

Nine-Dragon 1911

Chapter 1911 Second-Class Saint Servant

Not long after, the rising sun tribe prepared 10,000 black statues that were filled with the power of faith and headed for the Sacred Mountain.

The person in charge of escorting was the new tribe leader of the Rising Sun tribe, Ming Guang. His daughter, Ming die, and Su Yu were accompanying him.

Ming Guang was extremely welcoming of Su Yu's willingness to go to the sacred mountain together.

The journey to escort the faith had never been peaceful. Many small tribes that were escorting the faith had silently disappeared from the grassland.

As for where they had gone, everyone knew.

Therefore, with a powerful expert like Su Yu in charge, he was exceptionally pleased and happy.

As for Ming die, she was led by Ming Guang to broaden her horizons.

On this day, the inexplicable pressure that filled the plains suddenly dissipated.

The leaders of the large, medium, and small tribes all set off for the sacred mountain.

The once-in-a-century time to pay the power of faith had arrived!

Su Yu's eyes shone brightly, and a chaotic yin and yang qi gathered above his head. In an instant, it swept Ming Guang and Ming die and teleported towards the sacred mountain.

Half a month later.

A snow-white mountain peak appeared before his eyes.

There was only one mountain in the entire grassland, and that was the sacred mountain!

The sacred mountain was covered in ice and snow all year round. In the ice and snow, the Supreme King of the Dark Star Civilization lived.

The Dark King!

When they arrived, there were already more than a hundred small and medium-sized tribes waiting at the foot of the sacred mountain.

They had brought the statues with them a long time ago and came to the foot of the mountain to wait for the sacred mountain to open.

At this moment, a few special people in snow robes stood at the entrance of the steps of the Sacred Mountain and entered the sacred mountain to register their names.

When the rising sun tribe rushed over, the snow-robed people recorded the names and details of the three of them expressionlessly.

Ming Guang kept his head down and pressed down on Die'er who was looking around curiously, telling her not to look around.

At the same time, he sent a message to Su Yu, he said in a low voice, "Senior SU, the people in front of us are all people from the sacred mountain. They were born on the sacred mountain and died on the sacred mountain. From birth to death, they would never leave the sacred mountain. They have always served the dark king and are his confidants. Do not offend them."

Su Yu nodded slightly and looked at them meaningfully.

"Rising Sun tribe, leader Ming Guang, members of the tribe, Ming Die, Su Yu, head to Room T-108 to rest." The snow-robed man used a brush to lightly tick it.

Ming die was stunned for a moment and muttered, "That's not right. As a medium-sized tribe, we should be in room c-shaped. t-shaped, that's for small tribes, right?"

The snow-robed man heard his mutter and looked at her indifferently, "Unless it's a large tribe, there's no difference between a medium-sized tribe and a small tribe. If you're not willing to go up, then stay at the foot of the mountain."

Ming Guang was startled and hurriedly apologized. "My clansmen are insensible. Please forgive us, my Lord. We'll go up now!"

The snow-robed man said indifferently, "Then let's go quickly. The Iron Sword tribe and the war god Tribe are coming soon. Don't block the way."

The Iron Sword tribe and the war god Tribe were one of the three large-sized tribes on the prairie, standing side by side with the wolf smoke tribe.

Their overall strength was slightly inferior to the wolf smoke tribe, but they were also extraordinarily powerful. They were far from being comparable to a medium-sized tribe.

Ming die was very angry at Ming Guang's undisguised contempt. Under Ming Guang's gaze, she didn't dare to act rashly again. She pouted and reluctantly went to the t-shaped guest room.

The so-called t-shaped guest room couldn't be any more simple and crude.

It was just a hole that was casually dug out of an iceberg. It couldn't even block the wind and drive away the cold, and it still had to rely on its own divine power to protect itself.

The C guest room had even been properly built into an ice house, and everything was well-equipped.

Ming Diyan looked at the middle-sized tribes that were equally famous. They had all moved into the C room, but they were here.., she couldn't help but complain, "Father, what's going on? is that person from the sacred mountain blind? He actually arranged for us to stay in the D room. He's really polite."

"Shh!" Ming Guang quickly silenced him. A hint of confusion appeared between his brows. "It's indeed very strange. It's as if we're being targeted."

Su Yu leaned against the ice wall. His eyes revealed a hint of coldness. "We're really being targeted."

Ming Guang was immediately shocked. “Senior Su, what do you mean? All these years, our rising sun tribe has been dutifully gathering the power of faith. We’ve never been negligent or at fault. Why is the Sacred Mountain targeting us?”

Just Now, Su Yu had been listening to the heart of the snow-robed man.

What he thought was in Su Yu’s ears.

“It’s not that we have neglected the sacred mountain, but that we have offended the people of the sacred mountain. To be more precise, they are the masterminds behind the bribing of the people of the Sacred Mountain.”

Ming Guang frowned. “Bribing? As far as I know, the people of the sacred mountain serve the Dark King. All their needs are provided by the sacred mountain. Do they need to be bribed by outsiders?”

In his heart, the people of the sacred mountain, whether it was the dark king or the snow-robed man serving the Dark King, were all people who stood aloof from the world.

“Where there are people, there is a jianghu. There are many people of the sacred mountain. They naturally have competition among themselves. If there is competition, there will be needs. If there are needs, there will be opportunities for outsiders.” Su Yu did not mind.

Ming Guang nodded her head and said with a smile, “Senior Su, you really know a lot.”

Ming Guang was stunned for a while. He thought of the Rising Sun Tribe’s Sun Dong Lai and sighed deeply.

People were vicious, and the people of the sacred mountain were definitely not saints.

“Then, who is targeting us behind our backs?” Ming Guang pondered.

Su Yu said with a half-smile, “Don’t you already have the answer?”

Ming Guang’s face darkened!

The great leader of the Wolf Smoke Tribe!

He actually escaped to the sacred mountain!

“I’m also very surprised. Not only did he not escape far away, he even dared to come to the sacred mountain in public. It seems that he has some ulterior motive in the sacred mountain.” Su Yu’s gaze was very deep and full of insight.

The price of bribing the people of the sacred mountain was very difficult to estimate.

Moreover, even a registered person had been bribed. It was really unknown how many people of the sacred mountain had been bribed.

“This despicable person, is he trying to use such a despicable scheme to make us retreat?” Ming Guang said disdainfully.

Su Yu shook his head lightly. “No! He is warning us to leave the sacred mountain. Otherwise, he will teach us a lesson.”

The other party's message was very clear. He had enough power to control the people of the sacred mountain and cause them to fall into trouble.

Ming die snorted, "The people of the sacred mountain are also a bunch of mobs. They were actually bought over by an outsider!"

Ming Guang was silent for a long time. He looked at Su Yu with a heavy expression, "Senior SU, please make a decision."

If the people of the sacred mountain made things difficult for them, as the tribe that was ruled by the Sacred Mountain, they would have no room to resist.

"When the soldiers come, we will block them. When the water comes, we will cover it," Su Yu said slowly.

The power of faith had to wait until the Dark King appeared.

At the moment, the Dark King was still in deep seclusion. He would only appear five days later to meet with the leaders of various tribes.

For three days in a row, Ming die wandered around in boredom.

It was unknown whether it was intentional or not, but the guest rooms they lived near were all tribes that had had conflicts or unpleasant experiences with the rising sun tribe.

Ming die went out for a walk, but not only did she not relieve her boredom, she seemed even more depressed.

On the fourth day.

A group of twenty people in snow robes came to the t-shaped guest room one by one and routinely inspected the statues sent by the tribe.

Because they had appeared in the past, some tribes took the chance and handed over the empty statues, thinking that the dark king would not look at them one by one.

But what kind of person was the dark king? He could easily tell the truth with a glance.

After that, the Dark King was furious and executed the leader of the tribe, implicating the servants.

A few servants who were responsible for receiving the tribe were executed by the furious Dark King.

Since then, every time they offered the power of faith, the servants would check the black statues sent by the tribe one by one to see if there was the power of faith in them.

If there were any fish in the sea, those who were lucky would not be expelled from the mountain. Instead, they would be imprisoned in the prison of the sacred mountain and be punished by the servants.

None of the tribal representatives who were punished could come back alive.

They knew exactly where they were going.

Twenty servants stood at the entrance of the t-shaped guest room. The leader of the servants had a purple armband on his arm, showing his extraordinary status.

Ming die stared at him and gritted her teeth secretly.

Because he was the snow-robed man who had arranged for them to stay in the t-shaped room a few days ago.

At that moment, he was standing at the entrance with a group of servants. Although he did not say anything, his imposing manner was clearly seen from above. The noisy t-shaped room quickly quieted down.

“It’s the second-class saint servant, Jiang Feiyun! This time, he’s actually inspecting the statue himself!”

“That’s strange. In the past, it was always a third-tier saint. When did a second-tier saint become so free?”

“Shh! be quiet. Everyone, just cooperate obediently. No matter what the Saint says, don’t refute him.”

The representatives of the small tribes kept quiet.

Jiang Feiyun glanced at them coldly, “Before the official inspection, I would like to advise the representatives of the small tribes who are hoping for a fluke. If you roll down the sacred mountain now, I can still spare your lives. If we find out later that there’s a problem with the power of faith, Humph, then it won’t be as simple as leaving the sacred mountain!”

The threatening words made the representatives of the small tribes feel uneasy.

Although they did not have any intention of playing tricks, they still did not have the confidence to re-examine the power of faith that they had brought, afraid that the other party would attack them.

After waiting for a moment, no tribe left. The corners of Jiang Feiyun’s mouth curved into a cold smile.

“From now on, check them one by one! Everyone must cooperate. If you do not comply, you will be severely punished!”

Under his leadership, the leaders of the small tribes did not dare to resist. They carefully gave their faith to them for inspection.

The small tribes that had passed the inspection all took a deep breath. It was as if they had just passed the gates of Hell.

Their inspection speed was very fast. Soon, it was Su Yu and the others’ turn.

Twenty saint servants surrounded their ice cave. Jiang Feiyun walked out with an indifferent expression. “Take out your power of faith!”

Mingguang looked at Su Yu for instructions. He had a bad feeling.

The other party seemed to be coming for them.

Su Yu nodded slightly and gestured for Mingguang to take out the storage item.

Mingguang nodded slightly and cupped his fists at Jiang Feiyun. Then, he took out a golden pocket from his waist.

Inside the pocket was the power of faith that the rising sun tribe had collected for two hundred years.

A total of 10,000 black statues were placed neatly in the center.

Each statue was filled with the power of faith. There was nothing fake about it.

Jiang Feiyun accepted it expressionlessly and probed his soul into it to examine it for a moment.

Although bright light was worried, he was not afraid that the other party would make things difficult for him in this aspect.

The rising sun tribe had prepared the power of faith seriously. There was absolutely nothing wrong with it.

“That’s right.” Jiang Feiyun retracted his soul and nodded slightly. “The power of faith is sufficient. There’s no problem. Let’s go.”

Ming Guang and Ming die were slightly stunned. They left just like that without making things difficult for them?

Chapter 1912 Mysterious Disappearance

This made them very confused. Could it be that Su Yu’s conjecture was wrong and they had misunderstood Jiang Feiyun?

Su Yu looked thoughtful and suddenly said, “Mingguang, immediately re-check your storage space.”

Mingguang’s heart skipped a beat and immediately re-checked.

However, there was nothing unusual. The statue was neither missing nor damaged.

At that moment.

Suddenly, a leader of a small tribe who had been inspected suddenly screamed, “Oh no, my statue of Faith has been stolen!”

This scream immediately attracted the attention of most of the small tribes.

The saint servants who had not gone far also turned their heads.

Jiang Feiyun’s expression was calm as he shouted, “How dare you! The Sacred Mountain is a sacred place. How can there be theft?”

That small tribe was an unknown new small tribe. It was the first time the leader worshiped a religion, but it was lost. He panicked and said, “Reporting to the holy servant, I would never dare to lie. Everything is true!”

Jiang Feiyun frowned slightly and led his men back.

He stared at the leader of the small tribe and repeated, “Since you are so sure, then I can not sit by and do nothing. Otherwise, it will damage the reputation of the sacred mountain! Bring your storage space over. I will check it again.”

After he handed it over, Jiang Feiyun glanced at it and said coldly, "How dare you! When we counted just now, there were 200 statues. Now, there are still 200 statues. How can it be lost? Men, this person has disturbed the worship of the faith. capture him."

