

Nine-Dragon 1941

Chapter 1941 Luring Step By Step

“Move the mountains and fill the seas!” Su Yu once again used his identity as a chess master to change the layout of the region.

The region he was in immediately underwent a huge change, blocking the attacks of the two.

However, just this alone was far from enough to stop them.

After taking the opportunity to leave this region, Su Yu immediately activated the second change.

“Area displacement!”

Under his control, the area where Fu Bingyu and Sword Alliance Master were located switched with an area that was relatively far away.

Only then did they manage to pull apart the distance.

Taking this opportunity, Su Yu activated the Taiji Yin-yang wings and ran all the way.

“You’re courting death!” Fu Bingyu was a little angry and instantly caught up to Su Yu. The terrifying laws of the four crowns emperor bombarded over.

Su Yu had no choice but to continue changing the layout of the area to block the attack while he took the opportunity to escape.

But after blocking Fu Bingyu, the Sword Alliance Master’s attacks followed.

Su Yu escaped with great danger.

Thus, under the desperate pursuit of the two four crowns emperor, Su Yu escaped with great danger.

He almost died several times.

He almost couldn’t help but activate the offensive five crowns Emperor Tool, but he endured it.

The universal venerate painting could only be used once, and it could only attack one enemy. Now that it was attacked by two four crowns emperors, it couldn’t change the situation.

Fu Bingyu and the Sword Alliance master chased after him with icy eyes.

They only realized now that the moon worship sect master didn’t have any primal power at all, and his body was full of divine power.

It was enough to prove that he wasn’t even a heaven and earth emperor.

The two of them were unable to kill such a junior.

The reason was that the other party’s identity as a chess master was quite troublesome!

“You can’t escape! Dying in my hands will allow your moon worship sect to live a more comfortable life. Otherwise, Hehe, when this king leaves, I’ll immediately turn it into ashes!” Fu Bingyu threatened the moon worship sect leader.

After all, Su Yu had used the moon worship sect before. More importantly, Yang Tai was one of them.

“Hehe, so be it. Do you think I Care?” Since things had come to this, Su Yu had no choice but to do the opposite. He tore off the extremely black dust robe on his body, revealing the face of a human.

Fu Bingyu was slightly taken aback. “Human... aren’t you the Moon Worship sect leader?”

He didn’t recognize Su Yu’s face, but the Sword Alliance master immediately recognized him. He said in surprise, “You Are... the sixth prince of Emperor Yu’s court, Dongfang Yu? To be precise, you are Su Yu from the sea of constellations civilization!”

Su Yu sighed inwardly. It seemed that the blockade of Emperor Yu’s court had been lifted, and the Star Alliance’s Chamber of Commerce had already sent the news back to the dark star civilization.

Fortunately, he no longer needed to continue hiding his identity as moon worship sect master.

“That’s right, it’s me.” Su Yu grinned. “The moon worship sect that used your dark star civilization has done a lot of things. Now, it’s useless. If you want to destroy it, just do it. What does it have to do with me?”

Fu Bingyu’s expression instantly darkened, and there was a kind of anger that he had been deceived. “I really didn’t expect that you would dare to play tricks under my eyes!”

Su Yu laughed sinisterly, and spared no effort to escape to one area after another, trying his best to shake them off.

The two sides chased for about half a day, and finally, Su Yu was lucky enough to escape to the collapsed area and dive into it.

Fu Bingyu and the Sword Alliance master stood at the edge of the area and didn’t rush forward.

As the four crowns, their instincts were much sharper. The collapsed Sky and fallen God palaces gave them a great sense of danger.

But the greatest sense of danger came from the corpse floating in it.

“This is... the area where the five-crowned emperor’s tools came from?” Fu Bingyu’s eyes were even colder.

This silver-haired human had hidden so much from him!

He looked at the Sword Alliance Master, who also had a hint of fear in his eyes, and said, “As you said in the past, I think we need to work together.”

That day, under the Holy Pond, the Sword League Master had said that they would work together sooner or later.

Now, his words came true.

The sword league master nodded slowly, “Sure! Let’s chase this child out of the area first!”

After saying that, the two immediately stepped into the area.

At the same time, Su Yu took out the heaven and earth crown and poured divine power into it to control the area.

Large areas of the collapsed world and the fallen God mansion bombarded wildly.

Each attack could destroy a triple-crowned emperor. With dozens of stacks, one could imagine the power.

Even if Fu Bingyu and the Sword Union Master joined hands, they were still enraged by the explosion.

The Sword Union Master was full of killing intent as he shouted, "Junior, you're Dead!"

The two broke through all obstacles and joined hands to attack.

Su Yu was not afraid at all. He laughed and said, "Come if you can!"

He kept retreating. The deeper he went, the more sky and divine residences collapsed. In this area, Su Yu was invincible.

Fu Bingyu and the Sword Alliance master's faces darkened. Even though they were the four crowns, they could not withstand the endless bombardment.

Damn it, were they going to give up just like that?

Fu Bingyu was not a big deal. At most, he could just wait for the game to end before chasing after Su Yu and killing him.

However, the Sword Alliance Master had no choice.

The only way to turn the tables was to kill the chess master.

However, it was easier said than done to kill Su Yu in this region?

Moreover, Fu Bingyu retreated a little.

It would be even harder to kill the Sword Alliance master alone.

"Haha, Why Aren't you two coming?" Su Yu laughed wildly. "Aren't you the strongest existences in the dark star civilization? Now, you can't do anything to a junior like me?"

Fu Bingyu was unmoved. A mere provocation would not be able to move him at all.

He stopped in his tracks and said coldly, "You can be arrogant, but after the game of chess is over, I hope you won't beg for mercy!"

As expected, he wanted to withdraw. Sword Alliance Master was secretly resentful. According to the news from Emperor Yu's dynasty, this human named Su Yu had a terrifying mind and could be said to be extremely cunning.

It was evident that he alone had stirred up the entire emperor Yu of the Great Yu dynasty.

If this person was the chess master, then he would be even more difficult to deal with.

He also had some thoughts of retreating. If he went any further, he might also encounter danger.

However, at this moment, something unexpected happened!

The corpse of the five-crowned emperor suddenly attacked without any warning. With a palm strike, it slapped the smug Su Yu until he vomited blood and crashed into the collapsing sky.

“Roar!”The corpse roared toward the sky and jumped to the sky where Su Yu was. With a ferocious grip of its five fingers, it grabbed Su Yu’s neck and suppressed the flow of divine power in his body.

Shua --

A delicate figure took the opportunity to fly over and snatch the heaven and earth crown from Su Yu’s hand, he laughed loudly, “The mantis stalks the cicada and the oriole follows behind! You Didn’t expect me to hide here and secretly control the corpse of the five-crowned emperor, right?”

The sword union leader, who was about to retreat, fixed his eyes and was overjoyed. “You are a member of Our Star Alliance’s Chamber of Commerce?”

Wen Hua was stunned. He looked over and immediately revealed a reverent expression. He fell to one knee and said, “One of the people in charge of Star Gallop sect, Wen Hua, pays his respects to the sword union leader.”

The sword union leader was overjoyed. “Wen Hua, you did well! When we go back, we will make you the president and be in charge of several Star Alliance’s Chambers of commerce within our sphere of influence!”

Wen Hua could not be more excited. She handed over the heaven and earth crown with both hands and said, “Thank you, Sword Alliance Master, for your great kindness!”

A small figure like her usually would not receive any attention from the Sword Alliance Master. Now that she had received a reward, her excitement could not be any more real.

The Heaven and earth crown was not activated. The sky and the divine residences nearby slowly dispersed.

The Sword Alliance Master was completely relieved, and he flew over while laughing.

However, he did not take the heaven and earth co-master crown, but went straight for Su Yu to take his life!

Killing the chess master meant victory, so why did he need a prop?

He was not the only one who had the same idea!

Fu Bingyu’s reaction was even faster, and he launched a sneak attack on the Sword Alliance Master from behind without any warning.

The Sword Alliance Master was on guard, and he roared, “I knew you would launch a Sneak Attack!”

The attacks that were aimed at Su Yu turned toward Fu Bingyu.

Fu Bingyu was much stronger than Su Yu.

Sword Alliance master was at a disadvantage.

Fu bingyu sneered, “It’s better to meet than to be famous!”

Sword Alliance Master's face darkened. he shouted, "Wen Hua, activate the props and kill Dark King!"

Wen Hua nodded and immediately gathered the sky and God Palace to attack Fu Bingyu.

Fu Bingyu's smile disappeared and he quickly attacked Su Yu.

"Don't even think about it!"The Sword Alliance leader shouted and flew forward to stop him.

"Get lost!"At the last moment, Fu Bingyu didn't hold back anymore and his powerful ice law chains swept out.

The Sword Alliance leader condensed his own law to resist, but he was far inferior to Su Yu.

He groaned and spat out God's blood.

"Damn it!"Sword Alliance leader was injured and couldn't stop Fu Bingyu anymore. He could only watch helplessly as he charged towards Su Yu.

Just a little bit more!

Fu Bingyu's eyes flashed with ice light. He came in front of Su Yu and sneered, "Human ant, it's Over!"

It was indeed over!

However, at this moment, Su Yu struggled to take out a tool and activate it.

Heaven Abyss Curse!

Its function was to teleport the designated person out of the 48 regions!

Immediately, Fu Bingyu's body turned into nothingness.

He sensed that something was wrong and his eyes were filled with malevolence as he roared, "No!"

However, without any explanation, the power of the Cangsheng chess immediately teleported him away, leaving behind an indignant roar.

The Sword League master, who was already in despair, was stunned for a moment before he threw his head back and laughed, "Haha! Hahaha... I knew that you wouldn't die so easily. Based on your performance in Emperor Yu's dynasty, how could you die so easily?"

"Wen Hua, trap his limbs. Don't give him another chance to take out his props!"

Wen Hua nodded. Under her control, the remains bound Su Yu's arms, making him unable to move.

When she saw this scene, Sword Alliance Master was completely relieved. She couldn't help but laugh as she walked over, "No matter how powerful dark king is, no matter how much he schemes, what doesn't belong to him ultimately doesn't belong to him."

Wen Hua Xue Gently tapped her chin. "Sword Alliance Master Is Right."

A strange light flashed across her eyes. Without any warning, she activated the heaven and earth crown.

Immediately, a divine residence that he passed by exploded on the spot.

Sword Alliance Master was immediately swept by it. Her body was blasted into a blur.

“Wen Hua, you, you betrayed me!” Sword Alliance Master was incomparably furious. She had just realized Wen Hua’s ambition.

She also wanted to be the winner of the game of chess!

Fortunately, Sword Alliance Master was a four-crowned emperor. Although she was injured by the sneak attack, her injuries were not serious.

Furthermore, she was quite close to Wen Hua. She could be killed with a thought.

“HMPH!” He snorted coldly and sent out a law chain to kill her.

Wen Hua used the collapsing sky to block in front of her, blocking her attack.

Even though sword union leader was filled with hatred, he was exceptionally rational. If he wanted to kill flower seeker, he would have plenty of opportunities. Right now, the most important thing was to take the opportunity to kill Su Yu.

With a flash, he appeared in front of Su Yu. Before flower seeker could react, he used all his strength to kill Su Yu.

Chapter 1942 The Final Moment

“This is the end of the game!”

However, at this moment, Su Yu, who had been subdued, suddenly broke free and took out the five crowns Emperor Tool, the map of universal veneration!

Alliance master Jian was shocked. “How did you...”

Without the control of the heaven and earth crown, how could the remains suddenly let go?

That was because the remains didn’t catch Su Yu at all. It was just putting on an act.

The five crowns emperor level item activated, and an extremely magnificent power exploded.

Su Yu, who held the item in his hand, suddenly felt his heart skip a beat, and all the hair on his body stood on end.

In front of this power, he seemed like a speck of dust, and any resistance was superfluous.

Even if he hastily opened the eye of Taotie, he most likely wouldn’t be able to block this attack.

And this was only the feeling of a bystander.

How would sword alliance master feel despair after being swept away by this power?

The will of the common life swept across the picture, and Sword Alliance Master’s body disintegrated. However, it disintegrated, along with his soul.

When the will of the common life completely dispersed and removed the mottled fragments, sword alliance master didn’t have a single trace left.

This was the power of the five crowns. In front of him, the four crowns were nothing but dust. They were crushed in an instant.

However, before the dust had settled, the crushed pieces seemed to gather together again!

An angry will roared, "Wen Hua! How dare you collude with outsiders to harm me!"

Wen Hua's body trembled. His eyes were filled with fear. His long eyelashes could not stop trembling. He stared at the reassembled pieces and fell into endless despair.

The Sword League master was not dead yet!

Su Yu's cold light flashed, "A spent arrow!"

He took a step forward and snatched the crown from Wen Hua's dazed palm. He immediately activated it.

Roar --

With a thought, the remains of the five crowns emperor rushed forward and scattered the reassembled fragments once again.

"Human bastard! This alliance leader cultivates the law of immortality, you can't kill me!"

The angry voice echoed again, and the shattered pieces started to gather again.

"Humph!" Su Yu snorted. He gathered the sky that had collapsed and continued to bombard the god residence.

Once, ten times, a hundred times, a thousand times..

The shattered pieces reassembled again and again.

Su Yu's eyes sank bit by bit. The law of immortality was too troublesome.

He chose to expel Fu Bingyu out of the 48th region. He chose to attack the Sword Alliance Master because the Sword Alliance Master's combat strength was lower, so the possibility of killing him was higher.

Who knew that although the Sword Alliance Master's combat strength was not as good as Fu Bingyu's, his vitality was far stronger than expected.

With such continuous bombing, there was no way to kill him.

