Chapter 1751 The King Behind The Scenes

Divine light surged on Su Yu's body as she slowly pushed her away. She said coldly, "There's a difference between you and me leaving the scene..."

The Zhuji Corpse King put his hands behind his back and smiled. "I can give up on the corpse clan?"

Su Yu was stunned.

When he had taken the Zhuji Corpse King hostage, from the corpse clan's reaction, the Zhuji Corpse King was the true controller of the corpse clan.

The so-called corpse Emperor and Moon Empress had become decorations instead, and only the painted Bone Corpse King was loyal to them.

What Su Yu gave up was only the attention of a few emperors of the world.

But what she gave up was really the world!

Seeing Su Yu stunned, the Zhuji corpse king burst into laughter, "You betrayed the common people for me, and I gave up the world for you!"

At this moment, the Zhuji Corpse King was like an innocent and romantic girl, shy and stubborn.

Su Yu was touched. A woman was willing to do this for him, how could he not be moved?

He wanted to refuse, but he couldn't open his mouth.

"It's okay, I know that your heart is in another woman, but I don't mind." The Zhuji corpse king smiled brightly. "As long as you let me stay by your side, I will be satisfied."

Su Yu was speechless.

Giving up the world just to follow a man who didn't love him.

Was it really worth it?

Looking at the pleading and Humble Zhuji Corpse King, Su Yu's heart softened.

After a while, he sighed, "Alright, you can stay by my side, but not like last night!"

Zhuji corpse king blushed and said, "I only belong to my husband."

"Wait, what do you call him?"

"Husband?" Zhuji corpse king blinked his eyes playfully, "Last night, although it wasn't a real marriage, but there was even a wedding night. Naturally, I have to change my name to husband."

Su Yu's mouth twitched and said seriously, "That's just a temporary measure. It doesn't count!"

"Why not? We have everything we need."

“In any case, don’t call me husband!” Su Yu warned seriously.

Zhuji Corpse King nodded obediently. “Yes, Husband!”

“HM?” Su Yu stared at her.

Zhuji Corpse King stuck out her tongue. “I don’t dare, Husband!”

Su Yu rolled his eyes in anger. He knew that this woman was teasing him on purpose, so he simply ignored her and thought about the current situation instead.

Leaving the Life Spirit Alliance didn’t mean that he could really relax.

Fortunately, the Zhuji corpse king had been “Kidnapped” by him. He believed that there would be internal strife within the corpse clan for a period of time, giving the Life Spirit Alliance a chance to catch their breath.

However, it was only a chance to catch their breath.

Once the corpse emperor got rid of the disobedient corpse king and unified the corpse clan, the end of the Living Spirit Alliance wouldn’t be far away.

“Zhuji Corpse King, I have a question that I really don’t understand.”

“Call me Zhuji, or else I won’t answer.” The corners of the Zhuji Corpse King’s lips curled up, a smile that wasn’t a smile.

The veins on Su Yu’s forehead throbbed. Taking an inch and taking a mile!

“Zhuji...” Su Yu accepted his fate and asked, “I want to know, why does your corpse clan have to occupy the sea of constellations civilization?”

Zhuji stretched out her arms and said with a smile, “I’ll tell you if you hug me!”

“Don’t go too far!” Su Yu’s face was grim.

Zhuji raised her snow-white neck and said, “This is a secret only known to corpse kings. If you don’t want to hear it, then forget it. Perhaps other corpse kings will tell you.”

Su Yu gritted his teeth. This woman had completely understood his personality. She knew that he would never use the path master’s Buddhist relic to harm her, so she acted recklessly.

But in order to obtain the secret she wanted, she had no choice but to bite the bullet and agree. She stretched out her arms and let her embrace him.

An astonishing softness immediately spread through her chest. A faint fragrance continuously entered her nose, causing Su Yu’s heart to race.

Zhu Ji’s eyes flashed with a crafty smile. She lay tightly in his embrace, enjoying his embrace of happiness. She slowly said, “What we want to occupy isn’t the sea of constellations civilization, but the Tinder.”

Eh? Su Yu was stunned.

Flame seed? What flame seed?

“The corpse race calls it the flame seed, and living beings call it the civilization's core crystal. Of course, perhaps you living beings will have other names, such as national fate, heavenly fate, and so on.”

Su Yu was shocked!

National Fate. He already had a huge portion of it in his spatial storage!

“What do you want the flame seed for?” Su Yu asked.

Zhu Ji's expression stiffened. After a long silence, he said, “Do you know why the corpse race exists?”

The corpse race was the resurrection of the dead.

No one could understand why they were resurrected.

The gap between life and death was a law that no one could cross.

But the corpse race was different!

“Why?” Su Yu asked.

Zhu Ji said, “For revenge.”

“To whom?” Su Yu didn't understand. Could it be that all the corpse race revived for revenge?

“I don't know! When we woke up, we had an obsession to take revenge!” She said something that even she was confused about.

Su Yu's eyes flashed. “Are all the corpse race like this?”

Zhu Ji nodded. “We Nine Corpse Kings have talked to each other, and our experiences are exactly the same!”

Such a secret matter had probably never been known to the Living Beings Alliance army.

“Then, what does it mean for you to take the Tinder?” Su Yu asked.

Zhu Ji said, “The obsession of revenge is like a deadly poison. If it doesn't calm down, it will make us suffer, and if it's serious, it will make us die! “Only by absorbing the tinder can we weaken our obsession for a while and alleviate the pain! “At the same time, by absorbing the flame seed, our strength will become even stronger!”

This was the reason why the corpse race didn't spare any effort in seizing the flame seed.

“Since that's the case, it's fine as long as you seize the flame seed. Why must you slaughter all the living beings in the Sea of constellations?” Su Yu asked with a frown.

However, the Zhuji Corpse King shook his head and said, “I didn't kill them. I merely transformed them into the corpse race.”

Su Yu said, “What's the difference between that and killing them?”

“Hehe, would I lie to You?”Zhuji laughed lightly. “The transformation is not unique to our corpse race. As far as I know, most of the upper third-rate races have the ability to turn the alien race into their own race. is the transformation of our corpse race a massacre, and the upper third-rate race a transformation?”

In the past, the demon race had the ability to transform. They could transform other races into demons by infusing powerful demonic qi into their bodies.

“Then what’s the explanation for the lack of vitality?”Su Yu frowned.

The prerequisite for transforming a corpse clan was that the thread would extinguish their vitality, allowing them to transform into a corpse clan.

“That’s just corpse qi suppressing their vitality. If you can dissolve the Corpse Qi in your body, your vitality will automatically recover and return to being a living creature,”Zhu Ji said. “Back then, didn’t the Head Pavilion Master of Your Life Spirit Alliance use a great purification technique to purify many transformed corpse clans back into living creatures?”

Hearing this, Su Yu felt relieved.

“Then, why do you have to transform all the living beings in the sea of constellations into corpse races?”Su Yu asked again.

Zhu Ji said helplessly, “It’s not that we insist on it. The so-called fire seeds are scattered in the bodies of living beings born in any civilization. The more powerful they are, the more fire seeds they carry. Only by transforming them into corpse races can we extract the remaining fire seeds in their bodies.”

“Generally speaking, only the living beings above the overlord level have the value of extracting the fire seeds in their bodies. In the Alliance of living beings, most of the living beings that have survived are abnormally powerful. The fire seeds in their bodies are more than half of that of the entire sea of constellations civilization. Therefore, we have to transform them.”

Su Yu stared at him deeply. “Then, what loss will they have if they lose the fire seeds?”

“Almost nothing!”Zhu Ji said affirmatively. “The fire seed is the essence of a civilization that is attached to living beings when a civilization is born. Even if it is not taken away, the essence of a civilization will gradually return to the civilization as a whole. Whether or not there is the essence of a civilization will have no effect on living beings

“The only thing that will have an effect is the entire civilization. They will temporarily enter a state of stagnation and will not continue to develop.”

These were definitely secrets that no living being would ever know.

This included the head pavilion master, Huangfu Lieyang.

“If that’s the case, why don’t you tell the living beings the truth? They should make a wise choice about what to do,” Su Yu said in surprise.

Losing the flame seed would not cause any harm, and they could also avoid fighting the corpse clan. Why Not?

Zhu Ji chuckled, “A smart person like you would still make such a common sense mistake? “Let me ask you, if another corpse clan told you that they would kill you first and then turn you into a puppet under their control, you would be safe and sound afterwards. Do you dare to believe it?”

Su Yu was stunned. If it was him, how could he be at the mercy of the corpse clan?

Who knew if he would be able to return to life after being transformed? After all, he had become someone else’s puppet!

Regardless of the explanation or not, he believed that normal creatures would not agree to it. They would definitely resist to the end!

In this case, the corpse clan and the living beings had fallen into an endless cycle. They would not stop until the other side was completely destroyed!

“However, all of this has nothing to do with me!” Zhu Ji sighed as if he was relieved of a heavy burden.

However, Su Yu could not put it down.

Seeing that Su Yu was thinking, Zhu Ji didn’t say anything and took the opportunity to enjoy herself for a while.

After a while, Su Yu suddenly opened his eyes, and his eyes revealed a sharp light. “Let’s go back!”

“Back where?” Zhu Ji was stunned!

“Corpse Clan!”

“Ah?” Zhu Ji was in disbelief.

If Su Yu returned to the Life Spirit Alliance, she could still understand, but if he returned to the corpse clan, she wouldn’t understand at all.

“Yes, Corpse Clan!” Su Yu’s eyes revealed a profound light. “Between the corpse clan and the living beings, unnecessary wars could have been avoided. If I didn’t know, then it’s fine. But since I know, then I can’t just stand by and watch!”

“There’s no solution. If there really is a way, how many heroes of the corpse clan in the past generations have failed to resolve their enmity with each other. Instead, their enmity is getting deeper and deeper. What can you do if you speak lightly?”

Su Yu revealed a confident expression. “In front of the Emperor of Heaven and earth and the corpse king, I am indeed insignificant, but I am the only one who has the possibility of winning the trust of both sides!”

In the Life Spirit Alliance, it was believed that there was still the emperor of Heaven and Earth who was willing to trust Su Yu.

And in the corpse clan, there was Zhu Ji.

If Su Yu mediates from the middle, he would definitely be able to accomplish something!

“I don’t know about the Life Spirit Alliance, but corpse clan, you might be taking it for granted too much.” Zhu Ji shook his head, she sighed, “Besides me, the corpse emperor is also in the army of the corpse clan! He is the real king! As long as he is here, I won’t be able to control the corpse clan completely.”

“You can imagine what will happen if the corpse emperor interferes when the corpse clan and the living beings coexist as you planned. Even if he controls a small group of the corpse clan to break the agreement and kill the living beings indiscriminately, what will the result be? It would be a waste of all your efforts! All your efforts would be wasted!”

The huge obstacle was in front of him, and he couldn’t overcome it.

However, Su Yu’s eyes were filled with shreds of light, and the corner of his mouth curled into a mysterious arc. “So, the first thing we will do when we go back is to make you the emperor, from the Queen to the Queen!”

And he would live in seclusion behind the scenes and become the king behind the scenes of the corpse clan!

Chapter 1752 Imperial Power

“Hehe, as expected of my husband. His ideas are always earth-shattering and shocking!” Zhu Ji said with a smile.

The strange thing was that she didn’t feel anything different.

“I once had such an idea. The Corpse Emperor’s strength is not as high as mine, and his prestige is not as high as mine. The purpose of his existence is to take over the foundation that I painstakingly built for 30,000 years after he recovered his strength.”

“He wanted to strip me of everything just because of his identity as the corpse emperor. If it were you, would you be willing?”

Of course not.

Su Yu’s eyes shone brightly. “Then why did you fail?”

“It wasn’t a failure!” Zhu Ji said, “With the corpse clan’s strength that I currently control, with just a thought, I would definitely be able to eliminate the corpse emperor!”

“The problem is that a person appeared. He talked to me and advised me to give up. I had no choice but to comply!”

“Who?”

“The emperor’s corpse!”

Su Yu’s expression changed slightly.

Rumor had it that the emperor’s corpse was on par with the Head Pavilion Master?

To be exact, the emperor’s corpse had won the battle back then.

“His prestige is above mine. If he objects, none of the nine great corpse kings would dare to make a move!”Zhu Ji shook her head helplessly.

Su Yu frowned deeply. The identity of the emperor’s corpse was like the Head Pavilion Master of the Star Pavilion. His words held great weight!

“Why did he reject it?”Su Yu asked.

Zhu Ji said, “The reason is that he only said one sentence, ‘the imperial authority is bestowed by the heavens!’”

It meant that the authority of the corpse emperor was bestowed by the heavens and could not be resisted!

“The Heavenly Authority? Hehe!”A cold light suddenly appeared in Su Yu’s eyes. What he hated the most was the so-called heavenly order.

Heaven, who was the heaven?

Su Yu had once thought that there was a heaven in the world.

Now, he gradually understood that the so-called heaven was just an illusion deliberately created by higher-level mighty figures.

They were the heaven!

They used the name of Heaven to decide the fate and life and death of living beings!

“Do you believe in Heaven?”Su Yu’s gaze was far away.

Zhu Ji pondered and nodded. “Yes! The Resurrection of our corpse clan is definitely not something that can be done by human power. There must be the fate of the palm of heaven in the dark.”

“Then have you ever thought that maybe the so-called heaven is just an unbelievably powerful supreme-being? Was it him who created your corpse clan?”

Zhu Ji shook his head without thinking. “That’s impossible. Between Life and death, there is the Great Dao of Heaven and Earth, and it is the mother of the Great Dao. It is the strongest law of order in the world, and it can not be broken.”

Su Yu smiled faintly. “Is that so?”

His index finger circled around, and two wisps of indestructible aura lingered around his fingertips.

With a thought, the two wisps of Aura grew rapidly, and from the aura, they evolved into a soul. Then, they evolved into flesh, blood, bones, and meridians.

Zhu Ji's eyes grew bigger and bigger. She saw with her own eyes that two living creatures were born from nothing!

However, this was not enough to surprise her.

If she used the source of God, any living being could create a living being.

