Chapter 1581 Stunning Everyone

Tuoba Lun seemed to have just noticed Su Yu at this moment and looked down at him.

His eyelids were slightly drooping and his eyebrows were slightly bent, looking extremely contemptuous.

“You must be Xue Yu, the toad who wants to eat swan meat, right?” Tuoba Lun said indifferently, “Give me a reason to put you in my eyes!”

“Is it because you’re weak, or because you’re Pitiful? Or is it because of your position as the second young master of the Xue Family?”

Tuoba lun sighed and said, “Why are there so many people in this world who feel good about themselves and don’t open their eyes to see the world? I, Tuoba Lun, have no obligation to put you in my eyes. Do you understand?”

Su Yu did not say a word. In the eyes of outsiders, he was speechless. Only he himself knew that it was disdainful to respond.

“Young Master Xue!” Murong Qingcheng moved lightly and walked in front of him. She bowed slightly and said, “I am grateful for your great love for me. But if you really love me, please don’t delay my future, Okay?”

“It is still a long way to go for one of you to become a world paragon of the cave abode, and the other is already a world paragon of the third-level heavenly cave abode. He is also the future successor of the Divine Feathers clan. I can only imagine who will be happier with Qingcheng. I hope that Young Master can let go of Qingcheng.” Murong Qingcheng said calmly, “If young master wants me to kneel down and beg you, I will do it.”

To any man, such words could be considered a humiliation.

However, Su Yu’s expression was as calm as the clouds, as though he was unperturbed by the humiliation. He leisurely spoke, “Then you shall kneel.”

UH --

These words actually caused Murong Qingcheng to be stunned, her snow-white eyes flickering with anger.

Anyone with discerning eyes could tell that this was a method to provoke her. Thinking about her, Murong Qingcheng, the proud daughter of the heavens, how noble was she? How could she kneel to anyone, or even an ordinary person?

“Young Master Xue, are you intentionally making things difficult for me?” Murong Qingcheng asked.

Su Yu stared at her. For the first time, his gaze was focused on her as he calmly replied, “You were the one who said that you were willing to kneel down and beg me. I didn’t force you.”

Senior Qing Yun who was standing at the side raised his brows as he shouted, “Xue Yu, don’t be impudent! If Murong Qingcheng kneels down to you, where would her face be?”

“Hehe...”su yu laughed, “Face? Let me ask you, you’ve blocked the engagement for so many times and invited outsiders to steal my fiancée in public. Have you ever considered my face?”

“The women of your Murong family have their dignity, while the people of my Xue family are despicable and shameless. Can I let you trample on my dignity?”Su Yu retorted sharply.

His words had already reached the level of the two families’ dignity.

If Su Yu retreated and returned to the Xue family, he would not have a good ending.

Murong Feng’s face was gloomy as he shouted, “Enough! All of you, shut up!”

His shout contained the boundless godly power of the first level heavenly cave abode’s World Paragon, shocking senior Qing Yun’s eyelids.

The elder of the god of Plume tribe also quietly protected Tuoba Lun behind him, his eyes filled with fear.

After all, he was the clan leader of a large clan. If he really showed his might, who would dare to underestimate him?

Murong Feng stared at Tuoba Lun and the old man and said coldly, “The two of you, if you are here to observe the marriage ceremony between the Murong and Xue clans, Murong Feng welcomes you! If you deliberately come to cause trouble, HMPH! Don’t blame me for not knowing any young master of the Divine Feathers Clan!”

His sharp words forced the old man to become even more fearful, and he secretly suppressed Tuoba Lun who was about to flare up.

Sweeping his eyes across, Murong Feng glared coldly at elder Qingyun and said, “I’ve already tolerated enough for you. If you still don’t know what’s good for you, then don’t blame me for not respecting the seniority of the clan and punishing you with the clan rules!”

Elder Qingyun clenched his fists. In the end, he did not dare to disobey. Instead, he glared at Su Yu with hatred in his eyes.

He did not dare to vent his hatred on Murong Feng. He only dared to hate Su Yu.

Murong Feng said, “The engagement ceremony, continue!”

He took the document and placed the seal on it.

The document was done, the engagement was set!

Murong Qingcheng’s face was pale and her whole body trembled.

The greatest anger was to give hope and disappoint others.

If it was not for Tuoba Lun's interlude, Murong Qingcheng would have accepted her fate. However, the result made her extremely indignant.

"I don't want to!" Murong Qingcheng's five fingers dug into her flesh and shrieked. Her snow-white eyes were filled with resentment as she pointed at Su Yu, she said, "I, Murong Qingcheng, don't want to marry such a good-for-nothing! I Won't be able to become a world paragon of the cave abode or obtain the position of the Xue family head. In the future, I can only be an elder of the Xue family. If I follow him, how will I ever be able to stand out?"

Murong Feng's eyes turned cold. With a flick of his sleeve, a huge force sent Murong Qingcheng flying. "Bastard!"

Cough --

Murong Qingcheng coughed up a few drops of blood. Her eyes were still filled with stubbornness. "I refuse to accept it! I refuse to accept it! I absolutely don't want to marry such a good-for-nothing!"

"Guards! Family discipline!" Murong Feng was completely enraged.

At this time, the instigator, Su Yu, said, "Family head, please wait!"

Murong Feng said apologetically, "Please forgive me, Young Master Xue. I, Murong Feng, am not good at ruling the family. I have taught such a shameless junior!"

Su Yu put his hands behind his back and said, "No! I think what Miss Murong said is not unreasonable. From her point of view, who would be willing to marry a mediocre person?"

UH --

No one had expected that Su Yu would actually speak up for Murong Qingcheng.

Murong Feng thought of something and immediately found a way out. He did not want an engagement ceremony to become a laughingstock for outsiders, he snorted at Murong Qingcheng, "Did you see that? You severely injured young master Xue with your vicious words. Not only did he not take it to heart, he even spoke up for you! For his sake, I'll let you off this time. When you go back, reflect on yourself and do not leave the mansion!"

Unfortunately, Su Yu's persuasion did not have any effect on their relationship. In Murong Qingcheng's eyes, it was Su Yu's mockery.

She laughed bitterly and shouted, "Xue, you want me, Murong Qingcheng, to marry an ordinary person like you? Dream On!"

Anger rose in her heart. Murong Qingcheng took out a crystal sword from nowhere and stabbed it at Su Yu at close range.

The body of the sword contained the godly power of a fourth-level world paragon.

If this sword was not a world paragon, there was no way it could block it!

Murong Feng's pupils constricted and his heart became anxious. he shouted angrily, "Evil creature! How dare you!"

If Xue Yu was really killed by his marriage partner in the Murong Family and became a joke, their two races would definitely become a blood feud!

One could imagine the anger in his heart!

Unfortunately, Murong Qingcheng pulled out her sword suddenly. No one had expected it, so he didn't even have time to react.

Seeing that Su Yu was about to be killed by a sword, Su Yu himself was calm and collected.

His hands, which were originally behind his back, just put down his right hand, and a simple and unadorned divine sword fell from his sleeve.

Holding the divine sword in his hand, Su Yu immediately displayed his swordsmanship.

His swordsmanship couldn't be considered brilliant, but it was exquisite in its shrewdness, unique, simple and neat.

It was originally an ordinary divine sword, but it was like a high-grade spirit sword, carrying a wonderful sword intent.

The sword stabbed Back, and the purity was on the hilt of Murong Qingcheng's sword.

The hilt of the sword shook violently, and as if she had been electrocuted, the body of the sword left her hand.

The sword in Su Yu's palm turned in the air. The tip of the sword was originally sliding toward her throat, but it changed to the hilt and hit her shoulder.

Puff --

Her red lips opened, and she spat out another mouthful of blood. Her body was sent flying.

"Bastard, how Dare You Hurt My Qingcheng!"Senior Qing Yun's heart ached for his granddaughter, and he was furious!

He caught Murong Qingcheng and pulled out a black and white divine sword from his back. The sword contained a great sword intent, and it added a third of its sharpness to the Sword Qi.

In addition to his strength as a second-level heavenly cave abode's world paragon, the chances of a third-level heavenly cave abode's World Paragon dying under this sword was as high as 90% !

However, what shocked the onlookers was that not only did Xue Yu not run away, he even charged forward with his sword!

Even senior Qing Yun was surprised. He did not dare to kill Xue Yu. He knew better than Murong Qingcheng how serious the consequences would be.

However, it was too late to put away his sword at this moment. His face turned extremely ugly.

"Devil Moon revolving form!"Su Yu shouted softly. The spiritual sword in his hand swept across and drew an extremely mysterious trajectory in the air.

A circular sword arc was born from that trajectory and swept out.

Clang --

The black and white divine sword of Senior Master Qingyun was instantly met with a fierce counterattack. It trembled several times and actually left his hand on the spot.

The remaining sword Qi passed through senior master Qingyun and cut his clothes into strips. His purple-gold crown was also sent flying. His black hair was disheveled and he was in a sorry state.

Senior Qing Yun stood rooted to the ground as if he was in a dream. He could not believe what had just happened.

Murong Feng, who had rushed to the rescue, stopped in his tracks and stared at Su Yu in shock.

The bystanders were also shocked by the strange scene in front of them and stood rooted to the ground.

After a long while, they were shocked.

“What? Am I seeing things? He actually gained the upper hand with one sword attack?”

“That’s not the main point. The main point is that he’s only at the fourth level of the Chen Immortal realm! Murong Qingcheng is a fourth level heavenly cave master, while senior Qingyun is a second level heavenly cave master!”

The difference between a Chen Immortal and a cave master was like the difference between heaven and earth.

There were many cases of people who had surpassed their level of cultivation and won. However, it was unheard of to see someone who had surpassed their level of cultivation and won!

Tuoba Lun, who was watching coldly from the side, narrowed his eyes. It was not hard to see the shock on his face.

The old man from the divine feathers clan also narrowed his eyes and exclaimed, “What a mysterious sword technique. It seems to be even more brilliant than the inherited sword techniques of our divine feathers clan!”

Su Yu’s sword stunned everyone. He expressionlessly withdrew his sword and looked at Murong Qingcheng, “The ancients say that thirty years have passed and thirty years have passed. How do you know that the past me will remain stagnant?”

Everyone sighed!

Before this, senior Qing Yun had seriously tested whether Xue Yu had the potential to become a world paragon in the cave abode.

The result was that he already had the strength of a world paragon in the cave abode. Moreover, he was comparable to a fourth-level heavenly cave abode World Paragon!

What made people feel that the world was unpredictable was that Murong Qingcheng kept saying that Xue Yu was mediocre and had no bright future.

But in reality? She could not even match up to Su Yu in one round!

Moreover, since ancient times, how could a heaven's pride expert who could defeat a world paragon level expert at the Mortal Immortal Realm have little achievements in the future?

At least, Tuoba Lun and Xue Lei at the same time had never done it.

Murong Qingcheng was more resentful than surprised because she lost all her face in front of everyone.

She raised her snow-white eyes and gritted her teeth, she said stubbornly, "I admit that I underestimated you, but so what? You're still not as good as Tuoba Lun, and you're also not as good as your big brother Xue Lei! If you can get my man in this life, don't even think about getting my heart!"

Everyone sighed silently. Under such circumstances, how could the proud Murong Qingcheng lower her head?

Her reaction was not unexpected at all.

Su Yu's response was surprising, "I'm sorry, I think you've misunderstood. I'm not interested in your body."

Chapter 1582 Buying A Divine Weapon

When this was said, everyone was in an uproar.

Murong Qingcheng's beauty was unparalleled and she was famous all over the world. which young man was not interested in her?

"Eh? That's not right. I've long heard that Xue Yu has been in love with Murong Qingcheng for a long time. What's going on now?"

"Isn't that simple? Let me ask you. The woman you love is pestering another man in front of you. Will you announce in public that you still love her deeply?"

"Oh? I understand! Hehe, after all, we are all young people. We must respect our dignity and face! Murong Qingcheng embarrassed him, so naturally, he will not let her feel good."

Hearing the heated discussion, Murong Qingcheng felt humiliated. She glared at Su Yu with hatred, "I hate you!"

Su Yu shrugged, not caring at all.

"Take Murong Qingcheng to the wall chamber. Don't come out of seclusion for a year!" Murong Feng shouted.

Then, he glared at the extraordinary guests of the divine feathers clan and said, "Gentlemen, the ceremony has been completed. Go Do what you need to do. I'm sorry that Murong Feng Won't accompany you!"

After that, he led his clansmen and returned to the mansion together with Su Yu.

Tuoba Lun's face was full of uncertainty, especially on Su Yu. It was especially cold.

The old man beside him sighed, "Qingyun is a fool, but Murong Feng is very shrewd. He won't be easily fooled by us. If he wants to break up the alliance between Murong Feng and the Xue family, then Murong Feng must be a fool too!"

Tuoba Lun's eyes revealed a profound look that did not match his age, "If it wasn't for the fact that this Brat Xue Yu has hidden himself so deeply, we might not have been unable to succeed."

In the end, Murong Feng was also unwilling to spoil Murong Qingcheng by marrying her off to Xue Yu.

However, after Xue Yu had displayed an unexpectedly concealed strength, Murong Feng's attitude had obviously changed.

"Young master, Let's hurry back and report this. The alliance between Murong and the Xue family is unstoppable. We should also consider whether we should also look for an alliance in the Ten Thousand Dragon Cave one year from now."

Tuoba Lun's eyes were filled with unwillingness as he said, "HMPH! It's not that easy to form an alliance!"

In the Murong Residence, Murong Feng's words were much more enthusiastic. He had indirectly asked Su Yu about the origin of Su Yu's swordsmanship, but Su Yu had managed to deceive him with vague words.

After a round of conversation, Murong Feng was unable to obtain any useful information. He could not help but secretly praise Su Yu.

Who said that the Xue family only had Xue Lei as a talent that could be used? His second son, Xue Yu, was also a rare talent!

After hiding his strength for more than ten years, not a single piece of information was leaked. One could tell that this child was good at hiding his strength.

At this moment, Murong Feng found it difficult to talk to him. It was as if he was not talking to a young man, but to an old monster who had lived for tens of millions of years.