Seeing that the sky and the divine residences in the region were becoming thinner and thinner, and there were gradually signs that the fragments could not be suppressed and reassembled, Su Yu's heart gradually sank.

At this moment, a ball of purple mist suddenly flashed within his nine Jade Spirit Pearl.

It was little qilin who saw that the situation was not good and rushed out to get along with him.

He rushed over, grabbed a fragment in his mouth, and swallowed it into his stomach.

"Vile creature! What did you do? Spit it out!" Sword Alliance Master's furious voice suddenly echoed.

"Hehe!" Little Qilin laughed strangely and opened his mouth to swallow another fragment.

“Ah! Quickly Stop!”

The little qilin seemed to be restraining his immortal law.

The little qilin turned a deaf ear and happily swallowed the fragments one by one.

“Vile creature, this alliance master will destroy you!”

The remaining fragments wanted to forcefully reassemble, scaring the little qilin to retreat.

However, under the suppression of the remains of the five crowns emperor and the many heavens and gods, they shattered once more.

The little qilin grinned and swaggered to swallow the fragments.

The last hundred fragments were all swallowed by the little qilin.

He burped loudly and spat out a wisp of air that contained nothingness. He rubbed his round belly and said, “If you have the ability, then reassemble in nothingness!”

Su Yu suddenly understood.

The world inside the Little Qilin’s belly formed a nothingness. Anything that entered it would be assimilated into nothingness and become a part of nothingness.

No matter how powerful Sword Alliance Master’s immortal law was, it could not deal with the terrifying power of the void.

In this world, other than Dao Masters, no other living creature could contend against the power of the void.

At the same time, Su Yu sensed something in his body. It should be sword alliance master’s complete death. Cang Sheng Qi had marked Su Yu with a certain amount of points.

If that was the case, Su Yu’s current points were as high as 15,200, far surpassing Fu Bingyu!

Su Yu’s eyes revealed joy.

Even though it was dangerous, everything was successful according to the plan.

“You did well!” Su Yu looked at Wen Hua with approval.

If Wen Hua did not cooperate well, she would not have successfully taken the bait.

Wen Hua revealed traces of fear as she stared at Su Yu as if she was looking at a devil.

She simply could not believe that a four crowns emperor would really be wiped out just like that, especially sword alliance master who had cultivated the Immortal Law!

“Sect... sect leader Su, you flatter me!” Wen Hua said with trepidation.

She had already lost her use. What was her fate? It had reached the most critical moment.

Was she going to kill the donkey after the mill was removed, or..

Su Yu casually threw out two spatial storage devices. One was Wang Ying’s and the other was manager Zhang’s.

The former was the sword union leader's disciple, while the latter was a three-crowned emperor.

Other than the props, Su Yu didn't touch the resources inside at all.

"This is for you," Su Yu said.

Wen Hua recognized their storage rings at a glance and said excitedly, "Thank you, sect leader Su, thank you!"

With so many resources, it was enough for her to bribe the Star Alliance Chamber of Commerce's higher-ups to improve her status. She might even leave the four-star civilization and work in a higher-level civilization!

Su Yu nodded slightly. "Yes, but the restriction I put on you needs to be removed after you leave the game. Do you have any objections?"

"No!" Flower Asker said with certainty. If Su Yu really wanted to harm her, he could execute her now. Why wait until the future?

"Then quickly leave this place and hide somewhere else. The Dark King will return very soon!"

Looking at the sky and the divine residences, this place was no longer safe.

"Cult master Su, be careful too. The Dark King will not let you off easily," flower asker said.

"If he's the only one chasing after you, you don't have to worry too much. I have my own ways to deal with him!" Su Yu said slowly, and then sped toward the Cang Sheng region.

Not long after.

A powerful aura descended on the spot.

It was the gloomy-looking Fu Bingyu. He stared at the earth-shaking collapsing region, and his expression became increasingly grim.

Su Yu didn't die!

If he died, then the game would have ended.

Therefore, the one who died was the Sword Alliance Master!

"As expected, the reason why I was banished to the 48th region was to kill the Sword Alliance Master with a five crowns emperor level item!" Fu Bingyu's expression was dark and cold.

In that case, Su Yu's current score had already surpassed his!

A deep sense of urgency lingered in his heart.

Less than two hours after the game ended, the remaining participants had already found a place to hide.

It was easier said than done to make up for their points in a short period of time?

The only way was to kill Su Yu!

Fu Bingyu's gaze shifted in the direction Su Yu had gone. The four-crowned king's perception of aura was far superior to ordinary people. After a careful analysis, he immediately locked onto the direction he had left in.

"I don't believe that I can't do anything to You!"Fu Bingyu snorted coldly and chased after him through the air.

With his speed, it was easy for him to catch up to Su Yu.

An hour later, he finally discovered Su Yu's tracks before the end of the Cangsheng chess game.

At this moment, Su Yu was rapidly fleeing towards the Cangsheng region.

Seeing that dark king was catching up, Su Yu once again used his identity as the chess master to change the situation and block him.

With the chess master ability that Su Yu had displayed earlier, it was more than enough to delay him for an hour.

Fu Bingyu's expression was cold. "Human ant, the reason why I didn't use my full strength to kill you earlier was because I was afraid of Sword Alliance Master. Since he's already dead, there's no need for so many taboos!"

Chi La --

A bone-piercing ice ruler appeared in his palm. With a light tap, the entire world around him instantly froze.

Not only was space frozen, even time had a slight break.

Su Yu's pattern changed, and he could no longer block his opponent.

"Ice Seal!"The ice ruler in Fu Bingyu's palm pointed at Su Yu from afar.

Instantly, a sense of death surged over!

Su Yu's heart trembled slightly, but his expression was relatively calm. An absolute time defense appeared on the surface of his body.

The feeling of death immediately disappeared.

Taking this opportunity, he used the space law to break the ice that covered the sky and took a step forward.

Fu Bingyu's pupils constricted. "Time and space dual law mastery!"

Among the eight profound meanings of heaven and earth, to be able to comprehend one of them was already a genius, let alone two?

However, his gaze became even colder. The more this was the case, the more Su Yu had to die.

He didn't want to offend a person with terrifying potential who had comprehended the eight great Upanishads!

“Death Cut!”

Fu Bingyu pointed at Su Yu’s distant back once more.

Countless ice-cold air blades that couldn’t be seen by the naked eye intersected and formed an ice net. All of a sudden, Su Yu was cut into pieces.

Fu Bingyu let out a slight sigh of relief. “Finally dead...”

Unexpectedly, before he could say the word ‘dead’, a green light flashed on the spot. Su Yu actually came back to life out of thin air. Moreover, he was still alive and kicking. There wasn’t any major injury.

With a swoosh, the other party used the Taiji Yin-yang wings and escaped without a trace.

“Mastery of life laws?” With Fu Bingyu’s experience, he couldn’t help but be dumbstruck. He couldn’t believe his eyes.

He had comprehended three of the eight profound meanings?

The killing intent in his heart was unprecedentedly strong.

If he didn’t want to provoke such a peerless genius, he had to die!

An inexplicable fear lingered in his heart.

“Yun Qianshuang, Hua Hun, Leng Yun, master Bao Kun, and the Master of the Azure Underworld Palace, Listen Up. Guard the vicinity of the Cang Sheng region and intercept Su Yu, even if it’s just for a moment!” Fu Bingyu immediately sent a message.

When Su Yu arrived in front of the Cang Sheng region, the three of them lined up neatly.

As for Master Bao Kun and the Master of the Azure Underworld Palace, what caused Su Yu’s pupils to constrict slightly was that the flesh and blood on the surface of their bodies were shattered, revealing the puppet bodies hidden deep within.

Moreover, they were entangled by some powerful threads by Yun Qianshuang and were unable to struggle.

The corners of Yun Qianshuang’s mouth curled up into a faint smile. “What a surprise. Master Bao Kun and the Master of the Azure Underworld Palace are actually fakes just like you!”

This woman had indeed seen through Su Yu’s disguise from the very beginning!

What made Su Yu feel solemn was that his soul was connected to the two puppets’ souls. However, he had not received any news of them being captured.

Even if Fu Bingyu personally took action, it was impossible for Su Yu not to receive any news, right?

This woman’s strength... was too strange!

Chapter 1943 Second Wish

Hua Hun and Leng Yun cast a cold light over, "Moon worship cult master, you have such a day? We can settle the score for killing Emperor Yu!"

The three thrice crowned emperors from the northern forces looked over, especially Yun Qianshuang, who was in the middle.

Su Yu was slightly anxious. With Fu Bingyu's cultivation, it would only take a moment for him to catch up. If the three people in front of him continued to tangle with him, then everything would be over.

"If I were you, I would immediately hide." Su Yu's shoulders moved, and a series of shocking numbers appeared above his head.

"15,200!" The three people were incomparably shocked.

In an instant, they understood the meaning behind Su Yu's words.

Fu Bingyu was already at a disadvantage. If he wanted to turn the tables, he would either have to kill Su Yu or kill a few more three-crowned emperors.

Currently, Yun Qianshuang had 4,000 battle points, while the other two were only a little over 1,000.

If she killed them, Fu Bingyu would be able to surpass Su Yu.

"Don't Worry!" Hua Hun suddenly said, "As long as we can stop the Moon Worship sect leader and wait for dark king to finish him off, I believe there's no need for dark king to steal our points!"

Leng Yunshen agreed, "Dark King still needs us to manage the dark star civilization. If there's no need, he won't harm us."

Hearing that, Su Yu felt it was ridiculous.

The real dark king might take into account their contribution in managing the dark star civilization.

But Fu Bingyu... He didn't show any mercy when he killed Emperor Yu.

"Moon worship sect leader, surrender or surrender to dark king, I can spare your life. Since we've met once and that niece fell in love with you at first sight."

Eh? Hua Hun and Leng Yun couldn't help but be surprised.

Yun Qianshuang and the fake cult master moon worship knew each other?

Su Yu's heart trembled. This woman... he had long felt that she looked familiar. He must have seen her somewhere before.

But where?

Moreover, she had a niece... a niece..

Suddenly, Su Yu sucked in a breath of cold air. "It's You!"

Sea of constellations civilization, ancient dream altar.

He had once encountered a pair of eccentric aunts and nephews. One was a beautiful woman, while the other was a delicate nineteen-year-old girl.

At that time, Su Yu had even snatched away their ancient dream altar brand.

It had been too long, and she was also very inconspicuous at that time. Su Yu did not take it to heart, so he was unable to associate her with the Yun Qianshuang in front of him for a long time.

Now that he suddenly recalled it, other than possessing the dark-black skin of the Darkmoon race, didn't Yun Qianshuang's facial features look exactly the same as that aunt's?

Yun Qianshuang smiled faintly. "Oh? You finally remembered?"

Su Yu was shocked. How was that possible?

At that time, the highest cultivation among the participants of the ancient dream altar was only the overlord of the Mystic Crystal Realm. Why did she, a three-crowned emperor, go to the ancient dream altar?

Wait a minute..

Su Yu narrowed his eyes and stared at Yun Qianshuang. "Are you really the mountain chieftain of the Cloud Fog Divine Mountain?"

Combined with the fact that she had managed to subdue the two puppets without anyone noticing, Su Yu had no choice but to doubt her true identity.

Yun Qianshuang giggled. "Human, you should take care of yourself first!"

With a swish, she flicked her slender fingers and a jade thread shot towards Su Yu, wrapping around him.

Su Yu no longer hesitated and took out the last item on his body, the imperial scepter!

The effect was to designate an existence at the three crowns emperor realm to do something for him for two hours.

"In the name of the Emperor, I command you to kill Hua Hun and Leng Yun!"

An invisible ripple instantly hit Yun Qianshuang. The jade threads that she shot toward Su Yu suddenly retracted. Her eyes became slightly dull as she said, "Yes, my King!"

She turned around and stared at Hua Hun and Leng Yun. She shot out several jade threads, aiming for their lives.

The two of them were shocked. They didn't expect Su Yu to have such a strange tool.

"Let's Go!" Hua Hun and Leng Yun knew how powerful Yun Qianshuang was. They didn't dare to confront her directly and fled on the spot.

Su Yu immediately retrieved the two puppets and entered the Cang Sheng region in a flash. He then appeared in the Imperial Palace.

The Empress came over when she heard the voice. "The Cang Sheng Chess is about to end. Young master Su should have gained something, right?"

“Yes! We just need to hold on for the time it takes for an incense stick to burn.”

The Empress’s snow-white chin lightly nodded. “That’s Easy! Men, protect young master Su. Don’t let anyone else come near him.”

Rumble --

Not long after she finished speaking, Fu Bingyu stood in the sky above Cang Sheng region with a gloomy expression and looked down at Su Yu.

He looked at the tens of thousands of imperial guards who were glaring at him. As soon as he stepped in, he would be heavily injured by their Cang Sheng chess and even killed. He was extremely furious.

He only regarded the Sword Alliance leader as his lifelong enemy. He didn’t expect that an insignificant person would snatch away the final victory of the Cang Sheng Chess.

That was the only shortcut for him to become the five crowns emperor!

“Human Ant! I swear that I will destroy you!”Fu Bingyu was furious and used the ice ruler to kill him.

An endless cold light came and enveloped the entire area.

The empress shook her head in disdain, “The Cang Sheng region is the foundation of the Cang Sheng Chess. Unless the dao master personally comes, there is nothing we can do.”

With a wave of her dragon robe, the imperial guards formed a city and turned into a magnificent will that shot up into the sky.

It was like a wall that sealed the entire sky.

No matter how the cold light destroyed the world, it could not shake the wall.

Fu Bingyu attacked the wall like crazy for the time it takes an incense stick to burn, but she could not do anything to it. In the end, the Cang Sheng chess began to count down.

