

Nine-Dragon 1711

Chapter 1711 Scramble For It (Second Watch)

Civilization? Su Yu was no stranger to it.

In the past, the nine Dragons Valley's God domain civilization had been destroyed by the evil daughter and the world annihilating dragon.

"According to the degree of prosperity, the civilizations of the various regions are different. They are usually divided according to the star rank system. For example, our sea of constellations civilization is..."when Mu Canghai said this.., he was a little embarrassed. "Ahem, for example, our neighboring Great Yu dynasty is a two-star civilization. There are many powerful factions there, and there are dozens of world emperors. There are even rumors that there is a three-crowned king among them!"

The so-called three-crowned king referred to the third level of the Emperor Realm.

The most powerful expert in the Sea of constellations was the Chief Pavilion Master of the Star Pavilion.

But he was only a two-crowned King!

Hiss --

Dozens of world emperors? There were even three-crowned kings!

Why was that civilization even more terrifying than the nine Dragons Valley's God domain civilization?

Could it be that the civilization created by ancient god Nine Dragons was inferior to the Yu dynasty's civilization?

With ancient God Nine Dragons's supreme status, there was no way that there was only such a simple civilization. There must be something fishy about it.

Retracting his thoughts, Su Yu asked curiously, "The Yu dynasty is a two-star civilization, so our sea of constellations should belong to a one-star civilization, right?"

Mu Canghai felt guilty and said embarrassedly, "Barely. Compared to a one-star civilization, we're still a little lacking..."

"How much?" Su Yu asked curiously.

Mu Canghai laughed dryly. "Probably, just one star."

Uh..

Su Yu stood rooted to the spot. The Sea of constellations civilization wasn't even a star-ranked civilization!

It belonged to the savage civilization!

“Cough cough, alright, it’s time to go down. Don’t worry. With Pavilion Master Hu around, no one can do anything to you.” Mu Canghai changed the topic.

Su Yu wasn’t too worried. With the Sovereign Dragon Supreme Sword, even if the Emperor of Heaven and Earth was present, he would be able to force him back with a single strike and escape easily.

Besides, he was now an important clue to the Purple Dream Emperor. What could the Shadow Wind Pavilion Master do to Su Yu?

Many juniors of the star pavilion gathered in the main hall under the summons of their elders.

Firstly, they were to report on the harvest in the ancient dream altar. Secondly, they were to exchange experiences.

Thirdly, they were to deal with some unexpected matters.

For example, the death of White Snow Sword, Shan Xiong, and Wei Lü.

The Nine Pavilion Masters were personally hosting this exchange.

Large-scale meetings of this scale were actually rare even in the main pavilion of the Star Pavilion.

“Congratulations, Pavilion Master Tai Gong. Out of the ten invitation cards of the Star Pavilion, only the Sword Light Branch under your jurisdiction is outstanding.”

The nine pavilion masters exchanged greetings with each other.

When they discussed Xue Guanyin, the other eight pavilion masters were in a different mood and all of them sighed.

Among the ten people who finally entered the central area, only two people from the Star Pavilion were shortlisted. They were Xue Guanyin and Lan Yue.

Xue Guanyin was the only person from the star pavilion who had gained enlightenment from the DAO Master.

As for Lan Yue, she was automatically ignored by all the pavilion masters present.

She herself was like a speck of dust. She sat unremarkable among the subordinates of the red leaf branch pavilion and lowered her head without saying a word.

Listening to everyone’s praise for Xue Guanyin, Lan Yue clenched her fists even tighter.

She was only one step away from the pavilion!

Just one step!

A great regret filled her heart.

“Hehe, everyone, please don’t kill this child. Her cultivation is far from enough.” The great eunuch pavilion head said humbly. He looked at Xue Guanyin with admiration.

She had earned him a great deal of face.

Xue Guanyin said calmly, "Seniors, you flatter me. There are many people who are higher than me. For example, Empress Ziwei, and the former member of Our Star Pavilion, Xue Yu. He is the one worthy of Junior's study."

At the mention of Xue Yu, the atmosphere was a little strange.

Many eyes turned to pavilion master Hu at the same time.

He was the only pavilion master who received two invitations.

However, the most important thing was that the first five-spirit king in history was Xue Yu, who abandoned him.

This was a great irony.

"Humph! Indeed, the one who can beat the dust should be the branch of the Sword Pavilion!" A strange tone hummed out.

The other pavilion masters had strange expressions, but they did not say anything.

Pavilion Master Hu's breath was long as he said, "Pavilion Master Shadow Wind is not bad. In the Red Leaf branch under your jurisdiction, Lan Yue has also entered the central area."

Everyone knew how Lan Yue had entered the central area with her cultivation.

It was nothing more than selling her looks. It was despicable.

When Pavilion Master Hu brought this up, it was as if he was slapping her in the face.

As if he had been poked in a sore spot, the eccentric pavilion master Ying Feng's gaze immediately turned cold. "You with the surname Hu, are you mocking me?"

Pavilion Master Hu sneered without saying a word.

When he mocked others, he enjoyed himself.

When he was mocked, he immediately flew into a rage out of humiliation.

Narrow-minded, making others laugh at him!

"If it wasn't for your branch pavilion's Xue Yu, who caused the deaths of white snow sword and Shan Xiong, how would our red leaf branch pavilion have fallen to such a State?" Ying Feng was enraged.

Pavilion head Hu said with reason and justification, "Shan Xiong attempted to kill the pavilion head of his own branch pavilion. He deserved to die! As for White Snow Sword, I believe everyone present here has seen how he died."

Everyone nodded slightly.

It was that young man called Huangfu Lie Yang who died!

PA --

Ying Feng slammed his palm on the table and said angrily, "Hu, don't even think about going easy on me today!"

“What, you want to make a move against me?” Pavilion Master Hu was calm and composed.

Ying Feng glared at him angrily, but he really did not dare to make a move against Pavilion Master Hu.

This person was personally brought back from outside by a pavilion honored guest and had displayed astonishing business talent. He had just been promoted to pavilion master.

Don’t look at how ordinary his cultivation was. He did not even have the level of an overlord, but his status was not necessarily the lowest among the nine great pavilion masters.

“I’ll settle the score with that person with the surname Xue!” Ying Feng said fiercely.

Pavilion master Hu sneered: “That also requires that you have the ability!”

The atmosphere at the scene suddenly became a little strange and fell silent at the same time.

Settle the score with Su Yu? It was probably not up to pavilion master Ying Feng.

After a moment of hesitation, Pavilion Master Tai Gong said publicly, “Pavilion Master Ying Feng, regarding the matter of Xue Yu, I hope you can calm down! Just as Pavilion Master Hu said, the death of White Snow Sword and Dan Xiong was all self-inflicted. You can not blame Xue Yu!”

His seemingly earnest and earnest persuasion actually contained traces of threat.

“That’s right, not only did Xue Yu not do anything wrong, he even earned great glory for our Star Pavilion. Five Spirit King, the successor of the Faceless Living Buddha. TSK TSK, how many years has it been since our star pavilion had such a stunning talent appear in space and time?”

“Hehe, that’s right, we also have the same thoughts. It’s time to invite Xue Yu back. Back then, he was wronged and had to withdraw from the Star Pavilion in a fit of anger. Now that the nine pavilion heads have gathered here, it’s time to settle this matter and invite him back!”

“This pavilion head also agrees. He is a member of our star pavilion and this point can not be changed.”

The nine pavilion heads discussed with great interest to invite Su Yu back, their words filled with excitement.

Ying Feng was secretly furious when he saw this.

What did they mean by inviting Su Yu back? Su Yu had been gone for so long, why didn’t they see who would uphold justice for Su Yu?

And now that Su Yu had been established by the Rumored Dao Master, his future potential was limitless, so they scrambled to invite Su Yu back.

Secretly, Ying Feng's eyes suddenly narrowed, and he looked around at the few pavilion heads present, and couldn't help but laugh.

"Hahaha, everyone has a good plan!" Ying Feng laughed out loud. "The current Xue Yu does not belong to the star pavilion in name, nor does he belong to pavilion head Hu. If we invite him back, who should he belong to?"

Of course, it would be Su Yu who made the decision!

The pavilion heads smiled and did not say anything. Their faces were unfathomable and they tacitly agreed with Ying Feng's words.

On the other hand, pavilion head Hu's expression was a lot uglier.

In terms of ranking, he was not ranked high among the nine great pavilion heads. His departure in the past was also the result of his unfavorable protection.

If Su Yu returned and made a new choice, would he still choose him?

The answer was no!

The other pavilion heads, other than Pavilion Head Ying Feng, were all well-prepared.

It seemed that they had made sufficient preparations to convince Su Yu to join their ranks.

"Everyone, this matter isn't appropriate, right? Since Xue Yu left under my command and returned, he should return to my place. This is the way the rules are enforced." Pavilion Master Hu argued.

Pavilion master Tai Gong said, "Pavilion Master Hu, you are wrong! If it's according to your wishes, Su Yu left because he was the Vice Pavilion Master of the Sword Pavilion Branch. Now that he has returned, could it be that he is going to the small sword pavilion branch to become the Vice Pavilion Master?"

With Su Yu's current strength, not to mention the Vice Pavilion Master of the branch, even the pavilion master was more than enough. Moreover, he was the head of the branch that ranked higher.

"No, I have no such intention. What I mean is..." pavilion master Hu quickly defended himself.

The other pavilion masters spoke up one after another.

"Pavilion Master Hu, don't be unreasonable. The current Xue Yu is no longer the same as before. He is no longer someone you can nurture!"

"That's right! For such a future king of men, it is better for us senior pavilion heads to personally teach him."

... .

Everyone spoke one after another, pushing pavilion head Hu out of the group.

With everyone saying the same thing, he was unable to argue.

Ying Feng felt extremely satisfied as he watched. He had never thought that things would take a turn for the worse and that pavilion head Hu would fall into a situation where he would be surrounded and attacked.

“Hehe, HU, looks like things aren’t going as smoothly as you think!” Ying Feng said mockingly. “Why don’t I give it a try and see if I can invite Xue Yu to join me!”

“You?” Pavilion Master Hu stared at him.

Ying Feng laughed out loud, “Why, is that not possible? We can’t get to know each other without fighting. I also admire his talent!”

He knew that he couldn’t do anything to Su Yu, but fortunately, he took the opportunity to take Su Yu under his wing.

Pavilion Master Hu was furious, this was really going too far!

As the pavilion master with the lowest seniority, he was bullied by the other eight pavilion masters, but he was helpless.

After all, he wasn’t the only pavilion head with a background.

This was especially true for the Grand Elder Pavilion Head. His seniority was the most terrifying. Thirty thousand years ago, he was the only pavilion head of the nine great pavilion heads who didn’t enter the ancient star because he was out on official business. Because of this, he managed to avoid a calamity and still exists today.

His words held great weight among the nine pavilion heads.

He personally said that he wanted to snatch Su Yu, but pavilion head Hu was powerless.

However, thinking about it, pavilion master Hu heaved a sigh of relief.

Su Yu’s life and death were unknown, and his whereabouts were unknown. He didn’t even know where he was, so how could he accept him as his subordinate?

However, almost a moment after he thought about it, the attendants outside the hall hurriedly reported.

“Reporting... reporting to the Nine Pavilion Masters, Pavilion Master Mu has brought Vice Pavilion Master Xue Back!”

What?

The nine pavilion masters who were discussing were all stunned.

Wasn’t Su Yu’s whereabouts unknown? How did he suddenly appear?

But immediately, the nine of them came to their senses and slapped the table together, using their divine power to fly out.

Because of this, they did not hesitate to use teleportation divine arts, rushing out in a rush. They all wanted to be the first to come into contact with Su Yu.

It was a pity that pavilion master Hu's cultivation was too weak. When he was preparing to fly, the eight pavilion masters' seats were empty.

“DAMN!” Hu's slightly fat body flew clumsily, trying to fly out.

Chapter 1712 Old Friends Meet -ThirdhWatchatch)

Outside.

Mu Canghai led Su Yu and walked towards the main hall with a worried expression.

She imagined countless possible scenarios in her mind.

“What if Pavilion Master Shadow Wind insists on doing things his own way and wants to punish Su Yu?”

“What if the other pavilion masters also have an opinion of Su Yu and work together with Pavilion Master Shadow Wind to suppress Su Yu?”

All kinds of unfavorable situations flashed in her mind.

After some deduction, she found that the best situation was only for Pavilion Master Hu to try his best to protect Su Yu.

She couldn't help but feel a little regretful and said, “Su Yu, maybe I shouldn't have promised you before. If not for this, you wouldn't have come back here.”

She thought that Su Yu had returned to the Mystic Crystal Palace for the secret of the black-gray stone.

However, before Mu Canghai could finish his sentence, the space around him fluctuated violently.

Eight extremely powerful divine power fluctuations suddenly descended.

Mu Canghai's heart sank. He shielded Su Yu behind him and his mood sank to the bottom. “Not good, leave quickly! The Eight Pavilion Masters want to harm you!”

Other than this possibility, she really couldn't think of a reason for the eight pavilion masters to appear at the same time.

A cold light flashed past Su Yu's eyes as he secretly activated the Royal Longzun Sword.

If those old geezers really didn't know what was good for them, then he would teach them a lesson based on the risk of a backlash!

Shua Shua Shua --

The Eight Pavilion Masters appeared one after another.

The great grandfather Pavilion Master took a big step forward with a warm smile on his face.

“Hahaha, little friend, I've been waiting for you for a long time!”

Eh?

Mu Canghai was stunned. It seemed that Grand Elder Pavilion Chief's expression was not unfavorable to him?

“Little friend Su Yu, there really is a hero among the young!” Lang ya pavilion chief also squeezed forward with a smile.

“You are Su Yu. TSK TSK, you really are a good-looking talent. It’s rare!” Another pavilion chief squeezed over.

..

“Haha, You Must Be Su Yu, the one who cleaned up the house for me. I would like to treat you to a seat. I wonder if you would do me the honor?”

Mu Canghai’s mind was empty as she fell into a daze.

What had happened to make the eight old fellows, who were usually elusive, so approachable?

The most exaggerated thing was that even Ying Feng had taken the initiative to express his goodwill!

She almost thought that she was dreaming!

Only when she was pushed out by the eight pavilion masters did she wake up from her dream!

At this moment, she saw Pavilion Master Hu stumbling over. She immediately went up to him and supported him. “Pavilion Master, what happened?”

Pavilion Chief Hu’s face was filled with anxiety. “Don’t say anymore. Help me squeeze in quickly. We can’t let them snatch Su Yu away first!”

Ah? Mu Canghai instantly understood what was going on.

These old fellows were actually planning to recruit Su Yu to their side!

Mu Canghai didn’t know whether to laugh or cry when he thought about this.

