

## Nine-Dragon 1951

### Chapter 1951 The Five-Crowned Su Yu

Back then, when Su Yu was about to escape from the cage of Taotie, the evil daughter used her evil daughter Dao to bind Su Yu's body, preventing him from leaving.

At the critical moment, it was Xian 'er who begged Daoist master xuanming to leave a shadow that could contain Su Yu's soul.

Only then could Su Yu's soul hide in the shadow and escape from the Cage of Taotie.

However, Su Yu's body would forever remain inside.

Right now, the vile daughter herself was unable to break through, but she was able to project a living being over.

That was Su Yu's former body.

The long silvery-white hair that intersected with it had now become a deep purple color.

A pair of eyes slowly opened, revealing a faint evilness.

"Su Yu... Hehe, I am the real Su Yu!" The corners of Su Yu's mouth curled up, drawing an abnormal evil arc.

"Get rid of Su Yu, capture the Dao Master of heavenly book, and at the same time, inform the rest of the evil Lady Palace to continue to activate the ancient formation." The black vortex slowly disappeared, and the evil lady had already reached her limit.

The purple-haired Su Yu turned around and bowed, "Yes, my wife."

"After you replace the real Su Yu, it won't be too late to call me your wife!"

The purple-haired su yu smiled evilly, "Isn't the real Su Yu Me?"

While Laughing Evilly, he released an earth-shaking evil aura that was as strong as... the five-crowned emperor!

After that, the purple-haired Su Yu laughed and disappeared. The remaining aura swept up the entire Jian Xuan Sea area, making it seem like a tsunami

In front of an ancient formation in the cage of Taotie.

A snow-white giant dragon was lying cross-legged on the ancient formation.

On the head of the Giant Dragon, a wicked girl with a face covered in clouds was sitting cross-legged, staring at the formation that had stopped working, she sighed softly, "The man-made soul condensed from the dying thoughts of the people Su Yu has killed in his life is too evil. Could it be that all the people he has killed in his life are all evil people and he has never killed anyone?"

Even the wicked girl was surprised by the evil strength of the man-made soul.

The remnant thoughts of the man-made soul indicated the nature of his heart to a large extent when he was alive. Since the man-made soul was so evil, it could be seen that the people Su Yu had killed were not good people.

“However, since he is harboring a criminal from the Heavenly Dao Palace, he is a sinner and can not be forgiven.” The Evil Woman Dao master shook her head lightly, she denied the positive evaluation of Su Yu, “His original body is a body formed from laws and can be said to be immortal. Only with such a body can he break through the unopened ancient formation.”

“I hope he can successfully kill the sinner Su Yu!” The evil daughter said slowly. She gradually closed her eyes and sat in front of the ancient formation without moving.

It turned out that in the past ten years, the evil daughter not only found a strange soul for Su Yu’s body, but also used some powerful secret technique to share her cultivation with him.

Although it was only the tip of the iceberg, the purple-haired Su Yu’s cultivation was already at the level of the five crowns emperor.

Not only that, over the years, she had also modified Su Yu’s body.

This included Su Yu’s weapon -- the nine Indian Silver Bamboo Swords of the universe nine Yang Sword Formation!

Su Yu’s many divine arts, the path of the devil, the path of the divine, the path of Asura, and the path of the dragon had also been strengthened.

Combined with the cultivation of the five crowns, it was probably enough to sweep away all the experts below the path master.

Killing Su Yu was a piece of cake.

Most importantly, the purple-haired Su Yu’s soul was the remnant of the people Su Yu had killed. Their killing intent toward Su Yu was the strongest in the world.

Letting them chase after him was the most reassuring thing.

He believed that even if his soul was destroyed, the purple-haired Su Yu would still want to kill Su Yu.

Su Yu, who was unaware of this, took the goateed old man away. After that, he concealed his aura and left the sea of constellations.

Only when they were near the dust civilization did Su Yu put down the people he had saved.

“Young master Su, thank you for saving us.” The first to speak was the purple dream emperor, the former ruler of the Purple Splendor Pavilion.

She was the only female emperor among the three great rulers.

Su Yu waved his hand calmly. “It was nothing.”

“Now, let me undo the effects of the Holy Pill,” Su Yu said. Then, he opened his palm and shot out over a thousand fine spatial blades of varying sizes from his palm, drilling into their hair follicles.

Everyone felt a sharp pain. They looked inside and found that the effects of the Holy Pill had been wiped out by the spatial blades.

Not long after, Huangfu Lieyang, who had the strongest cultivation, was the first to recover his male identity.

His feminine palace attire, along with his male appearance and figure, was very abrupt.

Huangfu Lieyang’s old face turned red. He hurriedly circulated his mana and changed his clothes. Then, he was overjoyed.

The nightmare of ten years had finally been released!

The others recovered one after another. For a moment, they were all beaming with joy.

“Does everyone have any plans?” Su Yu asked.