What truly shocked her was that the two living beings that she created were not others, but Mu Canghai and Yan Changhong that Su Yu had killed!

"How is this possible?" Zhu Ji's mind was shocked like never before.

She had seen Su Yu kill the two of them with her own eyes, and he had truly killed them.

In front of the Emperor of Heaven and earth, it was impossible to fake it.

"It's not impossible to resurrect the dead." Su Yu resurrected the two of them on the spot, and he only explained one thing to her.

The resurrection of the corpse race might not be the will of heaven.

It was very likely that it was someone like Su Yu who had mastered the heaven-defying technique to resurrect the dead.

Zhu Ji was shocked for a long time. Her chest seemed to be pressed down by something, and she was unable to speak.

She was too shocked!

If Su Yu hadn't demonstrated it herself, she wouldn't have believed that there was someone in the world who could resurrect the dead!

After a long time, Zhu Ji finally calmed down and said, "I believe you, not the heavens!"

Su Yu smiled and said, "Then we'll strike first. We'll strike first before the emperor's corpse stops us!"

The two of them hugged each other and discussed. Mu Canghai and Yan Changhong, who had just come back from the dead, were stunned.

Before they could understand how they had come back from the dead, they were shocked by the scene in front of them.

The famous Pearl Zombie King was actually lying in Su Yu's arms like a young girl!

"Ahem, ahem, the two of you, please forgive us for offending you before." Su Yu coughed dryly and pushed the pearl zombie king away.

Mu Canghai looked deeply at the Pearl Zombie King. "Su Yu, I was clearly killed by you, why did I come back to life?"

As a bystander, Yan Changhong hurriedly nodded. She had seen Su Yu destroy Mu Canghai's body and soul with her own eyes.

Su Yu said, "Some deceptive tricks. Do you think that I can bring you back to life?"

The two were stunned. What level of deceptive tricks could deceive so many corpse kings?

But just as Su Yu said, they didn't believe that there was a living being in the world that could bring back the dead.

"Then what are you now?" Mu Canghai stared at the Zhuji Corpse King with hostility.

Su Yu hugged her waist. "She's Mine Now!"

Zhuji blushed and cheered like a mosquito. "Husband!"

Husband... husband? Mu Canghai and Yan Changhong were once again shocked.

They all said that Su Yu was powerful, but they didn't expect that his methods of seducing women were even more powerful. The world-famous ice queen, Zhuji, was actually easily obtained.

Moreover, looking at how affectionate the other party was, he seemed to be very dependent on Su Yu!

The two of them were shocked beyond words.

"Alright..." Mu Canghai's expression was strange, and he said embarrassedly, "Then what are your plans? Are you returning to the city?"

Su Yu's eyes revealed a look of contemplation, and he shook his head. "You guys go back, I have other matters to attend to!"

After thinking for a moment, he took out a purple-gold box. After opening it, a small cauldron that was flowing with five-colored divine light appeared before his eyes.

He grabbed with his bare hands, grabbed a handful of air, and sealed it into the jade bottle.

"We will think of a way to send all of you back to the city. Pavilion master, please make sure to hand the jade bottle over to the head pavilion master. After seeing this item, he will understand my position."

Mu Canghai took the jade bottle in confusion, not knowing what the five-colored air was.

Zhu Ji, on the other hand, cried out in shock, "Fire seed? There are so many fire seeds?"

She was truly shocked by the small cauldron.

In terms of this small cauldron's fire seed, even ten of the Sea of constellations civilizations added together couldn't compare to it!

Two balls of blazing flames shot out from Zhu Ji's eyes.

Her instinctive desire for the fire seed caused Zhu Ji to show signs of snatching it away. It was only because Su Yu was the one holding it that she was barely able to suppress the crazy thoughts in her heart.

“This is the fire seed that your corpse race wants, right?” Su Yu said and casually tossed it to her.

Ah? Zhu Ji was caught off guard. She had never thought that Su Yu would give it to her.

As a result, she did not prepare to take it, causing the small cauldron to fall to the ground with a clang.

Fortunately, Su Yu’s tiptoes were just in time to pick up the small cauldron. She said unhappily, “You don’t want it?”

“Yes!” Zhu Ji reacted and pounced on it. She hugged the small cauldron in her arms. Her eyes were filled with dreamy happiness.

“Are you really willing to give it to me?” Zhu Ji asked uncertainly.

Su Yu shrugged. “What do you think?”

Tears of gratitude flowed down Zhu Ji’s eyes. “Darling, you’re too good to me!”

Never in her wildest dreams did she expect that she would get a hundred times more than what she was getting in return for giving up everything!

How many kindling could she get from conquering the sea of constellations civilization? How many kindling could she get from every corpse king?

Not even one percent of the small cauldron in front of her!

Su Yu smiled.

He had cultivated the kindling in the small cauldron once, but it would be useless if he cultivated it again.

He had originally planned to hand it over to the creatures of the sea of constellations so that countless golden overlords and even peak overlords would emerge within a short period of time.

Unfortunately, things didn’t go as he had hoped.

He had become the common enemy of the Living Beings Alliance!

Since this item was useless, he might as well hand it over to Zhu Ji.

Firstly, she needed it. Secondly, her strength would increase, which would be more beneficial for Su Yu to control the corpse clan.

“Zhu Ji, arrange for them to enter the city safely.”

Zhu Ji nodded. “That’s easy to say.”

Half a day later.

The corpse clan’s headquarters.

Lan Yue held her chin high and sat firmly on the throne. She looked down at the corpse kings below, her heart beaming with joy.

Although the Life Spirit Alliance was unable to get rid of Zhu Ji's corpse king, it made her feel regretful.

However, the Zhuji Corpse King had been kidnapped by Su Yu and was nowhere to be found. It could be considered a lucky hit.

"Corpse Kings, I am also very sad that the Zhuji Corpse King has been kidnapped. I have already sent people to look around and will definitely find the Zhuji Corpse King! "However, a country can not be without a ruler for a day, and the heavens can not be without a ruler for a day. Now is the time for all the corpse kings to unite by the corpse emperor's side

"All the corpse kings, please hand over a portion of the corpse souls and let the corpse emperor take care of them all!"

Everyone was shocked when they heard this.

What was a corpse soul? It was a miraculous thing when the corpse race rose from the dead, and it controlled the intelligence of the corpse race.

Without a corpse soul, the corpse kings would become ordinary corpse race without intelligence, and they would be like wild beasts.

Even if a trace of a corpse soul fell into the hands of others, it would be tightly grasped by the other party's lifeline, and life and death would not be controlled by oneself.

The few corpse kings present were all extremely intelligent existences, and they were definitely not willing to compromise.

"What, you're not willing, or are you going to disobey the corpse emperor's orders?"Without the Zhuji Corpse King, Lan Yue held the power alone, and her arrogance was even greater than before.

The few corpse kings wanted to resist, but after looking at each other, they all lost their backbone.

They had just woken up, and their understanding of the outside world was limited to the ancient star. If they left the corpse clan, what kind of world would they face?

In the past, they had the Zhuji Corpse King to rely on, but now that her whereabouts were unknown, they could only rely on the corpse emperor!

"Moon Empress, your subordinate is willing to offer up my sincere center!"The Painted Bone Corpse King rolled his eyes and immediately went forward to curry favor.

He held a black illusory object in both hands, which was part of his corpse soul.

With him leading the way, the other corpse kings' psychological defenses were finally broken through.

Some corpse kings gritted their teeth and took out their own corpse souls.

Lan Yue's lips curled into an excited smile. She thought that she would wait until the corpse emperor recovered all his strength, but she didn't expect that she could control the corpse clan now!

It really was as she wished!

"Hehe, when did the corpse clan stipulate that the corpse soul should be handed over to the corpse emperor? How come I didn't know?"

The sound of nature drifted in.

An unknown wind blew open the tent.

Everyone's vision blurred. On the throne that belonged to the Zhuji corpse king, a graceful and beautiful woman appeared.

Her eyes shone, and the light flowed, causing people to be unable to extricate themselves from it.

Lan Yue's smiling face instantly stiffened.

On the other hand, the other corpse kings seemed to have found their backbone again and were elated. "Zhuji Corpse King, Are You Alright?"

Having already taken out their corpse souls, they all took them back and greeted her excitedly, leaving the moon empress to the side.

"The Moon Empress is so worried about my safety that she sent people to search everywhere. Why are you not happy to see me?" Pearl turned her head and looked at Lan Yue's extremely stiff face with a faint smile.

Lan Yue smiled stiffly. "What are you talking about? I'm just too shocked. Why did that human let you back?"

The several corpse kings were also curious.

"Did you get rid of his control?"

Zhu Ji Corpse King shook his head with a smile. "If I tell everyone that Su Yu abandoned the dark and joined the corpse clan, would you accept it?"

Chapter 1753 Su Yu Corpse King

PA --

"Absolutely not!" Lan Yue slapped the table and stood up. Her beautiful eyes were filled with anger.

The Zhuji Corpse King didn't even look at her. Instead, he looked at the other corpse kings.

Most of them were frowning.

"Queen, this person kidnapped you first. Is He still trustworthy?"

The Zhuji Corpse King was already prepared. He took out a ball of five-colored gas from his sleeve.

“Fire seed?”The Corpse Kings looked eager. “What a pure fire seed. This is definitely not the fire seed of the Sea of constellations, but a higher level fire seed of civilization!”

The Zhuji Corpse King said, “Why don’t You Guess Who gave you the fire seed?”

The Corpse Kings looked surprised.

“It seems like you’ve already guessed it!”Zhuji smiled. “That’s right, it’s Su Yu!”

“As a condition for joining the corpse race, he promised to give each corpse king a huge amount of kindling.”

“How huge is it?”The sound of gulping could be heard one after another.

The corners of Zhu Ji’s corpse king’s lips curled up. “Roughly, it’s equivalent to the kindling that you can obtain after completely conquering the sea of constellations civilization!”

“Hiss! Are you serious?”

With so many kindling, unless Su Yu had taken away a kindling that was comparable to the sea of constellations civilization!

But was it possible for Su Yu to be a mere little creature?

The Zhuji Corpse King’s deep eyes were filled with intelligence, as if she was looking at a fish that had been hooked.

She didn’t say a word. She waved her sleeves continuously, and ten enormous balls of five-colored Qi appeared before everyone’s eyes.

If that wasn’t kindling, then what was it?

Every single one of them was unbelievably huge!

“Heavens, there are so many kindling. It’s enough for me to refine for ten years!”

“With so many kindling, it’s definitely more than conquering the sea of constellations civilization!”

Zhu Ji asked, “How is it? Can you trust Su Yu?”

“Yes! Of course I can trust him!”

Giving so many kindling, what else couldn’t be trusted?

It must be known that if these kindling were given to them, the corpse kings’cultivation would definitely increase by a large margin.

If Su Yu didn’t do it on purpose, there was absolutely no reason for him to do so.

“I don’t believe it!”Lan Yue was furious.

Having come into contact with Su Yu many times, she knew Su Yu’s personality very well.

She didn’t find it strange that anyone would join the corpse clan, but Su Yu was the only one who was impossible.

Although she didn't want to admit it, she couldn't deny Su Yu's integrity.

Such a person, even if he abandoned the common people, he wouldn't be able to help the wicked.

Zhu Ji glanced at her indifferently. "Whether you believe it or not, it doesn't matter."

The graceful figure stood up and clapped, "Then, welcome our new member, my husband, Su Yu!"

The other corpse kings hesitated for a moment and clapped to welcome him.

A breeze blew and the tent flew up, revealing a human figure in a plain robe. He was as handsome as an immortal.

There was a mysterious smile on his face.

"Everyone, we meet again!"

In the city.

At the highest meeting of the Living Beings Alliance army.

Purple Dream Emperor, Snow Dragon Emperor, and the other three pavilion masters were all present.

"Why didn't you inform me that the Zhuji Corpse King was here?" In the meeting, a white-haired youth roared like a wild beast.

His roar was filled with shocking hatred.

The pavilion master frowned. "Sword Saint Wuji, I understand your feelings, but this is a meeting. Please keep quiet!"

Sword Saint Wuji roared into the sky. "How can I be quiet? The enemy who killed my father and killed my entire race is right in front of me, but I let her go. How can I be quiet?"

Although the heaven and earth emperors were displeased, they understood sword Saint Wuji's feelings and didn't criticize him.

"I've told you before that Su Yu isn't a good person! "But which one of you believes me?" Sword Saint Wuji mocked, "Now, you've finally seen his true colors? "Unfortunately, it's too late. He let the Zhuji Corpse King go. You all regret it, right?"

"If you had believed my words earlier, you would have killed this traitor. Would you still have what you have today?"

The merciless mockery made everyone present feel as if they had been slapped in the face.

Their previous trust in Su Yu had been pulled back by his betrayal.

"What are you shouting for?" At this moment, only a few people dared to speak up for Su Yu.

Xue Guanyin was one of them, she stared at sword Saint Wuji with disdain. “You speak as if you were the one who captured Pearl Corpse King and brother Su Yu let her escape! You want to take revenge, yet you rushed into the Corpse Army to kill her? What are you shouting for?”

“You still have the face to stare at brother Su Yu? No matter how bad he is, he’s still better than a coward like you who hides in the city and hopes for others to avenge you!”

Sword Saint Wuji looked over with his blood-red eyes and said angrily, “Get lost! Who Do you think you are? Shut Up!”

“Hehe, no matter how bad I am, I’m still a hundred times better than people like you!”Xue Guanyin retorted.

The limitless sword saint laughed angrily. “I almost forgot that you are also a follower of the Su clan. Maybe you are also a traitor of the corpse clan! Let Me Test You!”

“Limitless sword Qi!”

The limitless sword saint immediately attacked. He used a superb swordsmanship and charged at Xue Guanyin with a biting cold sword qi.

Xue Guanyin laughed sarcastically. “A coward who only dares to hide in his nest!”

Compared to Su Yu, the limitless sword saint was like the difference between heaven and earth!

“Nine steps of Lotus Heart!”Instead of retreating, Xue Guanyin advanced and performed a mysterious gesture with both hands, releasing a brand-new divine spell.