"Sir! I am not lying! There were originally 300 statues. Now, I realize that there are 100 missing."

Jiang Feiyun snorted and said, "Do you mean that I have stolen 100 of your statues?"

"I don't Dare!"The little leader said, "I suspect that someone who came into contact with my tribe stole them."

Jiang Feiyun calmed himself down and said, "Without any evidence, how can you say that someone else stole your statues?"

"Yes! I have evidence!"The little leader said hurriedly, "My black statues have been marked by me. It's easy to recognize them."

Jiang Feiyun pondered for a moment, nodded slightly and said seriously, "This is not a trivial matter. Since you have evidence, I will investigate it to the end! Tell me, which tribes came into contact with you?"

The little leader thought for a while and said, "There was no physical contact, but the girl from the rising sun tribe is very suspicious. She walked around my tribe several times. I suspect that he used some kind of secret technique to steal my black statue!"

Ming die, who was watching this scene, immediately blushed and shouted angrily, "Shameless! Our Rising Sun tribe is a medium-sized tribe. Do We need to steal the statue of a small tribe like yours?"

The sales leader was very confident. "If you don't believe me, you can ask someone else if this woman is wandering around my tribe."

Jiang Feiyun nodded and ordered his men to ask around.

For one thing, Ming die had been wandering around a lot in the past few days. It was reasonable for her to say that she was wandering around the small leader's Ice Cave.

For another thing, the small tribes nearby did not have a good relationship with the rising sun tribe. Naturally, they would not hide or cover up for the rising sun tribe.

"Sir, this woman has indeed been walking around this leader many times. It is very suspicious!"The saint servant who had returned came to a conclusion.

Jiang Feiyun locked his gaze on the rising sun tribe again and walked over with the twenty saint servants.

Behind him was the little leader who was gritting his teeth.

"This matter is of great importance. It is necessary to re-examine your statues,"Jiang Feiyun said calmly.

Suddenly, Bright Light's heart raced. He had a bad feeling.

A trap!

It was a trap!

When Jiang Feiyun had visited his storage space, he must have taken the opportunity to replace one hundred of the statues with the statue of the little leader.

Once he examined them, he would definitely find the one hundred statues.

At that time, they would not be able to defend themselves.

Stealing faith in the sacred mountain was even more serious than stealing the statues out of luck.

Perhaps, not only would they die, but they would also implicate the entire rising sun tribe and cause irreparable damage.

What a great move. He was going to drag the entire rising sun tribe into the abyss of Eternal Damnation!

Ming Guang's forehead was covered in sweat. He was extremely nervous.

His mind was blank. He did not know how to solve the problem.

Jiang Feiyun's face darkened. "Leader of the Rising Sun tribe, do you need me to repeat myself? Please hand over the spatial storage device and accept the inspection."

Ming Guang's hands, which were hidden in his sleeves, were trembling. His lips twitched a few times.

When he saw that Jiang Feiyun's eyes were gradually turning cold and that he was about to give the order to seize it., ming Guang had no choice but to bite the bullet and retort, "Lord Saint, just as my daughter said, we are a medium-sized tribe. There is no need for us to steal the statue of a small tribe. I hope that Lord Saint will understand. Do not believe my slander."

Jiang Feiyun said coldly, "I enforce the law impartially. You do not believe the words of either of you. You only believe what you see! "Since everyone agrees that the rising sun tribe is suspected of stealing, then please hand over the spatial storage device and examine it on the spot. Can't you clear your own name?"

"Or are you saying that you have a guilty conscience?"

Ming Guang's palms were covered in sweat. He had no choice but to take out the spatial storage device.

He hoped that the outcome would not be as he had imagined.

However, to his despair, Jiang Feiyun smiled coldly.

The twenty level 3 saint servants behind him also tensed up.

It was as if they already knew that there must be something in this storage space that they wanted to find.

It was over!

Ming Guang's eyes darkened.

Even if Su Yu was in charge, how could he be so presumptuous in the sacred mountain?

He felt bitter. The rising sun tribe had survived a great catastrophe with great difficulty, but in the blink of an eye, they had encountered an even more desperate situation.

Jiang Feiyun took the storage space. In order to prove to the people present that they were being fair, he did not probe into it again.

Instead, he directly opened the storage device and poured out all 10,000 statues, placing them neatly side by side on the ground.

The 100 statues were among them.

Jiang Feiyun said to the little leader, "As you requested, I have asked them to display all the statues. Please identify them."

The little leader nodded and took out one of his statues. "I have smeared the special marks of our tribe on all the statues. As long as one of the marks is activated, all the marks will be activated at the same time."

As he spoke, the little leader bit his fingertip and squeezed out a drop of blood essence to drop on the statue.

Immediately, a clear bloody light appeared on the face of the statue.

As he swept his gaze over the tens of thousands of statues of the rising sun tribe, he said, "Now, the other 100 statues should also have a bloody light."

Jiang Feiyun's sneer deepened. He waved his hand and said, "Rising sun tribe, what else do you have to say? Men, capture them..."

However, he noticed that the level three saint servants behind him were all hesitating on the spot.

Countless bystanders looked at him in surprise.

Jiang Feiyun was slightly stunned. He subconsciously looked at the statue of the Rising Sun tribe. When he scanned it carefully, he actually could not find the statue with a bloody face!

How was that possible!

The one hundred statues were personally replaced by him during the visit. How could there not be any?

The little leader was stunned. He looked at them again and again, but there was nothing.

Ming Guang and Ming die, whose hearts sank to the bottom of the valley, widened their eyes in disbelief and carefully checked their own statues.

There were no marked statues.

What was going on? were they really overthinking things?

At this moment, Su Yu, who had been silent the whole time, suddenly said indifferently, "Little leader, why don't you take out the other one hundred and ninety-nine statues and compare them. is the marking effective?"

How could he be wrong?

But just in case, he took out the other 199 statues. Without exception, all of them were blood red.

This meant that it wasn't that the activation failed, but that the rising sun tribe didn't steal their statues at all.

Su Yu said indifferently, "Little Chief, if you have any other detection methods, feel free to take them out. If you don't, then come to a conclusion as soon as possible. Our Rising Sun tribe is doing well. Although we aren't afraid of confrontation, People's words are terrible. It's better to clarify it as soon as possible."

The young leader looked at Su Yu deeply and said in a low voice, "I am not in the statue of the rising sun tribe."

He did not deny that the rising sun tribe did not steal it.

Su Yu's expression turned cold. "At this moment, you should say you are sorry. Otherwise, our rising sun tribe has the right to destroy your tribe while the notice of 'War can be started' is still in effect. Not even a chicken or dog will be left alive!"

The young leader trembled. He was confident that Jiang Feiyun would be able to destroy the rising sun tribe. That was why he dared to go against them.

Now, the rising sun tribe had mysteriously escaped. If they wanted to take revenge, their small tribe was not enough to be trampled by the rising sun tribe.

"I'm very sorry. It was a misunderstanding. Please be magnanimous and forgive me for my recklessness, Lord of the Rising Sun tribe."

Su Yu retracted his coldness and said, "Since it's a misunderstanding, then it's fine!"

Just as Jiang Feiyun was secretly relieved.., su Yu looked at him and said, "However, I would like to ask the second-class saint servant. Before the results of the inspection were out, you already knew the results and ordered the arrest. I don't know if you can predict the future, or if you can predict the future. Did you already know that there's the little leader's marked statue in our statue?"

Immediately, Jiang Feiyun was like a sitting cushion as he explained, "This... I was also confused by this small leader's solemn appearance and mistook it for the truth. That was why I made a mistake in the order!"

This explanation was barely passable.

However, everyone present, as long as they were not fools, should know that Jiang Feiyun's performance just now had exposed his premeditated plan.

However, without concrete evidence, no one could do anything to him.

"Since it's a misunderstanding, let's end it here!" Jiang Feiyun said. He was thinking about what to do next.

If his plan failed, he had another plan.

"Wait! The statue was stolen in the sacred mountain. It's no small matter. It concerns the dignity of the dark king. How can we just let it go?" Su Yu said, "At the very least, we have to find the person who stole the statue!"

Jiang Feiyun frowned. "However, you guys are the most suspicious. Your suspicions have been cleared. No one can suspect you anymore."

Su Yu's gaze was calm. He said slowly, "No! There is another person who is even more suspicious than our rising sun tribe!"

"Who?" Jiang Feiyun's heart skipped a beat. He did not know why, but he felt that something was not right.

"You! Second-tier saint servant!" Su Yu stared at him and said word by word!

Chapter 1913 First-Class Saint Servant

Everyone was stunned. Who? Jiang Feiyun?

Many tribal leaders smacked their lips and said in a low voice, "The rising sun tribe is doomed. They actually suspect a second-class saint servant. Isn't that just asking for trouble?"

"Hehe, I think the second-class saint servant is too much. The rising sun tribe has no choice but to retaliate. It was clearly a second-class saint servant who framed them. If he succeeded, the consequences would be unimaginable!

"Moreover, if we don't think of a way to deal with this second-class Saint Attendant, I'm afraid that there will be even more dangerous traps waiting for the rising sun tribe."

Most of the leaders of the small tribes secretly agreed with the latter's words.

From the second-class Saint Attendant's methods just now, he didn't seem like a benevolent person. His goal was to kill the entire rising sun tribe. It would be foolish to think that they would be safe if they survived this time.

Ming Guang and Ming die were also secretly shocked. He actually suspected the second-class saint. Wasn't that a direct confrontation with him?

However, outsiders could still see through it. There was no reason that they could not see through it.

This second-class saint was harboring evil intentions. They had to think of a way to get rid of him. Otherwise, there would be endless trouble in the future.

However, this was the sacred mountain. It was the saint's territory. How could it be easy to get rid of a second-class saint?

Jiang Feiyun frowned and said coldly, "You suspect me?"

Su Yu's expression was indifferent. "What? Did I not make myself clear enough? "You are the biggest suspect here! "If our people were to pass by the little leader's vicinity, then as someone who personally touched his spatial storage device, wouldn't you be even more suspicious?"

The little leaders at the side quieted down and were ready to watch a good show.

"What a joke. Our saint servants have always been fair and selfless. Is there a need to steal the statue? "Even if we steal it, what's the use?" Jiang Feiyun laughed. "Human of the rising sun tribe, since this matter has already turned into

a small matter, don't meddle in it. Otherwise, I still have the authority to expel you from the mountain."

As he said that, he waved his hand and continued to check the storage space device with the other saint servants.

However, Su Yu was not willing to let it go. He said lightly, "Then, I will ask your first-class saint servants if they can stay out of the law as suspected Saint Servants."

The Saint Servants of the sacred mountain also had strict levels.

There were three levels in total.

There were only ten first-grade saint servants. They were the top saint servants who were directly responsible for the dark king.

Their status was superior to the second-grade and third-grade saint servants.

When the dark king was in closed-door cultivation, the ten saint servants had the authority to handle the matters on the sacred mountain on behalf of the Dark King.

Jiang Feiyun was clearly a suspect and had a great impact on the reputation of the sacred mountain. However, he did not do anything to clarify the matter. It was necessary for the first-grade saint servants to come forward and severely punish the relevant people.

As expected, Jiang Feiyun immediately turned around when he heard that. His eyes shot out traces of coldness.

He did not expect them to be so difficult to deal with.

"Humph! Since you insist that I give you an explanation, then I will do as you wish!" Jiang Feiyun was unhappy. He was unhappy that Su Yu forced him to examine everyone in public.

As for whether there was a problem, he was very confident that it would not be!

Those statues could not be on him at all.

He took off the pocket on his waist.

As a special item, the black statues could not be placed in ordinary spatial storage devices. Only special pocket-style storage devices could be placed there.

This was also the reason why when he checked just now, he only checked the pocket storage devices on them. He did not check ordinary storage devices. This was the reason.

Jiang Feiyun opened the spatial storage pockets. He was not worried at all.

However, he still took a glance at it subconsciously.

However, this glance caused Jiang Feiyun's pupils to shrink and shock waves to rise in his heart.

In his storage bag, there were actually 100 black statues with blood-red faces lying quietly.

They were the 100 black statues that the so-called little leader had lost!

How could they be in my storage bag?

He had clearly taken the opportunity to check the rising sun tribe's dimensional storage bag and swap the 100 black statues with the rising sun tribe's.

Why were they still in his storage items?

Impossible!

Impossible!

Suddenly, he raised his head and stared at Su Yu. When he met those deep and cold eyes, he was quick-witted.

It was him!