“Su Yu! !”Fu Bingyu was so angry that her hair was standing on end. Her eyes were red, and she let out a roar that shook the sky.

However, her roar was useless!

Finally, an ancient and majestic announcement echoed in the 49 regions of the Cang Sheng Chess.

“Time is up. The Cang Sheng Chess is over.”

Instantly, the world rumbled. The Sun, Moon, and stars in the 49 regions rotated, and the entire world of the Cang Sheng chess changed drastically.

From the forty-nine regions, each of them shot out a beam of brilliant starlight that converged in the sky above the mortal world, transforming into a figure with a thousand transformations.

One moment it was an ordinary mortal, one moment it was a dignified and solemn emperor, and another moment it was the supreme and indifferent ruler of heaven and earth..

Su Yu understood in his heart.

The ruler of Heaven and earth and the imperial capital of the mortal world were just a part of the mortal world.

The map of the common people, the Crown of Heaven and earth, and the emperor's scepter that he had obtained were also some kind of symbol.

The common people covered all living beings.

If one thought that he had transcended the common people and left the Great Dao of Heaven and Earth because he was powerful, he would sooner or later be abandoned outside the Dao and would not have the chance to become a dao master.

"Unfortunately, a wisp of the Dao soul of the DAO Master of the common people has controlled the chess of the common people for billions of years. Now that it has been activated, it is finally complete." The Changing Dao Master of the common people said slowly, "Victor, what is your wish?"

He looked at Su Yu.

Fu Bingyu's face was gloomy, and his eyes were filled with intense unwillingness.

Hua Hun, Leng Yun, and the others, who were still being chased, were extremely jealous.

Only the SAINTESS was genuinely happy for Su Yu. She said, "He has finally achieved his wish."

As long as he made a wish and obtained the emperor's killing sword, he would be completely complete,

"My wish is..." Su Yu looked up at the Dao Master of the Cang Sheng Board. "To free the lives of the royal family in the Cang Sheng region."

What?

The Saintess couldn't believe her ears. Su Yu had painstakingly obtained this opportunity, but he actually made such a wish?

Fu Bingyu was furious. "Little Bastard! How good would it be for me to waste the heaven-sent opportunity of the Cang Sheng Chess?"

Hua Hun, Leng Shan, and the others couldn't believe their ears either.

Wen Hua was even more stunned. He had risked everything to kill the Sword Alliance leader and obtained this opportunity, yet he made such a wish that had nothing to do with him?

The Empress, who was standing behind Su Yu, was filled with shock, surprise, and confusion.

"Young master Su, you... you gave us the wish of Cang Sheng Qi?" The Empress Widened Her Eyes and asked uncertainly.

Su Yu turned his head and smiled indifferently. "I was able to obtain the final victory because of your map of the world and your protection at this moment."

Without her help, how could they talk about victory?

“It’s not like that. Our promise is only that you will bring me out of the Cang Sheng region and grant me death!”The Empress said hurriedly. She had no words to express the emotions in her heart.

Su Yu looked into her eyes and said leisurely, “How sad is a lonely death? Thanks to your grace, I will repay you with my wish and help you and the members of the imperial family who are sleeping in the Ice Lake to be completely freed.”

He never owed a favor, even if the other party was a mortal.

A favor for a favor, a love for a love.

As for the Emperor’s killing sword, he would think of another way. Although it might be difficult to obtain it again, at least he had no regrets in his heart.

“Young master Su!”The Empress was moved and two lines of crystal tears streaked across her face.

She never thought that there would be a person who would be willing to sacrifice a chance to ascend to the heavens for a lowly mortal like her.

Su Yu smiled lightly and looked at the DAO Master of the common people. “Please fulfill my wish!”

The figure of the DAO Master of the common people changed and said faintly, “As you wish!”

Immediately, the Empress’s figure flickered and transformed into threads of the Dao of the common people, vanishing from the world and returning to true freedom.

The Empress’s body and mind became light as she kowtowed deeply towards Su Yu. “Kowtow to benefactor.”

In the vast life region, within the ice lake that had been frozen for ten thousand years, many members of the royal family woke up. They gradually turned into the dao of the masses and dispersed. They then bowed deeply to Su Yu. “Thank you, benefactor.”

Su Yu’s body felt light. Although he felt great regret in his heart, he didn’t regret it.

The Holy Maiden was stunned for a long time. She felt that Su Yu’s actions weren’t worth it and felt inexplicably happy in her heart. She didn’t misjudge him. He wasn’t a cold-blooded and heartless person. On the contrary, he had his own justice and kindness in his heart.

This caused the Saintess’eyes to ripple. She felt that the person in front of her was a certain figure.

“Su Yu, Oh Su Yu, it might be hard for you to believe that I’ve really met someone like you.”The saintess felt both familiar and disappointed.

After making the wish, the game of universal life ended. Next, it was time to teleport everyone away from the game of universal life.

What awaited Su Yu would be the encirclement of the entire dark star civilization.

“With my will, I beg you to give cult master su another chance to make a wish!”When the Empress disappeared, she revealed a relieved smile.

“With my will, I will give him another wish!”The imperial family members wanted to make another wish.

The people of the life region who were deeply moved all sent out their wills, requesting to give Su Yu another chance to make a wish.

They were the embodiment of the life dao, and they represented the Life Dao’s will.

The many wills gathered together were enough to shake the remnant soul of the DAO Master of the Cang Sheng region.

“Sure! I’ll make an exception and grant you a second wish!”

Fu Bingyu was covered in dark clouds. How could this be possible?

Wen Hua, the Saintess, and the others were dumbfounded. A second wish? This... was too exaggerated?

Su Yu was also shocked and overjoyed. It was truly a silver lining, a new lease on life!

“Tell me your wish!”

“I want the emperor’s killing sword!”

“As you wish!”The remnant soul of the Daoist master nodded slowly.

Chapter 1944 Dao Master’s Blood

Suddenly, the entire dark star civilization was enveloped by a powerful consciousness. From Moths to the emperors of heaven and earth, this consciousness penetrated their bodies.

The seemingly massive dark star civilization was instantly penetrated by this powerful consciousness.

In the depths of the north, within the Heavenly Palace.

A man and a woman stood side by side in a desolate ancient battlefield.

“I didn’t expect the emperor’s killing sword to escape so far, causing us to suffer for a year.”The purple-robed woman curled her lips slightly, there was a look of resentment on her face. “If my cultivation base is sufficient, I will definitely teach that moon worship cult master a lesson. He has really caused us to suffer!”

The warm-looking man beside him let out a breath of turbid air. “Senior brother’s skills are inferior to others. There’s nothing to say! “However, the dark star civilization has been getting more and more unstable recently. Even the palace master of the Heavenly Palace, Emperor Yu, who was ranked second, was executed by the Dark King. Just thinking about it makes me shudder.”

“That’s right. Why did the Dark King kill him in anger?”

The man pondered for a while and then said with a bright light, “He died in the territory of the Moon worship sect. My intuition tells me that it might be related to the moon worship sect master.”

“That leader of the Moon worship sect is really capable!”The woman was a little afraid.

The man nodded slightly. "However, it's already in the past. When I dig out the emperor's killing sword, everything will be over."

He looked at the ruins under his feet. Under the ruins were the remains of the experts from the ancient battlefield.

He came here with his special senses. He could feel that the emperor's killing sword was right under his feet. The other party was also calling him deeply, eager to meet him again.

"The emperor's killing sword... I've been searching for it for a long time. Finally, it's right in front of me!" The man's eyes flashed.

However, at this moment, that tyrannical consciousness swept past, causing the man to instantly freeze on the spot. Large beads of sweat instantly appeared on his forehead.

That consciousness was too huge. It was like a mortal standing in front of a thousand-foot-long beast, causing the man to not dare to act rashly.

Luckily, the consciousness swept past him and left.

However, his expression immediately changed. He sensed that the emperor's killing sword beneath his feet was emitting an urgent sense of distress.

However, that sense of distress seemed to be suppressed and instantly returned to calmness.

Pop --

Suddenly, the ground beneath his feet split open. A longsword was pulled by an unknown force and shot into the sky.

"The emperor's killing sword!" The man stood up and was about to chase after it, but that consciousness swept over again, causing his body to stiffen. He stood rooted to the ground and did not dare to move. He watched helplessly as the emperor's killing sword was taken away.

After a long time, that consciousness completely disappeared. Only then did the man suddenly clench his fists, his eyes filled with grief and indignation.

He had painstakingly searched for the emperor's killing sword, but in the end, he lost it again and again in front of his eyes!

"Who snatched it from me? The emperor's killing sword clearly belongs to me!" The man seemed to see the invisible hand of fate interfering with the clouds of Heaven and earth, fighting with it for the Emperor's killing sword!

The woman comforted him gently, "Senior brother, don't worry. The emperor's killing sword will not be so easily obtained by others. After all, other than you, everyone else needs a scabbard to control it."

"No!" The man's expression was ugly. "The scabbard has already been taken away. If nothing goes wrong, the emperor's killing sword will go to the scabbard!"

“I... Lost the emperor’s killing sword!” No matter how hard the man thought, he could not understand. The emperor of Tianyun had said that he was the destined emperor. The emperor’s four-piece set was destined to be his.

No matter how capable others were, they could not compete with him.

This was because this was decided by fate. No one could contend with fate.

But what was happening now? The emperor’s killing sword had become someone else’s?

“Junior sister, come with me. Even if I lose the emperor’s killing sword, I also want to know who can defy fate and take my emperor’s killing sword,” the man said.

The woman looked at the determined man and said, “Okay!”

In the life chess.

In less than ten breaths, a ray of light shot out from outside and landed thirty feet away from Su Yu.

A malevolent longsword that was struggling uneasily appeared in front of her eyes.

The emperor’s killing sword!

Fu Bingyu, the SAINTESS, Yun Qianshuang, Hua Hun, Leng Yun, and the others who had rushed over all narrowed their eyes and revealed deep greed.

The Legendary Dao Rain ancient sword, the emperor’s killing sword!

Fu Bingyu was also extremely jealous. Then, she sneered, “So what if you have a sword? Perhaps you don’t know that the emperor’s killing sword can not be touched with your hands unless you can get the scabbard?”

The others nodded and looked at Su Yu with pity.

They had worked so hard for so long, but in the end, it was all for naught.

Su Yu stared at the emperor’s killing sword with excitement in his eyes. “Scabbard, appear!”

Chi --

A black-robed figure appeared from Su Yu’s nine-jade spiritual pearl. It was the real dark king and also the scabbard.

“I’ll leave it to you!”

The dark king nodded gently and looked at the emperor’s killing sword with a smile. “You’ve been acting atrociously for hundreds of millions of years. It’s time to return to the scabbard!”

Then, a long and thin crack appeared on the top of his head. The emperor’s killing sword trembled a few times and disappeared into the crack.

Fu Bingyu was stunned. Then, her expression changed and she shouted, “It’s you!”

Fu Bingyu would never forget the mysterious youth and the little beast who saved the Dark King. The Dark King looked at him indifferently and returned to the nine Jade Spirit Pearl expressionlessly.

Fu Bingyu's chest rose and fell violently. She suddenly realized that she had been deceived by Su Yu from the beginning.

He trusted the moon worship sect master in vain and asked him to help find the dark king. However, the truth was that the moon worship sect master was the mysterious person who saved the Dark King!

Thinking about it now, Emperor Yu was also framed by the Moon worship sect master and was killed by him, Fu Bingyu.

He had always been the only one who schemed against others. No one had ever been able to scheme against him.

Except for the living being who was pretending to be the moon worship sect master!

"I'll destroy you!" Fu Bingyu's eyes were about to burst.

Su Yu was calm and composed. "Sure, bring it on."

Fu Bingyu gritted her teeth in hatred, but she glanced fearfully at the remnant soul of the DAO Master of the Common Life and was not in a hurry to make a move.

"The game of the common life has ended. I should follow my original self. My Juniors, work hard. Being born in this era is your fortune and your sorrow. I hope you can still make it in time to stop..."

Before she could finish her words, a palm that blotted out the sky suddenly reached out from the darkness and destroyed the remnant soul of the DAO Master of the common life.

Then, it slowly retreated back into the darkness.

This sudden scene caused the hearts of all the living beings present to tremble, and they were filled with terror.

"Who is that hand? How could it forcefully descend onto the Cang Sheng chess piece?"

"The remnant soul of the Cang Sheng Dao Master was... destroyed by a single palm?"

"What did the Cang Sheng Dao master want us to stop? Why did he say that being born in this era was both Lucky and sad?"

"Who was it? who interrupted the last words that the common life path master left for us?"

Everyone present was shocked!

Su Yu's pupils constricted. who was the master behind that palm? It could cross the void and wipe away the remnant soul of the Common Life Path Master?

Did the words that the common life path master wanted to tell us touch the secrets of Heaven and earth?

His heart was in turmoil.

He had heard the same thing from the Great Void Sect Master.

“Living beings in reality, being born in the last generation of the second epoch, I wonder if it’s Your Luck or your sorrow...”

What did those Taoist masters know? What were they warning him about?

Why did they say that it was the last generation of the second epoch?

Could something happen in the absolute beginning realm?

All kinds of questions flooded Su Yu’s mind.

While everyone was still in shock, two pieces of white jade bones fell from the destroyed soul of the Daoist master of the common life path.

The jade bones emitted an earth-shaking aura!

“The remains of the Daoist master of the common life path!”Someone cried out in surprise.

It was rumored that although the Daoist master of the common life path had passed away, there was still a part of his remains left in the chess pieces of the common life path. Unexpectedly, it was true!

The reason why his remnant soul could exist for hundreds of millions of years was because it was entrusted to the remains.