Based on her understanding of Su Yu, it was probably not something that could attract him with just a few enticements.

Under Pavilion Master Hu’s urging, she had no choice but to help him open the way, forcing Pavilion Master Hu to squeeze in.

When he entered, the eight pavilion masters had already thrown out their bait, especially pavilion master Tai Gong’s bait, which made pavilion master Hu feel powerless.

“Little friend Su Yu, if you join My Pavilion Master, I’ll invite you to be the Pavilion Master of the Sword Radiance Branch! En, and that child, Xue Guanyin. I see that you two are a match made in heaven!”

Not only did he hand over the strongest branch of the star pavilion to Su Yu, he even betrothed the strongest heaven’s favorite, Xue Guanyin!

Pavilion Master Hu found it difficult to speak.

What could his subordinates compare to this?

Su Yu was a little speechless. What happened to making things difficult, and what happened to making things difficult for him?

He had already mentally prepared himself, but in the end, it was all recruitment!

After listening to Pavilion Master Taigong's enticement, Su Yu was speechless and tactfully rejected, "Thank you for your good intentions, Pavilion Masters. This junior needs to consider it carefully."

"Hehe, it's alright. You've only joined the Star Pavilion for a short period of time and don't know much about the star pavilion. Let Xue Guanyin accompany you and explain the details of the Star Pavilion to you." The great eunuch pavilion head was not surprised at all.

The other pavilion heads cursed the old Fox in their hearts.

With Xue Guanyin accompanying him, would Su Yu consider other pavilion heads?

Seeing that the other pavilion heads were about to continue their slander, the great eunuch pavilion head waved his sleeves and forcefully separated the pavilion heads. He smiled at Su Yu and said, "Let's go. That child, Xue Guanyin, has been nagging about you."

Black lines appeared on Su Yu's forehead. This really did not give him a choice!

Moreover, he really did not want to face Xue Guanyin now.

If she did not understand Su Yu's good intentions, she might still hate him now.

Just as Su Yu was thinking of a way to escape, his gaze swept across the group of pavilion heads. From the corner of his eyes, he seemed to have noticed a slightly familiar figure and could not help but look back.

Finally, he stopped at a short and fat figure that was closest to the outside.

His body was slightly plump and he had a handlebar mustache. His eyes were filled with craftiness.

Su Yu was stunned by this face. He actually felt that it was really familiar. He could not help but walk over curiously. He cupped his fists and said, "Sir, have we met somewhere before?"

HMM? Pavilion Master Hu was hanging his head dejectedly with his head lowered. He did not have any hope of recruiting Su Yu back into his subordinates.

When he heard this question, he raised his head in surprise.

Su Yu's face came into view. Pavilion Master Hu was stunned and said, "I am Pavilion Master Hu. Perhaps you have seen me somewhere before?"

Pavilion Master Hu? Su Yu was surprised. So he was the pavilion master who was in charge of the Sword Pavilion branch.

If that was the case, it was possible that he had accidentally seen his portrait or something like that.

"OH." Su Yu nodded and walked past him.

However, he stopped after taking a few steps. He turned his head to look at Pavilion Master Hu, feeling suspicious.

“No...” Su Yu shook his head and said, “I should have seen you a long time ago.”

The long time he was talking about was before he came to the absolute beginning realm.

“Ugh...” Pavilion Master Hu was surprised. However, seeing that Su Yu was interested in him, he was happy. “My real name is Hu Xiaodie. Perhaps, you and I are fated to see my image somewhere.”

“Hu... Xiao... die...” Su Yu muttered, finding it more and more familiar.

His thoughts flowed backward, all the way back to an unremarkable region in the nine regions.

Cang mountain ridge, Yuan family’s shop, elixir shopkeeper, Hu Xiaodie..

“It’s You!” Su Yu said in surprise. He had an unreal illusion.

Back then, he forcibly urged the time and space to reverse, taking the cross-boundary attack of the king of the Central Province, which overdrew his life force and turned him into a white-haired old man.

Later on, he accidentally went to the Yuan family in the Cang Mountains and secretly refined the celestial breaking pill. He gave it to the owner of the pill, Hu Xiaodie, to sell.

Later on, they were coveted and had to give up.

Su Yu gave him a sum of money and sent him far away.

Su Yu couldn’t believe it. He actually saw Hu Xiaodie outside the cage of Taotie!

Hu Xiaodie was a little lost and asked, “You know me?”

It was rare for Su Yu to meet an old friend. He was a little emotional and asked in return, “Have you forgotten me?”

UH --

Hu Xiaodie was at a loss. He really hadn’t seen Su Yu before!

All of a sudden, Su Yu realized the problem. A divine light surged out of his body and his appearance changed.

From a handsome young man with flowing silver hair, he transformed into an old man with white hair and a sage-like appearance.

“Ah! ! It’s You, Old Sir! Our great benefactor! !” The moment this face appeared, Hu Xiaodie’s expression immediately changed and she cried out in surprise.

That’s right, Su Yu had interacted with him as an old man back then, so he naturally did not recognize Su Yu when he was young.

Hu Xiaodie’s facial muscles twitched, showing the incomparable excitement in her heart.

Plop --

Under everyone's watchful eyes, Hu Xiaodie fell to her knees with a plop and repeatedly kowtowed. "Benefactor, please forgive Hu Xiaodie for being blind and not being able to recognize benefactor."

Su Yu quickly helped her up and said happily, "What benefactor? We are old friends. Let's go and find a quiet place to talk."

He was too curious. How did a mortal leave the Cage of Taotie?

It must be known that many powerful dao masters could not escape there even if they wanted to.

Hu Xiaodie was also extremely excited. She held Su Yu's hand and walked to the side hall to talk alone.

The pavilion heads that were left on the floor were all shocked.

"Damn it! There's such a melodramatic thing?"

"God's plan isn't as good as man's. The two of them are actually old acquaintances?"

Even the great grandfather Pavilion Head had a mouthful of blood stuck in his throat. Did he have to be so ridiculous?

Seeing that Su Yu was about to fall into his hands, he ended up doing this!

In the hall, the two of them talked for half a day.

It turned out that after Hu Xiaodie left that day, she was unexpectedly swept away by an evil wind.

When she appeared, she fell into a sea area. She was surrounded by a group of sea beasts in a strange huge formation.

Coincidentally, a pavilion master from the Star Pavilion was investigating this formation nearby. He was surprised by Hu Xiaodie's appearance and background, so he brought her back to the Star Pavilion.

After that, he realized that he was quite accomplished in business, so he started from the bottom and gradually became the pavilion master.

Such a fantastic experience really made Su Yu sigh endlessly.

However, Su Yu noticed that formation.

That pavilion master must have accidentally triggered that formation, causing Hu Xiaodie in the cage to be accidentally sent out by the formation.

If that was the case, didn't that mean that the cage wasn't invulnerable?

If the vile daughter knew about this loophole, would she..

Realizing the seriousness of the matter, Su Yu said, "Remember not to mention this matter to anyone else. It's for your own good, for mine, and for the sake of the Star Pavilion!"

If the vile daughter was released from the cage, the consequences would be unimaginable.

The Sea of constellations civilization could be completely destroyed by the vile daughter with a single thought.

After chatting for a long time, Su Yu finally brought up the matter of rejoining the star pavilion. He said, "It's not that I don't want to. It's just that my current status is special, and I can't trust the Star Pavilion."

Hu Xiaodie immediately understood, she slapped her head. "Look at me, I didn't think of this! You are now rumored to have obtained the DAO Master's legacy. I'm not sure either. Will the three Great Pavilion Masters be interested in You? It's indeed better for you to leave this place as soon as possible."

"But in this way, the promise I made to you to repay your kindness will fall through again."

Su Yu laughed and said, "You ordered Mu Canghai to invite me into the Sword Pavilion Branch. This will be of great help to me. Since I've repaid my kindness, there's no need to hold it against me anymore!"

"Sigh! Benefactor is really as generous as ever! It's a pity that I won't be able to rest in peace if I don't repay your kindness." Hu Xiaodie said, "If there's a chance, I'll definitely repay this kindness!"

Nodding, Su Yu said, "Then I'll return to the peak of ancient corpse sect first. I Won't be showing my face in public anymore."

"That's for the best." Hu Xiaodie said.

Di Di --

Suddenly, Hu Xiaodie's personal jade seal sounded.

His expression changed slightly, and he said, "It's the Chief Pavilion Master and the three pavilion masters who have returned!"

They? Su Yu's expression tensed up slightly.

If it wasn't necessary, he really didn't want to face them.

"Eastern Sea's purple dream emperor, Northern Sea's Snow Dragon Emperor, and southern sea's Emperor Slayer are all here. It seems that they still need to continue their discussion."

Oh? Purple Dream Emperor is here too? Then there's nothing to worry about.

However, Emperor Slayer... Su Yu frowned and had a bad feeling.

Especially the line of fate, there were slight fluctuations.

Chapter 1713 The Bronze Carriage

After some thought, su yu said, "I'll leave first."

Although he had the support of Purple Dream Emperor, it was better to avoid trouble if he could.

Hu Xiaodie said, "That's good too. Use My special carriage to leave the Mystic Crystal Palace."

He wiped his storage device, and a bronze carriage was taken out.

The carriage had a powerful array formation, including attack, defense, and isolation. Moreover, it was all done by the Emperor of Heaven and earth.

Su Yu was secretly surprised. The Star Pavilion gave special treatment to the Nine Pavilion Masters!

Even the carriage was personally forged by the Emperor of Heaven and earth!

With this thing in hand, even if the pavilion master was ambushed by the Overlord of the Mystic Crystal Palace, he would be safe and sound.

The isolation effect of the bronze carriage allowed Su Yu to leave the mystic Crystal Palace easily without being noticed.

Su Yu hesitated. "If I go, I might not be able to return. How can I return this thing to you?"

Hu Xiaodie was in a lot of trouble for losing such a valuable thing.

"Hehe, the honorable Sir Ren Xin has always taken a liking to me. He will only blame me for losing the bronze carriage. It's not a big deal," Hu Xiaodie said straightforwardly.

Su Yu was moved.

He said it was easy, but it was not easy to forge the bronze carriage.

If it was really lost, it would not be just a few words of blame.

"Benefactor, you have remade me. So what if it's just a bronze carriage? Without You, would I still be the person I am now? "Take it. It's best if you can return it to me. If you can't come back, consider it as my gift to benefactor," Hu Xiaodie said.

Su Yu thought for a moment and took out a ten-thousand-year-old golden flame forbidden tree from the nine Jade Spirit Pearl.

"I have nothing else to give you. Take it." Su Yu wrapped it with divine power to prevent the aura of the golden flame forbidden tree from spreading out and stuffed it into Hu Xiaodie's palm.

As the Pavilion Master of the Star Pavilion, Hu Xiaodie's experience was amazing.

He recognized it at first glance and cried out in shock, "Extinct divine tree, Golden Flame Forbidden Tree? And it's ten-thousand-year-old! Hiss! This one can be bought with ten bronze carriages!"

"Shh!" Su Yu made a silent gesture and pointed outside.

Hu Xiaodie understood and lowered her voice. She said hurriedly, "Benefactor, I can't accept such a big gift!"

Su Yu said, "Don't worry, I still have many. You should make good use of this golden flame forbidden tree. I hope it will be of help to your situation in the Star Pavilion."

More than help? Hu Xiaodie was well aware.

How important was the Golden Flame Forbidden Tree to Emperors of Heaven and earth?

The thumb-long section of the Snow Dragon Emperor's birthday was already extremely happy, and he was willing to exchange it with a precious emperor level talisman.

This entire piece was ten thousand times more than that small section!

How many connections could Hu Xiaodie build in the Star Pavilion with this Golden Flame Forbidden Tree?

The other two pavilion masters would probably have to be more polite to Hu Xiaodie.

If the other eight pavilion masters wanted to join forces to bully him, they would have to see the expressions of the three pavilion masters.

His position among the nine pavilion masters would be greatly improved.

"I owe you a huge favor again!" Hu Xiaodie said in embarrassment.

Su Yu smiled. "Alright, I'm leaving now. Take Care."

After that, Su Yu boarded the bronze carriage.

The carriage was engraved with all kinds of array switches. Su Yu activated the isolation array and drove the bronze carriage out of the side hall.

The Pavilion Masters outside the house were stunned.

"Pavilion Master Hu's bronze carriage? Why did he suddenly leave?"

The great eunuch pavilion master knew something was wrong. He flashed to the front of the side hall and knocked on the door. "Little friend Su Yu, Are You Alright Now?"

"Humph!" Hu Xiaodie walked out with her slightly plump body and her head held high.

Great eunuch pavilion master swept his gaze across the room. There was no one there.

He could not help but ask angrily, "Where did you send Xue Yu?"

It was obvious that the person in the bronze carriage was not Hu Xiaodie herself, but Su Yu!

"I have no comment!" Hu Xiaodie said lightly.

Back then, when he faced grand elder, he had no confidence.

But now, touching the storage device, Hu Xiaodie's lips curled into a meaningful smile.

Soon, everything would change.

The bronze carriage left the Mystic Crystal Palace. All the guests along the way saw it and automatically gave way, their eyes filled with reverence.

Only a beautiful figure quietly followed.

Su Yu abided by his agreement with Purple Dream Emperor and didn't leave the imperial city.

He wanted to find a secluded place to hide.

Di Di --

Suddenly, the engravings within the bronze carriage radiated a green light and appeared before Su Yu's eyes.

The green light depicted a complete map of the northern snow country. The streets and shops along the way were incomparably detailed.

"The bronze carriage has such an effect?" Su Yu was astonished. At this moment, the map's display function allowed him to locate his location at any time.

Actually, it wasn't just the imperial city. The maps of the entire sea of constellations were all detailed within the bronze carriage.

If Su Yu wanted to go anywhere, he could use the map to search for it. It was extremely convenient.

"In the entire sea of constellations, only the star pavilion has such an ability, right?" Su Yu secretly sighed in admiration. The amount of manpower and resources required to map the entire sea of constellations was definitely astronomical.

At this moment, on the blue map, there was an exceptionally bright red dot of light.

A line of words appeared near the red dot of light.

"Unknown expert has already followed ten streets. Confirm that he is being followed. Please activate the defensive and attack formations."

Su Yu was stunned. There was an early warning function?

The power of the bronze chariot was far beyond Su Yu's expectations!

However, Su Yu was not careless when he was being followed.

After staring at the red light, Su Yu controlled the bronze carriage to drive towards the southern part of the city. That was the exit of the Imperial City.

In the end, no matter where the bronze carriage went, the red light would follow it.

Su Yu found it a little funny. "Someone actually dared to follow the pavilion master of the Star Pavilion. I wonder what kind of background he has!"

