Chapter 1591 A Huge Gap

Xue Lin held the divine art in his hands. He was so excited that his palms were trembling. He was both happy and uneasy. "But brother Xue Yu, i... I didn't win. Why did you give it to me?"

Su Yu smiled faintly. "As I said, talent and strength are important, but the heart is equally important! Take it and cultivate!"

"Thank you, thank you, brother Su Yu!" Xue Lin had been bullied in the clan for many years. With Su Yu's help, he wept gratefully. "Brother Su Yu, i, Xue Lin, will never be able to repay you for your kindness!"

Su Yu said, "There's no need to thank me. If you want to thank me, thank yourself."

Looking at the remaining Xue family disciples, they were all envious and envious. When they met Su Yu's eyes, they were filled with desire, regret, and shame.

They wanted to obtain the alien divine arts, but they knew that Xue Yu would not reward them in any way.

However, to their surprise, Su Yu waved his sleeve, and dozens of alien divine arts were placed on the ground. They were all different.

Although these divine arts could not be compared to the "Green heart sword song" and "Snow Leopard Walk", they were still powerful alien divine arts.

"All of you should choose a book that suits you. Cultivate it seriously and don't let down the clan's high expectations of you," Su Yu said. His words were full of expectations for them.

The juniors were pleasantly surprised, but their hearts were moved.

In the past, they all worshipped Xue Lei. More or less, they had helped Xue Lei to ridicule, ridicule, and attack Xue Yu. Now, not only did he not make fun of them, but he even stood on the side of the clan and wiped away the enmity with a smile?

"Thank you, brother Su Yu." Someone sincerely bowed and picked a secret manual.

The others also picked the divine arts suitable for them. Their feelings for Su Yu were complicated.

After the tour, Su Yu sent Li Yue and the others back to the living room.

It just so happened that the discussion between the elders of the two families ended here.

Li Qiankun walked out of the living room with a gloomy face. When he saw the younger generation of the Xue family, he deliberately stopped and paid attention.

When he saw Su Yu, his eyes paused for a moment, revealing shock and fear.

He must have confirmed that the rumors were true. That senior was indeed acquainted with Xue Yu.

This news was extremely unfavorable to the Xue family.

“Let’s go.” Li Qiankun looked deeply at Su Yu and led the younger generation of the family.

When they arrived outside, Li Qiankun’s eyes revealed a sharp light. “This Xue Yu, I really didn’t expect that the most threatening younger generation of the Xue family is not Xue Lei, but the silent second brother Xue Yu!”

An elder with a high position and authority said in a low voice, “Family head, do you want me to send someone...”

He made a gesture of cutting his neck.

“No!” Li Yue said solemnly.

Li Qiankun looked at her, “Yue’er, do you have any ideas?”

Li Yue pointed at Li Jun, the injuries on his body were obvious at a glance.

Li Qiankun was preoccupied with his thoughts and did not notice the sharp wound on Li Jun’s arm at this moment.

His eyes were sharp as he said, “Injured by an emperor-grade divine weapon? When?”

Li Yue said, “Just now, the juniors of our two families had a spar.”

Li Qiankun suddenly understood and said, “Those who can hurt Li Jun, among the younger generation of the Xue family, there are less than five of them. Jun ‘er, you have to work hard. Don’t lose face again next time.”

Winning or losing a spar was a normal matter and Li Qiankun did not care.

However, Li Yue shook her head. “See, this is the problem that I want to talk about!”

“Oh? Yue ‘er, just say what you want to say.” Li Qiankun was slightly puzzled.

Li Yue said, “Father, why don’t You Guess Who Hurt Li Jun?”

HMM? Li Qiankun’s eyebrows were knitted just now. His daughter had specially asked him. The person who hurt him was naturally unexpected.

Suddenly, an unbelievable thought flashed through Li Qiankun’s mind. He said, “Could it be that the person who hurt him is Xue Yu?”

Li Yue did not answer. What she answered was that Li Jun lowered his head in shame.

Li Qiankun’s footsteps stopped. Several elders also stopped at the same time. All of them stared at Li Jun in shock.

Li Qiankun said in a deep voice, “Li Jun, is it really him?”

Li Jun knelt on the ground and kowtowed in shame. “I’m useless. I lost to him. Please punish me, Father!”

How could this be? This shocking question flashed through their hearts at the same time.

They knew very well how strong Xue Yu was. In all the previous sparring sessions, he had always been at the fourth level of the dust immortal realm. Logically speaking, it was difficult for him to become a great talent and he was not afraid of threats.

Li Qiankun asked, "Was he ambushing or were you careless?"

Li Jun was so ashamed that he wished he could find a hole in the ground and hide. He was speechless.

Li Yue said, "It was a head-on sparring!"

"Head-on? How is this possible?" Li Qiankun said in surprise.

Li Yue shook her head. "I don't believe it without seeing it with my own eyes. However, you can't not believe that there is such a peerless genius in this world!" His mysterious swordsmanship did not look like a newbie at all. Instead, he looked like an expert who had comprehended swordsmanship for many years. Li Jun had lost to him completely. It was not an exaggeration at all."

Swordsmanship? Surprise flashed across Li Qiankun's eyes, and his face was filled with uncertainty.

The killing intent between his brows intensified after suggesting the assassination of Su Yu's senior, he said anxiously, "Family head, we can't hesitate any longer. Not only does this child know that senior, he is also a super genius who can defeat enemies across borders. If we don't kill him, our Li family will be in grave danger in the future!"

Li Qiankun looked at Li Yue and shook his head. "This is the reason why Yue'er stopped you from assassinating him!"

"A key figure to maintain the relationship between the Xue family and that senior, a hidden genius with unparalleled talent. Do you think the Xue family will let him go unprotected like before?" "I'm afraid that they have already set up an inescapable net around him, waiting for us to send our assassins to their deaths."

If the assassination failed, the relationship between the two families would definitely ignite and a clan war would break out.

The Li family was limited to the Xue family. If they really went all out, both sides would suffer heavy losses and benefit the other small forces on the Twin Star Island.

"It seems that we can only wait for the Ten Thousand Dragon Cave to make a move!" Li Qiankun's killing intent spread. "The discussion just now has basically been confirmed. The name list of the Xue family participating in the Ten Thousand Dragon Cave this time should include Xue Yu."

"We have to make a move, only then!"

Li Jun secretly frowned. As a woman, she had an aggressive heart that many men could not compare to.

Compared to the conspiracy, she wanted to use her own strength to defeat Xue Yu openly.

However, the elders were in charge, and it was not up to a junior like her to interrupt.

The discussion between the two races was over.

A Haggard world paragon figure who was still emitting a powerful aura stepped on the Sea of constellations and landed on the twin stars island.

He arrived at the Xue clan and landed directly at the Xue Clan.

The servants of the Li clan didn't stop him when they saw him. Instead, they were extremely respectful and didn't even breathe heavily.

Their expressions were extremely respectful.

"Eldest young master!" Cheng Wei was surprised when he saw Li Qiankun.

He sized up the eldest young master in surprise.

The other party's clothes were tattered and there were injuries all over his body. He wasn't as high-spirited as before.

What surprised Cheng Wei the most was that Xue Lei had snatched away their icefire spaceship. Logically speaking, the icefire spaceship was ten times faster than an ordinary small ship. He should have returned to the family clan earlier than them.

Why did he return half a month later? And he still looked so miserable?

Xue Lei stared at him coldly and snorted, "Where's father?"

"He's in the reception hall. He just sent off the guests and is still discussing important matters with the elders. Why don't we wait a little while and this old servant will go and report first?" Cheng Wei said.

Xue Lei raised his eyebrows and quickened his pace. He headed straight for the main hall and said, "There's no need!"

He had successfully completed the mission of heading to the star pavilion to collect important items. It was just the right time for him to ask for credit in front of his father and the elders.

This would be of great benefit to his image in the clan.

He directly pushed open the door to the guest hall. When he saw that all the core members of the clan were present, he could not help but be secretly delighted. This was exactly the occasion he wanted.

Of course, it would be even better if Xue Yu was not present.

"Father..." Xue Lei said with his brows raised in joy.

In the end, before he could finish speaking, he was interrupted by Xue Yuntian with dissatisfaction. "Lei'er, why don't you understand the rules now? All the secret agents in the clan are not allowed to disturb you. You have broken the clan rules by forcefully barging in!"

Xue Lei was slightly startled. This was not the first time he had done such a thing, but it was the first time he had been criticized by his father.

He felt a little surprised. Looking at the faces of the other elders, he could be said to have been tolerant towards him in the past, but now, he was also somewhat displeased.

What was going on? Xue Lei felt a sense of strangeness.

“Forget it, it won’t happen again.” Xue Yuntian waved his hand. “You stay at the side first. If there’s anything else, we’ll talk later.”

Xue Lei was confused. He stood at the side and watched quietly.

He listened to the clan leader and the elders excitedly listening to Su Yu’s explanation about the sparring. He even mentioned Xue Xin and Xue Lin, as well as the divine techniques of the other races.

In the end, the clan leader and the elders all smiled and laughed. Some even clapped their hands on the table and cheered.

The entire meeting room was filled with a sense of elation.

Xue Lei keenly sensed that Xue Yu seemed to have become the center of the Elders’ discussion. Regardless of whether it was the clan leader or the elders, they all revolved around Su Yu.

After they finished speaking, Xue Lei took a deep breath and his face was filled with joy, he stepped forward and said with a smile, “Father, elders, Xue Lei did not fail his mission and completed the mission given by the clan with great difficulty. He brought back a hundred stalks of starlight grass from the Star Pavilion and fulfilled the mission given by our Xue clan this year.”

Hearing this, the clan leader and elders only gave a symbolic smile.

Even the clan leader only gave a simple praise.

It was completely different from all the previous praises and praises!

Xue Lei felt a huge difference. He could not understand what the reason was.

After thinking for a while, he could not be bothered to probe further. His eyes flashed and said his original intention, “Father, there’s still half a month left before the ancestor worship. I am willing to represent the clan and worship the ancestor.”

He had just completed a difficult mission for the clan and struck while the iron was hot, requesting to be the ancestor worship representative.

In reality, ever since he came of age, the Xue clan’s ancestor worship representative had always been him, without exception.

He was merely giving the clan an excuse to bestow him as the representative.

After numerous times in the clan, other than him, Xue Lei, who else had the qualifications to represent the Xue Clan?

On the contrary, he wasn’t willing to represent the Xue clan. Instead, the clan leader and elders were worried about the candidate.

With a trace of pride in his heart, Xue Lei waited for the clan leader to announce it disapprovingly.

“Lei'er, the matter of worshipping the ancestors has always been done by you all these years. It's been quite tiring, and I feel bad about it. I've discussed with the Elders, why don't you let your younger brother Xue Yu be the representative this year, how about it?”

Xue Lei almost had the opposite condition. He smiled and said obediently, “Your child is willing!”

However, he only reacted after he said that. He raised his head and said in surprise, “Wait, father, are you saying that you won't Let Me Go this year?”

Chapter 1592 Repayment Of Debts

Xue Yuntian nodded. “Yes, I'll let Xue Yu represent us once this year.”

Xue Lei could not believe his ears. He had never thought that one day, Xue Yu would snatch away the qualifications that only belonged to him as a sacrifice to his ancestors.

He stood up and asked, “Why?”

Xue Yuntian said, “The opportunity to train the divine path can't be given to you to monopolize every year, right? Xue Yu is at the most critical moment of condensing the divine path in the four immortal realms. As your older brother, you should be considerate.”

Xue Lei glared at Su Yu and recalled the conversation in the room just now. He felt that Su Yu was trying to curry favor with them.

Or rather, Su Yu was speaking ill of him in front of them.

“Father!” Xue Lei's eyes were resolute. “Only the most outstanding disciples in the clan can represent the ancestor worship. Otherwise, how can the ancestor rest in peace in the afterlife? I hope father is careful!”

Xue Yuntian frowned and said, “Your younger brother Xue Yu's talent is not bad. I've made up my mind. There's no room for negotiation.”

He actually wanted to say that he was stronger than Xue Lei, but he couldn't say anything hurtful.

Xue Yuntian glared at Su Yu angrily and cast a hopeful gaze at the Lone Mountain Grandmaster, he said, “Great ancestor of the Lone Mountain, on account of my contributions to the family, do you really have the heart to let me miss this opportunity? I'm not far away from breaking through to become a stage two heavenly cave master.”

Who knew that the Lone Mountain Grandmaster, who had always been partial to him, would look at Su Yu with a complicated expression, he spoke with a rarely seen fairness and objectivity, “Xue Lei, it's not that I don't want to help you, but your father is right. Xue Yu is at the crucial moment of breaking through to the world paragon of cave abode. What harm is there in letting him go?”

Xue Lei was stunned. He could hardly believe that the lone mountain grandmaster in front of him was that unreasonable old grandmaster who was trying to be partial to him!

What exactly happened? Why didn't even the senior of the lone mountain speak up for him?

Endless resentment burst out in his heart as he glared at Su Yu, “Did you speak ill of me? You despicable person! I merely stole your icefire spaceship. Is there a need to be so sinister?”

Hearing this, Xue Yuntian frowned, “Lei'er, what did you say just now? You stole Yu'er's icefire spaceship?”

The other elders also looked at Su Yu in surprise.

Xue Yuntian said, “Yu'er, why didn't you mention this?”

Su Yu smiled and said generously, “It's just a trivial matter. I've returned safely. Why bother talking about it? If the Li family knew about it, they would only laugh at US Xue Brothers for not being United.”

These words warmed the hearts of the elders.

On the other hand, Xue Lei... without comparison, there was no difference between the two.

In the past, they thought that Xue Lei's shortcomings were tolerable, but now that they were compared, his character and Xue Yu's were like heaven and earth.

Even Xue Lei bullied him like that, but Xue Yu put his family first and kept silent.

If Xue Lei had not taken the initiative to mention it, they would not have known about it at all.

Seeing that everyone was “Bewitched” by Su Yu again, Xue Lei laughed angrily, “I really couldn't tell. Not only are you good at backstabbing people, you also have some tricks to coax people. Stepping on me to make you? Hehe, good, really good!”

PA --

Just as he finished speaking, a loud slap made Xue Lei's Eyes See Stars.

His gaze froze. It was Xue Yuntian who stood in front of him with an angry expression, his eyes were filled with disappointment. “If I told you that your brother has never mentioned you to us ever since he came back, let alone said a bad word about you, how would you feel?”

Xue Lei covered his face. The hatred in his eyes did not decrease but instead increased. He said in a low voice, “I don't believe it! If he didn't slander me behind my back, why would you treat me like this?”

“Do what to You?” Xue Yuntian said, “Are you trying to say that I'm not as good to you as I was in the past, and that I'm much better to your younger brother than I was in the past? Do you want to know the reason? It's very simple. It's because your younger brother has made contributions that generations of people couldn't achieve. Is this enough?”

Xue Lei was shocked, but he didn't believe it.

He didn't believe that Xue Yu, who had been stepped on by him since birth, could make any great contributions.

He stubbornly felt that they had been coaxed by Su Yu until they were in high spirits.