Nine Shadows of blood lotuses appeared under his feet, and each of them suddenly burst out with blood-colored energy that soared to the sky.

Puff --

The limitless sword saint was hit by nine extreme explosions consecutively, and he was blown away on the spot with blood spurting out of his mouth.

His body was badly mutilated, and he was in a sorry state. Even his sword, which had never left his hand, was blown away, and nobody knew where he went.

Xue Guanyin spat, “Who do you think you are? How dare you slander brother Su Yu with such little ability?”

The simple exchange shocked everyone.

The three venerables of the Star Pavilion were delighted.

“This woman’s strength has improved a lot in the past two years!”The woman venerables praised, “Her cultivation has gone from a gold overlord to a mystic Crystal Overlord. Her comprehension of the blood lotus has also reached a new height. She has comprehended a new divine art!”

The two pavilion masters beside her also agreed with her.

“However, her biggest change is still her temperament.”The Lady Pavilion Master commented with satisfaction. “In the past, she was aloof from worldly affairs. She was like a flower in a greenhouse. We were worried about her. “She couldn’t adapt to the fierce competition in the outside world. I didn’t expect her to have changed so much after two years.”

Everyone could see the fierce side of Xue Guanyin just now.

When Xue Guanyin heard it, she thought for a moment and said sincerely, “It’s all because of brother Su Yu. It’s because of him that I’m here now. Xue Guanyin requests that you all show mercy and don’t kill brother Su Yu!”

Her words were light, but she stubbornly begged.

The few pavilion masters who were originally smiling suddenly turned gloomy.

The Woman Pavilion Master was even more furious. “Shut up! He would rather abandon the common people for a female corpse. What right does such a person have to ask for forgiveness? Even if he personally kneels and apologizes, we will never forgive him!”

As soon as these words were said, the anger of many living beings was ignited.

“Several emperors, I think it is necessary to investigate Xue Guanyin. It would be best if we can search her soul! This is already the third time she has pleaded for Su Yu. I suspect that she is also a member of the corpse race!”

“Humph, this kind of woman who pleaded for mercy for her enemy is ignorant. It is better not to stay behind so as to avoid harming ourselves!”

The woman pavilion master slowly closed her eyes and said in a deep voice, “Silence!”

After the crowd calmed down, the woman pavilion master said, “There is always a debtor and a debtor. If Su Yu’s betrayal implicates others, how many people here are involved with Su Yu? Does Our Star Pavilion have to investigate it?”

These words finally suppressed the anger of the crowd.

Xue Guanyin walked back to the crowd sadly and muttered, “Brother Su Yu must have his own reasons. He won’t betray us!”

Unfortunately, no one paid any attention to her.

At this moment, a shout came from outside the hall, “Two more compatriots have successfully escaped into the city!”

“Oh? Who Is It? How did they escape?”The Woman Pavilion Master asked lightly. It was not strange that there were creatures escaping back to the city every day.

“It’s the branch master and Vice Master of the Star Pavilion Sword Pavilion.”

After learning that it was the Star Pavilion, the Woman Pavilion Master revealed a trace of joy on her face. She nodded and waved her hand, "Then let someone comfort them."

"But, the two of them request the head pavilion master in front of them!"

The Woman Pavilion master rejected without hesitation, "The head pavilion master is currently in closed-door cultivation and has no time to meet."

"But they said that there is something very important that concerns the survival of the Life Spirit Alliance."

The woman pavilion master raised her brows slightly. After pondering for a moment, she said, "En, let them in."

Mu Canghai and Yan Changhong entered the hall. The two of them looked haggard and lacked divine power. There were many wounds on their bodies. Clearly, they had successfully escaped after an intense battle.

"Head pavilion master is in seclusion. If there's anything you need, you can report it to US first. If it's urgent, I'll pass it on to him for you."

Mu Canghai was helpless. He had already expected that meeting head pavilion master wouldn't be easy.

Luckily, Su Yu had expected this and had instructed him.

"Alright!" Mu Canghai took out a ball of five-colored gas.

The others didn't recognize him, but the expressions of the emperors of heaven and earth changed drastically.

"The fate of Emperor Yu's Dynasty?" They all asked in unison.

The woman pavilion master asked, "Where Did you come from? Could it be that an envoy from Emperor Yu's dynasty is here?"

"No," mu Canghai said, "It's a gift from Su Yu. He told everyone that the mission given by the pavilion master has been completed!"

Hearing that it was Su Yu, they were all stunned.

They clearly didn't want to hear his name, but why was he everywhere?

"So What? Can it offset his betrayal?" The Lady Pavilion master scoffed.

Mu Canghai followed Su Yu's instructions and said, "No, he wants to tell everyone that you are blind and have missed out on a savior who can save you!"

The entire place was silent!

No one thought that Mu Canghai and the rest could come back alive because Su Yu deliberately let them go.

What was even more unexpected was that Su Yu did not know how to repent and even dared to mock everyone!

At this moment, everyone's anger was ignited.

Even those who were neutral were all enraged.

"Does Su Yu really think that he is an all-powerful savior?"

"Shameless! Shameless! To think that I even sympathized with him. It turns out that he is actually such an unbearable person!"

The crowd's anger exploded to the extreme!

The Woman Pavilion Master's expression became even more unsightly!

However, at this moment, someone rushed to report.

"Not good! The corpse clan has come to issue a challenge!"

PA --

The woman pavilion master slapped the table and said angrily, "They are going too far. Tell them to SCRAM!"

The person who reported was so scared that he shivered and quickly said, "The one who issued the challenge is the newly promoted corpse king of the corpse clan."

Eh? Everyone was shocked. Another corpse king had awakened from the corpse clan?

The woman pavilion master said solemnly, "Which corpse king is it?"

"Su Yu Corpse King!" The reporter's expression was strange.

The Woman Pavilion Master and the people present were all stunned, "Who?"

Chapter 1754 Two Moves Were Enough

The reporter was watched by the crowd and couldn't help but become nervous. He stammered, "Su Yu, the Corpse King!"

"The Corpse King? Him?" The crowd was in an uproar.

"He really joined the corpse clan!"

"That damn traitor!" The Woman Pavilion Master was furious. "If I had known this day would come, I would have killed him with one palm!"

Sword Saint Wuji wiped the blood from the corner of his mouth and got up from the ground. He laughed and said, "Do you believe me now? You didn't believe me when I said he was a traitor? What else can you say now?"

There was nothing else to say!

They had already become the corpse king and the core members of the corpse clan. What else could they say?

At this moment, they had no time to care about why Su Yu's cultivation was qualified to become the corpse king. They had already been blinded by anger.

“Men!” The Lady Pavilion Master’s eyes shot out a fierce look. “Detain Xue Guanyin, Mu Canghai, and Yan Changhong and strictly investigate!”

Xue Guanyin’s eyes were filled with disappointment. “You don’t even believe us anymore?”

The Lady Pavilion Master looked at her coldly. “It’s not up to you in times of emergency! Arrest them!”

Mu Canghai and Yan Changhong had already been instructed by Su Yu. They sighed and stood silently on the spot without making a move.

However, Xue Guanyin’s face was filled with unwillingness. “I don’t believe that brother Su Yu would become like this! I want to ask him face to face!”

Swoosh --

Leaving behind an afterimage on the spot, Xue Guanyin rushed out of the main hall.

The Lady Pavilion Master’s eyes were ice-cold. “You’re courting death!”

She slapped her back across space, sending Xue Guanyin’s speeding figure flying and crashing into the stone pillar.

With a cracking sound, the stone pillar broke.

It was clear how heavy the palm was.

Xue Guanyin rolled on the ground for a few rounds, her chest stained with blood.

Many of her bones were broken, and she was seriously injured!

“Pavilion Master, please give me a chance to ask him face-to-face!” Xue Guanyin held onto the stone pillar and stood up, trembling. She begged, “After I get an answer, I will definitely come back and accept the punishment of the Life Alliance. I will never run away!”

The Woman Pavilion Master’s face was as cold as iron. “What If You Run Away?”

Xue Guanyin smiled miserably. “I was born in the Star Pavilion and grew up in the Star Pavilion. It was pavilion master who watched me grow up. Don’t you believe in my character?”

In response, the woman pavilion master snorted coldly with an expressionless face. “Who knows what kind of character you are? Men, capture him!”

Several figures flashed by and immediately grabbed Xue Guanyin.

The cold chains tightened into her blurry flesh, causing waves of pain.

Even so, Xue Guanyin gritted her teeth and said stubbornly, “Pavilion Master, you must be wrong. Brother Su Yu must have his own difficulties, he must have...”

PA --

The Lady Pavilion Master’s patience ran out. Her figure flashed continuously and she jumped in front of Xue Guanyin. She raised her hand and slapped her on the mouth. She scolded angrily, “Stubborn! If you say one more word, I’ll beat you to death in public! Drag her down and search her soul for investigation!”

“Yes!”

With the clanging of the iron chains, the three of them were taken away.

The Woman Pavilion Master looked up to the sky and sighed, “Our Star Pavilion failed to educate people well. It’s my responsibility to teach an ignorant disciple like her!”

The others comforted her one after another.

“Pavilion Master, don’t blame yourself. Xue Guanyin is young and inexperienced. She was just deceived by others.”

“The culprit is Su Yu. Now that she has come to challenge us, I hope that you can make a decision soon!”

The woman pavilion master nodded slowly. Her eyes were filled with killing intent. “Let’s go and see how that traitor still has the face to meet us!”

Everyone walked out of the hall and walked to the city wall.

“Pavilion Master, why don’t you let me kill his Spirit First!”Sword Saint Wuji stepped forward and said, “He has just entered the corpse clan and is eager to challenge the Living Beings Alliance. Clearly, he is eager to make contributions and is trying to gain the trust of the corpse clan!”

“If he is defeated by me before the challenge even begins, Hehe, I wonder how the corpse clan will view him!”

The Three Pavilion Masters looked at sword Saint Wuji with doubt in their eyes.

The Woman Pavilion Master said in a deep voice, “On this trip to Emperor Yu’s dynasty, Xue Guanyin has already obtained an opportunity to break through to the overlord of the Mystic Crystal Realm. Su Yu has many tricks up his sleeve and has probably obtained more than Xue Guanyin. Can you be his opponent?”

Their doubts fell into the ears of the limitless sword saint, hurting his self-esteem.

“Please rest assured, pavilion masters. After all, Su Yu’s cultivation base is limited. How much can he improve to?”The limitless sword Saint said disdainfully.

The snow dragon emperor said faintly, “The dream ancient altar. This child has won the title of first place. We can’t underestimate him!”

“HMPH! Isn’t it because of those shameful methods?”Limitless sword saint did not agree with Su Yu’s victory at all. “Please let me represent the Life Spirit Alliance and teach him a lesson!”

Everyone’s hearts were as clear as a mirror.

Limitless sword saint's hatred toward Su Yu was not groundless. Everyone knew that he had stolen limitless sword saint's fiancée, Empress Zi Wei.

He repeatedly requested, and the three pavilion masters looked at each other and nodded in agreement.

The woman venerables said, "Okay, I hope you can make Life Spirit Alliance Proud!"

"If Su Yu dares to accept the challenge, then wait for My Show!"

Everyone came to the city wall and glanced down, their expressions changing at the same time.

They saw that the "Traitor" of Life Spirit Alliance, Su Yu, was surrounded by nine corpse kings and was rushing toward the city wall at an unhurried pace.

The bewitching pearl-ji corpse king held Su Yu's arm intimately while the other nine corpse kings were accompanying Su Yu from left to right.

They looked amiable and were talking and laughing to Su Yu. They didn't seem to treat Su Yu as a newbie, but as if they were old friends who had known each other for many years.

In the Life Spirit Alliance's imagination, the scene where Su Yu came alone to issue a letter of challenge to ask for trust didn't appear. Instead, he was accompanied by many zombie kings!

Seeing this scene, sword Saint Wuji became even angrier!

Why? When Su Yu was in the Life Spirit Alliance, he was extremely brilliant. Even his fiancée had been seduced away. Even when he was in the evil zombie clan, he was still able to thrive and gain the favor of the Zombie Kings?

Under his close watch, Su Yu came to the city wall with a relaxed expression. The corners of his mouth curled up into a mocking smile. "Everyone, you must be surprised, right? I'm Back!"

The Lady Pavilion master angrily rebuked, "Shameless! As a member of the Life Spirit Alliance, you betrayed US and joined the corpse clan. Now, you still have the face to issue a challenge?"

"Hehe, why do you have no face? I went through fire and water for the Life Spirit Alliance, but you guys easily erased all my past achievements. After joining the corpse clan, you got an important position and trust, so I raised my head and stuck out my chest to issue a challenge!"

He took out a bone bracelet, and one of the heads was the deceased Emperor of Southern Sea!

After connecting the letters of challenge, Su Yu threw it over as well.

Everyone's pupils constricted.

"The head of the Emperor of Southern Sea!" The Life Alliance glared at Su Yu with hatred like fire.

Sword Saint Wuji was provoked, and hatred came from within. He roared, "Su! You stole my fiancée first, and let go of the person who killed my father. After that, you and I will be irreconcilable!"

His roar shook the sky and earth, venting his boundless anger. The listeners were shocked.

Su Yu scoffed, "Those who dare to wave their swords at the strong are warriors, and those who only dare to violence the weak are cowards! If the emperor-killer was still alive, he wouldn't want to see you like this!"

The Wuji Sword Saint's eyes turned red, "Hahaha, everyone says that I'm a coward. My father was a hero when he killed the emperor. So what? Didn't he die tragically at the hands of this witch?"

Those who had lost their rationality and looked like wild beasts pitied her.

"Chi!" Zhu Ji said disdainfully, "Are you worthy to be compared to your father? He dared to make an oath to kill me and keep his promise. He fought with me until the last moment and died in battle. He is worthy of my admiration. What are you? You don't even have the courage to draw your sword at me!"

She had killed the emperor with her own hands, but she had never looked down on him. Instead, she felt respect for him.

Sword Saint Wuji looked at her with fear in his eyes. He scolded her harshly, "There's no need to be hypocritical. If you really admire him, why did you kill him?"

