Chapter 1741 Northern Letter Conferred The Title Of King

Leaping out of the huge cauldron, Su Yu crossed the isolated island and arrived in front of the great void sect.

Outside the door, bei Wangchen lived alone and looked down at the world with his head held high.

Sensing the movements of the great void sect, he looked down. "Eh? You came out so quickly? Did you escape?"

Xiu --

Su Yu brought Xue Guanyin and Empress Zi Wei out of the great void sect and descended.

"It's You?" Ao Xiang looked unhappy. In his expectations, Su Yu should be the first batch of stepping stones to be eliminated.

He did not expect that he would be able to escape alive.

He looked closely and realized that he was not the only one. Xue Guanyin was also brought out.

More importantly, the favored daughter of the heavens, Empress Zi Wei, was also brought out.

Leaving the great void sect ahead of time was considered a forfeit.

Empress Zi Wei lost the right to compete for the Great Void Hidden Dragon!

"What's going on?" Ao Xiang glared at Empress Zi Wei, not angry but powerful.

Empress Zi Wei's red lips opened, but she looked at Su Yu's face, who was right in front of her, and said, "I forfeited voluntarily."

"It doesn't seem like your style." Ao Xiang shook his head coldly.

Empress Zi Wei lowered her head and said, "Zi Wei has disappointed the expectations of the crown prince, and is willing to be punished."

She looked up at the sky and said in a low and deep voice, "Surrendering without fighting is an act that I hate the most. According to my rules, you should be expelled from the Crown Prince's residence!"

Upon hearing this, Empress Zi Wei's expression changed and she pleaded, "I implore the crown prince to show mercy! Zi Wei is wrong. Zi Wei doesn't want to leave the crown prince's side!"

Her panicked expression was not fake at all.

Su Yu and Xue Guanyin were completely unfamiliar with her.

Was she really the Empress Zi Wei that they knew?

After pondering for a long time., ao Xiang said slowly, "Alright, I can make an exception for you. However, if you want to continue following me, you can go to the cliff of life and death to train. If you can come back alive, I will consider taking you in again. Otherwise, you can go back to where you came from!"

Cliff of life and death? Empress Zi Wei's face was slightly pale. The fear in her eyes could not be hidden.

But she still gritted her teeth. "Okay, I'll Go!"

Xue Guanyin, who was watching from the side, was furious. She grabbed Empress Zi Wei by her collar. "What happened to you? Why did you become like this?"

The goddess who used to be proud now humbly asked to be taken in.

She had always regarded Empress Zi Wei as her goal, and could not accept the change of Empress Zi Wei.

Empress Zi Wei glanced at her indifferently and said to Ao Xiang, "Crown prince, to tell you the truth, we used to come from the same civilization. Zi Wei wants to send our two former friends on their way."

"Agreed!" Ao Xiang waved his hand. In his eyes, there were only experts. He had no interest in a loser like Su Yu who had voluntarily forfeited.

Even the killing intent he had for him before had vanished into thin air.

Such a person who had forfeited was not worth his effort.

"Let's Go!" Empress Zi Wei led them into the ghost swamp with an expressionless face.

When they were sent to the periphery of the ghost swamp, Empress Zi Wei stomped her feet.

She pulled out her ice sword and drew a three-meter-long crack on the ground, separating her and Su Yu.

"Our relationship ends here." She had clearly drawn the line!

Su Yu had long felt that Empress Zi Wei was abnormal. Now that she had drawn a clear line, he wasn't that shocked.

On the other hand, Xue Guanyin sneered, "You're crazy! You're really crazy!"

"I'm not crazy." Empress Zi Wei's expression was clear. "I just know who I was in the past. How ignorant and insignificant I was. I should say that I'm awake!"

"Then what about the imminent crisis of the sea of constellations civilization's corpse race? What about your master, the Emperor of the Snow Domain?" Xue Guanyin asked

Empress Zi Wei's expression was indifferent. "To you, the crisis of the Sea of constellations is even greater than the heavens. However, from the perspective of Emperor Yu, it is nothing more than an insignificant wave being destroyed in the vast ocean."

"In the past, I was also trapped in the tiny sea of constellations. Now that I have seen Emperor Yu of the Great Yu dynasty and the Emperor of men like Bei Wangchen, only then did I realize how narrow-minded I was in the past. My

vision was limited to the tiny sea of constellations, limited to the relationship between master and Disciple.”

Her extremely cold words shocked Su Yu.

Just what had she experienced to have such a huge change? !

After pondering for a long time.., su Yu said, “I don’t think that Emperor Yu of the Great Yu dynasty is everything, much less that Bei Wangchen is a dragon among men. There are people beyond heaven and there are people beyond heaven. Your choice may not be wise, but I respect your choice... on account of you helping us get out!”

“Thank you!”Empress Zi Wei said proudly, “Helping you will only erase the past favor! In addition, I believe that my choice to follow Bei Wangchen will allow me to go higher and further!”!

“Hehe, could it be that he is even more outstanding than brother Su Yu?”Xue Guanyin scoffed.

Empress Zi Wei shook her head and repeated bei Wangchen’s name, filled with longing, she said, “No, you will never understand how powerful bei Wangchen is. At first, I also thought that Su Yu was the strongest heaven’s favorite I have ever seen in my life, but only after meeting bei Wangchen did I know that there is actually such an invincible Emperor of Heaven’s favorite in the world!”

“In front of him, any so-called genius would appear to be very cheap, including Su Yu!”

She was deeply impressed by bei Wangchen and had changed her belief.

Su Yu stared at her deeply and said, “I’ll ask you one last time, are you going to leave with me or stay?”

“Stay,”Empress Zi Wei said decisively and concisely.

“Okay!”Su Yu didn’t try to persuade her. He pulled Xue Guanyin, turned around, and stepped into the ghost swamp without looking back.

Empress Zi Wei looked at them with a complicated look in her eyes. In the end, it was replaced by a trace of ruthlessness and ruthlessness.

“Finally, let me remind you of one thing. My master, the Snow Dragon Emperor, is not as simple as you think,”Empress Zi Wei said. “I have been master and disciple for many years, but I have never been within ten feet of him. Every time I want to get close to him, he will think of a way to increase the distance between us.”

Hearing her reminder, Xue Guanyin did not take it to heart. She secretly despised him for betraying the Sea of constellations and not forgetting to defame her master.

Only Su Yu was moved and remembered it in his heart.

“Thank you.” Su Yu took out the bronze chariot and disappeared into the depths of the ghost swamp.

Outside the great void sect.

The Saintess of the joyous union carried the dying Luoshen and the youth with the aura of death and said, “Crown prince, capture the two corpse race members!”

Bei Wangchen snorted. “In the past tens of thousands of years, the civilization circle hasn’t been peaceful. The Shadows of the corpse clansmen appear and disappear. Even the great Yu Emperor Dynasty has corpse clansmen! They snuck into the beixin King Cauldron for the purpose of stealing this cauldron?”

“Yes!” The Hehuan Saintess said.

Bei Wangchen’s eyes revealed a cold light. “Is the cauldron safe?”

“Not good. It has been stolen.” The Hehuan Saintess’ expression was solemn.

Bei Wangchen’s pupils shrunk. “What did you say? Who stole it?”

“Su Yu!”

Him? Bei Wangchen was obviously stunned for a moment before he flew into a rage. “Chase!”

His expression was extremely gloomy. Someone had actually taken away the important beixin king cauldron right under his nose!

The Saintess’ eyes revealed traces of a cold smile as she said, “Crown prince, use my peach blossom treasured mirror. No matter how fast he is, he can’t compare to this item.”

“Let’s set off immediately!” Ao Xiang said.

A huge peach blossom bloomed, carrying the two of them as they headed straight for Su Yu.

A few days later, Su Yu followed the path he came from and ran as fast as he could. In just a few days, he had crossed a month’s journey.

In half a month’s time, he would be able to leave the great yu imperial court.

“This is the place where we met the ninth crown prince of King Beixin’s mansion, the north-looking pavilion. I wonder how he is now,” Xue Guanyin recalled.

It had only been a few days, but it seemed like years had passed.

Su Yu’s eyes flickered slightly. He remembered that the Beiwang Pavilion had said that they had encountered an evil spirit attack in Sky City.

The target of those evil spirits was the Beixin Royal Cauldron!

It seemed that Shaoxie and luoshen, who had sneaked in, were among the evil spirits.

However, where was the evil spirit of the Emperor of Heaven and earth?

While he was thinking, Su Yu seemed to have sensed something. He released the Eye of Heaven to check behind him and his face couldn't help but sink. "They really came after us!"

He turned his gaze and turned the direction of the bronze carriage, heading straight for the most dangerous central area of the Ghost Swamp.

"Brother Su Yu, are they pursuing us? But the central area of the ghost swamp is no joke. No one dares to cross the central area."

The reason why the Ghost Swamp was known as a place of no return was largely because of the terrifying central area.

"It's precisely because of this that there's a need to go." Su Yu's eyes flashed.

Two days later, they arrived at the central area of the Ghost Swamp. A peach blossom bloomed in front of them and rapidly multiplied, turning the mountains and rivers of a million miles into a peach blossom-colored illusory array.

"Hehe, they've fallen into my hands again!" The Saintess of the joyous union smiled charmingly.

Su Yu's expression was indifferent, not surprised at all.

With their strength and the treasures they carried, it was only a matter of time before they caught up to Su Yu.

Ao Xiang looked at Su Yu coldly, his killing intent surging, "There's no need to beg for mercy, because begging is useless! Since ancient times, the creatures that attacked Beixin royal cauldron have either died or died in the process, and you are no exception!"

"Do you need my help?" The Unity Holy Maiden asked.

Ao Xiang said coldly, "When I'm fighting, I don't need outsiders, stand aside!"

Ao Xiang looked down on everything, his hands crossed in front of his chest, his feet landed on the ground, staring at Su Yu, "You have two choices, Return Beixin Royal Cauldron when you're alive, or I'll take it after you die."

"Is there a difference?" Su Yu said.

Ao Xiang smiled proudly, "Of course there is! The former can receive a palm strike from me personally and send him on his way, while the latter can only die after receiving countless palm strikes from me."

One died happily while the other died painfully.

This was the choice Ao Xiang gave Su Yu.

No matter what, he would not be able to escape death.

Shaking his head, Su Yu said, "I might still be a little afraid of you personally, but a mere prime minister might not be enough."

"Arrogant!" Ao Xiang said, "You don't have the right to be arrogant in front of me!"

Su Yu put away the Shura Sword and took out the Royal Longzun Sword.

As soon as the sword was taken out, it immediately released a terrifying dragon power.

After being tempered by the dragon power in the Dragon Pearl, Su Yu had an easier time controlling the royal longzun sword.

Although it was still difficult to swing the sword, it was far better than before.

“Slash!” Su Yu used all the energy in his body to slash out half of the stance.

However, even this half of the stance had the terrifying power of the Emperor of Heaven and earth!

“Ah!” The Hehuan Saintess was caught off guard and was swallowed by the huge dragon power and died on the spot!

Even ao Xiang gritted his teeth and roared, “What right do you have to be matched with that kind of divine sword? Give it to me!”

Ao Xiang was indeed extremely powerful. He withstood the dragon’s might and went against the trend to seize the Royal Longzun Sword.

Su Yu was unmoved. He only made a slight cut with his wrist and an even more majestic dragon’s might erupted.

Pu --

Finally, ao Xiang could no longer bear it and spat out blood as he flew.

Su Yu’s eyes were filled with an icy light. He held his sword and chased after him to meet the head-on slash.

This slash was bound to annihilate the powerful and extraordinary ao Xiang!

However, at the critical moment, two fingers shot out from the ground and strangely flicked on the Royal Longzun Sword, blocking the unstoppable slash.

At the same time, an unusually old voice drifted into his ears.

“Young man, stealing the king’s cauldron and killing Bei Wangchen, aren’t you putting the retired emperors of our Beixin lineage in your eyes?”

Chapter 1742 Absorbing The Fate Of The Country

The emperors of the northern territories had always been conferred titles by the Eastern Royal Family.

Each Emperor’s term of office was only 100 million years.

Many emperors who had yet to pass away retired behind the scenes to guard the ancestral land -- The Lone Island of great void!

They only had one mission, to guard the King Cauldron.

If the King Cauldron was lost, the Great Yu Emperor Dynasty would be in turmoil and the fate of the country would be unstable.

As a conferred king, the building would collapse and it would be difficult for him to escape death.

Hearing the mysterious Elder's words, Su Yu sighed helplessly, "In the end, I still can't escape this hurdle."

After stealing the cauldron, the retired conferred King would definitely not let this matter rest.

Weng --

Lightning flashed and a translucent gray-robed, black-haired, ancient-crowned elder with lightning around his body appeared.

He was covered in the blood of the Emperor of Heaven and earth, and his blood contained a shocking evil aura.

In his left hand, he held the head of an evil spirit.

Although he was already dead, the evil Aura Xie Ling gave off was still extremely terrifying.

"An evil spirit at the level of the Emperor of Heaven and earth?" Su Yu was shocked.

Was this the evil spirit that was chasing after the north-looking pavilion in the Ghost Swamp?

No wonder Su Yu hadn't been stopped when he stole the Beixin cauldron. It turned out that the retired Beixin Emperor had gone to kill the evil spirit.

Ao Xiang, who had just passed through the gates of Hell, rushed over and bowed, "Greetings, ancestor Pear King!"

The holy maiden wiped the blood from her mouth and flew over, kneeling on the ground and bowing, "Holy Maiden of the sacred ruins, greetings, Pear King!"

It was indeed the former king of Beixin!

"What happened?" Li King was not angry, but he was powerful.

Ao xiang gritted his teeth and lowered his head, finding it hard to speak.

The Saintess' eyes flashed and pointed at Su Yu, "Reporting to Li King, this person colluded with the corpse race to steal Beixin King Cauldron!"

She was still angry about Su Yu abandoning her in the cauldron.

"It's really the corpse race." The Pear King looked at the head of the evil spirit in his hand. "Is it a trick to lure the tiger away from the mountain?"

He had created a massacre against the Beixin faction and lured out the pear king who was guarding the Beixin King Cauldron. He took the opportunity to send the corpse race into the giant cauldron and steal the beixin King Cauldron.

Everything was planned and schemed.

"Pear King, please eliminate this corpse race!" The Hehuan Saintess said.

Unexpectedly, pear king stared at Su Yu and said leisurely, "Young man, if you submit, you can die."

Ao Xiang suddenly raised his head, "Ancestor pear king, how can we let this person go..."

“Shut up!” Pear King said indifferently, his invisible aura pressing Ao Xiang’s head down once again.

“When Emperor Yu dynasty was founded, it followed the principle of flowing back to the sea. Any talent who is willing to enter the name of Emperor Yu dynasty can be used,” Pear King said, “He can kill you with two swords. He is extremely experienced. It would be a pity to kill such a talent.”

Ao Xiang’s expression was fierce.

He was unwilling. How could he be defeated by a bronze overlord! !

He was a half-step emperor of Heaven and earth!

“Li King, I don’t recognize his strength. What’s the point of borrowing a powerful and extraordinary divine weapon? Does the talisman given to me by an Emperor of heaven and earth mean that I have a strength higher than an ordinary Emperor of Heaven and earth?” Ao Xiang asked.

Li King looked at him in disappointment. “You didn’t lose in vain! Up until now, you still haven’t seen what his divine weapon is! Even if I give you that divine weapon, you won’t be able to unleash its power!”

As a bystander, the Pear King saw everything clearly.

He stared at Su Yu and said, “Did you hear what I said? No matter which force you belong to, even the corpse clan, if you are willing to submit to me, then let bygones be bygones and give you a heavy responsibility!”

After 100 million years, the Pear King understood the importance of talent even more clearly.

Su Yu was already tired of explaining whether or not he was a corpse clan.

“What’s the premise of submitting to you? You Won’t believe me just based on my words, right?” Su Yu asked.

The Pear King shook his head. “Of course not. Submitting to me requires embedding the Beixin bloodline’s blood lure into your soul.”

The blood lure was not unfamiliar to Su Yu. It was a method to control the enemy.

Whoever controlled the blood lure would be able to activate the power of the bloodline and kill Su Yu with a thought.

Unless the bloodline of the Beixin bloodline was severed, Su Yu would become a slave of the Beixin bloodline for generations to come.

