Chapter 191: Poisonous Black Queen Bee

"I shall take my leave as well!" Su Yu flew thirty miles towards the East hastily.

A long time passed before Su Yu's silhouette descended in front of a black bee which was decomposing.

When he fixed his eyes on that bee and observed, that bee had a huge physique that was about the size of a pig!

It had a dark body and it looked ferocious. At its tail, there was a hideous black sting that was curled up. A lump of blood had dried up on the sting.

"As expected, this bee died after stinging someone." Su Yu understood what had happened. The blood which had dried up belonged to human beings.

However, he did not know who was stung and whether that person was transported out.

Su Yu flew high up into the sky, looked around, and examined the situation within a fifty miles' radius.

Suddenly, fifty miles away—which is the limit of his eyesight—he saw a black beehive that was about the size of a small house.

Ferocious black bees were flying in and out of the beehive one by one and their mouths contained precious honey!

"Could it be, it's there?" Su Yu's gaze turned serious!

Suddenly, Su Yu also discovered that somewhere near the beehive, there were two people hidden there. They were Chan Yunfei who was ranked number five and Duan Yanyu who was ranked number seven!

They looked as if they were spying on the beehive and waiting for a good opportunity to strike!

Su Yu's eyes flashed. He quietly approached the beehive and stopped three miles away from it.

Su Yu then secretly observed Chan Yunfei and Duan Yanyu.

"Junior Duan, are you sure that the honey fermented by the queen bee can save my younger brother?" Chan Yunfei's beautiful eyes were filled with anxiousness and she turned her head to look at Duan Yanyu who was behind her.

Duan Yanyu looked normal. His age was similar to Chan Yunfei which was around twenty-five years old.

He smiled. "It is definitely true! This kind of bees are known as the Poisonous Black Bees and its ability are between Dragon Realm Level One Lower Tier and Dragon Realm Level One Upper Tier. Only the queen bee would achieve Dragon Realm Level Two Peak! The poisonous sting at the tail of a normal Poisonous Black Bee contains a deadly poison that spells death when you are stung by it! If you want to treat the poison, you would need the honey secreted by the queen bee!"

Duan Yanyu specialized in controlling spiritual beasts and he was rich in knowledge regarding spiritual beasts in the universe.

Chan Yunfei's anxious expression was slightly eased.

After the three of them entered level two, they came across a Poisonous Black Bee. Chan Leiyun was carelessly stung by the Poisonous Black Bee and he was poisoned. By relying on his spiritual energy, he managed to barely suppress the poison.

If the poison spread across his body and put his life to be in danger, he would be transported out by the ancient temple.

Chan Leiyun was waiting for them to bring back an antidote to save him!

"Junior Duan, I will leave everything to you!"

No one noticed Duan Yanyu give off an evil smile. His deep eyes were filled with a reluctance to leave and he looked at Chan Yunfei's plump and charming body. He then gave an evil smile. "I will naturally do my very best. However, Senior Sister must honor your promise! Firstly, Senior Sister will be in charge of capturing the queen bee alive and all the honey obtained will belong to me. Secondly... before I give you the honey to treat the poison, Senior Sister, please don't forget what you have promised."

After hearing what was said, Chan Yunfei's pretty face turned cold and her eyes were glowing with disgust.

Duan Yanyu actually took advantage of her misfortune to do her harm. He cast greedy eyes on her good looks, used her little brother to threaten her, and requested for her to comply with his request!

"I understand!" Chan Yunfei promised him and a flash of coldness flashed passed her clear eyes.

Duan Yanyu grinned coldly!

"However, do not take any reckless actions for now. At the very moment, the queen bee is laying bees and there are many Poisonous Black Bees protecting her. Although you are strong, if you show yourself recklessly, it will be difficult to avoid all the attacks of the Poisonous Black Bees. Let's wait for one day quietly for the Poisonous Black Bees defending the beehive to disperse. It is not too late for you to enter afterward."

Chan Yunfei's beautiful eyebrows turned down. "I guess we can only do that."

Su Yu overheard the conversation between the both of them and he revealed a strange expression. Is the queen bee's honey different from the rest of the Poisonous Black Bees?

At that moment, a Dragon Realm Level One Lower Tier Poisonous Black Bee flew passed Su Yu's head to collect pollen and ferment honey.

Su Yu's eyes flashed and it looked as if it was a golden moon!

"Incredible Moon-Lit Demon Eyes!"

Snort—

The Poisonous Black Bee struggled for a while but was mind-controlled in the end. It descended obediently and stopped in front of Su Yu.

"Go, steal a portion of the honey and return!" Su Yu commanded!

The Poisonous Black Bee immediately flew back to the beehive and it returned with a portion of the honey in its mouth.

The honey was glittering and translucent, sweet and fresh.

Looking at it, it was twice the amount that he swallowed previously!

"Could it be that it is so easy to make a breakthrough to Dragon Realm?" Su Yu felt elated.

After Yao Hong swallowed a portion of it, she successfully made a breakthrough to Dragon Realm!

Filled with anticipation, Su Yu swallowed all the honey in one mouth.

However, what caused Su Yu's expression to sink was that, after the majestic amount of energy entered his body, his cultivation base did not make any progress at all. Instead, the energy was expelled from his pores!

"What...what is going on?" Su Yu was stunned.

At that moment, Yun Yazi's mockingly voice could be heard from the small jade box in his chest.

"If the Poisonous Black Honey was so effective, would it still be left lying around for you? It would have already been forcefully seized by the Four Great Disciples!

"When you swallow the Poisonous Black Honey for the first time, it can help to raise your cultivation base. After which, it would only change your body and would not help your cultivation base to progress in any way."

After knowing that that was the case, Su Yu felt disappointed.

If he had known that this would happen, he would have kept the honey and swallowed it after he had made a breakthrough to Dragon Realm.

"However, what you swallowed was normal Poisonous Black Honey. If you are able to swallow the queen bee's honey, there will certainly be an effect. At the very least, you will be able to make a breakthrough to Dragon Realm!"

Su Yu regained his vitality. "The queen bee's honey?"

"Go! Steal a portion of the queen bee's honey and return!" Su Yu commanded.

However, who knew that the Poisonous Black Bee would go against him forcefully!

"The Poisonous Black Bees are extremely loyal to the queen bee and it will be difficult to shatter their loyalty with your coarse soul techniques." Yun Yazi shook his head.

Is that the case? Su Yu's eyes flashed and he looked towards the direction of Chan Yunfei.

One day passed before there was some movement in the beehive and most of the Poisonous Black Bees left the beehive in all directions to ferment honey.

Duan Yanyu had a delighted expression. "Good! The queen bee has flying laying its eggs. Hence, its body is weak and it requires pollen. As such, most of the Poisonous Black Bees left the beehive to look for pollen. Now is the best opportunity to capture the queen bee!"

Chan Yunfei clenched her silver teeth, turned into smoke, and rushed into the beehive!

Consecutive surprised buzzing sounds could be heard and the Poisonous Black Bees were in great disorder.

In no time, a pretty shadow turned into a strong wind and rushed out of the beehive with a Poisonous Black Queen Bee of the size of a cow in her hands!

"Let's leave quickly!" Chan Yunfei gave a cry and her face turned slightly pale. The Poisonous Black Bees behind her whistled and so many of them gathered together that they blotted out the sky and the sun!

Duan Yunya dared not to stay at his position. He followed Chan Yunfei and ran wildly to about sixty miles away from the beehive!

After confirming that no more Poisonous Black Bees were chasing them, both of them started to catch their breath slightly. They carried the queen bee along with them and returned to an underground cave which they unearthed.

Deep inside the cave, Chan Leiyun's whole face was pitch-black as he endured his pain.

The poison had spread across his whole body, causing him to feel excruciating pain.

At that moment, he was still suppressing the effects of the poison persistently.

Whiz, whiz—

Two shadows returned and they were Chan Yunfei and Duan Yanyu.

"Brother Leiyun!" Seeing that the poison had spread into Chan Leiyun's vitals, Chen Yunfei felt anxious. She used one of her hands to bring the queen bee under control and used her other hand to take out pollen from her chest that she had prepared beforehand.

She did not have any intentions to let Duan Yanyu interfere!

Duan Yanyu's gaze became narrow. "Senior Sister, you have promised me two things just now. All of the queen bee's honey would belong to me. Apart from that, you and me... Now, isn't it time for you to honor your promise?"

Chan Yunfei's pretty face laughed coldly. "Scum! I can make the honey by myself, why will I submit to you?"

She forced the pollen into the queen bee's mouth.

After a long time, the queen bee fermented a honey that gave off a sweet smelling fragrant which filled the air. Comparing to normal honey from the Poisonous Black Bee, the honey fermented by the queen bee contained superb energy!

Chan Yunfei's pretty face revealed a joyful expression and she forced the honey into Chan Leiyun's mouth.

However, the poison did not go away. Instead, Chan Leiyun's condition became worse!

As Chan Leiyun was half awake, he gave off grievous cries.

"What...what is going on? Duan Yanyu! You lied to me!" Chan Yunfei's beautiful eyes were overflowing with murderous intentions.

Duan Yanyu remained calm. He held one of his arms, stood up and he had an evil smile. "I lied to you? Of course not! The honey fermented by the queen bee can indeed treat the poison. However, that will require a high-grade pollen. As for the fermented honey made by using the pollen that you collected randomly, apart from stimulating the poison in his body, there are no other uses!"

As Duan Yanyu gave an evil smile, he took out a medicine bottle from his chest. The medicine bottle contained a purple-colored pollen that was plump, smooth and full of thick spiritual energy.

He still had something up his sleeve!

Chan Yunfei's pretty eyes flashed and she wanted to snatch the pollen from him.

However, a flame rose from Duan Yanyu's palm and surrounded the pollen in the medicine bottle.

"If you dare to move recklessly, the only pollen will be burned into nothingness immediately! When that time comes, your beloved younger brother will be transported out of the ancient temple and his future will be ruined!" Duan Yanyu laughed coldly.

Chan Yunfei felt fear in her heart. She went no further abruptly and her pretty face was full of coldness. "Duan Yanyu! What do you want to do!"

"Haha, what do I want to do? Didn't I tell you already?" Duan Yanyu looked at Chan Yunfei's graceful body and his eyes were burning with excitement. "When I saw you for the first time, I made an oath that I must obtain you! However, it is a pity that you are a proud person and that you are more talented than me. Hence, I did not have any chances to make my move on you!"

"Your only weakness is your love and care for Chan Leiyun, your little brother! I have heard that once, for him, you were willing to throw your life away!" Duan Yanyu's evil smile became bigger. "Now, I will give you a choice. Be my woman, or see your little brother's future get ruined helplessly!"

Chan Yunfei bit her red lips lightly and her pearly white teeth were icy cold. Her pretty eyes glared at Duan Yanyu with hatred. She then gritted her teeth and said every word with a pause. "Duan Yanyu!"

"Just now, you have made him swallow the honey carelessly. Now, there is only about an hour before his life is in danger. When that time comes and he is transported out, he will be unable to find any opportunities that are equivalent to training in the Ancient Xianyun Temple for the rest of his life!"

She could not hesitate any more!

Her brilliant eyes spilled tears of humiliation which trickled down her face.

Chan Yunfei stared at Duan Yanyu firmly and her beautiful eyes were filled with hatred. However, her soft white hands which were trembling undid her corset.

In front of her innocence and the future of her little brother, she chose to sacrifice herself in the end!

Duan Yanyu's heart was beating extremely fast and he became thirsty for lust. His eyes were burning with raging flames and he stared at her as she gradually undid her neckline!

Rustle—

A shadow from outside flew into the cave and a laughter accompanied him. "Looks like it's quite lively here."

His sudden appearance caused Chan Yunfei to have a panic expression and she covered her neckline. Her pretty face was extremely red and she said surprisingly. "Junior Su, did...did you see everything?"

Duan Yanyu raised his eyebrows slightly. "Su Yu! What is your purpose in coming here?"

Su Yu ignored him and his gaze landed straight away on that cow sized queen bee. His eyes then burned with excitement. "I am naturally here for the queen bee!"

After his speech, he took out a jade-like bottle.

A lump of Five Color Pollen lay inside the bottle quietly.

The queen bee which had been brought under control suddenly turned wild and impatient and it looked at the pollen in Su Yu's bottle greedily!

According to Yun Yazi's words, that ancient pollen in his bottle could refine the rare Hundred-Flowered Honey.

He could imagine that for the "rare" word to come out from Yun Yazi's mouth, the Hundred-Flowered Honey must be something extremely extraordinary.

It was logical for the queen bee to have such a reaction.

Chapter 192: Breaking into the Dragon Realm

Chan Yunfei's pupils dilated. "Junior Su, can..."

Not waiting for her to finish speaking, Su Yu smiled. "Senior Chan, I'll borrow your Queen Bee. We'll split the honey. I'll take ninety percent and you'll have the other ten!"

Chan Yunfei was tearing, her expression showing the gratitude in her heart. She was on the verge of crying. "Thank you, junior..."

Su Yu had helped them unconditionally in the Meteorite Forest, and at this critical moment, he had intervened without any requests. How would Chan Yunfei not be grateful for this?

Without him, she would have been violated by Duan Yanyu!

"But before that, please wait for me for a moment Junior Su! Let me teach the scheming despicable person a lesson first!" Chan Yunfei wiped away her tears, her eyes adopting a merciless gaze.

Duan Yanyu turned pale as a sheet, swallowing vigorously. "Senior Chan, we can discuss this!"

Rumble—

Chan Yunfei struck with the intention to kill, fierce and merciless!

Duan Yanyu could only block two moves before being struck by a palm, flying back with a bloodied mouth!

But the direction he was flying in was toward Su Yu!

Duan Yanyu had hatred in his eyes. "It's all due to your meddling! I'll capture you first!"

If Chan Yunfei cared about Su Yu, he could salvage this situation!

Su Yu let out a mocking smile. "Why, aren't you going to first thank me for finding you an Advancement Stone? Repaying your favors with hatred is not right!"

"Cut your nonsense!" Duan Yanyu flared. "You dare say this after meddling with my plan?"

Crash—

Duan Yanyu formed a claw with his hands and struck toward Su Yu!

Su Yu could only yield to the difference in their cultivation level!

Chan Yunfei's expression changed, hurriedly flying over. "Be careful Junior Su!"

But she was shocked to see Su Yu did not attempt to dodge the attack, instead he took a step forward.

A terrifying spirit energy materialized in his hands as he struck!

Crash—

Palm and claw collided, setting off an explosive sound!

Ah—

A figure crashed into a stone wall as if a rock that had been catapulted!

Wah—

A large mouthful of blood sprayed out from his mouth!

Who could it be, other than Duan Yanyu?

In terms of spirit energy, Su Yu had decidedly triumphed over Duan Yanyu, who was Dragon Realm Level One Upper Tier!

Chan Yunfei was shocked!

In the fight in the Xianyun Contest, Su Yu had only barely managed to reach the level of Dragon Realm Level One Upper Tier.

In just a few days, he had already surpassed that level!

After close observation, Chan Yunfei realized that Su Yu had grown from Seventh Level Lower Tier Holy King to Seventh Level Peak Holy King!

No wonder his spirit energy level had increased explosively!

Blinking her fierce eyes, Chan Yunfei flew forward, delivering the fatal blow to the gravely injured Duan Yanyu!

