Chapter 1661 Blood Lotus Guanyin (Second Watch)

Su Yu returned to the outside world.

He thought that he had prepared the gift to exchange for the hot spring, but how could he get the invitation letter from the ancient dream altar?

The huge star pavilion only got ten invitations.

The Emperor of South Sea only got one invitation letter.

The Purple Dream Emperor of East Sea didn't even get one.

The other forces also only got one.

If he wanted one, where should he start?

Steal? Rob? Cheat?

With the official status of the ancient dream altar, any invitation letter would have a unique mark. An invitation letter obtained through an unusual channel would only bring more trouble.

While he was thinking, an invitation letter slipped out from the crack of the coffin lid.

Su Yu fixed his eyes and his pupils flickered.

“An invitation letter to the ancient Dream Altar?” Su Yu was extremely surprised.

What was the origin of the ice coffin? The northern domain's snow sea's VIP room not only had a mountain that was comparable to the star pavilion and the three great emperor factions, but they also specially sent an invitation letter to the ancient dream altar?

The strangest thing was that Su Yu didn't see any other coffin factions come after staying for a day.

“Who exactly are you?” Su Yu asked in her heart.

Unfortunately, the female corpse didn't answer but asked Su Yu instead.

“The thing you took out from that storage space is very annoying. This king doesn't like it. Quickly throw it away.” On the ground, there was a line of small words made of melted ice.

What she said was the Golden Flame Forbidden Wood, right?

This wood indeed had the effect of restraining evil!

It could restrain the demons in the past and the evil corpses in the future.

A wisp of light filled the depths of Su Yu's eyes. If that was the case, he might have a chance to escape from the ice coffin!

However, Su Yu did not think about it in his mind. Otherwise, the female corpse would definitely detect it.

He said, “This is the golden flame forbidden tree that I accidentally obtained many years ago. I'm going to give it to the Snow Dragon Emperor in exchange for the use of the hot spring.”

Tick-tock --

A line of words entered his eyes. "Hot Spring? What do you want?"

"A disguise," Su Yu said indifferently.

Tick-tock --

"Do You Think You're ugly? I think you're not bad."

The corner of Su Yu's mouth twitched. He ignored her and walked out of the secret room to gather ravenous Wolf Star and Li Yue.

"It should be about time. The Snow Dragon Emperor's birthday banquet is about to begin, right?" Su Yu said.

The Ravenous Wolf Star looked beyond the mountain, with a bitter smile on his face, he said, "Before we head to the birthday banquet, I'm afraid there's something you need to know. For some unknown reason, ever since we moved in, we've been secretly watched by a few large factions. The moment we show ourselves, we'll be discovered."

Oh? Su Yu was slightly puzzled. He stared at the mountain peak below his feet. Could it be that the faction represented by this coffin was too extraordinary?

After pondering for a moment, Su Yu shook his head and said, "So be it. This is the territory of the Snow Dragon Emperor. The Star Pavilion has to think twice before making a move."

He took a step out of the house. As expected, powerful undulations were emitted from the other three huge mountains.

Especially the undulations from the mountains of the Star Pavilion. They were even faintly emitting traces of prehistoric power.

Su Yu was secretly shocked. This guy must be one of the three great pavilion masters.

It seemed that they valued the ancient dream altar very much!

The three of them left the Mystic Crystal Palace in their hidden forms and went straight to the palace exclusive to Emperor Snow Dragon.

Emperor Snow Dragon specially came here to welcome the people who came to congratulate him.

Most of them came from the large and small forces under the jurisdiction of Emperor Snow Dragon. A small number of them were from the outer regions that had been invited to participate in the ancient dream altar.

No matter what, they had to show some respect when the Snow Dragon Emperor invited them.

When Su Yu and the others entered, the birthday banquet hall was filled with people.

Su Yu, greedy wolf star, and the others sat down casually and observed the situation.

"Brother, please step aside." Not long after they sat down, a pleasant voice sounded beside Su Yu.

Looking sideways, it was a jade-faced playboy with three eyes.

The Wind God was elegant, and his bearing was otherworldly.

He was wearing a Taiji yin-yang Daoist robe and held an ancient sword in his arms.

His demeanor, language, and temperament gave people a warm and comfortable feeling, making people not feel disgusted.

Su Yu's eyes lit up. Daoist?

Immediately after, his heart was slightly shocked. This person unintentionally released a marvelous concept, causing people to unconsciously relax their vigilance.

If he had the intention to harm Su Yu, the moment Su Yu relaxed just now could have been fatal.

Su Yu was immediately on guard against this person and quietly made way for him.

The young Daoist did not care about Su Yu at first, but he was extremely keen to catch Su Yu on guard. He smiled and said, "I'm sorry to offend brother."

He walked past Su Yu and only sat down gently when he was a distance away.

"Young master, be careful of this person. He is an expert!" Greed Star's voice transmission drifted into his ears.

Su Yu's gaze shifted and he asked, "How high?"

Greedy wolf star replied, "Among the same generation, there should be no one who is a match for him, including you."

He understood Su Yu's strength. If he fought with his full strength, he could kill a silver overlord.

However, he was still certain that Su Yu was not his match. It could be seen that the young Daoist's strength was unfathomable.

Hualala --

Not long after, there was a commotion outside the hall. Three creatures with extremely powerful auras slowly walked into the hall under the compliments of many young elites.

Su Yu fixed his eyes on them. He only knew one of the three.

The heartless blade emperor!

Other than that, there were two other women.

One of them was dressed in a purple long robe. Her expression was cold, but her face was extremely beautiful. It was unforgettable.

Even though Su Yu was used to seeing so many beautiful women, he could not help but be stunned in that instant.

However, her entire body was filled with cold air, giving off a feeling of being a thousand miles away from others.

She was like a holy snow lotus, only allowed to be seen from afar, and not to be touched.

The other woman was standing on a red lotus flower, sitting cross-legged on it and floating in the air.

She wore a red gauze, had a Daoist crown on her head, and her hands were forming a Daoist seal.

Her long black hair was like a flowing waterfall, lying on her back. Her jade-like appearance was elegant, peaceful, and merciful.

As she gazed at her, her state of mind was unconsciously peaceful, causing people to forget about the secular world and all things in the world.

The two women had completely different appearances and temperaments, but they were equally magnificent and gave one great pleasure in spirit.

“Hey! The successor of the Snow Dragon Emperor, Empress Taste. Her cultivation is getting higher and higher every year. In no less than a thousand years, old antiques like us will have to give in.” Tan Lang Xing Gan gave a dry laugh, and there was deep fear in his words.

Looking at Empress Taste, she was the successor of the Snow Dragon Emperor. Su Yu was not surprised at all.

Other than the Snow Dragon Emperor, there was no other possibility for such a powerful Cold Dao, right?

What he was more interested in was the second woman in red. She looked like a Taoist nun. She looked kind on the outside, but there was a murderous aura hidden in her body.

“Who is she?” Su Yu asked.

Ravenous Wolf Star was stunned and asked back, “You don’t Know Her?”

Su Yu said, “Is it necessary for me to know her?”

“Of course! She is the leader of the younger generation of the Star Pavilion, Xue Guanyin! Since you joined the Star Pavilion, don’t you know her?”

What, it’s her? Su Yu was slightly shocked.

He had never seen this woman before, but her fame was like thunder!

The Star Pavilion’s outstanding young generation came from the Sword Light Branch!

There were not many rumors about her, but every rumor was terrifying.

Xue Guanyin was born with a blood lotus in her mouth. She comprehended the Great Dao of Heaven and earth at the age of three, stepped into the Supreme Dao at the age of ten, and broke through the Overlord realm at the age of eighteen. Now, she was twenty-one years old. It was said that she had broken through the shackles and reached the level of a gold overlord!

Three years ago, she came out from her retreat and traveled south. When she returned, she brought back the beast core of a Xuan Crystal Overlord Sea Beast!

Even though she was also heavily injured, she had killed the Xuan Crystal Overlord by herself!

It was the first time Su Yu had heard of such a peerless and extraordinary great empress. He was shocked for a long time.

He thought that his potential was not bad and his cultivation was not slow. However, compared to Xue Guanyin, he was just like a mortal.

How could Su Yu not know about such a woman?

“There are indeed crouching tigers and hidden dragons in the absolute beginning realm! Not only are there treasures of heaven and earth like the son of Heaven of the Holy Mountain, but there are also peerless geniuses like Xue Guanyin who are like the bell of heaven and earth,” Su Yu exclaimed.

As if sensing Su Yu’s gaze, Xue Guanyin turned her head and looked at Su Yu in surprise. Then, she looked at the strange ice coffin behind him.

Their eyes met in the air. Su Yu’s face was calm. He didn’t show any fear, envy, or awe.

Xue Guanyin was slightly surprised. She smiled faintly, looked away, and sat down at the front.

That place belonged to a heaven’s favorite like her.

The crowd continued to pour in. Su Yu was not surprised to see familiar people.

Mu Canghai and Yan Changhong.

Next was Lan Yue. She accompanied a group of young elites from the red leaf branch. They entered with an extraordinary aura and also attracted a lot of attention.

Especially the white-haired young man at the front.

He had white hair and his skin was as white as snow. There was no color at all.

However, his lips were extremely red, as demonic as fresh blood.

He wore a gorgeous golden cloak and a jade crown on his head, making him look particularly ostentatious.

Ravenous Wolf Star also noticed this person and nodded slightly. His eyes revealed a hint of admiration. “Snow White Sword is not bad, second only to Xue Guanyin. I once heard the head pavilion master mention that Snow White Sword is very likely to become the next pavilion master.”

To become the next pavilion master at such a young age, one could see how strong his potential was.

The last person he saw was the Yin Chuan sub-pavilion.

Zhao Fu led the participants of Yin Chuan sub-pavilion and followed closely behind the red leaf sub-pavilion.

He and Mu Canghai both belonged to Pavilion Master Hu, but the relationship between them was like fire and water, so he naturally lagged behind and did not travel with Mu Canghai.

Su Yu didn’t care about him. He just glanced at him and then looked away.

However, the moment he looked away, Su Yu saw an alien from the corner of his eye. He couldn’t help but look at him again.

It was this look that changed Su Yu's expression.

It was a rat-headed man. He had a wretched face. He looked left and right. His pair of dark eyes rolled around. He looked extremely shrewd.

In the absolute beginning realm, where there were many alien races, the rat-headed man wasn't strange.

However, Su Yu was extremely surprised!

"The descendant of the Heavenly Arrival Overlord, half a month?"

As the divine thief half a month who had left the god realm in the past, Su Yu had a deep impression of him.

When they first met, they had stealthily stolen the supreme one Eastern Emperor Bell.

Afterward, even the Overlord Level Eternal Night Devil's Dragon Pearl had been quietly replaced.

In terms of stealing techniques, he said that no one dared to be number one.

It was actually together with Zhao Fu!

Su Yu's gaze narrowed slightly as he stared at Zhao Fu, his mind whirling. "If I'm not mistaken, Zhao Fu has some sinister ideas, right?"

After pondering for a moment, Su Yu could not help but look at Mu Canghai, his heart as clear as a mirror.

"I see!"The corners of Su Yu's mouth curled up into a smile that was not a smile.
"What a coincidence, I actually ran into him. Interesting."

Chapter 1662 The Emperor's Birthday Celebration (Third Watch)

After the guests had taken their seats, a deep and long laugh pierced through the sky.

Before the crowd could identify the source of the voice, a shadow silently appeared on the main seat of the main hall.

It was a tall and sturdy man in a snow-white robe. He was eight feet long and had a slender body. There was a feminine look between his brows.

His appearance was also extremely handsome!

At first glance, one would think that he was a woman.

However, no one dared to offend him. They all stood up respectfully.

"Congratulations on the birthday of the Snow Dragon Emperor!"

The Snow Dragon Emperor had a faint smile on his lips as he pressed his hand down. "There's no need to be so courteous. It's the birthday of every year and it doesn't change at all."

There was a slight dissatisfaction in his tone.

It was still fine for the foreign powers. However, the expressions of the various powers under the jurisdiction of the Snow Dragon Emperor changed when they heard this.

“Emperor, this is a birthday gift prepared by the Heavenly Sound Pavilion for you.” A beautiful young girl held a congratulatory gift in her hands.

It was an ancient zither. The strings were complete, and only the head of the zither had been burned.

However, the quality of this zither was extremely high. It was a true emperor rank divine weapon!

Using the Nine Dragon Valley’s divine realm as a measure, it was an emperor rank sacred weapon!

Emperor Snow Dragon glanced at it and said expressionlessly, “It’s one of the eight immortal zither that the heavenly sound pavilion has, right? You’re too kind, put down the congratulatory gift.”

The young girl’s face darkened, and she handed the gift over to the emcee.

Emperor Snow Dragon celebrated his birthday every year. As one of the three largest forces under his jurisdiction, the Heaven Note Pavilion could be said to be suffering unspeakably.

The gift was a gift, right? If they angered Emperor Snow Dragon, they would be turned into ashes with a single thought.

But if they gave a heavy gift... Emperor Snow Dragon celebrated his birthday for 30,000 years, what kind of heavy gift hadn’t they seen? How difficult would it be to win the satisfaction of the Snow Dragon Emperor?

Helpless, the Heavenly Sound Pavilion gave out the pavilion’s treasure, the eight immortality zither.

It had been passed down from the founder of the Heavenly Sound Pavilion for 20,000 years.

However, when the first zither was given out, the Snow Dragon Emperor was a little happy and rewarded the heavenly sound pavilion with many things.

However, after that, the Snow Dragon Emperor was no longer interested. Even now, he was already impatient.

With bitterness in her heart, the young girl retreated back to the heavenly note pavilion. She knew that after she returned, the days of the Heavenly Note Pavilion for the next year wouldn’t be too good.

