

Nine-Dragon 1921

Chapter 1921 The Ice Hornless Insect Clan

However, after so many years, he was no longer the Su Yu of the past.

In front of the three crowns, he might not necessarily be powerless to resist.

To be precise, it was Princess Linglong who could no longer do anything to Su Yu.

With a thought, she was about to summon the white emperor puppet.

Suddenly, a great pressure descended upon the sky above the moon worship sect.

Su Yu's heart suddenly trembled. It had come so quickly!

There was no one else besides Fu Bingyu who could possess such pressure and descend upon the Moon Worship sect.

Princess Linglong also felt the pressure from this person, and the Dragon clan incantation she was mumbling suddenly stopped.

She was also worried that her identity as a dragon would be exposed.

“Where is the Moon Worship sect leader?” A dignified and cold voice swept over.

Su Yu stared deeply at Princess Ling long and said, “I believe you also feel that this person's strength is unfathomable. He is not someone that can be easily provoked. How about putting aside our grudges for now?”

Regarding Su Yu's strength, Princess Ling long held a deep fear. She did not have the slightest confidence that she could kill him within a short period of time.

The best plan for now was to postpone it for now.

“HMPH!” Princess Linglong's figure flashed and she hid in a secret place.

Su Yu returned to the altar and looked at the dark king who was standing in the sky.

That unique dark king's aura also attracted Bai Li and the other protectors. They came forward in fear and trepidation.

“We pay our respects to the Dark King!” Su Yu led the protectors to bow first.

The Dark King looked over casually. This glance almost pierced through the extremely black dust robe on Su Yu's body.

Then, he looked away indifferently and said, “Pass down the order. Search the entire territory for the following three people and one beast.” His fingertip drew a clear picture in the air.

It was none other than the dark king, Wang Dahu, and the disguised Su Yu and little qilin.

Su Yu said without hesitation, “All members of the moon worship sect obey the Dark King's decree.”

The Dark King looked at him indifferently. “Don't you want to know who they are?”

Su Yu's performance was very clean and neat, which aroused his curiosity.

"If the Dark King wants to tell me, he will definitely tell me. Now that the Dark King hasn't said anything, I just need to carry out the Dark King's mission seriously," Su Yu said in a neither servile nor overbearing manner.

He didn't show any servile behavior in front of the dark king, because the strong would only talk to people with dignity as equals.

If you gave up your dignity, the strong would also treat you as a lowly person.

As expected, a trace of admiration flashed through the Dark King's indifferent eyes. "Not bad! I didn't expect the moon worship sect to have such a sect leader! mm, don't worry about it. If there's merit, this king won't treat you unfairly."

"We'll do our best. We don't dare to ask for rewards," Su Yu said. Then, he immediately gave the order to make the three humans and one beast into thousands of photographic jade seals and send them to the various branches of the moon worship sect.

All the disciples of the Moon worship sect were mobilized to look for the three humans and one beast in the image.

The Dark King nodded in satisfaction. He threw down a unique communication jade pendant and said, "Send me a message immediately if you have any news."

"Yes, Dark King!"

After watching Fu Bingyu leave, Su Yu fumbled for the communication jade pendant with a thoughtful look on his face.

"Is it a test for me?" Su Yu thought to himself.

It was very likely that Fu Bingyu was doubting whether or not he was protecting the dark king.

After all, the real dark king had a very strong rallying power among the ten great forces.

It was hard to guarantee that the moon worship sect master would not seek refuge with the dark king and hide it.

His face was expressionless and did not reveal the slightest abnormality. He held a meeting for three days in a row, urging the missionary elders to supervise the branch and mobilize all the believers to look for it.

During this time, he didn't relax at all. He seemed to take this matter very seriously.

High in the sky above the moon worship sect's altar, a vague figure had just left quietly.

It had to be said that Fu Bingyu was extremely patient. He waited for three days and three nights before he was finally relieved.

Su Yu's eyes flashed vaguely. Did he manage to hide it for the time being?

His heart moved slightly. He came to the place where he had met Princess Linglong.

She walked out from the dark.

Su Yu immediately prepared to crush the dragon-shaped necklace and strike first.

However, Princess Linglong suddenly raised her head and said solemnly, “Hold On! I don’t want to fight with you for the time being. At least I don’t want to expose my identity when there are ice hornless beetles nearby.”

Ice hornless beetles? Fu Bingyu?

However, since she was willing to live in harmony for the time being, Su Yu naturally wouldn’t provoke this woman for no reason.

As the daughter of the Dragon Emperor, who knew how many hidden abilities she had?

“The ice hornless beetles are the upper-class races among the middle-class and third-class races, right?” Su Yu had a deeper understanding of the myriad races in the starry skies, so he spoke slowly at this moment.

Princess Linglong nodded, a trace of hatred in her eyes. “That’s right. Back then, it was only thanks to the Dragon Clan’s imperial family that we were able to turn the tables. From a low-class race to a middle-class and third-class race, but in the end, we followed the creator Dragon to defect. HMPH!”

Oh? A follower of the creator Dragon? Su Yu was surprised.

At this moment, if Princess Linglong was discovered by the people of the ice hornless insect clan, it didn’t take much imagination to know what would happen to her.

No wonder she was willing to swallow her anger and temporarily let go of the debt of Su Yu destroying more than half of her soul.

“Do you have a grudge against him?” Princess Linglong suddenly asked.

Su Yu thought for a moment and nodded slightly. “There are some minor grudges. Why?”

“It’s nothing. If you lack helpers, perhaps I can be counted as one,” Princess Linglong said coldly.

There was no doubt about her strength. Even the three-crowned emperor might not be able to do anything to her.

Su Yu’s eyes lit up slightly. He asked hesitantly, “Can I trust you?”

“Don’t worry. The grudges between us are nothing compared to the deep hatred between the ice hornless beetles,” princess Linglong said.

After thinking for a long time, Su Yu nodded. “Okay, I think I will need you soon. For the time being, you can continue to stay by my side as Princess Ruchen.”

The cold look in Princess Linglong’s eyes receded like the tide, revealing a pure look. She rolled her eyes and said, “Okay, brother Su Yu.”

This glance made Su Yu’s mind go numb.

This Woman!

Returning to the altar, Su Yu's soul came to the world-ending plate.

After a casual scan, he saw that the dark king was in the area where the former nine regions continent was located. He was floating in the sky above a building called True Dragon City. He looked thoughtfully at the building that was carved with Su Yu's divine statue.

Su Yu had not been here for a long time. After a casual scan, he surprisingly found that in the world of the world-ending plate, whether it was the former nine regions continent, the later divine realm, or the lost ancient divine realm..., there were statues of Su Yu in Dulin.

With a rough glance, there were no less than a hundred statues.

Countless creatures expressed their admiration toward the statues, and thousands of strands of power of faith gathered in the statues.

"Do you also cultivate the path of faith?" The dark king asked thoughtfully without turning his head.

Su Yu shook his head slightly. "No, the path of faith has a lot of flaws. From my observation, those who cultivate the path of faith have a great degree of damage to their souls. It seems that they can improve their strength in a short time, but in fact, there are endless troubles in the future."

Dark King revealed a hint of surprise, "You can actually see it so clearly? When I found out that you are the moon worship sect master, to be honest, I thought that you were not far from death."

"Oh?" Su Yu's heart moved, "How much do you know about the path of Faith?"

Dark King's eyes revealed a hint of seriousness, "I don't know much. I only know that in the end, when one cultivates the path of faith, he has always been a dowry for others! The deeper one cultivates, the greater the sacrifice."

"Dowry for whom?" Su Yu asked again.

Dark king said slowly, "The path of faith is like a food chain from top to bottom. The big fish eats the small fish, the small fish eats the shrimp, and the shrimp eats the mud. An expert who spreads the path of faith can devour cultivators who convert to the path of faith he spreads. Those above him can devour his path of faith, and so on. Until the peak existence who created the path of faith, he is at the top of the food chain."

Su Yu instantly understood what he meant, and his eyes revealed a deep surprise.

In order to prevent their souls from being devoured by the next-level Apostle, the next-level apostle had to work hard to expand the number of people who had converted to the path of faith, and work hard to develop the offline world. The offline world would also continue to develop more offline worlds, and so on, it was an endless expansion.

It was precisely because of a similar mechanism that the moon worship sect was able to develop from nothing into one of the ten great sects of the Dark Star civilization in just a few hundred years.

And the Moon worship sect was perhaps only one of the lower levels of this mechanism.

The person at the top of the path of faith was probably an unimaginable big shot.

Staring at the statues, Su Yu felt his hair stand on end and did not want to touch them. He thought to himself, “Didn’t Xia Jingyu consider the endless harm caused by the statues of the path of faith that she left behind?”

“The person who set up the statue for you is quite extraordinary.” Dark King stared at the statue, he said meaningfully, “Based on my understanding, the power of faith absorbed by the statue is very difficult to preserve completely. About 90% of the faith will disappear into nothingness again. However, the statue in front of me is really marvelous!”

“Not only does it not let the power of faith dissipate, but it also allows the power of faith to continue to condense in the statue!” Dark King’s eyes were full of admiration. “Such a method of setting up can be said to be superb. At least, I have never heard of such an exquisite method of gathering the power of faith.”

“Especially the one right now. The power of faith that it has absorbed over a long period of time has reached an extremely huge level. Just this one alone is comparable to Fu Bingyu’s 300 years of gathering. It can be said to be astonishing.”

This one was built by Qin Xian ‘er when Xia Jingyu left. It had been built for the longest time.

In addition, the power of faith that it had absorbed did not dissipate at all. After so many years, it was not surprising that the power of faith that it had accumulated exceeded Fu Bingyu’s 300 years of gathering.

Although the other 100 statues had not been built for a long time, because they had completely preserved the power of faith, they were still very terrifying.

If all the power of faith of the statues were added up, it would probably reach an unimaginable level.

“I still have some bits and pieces of knowledge about the power of faith. If you are interested, you can take it and have a look.” The Dark King tapped the space between his brows with his fingertip, capturing a part of his memory and sealing it in a jade seal.

Su Yu felt as if he had obtained a treasure. After bidding farewell, he returned to the outside world.

The living beings in the world ending plate only felt Su Yu’s aura appear in a hurry before disappearing quietly.

Some people felt a deep sense of loss in their hearts.

Chapter 1922 Ten Powers

Su Yu also noticed it and sighed softly, “I’m sorry. I’ll definitely return on the day I break through to the Emperor Realm.”

Without another word, Su Yu closed his eyes and immediately digested the information related to the path of faith.

At the same time.

The entire dark star civilization was in a state of turmoil. The appearance of the universal chess was like a meteorite falling into the vast ocean, setting off endless waves.

The people who were qualified to be selected by the various large factions were all making preparations.

On this day, Su Yu received an urgent message from Sima Biyun.

There were only four words in the message.

Someone from the north!

There was only one explanation for the north that she was referring to.

The five large factions from the North had arrived.

Su Yu's heart was unperturbed. It was unexpected and within reason.

The all life chess was about to be held. If the five large factions did not seize the time to discuss the five large factions from the south, it would be strange if they did not discuss it with each other.

However, anyone with a discerning eye could tell that the five major forces in the north were coming aggressively.

If the five major forces in the south did not unite at this moment, they would probably suffer a great loss in the negotiations.

However, the moon worship sect would need a month to travel to the wind and cloud villa.

By the time the five sects gathered, the Cangsheng chess would have already begun.

Just as he was frowning, he suddenly looked up and took a deep breath. He found that there were eighteen stars that were arranged in a mysterious formation that came with the communication jade seal.

