Chapter 1891 The Law Of Dreams

“Cough Cough, Madam, I am the Moon Worship Sect Master. Have you mistaken me for someone else?” Su Yu pushed her away once again, his mind racing.

What was going on?

Was she putting on a show or was she really in an ambiguous relationship with the Moon Worship Sect Master?

If it was the latter, it would be too shocking.

The Moon Worship sect master, the weakest of the ten great forces, had actually hooked up with the wife of the villa head of the wind and cloud villa. No one would believe it even if it was spread out.

“Damn it, aren’t you serious? You and I have been together for decades. Isn’t it too late to get rid of Me Now?” The villa head’s wife said unhappily.

Su Yu’s heart trembled. It was true!

At this moment, he could not help but admire the abilities of the moon worship sect leader. How could he make the Villa Head’s wife follow him out of the blue.

After pondering for a moment, Su Yu stretched out his arm and pulled her into his embrace. He chuckled, “You’re really angry. I haven’t seen you for three years. I’m just teasing you a little.”

The Manor Head’s wife’s expression turned bright just now. She threw herself into his embrace with a smile and said coquettishly, “That’s more like it!”

Su Yu listened to her and felt his scalp warm up for a while. Then, he said carefully, “It’s getting late. It’s better to go back as soon as possible. Don’t let the Manor Head find out.”

“Look at you! When you seduced me back then, I didn’t see you being so timid.” The Manor Head’s wife poked the space between his brows, her almond-shaped eyes looked at him charmingly. Then, the corner of her lips curled up. “Don’t worry. That old thing is busy preparing for him to become the alliance leader of the five sects. He doesn’t have the mood to pay attention to me right now.”

As she spoke, she slowly untied Su Yu’s robe. Her eyes were like silk as she said, “We haven’t had sex for so long. Are we going to...”

Su Yu was quick-witted. Not to mention that he had no interest in having sex with him at all. Even if he was interested, once he untied his robe, his true appearance would be exposed.

“Hey, what’s the rush? In the future, we have plenty of time to be together, why would we care about the morning and evening in front of us?” Su Yu tactfully rejected the request of sharing a room and casually said.

The Lady of the manor was initially displeased, but after hearing the end, she nodded slightly. Her face revealed traces of coldness as she sneered, "That's right. In a short while, there won't be any more of this old thing in the manor. In the future, I'll be in Charge!"

Eh? Su Yu had said it casually, but it seemed to have drawn out an incredible message.

His heart moved slightly, and he probed, "Little Yingying, are you ready? That old fellow's strength has reached the late stage of the three crowns Emperor realm. Once he discovers your intentions and becomes furious, no one will be able to stop him."

In this regard, the lady of the manor let out a deep sneer. "With just him? If he doesn't open the wind and cloud ancient tomb, I still don't have the confidence. But he brought this upon himself and insisted on opening it. Hehe, I'll make sure he never returns."

She wanted to kill the Fengyun Manor Head?

Where did this woman get such confidence from?

Moreover, it seemed to be related to the Fengyun ancient tomb!

Su Yu rolled his eyes and tried to say, "Shouldn't you reveal some of the inside information about the Fengyun Ancient Tomb to me? That way, I'll be mentally prepared."

The Lady of the manor blinked her bright eyes and said with a smile, "Sure, give me a kiss."

This..

Su Yu secretly hesitated. He absolutely did not want to sacrifice his looks!

Although the Manor Head's wife was astonishingly beautiful, she really did not want to be so close to a stranger.

"I knew you wouldn't agree! HMPH!" The Manor Head's wife immediately fell out with him. "You don't have any feelings for me at all. In fact, you only wanted to use my identity, right?"

Based on Su Yu's understanding of the Moon worship sect master, he was really such a person.

Seeing that the situation was not right, Su Yu's heart spun quickly. His soul quickly entered the nine Jade Spirit Pearl to see if there was anything that could be used to coax her.

Suddenly, he discovered that the rootless purple Emperor Tree's roots that had been planted in the nursery had not only survived, but had also grown three seedlings.

With a thought, he took out one of the seedlings and placed it in his palm. "What do you think this is?"

The Lady of the manor stared at it with a cold expression. Her Eyes revealed a trace of surprise. "Rootless purple emperor tree seedling? It looks like it has been cultivated for more than two years."

Within a month's time, the nine Jade Spirit Pearl's cultivation speed was indeed equivalent to more than two years.

Su Yu secretly heaved a sigh of relief, he solemnly said, "That's right. Although I haven't seen you for two years, I've been thinking about you all the time. This rootless purple emperor tree is a product that I use my laws to irrigate daily. I'll give it to you when it ripens one day and help you break through to the half-step Emperor Realm."

"You say that I'm using you, but I really don't know what to say." Su Yu sighed with an aggrieved expression.

Hearing this, the Manor Head's wife's eyes sparkled, and traces of emotion lingered in her eyes.

She threw herself back into Su Yu's embrace and said gently, "I'm sorry. It was my fault. I shouldn't have doubted you."

Su Yu's heart relaxed, and he felt a little guilty.

The Moon Worship Sect Master's true goal was to use her. After using her, she would probably follow in the footsteps of the Fengyun Manor Head and be erased from the world by the Moon Worship sect master, or she would abandon him.

Now that he was pretending to be the moon worship sect master to deceive her feelings, it was really not right.

However, if she could really help him, at least Su Yu would not do something that would repay kindness with enmity. He would give her a stable future.

"It's good that you understand. It's okay for me to be questioned," Su Yu comforted her.

The Villa Master's wife no longer had any doubts. Long ago, the moon worship sect had said that they wanted to cultivate a rootless purple emperor wood for her.

She knew very well how difficult it was to cultivate a rootless purple emperor wood and needed to expend laws. She was the Manor Head's wife, and she did not see the manor head sacrificing his own laws to help her cultivate this wood. One could imagine how difficult it was to cultivate a rootless purple emperor wood.

Towards the moon worship sect's sweet words, she only laughed it off.

She did not expect that after so many years, he would really cultivate it and give it to her.

"Lover, I will never doubt you again." The mistress's eyes were filled with tenderness as she took out a jade seal from her storage space. It was a jade seal that had a voice engraved on it.

After crushing it, a familiar voice drifted over.

"The emperor's killing sword is only a sword after all, but the alliance of the five sects can allow me to achieve a great achievement!" The mistress of the windcloud manor was extremely heroic.

"Husband, the alliance of the five sects is only a temporary measure to form an alliance. Once the emperor's killing sword is settled, the alliance will be disbanded," the mistress of the manor said.

“Hehe, then the leaders of the other four sects must still be alive...”

The recording ended here, but Su Yu was greatly moved.

Did the master of wind and cloud manor want to get rid of the leaders of the four sects, completely unify the five sects, and become the number one force in the entire dark star civilization?

However, how could he do that?

Although he was at the late stage of the three-crowned Emperor Realm, the other four leaders were also at the level of the three-crowned Emperor Realm. It would be easy for the master of the Windcloud Manor to defeat them, but it would be extremely difficult to kill them.

Not to mention killing four of them in one go?

“Lover, the windcloud ancient tomb is full of dangers. That old fart must be planning to use the power of the ancient tomb to keep all of you inside. You have to be careful.”

Wind and cloud ancient tomb!

No wonder he was willing to open the ancient tomb.

The five sects had formed an alliance before him and announced that the five sects were one. If the leader of the four sects died quietly in the ancient tomb, the head of the wind and Cloud Manor would rightfully command the five sects, he would secretly replace the core of the other four sects with his own people, and the entire southern faction would be in the hands of the head of the wind and Cloud Manor.

What great ambition!

His scheme was not just the alliance head, but the five great factions!

Fortunately, the moon worship sect master had left a manor head's wife for her. Otherwise, she would have really fallen into the trap and met with danger in the wind and cloud ancient tomb.

“In that case, it's better if I don't go to the ancient tomb?”

“Go! Of course, I have to go! If you don't go, he will definitely get suspicious and might even make a move on you in advance.” The Manor Head's wife's eyes were cold. “Moreover, he wants to use the wind and cloud ancient tomb to deal with you, so how would he know that I want to use the restriction to deal with him? “Go ahead and act as if nothing has happened. Believe me, I will get rid of the Windcloud Manor Head. From now on, the Windcloud Manor will be yours and mine.”

Hearing this, Su Yu was secretly curious. Where did the lady's confidence come from to keep the Manor Head inside forever?

It was just like how the Manor Head had the confidence to kill all the leaders of the four major sects inside.

Was it the mysterious restriction of the windcloud ancient tomb

After pondering for a moment, Su Yu slowly nodded his head.

Wealth and honor came from danger. With the help of the Manor Head's wife in secret, this trip might not necessarily be a narrow escape.

"Alright, I understand!" Su Yu nodded his head deeply.

The Manor Head's wife's eyes were filled with a strange light. "It's been three years since we last met. You're much more decisive than before. However, I Like It!"

Su Yu's heart skipped a beat. He thought that he had already been exposed.

"Oh right, is the Manor Head's disciple at Arrow Azure Underworld Mansion?" Su Yu asked.

The Manor Head's wife nodded. "Haha, it's not just the Manor Head." The other three great powers were all secretly monitoring him. After all, they were the ones who knew where the scabbard was. Who Wouldn't be monitoring him? "I'm afraid that even if a mosquito barges in, it would be able to discover its existence."

Su Yu's gaze flickered slightly. At this moment, Gu Xing was not only being monitored by the Master of the Azure Underworld Palace. He would also be monitored by the leaders of the other great powers.

Under the surveillance of the five thrice-crowned emperors, the possibility of his companions wanting to transmit their memories to him was almost nil.

Even if they were to transmigrate through their souls, they would be immediately discovered by him.

Then, how would Gu Xing's friends transmit their memories?

The answer was very few. And after half a month of thinking and preparation, Su Yu had thought of a few possibilities.

There was one possibility that was the most secretive and inconceivable, but it was also the most likely to be concealed from the five thrice-crowned emperors' mysterious methods.

"I'm going to monitor that Lone Walker as well. I Won't be able to accompany you tonight," Su Yu said.

The Manor Head's wife nodded. "The most important thing is for you to go. He's staying in room number three with the manor head of Azure Underworld Prefecture."

She nodded slightly. After sending the Manor Head's wife off, Su Yu did not head to room number three.

That was because there was no use going there at all.

The way he transmitted his memories was probably beyond everyone's expectations.

Su Yu turned over and lay on the bed. The oil lamp on his chest spun out. Immediately after, Su Yu clenched his five fingers. A cloud of pink fog surrounded pieces of laws.

Based on what he had seen in his life, he had comprehended more than 10,000 divine daos and became the god of all gods, which was the body of a Dao God.

Through the oil lamp, he could temporarily convert the Divine Dao he had comprehended into laws.

Staring at the pink fog in his palm, Su Yu sighed quietly. "I never thought that there would be a day when I would use this kind of law."

He pinched the fog, and the fog turned into dark red lines that ordinary people could not perceive. One end was tied to Su Yu, while the other end was infinitely long. It passed through the barrier and shot onto a sleeping person in Tian San's guest room.

Chapter 1892 The Location Of The Scabbard

The sleeper was none other than the disciple of the master of the Azure Underworld Prefecture, Lone Walker.

Su Yu had learned this law from the red dust path master, a mysterious path master who specialized in dreams.

With this law, he could easily enter the dreams of others. He could even create his own dreams and trap others within.

If there was any way for them to transmit their memories, dreams were the most likely way!

With a thought, Su Yu followed the dark red dream thread and entered Gu Xing's dream.

At this moment, he was looking at Gu Xing's dream from the perspective of a third person. Gu Xing had no idea that another person was staring at his dream.

Gu Xing's dream presented a quiet valley. Flowers were in full bloom, birds were singing and flowers were fragrant. Smoke rose from the peaceful village. Children were playing by the roadside. Old people gathered at the village entrance to talk about the growth of the crops this year.

The women were in the kitchen in a hurry, preparing dinner for the day.

"Oh? Such a peaceful dream?" Su Yu was slightly surprised.

Dreams were dreams that one could only dream about day and night. From a certain point of view, dreams were the embodiment of the deepest part of a person's heart.

This person called Gu Xing actually yearned for such a peaceful and ordinary life the most in his heart.

As his gaze moved, it stopped at an ordinary thatched cottage. A blurry-looking young man was lying in the courtyard, holding a scripture book and reciting it in a clear voice.

"This person hides his appearance especially, so in the dream world, his appearance is also blurry." Su Yu could not help but wonder who this person's true identity was.

After chanting for a while, he rubbed the space between his eyebrows, he asked in puzzlement, "Strange, why have I been feeling restless recently, as if something important was missing? Did I drop a precious book? Or did I forget to pay back the money I owed the last time I went to the capital for the exam?"

Just as he was thinking, a woman with an equally blurry face walked in with a buzz cut.

She had a slim figure, like a willow catkin in the wind, weak and fragile, giving off a delicate and pitiful feeling.

She looked around, and under the curious gazes of the villagers, she came to a thatched cottage.

Looking at the scholar reading aloud in the thatched cottage, she could not help but laugh out loud. “Haha, Senior Brother is actually a scholar in my dream. This is really unexpected!”

The scholar hurriedly got up and looked at her up and down in surprise. His eyes were filled with deep doubt. “Miss, do we know each other? Why do we seem to have known each other before?”

The woman covered her mouth and laughed softly. “That’s because you have erased all of your memories related to me. Of course you know who I am. But give me something to eat and you will remember.”

She took out a red fruit the size of a thumb. All that flowed inside were memories.

Su Yu saw this and secretly understood. As expected.

They had completed the exchange of memories in their dreams. The five leaders would never have dreamed that their surveillance would be useless.