"Stop!" Su Yu ordered. The bronze carriage immediately pulled over.

The Red Dot of light waited for a moment, and when it saw that the bronze carriage showed no signs of leaving, it took the initiative to walk over.

Su Yu smiled coldly, and was ready to activate the defensive and offensive formations.

"Pavilion Master Hu, please don't be angry. I am the successor of the Snow Dragon Emperor, Empress Zi Wei. I have something to see you about!"

The voice of Empress Zi Wei came from outside!

At this moment, the green light in front of Su Yu flashed again, and an image of the outside world appeared.

A cold and beautiful woman stood in front of the bronze carriage and bowed slightly as she spoke. Su Yu was speechless. Why was it her?

Moreover, she mistook the person in the bronze carriage to be pavilion master Hu.

“Ahem, Miss Zi Wei, stop me. What’s the matter?” Su Yu imitated Hu Xiaodie’s voice and asked.

He really didn’t want to directly tangle with this woman. It was better to think of a way to get rid of her as soon as possible.

Empress Zi Wei said coldly, “I want to know where Xue Yu is now!”

She didn’t know where she found out that Su Yu was a former member of the Star Pavilion, Xue Yu!

UH --

Su Yu felt guilty. This woman was indeed unwilling to give up?

Clearing his throat, Su Yu said, “Since you know that Xue Yu is a former person, why are you asking me? How would I know where he is now?”

Empress Zi Wei’s expression didn’t change as she replied indifferently, “Is that so? Since he is someone from the past, why did he rush back to the Mystic Crystal Palace twice and head to the peak of Your Star Pavilion?”

This place was the territory of the northern snow country after all. As the successor of the Snow Dragon Emperor, it was extremely easy for Empress Zi Wei to know every single action within the Mystic Crystal Palace.

“Miss Zi Wei, why are you looking for me? Just tell me directly!” Su Yu said indifferently.

Since she knew that Su Yu had gone to the peak of the Star Pavilion, if she really wanted to look for him, she could go there directly.

Stopping “Pavilion Master Hu” obviously had another purpose.

Empress Zi Wei raised her snow-white eyes, she said quietly, “I want to know, what is the background of Su Yu or Xue Yu? “I have investigated him. He was originally the second young master of a small and unrated family on Twin Star Island. He was originally ordinary and unremarkable, but in one night, he seemed to have changed into a different person! “The most suspicious thing is that he actually requested to enter the yin-yang hot spring and change his appearance to become Su Yu!”

“He should have possessed a body and reincarnated, right? I want to ask Pavilion Master Hu about his details!”

Su Yu's eyes narrowed, and traces of cold light appeared.

He actually investigated him!

This woman really wanted to go against him!

Su Yu said indifferently, "Miss Zi Wei, what if I don't want to tell you?"

"Then I'll Ask Your Sword Pavilion sub-pavilion master! I don't believe that I can't find out his background!" Empress Zi Wei thought for a while, but she couldn't swallow her anger.

It was one thing to be schemed against and eliminated, but she still treated her like that, which caused her fiancé to misunderstand.

She wanted to find something on Su Yu and punish him severely, so that she could vent the hatred in her heart!

Su Yu's eyes narrowed even deeper. Fortunately, he met her in person. If this crazy woman really found Hu Xiaodie, it would be more or less troublesome.

Since she wanted to bring trouble upon herself, then let her have it!

"Alright, I can tell you his background. However, this matter is of great importance. Miss Ziwei, why don't you come and have a chat in the carriage?"

Empress Ziwei looked at the bronze carriage warily. On second thought, with the other party's status and in public, how would she dare to do anything to her?

Therefore, after pondering for a moment, she nodded and entered the bronze carriage.

At the same time, in the crowd.

The heartless Blade Emperor and the limitless sword Saint Brothers appeared from a dark corner.

Heartless blade emperor frowned slightly. "Big Brother, you said that Su Yu would definitely come to look for sister-in-law. If we guard sister-in-law, we will be able to wait for Su Yu. But how could it be pavilion master Hu from the Star Pavilion?"

The limitless sword saint's tensed expression eased slightly. He said, "Perhaps, I have really misunderstood Zi Wei. Such an arrogant woman like her wouldn't stoop to lying. She said that she didn't have an affair with Su Yu. It's very likely that she really didn't."

After calming down for a while, sword Saint Wuji slowly came back to his senses.

In addition, he had followed Empress Ziwei all the way and found that she didn't meet Su Yu as he had imagined. The knot in his heart had mostly been resolved.

Ruthless Blade Emperor's lips moved. He wanted to sow discord, but facts spoke louder than words.

His future sister-in-law might really have been wronged.

Sword Saint Wuji was in a slightly better mood. "Let's wait. After Ziwei comes out, I want to have a heart-to-heart talk with her. As long as she's still pure, I can apologize to her."

In the bronze carriage.

Empress Zi Wei followed the opening of the restriction and jumped into the carriage.

She first bowed without raising her head. "I'm sorry for my offense. Please forgive me, Pavilion Master Hu."

"Hehe, I didn't realize that you had the slightest intention of apologizing!" Su Yu teased.

HM? Empress Zi Wei sensed that something was wrong with her voice and suddenly raised her head.

Chapter 1714 Crazy Crape Myrtle

"Why is it you?" Empress Crape Myrtle was stunned and cried out involuntarily.

She had never expected that the owner of Pavilion Master Hu's exclusive bronze carriage would be Su Yu!

"It's very surprising, isn't it? I'm also very surprised that the ice-cold beauty empress crape myrtle, who keeps people thousands of miles away, would miss me so much," Su Yu said with a faint smile.

Empress Ziwei looked guilty.

What she said to "Pavilion Master Hu" just now was all heard by Su Yu himself.

This scene was as awkward as it could be.

Even someone as cold and arrogant as her couldn't help but feel embarrassed.

However, after so many years of cold and arrogant habits, her cold and arrogant face remained the same. She snorted without thinking, "Su, you're so despicable. You actually pretended to be pavilion master Hu to test my words!"

Su Yu could not help but laugh. "Nonsense! Am I going to stop you, or are you going to stop me? Am I going to investigate your background, or are you going to investigate my background? Who Do you think is despicable?"

Empress Zi Wei's face turned slightly red.

She had never disdained to investigate anyone in secret, and she had never done so before.

The only time she was caught red-handed by the main character was when she was extremely embarrassed.

However, she was not someone who would easily admit defeat?

"Su Yu, that's enough! I've tolerated you for a long time!" Empress Zi Wei tried to hide her emotions and shouted.

Su Yu snorted coldly, "Unfortunately, I've tolerated you for a long time too! You've been giving way to me again and again, yet you're being so aggressive!"

Receiving such an answer, it undoubtedly infuriated Empress Zi Wei even more.

“HMPH! It’s better if it’s you. It saves me the trouble of Asking Your Pavilion Master. I’ll just ask you directly!” Empress Zi Wei brazenly made her move. “Glacial Feast!”

Su Yu laughed angrily.

He pressed his palm on the defensive runes. Instantly, the interior of the bronze chariot shone in all directions and condensed into a horsetail whisk.

Tens of thousands of threads spread out from the horsetail whisk, forming a huge umbrella cover.

The ice that erupted from the glacial feast invaded the umbrella cover, but it was like snow meeting spring, quickly dissipating.

The rest of the cold air that hit the walls of the bronze chariot was immediately repelled. It was extremely sturdy.

Empress Zi Wei’s expression changed slightly.

She had long heard that the bronze chariot was extremely powerful. Even the Snow Dragon Emperor had praised it.

With just her, she couldn’t do anything to the bronze chariot’s defense.

Empress Zi Wei said angrily, “Su, consider yourself lucky. We’ll see!”

She withdrew and retreated.

However, how could Su Yu grant his wish?

“You’d better not leave!” Su Yu said coldly.

He pressed on the attack runes and immediately activated the bronze chariot’s attack mode.

Creak --

The bronze chariot’s door closed.

Empress Zi Wei’s path of retreat was cut off.

She said angrily, “What do you think you’re doing?”

Su Yu said coldly, “What do you think? As long as you harm me, you won’t allow me to attack you?”

Rays of green light shot out from the inside of the bronze chariot, forming a net that enveloped her from all directions.

Empress Zi Wei gritted her teeth and instead of retreating, she advanced. She took a step closer to Su Yu, intending to capture him first.

However, the defensive horsetail whisk was extremely powerful. With a spin, it easily repelled her.

At the same time, the green light closed in, forming a cage that trapped Empress Zi Wei in the middle.

Empress Zi Wei immediately used a powerful divine art in an attempt to blast it apart, but it was useless.

Even if she forcefully used the “Meteorite ice calamity” that she had not yet fully cultivated, she was helpless.

After a long while, Empress Zi Wei was panting and glared at Su Yu angrily. “I don’t believe that you dare to do anything to me!”

This was the territory of the Snow Dragon Emperor. If she died or was kidnapped and left, the Snow Dragon Emperor would be the first to know.

Su Yu smiled. “You don’t seem to understand your situation!”

With a snap of his fingers, the green light rapidly approached and the space was continuously compressed.

No matter how Empress Zi Wei resisted, she was still wrapped up like a dumpling. Her hands and feet were tied, and even standing was difficult.

What was even more amazing was that the green light had an extremely strong suppressive effect. It compressed all the cold air and divine power in Empress Zi Wei’s body into her body and could not be released.

“Surnamed Su, unless you kill me, I will never give up!” Empress Zi Wei was not afraid at all.

Su Yu smiled and went forward to poke her shoulder with his finger.

Instantly, she staggered and immediately fell to the ground.

It was a face-down method!

“Ah! Surnamed Su, I will not forgive you!” Empress Zi Wei cried out indistinctly with her face down.

Su Yu chuckled. He lifted her up with his dirty hands and flipped her over, laying her on the ground.

Su Yu stood with his hands behind his back, looking down at her peerless beauty and that astonishing beautiful figure.

Empress Zi Wei’s face was slightly red. She did not know why, but wherever Su Yu’s gaze landed on her body, there was a slight tremble.

She had a feeling that her entire body had been seen through!

She had always been pure and innocent. Let alone being seen through, she had not even been touched by anyone.

Su Yu’s gaze made her feel fear for no reason. Her voice was a little shaky. “You, what are you doing to me?”

“Hehe, what are you trying to do? Didn’t my gaze explain it clearly?” Su Yu smiled evilly. He pressed his five fingers together, and the green light contracted once again.

Chi La --

Empress Zi Wei's treasured clothes were shattered by the green light.

Her flawless jade-like body was revealed in front of her eyes.

"Ah! ! You! !"Empress Zi Wei was both embarrassed and angry. She wanted to cover her sensitive parts, but her body was restrained and she couldn't block it at all.

What made her especially embarrassed and angry was that the more she struggled, the more her stunning figure was revealed.

But instead of struggling, it gave the feeling that she had accepted Su Yu's fate and allowed him to look down on her body greedily.

However, she clearly underestimated Su Yu.

Not only did Su Yu look down on her, he even took out a jade formula and clearly recorded her current scene without missing a single detail.

"Surnamed Su, it's fine if you look at it, but what do you want to do by recording it?"Empress Zi Wei noticed Su Yu's actions and couldn't help but be furious, so much so that she didn't realize the problem in her words.

Su Yu sneered, "Oh? You Mean, I think it's allowed?"

Empress Zi Wei's words stopped. She gritted her teeth and stopped struggling. She turned her head to the side and closed her eyes as if she was resigned to her fate. She snorted, "Do I have the right to not allow it?"

Su Yu couldn't help but be moved by this scene of people gathering.

The evil thoughts in his heart grew like wild grass.

A strong voice was telling him, "Take her, take her, she will be yours from now on."

Su Yu's mouth was dry.

Fortunately, his willpower was better than others. He forcefully stopped the evil thoughts and his eyes regained their clarity.

The jade seal was retracted and Su Yu tapped on the green light. At the same time, he threw down a piece of his clothes and draped it over her, carrying her on his back, he said, "I hope that the entanglement between us will end here. Don't investigate me anymore. Otherwise, I don't mind spreading this jade seal across the world!"

"You're despicable!"Empress Zi Wei clutched onto Su Yu's clothes and put them on messily, revealing a snow-white chest and a pair of slender and round legs.

Su Yu said indifferently, "Say whatever you want, but don't doubt my words. Let's Go!"

Creak --

The bronze carriage door opened.

Empress Zi Wei clenched her fists tightly. At this moment, she wished that she could die together with Su Yu.

Especially when she thought about how Su Yu had seen her naked and recorded that video, she felt as if thousands of ants had possessed her body. Her entire body could not help but tremble and go numb.

However, when she saw the defense in front of Su Yu and that powerful attack, Empress Zi Wei was unwilling to leave the bronze gate.

Only when she was about to leave did she say fiercely, "Su Yu! I will remember you!"

With that, he turned around and got off the bronze carriage.

The Wuji Grand Swordmaster, who had been waiting outside for a long time, immediately recognized that it was Empress Ziwei when he saw a proud figure walking out.

He immediately went up to her and said, "Ziwei..."

Empress Ziwei turned her head to look and was slightly surprised, but then she thought about it and said coldly, "Are you following me?"

At this moment, the Wuji Grand Swordmaster's pupils shrank as he stared at the clothes that Empress Ziwei was wearing without blinking.

That was a man's clothes!

Furthermore, Empress Zi Wei's legs were trembling slightly, and her face was abnormally rosy.

Furthermore, her clothes were in a mess..

Any man would have his imagination run wild.

The heartless sword saint stared at the clothes and said in shock, "It's Su Yu's clothes? He was wearing this on the ancient dream altar!"

What? It was him? The limitless sword saint suddenly shot a glance at Empress Zi Wei's eyes. His face was livid, and his entire body couldn't help but tremble. He could even feel the cold air under his feet as he gasped, "Zi Wei, who is that in the bronze carriage?"

He was still hoping that he was lucky, hoping that his guess was wrong.

Empress Zi Wei had always disdained to defend herself. She sneered, "It's Su Yu! HMPH, you followed me because you suspected that my relationship with Su Yu was unclear. Now that you have your wish, I have met Su Yu. So What?"

What she said was just words of anger.

However, in the ears of the limitless sword saint, it was Empress Zi Wei who admitted to having an affair with Su Yu.

At this moment, the limitless sword Saint felt that the sky was dark, the Sun, the Moon, and the stars were spinning, and everything in front of him was dark.

He was instantly stunned and didn't move at all.

“Don’t follow me anymore, you’re disgusting!”Empress Ziwei snorted coldly and left

At this moment, the limitless sword saint finally came back to his senses. His eyes were so gloomy that they looked like they were about to drip out of water. He shouted in a low voice, “B * Tch! Stop right there!”

