Chapter 1651 Mount Lu's Face

"It's settled then. White Spirit Branch's deputy pavilion master, Yu Lingji, is not bad. He will replace Xue Yu, and I believe that your ancient dream altar will reap greater rewards," Ravenous Wolf Star said with a smile, but there was no need to argue with his tone.

Mu Canghai was furious.

What was White Spirit Branch? Was It Wild God's branch?

And that Deputy Pavilion Master, Yu Lingji, was wild God's trusted aide!

Ravenous Wolf Star used his power for personal gain, deliberately suppressing and taking revenge!

However, the imperial guards had the golden pen privilege. Even though Mu Canghai was angry, it was useless.

"Hold On!"

A clear shout was transmitted to the peak of the mountain. A youth with an indifferent expression stood up from the stone seat in the back row.

Ravenous Wolf Star glanced at him and said, "Xue Yu? Do you have any objections?"

"Yes!" Su Yu said, "Your excellency keeps saying that I will drag down the Sword Pavilion branch. I wonder where you get your evidence from?"

He pointed at the bloodstains on the ground that had not dried up yet, and then looked at Yu Lingji.

The latter met Su Yu's eyes, and like a ghost, he quickly dodged, not daring to meet Su Yu's gaze at all.

Su Yu could not help but laugh, "You're saying that this kind of character who doesn't even dare to look at me directly can replace me? Ravenous Wolf Star, are you sure you don't have good eyesight?"

The Pavilion Masters secretly watched a good show.

"Interesting, the one with the surname Xue is indeed extremely arrogant. He even dares to talk back to Ravenous Wolf Star Face to face!"

"Hahaha, I'm starting to admire him a little. Other than the conflict between their standpoints, which of his conduct in the world doesn't make our juniors pale in comparison?"

"Unfortunately, he doesn't understand ravenous wolf star very well. If the imperial guards could be reasonable, then they wouldn't be respected by others."

When Ravenous Wolf Star heard this, he put down the golden pen in his hand and looked at Su Yu a few times. "Is this your opinion?"

Su Yu convinced him with reason and nodded. "Yes!"

"That makes sense!" Ravenous Wolf Star smiled. In the next moment, his expression changed and he said coldly, "But why should I listen to your opinion? With You, a mere deputy pavilion master?"

With a stroke of his pen, he wrote down an edict.

Once the edict was completed, no one could change it, unless the chief pavilion master personally changed it.

Seeing this scene, Mu Cang Hai sighed deeply.

What should have happened still happened.

The imperial guards were existences below one person and above ten thousand people. Unless the three Great Pavilion Masters appeared, they were not afraid of anyone.

That was why Ravenous Wolf Star had nothing to fear.

After pondering for a long time, Mu Cang Hai took out an invitation letter made of black ice and placed it on the stone seat. He sighed, "Forget it, whoever wants to go to the ancient dream altar can go. I Won't interfere."

This time, Ravenous Wolf Star was stiff on the spot. His face was filled with anger as he said in a deep voice, "Mu Cang Hai, are you sincerely making things difficult for this imperial guard?"

Every invitation letter had been reported to the head pavilion master.

If Mu Canghai wasn't present, how could the head pavilion master not notice if it was someone else?

At that time, when the head pavilion master asked, Ravenous Wolf Star wouldn't be able to escape the charge of threatening the head pavilion master.

He never expected that Mu Canghai would give up the once-in-a-century dream ancient altar for a mere vice pavilion master.

Mu Canghai didn't even turn his head and said, "Hehe, you know very well who made things difficult for whom. I'll take my leave."

She stood up and came to Su Yu's side. "I'm sorry for dragging you into this. I have no fate with the ancient dream altar."

"I originally had no intention to participate. There's no difference between losing and gaining," Su Yu said. "However, if pavilion master gives up just like that, wouldn't that be playing right into their hands?"

"Haha, don't worry. This invitation letter is giving them a headache." Mu Canghai revealed a mocking expression as he happily walked down the mountain side by side with Su Yu and Yan Changhong.

What was left behind was a look of bewilderment.

In addition, there were greedy wolf star and wild god with gloomy expressions.

Mu Canghai's actions caught them off guard.

Looking at the invitation letter on the stone seat, both of them had ugly expressions on their faces.

How to explain to the higher-ups was a problem that they had to face directly.

Greedy Wolf Star glared at Wild God. In other words, it was all his good idea!

Wild God was secretly angry. He stared at Su Yu's back, deep in thought.

--

Back to the area where the sword pavilion was located.

Su Yu thought for a long time and came to Mu Canghai's room.

"Xue Yu, I'm very sorry for making you come here in vain," mu Canghai said.

Su Yu shook his head and took out a jade pendant. It was the identity jade pendant of the Vice Pavilion Master of the Sword Pavilion Branch.

"Xue Yu, what are you..." Mu Canghai said in shock.

Su Yu said seriously, "As senior has seen, I'm afraid that the Star Pavilion won't be able to accommodate me. If I stay, I'll only bring trouble to the Pavilion Master."

Mu Canghai was stunned. To be exact, she would bring trouble to Su Yu.

Because of the grudges between her and some of the pavilion masters in the past, Su Yu was targeted everywhere.

In the end, she forced Su Yu to make a move and killed many of the Vice Pavilion Masters of the branch pavilions.

This grudge, unless there was a powerful existence at the pavilion master level protecting her, if Su Yu stayed in the Star Pavilion, the risks would outweigh the benefits.

She had the intention to persuade her to stay, but in the end, she let out a lonely sigh. "Sigh, there is no banquet in the world that doesn't end. Where are you planning to go?"

"The land of the extreme north." Su Yu's bright light pervaded the air.

That five-colored law brand still remained in the land of the extreme north.

"That place?" Mu Canghai pondered. She knew that Su Yu was heading there for something that belonged to her.

Due to her request, she was delayed at the Star Pavilion headquarters.

"Forget it. Perhaps we will meet again." Mu Canghai said, "The northern snow sea is also the ancient dream altar ruins."

Su Yu nodded and cupped his fists to bid farewell. "I am indebted to Pavilion Master for taking care of me during this period of time. I have nothing else to give you. These translated ancient books might be able to help pavilion master Mu."

He handed over an interspatial ring as a form of gratitude.

Both the Xue family and himself had received mu Canghai's help.

It was Su Yu's principle to repay kindness with kindness!

When he was in the branch pavilion of the sword pavilion, he had browsed through the ancient books of foreign languages in the branch pavilion's inventory.

He had originally planned to translate some of them in case he needed them in the future, where he could exchange them for resources at any time.

Now that they had parted, he decided to gift them to Mu Canghai.

With so many translated foreign languages and divine arts, it was enough for Jian Xuan branch to make a huge profit.

In the next ranking, Jian Xuan Branch wouldn't be ranked at the bottom again.

Mu Canghai didn't look at it too much and accepted it with a smile.

After thinking for a while, Mu Canghai gave Su Yu an emerald-colored communication jade pendant. It was engraved with Mu Canghai's unique identification aura.

"Didn't you want to know where the gray-black stone came from? If you're still in the Snow Sea of the northern domain after the ancient dream altar, come and see me," mu Canghai said mysteriously.

Then, Mu Canghai turned around and left.

Su Yu was a little surprised. "The ancient dream altar will tell you later? Could it be that the ancient dream altar has something to do with the gray-black stone?"

Shaking his head, Su Yu left the Star Pavilion headquarters.

When she leaped out of the nine stars, she took one last look at it before turning around and leaping into the vast sea.

--

Mu Canghai sent Su Yu off and returned to the Jian Xuan region as if he was lost.

At first, she only wanted to make use of Su Yu's talent, but later on, she was moved by his character.

Especially when everyone in the world hated her for betraying her colleagues in the past, only Su Yu said, "To judge a person is not to judge for a moment, but for a lifetime."

That sentence shook her heart that she had been hiding for a long time.

"Pavilion Master!" Yan changhong asked curiously, "Before Xue Yu left, what was the translation of the alien language given to you? Why have I never seen him spend time on it?"

Mu Canghai looked at the interspatial ring in his palm, he smiled bitterly and sighed, "The potential of a three-star alien language is neither high nor low. The translation is probably very limited. You should handle it. It would be best if you can sell it at a suitable price."

"OH." Yan Changhong caught the ring that was thrown over and thought to herself, "I don't think there are many books in a short period of time, right? I can finish appraising them in half the time it takes to brew a pot of tea."

As she walked, she lowered her head to check the storage in the interspatial ring.

Her soul scanned through the storage ring and Yan Changhong was stunned. "Did he plunder all the alien language ancient books from the branch of the Sword Pavilion?"

There were ten mountains in his interspatial ring!

He recalled the promise that Pavilion Master Mu had made to Su Yu that he could use all kinds of resources at will.

Yan Changhong couldn't help but laugh. "This guy isn't polite at all."

"But there are so many books. which ones have been translated?" Yan Changhong was a little distressed.

Over the years, the Sword Pavilion had collected all the ancient books of the alien races from the entire sword pavilion sea area. They had accumulated an astronomical number of books over the years.

It would take her ten years to read all ten lines at one glance.

She sighed and randomly picked one book. When she opened it, she was surprised.

In the alien ancient book, there was an extremely detailed translation of human language under every line of alien language.

Every word was carefully and carefully. She read the whole book without missing a single word.

"No Way. He's so lucky? He found one of the few books he translated just by randomly picking one?" Yan Changhong blinked her eyes in disbelief.

She thought for a moment, glanced around, and said to herself, "Let's see how lucky I am this time."

She giggled and grabbed another one. When she opened it, she couldn't help but smile. "Oh my God, another one has been translated."

From start to finish, it was indeed a complete translation.

"Let's try again," Yan Changhong muttered to herself.

However, this time, Yan Changhong did not feel that she was lucky enough to find three translated versions in a row.

Each of them was like finding a needle in a haystack. It was already a miracle to find two, let alone three?

However, what shocked Yan Changhong was that the third book was also a complete translation?

Once was luck, twice was luck. Could it be that the third time was luck?

No matter how muddle-headed she was, she should have understood that things weren't normal.

Without thinking, she casually grabbed the fourth alien ancient book, and the result was still a complete translation!

Following that, she grabbed the fifth, sixth, and seventh book..

The smile on Yan Changhong's face gradually froze and slowly disappeared, replaced by shock!

Hualala --

The more she flipped through it, the more shocked she became. Each book was actually a complete translation of the alien language!

In the end, with a sweep of her powerful soul power, all the alien ancient books in her interspatial ring danced in the air and spread out in the air.

Accompanied by the clattering sounds, each ancient book revealed a clear translation.

As far as the eye could see, there were as many as one million alien divine arts, and all of them were translated without exception.

“Impossible!”Yan Changhong was overwhelmed with shock.

Because of her shock, the soul that had entered the interspatial ring began to shake violently.

The original body's soul was affected, and it couldn't help but let out a painful groan.

Mu Canghai, who was walking in front, noticed Yan Changhong's strange behavior, and his expression changed slightly. He flashed over, patted her shoulder with one hand, and shouted, “Return your soul to its original position!”

Chapter 1652 Alarmed The Headquarters

Buzz --

Yan Changhong suddenly opened his eyes. The soul that had entered the interspatial ring had just been pulled out and returned to his original body.

“His soul was actually disturbed by an interspatial ring. He's really not afraid of being laughed at.”Mu Canghai was half stern and half admonishing.

Even low-level martial artists who had just entered the martial path rarely had their souls disturbed by interspatial rings.

Yan Changhong, who was a world paragon in the first heavenly cave abode, almost had her soul damaged because of it. It would be a joke if word got out.

Who knew that Yan Changhong's face was pale, and her eyes were dull. She muttered absent-mindedly, “Pavilion... Pavilion Master, help me enter the interspatial ring and see if my soul has been bewitched. Did I see something wrong?”

HM? Mu Canghai was rather loyal to Yan Changhong, and he was still very reliable in handling matters.

What did she see in the interspatial ring that caused her to be so frightened?

With some surprise, Mu Canghai probed into the interspatial ring and scanned it.

His powerful soul immediately scanned through all the books of the other races that filled the space.

In an instant, Mu Canghai's original body cried out in shock, "How is this possible?"

One million books of the other races had been completely translated!

This could even be done with the power of the entire star pavilion.

However, to complete it in just a few days, ten star pavilions were far from enough!

Yan Changhong only regained her senses after a long time. Her chest that was heaving up and down violently was like a tidal wave that did not stop for a long time.

She seemed to have been greatly stimulated as she said incoherently, "Pavilion master, Su Yu, was it him who did it?"

Mu Canghai's eyes were filled with shock as he said, "Other than him, is there anyone else?"

"But, but those one million books of foreign languages involve no less than 10,000 languages of different races! How can he be proficient in 10,000 languages alone? Even if he is proficient, how can he finish translating all of them in a short time?"

They did not know that Su Yu had been comprehending foreign languages since the beginning of his cultivation and had long mastered the languages of ten thousand races.

As for a short period of time... Under the state of Time Acceleration, Su Yu comprehending for two days was equivalent to comprehending for three years in normal space-time. It wasn't difficult to translate them.

Mu Canghai shook his head blankly. "I don't know. I can't understand it at all! The only explanation is that we once stood side by side with a top expert."

They all looked in the direction Su Yu had left, but all they could see was the vast sea. There was no longer any trace of Su Yu.

"Pavilion Master, so many books from other races are enough to alarm the entire star pavilion. W-what should we do?" Yan Changhong was at a loss.

This was also the first time Mu Canghai had encountered such a situation. Based on her past experience as a pavilion master, this matter was definitely not something a branch pavilion could handle.

Therefore, not long after.

In front of Pavilion Master Hu's thatched cottage.

Mu Canghai stood upright. "Mu Canghai greets Lord Hu."

The medicinal fragrance in the cottage was still the same. Within the bamboo curtain, pavilion master Hu patiently concocted the medicinal pill formula.

It was as if he had a special liking for medicinal pills, even though he wasn't good at refining pills.

“Pavilion Master Mu, please return. I can’t do anything about Xue Yu’s matter. You’ve been a pavilion master before, so you should understand this!” Pavilion Master Hu said helplessly.

