Chapter 1681 One Sword To Defeat The Enemy (One Update)

Boom --

It was too fast. Only a few people could see the afterimages of the two swords clearly. Then, they heard the violent rumbling of the heaven and earth.

A huge rotating ball of air rapidly expanded in all directions with the two swords as the center.

Anyone who was sucked into the ball of air, no matter what, would be crushed by the powerful sword Qi of the two swords!

“Run!” Even the Bronze Overlord’s eyebrows were twitching as he fled into the distance, not daring to touch the huge ball of air.

In the blink of an eye, the ball of air expanded to ten times its original size, crushing the mountain that Su Yu was originally standing on.

The shocking aftermath shocked everyone’s eyes!

“Hiss! Terrifying Sword Arts! The strength of the two of them has reached the peak of Silver Overlord!”

“No... didn’t they say that Su Yu’s strength isn’t that great? How could he create such a huge battle with the White Snow Sword?”

“It should be mainly due to the white snow sword’s flowing light and silencing sword, right?”

Most people still had no doubt about the strength of the white snow sword.

After all, its fame came first!

The powerful air mass gradually stopped after a long time.

The dust that had been twisted into the sky fell down like a torrential rain, piling up the earth for thousands of feet.

However, there was only one place that the dust could not touch.

When it landed there, it was automatically repelled by a terrifying aura.

Because of this, everyone could clearly see that place!

They could only see two divine figures standing indistinctly among the dust that was raining down like rain.

One person and one sword were facing each other from a distance of 30 feet.

The world was silent, and only the sound of dust rustling could be heard.

“It should be... the white snow sword that won, right?” Someone said in shock. His voice trembled slightly, showing the uncertainty in his heart.

“It should be, it might be!”

The two unharmed figures made it impossible for them to judge.

“It seems like it’s a draw, but the Snow White sword probably didn’t use its full strength,” an old man said as he twirled his beard.

Hearing this, the spectators were startled, after thinking for a while, they nodded. “That’s right! The Snow White Sword has a strange constitution. Back then, it relied on this item to forcefully kill a gold overlord. The reason why it’s a draw must be because the Snow White sword didn’t use its full strength!”

“If I were Su Yu, I would stop right now. Before the Snow White Sword is completely enraged, I should stop right now. Otherwise, later, HMPH!”

Under the pine tree, the girl rubbed her eyes and said in a daze, “Aunt, brother handsome is so powerful. He even defeated the bloodline of the Cyclops!”

Aunt’s interest waned and she pouted. “How boring. It ended so quickly. The two of them are not even on the same level! Tch!”

Only they could clearly see that not only did snow white sword not hold back, it even used its full strength!

The moment the two of them exchanged blows, no one could see clearly. The Cyclops bloodline in Snow White Sword suddenly exploded.

Snow White Sword’s cultivation instantly soared to the level of a gold overlord!

“The strange thing is that kid. He seems to have used some kind of method too.” The pretty woman stared at Su Yu with great interest. “I don’t know why, but there seems to be a flash of the Dragon Emperor’s aura.”

The young girl blinked and nodded. “Yes. When they were fighting, brother Handsome’s arms that were holding the sword turned into giant dragon claws, which increased the power of this sword by ten times!”

“Otherwise, brother handsome really might not be able to defeat the bloodline of the one-eyed Giant.”

The beautiful woman’s interest deepened. “Little Silver, since your God’s eye saw it, it can’t be fake. This kid has the Dragon Emperor’s item hidden on him, and it’s not a simple dragon emperor’s item!”

“No Wonder I can’t see through him. That’s not strange!” The beautiful woman giggled. “However, the Divine Dragon clan is not to be trifled with. It might not be a good thing for this little human to take the Divine Dragon Clan’s item.”

On the field, everyone discussed animatedly.

They were almost unanimous in confirming that the two sides were tied. Well, it was only when white snow sword went easy that Su Yu barely managed to get a tie.

However, what they didn’t notice was that the furious Snow White sword had somehow regained his composure.

He was no longer as furious as he used to be. Instead, he was shocked!

If one looked closely, they would find that three black lines were missing from the mark on his chest!

In other words, Snow White Sword had died three times in the previous fight!

It was only because the ancient dream altar saved him that he was able to resolve three life-and-death crises!

“Su, I advise you to obediently SCRAM! You are no match for White Snow Sword!”

“Hehe, what an exciting battle. Little fellow Daoist, although you won unjustly, you can leave proudly after being able to draw with white snow sword. Listen to the advice of others, let’s end it here!”

Hearing the cheers of the crowd, white snow sword felt extremely embarrassed, and his expression became increasingly gloomy.

He was not Su Yu’s opponent, he was!

However, seeing that so many people thought that he had won, Snow White Sword decided to take advantage of the situation.

He took a step back and snorted coldly at Su Yu, “Su Yu, let’s stop here. There’s no need for us to continue fighting.”

That tone was as if he had spared Su Yu’s life!

Su Yu held the asura sword and smiled without saying a word.

White Snow Sword felt a chill in his heart, but his tone was unwilling to admit defeat. he shouted, “Stop! Do you really want to have a serious fight with me?”

Hearing this, the spectators all looked down on him.

“TSK tsk, that Su Yu really doesn’t know what’s good for him!”

“After all, he was once a heaven’s chosen expert. I can see that white snow sword’s magnanimity is much greater. It’s rare for him to meet his match. Therefore, white snow sword, who was easily angered, endured Su Yu’s misdeeds and gave him a chance to cultivate again!” “But what about Su Yu? From the looks of it, he really doesn’t know what’s good for him!”

“Su Yu doesn’t shed tears until he sees his coffin. Snow White Sword, we support you. Let’s Have Another Battle!”

“Right! Your reputation is like thunder in our ears. Don’t give this kind of newcomer who doesn’t know when to advance and when to retreat a chance to show off.”

Snow White Sword's face was slightly boiling. It wasn't that he wasn't willing to fight again, but if he fought again, he would give himself away.

He was definitely unwilling to lose the prestige that he had built up over the years.

"Cough! Brother Su, did you hear that? Let's end it here." Bai Xuejian said seriously.

Su Yu slowly walked over with an indifferent smile on his face.

When he was about a thousand feet away, Su Yu said indifferently, "I, what if I say no?"

"Are you really going to force me?" Bai Xuejian was a little embarrassed.

Su Yu said, "When I was at the peak of the mountain, I warned you. However, you thought that no one had the right to warn you, so you mobilized the people of this region to search for me with all their strength. Now that you've said that you'll let it go, can you let it go?"

White Snow Sword held the round thin sword in his palm tightly and shouted, "Don't push me too far!"

"You're the one who forced me. I must beat you down to the ancient Dream Altar!" Su Yu said indifferently.

Shua --

Su Yu's figure disappeared in an instant. When he reappeared, his two arms turned into Golden Dragon Arms. He held the asura sword and slashed down ruthlessly.

White Snow Sword's expression changed drastically. He hurriedly circulated the round thin sword to resist. At the same time, his bright red lips surged with an extremely powerful and strange power, enveloping his entire body.

The two collided once again!

Bang --

This time, white snow sword was sent flying like a fallen leaf. Both of his arms were shattered by the huge force brought by the asura sword.

The strange round thin sword flew out of his hand and was swept up into the vast ocean.

Wa --

A mouthful of divine blood that was as white as snow sprinkled across the sky, enveloping half of the blue sky and everyone's eyeballs!

The snow-white sword had actually... lost!

He did not hold back and used his powerful physique, yet he still lost cleanly and without any suspense!

Everyone was stunned.

Wasn't it because the Snow White sword held back that Su Yu was barely able to draw with it? Why... why was it like this?

Shua --

Su Yu did not stop. With Yin and yang Qi on his back, he chased after it with another strike.

Kacha --

This time, the mark on the Snow White Sword's chest had lost dozens of black lines!

The Snow White Sword smashed towards the distant mountain peak like a pebble, scattering milky white divine blood all the way.

His eyes were filled with terror, and his already pale face turned even paler. Filled with resentment, he fled into the distance.

Unfortunately, that direction was precisely the direction where the snow-white sword came from when it shook the sky.

Traces of destruction could still be seen on the ground!

However, only a few dozen breaths had passed, and his entire body was covered in blood as he fled in a sorry state!

The proud king who once shook the sea of constellations and single-handedly killed the Golden Overlord had actually fled in a Panic!

It was all because of one person!

Su Yu!

A peerless genius who had suddenly streaked across the sky above the sea of constellations like a comet.

“Su Yu, you’ve gone too far!” White Snow Sword’s eyes were filled with hatred as he fled.

Su Yu’s expression was cold. “When you killed to establish your might, did you ever think of going too far? What sort of enmity did those dead have with you? When you searched everywhere for me, did you ever think of going too far? “Now, I’ve only crippled a few of your imprints, and you’re already filled with resentment?”

With that said, Su Yu slashed again.

This slash once again cut off dozens of black lines from the white snow sword.

The black lines that were cut off naturally all fell into Su Yu’s imprints.

At this point, there were already more than 90 black lines. With just one more slash, he would be able to seize dozens of black lines, reaching the number of 100 black lines.

Once he reached 100, the ranking competition in this region would be over.

Su Yu’s sword flashed with a cold light and slashed down once again.

Bai Xue Jian, who had lost his small round sword, was no match for Su Yu.

He could not block this strike!

However, the hatred in Bai Xue Jian's eyes did not diminish and he was not afraid at all.

It was very simple. This strike would not take his life. It would only take away a portion of the black lines!

He would not die!

Moreover, the black line that he had left was still enough for him to rank second and successfully enter the central region.

Once he entered there and met up with Xue Guanyin, Su Yu had to pay the price!

He simply did not run away. He stared at Su Yu with a cold smile. His gaze was like a demonic beast from the Netherworld, exceptionally vicious.

Ding --

However, at this moment, a Daoist robe appeared in front of white snow sword without any warning.

The opponent drew a round of tai chi in front of his chest with a finger.

Su Yu's incomparably powerful sword was actually blocked when it struck the Tai Chi!

Then, the Tai Chi spun rapidly.

The friction between the Asura sword and the Tai Chi pattern created a series of sparks. Finally, with a ding, the asura sword was repelled.

The unexpected figure in the Daoist robe caused Su Yu's pupils to constrict!

Just like that day, he was completely unable to capture the aura of the Daoist robe!

"Huangfu Lieyang!" Su Yu stared at him with fear in his eyes.

For some reason, this person always gave him an extremely mysterious feeling.

Although he didn't feel any danger, that unfathomable feeling still lingered in his heart.

Huangfu Lieyang laughed, "Young man, Why Are You So Angry?"

Chapter 1682 Dao Master Ruins (2nd Watch)

White snow sword was extremely surprised and delighted. He cupped his hands towards the person in front of him and said, "Thank you for saving my life, Brother."

His eyes immediately turned and said, "Brother, Su Yu is an evil person. Why Don't you and I work together to destroy him? The brand that we obtain will all belong to you! In this way, both of us will be able to obtain the qualifications to enter the altar."

Huangfu Lieyang rubbed his hand and looked as if he was considering it.

Su Yu's face turned cold and said, "If you can tell right from wrong, then move aside!"

He held the asura sword and pointed at Huangfu Lieyang from afar!

Huangfu Lieyang waved his hand and waved his Daoist robe. He said with a faint smile, "Do you think that I am someone who will help the Devil?"

“Then you...” Su Yu asked.

Huangfu Lieyang waved his sleeve gently and swung it behind him. He said leisurely, “Of course, I’m here to clean up the sect for the Star Pavilion.”

There was nothing in his sleeve. The White Snow Sword, which was hiding behind him with its venomous eyes, was hit by an invisible object before it could even react.

Then, the white snow sword collapsed like a piece of debris!

The ancient dream altar did not have time to react. The white snow sword was already dead!

The entire place fell silent. There was complete silence. No one dared to believe what was happening before their eyes.

The proud son of heaven from the Sea of constellations, the candidate for the position of Future Pavilion Master of the Star Pavilion, had actually been killed?

If he had been killed elsewhere, it would still be understandable.

But this was the ancient dream altar!

What kind of terrifying power could kill the Snow White Sword, causing the ancient dream altar to not even have time to react?

Su Yu’s pupils constricted. He had long felt that Huangfu Lieyang was terrifying.

But looking at it now, it wasn’t just terrifying?

This person’s strength was so great that he was at least a gold overlord!

Huangfu Lieyang didn’t even turn his head. He grabbed the imprint that had fallen to the ground and said, “The cycle of justice isn’t happy with retribution. Those who kill innocent participants should have the awareness to end up in the same situation!”

Many people looked at Huangfu Lieyang, their eyes filled with admiration.

In terms of strength, the Snow White sword was only a silver overlord. In the entire sea of constellations, there were many people who could kill him.

However, he was so vicious and vicious that he would take revenge on his entire clan and create a human head pagoda. Why was there no one who would take revenge on him?

The reason was simple. There was a pavilion master protecting him in the Star Pavilion!

This was something that everyone in the Sea of constellations knew. Huangfu Lieyan had to have great courage to kill him!

“Eliminated by the White Snow Sword!”

“Huangfu Lieyang is in second place!”

Huangfu Lieyang smiled at Su Yu. “Brother Su, it seems that you and I are going to enter the central area to continue our exploration on behalf of this area!”

Su Yu stared at the man. Although he was afraid of him, he did not hate him. On the contrary, he admired him a little.

Judging from the way he dealt with the world, he was very much to Su Yu's liking.

"We still need more than ten imprints," Su Yu said.

Huangfu Lieyang smiled and said, "That's Easy!"

