

## Nine-Dragon 1701

### Chapter 1701 Taking Advantage Of The Situation

The only difference was that each of his eyes was encircling three white stars.

The stars revolved like a whirlpool.

The strong tribulation intent originated from the whirlpool.

Looking at the person in front of him who looked exactly like him, Su Yu's heart was surprisingly calm. He wasn't surprised at all.

He was already mentally prepared. Even if the tribulation transcender was Yun Yazhi, he wasn't surprised at all.

"You're not surprised. Why am I exactly the same as you?" The Tribulation Transcender's lips curled into a light smile.

Su Yu shook his head and slowly pulled out the Shura Sword. "No matter how you look, you can't change my killing intent. Just like how you killed me in the past."

The Tribulation Transcender's face was filled with sarcasm.

He looked at Su Yu as if he was looking at an ant who overestimated himself.

"Kill me? You might not be worthy of it!" The Tribulation Transcender clenched his hand and a huge sword that was identical to the asura sword appeared in his palm.

"Whatever you have, I have. Whatever you don't have, I have too!" The Tribulation Transcender said mysteriously. He waved the asura sword in his palm and said, "Boundless demon sect!"

It was a familiar sword style, but it was displayed by someone other than himself.

Su Yu held the asura sword and a bright light burst out from his palm. "Boundless Demon Gate!"

Two similar sword styles collided in the attic.

The same power and cultivation came from two people who were exactly the same!

The Sword Qi was destroyed, and the remaining shock wave rolled back, scattering Su Yu's silver hair!

"The fourth style, demon lord of the world!" Su Yu's sword fell, and he used the second style.

This stance was even more majestic, capable of annihilating a golden overlord!

"Demon lord of the world!" However, if he knew it, then so did the tribulation transcender!

The clash between the two towering demon shadows erupted with terrifying might!

Su Yu and the tribulation transcender were in the middle of it and were not spared.

The Tribulation Transcender's chest had an obvious sword wound.

As for Su Yu, other than his shoulder, there was also a sword wound on his chest!

"I've said before that I have everything that you have. I have everything that you don't have!" The tribulation transcender laughed. His eyes narrowed as he shouted, "The fifth move, all devils are revered!"

With a swing of his sword, tens of thousands of cracks that led straight to the demon world appeared.

Numerous demon shadows descended and circled around the tribulation transcender, worshipping him as if they were revered as their demon sovereigns.

Following that, the ten thousand demon shadows seemed to listen to the demon sovereign's command. Each of them turned into a pitch-black demon sword and slashed towards Su Yu.

Each of them was like a silver overlord. If there were ten thousand of them, even a gold overlord would die without a doubt.

Why did Su Yu succeed even though he didn't succeed in his cultivation?

The Tribulation Transcender revealed a cruel and cold smile. "It's over."

Su Yu's gaze was calm. He touched the nine jade spiritual pearl with his finger and said, "Sheng Ge!"

Xiu --

A young girl with an exceptionally beautiful appearance appeared.

She did not say anything as she pressed her palms together.

The power of the Ghost Buddha's annihilation rose from between her palms.

"Annihilation!" Sheng ge opened her eyes wide as the power of annihilation between her palms blew away.

Chi Chi Chi --

The endless demonic swords were annihilated by the power of annihilation without exception.

The remaining power of annihilation slowly dissipated in the air.

Su Yu did not recklessly use Sheng GE's power of annihilation when he encountered any danger along the way. It was all for this moment.

The Tribulation Transcender looked slightly surprised. He then said indifferently, "Ghost Buddha's power of annihilation is not bad. Its power is not bad, but it ends here!"

"Nine Yang Sword Formation..." the tribulation transcender raised his five fingers. Nine Silver Indian silver bamboo swords flew out from his sleeves and surrounded Su Yu and Sheng Ge.

It was the same sword formation, but the difference was that when the tribulation transcender used it, its power was much more terrifying!

Sheng ge sneered and suddenly said, "Sword of Oblivion!"

The power of oblivion that should have dissipated in the air condensed back into a sword and pierced through the tribulation transcender's left chest at close range.

Puchi --

Two muffled sounds were heard at the same time.

One was that the tribulation transcender's chest was pierced through.

The other was that Su Yu's left chest was also heavily injured.

Sheng ge was shocked. She looked at the tribulation transcender and then at Su Yu. The injuries on their left chests were exactly the same!

She was clearly attacking the tribulation transcender. Why did Su Yu have the same wound?

"Hahaha, you finally realized it now?" The tribulation transcender laughed mockingly. "Hurting me is equivalent to hurting yourself! But on the other hand, if I hurt you, I'll Be Fine!"

In other words, he could only kill Su Yu, but Su Yu couldn't even hurt him!

Sheng ge was shocked. "What kind of Strange Divine Art did you use? Why Is It Like This?"

The tribulation transcender laughed. "I'll tell you when you're dead! Close!"

The nine Yang Sword Formation quickly closed up, killing Sheng Ge and Su Yu who were trapped inside.

The intense sword qi swirled around, brushing past Su Yu's body, leaving bloody marks.

On the other hand, the tribulation transcender was safe and sound. He looked at Su Yu's tragic death with a mocking expression.

"Ant, I admit that you've grown, but in front of me, you're still the same you from back then. Weak, lowly, pitiful, you have to rely on a woman to sacrifice yourself in order to survive!"

"Twenty years have passed, and you are still the same as you were in the past. You haven't changed at all!"

The tribulation transcender stared at Su Yu with disdain in his eyes. "How can you still have the face to live in this world when you are like this? Why Don't you let me take care of Jing Yu for You!"

As soon as he finished speaking, a wine-red light flashed in his left eye and enveloped the nine jade spirit pearl.

A beautiful little girl was pulled out by the power of space and teleported to his side.

Although the girl was less than ten years old, she was quiet and beautiful.

She was Jing Yu!

Jing Yu looked at the tribulation transcender curiously and asked, "Uncle, who are you? Why are you the same as Uncle Su Yu?"

The tribulation transcender smiled and said, "I am Su Yu!"

He took out a pitch-black heavenly book from his sleeve and shook it. "Do you still remember? You gave it to me back then."

Little Jingyu didn't have this memory. She frowned. "Did I give it to you?"

The Tribulation Transcender extended his index finger and pointed at Little Jingyu's glabella.

In her body, more than half of the four black lines that couldn't be seen by the naked eye had dissipated.

At that time, the threads of fate that remained in Xia Jingyu's body.

They were born from the tribulation, but they would also dissipate from the tribulation.

Only the Tribulation Transcender's true body could resolve it.

Once it was resolved, Xia Jingyu's resurrection would truly be complete, returning to the moment before her death.

Along with the remnant tribulation intent, it gradually disappeared.

As expected, Little Jingyu's body gradually grew.

From a young girl, she returned to a sixteen-year-old girl.

Just like when they first met, she was as beautiful as a fairy in a painting.

She had finally returned.

She also finally had Su Yu's memories, although they were not complete.

However, at that time, she already had a memory of Su Yu that was engraved into her bones.

"Big Brother Su Yu!" Xia Jingyu stared at the tribulation transcender in front of her and blurted out.

She remembered that gaze the most.

The tribulation transcender smiled gently and said, "Jingyu, it's me!"

"Big Brother Su Yu... It's really you... why do I seem to have experienced countless years? Also, why do I seem to be missing a lot?" Xia Jingyu was confused.

She looked at the tribulation transcender and completely thought of him as Su Yu.

Shyness and longing lit up her beautiful eyes.

At that time, Xia Jingyu had yet to reveal her feelings for Su Yu.

The tribulation transcender said, "Jingyu, don't you remember that you want to be with me for the rest of your life? I love you as much as you love me."

A strange fluctuation entered Xia Jingyu's soul from the Tribulation Transcender's eyes.

Her memory had been tampered with!

Xia Jingyu's face was flushed red. She lowered her head shyly and said in a low voice, "Wherever brother Su Yu goes, Jingyu will follow you. I have no regrets in this life."

The Tribulation Transcender looked at Xia Jingyu's beautiful face. His eyes were filled with greed as if he couldn't hold it in any longer. He wanted to seize the one and only beautiful woman in this world as soon as possible.

He raised his eyes and stared at Su Yu in the sword formation with a cold smile. "Jingyu, I have an enemy there. As long as I get rid of him, you and I can be together forever."

Xia Jingyu looked back. Her memories had been tampered with. What entered her eyes was the reflection of a stranger.

"Brother Su Yu, your enemy is my enemy." Xia Jingyu's expression was firm. Just like before, she stood beside Su Yu with exceptional determination.

However, she was now standing beside another man.

"Jingyu, can you kill him for me?" The Tribulation Transcender asked.

Xia Jingyu nodded without hesitation. "Yes!"

She took the asura sword from the Tribulation Transcender's hand, passed through the sword array, and arrived in front of Su Yu. Her expression was calm. "Although I don't know who you are, for Big Brother Su Yu, I can make an enemy of anyone!"

She raised the Shura Sword and stabbed at Su Yu, who was surrounded by the sword array and couldn't fight back. She said calmly, "I'm the one who killed you. You can hate me if you want. It has nothing to do with brother Su Yu!"

The ice-cold blade stabbed into Su Yu's body and into the depths of his heart.

Fate played a joke on him.

He saved Xia Jingyu, but Xia Jingyu gave him death.

Was it a tragedy or was it a joke?

"Hahaha..." just as he was about to die, Su Yu heard the voice transmission of the tribulation transcender. "Su Yu, Oh Su Yu, I've told you, I have what you don't have! I have the key to completely resurrect the woman you love!"

Drip --

Su Yu's blood flowed down the Shura Sword and dripped onto the ground.

Xia Jingyu's expression was calm, so calm that she was emotionless.

"How does it feel to die in the hands of your lover?" The Tribulation Transcender's words..., they mercilessly struck at Su Yu's last bit of rationality. "Go in peace. I'll help you enjoy her. A peerless beauty. It must feel wonderful to be in your arms, right?"

Su Yu closed his eyes, as if he had lost his last bit of hope.

Xia Jingyu pulled out the Shura Sword and turned around, leaving behind a back view. She sighed softly. "I'm sorry."

In the end, Su Yu did not manage to defeat the tribulation transcender. Instead, he lost the woman he treasured the most.

The world was filled with sorrow and sorrow. Silent cries lingered in his ears.

There was only Sheng Ge, who was hugging Su Yu in grief and indignation, the tribulation transcender, who was laughing coldly and gloomily, and that blurry figure.

Everything should have ended here.

However, at this moment, Su Yu opened his eyes.

A law that he had long prepared appeared in his palm. He gently struck out, "Law, seal!"

A chain flew out and wrapped around Xia Jingyu's body.

The other end of the chain was held in Su Yu's palm.

He gently pulled and Xia Jingyu fell back into Su Yu's arms.

"Jingyu, you're back." Su Yu stared at the beauty in his arms and said with divine blood at the corner of his mouth.

Xia Jingyu's entire body trembled. What she saw in her eyes was a complete stranger.

But why was that pair of eyes, that simple and plain sentence, like a needle that pierced into the deepest part of her heart, causing her pain and heartache?

A tear stain rolled down her cheek uncontrollably.

She mumbled to herself, "Why do I feel sad and Happy?"

Su Yu squeezed out a smile and raised his head to look at the tribulation transcender. "Thank you for resolving the thread of Fate!"

He had to be the one to undo it.

But what if he didn't?

The Tribulation Transcender was stunned. He narrowed his eyes and said, "You are scheming against me. You want me to help you undo the remaining fate in Xia Jingyu's body?"

Su Yu said calmly, "What do you think?"

Chapter 1702 Sacrifice The Corpse Tribulation

Impossible! The Tribulation Transcender shook his head. "What makes you think that I will definitely unravel Xia Jingyu's remaining thread of fate? Why wouldn't I kill you first and then toy with her? Besides, you can't even protect yourself, and you still have the heart to scheme against me?"

Su Yu straightened up and wiped the blood from the corner of his mouth. "The first question is because of my understanding of you!"

“Arrogant, arrogant, toying with others in the palm of your hand! “You will definitely not kill me easily? “Instead, you will toy with me to your heart’s content before I die, and my biggest weakness will naturally be Xia Jingyu! “After you trap me, how will you toy with me? Only Xia Jingyu will do that. And to achieve your goal of playing with me, you can only let Xia Jingyu recover. Therefore, you will definitely untie the remaining threads of fate in Xia Jingyu’s body!”

Hearing this, the Tribulation Transcender was furious.

He could imitate everything about Su Yu, but he couldn’t imitate Su Yu’s ability to scheme.

“What about the second problem? You Can’t protect yourself, so why would you scheme against me? I don’t believe it!”The Tribulation Transcender roared angrily.

Su Yu smiled, and his smile was full of ridicule.

“If I can’t protect myself, will you lower your guard and play with me arrogantly?”

The Tribulation Transcender’s expression finally changed. He clenched his fingers and shouted, “Nine Yang Sword Formation!”

Nine Indian silver bamboo swords, which looked like brilliant silver lights, suddenly stabbed towards him.

They pierced through Xia Jingyu and Sheng Ge together!

“I don’t believe that you can beat me! I can kill you ten thousand times, but you can’t hurt me. What can you do to me?”The tribulation transcender shouted.

Su Yu’s expression was calm as he said indifferently, “Such a childish trick, yet you think it’s brilliant. It turns out that the great enemy of the past is actually so weak!”

He raised his Shura Sword and didn’t resist or counterattack. Instead, he slashed at his vital points.

“The game is over, tribulation transcender! Now, it’s my turn to play the game!”

Puchi --

Su Yu cut off his own life force with his sword. He couldn’t be more dead.

Finally, the tribulation transcender changed.

Su Yu’s death caused the powerful tribulation intent on the tribulation transcender’s body to recede like a tide.

“Su Yu”’s body twisted.

His appearance, body, and other features changed, revealing a white-faced young man with an arrogant expression.

His appearance was ordinary, and his cultivation was also very ordinary. He was only a silver overlord.

Everything changed except for the three silver stars in his eyes.

His eyes were filled with surprise. "He actually knows how to break the 'Natal Tribulation'? But it's ridiculous. He's already dead. So what if the Natal Tribulation is broken?"

So, from the beginning to the end, this was the tribulation that the tribulation transcender had placed on Su Yu.

It was to the extent that Su Yu had to face someone who was exactly like him. He had everything that he had, and it was even more than what he had.

If one didn't have a way to overcome such a tribulation, it would be impossible for them to survive. They would die without a doubt.

