

Nine-Dragon 1631

Chapter 1631 Lighting The Divine Fire

He could not figure out when the sword pavilion had hidden or captured such an important person from the star pavilion.

He thought of the ice soul fairy and secretly denied it.

A mere emissary from the Star Pavilion was inferior to an appraiser in terms of status.

Even an appraiser would not be able to alert Mu Canghai to appear personally, let alone annihilate the sword pavilion at all costs.

Thus, Xue Yu's name flashed across his mind.

But who else could it be?

"Pavilion Master, please make it clear that if you are looking for someone, the sword pavilion might be able to lend you a hand." Jian ruxiong was filled with doubts.

Mu Canghai's face turned cold. "The person I am looking for is the Vice Pavilion Master of the Star Pavilion!"

What? Even Jian Ruxiong was shocked.

The position of the Vice Pavilion Master of the Star Pavilion was so high that even ten appraisers couldn't compare to him.

If there wasn't a comparison, it would be the first peak master of the Sword Pavilion.

It was no wonder that Mu Canghai would make a move personally.

If it was Jian ruxiong, he would have made a move as well.

However, what shocked Jian Ruxiong was that he hadn't even met the Vice Pavilion Master of the Star Pavilion. Why would mu Canghai demand from him with such a bitter and vengeful look?

"Pavilion Master, Forgive me for not understanding. I am also very sorry for the disappearance of the Vice Pavilion Master of the Star Pavilion. However, pavilion master, aren't you looking for the wrong person to ask me for it?" Jian ruxiong said.

"I am looking for you." Mu Canghai walked over, and his aura gradually rose. "I have received news that Jian Xuan has captured the Vice Pavilion Master of the Star Pavilion and even offered a reward to many islands!"

He stared at Jian ruxiong, the unfriendly look in his eyes growing stronger. "Jian Ruxiong, do you think that after so many years, Jian Xuan has already developed into a towering tree that can reach the heavens, and can disregard our star pavilion?"

Jian Ruxiong's mind went blank for a moment. His first reaction was that Mu Canghai had found the wrong person.

The heavens and earth could bear witness to this. No matter how ambitious Jian Ruxiong was, it was impossible for him to capture the Vice Pavilion Master of Star Pavilion before he had established his power?

However, a second thought appeared in his mind. Could it be that Mu Canghai had misunderstood?

The person he wanted to capture was only Su Yu, an ordinary appraiser.

"Pavilion Master, Please Calm Down." Jian ruxiong took half a step back, he explained, "The person I captured is Xue Yu, an appraiser of your esteemed pavilion. However, he was the one who snatched the things belonging to our sword pavilion first. As for the Vice Pavilion Master, I have never seen him before!"

"Hehe..." Mu Canghai sneered coldly. "Who told you that Xue Yu is only an appraiser?"

HMM? Jian Ruxiong was taken aback. Xue Yu isn't an appraiser? Then who is he?

He had long felt that it was strange. With the discerning eyes of the Star Pavilion, why would they invite an ordinary young man to become an appraiser of the Star Pavilion?

It seems like there is a misunderstanding. If that's the case, it would be more logical for them to capture Xue Yu.

However, what Mu Canghai said next shocked Jian Ruxiong.

"Not only is Xue Yu a high-level appraiser of the Star Pavilion, he is also the Vice Pavilion Master of the Star Pavilion!"

Hong --

It was as if thousands of lightning bolts had struck Jian Ruxiong's mind, sending his consciousness into chaos.

Xue Yu Is... The Vice Pavilion Master of the Star Pavilion? A young man in his twenties?

He fell into a state of shock and did not regain his senses for a long time.

Mu Canghai held a cold killing intent. "Jian ruxiong, I only have one question for you. Where did you take the Vice Pavilion Master of the Star Pavilion?"

The threatening killing intent made Jian ruxiong snap out of his daze.

One could imagine how he felt at that moment.

The one who had spent so much effort to kill was actually the Vice Pavilion Master of the Star Pavilion?

With such a crime, it was no wonder that Mu Canghai had thrown down such vicious words and wanted to destroy the sword pavilion!

If he had known that Xue Yu was the Vice Pavilion Master of the Star Pavilion, he definitely would not have made such a large-scale arrest. Instead, he should have captured him in secret!

However, it was too late for regrets. Right now, he was extinguishing mu Canghai's fury.

He hurriedly said, "Pavilion master, Please Calm Down. We haven't met Xue Yu. Ever since he escaped, he has disappeared without a trace..."

"Shut up!" MU canghai mercilessly interrupted, "I don't care if you have caught him or not. Bring him to me within three days!"

Jian Ruxiong was secretly angry. The Star Pavilion was too overbearing!

However, what was even more overbearing was that Mu Canghai pointed to the sky and said coldly, "Remember, he must be brought to me unscathed. If he loses even a hair, he will slaughter a peak master of Your Sword Pavilion. If he brings back a corpse, he will destroy your entire sword pavilion!"

A ten-colored divine light shot out from his fingertip and broke through the roof, piercing into the nine heavens.

Then, the divine light scattered into tens of thousands of rays, scattering from the sky like arrows.

Ah --

In an instant, the Twin Stars Island, which was already screaming in pain, had thousands of terrified screams.

Strangely, after these screams, the Twin Stars Island, which was like a purgatory, became quiet instead.

Jian ruxiong raised his brows and quickly rushed out of the hall. He glanced around and couldn't help but be shocked and angry.

The people from the sword pavilion who had entered the city to kill wantonly were all pierced through by a divine light. Their souls were destroyed and their life force dissipated!

There were thousands of elite disciples of the Sword Pavilion, but not a single one was left alive!

Among them, the peak master who was ranked eighth also had his head crushed.

A powerful soul escaped from his body, and his body was covered in cracks.

He was terrified as he teleported to Jian Ruxiong and begged, "Sword Master, Save Me!"

Jian Ruxiong flashed over and grabbed his soul.

However, a remnant divine light fell from the sky.

Pu --

Like dust, the eighth peak master's soul was destroyed on the spot, leaving nothing behind.

Jian Ruxiong turned his head in anger and glared at Mu Canghai who was still in the hall. A monstrous killing intent surged in his heart.

“Remember, you only have three days. If I don’t see you in three days, I will personally come to the sword pavilion and wipe out your entire sect!”

Clang --

The huge door that Jian Ruxiong had kicked open closed again and sealed the hall.

Jian ruxiong clenched his fists tightly. His heart was bleeding. That was the peak master, not an ordinary disciple!

He wanted to resist, but with the loss of the Royal Longzun Sword, everything deviated from his original plan.

Jian Xuan was no match for Star Pavilion!

He gritted his teeth so hard that they made cracking sounds. A low and dark roar came from his throat. “Star Pavilion, just you wait!”

“All members of the Sword Pavilion, listen up. Find Xue Yu and bring him alive. Don’t hurt him at all!” Jian Ruxiong ordered gloomily.

The members of the Sword Pavilion had yet to recover from the massacre of a thousand people. When they heard Jian Ruxiong give a completely different order, they could not help but be stunned.

“Are you all deaf? Why aren’t you going?” Jian ruxiong snorted angrily.

Only then did the members of the sword pavilion retreat like the tide, blindly searching for Su Yu’s figure.

In the Great Hall of the Xue Clan.

Xue Yuntian, Hundred Flowers Blue, Lu Zhongtian, and Murong Feng seemed to be sitting upright, but in reality, they were sweating profusely. They were so stiff that they could not move at all.

They were originally discussing a plan to destroy both jade and stone. Who would have thought that Mu Canghai would suddenly appear.

They were terrified by a supreme existence of such a level.

Even though they knew that the other party was here to help them, they still could not sit still.

“Everyone, there’s no need to be so formal.” Mu Canghai smiled faintly.

Her attitude was very amiable, but everyone knew that it was because of Xue Yu.

“Thank you, pavilion master, for saving us. We will never forget it.” Xue Yuntian and the others stood up one after another to express their gratitude.

Mu Canghai smiled and said, “It’s no trouble at all. There’s no need to be polite. However, in the future, you might as well move to a place near our star Pavilion.”

With their current situation, Mu Canghai even said that what if they left? The Sword Pavilion had countless methods to secretly suppress and make things difficult for them.

Hearing this, everyone present was pleasantly surprised.

They had long wanted to break away from the control of the Sword Pavilion. If they were to stand near the star pavilion, they would be under the jurisdiction of the Star Pavilion. This, this was something that they had always dreamed of!

“We are willing to serve the star pavilion with all our might!” The few of them were extremely happy.

Hundred Blossoms Blue, Lu Zhongtian, and Murong Feng all looked at Xue Yuntian with envious gazes.

The Vice Pavilion Master of the Star Pavilion, Xue Yuntian, had really given birth to a world-shaking son!

Thanks to him, the four great aristocratic families were able to completely break away from the sword pavilion today!

Only Xue Yuntian himself felt slightly bitter in his heart.

He also hoped that it was his son. Unfortunately, how could such a person be nurtured by a small Xue Family?

Rumble --

Suddenly, the hall trembled slightly.

To be precise, the entire twin stars island trembled as if it had received a strong impact.

“Earthquake?” Hundred Flowers Blue said in surprise, “My Island is located in a volcanic area. It’s not strange for it to frequently have earthquakes.”

Xue Yuntian frowned. “Earthquake? When has there ever been an earthquake on twin stars island? This earthquake is somewhat abnormal!”

He was about to ask Mu Canghai for his opinion when he saw Mu Canghai looking toward the southwest with a surprised expression.

“A billion miles away, what is that place?” Mu Canghai’s expression froze.

Xue Yuntian had a complicated expression as he said the name of the place. “The evil Ghost Strait.”

No one in the Xue family was unfamiliar with this place.

“What a strong divine power fluctuation.” Mu Canghai said seriously, “There seem to be more than ten thousand gods, and two of them are faintly emitting the power of desolation.”

What? The power of desolation?

That was the unique power of the Emperor of Heaven and earth!

Mu Canghai had some doubts and said, “You guys stay here, I’ll go and take a look.”

After that, he moved and disappeared from the world.

The strange phenomenon in the evil ghost channel could not be hidden from Jian ruxiong.

His expression was solemn. There were more than ten thousand godly powers. He thought that there were more than ten thousand world paragons gathered in one place, and there was even the shadow of the Emperor of Heaven and earth!

As the Master of the Sword Pavilion, how could he ignore such a huge change?

The two of them rushed over and arrived at the evil ghost channel in less than an hour.

When they saw the scene in front of them, Mu Canghai, who had a lot of experience, was also shocked.

They saw that the evil Ghost Strait, which used to be as dark as ink, was extremely dazzling under the sea.

It was as if a blazing sun was rising from the bottom of the sea.

Even the two of them could not look directly at the threatening divine light.

“What is that?” Jian Ruxiong was extremely shocked.

He thought that it was an unfamiliar world paragon, but it seemed that it was not the case. Something Extraordinary was born from the bottom of the sea.

Mu Canghai widened his eyes and revealed a look of shock and confusion.

Splash --

The sea started to shake, creating huge waves.

The ten thousand rays of divine light slowly approached the surface of the sea.

Mu Canghai was vigilant and slowly retreated. He kept a sufficient distance and stared at the dazzling sun without blinking.

Amidst the huge waves, the enormous divine light finally revealed a corner of the surface of the sea.

Mu Canghai used all of his eye power to barely see the object clearly. It was actually two extremely large divine shadows.

“Divine Palace Dharma Idol?” Mu Canghai was shocked.

The Divine Palace Dharma Idol wasn’t special. What was special was that the two divine palace dharma idols were so grand that they were comparable to the Overlords’ divine palace dharma idols.

That divine palace dharma idol was the Emperor of Heaven and earth! !

Chapter 1632 Mortal Sacred Body

“Could it be that someone from the same path has broken through?” Mu Canghai said in surprise. However, his gaze kept bouncing back and forth between the two completely different Divine Dao, and he was extremely puzzled. “But, what about the two divine images of the Heaven and Earth Emperors?”

“They are different from dust immortals. A small number of dust immortals might be able to cultivate multiple paths at the same time. However, for overlords, in

the end, they can only choose one divine dao to break through. How is it possible for two Divine Dao to..."mu Canghai was extremely surprised.

However, the next scene that caused her sword to be petrified was when the two dharma idols of the ten thousand feet divine palace completely rose out of the sea.

Immediately after, a total of ten thousand dharma idols of the divine palace appeared! !

All of the Dharma idols of the divine palace formed a seal together and used a mysterious seal technique.

They were like stars surrounding the moon as they slowly floated up around a colorful divine egg in the middle of them.

On the top of the colorful egg was an extremely mysterious oil lamp.

No matter how dazzling the divine light was, the oil lamp still emitted a gentle light and was not drowned out.

In Mu Canghai's eyes, it was as if ten thousand gods were welcoming their king, born in the world.

Mu Canghai stared at the scene. For some reason, some distant and unfamiliar memories entered his mind.

It seemed like she had read this scene in some ancient book.

When she moved her eyes to the oil lamp, Mu Cang Hai was frightened. Finally, he remembered what it was.

However, when she remembered it, she was even more shocked. She shivered and said in disbelief, "That oil lamp... it's... It's the god of all gods, the symbol of the Dao God!"

Dao God? Jian ru Xiong's body shivered, his eyes filled with fear.

Dao God realm expert... was a legendary existence.

It was rumored that there was a mountain in the absolute beginning realm that was born in the era of creation.

It was the first mountain in the absolute beginning realm. It was the mountain of tens of thousands of mountains. It had the purest essence of the absolute beginning realm.

In this mountain, there were ten stone embryos that were nurtured by the sacred mountain.

Every trillion years, a stone embryo would give birth to a living creature.

The living being that was born was called the son of heaven!

The son of Heaven and earth, the Lord of all things.

They were born to be proficient in ten thousand kinds of Divine Dao. Their divine arts were monstrous and their magical powers were boundless!

The son of Heaven that was just born had the cultivation base of an overlord. Together with the Ten Thousand Divine Dao, the Emperor of Heaven and Earth could also fight!

Since the birth of the absolute beginning realm, nine trillion years had passed.

On the Sacred Mountain, nine sons of Heaven were born.

Without exception, every son of Heaven was welcomed by all the gods. There was an oil lamp above their heads that burned everything in the world and turned them into absolute beginning Qi.

The scene described was exactly the same as the scene in front of them.

Jian Ruxiong felt like his throat was blocked. He said with difficulty, "Son of heaven... was... born!"

Mu Cang Hai also swallowed hard. That son of heaven was the legendary son of heaven in the absolute beginning realm?

After being shocked for a long time, Mu Cang Hai gradually realized that something was wrong. "This place isn't the sacred mountain. Where did the son of Heaven come from? Moreover, the son of Heaven was born in a stone embryo. This colored egg isn't like a stone embryo!"

After pondering for a long time, Mu Cang Hai's eyes sparkled with excitement. His whole body trembled.

"God of all gods, besides the son of heaven, there's another kind of person who can reach this level!" Mu Cang Hai stared at the colored egg greedily.

Jian Ruxiong's mind thundered as he thought of another kind of person.

The Sacred Mountain had given birth to the son of heaven, and the absolute beginning realm had given birth to countless living beings.

The living beings were like ants. In terms of talent, they were far inferior to the son of heaven.

However, there were still a small number of living beings with extraordinary talents who had broken through the shackles of the innate realm. They had surpassed all the living beings in the universe and reached the realm of the Dao God.

This kind of person was called the mortal body!

