Chapter 181: Ice Phoenix's Divine Wings

That voice was unusually familiar!

He turned his head rigidly and an unbelievable scene was reflected in his pupils.

Su Yu carried Yao Hong's graceful and charming body in his arms and he stood thirty feet behind Long Fan's back quietly.

The person who saved Yao Hong was actually... Su Yu!

At Su Yu's back, there was a pair of magnificent giant wings that looked like an illusion and it was shown to the people beautifully!

The pair of wings was so huge to the point that it was exaggerating!

When the wings opened up, it was about fifty feet broad. It blotted out the sky and the sun, enveloping the arena with its shadow!

Its shocking appearance had caused everyone to be astonished!

The wings looked lifelike, with its veins, arteries, and feathers clearly visible.

Every wing was formed by the concentration of the scarlet raging flame. When looked at it, the whole pair of wings was burning.

When looked at it from afar, it looked as if a huge fire phoenix had descended from the sky!

The shocking scene of a fifty feet broad giant flame wings had shaken the hearts of everyone!

"Phoenix..." Within the audience, many disciples' throats were as if it had been blocked by something. Their hearts shivered violently and they found it difficult to say anything.

"What...what a big pair of wings!"

"Is that really the phoenix's wings? It's so beautiful!" After being shocked, many female disciples looked at Su Yu with admiration and respect!

Mo Wu's beautiful eyes shrank completely and she was extremely surprised. "This is..."

The Second Elder's eyes were filled with astonishment. With the sudden appearance of a pair of phoenix wings that blotted out the sky and the sun, even if it were she, she was also stunned and attracted by the wings' beauty for a short while.

After some time, she revealed a smiling expression. "We have all underestimated him! A Stage Two Top Class legacy level cultivation technique!"

"Stage Two Top Class..." At that moment when Mo Wu became absent-minded, her heart started to shiver.

The whole arena was silent. As they stared at the giant phoenix wings which blotted out the sun and the moon on the arena, the violent waves in their hearts did not seem to stop!

When they fixed their eyes on the owner of the phoenix wings, Su Yu, all of them regarded him with veneration!

When his fluttering silver hair, the strange seal in between his eyebrows and his extremely handsome face were combined with the extremely beautiful phoenix wings, he gave others the illusion that he was a god!

That was the second form of the Icy Divine Wings, Ice Phoenix's Divine Wings!

After being shaken up hastily by the incredible raging ice flame's cold energy, Icy Divine Wings made a breakthrough at an explosive speed, where it made a breakthrough from Stage One Top Class to Stage Two Top Class. This breakthrough was so fast that it was unprecedented.

Su Yu put down Yao Hong whom he carried in his arms with a calm expression and said with a warm voice. "Senior Yao, how are your injuries?"

Yao Hong opened her beautiful eyes so big that it was like a circle and she raised her eyes in disbelief to look at the giant fire wings which blotted out the sky and the sun. When her gaze landed on Su Yu's face, she felt shocked for the first time.

For Su Yu to rescue her in that kind of imminent peril, it could be seen that Su Yu's movement technique was so frightening that it was unimaginable!

It seemed that the reason why Long Fan managed to catch up with him three times was that he was suppressing his movement technique intentionally!

He had finally displayed the true abilities of his frightening movement technique!

"I... I am fine." Yao Hong came to her senses from her astonishment but there were still remnants of astonishment in her eyes. She who was valiant and heroic had lost control of herself unavoidably and she walked down the arena wobbly.

Su Yu nodded his head, looked at Long Fan calmly and flapped his fifty feet broad and towering wings lightly. "Do you want me to display my moves, or do you want to concede defeat?"

Su Yu questioned Long Fan calmly without any threat of violence.

However, no one felt that Su Yu was arrogant!

It was as if it was normal for those words to come out from his mouth!

Long Fan could not believe the scene in front of his eyes. That was the real abilities of Su Yu's movement technique; previously, Su Yu had suppressed his abilities!

However, when he heard Su Yu's words that were filled with disdain, even though he felt surprised, he also felt anger.

"You think so highly of yourself?" Long Fan hummed coldly. "It is not so easy to shatter the myth of the undefeated Holy King!"

"Yellow Dragon's Green Cloud Movement!" Long Fan gave an angry roar. The yellow clouds around his body vibrated quickly and changed into a yellow dragon which passed through the clouds back and forth and headed for Su Yu!

With a speed that was comparable to someone of Dragon Realm Level One, the audience could only catch a glimpse of its shadow and they were unable to see its shape!

Yao Hong's beautiful eyes shrank slightly and she observed the match seriously.

However, she was unable to determine Long Fan's path of movement!

The audience was looking forward to the outcome of the match!

Su Yu's Ice Phoenix's Divine Wings and Long Fan's Yellow Dragon's Green Cloud Movement, which one of them was stronger?

However, a delicate voice drifted across the arena. "Too slow!"

Rumble, bang—

As the voice drifted, a dull noise could be heard from the arena.

When they fixed their eyes onto the noise, a scene that caused them to gasp appeared!

Long Fan who was about to attack moved with a speed so fast that it was difficult to follow his path of movement.

However, at the very moment, it was as if he had banged into a mountain and he was sent flying backward from within his blurry path of movement!

Owh—

Long Fan spat out a mouthful of blood and he was filled with astonishment!

He did not manage to see clearly who attacked him and in the next moment, he was kicked in the abdomen!

However, without any time to react, he had punched his face again!

Thump—

His body which had not fallen flew again!

At the next moment, another kick landed on him!

Rumble, bang—

After which, a punch landed!

Thump—

The arena was dead silent!

In their eyes, Long Fan was as if he was a sandbag that was sent flying in all directions in the sky!

Long Fan did not have the strength to return the attack. More accurately, he did not even know who attacked him!

In the audience's eyes, they could only briefly see a red thunderbolt shining continuously.

Every time the red thunderbolt shone, it would be the very moment where Long Fan was attacked and spit out blood afterward.

After ten moves, Long Fan's body was full of blood and he was heavily injured!

Rustle—

The extremely beautiful Ice Phoenix's Divine Wings appeared.

"Is that your definition of the myth of being undefeatable?" Su Yu's silver hair floated at his forehead. A pair of pitch-black eyeballs was extremely calm. "Seems like it is nothing much."

After hearing what was said, Long Fan was not ashamed. Instead, his expression was filled with fear!

In front of Su Yu, he actually did not have the strength to fight back!

The movement technique that he was so proud of was useless against Su Yu!

If that were a real fight, he would have died many times!

Without question, Su Yu had abilities that were more frightening than someone of the Dragon Realm!

As to which level of Dragon Realm Su Yu was at, no one knew!

The audience in the arena was extremely shocked!

In Su Yu's hands, Long Fan, the half Dragon as well as the number one of the Three Unmatched Holy Kings who was undefeatable, actually had no strength to resist him?

What kind of abilities did Su Yu have? Had he achieved the Dragon Realm?

Mo Wu took a normal breath and her beautiful eyes were filled with surprise!

A few months ago, in her mind, Su Yu was merely a low-leveled Holy King.

At the very moment, he had abilities comparable to someone of the Dragon Realm!

His abilities had grown so quickly that he could be considered unique!

The Second Elder's white eyes were filled with admiration and fondness. Half a year ago, that ignorant little kid who questioned her about the situation in the Depository of Buddhist Scriptures had grown to such a high level half a year later?

Xi Ruolan who was atop the arena gasped. Su Yu defeated Long Fan, the undefeated Holy King so easily?

Xi Ruolan's mind recalled something. Her lips wriggled as though she wanted to say something. However, after pondering for some time, she kept her mouth shut in the end.

Her eyes gradually returned back to being cold. "Do you still want to fight with the two remaining persons of the Three Unmatched Holy Kings?"

Su Yu's eyes swept towards Yao Hong and then landed on Rong Hanming afterward.

"Senior Rong, you seemed like you wanted to fight me just now, now..."

Rong Hanming's forehead was streaming with cold sweat and his back was wet with sweat. He could not help but laugh awkwardly. "Junior... Junior Su, you have misunderstood me. I concede defeat..."

Recalling that he had intentions to fight Su Yu previously, the bottom of Rong Hanming's feet started to emit cold air!

Su Yu nodded his chin indifferently. "I understand."

As such, Su Yu was worthy of being the number one of the second segment.

He dueled with the six persons who had been eliminated and selected the strongest person out of them to fill up the fifth slot.

"The second round of selection is over! Rest for a short while and prepare for the ranking competition in the third segment," Xi Ruolan declared indifferently and returned back to the side of the Tenth Elder.

The Tenth Elder's expression was a bit gloomy.

Su Yu's brilliant match had caused everyone to be astonished!

In the whole of Liuxian faction's history, there was only one person who could compete with Su Yu's legendary method of training. That person was... the Second Elder!

There was a possibility that Su Yu might break her epic record of achieving Dragon Realm Level Seven at the age of twenty!

After all, Su Yu was only fifteen years old at the very moment!

"Li Guang ah, Li Guang, even though you are dead, you have left behind a snake in the grass!" The Tenth Elder whispered softly and his words contained a bit of hatred.

Xi Ruolan stood at one side quietly and her face was filled with fear.

Previously, Su Yu knelt down in front of Li Guang and made an oath which echoed in the sky that he would kill her and Han Zhi with his own hands. At the very moment, that oath reverberated in her heart.

That time, she treated Su Yu's oath as an ignorant, fearless and valueless oath that was made by Su Yu who was in dire straits and she ignored it.

However, at the very moment, she realized that that oath was about to become real!

Su Yu already had the abilities to kill her!

Thinking about that, she whispered with remorse, "If I had known that this would happen, I would have rushed into the Li family at all costs to eradicate the source of the trouble!"

Feeling Xi Ruolan's fear, Han Zhi extended his hand, grabbed her soft, white, and delicate hands and laughed coldly. "Don't worry! If he wants to kill you, he will have to go through me first! He is just a mere Dragon Realm Level One and killing him is as easy as turning my hand over!"

Xi Ruolan laughed gently and her face became at ease. She took advantage of the situation to lean onto Han Zhi's chest and she said gently, "Thank You, Brother Zhi."

Feeling that his chest was warm, Han Zhi greedily breathed in the fragrance from Xi Ruolan's body. His eyes were filled with infatuation and pride. "Ruolan, the thing that I take pride the most in is obtaining you."

Xi Ruolan was born with a unique fragrance, which is what Han Zhi loved the most about her. Because of that, Han Zhi used every mean to obtain her in the past.

Xi Ruolan smiled and got closer to his chest so that he could breathe in more of her fragrance more conveniently.

Having seen that scene, the Elders and disciples remained calm.

The both of them stuck to each other like glue. They had loved one another for a hundred years and were a story on everyone's lips within the faction.

Su Yu shot a cold glance towards the both of them and his murderous intents became thicker!

Li Guang's life was completely destroyed by Xi Ruolan!

If she did not die, Su Yu's anger would not subside!

A delicate fragrance floated over and a dignified and beautiful shadow arrived at Su Yu's side.

"Master told me to tell you that in the duel of the third segment, you need not be too concerned about the results." Mo Wu's expression remained cold. However, when she looked at Su Yu's gaze, her expression became slightly different as Su Yu had taught her something in the past.

Su Yu pondered for some time and he immediately understood the Second Elder's intentions. He nodded his head. "Yes, I know. I have secured one of the slots to enter the Ancient Xianyun Temple. For the third segment's ranking competition, it is only for the sake of glory. Hence, I will not expect too much of myself so that I will not reveal my true abilities."

Among the Ancient Xianyun Temple, the competition was high and it was unwise to reveal one's true abilities early to earn the desired position in the ranking competition.

Mo Wu's beautiful eyes glared at Su Yu with suspicion.

She did not know why, but Su Yu always gave her a feeling that he was more mature than someone of the same age as him!

Even though Su Yu was younger than her by three years old, there were some fields that he was wiser and more composed than she was. Hence, this caused Mo Wu to feel unsatisfied.

"That is indeed one of the reasons. Over the years, there are very few people who will display their true abilities in the third segment of the Xianyun Contest. However, there is one more important reason; the main point that master wants to remind you about!" Mo Wu's beautiful eyes were burning with a fighting spirit that was rarely seen.

Chapter 182: Hundred Territories Alliance

"It's about the Hundred Territories Alliance Meet. It is going to happen just as the Ancient Xianyun Temple leaves. Before entering the meet, it would be detrimental to you if you display too much of your abilities."

Hm? Su Yu arched his eyebrows, his eyes lost. "What is the Hundred Territories Alliance? And what is this meeting about?"

"The Hundred Territories Alliance is the Hundred Territories Alliance..." Mo Wi had just realized that Su Yu had only entered the faction half a year ago! "The Hundred Territories Alliance is the alliance formed between several hundred powerhouses of the continent, the Liuxian faction is one of them."

Su Yu was shocked. "Other than the Liuxian faction, the Zhenlong continent still has several hundred other powerhouses? The Zhenlong continent is indeed massive!"

Even though he had thought about the fact that the Liuxian faction was not the only powerhouse in the Zhenlong continent, he did not think that there were so many powerhouses, the numbers reaching several hundred!

Mo Wu froze for a moment, before doubling over in laughter! As cold as she was, she had never shown her smile in front of another person. Even the Second Elder had not seen much of her smile. But she could not control her laughter.

Her petal-like red lips parted, showing off two rows of snow-white teeth. Her eyes took the shape of her laugh, forming a pair of crescent moons. Her two dimples hung on the side of her cheeks. She looked like the cherry blossoms in March, causing many to be drunk on her beauty.

Su Yu was also shocked. It was also the first time he had seen Mo Wu laugh.

Mo Wu seemed to realize her unusual actions, covering her lips with her jade-like hands. Her face was slightly flushed, laced with some feelings of shyness. Those later turned into frustration as she stared at Su Yu. "What are you looking at?"

Her smile had been kept and she regained her composed look. "Do not say anything about this in front of outsiders, or they will surely laugh!"

Looking at Su Yu's confused eyes, Mo Wu calmly explained, "The vastness of the Zhenlong continent is out of your imagination! The Liuxian faction is merely a tiny fraction in the Zhenlong continent.

"There's not enough time to explain everything to you. Don't you have a chance to enter the depository that you haven't used? Within the depository is a book called the Summary of the Zhenlong Continent. It explains the Zhenlong Continent in great detail, and would be beneficial in improving your knowledge of the Zhenlong Continent."

Su Yu had once gone on a mission to the Wolong Snowfields and had received the reward of entering the depository. But he did not have any techniques that he needed to learn as of now, and thus had always kept that right.

Mo Wu's words had piqued Su Yu's curiosity. Just where did the Zhenlong Continent really count in the world?

"Alright, just remember it. There's no need to fight for a good rank," After Mo Wu said this, she left as if she was escaping from something.