Not only did he not reveal Su Yu's secrets, but Su Yu had quietly uncovered many secrets.

"Sigh, that Xue Yuntian is really lucky to have nurtured two outstanding juniors! Unlike me, sigh..." Murong Feng was moved.

After a while, Su Yu stood up and took his leave.

Murong Feng's expression turned serious and dismissed everyone, leaving only Su Yu behind.

"Nephew, Xiao Yuntian should have told you to bring something back when you came this time, right?"

Su Yu did not understand and nodded calmly, "Yes!"

Murong Feng did not suspect him and took out an old compass. It looked like it had been there for a long time.

“This is the dragon-seeking compass that your father and I found together. It originated from the Ten Thousand Dragon Cave. Take it back and give it to your father.”

Ten Thousand Dragon Cave? Where was that? Su Yu was puzzled and accepted the dragon-seeking compass with a straight face.

“You offended the divine feathers clan just now. On your return journey, I was worried that they wouldn’t give up, so I sent a few elders from the clan to secretly escort you,” Murong Feng said.

Su Yu nodded. “Thank you, patriarch Murong! There’s no time to lose. Junior feels that it would be wiser to set off immediately.”

“I’ve made the necessary preparations. Go!”

Soon, four elders who had reached the second sky accompanied Su Yu into the sea of constellations.

Murong Feng sent them off and said, “Elders, this trip might not be very peaceful. You must guard your nephew at all times.”

“We Understand!” The four elders knew the significance of this trip, so they didn’t dare to be careless.

The icefire ship was activated. It immediately galloped through the endless sea of constellations, heading straight for the island where the Xue clan was located.

Three months later.

There was only a month’s journey left from the Xue Clan. The crew heaved a sigh of relief.

“Young master, the chaotic stars island is right ahead. Do you have anything you need?” The Butler asked.

The chaotic stars island was the largest black market in this area of water. There were countless people from all walks of life.

But it was also because of this that they were able to buy rare items that were hard to find on the market.

Xue Yu used to come here often to look for the secret technique to break through to the World Paragon realm. The Butler knew where Xue Yu’s heart was, so he reminded him.

Su Yu pondered for a moment before saying, “The spaceship will dock and hide. I will enter the island with the four seniors. The Butler will follow. The rest of you will wait on the ship.”

The so-called chaotic stars island was formed from the remains of many huge ships.

There were many creatures on the island, and there were all kinds of races.

Su Yu chose a remote port and entered the island.

“Who is the most famous weapon merchant here?” Su Yu asked the butler.

He didn't have any suitable weapons in his hands, so he wanted to search for one.

The Butler was familiar with this place and said, "On the surface, the legitimate merchant is naturally the constellation Pavilion. His merchants are all over the sea of constellations! However, if it's the black market, then he's the island lord of the Chaotic Stars Island, the chaotic stars King."

"The former has a legitimate source of goods, so there are no worries for the future. The latter has a good price, but it's not responsible for leaving with the goods."

Su Yu thought for a moment and said, "Let's go to the Star Pavilion!"

His strength had not reached the peak yet, so he would save as much trouble as possible.

"Uh! Young master, the price of items from the star pavilion is very high." The Butler looked troubled.

Su Yu was startled, and the butler said, "Young Master, you don't have much savings left."

As the second young master, he did not even have the money to buy divine weapons?

Wasn't this matter a little too fishy?

It wasn't convenient for him to ask, so he pretended to know. He nodded and said, "Yes, I know, but it's good to go and take a look."

"That's not a problem." The Butler let out a sigh of relief.

The Star Pavilion was located in the northern region of the chaotic stars Island, opposite the chaotic stars King's South Mansion.

"Young master, the rules of the Star Pavilion are still the same. No one is allowed to make a move after entering. Otherwise, no one will be able to leave," the butler reminded.

The Star Pavilion had a huge background. No one knew who was behind it.

However, its shops were all over the sea of constellations. They were everywhere.

The Sea of constellations was a place where fish and dragons mixed together. How small could its background be if it could obtain the tacit approval of the three sovereigns of the world and expand it wantonly?

Of course, in the beginning, the sea of constellations was an unruly and unruly place. Naturally, they did not believe it.

However, no one who made trouble in any of the star pavilions left alive.

It was said that there was once an overlord-level heavenly venerable who threw a tantrum in an ordinary star pavilion due to trivial matters. In the end, he never came out again.

After this incident, the outlaws of the Sea of constellations were in awe of the Star Pavilion and did not dare to provoke it in the slightest.

Later on, many powers wanted to befriend the Star Pavilion, but they were all rejected without exception.

It was like a transcendent power, embedded in the Sea of constellations. It didn't provoke others, nor did it befriend others.

After the butler's reminder, Su Yu said, "Understood."

If it wasn't necessary, he indeed didn't want to cause trouble.

After stepping into the constellation Pavilion, everything was indeed orderly. The noise from the other stores completely disappeared in this place.

Some stealthy thieves also didn't dare to take even half a step into the constellation Pavilion.

The Sea of constellations truly felt the reverence they had for this place.

Su Yu arrived at the weapons store. The person in charge of the counter was a slightly plump merchant with a warm smile on his face.

Looking at this person, Su Yu couldn't help but recall that he had once met a merchant named Hu Xiaodie in the Cang Mountains of the nine prefectures.

The two of them had relied on medicinal pills to earn quite a bit of crystal stones.

Afterwards, the two of them bade farewell and Su Yu even gifted them a sum of money.

After that, there was no more news.

Now that he thought about it, he had either turned into dust or was hiding in the greater world.

A thought flashed through his mind, and Su Yu asked him, "I want to see some handy divine weapons."

The chubby merchant looked at the four stage two heavenly abode world paragons beside Su Yu and was secretly surprised, "This person should be the young master of some big family. He has four big figures protecting him when he goes out!"

The smile on his face immediately filled up, "Little master, what grade of divine weapon do you want? Is it spirit grade, saint grade, or Emperor Grade?"

"Show Me First." Su Yu said.

Under the introduction of the chubby merchant, Su Yu came to a realization.

The so-called spirit grade weapon was the so-called "Spirit Weapon" in the nine dragons ancient divine realm.

And the saint grade weapon was the "Immortal weapon" in the ancient divine realm.

The so-called emperor grade was the Emperor Dao sacred weapon in the ancient divine realm!

However, even in the absolute beginning, Emperor Dao sacred weapons weren't everywhere.

The emperor grade referred to here was the imitation of the Emperor Dao sacred weapon.

The True Emperor Dao sacred weapon was called the "True Emperor" weapon!

After understanding this, Su Yu looked at the price.

If he didn't look, he wouldn't know, but when he looked, he was shocked.

The lowest spirit weapon was also sold for 100 absolute beginning coins.

Absolute beginning coins were the common currency of the absolute beginning realm, and they could be sold anywhere.

Usually, an expert of the fourth realm of the dust immortal realm would only get 100 absolute beginning coins after working hard for a year.

For example, an expert of the cave dwelling realm like the Butler would only get 1000 absolute beginning coins a year. After deducting the expenses, there was almost no money left.

Su Yu suddenly felt that he was short of money, and he couldn't even afford a spirit weapon.

At this time, several strong figures walked out from the materials store.

The leader was a young man with a strong body and the power of lightning in his body. He walked straight out of the pavilion.

When he passed by Su Yu, he was surprised and stopped. He glanced at Su Yu and put on a fake smile, "Second brother, what a coincidence to meet you here."

The Butler's expression changed when he saw this and he hurriedly saluted, "Greetings to the eldest young master!"

His expression was one of fear and reverence.

Eldest Young Master? His identity had surfaced, Xue Lei!

Su Yu calmly said, "Yes, what a coincidence."

Seeing that there were no ripples, Xue Lei was slightly puzzled. In the past, when Xue Yu saw him, he would either feel inferior or uneasy.

This was the first time he had seen such a calm expression, so he said, "Hehe, eldest brother, I have been fortunate enough to live up to my orders and have already purchased Qi Huangquan flower. What about you? Have you ever enjoyed the generous hospitality of the Murong Family?"

Anyone with a discerning eye knew that Xue Yu would definitely face difficulties if he went to the Murong family.

Xue Lei's words were obviously a taunt.

"Fortunately, you're still polite to me," Su Yu said calmly.

The Butler thought to himself. He was more than polite. The second young master's astonishing performance shocked everyone present.

"Then what are you doing here? Buying a divine weapon?" Xue Lei glanced at the counter and mocked, "Have you forgotten that you still owe me thirty thousand absolute beginning coins? When did you have the money to buy a divine weapon?"

Su Yu frowned slightly. owe him 30,000 absolute beginning coins? What was going on?

Chapter 1583 The Beauty Under The Moon

To avoid being exposed, Su Yu remained calm and said, "Can't I just take a look around?"

Shaking his head, Xue Lei said, "This place is not something that a penniless person like you can look up to."

Hearing his words, the slightly plump merchant saw it and his expression towards Su Yu was indeed much colder. He smiled faintly and said, "Young Master Xue, there is a batch of special goods that needs to be processed. I wonder if Young Master Xue is interested?"

What was a special item? It was a defective product that could not be sold!

HM? The butler immediately became angry, "What do you mean? Are you looking down on our second young master?"

The four stage two Heavenly Cave Abode World Paragons were also quite dissatisfied as they stared at the merchant. These words were a little insulting.

However, even though they were angry, they did not dare to cause trouble here.

The chubby merchant continued to smile, "I am only giving you a small suggestion. If young master Xue is not satisfied, you can find another place of value. I will not give you credit."

Such a tone and tone really made people angry.

"Haha..." Xue Lei smiled and patted Su Yu's shoulder, "Second brother, I've met the Pavilion Master of this place a few times. It can be considered that we have some friendship. Do you want Big Brother to plead for mercy and lend you a Weapon?"

Su Yu was unperturbed by the favor and humiliation. He calmly said, "You don't need to worry about my matters."

He looked at the slightly plump merchant. "Where are the special items?"

The slightly plump merchant was slightly disdainful. He threw a small cave world over impatiently and said lazily, "They're all inside. Feel free to look around."

Su Yu was currently using a weapon. Any weapon that could be used would be used. There was really no room to be particular about it.

He only had eighty absolute beginning coins on him. In fact, it was just enough to buy a special item.

Scanning through them, Su Yu couldn't help but feel disappointed.

As expected of a 'special item'. Almost every item was incomplete.

Xue Lei saw it, he sneered, "Second brother, it's better to borrow a divine weapon. You're not the only one who wants to find unexpected treasures in the special items. These items have been searched through countless times. If there's really something good, it's not your turn."

What was the Chaotic Stars Island? It was a place where all sorts of people lived and lived. There were countless people who took advantage of it.

There were countless people who tried to find valuable items from the star pavilion's defective goods.

Unfortunately, there were countless experts gathered in the star pavilion. No one could compete with them in the field of appraising. Those who were recognized as defective goods would definitely lose a lot of their value. There were few exceptions.

As time passed, no one had any intentions of doing so.

Su Yu turned a deaf ear to them. He averted his gaze and was about to return the item.

Suddenly, his powerful soul felt a sharp pain and could not help but scan the world of the cave abode.

After careful inspection, Su Yu found a broken sword with a gap on its blade.

The body of the sword was rusted, and the material was extremely ordinary.

In terms of grade, it could only be considered a low-grade spirit weapon. Among all the divine weapons in the cave abode world, it was considered the lowest grade.

“Is it this sword?” Su Yu couldn’t help but doubt his perception.

However, after many years of experience, Su Yu had developed a habit of patience. He would never make a decision easily unless it was the end.

After pondering for a moment, Su Yu wrapped the sword in his soul and tried it carefully.

At first, it was nothing special. However, slowly, Su Yu felt a slight pain in his soul as if ants were gnawing on it.

A faint moonlight-like light flickered in the gap of the broken sword.

Su Yu’s soul immediately disappeared.

However, he didn’t take out the sword immediately. Instead, he chose a broken emperor-level divine weapon. His eyes were filled with joy. “Haha, I Want This Sword! Shopkeeper, how many absolute beginning coins do you have?”

The shopkeeper was surprised. Could it be that Su Yu had found a divine weapon that he had missed?

He couldn’t help but look at this divine weapon. It was a long spear with a complicated writing style. A strange color flashed across his face. “One thousand absolute beginning coins!”

“Only one thousand?” Su Yu was surprised. His face was even happier. “I can’t believe that the sky-breaking spear of the fifth-rate God clan, the Sky Ox clan, would fall into my hands! Alright, shopkeeper, I want this long spear!”

Sky Ox Clan? Xue Lei sneered. “Second brother, if you want to trick Big Brother into buying this piece of scrap metal, please use a brilliant method. I didn’t know that second brother is proficient in the language of other races!”

Who knew that after the manager sized him up., he looked at Su Yu in surprise. “TSK TSK, I didn’t expect that there would really be someone who could recognize the sky-breaking spear. This is unexpected! If I knew this would happen, I would have bid 2,000. This item would be worth more than 2,000 if it landed in the hands of someone who knows the trade!”

This was true!

Xue Lei frowned and sized up Su Yu with surprise. He thought about it and stared at the heaven-cleaving spear. His eyes were burning. "Is what the shopkeeper said true?"

The shopkeeper looked at him and his face darkened. He said, "The rules of the Star Pavilion state that there are no lies to be told to the guests in the pavilion!"

"Hehe, good! I'll take the heaven-cleaving spear!" Xue Lei licked his lips. He bought the heaven-cleaving spear for one thousand and sold it for one thousand absolute beginning coins.

This was not a transaction that could be seen often.

The shopkeeper said, "According to the rules of the Star Pavilion, whoever takes a fancy to it first will get it."

"Him? HMPH, that would only work if he has money!" Xue Lei said.

The shopkeeper looked at Su Yu and Su Yu said, "Can I buy it on credit?"

The shopkeeper shook his head. "According to the rules of the Star Pavilion, no one is allowed to buy it on credit! Young Master Xue, the heaven-cleaving spear is yours!"