He waved his sleeve, and rows of Dao master remnants lined up in front of him. "Come, come, come. Dao master remnants, clear the warehouse and dispose of them. One imprint per piece. If we miss this shop, we won't have this village anymore."

Everyone was stunned at first. They were completely unable to compare such a casual young man with the mysterious expert who killed the white snow sword in one move.

Su Yu's mouth twitched as he watched. He had almost forgotten that he had this move!

Under the pine tree, the young girl's mouth was wide open. "Aunt, that young Daoist's move seems to be the yin-yang technique of the Taiji sect, right? Is there a branch of the Taiji sect in the Sea of Constellations?"

The beautiful woman looked at the Daoist with interest, she chuckled. "Why isn't there one? It's just that some branches of the Taiji sect are very well hidden. Ordinary people wouldn't be able to tell! "HMM, it seems that this ancient dream altar is indeed interesting. Even this old guy came. No, I want to leave a souvenir."

She took out a crystal and shone it at Huangfu Lieyang.

Huangfu Lieyang seemed to have sensed something and looked under the pine tree.

This glance caused Huangfu Lieyan's expression to suddenly change, almost to the point of shock.

He looked again, but there was no one under the pine tree.

The beautiful woman and young girl seemed as if they had never appeared before.

If it wasn't for the small stool, small table, and the apples that had yet to be eaten, Huangfu Lieyang would have thought that he had seen wrongly.

"It's actually them. Could it be that they have also noticed the anomaly in the Sea of Constellations?" Huangfu Lieyang muttered to himself, his expression unprecedentedly grave.

The dao master's remnant marks were exceptionally sought after.

In just a few breaths'time, they were all snatched away.

Huangfu Lianyan had obtained more than a dozen imprints, and with the addition of the white snow sword, he had completely surpassed a hundred black lines.

Hong --

The chimes of the Heaven and earth rang continuously, shaking the deaf.

"The ranking competition is over!"

"First place, Huangfu Lianyang!"

“Second place, Su Yu!”

Xiu --

The image shattered and turned into sparkling light that fell down.

Two of them were sparkling and shaped like a corner of an altar, looking exceptionally ancient.

The fragments landed accurately in Su Yu and Huangfu Lieyang’s hands.

A desolate, ancient aura rushed into his body through his palm.

Divine power immediately surged within Su Yu’s body, blocking that aura to prevent it from affecting his state of mind.

On the other hand, Huangfu Lieyang lowered his head to look at the fragments. A complicated expression filled the depths of his eyes.

However, that complicated expression flashed past. He raised his eyes that were filled with sunlight and looked at Su Yu. “Let’s go. The experts from the other four regions must have already entered the central region.”

Huangfu Lieyang opened his palm, and his fragment floated in the air.

Su Yu felt his palm burn, but it was his fragment that had sensed it.

He opened his palm to take a look, and his fragment emitted a weak light. It flew out of his palm and fused with Huangfu Lieyang’s fragment, forming a triangular fragment.

A materialized law rippled out from the fragment!

When he saw this scene, Su Yu’s expression changed!

Materialized Law!

That was the work of the DAO Master!

The law descended and sucked Su Yu and Huangfu Lieyang into it.

With a thought, Su Yu’s feet felt firm once again.

In less than a breath, Su Yu had the illusion that he was still standing in place.

However, when he opened his eyes, he was deeply shocked by the scene before him.

It was an extremely huge ruin. There were ancient remnants that had rotted for countless years everywhere.

Traces of the Aura left behind by the Dao master filled the ruins.

Su Yu was shocked. “These are all Dao master remnants?”

In the five regions, obtaining a single dao master remnant was as difficult as ascending to the heavens.

However, in the Central Region, the Dao master remnants were piled up everywhere as if they were free. They could be seen everywhere.

Su Yu was moved. He opened the space of the Buddhist beads on his wrist and started to search wantonly.

The strange thing was that the remnants of the Dao Masters were extremely heavy. Su Yu used the power of space, but he couldn't even move a single bit!

Huangfu Lieyan rolled his eyes at Su Yu and said unhappily, "The remnants of the Dao Masters here are really that easy to take. Why would they wait for You? They have been plundered by the previous years."

Su Yu's face turned slightly red. In Huangfu Lieyang's eyes, Su Yu was probably like a country bumpkin who had entered the city.

"Ahem, well, I'm just practicing the space divine art. You've misunderstood," Su Yu said shamelessly.

Huangfu Lieyang rolled his eyes and took off the spinning triangular fragment in the air. He broke it in half and returned one of Su Yu's pieces to him, "The central area is more dangerous than the five major areas. Protect your fragment well and don't let it be taken away by others," said Huangfu Lieyang

Su Yu's eyes sparkled as he asked, "What if it's taken away?"

Huangfu Lieyang pointed to the top of his head. "Eliminated!"

Su Yu shivered. This item had passed Huangfu Lieyang's hands just now, but he didn't take the opportunity to take it away.

"Thank you, brother Huangfu!"

Huangfu Lieyang said, "Let's part ways here. I have some matters that I need to handle alone. Goodbye."

Su Yu nodded.

As he watched Huangfu Lieyang leave, Su Yu's eyes flashed as a five-colored nomological imprint condensed in his palm.

The imprint spun rapidly and pointed straight ahead.

And that was the center of the Central Region!

Using the Eye of heaven, he could vaguely see a two-story building towering in the center.

The nomological imprint's comprehension was pointing straight at the building!

"Tribulation Transcender!" Su Yu's eyes were filled with killing intent.

A distance of 100 million mountains and rivers!

Su Yu had waited too long for today!

With a tap of his toes, Su Yu flew out like a flash of light.

Although he was anxious to find the tribulation transcender, he didn't lose his calmness.

He lowered his body and flew close to the ground in the ruins to avoid exposing himself.

An hour had passed, and Su Yu was very strange.

With the distance of 100 million mountains and rivers, with his flying speed, he should have arrived at the two-story loft a long time ago.

Why was he still in the ruins area?

Sensing that something was wrong, Su Yu stopped. With a thought, he used the Taiji Yin-yang wings and teleported 100 million square meters with a thought.

In the end, he clearly teleported according to the central area.

However, for some reason, he actually returned to his original spot!

“Did I enter the illusory formation set up by someone, or is there something strange about this ruin?” Su Yu was bewildered.

With a flash of resolute divine light, Su Yu took out some powder. He flew all the way and sprinkled the powder all the way.

In the end, he still returned to his original spot.

However, everywhere he passed by, Su Yu had left behind traces.

Using the Eye of heaven to look down from above, Su Yu was astonished to discover that the traces he had left behind had coincidentally formed a tai chi pattern!

And he was standing in the middle of the tai chi pattern, the yin-yang fish eye.

“It’s not an illusion.” Su Yu immediately ruled out that this strange ruin was very strange!

Now it seemed that he was trapped in the tai chi pattern.

Standing on the spot, Su Yu’s heart was racing as he thought of a way to escape.

“Tai chi gives birth to two elements, two elements give birth to four images, four images give birth to eight trigrams!” Su Yu’s eyes flashed with wisdom.

Everything originated from Tai Chi!

Tai Chi was the beginning. In other words, if one could follow the evolution of Tai Chi, would they be able to leave the tai chi pattern?

However, the two elements gave birth to the four symbols. The main point was that the word “Birth” had thousands of changes, and the difference was thousands of miles!

How could the four symbols give birth to the eight trigrams? The changes were even more profound.

It was impossible for non-taoists to grasp the essence of it.

Su Yu had never studied Taiji Dao, so how could he understand its mysteries?

Just as Su Yu was thinking, he suddenly thought of Huangfu Lieyang!

There was no trace of Huangfu Lieyang under the eyes of heaven.

He had already successfully left the Taiji diagram.

Judging from Huangfu Lieyang's attire, he should be a Taoist. It was indeed not too difficult for him to walk out of the Taiji diagram.

If he followed Huangfu Lieyang's footsteps, wouldn't he be able to find a way out?

Su Yu focused his eyes again and used the eye of heaven to its maximum.

"Reverse time and space!"

The Eye of heaven circulated the power of time and space simultaneously, condensing them into reverse time and space.

The Taiji diagram immediately changed. One could faintly see Huangfu Lieyang's remnant marks walking in the Taiji diagram with extremely mysterious steps.

Sometimes he retreated, sometimes he turned left, and sometimes he retreated..

His steps were complicated and varied, and the two of them were dazzled.

In just half an incense stick's time, Huangfu Lieyang had arrived at the edge of the tai chi pattern.

The changes under Huangfu Lieyang's feet were as high as a thousand times.

Su Yu really wanted to test each and every one of them, but he wouldn't be able to walk out even after a hundred years!

Taking a light breath, Su Yu followed Huangfu Lieyang's steps and walked step by step.

He had only spent half an incense stick, but Su Yu had spent an entire incense stick to finish walking, which was twice as long as him!

With this, Su Yu finally arrived at the edge of the Taiji diagram.

Taking a step forward, he broke away from the Taiji diagram.

Just as Su Yu imitated Huangfu Lieyang and was about to take a wondrous step forward, the two yin-yang fish eyes of the Taiji diagram suddenly changed.

The whole Taiji diagram changed rapidly.

Chapter 1683 Meeting Lan Yue Again (Third Watch)

Su Yu's expression changed, but he remained calm and did not move.

He clearly remembered that when Huangfu Lieyang took his final step, he also followed the strict rules.

Now that the tai chi pattern had changed, Huangfu Lieyang's step could no longer be imitated, or else he would return to the tai chi pattern.

Therefore, Su Yu did not move, and his mind quickly pondered.

Why did the Tai Chi pattern change? Was there some change?

Just as Su Yu was thinking, suddenly, the yin-yang fish eyes of the tai chi pattern suddenly became bright and dark.

Immediately after, the tai chi pattern spun rapidly, and Su Yu was also rotated.

At the center of the Tai Chi Pattern, a black and white hole was rotated.

A huge amount of yin and yang Qi was spat out from the hole.

At the same time, a powerful suction force rushed out from the yin and yang qi and engulfed the entire Taiji diagram.

Su Yu thought to himself, "This is bad." He gritted his teeth and took a step out.

The result was obvious.

The wrong step did not make Su Yu leave the Taiji diagram. Instead, he returned to the center of the Taiji diagram.

The suction force immediately grabbed Su Yu and swallowed him.

Su Yu was speechless as he asked the heavens!

It seemed that the Taiji diagram would clean up the impurities on the diagram every once in a while.

Su Yu was unlucky. He was just one step away from leaving, but he was cleaned up.

His body fell rapidly. Not long after, Su Yu's body sank into a sheet of ice-cold water.

The suction force above his head gradually dissipated, and the two large gaps quickly closed, cutting off Su Yu's hope of escaping.

Su Yu looked around, and it was pitch-black.

However, what surprised Su Yu was that there was a living creature in the pitch-black water!

"Who is it?" Su Yu's divine power surged, turning into a bright light that illuminated the surroundings.

He found himself in a pool of ice-cold water, and not far ahead was a dry stone platform.

This was the inside of the Taiji diagram, which was not very wide.

"Sigh... another unlucky guy!"

A sigh fell into his ears.

He looked to the side and saw a young man in tattered clothes leaning on the stone platform.

Su Yu recognized this man. He was a young elite from the South Sea, Wu Xie, who had come to participate in the ancient dream altar.

He was quite powerful. In terms of fame, he was only slightly weaker than White Snow Sword.

Even amongst silver overlords, he was a rare expert.

"Wu Xie?" Su Yu was not too afraid of him.

“Ah! Su... Su Yu?” Another exclamation sounded, and the voice was somewhat familiar.

Looking closely, it was an exceptionally delicate and pretty lady.

“Lan Yue? Why are you here too?” Su Yu was a little surprised.

Lan Yue’s cultivation was only at the first level heavenly cave abode’s world paragon, but she actually obtained the right to enter the central region. It was truly unbelievable.

Lan Yue looked at Wu Xie and did not get too close to Su Yu. She seemed a little distant, “I didn’t expect you to come to the central region. What a surprise. It seems that your luck is pretty good. There aren’t many experts in the region, right?”

Su Yu nodded, “En, I guess I’m lucky. Indeed, there aren’t any experts worth fighting.”

“I say...” Lan Yue had an expression that I knew it was like this. She asked, “Have you seen Big Brother Snow White Sword? With his strength, he must have come. There’s also Big Brother Shan Xiong and Big Brother Zhao Wuwei. How many have you seen?”

To be exact, Su Yu had seen them all.

But unfortunately, they were all eliminated by Su Yu and none of them came.

Snow White Sword didn’t even have his life left.

“Miss Lan, now is not the time to talk about this, right? How much do you know about the Taiji diagram?” Su Yu changed the topic and asked.

Lan Yue blinked and asked in return, “What Taiji diagram? We were walking in the ruins when we were suddenly sucked in by the suction force that appeared on the ground. It’s been a few days and we still haven’t thought of a way to leave.”

They didn’t even know about the tai chi pattern!

“Hey, Su Yu, just say what you know. Big Brother Wu Xie is here. If your information is useful, you might be able to bring us out,” Lan Yue said in a very light tone, she seemed to look down on Su Yu.

In the past, she had called him Big Brother Su.

Now, she called Su Yu by his name.

Fortunately, Su Yu did not have a good impression of this woman and did not care about her attitude. He jumped onto the stone platform and said, “The Taiji pattern is my observation. It exists in this ruin. Once you step into the ruin, it will be very difficult to walk out.”

After saying that, Su Yu looked at the inside of the Taiji pattern.

After staring for a long time, Su Yu stood at the edge of the cold pond and touched his chin. He said, “Have you explored the cold pond?”