The disciples who saw the scene were still dumbfounded. None of them had ever seen Mo Wu smile. Mo Wu was a cold person, rejecting people from a thousand miles away no matter who they were. Only Su Yu could cause her to be relaxed and let out the accidental laugh! That laugh was beautiful and grabbed the attention of everyone, making it hard for anyone to forget! Many of the male disciples were drunk on that beauty. Of course, there are some with nasty expressions, such as Wei Kang! His sinister eyes glared at Su Yu, marking him as an enemy!

The feelings of Mo Wu when she protected Su Yu in the Abyss of Wutong was clear as day. And today, Su Yu had made her laugh. Undoubtedly, Su Yu occupied an extraordinary position in Mo Wu's heart!

"Su Yu! Do you dare touch the woman I have claimed? I'll teach you a lesson!"

Xi Ruolan walked to the contest stage. "The Xianyun Ranking Competition starts now! You can choose who you want to challenge by yourselves. Each of you would have one chance to challenge someone! The victor continues to the next round of sparring until we find the last one standing!"

Her voice was gentle but filled the entirety of the faction.

Whoosh Whoosh Whoosh—

the Dragon Realm disciples who were late were gradually arriving, gathering at the preparation area.

The faction had fifteen Dragon Realm disciples, but only twelve had arrived today. There were three disciples that had not arrived.

"Of the Four Great Disciples of the Liuxian faction, only Mo Wu had come. Ranked first Ji Hongxue, ranked second Shen Jiuyou and ranked third Cao Xuan had not arrived."

It was not the first time Su Yu had heard the names of the Four Great Disciples of the Liuxian faction.

Su Yu was extremely familiar with Mo Wu and Cao Xuan. But he had never seen the high and mighty disciples ranked first and second.

According to the rumors, they were all madmen when it came to cultivation, locking themselves in throughout the year with little regard to what was happening in the outside world, and thus was hard to catch a glimpse of.

Would they come for the trials of the Ancient Xianyun Temple?...

Whoosh—

Two air breaking sounds could be heard!

Cao Xuan, who had been injured by Su Yu, had his injuries recovered. He was floating in the air, giving off a noble aura.

But what was strange that him, being proud and arrogant, was adopting a conservative stance, following at the back of a black haired man.

The black-haired man was skinny, his frame lanky. He was so skinny that many thought that he would be toppled with just a gust of wind.

But as skinny as he was, he gave Su Yu a deep feeling of threat!

It was as if he was facing a ferocious tiger back when he was still mortal!

Rumble—

The black-haired man descended onto the preparation area, causing the earth to tremble slightly.

Deep in his eyes, his pupils moved slightly, scanning the powerful Dragon Realm disciples around him, as if searching for someone.

"He did not come?" The voice of the black-haired man was raspy to the point where it was almost sinister.

After saying this, he walked to a corner of the preparation area and closed his eyes to rest.

Wherever he passed, Dragon Realm disciples were overcome with fear and respect, naturally opening up a path for him.

"Is that the legendary first disciple of the Great Elder, Shen Jiuyin?" Yao Hong's eyes were filled with fear and respect.

Shen Jiuyin, a legendary powerhouse of the faction!

Yao Hong had only seen him twice despite being in the faction for ten years!

"It is indeed him. It is rumored that his cultivation level had been raised to Dragon Realm Level Two Upper Tier. In three years, he would reach the abilities of an elder!" At the side, Song Hanming swallowed, full of fear.

Dragon Realm Level Three was the criteria for being promoted to an elder in the faction.

Shen Jiuyin was only twenty years of age, but had achieved such a cultivation level, rivaling the Second Elder back in those days!

Such an ungodly potential caused many to exclaim as they saw him!

The first disciple of the Great Elder? Su Yu's expression was serious. His instincts told him that he was a formidable figure!

Whoosh—

An air breaking sound pierced through the sky. A figure in plain robes had approached them with blinding speed!

He was clearly still on the horizon just a moment ago, but in the blink of an eye had arrived at the preparation area!

Shen Jiuyin opened his eyes, a fierce battle intent burning. His raspy laugh as if came from a ghost. "Ji Hongxue!"

Thud—

Ji Hongxue's descent had caused the earth to tremble, multiple cracks forming from his legs, spreading around him.

"The rumored only personal disciple of the master of the faction, Ji Hongxue?" Song Hanming took in a light breath, his eyes filled with admiration and respect.

Ji Hongxue was twenty-four, wearing a plain robe. His features were defined and filled with masculinity.

He did not move, but the impact he had on others was as if a wave of steel had crashed onto them!

Su Yu observed him, his eyelids twitching. "What a terrifying body!"

Su Yu had observed him closely, discovering what the others could not.

The air surrounding Ji Hongxue's body was boiling!

It was caused by his body being too powerful, involuntarily dispersing blood energy around him!

The thoughtless action could cause the air around him to boil. If he used his full power...

This impacted Su Yu greatly. This was Ji Hongxue, the top disciple of the faction!

Ji Hongxue and Shen Jiuyin. These two elusive geniuses had descended here today in a shocking fashion!

Ji Hongxue's fierce gaze glanced toward Shen Jiuyin. He kept his gaze there for a second, a bolt of disappointment flashing in his eyes. He gently shook his head. "You... cannot defeat me."

Shen Jiuyin was not angry, instead, his battle intent became greater. "We shall see in our battle later! We have not fought in a year, I wonder what levels had you broken through to?"

"Alright, other than you, there's no other opponent left in the faction." Ji Hongxue let out a light sigh. His words carried a little loneliness—the loneliness of being the strongest!

His fierce gaze leaped past Shen Jiuyin, scanning the rest of the disciples.

But those scanned by him averted their gaze, not daring to look directly at him.

Ji Hongxue, the legendary powerhouse. His name was recognized all over the faction.

But the disappointment in Ji Hongxue's eyes did not go away.

As he scanned past the familiar faces, Ji Hongxue sighed as he shook his head. "In a year, there are no new Dragon Realm disciples. Your abilities did not improve much at all. There's still only Shen Jiuyin that could stand up to me."

Including Mo Wu, the thirteen Dragon Realm disciples all had expressions of shame and bitterness.

Only Ji Hongxue could look at them like he was the monarch!

In a year, their abilities had improved. But in Ji Hongxue's eyes, those improvements were not worth mentioning. It was the same as not improving at all!

But Ji Hongxue's trailing gaze fell onto someone. He shot his fierce gaze over, locking onto an unfamiliar Holy King disciple.

His unique silver hair was strange and memorable. His strange aura stood out from the crowd.

He squinted slightly. Ji Hongxue gradually said. "Interesting, even though I don't know how you did it, my instincts tell me that you are very dangerous!"

These words caused ripples all around!

A crowd of Dragon Realm disciples had been disregarded by Ji Hongxue. But Ji Hong Xue had said the words 'very dangerous' when he saw Su Yu!

Swoop Swoop Swoop—

A thousand eyes from the crowd all shot toward Su Yu!

Shock, curiosity, lost, injustice; many expressions were worn on the faces of the crowd.

It was at this moment that Cao Xuan noticed that Su Yu had fought into the top twenty of the faction!

"How is that possible? How did he manage to get into the top twenty with his abilities?" Cao Xuan lost his voice in shock, his heart filled with uncertainty!

When they last fought, Su Yu could not even rank in the top hundred, much less the top twenty?

Shen Jiuyin squinted his eyes, his raspy voice giving off an icy intent. "He is the Su Yu you talk about? Interesting, Ji Hongxue's judgment is exceptional. He was speaking empty words when he said Su Yu was dangerous! I look forward to battling him!"

Cao Xuan's fist was clenched tightly, his expression sinister.

Shen Jiuyin had not even looked forward to fighting Cao Xuan, but now was looking forward to a battle against Su Yu!

When did the ant that had to look up to him at the Shenyue Island grown to such an extent?

Fury and fear from deep within his soul welled up in his heart!

He could not give Su Yu any more room to grow!

A killing intent circled in his eyes!

Wei Kang's expression was rigid, his heart filled with injustice, especially when he glanced at the cold Mo Wu who had shown looks of surprise!

"Su Yu! I do not believe that you are this powerful!"

The gazes that were shot toward him caused Su Yu to laugh bitterly. He felt especially bitter when he felt the multiple looks of animosity and battle intent.

He had wished to lay low for the first three rounds, but things were not going his way!

Chapter 183: Striving For A Decisive Victory

Su Yu did not fear a single match!

Xi Murong's pupils shrank slightly and he became serious. Ji Hongxue who was so strong actually judged Su Yu as well?

Xi Murong's heart felt restless like never before!

He cast aside his shocked look and he forced himself to remain composed. "Rules of the ranking competition are as follows: as there is a shortage of time, everyone will be given one chance to make his move. Based on the multiple times of display of abilities through the duels, the Faction Master and the Ten Elders will give you an appropriate ranking."

After listening to the rules, many people felt that it was unfair. Without a match where one went all out, how was it possible for them to ascertain the rankings of the participants accurately?

However, thinking about it carefully, what kind of diabolic eyesight did the Faction Master and the ten supreme Elders have?

During the match, it would be difficult for superiority and inferiority to escape their insight.

In addition, the Faction Master and the Ten Elders would exchange their views at the same time. Hence, the chance of there being an error would be extremely slim!

"First match, Cao Xuan versus Mo Wu!"

At once, the audience became excited! The first match was a match between the Four Great Core Disciples of the faction's number three, Cao Xuan and number four, Mo Wu!

"Cao Xuan has a higher chance of winning. After all, he has a cultivation base of Dragon Realm Level Two Lower Tier, which is one tier higher than that of Mo Wu!"

"Indeed, when the two of them fought with one another previously, Mo Wu was defeated after a hundred moves. After one year, the cultivation bases of both of them did not grow and their abilities should not be too far apart from one another."

Whiz—

Rustle—

Two noises broke the silence.

Two shadows appeared out of the void on the empty arena.

One of them was a young man in his twenties. He had a normal face and he wore a green coat with white clothes. His eyes were bright and he was glowing with health and radiating vigor.

The other person was an eighteen-year-old young lady with a remarkable youthfulness. She was extremely dignified and her temperament was cold, elegant and threatening.

Cao Xuan smiled delicately. "Junior Mo is even more graceful compared to the past. In this duel, I will go easy on you."

Against the most beautiful woman in Liuxian faction, anyone would have a heart that showed pity and tender love.

"No need, please give your best." Mo Wu's expression turned cold. Since her opponent's words were filled with mockery, Mo Wu treated him heartlessly.

Cao Xuan knew that that was Mo Wu's natural reaction and he did not become angry. "If this is the case, then I shall not hold back!"

"Six Fingers of Destruction!"

Grow, grow—

Raging flames emerged from the six fingers!

The flames looked gentle and did not have any powers. However, in the arena that was filled with ten thousand people, it was evident that the flames were scorching hot!

"What a frightening temperature... Six indistinct flames alone already have such power. Within a short distance of the flames, everything would be burnt!" Countless disciples swallowed firmly.

"As expected of Dragon Realm. Every move and action has the intention to destroy!"

The Second Elder frowned. "A Stage Two Upper Class legacy level cultivation technique?"

In the past, when he suppressed his cultivation base and fought with Su Yu, his legacy level cultivation technique was only at Stage One Top Class. After a few months, he had managed to comprehend his legacy level cultivation technique to Stage Two Upper Class. His speed of improvement was so fast that it was shocking.

The Tenth Elder smiled gratifyingly and indifferently. "Human beings will strengthen themselves when faced with miseries. Cao Xuan started to work hard after he was shamed. After he lost to Su Yu, he worked extremely hard and shut himself off from the outside world for a few months. After which, he made a lot of progress on the comprehension of his cultivation technique. In another sense, he should thank Su Yu."

Cao Xuan's greatest shortcoming was his level of comprehension!

Although his cultivation base was high, his level of comprehension was the lowest among the Four Great Disciples. Hence, his cultivation technique's training fell behind the other three of them.

He had managed to make up for the gaps caused by his shortcoming. Hence, all the more Mo Wu could not match him!

"Is that so?" The Second Elder replied indifferently.

Atop the arena, Mo Wu's prideful and charming body stood tall and upright calmly. Against the frightening temperature, her heartless eyes remained unchanged.

Rustle—

She extended two of her fingers from her jade-like hands and treated them like a sword.

"Cold Gale Sword!"

In an instant, Mo Wu herself was like a cold sword. Her temperament was cold as though it could force someone into submission!

Her two fingers emitted an abundant amount of sword energy that was swift and fierce like an overlord!

Rustle—

Both of them disappeared high up into the sky at the same time and their attacks collided outrageously with a speed faster than sound!

One of the attacks was six fingers shrouded in a frightening temperature and the other attack was two fingers with an overwhelming amount of sword energy!

Their attacks collided soundlessly and it shook the clouds in the sky!

The explosive energy spread across all directions as if it was the ripple effect!

With the exception of the martial artists of the Dragon Realm who was safe and sound, all the Seventh Level Holy Kings retreated and kept themselves out of the way!

Thump—

In the middle of the arena, both of them retreated!

Cao Xuan retreated about two steps while Mo Wu retreated about ten steps!

The outcome of the match was obvious with just a glance!

Cao Xuan smiled arrogantly and said leisurely. "Junior Mo, it seems that you need to train harder."

In the previous year, Mo Wu was defeated after hundred moves. However, at the very moment, the outcome was determined after one move!

The Faction Master and the Ten Elders exchanged looks. After which, they stared at Mo Wu and were filled with admiration. "Not bad. There is finally a change in the ranking of the Four Great Disciples. This match goes to Mo Wu! Mo Wu's rank will rise by one to the third position while Cao Xuan's rank will fall by one to the fourth position."

After the speech, their gazes shot towards Cao Xuan and they admonished him. "Training is like sailing against the current. Instead of progressing, you have deteriorated. You have to train harder, or else the late bloomers will catch up with you."

Hiccup—

The whole arena was stunned. Although it was evident that Cao Xuan was victorious, why was the assessment as such?

Cao Xuan's expression turned serious and he shot his gaze towards the Tenth Elder, his master. However, what he got in return was a gloomy and unpleasant expression!

The Second Elder's mouth opened slightly and she grinned.

After experiencing the extreme changes in the abyss of Wutong, Mo Wu's cultivation base which had remained stagnant for a long period of time made a breakthrough. A few months ago, she had made a breakthrough from Dragon Realm Level One Peak to Dragon Realm Level Two Lower Tier.

At the current match, she had suppressed her cultivation base and she did not care about winning or losing. However, her actions did not slip past the eyes of the Faction Master and a number of the Elders.

With a cultivation base of Dragon Realm Level Two Lower Tier, a legacy level cultivation technique at a frighteningly high level of Stage Three Lower Class, combined with her usage of her fingers to replace her sword, Mo Wu had suppressed her abilities greatly.

Hence, even though she lost, she did not get in the way of the judgment of the Faction Master and the Elders.

Mo Wu's abilities had surpassed Cao Xuan!

"Second match..."

"Third match..."

The matches which carried on afterward were all Dragon matches. The Dragon matches were brilliant and they were hailed as the best matches!

Su Yu was the same as most of the disciples. He observed every match attentively so that he could learn from it and also heighten his level of comprehension."

