Chapter 1601 The Xue Clan Was In Exile

The Sea of constellations was boundless. The Xue Clan had disappeared overnight. Finding them was easier said than done?

The Li clan had mobilized their entire clan's forces to search the four seas for seven days and seven nights, but to no avail.

Helpless, they had to expend thirty percent of their treasure trove's money and mobilize all the living beings on twin stars island to search for traces of the Xue Clan.

Only then did they finally have a lead on the Xue clan.

Several living beings saw with their own eyes that the Xue family was heading towards the southeast sea.

The southeast was the direction of Murong Island!

Li Qiankun suddenly came to a realization. "I should have known that they would defect to the Murong Family."

Not only were Murong Feng and Xue Yuntian old friends who had known each other for many years, but they had also recently signed a marriage contract and became allies.

The Xue family had nowhere to go, so it was reasonable for them to temporarily defect to the Murong family.

"Leave ten elders to look after the family. The rest of you, follow me to Murong Island!" Li Qiankun said.

He looked at Hong Lei, who had a reluctant look on his face. The bigger this matter became, the more embarrassed he would be.

But with the star pavilion master, Mu Canghai, he dared to say no?

In the Xue family's mansion, Su Yu watched them leave and said, "Pavilion master, thank you for upholding justice for the Xue family. If there's anything you need from me, feel free to ask."

Mu Canghai had lowered his status to come here because he had been waiting for this sentence.

She smiled amiably and said, "Master Xue is serious. I only have the ability to cherish you. I would like to invite you to join our Star Pavilion and become an appraiser."

Su Yu resisted slightly in his heart. He did not want to be too distracted and say anything else. However, the Star Pavilion had done him a favor, and he would definitely repay it.

"Sure. It's just that I hope that after joining the Star Pavilion, I will have the time to cultivate on my own," Su Yu said.

Unexpectedly, Mu Canghai was extremely easy to talk to. He said, "Hehe, don't worry, Master Xue. If you don't have time to work in the Star Pavilion, you can take on an empty position. If the Star Pavilion needs you one day, it's not too late to ask for your help."

Su Yu's heart relaxed, and he revealed a happy expression. "Thank you, pavilion master, for your understanding!"

Actually, he was a little puzzled.

It was understandable that the star pavilion would treat him with pity. However, to allow him to take up an empty position so easily after so much effort, wasn't this a little contradictory.

"Hehe, before the Xue family is found, you should follow me back to the Star Pavilion and go through the formalities. As long as you become an official appraiser of the Star Pavilion, even if you are only an empty position, you will be able to enjoy the same treatment as other appraisers," mu Canghai said.

Su Yu nodded. "I will listen to Senior's arrangements."

Three months later.

In the waters of Murong Island, the Li family had been traveling day and night. Finally, they had arrived in the vicinity.

"Yue'er, go and check out the situation on the island. Is the Xue family still there? There are so many of us. If we were to recklessly board the island, it will inevitably cause misunderstandings among the Murong family and a war will break out," Li Qiankun said.

Li Yue nodded her chin and went onto the island alone.

Murong Mansion.

In a remote courtyard, there lived a group of people who were not members of the Murong family. There were seven to eight thousand of them, old, weak, sick, and disabled.

They looked exhausted, as if they had gone through a long journey.

There was no light in their eyes. They seemed to have lost hope for the future.

"Sigh, I really didn't expect that our Xue family would one day live under someone else's roof," an injured senior said bitterly as he leaned on the bluestone in the courtyard.

The other senior Elder's eyes were dim as he forced himself to get up and said, "We're only temporarily protecting Murong Island to replenish our sea-going resources. After we've replenished them, we'll leave. We won't take a single cent from the Murong Family!"

In the courtyard, a middle-aged man with a complicated expression sighed in a corner.

His expression was filled with complexity and guilt.

Shua --

A figure descended. It was the Green Leaf Elder. He came before the middle-aged man and handed him a spatial storage ring. He said, "Clan leader, I've only replenished half of the seafaring resources."

Xue Yuntian took it and was silent for a moment before saying, "The Murong family didn't say anything bad to you, did they?"

The green leaf elder forced a smile, but it was a smile that didn't mean what he said. "How could they? No matter what, they're still a force of the alliance. They didn't say anything bad."

Indeed, they didn't say anything bad, but the way the entire Murong family looked at them was like they were looking at a down and out dog.

The hurt in their eyes was far deeper than the hurt in their words.

Xue Yuntian said, "Let's make it half. It's enough for us to sail for three months to reach the dark mysterious island at the edge of the wilderness. We will think of a way to replenish our resources there."

Senior Qing ye smiled bitterly. Maritime resources were precious resources to any island.

Usually, they were stored as strategic resources and would not be sold to outsiders easily.

With their relationship with the Murong family, they could only obtain three months worth of sea resources. Would the mysterious Underworld Island really give them?

It was likely that they would have to resort to forceful methods at that time. It would inevitably lead to a big battle.

Senior Qing ye hesitated for a long time and said, "Clan leader, have you really considered this matter?"

Xue Yuntian raised his head and looked at the pale and lonely clouds, revealing a helpless expression, he laughed self-deprecatingly, "Do we still have a choice? "It is extremely dangerous to head to the desolate land to open up a new territory. Whether we can succeed or not is uncertain. Bringing those old and weak will only harm them for nothing. It is better to leave them in the Murong Clan."

"If we are unfortunate and all die in the desolate land, then there is still a portion of the Xue clan's flame seed left in the world."

"If our foundation is stable, then it wouldn't be too late to come back and pick them up."

The green leaf elder said, "This is indeed the best way to achieve the best of both worlds. However, can the Murong family agree?"

Xue Yuntian stood up and dusted off the accumulated dust on his shoulders. He said, "As long as they can tempt the Murong family, there is no reason for them not to agree."

He slowly walked away as if he was facing an execution ground. He was absolutely miserable.

He wanted to negotiate with the Murong family.

Tears rolled down the Green Leaf Elder's face. He knew that with this trip, Xue Yuntian's last shred of dignity would be trampled clean.

The magnificent living room was crowded with people, and the core members of the Murong family were full of liveliness and excitement.

Only Xue Yuntian sat alone at the side, enduring many pitying, sneering, pitying, and contemptuous gazes. He listened to all kinds of discussions.

“The clan leader has arrived!” A light shout came from outside.

Murong Feng led the ten great elders of the clan and walked over one after another.

Xue Yuntian stood up and took a few steps forward, bowing and bowing, as if he was one level lower than the others.

Murong Feng’s gaze was complicated. After so many years of friendship, he had never thought that Xue Yuntian would one day fall into such a state. He could not bear to help him up and said, “Brother Xue, please take a seat.”

After the guest of Honor took his seat, Murong Feng said, “Brother Xue has invited us to discuss something important. May I know what it is?”

He stood up and cupped his fists. Xue Yuntian said, “The Xue family has been here for three days. We have disturbed you all. We are here today to ask for your resignation.”

Hearing this, the elders were still able to remain calm.

The rest of the clansmen were more or less relieved.

“You scared me to death. I thought the Xue family would stay with the Murong family and not leave.”

“Fortunately, they have some self-awareness. If they don’t leave now, our Murong family will become a joke!”

“That’s true. I really don’t know what we were thinking in the past. Why would we form an alliance with such an unlucky force? Even our Murong family is looked down upon by others!”

“It’s good that they left. If they don’t leave now, I won’t be able to bear it. I might have to chase them away myself!”

“Hehe, you’re not the only one who can’t stand it. A few elders couldn’t hold it in and secretly said that if the clan leader dared to take them in, the elders would join hands to refute and expel them!”

..

The hall was in an uproar. They discussed without any reservations, as if no one from the Xue family was present.

“Quiet!” Murong Feng frowned and shouted.

When the hall was quiet, Murong Feng threw an apologetic look at Xue Yuntian and said, “I didn’t teach you well. Brother Xue, don’t Mind Me!”

“It doesn’t matter.”Xue Yuntian’s face was expressionless, but everyone could feel his sadness at this moment.

Murong Feng said, “Brother Xue, why are you in a hurry to leave? Our two clans are in an alliance. One will prosper while the other will suffer. Why don’t we stay on Murong Island and develop Murong Island together? What do you think?”

He really couldn’t bear it. His good friend of many years had led his clansmen to destruction.

How could the territory of the Savage Land be developed so easily?

If it was so easy, why were so many forces stationed in the Jian Xuan Sea Area?

It was because the savage land was too dangerous. Even the Jian Xuan didn’t dare to explore it so easily.

The Xue family wouldn’t be able to return this time.

Xue Yuntian’s eyes were filled with gratitude. A friend in need was a friend indeed.

But he still chose to refuse. “Thank you for your kindness, brother Murong. We don’t have the face to bother you anymore. I appreciate your kindness.”

As the head of the family, he knew very well that the head of the family was concerned about the entire family and not his personal feelings.

The tensed faces of the ten elders relaxed slightly. They secretly thought that Xue Yuntian knew his place.

Murong Feng sighed and said, “Brother Xue, have you really thought it through? The Savage Land is not like the Jian Xuan Sea area. There are countless star Beast Kings. It’s extremely dangerous!”

“Therefore, I have a presumptuous request.”Xue Yuntian said, “I will lead the experts of the family to expand their territory. If the old, weak, and disabled people of the family go with me, they will die in vain. I hope that brother Murong can take them in.”

Hearing this, the whole place was in an uproar.

“What? Is he crazy? Our Murong clan doesn’t owe them anything, so why should we take care of the old, weak, and disabled people for them!”

“Humph, Humph, Humph, Humph, it’s ridiculous! I thought Xue Yuntian knew his own limits, but I didn’t expect him to reveal his childish side right away!”

“I absolutely don’t agree. Why should we take care of them! If you want to get lost, get lost!”

..

“Silence!”Murong Feng shouted softly, suppressing the discussion.

He looked at Xue Yuntian and asked, “Brother Xue, how many people do you want to leave behind?”

If there weren't many people, he would stay even if it was against the public opinion.

Xue Yuntian said, "I will only take the strongest one hundred people from the family. The remaining seven thousand family members will all get rid of the Murong family."

"This..."even Murong Feng was troubled. In fact, with the wealth of the Murong clan, they could afford to support more than seven thousand people even if they gritted their teeth, but the clan would never agree!

Seeing that the whole place was about to explode again, Xue Yuntian said, "Naturally, I won't let the Murong clan take care of them for no reason."

After saying that, he took out one hundred mysterious alien divine arts books and said, "These are one hundred translated alien divine arts books. I believe everyone in the Murong clan should know their value."

Alien Divine Arts? There were many alien divine arts circulating in Murong Island. However, just like the Twin Stars Island, there was a lack of translation talent, so they could only stare at it without touching it.

Chapter 1602 I Beg You To Go Back

An elder took a book and flipped through it. His eyes were filled with joy. "Giant Qilin Race's divine art, Fire Cloud Mantra! Hiss, this item is not to be taught to outsiders in the giant scale race!"

Hearing this, everyone started to absorb it. After flipping through it, they were all pleasantly surprised.

"Heaven Devouring Seven Arts!"

"Star River Seal!"

"Nine steps of coiling snake!"

..

Just a moment ago, they were still looking down on the scene, but in the blink of an eye, they were replaced by pleasant surprise.

Murong Feng had also flipped through a few books, and his eyes revealed a look of surprise. He had never known that the Xue family actually hid so many profound divine arts from other races.

If the Xue family trained all of them, their overall strength would have a qualitative leap!

He said, "Brother Xue, these are..."

Xue Yuntian thought of Su Yu, and a trace of guilt rose in his heart. He said, "A few months ago, an expert descended from the Twin Star Island. He was proficient in the languages of the various clans and translated them on the spot."

Only then did Murong Feng feel relieved. If the Xue family had really cultivated these divine arts, they would not have fallen to such a state.

"Brother Xue, are you really going to gift these things to the Murong Family?"Murong Feng's palm was heavy.

Xue Yuntian nodded. "I wonder what the Murong clansmen think? If it's possible, I'll use these one hundred pagan divine arts as a condition to ask you to take care of the old, weak, and disabled of the Xue family."

After receiving such a great benefit, whether it was the elders or the ordinary clansmen, they were so happy that they could not close their mouths and agreed readily.

At this point, the last part of Xue Yuntian's heart was gone.

"Thank you all for your help!" Xue Yuntian bowed, his heart filled with mixed feelings.

Murong Feng sighed, "Brother Xue, I will take good care of the members of the Xue family for you!"

"Wait!" A clear and beautiful voice sounded.

From outside the hall, a beautiful figure hurriedly ran in. It was Murong Qingcheng.

Murong Feng frowned, "Who allowed you to come?"

He had already punished Murong Qingcheng to face the wall and reflect, but who would have thought that she would run out.

Murong Qingcheng argued with reason, "Master, this concerns my lifelong happiness. I can not leave my seclusion. After this, I will allow master to punish me!"

She turned her eyes to Xue Yuntian and said, "Uncle Xue, do you know who I am?"

Xue Yuntian glanced at her and saw that this woman was extremely beautiful. His heart moved and he knew who she was. He smiled warmly and said, "It's Miss Qingcheng, right?"

Murong Qingcheng replied with a cold face, "It's good that you know! Your Xue family is about to die, shouldn't you cancel the engagement?"

Xue Yuntian's expression changed slightly and revealed a bitter smile.

This shabby ship of the Xue family was about to sink. It would be strange if Murong Qingcheng did not immediately cut ties with them.

Xue Yuntian said sincerely, "Miss Qingcheng, the Xue family may be useless, but Xue Yu... his future achievements will be limitless. As an elder, I sincerely advise Miss Qingcheng to think twice before acting."

"Limitless? Hehe, the Xue family is already dead, can one Xue Yu turn the sky upside down?" Murong Qingcheng sneered, "With his little talent, without the protection of any force, it will only make him die faster."

"Finally, I respectfully call you uncle Xue. If you really want my good, then right now in front of everyone, cancel my engagement with Xue Yu, and don't drag me down again!" Murong Qingcheng said.

