turned his head around and cast a glance at the familiar divine realm. He remembered the scene before him deeply. He silently said goodbye and disappeared into the bottomless cave.

He followed the ball of Shaman Power and descended once again on the platform where the battle Sky Emperor's corpse had been placed.

Above him was the place where the evil daughter had been sealed.

Below him was still the endless abyss, where the water of the galaxy would eventually flow.

That Ball of ancestral shaman power was still shimmering at the bottom of the abyss, like a bright lamp guiding the way.

Coming to the edge of the platform, Su Yu took a deep breath and leaped into the endless dark abyss.

The ice below the Abyss was bone-chilling, and even with Su Yu's nomological body, he felt extremely uncomfortable.

The deeper he went, the deeper the chill became.

An hour later, Su Yu's entire body was covered in ice, and his eyebrows were covered in white mist.

His soul was also showing signs of being damaged, and his five senses were blocked.

A deep suffocating feeling surged into Su Yu's heart. It was as if the abyss below was the huge mouth of a fierce beast, waiting for its prey to fall into it.

Fortunately, with the power of the ancestral witch, Su Yu determined his target and flew down.

After a few hours, the power of the ancestral witch suddenly became stronger.

Su Yu's heart shook. It was the end!

Under the illumination of the power of the ancestral witch, a dry and damp land filled with bones appeared in front of his eyes.

The four walls were made of wriggling flesh. It was the flesh of Taotie!

Under the illumination of the power of the ancestral witch, a huge door made of flesh appeared at the bottom of the Abyss with a flash.

There were many corpses piled up near the huge door. Their remains were not destroyed, so it was obvious that they were not weak when they were alive. They were at least overlords, and there were even some emperors of heaven and earth who still had some remaining power.

On the huge door, there were traces of different depths left behind by the experts who had searched for a way out.

Unfortunately, the experts who were as strong as them did not manage to break through the huge door.

In the center of the giant door, there was a groove the size of a fist. Its size was exactly that of the ancestral Magus' power.

With the groove as the center, it extended in all directions with many incomparably complicated veins.

Su Yu looked carefully and could not help but draw in a breath of cold air.

Those veins were actually forged from the law of Great Dao Chains!

In terms of quantity, in terms of sturdiness, and in terms of the supreme pressure it emitted, the vile daughter was far inferior!

"No wonder so many experts found this place and didn't leave. This door has the law of Great Dao as a formation. Not to mention them, even the Supreme Dao Masters couldn't catch up with it." Su Yu was secretly frightened as he stared at the groove, his heart was slightly relieved.

If the ancestral wizard power was embedded in it, it would definitely be able to activate the chain to open this door.

“What kind of existence is the absolute beginning realm?” Su Yu muttered. At the beginning of ten thousand eras, how grand and magnificent was the source of everything?

What kind of legends and legends were the eight ancient gods and the Heavenly Dao Palace?

With longing and expectation, Su Yu grabbed the ancestral wizard power and pressed it into the groove.

Sure enough, when the ancestral wizard power entered, the law chains of the Great Dao trembled. The wiggling giant door shook and opened.

Instantly, a stream of water from the galaxy gushed out.

At the same time, it was accompanied by extremely dense divine power!

Yes, the divine power that was distributed in the atmosphere of the world!

In the divine realm, only spiritual Qi, which was first converted into spiritual power, and spiritual power was then converted into the power of a dust immortal. Finally, it could gradually advance and transform into divine power.

However, at this moment, divine power was actually filling the air, and it could be absorbed for its own use at any time!

Such divine power, or rather, it was called divine qi, completely subverted the cultivation laws of the divine realm.

“Is that the source of all ages?” Su Yu’s eyes revealed excitement. His palm could not help but clench the doomsday disk and the black hair on his fingertip.

In that vast and boundless world, could he fulfill his long-cherished wish and travel the world together with Xia Jingyu and Qin Xian ‘er?

However, at this moment, a soft chuckle drifted over.

Su Yu could not be more familiar with that charming and calm voice. His pupils constricted slightly. “You are indeed not dead!”

With a Swish, a person flew out from Su Yu’s World Annihilation Disk.

It was Luo Xueyi!

Her eyes were muddled, as if she had fallen into a dream. It was extremely similar to the Cai Lin that was being controlled.

“Hehe, surnamed Su, you didn’t expect this, did you? In the early years, I left a trick on this silly girl who was infatuated with me. Otherwise, I really would have been killed by you!” Mistress red-dust chuckled. Her entire body emitted a powerful aura that was threatening to the soul.

Su Yu's eyes shone. He was somewhat puzzled. The evil daughter had clearly captured all of mistress red-dust's clones that were hidden in the living beings' dreams. He Duluo Xueyi's clone in the dream was an exception?

"It's very strange, isn't it?" Mistress red-dust said smugly. "That's because I made an agreement with this silly girl back then to help her obtain your heart, and she would unconditionally help me do one thing! "She doesn't know that this is my unique red-dust contract! "If I die, the red-dust contract will automatically split half of her life and extend my existence!"

"Although that iceberg woman is powerful and captured all my clones in one go, she only missed this contract!" Mistress red-dust chuckled coquettishly.

Su Yu secretly regretted not guiding the evil woman to examine it carefully.

How could a dao master be so easily destroyed? He had underestimated such an existence!

With a calm expression, Su Yu stared at her and said, "The door to the cage has been opened. You got what you wanted. Can you release Luo Xueyi Now?"

"Hehe, that won't do. If she dies, the red-dust contract will have to share half of my life. I'm not willing to do that!" Mistress red-dust's face was full of smiles.

"Then what do you have to do to stop?" Su Yu asked.

Mistress Red dust stared at Su Yu, her fingers twirling the black hair on her shoulders. She said with a half-smile, "Of course I have to complete the red dust contract. In other words... I want your heart!"

With a sweet laugh, mistress red dust turned into a cloud of pink mist and floated into the outside world, leaving behind a giggle. "My instincts tell me that we'll meet again soon."

"Where are you going?" Su Yu's gaze turned sharp as he chased after her.

"HMPH! Where do you think you're Going?" The world extinguishing dragon caught up in time. With a flash of its shadow, it blocked the huge door and completely sealed it.

The violent aura was like a mountain that enveloped and suppressed it.

Su Yu secretly cursed his bad luck. If mistress red-dust had not appeared and delayed him, he would not have been blocked by the world extinguishing dragon!

"I finally made it!" The world extinguishing dragon stared at Su Yu and slowly approached, his aura became more and more powerful. "I've advised master long ago. For a lowly ant like you who doesn't know the immensity of Heaven and earth, using the extreme punishment is the most merciful! Unfortunately, master didn't listen to me and caused her to be entangled by Taotie!"

"If anything happens to master, you'll be responsible for your death!"The world extinguishing dragon said hatefully.

Su Yu said lightly, "So?"

"So?"The world extinguishing dragon laughed in anger, his eyes filled with cruelty. "Do you think that you will have a good ending if you fall into my hands? I want you to suffer so much that you want to die!"

Su Yu said, "Are you threatening me again?"

"No!"The world extinguishing dragon shouted, "What I want to do is to torture your closest relatives hidden in the world extinguishing plate! Those women you love, those friends you have, they will all die because of your recklessness!"