The scholar was puzzled. “You want me to eat?”

The woman smiled and walked over. She pinched his chin and said mischievously, “Open!”

Then, she threw the fruit in.

Immediately after, the scholar’s body shook violently. The fog in his eyes gradually dispersed and was replaced by a clear and bright look.

“I see.” The scholar muttered as he looked around. “So it was my dream.”

His temperament suddenly changed. He was no longer a weak scholar. Instead, he was confident, calm, and had an extraordinary temperament. He was like an emperor in the human world.

He put his hands behind his back, slowly closed his eyes, and said, “The memories are back!”

When he opened his eyes again, he stared at the woman in front of him with a smile. “Thank you, junior sister. This time, with you, the plan could progress smoothly and hide the information about the scabbard until now.”

“Hehe, we should thank that woman for giving us so many dream fruits,” the woman said.

Dream Fruits, woman, who? Su Yu thought to himself.

The scholar said, “Yes, it’s all thanks to that woman.”

After pausing for a moment, the scholar looked longingly at the village in the valley. With a wave of his sleeve, the dream shattered.

Little did he know that an invisible hand had swept through the dream and grabbed a strand of the dream fragment. It left silently without alerting them at all.

In the room, Su Yu suddenly opened his eyes and opened his palm to take a look. A ball of twisted fragments was rapidly dissipating.

This was the subconscious of the scholar that Su Yu had grabbed before he left, the subconscious of the scabbard!

Seeing that the fragment could not exist in the real world for too long and was about to dissipate, Su Yu immediately stuck it between his brows.

That strand of subconscious was quickly digested by him.

“The scabbard is...” Su Yu suddenly opened his eyes, and his eyes revealed a look of shock. “This... It’s actually there!”

A deep and solemn look flashed across his face, and his expression fluctuated for a long time.

After a long while, it turned into a bitter smile. “It’s easy to say that the scabbard is anywhere, but that place, the possibility of getting it is almost zero.”

This lone Walker really knew how to hurt people.

If he had not received the news in advance, he would probably be at a loss when the news spread a few days later.

“Sigh, if that’s the case, then I have to go there.” Su Yu thought for a moment and looked at the communication jade formula on his waist.

He hoped that that person would be able to use it.

For the next five days, Su Yu waited quietly in the wind and cloud villa.

From time to time, the leaders of the four sects would gather together to spar and discuss with each other. Su Yu remained silent the entire time.

It was useless for him to say anything more about the sparring between the three crowned emperors.

On the other hand, master Bao Kun had personally captured the emperor’s killing sword and had a deep understanding of it. He had greatly attracted the interest of the Master of the Azure Underworld Mansion and the Master of the Sword Sealing Pavilion. The two of them seemed to be centered around master Bao Kun.

At night, the three leaders began to secretly monitor Gu Xing’s every move.

“Strange. You’re so focused on the emperor’s killing sword that you don’t have any reaction at all?” The SAINTESS had come to the moon worship sect master for some matters and asked with a frown.

Su Yu laughed and asked, “Wouldn’t it be fine as long as you’re monitoring Gu Xing?”

“Hmph, I won’t tell you even if I get the news!” The SAINTESS was speechless. The three leaders were closely monitoring Gu Xing. Why was the Moon Worship Sect Master so relaxed?

However, she didn't come for this matter.

"Do you feel that something is wrong?" The saintess cast a divine isolation spell and whispered.

Su Yu was surprised, but he pretended to be confused. "What's Wrong?"

The saintess frowned and said, "Don't you think that the time taken to draft the wind and Cloud Manor's alliance is too long?"

She thought seriously, "The wind and cloud manor leader should be determined to take the position of the Alliance leader. The alliance draft should have been prepared long ago. Now, he's hiding in his room and has been drafting for four or five days without any movement. It's strange no matter how you think about it."

Hehe, the SAINTESS was not stupid after all.

At this moment, the Master of wind and cloud manor must be thinking of ways to set up a method to capture everyone except for him.

"You're thinking too much. It's fine." Su Yu waved his hand. "It's not good to worry over nothing like this."

The Saintess glared at him, finding it harder and harder to work with him.

Everything she said was based on evidence, but the moon worship sect master did not care and did not take any precautions.

"Forget it. You take care of yourself. I need to make more preparations anyway." The Holy Maiden's vigilance gradually rose.

If she was already like this, it was easy to imagine if the master of azure underworld mansion and the Master of the sealed sword pavilion were on guard as well.

They were both old and cunning people. Naturally, they could sense that something was wrong.

On the sixth day.

Finally, the master of Windcloud Manor arrived one by one. The strange thing was that he was covered in dust and dirt. His aura was weak, and he appeared to be in a sorry state.

"Manor Lord, what's Going On?" The Sword Sealing Pavilion Lord asked in surprise.

The eyes of the Azure Nether Manor Lord flickered with suspicion.

Su Yu was also slightly surprised. What was going on?

"Sigh, it's hard to explain. Something happened in the windcloud ancient tomb," the Windcloud Manor Lord Sighed.

Hearing this, everyone's hearts tightened.

They had waited here for five to six days. wasn't it for the windcloud Ancient Tomb?

If the ancient tomb had disappeared, what was the point of them staying here?

The Master of the Azure underworld mansion said coldly, "Manor Lord, are you trying to cheat us?"

The windcloud manor Lord spread out his hands helplessly. "The Alliance Agreement hasn't been signed yet. How can I say that I'm cheating?"

That was true!

"Since we can't enter the windcloud ancient tomb anymore, we'll have to renegotiate the choice of the Alliance Master's position." His eyes lit up.

The Fengyun Villa Master shook his head and said, "It's not that we can't enter, but it's a bit troublesome to enter. With the traps left behind by our Fengyun ancestor, we can't open the ancient tomb anymore. We need everyone here to work together."

Just work together to open the door? That wasn't a big deal.

"Can we guarantee that we can open it if the five of us work together?" The sword sealing pavilion master asked.

He received an affirmative answer.

"That's only natural. I've carefully calculated that with the help of the five of us three crowns, we'll definitely be able to fully open it. Moreover, we won't expend much primeval energy. Everyone can rest assured on this point."

Hearing this, everyone was completely relieved.

The suspicions in their hearts also dissipated a lot. No wonder the Windcloud Manor Head didn't appear for many days. It turned out that there was a problem with the opening of the ancient tomb.

Among the people present, only Su Yu had reservations.

He glanced at the wife of the manor head who was accompanying the manor head. The other party also glanced at him and nodded without a trace, meaning that she had already made preparations and could rest assured.

That was good!

"Then there's no time to delay. First sign the agreement of the five sects alliance, then enter the wind and cloud ancient tomb. How about it?" The head of the wind and Cloud Manor said.

The people present naturally had no objections. They each took out their identity tokens and left their auras on the draft joint agreement.

Seeing this, the Windcloud Manor Lord was overjoyed. He laughed and tossed it high into the sky.

Endless ripples immediately radiated out from the agreement document, sweeping across all the regions in the south.

Regardless of whether they were strong or weak, a similar message appeared in the depths of the hearts of all living beings.

“The Five Faction Alliance, Dark Star Civilization is going to be in turmoil.”

“The Alliance Master is the Wind Cloud Villa Master, as expected!”

“This is a joyous occasion. Our Southern Region has always been oppressed by the big factions in the north, and now we can finally unite as one.”

“I hope the Wind Cloud Villa Master can lead us to Glory!”

Half a day later, all living beings in the southern region received this message.

The news of the Windcloud Manor Lord becoming the Alliance Master of the five sects was even more deeply rooted in the hearts of the people. Everyone knew about it!

“Thank you for your kind words. From today onwards, the five sects will advance and retreat together!” The windcloud manor Lord’s heart calmed down, and he appeared to be in high spirits.

The Master of the azure underworld prefecture said calmly, “The alliance agreement has already been announced to the world. Now, it’s time for the Alliance master to fulfill his promise.”

A strange light flashed in the eyes of the windcloud Villa master as he laughed loudly, “Everyone, please follow me. Let’s open the ancient tomb that has been sealed for thirty million years!”

Chapter 1893 Space Lotus

The location of the windcloud ancient tomb was not a secret. Almost everyone in the windcloud Villa knew about it.

It was right under their feet!

Before the first windcloud Villa Master died, he used his great magic power to retrieve 18 huge meteorites and melted them into one before splitting them into two.

Half of them floated in the sky, which was the windcloud villa that they saw today.

The other half sank underground, which was the empty space right below the wind and cloud villa.

One of the two halves of the meteorite was in the sky, while the other was on the ground.

One was left for the living, while the other was left for the dead.

The two halves of the meteorite corresponded from afar, forming a passageway that could not be seen by the naked eye.

If one wanted to enter the ancient tomb, they could only use this passageway.

There had been people who wanted to break into the ancient tomb from the outside world over the years, but none of them had succeeded. To be exact, those who dared to try did not come back alive.

This was because the meteorites in the ancient tomb formed their own body, and the surface of their bodies was flowing with nothingness. The slightest contact with it would immediately be devoured by nothingness.

The method of forcefully breaking through the meteorites did not work at all.

The only way was through the passageway.

At this moment, Su Yu and the others were right above the passageway.

It was also the small courtyard of the manor head, a well-preserved ancient restriction.

After using a hundred precious high-grade divine stones, the restriction was finally activated, and they were instantly teleported away.

When they reappeared, they had already arrived at the surface of the meteorite from the sky through the passage.

A layer of light-filled seal appeared before everyone's eyes.

Looking at this seal, Su Yu was secretly astonished.

The Master of the Azure Underworld Mansion also revealed a look of surprise as he praised, "I've long heard that the first generation Windcloud Manor's manor head has heaven-defying laws, and his strength is heaven-piercing and earth-shattering. He's on par with the Dark King. Now that I've seen it, it's as expected!"

There was one thing that he did not mention in order to avoid unnecessary conflicts.

That was, the first-generation master of the windcloud Villa was the only non-member of the Dark Moon clan among the ten great factions.

One could imagine how difficult it would be for a non-member of the Dark Star clan to establish a foothold in the dark star civilization without a powerful and invincible faction?

It was also because of this that the ancient tomb had been preserved for so long that even the three crowns were unable to shake it.

The seal before them was a four crowned emperor level seal. Under normal circumstances, even if the leaders of the ten great factions gathered together, they would not be able to forcefully break it open.

Now, there were some problems that allowed them to barely open it.

"Look, there is a gap in the middle of the seal, and that is the weak point of the seal. If it was in the past, I could have directly used my ancestral technique to remove the seal and expand that weak point, forming a passage for one person to pass through. But now, look..."the manor head took out an extremely ancient jade ruyi, he pointed at the weak point across space.

Immediately, the seal shook and the weak point rapidly expanded to the height of half a person.

But then, it trembled unstably and closed again.

"That's it. The ancestral method to open the seal is no longer effective."The manor head frowned deeply, he said helplessly, "The only way is for me to open the level of half a person. Then, the five of us will work together to stabilize it and give all of us time to pass through."

Other than the five leaders, there were also the Saintess, Gu Xing, and the Manor Head's wife who would enter.

There were a total of eight people.

The people present did not hesitate much about this.

The only person that the Wind and Cloud Manor Head was worried about was the Moon Worship Sect Master, he said, "Your cultivation base is the weakest among us. If you can't hold on, please let us know in advance so that we can be prepared. Otherwise, if anyone is stuck in the middle of the seal, they will be turned into ashes."

No wonder he was indifferent to the Moon Worship Sect Master. It turned out that the Moon Worship Sect Master had become a burden when the seal was opened.

"I understand." Su Yu didn't say anything more.

The Sword Sealing Pavilion Master was also a little worried. He frowned and said, "Sect master, why don't you postpone it?"

What if the Moon Worship Sect Master couldn't hold on and caused the seal to shrink? The one who would be hurt would be himself and not others.

The saintess said coldly, "Why? Everyone has signed the five sects alliance. Why should our Moon Worship Sect fall last?"

Who knew if they would harbor evil intentions and close the seal after they entered first.

"Let's postpone it then." Su Yu patted her shoulder and said calmly, "Don't worry too much. We already have the advantage by entering two people. What's the harm in being a little behind?"

The Holy Maiden rolled her eyes at him. She had to give way to everything!

"Let's do it this way," Su Yu said.

Just like that, everyone prepared for a while. They looked at each other and attacked at the same time.

In an instant, four majestic waves of primal energy surged like a raging sea, rolling endlessly.

The most powerful one was the Windcloud Manor Head. His primal energy alone was equal to half of the total energy present.

Next was the sword sealing pavilion head, who was on par with the Green Nether Manor Head.

Next was Master Bao Kun. His primal energy was the weakest, just a tiny bit.

After all, he was just a puppet. What made him strong was his physique, not his primal energy.

Only Su Yu did not emit any primal energy from his body.

The other three looked at the Moon Worship Sect Master and Master Bao Kun in surprise. Something was not right with these two.

However, the primal energy was only a symbol of one's realm. Their true abilities still depended on their grasp of the laws.

Chi --

The Wind Cloud Manor Head was the first to act. After Yu Ruyi opened up the half-man passage, a law chain the size of a human condensed in his palm and flew over, holding up the passage that was about to compress. It even expanded by a third!

The Sword Sealing Pavilion Master and the Green Nether Manor Head acted at the same time. Their law chains were much thinner than the wind cloud manor Head's. However, when they worked together, they were comparable to the wind cloud manor head and expanded the passage by another third.

Afterwards, it was master Bao Kun who attacked. He did not use his nomological laws. Instead, he laughed loudly and said, "I've recently gained some insights from cultivating my physique. I'll show them to everyone."

When one reached the world emperor stage, the most powerful thing would be the nomological chains. A casual attack would have the power to destroy the world.