Only Ji Hongxue closed his eyes and crossed his legs throughout the matches. He did not shoot any glances at the matches.

It was as if all the matches did not catch his eye!

"Ninth match, Su Yu versus Wei Kang!" A thread of waves appeared in Xi Ruolan's voice which was calm throughout for the first time.

How strong was Su Yu?

Ji Hongxue who felt uninterested and closed his eyes throughout the other matches slowly opened his eyes.

His swift and fierce eyes were looking forward to the match and he smiled. "Let me see which aspect of the person that I am looking forward to seeing is strong in!"

Rustle—

Gazes upon gazes came from the void and landed on Su Yu.

A person that was considered "very dangerous" by Ji Hongxue and a person that Shen Jiuyin was looking forward to fighting. How special was he?

Bearing many gazes, Su Yu stepped onto the arena indifferently.

Wei Kang looked at Xi Murong with a grateful expression inconspicuously. It was not a coincidence that he was able to face Su Yu.

Rustle—

As if he were a lump of smoke, Wei Kang's movement technique was quick and skillful and he floated onto the arena.

He was also someone with extremely strong movement techniques!

"This is the end of the line for you! I, Wei Kang, will use my fists..." Wei Kang secretly saw Mo Wu who was paying close attention to the match and his heart burnt with jealousy!

He did not understand what did Su Yu have that caused Mo Wu to treat him with special respect!

Be it abilities, resources or status, he was way above Su Yu by many times!

However, before he was able to finish talking, Su Yu interrupted him coldly. "I will give you three breaths' time to finish your ranting."

Wei Kang stopped talking and he was furious. "Good! Since you want to get down the arena earlier, I will grant you your wish!"

"One move is more than enough to defeat you!"

Rustle—

Wei Kang's body transformed into light noise that was shaped like a ghost and he floated towards Su Yu.

His speed was not slower than Su Yu's movement technique!

"He had honed Misty And Solitary Goose to Stage Two Top Class and its speed is comparable to someone of Dragon Realm Level Two Upper Tier." Ji Hongxue commented dully and his gaze focused more on Su Yu.

Su Yu's eyes were clear and calm. He flipped open his wings and the Ice Phoenix's Divine Wings which blotted out the sky and the sun enveloped half of the arena!

Whiz—

With a sudden flash of a red light, Su Yu disappeared high up into the sky!

Ji Hongxue's dull gaze contained an indifferent laughter. "Among the faction, there are no ice-based martial artists. Even so, he managed to hone his legacy level cultivation technique to Stage Two Top Class and this is deserving of some praise."

The equally matched movement technique collided in the sky!

Wei Kang sneered. "Do you think that by relying on your movement technique alone, you can fight with me shoulder to shoulder? Return back to where you belong!"

Rumble—

A sound as if a thunderbolt was rolling around reverberated within his body. The spiritual energy of the Dragon Realm gushed out from his body as if a volcano had erupted abruptly!

A spiritual energy which suppressed all Holy Kings headed towards Su Yu!

Su Yu was as if he was a lone boat that had met with a stormy sea that could reach the sky and was about to topple!

Mo Wu was a bit worried. Su Yu was alone. Would it be too difficult for him to handle his current situation?

However, Su Yu who was faced with the spiritual energy that was like a stormy sea had pitch-black and deep eyes that were calm like before.

"Fighting me with spiritual energy?" Su Yu whispered indifferently.

Rumble, rumble—

A thunderbolt which traveled through the sky erupted from Su Yu's body abruptly!

The thunderbolt was as if it was a sudden clap of thunder and it swam across the sky! After which, the raging spiritual energy splashed out with an explosion!

The two lumps of spiritual energy which had erupted from their bodies collided with a loud crash!

Bang, rumble—

A shocking exploding sound erupted between both of them abruptly!

The frightening spiritual energy moved about like a dragon and it spread across all directions!

Although it was incomparable to the match between Cao Xuan and Mo Wu, the spiritual energy could not be blocked by a Holy King!

Most of the Seventh Level Holy Kings retreated one after another and they were shocked!

In particular, Long Fan, who was defeated, gasped and he was extremely shocked!

"Su Yu... his spiritual energy is actually so frightening?" That spiritual energy which had achieved the level of Dragon Realm caused the bottom of Long Fan's feet to emit cold air!

Ji Hongxue's dull eyes shone brilliantly. "Interesting! An amount of spiritual energy that is twice of that of someone of the same level as him! Even the Thousand Thread Mantra within the faction does not have such a power!"

The Faction Master and the Ten Elders revealed a thread of surprise for the first time.

"Su Yu's cultivation technique... where did it come from?" The faction did not have such a superb legacy level cultivation technique that could expand one's spiritual energy greatly!

Moreover, Su Yu had honed his cultivation technique to a very high level—Stage Two Top Class!

Su Yu had honed the two ice-based cultivation techniques Icy Divine Wings and Sigh of Ice to Stage Two Top Class!

The person who was shocked the most was Wei Kang who was sent flying by the attack!

Giant waves of astonishment had started to form in his mind!

In his eyes, he saw Su Yu as a weak person. However, he was equally matched with Su Yu in movement technique and spiritual energy!

His proud words to defeat Su Yu with one move was shattered with a loud bang at the very moment!

Wei Kang's face was half green half red and he was both furious and ashamed. "You can be proud of yourself as your spiritual energy is equally matched with mine! However, everything has already come to an end!"

Wei Kang bit his teeth and he started to weave seals on both his hands.

His fingers moved quickly and it looked like fragmentary shadows overlapping one another.

A strange rhythm gathered in his palm and reverberated in the hearts of everyone.

Every time the finger moved, everyone felt that their hearts tightened slightly.

Mo Wu's expression turned serious. "Is that his unique skill, Seal of Mountains and Seas, that the Third Elder personally passed on to him?"

Shen Jiuyin's deep eyes were burning. "Within the Depository of Buddhist Scriptures, the Seal of Mountains and Seas is an incredibly strong divine seal!"

As for Ji Hongxue, he was quite curious. "It is said that the Seal of Mountains and Seas originated from some of the rumored legacy level cultivation techniques. Hence, its power is one of the strongest among the Depository of Buddhist Scriptures."

The Second Elder was a bit surprised. "He had honed Seal of Mountains and Seas to Stage Two Top Class? In the past, the Third Elder relied on the rhymed formula of the seal to train but no results were seen! Does Su Yu have any defensive moves to deal with it?"

"Since I have used Seal of Mountains and Seas, who can win against me? Su Yu! Cower upon the might of the Seal of Mountains and Seas!" Wei Kang gave a light roar and condensed the Seal of Mountains and Seas to the best of his abilities!

Chapter 184: Charging into the top ten

Pitter Patter—

A palm-sized scene of mountains and seas rising and falling was faintly visible between Wei Kang's palms!

As he rotated his palms, the scene became more violent, displacing the seas and mountains, striking down at Su Yu!

Su Yu felt the world turn darker, the scene of the mountains and seas crushing down from above his head!

Crash—

The stone board under Su Yu's feet was completely obliterated!

The Dragon Realm disciples near the stage all had expressions of shock, retreating rapidly. The blood in their body was curling. The pressure of the seal caused their flow of blood to become unstable.

The Seventh Level Holy King that did not retreat in time vomited blood as he flew back, completely shocked!

"What...what a scary seal!" A Seventh Level Holy King wiped the blood off the corner of his lips, exclaiming in surprise as he withstood the pain in his stomach.

"Is Wei Kang really Dragon Realm Level One Lower Tier? With the power of such a move, shouldn't he be closing in on Dragon Realm Level One Upper Tier?"

The power of the Seal of Mountains and Seas was more powerful than anyone imagined!

Su Yu's eyes remained calm, despite being in the middle of the impact.

"Stage Two Peak of a legacy level technique? Unfortunately, I've only cultivated mine up to Stage Two Upper Tier!" Su Yu muttered, lifting his head under the pressure of the seas and mountains.

The bright red flame imprint between his brows jumped rapidly, like a spark of fire!

Crack—

It was as if the seal holding back an icy world had come undone. At that moment, a horrifying chilly energy spread forth from the seal between his brows! The chilly energy rushed to the skies, condensing into clouds. Even though it was a sunny afternoon, the vapors condensed, forming dense black clouds!

White snow fell, time turned back into a harsh winter!

The sudden chill assaulted everyone, forcing them to circulate their spirit energy to prevent the chilly energy from entering their body.

"What a terrifying chilly energy! In terms of the technique's power, it is not weaker than the temperatures of Cao Xuan's Six Fingers of Destruction!"

"Look closely! This is just the beginning! Su Yu has yet to release the true chilly energy!"

A serious look finally entered Ji Hongxue's eyes. "There is somebody who cultivated the closest technique to Immortal class techniques in the depository, the Glazed Ice Flame, to Stage Two Upper Tier?"

Shen Jiuyin's cold gaze also showed signs of surprise. "What monstrous levels of perception! The difficulty in understanding this technique puts off even elders, but Su Yu could cultivate it to Stage Two Upper Tier?"

Cao Xuan was shocked. He had personally felt the power of this technique. Had Su Yu cultivated that technique to such a degree?

The threat and pressure had never felt larger to Cao Xuan. He clenched his fist. "Ants are ants! Don't think of trying to fly in the heavens with me!"

In his heart, Cao Xuan felt a deep sense of injustice. How would the power of Stage Two Upper Tier technique hold up against the might of the Stage Three Peak of the Seal of Mountains and Seas!

Atop the stage, Su Yu's eyes were shut tightly. Only the Fire Cloud Seal between his brows flashed suddenly!

"Glazed Ice Flame!"

Crack—

It was as if a volcano erupted, fiery red flames spewed from Su Yu's Fire Cloud Seal!

The boundless flames covered the surroundings as if a ball of burning cloud. It was thirty feet long, hovering over a third of the arena! But there was no heat to the flames, only an extreme cold!

"Holy Kings retreat immediately, Dragon Realms circulate your spirit energy to defend so as to ensure no casualties!" The master of the Liuxian faction was visibly shocked. The strange fiery red chilly energy caused even him to fear for his life!

If the chilly energy was stronger by a few more notches, it would be enough to send his soul scattering!

This was the Incredible Icy Raging Flame, condensed into a ball by Su Yu! The alarming chilly energy froze heaven and earth! The mountains and seas were frozen, becoming a picture of icy mountains and frozen seas!

Crack—

As the chilly energy became stronger, the Seal of Mountains and Seas could no longer keep up, finally cracking!

Spit—

Wei Kang, who was using the technique, was implicated. His face turned red, spitting out a mouthful of fresh blood!

In the chilly energy, the blood froze, turning into snowflakes as it scattered in the heavens.

Wei Kang's face was etched with shock and fear. His technique was clearly a tier higher than his opponent's. But the results of the collision was a definite defeat!

The fiery red cloud of ice flames was immensely horrifying!

A victor had been decided for this battle.

No one could believe such an unexpected result.

A mere Sixth Level Peak Holy King had decisively defeated a Dragon Realm Level One Peak, even though... Wei Kang had deliberately held back, but to be able to best him caused many to be in shock.

Ji Hongxue shook his head gently, his eyes laced with disappointment. "Not bad, but unfortunately, he had not displayed what I wished to see!"

Shen Jiuyin was also disappointed. "If his abilities are but so, he is not worthy of fighting me."

"Hmph! His abilities are average!" Cao Xuan was shocked by the power of the Glazed Ice Flame, but seeing Su Yu's abilities, he was at ease. "Wei Kang had held back, only using forty percent of his abilities. Su Yu had won with much difficulty, his abilities average. If Wei Kang had used his full abilities, Su Yu would never be able to match him."

Atop the arena, Wei Kang's eyes were filled with humiliation. He had lost!

He could bear with it had he lost to anyone else. But he did not allow himself to lose to Su Yu!

He was but an ant needing to be protected by a woman in the Abyss of Wutong, but now he could stand toe to toe with him at forty percent!

"Don't be arrogant! It's not over!" Wei Kang clenched his teeth, furiously grunting. "I had wanted to hold back, but now I guess I need not reserve my strength when it comes to dealing with such an arrogant fellow!"

His teacher, the Third Elder, lightly creased his brows, wishing to stop him. But after thinking about it, he ultimately gave up that thought.

Wei Kang would inevitably develop a knot in his heart if he lost this fight, it was better to let him fight with his full abilities.

In front of his full powers, the outcome of the match was clear as day.

Hearing this, Su Yu thought for a moment, gently nodding his head. "Alright, since you are coming with me at full power, I can use this chance to test where my abilities stand when I use everything in my arsenal."

These words caused a stir in the crowd.

"What? That lad had also held something back? What kind of bonds did his body have?" Many of the disciples were shocked.

Su Yu had shown such a powerful ability, but was under the bonds on his body!

Mo Wu's eyes were serious. Her teacher had said that Su Yu had deliberately suppressed his abilities, but she could not see how he was doing that.

A renewed excitement replaced the disappointment in Ji Hongxue's eyes. "Was that the thing I was cautious about?"

Shen Jiuyin observed Su Yu, finally locking his gaze on his waist where a stone the shape of a small hill that was tied to him by a Divine Ice Thread. He squinted. "That small rock... could that be somewhat heavy?"

Cao Xuan also shot his gaze there, his expression serious. "It would seem like that is not ordinary. But given its size, even if it were heavy, it wouldn't make too much of a difference!"

Wei Kang laughed. "You do not hold back your words! Are you telling me that there are heavy sandbags around your limbs!"

Such methods of training with weights were not rare, There were many who cultivated with this technique in the faction, but the effects were minuscule.

Su Yu did not regard that, unraveling the Divine Ice Thread and throwing the small rock on the ground.

Crash—

It was as if a landmine exploded!

It was clearly a small rock, but it was as if a mountain had crashed into the arena! The impact caused the arena to shake. Cracks the size of legs spread everywhere. Everywhere they looked was on the verge of collapse!

The crowd was silent!

"He...he was carrying a mountain during battle?" Long Fan, who had once fought Su Yu, gasped!

"How, how is that possible?" Cao Xuan could not believe it. Fighting with such a heavy mountain and achieving such a terrifying battle ability. Once this was released, then...

Ji Hongxue shuddered, then smiled. "Interesting! How very interesting! Carrying a small mountain while cultivating? This is simply unheard of!"

The Second Elder, who had long seen the binds Su Yu put on himself, was also shocked. "The thing he used to suppress himself was this powerful?"

But what made her, the master of the faction and the rest of elders even more shocked was what kind of power was needed to shrink a mountain to the size of a thumb-sized stone?

To their knowledge, there was no one in the world who could do that!

In the dust and debris that had been sent flying, Su Yu felt incredibly relaxed, letting out a groan of relaxation.

He had been carrying this mountain for about two months now.

Now that he freed himself from it, he felt that his body was light as feathers, unprecedentedly relaxed!

The blood and veins that had been suppressed by the mountain had suddenly been released!

Rumble—

The blood in his body was like a wild horse that had been caged for a long time, charging into his veins!