He had high hopes for Xue Yu. Unfortunately, the moment he entered the headquarters, he had offended so many powerful pavilion masters and even imperial guards. As someone who had just been promoted to pavilion master, he didn’t have the ability to help him.

“This is the dream ancient altar’s invitation. The Ravenous Wolf Star has sent it back. Do As you see fit.” Pavilion Master Hu pushed the letter out.

Mu Canghai did not even look at the letter. Instead, he said, “I want to talk about another matter.”

“Oh?” Pavilion Master Hu stopped to concoct pills. “Speak. What is it?”

“Pavilion Master, please have a look.” Mu Canghai handed over the interspatial ring.

Pavilion Master Hu took it and scanned it with his soul. His expression changed immediately.

“Where did you get it from?”

He had never seen such a huge amount of translated divine arts from other races.

“Xue Yu translated it.”

“Alone?” Pavilion Master Hu suddenly stood up, feeling incredulous.

“Yes!” Mu Canghai said.

Pavilion Master Hu’s expression changed again and again. A moment later, he held the interspatial ring tightly, pulled open the bamboo curtain, and walked out of the thatched cottage after a long time. His expression was solemn as he said, “Let’s go, follow me to see the Heaven Abyss Pavilion Master. We need to ask the pavilion master to make a decision on this matter!”

A monster who was likely to be proficient in the language of ten thousand races, not to mention the pavilion master, even the pavilion master would be alarmed!

In the absolute beginning realm, where many civilizations clashed, no one could give a clear explanation of what it meant to be proficient in the language of each race.

However, based on the current situation.

The races in the absolute beginning realm attached great importance to the excavation of the language of other races.

There was even a brand new industry in the absolute beginning realm called the literary sage.

As the name implied, the sage of literature was respected by all clans in the absolute beginning.

If Su Yu was really proficient in the language of all clans, he would be the sage king of the sage of literature.

His value far surpassed the weight of a pavilion master!

How could they dare to hide such a monstrous talent?

--

Half a day later, they met the pavilion master.

However, it wasn't just one pavilion master, there were three of them!

Even though the Star Pavilion had suffered a great loss thirty thousand years ago, they did not enter closed door cultivation like before.

However, they had not shown their faces for hundreds of years.

Now that the three pavilion masters had all appeared, it was obvious that a huge event had happened.

Not only pavilion master Hu, Mu Canghai, but also the imperial guards who had been summoned, greed star.

There was an uncontrollable anxiety hidden in his expression.

When he was summoned to the Heaven Abyss Hall, he only knew that the Heaven Abyss Pavilion Master had woken up and had something important to tell him.

However, he discovered that the three pavilion masters had actually come out of seclusion and were all waiting for him. He felt that a great disaster was about to befall him.

The unspeakable pressure made greed star extremely cautious. He no longer had the overbearing and unreasonable aura from the banquet.

"Greed Star, were you the one who changed Xue Yu's eligibility to participate in the ancient Dream Altar?" Heaven Abyss Pavilion Master asked. His expression was very ugly.

Ravenous Wolf Star's heart skipped a beat. It was indeed because of this matter.

When he saw Pavilion Master Hu and Mu Cang Hai, he had a premonition that it would be related to Xue Yu's matter.

But he wasn't too sure.

He didn't believe that a mere deputy pavilion master would alert all three pavilion masters to come out of the mountain.

But the truth was like a severe warning.

"Yes, it is indeed my humble position. The reason is..." ravenous wolf star quibbled.

Heaven Abyss Pavilion master interrupted him indifferently, "We don't want to listen to your explanation. Now, we will give you a chance to redeem yourself. Bring Xue Yu back immediately. Remember, if he is alive, at the same time, don't use forceful methods!"

Ravenous Wolf Star was stunned on the spot. Bring Xue Yu Back?

What was wrong with him?

Heaven Abyss Pavilion Master casually threw a jade pendant and smashed it on the ground. It was Xue Yu's Vice Pavilion Master Identity Jade Pendant.

"Thanks to you, he was forced to leave." The Heaven Abyss Pavilion Master looked at Greed Star coldly.

Greed Star felt a sense of relief. It was better to force him to leave. This was exactly what he wanted.

However, the question was, why did the pavilion masters insist on him finding Xue Yu?

Was a mere vice pavilion master so valuable?

Unfortunately, the Heaven Abyss Pavilion Master did not explain. He said, "You have three months to find Vice Pavilion Master Xue. If not, you don't have to return to the Star Pavilion."

What? Greed Star was shocked.

He wanted to expel him from the star pavilion for a small vice pavilion master?

A trace of anger was brewing in his heart. He cupped his hands and said, "Greed Star will do his best. However, I'm a guard. I need to report to the head pavilion master before I go to the sea area to look for him."

Unexpectedly, the Heaven Abyss Pavilion Master looked at him with pity and said, "No need. This is what the head pavilion master wants. If you can't find Vice Pavilion Master Xue, you should never come back!"

Hong Hong Hong --

It was as if countless thunderbolts were bombarding his mind.

The... The Head Pavilion Master's intention?

He was the loyal confidant of the head pavilion master for many years. He actually, actually wanted to chase him away?

The three pavilion masters stood up, the Heavenly Abyss Pavilion master stared at him unhappily. "Perhaps you don't know how great of a loss you've brought to the Star Pavilion because of your public and private affairs! The head pavilion master didn't immediately take your life because of your many years of meritorious service!"

"If you don't want to be expelled from the Star Pavilion, go now and find Vice Pavilion Master Xue!"

Greed Star recovered from his shock. He was extremely confused, but his heart also sank.

Without thinking, he turned into a shooting star and chased after the headquarters. His heart was beating wildly, and he shouted anxiously, "I hope there's still time!"

Su Yu went to the far north alone.

It was half a year's journey from there.

After traveling for a day, Su Yu's divine power was depleted. He stopped at an uninhabited island and rested for a while.

"Big Brother, where are we going?" Xiao Jingyu ate a roasted rabbit leg elegantly.

Even though she was only ten years old, she had already shown the elegance of Xia Jingyu. It was the same for her meals.

"Find someone," Su Yu said.

Xiao Jingyu tilted her head. "What a coincidence. I also feel that there seems to be a relative of mine in the direction Big Brother is going."

HMM? Su Yu stared at Xia Jingyu, his heart slightly trembling.

The relative she mentioned should be the goddess race that was of the same race as Xia Jingyu.

However, Su Yu could sense the other party because of the five-colored nomological imprint.

But what about Little Xia Jingyu?

She had no cultivation at all, yet she could sense an endless distance from afar?

He looked at Little Jingyu again and suddenly felt that there was a layer of mysterious light on her body that he could not see through.

"Big Brother, what are you looking at?" Little Jingyu shyly wiped the oil stains on the corner of her lips, and a red blush appeared on her pink little face.

Just like the Xia Jingyu of the past, she was as shy as a clear lotus in the rain.

Su Yu smiled and touched the nine jade spiritual pearl on his arm. A beam of green light fell in front of Xiaoxia Jingyu. "Uncle will send you to a place, okay? There is a little friend of your age there."

Xiaoxia Jingyu shook her head. "I feel most at ease in front of Uncle, as if I don't need to think about anything... but since uncle wants me to go, I'll go."

She swayed her delicate body and walked into the jade-green light.

As the light swayed, she was absorbed into the nine jade spiritual pearl.

Su Yu was disappointed and slowly stood up.

He looked at the sunrise from the east. A talisman in his sleeve fell into his palm silently and gently rotated. Under the rising sun, it shone brilliantly.

"I've waited for you for a long time, Wild God." He did not even turn his head.

Creak --

A soft sound of stepping on dead wood echoed on the deserted island.

A figure filled with a barbaric aura slowly walked out from the shadows. His voice was full of intimidation, sinister and hoarse. "Are You Waiting for me to send you to your funeral? I have to say, the feng shui of the tomb you chose is not bad!"

Chapter 1653 Peak Strength

Wild God's arrival was completely within Su Yu's expectations.

To be precise, it was Su Yu who deliberately left the Star Pavilion headquarters alone to lure Wild God over.

"It's good that you think it's good," Su Yu said indifferently.

Wild God sneered, but he stood on the spot and did not make a move.

His head looked around, as if suspecting that Su Yu had set up some sort of ambush.

"No need to put on an act. You followed me all the way. Didn't you already confirm that Mu Canghai didn't follow?" Su Yu smiled faintly as he lifted his foot and slowly rose into the air.

Under the unnoticeable ground, a thumb-sized purple-black snake was slowly emerging, waiting for an opportunity to attack Su Yu.

Wild God was a cautious person. It could be seen from the banquet.

He would not appear unless he was absolutely sure.

The reason why he was so suspicious was to attract Su Yu's attention and make him lower his guard. He secretly released that purple-black snake to sneak attack Su Yu.

Wild God saw through his trick and his expression turned cold. "Little Bastard, I don't believe that you can fight against a silver overlord by yourself!"

Chi La --

Before he could make a move, Su Yu threw out a talisman from his sleeve.

It was an extremely powerful immortal vanquishing talisman!

The talisman immediately exploded, spewing out a ball of yellow light.

Within the ball of light, there was a faint image of a huge battle axe, slashing out with a huff.

Wild God was shocked. "A Silver Overlord's Talisman?"

Without saying anything else, he immediately used a defensive divine art.

The seawater churned, and huge waves surged into the sky like thunder.

A few traces of blood flowed out from the corner of Wild God's mouth. The defensive divine art was shattered, and he barely managed to hold on.

"This is your hidden trump card?" Wild God's killing intent grew even deeper.

"Good, it's worth it for me to personally send you on your way!"

"Endless Wilderness!" The blood mark on wild god's forehead flashed, and the violent aura in his body seemed to have awoken from a deep sleep.

The almost corporeal violent aura surrounded his body within a thousand feet.

Looking from afar, a corporeal thousand feet tall gray wolf appeared.

Howl --

A Wolf Howl filled the sky and Earth with an extremely majestic savage intimidation.

The sea was surging, and the waves were rolling. The fierce beasts hidden deep under the sea were all fleeing in fear.

In terms of intimidation, it was ten times stronger than when he had broken Su Yu's comprehension with a howl.

Su Yu's sharp light flickered, and the oil lamp mark on his chest flickered slightly. A law was born in Su Yu's hand.

When the loud roar approached three inches away from Su Yu, under the influence of the law, it was as if it hit the air and passed through his body without leaving any damage.

"Boundless Devil Gate!" Su Yu's eyes flashed coldly, and the beauty under the moon fell into his hand.

The beautiful longsword was covered with layers of turbulent Devil Qi, as Black as ink.

From Afar, it looked like a black crescent moon.

With a wave of Su Yu's hand, the beauty under the Moon left a pitch-black scar in the sky.

The scar quickly split open like a crack.

Waves of monsters' clamor could be heard from within the scar, making one's hair stand on end.

It was as if that sword had opened the door to the Devil World.

There was also an extremely dangerous edge that crossed over from within the scar and descended.

Wild God was still shocked that Su Yu was immune to his soul attack, but he was once again shocked by that strange sword attack.

"What kind of sword technique is that?" Wild God, who sensed danger, roared.

What answered him was a pitch-black sword light that shot out from the crack.

Puchi --

Ah --

Wild God's head was pierced through by the pitch-black sword light.

His head exploded on the spot.

However, at the critical moment, Wild God's soul left his body. The evil aura surrounding his body surrounded his soul, and his body was reconstructed as he breathed.

It turned out that his original body was also formed by the evil aura, and he could be abandoned at will.

He panted heavily and his face was filled with lingering fear. Fortunately, he had abandoned his body many years ago and replaced it with evil energy.

Otherwise, he would really have failed miserably today.

“Fortunately, the power of this sword is limited and can not destroy my evil energy. Otherwise...” Wild God’s killing intent became even stronger. “I think you have no more tricks up your sleeve, right? In that case, rest in peace!”

Wild God’s wolf body suddenly widened its eyes.

A force that could disrupt one’s mind swept across Su Yu.

In an instant, Su Yu felt an intense evil aura boiling in his chest, disrupting his mind.

If the evil aura exploded, his intelligence would be completely crushed, and he would become a pure evil creature.

Su Yu didn’t say a word. His fingers touched the nine jade spiritual pearl, and the world destruction disk spun out.

Wild God sneered, “I’ve seen the power of this thing. Bronze overlords might be afraid, but silver overlords, Hehe...”

Keng --

In the end, Su Yu did not use the doomsday disk. Instead, he activated the Doomsday Disk’s cave dwelling function.

He formed a seal with one hand, and a dark red blood sword quickly fell from it.

The moment the blood sword appeared, the entire sea area was illuminated in a blood red color.

At a glance, it was extremely demonic and gave off an ominous feeling. It was like the asura blood sea.

Asura sword!

After being suppressed for a long time, the weapon spirit finally fell silent.

Su Yu could barely use the power of this sword.

As the ninth-ranked Emperor Dao sacred weapon in the nine Dragon Valley’s divine realm, even a tenth or twenty percent of its power was unimaginable.

Holding this sword, Su Yu’s light flashed again as he once again used the boundless Devil Gate!

This time, the crack was ten times wider.

The Demon Sword of destruction that had crossed over was also ten times stronger!

“Not good!” Wild God felt his scalp go numb. He swept away his unruly expression and turned around to escape without thinking.

Ah --

The Demon Sword of destruction really descended. With one strike, 20% of the evil Qi was destroyed.

Wild God’s soul was injured and he screamed in pain.

He stared at the blood sword in fear and quickly fled.

Su Yu snapped his fingers, and a pair of small black and white wings appeared in the space of the Buddha bead.

After merging into Su Yu's body, yin and yang qi immediately appeared above Su Yu's head.

It was the Taiji yin and yang wings that he had not seen for a long time.

“Taiji yin and Yang Wings!” Su Yu said lightly, and the yin and yang qi around his body became chaotic.

In an instant, he had left this place for tens of billions of miles.

Wild God sprinted all the way. The Silver Overlord's speed was as fast as if he was passing through a spatial barrier.

With a single thought, it was a billion square miles.

After jumping ten times in a row, wild god let out a sigh of relief. “It's Alright...”

At this moment, he suddenly felt that there was a young man standing on the peak of a mountain 100 million miles in front of him.

With his left hand behind his back and his right hand holding the blood sword, he waved it in the sky.