Xue Lei laughed, took out a thousand absolute beginning coins, and traded on the spot.

Between his brows, he was full of pride. He patted Su Yu's shoulder and said, "Hahaha, thanks to second brother, Big Brother can earn a thousand absolute beginning coins out of thin air!"

His tone was full of humor.

Su Yu clenched his fist and glared at him angrily. He picked a few more items in the cave world, and after a long time, he helplessly took out a rusty iron sword.

"It's a sword forged by a ninth-rate race, the water woman race. It's a low-grade spirit level sword. Considering the damage, it's not even comparable to a spirit level sword." The shopkeeper sized it up and made a judgment, "30 absolute beginning coins."

Su Yu took out the remaining 80 absolute beginning coins and took out 30 out of pain.

Clang Clang Clang Clang --

However, Xue Lei was one step ahead of him and threw 30 absolute beginning coins on the table. He smiled and said, "You're welcome. Consider it as a reward for getting 1,000 absolute beginning coins for Big Brother!"

The shopkeeper saw this and secretly sympathized with Xue Yu. At the same time, Xue Lei, the young master of the Xue family, crushed Xue Yu and bullied him.

Not only did he snatch away the heaven-cleaving spear with his sword, but he was also bullying him everywhere. It was really hard for Xue Yu to survive until today.

"Thank you, Big Brother!" The strange thing was that Su Yu suddenly beamed with a smile. He grabbed the absolute beginning sword and asked the

shopkeeper, "The Star Pavilion won't go back on their word and take back what they sold, right?"

The shopkeeper was surprised. He was suspicious and said, "The star pavilion has a clear rule that they will never take back what they sold!"

After hesitating for a while, he said, "However, the star pavilion has another clear rule. I have the right to reappraise the remnants of the weapon that the customer chose. Or, you can tell me what you found in person. Otherwise, I have the right to take it back."

Was that so? Su Yu put down the iron sword, and a faint smile hung on his face.

Xue Lei, who was originally very satisfied, suddenly felt that the atmosphere was not right. Could it be that Xue Yu had found something else?

Thinking of the heaven-breaking spear, Xue Lei's mood became much gloomier.

"Shopkeeper, is it possible to condense moonlight?" Su Yu asked.

The shopkeeper was stunned, and said, "Yes!"

As a world paragon of the cave abode, it was not difficult for the shopkeeper to create moonlight with his divine power. With a wave of his sleeve, a layer of clear moonlight shone on the iron sword.

Immediately, a response appeared on the broken part of the Iron Sword, shining with beautiful moonlight.

Su Yu clenched his five fingers and hammered on the iron sword, breaking the rust on the surface of the sword. The original body of the iron sword was revealed. It was an ordinary iron sword that could turn dark.

After taking a closer look, Su Yu held the hilt of the iron sword and pulled hard. With a Kacha sound, he actually pulled out a long sword that was condensed by moonlight from the Iron Sword.

The Sword Light was misty, elegant, and beautiful, like a beauty.

The shopkeeper was shocked, "Mother-child Sword!"

The so-called mother-child sword was the hidden sword in the sword. It looked like an ordinary iron sword on the outside, but it was a special moonlight sword on the inside.

"Wait, could this sword be..." the shopkeeper sized up the sword and some information suddenly flashed through his mind. He was shocked, "Could it be the emperor level divine sword left behind by the water woman race, the beauty under the Moon?"

"Emperor Level Divine Sword?" Xue Lei was shocked. He stared at the divine sword that was surrounded by moonlight and could not believe his ears.

The shopkeeper was deeply moved. The way he looked at Su Yu changed.

If finding the heaven-cleaving spear was luck, could it be that finding the beauty under the Moon was also luck?

This iron sword had been tested countless times by the experts of the Star Pavilion. They all confirmed that it was a low-grade spirit weapon.

However, he had never thought that he would use the moonlight to test it!

However, Su Yu knew!

“Young Master Xue, you really are a god! I admire you!” The manager said, “Now, this beauty under the Moon belongs to Young Master Xue!”

Su Yu nodded and put it away without any hesitation.

When he turned around, he met Xue Lei’s eyes and said, “Thank you for the thirty absolute beginning coins, Big Brother.”

After saying that, he left the Star Pavilion and went straight to the icefire spaceship stationed outside the island.

The Butler felt extremely proud. He raised his head and puffed out his chest as he walked past the gloomy-looking Xue Lei. He jogged all the way to catch up to him.

He was Xue Yu’s personal butler. Over the years, he had been implicated and had suffered many oppressions?

Today, he felt as if he had turned over a new leaf. If one really had to describe that feeling, it would be that it was exhilarating!

After catching up to Xue Yu, the Butler could not close his mouth. The Joy in his heart could not be concealed, he could not hide it even if he wanted to. “Haha, the Second Young Master has earned a lot of face. He thought that the eldest young master was arrogant and ended up spending money to buy an emperor grade divine sword for the second young master. This old servant thought that he would not be able to calm down for an entire month.”

Su Yu smiled faintly and did not mind.

“However, this old servant does not understand. Why did the second young master expose the Heaven Piercing Spear?” The Butler said regretfully. “The second young master did not show any emotion. This old servant can think of ways to raise money for the young master. I can buy it later. This purchase and sale cost more than a thousand absolute beginning coins! “Great, now it’s all given to the eldest young master!”

The corners of Su Yu’s mouth curled up and he smiled elegantly, “Butler, do you think I’m such a impetuous person?”

The Butler was startled and said thoughtfully, “No.”

Perhaps in the past, but the appearance of the Murong family seemed to have been reborn. They were calm and composed, as if they had changed into a different person.

“That is, do you really think that the heaven breaking spear is that easy to sell?” Su Yu chuckled. “The weapon of the Heaven Ox clan is different from the weapons of other races. To activate it, one must have the bloodline of the Heaven Ox clan. In other words, unless someone from the Heaven Ox clan buys it, no one can use it!”

“Xue Lei was anxious to make me look bad, so he didn’t try to activate the spear. He bought it carelessly. If he wanted to sell it, he would have to find a fool to buy it.”

The Butler couldn’t help but burst into laughter, he couldn’t help but laugh, “So, this item is destined to rot in young master’s hands? As far as I know, the last time there were traces of the Sky Ox tribe in this sea area was hundreds of years ago!”

Su Yu smiled faintly and flew out of the island.

When they arrived at the ice and fire ship, the servants were already waiting quietly.

However, it was strangely quiet.

They did not say a word. They tensed up and waited for orders.

Su Yu stopped the butler. He narrowed his eyes and asked, “Who is on the ship?”

Chapter 1584 Rejecting The Invitation

On the cabin, a ray of divine light flashed and said indifferently, “Of course it’s Your Big Brother!”

As a third level heavenly cave abode World Paragon, Xue Lei’s speed was far faster than Su Yu’s.

The butler asked, “Eldest young master, do you also want to return to the clan with us?”

Xue Lei crossed his arms in front of his chest and spread his legs slightly. His eyelids drooped slightly and there was a provocative look in his eyes, he said indifferently, “I bought some valuable items and need to send them back to the clan in time. Therefore, I will use your icefire spaceship!”

The butler said, “It’s okay. We are willing to bring the eldest young master back with us.”

“But I don’t want to go back with you!” Xue Lei’s eyes were sharp as he stared at Su Yu, he said slowly, “Your cultivation is too weak. If you encounter danger on the way, Won’t you be a burden? Therefore, I will borrow the icefire spaceship. As for you, you can use the small boat that I came with!”

He casually threw down an ordinary small boat, which could only accommodate a few people.

The Butler was secretly angry. Xue Lei was obviously taking revenge to save face.

However, Su Yu’s attitude was calm. He jumped onto the flying boat expressionlessly and stood with his hands behind his back. He said calmly, “Butler, you take the helm.”

The Butler felt bitter in his heart. He felt that Xue Yu was not worth it.

However, he understood that the current Xue Lei was looking for an excuse to punish Xue Yu. If he were to confront him head-on, the consequences would be unimaginable.

Suppressing his anger, the butler steered the small boat out of the chaotic stars island.

Xue Lei stared coldly at Su Yu's back. With a muffled groan, he returned to the cabin.

The icefire ship was extremely fast. It broke through the waves of the sea of constellations and sailed far away from the chaotic stars island in the blink of an eye. It entered an uninhabited and desolate area of the sea.

Night fell.

Several strange small boats sped past and caught up with the icefire ship.

Everyone was dressed in black, masks covering their faces, and shadowless swords hung around their waists.

The leader of the black-clothed people had sharp eyes and ordered in a low voice, "Destroy in one strike!"

The ten black-clothed people took out a pure white feather at the same time.

Lightning flickered within the feather.

They threw it out at the same time, and the feather gathered in the air, turning into a dazzling bird that dived down on the ice and fire ship.

However, there was a shocking roar and the bird exploded violently.

The ice and fire ship was instantly shattered into two pieces and quickly sank into the sea.

"Kill! Don't leave any survivors!" The leader of the black-clothed men took out the shadowless sword and pounced on the fallen servant to reap his life.

A wave of miserable screams resounded in the dark and cold water.

Bang --

At this moment, a black-clothed man who was flying on the surface of the water was suddenly grabbed by an underwater hand and crushed to death.

The leader of the black-clothed men paid close attention to the surface of the water and immediately noticed that something was wrong. He threw down a white feather.

Boom --

A muffled sound came from below the water. The waves churned and a broken arm surged up along with the waves.

"There's an expert. Get in the water and kill!" The black-clothed man shouted coldly.

Xiu Xiu Xiu --

Nine black-clothed figures drilled into the water like water birds.

Not long after, the blood churned.

The leader's expression relaxed slightly until a figure with a broken arm suddenly rushed out of the blood and grabbed his head with lightning speed.

The figure with a broken arm took out a talisman and stuck it on the leader's forehead. His soul immediately started to flash uncontrollably.

Kacha --

A few breaths later, the figure with a broken arm crushed the leader's head and threw it into the sea. He was covered in blood and his body was wet. His long hair and brocade clothes were stuck to his body.

One of his broken arm was covered in blood. His flesh and bones were exposed. It was extremely terrifying.

"Xue Yu! !"Xue Lei gritted his teeth. His eyes were filled with viciousness. His chest rose and fell violently as if he was suppressing his extreme anger.

These men in black were here to kill Xue Yu. They mistakenly thought that it was Xue Yu who was on the spaceship!

In the end..

Xue Lei clenched his fists so tightly that they made crackling sounds. He was so aggrieved that he almost went mad. By a stroke of luck, he had become Su Yu's target!

Looking at the vast and barren sea, Xue Lei roared, "Xue Yu, just you wait!"

On the other side of the sea, the small boat had a safe journey and left the chaotic Star Island safely.

Just as Yang Fan was about to leave, the slightly chubby manager of the Star Pavilion caught up with him and said with an apologetic smile, "Take care, young master Xue!"

Su Yu turned around and asked, "What's the matter?"

The slightly chubby manager hurriedly waved his hand and said, "Young Master Xue, there's no need to be afraid. Our Star Pavilion has no record of killing people and stealing goods to snatch back the goods sold!"

"Then who are you?"Su Yu asked.

The slightly chubby manager said solemnly, "Young Master Xue, are you willing to join our Star Pavilion and become an appraiser master?"

Hearing this, the butler beside him was so shocked that he screamed, "An appraiser master of the Star Pavilion? Then, any one of them is an important figure comparable to a clan leader. Young master, he's so young, yet he's already received an invitation from the Star Pavilion?"

Throughout the years, the Butler had heard of the appraisers from the Star Pavilion, and he was filled with awe and respect for them.

The Star Pavilion was extremely strict in the selection of appraisers,

every appraiser was a renowned figure who had been famous for a long time. There were many overlords among them, as well as many reclusive seniors.

If not for that, it would be difficult for them to catch the attention of the Star Pavilion.

However, being famous for a long time was the most basic requirement in the selection process.

On top of that, he had to undergo all kinds of abnormal tests. The slightest mistake would result in him being eliminated.

It was rumored that even the emperor of the world had been eliminated.

The strictness of the selection process made one's hair stand on end.

It was precisely because of this that the appraisers hired were all experts among experts in appraising.

However, the butler found it hard to believe that Su Yu had been invited to join the Star Pavilion.

However, to the Butler's bewilderment, Su Yu replied without hesitation, "I'm sorry, I was too focused on my martial arts and had no intention of appraising. Goodbye."

"Hey, Hey, wait! After joining the Star Pavilion, I'll have the guidance of a master teacher and endless resources to enjoy..."

The plump merchant chased after him, but Su Yu ignored him. Without even turning his head, he set sail into the vast sea of constellations.

The plump merchant stood rooted to the spot in a daze.

He had never thought that someone would reject the invitation of the Star Pavilion.

After returning to the star pavilion, the plump merchant reported the matter to his superior, who reported it to him one by one. Eventually, the matter was relayed to the subordinate pavilion master of the Chaotic Stars Island.

"There's such a Thing?" The branch master of the Chaotic Stars Island was a white-haired old woman, and she was slightly surprised to hear that, after a moment of silence, she said, "After all, a newborn calf is not afraid of a tiger. A mere young master of the Xue clan is rejected by such a great opportunity. Hehe, forget it. Our Star Pavilion doesn't care about an appraiser."

After which, she sent a message to a jade mirror with a respectful tone, "Lord Hu, I have already sent an invitation according to your request, but it has been rejected. This humble servant feels that even though this young man is talented, he is arrogant and unrestrained. He isn't worthy of being groomed."

"Please!" A voice sounded from the other end of the jade mirror without any hesitation.

The old lady was taken aback. "This humble servant doesn't understand. Why are you so insistent on this young man?"

"It is easy to obtain a thousand gold coins, but hard to find a talented person! Go and invite him yourself."

The old woman said, "Yes, my Lord!"

--

The Butler was shocked until there was no one around, then he said, “Young master, do you know what kind of invitation you have rejected?”

Su Yu said, “I know.”

“Then why are you still?” The Butler was extremely regretful, he wished he could press Su Yu back to plead for mercy and accept this wonderful job.