The power that had been suppressed in his veins were all released, flowing to all parts of his body through his veins!

The flesh that had been freed absorbed that energy hungrily.

Su Yu's Sixth Level Peak Holy King cultivation level rose rapidly!

Buzz Buzz Buzz—

In just three breaths, Su Yu's cultivation level had leaped past the hardest hurdle many have in their lives, achieving Seventh Level Lower Tier Holy King!

At this moment, the explosion of power had stopped.

But Su Yu could feel that his flesh was still in a state of hunger. If he fed them enough energy, he could rise another tier in his cultivation level!

"He...he achieved a breakthrough?" Under the constant burden, his flesh had been incredibly suppressed. Now that he released it from the strain, he could achieve a breakthrough!"

Feeling the power of a Seventh Level Holy King, Su Yu was filled with gratitude.

Without Yun Yazi, how difficult would it be for him to reach this stage?

Su Yu kept his emotions, regaining his calm expression, shooting a look onto Wei Kang.

Wei Kang's expression was rigid, swallowing. Had Su Yu been fighting with him just now with such a heavy item?

Thinking about this, Wei Kang's heart trembled!

Su Yu was not human in his eyes!

But Wei Kang was already primed for the attack, he could not turn back now!

Clenching his teeth, Wei Kang frowned. "Alright, I'll see just how strong you are..."

He had not finished his words before a blur flashed past his eyes. It was Su Yu, who had teleported over!

His speed had exceeded Wei Kang's understanding!

"Ah! You..." Wei Kang let out a scream of fear.

But the sharp scream stopped abruptly. A palm had assaulted his abdominal area. He could not reach and was sent flying across the arena!

Ah—

With a pathetic howl, Wei Kang crashed onto the floor, his face red!

His back had been torn by the impact of the crash!

Su Yu, after his release, had defeated Wei Kang at full power with one move!

After releasing his restraints, his speed and power had all received drastic improvements! In terms of movement techniques, he is no longer weaker than a Dragon Realm Level One Peak!"

Xi Ruolan's eyelids were twitching, fear spreading in her eyes, but her eyes hid some signs of surprise...

"Round Nine, Su Yu wins!"

The master and the ten elders exchanged opinions, deciding on his placement.

"Rank tenth." The master of the Liuxian faction gave his personal opinion.

The rest of the elders, even the Tenth Elder who was extremely biased against Su Yu, had to admit that that was a reasonable judgment.

But this placement caused an uproar within the disciple!

For Su Yu's placement was even higher than some of the Dragon Realm Upper Tier disciples!

"Wei Kang was merely a bottom ranking Dragon Realm disciple. How did Su Yu warrant a place in the top ten just by defeating him?" Cao Xuan was incredibly anxious. Su Yu had fought his way into the top ten of the faction, rapidly catching up with him!

Chapter 185: The Summary Of The Continent

Shen Jiuyin's eyes were filled with trouble and he revealed a thread of anticipation. "The assessment is reasonable. Su Yu's abilities are way above Wei Kang and they are very near to a Dragon Realm Level One Upper Tier. In addition, he still has hidden abilities that he has yet to show us. Hence, it is not too much for the Faction Master and the Elders to conclude that Su Yu is ranked tenth."

Ji Hongxue frowned slightly. He shook his head and sighed. "Isn't number ten a bit unfair to him? My instinct tells me that Su Yu is more dangerous than you imagine. He should be in the top five and hence be standing side by side with me!"

Cao Xuan gasped. "Number five? Him?"

Ji Hongxue swept his eyes across him indifferently and said normally. "Putting aside the suppressing of the cultivation base, you could not even withstand a single blow of his... This point, it seems that you have already experienced it right?"

Previously, when Cao Xuan suppressed his cultivation base, he was assaulted by Su Yu to the point that he was half dead. Even Ji Hongxue, who shut himself off from the outside world, had also caught a wind of that incident.

Cao Xuan's face turned red. That defeat was a disgrace that he could never hope to clean off!

"Su Yu! I will never acknowledge that you have the right to be my equal!" Cao Xuan glared at Su Yu firmly and he was burning with anger.

No disgrace was as deep as it was in his bone marrow except when an ant caught up to him.

Last match, Ji Hongxue versus Shen Jiuyin. The both of them were the strongest disciples in the faction!

But they did not fight one another!

"The match between you and me shall happen during the Alliance Meet!" Ji Hongxue said with his eyes filled with anticipation.

Shen Jiuyin's eyes were burning with excitement. "Haha. That is for the best. The Alliance Meet is the stage for both of us. Liuxian faction... is too small!"

In the end, Ji Hongxue's gaze swept past the people and landed on Su Yu. He revealed his intentions to fight Su Yu. "You owe me a match! The next time, you must be sure to exhibit what I am looking forward to!"

Su Yu cupped his fists in awe. "Of course!"

The Xianyun Contest had come to an end. As an unprecedented black horse, Su Yu fought into the top ten of the faction in one shot and became the most dazzling new star!

"The twenty of you have half a day's time to prepare before we head to the place where the Ancient Xianyun Temple descends!" The Faction Master declared indifferently. Before he left, he looked at Su Yu profoundly.

Among the ten elders, a number of them looked at Su Yu profoundly.

At the very moment, that junior who once caused havoc because of a marriage leaped and grew into one of the Ten Great Martial Artists of the faction who possessed frightening talents!

There were many people who felt remorseful. If they had known that this would happen, they would have taken the risk of offending the Second Elder to take Su Yu as their disciple. If that were the case, how glorified would they feel?

Moreover, Su Yu possessed many surprising ice-based cultivation techniques. If they had taken Su Yu as their disciple, they would acquire his cultivation techniques as well.

"Little kid, the old bastards in your faction seem to harbor ill intentions. Luckily, you have kept that remnant of the immortal level cultivation technique hidden and not exhibit it. If not, they might not even wait and question you forcefully regarding the origins of that immortal level cultivation technique straight away." Yun Yazi's voice which took pleasure over Su Yu's misfortune echoed in Su Yu's chest.

He was experienced and vicious and was able to notice unusual expressions on a number of the Elders.

Su Yu also noticed it and he nodded his head lightly. "Yes, I cannot stay in Liuxian faction any longer!"

Within Su Yu's heart, he was rejoicing slightly.

He had stayed at the incredible ice lake for two months. Under the effects of a time flow that was two hundred times faster, two months was equivalent to three hundred over years!

Su Yu had finally comprehended that remnant of immortal level cultivation technique and he possessed a small portion of the powers of the immortal level cultivation technique.

That was what Ji Hongxue was talking about! Fortunately, he had kept that power hidden. If he had exhibited it, it would bring trouble!

The Second Elder might be able to protect him for a short period of time, but it would be difficult for her to protect him for life! He could not stay in Liuxian faction any longer.

After killing Han Zhi and Xi Ruolan, he had to think of ideas to break away from Liuxian faction.

Before that, he had to enter the Ancient Xianyun Temple to look for the Phoenix Blood Elixir and save Xianer!

After deciding what he had to do, Su Yu kept his small mountain and rested for a short while. Looking at the situation, he had half a day's free time.

Su Yu's eyes flashed and he went to the Depository of Buddhist Scriptures.

He had a chance to enter the Depository of Buddhist Scriptures. After his identity had been verified, he entered the Depository of Buddhist Scriptures which was under tight security successfully.

His objective was to look through the Summary of the Zhenlong Continent that Mo Wu mentioned.

When he entered the Depository of Buddhist Scriptures again, the great pressure which once oppressed him to the point that he vomited blood was as light as the feather of a swan at the very moment.

As he strolled into the Depository of Buddhist Scriptures, the legacy level cultivation techniques that he was once eyeing at could no longer catch his eye at the very moment.

Only the rumored manual of immortal level cultivation technique within the Depository of Buddhist Scriptures could arouse his interest.

That cultivation technique could only be honed by the Faction Master and the Elders could not even touch it, let alone Su Yu?

Atop a frail bookshelf, Su Yu found a booklet which has turned yellow with some parts missing. That book was Summary of the Zhenlong Continent.

When Su Yu flipped open the booklet, the booklet was dilapidated and only one manual remained: The Summary of the North of the Continent.

In no time, Su Yu was immersed in the booklet's vast explanation.

The Zhenlong continent was split into north, south, east, west, four continents.

The location that Liuxian faction was at was the north continent. The reclining dragon's snowfield with snow floating in the air eternally was the symbol of the north continent!

The reclining dragon's snowfield was a mountain range which passed through the whole north continent and it extended endlessly. The mountain range meandered complicatedly and it divided the whole north continent into three territories.

The territory at the northern part experienced winter throughout the year. The snow and ice do not melt through the ages and it was known as the Winter Territory. In the Winter Territory, there was an extremely powerful force known as the Snow Listening Tower and it held the position of an overlord. Without it, no other forces could exist.

The middle territory was cold and hot respectively due to the changes of the four seasons. It was known as the Chaoge Territory and it was controlled by the extremely powerful Cabinet of the Nine Phoenixes. It was difficult for outside forces to enter their fractions.

The territory at the southern part was known as the Hundred Territories. The Hundred Territories was more barbarous and remote than its neighbor, the ocean. Hence, it was extremely short on training resources.

The Hundred Territories was once a barren piece of land.

After many years, the small and medium forces that found it hard to live in the Winter Territory, as well as the Chaoge Territory, gradually gathered at that barren piece of land and the Hundred Territories was formed as a result.

At the Hundred Territories, its faction's powers were heterogeneous and there were at least a hundred of them!

As the Hundred Territories' power was weak, forces of Snow Listening Tower and the Cabinet of the Nine Phoenixes invaded it. Hence, the Hundred Territories formed an alliance spontaneously

and they were collectively known as the Hundred Territories Alliance by the outside world. The alliance was formed to repel surprise attacks by the outside world!

The Master of the Hundred Territories Alliance was an extremely powerful force who lost to Snow Listening Tower in their competition many years ago. Although he had lost part of his forces, he still became a big force. He retreated to and stayed in the Hundred Territories, becoming a figure that many other forces looked up to.

Under the command of the Master, the Hundred Territories Alliance was able to live peacefully.

In order to develop the abilities in the big and strong Hundred Territories Alliance, its Master founded the Shentian Manor. Every five years, a Heaven Ruler's disciple of the new generation from every force would be selected from the Hundred Territories that were under the Master's control to enter the Shentian Manor. The resources from the barren Hundred Territories would be gathered to nurture those disciples so that a batch of geniuses would be created, strengthening the abilities of the alliance as a whole!

Hence, the Alliance Meet was held once every five years.

The hundreds of forces that were under the governance of the Alliance would choose an outstanding disciple in their respective forces to participate in the meet, secure a placing to enter the Shentian Manor and further their training.

It was said that without fail, anyone who went to Shentian Manor to further their training would achieve Dragon Realm Level Seven minimally.

Heaven Rulers who transcended the Dragon Realm to reach the levels of Liuxian Faction Master and Elders could be found everywhere!

Moreover, after some Heaven Ruler kings were nurtured, they became legendary figures which shocked the Hundred Territories!

Other than that, in history, a mythological genius which caused an uproar in the north continent had appeared before!

It could be said that by entering Shentian Manor, there would be a huge turn in a person's life!

Staying in a small dwelling forever or marching into the Hundred Alliance to stand at a greater stage. The Shentian Manor was the only chance for disciples of the Hundred Territories Alliance!

The objective of Ji Hongxue, Shen Jiuyin, Cao Xuan and Mo Wu was the Shentian Manor!

there were only a hundred slots in every year of the Alliance Meet!

As for the participants who managed to enter the Alliance Meet, all of them were exceptional Heaven Rulers who stood at the peak!

In the history of Liuxian faction, there was only one person who managed to get into the top hundred!

That person was... the Second Elder!

Her talents were so exceptional that it defied the natural order and at the age of eighteen, she fought into the top hundred.

After training for two years, she made a breakthrough to Dragon Realm Level Seven. When she returned, she took on the role of the Second Elder!

Her life was full of romance!

Having understood all of that, Su Yu's heart became restless for a long time.

The north continent alone was already so broad?

In his eyes, Liuxian faction was a place that he found hard to go beyond. among the Hundred Territories, Liuxian faction was one of the weak forces that were at the bottom.

Moreover, in the north continent, the Hundred Territories was considered to be the weakest force.

Outside the north continent, there were still three continents that were not known to anyone!

A great impact caused Su Yu to feel extremely shocked!

The two words Shentian Manor had also caused Su Yu to be filled with anticipation.

The only opportunity to enter the giant stage in the Hundred Territories was to leave the desolate and remote Liuxian faction!

As such, it was no wonder that the Heaven Ruler's disciples in the faction were looking forward to Alliance Meet.

After settling the matters regarding Li Guang and Xianer, Su Yu also wanted to enter the Alliance Meet and compete against the Heaven Rulers in the Hundred Territories.

Having flipped to the last page, the introduction of the northern continent was complete and the booklet with missing parts was finished as well.

there was still half a page left and it introduced the rankings of the forces in Zhenlong continent. As the booklet was missing some of its parts, only the first ten rankings remained.

The force ranked number one was actually... the Empire of Darkness!

Su Yu's pupils shrank and he was shocked!

He had imagined that the Empire of Darkness' power was huge and that it was stronger than Liuxian faction. He did not expect it to be ranked number one in the whole of Zhenlong continent!

Looking at Snow Listening Tower and the Cabinet of the Nine Phoenixes which were the strongest in the north continent again, Snow Listening Tower was ranked number ten!

As for the Hundred Territories Alliance, it might not even be in the top twenty!

Moreover, among the alliance, the extremely weak Liuxian faction...

Compared to the Empire of Darkness, Liuxian faction might not even be considered an ant!

Behind the rankings, there was a brief introduction.

"The Empire of Darkness is a legacy from the ancient times and it is extremely mysterious. It had dominated Zhenlong continents many times in the past! The strongest person, the King of Darkness has seven generals under his control and they are collectively known as the Seven Lords of Darkness."

"When the Empire of Darkness was at its pinnacle, the King of Darkness could flood the continent with the blood of all the unmatched martial artists. Every lord of the Seven Lords of Darkness had the ability to suppress the force which was ranked number two."

Su Yu was shocked. The Empire of Darkness... was actually so frightening?

"The Empire of Darkness has an outpost at every territory of the four continents. It inveigled and assassinated many Heaven Ruler's disciples of the big and small forces. It had also roped in all the geniuses in the continent to strengthen itself."

When Su Yu saw the last sentence, he suddenly recalled that when carrying out his duties of killing the Sea Wolves Pirates, he came across a silver shirted guard from the Empire of Darkness.

His task looked like it was to plunder outstanding disciples from Liuxian faction. When he was rejected by Su Yu, he wanted to get rid of Su Yu so that he could eradicate the source of trouble.

As Su Yu recalled a number of instances of killing people from the Empire of Darkness, he could not help but click his tongue in fear. Although he had no intentions of doing so, he had provoked an extremely frightening force!