Chi La --

The gate to the demon world opened once again and another demon sword of destruction descended.

Ah --

Wild God screamed as he was cut off by 20% of his aura.

“Another high-level true emperor rank weapon? You're not just a small deputy pavilion master, who are you?”

True Emperor rank weapons weren't rare at the Overlord level.

However, high-level true emperor rank weapons were almost impossible for even a gold overlord to have, much less a silver overlord!

It was already shocking for a small deputy pavilion master to have one, but to have two meant that he had a shocking identity.

At this moment, Wild God's heart was filled with regret.

He had just realized that the person he had come to kill wasn't a nameless junior, but a mysterious figure who hid himself deeply.

The person who answered him was Su Yu, who was coldly chasing after him.

Ah --

In the midst of intense despair, the wild god fled like a stray dog.

“Xue Yu, I am the Master of a branch of the Star Pavilion. If you kill me, no matter what your identity is, you will not be able to escape the Star Pavilion...”

Ah --

Another 20% of the evil energy was destroyed.

He was only left with the last 20% of the evil energy to protect his body.

“Wait! I admit defeat. I surrender. I shouldn’t have interrupted your comprehension. You can have any compensation you want!”

Su Yu shook his head coldly. “You can’t afford it.”

With a swing of his sword, the last 20% of the evil aura was completely wiped out.

Only a soul body was left. It fled in fear and despair.

However, how could it escape from Su Yu, who had recovered to his peak strength?

“Space-time freeze.” Su Yu took a step forward and space-time descended.

The Wild God’s soul froze on the spot. It could not move. Only its thoughts could move.

He was extremely shocked.

It was one thing to cultivate the divine path of space, but he was also proficient in the divine path of time.

“Impossible. The divine path of time is one of the eight Ultimate Upanishads of the Great Dao. It’s impossible for someone to master it. How could someone cultivate it successfully?” Wild God muttered in disbelief.

“You wouldn’t know,” Su Yu’s voice echoed in his mind.

Then, his soul was pressed by the pressure of time and space, and he fainted on the spot.

With a flash in his eyes, Su Yu quickly left the scene with his soul.

A few hours later, Ravenous Wolf Star arrived at the horizon at lightning speed.

He grabbed at the air, and a handful of residual evil energy condensed in his palm.

“Wild God... is dead?” Ravenous Wolf Star was shocked. “Xue Yu has the ability to kill Ravenous Wolf Star?”

He did not think that with wild God’s cautiousness, Su Yu could set up an ambush hundreds of millions of miles away.

He felt a chill in his heart.

If such a figure was heavily groomed by the Star Pavilion, would there still be a place for him, Ravenous Wolf Star, to stand?

He finally understood why the three pavilion masters had appeared. Even the Head Pavilion Master had issued a request to ravenous wolf star to find Xue Yu, or else he would not return.

After pondering for a long time, he gritted his teeth, "Forget it, it's better not to return to the Star Pavilion. I should also consider that Lord's recruitment!"

After some analysis, Ravenous Wolf Star actually gave up on finding Su Yu and planned to join another force.

"Ten million years of hard work, zero in one night. Xue Yu, Oh Xue Yu, you've caused me so much misery!" Since Ravenous Wolf Star had already decided to betray the Star Pavilion, then Su Yu's life and death were no longer important.

"Take your corpse and ask that Lord for credit. I can barely exchange it for some losses!"

Anger rose in his heart, and his courage grew.

He wanted to borrow Su Yu's head to ask for credit from his new master!

His gaze was like lightning, and ravenous wolf star swept in the direction Su Yu fled. With a cold snort, he teleported and disappeared.

On a certain uninhabited island, Su Yu took a short break to recover the divine power he had lost in the battle just now.

It seemed like he had won a great victory, but only he knew that his current cultivation was too low. He had forcefully used many divine arts and divine weapons, and he had almost been unable to last until the end.

Fortunately, Wild God did not have any other tricks up his sleeves. Otherwise, who knew who would fall today.

"Hu! Now that I've unleashed my full strength, I can barely deal with a silver overlord." Through the battle just now, Su Yu analyzed in secret.

However, Su Yu didn't feel that he had the strength to contend with a silver overlord.

Wild God's strength was only considered average in the branch under Pavilion Master Hu's jurisdiction.

Among the many silver overlords, it couldn't be said that he was very powerful.

At least compared to Zhao Fu, he wasn't just a notch weaker.

"It's inconvenient for me to expose my many divine arts and divine weapons. If I fight alone, it's still fine. But if it's in public... I'm afraid that I'll be restricted and my strength will be greatly reduced." Su Yu wasn't inflated in his heart, instead, he was very clear that he was insufficient.

"I still need to continue improving my strength," Su Yu thought to himself.

After thinking for a moment, he took out the wild God's storage item. It was an item in the shape of a walnut.

This was the first time Su Yu had obtained such a high-level enemy's storage item. He did not know what kind of amazing item would be in his collection.

Just as he was about to investigate, his glabella suddenly jumped without warning.

A feeling of fate surged in his heart.

Su Yu's expression turned solemn. He immediately put away the storage item and narrowed his eyes as he looked around.

That was a sign of danger!

The rise and fall of fate signified the arrival of danger. It was just like the space-crossing mystical cave at that time!

Chapter 1654 Dao Master, Master

“Who is it?” Su Yu pondered.

Wild God's sneak attack did not trigger the fluctuation of the thread of fate.

It was enough to prove that the person who came was thousands of times more dangerous than wild god!

There was only one person who had great hatred towards Su Yu and was powerful.

Greedy Wolf Star!

If it was him, Su Yu's heart would be cold.

He looked around and felt the fluctuation of fate in every direction.

The fluctuation of fate was most obvious in the direction of the Star Pavilion behind him.

And the northernmost direction was where the fluctuation of fate was the weakest.

The Yin and yang qi around him flickered and Su Yu disappeared towards the northernmost place.

Almost at the same time, Ravenous Wolf Star sensed Su Yu's unusual movement and smiled sinisterly, “You are quite alert? But, can you escape?”

“North looks at the Ravenous Wolf!”

He shouted in a low voice, and a ray of Starlight shot out from between his brows and shot into the depths of the sky.

Su Yu, who was teleporting, suddenly raised his head and looked toward the northern end.

It was clearly early morning, and the light was brilliant. At the end of the extreme north, a planet that was strangely destroyed appeared.

“Ravenous Wolf Star?” Su Yu immediately felt danger.

That should have been the location of Sirius Star, but no matter how strong the starlight was, it could not be stronger than the light of the Sun.

As expected, that star became stronger and stronger.

A series of rumbling sounds that shook the sky rushed over from the north of Heaven and earth.

Along with it was a meteorite that became clearer and clearer.

Peng --

In a few moments, the meteorite crashed down with the momentum of shattering the continent.

The place where it crashed down happened to be where Su Yu was.

The powerful pressure caused the divine blood in Su Yu's body to boil, and the mark of the oil lamp on his chest flickered.

Traces of blood spurted out from Su Yu's eyes, mouth, nose, and ears.

Drops of divine blood seeped out from his pores, giving su yu momentum.

A strong sense of danger surged in his heart.

If he was really hit by the meteorite, he would definitely die!

This was the strength of a pavilion master, right?

He could take a person's head with a single thought from hundreds of millions of miles away!

Su Yu moved his feet, but under the powerful pressure, his feet seemed to be grabbed by something, making it extremely difficult for him to move.

"Open!" At this critical moment, Su Yu took out the nine dragons divine cauldron and smashed it at the meteorite.

Crack

A heaven-splitting, earth-shattering roar rippled through the sea of constellations.

Within the nine dragons divine cauldron, the blood of the nine dragons ancient god flew out, splashing the meteorite.

The powerful power contained within the divine blood shattered the meteorite into pieces!

However, when the meteorite collided with the nine dragons divine cauldron, a massive explosion was created, causing Su Yu's body to be covered in cracks.

Streams of blood spurted out, dyeing him into a bloody man in an instant.

Then, an incomparably powerful shock wave came and swept Su Yu into the sea.

Su Yu held onto the nine dragons divine cauldron tightly and sank to the bottom of the sea.

The violent impact caused Su Yu's body to be heavily injured.

The serious thing was that he couldn't use the Taiji Yin-yang wings again!

Sensing the growing danger, Su Yu's gaze changed several times.

In the end, contrary to his usual state, he stored the nine dragons divine cauldron, the Taiji Yin-yang wings, the nine Jade Spirit Pearl on his arm, and the Buddha Pearl on his wrist all on the ground.

The white crystal in his soul -- the soul space!

Almost as soon as he finished doing all this, a powerful aura that could shock one's soul sliced open the sea and descended on the spot.

Within the Aura, a middle-aged man with a murderous look on his face stood with his hands behind his back!

Greedy Wolf Star!

"You want to escape from this Imperial Guard's hands? You must be Dreaming!" Greedy wolf star sneered as he sized up Su Yu's serious injuries, he said, "You're really strange. You're still alive after taking this Imperial Guard's Attack! You still need this imperial guard to move a finger."

He extended a finger and pointed it at Su Yu.

A death ray shot out from the tip of his finger.

With this finger, Su Yu had no chance of survival.

"Wait!" Su Yu shouted, "Can you give me three breaths of time?"

Greedy wolf star sneered, "What's the reason?"

"The reason is that if you give me three breaths of time, I will give you an unlimited future, far better than the treatment in the Star Pavilion."

"Hahahaha, you are very arrogant, but I have to say, putting aside the hostile relationship, you are indeed worthy of my admiration." Greedy wolf star said, "Then, I will give you three breaths of time!"

His eyes flashed with mockery and playfulness.

"I will count to three. If you fail to convince me, I will send you to heaven!" Greedy Star said.

He raised one finger, no, three, and said, "Three! Time is up. Unfortunately, you failed to convince me. Let's Go!"

He had no intention of giving Su Yu a chance. The so-called three breaths was just to tease him before Su Yu died.

In his eyes, Su Yu was as insignificant as an ant and not worth mentioning.

What right did such a creature have to ask for three breaths of time?

"I am a disciple of the Dao Master!"

Pu --

The beam of death had already shot out.

However, when these words fell into Greedy Star's hands, his expression could not help but change drastically. He grabbed with his palm and destroyed the beam of light that was about to pierce through Su Yu.

He stared at Su Yu with a burning gaze. "Say that again."

Su Yu raised his head. His expression was as calm as waves. "I am the disciple of the Dao Master!"

The DAO Master was a supreme existence that stood above the laws of the Great Dao.

Not to mention their disciple, even the grass and trees that they used were all honorable and out of this world.

In the past, a dao master passed by the Sea of constellations and became a dao master through Buddhism. He was the famous Brahma Heavenly Dao Master of the absolute beginning world, he stayed in the south sea for ten years to meditate and comprehend the Dao.

Near where he stayed, there was a nameless little bamboo.

During these ten years, the little bamboo listened to the Brahma Heavenly Dao master recite the sutras and read the Buddhist scriptures. It understood the heaven and earth. Under its influence, it gained sentience from an ordinary divine bamboo and became the spirit of the Heaven and earth.

It continued to grow. Finally, it gave birth to a supreme existence that shook the sea of constellations.

It was the Purple Dream Emperor!

Within a short ten years, the mortal wood was influenced by the DAO Master and gave birth to a sovereign of the world.

The might of a dao master was unfathomable.

Therefore, how could he not be shocked when he heard Su Yu call himself the disciple of a dao master?

"Which Dao Master?" Greed's starry eyes revealed a look of disbelief.

How powerful was the Dao Master? Which of the disciples he recruited were not dragons among men and were famous throughout the world? How could they be unknown and end up in the Sea of constellations?

"Dao Master Evil Woman!" Su Yu said calmly.

Greed Star looked unfamiliar. "Dao Master Evil Woman?"

A dangerous glint appeared in his eyes. "Are you lying to me? There is no Dao Master Evil Woman in the Great Hall of the Yellow Dao."

Su Yu was unperturbed. He pointed at his soul and said, "If you don't believe me, you can search my soul."

He opened up part of the memory in his soul and allowed Ravenous Wolf Star to investigate.

With Ravenous Wolf Star's strength, it was easy for him to flip through the memory.

Ravenous Wolf Star did not dare to look at it casually. After pondering for a moment, he entered Su Yu's memory nervously.

What he saw was a woman whose facial features could not be seen clearly.

Her figure was graceful and peerless, and her entire body was filled with an otherworldly aura that could not be stopped.

Although he did not know the woman's true appearance, it made one sink into her and unable to extricate themselves.

When Ravenous Wolf Star woke up, he could not help but break out in cold sweat.

He had never had such an illusion when he followed the Chief Pavilion Master of the Star Pavilion and met the three pavilion masters.

But the woman in front of him!

He swallowed hard and continued to look.

He saw that the woman brought Su Yu and killed an existence who claimed to be the reincarnation of a world-destroying emperor with ease. She also killed an unfamiliar Xuan Ming Dao Master with a wave of her hand, she even easily destroyed the dao master's Divine Kingdom of a red-clothed woman.

The scene of destruction with a wave of her hand deeply shook ravenous wolf star.

He had never seen a dao master make a move, but he had no doubt that the woman was a terrifying dao master existence!

"How is it?" Su Yu closed his memories.

With his current soul attainments, he had long reached the ability to seal a portion of his soul at will. He only showed ravenous wolf star a portion of his memories that he wanted to show.

Greed Star recovered from his shock and stared at Su Yu, his eyes flickering for a long time.

"Is your relationship really master and disciple? I don't think so!" Greed Star said.

In his memories, although the two of them had always been together, they did not have the etiquette and manners that a master and disciple should have.

Su Yu smiled indifferently. "My master brought me along to settle the score with the emperor and Dao Master who had chased me back then. Naturally, he did not have a good expression."

Ravenous Wolf Star was still suspicious. He sized Su Yu up again and said, "Wait! Why is the name, body, and appearance in your memory different from now?"

Su Yu already had an excuse. "That's because my master asked me to start from scratch to train."

"Really?" Ravenous Wolf Star was skeptical.

Even if Su Yu wasn't the disciple of that terrifying woman, he should have some kind of intimate relationship with her.