“HMM? What did you call me?”Empress Ziwei turned around coldly and stared at the limitless sword saint coldly. “B * Tch? Hehe, is Ziwei that bad in your heart?”

No one had ever described her like that. Even the most hateful Su Yu had never called her a B * Tch!

The only person who had ever called her that was her fiancé.

In comparison, it was laughable.

Sword Saint Wuji drew his sword in anger, and the clanging sound of his sword rang out, he was extremely cold. “Shut up! You B * Tch, you still want to hide it even now? “First, I chose to forgive you for what happened in the Mystic Crystal Palace. Now, you’ve traveled thousands of miles to find Su Yu and have an affair in the bronze carriage! “You still have the face to explain?”

Empress Ziwei’s eyes were filled with disappointment and mockery.

Her fiancé, whom she had been with for many years, turned out to be just a stranger who did not trust her at all.

As a person, she disdained to commit adultery and even more disdained to cover up and lie.

However, the Wuji Grand Swordmaster was adamant that she was trying to explain herself.

The bronze carriage had already suffered enough from Su Yu’s cowardice and was even caught by Su Yu to blackmail her.

As she was mentally and physically exhausted, she originally planned to find a reliable person to discuss how to get rid of Su Yu.

But in the end?

A trace of sadness lingered in her heart. Her eyes gradually turned crazy, she laughed hysterically. “Yes! “I, Zi Wei, am a slut. I fell in love with someone else and fell into Su Yu’s arms. What’s wrong? “I just got into his bed from thousands of miles away. What’s wrong? “Not only that, I also gave him my first time. What’s wrong

“I, Zi Wei, Am Su Yu’s woman. I follow him wholeheartedly. This is the truth! !”

She stared coldly at the limitless sword saint and mocked, “Are you satisfied? HMPH! Don’t ever come to see me again!”

After saying that, she teleported away.

What was left behind were three rhetorical questions that echoed throughout half of the imperial city.

Those who heard it were all shocked and dumbfounded.

It was to the extent that the boiling imperial city seemed to have been frozen in time and space.

It was only after a long while that it began to boil with ten times the intensity.

Chapter 1715 The Battle Of The Emperors

“F * ck, did I hear it wrong? That can’t be the voice of Empress Zi Wei!”

“I’m afraid so, but is what she said true?”

“Su Yu has already taken the crown of Empress Zi Wei? No, she’s already Su Yu’s Woman!”

“She even said that she would follow him wholeheartedly? This, this is impossible...”

In the royal capital, cries of grief could be heard.

Just like that, the number one beauty of the Sea of constellations had been defeated!

“Uh, let’s stay away from sword Saint Wuji. He might be feeling a little uncomfortable right now.”

“Hiss! It’s all thanks to your reminder that I should focus on cultivating in my cave abode during this period of time.”

“Me too. The successor of an enemy emperor has always been filled with killing intent. It’s already good that he hasn’t gone crazy after encountering such an exciting situation. Let’s go, Let’s Go!”

As the person involved, sword Saint Wuji stood rooted to the ground, unable to extricate himself for a long time.

Even his younger brother, heartless blade emperor, who was determined to sow discord, could not help but feel pity for him at this moment.

Wasn’t this scene a little too tragic?

If it was him, he might not have the courage to live on.

“Su! Yu! !”After a long time, sword Saint Wuji raised his head and roared furiously.

His eyes were replaced by a crazed look.

“I’ll kill you!”Sword Saint Wuji was furious. He held his sword and rushed toward the bronze carriage.

In the carriage, Su Yu had a clear view of the outside world.

After hearing Empress Ziwei’s announcement., the corner of Su Yu’s mouth twitched. “This stinky woman splashed herself all over herself. Why did she bring me into the water? This is great. Not only will the emperor kill me, even the Snow Dragon Emperor will pursue me to the end!”

Looking down at the jade seal that was crushed in his palm, Su Yu smiled bitterly. “It seems that she has been provoked too much!”

He had no intention of using this to threaten Empress Zi Wei. He was just trying to scare her so that she would know the difficulty and retreat.

Who would have thought that after two blows, Empress Zi Wei would immediately flip out!

Moreover, this flip out had caused great trouble.

Seeing sword Saint Wuji charging over like a madman, Su Yu didn’t dare to stay in the imperial city any longer.

“Senior purple dream emperor, it seems that you can only look for me outside the city.”

Before sword Saint Wuji could charge over, the bronze carriage rushed out with a swoosh and headed straight for the chains of the Imperial City.

“You want to leave?” Sword Saint Wuji roared, “Father Emperor, please show yourself!”

He crushed a piece of white bone.

Not long after the white bone was crushed, an aura that caused the entire imperial city to tremble suddenly appeared!

Three meters behind sword Saint Wuji, an emperor appeared.

He frowned slightly, “What’s so important that you sent the highest level signal? I’m discussing important matters with the head pavilion master and a few other emperors!”

Sword Saint Wuji turned around and revealed a twisted and ferocious face. He said, “Father, I beg you to help me kill Su Yu!”

“Su Yu?” Emperor Slayer was slightly surprised by his son’s expression.

Ever since he was young, he had always taught his two sons to be strong and steady.

Wuji was like what he had taught him -- steady and restrained. This was the first time he had lost control of his actions like this.

“What’s wrong with Su Yu?” The emperor asked.

Heartless blade emperor recounted everything that had happened.

After hearing this, the emperor remained indifferent, but there was a hint of killing intent in his eyes.

“Follow me.” The emperor was expressionless.

Heartless Blade Emperor’s eyes were filled with joy. Finally, his father’s killing intent was aroused.

Over the years, his father rarely displayed his killing intent. It was only when he killed the few enemies on his neck that his killing intent was revealed.

After that, whenever he showed his killing intent, he would fight to the death. There was no exception.

“Su Yu, you’re dead meat!”Heartless blade emperor sneered.

Shua --

The Heaven and Earth Emperor Turned Heaven and earth upside down with a thought.

Before Su Yu reached the exit, a tall figure with a skeleton around his neck landed in front of the bronze chariot.

The bronze chariot sensed danger and automatically activated its defense.

A horsetail whisk flew out of the bronze chariot and blocked in front of the bronze chariot.

The Emperor Slayer put his hands behind his back and took a step forward.

This step seemed to contain endless mysteries as numerous law chains lingered under his feet.

The horsetail whisk dissipated in an instant and the bronze chariot was forced to stop by a mysterious force.

“You are Su Yu?”The Emperor Slayer said indifferently.

The bronze chariot was clearly sealed, but the emperor Slayer’s eyes seemed to ignore the bronze chariot and pierced through it, looking straight at Su Yu.

Su Yu’s heart pounded violently, and the thread of fate fluctuated violently.

The other party didn’t reveal his identity, because there was no need for him to do so.

That Aura, that image... other than the emperor-slayer of the southern sea, there was no other person in the Sea of constellations!

Under the cover of his aura, the entire bronze chariot shook violently, as if it would collapse at any moment.

Su Yu sighed helplessly. In the end, he couldn’t avoid it.

The bronze chariot could not protect him either.

Opening the bronze chariot, Su Yu walked down and looked straight into his eyes. He said indifferently, “Yes!”

Emperor Slayer was slightly surprised. This person actually dared to look straight into his eyes without any fear.

“As expected of the five spirit king of the ancient dream altar. As expected of a mutant.”Emperor Slayer said expressionlessly, “Then dying in my hands won’t be considered dirtying my hands!”

As soon as he finished speaking, Emperor Slayer attacked like a shadow. His index finger lightly tapped on Su Yu’s glabella.

A majestic power suddenly attacked.

In an instant, Su Yu felt as if his life was swaying.

He was only one step away from death.

At this moment, a small green sprout appeared on Su Yu's glabella.

The green sprout grew rapidly. With Su Yu's glabella as the root, it grew into a hundred-foot-long purple divine bamboo.

Kacha --

The divine bamboo split open from the middle, and a graceful woman covered in purple clouds walked out.

Her expression was calm, and there was neither joy nor sorrow. She was better than a fairy who did not live in the mortal world.

With a flick of her finger, she sent the emperor killer flying back.

At the same time, the limitless sword saint and heartless blade emperor rushed over.

Looking at the scene before him, heartless blade emperor stared at purple dream emperor and said, "Father, it's this woman. She is Su Yu's backer! Punish Su Yu, and it's best to punish her first!"

Sword Saint Wuji's face was twisted with killing intent as he roared, "B * Tch! The emperor is here. If you don't want to die, get lost!"

Purple Dream Emperor frowned slightly as he looked at the two of them and then at the Emperor Killer, he said indifferently, "This is the second time you have humiliated me. The last time, I let bygones be bygones for your sake. This time, should I do it or should you do it yourself?"

"Get lost!" Sword Saint Wuji shouted coldly. "I'm in a bad mood, and I don't have time to accompany you..."

"Let me do it!" Emperor Slayer sighed in disappointment. He turned around and looked at sword Saint Wuji and heartless blade emperor. "Come here and stand in front of me."

Huh? The two of them didn't understand and walked over in confusion.

As soon as they got closer, Emperor Slayer slapped them on the face with both hands, causing them to roll and spurt blood.

The two brothers only stopped after smashing several small mountains.

Sword Saint Wuji covered his face and said in shock and anger, "Father, why did you hit me?"

His younger brother, ruthless blade emperor, was also confused.

Emperor Slayer looked at them indifferently. "I'm not hitting you, I'm saving your lives! I hope you remember this slap and don't make the same mistake again. Otherwise, I might not be able to save you in time next time."

The two of them were even more confused.

The limitless sword saint couldn't help but stare at the Purple Dream Emperor. He asked in puzzlement, "Imperial father, is her status not ordinary?"

The Emperor Slayer nodded calmly. "She is indeed not ordinary. In terms of seniority, perhaps I should address her as senior."

Ah? The limitless sword saint and the heartless blade emperor were stunned at the same time.

As the Emperor of the world, his father actually had to address that woman as senior!

With such a high status and the fact that she was a woman from the sea of constellations, there could only be one possibility!

"She... could she be... The Purple Dream Emperor?" Heartless Blade Emperor's throat was dry. He couldn't believe his eyes.

Among the three great emperors, the most low-key emperor.

He almost never showed his face, and he didn't interact with any of the factions in the Sea of constellations.

As a result, the northern snow country's Mystic Crystal Palace had never set up a mountain peak for guests from the Eastern Sea.

For such a grand event like the ancient dream altar, not a single person from the Eastern Sea had come to participate. This showed how low-key this woman was.

As a result, very few people knew of her true appearance.

However, no one would look down on her just because she was low-key.

A sovereign of Heaven and earth born from the Enlightenment of a dao master was far more powerful than an ordinary sovereign of heaven and earth.

Moreover, she also had that vague relationship with a dao master.

The eyes of the limitless sword God contracted. He had once heard from his imperial father that the Purple Dream Emperor was the first sovereign of Heaven and earth in the Sea of constellations, and her strength was unfathomable.

Back then, during the Corpse Race's calamity, several great sovereigns had participated in the battle and were all injured.

Only the Purple Dream Emperor was safe and sound!

According to his imperial father's conjecture, the strength displayed by the Purple Dream Emperor during the corpse race's robbery was only a portion of her strength.

Recalling that he had insulted such an existence twice, the limitless sword saint woke up from his rage and felt a chill down his spine.

No wonder his father said that slapping them was to save them.

If the Purple Dream Emperor was the one who did it, would it be over with just a slap?

Thinking of this, the limitless sword saint lowered his head and didn't dare to look at the Purple Dream Emperor.

Seeing this scene, Emperor Slayer was slightly disappointed.

In terms of age, he was older than Su Yu by a generation, but in terms of temperament, he dared to meet Su Yu's gaze. Sigh..

"I didn't expect that his backer would be you," Emperor Slayer said indifferently.

The purple dream emperor said leisurely, "You can say that. He is now one of my people. Why did you kill him?"

Emperor Slayer replied, "To seek justice for a useless child."

The purple dream emperor seemed weak, but his attitude was firm and didn't allow anyone to interfere.

"Whether or not my people owe others justice, it's not up to your love to decide. It's not up to you either." The purple dream emperor said, "It's up to me to decide."

Su Yu was secretly amused. He couldn't tell that the purple dream emperor was quite overbearing.

This time, the Emperor Slayer should know the difficulty and retreat, right?

The fluctuation of the line of fate was very slight. This matter should end here, and it should turn into a small matter.

"No!" The emperor-slayer grabbed the skeleton around his neck with his five fingers. "I, the emperor-slayer, want to kill. Heaven and Earth can not stop me. This is my path of slaughter. You can not stop me! He must die!"

The emperor-slayer pointed at Su Yu, and the path of slaughter locked onto him from afar.

A feeling of being targeted by death immediately filled Su Yu's heart.

"Is that so? Then come and experience your dao of slaughter." The Purple Dream Emperor wasn't afraid at all. There were no ripples on his face.

Chapter 1716 The Emperor's Corpse Perplexing Trace

Her tone didn't have the slightest bit of fireworks. It was so calm that it seemed as if she was telling an extremely ordinary story.

It was as if what she said wasn't in a fit of anger. Instead, she really wanted to experience the way of killing emperors.

Even if the two emperors' gazes met, it was enough to cause the law chains to become chaotic.

The heavy atmosphere swept across the entire North Sea with the two of them at the center.

From the smallest to the smallest, the Emperor of Heaven and earth, and all the living beings could sense the abnormal changes in the world.

This was an abnormal sound that would only appear every time there was a disaster. Every time it appeared, it would cause an unimaginable amount of destruction.

The feeling of fear filled the hearts of all the living beings.

Their gazes seemed to sense something as they gathered towards the imperial city of the northern snow country.

“This is exactly what I want. I also want to see the bottom line of Emperor Purple Dream’s strength!”The killing Emperor’s battle intent shot out.

The battle between the two emperors was about to erupt at any moment!

At this moment, four majestic auras rushed over.

They carried a majestic power that came from the desolate era and shook all directions.

Four majestic figures appeared between the two emperors and blocked their auras that were about to explode.

Amongst the four figures, Emperor Snow Dragon’s body emitted cold air as he said, “Are the two of you planning to tear down my Imperial City?”

The battle between the Emperors of Heaven and Earth would definitely destroy one side.

The emperor-killing emperor was expressionless as he stared at Emperor Purple Dream. “Let’s continue in another place!”

Purple Dream Emperor had a casual expression on his face as if he was willing to play along.

“The two of you, let’s stop here. Don’t injure your vitality before the corpse clan’s calamity arrives.”A pavilion master from the Star Pavilion, who was also the Lady Pavilion Master who led the people from the Star Pavilion to the ancient dream altar, shouted.

When the words ‘corpse clan’s calamity’ entered the Emperor Slayer’s ears, his expressionless face fluctuated.