As the name implied, they were born in mortal bodies. They defied the heaven and became saints, standing side by side with the son of heaven.

Stone-born son of heaven, mortal-born sacred body.

The former was born in the innate realm, while the latter was born in the postnatal realm.

Similarly, both of them were legends, the two great legends of the absolute beginning realm!

Although stone-born son of Heaven was amazing, mortal-born sacred bodies were rare and rare.

Since the birth of the absolute beginning realm, there were only ten thousand mortal-born sacred bodies.

Each trillion year was equivalent to one billion years.

If it wasn't a great fortune, it would be impossible to be in the same generation as the mortal-born saintly being.

However, Mu Cang Hai and Jian Ruxiong weren't only in the same generation as the mortal-born saintly being, but they had also witnessed the birth of a mortal-born saintly being!

A sense of no regret arose in their hearts.

The colorful egg flew to the nine heavens while the ten thousand gods welcomed it respectfully.

The entire Jian Xuan Sea area could see the strange blazing sun shining on the pupils of every living being.

All the living beings witnessed it, and heaven and earth waited quietly.

A thunderous sound suddenly came!

It was as if someone had opened a huge hole in the sky above Su Yu's head.

Blood-red chains slowly fell from the hole.

The chains of the Great Dao!

However, the chains were usually as black as ink.

This section was blood-red.

Mu Cang Hai couldn't help but tremble. He was both excited and scared. "It's the Great Dao of the absolute beginning realm! The First Great Dao law that was born when the absolute beginning realm was first created!"

All the Great Dao laws were derived from this blood-red chain.

It represented the beginning of the laws and the head of all order.

Unless someone broke through the shackles of the Heaven and Earth emperors and reached another realm that heaven and earth couldn't tolerate, the Great Dao of the absolute beginning realm would never appear.

There weren't many living beings in the absolute beginning realm who could witness the absolute beginning Great Dao in their lifetime.

But today, they witnessed its arrival.

Jian Ruxiong was deeply shaken. "When the absolute beginning Great Dao appears, it will definitely correct the laws of heaven and earth! Whether or not you can become a dao God will depend on whether or not you can bear the absolute beginning Great Dao!"

At this moment, sensing the blood-red chains descending from the sky, the ten thousand divine images raised their heads and looked up.

The hand seals were formed even faster as they chanted mysterious incantations.

For a moment, the divine chants rang out, transmitting to the starry sky.

Along with the divine chants, brilliant flowers fell, wind, rain, thunder, and lightning appeared, and the four seasons changed as if they were illusions..

All Kinds of Divine Dao appeared at the same time.

"Lightning Dao, Fire Dao, Ice Dao, Secret Dao..." Mu Canghai looked at them one by one as he could not help but mutter.

However, there were too many divine daos and there was no way to count them all.

At this moment, from the egg, a heavenly voice that sounded like a yellow bell rang out.

“Ignite the Divine Dao!”

With a light shout, the divine chant of the ten thousand gods became even louder.

The quiet oil lamp shot out wisps of flames and fell on the dharma idol bodies of the divine residences.

In an instant, the ten thousand gods burned!

This scene was so magnificent that it shocked all living beings.

Igniting the divine path was the only way for a dust immortal to break through to become a world paragon.

However, igniting 10,000 divine paths at the same time was unprecedented!

The divine chant was even louder, shaking the heaven and earth, shaking the boundless divine universe!

In the ears of every living being, there was an indescribable mystery, as if they were touching the true essence of the divine path.

The Burning Divine Mansion Dharma Idol, they all turned into nine-colored qi.

Absolute beginning Qi! The first wisp of Qi that was born when the world was created was the one that evolved everything!

A divine mansion dharma idol only gave birth to one wisp of absolute beginning qi.

The absolute beginning Qi that was born from ten thousand of them couldn't be measured by numbers!

Ten thousand gods were burned. Ten thousand fist-sized absolute beginning qi surrounded the colorful egg.

Two of them were exceptionally huge, like mountains.

With a soundless boom, the blood-red chain smashed down like thunder.

One absolute beginning Qi met the chain, but it was instantly destroyed by the red chain.

The broken absolute beginning Qi was absorbed by the chain.

The chain continued to smash down.

The second absolute beginning Qi met the chain again, but it was still smashed and absorbed.

Until the third, the fourth, the fifth..

Tens, hundreds, and thousands of absolute beginning Qi flew toward the chains like moths to a flame.

However, under the chains, the absolute beginning Qi was so weak that it was easily broken and absorbed.

When the eight thousand absolute beginning Qi was broken, the speed of the chains falling was only reduced by 10% !

Mu Canghai and Jian Ruxiong were extremely nervous, as if they were the ones bearing the absolute beginning Great Dao!

Igniting the eight thousand divine dao only slowed down the force of the chains smashing down.

If it were an ordinary person, they would have died under the absolute beginning Great Dao!

The chains were only 100 million miles away from the colorful egg, and they could reach it in ten breaths.

With that force of smashing down, even the Emperor of Heaven and Earth would die!

Sensing the intense danger, the remaining 1,998 absolute beginning Qi rushed up.

After one breath, hundreds of absolute beginning Qi were crushed by the chains.

After two breaths, hundreds of absolute beginning Qi were crushed.

After three breaths, the absolute beginning Qi was crushed again.

Four breaths..

Five breaths..

..

In the eighth breath, the 1,998 absolute beginning Qi were all crushed.

The momentum of the chains was so slow that it was almost negligible.

At this moment, the chains only needed two breaths to crush the egg.

However, the two mountain-sized absolute beginning Qi finally moved!

Bang --

The blood-red chains smashed onto one of the absolute beginning qi, and its indomitable momentum slowed down drastically.

When the chains smashed through the entire mountain, it took a whole breath.

When they smashed towards the second absolute beginning qi, their momentum slowed down even further. Slowly, they stopped.

Finally, with a light pop, the last absolute beginning Qi mountain was smashed through and absorbed.

However, the chain stopped completely.

It was less than three inches away from Su Yu's head.

Seeing this scene, countless creatures heaved a sigh of relief.

Mu Cang Hai was so excited that he couldn't get any more excited. It was a success!

This mortal body had ignited the Dao of all gods and carried the absolute beginning Great Dao!

According to the records in the ancient books, the absolute beginning Great Dao would leave a mark of absolute beginning in the mortal body.

A Dao God was born!

However, a scene that was completely contrary to their imagination appeared.

The blood-red chain didn't leave any mark. Instead... it suddenly smashed down.

The momentum was ten times faster than before!

Crack --

The four bodies of the colorful egg were covered with cracks. It seemed like it was going to break.

Mu Canghai was stunned. He couldn't understand what was happening in front of him. "How could it be like this? It's the absolute beginning Great Dao. Why did it happen again?"

However, what made Mu Canghai tense was the cracks around the colorful egg.

"A mortal body can cross the Dao God realm. If the embryo breaks, the saint will perish! The colorful egg is the embryo. If the colorful egg breaks, then... the saint will perish." Mu Canghai was extremely nervous.

Could it be that the absolute beginning Great Dao didn't allow this mortal's sacred body to become the Dao God realm and wanted to erase him from this world?

Why was it like this?

Was This Mortal's sacred body not allowed in the Great Dao? Or was it not allowed in the absolute beginning world?

The Great Dao was the most fair!

The Great Dao was fair to every living being. The absolute beginning Great Dao was even more so as the ancestor of all the Great Dao.

Why was it only unfair to this mortal body?

Chapter 1633 Myriad God Dynasty

Crack --

The crack on the egg deepened.

And this was only the residual effect of the chains.

Once it was smashed, the fetus would be broken and the person would die!

A furious roar that shook the entire universe erupted from the egg. "Tribulation! Immortal!"

It was the Tribulation Transcender's doing!

It was supposed to carry the Great Dao, but because of this, it became the tribulation of the Great Dao!

Who among the absolute beginning heroes had such a heaven-defying ability to change the will of the Great Dao?

Among the people that Su Yu knew, there was only one kind of person who had such an earth-shattering ability.

That was the tribulation transcender!

When Su Yu was in the Taotie's belly, they had attacked him at every dangerous moment, putting him in an even more dangerous situation.

Several times, they had made Su Yu die without a doubt.

If it weren't for Xia Jingyu sacrificing herself to resolve the disaster, Su Yu would only be a speck of dust now.

Now, they had once again attacked Su Yu when he had broken through his shackles and was bearing the Great Dao, attempting to use the Great Dao's hand to wipe Su Yu from the world.

How could Su Yu not be angry at such a monstrous hatred? How could he be willing to be executed?

"Tribulation transcender! When have I ever let you guys down and made you chase after me at all costs?" Su Yu let out a loud roar filled with rebellious intent.

What answered him was a changing cloud at the gap of the heavenly court that had gathered into an incomparably large face.

Its facial features were clear and vivid.

The huge, hollow eyes of the face looked down at Su Yu and revealed a human-like mocking smile.

As expected, there was some sort of consciousness!

It used to be indistinct, but now, it had truly appeared.

Su Yu's anger and rebellious intent gathered.

How could he do as the tribulation transcender wished?

If he died, he would ask absolute beginning expanse cosmos. Who would know that a wisp of Xia Jing Yu's soul was waiting to be resurrected?

He couldn't die!

His soul rumbled furiously, and an unprecedented buzzing sound rang out.

"Nine dragons divine cauldron, appear!" A shout rang out. The nine Jade Spirit Pearl, which had been silent for a long time, shot out Jade Light from within.

It was the nine dragons divine cauldron!

It had occupied Su Yu's soul since the very beginning. Only it was connected to Su Yu's soul.

Su Yu's soul fluctuated violently. The nine dragons divine cauldron sensed it and hurriedly protected him.

Roar ——

Five dragon roars that could pierce through space and time came out of the nine Jade Spirit Pearl.

Five flying dragons of different colors broke through the seal of the nine Jade Spirit Pearl and forcefully flew out.

The moment the chains of the Great Dao arrived, the five flying dragons became one, turning into a five-colored divine dragon.

Roar ——

Mo da roared crazily, and the blood-red chains slowed down!

At the same time, the five-colored divine dragon whipped its tail, and a law filled with time, space, soul, life, and death descended without warning.

Following the whip of the dragon's tail, five extremely mysterious laws struck the chains, reducing the force of the falling chains by half.

However, the chains were still too close to Su Yu, and they were about to completely smash the eggs.

At this moment, the five-colored divine dragon used its body to block the chains.

With a loud wail, the five-colored divine dragon was beaten until its body was twisted.

Its body was broken and half of its head was broken.

Su Yu's soul was connected to the nine dragons cauldron. He could feel that the five divine dragons were in extreme pain as they were being crushed by the absolute beginning Great Dao.

At the end of the day, the five divine dragons were the combination of five laws.

The consequences of colliding with the mother of laws, the absolute beginning Great Dao, were unimaginable.

Their bodies were crushed bit by bit. From the inside to the outside, they were torn apart by the absolute beginning Great Dao.

However, the five dragons didn't retreat. Instead, they endured the immense pain and exploded with bright, colorful lights from the inside to the outside.

A powerful law was released from the five-colored dragon!

The five-colored divine dragon's body suddenly expanded like a rubber ball that was about to explode.

Boom --

Without waiting for Su Yu to stop it, the five-colored divine dragon exploded.

The five-colored light formed an umbrella shape and protected the colorful egg. The law power that burst out surged into the sky and forcefully pushed away the chains of the Great Dao.

Life and death were just a hair's breadth away!

The price was the self-destruction of the five-colored divine dragon!

The Great Dao of absolute beginning descended twice but returned empty-handed. Then, it slowly retracted the huge gap in the sky.

The faintly discernible intent of calamity gradually dissipated.

The mocking giant face stopped mocking and revealed a sullen expression.

A cold snort came from the unseen world.

With unwillingness, the giant face slowly disappeared.

Kacha --

At this moment, the egg below finally succeeded in igniting the divine fire after bearing the attacks of the laws of the Great Dao twice.

It split open on its own, revealing a nine-colored human in human form.

Within the gap in the sky, the blood-red chains flickered and an oil lamp flew down, floating on the human's chest.

Instantly, the world trembled.

All the World Paragons in the cave abode, all the dust immortal experts, even the Star Pavilion Master, the Sword Pavilion Master, and the powerful existences like the peak master, their divine images all appeared involuntarily, they knelt down and bowed to the nine-colored person.

It was as if they were the kings of the divine path, the gods of the gods!

This mysterious and shocking phenomenon didn't stop at the Twin Star Island. Instead, it swept across the sea of constellations at an unbelievable speed!

Countless sea areas similar to the sword pavilion exploded with an extremely powerful overlord Aura. They stood at the peak of the heavens and stared at the uncontrollable Dharma idols in shock!

Meanwhile, in the Sea of constellations, three majestic existences that were exuding the power of desolation were awakened from their eternal slumber!

Those were the three great emperors of the Sea of constellations!

They were rumored existences!

No living beings had seen them for tens of thousands of years. There were rumors that they might have already traveled overseas, and there were also rumors that they had already passed away.

However, those three waves of desolation that shook the sea of constellations announced their existence.

The three emperors didn't leave, but the sea of constellations no longer attracted them.

Other than that abnormal divine residence dharma idol!

Somewhere in the Sea of constellations, there was a round bamboo that was completely purple. It connected to the endless sky and descended to the bottom of the sea of constellations. It was like a pillar that supported the sky.

One after another, purple bamboo leaves grew luxuriously. There were tens of millions of them.

Each bamboo leaf was incredibly big. It was only slightly bigger than the Twin Star Island.

Above it was an endless amount of land, an inexhaustible number of living cities, various powers, and all sorts of different races.

In terms of prosperity, even the central island of the number one island in the Jian Xuan Sea was far from being comparable!

A single bamboo leaf was an extremely prosperous island, and the number of bamboo leaves on the purple bamboo numbered in the tens of millions!

There were only three places in the sea of constellations that could possess such grandeur and boldness.

This was the sea of constellations, the location of one of the three great emperors, the purple dream emperor -- the Purple Splendor Pavilion!

It was rumored that the divine bamboo that was born from ancient times, the divine bamboo of creation!

In the depths of the Purple Splendor Pavilion, a beautiful woman dressed in a purple dress was sleeping on her side.

Her body was surrounded by many corporeal chains. There were a total of ninety-nine of them! Suddenly, she opened her eyes.

There were no pupils in her eyes. Instead, there was a magical scene.

A gorgeous white flower bloomed, withered, fell, and was reborn. It bloomed again and again.

It was as if space and time were flowing in her eyes.

The chains around her shook slightly, as if they sensed something unusual.

She stood up slowly. It was originally an ordinary movement, but it gave off a feeling of being in harmony with the Great Dao of Heaven and earth. It was as if she was the Great Dao, making people feel extremely comfortable.

Her eyes that were reincarnated with white flowers and withering flowers saw the chaotic scene outside through the divine bamboo.

Dust Immortals, world paragons, overlords, their dharma idols couldn't help but appear and kneel in the same direction.

She was slightly startled, and then the scene of white flowers and withering flowers in her eyes was instantly destroyed.

A pair of purple pupils appeared.

"The myriad God dynasty welcomes you! This is..."her purple pupils revealed a hint of surprise and disbelief. She said in a low voice, "This is the arrival of a Dao God!"

With a thought, she left the divine bamboo and looked into the distance.

“That’s the border of the sea area of the Purple Flower Pavilion. It’s not where the sacred mountain is. So, a mortal body has appeared?” Her eyes sparkled. “A mortal body appears once every one billion years, but the last time was thirty years ago! “Is it an illusion? “Why did two mortal bodies appear in succession?”