They hovered above the moon worship sect's altar and emitted an incomparably powerful teleportation power. It was comparable to one of the three great divine arts of the Dark King, the stellar transposition!

"The Heavenly Star Nine Yin Nine Yang Great Formation?" Su Yu was secretly surprised. This formation was truly terrifying.

It actually had such heaven-shaking power.

The teleportation power before his eyes was probably just the tip of the iceberg.

Su Yu became more and more worried about the consequences of handing the formation stone over to Sima Biyun.

After pausing for a moment, Su Yu sent a message to inform the SAINTESS. The SAINTESS who had received the news immediately rushed over.

She was very concerned about the Cang Sheng chess. She would definitely not miss the meeting of the ten great forces. "Let's go. The five great forces of the north have come with ill intentions. The Wind Cloud Villa alone will not be able to handle it."

“Hold on, let’s wait for one more person,” Su Yu said.

The Saintess was suspicious. Not long after, she frowned and stared at Little Niaoyi. Half of her body was leaning on Su Yu’s shoulder. Princess Ru Chen asked, “Are you sure you want to bring her along?”

Su Yu felt the pressure from her arm. She glared at the mischievous princess Linglong and coughed dryly. “Can’t I bring the cult master’s wife to the banquet?”

The SAINTESS could not describe the moon worship cult master’s stupidity.

This was not a game. Once the ten great forces gathered together and could not come to an agreement, it would be a time for them to fight.

With her strength that had just broken through to become the single-crowned emperor, she would probably be killed in an instant.

However, she was too lazy to waste her breath on it. “Suit yourself!”

She immediately stepped into the vortex with Su Yu and princess Ru Chen.

After that, the three of them felt the world spinning.

After the time it took to brew a cup of tea.

The silhouettes of the three of them flickered on the floating meteorite in the wind cloud villa.

Looking below, Sima Biyun, Lu Wuming, and master Bao Kun were already waiting for them.

To be precise, the five sects alliance had long since ceased to exist in name. The leaders of the five sects were either dead or controlled by someone.

If word got out, no one would believe it.

“Moon Worship Sect Master, Moon Worship Holy Maiden... and this lady, you’re here?” Master Bao Kun and Sima Biyun welcomed them.

The latter looked at Princess Ru Chen strangely, not knowing who she was.

“This is my wife, Princess Ru Chen.” Su Yu introduced calmly.

Sima Biyun was slightly taken aback. She glanced at the holy maiden beside her and thought to herself, ‘shouldn’t the wife of the Moon Worship sect leader be a holy maiden?’?

With the Holy Maiden’s strange status in the moon worship sect, who would believe that she wasn’t the future sect leader’s wife?

But what was going on right now?

The Holy Maiden’s face turned slightly red. She glanced at the two of them and her expression turned unnatural.

The three of them were together, and their relationship was indeed rather delicate.

“Oh, so it’s the cult master’s wife. Welcome!” Sima Biyun said with a smile.

Princess Ru Chen replied with a faint smile.

Su Yu glanced at Master Bao Kun. Master Bao Kun was his puppet, and with just a glance, he received the message.

Almost as soon as he arrived, Su Yu and the others arrived.

In other words, the heavenly star nine yin and nine Yang Formation sent both of them here at the same time. Its power could be said to be terrifying.

“With our strength, it seems like we are alone.”The Saintess went straight to the point and frowned deeply.

The Lord of the sword sealing pavilion was killed by the Emperor’s killing sword, and the Lord of the Azure Underworld Prefecture was killed by the Windcloud Manor Lord. Only the three factions were left. They were probably not enough.

At this moment, master Bao Kun said mysteriously, “It’s alright. The Master of the Azure Underworld Palace will appear soon.”

After hearing this, the Holy Maiden and Sima Bi Yun were both stunned.

The Master of the Azure Underworld Palace was already dead!

As he was talking to himself, master Bao Kun seemed to have sensed something. He flew up into the air and rushed out of the manor. He said, “He’s here. I’ll go and welcome him.”

In the distance, a storage ring that Su Yu had sent to him using the power of space appeared in master Bao Kun’s palm.

After opening it, a black-robed man wearing the identity token of the Master of the Azure underworld appeared.

He wasn’t just anyone. He was the Master of the azure underworld palace that Su Yu had disguised as another puppet.

The two of them returned together. The holy maiden and Sima Bi Yun were both shocked, but they had different thoughts.

The Holy Maiden was shocked. “That person disguised as master Bao Kun, but it’s not enough. He actually disguised himself as the master of the Azure Underworld Palace. He’s really audacious. Isn’t he afraid of being exposed?”

Just like last time, the Holy Maiden didn’t expose him. Instead, her admiration for him grew deeper.

Sima Biyun knew that the moon worship sect master intended to use the token of the Master of the Azure Underworld Palace. However, she didn’t expect that the Master of the Azure Underworld Palace would ‘come back to life’.

She looked at Su Yu with slightly more vigilance.

However, the five great leaders had at least gathered four of them, so they were much more confident now.

The four of them first discussed with each other and discussed the bottom line of this discussion. Then, they set off together and arrived at the border between the Sacred Mountain and the Wind Cloud Villa.

When they arrived, the four dark moon clansmen with powerful auras were already waiting for them.

Each of their auras had reached the level of three crowns. One of them had a stronger aura than nameless Lu.

This person had a cold face, giving off a cold feeling that was difficult to come into contact with.

Su Yu didn't know if it was an illusion, but he actually felt like he had seen this woman somewhere before.

However, he couldn't tell where exactly.

The strangest thing was that the woman threw a glance at Su Yu. At first, she seemed to be deep in thought, then she was surprised and looked at Su Yu up and down.

“This woman... What's going on?” Su Yu was secretly shocked.

The way she looked at him made Su Yu feel that the extremely black dust robe on his body was directly seen through, as if there was no isolation effect at all.

However, this was a robe that even the four crowns could not see through. How could this woman see through it?

“Who is that?” Su Yu asked the Saintess telepathically.

However, the SAINTESS replied disdainfully, “What? You had an affair with the mistress of the Fengyun Villa, and now you want to attack the Master of the Divine Cloud Mountain, the leader of the ten forces? “I advise you not to hit her. This woman is not simple. You Can't afford to offend her.”

So it was her!

The leader of the number one force of the dark star civilization, Yun Qianshuang!

Although Su Yu had never seen her before, her reputation was as well-known as thunder.

She was known as the number one expert of the dark star civilization, below the dark king. She had been a peerless beauty since she was young.

Of course, that was because of the Dark Moon race's foresight. With the human race's foresight, her skin was as black as ink. It really didn't conform to their aesthetic standards.

The two sides met and stood on the border and started chatting.

Sima Biyun still appeared as the wife of the Fengyun Manor Head. She didn't say a word, but secretly controlled nameless Lu to talk.

“The sect master of the Sealed Sword Pavilion didn’t come?”The one who spoke was Yun Qianshuang. As the leader of the north, she had full authority to negotiate on behalf of the northern powers.

Nameless Lu smiled faintly at her and said, “Didn’t the sect Master of Your Star Gallop sect also not come?”

A few years ago, the sect master of the star Gallop sect had fallen in the battle between the Five Great Powers.

Yun Qianshuang said indifferently, “The sect master of the star Gallop sect had fallen by accident. Could it be that the sect master of the Sealed Sword Pavilion had also fallen outside?”

Nameless Lu said, “Of course not! Feng Sword Pavilion’s sect master is still on his way here.”

“Oh? Is That So?”Yun Qianshuang gave a faint smile and took a step forward. She said, “Then, let’s discuss the matter of the Cang Sheng Chess.”

“The Cloud Fog Divine Mountain led another force here. They must be prepared. Why Don’t you share your opinions?”

Yun Qianshuang looked at them leisurely, especially at Su Yu and master Bao Kun, she said, “In my opinion, your Southern Alliance will send forty-nine experts to join the five great factions in the north. Only then will you be able to consolidate the strength of the dark star civilization and deal with the external enemies.”

Sima Biyun didn’t have any objections to the existence of the external enemies.

In the entire dark star civilization, other than the ten major factions, there was another extremely powerful faction.

The Star Alliance Chamber of Commerce!

The strength of the experts in the Star Alliance Chamber of Commerce was always unknown, but there were definitely many of them!

At the very least, it was rumored that the leader of the branch of the Star Alliance Chamber of Commerce in Dark Star, the Sword Alliance Master, was an existence with four crowns. It was hard to estimate how many experts he had under him.

“It’s natural to fight against external enemies. The chess of the common life originated from our dark star civilization. There’s no reason for the opportunity to be snatched away by outsiders,”nameless Lu said. “However, why should the five major factions of the south join your north instead of you joining us?”

The corners of Yun Qianshuang’s mouth curled up into a mocking smile. “Just based on that, all of you added together are not even a match for me.”

Although she was a woman, she had a domineering aura.

Su Yu frowned slightly. What a big tone.

The rumored Yun Qianshuang was indeed powerful, but she was only slightly stronger than nameless Lu.

Where did she get the confidence to challenge all of them alone?

Nameless Lu laughed arrogantly. “Yun Qianshuang, we haven’t seen each other for hundreds of years. Your Tone has gone crazy. Why Don’t we spar now?”

Yun Qianshuang smiled, “There’s no need to spar. All of you, attack together. If you can shake me, then I will lose. I will lead the northern forces to listen to your orders.”

Oh? Su Yu could not help but be surprised.

This woman’s tone was too... too arrogant!

It was so arrogant that even the four crowns might not have such confidence!

Chapter 1923 The Decree Of The Dark King

Even someone as strong as the four crowns could only say that they were not afraid of their attacks. Even if they were to be shaken, the four crowns would not have absolute confidence.

This woman was full of confidence. Could it be that she really had the strength to rival the four crowns?

Even Su Yu could not help but feel a deep sense of fear.

Sima Bi Yun narrowed her eyes. Nameless Lu received the news and immediately agreed, “Are you serious?”

Unexpectedly, before he could finish his sentence, Yun Qianshuang teased him again, “Of course I’m not serious. Do you really think I’m that stupid?”

She giggled and looked like she was teasing them.

Su Yu and the others’ faces twitched when they heard her unexpected words.

She was the leader of the top ten factions after all. wasn’t it a little too much to tease her at such a solemn occasion?

Looking at the leaders of the other three factions behind her, they either stood at a distance to show that they didn’t know her, rubbed their noses in embarrassment, or stared at her in disappointment.

It was obvious that this woman’s absurd behavior wasn’t something that happened in a day or two. They had long gotten used to it.

Sima Bi Yun snorted in disdain. She had thought that this woman really had such strength.

So... she was just like that.

Nameless lu snorted, “I’ve made a joke! Let’s Be Serious!”

The four great factions had traveled a long distance to come here and had managed to escape from the chaotic state of the battle within a short period of time. How could they not have any plans?

“The serious proposal is...”yun Qian Shuang said lazily, “Within ten days, everyone must submit to me.”

Nameless Lu said unhappily, “Mountain chieftain Yun, a joke can not be taken lightly. We are gathered here not to listen to your jokes.”

Who knew that the gazes of the leaders of the three great powers in the north would turn solemn as they stared at them.

“Right now, I am serious,” Yun Qianshuang said calmly.

Sima Biyun narrowed her beautiful eyes slightly. Seriously..

But this was even more arrogant than what she had just said!

The north and South had existed for many years, and neither side was willing to submit to the other. No one had ever been qualified to unify the other side.

Nameless Lu raised his eyebrows and asked, “What about your backing?”

Su Yu’s eyes flickered slightly. In front of the entire world, he did not believe that the northern powers would be stupid enough to choose to start a war at this juncture and cause both sides to suffer heavy losses.