After pondering for a long time, he said, “Alright, as long as Purple Dream Emperor doesn’t block my path of slaughter!”

The pavilion master looked at purple dream emperor and bowed, “Purple dream emperor, can you not make things difficult for him on account of our Star Pavilion?”

Purple Dream Emperor stroked his three thousand black hair. His expression was graceful like a bamboo leaf in the wind.

However, his reply was filled with formless dominance, “No.”

The Woman Pavilion Master’s expression was slightly stifled as she looked awkwardly at the Emperor Killer.

The emperor killer said indifferently, “Purple Dream Emperor, why do you insist on blocking my path of killing intent? Do you know what Su Yu has done?”

The purple dream emperor said indifferently, “I don’t know, and I don’t want to know!”

Such a short and straightforward reply gave the heaven and Earth emperors present a headache.

It was said that emperor purple dream was a loner, but now it seemed that it was indeed true!

It was really too difficult to deal with.

“In that case, no one should stop me!”The emperor said indifferently, “The people I am determined to kill have no reason to survive.”

After a pause, he looked at the snow dragon emperor, “This matter is related to your beloved disciple Empress Zi Wei. She broke the engagement and slept with Su Yu. Can you just stand by and watch?”

What? The emperors of Heaven and earth were discussing important matters with the Chief Pavilion Master of the Star Pavilion. They had no idea about the announcement of Empress Ziwei’s love.

Hearing that their disciple had done such a dirty thing, the Snow Dragon Emperor could not help but get angry and said, “Are you serious?”

The emperor-killing emperor said, “Your beloved disciple admitted it personally.”

The Snow Dragon Emperor Glared at Su Yu and said coldly, “Since you are the representative of the ancient corpse sect, then there are some things that you should explain!”

The expressions of the world emperors changed at the same time.

As the representative of the ancient corpse sect, this matter wasn’t a secret.

The matter they were discussing just now happened to be related to the ancient corpse sect. It was nothing out of the ordinary for Su Yu to be held accountable by them.

The Three Pavilion Masters of the Star Pavilion, including that Woman Pavilion Master, didn’t stop them in silence.

It was indeed necessary for Su Yu to properly examine the matter.

The sovereign of Heaven and Earth of the Star Pavilion stood by and watched. In that case, the three sovereigns of the sea of constellations would form a situation where two sovereigns would face off against one.

The sovereign who killed the Emperor joined forces with the sovereign of snow dragon, so he was much more confident now. He said, “Sovereign of Purple Dream, do you still want to stop me?”

The battle between the sovereigns, which had originally been peaceful, did not end. Instead, it worsened!

The destruction caused by the battle between the three sovereigns was immeasurable.

Purple Dream Emperor’s expression was calm as she said, “Of course.”

She swiped her finger and a purple seedling started to grow.

Waves of primal energy accompanied the growth of the seedling and continued to be released!

Although the Emperor Slayer and the Snow Dragon Emperor were wary of this woman, it was still two against one and they were much more confident. At the same time, they released primal energy to fight against Purple Dream Emperor together.

The primal energy of both sides instantly came into contact.

Within the area of contact, fragments of the law chains that were faintly discernible flew out in all directions.

“Quick, Dodge!” The expressions of the nearby experts all changed dramatically, and they all retreated, afraid of being injured by the fragments of the law chains.

However, the sudden attack of the three emperors and the power of the fragments weren’t something they could dodge.

Most of the people, including Su Yu, were covered by the splinters.

Seeing that the situation was going to be disastrous, a huge palm suddenly slashed across the sky above the imperial city.

The huge palm grabbed down and grabbed all the splinters of the law chains.

At the same time, it also grabbed away the wild and violent power released by the three emperors.

“Let’s end it here.” A magnificent and ethereal voice that was like the Great Dao of Heaven and earth resounded in the sky above the imperial city.

The emperor-killing emperor and the Snow Dragon Emperor revealed fear and even hidden fear in their eyes.

Su Yu’s entire body trembled. When that huge palm appeared, it gave Su Yu an extremely terrifying feeling.

His entire body, soul, and body were instinctively terrified.

From what Su Yu had experienced along the way, unless it was an existence that was so powerful that it made him suffocate, a similar situation would never occur.

The Pavilion Masters of the three great star pavilions bowed respectfully at the same time.
“Welcome, Head Pavilion Master!”

It was indeed him!

The rumored number one expert of the Sea of constellations, the Head Pavilion Master of the Star Pavilion, the double-crowned emperor!

Back then, the Battle of the ancient corpse calamity was even more world-famous!

A supreme divine art cleansed all living beings infected by the ancient corpse, pulling the sea of constellations back from the brink of destruction.

Shua --

Black and white light gathered in the sky above the world, forming the shape of Tai Chi.

Under the light, a figure shrouded in yin and yang appeared.

He was the Chief Pavilion Master of the Star Pavilion!

No one knew his name, and no one had seen his true appearance.

Even the three Great Pavilion Masters of the Star Pavilion had never had the chance to admire the chief pavilion master’s holy appearance.

He had always been shrouded in Taiji light.

Was that the General Pavilion Master of the Star Pavilion? Su Yu felt a deep pressure.

“With a great enemy in front of us, it’s not wise to fight for personal gain.”The general pavilion master said faintly.

The emperor killer said, “But I’ve already made a killing oath. It’s embedded in my path of slaughter. If I don’t complete the oath, it will harm my path.”

He was able to become an emperor today because he had completed his oath time and time again and stepped onto the Dao of slaughter.

The pavilion master pressed down with his five fingers and grabbed at the air. A pitch-black chain appeared above the emperor’s head.

There was an obscure gray object embedded in the chain.

Kacha --

As the pavilion master exerted force with his five fingers, this obscure object was crushed on the spot.

Following that, he pressed down with his five fingers and pressed the pitch-black chains into the head of the emperor-killing emperor.

With just a raise of his hand, he was able to control the law chains. This kind of divine skill caused all the emperors present to be shocked.

“Is this the strength of a double-crowned emperor?”The emperor-killing emperor muttered in a daze as the reverence in his eyes deepened.

With that casual move just now, it would be extremely easy for the head pavilion master to destroy his path of slaughter!

“The oath of slaughter has been removed. Are there any other questions?”The head pavilion master asked.

The emperor killer sighed and replied, “No.”

The Head Pavilion Master had personally resolved the conflict between them. could he still say no?

“Then what about you?”The head pavilion master looked towards the Snow Dragon Emperor.

The Snow Dragon Emperor cupped his fists and replied, “Reporting to the head pavilion master, Su Yu has sullied my Disciple’s innocence, destroyed her reputation, and broke her engagement. Please make the decision, Head Pavilion Master.”

The Chief Pavilion Master pondered for a moment, he said, “Since they are willing and willing, there is no sullyng! Since it has already happened and there is no turning back, Emperor Snow Dragon, why don’t you let me make the decision and let the two of them get married?”

Emperor Snow Dragon was speechless. How could this be?

He wanted to severely punish Su Yu. How could he agree to let Su Yu benefit for no reason?

“Or is it that men and women are having an affair, and I have to punish each of them fifty times?”The head pavilion master said.

In other words, he wanted to punish Empress Zi Wei as well.

The Snow Dragon Emperor was secretly angry. It was obvious that the head pavilion master was biased toward Su Yu!

However, he didn't dare to be displeased and said, “Then... Let's just let this Go!”

“But...”the snow dragon emperor said again, “We can't let the matter of him fornicating with the ancient corpse sect go so easily.”

The Emperors of Heaven and earth all had serious expressions.

No matter how small the matter was, it couldn't be ignored if it was related to the ancient corpse sect.

The head pavilion master said indifferently, “I guarantee that he isn't a spy of the ancient corpse sect.”

Ah?

Everyone was shocked. The Head Pavilion Master of the Star Pavilion had personally vouched for Su Yu to prove his innocence?

Even Su Yu himself couldn't help but be stunned.

Looking at the chief pavilion master, Su Yu was puzzled.

“I can also prove this!”A voice came from the direction of the Mystic Crystal Palace.

It was Mo Canghai, who was holding a jade seal in his hand. He hurried over.

The snow dragon emperor frowned slightly. “Why would a mere branch pavilion master like You Be Here?”

Mu Canghai didn't say a word. He crushed the jade seal and an image appeared in the air.

At the bottom of the ice-cold Lake, there was snow-white ice and countless ice-sealed coffins.

The scene in front of them didn't affect the emperors.

However, when the ice-sealed coffins appeared in front of their eyes, everyone's expressions changed.

“Corpse Clan's transformation?”Emperor Slayer's expression changed. His eyes were filled with memories of fear.

How could he forget that the most terrifying thing about the corpse clan was its transformation!

They could transform any creature of any race into the corpse race, and turn those experts into their people.

It was precisely this kind of heaven-defying ability that caused the ancient corpse calamity back then.

After the battle back then, the three great corpse kings swore that they would never do anything to harm the sea of constellations ever again.

The first rule was to prohibit the transformation of ancient corpses.

However, the shocking frozen coffins were all recounting a shocking secret that sent chills down their spines!

The ancient corpse race had broken their contract!

They had been preparing to make a comeback for many years!

Emperor purple dream blinked her beautiful eyes and her expression was solemn, "It seems that the head pavilion master is right. The corpse race can not be trusted. The calamity is coming again. It is completely correct for us to strike first and gain the upper hand."

A few days ago, the Head Pavilion Master of the Star Pavilion sent a message to the three sovereigns of the universe in the Sea of constellations and summoned the three pavilion masters in the pavilion.

There was only one thing they were discussing.

It was very likely that the calamity of the corpse clan would return!

In the end, he was right!

Emperor Snow Dragon hurriedly shouted at Mu Canghai, "Where did you come from?"

Mu Canghai said indifferently, "The one you suspect is a spy of the ancient corpse sect."

It was Su Yu!

Everyone's gaze was focused on Su Yu, and their doubtful gazes melted like snow.

If Su Yu was a spy, no one had the right to claim that they were enemies with the corpse clan.

The snow dragon emperor snorted, "You? How did you get here?"

His tone was still as if he was examining a criminal.

Su Yu turned a deaf ear and didn't say a word.

It was still the purple dream emperor. He said gently, "Su Yu, how did you find out?"

Su Yu had just methodically told them what had happened at the ancient dream altar.

"The ancient corpse sect actually opened a passage to the ancient dream altar?" Everyone was puzzled.

What was their goal?

The expressions of the emperors were ugly.

The emperors could clearly feel the aura of the corpse king when the ancient dream altar was broken.

“It seems that the corpse king was sealed on the second floor of the pavilion by the Faceless Living Buddha. However, someone changed the ancient dream altar and spread a rumor that one could obtain the DAO Master Buddhist relic on the second floor. In fact, once the five Spirit Kings are born, the seal will be broken and the corpse king will break out!” The Pavilion Master Thought for a long time, he said slowly.

Hearing this, the hearts of the Emperors of Heaven and earth became heavy.

For many years, it had been rumored that there was a Daoist master’s Buddhist relic on the second floor of the dream ancient altar, which had lured countless people to open the second floor of the pavilion.

But now, it seemed that it was all a conspiracy of the enemy!

Moreover, they had been fooled. Thirty thousand years later, the second floor of the pavilion had really been opened, and the Corpse King had been released!

The emperor-killing emperor had a solemn expression. “Could the corpse king that was personally sealed by the Daoist master be an ordinary corpse king?”

Everyone fell silent, as though there was a huge rock pressing down on their chests. It was so heavy that they couldn’t even breathe.

The head pavilion master was the backbone of everyone. He immediately made a decision, “Let’s not waste any more time, follow me to the ancient corpse sect!”

Under his lead, everyone rushed towards the mystic ice space.

However, there were already no more people inside, only a few ice coffins that hadn’t been moved in time were left. The majority of the remaining ice coffins had been taken away.

The expressions of everyone sank.

The head pavilion master stood in front of an altar with his hands behind his back.

There were three bronze coffins over there. These were the coffins of the corpse kings.

However, the interior was completely empty.

The eyes of the head pavilion master were fixated on the larger bronze coffin in the center.

Although his expression couldn’t be seen clearly, everyone could feel the solemnity on his face.

Mu Canghai and the other emperors also stared at the bronze coffin. A layer of malevolence couldn’t be removed from their faces.

That bronze coffin belonged to a special ancient corpse.

The Emperor Corpse!

Back then, when the three corpse kings were besieged, one of them broke through to the emperor corpse and immediately went on a killing spree.

When the head pavilion master arrived, they were heavily injured and fought to a draw.

After that, the emperor corpse vowed to seal itself under the Mystic Ice Crystal Lake and never come out.

But now, the bronze coffin was empty!

He was nowhere to be found!

What was more disturbing was that no one knew when he came out of the coffin and where he was now.

Thinking about it, a bloodthirsty corpse race that was as strong as the head pavilion master was hiding in the darkness, all the emperors present felt uneasy and afraid.

The head pavilion master took a deep breath and said in a deep and powerful voice, "There's no need to discuss anymore! We must go to ancient star and destroy the corpse race first!"

With this announcement, the several emperors felt their chests become heavy.

It was finally coming!

The final battle with the ancient corpses!

Chapter 1717 The Female Corpse Of Zhu Ji

Su Yu's heart trembled.

There were seven bronze coffins in the ancient star, representing seven corpse king level experts.

Fortunately, they were still in a deep sleep and showed no signs of waking up.

And now that the Star Pavilion's chief pavilion master's vitality had recovered and his strength had returned to its peak, it was the best time to annihilate the ancient star group's corpses in one fell swoop!

The only problem was, where were the three great corpse kings, especially the emperor corpse? And where was the white-furred corpse?

The chief pavilion master also understood the problem and said, "The most urgent matter now is to find out the whereabouts of the three great corpse kings and the white-furred corpse. The three emperors control the entire situation in the sea of constellations. I hope that you can mobilize the forces under your command to investigate with all your might."

The Purple Dream Emperor, the Emperor Slayer, and the Snow Dragon Emperor realized that the situation was grim, and they did not object.

Only the snow dragon emperor said, "When I was born, the ancient corpse calamity had passed, and I didn't fight with the three corpse kings. I don't know their appearances, names, and other details."

The head pavilion master looked at Su Yu and said, "One of the three corpse kings, the female corpse king, is called the Zhuji Corpse King. She's extremely beautiful, and she's best at Illusions!"

He pointed with his finger, and an image appeared.

It was a huge battlefield, with countless blood-red eyes of the corpse race fighting against countless living beings.

A peerlessly beautiful figure appeared in the image.

She had a face that could topple all living beings, and a graceful and peerless body. Her every move attracted the gazes of countless people.

She wore a bright red dress and stood on the cruel battlefield, like a flower dyed with fresh blood.