This control method was even more vicious than ordinary control!

“I see,” Su Yu said.

The Pear King said, “Then, what’s your decision?”

Su Yu did not say a word. He held the Royal Longzun sword again and slowly raised it.

He showed his attitude with his actions!

The pear king let out a long sigh. "It's a pity that a bright star in the future died just like that!"

"That's not necessarily true!" Su Yu said calmly.

The Pear King shook his head. "If you can completely control this sword, I naturally can't do anything to you. Unfortunately, there are no ifs."

Su Yu also shook his head. "You've misunderstood. What I'm talking about is not swordsmanship, but..."

The moment the sovereign dragon supreme sword was raised, a jade seal flew out of Su Yu's sleeve.

The jade seal cracked and exploded with a soft sound.

A green jade-colored light shone in all directions.

"You want to leave?" The Pear King's gray robe fluttered as he slapped toward Su Yu.

The terrifying power of the Emperor of Heaven and earth condensed into a huge palm that slapped toward Su Yu.

In front of the Emperor of Heaven and earth, any divine art was useless.

However, the gentle light in front of Su Yu also condensed into a palm print, clashing with the huge palm.

Bang --

The palm print shattered.

The huge palm of light went straight into the pear King's body.

The Pear King's face darkened, and he waved his sleeves, sweeping ao Xiang and the Holy Maiden away.

After flying to a safe place, the pear king asked with a serious expression, "The double-crowned king?"

The gentle light swirled around, forming a huge whirlpool that only allowed one person to pass through.

Su Yu said, "Xiao Yin, activate the jade technique!"

Xue Guanyin was prepared. She threw out the jade technique and also condensed a ball of gentle light.

"Get Back Here!" The Pear King was shocked and ran over.

However, the gentle light contained the power of a double-crowned king. He couldn't get close to it and could only watch as Su Yu and Xue Guanyin escaped.

"Damn it!" Watching the disappearing light, pear king was both shocked and angry. "They have planned this for a long time!"

Ao Xiang's face was extremely ugly. The beixin Royal Cauldron had really been taken away!

“Send a message to the imperial court and seal the border. Don't let any living beings in!” Pear King's heart was extremely heavy.

The loss of one of the imperial cauldrons that suppressed the fate of the country would definitely be earth-shattering.

“Inform the county king immediately. We need to inform the Dongfang imperial family about this matter!”

Losing one-tenth of the fate of the country would definitely infuriate the Dongfang imperial family.

“Lastly, investigate the origins of those two and make sure to get back the Imperial Cauldrons!”

Ao Xiang's gaze focused on the last item as he shouted, “Zi Wei, tell us everything you know!”

Empress Zi Wei lowered her head and said, “Yes!”

——

Two hours later.

The borders of Emperor Yu's dynasty were completely sealed.

From the center of the distant dynasty, nine auras of the Emperors of Heaven and earth appeared as they rushed to the northern letter fief.

At the same time, at King Beixin's crown prince's mansion.

A young girl who called herself the butler of King Beixin's mansion held a jade slip in her hand and bit her red lips, “I actually misjudged him. The real genius isn't Zi Wei, but that unremarkable human!”

“I don't believe that he can defeat Bei Wangchen! I want to meet him personally!”

--

Rays of light flashed as Su Yu and Xue Guanyin appeared in a secret room.

Inside the secret room, there were four meteors that had been prepared.

“The two of you have finally arrived. I have been waiting for you for a long time.” An exceptionally clever young lady came out from a corner of the secret room.

Su Yu said, “You Are...”

The girl smiled sweetly and took out her identity token.

“The chief pavilion's guard token?” Xue Guanyin was surprised. She sized up the girl and said, “Could it be that you are the Chief Pavilion Master's nine guards, Jian Hongniang?”

The Chief Pavilion Master of Star Pavilion had nine guards protecting him all year round.

One of them was Tan Lang, who had recently defected.

The girl in front of him was one of them.

So, this place was also arranged by the Chief Pavilion Master?

The Chief Pavilion Master had long predicted their situation. Therefore, in addition to offensive moves, the jade formula also had the ability to teleport.

“Hehe, the leader of the younger generation of the Star Pavilion, Xue Guanyin, right? I’ve heard a lot about you,” said Jian Hongniang.

She turned to look at Su Yu and carefully examined him. “Handsome and extraordinary. This must be the young master Su Yu whom the chief pavilion master specially instructed to treat with courtesy, right?”

Su Yu nodded and looked around. “Did the Chief Pavilion Master Order you to wait here?”

“That’s right. How are the other two?” Jian Hongniang asked.

Xue Guanyin said angrily, “Don’t talk about them. They are two traitors!”

“What happened?” Jian Hongniang asked.

Su Yu said quietly, “We shouldn’t stay here for long. If nothing goes wrong, the pursuers will come here soon.”

“Don’t worry. Our Star Pavilion has operated this place for many years. No one knows about it,” Jian Hongniang said.

Su Yu shook his head. “Aren’t there two people who know about it?”

“They... really betrayed us?” Jian Hongniang found it hard to believe.

If that was the case, the jade seals in their hands could reach this place directly!

“Let’s Go!” Jian Hongniang made a prompt decision.

Su Yu said, “Have you thought of a way out? If I’m not mistaken, the borders of Emperor Yu’s dynasty should be sealed at this moment.”

Jian Hongniang smiled arrogantly, “Aren’t you underestimating Star Pavilion? How could we not have prepared a way out?”

Soon, they left the secret chamber.

Outside the secret chamber was an endless void.

It turned out that the secret chamber was built at the borders of Emperor Yu’s dynasty.

However, there was no exit at the border.

Jian Hongniang took out her communication jade seal and said, “We have to leave immediately.”

Not long after, the Jade Seal received a reply. It was a voice that Su Yu was familiar with.

“I have benefited from you for many years. I will settle things for you. Come, I will let you leave quietly.”

Jian Hongniang smiled and led Su Yu and the others to the entrance of the northern envelope.

This was the entrance where Su Yu and the others had come.

The incident where they had been made difficult by the entrance prosecutor was still vivid in their minds.

The entrance was closed, and the two sides were exceptionally quiet. There was no one around.

“Come over quickly!” Suddenly, a crafty old man poked out from the side of the entrance and waved at them with extreme vigilance.

When Su Yu saw this person, he could not help but be stunned.

Back then, there was also a white-robed old man who had checked the entrance with Xuan Zhi. It was the person in front of him.

The operation of the Star Pavilion over the years had not been in vain. Even the immigration inspector could be bribed.

The white-robed old man led them to a corner of the entrance. There was a small man-made crack there, just enough to allow one person to enter and exit.

If it was concealed, one would not be able to detect it at all.

It seemed that this was not the first time this old man had done such a thing.

The existence of this crack was not a day or two. He did not know how many benefits he had received, and just like this, he had let many problematic people enter and leave Emperor Yu’s dynasty.

The entire Emperor Yu’s dynasty had countless entrances and exits, and how many prosecutors were there like him?

At the very least, if the corpse race could sneak in, there must be collusion between the prosecutors inside and outside.

Sighing inwardly, Su Yu and the others left through the crack. Using the two meteorites they had prepared, they entered the vast void.

“Senior, I have a question,” Su Yu said.

Jian Hongniang said, “Please speak.”

“How many corpse race are there exactly?” Su Yu asked.

In the huge cauldron, the conversation between the youth with the aura of death and god Luo could be seen that they belonged to different corpse races. Moreover, they didn’t come from the Sea of constellations.

Jian Hongniang’s expression changed slightly, and there was a hint of fear. She shook her head and said, “I don’t know, but there are many corpse clans. It might not be only in our sea of constellations.”

Was that so? Su Yu thought of the missing emperor corpse and white-furred corpse, as well as the hidden Second Corpse King, the Undying Boy.

His heart was filled with gloom!

--

Not long after they entered the void, two whirlpools of multicolored light appeared in the secret chamber.

Two people walked out, one at the front and one at the back. They were none other than the Pear King and Ao Xiang.

“We’re a step too late!” The Pear King looked around and his expression darkened.

Ao Xiang said, “Don’t worry. The borders are sealed. They won’t be able to escape. Even if we have to dig three feet into the ground, we will find them.”

The pear king said calmly, “Since they are able to leave behind such a secret chamber to make preparations, do you think they will have no way out? Ask someone to let go of the borders. There is no longer a need to seal them. We can just head straight to the sea of constellations civilization.”

--

At the same time, at the border of Emperor Yu’s dynasty.

On a meteorite floating at the edge of a cliff, a flood dragon expert with the head of a flood dragon and the body of a human sat cross-legged.

His entire body was covered in dust, as if he had been petrified.

All of a sudden, he opened his eyes and grinned. “Brat, you’ve finally come out! Let’s see where you can run to this time!”

With a sinister smile, the flood dragon’s meteorite rapidly disappeared into nothingness.

What was left was a thick emperor’s power.

--

Su Yu rode the meteor and flew straight to the sea of constellations civilization.

He took out the purple-gold wooden box and opened it, revealing a small cauldron surrounded by five-colored qi.

“Is this the king cauldron that suppressed the fate of the Great Yu Empire?” Jian Hongniang’s eyes were filled with shock. “I really didn’t expect that you guys would actually seize the king cauldron! Hiss, even if the three pavilion masters acted, they might not be able to succeed!”

Su Yu shook his head and said, “It’s just that our cultivations are low and it’s not easy for us to arouse the vigilance of the Beixin faction. It’s nothing much.”

He stared at the Beixin King Cauldron, su Yu’s eyes were filled with curiosity. “The top three people of the Great Void Hidden Dragon have the opportunity to enter the King Cauldron and use

the fate of the nation to cultivate and comprehend. That so-called huge king cauldron should actually be just the outer shell of this small cauldron. I wonder what will happen when we cultivate when we are so close to this cauldron?"

Xue Guanyin's heart was also beating rapidly. She could not help but lick her lips.

Emperor Yu's entourage had suffered many blows. Xue Guanyin's desire for power far exceeded what she once had.

Now, she would not let go of any chance to become stronger.

"What are you waiting for? Let's give it a try now. Absorbing Emperor Yu's nation's fate is not necessarily a bad thing!"

However, Jian Hongniang quickly stopped them and said solemnly, "No!"

Xue Guanyin asked in surprise, "Why?"

Jian Hongniang stopped them and let out a sigh of relief. She frowned and said, "If you absorb the fate of the nation, your lives will be over!"

Chapter 1743 The Golden Sword's Mutation

"Why do you say that?" Su Yu was shocked.

Jian Hongniang asked, "Do you know what the National Fortune Is?"

Looking at the five-colored qi surrounding the small cauldron, Su Yu seemed to have understood something.

"The so-called national fortune is the core crystal of the Emperor Yu's dynasty. It contains the spiritual veins of the Emperor Yu's dynasty, rare treasures, seeds, various opportunities, and so on." Jian Hongniang was very knowledgeable.

Xue Guanyin said, "If that's the case, it should be more beneficial to us after we absorb it!"

Nodding, Jian Hongniang said, "That's true -- if the first emperor of Emperor Yu's dynasty didn't add the bloodline of the royal family of the east into the core crystal of the civilization."

"What do you mean?" Xue Guanyin said, "Could it be that the core crystal of the civilization that has been tainted with the bloodline of the royal family of the East can't be absorbed?"

Jian Hongniang sighed. "It's not that it can't be absorbed, but after it is absorbed, it will be assimilated by the bloodline of the eastern royal family in the Nuclear Crystal and become a part of the nuclear crystal!"

Su Yu was horrified when he heard this.

Xue Guanyin stuck out her tongue. "Then the reason why the corpse race we encountered seized this cauldron was to let the corpse king refine it. Isn't the corpse king worried about being assimilated into a nuclear crystal?"

What she said wasn't without reason. The Master of God Luo's purpose was to refine the beixin king cauldron.

“Hehe, that’s the corpse race after all. There are too many incomprehensible things that not us living beings can understand.” Jian Hongniang didn’t quite understand the reason either.

Was that so? Su Yu felt regretful. Out of caution, he gave up on absorbing the nation’s fate.

However, he couldn’t miss out on using the nation’s fate to cultivate.

Opening the lid of the small cauldron, an invisible pressure enveloped them.

It was as if they were not facing a palm-sized cauldron, but the entire Emperor Yu dynasty.

At the same time, the five-colored nation’s fate that assaulted their faces caused countless information about civilization to automatically appear in their minds.

That information had an incomparable huge effect on their comprehension and cultivation!

“Brother Su Yu, I feel that after the red lotus beneath my feet absorbed the nation’s fate, there seems to be signs of evolution!” Xue Guanyin said in disbelief.

Not only were living beings beneficial, even the red lotus was able to obtain unimaginable benefits.

Was that so? Su Yu fumbled around and took out the ten-thousand-year-old golden flame forbidden wooden sword.

When it encountered the five-colored fate of the nation, the sword seemed to come alive. The body of the sword expanded, contracted, and absorbed!

Every time it absorbed, a strange texture would appear on the surface of the sword.

At first glance, it looked like a wooden texture, but at a closer look, it also looked like symbols.

“Eh? Brother Su Yu, what’s that on your sword?” Xue Guanyin curiously leaned her head over.

Su Yu was also surprised. “I’ve never seen it before.”

He tried to brush it with his finger, but in the end, a golden bolt of lightning and flames shot out!

Hiss --

Su Yu was so shocked that the corner of his mouth twitched, and he quickly pulled his hand back.

Using divine power to force out the remaining lightning and flames in his body, Su Yu was puzzled. “Lightning and fire? The power is very ordinary... Strange, after absorbing the fate of the country, it only evolved into a negligible mutation?”

In fact, he had secretly expected that the golden flame forbidden wood would grow into a heaven-defying fruit like the Indian silver bamboo.

Unfortunately, he only obtained such a weak change.

“Thunder and Fire?” Jian Hongniang revealed a strange look and said thoughtfully, “I once saw some records about thunder and fire in the ancient books that the chief kept.”

She was exceptionally knowledgeable, “As the saying goes, Heaven Thunder and Earth Fire, Thunder is born in the Heaven and fire originates from the Earth. Under natural circumstances, the two rarely fuse together. Only some living cultivators will fuse the two together.”

“The Thunder and fire at present belongs to natural fusion and is very rare.” Jian Hongniang said, “The Thunder and fire that fuse naturally is called unbounded karma flame in the ancient book. It means neither Heaven Thunder nor Earth Fire.”

Unbounded karmic flame? This was the first time Su Yu had heard something similar to the lightning fire.

“There are different levels of unbounded karmic flame. The darker the color, the stronger the power. However, the golden unbounded karmic flame has never been recorded in the ancient book.” Jian Hongniang was also very confused.

Su Yu pointed at the patterns on it and said, “If we absorb more of the country’s fate, won’t the Lightning Fire Be Stronger?”

If that was the case, the Thunder and fire released by the sword full of patterns should be stronger, right?

“That’s the theory, but for the same level of national luck, the weapon won’t continue to absorb it after absorbing it once unless it finds a higher level of national luck.”

Su Yu was disappointed. He looked at the Useless Thunder and fire with a bitter smile and casually threw the golden flame forbidden tree into the nine jade spirit pearl.

What he didn’t know was that after the sword entered, the Golden Flame Forbidden Wood that was still growing in the nursery began to shrink after it was more than 10,000 years old!

Pieces of golden essence were peeled out of their bodies and merged into the Golden Flame Forbidden Wood.

The Golden Flame Forbidden Wood Sword’s golden flame became more and more powerful. It was extremely dazzling and illuminated the entire nine jade spirit pearl into a golden yellow!

Following that, with a kacha sound, cracks appeared on the surface of the Golden Flame Forbidden Wood Longsword.

As more and more golden light spots fused into it, the cracks became more and more dense.

Until the entire body of the sword was covered in cracks. With a pop, all the cracks peeled off.

The golden light that filled the sky also slowly faded away, revealing a brand new Golden Sword!

Unlike the golden flames that covered its entire body in the past, the current Golden Flame Forbidden Wood sword was crystal clear and transparent like Jade.

The little qilin, who was in deep sleep, opened its eyes as if it had sensed something. It stared at the Golden Jade Sword in surprise and snorted, “Another good treasure wasted. HMPH!”

After saying this, it fell asleep again.

