

Nine-Dragon 1691

Chapter 1691 Eternal Desert -

Su Yu did not move. He casually swept the asura sword in his hand.

“Boundless Demon Gate!”

A huge demon sword sliced through the demon world and landed on the spot. It easily shattered the sword Qi that was sweeping over.

Xiu --

Heartless blade emperor barged in. His afterimages were continuous as he charged straight at Su Yu. “Bastard, you still dare to fight back?”

The huge blade beneath his feet let out a sharp whistle as it spun and flew into ruthless blade emperor’s palm.

With the huge blade in his hand, ruthless blade emperor slashed forward.

“Enough.”

Empress Zi Wei said indifferently, her tone cold like an ice empress.

It was strange that ruthless blade emperor, such an unruly person, immediately stopped when he heard Empress Zi Wei’s voice.

The gaze he used to look at Empress Zi Wei changed from arrogance to a hint of respect. He said, “This person provoked me first!”

Empress Zi Wei said indifferently, “No matter who provoked who first, since we are here, don’t act Rashly.”

Hearing this, heartless blade emperor turned his gaze to the stone statue with its back facing them. A look of reverence appeared on his face. “Stone Buddha with Faceless Back!”

Su Yu stared at the stone statue and was slightly curious.

On the other side of him was Huangfu Lie Yang. He said with a smile, “The ancient dream altar transcends the ages in a dream! It is rumored that the altar was left behind by a Daoist master of Buddhism. He faced the world from the back all his life. No living creature has ever seen him from the front!”

“Of course, there are also rumors that this Daoist master of Buddhism was born without a front, and only had a back.”

“Therefore, he got the name faceless back-living Buddha. It implied that there was no front, and his back was facing the Buddha of all living beings in the world.”

Su Yu threw out traces of gratitude. Huangfu Lieyang was actually explaining to Su Yu.

“Before the faceless back-living Buddha passed away, he used all his Buddhist power to forge the altar! “It is said that this altar was forged by his body, and many symbols were formed by his veins. His skeleton turned into a bluestone road, and the vitality in his body turned into many living beings. His essence, his dao heart, turned into the stone statue in front of him.”

Although the others had already known about it, they were still interested and listened patiently from Huangfu Lieyang’s words.

Su Yu was deeply shocked.

The altar was made by the body of the Dao Master?

If he had not experienced the bluestone road, Su Yu would have found it hard to believe.

However, after a hundred years of boring enlightenment on the bluestone road, Su Yu could not help but believe more than half of the legend.

The heartless blade emperor said, “There is indeed something extraordinary about the faceless back-living Buddha. No one who stepped on the Bluestone Road has ever come back alive, right?”

Huangfu Lieyang nodded slowly. “The spinal cord of the Faceless Back Buddha contains part of his cultivation essence. It is not something an ordinary person can bear. Since the beginning of the ancient dream altar, no living being has ever come back alive.”

Empress Ziwei and Xue Guanyin’s expressions changed when they heard that.

They had long known about the existence of the bluestone road.

However, they did not have the courage to go up and try.

Heartless blade emperor said regretfully, “I heard that if you successfully endure the boring hundred years of Enlightenment, you will be able to share some of the inspiration when the faceless Buddha broke through. That is a great opportunity that can only be encountered by chance. Unfortunately, it is not left for us. Unless you have the cultivation of a heaven and earth emperor, who else can endure a hundred years of bitter cultivation?”

Heaven and Earth Emperor? Su Yu smiled faintly and did not think much of it.

“What are you laughing at?” Heartless blade emperor noticed Su Yu’s strange smile and shouted unhappily.

Su Yu ignored him and didn’t say anything.

Cold light flashed in heartless blade emperor’s eyes, “HMPH! I’ll teach you a lesson later!”

He seemed to be afraid of something and didn’t dare to act recklessly.

Xiu Xiu Xiu --

Several strange sounds fell into everyone’s ears.

They focused their eyes and saw that five balls of flames had appeared in the middle of the stone statue.

A circle was split open in the middle of the flames, allowing only one person to pass through.

Huangfu Lieyang and the others were all excited.

Empress Zi Wei's ice-cold eyes flickered with excitement. "It's finally here? The Enlightenment left behind by the Faceless Buddha!"

As soon as she finished speaking, she had already flown into the circle of flames that she was facing.

Xue Guanyin followed closely behind. Huangfu Lieyang and heartless blade emperor flew into the Ring of fire one after another.

Su Yu stayed where he was and caressed it. "Is there another universe inside the Ring of Fire?"

Su Yu looked at it for a long time. Suddenly, he noticed that after the four of them entered, a golden bead gradually appeared in the center of the five balls of fire.

Su Yu was not unfamiliar with this object. He had come into contact with it when he was on the true dragon continent.

"Buddhist relics?" Su Yu was surprised.

Buddhist relics were the essence of Buddhist monks. Could the Buddhist relics before him be the faceless Buddha Relic?

If so, could it be that this Buddhist relic came from a Dao Master?

"This..." Su Yu could not believe his eyes.

The Buddhist relics of a dao master were probably much more precious than the entire dream ancient altar!

Why would it appear in such a shallow place?

Su Yu tried to use the power of space to roll it, but he did not encounter any resistance and successfully obtained the Buddhist relic.

At the moment he touched it, the Buddhist and Dao power that was as vast as prehistoric power surged out, causing Su Yu to feel a huge impact.

This feeling of his soul trembling, the last time he felt it was when he faced the evil daughter!

"Is it really the Daoist master's Buddhist relic? How is that possible?" With Su Yu's calmness, he felt as if he was in a dream. It was very surreal.

Think about it. When had he not experienced danger or hidden deep within the treasure.

Only this Daoist master's Buddhist relic could be obtained so easily.

After thinking about it carefully, Su Yu finally realized the mystery behind it.

It was probably safer to place the Buddhist relic like this!

When everyone placed their hopes on the Dao master's enlightenment, the moment the five balls of flames were activated, everyone was fighting to be the first to enter so as to prevent others from stealing it.

There were very few who were willing to stay and observe quietly.

Su Yu was a special case!

His purpose in coming here was not for the so-called dao master's enlightenment.

It was to find the tribulation transcender!

He had planned to wait for Heartless Saber Emperor and the others to leave before sensing the mark.

Only then did he coincidentally discover the Buddhist relic.

"Hehe, the Faceless Buddha is also an expert in reading people's minds. If it wasn't for meeting me, perhaps no one would have discovered the Buddhist relic." Su Yu played with it for a while and was naturally delighted.

Next, Su Yu took out the five-colored brand.

Instantly, a clear feeling flashed in his mind!

It was here!

Su Yu raised his head and looked at Cang Ming, who couldn't see the end.

The Tribulation Transcender was in this loft. It was on the second floor!

After searching around, Su Yu didn't find the stairs leading to the second floor.

Drip --

A drop of ice dripped from the ice coffin and turned into a line of words.

"It's not easy for the lover to go to the second floor. He has to gather all the altar fragments," the female corpse said.

"What's on the second floor?" Su Yu asked with a twinkle in his eyes.

Huangfu Lieyang had also reminded him to protect the altar fragments from being robbed.

Tick-tock --

"The Buddhist relic of the Taoist Master."

Su Yu's eyes slightly moved. He suppressed the thoughts in his heart and said lightly, "OH."

The Buddhist relic of the path master was in Su Yu's hands.

Then, the one on the second floor was not the Buddhist relic at all.

The rumors must be wrong!

From the female corpse's tone, it seemed like she did not know that Su Yu had just obtained the Buddhist relic.

Therefore, Su Yu suppressed his thoughts to prevent the female corpse from discovering it.

Tick-tock --

“You don’t seem to be interested in this!”

The female corpse noticed Su Yu’s abnormality and probed.

Su Yu said, “I’m not a Buddhist. It’s useless even if I get the relic.”

Tick-tock --

“No! My Lover has underestimated the significance of the Buddhist relic! That’s where most of the essence of a Buddhist cultivator lies!”

“If my lover can get the Buddhist relic and change to Buddhism, the probability of him becoming a Buddhist Daoist master in the future is very high! At the very least, he should be a top-notch heaven and Earth Emperor!”

Su Yu’s heart suddenly thumped wildly. Becoming a path master?

Tick-tock --

“Keke, are you tempted? I really want to see how my lover will look like when he becomes a monk.”

Su Yu pondered for a moment and dispelled the thought.

After experiencing all the way, Su Yu knew one thing. Only his own path truly belonged to him.

Following the path in front of him, although it was safe, it was ultimately limited. It would never be able to surpass the predecessors.

The path of the Faceless Buddha was attractive, but to become a supreme being, one had to find one’s own path.

Tick tock --

“Wow! My Lover, I love you to death! I really didn’t expect that even though your cultivation isn’t high, your thoughts and awareness are so amazing! Many emperors of heaven and earth might not be able to resist the temptation of a dao master, but you have such ambition!”

“En! This king has decided that I will not marry you unless you are the one! I must have you!”

“Get lost!” Su Yu rolled his eyes and stepped into the ring of fire.

He had already obtained Wu Xie, Li Changqing, Tian Jian, and Tian Ru Lan’s altar fragments.

Including his own, there were a total of five.

The remaining ones were the fragments of ruthless blade emperor, Empress Zi Wei, Xue Guanyin, Huangfu Lieyang, and Lan Yue.

“Lan Yue’s altar fragments must have fallen into the hands of ruthless blade emperor, right?” Su Yu had always been accurate in looking at people.

Although he hadn't seen it with his own eyes, he could almost visualize the scene of heartless blade emperor and Lan Yue facing the last remaining slot in his mind.

"The strength of the four of them is unknown, especially Huangfu Lieyang!" At the mention of this person, Su Yu felt a deep fear!

However, no matter what, they had to get their hands on the fragment!

There was indeed another world within the ring of fire. What entered his eyes was a desolate desert. He could not see the end at a glance.

"What is this?" Su Yu let go of the Eye of heaven, but he could not see the end at all.

Tick-tock --

"My Luck is very bad. The trial of the current Dao Master's comprehension is the most difficult eternal desert."

Su Yu said, "Tell me in detail."

Tick-tock --

"The path of the faceless back-living Buddha is bitter cultivation. If you want to obtain his comprehension, you will have to go through bitter cultivation. The more bitter cultivation you endure, the deeper the comprehension you can share with the DAO Master! "The desert you see is the eternal desert that the faceless back-born Buddha cultivated painstakingly in the past. There is no end to it. You have to keep walking. When you can't hold on any longer, it will be the end of the test."

"Is that so?" Su Yu thought of the Bluestone Road. It was almost the same.

Tick-tock --

"No! The bluestone road is just boring bitter cultivation. Not only does the eternal desert have endless boring cultivation, but there are also unexpected dangers!"

Su Yu asked, "Is the danger factor high?"

Tick-tock --

"The deeper you go, the greater the danger! "In the beginning, you may only encounter World Paragons of the cave dwelling level, but in the future, there will be dangerous creatures like bronze overlords, silver overlords, gold overlords, and even mystic crystal overlords. Once you die in their hands, you will be eliminated."

Chapter 1692 Level 10 Comprehension (2nd Watch)

Su Yu did not seem to have much difficulty listening.

With the Eye of heaven, Su Yu was able to avoid all dangers ahead of time.

Tick tock --

"I admire the confidence of my lover. However, can you continue to use the Eye of heaven when you are unable to replenish your godly power?"

With her reminder, Su Yu realized that there was not a single trace of godly power in the eternal desert.

If that was the case, not to mention the silver overlord and the Golden Overlord, even if she were to encounter the world paragon of the cave abode continuously, her divine power would be depleted.

If this continued, it would be difficult for her to move forward.

However, when she stepped into the eternal desert, Su Yu realized that the greatest difficulty was still the former!

It was boring!

It was so boring that it was close to despair!

What he saw, felt, and heard, besides the desert, was only the desert.

He couldn't see the front, he couldn't see hope, he couldn't see the way out.

He continued to walk forward in fear, unease, and without a direction.

It didn't matter if he walked for a day, a month, or a year.

Those who could come to this place were all chosen who had experienced a lot of cultivation, and they were all tenacious.

But what about ten years?

Who could be sure that the path he had chosen was the right one and that the direction he had chosen was the right one?

And who could be sure that if he continued on, he would really be able to gain more insights from Dao Masters?

In fact, who could be sure that he was going through a test or reality?

Year after year, the endless journey shook his heart.

Ten years had passed, and Su Yu could no longer remember how many paths he had walked, how long he had walked, and how many times he had experienced the dangers of a world paragon.

He only knew that if he continued walking, and if he had the thought of giving up, his bitter cultivation would immediately stop.

Fortunately, Su Yu had great perseverance to begin with, and he had also experienced a hundred years of bitter cultivation on the bluestone road. His heart was tough, and no one could compare to him.

Twenty years had passed!

Su Yu's clothes were tattered, but he was still determined to move forward.

Thirty years had passed!

Su Yu's face revealed the vicissitudes of life. He had already turned from a young man to a middle-aged man, walking alone in the desert.

The determination in his eyes was still not wiped out by time!

Fifty years had passed!

Su Yu's expression was a little old, and his body began to hunch. He was old.

The divine power in his body was less than half, and he could only resist the Silver Overlord's attack as he slowly walked in the desert.

Eighty years had passed!

Su Yu was old and senile, as if he would fall in the desert in the next moment.

His god power was less than ten percent, and he could only maintain a simple defense.

But his eyes were still bright, with the determination and stubbornness of his youth.

It seemed that he would not stop until he walked through this path!

Finally, a hundred years had passed!

