

Nine-Dragon 1731

Chapter 1731 Golden Storm

The charming woman's beautiful eyes emitted a strange light, containing a light that could make people fall asleep.

When her red lips opened, there was a mysterious sound wave that could control the soul.

"Who?" Su Yu was not affected by the charm at all. He asked calmly and clearly.

The charming woman was slightly shocked.

She was not affected just now, perhaps it was because this person had a firm personality.

But now, she was even immune to deliberately bewitching him. This was not something that could be done with a personality appraisal.

Either she had cultivated a divine art to strengthen her soul, or she had a special treasure to resist the bewitching.

The charming woman put away her shocked expression and said, "The thirteen holy sons of the holy ruins of Acacia."

"I don't know them," Su Yu said indifferently. He secretly pinched the Indian silver bamboo fruit in his sleeve.

Without this object to absorb the charm, perhaps Su Yu had already been affected.

"Is that so? Then where did his acacia qi come from?" The charming woman twirled her fingers and hooked them toward Su Yu.

A pink gas that could not be seen with the naked eye wrapped around Su Yu's body flew out of Su Yu's body and returned to her palm.

Su Yu was calm and composed. "I don't know. Maybe it was an unintentional contamination."

Unknown woman, unknown strength, unknown power. He naturally would not admit that he had met the so-called thirteenth brother.

In fact, when he first met them, Su Yu was already vaguely familiar with them. If he remembered correctly, the young ruins Lord of the Union holy ruins that he met in the void seemed to have come from the union civilization.

He should be the thirteenth brother that this woman spoke of.

"Hehe, an interesting young man." The charming woman giggled. She wanted to ask someone, but a single sentence caused her soul to be distracted.

Only Su Yu did not answer her three questions!

"If you don't answer, you will naturally be willing." Her beautiful eyes turned and looked at heartless blade emperor. "Is that so?"

Strands of seductive light surged out and locked onto heartless blade emperor.

He immediately fell into a daze and said, "We don't know thirteenth brother, but we have met the young ruins lord of the harmonious saint ruins."

The charming woman's eyes flashed. "Where is he?"

"Dead," heartless blade emperor said.

Shua --

Three men and two women in the peach blossom rushed over, their faces filled with shock and anger. "How dare you kill the Young Ruins Lord of the holy ruins of He Huan?"

A sharp aura pierced through the sky and struck heartless blade emperor's abdomen.

Bang --

Heartless blade emperor's abdomen was blasted through, and his entire body was sent flying like falling leaves. He crashed into the great void door and bounced back heavily onto the ground.

The immense pain pierced his soul and finally woke heartless blade emperor up.

PA --

However, before he could react, he was stepped on by a foot on his back.

Under the immense pressure, the bones all over heartless blade emperor's body crackled, as if they were about to be completely shattered.

"PFFT..." heartless blade emperor opened his mouth and spat out a mouthful of blood mixed with minced meat. His face was full of pain as he pleaded, "Su Yu, Xue Guanyin, save me quickly."

Pitifully, heartless blade emperor did not understand what had happened. When he woke up, he was brutally tortured.

"And his two companions. capture them together and kill them on the spot!" The five people were extremely furious.

Their anger was not just because of the death of a young ruins lord. It was more because they were high and mighty. They were provoked by lowly existences.

"Stop." The charming woman waved her sleeves to stop the five people.

"Holy Maiden! The 13th Young Ruins Lord died unjustly!" The five of them were filled with grief and anger.

The charming woman said indifferently, "There's no need for you to cry and Howl!"

The five of them were resentful and immediately hid their strange expressions. They stood respectfully at the side and were incomparably respectful towards the charming woman.

Turning around, the charming woman looked at Su Yu. "Who killed him?"

Unexpectedly, she didn't think that it was Su Yu and the others who did it.

Su Yu calmly looked over and said, "The emperor of the Flood Dragon Tribe."

When he said this, the expressions of everyone present changed drastically.

“Flood dragon? Why would a flood dragon appear near our great Yu Civilization?”

“That’s not right. The flood dragon tribe usually appears in a higher civilization. Why did they descend here?”

“He must be lying!”

..

The charming woman’s expression did not change as she asked, “Why did you kill him?”

“To collect the translated meteor manipulation techniques and refine some kind of divine object that can travel through the void.”

This explanation made the charming woman ponder for a long time. Perhaps she agreed with this explanation and said, “Then why did you come back alive?”

Su Yu shrugged helplessly. “Our manipulation techniques were too clumsy. That Emperor did not take a fancy to it.”

The human race’s meteor manipulation techniques were publicly acknowledged to be inferior.

Such an explanation was reasonable.

But, did she believe it?

The charming woman dispersed with a solemn expression. She sized Su Yu up and said, “Take a closer look. It’s a handsome and handsome young man. How about following me?”

The surrounding people revealed complicated expressions of envy and fear.

To be chosen by the Hehuan Holy Ruins was enough to show how outstanding a man was.

However, anyone who was chosen by the Hehuan holy ruins would not have a good ending. All of them had their yin and yang dual elements exhausted. They would either experience a great decline in their cultivation or die.

“No,” Su Yu said concisely.

The charming woman giggled. Her huge chest rose and fell, and she was very shocked. “The less I can get, the more I want to get. Peach Blossom, water moon, capture him!”

Su Yu’s face was calm. “You can’t get my heart like this.”

“I only want your people!”

An extremely handsome man and woman walked out of the three men and two women. They walked toward Su Yu with a smile on their faces. “Young master, it’s your honor to be chosen by the SAINTESS. Will you follow our Saint Lord?”

This scene was somewhat like a silkpants forcing a virtuous woman.

Su Yu felt a chill run down his spine and said seriously, "Are you guys planning to attack here?"

Only then did the other party realize that something was wrong.

In front of the great void sect, whoever dared to make a move rashly would definitely be eliminated.

"Then forget it. After entering the great void sect, this Saintess will have plenty of chances to get you." The charming woman sized up Su Yu and licked her lips with her pink tongue, as if she wanted to eat Su Yu's big meal.

Su Yu had goosebumps all over his body. He leaned back slightly to avoid the woman's fiery gaze.

"HMPH!" He retreated and bumped into the soft body behind him. He turned his head and saw that Xue Guanyin had her arms crossed in front of her chest. She held her pair of large undulations and stared at Su Yu with a stifled mouth.

"Wherever you go, there will always be strange women who like you!" Xue Guanyin snorted lightly.

There was an ice coffin girl's corpse in the ancient dream altar, and there was a saintess from the Great Void Sect's Union Holy Ruins!

Su Yu spread out his hands, expressing his helplessness.

In the next two days, the number of people coming out of the ghost swamp gradually decreased.

The strange thing was that most of them were unharmed or slightly injured. There were often contestants who identified them as the evil forces that had hunted contestants before.

They all had one thing in common -- they were safe and sound, just like Su Yu.

Therefore, many gazes that were looking at Su Yu were filled with traces of hatred and fear.

It was very obvious that they were also listed as members of the evil forces.

Su Yu helplessly and indifferently waited quietly.

On the fifth day, as many as two thousand people gathered in front of the great void sect.

And it had already been three consecutive days since any living creature walked out of the Ghost Swamp.

Almost all the participants of the path of the Ghost Swamp had arrived.

Only the stairway to the clouds remained silent.

At this moment, the depths of Heaven and earth rumbled. A ladder formed from light clouds extended from the endless sky and descended in front of the great void sect.

Everyone present was moved.

Finally, a living creature had arrived in the stairway to the clouds.

"In the past, the stairway to the clouds was faster than the ghost swamp. Why did it end up this time?"

“Don’t you know?”? The cloud ladder had to pass through the path of the cloud ladder. There was a huge change in the cloud city. An extremely powerful evil spirit attack appeared. Many experts died on the spot and were trapped in the cloud city. A large portion of them escaped from the cloud city. Some gave up on training in the cloud city, and some came here through the ghost swamp

Su Yu focused his eyes and looked over. He could see that in the depths of the cloud ladder, boundless golden light was shining and flying along the cloud ladder.

“It’s the Golden Crow Holy Light of the Beixin lineage! !”

“It’s the Beixin lineage!”

“That’s great! I thought this year’s hidden dragon competition would end without a host!”

Only the Beixin lineage was qualified to host the Hidden Dragon competition.

The beixin kingdom was busy and had no time to be distracted. Usually, it was the beixin lineage who came to host.

Many people heaved a sigh of relief, their eyes filled with anticipation.

“I wonder which person from the Beixin faction will preside this time!”

With Anticipation, everyone waited respectfully for the arrival of the Beixin faction.

However, when the golden light was about to descend, an unusual scene suddenly appeared.

The ball of golden light suddenly exploded and an intense golden storm attacked, enveloping the area within ten thousand feet of the great void sect.

In an instant, Su Yu felt his entire body floating and was immediately blown away by the Golden Storm.

At the critical moment, he waved his palm and took out the asura sword and stabbed it into the ground.

However, the Golden Storm actually became more and more intense. The ground was even cracked by the wind, and the ground thirty feet away was directly blown away!

Su Yu held the asura sword and was also blown away.

At the critical moment, the asura sword in Su Yu’s palm suddenly swept across. “Demon lord, the world!”

The powerful sword cut through the golden storm that was wrapped around him.

However, before it could stabilize, an even more powerful wind came over.

Su Yu struck again. This time, he barely managed to cut through it.

Seizing the opportunity, Su Yu struck out several times.

However, the strength of the wind increased exponentially, making it more and more difficult to swing the sword.

In the last strike, Su Yu and his sword were blown away!

Helpless, Su Yu used the Indian silver bamboo fruit to absorb the strong wind that wrapped around his body. Only then did his body stabilize.

Even so, after continuously using powerful swordsmanship, his divine power was greatly depleted. He was very short of divine power and was panting heavily.

Ah --

Suddenly, a delicate cry came from behind him.

Xue Guanyin's divine power was exhausted and could no longer resist the strong wind. She was blown away in an instant and disappeared into the Golden Storm in the blink of an eye.

Su Yu held the Indian silver bamboo fruit in his hand and was not affected by the strong wind. He walked swiftly and left a series of afterimages as he chased after Xue Guanyin and stopped her waist.

At this moment, the strong wind was too strong and the two of them could not speak at all.

They could only watch as the stronger and stronger strong wind blew away everything around them.

Many participants were blown away by the strong golden wind without a trace. Only a small number of participants who had abundant divine power or were exceptionally powerful could barely resist the golden storm.

After enduring for the time it takes for an incense stick to burn, the storm finally stopped.

They looked around and found that the great void sect was in ruins. The scene was completely different from when they came here. If the great void sect was not here, they would have thought that they had been teleported to another place.

Those who were blown away by the golden storm also carried their injured bodies and slowly arrived in front of the great void sect.

“What’s going on with that Golden Storm?”

“It’s too strange. which demon dares to cause trouble in front of the Beixin faction and harm our competitors?”

The sudden change just now stirred everyone and caused them to discuss animatedly.

At this moment, the cloud ladder trembled slightly and that huge ball of golden light slid down along the cloud ladder.

“We pay our respects to the Beixin Envoy!” Everyone greeted him respectfully.

Before the golden light dispersed, a lazy male voice was heard, “The first round of the assessment has ended. Those who were blown away from the great void sect just now have already been eliminated. Please return!”

What? The many people who were still welcoming them were all shocked.

“The Golden Storm is an assessment? Why wasn’t it explained in advance?”

The lazy voice continued, “The Great Void Hidden Dragon’s assessment changes every year. The Beixin faction has no obligation to explain in advance to you!”

“But, that’s not fair!” “We were hunted down by the evil forces in the Ghost Swamp. We were either injured or lacking in divine power. Without any preparation, we were blown thousands of feet away by the sudden golden storm. This does not reflect our strength...”

Before he could finish, his lazy voice interrupted him, “The truly strong only look for their own reasons. Only the weak complain about the heavens.”

Su Yu frowned slightly. It sounded reasonable, but it lacked objectivity.

Under such circumstances, facing the assessment was indeed unfair.

Su Yu saw with his own eyes that a few heavily injured peak overlords were blown away, not having the time to show their strength.

The other party spoke so casually, but in reality, he was looking down on them from above.

“I refuse to accept this! Who Are You? What right do you have to so easily deny all our hard work?” Someone protested.

Walking from Gui Ze to here, risking his life, yet he received such treatment in the end. It was truly a cold heart.

“Hehe, the wail of a defeated dog.” The lazy voice faintly said, “This crown prince is this year’s hidden dragon great void examinee. Do you all have any objections?”

Ah? Everyone was shocked.

“Crown prince? In the past, they were all members of the older generation of Beixin’s lineage. How could this year’s test be given to a young crown prince? Impossible!”

The lazy voice indifferently spoke, “In the eyes of trash, age determines everything. Only in the eyes of experts, strength determines everything!”

The golden light dissipated, revealing the true appearance within.

It was actually a huge group of people.

There were more than a dozen people in the Golden Light, and they were all riding on a golden boat with light wings.

The Golden Storm just now had originated from that pair of powerful light wings.

At the head of the Golden Boat, on a throne carved with the sun and moon, sat a young man in luxurious clothes and a high crown.

His eyes seemed to contain stars, and they were extremely bright. When they met those eyes, everyone felt their hearts tremble.

His expression was languid, like a god of Brahma who stood high above, looking at the ants on the ground out of boredom.

His gaze was exceptionally arrogant.

And behind him, without exception, were all absolute experts!

The lowest was a woman who was extremely cold and arrogant. Her expression was ice-cold, exuding a cold arrogance that kept others at a thousand miles away.

However, standing on the golden boat, she lowered her head deeply towards the throne.

Seeing her, Su Yu's heart was shocked.

Empress Zi Wei!

However, Su Yu wasn't surprised by her appearance, but rather, with her arrogance, would she lower her head towards another man?

For a moment, Su Yu felt a sense of strangeness.

After a year, was that still the prideful Empress Zi Wei that he knew?

Until a gasp of shock woke Su Yu up.

“Bei Wangchen! ! It's actually bei Wangchen! !”

The entire place was dead silent. With that young man, his eyes were filled with reverence as if he was looking at the Emperor of Heaven and earth.

Chapter 1732 The Great Void Hunt

Su Yu couldn't help but stare. That was the legendary Bei Wangchen?

However, it didn't seem right.

He wasn't a real body.

“No!” A participant with a high cultivation said in awe, “That's not the real body. It's just his one phase!”

“Bei Wangchen cultivates one of the ten great Yu's divine arts, the nine phases technique! He has nine clones with different faces, and each of them has the terrifying strength of a half-step emperor of heaven and Earth.”

“The current one should be Ao Xiang's clone!”

Su Yu's pupils constricted.

One clone already had the strength of a half-step emperor of heaven and Earth, how about nine clones stacked together? How about the strength of the original body?

Looking at Empress Zi Wei, Su Yu seemed to be able to sense her feelings.