“Alright, I believe you.”Xue Lei gritted his teeth and said, “However, I still do not feel that it is the right thing to give him the ancestor worship. It is completely a waste to give him such trash to temper the Supreme Dao. It is far better to give him to the genius in my family!”

He turned around and walked out angrily. Without turning his head, he said, “You will definitely regret giving him this once-a-year opportunity!”

Xue Yuntian glared at him and clenched his fists. He had the urge to rush up and teach him a lesson.

However, he was his own son after all. He sighed helplessly and rubbed the space between his brows tiredly. He was too weak to sit back down.

At this moment, Su Yu’s voice came into his ears, “Father, don’t worry. Big Brother’s temper is like this. He didn’t mean to contradict you. I believe that he will understand father’s painstaking efforts in the future.”

Xue Yuntian was gratified. His mood improved a lot. He looked at Su Yu with even more affection and said, “You still have my heart.”

The Double Star Island’s ancestor worship ceremony could be considered a grand event.

Everyone was extremely happy. Only Xue Lei was drinking alone.

He had returned to the clan for half a month. For some reason, the young girls in the clan who used to surround him and call him brother Xue Lei had disappeared without a trace.

The youths who worshipped him and hoped to receive his guidance also walked around him, as if they were afraid of being related to him.

The young king of the clan seemed to have been kicked off his throne overnight, and no one paid any attention to him.

Just as he was feeling puzzled, a group of playful people suddenly appeared before his eyes.

At a glance, he couldn’t help but feel angry.

He saw Xue Yu, surrounded by the young clansmen, walking towards the ancestral altar like a king.

“Brother Xue Yu, the Crown on your head is so handsome. Let me wipe it off for you,”a charming girl said with a smile.

“Xue Mei, you flirtatious girl, don’t take advantage of brother Xue Yu, okay?”

Xue Mei giggled, “Xue Ruxu, you’ve been hugging brother Xue Yu’s arm for so long. Can’t I take advantage of You?”

Xue Mei and Xue Ruxu were the beautiful girls who had surrounded Xue Lei all year round. Now, they had abandoned him and thrown themselves into Xue Yu’s arms.

As for the group of youths who had protected him and separated themselves from the crowd, they were all boys who were trying to curry favor with him and seek guidance from him.

Seeing this scene, Xue Lei’s lungs exploded!

“You’re going too far!”Xue Lei slammed the table and shattered the stone table in the pavilion on the spot.

The loud noise shocked the girls and made them squeeze closer into Su Yu’s arms. They looked like they were afraid because Xue Lei was too fierce.

“Xue Yu! Come Here!”Xue Lei pointed at Su Yu angrily.

Su Yu was helpless.

He didn’t want to be so ostentatious. However, after the sparring, he had shown his hidden strength and won the respect of his clansmen.

And putting aside the past grudges, his act of bestowing divine arts to the alien race had won them great favor.

In addition, Su Yu’s personality was gentle and amiable, unlike Xue Lei, who was hard to please. Naturally, the younger generation of the clan, regardless of gender, were very close to him.

Unless Su Yu was in seclusion, otherwise, his side would be like this. On the street, there would be a group of birds and birds, carrying clubs and opening a path for a group of people. It was an extremely grand scene.

This, without realizing it, had angered Xue Lei again.

He stood still and said, “Big Brother, what’s the matter?”

Xue Lei’s anger was in his heart, but when he really shouted at Xue Yu, he realized that he had nothing to say.

What could he say? Say that Su Yu stole his followers? Wasn’t it embarrassing enough? He couldn’t say these words!

Suddenly, Xue Lei thought of something and sneered, “Could it be that you’ve forgotten that you still owe me 30,000 absolute beginning coins? What, as a creditor, can’t I ask for a debt?”

During the half a month, Su Yu also inquired about the reason for this debt.

Xue Yu couldn’t get the care of the clan, so he wanted to buy some resources outside and borrowed 1,000 absolute beginning coins from Xue Lei.

In the end, the interest rolled over and reached a huge amount of 30,000 absolute beginning coins.

Although Xue Yu tried his best to pay back more than 4,000 absolute beginning coins, how could he keep up with the interest rolling over?

Even his own brother had to be set up, so Su Yu had some complaints about Xue Lei.

However, it was only right and proper to repay one’s debt. Regardless of whether it was profit or not, a debt was a debt.

“Hehe, I also know that a penniless wretch like you has no money to use. How about this, you kneel down for me today, kowtow once, and lose ten absolute beginning coins. How about it?”Xue Lei suggested.

Such a public humiliation, especially since Su Yu was going to attend the ancestor worship ceremony later!

“Why aren’t you saying anything? Think about it, kowtowing is worth ten absolute beginning coins. This is something you can never get even in your dreams! Why are you still hesitating?”Xue Lei teased.

The juniors around Su Yu also felt angry. Xue Lei was the one who had gone too far.

“I will return 1,000 absolute beginning coins for Brother Xue Yu.”Xue Xin walked out coldly and slapped a Qiankun bag onto the stone bench.

Xue Lei narrowed his eyes and sneered, “Xue Xin, we haven’t seen each other for a few months. Your wings have hardened. You Dare to oppose me...”

“I, I will also help brother Xue Yu return the coins.”Xue Lin walked forward with trepidation and put down the 500 absolute beginning coins.

“How dare you!”Xue Lei was furious. Xue Xin was fine. Xue Lin was usually like a mouse seeing a cat when he saw him. Now, he dared to openly oppose him!

“I will also help brother Su Yu pay off his debt. This is all my property!”Xue Mei giggled and took out a small pocket with a sweet smile. She threw it on the stone bench. There were more than 300 absolute beginning coins in it.

“Then I can’t fall behind?”Xue Ruxu said with a smile and also threw down a mouthful of absolute beginning coins.

“And me! Hehe, I can’t take brother Su Yu’s things for free.”The group of teenagers also helped Su Yu out of the predicament.

In the past, Xue Lei was the eldest, and they did not dare to offend him.

But now that Su Yu was the most valued by the clan, why were they still afraid of Xue Lei?

Not long after, the pavilion, stone bench, and the ground were piled with money bags. It was about ten to twenty thousand. Even to the clan, it was not a small sum of money.

Xue Lei glared at them coldly, “How dare you!”

The only reply he got was a pair of fearless eyes.

The more they acted like this., the Angrier Xue Lei got. “Good, good, good! You’re all hard, aren’t you? You want to pay off his debt, right? Fine, I still need 15,000 absolute beginning coins! All of you kneel down and Kowtow to me until I’m satisfied. Then I’ll write off the debt. Otherwise, all of you get lost!”

Everyone was put in a difficult position. Even if they gave everything they had, they could only gather 10,000 absolute beginning coins.

“Keep them all. I’ll accept your kindness.”Su Yu waved his sleeve and rolled all the money bags back into their hands.

Xue Lei grinned. "Why? Have you thought it through? Are you going to kneel down?"

PA --

A muffled crashing sound could be heard. It was a universe bag that landed on the stone bench.

Chapter 1593 Refining The Divine Dao

"30,000 absolute beginning coins. Our debt is written off," Su Yu said indifferently.

"With you?" Xue Lei sneered. He grabbed the money bag and opened it. He was stunned.

It was indeed 30,000 absolute beginning coins!

"Where did you get so much money?" He couldn't believe it. With such a huge amount of money, even if the family wanted to secretly give it to him, they had to consider the family's tolerance.

This was definitely not a small amount.

"I don't need you to ask about its origin." Su Yu said, turning his head to the crowd, "I still have some money here. Let's split it and go out to buy some things that we like."

After saying that, he casually threw a large amount of golden absolute beginning coins into everyone's arms.

"Wow! Two thousand absolute beginning coins! Oh My God, am I Dreaming?"

"Brother Su Yu, did you rob the Li family's treasury? How did you get so many coins?"

"Oh my God, everyone gave out two thousand absolute beginning coins. There's a total of 100,000, right? Even an elder might not be able to take it out so easily!"

"Brother Su Yu! I love you to death. I'm going to betray the Xue family and change my name to marry you!"

..

Xue Lei stood rooted to the ground. 100,000 absolute beginning coins? He didn't even have that much!

Under his shocked gaze, Su Yu walked towards the ancestral hall of the ancestor worship ceremony under the escort of many beautiful girls and many men.

After a long time, Xue Lei finally came back to his senses. He clenched his fists and growled in a low voice, "Xue Yu! I'm going to make you lose all your face! Just you wait!"

The complicated and long sacrificial ceremony lasted from early morning until the bright moon.

Although it was Su Yu's first time participating, his calm and unhurried performance made the people of the Xue family heave a sigh of relief. They were very satisfied.

After the sacrificial ceremony ended, the door to the tomb palace was opened under the joint witness of the two clans.

Su Yu and Li Yue, the representatives of the two clans, came to the tomb palace at the same time.

Xue Yuntian said, "Yu'er, when watering, remember to go to the center of the lake as much as possible. The more you go to the center, the better the watering effect will be. However, you must stop when it is appropriate. Once you find that the resistance is too strong, you must not go deeper."

Su Yu nodded. He remembered it and entered the lake with Li Yue.

There was a long path from the tomb door to the center of the lake.

Li Yue was familiar with the path. As she walked, she said, "Xue Yu, be careful in the future."

Su Yu's eyes sparkled. "What do you mean?"

Li Yue was silent. She didn't respond.

Could it be that she was warning him that someone was going against him?

But who could it be? Was it a member of the Li family or Tuoba Lun of the Divine Feathers Clan?

With questions in her mind, Su Yu soon arrived at the underground lake.

According to the legends, the lake was located at the spine of the giant skeleton.

Every year, a pool of spiritual liquid would pour out for the descendants of the Xue and Li families to use.

The lake was dark green in color, like a bright emerald.

Li Yue stood by the lake. She took off her outer clothes as if no one else was around. Only a thin layer of gauze was left. She immediately walked into the lake.

She said without turning her head, "Let's hurry up. After six hours, the spiritual liquid will return to the depths of the spinal cord. How much we can absorb will depend on our own abilities."

Is that so? Su Yu nodded and closed her clothes into the water.

Immediately, Su Yu felt her soul stirring. The sleeping eight thousand divine path actually showed signs of trembling, as if they were about to wake up.

"This spiritual liquid really has a miraculous effect on the divine path! !" Su Yu was secretly surprised and continued to walk five steps toward the center of the lake.

Just as Xue Yuntian said, the more he walked toward the center of the lake, the stronger the effect of the spiritual liquid on the Supreme Dao, but the resistance was also stronger.

After taking ten steps, Su Yu felt a great pressure.

"Xue Lei's limit is to take thirteen steps, while I take twenty steps." Li Yue turned her head to look at him and said indifferently. Hints of anticipation were condensed in the depths of her eyes.

Thirteen steps? Su Yu gritted his teeth and could do it.

The problem was that there was a difference of three steps, and the effect of the spiritual liquid was not much different.

The Supreme Dao that he wanted to comprehend was not one, nor two, but more than a thousand. This little effect was not enough to fill the gaps between his teeth.

But how to reduce the resistance? Su Yu observed the spiritual liquid for a moment and thought about it. Then, he operated the rain dao that had not been carefully refined.

Once the Rain Dao was operated, Su Yu immediately felt that the resistance around his body was much weaker, allowing him to take two steps forward.

“As expected, it has something to do with the divine path. The stronger the divine path, the closer you can get to the center of the lake, and vice versa.” Understanding this point, Su Yu’s heart was as clear as a mirror. He released the second divine path, and the resistance weakened another step, su Yu took three steps in a row.

After doing this three times, by the time he reached the fourth divine path, Su Yu had already taken twenty steps, reaching the same level as Li Yue.

When she turned her head to look, Li Yue had already entered a meditative state and was completely unaware of the outside world.

Her delicate brows were tightly knitted as she sank into the torturous refinement of the Supreme Dao.

Su Yu remained expressionless as she continued to release the Supreme Dao.

When she released a hundred Supreme Dao, she had already walked three hundred steps and reached the center of the lake.

The refinement effect of the spiritual liquid here on the Supreme Dao could be said to be of the highest quality. It was almost comparable to the acceleration of time.

Time did not wait for anyone. Su Yu immediately prepared to refine the Supreme Dao. In half a day’s time, if nothing unexpected happened, he should be able to condense 100 Supreme Dao.

But at this moment, Su Yu’s feet were empty. The center of the lake was actually hollow.

He stepped on it and fell into the cave at the bottom of the lake.

He instinctively swam upstream, but he suddenly felt that the effect of the spiritual liquid below was even more powerful!

His heart was delighted, and he dived down.

An hour later.

In the deepest part of his spinal cord, in front of a huge jade-green bead.

“This should be the essence of this huge beast when it was alive. It is stored in the spinal cord.” Su Yu sensed the powerful spiritual liquid that was emitted from the bead, and he grabbed it.

Immediately, Su Yu’s entire body trembled, and he felt extremely numb.

The eight thousand Supreme Dao in his body trembled continuously, as if they were about to immediately awaken.

As for the remaining 2,000 divine daos, those that had yet to be comprehended also rapidly solidified.

There were still four and a half hours left before the time ended, and Su Yu immediately began to concentrate on comprehending them.

Time flew by, and four hours passed in a flash.

In the middle of the lake, from time to time, the illusory image of the divine residence’s Dharma Idol flickered. One after another, it was extremely fascinating.

Only after an hour did it gradually weaken.

The jade green bead in front of Su Yu was dim. The essence of the giant beast had been consumed by Su Yu overnight.

But the results were extremely shocking!

A full 1,000 Supreme Dao had been fully comprehended!

Such an effect was comparable to cultivating bitterly for two months under the condition of 500 times the time family!

He was only left with the last 1,000 Supreme Dao!

Becoming a god was no longer far away!

After cultivating, Su Yu sneaked out of her spinal cord and walked towards the shore.

When she was only 14 steps away from the shore, Li Yue slowly woke up from her meditation and saw Su Yu’s figure.

She said in surprise, “You are indeed not simple. You are only at the fourth stage of the dust immortal realm, but in the Supreme Dao, you are one step stronger than your Big Brother Xue Lei!”

Su Yu said, “Not as strong as you.”

She was 20 steps away, while Su Yu was only 14 steps away.

Li Yue did not deny this and said, “What you lack is time. When you reach my realm, I believe it won’t be too difficult to reach 20 steps.”

Li Yue extended her arm elegantly and said, “Let’s go back. The people of the two races can’t wait any longer.”

The moment she stood up, Su Yu’s powerful soul immediately sensed the transformation of Li Yue’s path of God.

If she was not wrong, she was only a hair's breadth away from becoming a level two heavenly abode's world paragon.

She returned to the outside of the tomb palace.

Xue Yuntian and Li Qiankun both went up to check on their own changes.

Xue Yuntian sized Su Yu up and said, "How do you feel?"

Su Yu smiled and said, "Not bad, the Dao of Divinity has become a little more solid."

"Haha, it's good that it's effective. I'll look for some more useful heavenly materials and earthly treasures. I believe that you'll definitely be able to break through to become a world paragon within a year!" Xue Yuntian was full of confidence and was in high spirits.

However, Li Qiankun's laughter drowned him out.