Otherwise, it was hard to imagine that the high and Mighty Dao Master would carry a lowly ordinary person with him.

His gaze shifted again and again as he narrowed his eyes. Threads of cold light flickered as he spoke in a terrifying voice, "Don't you think that this is precisely why I should silence you? I don't want to become an enemy of a dao master."

Su Yu's eyes rippled with a profound light. "Why don't you think of something else? For example, if you help me gain experience, can you build a closer relationship with that Dao Master?"

Bang Bang --

Even though he had already guessed it, greedy star's heart could not help but beat wildly when he heard Su Yu's confirmation.

His mouth was a little dry, he pretended to be calm and snorted coldly. "You want to trick me into falling for it? With our relationship, if you really reunite with that Dao Master Master, you only need to mention a little of what I did to you in front of her, and she will be able to make me sink into eternal damnation! Do you think I'm that easy to be deceived?"

Su Yu's sharp light flickered, and he asked, "Dare I ask, is there any irreconcilable hatred between you and Me?"

Ravenous Wolf Star was so excited that he almost couldn't hold it in anymore. He probed, "Are you saying that you don't mind me removing your qualification to participate in the ancient Dream Altar?"

"Do you think that a mere ancient dream altar has any attraction to a dao master disciple like me?" Su Yu said indifferently.

With a dao master backing him, he could disregard ten thousand ancient dream altars!

Ravenous Wolf Star was completely moved.

He restrained his imposing manner and cupped his fists at Su Yu, his face full of amiability. "Lord Xue, thank you for not disliking me. In the future, when you meet the vile daughter, you must put in a few good words."

"You and I don't know each other without fighting, so there's no need to address each other as lord. Why don't we address each other as brothers? Also, my real name is Su Yu. Since you already know, then call me brother Su." Su Yu was exceptionally "Amiable."

Ravenous Wolf Star rubbed his hands. "Haha, then what should I do? You're a disciple of the Dao master, how can I dare to treat you as an equal? Why Don't you address me as Little Master? I'm Ravenous Wolf Star, and I'm willing to serve Little Master."

Su Yu rubbed his hands and helplessly accepted. "Alright, when I see Master's old family in the future, I'll definitely make her compensate you more."

"Thank you, Young Master." Tan Lang beamed with joy.

Su Yu was secretly amused. If he really met an evil daughter, he would not even have time to escape. How could he ask her to compensate him?

Not only did he survive the disaster, he even got a free helper!

As one of the nine great guards of the Star Pavilion's main pavilion master, his strength was not just a little bit stronger. He was very close to the emperor level.

According to the classification of the Overlord level, he should have reached the highest level of the Overlord, the Mystic Crystal Overlord!

Unless he was attacked by an emperor or several mystic crystal overlords, no one would be able to defeat him.

Chapter 1655 Deceit

“Tan Lang, have you betrayed the Star Pavilion?” Su Yu asked.

From his words just now, it seemed that he did not intend to return to the Star Pavilion.

Tan lang star was embarrassed, “If little master is willing to return to the Star Pavilion, then there is no need to betray!”

“Speak in detail!”

..

When he heard that the three great pavilion masters and even the Head Pavilion Master of the Star Pavilion were alarmed, Su Yu immediately dismissed the idea of returning to the Star Pavilion.

A tree in the forest would be destroyed by the wind. It was definitely not a good thing to be in the limelight.

Returning to the star pavilion at this moment and exposing himself in front of the three Great Pavilion Masters and the Head Pavilion Master was not a wise move.

After pondering for a long time, Su Yu’s eyes revealed a nostalgic light, “Since my strength has recovered to its peak, my identity should also be restored. It’s fine if the Star Pavilion doesn’t return.”

“From now on, there will be no Xue Yu, only Su Yu,” he said slowly.

“Unfortunately, I can’t change my body back to how it used to be. It’s still troublesome.” Su Yu sighed. After all, it wasn’t his body, so he felt regretful.

Greedy Wolf Star rolled his eyes, “It’s not difficult for the young master to rebuild his old body, right?” “There’s a special hot spring in the Northern Territory’s snow sea. After bathing, your body will merge with the spring water. As long as your soul isn’t destroyed, you can rebuild a new body with just a thought. Even your aura can change.”

Su Yu was surprised. Even this kind of thing existed in the absolute beginning realm?

This method was comparable to possession!

Moreover, it could avoid the side effects of possession!

“If that’s the case, doesn’t it mean that the paper-making enemies can use this hot spring to change their appearance?”

Greedy wolf star nodded. “Theoretically, that’s the case. However, not everyone can use that hot spring. We need the permission of the Snow Dragon Emperor. Not more than ten people have the right to use that hot spring every year.”

Ten people? Su Yu frowned slightly, “How can I make Emperor Snow Dragon Nod?”

“It’s not difficult to say, but it’s not easy to say.”Ravenous star said, “Every year, Emperor Snow Dragon will celebrate her birthday. If I can bring some gifts that make her happy, then it would be easy.”

Gifts? Su Yu thought. As an Emperor of Heaven and earth, how vast was his knowledge of rare items?

It was indeed not an easy thing to move him and make him happy.

However, Su Yu had the foreign language of various races, so it was not impossible for him to create a shocking gift.

“Let’s go, northern snow sea!”

Five days later, a divine figure carrying a giant earthen yellow sword walked over.

He looked around and stopped at the area where Su Yu had fallen to the bottom of the sea. He said in a hoarse and persistent voice, “I’ve Found You! Kill My Son and destroy my sword pavilion!”

A small sword that looked like a stone sword was spinning in his palm.

The small sword was like a compass. It kept spinning and every time it stopped, it would accurately stop in Su Yu’s direction.

Hatred shot out from his eyes. He stared at the northernmost direction and said in a hoarse voice, “HMPH, you can’t escape!”

Almost as soon as he finished speaking, several powerful auras from the Star Pavilion suddenly appeared around him and surrounded him.

Jian ruxiong fixed his gaze and could not help but be shocked. “Mu Canghai? Why Is it you?”

The greedy wolf star had never returned after searching for Su Yu. There was no news of him at all.

The Star Pavilion had sent Mu Canghai to lead the silver overlords in the pavilion to investigate.

In the end, they actually discovered wild god’s tragic death and the marks left behind by Xue Yu’s serious injuries.

After this matter was reported, it attracted a lot of attention.

Some people suspected that it was a third party who took advantage of the situation and caused such a strange situation.

Hence, they ordered a group of people to stay in the dark and wait for the right opportunity.

In the end, the higher-ups were right!

Mu Canghai’s face was filled with killing intent as he shouted, “Jian Ruxiong! How dare you chase after the Star Pavilion Headquarters and kill Su Yu! Quickly tell me, how is he now?”

Jian Ruxiong was stunned. "What are you guys talking about? I, I just arrived here, how can I do anything to Su Yu? Also, I'm not here to kill Su Yu, i, I'm just passing by!"

Seeing Jian Ruxiong's expression dodge, Mu Canghai laughed angrily. "Passing by? Do you believe it yourself?"

"Men! take him down and bring him back to the star pavilion to be tortured!"

Jian Ruxiong was greatly shocked and hurriedly said, "Wait, I was wronged!"

Ah --

What answered him was a divine spell like raindrops.

In the midst of the indiscriminate bombardment, Jian ruxiong's shrill screams echoed.

After a few exchanges, Jian Ruxiong was trampled under the feet of a few silver overlords.

Jian ruxiong, who was still in high spirits just a moment ago and vowed to avenge his son, was suddenly in a sorry state like a bear. With a sad face, he said, "Pavilion Master Mu, I swear to the heavens, I was really wronged!"

Mu Canghai did not listen at all. He waved his hand and said, "Take him away! After being imprisoned, there's no need to ask anything. Let's have a taste of torture first! I've come into contact with this person before. He won't give up until we reach the Yellow River!"

Jian ruxiong roared in grief and indignation, "I'm wronged! !"

"Drag him away!"

Jian Ruxiong's mournful cry echoed in the sky, and there was no longer any trace of them.

The northern snow sea was located in an extremely cold region.

The sea was frozen into a thick layer of ice. There were no living beings, and there were no ships.

At a glance, the sea was desolate.

There were only a few thousand chains that crossed the ice plains and reached an iceberg.

All the living beings walked on the chains and headed towards the iceberg.

"This ice isn't ordinary." A youth stood in front of the chains with his hands behind his back.

Beside him stood an existence whose aura was hidden like that of a mortal, he said, "The palace of the Snow Dragon Emperor is naturally different! The surroundings of the palace seem to be filled with ice, but in reality, they are eternal mystic ice crystals. Even if the bronze overlord were to fall into the ice below, he would be frozen inside forever."

"Why is there no one flying over?" Su Yu looked at the empty sky. He did not feel any restrictions.

The middle-aged man said, "That's because the cold air nearby is extremely unstable. It can erupt at any time, affecting space and creating nothingness. Once someone happens to be flying nearby, the consequences can be imagined."

Su Yu was shocked. What kind of powerful cold air would affect space and create nothingness?

Nothingness was a terrifying thing that even the Xuan Crystal Overlord could not completely deal with.

"Only these bridges of chains were personally refined by the Snow Dragon Emperor. Walking on them wouldn't be affected by the erupting cold air."

Su Yu pondered as he sized up this piece of mystic ice crystal.

Where did the cold air come from?

Such a powerful cold air shouldn't have come from nowhere.

Moreover, did a heaven and earth emperor really have such a hand? Su Yu was deeply suspicious.

"Get out of the way!" Suddenly, a cold shout came from behind them.

Su Yu turned his head and saw that it was a vicious beast carriage. It was rampaging among the crowd who were preparing to cross the Mystic Crystal Ice Lake.

Along the way, many people were knocked over and were scolded.

However, when they saw the sign on the carriage, they all stopped talking. No one dared to make a sound.

Su Yu sensed that something was wrong, so he wisely chose to move aside.

The carriage brushed past Su Yu, and a corner of the curtain was lifted, revealing the people in the carriage.

It was a group of young men and women with varying levels of cultivation. Overall, they were considered outstanding, especially in some small places. Their qualifications should be among the best.

Su Yu was secretly puzzled. Those young men and women did not seem to be the owners of the carriage.

"That beast carriage seems to have quite a background?" Su Yu said.

Unexpectedly, greedy wolf star scoffed. "It's nothing much. It's just a bunch of clowns who can't make it onto the stage. They're just bluffing and swindling, targeting the geniuses of those small places."

If that was the case, Su Yu did not mind.

"Young master, I have two or three old friends in the city. One of them has some status in the local area. Why don't we use her for the time being..."

Su Yu shook his head. "With your current relationship with the Star Pavilion, it's better for you not to be too high-profile. We'll just choose a Remote Inn."

Greed Star's face was full of praise as he thought to himself, "As expected of the disciple of the evil woman path master. She's considered everything!"

Under his lead, they arrived at a remote inn.

After entering the inn's courtyard, Su Yu was somewhat surprised to find the beast carriages that had rampaged around earlier.

Other than that, there were a few more that were parked in the courtyard.

This must be their meeting point.

Su Yu did not want to cause trouble for no reason. After thinking for a moment, she said, "Let's change places..."

Suddenly, a dark red jade pendant on Su Yu's waist sensed something and trembled slightly.

"This is..." Su Yu looked around and finally fixed her gaze on the inn.

This jade pendant was given to her by an old friend when they were last together.

If there were no accidents, she should be at Double Star Island at the moment, or she should have been moved to the vicinity of Chaotic Star Island by Jian Xuan Branch.

No matter where she was, she should not appear in the extreme north that was a hundred billion miles away!

"Li Yue? How could she be here?" Su Yu stared at the inn. The jade pendant sensed that it came from the inn.

Su Yu asked ravenous wolf star, "Tell me in detail what happened to the owner of the Beast Carriage?"

Ravenous Wolf Star was stunned. He did not expect Su Yu to be interested in such a thing, he said, "It's simple. They are abducting and selling people. However, they only abduct and sell people who are slightly talented. They lack knowledge and desire young men and women from small places in the outside world."

"People from small places are not necessarily stupid. How can they be easily fooled?"

"Hehe..." greedy wolf star smiled and shook his head. "What's so strange about that?" There were many ways to deceive and abduct people. For example, in the name of recruiting disciples, they were decent throughout the whole process. Some even gave missions to their prey to make them believe that they were targeted by some big faction."

Thud --

Su Yu clearly remembered that Li Yue had barged into the ten thousand Dragon Cave and snatched the Stone Dragon Bone Sword to carry out some kind of mission.

Flower Fairy and Lu Tianji, who were traveling with him, both had so-called missions.

After sensing carefully, he really sensed the obscure auras of the other two people.

“I guess these people who have been cheated are still trapped in the gourd!” Ravenous Wolf Star mocked. He did not notice that something was wrong with Su Yu’s expression until he said in a low voice, “What are the consequences after being kidnapped?”

Ravenous Wolf Star became cautious, he hesitated and said, “The consequences will depend on the person! “If it’s a man, there’s a high probability that he will be sent to the palace of the Snow Dragon Emperor. His whereabouts are unknown, but women, especially women with good looks, will almost certainly be sent to the bottom of the Mystic Ice Crystal Lake to mine for mystic ice crystals. Overall, the outcome will be very bleak. Most likely, they will die.”

Su Yu’s expression became increasingly gloomy, and his last conversation with Li Yue echoed in his mind.

“Painting the Earth as a prison not only restricts one’s vision, but also one’s ambition.”

“Twin Star Island is just a drop in the ocean, and my ambition is to look down on all living things on Earth and roam the nine heavens. Even if my soul dies in a foreign land, I will not regret or complain.”

“My talent may be mediocre, but the road is under my feet. If I continue walking, I will eventually see a prosperity that I have never seen before.”

“Xue Yu, can you understand me?”

The scenes were right in front of her eyes.

At that time, Li Yue was very much like herself when she first entered the martial arts world.

She was humble and weak, but she was as strong as a moth, stubbornly looking for the future.

However, her wish was trampled on by reality!

Stopping her footsteps, Su Yu turned around and walked toward the inn with a heavy heart.

Greedy wolf star shrugged his shoulders and followed her into the inn. He looked at the beast chariots with a contemptuous smile.

Chapter 1656 Ice Coffin

There was another world inside the inn.