She, who looked down on all the outstanding people in the world, actually met the King of outstanding people!

“Do you still have any objections?” Ao Xiang looked down at everyone lazily.

Anyone who was looked down on would avoid his gaze. The person who had shouted injustice just now hid in the crowd and did not dare to speak again.

The entire place was dead silent. Ao xiang said calmly, "Since you don't have any objections, then those who were swept away by the Golden Storm just now should go where they should go."

Everyone on the scene looked at each other and chose to leave quietly.

In the blink of an eye, there were only 100 people left.

Ao Xiang looked down at them and said, "Congratulations, all of you have passed the first Test."

"Oh, including them."Ao Xiang said indifferently. The dozen people behind him flew out of the golden boat and landed in front of the great void sect.

They had also passed the first test.

Some of the powerhouses clenched their fists.

It was ridiculous. They had gone through all kinds of dangers and only barely passed the sudden test.

What about the dozen or so people? All because of bei Wangchen's arrogant words, they didn't even need to take the test and directly passed!

But even if it was laughable, what could they do?

Not only did bei Wangchen possess great rallying power, he was also the host of this year's Grand Void Hidden Dragon!

With a single thought, he could decide the fate of everyone.

"The second test, Grand Void Hunt."

"You all have the chance to enter the Grand Void sect and conduct a three-day hunt. Hunt the Grand Void Beasts within the Grand Void sect. Hunt those ranked in the top 20 in terms of level and quantity, and you can enter the last Test."

Hearing this, the expressions of everyone changed.

"Hunt the Great Void Beasts? There wasn't such a test in the past?"Someone exclaimed.

Ao xiang calmly replied, "There is one now. If you don't want to participate, you can scram immediately. This crown prince will not stay any longer."

Those who had objections immediately felt resentful.

"Crown Prince bei Wangchen, it's not that we don't want to participate, but everyone knows how dangerous the great void beasts are. If we are not careful, no matter how strong our cultivation base is, we will still die. If we take the risk of hunting the great void beasts, shouldn't we consider it?"

"Hehe..."ao xiang laughed, "You don't need to interfere with my decision!"

"I announce that the second test has begun!"

As he finished speaking, Ao Xiang cast a seal towards the great void sect. The tightly shut great void sect slowly opened up a crack.

The group of participants brought by Ao Xiang rushed in without a word.

The other participants didn't dare to delay even if they had objections. They could only brace themselves and rush in.

Su Yu's eyes flashed, and he said, "Let's Go!"

Xue Guanyin gritted her teeth and followed Su Yu into the Great Void Gate.

What entered their eyes was a vast world of nothingness. It was pitch-black and silent, representing absolute death.

A Lone Island stood in the middle of the nothingness.

That was the birthplace of the beixin lineage, the lone island of the great void!

It was isolated from the world and could only be reached through the great void gate. It was rarely disturbed by the outside world.

It was precisely because of this that it gave birth to a large number of powerful creatures, including the beixin race, one of the ten great emperor lineages of the Great Yu civilization!

However, even the powerful beixin race had a natural enemy on the isolated island!

The Great Void Beast!

It was a strange beast that was born on the edge of the isolated island. It had both the physical body of a living creature and the characteristics of nothingness.

It could spit out the power of nothingness and turn everything that came close to it into dust.

Other than the emperors of Heaven and earth, anyone who was hit by the power of nothingness would have no way to survive!

Although the Beixin lineage was strong, they could not do anything to the great void beasts. They were often treated as supplements by the great void beasts, and they would go after the beixin lineage wantonly.

The above information was recorded in the bark given by Huangfu Lieyang.

Gazing at the isolated island in the distance, Su Yu let out a breath of turbid air. "It's about to begin!"

A huge snow-white door gradually appeared in the sky above the isolated island. Ten rays of warm light converged from the door and arrived in front of the 100 participants.

This was the only way to reach the isolated island recorded in the bark.

Xiu Xiu Xiu --

The moment the entrance appeared, all the experts fought to enter the isolated island through different paths.

Su Yu was neither in a hurry nor in a hurry. He chose the middle path and stepped on it together with Xue Guanyin.

Just as he stepped on the path, Su Yu subconsciously turned his head to take a look. His gaze caught a very peculiar contestant among the many contestants.

He was wearing a white bone mask. The quality of the mask was extremely high and it was impossible to see through.

His entire body was exuding an extremely dense aura of death!

His entire person gave off an extremely ominous feeling.

Su Yu narrowed his eyes slightly. He did not know why, but this person gave him a sense of déjà vu, as if he had seen him somewhere before.

That person sensed Su Yu's gaze and glanced at Su Yu. Under the mask, a pair of pale-white eyes were reflected in Su Yu's eyes.

"Have you seen him somewhere before?" Su Yu's eyes flashed as he watched this person enter the isolated island from another path.

"The Grand Void Hidden Dragon competition doesn't seem to be very peaceful," Su Yu muttered softly. There was a change in mid-cloud city in front of him, and an unknown aura of death had sneaked in behind him.

With a smile, Su Yu stepped inside.

After passing through the snow-white door, what entered his eyes was a flourishing spiritual land that was brimming with a divine aura.

With just a casual glance, he could see countless spiritual objects of heaven and earth.

"White Frost Grass! Dried grass roots! Leafless mountain ginseng!" Xue Guanyin blinked her beautiful eyes again and again, her eyes were filled with shock. "It's hard to imagine. If these spiritual objects were placed in the sea of constellations civilization, they would all be high-grade spiritual objects that would be fought over by others. However, on this isolated island, they are weeds that can be seen everywhere!"

"TSK TSK, the place that the Beixin Royal Cauldron is suppressing is indeed different. If one were to enter the top three of the Great Void Hidden Dragon, they would have a chance to comprehend it inside. Just thinking about the effects of that would be terrifying."

A hint of longing lingered on her face.

What followed was self-mockery. "However, I don't have to dream anymore. I'm destined to have no hope in the genius competition for the Beixin Royal Cauldron's fiefdom."

Not to mention the Golden Overlord, even countless Xuan crystal overlords were enough for her to drink a pot of water, let alone the numerous peak overlords. How could it be her turn to occupy the top nine?

“You Forgot to change your oath so quickly?” Su Yu asked.

Xue Guanyin was stunned. Then, she clenched her fist and revealed a determined look. “A man can conquer the heavens. To give up before a battle, it’s really giving up.”.

“It’s for the best if you can think this way! Let’s go and hunt the Grand Void Beasts.” Su Yu’s eyes turned and a gigantic eye appeared in the sky. It was searching for the Grand Void Beasts in a large area.

There was nowhere to hide under the eye of the sky.

Su Yu immediately discovered that there were two grand void beasts accompanying them nearby. They were attacking a participant who was accidentally teleported to their vicinity.

That was an overlord at the peak of Gold-tier. He was in a hurry to deal with two level one grand void beasts.

The Void Beasts immediately attacked. Each of them spat out a ball of power of nothingness.

The gold-tier Overlord dodged nimbly, but he was accidentally touched by it. As a result, he was turned into dust by the power of nothingness on the spot.

Seeing this scene, Su Yu’s eyelids twitched.

The two level one void beasts were only silver-tier overlords, but they could easily kill an overlord at the peak of gold-tier.

To kill such a void Beast, one had to be extremely careful!

Turning his gaze, Su Yu brought Xue Guanyin and rushed over.

The Void Beasts’ senses were very sharp. They could sense Su Yu’s arrival from far away and shot out a ball of void energy.

As Su Yu retreated, he threw out the Indian silver bamboo fruit.

The powerful suction force instantly sucked up all the Void Energy.

Su Yu heaved a sigh of relief and grabbed the Indian silver bamboo fruit. His confidence increased. “Fortunately, the Indian silver bamboo fruit can also absorb the power of nothingness. Although our cultivation is inferior, we might be able to catch up with others by relying on this item.”

Chi Chi --

The two great void beasts once again spat out two balls of power of nothingness.

Su Yu’s gaze turned cold. With the asura sword in hand, he slashed horizontally. “Demon lord, the world!”

Boom --

The two grand void beasts were instantly killed, and their corpses fell to the ground.

“Let’s Go!” Su Yu said.

Xue Guanyin was stunned. “You don’t want the Grand Void Beast corpses anymore? The final ranking results are based on the Grand Void Beast corpses we brought back.”

Su Yu shook his head. "It's only level one. No matter how many there are, it's useless even if the quality isn't high enough."

Xue Guanyin was speechless. She thought to herself, "How big of a heart do you have? Don't look at the hundreds of participants. There's a high chance that there are people who can't even kill a single Grand Void Beast."

For example, not only did that person fail to kill the Grand Void Beast, he even lost his life.

In the end, Su Yu turned out to be a good person. He treated it as trash and threw it away!

Not long after they left, several figures rushed over. Among them was the Saintess of the Joyous Union Holy Ruins!

She sucked in the air and sucked the two grand void beasts into her palm. There was a hint of surprise in her eyes. "That's strange. Someone killed the Grand Void Beast and threw it away."

"Saintess, you're worrying too much. How difficult is it to kill the Void Beasts?"
"Even the geniuses that Bei Wangchen brought wouldn't give up on a level one void beast so easily. I think someone must have killed it before they had time to clean it up. Saintess, please take a look. There's still a pile of ashes on the ground."

The SAINTESS looked at them carefully and agreed with his explanation. She smiled sweetly. "Hehe, in that case, I'm quite lucky. I picked up a treasure the moment I arrived?"

"Let's Go! Let's continue!" The saintess said, "If we meet that human named Su Yu, let's give these two to him to taste the sweetness. With his strength, Hehe, I'm afraid he won't even be able to kill a level one void Beast."

..

Outside countless mountains and rivers, Su Yu and Xue Guanyin were hiding in the stone forest.

Not far away, there was a lion-like creature squatting on a huge rock. Its entire body was pitch-black, and it was emitting traces of void energy.

It was a grand void Beast! And it was a level two grand void beast!

Its main body's cultivation was already at the level of a mystic Crystal Overlord. With the power of nothingness, it would be extremely difficult for a peak overlord to deal with it!

"Brother Su Yu, you go in front and I go in behind. I'll attract his attention. You use a powerful divine art..." Xue Guanyin secretly transmitted her voice.

Who would have thought that Su Yu would actually rush out with a whoosh. It was actually a head-on confrontation!

Xue Guanyin's eyeballs were about to pop out of their sockets!

Not to mention that the opponent was a grand illusionary beast, but his physical cultivation was already at the level of a Xuan Crystal Overlord. Was he courting death by charging forward?

“The fifth form of the demonic sword, demon born from the heart!” Su Yu shouted loudly. The Asura sword in his hand released endless pitch-black demonic flames.

With a slash of the sword, the demonic flames fluctuated.

Xue Guanyin suddenly felt her heartbeat quicken, and her soul became restless. The world in front of her rapidly distorted, turning from an ordinary environment into a inferno of hell.

She endured the torment of the Inferno in Hell. She was in great pain, and could not help but hold her head and scream.

Suddenly, the surrounding scenery faded like a tide, and the pain from her soul also quickly dissipated.

Xue Guanyin opened her eyes in a daze. What entered her sight was the back view of Su Yu wiping the asura sword.

And the level two great void beast, whose cultivation had reached the level of a Xuan Crystal Overlord, had already been split in half by one sword!

“You... you killed it?” Xue Guanyin could not believe her eyes.

The Xuan Crystal Overlord’s Great Void Beast had been killed so easily!

Suddenly, she remembered the pain she had just experienced and asked in surprise, “Brother Su Yu, what sword technique do you practice? Why is it so Strange?”

It was not targeted at her, but it had caused her to fall into an illusion of endless pain.

What kind of terrifying illusion would a targeted grand illusionary beast fall into?

Under such circumstances, no matter how powerful the grand illusionary beast was, it would probably not be able to use it. Su Yu would take the opportunity to kill it with one sword strike.

What a terrifying swordsmanship!

Su Yu turned his head and smiled. “The swordsmanship that an old friend gave me has some insights. Let me give it a try. Its power is not bad!”

Su Yu raised his sword and threw the void Beast at Xue Guanyin. “Take it!”

“You gave it to me? What About You?” Xue Guanyin was flattered.

Su Yu said, “There’s another one three million miles away. That one is mine. Let’s go.”

Xue Guanyin was stunned. Su Yu’s tone was completely calm, as if there was no difficulty at all.

An hour later.

At the lakeside three million miles away.

A huge white snake coiled around the lakeside, wantonly devouring the corpse of a participant whose strength was as high as a mystic crystal overlord.

Its red eyes were filled with excitement and greed.

There were several participants' physical bodies near it. They were not weak, and even the weakest one was a gold overlord.

It seemed that a group of people had surrounded it, but the white snake had wiped them out instead.

Sighing, Su Yu suddenly attacked. A demon came from the heart, cutting down the endless illusion.

While the white snake was enjoying the spoils of war, its mental state was the most relaxed. It was caught off guard and was immediately affected by the illusion. Its entire body stiffened, and it did not move at all.

Only when Su Yu cut off its head with his sword did its huge body start to twist crazily.

“HMPH!” Su Yu snorted lightly. With a tap of the asura sword, the white snake's head was minced into pieces. The huge body gradually stopped just now, and in the end, it did not move at all.

Without thinking, Su Yu opened his interspatial ring and prepared to put away the snake's body.

Unexpectedly, at this moment, several sharp sword formations suddenly appeared from the distant lake, slashing toward Su Yu.

The sword formations were extremely powerful. Su Yu raised the tip of his brows and quickly retreated.

In a short while, the white snake's corpse on the ground was swept away by a spatial force and entered a spatial storage device.

Splash --

The lake water split open and three human figures leaped out.

Each of them had a refined temperament like a modest gentleman, and their strength was so dense that it was shocking.

“The three gentlemen of the Thousand Water Lake?” Xue Guanyin's expression changed drastically!

The strength of the three of them could be said to be at the peak, a peak overlord!

They were just one step away from stepping into the ranks of half-step emperors!

“Why are you snatching people's belongings?” Xue Guanyin took the initiative to berate them, she secretly transmitted her voice to Su Yu, “Brother Su Yu, the three gentlemen of thousand water lake are not easy to deal with. In terms of temperament, they are not much weaker than those evil sects. Let's hurry up and escape!”

If the three of them had not seen Su Yu make a move, Mo youxin would still be able to catch them off guard and subdue them.

However, they had seen it clearly in secret. How could they not be wary of Su Yu's terrifying swordsmanship?

Chapter 1733 A Brief Alliance

“Stealing from others?” Among the three gentlemen, a purple-robed scholar said, he gently waved the fan in his hand. “This is the prey of the three gentlemen. It’s fine that we didn’t blame you for stealing from others, but you still dare to claim that we stole from you? You should know your shame, understand?”

Xue Guanyin laughed in anger.