Any force that didn’t satisfy Emperor Snow Dragon would more or less be punished by the palace, such as confiscating the resources of the force.

After she retreated, a bald youth walked up, bowing and nodding as he offered a congratulatory gift, “Congratulations on Emperor Snow Dragon’s birthday. This is a gift from the three kills Manor, please accept it.”

The three kills mansion was the second largest faction under the jurisdiction of the Snow Dragon Emperor. It was ranked above the heavenly note pavilion and had an extremely deep foundation.

The gift he gave was a magnificent crystal ball that contained an extremely vast... prehistoric power!

The Snow Dragon Emperor’s indifferent face revealed traces of emotion just now. He nodded, “The Blue Sky Beast’s eye has troubled you. Not Bad, I’ll accept it.”

The bald youth let out a sigh of relief.

That Eye was the remains of the Blue Sky Beast, an emperor-level sea beast that the three kills mansion had used all their resources to find. They had spent a huge amount of manpower and resources to obtain it.

Although it had been tough, they had finally overcome this year's difficulties.

After he left, another youth stood up and said in a neither servile nor overbearing manner, "Zhuxin hang congratulates the emperor on his birthday and presents his congratulatory gift. I hope the emperor likes it."

Zhuxin hang was the strongest force under the jurisdiction.

The Heavenly Sound Pavilion and the three kills Manor combined were far inferior.

What he gave was a book, a tattered ancient book.

The ancient book was extremely incomplete. Only two or three pages were useful and the rest could not be flipped through.

Emperor Snow Dragon looked at the ancient book and sucked in the air. He flipped through it casually and for the first time, his expression changed. He said, "Heavenly book characters, not bad, not bad! This item is indeed rare!"

He looked at the young man and said, "I have accepted Zhuxin Hang's gift. Do you have any wishes?"

This was Emperor Snow Dragon. If he was satisfied, he could make a wish on the spot.

The young man said happily, "Zhuxin Hang, please bestow the Emperor's Protection Talisman."

Emperor Snow Dragon did not say anything else. He took out a talisman that was filled with prehistoric power from his sleeve and said, "I can only make three of these talismans a year. I will bestow one to you!"

"Thank you, Emperor! Thank you, Emperor!" The young man was extremely excited.

Once a talisman that contained the power of desolation from the Emperor of Heaven and earth was crushed, how powerful would it be? was there even a need to describe it?

Even if a Xuan Crystal Overlord's Sea Beast bullied the sect, it could be crushed into ashes with a single talisman!

The Heavenly Sound Pavilion and triple kill manor were extremely envious.

Unfortunately, they did not have such a great opportunity and could not find such a rare item like the heavenly book characters.

Emperor Snow Dragon was in a good mood and waited for the rest to present their gifts one by one.

Unfortunately, ever since zhuxin hang, Emperor Snow Dragon's expression had not changed for tens of thousands of years. No One's gifts could arouse his interest.

Even until everyone's gifts were given, he did not reveal the slightest expression.

In the end, it was the turn of the guests.

Emperor Snow Dragon did not have much expectations. What astonishing gifts could they prepare.

The reason was simple. They were mainly here to participate in the ancient dream altar, so it was convenient for them to celebrate. Who would prepare such a huge gift to please the Snow Dragon Emperor?

As expected, with the ruthless blade emperor, who killed the Emperor's descendant, as the leader, the gifts were all normal and nothing new.

Out of courtesy, the Snow Dragon Emperor ordered people to accept them.

“Snow dragon emperor, I am Huangfu Lieyang. Please accept this gift.”

An elegant and handsome man stepped forward and bowed.

Emperor Snow Dragon sized him up and looked at the gift in his hand. When he saw the gift, his indifferent expression changed and his face was filled with joy. “Nine-eyed evil duck inner core? It's good, it's really good!”

He held it in his hand and couldn't put it down. He kept praising it.

Everyone present was stunned.

Nine-eyed evil duck, that should be a member of the infamous Evil Clan, right?

This duck was born with nine eyes and specialized in capturing People's souls. Many overlords had their souls destroyed with hatred and it was unknown how many emperors of the Heaven and earth had chased after the nine-eyed evil duck.

However, this duck had divine powers and was extremely cunning. It had been safe and sound for hundreds of thousands of years.

It was not until tens of thousands of years ago that it was heard that it had been killed by a mighty figure.

Who would have thought that its most important inner core would fall into the hands of the young man in front of it!

The value of this item was comparable to that of half a heaven and earth emperor!

No Wonder Snow Dragon Emperor was excited!

“What do you want?” Snow dragon emperor said generously, “Whatever this king has, I can give it to you!”

Huangfu Lieyang said neither humbly nor arrogantly, “I don't dare to ask for too much. All I want is an invitation letter from the ancient Dream Altar.”

Eh? The Snow Dragon Emperor was slightly surprised and looked at him again. “Which force are you from?”

According to common sense, those who could come here were all honored guests who had received an invitation letter from the ancient dream altar.

“A lone cultivator who came uninvited,” Huangfu Lieyang said.

An unknown person?

In the past, the Snow Dragon Emperor would never give an invitation letter from the ancient dream altar to an unknown person.

However, after a short moment of silence, the Snow Dragon Emperor took out an invitation letter and said, "Feel free to enter!"

Huangfu Lieyang took it and said, "Thank you."

From the beginning to the end, Huangfu Lieyang's expression was extremely calm when he faced the Snow Dragon Emperor. There was no fear at all.

If there was a deeper meaning behind his gaze, the Snow Dragon Emperor would take the inner core instead of letting the emcee take it.

"Everyone, thank you for your kindness. The banquet has been prepared. Everyone, please have your meal first." After obtaining the inner core, Emperor Snow Dragon was satisfied, so he did not care about the congratulatory gifts.

"Hold On!" A clear voice drifted over.

Everyone who was about to get up was slightly stunned. Who had the guts to interrupt Emperor Snow Dragon's words?

Emperor Snow Dragon was also slightly unhappy. Due to the presence of the guests, he maintained his patience. He looked at the person who spoke and said, "What's the matter?"

Everyone was focused. Su Yu walked out and handed over a prepared jade box. He said, "Congratulations to the Emperor on his birthday. This is a special gift."

The Snow Dragon Emperor did not take another look. He lightly nodded. "En, emcee, accept it."

He had no expectations for the subsequent congratulatory gifts.

The emcee walked out, grabbed the jade box and placed it into the spatial storage device.

Su Yu lightly said, "Emperor, aren't you going to take a look at what I'm giving you?"

The Snow Dragon Emperor stared at Su Yu from the corner of his eyes. His disdain couldn't be more intense. He asked indifferently, "Which faction are you from?"

He should be the representative of some small force. He naturally thought so.

Su Yu was neither servile nor overbearing. He said calmly, "The Mystic Crystal Palace, a guest of one of the Four Great Mountains."

The originally impatient snow dragon emperor's body trembled in an unnoticeable arc.

The Four Great Mountains of the Mystic Crystal Palace were the top courtyards prepared for the four great guests!

The descendant of the southern sea emperor was present, including the ruthless Blade Emperor, the star pavilion, and Empress Zi Wei!

The three great guests were all present!

Obviously, Su Yu didn't belong to any of the three parties.

Then, it was self-evident which mountain he came from!

It was that terrifying descendant of the sect!

Ancient Corpse sect!

Emperor Snow Dragon's pupils constricted. He raised his head and looked at Su Yu, sizing him up.

When he noticed the ice coffin behind him, his pupils constricted again.

“Where's the identity jade token?” Emperor Snow Dragon's tone was exceptionally solemn.

He hadn't expected that the rumored ancient corpse sect would actually appear in the human world!

Su Yu didn't say a word and took out the ice token.

With just a glance, Emperor Snow Dragon was certain. He nodded, “Your identity is not bad.”

Other than a few people present, no one knew what the mountain that carved the ice coffin meant!

Su Yu said calmly, “Then, please take a look at my congratulatory gift, Emperor Snow Dragon.”

Emperor Snow Dragon glanced over from the corner of his eyes.

The jade box could not block Emperor Snow Dragon's gaze. As far as his eyes could see, he could clearly see what was inside the Jade Box.

The Snow Dragon Emperor sat up in shock and cried out, “Gold...”

He only said one word before he shut his mouth.

However, he could not hide the surprise and joy on his face.

That was an expression that was even more interesting than when he received the nine Yin Evil Duck's inner core!

Everyone was extremely shocked and they stared at the Jade Box and guessed.

Some of the stronger experts even inspected the jade box.

However, they were blocked by a trace of primal energy.

The scouts all retracted their gazes and didn't dare to continue.

It was obvious that the Snow Dragon Emperor didn't want them to know the true appearance of the item in the jade box.

However, the more this was the case, the more they felt how precious this item was.

What kind of peerless item could make the snow dragon emperor lose his composure and intentionally hide it?

The Snow Dragon Emperor stared at Su Yu, his eyes shining brightly. “Is there anything else? This emperor can use whatever you want to exchange for it.”

After reaching the heaven and earth emperor level, the more one needed to resist the interference from the unseen world.

This golden flame forbidden wood, which only existed in legends, was the best treasure.

The importance of this item far surpassed the nine-eyed evil duck inner core!

Chapter 1663 Item Exchange (1 Update)

Su Yu naturally would not expose himself. He shook his head, indicating that he did not.

A trace of greed flashed through the eyes of the Snow Dragon Emperor. However, after looking at the ice coffin behind Su Yu, he decided to give up after pondering for a moment.

His expression and actions were seen by a few people, and they were all secretly apprehensive.

It seemed that the ancient corpse sect was indeed powerful. The Snow Dragon Emperor intended to get his hands on the Golden Flame Forbidden Wood, but he defied the other party's background and destroyed his identity.

"Alright, what do you want?"The Snow Dragon Emperor asked calmly.

Su Yu said, "I heard that the Snow Dragon Emperor has a hot spring that can change the aura and form of living beings. I would like to borrow it."

Everyone was slightly startled. He gave such a generous gift just for a dispensable hot spring?

"That's All?"The Snow Dragon Emperor was greatly surprised.

Su Yu nodded.

Snow Dragon Emperor pondered for a while and said, "I'll lend you the yin-yang hot spring, but the gift you gave is too expensive. If I only gave you the hot spring, I would be bullying you."

He pulled out his sleeve and took out a talisman. It was the protection talisman personally refined by the Emperor of Heaven and earth that zhuxin hang had obtained.

"Perhaps you don't lack it, but it's a gift from me."

Su Yu accepted it gladly. He lacked it, so how could he not lack it?

He accepted it calmly on the surface, but in his heart, he was extremely happy.

With this talisman in hand, most of the dangers in the ancient dream altar could be resolved one by one.

"The yin-yang hot spring is only effective when yin and yang meet. According to the time calculation, it will be tomorrow. You can prepare for a day first."

Su Yu nodded and returned to his seat.

Rays of scorching light focused on his body.

He could clearly feel many gazes sweeping over his body.

Several powerful gazes had already seen through his true appearance.

Su Yu was helpless about this.

He originally thought that the Snow Dragon Emperor wouldn't be too happy even if he obtained a small piece of the Golden Flame Forbidden Tree.

But in the end..

This attracted many curious gazes.

There were many overlords present, and Su Yu's ordinary concealment techniques couldn't stop them from forcefully probing.

"Ah! Why Is It Big Brother Xue?"The experts in the star pavilion quickly discovered Su Yu's true appearance and were all shocked.

"Big Brother Xue!"Lan Yue cried out in shock when she found out.

Several experts from the star pavilion looked over in shock.

"Is he the Xue Yu that the Chief Pavilion Master and the Three Pavilion Masters came to look for?"

"No Way, why did he become the representative of the other forces?"

"Who is the force that symbolizes the coffin? It's comparable to our star pavilion, but we've never heard of it!"

Only a few people present knew of the ancient corpse sect's existence. They only thought that Su Yu had joined another force.

Mu Canghai looked surprised. As the former pavilion master, he had personally experienced the heavenly dry star tribulation, so the disaster of the ancient corpse sect was naturally deep.

When he found out that the successor of the ancient corpse sect was actually Su Yu, he couldn't help but be surprised.

Was he an undercover of the ancient corpse sect, or did he join later?

She had promised that after the ancient dream altar, she would tell Su Yu the truth about the black-gray stone.

But now, it seemed that she had to reconsider.

"Is he that Xue Yu?"Beside Lan Yue, a man with long snow-white hair stared at Su Yu with a cold gaze.

White Snow Sword!

Lan Yue nodded and said, "Yes, Big Brother Xue is very powerful. He saved me and eighth brother back then! Big Brother Bai, if you meet him at the ancient dream altar, you have to take good care of him."

"Take care of him? Yes, I will."White Snow said with a sharp smile.

The banquet was very enjoyable and all parties left happily.

Su Yu walked back to the Mystic Crystal Palace alone. Unexpectedly, as soon as he walked out, dozens of representatives of various forces appeared behind him.

Among them were the heavenly sound pavilion, the three kills mansion, and Zhuxin Hang.

“Young hero, please slow down!” The young girl from the Heavenly Sound Pavilion caught up with him. Her fragrance was pleasant.

Su Yu turned around and asked, “What’s the matter?”

The girl’s face was filled with eagerness. She looked around and said, “Can I have a place to talk? I have a deal I want to discuss.”

Su Yu thought for a moment and understood. He paused and said, “Sure, just come to my place.”

Mystic Crystal Palace, the small courtyard of the ancient corpse sect.

Outside, there was a dark mass of people surrounding a group of large and small forces. They all had the same goal as the Heavenly Sound Pavilion.

However, only the top three powers had the qualifications to negotiate with Su Yu.

The young lady glanced at the other two young men with an unfriendly gaze. She narrowed her eyes and said, “The two of you, your triple kill Manor and zhuxin hang have passed this round. Do you still want to compete with my Heavenly Note Pavilion?”