"Yue'er, you've Made Me Too Proud!" Li Qiankun said excitedly.

Xue Yuntian sized up Li Yue and frowned slightly. As a first sky expert, he could keenly sense Li Yue's changes.

"The Li family is really lucky to have obtained a treasure!" Xue Yuntian was not without jealousy.

Li Yue was outstanding on the Twin Stars Island and made people envious.

Hiding his strange expression, Xue Yuntian touched Su Yu's head, "My Yu'er is not bad either. Let's go. I'll arrange a wedding banquet for you when we get back. Congratulations on your great progress in the Divine Path."

"Hold On!" Li Qiankun blocked Xue Yuntian's way and said in a high-spirited manner, "Brother Xue, according to the usual practice in the past, we have to test the benefits received by the representatives of both parties during the watering process. This year is not an exception, right?"

Xue Yuntian glared at him. Wasn't this obvious?

Li Yue was about to break through to the second level heavenly cave abode's boundary master. How could Xue Yu compare to the benefits she received?

The other party's insistence was to make the Xue family look bad.

As expected, the elders of the Xue family all had strange expressions on their faces. It was difficult for them to say anything.

However, back then, the ancestors of both families had set a rule.

If the Li family insisted on it, they could only test it.

"It's still the same. My Yue'er will go first." Li Qiankun laughed and pointed to an ancient jade tablet on the left side of the tomb.

Li Yue walked forward and said, "I've taken twenty steps, two steps more than before."

As she said that, she lightly clapped her palm on the jade tablet.

Traces of green mist leaked out from her palm and seeped into the jade tablet.

The mist condensed into a line of small words, which was thirty-eight drops. This meant that she had absorbed thirty-eight drops of spiritual liquid in six hours.

Xue Yuntian's expression changed slightly when he saw this, and his eyes were filled with envy, he sighed and said, "As expected of Li Yue, she is getting stronger and stronger each time! Last time, she only absorbed thirty drops, but this time, she absorbed eight drops in one go! The gap between her and Lei'er is getting bigger and bigger."

Last time, Xue Lei only took 13 steps and absorbed 20 drops of spiritual liquid.

Now, the amount that Li Yue absorbed was almost double that of Xue Lei.

Li Yue withdrew her hand expressionlessly and glanced at Li Qiankun. She shook her head helplessly as she felt a little bored.

Was it meaningful to ridicule the Xue family every year?

Li Qiankun didn't think much of it and said with a warm smile, "Brother Xue, it's your family's Xue Yu's turn."

All the elders of the Xue family turned their faces away one after another. Their expressions were uneasy. They did not know whether to stand or sit. They kept sighing.

They glanced at Xue Lei, who was standing in the crowd, and felt a little regretful.

If it was Xue Lei, the results of the test would probably not be too ugly, right?

As for Xue Yu, although his potential was high, he was only at the fourth level of the immortal realm. How could his attainments in the Supreme Dao be compared to Xue Yu?

It was already a miracle that he could take eight steps.

As for the droplet that he absorbed, the number was almost negligible, right?

Xue Lei, who was in the crowd, curled the corner of his mouth. He was both resentful and proud. "A bunch of old geezers, you finally know how good I am? It's too late! Let me see how Xue Yu will lose face for the Xue Family!"

Xue Yuntian was somewhat troubled and sighed. "Yu'er, you can go."

Su Yu was calm and unhurried. He came to the front of the jade tablet and said, "I took fourteen steps."

The Xue family's elder, who had a gloomy face, suddenly became alert. He said in surprise, "How many steps?"

Xue Yuntian also thought that he had heard wrong. He thought to himself, could it be that he said four steps?

"Fourteen," Su Yu repeated.

Li Qiankun was surprised. He cast a questioning look at Li Yue. Li Yue nodded to show that she was sure.

Li Qiankun narrowed his eyes and stared at Su Yu with an even sharper gaze.

In the crowd, the corner of Xue Lei's mouth stiffened. He said, "Impossible! How can his supreme dao withstand the pressure of the 14 steps of the spiritual liquid?"

Su Yu did not answer. Instead, he slapped his palm on the Jade Monument.

With a light sound, a large cloud of dark green fog suddenly burst out from Su Yu's palm and was sucked into the Jade Monument.

Everyone was stunned.

"What the hell? Why is there so much fog?"

"Did he bring out the spiritual liquid?"

Immediately after, the jade tablet flashed with messy numbers.

Chapter 1594 Identity Revealed

"Three? Only three drops?" A three appeared on the jade tablet. Everyone was stunned.

No matter how unstable the Supreme Dao was, there couldn't be only three drops, right?

Li Qiankun heaved a sigh of relief. Xue Lei's lips curled into a mocking smile.

On the other hand, the Xue family's expressions turned ugly.

However, someone said in shock, "Wait! The number on the jade tablet is still changing!"

They saw that there was an additional three behind the three.

"Thirty-three? How is that possible?" Someone exclaimed in shock.

"He took fourteen steps and absorbed thirty-three drops, which is almost the same as Li Yue? In theory, that's impossible! Either the jade tablet was wrong, or Xue Yu reported less steps!"

However, before they could finish their exclamations, the jade tablet changed again.

After "33", another "3" appeared!

"333?" Everyone was stunned.

"It's the jade tablet that's broken!"

The jade tablet was indeed broken. Another "3" appeared, one after another, until it occupied the entire jade tablet.

"33,333 drops... Hehe, the jade tablet must be broken." Someone's mouth was stiff as he smiled bitterly.

Li Qiankun and Xue Lei heaved a sigh of relief. The jade tablet was broken.

Li Yue was the only one. After a moment of surprise, she started to think. She recalled what she saw when she opened her eyes.

She stared at Su Yu and asked, "Father, what if the Jade tablet isn't broken?"

She said, "When I woke up, I did see Xue Yu standing 14 steps away from the shore. But strangely, his back was facing the middle of the lake."

Li Qiankun narrowed his eyes. "Are you saying that he walked back to the shore from the depths of the lake?"

Li Yue did not say anything. Instead, she quietly walked to the front of the Jade Monument and raised her palm again, slapping it on the Jade Monument.

A ball of jade-green fog seeped into the jade monument and simply condensed the words "38".

The handwriting was clear and there were no changes!

What did this mean? It meant that the jade monument was not broken!

The test just now was real!

Li Qiankun sucked in a breath of cold air!

Everyone was also numb. They had absorbed 33,333 drops? Then, what kind of powerful Supreme Dao was that?

The powerful Xue Yuntian and Li Qiankun, the world paragons of the first level heavenly cave abode, could only absorb more than 300 drops of the Supreme Dao!

"Yu'er, try again." Xue Yuntian's breathing was rapid.

Su Yu was helpless. He did not expect there to be a test. If he had known this would happen, he would have made preparations. There was no need for such a huge commotion.

Hence, a scene that had never happened before appeared. The two parties offered sacrifices to their ancestors and tested twice.

The result was as expected. Su Yu clapped his palm and received 33,333 drops. There was not a single difference!

There was no doubt that Su Yu had indeed absorbed so much.

However, no one could imagine how Su Yu did it.

Such a huge amount was much more than all the previous ancestor sacrifices combined!

"What's going on? Is Xue Yu cheating?"

"I think it's most likely cheating. Otherwise, the number is too illogical!"

"I think that there's no need for Xue Yu to cheat. Who would believe such a frightening number? If it was 20-30, I would believe it."

Shua --

A human figure flew out from the crowd like a great ROC spreading its wings and stood proudly.

"HMPH, how difficult is it to know the truth? Won't you know it in a Supreme Dao Duel?"

Xue Yuntian saw it and said angrily, "Bastard, get lost!"

In a public place, he was actually making things difficult for his own people?

Xue Lei raised his head and said, "Father, I feel that you and the elders are wrong! Why are you protecting Xue Yu? Only by bravely facing your mistakes can you face the future!"

He wanted to expose Su Yu in public and embarrass him in public. He wanted to make him lose face and lose the face to stay on Twin Star Island.

Hearing this, the elders were furious.

When the two races were fighting, he ran out and rebelled. wasn't he making a fool of himself?

Even the lone mountain elder who had always protected him frowned and shouted, "Xue Lei, stand down! Now is not the time to talk about this!"

"No!" Xue Lei raised his head even higher. "Just because you are protecting him does not mean that I can tolerate his shamelessness!"

He stared at Su Yu. "Come, show me your Supreme Dao and see if you are playing any tricks?"

He felt that he had already seen through Xue Yu.

Su Yu's gaze was cold. He had once promised that he would take good care of the Xue family. He really did not wish for brothers to turn against each other.

However, Xue Lei had repeatedly challenged his patience. No matter how much he gave in, the other party had become even more fierce.

If he continued to give in, he might not gain respect and understanding, especially in a society of power.

Returning a tooth for a tooth was the best way.

"Competing in the Supreme Dao? Sure." Su Yu stepped forward. His expression was indifferent. A ten thousand feet tall dharma idol of the divine residence stood majestically behind him.

That divine palace dharma idol was extremely solid, its form almost corporeal.

Looking at this scene, everyone present was astonished.

"A corporeal divine palace dharma idol? I'm just short of igniting the divine idol, and I'll be able to become a Divine Dao Expert!"

Xue Yuntian was angry, but he could not help but be secretly delighted. He thought to himself, "Yu'er is too modest. He only said that he had improved a little. So it's the great completion of the Divine Dao! However, why is it the rain god? Isn't what Yu'er cultivates the Qingyun Dao?"

Xue Lei's pupils constricted, and his face became colder. "You really hid it well enough. You actually cultivated the Supreme Dao to the extreme without making a sound! Well, I will try to see how powerful your Supreme Dao is!"

He was already a deity, and he could transform into a divine image.

A golden divine image that was ten thousand feet tall appeared. That appearance was surprisingly Xue Lei himself.

Judging from the aura he was emitting, the two dharma idols of Su Yu combined were not as powerful as Su Yu alone!

“Thunderclap Divine Path!” Xue Lei stomped on the ground and punched out with both fists.

Su Yu stood still. He did not have the intention to attack immediately. Instead... he continued to summon the Dharma idols of the divine residences!

Boom --

The second dharma idols of the divine residences appeared. It was the strength divine path.

However, the two of them were still not Xue Lei's match.

Therefore, the third Dharma Idol of the divine residence appeared until the fourth, fifth, sixth, seventh, and eighth dharma idols appeared.

A total of eight dharma idols of the divine residence flashed with dazzling divine light, shocking everyone's eyes.

Xue Lei, who had a sinister smile on his face, suddenly stopped in his tracks. He was overwhelmed with shock. “Ten... Ten Dharma idols of the divine residence? How is this possible? How can one person cultivate ten different kinds of Divine Dao?”

What answered him was a group fight between ten divine images.

The result was obvious. Xue Lei was beaten until he cried like a ghost and howled like a wolf. The divine image was directly destroyed and revealed its true body.

Its true body's strength was that of a third level heavenly cave abode's World Paragon. The divine image could not harm it.

Su Yu withdrew the eight Divine Dao and said to the pale-faced xue lei, “How is it? Did you find out that I'm faking it?”

Xue Lei was extremely vicious. Just now, he was still in high spirits and wanted to teach Su Yu a lesson. In the end, he was taught a lesson by Su Yu instead!

At this moment, he felt that he had become the laughing stock of Double Star Island!

Everything was because of Xue Yu!

He had hidden himself so deeply just to wait until today to make him embarrassed, right?

People were most afraid of digging into a dead end. The more he thought about it, the more Xue Lei hated it. He roared, “You despicable person, die!”

His footsteps were like thunder, bringing with them a series of sonic booms as he killed Su Yu.

“Vile creature!”Xue Yuntian roared in anger. He kicked his chest, causing it to explode.

Under the intense pain, Xue Lei spat out several mouthfuls of blood. He cried out in pain and fainted.

It could be seen how powerful Xue Yuntian’s kick was. It could also be seen how much hatred and extreme disappointment he felt in his heart.

It was one thing for him to make a ruckus in public, but to kill his younger brother Xue Yu in a rage out of humiliation. Such a beast was worse than a beast. Xue Yuntian really suspected that someone was pretending to be his son.

The group of elders also glared at him angrily.

If the eight peerless geniuses of the same cultivation were really killed by Xue Lei, that would be the biggest loss of the Xue family in the past thousand years.

“Elder Yun Hai, elder Feng Lin, take this beast back to the clan and lock him up. Reflect on him for a hundred years!”

“Yes!”The two grand elders were extremely disappointed by Xue Lei’s performance. They dragged him away like a dead dog.

The Xue brothers had turned against each other. Logically speaking, they should have become a laughing stock.

However, not a single member of the Li clan could laugh.

It was truly strange that they could laugh when they saw a heaven-defying genius from the Xue Clan.

They probably couldn’t even sleep well at night!

Apart from Li Yue whose eyes were filled with fighting spirit, the rest of the Li family members all had ugly expressions as if they had eaten a bowl of live flies.

It was as if they were the ones who had lost face, not Su Yu.

“This child... This child must not be left alive!”Li Qiankun’s chest rose and fell as he stared at Su Yu with an indescribable killing intent.

He was able to determine what kind of treatment the future Li family would receive on the Twin Star Island. They would definitely be crushed by this new star king of the Xue Family!

Xue Yu had to die!

The ancestor worship ceremony that shook the Twin Star Island came to an end.

However, the twin star island fell into endless shock. It turned out that the low-key Xue Yu was a world-shaking genius. He was one of the eight cultivators who looked down on the Twin Star Island.

Even though his cultivation was not high enough for the time being, in terms of reputation, he had far surpassed Li Yue and became the number one heaven’s favorite in everyone’s hearts.

As the source of this matter, Su Yu had also caused quite a bit of trouble.

The most basic point was how to convince Xue Yuntian and the Xue family elders.

Fortunately, Su Yu had already anticipated this day and prepared his speech.

“Father, do you remember the senior who translated the alien race’s Secret Manual?” Su Yu asked back.

Xue Yuntian was shocked. “Don’t tell me you want to tell us that he was the one who taught you?”

“No!” Su Yu said, “That senior is only my master’s disciple. I call him senior brother.”

What? Everyone was shocked. Such a senior was only a disciple.

Then, who was the senior’s master, Xue Yu’s Master?

“His name is Emperor Qingyun. He taught me everything I know about the Divine Path!”

Emperor? The entire Xue clan was in utter shock.

“I once met her in the Sea of constellations. She said that we were fated, so she accepted me as her in-name disciple,” Su Yu said as he recalled the Redwood Tree, Xia Jingyu, he had encountered in the river of time and space.

“Master taught me several divine paths, and I cultivated wholeheartedly. I wasn’t allowed to tell anyone else, so I cultivated in secret. I’m sorry that I wasn’t able to tell everyone in time.”

The Xue family members were in a state of shock and could not extricate themselves.

After a long time, Xue Yuntian finally reacted. He stared at Su Yu and thought for a short while. He waved his hand and said, “Since it’s your master’s request, naturally, the secret can’t be leaked!”

He turned to look at everyone. “Everyone has heard what Xue Yu said today, but you must not tell anyone about it. Do you understand?”