Su Yu, who was completely unaware of this, sensed the majestic fate of the nation and said, "Senior, let's meditate together."

"Is it really possible? You guys worked hard to obtain the Wang Ding. I didn't put in any effort," Jian Hongniang said, her eyes filled with excitement.

Xue Guanyin smiled. "Lord Imperial Guard, don't be so modest. With so much fate, it's enough for all the living beings of the entire sea of constellations civilization to comprehend together."

"How can I do that?" Jian Hongniang rubbed her hands together.

Su Yu smiled. "It won't be long before we return. Let's make the most of our time."

Su Yu closed his eyes and sat down, cultivating under the majestic fate of the nation. However, the moment he started cultivating, Su Yu immediately noticed that the inner mansion gate in his body was rapidly expanding!

"So Magical?" Su Yu suddenly opened his eyes, and his eyes revealed a look of disbelief.

Looking at Xue Guanyin and Jian Hongniang, they were both full of surprise and joy. Apparently, their cultivation had also undergone a huge change.

With an excited mood, Su Yu seized the time to enter the state of cultivation.

Time flew by, and in the blink of an eye, several months had passed.

Looking from afar, the civilization of an ocean world was like a drop of water isolated in the dark world of nothingness.

Di Di --

The meteorite was about to arrive at its destination and automatically sent out a warning signal.

Su Yu and the others were all startled awake.

"Hahaha, Mystic Crystal Overlord! I've finally broken through to the Mystic Crystal Overlord Realm!" Xue Guanyin threw her head back and laughed loudly. She was extremely excited.

She had stayed in the Golden Overlord realm for too long and finally succeeded in breaking through the shackles and reaching the Mystic Crystal Overlord realm!

With such a cultivation level, she would also have the strength to fight against a peak overlord!

"Hehe, if Empress Ziwei knew that I reached the Mystic Crystal Overlord before him, I wonder how she would feel?" Xue Guanyin thought, "She chose Bei Wangchen and gave up on brother Su Yu. She is destined to make the biggest mistake in her life!"

"Congratulations!" Jian Hongniang said with a smile.

Xue Guanyin sized her up and revealed a smile, “The Imperial Guard is not bad too. His aura is even stronger than before. He is about to break through to the peak overlord right?”

“Hehe, thanks to you guys, I will be able to break through to the peak overlord realm after a few more years of preparation.” Jian Hongniang was extremely happy.

“However, he should be the one who has improved the most, right?” Xue Guanyin squatted down and looked at Su Yu without blinking.

At this moment, Su Yu’s entire body was reflecting a fluorescent light and was emitting a jade luster.

The aura of a Golden Overlord was naturally released.

“Two realms in one leap!” Xue Guanyin smiled bitterly. “Back then, I spent five years to break through from a bronze overlord to an emperor-level overlord. I don’t know how much suffering I suffered. Brother Su Yu, on the other hand, achieved it in one night.”

Jian Hongniang did not think much of it and said, “How great is the fate of the Great Yu Emperor Dynasty? Even a mystic crystal overlord like me can almost break through. It’s normal for a bronze overlord to break through to a gold overlord.”

“With this cauldron in hand, he can definitely mass-produce a gold overlord!”

Upon hearing this, Xue Guanyin sucked in a breath of cold air.

That’s right. As long as a bronze overlord was watered by the beixin king cauldron, he would definitely be able to break through the shackles and reach the level of a gold overlord!

Su Yu slowly opened his eyes and exhaled a breath of black mist.

These were all the impurities that remained in his body previously.

Now that she had reached the level of a golden overlord, all her internal injuries were gone, turning into impurities that were expelled from her body.

“Hu! A Golden Overlord, huh?” Su Yu thought to herself. With such powerful divine power supporting her, she shouldn’t be as troubled as she was in the past when she used the Royal Sovereign Longzun Sword, right?

“Eh? What happened to our sea of constellations civilization?” Xue Guanyin looked over and suddenly noticed something out of the corner of her eye.

Following her gaze, Su Yu’s expression changed as well.

The Sea of constellations was a sea of purple!

No matter where it was, it was filled with purple light.

Su Yu focused his gaze and clearly saw a purple star hanging in the sky above the Sea of constellations.

“Ancient Star?” Su Yu was shocked.

They had been away for nearly two years, so why was the ancient star that had crashed hanging in the sky?

Jian Hongniang’s expression froze as well. “Did something happen in the Sea of constellations?”

The three of them had grim expressions as they leaped out of the meteorite and landed in the sea of constellations.

“Let’s return to the main pavilion of the Star Pavilion!” Jian Hongniang took out a door filled with water and bit the tip of her tongue, spitting out a mouthful of hot blood.

The door of water immediately began to boil, causing countless water droplets to appear.

This was a top-tier teleportation door that led directly to the Star Pavilion’s headquarters. Only the imperial guards possessed it, and it was used at the most critical moment.

“Let’s go. I’ll bring you to the head pavilion master as soon as possible!” Jian Hongniang said.

Su Yu nodded and stepped into the water gate. Before he left, he glanced at the ancient purple star and suddenly sensed the fluctuation of his fate thread.

“Is there any danger that is targeting me there?” Su Yu frowned.

Judging from the fluctuation of the fate thread, the danger was not low.

If it was not necessary, it was better for him to stay away from that ancient star.

After passing through the Water Gate and feeling suffocated, Su Yu appeared in a lake.

Looking around, he saw nine familiar stars around him.

Star Pavilion main pavilion!

And he was in the center of the star, which was surrounded by clouds all year round. It was where the star pavilion main pavilion master, Huangfu Lieyang, was located.

However, the strange thing was that neither the nine stars nor the star where the main pavilion master was located, there was not a single living creature!

It was empty, and under the illumination of the purple light, it was particularly searing.

Chapter 1744 The Corpse Empress

“Where is she?” Jian Hongniang asked in horror.

Xue Guanyin’s eyes were also filled with unease. As the strongest faction in the Sea of constellations, there were actually no living beings in the star pavilion.

This was definitely not normal!

During the two years they had been away, something huge must have happened!

Caw --

Suddenly, a strange sound came from the depths of the stars.

Jian Hongniang's expression changed slightly. "It's the place where the chief pavilion master has been in seclusion all year round!"

Xiu --

She immediately turned into a stream of light and sped away.

"Wait for me!" As a member of the Star Pavilion, Xue Guanyin had the deepest feelings for her. She also rushed over immediately.

Su Yu was the only one who touched his chin. He looked up at the purple ancient star hanging in the sky and followed behind them at a moderate pace.

Swoosh swoosh --

A few breaths later, Jian Hongniang and Xue Guanyin arrived one after another.

It was a Taoist temple isolated at the edge of a cliff. The sound of the pine waves was heavenly, and the mist was flowing like mist. The artistic conception was in line with nature, and it was very immortal.

This Taoist crown was where the Chief Pavilion Master of Star Pavilion had been in closed-door cultivation all year round.

Jian Hongniang went straight to the highest tower in the Taoist crown.

The Chief Pavilion Master had been in closed-door cultivation here for 30,000 years.

"Who's inside?" Jian Hongniang stared at the wide-open entrance of the tower and asked coldly.

The inside of the tower was pitch-black, so dark that it made people feel uneasy.

Caw --

A strange sound came from the dark depths of the tower.

Dong Dong --

At the same time, heavy footsteps were heard.

A faintly discernible figure walked out of the Dark Tower.

"Ice Blade Imperial Guard?" Jian Hongniang recognized this person and her face lit up. She let down her guard and quickly walked forward, saying, "What happened? Why is there no one in the head pavilion?"

Roar --

Suddenly, the Ice Blade Imperial Guard let out an inhuman roar and his entire body pounced out.

Under the purple light, Jian Hongniang finally saw his appearance clearly.

How was he still an ice blade imperial guard?

His entire body was festering, and his eyes were bloodshot and fierce. He had no self-awareness and was like a wild beast that acted on instinct.

Jian Hongniang was shocked and pulled out her long sword. "Sword asks the secular world!"

A Ray of red sword light pierced through the ice blade Imperial Guard's body.

The Ice Blade Imperial Guard didn't feel anything, and his body pounced forward without any hindrance. He pushed Jian Hongniang to the ground.

His stinky mouth opened, revealing sharp fangs, and he suddenly bit her neck.

"Corpse Transformation?" Jian Hongniang said in shock.

Wasn't the Ice Blade Imperial Guard's current appearance the corpse race that had been transformed 30,000 years ago according to the Ancient Records?

According to the classics, once bitten by the corpse clan, the powerful corpse poison would immediately attack the transformed person's body, exterminating their life force and taking over their consciousness.

At the critical moment, Jian Hongniang's body shook, emitting endless red golden light.

"Red Dust Sword Qi!"

Countless sword qi shot out, repelling the ice blade imperial guard that pounced on her.

Taking advantage of this opportunity, Jian Hongniang retreated a thousand feet.

"Xue Guanyin, retreat quickly!" She berated while protecting Xue Guanyin behind her.

Xue Guanyin was in a daze, "One of the ten imperial guards, the Ice Blade Imperial Guard, has been reduced to the corpse clan..."

Roar --

Another shocking roar came from the dark depths of the bright tower.

Three corpses with monstrous corpse qi rushed out at the same time!

"Ming Hui Imperial Guard! Longitudinal god Imperial Guard! Yuanwu Imperial Guard! !" Jian Hongniang's pupils constricted, and a huge wave surged in her heart!

The four imperial guards had all fallen into the corpse clan!

She no longer had the time to care about what had happened in the main pavilion. Instead, she should be concerned about whether she could still leave alive!

She was at the bottom of the ten imperial guards. Even if the four imperial guards had turned into the corpse clan and their overall strength had suffered some damage, she was definitely no match for four against one!

Kacha --

The Ice Blade Imperial Guard roared angrily as he pulled out an ice blade that flashed with cold light from his palm and slashed towards Jian Hongniang.

The huge blade aura was extremely cold, freezing space and even time!

Jian Hongniang's heart sank. As expected, they still retained their strength!

The other three imperial guards also attacked at the same time!

The best part was that they retained the tacit understanding they had when they were alive. The four of them worked together to cast four powerful divine arts.

Jian Hongniang immediately felt a life-and-death crisis. Her eyelids twitched rapidly.

"Xue Guanyin, leave quickly!" She held her sword horizontally in front of her. The sword also sensed the danger of its master. It continued to hum and burst out with powerful sword qi.

It was a pity that such sword Qi was not enough to defend against a transformed Imperial Guard.

The four of them were far from enough!

"My Lords, please forgive me for not being able to accompany you. I can not be reduced to the corpse race with you!" Seeing that she was going to die, Jian Hongniang raised her sword and moved it towards her neck.

Her sword could not only kill the body, but also destroy the soul!

"Ah!" She gritted her teeth and growled. She was about to be destroyed in body and soul.

However, at this moment, a palm suddenly reached out and grabbed her right hand that was holding the sword.

Jian Hongniang was shocked. Who could get close to her without anyone knowing?

What shocked her even more was that this person grabbed her right hand, causing her to be unable to move!

Even when she fought against the strongest heavenly imperial guards, she had never been in such a sorry state!

"There's no rush to die. It's not time yet." A familiar young voice sounded in her ears.

Jian Hongniang's body trembled, "It's You?"

She turned her head to look. It was not anyone else, but Su Yu!

She could not believe that Su Yu, who had just broken through to the gold overlord realm, had such a divine ability.

Letting go of her hand, Su Yu looked at the four imperial guards from before. He held the asura sword with one hand and swung it lightly.

“The Devil Is Born from the heart!”

The illusion enveloped the entire scene, and Jian Hongniang was no exception.

When she woke up, the scene that made her gasp was displayed in front of her eyes.

The corpses of the four corpse clan were all separated without exception!

Most importantly, their heads were all cut open from the middle, destroying their consciousness and completely dying!

Ignoring her calm gaze, Su Yu shook the black corpse blood on the sword and said, “Their souls have been corroded. Only by destroying their souls can they be killed.”

With that said, he walked to the front of the bright tower with his hands behind his back and said indifferently, “Come out!”

There was still someone inside?

Jian Hongniang and Xue Guanyin’s expressions tensed up.

However, the bright tower was silent.

“Since you don’t want to show yourself, then I can only ask you to come out!”

With a sweep of the Shura Sword, a huge amount of sword qi slashed down vertically, splitting the bright tower in half from the center.

A rumbling sound reverberated throughout the universe, and dust filled the sky.

A black figure half-squatted on the ground came into view. He held a large piece of collapsed ruins with one hand, and his entire body released a powerful divine power.

The strength of that divine power far surpassed Jian Hongniang’s!

“The aura of a peak overlord!” Xue Guanyin was shocked, but when she realized Su Yu’s existence, she heaved a sigh of relief.

When Jian Hongniang saw this person for the first time, her heart trembled. “Leader of the imperial guards, Tian Zu?”

What shocked her even more was that Tian zu had not been transformed!

Her face was filled with joy, but she immediately realized that something was wrong.

They were both in the bright tower, so why didn’t the transformed corpse race bite him?

Why was he hiding and not showing himself to help?

Retracting her steps, Jian Hongniang’s face darkened slightly. “Leader Tian Zu, can you give me an explanation?”

“Hehe...”

Kacha --

Tian zu crushed the ruins in his palm and raised his sharp eyes. “The explanation is that you’re too stupid. You’re not even as good as that kid!”

Jian Hongniang turned her head and saw Su Yu staring coldly at Tian zu with disdain in his eyes.

“Those who can not be forgiven can only betray you!” Su Yu said slowly. The Asura sword in his palm reflected a blood-red cold light.

Betray... Jian Hongniang lost her focus. She felt like she was dreaming.

The leader of the Star Pavilion’s imperial guards had already been bought over by the corpse clan?

“Hehe, as the most prosperous business organization in the Sea of constellations, doesn’t the star pavilion understand that there are no eternal enemies in the world, only eternal benefits?” Tian zu stood up, he shook off the dust all over his body. “The ancient corpse sect has infiltrated all parts of the sea of constellations civilization for many years. All the major, medium, and small-scale forces have members of the ancient corpse sect!”

“I am only one of them.”

Hearing Tian Zu’s words, Jian Hongniang smiled dejectedly. “The head pavilion master is determined to exterminate the ancient corpse sect, but his most trusted personal attendant has fallen into the hands of the ancient corpse sect!”

“Then I have to thank the head pavilion master for staying in seclusion all year round and trusting me at all times. Otherwise, no matter how capable I am, how could I dare to make a deal with the ancient corpse sect under his nose?” Tian zu laughed heartily.

Jian Hongniang’s eyes were filled with disdain. “Bah! Traitor!”

“Hmph...” Tian zu laughed sinisterly. “Very soon, we will be companions again, just like Bing Dao and the other three.”

“You did it?” Jian Hongniang said angrily.

Tian zu said with his hands behind his back, “They refused a toast and took a forced toast. Originally, they could have been on equal footing with me and served the corpse clan together. Unfortunately, they chose the path they shouldn’t have chosen. In that case, I can only erase their intelligence.”

Jian Hongniang gripped her long sword tightly and said, “That’s because they are loyal to the head pavilion master. Unlike you, they aren’t willing to give up anything for the sake of benefits!”

“Stop bragging and lecturing me shamelessly! You still don’t have the qualifications!” Tian zu snorted and took a step forward. The powerful aura of a peak overlord enveloped over.

Jian Hongniang only let out a muffled snort, but she stubbornly stood still.

“Eh? Your cultivation has advanced so fast, and you are almost at the peak overlord level. Have you caught up with me?” Tian zu was surprised and said in

disbelief, "It seems that you received an order from the chief pavilion master to carry out a mission in secret and received a huge benefit!"

"But that's all." Tian zu's aura changed again.

Jian Hongniang could not withstand the even more powerful aura. Her face turned red and she spat out a mouthful of divine blood, scattering it all over the ground.

"In front of a peak overlord, anyone below the Xuan Crystal Overlord is an ant!" His aura shook and enveloped Xue Guanyin and Su Yu.

Xue Guanyin's face instantly turned pale. Although she had a few chances to face a peak overlord directly, she was still powerless in front of them.

"Eh? You are indeed a little different!" Tian zu stared at Su Yu who was standing calmly. There was both surprise and fear.

Su Yu shrugged. "People often say that."