Only Su Yu didn't only realize that this was a tribulation, he even used death to overcome it.

Just as the tribulation transcender was laughing coldly, an emerald flying dragon suddenly flew out from Su Yu's corpse and circled around Su Yu's body.

Immediately after, Su Yu's lost life force was restored!

His eyes opened, and a faint smile filled them.

"Why, is it strange?" Su Yu stared at the shocked tribulation transcender and said indifferently, "Have you forgotten that I have the heaven-defying ability to resurrect the dead?"

Back in the Crimson Blood Palace, thanks to him, Su Yu had resurrected twice and almost died!

The Tribulation Transcender's face was dark and ugly. He had almost forgotten that Su Yu, this heaven-defying existence, had heaven-defying divine skills!

After handing Xia Jingyu over to Sheng Ge, Su Yu's face was covered with layers of frost. He took a step forward and forced his way towards the tribulation transcender. He said indifferently, "Let me experience just how powerful you are, right?"

The battle just now was just a warm-up.

Now, it was the real battle.

"Don't come over!" The Tribulation Transcender pulled out a strand of hair. The strand of hair burned on the spot. "Sacrifice, heavenly silkworm tribulation!"

In an instant, countless strands of silk cut Su Yu's body from the inside out, from the soul to the body.

Su Yu flicked his finger, and a powerful dragon power surged out of his body, dispersing the tribulation power.

Pu --

The tribulation was broken, and the tribulation transcender fell back, spitting out a mouthful of blood.

He once again used the blood he spat out to create a tribulation. "Sacrifice, Blood Tribulation!"

Instantly, the Qi and blood in Su Yu's body surged uncontrollably, wanting to rush out of his body and cause Su Yu's body to explode and die.

Su Yu waved his robe, and powerful divine power suppressed the Qi and blood in his body.

The remaining tribulation force was easily destroyed.

The Tribulation Transcender spat out another mouthful of blood.

In his rage, he took out his teeth, skin, and even his finger bones and sacrificed them three times.

Unfortunately, those tribulations couldn't do anything to Su Yu.

**"Sacrifice, Darkness Tribulation!"**The tribulation transcender shouted and dug out his own eyeballs.

However, before he could unleash the tribulation, he was nailed to the ground by Su Yu's sword.

The Tribulation Transcender's body twitched, wanting to resist.

**"Spatial Vortex!"**Su Yu pointed with his finger.

Spatial energy appeared around the tribulation transcender and trapped him.

A trace of panic appeared on the face of the tribulation transcender.

**"You can't withstand a single blow!"**Su Yu said indifferently.

Just as the female corpse had said, the strength of a tribulation transcender lay in their ability to control the tribulations of heaven and earth.

The strength of the original body was very ordinary.

Apart from the tribulations, the tribulation transcender was even weaker than an ordinary person.

**"There is still a part of Xia Jingyu's line of fate that hasn't been removed. You have to consider the consequences before you kill me!"**

Xia Jingyu had only recovered to the age of sixteen, and there were still ten years of blank memories left.

Su Yu's eyes were cold. **"There's no need. It's good that she doesn't have those ten years of memories. In those years, she bore too much pain, loneliness, and hurt. Let me give her ten years of memories again, a memory that no longer has loneliness and fear!"**

The Tribulation Transcender's expression changed drastically, and he said, **"I want to make a deal with you! I know many secrets of Heaven and earth, as long as you..."**

**"Enough!"**Su Yu's eyes turned even colder. **"Everything you've done to Xia Jingyu, everything you've done to me, there's no room for negotiation!"**

**"Su Yu, we tribulation transcendents aren't to be trifled with. If you dare to kill me, be careful not to be condemned to eternal damnation..."**the tribulation transcender roared in a threatening manner.

Su Yu sneered. “Condemned to eternal damnation? Thanks to you, I’ve died several times, and Xia Jingyu died as a result. Isn’t this considered condemned to eternal damnation?”

Closing his eyes, Su Yu condensed a black palm print on his palm and slapped the top of his head.

“It’s over! Tribulation Transcender!”

The terrifying power of death surged into his body. Wherever it passed, his body would turn into black ashes.

The incomparable pain stimulated the tribulation transcender to scream into the sky.

His voice was shrill and miserable.

There was nothing more painful than watching himself die bit by bit.

Su Yu did not have the slightest bit of sympathy. Bit by bit, he turned him into ashes.

When there were only three stars left, the Tribulation Transcender let out an extremely vicious curse. “Su Yu, you won’t have a good ending! From the moment you were born with Xia Jingyu, you were destined to die a horrible death!”

Su Yu’s expression was indifferent.

He never knew why the Tribulation Transcender was targeting him everywhere, wanting to kill him at any time.

So it was Xia Jingyu!

It was unexpected, but within reason.

“You Die First!” Su Yu pressed down with his palm, and the last wave of death energy destroyed his head.

“Ah! I can’t accept this! !” The tribulation transcender roared, “I want you and all of you to die with me! !”

“The final sacrifice, the corpse tribulation!”

The three stars in the Tribulation Transcender’s eyes suddenly exploded.

Boundless Tribulation Power swept out!

Su Yu had experienced his tribulation just now, and it wasn’t powerful at all.

Other than the initial natal tribulation, the other tribulations couldn’t do anything to Su Yu.

However, this tribulation made Su Yu shudder!

The tribulation intent dispersed, but there weren’t any drastic changes in the surroundings.

Creak, creak..

Until a strange, hair-raising sound resounded in the silent attic.

Su Yu followed the sound and his pupils contracted.

It was the sarcophagus!

Creak --

It was the sound of sharp claws scratching the sarcophagus!

And it was getting sharper and more urgent.

Su Yu's breathing was rapid. He scanned the sarcophagus with his clairvoyance and saw a three-foot-long white-furred corpse scratching the sarcophagus lid with all its might.

The inside of the sarcophagus lid was engraved with Buddhist imprints. It emitted an intense Buddhist power and enveloped the white-furred corpse.

The white-furred corpse was restricted by the Buddhist power. It was burned by the Buddhist power if it moved even a little.

However, the Buddhist seal was being burned by a five-colored flame. It destroyed more than half of the seal and offset most of the Buddhist power.

The five-colored flame was the form of the five flames that had fused into one. It represented that the five of them had entered the pavilion.

The white-furred corpse took the opportunity to break the seal and destroy it.

That was the so-called corpse tribulation!

Su Yu was shocked. Why did the flame of the ancient dream altar become the destruction seal and release the key to the white-furred corpse?

Just as Su Yu was observing, the white-furred corpse opened its eyes.

A pair of tyrannical dark eyes met Su Yu's eyes.

Hiss --

Su Yu's soul instantly suffered great damage.

A gloomy death energy actually corroded a small part of Su Yu's soul and quickly corroded the rest of his soul as well.

Su Yu was greatly shocked and immediately absorbed the death energy that surged into his body!

"Run!" Su Yu's heart trembled.

An existence that could almost destroy his soul with just a glance wasn't at the Overlord level at all. It was highly likely that he was an emperor of Heaven and earth!

Su Yu carried the two girls and instantly escaped from the second floor.

Almost at the instant he escaped, Su Yu heard a loud bang behind him!

The white-furred corpse had broken through the sarcophagus!

Su Yu's scalp went numb!

Roar --

With a fierce roar, boundless black corpse qi rushed out like a tsunami!

The two-story pavilion that had stood tall for countless years suddenly collapsed!

Su Yu turned his head and looked. Both the upper and lower floors of the pavilion had been destroyed, revealing the huge stone statue in the first floor.

The stone statue emitted a strong Buddhist power, resisting the corpse qi that was rushing out.

However, the corpse Qi was too strong, and the Buddhist power weakened inch by inch until it was extinguished by the corpse qi.

Boom --

The stone statue was enveloped by the corpse qi and shattered with a boom.

The faceless Buddha stone statue was completely destroyed!

However, a golden bowl that was illuminated by Buddhist light jumped out from the stone statue.

It ignored the corpse qi and flew out along with the splashing stones.

“There’s something else in the stone statue?” Su Yu was curious. Without thinking, he swept the Golden Bowl away with the power of space!

Roar --

As if sensing what Su Yu had done, the white-furred corpse let out a furious roar from the shocking corpse qi.

With the roar of the Emperor of Heaven and earth, Su Yu’s body felt like it was about to explode. His entire body became stiff and he couldn’t move.

Chapter 1703 Charging Towards The Overlords

At the same time, a huge palm formed from primal energy slammed down from the rubble.

A single strike from the Emperor of Heaven and Earth would turn the overlords into dust.

Not to mention Su Yu, who wasn’t even considered dust.

A huge sense of danger enveloped Su Yu, and he felt a great sense of foreboding!

The most dangerous thing wasn’t the tribulation transcender, but the white-furred corpse in the attic!

Sensing the danger of death, Su Yu held onto Xia Jingyu’s palm tightly!

He did not want to lose it again!

Gritting his teeth, Su Yu threw out a talisman without thinking.

A powerful prehistoric power erupted from within, gathering into a frost palm print that flew behind him and collided with the huge palm.

A loud rumble shook the entire Central Region!

Su Yu’s feet trembled violently. The calm Golden Lake turned upside down, splashing endless Buddhist power.

The roaring power surrounding Su Yu was also dispersed by the collision of the two palms.

Taking advantage of this opportunity, Su Yu used the Taiji Yin-yang wings and teleported out.

Before he left, Su Yu noticed that the small altar formed from ten altar pieces was still floating in the sky above the Golden Lake.

Out of the Blue, Su Yu took a seat across the sky and conveniently took it away.

The Yin and Yang Qi was in disorder, and Su Yu appeared at the edge of the central region.

However, even though they were separated for such a long time, Su Yu could still feel the white-furred corpse's lock on him.

That monstrous fierceness seemed to be right in front of him!

An uneasy sense of life and death was still lingering in Su Yu's heart.

However, the predicament Su Yu was facing was that there was no exit!

He could only enter the central area and could not leave!

According to past practice, when the last person left the attic, the central area would automatically teleport everyone to the outside world.

However, now that the attic was destroyed, Su Yu was trapped in the central area!

The scariest thing was that there was also a white-furred corpse that had just awakened and was at the level of an Emperor of Heaven and earth!

To the white-furred corpse, a radius of 100 million square meters was just the distance of a single thought!

It would be effortless for him to exterminate Su Yu!

Su Yu teleported around the central area, his mood extremely heavy.

There was no exit!

Roar --

At this moment, the white-furred corpse let out an earth-shattering roar.

Su Yu's brows jumped, and danger was getting closer and closer.

Su Yu used the Eye of heaven to take a look, and his expression changed drastically.

The white-furred corpse had already rushed out of the ruins of the attic and stepped onto the Golden Lake.

However, the lake was filled with pure Buddhist power.

The white-furred corpse stepped onto the Golden Lake and was immediately stopped by the Buddhist power.

The Golden Buddhist light shone on the white-furred corpse as if it was on fire. Its entire body was burning with black smoke. The white-furred corpse also let out a pained and angry flame.

Su Yu's eyes flashed!

The Buddhist seal and the Golden Buddhist Power Lake seemed to have been set up to seal this white-furred corpse!

Where did it come from? Why was it worth for the Faceless Buddha, the Master of Buddhism and Taoism, to set up such a scheme before his death to suppress and seal the white-furred corpse?

However, this place had existed for too long, and the Buddhist power in the Golden Lake was no longer what it was in the past.

Even though the white-furred corpse was obstructed, it still stepped forward step by step.

The Golden Buddhist light in the lake that it passed by dimmed and gradually turned pitch-black.

Black Corpse Qi rose from the lake.

It was only a matter of time before the white-furred corpse completely stepped out of the Golden Lake!

Most importantly, the white-furred corpse stared fixedly in Su Yu's direction, completely locking onto him!

Once he stepped out of the lake, it would be Su Yu's death!

He had to think of a way to leave!

Su Yu's heartbeat became even more intense.

The tribulation that the tribulation transcender left for him before he died was too troublesome, comparable to his natal tribulation!

Su Yu's mind was filled with thoughts. How should he leave the Central Region?

Could he commit suicide?

Just like the other eliminated people, they were all in danger and were automatically teleported by the dream ancient altar.

This thought was immediately rejected.

He had committed suicide once in the attic, but the dream ancient altar didn't have any reaction!

It seemed that after gathering all ten altar fragments, the dream ancient altar became strange.

If this method didn't work, then how could he escape?

Under the observation of the clairvoyance eye, the white-furred corpse had already walked through more than half of the Golden Lake.

The Golden Lake that used to be holy and radiant had already turned into a gloomy, pitch-black lake that emitted corpse qi.

Roar --

Another roar caused Su Yu's entire body to tremble and stiffen slightly!

This won't do, I can't wait any longer!

Su Yu's heart pounded as he held onto Xia Jingyu's hand tighter and tighter.

He had finally reunited with her, how could he die here?

All of a sudden, a bright light flashed in Su Yu's mind.

Boss Xiong had once told Su Yu that during the three years of his slumber, he had often sensed that there was something ominous coming in and out of the central region.

However, three years ago, the ancient dream altar had never been opened and was isolated from the outside world.

How did the ominous object come in?

And how did it get out?

Just a few words made Su Yu's eyes light up.

There must be an unknown road leading to the outside world in the Central Region!

However, where was that road?

For a moment, where should Su Yu go to find it?

Su Yu narrowed his eyes and thought calmly.

He had been to most of the central area. If he were to say that the most suspicious place, there was only one!

With a flash of light, Su Yu once again used the Taiji Yin-yang wings and appeared in a pile of ruins.

This was the place where he had descended when he first came to the central area. It was also the place where he had encountered the Taiji Yin-yang map.

If he were to say where the most suspicious place was, there was no doubt that it was here!

The dangers in the central region were most likely ferocious beasts, ancient arrays, and so on.

Only this Taiji Yin-yang diagram seemed out of place!

What bothered Su Yu the most was that when he saw the ten altar fragments condensing into the shape of a small altar, he felt that he had seen it before.

At that time, Su Yu did not have time to think too much. But now that he thought about it calmly, he was surprised to find that the shape of the small altar was exactly the same as the pattern at the bottom of the cold pond at the bottom of the Taiji Yin-yang diagram. Regardless of size or shape, it was exactly the same!

Taking out the small altar from his pocket, Su Yu muttered, "I hope my guess is right!"

This was the only hope!

Su Yu's heart moved, and immediately released a powerful yin-yang Qi.

The Taiji Yin-yang diagram under his feet sensed the yin-yang qi, and two vortexes immediately appeared.