The elders knew the seriousness of the matter and nodded one after another. The eyes of the Lonely Mountain’s elders were cold. “If anyone dares to spread the news, my lonely mountain will be the first to disagree!”

The current Xue Yu had displayed great potential, causing him to completely side with him.

Only then did Xue Yuntian dismiss everyone.

“Alright, everyone can go. Yu-er will stay,” Xue Yuntian said.

Su Yu stood still and waited for the secret room to be empty before Xue Yuntian closed the door and looked at Su Yu.

His gaze was deep and sharp, piercing through people’s hearts. He said indifferently, “If you are not my son, then who are you?”

Su Yu’s heart suddenly, exposed?

However, we should face reality, this day will come sooner or later.

Chapter 1595 Xue Lei Defected

He could sense that the killing intent in Xue Yuntian's eyes was about to pour out at any moment.

At a time when many precious techniques could not be used, one did not need to imagine the consequences of fighting with a first level heavenly cave abode's World Paragon.

Xue Yuntian waited for a moment and said, "Why don't I change the question? Is Yu'er Dead?"

"Yes," Su Yu answered truthfully.

Xue Yuntian's body clearly trembled. His handsome and spirited face instantly seemed much older.

"Did you kill her?" Xue Yuntian's tone was calm. Under the calmness was the pressure of a storm that was about to arrive.

Su Yu nodded. "No."

"Who did?"

"Tuoba Lun of the god of feathers clan. On the way to the Murong Family's marriage alliance, he was chased by three men in black who held the Shadowless Sword."

Xue Yuntian leaned against the armchair and slowly closed his eyes. He looked very tired.

After a long while, he slowly said, "I was the one who harmed Yu'er! I should have expected that the divine feathers clan would not allow the rest of our forces to form an alliance. I did not take any precautions!"

Immediately, his eyes flashed with a bright light. He stared at Su Yu and locked onto him.

Su Yu was not afraid. He faced him calmly.

"Aren't you afraid that I'll kill you?" Xue Yuntian asked. There was no longer any kindness in his eyes. There was only a deep coldness and a complicated feeling.

Su Yu shook his head. "If you really want to kill me, you should expose me while all the elders are present. There's no need to leave me alone."

Xue Yuntian stared at him for a long time, he said, "Indeed, I can't kill you. If you die, the glory that the Xue family obtained will turn into shame. Or, I should be more rational and calm. It's not too late to expose you after I've used you up!"

Su Yu looked at him fearlessly. "But you still said it. So, how do you plan to deal with me?"

"I won't kill you," Xue Yuntian said. His eyes immediately turned sharp. "But, you can forget about leaving the Xue family from now on!"

"I can't confirm whether you're good or evil to the Xue Family!" Xue Yuntian stood up and brushed past him, he said, "Under my surveillance, you can be safe and

sound. However, if there is even the slightest trace of escape, kill on the spot and show No Mercy!”

Su Yu stood on the spot and sighed slightly.

Was this considered a prison? It seemed that only by slowly comprehending the 1,000 Divine Dao could one escape from the prison.

At this moment, the door was pushed open. It was the lone mountain’s senior who had returned. With a murderous look, he said, “Family head, that evil creature Xue Lei, he ran away!”

“When?” Xue Yuntian’s gaze turned sharp.

“Just now, when we were undercover agents!” The mountain chieftain said, “Furthermore, he killed ten clansmen who were guarding the wall-facing room! He even took away the Starlight Grass!”

Xue Yuntian, who was still considered calm, was instantly enraged. “What? That Vile Spawn dared to kill his clansmen and even took away the starlight grass that was about to be offered? Quickly go, bring me to take a look!”

Xue Yuntian immediately rushed to the wall-facing room. Although Su Yu did not know what the starlight grass was used for, judging from its hurried tone, it should be a very important item.

After thinking for a while, Su Yu rushed to the wall-facing room.

Xue Yuntian had already arrived before them. Standing beside the bodies of ten clansmen, he looked at the blood splattering all over the ground and clenched his fists.

Especially, on the wall-facing room, there was a sentence left with blood.

“All of you will regret this! !”

The shocking words in blood all made the faces of the Xue family members turn ugly.

How many years had it been since Xue Lei had killed his clansmen and defected?

What was more serious was that he had intentionally taken away the starlight grass!

“Chase! If you discover it... kill him on the spot! I, Xue Yuntian, will never have a son like Xue Lei from now on!” Xue Yuntian closed his eyes and said in pain.

One day, he found out that one of his sons had died, and the next day, another son killed and defected.

The double blow caused Xue Yuntian’s feet to float and sway slightly.

Su Yu sighed silently. Although Xue Lei’s defection was caused by his personality, Su Yu was too outstanding, which was why he pushed him away. There was more or less a reason.

He wanted to help a little, but he was ordered by Xue Yuntian not to leave the Xue clan even half a step.

The entire Xue family went out. From the patriarch to the elders, almost all of them went out. Only two or three patrolling elders were left.

They hated Xue Lei to the bone!

Su Yu returned to his small courtyard and thought about the countermeasures.

Since it was house arrest, he might as well stay in seclusion. He spent ten years to meditate and comprehend the last thousand Supreme Dao.

However, just as he entered the courtyard, Su Yu's sharp senses detected traces of blood. His gaze focused as he stared at his bedroom and said, "I didn't expect you to have such a scheme. You actually didn't leave!"

Clang --

The bedroom door was kicked open from the inside out. Xue Lei flipped over and jumped out, he laughed sinisterly, "You didn't expect this, right? Everyone thought that I escaped, but I chose to do the opposite. I hid in the manor just to slaughter you, this bastard, before I left! The reason why I ended up in this situation today is all because of you!"

Looking around, Xue Lei's smile became even more ferocious, "Now, all the elders in the clan have already left. I want to see who else can save you!"

Su Yu turned around and ran without thinking.

But as a fourth level mortal immortal, how could he be faster than Xue Lei?

In a few moves, Xue Lei stood in front of Su Yu and said resentfully, "Before I leave, if I don't kill you, I'll never be able to take this lying down! Die!"

The palm full of the third level Heavenly Cave Abode's world paragon ferociously charged over. Su Yu pulled out his iron sword with a backhand.

Clang --

The iron sword was shaken by the palm until it resonated violently and almost escaped from Su Yu's palm.

"Die!" Xue Lei laughed like an evil ghost and slapped down with his palm.

Just as he was about to slap Su Yu's body, he suddenly grabbed the iron sword with his other hand and pulled out a longsword filled with moonlight.

"HMPH, I knew you had this sword!" Xue Lei had seen the beauty under the moon with his own eyes, so how could he not take precautions?

He waved his sleeve and took out a golden silk glove. He put it on his palm and then slapped it again.

The sharp sword light of the beauty under the moon cut into the golden silk glove, but it was unable to penetrate deeply. Only a kacha sound could be heard, and it was instead bounced back

"Die!" Xue Lei grinned sinisterly and slammed his palm down.

Su Yu shouted, "Devil Moon revolving stance!"

The beauty under the moon in his palm was like a full moon, drawing a mysterious trajectory.

Strands of soul-stirring sword Qi swept out from the trajectory.

Xue Lei was close by and was caught off guard by the arc-shaped sword Qi.

Except for the Golden Gloves on his palm, his whole body was pierced by the sword qi.

With a muffled groan, Xue Lei's body was sent flying backward, and many hideous wounds appeared all over his body.

Su Yu took advantage of the situation and tapped his toes, causing him to fly backward like a swallow.

With a few swooshes, he escaped from the Xue residence.

He knew that this alone was not enough to kill Xue Lei.

After leaving the Xue residence, Su Yu chose a random direction to escape. By sheer coincidence, he managed to escape to the entrance of the tomb of the ancestor worship ceremony.

This place was sparsely populated. If she hid, there might still be a chance of survival.

Just as Su Yu was about to turn invisible, she saw a beautiful figure walking up from another path.

Su Yu silently cursed her bad luck. If she was seen by someone else, it would be useless to hide anymore.

Only when that person raised his head did Su Yu feel surprised.

She was not someone else, it was actually Li Yue!

Her beautiful eyes stared at the jade tablet in front of the tomb. It seemed that she was thinking about the numbers Su Yu had left on it during the day.

Suddenly, she also noticed Su Yu. Her eyes blinked in surprise.

"It's You? Why are you here?" Li Yue asked.

Due to the tense relationship between the two races, Su Yu complained in his heart to Li Yue who had appeared. One Xue Lei was not enough, and another Li Yue had appeared!

"You seem to be running away?" Li Yue keenly noticed that Su Yu was not only holding the beauty under the moon, he was also panting and looked like he was running for his life.

Su Yu ignored her and escaped through another path.

However, Xue Lei had already caught up.

"HMPH! Can you hurt my swordsmanship? Little Brother, you really hid it well!" Xue Lei was like a giant eagle, bringing a large number of black shadows as he fell from the sky, smashing the ground and causing it to shake violently.

"Today, I must kill you! Watch my palm!"

Su Yu gritted his teeth. "Devil Moon revolving stance!"

The Sword Qi reverberated, sweeping across the surroundings.

However, Xue Lei, who was on guard, nimbly turned around and deftly dodged, taking advantage of the situation to directly attack Su Yu's head.

Su Yu had no other choice but to open the eyes of Taotie.

However, for such a small figure, opening the eyes of Taotie for the last time, Su Yu was really unwilling.

Keng --

At this moment, a beautiful figure appeared in a flash. She held a small jade-green sword in her hand and easily pushed Xue Lei away.

Xue Lei fixed his eyes and looked at her. He was surprised and shocked. "Li Yue? Are you crazy? I helped your Xue family get rid of a disaster, and you actually blocked me? Get out of the way!"

Li Yue said coldly, "He is indeed the future enemy of my Li family, but if you want to get rid of him, I will do it myself!"

Xue Lei was incomparably furious. Just as he was about to kill Su Yu, who would have thought that Li Yue would suddenly appear out of nowhere!

If it was anyone else in the Li family, they would all be eager for Xue Lei to kill him, except for Li Yue!

Should he say that she was naive and naive, or that she had justice in her heart?

"You Stupid Woman!" Xue Lei gritted his teeth in hatred. However, Li Yue's strength was above his. If they were to really fight, he would instead be subdued by Li Yue.

In addition, he had already revealed himself. If they were to drag this out, Xue Yuntian and the others wouldn't be able to leave even if they wanted to.

"Xue Yu! Consider yourself lucky! But remember this, our relationship will not end like this!" Xue Lei leaped into the air.

Not long after, the massive aura of the Xue clan's experts rushed back from the east and chased after Xue Lei.

They chased for hundreds of millions of Li until they reached the sea.

Xue Yuntian could not contain his anger. "Beast!"

Not only did he kill his clansmen and steal the starlight grass, he even hid in the manor and continued to commit murder!

Xue Yuntian had already made up his mind to kill him.

Xue Lei stopped running and sneered. "What can you do to me?"

Hualala --

The seawater below churned and separated from the middle, and an incomparably huge winged spaceship floated out.

On it stood many black-robed experts with strong auras. All of them wore the shadowless sword.

“Divine feathers clan! !”Xue Yuntian’s killing intent was threatening!

No Wonder Xue Yu had gone to the Murong clan for a marriage alliance. His secret route had coincidentally been ambushed by the divine feathers clan. It turned out that there was an insider!

Moreover, he had never dreamed that this insider would actually be his eldest son!

Xue Lei jumped onto the winged spaceship, he laughed, “Father, elders, you are all old and can’t see the situation clearly. This sea area is under the control of the divine feathers clan and the other two high-level forces. Rather than living on the edge of death, it’s better to rely on them.”

“Unfilial son!”Xue Yuntian was furious, “You are willing to be a dog. Don’t think that everyone wants to be a dog like you!”

“Hehe...”Xue Lei sneered and took out a small pocket. The inside was filled with golden light. It was the extremely precious starlight grass.

Xue Yuntian and the other elders narrowed their eyes. They stared at the pocket and shouted, “Put down the item from the clan!”

Xue Lei’s sneer deepened. “Why should I put it down? I went through a lot of trouble to get this from the Star Pavilion!”

After he finished speaking, he clenched his fist in front of them.

With a muffled sound, the pocket was shattered, along with the starlight grass inside.

“Hmph, without the starlight grass, I’ll see how you’ll pay the tribute! At that time, I’m afraid you’ll live a life worse than a dog like me!”

The people of the Xue family flew into a rage. They swarmed forward, wishing that they could grind Xue Lei’s bones into dust.

However, the giant wings of the winged spaceship fluttered lightly, bringing about an endless hurricane.

In an instant, the spaceship disappeared from the coastline. No matter how hard Xue Yuntian chased after it, it was nowhere to be seen.

On the surface of the sea, only Xue Lei’s grim and cold words were left. “Remember my words. All of you will regret it...”

Chapter 1596 Su Yu Left The Mountain

In front of the tomb palace.

Su Yu stared at Li Yue and asked, “Why did you save me?”

Li Yue sheathed her sword and said calmly, “It’s not for any reason. It’s just to have a worthy opponent. Or rather, to have a goal that I can pursue in the future.”

After staring at her for a long time, Su Yu cupped his fists and said, “I will remember your kindness today. I will repay it in the future.”

With a faint smile, Li Yue turned around and walked out of the tomb palace.

Before she left, she turned her head and asked, "Can you tell me how you did it?"

She pointed at the jade tablet.

She came here because she could not solve the doubts in her heart. Even if she cultivated the eight paths together, she could not absorb so many drops of liquid.

Su Yu said, "I'm afraid not."

Li Yue smiled faintly. "I will find out sooner or later."

As she left, Su Yu returned to the Xue residence.

The atmosphere in the residence was stifling and heavy.

The problem was no longer Xue Lei's defection, but Xue Lei's destruction of the Starlight Grass!

When Su Yu returned, the Elders' expressions did not improve much. Xue Yuntian glanced at Su Yu and did not pursue the crime of him escaping from the Xue family. Instead, he had a trace of doubt.

He could have taken the opportunity to escape from the Xue family.

"Clan leader, in four months, the envoy of the Sword Pavilion will come to collect the starlight grass. If we can't hand over the starlight grass and complete this year's mission, then the consequences... I'm afraid we will lose the right to establish a foothold in the sword pavilion sea area and will be chased away!" The Lone Mountain's Elder's expression was extremely unsightly.

Xue Yuntian's eyes were solemn as well. "The current plan is to replenish 100 starlight grass as soon as possible! Senior Baiyun, how many more are stored in the treasure vault?"

Senior Baiyun's expression was solemn as he said, "Only ten!"

Ten was just in case the starlight grass they were looking for was insufficient.

The starlight grass was very precious. It grew at the bottom of the sea in the sword pavilion sea area. Not only was it difficult to find, but every one of them was guarded by a star beast at the second sky of the second sky. Some of them were guarded by several star beasts.

Therefore, each grass was hard to come by.

The Star Pavilion, which had a lot of supernatural powers, only had a few hundred of them in storage each year.

Many forces came to buy them, but they strictly limited the quantity. Therefore, it was very difficult to buy more.