There were some who cultivated their physique alone. However, they were extremely rare.

Feng Yun Villa Master and the other two had strange expressions on their faces. They actually cultivated their physique?

The sword sealing pavilion master growled, "It's still safer to use the law. If we use our physique now and spoil our plans, what should we do?"

Master Bao Kun didn't say anything. He rushed to the front of the seal. His wide sleeves revealed a pair of metal-colored fists that supported the tunnel. With a creak, one-third of the tunnel was opened.

Thus, the tunnel that was half the height of a person became two people's height. It was enough to allow others to pass through.

The eyes of the wind and Cloud Manor Head and the others narrowed slightly, revealing a trace of vigilance. With such a strong physique, coupled with the laws, wouldn't master Bao Kun's overall strength increase by leaps and bounds?

Without the moon worship sect master taking action, the tunnel was completely opened.

The manor head said, "The three of you go first. We'll follow."

The saintess, Gu Xing, and the Manor Head's wife nodded and quickly passed through the tunnel in turn.

The Manor Head took the lead and immediately rushed over. However, he was still maintaining the support of the nomological chains at the other end, ensuring that the tunnel would not compress.

However, he could already see traces of pressure on the Manor Head's face. It was somewhat strenuous to hold on for such a short period of time.

After all, this was a seal at the level of the four crowns. The four of them were working together to withstand the pressure.

"Quick, this seal is no trifling matter. We can't delay it for too long," the Manor Head of the plain wind cloud manor shouted.

The pavilion head of the sealed sword pavilion shouted loudly and immediately flew over. He was also trying his best to hold on, and traces of difficulty appeared on his face.

Next was the Master of the Azure Underworld Palace, followed by Master Bao Kun.

When only Su Yu was left, the entire tunnel started to tremble, and the three chains started to creak, showing signs of being compressed.

Master Bao Kun continued to growl, and the compressed tunnel continued to suppress him.

“Quick!”The wind cloud villa master roared, “We can’t hold on much longer!”

Su Yu nodded and instantly flew towards the tunnel.

However, just as he was about to pass through the passageway, the people inside cried out in alarm, “Retreat quickly, we can’t hold on much longer!”

The Windcloud Manor Lord was the first to withdraw the law chains that he could no longer bear. If he continued to hold on any longer, his chains would completely shatter, causing law damage to appear.

Once he withdrew, the sword sealing pavilion master and the green underworld mansion master naturally wouldn’t hold on any longer and withdrew their chains as well.

Only Master Bao Kun was able to hold on for a moment before he had no choice but to withdraw and retreat.

Instantly, the human-sized passageway bounced back almost instantly and closed once more.

As for Su Yu, he had just stepped into half of his body. He could neither retreat nor advance. He was stuck in the middle.

“Ah!”Seeing this scene, the Holy Maiden cried out in shock. Her heart was filled with fury.

As expected, the worst had happened!

They were unable to hold on until the end!

Moreover, it just so happened that the moon worship sect leader was stuck in the middle. He was about to be crushed into nothingness by the seal.

Everyone watched helplessly as the seal closed up.

It was truly a pity that the first moon worship sect leader had died in such a muddled manner.

However, what made their eyes widen was that the passageway that was about to close up was actually forcefully opened up!

They fixed their gaze and saw a lotus flower that was filled with the power of space, its petals blooming one after another.

Every time it bloomed, it would prop up the collapsed sealed passageway by an inch.

When more than a hundred petals bloomed, the entire passageway would be able to prop up a person's height!

However, the moon worship sect master's figure was already nowhere to be seen.

"Where is he?" The Palace Master of the Azure Underworld Palace asked in shock. At this moment, even his aura had disappeared without a trace. He had completely disappeared.

The Pavilion Master of the sword sealing pavilion stared at the lotus flower with a profound gaze. His eyes were filled with shock and bewilderment. "He wasn't able to open the passage in time and was crushed, right?"

The Master of the Wind Cloud Manor stared at the lotus flower with even more shock.

Those layers of blooming space flowers should be a sign of the great success of space laws, right?

The moon worship sect master actually had such terrifying attainments in space laws!

Fortunately, he should be dead. Otherwise, he would be a big trouble in the future.

The completion of any one of the eight profound meanings had unlimited potential.

He died well!

Crack --

After ten breaths of stalemate, the seal suddenly shrank, crushing the space lotus into nothingness.

The Moon Worship Cult Master never appeared again. His aura also disappeared from the human world.

Without a doubt, he should be dead.

The Holy Maiden's expression was quite unsightly. He was actually... dead.

She was the only one left. Wouldn't it be as difficult as ascending to the heavens to obtain all the star stones?

The atmosphere suddenly became heavy, and it also became much gloomier.

The Master of the Wind Cloud Manor let out a long sigh. "Everyone, let's go. We can't let the Moon Worship Sect Master's death be in vain!"

The other people nodded one after another, and they looked at the ancient tomb squarely.

The ancient tomb wasn't big. In the pitch-black stone room, eighty-one grooves had been dug out, and in each groove was a bronze coffin that stood upright.

The ages were different, many of them had already decayed, and some of them could be considered brand new.

Inside were all the past Windcloud Manor heads.

The holy maiden surveyed her surroundings and said, "What a mystical arrangement. Every groove is connected, and it actually formed the sixty-four transformations of Heavenly Dipper. With the

help of the eight trigrams, it can be said that with just a single step, there would be a transformation.”

Chapter 1894 The Picture Was Revealed

She didn't say it clearly, but everyone present understood.

There was an unusual danger here, and the invisible danger was right under their feet.

If they took a wrong step, they might suffer the backlash of the ancient tomb.

However, their attention was more attracted by the altar at the end of the stone room.

On the altar, there was a pattern that was continuously drawing power from all directions and gathering in the groove.

It gathered into a pitch-black speck of dust in the groove.

The dust gathered together and condensed into powder. The powder condensed into sand, and the sand condensed into a rock the size of a dragon rock.

Star Rock!

The expressions of everyone present changed at the same time, and their eyes revealed deep joy.

There were a total of ten Star Rocks!

Ten Star Rocks. As long as they obtained two of them, they could go to any other civilization and successfully return.

Everyone's eyes were burning with eagerness.

However, no one took a step forward rashly.

“Everyone, this formation is the Heavenly Star Nine Yin Nine Yang Formation created by our ancestors. It can absorb energy from nothingness to condense starstones. It can also absorb energy for its own use, turning it into an offensive power. Its power is extremely terrifying. If you take one wrong step, you will be doomed. Everyone, follow my footsteps closely. Do not take the wrong step.”

The windcloud manor Lord said solemnly as he led the way, stepping on a bluestone slab.

The Sword Sealing Pavilion Lord followed closely behind, and he was also very careful.

Following behind him were the master of the Azure Underworld Mansion, Master Bao Kun, Holy Maiden, Gu Xing, and the manor Lord's wife.

Those seated here were all absolute experts, but in this small stone room, they were all treading on thin ice. They could not be any more careful.

Time passed bit by bit. It seemed that they were only a few hundred Zhang away, but they seemed to have walked for a month.

When they reached the altar, the head of the wind and cloud manor wiped his sweat and smiled, “Fortunately, there's no mistake.”

He casually moved his hands and feet, indicating that the area around the altar was a safe zone.

“As long as we don’t go beyond the altar, there won’t be any problems,” said the head of the wind and Cloud Manor. He himself stared at the Star Stone formed in the groove, his eyes burning.

When the others saw this, they all gathered around.

Staring at the groove, no one made a move.

“Everyone, how should we distribute the Star Stone?” The Master of wind and cloud manor looked around at everyone.

A sharp and cold light flashed in the eyes of the Master of Feng Sword Pavilion, and he said indifferently, “Since everyone has come in, why don’t we snatch it with our strength?”

As soon as he said this, everyone immediately became wary of each other.

Relying on one’s ability to speak? Wouldn’t that mean that they would have to fight within a narrow area?

Killing intent surged within the eyes of the Master of the Azure Underworld Palace as his mind spun rapidly.

Gu Xing and the manor head’s wife retreated slightly, indicating that they would not participate in the fight and that they would not attack them.

The manor head of the Windcloud Manor also pondered carefully. “Based on one’s ability?”

In terms of ability, none of the people present could compare to him!

The stone room was silent. Everyone knew that the only difference was who made the first move, and everyone would start fighting each other.

At this moment, the taciturn master Bao Kun suddenly opened his mouth and said indifferently, “Everyone, isn’t it too rash to start a fight here? One wrong step outside thirty feet is death. Everyone, are you sure you want to take the risk for the Starstone?”

In fact, they all knew in their hearts how high the danger of fighting here was.

However, since the Pavilion Master of the Feng Sword Pavilion had suggested that they fight based on their own abilities, they naturally became nervous.

“I agree with Master Baokun. If we want to fight based on our own abilities, we’ll have to find another place,” the master of the Azure Underworld Palace immediately said.

The Pavilion Master of the Feng Sword Pavilion glanced at Master Baokun, and a hint of displeasure appeared in his eyes as he said, “Then tell me, how should we distribute them so that everyone is satisfied? I want to make it clear that I want three!”

As soon as he said this, the others immediately glared at him angrily.

“Why?” The Master of the Azure Nether Manor was the first to object. “If you want three, then I want three!”

The two asked for six.

The Master of the Wind Cloud Manor twirled his beard and said, "If both of you want three, then I have no reason to ask for less. I want three as well."

There was only one left.

The Holy Maiden's eyes flashed. "I want the last one!"

Now that the Moon Worship Sect Master had fallen, she was all alone. It would be good if she could get one. She really didn't have the right to compete with them for more.

Gu Xing and the Manor Head's wife were additional participants. They didn't have the right to distribute it.

Master Bao Kun clasped his hands behind his back and said, "Isn't that enough? It just so happens that the distribution is complete."

Eh? The few of them stared at Master Bao Kun in astonishment. Could it be that he didn't want it?

The Master of the Azure underworld mansion relaxed slightly. "If Master Bao Kun sacrifices himself and doesn't want the Starstone, then I have nothing to say."

A strange light flashed in the eyes of the Pavilion Master of the Sword Sealing Pavilion. He nodded faintly. "If that's the case, I have no objections."

The Master of the wind cloud manor nodded slightly. "It seems that everyone has reached an agreement. Let's begin retrieving the Starstone."

He took out the Jade Ruyi and tapped it on the seal in the groove. The seal immediately opened, revealing ten starstones.

The Master of the Windcloud Manor immediately took out three starstones and placed them into his storage space. Then, he moved away.

The Master of the Sealed Sword Pavilion took out three starstones as well.

The Master of the Azure Underworld Mansion also took out three starstones.

The Holy Maiden took out one with a complicated expression.

After the ten starstones were distributed, everyone was happy.

The Master of the Azure underworld mansion immediately said, "Since we have the starstones, let's leave as soon as possible. Please lead the way, Manor Lord."

The longer he stayed here, the more uneasy he felt.

This place gave him an abnormal sense of danger. It was best for him to leave as soon as possible.

However, the wind cloud manor Lord calmly put his hands behind his back. The corners of his mouth curled into a meaningful smile as he said, "I should say, let me send everyone off."

The meaning behind his words caused the expressions of everyone present to suddenly change.

The Lord of the azure underworld mansion frowned and said, "Manor Lord, I don't quite understand what you're saying. What do you mean?"

“I mean it literally,” the Windcloud Manor Lord said indifferently. “You don’t have any regrets now that you’ve taken the Starstone, right? Since you’re on your way, it can be considered that I’ve done all I can for you.”

Whoosh --

The Lord of the Sealed Sword Pavilion, the Lord of the Azure Underworld Mansion, and the Holy Maiden retreated to the edge of the ten-meter radius, their eyes revealing a cold expression.

The Lord of the sealed sword pavilion said in a low voice, “Manor Lord, it’s not a good time to joke around. It’s best that you take us away as soon as possible. Otherwise, if there’s really a misunderstanding, it won’t be good if we join forces and injure you.”

The Lord of the Azure Underworld Mansion’s expression was solemn, and he didn’t say a word.

He should have known that the Windcloud Manor Head definitely didn’t have any good intentions when he opened the windcloud ancient tomb.

How could he be willing to give away ten star stones?

Star Stones..

Suddenly, the palace master of the Azure Underworld Palace threw out the entire spatial storage item without hesitation.

However, he was already a step too late. A black mist shot out from his storage item and enveloped him within in an instant.

With a miserable scream, the Master of the Azure Underworld Palace turned into a puddle of blood.

The expression of the Pavilion Master of the sword sealing pavilion also changed drastically. He shouted in a low voice, “Pavilion Master, how Dare You...”

Boundless Black Mist also shot out from his storage container and enveloped him within it, turning him into a puddle of blood.

The Holy Maiden’s expression froze. Before she could do anything, she was also enveloped by a black mist and turned into a bloody mist.

In the blink of an eye, the Sword Sealing Pavilion Master, the Qingming Prefecture Master, and the Holy Maiden were all killed. Including the Moon Worship sect master, they were all dead!

Of the five great sects in the southern region, only the windcloud manor master and Master Bao Kun were left!

The windcloud manor master glanced at Gu Xing and curled his lips. He turned his gaze to master Bao Kun and chuckled. “Bao Kun, you’re the only one who’s smarter. You saw through the clues and didn’t touch the Starstone.”

Without a doubt, the killer move of the head of the wind cloud villa wasn’t hidden in the middle, but in the star stone itself.

They were too wary of the head of the Wind Cloud Villa. It was too difficult to plot against them in the middle.

The Star Stone was the best choice. When faced with a treasure in hand, one's guard was the lowest.

Master Bao Kun said coldly, "Those star stones just now were fake, right? The real ten star stones were actually kept by you long ago, right? In the past five days, you must have come to the ancient tomb and taken the star stones, right?"