They had obviously discovered that the grand illusionary beast was too powerful and destroyed a team in an instant, so they didn’t dare to make a move.

In the end, when Su Yu destroyed the grand illusionary beast with one sword strike, they ran out and slandered Su Yu for stealing their prey. They even taught them to be ashamed of themselves.

They were simply shameless to the extreme!

“Feng Junzi, they are just two ordinary people. Why waste your breath on lecturing them?” The purple-robed scholar was called “Feng Junzi” by the green-robed scholar who kept the brush

“Haha, You Are A Gentleman. You Don’t care about small figures. I admire you!” Feng Junzi praised.

Xue Guanyin rolled her eyes. “Aren’t you ashamed of flattering each other? You still call yourself a Gentleman? The three villains of Qianshui Lake are more like it!”

Although she was angry, she was very calm. She activated the secret technique in her sleeve.

As soon as she finished speaking, she immediately cast it.

“Blood Lotus Formation!” The blood lotus under her feet turned into nine shadows. They formed a circle and trapped the three gentlemen in the center.

The shadows were connected to each other. The blood light shone and blocked their vision.

“Brother Su Yu, run!” The divine power under Xue Guanyin’s feet floated while she held Su Yu’s shoulder.

This was her escape secret technique. It consumed a lot of divine power. She would not use it unless it was a critical moment.

“Hehe, the formation gentleman is here. It would be strange if you two juniors could escape.” The white-robed scholar among the three gentlemen laughed strangely and shouted, “Break the formation!”

A small pitch-black flag rotated in his palm, emitting a powerful black light.

Wherever the black light swept past, the Blood Lotus Phantoms were all wiped out.

The formation that trapped them was easily dissolved.

Xue Guanyin’s face sank into the water. Among the three gentlemen, the formation gentleman was the most difficult to deal with.

He was good at breaking formations. Ordinary formations could not trap him at all.

He was also very good at setting up formations. The sword formation that the three of them worked together was completed by the formation gentleman.

After calming herself down, Xue Guanyin forced herself to calm down and said, "Don't go too far. We don't need a second-level grand void beast. If you are aggressive, don't blame us for fighting to the death!"

"Do you think you are qualified to fight to the death?" Feng Junzi sneered. "Even the Xuan Crystal Overlord doesn't have such qualifications, let alone you..."

His words were forcefully interrupted by Su Yu, who had remained silent the whole time.

"Is that so? Since you are so amazing, why do you talk so much nonsense but don't dare to go forward?" Su Yu touched the asura sword in his hand and said indifferently.

Feng Junzi's expression turned cold. "I'm really anxious to see the King of Hell! In that case, I'll Grant You Your Wish..."

"The Devil Is Born from the heart!" Suddenly, Su Yu shouted!

Feng Junzi's expression changed drastically, and his figure retreated frantically.

Hua Junzi and array Junzi also hurriedly moved to the sides and shouted in alarm, "Quickly form the formation!"

The arrogance on their faces was no longer seen, and they were filled with fear.

Xiu Xiu Xiu --

The Sword Formation immediately activated and protected the three of them, making them feel as if they were facing a great enemy.

However, when they were ready, they did not see Su Yu's sword coming for them.

They saw Su Yu playing with the asura sword. He smiled and said, "I was just clearing my throat and shouting randomly. Why are the three high and Mighty Gentlemen So Scared?"

Feng Junzi had just realized that Su Yu was deliberately trying to scare them.

An embarrassed look appeared on his face. Feng Junzi shouted from afar, "Kid, we three gentlemen are magnanimous and will not lower ourselves to your level! Now, I will give you a chance to pledge your loyalty to the three of us!"

After hearing that, Su Yu smiled and looked at them, who were hiding behind the sword formation, mockingly. "With your looks, do you think you have the right to make me pledge my loyalty?"

Their thick skin made people laugh.

The Gentleman of array waved his black flag and kept the sword array. He stared at Su Yu. "Kid, since we have seen your sword skills and still dare to show ourselves, we naturally have the chance to completely subdue you."

The three of them looked at each other and each took out a heart that was emitting dense demonic qi.

“Nine Netherworld Demon Heart! You should recognize it, right? This is a rare divine item of the heavenly devil civilization. After swallowing it, you will be immune to some demonic techniques. Are you sure you can handle the three of us?”The Gentleman of array said.

The corners of Su Yu’s mouth curled into a sneer. “Then you can try again after swallowing it. I don’t mind accompanying the three of you to the end.”

The Gentleman of array pinched the demon heart and stared at Su Yu. He did not swallow it for a long time.

“What? You Don’t Dare? Are you afraid that you won’t be able to fight for a long time and will delay the precious three days? Or are you afraid that you will attract a strong enemy?”Su Yu’s eyes were sharp. He saw through their thoughts with a glance.

After their thoughts were exposed, the expressions of the three of them changed.

If they really fought head-on, it would definitely be no problem for them to kill Su Yu with their combined strength.

However, the time they wasted was unknown.

Unfortunately, their most precious thing was time. They only had three days!

“If you have no guts and no guts, then scram as far away as you can!”Su Yu sneered unceremoniously.

The three gentlemen were furious. If it was in the outside world, they would have long joined hands to force Su Yu to death.

However, they were currently in the middle of the assessment. If Su Yu was not willing to submit, they really did not have the time to delay.

However, they were extremely unwilling to let Su Yu off just like that.

They were very tempted by Su Yu’s tyrannical swordsmanship that killed the grand illusionary beast with a single sword attack.

If they could control Su Yu and use him for their own purposes, coupled with the strength of the three of them, any level two grand illusionary beast could be easily harvested.

Gritting his teeth, the formation gentleman seemed to be condescending. He took out the corpse of the Grand Void Beast and his solemn face softened, he said, “Little brother Su, we have offended you a lot just now. Please forgive us. This grand void beast will be our apology. I hope you will accept it.”

Uh..

Xue Guanyin was dumbfounded. The two sides were about to start a fight.

Why did the murderous three gentlemen apologize as soon as they turned around?

After the facial muscles of Feng Junzi and Hua Junzi squirmed a few times, they forced an apologetic smile and said, “Sorry for offending you just now. I hope you can forgive me, little brother Su.”

However, Su Yu was not surprised by their performance at all. He put away the corpse of the level two grand illusionary beast without any courtesy.

“Hehe, I am a magnanimous person. I Won’t argue with small figures like you. I forgive you. Goodbye.” Su Yu turned around and was ready to leave.

The veins on the gentleman’s forehead twitched. He was strong and angry. He smiled apologetically and said, “Little brother Su, wait!”

“Speak!” Su Yu did not even turn his head and said.

Feng Junzi and Hua Junzi clenched their fists. They were too arrogant. Such an attitude was as if they were begging him.

The gentleman controlled his temper, he said, “Little brother Su, you have the swordsmanship to restrain the grand illusionary beast. The three of us have the ability to clear the obstacles. Why don’t we work together and hunt the level two grand illusionary beast together? I believe that after we work together, we will definitely have a great harvest.”

Hearing this, Su Yu scoffed, “Without you guys, I could have easily killed the level two void beasts. Why should I bring you guys along?”

Xue Guanyin secretly laughed. It was really unbelievable. No one could have imagined that the three peak overlords would swallow their anger and beg to form an alliance with a bronze overlord, only to be despised by the bronze overlord.

If she had not seen it with her own eyes, she would have found it hard to believe that such a ridiculous thing could exist in this world.

Feng Junzi finally could not stand it anymore. He shouted in a low voice, “Surnamed Su, stop it! The three of us have never been like this before. If you are not satisfied, don’t blame us...”

Su Yu’s eyes turned cold. “What do you want? Are You Ready to fight? Sure, I will accompany you!”

Holding the Shura Sword again, the two sides were ready to clash again.

The gentleman turned his head and glared at Feng Junzi. “Shut up! Don’t be rude to little brother Su!”

He turned to Su Yu and said, “Brother is rude. I apologize on his behalf.”

“Then, if there’s nothing else, I’ll leave.” Su Yu waved his hand and was ready to leave again.

The gentleman continued, “Maybe you’re right. It’s enough for you to kill a level two void beast alone, but what about a level three void Beast?”

Eh? Su Yu narrowed his eyes. “You found traces of a level three Taixu Beast?”

Zhen junzi said, "We found it right after we arrived here, but because we found its existence, we stayed far away from it!"

A level three Taixu Beast's physical cultivation was already at the peak overlord level. Combined with the power of nothingness, even if ten of the three gentlemen of Qianshui Lake worked together, they might not be able to subdue it.

However, if Su Yu's tyrannical and peerless swordsmanship was used together, the result would be different.

Even if this swordsmanship could cause a level three Taixu Beast to lose focus for a moment, it would still be enough for the three of them to work together to kill it.

Su Yu's heart pounded!

A level two taixu beast was indeed rare, but in terms of quality, a level three Taixu Beast was more reliable.

If he could kill one, there would be no suspense for him to enter the top 20.

After pondering for a while, Su Yu nodded, "Sure, but I have a condition."

"Please speak!" The Gentleman of array was delighted.

Su Yu pulled Xue Guanyin over and said, "My condition is that she will come with us. Also, she will get a share of what we get."

A burden? The three gentlemen frowned. They were really unwilling.

However, it was not easy to reach this point, so they naturally nodded and agreed.

"No Problem!" After a short exchange of glances, the three of them gave a clear answer.

Xue Guanyin stared at Su Yu gratefully. Her delicate fists, which were hidden in her sleeves, were clenched tightly.

Only second to the stimulation of Empress Zi Wei, her self-esteem was deeply pierced again.

If her strength was not enough, she would be despised wherever she went.

A desire to become stronger slowly rose in her heart.

Two hours later, an ancient ruin tens of millions of miles away from the lakeside.

This place was originally a tribal city of the Beixin faction. One day, it was suddenly attacked by a level three great void beast. Most of the experts of the Beixin faction in the city died in battle. The rest fled one after another and became a ghost city, from then on, it was occupied by this great void beast.

The five of them stood outside the ruins and could clearly feel the power of nothingness that was being emitted in all directions.

"That level three great void beast is under the ruins. We had better strike first." The formation gentleman said and immediately set up a restriction.

With a flick of his sleeve, thousands of pitch-black flags flew out and surrounded the entire ruins. Feng Junzi waved his fan. Three clusters of compressed cyan-colored storm qi hovered in his palm. The array gentleman continued to draw in the air. A huge, colorful mountain was drawn out of thin air. It materialized from the virtual to the real and floated above the ruins.

The three people who had made preparations were all a little weak. It could be seen that they were going all out.

Su Yu was also relieved. He pulled out the asura sword and looked at the ruins from afar.

The Eye of soul pierced through the layers of ruins and discovered the level three grand illusionary beast hidden deep under the ruins. It was a giant rat covered in purple eyeballs.

It had long discovered the existence of Su Yu and the others. It hid under the ruins and found the most appropriate time to attack them.

While they were hunting it, it also planned to kill them as food.

“Attack!” Array gentleman shouted.

Wind gentleman drew his fan and a compressed storm of air fell on the ruins.

Whoosh --

Suddenly, the air burst, and endless green gales jumped out from it, instantly sweeping the entire ruins up into the sky, revealing the bottom of the ruins and the giant rat hidden deep inside.

Hua Junzi’s coordination was extremely good. Almost at the instant the ruins were swept away, he waved his brush fiercely, and the colorful giant mountain fell with a rumble, crashing onto the giant rat’s body.

The giant rat was caught off guard and was immediately angered by the attack.

With an ear-piercing screech, the purple eyes on its back emitted wisps of power of nothingness, crushing the giant mountain that was pressing on its body into nothingness.

This scene caused the hearts of everyone present to turn cold.

As expected of a level three grand illusionary beast. Not only could it spit out power of nothingness from its mouth, but its entire body could also overflow with this kind of power.

In a head-on battle, any divine art would be turned into nothingness by the power of nothingness. was there any chance of winning this kind of battle?

The gentleman of array shouted, “Ten thousand formations suppression!”

The countless flags surrounding the ruins fell like a storm, suppressing the greater rat.

The greater rat sensed the danger and quickly released the power of nothingness, turning one powerful formation flag after another into nothingness.

Although there were many formation flags, they were unable to get within thirty feet of the greater rat.

The only use was that the greater rat could not withdraw to attack them.

Formation gentleman hurriedly said, "Little brother Su, victory or defeat depends on this battle!"

Su Yu had long been prepared. With them temporarily suppressing the level three grand illusionary beast, Su Yu would be able to make a move.

Otherwise, with the level three grand illusionary Beast's cultivation base, he would not even have the qualifications to get close.

"The Devil Is Born from the heart!" Su Yu swung his sword without hesitation. The intense demonic flames had extremely powerful soul penetration power. Even a powerful level three grand illusionary beast could not help but fall into an illusion.

At the moment of being absent-minded, countless array flags fell crazily. They suppressed the greater rat's body and pressed it to the ground.

The array gentleman was ecstatic. he shouted anxiously, "Feng Junzi, Hua Junzi, quickly attack!"

The two of them were also extremely ecstatic. One threw out the last compressed air ball in his palm, while the other drew a huge mountain.

The two of them attacked together with Su Yu's sword and slashed at the great void Beast's body.

Roar --

With a roar, the giant rat's huge body was shattered into three pieces, and its soul was killed on the spot.

The three gentlemen were pleasantly surprised that they had successfully killed the level three giant rat.

Their choice to join hands with Su Yu was indeed correct!

Without that tyrannical and peerless sword technique of the demonic sect, they had no chance of killing it.

Xiu Xiu Xiu Xiu --

A group of people quickly flew down and surrounded the giant rat.

The gentleman burst into laughter. "Victory is ours! The four of us working together are enough to wipe out all the level three great void beasts on the island!"

These words caused the three gentlemen's hearts to surge.

Before this, they were still having trouble killing level two great void beasts. After working together with Su Yu, killing level three great void beasts actually went exceptionally smoothly.

Looking at the enormous body of the greater rat, the three men were envious, and their gazes quickly turned.

Next, it was time to distribute.

A grand illusionary beast could only be given to one person, but who should it be given to?

The three of them were still thinking, but Su Yu had already impolitely put the three parts of the corpse into a storage container.

Feng Junzi was immediately angry, and his eyes darkened. "Surnamed Su, what are you doing?"

Feng Junzi and Hua Junzi also looked over, revealing dissatisfaction.

The level three Grand Illusionary Beast was dead and they no longer needed Su Yu!

Su Yu glanced at them and said calmly, "Isn't it too early to turn hostile?"

Chapter 1734 The Demon Of The Moon Lake

The three of them stared at Su Yu, their eyes turning.

"There's only one level three void beast. Is it for you, a formation gentleman, a wind gentleman, or a painting gentleman?" Su Yu asked.

The three gentlemen looked at each other, their expressions complicated.

Indeed, one level three void beast was useless, unless everyone had one.