The Senior Master of Lone Mountain said with a gloomy face, "Make up for all of them? How? Occasionally, one or two plants would appear on the Twin Star Island every year. The Xue and Li clans would take everything they could find. The other forces did the same. They didn't have enough for themselves, let alone selling them to us

“As for the Star Pavilion, let’s not talk about whether they will make an exception and sell it to us a second time. Just this journey alone will take them at least half a year to go back and forth. There’s no time at all!”

The Elders’ faces were extremely gloomy. The Xue family was already at the moment of life and death.

Su Yu listened from the side and understood.

The Sword Pavilion was the overlord of a sea area. Any force that settled in the sword pavilion’s territory would have to submit to it and offer 100 plants of starlight grass every year.

If they couldn’t meet the requirements, they would be immediately expelled from the territory.

In the past, there was an island force that was ranked fifth. They were only short of three stalks, but they were also ruthlessly expelled by the Sword Pavilion.

The Xue family’s ranking was inferior to that island, and they only had ten stalks of starlight grass in their hands!

Most Island forces spent most of their human resources searching for the starlight grass for an entire year.

Only the Xue clan and the Li clan, which had deep foundations, had the deep pockets to purchase the starlight grass directly from the constellation Pavilion.

Now that the Xue Clan had met with an accident and the deadline for the offering was right around the corner, how could they not worry about their hair turning white?

After hearing this, Xue Yuntian sighed deeply and said, “Pass down my orders. With the senior as the leader, each of you will lead a group of your clansmen to head to the sea of constellations to search for the Starlight Grass!”

The Xue clan was already at their wit’s end. They could only use the most foolish and dangerous method to mobilize the entire clan’s strength to search for the Starlight Grass!

Su Yu said, “I’ll head out to the sea as well. I’ve cultivated a type of Divine Dao that allows me to search for treasures of the heavens and Earth.”

Hearing this, the eyes of the elders suddenly lit up.

There was actually such a strange Divine Dao? If it was true, searching for the starlight grass would be twice the result with half the effort.

Xue Yuntian’s face also showed a look of pleasant surprise. However, when he realized Su Yu’s true identity, his eyes were filled with complicated emotions. He said coldly, “If you stay in the clan, it will be dangerous outside to avoid endangering your safety.”

The elders thought about it and realized that it was true. Xue Yu was the future of the Xue family.

Even if the Xue family was really expelled, with a junior like Xue Yu growing up, how could there not be a day when they could rise again?

The senior of the Lone Mountain said earnestly and earnestly, "That's right, Xue Yu. We will mobilize the entire clan's strength. One more won't be too much, and one less won't be too little. Just stay in the clan."

Having said that, Su Yu could only give up.

Not long after, the thirty senior of the clan led the several thousand members of the clan to spread out in an imposing manner, heading towards the most famous and dangerous place in the sea of constellations, the malicious spirit strait.

That was the place where the most starlight grass was found, but it was also the most dangerous place.

If there was a place where it was possible to dig up ninety starlight grass within four months, the only place would be the evil Ghost Strait.

Looking at their departing figures, Su Yu silently entered the cultivation room and entered seclusion to comprehend the remaining one thousand Divine Dao.

Time passed in a flash.

Two months had passed. Su Yu had finally succeeded in comprehending a divine dao with the remaining strength from the spirit liquid body tempering.

There was only 999 left.

Wu --

A sorrowful, heavy, and long bugle call echoed in the Xue residence.

Su Yu sighed silently, and carved another remnant mark on the ground in front of him.

Including the previous carving, there were a total of ten.

These were all elders who had fallen in the past two months.

A bugle call indicated that an elder was in danger.

As for the clansmen with slightly weaker cultivations, the casualties were uncountable.

The entire Xue family was filled with grief and despair.

"Clan leader, why didn't you ask Brother Xue Yu to help?" Xue Mei's grandfather, elder Bai Yun, had died a month ago. The once charming and affectionate Xue Mei's pretty face was filled with grief, she was also filled with doubt. "Brother Xue Yu's Supreme Dao is helpful to everyone. If you asked him to help, grandfather might not have had to take the risk of entering the depths of the strait to explore, and he wouldn't have died in the mouth of the Star Beasts!"

"That's right. Brother Xue Yu has created miracles time and time again. Why don't we ask him to help?" Xue Ruxu, who had lost a close relative, questioned.

Faced with the questions of his clansmen, Xue Yuntian's heart had some ripples.

That's right. Xue Yu's background was obviously extraordinary. If he helped, he might really be able to help them.

But because of fear, or rather, because of anger., he shook his head firmly. “There’s no need to discuss this matter anymore! News has come from the front. The Elders of Lone Mountain and the others have joined forces and discovered an undeveloped land. There are no less than fifty stalks of starlight grass inside! They can do it, they definitely can!”

In the Evil Ghost Strait, the darkness was bottomless. It was like a huge open mouth, waiting for the greedy creatures that were harvesting the starlight grass to send them in.

The elders of Lone Mountain, Maple Leaf, Xuan Qing, and the other 20 elders gathered together, and there were nearly 700 clansmen behind them.

They gathered together and looked at the sea bed filled with white bones.

Among the white bones, the ground was covered with starlight grass that was emitting golden light.

“There are a total of 53 starlight grass. If we succeed this time, including the 20 that we found before, we won’t be far from completing the mission!”The elder of lone mountain said, “According to our observations for half a month, there are a total of 10 star beasts in that area!”

10 star beasts! Everyone’s heart shrank. This was the largest group of star beasts they had ever encountered.

What was going to happen next was a bloody battle!

“Don’t be afraid. As long as we follow our previous division of labor, we’ll be able to wipe them all out!”The Senior Master of Lone Mountain said.

Everyone mustered up their courage and nodded deeply.

When a wisp of clear light pierced through the sea and shone on this place, the senior master of Lone Mountain said, “Now is the time for the Star Beasts to sleep. It’s the best time to attack. Everyone, whether we succeed or not, it’s up to this battle!”

Whoosh! Whoosh! Whoosh

Seven hundred clansmen, led by twenty senior masters of the Xue family, charged forward.

Such a powerful aura woke up a portion of the star beasts.

The fierce and fierce beasts, with their powerful cultivation base, instantly devoured dozens of clansmen!

Miserable screams, accompanied by blood, filled the Wicked Ghost Strait.

The bloody smell woke up more sleeping Star Beasts, and they roared and rushed out.

The Lone Mountain Chieftain’s eyes were bloodshot from the killing. “Kill! ! The Xue clan’s survival depends on us! !”

Both sides engaged in a bloody battle.

The Xue clan members were being eaten in large numbers. The sound of their bodies being chewed apart and the miserable screams of people were interwoven into a tragic scene.

The bloody battle lasted for a whole day and night.

When the huge bodies of the ten vicious beasts fell to the ground, the remaining members of the Xue Clan revealed a victorious smile.

Even though they had broken limbs, even though they were extremely exhausted, even though there were less than a hundred of them left... They had won.

The Xue clan was saved!

“Lone Mountain clan leader, we have won!”The Senior Master of Green Mountain said with a smile. His old eyes were filled with sorrowful tears.

This was because the person lying under his feet was his only son.

“Yes, we have won!”The Senior Master of Lone Mountain also laughed, crying and laughing. His expression was indescribably desolate.

Out of the twenty elders, only nine were left. Out of the seven hundred clansmen, only ninety were left.

A heavy price was paid in exchange for the final victory.

“Collect it, bring it back and hand it over to the clan leader!”Senior Gu Shan wiped away his tears. Covered in blood, he fell to the ground exhausted.

Ah --

A shrill scream suddenly broke the dead silence at the bottom of the sea.

Three clansmen who were collecting starlight grass were suddenly entangled by tentacles that stretched out from under the ground of corpses.

Those tentacles instantly devoured their flesh and blood, leaving only white bones.

An extremely violent aura soared into the sky from under the seabed.

The entire seabed started to tremble, no, it started to move.

Roar --

A beast roar shook them all away from the seabed.

Looking from the sky, everyone sucked in a breath of cold air.

Where was that seabed? It was clearly a gigantic snake’s head!

The snake’s head was covered in tentacles, and it used the starlight grass to attract the unwitting to collect them before devouring them!

As for the giant snake, it only revealed its head, and its enormous body was hidden in the Dark Canyon!

The Lone Mountain’s Elder’s pupils shrunk into a needle, and his entire body trembled as he roared, “Run! ! It’s the star Beast King! !”

The star Beast King was a legendary existence!

Every single one of them had the terrifying power to contend against a super force like Jian Xuan! !

Xiu Xiu Xiu --

Tentacles shot out and wrapped around dozens of clansmen, instantly turning them into white bones.

The three elders were no exception.

“Run!”Gu Shan’s elder roared as he used his powerful divine power to form a huge barrier. He roared tragically, “Run! Tell the clan leader not to send anyone else...”

Bang --

The barrier didn’t resist for long before the tentacles broke through and wrapped around the mountain chieftain.

His entire body dried up at a speed visible to the naked eye.

Using his last bit of strength, the mountain chieftain let out one last sorrowful roar, “Quick... Run! !”

“Mountain Chieftain! !”Everyone roared in grief and anger as they watched the mountain chieftain turn into white bones.

They escaped out of the strait.

The giant snake’s cold eyes stared at them coldly. It did not chase after them but continued to pretend that it was still pretending. It continued to lure unsuspecting creatures over.

Inside the secret chamber of the Xue family.

Kacha --

Su Yu’s fingers shook, causing the ground to crack. Waves rose in his heart.

“Almost... all of them...”Su Yu’s pupils constricted. He stood up and pushed open the stone door. “We can’t wait any longer!”

He had promised that he would take good care of the Xue Family!

The stone door opened. A ray of long-lost sunlight shone on Su Yu’s face, casting a cold light on it.

Chapter 1597 The 1600th , The Envoy Arrived

Above the Xue clan, the horns were like a song, unending.

The clansmen listened to the horns one after another in shock, unable to believe that everything was real.

The 14 horns in succession indicated the fall of the 14 elders.

It was even more than the entire three months of sacrifice!

After careful calculation, of the 30 elders that had gone, only six were still alive!

The people of the Xue family were stunned. They could not accept such a heavy blow.

In the hall of the Xue family, an emergency meeting was held as expected.

The corners of Xue Yuntian's eyes were red and swollen. There were still tears that had yet to die.

They were almost all wiped out!

He knew what it meant. It meant that the entire Xue family was heading towards decline.

The older generation had collectively fallen. How could they still be able to stand on Double Star Island?

The accident had pushed the Xue family into the abyss overnight!

The hall was filled with tears.

Whether it was the teenagers who had lost their elders, the middle-aged men who had lost their loved ones, or the elders who had caught up with the decline of the Xue family.

The entire hall was filled with deep sorrow.

"Patriarch! Perhaps we should have accepted our fate and left the Jian Xuan Sea area. Otherwise, we wouldn't have fallen to this State!" Someone wailed.

"Hehehe, what's the use of finding the starlight grass in the current Xue Family? The Li family can wipe us out easily! I really hate that bastard Xue Lei for causing the Xue family to be in such a miserable state!"

"Patriarch, Let's retreat. Before the Li family can react, let's Save Our Strength and find a new place to recuperate."

..

Heart-wrenching cries and silent pleas pierced into his heart like sharp knives.

The Xue Clan had not fallen into the hands of his generation. He could not rest in peace!

He also wanted to preserve the remaining strength of the Xue clan and make a comeback.

However, how could a territory be so easy to find?

A good territory had long been occupied by the various major powers. After the Xue Clan left Twin Star Island, they might not be able to find a suitable territory. The remaining clansmen would fall into a pool of blood while searching for a new territory.

The future of the Xue family was bleak!

"Patriarch, you make the decision!" Some clansmen said sorrowfully.

Xue Yuntian raised his head to the sky and let out a long sigh, but he could not make up his mind.

"Patriarch! Why didn't you invite brother Xue Yu out of the mountain?" Xue Mei questioned, she stared at Xue Yuntian with some resentment. "If, if you could listen to the opinions of your clansmen and be less headstrong, you could have invited brother Xue Yu out of the mountain earlier. The honorable elders of the

Lone Mountain, the honorable elders of the Green Mountain, and my grandfather, Honorable Elder Baiyun, and the others might not have died!”

“That’s right, clan head, what exactly are you thinking? You clearly need brother Xue Yu to attain the Divine Dao, yet you’re restricting his freedom? Why exactly is that?”

Xue Yuntian felt bitter in his heart. Why else could it be? He might as well think about the safety of the clan?

But in the end?

Xue Yu did not harm anyone in the Xue clan. Instead, it was his stubbornness and obstinacy that caused the deaths of nearly all the honorable elders!

Who was the one who harmed the Xue Family?

No matter how one looked at it, it was Xue Yuntian and not Xue Yu!

Some of the older generation seemed to have caught a glimmer of hope as they said, “That’s right, clan leader, why don’t you invite Xue Yu out of the mountain? With his mysterious master’s status, wouldn’t it be easy for him to protect our Xue Family?”

Hearing this, everyone seemed to see hope.

“I almost forgot that Xue Yu has an extremely powerful master!”

“Clan leader, quickly give the order to have Xue Yu come out of the mountain!”

Xue Yuntian was silent, and his eyes revealed hesitation.

“What are you still hesitating for? The Xue Clan is already at a critical juncture of life and death, what, what is in your head?”

Xue Yuntian felt bitter in his heart. It wasn’t that he was unwilling to give the order, but, would Xue Yu still listen to orders?

He asked himself, if he was imprisoned for half a year and did not have any resentment towards the captives, it was already him being magnanimous.

Asking him to help the captives was like dreaming in spring and autumn!

It was really difficult for him to say it, but facing the surging clansmen, he could only say bitterly, “Pass the order, ask Xue Yu to come out!”

Clang --

At this moment, several servants ran over in panic and said, “Not good! Second Young Master, he, he broke out of seclusion and headed straight for the Evil Ghost Strait!”

Hearing this, everyone was overjoyed.

“You mean, he headed straight for the Evil Ghost Strait? That’s great! He must have the confidence to turn the situation around!”

“Really? I knew that brother Xue Yu would definitely step up when the family was in a difficult situation!”

The Xue family members were overjoyed and barely managed to walk out of their grief.

Only Xue Yuntian sat stiffly on the spot. His eyes were in a daze, and a complicated expression filled his face until it finally turned into a soft sigh.

Su Yu traveled with the Moon and stars and headed straight for the Evil Ghost Strait.

Three days later, when they were ten billion kilometers away from the evil Ghost Strait, they met the people of the Xue family who had escaped.

The six elders who were in a sorry state and the twenty-three clan members who were incomplete were the complete opposite of the majestic scene when they had gone.

They were also extremely shocked when they met Su Yu by chance, but they were more angry and ashamed.

“Elders, what happened?” Su Yu asked.

Elder Qing Liu said, “It’s the star Beast King!”

From his words, it was not hard to see his remaining fear.

Star Beast King? Su Yu’s gaze slightly focused. He had not been idle for half a year, so he had more or less understood star beasts.

Star Beast was the collective name of a sector lord from level five to level one.

But Star Beast King was the title of an overlord of the galaxy!