Su Yu's body's functions were rapidly failing, and the god power in his body was scarce, making it even more difficult to move in the desert.

However, he still maintained his persistence and walked step by step in the deserted desert.

Until a huge golden overlord beast came before Su Yu.

A huge claw slapped Su Yu's old body to the ground.

Then, Su Yu's eyes closed heavily and sank into eternal darkness.

In the attic.

Around the stone statue.

Ruthless Blade Emperor, Empress Zi Wei, Xue Guanyin, and Huangfu Lie Yang all appeared on the initial cushion.

It was as if what they had just experienced was just an illusion and they had never entered the ring of fire before.

However, the expressions of the four of them had changed somewhat.

Huangfu Lieyang was still fine and his expression was as calm as ever.

However, heartless blade emperor's face was pale and beads of sweat dripped from his forehead.

His eyes were Haggard and exhausted, as if he had experienced a great mental torture.

Empress Zi Wei was slightly better, but her ice-cold eyes could not hide her exhaustion. Her body was also shivering.

Xue Guanyin's bright and beautiful face was also filled with a few traces of lingering panic, as if she was still immersed in the bitter cultivation in the desert.

After a long time, they finally separated the bitter cultivation from reality and gradually returned to normal.

Heartless blade emperor was still fearful. "What a powerful illusion. After being in it for a long time, I can't tell if it's an illusion or Reality!"

The Silent Xue Guanyin.., she said gently, "The more powerful one is senior faceless Buddha, right? "At least we know that it's an illusory experience, so we can persevere. But senior really stepped into the eternal desert alone. What he faced was real despair! "I don't know how he experienced it!"

Everyone nodded with deep admiration in their eyes.

All of a sudden, heartless blade emperor noticed that there was no one beside Empress Zi Wei and asked, "Where is that bastard?"

At this moment, they realized that Su Yu had not returned!

"He is still in the illusory realm?"Empress Zi Wei was surprised.

Even experts like them could not withstand it and gave up on their bitter cultivation, let alone Su Yu?

Heartless blade emperor said, "Humph! I think that most likely, he could not withstand one or two years of bitter cultivation and came out early. Knowing that he could not share the Dao master's enlightenment, he simply left!"

"No!"Empress Zi Wei looked around.

"We seem to have experienced many years, but the outside world is only a few breaths of time. If he came out early, he would only be one or two breaths ahead of us. And we still need such a long time to distinguish between illusion and reality, let alone him."

Xue Guanyin Thought for a moment and said, "Could he still be in the illusion?"

"How is that possible?"Heartless blade emperor said contemptuously, "We have already come back for half a cup of tea. If he is still in the illusion during this period of time, it is equivalent to experiencing no less than a hundred years. Do you think it is possible?"

Xue Guanyin Thought for a moment and did not speak.

This was indeed unlikely.

Even with their extraordinary cultivation, they could not withstand prolonged bitter cultivation, let alone him?

Empress Zi Wei shook her head and said, "Presumably, he did not enter the illusionary realm and left the attic ahead of time."

She raised her head and looked at the five flames above the stone statue's head and said, "Stimulate your own flames. It will show how long we have been in the illusionary realm, and it will also assign us a corresponding level of dao master's Enlightenment."

This process was also the most important process.

Only when everyone had activated their respective flames could the dao master's comprehension completely descend.

The four of them looked at each other. No one was willing to try first and expose how long they had been in the illusion.

"Hehe, why don't I take the lead?" Huangfu Lieyang was exceptionally straightforward.

The other three shifted their gazes to him and paid close attention to him.

Huangfu Lieyan smiled faintly as he flew above the stone statue, his palm imprinting itself onto the flames.

Crackle crackle --

The flames flickered randomly as a line of words appeared.

"After ten years of bitter cultivation, I gained a level of Dao master enlightenment."

Seeing this, everyone secretly heaved a sigh of relief.

Heartless blade emperor snorted. "It's only been ten years, and I thought you were mysterious. How powerful can you be? Watch me!"

Laughing loudly, heartless blade emperor flew over and slapped his palm on the flames.

Instantly, there was a loud explosion and the flames shook violently.

The expressions of the others tensed up. The more intense the changes in the flames were, the higher the record was.

As expected, when a line of small words entered their eyes, the expressions of the people present changed subtly.

"Bitterly cultivating for twenty-five years, obtaining two levels of half-dao master enlightenment!"

Heartless blade emperor was exceptionally satisfied. He turned around elegantly and landed back on the cushion.

Xue Guanyin said gently, "Next, it's my turn."

Her beautiful figure was like the wind. She flew in front of the flames and gently imprinted her palm on it.

Puff Puff Puff --

Instantly, the flames burned fiercely!

It emitted a sharp and piercing sound.

The momentum was even stronger than heartless blade emperor's.

“I’ve cultivated for 35 years and gained the comprehension of a third-level half-dao master!”

Xue Guanyin smiled shyly and flew off the cushion.

Heartless Blade Emperor’s face stiffened slightly. 35 years, a whole decade more than him!

The seemingly weak Xue Guanyin’s willpower was so strong that it was beyond heartless blade emperor’s expectations.

Empress Zi Wei also gave Xue Guanyin a deep look and flew over without saying a word. She struck the flame with her palm and then returned to the cushion without looking back.

Chi --

The flame suddenly expanded to three times its original size. It let out an extremely sharp whistle and swallowed the other four flames at one time.

The momentum was so shocking that it made one’s heart skip a beat!

“Seventy years of painstaking cultivation and seven levels of DAO Master’s comprehension!”

Looking at the line of small words, Xue Guanyin was moved. “Seventy years... Hiss!”

The ruthless blade emperor looked at Empress Zi Wei with reverence.

Huangfu Lieyang nodded in approval. “Not bad. You have endured fifty years of bitter cultivation at such a young age. Your willpower is much better than ordinary people. You are indeed worthy to be the successor of the Snow Dragon Emperor!”

The number of seventy years had left them far behind!

Empress Ziwei’s expression was as cold as ever. She ignored the astonished gazes of others and stared at the stone statue.

After a long while, surprise appeared in her eyes. “It’s strange. The four of us have already activated the flames. Why hasn’t the Dao Master’s enlightenment descended yet?”

The others also came back to their senses.

“It’s indeed strange. According to the past, shouldn’t the enlightenment of the Dao master descend immediately?”Xue Guanyin asked in puzzlement.

Heartless Blade Emperor was also puzzled as he stared at the stone statue quietly.

Huangfu Lieyang was the only one who looked indifferent. There was a mysterious smile at the corner of his mouth as he muttered, “What a surprising little guy. He actually persisted for such a long time.”

Boom --

Just as they were surprised, the flame that Su Yu corresponded to suddenly fluctuated.

They were all stunned. Clearly, they did not expect such a scene to happen!

Swoosh --

A figure was teleported out and sat cross-legged on the cushion.

“Su Yu! !”Xue Guanyin was shocked.

Empress Zi Wei and heartless blade emperor were also stunned.

They all thought that Su Yu had left without entering. Who knew that Su Yu had stayed longer than any of them!

Heartless Blade Emperor suddenly stood up. “Impossible! He’s just a little bastard. What ability does he have to stay for such a long time?”

His eyes flashed with disbelief. Seeing that Su Yu was exhausted and lacking in spirit, a fierce light flashed in his eyes. He was about to take the opportunity to end Su Yu’s life.

“Hold On!”Empress Zi Wei said indifferently.

She stared at Su Yu beside her, her eyes full of surprise. “If you kill him, who will activate his corresponding flames?”

Heartless blade emperor forcefully withdrew the blade energy in his palm, unwilling to give up. “HMPH! I don’t believe that he can hold on for so long! He must have stayed where he is and not moved at all, unlike us who have walked for decades!”

Not to mention him, the others were also in disbelief.

Everyone stared at Su Yu, silently waiting for Su Yu to recover.

Chapter 1693 Comprehension Materials (Third Watch)

After experiencing a wave of pain that originated from his soul, Su Yu’s spirit finally recovered.

He looked around and smiled faintly.

Huangfu Lieyang said with a hint of anticipation, “Brother Su, we are all waiting for you. Activate the flames that correspond to you so that the dao master’s comprehension can descend.”

The other three stared at Su Yu.

Empress Zi Wei and Xue Guanyin were a little nervous, while heartless blade emperor sneered as if he was waiting to see Su Yu make a fool of himself.

Su Yu nodded and flew over, slamming his palm onto the flames.

However, the Flames did not move at all and did not move at all.

Heartless blade emperor could not help but snicker, “Haha! I knew it. This little B * Stard is a piece of trash. In the eternal desert, he has probably either not moved at all or slept for a hundred years!”

Empress Zi Wei and Xue Guanyin both heaved a sigh of relief. Su Yu had stayed for such a long time. It was really scary.

However, the strange thing was that the flame was still quiet. Even the details were not shown.

Empress Zi Wei frowned and looked at su yu sideways, “What did you do in there? You Can’t even show the minimum details?”

At this moment, Xue Guanyin suddenly said in shock, “Do you guys think that the flame is too quiet?”

She was born with the blood lotus, and her intuition in certain aspects was naturally powerful.

She felt that Su Yu’s flames at this moment were very strange.

It looked ordinary, but compared to the flames of the other four people, it was too quiet.

That feeling was like... the silence before a storm!

Empress Zi Wei took a closer look and also felt that something was strange. She looked over and was ready to observe carefully.

Suddenly!

That Ball of flames was like an erupting volcano. The Flames suddenly exploded!

Countless sparks flew in all directions.

The four people present were so shocked that they hurriedly used their divine power to protect themselves, afraid that they would be affected by the flames.

However, heartless blade emperor was sneering. He was completely unprepared and was sprayed by a ball of blazing flames all over his face.

Ah --

Merciless blade emperor instantly let out a painful roar. His face was completely red from the flames, and his facial features were twitching violently due to the pain.

“I’ll kill you!” Merciless blade emperor roared in shame and rage. He raised his head to look, and a line of words shocked him!

“Painstakingly cultivating for a hundred years, obtaining the comprehension of a tenth level dao master!”

“What? A hundred years? Impossible!” Merciless blade emperor subconsciously denied it.

He could not accept that the trash in his eyes could actually surpass him and cultivate in the eternal desert for a hundred years!

If even Empress Zi Wei could not do it, what right did he, a mere world paragon of cave abode, have?

Empress Zi Wei was deeply moved and stared at the line of words in disbelief.

A hundred years... she had experienced seventy years, and she even had a taste of it.

It was impossible to reach that kind of despair without great perseverance.

However, Su Yu had not only reached 70 years, but he had also cultivated arduously for 100 years!

Xue Guanyin also stared at Su Yu in astonishment, as if she wanted to reflect it into her mind.

The group of people’s emotions fluctuated violently, and countless thoughts flashed through their minds.

Creak --

At this moment, the stone statue suddenly moved, making a creaking sound.

A golden arc was emitted from the back of the stone statue's head.

Many law chains of Great Dao were rolling in the arc.

“Dao Master's Enlightenment!” Everyone's eyes flickered and stopped at the golden arc.

Xiu --

The golden arc was divided into 24 parts.

Huangfu Lieyang got one part, ruthless blade emperor got two and a half parts, Xue Guanyin got three and a half parts, and Empress Zi Wei got seven parts.

Su Yu got ten parts!

He alone received almost half!

Even Empress Zi Wei bit her lip, feeling both indignant and jealous.

After gaining enlightenment, none of the people present immediately used it.

The enlightenment of a dao master was too rare. In the entire sea of constellations, only the ancient dream altar had it.

If they used it now, it would be difficult to find it again in the future.

They took out different materials one after another.

Some were array formations, some were medicinal pills, and some were spirit liquid. They were prepared to be used together with the precious enlightenment of a dao master.

Xue Guanyin used a pill from the Star Pavilion. It was crystal clear and round, like a pearl, emitting a long, green light.

As soon as the pill appeared, it immediately emitted an extremely rich fragrance.

Heartless blade emperor looked over and exclaimed, “Ten-thousand-year-old stone spirit Pearl?”

The so-called stone spirit Pearl was a spirit pearl that was gradually born from some innate spirit stones that absorbed the essence of heaven and earth.

It contained all of the essence of innate spirit stones, especially their comprehension of the world.

This item was extremely rare. In the history of the Sea of constellations, it had appeared no more than ten times!

One of them was a ten-thousand-year-old stone spirit pearl!

It was an innate stone embryo that had absorbed the essence of the Sun and moon for hundreds of billions of years.

Just as it was about to transform and break through to become the emperor of the world, it was discovered by a group of Xuan crystal overlords. They forcefully shattered the stone embryo and took away the spirit pearl.

The essence contained within this spirit pearl could be imagined how majestic it was?

Along with the DAO Master's comprehension, Xue Guanyin's comprehension in certain aspects would definitely soar to the sky!

“As expected of a disciple that the star pavilion nurtured with all its strength. Back then, the Star Pavilion's chief pavilion master personally bought the ten-thousand-year-old stone spirit pearl, and he actually gave it to you to use!” Heartless blade emperor was not without envy.

Although the Southern Sea Emperor Killer had a huge foundation, compared to the Star Pavilion, he was one level lower.

He took out a set of array flags.

Xue Guanyin took a look, she smiled and said, “It's the innate spirit-gathering immortal array. It was created by a DAO Master. After comprehending it, the effect increased by 30% ! “It's said that it has long been lost. Our Star Pavilion once spent a huge price to search for it, but there were no clues. I didn't expect the emperor killer to have it.”

Heartless blade emperor was slightly proud. Although this item was not as good as the ten thousand year stone spirit pearl, it was not something that ordinary people could touch.