However, why did he need the five Southern forces to submit?

Only the Dark King was qualified to do so, right?

However, the Dark King had never interfered in the battles between the ten forces, never.

Shua --

Yun Qianshuang took out an imperial decree that contained a majestic aura and tossed it into the air. The imperial decree rolled with a mighty pressure.

“The chess game is about to begin. Yun Qianshuang will be given the title of commander of the ten forces. She will join forces with the other forces to win the chess game.”

That was the dark king’s unique aura. No one would be mistaken.

The SAINTESS, who had been silent the entire time, narrowed her eyes. “The Dark King’s Edict!”

A strange expression appeared in Sima Biyun’s beautiful eyes. “It’s an edict, it’s true!”

Her expression became extremely ugly.

The Dark King, who had never interfered with the matters of the ten forces, had actually allowed Yun Qianshuang and the others to deal with the game of chess.

How could they be willing to accept such an overbearing and ridiculous decision?

If that was the case, their southern faction would be completely controlled by the northern faction.

Although the time limit was only before the chess game of the common people.

These few days were enough for the northern faction to bring destruction to the south.

Even though Sima Biyun was on guard and had expected the four great factions of the north to join forces, they definitely did not have good intentions.

However, the situation had completely gone out of control.

Yun Qianshuang waved her delicate hand and closed the edict. She stared at them with a faint smile. "Do you have any objections?"

Sima Biyun and the Saintess fell silent.

How would they dare to object to the Dark King's order?

Although the Dark King had never considered himself the ruler of the dark star civilization, his status was undoubtedly that of a supreme existence.

He had no choice but to listen to his edict.

Sima Biyun's eyes darted around repeatedly. She had no other choice.

The Dark King had yet to discover the fact that she had secretly manipulated nameless Lu. If she were to resist the Dark King's decision and provoke him to come personally, it would be bad for her if she were to discover something abnormal.

"Wind cloud villa... will abide by the dark king's decision." Sima Biyun made her choice.

The SAINTESS sighed and looked at the moon worship sect master. The latter pondered for a moment before deciding to agree.

Firstly, he didn't want to get too entangled with the dark king, just like Sima Biyun, so as to avoid being exposed.

Secondly, it would take a month for them to gather at the moon worship sect. Even if they were temporarily taken over by the northern powers, it wouldn't be a big deal. A round trip would take two months. It was believed that they wouldn't head to the Moon Worship Sect's territory at all.

Master Bao Kun and the Master of Azure Underworld Palace naturally agreed to it.

Their treasure trove had all been emptied by Su Yu, so it wasn't a big deal for them to be ruled by the northern powers.

It didn't take long for Yun Qianshuang to receive their reply.

A trace of disappointment appeared in her eyes. She said in boredom, "I was still thinking about who would resist and let me find an opportunity to practice my skills. I didn't expect that all of you would be as cowardly as mice!"

"Alright, then I'll head to your respective powers to make arrangements now," Yun Qianshuang said indifferently.

"I'll be in charge of heading to the wind cloud villa and temporarily Take Charge!"

"Hua Hun will head to the Dustless Moon sect and take charge of the Territory!"

Hua Hun was the current Hindrance Master of Miao Xiang Workshop, one of the five great factions in the north. He specialized in Soul Secret Arts.

"Leng Yun, you'll be in charge of the Green Underworld Palace!"

Leng Yun was the Abbey Dean of the heartless Daoist Temple, one of the five great factions. He specialized in the Heartless Dao.

“Emperor Yu, you’ll head to the Moon Worship Sect.” Yun Qianshuang glanced at the moon worship sect master.

Sima Biyun was slightly surprised by Yun Qianshuang’s arrangements.

Emperor Yu was the current Palace Master of the Heavenly Palace. His strength was second only to Lu Wuming, and he was the third strongest expert among the ten great factions.

He had actually arranged for him to be sent to the moon worship sect, which was the weakest among the ten great factions. Such an arrangement was slightly unusual.

Could it be that the moon worship sect had something that Yun Qianshuang valued or feared?

Emperor Yu nodded his head silently and muttered, “What if someone doesn’t agree?”

Yun Qianshuang said indifferently, “Then how do you think we should deal with those who disobeyed the dark king’s orders and obstructed the plans of the common people?”

“Kill.” Emperor Yu understood and looked at Su Yu with a hint of coldness in his eyes.

“Isn’t that right?” Yun Qianshuang spread her hands. “Therefore, the leaders of the southern powers, it’s best for you to cooperate with our northern arrangements in the near future. Otherwise, I can’t guarantee that the dark king won’t come personally.”

Sima Biyun’s expression was extremely solemn. Her wind cloud villa was not far from here and they would arrive very soon.

On the other hand, the moon worship sect, which was the furthest away, might be safe and sound.

“Since that’s the case, let’s split up and act separately,” Yun Qianshuang said. At the same time, she casually grabbed four small five-colored stones. She kept one for herself and gave the other three to Hua Hun, Leng Shan, and Emperor Yu.

Hua Hun was a young woman. However, under Su Yu’s soul, there was an old woman with white hair and a wrinkled face.

However, she looked very young.

As the saying went, it was difficult to paint skin and bones, and it was difficult to paint people and souls. She lived up to her name. She had the appearance of a young girl and an old soul.

“Master Bao Kun, let’s go. Bring me to the dustless moon sect.” She smiled charmingly and crushed the five-colored stone in her hand. Immediately, a ball of colorful light enveloped the two.

However, a moment later, Su Yu was secretly shocked.

Through the spiritual connection, he learned that Master Bao Kun had been teleported back to the dustless moon sect, which was half a month away.

That small stone was an extremely powerful teleportation item.

Chapter 1924 Acting Sect Master

Sima Biyun's expression changed slightly as she whispered, "Didn't they say that the divine tiange stone on the Divine Cloud Mountain was extinct many years ago and couldn't be mined anymore?"

Yun Qianshuang smiled happily. "Haha, of course it was thrown out from the graves of our ancestors. Those old fellows even brought a divine tiange stone with them when they died. They really don't understand how to understand our descendants."

This... was the first time she had seen someone so happy when they dug up their ancestors' graves!

Following that, Yun Qianshuang crushed the five-colored divine stone as well.

It was clearly only a two-day journey, yet she recklessly used the extinct tiange divine stone. It could be said that it was a reckless waste of a heavenly treasure!

After she left, Leng Shan invited the Master of Qingming Prefecture to teleport away.

In the end, only Emperor Yu was left. He casually swept his gaze over Su Yu and the two women beside him.

He only swept his gaze over the SAINTESS, lingering on Princess Ru Chen for a moment before a strange light flashed and disappeared.

Without saying a word, he crushed the tiange divine stone.

Not long after, they appeared in the sky above the moon worship sect's sacred altar.

Princess Ru Chen secretly curled her lips. How long has it been since they left?

Su Yu's expression also sank slightly. The Wind Cloud Villa had the heavenly star nine yin and nine Yang great formation, while the Cloud Mist Divine Mountain had the tiange divine stone. This was unexpected.

"Is this the moon worship sect?" Emperor Yu glanced at them indifferently, shook his head, and commented, "It's a trick to fool mortals. To be honest, I'm quite surprised that such a force could be created."

His words did not conceal his contempt for the moon worship sect at all.

"However, in the end, its foundation is still too weak. The main sect is of such a nondescript scale." Emperor Yu's contempt deepened. "You can imagine the following branches."

Su Yu said indifferently, "I wonder how Dark King will feel if I tell him what you said."

"Huh?" Emperor Yu frowned. Then, he came to a realization and his expression changed slightly, he scolded sternly, "HMPH! Don't even think about comparing your trick to Dark King's! You are fooling a mortal. He is respected from the bottom of the hearts of all the tribes. It is not the same as you."

He was anxious to clarify himself and flatter the dark king.

From the bottom of his heart... Not Necessarily.

Based on Su Yu's personal experience, the mortals in the cave abode world did not believe in the illusory dark king, but the person in charge of the cave abode world who took good care of them.

However, these beliefs were forced to be given to the dark king.

Moreover, he believed that the leaders of all the tribes did not have any faith in the dark king.

In order to gain more faith in the Dark King in a short period of time, he was willing to give the order to create war and harm countless people.

It would be strange if the leaders of the tribes had faith!

Naturally, Su Yu would not explain. He said, "What arrangements do you have? Speak."

Emperor Yu stared at him coldly. "Watch your tone. From now on, I am the Moon Worship Sect's leader. As for you, you are nothing. Just quietly wait by the side!"

He was only temporarily in charge, yet he claimed to be the leader of the Moon Worship sect.

The Saintess was secretly angry. The Moon Worship sect was being bullied by someone!

This was something that she did not even dare to think about in the past.

Su Yu frowned slightly. The moon worship sect was being abused by this person, so Su Yu would not feel sorry for it. However, there were some things and people that he had better not exceed Su Yu's bottom line.

A cold light flashed past Su Yu's eyes.

"Then please do as you please."

Emperor Yu chuckled. "The first thing is to gather the guardian elders and core missionary elders in the altar to meet the new sect leader."

Su Yu paused his head and brought him to the Moon Worship Hall to issue a summon order.

After entering the hall, Emperor Yu flew to the sect leader's throne and sat down immediately.

When Protector Bai Li and the other elders came to pay their respects, they found that a stranger was sitting on the cult master's throne.

Unlike the previous soul-devouring worm, this person's cultivation was very high, making them feel endless pressure. They didn't act rashly and looked at the moon worship cult master for instructions.

However, the latter didn't say a word, making them confused.

"Are they all here? !" Feather Emperor nodded lightly, then, his expression turned solemn, "Pass down the Dark King's orders. The opening of the Chess Game of life is about to begin. For the time being, the northern forces will be in charge of the Southern forces. We will integrate the forces of the ten great forces and

strive for the victory of the Chess Game of life. Anyone who disobeys will be disobeying the dark king and will be killed without mercy!"! "Do you all understand?"

The Dark King's orders? Protector Bai Li and the others were inexplicably horrified.

Dark King never interfered with the fight between the ten forces, how could it be..

"What he said is true,"Su Yu said.

His words put protector Bai Li and the others in an awkward situation. were they loyal to the moon worship sect master or the temporary sect master in front of them?

"What, you still don't want to meet your new sect master?"Emperor Yu snorted, and a powerful pressure came at them without any warning.

Protector Bai Li and the others were immediately suppressed until they fell to their knees.

The missionary elder's cultivation was only that of a single-crowned emperor, so it was even more impossible for him to withstand it. All of them suffered quite a shock.

One of them, whose cultivation was very weak, was directly shaken until he spat out blood. His four limbs were sprawled on the ground, and he couldn't even get up.

He was the new core missionary elder who had been jointly promoted by the sect leader and the Saintess, Yang Tai!

Protector Bai Li and the others were greatly shocked. After struggling for a moment, they all shouted resentfully, "Greetings, acting leader!"

Only then did emperor feather nod his head with slight satisfaction.

However, when his gaze swept over Yang Tai who was lying on the ground, unable to move.., his gaze revealed contempt, "A silver overlord is also qualified to be a missionary elder? Your Moon worship sect is really chaotic! As the saying goes, a new official takes over three fires. Since I'm the new leader, the first fire will be to clean up the useless people in the sect!"

He waved his sleeve, and Yang Tai was sent flying by a huge force.

Even if it was just a casual blow from the three crowned emperors, it was enough to directly shake the Silver Overlord into ashes.

Yang Tai was caught off guard, and blood gushed out on the spot. His body was ravaged and destroyed by that Majestic Primal Force!