"I want them to shed every drop of their blood and suffer every insult. I want them to experience the most extreme torture in the human world and die in pain and abuse

"Then, I will not kill you. I will cut off your limbs, cripple your cultivation, and dig out your eyes! I will make you live like a beggar, living the most despicable life. You will live a life of regret and regret every day

"Don't worry, I will not let you die. I will not hesitate to Expend My World Destruction Dragon Power to prolong your life. I guarantee that you will not die even if you want to. You will live in pain for the rest of your life!"

Su Yu's face darkened. He might not be afraid of death, but just as the world destruction dragon said, what he was afraid of was implicating others.

His gaze was cold, with traces of coldness.

"Hehe, what's wrong? Are you angry? Are You Afraid?"The world destruction dragon gritted its teeth and sneered, sweeping its huge dragon tail.

Su Yu was caught off guard and was sent flying.

The Replica World Annihilation Disc in his arms was swept away by the dragon tail and fell into the world annihilation dragon's palm.

"So What If I'm angry? An ant should have the awareness of an ant. If I tell you to kneel, then kneel! If I tell you to crawl, then crawl! You Don't have the right to be angry!"The World Annihilation Dragon crushed the replica world annihilation disc, a cave world could be clearly seen and was held in its palm.

The many living beings inside were completely unaware that the world annihilation disk had been destroyed and were still living peacefully.

Su Yu could even see his wife, Qin Xian 'er, settling down the newly joined shamans. That petite figure appeared abnormally thin, causing others to pity her.

“Human ant, tell me, who do you think I should attack first?”The World Annihilation Dragon glared at Su Yu with hatred. The corners of its mouth were filled with a sinister smile filled with revenge. Following Su Yu’s gaze, it saw Qin Xian ‘er, a cruel and savage arc shot out from its eyes. “Hehe, then let’s start with her!”

It clenched its dragon claws and a gigantic claw extended out from the cave abode world. It grabbed Qin Xian ‘er and brought her to the outside world and in front of Su Yu.

Qin Xian ‘er panicked and looked at the gigantic world destruction dragon, whose entire body was filled with a world destruction aura. Her small face was deathly pale.

“Xian ‘er!”Su Yu’s pupils constricted. His silver hair danced wildly as he stared at the world annihilation dragon and roared, “Let Her Go!”

“Hahaha, are you anxious?”The World Annihilation Dragon laughed loudly. “It looks like she’s extremely important to you! That’s for the best!”

Hiss --

He tore off a reverse scale and landed on the ground, transforming into a black-clothed young man. He threw Qin Xian ‘er to him, he said with a hideous smile, “Even such a delicate and beautiful little beauty herself is moved. If I were to do that sorcery mountain sex thing, it would definitely be too beautiful to take in! Human Ant, You’re lucky to be able to witness a good show with your own eyes!”

Qin Xian ‘Er’s face suddenly turned pale as she anxiously threw a look of distress at Su Yu. However, she was sealed by the world extinguishing dragon and could not move her entire body. She could only shed tears of humiliation.

The young man in black laughed dryly and caught Qin Xian ‘er. He said, “She is indeed a rare beauty. Eh, she is a virgin! Hahaha, she is really top-notch! I Won’t be polite!”

Su Yu’s eyes were ice-cold and carried extreme coldness. He growled, “You forced me to do this. I didn’t want to do this! !”

The World Destruction Dragon sneered. “Ant, just crawl obediently and enjoy this show with your own eyes!”

He slapped his huge claw and it turned into a huge mountain that suppressed Su Yu.

However, a strand of aura that caused his expression to stiffen suddenly came from under the world destruction dragon’s huge claw. His dragon eyes were filled with fear.

Chapter 1577 The Dragon Of Regret

“This is...”the world-destroying dragon sucked in a breath of cold air. “The eye of Taotie!”

Like a cat that had touched boiling oil, the world-destroying dragon retracted its dragon claw and stared at Su Yu.

Su Yu slowly stood up in the Dent caused by a huge dragon claw.

The water of the galaxy stirred his silver hair and danced wildly.

His white clothes fluttered along with the flow of the water.

His eyes were as cold as ice that had not melted for ten thousand years. Even the world destroying Dragon felt a trace of coldness.

He raised his hands and took off the ice crystal crown on his head.

The Crystal Gem in front of his forehead was slowly removed, revealing a pitch-black eye that was always open.

It was an extremely pure black color. It could devour the light of the world and devour everything.

Suddenly, the pitch-black eye rolled and revealed a human-like mocking smile.

“Hehe, long time no see!” In Su Yu’s mind, Tao Tie’s laughter echoed. “Human, you really couldn’t help but release me, Hahaha!”

Su Yu’s eyes were ice-cold. “If you want to seal yourself again, I’ll Grant You Your Wish Now!”

“Hehe, what are you talking about? The delicious food is right in front of us, how could we miss it?” Tao tie smiled greedily. A whirlpool gradually revolved in his pitch-black eyes as he stared at the World Destruction Dragon.

The World Annihilation Dragon felt a chill run down its spine. Its crouching body was already stretched taut.

Staring directly at the pitch-black eye, the world annihilation dragon did not hesitate as it swung its gigantic body and fled.

However, facing the eyes of the Taotie, the World Annihilation Dragon was pulled back by the devouring power.

The World Annihilation Dragon was shocked. “Ant, quickly seal this eye! This venerable self, this venerable self will let you off!”

Su Yu’s eyes were ice-cold. Even now, he was still high and mighty, thinking that he was the master of the fate of all weak creatures?

Looking at Qin Xian ‘er who was trembling on the ground, Su Yu’s eyes emitted a deep chill. “Only with your blood can we teach you, who is high and mighty, what is equality for all living things!”

Under his control, the eyes of Taotie suddenly became round, and the devouring power reached its peak.

Ah --

With a miserable groan, half of the world destruction dragon’s body was swallowed, only half of its body was exposed.

Its huge dragon head struggled and begged, “Stop! Quickly stop! I . . . I will no longer be your enemy!”

“It’s too late. Just like how you have a reverse scale, I also have my own reverse scale.” He waved his hand and pulled Qin Xian ‘er into his embrace, hugging her tightly.

As he spoke, only the head of the World Destroyer Dragon was left outside.

Seeing that he had no chance of survival, he roared with hatred, “Human Ant! I curse you, you will not have a good ending. You will be chased by master until you have no way out! I will wait for You in hell! ! !”

Su Yu’s face was cold as the eye of Taotie completely devoured him.

In his mind, a satisfied laughter came, “Hahaha, the peak of Overlord is really a great tonic. Human, why don’t we work together and devour this world?”

Su Yu didn’t say a word. He put on the ice crystal crown again and sealed the eye of Taotie.

“Humph, human, believe me, you will release me again! Next time, it won’t be so easy to seal me again!” With a trace of unwillingness, the voice of Taotie disappeared in the depths of his mind.

Crack --

With a clear sound, a subtle crack appeared on the gem hanging on his forehead.

The dao paper hidden inside cracked open and went through the entire Dao paper!

Su Yu took a deep breath. The dao paper had already cracked. If there was a next time, the Dao paper might not be able to seal the eye of Taotie.

At that time, the eye of Taotie would no longer be controlled by Su Yu. It would devour whatever it saw and gradually expand until nothing could devour Su Yu.