Regarding this, the ten elders expressed their support in silence.

Only Murong Feng coldly shouted, "Murong Qingcheng! If you dare to be impudent again, I won't forgive you..."

At this moment, Xue Yuntian waved his hand and stared at Murong Qingcheng. His eyes were filled with pity and sympathy as he said, "You and I have both made the same mistake, a mistake that we regret for the rest of our lives -- underestimating Xue Yu!"

Because he had underestimated Su Yu, Xue Yuntian had not used Su Yu to search for the starlight grass for a long time.

If he had been allowed to leave the mountain earlier, the Xue family would not have suffered such heavy casualties. The starlight grass would have been gathered long ago, and the Xue family would definitely not have ended up in this situation.

He looked at Murong Qingcheng as if he was looking at himself, who was filled with remorse and self-blame from yesterday.

"Alright! Uncle has agreed to break off the engagement with you." Xue Yuntian took out the document and tore it to shreds in public. He stared at Murong Qingcheng and said, "I hope you won't regret it."

Murong Qingcheng saw this and smiled as if she had been relieved of a heavy burden. She laughed and said, "Regret? No! I can only marry Tuoba Lun after I get rid of him. How can I regret it?"

Xue Yuntian sighed and walked out of the hall without saying a word.

Under the gazes of many people, Xue Yuntian felt as if a ray of light was on his back.

His final dignity was trampled on in this hall.

"Hehe, Goodbye, Murong clan members..." Xue Yuntian's back was facing the crowd as he gave an aged smile.

This smile was perhaps a farewell.

However, Xue Yuntian suddenly stopped in his tracks as he looked into the distance with a frown.

Murong Feng's expression also changed slightly as he suddenly flashed out of the hall and stood at the door. He looked out side by side with Xue Yuntian as he said in a solemn voice, "Enemy Attack! Elders, get ready for battle! Ordinary clansmen, enter the facilities to hide!"

His grand voice spread throughout the Murong family.

The mansion was instantly filled with activity.

In the distance, a mass of dark clouds rolled over like a huge army.

The dark clouds emitted powerful auras.

Especially, there were two auras that were comparable to the world paragons of the first level heavenly cave abode, causing Murong Feng's expression to become extremely heavy.

When the dark clouds drew closer and saw the person in front of them clearly, Xue Yuntian and Murong Feng were both shocked.

“The Li family from the Twin Stars Island?”The two of them said in unison.

There was no reason that Murong Feng didn't know Li Qiankun and the important elders of the Li family.

Murong Feng had never seen that Hong Lei before.

Xue Yuntian was even more angry and laughed. He never thought that the Li family would come all the way here to kill them!

How could the Xue family hurt the Li Family? Was it worth for them to kill them all and even kill their way into the Murong Island?

The elders of the Murong family gradually recognized the origin and were all shocked.

In the Jian Xuan Sea area, it was rare for two islands to be fully developed. The Li family's large-scale invasion was really beyond their expectations.

However, they came back to their senses and looked at Xue Yuntian.

Without a doubt, the Li family was coming for the Xue family.

“Xue Yuntian! What a great deed you've Done!”

“Why don't you take your clansmen and get the hell out of Murong Island? Are you really going to watch my clansmen fight for the Xue family for no reason?”

“Take your alien divine art and get the hell out of here. The Murong family can't afford to take care of your clansmen!”

..

Even Murong Feng was caught in a dilemma.

Was he really going to fight with the Li family for the sake of the Xue Family?

Even if he lost a member of the Murong family, it would be an irreparable loss!

“Brother Murong, there's no need to make things difficult for us.”Xue Yuntian smiled. His smile was full of relief. “It's our Xue family that has run out of time. The Xue family has no face to implicate the Murong Family!”

He slowly walked out and took a deep breath. His eyes suddenly became sharp as he shouted, “Where are the members of the Xue Family?”

The people of the Xue family who saw this scene knew that the moment of destruction had arrived. Instead, they mustered up their courage and soared into the sky, regardless of whether they were old, weak, or disabled, and followed Xue Yuntian out of Murong Island.

Murong Feng's face was filled with shame and could not bear it. He said to the cold people of the Murong family behind him, “You... forget it. I will not be the head of the family anymore. In my own name, I will send my good friend on his last journey!”

He threw down the family head token and rushed over, standing shoulder to shoulder with Xue Yuntian.

Xue Yuntian was moved. "Brother Murong, you..."

Murong Feng laughed bitterly. "You and I have known each other for many years. Let me send you off one last time."

This should be the last time they fought side by side!

Tears rolled down Xue Yuntian's eyes. He laughed with vicissitudes of life, "Hahaha, I will die without regrets!"

He shouted at the dark clouds, "Li family bastard, if you want our Xue family to die, don't even think about it!"

With a roar, he pounced on them.

Li Qiankun, who was rushing over, was shocked and quickly said, "Brother Xue, brother Xue, please wait! You've misunderstood, I'm here to invite you back!"

UH --

The sky above Murong Island was strange for a short while.

The people of the Xue family, who were originally prepared to face death, were suddenly petrified on the spot.

Invite them back? Where to?

Xue Yuntian was also stunned. He was a little dumbfounded, but he quickly understood. He laughed angrily and said, "Li, do you still want to use schemes and tricks until now? Die!"

Li Qiankun and Xue Yuntian were about to die together. How could they dare to fight head-on? He hurriedly said, "Brother Xue, I'm really here to invite everyone back to Twin Stars Island. You have to believe me. Hey, Hey, hey, Brother Xue, don't fight..."

With a loud sound, Li Qiankun was slapped until he vomited blood.

He didn't fight back. He went behind Hong Lei and said, "Envoy Hong, hurry up and say it. Now is not the time to play dumb!"

Hong Lei originally wanted to hide in the crowd. He definitely didn't want to come out at this time and embarrass himself.

Unexpectedly, Li Qiankun still pushed him out.

With a gloomy face, Hong Lei glared at him and walked out unwillingly.

When he looked at Xue Yuntian, that arrogant face actually forced out a smile and stammered, "Xue... clan leader Xue, what he said isn't wrong. You Don't trust him, so you should trust the special envoy of Jian Xuan, right?"

Xue Yuntian was stunned.

From the moment Li Qiankun only parried and didn't retaliate, Xue Yuntian already sensed that something was wrong. Then there was Hong Lei's defeated expression, and he couldn't help but be surprised.

Based on his understanding of Hong Lei, he knew that Hong Lei was a person who cared a lot about his reputation. He would never lower his status just for the sake of a strategy.

He stopped his attack and said coldly, "Li, what kind of trick are you playing?"

Li Qiankun rubbed his chest that was in great pain. He smiled bitterly and said, "It's just what it says. We have specially invited you and the Xue family to return."

Xue Yuntian was stunned. What exactly was going on?

He looked at Hong Lei and said, "Special Envoy Hong, you forced us to leave Twin Star Island. What explanation do you have now?"

Hong Lei felt uncomfortable under the attention of the entire crowd. However, when he imagined mu Canghai's threat, the soles of his feet felt cold, he said, "This special envoy... En, that was not handled properly. I realized that I made a mistake, so I specially came to invite Patriarch Xue and my clansmen to go back..."

"Humph!" Xue Yuntian harrumphed coldly and interrupted them, "If you don't explain clearly, don't even think about us returning! Who knows what kind of tricks you have up your sleeves? You might even be lying in wait for US along the way. Rather than that, why don't we perish together with You Now!"

The two of them were embarrassed, and neither of them had the face to say anything.

In the end, it was still Li Qiankun who brazenly replied, "It's your son! He has become an appraiser of the Star Pavilion! The Pavilion Master of the Star Pavilion has personally stepped forward!"

Li Qiankun's face was filled with bitterness as he pleaded, "Brother Xue, I beg of you, please return quickly. The lives of my entire family depend on you!"

Caw Caw --

A crow flew past, and its loud cries reverberated in the dead silence of Murong Island.

Chapter 1603 Unbeatable

What What? The young master of the Xue Clan has become an appraiser of the Star Pavilion?

Fine, it's still the elusive Star Pavilion Master himself!

If not for the stern look on envoy Hong's face, they would have suspected that Li Qiankun was telling a serious joke.

Putting aside the strict requirements to become an appraiser of the Star Pavilion, just the appearance of the Star Pavilion Master was already like a legend.

"It's true!" Hong Lei's face was sullen. He forced a smile and clasped his hands toward Xue Yuntian. "Clan Head Xue, I implore you to return for the sake of the sword pavilion. My life is in Clan Head Xue's hands as well!"

The entire hall was still deathly silent.

It was actually true!

Putting aside the outsiders who were dreaming, even the members of the Xue clan were dumbstruck. Their minds were completely blank.

Xue Yuntian was the first to accept the reality. He already knew that Su Yu was no ordinary person.

But even so, he was still stunned for a long time.

After a long time, everyone from the Xue family regained their senses.

Senior Qing ye was so excited that his entire body was trembling. He did not even care about Li Qiankun, who was hostile just a while ago. He went up and grabbed his hand. His eyes emitted a burning gaze as he said, "You said that young master has become an appraiser of the Star Pavilion?"

Li Qiankun replied dejectedly, "Yes."

"Haha, Hahaha, hahahaha..." senior Qing ye laughed wantonly. His laughter echoed throughout Murong Island.

The others could not help but shout in excitement. They hugged each other, cried bitterly, and laughed loudly. They told each other about the ups and downs of their lives in the past half a year.

"Heavens have pity on us! We can go back now!"

"After we go back, I will definitely change my past and work hard to cultivate. I will definitely not suffer today's humiliation!"

"Hehe, the heavens have given us a chance to do it all over again. Our Xue family will not repeat the same mistake again!"

..

Everyone was excited.

Senior Qing ye was still laughing loudly.

"Look, how Happy Senior Qing Ye is laughing?"

"Wait, why is his body twitching? Ah, he is still spitting!"

"Oh no, senior Qing ye can't Stop Laughing. Hurry up and knock him out, hurry up!"

Bang --

Following senior Qing ye's fainting, the scene finally quieted down.

Two streams of tears rolled down Xue Yuntian's cheeks as he bowed towards the direction of the Xue family, "Ancestors of the Xue family, we're back!"

Li Qiankun and Hong Lei both heaved a sigh of relief. At last, it was time to make amends.

After a brief moment of shock, Murong Feng was genuinely happy for his old friend. He burst into laughter and said, "Congratulations, brother Xue. It seems like I have to send you on your last journey. I wonder how long I'll have to wait. Hehe..."

Xue Yuntian burst into laughter as well. "Isn't it all because of my son's hard work?"

Xiu Xiu Xiu Xiu --

The ten elders of the Murong clan flew over in unison and congratulated, "Congratulations, Clan Head Xue. Your son has joined the constellation Pavilion and become an appraiser. I'm afraid that no one will dare to provoke your Xue clan in the future!"

"Haha, Congratulations! Our Xue and Murong clans should move around more in the future. We can't be estranged just because of the distance, right?"

"That's right! Our two clans have been on good terms for over a hundred years!"

They giggled and complimented, as if they weren't the ones who had revealed their ugly and cold-blooded behavior.

Murong Feng saw this and secretly shook his head. However, he naturally hoped that the Murong family could continue to maintain a good relationship with the Xue family.

After thinking for a while, he took out the alien divine arts from before and handed them back to Xue Yuntian. He said, "It seems that the Xue family doesn't need the protection of the Murong family. The deal is invalid. I'll return these Divine Arts to you."

To be honest, he was a little reluctant.

He could feel the significance of these divine arts. As long as he gave the Murong family time to finish cultivating these divine arts, their overall strength would skyrocket.

Now, he could only retreat.

Unexpectedly, Xue Yuntian waved his hand and withdrew the Divine Arts. With a calm expression, he said, "Brother Murong, please accept it. For the past three days, the Murong family has taken care of us and repaid us with half of the sea-going resources."

Sensing the hidden meaning in his words, Murong Feng's face tightened as he said, "Brother Xue, what do you mean by this?"

Xue Yuntian expressionlessly looked around at the elders who were smiling apologetically and those Murong clansmen who were flattering him, he said, "If the Murong family is met with misfortune one day, brother Murong can lead your clansmen to the twin stars island. On account of our friendship, I will definitely take care of them for you. HMM, I won't ask for any benefits from you."

"As for the alliance between the two clans, I think it should end here." Xue Yuntian said tiredly.

The faces of the Murong Elders and the Murong clansmen stiffened, and their words were stuck on the spot.

The strange thing was that they didn't have any power to retort. They couldn't even find a reason to hate.

Because they had used their actions to cut off the alliance between the two clans. They had also taught Xue Yuntian what the Xue clan should do when the Murong clan had such a day.

Murong Feng said anxiously, "Brother Xue, please don't lower yourself to their level. Our two clans..."

Waving his hand, Xue Yuntian sighed and patted him on the shoulder, he said, "Good brother, if someone does something bad to you, I will fight side by side with you at all costs! However, I am very sorry about the Murong clan. Brother, I really can not find a reason to help them."

Murong Feng could not refute him. He turned around and glared at them.

I'll let you watch them die and not save them! You're Heartless and heartless! Now it's all good. The Xue family is prosperous. You Can't even climb up to them if you want to!

One could imagine how much benefits the Murong family would gain if they maintained their previous alliance status?

At least for one day, whoever dared to touch the Murong family would have to consider the Xue family and the Star Pavilion.

And Now? They would throw away this life-saving card themselves!

At this moment, he wished that he could beat these short-sighted fellows to death!

Xue Yuntian cupped his fists and said, "Brother Murong, Farewell!"

Murong Feng had mixed feelings. With a wry smile, he watched them leave.

"Uncle Xue, wait..." Murong Qingcheng carefully walked out from the crowd. Her expression was bashful, and it was the complete opposite of her previous aggressive stance.

Xue Yuntian stopped and asked, "Miss Qingcheng, what's the matter?"

Murong Qingcheng asked politely, "Uncle Xue, may I ask if the one who became the appraiser of the Star Pavilion is the eldest young master, Xue Lei?"