She stared into the distance. After a long while, she left behind a blurry figure and disappeared without a trace.

In the sky above the twin stars island in the Jian Xuan Sea.

Su Yu, who had broken through his shackles, stood in the sky.

He didn’t feel the pleasure of breaking through. Instead, he stared at the giant face that was gradually disappearing.

Time and time again. Did the tribulation transcender think that he, Su Yu, was a lowly ant who couldn’t resist?

Only they could punish Su Yu, but Su Yu couldn’t reach or touch them?

Recalling Xia Jingyu, he sacrificed his eyes and his heart until only a wisp of black hair was left.

Su Yu’s eyes were filled with hatred!

“As you wish, I’m here. I’ve come to the absolute beginning realm. Can you hide in the dark and bring disaster to us?” Su Yu clenched his five fingers, holding the nine-colored power of the god of Ten Thousand Dao in his palm.

Many chains of laws appeared out of thin air.

This scene shocked the eyes of all living beings.

Mu Cang Hai was extremely excited. “It’s the unique power of the god of Dao! It’s said that the god of Dao can create laws out of thin air!”

The overlords could only touch the laws. Only the emperors of Heaven and earth could use the laws.

And the god of Dao could create the laws directly!

The red mark of the oil lamp on Su Yu’s chest emitted a weak light. Wisps of power poured into Su Yu’s body.

It was this mark that allowed Su Yu to control the power to create laws!

Time, space, soul, life, death, five thumb-sized chains were created out of thin air.

In Su Yu’s palm, they danced like snakes.

“Mark of Laws!” Su Yu shouted coldly. He clenched his five fingers and the five thumb-sized chains merged into the shape of a five-colored divine dragon.

The five-colored divine dragon that was as long as an index finger flew into the huge face that was about to disappear.

All of a sudden, the huge face revealed an angry expression, as if it was angered from being provoked by an ant.

A mark appeared on the forehead of the huge face, the mark of a five-colored divine dragon.

No matter how the huge face twisted, the five-colored divine dragon Mark did not fall off at all. It disappeared into the darkness along with the huge face.

Su Yu's eyes were like lightning as he suddenly turned around and shot toward the north.

The mark appeared in the extreme north!

The five-colored dragon mark was imprinted on the body of the tribulation transcender through the giant face.

It was because of this that the giant face showed anger.

This mark was created by Su Yu and had his own aura. No matter how far away he was, Su Yu could sense it!

"I've locked onto you, Tribulation Transcender!" Su Yu revealed an extremely cold smile.

Chapter 1634 Reviving Jingyu

"I, Su Yu, have come to pay you back for everything you've done to me and Xia Jingyu!" Su Yu said coldly!

Whoosh --

Two sounds of air being torn apart entered their ears. Mu Canghai and Jian Ruxiong rushed over one after another, their expressions filled with respect.

Su Yu glanced at them and indifferently spat out the word "Escape."

In an instant, "Escape Dao" appeared around him.

His entire person vanished into thin air.

Mu Canghai and Jian Ruxiong looked towards the north at the same time. Just as they were about to chase after him, Su Yu's aura suddenly disappeared.

The two stopped in their tracks.

Mu Canghai sighed deeply. "As expected of a Dao God. He can use all kinds of divine dao freely. I think he must be using the Hidden Dao at this moment."

Jian Ruxiong's expression was filled with unwillingness. He held his sword and prepared to go and search.

Dao God, Dao God, a miraculous spirit that appeared once in a billion years!

If he could imprison him... no, even if he had a good relationship with him, the benefits would be endless!

"Sword Master, I think it's better for you to take care of yourself first." Mu Canghai's cold voice sounded from behind him.

The birth of the mortal body was only an interlude.

She would not forget the purpose of this trip!

Jian Ruxiong's footsteps stopped. He felt resentful, but he had no choice. He could only look for Xue Yu first.

He looked at the direction Su Yu had disappeared in with great reluctance. He gritted his teeth and turned around to leave.

At the same time, on the central island where Jian Xuan was located.

In the long-closed ten thousand Dragon Cave, there was a living creature!

His entire body was exuding an extremely ferocious aura. He was lying between a pile of dragon bones, devouring them with great gusto.

“To me, this place is truly a heaven-sent land!” The living creature chewed on the dragon bones and laughed excitedly. “So many ancient divine dragon remains are enough for me to evolve. At that time, even the Galaxy Overlord would not be a match for me, the ancient Taixu!”

As he laughed, a sinister smile appeared on his lips. “Su Yu, Oh Su Yu, you must not have imagined that my ancient Taixu would have such a day, right? If you were still alive, I wonder if you would be surprised! hehehe...”

Su Yu took a step into the air and swept away the traces behind him. He landed on an uninhabited island.

He found it hard to calm down. It was not because he had narrowly escaped death, nor was it because he was a dao divinity, but..

He raised his finger, and a strand of black hair swirled around his index finger, gently fluttering in the sea breeze.

“Jingyu, you must be very lonely by yourself, right?” Su Yu caressed this strand of black hair, and his eyes were filled with a gentle light, as if he was protecting the most precious treasure in his life.

After the true dragon continent, Xia Jingyu walked alone on the road.

Perhaps, she had already sensed the existence of the tribulation transcender and sensed that Su Yu's life was impermanent.

Therefore, she was alone, silently looking for a way to survive for Su Yu.

Those years must have been very lonely, right?

With the corner of his mouth filled with reminiscence and love, Su Yu sat cross-legged.

He looked at the nine Jade Spirit Pearl and spat out the word “Peel”.

A supreme dao descended and wrapped around the nine Jade Spirit Pearl, destroying the initial refining mark.

The nine Jade Spirit Pearl instantly became an ownerless object.

Immediately after, Su Yu clenched his five fingers, creating a chain mark that landed on the nine Jade Spirit Pearl.

“A mark forged with my laws. In this world, no one other than me should be able to open this object,” Su Yu muttered.

In other words, even if this object was lost, no one would be able to break the refining mark.

After refining the nine jade spirit quasi-mark again, Su Yu willed a speck of dust to fly out and fall into Su Yu’s palm.

The Speck of dust looked ordinary, but it was actually a cave world. Back then, Devil Sword Wu Ya had used the sword that he had comprehended the Morning Dao to cut the evil daughter.

Only then did Su Yu use this cave world to absorb the drop of divine blood.

After opening the cave world, there was no blood in the empty world. Instead, there was a graceful and slim figure.

Her face was covered by a mysterious aura, but that figure and that familiar aura... who else could it be but the evil daughter?

Su Yu was slightly startled at first, but then he let out a soft sigh. “The strength of a dao master is unfathomable. A drop of blood can transform into the true form of a true body, and he even has the cultivation of a bronze overlord!”

The vile-daughter looked over indifferently, her aura just like the true body.

She looked at Su Yu like a fairy that did not eat the mortal world, feng Qingyun said calmly, “You’re not bad either. In just a short year, you’ve reached the peak of the eight thousand Divine Dao to ten thousand Divine Dao, becoming a dao god! As expected of the successor of ancient God Nine Dragons, a mortal sacred body. You’re exactly the same as him back then.”

Su Yu was slightly surprised. Was ancient god Nine Dragons also a mortal sacred body back then?

Staring at the evil daughter, Su Yu sighed. “You even have the memories of the evil daughter? It’s hard to believe that you’re just a drop of blood essence.”

The evil daughter indifferently said, “You went through so much trouble to get me. Why?”

Su Yu didn’t respond. “If you’re willing to surrender, I can barely answer you.”

Shaking her head, the evil woman said, “It’s no use. I have already contacted the Evil Woman Palace. I believe that soon, the evil woman will find you. At that time, you and your master, Yun Yazi, will not be able to escape death.”

“Then you don’t need to worry!” Su Yu said indifferently with a determined expression, “Bind her!”

A binding divine path descended and turned into a chain to bind the evil woman.

Unexpectedly, the evil daughter did not resist. She only looked at Su Yu quietly.

Su Yu did not show any change in expression as he brought her out of the cave abode world.

He held the evil daughter in his left hand while his right hand wrapped around a strand of black hair that Xia Jingyu left behind in the world.

According to Yun Yazhi, the reason why reviving Xia Jingyu was ineffective was because Xia Jingyu died because of the calamity. Her death was affected by the laws of fate.

Unless su yu could control the “Dao of fate” in the nine dragons divine cauldron, there was no way to save her.

There was only one way to water the divine dragons that represented fate.

Use the DAO Master’s blood to water them!

That was why Su Yu spent so much effort to obtain a drop of the DAO Master’s blood!

Taking a deep breath, Su Yu took out the nine dragons divine cauldron from the nine Jade Spirit Pearl.

The five divine dragons were like crystals, lifelike.

The other four were dim and lifeless.

Su Yu stared at the Blue Divine Dragon. That Dragon represented a supreme law, Fate!

The so-called fate was as ethereal as a swan, seemingly empty but real.

Although there were many Supreme Dao in the world, there were very few who could comprehend fate.

Even though Su Yu held the nine dragons cauldron, ever since he comprehended the Supreme Dao of death, he had not comprehended the dragon of fate for a long time.

Now, with the help of the Dao Master’s blood, he could give it a try!

“The dragon of Fate...” the evil girl looked at the nine dragons divine cauldron with a very calm expression. “So, you want to use me to water the nine dragons divine cauldron and comprehend the Dao of fate. So that’s how it is.”

Su Yu stared at her. “So? You’ve decided to resist?”

The evil girl shook her head slightly. “No! I’m not your opponent. There’s no point in resisting. Moreover, you’ll be captured back to the evil girl palace very soon. I don’t need to struggle too much.”

Her rationality was beyond ordinary.

“However, you have grasped the Divine Dao of fate. Is it for the owner of this strand of black hair?” The evil girl looked at Su Yu’s index finger again and said with some pity, “Perhaps, you have no idea who you are going to resurrect and who it is.”

The hidden meaning in her words was that not only did she know Xia Jingyu, she also knew that her identity was very special.

Su Yu did not ask, even though he really wanted to know who Xia Jingyu was.

However, he had a feeling that it would be better for him and Xia Jingyu if he did not know.

“You are much more naggy than me,” Su Yu said indifferently.

The evil daughter smiled faintly. Her body gradually disappeared, leaving only a drop of liquid formed from the Great Dao chain.

That was the DAO Master’s blood.

Su Yu took a deep breath and dripped the DAO Master’s blood onto the dragon of fate.

Immediately, the Dragon of fate, which had never made any movements, let out a loud dragon roar.

As the DAO Master’s blood flowed past, a third of the dragon’s body was sky-blue in color.

The entire nine dragons divine cauldron suddenly began to rotate on its own. It trembled violently as if it was cheering and excited.

When the DAO Master’s blood ran out, the dragon of fate seemed to come alive.

A Ray of azure light shot out from the dragon’s eyes and entered Su Yu’s soul.

In an instant, a strand of unfamiliar information appeared in his soul.

“The Sword of Fate!” Su Yu muttered, his eyes becoming brighter and brighter.

Just like the other divine dragons, after the dragon of fate crystallized, Su Yu obtained the corresponding special Supreme Dao, the Sword of fate.

With a thought, a small sky-blue phantom sword appeared in his palm. It was only three inches long.

Its only use was to cut off fate.

For example, cut off the fate that was entangled with Xia Jingyu!

“I finally succeeded!” Su Yu’s palm trembled slightly, and his eyes were slightly moist.

After spending so much effort and waiting for a long time, he had finally reached this step!

Su Yu raised his right hand and looked at the Wisp of black hair. His heart was constantly trembling.

“Under the pear blossom tree of fate, at the end of the divine realm of fate and destruction...” su yu muttered, “Let me renew our broken fate!”

“Bring back the dead!” Su Yu clenched his right fist. An extremely powerful life force surged out from his chest.

The jade-green light wrapped around the wisp of black hair, and a majestic and magnificent power descended.

The surface of the black hair indeed spattered a few previously invisible threads, a total of four threads.

They bound and bound the black hair, making it impossible for the resurrection to work on it.

Su Yu raised the Sword of fate and slashed it one by one.

The four threads of fate were like ordinary threads that were lightly cut off, peeling off and turning into nothingness.

After the shackles of fate were removed, the black hair changed from ten to eleven, from eleven to twelve, from twelve to thirteen..

Su Yu counted without blinking, his heart thumping as if he was caring for a weak flame.

When a bunch of soft black hair fell on his shoulder, a skin bag began to form at the end of the black hair. Inside the skin bag, meridians were born, and outside the meridians, flesh and blood were born.

Xia Jingyu's aura appeared bit by bit as her body was being rebuilt.

At this moment, Su Yu's eyes were moist.

It was her, it was Xia Jingyu!

The eyes that she sacrificed for Su Yu, the heart that she sacrificed, and the body that she sacrificed, were all recovering.

His right arm gradually became heavy, giving Su Yu an unprecedented peace of mind.

The great remorse and regret in his heart was made up at this moment.

"Jingyu, let's go back to Divine Moon Island together. Let's go back to that pear blossom tree and finish teaching that unfinished divine will, okay?" Su Yu gazed at the person in his arms that was gradually becoming plump.

It was as if they had returned to the beginning.

The young man and the young woman were confused. Under the moon, in the pear blossom garden, Xia Jingyu was lying in his arms, quietly enjoying the ethereal divine will.

It was as if Xia Jingyu was lying in his arms in the green light.

Her life force was gradually weakening. It was a sign that the resurrection was about to be completed.

On the contrary, Xia Jingyu's life force was getting stronger and stronger, and her soul aura was getting thicker and thicker.

"Jingyu, we're finally reunited." Su Yu let out a long sigh. He felt a deep sense of vicissitudes in his heart.

It was as if they had not parted for twenty years, but for several epochs!

Su Yu looked at the person in his arms and watched Xia Jingyu come back from the green light with his own eyes.

One drop after another, Xia Jingyu gradually became clear.

However, Su Yu's eyes went from surprise, to confusion, to shock, and finally to dullness.

The person in his arms slowly opened her eyes. They were bright and pure, unworldly, as if they had never been touched by dust.

Those were the eyes of a child!

She looked at Su Yu, blinked her eyes, and said, "Uncle, who are you?"

Unable to get a response, she jumped out of Su Yu's arms in fear. Her body was petite, and her face was young and tender.

She looked less than ten years old!

Her charm was the same as Xia Jingyu's.

Chapter 1635 One Drink, One Peck

Xia Jingyu's facial features had a hint of her charm! !

Especially that pair of bright eyes. Other than being innocent and innocent, they were exactly the same as Xia Jingyu's.

"How could this be?" Su Yu's mind was blank.

Based on Su Yu's experience in resurrecting others, they were all resurrected to the moment before death.

Only Xia Jingyu looked like that when she was resurrected to the age of ten!

At the age of ten, he had never met Xia Jingyu before.

Neither of them had appeared in each other's lives.

"Uncle, who are you?" Xia Jingyu's weak body trembled slightly in the cold wind. Her pure and bright eyes looked at Su Yu with fear and curiosity.

Uncle... as if something was broken, it rolled over Su Yu's face and turned into a desolate smile.

The beloved one under the PEAR Blossom Moon, the tearful parting on the Divine Moon Island, seeing the oath of the world on his behalf..

One scene after another, like the mottled fallen leaves cut by the autumn wind, Rose and fell, falling on the white and frost-covered morning.

A great sadness lingered in his heart.

The white clouds were leisurely, the space and time were quiet, and the world was vast, but it was as if Su Yu was the only one left, walking alone in the Lost Wilderness.