From the moment he got up, it was very strange. The black statue with the mark had disappeared and returned to his storage items. He must have done something in secret!

What should he do?

What should he do?

If he poured it out in front of everyone, he would be finished!

The saint servants stealing the black statue of the leader of the small tribes was a matter that affected the reputation of the sacred mountain. Even if the Dark King knew about it, he would have to peel off a layer of his skin to appease the anger of the small tribes.

Not to mention the ten first-class saint servants. They would not go easy on him!

Seeing that he had stopped, the leaders of the small tribes were secretly surprised.

"Damn, it can't be. Could it be that the second-class saint servants would really steal the black statue?"

"This is an unprecedented event. If this gets out, who would dare to let the saint servants inspect it in the future?"

"The people of the sacred mountain would also do such shameful things?"

The Whispers Made Jiang Feiyun's heart clench.

He could not let the truth be revealed to the public!

"Why? Why Don't you open the spatial storage device and let everyone be a witness?" Su Yu said calmly, staring at him quietly.

If this person really was only making things difficult for him, he would probably let him off.

Since he was ruthless enough to force them and the entire rising sun tribe to their deaths, then don't blame him for being ruthless.

Jiang Feiyun's face flickered with uncertainty. After struggling for a few times, he gritted his teeth and shouted, "Men! The people of the Rising Sun tribe have interfered with the Holy Scribe's religious inspection. They are harboring evil intentions. capture them and interrogate them!"

This action would definitely attract the anger of the people. It might even attract the attention of the first-class saint.

However, if he wanted to be exposed in front of the public and punished by being executed, what was the harm in being criticized?

As long as he was given enough time, he would be able to get rid of the 100 burning black statues in an uninhabited area. Everything would be fine.

The third-class saint behind them was more or less related to this second-class saint.

They would all die together.

Naturally, they did not hesitate to carry out the order. They pounced on Su Yu and the others and shouted, "Saint servant, we will not surrender. If you resist, kill without mercy!"

Ming Guang and Ming Die were furious. It was obvious that Jiang Feiyun had a guilty conscience. He had actually used a false excuse to capture them!

Anyone who was captured by the saint servant would lose a layer of skin even if they did not die.

With the Saint Attendant's personality, it was obvious that they would die.

But how could the three of them fight with the Saint Attendant?

Even if there was a reason, if they resisted the saint attendant, they would still be unreasonable and would be severely punished.

They did not dare to make a move, but Su Yu did.

With a swift step, he flew out and arrived in front of Jiang Feiyun in an instant.

In fact, his cultivation was not high. He only had the cultivation of a silver overlord. The reason why he was able to strut around and scold the leaders of many emperor-level and above was because of his status.

Su Yu casually grabbed and took the storage space in the other party's pocket. It was effortless.

Jiang Feiyun's expression changed in shock. "How dare you attack the Saint Servant in public! Kill! Kill him!"

Su Yu flicked his finger and formed a spatial barrier in front of Ming Guang and Ming Guang. No matter how they attacked, they could not do anything to him.

As for Su Yu, he stood still. They could not do anything to him.

Su Yu continued to forcefully wipe away the mark left by Jiang Feiyun. Everything in the air was poured out.

One by one, black statues with blood-red faces fell to the ground in front of everyone's eyes.

This scene caused an uproar in the crowd.

Jiang Feiyun's face was even more pale. However, the look in his eyes was even more fierce. "Men, inform the first-class saint servants that there are people with evil intentions. They are framing the saint servants and insulting the innocence of the sacred mountain. They should be cut into pieces!"

Hearing this, the leaders of the small tribes present were furious.

They had been exposed in public with irrefutable evidence, and they had even turned the blame on the rising sun tribe.

In the eyes of the people of the sacred mountain, their tribe was like pigs and dogs. How could they slander and humiliate them so easily?

Su Yu remained silent and did not stop them.

At that moment, an indifferent voice drifted over. "There's no need. I'm here."

Jiang Feiyun's face froze. He looked over and saw a young man in a golden robe slowly walking over with ten level two saint servants.

There was only one kind of person who could wear a golden robe in the sacred mountain, and that was a level one saint servant!

Why did he suddenly come? Or was he already here? He just hadn't shown up yet!

Seeing this, the level three saint servants who were attacking stopped and bowed respectfully.

Jiang Feiyun came back to his senses and immediately ran forward. He knelt down and kowtowed solemnly, "Greetings, first-class saint servant!"

"What happened here?" The first-class saint servant asked indifferently.

Jiang Feiyun did not give the rising sun tribe a chance to speak. He said, "First-class saint servant, the rising sun tribe has ulterior motives. They caused trouble and insulted the Sacred Mountain's innocence. Please give the order to execute them in public as a warning to others."

First-class saint glanced at the crowd and said, "I will make my judgment after I have investigated thoroughly."

"Sir, I have investigated thoroughly. The evidence is conclusive. There is no doubt about it! Please give the order immediately..."

He did not finish his sentence because first-class saint was looking at him coldly.

Jiang Feiyun immediately shut his mouth. His heart was pounding.

"Are you a first-class saint or am I?" The first-class saint asked indifferently.

Jiang Feiyun lowered his head even further and quickly said, "I'm Sorry!"

"Then shut your mouth!" The first-class Saint said expressionlessly. He said to the ten second-class saint servants behind him, "Investigate what happened."

The ten second-class saint servants spread out and asked the rising sun tribe and the witnesses nearby.

The bright light came naturally. The witnesses did not have the courage to lie to the first-class saint servant for a second-class saint servant.

Moreover, Jiang Feiyun's actions made them feel disappointed.

Therefore, no one covered up for him. They explained everything clearly.

The ten second-class saint servants came back and reported everything that they had heard.

It was almost exactly the same. They all accused Jiang Feiyun of stealing other people's statues. Moreover, after being exposed, not only did he not admit his guilt, but he also retaliated. His attitude was evil and arrogant, and the negative impact was extremely bad.

The Level 1 saint servant's eyes were indifferent. He looked at Jiang Feiyun and said coldly, "Do you have anything else to say?"

Jiang Feiyun's face was ashen. His heart was filled with despair and resentment. He stared at Su Yu and said, "My death is not worth regretting, but Su Yu openly attacked the saint servants. He can not be forgiven! He should die with me!"

When the leaders of the small tribes heard this, they felt like they could not breathe.

What a joke!

Not only did Jiang Feiyun refuse to be inspected by everyone, he even tried to capture the rising sun tribe.

Under such circumstances, what should they do if they wanted to expose Jiang Feiyun?

Other than forcefully snatching the storage items, there was no other way.

However, the rule of the sacred mountain was that under any circumstances, attacking the saint servant was disrespectful to the sacred mountain. They should be punished with death.

Chapter 1914 The Dragon's Den And The Tiger's Den

However, the first-class saint servant's expression was indifferent, he said, "I will ask the Dark King if he is guilty of a capital offense. I believe that after the Dark King hears the whole story, he will understand that he was forced to make a move! "As for you, you have committed heinous crimes and severely tarnished the reputation of the sacred mountain. A person like you can be executed first and report later!"

After that, the first-class saint servant slapped his head.

"No! How can he not die? I refuse to accept it!" Jiang Feiyun could not understand why Su Yu was spared even before he died.

In the past, when there were cases of people taking the initiative to attack the saint, they would always kill the tribal leader on the spot as a warning to others.

However, this time, it was unknown what the first-class saint was thinking. He actually defended this person!

However, so what if he was unwilling?

His head was smashed like a watermelon. He could not be more dead.

The first-class saint said indifferently, "Second-class Saint Jiang Feiyun stole the statue of the tribal leader. The impact was bad. He was executed in public. Please wake up and do not follow in his footsteps."

"Yes, my Lord!"

At the same time, the tribal leaders all let out a sigh of relief.

Although there were scum like Jiang Feiyun in the sacred mountain, the sacred mountain had strict laws and strict management. With the first-class saint enforcing the law impartially, the scum could be eliminated in time. Therefore, the sacred mountain could still be trusted.

The first-class holy servant finally looked at the rising sun tribe and said, "Since you are a medium-sized tribe, go to the third-class guest room immediately."

Ming die was overjoyed. She had long felt wronged. Now that the first-class holy servant had cleared her name, she was extremely happy. She thought to herself that it was fortunate that the sacred mountain had such a sensible first-class holy servant in front of her.

Only Ming Guang had a thoughtful look in his eyes.

Based on his understanding of the holy servant, the first-class holy servant was high and mighty. He rarely asked about the matters of the medium-sized and small tribes.

It was one thing for this person to come uninvited to uphold justice, but he even paid special attention to their living environment. It was somewhat unusual.

Under the guidance of the saint servant and under the expectant gazes of the leaders of the small tribes, they left the t-shaped guest room area and came to the c-shaped room.

What was strange was that the first-class saint servant actually followed them!

"Mingguang, mingdie, wait outside the room for a moment. I have something to say to the first-class saint servant," Su Yu said slowly.

Mingguang was shocked. He had long felt that there was something wrong with the appearance of the first-class Saint Attendant. Now, it seemed that it had something to do with Su Yu!

At this moment, a storm was raging in his heart.

He had thought that Su Yu was just a guest who came out of the sacred mountain, but now, he had already gotten to know the first-class Saint Attendant!

Mingdie's eyes were also wide open, her face full of disbelief.

The two of them entered the room, and Su Yu casually set up a space barrier to prevent prying and eavesdropping.

"Greetings, Lord Su. I didn't expect you to be a human." The first-class saint attendant cupped his fists, revealing a nostalgic smile.

Su Yu laughed, "This is no longer the secret realm of the White Sun clan. You are no longer a captive of the White Sun clan, and I am no longer the Lord who leads you. Where did the Lord come from?"

The first-class saint attendant in front of him was none other than the person from the Holy Land whom he had met in the secret realm of the Bai Ri Clan, Wang Dahu!

After Su Yu had subdued the group of captives, he chose Wang Dahu as the spokesperson to manage the captives.

The captives from all directions were unconvinced and revealed their identities one after another. Among them was the disciple of the number one sect in the world, the Divine Cloud Mountain.

The most shocking one was Wang Dahu.

He came from the Holy Land!

Su Yu had a jade seal that he had used to communicate with Wang Dahu. This time, he dared to come to the holy mountain to look for the scabbard and formation stone. To a large extent, he had Wang Dahu to contact.

However, Su Yu was also a little surprised. Wang Dahu's status in the Holy Mountain was so high. He was one of the ten first-class holy attendants.

When Jiang Feiyun and the others came to provoke him, Su Yu had secretly contacted Wang Dahu through the jade seal. That was why he could appear at such a coincidental time.

"It's only right to call you sir. If it weren't for you, perhaps I would have become a meal for the blood breeds, or perhaps I would have been imprisoned by the Dayi Clan, living a life of darkness," Wang Dahu recalled the past, his heart was filled with gratitude.

After meeting Su Yu, he had taken a special liking to him and even promoted him to manage all the captives. He had never looked down on him.

Therefore, Wang Dahu was deeply grateful.

When he learned that Su Yu had actually come to the sacred mountain, he immediately rushed over.

Now, it was the first time he had seen Su Yu's true appearance. He could not help but be surprised when he found out that he was a human from a low-class race.

Su Yu's intelligence was close to that of a demon, and his ability to calculate and plan without fail was something that Wang Dahu would never forget for the rest of his life.

It was indeed unexpected that a person with such an extraordinary intelligence would actually be a human.

"It's nothing. There's no need to take it to heart. On the contrary, I'll have to trouble you this time," Su Yu said.

Wang Dahu nodded in understanding. "I knew that there must be something important for you to visit the sacred mountain. Please tell me directly. If I can help, I won't refuse."

Su Yu said, "I want to know how difficult it is to enter the sacred pool of your sacred mountain?"

Wang Dahu's expression changed when he heard that. "Sir, you want to enter the sacred pool? That's where the dark king is cultivating in seclusion!"

Su Yu's expression changed when he heard that.

The memory he obtained from his solitary dream was that the scabbard had been stored in the sacred pool of the sacred mountain for many years.

The only way to obtain the scabbard was to enter the sacred pool to search.

Who knew that this place was where the Dark King was cultivating!

Searching for the scabbard there was no different from entering a tiger's Den to look for a tiger's son.

The level of danger was as high as a narrow escape.

It was not an exaggeration to say that this place was the most dangerous place in the entire dark star civilization!

What kind of cultivation level did the dark king have?