"HMPH, aren't you proficient in the language of other races? You must have learned some strange divine arts of other races!" Tian zu did not think much of it. "It's okay to play tricks, but in front of absolute strength, you have to reveal your true form."

"Heaven treading!" He took a step forward and immediately condensed into a terrifying and vigorous concept, crushing Su Yu.

In Su Yu's perception, it was as if the sky had collapsed, causing one's soul to tremble violently.

Su Yu smiled faintly. His brown pupils gradually turned silver-white and shot out two silver flames.

The two flames fused into one and turned into a silver firebird. With a chirp, it ignored the vigorous concept and entered the body of the Heaven's foot.

The Heaven's foot was caught off guard, and endless silver light shot out from its body.

After struggling for a while, his body went soft.

The Silver Firebird flew out with his soul in its mouth and returned to Su Yu.

In just a breath, the arrogant leader of the guards was captured!

Jian Hongniang was stunned. It was like a dream.

Tian zu was captured in just one move?

Looking at Su Yu's back, she had the illusion that she was looking at the Head Pavilion Master!

Tian zu was terrified. "What did you do? What is this Firebird?"

Hiss --

The Firebird's flames flickered, burning Tian zu to the point that he roared in pain, "Stop it! Stop It!"

This fire had an unparalleled restraining effect on the soul.

“Let me ask you a question. What happened after we left?” Su Yu asked.

Tian zu hesitated for a moment, then the Firebird immediately released its flames, the Flames made him beg for mercy. “I’ll tell you, I’ll tell you! Right after you left, the head pavilion master mobilized all the forces of the Sea of constellations civilization to form an alliance of living beings and charge into the ancient star. But in the end...”

He didn’t continue. His eyes flickered.

Su Yu said calmly, “I guess the corpse clan was already prepared. They set up an ambush, and the Alliance of living beings suffered heavy casualties. Because of a traitor like you, they informed the corpse clan, right?”

Tian zu defended himself, “I, I didn’t...”

“How are the Allied army doing now?” Su Yu asked.

Tian zu hurriedly replied, “It’s just that there are many casualties. They’re up there.”

Up There? Su Yu raised his head and looked up. His pupils constricted slightly.

Trapped on an ancient star?

“The sea of constellations has already been occupied by all of You?” Su Yu’s gaze turned cold.

Tian zu was terrified. “Other than the purple dream divine bamboo, the other three regions have been taken over.”

The South Sea, North Sea, and Star Pavilion had all been taken over by the corpse race!

“How are the casualties of the emperors?” Su Yu asked.

“Apart from the emperor who died, the other emperors are fine.”

He died? Su Yu’s expression darkened.

The death of a world emperor was no small matter. This meant that the other party had at least a powerful existence or divine art capable of killing a world emperor.

“Who killed her?”

Hearing this, Tian Zu’s eyes showed deep respect, “Lan Yue!”

“Who?” Xue Guanyin walked over and said suspiciously, “The Lan Yue you mentioned is not the same person as the Lan Yue that the star pavilion expelled, right?”

Lan Yue of the star pavilion was not worth mentioning in her eyes.

“It’s her! “The former member of the Star Pavilion, Lan Yue!” Tian zu was terrified, “It’s also her credit that the Star Pavilion was breached. She led several corpse kings to slaughter the Star Pavilion and killed all the members who stayed in the Star Pavilion! “The Pavilion Master of the Red Leaf branch was

executed by her own hands. She did everything she could to the rest of the people in the branch.”

Saying this, Tian zu trembled, as if the bloody and vicious scene from that day had appeared in front of him.

“I asked myself if I had betrayed my fellow disciples and killed my fellow countrymen. I could be described as a beast, but compared to Lan Yue, Hehe, I’m simply too noble. At least I gave them a quick death. But Lan Yue, her methods are outrageous!”

The Pavilion Master of the Red Leaf Branch was afraid of Su Yu, so he expelled Lan Yue, who had a grudge with him.

No one had expected that Lan Yue would wipe out the red leaf branch. Moreover, she used bloody methods that even the heaven’s feet were terrified of to torture them to death.

“Wait! What kind of virtue does Lan Yue have to be able to lead the corpse king?”Xue Guanyin asked in disbelief.

The heaven’s feet said in awe, “You’ve been away for too long. It’s normal that you don’t know! Lan Yue is no longer an ordinary person, but the empress of the corpse emperor, Bai Qi, and the Moon Empress!”

Chapter 1745 Blending In With The Group Of Corpses

“Corpse Emperor Bai Qi?”Su Yu pondered and said thoughtfully, “Are you talking about that white-furred corpse king?”

“Yes!”Tian zu said respectfully.

After the corpse king was the emperor corpse, then what was the corpse emperor?

“How’s his strength?”Su Yu’s eyes flashed. From the situation when they fought back then, he was only equivalent to a single crowned emperor.

“Three-crowned Emperor!”Tian zu said.

Eh? Su Yu’s pupils contracted violently. Three-crowned emperor?

Even the legendary strongest creature in the great yu imperial court had only touched the edge of the three-crowned emperor.

If the white-furred corpse was so powerful, it wouldn’t have been injured by Su Yu’s sword back then.

Sensing Su Yu’s suspicion, Tian zu added, “He was at his peak. He is still a single-crowned emperor.”

That was more like it.

“What about Lan Yue?”Su Yu frowned.

He did not have a good impression of this woman.

She loved fame and fortune, was narrow-minded, and was vicious after gaining power.

This kind of woman had actually become the queen of the corpse emperor, Bai Qi.

Was there a secret that no one knew about?

“I got what I wanted.”Xue Guanyin clenched her fists and looked at the deathly silent old place with deep hatred. “How could she be so vicious? If I knew this day would come, I would have killed her with one slap!”

Su Yu stared at Tian zu and his eyes flashed. “Then why are you staying here?”

Tian zu did not dare to hide anything. He said, “It was the Moon Empress who ordered us to wait for your return!”

“Wait for us?”Su Yu did not understand.

Tian zu looked at Su Yu carefully and said hesitantly, “To be precise, we are waiting for you! She asked us to capture you alive and hand you over to her to deal with personally.”

Su Yu laughed angrily, “How are you going to deal with me?”

“She didn’t say, but judging from her expression at that time, she probably wasn’t much better than the pavilion master of the Red Leaf Branch.”

“Hehe...”Su Yu couldn’t understand Lan Yue’s brain.

From the beginning to the end, he had never harmed this woman in the slightest, and he had even saved her many times.

But what about her? He didn’t know why, but she hated Su Yu instead.

It was simply inexplicable!

“Last question, since you are a living creature, why didn’t the four imperial guards of the corpse clan attack you?”

Tian Zu’s eyes flickered, but he didn’t say anything.

“Humph!”Su Yu’s eyes shot out a beam of light, piercing into the depths of his soul. “Soul control technique!”

Ah --

Tian zu only had time to Groan before controlling his soul.

“Answer me, how did you do it?”

Tian Zu’s eyes were lifeless as he said, “The corpse clan specially developed the Sky Corpse Powder.”

“Where is it?”

“It’s in the storage space.”

Su Yu sucked in the air and sucked his soft body over. With a glance, he immediately found that there was a space fluctuation around his body.

A ball of space divine power gathered in his palm. Su Yu reached into it and grabbed a white jade box.

The box contained countless purplish-black powder that gave off a dense corpse qi.

“How do I use it?”

“As long as I store a small amount in the inner mansion, the corpse clan will determine that you are of the same race through the corpse qi. They will not attack you,” Tian zu explained.

Implanted into the inner mansion? Su Yu understood.

“En, you can go now,” Su Yu said indifferently. The Silver Firebird opened its mouth and swallowed its entire soul.

The feathers on its body became more realistic, and even its eyes became more intelligent.

Killing the leader of the guards with a single move, Jian Hongniang was extremely respectful.

“Senior, it seems that we need to make a trip to ancient star.” Su Yu said to Jian Hongniang.

The other party hurriedly bowed back and said, “Senior SU, please don’t kill Hongniang. I don’t dare to call you senior.”

She smiled bitterly in her heart. If she had known that Su Yu hid such powerful strength, how would she dare to call herself senior?

Su Yu didn’t bother to be polite. He said, “I’ll keep some of the heavenly corpse powder for myself.”

Xue Guanyin took a portion of the heavenly corpse powder and kept it in the inner residence. She said, “The head pavilion master was clearly waiting for us to retrieve the Beixin Royal Cauldron. Why did he suddenly launch a punitive expedition? Did something happen and he changed his mind at the last minute?”

“Maybe not.” Su Yu sighed. “I think he had planned it from the beginning.”

“He gave us an impossible mission. It was merely to send away the most promising junior of the Sea of constellations ahead of time, leaving the Sea of constellations with a spark. That’s why he immediately launched a crusade against the ancient star the moment we left.”

Xue Guanyin’s throat was hoarse, as if something had blocked it. She was unable to speak.

Tears filled her crystal-clear eyes. She choked and said, “Are you saying that the head pavilion master had an ominous premonition a long time ago?”

It was more than bad premonition? Perhaps Huangfu Lieyang had already predicted their ending.

Empress Zi Wei, Heartless Blade Emperor, and Xue Guanyin might have had some of their memories erased by Huangfu Lieyang, but Su Yu had cleverly preserved them.

In that memory, Huangfu Lieyang had revealed a secret to them that no one knew.

That was, thirty thousand years ago, that palm strike from the emperor's corpse did not recover at all. Instead, it kept getting heavier.

He didn't have much time left. Once his injuries couldn't be suppressed and exploded, his life force would be cut off, and then... he would turn into a corpse clan!

A corpse clan with two crowns!

This battle was a desperate one. He had no chance of winning.

If he could win, he could calm down the ancient corpse's hidden danger.

Unfortunately, from the current situation, there was no sign of victory. Instead, he was in a desperate situation.

Looking up at the ancient star, Su Yu had a premonition that the line of fate was fluctuating even more intensely.

He was unwilling to go there if there was no need.

However, Xia Jingyu and Sheng Ge's whereabouts were unknown. They had either died in battle and turned into the corpse race, or they were among the remaining living beings that were surrounded by the allied army.

"Let's Go!" Su Yu's eyes shone with determination. Yin and yang Qi appeared above his head. In an instant, he left the Star Pavilion and headed straight for the ancient star.

The closer they got to the ancient star, the more intense the evil purple light became.

Roar --

Before they could even get close, dozens of transformed corpse clansmen rushed out.

They sniffed and expressionlessly turned around to return to the ancient star.

Su Yu sensed that the heavenly corpse powder in the inner residence had a slight sign of heat.

This item was indeed useful!

Relieved, everyone descended onto the ancient star.

What greeted them was a shocking scene.

The entire ancient star was densely packed with countless transformed corpse clansmen.

It was densely packed like an endless forest.

They crowded together and roared as they ran in a certain direction.

Ear piercing strange cries and the densely packed corpse horde made their hair stand on end.

"Where are they going?" Xue Guanyin transmitted her voice.

Su Yu's eyes were filled with wisdom. "There are only two places. One is to pay respects to the Supreme Corpse Emperor, and the other is to surround and attack the Trapped Creatures Alliance army! We'll know once we investigate."

The three of them looked at each other and entered the vast zombie crowd without any change in expression, following them forward.

A few days passed, and a huge city wall that was hundreds of thousands of feet tall appeared in front of them.

The city wall was built with bronze coffins. It was messy and irregular, and it could be seen that it was built in a hurry.

The endless zombie crowd crazily attacked inside, but without exception, they were all blasted into pieces by the divine arts above the city wall as soon as they got close.

"We're lucky to have met the Life Alliance." Su Yu smiled and separated the zombies in front of him, leading two people to imitate the zombies.

Xue Guanyin and Jian Hongniang understood and pretended to be zombies, following the zombie horde and slowly approaching the city wall.

As long as they were within ten thousand feet of the city wall, they would have the strength to jump into it.

Boom --

The first batch of zombies were blasted into dust, and the next batch was filled in, so Su Yu and the others could take a step forward.

The process was extremely long, and Su Yu and the other two were patient. They didn't dare to make any drastic movements to avoid being seen through.

If they were really seen through and surrounded by countless corpses, it would be even harder to escape than ascending to the heavens.

Finally, they entered the first three batches, three thousand Zhang away from the city wall.

As long as the first two batches were eliminated, they would be able to follow the momentum and charge into the city wall.

The three of them felt different degrees of urgency.

Soon, they had finally reached this step.

Wu Wu Wu --

All of a sudden, a series of low-pitched horns came from behind the army.

The group of corpses in front of Su Yu changed their charging posture and turned around to run back!

Including the group of Su Yu, they all turned around and disappeared like the tide.

“Retreat? At this time of all times?”Xue Guanyin was so angry that a mouthful of blood was stuck in her chest.

Jian Hongniang gritted her teeth and moved her shoulders, preparing to charge forward forcefully.

If nothing unexpected happened, the distance of three thousand feet shouldn’t be too big of a problem.

However, as soon as she moved her shoulders, she was pressed down by Su Yu’s palm. She heard his warning, “Don’t act Rashly!”

Jian Hongniang said, “We might as well give it a try. With the three of us working together, unless the other party’s corpse king personally stops us, the probability of us rushing into the city is very high.”

Su Yu shook his head, “Don’t be impatient. Just wait and see.”

Almost as soon as Su Yu finished speaking, more than ten figures rushed out from the army of the corpse clan and headed straight for the city wall.

Their bodies were emitting corpse qi. They looked like the corpse clan, but their bodies didn’t have any characteristics of the corpse clan.

Jian Hongniang was surprised, “They also got the Sky Corpse Powder?”

Su Yu’s radiance spread, “We’re not the only ones who found a way to sneak into the corpse clan!”

Jian Hongniang said excitedly, “Quick! Let’s go too. With so many people and so many targets, it’ll be easier for us to get in!”

Su Yu still held her shoulder tightly and said without any hesitation, “I said, don’t act Rashly!”

Swish, Swish, Swish --

At this moment, the appearance of more than ten living beings triggered a series of strange phenomena.

The living beings hidden in the corpse clan jumped out of the corpse clan one after another. One after another, the living beings gave up their disguises and escaped from the corpse clan to the city wall.

Roughly counting, there were at least dozens of them.

And in the blink of an eye, they had jumped two thousand Zhang and were rapidly approaching the ten thousand Zhang Range!

Ten Thousand Zhang!

They were only one step away from the city wall!

At the same time, the Corpse Group finally reacted and roared angrily.

Boom --

At the same time, the terrifying corpse Qi was like dark clouds, instantly descending.

The incomparably powerful pressure of the Emperor of heaven and earth crushed over.

The corpse king made a move! !

But even the corpse king couldn't stop the many living beings that were about to leap into the city.

The living beings that had fled ten thousand feet all shouted, "We are all living beings, please don't make a move!"

The people in the city hesitated for a moment, but they really didn't make a move.

This made those who had escaped overjoyed!

On the other hand, Jian Hongniang's expression was extremely unsightly.

She was angry and resentful as she stared at Su Yu. If Su Yu hadn't stopped them, they would have already escaped!

It was all because of Su Yu's excessive caution that they had missed the best opportunity.

It was impossible to escape into the city wall now. If they moved, they would be immediately stopped by the corpse king behind them.

Xue Guanyin also bit her lips regretfully. They could have entered the city with just a single thought.

Watching the two groups of creatures about to escape, the two women's hearts were indescribably complicated.

However, at this moment, an unexpected scene happened!

The first group of creatures that escaped actually turned around without any warning!

The second group of creatures that were attracted by them and escaped were caught off guard and collided with them.

Ah Ah --

A series of miserable screams sounded like thunder.

At the moment of collision, the first group of creatures suddenly attacked the second group of creatures, and in an instant, five creatures were killed.

The other seven or eight creatures were stunned for a moment, and then came to their senses. They roared in shock and anger, "You... you are traitors who betrayed the creatures. You deliberately lured us to show ourselves!"

Chapter 1746 A Huge Crisis

"Hehe, a bunch of idiots, they finally know? Too bad it's Too Late!"

Behind them, the tyrannical power of the Emperor of Heaven and Earth radiated over.

Puff Puff Puff Puff Puff --

The remaining living beings were instantly blasted into minced meat.

Everything happened too fast, too inconceivable!

Jian Hongniang and Xue Guanyin were petrified on the spot, not moving at all.