She smiled faintly, her smile filled with an indescribable charm.

The countless creatures of the Allied army were all attracted by this smile and fell into a daze, controlled by that smile.

Then, with a tap of her finger, those attracted creatures suddenly charged towards the allied army, instantly causing casualties.

This was the Zhu Ji Corpse King's illusion.

With a smile and a frown, he could control people.

In the screen, not only was the Astral River Overlord controlled, there was also a heaven and earth emperor.

The emperor shifted his gaze away, unable to look directly at the screen.

Because the heaven and earth emperor in the screen was him.

Sensing the gazes of everyone, the emperor snorted, "This debt has always been engraved in this emperor's heart. I've long made a killing vow. If I don't kill her, my dao of slaughter will never improve."

The pavilion head continued, "The second corpse, the Undying Boy, has the ability to change his appearance and has an undying body!"

With a tap of his finger, another scene appeared on the battlefield.

The upper echelons of the Living Beings Alliance army were discussing the next step.

One of them, a famous general, had assassinated the commander-in-chief without any warning, slaughtering the upper echelons.

When the guards rushed over, more than half of the upper echelons had died.

That general revealed his true appearance. He was a creature with a huge head and short limbs. His skin was dark and he had an evil and cruel smile hanging on the corner of his mouth.

Under the siege of many experts, no divine arts were able to harm the undying boy.

On the contrary, he killed all the higher-ups wantonly and left while laughing with blood all over his body.

Seeing this scene, everyone felt their scalps go numb.

Even the purple dream emperor slightly frowned and said, "Among the three corpse kings, perhaps the most troublesome one is the undying boy."

Even if it was the emperor corpse, he would be strong if he was strong, but the head pavilion master could restrain him.

Only the undying boy could disguise himself as someone who couldn't be easily detected. Even if he was detected, he had an undying body and no divine arts could harm him in the slightest.

Any emperor who met him would feel troubled.

“The last one is the emperor’s corpse.” The head pavilion master’s tone was much heavier. He was the only one who had fought with the emperor’s corpse and knew how powerful he was.

During that battle, he was injured by the emperor’s corpse and only recovered after 30,000 years.

With a wave of his sleeve, the scene of the battle was still the same.

The only difference was that it was the scene of the head pavilion master and the Emperor’s corpse fighting.

Above their heads were two crowns carved from the sun, moon, and stars.

Every time they used their divine arts, countless illusions of the Sun, Moon, and stars would appear, turning the battlefield into a beautiful starry sky.

The power of the divine arts was even more destructive.

The continent shattered into countless pieces, turning into scattered islands.

Countless ferocious beasts in the sea of constellations died in the battle. Their corpses sank into the vast sea, turning into many islands today.

The South Sea, North Sea, and East Sea had all been affected by the divine arts of the two of them, leaving them in ruins.

The Sea of constellations had originally been a brilliant and glorious place. However, due to the battle between the two of them, the divine aura in the atmosphere had dried up, and the mountains and rivers had been destroyed. Even now, it was still unable to recover.

Everyone was extremely shocked by this scene.

Even though they were mentally prepared, the battle between the head pavilion master and the emperor’s corpse still caused them to feel reverence from the bottom of their hearts.

Su Yu stared at the emperor’s corpse. It was a middle-aged human with broken swords all over his body.

Every single broken sword was a top-grade Emperor Dao sacred weapon when in perfect condition.

He had a head full of red hair and a pair of eyes as black as ink. His entire body exuded an aura that seemed to look down on the world.

An ordinary person standing in front of him was already extremely timid even before a battle.

Even if it was just an isolated image from 30,000 years ago, everyone present felt their scalps go numb.

No one, including the emperor, was willing to encounter the corpse of an emperor!

The head pavilion master pinched his fingers together and cut off the images. With a solemn expression, he asked the snow dragon emperor, “How is it? Do you understand?”

The Snow Dragon Emperor nodded. "I'll immediately send a message to the forces under my jurisdiction!"

The Purple Dream Emperor and the Emperor Slayer also expressed that they would immediately make arrangements.

As long as their whereabouts were unknown, the sea of constellations experts wouldn't dare to recklessly charge into the ancient star.

Otherwise, if they were to fall into a situation where they were struck in the back, it would be extremely dangerous.

After this matter was settled, the head pavilion master continued, "During the period of time that the corpse king, the emperor corpse, and the white-furred corpse have been discovered, the people of the Star Pavilion shall listen to my orders."

The three sovereigns of the heaven and Earth stepped forward. "We will listen to your orders."

The people of the Star Pavilion present also bowed and listened to his orders.

"Use the forces of the Star Pavilion's major divisions to closely monitor the sea of constellations. I think there might be a guest in the Sea of constellations." The head pavilion master raised his head and looked to the west.

The West Sea was a sea area that no one had ever set foot in in the sea of constellations.

It was also the source of the ancient corpse calamity -- the place where the ancient star had fallen!

Everyone followed his gaze and felt that something was off.

In the distant horizon, a faint purple light floated.

An indescribable evil feeling spread across the horizon.

The emperors and experts with extremely sharp eyes had solemn expressions.

"It's that ancient star!" Mu Cang Hai's voice was filled with fear.

She was one of the few people who had seen the ancient star with her own eyes.

That purple light with a deep evil aura originated from the ancient star!

"When the ancient dream altar collapsed, the ancient star had a strange phenomenon!" The head pavilion master sighed deeply. "It seems that the ancient dream altar is not only suppressing the white-furred corpse, but also the ancient star! We have all fallen into the ancient corpse sect's scheme!"

Thirty thousand years ago, the ancient star fell into the sea of constellations.

Thirty thousand years ago, the ancient dream altar suddenly appeared.

It was very difficult for ordinary people to connect the two together. Now, after careful investigation, they finally discovered the location of the scheme.

As expected, the ancient dream altar was supposed to be the seal that suppressed the white-furred corpse and the ancient star.

However, many experts in the sea of constellations fell into the trap and unknowingly destroyed the seal.

Not only did they release the white-furred corpse, but they also broke the seal on the ancient star.

An ominous purple light shone in everyone's eyes, causing them to look extremely embarrassed.

No one knew if there would be any changes within the ancient star at this moment.

This added a variable to their attack.

"Time waits for no man! Everyone, make the best use of your time and finish this battle as quickly as possible!" The head pavilion master took a deep breath and said.

No one dared to hesitate anymore and nodded their heads in agreement.

"Everyone, leave. The participants from the central region of the ancient dream altar will follow me," the head pavilion master ordered.

HM? Everyone was slightly surprised. What did the head pavilion master want to do by taking away those heaven's favorites?

With questions in their minds, the people from all the major forces left the ancient corpse sect one after another, leaving behind a group of Heaven's favorites.

Su Yu and heartless blade emperor were present.

Xue Guanyin, Empress Zi Wei, and Lan Yue were in the mystic Crystal Palace.

Wu Xie was killed by Su Yu with one sword strike.

Tian Ru Lan, Tian Jian, and elder Qin were missing.

Huangfu Lie Yang's whereabouts were unknown.

Su Yu and heartless blade emperor stayed behind. The head pavilion master looked at the two of them and took a step forward. In the next moment, he brought Su Yu and heartless blade emperor to the Mystic Crystal Palace.

Su Yu was stunned by this miraculous move.

The double-crowned emperor was indeed powerful.

Then, he waved his hand, and both Xue Guanyin and Empress Zi Wei were teleported over.

Their eyes were blank. They were teleported to this place without any warning.

Xue Guanyin looked around. When she saw the head pavilion master, she immediately bowed, "I am Xue Guanyin. Greetings, Head Pavilion Master."

Empress Zi Wei was such a cold and arrogant person. When she heard that the person in front of her was shrouded in yin and yang qi, she could not help but feel a sense of respect. She bowed respectfully together, "I am Zi Wei. Greetings, Head Pavilion Master!"

“There’s no need to be so polite.”The head pavilion master waved his hand and smiled, “We are not strangers. We have all experienced together. Why do you need to be so polite?”

Ah? Everyone present was stunned.

Even Su Yu felt a little lost.

When had he ever interacted with the Chief Pavilion Master of the Star Pavilion?

Wait! Was it because everyone present had interacted with Su Yu, or was it because they had experienced things together?

Shared... Su Yu narrowed his eyes and stared at the Chief Pavilion Master. An unbelievable thought popped up in his mind. Could it be that he was..

Xue Guanyin, heartless blade emperor, and Empress Zi Wei were also shocked and confused. They could not understand why they could train together with such a big shot.

“Hehe, have you forgotten me so quickly?”A warm and familiar voice fell into everyone’s ears.

“Ah! It’s You!”Empress Zi Wei and heartless blade emperor reacted immediately.

Xue Guanyin was stunned for a moment, but she slowly reacted as well. She said with her mouth agape, “Could it be that you...”

“Haha...”the Yin and yang Qi faded, revealing a young man in a Daoist robe.

He was tall and handsome, gentle and elegant, giving off an extraordinary feeling.

He gave off an extremely comfortable feeling from head to toe, making people unable to dislike him at all.

“Huangfu Lieyang, it really is you...”Su Yu took a breath, and the doubts in his heart were finally relieved.

He had an indescribable fear of Huangfu Lieyang since a long time ago, and he had a premonition that Huangfu Lieyang’s identity would be extraordinary.

He did not expect that he would be the chief pavilion master of the Constellation Pavilion!

The legendary, the only two-crowned emperor in the Sea of constellations!

Hearing this, Huangfu Lieyang turned his head and smiled. “You really did not disappoint me. You became the five spirit King!”

Upon entering the central region, Huangfu Lieyang spoke in an unfathomable manner. He was looking forward to Su Yu.

Su Yu smiled bitterly. “If I hadn’t become the five spirit king, I wouldn’t have gathered five flames and destroyed the tower’s seal. Chief Pavilion Master, you should be even more disappointed now.”

“No!”Huangfu Lieyang said with a half-smile. “Do you really think that I gave you my altar fragment for no reason?”

The others were confused. It turned out that Su Yu was able to get Huangfu Lieyang's altar fragment because Huangfu Lieyang had given it to him!

Only Su Yu reacted immediately and said in surprise, "Chief Pavilion Master, do you mean that you deliberately let the seal be destroyed?"

Chapter 1718 The Great Void Gate

"Shh!" Huangfu Lieyang kept quiet. He waved his sleeve and dragged everyone into his secret room.

Su Yu was surprised. The head pavilion master hid his identity and entered the ancient dream altar personally. He must have discovered the ancient corpse sect's plot.

Otherwise, why would the two crowned emperors secretly participate in a trial?

However, since he had noticed it, why did he give Su Yu his altar fragment, gather five torches, and destroy the seal?

Su Yu's mind was filled with questions.

"AH? Head Pavilion Master, why did you do that? Two corpse kings, one emperor corpse is already dangerous enough, why did head pavilion master release the seal of the white-haired corpse and the ancient star?" Xue Guanyin found it unbelievable.

Huangfu Lieyang said, "The seals of the ancient star not only seal many ancient corpses and prevent them from escaping on a large scale, but also prevent the outside world from entering on a large scale. If the seals can not be broken, destroying the ancient corpses of the ancient star is just empty talk."

Therefore, he sat back and watched as the ancient corpse sect's plot succeeded.

In fact, everything was under his control.

Empress Zi Wei frowned and said, "Since the seals can seal all the ancient corpses in the ancient star, why do we have to do this? Let them out and fight to the death with them?"

Su Yu continued the topic and looked at Huangfu Lie Yang. "The chief pavilion master has something to hide, so he has no choice but to do this, right?"

The others looked incredulous. What kind of secret could make Huangfu Lie Yang do such a crazy thing?

Huangfu lie Yang looked at Su Yu and said, "Those who know me are worried about me. Those who don't know me don't know what I want. Our friendship is very shallow. Why do you think that I'm not doing this for my own selfish reasons?"

Su Yu said, "My intuition tells me that you're not a selfish person."

Selling the remnants of the Dao master on the ancient dream altar to cheat others of their altar imprints.

It seemed to be an unscrupulous act, but now that they thought about it carefully, how lucky were they to be able to leave the ancient dream altar when the white snow sword was slaughtering people?

Would such a person be selfish?

“Hahaha...”Huangfu Lieyang laughed. There was a deep sense of gratification on his face. “My painstaking efforts were not in vain. At least one person could understand me.”

His gaze sharpened, he said, “The reason why I allowed the seal to be broken was because even without the ancient corpse sect’s conspiracy, the altar’s seal wouldn’t have lasted for ten thousand years. After ten thousand years, the Faceless Buddha’s seal would automatically collapse as time passed

“As for me, I can’t wait for Ten Thousand Years Anymore! At that time, without a double-crowned emperor holding down the fort, how will the sea of constellations face the horde of zombies that broke the seal?”

The people present weren’t surprised. The Faceless Buddha had been dead for too long. The remaining energy of the seal he left behind couldn’t last forever. It would be broken sooner or later.

What surprised them was the chief pavilion master’s other words.

He could not wait until 10,000 years later?

Su Yu’s eyes flashed, and he said, “Head Pavilion Master, in 10,000 years, are you prepared to travel far, or...”

Huangfu Lieyang shook his Daoist robe, and the robe on his chest slid down, revealing a pitch-black palm print.

The five ghostly head imprints in the palm print kept breathing out death qi.

Su Yu was very sensitive to death qi, and he could see it clearly.

The ghostly head imprints within the palm imprints continued to devour Huangfu Lieyang’s primeval power, creating Death Qi.

At the same time, they used death qi to destroy Huangfu Lieyang’s body, turning his death Qi into corporeal form step by step.

This process was extremely similar to the corpse race’s unique method!

Transformation!

“This is the palm left behind by the Emperor Corpse that year.”Huangfu Lieyang sighed deeply.

Everyone’s hearts were shaken!

It was rumored that the head pavilion master had recovered from his injuries and had just broken out of seclusion to lead everyone to charge towards Gu Xing and exterminate the group of zombies.

However, the truth was that his injuries back then hadn’t recovered at all!

To be precise, it was even heavier!

“Under normal circumstances, I would have long been transformed into a member of the corpse race. I spent 30,000 years to suppress the palm print, but it was only temporary!” Huangfu Lieyang closed his clothes, he turned to look at them. “So, do you understand?”

Everyone was inexplicably moved.

Huangfu Lieyang wanted to finish off the group of corpses before he was transformed into a member of the corpse race.

Su Yu asked, “Head Pavilion Master, why did you tell the four juniors about this and not the three Great Pavilion Masters and three Great Emperors?”

Huangfu Lieyang stared at Cang Ming outside the secret room and shook his head. “I can’t trust them completely. If the news gets out and the emperor corpse finds out that my injuries haven’t recovered, it’ll be troublesome!”