Even if he came out of seclusion, he would be able to immediately discover the abnormality of the place with just a sweep of his mind. If outsiders wanted to go in and search for something, they had to be prepared to die.

Su Yu's eyes darkened.

After spending so much effort and finally coming to the Sacred Mountain, was he going to give up just like that?

"Sir, may I know why you entered the Sacred Pool?" Wang Dahu's eyes flashed slightly as he asked.

Su Yu pondered for a moment and said, "The scabbard of the Emperor's killing sword is in the Sacred Pool!"

The emperor's killing sword had caused chaos in the dark star civilization. There was no reason for Wang Dahu not to know, but this was the first time he had heard of the scabbard.

"So it's for the emperor's killing sword." Wang dahu understood Su Yu's determination and pondered for a moment, he gritted his teeth and said, "Alright, I can think of a way to bring you into the sacred pool, but I've never seen the scabbard you mentioned before. I don't know if I can find it."

Su Yu said in surprise, "Aren't you afraid that the Dark King will find out that we've barged into the Sacred Pool?"

Wang Dahu said, "You don't have to worry too much about this. The sacred pool is filled with too much power of faith. It's so huge that even the dark king's consciousness can't penetrate it. The problem is that when the dark king leaves the sacred pool, he will set up a seal at the level of the four crowns. Does Sir have a way to break the seal?"

This..

Su Yu's bright eyes suddenly dimmed.

The seal of the four crowns could only be struck with brute force.

However, it would definitely cause a huge commotion.

Even the three crowns could easily sense it, let alone the four crowns?

He was afraid that he would be discovered immediately.

Wang dahu sighed, "If sir is unable to deal with the seal, I advise Sir to give up."

At this moment, the nine jade spiritual pearl on Su Yu's wrist suddenly emitted a cloud of pink mist.

The mist gathered in front of them and revealed a little pink qilin lying on the ground. Its front paws were placed on the ground and it stretched its long lazy waist. It said lazily, "With me here, what is the seal afraid of?"

Su Yu was delighted. "Little Qilin? You're awake!"

The last time they entered the nine Jade Spiritual Pearl, the little qilin showed signs of waking up.

Looking at the time, it was indeed time for it to wake up.

However, Su Yu was very surprised. "Can you hear our conversation?"

The Little Qilin was in the nine Jade Spiritual Pearl and was isolated from the outside world. How could it possibly be able to hear the conversation outside?

The little qilin tilted its ears and deliberately shouted, "What did you say? I Can't hear you!"

Su Yu gave it an angry slap on the forehead and said, "Get serious!"

The little qilin immediately covered its head and wiped its tears. It said aggrievedly, "How can you treat a godly beast like this? Be careful that I change my master and fall into someone else's warm embrace!"

Seeing that Su Yu threw another slap at it, the little qilin hurriedly rolled on the ground and said, "Don't, I said I can't!"

Its entire body trembled, and a faintly discernible power of nothingness condensed on the surface of its body.

The spatial barrier that Su Yu had condensed was directly pierced through by the power of nothingness, leaving a huge gap.

"Power of Nothingness!" Su Yu was secretly surprised. The last time he checked, he had discovered that the little qilin's body contained the power of nothingness. He did not expect it to be true, and now it could directly use the power of nothingness.

"In front of the power of nothingness, all isolation is useless, including the seal you mentioned. I can pass through it without any obstruction at any time."

When Su Yu heard this, a trace of joy appeared between his brows. He asked again, "Then, is it only effective against you, or can you let me and him enter together?"

"Currently, my power of nothingness is limited. I can only bring two people steadily. Any more and I won't be able to."

Two people was enough!

"Alright, I'll rely on you this time." Su Yu was relieved. He did not expect the little qilin to help him so much the moment he woke up.

The little qilin elegantly stretched out its right claw and arrogantly raised its neck.

Su Yu was puzzled and asked, "What's Wrong?"

"On account of your many years of nurturing me and your hard work, this divine beast specially allows you to lick my feet. Consider it a reward for you." The little qilin said slowly, like a noble princess.

"Get lost!" Su Yu kicked him, and the little qilin rolled for a few weeks.

The little qilin got up with a dusty face and said bitterly, "Hey, if you keep doing this, I'll really run away from home!"

"Sure, don't come back after you leave. I believe that the Star Alliance Chamber of Commerce will pay any price to get you."

The little qilin raised his neck high, and his short tail kept swaying. He said proudly, "That's because I'm precious and unique."

"Yeah, that's why they'll try their best to breed you. They'll give birth to many strange-looking offspring and sell them."

The Little Qilin's body stiffened and his eyes revealed fear. "Really?"

"Ask him if you don't believe me."

The little qilin turned his head to look at the dumbfounded Wang Dahu. "Hey, is he serious?"

Wang Dahu nodded in a daze. "Isn't it normal for rare and Strange Beasts to be bred? It's the same if they fall into the hands of our Dark King."

The little qilin took a deep breath, he immediately lowered his head and ran to Su Yu's feet to rub his thigh. "Ahem... about that... When I said I was going to run away from home, I was actually going outside to bask in the sun, drink tea, and then come back after eating a bun. Master is wise and divine, how could I really bear to leave?"

"Oh, then go back and rest. It's still very troublesome if someone sees you."

The little qilin hurriedly nodded and muttered, "The outside world is too dangerous. It's still safer inside the Spirit Pearl..."

Wang Dahu returned to his senses and his eyes revealed a deep shock. He narrowed his eyes and said, "Sir, this spirit pet of yours seems to be very extraordinary!"

Chapter 1915 White Snake Holy Beast

Su Yu smiled faintly and did not say anything. Was there only one that was extraordinary?

If he had seen Xiao Die who ate everything, he did not know what he would think.

"Since the seal has a way to deal with it, then it's easy to talk about it." Wang Dahu nodded and said, "Three days later, the dark king will come out of seclusion and meet with the leaders of the various tribes. That will be the best opportunity to enter the Holy Pond."

Hearing this, Su Yu looked at Wang Dahu with slight hesitation. "I really feel bad for letting you take such a big risk."

Wang Dahu didn't think much of it, he said, "I was able to come back alive this time because of Sir. So what if I helped you take the risk? Moreover... the sacred mountain is no longer the sacred mountain of the past, and the Dark King is also no longer the dark king of the past. If I have a choice, I want to leave the Sacred Mountain."

Eh? Su Yu was secretly surprised. As a first-class saint attendant, how could he have such a rebellious thought?

Moreover, was there a deeper meaning behind the so-called "The dark king is no longer the dark king of the past"?

This was a matter of the sacred mountain, so it was not convenient for Su Yu to inquire further. He nodded and said, "Then I'll have to trouble you."

Three days later.

The leaders of the large, medium, and small tribes were all looking forward to it.

Today was the day the sacred king came out of seclusion to meet them.

Suddenly, the air in the sacred mountain became colder. A snow-white ice ball rose from the back of the Ice Peak, like an ice sun hanging high in the sky above the sacred mountain.

All the sacred attendants of the sacred mountain lowered their heads respectfully.

The representatives of the tribes also showed respect and bowed deeply.

Su Yu was a little surprised. Was that the Sacred King?

Did he not show himself?

A golden-robed first-class saint attendant shouted, "Please bring the statue of Faith to the Sacred Palace!"

On the highest peak of the ice seal, there was a huge ice palace.

An ice light shot out from the ice sun and a projection sat on the throne of the Sacred Palace. The ice light surrounded his body, making it hard to see his face.

He was the Dark King!

Ming Guang said, "Senior Su, Ming die, you can wait in the guest room."

The two of them nodded slightly.

Ming die glanced at Su Yu with hesitation in her eyes.

After her father left, Ming die pursed her lips slightly and said, "Senior SU, what are your plans after leaving the Sacred Mountain?"

His goal was to ascend the sacred mountain.

Would he return to the rising sun tribe after the matter was completed?

Probably not. Or would he stay because of me?

After spending half a year together, Su Yu not only helped her solve the hidden trouble in her soul, but also gave her an extremely precious rootless purple emperor tree. Other than the reason why senior SU took a fancy to it, she couldn't think of any other reason for Su Yu to do so.

"Find my wife," Su Yu said, dispelling the feelings that had arisen in her heart.

Sure enough, Ming Die's eyes darkened slightly. The feelings that had sprouted in her heart were immediately obliterated by one sentence from him.

So he had a wife.

A trace of a bitter smile crossed the edge of her mouth. Was it that she had overestimated herself?

"Senior, I have a question. Why did you help me so much?" Ming die was a little unwilling, but she was also a little lucky.

Su Yu looked at her and said frankly, "Because when I first met you, I saw her shadow in you."

So that was how it was. Ming Die's last glimmer of hope was extinguished.

This made sense.

After sinking for a while, Ming die said in a low voice, "Your wife is really a lucky person."

Su Yu was stunned for a moment. Deep guilt crossed his heart.

It should be said that meeting him was Xian 'er's greatest misfortune, right?

After extinguishing the emotions in Ming Die's heart, Su Yu slowly stood up and said, "Die 'er, it's time to say goodbye to all of you."

"What? Senior SU is leaving now?" Ming die felt as if she was about to lose something, and her heart was empty.

Su Yu looked into her eyes and nodded. "Take care! And then... I'm sorry."

Immediately, his eyes shot out a ray of light from his soul.

Ming die instantly felt her vision darken, and she fell into a coma on the spot.

After settling her down, Su Yu pushed open the door, and Wang Dahu, who was dressed in a golden robe, waited outside.

"Sir, is everything settled?"

Su Yu nodded.

Wang Dahu took out a silver robe of a third-grade saint servant and asked Su Yu to change out.

After they were ready, the two of them arrived at the Ice Valley where the ice sun was rising.

There were saint servants guarding the entire way, but with Wang Dahu leading the way, no one dared to question Su Yu, let alone check his identity.

“The Saint Pool is at the bottom of the Ice Valley. The saint servants along the way are easy to deal with, but we need to be extra careful of the Saint Beasts raised by the Dark King,” Wang Dahu transmitted his voice.

Su Yu frowned slightly. “Saint Beasts? How’s their cultivation?”

“Three Crowns.”

“Is it difficult to deal with them?” Su Yu pondered. Even if he had the white emperor puppet with him, it would be extremely difficult to kill them without making a fuss.

Wang Dahu said, “It’s not difficult to deal with them. They are in a state of deep sleep all year round. As long as they don’t make too much noise, they won’t wake them up.”

That was easy to say.

The cold air in the ice valley was even denser. Even with Su Yu’s cultivation, he couldn’t help but feel a bone-piercing pain.

“When did the sacred mountain become a snow mountain?” Su Yu had read the ancient books in the rising sun tribe. The sacred mountain should have been shrouded in the dark moonlight, and there had never been any cold air.

Later on, it became a snow mountain.

But the exact time of the change was unclear.

Wang Dahu said, “Ever since the Dark King was injured back then, it has always been covered in ice and snow.”

Su Yu’s gaze shifted slightly. “You mean that the dark king is injured?”

“Yes, back then, a four-crowned champion from an extraterrestrial civilization invaded. Although the Dark King defeated him, he was also heavily injured. All these years, he has been healing his injuries in the icy environment and has yet to recover.”

It was unexpected that he could still receive such news.

However, the injured dark king was still able to kill the first generation wind and cloud manor head of the same level. It could be seen that dark king’s true strength was very strong.

As the two spoke, they had already arrived at the bottom of the valley, in front of a huge ice wall.

Within the ice wall, a white snake that was 500 feet long could be seen with the naked eye. Its entire body was covered in green scales. It coiled up and did not move at all. It had fallen into a deep sleep.

Its aura was exceptionally powerful, and it was shockingly an existence at the level of a three crowns emperor.

Moreover, it had followed the dark king for a long time, and it also carried a trace of the pressure of a four crowns emperor. It gave off an extremely dangerous feeling.

The two of them did not make any movements and quietly walked into the ice cave beside them.

They let out a sigh of relief and slowly entered.

However, what they did not know was that not long after they entered, the white snake opened its eyes indifferently.

Its dim yellow eyes glanced sideways at the ice cave.

They had already been discovered by the Dark King's Sacred Beast!

The two of them walked unimpeded through the ice cave for an hour before they finally reached the end.

"The seal is up ahead. In the past, we first-class saint servants would report to the inside on our knees before the seal and then listen to the Dark King's instructions."

Su Yu nodded slightly and summoned the little qilin.

Whether or not they could successfully break through the seal this time would depend on the Little Qilin's power of nothingness.