"Ah! No..."

The Ancient Xianyun Temple sensed that Duan Yanyu was in danger of losing his life, and automatically sent him out of its grounds.

White light glowed around Duan Yanyu as he disappeared into thin air.

He had lost the rare opportunity to train in the Ancient Xianyun Temple!

"Hmph! I'll teach you a lesson when I get back to the faction!" Chan Yunfei's hatred was hard to quell. But as she thought about her brother, her expression became more muted, hurriedly saying, "Junior Su, please do something to save my brother."

Su Yu nodded, taking out the Five Colour Pollen. He took out a thumb-sized piece and stuffed it into the mouth of the Queen Bee.

The Queen Bee swallowed excitedly and after some time, a five-colored crystalline liquid flowed out from its mouth!

The glow of the five colors was radiant.

An alarming fragrance intoxicated many. Just taking a whiff of it caused Su Yu to become giddy.

The five color liquid harbored great amounts of spirit energy, causing Su Yu to become very excited!

Compared to the honey of the Poisonous Black Bee, wasn't the energy of the Five Colour Honey more than five times stronger?

"It only has one percent of the effectiveness of the Hundred-Flowered Honey, but this is enough for you. Keep the pollen. Giving it to this Queen Bee is a waste. Furthermore, the Five Colour Honey is only effective the first time you consume it, it is not worth it to make more!" Yun Yazi peacefully said.

Just a percent was so mind-blowing. Just how scary was the real Hundred-Flowered Honey?

Su Yu felt a little pity for the Five Colour Pollen, quickly keeping it.

Su Yu took ninety percent of the multicolored liquid, filling a small jade bottle.

He passed the rest of the honey to Chan Yunfei.

Chan Yunfei was immensely grateful but did not know how to repay the favor.

But hearing her brother's groans of pain, she hurriedly fed her brother the Five Color Honey.

After Chan Leiyun consumed the Five Coloured Honey, the poison within him started to fade.

His blackened appearance gradually recovered its red color.

Seeing this, Chan Yunfei finally put down her heavy heart!

"I'll never be able to return you this favor!" Chan Yunfei turned around, her eyes harboring tears.

Su Yu shook his head with a smile. "There's no need to. I borrowed your Queen Bee. It was a win-win situation."

After saying this, Su Yu wanted to say goodbye. But just as he took his first step, he felt his legs buckle, the world turning upside down as his head turned fuzzy.

"Elder Yunya, what's happening to me..." Su Yu was shocked.

"There's no problem. It's just that the fragrance of the Five Colour Honey was too intoxicating. You inhaled too much of it and became drunk. You should be fine after resting for awhile!" Yun Yazi calmly said.

He looked at Chan Yunfei, who was also giddy and unstable, knocking into obstacles beside her.

Knowing that he was merely drunk, Su Yu's worry eased.

But the world in his eyes was revolving, and he fell into a slumber soon after.

While unstable, he did not know where he fell, only feeling something soft and warm under his body.

After that, he was completely knocked out.

Half a day later, Su Yu gradually came to his senses, dizzily shaking his head.

"Ah—" Suddenly, a gentle voice entered his ears.

En? Su Yu shook his head, his eyes slowly opening.

His body was pressing down on Chan Yunfei!

Cold sweat poured from Su Yu's forehead. Did they do anything wrong while they were drunk?

With an idea in his heart, Su Yu immediately stood up, his expression apologetic.

Chan Yunfei's face was red with shame and anger. It was lucky that they were still fully clothed. They had not committed the final act!

The two stood up in a hurry, each adjusting their clothing.

Su Yu was a little awkward, wanting to find an excuse to leave. But at this moment, Chan Yunlei woke up with his poison expelled.

Even though he had entered a comatose state when he suppressed the poison, he could still see what was going on around him!

Su Yu had slumped on his sister's body for half a day!

But he could not move then, even though he was extremely anxious and furious, he could not wake up!

"Su Yu! You beast!" Once Chan Leiyun woke up, he sprang out with his face full of fury. His large hands struck toward Su Yu who was looking away from him!

Su Yu's gaze turned cold. Even though he was apologetic, that did not mean that an outsider could direct their temper at him!

"Leiyun! What are you doing!" Chan Yunfei was angry, pointing with her hands, hitting back Chan Leiyun!

Seeing how his sister, who doted on him the most, not only not help him, but protect the beast that had defiled her and struck him! He felt that his organs were on fire, howling with his eyes red.

"Sister! Are you mad? That beast had treated you like that, but you..."

"Shut up!" Chan Yunfei was blushing but had a fierce look in her eyes. "That was an accident! Furthermore, he saved your life! Even if you do not know how to repay him, how could you strike him?"

Chan Leiyun was fuming!

His innocent sister had scolded him in defense of that beast!

"But sister, this beast..." Chan Leiyun felt as though his chest was about to explode.

Su Yu's cold gaze fell on him. "Try calling me beast another time!"

He could understand Chan Leiyun's feelings, but he could not accept his irrational frenzy!

"You dare threaten me? You..." Chan Leiyun was laughing in fury, about to call him beast again!

Slap—

A dainty hand slapped across his face.

The fiery pain dazed Chan Leiyun! When has his sister ever hit him?

"You..." Chan Leiyun was in disbelief!

Chan Yunfei's expression was cold, her teeth clenched. "Have you come to your senses? If not, let me slap you a few more times!"

Chan Leiyun's lips quivered but did not speak. He only shot a death glare toward Su Yu!

"Junior Su, let's say our goodbyes here, you should leave first." Chan Yunfei paid her respects, deeply apologetic. Her face was also unnaturally red.

Su Yu was shocked, wishing to say some words of apology to Chan Yunfei. But the situation did not allow him to stay any longer.

"Take care of yourselves."

After saying this, he turned to leave.

"Sister! Why did you stop me? He violated you!" Chan Leiyun could not control the fury in his heart after Su Yu left.

Chan Yunfei still had some blush. "I have said it was but an accident, he is not to be blamed! Furthermore, he saved your life... Treat whatever that happened as repayment..."

After saying this, Chan Yunfei's voice was filled with shame and bitterness.

"Without him, what I would have faced would be even more terrifying. Have you thought of that?"

Hearing this, Chan Leiyun froze, then his expression was that of shame.

Duan Yanyu had almost got his way in taking his sister's purity! Without Su Yu and his generosity in giving them the Five Colour Pollen, his sister would really have been violated!

He should be thanking Su Yu, but he did not and instead tried to attack him. It was returning a favor with hatred.

"But Su Yu... he..." Chan Leiyun could not accept this. But in comparison, even though his sister still sacrificed herself, it was better than letting the despicable Duan Yanyu have his way!

"Don't let me run into Su Yu!" Chan Leiyun felt injustice!

Chan Yunfei shook her head. "I also wish that you do not meet him again, for you are definitely not his match!"

Chan Leiyun laughed angrily. "Haha? Am I not his match? Was defeating Duan Yanyu that big of a deal? When we are facing off, Duan Yanyu cannot even hold up to ten moves of mine!"

"It is my intuition, you are not his match, in fact, even I may be no match for him!" Chan Yunfei's expression was grave.

"Is it?" Chan Leiyun had a fierce glow in his eyes.

Su Yu had left the crypt, feeling the bottle of Five Colour Honey in his robes, his heart full of anticipation. "It is time to break into the Dragon Realm!"

But suddenly, Su Yu looked back, squinting his eyes slightly.

His gaze gradually turned fierce. "You're looking for death on your own, don't blame me for not giving you a chance!"

Whoosh—

Su Yu's figure disappeared.

Chapter 193: The White Tiger's Attack

At the entrance of the cave, Chan Yunfei, and her little brother discussed their plan.

"Sister, take care of the queen bee, I will be on the guard outside the cave." Chan Leiyun stood at the entrance and looked around his surrounding.

Chan Yunfei nodded her snow-white chin lightly. "Understood! As the queen bee has helped out, it is only appropriate for me to release it. I will need some time to remove its restraints and you will stand guard outside."

As Chan Yunfei smelt the remnant of the fragrance of the Five Color Honey, she could not help but be worried.

The Five Color honey made by the fermentation of Su Yu's Five Color Pollen was so frightening and strong that it could make them drunk.

The cave was open and the remaining fragrant leaked outside. This might attract greedy strong living beings within the Hundred Mile Garden.

Chan Yunfei turned her body and was completely absorbed in undoing the restraints on the queen bee.

Chan Leiyun's eyes flashed. He confirmed Su Yu's direction and chased after Su Yu!

Whiz—

A tall silhouette descended in a place that Su Yu was at before. No one was in that area and no tracks were found.

Chan Leiyun was indeed thrown off track by Su Yu. He frowned and he had an extremely ferocious expression. "Beast! You are indeed fast at escaping!"

However, at that moment, an icy cold voice reverberated on top of his head.

"I have warned you already! Since you came looking for your death, don't blame it on me!"

Rustle—

Amid the clouds in the Heaven, a red light flashed and a shadow descended from the sky!

It was Su Yu, who had been waiting!

Su Yu felt guilty toward Chan Yunfei and not her little brother Chan Leiyun who could not differentiate right from wrong!

Chan Leiyun was not furious. Instead, he was delighted and he gave a light roar. "Beast! For the humiliations that my sister had gone through, you will repay it with your blood!"

What he was really furious about was not the humiliations that her sister suffered. It was the fact that he was inferior to Su Yu in his sister's heart!

"We will discuss this after our fight!" Su Yu said coldly.

Chan Yunfei took a deep breath and treated the fight seriously. "I will defeat you within twenty moves!"

Su Yu's gaze became dull. The spiritual energy in his palm surged and he was about to make his move. At that moment, his eyebrows twitched abruptly.

Su Yu's expression changed slightly and he revolved his crystalline pupils. His gaze passed through Chan Leiyun and looked a distance ahead. After which, his expression changed abruptly. "Not good! Your sister is in danger!"

In his crystalline pupils, a white shadow shrouded in black lightning was heading toward the cave with lightning speed.

That white shadow was none other than the frightening Spiritual White Tiger!

With just a thunderbolt, it could kill all the disciples who were at the second level of the Ancient Xianyun Temple!

It was unknown why but that white tiger was attracted by the lingering smell of the Five Color honey. Hence, it followed the lingering smell and headed straight for the cave!

If it came into contact with Chan Yunfei, the consequences...

Whiz—

Without hesitation, Su Yu exhibited Ice Phoenix's Divine Wings and flew toward the cave with extra haste.

Chan Leiyun became slightly stupefied and he laughed coldly immediately. "Useless trash! You wish to find my sister and obtain her protection?"

Su Yu descended into the cave and pulled Chan Yunfei who was undoing the restraints. on the queen bee toward him. There was no time to explain! "Leave quickly! It's dangerous here!"

Chan Yunfei's face turned red and her charming body became stiff. She lost her thoughts and complied with Su Yu's actions to carry her in his arms blindly. Both of them then rushed out of the cave.

At that moment, Chan Leiyun caught up with Su Yu.

Having seen the scene, blood and fury rushed to his head. "Let go of my sister!"

He attacked Su Yu with his palm!

Su Yu looked toward the direction of Spiritual White Tiger. That white tiger was nowhere in sight! This caused the hair on Su Yu's body to stand and his heart to beat extremely fast!

"Leave quickly! The danger is here!" Su Yu said urgently.

Chan Leiyun looked around the surrounding and he grinned coldly. "Do you think I will fall for such a trick? Keep your filthy hands off my sister!"

Without any more hesitation, Chan Leiyun flew closer to Su Yu. He readied his attacking posture and headed toward Su Yu's head. "Five Tigers Exterminating Dragon's Palm!"

Five Tigers Exterminating Dragon's Palm, a legacy level cultivation technique at Stage Two Top Class! It was only a class away from achieving Stage Three!

When Chan Leiyun unleashed his attack, violent spiritual energy surrounded his five fingers as though five ferocious tigers appeared simultaneously!

Even if it was a dragon from the Heaven, it would also be exterminated by that palm on the spot!

Its power was firm, fierce and extremely explosive. It was the strongest palm technique within the Depository of Buddhist Scriptures.

Although both of them were at Dragon Realm Level One Upper Tier, it was difficult for Duan Yanyu to last for ten moves under the power of the Five Tigers Exterminating Dragon's Palm!"

Su Yu was furious!

Although the situation was so dangerous, Chan Leiyun still could not differentiate good from bad!

At the very moment, Su Yu could not hold back anymore!

"Glazed Ice Flame!"

Titter—

The Fire Cloud Seal in between Su Yu's eyebrows twitched rapidly!

A cold energy which made people feel as if it was winter swept through the clouds!

Raging flames which covered the sky gushed out and covered Chan Leiyun who was very close to it!

Chan Leiyun laughed coldly. "Do you think that the trashy cold energy that you used to deal with Wei Kang would be effective against me?"

His palm was shaped like a knife and five tigers exterminated the dragon!

Pitter-patter—

The scarlet raging flame was sliced open in the sky!

However, before Chan Leiyun had the time to reveal a delighted expression, his expression turned serious abruptly!

After Chan Leiyun sliced open the ice flame which was covering him, he realized that he had only sliced open one-tenth of the ice flame!

There were nine more layers of ice flame headed for him as if it were a tsunami!

Rumble, puff—

Ah—

As if numerous mountains crashed into him, Chan Leiyun gave a horrible shriek and spit out a huge mouthful of blood!

His eyes were filled with horror!

Having not seen Su Yu for just a short ten days, compared to the previous time, the power of Su Yu's ice flame rose greatly!

Thump—

As he was sent flying to the ground with a heavy blow, Chan Leiyun spat out a mouthful of mouth again and entered a semiconscious state.

His heart had been taken over by fear!

Su Yu actually used one move to injure him fatally and also causing him to be half dead at the same time!

Recalling that he approached Su Yu aggressively, the hair on Chan Leiyun's body stood up!

Whiz—

Su Yu's eyes were filled with coldness. He flew toward Chan Leiyun with the intention to give him a deadly blow and ruin his great opportunity to train in the Ancient Xianyun Temple!

"No!" Chan Yunfei finally came to her senses. She struggled free of Su Yu's embrace, stood in front of Chan Leiyun to shield him, and requested for Su Yu to let her brother go.

Her heart was extremely shocked.

Her instinct told her that Su Yu was extremely strong. However, she did not expect him to be so strong to the extent that he could fatally injure her brother and cause him to be half dead with just one move!

Su Yu's posture returned to normal and he shot a glance toward Chan Leiyun coldly. "You should really be thankful that you have such a good sister! If not, your great opportunity to train in the Ancient Temple Temple will be ruined!"

After being reprimanded by Su Yu, Chan Leiyun became as silent as a cicada in cold weather. Although he was an arrogant person, he did not dare to talk back to Su Yu.

"Thank you Junior Su for giving us mercy!" Although Chan Yunfei was furious that Su Yu went a bit too far, she could not bring herself to hate Su Yu as Su Yu only attacked because of her brother's aggressiveness!

Su Yu's expression turned slightly serious. "Leave quickly! It is not advisable to stay here for long!" He exhibited Ice Phoenix's Divine Wings and escaped!

Chan Yunfei looked into the horizon. After which, without hesitation, she brought her brother along with her, followed Su Yu and left their current location quickly!

A few minutes after they left, in the sky, a white tiger appeared out of thin air!