If there was a place in the Taiji Yin-yang diagram that was the most mysterious, it would be this cold pond.

For some reason, Su Yu felt that he had seen the cold pond somewhere before.

“Chi! If you can think of it, why wouldn’t I?”Wu Xie snorted contemptuously.

Su Yu remained silent. He used the clairvoyance eye to observe the bottom of the cold pond.

The water was not deep. One could see the bottom of the pond with just one glance.

There was nothing unusual indeed. It looked like an ordinary cold pond.

Just as Su Yu was about to retract his eye of insight, he suddenly realized that there was a pattern at the bottom of the cold pond.

The pattern was imprinted on it, so if one didn’t have the ability to see through it, they wouldn’t be able to notice it even if they stepped on it.

Looking at the pattern carefully, it actually looked like a miniature version of the ancient dream altar!

However, the pattern wasn’t some kind of mechanism. After observing it for a while, Su Yu gave up on probing.

What he did not know was that when he moved his clairvoyance eye away, the diagram actually flashed!

Su Yu’s clairvoyance eye scanned the surroundings. He scanned the walls, caves, inside and out of every single place. helplessly, he discovered that there was no second exit.

“Don’t look anymore. If you want to get out, you have to go from where you came from!”Wu Xie said indifferently.

Where did he come from? How difficult would it be to escape from such a powerful yin and yang qi?

Wait a minute --

Suddenly, an idea appeared in Su Yu’s mind.

Where did this yin and yang Qi come from?

That thing shouldn’t have been born out of thin air!

While deep in thought, Su Yu looked at the pond again and scooped up a ladle. Looking closely, it was just ordinary water.

“Su Yu, don’t waste your energy. Even Big Brother Wu Xie can’t do anything about it. What can you do?”Lan Yue shrugged and advised Su Yu to give up.

Su Yu turned a deaf ear. He simply sat by the pool and stared at the pool without blinking.

When the time for two incense sticks to burn passed, the quiet lake water boiled slightly.

The seemingly ordinary water evaporated into a ball of fog.

When the fog floated to the top, the top sensed it and opened two gaps.

Su Yu's eyes flashed. He stared at the fog carefully and saw the strange changes in the fog. Part of it became yin qi and part of it became Yang Qi.

The two of them lingered at the two gaps, creating a strong suction force and rolling down a piece of debris from the outside world.

Su Yu's eyes suddenly lit up.

"I might have found a way to leave," Su Yu muttered to himself.

HMM? Wu Xie's eyes suddenly lit up as he stared at Su Yu and said, "What did you find? Why Don't you tell me."

Su Yu did not hide anything and said, "It's very simple. Yin and yang qi evolved into a suction force. What if we make yin and Yang go against each other? Then, the opposite force evolved!"

Wu Xie was deep in thought while LAN yue retorted, "How do you know for sure?"

Ever since she became ruthless blade emperor on the list, she had looked down on Su Yu. At such a critical moment, she did not hold back in questioning him.

Su Yu looked around indifferently, "This place was not formed naturally but was artificially created. From the looks of it, it should be used for cultivation. Since the creator was able to enter, wouldn't he set up a way to leave and trap himself in this place?"

"Continue!" Wu Xie stared at Su Yu, his eyes shining.

Su Yu said, "I'm thinking that the way to leave might be to change the yin and yang qi."

"How? Do you have a way?" Wu Xie stared at Su Yu deeply.

Su Yu thought for a moment and did not hide anything. He looked at Lan Yue.

Since ancient times, men were Yang, and women were not yin.

If a man and woman reached the stage where their spiritual senses were connected and maintained the harmony between yin and yang, they would form a new yin and yang.

This yin and Yang was formed from the Yin and Yang Mist. If they appeared in the opposite formation, it might mean that the yin and yang were in disorder.

From there, they would be able to change the suction force into an outward force.

Wu Xie's eyes lit up and he narrowed his eyes. "A man and a woman?"

There were two men and a woman present.

In other words, there was a man who was destined to stay.

"Hahaha..." Wu Xie stood up and cupped his hands towards Su Yu. "If that's the case, I'll have to trouble brother to stay here. Miss Lan and I will leave first."

Lan Yue came to her senses and looked at Su Yu. After a moment of hesitation, she brushed past him and said indifferently, "Su Yu, since you've come to the central area, you should bear the risks that should be taken. Unfortunately, I can't Help You!"

“Big Brother Wu Xie, let’s try to communicate with each other using our souls,”Lan Yue said.

Wu Xie nodded and tried to achieve the yin-yang harmony that Su Yu mentioned with Lan Yue, forming a new yin-yang.

They waited nervously and expectantly until after the time it takes for two incense sticks to burn, the pond water changed and a mist emerged.

When the yin and Yang Qi emerged from the mist, the two of them immediately stepped on the cold pond and flew over.

They stood in the opposite formation and appeared below the yin-yang Mist.

Sure enough, everything was as Su Yu had predicted. The Yin and yang Qi that emerged from the mist was no longer a suction force.

The two of them were overjoyed and immediately rushed into the sky.

However, just as they were about to rush out, the yin and yang qi produced by the fog turned into a suction force again.

They had just rushed out, but they were forcefully pulled back and fell into the cold pond.

“What happened?”Wu Xie asked. There was nothing more painful than falling from hope to disappointment.

Lan Yue was also at a loss. “What happened? Why did this happen?”

At this moment, Su Yu’s thoughtful voice appeared behind them.

“HMM, it seems that my guess is correct. This method is not dangerous. However, the yin-yang energy of both men and women is too weak and can not change the yin-yang energy in the fog for too long!”Su Yu said faintly.

Then, he cupped his hands towards the two of them. “I’ll have to trouble the two of you to scout the way for me. In that case, I’ll make a move first.”

Swoosh --

A ball of yin and yang Qi suddenly appeared above his head.

The density was much stronger than the yin and yang qi that was derived from the fog.

He had cultivated the Taiji yin and yang wings, so the yin and yang energy in his body was extremely powerful.

He could condense yin and yang qi without the cooperation of a woman!

Chapter 1684 Epiphany In A Hundred Years (First Update)

As soon as his yin and yang Qi appeared, the yin and Yang Qi formed by the mist immediately became chaotic.

Not only did the suction force disperse, it also became a force that poured out.

Suddenly, Su Yu was directly spat out.

Wu Xie's sharp light flashed. He grabbed Lan Yue and took a step forward.

However, Su Yu left too quickly.

After he left, the yin and yang Qi above his head turned into a suction force again.

The two of them only had time to fly half of their bodies before they were stuck in the gap and pulled back by the suction force bit by bit.

Their expressions changed drastically.

Wu Xie looked at Su Yu who had yet to fly far away and shouted anxiously, "Brother, Please Help!"

Unfortunately, Su Yu did not turn his head back and pretended not to hear him.

"Just now, I was thoughtless and neglected Su Yu. I hope brother won't mind."

Won't Mind? Hehe, if Su Yu was an ordinary person, wouldn't he be trapped underground forever?

He kindly pointed out the way, but Wu Xie turned against him and abandoned him, leaving him to wait for death.

Now, he asked Su Yu not to mind.

Su Yu found it laughable. Even now, Wu Xie was still looking down on him from the bottom of his heart, as if he was an insignificant ant.

Watching Su Yu fly further and further away, Wu Xie said anxiously, "Brother, I am willing to make it up to you. As long as you are willing to pull us out, I will owe you a favor!"

Su Yu shook his head. He really felt good about himself.

He didn't even care about the white snow sword. What was the value of a mere favor from Wu Xie?

Seeing that Su Yu ignored him and was about to escape, Lan Yue spoke anxiously. She bit her lips and shouted, "Big Brother Su, you're not even going to save Yue'er anymore?"

Underground, she kept calling Su Yu.

And now she was calling him big brother Su.

Su Yu stopped in his tracks and turned to look at her. He said, "Is there a need for me to save you?"

Lan Yue blushed and said, "Brother Su, have you forgotten that it was you who saved me from the Zombie Dog!"

At this moment, Su Yu suddenly realized that something was wrong.

It seemed that Lan Yue had recognized him as Xue Yu from the beginning.

Su Yu narrowed his eyes. "You know that I am Xue Yu?"

He was now completely different from Xue Yu from head to toe.

Lan Yue said, "Big Brother Blade Emperor said that you... you're that annoying Xue Yu."

She changed heartless blade emperor's words slightly and changed the word "Trash" to "Xue Yu."

Of course, from Heartless Blade Emperor's point of view, those who were not as good as him could be called trash.

He saw through it? Because of the ice coffin behind me?

However, Su Yu said expressionlessly, "Since Miss Lan recognized me and still left me here, I wonder what you're Thinking?"

Even though she recognized Su Yu, she still coldly left him behind. She mercilessly made Su Yu accept the risk that he deserved and let him die on his own.

Now, she asked Su Yu for help, Hehe..

"Big Brother Su, I was wrong. Can You Spare me this time?" Lan Yue begged pitifully, "I have always had a place in my heart for Big Brother Su. If you are willing to save me, I will always remember your kindness for saving my life."

Su Yu stopped in his tracks and recalled the scene of the Hundred Pavilion gathering in his mind.

At that time, Lan Yue was still standing on his side and speaking up for him.

After thinking for a moment, Su Yu pointed with his fingertips, and two wisps of yin and yang energy entered the gap.

The suction force slowed down, and the two seized the opportunity to fly out in an instant.

Su Yu said calmly, "Miss Lan, we don't owe each other anything. Take care of yourself."

After saying that, he walked out of the Taiji pattern following the footsteps left behind by Huangfu Lieyang.

Wu Xie and Lan Yue immediately followed his footsteps and successfully walked out of the Taiji pattern.

Wu Xie and Lan Yue were both sweating when they successfully escaped from the Taiji pattern.

It was so close. If they had not met Su Yu, they would have been trapped in this mysterious underground.

However, Wu Xie stared at Su Yu's aura that had disappeared without a trace, and a hint of hostility was lingering between his eyebrows. "Humph! He ran fast enough. Otherwise, I will never forgive him for not saving me just now!"

Just as Su Yu thought, Wu Xie looked down on Su Yu from the bottom of his heart and regarded him as an ant.

An Ant saved him. Should he be grateful to an ant?

No need!

Saving him was a matter of course!

Not saving him was a heinous crime!

Although Lan Yue was saved, she did not feel good about it.

She thought that her beauty was outstanding and attracted countless handsome heaven's favorites, including heartless blade emperor.

She was able to come here because she happened to be in the same area as heartless blade emperor.

With his help, she was able to get countless marks and successfully enter the central area.

But that Xue Yu, or rather, Su Yu, was not moved by him at all.

Especially just now, when he was extremely heartless and cut off all contact, it was like a needle piercing into LAN Yue's heart, making her very uncomfortable.

If Su Yu was pursuing and falling in love with her, Lan Yue might not care.

But Su Yu was so cold and heartless towards her, and she actually took it to heart.

"Who does he think he is? What right does he have to treat me like that?" The more Lan Yue thought about Su Yu's heartless gaze, the more uncomfortable she felt.

Wu Xie harrumphed, "This person is indeed not something!"

Lan Yue's eyes flickered with a faint light, "Let's go and find brother heartless. Isn't it just a fluke to enter the central region? What's so great about it?"

--

Su Yu was completely unaware of this. After leaving, he did not rush forward again.

If he encountered the Taiji Yin-yang diagram again, it would be terrible.

He stood on a huge rock and released the Eye of Heaven, looking down at the details in front of him.

With such a wide field of vision, Su Yu actually discovered some problems that were not easy to discover.

He actually saw many hidden terrifying auras from the nearby regions!

For example, there was an unremarkable lake three million miles away, where a gold overlord level creature was hidden.

Another seven million miles away, there was an extremely vast and dilapidated array formation, emitting an extremely dangerous aura.

Another thousand miles away, there was a towering ancient tree, occasionally exuding the terrifying aura of a mystic crystal overlord!

..

Su Yu patiently observed and found more and more hidden dangers.

Almost every million miles, there was a terrifying existence!

After half a day, Su Yu broke out in a cold sweat.

He originally thought that the Taiji Yin-yang diagram was a coincidence, but now it seemed that this diagram was just the most harmless danger!

The entire central region was covered in danger at every corner.

If he were to barge in unwittingly, he would probably die on the way before he reached the attic.

Su Yu analyzed the safe route, but after observing for a while, his expression was very heavy.

Those dangerous areas usually covered a very wide area. It was almost impossible to completely avoid all the dangers and reach the attic smoothly!

“Let’s try another area!” Su Yu did not rashly go forward, but walked around the outer regions of the area.

However, no matter which angle he looked from, Su Yu could feel that danger was everywhere.

“Do I have to force my way in?” Su Yu’s expression was solemn. “That shouldn’t be the case. If the original intention of the ancient dream altar was to prevent all living beings from getting close to the attic, then why would I bother to design the elimination mechanism in the five regions?”

Su Yu had always been very certain of his judgment.

With determination, Su Yu flew around the periphery for three days and three nights.

Finally, at the southwest corner, he found an unusual situation that was completely different from the other angles.

There was no danger at all when he peered in this direction!

A long road paved with bluestone bricks wound its way to the deepest part of the road and extended straight to the attic.

After careful confirmation that there was no danger on this road, Su Yu was surprised and walked on the Bluestone Road.

Stepping on this road, Su Yu’s body trembled slightly.

A wave of ancient time rushed from the depths of the bluestone road like a huge wave.

Su Yu wanted to retreat, but the bluestone road under his feet strangely turned into a muddy swamp.

Su Yu’s feet sank deep into it, unable to pull them out for a moment.

In an instant, the dust of time blew against his face.

Su Yu was instantly submerged in the ancient aura of time.