No wonder they were almost wiped out in an instant. It turned out that they had encountered such an existence!

“Everyone, please follow me back to the Evil Ghost Straits!” Su Yu said.

Return? They, who had yet to recover from their shock, revealed extremely terrified expressions.

“Could it be that Lone Mountain’s senior and the others died in vain just like that?” Su Yu looked at them. “I can’t promise that I can get rid of star Beast King now and take revenge for them. But at least, I won’t let them down and the sacrifice of my clansmen!”

Hearing this, everyone was touched.

They had indeed sacrificed tragically.

Especially Lone Mountain’s elders. At the last moment, they used their own strength to block the star Beast King and used their own blood to open a path for them to live.

Su Yu’s words touched their hearts.

Green Leaf’s elders clenched their fists and said, “Alright! I’ll go back with you! For the clan, for the starlight grass, we’ve sacrificed so much. If we retreat now, will we be worthy of them?”

Hearing this, senior Qing Ye and his clansmen chose to go back.

“How many starlight grass have you gathered now?” Su Yu asked.

“Twenty. There are still seventy more to reach the target of ninety!”

Seventy? Su Yu’s eyes lit up. “If that’s the case, we still need to pay attention to the starlight grass of the star Beast King!”

“Wait on the water. I have two orders for you.” Su Yu said, “First, clear the surrounding waters. Don’t let anyone get close! Second, prepare the flying boat. We need to reach a state where we can escape immediately!”

“Okay!” Everyone listened to the arrangements.

Su Yu charged into the waters alone and went deep into the evil Ghost Strait.

According to the coordinates provided by the Green Leaf Elder and the others, they indeed saw a sea bed beside the cliff in the depths of the strait.

Fifty stalks of starlight grass gave off a golden light, luring those who did not know to approach.

Su Yu’s eyes revealed a cold expression. With a thought, a thousand and one divine images appeared with him at the center.

“Go!” Su Yu said.

1,001 divine images immediately pounced down.

Such a huge commotion immediately woke up the star Beast King!

The seabed churned, and a huge snake head that was similar in color to the pitch-black strait suddenly rose up.

Two huge eyes that were like the sun slowly looked over!

He opened his mouth and spat out a mouthful of poison that corroded a large number of divine images.

However, there were as many dharma idols as there were hairs on a cow’s head.

One group was exterminated, while another group pounced over.

Their goal was not to attack it, but to pluck the starlight grass above its head.

Pop --

The first starlight grass was uprooted.

The huge snake roared in anger and shook its huge head violently, smashing another group of Dharma Idols.

However, more and more dharma idols pounced over and plucked the starlight grass.

The two sides were in a stalemate for ten breaths, with less than 100 of the 1,001 divinities remaining.

But all 53 stalks of starlight were uprooted!

Not knowing if it was pain or humiliation, the serpent roared and crushed the remaining 100 Shinto pieces in a frenzy.

Su Yu got starlight grass, coldly stared at the giant snake, said: "Blood account first note, sooner or later take off your snake head, worship them!"

Xiu --

Stepping on the water, Su Yu rushed out of the channel.

On the surface of the water, the six elders had already prepared the spaceship according to Su Yu's instructions.

The six elders poured their divine power into the spaceship at the same time and pushed it to the maximum.

"Go!" Su Yu jumped onto the spaceship and shouted.

Chirp --

The sound of the sound barrier breaking resounded on the surface of the sea. The spaceship created endless waves and left several afterimages to escape.

Almost at the instant they left, a gigantic snake head rushed out from the water.

Its pair of blood-red eyes were filled with extreme ruthlessness.

At the same time, the water was pitch-black, covering an area of tens of millions of miles. One could vaguely see that it was a gigantic snake body that was wriggling.

It looked around angrily, but the spaceship was nowhere to be seen.

In its fury, it roared violently. Its gigantic body slammed against the surface of the sea, causing a huge tsunami that covered an area of billions of miles.

Sensing the terrifying heaven and earth phenomenon behind them, the hearts of the six elders trembled. They turned their heads to look, and all of them sucked in a breath of cold air.

"Xue Yu, what did you do?" Senior Qing ye said in shock, "You actually provoked it to such an extent!"

Su Yu opened his palm, and a brilliant golden light enveloped the entire spaceship. He said indifferently, "It's nothing. I just took back the starlight grass that belongs to Senior Qing Shan and the others!"

Looking at the 50 or so starlight grass, everyone had mixed feelings.

Senior Qing Ye's old eyes were filled with tears as he knelt down towards them.

Everyone on the ship cried on the spot.

It was for these 53 starlight grass that senior Gu Shan and the others sacrificed themselves!

Su Yu said, "Cheer up. The rise and fall of the family will all fall on you guys."

The green leaf senior master wiped his tears and said with determination in his eyes, “We are still short of seventeen plants of Starlight. My fellow clansmen, for the final sprint, we will go all out. Even if we all die, we must find the last seventeen plants of Starlight! !”

“We will go all out!” Having experienced despair, they were much more determined than before and had the courage to face death.

The news of this place was immediately sent back to the family.

At this moment, the important core members of the Xue Clan had already treated the main hall of the clan as a place to rest and live.

Whether it was to discuss, gather, pass on information, or rest, they were all here.

This included Xue Yuntian, who slept inappropriately and stayed in the main hall to deal with the various problems that followed.

At this moment, a piece of news was sent over, and Xue Yuntian immediately flipped through it.

After reading it, he was ecstatic. He slapped the table and stood up. “Xue Yu has succeeded! He has gathered all the starlight grass on the star Beast King’s Head!”

What? Many clansmen gathered around and fought to flip through the information in the jade slip.

“Oh my God! It’s really true! He really did it!”

“Hiss! More than 50 stalks in one go. Adding the ones that he collected in two months, it’s almost enough!”

However, there was also someone whose expression was still gloomy as he asked, “How many of our clansmen have been sacrificed?”

The starlight grass that they had gathered previously, every single one of them had been accompanied by the deaths of many of their clansmen.

They had risked their lives to return to the evil Ghost Strait and fought against the star Beast King. Those casualties... perhaps they had really all been wiped out?

Hearing this, everyone’s expressions became gloomy at the same time.

Until the second jade slip came back.

Xue Yuntian looked through it nervously, his whole body couldn’t help but tremble as he said, “No!”

“What do you mean no?” Everyone was puzzled.

Xue Yuntian’s voice trembled, it was unknown whether it was shock or disbelief, “No... one person was injured or killed! !”

The scene was silent for a moment, and then erupted with an earth-shaking roar.

“No injuries or deaths, and he seized the starlight grass on the star Beast King’s Head?”

“Hiss! How is that possible?”

“That’s great, brother Xue Yu can do it. I’ve said it before, he can definitely do it...”tears rolled down Xue Mei’s pretty face as she looked at the clan leader with a complicated expression.

If Xue Yu had been sent to the battlefield from the start, would there still be the sacrifice of the Lone Mountain’s elders?

Some of the clan members came to their senses and looked towards Xue Yuntian.

They did not complain, nor did they blame him. However, in Xue Yuntian’s eyes, they were like sharp arrows, piercing through his soul and riddling it with holes.

Indeed, if he had listened to everyone’s opinions from the start, if he had allowed Xue Yu’s request from the start, perhaps the outcome would not have been like this.

He sat down dejectedly and looked at his clansmen, who did not have a bright future ahead of them.

Deep in his heart, he felt a deep sense of regret.

Ever since Xue Yu returned, how much glory had he brought to the Xue family, and how much hope had he brought back?

However, he had arbitrarily placed Xue Yu under house arrest because of a faint resentment, even though he knew in his heart that Su Yu would never actually harm the Xue clan.

What was the result of doing this? It was that the Xue Clan had suffered an unprecedented destruction!

He was the sinner of the Clan!

Su Yu, who did not know about this, led the Xue clan members to search for the starlight grass on the sea of constellations.

With the search for the Supreme Dao, it played a significant role.

When a month passed, they found another twelve starlight grass. There were only five grass left from the number 90!

What was rare and valuable was that no one was injured or killed after obtaining each one!

The good news was passed back to the Xue family one after another. The sorrowful atmosphere faded bit by bit, and they found hope again.

The Xue family members who followed Su Yu also recovered from their sadness.

“Xue Yu, there are still five plants left. According to our progress, we have one month left. We have plenty of time,”the green leaf senior said. “Take a break. You haven’t taken a break for a month.”

Su Yu’s Haggard expression could not be erased, but he firmly shook his head. “Continue to search. Don’t Stop! Unless you put all ninety plants of starlight into the Treasury in the mansion, you must not let your guard down.”

The green leaf senior honored master was deeply moved and said, “Alright...”

Di Di di --

Suddenly, the communication jade pendant on the green leaf senior honored master's waist let out an urgent sound.

The green leaf senior honored master smiled and said, "It must be the clan leader who sent another message of commendation."

Unexpectedly, when he opened it, it was Xue Yuntian's extremely solemn order. "Put down the search mission in your hands and return to the clan immediately. The special envoy of the Sword Pavilion has arrived ahead of schedule!"

Ba Da --

The green leaf elder's palm trembled and the jade pendant fell into the sea.

Su Yu was shocked. The envoy had come a month earlier?

It was illogical!

If he had to explain, the only person Su Yu could think of was the Li family!

The Li family could not have been unaware of such a huge situation that had occurred in the Xue family. It was in the best interests of the Li family to strike while the iron was hot and completely expel the Xue family!

However, there were still five more to go before the 100 stalks!

"I'll stay behind to continue the search. Senior Green Leaf, bring the starlight grass back as soon as possible!" Su Yu said. The only thing he could do now was to try his luck.

If he could find the five stalks in time, he might still be able to save them.

If he couldn't... all his previous efforts would be in vain!

Chapter 1598 Paying A Visit To Settle Accounts (Update)

The Xue family was in a solemn mood.

The hall was neatly arranged, and all the clansmen were cleaned up. All of them had tense expressions as they received the special envoy of the Sword Pavilion.

"Lord Hong, must we collect the Starlight Grass Now?" Xue Yuntian frowned and asked.

The Special Envoy, Hong Lei, was quite young. He was less than 30 years old, but his strength was quite astonishing. He actually didn't lose to Xue Yuntian.

Judging from the aura he emitted, he was actually higher than him.

Hong Lei leisurely leaned against the armchair. His expression was unfocused as he said, "Could it be that I'm here to accompany you in looking for the Starlight Grass?"

Xue Yuntian said, "But sir, there's still a month before the deadline for the offering. Unfortunately, we just happened to have an accident and are currently looking for another hundred stalks of the

starlight grass. I implore the special envoy to be lenient for a few more days. I will definitely offer them all up.”

Hong lei said calmly, “If your Xue family is a small force that is ranked at the bottom, this special envoy can still understand why you are still looking for the starlight grass. However, with such a huge foundation, it has been a whole year and the starlight grass has yet to be prepared. I have to say, your Xue family has never taken the matter of the starlight grass to heart!”

Xue Yuntian was secretly furious. The other party had taken the tribute in advance and instead blamed the Xue family for not preparing in advance? What kind of logic was this?

Unfortunately, his identity meant that Xue Yuntian could only lower his head and admit his mistake.

“Yes, yes. The special envoy taught us a lesson. Our Xue family had originally prepared half a year in advance, but because of an accident, the starlight grass was destroyed.” Xue Yuntian’s tone was sincere. “I mobilized my clansmen to search and sacrificed twenty-four elders. More than half of the power in the clan was lost. Only then did I receive the news a few days ago that we have finally gathered ninety-five stalks! “We are only short of five plants!”

“I implore you, special envoy, on account of the sacrifices our clansmen have made for the starlight grass, to pay the price in one month’s time before the deadline!” Xue Yuntian said.

Hong Lei snorted. “First, the destruction of your starlight grass shows that you really don’t care about the starlight grass and don’t take the sword pavilion seriously at all! “Second, the death of your clansmen is your own matter. Why should this special envoy sympathize with you?”

“Xue Yuntian, hand over the starlight grass now. If you can’t gather all of it, I’m sorry, but I can only report to the higher-ups. Your Xue family has yet to gather all of it!” Hong Lei stood up and said.

Xue Yuntian clenched his fists tightly!

It was all the fault of the Li Family!

The Xue family had caused a huge commotion recently, so there was no reason for the Li family not to know.

After learning that the Xue family had lost all of their starlight grass, Li Qiankun was overjoyed. He only knew that it was a once-in-a-lifetime opportunity, so he invited the special envoy of the Sword Pavilion to hand over the starlight grass.

What was even more amazing was that the special envoy of the Hong family had already taken a liking to Li Yue of the Li clan.

And Li Qiankun also had the intention to betroth Li Yue to Hong Lei.

As such, Hong Lei took the opportunity to make trouble and expel the Xue clan. It couldn’t be any easier.

Xiu Xiu Xiu Xiu --

At this moment, senior green leaf and the others, who had been on the road for three days and three nights, rushed back under the orders of Su Yu.

“Clan leader, we’re back.” Senior Qing ye glanced at Hong Lei and bowed respectfully. Then, he handed all the starlight grass he had taken over to the clan leader.

There were a total of 85 starlight grass, all of which were stained with the blood and life of the Xue Clan.

Xue Yuntian took it, his palm heavy. He came to Hong Lei’s side and said, “Special Envoy, we’re only short of five. Please forgive us for another half a month, just half a month! I’ll go out personally to look for the starlight grass, how about it?”

He secretly stuffed an interspatial ring with the Xue family’s belongings inside.

“Hehe, bribery? Xue Yuntian, who do you think this special envoy is?” Hong Lei pushed his arm and shook Xue Yuntian away.

The starlight grass on the ground fell to the ground, emitting a lonely glimmer.

Xue Yuntian’s heart was filled with blood. Those were all exchanged with blood by his clansmen!

“Humph! Xue Yuntian, you have one month to leave Twin Star Island. Otherwise, don’t blame Jian Xuan for being merciless and using his iron-blooded methods!” Hong Lei said coldly and left.

The remaining members of the Xue family were all filled with grief and indignation.

“They are going too far! !” Qing ye Chang Zun’s chest surged. It was clear that it wasn’t even one month yet and he had already forcefully ordered them to move!

Xue Yuntian’s eyes revealed grief. “When I’m weak, I won’t bully you. When Will I bully you? Pass down my orders. Pack up your things and leave Twin Star Island within three days!”

If he wanted to leave, then leave. Dragging it out would only give the Li family a chance to exterminate.

“Patriarch!” Everyone cried bitterly.

Senior Qing ye was even more tearful, “What about Xue Yu? He’s still searching for the starlight grass in the sea, he hasn’t given up yet!”

Xue Yuntian said, “There’s no need to inform him, our Xue family already owes him a lot, don’t implicate him anymore.”

Unexpectedly, there was actually no objection from the clansmen.

Xue Mei smiled bitterly and said, “That’s fine too. This sunken ship of the Xue Clan, we’ll jump as many as we can.”

Sea of constellations.

Pop --

Su Yu picked up another stalk of starlight grass from a dangerous land.

“Five stalks, all of them!” Su Yu leaped out of the water with a look of joy on his face. “I’ve finally found five stalks of starlight grass within five days.”