Realizing that Su Yu valued them very much, the little qilin was surprisingly not mischievous and prepared seriously.

However, when they came to the front of the seal, they could not help but be shocked.

A powerful seal that covered the entire ice cave was actually torn apart from the middle by the powerful magic artifact in the eyes and split into two.

Wang Dahu was stunned. He immediately realized that something was wrong and said in a low voice, "Someone rushed into the sacred pool before us!"

Su Yu's expression changed slightly.

Could it be that the other party was also here to look for the scabbard?

Chapter 1916 Dark King's Arrival

Feeling anxious, Su Yu immediately dashed into the cave.

As soon as he entered, the powerful power of faith rushed at him, greatly weakening his senses. He could only see everything clearly with his naked eyes.

Wang Dahu followed closely behind and said, "This is also my first time entering this place. Please be careful."

Dark King's cultivation place was not big. It was an empty cave that was thousands of feet square. There were only a few simple decorations and a holy pond that had dried up the power of faith until only a thin layer was left.

Just like the moon worship sect's spiritual pond of faith, the Holy Pond was also where the power of faith was stored.

What made Su Yu's face sink was that this place had obviously been turned over by someone. The cushions, tables, chairs, furnishings, and other things that were used for meditation had all been moved by someone. It was obvious that the person who had broken the seal had already searched the place.

Su Yu flashed over and searched quickly. A moment later, a cold light flashed in his eyes.

There was no trace of the scabbard.

If the Dark King did not carry it with him, then it should have been taken away by the first person who came in.

Who Was It?

To be able to break the seal of the four crowns without anyone knowing, this person must be very impressive.

Could it be that after countless years of hard work, it was all for nothing in the end?

"There seems to be another world under this pool." It was unknown when the little qilin jumped to the edge of the spirit pool. He opened his purple crystal-like eyes and looked curiously at the bottom of the pool.

A trap?

Su Yu flew over. With a thought, he used his divine power to separate the thin layer of liquid power of faith. Surprisingly, he discovered that there was actually a dark tunnel at the bottom of the pool that extended deep underground.

However, there was a layer of seal blocking the underground entrance, so the power of faith did not flow down.

Their perception was severely affected by the power of faith. Only the little qilin, who had the power of nothingness, was not affected much.

Wang Dahu was surprised. "I've never heard that there's another universe under the Holy Pond!"

Su Yu was deep in thought. He lifted the tip of his sword and found that this layer of seal was only used to isolate the power of faith and prevent it from flowing into the underground passage. It could not be opened.

With a casual lift, the seal was opened.

"Let's go down and take a look." Su Yu entered in a flash, with Wang Dahu and the little qilin following behind.

Following the underground passage, they arrived at the lava-filled underground in a few breaths.

In the rolling hot lava, there was actually a cross stuck in the lava.

On top of it was a mass of flesh and blood.

It was called a mass of flesh because his entire body could no longer be seen clearly. All that was left was a smelly, blurry, pitch-black mass of flesh.

However, his body was emitting a terrifying and powerful aura!

The four-crowned King!

Su Yu's pupils constricted slightly, and he immediately became vigilant.

Wang Dahu sized him up in surprise and said in confusion, "Could it be that he's the four-crowned king from the outer realm who broke into the dark star civilization back then?"

It was rumored that the Dark King had defeated the intruder and suppressed him under the sacred mountain.

Every full moon, he would emit a shrill scream that spread throughout the sacred mountain.

Su Yu had heard this rumor countless times.

He did not expect it to be true!

"Strange, why didn't the Dark King Kill Him?" Su Yu touched his chin and immediately threw the question to the back of his mind. He looked around for the scabbard.

If there was no scabbard here, it would be impossible to find it again.

Suddenly, Little Qilin's sharp eyes noticed that the cross had pierced into an empty scabbard.

Only a sliver of it was exposed. If it wasn't for the Little Qilin's sharp eyes, Su Yu wouldn't have noticed it.

"Scabbard!" Su Yu's eyes were filled with ecstasy.

The heavens did not disappoint those who had the heart. The scabbard had finally been found!

However, he then began to think deeply.

It seemed that the person who had barged into the sacred pool had not discovered this hidden underground chamber.

While thinking, Su Yu walked towards the cross and was about to retrieve the scabbard.

Suddenly, the little qilin's four claws scratched the ground uneasily. Its entire body tensed up as it stared at the entrance where they came from. It growled, "Someone is here. Someone very, very powerful."

The power of faith did not block its senses. It discovered that a powerful aura had appeared in the sacred pool above.

Su Yu and Wang Dahu's expressions changed drastically.

At this moment, who else but the dark king could appear in the sacred pool?

"Oh no, the Dark King came back early!" Wang Dahu was shocked. "How could this be? Why did the Dark King come back early? He should have just started to receive the tribal leaders!"

But no matter what, they were completely finished!

The sacred pool was in a mess. The Dark King must have known that he was furious and would definitely come to this place below the sacred pool to investigate.

They had entered the tiger's den, but they were blocked by the tiger that had returned home.

"Come to my side quickly." The little qilin jumped onto Su Yu's shoulder and said to Wang Dahu.

Wang Dahu did not notice at this time and immediately rushed over.

Without saying anything, the little qilin shot out an extremely dangerous force of nothingness from its body and turned into a ball with a diameter of ten feet. It wrapped itself around it, Su Yu, and Wang Dahu.

Behind its ear, the little qilin said, "Quick, jump into the lava."

The two humans and one beast quickly entered the lava.

With the isolation of the power of nothingness, the auras that could not be detected by outsiders were not too much of a problem as long as they did not reveal themselves.

Almost at that moment, a middle-aged man in armor that was covered in cold light walked out from the dark underground entrance.

His hair was dark red and his eyes were yellow, containing a domineering divine light that looked down on the world.

He stood at the entrance with his hands behind his back, his eyes narrowed as he looked around.

When he found that the flesh and blood on the cross was still intact, he was slightly relieved.

"Humph, how dare you intrude into this king's forbidden area of cultivation while I'm not here." He was undoubtedly the dark king.

With his hands behind his back, he walked to the cross. The Dark King glanced at the scabbard embedded on the cross and said indifferently, "Are you going to tell me the secret of the scabbard or not?"

The meatball squirmed a little. It was actually still alive.

"Ha... ha... don't even think about it!" The meatball replied weakly.

The Dark King snorted coldly and said, "Then you shall continue to stay here and endure torture every day until you are willing to say it!"

After saying that, he turned around and left.

Su Yu and the other two in the lava saw everything clearly.

Wang Dahu said telepathically, "The scabbard you are looking for is indeed the scabbard in the cross, but why didn't Dark King Take it away? and he even said that there is a secret?"

Su Yu was also surprised. He had not heard any inside information about the secret of the scabbard from Gu Xing's dream.

Perhaps, even Gu Xing did not know about it.

“Perhaps,” Su Yu said calmly.

Wang Dahu said, “Then what are we waiting for? Quickly take the scabbard and wait for the Dark King to return to the temple to meet the tribal leaders. Then, we can take the opportunity to leave the sacred pool. Otherwise, we will be trapped here for the rest of our lives.”

Su Yu did not change his expression. He even pressed his shoulder and said leisurely, “Don’t you find it strange that the Dark King came back earlier?”

There was only one answer. He knew that someone would break into the sacred pool when he was leaving.

So, the dark king probably didn’t leave..

At this moment, an unexpected scene appeared.

Not far away from them, in the lava, a figure stealthily rushed out.

He had a refined temperament, but only one eye.

Who was this person? It was obvious.

The great leader of the Wolf Smoke Tribe!

He had actually snuck into the dark king’s forbidden cultivation area!

The Great Leader came to the meatball and said anxiously, “Tell Me the secret of the scabbard and I’ll save you immediately!”

As expected, he had come for the scabbard.

The meatball wriggled but did not respond.

At this moment, a cold voice came from the shadow at the entrance.

“He is indeed hiding in the lava.”

A majestic figure stepped out of the shadow. Who else could it be but the dark king?

He did not leave at all!

The leader’s pupils contracted and his body stiffened.

Chapter 1917 False Alarm

“You... know I’m here?” The Great Leader’s face was deathly pale, and his heart was shrouded in a shadow of fear.

The Dark King walked out with his hands behind his back and looked at him indifferently. “Do you really think I’m Blind? All these years, you’ve been secretly bribing my saint servant just to wait for me to sneak in when I leave the Holy Pond, right?”

The big leader’s heart trembled violently. Something blocked his throat and he could not speak.

So the Dark King had seen all his little tricks for hundreds of years!

“Tell me, who are you? How did you know that he was imprisoned here? And that the scabbard contains secrets?” The Dark King stared at the big leader calmly.

The big leader’s eyes shook violently. He gritted his teeth, pulled out a blood-stained cloak and draped it over his body.

Then, he broke through the air and dashed toward the entrance.

However, dark king simply flicked his finger, and the big leader’s entire body flew back uncontrollably. He crashed into the stone wall with a loud bang.

The Cloak on his body, which had an astonishing defensive power, showed signs of being frozen and damaged.

Dark King was slightly surprised. He stared at the cloak on his body and said, “Oh? This is a five-star civilization, a defensive cloak with the characteristics of the weaving immortal race. Our Dark Star civilization has never appeared before!”

He sized up the big leader who was only slightly injured and said, “I’m getting more and more curious about your identity.”

As soon as he finished speaking, a layer of ice suddenly appeared on the surface of the big leader’s body. His body shot out an astonishing cold air from the inside to the outside, freezing his body.

The big leader was shocked. He hurriedly took out a fiery red bead and opened his mouth to swallow it.

The intense flames entered his body and dispelled most of the cold air.

He was actually able to resist the dark king’s attack with his magic treasure.

It had to be said that the number of powerful treasures he had on him was astonishing.

Then, the great leader took out a pitch-black array plate and threw it on the ground. A powerful teleportation power appeared on the spot. Not only did it penetrate the power of faith, but it also penetrated the entire sacred mountain.

It must be known that this place was filled with the dark king’s pressure. There was also the power of faith that interfered with the very strong power of faith, and there was also the existence of the Holy Mountain.

The probability of using spatial teleportation here was almost zero.

But the great leader actually did it!

In an instant, more than half of his body was teleported. With just a thought, he could completely leave this place.

Su Yu was secretly surprised when he saw this. When he really fought with this great leader back then, without using his last life-saving move, it was probably very difficult to completely keep this person.

The dark king said indifferently, “You should be a creature from the outer realm, right? You have a magic treasure from the outer realm.”

Without seeing the dark king make any movements, the array that the great leader took out immediately cracked and was teleported away.

The Great Leader fell out with a heavy face, and his mood fell to the bottom of the valley.

But he didn't surrender. He took out a talisman that had several layers of seals on it.

After the talisman exploded, it turned into a layer of golden light that covered three layers.

Its overall defense was comparable to that of the four crowns!

"Dark King! "Rather than killing me, why don't we work together to develop the secret of the scabbard? My Master is also very interested in the scabbard,"the big leader said in a low voice. "You are injured. Even if you obtain the secret of the scabbard, it will be difficult for you to do anything..."

The Dark King's yellow eyes turned into a trace of ridicule. "Injured? Unfortunately, what you heard is just a rumor."

However, the Dark King took a step forward and pressed his palm lightly on the Golden Defensive Light Shield.

Instantly, the four-crowned King's defensive light shield shattered into pieces.

To be able to casually attack to such a degree, it meant that his strength had not decreased at all. The news that he was injured was just a rumor!

Since he was not injured, why did he still turn the sacred mountain into an icy snow mountain and change the appearance of the Sacred Mountain in the past?

After his defense was broken, the big leader still resisted. Just as he was about to throw out another powerful magic treasure, his entire body suddenly condensed into an ice sculpture, making him unable to resist at all.

"Let's just search his soul!"Dark King casually tapped the space between his eyebrows.

Just as he was about to search his soul, the great leader suddenly let out a humph that shook the heaven and earth.

Dark King shuddered and immediately withdrew his hand. At the same time, he retreated a distance and stared at the great leader, his eyes revealing a thoughtful look. "You Are... The Sword Alliance Master of the Chamber of Commerce of the Dark Star Civilization Alliance?"

"Hehe..."the great leader suddenly opened his eyes, and an invisible figure appeared above his head. He crossed his arms in front of his chest and stared disdainfully at Dark King. "Why do you have to force me? I didn't want to show myself."