"Let's Go!" Su Yu pulled Xia Jingyu and Sheng Ge, and jumped in.

Splash --

After jumping into the pool, Su Yu immediately came to the location of the pattern.

After a careful comparison, the pattern indeed looked like a small altar!

After thinking for a while, Su Yu placed the small altar on the pattern.

The pattern that looked ordinary actually had a change!

The pattern spun rapidly and kept sinking, revealing a huge pitch-black hole.

The ice-cold water in the cold pond fell crazily down the hole

“It’s Here!” Su Yu heaved a sigh of relief. It seemed that his guess was correct!

This place was indeed hidden, and it went to and from the entrance of the ancient dream altar!

Boom --

However, at this moment, the Taiji Yin-yang diagram above suddenly crashed down!

A huge palm covered in white fur smashed down!

It was the white-furred corpse!

He had caught up!

Just as Su Yu was about to escape, he managed to catch up!

The huge palm was about to slam down, but before it could land, the powerful primal force had already caused everyone’s bodies to stiffen and they were unable to move.

Were they going to die here?

Su Yu looked at Xia Jingyu. She was staring deeply at Su Yu. Her eyes were as peaceful and peaceful as when they first met. They were clear, bright, and pure.

How peaceful were her eyes at that time?

However, ever since she met him, her eyes were covered by worry and longing. They were replaced by sadness and sadness. They were occupied by pain and loneliness.

She could no longer see those calm eyes.

Xia Jingyu once said that she liked to be by Su Yu’s side because he could give her peace of mind.

But in the end, what did Su Yu give her?

Other than sadness, there was only pain.

Staring into those eyes, Su Yu’s heart trembled slightly.

He had never given her anything, and now, he couldn’t even give her his life!

Deep shame, deep self-blame, and anger reverberated in his heart.

Clenching his fists, Su Yu’s eyes showed his determination.

“Fate, I can’t repeat the same mistake!” A fist-sized crystal ball slid down from Su Yu’s sleeve.

Su Yu raised his head and swallowed the Crystal Ball.

Bang Bang Bang --

Instantly, Su Yu's body was like a thunderclap, continuously emitting violent sounds.

A violent divine dragon power spread out from Su Yu's pores.

Su Yu's body was also covered in cracks under the destruction of the violent divine dragon power.

As the divine dragon power increased, the cracks on Su Yu's body became denser and denser, like a broken porcelain doll that was about to shatter.

However, this was only his appearance.

What was more serious was his soul.

It was also filled with cracks and was about to break.

He swallowed the entire Dragon Pearl!

Other than the Dragon Emperor himself or an existence like the creator dragon, who else could withstand the power of the Dragon God in the entire Dragon Pearl?

Su Yu couldn't!

His body and his soul would be destroyed into ashes by the power of the Dragon God. From then on, they would disappear completely. There was no possibility of reviving from the dead.

Originally, he planned to slowly refine it, but he didn't have the chance.

While his body was cracking, Su Yu used the extremely violent power of the divine dragon to break through to the Overlord level!

Breaking through to the Overlord level, the most important thing was to open up the inner mansion and store a vast amount of divine power.

Opening up the inner mansion meant stepping into the Overlord level.

Ordinary people wouldn't be able to open up the inner mansion alone. Prodigies like Empress Zi Wei, Xue Guanyin, and heartless blade emperor either relied on the elders of the emperors of Heaven and earth to open up the inner mansion or relied on innate spiritual items.

The only thing Su Yu could rely on was the power of the Divine Dragon!

"The door to the inner mansion, appear!" Su Yu shouted in a deep voice.

An enormous illusory stone door appeared above Su Yu's head.

That was the door to the inner mansion. As long as he could blast it open, he would become the Overlord!

"Open!" Su Yu roared, and a raging divine dragon power gushed out from his mouth.

When it struck the door to the inner mansion, it immediately blasted open a crack.

"Open again!" Su Yu roared even louder. The dragon power rushed out and cracked the door of the inner mansion two fingers wide.

Because it was too intense, a layer of the cracked shoulder blade peeled off, revealing the inside of his black body.

His body had been completely destroyed by the dragon power, leaving only a thin layer of skin.

**“It’s Not Enough!” Su Yu shouted.**

A ball of earth-shattering power of the Divine Dragon swept out like a tornado, breaking out of Su Yu’s body.

His chest, abdomen, and limbs were all shattered by the power of the Divine Dragon.

However, the power of the Divine Dragon, which was ten times stronger than before, was released and hit the stone door.

Boom! Boom! Boom

The door of the inner mansion was like a wooden door, and it was pushed open with a bang!

The door to the inner mansion was opened!

The divine power in all directions seemed to flow into the sea, and they all rushed into the door to the inner mansion.

The divine power was more than ten times more powerful than Su Yu’s at this moment!

Drip

A drop of ice dripped from the ice coffin on his back, and it turned into small words that surrounded Su Yu’s eyes.

**“Stop, give up your body and protect your soul. Your Body and soul are going to be destroyed!”**

The power of the Dragon God released was only the tip of the iceberg.

Most of it was left in Su Yu’s body to destroy his soul and body.

The only way to survive was to give up his body and escape from his soul.

Chapter 1704 The Sword Of The King

Run? If he ran, who would give his Xia Jingyu a new future?

Su Yu raised his hand and grabbed the door of the inner mansion.

The inner mansion trembled and turned into a mark. It pierced through Su Yu’s abdomen and entered his body, shattering the Divine Crystal and replacing it.

Ten times more divine power than before surged!

An unprecedented sense of power filled Su Yu’s heart.

**“Is this the realm of an overlord?” Su Yu murmured.**

At this moment, Su Yu felt that the world paragon of the cave abode was insignificant when he faced her.

He only needed one-tenth of his power to turn the peak world paragon of the cave abode into ashes.

In the past, he was able to defeat the strong with the weak and kill the overlords because of the many heaven-defying divine spells and magic treasures.

Without these, Su Yu would be powerless against the overlords.

Feeling the power and pleasure of the overlords, Su Yu's mouth was filled with regret.

He finally had enough cultivation, but unfortunately, he couldn't accompany Xia Jingyu.

He turned around and smiled at Xia Jingyu. The green light in Su Yu's palm floated, and A... Or rather, a small golden dragon appeared in Su Yu's palm.

The small dragon was deeply carved, and every strand seemed to be alive.

At first glance, Su Yu seemed to be holding a dragon!

However, upon closer inspection, he realized that it wasn't a dragon, but a sword!

The dragon's tail was the hilt of the sword!

The body of the dragon transformed into the body of the sword!

The dragon's head was the tip of the sword!

The entire sword emitted a terrifying dragon's might!

The Royal Longzun Sword!

With a casual wave, it possessed a powerful magic treasure at the level of an Emperor of Heaven and earth!

Only those at the Overlord level could swing it!

The huge white-furred palm came crashing over. Su Yu gripped the royal longzun sword tightly and swung it horizontally!

A heavy feeling came from his palm. Su Yu felt that what he was holding was not a sword, but tens of thousands of cave worlds.

His inner mansion seemed to have sensed something. Divine power surged out like a tsunami.

With the support of all his divine power, Su Yu finally managed to swing his sword.

This sword was extremely slow. In the eyes of mortals, it was also extremely slow. It was like a child brandishing a huge blade.

However, in the eyes of high-level warriors, it was as slow as a snail.

Even a cave dwelling world paragon could easily grasp the flaw of the sword and kill Su Yu.

However, when the sword moved, the terrifying power of this sword was revealed!

The remnant marks left by the sword were actually a thin line of nothingness!

The nothingness of the absolute beginning world meant the true nothingness. Even the Emperor of Heaven and earth was fearful of it!

The furious white-furred corpse sensed the extreme danger and pulled back its huge white-furred palm!

However, the Royal Longzun sword had already swung out.

The tip of the dragon head sword touched the huge white-furred corpse's palm. In the end, this sword actually sliced the huge palm of the Emperor of Heaven and earth into two halves!

The air that was sliced apart merged into the wound on the giant palm of the white-furred corpse.

Roar --

The white-furred corpse's fear spread out from above and it quickly pulled back its giant palm.

A sword that repelled the Emperor of Heaven and earth!

This was the might of the Royal Longzun Sword!

Boom --

However, Su Yu was able to swing his sword, but he was unable to stop it.

The powerful divine arts of the dragon race contained within the sword crazily extracted Su Yu's divine power.

Su Yu had already used all his strength, but his inner mansion was empty. There was no extra divine power for the Royal Longzun Sword to operate.

The Royal Longzun sword was extremely overbearing. It could not be extracted from his inner mansion, so it extracted the essence of Su Yu's flesh and blood.

His body, which was already full of cracks, quickly withered. In the blink of an eye, he was like a skin bag.

Su Yu smiled bitterly. He did not die in the Dragon Pearl that was about to explode, but it seemed that he was in the hands of the Royal Longzun Sword.

This sword was too overbearing. It was not something that someone of his level could control.

However, he was going to die in the end. He was just going to change the way he died.

Su Yu turned around and controlled the royal longzun sword with much difficulty. He slashed at the narrow dark tunnel.

Bang --

The sword swept out and the dark tunnel was split open by dozens of feet wide.

The ice water in the cold pool flowed down in an instant.

"Shengge, take her away," Su Yu said hoarsely.

"Young master, I'm not leaving. I'm coming with you! Even if I Die!" Shengge was one with the ghost and Buddha, so she had the clearest sense of the reincarnation of heaven and earth.

Su Yu was about to die!

It was not the kind of death that could reverse the heavens and bring back life in the past. Instead, she had truly disappeared into the six paths.

She did not know when she had gotten used to the quiet life in the quiet valley. She was used to expecting Su Yu to appear. She was used to the indescribable sweetness.

When she realized that something was wrong, she could no longer bear to part with Su Yu, Xia Jingyu did not move either. She looked at Su Yu strangely and said, "I don't know why you can do this for me. But, there must be a reason for you. I want to know the answer."

She stopped there and had no intention of leaving.

Su Yu did not turn around. A wave of space power flashed out from his palm and enveloped the two girls.

"Jing Yu, I have never given you the peace you wanted. I can only give you a chance to start over again. Forget the past and start over." Su Yu slowly closed his eyes. The spatial energy flashed and teleported the two girls away.

Su Yu's mouth was filled with bitterness and his heart was empty.

He raised his eyes to look at the white-furred corpse again. Killing intent appeared on Su Yu's face.

If it had not appeared, why would Su Yu take the risk to break through? Why would he take the risk to use the royal longzun sword that he could not control?

Seeing that the regal longzun sword was still waving, Su Yu broke through the ruins and jumped onto the Taiji Yin-yang diagram.

He barely managed to pull the regal longzun sword, and the sword scar stabbed towards the white-haired corpse.

The white-haired corpse had just lost its right arm and was spared from the danger of the void crack. Seeing that Su Yu was slashing towards it again, it roared in anger.

Endless pitch-black corpse qi surged out from the white-haired corpse and turned into a pitch-black demonic palm that slammed fiercely onto the regal longzun sword.

The sword scar was unobstructed and broke through most of the corpse qi.

However, there was still a portion of the corpse qi that was still charging towards Su Yu!

The strangest thing was that when the remnant corpse qi arrived in front of Su Yu, the white-furred corpse's ferocious palm stretched out from within and grabbed towards Su Yu's head like a bolt of lightning.

This attack came suddenly and terrifyingly.

How could Su Yu withstand a direct attack from the Emperor of Heaven and earth?

Especially when the Royal Longzun Sword could not be retrieved!

Was he going to die? Su Yu's heart was unusually calm.

He had saved Xia Jingyu before he died. His greatest regret was over.

Bang --

However, at this moment, the ice coffin on Su Yu's back took the initiative to leave his back.

Chi La --

The coffin lid silently shifted to a corner, and a flawless white arm extended from it. At the critical moment, it exchanged a palm strike with the white-furred corpse.

Bang Bang Bang --

The white-furred corpse was pushed back by the palm strike, and it kept roaring.

It was a female corpse!

She kept her promise and attacked Su Yu at the most dangerous time.

However, Su Yu was a little surprised that the female corpse could fight against the white-furred corpse alone!

Roar Roar --

The white-furred corpse stared at the ice coffin and let out an unusually fierce roar, as if the ice coffin had angered him and made him go crazy.

It crossed its arms in front of its chest and spoke in an ancient and obscure language.

The pitch-black lake was boiling intensely!

Terrifying Corpse Qi rushed out, corroding everything in its path.

Even the ruins of the attic were corroded into dust.

Su Yu could clearly hear that the white-furred corpse spoke the language of the ancient corpse clan.

**“Endless Corpse Territory!”**

That was a powerful divine art of the ancient corpse clan. It could use its corpse qi to refine the entire world.

And in the refined world, everything would turn into corpse qi and become the power of the caster.

Even if the Emperor of Heaven and earth were trapped in the endless corpse territory, they wouldn't be able to escape!

The Crazy Corpse Qi first swallowed the ice coffin.

The ice coffin let out a delicate cry as it continuously flickered.

However, once the endless corpse domain was used, there was no escape!

In the blink of an eye, the ice coffin was swallowed by the Corpse Qi.

Su Yu was forced to retreat to the front of the tunnel.

With just a thought, he could escape through the tunnel.

Looking at the ice coffin that was struggling and rolling in the corpse qi, Su Yu hesitated for a moment. He stepped on the ground and rushed into the corpse Qi with his sword.

The corpse qi immediately rushed towards Su Yu, but it was pushed back by the powerful dragon might of the Royal Sovereign Longzun Sword to a thousand feet away.

However, as the corpse Qi became thicker, the royal longzun sword was also gradually approached by the corpse qi.

Su Yu's expression was indifferent. He jumped in front of the ice coffin and grabbed it.

Tick --

“Why did you come back?”

The female corpse was very surprised!

Su Yu raised his head and smiled with great ease. “In my life, I always repay kindness! How can I make an exception when I'm about to die?”

After that, the Royal Longzun Sword tapped on the ice coffin and used the remaining divine power to sweep it away. The ice coffin was pushed out of the corpse qi and fell into the tunnel.

“You should go too!” Su Yu turned his back to the ice coffin and waved his hand without looking back.

The ice coffin stood on the spot as if there was a pair of eyes staring at Su Yu in disbelief.

Tick-tock --

“Kid, you...”

Su Yu laughed, “You don't Call Me Lover Anymore? Being called lover by an Emperor of Heaven and Earth feels pretty good! hahaha!”