The black thunderbolt on its body dispersed and its frightening appearance scared away tens of thousands of beasts. It gave off a dignified air which signified that it was the king of tens of thousands of beasts!

The white tiger's eyes glared at the direction that Su Yu went to and talked like a human. "Eh, its that little kid from the Phoenix Cabinet? He actually didn't die?"

Previously, the white tiger had used a thunderbolt. According to its calculation, Su Yu should have been killed by that thunderbolt.

"Forget it! For the sake of the Phoenix Cabinet, I will not hold it against you!" After the white tiger finished talking, it flew into the cave.

The queen bee which had removed its seal and regained its abilities as a Dragon Realm Level Two Peak crawled on the floor at once and shivered nonstop!

The white tiger shot a glance at it indifferently. With just a glance, the queen bee gave a horrible shriek and its body exploded with a loud bang!

Although it did not die, it was bleeding!

After breathing in a breath of the lingering fragrant, the white tiger revealed a slightly drunk and surprised expression. "Hundred-Flowered Honey? No, it is a smell from the raw materials of the Hundred-Flowered Honey!"

Even if it were the white tiger, it also gave a slightly drunk expression after inhaling a breath of the lingering fragrant!

Moreover, he mentioned the existence of the Five color pollen!

"The honey was fermented by you? Are there any extra, and where is it?" The white tiger's eyes were burning with excitement.

The queen bee trembled with fear. "In the hands of that silver-haired human being!"

"That small ant?" The white tiger was surprised and its eyes glowed fiercely immediately. "If this is the case, then I cannot let you off!"

Rustle—

A black lightning flashed and the white tiger disappeared from the cave!

Su Yu only stopped running after running wildly for about a hundred miles away.

That white tiger could sense any situation within fifty miles' radius.

Chan Yunfei did not see the living that Su Yu referred to as dangerous.

However, after running for a few minutes, she could clearly sense a frightening gaze sweeping pass her!

Even though that gaze was about ten miles away, her inner strength was vibrating and she had the jitters!

At the very moment, Chan Yunfei's heart was still beating quickly and she was also still trembling slightly. "Su... Yu, what is that? Why is it so frightening?"

Chan Leiyun's face had a ghastly pale expression!

He had also felt that frightening gaze!

When he recalled himself going after Su Yu recklessly, he felt fearful!

Su Yu's eyes became serious like never before. "I don't know what kind of divine being it is. However, it is extremely dangerous!"

"If we are under its attack, we had better commit suicide. In that case, we would be transported out of Ancient Xianyu Temple safely. Once it makes its move, I am worried that under a situation where we could be killed within a few seconds, there will not even be opportunities for us to be sent out!"

The principle as to how the transportation in Ancient Xianyun Temple worked was that it had sensed that the disciples who were training were in a life-threatening situation.

However, if it were only for a short while, the Ancient Xianyun Temple might not be able to react in time and the person would end up dying completely!

Chan Yunfei and Chan Leiyun gasped!

"Senior Sister, I am going to look for a place to train in seclusion. What are the both of you going to do?" Su Yu questioned.

Chan Yunfei said. "I will naturally join up with Ji Hongxue."

Eh? Su Yu's eyes implied that he did not understand.

"Could it be that Junior Su doesn't know? All the Dragon disciples would gather in front of the lake?" Chan Yunfei was slightly stupefied. After which, she understood. "Oh... Seems like he had forgotten. Brother Su had just entered the ranks of the Ten Great Disciples. Hence, we didn't have enough time to inform you!"

Chan Leiyun looked at Su Yu with veneration and revealed a serious expression to gain Su Yu's favor. "To all of us who are in the Dragon Realm, the effects of the medicinal herbs within the Hundred Miles Garden are limited. In addition, the previous batches had also picked the medicinal herbs many times, resulting in a shortage of medicinal herbs that are effective to us.

"The Jade Lake ahead of us is the real place where all the Dragon Realm disciples like us develop ourselves. There are many spiritual plants that contain pure energy which grew at the bottom of the lake. After picking it, our cultivation bases can progress excessively!"

"Before the Xianyun Contest, Ji Hongxue warned us. If we are able to enter the second level successfully, we will gather in front of the Jade Lake immediately. We would then work together to pick the spiritual plant. While my sister, Duan Yanyu and I were on our way to the Jade Lake, we were attacked by the Poisonous Black Bee, causing us to stop for a full ten days!"

"Brother Su managed to fight into the top ten unexpectedly. Hence, Senior Ji Hongxue did not manage to inform you in time."

So that's what happened, Su Yu understood.

The so-called Jade Lake should be that lake ahead of them which was fifty miles broad.

According to Su Yu's observation, the living beings were at least Dragon Realm Level Two and the strongest living being was at Dragon Realm Level Three!

What kind of spiritual plant grew at the bottom of the lake that caused Ji Hongxue to be attracted by it?

"Thank you for the information. I will find somewhere to train myself in seclusion. When the time comes, we will meet again." Su Yu bid farewell to Chan Yunfei and her brother. He then looked for a remote corner and dug an underground cave.

The surrounding of the underground cave was heavily sheltered to prevent the smell of the honey from leaking outside.

Previously, he was careless and remnants of the smell of the honey were left behind, attracting that white tiger as a result!

The same mistake, Su Yu would not make it twice.

Su Yu took out the Five Color honey and pondered for a while. He then poured out only one-third of the honey from the jade-like bottle!

"Why do you not want to drink everything? For this kind of honey, it is only useful for your cultivation base when you swallow it for the first time. You should swallow more of it and strive for a greater breakthrough in your cultivation base," Yun Yazi said abruptly.

Su Yu's expression turned grave and he shook his head. "The honey's smell which can make me drunk is too thick. The smell itself can make me sleep for half a day, let alone the pure liquid? If I swallow too much of it, I might sleep for a very long time!"

Yun Yazi revealed a satisfied smile. "Glad that you understand! However, if you swallowed the whole bottle, the consequences would not be as simple as falling asleep for a long time. Instead, it would be an eternal sleep until your body decomposes, causing you to die!"

Su Yu's heart clicked and he rejoiced secretly.

"Even if it is one third, from my conjecture, you will sleep for about half a month. That is the best that your body's digestive system can do."

Half a month? Su Yu nodded his head slightly. Half a month's time was still within an acceptable range.

After checking that the underground cave was concealed and well guarded, Su Yu swallowed the Five Color honey on the spot.

If the Poisonous Black Honey's energy were as boundless as a big river's wave, then in front of the Five Color honey, it would be a breaking wave within the sea!

The Five Color honey's energy was frightening as it was hundred times stronger than that of the Poisonous Black Honey!

An amount of energy that could suffocate people entered the bones of Su Yu's four limbs and fused with it. That energy then caused Su Yu's cultivation base to progress continuously with a swift and violent force!

At the same time, that frightening scent which could make people drunk made Su Yu's vision go blank and fall into a deep sleep in a short amount of time!

After half a day, a white tiger flew passed the underground cave. Its eyes were glowing with thirst. "To a spiritual beast like me, that superb honey is a great tonic! Where exactly is that ant?"

Chapter 194: Breaking into the Dragon Realm

Its gaze scanned past the crypt, but it did not spot anything. The white tiger flew away.

In that half a month, multiple experienced disciples immediately fled when they caught a glimpse of the tiger.

Half a month later, Su Yu slowly opened his eyes in the crypt.

Buzz Buzz Buzz—

The spirit energy was raging, forming a vortex as it entered Su Yu! The richness of the spirit energy formed a small black cloud above the crypt.

The air was flowing rapidly, forming a wild wind and causing the flowers around to dance wildly.

The weird phenomenon spread. Some Dragon Realm creatures were looking on seriously. They knew that this was a sign of a Dragon Realm!

Spirit energy that was almost liquified was maniacally entering Su Yu's body, putting pressure on the spirit energy already in his body.

Su Yu found it hard to breathe. He felt that he was going to explode from all the spirit energy in his body.

But when the spirit energy reached its peak, it began to compress!

The rich spirit energy condensed into drops of liquid, gathering at the energy center.

It was like a well of spirit energy. The liquefying of spirit energy was a sign of a Dragon Realm!

Liquification meant that one could store even more spirit energy. That was the reason why Dragon Realms were more powerful than Holy Kings!

But Su Yu's transformation did not end there. The power of the Five Colour Honey was startling!

Spirit energy did not stop pouring into Su Yu's body, causing the Dragon Realm cultivation level he had just reached to improve even further.

In a few minutes, it stopped at Dragon Realm Level One Upper Tier!

"The ancient pollen had achieved its potential in your hands!" Yun Yazi exclaimed. "Seventh Level Holy Kings need loads of time in cultivation to pass the hurdle into the Dragon Realm. But you just reached Seventh Level Holy King and easily slipped into the Dragon Realm under the effects of the Five Colour Honey, reaching even the Upper Tier, much to the envy of many."

Su Yu was surprised. Dragon Realm was once an unattainable level, but today he had finally achieved it!

Back then at the Shenyue Island, he could only look up to Cao Xuan who was in the Dragon Realm. But today, he had stepped into the same level as him!

If Li Guang knew about this from his grave, would he be proud of Su Yu?

Buzz Buzz Buzz—

Su Yu's brain trembled. The dormant Nine-Dragon Cauldron had begun vibrating violently!

A ball of red liquid fell out from within. Atop the cauldron, the red dragon which had a third of its body turned into crystal, had another third of its body crystallized!

A ripple of space silently escaped from Su Yu's right eye.

From his experiences with the crystallization of the purple dragon, the more the dragon turned into crystal, the more powerful it became.

The purple dragon was time acceleration. The red dragon was space manipulation.

Now, his space manipulation became more powerful with the crystallization of the red dragon!

Previously, his space manipulation could only target a single object and the object could not be too big.

The largest object he transported was back when he was being chased by Hua Zhilan. Su Yu had teleported him and Mo Wu at the same time. Now he could shift something the size of a hill!

Furthermore, the distance he could shift something had expanded by a ten-mile radius.

Within a ten-mile radius, anything that Su Yu's red eyes passed could be forcefully shifted by him.

"Eh?" Su Yu's heart skipped a beat when he realized that Yun Yazi could observe the weak space ripple.

A ghostly figure flickered into existence, staring at Su Yu as if it wanted to look through Su Yu's brain.

Yun Yazi had a serious look for the first time. "That's weird, there's a wondrous object in your soul, blocking even my soul out!"

The strength of Yun Yazi's soul was far from ordinary, but there existed something that he could not see through!

Su Yu's expression changed. His biggest secret was the Nine-Dragon Cauldron. He did not know whether to tell Yun Yazi or not.

"Everyone has their secrets, I am no exception. I am only curious, I will not force it out of you." Yun Yazi laughed heartily, returning into the jade box.

With a sigh of relief, Su Yu was grateful for how magnanimous Yun Yazi was.

If it were someone else, noticing that a person of weak cultivation level was in possession of a precious treasure, their first thought would be to take it for themselves!

Shifting his gaze, Su Yu immediately turned to leave. He could not stay here for too long!

The strange phenomenon just now was shocking, and the air currents had spread the lingering fragrance of the Five Colour Honey outwards. A few minutes had passed. If he did not leave now, there was bound to be trouble!

Su Yu broke open the crypt, flying in the air towards the Jade Lake, rendezvousing with Ji Hongxue.

Creak—

A terrifying aura descended!

Black lightning flickered as a white tiger descended! Looking at the broken crypt, the eyes of the white tiger flashed with fury. "What a crafty lad!"

It had passed by this area many times, but did not sense Su Yu's presence!

"Unless you leave the second level, otherwise don't dream about escaping from me!" The white tiger grunted, turning into black lightning as it vanished in the air.

At the Jade Lake, Ji Hongxue and Shen Jiuyin were standing side by side, gravely looking at the horizon.

Ji Hongxue was calm. "It is rumored that the guardian beast of the second level is guarding the divine herbs in the fence—the Ice and Fire Herbs.

"But no worries, it seems to not mind us."

Shen Jiuyin nodded his head, calculating as he twirled his finger. "In three days, it will be the one-month deadline since we entered the Ancient Xianyun Temple. During that time, the third level Eternal Ladder will descend, are you planning to enter it? It is rumored that every step of the Eternal Ladder was good fortune. If you manage to reach the end, you will obtain heaven shaking fortune."

The Eternal Ladder was a forbidden ground that the master of the Liuxian faction had not allowed anyone to enter!

Amongst all the generations, there was no one who made it back alive when they entered!

It did not matter if they were the son of the heavens or world-class geniuses. They were all eternally trapped in the incredibly mysterious Eternal Ladder.

Hearing this, Ji Hongxue's eyes showed a struggle, then he lightly shook his head. "Unless there's no other way, I would not enter!"

In the history of the faction, there were too many geniuses who had entered with confidence, but none have returned.

Even the genius Second Elder, the first ever genius of the faction had stopped before the Eternal Ladder, never once entering it!

Whoosh—

A red light flickered in the sky, Su Yu had arrived at the Jade Lake.

With his vision, it was incredibly easy to find out where they were gathering.

At this moment, three Dragon Realm Level One disciples were guarding at the edge of the lake, waiting sternly.

Sensing Su Yu's arrival, they looked in the direction, forcefully letting out a smile.

Of the three, there were two who had relied on Su Yu to find the Advancement Stone in the Meteorite Forest.

"Junior Su." the three lightly nodded, paying a little respect.

Su Yu surveyed around. "Where are the other disciples?"

The three Dragon Realm disciples were cautious. "Is anything the matter Junior Su?"

"I naturally came to answer the call of Senior Ji Hongxue to gather here," Su Yu nonchalantly said.

The three looked at each other, two of them wearing uncomfortable expressions.

Only the elder disciple of about twenty-five years of age lightly creased his brows.

His name was Li Jun, he had relied on his own luck to find an Advancement Stone, not owing Su Yu any favors. He lifted his eyelids, observing Su Yu and putting on a fake smile. "Junior Su, it's more suitable for you to return to the Hundred Mile Garden. This is not a place where you can come and go as you like."

He thought back to Chan Yunfei's reminded. Only Dragon Realm disciples got the notice. Su Yu understood.

"If it's like that." Su Yu stroked his chin, Dragon Realm Upper Tier spirit energy suddenly emerged from within him!

Crash—

Li Jun could not defend in time, suddenly pressured by the tsunami-like spirit energy.

His knees buckled, kneeling on the ground!

The two Dragon Realm Level One Lower Tier disciples behind him took several steps in retreat, their expressions as if they just saw a ghost!

"Dragon Realm Level One...Upper Tier? In just a month? How is that possible?" The two expressed in shock, unable to believe the scene before them.

When Su Yu entered the Ancient Xianyun Temple, he was only a Seventh Level Lower Tier Holy King. Even if he had a stroke of good fortune, Dragon Realm Level One Lower Tier should be the limit!

It is to be noted that after breaking through into the Dragon Realm, breaking through to the next tier would require much time.

Normally, it would take half a year to advance a tier. Slower people might even take multiple years.

Su Yu being Dragon Realm Level One Upper Tier indeed shocked them!

Li Jun's forehead was laced with cold sweat, his face full of fear. He got up with difficulty, respectfully replying. "Junior Su, Senior Ji had led the others into the lake to pick spiritual plants."