“Brother Su, your third eye seems to be a huge hidden danger.” Qin Xian ‘er lifted her head. Her bright eyes were filled with worry.

Su Yu touched her head. “If it’s for you, I’m willing to do anything.”

Fog filled Qin Xian ‘er’s eyes. She clenched her fists in self-reproach.

If only she had great power. How good would that be? Would brother Su still risk her life like this?

Qin Xian ‘er said guiltily in her heart.

“There’s no time to lose. We’ll leave immediately,” Su Yu said. With a flick of his sleeve, he stepped into the origin of Ten Thousand Worlds, the absolute beginning expanse cosmos.

However, when Su Yu stepped out of half of his body, the other half of his body seemed to have been imprisoned. He could not move at all!

When he turned his head around to look, Su Yu’s heart trembled violently!

He saw a dark line that existed in the unseen world wrapping around Su Yu's left foot, which he had yet to step out of.

On the other end of the line was the evil girl who was fighting with Taotie!

"Evil Fate Dao?" Su Yu's expression was extremely serious. He had witnessed the Brahma puppet being controlled by the Evil Fate Dao and turned into the evil girl's item.

He was no exception.

"You killed my spiritual pet. Your crime is unforgivable." Following the evil fate line, the evil girl's calm and resolute will rushed into the depths of Su Yu's soul.

Su Yu instantly felt his own will being destroyed. His mind went blank, as though he had lost himself.

This was a sign that he was about to be taken over by the vile daughter!

At this critical moment, Su Yu's remaining consciousness suddenly had a flash of inspiration as he took out a Royal Dao sacred artifact.

It was none other than the Milky Way stellar sand!

Su Yu shouted in a deep voice, "If you still don't show yourself, I will leave you here forever!"

The Milky Way Starsand didn't move, and Qin Xian 'er didn't understand why Su Yu threatened an Emperor Dao sacred artifact.

However, when Su Yu threw the Milky Way starsand back into the Taotie's stomach, the starsand suddenly shook.

The Crane God flew out from it.

What was different from before was that the Crane God's eyes were dull, and there was an immortal-like old man sitting on its back!

That old man was exactly the same as the image left by Tian Jizi in the past!

"You really didn't die!" Su Yu said deeply. "I should have known that there was a consciousness in the Milky Way star sand. Who else could it be but you?"

In the past, the crane God had once discovered that a strand of consciousness had unexpectedly appeared in the Milky Way star sand.

Su Yu had always remembered this and ordered the crane God to pay close attention to it.

Unfortunately, this wisp of consciousness had never appeared again.

Only at this critical moment did it reveal itself.

Glancing at the Crane God's lifeless eyes, Su Yu said, "No wonder it never caught any traces of you. It turns out that you've been secretly controlling it for a long time!"

Tian Ji Zi's body was half white and half black.

At the boundary, there was a grayish-white color.

His entire person gave off a rather strange feeling.

“I should have shown myself to you a long time ago. However, with that Lord by your side, I don’t have the guts to show myself in front of him,” said Tian Jizi with a smile.

The Lord he was talking about was obviously Yun Yazi!

“It’s not important how you used to be. What’s important is that I’m in trouble! “If you don’t do anything, Don’t blame me for sealing the cage door,” said Su Yu. “I think you can’t hide it. Your goal is to get out of the cage and return to the absolute beginning realm, right?”

Tian Jizi looked at the ill-fated line on Su Yu’s feet and said, “You seem to think that I can do it.”

Su Yu stared at him and said, “If Daoist Xuan Ming can’t do it, I think that no one in the god realm can do it.”

What? Daoist Xuan Ming? Qin Xian ‘er was shocked. She stared at the old man in black and white in disbelief.

She could clearly see from the world annihilation disk that Dao Master Xuan Ming had been completely wiped out by the evil daughter.

Tian Ji Zi’s eyes were filled with praise and laughter. It was as if he was not surprised that Su Yu had exposed his identity, he chuckled and said, “Although I know and can’t hide it from you, I’m still very curious. How are you sure that I’m the Dao Master Xuan Ming who should have died?”

Su Yu said, “It’s very simple. If I were the Xuan Ming Dao Master, since I have the ability to arrange for the sea of bitterness giant to break the seal, I would definitely arrange for a second escape route! “Obviously, you who have countless connections with Princess Yunxia are the most suspicious!”

“Hehehe...” Tian Jizi laughed with the vicissitudes of life in his voice, he was filled with disappointment. “That’s right. I’m the clone of the Xuan Ming Dao Master back then. I have the same inheritance as the Xuan Ming Dao Master, but different personalities and memories! Because of this, the Xuan Ming Dao Master has lost nearly half of his cultivation!”

No Wonder Dao Master Xuan Ming was so weak in front of the evil daughter. There was a reason.

And it was not difficult to explain Tian Jizi’s infatuation with Consort Yunxia.

Although the memories and personalities were different, they came from the same source and shared the same feelings.

Unfortunately, Consort Yunxia was completely unaware.

“It’s just that...” Tian Jizi stared at Su Yu. Coldness and killing intent surfaced in his eyes. “Since you know who I am, why do you still dare to kill Yunxia?”

The sudden change in the atmosphere was unexpected.

Qin Xian 'er left Su Yu's embrace, her body emitting strands of dark-gray Shura power. She was abnormally vigilant and said angrily, "Princess Yunxia brought this upon herself. Could it be that brother Su can only allow her to kill without resistance?"

"Eh? The power of the Undying Dark Phoenix?" Tian Jizi suddenly said in surprise, "How is this possible? Didn't the Second Dao Master of the Dao of Shura, Dao Master Dark Phoenix, Die a few eras ago? When did he leave behind his inheritance?"

Surprise and joy filled his face. He couldn't help but laugh out loud, "The heavens don't want me to Die! The dao of Asura can be saved!"

He pulled Qin Xian 'er over and examined her carefully. His face was filled with ecstasy, "It can't be wrong. It's her. It's her inheritance! I Can't believe that she, who disappeared that year, was actually imprisoned in the Cage of Taotie!"

With nostalgia and excitement, Tian Jizi said, "Little Saint Lord, come back with me. Inherit Dao Master Dark Phoenix's Dao Fire and become the new DAO Master Dark Phoenix!"

Qin Xian 'er opened her mouth and widened her eyes. She stuttered, "I, I'm Not Little Saint Lord, I just..."

"Hahaha, I understand your feelings! But, it's definitely true that Dark Phoenix Dao master chose you as his inheritance. Come back with me. Your appearance will shock the Dao of Asura!" Tian Jizi was ecstatic.

Qin Xian 'er instinctively wanted to refuse, but looking at Su Yu who was bound by the Dao of evil fate, she thought about how Su Yu didn't hesitate to open the eye of Taotie for her. She suppressed the unwillingness in her heart and nodded. "Okay! I'll go with you!"

Without waiting for Tian Jizi to be overjoyed, Qin Xian 'er continued, "But, I have to bring brother Su with me! I'll go wherever he goes!"

"No!" Tian Jizi's expression changed, and he rejected without hesitation. "I can spare him once for the sake of the little saint lord, but it's impossible for me to bring him back to the path of Asura!"