Shaking his head, Su Yu said, “Farewell, female corpse...”

Up until now, he still didn't know her name.

And he would never have the chance to know.

The Corpse Qi that had been cut open surged over and once again surrounded that area.

Su Yu fell into the endless corpse domain. All he could see was endless darkness.

Staring at the royal longsword in his hand, which was moving faster and faster, and also feeling the life force that was disappearing at an accelerated speed, Su Yu's eyes were cold.

He seemed to have seen through the pitch-black corpse qi and saw a huge white-furred shadow not far away, glaring at him angrily.

Su Yu crazily activated the divine dragon power that exploded in his body and poured it into the royal longsword.

This action was undoubtedly to speed up the explosion of the power of the divine dragon in his body and let him die earlier!

However, to Su Yu, it was just dying earlier.

After receiving the enormous power of the Divine Dragon, the royal longzun sword trembled violently and let out a dragon's Cry of joy.

The Longsword's entire body glowed with golden light and streaks of obscure dragon language surrounded the sword.

At the same time, a powerful sword technique was rapidly brewing.

It was the three Supreme Dragon Divine Arts hidden in the Royal Longzun Sword.

It was left behind by the first Dragon Emperor, and it was the three strongest divine arts of the Dragon Race!

Now that he had obtained enough divine dragon power, he had actually activated one of the moves!

The white-furred corpse in the darkness revealed fear and wariness on its face. It roared and pounced over, wanting to kill Su Yu before the sword was slashed out.

Su Yu felt the oil in his body dry up, and he was already on the verge of death. The corners of his mouth curled up into a cold smile. "I'll use you. Try the Sovereign Dragon Supreme Sword!"

Roar --

A dragon's roar that pierced through the heavens and earth resounded through the clouds. It also resounded through the interior and exterior of the ancient dream altar, all the way to the Sea of constellations!

After that earth-shattering Dragon's roar, a sky full of natural law chains descended.

Looking Up, above the sea of constellations, one could see natural law chains everywhere!

This move of the Royal Sovereign Longzun sword stimulated the senses of countless natural law chains, and they appeared one after another.

Chapter 1705 The Ancient Corpse Reappeared

Such a terrifying heaven and earth phenomenon caused the expressions of the Star Pavilion's Lady Pavilion Master and Emperor Snow Dragon to change.

**"Get away from the dream ancient altar immediately, now, now, quickly!" Emperor Snow Dragon immediately ordered in shock!**

The Lady Pavilion Master did not hesitate and swept away all the Star Pavilion members with a wave of her sleeves, fleeing billions of miles away.

Almost at the moment when they were ready, a shocking scene happened!

A gigantic sword qi that looked like a true dragon rushed out of the ancient dream altar and split it into two, cutting it into two!

Roar --

Vaguely, everyone heard a gloomy roar.

Following that, the gigantic sword qi slashed down on the northern snow country.

Hong --

The entire sea of constellations trembled violently, as if the world had been turned upside down!

A ten million li wide, trillion li long crack ran through the entire northern snowy kingdom.

From the Snow Dragon Emperor's palace all the way to the territory of the Emperor of the Southern Sea!

The shocking scene was unforgettable for those who witnessed it!

The powerful Lady Pavilion Master revealed a terrified expression and said in shock, "The Supreme Divine Art of the Dragon Race? How is this possible?"

Emperor Snow Dragon's expression was extremely grave as he stared at the ancient dream altar that had shattered into ruins. His eyes flashed with deep worry.

The entire place was completely silent. Everyone was shocked by that terrifying sword qi.

Even the Emperor of Heaven and Earth wouldn't be able to escape from that sword qi!

After a long while, the smoke and dust dissipated. Only then did matriarch and Emperor Snow Dragon head over to investigate the details.

Within the ruins, Su Yu stood on the spot. The Sovereign Dragon Supreme Sword in his hand had stopped operating because he had completely swung it.

The white-furred corpse was nowhere to be seen. Its aura was gone. No one knew whether it was dead or had escaped.

However, Su Yu was already at the end of his tether.

Only his undying heart was still beating, barely keeping his body indestructible.

However, the divine dragon power in his body did not stop erupting.

In other words, the eruption had just begun.

What had just been released was only one-millionth of the Divine Dragon Power of the Dragon Pearl!

The rest was the most fatal!

Su Yu slowly closed his eyes and quietly waited for his final death!

Bang Bang --

The Divine Dragon power erupted. As soon as it appeared, it immediately destroyed Su Yu's body and destroyed Su Yu's already shattered soul.

In front of it, Su Yu was like the dust in front of the torrent. In the next breath, he would be completely submerged.

"Jing Yu, Xian 'er!" Su Yu muttered. In his mind, he recalled their voices, smiles, and faces. The corners of his mouth held a smile as he welcomed his final death.

Di Di di --

However, at this moment, a strange scene appeared.

Within the nine Jade Spirit Pearl, a ball of pink mist surged out.

That was the little qilin's unique pink mist!

It woke up?

According to Su Yu's prediction, it would only wake up in half a year or a year at most. Why did it wake up now?

Upon a closer look, there was only the Pink Mist. The little qilin did not appear.

However, there was a silver ball wrapped in the Pink Mist. It was brought out of the nine Jade Spirit Pearl by the Pink Mist.

“Indian silver bamboo fruit?” Su Yu was slightly surprised.

What was even more surprising was that the fruit, which had been quiet the whole time and had no use for it, suddenly sensed a huge amount of divine dragon power. It flew over by itself and landed on Su Yu's abdomen.

Su Yu subconsciously dodged. He would not forget that this fruit contained a strong power of lightning.

However, with Su Yu's current situation, he could only watch as the silver fruit stuck to his abdomen.

In the next moment, something that shocked Su Yu happened!

The dragon power that erupted violently in its body was like a thousand streams flowing back to the sea, crazily surging towards the silver fruit!

And the silver fruit was like a bottomless pit, easily containing the endless dragon power!

In just a few breaths'time, the entire Dragon Pearl's dragon power was completely absorbed by the silver fruit, not a single trace was left!

Su Yu was extremely shocked!

What exactly was the fruit of the Indian silver bamboo? It was actually so terrifying?

However, Su Yu knew that he had broken through the gates of hell!

Without the explosive power of the primal chaos, Su Yu's undying heart rapidly beat, causing Su Yu's injured body to slowly recover.

A sense of survival rippled in Su Yu's heart.

“What exactly is the silver fruit? How did the little qilin know its use and send it out at a critical moment?” Su Yu was extremely curious.

However, now was not the time to be curious. Sensing the aura of the two kings of heaven and earth approaching cautiously, Su Yu's heart trembled.

If anyone knew that the earth-shaking sword just now came from him, it would be a fatal disaster!

With great difficulty, Su Yu moved his body and leaped into the tunnel.

The cold touch spread throughout his body. Su Yu felt as if he had fallen into an ice hole.

Splash --

With the sound of falling into the water, Su Yu looked around and was surprised to find that he had appeared in an ice cave.

There was ice everywhere!

In the ice, there were ice coffins. Each ice coffin contained a sleeping creature.

When Su Yu looked at two of the ice coffins, he was shocked.

**“Flower Fairy, Lu Tianji?” Su Yu was shocked!**

Flower Fairy, Lu Tianji, and Li Yue were tricked to the northern snow country at the same time. They were even tricked into that inn.

Flower Fairy was the first to go missing, followed by Li Yue. Lu Tianji was saved by Su Yu.

Why was Lu Tianji here? And he was with the missing flower fairy?

The strangest thing was that they were sealed inside the ice coffins!

Su Yu had recovered a portion of his divine power. He walked forward and moved the ice coffins away.

Unlike the ice coffin of the female corpse, their ice coffin was very ordinary and easily moved away.

The moment they moved away, flower fairy and Lu Tianji opened their eyes at the same time!

However, their eyes were blood red!

Their mouths were also filled with sharp fangs. Without any warning, they bit at Su Yu's neck.

Su Yu's reaction was extremely fast. He took a step back and simultaneously used a space technique to seal the two of them.

Even so, the two of them still let out low roars and struggled to pounce on Su Yu.

Su Yu's eyes shone with a strange light. How did they become like this?

This place was filled with a strange aura. Su Yu did not dare to stay any longer. He kept the two of them and searched for an exit.

Soon, he arrived in front of another pond.

This pond was not on the ground, but on the top of the dark ice!

Su Yu stood on the ground, raising his head to the bottom of the pond.

An increasingly familiar feeling surged into Su Yu's heart.

After thinking for a moment, Su Yu jumped into the pond.

Instantly, an astonishing cold air attacked. Su Yu used his overlord level divine power to protect his body, barely supporting himself and quickly swimming upwards.

When he jumped out of the water and looked around, Su Yu's pupils could not help but shrink.  
"How could it be here?"

This place was the hidden underground ice pond in the Inn!

It was also here that Su Yu saved Li Yue and was entangled by the ice coffin of the female corpse.

Su Yu never expected that the hidden exit of the ancient dream altar would go straight to this place!

What was the relationship between the female corpse and the ancient dream altar? Why did this place go straight to the ancient dream altar?

Boss Xiong said that strange creatures often came and went to the ancient dream altar in the past three years. Could it be that he was talking about the female corpse?

Who exactly was she? And where was this place?

All sorts of questions lingered in Su Yu's heart.

However, this was not the place to explore.

He immediately returned to the inn through the hidden space and smoothly escaped from the inn all the way to the Imperial City of the Snow Dragon Emperor!

What he did not know was that.

In the underground mystic ice space, a piece of mystic ice melted and an ice coffin appeared. An exceptionally beautiful woman lay inside.

The ice coffin stood upright and quietly faced the direction where Su Yu had left, as if deep in thought.

"Queen!" A youth dressed in a deathly aura respectfully knelt in front of the ice coffin. "That Brat has already discovered our secret. Why did the queen let him go? With his injuries, I can easily kill him!"

However, a quiet voice came from within the ice coffin. "Do I need to explain my actions to you?"

The young man hurriedly replied, "I don't dare. I'm just worried that he will expose us and ruin our ancient corpse sect's grand plan."

The ice coffin calmly replied, "The seal of the Faceless Buddha has been broken, and our grand plan has succeeded. Without him revealing himself, the group of cultivators from the Sea of constellations should have realized that we were behind this!"

The young man was still not satisfied. Or rather, it could be said that he was jealous.

The Queen had never been a merciful person. In other words, she was someone who killed decisively and was cold-blooded and merciless.

He had never seen the Queen Show Mercy to an outsider!

In particular, the Queen's original plan was to seal this person in the ice coffin, just like the group of people who had been tricked into coming here.

However, the Queen changed her mind.

The young man could keenly sense that the queen's attitude toward him was somewhat unusual.

This made the young man especially jealous.

"Pass down the order, retreat immediately and enter ancient star!" The Ice Coffin said. He paused and said faintly, "By the way, take those two women with you. Remember, don't hurt them for the time being."

The young man was puzzled. How could those two women not be subdued after falling into the old corpse sect's Nest?

Why was the queen especially kind to them?

At this moment, he heard a light snort from the ice coffin. "This king doesn't like to share things with others, especially men!"

In the Imperial City, Su Yu was in a hidden corner. After recovering from her injuries, she hurried to the Snow Dragon Emperor's palace.

For some unknown reason, the underground mystic ice space that displayed the ice coffin had always made Su Yu feel deeply uneasy.

It was necessary to inform Mu Canghai about this matter. She hoped that she could pass it on to the star pavilion through her mouth.

After arriving at the Mystic Crystal Palace in a flash, Su Yu entered with ease and headed straight for the mountain peak where the Star Pavilion was located.

However, there was no one on the mountain peak.

"Are you still in the Palace?" Su Yu frowned slightly. His original intention was to leave the northern snow country.

He had already become the five spirits king of the ancient dream altar. He was also the only person who had entered the second floor of the pavilion since ancient times.

It was rumored that the DAO Master relic was on the second floor.

If he appeared, he would definitely become the center of attention. At that time, it would not be so easy to leave the northern snow country.

After pondering for a moment, Su Yu left behind a jade slip and recorded everything he saw in the underground mystic Crystal Palace in detail.

With the immense power of the star pavilion, they should be able to find out the hidden dangers within.

After doing all this, Su Yu left the mountain peak.

"I don't know where Xia Jingyu and Shengge are. They escaped first. If everything goes smoothly, they should be in the imperial city." Su Yu released the Eye of Heaven and prepared to secretly search for them.

Suddenly, a delicate shout fell into his ears.

“Su Yu! Aren’t you in the ancient dream altar? Why are you here?”

Su Yu turned his head to look, and his scalp immediately went numb.

“I’m asking you a question!”The woman’s temperament was as cold as ever.

A pair of eyes that were covered in frost stared at Su Yu.

Su Yu felt a headache. The person he didn’t want to meet the most was actually met right away!

“Oh, it’s Empress Zi Wei. What a coincidence!”Su Yu said embarrassedly, but his mind was spinning. How was he going to get out of this.

This woman had an unfriendly look in her eyes. From the looks of it, she was still brooding over the fact that Su Yu had schemed against her and eliminated her. She did not intend to let him off so easily!

Chapter 1706 Meteorite Ice Calamity (1st Update)

“What a coincidence!”Empress Zi Wei sneered. “Everyone is looking for you, but you appear in the Mystic Crystal Palace! Speak! Why are you acting so sneakily?”

As the five spirit kings of the ancient dream altar, the only participants who were not eliminated, including the two world emperors, were all looking for Su Yu.

In the end, Su Yu was nowhere to be found!

The two world emperors searched the ruins of the ancient dream altar, but they could not find any trace of Su Yu.

Unexpectedly, she bumped into him in the Mystic Crystal Palace!

The most suspicious thing was that he sneaked out from the peak of the Star Pavilion!

Su Yu said calmly, “Why do you need to care? Get out of the way!”

Empress Zi Wei laughed angrily, “Surnamed Su, do you feel that you have gone too far?”

She had always felt wronged because of Su Yu’s schemes.

Now that she had encountered such an attitude from Su Yu, her anger instantly exploded.

The biggest reason why Su Yu was unwilling to face this woman directly was not because he was afraid of her strength, but because he felt a little guilty.

Even if he had no enmity or enmity with her, it would be disgraceful no matter how he thought about it.

It was just that this woman was entangled with him and delayed Su Yu’s plan to leave the northern snow country. That was why he had treated her so harshly.

“What I said is not wrong. What is your identity? And what is your status? Is there a need for me to report to you?”Su Yu said coldly.