With the DAO Master's comprehension, he believed that he would be able to make a qualitative leap this time!

However, heartless blade emperor was most concerned about Empress Zi Wei.

She was still the same as before. Her face was cold as she continued to arrange the materials for comprehension.

What she took out was a crystal clear jade bottle.

Inside the bottle was a drop of crystal clear liquid.

Heartless Blade Emperor didn't recognize it at first and had never seen it before.

However, Xue Guanyin recognized it at a glance. Her expression changed and she took a deep breath, “The foundation of the northern snow sea is really terrifying! To be able to find this! It's really amazing!”

With the ten-thousand-year-old stone spirit pearl in her hand, her eyes were filled with envy.

Empress Zi Wei was as cold as ice. She said indifferently, “It's just a drop of True Spirit Dao milk. There's nothing special about it.”

“What? True Spirit Dao Milk?” Heartless Blade Emperor didn't recognize this item, but he had heard of its great name. He immediately exclaimed in shock!

His eyes were burning with greed. He stared at the jade bottle without blinking, swallowing his saliva, he said, "This is the legendary spiritual liquid left behind by the Dao master when he comprehended heaven and earth? It's said that if you smear it on your body, you can get part of the DAO Master's comprehension at that time!"

Xue Guanyin nodded deeply, regret hung on her face. "Back then, Our Star Pavilion was fortunate enough to obtain ten drops, but over the years, all of them were given to three pavilion masters! "One of the pavilion masters had remained in the shackles of the Emperor of Heaven and earth for many years. It was precisely because he obtained three drops of True Spirit Dao milk that he was lucky enough to break through to the Emperor of Heaven and earth

"Unfortunately, if there were still some left, with the Dao master's comprehension today, I would definitely be able to reach the peak of the Mystic Crystal Overlord Realm! I might even have the chance to touch the Emperor of Heaven and Earth!"

Everyone was envious. Even though there was only one drop, the effect was far beyond the ten thousand year stone spirit Pearl and the innate spirit gathering immortal array!

Heartless Blade Emperor looked at Su Yu and sneered, "Why, aren't you going to show off? With so many dao master's enlightenment, I believe there must be top-grade materials to complement the Enlightenment, right?"

As soon as these words were said, even Empress Zi Wei could not help but cast a probing look.

Su Yu shrugged his shoulders and said indifferently, "I have no sect or sect. I can't compare to all of you in terms of wealth and wealth!"

Empress Zi Wei's eyes revealed a look of disbelief. As long as it was for the Dao master's enlightenment, there was no one who didn't prepare the materials for enlightenment.

Otherwise, it would be a reckless waste of God's gift.

Right at this moment, Empress Zi Wei suddenly realized that the true spirit dao milk in her bottle was somewhat strange.

It kept jumping as if it had found its own kind with joy.

She could sense its excitement even through the seal.

Empress Zi Wei's eyes were filled with lightning as she locked onto Su Yu and said in surprise, "You have the True Spirit Dao Milk on you?"

Su Yu's heart skipped a beat!

Not Good! He had no intention of taking out the jar of True Spirit Dao Milk, he was afraid that it would bring trouble.

Who would have thought that the true spirit dao milk could actually sense each other!

"Wait! The sense is extremely strong. The True Spirit Dao Milk on your body is definitely not just a little bit, there are at least hundreds of drops!" Looking at the True Spirit Dao milk that was jumping non-stop, Empress Zi Wei was extremely surprised.

Su Yu's eyes flashed as he grabbed the ten pieces of enlightenment in his palm. Then, he got up and left the attic, flying out.

In fact, even if the true spirit dao milk wasn't exposed, Su Yu was prepared to leave the pavilion immediately.

Now that the DAO Master's insights were in his hands, what was going to happen next would probably be the cruelest battle?

Whoever obtained all the altar fragments would have the right to enter the second floor and obtain the legendary Dao Master Buddhist relic!

The battle was right in front of him!

If he didn't leave now, when would he do it?

Xiu --

Who would have thought that someone was faster than him!

"Hahaha, everyone, I'll take my leave first. Goodbye!" Huangfu Lieyang was the first to leave the attic. Or rather, he was the first to escape.

Su Yu cursed silently. If he wanted to run, he should run. Why was he still shouting?

He followed closely behind with a stride.

Unexpectedly, a gust of cold wind came from behind and went straight for his vitals.

"Little Bastard! Only thinking of escaping now? Unfortunately, it's too late!" Heartless blade emperor endured for a long time, finally waiting for the opportunity to attack!

Su Yu didn't even think about it, and countered part of the sword Qi with a backhand immeasurable devil gate.

The rest of the sword Qi was extremely intelligent, scattering into hundreds of them, surrounding Su Yu from different directions.

No matter how he resisted, he would be pierced through like a hedgehog.

Su Yu threw out a snow-white handkerchief. Inside the handkerchief, seven beautiful fairies appeared. Each of them held an immortal zither and played powerful notes.

The notes swept in all directions and wiped out all the sword Qi.

Taking this opportunity, Su Yu stepped out of the pavilion.

Heartless Blade Emperor's expression was cold and stern. "The seven zither techniques of the exquisite sound pavilion? HMPH!"

He sucked in his palm and took away the innate spirit gathering immortal array. He immediately chased after them.

The reason why he chased after it, in addition to the coveted True Spirit Dao Milk, there was another reason!

Chapter 1694 Man-Made Matters (Fourth Watch)

That was, only he knew how many altar fragments Su Yu had!

A total of five!

Moreover, among all the people present, he was obviously the easiest to kill!

A sinister smile flashed across the corner of his mouth, and heartless blade emperor immediately chased after him.

When he chased after him, he only felt a chaotic yin and yang qi, and Su Yu disappeared without a trace!

“Hehe, the central area is only so big. Let’s see where you can run to!” Ruthless Blade Emperor’s body was filled with a violent aura!

At the same time, only Empress Zi Wei and Xue Guanyin were left in the attic.

The episode just now had caused a slight change in the harmonious atmosphere between them.

Xue Guanyin put away the ten-thousand-year-old stone spiritual pearl and said gently, “I have something to do, so I’ll take my leave First!”

Empress Zi Wei said coldly, “You can leave, but leave the altar fragment behind.”

Xue Guanyin stopped in his tracks, and an unnatural expression appeared on his face. “Empress Zi Wei, do you want to fight with me?”

“Fight?” Empress Zi Wei raised her eyes, and a ball of bone-chilling cold air slowly seeped out. “You’re no match for me. Before I embarrass the Star Pavilion, put down the altar fragment, and you can leave calmly.”

“What if I say no?” Xue Guanyin narrowed his eyes into a crescent moon.

Empress Zi Wei’s entire body was covered in a layer of ice. It was like a piece of black ice armor. It made her look even more valiant. “Then, don’t Leave!”

“Hehe, I have long wanted to try. What is so great about Empress Zi Wei!” Xue Guanyin was unwilling to admit defeat. The blood lotus under his feet slowly rotated.

Bang --

Both parties immediately exchanged blows!

Speaking of which, Su Yu used his yin-yang Taiji wings to teleport to a remote location.

Perhaps it was because they had experienced the demon beasts, the great demons in this area had all left their lairs and gathered in groups to search for the demon beasts.

Only in this way could su Yu find a place where there was no danger.

However, safety was only temporary. Su Yu understood that very well!

The only safety was his own!

After confirming that there was no danger lurking around, Su Yu immediately took out the dragon pearl.

If he could break through to the Overlord realm, he would have no pressure even if he fought them face to face.

“Because of the influence of the Snow White sword, I only refined half of it. In another five days, I will be able to successfully refine it,” Su Yu said.

He made good use of the time and comprehended it in public.

One day later, Su Yu successfully refined another portion. In another four days, he would be able to completely refine the dragon pearl.

At that time, with the help of the Majestic Divine Dragon Power within the Dragon Pearl, he would definitely be able to break through to the Overlord level in one fell swoop!

Right at this moment, Su Yu suddenly opened his eyes from his meditation.

He did not move, maintaining the posture of concealing his aura. He quietly released the Eye of heaven to observe his surroundings.

What caused his pupils to constrict slightly was that under the observation of the Eye of heaven, not far from where Su Yu was hiding, the shadow of a demon subduing beast actually appeared!

It cautiously drilled out from the nest of a ferocious beast. Its body was smeared with the blood of that ferocious beast, emitting the aura of a dead ferocious beast.

If the other great demons did not personally come to confirm it and only relied on their aura, they would not have discovered that a ferocious beast had already been killed!

They would not have discovered that the demon subduing beast that they had been searching for had been hiding beside them the entire time.

Su Yu was secretly apprehensive. “What a crafty demon subduing beast! The other great demons all thought that the demon subduing beast had already found a secret place to hide, but it was hiding right under their noses, secretly hunting them.”

Not long after the demon subduing beast left, as expected, it carried the corpse of a great demon overlord and dragged it into its nest.

Staring at the swamp and seeing the demon subduing beast enter the swamp with his own eyes, Su Yu’s eyes revealed a deep chill.

If it wasn’t necessary, it was best not to go to that swamp!

Even this place wasn’t safe!

If Su Yu was cultivating when the demon subduing beast suddenly barged in..

Just imagining it made Su Yu shudder!

“Sigh, I have to change places again!” Su Yu said.

He flashed a few times consecutively and arrived at a mountainous forest area.

The forest was very dense and there was also a miasma that isolated the senses.

Su Yu's eyes lit up. This was a good place to hide!

With a thought, Su Yu dived down.

After searching carefully, he found a cave at the bottom of a cliff.

"Good Place!" Su Yu praised in his heart. Without thinking, he jumped into the cave.

Just as he entered, a bloody light suddenly slashed toward Su Yu's head.

There was a miasma that affected his senses, so Su Yu did not notice that there was someone there for a while.

He thought it was a desolate place, but who would have thought there was someone there?

"Dark night meteor spike!" Su Yu swung his sword without hesitation, shattering the incoming blood light.

Then, his eyes turned cold as he swept his sword toward the hole. "Are you Deputy Pavilion Master Xue Yu?" A slightly familiar soft voice came from inside.

Su Yu was stunned. "Xue Guanyin? It's You?"

After a pause, Su Yu said, "Since you're the one who found this place first, then I'll take my leave."

"Vice Pavilion Master Xue, Please Wait! Don't wander around on your own again. It's dangerous outside!" Xue Guanyin hurriedly said.

Judging from her tone, she seemed to be a little weak.

Su Yu's gaze flashed slightly as he said, "Please speak clearly."

"Empress Zi Wei is looking for me outside. If you continue to be exposed outside, you'll definitely be noticed!"

Hearing this, Su Yu was slightly startled.

After a moment of hesitation, he entered the cave.

What entered his sight was the pale-faced Xue Guanyin. The blood lotus beneath her feet was also in a dilapidated and dim state.

It could be seen that Xue Guanyin's injuries were very serious.

Even though the blood lotus provided her with an endless supply of energy to help her recover, the recovery of her injuries was extremely slow.

"With your heavily injured body, aren't you afraid that I will take away your altar fragment if you allow me to enter?" Su Yu went straight to the point.

Xue Guanyin forced a smile and said, "Don't worry if it's Vice Pavilion Master Xue. This is what pavilion master mu said."

"Are you familiar with Pavilion Master Mu?" Su Yu asked.

Xue Guanyin said indifferently, "I'm not familiar with him, but your character has already been spread throughout the upper echelons of the Star Pavilion."

Su Yu did not ask any more questions. He put away the asura sword and stared at her left shoulder. Her entire shoulder was a dark green color.

One could see layers of cold air slowly spreading out from her shoulder and spreading to all parts of her body.

Under the increasingly severe cold air, not only did her body not recover, it was even weaker.

Under such circumstances, it was only a matter of time before she was eliminated.

Was it Empress Zi Wei who injured her? It wasn't hard to guess.

What was hard to guess was that Empress Zi Wei's strength was so high!

Xue Guanyin was known as the strongest heaven's pride king in the history of the Star Pavilion. She was destined to become a pavilion master in the future.

Even such a figure could not defeat Empress Zi Wei!

The latter's strength was truly unbelievable!

"If you did not use the dark night meteor spike, I really would not have thought that Su Yu was Xue Yu." Xue Guanyin's lips turned green as she said slowly.

Su Yu said, "Let's deal with your injuries first."

Xue Guanyin forced a smile on her face. "There's no need. My injuries can only be treated by the Honorable Pavilion Master. Ordinary methods are useless!"

She coughed a few times. Even the blood that she coughed out was covered in cold air.

It was obvious that the cold air had already penetrated deep into her bone marrow. If she wasn't treated in time, she would be finished.

Su Yu said, "If that's the case, why didn't you leave the central area earlier? Are you reluctant to leave the second floor of the Attic?"

"No..." Xue Guanyin shook her head. "My goal is only to gain enlightenment from the DAO Master. I did not touch the heart of the second floor."

"Then you..." Su Yu looked at her exceptionally serious injuries.

Xue Guanyin smiled bitterly and said, "I have persevered until now because I don't want to let that ice woman have it easy!"

She took out her own altar fragment and said weakly, "Originally, I wanted to find a secret and quiet place to hide this item so that that woman wouldn't be able to get it. I didn't expect you to come."

She handed over the altar fragment and said, "I'll give this fragment to you!"

It could be seen that she had no ill intentions. She really wanted to give it to Su Yu.

The reason was that they used to belong to the Star Pavilion.

Su Yu was speechless.

“You don’t want it?” Asked Xue Guanyin.

Su Yu shook his head. “I won’t feel good if I accept the thing that you gave to me because you’re unwilling to accept it! Since that’s the case, why don’t you strike back at that woman and make your plans again?”