Whilst he was speaking, the water splashed, multiple figures flying out of the lake!

Their expressions were that of surprise and anxiety. They were the Dragon Realm disciples that entered the water!

At the same time, deep in the water came furious howls.

One of the howls was exceptionally terrifying, harboring the spiritual power of a Dragon Realm Level Three! Those that charged out of the water were all drenched, their expressions full of surprise.

Li Jun and the rest on the shore anxiously circulated their spirit energy, their faces wearing pained expressions.

Su Yu creased his eyebrows, spirit energy gathering at the surface of his body. That roar caused him to feel a little faint.

"It's a Dragon Realm Level Three that uses sound to attack?" Su Yu's gaze was serious.

Whoosh Whoosh Whoosh—

Six figures flew out.

The Four Great Disciples, Chan Yunfei, and her brother.

Chan Leiyun's face was pale as if he just escaped from death. "What a scary Heaven Howling Fish! Its howl had already shattered the hearts of six of the disciples, causing them to be transported out!"

Su Yu's gaze turned serious!

There were already six Dragon Realm disciples transported out?

"Eh? Junior Su you've come?" Chan Yunfei glanced at Su Yu, freezing for a moment before showing surprise as she ran toward him. Her eyes were filled with happiness.

Seeing the scene before her, Mo Wu raised her eyebrows. When did Su Yu and Chan Yunfei get so close?

Ji Hongxue smiled. "Junior Su, you've also come?"

Su Yu responded to them individually. "Junior Su, the spiritual plants at the bottom of this lake, the Dragon Scale Plant, harnesses a pure water spirit energy. It has great effects in helping Dragon Realms achieve a breakthrough in their cultivation!" Chan Yunfei shook the plant in her hand. It was black in color, laced with pitch black scales.

Within it was a powerful energy, about a third of that of the Five Colour Honey!

Surveying the surroundings, only Ji Hongxue and Chan Yunfei had obtained it among the six of them. The rest of the four not only had empty hands, but they had heavy injuries.

They all shot jealous glares of varying degrees towards Chan Yunfei. They had dived into the lake with the purpose of finding the Dragon Scale Plant. The process was difficult and it was insanely hard to obtain.

Cao Xuan glanced over, spotting Su Yu. Hatred and humiliation suddenly boiled in his heart!

The one that had forced him to castrate himself was Su Yu!

But what gave Cao Xuan a little relief was the fact that he had already broken through to Dragon Realm Level Two Upper Tier since he had arrived!

He believed that a month later, he would benefit even further!

At this moment, he saw that Su Yu knew Chan Yunfei, and gave a cold remark. "The defense of the Heaven Howling Fish is getting stronger. The team that enters the water the next time should be as elite as possible. I suggest that only the Four Great Disciples enter. The rest of the people should stay on the shore. Safety should be the top priority!"

Ji Hongxue gently nodded. "This is the only way."

The Heaven Howling Fish was extremely powerful, even he would have some difficulty dealing with it.

Too many people entering would startle the Heaven Howling Fish, doing more harm than good.

He long had the thought of streamlining the team but did not suggest that in consideration of Chan Yunfei and her brother's feelings.

Now that Cao Xuan had suggested this, he naturally had no objections.

Shen Jiuxin coarsely nodded. "I agree, after all the teams need abilities, not luck!"

What he meant was that Chan Yunfei and Chan Leiyun were just there to fill in the numbers and got lucky.

Mo Wu's lips quivered, she had wished to say a few words for Chan Yunfei and her brother, but seeing how close Chan Yunfei was to Su Yu, she felt a little uncomfortable. The words that had already reached her mouth was retracted.

Three of them agreed, and one remained silent. A decision had been reached.

Chan Yunfei's face was flushed with shame, her heart bitter. Were she and her brother being abandoned as burdens?

Chan Leiyun's face turned red, hanging his head down in shame.

Certainly, they were the weakest in the team. They were not very effective against the Heaven Howling Fish.

At this moment, Su Yu's gentle voice circled around Chan Yunfei's ears. "Senior, why not the three of us form a team? It seems like my abilities are too weak to be considered by them."

Ji Hongxue froze slightly. He had wanted to rope Su Yu into their team. He was extremely confident of Su Yu's abilities.

But he had not managed to say anything when Su Yu made his decision.

Chan Yunfei's eyes were full of gratitude. In the awkwardness, Su Yu had helped her once again.

There was a ripple in Chan Yunfei's eyes, her cheeks blushing. "I guess we should take care of each other."

She understood Su Yu's exceptional abilities. With him in the team, there was a chance that they could get the Black Dragon Plant!

Seeing how Su Yu cared for Chan Yunfei, Mo Wu glared, grunting in a pique. "Who cares about you!"

After some rest, Ji Hongxue and the other three entered the water once again.

Chan Yunfei had just digested the Black Dragon Plant, her cultivation level of Dragon Realm Level One Peak improving by thirty percent!

She opened her eyes, full of surprise. "If I can get two more Dragon Plants, I could breakthrough to Dragon Realm Level Two!"

It could only improve a third of your cultivation level? Su Yu was a little disappointed.

Su Yu was used to breaking through entire tiers of cultivation levels, he was slightly disappointed by the effects of the Black Dragon Plant.

But he accepted that after he considered the difficulty of breaking through in the Dragon Realm.

If the Dragon Realm was as easy to advance as a Holy King, Ji Hongxue wouldn't only be at Dragon Realm Level Two Peak.

"Are there only Black Dragon Grass at the bottom of the lake?" Su Yu asked.

Chan Yunfei shook her head. "Of course not! Other than the Black Dragon Plant, there are two other spiritual plants. One being the White Dragon Plant. It could allow users of Dragon Realm Level Three and below to immediately breakthrough a tier. It's three times more powerful than Black Dragon Plants!"

Oh? Light flashed in Su Yu's eyes.

"There's another spiritual plant called the Divine Dragon Plant. It is said that Dragon Realm Level Three and below who consume it would improve their cultivation level by an entire level!"

Su Yu's pupils dilated; an entire level?

Wouldn't that power be equal to the Five Colour Honey?

"But White Dragon Plants are extremely rare, and are all closely guarded by the Heaven Howling Fish. There's no way to get close! As for the Divine Dragon Plant, it is rumoured to be in the belly of the fish!" Chan Yunfei laughed bitterly.

Su Yu thought for a moment, lightly nodding his head. "Alright, let's go down too!"

Chan Yunfei said. "Alright! With the powers of the three of us, let's hope that we can take back a Black Dragon Plant!"

"Black Dragon Plant?" Su Yu let out a meaningful look. "My goal is not the Black Dragon Plant?"

Chan Yunfei took a breath. "Could you be thinking of the White Dragon Plant?"

But Su Yu laughed, the glow in his eyes spreading forth. "My goal is... the Divine Dragon Plant!"

Chapter 195: Estranged

Crash—

When the waves splashed, three people leaped into the lake.

Su Yu revolved his crystalline pupils and saw the situation within the lake clearly with a look.

The lake was fifteen miles deep. At its deepest part, there were three ruins that were a hundred feet broad each and they stood side by side.

Hundreds of Black Dragon Plants grew in the ruins that were at the sides and the Black Dragon Plants were also scattered everywhere in the two ruins.

Only in the middle ruins, among the tens of Black Dragon Plants, there were four or five plants that were sparkling and shaped like night-luminescent pearls. It had white bud scale which covered its body gracefully, causing it to be elegant and beautiful.

That was the extremely rare White Dragon Plant!

At the same time, it was also the legendary medicinal herb with its effects greater than that of a top grade marrow cleansing elixir that the Faction Master mentioned!

However, the middle ruins were surrounded by an eel that was a thousand feet long!

It gave off an aura of a Dragon Realm Level Three, causing Su Yu to feel fear.

"Is that the Heaven Howling Fish? Su Yu's heart turned serious.

Six Dragon Realm Disciples' hearts were shattered by its vibration and transported out.

At the very moment, the Four Great Disciples went near the ruins carefully.

The one thousand foot long eel did not notice them. It closed its eyes and continued to rest.

When they were thirty feet within the ruins, the one thousand feet eel opened its eyes abruptly. It's fierce and black eyes were overflowing with a crafty expression.

thousand feet

Roar—

The eel which was taking a short rest launched an attack abruptly!

It opened its mouth and emitted a strong sound wave!

Crash—

The frightening sound wave caused the water current to circle around, resulting in a great disturbance in the lake!

In an instant, the fifteen miles deep lake was in a turbulence!

The sound waves passed through the water and passed through everyone's body.

As they were subjected to the sound wave attack at a close range, Mo Wu and Cao Xuan's whole body turned stiff. Their blood energy and spiritual energy became stagnant and their hearts compressed slightly as if they were about to explode.

Even Shen Jiuyin who was strong groaned.

Ji Hongxue's snow-like face changed slightly and he quickly gave a light roar. "As expected, it was pretending to not notice us! Everyone, pick your Black Dragon Plant quickly and leave the lake."

Among the all of them, only Ji Hongxue had a normal expression. However, he was also quite fearful at the same time. He picked a Black Dragon Plant and rushed towards the surface!

Mo Wu's pretty shadow flashed continuously. She drew her sword from her waist and sliced the horizon!

The swift and fierce sword energy cut off a Black Dragon Plant and carried it towards the sky.

Mo Wu revealed a joyful expression. She extended her jade-like hands, grabbed the Black Dragon Plant and immediately rushed to the surface!

Shen Jiuyin and Cao Xuan were about to make their move.

However, a frightening black shadow disrupted the water current and headed for them!

The expressions of both of them changed slightly. They gave up on the Black Dragon Plant and retreated hastily.

In no time, they caught up with Mo Wu and Ji Hongxue. The four of them had extremely serious expressions and they escaped together!

Roar—

The Heaven Howling Fish was unsatisfied. It swayed its one thousand feet long body and chased away them quickly!

The sound wave attack was always successful and it slowed down the speed of four of them!

"Attack at the same time!" The expression on Ji Hongxue's snow-like face changed and he gave a light roar!

Rumble, rumble—

Four of them were at Dragon Realm Level Two. Mo Wu was at Dragon Realm Level Two Lower Tier, Cao Xuan and Shen Jiuyin were at Dragon Realm Level Two Upper Tier and Ji Hongxue was at Dragon Realm Level Two Peak!

When the four of them teamed up, their powers were so strong that it could shake the Heaven and Earth.

However, the Heaven Howling Fish revealed a disdainful expression. Its head which was as big as a house clashed with the attack abruptly!

Rumble, puff—

The combined attack by the four of them was dispersed at that moment!

The remnants of the waves rebounded onto the four of them!

Ji Hongxue groaned. His strong body resolved the wave attack directly.

Shen Jiuyin frowned slightly and he revealed a slightly pained expression.

Cao Xuan bit his teeth and it was difficult to endure the pain. He had just made a breakthrough to Dragon Realm Level Two Upper Tier and his abilities were inferior to Shen Jiuyin.

However, Mo Wu was sent flying in an instant!

Puff—

The remnants of the waves attacked her abdomen and shook her five internal organs. Hence, she was fatally injured in the blink of an eye.

However, using the energy from the rebound, she rushed out of the Jade Lake first. She coughed out blood, staggered and fell down on the shore.

Whiz, whiz—

Ji Hongxue and the remaining two of them returned to the shore after that.

Apart from Ji Hongxue's strong body which was unmatched, the rest of them were in dire straits. In particular, Mo Wu suffered internal injuries.

Although they had managed to obtain the Black Dragon Plant, they had also paid a heavy price for it.

However, Mo Wu wiped off the blood at the corners of her mouth. Her beautiful eyes stared at the Black Dragon Flower and smiled even though there was still blood in her mouth.

"Mo Wu, you will rest for one day and recuperate from your injuries." Ji Hongxue revealed a worried expression.

"No need, I can still carry on!" Mo Wu rejected him with great resolve.

Ji Hongxue frowned slightly. "Making preparations won't delay the work. If you insist on entering the lake at your current condition, your injuries will become worse."

"What's wrong with my injuries becoming worse?" Mo Wu's eyes were glowing with firmness.

"There is not much time left. Even if I were to die, I will still try to improve my abilities to the best of my abilities!"

Ji Hongxue found it hard to understand. Why was Mo Wu so persistent?

Could it be that there was something in the world that was more important than her future?

In the water, Su Yu had witnessed everything and his gaze turned serious.

Although the faction's Four Great Disciples worked together, the Heaven Howling Fish still managed to injure one of them seriously and also force two of them to retreat!

Its abilities had reached the level of Dragon Realm Level Three Peak!

"Su Yu, are we really going to go for the Divine Dragon Plant?" Chan Yunfei held her elegant palm tightly and her heart felt anxious.

Chan Leiyun's lips moved. Putting Su Yu's thoughts in a pleasant way, it was audacious in the extreme. In a bad way, it was ignorant!

The Heaven Howling Fish could kill the Four Great Disciples easily. They only dared to go for the Black Dragon Plants at the left and right ruins. They did not dare to go beyond their limits and go for the middle ruins.

As for Su Yu, he was more concerned about the Divine Dragon Plant in the Heaven Howling Fish's stomach!

Although Chan Leiyun wanted to hold Su Yu in veneration, he always withdrew his words when he was about to say them.

Su Yu cast aside his unusual expression and said indifferently. "Naturally. However, before that, I need to do something else first!"

"Both of you will lure the Heaven Howling Fish away for some time, I will take out something." Su Yu instructed.

"That..." Chan Yunfei's pretty eyes turned slightly serious and she hesitated completely.

Chan Leiyun's expression turned ghastly pale. "Brother Su, are you joking? Even after the Four Great Disciples teamed up, they still ended up in dire straits. If this is the case if it were me and my sister, wouldn't our hearts be shattered by its roar in an instant, causing us to be transported out?"

Su Yu smiled. "If both of you agree to this, there will be great rewards for you after this is over. Moreover, both of you only need to lure the Heaven Howling Fish thirty feet away from the ruins and both of you do not need to get close to it."

"Even if it were luring it thirty feet away, the risk is also extremely high!" Chan Leiyun held his fist secretly and he felt angry. Su Yu's request was extremely absurd. Which request required them to escape from death narrowly!

However, Chan Yunfei bit her lips slightly and her eyes flashed. After a long time, she said.

"Understood! I will agree with your request!"

"But... The favor that my brother and I owe you would be written off after this!" Chan Yunfei's voice was filled with a bit of coldness.

"Sister!" Chan Leiyun was anxious.

Chan Yunfei did not allow anyone to interfere. She did not look at Su Yu as she grabbed Chan Leiyun and plunged into the deep waters. "I have already decided that I will do this. I must definitely return the favor that I owe!"

"By asking us to lure away the Heaven Howling Fish so that he could pick the spiritual plants, this is equivalent to forcing us to dig our own graves and also ruining our future in the Ancient Xianyun Temple! He used kindness to enhance his influence, what a despicable person!"

Chan Leiyun roared angrily. "Sister, I find that it is not worth for you! Your innocence has been stained and you have been taken advantage of by this hypocritical and evil person. Moreover, all of this is for nothing!"

Chan Yunfei bit her lips and her eyes were filled with disappointment that was indescribable with words.

She had thought that Su Yu was a man of honor. He had helped her without asking for anything and her heart was secretly moved by him before.

At the very moment, her heart felt bitter!