Dark King calmed himself down and snorted. "So it's the Sword Alliance leader who has come. Why didn't you say so earlier? For your sake, if Sword Alliance leader wanted to come, I would have welcomed you in time..."

“I... It seems that you’ve been pretending to be dark king for too long and have gotten used to this identity,” Sword Alliance leader’s soul said, he sneered faintly. “If it’s the real dark king, so what if I come personally? But you, I don’t dare to confront you face to face. Who knows if I’ll be suppressed here too?”

Dark King’s yellow eyes narrowed like a pair of snake eyes. “Sword Alliance master... Since We’ve said this, we have nothing more to say. The scabbard is in my hands. It’s not your turn to interfere.”

As he said that, he roared and the powerful might of the four crowns emperor rumbled over.

Sword Alliance Master’s soul blocked with both arms and said indifferently, “I think you’ll come to me for cooperation sooner or later.”

After saying that, his soul wrapped around the big leader and disappeared into thin air.

Dark King chased after them but failed to stop them.

His face flashed with uncertainty and he snorted angrily and left.

In the lava.

Wang Dahu widened his eyes and said in shock, “Our Dark King... is an imposter?”

Su Yu was also surprised by this shocking news.

It was one thing for the first generation Fengyun Villa master to be an imposter of the current Dark King’s disciple, but the guardian god of the Dark Star civilization was also an outsider’s disguise!

Stunned, Wang dahu muttered, “No wonder, no wonder I feel that the dark king is different from before. So it’s true.”

As the first-class saint servants serving the dark king, they could feel the changes of the Saint King directly.

They did not expect that those feelings were right.

The Dark King had indeed changed people!

While muttering, he was about to get up and leave the lava, but Su Yu pulled him by the shoulder and shook his head slightly, telling him not to act rashly.

Wang Dahu was stunned. He recalled that it was Su Yu’s vigilance that had saved their lives just now. He immediately squatted down again and quietly observed the situation outside.

After waiting for the time it takes for an incense stick to burn and confirming that there was no movement outside, Wang Dahu was about to heave a sigh of relief when a soft sigh that was almost close to his ear suddenly sounded, “Am I overthinking it?”

Wang Dahu was shocked to discover that not far away from them, above the lava, there was actually a strange dark king that should have left!

It turned out that he was suspecting that the leader was not the only one who had barged into the sacred pool, so he used the same trick again and struck back.

Fortunately, Su Yu was on guard, so he did not fall for it.

Wang Dahu was secretly scared. What a close call!

However, just as Wang Dahu heaved a sigh of relief, the dark king glanced at the lava below his feet. A cold light flashed in his eyes. He opened his five fingers and slowly pressed down on the lava.

Immediately, all the lava began to boil. An inexplicable, enormous pressure rumbled and pressed down.

Su Yu and the others, who were hiding in the lava, were even more enveloped by that astonishing pressure.

Little Qilin grunted. A stream of purple divine blood seeped out from the corner of his mouth. It was due to his injury. The void energy ten feet away from him began to tremble unsteadily.

Su Yu's expression was grave. Dark King was more cautious than he had imagined.

Even though he knew that there was a ninety percent chance that no one was hiding in the lava, he still had to make a move to search.

With the Little Qilin's condition, it wouldn't be able to hold on for more than a few breaths and would be discovered.

Once it was discovered, they wouldn't have a four-crowned king like sword alliance master to save them.

At this critical moment, the Dark King's eyes suddenly flashed as he stared into the shadows at the entrance.

A huge creature slowly swam down from the shadows.

It was a thousand-foot-long green snake!

"So it's you."The Dark King's expression softened.

The green snake was the Dark King's Sacred Beast, responsible for guarding the ice cave.

It lowered its head in front of the Dark King to express its apology, meaning that it had let someone in.

The Dark King shook its head coldly. "It's not your fault. The first-class saint servants colluded with each other inside and outside. Even if you didn't fall asleep, I'm sure they had other ways to barge in."

The green snake lay on the ground, very obedient.

"Go search the magma and make sure there are no other creatures here,"the dark king said indifferently.

If it was in the past, he was very confident in his ability to sense things. However, with the appearance of the great leader who could block his senses, he had no choice but to be vigilant.

Instead of suppressing the lava with pressure, it was better to let the green snake enter the lava to search more directly.

The light-bodied Snake's eyes turned cold, and its huge body swam into the lava.

Moreover, the direction it came from was coincidentally in the direction of Su Yu and the others!

Wang Dahu's heart was in his throat, and he was filled with despair.

That was the Dark King's Holy Beast. If it personally inspected the lava, it would be impossible for it to not be able to reduce their existence.

Su Yu was extremely solemn as well. He secretly held the necklace around his neck and was ready to fight.

Plop --

The green snake jumped into the lava. Its pair of lantern-like eyes were particularly eye-catching in the lava.

It immediately noticed Su Yu, Wang Dahu, and the little qilin. It looked at Su Yu for three breaths.

Just as Su Yu gritted his teeth and was prepared to fight, the green snake suddenly retracted its gaze and swam past them as if nothing had happened.

Then, it swam around the entire magma and returned to the shore. The huge snake head shook its head lightly.

"It's good that there isn't any." Dark King heaved a sigh of relief and warned, "The next period of time is a very important time. You Shouldn't fall asleep again and guard the ice cave carefully."

The green snake nodded its huge snake head.

"Let's go and seal this place again." Before Dark King left, he glanced at the cross and raised his hand to put away the scabbard that was inserted into the cross, he muttered to himself, "This place is no longer 100% safe. The scabbard is still safe in my hands."

Then, he clasped his hands behind his back and left. Green snake followed behind him and left slowly.

Chapter 1918 Eternal Secrets

After a long while, a huge bubble emerged from the lava.

Su Yu carried the little qilin and appeared together with Wang Dahu.

Wang Dahu's face was filled with disbelief as he stammered, "Holy Beast... Why did you let us go and help us hide from the Dark King?"

One had to know that holy beasts only obeyed the Dark King.

It did not make sense at all!

Su Yu turned a deaf ear to it as he stared at the empty cross. His expression was extremely ugly.

In the end, before he left, the dark king took away the scabbard that was hidden here!

He had worked so hard until now and had even almost died. He did not expect that he would still be defeated in the end.

Could it be that he really had no fate with the Emperor's killing sword?

Back then, Yun Yazi had forced the Tianyun Emperor to capture a wisp of the emperor's killing sword's fate on Su Yu. Theoretically speaking, he should also have the opportunity to fight for the Emperor's killing sword.

Now that the scabbard had been taken away by the Dark King, he was powerless to obtain the emperor's killing sword.

Even if it was right in front of him, Su Yu could do nothing about it.

Just as he was extremely disappointed, the blurry lump of meat on the cross squirmed and said weakly, "Hehe... of course... I was the one who told Green Snake to let you go..."

Wang Dahu looked over in surprise and muttered, "You? That's the Dark King's Holy Beast. How could it listen to your orders?"

Su Yu came back to his senses. After thinking for a moment, he nodded slightly. "It's still possible... if he's the real dark king."

Wang Dahu was stunned. "He's the real dark king? Why do you say that, sir?"

Su Yu stared at the meatball, he said, "Didn't alliance master sword say it clearly just now? The current dark king is a fake. Then, who is the fake? No matter how you look at it, it can only be the outer realm expert who broke into the dark star civilization a long time ago, right?"

"You mean..." Wang Dahu's mind was buzzing as he took a deep breath. "In the battle back then, the Dark King was actually defeated and then suppressed by the outer realm expert. And that outer realm expert has been pretending to be the dark king ever since?"

Su Yu nodded slowly.

"Hiss..." Wang Dahu stared at the meatball in shock. He still couldn't believe it. "Is this true?"

The meatball smiled. "Hehe... I also hope that it's fake..."

Wang Dahu felt as if he had been struck by lightning. He was stunned on the spot. "You, you are really the Dark King?"

"Hehe, when I was suppressed, you had just ascended the sacred mountain. You were still a nine-year-old child at that time, right? "Even your name was given by me. Because I saved you from a tiger, I named You Wang Dahu."

This was a secret that Wang Dahu never told anyone.

He was originally a child of a mortal. When he was herding cows on the mountain, he was taken away by a tiger.

It was dark king who happened to pass by and saved him. When he found out that he had the foundation for cultivation, he brought him back to the sacred mountain and named him Wang Dahu.

Only he and dark king knew about this.

“Dark... King...”tears rolled down Wang Dahu’s eyes as he walked over quickly.
“Dark King, it was you who was trapped all these years!”

No wonder he felt that dark king was a different person after he was injured all these years.

From the looks of it now, the so-called injury was just an excuse for that outer realm expert to hide the fact that he was good at using the Dao of ice.

No wonder green snake would listen to him and let go of them who were hiding in the lava.

This was because green snake knew very early on that the one who was imprisoned under the Holy Pond was the real dark king!

However, the green snake was very smart and pretended not to know anything to avoid being killed by the fake dark king.

“Don’t go over.”Su Yu reached out to grab wang dahu and said, “With the strength of the dark king, he can still be trapped on the cross. Do you think that cross is an ordinary thing?”

Meatball said, “That’s right... Don’t come over... This cross is something that that person brought from the outside world. Once you step within ten feet of it, your body will immediately be sucked onto the cross and you will never be able to leave, even if it’s the four crowns!”

Wang Dahu said anxiously, “Dark King, then how can I Save You?”

“It’s useless... You Can’t save me...”dark king said hoarsely.

With the cross, who couldn’t save him.

“What if I Can Save You?”Suddenly, Su Yu said slowly.

Dark King’s meatball wriggled fiercely and said, “You?”

“That’s right.”Su Yu said calmly, “However, I want to get the scabbard.”

The meatball was silent for a long time before he slowly said, “I can guess... he took the risk to enter this place, so he should be here for the scabbard.”

“I can promise you that if you can save me, I can give you the scabbard.”

Su Yu thought for a moment and nodded, “Okay, I hope you will keep your promise.”

After he finished speaking, Su Yu walked over, completely defenseless.

“Human, do you plan to walk over directly?”

Su Yu didn’t say anything and directly stepped into the cross.

A strong suction force instantly pulled Su Yu over.

But at this moment, a flowing law of time appeared on Su Yu’s body.

Dark King sucked in a breath of cold air. “Law of time...”

Under absolute time, the suction force from the cross fell into a static state, unable to affect Su Yu in the slightest.

Taking this opportunity, Su Yu took a step forward and pulled the meatball down from the cross.

Then, he immediately brought it out of the range of ten feet.

The front and back seemed to be long, but in fact, it didn't take more than a breath.

The absolute time could only last for a breath.

After losing the influence of the Cross, the meatball immediately released a weak primeval force to self-repair.

In the blink of an eye, it transformed from a lump of blurry flesh into a black-faced young man in his thirties.

Upon seeing him, Wang Dahu fell to his knees with a plop. He was so excited that tears welled up in his eyes. "Dark King!"

The black-faced young man had a cold temperament. At this moment, he revealed a trace of gentleness and helped him up. "Get up."

Then, he looked at Su Yu with deep surprise and gratitude in his eyes. "I never thought that I would meet someone who has mastered the laws of time in my lifetime. I thought that was just a legend."

"I can't repay you for saving my life, so I'll give you the scabbard!" Dark King said slowly.

Su Yu frowned slightly. "Now? The scabbard has been taken away by the fake dark king. With your current weak state, I'm afraid it will be very difficult for you to take it back from him."

The fake dark king had suppressed dark king at his peak, let alone now when he was extremely weak?

His current strength was probably even inferior to Su Yu's.

A trace of mockery flashed across the weak face of the dark king. "What that thief got was just a fake scabbard!"

What, Fake?

The fake dark king was very shrewd, and he did not seem to be someone who could be easily fooled.

"The scabbard of the Emperor Killing Sword has always been a legend. Only I have it. If I say it is, it is. If I say it isn't, it isn't. No matter how smart that thief is, he would never have thought that the scabbard I carry around with me was simply a diversion."

This..

Su Yu was surprised. "Then where is the real scabbard?"

Dark King smiled coldly. "It's far away, but it's right in front of us!"

“It’s on You?” Su Yu was puzzled. The fake dark king tortured him so much, yet he didn’t find the scabbard on him?

No matter how he looked at it, it didn’t make sense.

“To be exact, I am the scabbard!” However, Dark King revealed a shocking secret that shocked Su Yu.

Wang Dahu, who was at the side, was also stunned. “Dark King, are you saying that you are the scabbard?”