Zhu Ji said calmly, "I never said that I was the one who killed the emperor! However, this skeleton necklace was given to me by your father before he died. Consider it a thank you for showing mercy to him!"

Su Yu's eyes turned slightly. He had asked about this before.

It was true that Zhu Ji had fought with the emperor, but it was still difficult for her to kill a heaven and earth emperor of the same level by herself.

It was the corpse emperor!

Zhu Ji couldn't do anything to the Emperor and watched him leave.

However, the corpse emperor chose to attack and killed the emperor with lightning speed!

In fact, Zhu Ji was also on the list of the corpse emperor, but the corpse emperor didn't have absolute confidence in killing Zhu Ji, so she escaped.

However, the rumors were that Zhu Ji had killed the emperor, so she didn't bother to explain.

"Who Wants your explanation? After all, all of you undead aren't good people, so you should all be killed!" Sword Saint Wuji shouted.

Zhu Ji's expression was calm and didn't change. She had heard too many similar words and was already numb.

"Su Yu, you're helping the Devil. You're more hateful than the undead, and you should be killed! If you're still a man, then fight me one-on-one Right Now!" Sword Saint Wuji pulled out his long sword and pointed it at Su Yu from afar.

Su Yu saw through his intentions at a glance and thought it was childish.

“Sorry, I’m tired today. I’m not interested in fighting with you!” Su Yu rejected without hesitation.

Sword Saint Wuji sneered provocatively, “You’re really not a man. You Don’t even have the courage!”

Su Yu shrugged, “Whether I’m a man or not, I Need a woman to test it. Brother Wuji, although you’re very handsome, I’m not interested in this.”

Hearing this, the corpse clan’s side burst into laughter.

Sword Saint Wuji’s face flushed red, but on second thought.., he smiled sinisterly. “Since you don’t have the guts, then perhaps I can only look for your woman, Xue Guanyin. She’s currently locked in the Alliance’s Cage. She must be living a life worse than death. It just so happens that she needs a man to comfort her!”

The Life Spirit Alliance frowned deeply when they heard this.

This kind of behavior was indeed not in line with their original intention.

Several pavilion masters also frowned. Su Yu was a traitor, but the character of the limitless sword saint was really hard to compliment.

Even the woman pavilion master regretted letting him represent the Life Spirit Alliance.

However, the limitless sword saint did not feel anything at all. He said sternly, “Let me ask you one more time. Do you accept my challenge?”

Su Yu’s figure that had turned around stopped. He slowly turned his head back, his eyes hiding an apologetic look.

He had implicated Xue Guanyin. In other words, Su Yu had underestimated the ruthlessness of the Star Pavilion Master.

When he stared at the limitless sword saint again, Su Yu’s eyes regained their calmness. He said, “Alright, I accept.”

“Hahaha!” The limitless sword saint let out a long howl and flew down the city wall.

Su Yu did not turn around. He said calmly behind him, “Wait for me. Two moves will do.”

Chapter 1755 Send You To Hell

Although Zhu Ji had not seen Su Yu’s recent improvement in strength, his confidence and demeanor made her believe him naturally. She smiled sweetly and did not try to stop him.

The two of them walked to the front of both armies and stood still.

The limitless sword saint’s eyes revealed a hint of malice. “Su Yu, I have long wanted to learn from you. Unfortunately, you are lucky. There will always be women protecting you. Now, you are not so lucky!”

Su Yu’s expression didn’t change, as if he wasn’t provoked at all. No one could see Su Yu’s heart at this moment.

Clang --

With a single hand, the asura sword flickered in his palm.

The blood-red broadsword gave off a shocking sword light.

The limitless sword saint was the first to strike.

“Limitless sword Qi!” His swordsmanship was extraordinary. He had inherited the will of the Emperor Killer and was filled with an indomitable killing intent!

If he didn’t kill his target, he would never unsheathe his longsword!

Su Yu’s eyes were indifferent. He took a step forward, and the asura sword in his hand slashed down on his head.

A large amount of demonic flames instantly engulfed the entire world, including the two armies, and they fell into an illusion.

Everyone, from the ordinary corpse race and living beings to the peak overlords, fell into a daze.

The limitless sword saint was no exception.

He was at a loss. When the situation repeated itself, a blood-red longsword had already slashed 30 meters above his head!

The limitless sword saint was shocked. He put away the longsword in his hand and turned around to escape!

CI --

Although he escaped, his clothes were torn by the sword qi, revealing his naked body in front of everyone.

What greeted him was the laughter of the corpses!

On the other hand, the Life Spirit Alliance couldn’t hold back their embarrassment.

“Sword Saint Wuji’s strength is just bragging, isn’t it? He was... beaten until he had no clothes on?” A woman blushed as she glanced at sword Saint Wuji, who was naked.

“This is too embarrassing! All the living beings in the sea of constellations are watching!”

“Just now, he was so arrogant that he recommended himself, thinking that he was very confident. Who would have thought that he was so weak?”

“Sigh! It’s not that he’s weak, it’s clearly that Su Yu is too heaven-defying! It seems that what the Pavilion Masters are worried about is not wrong. Xue Guanyin has already obtained such a great opportunity from Emperor Yu of the Great Yu dynasty. There’s no reason for Su Yu to stay where he is!”

Su Yu said indifferently, “It seems that you haven’t inherited the essence of your father. You should be charging forward with killing intent, but you’re actually cowering. How strong can such killing intent be?”

The limitless sword saint was extremely embarrassed!

He had jokingly said that he would let Su Yu teach him a lesson, but in the end, he was really taught by Su Yu!

What made him even more furious was that he was forced into such a sorry state by his sword!

He hurriedly circulated his divine power to protect his body, he shouted sternly, “Su, you are so despicable! What kind of challenge is this? If you don’t have the courage to fight seriously, then scam home as soon as possible. Don’t embarrass yourself here! This sword saint will not accompany you so as not to lower my status!”

Everyone was speechless when they heard this.

Anyone with discerning eyes could tell who was stronger and who was weaker. However, when the limitless sword Saint said this, it was as if Su Yu did not deserve to fight with the limitless sword saint.

After saying this, the limitless sword saint turned around and left.

On the surface, he looked fierce, but on the inside, he was timid. In his heart, he knew better than anyone else how dangerous that sword attack was.

Moreover, he could clearly feel that Su Yu did not use his full strength at all.

His back had long been drenched in cold sweat from his shock. How could he dare to continue fighting?

Su Yu’s face was indifferent. He raised the asura sword in his hand again and said coldly, “Since the guidance is over, I shall send you on your way.”

After that, he activated the asura sword with his full strength.

The momentum of this sword was shocking. It was more than twice as powerful as the previous one!

Sword Saint Wuji’s heart pounded wildly. He turned his head and shouted anxiously, “Su Yu, the challenge is over. Why are you still fighting?”

Su Yu’s tone was cold. “For the good of Xue Guanyin, you’d better stay.”

With a slash, sword Saint Wuji was reduced to ashes. Not even dregs were left.

The three pavilion masters on the city wall did not even have the time to attack. They could only watch as sword Saint Wuji died.

The Lady Pavilion master stared at Su Yu coldly. “Are you determined to go against the Life Spirit Alliance?”

Su Yu casually wiped away the divine blood on the Shura Sword, he said indifferently, "At this point, do you still expect me to turn back? I've already issued a challenge. Three days later, the two armies will fight to the death. Do you dare to accept the challenge?"

The Lady Pavilion Master held the challenge tightly, her eyes filled with hatred.

Seeing that he was about to agree, the two pavilion masters, Purple Dream Emperor and Snow Dragon Emperor all looked over.

"Pavilion Master, don't fall for the trap! The difference in strength between the two sides is huge. We can still hold on for a while without attacking. Rashly fighting is disadvantageous to us."

The Woman Pavilion Master had lived for many years after all. She immediately calmed down and said hatefully, "Su Yu, Our Life Spirit Alliance will always remember this debt. One day, we will return it! The letter of challenge, you can keep it for yourself, HMPH!"

After throwing the letter of challenge, they turned around and left.

Su Yu's eyes revealed some disappointment.

They had repeatedly provoked the life alliance. were they not going to fall for their trap?

Regardless of whether it was Mu Canghai sending a message, taking the initiative to issue the letter of challenge, or killing the limitless sword saint in public, they were all provoking them.

It seemed that his plan was not thorough enough. He needed to make a new plan to push forward the great decisive battle between the two sides.

The letter of challenge fell down gracefully along the city wall.

However, just as it was about to fall to the ground, the letter of challenge was lifted up by a strange force and flew back to the front of the Woman Pavilion Master.

The Woman Pavilion Master was stunned, and an old and powerful order suddenly floated out from the top of her head.

"Accept the challenge!"

It was the Chief Pavilion Master of the star pavilion, Huangfu Lieyang!

The three pavilion masters all knelt down on one knee, and emperor purple dream and Emperor Snow Dragon also bowed.

No one expected that the rumored head pavilion master would be alarmed!

The woman pavilion master said, "But head pavilion master, our current situation..."

"Rather than slowly dying, we might as well fight to the death."

They seemed to only defend and not attack, but every time the two sides fought, there would be life-forms dying.

They lost their vitality army.

On the other hand, the fallen life-forms of the corpse clan could be turned into the corpse clan, becoming stronger and stronger!

The Living Beings Alliance looked strong, but in reality, it couldn't last for long!

The alliance had long thought of breaking out of the encirclement, but the head pavilion master was in closed-door cultivation, so they couldn't make up their minds.

Now that the Head Pavilion Master had spoken, could they still hesitate?

The Woman Pavilion Master held the letter of challenge and said respectfully, "Yes, Head Pavilion Master!"

The Head Pavilion Master's voice didn't appear again, but every living creature became nervous.

The short period of peace had ended. Three days later, it would be the most intense battle!

It was unknown how many of them were still alive!

The Woman Pavilion Master looked at the corpse clan from afar. Her eyes were dark as she shouted, "All the important members of the alliance, come to the main hall and hold an emergency meeting!"

Rather than calling it a meeting, it would be better to call it a discussion about the final battle three days later!

Su Yu listened to the chief pavilion master's voice that was gradually fading away. The corner of his mouth curled into a reminiscing smile. "You are the one who understands me the most!"

Turning around, Su Yu smiled mysteriously. "Let's go. We have to prepare too. The final battle in three days!"

Pearl Palace.

Su Yu sat cross-legged and closed his eyes to comprehend the sword technique.

The fifth form of the demonic sword was born from the heart. Su Yu was already familiar with it and had laid the foundation for the sixth form.

It was time to start preparing to comprehend the sixth form.

With the power of the demonic sword inheritance, each sword was stronger than the last.

If he could comprehend this form, Su Yu would have one more thing to rely on.

"In the face of a great battle, do you still have the heart to cultivate?" A fragrant wind blew and a peerless figure sat gracefully in front of Su Yu.

Su Yu opened his eyes and pursed his lips. "The great battle that belongs to us is indeed coming. Are you all ready?"

Zhu Ji's expression turned cold as he nodded. "I'm ready. We can start at any time!"

"Then, let's start now. It's better to start now than later!" Su Yu's eyes were cold. He gave up on cultivating and stood up slowly.

--

At the place where the corpse emperor was in seclusion.

Lan Yue pouted and sobbed in front of the Golden Coffin. "Corpse emperor, Zhu Ji's corpse king is looking down on me more and more!"

Zombie Emperor's gentle and doting voice came from the golden coffin, "My queen, how did she bully you again?"

Lan Yue sobbed even harder and said aggrievedly, "Not only did she take that man as her own, but she also joined forces with the other eight zombie kings to make him the new zombie King!"

"Make him the Zombie King? That should be my power!" Zombie Emperor's tone was full of killing intent.

Only the corpse Emperor had the authority to appoint a new corpse king.

Zhu Ji had overstepped her authority and was blatantly disrespecting him!

"The most infuriating thing is that in order to let that pretty boy integrate into the corpse clan faster, she ignored my obstruction and insisted that he personally challenge the Life Spirit Alliance to a decisive battle between the two clans!"

The corpse emperor laughed in surprise. "Zhu Ji has put in a lot of effort for her new lover! However, it's useless. As long as the Life Spirit Alliance doesn't make a mistake, they won't agree!"

Lan Yue was stunned and asked suspiciously, "So what if they agree?"

The Corpse Emperor said with a faint smile, "If they agree, Zhu Ji's prestige will be far higher than mine. The corpse clan will no longer have a place for me, the corpse emperor. Even the Emperor Corpse won't support me anymore."

"Is it that serious?" Lan Yue's expression was solemn.

The corpse emperor said, "Yes, so it's best for the Life Spirit Alliance to drag it out until I come out of seclusion! "My cultivation base has already reached the peak of a single-crowned king, and I'm about to touch the level of a double-crowned king. Once I truly break through, the corpse race will no longer have a place to stand!"

Lan Yue's breathing was rapid, and she opened her mouth to cry out in surprise.

However, before she could cry out in surprise, a beautiful heavenly voice broke the silence.

"Hehe, the corpse emperor is still thinking about me. I'm really flattered!"

With a swoosh, Zhu Ji and the eight corpse kings appeared together.

Behind them stood Su Yu with his hands behind his back!

Clang --

The lid of the golden coffin was kicked away, revealing a majestic body covered in white hair.

He had a broken sword stuck in his body, looking ferocious and terrifying.

There was a dragon-shaped wound on his chest that was healing quickly.

He was the white-furred corpse, a peerless ferocious creature that was released from the ancient Dream Altar!

He was also the corpse emperor that Zhu Ji had mentioned!

An emperor that was born to rule the corpse clan!

The corpse emperor smiled. "Corpse King Zhu Ji, did you bring all the corpse kings here to visit my injuries?"

This was the emperor. Even though he had already exposed himself, he was still calm, as if the one who had said that he was going to get rid of the corpse king Zhu Ji was someone else and not him.

Zhu Ji smiled faintly. "Yes, I've come to see if the zombie emperor is dead. If he is dead, I might be able to take care of the zombie clan for you."

Her intentions were very clear!

However, the zombie emperor still had a smile on his face. "What if he isn't Dead?"

Zhu Ji's smile was mixed with coldness. "Then I'll send you to hell!"