"There are still many level three void beasts. With our cooperation, if nothing goes wrong, we should be able to get one each before the end of the three-day period. Why limit our vision to the present?" Su Yu said lightly.

The three gentlemen fell silent. Feng Junzi frowned and snorted, "Then why should I give it to you? After I give it to you, you will get a level three void beast. Why would you seriously help us deal with a level three void Beast?"

Su Yu happened to finish cleaning up the giant rat's corpse, but he did not occupy it. Instead, he threw it to Xue Guanyin.

"Give it to me?" Xue Guanyin was flattered.

Su Yu looked at the three gentlemen, "Then there should be no problem, right?"

Feng Junzi grimaced unwillingly but did not question further.

"Alright! I'll trust you this time. I hope you'll Keep Your Word," the gentleman said.

Su Yu shrugged and said, "I'll be the last one to be assigned a level three void Beast, right? However, all the level two void beasts that I killed along the way will belong to me."

The quality of the round-up hunting test was the first test criterion. No matter how many level two void beasts one obtained, they would not be as good as a level three void beast.

The three gentlemen did not quite understand why Su Yu wanted a level two taixu beast. However, since he was willing to allocate a level three Taixu Beast in the end, it could not be better.

"Alright! There are quite a few level three taixu beast nests nearby. Let's exterminate them one by one." The three gentlemen were in high spirits.

Just as they had expected, the nests that they continued to search for were indeed all level three Taixu Beasts.

They were the two-headed fierce crocodile, the golden-crowned white-furred eagle, and the one-eyed stone frog.

With the help of Su Yu's demonic swordsmanship, the hunt for the level three Taixu Beast went very smoothly, almost without any difficulties.

"Haha, the Second Round of the assessment has been decided. The dust has settled on US three gentlemen." The formation gentleman could not help but let out a long breath.

Feng Junzi wiped the blood on his face and recovered some of his divine power. His expression was full of relief. "Phew, I wonder how many people can kill a level three Taixu Beast."

They had personally fought with a level three great void beast. They had deeply experienced how terrifying this beast was.

Other than those who were half a step away from the Emperor of Heaven and earth, there was almost no contestant who had absolute confidence in subduing this beast, let alone killing it.

Hua Junzi raised his head and said with a cold snort, "Fan Shan evil sect's Shao Xie thinks highly of himself. I just want to see how his hunting results are compared to ours."

They could never forget the humiliating experience of fan mountain evil sect forcing them to give up their best position in front of the great void sect

The other two people flashed with a cold light. "Hehe, even if he killed the Golden and Silver Maiden's trump card, he might not be able to kill a level three great void Beast!"

At this moment, they heard su yu say, "The three of you, there's still one more day. How about we continue to the Half Moon Spring? According to the information we received, there's a level three great void beast called the Moon demon there."

The three gentlemen exchanged a look and nodded slightly.

The gentleman said, "If you keep your promise, we three gentlemen will not go back on our words. Next, we will help you hunt the level three great void Beast."

When he spoke, there was no change in his expression.

However, if one observed carefully, one could see a hint of a strange smile hidden deep in his eyes.

Regarding this, Su Yu was "Completely unaware" and said, "Then I'll have to trouble the three of you."

Jun junzi smiled and said, "Little brother Su, you're too polite. We're just helping each other out."

Four hours later, Half Moon Spring.

Half Moon Spring was located in the boundless desert. It was a quiet spring pool that looked like half moon.

Standing in the distance, the spring pool rippled gently. Green willows hung in the shade, and it was exceptionally cool and shady.

It was hard to believe that such an oasis would exist in the desert.

“That is where the moon demon is, the half-moon spring! Every time the moonlight shines, the moon demon will appear and absorb the essence of the Moon. That is the best time to kill it!”

Different from the other level three grand illusionary beasts, the Moon Demon was a beast condensed from moonlight. It usually hid in the half-moon spring and rarely showed its face. It was only revealed when the moonlight shone.

Feng Junzi looked at the sky and said, “The moon will appear in an hour. Let’s make our preparations according to our previous arrangements.”

He waved his painting fan and gathered three rapidly rotating compressed green storms.

Hua Junzi slashed through the sky and drew out a huge colorful stone that floated in the middle of the half-moon lake.

The three of them were as well-prepared as before. Once the Moon Demon appeared, it would immediately give him an unexpected suppression.

Then, Su Yu took the opportunity to use the demonic sect’s sword technique to hypnotize it.

The three gentlemen were fully prepared. They said, “Little brother Su, you must also be prepared. The opportunity is fleeting. You must seize it.”

Su Yu nodded. “I understand.”

Taking out the Shura Sword, Su Yu held it tightly in his palm. Once the Moon Demon appeared, he would coordinate with the three gentlemen to launch a powerful attack on the Moon Demon.

Time passed bit by bit. Su Yu stared at the half-moon lake. His entire body merged with the desert, and he did not move at all.

The Moon Rose slowly from the west. The gentle golden moonlight sprinkled on the jade-green half-moon lake, covering the lake with a layer of golden light.

Splash --

Under the Golden Light, the water of the half-moon lake rippled. A unicorn horse covered in moonlight slowly emerged from under the water. It was exceptionally beautiful.

It was the Moon Demon, a level three grand illusionary beast. It was also a grand illusionary beast that had been famous for a long time.

It had been a level three grand illusionary beast since the grand illusionary hidden dragon competition tens of thousands of years ago. It was extremely old.

When the Moon Demon appeared, the eyes of the array gentleman changed. He shouted in a low voice, “Feng Junzi, Hua Junzi, don’t hesitate anymore. Attack!”

His shocking shout would undoubtedly alarm the Moon Demon.

Xue Guanyin was so angry that her nose was crooked. They actually made a ruckus at this time. Was it intentional?

She was not wrong. They did it on purpose.

The array flags, storm, and five-colored mountains that were originally covering half moon lake were all bombarded toward Su Yu.

Boom Boom Boom --

Endless rumbling sounds could be heard. Su Yu was instantly hit by the violent storm.

Xue Guanyin was shocked and furious. "You guys are despicable!"

She never expected that the three gentlemen would attack Su Yu at the critical moment!

The gentleman snorted with a cold expression. "He is just a lowly ant, but he made us three gentlemen of Qianshui Lake bow our heads in humiliation. Shouldn't he be killed?"

Feng Junzi had the deepest prejudice against Su Yu. He laughed out loud. "He is finally dead. We can no longer endure this humiliation."

Xue Guanyin shouted angrily, "A bunch of shameless people! !"

It was clear that they were the ones who needed Su Yu's help. He was the one who was humble, yet he blamed Su Yu?

The most chilling thing was that Su Yu kept his promise and helped them obtain the level three grand illusionary beast one by one.

But what about them? After the deed was done, not only did they not keep their promise, but they even launched a sneak attack on Su Yu. It was simply despicable to the bone!

"Hehe, you should accompany him too." Feng Junzi sneered. The corners of his mouth curled up into a cruel arc. He casually threw out a formation flag and hit Xue Guanyin's chest.

With a muffled grunt, Xue Guanyin was destroyed by the restrictive power of the formation flag on the spot.

Chi --

The Gentleman of array grabbed across the air and grabbed her interspatial ring, which contained a level three grand void beast, he laughed, "Ignorant fool! I thought it would take him a lot of effort to get rid of the biggest threat so easily! He has also received our teachings with his life!"

Feng Junzi also laughed, "Offending us three gentlemen, this is the end!"

Roar --

The huge commotion alarmed the moon demon.

The Moon Demon opened its mouth and spat out a vast expanse of white blood light, sweeping towards the three men.

The three men's expressions changed slightly, "Retreat, don't get entangled with the level three Grand Void Beast. Find a place to wait for the round-up hunting test to end."

Without Su Yu's help, they were exceptionally weak in front of the level three Grand Void Beast. They could not withstand any attack from the level three Grand Void Beast's power of nothingness.

However, just as they were about to escape, a huge spatial light appeared around their bodies and instantly locked onto them.

“Spatial transfer?” The Gentleman of the formation immediately recognized it. When he felt that he had entered the teleportation state, his expression changed drastically. “Not good, it’s a spatial divine art!”

He was extremely shocked. Where did this spatial divine art come from.

Before they could react, the sudden spatial power not only pulled them into the oasis, but also pulled them to a spot thirty feet in front of the Moon Demon!

The Moon Demon was obviously startled and subconsciously retreated.

However, when it reacted, the moon demon let out an excited arrogance and shot out an extremely dense moonlight at a close distance.

The three of them were caught off guard and were sprayed by the moonlight all over their bodies.

Under the cover of the moonlight, their bodies slowly melted and turned into white moonlight! !

The expression on the face of the Moon demon changed drastically and he shouted anxiously, “Give up on the melted body parts and leave quickly!”

He gritted his teeth as a fierce look appeared in his eyes. He took out a divine weapon and chopped off the moonlight body’s chest.

Divine blood splattered everywhere as Jun Junzi’s face contorted in pain.

He gritted his teeth and retreated from the moonlight.

Feng Junzi was even more ruthless. Many parts of his body had been eroded by the moonlight, so he had no choice but to crush a compressed storm.

The powerful storm instantly minced his flesh and blood, leaving only a white skeleton!

His soul attached to the skeleton and escaped with great difficulty.

Hua Junzi was the most unlucky one. He was the closest to the moon demon, so he blocked most of the moonlight and was directly sprayed all over his body. He melted into the moonlight on the spot, and he didn’t even have time to scream.

“Third brother! !” Array gentleman and Feng Junzi, who had survived the disaster, let out mournful cries.

The three of them had been together for a hundred thousand years. They were inseparable and were like brothers.

However, third brother Hua Junzi died tragically just like that... No, he was killed right in front of his eyes!

“Who! Who framed us? Come out!” Array Gentleman faced the sky and roared angrily. His roar shook the sky and earth and contained his extreme anger.

Wind gentleman was Fanning himself, creating hundreds of compressed storms. His eyes were as red as a wild beast.

“Hehe...”a familiar voice drifted into their ears. “To borrow array gentleman’s words, you are only using your lives to get some proper teachings.”

Array gentleman and wind gentleman were stunned. They turned their heads in shock. “You’re not dead?”

They saw the place that was bombarded by the three peak overlords just now. After the smoke settled, an uninjured figure appeared.

White hair, black eyes, and a plain-clothed crown. Who else could it be but Su Yu?

“I’m sorry to disappoint you. I didn’t die as you wished,”Su Yu said calmly. The Indian silver bamboo sword in his hand was retracted into his sleeve. The Asura sword fell out of his sleeve and landed in his palm.

He had never trusted the three gentlemen and had always been on guard.

The result was as expected. They did not choose to keep their promise.

“That’s fine. I’ll take back the level three grand illusionary Beast’s corpse that is with you. It’s been hard on you during this period of time.”A trace of indifferent ridicule blossomed on the corner of Su Yu’s mouth.

Chapter 1735 Soul Devouring

They were using Su Yu, but wasn’t Su Yu using them as well?

Without the help of the three peak overlords, it would be difficult for Su Yu to kill a level three great void beast.

Originally, Su Yu didn’t plan to take all the great void beasts for himself, but they had ulterior motives!

Since that was the case, Su Yu couldn’t be blamed for turning hostile!

“The Devil Is Born from the heart!”Su Yu swept his sword horizontally.

The surging demonic flames instantly brought them into the boundless illusory hell.

After a short moment of loss of focus, a purplish-black formation flag shot out from the surface of the formation gentleman’s body.

The formation flag automatically exploded, exploding with a sonic boom that pierced into the soul.

The formation gentleman and the wind gentleman woke up in an instant, and at the critical moment, they attacked to block the Shura Sword’s blade.

“Ten thousand formations attack at the same time!”The formation gentleman seemed to be facing a level three grand illusionary beast, and his sleeves shook crazily as he shot out thousands of formation flags.

The sharp edge of the asura sword cut through countless formation flags.

After it cut through hundreds of formation flags, the sword showed weakness and stopped.

At this moment, the edge of the asura sword was only 300 meters away from the neck of the formation gentleman!

A drop of cold sweat slid down the forehead of the formation gentleman and dripped down the tip of his nose, creating a few ripples in the water of Half Moon Lake.

“That was close!”The eyes of array gentleman narrowed.

If it was any later, both he and Feng Junzi would have died under this sword.

Feng Junzi’s soul shook violently. After surviving the disaster, he hid behind array gentleman and screamed, “Array gentleman, kill him, kill him quickly!”

Even though he was afraid of Su Yu’s devil sect sword technique, after personally experiencing it, he felt even more afraid.

The Gentleman of array took a deep breath and regained his composure. He looked at Su Yu from afar and said, “It’s a pity that you’re only one step away... you’ll have to use your life to make up for this one step!”

The terrifying aura of a peak overlord quickly spread out and suppressed Su Yu.

At the same time, he formed a seal with his hands and powerful array flags continuously flew out from his wide sleeves. They covered the sky and covered half of the sky above the lake.

“Kid, you are the only genius in the way of the sword that I have ever seen in my life. However, you should never have offended US three gentlemen. Remember to be smarter in your next life and hide it well!”The array gentleman said.

His ten fingers tapped on the array flags that filled the sky.

“Hide it well?”Su Yu laughed lightly. As he laughed, his pair of dark brown pupils had already silently changed into a silver color.

His black eyes and silver pupils appeared extremely noble.

Pu --

With a soft sound, silver flames shot out from his two silver pupils.

The two balls of flames merged into one, forming a palm-sized silver bird that flew over with a whoosh.

The moment the silver bird appeared, the formation gentleman and Feng Junzi, who were both peak overlords, trembled violently.

Feng Junzi’s soul body trembled uncontrollably, as if it was about to collapse at any moment.

“Go!”Array gentleman shouted

Countless array flags obeyed the order and suddenly attacked.

However, the little silver bird didn’t have a physical body. It pierced through the array flags and passed through Feng Junzi’s soul body with a sharp whistle.

Feng Junzi’s body collapsed at a speed visible to the naked eye, turning into soul fragments.

The silver bird sucked in all the pieces of his soul with its sharp beak.

Immediately after, the silver bird entered the body of array gentleman without any hindrance.

Ah --

With a terrified scream, array gentleman's body immediately fell to the ground.

The Silver Bird held array gentleman's soul in its beak and flew out of its body. It landed on the rocks on the shore and grabbed the soul to press it onto the rocks.

No matter how powerful array gentleman was, he was unable to resist in front of the little silver bird.

"Su, you, what kind of evil technique are you cultivating?" Array Gentleman's soul cried out in panic.

The silver eye transformed into a little silver bird and was able to pull the soul of a peak overlord out of its body!

The most shocking thing was that the little silver bird had a powerful strength that could restrain the soul. When it was pressed onto the ground, array gentleman was actually unable to resist!

Su Yu crossed his arms in front of his chest and said with a calm expression, "Naturally, it's like what you said. It's a hidden trump card."