"Quiet Rain..." Su Yu muttered, and could not help but take out a black book.

The words "Heavenly Book of the starry sky" were clearly worn out by the passage of time.

His fingers lightly brushed over it. It was clear that he was touching the thing he loved the most. However, every inch he touched felt as if he was being cut by a knife. The pain spread to the deepest part of his spiritual altar.

The black book flipped open even though there was no wind.

A fluorescent light shot out from the book and interweaved into a picture scroll in the void. The movement was like a projection.

In the picture, it was Xia Jingyu. It was that beautiful figure.

The projection was continuous, showing every detail of Xia Jingyu's life. Wherever she went, everything she saw was recorded in detail.

It was like a picturesque mountain and river, boiling the human world, all kinds of martial arts, all kinds of amazing people...

From the vast ocean to the Dark Empire branch, from the branch to the headquarters sage Lord Assessment, from carrying out many missions to reading all sorts of martial arts.

Everything she saw was engraved in the heavenly book of the Starry Sky Without a single flaw.

It was as if she was reading the world for another person.

That was the oath she had promised Su Yu.

To replace Su Yu's eyes and see all the prosperity of the true dragon continent.

She didn't forget her promise and used the heavenly book of Stars to carve out the world she saw.

The scene continued until the end until Xia Jingyu held the heavenly book in her hands and sat alone on the stairs, staring into the distance.

Xia Jingyu smiled as if she had seen Su Yu through the scene. She looked into Su Yu's eyes and said with tenderness, "Brother Su Yu, when you see this, I'll be gone."

"I don't know how long I accompanied brother Su Yu before I left. I don't know if I was happy when I left brother Su Yu. Unfortunately, I can't see the future. I only hope that I left in brother Su Yu's arms."

At this point, two blushing red blooms appeared on Xia Jingyu's snow-white face. They were delicate and beautiful, like red lotus flowers in the wind.

Her red lips bit and bit again. Xia Jingyu mustered up her courage, she shyly looked into Su Yu's eyes. "Brother Su Yu... I don't know if I told brother Su Yu how I felt when I left. Actually, I like brother Su Yu. I've always, always liked him."

"My words must have scared brother Su Yu, right?" After saying this, Xia Jingyu's face was filled with regret. "Am I too selfish? I clearly know that brother Su Yu has Xian 'er, but I still troubled brother Su Yu."

After thinking about it, Xia Jingyu shook her head and forced a smile. "Anyway, I'm no longer here. Brother Su Yu, you don't have to take it to heart."

This smile was especially lonely.

"Alright, Brother Su Yu, Goodbye. These may be my last words to brother Su Yu. If brother Su Yu finds out that I'm dead, don't be sad. My world has been wonderful because of you. I've looked forward to it. I'm very satisfied and have

no regrets."Xia Jingyu stood up, her Bright Eyes were filled with a smile as her black hair fluttered in the wind.

"My Last Wish is for you to grow old with Xian 'er. Forgive me for not being able to attend your wedding."

"Goodbye, my dearest brother Su Yu."

The last wisp of faint voice disappeared and the Heavenly Book of stars dimmed. It closed on its own and floated into Su Yu's palm.

The words were still in Su Yu's ears. It was the contents of the Heavenly Book of Stars before Xia Jingyu's death when the true dragon continent was destroyed.

It was also the last voice that Su Yu heard in her life.

Who would have thought that time would change and those last words would become the final song between them.

Two lines of hot tears rolled down Su Yu's face.

Everything was over.

He didn't have the time to respond to her confession and give her a future that she deserved. He didn't even have the time to tell her that his world was also more exciting because of her..

He still owed her a thank you.

But... there were no buts.

Su Yu lowered his head, utterly disheartened.

There was no greater sorrow than death of the heart. To Su Yu, it was the most vivid portrayal.

Heaven and Earth were silent, and time was silent. Su Yu fell into endless loneliness.

"Uncle..."the ten-year-old girl walked over and extended her slender fingers to wipe away the tears on Su Yu's face.

Su Yu raised his head. The girl's shadow was reflected in his dim pupils. A trace of killing intent and a crazy thought grew in his heart.

If he killed her and tried to resurrect the dead, would he be able to completely resurrect Xia Jingyu?

The girl trembled in fear. Her Bright Eyes were filled with tears. She shivered and said, "Uncle, do you want to kill me?"

Su Yu was indifferent. The coldness in the depths of his eyes grew deeper and deeper.

The girl trembled, but she bit her lips tightly and did not retreat, she sobbed, "I don't know why Uncle Wants to kill me, but I'm willing to let uncle kill me. It seems that... I'm already prepared to die for uncle. Like a fallen leaf, I'm willing to join the fire."

Boom --

Thousands of Thunderbolts exploded in Su Yu's mind.

The twisted killing intent in his heart receded like a tide. His dim eyes focused again and fixed on the girl in front of him.

“You said that you’re willing to die for me?” Su Yu looked at her, his chest thumping.

At this moment, Su Yu faced the ten-year-old girl as if he was facing Xia Jingyu.

The girl must have said in a daze, “Yes.”

She gazed at Su Yu’s face and stretched out her delicate little hand to wipe away the traces of tears on Su Yu’s face. Her expression was gentle, she said, “I don’t know why, but it seems that we seem to have met before. Vaguely, under a blossoming moon... uncle, have we really met before?”

Su Yu’s heart was in turmoil.

No! The girl in front of him was not Xia Jingyu when she was ten years old.

At that time, Xia Jingyu would not have known that the pear blossom moon was under the Pear Blossom Moon.

“Don’t move.” Su Yu seemed to have seized the last glimmer of hope. He circulated the path of fate and looked at the girl’s body again.

Finally, it stopped on her forehead.

Four scars that could not be seen by the naked eye entered her eyes.

Those were the marks left by the shackles of fate.

The four fates that prevented her from resurrecting had indeed been severed, but the scars left behind by them were still the same.

It was the four scars that prevented Xia Jingyu from resurrecting.

It allowed Xia Jingyu to only recover a portion of her body and soul.

Logically speaking, to resurrect from the dead, one had to either fail to resurrect or succeed in resurrecting.

However, Xia Jingyu was extremely special. She should have failed to resurrect and turned into a fluorescent light that dissipated, but miraculously, she became a half-successful product -- the ten-year-old Xia Jingyu.

Her body and soul were only half-successful.

“All things in the world have karma. One drink and one peck is reincarnation.” After grasping the path of fate, Su Yu had a shallow understanding of fate.

“The one who solved the bell still has to be the one who did it. The four remnant marks of fate were left behind by the tribulation transcender and also by the Tribulation Transcender.” Su Yu understood.

After resolving the four remnant marks of fate, Xia Jingyu would recover on her own.

The method was to find the tribulation transcender... and kill him!

Whoever sent the tribulation back then would be killed!

Su Yu's gaze was locked on the northernmost land, and he said with a bone-chilling tone, "Tribulation transcender, it's time to settle the score with you!"

"Uncle, do it," the girl closed her eyes and said bravely. She seemed to be fearless, but her long eyelashes fluttered slightly, and her small hands were pulled tightly, showing the panic and fear in her heart.

Su Yu felt guilty and ashamed of the twisted killing intent just now.

He had always adhered to his principles and would never kill the innocent, but just now..

Gently touching her head, Su Yu squatted down and said gently, "I'm sorry, I let you see my ugly side. Can you forgive me?"

Eh? The girl opened her eyes and asked curiously, "Are you not going to kill me?"

Su Yu nodded.

The girl immediately put away her worry and smiled faintly. Her right index finger pulled up her long black hair that hung down her shoulder.

That casual movement made Su Yu's heart feel even warmer.

Pulling up her hair with her index finger was Xia Jingyu's habit.

"Are you willing to come with me?" Su Yu asked.

The girl nodded without hesitation. "I'm Willing."

"Aren't you afraid of Me?" Su Yu asked again.

The girl shook her head. "I'm not afraid. I seem to believe whatever uncle says."

It was her. Su Yu felt even warmer in his heart. Holding her little hand, he took a step towards the north.

Their small conversation echoed in the sky.

"Do you remember what your name is?"

"Yes, Xia Jingyu."

"Wrong, it's Little Jingyu."

"Oh, then my name is Little Jingyu."

..

Five days passed in a flash.

Little Jingyu looked down curiously at the huge island below. A stone sword that pierced straight into the sky stood majestically in the middle of the island.

“Uncle, why did you bring me here?” She asked.

Su Yu said, “Before I left, I had to deal with some people and some matters.”

He took a step forward, and the illusory image of a law chain flashed past.

Ah --

Jian Xuan, of the ten mountains, two were already stained with fresh blood. It was bloody and eye-piercing.

When the peaks collapsed, it could be seen that they had been killed by some kind of powerful force.

The people on the peaks, regardless of whether they were strong or weak, were all slaughtered.

“Star Pavilion Master, don’t go too far! !” Within a resplendent sword-shaped palace surrounded by the ten peaks, sword Ru Xiong’s furious Roar could be heard.

Opposite him was Mu Canghai, who was sitting calmly.

Traces of sharp divine power remained on his fingertip.

Mu Canghai said calmly, “Three days have passed. According to my warning, if you don’t find Xue Yu, I will slaughter your entire Jian Xuan family! Now, I will delay you for a day and slaughter an entire peak. I am already being exceptionally merciful to you.”

Jian Ruxiong was filled with grief and indignation. In addition to the eight peak masters who had been destroyed previously, three peak masters had already been killed!

Ever since Jian Xuan was founded, there had never been such a loss!

“Why? Are you unconvinced?” Mu Canghai asked indifferently. “When you killed the emissary of My Star Pavilion, did you think about the consequences? When you were hunting down the appraiser, did you think about the existence of the Star Pavilion?”

Chapter 1636 Ancient Dream Altar

“You didn’t!” Mu Canghai shook his head. He didn’t think that he had gone overboard in any way.

As for the members of the sword pavilion who had been implicated and killed, they didn’t have the slightest bit of sympathy either.

The Sword Pavilion was notorious. It wasn’t just because of the few peak masters who had done evil deeds. The disciples were also people who had killed countless people.

Mu Canghai did not show any mercy when he killed them.

Jian Ruxiong was speechless.

He thought that he could find the Royal Longzun sword and no longer have to be afraid of the Star Pavilion. That was why he was so bold just now.

However, he did not expect to be so passive.

“However, Xue Yu’s whereabouts are unknown. It’s impossible to find him!” Jian Ruxiong was extremely regretful.

If he knew that Su Yu was so troublesome, why would he act so boldly?

“Are you trying to say that Xue Yu’s whereabouts are unknown and have nothing to do with you?” Mu Canghai’s expression gradually turned cold.

Jian Ruxiong clenched his fists and said hatefully, “Could it be that his orders alone can take on the tens of thousands of disciples of my sword pavilion? Star Pavilion Master, don’t force us into a corner!”

Mu Canghai’s gaze turned slightly cold. An incomparably tyrannical aura gushed out and swept through the surroundings. He said coldly, “The one who forced our star pavilion into a corner is you! ! Do you know what kind of orders the Star Pavilion Headquarters has issued?”

Deng Deng --

Jian Ruxiong had an extremely ominous premonition. He was already puzzled. Mu Canghai should be busy with an extremely important matter and couldn’t possibly take his time. Why did he take his time personally?

There was really a hidden reason behind this!

PA --

Mu Canghai slapped out a bone-chilling ancient profound ice stone!

Profound ice wasn’t rare. At the very least, the sea of constellations was extremely ordinary.

However, profound ice stone was an ancient divine stone that required ten billion years for profound ice to condense.

Its value wasn’t inferior to an emperor rank divine weapon!

However, Mu Canghai casually took out a profound ice stone!

As the Master of the constellation Pavilion, perhaps it wasn’t strange for him to possess a profound ice stone.

However, what if that profound ice stone was only an invitation letter?

Jian Ruxiong stared at this object. His furious face was replaced by reverence. “An invitation letter from the northern domain’s Sea of snow. Is... is it an invitation letter from the ancient Dream Altar?”

His eyes shot out scorching flames. He was moved, greedy, and filled with regret.

The ancient dream altar was located in one of the three great emperors of the Sea of constellations, the ancient spiritual land of the Snow Dragon Emperor’s territory.

According to rumors, that altar was left behind by an Ancient Dao Master Celestial Venerable.

The altar was filled with Dao master miracles.

One day of meditation was more than a thousand years in the outside world.

Back then, the Snow Dragon Emperor was only an ordinary overlord-level expert, and there were many more talented people in the sea of constellations than him.

However, he was the only one who had broken through to become an emperor. The reason was precisely because of the ancient dream altar.

He was being pursued by others and had fallen into a desperate situation. He had unintentionally fallen onto the altar.

After comprehending for three hundred years, he broke out of seclusion.

He possessed the power of an emperor from the primordial era, shocking all the heroes in the world!

The enemies he had pursued in the past were completely wiped out by Emperor Snow Dragon. Not a single one was left.

He had even broken through the pattern of the two great emperors controlling the sea of constellations, becoming the third emperor who was on par with them.

Ever since then, the ancient dream altar had become a sacred land that countless people yearned for.

Even the other two great emperors had once intended to explore this place.

Unfortunately, Emperor Snow Dragon had used his unique prehistoric power to seal this place. Unless he opened it, no one else could enter.

This was how he had severed the dreams of all the heroes in the world.

However, the strange thing was that Emperor Snow Dragon did not block all the roads. Instead, he promised to open it once every three hundred years.

Anyone who was invited was qualified.

Every three hundred years, those who were qualified would receive an invitation to the ancient dream altar.

The Star Pavilion was undoubtedly the most qualified.

And the seemingly powerful sword pavilion had no value in the eyes of Emperor Snow Dragon. Therefore, it was meaningless to invite them.

“The Star Pavilion headquarters received ten invitations. The Star Pavilion branches of the sword pavilion sea area are relatively weak among the branches. They aren’t qualified!” Mu Cang Hai’s killing intent became colder and colder. “However, after the headquarters received the information I reported about Master Xue, they made an exception and gave me a branch!”

“Jian Ruxiong, why don’t you tell me. If I report this to the headquarters and Master Xue Unfortunately dies, are you more unlucky or am I more unlucky?”

The answer was obvious. They were all going to be unlucky!

Jian Ruxiong broke out in cold sweat. The headquarters of the Star Pavilion was a behemoth that spanned across the sea of constellations and even the other seas.

In terms of power, even the three sovereigns were afraid of it!

If the Star Pavilion headquarters were to vent their anger, Mu Canghai would not be able to escape punishment. Jian Ruxiong's fate would be even more miserable.

At that time, it would definitely not just be Jian Xuan who would be massacred!

"Pavilion Master, Xue Yu's whereabouts are unknown. I really can't hand him over. If there's a way to make up for it, I'm willing to use anything to make up for it. All I want is to extinguish the anger of the Star Pavilion Headquarters!" Jian Ruxiong was extremely regretful.

Right now, even if Xue Yu snatched the Royal Longzun Sword in front of them, he had to reconsider whether he should kill him or not.

Mu Canghai sneered, "Make up for it? You can say that to the headquarters..."

"Hehe, there's no need for the headquarters. Just make it up to me!" Xue Yu's voice entered the duo's ears without any warning.

The duo was shocked. They had set up an overlord-level soundproof method. Who could easily hear their conversation?

More importantly, the other party's voice was still able to enter without any restrictions!

However, they immediately realized that it was Xue Yu's voice. The two of them felt as if a heavy burden had been lifted from their shoulders, and they felt unprecedentedly relaxed.