The Master of the wind cloud villa sized up master Bao Kun, he laughed and said, "Why should I hand over the things of My Wind Cloud Villa to you outsiders? As you said, I came here several times in the past five days to set up a trap to kill all of you. It's basically a success now."

Master Bao Kun said, "So, the huge seal at the entrance was actually prepared to kill someone?"

"That's right." The Wind Cloud Villa Master's lips curled up as he walked towards Master Bao Kun. "If not for that, how could the moon worship cult master die so easily?"

As expected, there was a reason why he suddenly withdrew his hand when the moon worship cult master passed through the passage.

"To kill someone, he didn't hesitate to destroy the seal and cause damage to it?" Master Bao Kun asked sarcastically. To destroy the ancient tombs of his ancestors for this, it was truly strange.

However, unexpectedly, the head of wind and cloud manor snorted, "I don't have the ability to destroy the seal. It was the damage that suddenly appeared in the past two years. It should be because the seal has been in disorder for a long time."

He did not even know when and by whom the seal was destroyed.

"That's it, Bao Kun. You are not my match at all. It is not difficult to kill you."

Master Bao Kun was not afraid at all. He said calmly, "You can give it a try."

"Is that so? Then give it a try!" The Wind Cloud Villa Master's face turned cold and his figure flashed.

However, he did not rush towards Master Bao Kun. Instead, he changed his direction at the last minute and suddenly appeared in front of the Villa Master's wife. He grabbed her throat and said, "Hehe, madam, it's safer to send you on your way first."

The Manor Head's wife's expression changed and she said with difficulty, "Husband, you... What did you say... I don't understand..."

The manor head sneered as he took out the three star stones that he had obtained. He sneered and said, "You must be very curious as to why I'm fine with taking the three fake star stones, right?"

A trace of regret and killing intent appeared on his face. "To think that I loved you so much. You actually wanted to kill me!"

"Husband, you're confused. The three star stones you took were real, and you personally arranged them. You were the first to get the three real star stones, so naturally, nothing will happen to you."

The killing intent of the head of the wind cloud villa deepened. "Then tell me, why did you steal my Jade Ruyi and sneak in here to exchange the three real star stones for fake ones after I arranged them? You Want to kill me and the others, right?"

Unfortunately, the wind cloud manor Lord sensed everything and rearranged everything.

Instantly, the manor Lord's wife's face turned deathly pale.

The manor Lord's face revealed a malevolent expression. "What I hate the most is someone betraying me. Die!"

He exerted force with his five fingers and was about to crush him to death. However, right after that, a ball of blood mist suddenly appeared where the Azure Underworld Mansion Master was standing, revealing the pale-faced azure underworld mansion master.

He was holding a porcelain doll-like little person in his hand. His entire body was covered in cracks.

As he appeared, he shattered with a thump.

The Manor Head's expression changed slightly. "Move flowers and connect Wood!"

The Master of the Azure Underworld Mansion revealed a venomous and cold smile. "It won't be that easy to kill me!"

After all, he was the Master of a mansion. How could he not have any means to save his life?

Chapter 1895 The Sword Of Death Appears

At the same time, there was a crack, as if a mirror had broken.

A crack appears in the nearby space, and as the crack becomes more and more dense, it finally breaks down.

With the release of a trace of the power of nothingness, from the broken space out of a figure.

Master Feng Jian!

The sword on his back shattered into seven or eight pieces, and was severely damaged.

His robe was torn everywhere, and he was in a sorry state.

"Fengyun Villa Master! How Dare You Plot Against Me!" Feng sword pavilion master cursed angrily, "I trusted you so much and supported you to become the Alliance Master!"

He actually had a way to save his life. It seemed that he had traveled through a space and returned to this place at a critical moment.

Fengyun villa master narrowed his eyes slightly. Two of the three people did not die, which was really troublesome.

However, both of them were injured, and their strength wasn't at its peak. Killing them wouldn't be difficult.

“Master Baokun, the three of us will work together and kill the Windcloud Manor Lord. Then, we’ll announce to the world that he’s a wolf with wild ambitions,”the sword sealing pavilion lord shouted as he called Master Baokun over.

The Master of the Azure Underworld Mansion took a deep breath. He couldn’t care less at this moment. He would first kill him, obtain the Jade Ruyi, and open the seal. Then, he would leave this place.

However, master Bao Kun stood there without moving. After a long while, he nodded and lightly shook his head. “We can join forces to kill the Windcloud Manor Head. However, the prerequisite is that the sword sealing pavilion head can stop acting.”

The Master of Azure Nether World Palace rolled his eyes and took a few steps back without thinking. At the same time, he released a defensive divine art in front of him.

Almost at this moment, more than half of the three defenses in front of him had been destroyed. Only a small part of them were still operating.

He focused his gaze and saw another longsword appear in the hand of the Pavilion Master of the Sealed Sword Pavilion. The longsword fiercely stabbed towards him.

If he had reacted one step too late and failed to protect himself in time, he would have been stabbed by the sword just now.

Thinking up to this point, he was both shocked and furious. He stared at the Pavilion Master of the Sealed Sword Pavilion and said in a low voice, “Are you in cahoots with the Windcloud Manor Head?”

The Pavilion Master of the Sword Sealing Pavilion had a cold expression on his face as he glared at Master Bao Kun unkindly. “I should have killed you first when we were at the seal.”

Without his reminder, it was impossible for the Master of the Azure Underworld Palace to easily dodge his sudden sneak attack.

Master Bao Kun said unhurriedly, “It was your earlier actions that were too much. It would be difficult for me not to suspect you.”

He was the one who had allowed the moon worship sect master to pass the seal in the end. He was also the one who had suggested that they fight over the seal based on their strength before the sacrificial table. He was also the one who had created the conflict between them. Right now, the Master of the Azure Underworld Palace had just barely escaped with his life when he immediately appeared.

Who would believe that he wasn’t suspicious?

“Baokun, only you and I are left now. Use all of your trump cards. We can’t hold back any longer,”the prefecture master of the Azure Underworld Palace said.

Master Baokun nodded slightly. He raised his hand and beckoned, causing another mysterious person who was completely covered in black robes to appear.

There wasn’t any soul aura from his body. There was only a faint pressure.

The Master of the Azure Underworld Palace was overjoyed. "Could this be... the puppet of the Three Crowns?"

If that was the case, it would be too shocking.

At most, they had only heard of the appearance of the puppet of the two crowns in the outer realms. They had never heard of the three crowns.

Master Bao Kun said indifferently, "Go all out!"

The Master of the Azure Underworld Palace nodded deeply. He clenched his fists, and his wrists were surrounded by dense nomological chains.

These were all the laws of the Master of the Azure Nether World Palace. He had brought them all out at this moment, ready to fight to the death.

At this moment, it was the Wind Cloud Villa Master and the Sword Sealing Pavilion Master's turn to have solemn expressions.

Although the three thrice-crowned emperors were slightly stronger, there were only two of them.

The Wind Cloud Villa Master's expression was solemn. He stared deeply at Master Bao Kun and said hatefully, "You're really bad!"

Even if he could leave them all in the ancient tomb today, he would have to pay a very heavy price.

"Then should I be killed by you and remain unmoved?" Master Bao Kun said indifferently, "Do it!"

The three of them took the initiative and attacked the two of them together.

Master Feng Yun Villa and the sword sealing pavilion master snorted coldly and counterattacked.

Apart from Master Bao Kun and the puppet who used their bodies, the other three chose to fight with the law chains.

However, the sounds of clashing rang out incessantly. Master Bao Kun relied on his incomparably strong physique to forcefully resist the sword sealing pavilion master's law attacks.

Although the sword sealing pavilion master had the upper hand, he would occasionally be ambushed by another puppet, so he had no choice but to disperse his attacks.

As such, he was at a disadvantage, being bombarded by the two tyrannical puppets until he was incomparably furious.

"Manor Lord, quickly help me get rid of one of the puppets. Their physiques are too strong, so it's disadvantageous for me to fight them at close range," the sword sealing pavilion master said angrily.

With the nomological chains, he could attack the puppets from a distance, but the puppets couldn't do anything to them.

But now, everyone was within thirty feet of him. He wasn't a match for the two puppets at close range, and he was struck so many times that he vomited divine blood.

However, how could the Windcloud Manor Lord be able to pull back?

The Master of Azure Underworld Mansion was a valiant attack that did not fear death. If he was distracted for even a moment, he would suffer a great loss.

“I have no choice. I can only shut down the heavenly star nine yin and nine Yang Great Formation!” The Windcloud Manor Lord took out the jade scepter and tapped on the diagram on the altar behind him.

With a rumbling sound, the formation that had gathered in all directions stopped.

The sword sealing pavilion master did not have to be surrounded and attacked by the two puppets at such a close range. He suddenly jumped to the center of the stone chamber.

Sure enough, there was no longer any danger there.

“You two bastards!” Feng Sword Pavilion Master was in an abnormally miserable state. He had been beaten up so badly that he couldn’t help but feel aggrieved. At this moment, he pulled apart the distance and used his law chains to attack from a distance.

The two puppets couldn’t get close to him so easily anymore.

Just like that, the two sides entered a stalemate.

But to determine the victor, it would still take a long time.

The Manor Head’s wife, who had luckily escaped death, took the opportunity to hide in the distance. She stared at the manor head, her eyes filled with deep hatred.

That hatred was as if it was engraved in her heart.

It was not as if she only wanted to be together with the moon worship sect master for a long time.

Gu Xing also arrived in the distance without batting an eyelid and stood in front of a bronze coffin.

At this moment, without the innate nine Yang and nine yin formation, the restriction on the bronze coffin’s surface slowly dissipated.

Gu Xing’s eyes flashed. He pressed his palm on the bronze coffin lid and pulled it open forcefully.

Although the wind and Cloud Manor Master and the others had noticed Gu Xing’s abnormal behavior, they did not have the time to pay attention to him.

Kacha --

With a muffled sound, the bronze coffin was opened.

However, what was displayed inside was not the wind and cloud manor master, but a dark-faced member of the Dark Moon clan.

He held a malevolent-looking longsword tightly in his hand. His entire body was wrapped in tendons and veins, and there was a beating heart at the center of the sword hilt.

At the same time, as the bronze coffin opened, an unprecedented killing intent exploded forth.

The expressions of the people in the middle of the battle changed as they turned their gazes towards the bronze coffin.

When they saw the malevolent-looking sword, they were pleasantly surprised. “The emperor’s killing sword! !”

The five factions had allied together to search for this sword, but it was actually hidden right under their noses.

If Gu Xing hadn’t opened the bronze coffin, they probably wouldn’t have known that the Emperor’s killing sword was here.

Gu Xing sighed softly. “I’ve finally found you!”

He stretched out his hand, wanting to grab the emperor’s killing sword.

The emperor’s killing sword seemed to have sensed something as well. It trembled slightly in excitement, and dozens of meridians were pulled out from the palm of the Swarthy Dark Moon clan’s hand, preparing to break away from him and be controlled by Gu Xing.

The Windcloud Manor Lord, the Green Nether Manor Lord, and the sword sealing pavilion lord were all shocked. They had all given up on fighting and attacked this place.

What fight was more important than the emperor’s killing sword?

However, they were far from each other, and Gu Xing had come prepared. He was able to grab the emperor’s killing sword with just a finger’s distance. How difficult would it be to stop him?

However, just as Gu Xing sighed, a soft sigh came from his shoulder. “What a surprise. So your target for infiltrating the windcloud manor is the emperor’s killing sword!”

Who Was It? Gu Xing’s pupils contracted.

However, his hand was faster as he reached for the emperor’s killing sword.

Kacha --

At this moment, a spatial barrier appeared between his finger and the emperor’s killing sword.

His finger touched it and was cut off by the spatial barrier.

Then, countless sharp spatial spikes shot out from the spatial barrier and swept him away.

Gu Xing’s expression changed drastically. He had no choice but to give up on the emperor’s killing sword and retreat quickly.

Under his astonished gaze, a speck of dust between him and the bronze coffin folded and turned into a human figure.

When he saw the human figure clearly, Gu Xing was extremely shocked. “Moon worship sect leader!”

The first to die, moon worship sect leader, had actually been hiding on his shoulder all this time and only started to make trouble now.

The Moon worship sect leader placed his hands behind his back and looked at him indifferently. "You know where the scabbard is, you know where the emperor's killing sword is hidden, and you even dare to touch it directly with your hands. I'm very curious, who exactly are you?"

Of course, he didn't die in the passage. He had been prepared for the manor head, so how could he fall for his trap so easily?

The moment the passage was compressed, he folded space and turned into a speck of dust that landed on Gu Xing's shoulder. He secretly watched Gu Xing's every move, and at the same time, he controlled the situation through Master Bao Kun.

From the looks of it, the situation was slightly out of control. The emperor's killing sword was actually hidden here!

No wonder the seal of the ancient tomb was damaged. It was probably destroyed by the emperor's killing sword when it broke in.

Back then, it was injured by the White Sun Divine Stone and hid here to recuperate with the help of the heavenly star nine Yang Nine Yin Formation.

At this moment, he was staring at Gu Xing. He had already activated his soul diting to hear what Gu Xing was thinking.

"Who exactly is the moon worship sect leader? How is it possible that he has mastered the spatial laws?"

"Didn't I hear that he is the weakest moon worship sect leader? But why does he give off the most unfathomable feeling? It seems like I have been targeted by him since the beginning!"

The Moon Worship sect leader said indifferently, "I'll ask you again, who are you?"

Gu Xing's heart skipped a beat, and he panicked, "It's over, I'm afraid I'll fall into the hands of the Moon worship sect leader. Junior sister is still outside, what should I do? She's still waiting for me, I can't just sit here and wait for death..."