As Su Yu's words fell, the silver bird's sharp beak pecked down, devouring the gentleman's soul bit by bit.

Not long after, the silver bird happily spread its wings.

The feathers on the surface of its body were clearly clearer than before.

"Come back!" Su Yu smiled. The Little Silver Bird once again turned into two balls of flames and returned to his silver pupils.

Instantly, Su Yu's soul expanded several times!

His soul power, which was already at the silver overlord level, instantly reached the gold overlord level!

"I didn't let you down!" Su Yu was satisfied with the power of his first attempt at the soul devouring realm.

The soul of a peak overlord could still be devoured.

Of course, this was only possible if the peak overlord was injured first and didn't have any magic treasures or divine spells that could restrain soul-devouring techniques.

Su Yu hid his silver pupils and jumped up. He found three spatial storage devices on their bodies.

After thinking for a while, Su Yu threw one to Xue Guanyin and said, "Two for each of us."

Xue Guanyin held it in her hand. After pondering for a moment, she tossed it back calmly and shook her head. "Thank you, brother Su Yu. One is enough for me. It should be enough for me to rank in the top twenty."

Su Yu didn't stand on ceremony either. He cleaned up the three storage containers on the spot.

Apart from the three level three Void Beasts, the three gentlemen of the Thousand Water Lake also had a lifetime's worth of resources. They were extremely rich.

They possessed many divine items that were rarely seen in the sea of constellations civilization.

"I'll take the Void Beasts, and I'll give you half of the resources," Su Yu said.

Xue Guanyin didn't reject him anymore. She smiled sweetly and said, "Thank you, brother Su Yu. How Do You Want Me to repay you?"

As she spoke, she deliberately moved closer to Su Yu. The delicate fragrance of a young girl entered Su Yu's nose, causing his emotions to fluctuate.

When he looked sideways, he saw a mischievous smile on Xue Guanyin's face. It was a smile that was not a smile. It seemed like she was teasing him, but there was also a hint of shyness.

Su Yu smiled. He had the intention to tease her. With an evil smile, he sized up her body that was just beginning to develop. "How about marrying me with your body?"

Swoosh --

Xue Guanyin's pretty face immediately turned red. The face that was half-smiling just now was at a loss in the blink of an eye, she stammered, "Brother Su Yu, you... Don't be like this. I cultivate a jade lady type cultivation technique, so I can't hand it over to brother Su Yu yet."

After she finished speaking, she lowered her head deeply and her lips trembled, "But if brother Su Yu really wants it, i, I can..."

"Ahem, this, in the future..." Su Yu's old face twitched unnaturally.

He was originally teasing her, but who knew that this little girl, Xue Guanyin, seemed to really have feelings for him.

The current Su Yu really did not want to be distracted by other emotions.

"It's about time. Get ready to go back." Su Yu stood up and said.

Xue Guanyin swallowed the words that were about to come out of her mouth. She glared at Su Yu with some resentment and muttered, "Blockhead!"

However, on second thought, she was relieved that even the Saintess of the Union Holy Ruins was defeated.

Su Yu counted the gains this time. There were three level three void beasts, 38 level two void beasts, and zero level one void beasts.

The reason why he asked the three gentlemen of Qianshui Lake to give all level two void beasts to Su Yu during the hunting process was just in case.

If they could not catch enough level three void beasts, they would need enough level two void Beasts to ensure the top 20 spots.

“With so many void beasts, the top 10 should be more than enough, right?” Su Yu was relieved.

As several rays of light descended and enveloped their bodies, Su Yu and Xue Guanyin were teleported back to the great void sect.

Looking around, there were less than 60 people left from the first 100 people who entered.

The rest were all buried on the isolated island.

“Hehe, Congratulations to all of you for coming back alive.” Bei Wangchen’s arrogant incarnation put on a fake smile. “In that case, please scram if you haven’t captured any void beasts.”

Such contemptuous words had indeed angered everyone.

“Scram then! If I knew it was a dangerous mission like hunting grand void beasts, I wouldn’t have come to participate in the Grand Void Hidden Dragon Competition! HMPH!” The person who spoke had injuries all over his body, a few of them were exceptionally ferocious, and it could be seen that he had tried his best.

“I’m leaving too!” A pretty woman with red eyes followed behind unwillingly.

“Let’s go, we’re not being treated like humans at all!”

More and more people left one after another. In the end, only forty people remained.

“A bunch of defeated dogs wailing.” Ao Xiang looked at everyone with disdain.

“Then, take out your prey. With this ranking, the top twenty will be able to enter the third round of the assessment. The rest will be eliminated.”

Everyone looked at each other. Finally, they slowly took out their prey.

Most of them hunted level 1 void beasts. Only a few of them hunted level 3 void beasts, but there were only a few.

Su Yu secretly observed and found that their prey was much less than he had imagined. There were only four people who had hunted level 3 void beasts, and there were only five people including him.

In that case, it was not a problem for him to enter the top five.

After thinking for a while, Su Yu did not take out a level three Taixu Beast. Instead, he took out eighteen level two Taixu Beasts.

With so many prey, it was just enough for him to enter the top ten. His position was neither forward nor backward, and he did not attract anyone’s attention.

“Hand it over!” Bei Wang Ao Xiang said calmly.

Everyone present stepped forward to hand over their prey.

The first was a white-robed man who handed over a Level 1 grand void beast.

Ao Xiang did not even glance at him as he calmly announced his fate, "Take some prizes and leave. You Won't have a chance to enter the top 20."

The white-robed man hesitated for a moment before bowing, "I know that I won't be able to enter the top 20, but I hope that I can be loyal to the crown prince from now on."

"Hehe..."the arrogant figure glanced at him from the corner of his eyes. He did not even look at him as he laughed lightly, "Then do you know that under my name, I never raise useless people?"

Creak --

The Man in white clenched his fists tightly and lowered his head. He silently cupped his fists and turned around to leave.

What a cold-blooded bei Wangchen!

Su Yu thought to himself. When he thought of Xuan Zhi's death, Su Yu felt that this person was even more unreliable.

The next people all presented more than two prey, but most of them were level one void beasts.

Ao Xiang's expression was indifferent. He never looked at them, until a female Taoist nun in green presented a level two void Beast and eight level one void beasts.

"Oh? Finally, a useful one appeared."Ao Xiang turned his head and sized up the female Taoist nun.

Hearing this, the female Taoist Nun's face revealed an excited expression.

However, ao Xiang turned his head again. "It's okay, but it can't be used. put down the prey."

Chapter 1736 Submitted The Prey

The female Daoist nun's expression froze, and she walked back with a desolate expression.

"Isn't that Southern Wilderness Divine nun, Daoist nun Ding Kun?"

"It's her! Her strength has long reached the peak of the Mystic Crystal Overlord realm. This time, she killed a level two grand void beast. It's truly rare!"

"I really didn't expect such a famous figure to not be able to enter bei Wangchen's eyes!"

"It's rumored that Bei Wangchen is extremely strict in choosing the guests behind the scenes. It seems like it's true."

..

"Next!"Bei Wangchen said lazily.

Following that, the most powerful person who presented seven level 2 void beasts in one go surprised everyone.

Ao Xiang was finally moved. He looked up at the other party and asked, "What's Your Name?"

"Heartless Blade Emperor!"

The one who killed the seven level 2 Grand Void Beasts was none other than heartless blade emperor who was traveling with Su Yu!

Ao Xiang frowned. "In front of me, you are not qualified to call yourself emperor. Remove the 'emperor' and change your name to Heartless Blade!"

Heartless Blade Emperor agreed after a slight struggle. He said, "Thank you for the name, Crown Prince."

"Mm, from now on, you are my guest behind the scenes."Ao Xiang smiled.

Heartless blade emperor was extremely excited when he heard that.

When Empress Zi Wei was taken away, he was also humiliated.

Now, he finally proved that he was no worse than Empress Zi Wei.

After returning to the crowd, he looked around at everyone and his gaze finally landed on Su Yu. His eyes were filled with provocation, as if he was saying, "You didn't expect me to hunt so many level 2 void beasts!"

Su Yu did not take his provocation to heart at all, nor did he feel the slightest bit surprised.

Although the heartless blade emperor did not display enough strength along the way, he was still the descendant of the Emperor of Heaven and earth. How could he have few hidden tricks?

"Next!"Ao Xiang said indifferently.

There were only a few people left who did not offer up.

Su Yu was one of them.

"Young man..."Su Yu heard a seductive voice.

Su Yu didn't need to look back to know who it was.

Su Yu moved a few steps away and said, "Saintess, please respect yourself."

"Hehe, I like your serious look. You're so handsome. I really want to push you to the ground."The Saintess licked her lips, she had a regretful expression. "It's such a pity that I didn't meet you on the island. However, I've been thinking about you. Look, didn't I bring back two prey for you?"

She took out the corpses of two level 1 grand illusionary beasts and brought them to Su Yu. She smiled and said, "There must have been no gains on the island, right? Promise, I'll help you put up a front. At least it won't be so embarrassing."

She naturally thought that Su Yu did not go forward for a long time because there were too few prey.

Su Yu glanced at the two great void beasts from the corner of his eyes and could not help but feel that they looked familiar.

Why did it look like he had abandoned them?

Shaking his head, Su Yu said, "Sorry, I don't need them. Take them back."

The Joyous Union Holy Maiden was slightly surprised. "Are you sure?"

She did not think that with Su Yu's cultivation, he could kill many great void beasts. She was afraid that even one of them would be very difficult!

Su Yu said coldly, "Take it back."

The Saintess of the joyous union took back her hand. She was a little displeased and smiled lazily, "Hehe..."

The word "Hehe" was clearly seen with contempt.

"If you don't want it, then don't. I'll keep it for myself." The Saintess of the joyous union twisted her waist and walked forward step by step, presenting her prey with a smile.

It was thirteen level two void beasts.

So many level two great void beasts, setting a new record once again.

Ao Xiang's lips curled into a smile of approval. "As expected of a member of the royal family of the hehuan civilization. Very good! I sincerely invite you to join me as a guest behind the scenes!"

The Hehuan Saintess smiled sweetly. "I'm Willing!"

Her beautiful eyes turned, and the hehuan Saintess said, "Crown prince, I see that the human is calm and confident. Why Don't you take a look at his prey first? I believe you will be surprised."

Ao Xiang's sharp gaze immediately locked onto Su Yu. After sizing him up for a while, he laughed mockingly, "I have observed this person for a long time. He is indeed calm and composed. There are usually two types of people like him. One is a true expert, so he is confident and composed."

The saintess smiled, "What about the second type?"

Ao Xiang leaned against the throne and scrutinized Su Yu. He curled his lips and said, "The second type, he is just a weakling, but he pretends to be fat."

PFFT --

The Joyous Union Saintess covered her mouth and chuckled. "Crown prince, which type do you think he is?"

"Hehe, won't you know if you take a look?" Ao Xiang hooked his finger. "You, come here!"

Su Yu was hit, but his expression did not change. He said indifferently, "Are you talking to me?"

"There's no other person besides you." Ao Xiang was exceptionally arrogant. "Bring out your prey and let this king broaden his horizons!"

Everyone on the scene widened their eyes.

“It’s him? That evil force that assassinated a competitor in the Ghost Swamp!”

“HMPH! serves him right for being played by the Saintess of the Joyous Union!”

“Hehe, he really thinks that the Saintess of the joyous union is interested in him, so he dares to embarrass her?” “He actually rejected her good intentions. Hehe, women hold grudges the most, especially the Saintess of the Joyous Union, a peerless beauty who is favored by thousands of people!”

“Tell me, how much prey can he bring out?”

“Tch! How much can he bring out with this bit of cultivation?”

“Can’t you see that the three gentlemen of Qianshui Lake will never come out? He’s just a small bronze overlord. It’s already a great fortune for him to come back alive. How much prey can you expect him to bring back?”

“Hehe, what if he kills a level two Taixu Beast? Based on the current situation, with a level two Taixu Beast, he can enter the top 30. With three or more, he’ll definitely enter the top 20.”

“You are really naive. How can there be so many ifs in this world? Just Watch, he will return empty-handed.”

Under his gaze, Su Yu walked out of the crowd and came before ao Xiang.

“Take out your prey.”Ao Xiang’s lips curled into a cold smile.

Su Yu said calmly, “What kind of prey do you want?”

“Ha, what big words!”Ao Xiang’s expression became stern. “Take out all your prey!”

“OH.”Su Yu’s expression was unperturbed. He reached out his hand from his spatial storage and took out a level two void beast.

Instantly, the scene exploded!

“Hiss! Oh My God, he really killed a level two void Beast!”

“Impossible, right? How did he do it with his cultivation?”

Ao Xiang’s lips were still curled into a cold smile. He opened his mouth. “Just...”

He wanted to say, just like that?

But before he could finish, Su Yu took out another one.

The words that were about to come out of Ao Xiang’s mouth were not to be taken back. He said, “Just like that...”

PA --

Su Yu took out the third one and threw it on the ground.

Ao Xiang's expression froze. He stared at Su Yu, "Three? Just barely..."

PA --

The fourth one!

Ao Xiang's expression was slightly angry. "Take out whatever you have. I want to see how many you can take out!"

PA --

The fifth one!

PA --

The sixth one!

Pa..

When it reached seven, ao Xiang's expression froze

Heartless Blade Emperor clenched his fists unwillingly!

As for the Saintess of the Joyous Union, her face was already filled with shock. Her eyes were shining with shock as she stared at Su Yu.

The crowd was dead silent as they stared with their mouths agape as Su Yu threw out one level two grand illusionary Beast's corpse after another.

Su Yu stopped and said to ao Xiang indifferently, "You want to continue?"

Ao Xiang's face was livid. "Continue! If you can surpass the Saintess of the Joyous Union, you will be my guest behind the scenes. Yes, a high-level guest behind the scenes!"

Chapter 1737 You Are Not Qualified

Everyone was shocked again.

"The guests behind bei Wangchen are also divided into three levels. The heartless blade emperor can only be ranked in the ninth level and is the lowest level guest behind the scenes. As for the Saintess of the Joyous Union, she can be ranked in the middle level behind the scenes. As far as I know, there are only a few high-level guests behind the scenes!"

"That's why I'm surprised by Bei Wangchen's decision. Is he serious or is he talking out of anger?"

"Of course he's speaking out of anger! A mere bronze overlord is qualified to be the guest behind the scenes! I'm afraid that the other princes and princesses will laugh at bei Wangchen to death."

"Is that so? I think bei Wangchen is serious." A young man with a head full of purple hair said, he said thoughtfully, "Just as you guys said, the other party is just a mere bronze overlord. However, if this bronze overlord can do something

that only a peak overlord can do, don't you all think that this child's potential is very terrifying?"

When he said this, everyone's hearts became alert.

That's right, if the bronze overlord could really hunt down 13 level 2 great void beasts, then how terrifying would this bronze overlord be when he grew into a peak overlord?