Chapter 1756 Unbounded Karma Flame

The Corpse Emperor's expression didn't change. "The Zhuji Corpse King is truly humorous."

He had nothing to fear. Before the Life Spirit Alliance was settled, the Zhuji Corpse King would at most be bluffing!

Finally, at this moment, Lan Yue finally had the chance to speak.

"Corpse Emperor, the day after tomorrow is the grand battle between the corpse clan and the Life Spirit Alliance!" Lan Yue shouted.

The Corpse Emperor, who had a calm expression on his face, trembled weakly. The smile on his face froze slightly,

zhu Ji Corpse King smiled faintly. "Oh? So the corpse emperor doesn't know. The Life Alliance has already agreed to our challenge. The final battle will begin in three days."

Hearing this, the corpse emperor's pupils constricted.

How could the Life Alliance agree? How could they agree? Wouldn't that be suicide?

Who Was It? who was controlling it from behind?

If things were abnormal, there must be something wrong!

His eyes scanned around, and he suddenly caught a glimpse of a life form amidst the nine corpse kings' encirclement!

HM? He fixed his gaze over, and when he saw this person's face clearly, his expression couldn't help but change drastically.

"It's You!"

Su Yu smiled slightly. "We meet again, white-furred corpse."

Back then, Su Yu and the others had accidentally destroyed the seal of the Faceless Buddha and released the suppressed corpse emperor.

After two years, they met again.

However, the situation was completely different from the last time. The one who was in trouble was the corpse emperor, not Su Yu!

The corpse emperor touched the faintly painful dragon-shaped injuries and stared at Su Yu with deep eyes. "I heard from Yue'er that you're very good at scheming?"

Su Yu placed his hands behind his back and said calmly, "The word 'scheming' comes from your mouth. It doesn't sound very pleasant."

Taking a deep breath, the corpse emperor smiled lightly. "In that case, you're the mastermind behind this coup?"

He looked around at the other eight corpse kings.

From their gazes, the corpse emperor could see that they had nothing to fear.

Su Yu must have given them something that the corpse emperor was unable to give, causing them to betray him at the same time!

"It's not considered a coup. It's just that for the peace of the Sea of constellations, I hope you can disappear from this world." Su Yu's tone was calm as well.

The conversation between the two didn't seem like they were mortal enemies. On the contrary, it seemed like they were old friends who hadn't seen each other for many years.

The corpse emperor smiled faintly. "How can you feel at ease when you disappear?"

"Of course, I want you to disappear once and for all!" Su Yu smiled faintly.

The corpse emperor slowly put down his hands behind his back and let out a long sigh. "In that case, we have to fight."

Su Yu put down one hand, and a dragon-shaped longsword that emitted a biting cold dragon's might fell into his palm.

"You don't have to say it so innocently and helplessly. Even if it wasn't today, you still don't intend to let me go, right?"

Staring at the dragon-shaped longsword, the corpse emperor's eyes revealed fear.

However, it was only a trace!

"Hehe..." the corpse emperor looked up at the sky and smiled, "Do you know that today is actually the happiest day for me to break the seal!"

Su Yu frowned slightly and vaguely felt that something was wrong.

He looked at Su Yu with a mocking gaze, "Do you really think that the meaning of the word 'Corpse Emperor' is just a title?"

“The imperial authority is not just for Show!”The corpse emperor looked at Su Yu with pity. “If you were to hide, I might not be able to find you. It’s a pity that you recklessly barged in front of me!”

Creak --

A bright red spot like a plum blossom appeared in the middle of his forehead, and it kept expanding.

An unusual sound came from the center of the plum blossom.

The zhuji corpse king frowned and whispered, “Husband, step back. It seems that something is not normal. Something is coming out of his head!”

Looking at the other corpse kings, they all looked uneasy.

Creak, Creak, Creak --

The strange sound became louder and louder, and a white dot gradually appeared from the center of the plum blossom.

It was a bone embroidery needle!

It was not appropriate to say that it was an embroidery needle. The words ‘Corpse Emperor Bai Qi’were carved on the needle.

After the bone needle appeared, Zhu Ji Corpse King could not help but tremble slightly. He covered his head, and a painful expression appeared between his brows.

The other eight zombie kings felt the same way!

The zombie emperor held the bone needle between his two fingers and said calmly, “The zombie clan has a strict hierarchy. In order to prevent the lower level from rebelling against the higher level, they have a set of methods! The zombie emperor needle is one of them!”

“If you want to kill me, within the range of the Zombie Emperor Needle, your zombie souls will be stabbed, and you won’t be able to use 70% of your strength! “If you dare to kill me, you won’t be able to use 20% of your strength when your corpse soul is torn apart by the corpse emperor needle!”

Zhu Ji narrowed her eyes and said, “You’ve been holding back!”

For a long time, the corpse emperor had been in a bad situation in the corpse clan. Last time, he was almost forced into the palace.

Under such circumstances, he still didn’t use the corpse emperor needle.

It was only today that he threw out this unknown killing weapon!

The corpse emperor smiled faintly. “As your corpse emperor, if you didn’t have such shrewdness, I would have been eaten by you long ago!”

“No wonder the emperor corpse would spare 30,000 years to set you free. I See! I underestimated the meaning of the corpse emperor!”Zhu Ji suddenly understood.

Gu Xing wasn't the only corpse clan in the world.

However, the corpse emperor was rare.

The Emperor Corpse had set up a far-reaching plan in the hope that the corpse emperor could unify the corpse clan, build a larger group of corpses, and devour more fire seeds!

"It's not too late to know now. If you're willing to stand aside and watch, I can consider letting you live." Since the corpse emperor had forced out the corpse emperor needle, the corpse emperor had absolutely no chance of holding back and completely shed all pretenses of cordiality.

"You're the same. If you stand aside and don't make a move, this emperor can pretend that what happened today didn't happen."

The group of Corpse Kings looked at each other, extremely fearful of the corpse emperor needle.

Zhu Ji's gaze flickered, "What do you mean by letting us stand aside and do nothing?"

The corpse emperor stared at Su Yu and smiled, "I've wanted to kill someone for too long!"

Zhu Ji was stern and stood in front of Su Yu, snorting, "Corpse Kings, don't be fooled! Have you forgotten that the Moon Empress mistook me for dead and forced you to hand over Your Corpse Souls?"

"The corpse emperor might be able to let you go, but what about the Moon Empress? Don't forget how she treated her fellow creatures who owed her in the past!"

The corpse king who was shaken in his heart immediately became alert.

That's right, whether the corpse emperor could keep his promise and not care about this matter was still uncertain. The Moon Empress..

Thinking back to the time when they took down the star pavilion's main pavilion, her nature was even more savage than the corpse race's, the corpse kings shivered.

"Don't take any chances. Today, either he dies or we die!" Zhu Ji shouted in a low voice and took the lead.

The eight corpse kings followed without thinking and chose to fight head-on.

The corpse emperor sighed and looked back at Lan Yue, whose face was pale and trembling. Surprisingly, he didn't blame her. Instead, his gaze was gentle. "Yue'er, don't worry!"

He suddenly tightened his grip on the corpse emperor needle, and the Nine Corpse Emperors' souls immediately felt pain as if they were being torn apart.

Zhu Ji was slightly better. After all, she had been awake for many years, and her corpse souls were much stronger than ordinary corpse kings.

However, the other corpse kings were no match for her. All of them had a splitting headache and were screaming with their hands covering their heads.

In such a state, not to mention 20% of the forces, even 10% might not be able to be used!

On the other hand, the corpse emperor was in his peak state. With a smile on his face, he took a step forward and sent a corpse king flying with his huge white palm.

Zhu Ji shouted anxiously, "Pull yourself together!"

She forced herself to pull herself together and used the law of Great Dao to descend an ice law.

A law chain that was completely covered in ice came flying towards her.

However, the corpse emperor casually waved his robe and an even more powerful law of Great Dao descended, shattering Zhu Ji's law.

With a muffled groan, Zhu Ji's figure retreated repeatedly, retreating in front of Su Yu, he said solemnly, "Things are not good. I can only use 50% of my strength at most, and the rest of the corpse kings are less than 10% . They are not the corpse emperor's match at all! You Go first, we will cover the rear!"

"Hehe, no one can leave!"The corpse emperor held the corpse emperor needle tightly in one hand, and used a seal with the other, controlling the law of Great Dao to bombard indiscriminately.

All the corpse kings were blown away.

A remnant of the law chains lashed towards Su Yu.

Zhu Ji gritted her teeth and continued to mobilize the law chains to block.

Pop --

Her law chains were instantly shattered. She let out another muffled groan and divine blood gushed out from her mouth.

"Hurry up and leave!"Zhu Ji urged, but there was no movement behind her. When she turned around, she saw Su Yu holding a silver fruit in her left hand and the Royal Longzun Sword in her right hand.

At this moment, he was operating the royal longzun sword with great difficulty. After he finished operating it, he shouted, "Move!"

Zhu Ji subconsciously moved aside, and the Royal Longzun Sword finally slid down.

As if the world had been split open, the light swept across the dark universe. The emperor corpse didn't even have time to react before the dragon-shaped sword qi passed through his body.

A second dragon-shaped sword mark was left on his chest. It was as bright as blood and extremely eye-catching, as if a blood dragon was embedded in his body.

Cough cough --

The Corpse Emperor was forced back a few steps by the sword Qi. He coughed a few times and coughed out a few mouthfuls of blood.

Lowering his head to look at the wound on his chest, the corpse emperor grinned. “Good! You’ve injured me again! Moreover, the power of this sword is much stronger than before! If I hadn’t reached the peak of a crowned emperor, I’m afraid I might not have survived!”

The gaze he looked at Su Yu became colder and colder.

“Is that all?” The Corpse Emperor’s killing intent became even stronger, “Then, Say Goodbye!”

Su Yu’s heart sank.

The Royal Longzun Sword, his strongest trump card!

The Indian silver bamboo fruit could only save his life!

Moreover, it could only protect a small number of corpse kings and escape!

Seeing the corpse emperor’s cold smile deepen, Su Yu secretly held onto Zhu Ji’s shoulder.

His plan failed!

However, at this moment, Su Yu suddenly felt his arm burning.

The Dark Green Nine Jade Spirit Pearl was a golden color.

Su Yu’s heart moved. He opened the nine Jade Spirit Pearl, and a crystal clear divine light immediately rushed out.

In the divine light, Su Yu stood up an extremely unfamiliar divine sword.

Its entire body was transparent and flawless, like a golden jade sword.

“Where did this sword come from?” Su Yu felt strange yet familiar.

However, the shoulder that he was holding on to suddenly trembled and shook off Su Yu’s palm.

Like a cat that had been burned by fire, Zhu Ji instinctively fled a thousand feet away and turned around in horror. “Limitless karmic fire! Husband, you... you actually have such a terrifying thing?”

Limitless Karmic Fire? Su Yu suddenly remembered that he had once let the Golden Flame forbidden wooden sword absorb the nation’s fate.

In the end, a strange change occurred. The Golden Flame forbidden wooden sword gave birth to a golden lightning flame that naturally fused together.

Could This be the golden flame forbidden wooden sword?

Su Yu was somewhat dumbfounded!

However, he keenly noticed that the corpse emperor’s footsteps came to an abrupt halt. That mocking and indifferent gaze had a violent fluctuation.

It was a fluctuation of fear!

Chapter 1757 The Qilin Awakens

Su Yu’s mind was filled with thoughts!

The Golden Flame Forbidden Wood was a supreme divine tree that could ward off evil.

The unbounded karma flame that was born after mutation was a natural enemy that made evil demons tremble in fear.

Could it be that even the corpse emperor was afraid of the unbounded karma flame?

Su Yu did not dare to believe it, but now he had no way out.

Gritting his teeth, Su Yu held the golden jade sword in his hand and slashed down at the corpse emperor.

Roar ——

Two roars erupted from the golden jade sword, like the Heavenly Court's tiredness and the Earth's Flame's furious roar.

A huge golden lightning flame wrapped around the two law chains and surged over.

Like a tsunami, it instantly annihilated the corpse emperor and Lan Yue.

The amazing thing was that Lan Yue was safe and sound in the unbounded karma flame. She only used divine power to protect her body, feeling a little uncomfortable.

However, the corpse emperor seemed to have fallen into a boiling pot of oil. He roared in extreme pain and his entire body continuously evaporated the thick corpse qi.

He started to melt at a speed visible to the naked eye from top to bottom.

This thunder and fire was meant to counter evil demons!

Su Yu couldn't believe it!

Wasn't the restraining effect of the golden infinite karmic fire so powerful that it was unbelievable?

Zhu Ji's eyes revealed a deep fear. However, when she saw the corpse emperor being swallowed by the Thunder and fire, she let out a long sigh of relief.

After losing the threat of the corpse emperor needles, the other corpse kings regained their senses.

"Yue'er, run!" In the Lightning and fire, the corpse emperor pulled out his bloody spine!

The words 'Corpse Emperor Bai Qi' were carved on the spine.

"Corpse Emperor Whip!" He grabbed the spine and whipped it hard.

A mysterious divine light appeared in the spine and wrapped around him and Lan Yue.

Then, the divine light pulled them into his spine.

With a puff, his spine turned into a stream of light and rushed out of the Thunder and fire.

Zhu Ji's expression changed. "Chase!"

Leaving the two corpse kings to clean up the battlefield, she and the other corpse kings chased after them.

Huff Huff Huff --

In the surrounding area, the Magnificent Palace of the corpse clan was in ruins. None of the palaces were intact.

The sky was still filled with the terrifying power of laws, and there was also the lingering dragon might and Golden Lightning fire.

Su Yu's mind moved, and he immediately entered the nine Jade Spiritual Pearl and headed straight for the thatched cottage.

"Little Qilin!" Su Yu's heart was filled with urgency.

At the crucial moment, other than the little qilin, there shouldn't be anyone else who threw out the golden jade sword!

However, there was no one on the spot, and the Little Qilin was nowhere to be seen.

Su Yu's mind swept across the space. What made his face stiffen was that he did not sense the existence of little kirin.

How was that possible? Could it be that little kirin had left the nine Jade Spiritual Pearl?