The Saintess' eyes were about to split open. Her slender body flashed, and she blocked Yang Tai's back, trying her best to disperse the attack that he had suffered.

However, she was also injured and flew out of the Moon Worship Hall.

Fortunately, Yang Tai was spared from death because of her attack, but he was also seriously injured and unconscious!

The Saintess' red lips were full of blood. She stared coldly at Emperor Yu in the hall, "It's okay to clean him up, but what do you mean by killing him?"

Emperor Yu's eyes darkened.

He killed to establish his authority. He wanted to tell these guardian elders who were unconvinced who was the real master.

Unexpectedly, the Saintess of the Moon worship sect acted on behalf of a small missionary elder.

"I represent the Dark King. I'm working for the Dark King. Are you dissatisfied with the Dark King by stopping me?" Emperor Yu stood up, his eyes were full of killing intent. "Besides, I find it strange. As a SAINTESS, you should be a subordinate of the cult master. But rumor has it that you're on equal footing with the cult master. It's unbelievable!"

He walked over with his hands behind his back, his killing intent deepening step by step. "Since this sect has decided to eliminate the incompetent, then we will eliminate them to the end!"

Chapter 1925 Was A Heinous Act

The protectors were terrified when they heard this. The acting sect master wanted to use this opportunity to get rid of the Saintess!

Great Anger and fear lingered in their hearts.

Su Yu frowned deeply and shouted, "Palace Master of Heaven Palace, Enough Is Enough!"

He wanted to establish his power, but the price of executing Yang Tai and the Saintess was beyond Su Yu's bottom line.

Emperor Yu turned a deaf ear to him. He only stared at the SAINTESS and said, "Kneel down and submit to me. I can spare your life. Otherwise, your body and soul will be destroyed!"

He didn't have the position of Moon worship sect master in his eyes. He treated him like air.

The saintess gritted her teeth and protected Yang Tai behind her. She said coldly, "Emperor Yu, don't go too far!"

The one who answered was Emperor Yu. He sneered contemptuously, "Why go too far? Maybe Your Moon Worship sect should thank me for cleaning up the sect! For the last time, kneel down and submit. You Won't Die!"

However, the SAINTESS had always been proud and arrogant, so how could she kneel down and submit?

She grabbed Yang Tai's shoulder and flew out of the altar.

Emperor Yu had the Edict of the Dark King, so it was better not to confront him directly for the time being.

However, she wanted to retreat and ask Emperor Yu if he would agree.

"Humph! The SAINTESS disobeyed the order of the dark king first, and disobeyed the order of the sect master later. She is disobedient and

Unforgivable!"Emperor Yu snorted coldly, he threw out a law chain, and with the strongest attack, he wanted to destroy the Saintess and Yang Tai together.

The Saintess'face changed, and she hurriedly circulated her power of faith to fight against it.

The shield that was formed was extraordinary. It was about the level of a double-crowned king, and it was difficult for attacks below the level of a triple-crowned king to effectively destroy it.

However, the one who attacked was a triple-crowned king, and he was the third most powerful existence among the ten triple-crowned kings.

The Saintess couldn't fight him at all!

The chains shattered the Saintess'Shield and were about to destroy her body and soul.

At this moment, a strange space lotus flower bloomed in front of the SAINTESS.

The lotus flower bloomed rapidly and formed hundreds of spatial barriers.

With countless cracking sounds, the petals of the space lotus flower were crushed and couldn't block the law chains.

However, the momentum of the law chains was greatly reduced.

Taking advantage of this opportunity, the Saintess grabbed Yang Tai and fled.

Before she left, she turned around and gazed deeply at the moon worship sect leader who stood with his hands behind his back. For the first time, a trace of gratitude appeared in her heart.

She usually looked down on the moon worship sect leader's cowardice and incompetence. However, she didn't expect that at the critical moment, the Moon worship sect leader would disregard Emperor Yu's strength and the Dark King's edict to openly protect them.

A trace of apology was born.

Su Yu nodded slightly, indicating for her to take Yang Tai away for the time being and return when the storm had calmed down.

The latter nodded and used some secret technique to teleport away.

When Emperor Yu's law chains completely shattered the space lotus, the Saintess and Yang Tai had already fled without a trace.

Emperor Yu's eyes were cold. He turned his head with an ashen face and shouted in a low voice, "You dare to defy me?"

Su Yu slowly walked over and said in a neither servile nor overbearing manner, "Not only do I defy you, I also want to perish together with you!"

His aura rose rapidly. It was obvious that he wanted to have a great battle with him.

Emperor Yu laughed coldly. "With you?"

"I will probably die first, but you won't have it easy either!" "I really want to know how the Dark King will feel when he finds out that you killed one of the leaders of

the forces when he was in need of manpower. Perhaps, he will be very grateful to you!"

Hearing this, a trace of fear flashed across the depths of Emperor Yu's eyes.

He came here only to use the dark king's edict to destroy the moon worship sect and take away their resources.

How would he dare to fight to the death with the Moon Worship Sect Master?

Putting aside the outcome of the battle, the Moon Worship sect master might die, but he would inevitably suffer serious injuries. The chess game of the common people was imminent, and serious injuries were equivalent to quitting.

Secondly, if the moon worship sect leader really died, would the dark king be angry? One didn't need to think to know the answer.

Therefore, he could attack anyone except for the moon worship sect leader.

"Humph! I Am the Moon Worship sect leader now. You have no right to speak here. Scram to the side!" He shouted coldly, and the aura on his body slowly disappeared.

Su Yu's aura seemed to have risen to the level of a half-step emperor.

Hearing this, his aura suddenly stopped, and then slowly faded away.

He was only trying to scare the other party. If they really fought, he wouldn't be Emperor Yu's match.

Even if he used the dragon-shaped necklace around his neck, he still wouldn't be Emperor Yu's match, and he would still reveal his true strength.

Therefore, Su Yu retreated when he saw the situation was favorable.

Emperor Yu did not manage to finish the fire. Instead, he turned his attention to the other targets.

Staring at the remaining six protectors, he frowned and said, "Where are the other protectors? Why didn't they listen to the summons and come here? Are they looking down on me?"

Those protectors had long died in Emperor Yu's dynasty. Of course, they would not come out to see him.

Protector Bai Li felt a deep fear in his heart. They had even dared to kill him in public, let alone a protector like him?

"Reporting to acting cult master, they are currently out on a mission and have yet to return." Protector Bai Li immediately replied.

Emperor Yu coldly snorted, "The moon worship cult is currently at an extremely critical period of expansion, yet they are taking the opportunity to hide outside instead of returning. Pass down my orders and strip them of their position as guardian elders!"

He glared at Su Yu and said, "I don't wish for anyone to have any objections. Otherwise, HMPH!"

If he was continuously stopped, he might have to kill a few people to establish his authority.

Su Yu looked at his nose and mouth with concern. If he wanted to deprive them, so be it. Those few people had already turned into ashes, so what if he wanted to deprive them.

Seeing that Su Yu did not protest, Emperor Yu retracted his gaze and turned to protector Bai Li, he said indifferently, "As for the six of you, you just sit back and watch a useless person like the holy maiden wreak havoc on the moon worship sect, yet you are unmoved. It can be seen that all of you are just ordinary people."

Hearing this, protector Bai Li and the others were secretly furious.

The holy maiden being able to stand shoulder to shoulder with the sect leader was the sect leader's decision. How could the few of them be able to influence it?

It was simply unreasonable to blame them.

"Our sect is in the midst of employing people. Heavy punishments can be avoided, but the punishment is difficult to reduce." Emperor Yu said sternly, "Six protectors, listen to my orders!"

Protector Bai Li and the others looked at each other, their hearts uneasy. They bowed their heads and listened to the orders, "Listen to the sacred words of the acting sect leader."

"From now on, the six protectors will be stripped of their duties as protectors. You will be punished to open up a new branch of the Moon Worship sect. When will you prove your abilities and when will you be able to come back? Do you understand?" Emperor Yu said slowly.

The six protectors' expressions were extremely ugly.

They were stripped of their positions as protectors? They were demoted to missionary elders?

Apart from protector Bai Li who could barely hold his breath, the other protectors could no longer hold it in. They secretly transmitted their voices and cursed in anger.

"Damn it! I've used hundreds of years of achievements to climb up to the position of protector step by step. On what basis do you think you can take away my position of Protector with a single sentence?"

"If that's the case, is there a need for the moon worship sect to continue staying here? All the years of hard work must have been wiped out. I can't find a reason to continue being loyal to them."

"Let's wait and see. After all, he's only the acting cult master. He might be able to give orders now. When he leaves, the cult master will summon us back."

As if he knew what they were thinking, Emperor Feather's lips curled into a mocking smile. He said seriously, "In order to motivate you to work hard and serve the moon worship cult, we need to place a restriction on all of you before we open up the altar."

The six protectors were completely enraged. Even protector Bai Li could no longer keep his cool as he said in a low voice, “May I ask the acting cult master, who controls the restriction?”

“Nonsense! Of course it’s our cult!”

Protector Bai Li’s heart sank. If he controlled it, wouldn’t it mean that after he left the moon worship cult, he would still control their lives and deaths?

This was something that he could not accept no matter what.

The six protectors looked at Su Yu in unison, asking for help.

However, Su Yu was unmoved.

The six protectors felt a chill in their hearts. Emperor Yu had the Edict of the Dark King, and even the cult master could not help him!

Instantly, the six of them fell into a difficult situation.

Finally, one of the protectors cupped his fists and said, “The acting cult master reprimanded me very well. I am incompetent and am not qualified to take up the position of protector of the Moon worship sect. Therefore, I respectfully request to resign from the position of Protector.”

What he meant was to quit the moon worship cult from now on and no longer have anything to do with the moon worship cult.

He would return after Su Yu regained control of the moon worship cult.

He believed that the moon worship cult master would accept them back then.

The rest of them understood one after another. Including protector Bai Li and the others, they all expressed their resignation.

Emperor Yu was silent for a moment before he nodded slowly, “Agreed!”

But before the six protectors could heave a sigh of relief.., emperor Yu continued, “However, leave behind your storage space and all your personal belongings! It was moon worship who taught you everything. Since you’re leaving now, don’t take anything apart from yourselves.”

The six protectors were furious. What right did they have?

Those resources were the rewards they had obtained through their own hard work from moon worship sect. They had worked hard for many years.

Now, they were actually being asked to hand them over!

Protector Bai Li said in a deep voice, “Acting cult master, all the things we have on us are our personal belongings. There is no reason for us to return them.”

What answered him was the feather emperor’s cold gaze.

Bang --

Protector Bai Li was suddenly heavily injured and his body flew out of the Moon Worship Hall.

At the same time, the spatial storage device in his hand was taken away on the spot.

The other five were secretly furious. What was the difference between this and robbery?

“I am a man of my word. If I say one more word, kill!”Emperor Yu coldly looked at the remaining five.

They were filled with grief and anger, but under Emperor Yu’s oppression, they had no choice but to hand over their storage rings with hatred.

Only then would they be able to escape from the Moon Worship Hall.

“Since you have already left the moon worship sect, in case you harm the disciples of the Moon Worship Sect, you have three days to leave the territory of the Moon worship sect.”

With the help of the other protectors, protector Bai Li did not dare to speak out in anger and hurriedly fled.

In the main hall, the group of missionary elders felt their teeth turn cold as they were filled with anger.

They could see that this emperor Yu was clearly taking the opportunity to destroy the moon worship sect!

Forcing away the protectors was only one of them!

“Alright, now let’s Take a look at the moon worship sect’s treasury.”Emperor Yu’s eyes revealed a trace of deep anticipation as he looked at Su Yu. “Lead the way!”