"After all, he is a creature that indirectly caused the death of Dao Master Xuan Ming. This matter can not be hidden. Sooner or later, the other mighty figures of the path of Asura will deduce it. If I bring him back, wouldn't you be suspected as an accomplice?"

"But..." Qin Xian 'er said.

Tian Jizi could not be interrupted. "There is no room for discussion on this matter! You are the hope of the Dao of Asura's revival. You must not be implicated!"

Chapter 1578 Stepping Into The Absolute Beginning

Her eyes were filled with tears of anxiety.

At this moment, she heard su yu say softly, "Xian 'er, go."

Qin Xian 'ER's tears immediately rolled down and she pounced over. "No! Brother Su, if you die, what is the meaning of my future? In My Life, there is only you."

Su Yu's heart was filled with sorrow and reluctance, but it was also filled with deep sorrow.

In the end, he failed to save Xia Jingyu, and he failed to give Qin Xian 'er a warm future.

What he got in the end was Qin Xian 'Er's lonely cry.

If he left, would Qin Xian 'er's bright little face still smile?

Tears rolled in Su Yu's eyes. He closed his right eye, and his left eye was filled with a wine-red light. He teleported Tian Jizi and Qin Xian 'er out of the space and said, "Take good care of her!"

Tian Jizi was caught in the aftermath of the red space. His brows were filled with complicated emotions.

In the end, he sighed silently. Before he teleported, a black and white aura shot out from his fingertip. He turned into a human figure and landed in front of Su Yu. He said, "If I see you next time, I will take your life!"

With the teleportation, Tian Jizi and the Crying Qin Xian 'er disappeared into the absolute beginning world.

Su Yu felt extremely empty, as if he had lost something that he couldn't live without.

"Xian 'er..." Su Yu murmured as he opened his eyes. His eyes were filled with unwillingness.

Could it be that he and Xian 'er had stopped here?

At this moment, the figure in front of him said slowly, "Ashes to Ashes, dust to dust, take away what you can, and leave behind your skin and bag."

When the words fell into Su Yu's ears, his mind was clear, and he instantly understood the meaning of the words.

The human figure in front of him was a skin bag.

Su Yu took away the important thing in this body and headed towards the human figure skin bag.

In other words, he had to give up his current body?

Su Yu was reluctant to give up. This was a body of laws, and it could be called an indestructible body!

Moreover, he cultivated many divine arts, which contained the Devil Path, the divine path, and the asura path. If he changed his body, it would be equivalent to giving up all of these!

However, he had no other choice.

The evil fate path was tightly bound, and Su Yu's body was about to become the evil daughter's property!

When he was about to be thrown into chaos, Su Yu gritted his teeth and transferred the external property to the human figure.

First was the most important nine dragons divine cauldron, then the nine Jade Spirit Pearl, and then the World Annihilation Disc!

When Su Yu was about to throw the nine Indian silver bamboo swords over, his body suddenly froze, unable to move!

“Not good!” Su Yu’s heart sank. He didn’t have time to transfer the Indian silver bamboo swords. His soul left his body and entered the human figure.

As if he could sense Su Yu’s soul leaving, the black lines of the evil karma immediately coiled around the human figure!

How could Su Yu dare to hesitate? He flew into the absolute beginning realm immediately.

The evil karma path swept up everything and slowly retracted, leaving Su Yu’s body here. He didn’t move. He didn’t have any aura or soul.

At this moment, the eye of Taotie between Su Yu’s brows suddenly broke free and followed Su Yu.

At the same time, the 8,000 Divine Dao behind Su Yu’s body also appeared without any warning and flew together.

One of the towering figures filled with rebellious intent grabbed with one hand and even grabbed the bracelet from Su Yu’s wrist.

The Evil Fate Dao transmitted the unsatisfied emotions of the evil daughter.

The gray lines entered Su Yu’s body and completely controlled his body. When the figure of the heaven-defying emperor grabbed the nine Indian silver bamboo swords again, Su Yu suddenly opened his eyes and activated the nine Yang Universal Sword Formation, it shattered the divine image of the heaven-defying emperor!

Su Yu, who was watching the 8,000 Divine Dao and the eye of Taotie follow him out of his shell, slowly closed his eyes and did not move.

At this moment, the battle between the evil girl and Taotie had reached a white-hot degree.

In the divine realm, the lost country was completely destroyed, and there was no trace of the past.

“After 100 million years, not only did you not weaken, but you became more and more powerful!” Taotie exclaimed, “The carefree Emperor’s fear of you is indeed not wrong. If I give you time, in time, you will definitely threaten the position of the Heaven’s daughter of the Emperor!”

The evil girl calmly replied, “You’re not bad either. You’re stronger than before, not weaker!”

“So what if I’m strong? Sealing you again is much more difficult than before!” Taotie said with a smile that was not a smile. “However, it’s not too difficult to trap you in my stomach forever.”

With a thought, the huge door that had been opened for a long time slowly closed.

The evil girl's expression changed. Her beautiful figure disappeared from where she was and rushed towards the exit.

Tao tie laughed. "Do you think I will let you out?"

The devouring power fell from the sky, blocking the evil woman's way.

The Evil Woman's face was calm. She waved her sleeve, sweeping away the devouring power. She dashed toward the exit as if she was crushing everything.

Along the way, many strong creatures in the god domain also found this passage. However, when the two supreme experts fought, they were crushed into dust.

When they arrived at the giant door, only one person was left. They could vaguely see a group of lucky creatures getting out of the cage and entering the absolute beginning realm.

"Close!" Taotie laughed and closed the door.

Although the evil woman couldn't get through the door, she took off the bracelet on her wrist and threw it out.

"Humph, tell the Evil Woman Palace your location? It's useless! They Can't Save You!" Taotie didn't care, the two giant eyes appeared in the sky with greed.

"Come, let me see if you can break my dharma body or become my devouring item!"

The evil woman turned around and looked at Tao tie. The two supreme beings were fighting again!

All the holes in the forbidden land of Ten Thousand Devils had become one.

The creator Dragon looked at the Earth and heaven change with excitement in his eyes. "Hahaha, as I expected, the cage has finally opened!"

"It should be closed by now, right?" The creator Dragon wore a mysterious smile. "With that kid surnamed Su's fortune, he has arrived at the absolute beginning realm, right?"

Pity flickered in his eyes. "Su Yu, Don't blame me for being heartless. Everything has a price! You've received so many benefits from me. You have to pay for it! Why Don't you bear the Seal for me?"

At the end, its eyes were full of amusement.

It had never sincerely helped Su Yu, but it had a purpose.

It took out the dragon Pearl and used the pure dragon power of creation stored in the Dragon Pearl to perform a supreme dragon technique.

"The heaven pilfering sun changing technique of the Dragon Abyss Treasure Scroll!" The creator Dragon had a solemn expression as it performed a huge dragon technique. It was a secret technique from the Dragon Abyss Treasure Scroll!

Instantly, the world turned dark as a mysterious black shadow covered the creator Dragon.

When the Black Shadow disappeared, the creator Dragon that had sealed this place for hundreds of millions of years strangely disappeared without a trace, leaving behind an empty chain!

No, to be precise, there was a replacement under the chain.

It was a person, Su Yu!

The Aura of the Dragon Abyss treasured scroll appeared on Su Yu's body from time to time!