"Have you finished reading it?" At that moment, he could hear a cold hum abruptly.

Su Yu returned to his senses from his astonishment. As he was immersed in the introduction of the continent, he did not realize that someone had arrived beside him.

When he turned his head and looked over, an ugly and malevolent-demon looking face was reflected in his eyes.

Su Yu smiled. "Second Elder."

When Su Yu shot his gaze towards the Second Elder, he realized that the Second Elder was also looking up information. Even though it was a glance, he managed some of the words clearly.

The information that the Second Elder was looking up was actually the "Phoenix of Death"!

"Second Elder, is it because there are some changes to Xianer's condition?" Su Yu was anxious. If the Phoenix of Death descends early, all his hard work would go to waste.

The Second Elder shook her head indifferently. "No... Qin Xianer's Phoenix of Death is quite special. Hence, I am looking up some information."

During the time when the Second Elder shut herself off with Xianer from the outside world for two months, she discovered that the characteristics of Qin Xianer's Phoenix of Death were a bit strange. Hence, she left her secluded area earlier to look for information.

Special? Su Yu's heart clicked. Could it be that there was something worse than the Phoenix of Death?

Chapter 186: News of Jingyu

He had to find the Phoenix Blood Elixir, there could be no delays!

"Goodbye Second Elder." Half a day had passed, Su Yu had to immediately head for the Ancient Xianyun Temple.

The Second Elder lightly grunted. "As you wish!"

Leaving the depository, a female figure was standing under the sun at the door.

The sunset was just starting, pulling the shadow of the female figure. It also dyed her dancing green hair a layer of dull gold.

Her slender figure in the sunset was beautiful and moving.

Hearing the movement at her back, Mo Wu did not turn her head. "Before entering the Ancient Xianyun Temple, follow me. You are not to leave three miles away from me!"

Su Yu squinted, surveying the surrounding. He had the feeling that there were multiple eyes observing him. Had he shown too much during the battle just now and invited unnecessary attention?

Following Mo Wu should be the orders of the Second Elder. With Mo Wu around, people would be cautious of the Second Elder when they wanted anything to do with Su Yu!

"Thank you." Su Yu turned back, facing the depository as he exhaled. What he got in return was the Second Elder's fierce look. But Su Yu could feel that deep within the gaze hid a certain gentleness.

As he walked, Su Yu's heart was filled with excitement.

After settling the incident of Xianer and Li Guang, he should be headed to the Shentian Manor, towards greater stages.

Suddenly, Su Yu thought about someone he had forgotten—Xia Jingyu!

During their farewell, she had once promised to be his eyes, helping Su Yu look at the excitement of the Zhenlong Continent.

But ever since Su Yu had entered the faction, he had been on edge for the entire duration, never once having the opportunity to look for her.

Today, it was finally time to meet her.

They could witness the excitement of the Zhenlong Continent together!

"Senior Mo, may I ask if you know of a female disciple called Xia Jingyu? She entered the faction a month earlier than me, her level of perception is good. She's beautiful as a painting." Su Yu simply described the Xia Jingyu in his heart.

Thud—

Mo Wu, who was leading the way, suddenly froze in her tracks, violently turning back. Her gaze was locked on Su Yu. "How did you know about Xia Jingyu?"

Su Yu was a little shocked, a bad premonition rising in his heart. "Senior Mo, Jingyu is a good friend of mine. We both came from Shenyue Island. Had she met with any accidents?"

Thinking back to Su Yu's history, Mo Wu understood. She was silent for a moment before she said. "Her situation is classified information in the faction and by right I cannot tell you! But considering your relationship, I shall tell you, but you cannot spread it around!"

Classified information in the faction? Su Yu's breath turned rapid, his heart getting flustered. Could it be that Jingyu had met with some accident?

"Do you remember that when you first entered, the faction dispatched you all towards the vast ocean to kill the Sea Wolves Pirates for a mission?"

Su Yu exclaimed. "I remember!"

"Then do you know why the faction did that?"

That...Could it be to find the silver robed guard that was snatching disciples?

"The motive of the faction was not to find the Sea Wolves Pirates, but a mysterious person hiding within the Sea Wolves Pirates! He had been loitering around the seas near the Liuxian faction, obtaining information about the new disciples entering the Liuxian faction. Furthermore, he had discovered the new batch of disciples coming from the Shenyue Island, and informed the more powerful members of his organization to ambush them!"

What? Su Yu was shocked!

Cao Xuan had lead Xia Jingyu, Qin Xianer, Liu Guang and the rest on the garuda. Did they get ambushed by the Empire of Darkness?

"The Xia Jingyu you speak of was taken away by them!" Mo Wu's expression was grave. "To remove further threads, the faction sent you all on a mission to lure the scout out."

Su Yu was as if struck by lightning... Jingyu had been taken away by the Empire of Darkness?

"She... has been taken hostage?" Su Yu was anxious.

Mo Wu lightly shook her head. "No, she was a willing party!"

"She volunteered? Why?" Su Yu let out a raspy shout, unable to accept this truth.

The elegant, pretty and petite figure had volunteered to join the Empire of Darkness?

"Hearing it from Cao Xuan, Xia Jingyu had two motives. The first was to protect Qin Xianer. The Empire of Darkness had originally also wanted to take Qin Xianer away. It was Xia Jingyu who volunteered to go with them that they let Qin Xianer keep her life.

"Second, and also Xia Jingyu's most important reason... It was to help someone witness the excitement of the Zhenlong Continent! She discovered how insignificant the Liuxian faction really was and thus volunteered to join the Empire of Darkness."

Thud Thud—

Su Yu took two steps back, a huge wave rising in his heart.

Jingyu... for him and Xianer, had sacrificed herself!

Touched by being friends with her caused the corners of Su Yu's eyes to turn red.

She was still sacrificing herself for others!

"Xianer... Why didn't you tell me?" Su Yu's voice was dejected.

Mo Wu looked at Su Yu's red eyes, her heart filled with shock. Just who was Xia Jingyu to Su Yu?

Hearing this, she sighed. "I'm afraid that even Xianer doesn't know about this incident! Other than Cao Xuan and Xia Jingyu, the other people fainted from the powerful aura then. Coupled with how

Qin Xianer was imprisoned by her granny when she entered the Liuxian faction, I'm afraid she would be like you, still thinking that Xia Jingyu was in the faction."

"Who was it that brought her away? Was Cao Xuan unable to stop them?" Su Yu's fists were clenched tightly. He could not imagine the kind of harsh treatment Xia Jingyu would face in the Empire of Darkness.

Should she suffer any injuries, Su Yu would not be able to live with his guilt!

Mo Wu shook her head. "That's impossible! Cao Xuan was not able to stop them, for even teacher might not be able to do anything against the opponent!"

"Who is he?" Su Yu continued questioning as if Mo Wu knew the name of the person!

Mo Wu fell silent for a moment. "I can tell you, but you must not tell anyone else. Only the Second Elder knows this information!"

"According to Cao Xuan's description, our teacher could think of one person. This person was called the teen prodigy. When our teacher left the Shentian Manor, she had just entered. She was a Holy King when she was only eight, deserving the title of the prodigy of the Shentian Manor! Now that she's eighteen, she's already at the Dragon Realm Level Seven!"

"But five years ago, she had been scouted by the Empire of Darkness, and had willingly joined them, becoming a vice-master of the Empire of Darkness's outpost here at the hundred territories! Her name is... Hua Zhilan!"

Hua Zhilan? A figure flashed past Su Yu's mind!

Mo Wu squinted. "We have both seen this person before! That's the same Miss Hua who was trying to kill us!"

"It's her!" Su Yu achieved a realization!

"If you wish to save Xia Jingyu, I would advise you to not seek your own death! The Empire of Darkness is not an organization you can afford to offend!" Mo Wu sternly warned, then her tone turned gentle. "Since Xia Jingyu had willingly entered, it would be safe to presume that she won't be tortured. If her potential is good, she might even receive nurturing far from our imaginations. You would only have the right to meet her if your cultivation level was high enough."

Su Yu gradually regained his composure.

With his current abilities, he would be obliterated with just a finger should he face off against the Empire of Darkness, much less searching for Xia Jingyu?

With guilt in his heart, Su Yu bitterly nodded. "I understand!"

Power! It was all about power!

If he had enough power, would Xianer, Jingyu, and Li Guang suffer such fates?

"Let's go." Su Yu was dejected, the fists in his sleeves were tightly clenched!

Somewhere within the hundred territories, a slender lady as standing respectfully in front of a plain room.

"Miss Xia, it is time to head to the empire, to see the King of Darkness." The slender lady had a veil over her face, her clear eyes were like crescent moons, pretty and beautiful. She was Miss Hua, Hua Zhilan!

Even though her crescent moon-like eyes were beautiful, they could not hide the jealousy and injustice she felt.

Miss Xia in the house was a disciple that she had accidentally abducted, but she did not expect her level of perception to be this exceptional, able to even gain insight into immortal level techniques with little effort!

After this was reported by the master of the outpost to the empire, she had gained the attention of the King of Darkness, asking them to send her to the empire safely. The King of Darkness wanted to personally test her!

Hua Zhilan knew that the one of the King of Darkness's Seven Lords of Darkness had passed on and there was a need for replacement. Now they were prospecting new candidates.

Xia Jingyu's test might be the selection test for the Seven Lords of Darkness!

How could Hua Zhilan, being regarded as the prodigy, not be jealous at this?

There was no shortage of people jealous of Xia Jingyu in the outpost. There were equally many who call her demon lady in secret.

Without her, those that have such heaven-defying levels of perception were similar to demons!

The house was silent as a pleasing voice spread forth. "Alright, I understand... But after I leave, help me do one thing!"

"Please speak, Miss Xia." Hua Zhilan suppressed her jealousy, cordially speaking.

"I wish for you to head to the Shenyue Island and find someone name Su Yu for me."

Su Yu? Hua Zhilan had some impression of that name. She thought about the person who had escaped from her after killing her spirit pet, her heart slipped into a slight frenzy. But she calmed down, the two should not be the same person.

"Alright! Might I know what to do after that, Miss Xia? Do I need to bring techniques, elixirs or divine artifacts?"

"No." The person in the house had melancholy in her voice. "This would only hurt his pride, you only need to help me say something."

"And what is that?" Hua Zhilan's eyes were lost.

"Tell him that I am fine."

"Alright." Hua Zhilan was shocked but obediently promised.

Whoosh—

An air crackling sound came from within the house. It was a smooth, round green rock, carved with many small words.

"This is a thunder based Immortal level technique. I have finished learning it, you can hand it over."

Hua Zhilan grabbed with her hands, her heart full of shock. She muttered. "Demon lady! Learning another immortal level technique!"

She had gotten this technique from the Abyss of Wutong and was going to hand it over to the master. But to curry favor with Xia Jingyu, she had kept this and first gave it to Xia Jingyu to cultivate.

For Xia Jingyu had once said that she was going to learn all the techniques in the world and show them to one person.

In just two months, the demon lady had learned another immortal level technique, much to the shock of Hua Zhilan.

"There are some of my learnings on the technique before you hand it over to the master, you can try learning it yourself, as an expression of my thanks to you." Xia Jingyu's melodious voice floated out.

Hua Zhilan was elated, her feelings of jealousy subsiding greatly. She smiled happily. "Thanks, Miss Xia."

"You're welcome, remember to help me deliver my message to Su Yu. His cultivation level should be Level Nine of the Martial Paths. He would be easy to find in the Shenyue Island."

"I would definitely do that for you!" Hua Zhilan laughed in response. She was secretly elated. "I was just going to the Liuxian faction to get retribution from that lad! Shenyue Island is just on the way."

In the Abyss of Wutong, deep within the forbidden wasteland.

In the forbidden ground where death was commonplace, a faint red-robed figure flickered to under the cracks, standing in front of a grave.

The grave was empty, the spirit of Yun Yazi was long gone!

"Su Yu!" The red-robed figure was clear under the illumination from the light of the setting sun.

It was the Fourth Elder, his fate originally unknown!

His cultivation level had dropped from Dragon Realm Level Five to Dragon Realm Level Three!

It had been caused by using a cultivation level damaging skill during Hua Zhilan's pursuit.

In this two months, he had been hiding in the shadows to cultivate, treating his injuries and stabilizing his cultivation level.

Now that he inspected the ashes of the forbidden grounds again, he had realized that the spirit of Yun Yazi had disappeared!

Yun Yazi had been sealed at this place unless he was taken away by someone!

And the only person who had been here was Su Yu!

"Taking what belonged to me?" The Fourth Elder had a ferocious look. He turned into a red afterimage, disappearing into the air.

Chapter 187: Soul Waves

A thousand miles away, at the border of the vast ocean near the Liuxian faction, the twenty disciples including Su Yu and Mo Wu stood shoulder-to-shoulder and stared at the horizon.

Under the guidance of the Faction Master and the Elders, they had arrived at the place where the Ancient Xianyun Temple would descend.

They had already waited for half a day.

Along with the sun rising in the eastern sky, within the rosy clouds, a dot of pitch-black shadow followed the clouds and floated over slowly!

"The Ancient Xianyun Temple is here!"

The black dot was sometimes slow and sometimes fast. As the group of them was talking, the black dot arrived and descended on top of the heads of all of them!

That was a dilapidated, desolate and huge ancient temple that was tens of thousands of feet big.

After the Ancient Xianyun Temple descended, it blotted out the sky and the sun, causing the sky to be dim.

Lumps of terrifying energy flooded the surrounding of the ancient temple. At once, everyone had a feeling that they were tiny and that under the influence of the energy, it was as if they were going to be killed in an instant!

Even the Liuxian Faction Master had the jitters!

White clouds gathered around the surrounding of the ancient temple. At first glance, it looked as if celestial clouds surrounding the ancient temple.

That was how the name Ancient Xianyun Temple came about!

Su Yu fixed his eyes upon the ancient temple and examined it carefully.

Signs that it had gone through many changes were engraved atop the bluestone's surface.

Mottled marks covered the body of the ancient temple densely.

A frightening palm print remained on top of the ancient temple.

That palm print caused Su Yu to whisper. "Another civilization that has been destroyed by the giant palm?"

The Faction Master was filled with anticipation. "How much you will develop will depend on your own abilities!"

"The ancient temple is split into three levels. The first level is the Meteorite Forest! Within the meteorite, some treasures such as elixirs and cultivation techniques were hidden occasionally. However, your task is to find Advancement Stone hidden within the meteorite quickly. Only with that can you enter the second level of the ancient temple! If you are unable to find the Advancement Stone within an hour, you will be transported out by the Ancient Xianyun temple! Keep in mind that you cannot waste any time!

"The second level is the Sky Garden and it is also the place where you undergo development! Within the Sky Garden, many rare medicinal plants are grown. As the medicinal plants have been

growing for a long time, their effects are extremely strong. Most of the medicinal plants have effects comparable to that of a top grade marrow cleansing elixir! Moreover, there is also a rumored medicinal plant with effects that are above that of a top grade marrow cleansing elixir. By swallowing one of those medicinal plants, you will have no problems making a breakthrough to the next tier of the Dragon Realm!