With such a status, wasn’t he several times stronger than a clan leader?

Su Yu leisurely pointed to the distant boundary between heaven and earth and said, “The human eye is limited, but the world is vast! The farther one looks, the longer the road.”

The Butler was stunned when he heard this. He savoured the words in it and immediately felt that it was profound and profound.

After a long time, he said, “Thank you for your advice, young master! This old slave is the Elephant!”

After a pause, the butler said, “Does this matter need to be reported to the clan leader? When the clan leader finds out about this matter, he will definitely look at young master in a new light. In the future, his life in the clan will be much better.”

Shaking his head, Su Yu said, “Keep it a secret. There is no need to say it. It will only cause more trouble.”

The butler sighed, “I don’t want this, I don’t want that either. Isn’t the second young master too low-key?”?

While feeling regretful, the butler controlled the small boat and headed east.

Twin Star Island was the skeleton of a huge sea beast.

In terms of size, it was twice the size of the island where the Murong clan was located!

On the island, there were more than ten forces of different sizes.

Two of the forces were the most powerful, almost controlling the entire island. The rest of the smaller forces were dependent on the two forces to survive.

One of them was the Xue family, where Xue Yu was located, and the other was the Li family.

The Li family and the Xue family’s ancestors jointly developed this island, and it has been thriving ever since.

However, as the forces of both sides continued to expand, there was eventually friction, and it became more and more intense, until today, it had become an enemy force.

For a thousand years, the Li family discovered an unexplored underwater ruin and obtained many resources. Hence, their development greatly surpassed that of the Xue family.

During the thousand years, the confrontation between the two clans gradually weakened the Xue family.

It was precisely because of this that the Xue family tried their best to find external help, such as the Murong family, who had a marriage alliance.

His return naturally attracted the attention of the Li family.

The Xue family head was also Xue Yu's biological father, Xue Yuntian, an expert of the first level heavenly cave abode's World Paragon. He personally led the elders of the family to welcome him.

Seeing that Xue Yu had returned safely, his brows slightly relaxed.

But when he noticed the four elders of the second level heavenly cave abode who were guarding the return of Su Yu, astonishment rose in his heart.

He knew those four people. They were Murong Feng's trusted aides. They had guarded Murong Feng's side all year round and would never leave unless there was an urgent matter.

And now, they were escorting Xue Yu back!

Even if they were guarding the map, there was no need to use such a force, right?

How could he understand that Murong Feng had taken a fancy to Xue Yu and didn't want anything to happen to him? That was why he was so protective of him.

"What a surprise. You actually came back safe and sound. I thought you would be missing an arm or a leg." A tall man with a face full of pockmarks walked out from the Li family. He was the Li family's second-ranked young expert, Li Jun., he had the strength of a second-level heavenly cave master.

He had been in love with Murong Qingcheng for a long time and had pestered her for a long time. Unfortunately, the Murong family was close to the Xue family, and he couldn't get anything out of her no matter how hard he tried.

Therefore, one could imagine how jealous he was of Su Yu.

Su Yu glanced at him. Because she didn't know him, she chose to be careful with her words and actions, pretending not to hear him and ignoring him.

"Oh? You have a bad temper? Could it be that you've become the son-in-law of the Murong Family and feel superior to others? Hehe, who doesn't know that you were lucky enough to get Miss Murong? In terms of strength and status, who do you think you are?" Li Jun mocked mercilessly in front of the people from the Xue family, in front of the crowd who had come to watch.

The strange thing was that the crowd didn't react at all. They had such an expression on their faces, as if what he said was natural.

It was clear at a glance what kind of reputation Xue Yu had in the Xue family and on the Twin Stars Island.

Chi --

However, at this moment, a wisp of divine power suppressed it, causing Li Jun's body to tremble.

It was an elder of the Murong family. He took a step forward and stared at Li Jun with slight disgust. “Young Man, show me some respect! Xue Yu is the son-in-law of the Murong family. I won’t allow an outsider like you to gossip!”

“In terms of talent and status, you are probably not even fit to carry my son-in-law’s shoes!”

His divine power shook and Li Jun was forced back.

Chapter 1585 Translated

Li Jun narrowed his eyes. “You dare to attack me?”

Murong Chang Zun glared coldly. “You spoke rudely to my Murong family’s son-in-law. I didn’t give you a slap. I only forced you back because of your Li family! “If you dare to spout nonsense again, things won’t be so easy. Even if the Murong family goes to war with the Li family, we won’t hesitate!”

“Do you have the guts?”Li Jun shouted.

Murong Chang zun sneered, “This is the Murong family head’s idea. If you don’t believe it, you can call your elders over to try and see if the Murong family will keep its word!”

The undisguised threat and unyielding attitude had indeed exceeded the Li family’s expectations.

Li Jun was shocked and suspicious. Sensing that something was wrong, he angrily flicked his sleeves and left.

The four elders smiled at Xue Yuntian and cupped their hands, “Clan leader Xue, we have already handed over nephew Xue Yu to you. Farewell!”

Xue Yuntian urged them to stay, “Four elders, please stay. We have come from afar. If the Xue Clan does not entertain us, we will definitely attract the gossip of neglecting our honored guests.”

The four elders chuckled and politely refused. They seemed to have a deeper meaning, “Clan leader Xue, take some time to have a serious talk with young master Xue. You will be pleasantly surprised, Haha...”

As he watched the four elders leave, clan leader Xue fell into a state of shock.

He had long wondered why the four elders had such an unyielding attitude. In order to protect Xue Yu, they had even thrown out such harsh words as a battle with the Li clan.

From their words, it seemed that they were not bluffing, but were really so determined!

He could not understand why the Murong clan had such a high opinion of Xue Yu. Not only did they send the four elders to escort him, but they had also forcefully resisted the Li clan for him!

“Yu'er, come to my study.”Xue Yuntian said with a flash of light.

In the study.

Xue Yuntian stared at Su Yu and said, “I need an explanation.”

Su Yu said in a neither servile nor overbearing manner, “It’s probably because I happen to fit the temperament of the head of the Murong Family.”

“Is that so?”Xue Yuntian narrowed his eyes and said, “I have known Murong Feng for hundreds of years. I know him very well. He seems to be approachable, but in fact, he is arrogant and proud. Even your big brother, Xue Lei, is not in his eyes. I find it hard to believe that Murong Feng would like you!”

“Yu'er, tell me the truth,”Xue Yuntian said.

Su Yu pondered for a moment, then cupped his fists and said, “Father, I am guilty. If father does not punish me, then I will dare to say it.”

“It's okay to say it,”Xue Yuntian said generously.

Taking a deep breath, su yu said, “Actually... Murong Qingcheng has already cast her pearls before swine. She is pregnant with the flesh and blood of our Xue family. The head of the Murong family can only break his teeth and swallow it. That is why he is reluctant to protect me.”

“What?”Xue Yuntian stared at Su Yu without blinking. After a long while, he said, “You said that you and Murong Qingcheng...”

“Yes.”Su Yu raised his head and said, “Although we don't have the title of husband and wife, we are already husband and wife.”

Click --

The Teacup in Xue Yuntian's hand fell on the furry carpet, and the tea was soaked.

“You...”Xue Yuntian pointed at Su Yu and suddenly laughed, “Well done! As expected of my child!”

Su Yu was slightly stunned, did he really believe it?

“Thinking about that Murong Feng, what a narcissistic person. I didn't expect him to have such a day. No wonder he would treat you like this! Haha!”Xue Yuntian laughed.

After a long discussion, Xue Yuntian watched Su Yu leave while laughing.

“Ask Cheng Wei to come and see me.”With a smile, he summoned the Butler Cheng Wei, who had been following Su Yu on this trip.

Cheng Wei said respectfully, “Master.”

“Haha, Cheng Wei, you've done a great deed by escorting Yu'er this time. Later, you'll receive five hundred absolute beginning coins from the accounts room.”Xue Yuntian was in an extremely good mood, and the rewards were especially heavy.

Cheng Wei was flattered and thanked him profusely.

“Cheng Wei, tell me what you've seen along the way. mm, especially the matter between Yu'er and Murong Qingcheng.”Xue Yuntian's face was full of smiles as

he sighed. "I didn't expect that Yu'er, who I'm most worried about, would benefit from this misfortune."

Cheng Wei was stunned. Xue Yu and Murong Qingcheng?

After thinking for a while, Cheng Wei "Understood" the meaning, and couldn't close his mouth with a smile. He had first underestimated Su Yu in the Murong family, and even trampled on his dignity. Then, he erupted with sword techniques that he had hidden for so many years, shocking everyone!

"Hehe, master, you are the one who has hidden it the most. You actually secretly taught the second young master such a powerful sword technique. That kind of experience and bearing is comparable to the eldest young master and the divine feathers clan's young master, Tuoba Lun. Murong Feng has treated the young master so well because of this!"

As he laughed, he suddenly noticed that Xue Yuntian's expression was stiff. His heart skipped a beat. Could it be that he had said something wrong? He quickly said, "Master, did I say something wrong?"

Not only did he say something wrong, it was completely different.

What he wanted to hear was how Su Yu had hooked up with Murong Qingcheng.

What he got was another matter.

"Cheng Wei, say it again. Don't leave out a single word!" Xue Yuntian came back to his senses and asked in bewilderment.

Cheng Wei's heart was anxious. He told everything that had happened on Murong Island in detail.

After listening, Xue Yuntian was shocked for a long time. "Devil Moon revolving stance? The fourth level of the Mortal Immortal Realm, and he defeated a second level heavenly abode's World Paragon with a single sword. How is this possible?"

He had no idea that Xue Yu was proficient in such a mystical sword technique!

After being shocked for a long time, Xue Yuntian's face was filled with excitement. He could not help but laugh out loud. "Good! Good! A tiger father does not have a dog son! Yu'er has not said anything for many years, but he is actually training his sword technique in secret! This really surprises me!"

As he said this, his face was filled with guilt. "For many years, he has focused too much on Lei'er and neglected Yu'er. As a result, he cultivated silently and secretly accumulated his strength!"

After pondering for a moment, Xue Yuntian said, "Cheng Wei, bring Yu'er to the ancestral land. I will hand over my baptism qualification this year to Yu'er as compensation."

Hearing this, Cheng Wei was extremely excited. His old eyes surged with joy and tears.

The second young master had finally stood out!

That baptism qualification was held once a year. Only the family head was qualified to enjoy it once. It had an extraordinary effect on tempering the Supreme Dao.

For many years, the patriarch had given the opportunity to be baptized to the eldest young master. He had never considered the second young master.

There was no other reason. It would be a waste to give it to the second young master.

“This old servant will thank the patriarch on behalf of the Second Young Master!” Cheng Wei knelt down gratefully. Then, he rushed back to inform Su Yu.

At this moment, Su Yu was cultivating in his room.

“If I want to break through to the deity realm, only the Supreme Dao can be reached to the extreme.” Su Yu muttered to himself. “Other people only need to complete one Supreme Dao to become a deity, but I have... 10,000!”

The worst part was that the law of time had fallen into a deep sleep. The remaining 2,000 divine paths required Su Yu to comprehend step by step.

The amount of time it would take was immeasurable.

“Second Young Master!” Suddenly, the butler’s drawn-out shout came from outside the door.

Su Yu stopped cultivating and opened the door. He asked him, “What’s the matter? Why are you in such a hurry?”

“Can this old servant not be in a hurry? It’s a joyous occasion!” Cheng Wei was out of breath.

Su Yu was surprised. “What joyous occasion?”

“The patriarch has decided to hand over this year’s baptism to the second young master. This, this is the treatment that only the eldest young master can enjoy!”

Baptism? Su Yu felt that it was extremely unfamiliar and said indifferently, “OH.”

“Second young master, this is an opportunity to be able to train in the Divine Path!” Cheng Wei could not help but explain when he saw Su Yu’s expressionless face.

En? Su Yu’s brows suddenly lifted. Train in the Supreme Dao? For him who cultivated many Supreme Dao at the same time, wasn’t it like he was dozing off and giving him a pillow?

A faint joy surged on his face as he asked about the details of the baptism.

The so-called baptism was an annual ceremony of worship to the Twin Stars Island.

Back then, the ancestors of the Xue and Li clans had wandered here and discovered that there was a special bone marrow left inside the remains of this giant beast. It had a mysterious and mystical effect on training the Supreme Dao. Just now, they had chosen this place to take root and multiply.

Both sides agreed that once a year, both clans would send one person each to the altar to worship the ancestors of both sides.

After the worship, the bone marrow that had accumulated for a year would gush out from under the altar.

Under the baptism of the bone marrow, the Supreme Dao would be refined.

In the past, the Xue clan would let Xue Lei be the representative while the Li clan would be the eldest miss, Li Yue. She was a woman whose talent was on par with Xue Lei!

According to the agreement, in another month, both sides would be paying respects to their ancestors.

“Young master, you must grasp this opportunity. If you can become a world paragon, the family head will look at you in a new light in the future.” Cheng Wei advised.

Su Yu nodded, “En, I understand.”

After pausing for a moment, su yu said, “Cheng Wei, what kind of business does our twin star island have that we can make money from?”

After experiencing what happened at the Star Pavilion, Su Yu realized that he was currently in a tight financial situation.

If he wanted to break through the 2,000 Supreme Dao Shackles, he would need a lot of money.

If he only relied on the Xue family, he would still be under the control of others. It was better for him to make money himself.

“Make money...” Cheng Wei knew Su Yu’s situation well. He was not surprised at Su Yu’s thoughts, “There are many ways to make money. It’s just that it’s hard to make a lot of money. The ways to make a lot of money are basically monopolized by the two big families. If you want to make a lot of money, you have to ask the local tyrants here. There are many ways to make a few absolute beginning coins.”

Su Yu frowned. What was the use of a few absolute beginning coins?

“Are there no other ways to make a lot of money?” Su Yu asked.

Cheng Wei sighed bitterly. “How can money be so easy to make? It’s not that there are no ways to make a lot of money, but none of them are suitable for the young master! “For example, forming an adventurer team and exploring the sea of constellations. If we can excavate an undiscovered underwater ruin, we’ll definitely be able to make a fortune! “However, this method does not require a strict organization of several thousand people. Without several decades or even a hundred years, it would be impossible for us to succeed!”