Junior sister? The person who transmitted his memories to him?

However, hearing his final thoughts, Su Yu immediately became vigilant.

Kacha --

Almost at this moment, the tanned young man in the bronze coffin suddenly moved. The blood lines that had drawn out of his body fused back into his body, and he controlled it to slash at Su Yu's back.

Su Yu had long been prepared and dodged in time.

No matter how weak the attack of the emperor's killing sword was, it could not be underestimated.

Moreover, the attack of this move was not weak at all. It had surpassed the past and surpassed the power of the Great Deacon of the Azure Sky that it had controlled.

This attack had almost surpassed the three crowns and reached the level of the four crowns.

Su Yu turned his head in horror, and his expression changed drastically.

He recognized the swarthy youth controlled by the Emperor's killing sword. He was just a bronze overlord.

Behind the Swarthy Youth, however, another skeleton stood up.

Chapter 1896 Daughter Of The Manor Head

The skeleton had yet to completely decompose, but judging from the color of the skeleton, it should be the remains of the Fengyun Manor Head that had been buried here for 30 million years.

Half of the blood lines of the emperor's killing sword controlled the swarthy youth, but the other half controlled the remains.

Su Yu's scalp went numb. That was the remains of a three-crowned emperor. Being controlled by the Emperor's killing sword, it could unleash a terrifying power close to that of a four-crowned emperor.

He dodged the sword, but the Pavilion Master of the sword sealing pavilion who had just arrived was not so lucky. He was struck by the sword Qi that swept over.

In an instant, his entire body turned pitch-black and gave off a dense aura of death.

Under Su Yu's soul eye, he saw his soul being crushed to death by a pitch-black aura of death. He could not have been more dead.

The majestic existence of a three-crowned emperor was killed just like that!

The manor head of Windcloud Manor and the Manor Head of Green Nether Manor who had just flashed over were startled. They retreated frantically in shock.

On the other hand, Gu Xing's expression changed slightly. he shouted, "Forget about them. Let's leave this place first."

The emperor's killing sword actually listened to someone else's control as it struck towards the seal.

That seal, which required them to work together to open, had actually been slashed open by a single sword strike.

Taking advantage of this opportunity, he went out alone.

The emperor's killing sword's killing intent did not diminish. It stared at Su Yu as if it recognized him and wanted to slash at him from afar.

Su Yu's expression turned cold. He immediately summoned Master Bao Kun and the puppet to fly over and block this attack.

At the same time, he secretly activated the dragon-shaped necklace around his neck.

However, at this moment, a ripple suddenly appeared in the sky above the emperor's killing sword. The saintess, who should have died, appeared without any warning. A long blade formed from the power of faith condensed in her palm and slashed down from the sky.

It accurately and abruptly struck the blood line connecting the emperor's killing sword and the skeleton.

Instantly, the blood line was split into two.

The connection between the emperor's killing sword and the skeleton was immediately cut off.

The power of the sword he used on Su Yu immediately became extremely weak. It was only comparable to a silver overlord.

Su Yu let out a slight sigh of relief. He waved his sleeve and waved it away.

Seeing that the situation was not good, the emperor's killing sword controlled the swarthy youth to turn around and escape from the seal.

"HMPH!" Su Yu did not chase after him. Even if he caught up, there was nothing he could do.

He took out a giant bow that was as tall as a man and pulled the bowstring six inches apart.

The current him was a half-step emperor. The strength of his body was no longer what it was before. He easily pulled the bowstring six inches apart. Then, he nocked an arrow and instantly shot out.

Ding --

Following that, a whimpering sword cry was heard. He was severely wounded by the heavenly bow.

The emperor's killing sword was wounded. It used the force of the arrow to cut through the sky and quickly escaped. In the blink of an eye, it had completely disappeared without a trace.

Its escape actually allowed everyone in the room to heave a sigh of relief.

Facing the terrifying power of this sword, no one had any confidence.

Just as everyone was bewildered, the Master of the Azure Underworld Mansion suddenly roared in anger, followed by a miserable scream.

A jade ruyi pierced through his abdomen, from the front to the back.

It was the Windcloud Manor Lord who reacted first and launched a sneak attack on the master of the Azure Nether Manor.

That Jade Ruyi was an ancestral artifact of the Windcloud Manor. It contained the power of the nine heavenly stars, nine Yin, and nine Yang, and was extremely powerful.

It unexpectedly pierced through the body of the Master of the Azure Nether Manor. The power of the formation surged into his body like a flood that had burst through a dam, shattering the Master of the Azure Nether Manor from the inside out. Even his soul was destroyed on the spot.

"Heh heh, heh heh heh..." the windcloud manor master held the blood-dripping Jade Ruyi as he stared coldly at everyone present.

Master Bao Kun, the puppet, the Moon Worship Sect Master, the Holy Maiden, and the Manor Head's wife.

Without the Master of the Azure Nether Mansion, who was a middle-stage three-crowned emperor, they would not be a match for him at all.

Killing them could not be any easier!

“The heavens are helping me! By killing the sword sealing pavilion master, I’ve saved ten Star Stones and even killed the master of the Azure Nether Mansion at the same time.” The windcloud manor master threw his head back and laughed loudly.

So it turned out that he had made an agreement with the pavilion master of the Feng Yun Pavilion.

The manor master of the Feng Yun Pavilion had given him ten star stones. In return, he had done his utmost to assist the manor master of the Feng Yun Pavilion in killing the leaders of the other three sects and becoming the current alliance master.

Now that he was dead and the people before him weren’t even up to par, it would be extremely easy for him to kill them all.

“Sect master, how is the relationship between you and Master Bao Kun?” The manor master’s wife, who was coldly watching from the side, suddenly asked.

Su Yu looked at her and said, “Very good, you can be trusted.”

“I can see that.” The Manor Head’s wife nodded. “Since that’s the case, then there’s no need to borrow the manor head’s hand to get rid of everyone. I can make my move now.”

Oh? Su Yu was extremely surprised.

The Manor Head’s wife’s plan to poison the manor head with the false star stone had clearly been discovered. Could it be that she still had a backup plan?

The manor head laughed coldly. “Haha, My Wife, you’re still pretending to be mysterious even when you’re about to die. If you really had the ability to deal with me, you wouldn’t have waited until now!”

The Manor Head’s wife answered him with a pitying shake of her head. “You’re wrong. I’ve waited until now so that you could get rid of the master of the Azure Underworld Prefecture and the Master of the Feng Sword Pavilion. Do you think that if I wanted to poison you, you would easily discover my plans? “After all, you’re the high and Mighty Three Crowns Emperor, and I’m just a weak woman. Why would I act Rashly?”

“The false star stone is just a diversion to let you relax and come to the windcloud ancient tomb.”

The manor head narrowed his eyes and said in a low voice, “My wife, there’s no need to scare me. With your strength, what kind of threat can you pose to me?”

Even though he said so, he was still looking around vigilantly.

The Manor Head’s wife said lightly, “My strength is naturally not worth mentioning. However, back then, when you attempted to seize the many inheritances of the wind and cloud villa, there was only one inheritance that you did not grasp.”

She lightly swiped her finger on her wrist, and divine blood dripped down, landing on the ground of the ancient tomb.

Her divine blood contained an extremely dense yin and yang qi. After fusing into the ground, the heavenly star nine yin and nine Yang great formation that had been shut down was actually reactivated!

Within a thirty feet radius around her, the ground was dim and unactivated.

It just so happened to cover Su Yu, master Bao Kun, the puppet, and the SAINTESS. Other than the altar, everything else was activated!

And the place where the manor head was standing was the place where the formation was activated.

Moreover, it was a dangerous area.

Sizzle sizzle --

The feet of the manor head immediately emitted an incomparably thick smoke. Balls of extremely powerful flames were spat out.

Those flames were enough to injure the three crowns.

Ah!

The manor head cried out in pain and wanted to jump onto the safe bluestone slab. However, the Heavenly Star Nine Yin Nine Yang Formation was secretly aligned with the Heavenly Dipper sixty-four transformations, and a simple movement could cause a change.

The Manor Head's step towards the safe bluestone slab affected the formation.

The supposedly safe bluestone slab also became an area filled with killing intent.

Instantly, an extremely powerful bolt of lightning descended and sent him flying.

This time, even the manor head was unable to distinguish which green stone slabs were safe and which were dangerous.

Just like that, he tried to break out of the encirclement dozens of times, but in the end, he was unable to succeed. He was continuously struck dozens of times by the three crowns Emperor's attacks.

No matter how strong he was, he could not be stronger than the attack of the enormous formation.

Finally, he let out a miserable cry and was blasted into a bloody mess.

His soul was abnormally weak and he could no longer muster any effective resistance.

This was the power of the formation. Once he took a wrong step, he would be continuously attacked until he completely collapsed.

The Manor Head's wife walked over. The area under her feet was originally dangerous, but it was completely safe. It was as if the entire formation was following his orders.

Standing in front of the manor head, her eyes were filled with hatred, and deep killing intent surged within them. "Nameless Lu, you must be wondering why my blood can activate the array, and why I can control the array without relying on the Jade Ruyi, right?"

Nameless Lu opened his eyes with great difficulty, and his eyes were filled with weakness and confusion.

The corners of the Manor Head's wife's mouth curled up into a cold smile, and she said with pity, "You've never known my real surname, right? My surname is Sima, and my father is Sima Yan!"

Nameless Lu's eyes widened as he stared at the woman in front of him in disbelief.

Sima Yan was the real name of this generation's wind and Cloud Villa's Villa Head!

But, he should be dead!

"I really want to kill you, every day and night. However, I know that if you die, wind and cloud villa will be completely finished. So, I will let you live, but live like a puppet." She took out a crystal-shaped spirit worm, "This is the soul control worm that I spent my whole life to get. With it, you will lose your self-consciousness and only listen to me from now on."

With that, she stuffed the spirit worm into nameless Lu's mouth and let it drill into his soul divine crystal.

Not long after, nameless Lu stood up expressionlessly and clawed at the top of his head, pulling off a layer of skin.

His appearance was actually fake!

What was inside was a dark-skinned existence, the Dark Moon clan!

As everyone knew, the wind cloud villa was an external force, and every generation's manor head was a direct descendant, so how could the Dark Moon clan take over?

Without a doubt, he was a fake manor head!

Su Yu and the Saintess were secretly shocked. The world-famous wind cloud manor head was actually the Dark Moon clan's original body!

When did the real master die?

And who was the Lady of the manor?

"Greetings, Master!" Nameless Lu said respectfully. There was no self in his eyes.

While they were shocked, the lady of the manor wiped the god's blood on her wrist and said calmly, "Let's go."

She waved her hand casually and opened the seal without using the Jade Ruyi. She brought everyone safely out of the ancient tomb and returned to the wind and cloud manor from the meteorite underground.

"All of you can leave first. I have something to say to the moon worship sect leader alone." The Manor Head's wife's charming expression disappeared and was replaced by coldness and majesty.

She controlled the puppet, Nameless Lu. No one present could match up to her.

The Holy Maiden looked worriedly at the moon worship sect leader. She, Master Baokun, and the puppet retreated temporarily.

Su Yu's emotions were complicated. She said leisurely, "Should I call you the Manor Head's wife, or should I call you Miss Sima?"

What she said just now was very clear. She was Sima Yan's daughter.

In other words, she was the eldest miss of the wind and cloud villa.

"My name is Sima Bi Yun. No one probably remembers this name." Sima Bi Yun turned around and stared at the moon worship sect leader. Her gaze was complicated. "Then, can you tell me your name as well?"

Su Yu said, "Don't you know my name? Little Ying Ying?"

Sima Biyun smiled and looked at Su Yu deeply. "Cult master moon worship has never called Me Little Yingying. She only calls me Yun 'er."

Su Yu narrowed his eyes and said indifferently, "Oh? Does that mean that I've already revealed myself the first time we met?"

A faint killing intent swept across Su Yu's eyes.

This woman was really good at acting!

That smile, really can not be true again!

Chapter 1897 Sword Finger Dark King

He thought that he had fooled her and successfully deceived her.

However, she had known from the very beginning that Su Yu was the fake moon worship sect master.

Right now, he still needed to make use of his identity as the Moon worship sect master. He absolutely could not let this woman expose his identity.

"You Want to kill me? Do you have the confidence to go against Nameless Lu?" Sima Bi Yun said with a faint smile.

Su Yu said calmly, "If you have nameless Lu's strength, it will be very difficult to kill you. However, if you are just a puppet, there are plenty of ways!"

In an instant, two sharp soul spikes flashed across Su Yu's eyes and shot into her eyes.

In just an instant, Sima Biyun lost consciousness in her eyes.

Taking advantage of this opportunity, Su Yu pointed his sword at her vital point.

Up until this moment, nameless Lu did not make any movements.

When Sima Biyun woke up, a sword had already been pointed at the center of her brows. The powerful sword Qi that was released could instantly kill her.

A hint of shock and anxiety appeared on her handsome face.

Clang --

However, Su Yu retracted his long sword and said coldly, "As you can see, it's actually very easy to kill you."

Sima Biyun took a deep breath and stared at Su Yu. After calming herself down, her beautiful eyes moved. "But you didn't kill me."

She sized Su Yu up curiously, her mind filled with a myriad of thoughts.

"Innocent people won't die under my sword," Su Yu said indifferently as he glanced at Sima Biyun, he said, "Since you've discovered that I'm the fake Moon Worship sect master, you've never exposed me. You've also never used the power of the array to kill me. I think you want to cooperate with me, right?"

Sima Biyun was slightly surprised when she heard this.

At Su Yu's realm, he should have killed many living beings.

No matter how she looked at it, it sounded like he was bragging about not killing innocent people.