She subconsciously felt that Xue Lei was much more outstanding than Xue Yu. In terms of who was most likely to be chosen by the Star Pavilion, Xue Lei was the only one, right?

Xue Yuntian remained calm and said indifferently, "What do you want to say?"

A hint of shyness flashed across her face. Murong Qingcheng said, "Uncle Xue, you don't know. Xue Lei also has feelings for me."

The corners of Xue Yuntian's mouth curled up into a subtle sneer. He said calmly, "Oh? is that so? But Xue Lei has a family. There is no result between the two of you."

"That won't happen." Murong Qingcheng's face was "Redder". She said shyly, "I'm willing to be Xue Lei's concubine."

Concubines were the lowest level of existence in the Jian Xuan Sea region. It could be said that no ordinary woman would be willing to be his concubine.

An appraiser from the Star Pavilion and an appraiser personally invited by the Pavilion Master of the Star Pavilion had a bright future ahead of any young master of any force.

Even if she were to marry him as his concubine, she would still far surpass the young master's wife!

Murong Qingcheng was very clear on this point.

"Is that so?" Xue Yuntian said indifferently, "It's a pity that Xue Lei has already defected to the Xue family. Uncle is unable to make a decision for you."

Murong Qingcheng was taken aback. "Defected? Then who is the young master they are talking about?"

She pointed at Hong Lei and Li Qiankun.

Xue Yuntian said, "Uncle only has two sons. Which one do you think will join the Star Pavilion?"

Hearing this, not only Murong Qingcheng, but Murong Feng was also shocked. "Are you saying that the one who was really invited by the Star Pavilion is Xue Yu?"

Xue Yuntian smiled, his face full of glory.

"Impossible, how could it be him?" Murong Qingcheng screamed shrilly.

Xue Yuntian stopped smiling. He looked at him, shook his head, and turned to leave.

"Uncle Xue, I . . . I was confused for a moment. Can we re-sign the marriage contract?" Murong Qingcheng hurriedly called out to him and asked.

Murong Feng and the other elders' eyes lit up. If the engagement was still in place, the relationship between the two clans would definitely be maintained.

Unfortunately, Xue Yuntian did not even turn his head back, he said, "Miss Qingcheng, before you forced uncle to break the engagement, I already said that Xue Yu is different from the rest of our Xue Clan. His future is bright. If you insist on breaking it, you will definitely regret it. Now, it's too late to regret it. The current Xue Yu, does Miss Qingcheng think that she can still be worthy of him? Sigh, you should take care of yourself!"

As she watched the Xue clan leave, Murong Qingcheng's eyes went blank and she slumped to the ground.

The fiancé of an appraiser from the Star Pavilion was actually rejected by her!

Now, she wanted to renew the engagement, but she could no longer make it up to him.

All she wanted was to marry a young prodigy with a bright future, but in the end, she missed it and gained nothing.

"I refuse to accept this. I, Murong Qingcheng, want to be talented and beautiful. I don't believe that Xue Yu will reject me!" Murong Qingcheng stood up and gritted her teeth. "I want to ask Xue Yu Face to face!"

Murong Feng slowly closed his eyes. When he opened them again, they were covered with coldness. “You disgraceful thing! Kneel down now!”

A sharp murderous aura intimidated Murong Qingcheng so much that her legs went soft and she kneeled on the spot.

“If you hadn’t acted on your own initiative and rudely broke the engagement, the Murong family would now be backed by the Star Pavilion! “How much of the future of the Murong family has been ruined because of your selfishness?” Murong Feng could not calm down. “Tell me, who let you out from the wall? And who instructed you to break the engagement?”

Murong Qingcheng, who was supposed to be facing the wall and knew nothing about the outside world, had suddenly appeared. Someone must have secretly helped her.

Murong Qingcheng knew that she had caused a great disaster. Her face was pale and she did not dare to breathe loudly.

Murong Feng could not contain his anger. He swept his cold eyes across the crowd and locked onto senior Qingyun, who had a strange expression on his face. He said coldly, “It’s You?”

Senior Qingyun had never seen Murong Feng so angry. He gulped and said, “I, I also did not expect the Xue family to be able to turn things around. I also did not expect...”

Boom --

Murong Feng suddenly attacked and pierced elder Qingyun’s chest with his palm, almost killing him.

His fierce and ruthless cultivation shocked all the elders present.

“Elder Qingyun!” Murong Feng’s eyes were full of killing intent. “When Xue Yu was on the island, I warned you not to cause any more trouble! You turned a deaf ear and caused a huge disaster. The Murong family can no longer tolerate you! Take your precious granddaughter and get lost immediately!”

“Master, I...” Senior Qing Yun pleaded.

Murong Feng said coldly, “If you say one more word, don’t even think about leaving!”

Chapter 1604 The Body Of The Nine Gods

With fear in his eyes, master Qingyun left the Murong clan regretfully.

Murong Qingcheng was also ashamed. She supported her grandfather and left dejectedly.

“Grandfather, it’s Qingcheng’s fault. She only thought about herself and dragged you out of the clan.” At this point, Murong Qingcheng sobbed as if she had just woken up from a dream.

Master Qingyun stroked her hair and said, “Silly girl, it’s my fault. I made you miss out on a great marriage!”

Murong Qingcheng felt bitter in her heart. She looked at Murong Island, which was getting further and further behind her, and said, "Grandfather, where are we going? Why don't we go to the divine feathers clan? Taba Lun coveted my beauty, so he should take us in."

Qingyun priestess, who had once urged Murong Qingcheng to marry Taba Lun., he shook his head and said, "Taba Lun took a fancy to the Murong clan behind you, so he was willing to marry you. Now that you have been expelled from the Murong clan, Taba Lun will only treat you as a plaything."

Unexpectedly, Murong Qingcheng did not refute. As a member of a large family, she was well aware of the two words 'benefits'.

"Then who should we rely on? The world is vast, but there's no place for us to stay?"

However, the eyes of the honorable Sir Qingyun flashed with a bright light as he said, "Go and find Xue Yu!"

"Ah?" Murong Qingcheng was surprised, "Why are we looking for him?"

The Honorable Sir Qingyun smiled bitterly, "Do you think the clan leader spared our lives for what?"

With the mistakes they had made, they deserved to be punished even more severely.

"The clan leader wants... wants us to beg Xue Yu so that we can resolve the Xue family's resentment?" Murong Qingcheng was not stupid, she understood immediately.

Elder Qingyun said, "The person responsible for solving the problem must be the one responsible. If Xue Yu can forgive us, it is not impossible for the Xue family and the Murong family to rebuild their relationship. You must know that in the current Xue family, only Xue Yu has the final say!"

Murong Qingcheng's eyes gradually brightened. She gritted her teeth and said, "This matter started because of me. I will definitely beg for his forgiveness!"

Star Pavilion.

Su Yu followed Mu Canghai back to the chaotic Star Island.

Many appraisers from the star pavilion came to welcome her. "Welcome, Pavilion Master."

Mu Canghai nodded his head lightly. He did not look at her from the corner of his eyes and led Su Yu back to the Star Pavilion.

The managers and appraisers in the pavilion were all summoned to attend the meeting.

"I have been away for a few days. Is there anything urgent?" Mu Canghai asked. She looked at a middle-aged woman who was dressed in a palace robe with a respectful expression.

Her name was Yan Changhong, and she was the vice pavilion master that Mu Canghai had personally promoted.

The Vice Pavilion Master, Yan Changhong, bowed and said, "Reporting to pavilion master, there isn't anything urgent in the pavilion. However, there is a piece of news that we need to inform pavilion master about."

"Speak," mu Canghai said.

Yan changhong clapped his hands, and a few servants carried a badly mutilated body in.

"Reporting to pavilion master, in the past few months, there has been news of a strange creature eating people in the nearby sea area." Yan Changhong's expression was slightly serious. "It has happened in the vicinity of all the Big Islands. The victims are all like this, being eaten by some kind of ferocious spirit."

"This matter has caused panic among the people. No one dares to leave the island at will. As a result, the number of people who came to chaotic star island has decreased drastically, and business has become much more sluggish."

"I personally went to the nearby islands and asked for the body of a victim from the island master. However, after observing for a few days, I didn't know what kind of ferocious spirit had injured him, so I asked Pavilion Master."

Mu Canghai frowned slightly. "A ferocious spirit that eats people?"

She narrowed her old eyes and sized up the corpse. At first, her eyes were filled with confusion, but suddenly, she flicked her finger and hit a certain spot on the corpse.

A pitch-black tooth embedded in the rib bone shot out.

Mu Canghai's pupils constricted as he froze the tooth. Even with her strength, she couldn't help but have a solemn expression. "This is a secret technique that has been lost since the immemorial era, the body of nine gods!"

Hearing this, Yan Changhong's eyes revealed confusion. "Body of nine gods? Forgive my ignorance, but I've never heard of it."

Mu Canghai stared at his pitch-black teeth and said, "It's normal that you don't know. That was during the era of ancient God Nine Dragons. It's too far away."

"The body of nine gods is a powerful and unfathomable creature. It was born with the nine great beast souls of the absolute beginning era. It can rely on devouring the flesh and blood of other creatures to grow stronger. If ancient god nine dragons didn't subdue it, it would probably have grown to become as famous as the Taotie!"

Hearing this, Yan Changhong was shocked. "As famous as the Taotie? Then wouldn't our chaotic Star Island be in Danger?"

Mu Canghai shook his head. "That's not the case. From this missing tooth, the body of the nine gods should still be in the process of transforming. It can only be considered a baby body. Its

strength should be at the first heavenly cave abode's world paragon level. If we can find it, we can kill it in advance."

"But, the body of the nine gods has long disappeared along with the disappearance of the nine dragons ancient divine realm. Why did it suddenly appear again?"

Suddenly, she noticed that Su Yu's aura had changed slightly.

She looked to the side and saw a trace of shock on Su Yu's face. Her eyes flashed, and she said, "Master Xue, do you know something?"

Su Yu shook his head, and said, "This junior is only surprised at the power of the body of the nine gods."

In fact, he was shocked that the so-called nine gods body came from the nine Dragon Valley Divine Territory!

Could it be that other creatures besides him had also escaped from the Taotie's cage?

He could not help but recall that he had seen with his own eyes that some creatures had stepped out of the cage door.

He did not know if there was a nine gods body among them.

Moreover, speaking of the nine gods body, Su Yu thought of a person who was born with a nine spirits body!

Body of nine gods, body of nine spirits. The difference was one word.

Mu Canghai did not doubt it and said, "Don't worry. You are in the Star Pavilion. That body of nine gods definitely would not dare to invade."

Yan changhong sized up Su Yu curiously. She had been curious since the beginning. The Pavilion Master had left the star pavilion without saying a word. Why did he suddenly return today and bring back an ordinary young man?

"Pavilion Master, who is this young master?" Yan Changhong asked cautiously.

The others had already noticed Su Yu and asked one after another.

Mu Canghai revealed a smile and said, "Hehe, I forgot to introduce him to everyone. From today onwards, this young master will be our Star Pavilion's appraiser, Master Xue!"

What? Even Vice Pavilion Master Yan Changhong couldn't help but be shocked.

The selection of the Star Pavilion's appraisers was extremely strict. Only those who had achieved great success would be able to do so.

Before joining the Star Pavilion, which appraiser present here didn't possess an expertise that ordinary people couldn't match up to?

Given how young he was, could it be that he possessed the unique sword veranda sea realm's expertise?

Even though the crowd was doubtful, how could they dare to question the Pavilion Master? They all smiled and congratulated him.

Yan Changhong even smiled sweetly. “Haha, that’s really something to congratulate. To be honest, I’m tired of looking at the bunch of old men in the appraiser room. It just so happens that a handsome young man has arrived.”

Her teasing words made everyone laugh, even though they were all fake smiles to flatter her and Mu Canghai.

Mu Canghai chuckled. “Changhong, you’ll be in charge of accompanying Master Xue to tour the Star Pavilion’s appraisal room. After that, you’ll handle the appraiser’s identity card.”

After saying that, she stood up and threw an amiable smile at Su Yu. “I still have some matters to deal with. If you have any requests, you can directly ask Changhong for them.”

“Senior, please go ahead.” Su Yu said.

When Mu Canghai walked past Yan Changhong, he stopped slightly. Yan Changhong seemed to have received a hint, and he faintly tapped his snow-white chin.

After everyone left, Yan Changhong smiled at Su Yu, “Master Xue, please follow me.”

The Star Pavilion’s treasure appraisal room was the most important core area. The three inner levels were heavily guarded.

There were as many as nine world paragons of the first level heavenly cave abode in the open and in the dark!

In addition to the appraisers, they were all famous big shots. Their strength would not be weak.

If anyone barged into this place, it would be no different from courting death.

After going through layers of identity verification, Su Yu was able to see the true appearance of the treasure appraisal room.

It was a huge world of cave abodes. Thirteen continents had been artificially created, and each continent had a master-level figure overseeing it.

On the continent, countless appraisers’ assistants were busily assisting the appraisers in appraising the treasures sent in.

What was worth mentioning was that each continent’s appraisers had their own specialties. Each continent’s appraisers were responsible for different items.

For example, there were those who were responsible for appraising divine weapons and artifacts, those who were responsible for appraising the Celestial Elixir, and those who were responsible for appraising cultivation technique manuals.

“Master Xue, May I know what you are good at?” Yan Changhong probed.

Su Yu was deep in thought as he looked behind him. His instincts told him that someone was using some kind of magical artifact to examine everything in front of him.

In a secret chamber in the Star Pavilion.

Mu Canghai was staring at an ancient-looking bronze mirror. The reflection in the mirror was Su Yu.

A gray figure stood beside her and said, "We'll know if this kid has any real abilities with just a try. If he doesn't have the qualifications to be an appraiser, I'm afraid that even if it's an order from Lord Hu, we won't be able to take him in."

Mu Canghai nodded coldly. "He'd better pray that he has some specialties that can enter the eyes of the Star Pavilion, right? Otherwise, he and the Xue family will be finished."

The higher the praise, the heavier the fall.