Su Yu did not say a word as he led the way.

The Moon Worship Sect’s resources were huge. Although there were not many that Su Yu was interested in, to Emperor Yu, this amount of resources was enough to expand the Heavenly Palace’s influence to another level.

On the contrary, the moon worship sect would shrink further.

“The management of the Moon worship sect is too messy. In case the resources are wasted by me, I will be in charge of it for the time being.”Emperor Yu did not say anything as he took all the resources in the Treasury.

Su Yu had no intention of stopping him.

Emperor Yu saw it and secretly despised it, “With the Edict of the dark king in hand, I think you won’t be able to create any waves!”

“Let’s Go! Show me the properties controlled by the Moon Worship Sect!”Emperor Yu was not satisfied and looked at the other properties of the Moon worship sect, wanting to control them too.

Su Yu’s expression was indifferent, “Since you are the acting sect master, suit yourself. I Won’t accompany you.”

Emperor Yu's gaze darkened, but he did not dare to force him. He said coldly, "I advise you not to be stubborn. You have read the Dark King's edict clearly. If you are not worthy to be with me and fail to satisfy the Dark King, you know the consequences..."

"That's why I said, Suit Yourself! You are handling everything now. When the time comes, whether the dark king is satisfied or not has nothing to do with me!" Su Yu said indifferently and turned around to leave.

Emperor Yu stared at his back mockingly. "Don't worry, the Dark King will be satisfied!"

In a few days.

Emperor Yu massacred the core members of the Moon Worship sect and plundered their resources, causing the entire moon worship sect to fall into a huge turmoil.

The meritorious ministers were expelled, and many branches were leaderless and fell into a chaotic state.

At the same time, the resources that should have been distributed to the branches in time did not move at all, causing the hearts of the branch members to be scattered and on the verge of collapse.

In just a few days, the Feather Emperor had turned the moon worship sect into a mess with faint signs of collapse.

Moreover, he did not have the slightest intention of stopping. He extended his tentacles to search for resources to the branches in various places.

Especially when he heard that the White Dragon Branch had distributed a huge amount of resources to the relatives of the fallen warriors in White Dragon City, he even personally came to white dragon city.

While he was leaving the altar, Su Yu appeared in the dense forest not far from the altar.

The Saintess was dressed in a white robe, standing in the forest without a speck of dust.

"Do you want to let him continue?" The SAINTESS stared coldly at the Moon Worship Sect Master. When she learned of Emperor Yu's actions, she was unusually furious and blurted out her question. However, the moment she asked, she realized that this was inappropriate.

In the end, the moon worship sect master didn't do anything wrong. Emperor Yu had the Edict of the dark king in his hands. What could the Moon Worship Sect Master Do?

Her doubts were unreasonable.

"I'm sorry, I was too emotional," the SAINTESS apologized. "I didn't mean to blame you..."

"It's okay. As the sect leader, I have a responsibility to let the Moon worship sect fall to such a state," Su Yu said indifferently.

Eh? The Saintess was slightly surprised and looked at the moon worship sect leader up and down curiously.

She didn't know why, but the Moon Worship sect leader gave her a very strange feeling. It was different from her previous arrogance and weakness.

“SAINTESS, can you do me a favor?” Su Yu asked.

“What favor?”

“A favor to make emperor Yu pay the price.” A cold light flashed in Su Yu's eyes.

Emperor Yu's actions had already exceeded Su Yu's bottom line.

From the moment he planned to kill Yang Tai, he had already crossed his bottom line.

The Saintess was shocked and said in disbelief, “He has the Dark King's imperial edict in his hand, and he himself is ranked third. Can you do anything to him?”

Su Yu's eyes were cold. “If I can't do anything to him, there will naturally be someone who can! Do As I say!”

His lips moved and he told her the detailed method through voice transmission.

After listening, the Saintess looked suspicious. “It's that simple?”

Su Yu nodded slightly. “As long as you do so much, there will be a certain risk. I Can't let you expose yourself too much.”

The saintess looked deeply at Su Yu and nodded slowly. “Alright then, I'll believe you just this once.”

To be honest, she had no idea what Su Yu was planning to do.

However, the moon worship sect leader's confident tone made her agree to it. This was because she seemed to vaguely see a trace of that person.

Chapter 1927 A Person Who Is About To Die

At the same time.

In the branch of White Dragon City, the new branch leader didn't dare to breathe heavily and half-knelt on the ground.

The missionary elder, elder White Dragon, who was in charge of this area, also bowed deeply. His face was filled with deep indignation and anxiety.

In front of them, emperor feather stood with his hands behind his back, faintly releasing the aura of a three-crowned emperor.

He glanced at elder white dragon and rubbed the storage ring in his palm in surprise. He had never thought that a mere missionary elder would have so many resources on him.

Moreover, it was mostly because he had already distributed them to the families of the victims.

“Why didn't the two of you carry out my orders?” Emperor Feather's aura increased, forcing them to lower their waists even further.

Under the pressure of the branch leader, he didn't even have the strength to speak. Elder white dragon gritted his teeth, he spoke with difficulty, "Reporting to the acting sect leader, it's not that we don't carry out our orders, but that we can't carry them out! "Those resources have already been distributed. We've called for the family members who have received the resources to hand them over. However, there are very few who are willing to listen to our call."

Emperor Yu's gaze gradually turned cold. "Useless trash! As the mission elder in charge of White Dragon City, you can't even handle a trifling matter. What's the point of having you? From now on, you will be deposed as the mission elder. Scram!"

Not giving elder white dragon any chance, Emperor Yu glared and an invisible force sent elder white dragon flying out of the branch.

"Pass down my orders. Lead the Moon Worship Sect's believers and demand them one by one. Those who do not comply will be regarded as traitors and will be executed on the spot! If they hide and escape, immediately issue an arrest warrant so that they can not escape even if they have wings!"

Hearing this, the branch leader sucked in a cold breath. "This... This will trigger a rebellion, right?"

Those resources were used to compensate the relatives of the victims back then. Now that they had been extorted in such an overbearing manner, they would definitely incur the wrath of the heavens and the resentment of the people.

A rebellion was inevitable.

It might even spread to other regions and destroy the hundreds of years of foundation of the Moon Worship sect.

"HMPH! So what if there's a rebellion? Just kill them!" Emperor feather said roughly.

If there was a rebellion, it would be the best. He would take the opportunity to let the Moon worship sect collapse on its own.

"This..."the branch leader hesitated

Emperor Yu's eyes were cold. "There is a limit to my patience. If you continue to disobey my orders, you will be punished as a traitor!"

There was only one outcome for a traitor -- death!

Helpless, the branch leader gritted his teeth and nodded. "I will obey the orders of the acting sect leader."

Even the real sect leader was helpless. So what if he recognized that he was obeying orders?

Thus, the darkness of White Dragon City descended.

The strong worshippers of the moon worship sect who were dispatched from all directions poured into white dragon city in an endless stream.

They went from house to house and checked the list one by one, looking for the families of the victims who had already received compensation and forcibly asking for the resources that were distributed to them.

If they were unwilling to return the resources, the answer they received was an iron-blooded method of suppression. It was cruel and bloody.

In an instant, the entire white dragon city fell into desperate cries, heart-wrenching screams, and angry shouts.

The loss of their loved ones was already an unbearable pain for their families.

Now, the compensation promised to them by the Moon Worship sect was forcibly taken back. It was no different from sprinkling salt on their wounds.

Many of the family members were only in a stalemate for a while before they were mercilessly executed as bloody punishment.

The remaining family members lost their loved ones and broke out in despair, taking revenge on the spot.

A spark could be easily extinguished.

However, the same spark covered the entire white dragon city. How could it be destroyed?

From the initial forceful demand for resources, it eventually developed into a collective rebellion against the moon worship sect in the entire White Dragon City.

Emperor Yu sat in white dragon city and calmly dispatched more elite soldiers from other regions to suppress the traitors.

His methods were extremely ruthless and merciless!

Anyone who betrayed the sect, regardless of whether they were involved or not, would be sentenced to death for a felony. Regardless of gender, age, or age, they would all be executed.

The bloody method did not deter them. Instead, it made them resist at the cost of their lives.

Moreover, the riots in White Dragon City were like a spark that set fire to a prairie.

The other believers who were filled with righteous indignation were extremely disappointed with the performance of the Moon Worship sect for half a month. The outcome of White Dragon City made them feel even more disappointed.

In just ten days, more than 30 missionary elders took the initiative to resign from their positions as elders. The hundreds of cities under their jurisdiction fell into a chaotic situation without a leader.

Insurrectionists emerged like mushrooms after a rain. They attacked the local branch of the moon worship sect, swore to withdraw from the moon worship sect from then on, and drove the moon worship sect out of the local area.

Soon, the war that radiated half of the moon worship sect burned through the endless mountains and rivers.

Emperor Yu, the initiator of all this, weighed the blood-stained spatial storage devices in his hands and revealed a satisfied smile. “Not bad, I barely took back those resources.”

Actually, it was more than taking back the resources? The entire White Dragon City was destroyed in an instant, and the resources of the innocent people were also taken away and handed over to Emperor Yu.

The amount of resources was far more than what was given out back then.

After staying for half a month, Emperor Yu stood up and patted the shoulder of the branch leader of the White Dragon Branch. “Well done. There will definitely be rewards in the future! You guys continue to attack the traitors. I will return to the altar first.”

The branch leader’s expression became anxious. “Acting cult leader, the war has spread to the other cities. If this continues, it will cause a huge disaster. The acting cult leader has already taken back all the resources. Why Don’t we stop the war?”

Emperor feather sneered. “Call it a day? A group of traitors who oppose our cult will only have one outcome. Death! Pass down my orders. Anyone who joins the rebel army will be exterminated!”

Hearing this, the sub-division leader’s face turned pale and his entire body could not help but tremble.

Exterminate... Nine clans!

This was to force those loyal believers who still firmly followed the moon worship cult into the ranks of the rebel army!

The Moon Worship sect was finished!

At this moment, the branch leader suddenly received a message. “Reporting to the acting sect leader, our people have discovered that the Holy Maiden is preparing to enter White Dragon City.”

“Her?” Emperor Yu was immediately on guard. The Moon Worship Holy Maiden was the sect leader’s man. What was she doing in White Dragon City at this moment? Could it be that she wanted to do something unfavorable to him?

“Where is the exact location?”

The branch leader immediately contacted the intelligence personnel.

After learning the details, Emperor Yu disappeared into thin air and appeared in front of the ruined city gate of White Dragon City.

At this moment, the rebel army was fighting with the Moon Worship Sect’s army, and the battle was anxious.

The Saintess was hiding in the dark, secretly recording the image in front of her eyes. It seemed to have lasted for a long time.

When Emperor Yu arrived, he immediately noticed the Saintess’s small movements. He thought to himself, did the moon worship sect master send her here?

Recording the current battle situation, was he trying to gather evidence against him? Or was there a deeper conspiracy?

No matter what she wanted to do, he couldn't let her stay here.

"I'll spare your life. I didn't think that you would dare to appear in front of me!" Emperor Yu's sudden appearance scared the Saintess. She hurriedly hid the recording in her hand into her spatial storage device.

Emperor Yu's gaze became even colder. She really had a plot.

"HMPH!" He snorted. A powerful pressure sent the Saintess flying and smashed half of the city into pieces.

The SAINTESS was just a peak overlord. How did she feel after being struck by the three crowns? Her body was shattered on the spot. Her soul wasn't even left behind. She was dead beyond compare.

Emperor Yu was slightly startled. "Isn't she good at the power of faith? She died so easily?"