“Humph, the Moon Empress’ plan to lure the snake out of its hole was really effective. I didn’t expect that there were more than ten disguised creatures in the army of the corpse clan, and they almost escaped into the city!” The corpse king stood with his hands behind his back and mocked.

“This is all thanks to the painted Bone Corpse King.” The few traitors who were in charge of luring the snake out of its hole flattered him.

The painted bone corpse king chuckled, “You guys performed well, go down and receive the reward!”

“Thank you, Skeleton King! Thank you, Skeleton King!” The group of traitors were overjoyed. They stepped on the blood of their former compatriots and returned to the group of zombies.

Hearing this, Jian Hongniang and Xue Guanyin shuddered. Their bodies were trembling!

It was so close!

They had dodged a disaster with just a thought!

The two women looked at Su Yu at the same time, especially Jian Hongniang. Her eyes were filled with longing.

She had never felt that there was anyone in the world who had divine foresight, even the Chief Pavilion Master of the Star Pavilion, whom she respected the most.

Strong was strong, but it had nothing to do with divine foresight.

Only Su Yu made her involuntarily think of these four words!

“The corpse clan is screening for suspicious people. Luring the snake out of its hole should be only the first step. There will be more moves later!” Su Yu frowned slightly. “I’m afraid we will have to separate.”

“The risk of being recognized when the three of us are together is far greater than being separated.”

The two women looked at each other with incomparable awe.

Jian Hongniang might not be known by others, Xue Guanyin only made a name for herself at the ancient dream altar, and Su Yu only made a name for himself at the end.

No one might be able to recognize the three of them alone.

However, the possibility of being recognized when the three of them were together was too high!

If that was the case, the three of them would be wiped out.

If they were separated, perhaps some of them would be lucky enough to escape.

The three of them nodded and retreated to the other corners of the zombie crowd.

Not long after, just as Su Yu had expected, the painted bone corpse king raised his breath and shouted, “The Moon Empress has ordered that all suspicious people be strictly screened! Now, all

the subordinates of the zombie clan will be divided into three teams, and the corpse kings will personally inspect them!”

The... Corpse Kings?

Su Yu’s heart sank. It seemed that the corpse kings who had awakened in the ancient star were not just the first three, but more.

This was the reason why the Mighty Coalition army of living beings was besieged instead.

The power of the corpse clan was beyond imagination.

At the moment, Su Yu could only sit still and quietly be assigned to the first team.

He did not dare to recklessly use the disguising technique or use the Great Dao laws to change his appearance.

As expected, at this moment, there must be a corpse king who was good at sensing and secretly watching them, waiting for someone to take the initiative to give themselves away.

As expected!

Not long after, a thick corpse qi streaked over Su Yu’s head, rapidly shooting towards the center of the corpse crowd.

Immediately after, a terrified roar came to an abrupt stop.

It seemed that some living being had given themselves away!

Su Yu was secretly apprehensive, carefully following the group of corpses from the first team to the left.

There stood three incomparably majestic figures, each of them emitting a terrifying corpse qi.

The Painted Bone Corpse King was one of them.

Su Yu secretly glanced at the other two teams. There were three corpse kings in charge of examining them.

“Other than the first three corpse kings, there are still nine!” Su Yu was secretly shocked.

There were only six sovereigns of the universe in the Sea of constellations civilization other than the fallen Emperor Slayer!

It was no wonder that two years had passed, but the sea of constellations had been turned upside down!

“Subordinates of the corpse race, pair up. Check each other’s cave dwellings for Heavenly Corpse Powder!” The Painted Bone Corpse King ordered.

The corpse race army completely obeyed his orders. They faced each other like puppets, one on one.

Opposite Su Yu was a corpse race with a highly decomposed body.

His eyes were dark red, and his mouth was constantly muttering with a fishy smell.

Su Yu's mind was whirling, and he was thinking of a way.

In front of the three corpse kings, any divine art cast would be detected.

But if he didn't cast it, once the other party inspected the cave dwelling, the consequences could be imagined.

Facing the combined attacks of the three corpse kings, Su Yu had no chance of winning!

"Uh Huh..."the corpse king stretched out a finger, and the tip of the finger was surrounded by dense corpse qi, reaching toward Su Yu's abdomen.

Once that strand of dense corpse qi entered the inner mansion and encountered the sky corpse powder, it would immediately have a strong reaction.

Su Yu's heart gradually sank. As he thought of a way, he followed the same method and pointed toward the other party's abdomen.

However, at this moment, he was truly in a difficult situation and could not do anything.

Gritting his teeth, Su Yu's eyes revealed a resolute expression.

He did not know if Jian Hongniang and Xue Guanyin would be able to escape this calamity, but he was afraid that he would not be able to escape it.

Since that was the case, then he would divert their attention.

Su Yu secretly sighed. He had long predicted that there would be obvious ups and downs in the line of fate of the ancient star, and now, his words had come true.

Fighting against three emperors of Heaven and earth by himself.

Even if Su Yu had three heads and six arms, he would definitely not be a match for them!

However, he had no other choice!

He would go all out!

However, at this moment, when Su Yu's finger touched his abdomen, the corpse race opposite Su Yu pushed him away.

The corpse warrior pushed Su Yu away and said in human language, "Damn it, I will fight with you!"

However, when he touched the top of his head, a layer of divine light rippled on his body.

The festering body was an illusion formed by divine light. It was destroyed on the spot, revealing a fierce living form.

He rushed into the sky and attacked the three corpse kings with his battle axe.

The Painted Bone Corpse King's lips curled into a cold arc. "Finally, someone has revealed themselves."

He flicked his finger, and the terrifying corpse qi engulfed his opponent in an instant.

Without even a scream, his opponent was directly corroded into a pitch-black liquid.

The Painted Bone Corpse King glanced at Su Yu and chuckled. "Well done. Go to the side."

Su Yu's back was covered in cold sweat.

It was too dangerous, too bizarre!

The corpse clan that he checked with happened to be a living creature!

Fortunately, the other party couldn't hold it in first, or else that pool of black liquid would be Su Yu's end!

"Aren't you going to check him?" The corpse king beside the corpse king glanced at Su Yu indifferently.

The corpse king said, "There's no need. There are very few living creatures hiding. How could it be such a coincidence that both of the corpse clans are in disguise?"

The Lan Jiang Corpse King nodded and didn't pay any attention to it.

The Last Corpse King was even more lazy to pay attention to it.

Su Yu had just escaped a disaster.

However, at this moment.

The three corpse kings looked at the back of the group of corpses with reverence in their eyes. They flew into the sky and flew in that direction.

The corpse kings of the second and third teams did the same.

Su Yu glanced back and found that the nine corpse kings were all in a respectful manner. They half-knelt on the ground and said in unison, "Greetings, Moon Empress!"

Lan Yue? Su Yu had a very bad feeling.

"My Life!" Lan Yue's voice was indeed heard.

Surrounded by the nine corpse kings, Lan Yue was like the stars surrounding the moon, walking slowly on the exquisite beast carriage.

Beside her, there was an extremely stunning woman.

That was the extreme beauty of heaven and earth, which could be called Coquettish!

Any living being, regardless of gender, would be deeply attracted to that coquettish jade face once they saw it.

Especially her pair of dark green eyes, which were like two pools of deep spring water, drawing people in and unable to extricate themselves.

Even the nine corpse kings lowered their heads, no one dared to look into her eyes.

Su Yu couldn't help but take a look. This glance made her blood surge, and she was absent-minded for a long time.

Not only because of that never seen bewitching beauty, but also because of Deja Vu!

In a trance, Su Yu's mind was struck by lightning.

It was the ice coffin female corpse, and the third-ranked corpse king among the first three corpse kings, the Zhuji Corpse King!

She walked charmingly, like a fox demon that charmed the world.

That flawless white jade slender hand played with a bracelet.

Looking at this item, Su Yu was very familiar with it.

It was the necklace that the Emperor Killer wore, and it was made from the head of all his mortal enemies.

However, the necklace was now a bracelet.

And there was an extra head.

The Emperor Killer's own head!

There was a time when the emperor killer swore to kill the female corpse of Zhuji.

He didn't expect to die in her hands.

It was hard to predict things.

"How was the inspection?" Accompanied by the female corpse of Zhuji and the nine corpse kings, Lan Yue wore a crown on her head and a bright phoenix robe. Her red lips were like blood, and her bright eyes were like pearls. She looked extremely noble.

The corpse king smiled respectfully. "Reporting to the Moon Empress, you have a brilliant plan. You have indeed discovered many potential living beings in disguise."

Lan Yue's lips curled into an elegant smile. "Is that so? Those who have contributed should be those living beings who have cooperated with our corpse clan. They must be heavily rewarded!"

"Yes! The Moon Empress is right. After we wait, there will definitely be rewards," the corpse king said.

Lan Yue shook her head. "If we want more creatures to join us, the reward at the front of the battle will naturally be more meaningful! Pass down my orders. Ask those creatures that have contributed to the battle to come over. I will personally reward them!"

The Skeleton King was so happy that he couldn't close his mouth. He immediately summoned the creatures that had lured the snake out of its hole.

"It's them. They lured out dozens of creatures in disguise!"

Lan Yue sized them up and revealed a satisfied expression. "Very good! You all did well. The Sea of constellations civilization is a vast area. Each of you can each claim a piece of land and from now on, you will be crowned as Kings!"

Conferred the title of King? The ten or so traitors were ecstatic.

What did it mean to be conferred the title of King? It meant that all the resources in that territory would belong to them.

In addition, they would also receive countless corpse slaves who would listen to their orders!

How could they not be happy with such a great reward?

“We thank Empress Yue for her benevolence!”

Lan Yue twirled her hair in front of her shoulders and revealed a sorrowful expression.

How Lowly was she back then?

But now, she was able to dominate the sea of constellations and decide the fates of others!

“Rise,” Lan Yue said calmly. “Are there any more meritorious subjects?”

“Yes!” The Bone Painting Corpse King Thought for a moment and said, “A transformed corpse clan has unearthed an extremely deep-hidden disguised living creature!”

To them, the transformed corpse clan was just a puppet. Usually, they wouldn’t reward them.

Lan Yue thought for a while and said, “We still need to reward them. We need to let the Alliance army know that the corpse clan will definitely kill them. We need to rub their spirit!”

“The Moon Empress Is Right!” The Painted Bone Corpse King said flatteringly. Then, he spread his hands and separated the corpse group, revealing Su Yu in the middle of the corpse group. He said, “It’s this corpse clan!”

Chapter 1747 Under The Skirt Of A Pomegranate

The Moon Empress smiled and looked at the direction he was pointing at with a kind gaze.

A handsome man with silver hair, wearing plain clothes, and an ice crystal crown on his head stood among the crowd of zombies like a crane among chickens.

The Moon empress subconsciously nodded her head when she saw this man for the first time.

Then, she was stunned!

Then, she was shocked!

Finally, her face turned pale, “It’s you! ! !”

Perhaps she had never dreamed that the person she wanted to kill but couldn’t get her hands on was right in front of her!

A Cry of surprise shocked the whole crowd.

The Nine Corpse Kings all looked at Su Yu in surprise, sizing her up from top to bottom.

Even the unconcerned Zhu Ji female corpse also looked surprised.

When she looked at Su Yu, her beautiful eyes were filled with surprise and joy.

However, she hid it very well and covered it up with a sweet smile.

“Guards, protect the Emperor!” Lan Yue shouted after she came back to her senses. She couldn’t hide the fear on her face.

The Nine Corpse Kings were stunned, but they reacted very quickly and immediately protected Lan Yue behind them.

The painted bone corpse king shouted, “The Moon Empress is frightened. We are guilty. Please punish us, Moon Empress!”

Only then did Lan Yue finally feel safe and secure.

She realized that she had overreacted and tried her best to calm down. However, her elegant expression no longer existed.

“Su Yu, why are you here?” Lan Yue asked Su Yu through the air. Her eyes were still flickering violently.

Su Yu’s heart broke down. Why did he have to meet the person he shouldn’t have met?

With a thought, Su Yu had an idea.

His eyes were absent-minded and unmoving, as if he was a transformed corpse.

“I’m asking you a question!” Lan Yue repeated.

But Su Yu still didn’t move.

The painted bone corpse king was somewhat inexplicable. He flattered, “Reporting to the Moon Empress, the initial transformed corpse clan is the lowest level of zombies. They only have instincts and no intelligence. I’m afraid they can’t answer the Moon Empress.”

Transformed Corpse Race? Lan Yue was stunned. She carefully examined Su Yu just now.

The rich corpse qi and lifeless eyes were indeed unique characteristics of the corpse race.

He transformed into a corpse race? Lan Yue didn’t believe it.

However, Lan Yue gradually calmed down.

She suddenly realized that she was no longer the same as before. She was no longer the small figure who needed a man to climb up.

Su Yu, whom she used to look up to, was now nothing more than an ant that could be destroyed with the snap of a finger.

Her fluctuating gaze gradually calmed down and returned to its cold and stern look.

The corners of her lips curled up. Lan Yue lay on her side on the throne and said sarcastically, “I didn’t expect that the number one heaven’s favorite in the Sea of constellations, Su Yu, would also become a member of my corpse clan!”

Her beautiful eyes shifted, and her tone changed. “However, it’s still better to confirm it! Drawing the Skeletal Corpse King...”

Whoosh --

Drawing Bone Corpse King kneeled on one knee and said, "I'm willing to examine the sky corpse powder in his body!"

Su Yu's heart skipped a beat. She couldn't escape in the end.

"No!" However, Lan Yue shook her head and said, "An ordinary person might be able to determine the authenticity of the sky corpse powder, but he needs a more special method!"

Her eyes revealed a trace of malice.

"Men! Bring those two captives up!"

A zombie clan member walked over with two figures.

Su Yu saw them from the corner of his eye and was shocked!

Mu Canghai! Yan Changhong!

Why was it them?

Could it be that they were captured when they were besieging the ancient star?

Both of their inner residences were sealed. They were like ordinary people, tied up by pitch-black chains.

Savage injuries could be seen everywhere on their bodies, and blood stains could be seen.

They were escorted to Lan Yue. Under the pressure of the corpse clan, they knelt on the ground and lowered their heads.

Lan Yue narrowed her eyes and smiled slightly. "Su Yu, do you know how they were captured?"

Su Yu was expressionless and didn't move.

"Not on the battlefield, nor when the star pavilion fell, but they were seen through among the thousands of corpses!" Lan Yue stared at Su Yu without blinking, paying close attention to any changes in his expression.

"Why don't you guess again, what is the purpose of them hiding among the zombies?" Lan Yue ridiculed, "They didn't escape into the city wall, but deliberately stayed behind, preparing to find the Seven Star Pavilion Masters who died on the ancient star thirty thousand years ago!"

Su Yu sighed silently in his heart, the result was not unexpected.

"Hahaha, you definitely can't Guess the truth of that year. Mu Canghai didn't sacrifice her fellow disciples, but her fellow disciples sacrificed themselves to help her!" Lan Yue laughed wantonly, she laughed mockingly and said, "Poor mu Canghai has been bearing the blame for so many years, but he did not say a word and did not make any excuses. He's really stupid!"

Su Yu shook her head secretly. It was not that she was stupid, but she felt guilty.

“What a pity, what a pity. I did not bring back the corpse of my former fellow disciple, but he fell into my hands. How Pitiful, how pitiful!” Lan Yue smiled as she sized up Mu Canghai. She lifted her toes and poked her face.

Mu Canghai was like a walking corpse. He didn’t move at all, as if he had lost all his strength.

A trace of cruelty flashed across the corner of his mouth. Lan Yue said, “Su Yu, I order you to pick up the butcher’s knife and kill Your Pitiful Pavilion Master!”

The Nine Corpse Kings sneered.

This was indeed the best way to test whether Su Yu was pretending.

With Su Yu’s many years of relationship with Mu Canghai and Yan Changhong, how could Su Yu really bear to make a move? Even if he was willing, how could he not hesitate?

It had to be said that this move was too ruthless, too vicious!

Mu Canghai raised his head and stared at Lan Yue, revealing a bitter smile. “Lan Yue, you won’t have a good ending!”

Lan Yue smiled contemptuously. “Slap your mouth!”

The skeleton king immediately slapped her on the mouth, causing Mu Canghai’s face to turn red.