Shua --

The two of them teleported out of thin air and arrived in the outside world.

They saw a young man with a delicate and pretty face standing on the stone sword, the symbol of the sword pavilion.

If that person wasn't Xue Yu, then who was it?

The two of them heaved a sigh of relief. Jian Ruxiong felt as if he had just walked through the gates of Hell. Fortunately, Xue Yu was not surprised.

What surprised the two of them was that Su Yu was holding the hand of a girl who was as beautiful as a fairy.

Of course, they quickly ignored her.

Mu Canghai was overjoyed. He stepped forward and said, "Master Xue, you've worried me to death. Fortunately, you're fine."

Su Yu waved his hand. "I was lucky to survive."

Hearing this, Mu Canghai stared coldly at Jian Ruxiong. A dangerous gaze flashed in the depths of his eyes.

“Master Xue, who chased after you? If you can point it out, I Won’t leave a single one alive. Kill them all!” Mu Canghai was a little afraid.

These idiots had almost implicated him.

Su Yu shook his head. “There’s no need. They didn’t cause any substantial harm to me.”

He glanced at the two destroyed peaks. One of them was the peak of the Azure Shadow Overlord.

Among them, this person was the one who had chased after Su Yu the most.

He had come here to settle this score with him.

However, it seemed that there was no longer a need to settle the score. Mu Canghai had unintentionally erased him from the world.

“Is that so...” mu Canghai’s heart relaxed. If there was no need, she didn’t want to force Jian Ruxiong into a desperate situation. If they really fought, she had the confidence of a lifetime, but there was no possibility of him being unharmed.

“However, there is someone who needs pavilion master to deal with,” Su Yu said.

Mu Canghai’s heart tightened. “Who?”

“The person who tipped you off and asked you to come and help,” su yu said meaningfully.

Mu Canghai was slightly startled. She was able to arrive in time and save the Xue family and many other families because of a mysterious person who tipped her off.

At that time, Jian Xuan had sealed off the entire area around Twin Star Island. Even sending messages couldn’t leave that area.

Logically speaking, no one could inform Jian Xuan.

In the end, Mu Canghai still received a message.

HMM? Jian Ruxiong was also extremely furious. If it was not for this person’s message, how could Jian Xuan fall into such a situation?

After coming back to his senses, Mu Canghai smiled slightly. His gaze searched through Jian Xuan and said, “Although this person sent an anonymous message, I was still able to find out who it was.”

The Star Pavilion was very powerful, so it was not too difficult to find out the source of this message.

Su Yu was slightly surprised. Could it be someone from the sword pavilion?

He did not remember that he had been on good terms with anyone from the sword pavilion.

Could it be Tian Zhenyuan? However, Tian Zhenyuan did not take the risk of betraying the Sword Pavilion and secretly help him.

“It’s him!” Mu Canghai hooked his finger, and a young man hiding in the crowd of the sword pavilion was pulled out and rolled in front of them.

“You?” Su Yu was stunned, but he quickly came to a realization. In the end, he patted him on the shoulder. “Well done, Hong Lei!”

The Secret Messenger was none other than the arrogant young man who had a conflict with Su Yu and almost destroyed the Xue clan, the Jian Xuan Envoy, Hong Lei!

Jian Ruxiong was furious. “So it’s you, the traitor! No wonder the news leaked out!”

Hong Lei’s face was pale and bitter.

He had been recognized. How could Jian Ruxiong let him go? Once Mu Canghai and the others left, the consequences would be terrifying. Just thinking about it made Hong Lei’s heart turn to Ashes.

The reason why he had helped Xue Yu was definitely not because he had mercy in his heart.

It was because he was worried that Jian Ruxiong would capture Xue Yu and search his soul. He would realize what he had done.

In the end, it was all a fluke. Now that he had betrayed the sect, his ending was even more terrifying.

“Pavilion master, this person has a grudge against me, and it’s a conflict of gratitude. Gratitude is greater than hatred. Settle him properly.”

Upon hearing this, not only did Mu Canghai not find it troublesome, he even admired Su Yu more and more.

It was important to know gratitude.

Even Xue Yu could put himself in the shoes of a benefactor who had a grudge against him, let alone her?

If the headquarters were to admire him very much, would he forget about her in the future when he rose to great heights?

“That’s easy to say. Your Name is Hong Lei, right? From today onwards, you’re no longer a member of the Sword Pavilion, but an emissary from the Star Pavilion!” Mu Canghai did not give Jian Ruxiong any face at all.

Hong Lei, who had long since lost all hope, had an illusion that happiness had gone to his head.

Not only did he escape a calamity, but he had also become an emissary from the Star Pavilion?

The latter’s status was much, much higher than that of the disciples of the Sword Pavilion!

Even if he met Jian Ruxiong again, he would still be a little afraid!

The remaining disciples of the Sword Pavilion all cast envious gazes at him.

An emissary of the Star Pavilion was definitely an existence that ordinary people could not afford to offend. The vast majority of them had worked hard for their entire lives, but it was still difficult for them to reach such a level.

“Thank you, Pavilion Master. Hong Lei will never forget your great kindness!” Hong Lei knelt down and kowtowed.

Mu Canghai smiled and said, “The one you want to thank is him.”

Hong Lei was extremely smart. He turned around and kowtowed again. “Thank you, Master Xue. I am willing to be your slave and serve you!”

“Hehe, you are very smart.” Mu Canghai laughed in surprise. “You know that Master Xue has a bright future.”

Su Yu smiled faintly. “You deserve it!”

Some people had already finished dealing with it.

Some things had yet to be dealt with.

“Sword Master, did you say that you are willing to compensate with anything? I wonder if this thing includes the thing under my feet?” Su Yu looked at the enormous stone sword under his feet with a faint smile.

He would not forget the inexplicable feeling he had when he first saw this sword.

Chapter 1637 Bullying

If he remembered correctly, there was the aura of a dragon within the stone sword.

That should be the spirit of the stone sword.

Stone sword? Jian Ruxiong immediately glared at Su Yu.

This stone sword was comparable to the foundation of the Sword Pavilion. Many of the sword techniques of the sword pavilion originated from the stone sword.

Wouldn't taking this item break the foundation of the Sword Pavilion?

“Since you've returned safely, there's no way to make up for it. Please don't make things difficult for me,” Jian Ruxiong refused.

Su Yu sneered, “Difficult? When you used the power of the sect to hunt me down, did you ever think of making things difficult for me? Or do you want me to report what you've done to the Star Pavilion Headquarters?”

The Star Pavilion headquarters was like a sharp thorn, nailing the sword into the spiritual altar.

“Master Xue, I'm willing to use other things to compensate for my mistakes. Please be magnanimous! The stone sword is extremely important to the sword pavilion!”

Su Yu's gaze turned cold. “Sword Master, do you think that I am easy to bully after I resolve our grudges?”

“I don't Dare!” Jian Ruxiong was secretly furious.

If not for the deterrence of the Star Pavilion headquarters, what would Su Yu be in his eyes? He could crush him to death with a single hair.

At least, that was what he thought.

“Then get out of my way!” Su Yu exerted force on the soles of his feet. The soles of his feet shook violently, and the stone sword shook the ground nearby with a loud bang. It began to loosen.

Jian Ruxiong shouted, “Stop!”

Shua --

A weathered figure flashed in front of him, and a pair of cold eyes pierced over like ice blades.

“Jian Ruxiong, I advise you to let Master Xue Take whatever he wants. Otherwise, I don’t mind exercising my body a little more.”

She glanced at the remaining few mountains as if she was threatening them.

Jian Ruxiong said angrily, “Mu Canghai! You should know what the stone sword means to my sword pavilion!”

In his anger, he even shouted the name of the Star Pavilion Master. It was clear how angry he was.

Mu Canghai replied with an indifferent smile.

With her stopping him, Jian Ruxiong gritted his teeth and hesitated.

Plop Plop Plop --

Suddenly, a series of heartbeats came from the stone sword, as if the sleeping spirit inside the stone sword had awakened.

“Stone Sword Weapon Spirit?” Jian Ruxiong was shocked.

Then, he suddenly shouted, “It was you, Xue Yu, who triggered the weapon spirit sensing that day?”

On the day of the Ten Thousand Dragon Cave, the stone sword’s spiritual sense suddenly awakened, and this matter alarmed Jian Ruxiong.

He immediately captured a large group of people from the island forces who were close to the stone sword and searched their souls one by one, but found nothing.

So, that person was Xue Yu! !

This stone sword came from the Dragon Field of the Ten Thousand Dragon Cave.

When it was discovered, it had nailed a heaven and earth emperor-level divine dragon to death.

If it could activate the weapon spirit and refine this sword, it could be said that no living being among the Overlords was a match for it.

Even the high and mighty purple dream emperor Jian Ruxiong was confident and unafraid.

He tried all sorts of methods but was unable to activate the weapon spirit.

This matter became his greatest regret.

Therefore, when he discovered that someone had awakened the weapon spirit, he was extremely excited.

Unfortunately, that person wasn't among the people he had captured that day.

Now that he discovered that the person who had awakened the sword spirit wasn't anyone else but Su Yu, who was right in front of him, he was extremely shocked.

While he was shocked, his mind was filled with countless thoughts.

A crazy thought spread from the bottom of his heart.

Not only did Su Yu have the ability to awaken the stone sword weapon spirit, but he also had the sovereign Royal Longzun Sword, the Supreme Treasure of the Dragon Emperor!

If he could capture him and obtain two reverse treasures at the same time, so what if he was hunted down by the constellation pavilion? So what if the sword loft was destroyed in an instant?

As long as he was given time to refine it, becoming the fourth sovereign of the universe in the Sea of constellations wasn't too far away.

The most crucial person was only one person standing in front of him -- Mu Canghai!

His crazy thoughts grew stronger and stronger, and eventually replaced his rationality.

He made a decision and stepped into the gates of Hell.

"Evil creature, that's enough!" Jian Ruxiong shouted. "You stole my stone dragon bone sword and even tried to take it away. Do you really think that my sword pavilion has no one?"

His pupils shrunk into a pair of sword-shaped pupils, exactly the same as his son, Jian Feiming.

The difference was that the power of those sword-shaped pupils was shocking.

Wherever his gaze passed, an invisible sword of gaze swept past.

Mu Canghai looked overbearing, but in reality, he was already prepared.

Although Jian Ruxiong's attack was sudden, Mu Canghai was able to deal with it easily.

A divine light flashed around his body, and a barrier appeared.

On the barrier, it was immediately like raindrops, flickering with densely packed sword scars.

"Jian Ruxiong, I didn't expect that you would really dare to attack me." Mu Canghai glanced at the stone sword that seemed to have a beating heart.

She had a calm expression on her face, but she felt a little helpless on the inside.

The worst outcome had happened. Jian Ruxiong had been forced to rebel!

"HMPH! Your Star Pavilion has gone too far. Our Sword Pavilion will never allow anyone to recklessly trample on our dignity!" Jian Ruxiong raised his arm and shouted, "Sword Pavilion's mountain protecting formation, open!"

Xiu Xiu Xiu Xiu --

In an instant, countless sword chimes resounded from all directions on the central island.

Long swords flew across the sky. Their heads and tails connected, blocking out the sun and locking down the entire central island.

Locking down the central island and not allowing anyone to leave?

Hong Lei's heart sank. He smiled bitterly and said, "It's over! The Mountain Protection Array's aura is connected to the central island. Unless we destroy the entire island, attacking the seal alone won't be effective."

Su Yu stopped taking out his sword. He raised his eyes and looked at the sky. His eyes were calm.

It was as if Jian Ruxiong had done it. He was not surprised.

Looking at Mu Canghai, Su Yu said, "Pavilion master, it seems that a fierce battle is inevitable."

Mu Canghai smiled confidently. "Don't worry, Master Xue. As long as I have a breath, I won't allow you to be hurt."

Su Yu looked at the few peak masters who were gradually approaching and sighed silently.

Jian Xuan was risking everything. Even Mu Canghai himself might not be able to escape unscathed, let alone ensure Xue Yu's safety.

"That's not up to you!" Sure enough, Jian ruxiong snorted heavily and said, "Those who belong to Jian Xuan listen to my orders. Those who capture Xue Yu alive will be bestowed with the trust of the peak master and the right to enter the hidden sword pavilion for free forever!"

Hearing this, all the disciples were envious.

The opportunity to reach the heavens in one step was right in front of them!

"As for the eight peak masters, if they help me stop Mu Canghai, I'll set up the position of Vice Sword Master!" Jian ruxiong threw even more tempting bait to the peak masters.

The Vice Pavilion Master of the Sword Pavilion had never held a sect position before.

However, one could imagine how powerful he was.

To the peak masters who fought openly and secretly all year round, if they could become vice pavilion masters, it meant that they were above the other peak masters.

With just a few words, the ambitions of the people of the sword pavilion were stirred.

The disciples gradually surrounded Xue Yu, while the peak masters gathered around Jian Ruxiong.

On one side was the entire Jian Xuan, while on the other side were Mu Canghai and Su Yu, who had come alone.

Jian ruxiong thought to himself, 'I'll bet on it'!

"Go!" Jian ruxiong gritted his teeth and shouted. His eyes flashed as he took the lead and charged forward.

The eight peak masters at the Overlord level followed Jian Ruxiong and attacked Mu Canghai.

Mu Canghai's old body released a majestic killing intent. "Those who oppose the star pavilion will be killed without mercy!"

However, the people of the sword pavilion had already been completely aroused by their greed and ambition. It was difficult for the threatening words to take effect.

A boiling roar rolled out from the Sword Pavilion, accompanied by a fierce attack..

Mu Canghai glanced at Xue Yu helplessly. He separated a portion of his divine power to protect Xue Yu and said, "Master Xue, I'll open a path. You Go First."

Su Yu said, "Pavilion Master, you don't need to be distracted by me. If they want to kill me, it will still be somewhat difficult."

Weng --

Su Yu's body trembled, and dense godly power surged out from her body.

"Godly power, you've become a World Paragon?" Mu Canghai was shocked, but he was slightly relieved.

When she was still at the fourth level of the dust immortal realm, Su Yu was already able to cross realms and defeat a third-level world paragon.

Now that she had broken through her shackles, a first-level world paragon should be able to exchange a few moves.

As long as she was not too far away from her, she should be able to save her in time.

With nothing to worry about behind him, Mu Cang Hai no longer had the time to act.

The battle between the two sides erupted in an instant!

Jian Ruxiong held the Mahayana sword in his hand and charged forward with an imposing aura.

The aura of the eight peak masters behind him was not much weaker than Jian Ruxiong's.

Mu Cang Hai used a powerful divine art alone to fight against the others.

Hong --

In an instant, terrifying ripples spread across the central island.

The central island, which had been quiet for tens of millions of years, suddenly trembled violently. The surrounding seawater surged, violent winds roared, mountains crumbled, and the earth cracked. It was like the scene of the end of the world.

Jian Ruxiong had the numerical advantage, but Mu Canghai was the master of a branch of the Star Pavilion. The divine art he cultivated was more powerful than Jian Xuan's.

Therefore, Mu Canghai, alone, was able to resist their combined forces.

Ten overlords were fighting on the central island!

At the same time, the sword pavilion disciples who had lost their minds also started to attack Xue Yu.

Looking at the pairs of eyes that were numb, cold, and as greedy as a beast, Su Yu shook his head and sighed, "I thought that there was no need to kill."

Being chased so miserably, Su Yu kept his bottom line of not killing the innocent and did not pursue the responsibility of the ordinary disciples.