Xue Guanyin was indeed unwilling to accept it.

She had thought of withdrawing from the dream ancient altar, but not in such a defeated manner!

But, what else could she do? She pointed at her injuries that continued to spread and said bitterly, “Do you think that with my injuries, I still have the ability to retaliate against her?”

Su Yu smiled faintly. His fingers tapped on the ice coffin behind him and said, “Get up and work!”

Tick-tock --

“Do you mean the kind where men and women work? If It’s a lover, I don’t mind settling it here.”

Pervert!

Su Yu was speechless. He pointed at Xue Guanyin’s injury and said, “We were both injured by the cold air. You should have a way, right?”

Tick --

“I refuse! My Lover is my man. Don’t treat other women well, or I’ll show you how jealous I am! !”

Su Yu’s face was full of black lines. He said, “This is serious business!”

After a moment, only a drop of mystic ice dripped down from the ice coffin.

“Alright, who asked me to feel sorry for my lover? You occasionally cheat on me, so this king can only swallow it with bitterness in my heart, SOB SOB...”

Then, an even more shocking cold qi was released from the ice coffin and suddenly passed through Xue Guanyin’s body.

Xue Guanyin grunted in pain and then said in surprise, “The cold Qi was all sucked away!”

The injury on her shoulder was swept away. Even the cold qi that had penetrated deep into her bone marrow was sucked away. Not a trace was left.

Her pale face regained its ruddy color and was exceptionally beautiful.

Xue Guanyin was surprised. She stared deeply at the ice coffin and looked at Su Yu gratefully just now. Her expression was a little strange. “Well, thank you... mm, congratulations too.”

UH --

Su Yu was a little confused.

Thank you, he could understand.

Congratulations, why?

She touched her chin suspiciously. Xue Guanyin interrupted her. "Are you coming with me or staying here?"

Su Yu asked, "How strong is she?"

Xue Guanyin bit her lips and said in a deep voice, "Unexpectedly strong!"

"I fought with her. I thought it would take 100 rounds to determine the winner, but... I was injured by her after only three rounds! If not for blood lotus, I might have been eliminated long ago."

She looked weak on the outside, but she had her own pride in her heart.

She was particularly unwilling to be defeated miserably by a woman of the same generation, especially a woman who was on her side in all aspects.

Three rounds? Su Yu was shocked!

"Do you have any idea why you are asking these questions?" Asked Xue Guanyin.

Su Yu looked thoughtful and said leisurely, "I'm thinking of a way to defeat her, or at least eliminate her!"

"Eliminate her? Are you sure that I can do it?" Xue Guanyin was shocked by Su Yu's wild thoughts.

She had defeated her powerful opponent in three moves. How could she eliminate her?

Deep in Su Yu's eyes, there was a long-lost gleam. "Nothing is impossible in this world. Everything is done by MAN!"

He already had a good plan in his heart.

Chapter 1695 All Sentient Beings (1st Update)

Kacha --

A slight sound of ice breaking echoed in the cave.

The chilling air spread along the cliff. The cave was not spared either. The walls were covered in frost.

Xue Guanyin's expression tensed up, she said hatefully, "Here we go again! We are getting closer and closer. It seems like it's only a matter of time before we are discovered. If you have any plans, carry them out immediately. Once we are discovered, I will be eliminated. You will definitely not be able to escape."

Su Yu smiled mysteriously. "My Plan is... to be discovered by her!"

"What?" Xue Guanyin cried out in surprise. Before she could react, she was grabbed by Su Yu's arm.

A pair of Taiji Yin-yang wings carried Xue Guanyin and disappeared from this place in an instant.

The remaining yin-yang Qi was exceptionally eye-catching.

Not long after, an arrogant woman covered in ice appeared in the cave.

She pointed her slender fingers and grabbed the remaining yin and yang qi. She rolled her cold eyes and said in a low voice, "So you're hiding here! Let's see where you can run to!"

Chi --

The ice on her back suddenly transformed into a pair of cold wings that shot in all directions.

With a flap, the ice woman disappeared from where she was, leaving only traces of ice shards.

The strong wind whistled. Xue Guanyin was a little annoyed.

"Su Yu, is this your plan?" She could not believe that Su Yu had lured Empress Zi Wei out just like that!

Su Yu said seriously, "Yes, this is the plan!"

Xue Guanyin said angrily, "It's a fair fight, and I can't last three rounds. Isn't this courting death? The worst plan is to choose a good time to launch a sneak attack, right?"

She was very regretful. Why did she listen to Su Yu's suggestion.

"Sneak attack? Do you think a sneak attack will be useful just because of the gap between you and her?" Su Yu shook his head. "She is looking for you everywhere now. Vigilance is the strongest moment. Your sneak attack is just playing right into her hands."

Xue Guanyin pouted her small mouth. "Then we shouldn't show up rashly. What are our chances of winning in a fair and square duel?"

Su Yu looked at her and sighed. "Is there nothing else in your mind other than cultivation? Who told you that we have to fight face-to-face?"

Xue Guanyin pouted unwillingly when she heard this. "It's as if you're very smart, HMPH!"

In Su Yu's eyes, Xue Guanyin was really a flower in a greenhouse.

"One's own strength is important when fighting an enemy on the spot, but if the enemy is too strong, one needs to borrow strength! Borrow the time, the place, and the people!" Su Yu was like an experienced senior, teaching her carefully.

Xue Guanyin turned her head, extremely unconvinced.

Yes, Su Yu received unanimous praise from the higher-ups of the Star Pavilion.

But that was only limited to the foreign language.

In terms of martial arts and cultivation, he had not been deliberately mentioned by the higher-ups.

"For example, how to deal with Empress Zi Wei, who is higher than you? Then we need to borrow external strength," Su Yu said with confidence.

Xue Guanyin said with hidden bitterness, “She is not higher than me. After I digest the DAO Master’s comprehension, hmph, who knows who is higher!”

However, she still listened to Su Yu’s so-called borrowing power out of curiosity.

“Do we have any external power to borrow?”Xue Guanyin looked around. Other than the two of them, who else was willing to help them?

Su Yu smiled faintly and said, “We can borrow any external power. The more unexpected it is, the better the effect!”

Unexpected?

Xue Guanyin scratched her head. She really could not think of any external power that she could borrow.

Looking at the mysterious Su Yu, Xue Guanyin was very unconvinced.

“Humph, even though my martial arts and cultivation are not as good as Mine, you still act like you’re teaching me. I just want to see what external force you have that I can borrow!”Xue Guanyin thought to herself.

At this moment, she suddenly realized that Su Yu had pulled out a strand of hair, chopped it into several pieces, and casually threw it into the air.

Xue Guanyin said, “Are you crazy? The strand of hair contains your aura. If it is casually exposed, the ruthless blade emperor who is chasing after you will immediately sense it.”

Su Yu said indifferently, “So, didn’t I say it? You have to know how to borrow strength! You can also borrow the strength of ruthless blade emperor.”

Ah!

Xue Guanyin’s mouth was wide open. She looked at Su Yu and shook her head, “Crazy! You Are Really Crazy!”

Would heartless blade emperor help them deal with Empress Zi Wei?

She wouldn’t believe it even if she was beaten to death!

Putting aside the fact that heartless blade emperor was willing to take the risk to duel with the powerful Empress Zi Wei, just the relationship between the two of them was absolutely impossible!

“Don’t you know that Empress Zi Wei is engaged to heartless blade emperor’s elder brother, sword Saint Wuji? “Come to think of it, she’s heartless blade emperor’s future sister-in-law. We can be considered a family. What makes you think Heartless Blade Emperor will help you?”Xue Guanyin shook her head, she sighed. She felt that she was going to be scammed by Su Yu this time.

Su Yu said confidently, “Just because my brain is better than yours!”

Xue Guanyin rolled her eyes at him. “What kind of rotten ideas are you coming up with? Not even as good as mine! How shameless of you to boast that you are smart!”

Buzz --

All of a sudden, a trace of Han Liu inexplicably rolled over.

Xue Guanyin's body trembled. She suddenly looked behind her and said in a low voice, "She's Here!"

She's Here!

Su Yu's eyes flickered. He used the Taiji Yin-yang wings to travel thousands of miles in an instant.

Two giant ice swords that were millions of feet long appeared and attacked from the hole at the end of the world.

Xue Guanyin's eyes narrowed. She pushed Su Yu away and said, "Get out of the way!"

"Lotus flowers bloom with every step!" Xue Guanyin turned around and took a step forward. A blood lotus bloomed under each step.

After three steps, three blood lotuses appeared.

The blood lotuses connected with each other to form a blood-red barrier.

The two majestic giant swords stabbed into the barrier like paper and shattered into Ice Inch by inch.

In terms of defensive power, they were comparable to the peak of the Golden Overlord level.

Xue Guanyin's expression was still solemn as she said, "This is just a low-level divine art that Empress Zi Wei used to slow us down. If you have a plan, then do it as soon as possible!"

Su Yu looked around and said, "The plan has already been launched. Don't worry and Go Fight!"

Xue Guanyin was so angry that she almost vomited blood. She turned around and glared at Su Yu, "Are you sure that the plan has already started? where is the external force that we agreed on?"

Su Yu smiled but did not say anything. He escaped in a flash.

"Ah! Bastard!" Xue Guanyin was both angry and sad. She had actually been betrayed at the last moment.

She trusted Su Yu so much!

Tears welled up in her eyes. Xue Guanyin took a deep breath and stared at the huge ice wings that were rushing towards her. She gritted her teeth and said, "Come on! Empress Zi Wei!"

Huff --

A cold strong wind blew past. Empress Zi Wei's proud and peerless figure descended.

Her powerful aura was intimidating in all directions. The ice armor on her body gave off an incomparable pressure.

Xue Guanyin felt extremely pressured just by facing this woman. She could not help but pull her fists to suppress the nervousness in her heart.

Empress Zi Wei's eyes were covered with frost. She looked around and said indifferently, "Where is the person with you?"

Xue Guanyin was angry with Su Yu, but she did not intend to betray her. She said, “Who do you want me to be with?”

Empress Zi Wei shook her head slightly and said, “You can’t dissolve my cold Qi with just you. Moreover, that wisp of yin and yang qi is not yours either.”

A trace of anger appeared between her brows and she shouted, “You’re underestimating me!”

“It’s not that I’m underestimating you. It’s that you really can’t do it,” Empress Zi Wei said faintly.

Then, she withdrew her searching gaze and said, “In that case, I’ll deal with you first. Then, I’ll slowly find that person!”

Chi --

A ball of white ice gathered in her palm and emitted an astonishing cold qi.

Xue Guanyin’s eyes were extremely solemn. “Extremely cold chalk!”

Gritting her teeth, the Blood Lotus under Xue Guanyin’s feet spun rapidly and shot out nine blood lotus seeds.

“Nine children United!”

The nine blood lotus seeds chased after the soil and immediately sprouted on the spot. They quickly grew to a height of 30 feet and bloomed into bright and beautiful lotus flowers.

Rumble --

Each flower slowly bloomed, and a shocking human figure appeared in the flowers.

His appearance was exactly the same as Xue Guanyin.

Even his cultivation was exactly the same!

Empress Zi Wei’s eyes were cold, and there was no fluctuation in them. “The same trick again!”

“Dream-breaking Ice Palm!” The ice wings on Empress Zi Wei’s back were activated, leaving an afterimage in the sky as she slapped toward the top of Xue Guanyin’s head.

The nine Lotus Seeds, Xue Guanyin, looked up at the same time and cast divine spells at the same time.

Each divine spell was different, but they all had the power of a gold overlord.

One spell was easy to defend against, but nine spells were hard to defend against!

Empress Zi Wei was equivalent to one person facing nine gold overlords!

One could imagine the pressure!

However, Empress Zi Wei’s divine eyes were as cold as ever. Her snow-white face, which was as cold as an ice mountain, did not show the slightest change.

“Ice Escape!”Empress Zi Wei shouted softly.

Her original body disappeared on the spot, leaving only pieces of ice.

However, her original body appeared after the two lotus seed incarnations. Her palm, which was full of chalkiness and extremely cold, slapped the back of the two lotus seed incarnations consecutively.

Instantly, the two lotus seed incarnations were instantly frozen into ice shards from the inside out by the snow-white cold air.

Without even looking at the result, she used ice escape again!

Every time she appeared, she could destroy the two lotus seed incarnations.

After four times, there was only one lotus seed incarnation and Xue Guanyin’s original body left on the field.

“All living beings are at ease, and all living beings are great!”Xue Guanyin sat cross-legged on the blood lotus with her eyes filled with unwillingness. She put her palms together as if she was meditating and observing the world.

A blood-red halo rose slowly from behind her back, making her face look peaceful, merciful, and serene.

Under the illumination of the halo, the hearts of all living beings were cleansed. They were empty, pure, and had lost their hostility.

Empress Zi Wei’s original body also stopped the slaughter. Her eyes were dazed and empty.

The chalky extreme cold in her palm also slowly withdrew.

Taking advantage of this opportunity, the last remaining lotus seed incarnation cast a divine spell and stabbed at her vital points.

The divine light flashed and was about to pierce through Empress Zi Wei.

But at this moment, the corner of Empress Zi Wei’s mouth curled into a sneer.

The chalky extreme cold that had been withdrawn erupted dozens of times.

The divine spell of ice destruction landed on the last lotus seed and shattered it into pieces!

“You can’t purify me with just you!”Empress Zi Wei’s ice-cold face blossomed into a king-like smile.