“Hehe, Su Yu, why haven’t you made your move yet...” Lan Yue looked at Su Yu playfully.

She instinctively didn’t believe that Su Yu would be turned into a corpse so easily.

Unexpectedly, before she finished speaking, Su Yu quickly walked forward and arrived in front of Mu Canghai and Yan Changhong.

She pulled out a long sword and cleanly cut off her head.

At the same time, the long sword shook and shattered Mu Canghai’s soul.

“No! Pavilion Master!” Yan Changhong was sorrowful as he glared at Su Yu. “Su Yu, you have disappointed pavilion master. She had placed her hopes on you, but you...”

Su Yu’s absent-minded eyes swept over as a vicious aura filled the air. He raised his blade and slashed down, killing Yan Changhong as well.

From the moment Lan Yue gave the order to kill the two of them, Su Yu did not hesitate at all.

That emotionless and lifeless action was more like the corpse clan’s.

Divine blood splattered and landed in front of Lan Yue’s fiery red phoenix robe.

Lan Yue was stunned for a long time. She stared at the absent-minded Su Yu. She didn’t feel the pleasure she should feel. Instead, she felt an unspeakable disappointment.

She was silent for a long time. The drawing Bone Corpse King couldn’t figure out her thoughts. He tried to say, “Queen Yue, since we are afraid of this person, we might as well get rid of him. After all, our corpse clan army doesn’t need to worry about a small golden overlord.”

Lan Yue sighed and shook her head, "No need."

After a pause, she said, "Let's call it a day. bring him to my bedroom."

The corpse clan, regardless of gender, were all slaves. They had no thoughts and no self. It wasn't strange for the Moon Empress to ask a man to enter her bedroom.

"Yes!" The Painted Bone Corpse King summoned two female corpse clan members and supported Su Yu, returning to the back of the army of the corpse clan.

Su Yu complained endlessly, but he could only take one step at a time.

"Pavilion Master Mu, Vice Pavilion Master Yan, I've offended you. I'll revive you after I'm safe," Su Yu said to himself.

The rear of the corpse army was also the birthplace of the ancient corpses, the altar where the stone sarcophagus of the corpse king were worshipped.

At this moment, a palace was built above the altar.

The white-furred corpse king, Jewel Corpse King, and the others were all here.

The Moon Empress' bedroom was right in the middle.

"Put him down, you can all go down." Lan Yue rubbed the space between her eyebrows tiredly and waved her wide sleeves.

The maid left, leaving Su Yu alone in the room.

The room was filled with an alluring fragrance, which was completely opposite to the dense corpse qi outside.

Lan Yue's back was facing Su Yu, and her slender white hands were sipping on the fragrant tea.

However, it was not one cup, but two cups.

"Junior brother Su, don't you feel tired if you continue to fill it up?" Lan Yue said leisurely.

Su Yu's heart trembled, but his expression remained the same.

"Hehe, do you really think that it's a coincidence that I stopped the bone painting corpse king from using the sky corpse powder to test?" Lan Yue turned around and stared at Su Yu, her eyes filled with shrewdness.

She came closer, and the beautiful fragrance from her body drifted over gently. Coupled with her delicate and beautiful face, any man in the world would feel their blood boiling.

"Even if everyone believes that Su Yu has been transformed into a corpse clan member, I won't believe it." Lan Yue said with a complicated meaning, "With your intelligence, you won't fall into the hands of Tian Zu and those idiots."

Having said that, how could Su Yu not understand that Lan Yue had long seen through his disguise.

“Then you still dare to leave me alone in a room?” Su Yu’s eyes regained focus and said coldly.

Lan Yue stared into Su Yu’s eyes and a hint of a smile appeared on her face. “As expected! My instincts weren’t wrong!”

She wasn’t flustered at all. She wasn’t worried at all that Su Yu would make a move against her. She said, “I really didn’t expect that this would happen when we meet again!”

Su Yu quietly stared at this woman and didn’t rashly make a move.

She clearly knew that Su Yu was pretending, but she still dared to stay in a room alone with her. She definitely had something to rely on.

“The fragrant tea from the star pavilion’s main pavilion. This should be the only place left in the sea of constellations where you can still taste it. Please.” Lan Yue gently placed the teacup in front of Su Yu.

Su Yu was unmoved. He said, “Isn’t it all because of you?”

The destruction of the star pavilion was caused by this woman alone!

Shaking her head, Lan Yue said unhurriedly, “I can’t bear this crime! Without me, the corpse emperor would have destroyed the star pavilion as well. It was only because of me that it happened a little earlier!”

Su Yu sneered and said indifferently, “You and I have already made our stand. It’s useless to say anything more. Tell me, the reason you brought me here, isn’t it just to reminisce about old times?”

Lan Yue looked at him and laughed self-deprecatingly, “What old times do we have to reminisce about? From the beginning to the end, you, great genius Su, haven’t even looked me in the eye once!”

Her words were tinged with a strange coldness.

“So What?” Su Yu asked.

Lan Yue laughed. “This is the reason why I invited you here. In the past, you looked down on me, insulted me, hurt me, and even those who have never looked me in the eye. I want them to submit to my feet!”

There was confidence and arrogance in her laughter.

Su Yu shook his head. “Does submitting to you means submitting to me?”

“No!” Lan Yue looked at Su Yu. “Different people have different ways of submitting. For example, the pavilion master of the Red Leaf Branch Pavilion. He can only use his life to submit to my cold sword! As for you... HMPH, I want you to submit to me!”

When Su Yu heard this, he could not help but laugh.

“What are you laughing at?” Lan Yue was displeased and stared at Su Yu. “Am I Not Beautiful?”

“Beautiful!”

“Then why don’t You Ever Look at me? In your heart, how cheap Am I, Lan Yue?” Lan Yue said out the grievance that she had suppressed for a long time.

Su Yu said faintly, “I’ve always looked you in the eye. It’s just that you’re not the same as the ‘look me in the eye’ That I’m talking about.”

The ‘look me in the eye’ that she was talking about was the same as other men, coveting and admiring her.

“HMPH!” Lan Yue tapped her foot, and the floor of the bedroom slowly became transparent.

It turned out that the underground was not filled up. Instead, it was hollowed out, and it looked like an underground palace.

Within the palace, one could clearly see the creatures bound by chains. Their inner residences were all sealed. They ate, drank, and slept like ordinary people, living a life of imprisonment in the dark.

The strange thing was that Su Yu had actually seen all the people who were sealed.

Some of the better ones were the new generation prodigies who had shown their talents on the ancient dream altar.

“They were all prodigies that I had to look up to in the past. In their eyes, I was just a plaything. But now, they all have to do things according to my expression. If I frown, they will run over like dogs to please me and please me!”

Su Yu frowned slightly. Imprison all the elites in the world and make them his playthings?

Suddenly, he felt a chill run down his spine.

“However, compared to you, they are not worth mentioning!” Lan Yue smiled sinisterly and revealed a sinister smile. “I have been waiting for you! You are the one I have been looking forward to the most, the one who will bow down to my feet!”

A small fry who could control the lives and deaths of all living beings in one night had his mentality twisted violently!

Su Yu looked at her with pity.

Hateful, pathetic, and pitiful!

“Su Yu, kneel down and become my exclusive property. From now on, our grudges will be written off!” Lan Yue said.

Su Yu said, “Do you think you can definitely subdue me?”

Lan Yue chuckled, “Of course!”

She flipped her palm and took out a tooth that was covered with terrifying corpse qi.

“This is the corpse emperor’s tooth. It contains ten of his attacks. Are you sure you can withstand it?” Lan Yue said mockingly.

This was what she relied on!

No wonder she dared to be alone in a room with Su Yu!

Su Yu’s eyes revealed traces of fear. She narrowed her eyes and said, “Aren’t you afraid that the corpse emperor will be angry?”

“Hehe, the corpse emperor doesn’t care whether I keep a man or Not!” Lan Yue looked at Su Yu. Her eyes revealed excitement and a trace of heat.

Her slender jade hand gently touched her waist. An exquisite red belt was gently pulled down.

The tight and luxurious Phoenix Robe slowly slid down, slowly revealing the exquisite and beautiful jade wall. It was half-closed and half-hidden, and the charm was faintly discernible. It was even more tempting!

“Su Yu, from today onwards, you are mine!” Lan Yue’s eyes were burning with passion.

She raised her long white jade legs, shook off her long boots, and lifted her beautiful and exquisite jade feet to Su Yu. She raised her snow-white neck and ordered, “Kneel down and lick my feet!”

Just like the other captured talents, she knelt down like a dog and licked her!

Su Yu shook her head. “Unfortunately, I refuse!”

Her face was filled with a blazing blue moon as she smiled coldly. “Wolves need to be tamed to become obedient dogs! Su Yu, you are no exception!”

After she finished speaking, she immediately clenched the corpse emperor’s teeth.

A terrifying corpse qi swept out, turning the surroundings into pitch-black darkness.

Su Yu’s pupils contracted.

Endless Corpse Domain?

The Ultimate Art of the corpse emperor!

However, at the instant this move was executed, a strange fragrance surged into the room.

Within the pitch-black corpse qi, a flawless arm of white jade stretched out and grabbed Su Yu’s shoulder.

Chapter 1748 Su Yu Forced The Marriage

“Enough fooling around, it’s time to go!” The casual words fell into Su Yu’s ears, like a spectator who had lost his patience, interrupting a boring drama.

Su Yu subconsciously dodged, but the pink arm seemed to be able to predict it. It reached out to the place where Su Yu was about to dodge and grabbed him.

Then, the sky and Earth spun.

In Su Yu's eyes, the endless dark corpse domain kept flowing backwards and collapsing.

Lan Yue's face was filled with shock and anger, and her eyes were reflected.

"Impudent! who dares to cause trouble in my bedroom? !"Lan Yue took out a steel needle and stabbed at the arm that was grabbing Su Yu.

Ding --

The seemingly soft snow-white arm was incredibly hard, and the extremely high-grade steel needle was easily blocked.

Lan Yue's eyes were filled with unwillingness. She pulled out the Phoenix hairpin on her head and tossed it in the air.

The coral-shaped hairpin immediately exploded with the might of an emperor of heaven and earth. It turned into an extremely bright red and stabbed towards the snow-white arm.

In an instant, the explosive power of an Emperor of Heaven and earth was produced.

The snow-white arm paused for a moment, and a dense corpse qi rolled out from its pores, instantly blocking the extremely bright red.

After a moment of stalemate, the Phoenix Hairpin was bounced back with a whimper.

Her snow-white arm grabbed Su Yu at a moderate speed and disappeared in the bedroom.

"Don't go!"When Lan Yue caught up, she was already gone!

Her face was full of anger. She held the Phoenix Hairpin and looked at the remaining corpse Qi on it, saying angrily, "Which corpse king in the corpse clan dares to oppose me?"

After pondering for a while, she turned around and floated to the deepest part of the palace.

There was a golden stone coffin standing in the endless darkness.

Lan Yue looked wronged. She ran to the golden coffin and cried coquettishly, "Corpse Emperor, the corpse emperor is bullying me!"

Creak --

The lid of the golden coffin slowly opened, revealing a white-haired young man lying on his back with a broken sword on his body.

After taking off his clothes, a clear dragon-shaped scar could be seen on his chest. It pierced through his entire chest and almost tore his chest open.

He was using the unique corpse qi in the golden coffin to wear down the dragon-shaped scar bit by bit.

"My Queen, who bullied you?"The white-haired young man was naturally the so-called corpse emperor, the white-haired corpse.

He reached out his hand and caressed Lan Yue's cheek lovingly. His gaze was focused and deep, but his gaze was exceptionally far away.

Lan Yue followed the momentum and slipped into his embrace. She sobbed, "I captured a slave, but a corpse king snatched it away in public. The Corpse Emperor wants to make a decision for me!"

"Oh? What slave is worth the corpse king fighting with you for?"

Lan Yue hesitated and lied, "It's just a special one."

She didn't tell the corpse emperor the identity of this slave, because she knew that if the corpse emperor knew of his existence, he would immediately kill him.

The dragon-shaped sword wound that had wrapped around the corpse emperor's chest for two years was left by Su Yu's sword that day.

Lan Yue didn't want Su Yu to die now, at least until he kneeled at her feet!

"Oh? Did that corpse king leave anything behind?"

Lan Yue handed over the Phoenix hairpin.

The corpse emperor only took a glance and recognized the source of the corpse Qi left on it. He couldn't help but laugh, "Zhuji Corpse King? Why would she steal your slaves?"

"It's her?" Lan Yue gritted her teeth and said hatefully, "I treated her well, how could she steal my people?"

The corpse emperor said gently, "If it was another corpse king, they could have just returned it. But the Zhuji Corpse King... I was able to escape, and the ancient corpse sect was able to develop and grow in 30,000 years because of her. It was a great contribution."

"Yue'er, if you want any slave, I'll capture it for you. Why Don't you give this slave to the Zhuji Corpse King?"

Lan Yue was extremely disappointed. She cried out, "I don't want it! I only want this slave!"

The Corpse King looked troubled. He sighed and said, "Alright, I will personally ask the Zhuji Corpse King for it."

Hearing this, Lan Yue was shocked. She quickly said, "You can't!"

"Oh? Why?" The Corpse King looked at her.

Lan Yue was flustered. How could she dare let the corpse king know that the slave she brought back was the one the corpse king wanted to kill?

"This... since the pearl-ji corpse king has made such a great contribution and forcefully took her away, what if I hurt the relationship between you and your subjects and ruin the plan to unify the Sea of constellations? Wouldn't Yue'er become a sinner of the corpse clan?" Lan Yue argued.

The Corpse Emperor was gratified. "I'm gratified that Yue'er can think like this, but you want that slave so badly..."

"This, it's fine." Even though Lan Yue was unwilling, in order to hide it, she could only swallow her anger.

The corpse emperor touched her jade-like face and said, "Then I'll temporarily let little Yue suffer. When my strength has recovered to its peak and I no longer need her, I'll seek justice for you."

Only then did Lan Yue's brows rise in joy.

The current corpse emperor's position in the corpse clan was awkward.

He only had the name of the corpse emperor, but not the actual corpse emperor.

Although the nine great corpse kings all worshipped the corpse emperor, in reality, all the military power belonged to the Zhuji Corpse King.

The Nine Corpse Kings were mostly loyal to the Zhuji Corpse King.

Because the corpse emperor's strength hadn't recovered, it was slightly inferior to the nine corpse kings.

The corpse emperor seemed to respect the Zhuji Corpse King, but in fact, he was fearful and had the intention to get rid of him.

He was just waiting for the right time.

"Yue'er understands, the corpse emperor can recover in peace. I'll wait for the day you recover to your peak and regain control of the corpse clan," Lan Yue said.

They left the golden coffin.

Lan Yue felt indignant. "Hmph, surnamed Su, don't think that just because Zhu Ji corpse king is protecting you, I can't do anything to You!"

On the north side of the palace complex.

A luxurious and magnificent palace was situated in a place with beautiful mountains and clear waters.

This was completely different from the scenery of the ancient star where Corpse Qi was overflowing.

When Su Yu's feet landed, he subconsciously rushed forward and flashed out of the palace.

However, a mysterious arm reached out at the right time and blocked in front of him.

"Do you really not want to catch up with me?"

It was an extraordinarily beautiful voice that was far away from the mortal world, causing Su Yu's soul to tremble.

He turned his head and saw a beautiful and peerless face right in front of him.

With a hint of a smile on his face, his jade-like face was so close that he could almost smell each other's breathing. "I thought you would never come back."

"It's You?" Su Yu turned his head to avoid her eyes and took a deep breath.

He didn't dare to look at her eyes. Although she didn't try to seduce him, Su Yu could feel his soul slowly sinking into that pair of charming eyes.

"We haven't seen each other for two years. We are estranged."The Zhuji Corpse King moved with light steps, jumped lightly, and sat on the stone table willfully.

Her long snow-white legs were dangling like two pieces of jade, one in front and one behind.

Her beautiful eyes were full of reminiscence and joy, looking at Su Yu without blinking.

The corner of her mouth also curved into a happy smile.

"When have we ever been familiar?"Su Yu came back to her senses and looked at her coldly.