The dull, lonely, and oppressive atmosphere oppressed Su Yu.

It was as if he had fallen into the endless years, alone.

Or rather, he had entered the perspective of an ascetic who had cultivated in the endless years.

What Su Yu saw was the experience of an ascetic.

If it was an ordinary person, they would have long been suppressed by this endless boring life.

However, Su Yu had grasped the law of time when he first entered the martial arts world.

Time sped up a thousand times, and a day would often be three years. How Boring was that?

He was very familiar with the current situation.

He was extremely patient and observed from the perspective of an ascetic.

Time passed bit by bit.

A Day passed.

A month passed!

A year passed!

Ten years passed!

Su Yu felt that his entire body was covered in the dust of time. He had not spoken for ten years, and the immense mental pressure was enough to torture a person to the point of going crazy.

Even Su Yu rubbed the space between his eyebrows, feeling a little uncomfortable.

The cultivation of ascetics was endless.

When a hundred years had passed, Su Yu had turned into a Rockman.

A hundred years without speaking, without eating or drinking, without moving or moving, how was he different from a Rockman?

The longest time Su Yu had accelerated was not even a hundred years.

He felt that he was reaching his limit and could not endure such a boring life anymore.

However, everything was not up to him.

He was deeply immersed in time and was unable to extricate himself.

What was even more terrifying was that Su Yu wanted to withdraw his thoughts and comprehend his own divine art.

However, he could not close his eyes at all. His thoughts were being pulled and he was watching the boring life for a hundred years.

If it was an ordinary person, he would have gone crazy long ago.

Su Yu's endurance until now had completely exceeded his imagination.

Just as Su Yu reached his limit, the situation in his vision suddenly changed.

A loud roar broke the silence of time.

The owner of the vision, after a long period of comprehension, finally had an epiphany.

A wondrous empty inspiration surged over, and Su Yu actually shared the empty inspiration brought by this breakthrough.

Su Yu, who had experienced countless breakthroughs, was overjoyed. He immediately shared this empty inspiration and comprehended the current bottleneck.

As expected, with this breakthrough comprehension, Su Yu's comprehension speed soared by a hundredfold!

The mastery stage of the soul devouring realm, which was difficult to comprehend in the past, actually had the inspiration to break through once again.

As for the inheritance of the demon sword Wuya, it was naturally successful. He directly comprehended the fourth style!

Su Yu was ecstatic. This was simply a pie falling from the sky!

At this moment, the comprehension dispersed.

Su Yu was immersed in the inspiration of the Soul Devouring Realm and was unwilling to withdraw.

If he took this opportunity, he would definitely be able to break through the shackles!

However, at this moment, an extreme coldness surged into his soul.

Su Yu's soul trembled and woke up from the Enlightenment!

And that ethereal inspiration vanished into the darkness like a fleeting starlight!

Being interrupted again, Su Yu was furious.

“Lover, don't be so angry. If you don't Leave Now, you'll be trapped in time and unable to extricate yourself.”

Su Yu opened his eyes. Just now, he realized that he had appeared in the middle of the Bluestone Road.

He had already walked a hundred steps behind him!

He suddenly woke up and looked down at his palm. There was a trace of cold air left behind by the mysterious ice crystal.

It was a female corpse!

Chapter 1685 Demon Lord The World (Second Watch)

At the critical moment, he interrupted Su Yu's comprehension.

“If you continue to immerse yourself in this, you will be sealed in the ascetic's perspective again. The next time won't be a hundred years, but a thousand. Are you sure you can endure it?”

Sensing that there was a slight muddy feeling under his feet, how could Su Yu Dare to stay any longer?

His body flashed and he retreated outside the bluestone road.

Staring at the seemingly peaceful and safe bluestone road, Su Yu could not help but feel a chill in his heart.

It seemed that there really was no so-called safe route.

The dangers of the Bluestone Road were extraordinary!

If he did not endure a hundred years of dull time and his mind was damaged, he would probably remain on the Bluestone Road Forever, right?

Drip --

The black ice fell to the ground and melted into a line of words.

“That’s not it. That’s a Dao master made of his own bones. What you see is the Dao master’s life’s cultivation experience.”

The Dao Master’s Bones? Staring at the Bluestone Road, Su Yu’s eyes revealed a deep surprise.

Compared to those so-called dao master remnants, the Dao master’s remains were tens of thousands of times more precious.

However, from the Dao master’s perspective, Su Yu had a deep understanding of his cultivation.

Any supreme expert would cultivate step by step painstakingly.

He was envious of the DAO Master’s supreme ability, but he had to endure that endless life of painstaking cultivation.

Tick tock --

“With this realization, I didn’t set foot on the Bluestone Road for nothing! As expected of my lover, I’m getting more and more infatuated with my lover.”

The corners of Su Yu’s mouth twitched, and then he sighed in his heart, “I’m ashamed, I can’t endure a mere hundred years. The thousand years, ten thousand years, and a hundred million years of painstaking cultivation after that, I’m even more unable to endure it.”

Tick-tock --

“Lover, Don’t belittle yourself. With your age, to be honest, when you set foot on the Bluestone Road, this king thought that you were dead. I didn’t expect that you could endure a hundred years of bitter cultivation, but your soul wasn’t damaged at all. This really surprised this king!”

Unexpectedly, her evaluation of Su Yu’s experience this time was unexpectedly high.

“Oh? Will your life be in danger?” Su Yu asked.

Tick-tock --

“Of course, if you can’t withstand a hundred years of bitter cultivation, your soul will forever sink into the Bluestone Road. Your body will slowly rot and eventually die! “Seriously, this king has already planned to find another handsome lover. I didn’t expect you to survive.”

The veins on Su Yu’s forehead throbbed. What happened to being infatuated with him?

However, Su Yu was still very grateful in his heart. If she didn’t Wake Su Yu up in time, he would probably continue to sink into that thousand years of bitter cultivation.

Tick-tock --

“Thank this king, and I’ll marry you with my body.”

Su Yu felt a chill!

Looking around, a fallen leaf was still lying quietly in front of the bluestone road, exactly the same as when Su Yu came.

It seemed that he had experienced a hundred years of bitter cultivation, but in fact, it was only a short moment.

It was slightly regretful that he was still just one step away from completing the soul devouring realm.

However, his gains were also extremely great.

“The fourth form of the Devil Sword, Devil Lord the World!”

Compared to the third form, it was even more profound and powerful.

According to Su Yu’s estimation, to comprehend the fourth form, even if he had time to accelerate, he would still need three years to comprehend it.

Without time to accelerate, he would need 1,500 years!

Comprehending this sword style could be said to be an unexpected breakthrough!

Roar --

All of a sudden, an intense roar shook the sky.

Even from such a distance, Su Yu could feel the terrifying divine might within that roar.

“Is it the Golden Overlord’s fierce beast?”Su Yu’s heart trembled.

Looking from afar, he could only see balls of terrifying might churning in the horizon, and the roars of fierce beasts could be heard from time to time.

Someone was fighting with fierce beasts!

Su Yu’s heart moved, and he used the Eye of heaven to look over.

He discovered that it was three silver overlords working together to fight against a giant golden lion.

The Golden Lion Overlord’s realm was extremely powerful. With a casual grab, it brought life and death danger to the three silver overlords.

One of the silver overlords was on the verge of death. It seemed like he wasn’t going to live for long.

The other two silver overlords gritted their teeth and persevered.

However, although their cultivations were unable to fight against the lion, they carried many talismans that exceeded their cultivations.

One of the talismans was extremely powerful and caused fatal injuries to the lion.

The lion looked fierce, but it was already at the end of its tether. It wasn’t certain who would die first.

“Do they want to force their way through and reach the pavilion?” Su Yu pondered for a moment before making a decision. He tapped his toes and flew over.

Roar --

The lion let out an earth-shattering roar, forcing the two silver overlords back and causing them to vomit blood.

“Ru Lan, give up.” A young man with a gentle expression had a solemn expression as he spoke to a woman who looked somewhat similar to him.

The woman’s expression was firm. “Big Brother, it wasn’t easy for us to reach this step. Are you willing to give up? “Father is already dead. Only the two of us are left to guard the sky orchid manor. If we can’t reach the pavilion and receive the DAO Master’s baptism and become a gold overlord, the sky orchid manor will be swallowed up.”

The Gentle Man’s lips were filled with bitterness, and his eyes gradually became sharp. “Then let’s Go All Out!”

The two of them each took out a talisman containing the golden overlord and solemnly activated it.

“These are the only two remaining golden overlord level talismans. You must attack its abdomen!”

A small bloody hole the size of a small hill was particularly terrifying on the lion’s abdomen.

There, one could faintly see an incomparably huge golden beast core.

One corner of the Beast Core was missing. It was obviously injured by the powerful talismans from before.

If the remaining two golden overlord level talismans could attack the beast core, they would definitely be able to successfully kill the lion.

The brother and sister had a tacit understanding. They separated to the left and right. One of them drew the lion’s attention while the other thought of a way to teleport to the lion’s abdomen and use the talismans to attack the beast core.

The lion could not look both ways and stared at the gentle man.

Golden fur covered his entire body and pierced the sky with golden light.

The gentle man retreated frantically and did not dare to touch the golden fur at all.

The attack of the Golden Overlord, even if it was just an ordinary attack, was enough to put him in danger.

After attracting the lion’s attack, the gentle man shouted, “Sister, Quick!”

The woman immediately tore open a spatial talisman and teleported to the lion’s abdomen.

Without thinking, she crushed the talisman!

However, to be able to cultivate to the level of a gold overlord, the lion’s intelligence was so high that it surpassed many living beings.

A human-like sneer flashed across his eyes!

Just as the woman was about to crush it, endless demonic power shot out from the inner core without any warning.

How powerful was the demonic power of the Golden Overlord? Only death awaited the woman.

However, this woman's character was extremely tenacious. Even though she knew that she was going to die, she wasn't afraid at all. Instead of retreating, she advanced and crushed the talisman seal.

Boom --

A terrifying explosion exploded near the lion's inner core!

Roar --

The golden lion let out a mournful roar.

Its enormous body crashed to the ground, causing the earth to shake and the mountains to shake.

As for the woman, she disappeared in the explosion of the demonic power and the Golden Talisman. Not even her bones were left!

"Ru Lan! !"The Gentle Man roared tragically and rushed over to look for her.

All that could be seen were ruins and ruins. Not even the remains of his sister were left.

"No!"The Gentle Man roared towards the sky. Suddenly, he raised his head and found a silver-haired young man standing on top of his head. He was looking at him with a smile that was not a smile.

"Sorry to disturb you, sir. However, it's better to check your sister's injuries first."Su Yu threw the unconscious woman in his arms down.

The Gentle Man was stunned. After seeing the woman clearly, he was ecstatic. He rushed up to the sky and took her, his eyes full of joy and tears.

"Ru Lan, ru Lan!"The Gentle Man transferred divine power into her, and the woman named Ru Lan gradually woke up.

"Brother, I... Why Am I Not Dead?"Ru Lan looked around in confusion.

The gentle man thought of Su Yu just now and quickly bowed to him, "Thank you for saving my sister."

He looked at Su Yu and was shocked to find that Su Yu was only a first level heavenly cave master.

How did he save his sister at the critical moment?

One had to know that he did not have time to save her at that time.

Su Yu was deep in thought as he sized up the dying lion. When he heard this, he waved his hand without turning his head back. "It's nothing. Don't worry about it."

Ru Lan glanced at Su Yu. After recovering slightly, she asked suspiciously, “Did you use the space talisman to save me?”

Before she was knocked unconscious by the Lion’s demonic power, she vaguely felt a space power surrounding him.

“Mm, I did indeed use a spatial talisman.” Su Yu didn’t admit that he was skilled in spatial divine arts.

So that was how it was. The Gentle Man was relieved.

“I am Tian Jian from the sky orchid mansion. This is my sister, Tian Rulan. May I know your name?”

Su Yu had never heard of the Sky Orchid Mansion before. He only thought that it was some faction in the Sea of constellations. He said calmly, “Su Yu.”

Tian Rulan frowned slightly. Su Yu was a little too cold.

“May I ask, sir, are you also the victor who passed the elimination in the five regions?” Tian Rulan had a doubtful look on her face.

If a world paragon of a first-level heavenly cave abode did not have the protection of an expert, it would be hard for others to believe that he could rely on himself to obtain the qualifications to enter the central region.

Su Yu could not be bothered to reply. Instead, he continued to size up the lion.

After a long while, Su Yu turned around and said to the two, “I don’t want to part with it. Give this lion to me. I can use some things to exchange for it.”

Ah?

The brother and sister hesitated.

Golden Overlord level beasts were rare in the outside world. The materials on their bodies were extremely valuable.

They felt reluctant to give it to Su Yu just like that.

However, after discussing in secret, Tian Jian laughed heartily and said, “Brother has saved my sister’s life. I’ll give this ferocious beast to you. There’s no need to exchange it.”

Su Yu smiled and said, “Thank you!”

After saying that, he accepted the entire lion unceremoniously.

Tian Rulan saw this and felt her heart ache,

how much did they pay to successfully kill the Lion? They had used up most of their talismans, and now they were giving it away. How could she feel at ease?

However, the person in front of her had saved her life, and she couldn’t do anything about it.

After putting away the lion, Su Yu touched his arm with his finger, and a few ripples came. It was a branch of the Golden Flame Forbidden Tree.

In the hands of the Emperor of Heaven and earth, its value far surpassed that of a Golden Overlord Beast.

“I don’t like to owe people favors. It’s just a small token of appreciation. Take it.” Su Yu threw it over.

Tian Jian grabbed it with a surprised look and said, “What is this?”