Back in the Moon Worship Palace, he couldn't even kill the Saintess with one strike.

The strike before his eyes was much weaker than before. Instead, it had killed her.

A trace of surprise flashed through his mind, but he didn't pay too much attention to it. He took the spatial storage device that fell from his body and sighed into it. As expected, he found many images of the war in White Dragon City.

"Humph, what can these things do to me?" Emperor Yu shook his head and casually crushed them all. The rest of the resources in the storage space were all taken away.

After doing all this, he left the war in White Dragon City and returned to the altar.

With a sweep of his soul, he immediately found Su Yu.

At this moment, Su Yu was secretly cultivating in the secret room, turning a deaf ear to the situation outside.

Emperor Yu curled his lips and sneered in contempt. Then, he turned his gaze to the other parts of the altar, and finally fixed his gaze on princess ru Chen's room.

A Ray of blazing light flashed and disappeared.

His heart moved, and he strode to the secret chamber where Su Yu was cultivating. He deliberately released his aura to force Su Yu to wake up from his cultivation.

Su Yu slowly opened his eyes and frowned slightly. He said coldly, "Why are you looking for me?"

Emperor Yu was calm and composed. He stood outside the secret room with his hands behind his back and said, "Well, I'm here to inform you that your cult master's wife, that human woman, has caught my eye. I'll take her away."

"And then?" Su Yu's eyes were filled with a deep chill.

“And then, Hehe... I hope you know better and don't act irrationally. Otherwise, I'll teach you a lesson during the game of chess.”Emperor Yu didn't put the moon worship cult master in his eyes at all.

At this moment, he snatched his woman openly and even warned him not to be rash.

With the Edict of the Dark King, he believed that the moon worship sect leader could only swallow his anger!

After all, he had messed up the entire moon worship sect, and this moon worship sect leader did not dare to say a word.

Now that he had snatched his woman, what would he dare to do?

“Oh, is there anything else?”Su Yu said indifferently. There was no emotion in his tone at all.

Emperor Yu mocked, “I'm very curious. Aren't you angry at all?”

Creak --

The stone door opened and Su Yu's figure walked out. He stared at him calmly, “Why should I be angry at a person who is about to die?”

Emperor Yu's mocking expression became even more intense, “Oh? With You? I have the Dark King's edict in my hand. I believe that no one would dare to do anything to me even if you called the leaders of all the forces in the world.”

Su Yu calmly took out a communication jade pendant and crushed it. He stared at Emperor Yu as if he was looking at a dead person. “Is that so? Then, what if I called for the Dark King himself?”

Hearing this, Emperor Yu's mocking expression turned into an undisguised sneer. “You can call for the Dark King? Moon worship sect master, I find that you are not only cowardly, but also very stupid...”

Unexpectedly, as soon as he finished speaking, a powerful aura fluctuation suddenly descended.

Emperor Yu was caught off guard. He immediately felt a dull feeling in his chest, and a fishy sweetness gushed out from his throat.

The sneer on his face immediately turned into a deep expression of shock.

That invincible Aura was... The Dark King!

Chapter 1928

To be exact, it was Fu Bingyu.

Before he arrived, an astonishing cold air swept over and froze the surroundings into a world of ice and snow.

“Have you found him?”Fu Bingyu used some sort of divine spell and instantly teleported from the sacred mountain to this place. After he appeared, he immediately asked.

Su Yu nodded his head. "Yes, I've already found traces of this person. This is the image that my people sent back."

He crushed a jade seal and immediately projected the shadow of the Dark King who was sneakily walking among the crowd in the air.

Fu Bingyu revealed a hint of killing intent and a sinister smile. "We have finally revealed our tracks!"

"However, we have not found the man and the Beast."

Fu Bingyu stared at the image and waved her hand. "They continue to be wanted. where is the person in the image?"

"This is the information I accidentally found in Kang Ming city five days ago. Then, I sent the Saintess to follow him. She sent a message back that the person is hiding in white dragon city. She is secretly following this person. When we meet with the SAINTESS, we will know exactly where this person is."

Fu Bingyu clapped her hands and laughed. She praised, "Well done! I have good taste. When I first met you, I knew you were someone who could accomplish great things!"

"Let's go to White Dragon City first. When I finish this person, I will reward you greatly!"

Su Yu was filled with trepidation. "It is my honor to work for the Dark King. I don't dare to ask for a reward."

"Hehe, you have done a great thing for me. You should be rewarded, you must be rewarded!" The Dark King felt relieved.

The current dark king was not scary. What was scary was that he hid himself and hid his strength. He was waiting for a day when he would make a comeback.

Fortunately, the moon worship sect master was smart and capable enough to find the dark king.

"There's no time to lose. Tell me the exact location of the Saintess you mentioned. I'll use the heaven and Earth escape art and bring you there."

Su Yu looked hesitant. "I can explain, but as for this person..."

Fu Bingyu had long noticed Emperor Yu's existence, but she did not care. She only thought of him as a friend.

At this moment, there was a hidden meaning in his words, he frowned and looked at Emperor Yu. "You Are... The Palace Master of Heaven Palace, right? Why are you in the Moon worship sect? Didn't I order Yun Qianshuang to lead your northern forces to discuss with the south regarding the cooperation of the Cang Sheng Chess?"

He might have had this intention, but Yun Qianshuang and the others had used the imperial edict to destroy the foundations of the five big forces in the south.

Emperor Yu had never imagined that he would meet the dark king in person. His face was pale, he stammered, "I... Under the orders of Mountain Lord Yun, I have come to the moon worship sect as the temporary leader to strengthen the understanding and cooperation between the two sides."

Fu Bingyu narrowed his eyes. His meaning should be very clear.

The rule he was talking about was to facilitate the cooperation between the north and the south, not to let them come and rule the south!

However, it had nothing to do with the overall situation, so he couldn't be bothered to pursue it.

"Since you're here, you can help me as well. You can be considered as a helper." An icy light flashed around Fu Bingyu, enveloping both Su Yu and Emperor Yu.

When she reappeared, she appeared in the sky above White Dragon City.

Fu Bingyu glanced around and was slightly surprised. "When I passed by this place half a month ago, it was still prosperous and peaceful. Why has it become like this now?"

At this moment, the white dragon city was filled with smoke and corpses. Everywhere was filled with the sounds of killing and shouting.

Emperor Yu's expression froze. Fear appeared on his face. He threw a pleading look at Su Yu, hoping that he would not say it out loud.

Su Yu turned a blind eye and said, "In order to amass wealth, the acting cult master brutally suppressed the residents of White Dragon City. They resisted because of this and eventually turned into a war. Not only this place, half of the moon worship cult has become a battlefield."

Fu Bingyu's eyes flashed. He looked at Emperor Yu indifferently but didn't say anything.

In his eyes, all the people of the moon worship cult had died, so his eyes wouldn't explode.

"Where's the Saintess you mentioned?" Fu Bingyu asked.

Emperor Yu, who had just let out a sigh of relief, was once again filled with fear.

The saintess... had been killed by him not long ago!

Su Yu frowned. "Strange, I contacted her before we left. She said that she was waiting for the dark king to come near the city gate. Why is there no one there?"

At this moment, Fu Bingyu seemed to have noticed something. She frowned and stared at a long stretch of ruins.

It was obvious that it was a mark left by something.

Looking at the mark, there was still a corpse at the end.

Fu Bingyu took a drop of blood essence from the air and reached it in front of Su Yu. "Are you familiar with the aura of the blood essence?"

Su Yu sensed it and his expression changed drastically. "Saintess! She... She was..."

At this moment, Emperor Yu felt as if his heart had fallen into an ice cellar. His entire body was cold.

He had killed someone important to the dark king?

“Could it be that that person found out that the Saintess was tracking him and killed him?” Su Yu guessed.

Fu Bingyu didn’t say anything. Instead, he stared at the remains of the Saintess as if he was deep in thought. After a moment, he sighed. “Maybe.”

His eyes flashed with a deep and cold light.

He didn’t find any traces of the dark king’s attack at the scene. This was enough to prove that someone was secretly helping the dark king to get rid of the Saintess who was following him.

But, who was it?

Emperor Yu was shocked. He even dared to breathe heavily. How could he admit that he was the one who killed the Saintess?

Moreover, Su Yu and the Dark King seemed to have other suspects, which made emperor Yu feel slightly relieved.

“So, the Saintess’s trail is broken?” Fu Bingyu was deeply vexed. “Pass down the order and mobilize the forces here. Dig three feet into the ground and find that person.”

Since the other party was hiding in White Dragon City, there was no hurry.

Su Yu nodded. “Yes, please follow me to the branch here.”

Under his lead, the three of them came to the branch.

However, the branch was empty at this moment.

Emperor Yu had left, but the branch leader felt that the moon worship sect’s momentum had been lost. He didn’t want to follow the moon worship sect’s huge ship into silence and run away early.

Once he left, how could the other Vice Branch leaders dare to stay?

Therefore, there was no one in the branch. It was not enough to mobilize the local moon worship sect disciples.

Fu Bingyu glared at Emperor Yu unhappily just now.

It was more than enough to ruin everything!

Emperor Yu secretly regretted that he should not have deliberately created a war in white dragon city today.

Fortunately, the Dark King was not angry, which made him slightly relieved.

“Dark King, I have a way to recreate the evil scene of the Saintess before she died. In this way, we might be able to find the person who helped her. It will not be difficult to find him and the person who is wanted again.”

Fu Bingyu's eyes lit up. "Oh? You can recreate the scene of the dead?"

"Yes!" Su Yu said.

"There's always a way!" Fu Bingyu's eyes were filled with joy. She admired the moon worship sect master more and more. "With your talent, it's a waste of your talent to be the moon worship sect master. After this matter is over, I'll give you a big gift."

"Thank you, Dark King!" Su Yu cupped his fists and took a drop of the Saintess' blood essence. He immediately cast a divine spell without any change in expression.

A faint flow of time was displayed in the divine spell.

Fu Bingyu was surprised. "A divine spell that contains time reversal is really rare! I didn't expect you to have such a great opportunity to cultivate such a divine spell!"

Under the divine spell, a backward image was projected into the sky, and it was extremely clear.

The SAINTESS was at the city gate, secretly recording the image. The image she recorded was of the Dark King in the past, who was disguised to look for something.

He had no idea that the SAINTESS was secretly following him and recording his whereabouts as an image.

However, at this moment, a person suddenly appeared and killed the Saintess without saying anything.

Not only that, this person even destroyed the image recorded by the SAINTESS.

Seeing this scene, Fu Bingyu chuckled. His laughter was gloomy, angry, and full of cold killing intent.

He stared at Emperor Yu, whose face was as white as paper, and laughed self-deprecatingly. "My eyes were wrong too. It turns out that you were his secret helper!"

"No wonder you tried to break up the branch here. In fact, you were trying to stop me from investigating him, right?"

"Creating wars and civil strife also made it easier for him to hide in the chaos, right?"

"Destroying the image recorded by the Saintess is to destroy the corpse and continue to hide the whereabouts of that person, right?"

The three consecutive questions left Emperor Yu speechless.

"Dark King, please listen to my explanation. The truth is not what you think. It is the moon worship sect master who is harming me. Yes, it is him!" Emperor Yu

suddenly remembered that Su Yu had said that he was a person who was about to die.

At this moment, he finally understood what he meant.

He had fallen into a trap!

The Saintess had deliberately let him discover it and lured him to make a move. She had also deliberately treated the image as a very important thing so that the suspicious Emperor Yu could destroy it.

Then, he was suspected by Dark King that he was the accomplice of that person and secretly helped that person.