Xue Guanyin was neither happy nor sad. She formed a seal with one hand and slowly pressed down with her right hand.

Instantly, blood-red light surged out from the Blood Lotus, covering the sky and the ground.

In the blood-red light, a giant hand that looked like the size of heaven and earth fell from the sky and slowly slapped down.

“Evil suppression seal!”

The giant hand suddenly fell and suppressed Empress Zi Wei.

Empress Zi Wei stretched out her right hand, and a clump of white chalkiness erupted, trying to block this palm.

However, it couldn't be blocked!

Chapter 1696 One Sword Of Betrayal (Second Watch)

With a boom, the ground nearby was pressed down by hundreds of feet!

Empress Zi Wei's body was stuck in the mud, unable to extricate herself!

Under the suppression of the blood palm, layers of pitch-black gas were emitted from her body, overflowing from her body.

Her sparkling eyes were also covered by pitch-black at this moment.

She raised her eyes, and anger finally appeared on her cold face.

"This is the end!" Empress Zi Wei's entire body suddenly turned snow-white, and her entire body was covered in white ice from the inside out.

Endless chalkiness and extreme cold erupted with a terrifying momentum.

The huge palm was instantly destroyed by the terrifying chalkiness and extreme cold.

Moreover, the cold air went against the momentum and charged straight at Xue Guanyin!

The bloody light around Xue Guanyin's body swayed and transformed into a huge refining block in front of her.

However, it was still unable to withstand the eruption of the chalkiness extreme cold and was smashed into pieces!

The remaining chalkiness extreme cold did not stop it at all and wrapped around Xue Guanyin.

Xue Guanyin's divine art was continuously broken and her face turned pale.

"Sigh, I tried my best! It's my lack of strength that can't be blamed on others!" Xue Guanyin sighed and took out the altar fragment from her sleeve.

Just as she was about to throw it away, a layer of space power suddenly wrapped around her.

In the next moment, she was sucked away into thin air.

Empress Zi Wei missed her attack, and traces of hostility appeared on her beautiful face. "As expected, there's an expert on the side!"

Her ice-cold eyes shot into the depths of the ground, and she snorted coldly. Without thinking, she chased after her.

"Frozen soil of the Ice Kingdom!" Even underground, Empress Zi Wei was extremely powerful. With just a thought, she turned the ground into ice.

Walking underground like this was extremely difficult.

After Xue Guanyin was rescued, she sensed the hand that was pulling her. She knew who it was without even looking. She said angrily, "You still have the face to come back? Is this your plan?"

Su Yu smiled and did not say a word. He walked forward with difficulty in the frozen soil.

Behind him was the approaching cold air. Empress Zi Wei was about to catch up.

“Where are you taking me?”Xue Guanyin was furious.

Su Yu smiled mysteriously. “Of course, it’s to borrow strength!”

“Borrow... Strength, now?”Xue Guanyin was about to faint from Su Yu’s anger. She had fought to the death for a long time, but Su Yu did not bring any external force. Now that she was ready to leave, the external force came.

All of a sudden, Xue Guanyin sensed something and said in surprise, “Wait! There’s a very powerful ferocious creature ahead...”

“You’re right. That’s its nest...”Su Yu turned around and smiled. Then, the power of space surged out from his body and enveloped Su Yu and Xue Guanyin, disappearing together.

When Empress Zi Wei chased after them, Su Yu and the others had already left the underground.

Empress Zi Wei was about to chase after them when she suddenly caught a glimpse of the place where Su Yu had left, leaving behind a battle axe.

The Battle Axe was a one-time consumable and had already been activated.

When she arrived, the battle axe exploded with a bang.

A violent explosion shook the ground nearby.

Empress Zi Wei’s eyes were indifferent. With a casual wave of her hand, she dispersed the aftermath of the explosion.

An attack of this level was of no use to Empress Zi Wei.

With a tap of her toes, she was about to break through the frozen ground and chase after Su Yu and Xue Guanyin.

However, the explosion just now had alarmed a certain ferocious creature hidden deep underground.

Crack --

The frozen soil suddenly cracked open. Four sharp and tiny limbs pierced through the frozen soil and hugged Empress Zi Wei.

Empress Zi Wei had just sensed the existence of this ferocious creature!

“Get lost!”Empress Zi Wei shouted coldly. Her entire body emitted a powerful chalky extreme cold, freezing the four limbs into ice shards.

But the result was that the four limbs were not afraid of the Chalky Chill!

At the same time, a sharp and thin head bit through the frozen earth, revealing its true appearance.

It was an extremely crafty and sinister looking monster!

“Demon Subduing Beast?”Empress Zi Wei’s expression changed deeply!

She knew a little about the records of this thing. It was a ferocious and crafty monster.

It usually hid itself very well and was very good at sneak attacks. It could often seize the most appropriate opportunity.

The explosion just now had instantly disrupted Empress Zi Wei’s sense of danger to the outside world. And the demon subduing beast had seized this opportunity to capture Empress Zi Wei!

What was even more unfortunate was that this place happened to be the lair of the demon subduing beast.

“Xue Guanyin!”Empress Zi Wei shouted in a low and cold voice. She finally realized that she had been tricked!

In the sky above the swamp, Xue Guanyin stared at the violent and surging waves of the battle below with her mouth agape.

“The fierce beast is the external force you mentioned?”Xue Guanyin finally felt a little comforted.

Su Yu nodded and shook his head slightly. “It is not an ordinary fierce beast, but a demon subduing beast that is close to the overlord of the Mystic Crystal Realm! Three years ago, it successfully ambushed a top-tier demon overlord of the Mystic Crystal Realm!”

“What? Demon-subduing Beast?”Obviously, Xue Guanyin, who was in the Star Pavilion, had a wide range of knowledge.

“It’s actually such a troublesome demon overlord?”Xue Guanyin’s expression was very interesting. She was shocked, shouting, and then she could not stop laughing, she gloated and said, “Demon-subduing beast, this is a precious demon that rarely misses its target once it has caught its prey. If you encounter it at the same level, you would be afraid to avoid it! Moreover, this one is about to reach the overlord of the Mystic Crystal Realm!”

“Even if Empress Ziwei doesn’t die, I think she will still lose a layer of skin!”Xue Guanyin giggled. Her depressed mood was swept away and she let out a breath of turbid air.

Even if she withdrew now, she did not have too much hatred.

However, when she came back to her senses, Xue Guanyin stared at Su Yu suspiciously. She bared her teeth and said unkindly, “Humph! There was this vicious beast long ago. Why didn’t you lure her here from the beginning? You almost caused me to be injured by her again!”

Su Yu said, “If you didn’t provoke her, would she be easily fooled with her vigilance?”

“No!”Xue Guanyin Thought for a while, she said with certainty, “Judging from my two exchanges, although she is confident in her own strength, she is terrifyingly

experienced on the spot. She would never chase me to an unknown dangerous area.”

If she had fled to the swamp from the beginning, Empress Zi Wei would never act rashly.

Only after a few rounds of fighting and provoking her would she lose some of her vigilance.

Thinking of this, Xue Guanyin looked at Su Yu curiously. She did not understand why Su Yu, who did not look much older than her, was so smart?

He could see through people’s hearts, make ingenious arrangements, grasp the timing, and so on. He was as experienced as an old monster that had been around for thousands of years.

He seemed to be very familiar with doing all these things.

Xue Guanyin snorted indignantly and said, “Well, I admit that you’re a little smart, but only a little!”

Su Yu smiled and stared at the tumultuous swamp below. “Actually, this is just the beginning of my plan. If it really starts, I need you to help me with something.”

Xue Guanyin came over and blinked her clear black and white eyes.

Su Yu completely aroused her curiosity!

“What, what is it? Tell Me First!”Xue Guanyin was itching to pry open Su Yu’s brain and see what was inside.

Su Yu stared at her and said in a strange tone, “I can only tell you that I will not only let Empress Ziwei learn a lesson, but also eliminate her!”

“Ah?”Xue Guanyin widened her bright eyes in disbelief. “What do you want to Do?”

Su Yu’s tone became unfathomable. A sense of strangeness and coldness swept towards Xue Guanyin.

Along with it was a silent asura sword. It stabbed towards the defenseless Xue Guanyin from Su Yu’s sleeve without any warning.

“You... Su Yu, you want to kill me?”Xue Guanyin could not believe her eyes.

She stared at the huge sword that was stabbing at her chest, her mind blank.

She could not understand why Su Yu, who had been on her side before, wanted to kill her now?

The other party had attacked too quickly, too suddenly, and too mercilessly!

Xue Guanyin did not have time to react. She could only watch as the huge sword stabbed at her vital points!

Ding --

The dream ancient altar sensed the danger of Xue Guanyin. A powerful fluctuation was generated and blocked the huge sword.

She was spared from death. As a price, she was eliminated!

The altar fragment in her sleeve flew out and fell into Su Yu's palm.

Xue Guanyin shook her head in disbelief. Why did Su Yu do this.

If he wanted the altar fragment, she would have given it to him as long as he asked!

Why did he betray her and give her a sword?

This sword did not hurt her person, but it hurt her heart.

It was rare to trust someone, but in the blink of an eye, she was betrayed.

Her figure slowly disappeared, and Su Yu's figure playing with the altar fragment was reflected in her eyes.

That expression, that figure, it was so vague and so unfamiliar!

"This is the last time I'll teach you. Don't trust people too much," Su Yu said indifferently.

Xue Guanyin was swept out of the dream ancient altar in a daze.

She expressionlessly put away the altar fragment and said indifferently, "Come out, heartless blade emperor! Have you been hiding at the side for a long time?"

Rumble Rumble Rumble --

In the forest not far away, ancient trees were trampling and rocks were flying everywhere.

A haughty figure stepped on a huge blade. He crossed his arms in front of his chest and sneered, "Hehe, how wonderful!"

"I always thought that you, Su Yu, were a gentleman, but I didn't expect you to be a hypocrite! You really had the heart to strike that sword! I'm sure Xue Guanyin must be devastated!" Heartless Blade Emperor looked at Su Yu and said sarcastically.

Su Yu's face was indifferent as he said leisurely, "Those who achieve great things don't care about trifles. I only met her by chance, so what if I took her fragments?"

Heartless blade emperor laughed, "What a good saying, those who achieve great things don't care about trifles! Although you are a good-for-nothing, this saying is not wrong!"

Immediately, his eyes were stunned, he sneered coldly, "Then, now you should understand what kind of decision you should make in order to achieve my great things. Hand over all the altar fragments on your body and I'll let you go as soon as possible! Otherwise, there will be no lack of torture!"

Su Yu was indifferent and said with his hands behind his back, "If a person does not have foresight, he will definitely bring about his own destruction, let alone accomplish a great task."

Heartless blade emperor laughed coldly, "Stop trying to reason with me. Hand over the fragments. Take advantage of the fact that my attitude towards you has slightly changed and I do not want to make a move on you."

Su Yu's expression was indifferent as he said, "Hehe, the stupidest person is invincible! You can accomplish your great task just by taking my fragments? Unless, your great task is not the Buddhist relic in the second floor of the Attic!"

After his thoughts were exposed, heartless blade emperor's pupils shrank.

His gaze was cold and stern. The giant saber under his feet flew over with a swoosh and slashed towards Su Yu. "You talk too much!"

Su Yu did not Dodge. Even if the saber qi brushed past his face and lifted his silver hair, he still did not move.

Chapter 1697 Seeking The Skin Of The Tiger (Third Watch)

"If you kill me, what will happen to Empress Zi Wei? Or do you think that you can eliminate Empress Zi Wei by yourself?"

Clang --

The moment the giant saber slashed toward Su Yu, it moved in a different direction and slashed past his shoulder, shooting into the ancient tree behind him.

However, with a splashing sound, the interior of the ancient tree was shredded into pieces by the Saber Qi.

Following the stomping of the ancient tree, it spread in all directions.

Heartless Blade Emperor waved his hand and drew back his huge sword. He stared at Su Yu and said, "What makes you think that I will attack my future sister-in-law?"

Su Yu said indifferently, "Just because you can achieve great things, you don't care about small things!"

Heartless blade emperor stared at Su Yu for a long time before he suddenly raised his head and laughed. "Hahahaha, I'm starting to like you! Excluding the fact that you make me feel a little unhappy, certain thoughts and methods are very much to my liking!"

"If your cultivation wasn't too low and your strength was too useless, I would have considered taking you under my wing."

Su Yu said, "It's still too early to say this."

Heartless blade emperor's gaze froze, "Then tell me, what method do you have to eliminate Empress Zi Wei!"

"It's very simple, just learn that subduing demonic beast! Catch it by surprise, attack it by surprise!" Su Yu said briefly.

Heartless blade emperor narrowed his eyes slightly. "You want me to sneak attack her? It's too difficult! She fell for the demon subduing Beast's trap once, she won't fall for it a second time!"

Su Yu smiled faintly, his entire body exuding an unfathomable aura.

"The essence of luring people into a trap is never how stupid the prey is, but how perfect the trap is!"

Heartless blade emperor was slightly surprised and said, "Tell me in detail."

Su Yu pointed at himself and said indifferently, "When you caught me, the culprit who almost killed her and subdued the magical beast, do you think she was more angry than calm, or more rational than impulsive?"

Heartless Blade Emperor's eyes lit up!

Without a doubt, it was the former!

"Still not enough." Heartless blade emperor said, "She is already a frightened bird. She might not trust me easily."

Su Yu said leisurely, "Then, what if you voluntarily hand over your own altar fragment?"

"Then wouldn't that be self-elimination..." heartless blade emperor said angrily. However, as he spoke, he suddenly stopped and carefully considered this sentence.