He let out a long sigh, looked in the direction of Twin Stars Island, and immediately left.

“Young man, please wait.” A warm and clear voice entered his ears.

Su Yu was shocked. There was actually someone nearby, but he did not notice it?

He turned his head and looked. It was a middle-aged man riding a red wine gourd. He smiled and looked at Su Yu.

Su Yu was vigilant and said, “Senior, what’s the matter?”

The middle-aged man jumped down from the wine gourd and stepped on the surface of the water, he said, “I’ve observed you for a few days and found that the Divine Dao you cultivate is quite interesting. It’s very easy to find the starlight grass. In just ten days, you’ve found five stalks. With such a great talent, have you thought of coming to the Sword Pavilion to develop?”

Several days of observation? Su Yu was secretly shocked. This person’s cultivation was extremely high. For many days, he had never noticed that someone was secretly spying on him.

However, what Su Yu was even more surprised about was his identity. Jian Xuan? Su Yu stared at him. “You Are...”

“Special envoy of Jian Xuan, Tian Zhenyuan,” the middle-aged man said with a smile. He did not put on any airs as a member of Jian Xuan.

Su Yu was surprised. “Special Envoy of Jian Xuan? You are the special envoy who came to Twin Stars Island to collect the Starlight Grass?”

Tian Zhenyuan nodded. “How did you know?”

A hint of confusion appeared on Su Yu’s face. “As far as I know, the real special envoy of Jian Xuan has already arrived at Twin Stars Island. Who Are You?”

Tian zhenyuan laughed out loud, “Special Envoy of the Sword Pavilion has always worked in pairs. One carries out the mission, and the other inspects it. Why? Are You Satisfied?”

He took out a stone tablet condensed from sword Qi, and the words ‘Tian Zhenyuan’ were engraved on it.

This was the unique identity verification of the sword pavilion. The other factions were unable to do so, and did not dare to imitate it.

“So it’s senior special envoy, Junior, the young master of the Xue family of Twin Stars Island, Xue Yu,” Su Yu said.

Tian Zhenyuan was surprised, “Oh? The young master of the Xue family of the Twin Stars Island? I don’t remember it being called... I think it’s called Xue Lei?”

Su Yu said, “I’m ranked second, it’s the second young master.”

Tian zhenyuan suddenly understood, “No wonder! Speaking of which, your talent isn’t much weaker than your big brother’s. You haven’t become a world paragon of the cave abode yet, but your condensing of the Supreme Dao has reached the limit of the mortal immortal realm. You’re Only a thought away from breaking through, right?”

Su Yu was modest, “Before I take that step, I dare not be complacent.”

“Hehe, pride is damaged, but modesty is rewarded. I didn’t expect the Xue family to have a decent descendant.” Tian Zhenyuan said, “How about it? Are you willing to come back to the sword pavilion with me to develop?”? Your search for the Supreme Dao is very special. Other than those heaven and earth elves, there are already innate ones, and very few people can cultivate to obtain it. If you join the Sword Pavilion, I’ll recommend you more grandly and guarantee you an important position.”

Su Yu did not reject immediately. He said, “This matter is of great importance. I would like to ask my father for permission.”

Tian zhenyuan smiled and said, “Wonderful!”! For an ordinary person to obtain such a great opportunity, who would not be ecstatic? Who would not want to agree on the spot? You still remembered to ask my father for permission. Your filial piety is commendable! “Alright, let’s go to Twin Star Island. I believe that Xue Yuntian will definitely agree.”

How could he not agree? Entering the Sword Pavilion was an unimaginable opportunity for the Xue family. It was enough for them to glorify their ancestors.

Normally, they would not even be able to beg for it, let alone take the initiative to drop a piece of pie?

With Tian Zhenyuan’s help, the three-day journey was completed in just one day.

However, when they returned to the Xue Mansion, Su Yu was stunned.

The huge Xue mansion was completely empty. Along with the servants and maidservants, they all seemed to have disappeared from the face of the Earth.

Only a group of homeless beggars were left in the manor, plundering the remnants of their belongings as if they were partying.

Tian Zhenyuan was stunned. “This... This is the Xue family, right? I’ve been here before, so I shouldn’t have remembered the location wrongly. Where are they?”

Su Yu’s face sank, and a deep killing intent was released without any concealment. “The Li Family! ! !”

Tian Zhenyuan was startled. For some reason, it was clearly the killing intent released by a mere mortal immortal fourth level youth, but Tian Zhenyuan felt as if he was facing a god of slaughter.

That killing intent could not be condensed unless he had experienced hundreds of millions of killings.

“What’s wrong with this kid?” Tian Zhenyuan was secretly surprised. He said, “Don’t be impatient. Let Me ask my companions First!”

After saying that, his eyes swept across and landed in the direction of the Li residence.

“Over there. Let’s go.”

Li residence.

Li Qiankun was in an extremely good mood. His face was ruddy as he said cheerfully, “The knot in my heart has been lifted in one day! I should really thank Xue Lei. Without him destroying the starlight grass, how could the Xue family have fallen into such a situation?”

Li Jun sneered and said, “Indeed, I didn’t expect them to show off in front of our Li family and make us lose face. It has only been a few months, but we have fallen into such a situation!”

“Patriarch, Our Li family can finally monopolize the Double Star Island!” The elders of the Li family were also very happy.

Li Qiankun also felt happy and sighed, “The only regret is that Xue Yuntian, that Old Fox, ran away too fast and didn’t have time to shave off two or three pieces of meat from him!”

Everyone was extremely happy.

Hong Lei and Li Yue walked back.

Li Yue’s expression was cold as she deliberately kept a distance from Hong Lei.

Hong Lei’s face was full of smiles.

“Special Envoy Hong, why don’t you let Yue’er accompany you more? The scenery on Twin Star Island is unique, and there are a few other good places.” Li Qiankun immediately stood up and said obsequiously.

Hong Lei waved his hand. “It’s fine as long as you’re having fun. Besides, Yue’er is tired. Isn’t it Me Who’s feeling the heartache?”

The Li family members revealed teasing smiles and burst into laughter.

Li Yuexiu furrowed her brows, feeling disgusted.

Her goal was also to destroy the Xue family. However, she felt guilty for using such despicable methods.

She did not have a good impression of Hong Lei’s “Help.”

“I see. Then, envoy Hong, why don’t you take a break and play some other day?”

Hong Lei waved his hand. “Forget it. It’s about time my companion comes too. This time, we’ll stop here. When sister Yue’er comes of age, I’ll give her a betrothal gift and marry her.”

“Okay, okay!” Li Qiankun was overjoyed. To be able to marry his daughter to someone from the sword pavilion meant that the Li family’s foundation on Twin Stars Island was completely stable.

Shua --

The sound of the sound barrier being broken could be heard.

“Hong Lei, come over. I have something to ask you.”

Hong Lei said, “Speak of the Devil.”

He looked at Li Yue with infatuation and said, “Sister Yue'er, we'll meet again in the future.”

Chapter 1599 The Old Woman

Li Qiankun and the others sent Hong Lei out and looked up. They saw a strange red wine gourd floating in the air above the Li family.

A middle-aged man was sitting cross-legged on it. He must be the other special envoy in charge of the inspection.

In theory, power was above Hong Lei.

Li Qiankun and the others looked at him in awe and greeted him one after another.

“Eh! Why does the person next to that special envoy look like... Xue Yu?” A junior was bowing and bowing, when he suddenly realized that there was a person standing next to the middle-aged man with his hands behind his back.

Looking at him closely, he looked very much like Xue Yu!

Xue Yu was looking down at the people from the Xue family coldly.

Hearing that, Li Yue, who was originally cold, immediately looked up with a hint of surprise on her pretty face.

He had actually returned? And he was accompanying another special envoy!

Hong Lei did not know Xue Yu, and only knew that he was a junior that Tian Zhenyuan knew. He did not care, and said to Tian Zhenyuan, “Special Envoy Tian.”

Tian Zhenyuan asked, “Hong Lei, what happened on this island? Why did the Xue Family Leave empty-handed overnight? As the number eight faction, surely they would not be attacked by some evil enemy and escape overnight, right?”

Hong Lei said casually, “It's nothing. I persuaded them to leave the Twin Stars Island.”

Eh? Su Yu's eyes flashed with a cold light as she turned to look at Hong Lei.

Tian Zhenyuan was startled. “Persuaded to leave? What's your reason for persuading them to leave?”

Hong Lei said, “I can't gather all the starlight grass.”

Hearing this, Tian Zhenyuan frowned. “The deadline for submitting the Starlight Grass is one month later. You actually persuaded them to leave early?”

Hong Lei curled his lips nonchalantly, “It's just a small Xue family. What's the big deal about asking them to leave in advance?”

“How dare you!” Tian Zhenyuan was furious, “What do you want the other factions that trust the Sword Pavilion to think? If they could be expelled without the deadline, who would dare to stay in the Sword Pavilion’s sea area? Collecting the starlight grass on time, neither in advance nor delaying it was the bottom line of the Sword Pavilion!”

“Those who delay the payment of the starlight grass will be expelled!”

“Special envoys who collect the starlight grass early, do you know what the crime is?”

Expulsion of a sect!

In order to prevent the special envoys from abusing their power, the sword pavilion had already set a rule that the special envoys were not allowed to change the collection date without permission. Those who violated the rule would be expelled from the sect.

Hong Lei was displeased. He narrowed his eyes and said, “Special Envoy Tian, these rules are useless. Many of our senior brothers and sisters have tried to blackmail the lower families for benefits, but we haven’t seen how the higher-ups are going to deal with them. Why do you take them so seriously?”

Tian Zhenyuan’s expression was solemn. He took out his communication jade pendant and solemnly entered the information.

“What are you doing?” Hong Lei panicked and asked.

Tian Zhenyuan said, “What do you think?”

“Tian, are you deliberately going against me?” Hong Lei was furious. “Calling you special envoy is for the sake of your master. If you really piss me off, do you believe I won’t tell you to get the hell out of the Sword Pavilion Right Now?”

Tian Zhenyuan said, “With you? Even if your master is the Peak Master of the first sword peak, he did not use all his power to interfere with the appointment and removal of the entire sect, right?”

Hong Lei sneered. “Of course not with my first peak, but what about the young master of the Sword Pavilion?”

With a swoosh, Hong Lei took out a sword-shaped jade pendant with a special snake-shaped mark on it.

Looking at this object, Tian Zhenyuan was shocked. He narrowed his eyes and said, “The young master’s personal jade pendant? This thing rarely leaves young master’s body, why would it be in your hands?”

“Hehe, of course it’s to carry out some special missions for young master!” Hong Lei proudly put it away and said, “What do you think? Do you think I can persuade young master to expel you, a special envoy, from the sect?”

Tian Zhenyuan glared at him, but his finger stopped at the jade tablet and could not continue to type.

This was related to his future. How could he dare to be careless?

His gaze changed for a long time. Tian Zhenyuan turned to Su Yu and said, "I'm sorry, I couldn't help you."

His intention to persuade Su Yu to join the sword pavilion was extinguished.

It was good enough that Xue Yu did not hate the sword pavilion. How could he still be willing to join the sword pavilion?

Su Yu said, "It's okay, as long as you know who it is!"

Su Yu stared at Hong Lei coldly and memorized his face.

"Who is he?" Hong Lei sensed Su Yu's gaze and threw him an unfriendly look.

Tian Zhenyuan thought for a moment and said, "No one. He's a friend I met by chance."

He turned his head and shot Su Yu a look, telling him to leave quickly.

However, how could Li Qiankun, who was below, be willing to let Su Yu, this big trouble, go? He said, "Reporting to special envoy Hong, he's the second young master of the Xue family, Xue Yu!"

Hong Lei sneered. "No wonder he looks at me like that! Even your father is afraid of me. What does a puny young master like you count for? Get lost!"

Li Qiankun's face changed. He flew to Hong Lei's side and transmitted his voice, "Special Envoy Hong, you can't! This kid has amazing talent. If you let him go, he will be a threat in the future. Why Don't you take the opportunity..."

He made a gesture of cutting his throat!

Hong Lei thought for a while, he shook his head and said, "If it's not necessary, it's best not to move!" The expulsion of the Xue family had already caused a big impact. If they killed the young master of the Xue family, the other forces would be terrified and leave the Jian Xuan Sea area. I would be a sinner. At that time, the punishment for me would not be to expel the sect. Do you understand?"

"Moreover..." Hong Lei said disdainfully, "What does talent count for in front of the Jian Xuan Sea Area? There are more than a hundred forces in the Jian Xuan Sea area. The number of geniuses who are qualified to enter the Jian Xuan Sea area can be counted on one hand. How can he become a Scourge? You are worrying over nothing!"

Hearing this, Li Qiankun was extremely disappointed. However, when he recalled Su Yu's amazing potential, he knew that if he was let go this time, he would definitely become a great scourge in the future.

All of a sudden, he looked at his daughter, Li Yue, who was focused on looking at Su Yu. His heart moved and he said, "Special Envoy Hong, you might not know this, but this child is not only a disaster to the Xue family, he is also a disaster to special envoy Hong if he is kept alive!"

"A disaster to me? How Do You Mean?" Hong Lei asked.

Li Qiankun said, "Special Envoy Hong, you might not know this, but this child has been pestering Yue'er for many years. He has used dirty methods to deceive yue'er many times, and Yue'er is young and ignorant. She was actually moved by his flowery words. If I did not stop him, I'm afraid that they would have already privately decided on marriage!"

"Is there such a thing?" Hong Lei's face darkened as he looked at Li Yue.

What made him extremely unhappy was that Li Yue was staring at Xue Yu. Her eyes were filled with a gaze that was different from the other men's.

Hong Lei recalled that when Li Yue accompanied him these few days, she was often absent-minded and treated him with indifference. He could not help but come to a sudden realization.

No wonder Li Yue would be like this. It turned out that Xue Yu had deceived Li Yue's heart!

Anger rose from his heart. Killing intent flashed in Hong Lei's eyes as he stared at Su Yu and said, "Xue, this special envoy is now suspicious of you. You are related to Hua Manlou, the flower picking bandit that Jian Xuan has recently wanted. Come with me!"

As he spoke, he grabbed Su Yu's shoulder.

Bang --

Tian Zhenyuan attacked angrily and shouted, "Are you crazy?"

"Tian, I advise you to mind your own business. Otherwise, you will be in Big Trouble!" Hong Lei threatened.

Tian Zhenyuan said angrily, "Hong Lei, Think Twice before you act. If you bring bad influence to Jian Xuan, young master won't be able to protect you!"

Hong Lei was already burning with jealousy, so he naturally wouldn't listen to his opinion. He spat out a few sword lights in his palm, forcing Tian Zhenyuan back as he said coldly, "Mind your own business?"

At this moment, an old and warm voice drifted over from afar.

"Hehe, this place is still very lively. I just happen to have a question."

An old woman with white hair rode on a black turtle and came over.

Everyone was stunned. They didn't know who she was.

However, the aura of a galaxy overlord from her shocked them.

The arrogant Hong Lei also stopped his attacks and looked at the old woman.

"Who is the owner of this place?" The old woman looked at everyone and asked.