However, he was indeed very smart.

"That's right. I hope that you can help me, so even though I know that you're fake, I've never done anything bad to you." Sima Bi Yun said, "Originally, I wanted the real Moon Worship sect master to help me. Now that I see that you can replace the moon worship sect master, you must be stronger than him."

It wasn't that he was stronger, but it was true that he was better at controlling the situation.

"HMM, tell me. What do you want me to help you with?" Su Yu asked.

A trace of coldness flashed across Sima Bi Yun's eyes. "Destroy the Sacred Mountain and kill the Dark King!"

Su Yu raised his eyebrows, and his heart couldn't help but tremble violently.

Kill the Dark King, the pinnacle existence of the four crowns?

Was she crazy? She dared to make an enemy out of the Dark King!

"I really can't believe that cult master moon worship would be so stupid as to agree to cooperate with you." Su Yu shook his head slightly. "You're all courting death!"

Sima Biyun said faintly, "Cult master moon worship isn't stupid. Since he dared to agree, there must be a reason!"

"Do you know why our wind cloud villa has been able to stand up until now?" Sima Biyun asked.

Su Yu had thought about this question before.

Even if the first manor master of the four crowns had a firm foothold, his descendants did not have the strength of the four crowns. How could the dark king tolerate this until now?

If he was the dark king, he would have immediately destroyed the windcloud Villa when the first manor master died for the benefit of the Dark Moon civilization.

“That’s because the heavenly star nine yin and nine yang array left behind by the ancestors was prepared to guard against the Dark King. As long as he dares to step into the wind and cloud villa, the Heavenly Star Nine Yin and nine yang array will be fully activated and destroy the four crowns.”

Su Yu’s eyelids twitched. How powerful was this array?

There was no doubt about how powerful the four crowns were. He did not believe that the array left behind by the four crowns before they died had such destructive power.

However, it was true that the dark king did not dare to set foot in the wind and cloud villa.

“Then how do you plan to kill him? He’s not stupid. He won’t come into the formation.” Su Yu said.

Sima Bi Yun’s lips curled into a maniacal smile. “Isn’t that hard to say? If he doesn’t come into the formation, we will cover the entire dark star civilization with the formation. We will kill everyone except us, including the Dark King!”

Su Yu frowned deeply.

“Do you really think that our ancestor paid such a huge price just to create a few star stones?” Sima Biyun shook her head. “You’ve underestimated our ancestor’s understanding of the yin-yang Great Array. This array absorbed over a hundred million years’ worth of energy and only used 1% of the energy to create the star stones. The remaining 99% of the energy is hidden within the great array.”

“As long as I mobilize this power, killing the dark king will be a piece of cake!” Sima Bi Yun was extremely confident.

After absorbing power continuously for 100 million years, if most of the power was left behind, it would indeed have unimaginable power.

“Then what are you lacking? Your blood can directly activate the array. It’s even stronger than the Jade Ruyi inheritance. Why Don’t You Make Your Move?” Su Yu asked.

“Because we still need one more thing to activate the great array,” Sima Bi Yun said.

Su Yu’s eyes flashed, but he didn’t ask.

It involved the core secret of the Wind Cloud Villa. If the other party wasn’t willing to tell him, it would be useless even if he asked.

“That’s the array formation stone that our ancestor brought from the outer realm. It has incredible power and is also the core of the Heavenly Star Nine Yin and

nine Yang great array. Once we find it, we'll be able to unleash the true power of this array,"Sima Bi Yun said.

She didn't mind at all and shared all the information.

"Where's the formation stone?"Su Yu asked, "Didn't your ancestor pass it down?"

"Hehe, it was lost long ago. Otherwise, the villa wouldn't have fallen to this day."Sima Biyun sighed. "Not long after the heavenly star nine yin and nine Yang Formation was built, the dark king sensed the threat of this formation and came to battle with our ancestor. The two of them fought from the dark star civilization all the way to the outer realm before fighting back from the outer realm."

"After that, dark king Zhong returned to the sacred mountain, but our ancestor never returned. Therefore, the formation stone should have fallen into dark king's hands."

Dark King's strength was truly extraordinary.

Initially, it was rumored that dark king had personally suppressed a four-crowned king who came from outer space to cause trouble under the sacred mountain. Even now, he was still enduring endless torture.

Unexpectedly, even the first manor head of wind and Cloud Villa had actually died at Dark King's hands.

"Don't tell me you want me to help you retrieve the array stone from the sacred mountain? Isn't it too difficult?"Su Yu shook his head slightly. Snatching the array stone from a four-crowned emperor, he really didn't even know how he died.

Sima Biyun said, "Don't you want to take the risk and give it a try? If you succeed, from now on, the entire dark star civilization will be yours."

Unfortunately, Su Yu wasn't moved at all. He stood up slowly and said, "Compared to power, life is more important."

"Then you don't want to enter a five-star civilization?"Sima Bi Yun threw out another piece of important news.

A five-star civilization? That was an extremely distant existence.

According to Su Yu's understanding of the absolute beginning realm, the nearest five-star civilization would need at least ten years to slowly fly through the meteorites.

Even if they used star stones, they would still need to spend at least ten star stones and use a tremendous amount of power to teleport to a five-star civilization.

And the strength of a five-star civilization was far from what a four-star civilization could compare to.

A five-star civilization could rule over a thousand four-star civilizations.

The range of influence could be said to be boundless.

As a creature of a four-star civilization, if they could enter a five-star civilization, it would be the most desirable thing.

“To be honest, our ancestor came from a five-star civilization, the Taiji civilization! “The star map of that civilization was kept in the villa, and I still have the ten star stones that were condensed this time. Once you help me get the formation stones, I will immediately send you to the Taiji civilization.”

This was the reason why the Moon Worship sect leader was willing to work together with Sima Biyun.

The speaker didn’t mean it, but the listener did.

The Taiji civilization..

That was Huangfu Lieyang’s civilization, right?

Moreover, he was the founder of the Taiji civilization and a disciple of the Taiji sect.

The ancestor of the wind and cloud villa was actually a member of the Taiji sect!

It was truly unbelievable.

“Forgive me for being blunt, but even the dark king doesn’t have the ability to send a person into a five-star civilization. Only our wind and cloud villa has such a foundation.”Sima Biyun went further.

Su Yu’s eyes revealed deep thoughts.

His ambition had never been in the dark star civilization, but in a deeper and more distant civilization. It lay in the pinnacle of martial arts.

He would not stay in the dark star civilization forever. Sooner or later, he would choose to leave.

His ears twitched as he probed the other party’s thoughts.

After a moment, he fell into silence. This woman was not lying. Even if she wanted to head to a five-star civilization, the Dark King was powerless. He could only choose to cross the void using the meteorite method.

Not to mention how dangerous it would be, what was the probability of surviving through thousands of four-star civilizations and reaching a five-star civilization.

Just the loss of ten years was not worth it.

His eyes flashed slightly as he said, “I can only agree. I’ll give it a try. It would be best if I can obtain the array stone. If I can’t, Don’t blame me for not trying hard enough.”

Sima Biyun’s face lit up. “I know it’s difficult to obtain the array stone. You can give it a try. If there’s anything you need help with, please feel free to mention it.”

In response to this, Su Yu paused.

“Then how should I address you?”

“It’s better to call you cult master moon worship.”

“Then... do you still need me to continue being your mistress? To be honest, you’re much more outstanding than cult master moon worship...”Sima Biyun said with a faint smile.

“There’s no need.”Su Yu rejected him without hesitation. It was better to stay away from such a pretentious woman.

Su Yu stared at Lu Wuming and said, “The reason why you wanted to kill the dark king so badly was because he killed your father?”

There had to be a reason for killing someone. A descendant who had been separated by hundreds of millions of years would most likely not make an enemy out of a four-crowned emperor because of the hatred between their ancestors.

A trace of sadness and hatred flashed across Sima Biyun’s face. “Yes! “Ten million years ago, when my father was leaving the mountain villa, the Dark King personally killed my father and had the disciple that he had secretly groomed, Lu Wuming, pretend to be my father

“Then, in the hundreds of years, he killed a few of his clansmen in various ways. I was the only one who was still young and was taken away by my mother who sensed that something was wrong. I fled to the north and hid my identity. When I came of age, I tried my best to sneak into the wind and Cloud Mountain Villa and become his wife.”

At this point, she shed tears of sadness.

But because of this, she had a chance to get rid of nameless Lu.

So that was the case. Su Yu secretly sighed.

The two of them discussed for a long time.

The agreement was that Sima Biyun would control nameless Lu and continue to pretend to be the master of Wind Cloud Manor. He would control the five faction alliance and use his identity as the alliance master to give orders and listen to Su Yu’s orders.

In other words, the true alliance master behind the Five Faction Alliance was Su Yu!

Chapter 1898 Remnant Soul Toad

In exchange, Su Yu went to the sacred mountain to obtain the array stones.

After the discussion was over, Su Yu returned to his room. After thinking for a moment, he took out two items that Sima Biyun had given him.

One of them was a black stone, a star stone!

The other nine were all in her hands. Once she got rid of the dark king, she would hand them over to Su Yu.

The other item was a token engraved with the words ‘Qing Ming’.

This was the command medallion of the Prefecture Master of the Azure Nether World Palace!

Su Yu waved his hand, and master Bao Kun and another puppet appeared.

He threw out an extremely black robe of dust and dust and put it on the puppet. At the same time, he hung the command medallion of the Azure Nether World on his body.

Then, he separated a part of his soul and entered the puppet.

“Slowly fuse it for a year and take control of this puppet,” Su Yu said calmly.

“Yes.” The palace lord of the Azure Underworld Palace nodded in a daze.

As such, he was the sole leader of the three great sects of the Southern Region.

The Moon Worship Sect, the dustless moon sect, and the Azure Underworld Palace.

With Sima Biyun’s assistance, it could be said that the southern region’s forces were basically under Su Yu’s control.

With such a massive force, it would be much easier to find the emperor’s killing sword.

Two days later, there was news from a secret agent from the Wind Cloud Villa.

The emperor’s killing sword that had escaped had been injured and had gone north without a trace!

Meanwhile, the disciple of the Master of the Azure Underworld Mansion, Gu Xing, had escaped from the wind cloud villa overnight and was nowhere to be found.

After hearing this, Su Yu heaved a sigh of relief.

What he was most worried about was that disciple named Gu Xing obtaining the emperor’s killing sword.

Since they had split up, there was still a chance.

“Send out an order to the five sects to arrest Gu Xing,” Su Yu ordered.

Sima Biyun nodded and passed down an order through nameless Lu. He sent out an order in the name of the five sects alliance.

Soon, the news spread throughout the five sects alliance. Gu Xing’s arrest was posted everywhere..

Half a month later.

Inside the sealed sword pavilion, Zhan Wushuang and Hanxuan were walking in the city.

“Senior brother, your reputation can be said to have spread throughout half of the dark star civilization,” Hanxuan joked. She was not worried about his safety at all.

Because the creatures of the dark star civilization were afraid of the sunlight, they all wore black robes and did not show their true faces to others.

The so-called wanted portrait only had a physical appearance but not a true face. It was like looking for a needle in a haystack.

Zhan wushuang smiled lightly, but his mood was very heavy.

The emperor's killing sword was frightened and fled to a very far place. It would not appear again for a short period of time.

"Senior brother, do you think the five sect leaders are stupid? They knew that you were not wanted, but they still wanted you." Hanxuan curled her lips and said.

Zhan wushuang shook his head and said, "He is not looking for me. He is using this to send a message to me. He will not let me get the emperor killing sword easily!"

"Are you talking about the five sect leaders?"

"No, I am talking about the moon worship sect leader!" Zhan Wushuang's eyes were very serious.

Hanxuan was surprised, "Him?"

"That's right! Among the leaders of the five sects, the most unfathomable one is not the master of the wind and cloud villa, but the leader of the Moon Worship Sect!" Zhan wushuang thought of the stone room, the other party had destroyed the scene of him obtaining the life-killing sword at the critical moment, and his heart was unusually heavy.

The four leaders had plotted against each other, but the one who plotted the most was actually the leader of the Moon Worship sect!

He had actually seen through the reason he had come to the stone room!

And he had been prepared!

Just this terrifying insight alone made Zhan wushuang raise his guard.

"That moon worship sect leader who is the weakest among the five sects alliance?" Hanxuan said in confusion, "Is he really that powerful?"

Zhan wushuang nodded slowly and looked towards the northern horizon, "I have a feeling that the greatest resistance to me obtaining the emperor's killing sword might be him!"

At this moment.

At the border between the north and the south, in a desolate grassland.

A man dressed in a black robe was walking alone in the grassland where fierce beasts roamed.

When the fierce beasts hidden in the dark discovered this person, they did not pounce on him. Instead, they turned around and ran, afraid that this person would discover them.

When they came to a lake, the black-robed man stopped and took off the black robe on his head, revealing the face of a silver-haired human.

He was Su Yu, who was heading towards the sacred mountain.

This place already belonged to the sacred mountain, and it was also the central area of the dark star civilization.

With the Sacred Mountain as the center, it radiated a radius of hundreds of billions of square kilometers, all of which were the sacred mountain's territory.

In terms of size, it was comparable to the combined area of the Moon Worship sect and the dustless moon sect.

The grassland before them was a part of the sacred mountain's territory.

"Sima Biyun probably didn't expect that even if I didn't help her obtain the array stones, I would still come to the sacred mountain." Su Yu touched a jade pendant on his waist. "Because the scabbard is also on the Sacred Mountain!"

This was the information Su Yu had obtained from his solitary dream.

The scabbard was on the Sacred Mountain!

Moreover, it was at the peak of the Sacred Mountain, where the dark king was resting.