Li Qiankun, Hong Lei, and the Murong family, which one of them wasn't stepped on by the Xue Family?

Once the Xue family couldn't do it, they would step on the Xue family a hundred times over until they were crushed to death.

In the cave abode world, Su Yu pondered for a moment and said, "Yes, a divine weapon."

His answer was not strange. He had attracted the attention of the Star Pavilion. wasn't he the one who had found the beauty under the moon from the defective goods?

Yan Changhong's eyes flashed and said, "What a coincidence. The ones in charge of appraising divine weapons are the three appraisers."

As a large category, there were three appraisers in charge of appraising divine weapons.

"One of them is known as the weapon forging Grandmaster, Dongfang Mo! The other is the number one collector of divine weapons, Jin Buhuan! The last one is even more peculiar. He is a weapon spirit who has cultivated and knows divine weapons as well as his own body," Yan Changhong introduced slowly, during this time, he kept observing Su Yu's expression.

Unfortunately, Su Yu's expression was calm, and there was no change in his expression.

Yan Changhong was disappointed. She could not tell what Su Yu was feeling right now, she tried to say, "Master Xue, all the divine weapon appraisers are famous figures. When we visit later, they might make things difficult for us. Master Xue, you have to be mentally prepared."

Make things difficult? It was a test, right? Su Yu knew it very well.

He still said indifferently, "That's fine. I also want to meet all the appraisers and see what's so special about the appraisers of the Star Pavilion!"

Such confidence and vigor caused Yan Changhong to be slightly taken aback.

Did this brat understand what she was trying to imply? He wanted to spar openly with the three world-renowned appraisers, yet he was still so confident?

Unbelievable!

Chapter 1605 Was Aggressive

They flew to the continent and were accompanied by three appraisers.

The three of them looked at each other and silently exchanged glances.

Su Yu had chosen the continent where the divine weapons were appraised. It was obvious that he was good at appraising divine weapons.

To the three appraisers who were in charge of the divine weapons, Su Yu was undoubtedly a new competitor. How could they accept it calmly?

After traveling around for a while, Jin buhuan chuckled and said, "How is it? Are you satisfied with our work, master Xue? Why Don't you give us some pointers?"

Dongfang demon and the artifact spirit turned their heads, their eyes revealing a trace of contempt and a mocking sneer.

What right did a young man who was not even thirty have to be on the same level as them?

If it were anyone else, they would not be able to step down from the stage.

Who was qualified to give pointers to these three famous super appraisers?

Yan Changhong shook his head. The reaction of the three appraisers was even more intense than expected. It seemed that Su Yu was not going to be easy to deal with.

However, no one expected that not only did Su Yu not show fear and trepidation, he did not even have the slightest bit of modesty. He said, "Not bad."

HMM? Not only the three appraisers, even Yan Changhong was clearly stunned.

Dongfang mo smiled and said, "Then I would like to request for Master Xue to give us some pointers so that the three of us can learn from him and experience what it means to be better than others!"

Su Yu shrugged his shoulders nonchalantly. "Alright!"

After thinking for a moment, Su Yu pointed to the edge of the continent, where there were thousands of mountains piled up with defective divine weapons. He said, "Those should be the defective divine weapons that the three of you have personally eliminated, right?"

Jin Buhuan put on a fake smile, he said, "That's right. Could it be that you plan to find the treasure that the three of us have misjudged? If you have such a plan, I think it's better to give up as soon as possible. It's not that easy to pick up on our mistakes!"

The weapon spirit was a creature that was formed from light and shadow. It looked at Su Yu from the corner of its eyes, it snorted coldly and said, "I know who you are. Aren't you the Xue Yu who found the beauty under the moon and the heaven-cleaving spear from the broken divine weapon a while ago? "I'm sorry to tell you that there are some missing treasures in that batch of defective goods because the three of us happened to be out and the appraisal work was handed over to our subordinates!"

"If the three of us were in charge, such a thing would not have happened!"

Su Yu was not surprised at all and said, "No need to explain. I can tell at a glance."

“Hehe, it’s been a long time since I’ve met someone as unbridled as Master Xue. It just so happens that I’ve broadened my horizons.”The corners of Jin Buhuan’s mouth curled up as he said.

Accompanied by everyone, they flew to the edge of the continent and flew above the mountain of defective goods.

“Master Xue, please. We are all waiting for your guidance.”Dongfang mo crossed his arms and said in a strange tone.

Su Yu did not say a word as he silently inspected the defective goods below.

There were so many defective goods here that it would take a long time to look through them one by one.

Half a day had passed, but Su Yu was still observing and did not find anything.

At this point, the three masters looked at each other and shrugged with a smile.

“Master Xue, if you really can’t find it, then forget it. It’s one thing to be confident, but you must have the strength to match your strength.”Jin Buhuan always had a smile on his face.

Dongfang mo laughed coldly, but the weapon spirit did not care and said, “Boring! Vice Pavilion Master, the next time you invite someone over, at least change it to someone with some foundation!”

Yan Changhong was helpless, and her gaze towards Su Yu was filled with disappointment.

According to the Pavilion Master’s secret instructions, if Su Yu did not have real abilities, then she would just give him some excuses and invite him out of the Star Pavilion, never hiring him again.

She sighed silently and said with a regretful tone, “Young Master Xue, how about coming again next time?”

Unknowingly, she changed her address to “Young master”and was no longer a “Master”.

In the secret room, on the other end of the mirror, Mu Canghai’s gaze became cold as he said, “Wasting my pavilion’s time! Lord Hu’s judgment might not be correct every time!”

However, at this moment, Su Yu did not change his expression. He continuously shot out a stream of dust immortal power and entered the mountain-like pile of defective goods below.

With a shake, a defective item was drawn out and fell into Su Yu’s palm.

It was a golden whip. It had been broken into three pieces and had lost its spirituality.

The Golden Whip was originally an immortal-grade magic treasure, but its grade had dropped to a level that was not even comparable to a low-grade spirit-grade magic treasure. If it was thrown on the ground, it would probably only be picked up by others and the materials within would be recycled.

There were many marks on the surface of the Golden Whip. There was ice, flames, hammering, and so on. These were all marks left behind by the appraisers when they appraised it.

It could be said that this item had been appraised by them before, and it had no value at all.

“Golden Snake Bone Whip?” The artifact spirit stopped in his tracks and sized it up, he said confidently, “Based on my innate artifact spirit’s senses, this item has been destroyed from the inside out. Not only has it lost its spirituality, even its internal structure has been destroyed, not to mention that there might be something hidden inside!”

There was a hint of a sneer in his words. “I’m looking forward to Master Xue discovering treasures from inside.”

Jin Buhuan and Oriental Demon were also full of confidence.

Su Yu retracted his fingers and held the golden snake bone whip in his hand. He crushed it inch by inch and turned it into powder.

It was indeed as the tool spirit had said. The internal material structure had been destroyed and it was easily crushed.

The tool spirit’s face was filled with disdain, as if saying, “I told you!”?

“Master Xue, looks like you didn’t find any treasures inside.” The tool spirit sneered. “What a pity. I had wanted to receive master Xue’s personal guidance!”

Jin Buhuan shook his head and said earnestly, “Young man, everything is good. It’s just that you’re young and full of vigor. Don’t be so arrogant next time. Otherwise, the one who will lose your dignity will be you.”

Dongfang mo rebuked coldly, “Ignorant! You’re Wasting My Time!”

The three appraisers turned around and left Su Yu with an unforgettable experience.

Yan Changhong also sighed silently and thought to herself, “To think that I thought for a moment that he would discover some treasure from the golden snake bone whip. It seems that I was overthinking.”

Just as she was about to speak, she saw Su Yu’s expression calm as he continued to crush the remaining golden snake bone whip into dust inch by inch.

She noticed that Su Yu did not throw away the dust. Instead, he condensed it together.

Then, Su Yu opened his mouth and blew out a ball of air, blowing away the impurities in the ball of dust, leaving behind a golden powder.

He rolled up his sleeve, and the golden powder danced in the air and stuck to each other.

At first, Yan Changhong was surprised. She saw that the golden powder stuck to each other was extremely messy, and there was nothing unusual about it.

But soon after, Yan Changhong’s pupils gradually constricted, eventually turning into shock. “This is... The ‘golden snake whip technique’ that the golden snake tribe never taught to outsiders?”

The gold powder was stuck together into a painting. On the painting, rows of clear spells were arranged with the gold powder.

The first word of the spell was 'Golden Snake Whip Technique'!

Unfortunately, there were many flaws in the spell.

Hearing this, the three appraisers turned around and looked at the scene in front of them in disbelief.

The artifact spirit said in shock, "Divine Weapon Treasure Trove?"

This wasn't the first time they had come into contact with this kind of treasure trove. However, it was the first time they had encountered this kind of treasure trove where the technique was broken into materials and mixed into the divine weapon!

What truly shocked them was that the three of them had examined it countless times, but no one could find any clues. However, Su Yu had seen through it with just one glance.

This reflected Su Yu's standard of appraising divine weapons. It was far beyond the first-rate. It was definitely not as ridiculous as they had imagined!

As they stared at the incomplete "Golden snake whip technique", waves of emotions rose in their hearts.

The reason why it was incomplete was firstly because their examination method was crude, destroying the Golden Snake Whip. Secondly, it had been placed for too long, causing the golden powder in the golden snake whip to be missing.

If this item had fallen into Su Yu's hands earlier, he would have obtained an extremely valuable complete cultivation technique manual.

In the secret chamber.

The Star Pavilion Master's originally cold face flashed with astonishment. "Eh? He really has something up his sleeves! I just don't know if it's due to luck or his strength."

The three appraisers stared at Su Yu, especially the artifact spirit. His eyes were filled with dissatisfaction as he said, "We have a myriad of affairs to attend to every day, and there are more than a billion treasures to be appraised. There will always be times when we misjudge a treasure. It's not a big deal to only discover one."

Su Yu nodded. "Mm, I also have the same thought. No matter how brilliant a master is, he will still make a mistake when dealing with too many goods. So, I think that the pointless 'sparring' between us can end here, right?"

He had no intention of starting an argument, nor did he intend to hurt their self-esteem.

However, Su Yu's appearance had already caused them to lose all their face, and they were unable to step down.

"Xue, stop pretending to be a good person in front of us! If you want to give us pointers, that will depend on your true ability!" The artifact spirit shouted, he pointed at the center of the continent, where an incomparably huge mountain

range was. All of these were new treasures that had just arrived, waiting for the three appraisers to appraise them one by one.

“Let’s compete again! Let’s see who can pick the most valuable treasure out of them. How about it?”The artifact spirit was overbearing.

Jin Buhuan also put on a fake smile and said, “Master Xue, if you want to subdue us with just the ‘Golden Snake Whip Technique’, I’m afraid it’s not enough. Who knows if you’re Lucky?”

Dongfang mo also sneered, “That’s right! If you really have the ability, you can have another competition!”

Su Yu was silent for a moment. He looked at the three of them and said, “I think that we can stop here. I have no intention of subjugating the three of you, nor do I have the intention to compete with the three of you. There’s no need to be so hostile.”

“HMPH! Who do you think you are to compete with us? This artifact spirit is merely giving you the honor of a fair competition!”The artifact spirit said arrogantly.

Jin Buhuan and Dongfang Mo also had an arrogant expression on their faces. “If you don’t dare to compete, then SCRAM. We, the divine weapon appraisal continent, do not welcome incompetent people!”

Waves of ear-piercing sounds fell into his ears. Even a clay figurine would have fire, let alone Su Yu?

He gave way again and again, but the other party did not know how to advance or retreat. He just stepped on his nose!

His gaze was slightly cold as he said indifferently, “There’s no need for the spiritual travel competition. The three masters feel so good about themselves. Why Don’t you take a look at these few things?”

Shua la la --

He turned toward the defective mountain below through the air, and over a hundred defective items flew out.

Su Yu casually pointed at the seven or eight pieces in front of him and said, “This is the battle staff carved with the nine techniques of the Heavenly Star clan. As long as you compare it to the Starlight, you can see the nine techniques from the projection, but you treat it as a waste!”

“This is the ten thousand insect eggs of the nine-headed worm of the wilderness. It contains ten thousand sleeping insect eggs. In the end, you guys treated it as an ordinary fossil and threw it away!”

“This is the lid of the coffin of Mei Ba, but it is actually a key. It is able to find Mei Ba’s tomb. Unfortunately, you abandoned it here.”

“This is...”

Su Yu said the nine pieces of defective pearls covered in dust in one breath.

At first, there was a cold smile on their faces, but gradually, it became stiff and cold, until now, they were dumbstruck.

Chapter 1606 Dragon Marrow Infusion

“Didn’t the three of you want to compete? There are still more than a hundred treasures that you have missed out on. Why Don’t we compete?” Su Yu said indifferently.

Yan Changhong, who was at the side, was already extremely shocked.

Just half a day ago, Xue Yu had actually found more than a hundred treasures, not just the ‘Golden Snake Whip Technique’!

He had only taken out the golden snake bone whip, and he didn’t take out all of the treasures he had found. In truth, he was doing this out of respect for the three appraisers, not wanting them to be embarrassed!

After which, Xue Yu was even more humble and cautious, taking the initiative to give in.

But in the end? The three of them didn’t appreciate his kindness, and instead, they pushed him further.

But now, more than a hundred treasures that they had missed were like a hundred slaps to their faces!

It was indeed normal for one or two of them to be wrong.

However, there were more than a hundred of them, which was enough to show that the three of them were limited in their ability to appraise treasures.

Looking at the three of them with disappointment, Su Yu soared into the sky and said indifferently, “If you can’t think of anything, come and ask me again. On account that we are all members of the Star Pavilion, I’ll give you free pointers!”

The words came true. Su Yu really had the ability to give them pointers!

After Yan Changhong’s shock, she was overjoyed. Her intuition told her that the star pavilion had indeed discovered a heaven-defying genius!

In the secret chamber, Mu Canghai’s indifferent face had long been replaced by shock.