"If you want to blame someone, blame it on my inability to discern good and bad that resulted in us repaying a false debt! After this, there will be no more old scores between him and us as it would be written off!" Chan Yunfei's heart quivered slightly and her eyes were filled with some tears.

Both of them headed deep into the water and were about five miles away from the Heaven Howling Fish.

"Hundred Flower Palm!" Chan Yunfei's palm shadow appeared continuously and disrupted the water current. The palm attack passed through five miles and headed for the Heaven Howling Fish.

After passing through five miles, the palm attack became weaker but it landed on the Heaven Howling Fish. Although the attack was weak, it angered the Heaven Howling Fish which was guarding the ruins!

With a flash of its fierce eyes, the Heaven Howling Fish deflected the water current, went against the current and headed for the both of them.

"Run quickly!" Chan Yunfei's flower-like face turned grave and she headed for the surface along with her brother!

Whiz—

However, the Heaven Howling Fish's speed was extremely fast and it caught up with the both of them quickly.

The both of them had the jitters and they escaped at their full power.

In no time, they had traveled five miles and they brushed past Su Yu.

When they passed by him, Chan Yunfei's pretty eyes were cold as though she was looking at a stranger.

Su Yu finally moved!

"Space-time manipulation!" Su Yu's wine-red right eye emitted an unprecedented magnificent light!

A lump of invisible space energy descended upon the world and enveloped the middle ruins which were a hundred feet broad!

"Move!" After a light roar, the whole piece of middle ruins immediately disappeared into thin air, leaving behind a huge pit!

The ferocious eyes of the Heaven Howling Fish which was about two to three miles before catching up with Chan Yunfei and her brother flashed abruptly. It gave up on chasing them and glared at the Su Yu's direction!

Ten miles away from the bottom of the lake, there was a piece of ruins floating in front of Su Yu!

Thirty Black Dragon Plants and Five White Dragon Plants were fluttering quietly!

Su Yu's artifact flashed and Divine Ice Threads came out from it abruptly!

Along with the White Dragon Plant, the thirty-five rare spiritual plants were cut off and tied up together.

Su Yu immediately squeezed the pile of spiritual plants into his chest and rushed out of the lake without hesitation!

Roar—

The Heaven Howling Fish behind him gave an extremely furious roar!

One-third of the ruins including five White Dragon Plants which were rare were forcefully snatched away from it!

That roar caused Su Yu's body to turn stiff slightly.

However, the good thing was that he was quite close to the surface. In addition, he had made preparations beforehand and he managed to rush out of the lake in one shot!

Rumble, bang—

When Su Yu rushed out from the lake, a huge black shadow appeared atop the water surface and its house-sized giant mouth bit the sky fiercely.

Su Yu had already flown high up into the sky. Having failed to land an attack, the Heaven Howling Fish fell back into the water with hatred. However, it did not leave straight away. It swam around the water surface and its ferocious eyes glared at Su Yu firmly!

It roared and hit the water surface continuously, causing giant waves that were a thousand feet high to form!

It killed many Dragon Realm Level Two fish demons with its vibrations unintentionally, causing the Jade Lake to be filled with blood along with dead bodies everywhere in an instant.

The expressions of Ji Hongxue and the group of them changed greatly and they moved far away from the Jade Lake.

When they gathered again later, they were still astonished as per before.

"Su Yu, what did you do to make the Heaven Howling Fish so angry?" Ji Hongxue was extremely surprised.

They had harassed the Heaven Howling Fish for a long time, but they had never seen it so furious before.

Su Yu wiped his mouth awkwardly. "I just took some of its stuff."

Cao Xuan's expression turned serious. "What have you done! If you angered it completely, entering the lake again would be as difficult as ascending to the Heaven. Don't you think that you owe us an explanation?"

Rustle—

Cao Xuan took a huge step and got close to Su Yu.

"You want to fight? I will accompany you!" A prideful and charming body flashed in front of Su Yu and a pair of pretty eyes stared at Cao Xuan.

Cao Xuan grinned coldly. "Mo Wu! You are far from being worthy of being my opponent. If you want to scam from this place along with him, I will grant you your wish!"

After all, Cao Xuan had been stuck at Dragon Realm Level Two Lower Tier for a period of time and he was rich in information. Hence, he made a breakthrough to Upper Tier not too long after entering Ancient Xianyun Temple.

However, Mo Wu had just achieved Dragon Realm Level Two Lower Tier not long ago and she was still quite a distance away from making a breakthrough to the next tier.

In addition, she had been injured by the Heaven Howling Fish's vibrations and she was indeed not Cao Xuan's opponent.

"What's wrong with that? If you want to fight, I will fight with you to the end!" Mo Wu gave a cold roar and she drew her silver sword.

Ji Hongxue frowned indifferently. "Enough, collecting the spiritual flowers requires all of us to work together. Now is not the time to fight among one another!"

When Ji Hongxue spoke, Cao Xuan retreated with frustration and gave a warning coldly. "Let me warn you. Don't meddle in other people's business. You are the same as your master, a lunatic who is impossible to reason with! If not, don't blame me for sending you out of the Ancient Xianyun Temple and ruining your future as a result!"

Mo Wu's expression turned icy cold and it could not be determined whether she was delighted or furious.

Su Yu who was standing behind her could feel her charming body trembling. It was trembling caused by anger!

Insulting her master meant going against her.

However, as she was unable to match Cao Xuan, she could only choose to endure.

"Senior Sister..." Su Yu tapped her soft and sweet smelling shoulder. His heart was filled with gratitude towards her. Every time he was bullied and oppressed, Mo Wu would step forward bravely and defend him.

Mo Wu turned her head coldly. After seeing that Su Yu's hands were empty, she bit her teeth and squeezed her Black Dragon Plant into Su Yu's hand. She then said with a cold expression. "Take it! Strengthen your abilities so that I will not need to save you every time!"

Su Yu was stunned. He had seen it with his own eyes that Mo Wu suffered fatal injuries for the Black Dragon Plant. She only obtained the Black Dragon Plant after going through so many difficulties. However, at the very moment, she actually gave the Black Dragon Plant to Su Yu!

Ji Hongxue revealed an astonished expression. Mo Wu had actually given the Black Dragon Plant which she obtained with all her might to strengthen her abilities to Su Yu?

"Senior Sister, you have only managed to obtain this Black Dragon Plant after so many difficulties. How could you give it to me?" Su Yu was surprised...

Who knew that Mo Wu laughed. "Difficult? It is just a mere Black Dragon Plant, why would it be difficult for me to get it? I can go to the bottom of the lake any time to pick another one!"

Never did she imagine that Su Yu had used his extremely strong eyesight and saw the scene of them picking the Black Dragon Plant.

"Use it with ease. For this kind of thing, no matter how many you request, there will always be enough!" Mo Wu gestured her hand in disapproval naturally. However, at that moment, her injuries flared up. She coughed once violently and blood came out from her mouth.

Mo Wu covered her mouth hurriedly and her pretty face turned red. She glared at Su Yu fiercely.

"What do you think you are looking at? Since I have too much blood, is it not fine for me to vomit out some of it?"

Su Yu became stupefied on the spot and he was moved.

Warmth flowed into his heart silently! After a long time, Su Yu revealed a warm smile. He took a step forward and held Mo Wu's palm.

Unintentionally, Su Yu took out a pile of spiritual plants from his chest. He squeezed a pile of Black Dragon Plants with a White Dragon plant mixed in it into her hand. "You are right. It is just a mere spiritual plant. Senior Sister can use them at your own discretion. Even after you finish them, I still have some more!"

Having witnessed that scene, everyone was stunned at first. After which, their expression changed greatly!

Ji Hongxue's swift and fierce pupils shrank abruptly and said astonishingly. "White Dragon Plant? And ten Black Dragon Plants?"

Cao Xuan was more astonished. "How is it possible for you to have so many spiritual plants?"

However, after which, Cao Xuan's gaze turned cold. "Humph! Despicable! When we were luring the Heaven Howling Fish away, you took advantage of the opportunity to seize the spiritual flowers? How many spiritual flowers did you pick, hand over all of them now!"

Rustle—

Cao Xuan's eyes were filled with greed and murderous intents. He headed for Su Yu hastily!

Chapter 196: An equal match

Cao Xuan struck suddenly and ferociously. Ji Hongxue was further away, making it hard for him to stop Cao Xuan.

At the side, Shen Jiuyin's lips formed a slight smile.

Only Mo Wu, who came back to her senses from the shock, furiously shouted, "Cao Xuan, don't go too far!"

"So what if I go too far?" Cao Xuan struck fiercely, his gaze looking past Mo Wu, coldly locking onto Su Yu. "Kneel!"

Mo Wu laughed angrily, clenching her teeth. "Say that after you passed me!"

Her silver sword twirled in her hand. Mo Wu wanted to strike, but Su Yu placed his hand on her shoulder. "Our problems should be resolved by us! You rest on the side!"

Not knowing why the clear, calm words of Su Yu gave Mo Wu the impression that he was immensely confident!

She subconsciously followed his instructions, stepping to the side!

Without giving any time to react, Su Yu had already taken a step forward!

"Six Fingers of Destruction!" Cao Xuan's Six Fingers of Destruction was at Stage Two Upper Tier and was nothing exceptional.

But his cultivation level was at Dragon Realm Second Level Peak, completely dwarfing Su Yu!

Combining the two, its explosive power and might was extraordinary!

Rumble—

The flames were intense, its spiritual pressure startling!

Mo Wu's expression was grave!

Between every tier of the Holy King, the difference in their spirit energy was only thirty percent. But for Dragon Realm, it was fifty percent!

"Su Yu run quick!" Mo Wu could only shout.

But Cao Xuan was full of killing intent, how would he give Su Yu the chance to run?

"Kneel, insignificant thing!!" The humiliation of his castration turned into a ball of fury, burning in his chest.

Su Yu's expression was calm, his lips forming a slight smile. "Alright, I'll send you out of here. I'll feel more comfortable not seeing you around!"

Rumble—

A sound of waves crashing came from Su Yu's energy center.

It was his liquid spirit energy raging, flowing to the Fire Cloud Seal between his brows.

The Fire Cloud Seal pulsed, a shred of exquisite chill spreading forth!

It was as if the gates of an icy hell had opened. Countless ice burst from the gates, sealing the entire world!

Rumble—

The fiery red ice flames blanketed the area! It collided with the Six Fingers of Destruction!

The loud sound of the impact reverberated around the surroundings.

Wild winds ensued, causing flowers to fly and the waters of the Jade Lake to churn.

Li Jun and the others retreated in terror to defend against the spillover effects.

"Junior Su had clearly just broken through into the Dragon Realm, how could his spirit energy reserves be so terrifying!" Li Jun was in awe and shock!

Compared to the spirit energy Su Yu showed him just now, this was Su Yu's full power!

It was double the spirit power of anyone in the same cultivation level, not losing to a Dragon Realm Level Two Upper Tier!

Thud Thud Thud—

In the fog of dust and debris, two figures each retreated four steps!

Cao Xuan's cold expression had frozen, his face rigid. Shock filled his heart, to the point where he did not realize the bone-piercing cold on his right fist, devouring his life force.

"You... broke through to Dragon Realm Level One Upper Tier?" Cao Xuan could not believe it!

A month ago, Su Yu in the Meteorite Forest was only a Seventh Level Lower Tier Holy King! Cao Xuan could kill him with a finger then!

But in a month's time, Su Yu could hold his own!

Mo Wu's eyes widened, gasping. "You... How can that be?"

It was as if she was dreaming. In her eyes, the junior that was in constant need of protection had surpassed her in terms of ability!

Cao Xuan was anxious. The potential Su Yu showed was too scary! He could not give him any more room to grow!

"Senior Shen Jiuyin, please help me!" Cao Xuan clenched his teeth, swearing to destroy Su Yu's future!

Shen Jiuyin's sucked in his cheeks, showing a sinister expression as he laughed. "Interesting, in just a month, he had improved from Seventh Level Lower Tier Holy King to Dragon Realm Level One Upper Tier. The speed of his improvement is shocking!"

"Senior Shen, this person is dangerous, let's strike together!" Cao Xuan was anxious.

Shen Jiuyin calmly glanced at him. "Do I need to team up with you to deal with a mere Su Yu? Look from the side! Useless trash!"

Hearing the chides, Cao Xuan's face was hot, his heart full of grievance.

But Shen Jiuyin was the disciple of the Great Elder. Cao Xuan ultimately had to bow down to Shen Jiuyin.

Coupled with the fact that his abilities could not match Shen Jiuyin's, it made it even harder for him to raise his head. Now that he has been chided in front of everyone, the grievances that he had suppressed in his heart turned into a shred of hatred.

"If I, Cao Xuan, grew stronger, I would definitely teach you a lesson!"

Shen Jiuyin fixed his gaze on Su Yu, letting out a sinister laugh. "Even though I am looking forward to having another worthy opponent, but I am not one who is overly pedantic. Your potential unsettles me and so I wish to sever your fate with the Ancient Xianyun Temple!"

"Hand over the extra spiritual plants and I can consider giving you the chance to die by your own hand," Shen Jiuyin said.

Su Yu sarcastically smiled. "You really think that you would definitely win me?"

"Su Yu!" Mo Wu stepped forward to block Su Yu, her eyes filled with a deep fear. "Don't clash with him, run quickly! He is more dangerous than you imagine!"

"He has a rumored strange spirit, allowing him to transform! He is immensely scary after his transformation!" Mo Wu gravely said, "Even the Tenth Elder took more than ten moves to defeat him!"

Su Yu lifted his eyebrows! A strange spirit that allowed the user to transform!

His abilities were on par with the Tenth Elder, who was Dragon Realm Level Four?

"But Shen Jiuyin after transformation would lose his reason and was thus banned from using it during spars. That's why his ranking is below Ji Hongxue's." Mo Wu told him something that was not known by the masses. "The true top disciple of the faction might not be Ji Hongxue!"

"So, take this opportunity, I'll block him, you run quickly!" Mo Wu's expression was unprecedentedly grave.

The true most powerful disciple in the faction was Shen Jiuyin!

Taking a breath, Su Yu's expression was grave, then he coldly shook his head. "No! I cannot escape now!"

Other than the Divine Dragon Plant, he had something important that he had not done yet!

That is to find the Phoenix Blood Elixir!

"Escaping is also wishful thinking! Leave the spiritual plants behind and I'll give you a chance to kill yourself. That's the biggest mercy I can give you." Shen Jiuyin let out a sinister laugh.

Su Yu's expression gradually turned calm, his eyes were serene as an autumn lake. "Why would I, Su Yu, fear a battle?"

Shen Jiuyin laughed, turning even more sinister. "You have guts! But you are also ignorant!"

Seeing the battle between them about to explode.

Whoosh—

A majestic figure stood in the center of the two, his fierce gaze striking the hearts of many. "Is now the time to be having an internal strife?"

The horrifying spirit energy blanketed the surroundings!

Su Yu's pupils dilated. "Dragon Realm Level Three!!"

Shen Jiuyin's expression turned rigid, gravely saying. "You...broken through!"

After half a month of collecting Black Dragon Plants, Ji Hongxue had broken free of the shackles of his cultivation level, silently slipping into Dragon Realm Level Three just now!

His powerful aura caused the breathing of many to become harder.

Su Yu had the impression that if Ji Hongxue wanted to, he could stop him with a finger!