Tian Rulan looked at it and didn’t recognize it.

But they had a preconceived idea. How valuable could Su Yu’s item be if his cultivation was placed there?

Tian Jian really didn’t like it, but he didn’t want to give Su Yu face and said, “Then thank you.”

Su Yu nodded, cupped his fist and said, “Then I’ll take my leave.”

Tian Jian hesitated for a moment and said, “Little brother Su, do you plan to go to the Attic?”

Su Yu nodded. “I have the same intention.”

“Then why don’t you come with us. With your cultivation level, it’s not easy for you to enter the central area. Although the three of us are not considered top-notch, we can barely bring little brother into the attic, right?” Tian Jian said kindly.

Su Yu was stunned. With their near-death experience, they were able to kill a gold-tier dire beast and reach the loft?

It seemed like they didn’t realize that the danger they encountered was only the first one. Moreover, it wasn’t considered the most dangerous.

The path they chose had no less than ten gold-tier dire beasts. There was even a dire beast that was about to break through to the Mystic Crystal Overlord realm.

If they could not even protect themselves, how could they bring Su Yu over?

Chapter 1686 Unworthy Of Being A Pet (Third Watch)

However, Su Yu appreciated his good intentions.

After thinking about it carefully, Su Yu said, “Alright, then I’ll bother you.”

With him around, even if they couldn’t make it through, he could still save their lives.

Tian Rulan wasn’t too willing and complained telepathically, “Brother, why are you so reckless? Who knows what dangers lie ahead and the three of us can’t take care of them. Wouldn’t it be asking for trouble if we had to sacrifice a world paragon of the cave abode?”

Tian Jian sighed, “He saved your life after all. If we can bring him along, we can bring him along. It’s convenient for us to make things convenient for others.”

Hearing this, Tian Ru Lan was very angry.

Even if he saved her life, it was enough for him to give her a gold overlord level lion!

Could it be that he really thought that the other party bought the lion with a piece of messy wood?

However, Tian Jian had already spoken. Tian Rulan could not go back on her words even if she wanted to. She could only turn her head and sulk.

Su Yu saw this and felt amused.

He said, "Your Leader's companion should recover from his injuries. I have some things to take care of."

After saying that, Su Yu came to the tree and sat cross-legged.

His soul entered the Buddha bead space where the lion was kept.

The Golden Lion's aura was very weak.

Su Yu stood in front of it with his hands behind his back. The Golden Lion's weak eyes glanced at Su Yu as if he was looking at an ant.

Even though he was about to die, he still had the dignity of a golden overlord.

"There is a saying in the human race. A man's death is heavier than Mount Tai and lighter than a feather. I don't know if you golden lions understand the meaning of this saying."

The golden lion's disdainful eyes suddenly flashed. He turned his head and looked at Su Yu in surprise. "You can speak the language of our Golden Lion?"

Su Yu smiled lightly. "Very strange?"

The golden lion said in disbelief, "The Golden Lion's language is never taught to outsiders. Ordinary people only think that we are ferocious beasts without a civilization, but they don't know that our Golden Lion Race is also a race with a powerful civilization. We even have our own language. Where did you learn it?"

"That's not the point. The point is, are you willing to die here?" Su Yu asked indifferently.

With a person who could communicate with him, the Golden Lion was in high spirits and said, "Of course not. Why, do you want to save me?"

"Yes." When Su Yu saw the golden lion with the eyes of heaven, he had a plan in mind.

The Golden Lion's eyes revealed wisdom. He raised his proud head and said with some sarcasm, "Then, make a deal with me. Let me listen to your orders and become your demonic pet?"

It seemed to have seen through Su Yu's plan. Its eyes revealed its ridicule.

Who knew that Su Yu shook his head indifferently, "A spiritual item of your level is probably not qualified to be my spiritual pet. You're thinking too much."

The golden lion was furious, "Hehe, what big words!" Our Golden Lion Clan was born to be an overlord creature. When we mature, we can even reach the level of a golden overlord. Our leader is even a peak existence at the level of a Xuan Crystal Overlord. You're just a small cave dwelling sector lord. You really don't have the qualifications to adopt US Golden Lion."

Su Yu sighed and touched the nine jade spiritual pearl.

A human-sized cocoon appeared in front of him.

As soon as this cocoon appeared, it immediately emitted an extremely special aura.

The Golden Lion's expression changed drastically and his pupils shrank, "What... What kind of creature is it? What a terrifying feeling."

As a demon, the golden lion could feel Xiao Die's terror even more than Su Yu.

Especially the talent of being able to eat anything.

A trace of fear that came from the bloodline appeared in the Golden Lion's soul.

"Take it away!" The Golden Lion was obviously a little afraid.

Su Yu casually put away the cocoon and said indifferently, "How is it? Do you still think you are qualified to be my demonic pet?"

The Golden Lion's expression completely changed. He stared at Su Yu with astonishment in his eyes. He did not understand how Su Yu could tame such a fierce spiritual pet.

"I have no interest in subjugating you. You are not qualified to be my spiritual pet." Su Yu said indifferently, "To save you, I only need you to do one thing."

The Golden Lion was despised by Su Yu. He was very angry in his heart, but he did have the qualifications.

"Humph! If it is something that undermines the dignity of my golden lion, I will not do it even if I Die!"

Su Yu smiled, "It's already like this, what's there to be dignified about? Don't worry, I only have one thing to look for you!"

"How's your relationship with the great demons ahead?" Su Yu asked.

The golden lion just understood what Su Yu meant, he said with some pride, "Hehe, they've been my best friends for many years! We drank together, cultivated together, and even soaked in the female demon beast... Oh, it's the spring water brewed by the female demon beast. Cough cough, don't misunderstand."

Su Yu grinned!

It seemed that he had met a romantic lion!

"That's easy to say. Send us all the way to the pavilion ahead. Are You Confident?" Su Yu said.

The Golden Lion's expression became serious. After pondering for a long time, he said, "Yes, but I can't."

"Don't keep us in suspense!" Su Yu said.

The golden lion said, "Those familiar fierce beasts will basically give us face. It's not difficult to let you go, but if you meet that fellow, I might not be able to send you there."

"Who?"

"A wandering guy. He travels alone and has no fixed territory." The Golden Lion mentioned him, his face changed. "Except for a few demon beasts that have reached the level of Mystic Crystal Dominators, everyone else in this area is afraid of him."

Su Yu's eyes flickered. "Why?"

The golden lion said, "Because he is the only savage guy who feeds on other demon beasts. Not only is his whereabouts unpredictable, his strength is also extremely terrifying

"The last time I heard about it was three years ago. A mystic Crystal Overlord that was in the middle of training was ambushed and eaten by it!"

A mystic crystal overlord could be eaten by it? What kind of terrifying thing was that?

"If we encounter it, forget about going to the attic, it's still a question of whether you and I can escape or not."

Su Yu's eyes were extremely solemn. That Savage creature was indeed a great hidden danger.

"However, you don't have to worry too much. That fellow hasn't appeared for three years. It's probably in closed door cultivation. Our Luck shouldn't be that bad. We just happened to run into it when it came out of closed door cultivation."

After pondering for a moment, Su Yu nodded slowly. "We can only try."

With a thought, Su Yu immediately poured in an endless amount of vitality to treat the golden lion's injuries.

Its injuries were recovering at a speed visible to the naked eye. Only the beast core, which did not have vitality, could be treated.

"Damn you guys, I only flirted with that woman once, and you're already so unfriendly to me!" The Golden Lion said angrily.

The veins on Su Yu's forehead twitched. You're So Big, and you think you're flirting with her? Tian Ru Lan thought you were going to eat her!

"Stay here for now. I'll call you out when I need you."

Su Yu's soul returned to its original position. When Su Yu opened his eyes, his companion's injuries had also recovered.

It was a young man of a similar age to them. What made Su Yu slightly surprised was that this person's cultivation was very good.

Based on his intuition, he should be on the same level as the white snow sword.

Below the Golden Overlord, there was rarely a match for him!

He was staring at Su Yu with a very strange expression.

“You’re Awake? Come, let me introduce you. This is our Sky Orchid Mansion’s guest elder, Li Changqing!” Tian Jian introduced very enthusiastically. “Guest elder Changqing, this is Su Yu, the one who saved my sister.”

Li Changqing sized up Su Yu and was a little surprised. “He looks like him. His facial features look more alike!”

Su Yu was surprised. “Sir, do you know me?”

Li Changqing nodded. “Yes, someone once took out a portrait and offered a big reward.”

Su Yu was confused. It was the first time he showed Su Yu’s team in the absolute beginning realm. Who could recognize him?

“Who’s the person who offered the reward?” Asked Su Yu.

Li Changqing shook his head. “I was just passing by. I didn’t look at it carefully. I’m sorry.”

A trace of disappointment appeared in Su Yu’s eyes.

Who Was It? Was it an enemy or a friend?

“Honored guest, we’re planning to move forward. We hope you can help us, honored guest,” said Tian Ru Lan.

Li Changqing pondered for a while and gritted his teeth. “Alright, we’re the only ones in the Tian Lan mansion now. We can only go to the pavilion and get the Dao master’s enlightenment to resolve the crisis.”

The Tian Jian siblings heaved a sigh of relief. If he were to withdraw, the two of them would have no chance of winning by themselves.

“Then this little brother...” Li Changqing said.

Tian Rulan said unhappily, “Big Brother said that we can bring him along on the way.”

Li Changqing had a difficult expression on his face. After hesitating for a moment, he said to Su Yu, “Little brother, the three of us have limited strength. If we encounter a great enemy, we might not be able to take care of you.”

Su Yu said indifferently, “It’s alright. I will take good care of myself.”

“Then let’s set off!” Li Changqing said.

The group immediately followed the established route and set off.

However, before they had walked far, they heard a shrill scream from beside them.

It was the scream of a certain powerful fierce beast!

Li Changqing’s expression changed slightly. “Quickly hide! It might be a more powerful fierce beast, or it might be the other participants.”

From his point of view, the latter was actually more dangerous!

As long as the former escaped from their territory, they would normally not chase after them.

But for the latter, unless they handed over the altar fragment they obtained, they would chase them to the end!

The four of them immediately hid.

Not long after, a group of people directly flew over their heads.

Su Yu secretly took a glance and could not help but feel slightly apprehensive.

Lan Yue?

At this moment, Lan Yue was nestled in the arms of an arrogant man carrying a huge knife on his back.

She was smiling as she played with a round beast core.

The Beast Core was fresh and still had traces of beast blood.

Heartless Blade Emperor! Su Yu immediately recognized who the man with the huge knife on his back was.

Behind them, there was also Wu Xie!

Heartless Blade Emperor played with Lan Yue's chest wantonly and said with an evil smile, "Little Sister Yue'er, nine Gold Overlord Grade Beast Cores and you've already submitted to me. This is what you said."

Lan Yue's seemingly delicate and pretty face was filled with traces of charm as she said tenderly, "Of course..."

"However, if you can help me teach that Su Yu a lesson, I'll be even more willing to submit to Big Brother Ruthless." Lan Yue lay in his arms and said with a smile.

Su Yu's cold gaze made her take it to heart. In the end, she could not swallow her anger.

She wanted to see Su Yu kneel in front of her to admit his mistake and lower his arrogant head!

Heartless Blade Emperor's eyes turned cold. "That trash? He should be glad that he didn't meet me. Otherwise, he would have died!"

A smile appeared on Lan Yue's face as she leaned into his embrace.

On the ground, Li Changqing and the Tian siblings turned their heads to look at Su Yu, their faces full of surprise.

They could clearly hear that Lan Yue and heartless blade emperor were not very friendly towards Su Yu.

Su Yu was helpless. The hardest thing to understand was a woman's heart.

He had never done anything to hurt Lan Yue. He did not even care about her past grudges and still saved her.

But in the end? He inexplicably asked ruthless blade emperor to teach him a lesson.

“Ruthless Blade Emperor?” A cold light flashed in Su Yu’s eyes.

They had not fought yet. Su Yu might not be the one who should be glad.

Chapter 1687 Human-Shaped Great Demon (First Watch)

Tian Rulan stared at Su Yu unkindly. “Hey, did you do something to let him down?”

She had never been very friendly to Su Yu.

Su Yu only smiled and did not say anything.

“You Bastard!” Tian Rulan wished she could pry Su Yu’s mouth open. This guy always made people inexplicably angry.

Tian Jian tried to smooth things over. He coughed dryly and said, “Brother Su, you have to be careful. Even our Tian Lan mansion has heard of the name of the heartless blade emperor. If you really meet him, your situation will be very bad.”

Su Yu smiled faintly. “I understand.”

The strength of the heartless blade emperor was indeed powerful. From just now when he single-handedly killed the Gold Overlord Fierce Beast, he was able to get a glimpse of it.

For an expert of his level, as long as he did not encounter an extremely talented beast or a mystic Crystal Overlord, he could almost run amok in the Central Region.

However, Su Yu also had his own trump card.

If they really fought, heartless blade emperor would probably be shocked.

After pausing for a while and making sure that they were far away, the group of people moved forward.

Su Yu seemed to be following them, but in fact, he hid the eye of heaven in the sky and monitored the situation in front of them at all times.

All of a sudden, Su Yu sensed that there was a small lake that was as black as ink in front of them. There was some kind of powerful danger in the lake.

With a thought, Su Yu secretly took out a buddha bead and threw it on the ground.

After they left, the space of the Buddha bead opened, and the Golden Lion jumped out from it.

It snorted and reluctantly bypassed Su Yu and the others, coming to the side of the small lake to talk about something.

Xiao Hu rippled and returned to its calm state.