The Little Qilin, who was playing on the ground, also raised his eyes curiously and said in a childish voice, “The scabbard, why don’t you look like a scabbard?”

In response, the dark king chuckled. “When have you heard that a scabbard is a dead object that is forged?”

This... there really wasn’t one.

They only knew about the scabbard, but they didn’t know what it was exactly.

They just subconsciously thought that it was a forged magical artifact.

“Back then, Dao Master Slayer used his spine to forge the Emperor Slayer sword before he died. This is a well-known rumor, but very few people know that Dao Master Slayer used his own blood essence to forge a human-shaped scabbard. That’s me!”

Su Yu felt that this was a fantasy.

But when it came to Dao Master, he had no choice but to believe it.

It was not impossible for a drop of blood to evolve into a powerful creature with four crowns.

“The Emperor Slayer Sword Contains Dao Master Slayer’s lifelong killing intent. There is nothing in the world that can contain it. Only I, who came from Dao Master Slayer’s flesh, can do it!” Dark King said slowly.

Su Yu was enlightened.

He had thought about what kind of material the scabbard would be made of to block the killer intent of the Emperor Killer Sword.

So that was the case.

“But...” Su Yu voiced his doubts. “Then why did the Killer Dao Master create the scabbard? The reason why he left the Emperor Killer sword was because he was unwilling to die for fear of being killed. He left the killer intent of his life to continue wreaking havoc on the people.”

Dark King did not explain. Instead, he looked deeply at Su Yu and said slowly, “You are very smart. I think you should understand one sentence... history has always been written by the victors!”

Su Yu was shocked.

Killing Dao master was attacked and killed. Could there be another reason?

“Then why did he die?” Su Yu could not help but be deeply curious.

Dark king said, “This is the answer that thief wanted to know. The Secret of the scabbard! Because, back then, killing Dao master accidentally found a shocking clue. That clue led to his death!”

“His death reduced that clue to an eternal secret. If you want to know, there’s only one way!”

Su Yu’s eyes sparkled. “The sword and the scabbard become one again?”

Dark King nodded approvingly. “That’s right! The secret that thief and Sword Union master wanted to know all happened when the sword and the scabbard became one.”

What did the clue mean if it could trigger a war between Dao Masters?

Perhaps it wasn’t an exaggeration to say that it shocked the absolute beginning world.

Moreover, the emperor killing sword was only one of the four pieces of the Emperor set.

If it contained secrets, did the other three pieces also contain secrets?

Would the combination of the four secrets lead to an even bigger secret?

Su Yu’s heart trembled as if he had accidentally gotten involved in the whirlpool between Dao Masters!

A moment later, he suppressed the shock in his heart.

The information that dark king had brought to him was too shocking. He needed to digest it properly.

“You mean you are willing to follow me?” Su Yu’s eyes flashed.

Dark King pointed at himself and smiled bitterly. “I have no choice but to follow you.”

With his weak state and current situation, the only person he could trust was Su Yu.

“Then leave quickly.” Su Yu looked deeply at the cross.

The fake dark king might have noticed the dark king’s escape.

It was better to leave as soon as possible.

However, at this moment, a huge aura suddenly enveloped the entire holy pond, a cold sneer came from the shadow. “Hehehe... Dark King, Oh Dark King, you finally revealed your secret after so many years. So, you are the real scabbard! This is really unexpected!”

Chapter 1919 The Game Of Chess

Who else could that voice be other than the fake dark king?

He didn’t leave and was still hiding in the shadows!

Bang --

With a muffled sound, a small green snake the size of a palm that was trapped in the ice fell to the ground.

It was the green snake that the dark king raised.

It was sealed in the ice by the fake dark king.

Therefore, the green snake didn't have time to warn them.

"Green Lin..."the Dark King's eyes narrowed and he said in a low voice.

The fake dark king walked over with his hands behind his back and stared at the frozen green snake contemptuously. "This beast thought that it hid well and secretly protected you guys who were hiding in the lava. Hehe, am I that easy to fool?"

Then, he stomped on the little green snake and the entire ice block.

Before it could scream, little green was crushed to death.

"Fu Bingyu!"The Dark King's eyes were about to burst.

He had raised the green snake since he was a child and treated it as his family.

It had been loyal for many years and never left him.

"Hehe, speaking of which, I should be grateful to Qinglin."The Dark King smiled faintly. "Without it to protect the two people in front of you, how can you be at ease to tell the secret?"

He had tortured the dark king for many years and interrogated him about the secret of the scabbard, but he was unable to force him to speak.

Today, when he discovered that Su Yu and Wang Dahu were hiding in the magma, but the green snake deliberately concealed their existence, he had a thought and allowed them to rescue the dark king.

Only in this way could the dark king be at ease to tell the secret.

He could not help but sigh. Fu Bingyu's schemes were deep and terrifying.

The Dark King was filled with grief and anger. He clenched his fists and stared at the other party.

He was extremely weak and his strength wasn't even comparable to Su Yu's.

It was impossible for the three of them to be his enemy.

Su Yu's heart sank. It was too difficult for him to deal with the four crowns.

Fu Bingyu's mouth hung with a greedy sneer as he stared at the Dark King. "So, the so-called secret of the scabbard was the moment the emperor's killing sword was sheathed. Hehe... That's great!"

All of a sudden, an extremely cold air current swept out and quickly enveloped Su Yu and the other two.

With its astonishing ice laws, it only took a breath to freeze the three people present forever.

At the critical moment, the Dark Moon between the Dark King's brows suddenly shot out a large amount of black light, forming a full black moon that enveloped the three of them and the little qilin.

Seeing this scene, Wang Dahu could not help but be shocked. "This... This Is..."

This scene was not unfamiliar to him at all.

Fu Bingyu smiled coldly. "Oh? One of the three great divine arts of the Dark Moon, stellar transposition? Unfortunately, you don't have the chance to activate it in front of me."

The sweeping cold air suddenly turned into a sharp sword, slashing toward the full moon and splitting it into two on the spot.

The full moon shook rapidly and was about to collapse.

At the same time, the remaining cold air quickly surrounded them and instantly froze everyone present.

Su Yu placed a hand between his brows. If there was no other choice, he could only take off the ice crystal crown and open the eye of Taotie!

Only this method could resist the four crowns.

However, the price was that it could no longer be sealed. It would greedily devour everything it saw until there was nothing left to devour, swallowing Su Yu.

Instead of dying now, it would be better to perish together.

Just as its finger was about to remove the ice crystal crown, a chessboard flew out from Su Yu's nine Jade Spirit Pearl.

That chessboard was an item that was looted from the Dustless Moon sect's treasury. Master Bao Kun had placed ten layers of seals on it.

Later on, it was activated by Cave Lord Tai Xuan. The remaining ten layers of seals were mostly destroyed by the white emperor puppet over half a year. There was only one thin layer left.

However, it flew out of the chessboard by itself. Su Yu's fingers froze, and he couldn't help but be shocked.

After the chessboard appeared, it spun and swallowed all the cold air in the area. It was clean, and there wasn't a single strand left.

Looking at the chessboard, the gray chess pieces on it started to glow.

A magnificent and ethereal aura blew over.

It was like a creature standing in front of the vast absolute beginning realm, feeling its insignificance.

Fu Bingyu was startled. She instinctively struck again.

However, as strong as the four crowns emperor, his attack was absorbed by the chessboard.

The chess pieces on the chessboard brightened up, releasing a dazzling light.

With a pop, the chessboard shook, shattering the last layer of seal.

A powerful aura soared into the sky and formed a substantial light column. It broke through the Holy Pond, the Holy Mountain, and the outer realm.

Moreover, the light column expanded rapidly in all directions.

It forced Fu Bingyu to retreat repeatedly, and shock appeared in her eyes. "What is this?"

He was an outer realm person, and he didn't know the legends of the Dark Star Civilization.

However, the Dark King knew.

However, he was also in a state of shock. His voice was shaking uncontrollably. "Life! Chess!"

A long time ago, a dao master of the Dark Star Civilization had died. Before he died, he had used all his dao to create a chess game called Life Chess!

He had left a piece of his soul in the chess game.

If someone could finish the game, he would fulfill the winner's grand wish.

This included being able to allow anyone below the path master to break through to a new realm.

Even if the four-crowned king became the five-faced king, he would be able to fulfill it.

However, this game of chess was only a legend, so the dark kings of past generations only treated it as a legend. They had never put it into action to search for it.

It turned out that it really existed!

The light beam expanded rapidly, instantly enveloping the entire sacred mountain.

The huge beam of light shot straight into the sky, allowing the entire dark star civilization to see it.

In the southernmost moon worship sect, in the northernmost heavenly palace, every living being could see that dazzling divine light.

A vast and mighty will of the common people rolled in all directions with a rumble.

Within the Moon worship sect.

The saintess who was in seclusion suddenly opened her eyes, revealing a deep surprise. "The common people's chess! It's the common people's chess! If master knew about it, he would definitely be delighted."

"It's a pity that even if master knew about it, he wouldn't have been able to rush over in time! Otherwise, master would definitely have won!"

After taking a deep breath, the holy maiden muttered to herself, "Then, let me participate in it. I hope that I can fulfill that wish..."

At the Wind Cloud Villa.

Sima Biyun looked in the direction of the Holy Mountain. Her eyes were filled with shock. "The legend of the game of Universal Chess is actually true!"

Her brows were filled with worry. "I hope it won't affect my plans."

In the north.

The leaders of the Cloud Mist Divine Mountain, Heavenly Palace, and other northern powers were all shocked by such a huge phenomenon.

The news of the universal chess's appearance caused the entire north to be in an uproar. It was even far greater than when the emperor's killing sword appeared.

That was the legendary universal chess that could fulfill any wish!

For a moment, the entire dark star civilization was stirred.

Under the sacred pool.

The Dark King returned to his senses, and his expression changed slightly. He took the opportunity to repair the damaged full moon and cast out a thick black light, enveloping the three people present and the little qilin.

Fu Bingyu noticed his actions and immediately moved to stop him.

However, this time, his attack was easily absorbed by the enormous light pillar.

"No!"Fu Bingyu roared and rushed over, but unfortunately, he was a step too late.

When he rushed over, the Black Light had already teleported all of them away and disappeared without a trace.

As for Cang Sheng Qi, he also withdrew the light pillar and disappeared with Su Yu.

Fu Bingyu's face was extremely gloomy. "Who is that person? Where did he come from?"

It was precisely because of his appearance that he saved the dark king and took away the scabbard that belonged to him.

However, Su Yu was wearing a silver robe, so he did not reveal his true appearance. He also did not care about his identity, so he did not investigate in detail. Therefore, he could not even find out which race he belonged to.

"Don't think that I don't know where you will be teleported to."Fu Bingyu was furious. After returning to the sacred mountain, he immediately announced that he was going down the mountain and rushed to the south at lightning speed.

In the depths of the south, it was close to the edge of the dark star civilization.

This place belonged to the moon worship sect and was called the White Dragon mountain range.

At the end of the White Dragon mountain range, there was a white ocean.

At the bottom of the ocean, six whirlpools were spinning quietly.

No one in the moon worship sect would forget that several years ago, the dustless moon sect occupied this place and killed countless moon worship sect disciples just to open the secret realm inside.

At this moment, in the secret realm that was once again sealed, a black light descended.

Three people and a beast fell from the black light.

Wang Dahu looked around at the familiar area with shock in his eyes. "It's really... Here!"

Su Yu sensed a blood-red beast in the distance. He was slightly stunned. "This is... the secret realm of the White Dragon Mountain Range?"

"To be precise, it's the hidden space where the first generation Fengyun Villa Master, Sima Baidi, died." The Dark King behind him revealed a disappointed expression.

Su Yu's pupils constricted slightly. "The first-generation Fengyun Villa Master fought with Fu Bingyu and never returned. He should have died outside, but the place where he died was actually here?"

Following that, he fell into deep thought.

Sima Biyun said that Fu Bingyu had killed her ancestor, and the heavenly star nine yin and nine yang array formation stone on her ancestor had disappeared since then. It was very likely that it had fallen into Fu Bingyu's hands.

However, from the current situation, Sima Baidi had created a hidden space before he died. It was likely that Fu Bingyu did not succeed.

In that case, it was very likely that the formation stone was still in this mystic realm?

When he thought of this, Su Yu's heart pounded with excitement.

"Dark King, could it be that you've been using Divine Arts to teleport people from different regions into this place all these years? Including Me?" Wang Dahu guessed.

Every full moon, there would be some people who would be teleported to this place by accident.