“Another example would be forging high-grade divine weapons, manufacturing top-grade medicinal pills, translating all sorts of alien divine books, and so on. All of these would be able to earn us a lot of money. Unfortunately, these people require top-grade talents. Such talents have long been taken away by the major powers. Why would they be forced to live on our Twin Stars Island?” The Butler

said helplessly, he felt that the young master was too ambitious and thought too far ahead.

However, Su Yu suddenly had a flash of light and asked, “You said that you want to translate all kinds of alien divine books. What is this?”

The butler said, “Over the years, many underwater relics have been salvaged. Many of them are lost or even extinct. The things inside are recorded in the alien language. No one can understand them!”

“Helplessly, many people who got them put them up for auction or put them in the trading hall. They offered a huge reward to anyone who could translate them

“Generally speaking, the lowest level of the divine arts would cost one thousand absolute beginning coins, and the highest one would be a priceless treasure. It’s said that it would cost one hundred thousand absolute beginning coins!”

The lowest one thousand? That was true. If the value was too low, no one would be willing to hire someone to translate it.

Su Yu was envious. For others, this industry might be a dream come true.

But for Su Yu, it was tailor-made!

Chapter 1586 The Xue Family Was In Great Trouble

After asking for the location of the trading house, Su Yu immediately rushed over.

Of course, he wasn’t muddle-headed enough to reveal his true identity. Instead, he disguised himself and came to the trading house.

The trading house was jointly established by the Xue and Li families. It was a very fair trading platform.

The cultivator placed the items on the platform, and the platform helped him sell them to the customers.

The platform charged half of the fee.

For cultivators without connections, it was an extremely good place to go.

Therefore, this place was extremely prosperous, and it was almost crowded.

Su Yu came to the divine abilities and precious techniques area. This place sold all kinds of secret techniques, and there were many people watching and choosing.

However, other places were completely deserted.

It was a large area with many eye-catching signs.

“Unknown race’s secret manual, priced at 1,000 absolute beginning coins!”

“Soul Race’s secret manual, requesting an interpreter, reward 3,000 absolute beginning coins!”

“Demon Race’s secret manual, priced at 5,000 absolute beginning coins!”

..

The dazzling array of secret manuals made the corners of Su Yu's mouth curl into a smile.

After making a round of inspection, Su Yu's gaze landed on a signboard.

"Unknown race's secret manual, requesting an interpreter. If you can complete the translation, reward 10,000 absolute beginning coins!"

10,000 was not a small amount of wealth to Su Yu.

Su Yu gently pulled out the sign and took it down. From the sign, a faint power of space gushed out.

In the next moment, he appeared in a sealed secret room.

In the room, there was a staff member who had been waiting for a long time.

Judging from his bloodline aura, he should be a member of the Li family.

He was about 40 years old and his expression was cold. He asked mechanically, "What do you do?"

"I translate foreign languages," Su Yu said calmly.

The middle-aged man's ears twitched. He raised his head and looked at Su Yu in surprise.

"Translate?"

Many translation deals in the trading hall had been left unattended for hundreds of years.

When he suddenly heard that someone had accepted the translation deal, he could not help but be stunned.

"Why, Can't I?" Su Yu asked.

The middle-aged man hurriedly said, "Yes! Which Book did you translate?"

Su Yu handed it over and glanced at it, he could not help but frown. "This book? Are you sure? The owner of this book has half of the translated text in his hands. If your translation is even the slightest bit different from the translation that the owner received, I'm afraid that the owner would not be satisfied! "Forgive me for reminding you, but even the most famous wordsmith on Twin Star Island has not been able to satisfy the owner of this book."

The implication was to persuade Su Yu to leave and not waste his time.

Su Yu said, "How would you know if you don't try?"

The middle-aged man frowned and said, "Alright, if you want to try, then try!"

Opening the book, Su Yu read ten lines at a glance. It was as if he was reading human language without any awkwardness.

When the middle-aged man saw this scene, he could not help but shake his head and laugh.

Back then, the Master of the Twin Stars Island who was the most proficient in the language also studied every word.

It was obvious that the kid in front of him was lying!

In the time it takes for an incense stick to burn, Su Yu finished reading. Then, he took out a jade pendant and used his soul to record the first half of the translated text.

“There is only the first half. Let the owner of this book take a look,” Su Yu said.

The middle-aged man sneered and put the jade pendant into a spatial container. After being teleported, the object fell into the hands of the owner of this book.

After waiting for a while, the middle-aged man asked through the communication device, “Senior Zhao, does this translation match with the translation you have?”

Soon, a reply appeared on the communication device. “It doesn’t match at all!”

The middle-aged man put down the communicator and looked at Su Yu. He waved his hand as if he was shooing away flies. “Go. Don’t waste our time anymore. Otherwise, the trading company has the authority to deal with those who disturb the order...”

“But, his translation is even more accurate!” A delayed voice floated over from the communicator.

“Oh my God! It’s really unbelievable. This old man is about to give up. There’s actually a master level character who is proficient in Black Fox language!”

“Trading hall, please ask that master to give me the second half of the translation. I’m so satisfied with this deal!”

In the secret room, the middle-aged man’s face was as stiff as stone.

Su Yu looked at him indifferently. “Do you have the right to do anything to me?”

When he came back to his senses, the middle-aged man looked like he was staring at a monster. His lazy expression was swept away and replaced by a look of respect. He stuttered, “Since... since you’ve agreed to the deal, then the deal is established.”

He took out ten thousand absolute beginning coins and Su Yu took out the other half of the jade pendant.

After both parties confirmed the transaction, the transaction was completed.

Su Yu received ten thousand absolute beginning coins and returned to the outside world.

In the secret room, the middle-aged man cursed in his heart, “Damn it, I met a black fox tribesman!”

However, not long after, another figure rode on the spatial vortex and came over.

He did not even raise his head and said angrily, “What are you doing?”

“Translating.” The familiar voice made the middle-aged man feel as if he had been struck by lightning. His buttocks suddenly left the chair and he raised his head. His eyes widened as he stared in disbelief at Su Yu who had returned.

He said in surprise, "You still want to translate the Black Fox clan's secret manual? However, there is only one black Fox clan's secret manual in the Market!"

"Oh, I know." Su Yu said indifferently, "I am here to translate the green snake clan's language..."

Crack --

The middle-aged man was shocked and said in surprise, "You, you're a Black Fox, you're here to translate the language of the Green Snake Tribe?"

Su Yu shook his head. "I'm not here to translate the language of the green snake tribe."

"Didn't you say that you're here to translate the language of the Green Snake Tribe?" The middle-aged man looked puzzled.

Su Yu didn't say anything. He threw the table and more than ten secret manuals of different languages fell down.

The Green Snake Race's secret manual was just one of them.

"Ah! You, you, you want to translate all of them?" The middle-aged man stuttered.

Su Yu said, "Of course."

After that, he continued to read.

As before, he read ten lines at a glance, as if he was flipping through the most familiar human books.

Four hours later, Su Yu closed the last book and casually carved out ten jade pendants. He threw them to the middle-aged man and said, "Contact the owner of the book!"

The middle-aged man swallowed hard, his palm trembling as he contacted each and every one of them.

The result was, without exception, an extremely shocked response from the owner.

These transactions were completed in a short period of time!

After completing eleven transactions, the middle-aged man felt as if he was in a dream, his entire body could not help but tremble.

These transactions had been suspended for at least twenty years, with the highest being eighty years.

However, all of them were completed in a short day!

It was too heaven-defying and too shocking!

One person was actually proficient in the language of 11 different races!

He was extremely proficient in each of them!

This was the first time he had met such a person.

At this moment, the middle-aged man deeply knew that he had met a peerless expert!

Returning to the outside world once again, Su Yu weighed the 40,000 absolute beginning coins in his hand, and the corners of his mouth curled up into a faint smile.

He did not choose the translation trade anymore. Instead, he looked for the secret manuals that sold the languages of unknown races.

As long as the price was reasonable and the power of the Divine Arts recorded in the secret manuals was not bad, he would buy them all.

After translating them on the spot, Su Yu casually pulled out a sign and returned to the secret room.

When he arrived, the middle-aged man's eyelids twitched. He thought to himself, is this master going to complete the translation trade?

"I have something to sell."Unexpectedly, Su Yu did not come to carry out the translation deal.

The middle-aged man's heart calmed down a little. Selling Things? Fortunately, fortunately, he managed to squeeze out a smile and asked, "Excuse me, what do you want to sell?"

Bang Bang Bang --

Su Yu casually threw out a hundred books of divine arts translated from unknown alien languages. They smashed down on the middle-aged man's face, making a muffled sound.

The middle-aged man was almost sold. He was still in shock as he read the translated text. He was so shocked that he trembled. "You translated all of them?"

"Or you?"Su Yu said indifferently. "Sell all of these books. These are my prices."

The middle-aged man took the list and looked at it, he said in surprise, "What? The Divine Arts of the Green Bull clan were only sold for 40,000 absolute beginning coins? "You... No, senior, don't you know that the lowest level divine art of the Green Bull clan can be sold for 50,000 absolute beginning coins on the market? "And the Toad clan, and the Water Bird Clan..."

Su Yu shook his head indifferently. "It doesn't matter how much it is sold for. I just need to cash it in quickly."

Su Yu had bought the divine art of the Green Bull clan with 40,000 absolute beginning coins. After translating it, he could sell it for 40,000 absolute beginning coins. What was there to be dissatisfied about?

Gritting his teeth, the middle-aged man said, "Senior, please wait a moment!"

After that, he immediately contacted a certain person in secret.

Not long after, the middle-aged man said, "Senior, there's a big shot who wants to buy all the translated texts in one go!"

"That would be great,"Su Yu said casually.

Not long after, another middle-aged man appeared in the secret chamber. He was even more powerful and had the power of a second-level heavenly cave abode's World Paragon. Clearly, his status was not ordinary.

He personally handed Su Yu a total of 200,000 absolute beginning coins and accepted all the translated texts.

However, he didn't leave immediately. Instead, he said mysteriously, "Senior, I have a copy of a pagan divine technique that has been translated for a hundred years. The price is 100,000 absolute beginning coins. I wonder if senior can..."

"Take it and have a look!" Su Yu stretched out his hand.

A trace of anticipation appeared on the middle-aged man's brows as he handed the book over.

Su Yu looked at it and was slightly surprised. He muttered, "I didn't expect that your fourth-rate race, the Spirit Sword Race's Divine Arts, would be in your hands."

Hearing this, the middle-aged man's entire body trembled and his eyes were filled with excitement.

Clearly, Su Yu was right!

Su Yu flipped through the book and was clearly a beat slower. It was somewhat strenuous.

However, in the eyes of the two middle-aged men, that posture was still as light as the clouds. It was as if he was an unworldly expert, causing their hearts to tremble. They did not even dare to breathe loudly.

After the time it takes for an incense stick to burn, Su Yu quickly recorded a jade pendant and threw it over. "The song of the Green Heart Sword. Not bad swordsmanship. It's suitable for women to cultivate. Take it!"

The middle-aged man tested it and was overjoyed.

From the scattered translations over the years, it could be seen that this person's translation was absolutely flawless.

He gave Su Yu 100,000 absolute beginning coins on the spot!

Su Yu left the secret room expressionlessly.

After arriving in the outside world, he left without hesitation.

Not long after he left, a few people from the trading hall rushed over. In the end, Su Yu was already empty.

After hearing this news, the middle-aged man with a higher status sighed, "What a pity. If such a powerful person could be invited to my Li family, it would definitely be like adding wings to a tiger!"

After returning to the Xue family, Su Yu put away his disguise.

Unexpectedly, as soon as he entered, Cheng Wei, who had been waiting here for a long time, said anxiously, "Young Master, where did you go? The family head summoned you and asked you to quickly go to the living room after you come back!"

Su Yu was slightly startled and said, "Oh? What's so important?"

Cheng Wei's face sank, he said, "Something bad has happened!" Just now, a mysterious expert who descended from the sky to the Twin Star Island appeared in the trading hall and easily cracked

hundreds of alien divine arts. In the end, the person on duty today was a member of the Li family. All these divine arts fell into the hands of the Li Family!”

“After receiving the news, the family head urgently summoned everyone to discuss! This, this is a great crisis that our Xue family hasn’t encountered in a long time!”

At a glance, the Xue residence was filled with solemnity. Everyone was tensed up, as if the Li family would come knocking on their door in the next moment.

Chapter 1587 The Three-Day Pact

Su Yu was slightly stunned. A few alien divine arts could trigger a crisis?

After a pause, su yu said, “Let’s go and take a look.”

In the living room, important figures of the clan had gathered, including more than twenty elders and many core members of the younger generation.

Their expressions were solemn, and the atmosphere was very gloomy.

Su Yu entered and originally wanted to stand aside quietly. However, he had arrived late, so how could he not attract attention?

“Xue Yu, there’s an emergency meeting in the clan. Why are you only here now?”An elder who looked extremely old berated in public.

He was the oldest elder in the clan, the elder of Lone Mountain. When Xue Yuntian saw him, he even had to address him as patriarch.

This person held a lot of authority in the clan, and everyone had to give in to him.

Over the years, he had placed a lot of importance on Xue Lei, and he did not pay much attention to an ordinary junior like Xue Yu.

“I’m sorry, I was delayed by some matters, so…”Su Yu said.

“Delayed? The clan’s emergency meeting symbolizes the survival of the clan. What matters are more important than the emergency meeting? Why Don’t you tell us!”The other party shouted once more.

Su Yu frowned slightly. It could be seen that he was frustrated and had nowhere to vent.

And Su Yu, a junior who was not very important and who had just made a small mistake, was just the right person to vent.

“Why don’t you say it? Come, let everyone hear your reason for being late!”The senior of Lone Mountain especially did not like Su Yu’s calm appearance.

In his opinion, Su Yu had to kneel down and beg for forgiveness in fear and trepidation.