After a while, his eyes lit up. He stared at Su Yu and said, "Playing hard to get?"

What he got was a faint smile from Su Yu.

After deducing it in his mind several times, heartless blade emperor felt that this plan was more feasible!

If everything went smoothly, the possibility of him ambushing Empress Zi Wei was extremely high!

Looking at it from another perspective, if he wanted to get all the altar fragments, he would definitely not be able to avoid Empress Zi Wei!

Right now, this might be his only chance!

In that case, not only could Su Yu not be killed, he also had to cooperate well with her.

Of course, after getting rid of Empress Zi Wei, his fate was obvious.

After confirming this plan, heartless blade emperor looked at Su Yu and suddenly felt a trace of fear.

This kid's cultivation wasn't that great, but he was extremely accurate in scheming people.

He tried to think from another perspective. If he was Empress Zi Wei, he probably wouldn't be willing to face such a guy.

A hint of wariness suddenly appeared in his heart. Heartless blade emperor narrowed his eyes and said, "You should have your own purpose, right? Are you going to use my hand to get rid of Empress Zi Wei and then take the opportunity to get rid of me?"

Su Yu said indifferently, "Do you think that my cultivation has any chance of winning in front of you?"

Heartless blade emperor said confidently, "I can crush you with one finger!"

"That's right! My cultivation doesn't match my ambition. I know that very well." Su Yu said frankly, "All I want is to defeat Empress Zi Wei!"

“Why?” Heartless blade emperor asked, “There is no enmity between you and her. Why do you want to defeat her?”

Su Yu paused and said, “Because I once pursued Empress Zi Wei and was deeply humiliated by her! From that moment on, I swore that she would regret it sooner or later!”

“So...” Su Yu clenched his fists, and his face was full of hatred. “So, I joined forces with Xue Guanyin, and with you, just to eliminate her!”

Hearing this, heartless blade emperor’s mouth opened wide, but he could not question it.

Because this reason was too legitimate!

Empress Zi Wei was magnificent!

With her beautiful appearance, any woman who claimed to be beautiful would feel inferior in front of her.

She had unparalleled talent. She was only in her early twenties and was already a gold overlord. Moreover, she was an outstanding person at that level!

She had an unattainable background and was the successor of the Snow Dragon Emperor. This identity was enough to make all the women incomparable!

Who would not be tempted by such a perfect woman?

There were countless people who pursued her!

Not only were there young elites of the current generation, there were also many famous old monsters who had visited her in admiration.

There were too many people like Su Yu who had been mercilessly rejected and even ridiculed!

Including heartless blade emperor himself, he had once secretly asked her for love.

In the end, Empress Zi Wei had directly rejected him when she said, “Reincarnate again.”

Later on, Empress Zi Wei was engaged to his elder brother, the limitless sword saint. This was something that heartless blade emperor was still brooding over.

When he heard that Su Yu had also been rejected before, not only did he not suspect anything, he even felt that they were in the same boat.

He patted Su Yu’s shoulder. “It’s been hard on you. You actually managed to do this!”

All these years, how many people had been mocked by the prideful Empress Zi Wei?

There were even more people who wanted to avenge their past humiliation and take revenge on her!

However, there was no one else who had truly done this except Su Yu.

Su Yu thought for a moment and took out five altar fragments. He handed them over to heartless blade emperor and said, “I’ll leave them all to you. I hope you can help me and avenge my past humiliation!”

Heartless blade emperor completely trusted Su Yu.

If he was willing to give all the altar fragments to him, what was there to distrust?

“Don’t worry, I’ll definitely help you!” Heartless Blade Emperor was starting to sympathize with this fellow.

Su Yu nodded. “I’ll leave everything to You!”

The two of them stared at the swamp below them. The ripples from the battle continued for a long time.

Finally, a light reprimand pierced through the swamp and soared into the sky!

“Glacial Feast!”

A large area of cold air surged out from the depths of the swamp!

The churning swamp instantly froze into ice. Tens of millions of miles of land became a frozen world.

Mountains, vegetation, and even some of the gold-tier demon overlords were instantly frozen.

The area of tens of millions of kilometers became a silent country of ice and snow.

Kacha --

Under the frozen swamp, the ice suddenly shattered. An arrogant woman covered in cold air broke out of the ice.

Her entire body was covered in wounds, especially her abdomen and back. She was pierced by four sharp objects.

Black divine blood kept flowing out of the wounds, giving off a fishy smell and poison, making her injuries more serious.

Under Empress Zi Wei’s cold face, she was suppressing her anger.

In her right palm, she was holding a bloody head!

Even the demon subduing beast was no match for Empress Zi Wei!

It was not unexpected at all.

Her strength was hard to measure with her cultivation.

Puff --

Empress Zi Wei clenched her palm and crushed the head of the demon subduing beast!

Heartless blade emperor was deeply in awe. He coughed dryly and said, “Empress Zi Wei.”

Empress Zi Wei looked over coldly. Her eyes were cold and there was a hint of killing intent in them. She said coldly, “Why are you here?”

There was a questioning tone in her words.

Heartless blade emperor pretended to be calm and said, "It's hard for me not to sense such a big movement here."

Empress Zi Wei agreed with him. Seeing that he was holding someone in his hands, she said coldly, "Su Yu? Why did you catch him?"

What she meant was that he could just take away his altar fragment!

"When I came here, I saw this kid acting sneakily. HMM, he even ambushed and eliminated Xue Guanyin!" Heartless Blade Emperor said according to the script.

HMM? Empress Zi Wei's eyes narrowed. "He eliminated Xue Guanyin? is that possible?"

Heartless blade emperor said, "Of course not with his cultivation, but I saw with my own eyes that the two of them were having a good discussion. They were talking and laughing, and suddenly, this kid succeeded in his Sneak Attack!"

Hearing the key point, Empress Zi Wei's expression turned cold.

"You mean, he was talking and laughing with Xue Guanyin?"

Heartless blade emperor nodded. "Yes! It seems that they had a good relationship before this!"

Empress Zi Wei sized up Su Yu and said coldly, "So, you're the one who saved Xue Guanyin?"

"It wasn't me! I didn't!" Su Yu quickly defended himself.

"HMPH!" Heartless blade emperor sneered. "No need to hide it. I heard everything. It was all your plan. You were the one who lured out the demon subduing beast! Xue Guanyin was just following your orders!"

Crack --

A terrifying cold air came at him!

Empress Zi Wei glared at Su Yu. "No wonder. I was wondering why Xue Guanyin suddenly became resourceful. It turns out that an expert was guiding him from behind!"

"Good! Very good!" Empress Zi Wei said coldly. "Heartless blade emperor, leave him here. You Can Leave Now!"

Heartless Blade Emperor thought to himself. As expected, Empress Zi Wei was on guard against him!

"Since he dared to plot against you, of course you have to deal with him!" Heartless Blade Emperor took out another altar fragment and threw it over to Su Yu. He said, "This is the altar fragment I found on him. I'll give it to you!"

Taking the altar fragment, Empress Zi Wei's expression softened slightly. She said, "I'll remember this in my heart."

With that, she reached out to grab Su Yu.

However, halfway through, yin and yang energy suddenly appeared above Su Yu's head, and he teleported away.

Heartless Blade Emperor was shocked. "I sealed his divine power!"

Empress Zi Wei didn't expect this either. Her beautiful face was filled with coldness. She said coldly, "Yin and Yang teleportation?"

"It's all my fault. I didn't completely lock him up." Heartless Blade Emperor said in frustration.

Empress Zi Wei said, "It's not your fault. This person has a strange technique. It's indeed hard to guess."

"Wait here. I'll go and catch him!" Empress Zi Wei rose into the air.

Heartless blade emperor said, "Wait, I'll go too! This person dares to be so disrespectful to you. As the younger brother of the limitless sword saint, I can't allow him to escape just like that."

Empress Zi Wei hesitated for a moment. She weighed the bulging altar fragment in her sleeve and nodded. "Alright! Follow behind me!"

The two of them chased after Su Yu.

How could Su Yu escape the pursuit of the two gold overlords?

Not long after, Empress Zi Wei and ruthless blade emperor caught up to Su Yu.

Empress Zi Wei's expression was cold. She stared at him and said coldly, "How does it feel to scheme against people?"

The pain from the wounds on her body and the danger in the swamp made it hard for Empress Zi Wei to calm down. Countless ways to torture Su Yu were projected in her mind!

Unexpectedly, Su Yu turned around. There was no nervousness on his face. Instead, he was calm.

His eyes were filled with a smile that was not a smile. "The taste of scheming against people is very good! I want to try again!"

Chapter 1698 The Reappearance Of The Tribulation Transcender

The essence of four taels of silver was how to borrow power.

The more unexpected the power, the more effective it would be.

For example, the external force at hand.

Empress Zi Wei was slightly startled and immediately became alert.

However, she didn't pay attention to what was behind her!

A powerful killer move that was ready to be unleashed erupted from Empress Zi Wei's back without any mercy.

"The ninth move of the tyrant blade, heaven-cleaving move!"

Pu --

Empress Zi Wei's chest was pierced from front to back. Her red lips parted slightly as she spat out a mouthful of milky white divine blood.

Her entire body trembled slightly. She turned her head around in disbelief and stared at heartless blade emperor. Her gaze was incomparably cold. "Good! Really Good! The two of you are seamlessly working together!"

Heartless Blade Emperor's expression was indifferent and ruthless. "For the sake of my goal, there's no other way!"

Empress Zi Wei shook her head lightly. "I don't blame you for plotting against me, but why did you join hands with an outsider?"

"There are no eternal enemies, only eternal benefits." Heartless Blade Emperor said indifferently. "Empress Zi Wei, let's stop here. When we return to the outside world, I'll make it up to you!"

With that, he lowered his wrist and slashed down with the huge blade, splitting Empress Zi Wei into two!

If it was an ordinary person, it would have been a life-and-death crisis that was sensed by the ancient dream altar.

However, Empress Zi Wei's body was split into two, but she didn't die!

Wisps of faintly discernible aura of death were emitted from her body. The two halves of her body quickly turned into ice and began to fuse again.

Heartless Blade Emperor wasn't surprised at all, he sneered, "Immortal Body?"? He had long heard Big Brother say that you had reached the level of immortal body. However, Big Brother said that this kind of immortal body had a fatal flaw, which was that there shouldn't be any interference during the recovery process. Otherwise, all previous efforts would be wasted! "!"

He rampaged as he swung his huge saber down abruptly.

This saber strike would undoubtedly eliminate Empress Zi Wei.

Heartless Blade Emperor's face was filled with a victorious smile.

Su Yu also let out a slight sigh of relief. It seemed that the overall situation was set, and everything was just as he had predicted.

He borrowed strength twice, especially in the end, he borrowed the strength of heartless blade emperor to sneak attack Empress Zi Wei and eliminate a huge threat.

However, just as the blade slashed down, an extremely strange fluctuation suddenly appeared in the surroundings.

It was like the fluctuation of the ancient dream altar, but it was even more strange and unfathomable!

Bang --

Suddenly, a huge pitch-black palm appeared in the sky, covering the sky and covering the sun as it slammed down fiercely.

Ruthless Blade Emperor's last attack was actually blocked!

“Who is it?” Heartless saber emperor was shocked as the momentum of his blade sank!

However, that huge pitch-black palm was as solid as the sky and earth. Not only did the huge saber not come down, it was instead repelled!

Swoosh --

The huge pitch-black palm flashed and disappeared. With a clench of his five fingers, he grabbed the two halves of the icy body on the ground and quickly retreated to the depths of the sky and earth.

Seeing this scene, heartless saber emperor was extremely shocked and furious!

That huge palm clearly wanted to save Empress Zi Wei!

If he really let her be saved, after recovering his vitality, the five of him added together would not be a match for Empress Zi Wei alone.

In addition to the betrayal just now, when Empress Zi Wei returned to settle the score, his ending would be extremely miserable!

With lingering fear and unwillingness, heartless blade emperor took out an attack talisman that was filled with prehistoric power without even thinking!

Without a doubt, it was personally refined by the Emperor of South Sea.

It was used at the most critical moment.

For heartless blade emperor, now was the most dangerous time!

Boom --

The prehistoric power spread out.

There was no powerful force, no aura that stirred up the wind and clouds. There was only a faint trace of power.

It was this power that pierced through the huge pitch-black palm!

However, it only pierced through it.

The giant palm calmly carried the heavily injured Empress Ziwei away, giving her enough time to recover.

At that time, no one in the central area could suppress Empress Ziwei anymore!

In the dark, a trace of mockery reverberated in the world.

It was as if he was the ruler hidden outside the world, teasing and wantonly toying with them.

With just a thought, he could make them lose, and then he could look down on them with contempt and anger!

Even with his strongest trump card, he couldn't keep Empress Ziwei. Heartless Blade Emperor was furious. “Damn it, who is going against me?”

In his anger, he touched his own altar fragment.

There was nothing he could do. Empress Ziwei was about to make a comeback, and he really didn't want to confront her directly.

A trace of fear emerged in his heart.

He chose to withdraw and return to the South Sea immediately. Presumably, Empress Zi Wei wouldn't chase him to the south sea for revenge.

"Hehe..." suddenly, cold blade emperor heard Su Yu's strange laughter.

There was coldness, mockery, resentment, and a deep chill.

"You're really as usual. You always make a move at the most critical moment, changing the situation, and putting me in a disaster." Su Yu smiled coldly, and his body released an extremely powerful aura. "It's been a long time, Tribulation Transcender!"

The appearance of the tribulation transcender was completely within Su Yu's expectations.

Even when he would appear was within Su Yu's grasp.