The seemingly small inn was as vast as a mountain and a river. It was filled with palaces and villas. It was beautiful.

An ordinary inn would not be decorated like this.

Su Yu stood at the entrance of the inn and sensed carefully.

There was only the aura of flower fairy and Lu Tianji, but there was no Li Yue.

There was only the jade pendant that Li Yue carried with her.

Suddenly, Su Yu’s eyelids twitched. Flower Fairy’s aura suddenly disappeared from her senses.

There were usually only two possibilities for such a situation.

One was that she was suddenly killed and her aura was wiped away.

The other was that she was thrown into another space and her aura was isolated.

From the current situation, the second possibility was higher.

“Let’s not waste any time. Let’s go take a look immediately.” Su Yu locked onto Lu Tianji’s direction and jumped in.

However, just as she took a step, she suddenly stopped.

Under the clairvoyance eye, a layer of invisible spider web-like object blocked the entrance.

This object did not have much power but was used as a warning.

The slightest touch would alert the expert who had set up the spider web.

After pondering for a moment, a law appeared from Su Yu’s chest and wrapped around his body.

Following that, Su Yu’s body rapidly shrunk and turned into a mosquito.

This was the transformation law. With the support of the law, it could change its form at will. Of course, it was only temporary and couldn’t last long.

Greed Star’s expression changed.

He was a mystic Crystal Overlord and was very close to the Emperor of Heaven and earth.

Although he couldn’t use laws like the Emperor of Heaven and earth, he could sense laws.

Just now, he could clearly sense the law ripples around Su Yu’s body.

This discovery shocked him and confirmed Su Yu’s identity.

A mere third level heavenly cave master could use laws?

He didn’t believe that someone said he wasn’t a disciple of a dao master.

“Wait for me outside.” Su Yu said.

Flying inside the cave, Su Yu followed his senses and quickly arrived in front of a temporary palace.

This place was where Lu Tianji’s aura was.

Li Yue’s jade pendant was also here.

Landing on the eaves, Su Yu did not need to look for it to find Lu Tianji’s location.

Surprisingly, the scene of him being restrained and abused did not happen. Instead, it was a scene that was not suitable for children that entered his eyes.

Lu Tianji was bathing in a hot spring with a pool full of flower petals. He was being served by a few beautiful young ladies.

The scene of the spring breeze caused the corner of Su Yu’s mouth to Twitch.

“Sister, don’t touch that place...”

“Oh...”

Su Yu could not stand it anymore. He transformed into his human form and coughed a few times. "Cough cough, brother Lu, although a woman's appearance is good, it should be enough."

The voice that came suddenly was extremely unpleasant.

Lu Tianji was shocked. He raised his head and saw Su Yu stepping on the roof and slowly descending.

The four maidservants, who were originally full of smiles, suddenly had fierce expressions. They glared at Su Yu and shouted, "Who are you?"

Su Yu's expression was indifferent, "It's none of your business. Just step aside for now."

"HMPH!"The four maids spat out pitch-black poisonous needles from their mouths.

Their cultivations were only at the first level Heavenly Cave Abode's world paragon, how could they obtain Su Yu?

He used his right hand's five fingers to clamp down on all four steel needles.

Following that, with a wave of his sleeve, a powerful divine power descended and suppressed the few of them to the ground, unable to move.

Lu Tianji was shocked, "Xue Yu? Why are you here?"

Su Yu was annoyed. "If you don't come now, brother Lu's Yang essence will be sucked dry."

His eyes flashed, and a powerful soul fluctuation swept out.

Some ripples on the four beautiful girls' bodies were shattered, and their beautiful appearances changed dramatically.

Their skin turned black, and their eyes were as red as apples. Their mouths were as uneven as canine teeth.

Their limbs were covered with scales, and their fingertips were covered with long and ferocious claws.

Lu Tianji took a glance at them and almost fainted.

Thinking that it was such a terrifying creature that behaved like that to him just now, Lu Tianji couldn't help but feel nauseous.

"Old... God, how could this be?"Lu Tianji's lips trembled, and Goosebumps appeared all over his body.

Su Yu said, "They should be the rarer dream girls. They're naturally good at secret techniques. HMM, the yang-harvesting technique shouldn't be a problem."

Retch --

Lu Tianji vomited on the spot and said with a trembling voice, "Brother Xue, please keep it a secret for me."

Su Yu couldn't help but laugh. "Of course!"

"No! Swear! This concerns my reputation for Life!" Lu Tianji said with a serious face.

Su Yu smiled and said, "Alright, brother Lu. The most important thing now is to take you away. There are some things I want to ask you."

Looking at the four ugly dream girls, Lu Tianji wished he could teleport away immediately. He hurriedly said, "Thank you, Brother Xue!"

In a few breaths, Su Yu and Lu Tianji disappeared from where they were.

Outside, greedy wolf star asked, "Did you run into any danger?"

"I shouldn't have been discovered. Let's Go and talk somewhere else," Su Yu said.

Half a day later, in a restaurant.

When Lu Tianji was calm, Su Yu asked, "Brother Lu, do you know that you were actually kidnapped?"

"Huh?" Lu Tianji cried out in shock, "Kidnapped? I am a disciple selected by the Orthodox Snow Shadow sect of a famous sect. I have gone through many trials, so how can you say that I was kidnapped?"

"Orthodox? Then what about Mengji?" Su Yu asked.

Lu Tianji was startled, "Then, that must be a misunderstanding..."

"Is that so?" Su Yu's expression was serious, "Then what about the missing Li Yue and flower fairy?"

"What?" Lu Tianji slapped the table and stood up. "The two of them are missing? That's impossible. I entered the inn with them. How could they be missing?"

However, when he thought about the strange dream girl that the Snow Shadow sect had arranged for him, Lu Tianji was shocked.

Su Yu took out the dark red jade pendant on his waist and asked, "Why is Li Yue's jade pendant with you?"

Lu Tianji could only hear the sound of dripping in his chest. It was Li Yue's jade pendant that was sensing him.

Lu Tianji was stunned. He took it out and said, "After entering the inn, Li Yue temporarily handed it to me for safekeeping. She said it wasn't safe to keep it with her."

In terms of strength, Lu Tianji was indeed slightly stronger.

However, no matter what, how could it be handed over to an outsider for safekeeping?

The two jade pendants appeared at the same time. They pulled each other's Qi and actually formed an illusion in the air.

The Master of the illusion was none other than Li Yue!

Fortunately, this was a private room. It had excellent sound and vision insulation.

“Li Yue?” Lu Tianji was shocked.

The illusion said, “Lu Tianji, you’re proficient in divination. I’ll give the jade pendant to you. I hope you can find the information I left inside!”

Hearing this, Lu Tianji suddenly understood.

“I’m being watched by someone. I can’t tell you in person. I can only convey it to you in this way. I hope it’s not too late for you to find the information of the Jade Pendant.” Li Yue’s tone was urgent. “If you’re the one who opened the information of this jade pendant, please take flower fairy and run away immediately!”

“Don’t ask why. Leave quickly, or it’ll be too late.”

The Phantom suddenly stopped.

Lu Tianji was absent-minded on the spot, his face stiff.

Su Yu sighed. It seemed that he didn’t know where Li Yue went.

“Brother Lu, return to the Jian Xuan Sea area as soon as possible. I’ll take my leave first.”

Without waiting for Lu Tianji to come back to his senses, Su Yu had already left.

Lu Tianji’s face was full of dejection and worry. “Li Yue, is she still alive?”

“Hehe...” suddenly, a chuckle rang out from the depths of his mind.

“You should take care of yourself first.”

Immediately after, Lu Tianji’s head shook violently. His soul was attacked and he actually fainted on the spot.

Meanwhile, a female soul surged out from Lu Tianji’s body. Her body was enchanting and exceptionally alluring.

As she attached herself to Lu Tianji, she giggled and said, “Handsome little fool, you’re still too young to escape from this king’s palm.”

She then looked in the direction where Su Yu had left, her eyes filled with a strange expression, “That young man seems to be pretty good too. His skin is tender and his soul is very special. This king likes him.”

With a wave of her hand, the woman’s soul grabbed onto Lu Tianji and disappeared from the spot.

Su Yu returned to the inn once again.

From Lu Tianji’s words, it seemed that Li Yue had never left the inn after entering it.

Then, her disappearance was similar to flower fairy's sudden entry into a certain space.

The entrance to that space must be in the inn.

He looked at Ravenous Wolf Star, only to see ravenous wolf star furrow his brows and say, "This group of swindlers doesn't seem to be right."

"Why do you say so?" Su Yu asked.

Ravenous wolf star said, "According to what I know, the young men and women who were previously swindled would usually be sent away immediately. This is the first time they have gathered here like this."

Su Yu shook his head. "No matter what, let's Find Li Yue first."

He once again transformed into a mosquito and entered the inn.

Ravenous Wolf Star was waiting outside.

"Since it's another space, then there must be a space entrance nearby," Su Yu thought to himself. He immediately used the spatial law to sense his surroundings.

Not long after, a strand of spatial fluctuation was transmitted over.

Su Yu was slightly happy, but what surprised him was that the space fluctuation wasn't from anywhere else. It was the place where Lu Tianji was bathing!

"There?" Su Yu was extremely surprised.

With suspicion, Su Yu returned to the hot spring. The four dream girls who had been suppressed had disappeared.

Above the hot spring, there was still a weak space fluctuation.

With a thought, Su Yu used a strand of space divine ability. A halo entrance appeared above the hot spring. Surprisingly, it led to another space.

An extremely cold aura blew over.

The hot spring outside immediately froze into ice.

"Hiss..." Su Yu shivered. He had no choice but to use his divine power to protect himself.

Then, he jumped into it.

What entered his eyes was a world of ice.

There were ice walls that were thought to have been dug out everywhere, leading to the depths.

Along the way, countless corpses were frozen in the ice walls.

"Li Yue!" Su Yu sensed Li Yue's aura and found that she was not far away.

He teleported over and found that he was in front of a huge ice lake.

All the cold air came from the Ice Lake.

Thick pieces of ice floated on the Ice Lake, and countless women risked their lives to fish for the ice.

“Mystic Ice?” Su Yu was shocked.

The lake was filled with mystic ice!

Recalling what greedy Wolf Star had said, the kidnapped women were all sent to retrieve mystic ice crystals.

Hua La --

Suddenly, a woman jumped out from the bottom of the lake.

Her entire body was covered in ice, and she was shivering from the cold. The protective divine power on her body was also eroded by the cold air.

“Li Yue?” Su Yu was delighted. Just as he was about to step forward, he realized that Li Yue was holding an ice coffin with both hands!

The moment the coffin appeared, all the women present stopped mining and knelt down to bow to the ice coffin while trembling.

The surface of the lake, which was still noisy just a moment ago, turned silent in the blink of an eye.

What was going on? Weren't they supposed to be fishing for mystic ice crystals? Why was it an ice coffin that was pulled up?

Chapter 1657 The Wicked Female Corpse

The rumors that the ravenous wolf star knew were not necessarily true.

However, no matter what, Li Yue was safe.

This trip was finally not in vain.

Xiu --

Taking advantage of the time when many women were kneeling to welcome him, Su Yu used his spatial divine ability to teleport Li Yue over.

During the teleportation process, Su Yu only felt that this time's spatial teleportation was exceptionally difficult, and was greatly different from the past.

Fortunately, Li Yue was still successfully swept over.

With a 'chi' sound, a spatial vortex appeared in front of Su Yu.

Li Yue, who was at a loss, fell out from it.

Su Yu's right hand dragged her back, preparing to take her away immediately.

The moment he touched her, Su Yu suddenly felt extremely heavy. It was as if there were hundreds of stars in his hand.

In a moment of carelessness, Su Yu's body suddenly fell along with Li Yue.

“Law of weightlessness!” Su Yu clenched his five fingers and created the law of weightlessness. With him as the center, everything within thirty feet would lose its gravity.

Only then did he stop his falling momentum and hold Li Yue back.

When he carefully observed Li Yue, he was surprised to find that Li Yue’s right hand was still holding onto the ice coffin.

It was precisely this object that was so heavy that it made one’s hair stand on end.

“Who is it?” A sharp roar suddenly erupted from the bottom of the lake.

The terrifying pressure shook one’s soul.

Su Yu’s body suddenly trembled, and he could not help but be shocked!

This kind of deterrence far surpassed that of a silver overlord!

Splash --

The water churned violently, and balls of extremely large bubbles appeared on the surface of the water, rapidly exploding.

It was as if some kind of powerful object was about to appear.

Before he had the time to investigate what was inside the ice coffin, Su Yu kicked the ice coffin and separated it from Li Yue.

But in the end, instead of doing so, Su Yu touched the foot of the ice coffin and the moment he kicked the ice coffin, it fused with the ice coffin.

That feeling was as if Su Yu had become a part of the ice coffin.

Su Yu was shocked. He did not dare to hesitate. He maintained the law of weightlessness and pulled Li Yue back.

Soon, he arrived at the entrance.

At the same time, an earth-shattering commotion erupted from the ice lake in the distance as a terrifying pressure bore down on Su Yu.

Su Yu didn’t even think and immediately leaped out of this space.

At this moment, a black ancient sword that was filled with an aura of death pierced through Su Yu’s location.

Before the ancient sword arrived, the sword Qi had already shot out.

Su Yu, who was in the middle of teleporting, was injured by the sword qi and immediately felt his life force rapidly drain away.

His entire body rapidly withered and aged at a speed visible to the naked eye.

“Undying Heart!” At the critical moment, Su Yu shouted in a low voice.

A majestic jade-green life force filled his body and rapidly restored his aging body.

“Dragon of Death!” Su Yu said again. A small pitch-black dragon flew out of his palm. It opened its mouth and inhaled, sucking away all the death Qi in Su Yu’s body.

Only then did Su Yu escape.

Returning to the inn space, Su Yu’s heart was still filled with fear. That powerful attack was comparable to the star summoned by Ravenous Wolf Star.

This person’s strength was definitely not inferior to Ravenous Wolf Star!

At this point, it could be confirmed that the so-called Snow Shadow sect was definitely not as simple as it appeared on the surface.

With a thought, Su Yu teleported out of the inn and said, “Leave quickly.”