At this moment, Emperor Yu instantly understood the cause and effect.

The seemingly cowardly and incompetent moon worship sect leader was actually a man with deep thoughts and was extremely terrifying!

Half a month ago, he had begun to set up a plan to get rid of him!

The precision of the plan made Emperor Yu's heart jump.

Didn't that mean that half a month ago, the moon worship sect leader had predicted that he would turn White Dragon City and the entire moon worship sect into a state of war?

Thinking of this, Emperor Yu's body turned cold.

Fu Bingyu sneered, "You mean, the Moon worship sect master forced you to do this?"

Emperor Yu's face was stiff. He had taken the initiative to do it, but Su Yu had predicted it in advance.

"Dark King, please listen to me. He said to me just now..."

Fu Bingyu didn't have any patience. He didn't even listen to him finish his words and directly pointed at Emperor Yu's glabella.

A majestic power instantly surged into Emperor Yu's body, condensing his entire body into an iceman. It was an iceman from the inside out.

His life force was instantly extinguished, leaving not a trace.

Only his soul was struggling, wanting to break out of the frozen body.

Fu Bingyu said coldly, "Speak, where is that person hiding?"

Emperor Yu did not know who that person was and what his identity was, so he naturally could not answer.

"You're not going to tell me? Fine, I'll let you experience the feeling of biting your soul with Cold Yin!" Fu Bingyu tortured him on the spot.

The methods of the four-crowned Emperor must be brilliant. As expected, Emperor Yu let out a heart-wrenching scream on the spot. He roared in grief and indignation, "I really don't know!"

“HMPH! Stubborn!”Fu Bingyu used a number of cruel methods to torture him mercilessly.

Su Yu saw it, but he didn’t feel any sympathy.

Just like when he persecuted the moon worshippers and made them roar in anger, he was suffering ten times more pain at this moment.

Chapter 1929 Identity Revealed

Poor Emperor Yu didn’t even know who Fu Bingyu was referring to, so how could he confess?

Even when his soul weakened and reached the brink of collapse, he still couldn’t give Fu Bingyu the answer she wanted.

“Forget it, it’s still a soul search!”Fu Bingyu said coldly.

Soul search was indeed direct, but at the level of three crowns, once the soul was strong enough, it was usually able to seal one’s memories. Once an external force forcefully probed, the sealed memories would self-destruct.

This was also why he had suppressed the dark king for so many years, but he had always interrogated him through torture and never used soul searching.

This was the reason.

Soul searching was not effective against an emperor at the level of the Dark King.

When he tried to search the soul of Emperor Yu, he did not find any related memories, which made Fu Bingyu’s expression calm.

“Damn it!”Fu Bingyu lost his patience and was about to crush his soul completely when Su Yu suddenly said, “Dark king, please slow down. It’s a pity to kill him like this. Why don’t we use this to calm down the moon worship sect’s anger?”

“As long as the moon worship sect returns to normal operation, I believe we will be able to search for that person again.”

Fu Bingyu listened to reason. He didn’t care about the soul of a mere emperor Yu.

After pausing for a moment, Fu Bingyu pointed at the sky with her finger. A majestic message spread rapidly to the entire moon worship sect with this place as the center.

The dignified voice of the Dark King appeared in the minds of every living being.

“Emperor Yu, the Palace Master of the Heavenly Palace, used my name to harm the Moon worship sect members and the common people. His crime is unforgivable. I will capture his soul and hand it over to the moon worship sect master. The rebels will be dismissed immediately and the past will be forgotten. The victims will return to the moon worship sect to deal with the disaster!”

The Dark King was like a guardian God, hiding from the world all year round and not paying any attention to the world.

Even if the top ten forces fought to the death, they probably wouldn't show up.

This time, the unexpected edict was extremely shocking.

The rebels who were fighting stopped and knelt down in excitement.

The Moon Worship Sect's management who had been forced away were overjoyed and rushed back to the moon worship sect.

The moon worship sect disciples who were in trouble rushed to the altar when they learned that Emperor Yu's soul had been dealt with by the moon worship sect master. They wished they could destroy him personally.

"Don't let me down!" Fu Bingyu gave his soul to Su Yu, full of expectations.

Su Yu said, "I will definitely not let down the dark king's expectations."

After saying that, Fu Bingyu left and returned to the sacred mountain.

For some reason, he could not leave the sacred mountain for too long. He came in a hurry and left in a hurry.

Su Yu held Emperor Yu's soul that was sealed. First, he was tortured, and then his soul was searched. He had already reached the edge of destruction, with only a trace of his consciousness remaining.

With hatred in his eyes, he growled, "Moon Worship Sect Master, you set me up..."

Su Yu's expression was indifferent. "You're exaggerating. You brought this upon yourself. What does it have to do with me?"

If he hadn't repeatedly harmed the heavens, how could he have ended up like this?

Then, a crack appeared between his brows and swallowed him.

A complete soul of a three-crowned emperor couldn't be wasted like this.

When they returned to the altar, it was already several days later. The six great protectors who had been forced to leave had all returned, and the missionary elders who had been chased away had also returned.

The branch that had been destroyed had also been rebuilt at the fastest speed.

The believers who had lost their faith had returned to the moon worship sect.

The entire territory quickly settled down.

The only one who had not returned was the SAINTESS.

To be exact, she was currently unable to show her face in public.

Half a month later, when the moon worship sect had completely recovered, a woman in a white robe quietly walked into the altar and silently appeared in the Secret Chamber of the Moon Worship sect leader.

“You came back a little late.” Su Yu seemed to have been prepared and said indifferently.

The woman in White was naturally the SAINTESS.

“Who are you?” The saintess stared at the moon worship sect leader with deep suspicion in her eyes.

Su Yu said, “I don’t understand the Saintess’ question.”

“No need to pretend, unless you think I’m a fool!” The saintess stared at the moon worship sect leader without blinking.

She couldn’t believe that the moon worship sect leader could invite the guardian God of the Dark Star Civilization!

The strangest thing was that she deliberately showed up in front of the dark king according to the orders of the Moon worship sect leader. In the end, the dark king was enraged and killed Emperor Yu with his own hands!

Such a calculative power made her think of Su Yu.

The leader of the Moon Worship sect that she knew was definitely not so wise.

Therefore, she had deep doubts about the identity of the leader of the Moon Worship sect.

Su Yu laughed, “Saintess, you’re worrying too much. Who else can I be other than the leader of the Moon Worship Sect?”

“You’re Not!” The SAINTESS was very sure. She took out a storage device from her waist and poured out many ordinary resources, “Otherwise, please explain what’s going on.”

“Can these ordinary resources explain anything?”

“Of course!” The Saintess’ eyes were burning. “Because I just learned that the families of the victims of the dust-free moon sect have been compensated handsomely. According to my calculation, the total amount of compensation is more than the entire moon worship sect combined!”

“Let me not ask you how you got such a huge amount of resources. Just ask you, with your selfish and narrow-minded character, why would you give them to the families of the victims?”

The SAINTESS stayed in White Dragon City for a while before she learned a shocking secret that she did not know.

It turned out that after the white dragon mountain range was invaded, the leader of the Moon Worship sect had secretly gone to White Dragon City to meet with the White Dragon Elder. He had given her a huge amount of resources and distributed them to the families of the victims.

The real leader of the Moon worship sect could not have such a conscience.

She was alarmed, so she did not return to the altar immediately. Instead, she secretly asked for information.

In the end, she did not know until she asked. After she asked, she was extremely shocked.

An extremely shocking piece of news came back from the dustless moon sect.

The dustless moon sect had been nearly destroyed by Hua Hun. Coincidentally, the news that Emperor Yu had been executed by the Dark King due to the cholera in the moon worship sect spread.

In order to save her life, master Bao Kun's disciple, the Black Lotus Demonic Lord, had revealed a shocking inside story.

With the Dustless Moon sect as the center, half of the territory close to the south had long been ceded to the moon worship sect!

When this news came out, Hua Hun was so scared that her soul was still lingering in fear. As expected, she did not dare to act Rashly, afraid that she would provoke the Moon worship sect and end up like Emperor Yu.

After asking in detail, she found out that the moon worship sect master had barged into the dustless moon sect alone back then, seeking justice for the resentful souls who had died unjustly in White Dragon City, and forcibly demanded half of the territory as compensation.

However, the moon worship cult master had requested that this matter not be leaked for the time being, which was why he had concealed it until now.

This news swept through the entire dark star civilization at an astonishing speed.

After the SAINTESS learned of this matter, her mind went blank.

She had once loathed the moon worship cult master's incompetence and cowardice, but it turned out that everything was contrary to what she had imagined.

Once, the moon worship cult master had clearly told her that although he had gone to the dustless moon sect, he did not dare to barge into the dustless moon sect, much less ask for any explanation.

But the truth was like this!

She had completely misunderstood the moon worship sect leader!

Or rather, the moon worship sect leader was a completely different person.

Su Yu's expression was indifferent. "I'm in a good mood and I want to appease them, can't I?"

His tone was still the same as before, but the Saintess could no longer get angry. Instead, she asked very calmly, "Then, why aren't you the least bit curious? I've clearly died, but I'm still alive to come back to find you?"

"To be exact, in the wind and cloud ancient tomb, you weren't surprised at all when I came back from the dead. I'm very curious. Could it be that you knew long ago that I could come back from the dead?"

The two consecutive times could only mean one thing.

In front of the wind and cloud ancient tomb, the moon worship sect master had seen her ability to come back from the dead.

And the first time she showed it was in the mystic realm. There was only one person who had witnessed it with her own eyes, that mysterious youth surnamed Su!

Combined with the fact that Master Bao Kun had actually ceded half of his territory, the answer was obvious.

The Moon Worship Sect Master was that mysterious young man surnamed Su!

Not only did he disguise himself as the moon worship sect master, but he also used the white emperor puppet to control master Bao Kun and the Master of the Azure Underworld Palace at the same time, controlling three major forces!

When she came to this conclusion, the Saintess was shocked and self-deprecating.

What was self-deprecating was that she had repeatedly compared the moon worship sect master and that young man surnamed Su, and was utterly disappointed with the moon worship sect master.

But in the end?

The two were actually the same person!

Having said that, there was no longer any need for Su Yu to hide anything. With a light flash in her eyes, she said, "Oh, then what is the Saintess' plan? As the punishment for impersonating the Moon Worship sect leader, do I have to trouble you to personally get rid of me?"

Receiving a clear response, the Saintess' eyes flashed with a strange light as she said happily, "Of course not! It doesn't matter who becomes the Moon worship sect leader. It would be even better if you were the one to do it..."

Oh? Su Yu touched his nose in surprise. Wasn't the Saintess' behavior a little too... weird?

Who knew that their own sect leader was killed? Wasn't she angry? The SAINTESS was good. She almost had the words "Welcome to be the new sect leader" engraved on her face.

Sensing Su Yu's gaze, the Saintess realized that her behavior was too blatant, she quickly changed her words, "Oh, what I mean is, it's a pity that the previous leader of the Moon Worship sect died. But the moon worship sect can not be without a leader for a day. It's more appropriate for a responsible person like you to be the leader!"

Su Yu blinked. He did not feel the slightest bit of pity from the SAINTESS.

"Don't you intend to expose me?" Su Yu asked.

In fact, he was already prepared to turn hostile and subdue the saintess, or spend some effort to kill her.

"Of course not!" The Saintess' answer made su yu very surprised, "Just as I said, the Moon Worship sect needs you! Not only will I not expose you, I will even cooperate with your actions."

This... Su Yu did not understand why the SAINTESS had such a good impression of him.

If he remembered correctly, she had always hated him, the leader of the Moon Worship Sect, right? However, the result was good, saving her a lot of trouble.