The pearl-ji corpse king pursed her lips and smiled, it was a soul-stirring smile, "Is that so? When the ancient dream altar collapsed, who pushed me out of the endless corpse domain of the corpse emperor?"

Su Yu's expression was slightly cold. "That was because I didn't know your identity. If I had known earlier, I would have..."

Speaking up to this point, Su Yu realized that the Zhuji corpse king at that time didn't need Su Yu's help at all.

She and the corpse emperor were originally on the same side.

"But you still saved me. Just like how I knew I shouldn't have saved you, but I still saved you."The Zhuji Corpse King shook his white dangling legs and said with a somewhat smug smile.

Su Yu said with a grim face, "We haven't left yet. Let's stop reminiscing!"

He pulled out the shura sword and said, "If I want to leave, are you going to stop me or not?"

Zhu Ji Corpse King stroked his long black hair and said, "Do you think you can walk out of here? If you leave my palace, there will be nine corpse kings, countless corpse clan members, and of course, your little lover Moon Empress!"

Su Yu frowned. This was indeed a big problem.

At this moment, he was in the base camp of the corpse clan. It was easier said than done?

"Besides, don't you want to save your two companions?"Zhu Ji corpse king clapped his hands, and two shadow-like guards sneaked in and took out two ice coffins from his interspatial ring.

Inside the ice coffins were two women sleeping.

"Xiao Yin, Jian Hongniang?"Su Yu was shocked and glared at her. "You turned them into the corpse race?"

“No! They were just frozen.” Zhuji Corpse King smiled faintly. “You don’t have to be so hostile to me. Or rather, you should thank me. Without my protection in the dark, their situation is really turning them into the corpse race.”

Without a doubt, their disguise was seen through.

It was the pearl-ji corpse king who had suppressed them.

Su Yu was silent for a long time. She put down the asura sword and stared at her. “You saved my life and saved them. This goes against your corpse race’s stance. What is your purpose?”

The Pearl-ji Corpse King’s beautiful eyes curved like two crescent moons. “Outside of the stance, it’s nothing but personal desires.”

“What do you want?” Su Yu let out a sigh of relief.

Since he had personal desires, then everything was negotiable.

“I want you.”

“What?” Su Yu was stunned.

Zhu Ji Corpse King smiled sweetly. “This king said long ago that I want to marry you.”

Su Yu’s face instantly turned green!

“Are you serious?”

Zhu Ji Corpse King’s index finger was in the corner of his mouth as he looked up at the sky and recalled, “Originally, I wanted to refine you into a corpse race, but the more I looked at you, the more I liked you. I wanted to take you in as my main empress, so I’m serious.”

Main Queen... So, there were side concubines?

The image of him and a few naked men serving Zhu Ji corpse king flashed in Su Yu’s mind. He couldn’t help but feel cold and shiver.

“I refuse!” Su Yu shook his head.

“Hehe, where did you get the right to refuse?” Zhu Ji Corpse King smiled and touched the two ice coffins.

Su Yu’s face turned green as he said, “You can’t get my heart by threatening me.”

“It doesn’t matter, I just want your people.” The Zhuji Corpse King didn’t mind at all. “Feelings can be slowly cultivated. In the future, when you have a child between us, you will naturally have feelings for me.”

Child?

Su Yu’s entire body trembled as he waved his hand and said, “No! Absolutely Not!”

At this moment, Su Yu’s mood was in a mess. She had just left the wolf’s den, but who would have thought that she would fall into the Tiger’s mouth again!

“You should think about it carefully. Before the full moon tonight, I’ll wait for your answer.”The Zhuji Corpse King said with a smile. With a flick of his finger, he set up a barrier around the palace and then left.

Su Yu and the two ice coffins were left on the scene.

After confirming that she had left, Su Yu shattered the ice coffins.

The ice seal was lifted, and the two women naturally woke up.

Xue Guanyin looked confused and cried out in a daze, “Ah! Don’t Bite Me...”

Before the ice seal was lifted, her identity was exposed and she was bitten by many corpse clansmen.

“Little Yin!”Su Yu’s Loud Voice Woke Xue Guanyin up.

Xue Guanyin opened her eyes and looked around in a daze.

When she saw Su Yu, she cried out in surprise, “Brother Su Yu? You’re still alive?”

Jian Hongniang also woke up at this moment and exclaimed, “I didn’t expect that we could still be alive. It’s really strange. With the style of the corpse clan, even if they didn’t transform us immediately, they should still imprison us. How could they put us in such a luxurious place?”

Su Yu had a strange expression and introduced this place in a vague manner.

When they found out that it was the Zhuji Corpse King who saved them, all of them were dumbfounded.

“It’s really strange. 30,000 years ago, the Zhuji Corpse King was infamous. She’s not a soft-hearted person. How could she let us go? I don’t understand!”Jian Hongniang said.

Xue Guanyin pondered carefully, “There must be a problem. There must be a problem!”

After a long while, several corpse clan maids entered with bright-colored bridegroom’s gowns. They said mechanically, “As per the Queen’s orders, we have sent you a wedding gown. Please give it a try.”

UH --

Su Yu’s face instantly stiffened. He didn’t even need to look to feel the two girls’dazed gazes.

“Ahem, you may leave.”

After sending off the two maids, he turned around and was met with the two girls’strange gazes.

Jian Hongniang said blankly, “You want to marry the Zhuji Corpse King?”

Xue Guanyin was even more incredulous. “Brother Su Yu, you’ve been taken in by the Zhuji Corpse King?”

Su Yu, who was at a loss for words, sighed and nodded.

“No wonder the Zhuji Corpse King would save us. I see,”Jian Hongniang said in realization, she then turned around and teased, “Although the Zhuji Corpse King

is a corpse, she's extremely beautiful. There are countless beauties in the sea of constellations, and none of them can be compared to her. For You to be taken in by her is enough to show how outstanding you are."

Hearing this, Su Yu's lips twitched.

Why did it sound like she was very supportive of their marriage.

"Let's be serious. Think of a way to leave," Su Yu said.

Jian Hongniang said helplessly, "We are thousands of feet away from the city wall, and we are helpless against her. Now that we are living deep within the corpse race's headquarters, how can it be easy to escape?"

Xue Guanyin also had a bitter expression on her face. She mumbled, "Why don't brother Su Yu sacrifice a little and marry the Zhuji Corpse King?"

"What are you talking about?" Su Yu glared at her. "However, it's not impossible for us to return to the city wall."

"Brother Su Yu, hurry up and say it," Xue Guanyin said.

Su Yu's eyes flashed. "It's very simple. Marry the Zhuji Corpse King!"

"UH..."

"UH..."

The corner of Su Yu's mouth twitched. "Don't think too much. It's naturally a plan."

Coming to the front of the enchantment, Su Yu said, "If there's someone outside, tell the Zhuji Corpse King that I agree. I'll wait for her before the full moon tonight!"

Behind him, two pairs of eyes were looking at him, causing Su Yu's hair to stand on end.

The night of Gu Xing arrived very quickly, and an extremely large full moon hung high in the sky.

The enchantment shook, and the Zhuji Corpse King was dressed up and walked, stepping on the moonlight as he passed through.

Su Yu was the only one left in his sight. He was dressed in a formal suit, and he looked valiant and tall, incomparably handsome.

The Zhuji Corpse King smiled sweetly. "They're very suitable! What about those two? They've been taken into the cave abode world. Originally, I wanted to invite them as witnesses."

Su Yu turned around and stared at the Zhuji Corpse King.

It had to be said that the Zhuji Corpse King was very beautiful at this moment, so beautiful that it was impossible to look at it directly.

Throughout his entire life, of all the women he had seen, only Xia Jingyu could compare to it.

"The matter between the two of us, why do we need others to witness it?" Su Yu smiled faintly.

The Zhuji Corpse King smiled sweetly. "That's true. It's the first time I've had sex with an outsider. It's really an eyesore."

However, Su Yu said indifferently, "You've misunderstood. I waited for you before the Moon for another matter!"

"For what?" The pearl-ji corpse king smiled faintly.

Su Yu's gaze changed. "Of course, it's to ask you to bring us into the city! Please be our hostage!"

Chapter 1749 The Path Master's Relic

The Zhuji corpse king laughed wildly, "Why am I not surprised at all? It's just like your personality, you would rather die than submit!"

"But..." the Zhuji Corpse King said with a smile, "What are you relying on to subdue me and make me your hostage?"

She crossed her arms in front of her chest, dragging the mature snow-white pair. Her enchanting figure leaned against the door lightly, like a spectator who was ready to watch a good show.

"Yes, yes, I'm ready. How will my lover subdue me? I'm looking forward to it." She smiled faintly.

Su Yu's face darkened and he shouted, "Don't be arrogant! Look at the Sword!"

He pulled out the Royal Longzun Sword and a cold dragon aura swept over.

The smile on the Zhuji Corpse King's face didn't decrease but instead increased. He said meaningfully, "This is the dragon sword that my lover used to cut the corpse emperor with one sword, right? It's indeed extraordinary!"

"Since ancient times, a treasured blade and a beauty are matched with a hero. You have a sword now, and all you need is this beauty."

As his voice fell, Su Yu was in a trance.

When he woke up, his peerless beauty was right in front of him, and his breathing could be heard.

Su Yu was shocked. He wanted to swing the Royal Longzun Sword, but his wrist was held by the other party. No matter how Su Yu struggled, he couldn't do anything.

"It seems that on the wedding night, this king can only use force," the zombie king said.

Su Yu struggled with all his might. "Don't be like this, I already have a wife!"

"I don't mind!" The Zhuji Corpse King turned around with Lotus steps and hugged Su Yu a few times before throwing him onto the stone bed.

If it wasn't for Su Yu's strong will, he would have already sunk into it.

The two of them could hear each other's breathing and their eyes met at close range, creating sparks.

Their crafty eyes were filled with waves of hesitation and timidity.

She stared into Su Yu's eyes and said, "Lover, in your eyes, I must be a very wild woman, right?"

Su Yu didn't say anything. From her usual words and actions, which part of her wasn't flirtatious, as if she was a woman who had gone through a brothel?

"If I told you that today is the first time, would you believe it?"

Su Yu was speechless, how could he believe it?

Looking at Su Yu's expression, the pearl-ji corpse king sighed lightly. "Sigh, when I died in my previous life, I made an oath that I would never fall in love with any man in my next life. But my lover, you still managed to move me."

"Do you know what moved me?" The Pearl-ji Corpse King asked.

Su Yu thought for a moment and said, "Did you sacrifice your life to save you?"

The most profound interaction between them was probably that one time.

"No." The Zhuji Corpse King shook her head. "Saving me, only grace, it's not enough to make me fall in love."

"Then who is it?" Su Yu couldn't help but be curious.

The Zhuji Corpse King's eyes revealed love. "It was you who went and came back!"

"I already sent you away, but you came back for me."

The Zhuji Corpse King leaned her head on Su Yu's shoulder, she said faintly, "I never thought that there would be a man who would sacrifice himself for me, who could let me live a peaceful life and experience the feeling of a grand and magnificent life. At that time, I decided that perhaps you were really my lover."

His casual actions touched the strings in her heart.

She raised her head and her eyes were filled with love.

"I don't care if you have a family or if you will love me. I only hope that you can be by my side. Just like that time when you came back to save me. Let me know that I can not be lonely, okay?"

No matter how strong a cultivator was, no matter how many reincarnations of life and death, they could not resist the feeling of loneliness.

At this moment, Su Yu seemed to feel a chill.

It was her heart, a heart that should have died but continued to beat alone.

Su Yu was silent.

No matter how cold an enemy was, there was still a dull pain.

The Zhuji Corpse King was no exception.

Unable to get the answer he wanted, a disappointed expression flashed across the Zhuji Corpse King's face as he said faintly, "You don't believe my words, right? Then I'll prove to you that this isn't my first time!"

At this moment, he believed the Zhuji Corpse King's words.

Even if it was a corpse race, it was still a living creature!

Slowly closing his eyes, Su Yu sighed in silence. Then, he opened his eyes and gazed at the beautiful face with her eyes closed shyly. An apologetic expression appeared on his face.

Following that, Su Yu's abdomen contracted and he breathed out.

The Zhuji Corpse King, who had kissed deeply, suddenly retracted his lips. A pained expression appeared on his face.

A strong golden light shot out from her sky.

The golden light was filled with Buddhist power, and it was the Bane of evil.

Zhu Ji Corpse King's entire body trembled, and her mouth sizzled, emitting a strong corpse qi.

She looked pained, and opened her mouth to spit out the golden object.

But the golden object immediately slid down her throat and into her abdomen.

"What did you do?" Zhu Ji Corpse King's forehead was covered in beads of sweat, enduring the deep pain.

Su Yu stood up and said apologetically, "Buddhist relics."

"Ordinary Buddhist relics can't restrain me like this. What is this thing?" The zombie King's limbs were weak and gradually became limp.

Under the illumination of the Buddhist relics, the corpse Qi was completely solidified and was being absorbed bit by bit.

To ordinary Buddhist relics, it was nothing, but to them, it was the greatest poison in the world.

"You don't need to know, you just need to know, don't resist anymore!" Su Yu pressed her shoulder.

With a thought, the Buddhist relic that entered her body retracted the Buddhist light.

Only then did the Pearl Corpse King's pain disappear.

She would never know that this Buddhist relic was the Buddhist relic of the Dao master that was hidden deep in the ancient dream altar. It was also something that she had been spreading rumors about.

She would never imagine that the Buddhist relic of the Dao master really existed.

Wiping the sweat off his forehead, the Zhuji corpse king's face turned pale. He looked at Su Yu deeply and said, "Why did you do this to me?"

Su Yu didn't say anything. The Buddhist bead on his wrist released Xue Guanyin and Jian Hongniang.

"Brother Su Yu, did you really subdue this woman?"

Jian Hongniang's eyes were filled with disbelief. "I can't believe that you can really subdue a corpse king!"

Su Yu said indifferently, "Zhuji Corpse King, if you don't want to die right now, send us into the city."

With just a thought from Su Yu, she could explode the Buddhist relic of the Dao Master and instantly kill Zhuji Corpse King.

"Why?" Zhuji Corpse King lowered his head, and her expression couldn't be seen clearly at this moment.

However, in his voice, there was no longer that heavenly sound, only loneliness and sorrow.

Jian Hongniang's expression turned cold, pushing her forward. "Stop nagging, the corpse race and living beings are enemies. Lead the way immediately, or I'll kill you with one sword strike!"

The Zhuji Corpse King staggered and almost fell to the ground, his peerless face filled with a bitter smile.

"The corpse race and living beings are enemies... Hehe, I'm so stupid... I actually forgot my identity!" The Zhuji Corpse King laughed self-mockingly, the expression in his eyes disappearing, replaced by coldness.

Standing up, the Zhuji Corpse King didn't even turn his head and said, "Okay, I'll send you into the city! From now on, we don't owe each other anything."

This sentence was said to Su Yu alone.

With a wave of his sleeve, the enchantment disappeared and the door of the palace was opened.

The maids who were waiting outside immediately came forward, "Greetings to the Queen, please tell us what to do."

They looked at the Zhuji Corpse King's expression in surprise and then looked at Su Yu and the other two who were following behind her.

"It's none of your business. I'll take Empress Su out to have a look."

Thus, wherever the zombie king passed by, all the zombies knelt down and bowed. No one dared to do anything to Su Yu.

Even if they met a few zombie kings along the way, they were still very respectful.

Although they had once wondered why Su Yu, who had been taken away by Lan Yue, appeared beside the Zombie King.

But since the zombie king had taken her with him, they didn't question her.

They passed through countless corpses and arrived in front of the city.

"Stop!" A strong voice shouted.

Painted Bone Corpse King looked suspicious as he led many corpses to catch up.

Behind them, Lan Yue followed from a distance with hatred in her eyes.

How could such a big movement be hidden from Lan Yue who was in the barracks?

She led her trusted subordinate, painted Bone Corpse King, to catch up.

“If you take another step forward, you will be within the attack range of the Living Beings Alliance army. What are you doing?”The painted bone corpse king said, “Although you are the corpse king, you have to give a reasonable explanation, right?”

The Zhuji Corpse King’s lips moved, but in the end, he shut his mouth indifferently and walked forward without saying a word.

“No one is allowed to leave!”The Painted Bone Corpse King sensed that something was wrong and moved to intercept them.