Ravenous Wolf Star could sense much more than Su Yu. Before Su Yu returned to the space of the inn, Ravenous Wolf Star had already sensed the extremely powerful death sword qi.

Even someone as strong as him could feel the threat of death.

“I’ll take you guys away!” Ravenous Wolf Star grabbed with both hands and easily grabbed Su Yu, Li Yue, and the strangely heavy ice coffin.

Then, he took a step forward and covered a great distance.

He only left an afterimage on the spot.

With such an agile teleportation technique, even Su Yu’s Taiji yin-yang wings couldn’t compare to it.

Almost before they left, the pitch-black ancient sword teleported to the place where greedy wolf star disappeared.

After the ancient sword appeared for a while, a blue-robed young man stepped on the ancient sword lightly.

He appeared without any sound, and there wasn’t any space fluctuation around him. He appeared like a ghost.

Just his elusive movement technique was enough to make people feel uneasy.

What was even more terrifying was that the death aura rolling around his body was terrifyingly dense.

That feeling was like the accumulation of a trillion living creatures’ corpses.

The blue-robed youth’s eyes were dark blue, like two ghostly flames in the darkness, flickering faintly. “Being able to remain unharmed after being hit by my death sword qi is quite interesting! It’s not strange that the Queen is interested in him.”

After saying this, the blue-robed middle-aged man did not chase after them. Instead, he turned his ancient sword and returned to the Ice Lake.

It was as if he had already forgotten about the ice coffin.

The Ravenous Wolf Star brought them to a safe place. After making sure that no one was chasing after them, he stopped. His eyes were solemn, deep in thought, he said, "Why is it like this? Based on my understanding, those who abduct young elites from all over the world should be small and unrated forces. Why would a peerless expert appear?"

He could not understand.

Su Yu said, "The most important thing right now is to deal with this ice coffin first."

His expression was heavy as he stared at this extremely strange ice coffin.

He had tried it before. Regardless of whether it was divine power or secretly using the power of space, it was useless.

His eyes revealed a trace of viciousness. Su Yu used both his fingers to form a sword and planned to cut off the right foot that had fused into the ice coffin.

"No!" Li Yue hurriedly said, "Don't do it!"

"Why?" Su Yu didn't have time to reminisce with her.

Li Yue said, "The last person who carried the ice coffin also severed his own body. In the end, he was instantly sucked into the ice coffin and never appeared again."

Inside the ice coffin..

Su Yu activated his clairvoyance and carefully observed the situation inside the ice coffin.

At the beginning, everything was blurry, and an extremely powerful isolation power interfered with Su Yu's detection.

However, as Su Yu's soul power gradually grew stronger, the eye of insight was no longer the same as before.

"Extreme Insight!" A pitch-black dot appeared in Su Yu's pale eyes, like a steel needle.

The pitch-black dot of light suddenly flashed, and the interference from the eye of insight was forcefully pierced through.

The scene in the ice coffin was clearly seen.

Inside the ice coffin, there was actually a female corpse in red!

She was wearing a bright golden phoenix brocade red robe, and on her head was the jade crown of an ancient figure. Her facial features were exquisite and beautiful.

Her tightly shut eyes were like two streaks of red.

Her red lips were as beautiful as blood.

Her skin was as white as the moon, as if it was congealed.

At first glance, it was incomparably enchanting.

Even with Su Yu's willpower, he couldn't help but be distracted for a moment.

Luckily, Su Yu woke up in time and bit the tip of his tongue. The intense pain stimulated his soul sea, causing him to forcefully pull out his soul from the ice coffin.

“What an evil female corpse!” Su Yu was shocked.

Staring at the ice coffin, Su Yu took out the beauty under the Moon and tried to pry open the ice coffin.

The beauty under the Moon, who was an emperor rank divine weapon, possessed an extremely sharp sword light.

The blade, which was as thin as a Cicada’s wings, easily pierced into the ice coffin through a small crack.

Then, Su Yu exerted force with his five fingers and lifted the ice coffin.

Creak --

The ice coffin moved in response and moved slightly.

However, at this moment, Ravenous Wolf Star, who was in deep thought, sensed something and his expression changed. he shouted, “Stop it!”

As he spoke, he surged out a powerful divine power and suppressed the ice coffin.

Ah --

However, he was a step too late. The ice coffin spewed out an extremely violent cold air.

The cold air was shocking. Su Yu had never seen it before!

Even though it was only a tiny bit, as tiny as a strand of hair.

However, it froze a trace of nothingness around the ice coffin!

The nothingness crack was only the length of a thumb and was even thinner than a strand of hair.

However, it just happened to pass through the palm of greedy wolf star. Someone as strong as him could be said to be able to shake the heavens and earth.

However, like tofu, he was easily crushed into pieces by the power of nothingness.

Sizzle sizzle --

After a long time, the weak power of nothingness gradually dissipated.

However, everyone present was shocked by the terrifying cold qi that appeared strangely and broke out in a cold sweat.

The moat outside the palace was filled with ice crystals that would never melt. The cold qi that would occasionally erupt from the lake was precisely the terrifying cold qi that could break through the nothingness, right?

That description was exactly the same as the cold air in front of him!

Kacha --

Suddenly, Su Yu's palm felt light, and the beauty under the moon in his palm broke inch by inch like an ice sculpture.

The emperor-tier divine weapon also turned into broken ice due to the cold air that had leaked out just now.

Su Yu couldn't help but feel regretful. This sword had accompanied him for many days, but it was still destroyed in the end.

However, he heard Greed Star say with lingering fear, "You should be glad that the cold air that leaked out just now was only sprayed onto the sword and not your people. Otherwise, the consequences would be hard to predict."

Looking at the ice coffin, Su Yu's expression became heavy again.

Could it be that there was nothing he could do about the ice coffin and his right leg had to be connected to the ice coffin all the time?

At this moment, the ice coffin suddenly trembled.

Li Yue screamed and her hands actually left the ice coffin!

However, Su Yu was still tightly connected to the ice coffin.

With this, the ice coffin trembled again and actually stood up.

Greedy Wolf Star was scared out of his wits. Without thinking, he turned around and ran away from Su Yu.

The oath to protect Su Yu was thrown out of his mind.

Su Yu was also shocked. Even if the ice coffin spewed out a little more cold air, it would be enough to destroy Su Yu until there was nothing left.

Creak Creak Creak --

The ice coffin stood up for a long time, but it had no intention of opening.

Su Yu made up his mind and teleported.

The scary thing was that the ice coffin followed like a shadow and pressed down on Su Yu's back with a bang.

That incomparable importance immediately pressed down on Su Yu until he could not breathe. He fell out of the space teleportation and pressed down into the depths of the earth.

Li Yue ran over in panic. Her face was full of panic. "Xue Yu, are you okay?"

Creak --

Su Yu struggled to get up from the ground. He used almost all of his strength to barely support himself on the ground.

Because he used too much strength, the veins on his forehead protruded out. It was extremely difficult for him to even speak. "Try pressing down on You?"

Li Yuetian's indifferent face turned slightly red as she apologetically helped Su Yu sit up.

In the end, the moment she sat down, the entire ground caved in again.

The ice coffin was too heavy!

Looking behind him, Su Yu smiled bitterly.

The entire ice coffin was stuck to his back, as if it had grown out of Su Yu's body.

“Wasn't it just a glance at your corpse? Is there a need to take revenge so ruthlessly?” Su Yu felt the deep malice from the ice coffin.

He let Li Yue go but stuck to Su Yu alone.

Su Yu wouldn't believe it if the ice coffin didn't do it intentionally.

Su Yu sighed. This was great. With the ice coffin on his back, not to mention his strength, even walking was extremely difficult.

The strange thing was that the ice coffin seemed to know what Su Yu was thinking. The extremely heavy ice coffin actually became lighter by more than half!

Su Yu was shocked, followed by a hair-raising fear!

The ice coffin was really alive!

To be exact, it was the wicked female corpse in the ice coffin. She had a consciousness!

Thinking of this, Su Yu couldn't help but shudder.

What was that female corpse trying to do?

Chapter 1658 Ruthless Blade Emperor

If she wanted to kill Su Yu, just the terrifying cold air in the ice coffin would be enough to send Su Yu to eternal damnation.

But why was she pressed on Su Yu's back? What was she trying to do?

Was she toying with Su Yu?

At this moment, Su Yu had the urge to swear. If she died, so be it. Why couldn't she just lie in the ice coffin? But he just had to run out..

Just as he thought about it, the ice coffin behind him suddenly regained its weight.

Su Yu was caught off guard and was pressed into the ground again.

Su Yu was both amused and angry. He really did not know where he had attracted the attention of the female corpse.

“If you can find out what I'm thinking, please give me some hints. What exactly do you want?” What Su Yu was most worried about was that he had used the law when others were caught off guard.

Perhaps, the ice coffin had discovered it at that time.

If it wanted this item, what should it do?

Tick-tock --

Transparent ice crystals suddenly dripped from the ice coffin and melted into a line of small words on the ground.

“Sleep with me.”

Su Yu was instantly petrified.

Li Yue was stunned and muttered word by word, “Sleep with me? !”

She looked at Su Yu in surprise and said, “What exactly is in the ice coffin? Why do I Need You To... Sleep with me?”

At this moment, Su Yu seemed to be able to hear the sound of his heart breaking.

Sleep With... sleep with a female corpse..

His lips trembled slightly, not knowing whether it was because of the cold or anger.

“Xue Yu, tell me, what exactly is in the ice coffin?”Li Yue asked Su Yu without blinking, like a curious baby.

Su Yu waved his hand with difficulty. His voice couldn’t help but be deep and hoarse. “Don’t ask anymore. Ask again and you’ll kill yourself.”

Tick-tock --

Another piece of ice crystal dripped from the ice coffin and melted into a line of small words.

“This king fell in love with you at first sight. be this King’s Man!”

Su Yu’s face turned purple. He stood up without saying a word and said with a straight face, “Let’s go. Don’t pay attention to it anymore.”

Li Yue nodded in a daze. She noticed that the melted words on the ground had changed. She muttered, “If you don’t comply, I will follow you even if my soul won’t disperse.”

Su Yu’s face turned from purple to livid. He turned his head and looked at the ice coffin behind him.

Was there any difference between you and your soul?

Su Yu’s face sank into the water. He asked Li Yue, “Can you tell me what’s going on under the Ice Lake? Why are you holding the Ice Coffin?”

Hearing this, a bitter smile appeared on Li Yue’s face.

“It’s impossible to see what’s under the Ice Lake. The bottom of the lake is filled with bone-piercing ice crystals. However, I vaguely touched an altar and didn’t know anything else.”

“As for holding the ice coffin...”Li Yue’s bitter smile deepened. “If it wasn’t for the Ice Coffin, I’m afraid that I would have been thrown into the bottom of the Ice Lake and never come back. I’m just like Flower Fairy!”

No wonder the space did not sense flower fairy. She had already been thrown into the ice lake and no one knew if she was dead or alive.

“I was going to be thrown into the bottom of the lake too, but I was suddenly asked to hold the ice coffin by a person who was full of death aura. That was how I escaped.”

Full of death aura, was it that powerful creature?

The northern snow sea was really full of secrets!

Su Yu was somewhat helpless as he was unable to obtain any relevant information from Li Yue.

It seemed that he wouldn't be able to get rid of the ice coffin anytime soon. Fortunately, it didn't have too much malicious intent at the moment.

After he found a way to get rid of it, he would deal with the female corpse in the ice coffin!

Xiu --

After Ravenous Wolf Star confirmed that he was safe, he returned.

He stared at the ice coffin with fear in his heart.

Su Yu said with a faint smile, “Your movement technique is superb.”

Ravenous Wolf Star knew that Su Yu was mocking him for leaving Su Yu behind and escaping alone. He said awkwardly, “The ice coffin is too strange. I didn't manage to react in time. It Won't be like this next time.”

“Forget it. You Don't have the obligation to save me.”Su Yu said.

Greedy wolf star was uneasy. He said, “Please rest assured, young master. This won't happen next time!”

Su Yu nodded nonchalantly. However, he shook his head slightly in his heart. This person was unreliable!

“Young master, what are your plans next?”He looked at the ice coffin with respect and asked.

Su Yu pondered, “I need a secret room with extremely high concealment and defensive capabilities. No overlords are allowed to explore and barge in.”

Greed star was in a difficult position.

It was fine if it was concealed, but as long as the restrictions were high enough, it would be difficult for the mystic crystal overlords to investigate.

But to barge in, other than the place where the Snow Dragon Emperor personally set up the restrictions, no matter how many protective measures there were, as long as he was willing, he could break in and barge in at any time.

It was really hard to find such a place.

“I do know a place,”Li Yue suddenly said.

“Oh? Tell me,” Su Yu said.

Ravenous Wolf Star was also surprised. If he didn’t know, how did Li Yue know?

“Mystic Crystal Palace!” Li Yue said a place.

Ravenous Wolf Star’s expression changed when he heard that. “That place is indeed indestructible. Unless the emperor himself is present, a mystic crystal overlord like me can’t do anything about it.”

“However...” he looked at Li Yue. “You only know one thing, but you don’t know the other! “Not everyone is qualified to enter the Mystic Crystal Palace. That place only receives distinguished guests from all directions. No matter how powerful one is, without a corresponding background, it’s impossible to enter.”

“Including you?” Su Yu asked.

Ravenous Wolf Star nodded. “Yes, including me!”

Not even a mystic crystal overlord was allowed to enter. The principles of the Mystic Crystal Palace were really not ordinary.

“People like you and me who have left the star pavilion aren’t qualified to enter at all.”

Tick-tock --

Several drops of ice suddenly dripped from the ice coffin and melted on the ground, turning into an ice tablet.

An incomparably clear ‘coffin’ pattern was carved on it.

Everyone was startled. Could it be that the ice coffin had given them identity tokens?

Su Yu picked up the ice tablet and pondered for a moment. With the attitude of giving it a try, he came to the Mystic Crystal Palace.

The Mystic Crystal Palace was next to Emperor Snow Dragon’s cave abode. It was said that Emperor Snow Dragon had personally forged it.

The entire Mystic Crystal Palace was forged from ten thousand year old mystic ice crystals.

It was indestructible from the inside out.

Guests from all sides were staying in it and it was extremely safe.