However, it seemed that not many people appreciated his kindness.

Su Yu laughed at himself and left the stone sword under his feet. He looked coldly at the approaching people.

"Xue Yu, you... you... In short, you deserve to die!" An old man in a plain robe kept mumbling the excuse of "A well-known teacher".

However, after searching in his mind, he could not find anything that Su Yu criticized.

Su Yu smiled indifferently and did not say a word. He flicked a ball of purple-red colored light with his finger.

The dense time and Space Supreme Dao was incomparably majestic.

The old man dodged nimbly and shouted, "You want to plot against me, aren't you..."

The strange thing was that the colorful light that he had clearly avoided actually distorted space and landed directly on the old man's shoulder.

Following that, a scene that caused everyone to suck in a breath of cold air appeared.

In just three breaths, the old man had returned to his infant state and was crying on the ground.

The originally excited and greedy people were all dumbfounded.

What kind of strange divine ability was this?

However, the horror only lasted for a moment before it was immediately driven by ambition.

No matter how strong the divine art was, it was limited. They didn't believe that he could continuously use it!

"Xue, Surrender!" A young woman who was proficient in the way of binding shouted. The shadow behind her turned into a long black snake and wrapped around Xue Yu.

Before she could gather her joy, Su Yu casually exhaled a mouthful of black fog and floated onto the shadow.

The black shadow immediately sizzled and turned into smoke.

Not only that, the black fog followed the shadow and instantly spread to the woman's body.

There was not even a scream. The woman was like a shadow, turning into dust.

On the spot, other than a pile of dust, there was only the black fog that was floating and emitting a thick smell of death.

"The divine path of Death!" Someone cried out in shock.

How many divine paths did this person cultivate in the divine path of death from the time reversal just now?

However, the more this happened, the more it stimulated their greed.

“Go! Catch him and he will soar to Great Heights!”

“Don’t keep secrets anymore. This person is dangerous. Let’s get seriously injured first!”

..

Su Yu shook his head slightly and sighed, “Sigh, it’s really troublesome.”

His sleeves shook slightly, and a snow-white disc floated into his palm.

Looking at this object, Su Yu said indifferently, “It’s been a long time, World Annihilation Disc.”

As one of the few items that he had taken away from his original body, the world annihilation disc could be said to have played an important role in the god’s domain.

With a toss of his hand, the world annihilation disc flew into the air. As it grew in the wind, it rapidly expanded by tens of thousands of feet.

At the bottom of the snow-white disc, hundreds of world annihilation cannons landed.

Without giving the people charging at them any time to react, the world annihilation cannons immediately fired.

Pu, Pu, Pu --

Muffled sounds filled the sky as thousands of Jian Xuan disciples were blasted into dust on the spot.

The densely packed crowd was a huge gap!

The sudden appearance of the great killing weapon instantly killed thousands of experts. It finally scared them out of their wits and made them feel as if they had just woken up from a dream.

Those who had luckily escaped the calamity were ashen faced as they stared at the hundred world annihilation cannons and sucked in a breath of cold air.

In front of such a cold and powerful object, their advantage in numbers was completely gone!

“Quickly run, that Xue Fellow is going to start a massacre!” Someone shouted out in alarm, and the person in front of them turned around and ran.

Jian Ruxiong saw this and roared angrily, “Bastard! It’s just a mere emperor grade divine weapon, a mere replica! Attack together. Whoever steps back will be treated as traitors according to the sect’s laws, and will be sentenced to death!”

The people who escaped immediately hesitated and fell into a struggle.

At this moment, they heard mu Canghai shout, “A bunch of Fools! Jian Xuan dared to openly attack the star pavilion, he is destined to be destroyed by the Star Pavilion! Why Don’t you all take the opportunity to escape and stay at Jian Xuan, waiting to be buried with Jian Ruxiong?”

There were already some smart people who saw that Jian Ruxiong had made a desperate gamble, Jian Xuan had already been given up.

Now that they heard what Mu Canghai had said personally, there was no longer any hesitation?

Buzz Buzz Buzz --

The mountain protecting formation opened by itself, but the disciples who were in charge of the sword formation chose to escape.

Regardless of whether Jian Ruxiong succeeded or not today, Jian Xuan's ship was about to sink.

Thus, the many disciples of Jian Xuan no longer hesitated and fled one after another.

Even the peak masters who were fighting with Mu Canghai were uncertain.

Jian Ruxiong was anxious, he shouted, "Everyone, if this can be done, I will give all the resources I have to you. With these things, it wouldn't be a problem for me to find a place to hide and cultivate for tens of thousands of years. Why should I be afraid of being chased by the Star Pavilion?"

The promise made by the Vice Pavilion Master of the Sword Pavilion was gone.

"If everyone still feels that it's not enough, I am willing to work with you to comprehend the secrets of the Stone Dragon Bone Sword and the stone sword weapon spirit!" Jian Ruxiong saw that the ordinary bait was no longer enough to attract them, so he changed his words.

Only then did their hearts become firm.

"Seventh peak master, we will delay Mu Canghai, and then you will capture Xue Yu!" Jian Ruxiong immediately made arrangements.

The seventh peak master specialized in close combat, and his aura was extremely powerful.

In terms of strength, he should not be inferior to the Green Shadow Peak Master who specialized in the Dao of space.

"Hehe, it will be over in three breaths." The seventh peak master withdrew from the battle group, and the muscles all over his body glowed with a golden luster.

He stared at Xue Yu with a cold smile and said excitedly, "I really didn't expect that I, the peak master, would one day openly oppose the Star Pavilion. Hehe, it's exciting enough, but it's just not satisfying."

He looked at the world annihilation board above his head with disdain and said with some regret.

It meant that capturing Su Yu was too unchallenging.

Su Yu laughed in surprise and said leisurely, "It's easy to say if you want to be satisfied, as long as you can afford it."

Finished, one-handed seal, point to the doomsday disk.

Chapter 1638 Immortal Punisher Talisman

The world destruction disk shrunk back to the size of a palm, spinning in the air.

“First form!” Su Yu shouted, and the world destruction disk spun even more intensely.

Sizzling sounds filled the air, and the sharp edges of the world destruction disk cut through the air.

Traces of terrifying power were released.

The expression of the seventh peak master, who was originally filled with excitement, suddenly stiffened.

The second form of the World Annihilation Disc made him feel an intense threat.

“Don’t you want to have fun? I’ll Grant You Your Wish.” Su Yu indifferently pointed at the World Annihilation Disc.

Chi Liu --

A remnant mark tore through the sky, and the sound of it breaking through the air was only heard after a breath.

The expression of the seventh peak master changed greatly, and he hurriedly took out a green talisman.

He pinched it with his two fingers, and the talisman exploded, giving birth to a dark red light.

Within the multicolored light, a dark red wooden umbrella appeared. It rotated gently, enveloping the seventh peak master within.

Ding --

Right at this moment, a clear sound rang out, and it was the world destruction plate that cut through the sky, striking the umbrella cover

After a slight sound of metal clashing, the world destruction plate was like a remnant line that was bounced away.

The seventh peak master broke out in a cold sweat. Luckily, he was very quick-witted. Otherwise, he would have been caught off guard.

“What a powerful divine weapon. It’s much stronger than a low-tier true emperor rank divine weapon.” The seventh peak master snorted with fear in his heart.

“Unfortunately, it ends here!”

Ceng --

The seventh peak master took out a sword-shaped rune. Its entire body was withered and yellow.

“Divine Weapon Rune!” The seventh peak master shouted in a low voice.

The withered yellow talisman broke and burst out with a dim yellow light. A golden-armored giant ape appeared.

It patted its chest and roared angrily, exuding a fierce aura.

“Kill!” The seventh peak master pointed at Su Yu from afar.

The giant ape sensed something and stared at Su Yu with its huge hollow eyes. It roared and rushed toward Su Yu like a huge mountain.

Its two huge hands were the size of two small boats. One of them held the world-destroying disk, while the other held it toward Su Yu.

The whole process was as fast as lightning, not giving anyone the chance to react at all.

It was a one-shot success!

“Hehe, excitement is excitement. Is there a need to have fun...”the seventh peak master looked at the World Annihilation Disc with a smile. “It’s just so-so.”

“Is that so?”Su Yu’s expression was indifferent as he muttered an obscure incantation.

The world annihilation disc that had clearly been caught suddenly underwent a drastic change.

From the edge of the world annihilation disc, tens of thousands of rays of white light shot out and closed in an oval arc.

It formed a divine light cage that was narrow at both ends and wide in the middle.

This was the second form of the World Annihilation Disc, the cage!

Back then, Su Yu was caught off guard and fell into a trap.

The giant ape did not know what was going on and grabbed this object. It was asking for trouble.

Of course, the seventh peak master who was smiling confidently was also trapped in the cage.

“You set me up? So What?”The seventh peak master stopped smiling and took out an ancient bronze rune.

This item gave off a dangerous aura that was completely different from the previous two runes. It made Su Yu’s eyelids twitch.

Mu Cang Hai, who was fighting, couldn’t help but pay attention to this item. After taking a look, his face darkened. “Be careful. That’s the immortal slaying talisman from the black market. Its power is comparable to a silver overlord!”

Silver Overlord? Su Yu’s heart skipped a beat.

He had come to the absolute beginning realm and read many books. He had understood the division of cultivation base.

Among the overlords, there were also strong and weak ones.

After entering the Overlord realm, they were divided into bronze overlords.

The ten peak masters of Jian Xuan, the Ice Soul Fairy of the Star Pavilion, and the Vice Pavilion Master Yan Changhong were all bronze overlords.

And the silver overlords were the two people in front of him.

Mu Canghai and Jian Ruxiong!

Above them were the gold overlords and the heavenly venerate overlords.

There were still a few bronze overlords in the Jian Xuan Sea area, but there were only two silver overlords.

There was no need to explain the power of silver overlords. They were too powerful to resist.

Otherwise, they would end up like an ice fairy and die on the spot.

How could Su Yu allow him to crush this talisman?

With a flash of light in his eyes, ten thousand rays of divine light suddenly contracted, and the cage instantly shrank into a crack.

“AH -- swordmaster, save me...”a shrill scream echoed throughout the universe.

Only a pool of blood that had been squeezed into powder slid down the cage.

The immortal vanquishing talisman that had yet to be detonated floated into Su Yu’s palm.

“A silver overlord attack?”Su Yu stroked the talisman and looked at the peak masters surrounding Mu Canghai with a thought-provoking gaze.

This glance caused their souls to scatter.

“Old Seven, that idiot, how did he let the life-saving treasure fall into the hands of Xue?”

“Not good, quickly dodge!”

In front of them was Mu Canghai, the silver overlord, and behind them was Xue Yu’s immortal vanquishing talisman.

If the two worked together properly, it was enough to wipe out the remaining peak masters in one go.

Shua Shua Shua --

The remaining peak masters felt their scalps go numb, and they all retreated from the battlefield, unable to escape in time.

In the end, only Jian Ruxiong was able to hold on by himself.

Sensing Xue Yu’s gaze behind him, he felt slightly uneasy and cursed inwardly, “Trash! A junior who just broke through to God can’t even be dealt with!”

With that said, he retreated very rationally to avoid a pincer attack from behind.

“The few of you, get rid of that Brat and only leave his soul behind!”Jian ruxiong shouted.

However, none of the peak masters dared to step forward.

What a joke. With a silver overlord level attack in their hands, who would dare to easily go up to a thousand and court death?

“You don’t want a great opportunity anymore, right?” Jian Ruxiong threatened coldly.

After Mu Canghai’s encirclement was dispelled, he felt much more relaxed, he shouted coldly, “The few of you, retreat now. The Star Pavilion can not pursue the responsibility of you encircling and killing the branch pavilion masters. If you are stubborn, HMPH, whether you can succeed or not, after this, can you really escape the pursuit of the Star Pavilion Headquarters?”

The few peak masters hesitated on the spot.

After this matter, Jian Xuan was destined to be destroyed. They insisted on following Jian Ruxiong to commit heinous crimes precisely for the sake of obtaining the so-called opportunity.

However, from the current situation, they were afraid that they would die here before they obtained the opportunity.

“Foolish people, you are merely being used by Jian ruxiong. Will he really hand over the so-called opportunity to you? “I’m afraid that might not be the case, right?” Mu Cang Hai crushed their last trace of luck. “Don’t have any thoughts of being lucky. Withdrawing now is your final choice!”

“Don’t listen to her nonsense!” Jian Ruxiong roared angrily.

However, after exchanging glances with each other, the peak masters all dispersed towards the outer area.

“Sword Master, I’m weak and I’m afraid I can’t be of much help. Farewell!”

“I hope that Sword Master can forgive me. I Can’t accompany you to the end!”

“Farewell!”

..

Xiu Xiu Xiu Xiu --

Seeing that the other peak masters had all left, the peak masters who wanted to persevere also retreated and dispersed.

In the end, only Yu Jian Ruxiong was left.

“A bunch of ingrates!” Jian Ruxiong held the Mahayana sword in his hand and snorted angrily.

With the situation at this point, it was as difficult as ascending to the heavens to capture Su Yu by himself.

In addition to the immortal slaying talisman in Su Yu’s hand, it was slightly threatening. If they were to fight at full strength, the probability of him dying would greatly increase.

Jian Ruxiong’s gaze changed. He stared at Su Yu and said, “You can take the stone sword, but remember, this matter will never end here!”

Because of him, Jian Ruxiong had no choice but to wipe out Jian Xuan from the sea area of Jian Xuan.

Such a deep hatred would not stop until Su Yu was destroyed.

Su Yu said calmly, "I'll be waiting for you."

After that, he threw out the doomsday disk. After it was enlarged, it shot out a ball of spatial light and sucked in the enormous stone sword.

Mu Canghai stood in front of Su Yu and looked at Jian Ruxiong. His face was as cold as iron.

"Before you threaten Xue Yu, you should worry about yourself first. Those who dare to provoke the Star Pavilion never have a good ending. You are no exception!"

"HMPH!" Jian ruxiong snorted and flew toward the main hall of the sword pavilion to collect the resources that the sword pavilion had accumulated over the years.

He was also prepared to run away.

Mu Canghai turned his head and stared at Su Yu. Waves rose in his heart.

What was that white disk? In terms of sharpness, most true emperor rank divine weapons weren't as good as one-in-a-million.

She also had a slight headache when she encountered it.

Speaking of which, it was precisely because Su Yu had hidden so deeply that she was able to kill the seventh peak master unexpectedly and seize the immortal slaying talisman to resolve the situation.

"Master Xue really hid himself so deeply. It seems that the guards I arranged before were unnecessary," mu Canghai said.

Su Yu thought of the ice soul fairy and those few missing members of the star pavilion, and lamented, "Pavilion master, those few guards..."

Mu Canghai waved his hand. "Master Xue, don't mind them. They were already prepared to die. It's their fortune to die for Master Xue."

Sighing silently, Su Yu was speechless.

The fate of a small figure was so sad that it was out of control.

Even death was not in his hands.

A sense of uncertainty lingered in Su Yu's heart.

"Pavilion Master, may I ask if there are any of their relics left in the world?" Su Yu asked.

Mu Canghai was puzzled, but he nodded and said, "They are in the branch pavilion."

"Then let's go to the branch pavilion." Su Yu said. He was still unable to accept the death of an innocent being for him.

Although there was trouble, he had no regrets.

Mu Canghai said, "Coincidentally, there is someone waiting for Master Xue in the branch."