When Su Yu and the others passed by the lakeside, the surface of the lake was calm and there was no danger.

Just like that, the golden lion led the way while Su Yu and the others were unimpeded.

In just four hours, the distance of 100 million mountains and rivers was only 10 million miles.

Li Changqing was greatly surprised. “It’s really strange. I heard that the central area of the ancient dream altar is filled with danger, but why did we only encounter one Golden Lion?”

Tian Jian and Tian Rulan were relieved.

“We were lucky. Maybe we just avoided the danger zone,” Tian Jian thought.

Other than that, it was almost impossible.

Tian rulan twisted her slender waist, which was slightly stiff because of the tension, and sighed. “Of course. Did We expect that expert to help us in secret?”

Only Su Yu remained cautious and reminded, “The moment of relaxation is the most dangerous moment. Everyone, now is not the time to be careless.”

Su Yu, who had experienced countless dangers, always believed in this saying.

Perhaps the last ten million miles was the most dangerous.

Tian Rulan glared at him and said with a smile that was not a smile, “Yes, speaking of which, perhaps it was because of your luck that we were able to get here.”

She was referring to Su Yu’s cultivation level, but he was able to charge into the central area. It must be because of his luck.

Su Yu was too lazy to respond to him. He just shrugged and continued to stare at his surroundings.

“Rulan!” Tian jian lightly shouted, “Brother su kindly reminded us that what he said is not without reason. Don’t speak rudely again.”

“It is, HMPH!” Tian Rulan said.

Tian Jian helplessly cupped his hands towards su yu, “I’m sorry. My Sister has been spoiled since young, so she has a short temper. Brother Su, please forgive her...”

Suddenly, Li Changqing’s eyes narrowed and he anxiously shouted, “Everyone, hide! Something is coming!”

Everyone sensed that a powerful dangerous aura was coming and their expressions couldn’t help but change at the same time.

They had really encountered danger!

Tian Rulan gritted her teeth and glared at Su Yu. She spat, “What a Jinx!”

Boom --

The object was very huge. It had also locked onto their direction and was charging straight towards them.

Li Changqing hurriedly said, “The other party has discovered us. They can’t hide anymore. Prepare to fight!”

Clang --

The three of them looked as if they were facing a great enemy. They stared at that place deeply, hoping that the danger that came was within their range of dealing with.

If another golden lion of the same level came, they would not need to fight. They would just throw away the fragments and prepare to return with nothing.

Roar --

With a low roar, the earth shook and a huge Golden Mountain appeared.

Looking closely, the three of them were shocked and desperate!

“Golden Lion?”

“Isn’t this the golden lion that we killed?”

“He should be dead. Why is he still alive?”

No matter what, the Golden Lion had returned alive.

The worst case scenario had happened again.

The hearts of the three of them sank to the bottom, and their faces were filled with despair.

It was over!

They had already used up most of their talismans to deal with the Golden Lion. The remaining talismans were not enough to deal with it.

Tian Rulan felt bitter in her heart. It was not easy for her to reach this step, but she had encountered the golden lion again.

Was it the will of heaven?

Tian Jian also smiled bitterly. He took out his own altar fragment and said, “Sister, guest elder, let’s leave it at that. The ancient dream altar doesn’t belong to us.”

Tian Rulan was unwilling, but she still took out the altar fragment helplessly.

A sorrowful mist filled her eyes. “Tian Lan residence is hopeless!”

Li Changqing sighed deeply and held the fragment. “Sigh, let’s stop here. There’s nothing I can do.”

Tian Jian was in a low mood. He said to Su Yu, “I’m sorry that I couldn’t bring you to the attic. Brother Su, please leave as soon as possible. Sigh...”

Unexpectedly, Su Yu had his hands behind his back. Not only did he not have the intention to leave, he walked towards the Golden Lion and spoke in a language that they did not understand. He said, “How is it? Is there any danger ahead?”

The golden lion shook its huge head. “No, I’ve already told my brothers not to make things difficult for you.”

“That’s good,” Su Yu said.

The three of them were petrified by this scene.

Tian Jian said, “Brother Su, you... You’re pleading for mercy from this Golden Lion?”

Uh..

Su Yu said embarrassedly, “I guess so.”

The Golden Lion glared at Tian Jian in disdain, scaring the latter into being on guard.

It looked at Su Yu and said, "If there's nothing else, then that's it. HMPH!"

"Wait! Are you sure that all the great demons in front of us have greeted us?" Su Yu asked in the end.

Su Yu did not want any accidents to happen within a short distance of ten million miles.

The Golden Lion raised its head proudly and said, "Nonsense! Who Am I, the Golden Lion? All the great demons in the vicinity, who would not give me face? "Along the way, you will pass through the territories of nine great demons. Don't worry, there won't be any danger."

Su Yu's pupils constricted. The Eyes of heaven hidden in the sky couldn't help but Flash.

"How many great demons did you say there were?" Su Yu's expression changed slightly.

The golden lion said, "Nine. Why, is there a problem?"

Su Yu's expression became more and more serious. "Why did I find ten great demons? and one of them is about to reach the overlord of the Mystic Crystal Realm?"

"Impossible, I've never known a great demon that's close to the overlord of the Mystic Crystal Realm, and there's no territory of this demon nearby!" The Golden Lion seemed to have thought of something, and his tone suddenly changed, revealing a hint of fear. "What does it look like?"

Through the Eye of heaven, Su Yu captured the image of the great demon that was about to reach the overlord of the Mystic Crystal Realm.

It was a gray demon beast that was walking on its own, and was only the height of a person.

Its body was extremely slender, and its limbs were as thin as spikes. Its head was also like a sharp wooden awl.

Only its mouth was exceptionally huge, and its face spanned from left to right.

It was as if a crack had been opened on its face, and countless fine black teeth were densely packed within the crack.

At this moment, it was surveying its surroundings. A pair of eyes that were as small as green beans emitted an oily green light, making it seem especially cunning and sinister.

Suddenly, it lurked and crawled in front of an ancient giant tree.

Within the giant tree, there was a huge hole with a diameter. A golden overlord-level beast was sleeping within.

The Beast had no idea of the former's arrival.

Su Yu described what he saw to the Golden Lion. The latter's pupils contracted and was filled with fear. "It's him! Demon subduing Beast!"

This was exactly what the Golden Lion had said. It was an extremely ferocious creature that specialized in hunting other great demons for food.

Other than the Xuan Crystal Overlord's ferocious beast, no one was unafraid of it.

However, three years ago, it successfully ambushed a sleeping Xuan Crystal Overlord and ate it.

After that, it did not appear again for three years!

Su Yu's eyes revealed traces of vigilance. Su Yu had long detected this demon subduing beast that was close to the Xuan Crystal Overlord.

He did not expect that it was the savage thing that the Golden Lion was talking about.

"Not good! It's going to ambush boss Xiong!" When Cong Su Yu heard about the current situation of the demon subduing beast, the Golden Lion was both shocked and angry.

Su Yu said, "Boss Xiong, is it the demon king of Your Region?"

The golden lion nodded, "Yes! All the great demons in this region listen to boss Xiong, including me! If boss Xiong is killed and we have no leader, then it will be chaotic."

However, due to the fear of the demon subduing beasts, the golden lion shrunk and did not dare to go forward to rescue them.

There were too many rumors about the demon subduing beasts.

Su Yu narrowed his eyes and said in a deep voice, "I'm afraid that the demon subduing beasts' goal is not just boss Xiong! It is all of you great demons!"

"What do you mean?" The Golden Lion was shocked.

Su Yu said, "Without a leader, the area you are in will definitely be chaotic, and the chaos will make it easier for the demon subduing beasts to take the opportunity to kill other great demons so as not to expose themselves."

Just think about it. If a great demon died in a chaotic battle, would anyone pay too much attention to it?

Obviously not!

It had to be said that the demon subduing beasts were not ordinary cunning!

The Golden Lion was awe-struck!

Right now, the great demons seemed to be in peace, but in reality, it was Boss You Xiong who ruled over the region.

If he died, it would be difficult for the group of demons to submit to each other. They would definitely fight for the position of Boss.

"No, we have to inform the other demons to come to our rescue immediately!" The Golden Lion took a deep breath and roared towards the sky.

The Roar shook half of the central region.

The nearby demons were alarmed and rushed over.

Li Changqing's expression changed. "Not good, the golden lion is summoning demons. Let's Run!"

Tian Jian and Tian Rulan's faces were also pale.

They thought that Su Yu's 'plea' had failed and angered the Golden Lion.

However, Su Yu did not move at all. He had an indifferent expression on his face.

Chirp --

A sharp screech resounded in the sky. Accompanied by a strong wind, an enormous black bird flew over and landed nearby.

It let out a screech as if it was asking the golden lion why it had summoned them.

Chapter 1688 Strange And Weird (Second Watch)

The Golden Lion roared into the sky. The giant bird was obviously frightened and wanted to escape.

After the Golden Lion continued to speak, the giant bird finally stabilized. It flew down and instantly crushed a forest.

Its huge black eyes were filled with anthropomorphic surprise as it looked at Su Yu.

It was obvious that the Golden Lion had mentioned Su Yu.

The giant bird also began to neigh as it summoned the nearby demons along with the Golden Lion.

Not long after, more and more demons arrived. There were more than thirty of them!

Every single one of them was a gold overlord level demon.

Deep within, Li Changqing and the other two did not dare to move at all. They were afraid that the slightest movement would anger a certain demon.

Tian Jian's head was covered in cold sweat as he secretly transmitted his voice, "Honored guest, where did so many great demons jump out from? Why didn't we encounter any along the way?"

As the backbone of the team, Li Changqing's face was also filled with confusion and shock. He shook his head, not knowing what was going on.

On the other hand, Tian Rulan looked at Su Yu for some unknown reason.

"Hey, what's going on?" Tian Rulan asked Su Yu.

Su Yu said, "Something seems to have happened between the great demons. It has nothing to do with us. We just have to wait and see."

"Then... They won't hurt us?" Tian Rulan asked. With so many powerful beasts in the depths, she was extremely uneasy and puzzled.

Why didn't they hurt them?

Especially the Golden Lion. When they joined hands back then, they almost killed the golden lion.

There was no reason for it to let them go.

Su Yu did not respond. Instead, he focused on listening to the conversations between the great demons.

“You!” Being ignored again, Tian Rulan was so angry that her teeth were itching.

But now, she really did not dare to act rashly.

Not long after, several great demons gathered in succession.

The Golden Lion roared a few times, and the other great demons formed groups and sped in the direction of Boss Xiong.

The Golden Lion looked at Su Yu and said, “You guys should come too. When the situation becomes chaotic, it’s hard to guarantee that the great demons from other regions will not rush over. If they see you guys, they won’t be so friendly.”

Su Yu nodded and said to Li Changqing and the others, “This group of great demons invited us to participate in the demon gathering banquet.”

The faces of the three people turned green!

What was a demon feast? Was it a group of great demons that would roast the four of them for dinner?

Their hesitation landed in the eyes of the Golden Lion, causing it to be displeased. It roared at the three of them.

The three of them trembled and braced themselves to jump onto the back of the Golden Lion.

The group of demons was ferocious as they charged towards boss Xiong’s tree hole.

When they rushed over, the demon subduing beast was holding onto boss Xiong’s dying body, preparing to drag it away to enjoy.

Boss Xiong’s Beast Core was severely injured, and there was only one wound on his entire body.

The demon subduing Beast’s precision in attacking was evident!

The arrival of the Golden Lions caught the demon subduing beast off guard!

Seeing that there were more people, the demon subduing beast let out a sharp cry and threw boss Xiong away to escape.

The Golden Lion stayed behind, while the other great demons took the opportunity to chase after the demon subduing beast!

Arriving in front of Boss Xiong’s body, the golden lion let out a sigh of relief.

It was finally in time!

It turned its head to look at Su Yu with a pleading look in its eyes, “Human, can you save Boss Xiong’s life? We great demons will definitely repay you.”

With such serious injuries, theoretically speaking, there was no way to survive.

However, the Golden Lion had personally experienced Su Yu’s treatment, and knew that he had a heaven-defying effect that was close to bringing back the dead.

“Sure, you can stay outside. I don’t want outsiders to see the process of my rescue,” Su Yu said.

After saying that, Su Yu dragged boss Xiong’s body into the tree hole.

Li Changqing and the others were left on the spot.

The three of them were completely confused.

What exactly happened? What happened to the demon feast? What happened to the three of them becoming food to drink?

“Brother, who is that guy surnamed Su?” Tian Rulan asked.

No matter how muddle-headed they were, they could still tell that something was wrong.

Su Yu’s relationship with these great demons was extraordinary!

Tian Jian lowered his head and pondered while Li Changqing pondered. He said hesitantly, “Could he be from the demon race?”

“The last time I saw his portrait, it seemed to be in the territory of the demon race!”

Thinking of the special relationship between Su Yu and these great demons, everyone couldn’t help but believe him.

Tian Jian said, “The demon race is also divided into many races, some strong and some weak. If brother Su is really a demon, I wonder which race he belongs to.”

With doubts, they waited quietly.

In the tree hole.

An hour had passed, and Boss Xiong had been pulled back from the brink of life and death by Su Yu.

During the healing process, Boss Xiong had secretly communicated with the golden lion to understand the cause and effect of the matter.

His pair of huge eyes stared straight at Su Yu.

After a long while, he said, “Human, I, Xiong Ba, owe you a favor.”

Su Yu shook his head and said, “It was your brothers who saved you. I was merely healing you.”

“HMPH!” Xiong BA snorted. “I know very well what kind of minds my brothers have. Without your guidance, I’m afraid that they would have to sit back and watch me be eaten by the demon subduing beasts!”