The bald young man sighed helplessly. “Pass? Do you know how much we paid for that Blue Sky Beast’s Eye? “For a whole year, more than half of the disciples and martial uncles were on the move, looking for priceless gifts. In the end, the results were not good or bad. Unlike zhuxin hang, who was rewarded by the emperor, he was able to recover a bit of the original.”

Unexpectedly, Zhuxin Hang’s young man was also extremely bitter. “Recover the original? How can it be that easy? Zhuxin hang also spent a lot of money on that incomplete heavenly book. In terms of capital, two talismans can’t make up for it!”

“Moreover...” the youth from zhuxin hang was even more bitter. “The birthday of the Emperor isn’t just this one time. It has to continue next year! At that time, where should we go to find the rare treasures of the world?”

Emperor Snow Dragon had already celebrated 30,000 birthdays in a row. Every year, he requested for the forces under him to come and congratulate him.

With such frequent congratulations, no matter how many treasures of the world there were in the northern domain’s snow sea, they were all plundered clean.

The further they went, the more difficult it became for the various large and small powers to search for rare treasures. They even had to head to the southern and eastern seas to search for them.

Not only did they have to spend money and resources, but the development of the entire sect had also been completely delayed, causing them to suffer unspeakably.

Su Yu gently closed his eyes and calmly opened them. He said indifferently, “The three of you don’t have to complain in front of me. Since I’ve invited the three of you here, I’m naturally willing to discuss a deal with the three of you.”

After thinking for a moment, Su Yu casually picked three golden flame forbidden tree leaves from the nine jade spirit Pearl and placed them in front of him.

“What do you want to exchange?” Su Yu asked.

The three of them looked at the leaves and did not recognize what they were at first.

After being stunned for a long while, they gradually remembered the Golden Flame Forbidden Tree recorded in the ancient books. All of them were shocked. “No wonder the emperor lost his composure like that. It is actually the golden flame forbidden tree that is about to disappear...”

The young lady cried out involuntarily. However, she realized something and immediately shut her mouth.

The emperor was unwilling to divulge any information about this item. If she were to say anything else, the consequences would be unimaginable.

However, her face immediately lit up with joy as she asked, “Are there only leaves?”

Su Yu said, “The rest have been given to the emperor. There are only three leaves left. If you don’t want them, then forget it!”

“Yes! Why Don’t we want them? Our Heavenly Sound Pavilion wants them all!” The young master anxiously grabbed them.

Even the Golden Flame Forbidden Tree’s leaves had an incredible effect!

If he were to offer one every year, he would at least be able to pass the test!

“You want to keep it all for yourself?” The other two young men flew into a rage and grabbed the golden flame forbidden tree’s leaves together.

For the sake of just three golden flame forbidden tree’s leaves, the representatives from the powerful factions actually had the stance of snatching it on the spot.

Su Yu found it funny in his heart. He could have as many golden flame forbidden tree’s leaves as he wanted.

Just think about it. The power behind them was much stronger than the sword pavilion.

Especially Zhuxin Hang, who was a great figure at the level of a mystic Crystal Overlord.

But for a mere leaf, he had to fight with others.

“Do the three of you not put me in your eyes?” Su Yu casually pressed down and covered the three leaves.

The three of them realized that they had lost their composure and withdrew their hands.

“Each of you will have one. The prerequisite is that you can take out something that will move me,” Su Yu said.

The girl from the Heavenly Note Pavilion was discouraged, but it was better than nothing. If she could get one, the sect would be able to relax for an entire year.

She thought for a moment, gritted her teeth, and took out an ancient zither. It was almost the same as the zither that she had given to the Snow Dragon Emperor.

“This is the last of the seven immortal zither from the Heavenly Note Pavilion in exchange for young master’s leaves.”The girl placed the immortal zither on the ground.

She was extremely sorrowful. The last thing of the heavenly note pavilion was given away just like that.

“No.”Unexpectedly, Su Yu shook his head and refused.

The young girl, Hua Rong, was utterly defeated. Her eyes were almost squeezed out of mist, and she was somewhat choked with sobs. “However, there aren’t many more valuable than this in the heavenly note pavilion.”

“Magic Treasures are useless to me. I need one-time consumable items. The more powerful they are, the better,”Su Yu said.

‘Huh?’? The young girl suddenly raised her head. Her eyes, which were filled with water mist, were filled with a brilliant light again. “Young master, are you sure? one-time consumables, no matter how powerful they are, are far inferior to a weaker magic treasure!”

After all, magic treasures could be used many times, and consumables would be lost once they were used up.

Su Yu looked at the three of them and said, “It’s convenient for others, but it’s convenient for yourself. If you have a powerful one-time consumable, take it out.”

The young girl was overjoyed and kowtowed gratefully, “Thank you, young master, for your great kindness!”

The other two young men were also greatly moved and bowed in gratitude.

“Martial arts are cruel. You didn’t take advantage of the situation and instead, you empathized with us, making me ashamed.”The young man from zhuxin hang sighed and bowed sincerely, taking out a picture scroll, it contained a landscape painting: “This is the landscape painting that I brought this time. If you encounter an enemy, you can use it. Anyone below silver overlord can be destroyed immediately.”

Su Yu was delighted. With a flick of his finger, he flicked a leaf into his palm.

The transaction was successful!

“I, the three kills Manor, will remember your favor. If you encounter any difficulties at the ancient dream altar, feel free to look for our three kills Manor!”The young man took out a battle axe, he said, “There is a move sealed by my master in the axe. After crushing it, you can heavily injure the enemy. Even silver overlords have to retreat.”

Su Yu flicked his finger, and the second leaf fell into his hand.

Finally, the girl from the Heavenly Note Pavilion took out a snow-white handkerchief from her bosom. Inside the handkerchief was a picture of seven beautiful girls playing the zither together, she said, "The scroll contains the seven zither arts. As long as you throw it, you can summon the seven zither to destroy the enemy. Although its power is not as powerful as the previous two senior brothers, it has a wide range of attack."

Su Yu also agreed readily and handed the last leaf to her.

The three of them each took what they wanted. They were both grateful and grateful to Su Yu. From the look on their faces, it seemed that they treated Su Yu as their benefactor.

Su Yu could not help but feel guilty. If they knew that Su Yu was just picking up the three least valuable items like picking up trash, would they still be grateful?

Chapter 1664 Visit To Provoke (Second Watch)

After sending the three away, Su Yu sealed the barrier outside.

The other factions might have their own treasures, but they couldn't be too greedy. They had three one-time consumables, which were enough to deal with some unexpected situations.

However, Su Yu wanted to be quiet, but there were people who refused.

Just as the barrier was sealed, several beams of light came from the Star Pavilion. Among them were Lan Yue and a few strangers.

"Big Brother Xue!" Lan Yue shouted outside the barrier happily.

Su Yu had a slight headache. He couldn't pretend not to see the two of them. After all, Lan Yue had once climbed onto Pavilion Master Hu's star and helped Su Yu out of a predicament.

He braced himself and opened the barrier to welcome them in.

"Miss Lan, is there anything you need from me?" Su Yu asked directly.

Lan Yue pouted. "Big Brother Xue, in My Heart, you are still the Big Brother Xue of the Star Pavilion. Why do you have to be so distant? My Big Brothers all want to come and see you."

See Me? Su Yu glanced at the people behind her.

Although they had smiles on their faces, their eyes did not look very friendly.

"Big Brother Xue, I've long heard of your name. I heard that it was you who saved ninth sister and eighth brother under the siege of the corpse hounds. We came specially to thank you," a blue-robed youth said.

His words were filled with gratitude, but his tone was filled with doubt.

A third-level heavenly cave master could kill ten first-level Heavenly Cave Masters with a single sword?

Su Yu said, "It's just a matter of convenience. There's no need to thank me. If you're just here to thank me, there's no need. I still have some matters to attend to, so I won't be accompanying you."

He already had the intention to drive them away.

However, that young man seemed to not understand as he smiled and said, “Brother Xue, we can put the remaining matters aside for now. It’s rare for us to be fated. Why don’t we exchange pointers?”

Su Yu had already seen the doubt in his heart long ago, so he was exceptionally merciless as he said, “I’ve never met you before, so I really don’t see any fate. There’s no need for us to exchange pointers. Everyone, please go ahead.”

After saying that, he waved his hand as if he was shooing away flies. Then, he turned around and walked into the courtyard.

That young man’s patience was clearly exhausted. He was a stage one heavenly cave abode’s World Paragon and had already touched the boundary of overlord. He only needed an opportunity to break through.

He spoke nicely, but who would have thought that Su Yu would not give him face and did not put him in his eyes.

“Xue, don’t think that just because the head pavilion master and the Three Pavilion Masters have taken a fancy to you, they can be unbridled! In terms of true strength, who are you?”

Su Yu turned his head and said indifferently, “Who exactly is the one who acted recklessly? In my courtyard, he forcefully forced me to spar with him, but when he was rejected, he spoke rudely. Is It You, sir?”

The young man snorted coldly, “I came here to give you face! Xue, don’t be so Shameless! I just want to know if you have the strength or Not!”

He finally spoke the words in his heart.

From the bottom of his heart, he looked down on Su Yu.

Regardless of his background or cultivation.

“You are not even worthy to shine my shoes with your face. What do I Need Your Face For?” Su Yu said indifferently. The way he looked at him was as if he was looking at an ignorant person.

The young man laughed. “How arrogant! No wonder I heard that you were chased out of the Star Pavilion. You really brought this upon yourself!”

Su Yu’s face was calm. “Ignorance is not wrong. What’s wrong is using ignorance as superiority! Even the pavilion master of the Red Leaf Branch did not dare to say that I was chased out. You, a mere disciple, dare to speak so arrogantly.”

He had left the star pavilion on his own accord. This was not difficult to verify.

“If I say you are, then you are!” The young man pulled out his long saber. The tip of the saber was surrounded by saber qi that could be seen with the naked eye. “Xue, let me test your ability to be arrogant!”

“Sky-slashing saber technique!”The young man immediately displayed his saber technique.

A huge saber qi slashed down in the air like an enlarged sword.

However, with a loud rumble, the Saber Qi cut down on Su Yu’s head with a force that could cut through bamboo.

Su Yu did not even look at it. He casually stretched out two fingers. The tip of his fingers contained a wisp of pitch-black sword qi as he casually slashed down.

Chi La --

A strange scene happened. That seemingly strong saber qi was actually destroyed by the black sword Qi on Su Yu’s fingertip.

The young man was at a loss. He could not believe that a mere third-level heavenly cave abode world paragon could destroy his sword Qi with just two fingers.

“Again! Draw your saber and soul cleaving form!”

An even sharper saber qi flew across the sky and slashed toward Su Yu.

Su Yu still had two fingers, and a wisp of black sword qi slashed against the sky.

Chi La --

The young man’s sword Qi was shattered once again, leaving nothing behind.

“That can’t be! How could this be?”The young man was at a loss. He was confident in his extraordinary saber art. The other party did not even use his sword, and he could easily break it with just his body?

After muttering for a long while, he suddenly raised his head and glared at Su Yu. he shouted, “Speak, did you set up a formation nearby? Did you use an unspeakable method?”

Su Yu frowned slightly and slowly walked forward. He swept his two fingers, and a wisp of pitch-black sword qi pierced through space, instantly striking his body.

Wa --

The young man spat out a mouthful of blood on the spot and was sent flying.

The long saber in his hand left his hand and fell to the ground with a clanging sound.

With this flight, he flew out of the barrier.

“I’ve already said that you’re not even worthy of wiping my shoes with your face.”Su Yu withdrew the sword Qi from his fingertip and said indifferently.

He glanced at the others and said with a cold expression, “Everyone, we’ve sparred enough. Can We Go Back Now?”

“Wait!”Another youth walked out from the group. He was slightly older, but his strength was much higher. He was a true bronze overlord!

“How can you be so overbearing? Wounding others at will? Don’t you know that he’s going to participate in the ancient dream altar? If you drag him down, can you bear it?”The youth stood out and immediately reprimanded Su Yu.

In his eyes, it was as if Su Yu had become a sinner instead.

Su Yu found it funny and said, “He didn’t show any mercy when he attacked twice. Why didn’t you stop him? Besides, if I was dragged down, wouldn’t I be dragging down the dream ancient altar if I was injured?”

“Aren’t you using your double standards too smoothly?”Su Yu sneered.

The youth shouted sternly and stared at Su Yu unkindly. He said with a cold face, “Can you compare with him? Do you know who he is? He is...”

“I don’t want to know who he is,”Su Yu interrupted him mercilessly. “You, on the other hand, are trying to find a reason to make a move. Then make a move. Stop talking nonsense!”

The young man’s eyes turned cold. “You are so arrogant in front of the overlord. You Are Really Reckless!”

“I am Wei LÜ of the Red Leaf Branch Pavilion, ranked fifth!”The young man named Wei LÜ said indifferently.

Su Yu said, “I don’t want to know your name either!”

“Hahaha...”Wei LÜ smiled. “I’m telling you my name so that you can remember who you lost to!”

Wei LÜ shouted loudly, and Buddhist light surged out of his body. He was a buddhist cultivator.

Huge muscles bulged out of his body, giving off an abnormally strong feeling.

“Buddha’s wrath vajra!”He jumped up with both feet and then fell down with the momentum of Mount Tai pressing down on him.

Su Yu pointed with the tip of his foot and easily avoided it.

Bang --

Instantly, a huge pit was created on the ground.

Stones flew everywhere and hit the barrier, creating ripples.

However, this move was just the beginning.

Wei LÜ sneered, “If you can dodge it by dodging, you are underestimating the Overlord level too much!”

Boom Boom --

The ground beneath Su Yu’s feet suddenly trembled, as if the earth was shaking and the mountains were shaking.