Li Qiankun quickly stepped forward and cupped his hands, "I wonder which senior has come to Double Star Island. I Am Li Qiankun!"

The old woman ignored Tian Zhenyuan and Hong Lei and walked towards Li Qiankun, "You are the owner of this place, right? Well, I have something to ask someone. If you can answer, you will be rewarded."

Hearing that there would be a reward, Li Qiankun was overjoyed.

To be able to get to know an existence at the level of an overlord of the galaxy was already something he could only wish for. To receive a reward again, that would be a pleasant surprise.

He could not help but secretly think that once the Xue family left, the Li family's luck would turn for the better!

“Please speak, senior. If this junior knows, I will definitely tell you everything I know.”

The old woman nodded, “Alright, this old woman came to Twin Star Island to visit a faction called the Xue family. However, when I went to the Xue family just now, I found that they were all empty. I asked a few ordinary people, but I could not get the gist of it. Since you are the owner of this place, you should know the reason, right?”

While she was speaking, Li Qiankun's face gradually stiffened. In the end, his face remained as still as a wooden stake.

This overlord of the galaxy was here to pay a visit to the Xue Clan?

The old lady looked at him in astonishment. “You don't know either?”

Li Qiankun's face gradually turned pale. He clasped his fist and asked, “May I know if senior and the Xue Clan are...”

The old lady glared at him coldly. “It's fine. I'm only here to invite a master appraiser to join the constellation Pavilion! Why? Do you have something to hide?”

Upon hearing the words ‘it's fine’, Li Qiankun heaved a sigh of relief, and his expression softened significantly.

However, upon hearing the latter part of the sentence, it was as if a mountain had suddenly appeared in his heart, suffocating him.

Star Pavilion? How could they not know of the mysterious organization whose name shook the sea of constellations?

Furthermore, this person had specially come here to invite a member of the Xue Clan to join the Star Pavilion. Furthermore, he was the most important appraiser among them!

It was rumored that every single appraiser was an important figure whose name shook an entire region.

Their standing was on par with the clan head of a certain island in the sword pavilion!

And there was such a figure in the Xue Clan!

Cold sweat dripped down from Li Qiankun's forehead.

The old woman frowned slightly, “I don't know anything! I'll ask someone else!”

She looked around and locked her gaze on Hong Lei, “Tell Me.”

Hong Lei's expression turned slightly ugly, and he subconsciously lowered his head, not knowing what to say.

“What About You?”The old woman raised her brows, looking slightly displeased as she stared at Tian Zhenyuan.

Tian Zhenyuan looked at Hong Lei and sighed, unable to say anything.

“What’s going on with all of you?”The old woman was a little angry. In the end, she locked her gaze on the unremarkable Su Yu who was beside Tian Zhenyuan. “Speak!”

Su Yu looked at her and said, “The Xue family has already been expelled from Twin Star Island. You’re too late.”

After getting the answer, the old woman flicked a small pocket toward Su Yu, which contained ten thousand absolute beginning coins.

10,000 absolute beginning coins? Everyone was shocked. who was this person? He was so generous?

“Why?”The old woman frowned deeply. She had delayed for a while before she set off. She did not expect that the Xue family had already left.

Su Yu said calmly, “The starlight grass is not enough for 100. It has been expelled.”

The old woman was surprised. “Starlight Grass? As far as I know, there is still a month before the deadline. Why is he expelled now?”

After thinking for a moment, the old woman sighed. “I’ll ask Jian Ruxiong later. This sword pavilion is becoming more and more unruly.”

Hearing this, everyone was shocked!

Who was Jian Ruxiong? The founder of the Sword Pavilion was also the current Sword Pavilion Master.

This old woman in front of him actually called Jian Ruxiong by his name!

Tian Zhenyuan said solemnly, “Senior! Please pay attention to your words. The name of the Sword Pavilion Master can not be casually said!”

The old woman was not angry either, the old man smiled. “He is not a good person, but he is good at grooming disciples. At least, he has a few loyal disciples! “However, even if Jian Ruxiong himself is here, he still has to address me respectfully as Lord. So what if I call him by his name?”

Chapter 1600 Star Pavilion Master

What? Everyone sucked in a breath of cold air.

The Master of the Sword Pavilion had to address him respectfully as ‘Sir’in front of him?

What kind of status did this person have to be so revered?

The old woman cast a grateful gaze at Su Yu and sighed, “This is troublesome. To find that master, we’ll have to spend a lot of effort to find the location of the Xue Clan.”

With a sigh, she took a step and prepared to leave.

“I think that master will not agree to join the Star Pavilion.” Su Yu’s words were shocking as he said indifferently.

The old woman was surprised. She looked back at Su Yu and said, “Why do you say that?”

“Because I don’t agree,” Su Yu said.

The old woman turned around and looked at Su Yu in surprise. She asked, “You Are...”

Su Yu replied calmly, “I am the master you are looking for, the second young master of the Xue Clan, Xue Yu.”

“You are the second young master of the Xue Clan?” The old lady was extremely surprised.

After thinking for a moment, the old lady asked, “Then do you know why I have invited you?”

Su Yu did not say a word as he pulled out the beauty under the Moon.

Staring at the Moonlight Longsword, the old lady revealed a delighted expression. “Hehe, not bad, not bad! You are indeed the person I am looking for!”

She grabbed Su Yu’s wrist and said, “Master Xue, on behalf of the constellation Pavilion, I hereby invite you to join our constellation Pavilion and become an appraiser. If you agree, follow me back to the constellation Pavilion Now!”

Su Yu smiled bitterly. “Do you think that I still have the mood to join any faction?”

The old lady chuckled in astonishment. “It’s my fault for not thinking properly.”

She turned to look at Hong Lei, then at Li Qiankun, then at her surroundings, “Master Xue, the Twin Stars Island is a small place. You’re only staying here to settle down. When I find a place for the Xue family to settle down, I’ll invite them to the chaotic stars island of our Star Pavilion. How about it?”

Su Yu was expressionless. The old woman thought for a moment, “Master Xue, don’t worry. Since I’ve invited the Xue family to settle down on the chaotic stars island, I’ll naturally arrange for them. How about this? I’ll ask the chaotic stars King to withdraw and leave the chaotic stars island to the Xue family to manage from now on?”

Because the chaotic stars island was filled with extremely flourishing black market transactions, it was the fourth-ranked island in the Jian Xuan Sea area.

Now, they had actually handed such an island over to the Xue family to manage!

Most importantly, what supported them was the mysterious and terrifying star pavilion!

Even the people of the Jian Xuan would never dare to provoke them again!

Hearing these words, Tian Zhenyuan and Hong Lei’s expressions changed.

How could Hong Lei allow the Xue family to stand out? He said unhappily, “Senior, the forces in this sea area belong to our sword pavilion after all. Only our sword pavilion can decide who goes and who stays. I hope that senior won’t let us...”

A cold light suddenly pierced through Hong Lei’s soul.

It was the old woman's gaze, cold and sharp, filled with the ruthlessness and majesty of a superior.

"Before you speak, shut your mouth!" The old woman said coldly.

That expression was the complete opposite of Su Yu's amiable and amiable manner when he spoke!

Hong Lei's entire body shivered, and fear filled the depths of his heart.

He had a feeling that the old man in front of him would kill him with a single thought, regardless of whether he was a special envoy of the Sword Pavilion.

Everyone kept quiet out of fear. Only then did the old woman put away her cold expression. She looked at Su Yu gently and said, "How is it?"

Su Yu shook his head and said, "Nothing much!"

The old woman was surprisingly patient, she said kindly, "Young Master Xue, are you not satisfied with the chaotic stars island? If you are interested in the number one island in the Jian Xuan Sea area, the central island, I can ask Jian Ruxiong to consider it and give this island to your Xue family."

Everyone was numb. They only had endless respect for this mysterious old woman who didn't know her identity.

Su Yu said, "Senior, our Xue Clan has always risen from the ground. Twin Star Island is the birthplace of our Xue Clan, and we can not afford to lose it."

The old woman was taken aback. She did not expect that the other party's request would be so... simple! !

Her heart calmed down greatly, and she chuckled. "Isn't that easy to say? After I find them, I will immediately invite them back! If anyone dares to make things difficult for them again, HMPH HMPH, you should first ask this old woman first!"

Li Qiankun's heart sank to the bottom, and a shadow of the sky falling covered his heart.

A force supported by the Star Pavilion had made a comeback. would there still be a place for the Li family to stay?

Unexpectedly, Su Yu did not appreciate his kindness and said, "Find Them? Why do you need to find them with me, senior? Whoever chased them away, invite them back! Whoever caused the Xue family to lose their property, the loss will be repaid tenfold!"

Without thinking, the old woman looked at Li Qiankun and Hong Lei with a smile and said, "Did you hear that? Aren't you going to do it?"

Hong Lei could not accept it.

He was the one who drove the Xue family away. Now, he could not lower his head and invite them back.

Gritting his teeth, Hong Lei said, "Senior, I am the Special Envoy of the Sword Pavilion. I am afraid that I can not do something that would damage the honor of the sword pavilion without the approval of the higher-ups!"

The old lady replied calmly, "Then, why are you able to make the decision to change the deadline and expel the Xue Clan? I'll ask you one last time. Will you do it or not?"

Hong Lei felt immense pressure, but he still stubbornly asked, "May I know who senior is? If you are just an appraiser, I'm afraid that I won't be able to accept your orders!"

The Sword Pavilion was still Hong Lei's confidence. He didn't believe that the other party would dare to kill him so easily with the identity of the Sword Pavilion!

Even the renowned appraisers of the Star Pavilion had to be wary of the existence of the Sword Pavilion!

The old lady smiled and said, "I am not an appraiser. I am just an old fellow who is dying of old age in the Star Pavilion."

Hong Lei said, "Then you should have a name, right? Maybe I just happen to know it?"

The old lady held her walking stick in her hand and chuckled. "It is indeed possible for you to know my name. My name is Mu Canghai."

Mu Canghai? Hong Lei was stunned. "What a familiar name. I think I've heard it before!"

While he was still in a daze, Li Qiankun cried out in shock, "Mu... Canghai, the Pavilion Master of the Star Pavilion, Mu Canghai?"

Boom --

Instantly, it was as if tens of thousands of Thunderbolts bombarded Hong Lei's mind.

Mu Canghai, Mu Canghai. Wasn't the name of the Pavilion Master of the Star Pavilion Mu Canghai?

Could it be that the one who personally ran errands and invited Xue Yu to join the Star Pavilion was the Pavilion Master of the Star Pavilion?

The old woman Mu Canghai nodded slowly. "If the Star Pavilion doesn't have a second person named Mu Canghai, then the pavilion master is indeed me."

Hiss --

Everyone sucked in a breath of cold air!

The Pavilion Master of the Star Pavilion had personally descended to Twin Star Island!

In terms of status, even the high and Mighty Master of the Sword Pavilion was far inferior to the Pavilion Master of the Star Pavilion!

When the two sides met, the Master of the Sword Pavilion would definitely bow and never dare to be negligent!

It was rumored that back then, when Jian Ruxiong established the sword pavilion and unified this sea area, he had the support of the Star Pavilion, which was why the other competitors were unwilling to give up.

When the sword pavilion saw the Master of the Star Pavilion, it would definitely bow.

In a sense, the star pavilion was above the sword pavilion!

Tian Zhenyuan, who was watching from the side, felt his scalp tingle. A small twin star island actually attracted such a powerful figure!

But on second thought, he secretly gloated over the other party's misfortune.

Didn't you, Hong Lei, Act recklessly due to the trust of the Young Master of the Sword Pavilion? Now, let's see how you'll end up!

He could almost imagine the expression on the master of the Sword Pavilion's face when he learned that his men had acted recklessly and offended an appraiser whom the master of the Star Pavilion had personally invited.

He could even imagine what would happen to Hong Lei when he returned.

He was dead for sure!

Hong Lei's legs trembled, and he collapsed to the ground like a deflated balloon. His face was as pale as paper, and his entire body was trembling non-stop.

Li Yue's eyes were filled with disdain as she muttered, "Outwardly strong, but inwardly weak!"

Mu Canghai clasped his hands behind his back and said unhappily, "Why? Do you want me to invite you to look for him?"

The same words could be said by people of different statuses. The weight of the words was vastly different!

Hong Lei's entire body became alert. He quickly crawled up and said in panic, "Senior, please spare my life. This junior will go now. I will go and invite them back now!"

With a Whoosh, Hong Lei's soul emerged from his body and ran into the vast sea, searching for traces of the Xue family.

"And you, let's go and look for them together." Mu Canghai glanced at Li Qiankun.

This glance almost scared Li Qiankun out of his wits. He hurriedly said, "Yes, yes, yes. This junior will lead the entire clan to search for them."

"Everyone from the Li clan, follow me to the Sea of constellations and search for the Xue Clan!" Li Qiankun roared. He led his clansmen into the vast sea of constellations to search for traces of the Xue Clan.

Li Yue was among them. When she passed by Su Yu, she stuck out her tongue playfully at him.

As a member of the Li family, she was very happy to see the members of the Li family suffer.

Su Yu smiled.

Mu Canghai saw it and said, "Why? Do You Like That Girl? Why Don't I act as a matchmaker and let her marry you?"

Su Yu said, "Senior has misunderstood. It's just a friendship."

This conversation was not hidden and many people heard it.

Li Yue herself was expressionless, but many of her clansmen secretly remembered it.

Returning to the empty Xue residence, Su Yu did not feel that there was any harm in rejecting Mu Canghai's promise.

The bigger the quantity, the bigger the meal.

Chaotic Star Island was good, but there were all sorts of people running rampant there. How could the Xue family, which had lost its vitality, have the ability to control them?

Relying on the Star Pavilion was a way out, but the problem was that there had never been a foundation that would not collapse. If the Star Pavilion fell out one day, the Xue family would definitely suffer a strong backlash. At that time, it would not be a good situation, instead, it would be a bloody massacre!

As for the central island, it was even more unrealistic.

Only the Twin Star Island, where the enemy was neither strong nor weak, could stimulate the Xue family to keep pushing forward without suffering a full-scale backlash.

If they had to occupy more territory, they would have to wait until many years later, when the Xue family's power exploded.

On the other side of the Xue family.

Mu Canghai stood in front of a dilapidated lotus pond. A strange gray shadow appeared beside her.

"Pavilion Master, is this person really worthy for pavilion master to have a falling out with Jian Ruxiong?"

Mu Canghai said indifferently, "This is Lord Hu's intention. I'm just following his orders!"

Her words were cold, and she didn't care much about money.

"Then, after this child enters the constellation Pavilion, how should we treat him?"

Mu Canghai's old eyes were filled with a deep coldness. "It's very simple. We'll test him first. If he passes, we'll treat him as an appraiser."

"What if he doesn't Pass?"The gray figure asked.

Mu Canghai's face was filled with coldness. "Then, I believe that he and the Xue clan aren't far from death."

The gray figure nodded.

If he didn't pass, he wouldn't be able to enter the constellation Pavilion. Even if they didn't make a move, there would still be people who would spare no expense to kill them

For example, the Li clan and Xue Lei!