The tribulation transcender would not let go of any opportunity to put Su Yu to death even though they were separated by countless miles.

Now that Su Yu was about to successfully complete his plan and get the opportunity to face the tribulation transcender directly, would he let go of the opportunity to kill Su Yu?

No!

Therefore, Su Yu was not surprised by his appearance at all!

Humph --

There seemed to be a sneering snort somewhere.

It seemed to say, what can you do to me even if you know?

Su Yu's sneer deepened, so much so that the watching heartless blade emperor felt an extreme chill for no reason.

"Do you think that since I guessed that you would appear, I will allow you to succeed?" Su Yu's expression was cold as he said indifferently, "Explode!"

In Empress Zi Wei's sleeve, one of the six altar fragments suddenly exploded with an intense light.

Within the light, a mountain river diagram appeared.

This was a one-time consumable item that zhuxin hang had exchanged with him.

The mountain river in this diagram suddenly appeared and exploded with a powerful force!

Unlike the talisman of heartless blade emperor, the power of this diagram wasn't strong. It was only at the silver overlord level.

However, it appeared in the giant palm and appeared on Empress Zi Wei's body.

The giant palm didn't even have time to block the explosion. Empress Zi Wei, who had been split into two, received the final fatal blow.

Boom --

With a powerful explosion, the two halves of Empress Zi Wei's body were shattered inch by inch. A life and death crisis had arrived!

"No!" Empress Zi Wei, who was recovering, let out an angry roar!

The ancient dream altar ignored her unwillingness and her anger, sending her out.

Empress Zi Wei was eliminated!

The giant black palm returned empty-handed, and a furious voice sounded.

The corners of Su Yu's mouth curled into a murderous smile. "Shout, while you still can. When I come in front of you, perhaps you won't have the chance to be angry anymore."

Shua --

Heartless Blade Emperor flew over and grabbed all the altar fragments that were left behind.

Of course, he did not repeat the same mistake. He carefully checked all the altar fragments and only put them back into his sleeve when there were no more dangerous talismans.

"Hahahaha, I have to admit that your plan was flawless! You even left an unknown trump card in the altar fragments!" Heartless blade emperor praised sincerely.

From the looks of it now, perhaps Su Yu had already expected that there would definitely be twists and turns after Empress Zi Wei was eliminated.

And those altar fragments would fall into Empress Zi Wei's hands as expected.

No matter how vigilant Empress Zi Wei was, how could she be aware that there was an absolutely unexpected plot within the altar fragments?

If it wasn't for Su Yu's backup plan, the consequences would have completely gone out of control.

Su Yu said indifferently, "You flatter me!"

Heartless Blade Emperor flew over, his eyes filled with admiration, he said, "I've decided to set an example for you! My follower's cultivation standard is the silver overlord level! Although you haven't reached it, I'll make an exception and take you as my follower. From now on, you'll serve me!"

He patted Su Yu's shoulder and said, "If you become my follower, you can enjoy the highest treatment in the south sea. You can take any martial arts resources, Beauties, and treasures! In the future, you'll become a mystic Crystal Overlord without any suspense!"

He thought that the conditions were very attractive, so he threw Su Yu a nameplate personally made by the emperor of South Sea.

“From now on, you’ll be my tenth follower!”

Su Yu’s expression was indifferent. Follower... ?

Heartless blade emperor was in high spirits and extremely happy. He spread his palm and asked, “Empress Ziwei was eliminated as you wished. You have successfully taken revenge on her. There is no point in staying at the ancient dream altar. Give the altar fragments to me!”

He was already acting like a master and ordered Su Yu.

However, Su Yu, this servant, was indifferent.

“You have something to say?” Heartless Blade Emperor said unhappily.

Su Yu said, “I want to ask a question.”

“Speak! Since you are already my follower.” Heartless blade emperor waved his hand.

Su Yu said leisurely, “You took me as your follower, what do you think of Me?”

“Nonsense! Of course I think you are good at scheming!”

Su Yu put his hands behind his back and looked at him indifferently. “Since you know that I am good at scheming, why are you so confident that you are not part of my scheme?”

When these words fell into heartless blade emperor’s ears, his expression changed drastically.

He instinctively moved away from Su Yu. At the same time, he flicked his sleeves and threw all the fragments of the six paths altar away, afraid that he would fall into Su Yu’s scheme.

After a short encounter, heartless blade emperor was extremely fearful of Su Yu’s scheme.

“You’re scheming against me?” Heartless Blade Emperor gripped his huge sword tightly and felt extremely uneasy.

Because he could not imagine where Su Yu would plot against him.

Su Yu played with his palm, the altar fragment that belonged to him, and said indifferently, “Your previous aggressiveness is still fresh in my memory. What makes you think that I will sincerely cooperate with you?”

Heartless Blade Emperor took a step back and said, “Humph! You are trash to begin with. Calling you trash, how is that aggressive?”

Su Yu looked up at him and said, “Your biggest problem is that you feel good about yourself. You used to be, and you still are!”

He took out the asura sword and stood in front of him.

Heartless Blade Emperor was stunned when he saw this. He couldn’t help but laugh out loud, “Hahaha, so you want to fight with me? Do you think that you alone?”

Su Yu didn’t say anything. He held the asura sword with both hands and his expression was solemn.

A majestic figure of a devil appeared behind him.

He also held a huge devil sword with both hands. His posture was exactly the same as Su Yu’s.

Su Yu shouted softly, "Devil Lord of the world!"

Chapter 1699 Number King Of The Four Spirits

The unrivalled Devil Shadow let out an earth-shaking roar along with Su Yu. The huge devil sword slashed down with Su Yu's Asura sword!

That sword seemed to split the heavens and earth, shaking the thousands of worlds.

The Devil Shadow and Su Yu's shadow instantly merged together, forming a Devil Lord.

Boundless sword Qi swept across the world, destroying all obstacles.

Heartless Blade Emperor's expression changed. "Ah! You, what kind of sword technique is this?"

That terrifying power was comparable to Empress Zi Wei's strongest technique -- extreme ice feast!

Ah --

Heartless Blade Emperor used his sword technique, but like a moth in the wind, he was swept away by the terrifying sword!

Ding --

An altar fragment fell to the ground from the sky with a crisp sound.

Su Yu walked over and bent down to pick up the altar fragment. He also picked up the other seven altar fragments.

A faint smile brushed across his face.

"Nine altar fragments have been obtained. Only Huangfu Lieyang is left!" Su Yu muttered, his eyes focused.

This person was mysterious and unpredictable, giving Su Yu great fear.

Even Empress Zi Wei couldn't compare to Huangfu Lieyang's pressure.

Su Yu was not confident in snatching the altar fragment from him.

However, the tribulation transcender was right in front of him. He had to snatch the fragment no matter what!

--

In the outside world.

Looking from afar, there were four blazing flames burning above the ancient dream altar.

One was extinguished, while the other was even more intense than the other three!

The lady from the Star Pavilion comforted Xue Guanyin by her side and said, "Don't worry, Su Yu. Or rather, what Xue Yu said was right. Don't trust people too much!"

Xue Guanyin rubbed her sore nose and her eyes were red, she pouted unwillingly and said, "I'm not satisfied. I trusted him so much. How could he stab me in the back? I was clearly planning to give him the altar fragment, but he still betrayed me!"

Xue Guanyin had a knot in her heart regarding this matter.

The lady from the Star Pavilion sighed. Xue Guanyin had too little experience and her temperament was not firm enough.

It was difficult to calm down after being betrayed by someone!

As she was speaking, another flame was extinguished!

The slightly higher flame rose another level!

“The three spirits King was born! who was eliminated again?” The lady from the star pavilion exclaimed in admiration.

The first person to be eliminated was Xue Guanyin from the Star Pavilion.

She was the first to be eliminated with her strength. To be honest, it was very unexpected.

Who knew that she would be the second one to be eliminated!

“How could it be so fast?” Someone exclaimed!

“It’s unbelievable. In the previous five spirits competition, only after a long time had passed would there be a situation where two people were eliminated. It’s really unprecedented!”

“Look, it’s that flame again. He rose by 10% again. It means that he eliminated two people consecutively!”

“Hiss! He can even eliminate the daughter of a heaven’s favorite like Xue Guanyin. There’s only one possibility, right?”

Everyone turned to look at the Snow Dragon Emperor.

There was also a hint of pride on the latter’s face.

Among all the heaven’s favorites, Empress Ziwei was the only Heaven’s favorite queen who could suppress Xue Guanyin.

It was just like her name, Empress!

The people of the same generation in the Sea of constellations were all dim under her dazzling light.

The limitless sword saint also revealed a hint of arrogance in his eyes. “As expected of My Woman!”

“Guess who was eliminated?”

“I think it was Huangfu Lieyang, right? This person is a loner and mysterious person. If Empress Ziwei were to meet him, she would definitely not let him go.”

“Why do I feel that it was Su Yu who entered by luck? He’s just a mere world paragon in a cave abode, but he actually fought against several top-tier gold overlords. If he wasn’t eliminated, then there’s no justice at all!”

“That’s right! My successor, Silver Overlord, has been eliminated. He’s a lucky one, yet he’s able to hold on until now!”

Shua --

Ripples swept up two pieces of ice as they descended.

The ice fused into a body of ice.

When the cold air dispersed, an incomparably beautiful and cold figure was revealed.

His face was still as cold as ice, but the difference was that his eyes shot out shocking killing intent.

“Su! Yu! I will never forgive you! !”

The second person to be eliminated was actually the strongest person!

The calm and orderly scene just now was boiling in the blink of an eye!

“Empress Zi Wei was eliminated?”No one could believe their eyes.

The one who should have been eliminated was not eliminated, but the one who should not have been eliminated was directly eliminated!

She was only half an incense stick away from Xue Guanyin’s elimination!

Everyone thought that the one who eliminated Xue Guanyin was Empress Zi Wei.

But now, even she was eliminated!

The strangest thing was that both of them were eliminated by the same person!

“Zi Wei, you...”sword Saint Wuji flew over in disbelief and said in shock.

He could not believe that Empress Zi Wei would be eliminated.

Empress Zi Wei glared at him. “Ask your good brother!”

“Heartless blade emperor? What did he do to You?”Sword Saint Wuji’s face darkened.

“Humph!”Empress Zi Wei waved her hand and left angrily.

When she passed by Xue Guanyin, she stopped and said coldly, “Xue Guanyin, you really found a Master!”

Xue Guanyin was still in a daze. She did not believe that someone could eliminate her.

It was only when Empress Zi Wei said this that Xue Guanyin suddenly thought of someone.

Su Yu!

She clearly remembered that Su Yu had said that he had plotted against Empress Zi Wei not just to make her suffer a little.

He had wanted to get rid of her!

And in the end, he had really done it!

The matriarch frowned slightly and asked Xue Guanyin, “What did she mean by ‘The Expert’?”

Xue Guanyin was at a loss and said, “No, no one!”

She had a question. How did Su Yu do it?

It was the most impossible thing to eliminate Empress Zi Wei!

However, just as Su Yu said, there was nothing impossible in the world.

Swoosh --

Not long after that.

The flames above the altar changed again.

One flame was extinguished, while the other one continued to expand.

“Oh my God! The four Spirit King has been born!”

“Hiss! It Can’t be. He eliminated another person?”

“Who is that person? He eliminated both Xue Guanyin and Empress Ziwei? could it be the mysterious Huangfu Lieyang?”

“It’s highly possible that it’s him!”

“I can’t believe that this person has hidden himself so well. His strength is too terrifying!”

While everyone was discussing.

The fluctuation swept over a figure that was screaming miserably as it descended.

“Heartless blade emperor! He was also eliminated!”

“As expected, it was Huangfu Lieyang who did it!”

“The three most promising contenders for the Five Spirit King were all eliminated!”

“This year’s ancient dream altar is really a first! Not only did five people successfully enter the pavilion, but a shocking dark horse also appeared!”

While everyone was discussing, Empress Zi Wei, who had just turned around, returned angrily.

She jumped in front of heartless blade emperor and couldn’t help but laugh coldly, “Hahaha, let me guess, you also fell into his scheme?”

Heartless blade emperor rubbed his sore wound, feeling so guilty that he didn’t dare to look into Empress Zi Wei’s eyes. He covered it up and said, “I, I was deceived by him and did that kind of thing. Sister Zi Wei, if you want to blame him, blame him. It really has nothing to do with me!”

Empress Zi Wei grabbed his collar, she laughed angrily, “You idiot! I guess he must have used some sweet words to get you to work with him to get rid of me. In the end, you only found out later that he actually had a trick up his sleeve to get rid of you as well?”

Cold sweat dripped down heartless blade emperor's forehead as he dodged, "I, I didn't..."

Empress Zi Wei's cold smile deepened. Heartless blade emperor's expression told her that she had guessed correctly.

In order to deal with her, Su Yu had set up three plots in a row, especially the last one hidden in the altar fragment. Even in her wildest dreams, she would never have thought of it.

Would such a calculative person let a fool like the Heartless Blade Emperor Off?

"HMPH!"Empress Zi Wei threw him to the ground. She turned around angrily and left, returning to the Snow Dragon Emperor.

She knelt on the ground and said, "Your disciple is useless. Please punish me, Master!"

The Snow Dragon Emperor looked indifferent as if he was not affected by the defeat of his disciple. He said, "Victory and defeat are common in war. There's no need to blame yourself. Go and cultivate!"

"Yes!"

The limitless sword saint's eyes were cold. He walked forward and kicked the heartless blade emperor to the ground. he shouted, "You bastard! How dare you conspire with outsiders to scheme against Zi Wei?"