Empress Zi Wei's beautiful face was covered in ice. "Surnamed Su! Enough! I may not have the right to ask you, but my master, the Snow Dragon Emperor, has the right, right? Immediately follow me to see him. Don't force me to make a move against you!"

Having said that, Su Yu had no other choice.

"Then let's give it a try." Su Yu said indifferently. The inner mansion door opened wide, and surging divine power gushed out.

Seeing this scene, Empress Zi Wei felt even more upset. "Bronze overlord! The second floor of the pavilion, you have indeed obtained a great opportunity!"

Thinking about how difficult it was to open the inner mansion door, how great was it?

Without the help of the elders of the emperors of Heaven and earth, it was impossible to rely on one's own accumulation of power for thousands of years.

Many warriors who did not have a backer had to take risks time and time again, experiencing countless storms and waves to accumulate enough power to break through the door of the inner mansion in thousands of years.

Among them, how many warriors died on the way? And how many warriors chose to give up because of fear of danger and stayed at the Overlord level for their whole lives?

Those who could become the overlord of the galaxy from the world paragon of the cave abode were almost one in a billion!

Even for them, with the protection of their elders, they had to spend at least two to three years to continuously bombard the gate of the inner mansion with the power of desolation.

Su Yu broke through the gate of the inner mansion in one night. The Fortune was unimaginable!

Su Yu had nothing to say to her misunderstanding.

In order to break through to the Overlord level, he was determined to die. The price and determination he had to pay was not something an ordinary person could bear.

It was not just a simple opportunity!

Su Yu could not be bothered to explain. He took out the asura sword and infused it with powerful divine power, causing the asura sword to burst out with intense sword power!

The same sword, but different people could unleash a completely different power.

If it fell into the hands of a supreme swordmaster like Demon Sword Wu Ya, its power would definitely be shocking.

Now that Su Yu had jumped to a new level, the power of the asura sword would naturally soar to a whole new level!

Empress Zi Wei's expression was ice cold. "Very good. You have the courage to challenge me directly, so you are worthy of my respect! Come, let me see how confident you are in defeating Heartless Blade Emperor!"

Her hands formed a seal, and her entire body emitted an incomparably cold aura.

A set of ice armor condensed from her entire body.

“Extreme Ice Feast!”Empress Zi Wei lightly shouted.

Her strongest divine art, a terrifying ice technique that could kill demon beasts in one move!

With her as the center, an extremely brilliant huge ice lotus bloomed, blooming in all directions.

The Ice Lotus covered everything, freezing everything.

Even Su Yu’s sharp senses could sense that time had a very weak trace of stagnation!

No wonder the demon beasts were killed in one move!

Even if the Xuan crystal overlords were to face it head on, it would still be very dangerous.

Su Yu’s face was indifferent, without any fear. He held the asura sword tightly, opened the door of his inner mansion, mobilized his powerful divine power, and swung his sword.

“Devil Lord, the world!”

A supreme devil shadow appeared behind Su Yu. He held a huge devil sword and followed Su Yu’s movements. He swung the sword down.

Boom --

The Devil Sword slashed down with a heaven-splitting force, splitting the huge ice lotus apart!

The terrifying sword qi pierced through the shattered ice and arrived at Empress Zi Wei’s chest.

Kacha --

The ice armor that covered his body was unable to block the unparalleled sword and was shattered by the sword!

Her expression changed drastically. She had never expected that Su Yu’s bronze overlord strike would be so terrifying!

It was too late for her to retreat now!

That terrifying blade had shattered the ice armor. In the next moment, it could pierce through her vital points and give her a fatal blow!

Was she going to die?

She was at a loss. She had an unreal feeling. Even when she fought with the unbounded sword saint who was known as the number one person of the previous generation, she had never been in such a desperate situation.

The unreal feeling flashed in her mind, causing her to be in a trance.

“You can still be in a trance during a battle? I really doubt that your previous opponent was invited by the Snow Dragon Emperor. He actually didn’t take the opportunity to seriously injure or kill you! !”

The terrifying sword tip shattered the ice armor, but it stopped three inches in front of her chest and didn’t move forward.

She was only three inches away from death!

Putting away the Shura Sword, Su Yu said indifferently, "It ends here!"

He did not think that he would definitely win against Empress Zi Wei.

Her failure was because she underestimated her enemy and did not go all out.

It was also an extreme ice feast, but the power was much stronger when she killed the demon beasts in the swamp!

Empress Zi Wei was stunned and said, "Why are you holding back? Are you afraid of my identity and my master, the Snow Dragon Emperor?"

In her opinion, Su Yu did not have the guts to kill her.

Su Yu smiled but did not say anything. He dared to kill the Emperor of Heaven and earth, so what if he was just a disciple?

"Goodbye!" Su Yu waved his hand and turned to leave.

Feeling the contempt in Su Yu's eyes, Empress Zi Wei clenched her fists.

She had a strong nature and did not like the feeling of being given alms!

"Stop!" Empress Zi Wei said, "Let's do it again..."

However, just as she moved, an unexpected scene appeared.

The clothes on her chest were torn!

Su Yu's sword attack had indeed been reversed, but the weak sword Qi had still injured her treasured clothes.

However, the sword Qi was too strong, causing the torn treasured clothes to remain in its original state.

It was only when Empress Zi Wei moved that the treasured clothes could not be maintained and cracked open.

Su Yu heard the commotion and turned around warily. Unexpectedly, what entered his eyes was the white snowy plains.

The dazzling Snow White, the beautiful pink and tender arrogance were all within his eyes!

Such a scene caused Su Yu to be stunned for a moment.

When he came back to his senses, a pair of murderous eyes locked onto him.

He raised his eyes and met a pair of beautiful eyes filled with shame and anger. Traces of mist filled the air.

Her hands were tightly crossed in front of her chest. Her soft body trembled slightly and her silver teeth trembled.

"Su! Yu! I'll kill you!" She was a proud daughter of the heavens. When had she ever suffered such humiliation?

It was one thing for her to be defeated by the formation, but her treasured clothes were even shattered. She was being recklessly examined by the other party at the Holy Place!

“Hey, Miss, it’s a misunderstanding. It’s really a misunderstanding!” Su Yu hurriedly said.

However, Empress Zi Wei was already furious. She snorted angrily and formed a mysterious hand seal with both hands.

Although it was still very awkward, the mysterious feeling was no small matter!

“Meteorite Ice Calamity!” Empress Zi Wei shouted coldly.

Above Su Yu’s head, cold air suddenly appeared. It rapidly revolved and condensed into an extremely huge star!

The entire body was formed from extremely cold ice, extremely cold!

The most terrifying thing was that there was even more terrifying cold qi brewing within. It roared within the ice star and was on the verge of exploding!

Boom --

The moment the ice star appeared, it immediately fell and smashed towards Su Yu!

Su Yu’s expression changed and he immediately used his taiji yin-yang wings to escape.

However, under the interference of the cold qi, the yin-yang Qi was also frozen!

The plan failed, and Su Yu once again used the power of space. To his surprise, even space was frozen!

At the same time, the powerful cold air froze Su Yu’s surroundings, and an invisible cold air barrier appeared. If one trespassed, they would immediately be frozen by the cold air, just like the frozen space!

Once this technique was used, the enemy had no way to escape, so they could only choose to take this technique head-on.

Su Yu’s pupils constricted. The strength of this technique was several times stronger than the glacial feast!

It could be seen that Empress Zi Wei was still not familiar with this technique and was only barely able to use it.

The power of this technique had yet to reach one-tenth of its full power.

However, the pressure it gave Su Yu was even more terrifying than the glacial feast that was unleashed with all its strength!

Chi --

Cracks appeared on the surface of the falling icy stars. It was the terrifying cold air that was brewing within that began to erupt!

Su Yu’s expression was solemn. He immediately took out the Indian silver bamboo fruit and placed it above his head.

At the same time, he slashed out at the ice star.

“Devil Lord, the world!”

The powerful devil sword pierced through the star and completely shattered it.

The cold qi that was brewing within it was released a step ahead of time and exploded!

White and hazy cold qi poured down like a waterfall. If nothing unexpected happened, Su Yu would be frozen to death at the first instant!

However, something unexpected really happened.

The endless cold air entered a bottomless pit and was completely devoured!

Empress Zi Wei could only see the white fog pouring out, but she could not see the internal situation clearly. She only knew that Su Yu would definitely be severely injured from the cold under that move!

“Humph!” Empress Zi Wei walked over and waved her sleeve to disperse the white fog while saying, “I’ll teach you a lesson. Let’s see if you still dare to treat me...”

Before she could finish her sentence, she was dumbfounded!

After the white mist was dispersed, a figure was reflected in her eyes unscathed.

“Are You Alright?” Empress Zi Wei couldn’t believe her eyes.

But after she reacted, she was even more embarrassed and angry. Could it be that she couldn’t do anything to Su Yu?

“Meteorite Ice Calamity!” Empress Zi Wei formed a seal again and executed that powerful seal.

Su Yu was furious. He had at least bypassed Empress Zi Wei. Why did she not know what was good for her? Did she have to force him to make a move?

“Stop right there!” The Yin and yang qi around Su Yu was in disorder. In the next moment, he teleported three inches in front of her.

Empress Zi Wei was caught off guard and subconsciously took a step back.

Su Yu took the opportunity to grab her throat with his left palm. His right hand grabbed both of her hands that were forming a seal and clipped them behind her back.

Empress Crape Myrtle’s body fell back naturally, but Su Yu stretched out his leg and used his thigh to hold her buttocks.

At first glance, it seemed as if Su Yu was holding her in his arms tyrannically, and the posture was particularly delicate.

Chapter 1707 Subtle Misunderstanding (2nd Watch)

What was even more subtle was that because both of her hands had been cut back, Empress Zi Wei’s chest was once again exposed.

Empress Zi Wei only felt her buttocks burning hot, and the man in front of her was breathing straight into her face. The male's aura wrapped around her domineeringly.

She had never been treated like this by a man since she was born.

For a moment, her mind went blank. She did not even notice the great blow to her chest. She just stared blankly into Su Yu's eyes at a close distance.

"Don't think that everyone is giving way to you because of your beauty and status! I'm giving way to you because I'm sorry that I eliminated you!" Su Yu's eyes were cold, and there was a hint of disgust in them.

It was as if in his eyes, a peerless woman like Empress Zi Wei was no different from a pink skeleton.

Hearing this, Empress Zi Wei's mind buzzed.

It was the first time someone said such a straightforward and disgusting thing!

All she had received for a long time was either flattery or adoration. No one had ever dared to be disrespectful to her.

"Take care of yourself!" Su Yu snorted coldly. He was about to let go, but two people entered the mystic Crystal Palace while talking.

The two people were also distinguished guests. They talked as they entered.

"I didn't expect that the ancient dream altar would be destroyed. It's really unexpected. I don't know where that guy called Su Yu is hiding. Only he knows what's hidden in the second floor..."

As the two people were talking, they suddenly saw this scene and stopped talking. They stood still and watched this scene as if they were petrified.

"Ziwei... you..." the man who spoke stared at the scene in front of him without blinking. There was no focus in his eyes and his mind was empty.

Empress Ziwei looked sideways and said, "Wuji?"

The person who came was none other than her fiancé, the Wuji Sword Saint!

Seeing the Wuji Sword Saint's strange behavior, Empress Ziwei realized that her and Su Yu's posture just now was simply..

She didn't believe that they weren't having an affair!

Especially the sight of her chest, which made her unable to defend herself!

She hurriedly broke free from Su Yu and covered her chest with ice. The once cold and indifferent her face was flushed with embarrassment and panic as she hurriedly said, "Wuji, listen to my explanation. It's not what you think. I, he, didn't..."

She realized that she couldn't explain it clearly either. Instead, she made things worse!

"It's all your fault!" Empress Zi Wei turned her head and glared at Su Yu angrily.

Surprisingly, Empress Zi Wei didn't attack him. There was a layer of respect in her eyes that she had never seen before.

Su Yu looked at her indifferently, then looked at sword Saint Wuji and his brother, ruthless blade emperor, who came with him. The Yin and yang Qi appeared above his head and he was ready to leave.

**“Who allowed you to leave?”**

A cold voice filled with killing intent and the terrifying power of the mystic Crystal Overlord swept over.

The Yin and yang energy above Su Yu's head was immediately disturbed and he could not teleport.

At the same time, an extremely powerful killing intent locked him in place.

Su Yu turned his head and stared at the ashen-faced limitless sword saint. “What's the matter?”

The limitless sword saint said in a low voice, “Nothing! I Just Want Your Life!”

Clang --

A slender purple sword appeared behind the limitless sword saint. It was carved with countless mysterious runes and gave off an extremely powerful aura.

Empress Ziwei frowned and said, “I told you, it's a misunderstanding. It's not what you think!”

She didn't want the Wuji Grand Swordmaster to misunderstand.

Unfortunately, her actions backfired.

The Wuji Grand Swordmaster's face turned even more livid!

Based on his understanding of Empress Ziwei, this woman was cold and merciless, without the slightest bit of pity.

When he killed, Empress Ziwei had never stopped him.

Only this time, she actually stopped him!

He became more and more suspicious that just now, Empress Ziwei and Su Yu were having sex!

**“Zi Wei! Don't Stop Me!”**The limitless sword saint said in a low voice.

After saying that, he held the purple sword and stabbed it at Su Yu.

**“Ice Feast!”**

A huge ice lotus blocked the purple sword.

Empress Zi Wei's expression was cold. She easily blocked the sword and turned to look at Su Yu.

“Why aren't you leaving?”

Su Yu hesitated for a moment. He cupped his fists at Empress Zi Wei and used the Taiji Yin-yang wings to leave.

“Zi Wei! You Really...”sword Saint Wuji could not believe his eyes. Empress Zi Wei actually attacked him as an outsider!

Empress Zi Wei fluttered her hair that fell to her chest. Her expression was cold and arrogant. “I don’t want to say the same thing a second time. You can misunderstand me however you want!”

After saying that, she walked away coldly.

The limitless sword saint held his purple sword so tightly that it made a creaking sound. It was obvious that he was extremely angry.

Did she do anything with Su Yu?

Thinking back on the many years he had spent with Empress Zi Wei, the limitless sword saint was inclined to believe her.

Empress Zi Wei was someone who disdained to lie.

Heartless blade emperor was observing her from the side and his eyes were rolling rapidly.

Heartless Blade Emperor held a grudge against Su Yu for scheming to eliminate him.

The moment he saw Su Yu, he was furious and wanted to settle the score with him.