Su Yu’s eyes revealed a deep joy. From the two jade bones, he could feel the existence of the DAO Master’s blood!

The Nine Dragons Divine Cauldron’s dragon of Fate was unable to shine because it lacked the dao master’s blood!

He had to get his hands on the jade bones right now!

“Spatial teleportation!”A wine-red light flashed in his eyes, and the two jade bones were instantly enveloped by the power of space.

However, just as he was about to teleport, a cold air blade shattered the space teleportation.

“The Dao master’s bone is mine. Anyone who dares to snatch it will die!”Fu Bingyu’s domineering shout swept through the surroundings.

Hua Hun, Leng Yun, and the SAINTESS, who were about to snatch it, stopped in their tracks hesitantly.

The game of life was about to end, and they would soon be teleported back to the dark star civilization. If they offended Fu Bingyu now, wouldn’t they be courting death when they returned?

Seeing that Fu Bingyu had obtained two pieces of jade bone by herself, Yun Qianshuang, who was clearly controlled by the imperial scepter, was stunned, a faint smile appeared on her face. “Hehe, it was worth my effort to finally find the Dao master’s Bone!”

She completely ignored the imperial scepter’s control and flew up to snatch the two pieces of the Dao master’s bone.

“You’re courting death!”Fu Bingyu slapped down with an ice ruler.

Yun Qianshuang was not afraid at all. She smiled faintly and said, “Petty tricks!”

She took out a hairpin and threw it forward. The ice ruler was knocked flying and Fu Bingyu was sent flying along with it.

“You... You’re not the mountain chieftain of the Cloud Fog Divine Mountain!”Fu Bingyu took a deep breath and sized up Yun Qianshuang in shock.

Yun Qianshuang smiled sweetly. Her dark skin faded away and returned to her flawless white jade-like clean skin. She was the beautiful woman who had appeared on the ancient dream altar.

“Hehe, we are the same. Aren’t you also pretending to be the Dark King?”Yun Qianshuang flicked her fingertip and the jade threads twined around the two jade bones.

Fu Bingyu was furious. “Don’t even think about it!”

The ice ruler slashed through the air and cut the jade threads in half.

Yun Qianshuang’s pretty face was slightly sullen. “In order to find the Dao master’s bone, I have gone to many civilizations. I am determined to get it. If you insist on fighting with me for it, then don’t blame me for being impolite!”

With a hook of her slender, jade-like finger, the terrifying aura emitted by the hairpin soared once again. It was actually comparable to the might of a five crowns emperor level item!

Fu Bingyu sucked in a breath of cold air, and his eyes revealed fear. “Who are you?”

“Then you don’t need to care!”Yun Qianshuang said coldly. Then, she grabbed out with her right palm and grabbed at the two pieces of the Dao master’s bone.

However, at this moment, a sudden change occurred!

A wine-red and purple light shot out from the Cang Sheng region, blotting out the sun.

Looking down, the red and purple eyes were shining brightly.

“Time-space Transfer!”

A massive amount of time and space laws interweaved, enveloping the two dao master bones.

“Not good!”

“Stop!”

Yun Qianshuang and Fu Bingyu both knew that things were bad. They moved to disrupt the power of time and space.

However, they could easily disrupt a single power of time or space, but when the two combined, they were unable to do so even if they joined forces.

Chapter 1945 Nirvana

Time and space suddenly changed, and the area where the Dao master's bone was located shifted to the Cang Sheng region.

The two pieces of jade bone floated quietly in front of Su Yu.

Yun Qianshuang said indignantly, "Good Kid, I fought to the death, and in the end, all of it went to you! Give me half, and we can still talk nicely!"

Su Yu did not think much of it. "Sorry, the Dao Master's bone is also of great use to me."

"Heh, don't think that just because my niece likes you, she can do whatever she wants. If you really make me unhappy, I'll strip off your pants and Spank You!" Yun Qianshuang glared at Su Yu.

"If you have the ability, come in!" Su Yu smiled faintly.

Shua --

Suddenly, the saintess, who saw that the situation wasn't good, entered the Cang Sheng region.

Many creatures of the Cang Sheng region immediately sent out their will to resist.

"She is my friend," Su Yu said. Only then did the SAINTESS enter safely.

After being saved, the SAINTESS patted her chest and said bitterly, "I'll run away with you if you eat meat. Sigh, no one can be my saintess anymore!"

Su Yu smiled and waved his sleeve. He took out a rootless purple emperor wood and said, "Take it."

The Saintess' eyes suddenly lit up and she said in surprise, "Rootless Purple Emperor Wood! You actually have such a good thing. Why didn't you take it out earlier?"

"Haha..." Su Yu laughed but didn't say anything.

The two of them had calm expressions, completely disregarding Yun Qianshuang, who was grinding her teeth, and Fu Bingyu, whose face was purple.

Wen Hua, Hua Hun, and Leng Yun were speechless. Didn't these two guys know that after the game of chess ended, everyone would be teleported back to their original positions?

After returning to the dark star civilization, they would have no way out, and it would be difficult for them to escape death!

Fu Bingyu looked away and snorted, "I'll leave the item with you for now. Later, I'll take your lives as well!"

Hearing that, Yun Qianshuang also relaxed and giggled, "Little Guy, did you hear that? It's still not too late to beg me to save your life. Of course, you have to hand over the dao master's bone and give me the Emperor's killing sword as well."

Su Yu turned a deaf ear and looked at the SAINTESS. The latter smiled sweetly. "Let's go. The teleportation is about to start. Leave as soon as possible."

They flashed to the imperial family's ancestral hall. After opening the memorial tablets and the sacrificial table, they revealed the intercivilization teleportation array, star map, and Star Stones.

Su Yu activated it with ease. A powerful intercivilization teleportation power engulfed the two of them.

Yun Qianshuang, who had a relaxed expression, was instantly stunned. "Wait... where did this cross-civilization teleportation array come from? Hey, Hey, don't go! Don't go!"

Fu Bingyu was so angry that her chest was about to explode, and a mouthful of blood stuck in her throat.

There was actually a cross-civilization teleportation array!

Where could they find it after leaving the dark star civilization?

No matter how they calculated, they did not expect that the Cang Sheng Dao master had left behind a cross-civilization teleportation array. It was probably used to protect the winner of the Cang Sheng Chess.

With a flash of white light, Su Yu and the Saintess teleported away.

The universal life chess also began to teleport everyone back to the dark star civilization.

Sensing the dark environment of the dark star civilization, Yun Qianshuang was so angry that she gnashed her teeth. "You detestable human brat, I've worked so hard. Just when I was about to get my hands on the path master's Bone, you snatched it away from me! I Won't forgive you!"

A glint flashed across her eyes as she looked in the direction of the Sea of constellations. "Don't let me run into You!"

At the same time, an angry roar came from the mountain of life, shaking the entire area of the sacred mountain.

The sacred mountain that spanned through the ages trembled slightly before regaining its stability.

"Su Yu, I swear that I will grind your bones into dust!"

In the Void, a ray of light pierced through the pitch-black void and descended upon a two-star civilization.

The huge commotion caused the entire civilization to tremble.

A certain mountain peak was pierced through by the light and shattered on the spot. Two figures fell out in a slightly sorry state.

"Phew! The feeling of intercivilization teleportation is really uncomfortable."The Saintess managed to stabilize her figure and said helplessly.

On the other side, Su Yu also stabilized his figure and looked around. He said, "I wonder what kind of civilization this is? That teleportation array doesn't have a fixed destination. It should be a random teleportation."

The saintess looked at Su Yu calmly and said with a faint smile, "Alright, we have all left the dark star civilization. It's time for you to fulfill your promise."

"What promise?" Su Yu was stunned. Then, he remembered that the Saintess had used a four crowns emperor level item to help him kill manager Zhang. The condition was that he had to reveal his true appearance first.

"Alright." After thinking for a while, Su Yu lifted his extremely black dust robe and revealed a face. It was not Su Yu's face, but someone else's.

Just to be safe, he didn't show Su Yu's real face.

The saintess gazed at him with disappointment.

There were a few times when she thought that the person in front of her was Su Yu.

However, it seemed like she was overthinking.

How could Su Yu come to the absolute beginning realm?

"It's your turn." Su Yu was also curious about the Saintess's real face. She was a strange existence that could die continuously. He was curious about what she looked like.

The Holy Maiden took off her white robe, revealing an ordinary and unremarkable female human face.

Su Yu said, "She's more ordinary than I imagined."

"Aren't you the same?" The Holy Maiden rolled her eyes at him.

The holy maiden suppressed the disappointment in her heart and said, "Where do you plan to go?"

"The sea of constellations." Su Yu didn't lie.

He had accomplished a lot in his cultivation. It was time for him to return to the sea of constellations and take a look to see if the vile maiden palace was still there.

If it was still around, then he would save Huangfu Lieyang and the others.

"Oh, then we should bid farewell." The Saintess's eyes revealed a hint of desolation. "There is no such thing as an eternal farewell. Young Master Su, we shall meet again in the future."

She took out a scroll and laid it flat on the ground. The stars swirled on it, and it looked even more obscure than the star map.

"What is this?" Su Yu was curious.

The SAINTESS said, "This is a compressed version of the inter-civilization teleportation array. Once activated, it can communicate with the person on the other side of the array. He can use a great divine art to bring me back to his side through space."

Su Yu's heart trembled when she heard this.

It sounded simple, but it was beyond imagination.

The function of this teleportation array should only be a simple positioning. The power lay in the powerhouse who took her away through space.

To take someone away across civilizations, what kind of skill was this? Even the five crowns emperor could not do it!

“Saintess, what did you mean by saying that I should not stay in the Dark Star Civilization?” He remembered that the Saintess had warned him solemnly that it was not suitable to stay in the moon worship sect for long.

The Saintess’ hand paused, and she narrowed her eyes. “Since you mentioned it, I will tell you everything before we leave.”

“Do you know what the path of Faith is?” The SAINTESS asked.

In the past, Su Yu really didn’t know what the path of faith meant.

But after talking to the dark king, he had a certain understanding of the path of faith.

“A path of deception similar to the food chain. The higher-level preacher devours the lower-level preacher’s power of faith, and so on, until the ordinary believers.”

The SAINTESS was slightly surprised. “You actually know? Then what I’m about to say is much easier to understand.”

“That’s right. As you said, the Moon worship sect is the lower level evangelist stronghold. The Moon Worship Sect Master is the Evangelist, and I . . . Am the supervisor. I’m responsible for monitoring, urging, and evaluating the Evangelist. My evaluation can determine the promotion of the Evangelist.”

Hearing this, Su Yu suddenly understood.

No wonder the Moon worship sect had a supernatural existence like the SAINTESS.

It turned out that her status was far higher than the moon worship sect master.

Su Yu suddenly remembered something. “Then, the purpose of the Moon worship sect master conquering the Emperor Yu dynasty is...”

“Of course it’s to open a low-level missionary stronghold. Unfortunately, he died,” the SAINTESS said.

So that was it!

The moon worship sect had infiltrated the great Yu civilization for hundreds of years for a reason.

“In theory, our organization welcomes people with outstanding abilities like you as new preachers, but I personally suggest that you stay away from the path of faith,” the SAINTESS said sincerely. “The organization that established the path of faith is extremely mysterious. According to my speculation, it’s very likely that more than one dao master is involved. Moreover, the Dao masters who are

involved are most likely people of high status. For example, the Dao Masters of the Daoist Huang Dao Hall. They have members of our organization.”

Su Yu’s pupils constricted slightly. Even the Daoist Huang Hall had been infiltrated by their organization?

“Then what is the purpose of your organization spreading its faith everywhere?”

The SAINTESS said, “This is its mysteriousness. I can not see through what the organization is trying to do. I can only guess from the meaning of our organization’s name that it might be brewing a big plan to cover the sky.”

“The name of your organization?”

“Yes! It’s called Nirvana!”

Nirvana..

Su Yu murmured. It was indeed a name with a deeper meaning.

Knowing this was enough, Su Yu did not plan to struggle with Nirvana. He said, “Thank you for telling me. I will stay away from Nirvana.”

“Okay, then, Goodbye.”The saintess urged the scroll. A shocking fluctuation swept in all directions. A strong will came from the other side of the scroll.

How efficient!

The saintess said, “I’m going back.”

After a moment, the saintess gazed deeply at Su Yu and said the words she had been hiding in her heart for a long time, “Do you know why I trust you so much?”

Su Yu was also curious about this question. In the secret realm, he wanted to kill the SAINTESS.

“Because you look like a friend of mine.”

“Is that so?”Su Yu smiled. There was someone who looked like him in this world?

The SAINTESS nodded slightly, her eyes revealed a trace of disappointment. “His name is Su Yu. He came from a sealed secret realm! “When I first came to the absolute beginning realm, I posted a notice to look for him in Emperor Yu’s dynasty. I hoped that he would come to the absolute beginning realm as well. However, after so many years, there’s no news.”

“I think that’s just my wishful thinking. He should still be trapped in that secret realm and riding on the wind.”

The smile on Su Yu’s face immediately stiffened.

It didn’t matter if they had the same name or surname. Even their origins were so similar!

Moreover, if he remembered correctly, there were two missing person notices in Emperor Yu’s dynasty.

One of them was from the princess of Emperor Yu’s previous dynasty who wanted to arrest Su Yu.

The other one was the missing person notice that he had canceled many years ago. It was so long ago that he hadn't come to the absolute beginning realm yet.

He had always been confused about this matter.

Hearing the SAINTESS mention it, his pupils constricted.

"Who... are... You?" Due to his excitement, Su Yu looked strange.

The SAINTESS blushed and showed an apologetic look. "I'm sorry. Actually, I'm not my real appearance right now. I lied to You!"