This was the reason why the creator Dragon had taught Su Yu this supreme inheritance of the dragon race.

Only when Su Yu cultivated this book could the creator Dragon Use the heaven pilfering sun changing technique to change the situation between the two of them. The creator Dragon would obtain eternal freedom while Su Yu would replace him and suffer endless suppression!

The world was filled with the laughter of the creator Dragon

The laughter echoed in front of the giant door at the same time.

The place where Su Yu's body should have been abandoned was replaced by the World Creation Dragon.

When he sensed the aura from all directions, his wild laughter stopped abruptly.

“This place is still a cage!”The World Creation Dragon widened his eyes, he didn't understand. He was bewildered, his anger gathered together. “Impossible! I could clearly sense that his soul aura had disappeared in the cage and headed to the absolute beginning realm. I should have taken his place. Why am I still in the cage in the absolute beginning realm?”

How could he know that Su Yu's body, which had cultivated the dragon pool treasured scroll, had been abandoned!

The Real Su Yu had entered the absolute beginning realm!

The scheme he had planned and prepared with great expectations was destroyed in one move!

However, that wasn't the worst part.

The worst part was that he had appeared in front of an indifferent woman with a cold aura!

She stared at him and said indifferently, “The creation dragon? HMM, it just so happens that my spiritual pet is dead. You can be my new spiritual pet.”

--

On a snowy plain covered in ice fog and snowing all year round, a woman in Palace attire with a powerful aura that was comparable to the Emperor of Heaven and earth stood with an ice flower carved between her brows.

Suddenly, she raised her hand and grabbed a bracelet that was flying rapidly in the air.

Looking at the bracelet, the lady in the palace dress cried, "Lady Vile daughter! You finally have news!"

The jade bracelet shook and projected into the sky. There were only two lines of words.

"I'm fine. I'll be back!"

"With my orders, I'll use all my strength to kill someone! The aura of his soul is left in the jade bracelet!"

The lady in the palace dress knelt down, "Yes! Vile daughter Palace, Listen Up!"

Behind her, everyone knelt down.

Looking around, countless women in palace clothes with ice flowers carved on their foreheads were like floating clouds.

Their auras were at least the overlord of the galaxy!

The highest was the woman in the palace clothes, the peak Emperor of Heaven and earth!

--

After entering the absolute beginning, the ice water was bone-piercing.

Su Yu hid in a human figure and floated toward the surface of the water.

This human shadow didn't have a physical body. It was a body forged by the power of Asura. It could be used as a vessel for a short time.

I need to find a body to host my soul! Su Yu thought.

At this moment, a faint bloody aura rippled in the ice water.

A corpse slowly sank down from above Su Yu's head.

It was a young man's corpse. He had just died. There was a fatal wound on his glabella that shattered his soul.

After pondering for a while, Su Yu's soul left the human figure and turned into a ball of purple light, entering the corpse.

The wound on his glabella quickly recovered.

His originally tightly shut eyes suddenly opened, shooting out a deep and cold light.

"My body is a little weak. It's only at the fourth level of the dust immortal realm and isn't at the God level yet." Su Yu felt somewhat regretful. However, the stronger the body, the harder it was for the soul to adapt.

With such a weak body, Su Yu's soul could perfectly fuse with it.

He did not choose this body rashly.

Hua --

At this moment, another corpse sank. It had just been killed not long ago.

“Oh? Is there a massacre on the water?” Su Yu thought for a moment and directly floated to the surface. He had to at least understand where this place was.

Especially to find out where the Dao of Asura was!

“All servants listen up! Young Master is dead. We servants of the Xue family should be loyal to the death! Kill him!” Su Yu was underwater, standing with his hands behind his back, he saw a strange flying wooden boat with ice and fire as feathers. It was surrounded by three small boats shaped like feathers.

On the small boats stood rows of masked men. Each of them held a shadowless longsword in their hands as they surrounded the icefire spaceship.

Their longswords were very powerful. They only had hilts and no blades.

However, with a casual wave, one person on the icefire spaceship died an unnatural death. Either his forehead was pierced through and his soul was crushed, or he was directly split into two!

“Shadowless Sword?” Su Yu’s eyes revealed a strange look.

The servants on the icefire spaceship were not weak, but under the attack of the mysterious black-clothed man and the strange shadowless sword, it was like a one-sided massacre!

“Brothers, kill them all. Murong Qingcheng will be ours to play with!” A black-clothed man grinned and licked his tongue, laughing loudly.

The black-clothed men on the three small boats shot towards the ice and fire ship at the same time, starting a bloody massacre!

Su Yu raised his eyebrows. He could not let all those people die.

Chapter 1579 Nothing

After pondering for a while, Su Yu jumped out of the water and landed on a small boat.

Coincidentally, the black-clothed man on the boat was in the air. He did not guard against people underwater and his lower body defense was wide open.

Su Yu grabbed a divine sword that had fallen into the water and casually pointed it out. Sword Qi entered from his lower body and rushed out from the top of his head.

With a glance, the black-clothed man fell into the water.

The sudden change alarmed the black-robed youths on the other two sides.

“Xue Yu is still alive? !” The two black-robed men cried out as if they had seen a ghost.

Su Yu’s hands were merciless. With a tap of his toes, he shuttled between the two boats like a string of shadows.

Before the two black-robed men could react, the space between their eyebrows had been shattered by each of them. They died in disbelief.

After killing the two people, Su Yu landed on the ice and fire ship with the longsword in his hand and swept his gaze across the people on the ship.

“Ah! Young Master! You, you didn’t die!”The leader of the group, the hunchbacked old man, said in shock.

Just now, it was this old man who led the group to fight.

Young Master? Su Yu just realized that the body he occupied had an extraordinary status.

After thinking for a short while, Su Yu removed the strange look in his eyes and revealed a warm smile, “I have a strange treasure that has resolved the fatal injury between my eyebrows. Don’t worry.”

On the spaceship, many servants were celebrating.

Only the old man’s old eyes were filled with doubt, “Young master, when did you learn such a brilliant sword technique? They are all Level Five Heavenly Cave Abode World Paragons!”

Cave Abode World Paragons? Su Yu was slightly stunned. He looked at the Three Corpses in secret and finally understood.

The so-called cave abode World Paragons should be the gods in the ancient god realm. They could create their own cave abode world.

Su Yu had seen countless storms and reacted quickly. He replied smoothly, “If I didn’t secretly prepare a backup plan, I wouldn’t be standing in front of you.”

The old man was shocked, “Young master actually cultivated an incredible sword technique in secret! This is really beyond my expectations!”

The doubt in his eyes dissipated and he said respectfully, “Young Master, then continue on your journey. Don’t miss the time.”

Su Yu’s eyes flashed. He had no idea where this spaceship was headed to or what its purpose was. If he were to ask now, wouldn’t his identity be exposed?

“Oh, let’s continue on our journey then.”Su Yu said without batting an eyelid as he headed towards the cabin. When he entered, he added, “Come in for a moment. I have something to discuss with you alone.”

The old man did not suspect him. How could the young master not discuss with him about the assassination?

However, not long after they entered the room, a wisp of pale white light shot out without anyone noticing.