If such a talent with extremely high potential was not taken for his own use as soon as possible, would he have to hand it over to the enemy?

Understanding bei Wangchen's thoughts, everyone was secretly amazed.

"It is indeed not a coincidence that bei Wangchen can become the strongest among the many heirs. Just his shrewd eyesight alone is not something an ordinary person can match."

"So, bei Wangchen is trying to goad you?"

Bei Wangchen stared at Su Yu and said coldly, "Why are you not moving? Or is that all you are?"

Su Yu paused for a moment and took out five level 2 void beasts in one go.

Including the seven from before, there were a total of twelve level two void beasts.

"This is all I have." Su Yu spread out his hands.

The joyous union holy maiden heaved a sigh of relief, but the gaze she used to look at Su Yu was very different from before. There were hints of fear and a deeper desire to possess.

The women of the Joyous Union holy ruins paid particular attention to harvesting Yang to replenish yin. The stronger the man, the more Yang energy he harvested, and the stronger the increase in their cultivation.

"Hehe, after such a long time, I've finally seen the prey that this Saintess would do anything to get her hands on." The Joyous Union Saintess licked her lips as her eyes burned with flames.

In the crowd, there was both pity and shock.

"Twelve? Hiss, unbelievable! It's hard to believe that all of these were killed by a small bronze overlord like him!"

"But it's such a pity. Just one more and he would be able to meet bei Wangchen's requirements and become bei Wangchen's high-level guest behind the scenes!"

"Sigh! It's indeed a pity that he missed out on the greatest fortune in his life!"

Twelve? Bei Wangchen stared at the prey on the ground, and a smile gradually appeared on his ashen face. He clapped his hands and laughed, "Hahaha, it's out of my expectations that another shocking dark horse will appear in this year's Grand Void Hidden Dragon. It's truly a gift from the heavens!"

He looked at Su Yu, stood up, and shouted, "Say your name!"

"Su Yu."

Bei Wangchen muttered once and waved his sleeves, "Su yi"!

"Su Yu's name is too ordinary, not worthy of your amazing potential. I will personally change your name, Su Yi, meaning number one!"

BEI Wangchen smiled proudly, "Only then will you be worthy of my status as a high-level behind-the-scenes guest!"

Everyone was extremely envious!

In the end, he still lowered his status and accepted Su Yu as a high-level behind-the-scenes guest.

Su Yu put down the grand illusionary Beast's corpse and silently turned around to return to the crowd.

"Su Yi, come behind me. You have the right to stand thirty feet behind me!" Bei Wangchen waved his hand and said.

Su Yu did not move and stood in the crowd without saying anything.

"HM? Su Yi, as my behind-the-scenes guest, do you know to always listen to the master's orders? If I Let You Come, immediately listen to my orders!" Bei Wangchen said unhappily.

Su Yu said indifferently, "First, my name is Su Yu. I was born in the beginning of Heaven and earth. You Don't have the right to change my name!"

"Second, I'm not your guest behind the scenes, and you're not my master either!"

After saying these two sentences, the entire place fell silent.

After a long while, someone said in shock, "He... he refused to be bei Wangchen's guest behind the scenes?"

"Isn't this too crazy? Someone actually rejected bei Wangchen?"

Everyone was shocked because no one had ever imagined that Su Yu would reject him.

Bei Wangchen's eyes immediately darkened and his tone was unfathomable, "You mean to say that he refused to be loyal to me?"

Su Yu said, "You don't have the qualifications to be loyal to me yet."

The two of them looked at each other across the air. Even though both sides were very calm, everyone could feel the oppressive atmosphere.

Traces of killing intent were released from Bei Wangchen's eyes.

“Alright, you are the first and you will be the last.” Bei Wangchen did not finish his sentence and slowly closed his eyes. “Next, bring out your prey!”

Everyone present held their breaths tightly. They were afraid that they would disturb Bei Wangchen and make him remember them.

However, their gazes towards Su Yu were filled with pity.

“Rejecting Bei Wangchen’s invitation has never had a good ending!”

“Back then, the Heaven’s Pride King of the Tianshan Civilization, the seven extreme young master, was extremely talented and obtained the Great Void Hidden Dragon Crown. His name shook the world for a while, but he suddenly died because he rejected Bei Wangchen’s invitation and was secretly killed by Bei Wangchen.”

“I’m afraid that this person will follow in the footsteps of the seven extreme young master.”

The assessment continued while sighing and regretting.

“Let me.” A pretty woman slowly walked forward.

She took out a snow-white deer, which was exceptionally holy and pure.

“A level three great void Beast?” Someone immediately recognized it and exclaimed in shock.

“Hiss! Even a great void beast of this level can be killed?”

“The cultivation of a level three great void beast is usually at the peak overlord level. Combined with the terrifying power of nothingness, the difficulty of successfully killing it is no less than defeating a half-step emperor of Heaven and Earth.”

“She seems to be one of the people that Bei Wangchen brought? Wait, I seem to have seen her before. She seems to be a one-and-a-half-star civilization, the number one overlord of the Luo River Civilization, Luoshen!”

“If it’s her, then there’s nothing strange about it. This woman’s strength is so strong that she defeated a half-step emperor of Heaven and earth many years ago.”

“I didn’t expect that she would also choose to follow Bei Wangchen!”

God Luo smiled faintly. “As expected of the Crown Prince, I offer you a level three great void Beast.”

Bei Wangchen’s face was gloomy, but a smile had just appeared on the corner of his mouth. “Good! As expected of God Luo, you’ll be richly rewarded when you return!”

“Thank you, Crown Prince.” God Luo obediently came behind him with a proud expression, proud of being valued by Bei Wangchen.

Next, it was Bei Wangchen’s other people who offered up their prey one after another.

What was shocking was that their harvest was not cheap.

The lowest number of level two grand void beasts they killed was three, and the highest number was fourteen, surpassing the she huan Saintess!

What was even more shocking was that this woman’s beauty was shocking, and she was exceptionally cold and elegant.

Standing side by side with the she huan Saintess, the she huan Saintess, who was famous for her charm, was actually inferior, appearing exceptionally dim.

“Haha, Zi Wei is also not bad. With time, she will definitely be able to break through the barrier of the Mystic Crystal Overlord.” Bei Wangchen’s eyes were filled with admiration.

The beautiful woman’s cold and arrogant face was rarely filled with respect. “It’s all thanks to the Crown Prince’s guidance.”

“There will be rewards when we go back!” Bei Wangchen was very excited.

There was God Luo, and there was also a beautiful woman who was not inferior to Su Yu. She could not help but be in high spirits. “Who else hasn’t submitted?”

“Me.”

Xue Guanyin walked out of the crowd silently and came in front of Bei Wangchen.

Bei Wangchen glanced at her. “Golden Overlord? HMM, hand over your prey and see.”

Xue Guanyin flicked her storage space, and three huge white snake corpses flew out and crashed heavily on the ground.

Everyone’s expressions changed when they saw this item.

“A level three great void Beast?”

“Hiss, another genius girl who has hidden herself very well!”

“This year’s great void hidden dragon is really strange. There are countless talented girls, and they are all shockingly beautiful. On the other hand, the men...”

Bei Wangchen’s pupils constricted. Even he could not help but be moved.

He was well aware of the difficulty of hunting a level three great void beast.

“Good!” Bei Wangchen praised, “I didn’t expect that other than my luoshen, there was someone else who could kill a level three great void Beast!”

“What’s Your Name?”He stared at Xue Guanyin with admiration in his eyes.

Xue Guanyin did not answer. Instead, she turned to look at Su Yu and winked playfully, “Brother Su Yu, I’ll listen to you.”

Su Yu said, “If you don’t want your name changed, then come back.”

She said apologetically to bei Wangchen, “I’m sorry, brother Su Yu told me not to talk to you.”

As she said that, she turned around and came to Su Yu’s side. She stood obediently behind her, looking completely submissive to him.

Bei Wangchen’s smile stiffened slightly and gradually turned cold.

“Hehe, alright, this lord will remember all of you! Next!”Bei Wangchen snorted.

Shao Xie from the evil sect of fan mountain walked out from the crowd. He had a faint evil smile on his face, “This one is willing to serve the Lord and teach some people who don’t know the immensity of Heaven and earth a lesson.”

He took out the corpse of a level three grand void beast and placed it gently on the ground

It was another level three grand void beast, and everyone was already numb to it.

“The evil sect of Mount Fan is a little unbelievable. First, they killed a golden and silver girl, intimidated the three gentlemen of Qianshui Lake, and then successfully killed a level three grand void beast. Looks like it’s not simple.”

“Mm, they must have a trump card!”

Bei Wangchen sized him up and smiled. “Welcome to my backstage guest!”

“Thank you for your help, my Lord!”Xie Shaoxie smiled and glanced at Su Yu and Xue Guanyin.

“Is there anyone else?”Bei Wangchen asked indifferently.

Suddenly, a wave of death aura came from the crowd.

The crowd parted on their own and opened a path for a sword-wielding youth.

He walked forward, threw down a level three void beast, and walked back without saying a word.

Another level three Taixu Beast!

Surprisingly, bei Wangchen stared at this person and frowned. He didn’t say anything to recruit him.

There was even a hint of fear in his eyes.

After pondering for a while, bei Wangchen came back to his senses and said, “The second round of the assessment is over. The top twenty people will step out!”

He spread his sleeves and gathered the images of twenty people with his divine power.

Those ranked in the top four were all experts who had successfully killed a level three great void beast.

Luoshen, Xue Guanyin, Shaoxie, and an unknown expert with the aura of death.

Next were Empress Zi Wei, the Saintess of the joyous union, and Su Yu.

Su Yu was only ranked seventh.

Those who were lucky enough to enter the top 20., he squeezed his cold sweat hard. “That was close. The competition this time is too intense. In previous years, we only needed to kill three level two great void Beasts to steadily enter the top 20. This time, we can’t enter without eight level two great void beasts.”

“That’s right. This year, there are indeed many dark horses. Each one is more shocking than the other.”

“But it’s finally over. According to the tradition of the past, the third assessment is to spar with each other, right?”

Chapter 1738 Dark Shadow Of The Corpse Race

“MHM, it’s time to test our strength. I wonder how many of those dark horses are real.”

Bei Wangchen sat back on his throne, looking down at everyone, “The third test, entering the cauldron!”

MHM? The rules of the third test had changed once again!

Weng --

The Great Void sect opened once again, revealing that isolated island.

The difference was that a purple glow appeared in the center of the isolated island. Under the illumination of the glow, a mysterious and noble purple cauldron stood tall like an emperor of the human world.

Looking at this cauldron, everyone’s hearts trembled. They felt as if they were ants facing the world.

They could feel an indescribably powerful aura being suppressed within the king cauldron.

That was the fate of the Great Yu Empire!

“This time, you are no longer hunting Taixu beasts on the island, but each other! Anyone who can hunt two people has the right to enter the Wang Ding!”

What? Everyone was angry again.

“What Bullsh * t test? I give up. You guys can play however you want.”Yang Ming, who was ranked 20th, gave up on the spot.

“I also give up! What a joke. It’s fine to spar with each other, but hunting each other? What do you think I am?”The person ranked 19th also gave up immediately.

They were here to look for opportunities, not to be stepping stones.

With their strength, if they truly entered the hunt and were cut off, they would only be hunted down.

This move was truly infuriating. Only a few people had sinister smiles on their faces. This was exactly what they wanted.

“The trash has already left. Only then will the great void hidden dragon have meaning. Hehe, is there anyone else who wants to get lost? If not, then let's begin!” Bei Wangchen coldly shouted.

The rest of the eyes glanced at Su Yu, their gazes vicious and vicious.

Shaoxie, the Hehuan Saintess, and god Luo, who had received instructions, cast hostile looks at Su Yu.

Xue Guanyin's heart tightened slightly. She hugged Su Yu's arm and said, “Brother Su Yu, let's plan from the beginning. They clearly want to target us!”

The strength of each of those three people was above the three gentlemen of Qianshui Lake!

If he was surrounded by them, no matter how strong Su Yu was, he would not be able to turn the situation around.

Su Yu shook his head and said, “What's there to be afraid of?”

After saying that, he dragged Xue Guanyin and stepped into the isolated island.

What was different from before was that everyone did not teleport separately. Instead, they were all teleported on the same ground at the same time.

Those who were slightly alert immediately fled like rabbits when their feet landed on the ground.

Those who were clumsy were ambushed and killed before they could react.

As soon as Su Yu landed on the ground, he suddenly felt an evil wind coming from behind him. Without thinking, he turned around and cast a devil from the heart.

A muffled sound was heard, and a life force was extinguished on the spot.

He successfully killed one person, and the mark of a small cauldron appeared on his forehead.

“Go!” Su Yu rolled up Xue Guanyin and flapped his Taiji Yin-yang wings, telepathically traveling thousands of miles.

Not long after, the spot was covered in blood and corpses.

Apart from the first few people who escaped, the rest who couldn't escape were all killed.

“That kid surnamed Su escaped really quickly. My people were just about to catch him when he killed them with a single sword.” Shaoxie's brows were heavy. It could be seen that he was somewhat afraid of Su Yu's thorny problem.

God Luo nodded, his eyes showing some surprise. “And that stranger with the aura of death all over him also escaped quickly. The Crown Prince secretly warned me to get rid of this person. I'll go after him.”

“Hehe, I'm still more interested in that kid surnamed Su.” The Saintess of the Joyous Union licked her lips and looked in Su Yu's direction.

Thus, the group split into two groups.

God Luo, the peerless beauty, and the group chased after the man with the aura of death.

Shaoxie, the Saintess of the Joyous Union, and a few people from the evil sect chased after Su Yu.

The Saintess of the Joyous Union took out her flying Dharma Treasure, the Peach Blossom, and smiled. "That kid surnamed Su's speed isn't bad. Unfortunately, he can't escape from the peach blossom mirror that I refined with pure yin qi."

She threw out her slender palm, and the peach blossom grew in the wind. It became a thousand feet big, and everyone in costumes chased after Su Yu.

Su Yu teleported continuously and went straight to the beixin king cauldron.

"Brother Su Yu, that's the beixin king cauldron. How are we going to get it?"

Su Yu shook his head, "I don't know. The destiny of the Great Yu dynasty is in the King Cauldron, and the kings of the Beixin Line have been guarding it for generations. How Easy is it to steal it?"

"Then..."Xue Guanyin pouted. "I really don't understand why the head pavilion master wants to arrange an impossible mission for us."

Su Yu pondered and sighed. "Perhaps the head pavilion master doesn't want us to go back."

The closer they got to the beixin cauldron, the more difficult the mission became.

If it weren't for Su Yu's trump cards, they wouldn't have gotten to this point.

"You don't want us to go back? What do you mean?"Xue Guanyin was confused.

Su Yu had a bad premonition and said, "I hope it's just my guess."