“Oh? Who?” Su Yu was surprised.

Mu Canghai’s smile deepened. He said, “It is a special envoy sent by Lord Hu to read the orders of the Star Pavilion Headquarters.”

Lord Hu? Su Yu did not know what kind of identity this lord Hu had.

“Since it’s an order from the headquarters, what does it have to do with me? I’m only the Deputy Pavilion Master of the branch pavilion. I shouldn’t be able to enter the eyes of the headquarters, right?” Su Yu said.

Mu Canghai was full of smiles. “Master Xue, don’t be modest. Your proficiency in various foreign languages has already alerted the headquarters. Lord Hu wants to see you personally! As for the order that was passed down, it has a great relationship with Master Xue.”

“Then what is the content of the order? Can you reveal it to me?” Su Yu asked.

Mu Canghai took out an invitation letter refined from mystic ice stone, he said, “This is an invitation letter for the dream ancient altar. The headquarters only has ten. Because of your uniqueness, they made an exception and gave us a branch. They invited you and me to participate in the dream ancient altar together.”

Dream ancient altar? Su Yu frowned and had the intention to shirk.

He shook the cold little hand in his hand and said, “I have something important to attend to in the far north. I’m afraid I don’t have time to be distracted.”

According to the agreement, they did not restrict Su Yu’s actions.

“The far north?” Mu Canghai was startled. His expression softened as he smiled and said, “That’s a coincidence. The ancient dream altar is in the Snowy Sea of the northern region of the far north. It doesn’t conflict with Master Xue’s itinerary.”

Su Yu was surprised. Such a coincidence?

If that was the case, then there was no reason to reject. He said, “Alright.”

Not long after, Mu Canghai quickly left this place with Su Yu.

As for Jian Ruxiong, he also took away some of the loyal disciples that Jian Xuan had left behind after many years of accumulation.

Before he left, he asked them, “Why didn’t you come back for so long?”

Everyone was silent. Only one person stood out. It was Tuoba Ying. He hesitated and said, “Reporting to sword master, Young Master seems to have gone to retrieve the giant snake’s corpse and hasn’t returned.”

HM? Jian Ruxiong’s expression changed slightly. he shouted, “Why didn’t you say so earlier?”

He took out a bamboo tube. The bamboo tube was engraved with the words ‘Sword is not life’. There was also the blood essence of ‘Sword is not Life’ in it.

Opening the bamboo tube, a small sword that had been broken in two fell out.

“The sword is destroyed and the person is dead! ‘not life’He... is dead!” Jian Ruxiong’s entire body trembled violently. He cried out in grief, “Who killed him? Who?”

Tuoba Ying rolled his eyes and said, “I think it might be Xue Yu!”

“How do you know?” Although Jian Ruxiong hated Xue Yu, he was not so muddle-headed that he lost his mind.

Tuoba Ying said, “At that time, the Evil Ghost Strait was already tightly sealed by us. There shouldn’t be any dangerous creatures. However, young master never came back. This can only mean one thing. There is an existence that is enough to kill Xue Yu hiding at the bottom of the sea. and the most likely one there is Xue Yu!”

With that said, Jian Ruxiong shot out a bright light.

Jian Xuan had mobilized so many forces, but they couldn’t find Xue Yu even after digging three feet into the ground. It was as if he had vanished into thin air.

Now that he thought about it, Su Yu wasn’t hiding at Thousand Star Island; he was clearly hiding under their eyes.

“The most dangerous place is the safest place!” Jian Ruxiong laughed angrily.

“Good! Xue Yu is good! He actually fooled our Jian Xuan!”

“If I don’t take revenge, I, Jian Ruxiong, will be a fool!”

“Let’s Go!”

Jian Ruxiong led a large group of people and surged toward the north.

The Sword Pavilion returned to dead silence.

Two months later, a terrifying cry resounded over the quiet central island.

At the entrance of the Ten Thousand Dragon Cave, nine corporeal ferocious creatures surrounded a young man who was surrounded by blood qi.

The terrifying aura of a bronze overlord engulfed the surroundings.

Along with the nine ferocious creatures, it gave people extreme psychological pressure.

“Bronze overlord, hahahaha, I, Gu Taixu, will also become an overlord one day!” Gu Taixu laughed loudly. “Su Yu’s Su Yu really wants to meet you soon. At that time, you will definitely be very surprised! !”

With a calm expression, Su Yu followed Mu Canghai back to the star pavilion on the chaotic Star Island.

All the important members of the pavilion came forward to welcome him, including the Vice Pavilion Master, Yan Changhong.

Looking at Mu Canghai, who was cordial and enthusiastic about bringing Su Yu back, Yan Changhong felt jealous.

Xue Yu had only joined the star pavilion for a few months, and not only had he received Mu Canghai's appreciation, but he had also received the appreciation of the headquarters. They had actually invited him to participate in the northern domain's Snow Sea's dream ancient altar invitation!

As a veteran of the Star Pavilion, how could Yan Changhong be convinced?

"All of you, get up." Mu Canghai was in a good mood. He asked, "Is the envoy sent by Lord Hu still in the pavilion?"

Yan Changhong's eyes flickered with a strange light. He said, "Reporting to pavilion master, he has already returned."

Just as pavilion master was about to feel regretful, Yan Changhong said again, "However, the envoy left behind a magical artifact. He left a message saying that it was prepared for the Vice Pavilion Master."

Mu Canghai asked expectantly, "What is it?"

Yan Changhong took out a flower. The flower was a world of a spatial cave abode.

"A world of Flowers?" Mu Canghai's smile deepened. "It seems that the special envoy has high expectations of Master Xue. He specially brought this object to test Xue Yu."

Chapter 1639 Transcending Space Mystical Cave

Examination? Su Yu frowned. "What examination?"

"Don't worry, Master Xue. The examination isn't malicious. On the contrary, it will greatly benefit Master Xue's position in the Star Pavilion in the future. Ordinary people aren't qualified to be examined by the headquarter. For example, no matter how great the contribution of the appraiser in the branch pavilion is, the headquarter will never specially bestow a world of flowers for him to be examined."

When these words touched Yan Chang's heart, it wasn't just the appraisers. As the Vice Pavilion Head, she wasn't qualified to get tested by the headquarters either.

"A flower and a world is the founder of the Star Pavilion. It is personally forged by the sovereign of constellation, and it contains thousands of worlds. Being within it can stimulate one's greatest potential. Many talented individuals can break through to the Supreme Dao from within, and it is extremely mystical." Mu Canghai held this object in high esteem.

"Of course, being within it, one flower, one world can record the qualifications related to the person who enters, especially the qualifications that the star pavilion wants to see. For example, your qualifications to be proficient in foreign languages."

So it was foreign languages? Su Yu nodded. This was also the reason why he became the Deputy Pavilion Head of the branch pavilion.

Then, would the star pavilion also discover his potential in other aspects?

He had many secrets, and he did not want to be so easily discovered by outsiders.

Mu Canghai understood and added, "This test will only record the side of Master Xue's foreign language attainments."

Was that so? Su Yu was at ease. He nodded and said, "Alright then, since it is the headquarters' request, let's give it a try."

With a smile on his face, Mu Canghai opened the flower world.

Su Yu took a glance and jumped into it.

Mu Canghai wiped away his smile and looked at Yan Changhong. He said meaningfully, "Changhong, you were trained by me. I don't want to see you make a mistake! Before the special envoy left, what else did he say? Tell me the truth!"

Yan Changhong, who was secretly proud of himself, felt his heart thump. He was so scared that he knelt down and begged for mercy. "Pavilion Master, Please spare my life! Changhong, I didn't mean to hide it!"

"Speak!" Mu Canghai's eyes shone with a deep light.

Yan changhong said, "Before the envoy left, he warned that the higher-ups were also very interested in his strength. After all, he was able to defeat a stage four heavenly abode world paragon at the level of a mortal immortal. He is considered quite talented in the headquarters. Therefore, other than checking the alien language, there is also an additional strength test set up!"

"I did not intend to hide it, but, but..."

Mu Canghai sighed and said, "It's because you're jealous and want to embarrass him, isn't it? The strength test has always been exaggerated, and many people are in a sorry state because of it. How can he, a mere mortal immortal junior, withstand it?"

Yan Changhong lowered her head. In front of the pavilion master, her words and actions could not be hidden from her eyes.

Surprisingly, Mu Canghai was not angry at all. Instead, he was somewhat amused. "However, you can't see his sorry state."

Recalling the miserable state of the Seventh Peak Master of the Sword Pavilion, Mu Canghai couldn't help but laugh. He thought to himself, "I'm afraid that the headquarters would never have dreamed that the branch pavilion of the Sword Pavilion in the sea area would recruit such a monster."

Yan Changhong was slightly puzzled and unconvinced. He stared at the world of flowers without blinking.

Speaking of which, when Su Yu entered the world of flowers, a strange scene appeared before his eyes.

It was a world full of life. There were all kinds of creatures everywhere. Their cultivations were not strong, and the strongest one was only at the Wanxiang realm.

Even the dust immortal had not touched that level, let alone the world paragon of the cave abode.

On the ground, in a magnificent sect, two old elders were talking about heaven and earth in a pavilion on the peak of the mountain.

“I have recently gained some insights into heaven and earth.” The one who spoke was an old man in Daoist robes. He looked like an immortal, but his lifespan was approaching, and he only had a few months left to live.

Sitting opposite him was a monk dressed in golden silk kasaya. He looked solemn as he said, “What a coincidence. This penniless monk also has one.”

His lifespan was still tens of thousands of years.

“My lifespan is approaching, but I suddenly feel that life and death are unpredictable. Both of us are as tiny as ants in this world. I feel that perhaps we are not the strongest in this world. There should be an even more powerful existence watching us.” The old Daoist looked up at the endless sky, his eyes shone with a profound light.

Unfortunately, with his weak strength, he could not see through Su Yu who was silently looking down on them from the nine heavens.

“Otherwise!” The monk said, “This penniless monk’s perception is the exact opposite!”

He looked around the world. “The creation of heaven and earth from nothing should be the result of destiny. And you and I are the one and only strongest in this world. Look at how the four seasons change and martial arts flourish. Which one of them is not developed by us? Have there been any external influences? No!”

It turned out that the two of them were the strongest people in this world.

After today’s exchange, they exchanged their thoughts.

One had an epiphany, and the other had an epiphany. The world became one.

Su Yu sighed emotionally.

As the spirit of the true dragon continent, he had never thought that there was a universe beyond the universe.

However, the monk’s words didn’t make sense. Everything was moving in a regular way without any external interference.

This woke Su Yu up.

Didn’t he believe that the absolute beginning realm was the birth of Destiny in the Dark? That it was created from the chaos?

Then, would the absolute beginning realm have an invisible existence like Su Yu who was looking down on the absolute beginning realm?

When he thought of this, he had some epiphanies.

At this moment, a heavenly book with alien language fell in front of Su Yu like snowflakes.

Su Yu caught it and understood it. This must be the so-called test.

After opening it, he casually translated it into a language that could be understood by a world of flowers and threw it down.

Coincidentally, this book was picked up by an ordinary young man.

Su Yu was slightly puzzled. What was the meaning of this test?

Boom --

Suddenly, thunder rumbled above his head as if time and space had exploded.

Then, Su Yu was surprised to find that the speed of time on the continent below had increased by 10,000 times!

In the blink of an eye, half a year had passed, and the old priest had passed away.

Before his death, his eyes had always been looking at the endless starry sky, full of doubt and powerlessness.

In the blink of an eye, a hundred years had passed.

A hundred years after the old priest's death, the Dao sect he founded was replaced by a huge force called sky-splitting valley.

The leader of sky-ripping Valley was none other than the young man who had picked up the alien divine art Su Yu had thrown out a hundred years ago.

After obtaining this book, his strength had increased by leaps and bounds. From an ordinary young man, he had become an expert of the current generation. He had fought for many years and gradually dominated the world. He had also become the only ancestor-level figure in the world who had broken through to the mortal immortal realm.

At this moment, another divine art in a foreign language landed in front of Su Yu.

After translating it, Su Yu threw it down again.

As a result, the flow of time on the continent below increased by ten thousand times.

In the blink of an eye, a thousand years had passed!

The situation on the continent changed drastically, and a three-legged structure appeared.

The Old Dao sect had long since turned into the dust of history, and no one remembered it.

What remained in the world were the first force, sky-splitting valley, the second force, the Brahma Pavilion, and the Third Force, the Buddhist sect.

Among them, the weakest was the Buddhist sect.

From its position as the Overlord a thousand years ago, it had fallen to the third force.

Following that, Su Yu threw down a few different divine arts of different races.

Every time one fell, the time and space in the world would accelerate once.

When twenty thousand years later.

The world had changed drastically, and it was no longer the same as before.

In the world, the god Lord was only considered an ordinary level, and there were thousands of dust immortals.

There were even some living beings who had touched the boundary of the world paragon of the cave abode. He was the young man who had founded the sky-splitting valley.

And the Buddhism sect had long been annihilated in the struggle for hegemony.

In a remote corner, in a dilapidated temple, a hunchbacked old monk lay on the bed, on the verge of death. There was only a sliver of life left in him.

His eyes were lifeless as he stared at the roof. Old tears flowed down from the corners of his eyes.

“Old Daoist, you’re right. There are creatures in heaven and earth looking down on us!” Just as he was about to die, he vaguely remembered the conversation he had with his lifelong friend at the top of the Buddhist sect thousands of years ago.

Only then did he believe the old Daoist’s last words.

After he finished speaking, he closed his eyes and died.

Su Yu saw it and felt an inexplicable emotion in his heart.

He couldn’t help but look at the top of his head. Could there also be creatures looking down on him at this moment?

Just as Su Yu was thinking, there was a light ding sound in front of him.

Su Yu thought it was a divine spell from another race. He looked carefully and saw a line of small words floating in front of him.

“Creating a basic advanced civilization. Potential value of three stars.”

Su Yu was slightly stunned. Basic advanced civilization? Did he mean the new civilization that had translated the divine spell from another race and brought about this world?

Potential value should be something that the star pavilion wanted to test.

Su Yu smiled. He could translate more than ten thousand alien languages.

Just now, it was less than ten percent.

If he really used all of his literary attainments, the definition of his potential value would be far from a few stars.

“The test is over, right?” Su Yu muttered to himself.

Unexpectedly, he was not pushed out by the world, but still stayed here.

The continent below changed drastically again. Time accelerated by a million times.

In the blink of an eye, billions of years passed.

The entire world was beyond recognition.

From the continent, an existence as powerful as a second-level heavenly cave master rushed out. He rushed straight towards Su Yu and shouted, "Who is this monster that appeared in this world?"

It was an old woman in white. She was also the strongest creature on the continent.

Su Yu was slightly stunned. What was going on?

Before Su Yu could regain his senses, he heard the old woman in white say coldly, "Creatures from the outside world, if you dare to challenge me again, I will not forgive you!"

Challenge? Su Yu had a flash of inspiration and thought to himself, "Could it be that this is a test of strength?"

Seeing the old woman in white attacking him, Su Yu thought for a moment, but he did not move at all. He let the old woman slap his head.

The pain was real, but Su Yu didn't panic at all.

Sure enough, when the pain reached its peak, the pain suddenly disappeared.

The world around him also changed rapidly, turning into the scenery of the Star Pavilion.

As expected, "Die" was forced out of the world of one flower and one world.

A row of clear small words hovered above Su Yu's head.

"Defeated Zero people, potential points, one star."

The reason why he got one star was because Su Yu had reached the rank of a sector lord at such a young age.