At the entrance of the Mystic Crystal Palace, there was a puppet that automatically recognized the identities of the various factions.

Su Yu saw with his own eyes that a leader of an unknown faction had stuffed his token into the puppet’s mouth. The puppet took the initiative to make way and allowed them to enter the mystic Crystal Palace.

Holding the ice token, Su Yu was about to step forward when he suddenly felt a sharp blade intent approaching.

Turning his head to look, he saw a row of magnificent guards of honor approaching in an imposing manner.

The youth in the lead was the most eye-catching.

He rode on a giant beast that looked like a dragon but was not a dragon. He carried a giant dragon-headed blade on his back, and the shadows of blades appeared on his back.

Standing on top of the Giant Beast's head, he was also like a peerless sharp blade, extremely sharp.

What surprised Su Yu even more was that there was another person standing on top of the Giant Beast's head.

It wasn't anyone else. It was actually the constellation pavilion's Lan Yue!

She enjoyed the admiring gazes of passersby very much. Even though there was a faint smile on her face, that faintly discernible arrogance was clearly visible.

"Why is it her?" Su Yu was puzzled.

Did that person even exist in the constellation pavilion?

"Quickly make way. That's the successor of the Emperor Killer, the Heartless Blade Emperor!" When Ravenous Wolf Star noticed the Giant Beast's youth, his expression changed. He pulled Su Yu and Li Yue and quickly retreated.

The heir of the emperor... Su Yu was slightly surprised.

The three great emperors of the Sea of constellations.

The Purple Dream Emperor of the Eastern Sea, the Snow Dragon Emperor of the Northern Sea, and the emperor killer of the southern sea.

The heirs of every emperor undoubtedly possessed unparalleled divine arts that far surpassed ordinary people.

The ruthless blade emperor was naturally no exception.

Even someone as strong as ravenous Wolf Star wasn't willing to provoke him.

However, Su Yu discovered Lan Yue, and Lan Yue also discovered Su Yu.

When they saw each other from afar, her eyes lit up.

The news of the three Great Pavilion Masters and the Head Pavilion master appearing for Xue Yu had already spread to everyone.

Although other than them, no one understood the reason behind it.

However, it was obvious that Xue Yu had the value to attract the attention of the great figures of the Star Pavilion.

"Could it be Xue Yu's astonishing talent?" Su Yu, who had personally seen the third level heavenly cave abode's World Paragon, and Lan Yue, who had killed ten first level heavenly cave abode's World Paragon Zombie Hounds with a

single sword strike, was exceptionally certain that this had something to do with it.

She flew over the giant Beast's head and walked over happily, "Big Brother Xue, the Star Pavilion is looking for you. Why are you here?"

"Eh? Greedy Wolf Star Guard, why are you together with Big Brother Xue?" Lan Yue immediately became vigilant and stood together with Xue Yu to express her stance.

It seemed that she did not know that greedy wolf star had betrayed the Star Pavilion.

Su Yu said, "The Ravenous Wolf Star came to find me under the orders of the sect. They have no ill intentions, so there's no need to worry."

He looked at the giant beast that was slowly approaching and said, "Are you the only one from the Star Pavilion who came?"

"No, the ten teams from the Star Pavilion that participated in the ancient dream altar have already entered the mystic Crystal Palace. I met Heartless Blade Emperor Midway and was just one step behind them." Speaking of heartless blade emperor, Lan Yue carefully observed Su Yu's gaze, she hoped to see the inferiority complex, nervousness, and other emotions in his eyes.

Unfortunately, Su Yu's expression was calm. He nodded and said, "Oh, you should go first. meet up with the star pavilion as soon as possible."

Lan Yue was secretly disappointed, but her mood quickly improved, she thought to herself, "It doesn't matter. Even if Xue Yu doesn't fall under my feet, the second son of the Slayer emperor, Heartless Blade Emperor, has already fallen. With this blade emperor protecting me, the ancient dream altar will be safe and sound. It doesn't matter whether Xue Yu is there or not."

"Then I'll take my leave first." Lan Yue giggled. She cast a shy look at heartless blade emperor, took out her token, and entered the mystic Crystal Palace.

Su Yu said indifferently, "Let's go in as well."

He took out his ice token and prepared to insert it into the puppet's mouth.

Suddenly, a sharp blade aura slashed down from above.

Su Yu's perception was astonishing. Even without the reminder of the ravenous wolf star, he could sense it. With a tap of his toes, he pulled Li Yue and used his spatial divine ability to move away.

Chi La --

The ancient tree behind him was split into two by the Sword Qi.

The cut was smooth, like a natural jade wall.

The Meridians in the ancient tree were still transporting the tree fluid without being noticed.

If a living being was struck, even a silver overlord would be killed with a single slash.

His attack was so ruthless!

Turning his head to look, he saw the ruthless blade emperor on top of the Giant Beast's head. There was a trace of Blade Qi at the tip of his finger.

He looked down at Su Yu with an arrogant expression, as if he was someone in a high position. He looked at a commoner and coldly snorted, "I don't care who you are or what your identity is. I like Lan Yue. Stay away from her in the future!"

"If you come any closer, kill! No! Pardon!"

After he finished speaking, he led the guards of Honor and rushed over, pushing Su Yu and the others away.

The puppet didn't even need to verify their identities and directly let them pass.

Su Yu's eyes flashed with a cold light. So what if he was the descendant of the Emperor of Heaven and earth? He really dared to be impudent. So what if he killed them?

Chapter 1659 The Corpse Race Appeared

If he dared to provoke Dao Master Su Yu, then what was a descendant of the Emperor of Heaven and earth?

He had no interest in Lan Yue and had no desire to fight for her.

However, if the other party was determined to seek death, Su Yu would not show mercy.

"Although he is overbearing, he has the qualifications to be overbearing."Li Yue somewhat loathed heartless blade emperor, but objectively speaking, he had the qualifications to say those words.

Ravenous Wolf Star carefully looked at Su Yu's expression and advised, "Young master, there are plenty of fish in the sea. Why do you have to cause that girl Lan Yue fearless trouble? A wise man should not suffer a loss in front of him!"

He also went around in circles and advised Su Yu to be patient.

It could be seen that he was deeply afraid of heartless blade emperor.

"I understand. Let's go in first,"Su Yu said. He had more important things to do.

Using the ice tablet, they successfully entered the mystic Crystal Palace without any obstacles.

Su Yu stared at the coffin carved on the ice tablet and couldn't help but think.

Coffin pattern. What kind of symbol was that?

"Young master, look, there's a coffin symbol,"greedy wolf star said.

Following his gaze, the interior of the Mystic Crystal Palace was a paradise with beautiful scenery.

The mountains and rivers were majestic and the scenery was beautiful.

Mountains rose from the ground and filled the entire world like bamboo shoots.

The four mountains were majestic and were taller than the other mountains. They seemed to be the only mountains that stood out.

The most peculiar thing was that each mountain had an extremely eye-catching symbol.

For example, the Star Pavilion's star pattern, the sword and saber pattern that killed the enemy emperor, the snow dragon pattern of the northern snow sea, and the purple bamboo pattern of the purple dream emperor.

What shocked Su Yu was that among the five mountains, there was actually a mountain whose symbol was actually a coffin.

Li Yue blinked her beautiful eyes. "Unbelievable. The force represented by the coffin actually occupied a large mountain by itself, standing shoulder to shoulder with the three great emperor-level forces of the Sea of constellations!"

The origin of the ice coffin woman's corpse was truly terrifying.

The most terrifying thing was that they had never heard of such a powerful force!

After thinking for a while, Su Yu stared at the nearby star pavilion mountain and said, "Hide your tracks for a while."

He temporarily did not want to meet with the people from Star Pavilion.

Greedy Wolf Star agreed the most and immediately cast a divine spell to change his appearance.

Unless someone stronger than him personally investigated, they would not be able to see through his true appearance.

"I don't think there's a need for that." Li Yueqian smiled faintly.

Su Yu shrugged, concealing his aura and using the divine path of disguise to change his appearance.

The three of them landed on this mountain peak.

On the mountain peak, there was a small courtyard that was prepared for the honored guests.

The courtyard was surrounded by dense black ice crystals that were like scales that protected the small courtyard tightly.

The black ice crystals were indestructible. Coupled with the emperor level defensive barrier hidden in the dark, no ruler of the black ice crystals would have the ability to forcefully break through.

Taking out the ice token, the mystic ice crystal automatically dispersed.

Su Yu and the other two quickly entered.

The slight movement in this area immediately attracted the attention of the three peaks.

On the mountain where the Star Pavilion was located, Nine Pavilion Masters, Ten Branch Pavilion Masters, and members were listening to the admonishment of a woman shrouded in clouds.

All of them, including the Nine Pavilion Masters, revealed deep respect.

"Tomorrow is the birthday of the Snow Dragon Emperor. Each of you should prepare a gift and do your best," the woman said.

"We will obey the Order of the Pavilion Master!"

This person was a pavilion master!

Suddenly, the woman's expression changed. She, who was sitting cross-legged, seemed to sense something and disappeared on the spot.

When she reappeared, she appeared outside the mountain where Su Yu was.

Her expression was solemn, and the small courtyard did not blink.

Xiu Xiu --

At the same time, two powerful auras flickered.

One was a young man with a sword on his back who had come to kill his enemy, Shan Yue. There was an extremely long and slender sword on his back, and his entire person was like a peerless sharp sword, giving off an exceptionally dangerous feeling.

His face was 50% similar to that of the heartless saber emperor!

The other person was Shan Yue from the Snow Dragon Emperor. She was a purple-clothed woman, and her entire body was surrounded by frost. Her jade-like features were as beautiful as ice sculptures, giving off an extraordinary beauty.

However, her cultivation level was extremely high, surpassing the vast majority of the so-called prodigies of the current generation!

The three of them stared at the mountain symbolized by the coffin.

The woman's tone was heavy. "I never thought that the ancient corpse sect would reappear in the mortal world!"

Upon hearing these three words, the young man with the sword on his back and the woman dressed in purple both had solemn expressions. Traces of fear pervaded their brows.

In the current sea of constellations, perhaps very few people knew the words 'ancient corpse sect'.

However, to the ancient powers that had existed for many years, the ancient corpse sect was a nightmare that they couldn't get rid of for many years!

This was especially true for the Star Pavilion.

Many years ago, an ancient meteorite fell into the sea of constellations.

This matter shook the sea of constellations, killing the emperor and Purple Dream Emperor, and also alarmed the Star Pavilion.

The Star Pavilion sent experts from the pavilion to investigate the ancient star. Everyone knew the consequences. Of the eight pavilion masters who went, seven died. In one night, the star pavilion's vitality was greatly damaged.

But what the world didn't know was that the two great emperor forces also suffered unprecedented losses!

That ancient star wasn't just as simple as falling. It also brought a group of terrifying creatures!

Corpse Race!

The ancient star fiercely collided, and three ancient coffins fell out.

Three Corpse Race Kings slept in the coffins!

Later generations called them the three corpse kings!

After they woke up and opened the coffins, the first thing they did was to wash the nearby creatures with blood.

All the prey that they had their eyes on were sucked dry of their essence!

In just a few days, thousands of small forces like Jian Xuan in the two seas were wiped out.

They were more terrifying than that!

Not only did they suck the essence of the living beings, but the living beings that had been sucked would also wake up the next day and become the corpse clan!

Then, they led the transformed corpse clan to attack the next force.

Just like that, in just three months, almost half of the two sea areas were occupied by the corpse clan.

Thus, the Emperor Killer and the Purple Dream Emperor were finally alerted.

They joined hands with the creatures of the two sea areas to fight against the corpse clan.

The process was extremely desperate!

The sea territory alliance was losing to the corpse clan. If the members of the Alliance who died on the battlefield weren't handled properly, they would automatically become the corpse clan the next day and help the corpse clan kill them.

When the alliance was about to be destroyed, it was the Chief Pavilion Master of the Star Pavilion who personally took action.

He single-handedly used the sky-covering magical technique, the Sanskrit voice creation technique, to purify the transformed corpse clan and return them to dust.

Only then did the alliance resolve the huge crisis,

however, the first corpse of the three corpse kings, the first emperor's corpse, had absorbed too much life essence. At the critical moment, it broke through the shackles and reached the emperor's corpse level.

The emperor's corpse was the highest form of the corpse race. It didn't age, die, live, or die. No divine ability or spell was able to destroy it.

The Star Pavilion's main pavilion master was extremely powerful. He had fought with the emperor's corpse for three days and three nights, stirring up the entire sea of constellations and disrupting the laws of the Great Dao. However, he was still unable to defeat it.

In the end, both sides reached a compromise. The emperor's corpse sank into the northern ice plains of the Sea of constellations and never woke up.

The condition was that the sea of Constellations Alliance gave up attacking the corpse race and treated the corpse race as a member of the Sea of constellations. The corpse race would never harm the human world.

From then on, an unknown sect appeared in the Sea of constellations, the ancient corpse sect!

They kept an extremely low profile. For tens of thousands of years, they never revealed themselves to the human world. Moreover, each generation only recruited an extremely rare successor.

Until now, there were no more than ten successors!

On the other hand, the emperor's corpse had fallen into an eternal slumber. The other two corpse kings had also gone into seclusion.

Both sides had been peaceful for many years.

Until today, the ancient corpse sect had reappeared in the human world!

Recalling the terrifying scene from tens of thousands of years ago, the three of them could not help but shudder.

The young man with the sword on his back gazed deeply at the courtyard. He pondered for a long time before gathering his courage. He cupped his fists and said, "I am the successor of the Emperor's killer, the limitless sword saint. May I ask which Corpse King's successor you are?"

The limitless sword saint, the heartless blade emperor, and the two great descendants of the Emperor Killer.

The purple-clothed, cold-looking woman also said sternly, "I am the descendant of the Snow Dragon Emperor, Empress Zi Wei. Please show yourself to the ancient corpse sect."

At this moment, Su Yu had no idea that he had become the descendant of the ancient corpse sect!

After he entered the courtyard, the first thing he did was to enter the secret chamber.

The Secret Chamber was also made of mystic ice crystals, and it was covered with an extremely powerful isolation seal.

Even if the emperor's true body descended, it would be as difficult as ascending to the heavens to silently investigate the situation in the secret chamber.