The ground beneath Su Yu's feet suddenly split open, and a pair of huge golden palms stretched out like bamboo shoots.

Crack crack --

Su Yu dodged in time, and the huge golden palms hit nothing but air, as if they were splitting mountains and splitting rocks.

However, after Su Yu dodged, before his feet even landed on the ground, the ground beneath him actually split open again, and another pair of palm prints appeared from within.

Su Yu dodged again, but no matter where he dodged to, the Golden Palms below the ground appeared one after another. There was no place for him to land.

Stepping on the air, Su Yu leaped into the air.

However, the huge golden palms that emerged from the ground rose up one after another and shot towards Su Yu, who was in the air.

They surrounded Su Yu from all directions, not letting a single drop of water escape.

Hundreds of palm prints blasted out at the same time. Even the overlords couldn't stand it!

"Xue, kneel down and apologize to my sixth brother. I'll spare you this time. Otherwise, I'll let you have a taste of the Buddha's wrath vajra!" Wei Lü shouted arrogantly. His eyes were full of mockery.

Even if Su Yu really knelt down, he didn't intend to let Su Yu feel good.

"So much nonsense." A sentence floated out from the dense golden palms.

Wei Lü sneered, "Then let me taste the price of being arrogant!"

Chi La --

However, at this moment, a powerful fluctuation leaked out from the encirclement.

Bang --

With a loud sound, the numerous palm prints that surrounded Su Yu were swept away with a bang and fell in all directions.

Looking at it, Su Yu held a huge blood-red longsword that was even taller than him. He stood there coldly.

The blood-red sword was not only long, but it was also wide and gave off a powerful wave.

"True Emperor rank weapon? How? Where did you steal it from?" Wei Lü could not believe it and shouted subconsciously.

Steal? In his mind, he did not even have an overlord. For a third level heavenly cave master to have it, he must have an evil background!

Su Yu's eyes were filled with death and coldness. He was tired of the endless pestering!

"You seem to think too highly of yourself." Su Yu did not use any sword techniques. He swung the asura sword down in an ordinary manner.

In an instant, a ten-thousand-feet-long phantom descended.

Pu --

Without any suspense, Wei Lü was heavily injured by the sword qi and spat out blood. The Vajra Buddhist power in his body was completely broken.

While spitting out blood, he also flew out of the boundary.

Holding the asura sword in his hand, Su Yu landed gracefully.

The strong wind blew up his ink-black hair and covered his left eye. His only left eye was filled with coldness. "Let's attack together!"

There were only three young men left in front of him. However, each of them was much stronger than Wei Lü!

Although they did not have silver overlords, they were all top-notch existences among the bronze overlords.

Hearing this, the three young men laughed angrily.

They hadn't even taken the initiative to provoke Su Yu, yet Su Yu had recklessly provoked all of them!

Originally, they didn't dare to face the true emperor rank divine weapon head on with just one person, but if there were three of them..

"Second brother, this person is extremely arrogant and his strength is ordinary. He only relies on a good divine weapon. The three of us working together will teach him a lesson!"

The person named second brother was the second strongest expert in the Red Leaf Branch Pavilion, Shan Xiong. He was second only to the white snow sword.

Shan Xiong looked at Su Yu coldly and nodded. "We should teach him a lesson. Overlords are not so easy to deal with. It will prevent him from recklessly provoking powerful enemies in the future. When that time comes, he won't even know how he died!"

Chapter 1665 Leap And Break (Third Watch)

"Hehe, that's right. We're not bullying him because we have more people, but we're teaching him the way of a person so that he can live a few more years!"

Li Yue had been watching from the side the whole time. Hearing their shameless remarks, she shook her head helplessly.

Forcing Su Yu to spar with him, he would get angry and attack him if the spar didn't go well. After losing consecutively, everyone would attack him together and gloriously call it teaching Su Yu the way of a person.

Unfortunately, they were the ones who needed to be taught.

"Devil Moon revolving stance!" Su Yu's eyes were cold as he swept his sword.

An arc-shaped sword Qi that was ten times bigger than before swept out.

With the same move, a top-tier true emperor rank weapon like the asura sword was naturally much stronger than the beauty under the Moon.

The three of them were still laughing when Su Yu's sword Qi suddenly froze.

Dan Xiong shouted anxiously, "Hurry up and attack! This kid is an expert in sword arts!"

Having experienced hundreds of battles, he knew the depth of this sword art at a glance!

The three of them used powerful divine arts together, but they were all crushed in front of the arc-shaped sword qi.

In the end, the three of them were like ants being swept out of the barrier by the arc-shaped sword Qi.

However, they were bronze overlords after all, and they used divine arts to block the sword qi, so they were not seriously injured.

Dan Xiong was extremely angry, and he shouted angrily, "Xue, how dare you, how dare you..."

"Get lost!" Su Yu had completely lost his patience, "Dark night meteor spike!"

In an instant, the asura sword pierced out with sparks.

Ah --

Pu --

Don't!

Ah --

In an instant, miserable screams rang out, and the three of them were all injured and flew backward. In terms of injuries, they were even more serious than the previous two.

"If you continue to be so noisy, don't blame me for not showing respect to my fellow disciples!" Su Yu was extremely annoyed. "Also, tell the people who ordered you to not provoke me!"

Finally, Su Yu looked at Lan Yue and said coldly, "Miss Lan, I appreciate your kindness. Please leave."

Lan Yue hurriedly explained, "Brother Xue, you've misunderstood. I didn't ask them to cause trouble for you. Yes, they said that they wanted to come and see you. I, I really didn't!"

Sensing Su Yu's coldness, Lan Yue was a little flustered.

Originally, with the help of heartless blade emperor, Lan Yue didn't think much of Su Yu.

But seeing Su Yu wipe out the three bronze overlords of the Red Leaf branch pavilion with one sword move, her heart was in turmoil.

It turned out that wiping out the ten great zombie hounds with one sword move was only the tip of the iceberg!

His true strength and potential were unfathomable!

Su Yu said indifferently, "I know. There's no need to explain. I want to be quiet now. Miss Lan, please do as you please."

Although she had no intention of opposing Su Yu, when her senior brothers attacked, she did not say a single word of support.

Lan Yue was resentful. She opened her mouth to say something to ease the relationship, but when she met Su Yu's cold gaze, she could only take her leave.

"Then Big Brother Xue, I'm leaving," Lan Yue said carefully. She was very regretful in her heart.

The reason why she stood aside was naturally because she felt that protecting Su Yu meant that she was bound to be at odds with her senior brothers.

Between Su Yu and her senior brothers, who was more important?

Of course, it was her senior brothers!

She had always been a woman who was good at scheming. She had analyzed the pros and cons very clearly, so it was not strange for her to make such a choice.

It was a pity that people's plans were not as good as God's. Su Yu's explosive potential had truly given her a fright.

How could she not feel regretful if such an assistant, whom she could use, had a conflict with her.

Walking out of the mountain, the more Lan Yue thought about it, the more regretful she became.

The more regretful she was, the more resentful she became.

She turned her head to look at Su Yu's back and muttered to herself, "HMPH! What's there to be arrogant about? Isn't it just that you're stronger? But Can you be stronger than the Heartless Blade Emperor?"

With this thought, Lan Yue felt relieved. She flicked her hair and left.

Not long after, in a secret chamber of the Star Pavilion.

Dan Xiong had blood at the corner of his mouth. He lowered his head in shame.

The rest of the people, including Wei LÜ, did the same.

In front of them, there was a young man with snow-white hair, a pale face, and lips that were as bright as blood.

Dan Xiong said, "That's how it happened. According to Big Brother's request, we tested his cultivation and his trump cards."

Such shocking strength gave Dan Xiong and the rest quite a shock.

He looked like a third level heavenly cave master, but his strength was actually as high as a bronze overlord!

The corner of White Snow Sword's mouth curled up with a trace of disdain, "It's alright, but that's all."

Dan Xiong and the rest did not feel that white snow sword's evaluation had any arrogance at all.

Because, in the eyes of a silver overlord, being able to defeat a bronze overlord was really not worth mentioning.

"Big Brother, then our injuries..." Wei LÜ was filled with hatred.

White snow sword said indifferently, "That depends on how Lucky Xue is. If he meets me, I will return your injuries to him tenfold!"

On the other side of the Star Pavilion.

The woman pavilion master listened to Mu Canghai's report, and her eyes flickered with light.

"It is indeed unexpected. Xue Yu is actually the representative of the ancient corpse sect," the woman pavilion master muttered to herself. "Then, he is proficient in various foreign languages. Could it be that he also came from the ancient corpse sect?"

Only the mysterious ancient corpse sect could create mutants who were proficient in all kinds of languages.

--

In the ancient corpse sect's courtyard.

Ravenous Wolf Star folded his hands in his sleeves, not without worry, he said, "It is reasonable for the young master to teach them a lesson. Everyone can see that they are deliberately provoking and forcing the young master to make a move to find out the young master's background. As expected, it should be done by Snow White Sword."

"This person's potential is not ordinary. He is only below Xue Guanyin, but he is exceptionally vengeful. When we reach the dream ancient altar, little master still needs to pay attention."

Su Yu said faintly, "Then, who do you think is more unlucky for white snow sword to meet me?"

Ravenous wolf star smiled meaningfully, "Hehe, I can't help but pray for white snow sword. Please don't let me meet you at the Dream Ancient Altar!"

Su Yu said meaningfully, "If he wasn't so unlucky, he probably wouldn't have offended me."

After all, he had to rebuild his body!

The next evening, the Snow Dragon Emperor sent an envoy to lead Su Yu into the Emperor's palace and headed straight for the famous yin-yang hot spring.

In the depths of the palace, there was an extremely dense yin-yang qi. It was as dense as mist, making it difficult for people to breathe and almost suffocating.

"What a dense yin and yang qi!" Su Yu secretly praised.

There was a Taoist saying that yin and yang turned into tai chi. Tai Chi gave birth to the two elements, and the two elements gave birth to all things.

All sources came from Yin and yang.

The Yin and yang hot spring could reshape the body, change the aura, and change everything from the source. It was not without reason!

“Young master, I will send you here.”The messenger stopped.

Su Yu asked, “Is there anything you need to pay attention to, or is there some taboo?”

The messenger said respectfully, “Just don’t go too deep. The Yin-yang qi is too strong, and it is counterproductive to the body.”

“Counterproductive? Tell me the details.”Su Yu said.

The Messenger’s expression was a little strange, “Men are Yang, and women are Yin. If you go to a place where the yin-yang qi is too strong, if you are not careful and absorb too much yin qi, young master may become a woman.”

Uh..

Su Yu was stunned. He imagined himself turning into a woman and could not help but feel a chill in his heart.

Fortunately, he had asked a few questions. Otherwise, if he did not know and entered the depths, the consequences would be unimaginable.

He came to the side of the yin-yang hot spring and a trace of primal energy lingered in the pool.

“An emperor has just left?”Su Yu was surprised.

Currently, in the northern snow country’s palace, other than the original body of the Snow Dragon Emperor, only the Pavilion Master of the Star Pavilion was a heaven and earth emperor.

As for the yin-yang hot spring, without the permission of the Snow Dragon Emperor, no one could enter, right?

“Why did the Snow Dragon Emperor come to the hot spring?”Su Yu had a trace of doubt in his heart.

Shaking his head slightly, Su Yu did not think too much and stepped into the yin-yang hot spring.

Instantly, Su Yu felt as if he had fallen into the furnace, and his entire body was about to melt.

In reality, he was indeed melting. From hair to skin, from muscles to bones, his entire body was melting.

Su Yu’s soul left his body and watched as his body melted into the yin-yang hot spring. In the hot spring, he turned into a black-and-white liquid with a radius of ten feet, forming the yin-yang shape.

That was the origin of Su Yu’s body, the source of everything that was carried by the yin-yang Qi.

According to Ravenous Wolf Star, Su Yu’s soul blew a breath into the liquid, which was full of Su Yu’s aura.

When it blew on the black ball of liquid, it seemed to come to life. With that breath as the center, it condensed back into a human form.

Height, facial features, hair, fur, and aura were all being reshaped.

Bit by bit, it returned to the old Su Yu.

Looking at his long-lost body, the heavy stone in Su Yu's heart could not help but be put down.

"Xue Yu, I'll borrow your body for a year. Thank you," Su Yu said calmly and entered the new Su Yu's body.

In an instant, Su Yu's soul felt extremely comfortable, as if he had returned to his own home.

In the past, no matter how much Su Yu's soul fused with Xue Yu's body, it was ultimately not the original body's. How could it be as comfortable as the original body's body?

Su Yu could not help but let out a light moan in satisfaction and checked his own body.

In every aspect, it was exactly the same as the body that had been taken away.

"The yin-yang hot spring is really a mystical item... wait!" Suddenly, Su Yu felt that something was wrong. "My cultivation base..."

He was surprised to find that the cultivation base of a stage three heavenly cave abode's world paragon was two levels higher than that of a stage one heavenly cave abode's World Paragon!

"This..." Su Yu was shocked.

Logically speaking, the body was merely reconstructed. The original cultivation base would still be the same after the reconstruction.

However, to cross two levels consecutively, such an unbelievable thing was really puzzling.

The reason why he could become a stage three heavenly abode's World Paragon from a dust immortal was that he had accumulated a lot of experience.

But why did he become a stage one heavenly abode's world paragon from a stage three Heavenly Abode's World Paragon?

Could it be that there was a powerful external force interfering with the process of reconstruction?

While he was deep in thought, an idea flashed through Su Yu's mind. He suddenly looked at the remnants of the primal energy in the yin-yang hot spring.

At this moment, there was not a trace of it left!

"Could it be that during the reconstruction process, my body absorbed the primal energy in the hot spring?" Su Yu was enlightened.

Only such an explanation could make sense!