Suddenly, Su Yu looked up at the Eye of heaven above his head and was slightly surprised. "As expected of the Joyous Union civilization. Other than the Yin-yang path, they are also very skilled in the path of Magic Treasures."

"HMPH, that Joyous Union Saintess won't stop until she gets brother Su Yu. Brother Su Yu is really popular."Xue Guanyin teased.

Su Yu smiled bitterly. "I'd rather not have this kind of welcome."

"They're almost here! Let's go to the vicinity of Beixin Royal Cauldron. Most of the contestants should be gathered there. Chaos is more beneficial to us."

Xiu --

Su Yu teleported and flew away. The SAINTESS and Shaoxie pressed on, quickly closing the distance

When the huge Beixin Royal Cauldron was in front of them, Peach Blossom Mirror also caught up with Su Yu.

“Peach Blossom shifting tree!”The Saintess of the joyous union shouted. Peach blossom trees emerged from the ground one after another. They filled the endless mountains and rivers, dyeing everything pink.

These peach blossom trees were extremely obstructing to one’s vision. Su Yu’s Eye of heaven was actually cut off.

Normal vision was even unable to penetrate the peach blossom forest.

“Illusion Formation?”Su Yu was slightly surprised.

“Hehe, young man, you still haven’t escaped from this Saintess’palm.”The Saintess of the joyous union’s enchanting figure floated down.

The devilish Shaoxie stood shoulder to shoulder and approached Su Yu step by step. “Disobeying the crown prince, you don’t know Death!”

The two of them were both powerful and extraordinary experts, especially the Joyous Union Saintess. Up until now, Su Yu had yet to see through her cultivation.

“The Joyous Union SAINTESS, you watch from the side. Let me handle Su Yu!”Shaoxie said with a sinister smile.

The Joyous Union Saintess smiled faintly. “Why should this Saintess leave such a chance for meritorious service to you?”

“You’re from a two-star civilization, so you shouldn’t be lacking any resources, right? I’m in dire need!”Shao Xie suggested.

The Joyous Union Holy Maiden shook her head resolutely. “No, the man that I like will never stop until I’ve tasted him!”

Helpless, Shao Xie could only say, “Then let’s see who gets it first!”

As soon as he finished speaking, Shao Xie immediately rushed over. The terrifying aura of a peak overlord came crashing down like a huge wave.

The Saintess of the joyous union was slightly angry. “HMPH, you’re courting death for snatching my man!”

She grabbed with her hand and a lotus flower flew out from her palm, wrapping around young master Xie and sending him flying backwards.

The Saintess of the Joyous Union tapped her lotus foot lightly and leaped out. She brushed past the flying young master Xie and chuckled. “Looks like I was the one who got there first...”

PFFT --

However, the moment she brushed past him, a small purple snake-shaped sword suddenly flew out from young master Xie’s sleeve and pierced through the Saintess of the joyous union’s chest.

Her entire body turned purple immediately and turned into a puddle of mud.

“Ah! Corpse-transforming divine water! ! Shaoxie, you, why do you have the divine item of the corpse clan?”As she screamed, the Saintess completely melted into a puddle of dead water.

Swoosh --

Shaoxie escaped from the lotus flower and had a deep, evil smile on his face. “Hehehe, the Saintess of the joyous union is just so-so. It’s so easy to kill her.”

The sudden change surprised Su Yu and Xue Guanyin.

They were both guests behind bei Wangchen’s back. Why did they suddenly kill each other?

Until the Saintess of the joyous union revealed Shao Xie’s identity as a corpse!

Shao Xie was a spy sent by the corpse clan!

Su Yu was shocked. Even the Great Yu imperial court had the shadow of the corpse clan?

Shao Xie smiled and glanced at Su Yu and Xue Guanyin. He said mockingly, “You two are lucky. My target is the Saintess of the Joyous Union. Get lost, don’t Ruin My Plan!”

It turned out that his target had never been Su Yu, but the Holy Maiden of the Joyous Union!

Su Yu retreated silently and slowly left the Peach Blossom Forest with Xue Guanyin.

Looking at the puddle of mud on the ground, Shao Xie chuckled and said, “If the Holy Maiden of the Joyous Union is eliminated, I believe she will be rewarded by quite a number of corpse kings, right?”

He bent down and used a jade artifact to collect a trace of the mud that the holy maiden of the Joyous Union had transformed into. “Bring her back as a witness.”

Unexpectedly, at the instant he bent down, a sharp claw with a sharp fingernail suddenly extended out from under the muddy water and grabbed Shao Xie’s throat.

As a peak overlord, he was actually unable to break free no matter what. The sharp fingernail bit by bit bit into his flesh until half of his neck was about to be pinched off.

“Ugh... ugh...”Shao Xie was unable to make a sound. He could only stare in horror at a peach tree that was gradually rising from the muddy water.

On the Peach Tree sat an extremely beautiful woman with an enchanting figure.

If that was not the Saintess of the Joyous Union, then who was it?

At this moment, her enchanting look was nowhere to be seen. Instead, her eyes were filled with coldness as she stared straight at Shaoxie. “I really did not expect that the corpse clansmen would dare to set foot in the Great Yu imperial court. You are here for the Beixin King Cauldron, right?”

Shaoxie twisted his body and struggled continuously.

“It’s useless. My Peach Blossom Hand has absorbed the essence from your body. You’re already dead. As long as I let go of you, you’ll immediately turn into ashes,”the Saintess of the Joyous Union said.

Shaoxie had just stopped struggling and nodded, agreeing with her guess.

“Then, in the Ghost Swamp, the people who assassinated the participants from all sides were actually your people?”The Saintess of the Joyous Union asked.

Shao Xie nodded.

The She Huan Holy Maiden’s eyes were cold as she slowly loosened her fingers. “Who else is your companion? Is it that human?”

Shao Xie’s gaze turned and he actually nodded!

“I see!”The She Huan holy maiden said coldly, “I’ve long thought that he’s unusual. So he’s from the corpse clan!”

She released her hand and Shao Xie’s body indeed started to burn. He was like an old and withered piece of wood, burning into ashes.

“Corpse clan huh, Humph, this Saintess can’t Let You Live!”The red robe of the She Huan Saintess fluttered in the wind. Her long black hair danced wildly, accentuating her cold and stern face.

Shua --

A red afterimage was left on the spot. Along with it was a terrifying aura that was not inferior to bei Wangchen’s!

That was the aura of a half-step emperor of Heaven and earth!

Chapter 1739 Guarding The Corpse With The Dao Bone (First Update)

Her hidden cultivation was actually so powerful!

The strange thing was, with such strength, why was she willing to be bei Wangchen’s guest behind the scenes?

What was even stranger was that with her strength, she had not succeeded in killing a level three great void beast!

Su Yu, who was completely unaware of this, and Xue Guanyin arrived within a million square meters of Beixin Wang Ding.

Through the eyes of heaven, the scene within a million square meters could be seen.

The youth with the aura of death stood in front of the two corpses and slowly sheathed his sword. The tip of the sword was dripping with the remnants of divine blood.

God Luo and Empress Ziwei were chasing after the youth with the aura of death.

Of course, Su Yu would not ignore the fact that there were already several experts who had entered the competition hiding at the side of the King Ding, eyeing Su Yu and Xue Guanyin with hostility.

Chirp --

The ear-piercing piercing sound broke the silence. Finally, there were some who could not hold back and chose to attack Su Yu and Xue Guanyin.

A dense number of snow-white sparks suddenly attacked Su Yu.

Su Yu held his sword and swept out without hesitation. "Devil Moon revolving stance!"

The arc-shaped sword Qi swept out and blocked the dense white sparks for a moment.

Xue Guanyin's beautiful eyes flashed. She quickly formed a seal with her palms. "Release all sentient beings!"

The light of mercy scattered from the surface of her body in all directions, and all the stagnant sparks were extinguished.

Rustle --

A few light sounds immediately came from the depths of the dense forest. It was because they had made a wrong move and had chosen to escape.

Su Yu's eyes were cold. "Demons are born from the heart!"

The demonic flames surged down and pulled all living things within a radius of 30,000 feet into the illusion.

Cha --

Immediately after, they were all swept and cut off by the omnipresent longsword.

When the dust settled, there were indeed two or three corpses lying in the messy broken branches and withered trees.

One of them was completely dead while the other two were on their last breaths and had lost the ability to resist.

Su Yu touched the space between her brows. There were already two small cauldron imprints and she had successfully passed the third assessment.

"I'll leave the remaining two to you."

Xue Guanyin smiled gratefully. Then, her expression turned cold as she decisively executed them.

Since they were the ones who made the first move, she naturally had no need to be merciful.

Soon, two small cauldron marks appeared on her forehead.

Putting away the Shura Sword, Su Yu looked at the Beixin King Cauldron, which was close by, and said, "Only us are left."

The youth with the aura of death, god Luo, and the gorgeous woman, as well as the two of them.

There were a total of five people.

Unlike before, only the top three could enter the beixin king cauldron to gain enlightenment. This time, anyone who killed two people could enter.

The reason was probably because the third test was too cruel, which was why there was an extra limit.

“Let’s go and enter the Beixin King Cauldron to take a look,” Su Yu said. Not only did he want to gain enlightenment, but he also wanted to test whether he could take action from the inside and obtain the beixin King Cauldron.

Using the Taiji Yin-yang wings, the two of them instantly arrived in front of the King Cauldron.

The incomparably huge king cauldron stood in front of it, with no end in sight.

With such a huge object, it would be difficult for an ordinary cave abode world to even be fully equipped.

“Enter!” Su Yu’s figure flashed as he arrived above the Wang Ding.

There was a bronze lid on top of the Wang Ding that sealed off the top. Only a door of light and shadow remained.

Su Yu and Xue Guanyin stepped into the door of light and shadow together. The two small cauldron imprints on their foreheads immediately sensed and projected two small cauldron projections, imprinting them on the door of light and shadow.

The gate of light and shadow dimmed just now, revealing the entrance of a five-colored bright light cave.

The Majestic Qi of the mysterious fate of the nation swept across like a huge wave, causing people to feel awe.

The two of them took a step forward and successfully entered the Beixin King Cauldron.

The scene around them changed. When they opened their eyes, what they saw was a bronze statue.

It was towering and huge, standing in the center surrounded by five-colored bright light.

The statue looked mighty and had an extraordinary bearing. It gave people a great pressure.

“The first emperor of the Great Yu dynasty!” Xue Guanyin’s eyes sparkled with respect and admiration. “He created the Great Yu civilization with one hand and forged the nine cauldrons to suppress the fate of the dynasty!”

Su Yu glanced at it briefly, then his eyes fell on the bronze statue’s hands.

His hands were cupped, as if he was holding something. But upon closer inspection, his hands were empty.

“Is there something missing?” Su Yu was slightly puzzled.

But no matter what, he had come to the inner part of the beixin King Cauldron. He should think of a way to take it away.

After observing his surroundings, Su Yu was particularly helpless to discover that the inner part of the beixin King Cauldron was like a world of space. There was no way to proceed.

Shua --

At this moment, the outside world suddenly changed. An unfamiliar aura surged in.

A young man with an aura of death was teleported in.

He had also successfully entered!

Looking at this person, Su Yu was slightly wary. When they were hunting the Grand Void Beast, this person had once looked at him from afar. His eyes were filled with killing intent.

Moreover, this person seemed somewhat familiar to Su Yu. It was as if he had seen him somewhere before.

After the death aura youth appeared, he also observed the surroundings. When he noticed Su Yu and Xue Guanyin, he was first shocked, then his expression turned cold, revealing his killing intent.

“Brother Su Yu? What’s going on with this person?”Xue Guanyin asked as she formed a seal with her hands.

Since he had arrived at Beixin Wang Ding, it meant that the assessment had ended. Why did this person still have the same killing intent!

Su Yu shook his head, “I don’t know, but our mission can not be obstructed.”

He took out the asura sword and pointed it at the other party.

The youth with the aura of death hugged the black iron sword, he laughed coldly, “Human, we meet again! But I did not expect that the first level heavenly cave abode’s world paragon from back then had become a strong contender for the great void Hidden Dragon. If the Queen knew, I don’t know what she would think.”

As expected, he recognized him!

Hearing the other party say the word “Queen”, Su Yu instantly remembered where he had seen this person before.

The Sea of constellations civilization, in a certain dark ice space in the northern snow country.

Back then, when he first discovered the female corpse ice coffin, this person chased after him, but for some reason, he retreated halfway.

“So it’s you, Corpse Race!”Su Yu said with narrowed eyes.

He never expected that the other party would come all the way here to hunt him down.

“I’m here on Lord’s orders to take your head back!”The youth with the aura of death pulled out his black iron sword. The sword was surrounded by an extremely powerful aura of death.

Su Yu snorted. “No matter who sent you here, since you’re here, don’t even think about leaving!”

The Shura Sword Shook, and the thick demonic flames instantly burned.

As the two of them were at daggers drawn, two unfamiliar auras surged in.

It was none other than god Luo and the gorgeous woman.

After god Luo appeared, she immediately caught the aura of the youth with the aura of death and stared at the black iron sword pulled out by the other party, she said, “The corpse race’s unique

divine weapon, the black iron bone sword! No wonder the Crown Prince told me to kill you. It turns out that he saw through your corpse race's identity!"

With a light snort, god Luo took out a pink peach blossom mirror and shone it across the air.

The youth with the aura of death was immediately scalded by the light, emitting thick black smoke.

Frowning, the youth with the aura of death dodged and shouted coldly, "Don't get in the way. You should understand the consequences of going against the corpse race!"

Luo's expression was solemn as she shouted, "Everyone is responsible for exterminating the corpse race! Zi Wei, I'll be the main attacker. You find an opportunity to use the divine talisman given by the crown prince. You must exterminate this person!"

"Yes!" The gorgeous woman said.

She glanced at Su Yu and Xue Guanyin from the corner of her eyes and quickly retracted her gaze.

A complicated expression filled her eyes.

Xue Guanyin stared at her with a complicated expression. "Empress Zi Wei!"

The gorgeous woman was naturally empress Zi Wei, who had left with the young girl back then and joined Bei Wangchen as the guest behind the scenes!

One followed Bei Wangchen and came from the cloud ladder.

The other had no one to rely on and walked alone in Gui Ze.

Different paths led to the same destination.

Even the enemies they had to deal with at this moment were the same!

The corners of Xue Guanyin's mouth curled up. "Hehe, looks like our paths aren't that different."

Back then, the young housekeeper had once said that her path from now on was different from theirs.

But now, it looked like it was no different.

Of course, Xue Guanyin would not forget that without Su Yu, she would have been eliminated in the first round of the assessment and would not have been able to come here at all.

Thus, she looked at Su Yu's back with a particularly gentle gaze.

Empress Zi Wei was also somewhat unwilling. The former Xue Guanyin was not even half as good as her, but now they were on equal footing.

She looked deeply at Su Yu. Only this unfathomable man could carry a burden and forcefully charge all the way here.