This matter had always been strange.

But now, it seemed that it was the Dark King's doing.

"It's me." The Dark King looked around with nostalgia, his eyes revealing the vicissitudes of life. "I didn't expect that brother White Emperor, in order to find me, was also killed by that thief!"

The Dark King and the first generation wind and cloud manor head actually knew each other!

"I sent all of you here in the hope that you can assist brother White Emperor's descendants and suppress Sima White Emperor's body."

Wait!

Su Yu returned to his senses. The White Sun clan was Sima White Emperor's descendant? Didn't that mean that they were from the same clan as Sima Biyun?

Currently, only Sima Biyun, a descendant of the Sima clan, was left in the wind and cloud manor.

The White Sun clan was actually all of them!

If Sima Biyun knew about this news, she didn't know how she would feel.

"The body of Sima Baidi?" Su Yu revealed a puzzled expression. "Back then, did Sima Baidi still have a body after he passed away?"

The Dark King's eyes dimmed and he nodded lightly. "Of course! Otherwise, how would these blood breeds be born?"

The Dark King sighed lightly and appeared above the large group of blood breeds. He chanted a magical incantation that had an exceptionally powerful calming effect on the soul.

The strange thing was that the ferocious and irrational blood breed on the ground stopped in thought. Then, the Blood Qi in his body evaporated and turned into a shimmering wisp of blood.

Chapter 1920 The Real And Fake Princesses

Every vampire had a strand of blood in their body. Hundreds of thousands of blood strands appeared and gathered at the end of the secret realm.

The blood pools that were still dry in the past were suddenly shattered.

Because the ground beneath the blood pools cracked open, revealing a bronze coffin that was thirty meters tall.

Countless strands of blood seeped into the bronze coffin.

Su Yu opened the eye of the soul to take a look and was shocked to find a skeleton. Even though it was dead, it still gave off an abnormal sense of danger.

The strands of blood seeped into its head and were hidden deep within, exuding traces of evil.

"Brother Bai Di was severely injured by Fu Bingyu and hid in the secret realm to recuperate. However, he was unable to recover and only used a portion of his blood essence to create a descendant. The remaining blood essence was corroded by the evil after death and turned into the blood clan."

In the end, the blood breed was used by the emperor's killing sword and became an accomplice in seizing the White Sun divine stone.

At the mention of the White Sun divine stone, Su Yu's heart moved slightly. He took it out and said, "Dark King, do you recognize this item?"

Dark King looked down and said in shock, "Why is it in your hands?"

Su Yu thought for a moment and explained the whole situation.

Hearing this, the dark king let out a long sigh. "You and brother Bai Di are fated. His heavenly star Divine Stone chose you and not the descendant that he created with his blood essence."

"Heavenly star divine stone..." Su Yu's eyes shone. "The Heavenly Star Divine Stone that you mentioned, can it also be used as an array stone?"

The Dark King Thought for a moment and nodded. “That’s right. It can be used as an array stone for the heavenly star nine yin and nine Yang great formation that he is best at. How did you know about the existence of this formation?”

For a moment, Su Yu was stunned.

The formation stone that Sima Biyun desired had long fallen into Su Yu’s hands.

A deep thought flashed across his face. He asked thoughtfully, “If the heavenly star nine yin and nine yang array is handed over to someone who can’t be trusted to control it, what will be the consequences?”

The Dark King’s pupils constricted, and his eyes revealed a deep fear. “All living things will be exterminated, or they will rule over all living things!”

Su Yu knew the former. Sima Biyun had said that this formation could destroy the four crowns and most of the living beings.

But the latter... she actually hid it!

Thinking of this, Su Yu had no choice but to reconsider the deal between him and Sima Biyun.

Did she really want to avenge her ancestors and father, or did she have other plans?

This woman was very scheming. Her brilliant performance had even fooled Su Yu.

It was really unwise to trust her unconditionally.

The Dark King Sighed and put away Sima Baidi’s remains.

“Let’s leave as soon as possible. After so many years, Fu Bingyu should have noticed that I’ve secretly used Divine Arts to teleport people from different regions into the secret realm. This place is very unsafe.”

Su Yu agreed.

The group packed up briefly and left the secret realm immediately.

Almost as soon as they returned to the moon worship sect, Fu Bingyu came to the front of the vortex in the secret realm. With a casual palm strike, a vortex was pierced through and swept inside. He snorted coldly, “The aura has just dissipated. It seems that he has just left.”

He narrowed his eyes and looked in the direction of the Moon worship sect.

The Moon Worship Sect’s altar.

Before entering, Su Yu thought for a moment and opened the doomsday disk.

“The two of you, if I’m not wrong, Fu Bingyu can’t find you. He may very well use the power of the Moon worship sect to find you. In order to avoid trouble, I’ll have to trouble the two of you to stay in this cave abode world for the time being.”

The Dark King and Wang Dahu had no objections.

Having seen Fu Bingyu’s cunning, it was better for them to be more cautious.

After sending the two of them into the world-destroying plate cave world, Su Yu put on the extremely black dust robe, took out the moon worship sect master's identity token, and hung it on his body. He stepped onto the altar.

The saintess immediately sensed the moon worship sect master's appearance and appeared.

“Where have you been for the past half a year?”The saintess questioned unhappily.

After the wind and cloud villa, the Moon worship sect leader had left in a hurry and disappeared without a trace, leaving all the administrative matters to her.

How was this like a sect leader?

“There are some private matters.”Su Yu said indifferently, “Has anything big happened recently?”

The saintess stared at him as if she was looking at a strange person. “Could it be that you didn't notice that pillar of Light?”

Su Yu suddenly understood. “Oh, it's Cang Sheng Chess, right? I know.”

The SAINTESS said lightly, “You still ask if you know!” Cang Sheng chess was activated. Within 49 days, the strongest 49 people of the dark star civilization would be summoned by the chessboard to participate in the game. With our strength, we would definitely be included. Now, let's talk about how to deal with it!”

Her expression was solemn. She took Cang Sheng chess very seriously.

Su Yu was embarrassed. He held Cangsheng chess in his hand, but he did not know as much as the SAINTESS, an outsider.

At this moment, Cangsheng chess was lying in the nine jade spirit pearl with the little qilin.

Cangsheng chess would be activated in 49 days, and it would still appear.

“If we deal with it... We should let the five factions alliance unite, right?”Su Yu said without hesitation.

At the moment, no one knew what the rules of the game were, so it was definitely right for them to ally with each other.

The saintess arched her brows slightly. “That's a good idea, but there's only one final victor of the all life chess game. The alliance of the five sects is a temporary alliance formed by the Emperor's killing sword. They might not form an alliance with each other on the all life chess game.”

Su Yu did not think much of it. The dustless Moon sect was under his control, and the green underworld was about to be controlled by another puppet. Even the wind cloud villa's Sima Biyun and Su Yu had achieved great success and were willing to listen to his orders.

He really could not see the reason why the five sects alliance would not listen to him.

However, on the surface, he naturally would not expose himself. He said, "Then I'll have to trouble the Holy Maiden to contact them."

"Why me?" The Holy Maiden asked.

"Because I have to cultivate and don't have time to meddle in other people's business." Su Yu chuckled and walked away.

The Holy Maiden gnashed her teeth in hatred. "That bastard!"

However, she was very concerned about Cang Sheng Qi. Even though she was angry, she had no choice but to take the initiative to contact him.

In the end, she discovered to her surprise that the dustless moon sect and wind cloud villa were actually very cooperative with her.

She didn't even have the chance to say anything to persuade him before both parties nodded in agreement.

Sima Biyun even took the initiative to propose that she would issue a command in the name of the alliance of the five sects. This caused the Holy Maiden's confidence to soar.

"Both factions are giving me so much face?" The Holy Maiden couldn't help but laugh. "If that's the case, why do we still need the Moon Worship sect master? Isn't it enough to have me as the Holy Maiden?"

Su Yu left the moon worship hall and directly appeared in Princess Ru Chen's bedroom.

Her cultivation had improved tremendously compared to before.

She was actually the first to break through to the heaven and Earth Emperor Realm within half a year!

At this moment, she was taking a bath in the bathtub, humming a pleasant tune.

Suddenly, the space in front of her moved. The isolation that she had set up did not stop her at all.

She stared blankly at the space that was moving. Su Yu's figure appeared.

How could Su Yu have thought that princess ru Chen would take a bath at this moment?

When she realized that something was wrong, princess ru Chen's soft shoulders that were exposed to the water's surface had already entered her sight. There was also the faintly discernible mellow development under the water.

"Ah!" Princess Ru Chen squatted down in the water with a plop, only revealing her head outside. She glared at Su Yu with a red face and shame. "You... Why are you like this?"

Su Yu turned his head away awkwardly and muttered, "The space law also has its inconvenient moments."

It was precisely because the space law was too powerful that the ordinary isolation was unable to stop him and allowed him to enter directly.

“That, I’m sorry...”Su Yu said embarrassedly.

A rustling sound of clothes being put on could be heard. Princess ru Chen put on her clothes with a red face and said angrily, “That’s enough!”

Su Yu looked over and couldn’t help but recall the scene just now in her mind. Naturally, she compared it to her figure.

She couldn’t tell. She didn’t feel it when she put on her clothes. She didn’t expect that her body was still very interesting.

“What are you looking at?”Princess ru Chen crossed her arms in front of her chest and gritted her teeth. She was both angry and amused.

She had so many opportunities in the past, but she didn’t see Su Yu do anything to him. Today, he was acting like that... seriously!

“Ahem... Congratulations. You’ve become a heaven and earth emperor. If your father knew, he would be very happy,”Su Yu said.

Princess ru Chen’s eyes flashed with a gentle light. “Yes, father would be very happy to know that I’ve also become a heaven and Earth Emperor.”

She could not help but hold the phoenix-shaped necklace around her neck.

After a long silence, she said longingly, “Brother Su Yu, I want to go back to the great Yu Emperor dynasty to visit father.”

Su Yu nodded slightly and said, “Sure...”

However, Su Yu’s words suddenly turned cold. He said indifferently, “As long as you die.”

In the past, he could only rely on the subtle differences between princess ru Chen and Princess Ling long. But now, with just a casual glance, he could see through their souls.

At this moment, the blood-red soul suppressed princess ru Chen’s soul and occupied the dominant position.

In other words, the one in control of the body now was Princess Ling long.

And she even tried to say some words that she missed Dongfang Xia to confuse Su Yu and make him think that princess ru Chen was still in control of the body.

Unfortunately, Su Yu’s soul attainments were no longer the same as before. He had already noticed the abnormality the moment he entered.

Princess ru Chen blinked her eyes in confusion and glared at him. “What nonsense are you talking about? We haven’t seen each other for such a long time, and you’re already saying such things...”

Su Yu smiled lightly. “I didn’t expect that even after I let that little bug in to devour your soul, your soul still hasn’t dissipated. This is truly unexpected.”

Upon hearing this, princess ru Chen’s expression froze.

Her clear eyes became deep and experienced.

“Su Yu! You... you bastard! You actually let in an unknown bug while I was sleeping and Ate My Soul!” Princess Ling long exposed herself, her eyes spitting fire.

Before she fainted, in order to ensure that Su Yu wouldn't be ruthless, she killed her and princess ru Chen together and cast a curse on Su Yu.

Once she died, Su Yu would also die immediately.

She had never expected that Su Yu would actually see where her soul was. Moreover, he had found a bug from God knows where and had bitten her soul until it was severely injured.

Her current soul was extremely weak, not even half of what it was a few years ago

It would not be long before princess ru Chen, whose strength had greatly improved, would even suppress her soul.

She was extremely angry at her soul, and her killing intent had already risen.

The Curse of life and death was to link this body to Su Yu.

However, the curse of life and death wouldn't activate when Princess Ling Long's soul was destroyed.

In other words, Su Yu had already found a way to kill her safely.

She didn't dare to imagine whether she would still be able to wake up after falling into a deep sleep. She was afraid that she would be eaten up by those bugs while she was asleep.

Earlier, she had disguised herself as princess ru Chen in order to give Su Yu a trump card that caught him off guard and kill him on the spot.

But since she had been seen through, she could only kill him by force.

Instantly, she chanted the ancient language of the Dragon clan again.

Su Yu's eyes turned cold. This was a secret technique of the Dragon Clan's imperial family. Dragon blood was boiling!

He had seen with his own eyes the scene where she had almost killed the moon worship sect leader with this technique.

The power of this technique was beyond imagination!