"The remnant prehistoric power allowed me to break through two levels consecutively. Isn't the prehistoric power of the Snow Dragon Emperor Too Pure?"

Su Yu had come into contact with many emperors.

A trace of prehistoric power could allow a supreme dao expert to leap two levels in one go. It was definitely not ordinary.

“There seems to be something wrong with this Snow Dragon Emperor!” Recalling that the Snow Dragon Emperor also used the yin-yang hot spring and combined it with the unbelievably pure prehistoric power, the wise Su Yu keenly sensed that something was wrong.

Chapter 1666 Another Half A Month

With this question in his mind, Su Yu left the yin-yang hot spring.

With a clench of his palm, the godly power that was much stronger than before revolved rapidly in his palm.

“The first-level Heavenly Cave Abode’s World Paragon has an abundance of godly power that is ten times stronger than before!” This was the first time Su Yu experienced such powerful godly power, and he was so happy that he could not speak.

The power of the same godly technique that he used in the past would definitely soar to another level when it was used now.

“I’ve come to the dream ancient altar in time. However, it’s still not enough.” Su Yu’s brows showed a hint of heaviness.

He had never fought head-on with that tribulation transcender before.

The exact strength of the other party was still unknown.

If it was someone below Silver Overlord, it would be fine. But if it was someone above silver overlord, he might not be able to win this battle. On the contrary, he would be in trouble.

Unfortunately, Su Yu didn’t have the time.

The Nomological imprint couldn’t exist forever. As time passed, it would gradually weaken.

Now that half a year had passed, the imprint wasn’t as clear as before.

If he didn’t seize this opportunity and wait for the imprint to disappear, it would be as difficult as ascending to the heavens to find that tribulation transcender.

Recalling the nine Jade Spirit Pearl and the Xia Jingyu who had forgotten the past, Su Yu clenched his fists tightly.

“No matter how strong you are, you must pay back for the harm you caused us back then!” Su Yu’s expression was firm, and his eyes revealed a deep killing intent.

Tick tock --

A line of small words dripped down from the ice coffin on his back.

“Oh, such a strong killing intent. This king is afraid.”

Su Yu snorted coldly in his heart. “Sir, you don’t have to listen to my inner thoughts at all times, right?”

Tick-tock --

“Hehe, this king has taken a liking to you. Of course, I have to understand the feelings of my beloved at all times. Who asked this king to be a shy girl?”

Girl? Her? Recalling the seductive female corpse in the ice coffin, Su Yu could not help but Twitch the corner of his mouth.

She and the word ‘girl’ had nothing to do with each other.

Tick-tock --

“Speaking of which, after you reconstructed your body, you’re so handsome that you’re a mess. This king likes you more and more. I’m so excited that I can’t Sleep!”

Tick-tock --

“As the saying goes, it’s hard to find a good-looking man. It’s even harder to find a beautiful man like you who can topple countries and cities. This king has decided that no matter what it takes, I’ll Get You! HMPH, this king is serious!”

Su Yu was speechless. He had already gotten used to this female corpse who was obsessed with “Lust”.

“You talk too much nonsense!” Su Yu said coldly.

Tick-tock --

“It’s precisely because you talk too much nonsense that this king shows how much I love you!” The female corpse was shameless and was about to approach a certain person that Su Yu knew, however, she changed the topic. “However, that so-called tribulation transcender, your worry isn’t unnecessary.”

HM? Su Yu’s eyes narrowed. “What do you know?”

Tick-tock --

“Tribulation transcendents have grasped the dao of tribulation since ancient times. They are mysterious and unfathomable. There are many who want to kill Tribulation transcendents, but they all end up paying with their lives!”

Su Yu asked, “Even if their strength is much higher than that of Tribulation Transcender?”

Tick-tock --

“That’s right! The strength of a tribulation transcender is never measured by the level of cultivation. There are many emperors of heaven and earth who have died at the hands of an overlord-level tribulation transcender. It’s still too early for you to fight a tribulation transcender now.”

Su Yu slowly closed his eyes. The female corpse was mysterious and unfathomable. She was still in awe of a tribulation transcender, so she knew how terrifying a tribulation transcender was.

It seemed that he had to prepare a few powerful trump cards.

Now that his cultivation had recovered, there were indeed two things that needed to be dealt with.

Tick-tock --

“My beloved concubine, don’t worry. You are this King’s man. At the critical moment, I will lend you a hand.”

Su Yu glanced at the ice coffin indifferently and returned to the mountain without a word.

Just like yesterday, there were many unidentified people surrounding the mountain.

However, Su Yu’s appearance had changed greatly, so no one recognized him. He was the Xue Yu of yesterday.

Just as he was about to enter the mountain, he saw a mouse-headed man hiding in the crowd. His eyes were rolling around as he sized up the mountain where Su Yu lived.

It seemed that he was looking for a way to sneak in.

“Half a month? It’s perfect timing.” Su Yu’s eyes sparkled.

The half a month revolved around the mountain. However, the houses on the peak of the mountain were protected by a powerful barrier. It was difficult to sneak in.

After thinking for a while, the half-moon quietly left the crowd and came to the foot of the mountain where there were few people.

He wanted to go through the belly of the mountain and enter the house on the peak of the mountain to avoid the defense of the barrier.

After carefully observing for a long time, he found a weak spot on the mountain.

“Heavenly Mouse Mouth!” His sharp long mouth bit at the weak spot.

With a cracking sound, the mountain made of hard stone was crushed by the heavenly mouse’s bite, revealing a hole the size of a person.

“Hehe, there is nothing in the world that I can’t reach in half a month!” The heavenly mouse chuckled and poked his head in.

Unexpectedly, his tail was stepped on by someone just as it entered half of his body.

A familiar half-smile floated into his ears.

“Brother half a month, how have you been?”

Half a month was shocked at first!

He was born to be proficient in space, and his perception of space was far better than ordinary people.

There was actually someone behind him, but it did not cause the slightest change in space. This meant that this person’s attainments in space had completely crushed him to the ground.

Back then, he was not even a god level expert, yet he was able to sneak out and steal the things of an overlord level expert.

And now, as a god level expert, he had been caught red-handed!

He had only experienced such an experience once.

Hearing that familiar voice again, the heavenly mouse's entire body trembled violently, and he cried out involuntarily, "It's You, Su Yu?"

Su Yu released his foot, and the heavenly mouse pulled back its body. It looked up and saw that it was really Su Yu!

Its eyes were filled with disbelief. "Oh my God, you actually didn't die, and, and even escaped that place?"

Su Yu smiled and said, "What? Only you are allowed to escape from the cage of Taotie, but I'm not allowed to appear?"

Half Moon was stunned for a moment and then smiled bitterly, "That's true. You are the king of the divine realm. If I can escape, there's no reason for you to still be trapped in there."

King of the Divine Realm? Su Yu was stunned.

Half Moon's eyes were filled with admiration, he laughed strangely and said, "The two great divine realms have tens of millions of races. Who doesn't know that you, Su Yu, are the king of the two realms? Your actions have long shaken the living beings of the two realms. You Don't know that you are the god of faith that the Divine Realm worships, right?"

Back then, when the evil daughter was born, the Devil Dragon broke the seal and all kinds of evil spirits appeared in the God realm, causing harm to the four directions.

As a leader, Su Yu led all the experts to take the initiative to attack.

Although he was unable to seal the evil daughter again in the end, that soul-stirring battle had established Su Yu's position in the hearts of all the living beings.

A trace of shame filled his heart. He only brought out the living beings that he was familiar with, while the living beings of the god realm were still trapped in the cage of Taotie.

He really could not bear the title of the King of the divine realm.

The two old friends met in a different place and told each other about the past days. They were all disappointed.

"Su Yu, why are you here?" Half Moon still found it unbelievable.

Su Yu asked in return, "Why? You have joined the Star Pavilion, but you have never heard of Xue Yu's name?"

"AH? Xue Yu?" Half Moon said in surprise, "The famous Xue Yu, how could I not know? Wait, Su Yu, Xue Yu... could it be, it's You?"

Su Yu smiled faintly and nodded. "What do you think?"

“Hiss...”half moon sucked in a breath of cold air and said, “As expected of the king of the divine realm. No matter where he goes, he can do something earth-shattering!”

Xue Yu’s time in the Star Pavilion was very short, but to alarm the Chief Pavilion Master and the three Great Pavilion Masters, how shocking was that?

Suddenly, half moon slapped his head. “If you are Xue Yu, then isn’t my mission this time to target you?”

Su Yu said, “I was just about to ask, you were sneaking around my mountain. Could it be that you wanted to sneak in and steal some treasures?”

Hearing this, Half Moon said with a sad face, “If I knew that Xue Yu was Su Yu, I wouldn’t have come even if I was beaten to death.”

The world was unpredictable. Who would have thought that two old friends would reunite in such a way?

Su Yu had caught the Taiyi Eastern Emperor Bell that he had stolen from Su Yu back then.

Now, he had come to steal again and was caught by him again.

The only two times he had failed were in Su Yu’s hands.

“Did Zhao Fu send you here?”Su Yu asked.

Half Moon nodded. “Yes! When he learned that the power represented by the coffin and the person he sent was you, he specially asked me to steal your dream ancient altar invitation letter.”

Su Yu said, “Nothing unexpected happened!”

He paused and said, “Other than stealing my invitation letter, there’s someone else’s, right?”

“It’s Mu Canghai’s!”Half Moon didn’t hesitate to betray Zhao Fu. “He asked me to use a fake invitation letter to exchange for a real invitation letter!”

Sure enough!

Su Yu had made some guesses when he saw Half Moon for the first time. Now, it seemed like he was really targeting Mu Canghai.

Think about it. A few days later, when the dream ancient altar opened and Mu Canghai took out a fake invitation letter, how would the Snow Dragon Emperor deal with it?

The ancient dream altar was the place that the snow dragon emperor valued the most. If someone showed a fake invitation for the first time, they would try to fool the Snow Dragon Emperor.

Would the snow dragon emperor make an example of the others to intimidate the little ones?

The possibility was as high as 90% !

This plan was indeed vicious. It was simply putting Mu Canghai to death!

“Where did you put her invitation?”Su Yu asked.

Half Moon shrugged helplessly. “I’ve already given it to Zhao Fu.”

After pondering for a long time, Su Yu's eyes flashed. "Half Moon, are you under Zhao Fu's control?"

It was hard to imagine that a godly thief like half moon would work for Zhao Fu in peace.

Half Moon nodded bitterly. "At that time, although I escaped from the Cage of Taotie, I was transported to a group of ferocious sea beasts. It was the people from Yin Chuan Branch who passed by and saved me."

"Zhao Fu saw that my divine path was scarce and was very useful, so he used medicine to control me. If I didn't listen, I wouldn't be able to live for more than ten days." Half Moon's eyes revealed some hatred. "Now, he gives me an antidote every month to stabilize me. He wants to control me forever."

Su Yu said, "Let me see what kind of poison it is."

He used his divine power to probe half moon's body and found that there was an obscure energy in all of his limbs and bones. It attached to his body and poisoned his bodily functions.

After thinking for a long time, Su Yu found a trace of memory.

But the more it was like this, the colder Su Yu's eyes became.

"It's the bone decay chaotic heart poison!" Su Yu's expression was cold.

Half a month said dispiritedly, "It is indeed this poison. If there is no antidote to temporarily suppress it, the body will continue to rot and harm the soul. It will destroy the body and soul. It is very vicious."

Chapter 1667 Outsmarting The Poison Formula

"The most despicable thing is that there is no antidote to this poison. In other words, only the person who poisoned the poison knows the antidote."

There were a total of 99 ingredients in the formula for the bone decay chaotic heart poison. Any change in one of them would cause the poison to change.

If one wanted to make an antidote, they would need to refine it according to the formula.

Only he knew which 99 ingredients Zhao fu used. Outsiders had no way of knowing.

Even though half a month could steal everything in the world, how could he steal Zhao Fu's memory?

Thus, he was under Zhao Fu's control.

"I'm afraid it's more serious than you think." Su Yu's face was dark. "Even if there's a temporary antidote to suppress the poison, the bone-rotting chaotic heart poison isn't as simple as you think."

After arriving at the absolute beginning realm, Su Yu read a lot of books.

After joining the Star Pavilion, he had high authority and read many ancient books that weren't available on the market. His understanding of the bone-rotting chaotic heart poison was much better than half a month.

Half a month said uneasily, "If you have something to say, just say it."

Su Yu said, "There's no temporary antidote for this poison. What Zhao Fu gave you is another lethal poison to suppress the spread of the bone-rotting chaotic heart poison."

"Right now, other than the bone decay chaotic heart poison, there are more than eighty other lethal poisons in your body. In less than three years, your cultivation will regress and you will die within five years. You Won't be able to wait for the bone decay chaotic heart poison to take effect before you die."

"What?" Even though half a month was mentally prepared, he was still shocked. "How is that possible? I've checked myself. Other than the bone decay chaotic heart poison, there's no other poison in your body!"

Su Yu said, "That's because the bone decay chaotic heart poison has a very special effect, but very few people know about it!"

"What is it?"

"That is, it can absorb the other poisons!" Su Yu said, "Those more than eighty types of lethal poisons are all hidden in the bone decay chaotic heart poison. Of course, you can't detect them."

The reason why Su Yu could detect them was that among the Ten Thousand Divine Dao he mastered, there was one type of divine dao that was related to poisons.

Hence, he was able to easily detect the poison that half a month could not detect.

"Lord Su, do you have a way to save me? I don't want to die yet!" Half a month fixed his gaze on Su Yu.

Su Yu shook his head. "If it was in the past, I could easily pull out the poison for you. But now, there's nothing I can do."

If the Milky Way star sand was still in his hands, how difficult would it be to get rid of a little poison?

It was a pity that this item had already been stolen by the Xuanming Path Master.