“Senior Gu Shan, let’s get down to business. Since I am late, I will punish you later,”Xue Yuntian said lightly, not liking senior Gu Shan.

Senior Gu Shan flicked his sleeves, he looked straight at Xue Yuntian. “Okay, then give me a plan!” “The Li family has obtained so many divine arts of different races, and among them, there is no lack of profound scrolls that have been hanging for more than a hundred years, especially one of the sword arts, the ‘Green Heart Sword Song’. This was the famous sword art of the Spirit Sword clan at that time!”

“If it is completed by that genius of the Li family, the younger generation of our Xue family will not be a match for him!”

“And the rest of the powerful divine arts of different races have also been successfully cultivated by the rest of their younger generation. The younger generation of our Xue family will be a lot weaker than the other party. At that time, we will not be far from the extinction of the Royal Family!”

Hearing this, everyone’s expression was gloomy.

Xue Yuntian sighed, “First, we discovered the ancient ruins, and then we accidentally obtained a hundred alien divine arts. Could it be that the heavens are destroying our Xue Family?”

Many elders felt hopeless. The ancient ruins from a thousand years ago had already widened the gap between the two families.

Now, the other party had an additional hundred alien divine arts!

Although they were envious, they were helpless.

Xue Yuntian said, “For now, we must defend and Attack!”

“The defense is that from today onwards, the disciples of the Xue family must strictly cultivate. I will arrange for all the elders to come out of the mountains and personally teach the disciples! “At the same time, more resources will be allocated to increase the difficulty of the experiential learning and increase the number of tests. Those who fail will be severely punished by the clan rules! “We will strive to not be too far away from the current generation of the Li Family!”

“To attack is to make up for lost sheep!” “Mobilize the people in the family to find out the whereabouts of that expert senior!” “Our Xue family has collected more than five hundred books of foreign divine arts over the years. If we can get that senior to translate for our Xue family, it is not impossible for us to overtake the Li Family!”

The first clause, including the elders who usually did not care about the affairs of the world, also agreed without reservation. When the family was at a moment of life and death, their old bones had to shine.

As for the second rule, many elders sighed silently.

As the saying went, it was not too late to make amends.

But as for this matter, it was indeed too late.

“There’s no need to waste energy and time looking for him. The Li family did not even keep that senior. If we want to find him, where should we start? “Moreover, if I’m that senior, after I’m exposed, I’ll definitely leave this place to avoid unnecessary trouble.”The Lone Mountain’s elder gave up.

Xue Yuntian said, “It’s better not to give up until the end. What if that senior is still on Twin Star Island?”

Although he didn’t believe it himself, he wanted to give his clansmen a chance.

“If I want to find you, don’t waste the clan’s resources,”senior Gu Shan said.

Xue Yuntian frowned. Relying on his seniority, Gu Shan had openly contradicted him more than once or twice. He would punish him severely, harming the hearts of the other senior. If he punished him lightly, the other party wouldn’t care at all.

“Senior Gu Shan’s words are wrong. If we can find that senior, it will be worth it to spend any resources,”Xue Yuntian said.

Senior Gu Shan snorted, “I object to using the manpower and resources of the clan to spend on things that have no hope!”

Xue Yuntian clenched his fists and felt extremely powerless. Sometimes, if he wanted to gamble on something, he would be dragged down.

“I agree with Father’s view.”Suddenly, a voice came from the younger generation.

There was only one person who had the courage and qualifications to speak at such an occasion, and that was the only young master in the family, Xue Yu.

“Father is right. You must not give up easily until the last moment! “Surviving in a desperate situation is always for those who persevere until the end in despair, not those who give up halfway.”Su Yu spoke with assurance. “There is a glimmer of hope now. Why Don’t you grab it with all your might and let it slip away instead?”

“Don’t tell me that when the wolves attack, they don’t choose to run with all their might but bury their heads in the sand and be eaten by the Wolves?”

Hearing this, everyone fell into deep thought and felt that it made sense.

Regardless of whether they were looking for that senior or not, the Li family would rely on hundreds of alien divine arts to soar.

Could it be that they did nothing and watched as the distance between them gradually widened?

Senior Gu Shan glared at Su Yu, “I didn’t say that I wouldn’t work hard. It’s just that I’m going in the wrong direction! Instead of pursuing that elusive opportunity, it’s better to be down to Earth and work hard to teach the younger generation to be realistic from now on!”

Many people nodded. What senior Gu Shan said was not unreasonable.

He still stared at Su Yu and said, "I said just now that there's no need to use the manpower and resources of the clan. Since you have such confidence, why don't I leave the matter of finding that senior to you? After all, the Xue family doesn't expect you to inherit it!"

"Senior of the Lone Mountain, you have passed!" Xue Yuntian's tone became colder.

The senior of the lone mountain snorted, but he really did not dare to continue speaking.

His words were already quite blatant, even though the Xue family did not expect Xue Yu to be publicly acknowledged.

Xue Yuntian said, "Yu'er, you..."

Su Yu said calmly, "I understand! Leave the task of finding that senior to me."

He accepted the task so easily, which made many elders look at him in a new light. Compared to the self-abased Xue Yu in the past, the current Xue Yu seemed like a different person.

The lonely mountain elder said coldly, "Search? Searching for a month is searching, and a hundred years is also searching. There is no fixed time limit. Who knows when you will find it?"

Forcing Su Yu to submit a military order?

Everyone was somewhat dissatisfied.

"Senior Gu Shan, isn't it too much to make things difficult for a Junior?" The second-ranked senior pojun said.

Senior Gu Shan sneered, "Wasn't he just boasting? Does a person have to persevere in despair? If we don't give him a military order, how will he feel despair?"

"Gu Shan, you!" Senior Pojun said angrily. The other party was so unreasonable, it was really infuriating.

Senior Gu Shan put his hands behind his back and sneered. He stared at Su Yu and waited for him to speak.

"Three days." Unexpectedly, Su Yu gave an extremely short figure!

It had only been three days, and he wanted to find the mysterious person who left Double Star Island?

Senior Gu Shan's eyes turned cold. "What if you can't find him within three days?"

"I'll be punished according to the clan's rules!" Su Yu said. At the same time, he asked, "What if you find him?"

The Senior Master of Lone Mountain looked away and said indifferently, "Then I will support you this time!"

"What do you mean by support?" Su Yu asked.

The Senior Master of Lone Mountain said slowly, "The Ten Thousand Dragon Cave is about to open. With your performance in the Clan, you won't have a chance to enter, even if your father is the clan leader! But, if I, the first senior master, support you, then there will be no problem."

Ten Thousand Dragon Cave? This was the second time Su Yu heard about this place. The first time was when Murong Feng told him to pass the dragon searching disc to Xue Yuntian.

Thinking about it, it should be an extremely important place, right?

"It's a deal." Su Yu said.

Gu Shan's senior elder sneered, "Then I'll wait for Your Good News! If you fail, you'll be punished together with the matter of being late just now!"

The meeting ended unhappily.

In Xue Yuntian's study room, he had a reproachful look on his face, "Yu'er, why are you so muddle-headed? You were easily provoked and issued a military order? And it was for three days?"

Three days. Even organizing a good team was rushed. How could he find an expert whose identity and true appearance were unknown?

"It's fine." Su Yu comforted him. He himself was that expert. He did not even need a breath. Three days was too much.

Xue Yuntian looked at Xue Yu and said with shame, "It's father's incompetence that dragged you down just now! Don't worry, father will arrange a training session for you in three days. That old man from Gu Shan, can he still chase you to punish you?"

Su Yu did not know whether to laugh or cry. He sighed in his heart. Although Xue Yu was not outstanding, he was Xue Yuntian's biological child after all. He was the flesh and blood of his heart.

After a pause, su yu said, "Since this child dares to make a three-day agreement, of course I have confidence."

Xue Yuntian's pupils constricted as he said in shock, "You... know where that senior is?"

Su Yu touched his nose and said, "To be precise, I know him. If you want to see him, you can do so at any time!"

Kacha --

Xue Yuntian crushed the Teacup with one hand. The sharp shards pierced into his palm, and traces of divine blood seeped out, but he was completely unaware of it.

His eyes widened, and his breathing quickened.

His entire body suddenly stood up from his sitting position, and he said, "Yu'er, you... You Didn't lie?"

Su Yu smiled faintly and asked in return, "Do I have a motive to lie?"

Hearing this, Xue Yuntian's two large hands grabbed Su Yu's shoulders. His eyes were like copper bells as he stared fixedly at Su Yu. His face was filled with ecstasy as he said, "Where is he? Quickly bring father over. I want to personally meet this senior!"

It was as if he could already see the scene of that senior sitting in the Xue family and translating the divine arts of the other races.

It was also as if he could see that the Xue family, which had been suppressed by the Li family for a thousand years, finally had hope of making a comeback.

Chapter 1588 Fulfilling His Promise

Su Yu shook his head, he said, "That senior is eccentric and doesn't like anyone. Even if I were to meet him, I would have to make things difficult for him. Father isn't familiar with him, so if I were to rashly bring you there, if I were to make him unhappy and directly leave the twin stars island, where would I find him?"

Hearing this, Xue Yuntian suddenly came to a realization, he hurriedly patted his forehead. "Yes, yes, yes! Yu'er is still thoughtful. Look at my brain, why didn't I think of this? If that senior really wanted to show his face, he would have already gone to the Li family. If he didn't show his face, it must be because he didn't want to easily interact with the outside world. If I were to really run over there, I might really make that senior unhappy!"

Su Yu said, "So, father, don't be so emotional. I must not reveal the fact that I know that senior."

Xue Yuntian laughed and nodded. "I know! hahaha!"

He laughed and sized up Xue Yu. For some reason, the more he looked at him, the more he liked him.

Xue Yu had given him two surprises in a row. How could he not like him?

After leaving the study, Su Yu brought Cheng Wei to the market of Double Star Island. They walked around and looked around.

Some figures quietly followed Su Yu, sneakily.

Su Yu's lips curled into a faint smile as he continued strolling around as if nothing had happened.

One day later, in the Secret Room of the honorable senior Gu Shan.

"What is that Kid doing today?" The honorable senior Gu Shan asked.

Two young men knelt in front of him respectfully and said, "Strolling around."

The honorable senior Gu Shan's eyes flashed. "Is he looking for the translation of the alien language?"

He was worried that Su Yu would use some translated alien divine arts to fill in the numbers three days later and lie that it was translated by that expert.

Unexpectedly, the two youths had a strange expression on their faces. "No, he only paid attention to medicinal pills and divine weapons."

"He didn't look at the Alien Divine Arts?" Senior Gu Shan was a little surprised.

"No, we saw it very clearly," the two of them answered affirmatively.

Senior Gu Shan stroked his long beard and said, "Strange, MM, you guys continue to keep an eye on him. Record clearly what he did, what he said, and who he came into contact with."

“Yes!”

The next day.

The two of them reported back again. The result was the same as the first day. They were still wandering aimlessly, but they had never set foot in the area of the alien divine arts.

“Check Again!” Senior Gu Shan couldn’t understand Su Yu.

The result was the same on the third day.

Senior Gu Shan thought for a while and said, “So, this kid did nothing in the past three days. He didn’t come into contact with any special people, and he didn’t even read the alien language?”

After pondering for a while, he seemed to have figured it out, he sneered, “As expected, he is just a cover. His father must have organized some people to secretly look for him, right? However, in these three short days, unless there is a miracle, how can we find that senior?”

Looking at the gradually brightening scenery outside the window, the honorable Sir Gu Shan felt refreshed. He shook his sleeves and came to the meeting hall.

The meeting room was already filled with core clansmen.

The three-day deadline had arrived. As the clan leader, whether the “One attack” strategy would succeed or not depended on today.

Therefore, all the important clansmen came over to participate.

However, almost no one felt that Su Yu could really find that expert within three days.

Through their own eyes and ears, they learned that during these three days, the Li clan had mobilized all the clansmen, including the clan leader Li Tianba, to personally come out of the mountain and dig three feet into the ground to wantonly search for that senior.

Not only that, even the other party’s appearance at that time had been made into a pattern and distributed throughout the Twin Star Island.

The commotion was so great that it could be described as the strength of the entire clan.

This morning, the commotion was still continuing, and it was getting more and more intense. Even the mortals were mobilized by them. Anyone who found a clue would be given a heavy reward.

The Li clan had mobilized a large number of people and yet they still had no results. Su Yu was a single person and a small one. In just three short days, how could they find him?

The focus of attention now was no longer on whether Su Yu could be found, but on how Su Yu was going to escape punishment.

Or rather, how Xue Yuntian was going to help his son.

The arrival of the senior master of the Lone Mountain made their conversation turn into whispers.

The Senior Master of the Lone Mountain raised his head and puffed out his chest. Like a victor, he sat like a golden saber and waited for the meeting to begin with his eyes closed.

Not long after, the whispers of the crowd grew a little louder.

Opening his eyes, it was Xue Yu and Xue Yuntian who came at the same time.

The corners of Gu Shan Changzun's mouth curled up into a cold smile. Like a cat catching a mouse, he waited to see the good show that the father and son would put on.

"Everyone is here." Xue Yuntian sat on the armchair and said.

Everyone nodded silently and waited for the next part.

Xue Yuntian hesitated for a moment and said to Gu Shan changzun, "Gu Shan changzun, three days ago, Yu'er was impulsive in the agreement. I wonder if you can change it a little?"

It really came!

As expected, Xue Yu did not find that senior, so Xue Yuntian asked to break the agreement at the beginning.

The senior of the lone mountain looked up and said indifferently, "Xue Yu is not a three-year-old child. Since he dared to make a military order, he should naturally be responsible for his words and deeds! I refuse to change the agreement!"

Xue Yuntian sighed awkwardly, "Alright, then we will follow the words of the senior of the Lone Mountain."

"If that's the case, then we'll bring out the clan rules and compare them one by one. We'll punish Xue Yu!" The Gu Shan Elder was impartial.

Who knew that Xue Yuntian would say, "Gu Shan Elder, I think you've misunderstood."