Everyone’s expressions turned cold. If the emperor’s corpse really found out, the emperor’s corpse general wouldn’t have any scruples and would immediately lead the group of corpses out of the ancient star.

“Then, do you trust us?” Empress Zi Wei asked back. “Among us, other than those surnamed Su, the rest of us are inextricably linked to the various emperors of Heaven and earth. What if we leak the news to them?”

“Hehe...” Huangfu Lieyang smiled enigmatically. “Therefore, what you saw and heard just now will be completely forgotten after you leave this secret chamber.”

Su Yu felt relieved when he recalled how he had casually erased the oath of slaughter embedded in the path of slaughter.

“The head pavilion master summoned us here. Could it be that he only wanted to say these words?” Su Yu asked.

Huangfu Lieyang nodded. “That’s right. I have something that I need to hand over to the most powerful young genius of the current generation in the Sea of constellations!”

Su Yu said, “Please speak, Head Pavilion Master.”

Xue Guanyin, Empress Ziwei, and the heartless blade emperor all stared at the Chief Pavilion Master.

They had specially come to explain everything to them. What would they have to explain?

“I want the four of you to head to the Great Void Sect and help me retrieve a cauldron.”

Su Yu was slightly taken aback. Where was the great void sect?

However, Xue Guanyin had already exclaimed, “The great void sect. Chief Pavilion Master wants us to enter the Great Yu dynasty’s civilization?”

Empress Zi Wei and the heartless blade emperor were both extremely shocked.

The Great Yu dynasty’s civilization was an existence that was far superior to the sea of constellations civilization.

This so-called great void sect should be within the Great Yu dynasty.

Huangfu Lieyang nodded. “That’s right! Bring my keepsake to the Great Void Sect and you will definitely be able to retrieve the cauldron I want.”

“But...”Xue Guanyin hesitated. “But, the great void sect is deep in a dangerous land. Not to mention a gold overlord, even a mystic crystal overlord would find it extremely difficult to pass through the dangerous land.”

Huangfu Lieyang took out four similar jade seals and handed one to each of them.

The jade seals contained extremely powerful waves of prehistoric power, displaying its immense power.

“This is my keepsake. It contains my full-strength attack. If the four of you work together, you won’t have any pressure to pass through the dangerous place.”

Knowing this, Xue Guanyin’s expression eased up.

Even if the overlord of Heaven and earth were to come personally, they wouldn’t be afraid of the attack of the double-crowned emperor!

Moreover, there were four times.

This time, there was no pressure at all!

“Do you have any objections?”Huangfu Lieyang asked.

The other three didn’t have any objections. It was a great honor to be able to work for the Head Pavilion Master.

If the matter was done, the benefits would be unimaginable.

Only Su Yu looked troubled.

“Su Yu, please speak your mind.”

He could tell that Su Yu had something on his mind.

Su Yu said, “I won’t hide it from you, Chief Pavilion Master. I’m looking for two of my friends.”

The chief pavilion master said, “That’s easy. Leave their information behind. I’ll pass it on to the three great emperors and our star pavilion to look for them together.”

Using all the power in the Sea of constellations was much better than Su Yu searching alone!

“Thank you, Pavilion Master!” Su Yu bowed gratefully. After some thought, he said, “Alright then. I’ll be taking part in the Great Void Sect’s trip. Should we set off now?”

Shaking his head, the pavilion master said, “There’s no rush. You all have half a month to prepare. During this time, I can provide you with some help to help you digest the DAO Master’s insights in the ancient dream altar.”

Hearing this, Empress Zi Wei, Xue Guan Yin, and the heartless blade emperor were all overjoyed.

The DAO Master’s insights were too profound. Although they had obtained them, without the help of an expert, they would need years and months of comprehension to completely digest them.

Now that they had the help of the number one person in the sea of constellations, it would undoubtedly be much easier.

Su Yu also had traces of gratitude on his face.

He alone had gained more than half of the DAO Master’s insights.

Back then, he had only stepped onto the bluestone road and experienced a trace of the DAO Master’s breakthrough comprehension. His attainments in swordsmanship had improved by leaps and bounds, and he had comprehended the fourth style of the demon sword in a single night, the demon Master of the world.

With so many dao master’s comprehension, he did not know how much progress he could make.

If he could comprehend the fifth style, or if he could completely comprehend the mastery of the soul devouring realm, his strength would once again rise to a brand new level!

“Get Ready!” The head pavilion master’s body trembled slightly. A ball of Taichi light flashed in each of his hands, covering the entire room with mysteries.

Su Yu felt that his consciousness was indescribably relaxed, as if all the shackles had been removed.

At This Moment, comprehending anything became simple.

This was Huangfu Lieyang using his own dao to help them understand the DAO,

su Yu immediately closed his eyes. The Faceless Buddha’s Dao automatically appeared in his mind. He absorbed the essence from it in the hope that it would help his enlightenment.

After waiting for the four of them to enter a meditative state, the chief pavilion master left and said, “In terms of enlightenment, Empress Ziwei is better. She should be the first to awaken.”

After saying that, he left a voice transmission jade formula in front of the secret chamber and disappeared.

At the end of the Eastern Sea, there was an endless whirlpool that swirled around and devoured all living creatures in all directions.

This place was also the end of the Sea of constellations, and was known as Ming Luo.

It was rumored that this place was formed by the Strange Beast Ming Luo, and it specialized in devouring past lives.

This was indeed the case. All living creatures that passed through this place, regardless of whether they were in the water or in the air, were unable to escape a calamity. Very few living creatures were able to successfully cross it.

Later on, people confirmed that Ming Luo's rumor was false. However, under the rapid whirlpool, there were groups of extremely powerful sea beasts.

There were bronze overlords and mystic crystal overlords.

They resided here and devoured the creatures that passed by. It was exceptionally dangerous.

Ordinary people would not even take a step into this place.

However, today's whirlpool was dyed with a strange blood-red color. The corpses of fierce sea beasts rolled out one after another.

At a glance, hundreds of powerful sea beast corpses floated outside.

They all had a common feature, which was that the most essential parts of their bodies had been gnawed clean.

Suddenly, a figure covered in blood crawled out of the Whirlpool and landed on a corpse.

"Hehehe, what a good place. The body of the nine gods has evolved again, and my cultivation base has also soared!" This person was none other than Gu Taixu, he cast his gaze towards the end of the whirlpool. "It's time to head to the Great Yu dynasty. If I'm not mistaken, Zhan Wushuang is there!"

"I really don't know how he would react if he saw this!" A trace of hatred and ridicule surfaced in his eyes.

With a long howl, Gu Taixu stepped on the sea and headed deeper into the east.

Chapter 1719 Divine Lightning Of The Void

In the Secret Chamber of the Mystic Crystal Palace.

Noticing that Huangfu Lieyang had left, Su Yu, who was originally meditating, slowly opened his eyes.

Glancing at the other three meditating cultivators, Su Yu secretly used time acceleration.

After many years of fortuitous encounters, heavenly treasures, and other tempering, his comprehension ability was no longer as mediocre as it was in the past. However, it couldn't be considered to be at the peak either.

At the very least, there was still a large gap between him and the three sea of constellations prodigies before him.

If he wanted to completely comprehend the insights left behind by the Faceless Buddha before the glow of the Taiji faded away, he could only use the time acceleration divine art.

The five hundred times acceleration gave him five hundred times more time than Empress Zi Wei and the others.

Once he entered the acceleration state, Su Yu immediately entered the state of comprehension.

The dao master's comprehension left behind by the Silent Buddha flowed into his consciousness like a trickle of water.

The dao master's comprehension was exceptionally profound.

The moment he started comprehending, Su Yu felt that it was filled with difficulties and was difficult to understand.

This was even with Huangfu Lie Yang's help!

However, after experiencing the dao master's boring comprehension twice, Su Yu's tenacity surpassed his past. He took a deep breath and started comprehending slowly with extreme patience.

A day passed, but Su Yu spent close to two years.

Without sleep or rest, Su Yu did not stop comprehending the DAO Master's comprehension for a moment. With the help of that moment of comprehension, she broke through many bottlenecks in her body.

In a day, Su Yu only digested less than one-tenth of the comprehension, and the progress was abnormally slow!

On the other hand, Empress Zi Wei, a proud daughter of heaven, comprehended almost one-tenth of it in a day!

The speed of her comprehension was a hundred times faster than Su Yu's!

However, a drop of water could pierce through a stone, and Su Yu patiently comprehended it.

Four days later, the demonic qi in Su Yu's body vibrated, as if there were several demonic beasts roaring ferociously.

A trace of joy filled Su Yu's face.

The fifth style of the demonic sword, demon born from the heart, had finally succeeded in comprehending it!

The power of this style was even greater than that of the demonic lord under the heavens!

Just by relying on the demon lord in the world, Su Yu was able to resist an ordinary gold overlord.

With this form in hand, even a peak gold overlord like Empress Zi Wei might not necessarily be Su Yu's match!

Of course, if she digested the DAO Master's comprehension and comprehended the meteorite ice tribulation completely, then it might not be so.

After comprehending one aspect, Su Yu was filled with deep anticipation as he began to comprehend the two failed soul devouring realm breakthroughs.

He had been stuck in the initial success realm for far too long, and he had failed both times due to interference from the outside world.

This time, with the help of the Dao master's comprehension, he had to strive for success!

Time flashed by once more, and ten days passed.

Su Yu suddenly opened his eyes, and shocking changes occurred to his pupils.

Deep within his dark brown pupils, a pair of silvery-white pupils appeared. They were extremely weak.

If one did not observe carefully, one would not be able to see their existence.

As Su Yu's pupils contended, the silvery white pupils rapidly expanded, covering the dark brown pupils and replacing the previous pupils.

The black eyes and silvery pupils gave people an unusual sense of mystery and nobility.

Those who did not know would have thought that Su Yu was a creature of some upper third-rate race.

When the silvery white pupils appeared, a thunderous sound cut through the silence of the North Sea.

The earth-shaking roar woke up many sleeping sea beasts.

In the imperial city.

Emperor Snow Dragon was sitting cross-legged cultivating when a sudden clap of thunder shook his body and woke him up from his meditation.

He teleported to the roof and looked up at the sky with surprise in his eyes. "What happened to the Thunder Just Now? It affected my meditation?"

As emperors of Heaven and earth, they were extremely powerful even when they were in meditation.

Unless they woke up voluntarily, the influence of the outside world wouldn't be able to interfere with their comprehension.

Moreover, he wasn't just disturbed, he was directly awakened!

In the South Sea, the Emperor of slaughter was mobilizing all the forces in the sea to deal with the Battle of the ancient stars.

Suddenly, a bolt of lightning flashed and buried his voice.

The emperor-killing Emperor's expression changed. He suddenly raised his head to look at the sky and said in shock, "What kind of lightning is that? Why haven't I seen it before?"

There were many types of lightning in the world. The emperor-killing Emperor's experience was something he had never seen before!

East Sea!

Another bolt of lightning flashed past and shook the purple dream emperor deep within the divine bamboo.

She looked up and was slightly confused. "What a strange thunder. It seems to come from Nowhere!"

Huangfu Lieyang, the Chief Pavilion Master of the Star Pavilion in the Imperial City, was also shocked!

He was in another secret chamber, trying to suppress the palm print on his chest.

The sudden thunder shook him and made him tremble. The power in his palm was unstable, causing the palm print to spread a little.

“Void Divine Thunder? How could it appear in our civilization?” Huangfu Lieyang’s expression changed drastically. With a thought, he came to the outside of the secret chamber and looked up at the endless world in the sky.

He used one hand to divine the heavenly secrets. His brows were sometimes solemn, sometimes relaxed, and sometimes puzzled.

“It’s really strange. The Void Divine Thunder, which only appears in nine-star civilizations, appeared in the sea area of the desolation without any warning,” Huangfu Lieyang said. The Divine Thunder this time was beneficial to the Battle of the ancient star, so he was slightly relieved.

However, he was puzzled. After pondering for a while, he raised his eyebrows. “Could it be that someone is cultivating a heaven-defying divine skill?”

Only in this way could he explain that the divine lightning of nothingness would cross the boundary and attack.

Su Yu’s real body was also shocked by the Lightning.

Unlike any lightning that he had encountered before, the lightning just now actually gave Su Yu an abnormal sense of danger.

Faintly, he also felt the threat from the Great Dao.

“After breaking through to the advanced stage of the Soul Devouring realm, he will be threatened by the Great Dao? What if he cultivates the last layer and the fifth layer of the bronze board?” Su Yu was extremely shocked.

The bronze board only recorded the fifth layer of the son of Heaven’s Qi gazing technique.

The first layer was the soul transformation realm.

The second layer was the spirit mastery realm.

The third layer was the illusory soul realm.

The fourth level was the soul devouring realm.

When he cultivated to the fourth level, a warning from the Great Dao appeared, preventing Su Yu from continuing to cultivate.

He really did not know what the consequences would be if he continued to cultivate the fifth level hidden within the bronze board!

Ding --

As if responding to Su Yu, the bronze board emitted a slight sound, and a brand new technique appeared.

The strange thing was that it was different from before. The handwriting was very blurry, and it was impossible to see clearly with the naked eye.

Out of curiosity, Su Yu used his soul power to check. He could see a little bit clearly just now, but it was still blurry and could not be seen clearly.

“Strange!” Su Yu said in surprise, “Could it be that my soul is not strong enough?”

After devouring a few overlords’ souls, his soul had already soared to the silver overlord level.

Such a powerful soul realm, but he still could not see through the bronze plate handwriting?

“If I want to cultivate the fifth level, I must work hard to increase my soul power,” Su Yu thought to himself.

Putting away the green stone board, Su Yu controlled his silver-white pupils to shrink back.

This was the sign of the Soul Devouring Realm!

According to the records on the Green Stone Board, one could devour the soul of the Overlord realm.

As for the Overlord realm, there was no detailed explanation, but it was precisely because there was no detailed explanation that it was so terrifying!

As expected, the meaning of the green stone tablet was that the Overlord’s soul at any realm could be forcefully devoured by the soul devouring realm, even if it was... The Overlord of the Mystic Crystal Realm!

Thinking up to this point, Su Yu’s heart palpitated.

If that was really the case, he would have another life-saving talisman.

Seeing that the other three were still in the midst of comprehending, Su Yu did not immediately come out of seclusion.

The dao master comprehension he obtained was several times more than theirs.

If he digested it first, everyone would be able to tell that something was wrong with Su Yu.

Therefore, Su Yu closed his eyes again and pretended to be meditating. However, his soul entered the nine Jade Spirit Pearl.

With a thought, two objects illuminated by Buddhist light appeared in front of his eyes.

One was the Buddhist relic of the Dao Master that appeared on the head of the Faceless Buddha statue!