Su Yu did not refute and continued to heal him with a smile.

Xiong BA was silent for a while before digging out an ancient earthen jar from under the tree hole.

The earthen jar was completely damaged, but it was filled with the remnants of the DAO Master.

There were even traces of strange milky white liquid remaining inside.

“This is the true spirit dao milk that I have treasured for many years!”Xiong BA said. “When you apply it on Your Body while comprehending, it will have an effect of twice the result with half the effort.”

“If you have the ability to break into that pavilion and obtain the dao master’s enlightenment, I believe that with this true spirit dao milk, the effect will be extremely shocking.”Xiong BA said.

True Spirit Dao Milk? Su Yu was shocked!

He had read many ancient books and naturally knew what this was!

It was the spiritual liquid left behind by the Dao Master when he was comprehending the heaven and earth.

If an ordinary person obtained it and smeared it on their body, they would be able to obtain a portion of the state that the DAO Master was in when he was comprehending the heaven and earth!

Having experienced the bluestone road, Su Yu knew too well how terrifying the DAO Master’s comprehension was.

Even if he were to share a tiny bit of it, it would have an unimaginable effect on his various comprehensions.

This True Spirit Dao Milk was incomparably precious in the Sea of constellations.

In the past, ten drops had appeared. As a result, it had caused a battle between the South Sea, East Sea, and the Star Pavilion.

All three sides used the emperors of Heaven and earth!

In the end, Star Pavilion relied on their wealth and powerful experts to finally obtain the ten drops of True Spirit Dao milk.

There were more than ten drops in the earthen jar. There were a hundred drops!

“Senior Xiong, this item is too precious. I am ashamed to accept it!”Su Yu declined.

Xiong Ba Glared at him and said, “If I ask you to accept it, then accept it! is a mere treasure more important than my life?”

Su Yu had no choice but to accept this precious gift.

“Senior, your injuries have almost recovered. Junior will take my leave first,”said Su Yu.

Xiong Ba hesitated for a moment and said, “You want to go to the Attic?”

Su Yu’s eyes flashed. “Senior, do you have anything to say?”

“En...”Xiong Ba’s eyes became slightly solemn. “Although I have been sleeping all year round, I can more or less sense the movements of the outside world. Over the past hundred years, there has been a strange aura coming in and out of the attic. You’d better be careful.”

En? Su Yu immediately became serious.

The ancient dream altar opened once every hundred years. The rest of the time, it was sealed off.

During this period, there were actually living beings coming and going from The Loft?

The seemingly casual reminder made Su Yu deeply wary.

“Thank you senior Xiong for telling me the truth.”Su Yu expressed his gratitude.

Xiong Ba waved his hand. “Alright, I Won’t keep you. That loft only allows seven people to enter. If you’re late, you might not get a share.”

“Junior will take my leave!”Su Yu’s heart trembled.

He had no idea that there was a limit to the number of people allowed to enter the loft!

After leaving the tree hole, Su Yu cupped his hands towards the golden lion and left.

“Wait for us!”Tian Jian said. The three of them did not dare to stay in the many great demons alone.

Not long after, a sparkling seven-colored lake came into view.

On the lake, there was an old and unadorned pavilion.

The doors and windows were all shut, and no details could be seen from the outside.

However, it was this inconspicuous pavilion that everyone in the Sea of constellations dreamed of pursuing.

It was rumored that the Snow Dragon Emperor had come to the pavilion by chance and received the enlightenment of a dao master. In the end, he went from an ordinary person with mediocre talent to an emperor of Heaven and earth. From then on, he ruled the North Sea and intimidated all directions.

The legend of becoming an emperor overnight attracted countless warriors to join the ancient dream altar like moths to a flame.

“Are We Dreaming?”Tian Rulan touched her cheek and stared at the sacred place in the hearts of all the Warriors in the Sea of constellations.

Tian jian muttered to himself, “I never thought that we would see the pavilion one day.”

Even the experienced guest elder Li Changqing was deeply moved. “Unbelievable! He can really come to the pavilion!”

They had long been mentally prepared. Perhaps they would not even be able to survive the elimination of the five regions.

They did not expect that their luck was so good that they did not encounter any danger and came directly to the loft.

How could they know that without Su Yu's secret help, they had already died dozens of times.

"Eh? There are three balls of flames burning on the Loft!" Tian Rulan's sharp eyes immediately noticed the abnormality.

However, she saw three balls of flames of different colors burning quietly in the sky above the attic.

Tian Jian's face darkened slightly and said, "Only five people are allowed to enter the attic each time. The three balls of flames mean that three people have entered, and there are still two spots left!"

Two... They now had four people!

The atmosphere at the scene immediately became heavy.

The great opportunity was right in front of them. Who would back out?

As long as they stepped over the lake in front of them, they would be able to enter the pavilion!

"Sigh..." Li Changqing sighed and took out a broken altar fragment from his sleeve. He handed it to the Tian Jian siblings and said, "This old man can only send you here."

Tian Jian was moved and urged them to stay, "Honored Guest, You?"

Li Changqing laughed in relief, "In that case, what I owe the Tian Lan manor will be cleared up and I will have an easy life from now on."

After handing over the altar fragment, Li Changqing's figure seemed to fade away.

Tian Rulan bowed and said gratefully, "Thank you for your help, honored guest."

The atmosphere at the scene did not ease up much.

Because there were still three people.

No one looked at each other. The atmosphere was extremely awkward.

Her lips moved. Tian Rulan turned her head and asked Su Yu, "Su Yu, on account of the fact that we brought you all the way here, you should stop here!"

Tian Jian frowned. He wanted to say something, but in the end, he remained silent.

Su Yu said faintly, "You want me to quit?"

Chapter 1689 One Sword Shocks The Soul (Third Watch)

"Is that not possible?" Tian Rulan stared at Su Yu. "I have already repaid you for saving my life with the Golden Lion. We took a risk and brought you here from hundreds of millions of miles away. We have done our best!"

Seeing that Su Yu did not speak, she thought that Su Yu was feeling guilty, she continued, "Give up. To be honest, with your strength, it is already a miracle that you were able to come to the central

region. Coming to the pavilion and taking a look at this legendary Holy Land, your trip was not in vain. If you insist on entering, you can only say that you are overestimating yourself.”

“Ru Lan!” Tian Jian berated, “Don’t spout nonsense!”

With the quota in front of her, Tian Ru Lan could not care less about Su Yu’s reputation. She hit the nail on the head and said, “So what if you enter? There are so many experts inside, there’s no place for you to stand. I’ll try to persuade you nicely, I hope you’ll seriously consider it!”

After saying that, she pulled Tian Jian out of the lake and said, “Brother, let’s Go!”

“But…” Tian Jian could not face Su Yu directly.

Tian Rulan said expressionlessly, “The sky orchid mansion is waiting for us. We can’t afford to be indecisive!”

Looking at the pavilion in front of them, Tian Jian gritted his teeth and said without turning his head, “Sorry, brother Su, we have a reason to enter!”

The brother and sister duo walked towards the pavilion together.

With their silver overlord cultivation, they could reach the pavilion with a thought.

However, at this moment, something unexpected happened.

An extremely sharp blade light cut through the long sky and engulfed the two of them.

The blade energy was extremely terrifying. It destroyed everything along the way and even faintly shook the space.

The power was much more terrifying than the golden lion’s strongest attack!

This attack, not to mention the silver overlord, even the weak gold overlord would be heavily injured to death.

The expressions of the brother and sister changed drastically!

Tian Jian subconsciously protected his sister behind him, enduring the Saber Qi alone.

However, the Saber Qi was too strong. He could not block it at all, nor could he protect his sister behind him!

At the critical moment, he took out the altar fragment and stuffed it into Tian Rulan’s hand. Then, he pushed her back and used all his strength to face the Saber Qi. he shouted, “Rulan, quickly enter the Attic!”

“Brother!” Tian Ru Lan screamed.

Tian Jian gave up the altar fragment, which meant that he had the protection of the ancient dream altar.

The powerful energy waves revolved around his body and blocked the saber qi.

He gradually disappeared, indicating that he was eliminated.

However, he used this method to block the risk for his sister.

Tian Jian turned his head and smiled bitterly. “Sister, take care!”

After saying that, he completely disappeared from the altar.

Tian Ru Lan's face was full of tears. She saw the brother and sister enter the attic together, but the result was so sad!

With sorrow in her eyes, Tian Ru Lan clenched her teeth and flew toward the attic.

However, the attack just now was not just a wisp of saber qi.

Clang --

A black dagger cut through the sky and slashed toward Tian Ru Lan's chest.

Tian Ru Lan had no choice but to stop. She took out a long whip and swept the dagger away.

It was barely touching her hand, but a powerful lightning power surged from the dagger.

Ah --

With a soft cry, Tian Ru Lan's arm instantly went numb. Unable to use her divine power, the long whip was knocked away by the dagger.

Xiu --

The dagger spun in the air and was held by a hand wearing silver gloves.

Looking Up, Tian Ru Lan's face was pale!

It was Wu Xie!

She remembered that it was the young man who followed heartless blade emperor and Lan Yue!

That meant heartless blade emperor had come too!

As expected!

Deep in the end of the day, a huge sword slowly flew over.

On the sword was a young man with an arrogant look, and in his arms was an extremely delicate and pretty woman!

Tian Ru Lan's heart sank to the bottom!

Was she going to give up?

She glanced at the attic behind her with a thought, then glanced at Wu Xie, who was also a silver overlord, and made a decision in a short moment.

Bang --

Without thinking, she took out the last gold overlord level explosive rune and crushed it on the spot.

The powerful explosion shockwave forced Wu Xie to retreat.

She took the opportunity to stride towards the attic!

No matter what, she could not let down the guest elder and her brother.

However, a cold smile entered her ears. "Miss is really persistent. Unfortunately, she's too stupid."

PA --

Before Tian Rulan could identify the direction of the sound, a pitch-black thunderbolt fell from the sky and bombarded her body.

Ah --

A miserable scream cut across the lake surface!

Tian Rulan's entire body was charred and her flesh was split apart.

What was even more embarrassing was that she was stepped on the surface of the lake by someone.

That person was none other than Wu Xie!

Wu Xie's entire body was surrounded by pitch-black lightning. Beneath his feet, there was an unquenchable lightning fire.

The lightning fire burned Tian Rulan's face and roasted her until she screamed incessantly.

Her voice was mournful and extremely heart-wrenching.

It was not that she did not want to resist, but that her entire body was bound by the pitch-black lightning that Wu Xie released.

She floated motionlessly on the surface of the lake, allowing Wu Xie to trample on her face.

"How did such trash sneak into the Central Region?" Wu Xie said contemptuously. "What surprised me even more is that he even passed through the outer regions where the great demons gathered? "It seems that there are experts helping you in secret. Otherwise, it wouldn't be enough for you to stuff the gaps between the great demons' Teeth!"

At this moment, Tian Rulan's head was filled with humiliation and panic.

Too strong!

In just a single exchange, he had completely controlled her and beaten her to the point that she was unable to retaliate.

As both silver overlords, the difference between her and the other party was simply too great!

Being called a trash, Tian Rulan was both unwilling and powerless. Compared to him, she could indeed be called a trash.

After finishing off one, Wu Xie raised his head with a smile that was not a smile. He looked at Su Yu on the shore and said playfully, "What a coincidence, we meet again, Su Yu!"

Su Yu's face was indifferent. He glanced at him casually and stepped onto the surface of the lake. He walked towards the attic as if there was no one else around.

"Hehe!" Wu Xie laughed a little angrily. "Taiji Yin-yang diagram, you dared to trick me. Now You don't know how to apologize and still dare to treat me like air. Who gave a trash like you such courage?"

However, Su Yu still did not say a word and walked towards the attic.

In the distance, heartless blade emperor held Lan Yue and deliberately slowed down his pace.

Heartless Blade Emperor raised an icy arc and said in a ferocious voice, "Yue'er, the person you want to teach a lesson has appeared. Let Wu Xie teach him a lesson first, and then I will personally end his life!"

Lan Yue stared at Su Yu quietly!

It was still the same cold face and the unyielding divine shadow. Lan Yue nodded deeply. "I want him to kneel in front of me and apologize!"

"No Problem! Leave it to Wu Xie!"

In front of the attic, Wu Xie, who was once again ignored, sneered coldly. "Are you deaf? Stop right there!"

A ball of pitch-black lightning gathered in his palm. When Su Yu passed by him, he pressed his head down.

He was prepared to press him to the ground and trample on him like Tian Ru Lan.

However, just as he touched Su Yu, Wu Xie's expression changed drastically. He suddenly withdrew his hand and retreated frantically. He said in horror, "You..."

A line of blood extended from Wu Xie's forehead to his entire body.

Without waiting for Wu Xie to cry out in shock, his body was split into two.

The smooth cut was actually caused by sword qi!

A single sword had destroyed the Silver Overlord's body? ! !

Tian Rulan could not believe what she was seeing!

In the blink of an eye, a huge blood-red sword appeared in Su Yu's palm. With a casual sweep, it had sliced a peak expert like Wu Xie into two! !

Tian Rulan had personally experienced Wu Xie's strength, and it could only be described as terrifying.

Among the silver overlords, the only one who could match him was probably the star pavilion's Snow White Sword.

However, such a terrifying expert was actually slashed by the first-level heavenly cave master she looked down on!

Xiu --

Wu Xie's soul escaped from his body in fear.

"Soul Devouring!"

Unfortunately, before he could take two steps, he was engulfed by a suction force that restrained his soul power.

"Ah! Heartless Blade Emperor, save me! This brat, he... He's a terrifying expert!"