Firstly, he had to find the scabbard, and secondly, he had to obtain the array stones.

He had to think long and hard about it. At the very least, he had to have a detailed understanding of the sacred mountain.

It was a pity that the leaders of the ten great factions were never qualified to visit the sacred mountain. They didn't know the specific details of the sacred mountain either.

Su Yu could only think of a way himself.

He had just entered the range of the sacred mountain for ten days, and it would still take him half a year to reach the sacred mountain.

With Su Yu's Yin-yang escape art, half a year was enough to span the entire dark star civilization. It would only take him two months to travel a few hundred trillion miles.

The reason he needed half a year was because of the special pressure in the range of the sacred mountain.

He could clearly sense where the pressure was the moment he entered.

The circulation of divine power in his body was rather sluggish, less than half of what it normally was.

Moreover, the higher he went, the greater the pressure.

"Is this the pressure of the sacred mountain? The rumors are not false!" Before coming here, he had already flipped through a simple piece of information.

Within the range of the sacred mountain, all living beings were suppressed. That kind of suppressive power came from the sacred mountain.

Whether it was the Emperor of Heaven and Earth or the Overlord, their power would be suppressed by more than half.

Moreover, they could not fly at high altitude or teleport.

They could only walk on their feet and fly at low altitude.

Therefore, the journey would be particularly long.

He stopped by the Silver Lake in front of him to recover the divine power that he had used up. He was exhausted after using the Taiji yin-yang wings.

Sitting cross-legged by the lake, Su Yu immediately closed his eyes and began to recover.

However, just as he closed his eyes, he opened his eyes slightly and stared at the Silver Lake in surprise.

He sensed thousands of strange souls quickly emerging from the bottom of the lake and rushing toward him.

Those souls were all incomplete, as if they were born with it.

Gulp --

Immediately, a creature that looked like a toad jumped out of the Silver Lake and jumped toward Su Yu.

The toad's cultivation was not weak. It was actually at the level of a gold overlord.

It was quite dangerous to meet a silver overlord or below.

Su Yu was ready to kill it without batting an eyelid. Suddenly, an ear-piercing arrow whistled from behind, piercing the toad and killing it on the spot.

When the toads that emerged from the water saw this scene, they lay on the surface of the Silver Lake without moving, staring at the two people who were slowly walking towards the lakeside.

It was a man and a woman.

The strange thing was that they were not from the dark star civilization, but humans.

The old man was about eighty years old, and his cultivation was shockingly at the level of a single-crowned emperor. The young girl beside him was only twenty years old, and only had the cultivation of a peak overlord.

At this moment, the young girl was holding a black crossbow in her hand.

She was the one who had shot the arrow just now.

"Grandfather, the Outsiders these days are really bold. They dare to cultivate by the lakeside without understanding the Toad Lake. They really don't know how they died." The young girl tilted her head and looked at Su Yu, shaking her head.

Su Yu looked at the two of them in surprise.

As the Holy Land of the dark star civilization, they actually allowed humans to walk freely?

The old man said, "Die'er, deal with the toad. Don't let its soul escape."

The young girl nodded and rushed over. A small fireball burned the toad's body and soul on the spot.

Su Yu saw with his own eyes that the Toad's soul tried to escape the moment it was burned.

Moreover, the soul actually changed when it left the body. It became unusually evil and ferocious, baring its fangs and brandishing its claws, filled with resentment.

Clapping her hands, the young girl looked at Su Yu and said, "Why are you still standing at the lakeside foolishly? Do you want to feed the toad?"

Su Yu paused and left the lakeside with his hands behind his back. He cupped his fists at the old man and said, "Thank you for saving me."

"Hey!" The young girl put her hands on her hips and stared at Su Yu unruly. "Don't you have good eyes? I'm the one who saved you, I'm the One!"

Su Yu smiled.

The person who shot the arrow was indeed her, but the one who frightened the many toads who were about to jump onto the lake was this old man.

She couldn't save anyone with just one arrow.

Even though Su Yu didn't need their help at all.

"No worries, it's nothing." The old man nodded lightly and called out to the young girl, "Let's go back to the tribe."

Su Yu thought for a moment and said, "Please Wait."

The old man turned around and looked at him. There was a faint trace of repulsion in his eyes.

Su Yu understood and took off the hat on his head, revealing the face of a human.

The old man was surprised and his gaze became much gentler.

The young girl at the side covered her mouth and looked at Su Yu in surprise. "Wow, you are an unbelievably handsome human! HMM, sister, I didn't waste that arrow."

"So you are a human." The old man smiled. "May I know why you called us here?"

Su Yu cupped his fists and said, "I am from the territory of the Moon worship sect. I want to pay my respects to the sacred mountain, but I don't know anything about the rules of the sacred mountain. May I know some relevant information?"

The number of living beings that came to the sacred mountain to pay their respects every year was unknown. The grandfather and grandson duo were not surprised at all.

"I see. If you do not mind, you can come to my tribe as a guest. That is also the path that you must pass on your way to the Sacred Mountain," the old man said.

Su Yu cupped her fists and bowed. "Thank you, senior."

The young girl tilted her neck and transmitted her voice, "Grandfather, why did you bring him back to the tribe? You are not a good person."

The old man blew his beard, he glared at her. "Who would say that about Grandpa?" "I am indeed not a good person, but this fellow is quite talented. He is a half-step emperor at such a young age, and his divine power is quite strong. The possibility of becoming an emperor is very high. Bringing him back to befriend him won't be a bad thing."

"Won't that be a bad thing? Our leader is still waiting for us to bring back the goods we bought from the Star Alliance Chamber of Commerce. Wouldn't it be risky to bring a stranger back rashly?"

The old man shook his head slightly. "Don't worry. Anyone who dares to stay at the Toad Lake must be completely unfamiliar with the sacred mountain. They shouldn't be from the wolf smoke tribe."

Su Yu's ears twitched slightly. He was constantly listening to what they were thinking.

Goods? Was it something very important?

Rumble --

Suddenly, the earth trembled slightly.

Su Yu turned his head to look at the Toad Lake behind him. Those toads had already dived down for some unknown reason. The entire surface of the lake rippled.

Chapter 1899 The Black Statue

Its gaze was distant as it looked through space. It turned out to be dozens of ferocious savage beasts that were thirty feet tall. They were treading on the grassland as they rumbled over.

Their legs were powerful and their bodies were heavy. Every step they took caused the ground to rumble, causing the earth to shake.

Even the Toad Lake was affected. Ripples of vibration and immortality appeared, startling the toads that had surfaced from the surface of the water.

The old man's expression was slightly solemn. He frowned and said, "The old man is not kind. Die'er, let's go."

The young girl also became vigilant. Before she left, she glanced at Su Yu. "What about him, grandfather?"

If the person chasing after them was really from the wolf smoke tribe, there was absolutely no possibility of leaving Su Yu alive. At the very least, he would end up having his soul searched.

Him? The old man revealed a trace of hesitation.

Normally, it might not be a big deal to bring him along. However, it was very likely that he would be hunted down by others. Bringing him along would be a burden.

"Grandfather, let's send the Buddha to the west. If you are a good person, just bring him along." The young girl playfully blinked her eyes.

The old man revealed a trace of doting expression and helplessly said, "You!"

He turned his head to look at Su Yu and said, "Little friend, quickly follow us."

With that, he pulled Su Yu's right hand with his left hand and held his granddaughter's hand with his left.

Immediately after, the power of desolation in his entire body surged violently and turned into a spring that instantly shot out. He was like a grasshopper, jumping rapidly between the heaven and earth.

Even the Emperor of Heaven and Earth could not fly at high speed freely. He had to rely on the power of desolation to fly on foot.

The pressure of the sacred mountain could be seen clearly.

Su Yu said, "Thank you both for saving me."

She took another look at the young girl. Although she was a little unruly and unruly, her nature was pure and kind.

"What are you looking at? My Fists are as good-looking as my beauty!" The young girl waved her pink fists with a smile that was not a smile. She thought that Su Yu was lusting after her beauty.

Su Yu found it funny.

She was indeed very beautiful. Just like when she first met Qin Xian 'er, she was spoiled, willful, and pure in nature.

As he thought of this, a trace of nostalgia flashed across the corner of his mouth. Xian 'er, she had been taken away by the Xuan Ming Dao Master. How was she now?

Xia Jingyu was fine, but what about her?

If he hadn't met the girl in front of him and recalled the memories from many years ago, he wouldn't have been able to remember how long it had been since he had missed her.

"Xian 'er meeting me was unfortunate for her, right?" Su Yu sighed faintly.

If she had not met Su Yu, Qin Xian 'er would have been innocent and carefree, living happily under the protection of the Xianyu County King.

She had her own husband, her own children, and her own family.

It was not like now, where she had to leave her hometown and live alone in an unfamiliar place.

She owed Xian 'er too much. Too much.

She looked at the young girl in front of her and felt a sense of familiarity.

"Eh, you are still looking! Do you believe that I will shoot you with an arrow?" The young lady pouted and waved the powerful crossbow in her hand, glaring at Su Yu.

Su Yu smiled lightly and turned his head to look ahead.

Even without looking back, he knew that this pair of grandfather and grandson wouldn't be able to escape.

The Savage Beast behind them was too fast. In less than two hours, they would be caught up by the Savage Beast.

The aura of the living beings standing on the savage beast was also very powerful. The weakest among them was a half-step emperor, while the strongest among them was a single-crowned emperor.

The old man had a bad premonition. He turned his head to look at the dusty sky behind him, and his expression was very grave.

“Die’er, I’m afraid we won’t be able to escape.” The old man gradually came to a stop. He took out a storage item from his sleeve and handed it to the young girl.

Then, he looked at Su Yu. “Young friend, the pursuers will most likely focus on chasing me. Please escort Die’er to the rising sun tribe. As long as she arrives safely, with this contribution, our tribe will satisfy you if you want any help.”

Was he trying to lure the enemy away?

His cultivation was the most powerful. As long as the enemy was not stupid, they would have reason to believe that the goods were in his hands.

Su Yu shook his head and said, “I think it’s useless to run away separately. There is a very strong aura fluctuation in this spatial storage device. The reason they were able to accurately find you in the vast prairie is related to the Wisps of Aura.”

The old man’s pupils constricted as he stared deeply at Su Yu.

He took the spatial storage device and scanned it, but there was no obvious aura fluctuation..

Wait!

Suddenly, the old man took out a palm-sized purple-gold material from the storage space. It looked ordinary, but if he sensed carefully, he could indeed find that there was an extremely obscure soul aura attached to the material.

If it weren’t for Su Yu’s reminder, he wouldn’t have found this weak soul aura fluctuation under normal circumstances.

A trace of surprise and strange light flickered in his eyes.

The old man clenched his hand and was about to crush the object when he heard su yu say indifferently, “If I were you, I would use the aura of this object to lure away all the pursuers.”

Hearing that, the old man’s palm paused, and his eyes suddenly lit up.

He looked at Su Yu again and nodded slightly. Then, he took out a dog-sized beast with a flip of his palm.

It had a lithe body, slender limbs, and a timid personality. With a single glance, one could tell that it was a small beast that was particularly good at escaping.

The old man tied the materials to the small beast’s body and patted its body. The frightened small beast immediately ran wildly and fled into the distance.

“Let’s go this way!”The old man grabbed Su Yu and Die’er and quickly jumped in another direction.

Two hours later, the old man stopped and looked back. A look of relief appeared on his face.

The pursuers had indeed disappeared. They had successfully shaken off the other party.

“We’re safe now,”the old man said with a sigh of relief.

Die’er patted her chest and said in a relaxed tone, “That was close! Strange, when did someone tamper with our goods?”

The old man shook his head slightly to show that he did not know. However, he looked at Su Yu with a meaningful look and cupped his fists lightly. “Thanks to your reminder just now, we were able to turn the situation around.”

Die’er turned her head and looked at him curiously. “I didn’t expect you to look so stupid, but your brain is unexpectedly smart. Not Bad, you came to our tribe. I’ll treat you to a roasted Earth Dragon.”

Su Yu smiled indifferently. “Now is not the time to be happy. Who knows if the other goods have been tampered with? It’s better to return to the tribe as soon as possible.”

Hearing this, the old man paused, but a strange light flashed in his eyes as he turned around.

Half a month later.

By a clear long river, tens of thousands of tents of various sizes bloomed like mushrooms in a fertile land of water and grass.

There were many people coming and going, and there were no less than ten million of them.

It turned out that every tent was a cave world that could accommodate many people.

This was the rising sun tribe.

“We’ve finally arrived safely.”The old man let out a sigh of relief. He brought the two of them down and walked into a golden tent.

There was indeed another world within. There were countless rivers and mountains, and the place was bustling with life.

The moment they entered, dozens of half-step emperor realm human experts appeared. Their faces were filled with joy, “The realmlord has returned!”

“It’s the realmlord!”

“Greetings, realmlord!”

The old man nodded lovingly, “While I’m not around, is the world of the cave abode still peaceful?”

One of the females replied, “It’s still alright. Although there are some creatures who are willing to degenerate and become bandits, they were eliminated by us in time and didn’t cause too many casualties.”

“That’s good.”The old man frowned slightly at first, but soon after, his brows relaxed.

Su Yu felt somewhat surprised. At the World Emperor realm, there were very few people who cared about the life and death of ordinary living beings in the cave world.

The old man in front of him was a surprise.

“You two continue your patrol,”the old man said. He brought Su Yu and Die'er back to a relatively simple and crude manor in the cave world.

The manor was located in an ordinary mountain range. However, there were many cities built around the mountain range.

Countless creatures worshipped the mountain range at all times. They faintly regarded the old man as their God.