Merciless blade emperor begged for mercy. "Big Brother, I was wrong. I Won't Do It Again!"

The answer he got was a violent beating from the limitless sword saint. "Trash! You've ruined Zi Wei's bright future!"

With her talent, it was reasonable for her to enter the second floor without any suspense and obtain the legendary Buddhist relic of the Dao Master.

But she was destroyed by her brother's stupidity!

How could he not be angry?

After a series of violent beatings, heartless blade emperor was beaten black and blue before he gave up.

Heartless Blade Emperor lost all face and hid his face as he crawled out of the crowd.

Unfortunately, he also passed by Xue Guanyin. He could not help but stop his footsteps and revealed a resentful look, he laughed angrily and said, "Good! What a Good Xue Guanyin! The outside world only thought that you were innocent. Who would have thought that you were also a scheming person! You actually cooperated with Su Yu to put on such a realistic act of betrayal and tricked me! Hehe, I, heartless blade emperor, will remember this debt!"

Xue Guanyin was stunned. She was baffled.

Empress Zi Wei and heartless blade emperor were eliminated. What did it have to do with her? Why did they treat her as their enemy?

It was only until heartless blade emperor's words that Xue Guanyin was enlightened.

Wait a minute, a betrayal scene... that was not an act. It was Su Yu who really betrayed her and gave her a sword..

At the thought of this, Xue Guanyin was stunned. Combining what Empress Ziwei had said, her chest suddenly opened up!

Su Yu's betrayal was for heartless blade emperor to see!

Without this betrayal, would heartless blade emperor treat Su Yu as his own kind?

After understanding this point, Xue Guanyin's knot in her heart disappeared. She could not help but laugh foolishly, "No wonder she said that she would lend me the altar fragment for a use. So this is her intention?"

She was delighted, but there was a hint of complaint in her heart. "However, this fellow is still detestable. He actually did not discuss it with me in advance and made me feel sad for nothing. Detestable fellow!"

The outside world was boiling.

On the altar, Su Yu was walking quietly in the forest alone.

Everywhere he passed, he deliberately left his aura behind.

He wanted Huangfu Lieyang to find him and have a final battle with him.

No matter how deep Huangfu Lieyang hid himself and how powerful he was, there was only one victory in this battle!

If he failed, everything would be over!

Three days later.

Su Yu walked in the desert, but he did not find any trace of Huangfu Lieyang.

After leaving the attic, he seemed to have vanished into thin air!

Until today, until today.

"I heard that you were looking for me?" Without any warning, Huangfu Lieyang's gentle voice sounded behind him.

When he turned around, he was still as harmless as ever, just like how he always was.

However, he was also as elusive as ever, so much so that Su Yu did not notice when and how long he had been behind him!

Su Yu felt extremely depressed for no reason, and there was a strong sense of unease in the depths of his soul.

Without a fight, his instincts were already afraid!

What exactly was his cultivation level.

And who exactly was he?

Chapter 1700

What kind of cultivation did Su Yu instinctively feel uneasy?

Suppressing his emotions, Su Yu calmly turned around and stared at him. "Only the two of us are left!"

Huangfu Lieyang crossed his arms behind his head and said with a faint smile, "So, you came to me to take the altar fragment?"

"That's right!" Su Yu said calmly.

He took out the asura sword and stabbed it into the ground, making a loud and clear sound.

The blood-red Asura sword reflected a cold light.

A deep desire to fight shot out from Su Yu's eyes, which was particularly scorching.

"Oh? Don't you need the ability of calculation that you're best at?" Huangfu Lieyang looked around with a smile. "To be honest, I was still worried that you would set some traps when I came here!"

It seemed that he had witnessed everything between Su Yu and Empress Ziwei.

The scary thing was that neither Su Yu, Empress Ziwei, Xue Guanyin, or ruthless blade emperor had noticed that he was nearby!

Taking a deep breath, Su Yu held the asura sword and pointed at him from afar. "I don't want to scheme against you."

"Why?" Huangfu Lieyang asked.

Su Yu said calmly, "This is my respect for you!"

Scheming was unfair after all.

Huangfu Lieyang was very much to Su Yu's liking since he came into contact with him.

He did not kill indiscriminately, nor was he arrogant. He was still able to distinguish between right and wrong. He was able to kill the evil man, White Snow Sword, without any fear.

Su Yu only wanted a fair fight against him.

Huangfu Lieyang laughed. "Not bad, you're also very to my liking!"

He put down his hands and made Su Yu be on guard, ready to attack.

However, he did not attack. Instead, he took out the altar fragment from his sleeve and casually threw it to Su Yu.

Su Yu was stunned and asked, "What do you mean?"

Powerful fluctuations appeared around Huangfu Lieyang's body and slowly swept him out.

"My intention is not in the attic. In three days, I have already gotten what I want. I came to see you today to give you the altar fragment," Huangfu Lieyang said with a faint smile.

Su Yu grabbed the altar fragment and looked at him deeply. "Thank you."

Huangfu Lieyang looked at the second floor of the attic and said with a serious expression, "I don't know why you insist on going to the second floor, but don't be careless. That place is extraordinary!"

Without much explanation, Huangfu Lieyang was dragged out of the dream ancient altar.

The outside world!

There was an uproar!

Looking at Huangfu Lieyang who was teleported out, most people were shocked.

"He was also eliminated?"

"Who is that world paragon named Su Yu? How could he defeat so many geniuses in a row?"

"Unbelievable, who is he and what is his background?"

The biggest dark horse was not Huangfu Lieyang, but Su Yu!

The only calm ones present were probably Empress Ziwei and the heartless blade emperor.

One had experienced Su Yu's terrifying scheming abilities.

The other had experienced Su Yu's well-hidden swordsmanship.

They were not too surprised by Su Yu's victory.

There was a hint of surprise in the Woman Pavilion Master's eyes. "The five Spirit Kings have been born! This is the first time since the ancient dream altar appeared!"

This meant that there was finally someone who could enter the second level and obtain the rumored Buddhist relic of the Dao Master!

After obtaining this item, the lowest achievement would be to become the overlord of the world. The highest achievement would be to reach the realm of the Faceless Buddha, becoming the Dao Master of the Buddhist path!

She could sense that in the next few thousand years in the Sea of constellations, a great change would occur.

It was all because of that single, intense flame!

In the palace, under the cover of a shadow, Emperor Snow Dragon stood up. Staring at the blazing flame, he sighed deeply. "Thirty thousand years. I have waited for far, far too long..."

The shadow covered his face, but it could not cover his eyes that were glowing red.

Within the altar.

Su Yu had obtained ten altar fragments and placed them in front of him.

The ten altar fragments were reunited, and each of them emitted a faint azure light.

Under the guidance of the green light, the fragments slowly squirmed and pieced together, forming a small altar.

At first glance, Su Yu felt that this item was very familiar.

If he remembered correctly, under the Taiji diagram, there was a small altar pattern at the bottom of the cold pond.

The small altar in front of him was shockingly what the pattern depicted.

A small altar was born!

The entire ancient dream altar, one of the five outer domains, and one of the central domains all started to tremble.

Creak --

A loud sound came from deep underground, piercing through the ancient dream altar.

From the outside, the five outer domains of the ancient dream altar started to move at the same time, and in a special order, they moved around the central area.

During the process, loud explosions sounded.

The entire process lasted for a while, and the ancient dream altar was no longer what it used to be. It turned into a Buddhist dharma artifact, the shape of a bowl.

This bowl was upside down, and the central region was the bottom of the bowl.

The strange scene shocked everyone present.

“Why did the ancient dream altar turn into a Buddhist dharma artifact?”

“What does this mean? Why did the ancient dream altar change its shape?”

All kinds of questions were boiling on the scene.

In the direction of the Star Pavilion, Mu Canghai’s expression was solemn as he muttered, “What should come will come in the end!”

Inside the altar, Su Yu looked at the scene in front of him and his expression was very calm.

The hundred million square meters of ancient trees had all sunk into the ground.

In its place was a golden lake.

The lake water was emitting powerful Buddhist power.

The pavilion was like a place out of this world, floating in the middle of the Golden Lake and being illuminated by a lot of Buddhist power.

Under the illumination, the pavilion was covered with a layer of golden light.

It was holy and solemn, like a high monk sitting cross-legged.

In a trance, Su Yu seemed to see a Buddha statue with its back facing the common people.

As Su Yu wished, the second floor of the pavilion slowly descended a staircase condensed from Buddhist power.

The tightly shut doors and windows also slowly opened.

A tribulation aura slowly rippled in all directions.

“Tribulation Transcender!” Su Yu’s eyes were filled with killing intent.

From the true dragon continent to the nine regions world to the Prajna Galaxy.

The shadow of the Tribulation Transcender was always faintly discernible.

Every time he appeared, he would kill Su Yu.

At that time, Su Yu was as weak as dust and could only glare at the sky.

To him, the tribulation transcender was a lofty existence, like the will of Heaven and earth.

In the blink of an eye, several decades had passed.

The Speck of dust that had been wantonly killed by the tribulation transcender back then had slowly made its way to this day.

Along the way, Su Yu had relied on great perseverance and great wisdom. He had gone through many dangers and obstacles before he finally got to where he was today.

Only Su Yu himself knew how many heartaches and frustrations he had experienced.

Clenching his fist, surging strength and powerful feelings reverberated in his body.

“Tribulation transcender! The dust that you insisted on wiping out back then is here!” Su Yu said as he stepped onto the Golden Lake.

Su Yu’s figure was reflected on the surface of the lake, as well as everything that had happened to him in the past.

One scene after another was like the clouds and smoke of the past.

Boom --

A powerful tribulation intent reverberated from the depths of the attic.

A bolt of lightning struck from the clear sky, and dark clouds appeared above Su Yu’s head.

The Thunder Dragon in the clouds roared furiously, and waves of terrifying tribulation intent descended.

A whirlpool appeared in the center of the dark clouds, and a pitch-black feather floated from it.

The feather contained a terrifying power.

However, that was only in comparison to the dust immortal.

“Thunder Feather Tribulation!”

When Su Yu was still a flying immortal, he had passed the divine tribulation. It was also the first time he had encountered a tribulation from a tribulation immortal.

That time, he had died twice. He had used up all the resources in his body and was forced to open the eye of Taotie to barely survive!

However, today, Su Yu smiled lightly and waved his sleeve. The thunder feathers that filled the sky dispersed like clouds.

Even the dark clouds were completely dispersed.

The Thunder Feather Tribulation had just passed.

The dark clouds in the sky gathered again and descended on a huge figure.

There was a thick chain wrapped around his waist, and his body was huge like a pillar.

It was the sea of bitterness giant!

Su Yu's nightmare in the past had pushed him towards death twice.

Especially the first time, when he was chased by the sea of bitterness giant, Su Yu escaped from the sea of bitterness with great difficulty.

The two experiences were still fresh in Su Yu's memory.

However, when he faced this person again, Su Yu's expression was calm, and he pointed at him with a finger.

The Sea of bitterness giant vanished into thin air.

With a finger, he destroyed the overlord of the galaxy!

The two calamities were easily dispelled by Su Yu.

Su Yu stared at the nine jade spiritual pearl on his arm as if he could see Xia Jingyu.

“Jingyu, Oh Jingyu, is this the calamity that you sacrificed your eyes and heart to resolve for me?” Su Yu's tone was low.

A deep sense of self-blame and guilt flashed across his face.

Now, it seemed that the disaster that was certain to kill him several times back then was actually that weak?

At that time, he was so weak and sad that he needed to rely on the woman he loved the most to silently sacrifice himself to resolve the disaster.

At that time, Xia Jingyu should have been in the most painful, lonely, and most in need of protection.

At that time, the person that she longed for and hoped for the most to be by her side was definitely Su Yu, right?

However, he was busy with his own life and how to survive.

To let Xia Jingyu die alone in pain, loneliness, and the darkness of losing her eyes?

Even so, she had no regrets, no hatred, no resentment, and no regrets.

The last words she left behind were only gentle instructions to Su Yu to live well and not to take revenge for her.

She wished that he and Qin Xian 'er would grow old together.

What about her? Who would fulfill her wish after giving everything?

What did she get?

What she got was to die alone and quietly.

What she got was only a wisp of black hair. She wished that the man she loved and another woman would be happy forever.

Sorrow echoed in Su Yu's chest.

"It's time to end everything!" There were two lines of tears left on Su Yu's face.

"Jing Yu, wait for me!"

He closed his eyes and opened them again.

The sadness had disappeared, and what was left was an indomitable sharpness.

Even if the DAO Master was waiting in front of him, he did not have the slightest intention of retreating.

Dong --

Su Yu took one step up the stairs and two steps up the attic.

Against the powerful will of calamity, he stepped into the attic on the second floor.

What entered his eyes was an ancient stone coffin.

On the sarcophagus sat a man dressed in ancient clothes with his back facing Su Yu.

His back was slender and thin.

His silver-white long hair fluttered gently.

His plain robe added elegance.

But even his back gave off an aura of fury, arrogance, destruction, and slaughter!

Looking at him was like looking at an endless mountain of corpses and a sea of blood, abnormally eerie.

Da Da --

Su Yu walked in. The sound of his footsteps echoed clearly in the attic.

The man who was sitting cross-legged slowly stood up and stood on the ancient stone coffin. He let out a voice that sounded like a man and a woman.

"The white horse has passed by in a flash. The ant from back then has already grown to the strength that can stand in front of the original body."

He slowly turned around and revealed a handsome and extraordinary face.

However, that face was exactly the same as Su Yu's!

Even the expression in his eyes seemed to be carved out of the same mold!