After a long while, she retracted her astonishment and said in admiration, “Lord Hu’s foresight is as sharp as ever. To think that he could see through this person’s extraordinary talent with a single glance!”

At this point, she no longer had any doubts about Su Yu’s talent. She smiled happily and said, “Fortunately, I listened to Lord Hu and personally went to invite him. Otherwise, I would have missed out on a genius appraiser!”

“However, he is still young. How could he have such high experience?”

Flying to the sky above the cave world, Yan Changhong’s expression became much more respectful. She once again addressed him as “Master” and said, “Master Xue, please follow me. I will help you get an appraiser identity jade token.”

Su Yu asked back, “Oh? Don’t you need to visit the other continents?”

Yan Changhong was stunned. She said, “The appraisers on the other continents do not have a deep connection with divine weapons. Master Xue’s talent might not be of much use.”

“Talent...” Su Yu looked at her. “Oh, I forgot to say that appraising divine weapons is not my forte.”

What? Such a superior appraisal standard was actually not his forte?

Even Mu Canghai, who was spying on this place, exclaimed in shock.

Yan Changhong realized that he had lost his composure and quickly hid his shock. He said, “Master Xue, did you just say...?”

Su Yu smiled with his hands behind his back, he had the aura of an emperor who was giving pointers to the world. “What I meant was that I have a certain level of expertise in medicinal pills, secret manuals, materials, and so on. The appraisal of divine weapons is only the most ordinary type. What I am most proficient in is the foreign language.”

Hearing that Su Yu was proficient in all kinds of appraising, Yan Changhong already felt that the world was upside down, and it was very unreal.

It wasn’t that there weren’t all-rounder talents like Su Yu.

There were several in the star pavilion headquarters, but such a young one was absolutely unique!

After learning that Su Yu was proficient in foreign language, Yan Changhong was shocked. “Master Xue, if I didn’t hear wrongly, you’re saying that you’re proficient in foreign language?”

“Yes!” Su Yu answered affirmatively.

Yan Changhong was excited.

There were countless creatures in the absolute beginning realm. There were tens of thousands of races. Each race had a language that had been passed down since the world was created. It belonged to their race only.

Due to the secrecy of some inheritances, more than half of the races never taught their own languages to outsiders.

Even if the divine skills of their race were spread out, it would be useless if outsiders couldn’t understand their language.

Thus, the absolute beginning realm gave birth to some experts who made a living by learning their language.

They were obsessed with learning the languages of different races and translating their inheritances to obtain earth-shaking benefits.

However, to learn the languages of one race, they had to risk their lives. If an expert could learn ten languages, he must be the best in his field.

Therefore, when Yan Changhong learned that Su Yu was proficient in the languages of other races, it was imaginable how excited he was.

At the very least, there was no such talent in this branch of the Star Pavilion.

“Dare I ask Master Xue, how many languages of other races are you proficient in?” Yan Changhong asked.

Su Yu thought about it. Over the years, he had already mastered all the languages of ten thousand races that Yun Yazi had taught him. Regardless of whether the languages of other races were taught to outsiders or not, he had already mastered them to perfection.

There should be more than ten thousand types.

“A hundred,” Su Yu said.

“A hundred?” Yan Changhong sucked in a breath of cold air and took out a book in surprise. On it were the names of ten thousand races. He said, “Which languages of the races are you proficient in?”

Su Yu casually flipped through a few pages and randomly checked a hundred names.

Seeing this, Yan Changhong was pleasantly surprised. “Oh my God! There are actually three races that don’t teach languages to outsiders! How did you do it?”

“I secretly learned it,” Su Yu said ambiguously.

Shua --

A powerful aura pierced through the cave abode world and descended here.

“Master Xue, are you really proficient in these alien languages?” Mu Canghai actually stopped snooping and personally appeared, his face full of joy.

Su Yu nodded. “If you have these alien languages, this junior can translate them for you to see.”

“Men, take the foreign languages from the pavilion and show them to Master Xue!” Mu Canghai was too excited and was eager to verify the results.

The results were obvious.

Mu Canghai held the translated foreign languages in his hands and said happily, “Haha, Lord Hu has really pointed out a great talent for me!”

Lord Hu? Who? Su Yu pondered.

“Master Xue, from today onwards, you will be the special appraiser of the Star Pavilion branch in the Jian Xuan Sea region. You will also be the second deputy pavilion head. Your position will be above all appraisers. In the entire branch, only I alone can command you!”

Mu Canghai had generously rewarded Su Yu in order to retain him.

In the blink of an eye, Su Yu had gone from an outsider to the deputy pavilion head. He even had the title of special appraiser!

Only the pavilion master? This was exactly what Su Yu wanted. This would save her a lot of trouble.

“Congratulations, Vice Pavilion Master Xue!” Yan Changhong said sourly. She had achieved her current position through countless contributions.

Yet, due to her talent, Su Yu had risen to her position in just a single leap. How could she maintain her composure?

Su Yu pondered for a moment before saying, “Pavilion Master, Vice Pavilion Master Yan, regarding the identity of this junior as a Vice Pavilion Master and a special appraiser, I hope that the both of you will keep it a secret for the time being.”

“A tall tree attracts the wind. Due to my lack of strength, it isn’t appropriate for me to attract too much attention.”

No matter how Mu Canghai looked at Su Yu, he found him pleasing to the eye, he immediately agreed, “You are too considerate, but I am the one who is muddled! Alright, announce to the public that you are only the new appraiser of the Star Pavilion. The identities of the Vice Pavilion Master and the special appraiser will be kept a secret for the time being.”

Yan Changhong added, “Don’t worry, Vice Pavilion Master Xue. I’ll keep it a secret as well.”

She realized that Su Yu was a low-key and modest person who knew how to advance and retreat. Especially when the weapon spirit and the others provoked him, Su Yu had always been the one who had endured it first. It seemed that he wasn’t someone who liked to fight for fame and fortune.

Thinking of this, her heart relaxed a lot, and the way she looked at Su Yu softened a lot.

“In that case, thank you,” Su Yu said.

Mu Canghai said, “Master Xue, you are now the Vice Pavilion Master of the Star Pavilion, and the resources in the pavilion are at your disposal!”

Su Yu’s eyes lit up, and he said, “I do have something I want to verify.”

“Oh? Why Don’t you tell me?” Mu Canghai said, “I know a lot about the Jian Xuan Sea area, and I might be able to help master Xue a little.”

Su Yu said, “In the ancestor worship ceremony of the Twin Stars Island, there is a type of spiritual liquid that is used to irrigate the Supreme Dao. It is the spinal fluid of some kind of giant beast. When I was breaking through, I still needed this spinal fluid. I wonder what kind of giant beast this spinal fluid is.”

Hearing this..., Yan Changhong covered his mouth and smiled. “Vice Pavilion Master Xue is asking the right person! Coincidentally, half a year ago, Xue Lei of Your Xue family exchanged a bag of this spinal fluid for ten stalks of starlight grass. Pavilion master has personally studied it and has already found the source of the spinal fluid.”

Su Yu was delighted and asked, “Pavilion Master, may I ask what kind of Behemoth is the spinal fluid from?”

Mu Canghai was very willing to answer and said, "It should be the long extinct dragon race."

Dragon Race? Su Yu was extremely surprised. Not long ago, he had come into contact with the world-destroying dragon and the world-creating dragon.

"Divine Dragons are born to control the Great Dao. It is not strange that their spinal fluid has the effect of condensing the Supreme Dao,"mu Canghai said.

Su Yu suddenly realized that the possibility of the dragon race was indeed very high.

"May I ask, Pavilion Master, has the Star Pavilion Collected Dragon Marrow?"When he thought of the benefits of dragon marrow to the Supreme Dao, Su Yu could not help but be overjoyed. If he could fully comprehend the final 999 Supreme Dao, he would completely step into the Supreme Dao.

However, the Star Pavilion master shook his head. "Unfortunately, the dragon race has been extinct for too long. Our branch pavilion doesn't have it. Even the headquarters rarely receives dragon marrow. Even if there is, it will be immediately bought by someone."

Su Yu couldn't help but be disappointed.

"However, if you want to find the dragon marrow, it's not that you don't have a chance."Mu Canghai changed his tone.

Su Yu's spirits were slightly lifted. "Oh? where is it?"

"Ten Thousand Dragon Cave!"Mu Canghai's eyes flashed. "Dragon Marrow has appeared in the Jian Xuan Sea area in recent years. Most likely, it came from the Ten Thousand Dragon Cave."

It was here again? Su Yu remembered that the Murong family and the Xue family had joined hands for the Ten Thousand Dragon Cave.

"The Ten Thousand Dragon Cave is rumored to be a place where an extremely powerful dragon clan was besieged by many divine dragons and fought with them. Many remains of the Dragon clan were left in the ruins, and the dragon marrow came from the remains."

An extremely powerful dragon clan was besieged by many dragon clans?

Su Yu was surprised. Why did this story sound familiar?

Back then, the creator Dragon stole the Dragon Abyss treasured scroll and was chased by many dragons in the dragon world..

Could it be that the legend was that the creator Dragon was hunted down?

A strange expression appeared in Su Yu's eyes.

"Master Xue, I remember that your Xue family also has a quota to enter the Ten Thousand Dragon Cave, right? We can try this trip... eh, Master Xue, you are..."mu Canghai noticed Su Yu's strange expression.

Su Yu hurriedly said with a serious expression, "This junior is only surprised by the ancient rumors."

After a pause, su yu said, "Can I ask pavilion master for a period of time off? This junior wants to enter the Ten Thousand Dragon Cave to take a look."

Mu Canghai chuckled, "Of course! I will also arrange two experts for you to follow you from now on and protect your safety."

Su Yu secretly frowned. Although he was called a bodyguard, in reality, wasn't he also worried that Su Yu would not keep his promise and would not return to the Star Pavilion to serve?

At this moment, a gray figure appeared beside Mu Canghai like a ghost and whispered.

Mu Canghai was surprised and looked at Su Yu strangely.

Su Yu said, "Pavilion master, What's the matter?"

MU canghai laughed playfully, "Hehe, it's your fiancée who has traveled a thousand miles to see you."

Fiancée? Murong Qingcheng's figure appeared in Su Yu's mind and he could not help but frown. This real woman who wanted to climb up to the Dragon and Phoenix?

"Master Xue, it's better to meet her. It seems that both of you are in a bad situation,"mu Canghai said.

Su Yu sighed. After all, there was a nominal engagement. He cupped his fists and said, "Junior will go first!"

After watching Su Yu leave, Mu Canghai's smile disappeared, he said to the gray figure solemnly, "The Ten Thousand Dragon Cave is full of dangers. In addition to the various island forces participating, the danger factor has doubled. Arrange a few people to blend in and secretly protect Xue Yu. If he makes a mistake, bring his head to see him!"

The gray figure bowed and silently retreated.

Chapter 1607 Hidden Killing Intent

In the back hall of the Star Pavilion.

Senior Qing Yun and Murong Qingcheng were uneasy. Normally speaking, they were not qualified to be guests at the Star Pavilion.

However, after the identity of Xue Yu's fiancée was revealed, the attitude of the maids in the Star Pavilion changed drastically. They were extremely passionate and were completely different from their previous indifference.

"Miss Murong is really blessed. Marrying Master Xue as a wife is a beautiful thing that many women can not even dream of,"a pretty maid said admiringly as she poured tea.

As for the maid who was massaging Murong Qingcheng's shoulders..., she said with jealousy, "Miss Murong is so beautiful that she can topple cities. She is ranked number one in the Jian Xuan Sea

region. Master Xue has learned through the ages and is a peerless genius. The two of you are truly a match made in heaven! I have to believe that there is the will of heaven in this world.”

The flattering words that fell into Murong Qingcheng’s ears were like needles.

If the marriage contract had not been broken, Murong Qingcheng would have been happy to hear praises and satisfy her vanity.

But now, the deeper the flattery, the deeper the sarcasm.

Tick-tock --

The sound of light footsteps came from the back hall.

Su Yu walked in front of the two of them and said, “Miss Murong, it’s been a long time since we last met. The two of you are...”

After sizing them up, Su Yu was shocked to find that their clothes were dull and they were covered in dust.

Murong Qingcheng, who used to be radiant, had become much more haggard. The arrogance and confidence from before had disappeared from her expression.

“Young Master Xue!” Whether it was senior Qing Yun or Murong Qingcheng, they all stood up and bowed.

Compared to the attitude of Murong Island last time, there had been a huge change.

“You two don’t have to be so polite. You must have come all the way here for something important. Please speak,” Su Yu said.

Murong Qingcheng suddenly realized that Su Yu was humble and polite. He was gentle and refined, which was rare.

Why didn’t she feel this way in the past?

Regret overflowed in her heart. She bit her lower lip and bowed bitterly, “Young master Xue, it’s Qingcheng’s fault in the past. Please forgive me and let bygones be bygones.”

She did not have a good impression of Su Yu. However, she had seen too many women in the real world. There were many who were more realistic than Murong Qingcheng, so she did not feel too disgusted.

“Miss Murong, what are you doing? You are my fiancée. There is no need for such a big ceremony. If there is anything I can help you with, just let me know,” Su Yu said.

One day in the Xue family, he had already acknowledged Xue Yu’s identity and the engagement that belonged to him.

Murong Qingcheng and senior Qing Yun looked at each other and were both surprised. Could it be that Xue Yuntian had not informed him that the engagement had been broken?

A glimmer of hope appeared in their eyes before it was extinguished.

Paper could not cover fire. Xue Yu would find out sooner or later. It was better to tell him the truth.

Murong Qingcheng said in shame, “Young Master Xue, I was muddle-headed. I have... I have already broken the engagement.”

Su Yu did not expect this. Broken the engagement?

On second thought, Su Yu guessed that it was probably because the Xue family had been on Murong Island for a few days and had fallen into decline. Murong Qingcheng had proposed to break the engagement, right?

Looking at her, Su Yu’s mood did not change much.

Whether the engagement was broken or not, it did not affect him. In any case, he had never intended to fulfill this engagement.