A trace of paleness appeared on his face. He clenched his fists tightly, and his eyes revealed deep hatred. "Zhao Fu! How dare you lie to me? I want to fight you to the death!"

Knowing that death was near and that there was no way to save him, half a month was determined to perish together with him.

"Wait!" Su Yu said, "We are not at the final step yet, why do you have to give up?"

"But the poison in my body..." Half Moon was disheartened.

Su Yu said, "Although I can't do anything about it, Zhao Fu has a way! To solve the problem, the person responsible must be the one who solved it. If we can know Zhao Fu's formula, everything can be solved easily!"

“What about the remaining 80 or so types of poison?”

Su Yu said, “The bone decay chaotic heart poison absorbing the remaining poison is both a disadvantage and a benefit. If it can resolve the bone decay chaotic heart poison, the poison absorbed by it will also be completely eliminated.”

Only then did half moon’s expression become much better, but then, he said with difficulty, “Zhao Fu is a cautious person. Back then, I had thought of stealing the excess bone decay chaotic heart poison that he was refining, but he destroyed all the excess. In this world, other than his own memories, no one knows what materials he used in refining.”

Su Yu’s lips curved into a meaningful smile. “Then, won’t it be fine to let him tell you personally?”

“En?” Half a month was confused. He immediately realized that Su Yu was famous in the divine realm for his intelligence. He could not help but be slightly excited. “Please save me, Lord Su!”

Su Yu’s lips curled. “It’s very simple. Just do as I say!”

--

On the mountain of the Star Pavilion.

Zhao Fu’s expression was leisurely. He lay in the courtyard and leisurely flipped through the ancient books.

He was in an exceptionally comfortable mood. “Hehe, Mu Canghai, Oh Mu Canghai, I’ll see what you’ll do in three days! At that time, even if the head pavilion master appears, he might not be able to save you!”

“Now, only that damned little bastard is left!” Zhao Fu’s eyes were filled with hatred. “However, you’re almost there!”

“As long as I exchange the invitation letter in half a month, I’ll send you and Mu Canghai on your way together! As for me, I’ll strategize and defeat you from a thousand miles away with no effort at all. I’ll put you in a place where you’ll never be able to recover!” Zhao fu laughed loudly.

Shua --

A mysterious figure used a space divine art to arrive a hundred feet in front of him.

Zhao Fu didn’t need to sense carefully to know who it was. His eyes lit up as he said, “You succeeded so quickly? Show me quickly!”

Half Moon had his hands behind his back. His face was filled with a cold smile as he stared at him without blinking.

“Are you deaf? I’m asking you a question!” Zhao Fu was used to berating him.

Half Moon’s cold smile deepened. In the past year, Zhao Fu treated him like an animal and had never shown him any kindness.

He would berate him if it was light, scold him if it was heavy, and live a life of humiliation.

However, half moon was controlled by the other party and had to endure until the day he gave him the antidote.

Who knew that Zhao Fu had no intention of letting him go.

Half Moon had his hands behind his back as he sneered, "I didn't succeed!"

Zhao fu stared at him and sneered, "What kind of attitude is this? How dare you talk to Me Like This?"

He stepped forward and slapped Half Moon.

Half Moon sneered and took out a talisman. It was the powerful talisman that the Snow Dragon Emperor had personally given him.

Zhao Fu was startled by the aura that suddenly spread out. He hurriedly withdrew his hand and retreated. He was astonished, "Half Moon, where did you come from?"

"Hehe..."half moon said, "Pavilion Master Zhao, you used me for so long, but you don't know what I Do?"

"You, you stole it?"Zhao Fu took a deep breath and was overjoyed.

An emperor-level protection talisman. Oh My God, it was an undying talisman!

With this protection talisman, the nine pavilion masters had to be more polite!

"Half Moon, give it to me! I'll give you a temporary antidote for three months!"Zhao Fu was so excited that he could not speak.

Unexpectedly, Half Moon's mocking expression deepened: "Are you an idiot? With this talisman, why should I listen to you like a dog? I can easily crush this talisman and send you on your way a hundred times!"

Zhao fu narrowed his eyes and threatened: "Half Moon, you don't seem to care about the bone decay chaotic heart poison at all? Without the temporary antidote to suppress it, you will soon be poisoned!"

Half Moon smiled contemptuously, "A temporary antidote. It's another deadly poison, right?"

It could be clearly observed that Zhao Fu's body trembled slightly. His tone was sharp, "Who told you? Speak!"

Half Moon said coldly, "An old friend!"

"Where did you get an old friend?"Zhao fu expressed his deep suspicion, "Forget it. Since you know that the bone decay chaotic heart poison can not be cured, then do you still want to get the real antidote? "Be obedient and I'll give it to you now. Otherwise, HMPH HMPH, I think you've already tasted the pain of the bone decay chaotic heart poison when it acts up."

"Hahaha... Zhao Fu, Oh Zhao Fu, why do you think I came back?"Half Moon said disdainfully, "I came to bid you farewell!"

“I’ve done many things for you in the past year and have already repaid the favor of saving you. We don’t owe each other anything. Farewell!”

Zhao Fu was surprised. “Don’t tell me that the poison has already been cured!”

Half Moon smiled coldly. “What do you think? Goodbye, Zhao Fu. Find someone else to be a dog. I Won’t accompany you! !”

After saying that, he turned around and walked away without any hesitation.

“Stop!” Zhao fu roared. How could he let go of this extremely valuable help and walk away.

Half a month didn’t even look back. He waved the emperor level talisman in his hand.

Zhao Fu stopped abruptly. He clenched his fists in anger and stared at half a month as he slowly disappeared from his sight. He didn’t even look back.

“Impossible! who can resolve the bone decay chaotic heart poison that I personally concocted?” Zhao fu still refused to believe it.

However, half a month’s expression and actions didn’t allow him to doubt.

If he had not completely gotten rid of it, how would half moon dare to be so arrogant?

“There are indeed some heaven and earth numinous treasures in the world that can resolve the poison. Could it be that half moon obtained it by accident?” Zhao fu could not help but think, “Or could it be that mysterious old friend of his?”

The bone decay chaotic heart poison could absorb other lethal poisons. Few people knew about this characteristic.

Zhao Fu had also unintentionally seen it from an extremely unremarkable ancient book.

Half a month’s old friend knew that it was very likely a poison master, so it was not strange that he had a heaven and earth numinous treasure that could counter lethal poison.

“Outrageous!” Zhao Fu was furious. “Men, follow half a month. We must find the old friend that he is!”

Several afterimages flickered and disappeared from outside the house.

He casually waved his hand, and a space fluctuation appeared beside him.

A giant door appeared in the fluctuating space, and there were many stars arranged on the door.

Zhao Fu’s fingers arranged several stars in order, and the giant door opened, revealing a large internal space.

It was Zhao Fu’s unique spatial storage. Not only was its location secret, but it was also set up by an array.

Only by knowing the correct order of the stars could the giant door be opened.

The secret was very high.

After entering the giant door, Zhao Fu came to a wooden box.

There was an ancient formula in the box. Staring at the formula lying quietly in this place, Zhao Fu was annoyed. "It seems that the so-called old friend really solved the bone-rotting chaotic heart poison! How Hateful!"

With a gloomy face, he left the space and closed the giant door again.

At the same time, he messed up the order of the stars.

What he didn't know was that in the sky above the Star Pavilion, a silver-haired young man saw his every move clearly with a pair of pale eyes.

With a smile on his face, the silver-haired young man merged into a space.

When he reappeared, he quietly appeared in front of the stone door hidden in the space.

Gazing at the chaotic star array, the silver-haired young man rearranged a few of them with ease.

Creak --

The huge door opened, and the silver-haired youth leisurely entered.

He was the first to arrive before the wooden box and put it into his sleeve.

Next, there were two invitation letters for the ancient dream altar.

One was Mu Canghai's, and the other was his.

The silver-haired youth's lips curled, and he couldn't help but take back Mu Canghai's, as well as Zhao Fu's.

Not only that, he also left behind two forged invitation letters. They were all from Half Moon, and it was difficult to detect them without careful observation.

"Hehe, Pavilion Master Zhao, we'll meet later!" The silver-haired young man was naturally Su Yu. He smiled faintly and was just about to flash out of the door.

Unexpectedly, the stone door opened once again!

Su Yu was startled. Could it be that Zhao Fu had discovered something strange and came to investigate?

Without thinking, Su Yu hid behind a screen.

Activating the clairvoyance eye, Su Yu quietly probed.

In the end, he was shocked to discover that it was a woman covered in light who sneaked into Zhao Fu's storage space.

Su Yu surprised, Zhao fu a sub-pavilion master what to steal?

Chapter 1668 Merging The Two Swords

The woman was searching for a target. She turned a blind eye to the small items and only observed the big ones in detail.

The space was completely searched. The woman stood in front of the screen and muttered to herself, "There's no such thing. It's not him!"

Was she trying to confirm someone's identity? Su Yu saw it clearly.

"I came here for nothing. It's time to go!" The woman shook her head and sighed. She turned around and headed towards the exit.

However, the moment she turned around, a cold light flashed in her eyes. Without any warning, she shot out an ice needle and stabbed at the screen behind her.

She discovered Su Yu's existence, but pretended not to know.

Only at this moment did she attack without warning!

If it was an ordinary person, they would have been caught off guard long ago.

However, Su Yu had been on guard since the woman appeared.

Before she attacked, Su Yu had already reacted!

"Dark night meteor spike!" Su Yu held the asura sword and pointed at a fiery red flower.

Swoosh --

The ice needle was extinguished. The remaining cold air flipped the screen, revealing Su Yu who was hiding behind it.

The woman shouted coldly, "Who are you?"

Su Yu had changed his appearance a long time ago. No one in the absolute beginning realm recognized him.

She had seen Xue Yu, but she had never seen Su Yu.

Su Yu's silver hair fluttered as he asked indifferently, "Who are you?"

"Answer my questions!" The woman's murderous aura flashed as she said coldly.

A deeper murderous aura spread in the space.

She wanted to silence him.

Su Yu shrugged. "I have the same goal as you. I want to take something."

His expression softened slightly. "You're not Zhao Fu's Man?"

"Haha, Miss, do you think I wouldn't do anything if I were Zhao Fu's Man?" Su Yu said indifferently.

The woman's expression softened once more. It seemed that she had decided to give up on silencing him.

However, just as Su Yu let down his guard, she attacked again without any warning.

An icy cold sword suddenly stabbed out from her wide sleeves.

Su Yu laughed angrily, “Empress Zi Wei, if you want to Alarm Zhao Fu, I’ll accompany you to the end!”

That cold qi, that powerful cultivation, and a woman’s body.

It wasn’t hard to guess her identity!

She was the descendant of the Snow Dragon Emperor, Empress Zi Wei!

Her strength was much stronger than the white snow sword!

“Boundless Devil Gate!” Su Yu’s Asura sword slashed out a pitch-black crack.

A huge sword surrounded by Devil Qi descended from the crack, giving off a shocking pressure

The same move, different cultivation levels, and different weapons gave off a different power.

The power of this sword was three times stronger than when it killed wild god!

That pressure was considered the pinnacle even among silver overlords.

The powerful sword Qi stirred the entire space. Empress Zi Wei was shocked, “A small first level heavenly cave master can actually unleash a silver overlord level move?”

She thought that she could easily kill Su Yu, but she did not expect Su Yu to create such a huge commotion.

Without thinking, she gave up on this sword and jumped out of space without a word.

The sword just now must have alarmed Zhao Fu!

Although she was not afraid of Zhao Fu, she was afraid of the Pavilion Master of the Star Pavilion!

Su Yu immediately put away this sword and jumped out of space.

At the same time, she immediately used the Supreme Dao of space and left this place with a thought.

Not long after they left, Zhao fu sensed the abnormality in the storage space and entered to investigate.

“Demonic Qi, cold qi?” Zhao Fu was shocked. “Who sneaked into my storage space?”

He scanned left and right and found that something was missing. He was instantly enraged. “Half Moon! How dare you trick me! !”

What was missing was the poison formula that contained the bone decay chaotic heart poison!

He instantly understood that half moon did not detoxify the poison at all. Instead, he was setting up a trap!

Zhao Fu, who was suspicious, would definitely check the things related to the antidote out of caution.

And he had actually been tricked into coming to check on the hidden poison formula.

Everything had been in the other party's calculations!

This feeling of being fooled made Zhao Fu furious and furious.

Although he was angry, his mind was still clear. He immediately checked the space to see if there were any other things missing.

While he was checking, he casually glanced at the invitation and found that it was still there, so he didn't carefully observe it.

He naturally thought that half a month's main target was the poison formula. The invitation was useless to half a month, so he probably wouldn't touch it.

Plus, it was still there, so Zhao Fu was careless and didn't carefully check whether it was real or fake.

When he came to the outside world, Su Yu stared at Empress Zi Wei who was not far away.

He had already taken off his mask and revealed his true appearance.

His extremely beautiful cold face was covered with traces of killing intent.

It was probably because Su Yu saw her whole process that made Empress Zi Wei want to silence him.

Su Yu's expression was calm. "What, do you want to fight here?"

The Mystic Crystal Palace was filled with guests from all directions. Once they started fighting, it would be very lively.

"HMPH! No matter who you are, you better watch your mouth! If you say anything, I'll take your life next time!"

In his eyes, Su Yu was just an ant that he could easily crush.

The only reason he was still alive was because it was inconvenient for her to make a move!

With a flash of light, Empress Zi Wei quickly left.

Su Yu smiled faintly. If she really made a move, that seal of the Emperor of Heaven and Earth could kill her several times.

Turning around, Su Yu arrived at a remote area of the Mystic Crystal Palace.

"Come out." Su Yu landed and said.

Half Moon poked his head out and appeared with anticipation in his eyes. "Lord Su, how is it?"