Ah --

Before heartless blade emperor arrived, Wu Xie's soul was devoured and converted into Su Yu's soul power.

In just two breaths, someone as powerful as Wu Xie was killed just like that!

Tian Rulan was completely petrified!

After a long while, she stammered, "You've been hiding your strength?"

Su Yu stood beside her and lowered his head to look at her. He had no intention of untying her. He said indifferently, "I'm not hiding. It's just that you think my strength is average."

Stunned, a bitter smile bloomed on Tian Rulan's lips.

That's right, Su Yu had never said that his strength was average. It was them... who looked down on others!

"Then, the reason why we were able to safely pass through the many great demons was also because of you?" Tian Rulan asked.

Su Yu said calmly, "Yes, I saved the Golden Lion. The condition is that it helps me convince the great demons in front of me not to make things difficult for me."

She could hear the hidden meaning in his words. His original intention was to let Su Yu go alone.

It was out of kindness that Su Yu brought them along on the journey.

She had long wondered why it was so easy to travel a distance of 100 million miles, which was shown in the data to be extremely difficult.

It turned out that they had the help of an expert like Su Yu in secret.

But, what did they do?

After arriving at the destination, they turned hostile and mercilessly kicked Su Yu away.

Thinking of this, Tian Ru Lan was ashamed and lowered her head in shame.

In the distance, Lan Yue was also shocked.

She always thought that Su Yu relied on luck to barely get into the central area.

Wu Xie should be able to deal with him easily. He could crush him with a finger.

But in the end? It was Wu Xie who was easily crushed to death!

At this moment, Lan Yue finally knew how dangerous it was for her to speak rudely in the Taiji Yin-yang diagram back then?

At that time, Su Yu could kill them with just a thought!

A lingering fear penetrated deep into Lan Yue's soul, making her extremely uneasy. She tugged on heartless blade emperor's clothes and gritted her teeth. "Blade Emperor, can you really kill him?"

She looked sideways and realized that heartless blade emperor's face was as dark as water.

Wu Xie was the one who killed the emperor. He was specially selected from many young talents in the South Sea to participate in the competition with heartless blade emperor.

It could be said that Wu Xie was one of his people.

What he couldn't stand was that someone killed Wu Xie in front of him!

And it was the kind of person who would die with his soul destroyed!

“Yue'er, wait here!”Heartless Blade Emperor said coldly.

A surging killing intent that made people tremble surged out of his eyes.

“You're courting death!”Heartless Blade Emperor roared angrily, and he stepped on the huge sword and flew over at high speed!

Chapter 1690 Five Spirits Emerging Together (Fourth Watch)

Su Yu glanced at it casually and walked towards the loft as if nothing had happened.

Heartless Blade Emperor had been traveling leisurely and thought that the situation was set. He did not rush to the loft immediately.

Now, he wanted to stop Su Yu, but it was too late.

“Wait!”Tian Rulan called out to Su Yu.

Su Yu looked at her coldly. “You Want Me to Save You Again?”

Tian Ru Lan lowered her head and silently took out three altar fragments.

Li Changqing, Tian Jian, and one of them were hers.

“I have no words for your great kindness. Take all of these.”Tian Ru Lan handed over the altar fragments and her body turned transparent as she was slowly swept out.

Before she disappeared, Tian Ru Lan said in a low voice, “I'm sorry...”

Looking at her disappearing figure, Su Yu sighed lightly. At last, he could still be saved. He knew his mistake and was willing to change.

Unlike Lan Yue, who actually encouraged ruthless blade emperor to kill him!

A cold light appeared!

Grabbing the three altar fragments left behind by Tian Rulan, Su Yu rolled up his sleeves and entered the attic.

When ruthless blade emperor came to kill, Su Yu didn't even leave a shadow behind.

“Bastard!”Looking at the fourth ball of flames burning in the attic, his expression was extremely ugly.

Only one of the five spots was left.

Originally, the last two spots were reserved by him.

One was given to him and the other to Lan Yue.

But now..

Lan Yue's beautiful face turned pale. She stared at the four flames and clenched her fists tightly. "Brother heartless, I, I don't want to give up just like this!"

The dream ancient altar that she only had once in her life!

What was even more rare was that she had hooked up with heartless blade emperor and relied on him to kill her way to the attic.

How could she be willing to give up?

Heartless Blade Emperor's expression was unsightly. He turned around and comforted her, "Yue'er, there's only one spot left. I Can't do anything about it. But don't worry, after I enter the loft, I'll definitely Chop Su Yu into pieces and avenge you!"

Lan Yue hated Su Yu, but right now, she was more concerned about the great opportunity before her!

Her eyes revealed a pitiful look as she sobbed, "Brother heartless, Yue'er also wants to enter The Loft! If you pity me, then give the last spot to Yue'er."

Heartless blade emperor's expression darkened and his tone became strange, "Yue'er, don't mess around. After this, I'll find other opportunities for you to make up for it."

Unfortunately, Lan Yue did not notice heartless blade emperor's abnormality and pounced on his chest, she said coquettishly, "Brother Heartless, is it alright? Anyway, you're so strong, so what if you miss one opportunity? Give it to Yue'er, Yue'er will serve you well."

Bam Bam Bam --

Just as she finished speaking, Lan Yue was pushed away by a huge force.

She was caught off guard, and her body could not help but fall back, stumbling on the surface of the lake.

Lan Yue raised her head and met an exceptionally cold face.

"Lan Yue, I can only bring you here. You better take care of yourself!" Heartless Blade Emperor said with a clear distinction between public and private affairs.

Lan Yue said angrily, "Heartless blade emperor! You... You're the one who took over my body. Are you going to turn your back on Me Now? You... You're a beast worse than a beast!"

Heartless blade emperor sneered, "Pervert! I don't know how many men have played with your body. So what if I play with it? Moreover, I brought you to the central area to experience it. I also gave you nine Golden Overlord Beast inner cores. Isn't it worth sleeping with you once?"

Lan Yue was about to cry. Her eyes were filled with hatred. "Heartless Blade Emperor, you bastard, I won't let you off!"

PA --

Just as she finished speaking, a loud slap landed on Lan Yue's face, making her spin around on the spot.

Her delicate and pretty face was swollen like a steamed bun.

“B * Tch, don’t be so impudent!” Heartless blade emperor completely turned against her.

He stepped forward and stepped on Lan Yue again. Ignoring her pain and begging for mercy, he pulled off the altar fragment in her arms.

“Ah! Don’t, brother heartless, don’t...”

A wave of space power swept Lan Yue out and eliminated her from the competition.

After weighing the altar fragment, Heartless Blade Emperor’s lips curled into a sneer. “Stupid Woman! I played with your people and got your altar fragment! Do you really think that I can be easily fooled by your little beauty?”

It turned out that heartless blade emperor had this intention from the very beginning.

How could it be easier to take someone else’s altar fragment than to take it from someone close to him?

The reason he helped LAN Yue enter the central area was because of the altar fragment on her body!

After dealing with Lan Yue, heartless blade emperor’s expression turned cold as he stepped into the attic.

Whoosh --

The fifth flame suddenly rose!

Outside the ancient dream altar, above the palace of Snow Dragon Emperor.

Many experts were secretly observing.

Suddenly, five balls of flames appeared out of thin air and surrounded the huge altar.

The Female Pavilion Master of the Star Pavilion had an amazed expression on her face. “The combination of five spirits is unprecedented!”

The limitless sword saint of the south sea exclaimed, “Five people actually managed to enter that pavilion? The participants this year are too powerful!”

“In the past, only one or two people were allowed to enter. Most of the time, there were less than three people. But this year, there are five people. It’s unbelievable

“The most unbelievable thing is that if Bai Xuejian and the others hadn’t died, the five places wouldn’t have been enough to share!”

Sitting on the throne, the Snow Dragon Emperor stared at the five balls of flames with a weird glint in his eyes. He murmured in a voice that only he could hear, “After waiting for thirty thousand years, the real sacrifice is finally about to begin!”

--

At an inn.

Li Changqing and Tian Jian were doing their best to treat Tian Ru Lan's injuries.

The latter's expression was downcast and full of bitterness.

Li Changqing sighed, "I had long felt that there was something strange about that person. I didn't expect that he was actually a hidden expert!"

Hearing Tian Ru Lan's account of what happened afterward, Li Changqing and Tian Jian both sighed.

Tian Jian was even more regretful. "If we hadn't abandoned him, would he still have brought us into the Attic?"

The answer was yes.

It was a pity that they had missed out on such a great opportunity.

Tian Rulan was silent for a long time before she said, "It's all my fault. I was too focused on benefits. When we return to the Sky Orchid Mansion, I'm willing to take all the responsibility."

Tian Jian said, "Let's talk about responsibility later. In the end, it's not the final moment yet. Didn't we find some treasures of heaven and earth in the altar? Perhaps we can use these to invite some experts to guard our sky orchid mansion?"

Li Changqing and Tian Rulan did not say a word.

Unless it was a precious item left behind by the Emperor of the sky and earth, it was impossible to move the Golden Overlord or even the mystic Crystal Overlord.

Tian Jian also sighed silently. "No matter what, let's take a look at what we got from the Altar First!"

He first poured out all the things he got from his storage.

Basically, they were all bronze overlord-level fierce beast materials, and there were many heavenly materials and earthly treasures that were only useful to silver overlords.

These things were of little value. They were very attractive to those below silver overlords, but they were useless to those at a higher level.

"What is this?" Suddenly, Li Changqing noticed that there was a golden tree branch among the things that Tian Jian had poured out.

Tian Jian took a look and said, "Oh, it was given to us by Su Yu. It seems to be some kind of spiritual item from heaven and earth. I casually took it back then. Why, is it very valuable?"

Li Changqing picked up the tree branch and twirled his beard to stare at it. After a long while, he seemed to recall something and was extremely excited.

His body could not help but tremble violently, and his eyes kept flickering.

Tian Jian and Tian Rulan were both shocked at the same time. Could it be that what Su Yu gave was not a simple item?

Thinking of Su Yu's tall figure, their hearts were in their throats.

"Guest Elder, is this item very expensive?"

Li Changqing was so excited that he couldn't speak. "Ten thousand years old..."

What? The brother and sister looked at each other in ecstasy.

Ten thousand years might not be too long for many martial artists.

However, for the true spirits of the world, there were very few who could live for ten thousand years!

"Doesn't that mean that we might be able to invite the guest elder of the Golden Overlord to our Sky Orchid Manor?" Tian Ru Lan said in surprise.

However, Li Changqing shook his head and rejected Tian Ru Lan's suggestion.

A bucket of cold water was poured down, causing the siblings' mood to drop again.

"Not only can we invite the Golden Overlord? We can even invite the Mystic Crystal Overlord!" Li Changqing added, it was not hard to see the extreme excitement and shock in his expression. "You can even invite an emperor of heaven and earth to do some things for our Sky Orchid Mansion!"

Hiss --

The siblings' expressions changed drastically once again as they sucked in a breath of cold air.

Tian Jian said in shock, "Honored guest, are you right? Invite a heaven and earth sovereign? When father was still alive, he did not have the qualifications to invite a heaven and Earth Sovereign!"

Li Changqing was extremely certain. "If I did not see it with my own eyes, I would not believe that I would be able to see this long-lost item!"

Tian Rulan was extremely curious. "What exactly is this thing?"

"A divine tree that can ward off evil. Metal! Fire! Forbidden! Wood!" Li Changqing said slowly.

Tian Jian was still confused, but Tian Rulan was dumbfounded. She said in disbelief, "Could it be a strange item that the Emperor of Heaven and Earth used to ward off evil spirits?"

"That's right!" Li Changqing nodded happily. "With this item, it's extremely easy to ask the Emperor of Heaven and earth to do something for us, such as eliminating the enemy or intimidating the competitors!"

Everyone in the room fell into a deep ecstasy.

Tian Jian couldn't help but be overjoyed. "I didn't expect that the item brother Su gave us would be so precious!"

Li Changqing was also grinning from ear to ear. "We've met a noble on this trip!"

The only person who couldn't be happy was Tian Rulan. She felt even more ashamed and lowered her head.

Tian Jian patted her shoulder and sighed. "Forget it. Just take it that our Tian Lan residence owes brother Su a favor. Let's go back to Tian Lan residence first. When we've settled down, we'll return to repay him."

The group quickly left the North Sea.

--

In the attic.

When Su Yu opened her eyes, she saw a huge stone statue!

The stone statue stood in the middle of the attic. What was slightly strange was that its back was facing Su Yu.

Su Yu tried to go around it and see the true appearance of the stone statue.

However, the strange thing was that no matter how Su Yu looked from any angle, she could only see the back of the stone statue!

"Eh? It's You?" A soft "Eh" sound floated over.

Su Yu turned his head and looked around. He saw that there were five cushions around the attic.

Three of them had already taken their seats.

The one who was surprised was an ice-cold beauty.

Su Yu remembered her. She was Empress Zi Wei, the successor of the Snow Dragon Emperor!

She stared at Su Yu in surprise. Clearly, she did not expect Su Yu to be able to break into the attic with his cultivation.

Su Yu ignored him and looked at the other two.

As expected, he saw Huangfu Lieyang and Xue Guanyin.

The latter closed his eyes and meditated while the former greeted Su Yu with a faint smile, "Hehe, we meet again. I knew you would come!"

Su Yu nodded and imitated them, choosing a cushion to sit on.

It happened to be next to Empress Zi Wei.

Not long after Su Yu sat down, a sharp aura rushed in like a gust of wind!

It was the heartless blade emperor!

Before he entered, the blade aura had already slashed out. "Bastard! What right do you have to sit with me? Get lost!"