Suddenly, Su Yu's vision went black. Something covered his eyes.

"Guess Who I am?" A clear and sweet voice rang in his ears.

Su Yu felt relieved. The corner of his mouth curled into a nostalgic smile. "Little Kirin?"

"No."

Oh? Su Yu was startled. He thought for a moment and said, "Little Qilin?"

"No!"

"Little Qilin?"

"No?"

Su Yu opened his hooves and asked with a smile, "Then what should I call you?"

"Lord Qilin Emperor."

Su Yu's face stiffened.

Qilin Emperor? If no one had deliberately mentioned it, he would have almost forgotten that there was still an emperor whose whereabouts were unknown among the nine great emperors of Heaven and earth in the Nine Dragon Valley Divine Realm.

The Kirin Emperor!

In the time reversal, Su Yu had seen with his own eyes that the Kirin Emperor was being pursued by the evil daughter.

And this emperor was also the only Emperor of Heaven and earth who was still alive among the nine emperors.

It was just that his whereabouts were unknown!

When he turned his head, it was still that little pink kirin.

It was petite and cute, making people like it.

But its eyes were no longer as simple as before. Instead, they were filled with vicissitudes and wisdom.

At this moment, they looked into Su Yu's eyes with a smile that was not a smile.

"What? My Pet, with your intelligence and wisdom, you should have long guessed that I'm different, right?" The Little Qilin jumped down and raised its neck.

Pet? The veins on Su Yu's forehead jumped violently. He laughed a little angrily, "After waking up, you've become the owner?"

However, just as it said, Su Yu did not feel surprised.

Instead, he felt that everything was logical.

A mysterious qilin that was born to refine pills and weapons and had endless inheritances.

If one were to make a bold assumption, it would be easy to contact the qilin emperor whose whereabouts were unknown.

"You've changed quite a lot. Is it because you were hunted down by the evil daughter back then?" Su Yu teased.

The little qilin was instead shocked and looked up at Su Yu in surprise. "Oh my God? You actually know about the evil daughter? No, how did you know that the evil daughter hunted me down?"

Su Yu spread out his hands. "I won't tell you!"

"Forget it!" The little qilin sat on the ground with her front hooves crossed in front of her chest. She turned her head and looked angry.

Su Yu smiled and touched her head. "I'm very happy that you've woken up. No matter if you're the Qilin Emperor or the little qilin, you're one of my few family members."

The Little Kirin continued to twist its head. However, its expression was very bashful as it muttered, "Actually, strictly speaking, I'm not the Kirin Emperor."

"With the strength of the evil daughter, killing us emperors is just a snap of the fingers. Even the strongest emperor of destruction died tragically, let alone me." The little kirin said, "Actually, I've already been killed. It's just that I've learned the Nirvana technique from the Phoenix clan. I've learned some divine techniques that allow one to survive after death."

"Coincidentally, before the evil daughter and the demonic dragon descended, I cultivated a clone. If the original body of Emperor Qilin died, the clone would start to Nirvana and inherit everything from Emperor Qilin."

“If nothing unexpected happens, when the original body of Emperor Qilin dies, I’ll slowly awaken and become the new Emperor Qilin.”

In other words, it was the clone of Emperor Qilin, but it had its own consciousness.

Su Yu comforted her by touching her head. “Don’t worry, we left the nine dragons ancient divine realm a long time ago. The evil daughter is sealed in the Taotie Cage, so it’s impossible for her to come back.”

The little qilin suddenly got up from the ground and looked at Su Yu seriously. “I almost forgot! What I want to talk about is the evil daughter!”

Thud --

Su Yu’s heart jumped. For some reason, Su Yu felt that it was not a good thing.

“Have you come into contact with the evil daughter recently?”The little qilin asked seriously.

Su Yu’s hair stood on end.

Just thinking about how terrifying the evil daughter was made Su Yu uneasy. He said, “I told you, the evil daughter is trapped and will never come out.”

“Then why did I sense the evil daughter’s aura a few days ago!”

Hiss --

Even with Su Yu’s calmness, he could not help but suck in a breath of cold air.

Could the evil daughter have come out?

No, it could not be her

If she really came out, the first thing the evil daughter would do would be to find Su Yu and destroy him, right?

Su Yu did not think that the evil daughter would need several days to find him.

Just a thought was enough!

But what about the evil daughter’s aura?

“Are you sure?”Su Yu asked suspiciously.

The little qilin nodded. “When the evil daughter killed my main body, the main body branded her unique aura into my soul, so there’s no mistake in sensing it!”

That was strange!

No matter what the truth was, Su Yu was cautious.

Anyone and anything related to the evil daughter should immediately leave.

Chapter 1758 Six Forms Of The Demonic Sword

It seemed like he had to leave immediately after dealing with the matter of the Sea of constellations. There was no time to delay!

Su Yu's instincts told him that the appearance of the evil daughter's aura was most likely related to Su Yu.

"Then where are you going?" Su Yu looked into the little qilin's eyes.

The current him had already completely inherited the legacy of the Qilin Emperor, becoming the new emperor of the world.

How could it still be under Su Yu's name and continue to be a spiritual pet?

The Little Kylin scratched its pink ears. "I'm also very troubled. Should I accept you as my pet or take you as my mount? Sigh, it's really difficult!"

"Get lost!"

"Hey, do you have any sense? How dare you talk to the Emperor of Heaven and Earth Like This? Do you believe that I'll send you flying with a Sneeze?"

"The Royal Longzun Sword!"

"Wow! Are you serious?"

..

When Su Yu left the nine jade spiritual pearl, a harmless palm-sized little qilin appeared on his shoulder.

Its round eyes stared angrily at Su Yu's side profile. "Bastard, I still can't beat you even after inheriting the emperor of the qilin. How infuriating!"

There was a faint dragon-shaped sword scar on its forehead.

Su Yu smiled.

How could a royal longzun sword defeat the Emperor of Heaven and earth?

It was only giving up on purpose to give itself a reason to stay by Su Yu's side.

The man and the pet understood each other's intentions.

Shua --

As their souls returned to their bodies, the few corpse kings that had left returned one after another.

The zhuji corpse king looked dejected. "He ran away."

The Corpse Emperor Whip was specially made for the corpse emperor. As an escape method, its speed naturally far surpassed that of an ordinary magical artifact.

She didn't catch up. Although Su Yu felt regretful, it wasn't too surprising.

"No matter what, the plan has finally taken a step forward." Su Yu pondered.

"The injuries caused by the unbounded karmic flames to the corpse emperor will be hard to recover from in a short period of time, so I don't have the time to come and cause trouble."

The Zhuji Corpse King let out a sigh of relief. "Then, the rest is up to you."

Su Yu's gaze was profound, and he nodded slowly.

"Zhuji Corpse King, we caught the fleeing painted Bone Corpse King!" The three corpse kings caught painted bone corpse king and rushed over.

Painted Bone Corpse King had always been the corpse emperor's trusted aide, and the nine corpse emperors had specially concealed this coup from him.

It wasn't until after the coup that painted Bone Corpse King woke up from his dream and wanted to escape, to follow the corpse emperor.

However, he was stopped by the corpse kings who were prepared.

"How should we deal with them? Should we kill them or..." the corpse kings didn't look at the corpse king well.

He had helped Lan Yue to force them to hand over their corpse souls!

Zhu Ji looked around and turned to Su Yu, "Husband, do you have any suggestions?"

"It's useless to keep them alive. It's a pity to kill them." Su Yu gave a short evaluation, "Let's lock them up first!"

All of a sudden, Su Yu said, "Let's first plunder the things on your body."

A few corpse kings snickered and cleanly searched his body from head to toe.

With a clanging sound, all sorts of miscellaneous items dropped.

One of them attracted everyone's attention.

A golden coffin.

"What a good fellow. He even stole the corpse emperor's golden coffin in troubled waters." A Corpse King joked.

It must have been during the battle when the Painted Bone Corpse King stole the overturned golden coffin.

"Could it be that the copper coffin is uncomfortable and wants to taste the corpse emperor's Golden Coffin?" A few corpse kings surrounded him and laughed.

The Painted Bone Corpse King bowed and nodded, smiling sheepishly.

However, deep in his eyes, there were traces of nervousness.

Sadly, he stood beside Su Yu, who was the best at discerning.

"Check the golden coffin," Su Yu said lightly.

The Painted Bone Corpse King's face instantly turned pale. His two deep eyes stared at the golden coffin without blinking.

The corpse kings sensed the strange look and immediately checked the golden coffin carefully.

“Eh? There is a mystery hidden inside the Golden Coffin!”Zhu Ji came over to take a look and saw a layer of hidden words at the bottom of the Golden Coffin.

Staring at it with her beautiful eyes, Zhu Ji asked in surprise, “What kind of words are these? Why haven’t I seen them before?”

The curvy words on the coffin looked like small swords with a hint of threatening sword qi.

The words didn’t look like the common language of the corpse clan.

Several corpse kings came closer.

“Weird! I’ve never seen such words.”

“Why are there such strange sword-shaped characters in the corpse emperor’s Golden Coffin?”

“What do these characters mean? What does the corpse emperor want to say by leaving them behind?”

The crowd discussed, but they couldn’t figure it out.

“It’s the ancient characters of the Heavenly Sword clan.”Su Yu walked over and looked at them silently for a long time.

Zhu Ji said in surprise, “The corpse emperor was indeed an upper third-rate race when he was alive. I know about this, but what about the ancient characters?”

“The characters of any race will improve with the times. Some ancient and obscure characters will be gradually introduced into the characters, which are called the ancient characters.”Su Yu said, “The corpse emperor can actually master the ancient characters of the sky sword race. It can be seen that he existed for a very long time when he was alive!”

All the corpse race suddenly woke up after death.

No one knew how long it took for them to come back to life, except for the “Heaven”that created the corpse race.

“What do the ancient characters of the Heavenly Sword Clan Say?”Zhu Ji asked.

Su Yu smiled, “It’s a spell to open a secret space of the corpse emperor.”

Smiling, Su Yu whispered the ancient characters that he had left behind.

Creak, Creak, Creak --

A strange phenomenon suddenly appeared at the bottom of the golden coffin. It split into two from the middle and slowly separated to the two sides.

A secret space was revealed.

“It can actually block our senses?”The corpse king who was watching was shocked.

The Corpse King’s realm was equivalent to that of the Emperor of Heaven and earth. The strength of their senses was unimaginable.

The Corpse Emperor had spent a lot of effort to set up such a secret space to hide from their detection.

The secret space used a space divine art. On the outside, it looked like a thin layer, but on the inside, it was ten feet thick and thirty feet long!

“Ah! There’s a corpse emperor inside!”When they saw what was inside, the corpse king’s expression changed drastically.

Looking carefully, there was indeed a corpse at the bottom of the Golden Coffin, which looked exactly like the corpse emperor!

“Quiet! It’s just an empty shell, there’s no corpse soul!”Zhu Ji stabilized the group of corpses.

Looking at the corpse seriously, Zhu Ji couldn’t help but laugh. “Is this the corpse emperor’s backup body when he was preparing to restore the double-crowned King?”

“The corpse emperor recovered his cultivation in a short period of time. His current body couldn’t bear it and had to undergo a body change. This body should be prepared for the breakthrough.”Zhu Ji giggled, “I think this body should be the same as the corpse emperor needle and the corpse Emperor Whip. It is the corpse emperor’s birthright.”

“I didn’t expect that this defeat would be so sudden. I didn’t have time to take away the backup body in the Golden Coffin when I was running away in a hurry.”

The corpse kings were even more relieved. In this case, they had unintentionally slowed down the process of the corpse emperor recovering his cultivation.

Zhu Ji waved her hand. “Burn this corpse to get rid of the worries!”

This corpse was of no use to them, the corpse kings.

“Wait, can you let me handle the corpse?”Su Yu’s eyes flashed.

Zhu Ji was surprised. “My husband is interested in this corpse? That’s hard to say. Just take it.”

The other corpse kings didn’t have any objections either.

“Since corpse king Su Yu discovered it, he’ll deal with us personally.”

Thus, Su Yu easily obtained the complete corpse emperor’s body.

--

Sea of constellations, at the end of the Eastern Sea.

The corpse emperor’s face was pale. Supported by Lan Yue, he lay on his back on a meteorite.

“The skeleton corpse king isn’t here yet?”The corpse emperor asked with difficulty.

His entire body was still burning with the Golden Lightning fire that hadn’t been extinguished yet, continuously destroying his body.

Lan Yue shook her head, her eyes revealing sorrow.

It wasn’t easy for her to become the Empress of the corpse clan, but because of Su Yu’s arrival, she instantly collapsed.

“Su Yu, are you really the nemesis of me, Lan Yue?”That originally delicate and beautiful jade face was made up by a ruthless aura.

The corpse emperor gazed at her with deep affection and said, “My empress, don’t worry. As long as I’m not dead, it’s only a matter of time before I Rise Again!”

“Now, let’s Go!”

Lan Yue put away her sorrow and said, “What about the Skeleton King?”

The corpse emperor shook his head. “There’s no need to wait. He won’t be able to return.”

They steered the meteorite and entered the vast darkness and deathly stillness.

Not long after they left the sea of constellations, three rapidly moving stars streaked across the sea of constellations like meteors and descended.

“Is this the Sea of constellations civilization?”A haughty young man stood proudly as he looked around the sea of constellations, unable to hide the contempt in his eyes.

Beside him was an old man in a gray robe, his face full of wrinkles.

His eyes were sharp and spirited as he stared at the sea of constellations civilization and said, “A mere barbaric civilization actually gave birth to peerless geniuses like Su Yu and Zi Wei, stunning the northern letter fiefdom. What a surprise!”

They were none other than the Li King and Ao Xiang, one of the nine prime ministers of Bei Wangchen, who had come to retrieve the Beixin King Cauldron.

“HMPH!”Ao Xiang snorted coldly. “Zi Wei can barely be considered a prodigy, but as for Su Yu, I’ll have to verify it myself!”

The delicate-looking woman, who was dressed in ink-green robes and as calm as water, said leisurely, “I don’t believe that a young cultivator from the barbaric civilization can defeat second brother Ao Xiang head-on either.”