Other than that, there was nothing else.

Su Yu's expression was calm as he cupped his hands toward Mu Canghai and Yan Changhong.

Yan Changhong glanced at one star and shook his head lightly. He laughed at himself, "I'm actually jealous of such a person. How laughable."

Only Mu Canghai looked at the word 'one star' with a faint smile but did not point it out.

She was very clear that Su Yu's true strength was definitely not something that could be measured by 'one star'.

"The test has been completed. Master Xue, don't be discouraged. The increase in strength lies in accumulating bit by bit. Don't be impatient," mu Canghai 'consoled'.

Su Yu knew that the pavilion master had concealed his astonishing strength for him, so he felt grateful and said, "Thank you for your guidance, Pavilion Master."

"Hehe, then get ready to set off. Changhong, how is the repair of the space-transcending Mystic Cave?" Mu Canghai asked.

Yan Changhong replied respectfully, "Reporting to pavilion master, the mystical cave has just been repaired."

"There's actually a space-transcending mystical cave in our branch pavilion?" Su Yu was exceptionally surprised.

The so-called space-transcending mystical cave was a kind of wondrous spatial passageway that was similar to a spatial jump.

Its principle was similar to spatial teleportation, but it was countless times more advanced than spatial teleportation.

Unless one was a sovereign of the world, they wouldn't be able to construct a space-transcending mystical cave.

And as far as Su Yu knew, in the entire sea of constellations, there were only three space-transcending mystical caves that connected to the territories of the three sovereigns of the universe.

The fact that the star pavilion actually had a branch was enough to shock Su Yu.

"Hehe, so what if our star pavilion has a space-transcending mystical cave?" Mu Canghai couldn't help but laugh. "Back then, the space-transcending mystical cave in the sea of constellations was only possible with the help of the experts of our Star Pavilion. Only the three sovereigns were able to succeed. Otherwise, how could they succeed without any experience?"

Su Yu's face was filled with a hint of excitement. This star pavilion was much more powerful than he had imagined!

"Pavilion Master, what do you mean by repairing the mystical cave?" Su Yu's eyes revealed a hint of astonishment.

Mu Canghai said, "The transcension mystical cave isn't stable. It needs to be maintained frequently by experienced emperors. However, a few years ago, an accident happened to the emperor who was in charge of maintaining the mystical cave in the headquarters. It was his disciple who repaired it. That Disciple's experience wasn't as good as master's, so the transcension mystical cave became more and more unstable."

"However, after this repair, there shouldn't be any problems. You can use it without worry," Mu Canghai said. "If Master Xue has nothing else to do, let's set off now. We'll gather at the headquarters first. You'll see the other branches there."

No one knew exactly how many branches the Star Pavilion had. At least, the star pavilion that was circulated in the Jian Xuan Sea region was vague.

The only thing they knew was that Su Yu's branch was one of the weakest among all the branches.

It was rumored that the branch in the Jian Xuan Sea area might be canceled.

It was because Mu Canghai had a strong background that he was able to survive until now.

"That's good. I want to see the other branches too," Su Yu said.

Several hours later.

Deep underground in the Star Pavilion, they had already entered the sea.

A swirling pitch-black whirlpool was emitting waves of terrifying nothingness energy.

Su Yu was apprehensive. How could he forget the scene when he was trapped in the nothingness of the Ten Thousand Dragon Cave?

Once you were surrounded by the nothingness, even if you were the Emperor of Heaven and Earth, you would still need to shed a layer of skin.

"The principle of the space-transcending mystic cave is to break the shackles of space and achieve the goal of transcending space. Therefore, the surroundings of the Mystic Cave are all nothingness," mu Canghai explained.

Su Yu nodded and followed Mu Canghai into the mystical cave.

Sure enough, once he entered, it was as if he had entered another space.

In an instant, the aura of the Jian Xuan Sea behind him disappeared without a trace.

What replaced it was the power of the vast nothingness.

It was Su Yu's first time using it, so he couldn't help but be wary.

Moreover, for some reason, he had a bad feeling since he had mastered the Dao of fate.

His thread of fate began to fluctuate subtly as he ventured deeper into the space-traversing mystic cave.

Seeing the strange expression on his face, Yan Chang Hong looked down on him and thought to himself, "After all, he's just a small fry who broke out overnight. No matter how much he's given a high position, he won't be able to make it to the top. Sigh, it's a gathering at the headquarters, so please don't embarrass our Branch!"

Chapter 1640 Red Leaf Branch

"Master Xue..." mu Canghai interrupted Su Yu's thoughts and said, "There's still some time before we arrive at the headquarters. It's necessary for me to explain the situation of the various branches to you."

Su Yu sighed in his heart. Where there were people, there would be jianghu. The Star Pavilion was no exception.

"The Star Pavilion headquarters is divided into three heads and nine elders. The three heads are the three Great Pavilion Masters under the Head Pavilion and are responsible for all the affairs of the Star Pavilion! Their positions are so

important that even the three great emperors of the sea of constellations have to be courteous when they meet.”

“As for the nine heads, they are the heads under the jurisdiction of the three heads, and there are a total of nine of them. Each of them has great authority, and they are in charge of all the branches.”

“The branches of our sword pavilion in the sea region are under the jurisdiction of Pavilion Head Hu. Other than us, pavilion head Hu is also in charge of one hundred branches.” The pavilion head Hu that Mu Canghai mentioned should be Lord Hu that she had mentioned several times.

Su Yu listened patiently and did not interrupt. He knew that what Mu Canghai wanted to say was more important.

As expected, Mu Canghai said, “Our gathering this time is only one hundred branches under Pavilion Master Hu’s jurisdiction. We will not meet with the other branches under the other pavilion masters. However, it is precisely because of this that we have to be careful with our words and actions.”

“Back then, due to some reasons, I offended a few branch pavilion masters. Now, they are ranked near the top of the one hundred branches. I believe that this gathering will make things difficult for them. Therefore, master Xue, unless it is necessary, please do not conflict with them.”

As expected, Su Yu nodded without hesitation.

Unless the one who provoked him was a silver overlord, no one could afford to offend him.

On the other hand, a hint of worry could be seen on Yan Changhong’s beautiful brows.

After saying this, Mu Canghai introduced the rest of the headquarters to Su Yu.

The group talked as they walked, slowly reaching the end of the transcension mystical cave.

However, Su Yu was increasingly aware that as the space-transcending mystical cave approached, the fluctuations of his line of fate were becoming clearer.

He had a feeling that something bad was about to happen.

If it was in the past, Su Yu would have found it hard to detect it. However, as he grasped the divine path of fate, the inexplicable feeling became increasingly stronger.

“Quickly reach the exit, but be careful. This space-transcending mystical cave has just been repaired and may not be completely stable yet. Don’t release too much power and disturb the space-transcending mystical cave.”

In front of them, a hole shrouded in multicolored light entered their sight.

Su Yu felt that the thread of fate was fluctuating.

That was definitely not a good sign.

Suddenly, Su Yu noticed that there were a few smaller five-colored holes near the five-colored exit, distributed on both sides of the exit.

Along the way, Mu Canghai described the hole in detail.

The smaller exit was the one that led to the nearby area.

What they were guarding against was that the exit of the transcension mystical cave would collapse. Those who were inside the cave would have a way out.

Their eyes flickered. When they were only a few hundred feet away from the exit, Su Yu's right palm, which was hidden in his sleeve, suddenly clenched.

Instantly, a spatial law was born without any warning.

The transcension mystical cave was in the period when it had just been repaired, so it was very sensitive.

The appearance of the law had a great impact on the space-transcending Mystic Cave.

When Mu Canghai sensed the sudden birth of the spatial law, it was already too late.

The entire space-transcending mystic cave started to tremble, and the surrounding void squeezed through the mystic cave and wantonly surged.

The five-colored exit flashed and disappeared, and its size fluctuated.

Mu Canghai's expression changed, and he hurriedly shouted, "Hurry up and leave! The exit is about to collapse! Follow me closely!"

Yan Changhong's face turned pale. If anything happened to the Void Crossing Mystic Cave, it would be a matter of life and death.

How would she dare to hesitate? With a leap, she followed Mu Canghai out of the Mystic Cave.

The two of them arrived outside the mystic cave. When they looked back, their hearts could not help but palpitate.

However, they saw that the exit of the Mystic Cave had collapsed under the ravaging of the void.

If they were a step later, they would be buried together in the Mystic Cave.

However, he did not have time to be happy. Mu Canghai's heart thumped because he did not see Su Yu.

"Where is Master Xue?" Mu Canghai stared at the collapsed entrance in disbelief.

Yan Changhong was also stunned. "He... he was still following behind me just now."

The two of them stared at the exit in a daze, their hearts in a mess.

Yan changhong consoled, "Pavilion master, perhaps he escaped through the other alternate exits?"

MU canghai nodded absent-mindedly, "It must be. Master Xue has always been extremely intelligent. Even when Jian ruxiong mobilized the forces of the Sword Pavilion Sea area, they were unable to do anything to Master Xue. Let's go, we'll immediately rush to the other exits to check."

Just as they left, a beautiful woman wearing a gorgeous robe slowly appeared near the collapsed exit.

Her cultivation was incomparably terrifying.

She was holding a white feather that was gradually withering. The feather was decaying, leaving traces of the aura of fate.

"Is it the feather of Fate's fault? Su Yu didn't appear."The beautiful woman gazed at the collapsed exit and frowned.

In the absolute beginning realm, only a few people knew Su Yu's real name.

And those who could ignore Xue Yu's current body and find him precisely were rare!

"Looks like I need to find an expert to help me find Su Yu's whereabouts."The beautiful woman floated away, leaving behind a faint trace of the aura of fate.

If Su Yu was here, he would definitely recognize that this was an aura similar to the aura of the Evil Woman!

Speaking of which, after Su Yu disturbed the transcension mystical cave, he took advantage of them being unprepared and chose a backup exit.

The scenery in front of him changed as Su Yu left the transcension mystical cave.

The vague feeling of fate instantly disappeared without a trace.

"As expected, there is an unknown danger at the exit?"Su Yu secretly rejoiced. The feeling just now was not an illusion, but there was indeed a danger.

The dao of fate that was meant to resurrect Xia Jingyu had unintentionally saved Su Yu's life.

"Uncle, that big dog seems to be very fierce. Is it talking to us?"At this moment, Xiao Jingyu, who was beside him, pulled Su Yu's palm and asked softly.

Su Yu turned his head to look and was slightly shocked.

There was a strange dog ten thousand feet away from them. Its entire body was covered with barbs that looked like steel needles. The barbs were black and blue, as if it was poisoned.

The dog's head extended from its forehead to both sides of its face, and a dark red line of blood extended.

A pair of evil eyes were staring at Su Yu and Xiao Jingyu who had suddenly appeared.

The dog stared at Su Yu, but it did not attack. Instead, it turned around and left.

However, at this moment, it suddenly turned around and rushed in front of Su Yu at an astonishing speed.

The two blood lines on its forehead opened up weirdly and its entire head split open.

One could see layers and layers of fangs crisscrossing within the split head. It was exceptionally ferocious.

Once it bit its prey, there was no way it could escape.

Unfortunately, no matter how cunning it was, it could not beat Su Yu's instinctive vigilance.

With a contemptuous smile, Su Yu casually raised a divine sword. The Sword Qi swept across and cut the strange dog into two halves.

Xiao Jingyu covered her face. Half of an eye peeked out from between her fingers. She approached Su Yu and said, "Uncle, this dog is so fierce."

Su Yu said, "This is a corpse-eating dog. It was born with the realm of a world paragon in a cave abode. It is very dangerous."

"Fortunately, uncle is powerful." Little Jing Yu looked up at Su Yu with admiration and revealed a delicate and beautiful smile.

Su Yu raised his eyes and looked into the distance. He shook his head solemnly, "No! The Danger I'm talking about is not its innate cultivation. It's that the Zombie Dogs Never Act alone. There are at least ten of them and at most a thousand of them! and among them, there must be a dog King!"

Howl..

As if responding to Su Yu's words, a loud and deep bark came from the distance.

Su Yu was currently at the bottom of a valley. The zombie hounds he had just killed were at the top of the valley. It should be a zombie hound that was responsible for patrolling.

Its death seemed to have attracted the attention of the other zombie hounds.

"It's not good to stay here for long. Let's go and Meet Pavilion Master Mu," Su Yu said.

He held Jing Yu's hand and soared into the sky. Unexpectedly, he heard a loud cry for help from where the dogs were barking.

"You are someone from our star pavilion. Please lend us a hand!"

Su Yu was slightly stunned. He pondered for a moment before turning around and flying toward where the dogs were barking.

Looking from the sky, ten zombie hounds belonging to a first level heavenly cave master surrounded a man and a woman in the center.

The male and female cultivation is not weak, have the strength of the first-level Heavenly Cave Abode Jie Zun.

With his powerful magic and weapons, he fought against ten ghouls to this day.

I can see they're trying to break through, but the cadaver dogs are so experienced, they don't even give them a chance, they keep them in the middle of a wheel fight, and they keep wearing them down.

By now, their divine powers were in short supply and they were on the verge of collapse.

If they didn't have any external help, they would sooner or later become food for the corpse hounds.

Seeing Su Yu's arrival, the two of them were excited, the young man shouted, "I am an appraiser from the red leaf branch. You have the aura of a star pavilion identity jade token, so you should be a member of the Star Pavilion. Please lend me a hand!"

Red Leaf Branch? Su Yu had a slight impression of it. It was ranked very high in the hundred branch pavilions.

Different from the branch pavilions of the Sword Pavilion, the Red Leaf branch pavilion not only nurtured appraisers, it also nurtured young talents. It was said that it nurtured a large group of Heaven's favorites with astonishing strength.

This matter had once alarmed a pavilion master, and he specially praised it. He also summoned all the branch pavilions to learn from the red leaf branch pavilion.

Many branch pavilions followed suit, and they truly nurtured a terrifying number of young experts.

And the Red Leaf branch was one of the strongest.

Not only that, the red leaf branch was also blessed in all aspects of its operations and was ranked at the top.

In comparison, the Jian Xuan branch was located in a remote area and the number of young talents under its command was pitifully few. There was simply nothing that it could bring out.

In terms of operations, a year's profit was not even comparable to the red leaf branch's January!

As for talents, there was no comparison.

The Red Leaf branch was full of talents. For example, Mu Canghai valued the talents who were proficient in foreign languages as a treasure. The Red Leaf Branch had as many as three of them!

He did not expect to encounter the red leaf branch here.

Su Yu pondered for a moment. He had never been a person who would not save a dying person, not to mention that they were both from the Star Pavilion. Moreover, the red leaf branch did not have any enmity with the sword pavilion branch.

After thinking for a moment, Su Yu took out the beauty under the Moon.

Threads of 'Sharp' laws secretly gathered in his palm. The blade of the beauty under the Moon had an additional layer of transparent crystal light.

After confirming that Su Yu had made a move, the two of them were extremely pleasantly surprised.

The man said, "Sir, we are about to use our life-saving divine arts to break through the siege of the corpse hounds. Please cooperate with US and hold the two corpse hounds. If we can break out of the siege, we will definitely reward you greatly!"

"Break out of the siege?" Su Yu rubbed his chin and nodded. He then shook his head, "It's a little troublesome. Forget it, I'll do it. Just protect yourselves."

UH --

The two were stunned for a moment. They saw that Su Yu's cultivation was not as high as theirs, so they begged to hold the two.

Who would have thought that the other party would say something that they did not understand?