A light flashed on her body, and her face changed slightly.

A new face appeared in front of her eyes.

"Sacred Primordial Heart!" Su Yu blurted out in excitement. He couldn't believe his eyes.

The Saintess' face stiffened. She widened her eyes. "You... What did you call me?"

Ever since she came to the absolute beginning realm, the Saintess had never told him her real surname. She had used an alias.

Chapter 1946 Finally, They Recognized Each Other

The moon worship sect master told her her real name, making her unable to believe her own ears.

"Sacred Yuan Xin! Sacred Yuan Xin!" Su Yu couldn't help but laugh out loud. "So that's how it is! I was wondering why you were so insistent on promoting Yang Tai. So it was you!"

The SAINTESS, or more accurately, sacred Yuan Xin.

She sucked in a breath of cold air. Her eyes flickered violently as she said in shock, "You... you know about my relationship with Yang Tai?"

Su Yu laughed. "Not only do I know, I'm also an old friend of yours!"

So... an old friend? Shengyuan Xin was completely stunned. She stammered, "Who exactly are you?"

She had a strong guess in her heart, but it was too bizarre, and she didn't dare to believe it.

Laughing, Su Yu's face slowly changed. "I'm sorry. Actually, I've hidden my true appearance too."

"Ah! Su... Su Yu!" Sheng Yuan Xin covered her face with both hands, revealing only her teary eyes. She shook her head and screamed, "I must be dreaming! It must be!"

Su Yu smiled and walked up to her. He held her shoulders and said gently, "It's me! Eight years ago, I came to the absolute beginning realm!"

"It's really you!" Tears rolled down Shengyuan Xin's face as she threw herself into Su Yu's arms emotionally.

She had never dreamed that she would meet an old friend in a faraway place, except for Yang Tai. Moreover, it was Su Yu, the old friend she couldn't forget.

Everything felt like a dream!

"That year, you were persecuted by the Voidwalker mother and escaped from the space gate. I tracked you to the end of the space gate. I found out that you left the Galaxy God realm from there. I've been worried about your safety. Fortunately, you two are safe and sound." Su Yu patted her trembling back, he could not help but sigh at the wonders of Fate.

He had thought that he would never be able to see Shengyuan Xin again in this lifetime. Who would have thought that fate would play such a trick on him.

So, she had always been by his side.

What was even funnier was that he had wanted to kill her several times!

Shengyuan Xin cried bitterly when she heard that. She had turned all the years of sorrow and grievance into tears.

She also sighed at how fate played a trick on her. The person she had always missed was actually by her side.

The most laughable thing was that she had once disliked him and despised him.

They had even nearly turned against each other.

Now that the truth was revealed, looking back on the past, it made people not know whether to laugh or cry.

"Yuan Xin, leave the Nirvana organization and follow me from now on. I always carry my old friends from the Galaxy Divine Realm with me. Now, you can meet them."

Saint Yuan Xin's expression was agitated, and her vermillion lips trembled. "Really? Is My mother also here?"

"Yes, the sacred God is here too. Back then, I pacified the Eastern Divine Realm Alliance and saved your mother."

Shengyuan thought to himself, "Let me see her. I miss my mother too much."

She had never expected to see her mother again in this lifetime.

However, at this moment, a shocking dao master's will suddenly swept out from the scroll behind her.

The strength of that will was only second to the remnant soul of the DAO Master of all living beings!

"Moon Worship Holy Maiden, return quickly!"

That will transformed into a huge hand that reached out to grab her.

Su Yu's eyes flashed, and she was about to grab the Holy Maiden and leave.

However, the Holy Maiden's face turned pale, and she immediately pushed Su Yu away. She said anxiously, "Don't fight against Nirvana! I'm Fine, you don't have to worry about me."

How could she not worry?

"I have an oath with Nirvana. I've worked for them for a thousand years, so it's impossible for me to leave so easily. For my own good and for your own good, don't be rash."

Su Yu clenched her fists and said, "Where can I find you?"

"We might be able to meet again in a six-star civilization." Shengyuan Xin was wrapped by the giant palm and quickly pulled toward the scroll. She spoke quickly, at the same time, she threw out a jade pendant that was close to her body. "Bring it with you. When you meet me again, you won't have to chase after me."

She teased and was pulled into the scroll by the giant palm.

The scroll was then torn into pieces.

The dao master's aura also dispersed like the tide.

A six-star civilization? Su Yu stood there for a long time, her heart in silence.

Nirvana... why would the Saint Yuanxin join such a huge organization?

However, Su Yu could not sit idly by. If there was an opportunity, she must help the Saint Yuanxin leave Nirvana.

Taking a few deep breaths, Su Yu arrived at the edge of a two-star civilization in a flash. However, she discovered that this civilization had already been sealed off.

There were traces of battle at many parts of the border. It seemed that they were not guarding against the movements of Su Yu and the sacred primordial heart. Instead, they were guarding against something else.

Standing at the border, he looked into the void.

He saw many rather large meteorites surrounding the entire civilization. On them stood a dense number of martial artists.

Suddenly, Su Yu's eyes revealed a look of surprise.

On one of the larger meteorites, he actually saw the great prince of the Great Yu imperial court!

If he was here, what about Dongfang Xia?

After taking a closer look, he found that there was indeed his shadow on an inconspicuous meteor.

Beside him were a few sovereign protectors who were discussing with Dongfang Xia.

“Your Majesty, the Joyous Union Holy Ruins has colluded with the dark star civilization to release the evil dragons in the ruins to harm our imperial family. Although we should kill them, we can’t take them down for a long time. Our losses are too great, so we might as well retreat and make preparations before making a comeback. Then, we can attack the Joyous Union Holy Ruins!” A sovereign protector suggested.

They had been attacking the Joyous Union holy ruins for many years, but the Joyous Union holy ruins had long been prepared, turning the border into an impregnable fortress.

Most importantly, the Joyous Union holy ruins had obtained a few powerful three crowns emperor attack talismans from the dark star civilization, injuring Dongfang Xia several times.

And because it was an away battle, the great Yu Emperor dynasty was at a disadvantage in terms of military strength and resources. After a long period of fighting, they were unable to break through the border, resulting in a stalemate between the two sides.

“That’s easy for you to say. We sacrificed so many soldiers, and now you want us to retreat just like that?” Another imperial protector objected.

“Indeed, we can’t retreat! Our Emperor Yu’s dynasty has just become a three-star civilization. If we can’t even conquer a two-star civilization that betrayed us, will the other two-star civilizations submit to us?”

The imperial protectors spoke one after another, each with their own opinions.

Dongfang Xia was silent for a long time, he said slowly, “Everyone, there is no need to fight anymore! We can not retreat. I, Dongfang Xia, have not been betrayed yet, and yet I am just swallowing my anger! However, attacking us with brute force is useless. We can not continue. We need to take a long-term plan.”

Take a long-term plan? Where should they start?

They were currently in a stalemate. Unless someone could help them blast open the border from the inside of the sacred ruins of unity.

However, this was absolutely impossible.

Boom --

Suddenly, an earth-shattering commotion erupted at the border of the sacred ruins of unity.

The blockade of the border, which could be described as an iron wall, was blasted open by some boundless force.

Several single-crowned emperors and a double-crowned emperor were blasted out of the border.

The sudden change stunned the great Yu imperial court.

The double-crowned emperor that was blasted out should be the most powerful expert of the He Huan civilization, sacred lord he Huan, right?

What kind of person could send him flying?

Dongfang Xia was stunned for a moment. Then, a bright light flashed. “Quickly send out your troops and tear open the gap!”

The emperor protectors couldn’t believe it. They had been attacking the border for years without any results, but it was torn open just like that.

Under their command, Emperor Yu’s army surged into the border like a flood. They quickly controlled the border and advanced into the civilization.

It was only a matter of time before they conquered the hehuan civilization.

Dongfang Xia took the lead and chased after sacred Lord hehuan.

For some reason, Sacred Lord Hehuan had lost his spatial storage device and his powerful talisman. Soon, he was captured by Dongfang Xia.

“Sacred Lord hehuan, Hehe, the heavens aren’t as good as the humans. You’ve finally fallen into my hands!” Dongfang Xia laughed arrogantly.

The saintess wiped the blood from the corner of her mouth and her eyes were filled with sorrow. “I’ve underestimated you. You were actually able to send two three-crowned emperors into the hehuan civilization through interciviliation teleportation!”

Dongfang Xia was stunned. Two three-crowned emperors?

He had just broken through to the three-crowned emperor realm, so how could he know two of them?

Seeing Dongfang Xia’s strange expression, sacred lord hehuan said, “Those two thrice-crowned emperors said that they were returning a favor to you. Don’t tell me that you don’t know them.”

Dongfang Xia was stunned on the spot. He had no recollection of the favor he had done to those thrice-crowned emperors, and it was two of them at that!

He couldn’t help but fall into deep thought. Who Was It? who was helping him in the dark?

The mysterious person whom he couldn’t figure out had long since taken advantage of the moment when the army was pouring in to ride the meteorite silently into the boundless void.

Su Yu waved his hand and kept the two three-crowned emperor puppets.

After confirming that the direction of the meteorite was towards the sea of constellations, he took out two pieces of jade bones and a thick amount of dao master’s blood rushed towards his face.

“Hu! Before arriving at the Sea of constellations, I’ll try my best to absorb the essence of the dragon of fate. Finally, I’ll comprehend the laws of fate as well. This way, I’ll be able to break through to become a sovereign of the world with my six-path body of laws.” Su Yu’s eyes were filled with anticipation.

After many years of preparation, everything was finally ready. He could begin his attempt to become a sovereign of the world.

Taking a light breath, Su Yu took out a drop of the DAO Master’s blood from a jade bone.

Following that, he slapped his palm on the top of his head. The nine dragons divine cauldron spun and fell into Su Yu's palm.

"I wonder how much of the blood of the DAO Master of the common life will be able to crystallize the dragon of Fate!" Su Yu flicked his sleeve and poured the precious drop of Dao Master's blood into the nine dragons divine cauldron.

Immediately, the one-third crystallized dragon of fate crystallized and seemed to come alive. It left the nine dragons divine cauldron and flew around Su Yu in excitement.

Su Yu had an epiphany. He slowly opened his hands. An invisible mirror appeared in his left hand and a quiet machete in his right.

"Fate mirror, life-severing Machete!"

This time, he crystallized in one breath and obtained two abilities at the same time.

One was fate mirror.

As the saying went, the reunion of a broken mirror signified the restoration of fate.

The other was life-severing saber.

Its purpose was to cut off all abnormal fates.

"Interesting. Although it's not an attack type, it involves fate. If used properly, it's far better than an attack method." Su Yu's insight was unique, and he immediately discovered the wondrous uses of the two abilities.

The dragon of fate had completely crystallized, and he could begin to comprehend the laws of fate to the Max.

With a flash of light, Su Yu summoned the dark king.

The Dark King looked at Su Yu and said in surprise, "Have you cultivated any special divine arts? I feel that there is a layer of mysterious thing on your body that is blocking my inspection."

It should be that his fate had become elusive and difficult to grasp, right?

"HMM, can you control the emperor's killing sword to release Dao Rain?" It was quite difficult to comprehend the eight laws without the help of Dao Rain.

Dark King nodded. "It's Easy! Prepare to catch it!"

Immediately, the killing sword rushed out of dark king's body and hovered above Su Yu's head, causing golden rain to fall.

The dao rain was only prepared for Su Yu, and it was extremely dense.

With such a dense dao rain, it was more than enough to comprehend a few more laws!

Chapter 1947 A Breakthrough In Despair

Su Yu sat cross-legged and took advantage of the time to absorb the rain.

When the rain was over, Su Yu collected more raindrops than the previous two combined.

“In one go!” Su Yu closed his eyes and began to comprehend the law of death and the law of fate.

The former was already fifty percent condensed, while the latter had not yet begun.

The vast nothingness couldn’t stop the river of time that was like water.

One month later.

Su Yu slowly opened his eyes, and six different lights flashed in his eyes.

With the help of such a dense dao rain, everything went smoothly as usual

The law of death was condensed to perfection, and the law of fate was condensed to perfection.

Now, the six laws that had already crystallized on the nine dragons divine cauldron were all condensed to perfection.

In fact, any law that had been condensed to perfection could open the emperor’s gate and attempt to break through to the Emperor of Heaven and earth.

However, once one became the Emperor of Heaven and earth, they would be unable to condense new laws. Therefore, Su Yu had been restraining himself until today, when he had completely comprehended all six laws.

“I can begin to break through to the Emperor’s Gate! Will it be especially difficult to open all six laws at once?” Su Yu’s eyes were filled with anticipation.

Half a day later, after adjusting his condition, Su Yu slapped his palm on his inner mansion.

The laws within his body vibrated and flew out. The sky above his head turned into an ancient stone gate that was covered in smoke and dust.

The stone gate was thousands of square meters in length and width and spanned across the void.

Purple smoke and dust covered his entire body. It was faintly discernible as if he was at the gate of a fairyland.

The moment he appeared, the smoke and dust all over his body started to rapidly roll in all directions with the stone gate as the center. It was like a tsunami.

In an instant, the endless void was covered by a layer of rolling purple smoke and dust.

Even the smallest ant and the most powerful living being could feel where the purple smoke and dust were.

Sea of constellations.

A huge meteorite was floating above the Sea of constellations. Its huge shadow covered the entire sea of constellations in darkness.

Within the meteorite, dozens of peerless beauties dressed in immortal robes were forming a circle, continuously infusing a certain development with the power of desolation.

All of a sudden, a woman in the middle was emitting a hazy golden light. Her entire face was hidden under the golden light, making it impossible to see her clearly.