Coldly staring at the two of them, Ji Hongxue's gaze landed onto Su Yu, a battle intent lingering in his eyes, 'Your improvement is rapid. I hope that you can be my rival in the future! Now, there's no opponent that can match up to me!"

In the past, Su Yu could still pique the interest of Ji Hongxue.

But now that he had reached a horrifying Dragon Realm Level Three, Su Yu could no longer pose any threat to him.

"Can you give me one of your White Dragon Plants? We can trade." Ji Hongxue spoke. He had reached Dragon Realm Level Three, the Black Dragon Plant's effects are now negligible. Only the White Dragon Plant was worth trying.

Su Yu's gaze wavered, readily accepting the offer. "Of course! But you need to promise me something. Help me get the Divine Dragon Plant. Specifically, help me suppress the Heaven Howling Fish for a moment."

Suppress the Heaven Howling Fish? Ji Hongxue raised his brows, slightly shaking his head. "Even if I have broken through to Dragon Realm Level Three, there's no guarantee that I could suppress him for half a minute."

"But if Junior Shen would help, that would not be outside the realm of possibility. His transformation ability should not be made light of." Ji Hongxue paused for a moment before saying.

Shen Jiuyin heard this, his eyes blazed with passion, laughing lightly. "If you give me a White Dragon Plant, I naturally would lend a hand!"

Him? Su Yu creased his brows but quickly nodded calmly. "If you did your best, I would naturally accept the offer!"

"We'll rest for a day and take action tomorrow. After it is done, I'll give you guys the White Dragon Plant." Su Yu calmly said.

Mo Wu bit her lips. She was holding ten Black Dragon Plants and a White Dragon Plant. A ripple formed in her heart.

This favor to Mo Wu, who needed a breakthrough in her abilities urgently, was immense.

Mo Wu clenched her teeth, saying. "Do you have any wished that you have not fulfilled? I would use my life to try to make it up to you!"

"My wish?" Su Yu laughed, gently shaking his head. "I'll fulfill my own wishes! These spiritual plants are repayment for the multiple times you protected me over the past half a year. You do not need to obsess over it."

"I do not want to owe you any favors! I'll definitely return it to you in the future!" Mo Wu stubbornly said, her face turning red.

As proud as she was, she did not allow herself to owe Su Yu any favors.

The crowd rested, only two figures stealthily stepped back.

"Senior Chan." Su Yu whispered.

Her figure shivered as she froze on the spot.

Chan Yunfei turned back rigidly, biting her lips. She was fearful and bitter, her gaze welling with a cold intent. "Junior Su, what's the matter?"

Chan Leiyun was full of fear, not daring to breathe. He was bowing, not daring to look directly at Su Yu's eyes.

In just half a month, Su Yu's abilities had improved explosively, allowing him to even compete with the Four Great Disciples!

This caused the siblings to worry if Su Yu would exact revenge.

After all, they knew that they had not cooperated with him in the lake.

"Senior, why are you in a hurry to leave?" Su Yu walked forward with large strides.

Was he really finding trouble? Chan Yunfei's heart was filled with bitterness.

She was grateful for Su Yu's help on two occasions, thus she forgave Su Yu for smearing her purity.

But who would have thought that Su Yu was such a hypocrite!

Not only had he made such an unreasonable request just now, he was still coming to exact revenge after his abilities improved!

The bitterness in her heart caused tears to well in her eyes.

But the pride in her heart made her stick out her chest. With tears in her eyes, she glared at Su Yu. "What do you need, say it now!"

Chan Yunfei's tearing eyes caused Su Yu to freeze. "Senior, this is... I only wanted to fulfill my promise and share these spiritual plants with you all. Am I doing anything wrong?"

Whoosh—

Su Yu took out a White Dragon Plant and five Black Dragon Plants, stuffing them into Chan Yunfei's hands.

Rumble—

Chan Yunfei and Chan Leiyun were as if struck by five flashes of lightning, freezing on the spot!

Wasn't Su Yu taking advantage of the favors he had done? Was he not a hypocrite... This...

Chapter 197: Working Together to Deal With An Enemy

"If not for the both of you baiting the Heaven Howling Fish, I would be unable to succeed as well. Hence, both of you deserve these spiritual plants." Su Yu did not really understand their reaction.

Finally, after a long time, Chan Yunfei and her brother came to their senses.

Both of them felt diffident. Even at the very moment, how could they not understand that they had misunderstood Su Yu!

Su Yu sincerely wanted to work with them. He did not try to use kindness to enhance his influence and send them to die!

Chan Yunfei felt remorseful and she could not bear her remorse. Tears overflowed down her jade-like face and her whole face was red due to her feeling ashamed.

"Junior, I..." Chan Yunfei grabbed her elegant fist and felt unworthy of standing in front of Su Yu.

In the end, she gauged the heart of a gentleman with her own mean measure!

Su Yu saw that Chan Yunfei was muttering and mumbling. He then became even more confused. "Senior Sister, did I offend you in any way?"

Chan Yunfei bit her lips lightly and she was too ashamed to face Su Yu's crystal clear eyes and she wished that she could find a crevice and go into it. Moreover, she was more ashamed to voice the filthy thoughts in her mind.

After mumbling for a long time, she walked in front Su Yu and her red lips kissed his cheek.

Su Yu was taken by surprise!

"Junior, sorry!" Chan Yunfei paid a courtesy call shamefully and her face flushed.

After her speech, she brought Chan Leiyun along with her, left nimbly while Su Yu was still dumbstruck to find a safe place where she and her brother could absorb the spiritual plant and prepare to continue making breakthroughs in their cultivation bases.

Mo Wu who was at one side was stunned for some time and her chest felt uneasy for no reason. She could not help but laugh coldly. "Junior, you have a lot of good fortune in love affairs. You managed to get a beautiful woman to throw herself in your arms by just giving her a few spiritual plants! Do you want me to repay you as well?"

Su Yu was stunned and he looked at Mo Wu strangely. The Mo Wu in his memories was someone who was extremely cold and arrogant. At the very moment, she was half joking and half cold. That was the first time that Su Yu had discovered that about her.

Mo Wu realized that her words were extremely impractical. Her face turned red at once and her charming body became stiff.

Su Yu was feeling guilty. Hence, he did not really try to understand Mo Wu's expression and he burst into laughter awkwardly.

After some time, the place became quiet.

Su Yu and Mo Wu sat shoulder to shoulder. They then took out one White Dragon Plant and several Black Dragon Plants in anticipation.

Three Black Dragon Plants could raise his cultivation base by one tier.

One White Dragon Plant can raise his cultivation base by one tier.

If he swallowed all four spiritual plants, wouldn't he be able to make a breakthrough to Dragon Realm Level Two straight away?

"If you plan to swallow the Divine Dragon Plant, then I suggest that you had better not swallow other kinds of spiritual plants!" Mo Wu's face was still a bit red as if it was the glow of sunset on the horizon. She looked beautiful and charming but cold at the same time.

"Why?" Su Yu did not understand. He was about to take a major step and make a breakthrough in his cultivation base.

Mo Wu looked at him with blank eyes. "No matter how good a spiritual plant is, it will always be a spiritual plant and it cannot be compared with elixir! If you swallow too many spiritual plants, its effects will become weaker to the point that it is completely useless. Because, by swallowing too many of it, your body will develop a resistance against it.

"If you swallow the White Dragon Plant and Black Dragon Plant now, the effects of the Divine Dragon Plant will be reduced greatly." Mo Wu reminded. She then became relieved at once.

"However, the probability of you obtaining the Divine Dragon Plant is close to zero. Hence, it is also good for you to swallow the White Dragon Plant now."

Is that so? Su Yu stroke his chin and thought to himself for some time. He then kept his spiritual plants disappointedly.

Mo Wu's eyes were filled with anticipation and she started to absorb the effects of the White Dragon Plant.

Swallow—

The effects of the White Dragon Plant were three times more than that of a Black Dragon Plant!

After Mo Wu absorbed the effects of the White Dragon Plant, her cultivation base rose hastily and immediately with a speed that a naked eye could perceive!

After half a cup of tea's time, under the last thread of effects, she successfully made a breakthrough to Dragon Realm Level Two Upper Tier!

Mo Wu nodded quietly. The effects of the spiritual plants had indeed gotten weaker!

Mo Wu had been training in the Ancient Xianyun Temple for one month. Hence, she was not too far from making a breakthrough to Dragon Realm Level Two Upper Tier.

With the effects of the White Dragon Plant, her cultivation base could make a breakthrough easily.

In actual fact, she only barely succeeded. She had swallowed Black Dragon Plant before and the effects of the White Dragon Plant decreased as a result.

After that, Mo Wu swallowed ten Black Dragon Plants continuously. However, its effects were so weak that it caused other people's hair to bristle with anger!

Its effect was equivalent to the effects of three White Dragon Plants. However, that had only caused her to make a breakthrough to the next tier, achieving Dragon Realm Level Two Peak!

To Mo Wu, the effects of the White Dragon Plant were equivalent to the very first Black Dragon Plant that she swallowed!

However, Mo Wu herself was as extremely delighted as she was mad!

Although her jade-like face which was icy cold like an ice mountain tried to remain calm, she could not hide the fact that she was wild with joy as her charming body was trembling!

In just a mere one month, she had achieved Dragon Realm Level Two Peak and Dragon Realm Level Three was just around the corner!

Cao Xuan's expression turned extremely gloomy. With the help of Su Yu, Mo Wu's cultivation base advanced greatly to the point that she was one tier above Cao Xuan!

It was even to the extent that Mo Wu's cultivation base had surpassed Shen Jiuyin as well!

Seeing that people were surpassing him one by one, Cao Xuan was burning with impatience. "This cannot carry on!"

One day passed before Su Yu stood up and his eyes were glowing with anticipation. "Now, let's get started!"

Ji Hongxue and Shen Jiuyin followed Su Yu to the shore of the lake. Although Mo Wu and Cao Xuan did not help, they were curious about what Su Yu was trying to do.

At that moment, the Heaven Howling Fish was still loitering around the lake in a frenzy and it was roaring continuously.

"Restrain the Heaven Howling Fish such that its mouth remains open for some time!" Su Yu said as his eyes flashed.

Ji Hongwei was a bit stunned. "Could it be that you want to enter its body and pick the Divine Dragon Plant? However, we are unable to restrain it for long. At the very least, we cannot restrain it for the time taken for you to enter its body, pick the spiritual plant and come out!

"Regarding that, you do not need to worry. Once I enter its body, I will have some ways of coming out."

After hearing what was said, Ji Hongxue agreed naturally. "Junior Shen, let's make our moves! If we want to restrain the Heaven Howling Fish, we need to go all out!"

"Eight Shoulders Trap!" Ji Hongxue gave a light roar.

Puff, puff, puff—

A red, sticky and thick liquid flowed out from Ji Hongxue's snow-like body.

Looking at it for the first time, that liquid looked like blood and it filled people with fear.

However, when looked at it attentively, that was blood energy that had been condensed to its maximum!

His blood energy was so strong to the extent that it liquefied. Exactly how strong was Ji Hongxue's body?

Crash—

The liquefied blood energy condensed into eight arms that were ten Chinese feet long each and it solidified at Ji Hongxue's back.

Every arm was emitted energy that would cause anyone to have the jitters!

Shen Jiuyin had deep eyes and he was burning with fighting intentions. He then laughed with a hoarse voice. "After one year, I finally see it again, Eight Shoulders Trap! A legacy level cultivation technique at Stage Three Upper Class. A step more and he would achieve the rumored Stage Three Top Class!"

Among the faction, only three persons managed to hone their legacy level cultivation techniques to Stage Three Top Class.

They were the Great Elder, Second Elder, and the Faction Master.

As for Ji Hongxue, he had managed to hone his legacy level cultivation technique to Stage Three Upper Class, surpassing many accomplishments of numerous Elders!

Comparing talents, Ji Hongxue was right below that year's Heaven Ruler's goddess, the Second Elder.

"If this is the case, I will go all out as well!" Shen Jiuyin uttered a long and loud cry.

"Soul Transformation!"

Crack, crack—

A terrifying sound of bones cracking could be heard from Shen Jiuyin's body!

His skeleton was undergoing an astonishing change!

At the same time, his body was expanding!

While everyone was shocked, from a thin and weak young man, Shen Jiuyin became three times bigger!

Unlike any human beings, he was five meters tall. He had explosive big and red muscles as well as a face that was ferocious and frightening!

That was no longer a human being. Instead, it was a huge gorilla!

Its ominous energy surged and became frightening. At the same time, it was also emitting a murderous aura implying that it wanted to destroy everything!

Ji Hongxue revealed a thread of seriousness and also intentions to fight. "You are the only one who can fight with me for the top!"

"Let's make our moves now. Before I lose my senses!" Shen Jiuyin laughed coldly and hoarsely. He took a step forward!

Rumble, puff—

At once, the Jade Lake generated a giant wave that could hit the Heaven. Under a leg attack, a hundred Chinese feet high giant wave was generated!

Ji Hongxue finally made his move!

With an aura that could shake the Heaven, the eight arms headed for the Heaven Howling Fish.

Mo Wu gasped!

Although her cultivation base was stronger than Shen Jiuyin, without the slightest doubt, if she came across the Shen Jiuyin who had transformed, she might be killed with one punch of his!

Su Yu stared at Ji Hongxue and his eyes turned serious. "As expected of the faction's number one disciple. With this kind of blood energy, he totally has the abilities to fight someone with a greater cultivation base than him!"

The two of them teamed up and attacked the Heaven Howling Fish!

Against an attack which was comparable to an attack from someone of Dragon Realm Level Three Upper Tier from the both of them, the Heaven Howling Fish's eyes were filled with disdain. It then opened its mouth and emitted sound waves!

Rumble, puff—

The combined attack of the both of them was dispersed by the sound waves!

At the same time, Ji Hongxue and Shen Jiuyin's body shook violently and they became stagnant for a moment.

Taking advantage of that opportunity, the Heaven Howling Fish revealed a joking face and its house-sized head which was like a lofty mountain headed for them!

Crash—

Crash—

Ji Hongxue and Shen Jiuyin's expressions changed and they blocked the attack with all their might!

However, against the great strength, both of them were sent flying out of the water onto the shore and they crashed several giant rocks into pieces!

Puff—

Shen Jiuyin spit out a mouthful of blood and its ferocious face revealed a shocked expression.

Ji Hongxue also gave a groan and dazzling blood overflowed from the corners of his mouth! Just one attack had caused both the Dragon Realm Level Threes who went all out to be fatally injured!

"Evil Creature!" Shen Jiuyin was angered. His eyes were blood red and he gradually lost his calmness.

Roar—

After giving a roar towards the sky, Shen Jiuyin beat his chest, gave an angry roar and threw himself towards the Heaven Howling Fish!

Ji Hongxue also bit his teeth and threw himself towards the Heaven Howling Fish at the same time!

This time round, both of them split up into two directions with the intention to launch a pincer attack so as to avoid the Heaven Howling Fish crashing into them!

The Heaven Howling Fish sneered. It shook its head violently in a futile attempt to send them flying away.

However, both of them were outstanding persons and their potentials were astonishing.

In a critical moment, they unleashed all their power!