Su Yu said, "As expected, although Zhao fu destroyed the excess bone decay chaotic heart poison, he still kept the poison formula."

With a shake of his sleeve, Su Yu took out a wooden box.

Half Moon took it and was overjoyed. "Lord Su, I will never forget the kindness of your rebirth!"

Waving his hand, su yu said, "It's nothing. Moreover, I can return the favor to you. You Don't need to thank me for getting rid of an enemy."

"No matter what, I will repay your kindness!" Half Moon insisted.

Su Yu asked, "What are your plans now?"

Half Moon thought for a while and said, "I've read in the ancient book of Zhao Fu that there are a group of rats in the absolute beginning realm. Perhaps, we heavenly rats are among them. I want to go there and take a look."

Rats? There were indeed rats in the absolute beginning realm. Moreover, among the ten thousand clans, they were the upper third-class existences. They weren't weak at all.

If Half Moon could return to the Rat clan, it would be better than wandering in the outside world.

"Be careful." Su Yu took out an interspatial ring. It was wild God's storage item. He didn't have time to check what was inside. "Take this. You can count it as a coil."

Half a month was moved. They had just met by chance. They were just old friends.

However, Su Yu didn't just save him. He also gave him a generous gift.

Half a month was touched by this kindness. He bowed deeply. "Sir Su, if I have a chance to become famous in half a month, I will repay you ten thousand times more."

Taking the storage ring, half a month bowed and left the mysterious Crystal Palace.

Su Yu sighed, "I don't know who else came to the absolute beginning realm besides half a month."

After a while, Su Yu returned to the ancient corpse sect's mountain peak.

After he told Li Yue and greedy wolf star, Su Yu immediately went into seclusion.

He had to prepare more trump cards before the Great War with the Tribulation Transcender realm!

In the secret chamber, Su Yu took out a fossilized dragon bone.

"The Stone Dragon Bone Sword, huh..." Su Yu stared at the Dragon Bone and murmured.

This sword was a rare item that Jian Xuan had spent decades to excavate.

Su Yu also learned about the origin of this sword from the remains of a divine dragon.

This sword was a mysterious bone sword that was spat out by a giant dragon with a crown on its head before it died.

"The sword is like a silver overlord, but it thinks that it can use this sword to fight against the Emperor of Heaven and earth. It can be seen that this sword is extraordinary!" Su Yu stroked the bone sword.

He tried to refine it again, but just like before, he couldn't refine it at all.

It was as if something was missing.

"Is it because of the Dragon Pearl that was spat out at the same time?" Su Yu's eyes flickered.

He waved his left hand again, and an enormous stone sword appeared in the secret chamber.

If the secret chamber wasn't a huge cave world, the size of the stone sword would have destroyed the secret chamber long ago.

Touching the stone sword at a close distance, that faint sense of familiarity once again lingered in his heart.

"Stone sword, stone dragon bone sword..." Su Yu flashed with a bright light and threw a punch at the stone sword.

A layer of ripples rippled from the surface of the stone sword, easily neutralizing this punch.

"Even a first-level heavenly cave abode World Paragon was unable to shake it. The stone sword indeed has some skills," Su Yu muttered.

As an existence with the foundation of the Sword Pavilion, the fact that a stone sword could spontaneously produce a sword technique manual was already extraordinary.

There must be something fishy inside the stone sword.

Since his fist couldn't do it, Su Yu took out the asura sword.

In the end, the sword was still repelled by the ripples when it was slashed on it.

"Even the asura sword couldn't break it?" Su Yu found it more and more interesting.

After that, he tried many methods, but the stone sword was flawless and showed no signs of breaking.

After several failed attempts, Su Yu paused. When he glanced at the stone dragon bone sword beside him, his heart moved slightly.

He grabbed the stone dragon bone sword and slashed at the stone sword.

Kacha --

A scene that made Su Yu slightly happy appeared.

The stone sword was like soft mud and was easily cut off by the Stone Dragon Bone Sword.

"It really works!" Su Yu's eyes revealed joy as he continuously slashed with the ancient sword in his hand.

As the stone pieces fell, the stone sword that was ten thousand feet tall was only ten feet tall!

A transparent long sword stood quietly in front of Su Yu.

"The power of the Divine Dragon? Unbelievable!" Su Yu was amazed.

The long sword in front of him was not real, but it was formed from the extremely powerful power of the Divine Dragon!

Such dense divine power was only second to the World Creation Dragon and the World Destruction Dragon!

Su Yu held the sword with the power of the Divine Dragon, while his right hand held the stone dragon bone sword.

After thinking for a while, the two swords became one!

The Stone Dragon Bone Sword easily merged into the Longsword formed from the dragon power!

Cracks gradually appeared on the surface of the stone dragon bone sword, then layers of jade chips peeled off and gradually dissolved.

The true appearance of the stone dragon bone sword was gradually revealed!

How was that still a dragon bone? It was clearly a white Jade Dragon Sword!

The hilt in Su Yu's hand was the tail of a dragon.

The long and narrow body of the sword was the body of a dragon.

And the sharp tip of the sword was the head of a dragon!

At a glance, how was it a sword? It was clearly a three-foot-long white jade dragon!

Waves of surging vitality burst out from the dragon sword and kept jumping in Su Yu's palm, as if it was going to fly into the sky in the next moment.

At the same time, a clear current flowed into Su Yu's body through the sword hilt.

An unfamiliar piece of information immediately appeared in his mind.

"The Royal Longzun Sword..." Su Yu softly recited the information in his mind.

"The Dragon Clan, the keepsake of the previous Dragon Emperor, the one who holds the Royal Longzun Sword, commands the Dragon Clan!"

Traces of shock appeared in his eyes.

This was actually the symbol of the Supreme Dragon Clan!

Chapter 1669 The Show Began

Su Yu was surprised, but he finally understood why Jian Ruxiong valued this dragon bone so much.

For this reason, he did not hesitate to mobilize the entire sect to search for Su Yu in the entire Jian Xuan Sea area.

Unfortunately, Heaven's plan was not as good as man's. The thing that Jian Xuan spent so much effort on finally fell into Su Yu's hands.

Then, more information appeared in Su Yu's mind.

It was about the details of the Royal Longzun Sword. According to the information, the Royal Longzun sword was made by the first Dragon Emperor using his own dragon spine bone.

The body of the sword naturally retained the three most powerful divine arts of the first Dragon Emperor.

Its power was extremely powerful. Even the most superficial first style could contend with the Emperor of Heaven and earth.

As for the last two styles, although the information was not detailed, it was definitely higher than the first style.

Su Yu was excited.

This sword was much stronger than the Shura Sword!

Of course, if someone with a lower realm forcefully used the Royal Longzun Sword, the consequences would be quite serious.

It was like a child wielding a 100-kilogram sword. Before he could hurt the enemy, he would be crushed by the weight of the sword.

Unless it was a last resort, he could not easily try it.

The lowest realm to wield this sword was the cultivation of an overlord!

Without this realm, no matter how he wielded the Royal Longzun Sword, it would not release any power.

“Overlord Realm?” Su Yu frowned slightly.

He had just broken through to the first level of the heavenly cave abode and had not consolidated it yet. How difficult would it be to break through to the Overlord realm again?

Whether he could break through to the Overlord realm before he met the Tribulation Transcender realm and master this sword was completely unknown!

All of a sudden, Su Yu felt a trace of warmth in his palm.

He moved his palm away and found that there was a thumb-sized transparent crystal ball in the hole in the center of the sword hilt.

The incomparably surging dragon power was filled in the ball, providing the royal longzun sword with an endless stream of divine dragon power.

Only in this way could the Royal Longzun sword unleash the powerful divine arts of the Dragon Race.

“It seems that the longsword formed from the power of the divine dragon hidden in the stone sword is the missing Dragon Pearl that the Dragon Emperor spat out that day.” Su Yu suddenly understood.

No wonder the stone sword was able to sense him when he came into close contact with it.

So, the Dragon Pearl was inside the stone sword.

Su Yu had previously cultivated the Dragon Clan’s forbidden technique, the Treasure Scroll of the Dragon Abyss. The Dragon Pearl had just sensed it and mistook Su Yu for a member of the Dragon Clan.

After sorting out the cause and effect, the corners of Su Yu’s mouth curled up into a faint smile.

“Creation Dragon, Oh Creation Dragon, you didn’t expect that the “Dragon Abyss Treasure Scroll” that you tricked me to cultivate back then would actually

help me. I wonder what kind of expression you would have if you knew now.” Su Yu couldn’t help but think.

At the same time, a bolt of lightning flashed through Su Yu’s mind.

He clearly remembered that eternal night seeking devil had obtained the Dragon Pearl of the Creation Dragon, which was how he had jumped from a god to an overlord.

Now that the Dragon Emperor’s Dragon Pearl was in his hands, could he also..

Su Yu’s heart pounded!

With Hope, Su Yu first consolidated his cultivation.

He had unexpectedly broken through to the first level heavenly cave abode’s World Paragon, and his divine power was exceptionally huge. He needed to carefully comb through it.

Three days later, Su Yu slowly opened his eyes. Two wisps of bright light flickered in his eyes, and his entire essence, Qi, and spirit also changed.

Although he didn’t move, he gave off a strong sense of pressure.

“According to the ancient books, breaking through to the Overlord realm requires a very difficult period,” Su Yu recalled.

The reason why the Overlord was stronger than the world paragon was because the Overlord’s divine power was far more abundant than that of the world paragon.

If the first Heaven’s World Paragon’s divine power was one, then the Bronze Overlord’s divine power was ten!

The difference of a level was ten times the change of divine power!

And the peak-level cave master’s divine crystal was already filled with divine power, how could it continue to contain ten times the strength of divine power?

Hence, it needed to open up another space to store divine power.

That space was called the inner residence.

Opening up the inner residence was the process of becoming a galaxy overlord.

This process was usually very difficult.

Relying on oneself to open up the inner mansion bit by bit, it would take at least a hundred years, at most a thousand years.

Even more than 90% of the world paragons were stuck in the process of opening up the inner mansion and could never become an overlord.

Those who became an overlord at such a young age usually had experts from the sects who used their powerful divine power to help open up the inner mansion.

For example, the White Snow Sword of the Star Pavilion, the successor of the Emperor who killed the emperor, the ruthless Blade Emperor, and the successor of the Snow Dragon Emperor, Empress Zi Wei.

Of course, there were a few exceptions, such as Xue Guanyin of the Star Pavilion.

She was born with a blood lotus in her mouth, and her cultivation was like divine help, advancing at a rapid pace.

She did not have any help from her elders, and the reason why she was able to open up the inner mansion in such a short time was probably because of the mysterious blood lotus.

Su Yu did not have any elders, but like Xue Guanyin, she had a rare treasure!

Dragon Pearl!

With the help of the endless power of the powerful divine dragon, opening up the inner mansion was just around the corner!

And with the help of the power of the Divine Dragon, she could follow the example of eternal night seeking the Devil and refine the Dragon Pearl!

Unfortunately, she did not have much time.

Three days had passed, and the day of the opening of the ancient dream altar was approaching. She could only try to refine it slowly on the way.

When she opened the door of the secret chamber, she saw Li Yue. She smiled faintly. "I thought you had gone into seclusion for too long?"

"How are your preparations?" Su Yu asked.

Li Yue was startled. "You want to take me there?"

"Don't you want to Go?" Su Yu smiled.

Li Yue nodded. "I do, but I don't want to hold you back."

She thought she was mediocre, but she had a stubborn side in her heart.

Just like that night under the moon, she revealed her unyielding heart of martial arts.

Su Yu shrugged. "I'm just taking you along the way. Whatever good fortune you have, it's up to you."

Blinking her eyes, Li Yue smiled like a lotus flower. "Thank you."

After the preparations were done, they connected to the Ravenous Wolf Star and arrived at the palace of the Snow Dragon Emperor.

At the birthday banquet three days ago, Xue Yu had shocked everyone.

Many people were paying attention to Xue Yu during this gathering.

To their regret, Xue Yu did not appear.

Instead, it was replaced by an unfamiliar young man they had never seen before, a silver-haired handsome young man who kept a low profile.

Noticing that he was together with Li Yue and ravenous wolf star, some smart people could not help but guess.

“Could that silver-haired young man be Xue Yu?”

“The possibility is very high! You should remember Xue Yu’s request to the Snow Dragon Emperor, right? The Yin-yang Hot Spring!”

“That’s not right!” But there were also people who raised objections.

“The yin-yang hot spring can change a person’s appearance and aura, but it’s impossible to change one’s cultivation!”

“Do you think it’s possible for a level three heavenly cave abode world paragon to break through to level one in one night?”

“The possibility is zero!” An old man said, he said with certainty, “Think about Xue Guanyin from the star pavilion, ruthless blade emperor who killed the Emperor’s descendant, and Empress Zi Wei who killed the Snow Dragon Emperor’s descendant. Which one of them isn’t a peerless genius? However, they have never broken through from the third sky to the first sky in one breath!”

“If the three king prodigies are like this, do you think that Xue Yu has the qualifications to be comparable to the three king prodigies?”

Zhao Fu, who was watching coldly from the side, snorted, “He’s not even worthy? He’s not even qualified to carry their shoes!”

He didn’t care about Xue Yu’s cultivation at all.

“It’s best if he doesn’t come to the ancient dream altar. Otherwise, I’ll tear him into pieces!” Zhao Fu was extremely angry.

Every time he thought about how his son had died at Su Yu’s hands, he wished he could personally crush Su Yu’s bones to vent his anger.

His cold eyes swept the surroundings. Even until the arrival of the Snow Dragon Emperor, he did not discover Xue Yu’s appearance.

Disappointment overflowed on his face as he angrily said, “It’s all because of that traitor half a month ago. He made a mistake and alerted the snake, causing Xue Yu to lose his invitation and not dare to come! The Perfect Plan of killing two birds with one stone can only be half completed now!”