If Su Yu was here, he would definitely be able to recognize her. She was the three-crowned emperor-level expert who had descended into the sea of constellations back then and suppressed the many emperors in the sea of constellations with a flick of his finger. She was the Little Hall Master of the Vile Maiden Palace!

Suddenly, the Little Hall master suddenly opened her eyes and looked in a certain direction with slight astonishment.

“The cloud dust of the gate of the Emperor?”

One could see the tsunami-like purple smoke and dust rolling over and engulfing the huge meteorite.

The sky and the Earth were all submerged in the purple smoke and dust.

The purple smoke and dust was the cloud dust of the law. It would only leak out when the gate of the Emperor appeared.

“Someone broke through to the Emperor of Heaven and earth?” The Young Palace Master looked at the cloud dust in surprise. “Isn’t the density of the cloud dust too unusual? Even when I broke through to the emperor, I didn’t have such a huge cloud dust.”

The density of the cloud dust depended on whether the law of the person who broke through was powerful or not.

The stronger the law, the denser the cloud dust that appeared.

She had never seen such a dense cloud of dust before.

“It seems like the law that this person cultivates is very close to one of the eight great laws.” The young hall master muttered, “I never thought that there would be such a talented expert in the desolate region.”

At the other end.

A man and a woman were stepping on meteorites as they charged towards the sea of constellations.

Suddenly, the man narrowed his eyes and said, “Someone is breaking through to become a sovereign of the heavens and Earth.”

“Senior brother, how did you know?”

“Look, that’s Yun Chen, the one who appeared at the Sovereign’s Gate.”

However, they saw endless purple smoke and dust billowing towards them from the horizon, quickly engulfing them.

“OH.” The young girl said, “The Emperor of Heaven and Earth is nothing. Senior brother had the strength to fight against the single-crowned emperor when he was in the Great Yu Imperial Court.”

The man's eyes shone, he shook his head and said, "There is a difference between an emperor and an emperor. I might be able to fight against a normal emperor, but in front of a powerful emperor, I probably won't be able to fight back. For example, this person in front of me is so amazing!"

The girl blinked her eyes and said, "Oh? Is He very powerful?"

"He is very powerful!" The man said slowly, "This person's laws must be extremely profound. We should take a detour and not interfere with his breakthrough. Otherwise, it won't be good if there's a misunderstanding."

The girl curled her lips helplessly and said, "Senior brother spent all his star stones to rush here. Don't let that person run away just because you took a detour."

"Don't worry. I have an indelible connection with the emperor's killing sword. Unless he keeps running, I'll catch up with him sooner or later."

..

At the same time, on another meteorite.

Yun Qianshuang drove the meteorite through the nebula and headed straight for the Sea of constellations.

"Aunt, why are you so stingy? Brother Handsome snatched the Dao master's bone away, right? Why do you have to snatch it back?" A bored and adorable young girl was still lying on the meteorite, yawning as she spoke.

Yun Qianshuang was annoyed. "It's not as easy as you say. We've suffered a lot just to find a piece of the Dao master's bone."

The purpose of their appearance on the ancient dream altar was also for the Dao master's bone. Unfortunately, the faceless Buddha did not leave any remains in the human world.

"That's right. Can't we just let brother handsome have it for the sake of being handsome?"

"YOU NYMPHOMANIAC!" Yun Qianshuang glared at her. "If I knew this would happen, I would have left you on the Cloud Mist Divine Mountain to sleep. I'll do it myself!"

As she was speaking, Yun Qianshuang seemed to have sensed something. She let out a soft exclamation. "What a coincidence. Someone is breaking through to the Emperor of Heaven and Earth."

The young girl said in a daze, "OH."

"It doesn't seem like an ordinary breakthrough. Such a thick cloud of dust is really a little exaggerated," Yun Qianshuang said. The purple dust from the distance blew towards them and sucked them in.

The girl said, "It's really exaggerated. Such a thick cloud of dust is rarely recorded."

“It seems like it’s some powerful creature who has comprehended a great law,” Yun Qianshuang immediately concluded. “It just so happens that it’s still on our way. Maybe we can catch up and say hello.”

As the person involved, Su Yu stared at the giant purple door in front of him with a hint of nervousness in his eyes.

It was said that the emperor’s door could only be opened once. If it wasn’t opened, all living beings wouldn’t be able to step into the emperor’s realm.

He tried to condense the primal power unique to half-step emperors to bombard the stone door.

Creak --

Unexpectedly, the emperor’s door opened with a creak.

Su Yu was stunned. “That’s not right. It’s said that breaking the emperor’s door is very difficult. Normally, it would take several days to bombard it continuously. How could it be so easy?”

As he was thinking, endless light surged out from the giant gate and descended on Su Yu’s body.

Instantly, Su Yu felt that his inner mansion was filled with an extremely powerful energy and was rapidly expanding.

A moment later, Su Yu felt that his inner mansion was swollen. The pain of being torn apart was as if his inner mansion was about to explode.

He took a light breath, but he silently endured it.

This was because he understood that this was a necessary experience when breaking through to the Emperor of Heaven and Earth, opening up the Heaven and earth within his body.

What was the Emperor of Heaven and earth?

The Heaven and earth he referred to was not the heaven and earth in the outside world, but the heaven and earth in his body.

Reaching the Emperor of Heaven and earth meant that his body would undergo a qualitative transformation, from a mortal body to a heaven and earth incarnation that could contain a part of the heaven and earth in his body.

Only in this way could he be called the Emperor of Heaven and earth.

Hong --

The inner mansion did not last long before it exploded with a loud bang, just like when Pangu opened up the heaven and earth, the old narrow space shattered, and a brand new huge world was opened up in the chaos.

With the naked eye, a space inside Su Yu’s body that was comparable to the world inside the mansion had appeared, forming a world of its own.

The world was in chaos. There was no spiritual energy, no divine aura, no mountains, rivers, and no living beings. Everything was a quiet world covered in purple clouds and dust.

The mysterious power did not stop. It continued to pour into Su Yu's inner world and slowly settled into a pure power of desolation.

Half a day later, the primal energy filled the inner world and seeped into Su Yu's body.

Su Yu stomped on the ground, and the primal energy overflowed.

The same move from the past was now more than twice as powerful!

The transformation of power was only secondary to the emperor level.

Most importantly, he had the law chains.

Su Yu's heart moved, and a purple law chain appeared in his palm.

"Purple?" Su Yu was slightly surprised. He had seen many law chains, but all of them were black.

The only red chain he had seen was the mother of laws, the Heavenly Dao chain.

This was the first time Su Yu had seen a purple chain.

No matter what, Su Yu had finally crossed the threshold of being a world emperor, becoming a single-crowned emperor.

When he unleashed his primal power, the faint image of a crown appeared above his head.

"Phew! It was too smooth." Su Yu couldn't help but mutter. He originally thought that there would be unexpected obstacles when his six paths body broke through to become a heaven and earth emperor, but he didn't expect it to be so smooth.

At this moment, the stone door that was blasted open gradually dissipated, disappearing without a trace.

Su Yu turned around and was about to leave when suddenly, a wine-red cloud of dust rolled over from behind him without any warning and instantly engulfed him.

Su Yu suddenly turned his head around and couldn't help but be shocked.

But at the spot where the purple stone door dissipated, a wine-red stone door appeared!

In terms of size, it was twice as big as the purple stone door from before!

"The second emperor's door?" Su Yu was stunned.

Based on his understanding of breaking through to the emperor realm, no matter how many laws he cultivated at the same time, there would always be only one emperor's door. How could there be a second emperor's door now?

While he was stunned, the unformed world within his body started to show signs of instability.

"It can't be? Don't tell me I have to shatter the second emperor's door as well, or else the world within my body will collapse?" Su Yu couldn't help but become solemn.

What kind of joke was this? It wasn't easy for him to break through to the emperor of the world, yet his cultivation had fallen back to the Overlord Realm?

With some doubts, Su Yu used the power of primal chaos and unleashed the strength of a single emperor to attack the wine-red stone door.

Kacha --

The wine-red stone door barely opened a crack.

Su Yu punched a few more times, and the wine-red stone door completely opened.

Another mysterious power descended and poured into Su Yu's inner world.

The inner world was suddenly filled with a huge amount of mysterious power, and once again, an explosive change occurred.

With a sharp pain, the inner world was torn apart and doubled in size!

"This is... the middle stage of the single-crowned emperor?" Su Yu was secretly surprised.

At the same time, a second law chain appeared in the inner world!

A wine-red law chain!

"Purple, wine-red, it can't be?" An unbelievable thought popped up in Su Yu's mind, and his mood turned heavy.

He stared at the wine-red stone door, and when it disappeared, a white stone door appeared.

It was twice the size of wine-red!

"As expected!" Su Yu took a cold breath, and his heart sank to the bottom.

Chapter 1948 Soul Dao Fragment

When six law bodies broke through to become the Emperor of Heaven and earth, not one but six emperor's doors appeared!

The first two were the emperor's doors of time and space laws.

Now, it was the emperor's door of soul laws!

And, as expected, the strength of this door..

He tried to use the single-crowned Emperor's attack, but the door didn't budge at all!

Su Yu took out the heavenly bow and unleashed the double-crowned Emperor's attack, shooting at the White Emperor's door.

Ding --

The emperor's door opened and trembled, but it didn't open.

Only after Su Yu shot ten arrows did it finally open a small crack, but it couldn't be opened anymore.

With no other choice, Su Yu used the Royal Longzun Sword and launched an attack that was close to the triple-crowned emperor, only then was it blasted open.

A mysterious power gushed out and doubled the size of the world. A third chain appeared.

His cultivation had also reached the late stage of the single-crowned Emperor Realm!

However, Su Yu was not happy at all. After the White Emperor Gate disappeared, an even larger Emerald Emperor Gate appeared.

This was the gate of the law of life.

If he was not surprised, the difficulty of blasting it open was likely to require a triple-crowned emperor!

He used the sovereign longzun sword to attack, but the door didn't Budge!

His heart sank to the bottom.

Even if he broke through the door, there was still the law of death and the law of fate.

The former might require a four-tiered emperor, while the latter required... a five-tiered emperor's attack.

How could the current Su Yu break through the Last Door?

If he couldn't break through, he would completely fail to break through to the Emperor of Heaven and Earth realm. His cultivation would fall back to the Overlord realm, and he wouldn't be able to break through to the Emperor of Heaven and Earth realm again.

The severity of the situation had exceeded his expectations.

There were others who also felt the severity of the situation.

Sea of constellations.

The Young Hall master suddenly stood up and stared into the distance in shock.

The purple cloud dust had yet to fade away, and there was a wine-red cloud dust. The two barely fused together, and a white cloud dust appeared, followed by an emerald-colored cloud dust.

The four-colored cloud dust enveloped the world, deeply shocking the young hall master.

"Who is breaking through to the Emperor Realm? Why is there such a strange cloud dust? Even when the palace master broke through to the Emperor realm, there wasn't such a phenomenon, right?" The Young Palace master pondered for a while and said, "You guys continue, I'll go and take a look!"

In the void, the men and women on the meteorite were extremely shocked.

"Four-colored cloud dust? Who is breaking through? Or are there four overlords who have cultivated powerful laws at the same time and are breaking through to the Emperor Realm?" The man said in surprise.

The woman was also extremely shocked. “Such a huge cloud dust is rarely seen in ten thousand years. It’s already rare for it to appear once. How Small is the probability of four appearing at the same time?”

On another meteorite.

Yun Qianshuang’s expression was extremely grave. “Four-colored cloud dust... could it be that a group of people are breaking through to become the Emperor of Heaven and earth? But is it possible for a group of overlords with powerful laws to gather together?”

The adorable girl was also dumbstruck. “How Strange. Four-colored clouds of dust. I’ve never heard of such a strange thing in the heavens. Could it be that mortal-born saint body that once appeared briefly in the Sea of Constellations?”

The speaker didn’t mean it, but the listener did. Yun Qianshuang had just recalled that a mortal-born saint body had once appeared in the Sea of constellations.

If it was him, then it was really possible.

“Then I want to see this saint body even more!” Yun Qianshuang’s eyes shone.

What kind of existence was a mortal-born saint body? That was a saint-level figure that even a nine-star civilization couldn’t rope in. If she could befriend him, there would be endless benefits.

In front of the stone door.

With a heavy heart, Su Yu summoned a white emperor puppet.

The white emperor puppet of the three crowned emperors punched out, and only then did the jade stone door tremble. With a creak, a crack appeared.

Under its continuous attacks, the door finally opened after an entire day.

Mysterious power poured in crazily, pushing Su Yu’s inner world to a higher level.

His cultivation aura had actually reached the early stage of the two-crowned Emperor Realm!

However, Su Yu wasn’t happy at all because a pitch-black giant door had appeared on the fifth door!

This door spanned hundreds of millions of feet, and Su Yu was as small as a speck of dust in front of it.

Under Su Yu’s control, the white emperor puppet’s full-strength attack only caused the giant door to tremble a little, and not even a tiny crack was opened.

“Don’t tell me I have to stop here?” Su Yu was extremely unwilling.

Was it safe for Xia Jingyu to return to the goddess Clan?

Qin Xian ‘er was brought to the asura world, and what was her current situation?

And was Pearl, who had gone to the vile-daughter palace to seek revenge for him, safe and sound?

He had originally planned to increase his strength while searching for them. But now, everything had turned to dust.

“I don’t believe it!” Su Yu summoned another puppet.

The two puppets attacked together, causing the huge door to tremble even more. There were no signs of it opening.

PA --

However, Su Yu did not give up. He tore off the dragon-shaped necklace on his chest and infused it with the power of an emperor.