"If your luck is good, it is possible to make a breakthrough to two tiers above your current tier! However, within the garden, there are many dangerous Spiritual Snakes, bees, and mice. If you are bitten by any of them, you will be poisoned by a deadly poison immediately and be at death's door. At that moment, you will be transported out of the Ancient Xianyun Temple. Hence, bear in mind that you cannot be too greedy!

"The third level is the Eternal Stairs! For this level, none of you can enter!" The Faction Master warned them seriously with harsh words.

Everyone's heart felt cold.

"Once you come into contact with danger for the first two levels, you will be transported out by the Ancient Xianyun Temple automatically. However, for the third level, once you enter it, you will be unable to come back! In the past, all the disciples who went missing were trapped in and died in the Eternal Stairs!

"For the third level, once you enter it, you will find yourself in an endless ladder. Hence, you will be trapped and die as a result. There have been no exceptions! As such, everyone is forbidden from entering the third level!"

There have been no exceptions? Su Yu's heart felt a bit cold. In the past, how many Heaven Rulers have appeared in Liuxian faction?

Have any of the disciples who entered the third level returned before?

"Remember my words! Do not enter the third level! Now, all of you will set out immediately!" The Faction Master joined hands with several Elders and opened the Ancient Xianyun Temple's black giant door to create a passageway big enough for one person to enter.

"Hurry! We can only hold the door for twenty breaths' time. Every one of you has one breath's time to enter!" The Faction Master shouted with a low voice.

Rustle, rustle, rustle—

Immediately, shadows entered the Ancient Xianyun Temple one after another.

In the blink of an eye, the twenty of them entered the Ancient Xianyun Temple.

Rumble, bang—

The giant door closed. Including the Faction Master, everyone's face turned slightly pale as opening the giant door was extremely taxing.

"I hope that they would gain something from the inside. We will wait for them outside." The Faction Master's eyes were filled with anticipation. His only disciple, Ji Hongxue, was his only hope.

The Ten Great Elders were also filled with anticipation and they stood quietly.

Clang, clang—

Once Su Yu had entered the ancient temple, he realized that a giant object is about to pound on him and his expression changed slightly!

Without thinking twice about it, he raised his palm and gave a fierce attack!

At once, a noise which sounded as though he had hit steel could be heard.

Pitter-patter—

Although that object had been smashed into pieces by Su Yu, Su Yu's palm also felt a slight pain.

When he fixed his eyes upon the object, he realized that he had smashed a floating stone that was floating towards him with a punch!

The stone was about the size of a head. On its surface, there were many small holes, indicating that it had been burnt before.

Some peculiar foreign matter was found within the stone.

"A meteorite?" Su Yu's mind was triggered and he thought of something. When he raised his eyes and looked in front, his pupils shrank slightly!

He was in a big space that was about fifty miles broad!

The sky was filled with meteorites that were floating close to one another.

The shapes and sizes of the meteorites were different. The smallest meteorite was as small as a fist. As for the biggest meteorite, it was as big as a small mountain!

Its paths of movements were in a mess. As it moved slowly, it collided with one another frequently.

A moment ago, it was a small floating meteorite that crashed into Su Yu.

"Why are you standing there stupefied? Smash the meteorites quickly and find the Advancement Stone!" A wonderful, graceful and pretty shadow flashed passed Su Yu's body, leaving behind a light roar.

Mo Wu had an anxious expression. She smashed all the meteorites around her and looked for the Advancement Stone.

When Su Yu was about to start searching, Yun Yazi said leisurely. "A legacy of a land of historical remains? Still passable."

Su Yu's mouth shrank slightly. A legacy that was considered its foundation by Liuxian faction was only considered passable by Yun Yazi?

Having no time to argue with Yun Yazi, Su Yu smashed the small meteorites beside him with a punch. Apart from the slight pain that he felt in his fist, he did not manage to find anything.

"If you use this stupid method, you will not find the Advancement Stone even if your fist is totally smashed!"

Su Yu's eyes shone. "Elder Yun Ya, can you help me to find the Advancement Stone?"

"I have said before, I will only help you to train. As for your own affairs, I will not interfere!"

When Su Yu was about to feel disappointed, he heard Yun Yazi's laughter. "I will definitely not interfere. However, I will teach you how to find the Advancement Stone!"

"Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime. Although you have innate soul talent, you cast it aside and not use it. It is indeed a waste," Yun Yazi said, "Look carefully!"

After his speech, a layer of weak soul waves was emitted from within the small jade box. Similar to a wave, the soul waves were spread across all directions!

A part of the soul passed through the meteorite and went far away. However, a small part of the soul was reflected after it collided with the meteorite.

Su Yu's eyes flashed and he flew over to the meteorite which reflected the rippling soul. He smashed the meteorite with a punch and found an ancient sword which had rotted!

This scene had caused everyone's expression to turn slightly cold.

"Your luck is quite good!" Upon realizing that it was a useless item which had rotted after shooting a glance at it, Cao Xuan laughed coldly.

Su Yu was shocked. What is going on?

"Bats emit ultrasonic waves. When the waves collide with something unusual, it will be reflected back. The soul waves utilize the same concept! This is the easiest way to use your soul, give it a try!"

The soul can be used like this as well? Su Yu immediately gave it a try.

However, when he first tried to use it, he could not even emit any wave!

However, he did not feel discouraged. After trying for ten times, he managed to emit soul waves successfully once!

Moreover, he could only emit his soul waves within a one-foot radius of his body, which was far from Yun Yazi who was able to emit his soul waves across the boundless horizon.

"In your first try, you are able to succeed once out of ten times. Your innate soul talent is not too bad!" Although it was rare, Yun Yazi praised Su Yu. His "not bad" was the highest form of praise that Su Yu had ever heard!

Among what Su Yu had learned, it seemed that his innate soul talent was indeed his greatest talent.

Having realized that he had something to rely on, things became much easier for Su Yu from then on.

Whiz, whiz, whiz—

While everyone was busy smashing the meteorites, Su Yu flew around randomly and gathered a large pile of meteorites.

After which, he stood in front of the meteorites and tried to emit soul waves with all his might.

Among the ten tries, he succeeded once!

"Eh, I have found something!" Among the ten meteorites, Su Yu discovered that one of them reflected his soul waves.

Filled with anticipation, Su Yu smashed the meteorite. However, he found a jade-like bottle which had rotted!

Another rotted item!

However, when Su Yu was about to feel disappointed, he who was sharp-eyed suddenly discovered that within the jade-like bottle, there was a pitch-black elixir!

Because it had been kept inside the jade-like bottle, the pitch-black elixir was still in good condition!

"What! He discovered an ancient elixir!" People who paid close attention to Su Yu's strange behavior cried out in alarm.

Cao Xuan's pupils shrank. "What? An ancient elixir?"

Whiz, whiz—

Noises which broke the silence reverberated in the first level.

Even Ji Hongxue and Shen Jiuyin flew over as they were filled with curiosity.

It was true that elixirs would appear in the Meteorite Forest. However, such instances were rare and what appeared more often was the Advancement Stones.

Only one elixir would be found amidst the time taken to find about ten Advancement Stones.

Su Yu's luck was a bit too good as he had managed to find an ancient elixir in half a cup of tea's time!

Only people who observed Su Yu understood that it was not good luck at all! Instead, Su Yu had used some strange methods to see through the meteorites!

Seeing that many people were flying towards him, Su Yu's expression turned slightly cold. He smashed the jade-like bottle with one punch, took out the elixir and threw it into his mouth!

Crunch—

The elixir was bitten into small pieces by Su Yu and swallowed on the spot!

Everyone who rushed to him could not help but feel angry. "What's wrong with letting us take a look at it?"

Su Yu said normally. "I can let you take a look. However, I am afraid that after you have taken a look at it, the elixir will no longer belong to me."

Their current location was far away from the faction and the only rule was abilities!

If the rest of them discovered that the elixir was worth a hefty sum of money, they might snatch it away from him. Hence, regardless of whether it was a jackpot, it would be a clever idea to swallow the elixir first.

Yun Yazhi who was under his chest could not help but laugh. "Are you not scared of being poisoned?"

Su Yu laughed indifferently and replied, "How do you know that I have eaten it?"

Yun Yazi swept his soul pass Su Yu's body. He was surprised to discover that in Su Yu's stomach, there was a layer of ice covering the elixir which he had bitten to pieces.

If it was poisonous, he could vomit it out immediately.

"Haha. Your luck is good. This elixir is known as the Black Wind Elixir and it is indeed not poisonous. However, it does not help your cultivation base in any way. It only increases your virility to promote the kidney activities..." Yun Yazi said mockingly.

Increase my virility and promote my kidney activities? Su Yu's face was half green half red.

"Haha. However, the effects of the elixir had disappeared and it is completely useless. You can crush the elixir into pieces and expel it from your body via your pores."

Su Yu thought to himself and said. "Forget it. There are many people here. If I expel the black elixir from my body recklessly, this would cause a misunderstanding. We will discuss this again after I find the Advancement Stone!"

After which, Su Yu used the same trick.

He gathered a pile of meteorites, used his soul waves to check it out and smashed any meteorites that contained unusual items!

Even by doing that, Su Yu took about ten tries and checked about hundred meteorites before finally finding an Advancement Stone.

"Su Yu has gotten the Advancement Stone!" Many people shouted at the same time!

There were no longer a few people observing Su Yu!

He held a rounded black stone which was covered with a thin layer of space energy on his hand.

By crushing it into pieces, he would be transported to the Sky Garden in the second level immediately. Hence, he did not need to worry about anyone snatching the Advancement Stone away from him.

Because, in times of danger, Su Yu could leave the Meteorite Forest any time.

With the Advancement Stone that he could rely on, Su Yu was not in a rush to go to the Sky Garden. Instead, he continued to use the same trick to search for unusual treasures daringly and with ease.

Su Yu was flying around everywhere and he could accurately smash a meteorite and obtain some unusual treasures frequently to the point that he had obtained three Advancement Stones. Upon seeing that, the rest of them could only stand by helplessly!

At the very moment, a cup of tea's time had passed. Half the time had passed and none of them had managed to find the Advancement Stone. If this carried on, all of them would be transported outside!

Finally, someone could not sit still and watch!

Cao Xuan's gaze was cold. "Su Yu! One Advancement Stone is enough for you. As for the two extra Advancement Stones, why can't you give it to the rest of us?"

As he spoke, he approached Su Yu with a flash like a thunderbolt!

Chapter 188: Ordering the elites

Su Yu calmly looked at them. "There are no free lunches in this world. If you wish to get an Advancement Stone, you naturally have to work for it."

Everyone present was intelligent, they saw through the meanings of Su Yu's words!

What Su Yu was implying that he would give them an Advancement Stone if they paid a price!

Whoosh—

Three figures flew toward Su Yu, surrounding him.

"Stop! As disciples of the faction, how could we harm each other!" Three Dragon Realm disciples stared at Cao Xuan. If Su Yu felt threatened by Cao Xuan and used an Advancement Stone to leave, the other two Advancement Stones would go to waste.

Cao Xuan's neck throbbed, stopping his body as he stared at Su Yu. "What do you want in exchange for the Advancement Stone?"

The three Dragon Realm disciples also shot curious gazes, all wanting Su Yu's remaining Advancement Stone.

Su Yu calmly shook his head. "There's no need to exchange anything. You just have to help me do something."

"What's that?" The three Dragon Realm disciples raised their eyebrows.

Su Yu's gaze flickered. "I'll wait here. Y'all can help me gather the meteors. After they are shattered, if there are any Advancement Stones, I would give them to you. Any other items belong to me!"

Gathering meteors by himself was a little slow. He might as well direct them and gather the meteors to search for the treasures that lay within.

"You want us to work for you?" The three Dragon Realm disciples, and Cao Xuan had ugly expressions.

They were the cream of the crop of the faction and were incredibly arrogant, how would they be willing to fall under the control of someone of the same status as them?

Su Yu shrugged. "If you are unwilling, you could follow what Ji Hongxue and Shen Jiuyin are doing, breaking through the meteors by yourselves!"

Ji Hongxue and Shen Jiuyin were incredibly powerful, able to break five meteors with just one technique!

In terms of the speed of their search, they were only slower than Su Yu by half. Finding an Advancement Stone was only a matter of time!

But the rest of them did not have that kind of power. They could only break one meteor at a time. With time pressing on them, their fates were obvious.

The three Dragon Realm disciples clenched their teeth. "Fine! We agree!"

Whoosh Whoosh Whoosh—

The three figures flew in all directions, quickly gathering thirty meteors.

Su Yu's soul ripple checked the meteors over three batches before he finished his detection. There was one meteor with something inside.

Breaking the meteor, it was a broken metal that was not very useful.

"There's no choice, continue searching." Su Yu was frustrated.

Even though the three Dragon Realm disciples were disappointed, but using this method, the rate at which they could find Advancement Stones was ten times higher. Even though they were unwilling to fall under the control of someone else, they began frantically searching for meteors.

Finally, after three tries, they found an Advancement Stone.

Su Yu kept his promise, giving it to the person who found the Advancement Stone.

"Thank you, Junior Su!" The person who got the Advancement Stone was elated, immediately crushing the Advancement Stone, entering the Sky Garden on the second level.

This scene caused many who were anxious about not finding an Advancement Stone to feel a glimmer of hope!

"Junior Su, please lend me a hand!"

"Me too, I only wish for an Advancement Stone, any other items are yours!"

Ten Dragon Realm disciples flew all around, quickly gathering batches upon batches of meteors!

In just the time to drink half a cup of tea, Su Yu had tested over three hundred meteors!

He had found ten Advancement Stones!

There were also fifty to sixty useless strange items.

Other than those, he got a bottle of colorful pollen. According to Yun Yazi, this was a rare pollen from ancient times, called the Five Colour Pollen. It can no longer be found today. It is used to make the Hundred Flower Honey, which was incredibly precious in ancient times.

But the method to make that was lost, and the pollen itself was not effective in aiding cultivation, causing Su Yu to feel disappointed.

During this process, Ji Hongxua and Shen Jiuyin had used their powerful abilities to destroy meteors over a large area, successfully obtaining their Advancement Stones!

Five lucky disciples also used their own abilities to find an Advancement Stone.

The rest of the five were proud and refused to listen to Su Yu's instructions, but were also not very lucky.

among them were Cao Xuan and Mo Wu!

There was little time left, and only the five of them had not found an Advancement Stone.

Su Yu had found an expired Black Wind Elixir, a bottle of Five Colour Pollen, as well as three Advancement Stones.

Seeing as to how there were only about five people left, Su Yu rose. It was time to enter the second level Sky Garden.

According to the master, this was the place where he could achieve enlightenment!

Whoosh—

At this moment, a petite frame flew in front of Su Yu.

Her fragrance came in waves, it was Mo Wu!

Quietly standing in front of Su Yu, her icy face showed a rare blush. She bit her lips softly, wishing to speak but stopping herself.