Jian Hongniang made a decisive move and pulled out a sword and pressed it against the head of the Zhuji Corpse King. “Whoever takes another step forward, kill her immediately!”

Only then did the corpse clan realize that the Zhuji Corpse King had been captured by them!

“How dare you! How dare you be rude to the Zhuji Corpse King!”The other corpse kings who heard the news turned pale with fright.

“If she hurts even a hair on her head, all of you will be responsible for her death!”

More and more corpse kings were attracted by the angry shouts.

Lan Yue was also shocked. The Zhuji Corpse King was such a powerful corpse king, how could he be captured by them?

How did they do it?

While she was shocked, a feeling of revenge rushed into her heart.

“Hehe, you deserve to fight with me!”

But after thinking about it, Lan Yue had a plan.

With a vicious look, lan yue shouted, “Draw bone corpse king, the Zhuji Corpse King is in trouble, lead the corpse race to rescue him immediately. You must crush the bones of those three creatures and scatter the ashes, so as to boost the reputation of our corpse race!”

Once they made their move, Su Yu would have no choice but to kill the Zhuji Corpse King!

Once the Zhuji Corpse King died, Su Yu and the others would also be torn apart by the group of corpses.

Not only did they help the corpse emperor get rid of the Zhuji Corpse King, they also got rid of the hatred in her heart, Su Yu. It was the best of both worlds!

“No! What if they hurt the Zhuji Corpse King?”The other corpse kings reacted and rushed over to stop painted bone corpse king from making his move.

Lan Yue's face turned cold and she said unhappily, "Are you disobeying my orders?"

The corpse kings snorted and looked disdainful. They didn't show any intention of withdrawing from the scene of stopping the drawing bone corpse king.

Lan Yue was extremely angry and stared at them coldly.

Seeing that the corpse clan was in chaos, Xue Guanyin said, "Let's Go!"

Su Yu's eyes flickered. He looked at the delicate situation and flew toward the city wall while holding the Zhuji Corpse King.

Although the corpse kings were angry, they didn't dare to go forward.

"Living beings, did you hear that? If you dare to hurt the Zhuji Corpse King, you will suffer a fate worse than death!"

The roars of the corpse kings echoed behind them, but Su Yu and the others had already stepped into the city wall.

With a leap, they flew toward the city wall.

When they got close to the city wall, the whistling arrows continued to attack.

Xue Guanyin and Jian Hongniang swept their swords and cut off the arrow rain. They shouted, "Stop, we are all on the same side!"

However, the arrow rain increased instead of decreasing.

"Humph, you zombies have used this trick many times. Don't even think about lying to us again!"

Jian Hongniang was so angry that she spat out blood. It was not easy for her to escape here, but in the end, she was questioned.

"I am Jian Hongniang, one of the nine Imperial Guards of the Head Pavilion Master. Inform the Head Pavilion Master!"

"Who cares about your identity? There are still a few imperial guards who have defected?"

Jian Hongniang went crazy.

She originally thought that by kidnapping the Zhuji Corpse King, she would be able to return to the living.

But who would have thought that there would be so many twists and turns!

Suddenly, Jian Hongniang's gaze shifted. "Su Yu is here too!"

Hearing this, the rain of arrows suddenly slowed down. A surprised question was thrown out from the city walls. "Which Su Yu?"

"Who else is there? Naturally, it's the number one prodigy of the sea of constellations, Su Yu!" Jian Hongniang said.

“Show me your identity token!” Within the city walls, a peak overlord expert exuding an aura of plants and vegetation came out to inspect Su Yu’s identity.

Jian Hongniang felt a sense of shame.

Her status was actually inferior to Su Yu’s!

She really had to be thrown out when comparing goods, and she had to die when comparing people!
!

Su Yu calmly threw the identity token of the former constellation Pavilion over.

After the other party inspected it, he immediately laughed. “Withdraw your troops. Lord Su is back!”

Lord... Su?

Su Yu was a little puzzled. When did he have such a high status in the Sea of constellations?

The rain of arrows stopped, and Su Yu and the others descended upon the city wall.

At the same time, several powerful auras of the Emperor of the world swept over from all directions.

The strongest was emperor purple dream, followed by Emperor Snow Dragon, and finally, the three pavilion masters of the Star Pavilion.

The head pavilion master, Huangfu Lieyang, didn’t show up.

The purple dream emperor was overjoyed, “I didn’t expect you to come back alive from the base camp of the corpse race!”

Everything in front of the formation that day was clearly seen in the city wall.

Especially the mark left by the purple dream emperor between Su Yu’s eyebrows, he could sense su yu even more.

The others’ attention was all attracted by the Zhuji Corpse King.

The Lady Pavilion Master was somewhat bewildered as she asked, “How is this person similar to the Zhuji Corpse King?”

The other two pavilion masters also looked over and asked curiously, “Su Yu, what’s the connection between the captive you captured and the Zhuji Corpse King?”

Xue Guanyin laughed, “Hehe, wouldn’t you know if you look at the reactions of the corpse race?”

Everyone glanced outside, their expressions all changing.

The nine Great Corpse Kings and Moon Empress were all in front of the formation, their expressions extremely wary.

“Could she be the confidant of the Zhuji Corpse King? But why isn’t the Zhuji Corpse King’s true body here?” The matriarch was puzzled.

Xue Guanyin laughed, “Isn’t the Zhuji Corpse King’s true body right in front of your eyes?”

Shua Shua Shua --

In an instant, the emperors of Heaven and earth all moved aside, staring at that incomparably beautiful woman in shock.

They had never imagined that the one Su Yu and the others captured would be the famous Zhuji Corpse King!

Chapter 1750 Forsaking The Common People

“Alert! Alert!”The commander of the guards on the city wall shouted.

Sou Sou Sou --

The guards on the city wall quickly gathered like a huge army.

The emperors of Heaven and earth were shocked, but they didn’t panic.

“Why are you panicking?”The pavilion master rebuked.

With the emperors present, what could a Zhuji Corpse King Do?

Moreover, the Zhuji Corpse King had a strange expression, as if there were some problems.

Purple dream emperor asked, “Why is she with you?”

Her eyes were filled with insight.

Xue Guanyin said with a smile, “It’s brother Su Yu who subdued her. That way, we can come back safely.”

“What?”Even the emperors present were shocked.

If it were them, they wouldn’t have the confidence to subdue someone of the same level.

Not to mention that they were among thousands of corpses.

What followed was an unprecedented joy.

“Hahaha! Su Yu, you brought a surprise to the Life Spirit Alliance the moment you came back!”

“With the Zhuji Corpse King in hand, how could thousands of corpses dare to do anything to us?”

The Woman Pavilion Master was gratified. She waved her sleeve and took out a black chain with thorns from her spatial storage.

The black blood of the corpse clan hadn’t dried up yet.

A trace of evil energy was left on it.

“What’s This?”Jian Hongniang had never seen this thing before and asked.

The woman pavilion master smiled and said coldly, “It’s a divine treasure that is used to restrain the corpse clan! Every thorn in the chain can make the corpse clan suffer so much that they wish they were dead. Hundreds of thorns can pierce into it at the same time. Humph, even the corpse king would wish he were dead!”

Jian Hongniang frowned, “Isn’t it a bit cruel?”

She had been guarding the Head Pavilion master all year round and rarely killed people personally, so she couldn't help but feel pity for him.

"Jian Hongniang, pay attention to your identity!" The Woman Pavilion Master's face tensed up and scolded, "She is a corpse clan! She treats the corpse clan in a fair and aboveboard manner!"

The pavilion master next to her also showed dissatisfaction, "We are kind to the corpse clan, but will the corpse clan show mercy to us? Haven't you seen the living beings who died tragically at the hands of the corpse clan?"

How could he not have seen them? In the main pavilion, weren't the four imperial guards who had been transformed into the corpse clan extremely miserable?

There was also the pavilion master of the Red Leaf branch pavilion who had been cut into pieces by Lan Yue. Her words were still ringing in her ears.

"HMPH! Perhaps you still don't know how the Emperor Killer died?" The third pavilion master snorted coldly and looked at the Zhuji Corpse King with killing intent.

"It was this woman who personally killed the emperor killer and caused us to lose a heaven and Earth Emperor's reinforcement!"

"Apart from that, she also let the traitor Lan Yue kill the Emperor Killer's entire family! Other than the limitless sword saint who was rescued in time, everyone else died!"

It was Lan Yue again!

She had already sworn that she would make the heartless blade emperor regret abandoning him for the rest of his life.

After taking power, she didn't forget about this debt!

Maybe it was the Zhuji Corpse King who killed the emperor, but Lan Yue must have killed his entire family.

Unfortunately, all the blame fell on the Zhuji Corpse King.

"If you still sympathize with such a person, then you are making an enemy out of the Life Alliance!"

Having said that, Jian Hongniang sighed silently and chose to back off.

Xue Guanyin also felt great pressure. If she said one more word, she would become the enemy of the entire alliance of living beings, cutting off her escape route.

Although she couldn't bear it, she didn't have the courage to go against the entire alliance.

The woman pavilion master shouted, "Men, put this chain on her!"

A sneer of revenge blossomed on her lips.

Hualala --

The chain was put on the body of the Zhuji Corpse King.

She slowly closed her eyes. Her eyes were empty and unmoving, as if she was a completely dead creature, extinguishing the last bit of emotion in her heart.

After being captured, she knew what would happen to her.

Drip --

The pain that she imagined didn't appear. Instead, a drop of warmth rolled down her cheek and slid to her lips.

It was sweet, hot, and also had a familiar aura.

When she opened her eyes, she saw a simple hand holding onto a set of chains. The sharp spikes pierced into her palm, and traces of divine blood dripped down along the spikes.

The Zhuji Corpse King's mind buzzed, and his dazed eyes focused once more.

"Su Yu, why are you..."the Woman Pavilion Master was confused and at a loss.

She could understand anyone who tried to stop her, except for Su Yu.

He was the number one prodigy of the sea of constellations and was revered by all living beings!

The Purple Dream Emperor protected him, the pavilion master valued him, and the pavilion masters all adored him.

It could be said that he was the most dazzling star of the sea of constellations civilization and the successor of the next generation.

Such a figure actually tried to stop her!

Su Yu pushed away the chains and stood behind the Zhuji Corpse King. She cupped her fists and said, "Everyone, can you spare her life, just like how she saved me, Xue Guanyin, and Jian Hongniang?"

Without her, the three of them would definitely have died tragically in the corpse army.

Hearing this, everyone fell silent.

There was actually someone who pleaded on behalf of the corpse king, and it was Su Yu who everyone was looking forward to?

No one understood, and no one could accept it!

The Lady Pavilion Master's shocked expression faded away, and her expression gradually turned cold. "Su Yu, do you understand what you're doing right now?"

"I understand." Su Yu's expression was calm. "However, the original intention of subduing her was only to escort us back safely. I never thought of hurting her."

A trace of emotion flashed in the eyes of the Pearl Pearl Corpse King.

However, it was only a trace.

From the moment Su Yu betrayed her, her heart had completely died.

Even if Su Yu knelt in front of her and apologized, she would never forgive and fall in love with another man.

“Shut Up! Don’t speak on behalf of the corpse clan! Back off, don’t disappoint us!”The woman pavilion master’s expression gradually turned stern.

Su Yu didn’t move his body and said, “Then, I can only let you all down.”

“Su Yu! I’m warning you, don’t be arrogant because of your favor!”The woman pavilion master sternly scolded, “Don’t think that just because you have a good reputation in the past, you can do whatever you want! In the face of great injustice, if you make a mistake, you will never be able to recover!”

Su Yu’s body was like a rock as he stood on the spot and said, “Please tell me clearly, pavilion master, how can I never be able to recover?”

His resolute attitude made people both angry and annoyed.

The Living Beings Alliance army couldn’t understand why Su Yu would fight to the end for a corpse race, or the king of the corpse race.

Many people began to waver. Su Yu, whose whereabouts were unknown for two years, and Su Yu, who had returned from the corpse race, whose side was he on.

Was he still the Su Yu that everyone was looking forward to?

The woman pavilion master laughed angrily. “Then let me tell you clearly. If you continue to be stubborn, then I will treat you as a common enemy of the sea of constellations! If any alliance army sees you, everyone will have to kill you!”

That was to make an enemy of the entire sea of constellations civilization!

Such a heavy punishment was something that no living creature in the sea of constellations could bear.

Even the sovereigns of the world couldn’t bear it.

“How is it? It’s still not too late to turn back now. I’ll give you three breaths to think about it!”The woman pavilion master raised three fingers.

Su Yu’s expression was calm. He shook his head. “There’s no need for three breaths. I’ve made up my mind.”

The Woman Pavilion Master revealed a hint of a smile that was mixed with contempt.

So what if he was a chosen one? In the face of the Sea of constellations’ collective will, he couldn’t even withstand a single blow.

However, what was unexpected was this.

Su Yu held onto the Zhuji Corpse King’s waist. With a tap of his toes, he flew backwards and flew out of the Living Creature Alliance’s city wall.

This scene stunned everyone.

He had chosen to bring the Zhuji Corpse King to betray the Living Creature Alliance!

Xue Guanyin hurriedly said, "Brother Su Yu, don't..."

She knew very well what Su Yu's departure meant. It meant that he would never be able to return.

A trace of sorrow appeared in her heart.

Su Yu smiled. "Don't be sad. Things didn't go beyond our expectations. We've already achieved our goal of sending you all here safely."

Before subduing the Zhuji Corpse King, Su Yu had already expected this moment.

The Life Spirit Alliance wouldn't let the Zhuji Corpse King off!

And he couldn't just sit by and watch the Zhuji Corpse King suffer.

This scene was already within his expectations.

"See you later!" Su Yu said.

After he finished speaking, he soared into the sky.

The Woman Pavilion Master was extremely furious. She let out a roar that shook the heavens. "Su Yu, are you going to abandon the common people for a corpse king?"

Su Yu paused and didn't even turn his head. "So what if it's the common people? Even the world can be abandoned!"

He murmured softly, like the sound of a bell striking everyone's heart.

So what if it was the world? The world could also be abandoned!

A complicated feeling surged in everyone's hearts.

The heroic spirit was actually for a female corpse!

The Lady Pavilion Master was extremely disappointed and shouted coldly, "Then die!"

She waved her long sleeves and countless emperor's power swept over, enveloping him and the Zhuji Corpse King.

When the corpse kings below saw this, they all made their moves.

"Protect Zhu Ji Corpse King! !"

The emperors of Heaven and earth from both sides immediately exchanged blows.

Amidst the chaos of the laws of heaven and earth, Su Yu's clothes fluttered and her silver hair fluttered in the wind. Her back was facing the common people as she walked further and further away.

Finally, she disappeared into the dazzling divine light, like a fleeting glance, disappearing into the boundless heaven and earth.

Leaving behind the corpse race and living beings who were in a dispute.

Stepping on the clouds, Su Yu floated in a sea area that seemed familiar.

Putting down the Zhuji Corpse King, Su Yu turned his back to her and said, "You can leave now, but don't go back to the corpse race."

It was quiet behind him, only a pair of sparkling crystal eyes stared at him without blinking.

"Or do you want to die in my hands?" Su Yu turned around and asked coldly.

The Zhuji Corpse King smiled sweetly. Her smile was like a spring flower, bright and beautiful.

She had washed away her bewitching charm, leaving only her innocence.

Su Yu had never seen such a smile on her face before. Even when she confessed her love yesterday, she had never revealed such a smile that could turn all living beings upside down.

Su Yu was absent-minded when she saw this. Apart from her identity as a corpse, she was also a woman of Peerless Beauty!

"So what if she is an ordinary person? Even the world can be abandoned!" Pearl Zombie King murmured softly, tears of joy or sorrow hanging on her face. "It turns out that love and hate are intertwined, and they hurt people even more!"

She stared at Su Yu, her tears were like a kite with a broken string. "Why don't you continue to hurt me? Why don't you let me continue to hate you? My heart is already dead, and I will never fall in love with a man again. Why do you have to play the hero and deliberately say these words to move me?"

Wiping her tears, the Pearl Corpse King said hatefully, "Men are really hateful creatures."

As she finished speaking, she threw herself into Su Yu's arms and hugged his waist with both hands. Her head was nestled in his arms, and her tear-stained face beamed with a smile. "But, I like men like this!"