After a while, the old man walked out of the room with blank eyes. His head was empty, and he couldn’t remember what had happened in the room at all.

Inside the cabin, Su Yu was surprised. “This place is the edge of the absolute beginning realm, the Sea of constellations!”

He had learned a lot of important information from the old man’s soul search, including his current situation.

The Sea of constellations was extremely vast, and its power was complicated. What surprised Su Yu the most was that there were actually three emperor-level existences in this place!

They ruled over the sea of constellations separately, and had been in awe for hundreds of millions of years.

The Xue clan that this body belonged to was a clan under the command of an emperor-level existence. They were in charge of a sea region.

This time, this body was ordered by the clan to head to a clan in another sea region and form a marriage alliance with them.

Unexpectedly, this body was ambushed on the way and died on the spot.

“Fate meets fate, so it is fate to occupy this body.” Su Yu said leisurely, “You can go in peace. I will treat this body well for you and your clansmen.”

With that thought, something seemed to leave Xue Yu’s body.

That should be the lingering obsession of Xue Yu.

Only then did Su Yu have the heart to examine his body.

After a long while, Su Yu sighed helplessly, “What a pity that the body of laws and the universe sword formation are still there!”

“The Abhijna and precious techniques that I cultivated in the past were also lost. How troublesome.” Su Yu frowned.

Other than the soul technique, the 8,000 path of God and the simple path of the sword, in terms of divine techniques, Su Yu was not much stronger than the world paragon of the Fifth Heavenly Cave abode.

The most troublesome thing was that he did not take away the incomparably powerful divine essence in his body.

The current Su Yu did not have any divine power in his body.

Because of this, the 8,000 Godly Dao fell into a deep sleep and could not be opened!

Including time, space, life, death, and the soul, all of them fell into a deep sleep.

“The Godly Dao of life...” Su Yu frowned deeply. It was not easy for him to obtain the blood of the evil daughter, but the Godly Dao of life fell into a deep sleep!

And without this path, how could he revive Xia Jingyu?

Fortunately, after careful consideration, Su Yu confirmed that the situation before him was not without a solution!

As long as Su Yu succeeded in one thing, he would be able to regain control over the many divine paths!

That was... becoming a deity!

Once he cultivated the divine source, the eight thousand divine paths would awaken, including the Divine Path of life.

“Before my strength is restored to its peak, I should try my best to use Xue Yu’s identity,” Su Yu thought to himself. The Sea of constellations was complex and dangerous. It was definitely not a wise move to walk alone.

After thinking for a while, Su Yu tried to open the nine Jade Spirit Pearl. To his astonishment, he discovered that the spirit pearl seemed to have been locked onto and could not be opened!

“What’s going on?” Su Yu’s shock was no small matter. Not only were there many important items among them, Xiao die, Sheng Ge, and the others were also there, as well as the most important supreme breathing ground!

He tried to open the space of the Buddha Pearl and to his surprise, he discovered that he was similarly unable to open it!

Even the doomsday disk couldn’t be activated by Su Yu!

Su Yu couldn’t help but break out in a cold sweat.

However, Su Yu had always been calm in the face of trouble. After thinking for a while, he came to a realization.

These things had followed Su Yu all year round and had left deep imprints.

Now that Su Yu’s body was completely different, how could he get the recognition of these things?

Knowing this, Su Yu was much more relieved.

As long as he broke through to the deity realm, he would be able to refine those imprints and open them one by one.

The difficult part was the current situation.

Right now, other than the soul technique, Su Yu had lost all his divine abilities, precious techniques, magic treasures, and powerful assistants.

Even if he encountered a fourth level heavenly cave master, Su Yu would still be in grave danger.

Suddenly, Su Yu’s eyes lit up. His soul power surged, and a green wooden sword flew out from the top of his head.

The wooden sword was the inheritance that demon sword Wu ya had left to Su Yu before he passed away. It contained supreme sword techniques.

This inheritance was transferred to this body along with Su Yu’s soul.

“Could it be Heaven’s will that forced me to cultivate sword techniques again?” Su Yu forced a smile.

He had never seriously cultivated sword techniques before. Right now, sword techniques were the only thing he could learn.

“Forget it. The inheritance of a World Emperor is enough for me to surpass my peak,” said Su Yu.

The Sea of constellations was vast, but there were only three emperors of heaven and earth.

Since Su Yu had the inheritance of one emperor, many absolute beginning creatures envied him.

If this inheritance was leaked, the three emperors would be alarmed.

Holding the Greenwood Sword in his hand, Su Yu immediately comprehended the sword intent in the Greenwood Sword.

As the divine path of time was in a deep sleep, Su Yu helplessly realized that he couldn't use the time that he was used to.

He could only comprehend it step by step.

Fortunately, Su Yu had extraordinary experience and had the experience of cultivating the nine Yang universe sword formation.

In terms of sword intent, he was similar to the Demon Sword Wuya. His comprehension was as if it was assisted by God.

One month later.

The Butler led his servants to patrol around the spaceship.

Suddenly, a sharp sword qi shot out from the cabin and almost destroyed the upper half of the cabin.

The Butler was caught off guard, and divine power gushed out from his body before he managed to neutralize the sword qi.

The servants nearby were not so lucky, all of them were injured by the sword qi.

The butler was shocked, "What kind of powerful sword art did young master cultivate? That sword just now was comparable to a full-strength attack from a fourth-level heavenly cave master!"

Keng --

The sharp sword returned to its sheath, and the sword Qi quickly disappeared.

An ordinary divine sword hung on Su Yu's waist. He walked out and said apologetically, "Treat the injured immediately!"

The butler said, "It's alright, it's just a superficial injury! Young master, Murong Island is arriving soon. I hope young master will be prepared."

Su Yu nodded.

On this trip, Xue Yu represented the Xue family to the Murong Family and signed a marriage contract with one of the famous Murong family's daughters.

Su Yu was conflicted, but before he recovered his strength, it was not appropriate for him to do anything unexpected.

Especially since everyone knew that Xue Yu was deeply in love with Murong Qingcheng.

"Still, I'm looking forward to it," Su Yu said.

The Butler's face was full of smiles, but when he turned around, he could not help but sigh softly.

When the spaceship arrived at Murong Island, Su Yu's eyes revealed a strange look.

Although it was an island in name, it was actually a giant black tortoise that was as big as ten immortal caves!

It had been sleeping in the Sea of constellations for God knows how long. The turtle shell it revealed gradually gathered the human energy and formed a group of creatures led by the Murong family.

From the soul search, Su Yu knew that many territories were built on strange beasts.

Some of them were still alive, and their locations were always changing.

"The absolute beginning realm is indeed extraordinary. I didn't dare to imagine the god realm with so many beasts," Su Yu thought to himself.

"Hahaha! The Xue family has graced us with their presence. Murong Feng, please excuse us!" A handsome man in his twenties with a jade-like face led a group of sailors to welcome them.

The butler quickly said, "I wouldn't dare! How would I dare to let the Murong family head personally welcome me?"

He secretly gave Su Yu a signal with his eyes, asking Su Yu to quickly come forward and greet him.

Su Yu sized him up. The first level heavenly cave abode's boundary venerable was not bad.

In Su Yu's eyes, he was merely not bad.

"So it's the Murong family head. Xue Yu, please excuse me." Su Yu went forward and cupped his fists.