"Misunderstood what? That Xue Yu's agreement doesn't really count?" The Gu Shan elder sneered, as if he had seen through Xue Yuntian's scheme to protect Xue Yu.

Everyone also felt helpless. Everything was within their expectations.

They communicated silently, and each of them had a common understanding. "Today, if Xue Yuntian wants to save Xue Yu from the hands of the senior of the Lone Mountain, I'm afraid that it's only possible if he loses all face."

However, Xue Yuntian's next sentence made them all petrified.

"No, I mean, you've misunderstood what I mean. What I mean is, although the senior of the Lone Mountain lost the bet, as an elder, I can reluctantly forgive you once. There's no need to carry out the bet," Xue Yuntian said calmly.

Boom --

Everyone's ears seemed to be filled with countless thunderbolts, blowing their minds into a blank.

Senior Gu Shan had lost? Then, didn't that mean that Xue Yu really found that senior in just three days?

Impossible! Everyone's reaction was the same.

Senior Gu Shan was naturally no exception. He said coldly, "Is that so? Then invite that senior out to have a look!"

“I’m sorry, that senior doesn’t want to see anyone, so...”Xue Yuntian said.

Gu Shan’s senior interrupted him, “Then, how do you prove that that senior has been found?”

PA --

Xue Yuntian threw down a book and placed it on the table.

This book was a translated one-horned dragon race divine art.

“This is the translation of that senior. You can look through it,”Xue Yuntian said.

Hahaha --

Everyone was silent. No one went to receive it. The senior of the lone mountain could not help but laugh out loud, his face full of contempt. “Xue Yuntian, Oh Xue Yuntian, as expected. In order to help your useless son, you really use all kinds of means!”

“Do you think that you can prove that it was done by that senior simply by taking out a translated divine art of another race? Then, I will also find a translated divine art of another race. Did I also find that senior?”

He stared at Xue Yuntian with a cold smile and said, “Put away your childish tricks and let your son accept the punishment of the Clan Rules!”

PA --

Xue Yuntian did not say a word and threw out another translated divine art of another race.

The senior of the lone mountain sneered, “You can prove it with just two books?”

PA --

The third book was caught up.

“Enough, this kind of trick against this senior...”

Pah Pah Pah Pah Pah Pah --

In Xue Yuntian’s cave abode world, books of various translated alien divine arts were thrown out like a series of afterimages.

In the blink of an eye, the entire table was piled up.

Those that could not be piled up piled up on the ground, and in the end, they were even with the table!

Looking at the secret manual that looked like a small hill, everyone was stunned.

The second-ranked senior walked over with hesitation. He picked up a random book and flipped through it, and his expression shook violently.

He picked up a second book, a third book, a fourth book..

The more he looked at it, the more shocked and excited he became. He couldn't help but raise his head and burst into laughter. "Hahahaha, the heavens have truly blessed our Xue Clan! It Can't be wrong, it can't be wrong. It's definitely the work of that Master!"

When so many alien divine arts appeared, the face of the solitary mountain's senior had already stiffened. He had a bad feeling about this.

Hearing this, he walked over to check. The result was that every time he flipped through a book, his expression became a little uglier.

These alien divine arts all came from the Xue family's treasury without exception.

They had been untranslated for many years, and had been left empty for decades.

There was a full hundred books in front of him. Other than that unfathomable mysterious expert, there was no other person who could translate them in just three days.

It was very obvious that Xue Yu had found that senior!

His body stiffened and his hands trembled. It was as if he could feel pairs of mocking eyes.

The one who had lost face today was not Xue Yuntian, but him!

Thinking back to his face that looked like a victor just now, compared to his current situation, his heart was as heavy as water. Presumably, everyone was laughing at him, right?

Presumably, Xue Yuntian and Xue Yu must be laughing very happily too, right?

A trace of hatred was vaguely born.

However, when he turned his head, he met Xue Yuntian's calm gaze. He cupped his fists, he said, "Senior Gu Shan, I know that you have never liked Xue Yu, but he is actually a good child! Last night, Yu'er discussed with me and tried to take care of your feelings. It would be best if we could cancel the agreement in advance."

"But you, sigh..."Xue Yuntian said.

The senior Gu Shan's pupils shrank as he looked at Su Yu. He saw Su Yu throwing him a faint smile and gently nodding his head.

There was absolutely no mockery in that gaze.

However, he was unable to get off the horse. He stubbornly snorted, "No need to put on airs, I..."

Su Yu interrupted him and said, "Then let's just say that the father and son are putting on Airs and trying to win over the senior Gu Shan. The agreement will be canceled. Senior, there's no need to make things difficult for you."

After he finished speaking, he left alone under the complicated gazes of the clansmen.

Just like how he used to always be alone, like the dust that no one cared about.

Many of the elders felt a little guilty. How did Xue Yu endure it in the past?

Senior Gu Shan stared deeply at Su Yu's back. A complicated expression surged out of his old eyes.

He flicked his sleeves and said in a muffled voice, "I will not go back on my words!"

Those who understood him realized that the cold and arrogant senior of Lone Mountain had softened his expression when he turned his head.

Xue Yuntian took the opportunity to announce that the senior was acquainted with Xue Yu.

It was the senior that Xue Yu had invited over and had translated 100 alien manuals.

Furthermore, if he had the time, the senior would have translated the remaining 400 alien manuals for them for free.

The crowd was in an uproar!

Chapter 1589 The Mysterious Girl

They asked one after another how Xue Yu met that senior.

Xue Yuntian only knew that it was fate. He smiled bitterly in his heart. In fact, he did not know how his son met such an existence.

He suddenly felt a sense of strangeness towards his own son.

The Xue family also obtained the news of a hundred alien divine arts. They did not hide it for long before it fell into the ears of the Li family.

The members of the Li family who were still searching for that senior were shocked when they heard it.

Not long after, the search for the person that was causing a commotion on twin star island gradually stopped.

One day half a month later.

The head of the Li family, Li Qiankun, brought the younger generation of the Li family to visit.

In name, it was to discuss the matter of offering sacrifices to the ancestors in half a month's time. In reality, everyone understood that the Li family was here to confirm whether or not the rumors were true that the Li family had the full support of that senior.

Before the meeting, Xue Yuntian summoned all the juniors in the family, including Su Yu, who was in closed-door cultivation.

"The matter of ancestor worship is very important. Only the elders of the two families who are elders and above have the right to participate." Xue Yuntian looked at the juniors brought by the Li family and said to Su Yu, "All of you, accompany the Li family's peers. Don't neglect them."

Su Yu and the rest of the Xue family members accepted the order.

The elders entered the secret chamber. As the only young master in the clan, Su Yu took on the task of accompanying them.

Su Yu led them around the back garden. Although the two sides were not on good terms, they maintained restraint on such an occasion. On the surface, they were still very harmonious. They chatted and laughed non-stop.

When they walked into the rockery group, Li Jun, the second-ranked representative of the Li clan, suggested, "It's really boring to just stroll around the scenery. Why Don't we spar?"

His suggestion received the support of the Li family.

The younger generation of the Xue family hesitated slightly.

In the underwater ruins from a thousand years ago, the Li family's foundation surpassed the Xue family's. The younger generation of the current generation was stronger than the Xue family as a whole.

If they were to spar, the chances of the younger generation of the Xue family being defeated were even higher.

If it was elsewhere, it would be fine. However, if they were to lose to outsiders in their own residence, not only would they lose face, but it would also affect the Xue family's honor.

But if they didn't accept the sparring, it would give people the impression of cowardice and cowardice, making it impossible for them to raise their heads in front of the Li clan.

They turned their gazes to Su Yu at the same time. Although he wasn't the one with the strongest cultivation, he was the one with the highest status.

If it was Su Yu who made the decision, no matter what the outcome was, it would be Su Yu's responsibility. It had nothing to do with them.

"If only big brother Xue Lei was here. Would the Li clan still dare to mention sparring?" Someone complained in a low voice.

"That's right. Big Brother Xue Lei is so powerful. When he was in the residence, other than that young miss, who else in the Li clan would dare to take the initiative to Spar?"

In their hearts, Xue Lei was the backbone.

Even though Xue Yu had been in the limelight recently, strength was the king. He was inferior to Xue Lei.

"Sure." Su Yu gave a short reply. "Sparring methods?"

Li Jun laughed in satisfaction. "Very simple. We will each send three people to spar. Out of sincerity, we will first choose three people."

He casually pointed at two Li clan juniors. One of them was wearing a mask and looked like a woman. She seemed to have the cultivation base of a first level world paragon. The other one was a young man in his early twenties with the cultivation base of the fourth level of the dust immortal realm.

"The last one is me." Li Jun pointed at himself.

Su Yu thought for a moment and turned back to look at the clansmen behind him.

Not many dared to look straight into Su Yu's eyes. They all avoided him and did not want to fight.

It was obviously a sparring match that was bound to end in defeat. No one was willing to participate.

Su Yu sighed helplessly. He pointed at himself first, "Since it's a sparring match, then we'll be on the same level. The first one will be me. The second and third, who is willing to volunteer?"

The Xue family disciples were silent. They looked at each other, but no one took the initiative to step forward.

The Li family disciples whispered to each other. They glanced at the Xue family disciples with a sneer.

The glory of the family was at its peak, and none of the disciples even took the initiative to volunteer. All of them were thinking about their own glory and disgrace.

Just as Su Yu sighed silently and was about to randomly select soldiers, a valiant-looking figure stepped out from behind the crowd.

"I'm one of them!"

Su Yu took a look and saw that it was an ordinary-looking young woman. She was about twenty-seven or twenty-eight years old and had the cultivation base of a first level heavenly cave abode's World Paragon.

If she was a mortal, her talent could be considered quite good. However, in the Xue family, she was already so old and was about to leave the ranks of the young. She could not be considered outstanding.

Su Yu scanned through his mind. In the half a month in the family, he did not have much of an impression of this woman.

It could be seen how inconspicuous this woman was in the family.

The younger generation of the Xue family looked at him and whispered to each other.

"Xue Xin is overestimating herself, right? What use can her little cultivation be?"

"Her talent is too average. She rarely learns the powerful inheritance of the clan. Although she has the cultivation of a first level heavenly cave abode's world paragon, her strength is inferior to mine!"

Xue Xin was a quiet girl. She walked out without saying a word.

Su Yu sized her up and said, "Sure, I'll count you in! Who Else Is There?"

This time, the disciples of the Xue family did not stay silent for long. A boy in his twenties walked out. His strength was only at the fourth level of the dust immortal realm.

He looked shy and mustered up his courage to ask, "Can I do it?"

Su Yu raised his eyebrows slightly. The fourth level of the dust immortal realm meant that the strength of both parties was not equal at all.

He glanced at the few clan members of the second level heavenly cave abode behind him, but all of them avoided Su Yu's gaze without exception.

"Alright, you can count as one too." Su Yu said.

Hearing this, the Xue family juniors were not calm.

"Has he really decided to use Xue Lin?"

"Oh my God, what is he thinking? Even if he knows that he will definitely lose, there's no need to be so hasty, right?"

"Seriously, if Big Brother Xue Lei were here, he would definitely be more cautious."

..

Su Yu turned his head and looked at them indifferently, "Asking you to volunteer, you guys don't have the guts. Someone volunteered, and you guys think that their cultivation is low! If you can do it, you can go ahead. Don't point fingers and make others look down on you."

Hearing this, the Xue family juniors avoided Su Yu's gaze, but looking at the expression on their faces, they were very unconvinced.

"What's there to be proud about? In terms of cultivation, you're not even as good as me? I'm at least a stage one heavenly cave abode's World Paragon!"

"Can you blame us? You agreed to a spar that you're bound to lose!"

Su Yu heard their complaints and shook his head in disappointment. He had already seen the epitome of the Xue family's decline.

Instead of reflecting on their own mistakes and working hard, they blamed the heavens and the people.

The Li family saw everything and gloated. Li Jun said, "Hehe, why don't we change people too? Although you have many people, you can't even pick out three people. I feel sorry for you..."

"Cut the crap. How are we going to compete?" Su Yu interrupted.

Li Jun said in a weird tone, "If it's a duel between people of the same cultivation level, it would be too much of a bully for you. How about this, our side will arrange the order of appearance. You guys can do whatever you want."

In a sparring match, no one would announce their own order of appearance first.

In this way, the opponent could completely determine the order of appearance based on the weaknesses of their own players.

Li Jun's decision was obviously to defeat them.

Thinking about it, it made sense. No matter how one looked at it, Li Jun and the others could win at least two rounds.

Unexpectedly, Su Yu rejected indifferently, “No need, let’s draw lots. Whoever is drawn, who will participate in the sparring.”

He did not take any advantage.

Li Jun chuckled, “Your backbone is commendable, but reality is cruel! Since that’s the case, let’s begin!”

He used his divine power to draw six symbols in the air and randomly interrupted them before flying to both sides.

The six of them each grabbed one and unfolded it. The opponent’s name was on it.

“I’ll be the first...”Xue Lin, who was beside Su Yu, said nervously.

The opponent he picked was the masked woman.

Su Yu glanced at the symbol and found that the woman did not have a specific name. She only used the word “Yue”instead.

“Xue Lin, go!”Su Yu said.

Li Jun also said to the masked woman, “Yue, it’s your turn!”

The woman named Yue walked forward indifferently and stared at Xue Lin, who was walking forward in fear.

Xue Lin cupped his fists and said nervously, “Let’s begin!”

Yue did not say a word. He stared at him coldly and showed no signs of attacking.

The more it was like this, the more nervous Xue Lin became. However, he gritted his teeth. Regardless of whether the other party was a world paragon of the cave abode or not, he braced himself and rushed forward, “Ah! Sky Rocket Cannon!”

He stared at the ground with his legs wide open. The power of the dust immortal revolved around him, causing him to shoot out like an extremely fast cannonball toward Yue.

At the same time, an armor appeared above his head. A sharp horn that was half gold and half silver was cast on the armor.

Coupled with the explosive shooting force, if it really hit the target, the damage would not be small.

Unfortunately, he was not facing the same realm, but a different world paragon from the Heavenly Abyss.