On the contrary, Murong Qingcheng and the honorable elder Qing Yun’s faces were ashen as they were incomparably terrified. They were extremely afraid that Su Yu would punish the two of them in a fit of rage. If that was the case, it would become even more impossible to repair the relationship between the two clans.

However, unexpectedly, Su Yu’s face was calm as he said, “Oh? Is That So?”

The calmer he was, the more terrified the two of them became. Murong Qingcheng plopped down on her knees, she sobbed, “Young Master Xue, it was my greed for vanity that caused the engagement to be annulled. It has nothing to do with grandfather. If you want to blame someone, blame me! “I’m willing to do whatever you want. Even if I have to work like a horse, I only beg you to let grandfather return to the Murong family and give him a place to rest!”

Qing Yun pitied his granddaughter. He knelt down and said, “Young Master Xue, it’s all because I’m old and muddle-headed. It has nothing to do with Qingcheng. If you want to blame someone, blame me!”

Seeing that the two of them were truly remorseful, Su Yu paused for a moment. Then, he released a ball of gentle immortal power from his palm and helped them up.

“Let’s talk about the cause and effect first,” Su Yu said.

Elder Qingyun heard that something was going to happen, so he immediately explained what had happened. After he finished, he stood aside in shame.

It turned out that he hoped that the Xue family and the Murong family would get back together.

Su Yu pondered. The power of the Jian Xuan Sea area was complicated. It was better to have one more ally than one more powerful enemy. In addition, he would not stay in the Xue family forever, so it was necessary to repair the relationship between the two families.

“If you break off the engagement in public, I can let it go.” He stared at Murong Qingcheng, then, he turned to elder Qingyun and said, “However, the harm that the Murong family has done to the Xue family needs you to make up for it with actions. You should be asking the Xue family, not me.”

Dong --

Elder Qingyun knelt down and kowtowed, sincerely grateful, "Thank you for your magnanimity, Young Master Xue!"

Now that the Xue family had obtained Xue Yu's forgiveness, it was more than half a success.

If Xue Yu did not forgive them, even if he obtained the forgiveness of the rest of the Xue family, it would be of no use.

Su Yu said, "It just so happens that I'm going back to Twin Star Island. You can follow me back."

With his appearance, Xue Yuntian would seriously consider restoring the relationship between the two clans.

Qingyun priestess understood Su Yu's intentions. He was filled with gratitude and said in embarrassment, "I've lived in vain for so long, but I haven't been able to recognize the wisdom of others. In the past, I've been disrespectful to young master Xue. I'm willing to be a slave to repay you."

Su Yu said, "You are too kind. You should prepare yourselves."

After bidding farewell to the star pavilion master, Su Yu stepped onto the star pavilion's top-grade flying ship, the cloud sky ship. It was the top-grade flying ship in the Jian Xuan Sea area. It covered a hundred million miles in one breath, and was almost the same as the Taiji Yin-yang wings.

Two days later, they entered a barren sea area. There were only small islands nearby.

On top of it, there were small factions that did not have the ability to reproduce.

"What a thick smell of blood?" The Qingyun senior master suddenly frowned.

His strength was as high as a second-level heavenly abode world paragon, and his five senses surpassed Su Yu's.

Su Yu opened his eyes and used his eye power to vaguely see traces of blood-red light at the point where the sky and sea met.

"Hide first." Su Yu stepped on a certain mechanism of the flying boat. The cloud sky boat automatically produced a layer of weak light and merged with the surrounding environment.

Without moving, there was no way to identify it.

Su Yu stared into the distance. The bloody light was getting closer and closer.

When he arrived near, Su Yu's expression could not help but change.

Those were corpses that had been gnawed into pulp!

The parts of the corpses that contained essence, energy, and spirit were all eaten, just like the rotten corpse in the star pavilion that was determined to be the work of the body of the nine gods.

However, there were so many corpses that it made one's hair stand on end!

About ten thousand corpses drifted here from the islands ahead along with the current of the sea.

These corpses had fallen into the sea. As for those on the islands that had been killed by the body of the nine gods, there were countless of them!

Senior Master Qingyun frowned deeply. "What kind of ferocious spirit is so fierce?"

"Don't speak!" Su Yu kept quiet and said with narrowed eyes.

Almost as soon as he finished speaking, a layer of fierce squall blew up near the Heavenly Cloud Boat!

Nine huge ferocious beast shadows surrounded the boat, and a skinny human creature with a mouth full of blood instantly teleported three thousand feet away from the heavenly cloud boat.

He looked around coldly and sneered, "Ran away? I clearly sensed a good food nearby."

Among the nine Beast Shadows, one of them had wings. It spread its huge wings and instantly flew thousands of miles away, landing on a distant island.

The remaining ferocious and peerless aura made Murong Qingcheng's face pale and her cherry lips opened wide.

If Su Yu had not covered her mouth, she would have cried out in surprise just now!

Even Senior Master Qingyun was no better. His whole body could not help but tremble and his face turned pale. He asked, "What is that?"

The answer was silence.

Senior Master Qingyun looked up and saw Su Yu's face full of surprise and killing intent.

The nine Beast Shadows were indeed the nine God bodies that Mu Canghai mentioned.

However, Su Yu never expected that he knew the nine God bodies!

Gu Taixu!

He did not die!

Back then, his cultivation was crippled by Zhan Wushuang and he was embroiled in the Great War of the demon race. Not only did he not die, but he also became the nine God bodies?

According to Mu Canghai, when the nine God bodies grew to the end, they were comparable to the number one ferocious spirit in the world, an existence on the level of Taotie!

"Let's Go!" Su Yu's expression was calm. Gu Taixu's appearance had confirmed his guess.

Other than him, there were other creatures that had escaped from the cage of Taotie.

"Gu Taixu, your life shouldn't be over. Do you need me to kill you again?" Su Yu said coldly.

His appearance made Su Yu feel even more urgent.

If he was at his peak, he had the confidence to kill Gu Taixu.

But now, unless he became a god, the laws of time, space, soul, life, and death that were used to open the seal, as well as the storage device, were no match for him!

“I have to go to the Ten Thousand Dragon Cave!” Su Yu thought to himself.

Twin Star Island.

Half a year after the people left, the Xue family mansion had become the residence of the refugees.

During this period, it was damaged, and it was even more devastated.

Fortunately, Li Qiankun had ordered the entire clan to help the Xue clan restore the residence. By the time Xue Yuntian and the others returned, the Xue clan residence had already been restored to its original state, and the compensation for the loss of property was almost complete.

When Su Yu returned, not only was the residence restored to its original state, it was also expanded on top of its original state.

It was said that it occupied quite a bit of the Li clan's territory.

His return naturally caused an uproar on the entire island.

A peerless genius had appeared on Twin Star Island. Not only was his talent in martial arts outstanding, even his talent in the Outer Dao had been taken in by the Star Pavilion as an appraiser!

Such a figure had never appeared on Twin Star Island ever since there were living beings.

One could imagine how popular Xue Yu was now.

Xue Yuntian even led his entire clan to the port to personally welcome him.

The two of them looked at each other from afar. Xue Yuntian no longer held any grudges and said, “Welcome Back!”

Su Yu nodded. Under the gaze of countless creatures, he returned to the Xue residence.

In the sky above the Li family, many members of the Li family were also watching this unprecedented welcoming scene.

Li Qiankun's gaze was complicated, and his expression was filled with worry.

After returning for a few months, the Li family had been forced to use a large amount of treasures to help the Xue family restore their mansion and cede a lot of territory.

However, Li Qiankun knew that this was only the beginning!

With Xue Yu's current status and identity, the situation of the twin stars island was no longer the same as before.

The rise of the Xue family was unstoppable, and the Li family was obviously a stumbling block.

It could be predicted that in the near future, the Li family would either submit to the Xue family or be expelled from the twin stars island by the Xue family. There was no other choice.

Li Qiankun stared at Xue Yu's back for a long time before he clenched his fist and said, “Xue Yu, Don't blame me. Your existence is a kind of destruction to the Li family.”

He had thought about it for months.

The rise of the Xue family was all thanks to Xue Yu.

If Xue Yu died, would the Xue family still be able to fly?

If the Li family wanted to survive, Xue Yu had to die!

“Ten Thousand Dragon Cave, Xue Yu, take care of yourself! If you survive, it will be the end of the Li Family!” Li Qiankun made a choice.

Chapter 1608 Dark Night Meteor

Inside the Xue residence.

Six elders were scattered around, and a small number of core clansmen were gathered together.

Xue Yuntian glanced at Elder Qingyun and Murong Qingcheng, and frowned, “Yu'er, why did the two of them come back with you?”

Without waiting for Su Yu to speak, Murong Qingcheng knelt down and pleaded miserably, “Uncle Xue, Qingcheng has realized her mistake. I beg you to forgive my ignorance.”

Xue Yuntian said coldly, “Now that things have come to this, you still want to resume the engagement with Yu'er? Unfortunately, I can not agree.”

“No, uncle has misunderstood. Qingcheng came here today only to seek uncle's forgiveness. She has no face to climb up to brother Xue Yu.” Although Murong Qingcheng was mentally prepared, she still felt dejected when she received such an answer.

Xue Yuntian said, “Then you should be asking Yu'er, not me!”

He looked at Su Yu, implying that he was looking at Su Yu.

Su Yu smiled faintly and said, “Who doesn't make mistakes? I have already accepted Miss Murong's apology. Get Up.”

He understood, so Xue Yuntian had no reason to continue blaming him. He said, “Yu'er is a kind-hearted person. Miss Murong, you should take care of yourself.”

After he finished speaking, he looked at senior Qing Yun and said, “What do you mean by kneeling down in My Xue Residence? My Xue residence really can not afford to have a big figure like you kneel down!”

If there was anyone who made the Xue family look ugly during those three days, it was senior Qing Yun!

He secretly urged the Murong Clan's senior Qing Yun to create trouble for the Xue family. During the last negotiation, it could be said that he had lost all his face and was too ashamed to face anyone.

Now that he had come personally to apologize, how could Xue Yuntian Swallow This?

Senior Qing Yun was mentally prepared. He kowtowed again and said, “I know that I have hurt the Xue family. I am not here today to ask for forgiveness.”

“Then why are you here?” Xue Yuntian asked coldly. He wanted nothing more than to chase him away immediately.

Senior Qing Yun took a deep breath and made a decision. He said, "I am willing to be a slave in the Xue family for a hundred years!"

Huh? Su Yu was surprised. He had never thought that senior Qing Yun would have such boldness.

The clansmen also exclaimed in surprise. A dignified second level heavenly cave abode world paragon, in terms of strength, was comparable to the lonely mountain senior in the past. He was actually willing to be a slave for a hundred years?

Murong Qingcheng's jade-like body trembled, and her beautiful eyes were filled with tears. She wanted to stop him, but her rationality told her that this was perhaps the only way for her grandfather to get the Xue family's forgiveness.

Xue Yuntian's face was filled with anger, and his eyes revealed a look of shock. It was easier said than done to be a slave for a hundred years.

Without thinking through the pain, he definitely could not make such a decision.

The resentment in his heart was reduced by more than half, but he was unable to step down from the stage. He said, "Senior Qing Yun, you can go back. I've already said that the Xue and Murong families are no longer related. Since I've already said it, there's no reason to change it."

He had already said it back then. How could he take it back now?

Su Yu mediated the situation and stared at elder Qingyun unhappily. "Did you hear that? The two families are once again reconciling. It's not enough to just send you as the clan head. No matter what, you have to invite the Murong clan head personally to show your sincerity, right?"

How could elder Qingyun not hear that Su Yu was giving Xue Yuntian a way out as well as pointing out the problem for him?

In his heart, he was ecstatic and was even more grateful towards Su Yu. He said, "Clan Head Xue, it was my thoughtlessness. This old man will send a message to the clan right now, asking the clan head to lead the important members of the clan to come personally."

Not giving Xue Yuntian the chance to stop him, he crushed the communication jade seal.

"Quickly stop..." Xue Yuntian pretended to "Stop", but he could not stop him in time. He said angrily, "Senior Qingyun, how do you want me to explain to the Xue Clan? and Yu'er, why did you also randomly come up with ideas?"

It looked like he was blaming, but everyone could hear that he was not blaming at all.

When the people in the family found out that the Murong family head had personally come to repair the relationship, they immediately felt that they had face. The resentment in the past had lessened a lot, so they did not object too much.

In any case, the Xue family would prosper in the future. If the Murong family wanted to bask in the glory, they could bask in it.

With such a thought in mind, the time for the two sides to repair the relationship was finally near.

After the family meeting was over, senior Qing Yun and Murong Qingcheng settled down in the family.

Xue Yuntian left Su Yu behind and said, "You've really put me in a difficult position."

Su Yu voiced out his thoughts. Xue Yuntian was silent for a moment before sighing, "Sigh, how could I not know? The Xue family's vitality has been greatly damaged. This is the time when we need allies. Otherwise, senior Qing Yun will be a slave for a thousand years. I will never forgive him."

Su Yu smiled. The relationship between the two races had been restored. In the future, with the support of the star pavilion, even if Su Yu left the Xue family, as long as he was still alive, he would be safe and sound.

"Murong Qingcheng, what do you plan to do? It seems that she does not plan to leave the Xue family for the time being. It is not a good thing for her to stay here for a long time." Xue Yuntian asked Su Yu.

As Su Yu's ex-fiancée, if she stayed in the Xue family and did not leave, the rumors would appear sooner or later.

Su Yu said, "It doesn't matter. Let Her Be."

After a pause, Su Yu asked, "What's going on with the Ten Thousand Dragon Cave?"

Xue Yuntian wasn't surprised. He said, "You want to participate in this expedition? That's fine too. You're the most suitable."

He took out two items. One of them was an iron invitation letter with the word "Ten Thousand Dragons" written on it.

The other item was Si nan that he brought back from the Murong family.

"The Ten Thousand Dragon Cave is the largest ancient ruin in the sea area of the Sword Pavilion. The source of it is no longer traceable. Since the beginning of its discovery, it has been under the control of the Sword Pavilion. It opens once every five years. Each island has ten slots," Xue Yuntian said.