Murong Feng's eyes flashed with surprise.

When he faced Su Yu, he felt as if he was facing an emperor. It was as if the young man in front of him was someone who had been in a high position for a long time.

Such an absurd feeling made Murong Feng feel incredulous.

"Humph! Xue Yu, aren't you being too arrogant? How can you greet the head of the Murong family in such a manner?" A handsome young man who was seventy percent similar to Murong Feng criticized.

Indeed.

As a junior, Su Yu did not look askance. He cupped his fists and responded to his elders as if they were of the same generation. He was indeed suspected of being disrespectful.

"It doesn't matter! I've long heard that the Xue family has many talents. I never thought that a junior who just came out of the hut would also be so outstanding! Neither servile nor overbearing, calm and composed. Not Bad, not bad!" Murong Feng praised.

The handsome youth had a hostile look on his face. "What is he? Xue Lei is more like it!"

Xue Lei was the most outstanding young man in the current generation of the Xue family. He was also Xue Yu's Big Brother.

His aptitude and talent were all top-notch. He already had the strength of a third-level heavenly cave abode's world paragon at such a young age.

The family head held him in high regard. The entire residence also held him in high esteem. They had long secretly regarded him as the future successor of the Xue family.

On the other hand, Xue Yu was not considered mediocre. However, compared to Xue Lei, he was dull and dull.

"Elder Qingyun, don't Be Rude!" Murong Feng reprimanded slightly and smiled at Su Yu, "Everyone, you must be tired from the journey. Please enter the residence to rest."

This young man was also a cultivator of the older generation who looked young.

The Butler had a mission and was extremely nervous. Every Word and action he spoke was very cautious. Just as he was about to nod his head in agreement, 'Xue Yu'smiled calmly, "Patriarch Murong is too polite. Let's talk about business first."

Everyone was disappointed. What an impatient young man. With such a character, it would be difficult for him to achieve great things.

The butler also secretly tugged on Su Yu's sleeve, hinting that he should be careful with his words and actions.

Only Murong Feng was surprised. He had seen countless people. He could see through anyone who was impatient and shrewd with a single glance.

The feeling that Su Yu gave him did not seem to be impatient. Instead, he seemed to be a person who held a high position and disdained complicated formalities.

He realized that he could not understand the youth in front of him. With a smile, he said, "Alright, then I'll immediately arrange the ceremony."

The Murong family had actually already made preparations.

In front of the ancestral hall in the manor, the Murong Family's distinguished clansmen had all arrived,

the Xue family's side was represented by Xue Yu.

The two sides met in front of the ancestral hall.

Su Yu also saw the famous number one beauty, Murong Qingcheng.

Her light purple dress dragged the floor, making her slender body look elegant and moving, like a purple tulip.

Her black hair was tied up, and her hair was beautiful.

There was a layer of gauze covering her face, only revealing a pair of beautiful eyes.

Although Su Yu could easily see through her face, she was not interested at all.

In fact, she only took a casual glance at her and did not pay any attention to her at all.

“Nephew Xue, did you bring any documents with you?” Murong Feng asked.

Su Yu was expressionless as he took out the marriage contract that had the seal of the Xue family engraved on it.

As long as the Murong family placed a big seal on it, the marriage contract between the two parties would be established!

Murong Feng said with satisfaction, “That’s right. Since both parties have already reached an agreement, then the marriage contract will be established.”

He took out the precious Murong family seal and placed it on the document.

“Clan leader, please wait.” Elder Qingyun stopped him.

Chapter 1580 Sixth-Class Race

Murong Feng frowned slightly. “What’s the matter, Senior Qingyun?”

Senior Qingyun stared at Su Yu and said, “I’m just complaining that Qingcheng isn’t worth it! Our Murong clan clearly has a better marriage partner, so why must we choose him? Qingcheng has been wronged!”

Murong Qingcheng was the direct granddaughter of Senior Qingyun, and her talent and looks were above average. Naturally, she was valued by him.

He was unwilling to marry her to an ordinary person like Xue Yu.

Murong Feng was displeased, “Honorable Elder Qingyun, we have already discussed this. Xue Lei might be the best choice, but he already has a wife. Murong Qingcheng is not suitable to marry him. Only Xue Yu is suitable.”

Xue Yu was not their first choice. They just had no choice.

Su Yu smiled in his heart and acted as if nothing had happened.

Senior Qingyun’s eyes flashed. “It doesn’t mean that we have to marry the Xue family. The Xue family isn’t the only one who has the right to form an alliance with the Murong Family...”

Murong Feng interrupted him and said, “Senior Qingyun, enough is enough! An alliance is of great importance. Not everyone is suitable for it. It requires a foundation of trust. In the entire sea of constellations, apart from the Xue family, who else can be trusted?”

His words rendered senior Qingyun speechless.

However, he was still unwilling. He said, “It’s fine to sign the marriage contract, but Xue Yu must be tested in front of me and Qingcheng!”

Murong Feng put down his clan seal. He knew that senior Qingyun wouldn’t give up. He frowned and said, “Qingyun, don’t be impudent! Xue Yu represents the Xue family. Please show some respect!”

Seeing them arguing, Su Yu put one hand on his back and the other on the hilt of his sword. He looked relaxed and casual and said, “No Worries!”

Looking at senior Qing Yun, Su Yu said, "What Test do you want?"

Senior Qing Yun snorted, "You talk big! I just don't know if you will be shocked if you hear it!"

"Please say it." Su Yu said expressionlessly.

Qing Yun Chang Zun said rudely, "Your power is too low. You are not good enough for Murong Qingcheng. If you want to marry her, you have to make sure that you can become a realm master of the cave abode one day! That way, you won't let her down!"

Become a realm master of the cave abode? Su Yu shrugged. A realm master of the cave abode at the fifth sky was no match for him.

"I don't expect you to be as talented as Xue Lei, but you have to be qualified to become a realm master of the cave abode! This is what I want to test!" Qing Yun Chang Zun ignored the dissuasion of the other members of the Murong family, he shouted sternly.

Even in the absolute beginning realm, where God power was everywhere, it was still very difficult for a dust immortal to become a world paragon.

"Sure." What he got was Su Yu's simple and clear answer. "How do you want to test?"

Senior Qing Yun was surprised, but he recovered quickly. He took out a colorful worm and struggled in his hand.

"Supreme Dao Bug?" Someone said, not surprised at all.

The others also looked like they were used to it.

The Butler next to Xue Yu sighed silently and looked at Xue Yu with pity in his eyes.

He had already considered today's scene when he first came.

If nothing unexpected happened, the Murong family made things difficult for him, and it was also difficult for Xue Yu to step down.

Everyone knew that Xue Yu's talent was not good, and his achievements in the Supreme Dao made others laugh at him.

Up until now, he had yet to cultivate his own supreme dao.

The current test was clearly intended to humiliate him. It was to let everyone present know that Xue Yu was a useless trash who would never be able to become a world paragon of the cave abode in his lifetime.

Thus, since Su Yu could not marry Murong Qingcheng, he would receive even more ridicule when he returned to his clan.

"Then let's give it a try." Su Yu's expression was calm. His face was calm, and there was not the slightest hint of nervousness.

The onlookers were slightly stunned and thought that Su Yu's behavior was strange.