“Are you surprised? Hehe, my grandfather is the ruler of the cave abode world. Everyone worships him,”die'er said proudly.

Su Yu did not say anything. He narrowed his eyes and looked up at the sky.

In the world that ordinary people could not see, strands of strange energy flowed from everyone's bodies to the mountain range.

At the peak of the mountain range, they converged into a spirit pool.

Faith!

Looking at the visitor again, Su Yu opened his eyes of the soul. His pupils constricted as he discovered that the old man's soul was filled with densely packed insects that were continuously gnawing at his soul.

This place was actually like the moon worship sect, accumulating faith. Moreover, there were also insects densely packed within those beliefs.

He calmly withdrew his gaze and faintly nodded. “Yes, it is indeed very shocking.”

Then, the old man asked Su Yu to wait for a moment while he headed towards the location of the spirit pool.

Although the Spirit Pool had an array to block it, it was unable to block Su Yu's eyes.

In the spirit pool, there was a lifelike statue. That statue was constantly absorbing faith.

When Su Yu wanted to see the statue's true appearance, the statue's face became blurry and he was unable to see it clearly.

The old man walked to the statue and respectfully offered the materials he had obtained to the statue. The statue actually came to life and devoured the materials.

Seeing this scene, Su Yu was shocked.

What was that statue?

“You’re daydreaming again. From now on, I’ll call you a fool!” Die’er rudely gave Su Yu a nickname. “Fool, Let’s go. I’ll bring you to visit the rising sun tribe.”

Su Yu nodded.

Under her guidance, Su Yu not only visited this cave abode world, he also visited seven or eight other cave abode worlds.

Unsurprisingly, every cave abode world had a spirit pool that gathered faith.

And every spirit pool had a strange black statue.

“Miss, do the people of your cave abode world worship the Master of the cave abode world?”

“Call me butterfly!” Die’er raised her head.

Su Yu smiled. “Butterfly.”

“That’s more like it!” She smiled happily. “Yes, the ruler is the highest god. They believe in people and have collected a lot of power of faith.”

Su Yu’s heart skipped a beat. “Then, who is the faith collected for?”

“Of course it’s our Saint King... Oh, it’s the Dark King that you outsiders talk about.” Die’er said matter-of-factly.

That black statue was the dark king... No, it should be something similar to the moon worship sect that transmitted faith.

Unexpectedly, the Dark King was also absorbing faith just like the Moon Worship sect!

“Alright, let’s go home.” Die’er was in a good mood after strolling around the whole day.

When they returned to the thatched cottage in the mountains, the old man had already prepared a set of dishes and wine.

“Ah, Grandpa, there’s also spiritual wine. You’re really generous. Normally, you can’t bear to drink it, but today, you took it out and gave it to a fool.” Die’er bluntly grabbed a cup and drank it herself.

The old man chuckled. “Come, little friend, sit down and have a drink.”

Su Yu sat down, but he did not touch his chopsticks or the wine cup. He just sat there indifferently.

“Is the wine and dishes not to your liking?”

Shaking his head, Su Yu said plainly, “It’s not that they’re not to your liking, it’s just that you’re not used to drinking poison wine. However, if you insist on inviting me, then I’ll reluctantly try to taste the taste of poison wine.”

After that, he drank a cup in one gulp.

Chapter 1900 Smoke And Smoke Were Everywhere

Die'er pouted her small lips in displeasure. "Idiot, what nonsense are you talking about? This is the drunken immortal wine that grandfather brewed. How could it be poison..."

All of a sudden, die'er found it slightly difficult to breathe. She widened her eyes in disbelief and stared at her grandfather who was so close to her.

However, her grandfather's face was cold. He stared at Su Yu coldly and said indifferently, "I knew there was something wrong with you."

She grabbed Die'er and fed her a pill.

Die'er immediately recovered and said angrily, "Grandfather, do you want to poison me to death?"

"If I wanted to poison you to death, would I allow you to live until today?" The old man rolled his eyes and stared at Su Yu again. "I want to test our fellow clansmen. Who asked you to drink it first?"

"I..." Die'er glared at him angrily. "I'm not your biological granddaughter, right? How could there be a grandfather who would poison his biological granddaughter as well?"

Her face was full of resentment.

Su Yu smiled lightly. "Heroine die, don't be impatient. This is not some fatal poison. To us overlords, it won't do any harm. It will only make us overlords unable to use divine power."

Hearing this, Die'er stared at her grandfather. "What are you trying to do?"

The old man's light flashed, and the prehistoric power suddenly pressed down, enveloping Su Yu's surroundings. He said coldly, "Of course I'm going to capture him and investigate him properly!"

"Ah! Grandpa, are you crazy?" Die'er said in surprise.

However, the old man didn't say anything as he grabbed Su Yu's shoulder and asked in a stern voice, "Who are you?"

Su Yu didn't move at all and let him hold him. To be exact, he didn't want to move.

Otherwise, a single-crowned king could be killed with a snap of his fingers.

"I'm a passerby that you saved," Su Yu said indifferently.

The old man snorted. "Passerby? Can passersby penetrate the spatial storage device and sense the soul aura fluctuation that I can't even sense? I guess you're actually a member of the Wolf Smoke Tribe, right? You want to take the opportunity to gain my trust and sneak in here, right?"

Su Yu sighed. "Sigh, I just want to understand the sacred mountain from your mouth."

He was really helpless.

If he left them alone, they would be killed by the wolf smoke tribe. If he left them alone, they would misunderstand him as a member of the Wolf Smoke tribe.

It was really hard to be a person.

“Whatever you want. Then how do you want to deal with me?” Su Yu asked indifferently.

He had already asked clearly that the highest cultivation in this place was only the leader of the rising sun tribe, an existence with two crowns.

Regardless of whether he wanted to leave or stay, no one could do anything to him.

“HMPH! Before I investigate thoroughly, this old man will not kill you. However, I will send you to the stone prison to reflect on your actions.” The old man carried Su Yu and took a step forward, leaving the world of cave abodes. He arrived outside the tent, within one of the empty tents.

That world of cave abodes was filled with one tall mountain after another.

The mountains had been hollowed out and turned into a continuous cage. There were already countless annoying people being imprisoned inside.

This was the cave abode world where the rising sun tribe imprisoned their prisoners.

The old man brought him to a heavily guarded cage with restrictive seals.

“I’ll give you three days to reflect on your actions,” the old man said coldly. Then, he turned around and left.

Su Yu sighed. The cage naturally couldn’t hold him. However, if he wanted to obtain information, he might be able to start with his cellmate in front of him.

Of course, there was no need for Su Yu to deliberately befriend them. They would also take special care of Su Yu.

“Hehe, Kid, it’s your first time here, right?” His cellmates were all fierce-looking men.

One of them licked his lips and sized up Su Yu with a meaningful expression.

Su Yu said indifferently, “It’s my first time here. HMM, I’ll ask you guys about something while I’m at it.”

That androgynous cellmate pinched his orchid-like fingers, he twisted his waist. “Yo! I know the most about things. However, there’s no news in this world that comes in vain. If you’re willing to accompany me for one night, I can tell you anything I want to know.”

Su Yu smiled. “Sure, I’ll accompany all of you for one night.”

Soon, the prison deep in the mountain was filled with wails.

At dawn the next day, Su Yu’s finger left the glabella of his last cellmate.

He searched through the memories of more than ten people and indeed obtained many useful information.

One of them was the sacred mountain.

The Sacred Mountain was closed all year round and was not open to the outside world. No one was allowed to enter.

No one who entered had ever survived.

This was because the sacred mountain was special. It could release a powerful pressure that could kill anyone at any time. Even the three crowns would be crushed to death in an instant.

Only the people of the sacred mountain who served the dark king could freely walk on the sacred mountain.

Su Yu's plan to sneak into the sacred mountain was impossible.

However, there was only one situation where the sacred mountain would be open to the outside world.

Faith!

Every hundred years, tribes of all sizes would send black statues into the sacred mountain.

Only then would the pressure on the sacred mountain disappear.

If he wanted to enter the sacred mountain, he had to take advantage of that opportunity.

After understanding all this, Su Yu smiled lightly. It was time to leave for the sacred mountain.

He flicked his finger and was about to blast the sacred mountain open.

Suddenly, a sneaky voice came from outside the cage, "Hey, idiot, are you inside?"

Die'er?

"Yes." Su Yu retracted his finger and came to the door, "Why are you here?"

Die'er held a key in her hand and opened the cell door with a smile, "Why? You Don't want me to come, so I'm leaving."

"Wait." Su Yu smiled.

"PFFT!" Die'er giggled, "Let's see a beautiful woman come to save the Dummy!"

With a clang, she opened the cell door and looked at the prisoners lying on the ground. She covered her mouth and laughed, "I was worried that you would be lonely. It turned out to be quite lively."

Su Yu asked, "Where did you get the key?"

"I stole it." Die'er said indifferently, "I think that old man's brain is fried. The Idiot obviously saved us, but he still locked you up. Seriously, I, this heroine, have to make up for his mistake."

Su Yu didn't say anything. If he was an old man, he would also have doubts.

For the sake of the safety of the tribe, the old man didn't do anything wrong.

"Let's go. I Won't talk about it anymore. I'll send you out of the tribe." Die'er gave Su Yu a brand new set of clothes.

In addition to Die'er's identity, they easily left the cage cave world under the watchful eyes of the guards.

In the outside world, there were two savage beasts that Die'er had prepared.

Riding on them, Die'er sent Su Yu out of the territory of the tribe.

Standing at the border, Die'er took out a small booklet and threw it to Su Yu.

"You don't have to thank me."

Su Yu flipped it open, and it was a more detailed map of the Sacred Mountain, an introduction to the various tribes, and even a detailed description of the sacred mountain.

The handwriting was still clear. It was clearly written overnight.

"Die'er..." Su Yu stared at her and suddenly felt that Qin Xian 'er's figure overlapped with hers.

If Xian 'er was here, she would also be like this.

"Call me heroine!" Die'er raised her chin and glared at him with her almond-shaped eyes. She then said, "Let's go. This heroine's mission is here. Take care of yourself."

She raised her long whip and prepared to activate her savage beast.

Suddenly, a slight vibration came from afar.

Su Yu immediately released the Eye of heaven and observed from an extremely far distance. When he saw the scene in front of him, he couldn't help but narrow his eyes.

On the other side of the rising sun tribe, tens of thousands of savage beasts charged into the rising sun tribe.

Countless powerful foreign tribes flew down from the savage beasts and charged into the various tribes.

The attack was extremely sudden, and the rising sun tribe didn't have the slightest bit of preparation as they hastily accepted the battle.

A powerful aura of a double-crowned emperor shot into the sky from an exceptionally large tent.

A golden-faced middle-aged man flew out in anger, "Smoke tribe! You Dare to violate the sacred agreement and openly declare war!"

The tribes within the sacred mountain were under the control of the sacred mountain, and they weren't allowed to fight amongst themselves.

Because war would bring destruction, and those creatures would die in large numbers. Who would have faith.

"Hahaha, Ri Dong Lai, you are too far away from the sacred mountain, and the news is too outdated. You Don't even know about the new orders from the

Sacred Mountain.”With a whoosh, a wolf-headed creature flew out from the savage beast of the Wolf Smoke tribe, a human bone wolf tooth club hung at his waist.

The golden-faced middle-aged man sucked in a breath of cold air. “The third leader of the Wolf Smoke Tribe?”

The Wolf Smoke tribe was a super tribe and one of the three great tribes of the sacred mountain.

In comparison, the rising sun tribe could only be considered a medium-sized tribe. In the sacred mountain, there were more than a hundred medium-sized tribes like this.

The wolf smoke tribe had an extremely wide range of influence. They often relied on their powerful force to expel and plunder other weak tribes, plunder their population, and steal their statues of faith.

The small tribes could be said to be extremely annoyed, but there was nothing they could do.

As long as the wolf smoke tribe didn’t kill people and didn’t start a war, and only relied on tens or hundreds of powerful force to plunder, the sacred mountain wouldn’t punish them.

For many years, only the small tribes had been eroded.

As for the medium-sized tribes, the wolf smoke tribe could only plunder if they started a war.

Therefore, although the rising sun tribe knew the wolf smoke tribe’s bad reputation, they had never been on guard against them starting a war. Now, they were caught unprepared.

Ri Dong Lai’s expression was incomparably heavy.

Not to mention that they had rushed into battle, they simply didn’t have the time to mobilize sufficient effective combat strength.

Even if there was, this sudden battlefield would undoubtedly lose!

The wolf smoke tribe had three supreme existences with two crowns. The three leaders were the weakest among them, but even if they were the weakest, they were still stronger than him, the leader of a medium-sized tribe.

In a real fight, they weren’t a match for the wolf smoke tribe.

Hearing the screams and roars of their tribesmen coming from both the large and small cave dwellings, seeing the statues of faith being snatched away by the Wolf Smoke Tribe, Ri Dong Lai roared, “Citizens of the rising sun tribe, rise up and kill the enemy!”

However, it was already too late to kill the enemy.

The defenseless rising sun tribe was completely wiped out by the wolf smoke tribe.

Every cave world was struggling with great difficulty.

Within an ordinary cave world.

Die’er’s grandfather was by the side of the spirit pool, roaring as he fought against a single crowned emperor.

Corpses littered the ground around the thatched cottage. The half-step emperors guarding this cave world had all been reduced to cold corpses.

“Mingguang, do you know who I am?” The one-crowned emperor who was fighting with him was a man dressed in a black robe.

The old man stared at him coldly. “No matter who it is, I won’t let you succeed in snatching the statue of the Rising Sun Tribe!”

“Hehe...” the black-robed man laughed coldly. “No matter who it is? What if it’s me?”

He immediately took off the black robe on his head and revealed his true appearance.