Her hands were tangled together, showing her inner struggle.

Su Yu was shocked, then observed that Mo Wu had not found an Advancement Stone.

He had just opened his mouth when Mo Wu's lips quivered. "Su.... Su Yu, I'll help you gather meteors, if there's any Advancement Stones, can you give it to me?"

Hearing the plea in her voice, Su Yu felt foreign.

The Mo Wu he remembered was independent. He would never have thought that she would plead with someone!

Whoosh—

Su Yu threw an Advancement Stone over, calmly shaking his head. "There's no need. Senior you've helped me many times. It's just an Advancement Stone, you can have that."

Mo Wu was shocked, subconsciously grabbing the stone.

Her heart settled as she was grabbing the Advancement Stone. But proud as she was, she did not want to accept a favour from others without doing anything.

Clenching her teeth, Mo Wu flew to the distance, leaving behind a trailing message. "Stay where you are, I'll help you find meteors!"

Whoosh—

At this moment, three out of the four people came in front of Su Yu.

Cao Xuan was proud and had a deep animosity with Su Yu. It was naturally hard for him to put down his status and ask Su Yu for help.

The rest of the three were powerful disciples among the top ten, ranked fifth, sixth and seventh! among them, the disciple ranked fifth, Chan Yunfei, was a Dragon Realm Level One Peak, about the same as Mo Wu!

Ranked sixth Chan Leiyun was Chan Yunfei's brother, a powerful person of Dragon Realm Level One Upper Tier. His abilities were the strongest among all the Dragon Realm Level One Upper Tiers!

The two were brother and sister, getting into the top ten disciples of the faction at the same time. They received much praise in the faction!

Ranked seventh, Duan Yanyu, was also Dragon Realm Level One Upper Tier. He had quite a reputation, specializing in beast controlling techniques. His abilities were extraordinary!

They were all legendary figures within the faction, and would not easily bow down to Su Yu.

But with the help of Su Yu, ten people who were far weaker than they had all entered the second level. Only they were left stuck in this situation!

They had used three-quarters of the time and had not found any Advancement Stones. With a quarter of the time left, the chances are slim.

Chan Yunfei's quail egg-like face was white as snow. She had a slender figure and was rather graceful. She was dressed in a flower print dress, exceptionally fitting.

At this moment, her cheeks were flushed. She blinked her eyes as her melodious voice said. "Junior Su... Please help us!"

Su Yu raised his brows. He did not want to stay here for too long. He needed to go to the Sky Garden.

Seeing his hesitation, Chan Yunfei thought. Could Su Yu be taking advantage of the situation and want to up the price?

Thinking about this, she felt regretful. Had she known, she would not have been guided by her emotions and put down her pride sooner, listening to Su Yu's instructions. How would she end up like that now?

Biting her lips gently, Chan Yunfei bowed. "Junior Su, if you have any other requests, feel free to say it. I will try my best to satisfy it."

Such a bitter plea brought pity. Any men would develop indecent thoughts.

"Sister! We shouldn't beg him. At the very most, we will exit the temple!" Chan Leiyun, compared to his slender sister, was muscular, his appearance wild. He could not bear to see his proud sister bowing to plead with another person.

But the Ancient Xianyun Temple comes once every five years, should she miss this year, there would not be another chance for her.

This was an opportunity that could change her life. Even if it was humiliating, she had to bow down her head! Even if she was going to lose something precious to her!

Su Yu's eyes were clear, not thinking too much.

He pondered for a moment before nodding. "Alright, you all be quick!"

Chan Yunfei was elated. Su Yu had not had any impossible requests, causing her to feel elated!

"Thank you Junior Su!" Her face was red, her eyes flashed with joy and gratitude. Chan Yunfei thanked him repeatedly before flying away in search of meteors!

What was weird was that Duan Yanyu had no intention of going in Chan Yunfei's direction, but had a longing in his eyes.

Cao Xuan clenched his teeth tightly, his expression a little flustered.

At this moment, Chan Yunfei, Chan Leiyun, and Duan Yanyu had brought a huge group of meteors over.

Even though their breathing was heavy, they could not mask their anticipation.

Su Yu helped the three of them check their meteors. After blasting the meteors, his lips quivered.

There were three Advancement Stones in thirty meteors!

They were rather lucky, causing Su Yu to feel jealous!

"Thank you Junior Su! I, Yunfei, would never forget this benevolence!" Chan Yunfei was filled with gratitude.

Su Yu waved his hands. "You're welcome. Y'all should leave soon."

Only Su Yu, Cao Xuan and Mo Wu were left on the first level.

Only Cao Xuan was still bitterly searching for an Advancement Stone. The fluster in his heart was obvious.

There was but a few minutes left and Cao Xuan began maniacally destroying meteors.

But no Advancement Stones appeared!

His forehead was laced with sweat. Cao Xuan was incredibly anxious.

Clenching his teeth, Cao Xuan fought hard to put on a gentle gaze, looking towards Su Yu.

"Junior...Su, can we not talk about our misunderstandings for now? You have another Advancement Stone. If you are willing to give it to me, I will pay any price."

The Ancient Xianyun Temple was a trial that comes every five years!

Those that participated in this would at least break through one entire level of the Dragon Realm!

In fact, it was even possible to break through three whole levels of the Dragon Realm!

If he missed this, Cao Xuan would gradually be kicked out of the top ten, and would not be able to enter the Alliance Meet!

Even if he was able to enter again five years later, he would no longer be able to catch up!

"Any price?" Su Yu meaningfully nodded, a calm smile forming on his lips.

Hearing this, Cao Xuan was a little happy. He did not expect any room for negotiation!

"As long as I can do it, I would definitely promise you!" There was hope in Cao Xuan's eyes.

"Alright!" Su Yu nodded his head gently, his expression turning colder. "You had once tried to violate Xianer? My price is that you would no longer have these thoughts!"

Cao Xuan thought for a while, swearing to the heavens. "I, Cao Xuan, in the name of my teacher, would never..."

"The Tenth Elder? What use is the name of the despicable person?" Su Yu laughed.

Cao Xuan fell silent, feeling the pressing deadline, lowly grunting. "Then how do you want me to promise?"

"Promise? I don't trust any promise! I would only request you do one thing!" Su Yu's eyes had a mocking light.

"What's that?" Cao Xuan's heart skipped a beat, a feeling of unease welling up within him.

Chapter 189: Using A Sword To Castrate Oneself

Su Yu laughed enigmatically. "It's very simple. I want you to...use a sword to castrate yourself! Only then will I believe that you will not have any thoughts of laying your hands on Xianer again!"

Would a eunuch still be interested in a woman?

Use a sword to castrate myself?

Those six words were like a roar from a thunderbolt which shone brilliantly and shook the earth to the point that Cao Xuan's whole body was shivering!

His feelings of bitterness and embarrassment which resulted from being made a fool of by Su Yu turned in flames of fury. "Su! Yu! Do not go too far!"

Su Yu laughed mockingly. His eyes were overflowing with extreme coldness and his words were cold and prickly. "How can I, Su Yu, compare with both you and your master regarding crossing the line? Why was my master, Li Guang, confined in Shenyue island for a hundred years, living a miserable life? Why was my fiancée, Xianer, forced to marry you and why did she also suffer from all kinds of twists and turns? Who exactly is the one who has gone too far?"

Although Cao Xuan's eyes were burning with anger, he could not answer Su Yu.

Su Yu's gaze was cold. "You only have two choices. Firstly, use a sword to castrate yourself! Secondly, scam back to the outside world and once I have achieved something big from my training, I will return to take your life!"

Cao Xuan's pupils shrank. If Su Yu mentioned that he would take Cao Xuan's cursed life in the past, Cao Xuan would only take it as arrogant words from an ant which overestimated itself.

Su Yu was about to catch up to him!

Even if he gave up the Ancient Xianyun Temple, Su Yu would still get the chance to train in it.

With such a tradeoff, he would end up being ground by Su Yu's heel!

Looking at the feud between both of them, his head would end up in Su Yu's hands one day!

Deep humiliation reverberated within his heart.

Previously, at Shenyue island, that ant had looked up to him. However, at the very moment, that same ant was standing in front of him and forcing him to use a sword to castrate himself!

He had never once had such a galling shame and deep humiliation in his life!

Using a sword to castrate himself, or give up on the Ancient Xianyun Temple?

Apart from that, he who was left with merely two minutes had no other choices!

"Su! Yu! Are you sure that you want me as your enemy forever?" Cao Xuan's eyes were spouting flames of fury that was filled with hatred!

It was as if it was the first time that Su Yu had seen this kind of threat. His expression turned icy cold and the spaces in between his teeth were overflowing with extreme coldness. "I will give you a final chance to choose. Use a sword to castrate yourself, scam back to the outside world?"

Seeing that there was no room for leeway, Cao Xuan closed his eyes with humiliation.

After some time, he opened his eyes which was filled with resolve. He bit his teeth tightly, made a thumping sound as if his teeth were about to shatter.

His eyes were filled with unprecedented hatred. "OK! I, Cao Xuan, will forever remember what you forced me to do today! I will use a sword to castrate myself. After which, you will hand over the Advancement Stone!"

"I, Su Yu, will never go back on my words!" Su Yu took the last extra Advancement Stone that he had.

Cao Xuan took out an icy cold dagger from his chest. He bit his teeth tightly and he glared at Su Yu with cold eyes that were filled with hatred!

After which, he raised his hand and swung the dagger!

Ah—

A horrible shriek echoed throughout the Meteorite Forest!

His blood splashed all about and a hideous black and long object fell out from his crotch.

"Advancement! Stone!" Because of his pain and hatred, Cao Xuan's eyes were blood red as if he was a ferocious ghost that was yelling in a stern voice!

Su Yu had a dull expression and he flicked his finger.

Rustle—

Cao Xuan caught the Advancement Stone with his hands and crushed it on the spot!

A layer of space energy surrounded him and transported him to the second level.

Before he left, he glared at Su Yu fiercely with ferocious ghost-like eyes and said ominously and sternly. "Su! Yu! Just you wait!"

Su Yu laughed coldly. "Since I dare to give you a chance, I naturally have the guarantee that I can grind you under my heel such that you are unable to rise up again forever!"

Whiz—

At the horizon, Mo Wu had an anxious expression and she flew towards Su Yu hurriedly!

Above her head was a big meteorite that she carrying. The meteorite was so big that it was frightening!

Its size was as big as the small mountain that Su Yu was carrying and it was one of the biggest meteorites among all the other meteorites!

As for its weight, apart from Dragon Realm Level Two and above, no one could move it.

Even though it was Mo Wu, it was also extremely taxing for her. Her pretty face was pale, she was puffing and panting and her body was filled with sweat.

Her plain and white jade-like hands were filled with bloodstains.

It could be seen that moving that piece of the meteorite was extremely taxing!

"What happened just now?" Mo Wu flew over and saw that there was a hideous object near Su Yu's legs. Initially, she became stupefied. After which, her pretty face turned red and she made up her mind in the end to shoot a glance at the space in between Su Yu's legs.

Su Yu's mouth twitched slightly. "That is Cao Xuan's and it was exchanged with an Advancement Stone."

What? Cao Xuan's... A flash of thought flashed passed Mo Wu's mind and she roughly understood what happened. While stunned, she gasped repeatedly.

Previously, that little kid was helpless before Cao Xuan. At the very moment, he had actually forced Cao Xuan to castrate himself!

In just more than half a year, his change was earth shaking!

After casting ahead her astonishment, Mo Wu's eyes swept past that hideous object and her pretty face turned red again. She spat out some saliva and tossed the giant meteorite above her head on the ground. She then hummed lightly. "I will return you the favor! I will not owe you any favors!"

After her speech, she crushed the Advancement Stone and left first.

Rumble, bang—

The giant meteorite shook to the point that the ground was trembling fiercely.

Su Yu stared at the giant meteorite dumbfounded. For such a big meteorite, he needed one minute just to examine it!

As the time was tight, Su Yu immediately used his soul waves.

Rub, rub, rub—

What caused Su Yu to be astonished was that there were ten consecutive reflections!

Within the giant meteorite, there were so many unusual treasures hidden that it was unimaginable!

However, when Su Yu gave it a try, he realized that it was extremely difficult to smash that meteorite.

When he channeled his inner strength and spiritual energy into a punch, he only managed to open up a crack!

No wonder that meteorite existed for so long and no one was concerned about it. It seemed like only someone above Dragon Realm Level Five could smash that meteorite!

"Elder Yun Ya!" Su Yu said busily.

This was not a battle and it was a small favor. Hence, calling Yun Yazi did not go against his principles.

"Am I worth so little money now?" Yun Yazi did not know whether to laugh or to cry. If he was in his prime and someone dared to call him for manual labor, he would have used his palm and thrust that someone to ashes!

Although Yun Yazi complained, he still helped Su Yu.

A lump of soul exited from the small jade box and smashed the giant meteorite! All the unusual treasures hidden within the meteorite trickled down!

Among the unusual treasures, most of them were useless trash.

There were two Advancement Stones and a broken jade-like shovel.

After thinking for some time, Su Yu kept the Advancement Stone.

As for the broken jade-like shovel which was of the size of a palm, Su Yu fondled it. The handle was in good condition but it lacked half of its head.

When he was about to throw it away after determining that it was a useless item, Yun Yazi laughed mockingly and said. "You fail to recognize a good! This jade-like shovel is a real treasure!"

"It is known as the Delicate Jade-Like Shovel and it is a divine artifact used to obtain rare divine herbs. Although it is broken, it can still be used and it is equal to half a Divine Ice Ring."

Divine artifact? Su Yu's mind was triggered and he thought of something.

"A real and rare divine herb is pure and clear. It cannot tolerate being infected by dirty objects. If it were touched with hands, it would wither and turn into ashes. The Delicate Jade-Like Shovel was made fresh and clear and it is the best tool to pick divine herbs. However, it is difficult to refine it and it is rarely seen in the outside world. If you keep it with you, it will come to be of some use in the future."

Since it was a divine artifact, Su Yu naturally kept it in his chest.

Hence, he had gained a Black Wind Elixir, a bottle of Five Color Pollen, a broken Delicate Jade-Like Shovel and two Advancement Stones.

After shooting a glance at the two Advancement Stones, Su Yu revealed a thinking expression. "Cao Xuan's castration was so cheap..."

Buzz, buzz, buzz—

One hour had passed and the transportation started.

Su Yu immediately crushed the Advancement Stone and entered the second level!

Crash—

A layer of white light swept across the Meteorite Forest and transported anyone who had not entered level two outside.

At the outside world, the Faction Master and Ten Elders had anxious expressions.

"One hour has passed. Let's see how many disciples from this batch can enter the second level successfully and undergo development!" The Faction Master was stern.

According to previous batches, about half of the people would be eliminated from the first level.

The Faction Master and the Elders were worried that their disciples!

However, after some time, no one was transported out.

The sea breeze whistled. However, the Faction Master and Elders stood absolutely still and they continued to wait.