Instantly, the attack that contained the three crowns of Dongfang Xia and the two white emperor puppets attacked the stone door at the same time.

Creak --

Under the combined effect of the three, the stone door cracked open into a tiny crack the size of a strand of hair.

But that was all!

As the attack power of the dragon-shaped necklace decreased, the tiny crack that had been opened with great difficulty slowly closed up again.

Su Yu gritted his teeth and shouted. He pulled out the four law chains that he had just condensed and attacked the stone door at the same time.

Creak --

The stone door let out a soft sound and a crack that was one finger wide was blasted open.

The power of the four law chains was extraordinary. They were actually stronger than the combined power of the three crowns.

Su Yu gritted his teeth and continued to attack with the chains.

For seven or eight days in a row, Su Yu’s hands did not stop.

The primal energy in his body was depleting at an alarming rate, but Su Yu didn’t have the slightest chance to rest. Otherwise, the stone door would immediately close.

Most importantly, the world in his body had already started to collapse.

If he didn’t break through, his breakthrough would be a failure.

Enduring the pain of the world collapsing, Su Yu forcefully extracted the primal energy in his body that was about to dry up, and used the law chains to attack continuously.

One thread after another.

Finally, on the tenth day, when the last trace of primal energy in Su Yu’s body was exhausted, the Jade Emperor Gate finally opened completely.

He held onto the arms of the chains, and because he had used too much of them, they were smashed into a bloody mess by the primal energy, swelling up like a bowl-sized tree.

His entire body was also hollowed out, and he was extremely exhausted.

His eyes were even filled with blood.

Hong --

A mysterious power surged in, replenishing the primal energy. At the same time, it pushed Su Yu's cultivation to the middle stage of the double crown prince realm.

Using this power, Su Yu quickly recovered his body.

When the power dissipated, his body returned to its peak condition.

However, after the jade door dissipated, a huge blue door that covered the sky appeared.

That was the sixth door, the door of fate.

Su Yu tried to use five law chains to attack, but the huge blue door did not move at all!

The four law chains were able to crack open the jade door, but the five law chains could not even move the door.

Su Yu felt helpless and hopeless.

He had used up all his attacks and reached his limit.

The sixth door could not be moved at all.

Looking at his hands, Su Yu felt a great sense of rebellion.

He just wanted to obtain absolute power and protect the people he wanted to protect. That was all he wanted.

But such a simple wish, he had to give up halfway?

With a low roar, he used five chains to crazily attack the stone door. For seven days and seven nights, the giant blue door stood there coldly, not changing at all.

It was like the distant and silent sky, giving people endless pressure and despair.

Su Yu's primal energy was exhausted, and he had no physical strength left. At this moment, it was difficult for him to even move his fingers.

Lying on the meteorite, he stared at the blue stone door and let out a silent cry of unwillingness.

At this moment, more than half of his inner world had already collapsed, and it was collapsing at an even faster speed.

In less than two hours, it might completely collapse.

However, he had no other way. He could only watch as the inner world was going to be destroyed.

Everything he had worked so hard for until now would go down the drain.

Moreover, his martial path would never be able to move forward. He would be like many half-step emperors who had failed to break through and would waste their entire lives.

"But I'm not willing!" Su Yu muttered to himself. His emotions were surging.

Seeing that the world within had already collapsed to the final boundary, Su Yu cried out in despair.

His body could not move, but his soul could still move!

Shua --

His soul suddenly left his body and fiercely slammed into the stone door. "Open it for me!"

Even his powerful body was unable to shake the emperor's door, let alone a weak soul?

He was merely a trapped beast in despair, making a last desperate struggle.

However, what was unbelievable was that the instant his soul crashed into the emperor's door, the blue stone door that blotted out the sky suddenly shook and opened a crack that was as wide as a person.

Su Yu was instantly stunned.

His soul actually... crashed into it?

Su Yu stared at the opened stone door in disbelief as his mind went blank.

Even the soul of a five-crowned emperor could not shake this door in the slightest. The strength of his soul was only comparable to that of a three-crowned emperor. How could he shake it?

All of a sudden, he realized that a faint golden light flashed in his soul.

"This is..." Su Yu's mind was buzzing. He immediately remembered where the golden light came from.

Soul path fragment!

The second time he entered, the light screen formed by the ancient oil lamp dissipated. The broken light fused into his soul, causing a golden light spot to appear in his soul divine crystal.

At that time, Su Yu asked the great void Celestial Master what the Golden Light spot was.

The other party replied, "Soul path fragment."

When Su Yu wanted to continue understanding, the great void Celestial Master asked Su Yu to find the answer himself.

Su Yu had long forgotten about the existence of the soul path fragment.

He never expected that it would suddenly appear at this moment.

The blue stone door was shaken. It must be because of the soul path fragment!

A despairing heart regained its vitality.

He excitedly tried to use his soul to strike, but he saw that the huge door had been knocked open once again.

"Hahaha! There's always a way!" Su Yu could not help but burst into laughter. He was ecstatic as he continued to strike.

Just two days later, there was a loud bang. The huge blue door had finally opened completely.

A mysterious force that was far greater than the sum of the previous five doors surged into Su Yu's body. It repaired the inner world that was about to collapse and doubled its size.

The intense pain did not weaken the crazed smile on Su Yu's face in the slightest. Instead, it made him laugh non-stop.

The inner world expanded like never before and quickly stabilized. There were no more signs of collapse.

At the same time, the sixth chain took shape and intertwined with the other five chains.

His cultivation base soared wildly, reaching the late stage of the double-crowned Emperor Realm in one breath!

Although Su Yu was covered in blood and looked miserable, his face was full of a heroic smile.

Late stage of the double-crowned champion!

Chapter 1949 The Mysterious Ancient Array

His years of hard work had not been in vain.

Su Yu took a deep breath and felt that the world was vast and he could roam freely.

What he did not know was that the young hall master was looking up at the blue stone door that blotted out the sun from a distant meteorite.

"Is... is this the door of the emperor? Who can shake this door of the Emperor? Even the legendary son of heaven would not be able to break it!"

However, the reality was that the blue stone door had already opened!

The young hall master was immersed in endless shock, unable to extricate himself for a long time.

Similarly shocked were a pair of senior brother and sister, as well as a pair of aunts and nephews.

The blue stone door that blotted out the Sun gave their souls an unprecedented shock.

As the person involved, Su Yu let out a long breath, looked around, and immediately made a move to leave this place.

Such a huge commotion must have alarmed quite a few people.

A few days later, the Young Hall master, his senior siblings, and his aunt and nephew all arrived at this place. Other than the remnants of Yun Chen, there was no sign of the person who had broken through.

"Looks like we came too late. That person has already left." Yun Qianshuang sighed regretfully. "We missed out on that mortal-born saintly being because we weren't fated enough. Let's continue looking for that Kid, Su Yu. I can sense that he's not too far away."

At the edge of the Sea of constellations, on an ordinary meteorite, Su Yu stood with his hands behind his back.

Looking at the gigantic meteorite that was comparable to the sea of constellations from afar, floating in the sky, a trace of doubt appeared in his eyes. "The people from the vile maiden palace are still in the Sea of constellations?"

He had come here with the attitude of 'just in case'.

He really didn't expect that the people from the vile maiden palace were still in the Sea of constellations and hadn't left.

Did they have some ulterior motive?

While he was deep in thought, Su Yu activated his communication jade pendant.

A few days later, a meteorite flew over unsteadily. On it was an old man with a goatee.

Five years ago, he had received Su Yu's orders to head to the sea of constellations to gather information about the vile maiden palace.

According to the initial plan, once he gathered information, he would head to the dark star civilization. The entire process was expected to take five years.

Unexpectedly, the moon worship sect leader came personally, saving the goateed old man five years of time to return.

"Greetings, sect leader." The goateed old man immediately went forward and bowed.

Su Yu waved his hand. "There's no need to be so polite. Tell me about the information you found out."

"Yes!" The goateed old man immediately said, "Your subordinate came to the Sea of constellations a year ago. According to what I know, this meteorite bearing the evil maiden palace has been here since the first time it arrived. It has never left."

"Your subordinate once infiltrated it and investigated the situation. I discovered that they were activating an extremely ancient formation. It has already been nearly ten years since then."

Ancient Formation? Su Yu was deep in thought.

What ancient formation was there in the Sea of constellations that was worth the evil maiden palace spending ten years to activate?

He remembered that the evil maiden palace's target in the Sea of constellations was Su Yu, right?

Could it be that they discovered something along the way?

"Where is that ancient formation?" Su Yu asked.

The goateed elder answered, "It's in the Jian Xuan Sea area. I've already confirmed the location."

"Take Me There?" Su Yu and Mo Mei frowned slightly.

He had a bad feeling. The Evil Maiden Palace's scheme wasn't something to be trifled with.

Not long after, in the Jian Xuan Sea area.

The familiar aura of the sea area assaulted his face. That year, when he came to the absolute beginning realm from the Cage of Taotie, he met the fallen young master of the Xue family in the Jian Xuan Sea area and then pretended to be him.

Su Yu sighed with emotion when he visited his old place again.

With his speed, the sea area of Jianxuan, which used to take one month to cross, was like a small pond. He had crossed more than half of the sea area in just a few breaths.

Su Yu stopped in a barren sea area.

The sea beasts roamed freely in this area. They didn't have many volunteers, so few people came here.

At this moment, in this sea area, there was a massive ancient formation with a diameter of one thousand feet. A shadow was projected from the bottom of the sea and floated on the surface of the water.

That ancient formation was extremely complicated. Su Yu had seen many powerful ancient formations, but the complexity of this formation could not be compared to it.

The inscriptions floating on the ancient formation were more complicated than the entire formation of the four crowns.

There were no less than ten thousand inscriptions on it.

At this moment, a beam of light filled with prehistoric power was projected from the meteorite above their heads.

The beam of light poured into the ancient formation, causing it to slowly rotate.

"Is the vile-daughter palace planning to work together to activate this formation?" Su Yu's eyes revealed a thoughtful expression.

"Wait here, I'll be right back!" He raised his head and disappeared like a shuttle.

When he reappeared, he directly appeared on the meteorite.

Moreover, he didn't intentionally hide his aura.

The Kings of Heaven and Earth who were forming a circle and pouring divine power into the array frowned.

One of them, a beautiful middle-aged woman, frowned even more deeply. "A familiar aura."

Among them, a girl in purple raised her eyebrows and said, "You guys continue. Don't stop. I'll go and see what's going on."

Just as she was about to leave, yin and yang Qi suddenly appeared.

A silver-haired young man with his hands behind his back appeared. He looked like a fairy and had a calm temperament. The Ice Crystal Crown on his head reflected a dazzling light.

"You Are..." the girl in purple stared at the intruder and couldn't believe her eyes. "Su Yu!"

Wasn't it Su Yu who was sent by the Evil Woman Palace to kill him?

She never expected that Su Yu would dare to appear in the fallen star of the Evil Woman Palace after escaping for so many years.

The beautiful woman also recognized Su Yu and said in surprise, "It's You!"

Only one person knew how to use the advanced chapter of the Taiji Yin-yang wings.

Su Yu!

Su Yu stared at the beautiful woman and said with a strange expression, "Cough cough... brother Huangfu, how have you been?"

Back then, he had been captured by the Young Palace Master and forced to take a holy pill. From a seven-foot-tall man to a woman, Su Yu still couldn't help but feel strange when he thought about it.

The beautiful woman, no, it was Huangfu Lieyang. His expression was awkward, but then his expression froze as he said, "Why are you here? Hurry up and leave!"

Her figure flashed and blocked in front of Su Yu, blocking the purple-robed girl who was staring at him coldly.

"Huangfu Lieyang, how dare you! How dare you betray the Vile-daughter Palace!" The purple-robed girl was the Young Palace Master's right-hand man, the purple-crowned girl said calmly, "If you, Su Yu, were to hide, we wouldn't be bothered to look for you for the time being. Since you've delivered yourself to us, HMPH, Huangfu Lieyang, I'll give you a chance to redeem yourself. Cripple his cultivation and imprison him."

Huangfu Lieyang complained in his heart. Why did Su Yu come back?

Moreover, he was making such a big fuss. Even if he wanted to help, he wouldn't be able to.

That Holy Pill wasn't just a transformation drug. It was also a control drug. If one were to go against the evil Lady Palace, the consequences would be terrible.

Su Yu looked at the purple-clothed girl indifferently. "I remember that your name is ziguan, right?"

Back then, this girl had chased him until he had no way out.

Zi Guan pursed his lips and said indifferently, "Since you're back, you don't have to leave anymore. Stay here forever."

After saying this, he ignored Huangfu Lieyang and flicked his finger, sending the primal energy of the double-crowned emperor rolling over.

Su Yu's expression was calm. He stepped on the ground and sent the primal energy of the double-crowned emperor sweeping over like a huge wave.

The expression of the indifferent zi Guan changed instantly. "Late-stage double-crowned emperor? How is that possible?"

Back then, Su Yu was just a small silver overlord.

It had only been ten years, and she had actually become a late-stage twin crowns.

She almost thought that she had mistaken him for someone else.

Huangfu Lieyang was also shocked. As a twin crowns, he understood how difficult it was to break through to the emperor realm.

To become a twin crowns in just ten years, such cultivation speed could be said to be unparalleled in the world.

“Nothing is impossible,” Su Yu said calmly. Her figure was like an illusion as she instantly teleported in front of the purple crown.

The purple crown clenched her silver teeth. “Don’t be so smug!”

A chain appeared in her palm and shot toward Su Yu.

A law chain? Su Yu blinked and a purple law chain appeared in her palm as well.

With a light wave, the two met in the air.

Instantly, the law chain of the purple crown cracked and actually shattered in the collision.