The other object was the golden alms bowl that dropped after the stone statue stomped on it!

The former was the Dao master’s Buddhist relic that was widely spread. Later on, it was confirmed that the existence of this item was a scheme by the corpse race to deceive many favored sons of heaven. There was no such thing.

Unfortunately, the corpse race did not expect that the dao master's Buddhist relic really existed.

However, it did not exist on the second floor of the attic, but on the head of the stone statue.

Su Yu also obtained it by accident!

He believed that if the corpse clan saw this item, they would be extremely surprised!

As he fumbled around with the Buddhist relic of the Dao master, Su Yu did not intend to accept the Buddhist inheritance within.

Just as he had said before, it was better to walk out of the Dao by oneself.

Putting down the Buddhist relic, Su Yu looked at the Golden Bowl.

This item was the strangest.

It was hidden inside the stone statue of the Faceless Back Buddha, and only appeared when the stone statue shattered.

The strangest thing was that when Su Yu took this item, the white-furred corpse would not stop pestering him.

It was to the extent that Su Yu was forced to use the royal longzun sword to survive.

This item must have an extraordinary meaning to the white-furred corpse!

After examining it for a while, Su Yu touched the item with his finger, but it was repelled by a strong force and bounced off his finger.

A slight pain was transmitted to the tip of his finger.

It could be vaguely seen that traces of demonic qi were stimulated from the tip of Su Yu's finger.

"Are you rejecting me?" Su Yu murmured.

This object had a strong Buddhist nature, and Su Yu cultivated the demonic sword, which was the perfect counter to it, so he rejected Su Yu's touch.

"It's a difficult problem." Su Yu sighed. He had obtained this object, but he couldn't use it.

After putting it away, Su Yu's gaze turned. With deep anticipation, he arrived in front of the thatched cottage with a single thought.

A round, chubby, cute creature that was shrouded in purple mist was faintly discernible.

Its breathing was well-proportioned, and it occasionally used its hooves to tickle it. It was very cute.

"Are you still sleeping?" Su Yu could not help but be disappointed.

When he forcefully used the Royal Longzun Sword, he swallowed the Dragon Pearl in one gulp.

As a result, an overly large amount of divine dragon power filled Su Yu's limbs and bones, about to burst him.

It was the little qilin that sensed that Su Yu was in danger. It threw the silver fruit of the Indian silver bamboo out of the nine Jade Spiritual Pearl and absorbed the burst of Divine Dragon Power in time. Only then did Su Yu survive.

He thought that the little qilin had already woken up, but he did not expect that it was still sleeping. Su Yu touched her head, his eyes gentle and full of love.

In terms of family and distance, the little qilin had accompanied him for more than half of his martial arts career. It could be considered as one of the people closest to him.

As if it had sensed something in the dream, the little qilin hummed a few times and actually spat out an unusually crisp young girl's voice.

“Don't touch me, I hate you...”

Su Yu was stunned. It could speak?

The little qilin didn't inherit any language and could only use body language. Now, it could speak Kirin language?

After sleeping for so many years, many changes had happened to its body.

Next, to Su Yu's surprise, an unusual power shot out from the little qilin's body and repelled the palm that Su Yu placed on its head.

Su Yu's expression changed. “The power of Desolation?”

That's right! It was the power of desolation!

A power that only the emperor of Heaven and Earth could control!

Chapter 1720 Heading To The Great Void

Staring at the little qilin, Su Yu's eyes were filled with disbelief.

Could it be that after sleeping for so many years, the little qilin had reached the realm of an Emperor of Heaven and earth?

Thinking about how it was born to refine pills and divine weapons, Su Yu couldn't help but think.

Whose inheritance did the little qilin inherit?

He could only wait for the little qilin to wake up before asking.

In less than a year, it would wake up.

Withdrawing his hand, Su Yu withdrew from the nine jade spiritual pearl.

After his soul returned to his body, Su Yu realized that the people in the secret chamber had woken up one after another.

Xue Guanyin stared at Su Yu without blinking and asked with a smile, “You finally woke up? How much of Dao master's comprehension have you digested?”

Heartless blade emperor also cast his gaze over. He had the intention of comparing the two.

Even Empress Zi Wei snorted coldly and turned her head, but her ears pricked up.

The current Su Yu was the five spirit king who had eliminated all of them, and he had purple dream emperor as his backer. Who didn't care about his realm?

Su Yu said, "About 10%?"

Actually, under the condition of 500 times time acceleration, he had already comprehended for 20 years.

Coupled with Huangfu Lieyang's yin-yang sunglow, he had completely digested all the insights he had gained from the Dao Masters.

Xue Guanyin heaved a sigh of relief and patted her chest lightly. "That's good. You are too smart. If your comprehension ability was that terrifying, I would have been defeated by you."

Su Yu smiled and did not speak.

She was not the only one who was defeated. Empress Zi Wei was also defeated.

At the advanced stage of the Soul Devouring realm, even the Overlord of the Mystic Crystal Realm would have to retreat when facing Su Yu.

Empress Zi Wei would not be able to win against Su Yu just by relying on the meteorite ice calamity.

"Humph! What a waste. If you give it to me, with my comprehension ability, I can at least comprehend 20%!" Heartless blade emperor snorted disdainfully.

He admitted that his saber techniques were not as powerful as Su Yu's sword techniques, but in terms of comprehension ability, he was very confident.

Empress Zi Wei looked over with suspicious eyes and said with a smile that was not a smile, "Only 10%? HMPH, then you have to be careful the rest of the journey."

"Up to you." Su Yu shrugged and ignored the threat in her words.

After the training ended, half a month's time had also arrived.

A gentle voice came by unexpectedly.

"Hehe, it seems like you have all obtained something!" Huangfu Lie Yang appeared and said with a smile.

The four of them greeted him.

Su Yu said, "Thank you for your help, Chief Pavilion Master. I will definitely do my best to retrieve the cauldron from the Great Void sect. Please explain the details of that cauldron to me."

Huangfu Lieyang's expression turned serious and he said, "There's no time to lose. Prepare to set off!"

He flung his sleeves and a piece of tree bark appeared in each of their hands.

"The tree bark contains all the details that you want, including the route, the location of the great void sect, and the details of that cauldron. If you are all prepared, then set off," Huangfu Lieyang said.

The four of them were slightly startled. They were in such a hurry that they did not even have time to bid farewell to their own forces?

Huangfu Lieyang said, "Don't worry. I have already informed them that the four of you are carrying out my secret mission."

Their trip was a secret!

Thinking of this, the four of them acknowledged and left.

Huangfu Lieyang formed a seal with his hands and cast an obscure seal at the backs of the four of them.

The four of them trembled and vaguely felt that something was missing from their bodies.

"Strange, why do I seem to have forgotten something?"Xue Guanyin turned around in a daze and saw the chief pavilion master shrouded in Yin and yang.

The others felt the same and were confused.

Heartless blade emperor said blankly, "I seem to remember that I have seen the Chief Pavilion Master's true appearance, but why can't I remember it?"

Empress Zi Wei was stunned. "He seemed to have told us some kind of secret, but I just can't remember it no matter what."

In the secret room, the secrets that Huangfu Lie Yang had told them were all erased by him.

Only Su Yu nodded blankly without batting an eyelid. "Oh, I seem to have forgotten something too."

However, when no one saw it, Su Yu's eyes flickered with a strange light.

Huangfu Lianyan watched the four of them leave. He looked at Su Yu's back and was slightly surprised. "Strange, why is My Soul Secret Art on his body? It seems to have been devoured by something?"

After thinking for a while, Huangfu Lianyan shook his head. "I must be overthinking. What Divine Art Can Devour My Soul Secret Art?"

Su Yu and his group of four stepped onto the path of the great void sect.

Within the star pavilion, some seemingly insignificant changes occurred.

Red Leaf Branch Pavilion.

Pavilion master Li Li sat on the armchair with a calm expression.

On both sides were the talented experts of red leaf branch pavilion.

Ever since the fall of White Snow Sword, Shan Xiong, and Wei Lü, there were no more experts among them.

"Lan Yue..."Li Li closed his eyes, his expression cold.

Lan Yue walked out, her expression filled with deep unease. She carefully said, "Pavilion master, please instruct me."

Li Li slowly opened his eyes and pointed at her, saying, "Su Yu has been placed in an important position by the pavilion master and is carrying out a secret mission. Do you know what this means?"

The corners of Lan Yue's mouth were bitter.

What did it mean? It meant that Su Yu was deeply trusted by the Pavilion Master!

With just a few words from Su Yu, he was able to influence the decision of the pavilion master, especially with regards to the internal decisions of the Star Pavilion.

Recalling all the things she had known about Su Yu, Lan Yue was filled with regret.

She was the first to get to know Su Yu. They could have become friends. She could have followed Su Yu into the heavens.

But in the end? She abandoned Su Yu step by step.

Now, she could only watch as Su Yu soared into the skies, becoming famous throughout the sea of constellations.

Yet, she was still an unknown nobody.

"I know. It's very likely that Su Yu will return to the Star Pavilion," Lan Yue replied.

Li Li's expression was indifferent. "You don't know!"

Lan Yue raised her head, slightly at a loss.

"Do you remember how you treated Su Yu at the ancient Dream Altar?" Li Li said coldly. "Colluding with outsiders in an attempt to kill Su Yu! Do You Know Your Crime?"

Lan Yue hurriedly tried to defend herself. "Pavilion Master, I didn't..."

"Shut up!" Li Li slammed the table and stood up, shouting coldly, "You're still trying to defend yourself! You sold your body and obtained the right to enter the central region. You've disgraced the face of our red leaf branch!"

Lan Yue's face was flushed red. She felt the disdainful gazes from her fellow pavilion members, and her face burned.

"You don't know how to repent. You even colluded with outsiders and harmed the former members of the Star Pavilion!" Li Li Yue said, his voice becoming more and more stern. In the end, he was completely furious, "Our red leaf branch doesn't have a disciple like you!"

Ah? Lan Yue could hear the hidden meaning in his words. She immediately knelt down and begged for mercy. "Pavilion Master, I know I was wrong. Give me a chance to change."

“There are some mistakes. There is no chance to change!” Li Li said coldly.
“Yuan Tian, Send Lan Yue back to her family’s cloud juice island. All living beings are not allowed to enter the Star Pavilion Again!”

Lan Yue was expelled!

The reason was very simple. Su Yu was now powerful.

Whether it was his own strength, or the backing of the Purple Dream Emperor, or the Star Pavilion Master, he was not someone a mere branch pavilion master could afford to provoke.

In order to avoid trouble, the only way was to expel Lan Yue!

“Pavilion Master, you can’t...” Lan Yue cried out.

However, Li Li waved his sleeves and sent Lan Yue flying out of the main hall.

“Scram!”

The cold rebuke caused Lan Yue’s entire body to turn cold.

Yuan Tian walked out and came in front of her. He expressionlessly made an inviting gesture.
“Ninth younger sister, please.”

Lan Yue raised her eyes and looked at the group of compatriots, Vice Pavilion Masters, and Pavilion Masters that she used to be familiar with in the main hall.

They used to be incomparably warm, but at this moment, they were all as cold as strangers.

A great humiliation welled up in her heart.

She had never thought that she would one day be driven out of the Star Pavilion!

Creak --

She clenched her fists tightly and secretly clenched her silver teeth.

Lowering her head, she left the Mystic Crystal Palace in a daze, leaving the imperial city and arriving at the desolate, uninhabited world of ice and snow.

Without turning her head, she said, “Eighth brother, there’s no need to send me off anymore. I’ll return to my hometown on my own. Don’t worry about me returning to the Star Pavilion. I don’t have that face...”

A trace of an evil smile appeared on the corner of Yuan Tian’s mouth. “Junior sister, I think you’ve misunderstood. The Pavilion Master secretly instructed me not to send you back to your hometown, but... to send you on your way! !”

What? Lan Yue suddenly turned her head and said angrily, “Pavilion master, he wants to kill me?”

“Hehe, pavilion master just doesn’t want to leave behind any trouble, so he just wants to get rid of the root of the problem.” Yuan Tian approached her.

Lan Yue said in grief and indignation, "I've been expelled from the constellation Pavilion. Although the sea of constellations is vast, which faction dares to take me in? With such a me, what else can threaten the pavilion master?"

Yuan Tian sized her up. She was as beautiful as a beauty in the clouds. The gentle breeze blew against her white veil and gently lifted her beautiful hair. Her posture was absolutely beautiful.

A trace of greed quickly flashed past his eyes.

"Your beauty is the greatest threat!" Yuan Tian said, "You can use your beauty to lure an expert like the heartless blade emperor. Who knows, you will attract an even stronger backer and become the Pavilion Master's greatest threat?"

"So, junior sister, rest in peace."

Yuan Tian took a step closer, and his little finger shot out a powerful divine power, pointing directly at Lan Yue's glabella.

Lan Yue shouted, resisting unwillingly, and retaliated with an orchid hand.

Yuan Tian sneered, and with a hand of his thumb, his right foot lashed out like a whip.

Ah --

Lan Yue was sent flying by a kick, and she crashed into a big tree, her mouth full of blood.

Lan Yue laughed bitterly. She had worked hard for fame and fortune all her life, but in the end, she was going to die in the hands of her former fellow disciples.

"Ah! I'm not willing. I, the proud daughter of the Blue Moon Sky, why should I be treated like this!" Lan Yue leaned against the tree and let out an indignant roar.

"Hehe..." Yuan Tian laughed strangely. "It's easy to say that you don't want to die, but it's also easy if you're willing to join us."

Lan Yue was stunned, "Us?"

Yuan Tian laughed weirdly and slapped his interspatial ring. Dozens of ferocious dog-type ferocious beasts jumped out from it.

"Zombie Dogs?" Lan Yue was shocked.

When she and Yuan Tian rushed to the headquarters from the branch pavilion, they were attacked by ten zombie dogs.

It was Su Yu who helped them out.

At that time, she even wondered why there were zombie dogs near the Star Pavilion!

It turned out that those zombie dogs had been released by Yuan Tian himself!

"Who are you?" Lan Yue asked in shock.

Yuan Tian smiled sinisterly and took out a black metal plate.

A pattern was clearly carved on it.

A coffin!

“Ancient corpse sect!” Lan Yue was shocked. “How can you be a member of the ancient corpse sect?”

Yuan Tian chuckled. “It’s not just me. The ancient corpse sect has long since extended its tentacles into the various major factions. There’s even an important figure you can’t imagine who is also a member of our ancient corpse sect!”

What? ! Lan Yue’s hair stood on end!

Over the years, the ancient corpse sect had quietly grown to such an extent that it had infiltrated the various factions in the Sea of constellations?

“How about you join us, or do you want to die now?” Yuan Tian glared at her coldly.