“Can you tell me your real identity? I am very curious.”The SAINTESS was very curious.

Su Yu asked, “Then, can you tell me your real identity? You are not a creature of the Dark Moon clan, right?”

The Saintess thought for a moment and nodded, “It’s okay if I show you my true appearance, but the prerequisite is to get the emperor’s killing sword.”

Su Yu thought for a moment and said, “Similarly, I need to get the emperor’s killing sword before making a decision.”

The two of them looked at each other and smiled. They had a tacit understanding.

It was as if they had returned to the mystic realm and fought against the emperor’s killing sword together.

“By the way, it might not be a problem for you to pretend to be the moon worship sect leader for the time being. However, after you obtain the emperor’s killing sword, I advise you to escape immediately. The Moon Worship sect is not a place to stay for long.”The SAINTESS suddenly said in a very serious tone.

Chapter 1930 Looking For Props

Su Yu’s eyes revealed a thoughtful look. How could he not know that the Moon Worship Sect was strange?

When he first learned of the existence of a transcendent existence like the SAINTESS, he knew that the moon worship sect was not as simple as it looked.

Looking at it now, there really was a problem.

“Why?”He tried to ask.

The SAINTESS revealed a troubled look and said, “This is about some secrets. I Can’t tell you for the time being. I’ll tell you after I’ve seized the life-killing sword.”

“Is that so?”Su Yu nodded slightly.

Time slowly passed, and the day of the opening of the chess game was getting closer and closer.

During these days, the SAINTESS didn’t go into seclusion as usual. Instead, she often looked for Su Yu and discussed many things about the chess game.

From their small talk, he learned a lot about the chess game.

Some of them were fast, which surprised Su Yu.

According to her, the opening of the Cangsheng chess required two conditions.

One was to open the soul of the four-crowned king and above.

The other was to contact the divine arts of the four-crowned king and above.

Only then could the Cangsheng chess be opened.

The former, the great void celestial master infused the Cangsheng chess with his immense soul power and opened it.

For the latter, it was a coincidence that Fu Bingyu's unintentional attack was absorbed by the Cang Sheng Go.

The two conditions allowed the Cang Sheng go to see the light of day.

After learning about this, Su Yu sighed.

However, what surprised Su Yu the most was another thing.

That was the owner of the Cang Sheng Go!

Whoever owned the Cang Sheng go would be the go master after the opening of the Cang Sheng Go!

The so-called chess master was a transcendent existence within the Cang Sheng Chess.

He was a participant, and at the same time, he had the ability to act as a judge. He could temporarily change some of the rules of the Cang Sheng Chess, change the layout of the Cang Sheng chess, and so on. He could be said to be a god-like existence.

The probability of a chess master winning the Cang Sheng chess was several times higher than that of other people.

This was to encourage the person holding the Cang Sheng chess to think of ways to open the Cang Sheng Chess.

But correspondingly, as a chess master, there was an extremely high risk.

Once the chess master was seen through and killed, then the Cang Sheng chess would end in advance.

The winner would belong to the person who killed the chess master!

After hearing this news, Su Yu was shocked and doubtful. After asking in detail, he found out that the chess master was no different from an ordinary person.

If one wanted to identify the chess master, there was only one way, and that was to obtain an item from the Cang Sheng Chess.

This item could only be used once, and it could only be used on a specific person to confirm whether or not he was the chess master.

In the entire Cang Sheng chess, there were only two gold eyes.

In other words, Su Yu had the possibility of being exposed twice.

When he heard this news, his heart was heavy.

If the identity of the chess master was exposed at the Cang Sheng Chess, and he faced the pursuit of two four-crowned emperors at the same time, it would be extremely dangerous.

Now that the Cangsheng chess was in his hands, it could be said to be extremely dangerous.

When the Cangsheng chess was activated, it would once again emit a shocking beam of light. At that time, every single person in the dark star civilization would be able to see the location of the Cangsheng Chess.

If he were to appear in the territory of the Moon Worship sect, as the Moon Worship Sect's sect master, his suspicion would increase by a hundred times.

With this in mind, he immediately left the territory of the moon worship sect and used his divine power to use the Taiji Yin Yang Wings high-level chapter to hurry on his way.

Half a month later, he arrived at the wind cloud villa and crossed it in one step. He arrived at the star Gallop sect, one of the five great influences in the north.

After resting on the spot for a day, he adjusted himself to the peak and arrived on the 77th and 49th Day!

As expected!

The all living chess flew out of Su Yu's nine Jade Spirit Pearl on its own. It looked just like the Holy Mountain and shot out a pillar of light that reached the sky. All the living beings in the dark star civilization could sense its exact location.

In the south.

Sima Biyun and the Saintess were shocked.

On the Sacred Mountain, Fu Bingyu stood on the peak of the snowy peak and looked up at the galaxy. Suddenly, her gaze shot towards the north like lightning.

"The star Gallop sect's location? If nothing unexpected happens, the chess master is on guard!"Fu Bingyu sighed slightly.

The star Gallop sect's sect master had died in battle five years ago. At this moment, the person holding Cang Sheng Qi must be someone else, using the star Gallop sect to hide his identity as the chess master.

Right now, anyone could be the chess master!

In the wind cloud villa, Yun Qianshuang's beautiful eyes flashed, and she smiled sweetly. "Oh? You're quite smart, hiding your identity in Star Gallop sect, Hehe!"

Hua Hun and Leng Yun, the two leaders of the top ten forces, discovered the location of the mortal chess.

Then, the pillar of light that soared into the sky split into forty-nine and descended on all parts of the dark star civilization.

The pillar of light seemed to be able to distinguish between the strong and the weak, and it sucked the forty-nine strongest people of the dark star civilization into the light curtain.

Among them were people from the ten major factions, but more than half of them were experts from Star Alliance Chambers of Commerce from all over the world!

Su Yu was sucked into a scarlet pillar of light that was different from the other pillars of light and sank into the chessboard.

The rest of the people were sucked into the chessboard one after another.

After forty-nine pillars of light returned in succession, the mortal chess turned into a shooting star and flew into the endless void.

The Sky and Earth spun. When Su Yu's feet landed on the ground, he shockingly appeared in a place full of vigor.

Not far away, an empty ancient city appeared in front of him.

There was no one in the ancient city.

Su Yu's sharp light flashed, and he immediately leaped into the ancient city.

According to the Holy Maiden, the Cang Sheng Qi was divided into forty-nine regions.

Each region had a strange place. There was a tool that was only used in the Cang Sheng Qi.

It could very possibly be an extremely powerful dharma treasure or talisman, or it could be a heaven-defying medicinal pill, secret treasure, etc. .

There were high and low levels. The lowest level was the single-crowned champion level.

The highest level was the five-crowned champion level! !

It was said that the most powerful item was an offensive talisman, comparable to a full-strength attack from a five-crowned champion!

If one held this talisman in their hand, it was enough to sweep through anyone on the spot, even Fu Bingyu and the Sword Alliance Master!

Therefore, Su Yu could not miss a place like the ancient city that might have hidden items.

Almost not long after he entered, there was another person who barged into the ancient city.

Su Yu sensed carefully and could not help but sigh at how small the world was.

The person who barged in was none other than the great leader of the Wolf Smoke tribe.

In the sacred pool forbidden land, because of the Sword Alliance Master's help, he barely escaped death.

He was actually teleported in as well.

"The road between enemies is really narrow!"Su Yu was secretly amused.

He discovered the other party, and the other party also discovered Su Yu. However, at this moment, Su Yu was wearing an extremely black dust robe, so he could not see through his true appearance.

He quickly scanned the suspicious areas in the ancient city while secretly guarding against Su Yu.

At the same time, Su Yu did not plan to waste time fighting with him and quickly searched the ancient city.

The Holy Maiden said that those items would randomly appear anywhere. Some of them were very eye-catching and were placed in the middle of the road, while others were hidden quite deeply.

Su Yu had always had an advantage when it came to searching for items.

He released the Eye of Heaven and looked down at the entire ancient city from high up in the sky.

At the same time, his true body used the eye of insight to scan and see through the obstacles with a single glance.

The speed at which he searched was several times faster than the great leader.

Suddenly, the Eye of Heaven discovered a strange residence.

The doors of the other residences were all tightly shut. Only the doors of this residence were fully opened, making it seem different from the rest.

Sensing something strange, Su Yu quickly jumped into the residence. With the eye of insight, he discovered that there was indeed something unusual in the courtyard.

It was a millstone, lying quietly on the ground. Its entire body was covered with traces of the vicissitudes of time.

However, under Su Yu's clairvoyance, a scroll was sealed inside the Millstone.

Su Yu's face lit up, and he crushed it with his foot.

A scarlet scroll was revealed.

"Is it a magic treasure?" Su Yu was secretly curious, and was about to grab it with one hand.

Suddenly, a round sharp blade came from behind with a whoosh.

Su Yu immediately reacted and moved thirty feet to avoid the sneak attack from behind.

At the same time, he pulled out the Shura Sword and slashed behind him.

A surge of divine power came from the air and was about to take away the scroll, but Su Yu reacted quickly and cut the divine power in half with a backhand sword.

The big chief was slightly surprised. "Such a strong reaction!"

The reaction of an ordinary person should be to avoid the sneak attack.

Not only did this person Dodge, but he also instinctively stopped his next move. This was an instinct that was honed through years of battle.

Su Yu turned his head, not surprised in the slightest.

When he rushed here, the great leader must have noticed the abnormality and came to investigate. At this moment, he attacked to snatch it.

"Wait, your sword..." the great leader stared at the asura sword in Su Yu's hand. He was very familiar with this sword.

A few months ago, when the sacred mountain was besieging the rising sun tribe, he was almost killed by that mysterious human youth on the spot.

The great leader was deeply afraid of this person.

“It’s You!”The Great Leader’s face flickered with uncertainty.

Su Yu pointed from afar. “It’s me! What a coincidence, we can meet again. Now, is it a life-and-death battle?”

The Big Leader looked hesitant as he stared greedily at the scroll on the ground. Finally, he looked at Su Yu with fear. Gritting his teeth, he snorted and said, “See You Again!”

Then, he turned around and fled.

Instead of tangling with this terrifyingly powerful human, it was better to head to other regions to search for tools.

There were only forty-nine regions in total. If other people found one region, they would lose one tool.

Su Yu did not chase after it. He picked up the scroll and opened it. He could not help but twitch his lips.

This was actually a map!

A map that depicted the forty-nine areas of the game!

“What do I need this for?”Su Yu smiled bitterly. It was not easy for him to find an item, but it was useless.

From the looks of it, he did not need a map.

Just as he was feeling disappointed, 49 golden dots of light suddenly appeared on the map. They flashed weakly for a moment before disappearing.

“Eh? What is this?”Su Yu waited for a moment in surprise. When the golden dots of light flashed again after a few breaths, he immediately remembered the location where they appeared.

After thinking for a long time, Su Yu looked at his feet. “It seems that one of the golden dots of light is shining at an ancient city’s courtyard. is that where I am now?”

Instantly, Su Yu’s eyes revealed a trace of joy. “Is this the map of where the item is hidden?”

The map had an accurate range of nearly ten thousand feet.

Other people needed to search for suspicious locations in the entire area, but Su Yu went directly to the ten thousand feet area where the item was hidden. What was the probability of finding it?

“Could this be an additional reward for the chess master to intentionally drag me to the vicinity of the ancient city?”Su Yu thought to himself. The more he thought about it, the more he felt that it was possible.

The value of this map was not exaggerating to say that it was better than five attack talismans at the level of the three crowns!