The invitation letter was issued by the Sword Pavilion.

Su Yu said, "The sword pavilion is so kind-hearted. Why didn't they plunder it and allow the forces of the islands below to enter?"

Xue Yuntian shook his head, he sneered, "How could they be so kind-hearted? The Ten Thousand Dragon Cave is too huge. Even if Jian Xuan was given 100 million years, he wouldn't be able to explore it completely. The competition in the sea area is fierce. It's impossible for Jian Xuan to stay here for 100 million years."

"Therefore, Jian Xuan sends out 10 invitations to the major forces every year and allows them to enter to search for Heaven and earth resources. All the resources that they find must be handed over 80% to Jian Xuan. The remaining 20% will be distributed among the island forces."

When Su Yu heard this, he couldn't help but laugh, "80% ? Jian Xuan really doesn't put the island powers below in his eyes."

Xue Yuntian sighed, "But so what? If our island powers had the strength to resist Jian Xuan, we wouldn't have been forced to hand over the starlight grass every year."

"This time, when you enter the Ten Thousand Dragon Cave, if possible, take care of the few clansmen that are going with you," Xue Yuntian said.

Su Yu said, "Me? Don't tell me you're not going?"

"I would like to go, but how can it be that Easy?" Xue Yuntian said, "In order to prevent those who are too strong from concealing their resources, the sword pavilion has a clear requirement for the island's forces. The invited ones must not be stronger than the third-level heavenly cave abode's World Paragon."

Touching his chin, Su Yu said, "What about the sword pavilion itself?"

"Them? Hehe, every year the sword pavilion's master, Jian Ruxiong, personally enters. What do you think?" Xue Yuntian said disdainfully.

Su Yu smacked his lips. It was really fair.

The island forces below only allowed those who were not strong enough to participate.

But they themselves, even an overlord like the Sword Pavilion's master, was involved.

The various island forces did not need to have extravagant hopes if they wanted to fight for some precious items.

"No matter what, I will do my best to help them," Su Yu said

Xue Yuntian cupped his fists in gratitude and said, "Take this item. It might be useful."

He handed Si Nan, who he had brought back from the Murong clan, to Su Yu, he said, "When Murong Feng and I were still ordinary clansmen back then, we entered the Ten Thousand Dragon Cave and discovered something in a hidden space. Because it looked ordinary on the surface, it was not taken away by the Sword Pavilion."

"However, that space is extremely secret. It must be very important for it to be specially hidden. However, the two of us have been studying it for many years and have yet to explore its secrets." Xue Yuntian said, "Now that you are going to the Ten Thousand Dragon Cave, it would be better if this thing had some use."

There was another point that he did not mention. The reason why he gave it to Su Yu was because of Su Yu's ability to appraise treasures.

Perhaps this item would be more useful if it landed in his hands.

Su Yu sized it up and said, "This item should be used to point out the direction. It was discovered in the Ten Thousand Dragon Cave. It might only be useful in the Ten Thousand Dragon Cave."

Xue Yuntian said, "In any case, I'll leave this item to you!"

There were still two months before the opening of the Ten Thousand Dragon Cave. After Su Yu returned, he chose to enter closed-door cultivation.

In addition to comprehending the Supreme Dao, Su Yu also comprehended the demon sword boundless sword's Sword Dao inheritance.

After nearly a year of training, Su Yu had a new understanding of sword intent.

He pulled out the beauty under the Moon. Sword Qi swirled around his body, forming an arc like the demon moon in the night.

Then, he slapped the ground with his left palm. The longsword in his palm stabbed repeatedly, causing the air to burn with sparks like falling meteors. It was extremely charming.

Su Yu's eyes revealed a hint of understanding. "Demon Moon roundabout form, dark night meteor spike."

If the Devil Moon revolving stance was just a scratch, then the dark night meteor spike was just the beginning of the threshold.

However, it was only a slight comprehension and needed time to consolidate.

Closing his eyes, Su Yu held the long sword in his hand and entered a deeper level of comprehension.

Time flew by and a month passed.

Murong Qingcheng stayed at the Xue family for a whole month.

As expected, rumors spread around Twin Star Island.

Some said that Xue Yu had reconsidered marrying Murong Qingcheng and kept her for a month to test her.

Others said that the Murong family had actually sent her here to serve Xue Yu. She was Xue Yu's plaything.

When Murong Qingcheng heard all these, she just smiled and didn't deny it.

Such an attitude made people even more suspicious.

On this day, Murong Qingcheng was leisurely planting flowers in Su Yu's yard, humming a happy tune.

Xiu --

Suddenly, a sharp arrow pierced through the clouds and shot straight at her.

Murong Qingcheng's expression changed abruptly, and she shouted, "Who is it?"

At the same time, she pulled out her sword to block it.

However, the sharp arrow contained the godly power of a third-level heavenly cave master. She could not help but fail to block it, and her arm was grazed by the sharp arrow.

The sharp arrow cut through the air like a hot knife through butter and entered the secret chamber where Su Yu was.

“Young Master Xue, be careful!” Murong Qingcheng shouted anxiously.

Ding --

However, there was a crisp sound of metal colliding. A star flashed and disappeared.

Immediately after, the secret chamber’s door opened and Su Yu’s figure walked out.

He held the beauty under the moon with one hand, and his body flashed with residual starlight. It was dreamy and illusory.

His other hand held a black iron arrow.

There was a fine silk tied to the arrow. When he opened it, there was a row of delicate and small words on it.

“Do not enter the Ten Thousand Dragon Cave. You must bear the consequences.”

Murong Qingcheng walked over to take a look and said angrily, “Humph! Who is so bold to threaten you not to enter the Ten Thousand Dragon Cave?”

She was very surprised. With Su Yu’s current status, who would dare to be so unbridled?

Su Yu’s eyes revealed a thoughtful look. He shook his head and sighed softly, “It’s not a threat. It’s a reminder that someone in the Ten Thousand Dragon Cave is trying to harm me.”

“Who?” Murong Qingcheng was curious.

Su Yu said lightly, “Let’s call it a friend.”

Chapter 1609 Stone Sword Spirit

“Can you believe it?” Murong Qingcheng glanced at the graceful handwriting and guessed that it was written by a woman. She frowned slightly and asked.

Now, it was widely rumored that she was Xue Yu’s woman.

If a love rival appeared, it would not have a good effect on her.

“Whether you believe it or not, you should indeed make some preparations,” Su Yu said expressionlessly.

“Then we believe it! Who Is That Woman?” Murong Qingcheng asked.

One month later, the Xue family selected ten outstanding members of the Xue family.

Among them, there were five members of the younger generation and five members of the middle-aged generation.

Among the younger generation, there were Xue Xin and Xue Lin, who Su Yu had once bestowed the divine arts of the alien race. Among the many clansmen, they were originally unremarkable people, but because of Su Yu, they were specially selected by Xue Yuntian.

The ten people respectfully stood by Su Yu’s side and listened to his command.

Su Yu looked at Xue Yuntian, who was looking at them. He gave them a space ring that looked like a leaf and said, "There's something you want inside."

Nodding, Su Yu led his clansmen to the sword pavilion.

The entrance of the vestige was occupied by the Sword Pavilion. If they wanted to enter, they had to enter the Advanced Sword Pavilion.

The sword pavilion also occupied an island. Whether it was its geographical location, abundant resources, or the density of its divine aura, it was ranked first in the sea area.

The island it was on also had the title of the first island in the center.

The distance from each big island to the first island in the center was the same. It wasn't too far away, and they could reach it in half a month.

Moreover, Su Yu had the cloud sky boat, so it was like teleporting.

In just seven days, they arrived at their destination.

The center island was huge, and the ridges were on the surface of the sea. There was no end to it, and it looked like a real continent.

Looking from afar, a stone sword stood in the center of the continent, piercing through the clouds.

Inside the stone sword, there was a familiar aura.

"Starlight Grass?" Su Yu was surprised.

Murong Qingcheng, who was traveling with him, nodded, she said, "The stone sword was discovered by the Master of the Sword Pavilion in the Ten Thousand Dragon Cave. It is ten thousand feet tall and contains profound sword techniques. However, it needs to be smeared with the juice of the starlight grass every year. Otherwise, the sword techniques in the stone sword will not be able to be activated."

"It is precisely because of this stone sword that the sword pavilion can develop so quickly. It is to the extent that any ordinary disciple of the sword pavilion can be considered as one of the best among the younger generation in our island."

Her tone was filled with reverence.

What could the stone sword that was excavated from the Ten Thousand Dragon Cave be? Su Yu stared at the stone sword for a long time.

"Let's go to the island. If we stay here for too long, we will easily be discovered by the sword pavilion's patrols." Murong Qingcheng was extremely cautious. The word 'Sword Pavilion' was like a brand of a curse, causing her to be extremely fearful.

A day later, they finally arrived at the central island and followed the map to the stone sword.

The entrance to the ruins was also here.

Looking at the stone sword at a close distance, Su Yu felt that it was very familiar.

Other than the starlight grass, there was also a sense of familiarity.

“It’s the aura of the dragon...”he murmured softly. In the past, he had cultivated the divine ability of the dragon race and even comprehended the “Dragon Abyss treasured scroll”. His sensitivity to the aura of the dragon race was far greater than others.

Dong Dong --

Suddenly, Su Yu’s words seemed to have triggered the reaction of the stone sword. From within, there were traces of a happy and excited heartbeat.

Su Yu was shocked. There was a weapon spirit in the stone sword?

After a short moment of shock, Su Yu immediately looked away. Only then did the stone sword’s heartbeat gradually die down.

After all, this was Jian Xuan Palace’s territory. Before he recovered his strength, he did not want to cause any trouble.

However, he did not know that the trouble had already been created.

In the depths of Jian Xuan Palace, a short-haired middle-aged man dressed in green robes suddenly opened his cold eyes.

Two sword bodies suddenly shot out from his eyes, igniting the surrounding divine aura.

“The spirit of the stone sword appeared? who has the ability to make the spirit sense it?”The middle-aged man was shocked. He turned into a sword light and rushed out of the secret chamber, arriving above the stone sword.

In his sharp eyes..., he was filled with excitement. “The stone sword was excavated in the deepest part of the Ten Thousand Dragon Cave, and it nailed an emperor-level heavenly venerate dragon to death! “If I can awaken the spirit of the stone sword and refine it, who among the Overlords is my match? “Even that high and Mighty Purple Dream Emperor would have the power to kill me!”

His eyes were filled with madness.

After listening for a while, there was no heartbeat from the weapon spirit. He immediately looked down and muttered to himself, “Only within ten thousand feet can the weapon spirit sense me!”

His sharp gaze quickly swept over, but he couldn’t sense who was most likely.

“Men!”He shouted.

Shua Shua Shua --

The sound of orderly armor clashing came from the sky.

Tens of thousands of silver-armored men came before him and saluted respectfully, “Greetings, Sword Pavilion Master!”

“Arrest everyone within ten thousand feet of the stone sword!”Jian ruxiong shouted.

The silver-armored leader looked at the dense crowd below and said, "Most of them are from the island forces below. Arrest them all, will it..."

"Humph! The more powerful the island forces are, the more we must arrest them. We must not let anyone go!" Jian ruxiong said.

If they were from the sword pavilion, it was unlikely that they would trigger the spiritual connection of the weapon.

Every year, the people from the sword pavilion would swear allegiance to the sword pavilion in front of the stone sword. If they had sensed it, they would have sensed it long ago.

"Yes!" The leader said.

Jian ruxiong paused and a cold light flashed. He added, "If they resist, break their limbs and cripple their cultivation! Do you understand?"

"Yes!" The leader released his murderous aura. He led 10,000 iron-armored soldiers as if they had descended from the sky and surrounded the stone sword as the center. All living beings within a thousand miles were surrounded.

"All of you surrender. If you dare to resist, kill without mercy!" The iron-armored leader shouted.

They were all sent by the various races to participate in the exploration of the ruins. How could they be wary of being arrested?

Subconsciously, there were a few people who wanted to break out of the encirclement.

In the end, they were quickly suppressed. Their limbs were cruelly cut off and their cultivation was crippled.

The shrill screams woke up the people who were surrounded.

"If anyone resists, it will be the same!" The iron armored leader coldly glanced at them as if he was looking at a group of domesticated animals.

With this bloody scene as a deterrent, they were all obediently imprisoned and were all arrested by the silver iron armored army.

After that, the leader said to the rest, "You guys are done. Do what you need to do!"

The sword flashed coldly and disappeared from the stone sword. He went back to interrogate the one thousand people.

"Young Master Xue, what happened? The stone sword was arrested within ten thousand feet. This, this has never happened before." Murong Qingcheng's small face was pale.

Su Yu shook his head. There was a hint of coldness on his face.

After he triggered the spirit sensing device, he knew that something was wrong and promptly led his clansmen away from the stone sword.

Almost as soon as he left, silver-armored soldiers descended from the sky.

They were almost captured too.

“Miss Murong, has the sword pavilion always treated the island’s forces like this?” Su Yu asked.

Murong Qingcheng looked around and carefully transmitted her voice, she said angrily, “Of course! From the submission of the starlight grass, it can be seen that even if you owe even one, even if you have rendered meritorious service for the Sword Pavilion, you will immediately be expelled without mercy!”

The Xue family had just experienced this cruelty.

The entire family had been relocated, displaced, and was on the verge of extinction.

Perhaps, in the eyes of the Sword Pavilion, a force like the Xue family was not even comparable to a fly. They could be replaced at any time.

“Strength is king. The more chaotic the area, the more so,” Su Yu said.

Slowly, people from the various island forces arrived one after another.

A large group of family members gathered around the stone sword once again.

The Li family of Twin Star Island, the Murong family of Murong Island, and... the god of feathers family of Star Island!

Tuoba Lun was talking to two youths of the same generation who were dressed well and had an extraordinary temperament.

“Tuoba Lun, I heard that you’ve mastered the divine ice feather technique? Not Bad, your strength has improved greatly.” The one who spoke was a girl with big, intelligent eyes. There were three strange flowers on her head.