It was only a short time later that they revealed a surprised expression.

"Could it be...no one from this batch is eliminated?" The Faction Master said unsurely.

The Second Elder became serious and shook her head. "That's impossible. If two or three of them were eliminated, we could still barely understand. However, if none of them were eliminated, some unusual situation that we did not expect must have taken place."

"I hope that it is something good and not a disaster!" The Tenth Elder's eyes turned serious.

Xi Ruolan who was standing by his side glared at the Ancient Xianyun Temple deeply. An inconspicuous anticipation flashed within a deep part of her eyes.

Within the Ancient Xianyun Temple.

Rustle—

Su Yu felt that he was floating in the air and his legs landed on the ground after some time.

In an instant, a fragrance which carried spiritual energy blew passed him.

After breathing in a breath of the fragrant, Su Yu felt that his whole body was so comfortable that it was indescribable with words and his cultivation base progressed slightly!

"What a strong spiritual energy!" Su Yu opened his eyes abruptly and his eyes were glowing with excitement!

The effect of breathing in a breath of air was comparable to swallowing a medium grade marrow cleansing elixir!

In other words, training at his current location was as good as swallowing medium grade marrow cleansing elixirs continuously!

Not mentioning human beings, even a pig's cultivation base would progress greatly!

No wonder Cao Xuan castrated himself rather than giving up the opportunity to enter the second level!

"This environment is not too bad and is beneficial for your cultivation base!" Yun Yazhi revealed a satisfied expression that was rarely seen and he immediately tested Su Yu. "From now on, what do you want to do? Look for rare medicinal plants immediately?"

Su Yu shook his head. "No! Making preparations won't delay the work. Since we are going to stay here for two months, there is ample amount of time. Naturally, I must be clear about the terrain. If you remain cautious, there is no danger.

"When you come across any situation, you are always calm, composed, not greedy and not displeased. This is the part of you that I admire the most! Let me see how much you will progress from now on!"

Su Yu nodded his head deeply. His silhouette turned blurry and he flew atop the clouds of the Heaven!

His crystalline pupils revolved and he saw everything within fifty miles with a glance.

In addition, he was looking downwards from a high angle. Hence, he could see almost everything clearly within a hundred miles' radius!

Within hundred miles was a garden with fresh flowers that had bloomed.

The flower's sweet-smelling fragrant made people drunk and beautiful flowers could be found everywhere within a hundred miles' radius.

Beds of rare medicinal herbs swayed gently and were covered densely by the beautiful flowers.

When Su Yu randomly shot a glance downward, he discovered quite a number of medicinal plants used to refine top grade marrow cleansing elixirs!

Su Yu suppressed his greed forcefully. He fixed his eyes on the same position and continued to examine the area. After which, his eyes shrank slightly!

He discovered that deep in the garden, there was a Flower Striped giant snake that was as coarse as a bucket and it was about a thousand Chinese feet long!

It had hidden with the thick clump of grass and was absolutely still. Its ferocious eyes were staring at Su Yu coldly.

Once Su Yu descended, it would throw itself against him and swallow him!

It had a cultivation base of a frightening Dragon Realm Level One Lower Tier!

Su Yu clicked his tongue his fear and flew even higher. He continued to observe what was below him and discovered living beings of all forms and colors one after another!

Seven-Spotted Ladybugs with the size of a human being, caterpillars as coarse as a water vat, mice as big as a small mountain...

His current location was filled with an abundance of spiritual energy which gave birth to a group of living beings with many variations. Those living beings' cultivation bases were at least Dragon Realm Level One Lower Tier. As for the living beings with the highest cultivation base, it was at Dragon Realm Level Two!

Filled with vigilance, Su Yu passed through the Hundred Mile Garden.

What appeared in his pupils after that was a giant lake in an area that was fifty miles broad.

When Su Yu swept his eyes across the lake, he was shocked!

Every fish within the lake was an existence of Dragon Realm Level Two!

In particular, there were even fish that were of Dragon Realm Level Three!

Chapter 190: Black Thunder White Tiger

Su Yu continued scouting. The last area was a nursery of about ten feet in radius.

The fencing of the nursery was neat, within it multiple unknown precious plants!

Even though Su Yu was fifty miles away from it, he could still smell their fragrance!

Taking a shallow breath, Su Yu ice based techniques activated on their own!

"What kind of fragrance is so startling?" Su Yu's heart was thumping wildly. Of the masses of unknown plants, there were two that were extremely special!

One of them was covered in flames, radiating an intense heat. The other was covered in frost like an ice sculpture.

Su Yu's ice-based techniques activating was proof of how fragrant the icy flower was!

Despite going through many things, Su Yu had never seen a treasure that could cause his ice-based techniques to activate itself just by fragrance alone!

Would consuming it cause all the ice techniques he knew to reach their full potential?

Any techniques get more difficult to cultivate the more advanced you get.

But Su Yu's intuition told him that consuming that flower would cause all his ice technique to break through to top class!

But Su Yu was not near to the nursery!

Despite the fragrance of the nursery, there were no living creatures around the fence!

It was like the ten-mile nursery was a forbidden ground to the living creatures of the Sky Garden!

Suddenly, Su Yu noticed that there was a straw hut in the middle of the nursery!

The straw hut was simple and clean but devoid of life. But a normal white tiger walked out from the hut.

Even though they were fifty miles apart, it could feel Su Yu's observing gaze!

"Merely a Holy King dares to scout the grounds of the temple! Die!" What shocked Su Yu was the tiger's ability to speak!

Rumble—

A black lightning seal between the tiger's eyes shined, and a black lightning flare cut through the heavens, striking destructively!

Su Yu felt as though he was going to be struck by five bolts of lightning, and that his body was going to be completely destroyed!

Without thinking, fifty foot wide wings appeared behind his back!

A pair of phoenix wings blanketed the earth. Every move it made caused wild winds to blow.

With a flicker of red light, Su Yu disappeared.

The white tiger was slightly shocked. "Phoenix wings, could he be a disciple of the Cabinet of the Nine Phoenixes?"

The black thunder flare had locked onto Su Yu, pursuing him speedily. But, despite its speed, its power was depleting, growing weaker by the second.

Finally, after chasing Su Yu for about a hundred and fifty miles, it dissipated into several black thunder arcs.

A remnant of the thunder splashed onto Su Yu's Ice Phoenix's Divine Wings.

Rumble—

Even though it was clearly a remnant spark, it exploded immediately, causing Su Yu's Ice Phoenix's Divine Wings to shatter!

The resulting impact caused Su Yu to fly back a hundred feet!

His stomach shook, a metallic taste welled up in his throat!

He forcefully stopped himself from flying back. Su Yu was shocked, just what in the world was the speaking white tiger?

Its abilities have surpassed the Dragon Realm. It is at least the level of the master of the faction and the Great Elder!

A serious gaze circled in his eyes. He could not go there again!

Su Yu could only escape successfully because it was a nonchalant strike from the white tiger.

If the tiger struck at full power...

The fire and ice plants were precious, but they were not precious enough for Su Yu to lose his life for!

Crash—

Su Yu heard sounds of battle.

He shifted his gaze towards that direction.

Three miles away, Long Fan, Yao Hong, and Song Hanming, the Three Unmatched Holy Kings, were engaged in battle!

Long Fan and Song Hanming were attacking Yao Hong together.

Yao Hong's abilities were below that of Long Fan's but above Song Hanming's. He was holding his own against their combined attacks!

Crash—

Finally, there was an opportunity for Long Han to use the Yellow Dragon's Green Cloud Movement. He was like a yellow dragon flying in the sky, striking at Yao Hong's shoulder!

Ah—

With a pathetic cry, Yao Hong flew back while spitting blood, his shoulder blade broken!

He was furious. "You guys!"

Long Fan appeared, his eyes had a fierce glow. "Hand over the honey! Otherwise, don't blame me for sending you out, severing your fate with the Ancient Xianyun Temple!"

Yao Hong was furious. "I discovered the honey first, why should I give it to you?"

Song Hanming had a fishing rod in his hand, stepping forward forcefully, with a cold smile. "It should be shared amongst those who see it. Trying to usurp it for yourself would result in bad consequences!"

"You! Despicable!" Yao Hong had found a dead black bee, in its mouth a fist-sized amount of honey.

Its energy was powerful and pure, enough for her to enter the Dragon Realm.

But to think that she would meet Long Fan and Song Hanming. They were tempted by the treasure and joined forces to injure her.

Long Fan stepped forward as the leader of the Three Unmatched Holy Kings. "You could not even hold up against one of my techniques, why do you bitterly struggle? Could it be that you think someone is coming to say you? Of the top ten disciples of the faction, I do not recognize anyone who is on good terms with you!"

Yao Hong had fury in her eyes, she was all alone in the faction and naturally did not have ties with the top ten disciples.

But a soft voice entered their ears. "Is it? I wonder if my ties with her count?"

Whoosh—

Within the clouds, a red light flashed, like thunder had just passed.

Afterward, a figure was standing between them with his hands behind his back appeared out of nowhere.

"Su Yu?!" Long Fan lost his voice in shock, his lips shivering.

The purple-robed, silvered-haired figure that easily defeated Wei Kang was imprinted in his mind.

Song Hanming was like struck by lightning, respectful like he had just seen a deity. His cold smile turned rigid.

"Junior... Junior Su, why have you come?" Long Fan retreated slightly, his eyes full of fear.

If Su Yu sent them out of the Ancient Xianyun Temple, it would ruin their futures!

"Disappear from my sights in three seconds!" Su Yu coldly looked at him and Song Hanming.

Whoosh—

Whoosh—

The two were not angry, but was instead elated, speedily escaping into the horizon.

After they were far away enough, they cupped their hands in thanks. "Thank you for sparing us Junior Su!"

Yao Hong was dazed, Su Yu had helped her!

After a while, she snapped out from her daze. She had little to do with Su Yu. Su Yu should have his motives for helping her.

Bitterly handing over the crystal-like spirit liquid in a jade bottle. "Junior Su, take... Take this."

Su Yu calmly waved his hand. "It was a small matter, Senior Yao had protected me in the past. I have remembered that."

Yao Hong had pitied Su Yu back at the arena and had defended him from Long Fan.

Even though it was no real help to Su Yu, in the end, it was still a favor. What had Su Yu to lose by returning this favor?

It was like lightning struck Yao Hong's brain as she recalled how she had underestimated her abilities and tried to protect Su Yu from Long Fan.

What she did not expect even more was how Su Yu remembered this favor!

Clenching her teeth, Yao Hong took out half the honey and swallowed it, handing the other half to Su Yu. "I only need half of this to breakthrough into the Dragon Realm. You can have the other half as my thanks for protecting me. Please do not refuse. The favor of defending you back then is nothing compared to what you did for me just now."

Without Su Yu, she wouldn't even be able to keep half of what she got.

With a little hesitation, Su Yu accepted the gift.

He observed the honey, feeling surprised. "What pure energy! There are no traces of impurities, this is extremely pure."

Even though there were many herbs here, if they consumed it indiscriminately, impurities would enter their body and damage them.

In the past, Su Yu had consumed the herb of the Fiery Lion, making his body unable to absorb medicinal properties for some time.

But the crystal-like honey before him was pure energy, not losing to the medicinal properties of elixirs!

Full of anticipation, Su Yu swallowed it on the spot.

It was sweet and refreshing. Afterward, a strong energy coursed through his body!

What was even more wondrous was that even though the energy was shockingly huge, it was extremely gentle!

Even gentler than most elixirs!

The energy was absorbed into Su Yu's body in shreds, nourishing his flesh and blood.

His cultivation level's improvement and stabilization were gradual as the monstrous energy was slowly absorbed by Su Yu!

After half a day, the monstrous energy gradually weakened.

Su Yu opened his eyes, filled with a rich glow!

Buzz Buzz Buzz—

The spirit energy around Su Yu turned into a vortex above his head, speedily entering his body, causing his already rich spirit energy to improve by another thirty percent!

His cultivation level had reached Seventh Level Peak Holy King from Seventh Level Lower Tier Holy King!

It advanced by two tiers, which was incredibly shocking!

"What a special honey!" Su Yu was startled. It was not only pure but was also extremely gentle, even better than that of elixirs!

"Congratulations on your rapid improvement, Junior Su!" Yao Hong was all smiles, her pink face radiant.

Her cultivation level had reached the Dragon Realm!

Even though it was only Dragon Realm Level One Lower Tier, but she had passed the hurdle that most Holy Kings could not overcome in their lifetimes!

For that, Yao Hong was obviously elated.

"I should be the one congratulating you!" Su Yu was smiling. "Oh, may I ask where senior found the honey?"

The energy this honey was harboring was immensely shocking, far surpassing medicinal herbs.

But Yao Hong shook her head apologetically. "I do not know. I found this by accident thirty miles to the east, where I spotted a dead bee."

A dead bee? Bees don't die suddenly under natural circumstances. Only after stinging someone would they suddenly drop dead.

Could someone have been stung by the bee?

"If you wish to investigate this further, remember to be careful." Yao Hong reminded him.

"Thank you, Senior! But I am not in a hurry. I'll stay here and stabilize my cultivation and improve my techniques. I'll go after I improve further."

Yao Hong nodded appreciatively. "That's good, I'll cultivate with you so we can have each other's backs."

The two of them cultivated where they were.

Whilst Su Yu stabilized his cultivation level, he continued to ponder over what he had learned under the time acceleration of two hundred times.

Currently, he had three main techniques in his arsenal.

The attack type technique, Glazed Ice Flame.

The movement type technique, Divine Ice Wings

The spirit energy absorption technique, Sigh of Ice.

The latter two had reached Stage Two Top Class. Without fate on his side, it would be hard to break through to the third stage.

But Glazed Ice Flame was only at Stage Two Upper Class, only a shred away from Stage Two Top Class.

Making use of the opportunity of just improving his cultivation level, Su Yu concentrated on pondering the Glazed Ice Flame!

After ten days, Su Yu suddenly opened his eyes.

A ball of red fire burned in his eyes.

The Fire Cloud Seal between his brows was thumping wildly, like a ball of flame anxious to burn through the heavens!

The tiny sliver of frost that was emitted caused Yao Hong, who was just waking up from her cultivation, to change her expression. She hurriedly circulated her spirit energy to defend herself.

Even so, her arms were lined with frost, and the veins in her body showed signs of slowing.

Shocked, Yao Hong covered her lips, her eyes filled with awe.

If she was a Holy King, it would not be strange if Su Yu's frost did that to her. But now that she was Dragon Realm Level One, it still had such an effect.

The flames in Su Yu's eyes gradually weakened, his expression satisfied.

In ten days of cultivation under the time acceleration, it was like sixteen years had passed. He had finally reached Stage Two Top Class of the Glazed Ice Flame!

The chilly energy he emitted was much more powerful than that of the past!

"Congratulations on your massive improvement, I have scores to settle with Long Fan and Song Hanming, I shall not accompany you any longer! Goodbye!" Yao Hong flew away.