Through the crowd, Zhao Fu looked at the back of Mu Canghai who was standing in the distance.

A cold light that was as sinister as a poisonous snake flashed across the depths of his eyes.

“Mu Canghai, the good show has begun! The blood debt you owe my ancestor, I’ll end it today!” Zhao fu said hatefully.

Actually, 30,000 years had passed.

No matter how deep the hatred was back then, it gradually faded away.

He had this obsession. Rather than saying that it was unfair for the death of his ancestor, it was more appropriate to say that he was angry at himself for being unhappy now.

If his ancestor was still alive, how could the current Zhao Fu be just a branch pavilion master?

If he didn't kill Mu Canghai, Zhao Fu wouldn't be able to swallow his anger.

After the arrival of the Snow Dragon Emperor, he looked around with a smile and said, "Not bad, not bad. The participants of the ancient dream altar this year are much more outstanding than the previous years!"

This year's heartless blade emperor, Empress Zi Wei, and Xue Guanyin were all peerless prodigies.

Apart from them, there were also many talented young elites, such as the Snow White Sword.

In the past, the Snow White Sword would have been ranked first on the ancient dream altar.

Unfortunately, this year, it might not even be able to enter the top four.

One could imagine how intense the competition was this year!

"According to the previous rules, before the ancient dream altar descends, I will personally verify the invitation and be wary of those who sneak in."

Everyone present took out their invitations and placed them in their hands.

They were already very familiar with this rule.

Zhao Fu took out his own invitation but didn't read it carefully because most of his attention was focused on Mu Canghai.

The invitation in her hand was a fake one after being swapped!

Zhao Fu couldn't imagine the Snow Dragon Emperor's expression when he found out that someone was audacious enough to use a fake invitation to pass the test!

He imagined how the Snow Dragon Emperor would be enraged and kill Mu Canghai with a flick of his finger, destroying him in body and soul.

Thinking about this, he couldn't help but tremble, and a crazed smile appeared on his face.

Mu Canghai was completely unaware of this. He held the invitation in his hand and stood respectfully, waiting for the Snow Dragon Emperor to look at him.

The Snow Dragon Emperor smiled as he scanned through the invitations one by one.

The past hundreds of times the ancient dream altar had inspected the invitations had always been just a formality.

Who had the guts to cheat in front of the Emperor of Heaven and earth?

Even the slightest flaw would be seen through by the Snow Dragon Emperor with a single glance.

Anyone with a bit of intelligence would definitely not take the risk.

Hence, the people present seemed to be submissive, but they were actually in a relaxed mood.

It was just a formality. What could possibly go wrong?

A few of them even secretly communicated with each other. After entering the ancient dream altar, they didn't pay much attention to the inspection in front of them.

The Snow Dragon Emperor seemed to scan through them one by one, but in fact, he finished almost all of them in a single glance.

His expression was dignified, and his tone was calm. "I really didn't expect to see a fake invitation in my lifetime!"

Chapter 1670 The Altar Descended

As soon as these words were said, the originally silent crowd instantly became deathly silent.

The secret messages seemed to have been cut off by a sharp arrow and stopped abruptly!

"Unbelievable! There's actually an idiot who dares to use a fake invitation?"

"It's the work of some small faction, right? Such audacity clearly shows that they don't know how terrifying an emperor is!"

"Hehe, interesting, to be able to see a fake invitation!"

"What a reckless fellow! The dignity of the emperor is not to be offended. To dare to use a fake invitation in front of him, no one can save him!"

A stone created a thousand ripples, and everyone present was shocked.

Of course, they all subconsciously checked their invitations to prevent any mistakes.

After confirming that the invitation cards in their hands were authentic, they all relaxed and watched the show.

They really wanted to know which idiot it was!

Zhao fu couldn't help but laugh at the sky. Finally! He had finally waited for this moment!

The Snow Dragon Emperor's calm face was slowly being invaded by cold air, and wisps of terrifying cold air surrounded his body.

Everyone's hearts couldn't help but pound.

Furious!

The Snow Dragon Emperor was furious!

The Wrath of an emperor could turn the sky and earth upside down!

"That idiot really did something that couldn't be more foolish! He will regret it for the rest of his life!"

"HMPH HMPH! That would require the snow dragon emperor to be willing to give him the chance to regret it!"

The Snow Dragon Emperor's eyes were gloomy. "This emperor really didn't expect that a dignified branch pavilion master of the Star Pavilion would actually dare to cheat in front of this emperor! "Do you think that with three pavilion masters and one head pavilion master backing the Star Pavilion, you don't put me in your eyes?"

"If that's the case, then congratulations, you are very wrong!" Emperor Snow Dragon's killing intent suddenly appeared!

Everyone was shocked when they heard that.

"What? The branch master of the Star Pavilion? That's impossible, right?"

"The branch masters of the Star Pavilion are all the elites of various races who are handpicked. Their brains are far more agile than most creatures. How could a pavilion master do such a stupid thing?"

"It's over! If it were creatures from a small faction, Emperor Snow Dragon might not be so angry. However, since they are from the star pavilion, they are more or less relying on the prestige of the Star Pavilion to look down on Emperor Snow Dragon!"

"This person is indeed done for! Emperor Snow Dragon is filled with killing intent!"

Sensing Emperor Snow Dragon's killing intent, Zhao Fu's sinister smile deepened. He stared at Mu Canghai's back and said sinisterly, "Mu Canghai, farewell forever!"

"Come out!" The Snow Dragon Emperor said coldly.

Zhao fu stared at Mu Canghai without blinking. The corners of his mouth curled into a vicious smile.

However, Mu Canghai didn't move. He had no intention of going forward at all.

Zhao fu thought to himself, "Could it be that Mu Canghai hasn't realized that the invitation is fake?"

The Snow Dragon Emperor was even more furious. "I'm giving you a chance by asking you to come forward! If you don't know what's good for you, then don't blame me for not giving the star pavilion face!"

He slammed the table, and a ball of bone-chilling ice spread from the table to the ground.

Like an ice lightning, it quickly passed through the crowd from the ground, freezing the scoundrel who had used the fake invitation.

Zhao fu laughed sinisterly, but he suddenly couldn't laugh.

This was because when the ice lightning passed by Mu Canghai, it actually bypassed her feet. It didn't have any intention of freezing her.

On the contrary, the ice lightning dodged the bystanders along the way and shot straight at him!

Zhao Fu's mind was blank. He thought to himself, 'could it be that half a month has switched with the wrong person?'

However, the ice lightning mercilessly interrupted his guess. It went straight to Zhao Fu and stopped there!

Zhao Fu was clearly stunned.

He was extremely puzzled. It was already unbelievable that it did not point at Mu Canghai.

Why did he stop in front of him?

Could it be that the Snow Dragon Emperor had a misunderstanding or made a mistake?

Shua Shua Shua --

Many gazes instantly focused on Zhao Fu.

"Zhao Fu? Impossible, right? He would use a fake invitation?"

"Pavilion Master Zhao is famous for his resourcefulness. How could he use a fake invitation?"

"Heavens! It can't be Zhao Fu! How could it be him?"

Not to mention them, even Zhao Fu was shocked!

He raised his head and said to the snow dragon emperor, "Your Majesty, Please investigate. I abide by the rules of the ancient dream altar and would never use a fake invitation. Please make the decision, your Majesty!"

"Make the decision? Take a look at what you're holding in Your Hand First?"The Snow Dragon Emperor almost laughed out of anger.

Holding a fake invitation and asking him, the emperor, to make the decision!

This was the biggest joke in the world!

Zhao Fu was stunned. This was the first time he looked at the invitation letter in his hand.

At first glance, it didn't look strange. Just as he was wondering, a palm suddenly covered the invitation letter.

The fluctuation of divine power caused the invitation letter to change.

The invitation letter melted and turned into ordinary ice.

If it was the invitation letter of the ancient dream altar, it would turn into mystic ice crystals instead of ice after melting.

"W-what's going on?"Zhao Fu felt like he was in a dream.

The one in front of him was obviously a fake invitation letter that he personally refined!

It had already swapped mu Canghai's real invitation letter.

Theoretically speaking, it should be in Mu Canghai's hands. Why, why did it return to his hands?

The Snow Dragon Emperor's gaze was cold. "You used a fake invitation letter to fool me, but you're asking me what's going on? Pavilion Master Zhao Fen, you're looking down on me!"

"I didn't! Someone set me up!" Zhao Fu's forehead was covered in sweat. "It's her! It's Mu Canghai!"

Mu Canghai, who was observing the situation curiously, was dragged into this. He looked at Zhao fu blankly. "Pavilion Master Zhao, can you explain?"

She really didn't understand. Why was Zhao fu dragging her down with him all of a sudden?

Zhao fu roared, "Mu Canghai! Stop pretending! It must be you who sent the fake invitation back..."

"OH"

When he realized that his words were wrong, it was already too late.

Who here wasn't a cunning person?

Just 'sending it back' was enough to explain many of the problems!

The eyes of the snow dragon emperor flashed, and with a flick of his finger, Zhao Fu's body trembled. His storage dimension opened up by itself, and an invitation flew out.

After carefully identifying it, one would know that it was another fake invitation!

The snow dragon emperor said indifferently, "One fake, you can say that you've been framed, but what about two? Furthermore, this one clearly has your own aura mixed within it! Other than you personally refining it, this situation won't happen!"

This time, Zhao Fu was unable to defend himself!

In order to harm Xue Yu as well, he had refined an additional one.

Now that he hadn't harmed Xue Yu, he had no way of defending himself!

The Snow Dragon Emperor's expression returned to indifference, "Not only did you use a fake invitation, you even refined a fake invitation! Pavilion Master Zhao Fen, how do you think this Emperor should deal with you?"

Shua --

A light figure appeared. It was a middle-aged woman.

She had an ordinary appearance and was slightly plump, but her face was as stiff as ten thousand years old tree bark.

Her eyes were filled with an indescribable vicissitudes of life.

"Emperor Snow Dragon, can you give me some face and spare him?" The middle-aged woman asked.

Her appearance gave everyone present a pressure that was no less than Emperor Snow Dragon's!

Emperor snow dragon said indifferently, “Emperor of extreme joy, I can give you some face, but who will give me face? If we let this matter go, those who dare to act so recklessly will be put to rest!”

The Emperor of extreme joy said, “That’s Easy!”

She glanced at Zhao Fu and heard him scream before rolling on the ground with his hand on his chest.

Waves of divine power seemed to have lost its place and started to leak out of his body.

This was a sign that his cultivation was destroyed!

The Snow Dragon Emperor wiped away the coldness in his eyes and coldly snorted, “Pavilion Master Zhao, you should be glad that an emperor pleaded for you. Today, your cultivation will only be crippled. I hope you take good care of yourself!”

Su Yu was slightly regretful that Zhao Fu didn’t die.

However, Zhao Fu had provoked many enemies when he was a branch pavilion master.

Now that his cultivation had been crippled, he could only hide in the Star Pavilion headquarters and live the rest of his life. This was karma.

“Many thanks for the Snow Dragon Emperor’s Mercy!”The extreme joy emperor grabbed Zhao Fu and left.

Before he left, he cast a profound gaze at Su Yu.

Su Yu couldn’t help but feel his heart tremble. In that instant just now, he had the illusion that his entire body had been seen through.

It was as if the emperor of extreme joy had already seen through everything!

Fortunately, she didn’t delve too deeply into it.

Su Yu was secretly apprehensive. “Even the honored pavilion master is so powerful. Then, just how powerful must the head pavilion master, who has hidden himself so deeply, be?”

Could it be that it was as he had said back then, that a single divine art was enough to turn the tide, purify trillions of corpse clansmen, and save the Sea of constellations?

Su Yu was really interested in meeting such a legendary existence.

“Alright, everyone, the ancient dream altar is about to arrive. Please Get Ready!”Emperor Snow Dragon said.

Buzz Buzz Buzz --

Not long after he finished speaking, the world buzzed soundlessly.

It was as if something huge was slowly falling down, suppressing the sound of the world.

Su Yu looked into the depths of the world and saw that in the deepest part of the world, there were clouds and mist floating in the air. A faintly discernible huge altar was slowly sliding down from the depths of the world.

The altar was dilapidated and ancient. The lines and patterns on it were already extremely messy.

There was even a corner of the altar that was about to fall down!

At first glance, the altar looked like a pentagonal shape, and there were strange lines in the center.

Of course, that was from afar.

When the altar completely descended, there was no way to see the whole picture.

Even the lines that could be clearly seen just now were magnified into a stretch of snowy plains, valleys, and so on.

Those in the depths would never have thought that the snowy plains and valleys were actually the lines of the altar!

The altar was so huge that it was beyond compare!

Emperor Snow Dragon stood up, his eyes shining with divine light. He waved his sleeves, and a majestic prehistoric power formed five heaven ladders that extended to the five corners of the altar.

“The five regions all have the Enlightenment left behind by the DAO Master from the past. What you can gain from it all depends on yourselves!” Emperor snow dragon said, “In the end, only the ten strongest people can pass through the barriers of the five regions and enter the central region of the altar!”

“There is a treasure that I placed there! That is the blood that I found in the past! The DAO Master’s Blood!”

“Whoever can obtain that final treasure will see which of you is the strongest heaven’s chosen King!”

The words ‘Dao Master’s blood’ were like thunder that shook everyone’s hearts.

Even Su Yu was moved!

If he could obtain the DAO Master’s blood, the dragon of fate would become even more magnificent!

At that time, he would obtain a new special ability!

Su Yu’s eyes were filled with excitement.

However, it wasn’t just because of the Dao master’s blood. It was also because a law brand in his palm was pointing towards that region!

The Tribulation Transcender was in the central region!