The pear king sighed and said, “Zhu’er, I didn’t expect you to come.”

There were only a few people in Beixin’s lineage who could be addressed so warmly by the previous Beixin King.

Even bei Wangchen, who was arrogant, gave the young woman a rare look of kindness. “Seventh sister, are you here to fight for me?”

Bei Wangzhu, the seventh daughter of the current Beixin King, was known as the seventh princess.

Bei Wangzhu nodded, her eyes full of hope. “I don’t believe that anyone’s talent is above second brother. I definitely don’t believe it!”

“Hehe, then let’s go and take a look!”Bei Wangchen laughed.

--

Su Yu, who knew nothing about this, was fiddling with the corpse in the secret room.

How could he forget the corpse king’s secret that Mu Canghai had told him?

That day, she had cut off a finger bone from the corpse, and it had turned into a gray-black stone.

Relying on that stone, Su Yu unexpectedly to the martial arts comprehension had a rapid frightening effect.

We’re looking at the corpse of a King!

Heart a move, Su Yu took out the Gold Jade Sword, cut off the arm of the corpse.

After leaving the body, as expected, the arm began to petrify, showing black and gray!

Su Yu was overjoyed: “Ha Ha ha, the emperor really left me a rare treasure ah!”

Su Yu’s eyes were filled with surprise. He cut off the entire corpse and allowed it to be petrified.

Looking at so many pieces of black ash stone, Su Yu could not help but feel excited. Mastery

The piece of black ash stone that was formed from a finger had already made Su Yu touch the edge of the Mastery Soul Devouring realm.

What kind of effect would a whole body of stone have?

Su Yu could not help but lick his lips. He wished that he could continue cultivating in one breath.

Unfortunately, he only had two days.

“Two days then!”Su Yu first made a portion of the gray-black stone into a viscous liquid, then jumped into it and endured the baptism of the spiritual liquid.

At the same time, he activated the time acceleration law to put himself in a state of five hundred times time acceleration.

Time was limited, so he focused all his energy on the sixth style of the demon sword.

On the basis of mastering the fifth form, the inspiration of the sixth form was faintly discernible.

In a blur, Su Yu seemed to see a majestic demonic shadow in his consciousness, holding the demonic sword and slashing toward the sky.

The vast sky was like a shattered mirror, shattering layer by layer.

Endless Rain of blood poured down from the depths of the sky, drowning the Earth!

Divine Thunder rumbled, Fury surged, and the existence in the dark also let out an angry roar.

It was as if this sword had injured the Supreme Heaven!

“Slash... Heaven... one... sword...” Su Yu muttered. The Asura sword in front of him, which was sitting cross-legged, couldn’t help but tremble.

It was a sign that the sword style was about to be completed!

It had to be said that the gray-black stone had a miraculous effect on the comprehension of the cultivation method. Su Yu, who hadn’t even touched the surface of the stone, quickly found inspiration!

“Oh, this guy’s strength has improved by another level!” The little qilin on the shoulder lazily opened its eyes and muttered, “What a monster!”

Two days later, when the Moon was full.

A moon-white Sword Shadow soared into the sky from the depths of the palace, reaching to the sky.

In an instant, as if affected by the Sword Shadow, the divine power in the surroundings became chaotic, the earth trembled, and even the sky changed color with the wind and clouds.

The strange phenomenon alarmed the corpse clansmen, and they all came out to watch.

But the sword shadow immediately disappeared, making people unable to find its source.

Su Yu put away the asura sword and stood up from the huge wooden bucket. The gray-black spiritual liquid that he had refined was only a ball of clear water.

“What a tyrannical power to comprehend. In just two days, I successfully cultivated the sixth form, heaven-cleaving sword! It’s Incredible!” Su Yu was in high spirits.

The amount of black-gray stones used to comprehend this time was only one-tenth.

If he was given enough time, he was confident that he would be able to comprehend all nine forms of the demonic sword’s inheritance in one go!

Unfortunately, there wasn’t enough time!

“Husband, the time is almost up,” outside the secret room, Zhu Ji reminded as she drank to the moon.

She didn’t think much of Su Yu’s actions.

When had Su Yu ever owed the Sea of constellations anything? However, the sea of constellations didn’t even have the most basic trust in him. With a single thought, he could turn against Su Yu mercilessly and treat Su Yu as a traitor that everyone wanted to kill.

Was it necessary to spend so much effort and effort to save such a civilization?

However, Zhu Ji beamed. Wasn’t that the reason why she had fallen in love with him?

If Su Yu was a selfish person, he wouldn’t have turned back for her, much less “So what if it’s an ordinary person? Even the world can be abandoned” for her!

The stone door opened, and Su Yu walked out tiredly.

Zhu Ji came up to him and helped him sit down. She leaned on his shoulder and said, “No matter who is your enemy, I will stand by your side. Even if the whole world is your enemy, my enemy will be the whole world.”

Her straightforward words touched Su Yu’s heart deeply.

Su Yu patted the back of her hand and smiled. “On the contrary, tomorrow, I will wipe out all your enemies in the world.”

Chapter 1759 Luring The Tiger Away From The Mountain

Time passed quietly like water.

The sun rose over the horizon, and Su Yu sat in the Frost for a night.

“It has begun.” Su Yu looked up at the sky, and at the same time, the horns of both sides sounded in his ears.

The dispute that had lasted for two years was finally coming to an end with a great battle.

In the sky above the castle, the experts were as numerous as the clouds.

The lowest was the bronze overlord while the highest was the emperor of Heaven and earth.

On the corpse clan’s side, there were a total of nine corpse kings standing side by side.

Zhu Ji was in the middle while Su Yu was beside her.

The two armies faced off and looked at each other from afar.

The Life Spirit Alliance immediately noticed Su Yu and all of them were filled with killing intent.

“Since we’re all here, then let’s end this once and for all!” The Woman Pavilion Master said in a long voice.

The war drums behind her started to Rumble, igniting the blood of the living beings.

“The life and death of the living beings alliance depends on this move!” The other two pavilion masters shouted at the same time.

“Charge!”

With the order, the Living Beings Alliance charged down from the city wall.

Zhu Ji took a deep breath and said, “Those who belong to the corpse clan, kill!”

The two torrents crashed into each other.

In an instant, the corpses were sent flying, splashing like waves.

“Su Yu traitor, I will personally take your life!” The Woman Pavilion Master was in the lead as she dashed through the crowd towards Su Yu.

PA --

A slender palm that contained the power of laws slammed onto the woman pavilion master’s chest, forcing her to retreat.

“Your opponent is me.”Zhu Ji stood up.

The Woman Pavilion Master roared like she was going crazy, “Then I Will Destroy You First!”

The two emperors of Heaven and earth quickly fought each other. The power of law burst out and swept away all the living beings and corpse race around.

The other two pavilion masters, Purple Dream Emperor and Snow Dragon Emperor were also entangled by the other corpse kings.

The battle between the two sides quickly entered a white-hot state.

More and more corpse race were killed, but more and more living beings died. They immediately turned into corpse race and attacked the living beings’side.

Thus, after half a day of stalemate, the Creatures Alliance fell into a losing situation.

The woman pavilion master was panting. Seeing that the situation was declining, she felt hatred in her heart.

She couldn’t understand why the head pavilion master would agree to a decisive battle that had no chance of winning.

But the head pavilion master wouldn’t be wrong. The one who was wrong was Su Yu, who had come up with a plan for the corpse clansmen!

“Purple dream emperor, delay Zhu Ji!”The woman pavilion master pushed Zhu Ji away with her palm and shouted.

Purple Dream Emperor nodded and quickly rushed over to stop Zhu Ji.

She was the emperor of plants and was not afraid of corpse qi. On the contrary, she was even more difficult to deal with than the Lady Pavilion Master. For a moment, she was on par with Zhu Ji

When she had the time, the Lady Pavilion Master did not say anything and rushed towards Su Yu.

The Emperor of Heaven and Earth attacked with just a thought

In an instant, in front of Su Yu, a palm landed on his head.

Puchi --

Su Yu’s brain was instantly crushed and he died on the spot.

Zhu Ji looked over and her lips curled up. She did not rush over to save him.

The Lady Pavilion Master was slightly stunned.

Everything went too smoothly!

As the mastermind behind the scenes, he did not have any protective measures around him.

What was even weirder was that Su Yu did not resist at all!

Based on her understanding of Su Yu, Su Yu had many tricks up his sleeves. He would definitely not be killed so easily.

With suspicion in her eyes, the woman pavilion master examined him carefully. She noticed that the brain matter that “Su Yu”had spat out earlier was emitting dense corpse qi.

“That’s not right!”The woman pavilion master’s heart trembled.

Su Yu was a living creature. He had not been transformed into a corpse clan. Where did the corpse Qi come from?

After taking a closer look, she finally noticed something unusual.

Su Yu’s face looked exactly the same as his original body, but she could see minute traces of carving.

“Damn it! I’ve been tricked! where is Su Yu?”The woman pavilion master looked around. Her eyes were filled with corpses and living beings fighting together. Where could she find Su Yu?

If someone else disappeared, the woman pavilion master wouldn’t do anything.

But Su Yu... She didn’t know why, but she had a strong ominous feeling.

Sou --

She withdrew decisively and shouted urgently, “Everyone be careful, Su Yu has disappeared!”

Hearing this, the two pavilion masters, Purple Dream Emperor and Snow Dragon Emperor were on high alert.

It was fine if other people were missing, but Su Yu’s disappearance at such a critical moment was most likely a scheme.

Even the emperors of Heaven and earth were troubled by Su Yu’s mysterious schemes.

They were secretly on guard, but suddenly, a huge panic appeared in the city.

Cries and shouts were everywhere!

“Back up! !”The Lady Pavilion master shouted without thinking.

The Kings of Heaven and earth were ready to go back to the city to help.

Zhu Ji giggled, “Corpse Kings, work together to stall them and buy time for corpse king Su Yu!”

“Hehe, okay!”The corpse kings used all their strength to stall them.

At the same time, under their orders, the group of corpses crazily counterattacked, making it impossible for the Living Beings Alliance to escape.

“Damn that Su Yu! He is indeed cheating!”The Woman Pavilion Master Roared.

The other pavilion masters were also extremely angry.

“I knew I shouldn’t have trusted that traitor Su Yu!”

However, they had no choice but to listen to the civil strife in the city gradually subside.

They didn’t need to look at it on purpose to imagine the situation in the city.

Most of the old, weak, women, and children who had stayed behind had become food for the corpse clan, or had been brutally killed by them and turned into the corpse clan!

The woman pavilion master was filled with grief and indignation. "Let the living beings unite and perish together with the corpse clan!"

After learning that the city had been occupied by the corpse clan and that all their friends and relatives had died, the living beings showed a resolute look in their eyes and pounced on the city like moths to the fire, seeking their own destruction.

Zhu Ji smiled, "Hehe, such a big battle is really unexpected."

"Corpse clan, listen up, everyone... Retreat!"

What? The living beings who were like a fierce tiger pouncing on them couldn't believe their ears.

The corpse clan who were like wolves and Tigers had the absolute advantage, but they actually retreated?

Hualala --

The dark mass of corpse clan retreated like the tide, and the corpse emperors who were entangled with the heaven and earth emperors also retreated.

The three pavilion venerables, Purple Dream Emperor and Snow Dragon Emperor were all stunned on the spot.

But no matter what, since the corpse race had retreated, they had a chance to catch their breath.

"Return to the city to save them!" The Woman Pavilion Venerables said tragically.

The city was dead silent. They were no longer their former companions, but countless corpse race!

A group of people flew over the city wall, their eyes filled with grief and indignation as they looked inside.

However, the scene in front of their eyes made them petrified on the spot!

All the living beings were unharmed, but they were surrounded by the corpse clansmen and didn't dare to make a sound.

In the central square of the castle, Su Yu lazily leaned against the armchair and muttered, "Next!"

A weak little creature in line walked forward and was enveloped by a corpse clansman's corpse qi.

A few breaths later, that creature walked out from the corpse qi and scratched its head in a daze. It wasn't injured at all.

"Look, it's the same on the battlefield!"

Everyone turned around and saw the corpse clan taking the creature's corpse back and breathing corpse qi into their bodies.

The creatures that were already dead were resurrected and restored to their original state!

The scene that overturned their cognition and thinking shocked the living beings alliance.

What was going on?

The woman pavilion master stared at Su Yu with killing intent. "This traitor is definitely up to no good. Take this opportunity to kill him!"

Huff --

With a thought, she arrived in front of Su Yu. Without saying anything, she slapped his head and said ferociously, "Die!"

PA --

With a muffled sound, the woman pavilion master was blocked by some kind of force.

"Yao Zhi, don't act on impulse."

The Woman Pavilion Master's vision blurred, and a ball of yin and yang Qi with distinct black and white appeared.

It was the Chief Pavilion Master!

"Chief Pavilion Master, why are you doing this for this traitor?" Yao Zhi said anxiously.

Now was the best time to kill Su Yu!

The old voice said, "Will the traitor stay in your house and wait for you to come back to take his life?"

"But..." the woman pavilion said with difficulty.

The head pavilion master's tone was slightly dignified. "Yao Zhi, I specially ordered you to take charge of the overall situation while I was in seclusion, but your performance has disappointed me!"

"You are only suitable for cultivation, not leadership."

Under the Head Pavilion Master's leadership, Yao Zhi's performance was normal.

Once she took charge of the overall situation, all kinds of weaknesses were exposed.

For example, she was not thoughtful and was easily angered when she did things.

Yao Zhi shut his mouth unwillingly and stared coldly at Su Yu.

The head pavilion master walked into the square with his hands behind his back and calmly sat opposite Su Yu. He said, "I knew there was another reason for you to seek refuge with the corpse clan."

Su Yu stood up and cupped his fists. "Thanks to the Head Pavilion Master's trust, this matter can only be successful."

If Huangfu Lieyang had not agreed to the decisive battle, how could Su Yu successfully lure the tiger away from the mountain and occupy the city?

The head pavilion master carefully examined the living beings that were enveloped by the corpse qi, and his eyes shone. "They seem to have lost some unknown things."