Hiss --

Huangfu Lieyang sucked in a breath of cold air. Just how powerful was Su Yu’s law chain to be able to easily crush someone else’s law chain.

Yuren also sucked in a breath of cold air.

The Purple Crown’s law was damaged, and his face was extremely pale. he shouted, “What are you still standing there for? Let’s attack together and destroy this child.”

Among the single-crowned emperors present, only seven or eight were members of the vile-lady palace. The rest were forced to swallow the holy pill.

They didn’t dare to disobey the purple crown’s order.

However, before they could move, Su Yu pointed at the air with his fingertip. “Space is frozen.”

Instantly, everybody was frozen by the invisible space. They couldn’t move.

Including the Purple Crown.

“How did you become so powerful?” The purple crown gazed at Su Yu.

Su Yu didn’t say anything. His fingertip touched the purple crown’s forehead and searched his soul.

After a while, Su Yu’s eyes shivered.

“Open the passage between the cage of Taotie and the absolute beginning realm?” Su Yu was surprised when he got the news.

That ancient formation wasn’t something else. It was the ancient passage that Hu Xiaodie had used to enter the absolute beginning realm from the cage of Taotie.

They didn’t know who had set it up. However, if they could open it, they could cross the two realms.

Their goal was very clear, to release the vile daughter!

What shocked them was that three years ago, the vile daughter had sent a message from the inside and contacted them.

She had opened up a passage on the other side of the Cage of gluttony.

In less than five years, the passage would be completely open.

Three years had already passed, and there were still two years left. The opening of the passage had entered its final phase.

After understanding this, Su Yu broke out in cold sweat. Fortunately, he was worried about the evil woman palace and came to investigate. Otherwise, the evil woman would have escaped!

With a cold gaze, Su Yu stomped on the array that was gathering the primal energy.

The ancient array lost the primal energy and the light projection on the surface of the sea gradually dissipated. Finally, it stopped operating.

Su Yu let out a sigh of relief. He looked at Zi Guan with a cold gaze.

“It’s useless!” Zi Guan’s face was pale, and his eyes were filled with pity. “When the young palace master comes back, he will reopen the ancient formation. It’s only a matter of time before the evil daughter is born. You just wait to be buried in the hands of the evil daughter!”

Su Yu only had a hint of panic on his face. Instead, he smiled meaningfully. “Then, I will discuss it with your young palace master face to face.”

Not only did he not escape, he even sat on the Little Hall Master’s throne.

Huangfu Lieyang had a sociable expression on his face as he said, “Brother Su, please leave as soon as possible. That Little Hall master is a mass murderer. If he finds you, he will not show any mercy.”

Chapter 1950 Purple-Haired Su Yu

The other emperors also tried to persuade her, “Yes, run away.”

They couldn’t understand where Su Yu’s confidence came from when she wanted to discuss with the young palace master.

With the Young Palace Master’s skill, the first thing she would do when she saw Su Yu was to kill him.

“It doesn’t matter. I believe that the young palace master is a reasonable person,” Su Yu said calmly.

If she was a reasonable person, would she force them to swallow the holy pill and force them to become members of the Vile Maiden Hall?

Seeing that they were burning with anxiety and still wanted to continue persuading them, Su Yu slowly closed his eyes and closed his ears.

Huangfu Lieyang was so anxious that he stomped his feet. After Su Yu became a double-crowned emperor, his confidence swelled. He even fantasized about discussing this matter with the triple-crowned emperor!

In his memories, Su Yu should be an extremely cautious person. How could he be so reckless and muddle-headed now?

“Head pavilion master, we were still hoping that Su Yu would bring us away. But now, it seems that there’s really no hope for this child!” An emperor from the sea of constellations frowned. “Back then, I was still amazed by his extraordinary intelligence. Now, it seems that I’m greatly disappointed.”

Huangfu Lieyang was speechless. Su Yu was indeed too arrogant.

Ziguan sneered coldly. He really didn’t know what was good for him!

Half a day later.

A powerful aura enveloped the meteorite star, and the expressions of everyone present changed.

The Young Hall Master had returned!

Shua --

The Young Hall Master directly appeared in the room. Seeing that everyone was motionless, she raised her eyebrows and asked, “Why did they stop?”

Ziguan revealed a surprised and happy expression. On the other hand, Huangfu Lieyang and the others’ faces sank into the water.

It was over!

Suddenly, the young hall master glanced at her throne and saw a familiar yet unfamiliar figure sitting quietly on it.

She was stunned for a moment before she exclaimed in shock, “Su Yu? !”

She could not believe her eyes. Su Yu, who had fled to a foreign land, had returned and was still sitting in the meteorite?

“Ziguan, why didn’t you catch him?” The Young Palace Master asked involuntarily.

Just as Ziguan was about to speak, Su Yu slowly opened her eyes and smiled faintly, “How have you been, Young Palace Master of the evil Lady Palace!”

“What’s wrong with you?” The Little Hall master realized that the situation was very different.

Su Yu slowly stood up and said, “Of course I’m here to catch up with the Little Hall master and discuss the ancient array.”

“You don’t know what you’re talking about!” The Little Hall master flicked his finger, and the majestic power of the three crowns emperor instantly swept out.

In the past, Su Yu didn't even have the strength to resist.

But now..

A white emperor puppet was summoned and blocked in front of Su Yu, blocking the incoming primal power.

The Young Palace Master was shocked. "A three-crowned emperor level puppet?"

Huangfu Lieyang also took a deep breath. "Wait! is that the yin-yang puppet of our Taiji sect, or a three-crowned emperor level puppet? How did you get it?"

Su Yu smiled at the latter. "I'll have a chat with brother Huangfu later."

He looked at the Young Hall master and said indifferently, "How about it? Are you willing to sit down and have a chat?"

The Young Hall Master was shocked, and a disdainful look appeared in her eyes. "It's just a mere triple crown puppet. It Can't do anything to me!"

"What about this?" Su Yu waved her hand, and another triple crown puppet appeared on both sides of Su Yu.

The young palace master's pupils constricted. "Two?"

Being stared at by two three-crowned sovereign golems at the same time, her expression gradually turned solemn, but she was still rather calm.

They were just puppets of the same level, and at most, they would pose some threat.

"What do you want to talk about?" The young palace master calmed down the astonishment in her heart and said slowly.

Huangfu Lieyang and the others were dumbstruck. They could actually sit down and negotiate with the Young Palace Master.

His face was filled with surprise and joy. He had not misjudged Su Yu. Su Yu was definitely not someone who would act rashly and rashly.

The sovereigns of the universe, who had been greatly disappointed previously, also felt both ashamed and pleasantly surprised.

"You want to bring the sovereigns of the universe away from the Sea of constellations?" The young hall master's eyes shone. "If you can pay the same price, I can consider it."

However, Su Yu shook his head. "You have a misunderstanding. What I am discussing with you is an ancient formation. As for the experts who will bring away the sea of constellations, they are merely incidental."

"Ancient Formation?" The Young Hall master stared at the Purple Crown and said with a cold gaze, "So, you already know about it?"

Su Yu nodded.

“What do you want?”The Young Hall master said with her hands behind her back.

“It’s very simple...”Su Yu looked at her leisurely. “Erase the relevant memories and serve me from now on. become my slave.”

Hearing this, everyone was stunned.

To make the Little Hall Master of the Vile Lady Palace a slave, and even erase the memories of her ancient array?

Was this a negotiation? This was simply going too far!

The Little Hall master laughed in anger. “You can do whatever you want with just two puppets? After so many years, I think the more you live, the more you return.”

As soon as she finished speaking, she disappeared from her original spot.

Bang --

With a muffled sound, the two white emperor puppets joined forces to block a human figure.

The Young Hall Master was unable to attack Su Yu and started to fight with the two puppets.

It had to be said that the young hall master’s strength was astonishing. He was not the slightest bit inferior to the manor head of the Wind Cloud Villa. He was able to suppress the two puppets to the point that they could not move.

Finally, the Young Hall master found a flaw and forced the two puppets to retreat, launching a fatal blow at Su Yu.

“It’s a pity that your puppets can’t Save Your Life!”The Young Hall master smiled coldly.

The two puppets were unable to save Su Yu in time, and Huangfu Lieyang and the others didn’t have the ability to help. They saw that Su Yu was about to be killed by the three crowns.

However, Su Yu himself had a calm expression on his face. He didn’t even Dodge in the slightest. With a casual clench of his hand, four law chains appeared in his palm.

Purple, red, white, and jade four law chains intertwined together, forming an incomparably huge chain.

“Four law chains, you comprehended four laws at the same time and became a heaven and Earth Emperor?”The Young Hall master cried out in shock, a thought that even he couldn’t believe popped up in his mind: “Could it be that you are the one who broke through to heaven and Earth Emperor recently?”

The one who answered him was Su Yu. With a flick of her finger, the four-colored chain crashed over.

But with a muffled groan, the young hall master’s abdomen was pierced through by the chain and nailed to the ground.

Her attack was easily destroyed by the law chain.

The whole place was dead silent.

Su Yu didn't even move his feet from the beginning to the end, yet he easily suppressed the Little Hall Master of the Three Crowns Emperor?

What kind of strength was this?

Only at this moment did they realize that Su Yu's greatest reliance wasn't the two puppets, but himself.

The Little Hall master endured the pain, his eyes revealing deep shock. "Who exactly are you?"

Carrying six laws to attack the Emperor of Heaven and earth, and even succeeding. Such a character was definitely not as simple as a little creature in the cage of Taotie.

Su Yu's eyes were calm. "Now, let's discuss the conditions just now."

The Young Palace Master's face sank, he gritted his teeth and sternly berated, "I am the Young Palace Master of the vile-daughter palace, I will only follow the vile-daughter in my life. If you want me to become your slave, don't even think about it!"

Su Yu had spared her life because he wanted to take her for his own use because of her three crowns emperor's cultivation.

If the other party refused to comply, he would have no choice but to kill her.

Just like how she had chased Su Yu all the way to the dust civilization, leaving no way out.

"In that case, I'm very sorry." Su Yu flicked her wrist, and the nomological chains immediately attempted to kill the Young Hall Master.

However, at this moment, the ancient formation projection that had already disappeared reappeared without any warning.

A massive pitch-black vortex appeared in the center of the ancient formation.

A will that had crossed levels descended upon the sea of constellations.

"Something has indeed happened to all of you." The words were as calm as dust. They were empty and indifferent as they drifted over from the depths of the vortex.

They were clearly the most ordinary words, but when they landed in everyone's ears, it was as if the Great Dao of Heaven and earth was filled with a mysterious melody.

Huangfu Lieyang and the others immediately fell into a daze. They were actually immersed in that mysterious melody, unable to extricate themselves.

Su Yu's gaze also became dull. However, within his soul, the Soul Dao fragment flashed, and Su Yu regained his composure.

His heart was filled with extreme shock. He stared at the black vortex below and enunciated each word clearly, "Vile! Woman!"

That voice, that voice, that aura that was comparable to the laws of heaven, only the vile woman.

Could it be that she alone had activated the ancient formation and was about to descend into the sea of constellations?

On the other hand, the young hall master was overjoyed. "We respectfully welcome the vile daughter!"

The Black Vortex was completely silent. A moment later, the vile daughter's gentle voice rang out. "It won't be so easy to activate this ancient formation. I Won't be able to come out for the time being."

The Young Hall Master's face stiffened. Su Yu, on the other hand, heaved a sigh of relief. That was more like it.

His gaze turned cold, and without any hesitation, he killed the young hall master on the spot.

"Ah, Hall Master, save me..."the young hall master's voice came to an abrupt halt.

Following that, Su Yu flicked his finger and killed the purple crown prince on the spot.

After killing the two, Su Yu turned his gaze to the remaining single crown prince. Among them, there were people from the evil maiden hall, and there were also people who had swallowed the Holy Pill and turned into the evil maiden hall.

"Everyone, release your souls. I need to erase all the memories of the ancient array."

Huangfu Lieyang hesitated for a moment before he activated his soul. As Su Yu's soul entered, he erased all the memories related to the ancient array.

Under Su Yu's powerful intimidation, no one dared to disobey. All their memories were erased and they fainted on the spot.

With a wave of his sleeve, he stored all of them into the space of the Buddha beads. After confirming that no one knew the secrets of the ancient array, Su Yu exited the meteorite and flew away.

"Sigh, it's been so many years since we last met, but your killing intent is still as strong as ever."The Wicked Girl's sigh came from the black whirlpool.

Su Yu turned his head and said coldly, "In terms of killing, I'm not even a fraction of you."

How many people had the wicked girl killed? The entire nine dragons ancient divine realm had been destroyed by her alone, so the number of dead creatures was probably uncountable.

Hearing the words 'killing like a weed'from her mouth, Su Yu only felt a deep sense of irony.

"I only kill those who deserve to be killed. I'm different from you."

Su Yu scoffed. His double standard only made Su Yu feel even more disgusted.

"Whatever you say. You can stay in the Cage of Gluttony and Seal it forever!"Su Yu said indifferently.

Then, he quickly left the sea of constellations on the meteorite.

Although the evil daughter couldn't come out, based on his understanding of her, she must have other methods to communicate with him. It was better for him to leave as soon as possible.

"I'm afraid I have to disappoint you. I will return to the absolute beginning realm," said the evil woman indifferently. "Before that, I'll give you a gift."

Boom --

A ball of purple flesh shot out of the vortex and landed in the sea area of Jian Xuan.

The ball of purple flesh squirmed and turned into a human shape.

His features were as handsome as a fairy's. He was tall and his purple hair was dancing in the wind.

If Su Yu was still here, he would definitely be shocked.

This person was none other than Su Yu's body that had been taken away by the evil daughter!