It was not until Xue Lin shot to his side that Yue casually stretched out a finger and lightly flicked it onto the sharp horn.

Instantly, Xue Lin shot back at a faster speed than before. He only slowly stopped after smashing down a few artificial mountains.

There was almost no need to judge who was better.

“Hehe, looks like this brother’s luck isn’t good. He drew the wrong opponent.” Li Jun smiled insincerely.

Su Yu was expressionless as he said to Xue Xin, “It’s your turn.”

Xue Xin walked forward without a word and stared at Li Jun. “My opponent is you?”

Among the three of them, the one with the closest cultivation base to Li Jun was Xue Xin, even though the difference in strength between the two was thousands of miles.

“That’s not it. Your Luck is not bad, the one you drew is not me.” Li Jun said to the Li clan youth at the fourth level of the dust immortal realm. “Go, just casually exchange a few moves will do!”

Xue Xin was a first level heavenly cave abode world paragon, while this person was only at the fourth level of the dust immortal realm. The result was naturally obvious at a glance.

The young man from the Li family grinned and licked his lips, “Just nice, I want to test the strength of the Xue family’s World Paragon!”

He jumped forward and the two quickly exchanged blows.

The strange thing was that the battle between the world paragon of the Xue family and the fourth level of the dust immortal realm did not end immediately. Instead, it was a stalemate for quite a while.

Although Xue Xin’s cultivation was in the lead, the power of the divine art she was resting on was mediocre.

On the other hand, although the Li family’s young man’s cultivation was not high, the divine art he cultivated was all excavated from the ruins a thousand years ago. It was quite extraordinary.

After a round of battle, although Xue Xin suppressed the other party, it took more than twenty rounds before she managed to force the other party back with her powerful divine power.

The other party turned around elegantly and jumped back. He smiled and said, “I admit defeat! But to be honest, the Xue family’s World Paragon in the cave abode is not worthy of the title. It’s already so difficult for him to deal with me, a fourth level dust immortal.”

Although Xue Xin won, there was no relief on her face. On the contrary, her face was sullen and full of shame.

The Xue family disciples also had ugly faces. They threw a resentful look at Xue Xin.

If not for Su Yu’s warning, they might have lost their temper.

Li Jun chuckled, “It’s not easy, it’s not easy. The Xue family finally won one round. Alright, one-to-one draw. Next is the third round.”

Li Jun walked forward with his hands behind his back and stared at him mockingly. “Come on Up! I’ve long wanted to spar with brother Xue! Let’s see if I have the qualifications to carry brother Xue’s shoes.”

Chapter 1590 Generous Gift

He was referring to the day at the dock when the Murong Clan's elders had belittled him. In terms of talent, he did not even have the right to carry Xue Yu's shoes.

Li Jun left in a sorry state, always jealous of Xue Yu.

When he had arranged the order, he had secretly tampered with it. He had arranged for him to fight with Su Yu in order to take revenge.

The disciples of the Xue family shook their heads silently. They had no hope at all.

The result was already very obvious. They would not have any chance of winning.

However, Su Yu still calmly stepped forward and said, "Let's begin."

Li Jun grinned and took out a long black whip from his sleeve. It emitted a metallic luster. "This is my upper-grade immortal artifact, the Black Dragon Whip. You have to dodge it quickly. If you get hit by the Whip and it hurts you, it won't Be Pretty."

Su Yu said calmly, "Long-winded! Make Your Move!"

A murderous aura flashed between Li Jun's brows, "You asked for it!"

PA --

The black dragon whip was filled with dense godly power. Like Lightning, it broke through the sound barrier and attacked Su Yu.

As a first sky world venerate, Xue Xin could not see this attack clearly. Her heart jumped and she shouted anxiously, "Be careful!"

However, the shadow of the whip was much faster than her voice.

Her warning could not reach Su Yu. The Whip had already arrived.

Many members of the Xue family closed their eyes. They did not have the face to watch the scene of the Xue family's defeat.

Clang --

However, an unexpected metallic sound entered their ears.

Following that, Li Jun's shocked voice was heard, "You..."

They opened their eyes and saw that Su Yu had taken out an iron sword at some point in time and used the blade to block the whip.

They did not see clearly what was going on, but Li Jun did.

Su Yu pulled out the sword with a surprising speed and used an extremely profound sword technique to deflect the power of the whip.

He never knew that Xue Yu was proficient in sword techniques!

To Li Jun, it was already an extremely shameful matter for him to fail in one strike. After all, he was a fourth level heavenly cave master while Su Yu was only at the fourth level of the dust immortal realm!

The gap between the two was much bigger than Xue Lin and Yue!

With a hint of anger, Li Jun activated his divine power and used 50% of his strength to attack with all his might.

The young lady named Yue's eyes narrowed and she shouted, "Li Jun, retreat!"

However, Li Jun had already made his move.

The whip that was like a black dragon slashed towards Su Yu's waist.

Su Yu didn't move at all. His gaze was as sharp as an eagle. Just as the whip was about to come at him, he drew his sword and moved.

However, he skillfully stuck the blade of his sword to the whip and guided the trajectory of the whip.

He himself held the iron sword and went against the direction of the whip to three inches away from Li Jun. .

The tip of an iron sword mercilessly touched his shoulder armor.

Li Jun groaned in pain as if he had been electrocuted. He let go of the whip and took a few steps back.

Not only did the second attack fail, but it was also broken and injured by the opponent?

What if it was not an iron sword but an incomparably sharp immortal sword?

Li Jun was both shocked and angry.

He felt that his dignity had been greatly challenged. How could a fourth level immortal realm World Paragon be defeated by a fourth level immortal realm character?

"Get lost!" Li Jun's godly power surged and created a gust of wind. He had used 100% of his godly power!

However, at this moment, Su Yu's figure was like a ghost. As he released his godly power, he did not retreat but advanced instead. Another sword hit his face.

The wide and thick blade hit Li Jun's body and left a bright red mark on his face.

He could not contain his anger. Like an enraged beast, he roared, "I'll tear you apart!"

His hands turned into claws and slammed towards Su Yu's head, as if he wanted to kill him.

It was obvious that he, who was at a disadvantage, had lost control.

Su Yu's expression was still calm. He, who was holding the sword with one hand, suddenly held the sword with both hands.

His right hand grabbed the hilt of the sword and drew out a long sword that gathered moonlight. He stabbed upwards and easily pierced through Li Jun's palm. His arm was shattered all the way to his head.

The sharp pain made Li Jun wake up from his exposed state and he screamed in horror.

Ding --

Suddenly, there was a light sound. A female figure jumped over with an incredible movement technique. At the critical moment, she used a small jade green sword to point at the edge of the sword.

The two swords clashed and came to an abrupt stop.

The woman who attacked was the fifth-level heavenly cave abode's world paragon named Yue.

But how could she be a fifth-level heavenly cave abode's world paragon with such fast speed?

"If you have to forgive someone, forgive them." Yue looked at Su Yu and said indifferently.

Su Yu looked at her indifferently and gently pulled the beauty under the moon out of Li Jun's arm. He shook his blood and inserted it into the iron sword.

He glanced at the Li family members and said, "It seems that our Xue family is better."

Li Jun could not accept such a situation. His words were true. He had really lost to Su Yu and did not have the right to carry his shoes!

He roared, "You ambushed me. I'm not convinced. Let's Do It Again!"

PA --

A crisp slap sounded and Li Jun's head was bleeding.

It was Yue!

She stared coldly at Li Jun and said, "How much longer do you want to embarrass yourself?"

Li Jun covered his face and said, "I, I'm not convinced! Normally, I can't Lose!"

Yue Leng said, "Lose? You should be thinking, why did I save your life in time? Do you really think that my movement technique is fast enough?"

Ah? Everyone sucked in a breath of cold air and looked at Su Yu.

Li Jun said in disbelief, "You're saying..."

Yue Leng snorted, "Shut Up! Don't embarrass the Li family again!"

She turned to look at Su Yu and said, "Thank you for sparing the sword."

Everyone was stunned. It seemed that Xue Yu had shown mercy in this situation. Otherwise, he would have... killed a stage four heavenly abode's World Paragon with just one sword?

Su Yu turned his head and said, "You're the Li family's eldest miss, Li Yue, right?"

There was only one person in the Li family's younger generation who could have such fast movement techniques and sword techniques that could block Su Yu's sword.

That person was the young miss of the Li family, the strongest young outstanding talent of the Li family in the current generation, Li Yue!

The first sky aura that she emitted should be because she deliberately concealed it. Her true cultivation level was already at the third sky of Heavenly Cave abode, and in terms of strength, she was even stronger than Xue Lei.

“Yes!” Li Yue took off her mask, revealing an exquisite and beautiful face.

The appearance of this face indeed caused a commotion among the younger generation of the Xue family.

Li Yue’s name was like thunder. Everyone on the Twin Stars Island recognized her!

Su Yu said just now, “It’s just a spar, not a battle.”

Hearing this, everyone sucked in another breath of cold air. Su Yu was really going easy on them!

Yue stared at Su Yu tightly and said, “You guys won. I thought that there was only one Xue Lei in the Xue family who still looked decent. I didn’t expect that you are the true chosen one. You are many times stronger than your big brother Xue Lei!”

Li Jun’s eyes were filled with unwillingness. He wanted to deny it.

If Su Yu could defeat him, could it be that he could defeat Li Yue?

Li Yue continued, “At the fourth level of the immortal realm, he reached the fourth level of the grotto-heaven realm by relying on his strength. Not to mention your big brother, not to mention me, even the heirs of the top three families in this sea area couldn’t do it!”

Hearing this, Li Jun’s body trembled.

Some thoughts flashed through his mind. If Xue Yu had the cultivation of a fourth level heavenly cave abode’s world paragon, then would Li Yue be a match for him?

Thinking of this, Li Jun broke out in cold sweat. He looked at Su Yu with fear.

He seemed to be able to see that a peerless genius had appeared in the Xue family.

“I really didn’t expect you to hide it so deeply!” Li Yue regarded him as a great enemy, far above Xue Lei!

Su Yu put his hands behind his back and smiled, changing the topic, “Everyone, did you enjoy the tour today?”

All the disciples of the Xue family looked excited, as if they had been injected with stimulants, and their faces were full of glory.

When they sparred with the Li family, they lost more than they won. Even if Xue Lei led the team, they would most likely lose.

Today’s victory had swept away their gloominess and made them extremely happy.

Especially Li Yue’s attitude!

What kind of existence was Li Yue? The number one person among the younger generation on Twin Star Island had never looked directly at the young people of the Xue family.

Even if it was Xue Lei, Li Yue had never looked him in the eye.

But today, Xue Yu actually made Li Yue treat him seriously as if she was facing a great enemy.

At this moment, the image of Xue Yu in their hearts soared to the sky, comparable to Xue Lei.

Li Yue's pretty eyes were filled with battle intent, and her cold and arrogant face beamed with a smile. "Naturally, I'll enjoy myself to the fullest. How can I not enjoy meeting a formidable opponent that I can look forward to a battle with?"

Her voice then changed. "However, don't be happy too early. I'm currently cultivating a sword technique from another race, surpassing any inherited sword techniques from the twin stars island. If you don't cultivate it, you might not have the qualifications to fight me in the future!"

Su Yu thought for a moment and said, "You mean 'song of the Green Heart Sword', right?"

Eh? Li Yue's eyes suddenly turned sharp. She held the small green sword and shouted in a low voice, "How do you know?"

Su Yu smiled faintly, "Not only do I know, but this sword technique is also in my hands!"

With a swoosh, he took out a sword manual.

Looking at the handwriting, it was written recently. It was 'song of the Green Heart Sword'.

"Who told you that? Tell me!" Li Yue looked nervous and surprised.

Su Yu said, "An elder who is on good terms with the Li family said that someone offered 100,000 absolute beginning coins to translate this book. I didn't expect it to be the young miss of the Li Family!"

Li Yue's pupils constricted. "You mean, that elder is on good terms with the Li Family?"

Although she had some guesses, Li Yue was still surprised to hear it confirmed by her own mouth.

Su Yu smiled, and without turning his head, he threw the sword manual to Xue Xin. "You have done meritorious deeds in sparring, so you should be rewarded. Take it and cultivate."

Jiang Xin caught it blankly, not knowing what it was.

Li Yue's expression tensed up, and she said, "You actually gave the supreme sword technique of the spirit sword clan to an ordinary clansman? You... You Shouldn't waste heavenly treasures!"

In fact, what she wanted to say was that Su Yu shouldn't spread it out.

Once the sword technique was spread out, after she cultivated it, she would no longer have any advantages.

Su Yu said, "When all the disciples of the Xue family don't dare to fight, she can fight for the honor and disgrace of the family. Just based on this point alone, she should be heavily rewarded."

Hearing that it was the famous sword technique of the spirit sword clan, Xue Xin felt as if she was struck by lightning, and her head rumbled.

Her hands holding the sword manual couldn't stop trembling, as if she was in a dream.

When she heard Su Yu's explanation, she felt as if her heart, which had been suppressed for many years, had opened a bright door. If she met a bosom friend, tears of sadness and gratitude would roll down her cheeks.

She knelt down and said, "Thank you, Brother Xue Yu!"

This was the first time she had spoken to Xue Yu. In her eyes, the former Xue Yu was no different from the other cold clansmen.

Su Yu rolled up his sleeves and helped him up. “Clansmen, why do you need to be as courteous as outsiders? If you really have the heart to thank me, then seriously practice this sword manual.”

Xue Xin was so grateful. “I will definitely cultivate wholeheartedly and never let down brother Xue Yu’s efforts!”

After thinking for a while, Su Yu casually threw a book to Xue Lin. It was called “Snow Leopard Walk”.

Li Yue saw it and clenched her fists. “This is the Phantom Leopard clan’s divine art that my Li family has asked someone to translate at the price of 50,000 absolute beginning coins!”

The hearts of the Li family members were bleeding. The Li family had spent a lot of money and effort to obtain the inheritance that the Li family had accumulated thousands of years ago. In the end, all the translations were given to the Xue Family!

The Xue family got everything without spending a single coin.

Seeing this scene, they felt depressed.