An uncomfortable feeling lingered in her heart. She wanted to say something, but with a great enemy in front of her, she suppressed the words in her chest and lightly shouted, "Let's exterminate the corpse clan first!"

Four against one, and there was also a peak expert like God Luo who could kill a level three great void beast.

Su Yu and Xue Guanyin looked at each other and attacked at the same time!

“Demons are born from the heart!”

“All living things are saved!”

“Dao Bone Corpse Suppression Mirror!”

“Meteorite Ice Calamity!”

The scene of the strongest people of the great void hidden dragon attacking at the same time was enough to shake the Sky and earth!

Even if a level three great void Beast was present, it would retreat in fright.

The youth with the aura of death held the black bone iron sword in his hand. His face that was filled with the aura of death was filled with a cold expression. “Hehehe, I’ll let all of you witness my corpse clan’s supreme corpse technique!”

Chi La --

The black bone iron sword suddenly emitted countless white flames. The white flames of the black sword were extremely mysterious.

“Corpse Mountain and blood bone!”

With a sweep of the sword, endless white flames covered the sky and swept out in all directions.

Su Yu’s Devil Flames, Xue Guanyin’s Merciful Light, Luoshen’s corpse-suppressing mirror light, and Empress Zi Wei’s ice instantly burned into nothingness in the white flames.

In a trance, the four people saw countless corpse mountain and blood bones, devouring the moves they released.

“Zi Wei!” Luoshen’s expression changed drastically as he shouted urgently.

Empress Zi Wei nodded and solemnly took out a small golden sword-shaped talisman.

It contained a terrifying prehistoric power!

It was a talisman from the Emperor of Heaven and earth!

The small sword flew out of the palm with a swoosh and turned into a golden light, slashing towards the youth with the aura of death.

That sword was indomitable and would never turn back unless it destroyed the target.

Even if the target wasn’t them, Su Yu and the others could still feel the tiny feeling of their hearts trembling.

In front of this sword, they definitely couldn’t escape death.

However, the youth with the aura of death had a cold and arrogant expression. “When the Emperor of Heaven and Earth personally came, I was still afraid of him. But what can a mere talisman do to me?”

“Boundless corpse domain!”The youth with the aura of death stabbed the black bone sword into the ground. With the sword as the center, Endless Corpse Qi immediately appeared, forming a dark and silent area.

This move had a similarity to the endless corpse territory of Su Yu’s white-furred corpse.

When the small golden sword shot into it, it was immediately corroded by the Black Corpse Qi.

The indomitable small sword gradually lost its target and eventually rotted, turning into a piece of waste paper filled with corpse qi.

This scene caused the eyelids of the four people present to Twitch.

He was able to resist the attack of the Emperor of Heaven and Earth by himself? The corpse race’s divine technique was too strange and terrifying!

“Next, it’s my turn!”The youth with the aura of death laughed sinisterly. The Black Bone Iron Sword released a terrifying aura of death.

The aura of death was so dense that even a single breath was enough to kill an ordinary bronze overlord.

If the sword was slashed out, how much power would it have?

Everyone’s hearts pounded!

But at this moment, another strange aura surged in.

Peach trees grew around the dead aura youth one after another.

The brilliant peach blossoms actually took the initiative to absorb the dead aura present, rotting and withering on their own.

But the peach blossoms bloomed again, devouring the dead aura in large swaths over and over again.

The dead aura youth’s expression finally changed. “Who is it?”

Chapter 1740 Unexpected Fall

This person’s divine technique was just enough to restrain their corpse clan’s corpse technique!

Kacha --

Suddenly, an ancient peach tree that was a thousand feet thick sprang up from the ground.

A graceful and beautiful woman sat on the tree with a smile on her face, which complemented the beautiful peach blossoms.

After the woman appeared, she grabbed at the ancient peach blossom tree through the air. The withered branches were like a person’s palm, and the youth with the aura of death was immediately imprisoned.

The young man with the aura of death trembled, and the aura of death and Corpse Qi were released at the same time, causing the withered branches to rot away.

However, as this withered branch rotted away, another withered branch grew up, and it wasn't afraid of the terrifying aura of death and corpse Qi at all.

“There's more than one corpse clan member!”The graceful woman was none other than the Saintess of the joyous union who had rushed over!

She flicked her finger, and a sharp withered branch pierced into the body of the young man with the aura of death, extracting his essence.

The expression of the young man changed drastically. He struggled continuously, but the more he struggled, the more twigs that came twining toward him.

In just a moment, he was twined into a dumpling and absorbed by the Peach Blossom Ancient Tree crazily.

The four of them were extremely shocked.

How could such a powerful corpse clan be subdued so easily by the Saintess of the Joyous Union?

Or it could be said that her divine arts were just enough to restrain the corpse clan.

After subduing the youth with an aura of death, the she Huan Holy Maiden turned her beautiful eyes and looked at Su Yu. Her once charming face was now filled with a cold smile. “You really hid it well. You actually managed to hide it from all of us!”

Su Yu was slightly puzzled. What did she mean by hiding? Was it his strength?

He had a faint ominous feeling.

“Corpse Race!”The She Huan Holy Maiden shouted coldly. **“Capture him. I want to interrogate him personally!”**

Xue Guanyin's expression changed drastically, and she defended herself, “Brother Su Yu is a human, he can't be a corpse race!”

Empress Zi Wei's lips moved, but she didn't say anything to defend herself.

She didn't know why, but there was a force in her heart that was obstructing her, making her unable to speak.

The saintess sneered, “Shao Xie said it himself, how could it be false?”

She stared at Su Yu and shouted, “The three of you, if you don't catch him, you will be regarded as corpse race accomplices. After I suck this corpse race dry, I will hunt you down until the end.”

A terrifying aura of a half-step emperor of heaven and Earth rushed over!

The hearts of the three trembled. Only Xue Guanyin clenched her teeth and stayed close by Su Yu's side.

A cold light flashed through Luoshen as she stared at Su Yu and said, “I don't care if you are a corpse race or not, capture them first. If you dare to resist, I will kill you without mercy!”

After she finished speaking, her beautiful figure flashed and immediately attacked.

“Nine sons linked to the heart!”Before Su Yu could attack, nine images of Xue Guanyin jumped up.

God Luo sneered contemptuously, “Petty tricks, break!”

She pointed with her fingertip, and a powerful and extraordinary beam of light broke through all the figures and headed straight for Xue Guanyin.

“Get out of the way!” Su Yu pushed her away and secretly used the Indian silver bamboo fruit to devour the powerful beam of light.

At the same time, he swept his sword over, “The Devil is born from the heart!”

Luoshen instantly fell into a trance and became absent-minded.

The Saintess of the joyous union shouted, “Wake up!”

Her tone had a magical fluctuation, which was used to suppress the trance and make Luoshen wake up in an instant, so that she could dodge the sword in time.

“Humph, not a bad sword. The trance mind took the opportunity to cut down. No wonder you can kill so many second-level great void beasts!” The Saintess of the Joyous Union said mockingly. “But it’s a pity that you’re showing off your trance skills in front of the Joyous Union holy ruins. It’s no different from showing off your skills in front of an expert!”

Although the yin-yang Dao of the Joyous Union Holy Ruins was a main path of cultivation, the psychedelic dao and Psychedelic Dao derived from it were also unrivalled in the world. Very few people could compare to it.

“Thank you, Holy Maiden.” Luoshen exhaled with lingering fear. Her gaze towards Su Yu became more solemn and her killing intent became even more intense.

“You’re courting death!” A trace of killing intent appeared on Luoshen’s beautiful face. She took out a small golden sword, which was also a talisman given by Bei Wangchen.

“Go!” The small talisman sword soared into the air and immediately slashed toward Su Yu.

Su Yu didn’t move and secretly held the fruit tightly.

He wasn’t worried about his own safety. He was worried about how to seize this huge cauldron.

A powerful and illegal god Luo was enough. With the addition of a half-step heaven and earth emperor level she huan Saintess, it would be even more difficult to interfere.

The small golden sword rushed forward and slashed toward Su Yu within a thousand feet.

Su Yu was ready. The moment the small sword exploded with power, it used the fruit to absorb all the power.

However, what surprised Su Yu was that.

When the small sword was about to approach Su Yu, its trajectory suddenly changed. It brushed past Su Yu and shot toward the Hehuan Saintess.

“Explode!” At the same time, Luoshen chanted an incantation and activated the small sword.

The Saintess of the joyous union was caught off guard and was immediately engulfed by the power of the explosion.

Ah --

The ancient peach blossom tree exploded with a loud bang and the Saintess of the joyous union’s body exploded into countless pieces, leaving only a miserable cry echoing in the air.

The Saintess of the Joyous Union was dead! !

Luoshen’s beautiful face revealed a strange smile. “Hehe, Saintess, I think you’ve misunderstood Shaoxie’s meaning. Actually, the other corpse race companion he pointed out wasn’t Su Yu, but... Me!”

What? Xue Guanyin sucked in a breath of cold air!

Empress Zi Wei’s expression also changed drastically. She hurriedly retreated and stared at her with extreme vigilance. “You, you’re actually a corpse race member? Aren’t you afraid of the Crown Prince’s Anger?”

Goddess Luo turned her head to look at her and sneered. “Poor person, he’s already been brainwashed into a slave by Bei Wangchen.”

She couldn’t be bothered with Empress Zi Wei. With a tap of her toes, the shattered peach blossom ancient tree was shaken away, revealing a figure standing tall within.

The youth with the aura of death!

Other than the slight loss of his essence, he wasn’t injured at all.

God Luo said, “The situation just now wasn’t clear. I could only attack you. I’ve offended you. I hope you’ll forgive me.”

Now that the hidden danger of the Saintess of the joyous union had been eliminated, god Luo dared to treat her as a corpse.

The youth with the aura of death said, “We’re both members of the corpse race. It’s fine. I still have to thank you for saving my life. I wonder which corpse race you’re from?”

God Luo looked at Su Yu and then at Xue Guanyin. She smiled mysteriously and said, “Just in case, you should silence me first. Let’s talk again.”

The youth with the aura of death grinned and looked at Su Yu. “Hehe, Su Yu, you didn’t expect this, did you?”

Su Yu really didn’t expect that God Luo was also a member of the corpse race!

Now, two extremely powerful corpse races were in control of the current situation.

Su Yu’s mind spun. Was he going to give up just like that? He still had no idea how to seize the Beixin Royal Cauldron!

However, at this moment, god Luo walked towards the bronze statue and sized it up. “The founding emperor of Emperor Yu of the Great Yu dynasty, a great talent of his generation. It’s a pity that he met our corpse race. The civilization he created is destined to become a stepping stone for our corpse race!”

As he spoke, he flew in front of the statue’s hands. The dao bone corpse suppressing mirror shone on his hands and a surprising scene appeared.

A purple-gold box appeared between his empty hands.

The box was overflowing with a rich, colorful light.

That was the fate of the Great Yu Empire!

“Hehe, this is the true Beixin Royal Cauldron!” God Luo’s eyes were filled with greed. “Master, if you refine this item, you can use the fate of the Great Yu Empire to attack the double-crowned Emperor!”

Eh? The youth with the aura of death turned his head and stared at this item.

Luo God was on guard and said with a faint smile, “You and I both have our own tasks. If we are delayed, neither of us will have an easy time.”

Hearing this, the youth with the aura of death hesitated before giving up on the beixin king cauldron and focusing on Su Yu.

“Su Yu, you can die now!”

Su Yu’s attention was not on him at all, but on the small cauldron.

So that was the real Beixin King Cauldron!

Su Yu was overjoyed. He had been searching for it for a long time without any effort!

However, god Luo had already begun to take the beixin King Cauldron.

She carefully opened the purple-gold box and saw a palm-sized small cauldron that was emitting five-colored light.

She sucked with her palm and was about to take the small cauldron away.

Su Yu was very far away and was blocked by the youth with the aura of death. She could not snatch it for a moment.

Bang --

But suddenly, god Luo was sent flying by a thick withered tree.

“Who?” God Luo’s figure froze, and he turned pale with fright.

The youth with the aura of death was also shocked. He turned his head to look, and his expression instantly became extremely unsightly!

An even more ancient peach blossom tree grew out from under the bronze statue. On the top of the tree stood the Hehuan Saintess, who was supposed to be crushed to pieces!

Su Yu's pupils constricted. In addition to this time, she had already inexplicably resurrected for the second time!

"You Didn't die?" God Luo was shocked.

The Saintess of the joyous union had a cold expression and was on the verge of fury. "Hehehe, your corpse comrade was also surprised, so his essence was sucked dry. So were you!"

Xiu --

Countless withered branches whipped toward god Luo.

God Luo's expression changed drastically and exclaimed, "Save me quickly!"

The youth with the aura of death gritted his teeth, pulled out the black bone iron sword, and cut off a part of the branches. he shouted, "You and I join hands!"

If they did not join hands, they would not even be able to escape!

The Saintess of the joyous union said angrily, "I will bury you all together!"

At the same time, she looked at Su Yu and shouted, "The corpse race is the common enemy of all living beings. I will make it up to you for misunderstanding you before. Now, help me destroy two corpse race!"

Xue Guanyin scoffed, "HMPH! Didn't you swear before that you firmly believed that brother Su Yu was a corpse race?"

Recalling her arrogance and her current attitude, Xue Guanyin felt proud.

The Saintess of the joyous union said, "Shut up! I didn't ask you!"

Xue Guanyin was furious and was about to retort, but Su Yu held her shoulder and said, "She's right. With a great enemy in front of us, we should put our personal grudges aside for now."

Pulling out the Shura Sword, Su Yu stood up and said, "Demons arise from the heart!"

With a slash of his sword, endless demonic fire enveloped everyone, including the hehuan Saintess.

The Hehuan Saintess was furious. "Why are you even..."

"Oh no, you want to steal the Beixin King Cauldron!" She suddenly realized.

However, Su Yu took the opportunity to flash in front of the bronze statue. He connected the purple-gold box and put the beixin King Cauldron into the nine jade spiritual pearl.

"Let's Go!" Then, Su Yu used the power of space to teleport Xue Guanyin and Empress Ziwei in front of him. He immediately used the Taiji Yin-yang wings to teleport away.

The Joyous Union Saintess was furious. "How Dare You Trick Me! !"

She wanted to chase after them, but there were still two corpse clansmen in front of her. She could only vent her anger on them. "Die!"

Countless branches covered the sky and covered the earth, slowly wrapping them up. Finally, they were wrapped into two zongzi and hung on the peach blossom tree.

The She Huan Holy Maiden was still angry. “Damn brat! I don’t believe that you can escape to where!”

If he could escape from the great void sect, could he escape from Bei Wangchen’s palm?

Although there was only ao Xiang, he was definitely not Su Yu’s match.

At least the Hehuan Saintess admitted that she was far from being a match for prideful saint!