However, he knew that he was no match for Su Yu.

If he wanted to take revenge on Su Yu, he could only rely on someone else!

His elder brother, limitless sword saint, was the best target!

With a thought, heartless blade emperor said hesitantly, “Elder brother, something happened in the ancient dream altar. It’s about Empress Zi Wei and Su Yu. I don’t know if I should tell you or not.”

“Tell me!”After hearing that it was about the two of them, limitless sword saint turned around and stared at him.

Heartless blade emperor recalled, “From what I know, the reason why su targeted Empress Zi Wei was because he once pursued Empress Zi Wei. In the end, she ruthlessly rejected him.”

Limitless sword saint’s eyes flashed. “What are you trying to say?”

“What I mean is that back then, Su wasn’t strong enough and Empress Zi Wei didn’t like him. But today, he entered the second floor of the pavilion alone. It’s very likely that he inherited the inheritance of the Faceless Buddha. His future is limitless. Will Empress Zi Wei... fall in love with him again?”

Sword Saint Wuji’s heart skipped a beat, and his face turned green.

Everyone knew that Empress Ziwei was arrogant and had a good impression of people who were stronger than her.

He was an example.

It was because of the challenge back then that he subdued Empress Ziwei with his absolute strength. That was why she agreed to the marriage between the South Sea and the North Sea and became his fiancée.

Now, Su Yu was very likely to be the successor of the Dao Master, and his potential far exceeded that of a heaven and earth emperor like him.

It was not impossible for Empress Zi Wei to choose to fall into his arms!

At the thought of this, the limitless sword saint was so angry that his entire body trembled.

“Zi Wei! Su Yu! !”The limitless sword saint was extremely furious.

But he did not dare to do anything to Empress Zi Wei, but Su Yu..

“Big Brother, we can’t wait any longer. That Kid has the Buddhist relic of the Dao Master on his back. If he wants to escape, we must stop him immediately. Otherwise, where can we find him?”The heartless blade emperor said anxiously.

The limitless sword saint’s expression was cold. He shook his head and said, “Don’t worry. He won’t be able to escape. There are people from the South Sea at all the exits of the Imperial City! I want him to go and never come back!”

As he spoke, he took out a voice transmission jade art and transmitted a message to it.

Su Yu came to the front of several chains alone.

When he came, the entire imperial city was surrounded by the moat of the Black Ice Crystal Lake.

No one could cross it. Only by passing through the chains set up by the Snow Dragon Emperor could they pass through safely.

With a few light flashes, Su Yu successfully stepped on the chains and left the imperial city.

Looking at the vast expanse of white snow, Su Yu felt a trace of worry in his heart.

He had already searched the city carefully, but he did not find the auras of Xia Jingyu and Sheng Ge.

They had left the dream ancient altar a step ahead of Su Yu. It was not too long ago.

But why did they seem to have vanished into thin air?

Had they encountered an accident, or had they left the imperial city?

Feeling somewhat anxious, Su Yu tapped his toes and stepped into the vast snowy plains. At the same time, he opened the Eye of heaven and continuously searched his surroundings, hoping to find something.

After traveling for half a day, he found nothing.

Or rather, what he wanted to find was nowhere to be found, but what he didn’t want to find was delivered to his door.

Stopping on a huge rock covered in ice and snow, Su Yu took out the asura sword. Without turning his head, he said indifferently, “The three of you have been following me for a period of time. May I know what you have to say?”

There was silence behind him. There was no sound.

Su Yu turned around. "Please come out!"

With a swing of the Boundless Devil Gate, the forest within a radius of ten million miles was flattened by Su Yu's sword.

Only then did three pitch-black shadows leap out from the forest and block Su Yu.

The three of them hid their true appearances, but their auras were extremely powerful. Two silver overlords and one gold overlord!

However, in terms of aura strength, that gold overlord was inferior to heartless blade emperor.

"You are the Su Yu that young master spoke of, right?" The gold overlord scrutinized Su Yu with a picky gaze. His eyes revealed disdain. "I don't understand why young master is afraid of you. You actually told us not to make a move. Just inform him to make a move personally!"

"Hehe, Old Qin, this is young master's test for us. Let's see how capable we are in handling matters." A silver overlord mocked.

Another silver overlord echoed, "That's right! Why do we have to trouble young master to make a move personally when we can do things? Old Qin, how about we capture him alive and hand him over to young master?"

Elder Qin stared at Su Yu and said indifferently, "Hear that? Do you want us to do it, or do you want to surrender yourself?"

Su Yu said indifferently, "Are you sent by the boundless sword saint? I don't like killing innocent people. Let's stop before you give me a reason to attack."

Elder Qin chuckled as if he had heard the funniest joke. He retorted, "A mere bronze overlord has the right to lecture me? It seems that I have to use reality to teach such a naive and foolish young man like you!"

Xiu --

Elder Qin made his move as soon as he said so. He drew a line in the air and charged towards Su Yu.

The other two silver overlords also sneered and flanked him from the other two sides.

Su Yu's gaze was cold. He held the asura sword and said, "I've found the reason!"

**"Devil Lord of the World!"**

A devil shadow brandished the sky-reaching giant sword and slashed down ferociously.

The two silver overlords were still in the process of attacking. However, in their eyes, they could see Elder Qin's reflection that had been slashed into countless pieces.

Old Qin, who was a gold overlord, was actually killed without even a groan!

The shock in their hearts could not be any greater!

Run!

Without even thinking, the two of them felt their scalps go numb. They turned around and ran!

Su Yu looked at the two of them indifferently and casually waved two streaks of sword qi, easily taking their lives.

In just two breaths, he had killed a gold overlord and two silver overlords!

Wiping away the remaining sword Qi on the Shura Sword, Su Yu turned his back to the corpse and said indifferently, "If you're here to watch, then you've seen enough. It's time to leave! If you're also sent by the limitless sword saint, then it's even more time to leave!"

Other than the three of them, there was still one other person!

The other party did not deliberately conceal his existence and was easily discovered.

Chapter 1708 Purple Dream Emperor (Third Watch)

Da Da --

Light footsteps sounded like butterflies stepping on crispy leaves.

"Bronze overlord, killing a gold overlord with one sword strike. I've never heard of it before! Whose disciple are you?" An ethereal and beautiful voice sounded.

Su Yu's heart skipped a beat. He turned around and looked.

It was an elegant woman dressed in a beautiful pleated dress. She looked to be in her early thirties. She was elegant beyond compare and had an extraordinary temperament.

At first glance, she had the stunning feeling of seeing Xia Jingyu for the first time. That quiet and calm temperament was something that was rarely seen.

There was also a unique fragrance of plants that lingered around her body.

What a beautiful and refined woman!

Su Yu's eyebrows twitched slightly as he stared at her. There was a trace of unease in his heart.

"May I ask who senior is?" Su Yu asked.

The woman pursed her lips into a smile and smiled elegantly, "Purple Dream."

Just like her name, she was a beautiful woman that was as unreal as a dream.

However, Su Yu's heart became much more solemn. He said calmly, "May I know what advice you have for stopping me, Emperor?"

Purple Dream Ruyan smiled, "Do you know me?"

Shaking his head, Su Yu said, "I don't. However, there is only one woman in the sea of constellations who can make me fear her from the bottom of my heart. She is also known as Purple Dream. She is the Purple Dream Emperor."

She was actually one of the three world emperors in the Sea of constellations, the Purple Dream Emperor!

The Sea of constellations was controlled by the three great powers, the Snow Dragon Emperor of the northern snow country, the killing Emperor of the Southern Sea, and the Purple Dream Emperor of the Eastern Sea.

There were countless rumors about the purple dream emperor, and the most well-known one was her background!

A divine bamboo that had absorbed the DAO Master's insights and grew!

Within the divine bamboo, a heaven and Earth Emperor was born!

Her name was the Purple Dream Emperor!

The Purple Dream Emperor had an extraordinary temperament and said, "No need to be nervous. I was just passing by and was attracted by you."

Attracted? Su Yu's heart jumped.

Anything related to the heaven and earth emperor was definitely not good!

Su Yu probed, "I'm a nameless junior. I don't know what can attract an emperor."

Purple dream emperor sized Su Yu up and fixed his gaze on the nine Jade Spirit Pearl on his arm. He said, "You have something very special there. It has a very strong attraction to us cultivators who have attained the dao of plants. Even I am no exception."

Su Yu's heart sank. As expected!

She had sensed the topmost breath soil!

That was Su Yu's most precious treasure!

"A gentleman does not snatch away the love of others. There is no need to be nervous. I will not force others to do so." Purple Dream Emperor chuckled as a purple bamboo leaf appeared in his palm, he said, "If one day you come to your senses, you can use this leaf to contact me. The things you have on you can be exchanged for the things I can give you."

Oh? Su Yu was extremely surprised.

One of the three great emperors in the rumors, Purple Dream Emperor was actually so easy to talk to!

However, she had attained dao through plants and was also born under the enlightenment of a dao master. It could be said that she was born amidst the Great Dao.

She had the great nature of the Great Dao in her heart.

After thinking for a while, Su Yu reached out and took the leaf.

When she touched the leaf, Su Yu accidentally touched the purple dream emperor's palm.

A soft, light, and comfortable feeling was transmitted over.

Su Yu didn't care. She took the leaf and pulled her hand back.

“Wait!”Unexpectedly, the purple dream emperor’s slender palm suddenly flipped and grabbed Su Yu’s palm.

Su Yu’s expression changed slightly. was she going back on her words?

Emperor Purple Dream’s calm and beautiful face was covered by traces of shock. “The aura of a mortal body?”

Su Yu was stunned. Mortal Body? What was that?

Emperor purple dream caught his confusion and asked, “You aren’t a mortal body?”

Su Yu said calmly, “I am a mortal body. I am indeed not a saint body.”

She slowly put down Su Yu’s palm and looked into the distance, “A year ago, I sensed a dao god coming into the world. The Myriad Dao worshipers welcomed him. I guessed that a mortal body was born in the world, so I came to look for him.”

She looked at Su Yu. “There is an aura of creation law in your palm. Since you are not a mortal body, you should have come into contact with him!”

Su Yu was shocked.

He indeed did not know what a mortal was, but he knew about the Dao God!

He was the Dao God who had become a god!

He was also the mortal body that Purple Dream Emperor mentioned!

Luckily, he did not know what a mortal body was. His eyes were lost, so purple dream emperor misunderstood that Su Yu did not have a mortal body.

He hid the confusion on his face, and at the same time, he suppressed his restless emotions to avoid being detected by the emperor.

“What is a Dao God? And what is a mortal body?”Su Yu pretended to be curious.

The purple dream emperor said, “You don’t need to know about this for now, but can you tell me if you have come into contact with any special people recently?”

She had already determined that Su Yu, who knew nothing about mortal bodies, was not the mortal body she was looking for, but someone who had come into contact with a mortal body.

Su Yu replied, “This junior has come into contact with many people recently, especially the ancient dream altar. All the guests have come into contact with it, and most of them are extremely powerful. There are also many guests with great talent. To this junior, they can all be considered special people. I truly can’t describe what senior is looking for.”

The purple dream emperor pondered, “Ancient Dream Altar? Once every hundred years, there will be many geniuses. I’ve heard that among the younger generation, there are quite a few with monstrous talent. Could it be that the mortal-embryo saint physique is among them?”

Su Yu carefully pulled out his hand and said, “Junior will not disturb senior’s search. Goodbye.”

“Wait!”The purple dream emperor grabbed Su Yu’s hand again and said, “I need you to stay by my side for a period of time.”

“You have the remnant aura of the mortal body in your palm. If you meet the mortal body, this aura will change and it will be easier for me to confirm which one the mortal body is.”The purple dream emperor said, “So, I’ll have to trouble you for now. Accompany me to the imperial city. I want to get in touch with those prodigies and find the mortal body among them.”

Su Yu felt bitter in his heart. He couldn’t even escape in time, yet he had to go back?

After thinking for a while.., su Yu said, “Senior, I Won’t lie to You!”! Junior was lucky enough to break into the second floor of the pavilion in the ancient dream altar. Outsiders mistakenly said that he had obtained the Buddhist relic of the Daoist master. If he went back, he would be in endless trouble. At that time, not only would he not be able to share senior’s worries, he would even cause trouble for senior.”

The purple dream emperor looked at Su Yu in surprise. “You actually reached the second floor of the pavilion. I heard that Empress Zi Wei, Xue Guan Yin, and heartless blade emperor are the cream of the crop. It is really out of my expectations that you can eliminate them as well.”

“However...”the purple dream emperor smiled faintly. “They did misunderstand. Other than a suppressed evil corpse, there is no other relic of the Daoist master. The real one has long disappeared.”

Su Yu narrowed his eyes and said in surprise, “How do you know about the situation on the second floor?”

He was the first living creature to ascend the second floor since ancient times.

Purple Dream Emperor smiled elegantly. “When I was a small bamboo, I heard the DAO Master mention it.”

Su Yu came to a realization. She grew up in the meditation of a dao master. It was not unusual for her to occasionally listen to the Dao master talk about the secrets between Dao Masters.

“Let’s Go! From now on, you are mine. No one can do anything to you.”Purple Dream Emperor said indifferently, his temperament elegant and calm.

Su Yu was still unwilling. He really didn’t want to go back.

But he knew very well that there was a limit to a person’s patience, even if it was purple dream emperor.

If she really angered the other party, she would directly use forceful methods. The one at a disadvantage would still be Su Yu herself.

“Alright.”Su Yu felt extremely helpless.

Emperor purple dream said, “Don’t worry, I Won’t let you work for nothing. I will repay you after the matter is done.”

The gratitude of the Emperor of Heaven and earth? Su Yu's mood was finally a little better, and he reluctantly nodded. "Alright then, I hope senior can find that mortal body as soon as possible."

He was silently speechless. The mortal body was already in your hands, where else could he find it?

"Then let's Go!" Purple Dream Emperor held Su Yu's hand and walked for billions of miles.

When he reappeared, he appeared in front of the Chain Bridge.

Purple Dream Emperor looked at the Mystic Ice Crystal Lake below and said indifferently, "The ancient corpse sect is full of talented people. They chose such a blessed land as their foundation."

Ancient Corpse Sect? Su Yu thought of the ice coffins sealed by ice in a certain mystic ice cave. Just as she was about to ask, purple dream emperor seemed to sense something and said, "You seem to be in trouble."

She followed her gaze and saw two figures rapidly approaching from the other end of the chains.