Tuoba lun snorted coldly, “Flower Fairy, if you want to try, I don’t mind fighting with you now.”

Flower fairy... Su Yu had actually heard of this girl before. She was the third most favored daughter of the flower clan in the island faction. Her cultivation had reached the peak of the third sky, and she was only one step away from entering the second sky.

“Hehe, you’re still as arrogant as before, always wearing a cold face, and not very likable.” Flower fairy giggled.

Tuoba Lun said unhappily, “I said, if you want to fight, then try now!”

Flower fairy narrowed her eyes and smiled. “If you want to try, then try. Don’t think that you’re the only one who’s improved.”

Seeing that the two of them were about to cut each other up on the spot, the young man beside them, who always had a gentle and elegant smile on his face., he said, “Hehe, sister flower, brother Tuoba, now is not the time to expend divine power. We’re not enemies. The real enemies are there.”

His gaze slanted in the direction of Jian Xuan.

The two understood and withdrew their divine power. They stared at each other but did not fight.

The greatest enemy of the Ten Thousand Dragon Cave ruins was not the competition between the island forces, but Jian Xuan.

Jian Xuan's entire army was mobilized. From the dust immortal disciples, to the peak master of Jian Xuan, to the Master of Jian Xuan, everyone participated.

Each of them was powerful and their cultivation was not restricted. In addition, the island forces were their subordinates and acted without restraint.

In past years, the island factions that entered the ruins would lose more than 30% of their strength.

A portion of them died in the dangers of the ruins, but a large portion of them died tragically under the hands of the people from the Sword Pavilion.

In order to obtain more resources, the people from the sword pavilion would choose to attack the island factions.

Of course, there were also a small portion of them that died from fighting among the island factions.

The two of them had a tacit understanding to stop arguing. Tuoba Lun snorted coldly and turned his head away.

Unfortunately, when he turned his head, he just happened to find the Xue family in the corner of the crowd.

What was even more unfortunate was that the star-like Xue Yu was so eye-catching that he could not be more eye-catching.

"It's him?" Tuoba Lun had nowhere to vent his anger. When he saw Su Yu, he immediately found a target to pour it on.

He separated the crowd and walked quickly to Su Yu. He said, "Xue, you really dare to come!"

When Su Yu heard him, he looked up and said calmly, "The Ten Thousand Dragon Cave ruins are under the control of your divine feathers clan?"

How could tuoba lun dare to answer such harsh words? He shouted angrily, "Stop talking nonsense!"

"Since your divine feathers clan doesn't have the authority to decide, then what do you mean by threatening me not to enter? Is it because your divine feathers clan has grown wings and wants to replace the Jian Xuan and command the various island forces?" He asked harshly.

The elders of the divine feathers clan who were accompanying him hurriedly gave him a look. This was Jian Xuan's territory.

If Jian Xuan heard such disrespectful words, someone as overbearing as them would definitely make trouble for them.

Tuoba Lun said coldly, "You have a sharp tongue. I hope that after entering the Ten Thousand Dragon Cave, you can still talk and laugh like this in front of me!"

Su Yu said indifferently, "When have I ever been timid in front of you?"

Chapter 1610 Emperor Rank Beast Chariot

“You...”Tuoba Lun’s eyes flashed with a cold light. A dangerous arc of light flickered, “I feel that in order for you to live longer in the Ten Thousand Dragon Cave, I need to let you understand what it means to have a difference in status before you enter!”

Hong --

An intense divine power gathered in his palm, illuminating his face with a malevolent expression.

“Tuoba Lun, if you want to fight, you have to ask the Xue Family First!”The aura of a third-level heavenly cave abode’s World Paragon also rushed over.

It was the Xue family’s elder, Xue Changzhi. As the candidate for the next family head, his strength was very strong.

The elders of the god of Plume tribe were naturally unwilling to show weakness and also rushed over.

The experts of both sides quickly confronted each other. It was as if they were going to fight if they didn’t get along.

This scene was somewhat out of Tuoba Lun’s expectations.

Xue Yu’s popularity was so high?

The battle between the two races wasn’t something he wanted to see.

“Hehe, brother Tuoba, why are you so angry? We’re both island forces, we should help each other.”It was that gentle and refined young man again who spoke to ease the emotions of both sides.

Tuoba Lun took advantage of the situation and snorted, “Lu Tianji, you’re the only one who meddles in other people’s business!”

He retracted his divine power and complained in dissatisfaction.

Lu Tianji only smiled lightly and didn’t care about his bad attitude.

“You’re the number one family on the island, the current chosen one of the Lu family, Lu Tianji?”Xue Changzhi said in surprise.

Lu Tianji nodded.

Su Yu’s light flickered. Lu Tianji’s name was even above flower fairy and Tuoba Lun.

This person had extraordinary talent. He was naturally proficient in divination, probing heaven’s secrets, and capturing fate.

Using this talent, he was able to turn misfortune into luck everywhere, and his cultivation progressed by leaps and bounds.

It was said that he reached the third-level heavenly cave abode’s World Paragon five years ago!

Now that five years had passed, he was still a third-level heavenly cave abode's World Paragon. However, no one believed that his strength had stagnated.

It was more likely that he was suppressing his cultivation and waiting for the Ten Thousand Dragon Cave this time.

Both sides withdrew their troops, but Tuoba Lun was a little embarrassed and angry.

He came aggressively, but unexpectedly, he didn't vent his anger. Instead, he had nowhere to vent his anger.

All of a sudden, he caught a glimpse of Murong Qingcheng in the group of the Xue family. He couldn't help but smile and said loudly, "Qingcheng, you're here too."

He separated the Xue family members rudely and walked in front of Murong Qingcheng. He revealed a bright smile and deliberately sighed loudly, "Qingcheng, you've been forced by your family to become Xue Yu's fiancée. You've suffered a lot."

Many people frowned when they heard this.

"The most beautiful woman in the sea area of Sword Pavilion, Murong Qingcheng, was forced to marry a nobody?"

"She's like a flower stuck in cow dung!"

..

Tuoba Lun couldn't help but laugh when he heard the discussion. He glanced at Su Yu mockingly, he said to Murong Qingcheng, "Qingcheng, come with me. Although I can't take you away from the engagement, I can take you to enjoy a safe place in the Ten Thousand Dragon Cave."

As he spoke, he pulled on Murong Qingcheng's tender white jade palm.

Murong Qingcheng's body shrank back and she said with a cold face, "Master Tuoba, please have some self-respect! Qingcheng is not a casual person!"

Tuoba Lun was stunned and looked at her with some confusion. He said, "Qingcheng, are you being controlled by his despicable means?"

Murong Qingcheng was solemn and disgusted. She said, "Master Tuoba, I understand your feelings for me. But please don't slander master Xue!"

"My engagement with him is of my own free will and without any coercion." Murong Qingcheng said frankly, "I, Murong Qingcheng, am only in love with Master Xue in this lifetime. Master Tuoba, please don't Pester Me for no reason! And don't use indecent methods!"

Tuoba Lun was petrified on the spot.

He could not understand at all why Murong Qingcheng, who was willing to throw herself at him in the past and wanted nothing more than to marry him immediately, had changed so much within a short year!

That resolute attitude and that determined look in her eyes seemed to have changed into a completely different person.

“Xue Yu, what tricks did you use on him to bewitch him to this extent?” Tuoba Lun shouted angrily.

The crowd was a little dumbfounded as the scene quickly turned around.

“Isn’t Tuoba Lun’s trick a little too despicable? He’s willing to do it with you, but he feels good about himself!”

“Hehe, perhaps as the third most powerful force on the island, he is usually too confident?”

Hearing the unpleasant and ear-piercing laughter, Tuoba Lun stared angrily at Su Yu and Murong Qingcheng. “You two... fine, just wait and see!”

“Especially you, Xue Yu!” As he turned around, he stared coldly at Su Yu. “Just pray that you can enter the Dragon Cave alive. There is someone who has been waiting for you for a long time!”

Su Yu narrowed his eyes. He thought of someone, someone who had pledged allegiance to the divine feathers clan!

The former traitor of the Xue family, Xue Lei!

Both parties dispersed, and the farce ended.

Flower Fairy’s bright and big eyes looked up and down curiously at Xue Yu. She giggled and said, “Hehe, how interesting. This unknown kid actually made Tuoba Lun pay attention to him. This doesn’t match Tuoba Lun’s arrogant personality.”

Three days later, the three hundred island forces’ candidates arrived one after another.

The crowd crowded together and waited for the ruins to open.

Su Yu secretly observed for a long time and said, “Why don’t we see the people from the sword pavilion? Won’t they participate too?”

“They, Hehe...” Murong Qingcheng sneered. “They entered three days ago!”

“There are two entrances to the ruins. One of them leads to the well-preserved Dragon Cave and opens three days earlier than the other. However, only the people from the sword pavilion are allowed to enter!” Murong Qingcheng pointed to a mirage in the distance, the ancient city tower gradually became clear and said, “That’s the entrance for us.”

Not only was there no restriction on the cultivation level, but they were also allowed to enter ahead of time.

The Sword Pavilion really did not intend to give the island forces much benefits! They were only asked to serve as coolies to help them clean up the tasteless and tasteless land that they had abandoned.

“The Ten Thousand Dragon Cave has opened. You can enter now.” On the stone sword, a black and white-haired old man appeared like a distorted light.

He stared at the crowd below as if he was staring at a herd of livestock, he said, “The rules are inconvenient. Everyone, place the collected resources in the special spatial storage of the Sword Pavilion. If you have any hidden treasures, the tens of thousands of corpses buried here will be your end!”

He glared and two solid gazes fell, blasting a huge pit into the ground.

Layers upon layers of bones were piled up, white and shocking.

Murong Qingcheng’s heart palpitated as she said, “These are the remains explorers who have been trying to deceive the sword pavilion and steal resources for many years. Without exception, once they are discovered, they will be immediately executed. Among these bones, there are quite a number of young masters of the island forces, young clan leaders and the like.”

The black-and-white-haired old man said coldly, “Now, the Ten Thousand Dragon Cave will officially open.”

He tapped his right foot on the stone sword, and a powerful sword qi shot out from the stone sword and shot toward the Mirage.

A ripple of water appeared, and the Mirage suddenly became clear.

The island forces who had been preparing for this long filed in through the city gate!

“Let’s go in too!” Su Yu took out a gorgeous beast carriage from his leaf-shaped interspatial ring.

The beast carriage was surrounded by powerful restrictions. Not only was it invisible, but it could also be used to defend against enemies.

The four divine beasts pulling the carriage were the famous heavenly horn rhinoceros.

With a hiss, the heavenly horn rhinoceros pulled the Xue family members and rushed into the ruins.

“This is too much! The Xue family is so rich that they can afford an emperor-level beast carriage. They have no scruples! Fine, don’t let me run into them in the ruins! HMPH!”

“Aren’t the Xue family afraid of arousing public anger? How dare they do this? Brothers, let’s chase after them!”

Within the large crowd, a few strange gazes locked onto the beast carriage.

Entering the city tower, the scene inside suddenly changed.

It was a desolate seabed that had sunk into the depths of the sea.

Countless underwater creatures were scared out of their wits and fled in all directions.

“Look, Starlight Grass!” Xue Lin discovered at a glance that the city tower was actually covered in starlight grass, there were no less than thirty of them!

Half a year ago, the Xue family was on the verge of extinction because of the starlight grass.

However, this place grew at will like wild grass.

He was eager to jump out of the carriage, but he was stopped by Su Yu and said, “Useless!”

Xue Lin shrunk his neck and said, “I, why am I Useless?”

Su Yu said unhappily, “A five-year adventure. Do you think a few starlight grass will satisfy you?”

“But, but the starlight grass is very important. It’s related to the Xue family’s standing!” Xue Lin said unwillingly.

Su Yu shook his head and sighed, “Since there’s starlight grass here, are you afraid that there won’t be any deeper? If we stop to harvest the starlight grass now, we’ll only be overtaken by the people behind us and get a Head Start!”

Xue Xin glared at Xue Lin unhappily, “Silly Egg! You should just listen to brother Xue Yu. Why are there so many questions? When has he ever harmed you?”

“That’s not true!” Xue Lin laughed foolishly. “But where are we going?”

Su Yu’s finger touched Si nan, who was hidden in his sleeve. Si Nan was pointing in the direction of the south.

He did not know much about this place, so he might as well try walking in the direction Si nan was pointing in.

Along the way, they discovered more and more spiritual treasures of heaven and earth.

One or two stalks of starlight grass could be found almost everywhere, and there were even hundreds of them growing in a spectacular sight.

However, Su Yu was unmoved and continued to drive.

The participants at the back gradually could not resist the temptation and gradually stopped searching.

Therefore, fewer and fewer people were chasing after Su Yu.

However, there were two groups of people following him like shadows. They were completely uninterested in everything along the way and continued to chase after the Beast Carriage.

After half a day, the beast carriage finally stopped to rest after running until it was tired.

Su Yu and the people from the Xue family walked out of the Beast Carriage and scattered to rest.

Su Yu said, “Spread out and search the surroundings. Return to the Beast Carriage and gather after an hour.”

After everyone dispersed, a sneaky figure sneaked into the beast carriage with a cold smile on his face.

If Su Yu was here, he would definitely recognize that he was none other than the former traitor of the Xue family, Xue Lei!

After he got into the beast carriage, he immediately consumed a bottle of mysterious medicine.

His entire body gradually became transparent from the outside to the inside, and his aura also quickly dissipated.

Even if a stage one heavenly cave abode's World Paragon was here, he wouldn't be able to sense Xue Lei's existence at all.

If he suddenly stabbed someone, no one would be able to guard against him.

"Xue Yu, and the good clansmen of my Xue Family! You didn't expect that I, Xue Lei, would come back!" Xue Lei's face was filled with malice as he said with resentment, "I've said before, you'll regret it! ! I'll make sure all of you never return!"

He took out a small transparent sword and held it tightly in his hand.

Su Yu and the others, who were completely unaware of this, returned to the beast carriage after plundering the nearby resources.