"It's a flame seed." Su Yu smiled.

The head pavilion master was slightly startled. "What is a flame seed?"

This question was exactly what Su Yu wanted to explain.

Two hours later, the entire place fell silent.

Even the head pavilion master and the others all fell into a strange silence.

Purple Dream Emperor said in disbelief, "What you mean is that the corpse race only wants the kindling that we are born with, not to take our lives?"

If that was the case, then their thirty thousand years of battle with the corpse race would be nothing but a joke?

Su Yu looked at the creature that had just removed the kindling and pouted, "Didn't you see it with your own eyes?"

"This..."purple dream emperor realized that his brain wasn't enough. "If that's the case, why didn't the corpse race discuss with us? They attacked us the moment they appeared, creating a bloody storm. It would be strange if we didn't fight to the death."

Su Yu laughed in surprise. This was exactly the same question he had at the time.

When Su Yu explained the stakes, Purple Dream Emperor also laughed bitterly. "So that's the case. If no one mediates between us, it would indeed be a dead end."

Without Su Yu mediating between them, how could they trust each other?

Her beautiful eyes fell on Su Yu. "So, you betrayed the living beings on purpose?"

"The betrayal is true. Zhu Ji has done me a favor. I can not watch her be killed by you."Su Yu said indifferently.

"HMPH!"The Woman Pavilion master snorted.

Even though the truth was out..., she did not trust Su Yu's explanation at all. "It's just a one-sided story! Since that's the case, why did you start this war when you could have just demonstrated the process of extracting the Tinder to the Life Spirit Alliance on the spot? It's obvious that you're harboring evil intentions!"

Su Yu sneered. She did not know if the betrayal at that time had provoked her and made things difficult for her.

"Hehe, if the Life Spirit Alliance was not forced into a desperate situation, you wouldn't believe it even if I demonstrated it a thousand times."Su Yu said indifferently. "Only when you're at Your Wits'end would you listen to my explanation calmly."

"But even if you were forced into a desperate situation, there would still be stubborn people like you who would question me, right?"

The woman pavilion master was furious, "You!"

The Purple Dream Emperor and the other two pavilion masters urged him.

Indeed, just as Su Yu said, if there was no desperate situation, who would be willing to accept the corpse clan's extraction of the fire seed? What if the corpse clan was cheating?

Even if there was a slim chance of survival, they would resist with all their might.

Thus, this decisive battle was the only way to force them to sit down and listen to Su Yu's explanation.

The head pavilion master pondered for a long time before saying, "Su Yu, since you have a good relationship with the corpse race, you can persuade them to leave the sea of constellations civilization. Why are you so insistent on helping them take away the fire seed on our living beings?"

Chapter 1760 The Corpse Of The Severed Finger Emperor

The woman pavilion master narrowed her eyes. "That's right! This is the most suspicious! There must be some other scheme to extract the flame seed."

Su Yu couldn't be bothered with him. Instead, he asked the head pavilion master.

"You think that a desolate civilization in the sea of constellations can produce a corpse race that can absorb the flame seed? Then, what about the other civilizations?"

Everyone was stunned.

Speaking of which, the corpse race didn't appear out of thin air. Instead, they traveled through the void and arrived on the ancient star.

They had never thought that there would be a corpse race in the outer realms.

"You've seen them before?" The pavilion master asked solemnly.

Su Yu nodded. "I've seen them before. They're in the Beixin King Cauldron. Furthermore, they belong to different corpse races!"

Looking at them, Su Yu sighed. "So, do you understand why I have to help the corpse race absorb the flame seed in your bodies?"

Hearing this, the intelligent person immediately understood.

The two pavilion masters, Purple Dream Emperor and Snow Dragon Emperor looked at each other.

They sighed and bowed to Su Yu.

"Young master Su's magnanimity really makes us ashamed." Purple Dream Emperor was especially ashamed. She once trusted Su Yu, but now she also doubted him.

The head pavilion master also stood up and cupped his fists, "Brother Su's magnanimity is just like what I saw in the past. I admire you very much."

Only the woman pavilion master was still stubborn. She frowned and said, "Why are you thanking him? He's just a junior, and he's worthy of our Emperor of Heaven and Earth bowing to him? Surnamed Su, you have the nerve to bear it?"

“Yao Zhi, after this matter, I’ll go into seclusion for three thousand years to temper my temperament,”the head pavilion master said indifferently.

Purple Dream Emperor explained somewhat helplessly.

“Pavilion Master Yao Zhi, have you ever thought that if another batch of unfamiliar corpse race came, they would still take away the tinder like they did today? “No, they would kill us first and then take away our tinder. In the end, they would turn us into their slaves and continue conquering the next civilization

“At that time, who would convince those corpse clansmen to take away the tinder in a friendly manner? Wouldn’t they harm a living creature? Would It Be You or me?”

Hearing this, the woman pavilion master’s expression turned grave.

She had just realized Su Yu’s intentions.

He was doing this for the entire sea of constellations civilization.

This matter had nothing to do with him, but he was doing it with all his might.

He had a heart for the common people. who would have such a breadth of mind?

No wonder even the head pavilion master had to bow down to him. He was filled with admiration!

However, even though he understood, Yao Zhi couldn’t swallow his anger from that day. He snorted and said, “All of you can speak up for him! In any case, I’m the only one who isn’t a good person!”

After he finished speaking, he flicked his sleeves and left!

The head pavilion master apologized to Su Yu, “Yao Zhi was immersed in cultivation and did not have enough experience. I’m sorry for making a fool out of you, brother Su.”

Su Yu did not mind. “He’s just a stubborn old antique. Don’t mind him.”

The group of people chatted while quickly extracting the flame seed.

Half a day later, the flame seed extraction was completed.

Su Yu said, “Only You, head pavilion master, are left.”

He had been injured by the emperor’s corpse back then, and the corpse qi remained in his body, gradually turning him into a corpse.

The injuries in this battle were even more serious.

“Then it’s all up to the corpse kings.”The Chief Pavilion Master looked at the Nine Corpse Kings standing side by side behind Su Yu, sighing with emotion.

He had never dreamed that one day, his corpse Qi would have to be resolved by the enemy.

Zhu Ji pursed her lips into a smile, “The corpse Qi of the emperor’s corpse is no small matter. Only when the nine corpse kings join hands can we do it. If chief pavilion master is ready, then let’s begin!”

The head pavilion master nodded and began to refine the corpse qi.

A whole day later, the sky above the castle was covered with a dense, ink-like corpse qi.

Zhu Ji corpse king exclaimed, “The corpse qi of the emperor corpse is even stronger than our nine corpse kings. Fortunately, after 30,000 years, the corpse Qi has weakened a lot. Otherwise, it would be useless even if we work together!”

After some effort, the corpse Qi in the head pavilion master’s body that had been accumulating for a long time was finally cleared.

“Hahaha, I really didn’t expect that I would still have a day to recover. My friends from the corpse clan, I thank you very much!”The head pavilion master was pleasantly surprised.

He had thought that he would definitely die in three hundred years, but in the end, his thirty thousand years of Bad Luck was dispelled.

Zhu Ji beamed with a smile. “You should thank my husband. Without his face, we wouldn’t have bothered to heal you, this old man.”

The head pavilion master wasn’t angry either. He chuckled. “Yes, Su Yu is my destined person. Back then, when we met at the ancient dream altar, I didn’t think that my fate would change.”

At the mention of the ancient dream altar, Su Yu thought for a moment and took out a golden alms bowl that was emitting an astonishing Buddhist light.

The moment this item appeared, the Nine Corpse Kings retreated in fright. Their bodies couldn’t help but emit pitch-black corpse qi as they screamed in fear.

Zhu Ji revealed a pained expression. “Husband, quickly take it back. We Can’t take it anymore!”

Su Yu was shocked. He had only taken it out, how could it cause such great damage?

He hurriedly put away the alms bowl with an apologetic expression.

The head pavilion master said in astonishment, “Could this be the relic of the Faceless Buddha?”

Su Yu nodded. “Yes! It has always been suppressing the corpse emperor. When the Corpse Emperor was born, he wanted to take this item away, but I was one step ahead of him. May I ask, Head Pavilion Master, do you know what this item is?”

The only thing that he didn’t solve the mystery was the alms bowl.

The pavilion master pondered, “I think, this should be the legendary Dao artifact.”

“Dao Artifact?”Su Yu felt that this name was somewhat familiar.

The pavilion master said, “It’s also the magic artifact used by the Dao Master. It’s much higher than the true emperor level divine weapon currently known.”

An artifact that was even higher level than the Emperor Dao sacred artifact?

Su Yu was shocked.

The other corpse kings also showed extreme jealousy.

“However, the DAO weapon is very special. Other than the owner of the Dao Weapon, no one else can use it.” The head pavilion master said, “Because every dao weapon is refined by the DAO Master from the Great Dao of Heaven and Earth.”

Hearing this answer, Su Yu was disappointed.

The head pavilion master laughed in surprise, “What are you disappointed about? Even if it can’t be used, the attributes of the Dao weapon alone are superior to the true Emperor Rank Magic Weapon!”

“For example, the Buddha energy of this alms bowl. With this item protecting you, the corpse king of a single-crowned emperor wouldn’t dare to approach you at all. Even the corpse king of a double-crowned emperor might not be able to do anything to you!”

This could barely be considered a consolation.

“Since the Head Pavilion Master is safe and sound, I’ll go back to the corpse clan and make some arrangements. In case there are any gaps between the two sides, I’ll have the corpse clan leave the sea of constellations as soon as possible.”

The head pavilion master smiled and said, “Then I will have to trouble you.”

The head pavilion master watched Su Yu leave, but Su Yu remained motionless on the spot. He stared at Su Yu deeply and said, “Head Pavilion Master, I seem to have forgotten something.”

Su Yu was startled. He thought about it carefully and said, “Are they brother Su’s two friends? They are very strange. I have ordered people to search the sea of constellations, but the two people you mentioned are nowhere to be found in the entire sea of constellations.”

Missing? Su Yu’s heart sank.

Xia Jingyu and Sheng Ge had left the ancient dream altar a step earlier. Why were they missing?

“Could it be the emperor’s corpse?” Zhu Ji asked as she rolled her eyes.

Su Yu fell silent.

The emperor’s corpse was the most elusive of the three great corpse kings that had awoken. Up until now, no one knew where the emperor’s corpse was.

It was his doing. There was still a possibility.

“Then I’ll think of another way,” Su Yu said.

He had tried to bring the dead back to life, but it was ineffective against the two of them. This meant that their lives weren’t in danger, so Su Yu wasn’t too worried.

“Then the mess in the sea of constellations will be left to the head pavilion master to deal with,” Su Yu said.

During the confrontation between the two races, there had been quite a number of people who were disloyal to the Living Beings Alliance. It was imperative that they be purged.

The head pavilion master’s eyes darkened. He nodded slightly and said, “Don’t worry, I Will! However, you have to be careful as well.”

There was a hint of hidden meaning in his words.

Su Yu and the Nine Corpse Kings returned to the corpse army.

“Now that we have the Tinder, let’s leave the sea of constellations as soon as possible,” Su Yu suggested.

Zhu Ji was surprised. “You’re not coming with us?”

Su Yu shook his head. “I’m troubled. It’s best for me to stay away from you guys.”

Zhu Ji chuckled. “With the protection of the nine corpse kings, what kind of trouble can’t be settled?”

“Even the Ninety Corpse Kings can’t protect me.” Su Yu smiled helplessly.

Being targeted by the vile daughter, the Emperor of Heaven and Earth wouldn’t be able to solve the problem at all.

“Don’t doubt my words.” Su Yu said, “You guys go and settle the corpses. I want to be alone for a while.”

Zhu Ji wanted to say something but hesitated. However, she still listened to Su Yu and left silently, leaving Su Yu alone in the tent in deep thought.

With the matter of the Sea of constellations settled, it was time for Su Yu to leave.

If the vile daughter arrived, it would be too late.

“Corpse King Su Yu, this subordinate has something important to report.” Suddenly, a corpse clansman came to report from outside the tent.

Su Yu said, “Come in.”

An ordinary-looking corpse clansman dressed in tattered armor walked in, he said, “Reporting to corpse king Su Yu, we have discovered some living beings that have yet to be extracted with their fire seeds. Perhaps they are remnants of the Living Beings Alliance. They are still eyeing us covetously. May I ask how we should deal with them?”

Su Yu paced around and said, “Is that so? That will be difficult. If we don’t deal with them properly, it will easily lead to another misunderstanding and a big battle.”

After thinking for a while, Su Yu felt that the situation was serious, so he walked out of the tent.

“Wait here. I will gather the nine corpse kings to discuss it.”

He walked to the entrance of the tent and brushed past the reporting corpse.

However, the moment he brushed past the reporting corpse, Su Yu's body stiffened, and a strong sense of warning rose in his heart.

The feeling of facing death, which he hadn't felt for a long time, reverberated in his chest.

"Corpse King Su Yu..."the reporting corpse clan's expression was unfathomable, even his tone became mysterious, "You, who seized the control of the corpse clan and planned such a great war, even need to discuss such a small matter with the Nine Corpse Kings? Or, do you know who I am and are in a hurry to escape?"

He put his hands behind his back and said slowly.

Although he was constantly on alert, Su Yu's expression was calm as usual. With his back facing him, he said without changing his expression, "No matter how sharp your mind is, you can't escape the eyes of the Emperor Corpse."

The two of them turned around at the same time, facing each other at a close distance. They were only thirty feet apart!

The corpse clan, who had been bowing and groveling just now, was now looking down on the world in a blink of an eye.

Looking at him, Su Yu felt a terrifying pressure.

"I should be the one to say this."The emperor corpse lightly asked, "Even with the pearls in front of your eyes, you might not be able to recognize me. Your eyes are really unique!"

Su Yu lightly laughed, "It's not that my eyes are unique, but I just happen to know one characteristic of the emperor corpse."

"Oh? Tell me about it."The emperor corpse was calm and composed, as if it was looking at a dying mouse.

Su Yu said leisurely, "A friend of mine once cut off the emperor's corpse's index finger 30,000 years ago, and your right index finger happened to be missing!"

"That's all!"