Su Yu sat in the secret chamber and took a deep breath. He clenched his palm and the mark of the oil lamp on his chest started to heat up slightly.

Five laws instantly appeared in Su Yu's palm.

Time, space, soul, life, and death.

The five laws merged into one and revolved around Su Yu's palm like a mark.

A nomological mark!

"Tribulation Transcender, I'm here. Let Me See where you are hiding." Su Yu's eyes were filled with a bone-chilling killing intent.

He couldn't wait to find the Tribulation Transcender and return everything they had done to Xia Jingyu and himself!

He slowly closed his eyes. The mark in his palm flickered as he quickly sensed the mark on the tribulation transcender's forehead.

No matter how far apart they were, the two marks could sense each other!

Di Di --

Suddenly, the mark stopped flickering. Su Yu's eyes widened, and a hint of confusion filled his eyes.

"Why does the mark of the tribulation transcender change from east to west, from south to North?" Su Yu murmured.

The first thing he sensed was that the tribulation transcender was in the extreme north.

Why couldn't he sense the exact location when he was in the extreme north?

Was he going to give up?

No! Absolutely Not!

Su Yu closed his eyes and awakened the dragon of fate in the nine dragons divine cauldron!

He wanted to use the dao of fate to find out the reason.

The Dragon of fate let out a loud dragon roar. Su Yu's closed eyes could sense many lines of fate.

One of them was the reason why Su Yu wanted to find out!

Following this line of fate, Su Yu tried his best to chase forward. He had a feeling that the end of this line of fate was the answer he wanted.

However, the road ahead was obscure, and it was extremely difficult to chase after it.

This was the reason why Su Yu's path of fate was not solid enough.

However, he gritted his teeth and did not give up.

Suddenly, the line of fate shook slightly, and a ray of light appeared at the end of the darkness.

Four blurry words appeared in front of his eyes.

"Ancient Dream Altar!"

Su Yu was shocked!

So that was how it was!

The tribulation transcender might have predicted that Su Yu would come looking for him, so he hid in the mysterious ancient dream altar.

The ancient dream altar was filled with the remnant might of an ancient mighty figure, which affected the perception of the Nomological imprint. That was why it was sometimes east, sometimes west, sometimes south, sometimes north!

"So that's where it is!" Su Yu laughed lightly. His laughter was filled with an endless chill!

Huala --

The Tribulation Transcender hiding in the ancient dream altar seemed to have sensed that Su Yu was probing through fate.

The light at the end of the line of fate was suddenly extinguished. At the same time, an invisible giant hand reached out along the line of fate.

Su Yu casually retracted the path of fate, and the giant hand collapsed on its own.

Gazing at the giant hand, Su Yu grinned. "Wait there, I'll come find you!"

Opening his eyes slowly, his soul returned to his original body. Su Yu couldn't help but tremble slightly as he muttered, "We'll meet soon, Tribulation Transcender! !"

He had to go to the ancient dream altar!

Chapter 1660 One Breath Of The Ghost Buddha (One Update)

What Su Yu didn't know was that he had used the Dao of fate to fight with the tribulation transcender in the dark, but he had shocked the outside world!

The woman, the limitless sword saint, and the Empress of taste all watched the scene in the sky with solemn expressions.

They saw an invisible giant hand that reached into the sky and streaked across the sky above the mystic Crystal Palace.

The giant hand swooped down, trying to catch something.

In the ancient corpse sect's courtyard, a palm filled with five laws stretched out.

The two collided in the air and disappeared without leaving any traces.

This strange scene shocked their eyes.

The woman's eyes flashed with shock. "The giant black palm contains the intent of calamity, but the giant five-colored palm contains five laws!"

The limitless sword saint stared at the ancient corpse sect's courtyard with fear in his eyes. "Are the descendants of the ancient corpse sect that powerful? They can control laws even before becoming the Emperor of Heaven and earth? This is unheard of!"

The Empress of taste was also extremely solemn. "It seems that the ancient dream altar will not be peaceful."

As the descendant of the Snow Dragon Emperor, he was worried about the ancient dream altar. It was clear that he was afraid of the ancient corpse sect.

One had to know that the ancient dream altar belonged to the Snow Dragon Emperor, and his understanding of it was incomparable to that of outsiders.

She was already feeling uneasy, let alone others.

The three of them had a shadow over their hearts.

Su Yu, who didn't know anything about this, felt much more relaxed after locking onto the tribulation transcender's position.

As long as he found his position!

What they needed to do next was to prepare a birthday gift for the Snow Dragon Emperor.

If he wanted to recover his original Su Yu body, he would need the Snow Dragon Emperor's approval to borrow the hot spring.

This gift was the most important thing.

His original intention was to create a world-shaking masterpiece in the language of the other races.

However, the star pavilion also sent people over, so Su Yu had to restrain himself.

If he sent out the language of the other races, the Star Pavilion would definitely know his identity.

After pondering for a long time, Su Yu's soul moved and entered the nine Jade Spirit Pearl.

As in the past, the nine Jade Spirit Pearl was as quiet as an unworldly land, filled with a rich fragrance.

In front of the nursery, a large number of rare and extremely old immortal plants grew quietly.

One of the giant golden trees was ten thousand feet tall. Its branches and leaves were luxuriant, like a canopy that blotted out the sun.

Its entire body was burning with a faint golden flame, exceptionally gorgeous.

"Golden flame forbidden tree..." Su Yu muttered. One of the golden flame forbidden tree seeds that he had obtained from the demon world had grown to a thousand years old and was used to refine the nine Yang sword formation.

The remaining few trees were allowed to grow.

Time passed quickly, and in the blink of an eye, more than ten years had passed.

In the supreme breathing soil, it was equivalent to cultivating for more than ten thousand years.

It was comparable to the ten thousand-year-old Indian silver bamboo.

Su Yu fixed his gaze on a few of the golden flame forbidden trees and searched carefully.

Unfortunately, unlike the Golden Flame Forbidden Tree, it did not grow a strange fruit.

When the Indian silver bamboo reached the ten-thousand-year-old age, it produced a silver fruit.

It was still stored up until now, but its specific use was unknown.

It was also ten-thousand-year-old, but the golden flame forbidden tree did not have it. It was enough to prove that the reason why the Indian silver bamboo grew a silver fruit was related to its own attributes.

Not every plant in the topmost breath land could produce such a strange fruit.

Staring at the Golden Flame Forbidden Tree, he planned to use it as a gift.

When he was in the Star Pavilion, he had read the ancient documents. Even in the absolute beginning realm, the Golden Flame Forbidden Tree was an extremely rare item.

At least, the Sea of constellations had never appeared, even if it was just a sapling.

In the absolute beginning realm, the Golden Flame Forbidden Tree was mainly used to refine divine weapons.

It had the powerful function of avoiding evil and subduing evil. Not only could it kill evil, but it also had a sword by its side. It could deal with the inner demons while cultivating.

For many warriors who had a profound cultivation or were about to reach a bottleneck, the value of the golden flame forbidden tree could be imagined.

In the absolute beginning realm, the hundred-year-old golden flame forbidden tree was very popular.

And the thousand-year-old golden flame forbidden tree was usually auctioned at a high price by the big auction houses.

As for the ten-thousand-year-old golden flame forbidden tree, it was even rarer. There were few records of such a rare item in the literature.

It was said that even the Emperor of Heaven and Earth would join in the bidding for the ten-thousand-year-old Golden Flame Forbidden Tree.

After pondering for a while, Su Yu waved his sleeve. The Golden Flame Forbidden Tree in front of him had a broken arm-long twig with nine leaves on it.

“Such a long twig should be enough. If I take out an entire 10,000-year-old golden flame forbidden tree, it will definitely attract covetous eyes!” Su Yu was exceptionally calm.

Not only that, Su Yu also deliberately treated the section of the twig, making it look as if it had been broken for a long time.

That way, it would not arouse suspicion that it was recently plucked.

After putting away the twig, Su Yu sensed shengge flashing over.

“Greetings, Master!” To Su Yu’s slight astonishment, Shengge’s body had grown quite a bit, reaching the appearance of seventeen or eighteen years old.

Her figure was graceful, her lines were enchanting, her skin was fair, and her facial features were very exquisite, giving people a cute and delicate feeling.

The most peculiar thing was her eyes. Her left eye was as black as ink, but her right eye seemed to be inlaid with a golden right eye.

One black and one gold, making her look exceptionally strange.

“Shengge, your eyes...” Su Yu stared slightly. He could feel the rich ghostly qi in his left eye, while his right eye was filled with rich Buddhist power.

Shengge smiled sweetly. “The Ghost Buddha has the same body. This servant has already reached perfection. Master, don’t Underestimate Shengge anymore.”

By chance, he had obtained a copy of the Ghost Buddha inheritance from the memories of the mutated nine-colored chaos butterfly.

With astonishment, Su Yu carefully examined it and was surprised to find that the strength of Sheng GE’s aura was actually on par with his.

“When did your cultivation become so high?” Su Yu took a closer look and almost cried out in surprise.

Sheng GE’s cultivation had actually reached the first stage of the deity realm!

Back then, she was far inferior to Su Yu. In the end, in just a few short years, she had actually broken through to such a level.

However, thinking about it carefully, Su Yu was restricted by the restrictions of the ten thousand daos to become a deity. His cultivation had been stuck at a bottleneck for many years.

During this period of time, Sheng Ge had Xiao Die’s help. With endless resources available, her cultivation continued to break through. It was very normal for her to surpass him.

“Hehe, it’s not over yet.” Sheng ge showed off. She pressed her palms together, forming the secret big hand seal of the walking Buddha sect.

Her left palm was pitch black, and her right palm was golden.

After she pressed her palms together, a ball of half-black and half-gold air gathered in the center of her palms.

It was colorless and tasteless, but Su Yu suddenly felt a strong sense of unease.

His intuition told him that this air ball was very terrifying!

He had just experienced this feeling recently. It was when he was facing the meteorite summoned by the Ravenous Wolf Star!

“What is this?” Su Yu was very interested.

Sheng ge chuckled. He put his palms together and extinguished the air mass again. He said, “It’s the unity of the Ghost Buddha!”

“The ghost and the Buddha are opposites in the tradition. The powers of the two elements also annihilate each other. However, that ancient mighty figure with the same body as the Ghost Buddha created a divine art that has never been seen since ancient times. He was able to perfectly merge the two powers and give birth to the unity of the Ghost Buddha.”

“Back then, that mighty figure with the same body as the Ghost Buddha relied on the power of the Ghost Buddha to kill in all directions and established an extremely high position. Young master, if you dare to bully me in the future, you have to be careful, okay?” Shengge waved her fist proudly.

Su Yu smiled. Shengge had been under Su Yu’s hands for a long time, but she had rarely helped him. She must have been holding a grudge in her heart.

Now that her cultivation had soared, her strength had also soared. Her state of mind was much more relaxed.

Su Yu did not mind her joke and said with certainty, "It just so happens that I am heading to a place to seek revenge. You should hurry up and familiarize yourself with the Ghost Buddha. I hope that when the time comes, you will give me a different surprise."

Sheng GE's small face was filled with excitement. "I will definitely not let young master down!"

She clenched her fists. She was very eager to show off her skills in front of Su Yu.

"Why is it only you?" Su Yu paused and looked around.

Xiao Die had always been inseparable from Sheng Ge. She had already threatened Su Yu that if she saw him again, she would definitely eat him up.

According to the previous situation, Xiao Die should have already pounced on him with bared fangs and claws.

Sheng ge swept her fingers and a colorful cocoon that was as tall as a person appeared from afar. She pouted her lips helplessly and said, "Here, ever since I helped you crush that skull, I immediately began to spin a cocoon after I came back."

'HMM?' Su Yu raised his eyebrows slightly.

Xiao Die had already spun a cocoon twice. She had transformed from a caterpillar into a butterfly, and then from a butterfly, she had broken out of the cocoon and turned into a human.

By spinning a cocoon again this time, was she going to evolve into a higher life form?

This was completely different from the evolution process of the nine-colored chaos butterfly that Su Yu had understood.

Normally speaking, the nine-colored chaos butterfly was born in human form. After it evolved into a butterfly, there was no longer any talk of spinning a cocoon.

However, including this time, it was already the third time Xiao Die had formed a cocoon.

As a mutated nine-colored chaos butterfly, her evolution could not be predicted by common sense.

Who knew what form she would take after she broke out of the cocoon.

"Then, what about Xiao Jingyu?" Su Yu said as he glanced around. Suddenly, his eyes revealed a look of ecstasy.

With a thought, he teleported to the front of the thatched cottage.

He saw Xiaojingyu holding a bamboo stick and poking a pink creature with both love and fear.

The creature was covered in scales and had two pink horns on its head. It looked cute.

It laid on the ground lazily with its eyes closed. It was obviously sleeping.

When Xia Jingyu poked it with the bamboo stick, it hummed a few times and its round and fat body twisted.

Xiao Jingyu was having a lot of fun. She poked it non-stop and giggled from ear to ear.

"Little Qilin?" Su Yu was pleasantly surprised.

Ever since he helped Su Yu refine the Indian silver bamboo, the little qilin had fallen into an endless slumber.

Up until now, it had been sleeping for almost twenty years!

The sleeping little qilin would not have the slightest reaction to any movement from the outside world.

Just like what was happening in front of him, it would tremble with just a poke. This was enough to show that it was gradually waking up!

Su Yu was ecstatic. He had thought that the little qilin would never wake up.

Thinking back to the little qilin, Su Yu felt warm in his heart.

It was a testament to Su Yu's most difficult years of growth. He was already like a family member.

"This fellow has slept for twenty years. It looks like it's about to wake up, right?" Shengge was very jealous. This fellow who only knew how to sleep was much more favored than her.

Su Yu stroked the Little Qilin's head with relief and said, "En, it could be as long as a year, or as short as half a year. It should wake up."

He was extremely looking forward to it!

"Little Jingyu, stay here well. Soon, we will meet again." Su Yu gazed at her deeply and smiled.

Little Jingyu was already infatuated with playing with the little qilin. She waved her hand without turning back. "En, En, go."

She did not understand, the true meaning of reunion.

That, is the reunion with Xia Jingyu!