Senior Qingyun sneered, "Being so calm even at the end of your life is one of your few advantages! Unfortunately, reality has always been cruel!"

With two fingers and one flick, the Supreme Dao worm landed on Su Yu's body.

Senior Qingyun continued, "Don't move. Ten breaths later, if you have the possibility of breaking through to become a world paragon, the Supreme Dao worm will light up in a certain color. If it doesn't, it means that you don't have the qualifications. Then, unfortunately, I can't agree to Qingcheng's marriage to you!"

Murong Qingcheng's snow-white eyes stared at the Supreme Dao insect. It was not hard to see the nervousness in her eyes.

If she was asked if she was willing to marry Xue Yu, the answer would naturally be no!

The one she really liked was Xue Yu's brother, Xue Lei.

Only someone with talent and a bright future like that would be the one she was willing to marry.

As for marrying Xue Yu, she only felt uncomfortable all over and her mood was extremely gloomy.

Fortunately, the Honorable Sir Qingyun tried his best to stop her. What was even more gratifying was that Xue Yu, this fellow, did not know what was wrong with his brain and actually agreed to be tested for his talent.

Murong Qingcheng was elated, as if she had already seen the scene of Xue Yu failing, his face full of frustration and dejection.

Thinking up to this point, her face was filled with a sweet smile of relief that she had not seen for a long time.

However, the result was not as everyone had predicted.

The Supreme Dao Worm had reacted!

As soon as it landed on Su Yu's body, the Supreme Dao worm seemed to be greatly stimulated. Its sharp cries were incessant, and a pair of five-colored wings fluttered desperately, emitting five different colors all over its body!

The strange scene caused everyone to be stunned.

"Strange! Was this Supreme Dao worm sick? Normally, even if the detector had just formed the Supreme Dao, it would only flash one color, which represented the category of its Supreme Dao. Occasionally, there would also be heaven and earth's favored sons who cultivated two paths together, showing two colors. However, when the five colors flashed at the same time, what did that mean? Cultivating Five Supreme Dao simultaneously? And each of them was very mature?"

"Is this possible? I've never heard of anyone who could cultivate three supreme dao existences ever since I was young!"

Qingyun supremacy was also puzzled and asked, "What did you do to this insect?"

Su Yu shrugged. "The insect is yours. How can I say that I did something to it?"

This Supreme Dao insect sensed the eight thousand supreme dao insects sleeping on Su Yu's body and was naturally extremely excited.

Senior Qing Yun sucked the insect into his palm through the air and examined it carefully. There was no problem.

Murong Feng said, "Qing Yun, this is the end. Don't be impudent!" Even if there was a problem with the Supreme Dao insect's test results, since it could shine with color, it must have the talent to break through to become a world paragon. There has never been an exception since ancient times."

Senior Qing Yun was unwilling, but he could only watch helplessly.

The Supreme Dao worm was indeed like that. The test results had never been fake.

For some reason, Xue Yu's test results were not quite the same as the rumors!

"This is amazing! Didn't the rumors say that Xue Yu's talent was mediocre and that he couldn't pass the Supreme Dao Worm's test?"

"I'm curious too. This isn't considered a secret, right? Could it be that the rumors are wrong?"

The Butler who came with him was dumbfounded!

He clearly remembered that the master had personally used the Supreme Dao worm to test it. At that time, it didn't even trigger the Supreme Dao worm's reaction. How could it be now..

After thinking about it, he could only blame it on the Supreme Dao worm now. There was a problem.

Those who had the same thoughts as him occupied ninety-nine percent!

Murong Qingcheng's eyes were gloomy, as if she had fallen into great despair. Her expression was extremely miserable!

Strands of mournful and aggrieved expressions accompanied her gaze as she shot towards Su Yu.

On the other hand, Su Yu calmly took the contract and handed it over to Murong Feng.

Murong Feng smiled. Although there were some twists and turns, the outcome was not out of his control.

However, at this moment, an invisible sword light pierced through the sky and brushed past Su Yu's face, nailing the contract in his hand to the ground.

"Impudent!" Murong Feng flew into a rage and raised his head to look.

He saw an old man and a young man standing high up in the sky.

When he saw them clearly, Murong Feng's anger subsided. He suppressed his anger and said coldly, "So you are from the divine feathers clan!"

The two figures each had a pair of pure white wings. Their hair was snow-white and they looked elegant and noble.

They were from the divine feathers clan, a sixth-grade clan that was quite famous in the Sea of constellations!

The divine feathers clan was not weak in the sea of constellations. They were more powerful than the Murong and Xue families. They were one of the three most powerful families among the hundreds of powers in this region.

On the other hand, the latter two barely made it into the top ten.

The old divine feathers clan did not say a word. They only chuckled and stood guard by the young divine feathers clan's side.

The young divine feathers clan's expression was arrogant as he said, "Master Murong, you would rather marry Qingcheng to a good-for-nothing than to marry this young master?"

The young master of the god of feathers, Tuoba Lun, had begged the Murong family several times to marry Murong Qingcheng.

Murong Qingcheng herself was very willing because in terms of fame, future, and talent, Tuoba Lun was even stronger than Xue Lei. Marrying him was almost every girl's dream.

She didn't expect that after being rejected several times, he would show up in the end and personally stop her!

Murong Qingcheng was so happy that she burst into tears.

Murong Feng glared coldly at elder Qingyun. The latter's lips curled into an imperceptible smile.

It was obvious that he had been stalling for time, waiting for the divine feathers clan to descend!

Murong Feng said calmly, "Although your divine feathers clan is strong, you are not strong enough to interfere in the internal affairs of our Murong Clan, right? Do you know that your actions can already be considered a provocation? It is enough for our Murong clan to officially declare war on you!"

Tuoba Lun smiled arrogantly with extraordinary confidence. "If the Murong Clan has the guts, why don't you try attacking our divine feathers clan's star Palace?"

"Impudent!" Murong Feng shouted!

Tuoba Lun ignored his threat and said indifferently, "This junior is just speaking the truth!"

Murong Feng narrowed his eyes, but he had no words to refute.

Because he really didn't have the guts. The gap between the two sides was too big. If the Murong clan really did this, they would be seeking their own destruction.

"I came here today just to take Murong Qingcheng away. Didn't your Murong family want to sign a marriage contract? My god of feathers clan will give you one!" Tuoba Lun threw down a stack of documents. Surprisingly, it had the family seal of the god of feathers clan.

As long as Murong Feng left the family seal of the Murong family, the marriage contract between the Murong family and the god of feathers clan would be signed.

Murong Qingcheng was shocked by the happiness and her heart skipped a beat. She did not forget to express her gratitude to senior Qingyun.

“Qingcheng, come with me and become the wife of my Tuoba Lun’s young master!” Tuoba Lun took a deep breath and brought Murong Qingcheng away.

However, at this moment, a low voice slowly drifted over from below.

“Sir, don’t you think too little of me?” Su Yu was like a speck of dust that had been ignored by others as he spoke in a voice that belonged to him.

He wiped the blood on his face that had been grazed by the sword light and raised his eyes slightly.

A trace of coldness blossomed in his eyes.

Shadowless sword!

The Man in black who attacked the Xue family Midway used the same shadowless sword!