Rumble, bang—

Both of them launched a pincer attack from the left and right. Ji Hongxue's eight snow-like arms pressed against the left side of the Heaven Howling Fish's head while Shen Jiuyin's big body placed a huge pressure on the right side of its head, causing the giant head to be fixed in its position.

Moreover, because of the enormous strength that was pressing against its head, the Heaven Howling Fish's mouth naturally opened by itself!

"Quick!" Ji Hongxue quickly gave a roar. "We cannot last for more than two breaths' time!"

"Two breaths' time is more than enough!" A loud and clear voice could be heard from the sky. Su Yu who was lying in wait after having finished his preparations exhibited his Ice Phoenix's Divine Wings and headed towards the mouth of the Heaven Howling Fish!

One breath passed and Su Yu was in front of the Heaven Howling Fish's mouth!

However, when Su Yu was about to enter its mouth, the Heaven Howling Fish became furious and went crazy. It then flicked its gills violently!

Rumble, bang—

Ji Hongxue spit out blood from his mouth. As though he was a rock, he was sent flying for about three hundred meters and he crashed into a small mountain!

The unprecedented impact caused his internal organs to be crushed into pieces and he vomited blood continuously!

Shen Jiuyin was more miserable. His whole body's flesh was burst open from the great impact. His body was full of cuts as if his body was about to break into pieces!

As for Shen Jiuyin, he fainted from the impact!

Su Yu's expression changed slightly. Seeing that the Heaven Howling Fish was about to close its mouth, he clenched his jaw and rushed into the mouth before it closed!

Chapter 198: The white tiger descends

Crack—

Just as Su Yu entered, the sound of teeth clenching came from his back, sending a blade of wind grazing Su Yu.

Creak—

Blood sprayed out of a bloody gash a thumb deep. If the injury was a little deeper, he would have injured the major artery near his heart.

Su Yu gasped. The fiery pain caused him to pierce his lips. He stopped in a hurry, circulating his spirit energy to stop the flow of blood. Seeing his astonishing injury, Su Yu had a lingering fear. He nearly lost his life!

But overcoming the threat of death, he had finally made it into the belly of the Heaven Howling Fish. His figure flickered. Su Yu followed the hundred zhang body of the Heaven Howling Fish, entering its tail area.

There was a blood red spiritual plant dancing in the flesh of its tail.

Its shape was the same as the Black Dragon Plant and the White Dragon Plant.

The only difference was its color!

"Divine Dragon Plant! It could raise an entire cultivation level!" Su Yu's eyes burned with passion.

He had finally found it!

Su Yu approached to grab it, but the Divine Dragon Plant seemed to hide from him intentionally!

Su Yu's gaze shifted, his expression grave. "This is..."

Yun Yazi's calm voice came from around his chest. "This kind of spiritual plant, even though not at the level of divine herbs, has been absorbing the essence of the Heaven Howling Fish for years. It is very pure. If you use your hands to grab it, it will lose about thirty percent of its effectiveness."

"Is that so?" Su Yu retracted his hand, thinking for a while before he took out a broken jade shovel.

This was the Delicate Jade-Like Shovel he found in the Meteorite Forest, especially used for harvesting divine herbs!

"I can finally use this." Su Yu was filled with anticipation, sitting cross-legged as he used the Artifact Control Technique to control this broken divine artifact.

It was the first time he was trying to control this foreign divine artifact. With Su Yu's abilities, it would probably take a day for him to have the shovel under his control.

While he was trying to control the divine artifact, outside the fish, Ji Hongxue was pale. The injury on his stomach was slightly subsiding. His heavy injuries were recovering well.

But Shen Jiuyin suffered grave injuries, still in a coma. He was being tended to by Cao Xuan.

"The abilities of the Heaven Howling Fish was greater than expected. It could be reaching Dragon Realm Level Four soon! This is a losing transaction for sure!" Ji Hongxue laughed bitterly.

At the side, Mo Wu's eyes were filled with worry. "Why isn't he out yet? Could there be an accident?"

"There's no need to worry, Junior Su entered with much confidence. He most likely is confident of his escape. On the other hand, we...need to be careful." Ji Hongxue's expression turned serious, looking at the horizon.

There was a small dot of black and white closing in on them!

Creak—

It was just at the horizon a moment ago, but in the blink of an eye, it had arrived above their heads!

Looking up, it was the white tiger that was circling around for the past few days!

The white tiger surveyed its surroundings, its cold eyes filled with frustration. "He really made me look for him, to think he would be here!"

Based on the aura around, the white tiger had realized that Su Yu is near the area!

"Where's the silver-haired brat?" The white tiger was floating in the air, high above them. Its eyes glanced over Mo Wu and the rest as if they were ants.

The three of them trembled. That look as if cut them like a blade!

The white tiger was calmly asking, but it felt like thunder booming in their years!

Their ears were buzzing, bleeding from the vibration!

What a terrifying white tiger! Even Ji Hongxue felt that he was going to die.

If the white tiger wanted to, the three of them would have been instantly turned to ash, without even a chance for them to get transported out!

Mo Wu clenched her teeth, not wanting to disclose Su Yu's location.

Ji Hongxue had signs of an internal struggle, trying hard to regain his composure from the fear.

Only Cao Xuan. without thinking, his eyes full of fury and hatred. "The person you are looking for is called Su Yu, he is in the belly of the Heaven Howling Fish in the Jade Lake, trying to obtain the Divine Dragon Plant!"

In Cao Xuan's heart, he was laughing maniacally!

Su Yu had dared to anger the most terrifying white tiger in the Sky Garden!

Now Su Yu's life would permanently be left at this place!

"In the belly of such a puny fish? Hmph!" The white tiger was impassive, grunting with disdain.

But looking at the azure waves in the lake, its eyes showed signs of disgust. He circled the top of the Jade Lake but was not willing to enter.

The white tiger was afraid of water, unwilling to enter it!

Coupled with its radiating energy, the Heaven Howling Fish refused to swim up the lake.

"How long is he going to be there for?" The thunder on the white tiger's body crackled, making it obvious that it was angry.

"It shouldn't be too long now!" Cao Xuan said in a hurry.

"Hmph! Lad, let's see where you can run now!" The white tiger grunted, landing on the side of the lake in wait.

Once Su Yu came out, he would only be killed in a manner of seconds in front of the horrifying white tiger.

Mo Wu shot a furious glare to the smiling Cao Xuan, her heart anxious.

Su Yu in the water did not know what was happening outside, once he came out...

A day passed quickly. Su Yu in the belly of the Heaven Howling Fish was finally able to control the Delicate Jade-Like Shovel.

Full of anticipation, Su Yu used the shovel to carefully dig out the blood red Divine Dragon Plant.

On the jade shovel, a dull glow enveloped the Divine Dragon Plant in protection, causing it to not sustain any damage.

A whole stalk of pure Divine Dragon Plant was presented in front of Su Yu.

"Keep it for now. Once the flames are activated, it is ready for consumption," Yun Yazi said.

Su Yu nodded, retrieving a clean jade bottle and putting the plant in it.

Finally, Su Yu let out a sigh of relief.

Calculating the time, Su Yu's eyes had a decisive glow. "According to my estimates, more than half the time allowed in the Ancient Xianyun Temple has passed. The third level Eternal Stairs was about to descend!"

Once a person stepped on it, it would be impossible to return from the Eternal Stairs!

But Su Yu had to go. According to his calculations, the disciple that had the Phoenix Blood Elixir most probably died on the Eternal Stairs!

The first level Meteorite Forest and the second level Sky Garden would not cause any deaths.

Only the third level Eternal Stairs would trap someone for eternity once they entered.

Xianer's Phoenix of Death would descend in about a month's time, Su Yu had no other choice!

The second level trembled suddenly. A giant opening appeared on the azure blue sky. A spiraling set of steps descended from the opening, all the way to the ground.

And it was aptly placed in the middle of the Jade Lake.

At the side of the lake, Ji Hongxue and the rest had looks of caution!

The master of the faction had warned them time and again to not enter the forbidden ground. The third level, the Eternal Stairs had descended!

Those who entered had all perished!

The white tiger turned its head, its eyes filled with fear for the first time. Its nostril flared. "I wonder if that bloody bird is still at the third level!"

But at this moment, the white tiger's eyes turned serious, looking past the surface of the water to observe the depths of the lake!

In the body of the Heaven Howling Fish, Su Yu exhaled. "You've finally appeared, Eternal Stairs!"

Whoosh—

Su Yu walked to the mouth of the Heaven Howling Fish, the Fire Cloud Seal between his brows pulsating. "Glazed Ice Flame!"

Creak—

An immense chill erupted within the mouth of the Heaven Howling Fish!

Even though the Heaven Howling Fish was near indestructible, but the insides of its body was still a weak point.

With a howl, the Heaven Howling Fish opened its mouth subconsciously!

Su Yu's gaze flashed, seizing the opportunity to charge out!

But when Su Yu was charging out.

The Heaven Howling Fish gave an evil and crafty look, timing the moment when Su Yu was charging out to clench down its sharp teeth!

The Heaven Howling Fish had already realized that Su Yu was in its body.

It had deliberately given Su Yu a chance so it could deliver a fatal bite!

"Reusing old tricks!" Su Yu's expression was calm, letting out a cold laugh.

"Seal of Time!" With a low grunt, purple light erupted from Su Yu's left eye.

At that moment, the giant head of the Heaven Howling Fish was trapped in the confines of time!

Seizing the opportunity, Su Yu freed himself, spreading his Ice Phoenix's Divine Wings and charged straight towards the outside of the lake!

Roar—

The Heaven Howling Fish let out a huge roar, chasing in fury!

But at this moment, Su Yu flicked his fingers. A Divine Ice Thread hardly visible extended.

Rumble—

The Divine Ice Thread was attached to the organs of the Heaven Howling Fish. Under the tugging, the innards were torn, severely injuring the fish!

The furious Heaven Howling Fish let out a pathetic howl, its chasing figure got visibly slower.

Seizing the opportunity, Su Yu charged ten feet in front!

But Su Yu had no time to be happy. His body suddenly turned rigid, his hair standing on its end!

A chill ran down his spine as if a current had gripped his heart.

For he suddenly felt a horrifying gaze glaring at him from far away!

He used his crystalline pupils to see five miles ahead at the surface of the lake, clearly seeing the white tiger. Su Yu felt his scalp go numb!

At this moment, the eyes of the white tiger had a human-like mocking smile, staring at him from far away!

"Lad! You made me wait an entire day, it's time for you to die!" The white tiger was fuming.

Su Yu's heart was heavy. When did he anger this white tiger? Could it be the Five Colour Honey?

Su Yu's heart was thumping wildly, his face full of frustration. The Eternal Stairs was just before him, but he could not enter!

The only consolation was that the white tiger was afraid of water and did not dare enter.

Even though the black thunder was powerful, but dispersed in the water, the leftover energy was limited.

Thus, if Su Yu continued hiding in the water, the white tiger wouldn't be able to do anything to him.

As if it had predicted this to happen, the white tiger let out a cold grunt. "I'll give you three seconds to come out! A second later and I'll start killing your friends!"

This ferocious tiger suddenly turned to look at Mo Wu and the rest!

"What? Kill us?" Cao Xuan's face turned green. "Elder... White tiger, I have a deep hatred for him, killing me would only..."

"Did I ask you speak?" The white tiger shot a cold stare.

Spit—

Cao Xuan turned pale, violently vomiting blood, his face full of shock!

A gaze was enough to severely injure him. Just how powerful was this white tiger? The expressions of Ji Hongxue and Mo Wu changed drastically!

The white tiger was taking them hostage? If Su Yu refused to come out, wouldn't they...

Su Yu was frustrated. This cursed white tiger was too much!

"One second is over!" The white tiger had a mocking look, fiercely looking at Mo Wu. "I guess I'll start with you! You seem to be the most concerned about the silver-haired brat!"

Creak Creak—

The thunder on the white tiger's body seemed to be about to strike!

"Stop!" A furious grunt came from within the lake.

Ripple Splash—

Su Yu's expression was that of fury. He charged out of the lake, mercilessly saying. "I'll stay, let them go!"

The white tiger let out a mocking laugh. "In my eyes, you are nothing, not fit to negotiate with me! Hand over the Five Colour Honey! Immediately, now!"

Mo Wu and the rest swallowed hard. This tiger was an ungodly existence in the second level!

Their fates were all determined by the whims of the white tiger!

But facing this domineering white tiger, Su Yu's fury gradually subsided, replaced by an icy expression. "I have had enough of having my fate controlled by others! No one can control my fate, not even heaven!"

The white tiger shook its head. "Ignorant thing! In front of absolute power, your heartfelt words are but a laughable struggle!"

"Is it? Then I shall show you the surprise I've prepared for you!" Su Yu let out a mocking smile.

Chapter 199: Eternal Stairs

"Space-time manipulation!" Su Yu gave a light roar!

Buzz, buzz, buzz—

His deep eye turned wine-red as if it was the color of the clouds when the sun was setting. It was so beautiful it seemed like a fantasy sunset.

The white tiger was taken by surprise and he was covered by the wine-red color.

The space trembled along with a sound. Invisible waves appeared from the void around its body and covered it.

The white tiger's joking expression revealed a surprised look for the first. "Space energy. You possess innate space talent!"

Roar—

The white tiger realized that its situation was not good. It gave a roar and it wanted to struggle out of the wine-red color. However, it was too late!

Titter—

The space moved, causing the white tiger to be moved about ten miles away! Moreover, it was moved to a place that it hated the most—Jade Lake!

Mutter—

When the space energy dispersed, the lake water flowed toward the white tiger and submerged it.

A thread of anxiousness appeared in the white tiger's eyes. It moved its four limbs up and down the water and swam upwards clumsily.

However, the lake water which flowed onto it caused its fur to be completely wet. A stroke of lightning was also spread across all directions in the lake!

The fierce white tiger became a drenched dog in an instant!

"Little kid!! I will kill you!!!" The tiger which flew into a rage from shame climbed toward the shore while in a difficult position and also roared angrily at the same time!

Thick murderous intents filled the white tiger's eyes.

There was no one who was able to play tricks on him!

Su Yu was the first person!

"Enjoy the surprise that I have prepared for you, drenched dog!" Su Yu laughed indifferently. Without hesitation, he headed toward the spiral stairs!

Before he left, he took out two White Dragon Plants.

He threw one of it to Ji Hongxue and he threw the other one to Shen Jiuyin who had just woken up.

"Su Yu! What are you trying to do?" Upon seeing Su Yu's actions, Mo Wu's heart clicked. Could it be that Su Yu wants to enter the Eternal Stairs?

Rumble, rumble—

Suddenly, Mo Wu's mind rumbled! She suddenly understood what Su Yu wanted to do—Look for the Phoenix Blood Elixir!

That disciple who had the Phoenix Blood Elixir never returned and he most likely perished in the Eternal Stairs!

Su Yu stared at Mo Wu deeply and he bowed down. He recalled his memories with emotion and laughed indifferently. "In Liuxian faction, I, Su Yu, was always alone. I only have Senior Sister as my only friend. I am lucky to have met you."

Having heard words that sounded as though Su Yu was bidding farewell, Mo Wu's heart felt extremely miserable.

She had seen with her own eyes that Su Yu started from being a nobody and had taken tough and difficult steps before becoming who he was at the very moment.

Everything he requested and did were all for Xianer and Li Guang.