One was heartless blade emperor, and the other was the boundless sword saint, who was full of killing intent. He stared coldly at Su Yu.

Anyone would be able to tell that they were here for Su Yu.

Su Yu's eyes were filled with battle intent.

The boundless sword saint was an outstanding young man of the previous generation. Now, his cultivation had reached the level of a mystic Crystal Overlord.

Su Yu was not afraid of fighting against someone at such a level.

However, he heard purple dream emperor say, "Since you're mine, there's no need to worry unnecessarily."

In other words, she would become Su Yu's strong backing.

Su Yu let out a sigh of relief and thought to himself, although he was somewhat unwilling to return, it felt pretty good to have a super fighter backing him up.

"Su Yu! I thought you ran away with your tail between your legs. I didn't expect you to dare to stay here and wait for Death!" Heartless Blade Emperor stepped forward and scolded on behalf of his Big Brother.

Su Yu did not even look at him and said, "Don't say anything if you are defeated."

"You are really arrogant. You still dare to be stubborn even when you are about to die!" Heartless blade emperor laughed sinisterly. "This is not the ancient dream altar. It doesn't matter if you die. There is no power that will protect you!"

Su Yu said indifferently, "Weren't you the one who died once?"

Heartless Blade Emperor felt the pain from being stabbed and said angrily, "Big Brother, that su fellow is indeed not a thing. Kill him! This place has left the northern Snow Kingdom's imperial palace. Killing him isn't a big deal!"

Without needing him to say anything, the limitless sword Saint had already stared at Su Yu and said coldly, "Do you know why you want to Die?"

Su Yu shrugged. "Because I cuckolded you? You're really strange. Do you have to be poked in front of others to feel happy?"

Puchi --

The unworldly purple dream emperor couldn't help but Puchi.

She was also curious as to why the descendant of the southern sea's emperor-killing emperor would quarrel with Su Yu. It turned out that it was because of a woman.

"You're courting death!" The limitless sword saint was furious. At the same time, he glared at the purple dream emperor behind Su Yu and said angrily, "And you, if you don't want to die, shut your mouth. If you laugh again, I'll cut off your tongue!"

The aggressive sword Saint Wuji pulled out his purple longsword and pointed at Su Yu with a livid expression.

Chapter 1709 The Emperors Were All Gathered

"The viciousness is too strong, it's annoying." The purple dream emperor wiped away her smile and said indifferently.

Cutting out her tongue, even if the emperor was present, he wouldn't have the guts to say such words!

They were both heaven and earth emperors, and the Purple Dream Emperor was born from the Dao master's comprehension. In a sense, he was inextricably linked to that Dao Master.

No matter how much courage the Emperor Killer had, he wouldn't dare to lay a finger on the purple dream emperor.

After a pause, she glanced at Su Yu and smiled like the wind, "It's better if you look comfortable and act in a relaxed manner. Even if you want to kill someone, you have to give them a way out first."

As an emperor who had cultivated the Dao of plants, he was fond of good and loathed it.

Su Yu had previously killed the three pursuers, but he didn't kill them without a word of disagreement. Instead, he warned them in advance and advised them to give up on the fearless killing.

It was only when the three of them made their move with disdain that Su Yu's killing intent was angered.

Such a way of doing things was very much in line with purple dream emperor's appetite.

It was precisely because of this that she was willing to get close to Su Yu.

Otherwise, with her personality, she would never be willing to carry Su Yu around with her.

In contrast to Su Yu, the limitless sword saint was filled with a deep hostility that made her hate him.

The limitless sword saint sneered, “Stinky Woman, I don’t want to repeat the same words. If you don’t want to die, then scram! There’s nothing for you to do here!”

Shaking her head slightly, purple dream emperor waved her wide sleeves, and a mysterious power gushed out, easily sweeping the limitless sword saint and heartless blade emperor to the sides.

The limitless sword saint’s expression changed, and he was shocked!

What kind of power could easily push him away as a mystic crystal overlord?

Heartless Blade Emperor’s face also turned pale, and he said in fear, “Is he a peak mystic Crystal Overlord? or could he be a half-step emperor?”

The limitless sword saint’s expression was extremely grave as he repeated, “I am the limitless sword saint. You should have heard of my name before! Give me some face and let this person go!”

As the descendant and heir of the Southern Sea Emperor, the limitless sword Saint had such face.

“Even if your father is here, I haven’t given you any face, let alone a mere junior like you.” Purple Dream Emperor frowned slightly as his eyes were filled with undisguised disgust. “Don’t Pester me anymore. I don’t like to use force.”

With that, he brought Su Yu onto the chains and walked into the city, ignoring the two brothers.

Sword Saint Wuji gripped his purple sword tightly and stared at Purple Dream Emperor’s back. His eyes were filled with killing intent, but he was afraid of his strength and didn’t dare to take action personally.

“DAMN WOMAN! How dare you be rude to me!” Sword Saint Wuji was extremely unwilling.

Ruthless Blade Emperor’s eyes were filled with hatred as well. “If father was here, who would dare to Bully Us Brothers?”

Of the two brothers, one was schemed against and eliminated while the other was robbed of his woman.

The culprit was still the same person!

The most hateful thing was that the other party had the protection of an expert and did not give them any face at all.

Ever since they were born, only the two of them had bullied others. No one had ever bullied them like this!

“Big Brother, we can’t let that Su Guy off. How dare he do such a thing to sister-in-law!” Heartless blade emperor fanned the flames. “Why don’t we inform father to come?”

Limitless sword saint’s expression was solemn. “Father is busy cultivating and hasn’t come out of seclusion for many years. Why would he rush over for such a small matter?”

Rustle --

Suddenly, a faint rustling sound entered their ears. It was like the sound of a gentle breeze blowing through the yellow sand.

The sand was filled with a deep killing intent.

Looking Up, many law chains descended from the depths of Heaven and earth. They surrounded an inconspicuous little black figure and rapidly approached.

Sword Saint Wuji and ruthless blade emperor were both stunned for a moment before a look of wild joy appeared on their faces.

“Wuji, ruthless, are you in trouble?” A grand voice entered their ears.

This person had heard their conversation.

The two of them went up to welcome him. They were both surprised and delighted. “Father, aren’t you in closed-door cultivation? When did you come out? Why did you suddenly come to the northern snow country?”

There was only one father.

The Emperor of the southern seas, the emperor-killing emperor!

Hong --

The emperor-killing emperor was surrounded by chains of slaughter laws as he descended.

The clouds around him changed dramatically and shattered into countless pieces.

The ten-thousand-year-old snow mountain beneath his feet could no longer withstand the emperor’s might and collapsed in an instant!

The chains dispersed and a middle-aged man with a bare upper body, broad shoulders, and a broad back descended like an iron tower.

He had a head full of blood-red hair and around his neck was a bone chain made of skeletons.

Each skull was different in strength.

From the weakest god Lord to the Dust Immortal, to the world paragon of the cave abode, to the Pinnacle Overlord, and even to a silver-gray half-step Emperor’s head.

These were the life and death enemies of the Emperor Slayer in all stages of his life.

But without exception, they were all defeated by the Emperor Slayer and refined into necklaces.

These skeletons represented the Emperor Slayer’s life experience, and also represented his powerful killing.

Killing to achieve the dao, killing to become the emperor!

His back was covered with the skeletons of others!

The Emperor Slayer had killed too many people in his life. Although he became the Emperor of Heaven and earth, he was punished by Heaven and earth, and his eyes became blind.

No divine arts or elixirs could restore his eyes.

He opened his black eyes and said, "One day ago, I received a message from the Head Pavilion Master of the Star Pavilion while I was in seclusion. He invited me to meet him in the snow country of the northern region. That's why I came here."

The limitless sword saint was slightly surprised. "The Head Pavilion Master of the Star Pavilion?" "Isn't that legendary supreme-being said to have died after being heavily injured in the battle with the Emperor's corpse?" "After all, he hasn't appeared in the past 30,000 years. Why did he suddenly appear and invite father...?"

The emperor-slayer sneered. "How can that old monster die so easily? Even if all the emperors of our three great seas are dead, he might not necessarily die! He has been in seclusion for 30,000 years."

So that was it!

"The Chief Pavilion Master of Star Pavilion suddenly appeared and invited father to discuss something. The matter must be very important."

Emperor Slayer nodded and then bit his head, "He came out personally, so it must be that matter! What should come will come eventually. Father has prepared for thirty thousand years. I don't know if he can survive this disaster!"

He sighed deeply and didn't continue. Instead, he looked at the two people and sized up heartless saber emperor. He frowned slightly, "Dream ancient altar, you haven't improved much!"

Heartless Blade Emperor clenched his fists when he heard this. He couldn't help but get angry. He said in a deep voice, "Father Emperor, it's all because of one person who caused me to be eliminated early!"

"Oh? Is it that girl Ziwei or Xue Guanyin?" Emperor Slayer had a smile on his face. "In the entire sea of constellations, there are only the two of them who can eliminate you."

"No, it's a brat called Su Yu!" Heartless Blade Emperor said hatefully.

Emperor Slayer was astonished. "Su Yu... I've never heard of him. Whose successor is he? He shouldn't be a nobody who was able to eliminate you."

"His origin is mysterious and no one knows about it. However, he was the one who caused me to be eliminated!" Heartless blade emperor said, "What's hateful is that he relied on the support of an expert and didn't put me in his eyes. Father, please make a decision for me!"

The Emperor Slayer was silent. After a long while, he said leisurely, "Heartless, do you remember what I taught you? Don't blame your failure on the strength of your enemy. Only a coward would have such thoughts! You have disappointed me too much!"

He stared at heartless blade emperor with empty eyes and said, "After returning to the South Sea, face the wall and reflect for a thousand years!"

Ah? Heartless Blade Emperor did not expect this. He was initially unconvinced, but when he saw the cold face of the Emperor Slayer, his whole body trembled. He quickly nodded and said, "Yes, I admit my mistake! I accept my punishment!"

The emperor killer turned his face and looked at the limitless sword saint. He said, "You have an evil spirit in your heart. Is There Something Wrong?"

The limitless sword saint's lips twitched a few times. He found it difficult to speak.

It was still heartless blade emperor who rolled his eyes. He gritted his teeth and said, "Father, it's still that kid called Su Yu! He... he actually had the audacity to force his sister-in-law to do something despicable to him!"

Huh? The killing Emperor's aura suddenly condensed, and all the Snow Mountains within a radius of ten million miles collapsed!

He looked at the limitless sword saint and said, "Wuji, is this true?"

The limitless sword saint's heart was bleeding, and he felt extremely humiliated. He said, "I saw it with my own eyes!"

The Killing Emperor was silent. After a moment, he said in an indifferent tone, "Eliminating my child is a fair competition. I will only praise and not punish him! However, insulting my child's wife and daughter is an unforgivable crime!"

"Where is he?"

Sword Saint Wuji said, "He has been protected by his backer and entered the imperial city."

"The Imperial City? It just so happens that I have to enter the Imperial City as well! You are in charge of finding this person. Inform me when you find him!" Emperor Slayer said, "I will meet with that old guy first!"

In the imperial city.

Purple Dream Emperor's Crystal Eyes scanned the surroundings, screening for suspicious people.

After a long while, she shook her head, "The Sea of people is vast, searching for a needle in a haystack like this, where are the heaven's favorites?"

"The mystic Crystal Palace," Su Yu replied.

The amethyst dream emperor nodded lightly, "Then let's Make a trip to the mystic Crystal Palace."

At this moment, the amethyst dream emperor suddenly stopped and raised her head to look at Cang Ming, as if someone was speaking to her.

Her expression changed again and again, her indifferent expression gradually becoming grave. The conversation only ended after a long while.

She withdrew her eyes and muttered in bewilderment, "That old fellow actually came out of seclusion? It seems that something big has happened!"

Stopping her footsteps, she said to Su Yu, "I have something to do. I'll leave first. You Go to the Mystic Crystal Palace and wait for me!"

As she spoke, she took out a purple leaf and pressed it between Su Yu's brows.

The leaf fused into Su Yu's body and disappeared without a trace.

"Don't leave the imperial city. This leaf can reveal your location and can be sensed by me wherever you go."

Su Yu was speechless. "I'm afraid that before you return, I'll be silenced!"

With the Dao Master Buddhist relic, he was the target of many factions.

"You can rest assured. This bamboo leaf is my life item. The moment you're in danger, I'll be the first to notice and immediately appear."

Su Yu heaved a sigh of relief.

The Purple Dream Emperor left in a hurry as if something big had happened!

"Who was the one who spoke to him just now?" Su Yu thought to himself.

Looking left and right warily, Su Yu finally chose to return to the Mystic Crystal Palace.

As the matter of the ancient dream altar came to an end, most of the guests had returned.

The crowd in the Mystic Crystal Palace was like a tide.

Su Yu's appearance was immediately noticed by others.

"Look! Heavens, it's the missing Su Yu!"

"He actually returned unscathed!"

"It's rumored that he entered the second floor of the pavilion, doesn't that mean..."

Pairs of complicated gazes focused on Su Yu.

Su Yu sneered inwardly. There were really too many people coveting him!

A few silver overlords who were rather daring actually slowly approached Su Yu after exchanging glances with each other, surrounding her.

The Temptation of the Dao master's Buddhist relic was simply too great, causing them to be unable to suppress it!

"HMPH! This old man shall see who dares to pay attention to our star pavilion's members!" A cold snort rang out.

A figure appeared within the mountain peak of the Star Pavilion. It was none other than Mu Canghai!

Wherever she passed, the crowd made way for her, afraid that they would be slightly slower.

To them, the Star Pavilion was a colossus that they did not even have the qualifications to look up to!

Mu Canghai walked in front of Su Yu and said with gratification, "You're still alive!"

Only then did Su Yu remember that Mu Canghai had once said that after the ancient dream altar, he would tell them about the origin of the black and gray stone.

However, Mu Canghai's expression turned solemn. What he said was another matter. "I came to see you for the Shadow Wind Pavilion's chief."

Shadow Wind Pavilion Master? Su Yu was at a loss.

"The death of Bai Xuejian will have to be faced in the end!" Mu Canghai said.

Only then did Su Yu come to a realization.

Bai Xuejian belonged to the red leaf branch and the Red Leaf branch was under the jurisdiction of the Shadow Wind Pavilion Master.

Su Yu had a great connection with Bai Xuejian's death. It was perfectly normal for the Shadow Wind Pavilion Master to look for him afterwards.

"Don't worry, I've already informed Pavilion Master Hu in advance. He specially rushed over from the star pavilion to handle this matter." Mu Canghai said.

"Although you've left the Star Pavilion, you're still a member of Our Sword Pavilion Branch. Pavilion Master Hu will not sit idly by and do nothing to you. If the Shadow Wind Pavilion Master wants to make things difficult for you, he will need Pavilion Master Hu's permission!"

Su Yu was slightly moved.

Among the nine Great Pavilion Masters of the Star Pavilion, which one of them was not a high-level figure who had to deal with many things every day?

For the other party to be willing to come all the way here for him, who had left the Star Pavilion, was truly not easy.

"It's me who has caused trouble for all of you. Let's go, we should give an explanation for this matter," Su Yu said calmly.

It could be seen that Su Yu's whereabouts were unknown, and the Shadow Wind Pavilion Master could only make things difficult for Jian Xuan Branch Pavilion.

Unfortunately, Su Yu never had the habit of causing trouble for others!

Mu Canghai walked in front while Su Yu walked behind.

Suddenly, Mu Canghai opened his mouth and asked, "This jade art was left behind by You?"

Su Yu said, "It seems that you have noticed it. Pavilion Master, please report to the higher-ups. That underground ice space always gives me a bad feeling."

Dong --

Unexpectedly, Mu Canghai suddenly stopped. With her back facing Su Yu, her expression couldn't be seen clearly. It was just that her solemn voice had a deep and heavy tone.

"It's the ancient corpse sect."

Su Yu was startled. "Ancient corpse sect? What's That?"

Mu Canghai turned around and stared at Su Yu. "You carry one of the three great corpse kings of the ancient corpse sect on your back, but you don't know what kind of existence the ancient corpse sect is?"

Su Yu's heart thumped.

Three Great Corpse Kings? were they talking about the female corpse in the ice coffin?

Mu Canghai said, "In the past, the ancient star descended into the sea of constellations. Not long after, three powerful corpse kings descended into the world, causing a calamity that affected the entire sea of constellations! "The Purple Dream Emperor, the Emperor Slayer, and the three Great Pavilion Masters of the Star Pavilion. In the end, they even alerted the head pavilion master to stop the calamity

"After that, the three great corpse kings retreated to the northern sea's snow domain and hid underground, establishing the ancient corpse sect! The most terrifying emperor corpse among them sealed itself in the Mystic Ice Crystal Lake and never appeared again!"

Mu Canghai looked at Su Yu and said, "We are all very surprised as to why you became the representative of the ancient corpse sect to participate in the ancient Dream Altar!"

Su Yu was surprised as he looked at the mountain peak where the coffin mark was carved.

So, that mark represented the ancient corpse sect!

Su Yu was unable to explain that the female corpse was stuck to Su Yu by herself.

Taking a deep breath, Su Yu said, "I am not a member of the ancient corpse sect."

Mu Canghai smiled and said without hesitation, "I know, I trust you too."

After many interactions, Mu Canghai trusted this young man from the bottom of his heart.

"Therefore, it's time to tell you about the black-gray Stone!" Mu Canghai's eyes were filled with determination. "That Stone is related to the secret that I've been hiding for many years. Other than the Star Pavilion's Chief Pavilion Master and the three Great Pavilion Masters, no one knows about it."

A secret that only the Emperor of Heaven and earth knew?

Su Yu's heart moved, and he said, "Is it the heavenly stem star Tribulation?"

Mu Canghai was stunned for a moment and was a little surprised. Then, he said helplessly, "You're really too smart. It seems that nothing in the world can hide from you."

Nodding his head, mu Canghai said, "That's right. It is the heavenly stem star Tribulation!"

Chapter 1710 The Corpse King's Secret (First Update)

"Back then, the other seven pavilion masters and I went deep into the ancient star to investigate. In the end, I was the only one who came back alive. Do you know why?" Mu Canghai recalled bitterly.

Su Yu pondered. It was rumored that back then, the eight pavilion masters were unable to extricate themselves from the ancient star's array formation. Mu Canghai sacrificed the other seven people to escape by luck.

"Pavilion Master, are you saying that there's something else going on?" Su Yu asked.

Mu Canghai's weathered eyes were filled with tears and tears as he sobbed, "Actually, we didn't encounter the killing array like the rumors said!"

What? Su Yu was surprised. "Then why did the eight Pavilion Masters of the Star Pavilion end up in such a miserable state?"

Back then, those who could become pavilion masters were all mystic crystal overlords.

With eight people working together, even a half-step emperor of heaven and earth would have to retreat, right?

Why did seven people die and one was injured in one night, causing the heavenly dry star tribulation that caused a sensation in the world?

"Because..." mu Canghai recalled. Even after 30,000 years, he still had lingering fear in his heart. His voice trembled slightly. "What we encountered was something even more terrifying!"

"I saw rows of ancient stone coffins erected in the ancient star! "They covered the entire ancient star, and the number was immeasurable!" Mu Canghai said, "In each ancient stone coffin, there was an ancient corpse! "They rose from the dead and absorbed corpse Qi from the stone coffins to cultivate!"

Su Yu's heart jumped. Ancient corpses that rose from the dead? Absorbed Corpse Qi to cultivate?

Wasn't that what he saw in the mystic ice space?

"At the end of the stone coffins, I saw a huge altar, and on the altar, there were ten unusually large ancient bronze coffins!" Mu Canghai's expression was filled with fear. "In the ancient bronze coffins, there were ten emperor-level corpse kings!"

Ten? Su Yu's pupils constricted.

Not to mention the other stone sarcophagus, the ten corpse kings in the ancient bronze sarcophagus were enough to sweep through the once glorious ancient divine realm!

"Our arrival woke up one of the corpse kings and they started to chase us." Mu Canghai's old tears flowed down. "The eight of us weren't even a match for the corpse king. We didn't even have the chance to escape!"

In front of the Emperor of Heaven and earth, the Overlord of the Mystic Crystal realm was just a tiny creature.

Then, how did Mu Canghai escape? Did he really sacrifice seven of his companions in order to escape on his last breath?

“The eight of us were all suppressed by the corpse king. He sealed us in eight stone coffins to turn us into the corpse race.” Mu Canghai trembled as he said, “At the last moment, it was the great pavilion master who used a forbidden technique to dream the world ending Cliff, and sent me, who was the closest to him, out of the ancient star through his dream realm!”

“However, in front of the Emperor of Heaven and earth, the Overlord’s divine technique was just a joke. The Corpse King killed the Great Pavilion Master who was casting the technique with one palm and broke the forbidden technique. I teleported halfway and fell back to the ancient star!” Mu Canghai said, “But the other six pavilion masters also attacked at this time. They self-detonated the gate of the inner mansion one after another to continue the great pavilion master’s forbidden technique. I was lucky enough to escape.”

“But all of them died tragically. None of them survived.”

Mu Canghai’s expression was sorrowful and filled with guilt.

Was this the truth?

They were the ones who took the initiative to sacrifice themselves, not Mu Canghai who was afraid of death and mutilated them.

Looking at the old body that kept shaking, Su Yu finally understood why everyone despised him. The descendants of the Seven Pavilion Masters treated him as their enemy, cursing and harming her everywhere, but she was indifferent.

She neither refuted nor retaliated, allowing them to do whatever they wanted.

So it was guilt!

The seven pavilion masters had used their lives to exchange for her continuation. She was burdened with heavy shackles, and even if she was harmed by the descendants of the Seven Pavilion Masters, she was unwilling to attack them.

Staring at him deeply, Su Yu sighed silently.

He also finally understood why the Star Pavilion at that time would still take in the “Cowardly” mu Canghai.

It turned out that there was an unknown reason for everything.

“Not long after, that corpse king woke up the other two corpse kings. The three corpse kings appeared in the Sea of constellations and caused an endless disaster!” Mu Canghai revealed the unknown truth -- the ancient corpse came from that ancient planet beyond the heavens!

“It was precisely because I returned alive and reported the news to the star pavilion that the head pavilion master, who was in deep seclusion, was able to

come out in time to turn the tide and force the three corpse kings into seclusion. He even forced the emperor corpse to seal itself.”

Su Yu asked curiously, “Then your cultivation level is...”

A bitter smile flashed across the corner of Mu Canghai’s mouth. “During the battle with the corpse clan, I found the corpse king who killed the Seven Pavilion Masters. I wanted to take revenge for them. I didn’t care about my cultivation level and used a forbidden technique. Unfortunately, it was just a moth flying into the fire. That Corpse King defeated my forbidden technique with a thought. If it wasn’t for the head pavilion master, I would have long been white bones.”

So that was the case.

However, Mu Canghai still hadn’t explained the origin of the black-gray stone.

As if he knew what Su Yu was thinking, Mu Canghai continued, “However, my forbidden technique didn’t completely fail. At least I cut off a finger from the corpse king’s body.”

Su Yu’s heart jumped, “Could it be that you’re saying that the black-gray stone is the corpse king’s finger?”

Mu Canghai said, “Hehe, at first, I was like you. I didn’t believe it at all, and I didn’t believe that there was anything in the world that could improve the comprehension of cultivation techniques. But the truth is right before my eyes!”

Su Yu’s heart trembled.

The Corpse King’s body was actually formed from such a strange stone!

“In the past 30,000 years, I’ve studied it carefully and managed to find an explanation.” Mu Canghai’s eyes shone with a deep light. “Life and death are maintained by the laws of Heaven and earth. No living being can reserve this law! “However, how can dead ancient corpses be resurrected? “The answer lies in their bodies

“In this special material body, it’s possible to avoid the laws of life and death and resurrect from the dead.”

Her explanation sounded impossible for ordinary people to understand.

However, Su Yu, who had come into contact with the mother of all laws, believed her.

People couldn’t be resurrected from the dead. This was the original law of the absolute beginning world, which was decided by the absolute beginning Great Dao,

there were only two kinds of people who could break the restrictions of the absolute beginning Great Dao.

One was like Su Yu, who had the life power Upanishad of the Eight Great Heavenly Dao. The other was to avoid the detection of the absolute beginning Great Dao.

Even if it was the former, if Su Yu wanted to resurrect a person, he needed a prerequisite. That person still had his aura in this world. Otherwise, Su Yu wouldn’t be able to resurrect a person out of thin air.

One could imagine that it wasn't easy for the latter to avoid the detection of the absolute beginning Great Dao.

This body made of heaven-defying materials could protect the dead from the detection of the absolute beginning Great Dao. It had a certain amount of power.

The problem was, where did this material come from? It had never been recorded in many ancient books!

It couldn't have been born out of thin air, right?

"Then, what about the ordinary corpse clan?" Su Yu asked.

Mu Canghai shook his head: "No!" The true corpse race was born with the cultivation of the Emperor of Heaven and earth, which was also the level of the corpse king. The ancient corpses under their control were all sealed by the creatures they captured. Just like the Corpse King that year, he wanted to refine the eight of us into his puppets. Their bodies were only flesh and blood."

Hearing this, Su Yu couldn't help but take a deep breath.

A Corpse King? Wasn't the corpse race too terrifying?

All of a sudden, Su Yu's heart moved.

Mu Canghai's high-speed black-gray Stone's origin and the secrets of the ancient star, what was his purpose?

After thinking for a while, Su Yu said, "Pavilion master hopes that I can enter the ancient star?"

He wanted to obtain the black-gray stone, so he could only enter the ancient star.

Mu Canghai praised, "It's very easy to talk to you. You Don't even need to give me advice."

She looked out of the sky, her chest full of anguish. "For 30,000 years, I've been searching for a suitable candidate. I hope that someone can enter the ancient star for me and bring back the corpses of the seven of them."

"This is the greatest wish of my life!"

Su Yu was silent.

The corpses of the seven Xuan crystal overlords had already been turned into ancient corpses when they landed in a place like the ancient star where the corpse Qi was soaring to the sky, right?

Bringing them back was not as simple as "Bringing them back"?

Even if there were no other obstacles, just subduing the seven ancient corpses of the Xuan crystal overlords would require supreme divine power.

"Pavilion Master, don't you think too highly of me?" Su Yu smiled bitterly and said, "Gu Xing is such a dangerous place. If I go there, I will definitely not return."

Mu Canghai said, "You saved my life at the dream ancient altar. The debt of gratitude has long been repaid. How can I have the face to ask you to go into danger for me?"

Su Yu was slightly stunned. “Then pavilion master wants me to enter the ancient star because...”

Mu Canghai’s lips curled into a cold smile as he said, “I’m giving you a great opportunity!”

Opportunity? What kind of opportunity could there be in such a ferocious place like the ancient star?

“The Star Pavilion started setting up 30,000 years ago, in order to capture all the ancient corpses that have yet to awaken in the ancient star!” Mu Canghai said, “Now that 30,000 years have passed, the head pavilion master’s injuries have recovered, and his divine arts have been completed. He already has the ability to compete with that emperor corpse. It’s time to eliminate the threat of the ancient corpse.”

Su Yu’s heart was boiling when he heard this. “Pavilion Master, are you saying that the star pavilion will slaughter their way into the ancient star?”

Mu Canghai clenched his fists, flames burned in his eyes. “Not just the Star Pavilion, the South Sea, East Sea, and North Sea will all be invited to participate in the extermination of the ancient star! At that time, all the overlords and above will be mobilized to participate in the Battle of Life and Death!”

“If you can follow the army and seize some corpse King’s remains, it will be an unimaginable opportunity for your various divine arts. It will be hundreds of times stronger than the opportunity in the ancient Dream Altar!” Mu Canghai’s eyes were burning.

In the current world, other than the three Great Pavilion Masters of the Star Pavilion, the head pavilion master, and Mu Canghai, only Su Yu knew the secret of the Corpse King’s body.

Without the knowledge of others, he had come prepared to collect the corpse king’s remains. One could only imagine how advantageous it was.

Back then, even a small piece of it could allow Su Yu to capture the inspiration for the son of Heaven’s aura-gazing technique to break through to the soul devouring realm. If he could obtain even more, wouldn’t all divine arts come naturally?

Thinking up to this point, Su Yu’s emotions surged, and he was exceptionally tempted!

“However...” Mu Canghai was a little hesitant. “Other than our sea of constellations, there might be other forces from overseas participating. Whether they know the secret of the corpse king’s body or not, we don’t know.”

Hearing this, Su Yu was slightly shocked. “Forces from overseas? Are there still other forces outside the Sea of constellations?”

The absolute beginning world he knew was only limited to the sea of constellations.

“Of course!” Mu Canghai said, “The sea of constellations is just one of the thousands of civilizations in the absolute beginning realm.”