She had been moved by his dedication and defiance, by his refusal to listen to the flow of fate during the Fallen Star Contest.

The Su Yu back then had a thin and weak silhouette. His abilities were also very weak and his face was very unfamiliar.

For the first time, someone had moved her soul.

From that time onwards, that shadow was forever carved into her heart and it was unforgettable.

Su Yu finally reached the final step!

That time, Mo Wu's master had said with certainty that it was impossible for Su Yu to complete his task. However, Su Yu actually defied the natural order and crushed her words step by step!

However, the final step might cut him off from the human world forever!

Mo Wu suddenly felt afraid that she would be unable to see that indomitable shadow which went against the current!

It was a feeling similar to the previous time at the abyss of Wutong where Su Yu perished in the poisonous mist. That sense of loss, that disappointment and that sorrow.

Because, Su Yu was the person that she had been chasing after!!

During the match at the Icy Azure Lake that day, Su Yu became a shadow that many people chased after.

That shadow was also carved in Mo Wu's heart.

When Mo Wu was lonely, indecisive and helpless, that shadow provided a direction for her to move forward!

That shadow also made her understand that in the world, there was one person who was just like her, moving forward while defying the natural order. Although that person was more miserable than her, he was more tenacious than her!

That was the true feelings in her heart that she had never any one before.

No one would believe that the Mo Wu of the Four Great Disciples treated the nameless and weak junior as someone that she would chase after at that time!

"Su Yu..." Mo Wu's clear eyes were glowing sparkingly. "Is it possible for you to... stay!"

The farewell at the very moment might be forever!

Perhaps she might be unable to see that shadow which worked hard quietly, persevered on quietly and moved forward quietly!

The wind from the Jade Lake lifted up Su Yu's silver hair and on Heaven and Earth, who will I be live for..."

A lonely sigh swept past a deep part of his heart.

If she dies, on Heaven and Earth, who will I be live for?

Mo Wu felt a sting that she never had before in her heart. A sting as she could not bear to see Su Yu leave and also due to tender affection.

Could it be that Su Yu had not thought of living for himself before? Living for someone else, for example, she, Mo Wu?

"Senior Sister, I would like to make a final request. If I do not return... Please carve my name, Su Yu, in front of Xianer's grave." Su Yu cupped his fists and made a courtesy call. He had an extremely lonely smile. "If I cannot be with her when I am alive, then if I die, please allow my name to accompany her for all eternity..."

"Su Yu..." Mo Wu could not hold back the grievance in her heart. Two columns of tears trickled down her extremely beautiful cheeks.

Mo Wu gave a lonely cry which was filled with all her sadness that was within her heart.

"Please!" Su Yu gave a courtesy call. After which, he turned his body and entered the Eternal Stairs!

Mo Wu stared at Su Yu blankly as he disappeared into the stairs.

In an instant, Mo Wu felt disheartened. It was as if she had lost something that caused her to suffocate.

"No! Su Yu, don't go!" Mo Wu's voice was trembling and a sorrowful cry reverberated across the Heaven.

However, what answered her was stairs that were empty.

Roar—

Crash—

In the Jade Lake, the lake water was almost as if it could reach the sky.

After being trapped for some time, the white tiger finally got itself out of its difficult situation.

The white tiger was filled with astonishing murderous intents and its roar shook the Heaven!

Frightening thunderbolts came in all directions!

Rumble, bang—

Any area that had been struck by the black thunderbolt turned into nothingness completely!

Ji Hongxue and the remaining three of them were caught in one of the areas of the thunderbolt.

The thunderbolt was approaching their heads. However, there was no place to run to!

"Not good! The white tiger had unleashed its powers. We are unable to stay here any longer, common suicide and leave the ancient temple quickly!" The expression of Ji Hongxue's snow-like face changed greatly. The thunderbolt was dangerous and it could kill them in an instant, resulting in them being unable to be transported out. By committing suicide, they could leave quickly.

After his speech, before the thunderbolt killed them, Ji Hongxue thrust his palm onto his forehead.

The ancient temple sensed that he was in danger. Immediately, the ancient temple activated a ray of space light and transported him out.

Cao Xuan and Shen Jiuyin then left in succession!

Mo Wu whispered sobbingly. "Su Yu, you must come back..."

Rumble, rumble—

There became more thunderbolts. In imminent peril, the four of them left successfully!

Whiz, whiz—

At the outside world, a white light glowed. The expressions of the Faction Master and Elders changed.

The Four Great Disciples appeared together, causing their hearts to sink violently.

"What happened? There is still one more month. Why are all of you transported out?" The Liuxian Faction Master asked surprisingly and worriedly.

How much of a loss was losing one month of training?

Ji Hongxue snow-like face was ashamed. "Master, a white tiger had descended. To prevent anyone from dying, we exited of our own accord."

"The white tiger? For many years, that white tiger would not injure anyone of its own accord. Without any reason, why would it harm all of you?" The Liuxian Faction Master was filled with doubts.

Cao Xuan clenched his fists tightly and said with hatred. "It was Su Yu. He angered the white tiger, causing us to be implicated!"

Even before they managed to enjoy the great benefits of the ancient temple, they were implicated by Su Yu!

Han Zhi flew into a rage. "What a wretched person! He had ruined my disciple's future! I will definitely not forgive him!"

The Great Elder swept his eyes past Shen Jiuyin. Shen Jiuyin's cultivation base did not change and his expression turned serious. "Jiuyin, is that what happened?"

Although Shen Jiuyin had gotten a White Dragon Plant, he was still implicated and it was impossible for him to not feel hatred for Su Yu. He replied furiously with hatred. "About there!"

Ji Hongxue opened his mouth and he could not find any words to rebut them.

Without a doubt, they were indeed implicated by Su Yu.

At their current location, only the Second Elder became stupefied on the spot. Her eyes looked at her beloved disciple, Mo Wu and she could not believe what she was seeing.

In her memories, her disciple was a reserved person. However, at the very moment, her shoulders were shaking and she was sobbing silently!

Her expressionless eyes were overflowing with tears and she gazed into the distance sorrowfully.

"Mo Wu, what happened?"

"Master, Su Yu... has entered the Eternal Stairs!" Mo Wu was filled with sorrow. As she could not restrain her feelings anymore, she sobbed as though she was a young girl who had lost her best friend. She threw herself onto the Second Elder's chest and cried loudly in front of everyone.

"What... Eternal Stairs?" The Second Elder's frail body swayed. At that moment, the Second Elder became absent-minded. Her feet retreated in a staggered manner and her pale eyes were flustered. "Why... Why did he..."

The Second Elder stopped talking half way. She also understood Su Yu's objective.

Phoenix Blood Elixir!

"Why didn't you stop him?" The Second Elder berated absent-mindedly.

Mo Wu felt bitter. "Because, if Xianer dies, on Heaven and Earth, he had no one else that he could live his life for!"

"Xianer..." The Second Elder repeated. Her eyes gradually became gloomy and a great sorrow emerged.

On that day's afternoon amidst the bright and beautiful sunlight, that silver haired young man who smiled and inquired about the Depository of Buddhist Scriptures would never return again?

That pair of clear eyes, that gaze which did not look down on her and that compassionate eyes which made her heart feel warmth would never appear again?

At that moment, the Second Elder also felt as if she had lost something and her heart felt lonely.

"He entered the Eternal Stairs?" The Liuxian Faction Master was stunned. After which, he immediately sighed lightly. "It's a pity that we had lost a young plant!"

Anyone who entered the Eternal Stairs had no way of surviving!

Many Elders and disciples who had seen Su Yu bringing about miracles step-by-step and fighting into the top ten felt sorry for Su Yu.

The Tenth Elder heaved a sigh of relief. He then mocked coldly. "He forfeited his life for the sake of a woman. Haha. He is similar to his master, so stupid to the point that it is incurable!"

Xi Ruolan was beside him. Her pretty face revealed a relaxed smile. Su Yu's death had caused her to feel at ease.

However, it was quite evident that her relaxed expression was as if it was intentional.

At the Eternal Stairs.

At that moment when Su Yu stepped onto the Eternal Stairs, he entered a strange space.

The world was snow-like that it was glaring. Su Yu was standing on an endless flight of white stairs. Stairs were both in front and behind him.

That world was left with purely stairs!

Su Yu tried to take a few steps but the end did not change.

It was as if when he took a few steps, the end would become further by a few steps and it would forever be difficult to reach the end of the stairs.

Chapter 200: Undying Heart

Su Yu shifted his gaze, trying to circulate his spirit energy.

But he shockingly realised that his spirit energy had vanished!

His Dantian was completely empty, without any traces of spirit energy!

"Yun Yazi, what's happening?" Su Yu's heart skipped a beat as asked.

But there was no reply.

Looking down, he realised that the jade box that was holding Yun Yazi's soul was missing!

A cold sweat broke out on his forehead.

Even Yun Yazi was missing!

Looking closely, Su Yu realised that any item that required spirit energy, like the Divine Ice Ring, all had mysteriously vanished!

Currently, he was no different than a mere mortal!

What kind of mysterious place was this "Eternal Stairs"?

Su Yu stood and thought for a long moment. He knew that, in order to find the answer, he had to walk forward!

If he was able to reach the final step, it might get him out of this predicament!

He walked for half a day.

Su Yu was exhausted, but the end of the stairs was still nowhere to be seen!

What made Su Yu even more paranoid was that it felt like he had not moved an inch!

No matter how many steps he took, a few more steps appeared in front of him.

No matter how far he walked, he couldn't reach the end.

It was as if this was an eternal, neverending place!

There was no spiritual energy, no divine artifacts, no outside help. It was as if he had been abandoned at an eternal country, infinitely circling within the steps!

What was even more pressing a matter, was that Su Yu felt acute hunger and thirst.

Without a single sustaining item on his person, Su Yu was going to die on these steps!

This place definitely lived up to its reputation of being the forbidden grounds of no return!

Being robbed off their spirit energy, treasures, and anything they could depend on, anybody would die walking on this eternal journey!

"I cannot die! Xianer is waiting for me!" Su Yu pressed on, summoning all of his willpower.

Two days later.

Su Yu was starving, his body weak.

He had not had anything to drink for the past two days. He had reached his biological breaking point.

But nothing had changed. It was still an eternal stairway, with no way of reaching the end!

Crash ——

Su Yu collapsed on the floor, his mind turning fuzzy. This was a sure sign of death.

"No! I cannot die!" Su Yu bit the tip of his tongue, stimulating his brain, "No! If the third level exists, it must serve a purpose and not simply be a trap for someone until they die!"

"Furthermore, in these two days, I have never once seen a corpse that perished here!"

"Which part of this place have I missed that is out of the ordinary?" Su Yu utilised his brain, rapidly thinking.

A moment later, Su Yu had a spark of inspiration, "I missed an important thing..... a guiding post!"

"Without a guiding post to see where I have passed, everywhere I walked was snow white steps. There was no way to accurately deduce that, until now, where the judgement I made, that I was advancing, came from my senses. Hence, the senses can be affected!" Su Yu's eyes grew brighter, his brain turning faster!

At this point, he needed a guiding post to test his own hypothesis!

Clenching his teeth, Su Yu bit down on his finger, fresh blood dripping onto the stairs.

He wanted to use his blood to mark the ground, but the blood was absorbed by the stairs!

Thinking, Su Yu tore off a piece of his robe, dropping it on the stairs. It also vanished!

Thinking back to the disappearance of his spiritual energy and divine artifacts, Su Yu muttered, "Anything that belongs to me has been taken by the stairs. Anything I take would disappear instantly, unless that item did not belong to me!"

But these items still had all disappeared!

Su Yu had reached a dead end!

At this moment, Su Yu had a stroke of inspiration!

There was an item that might not have disappeared yet!

"Grunt!" Su Yu let out a low growl, using the power in his muscles to press on his abdominal region!

Some time later, dull black droplets seeped from his pores!

It was the Black Wind Elixir!

Su Yu had gotten this from the Meteorite Forest, an ancient pill that boosts one's masculinity.

But it had lost its effects and had sealed it in his body using ice, waiting for an opportunity to expel it.

It did not belong to Su Yu, but was hidden deep within his stomach. Thus, it had not been noticed by the Eternal Stairs!

Now that it had been crushed by his muscles, it formed droplets and was expelled through his pores!

A handful of black droplets fell on the stairs, and did not disappear!

In this snow white world, the black droplets stood out.

Looking at the black droplets before his feet, Su Yu shifted his gaze, stepping onto the next step.

Strangely, he had clearly taken another step, yet the black droplets remained before his feet, their position, shape, amount and distance from his leg remaining unchanged!

It was not that the droplets followed Su Yu up another step, but rather that Su Yu had been walking on the spot all along!

According to his senses, Su Yu was advancing.

Using the black droplets as a guiding post, it told Su Yu that his two day journey had just been him walking on the spot. He had not moved an inch from his original position!

"What's this that's deceiving my senses?" Su Yu finally knew where the problem lay!

Just as Su Yu achieved understanding, a strange scene ensued!

A black crack formed in the white world, as if a mirror had just broken.

Crack ——

The white world turned into shards, flying in all directions!

Su Yu subconsciously closed his eyes. When he reopened them, he found that he was standing before an ancient, broken Buddha statue!

Atop the Buddha statue was a palm print, breaking it into five pieces!

Another palm print!

At the same time, Su Yu's peripheral vision fell on a fearful scene.

Before his feet lay multiple skeletons of different generations!

Amongst them, there were many with the Liuxian faction crest on their robes!

"These..... were once disciples of the faction, they all died here!" Su Yu was startled!

They all died of hunger and thirst!

They had been walking in the white world until they died. None of them had realised that they had not moved an inch.

The truth was that they were standing in front of the Buddha statue, not moving an inch, before they died of hunger.

Only Su Yu had understood the situation and managed to return to reality.

"After waiting for a thousand years, there's finally one with enough intelligence and fate to pass the last level!" A stern voice suddenly entered his ears.

Su Yu's pupils dilated. The one that was speaking was the Buddha statue before him!

The clay Buddha opened its eyes, its lips quivering as it opened its mouth to speak.

"Fated one, as the reward for reaching the end of the Ancient Xianyun Temple, you can choose a technique to cultivate and pass on."

Whoosh ——

Two techniques fell in front of Su Yu.

Techniques? Su Yu was curious.

But when he looked at them, he gasped!

These two techniques were complete immortal level techniques!

The one on the left was called Devil's Benevolence, an immortal level technique cultivated by Buddhists.

It had three stages.

The first stage was Demon Heart, where you cultivate a demon heart. As long as the body remains intact, any injuries can be restored by the demon heart. It is the legendary immortal heart!

The second stage was Demon Body, where you cultivate a demon body. The flesh is trained to the extreme and is impenetrable. Any lost limbs would be regenerated. It is the legendary immortal body!

The third stage was Demon Mind, where you cultivate a demon mind. Using your demon instincts will allow you to temporarily boost your cultivation level by three levels, killing higher level enemies!

After Su Yu finished reading, he was in disbelief!

Even if he did not consider the immortal heart and body, this was a legend amongst old books.

The ungodly power of the third stage Demon Mind made Su Yu deeply startled!

Temporarily boosting the cultivation level by three levels? That was ungodly!

Keeping the surprised expression, Su Yu looked to the second immortal level technique.

The first book was already so shocking, just how scary would the second book be?