The few overlords each had their own plans. Some planned to leave the vicinity and head to other civilizations to develop, while others wanted to roam the world.

The Purple Dream Emperor pondered for a moment, then sighed and said, “I once wanted to find a dao master who gave me good fortune, but I never had the courage to leave the sea of constellations. Now that I have nowhere else to go, I think I should muster up the courage to seek her out to repay her kindness.”

She had once been an extremely ordinary bamboo. She had listened to a dao master’s long-term lecture, and under his influence, she had evolved into a divine bamboo. From there, she gained sentience and became the current purple dream emperor.

The Purple Dream Emperor had always wanted to repay that Dao master, but she had never had the chance.

Now that she had nowhere to go, the Zen master would find that Dao Master.

Su Yu thought for a moment, then took out the two storage rings of the double crown emperor and said, “I have nothing else to give you. These resources might be useful to you.”

The purple dream emperor’s beautiful eyes suddenly lit up, and she wanted to decline politely. However, all these years, her storage ring had long been taken away by the Vile Maiden Palace, and all the resources inside had been used up. After a few moments of hesitation., she accepted shyly, “I owe you my life first, and then I owe you a huge favor. If we are fated to meet again in the future, I will definitely repay you generously!”

“You are too kind! Be careful on your way.”

After bidding farewell repeatedly, Emperor Purple Dream stepped onto a meteorite and entered the vast nothingness.

Not long after, the Overlords also bid farewell and each looked for their own lives.

“What About You?” Su Yu asked Huangfu Lieyang.

He smiled bitterly. "I would like to go back to the Taiji sect and take a look at what happened to the sect. For many years, there has been no reply to my message. However, the Taiji sect is too far away and requires at least ten star stones to teleport once. I only have one at the moment."

Su Yu was surprised. "You Have Star Stones?"

Huangfu Lieyang asked in surprise, "You Know About Star Stones?"

It seemed that Su Yu had experienced too much in the past ten years. He even knew about star stones.

"If you can give me the star stones, I might be able to help you find ten star stones," Su Yu said slowly.

"Ten Star Stones? Are you sure?"

Su Yu nodded. Not only was he sure, he had seen it with his own eyes.

"Okay, I'll give them to you! I'll also give you the star map!" Huangfu Lieyang had a lot of trust in Su Yu.

Su Yu held the star stone and the star map in his hands, and a difficult expression appeared on his face. He did have the two items, but how could he have an inter-civilization teleportation array?

"If it's an inter-civilization teleportation array, only two-star civilizations and above can have it."

The nearest two-star civilization should be the united joy civilization, which Su Yu had just conquered by Emperor Yu of the Great Yu dynasty.

"I know a place," Su Yu said. Then, he controlled the starstone and used the heavenly wings race's meteor control technique to fly through the void at high speed.

The senior and junior brothers and sisters who were rushing over suddenly sensed the change in the emperor's killing sword and changed direction to chase after it.

On the other hand, Yun Qianshuang's aunt and nephew rushed over in a hurry and finally arrived at the edge of the Sea of constellations.

In the end, they barely managed to enter, and a meteorite brushed past them.

Yun Qianshuang glanced sideways and immediately recognized that the person in front of her was Su Yu, even though he had a head full of purple hair.

"Wow! It's brother handsome, but he seems a little different," the young lady said in a daze.

Yun Qianshuang turned the meteorite around and sneered, "HMPH, you really are in the sea of constellations civilization. I'll Show You No Mercy!"

In the direction of the Joyous Union civilization, a meteorite sped away.

While controlling the meteorite, Su Yu was deep in thought.

Now that he had broken through to the sovereign of Heaven and earth, it was time for him to fulfill his promise and head to the apocalyptic disk to meet with the true dragon, the nine prefectures, the star domain, and the ancient God Domain.

With a thought, Su Yu appeared in front of an ancient bronze tree.

“Long time no see.” Su Yu’s eyes revealed traces of nostalgia. It had been many years since they last met, and the ancient bronze tree God had already broken through to the sovereign realm.

With a sweep of her soul, other than her, many familiar people had become powerful existences at the peak overlord level.

The True Dragon Continent’s great thunder.

The nine regions’ guardian God, the black qilin.

The East God Alliance’s Baotong God of Commerce, the sacred God.

The West God Alliance’s Tuoba God.

The Devil World’s Bi Wanqing, the first prince, the second princess.

The Lost Full Moon sect master, Emperor Taiqing, Yongye chuxue, and the others had all become experts at the Overlord level.

Many familiar faces also became overlords.

As far as the eye could see, the cave dwellings were like bright lights connecting together. It was a magnificent sight, far surpassing the combination of the eastern and western divine realms and the fallen divine realms.

However, the most obvious improvement was the Gutong Tree God. He had reached the peak of overlords and was only a step away from becoming a half-step emperor.

The Gudong Tree God shook and asked in an unfamiliar tone, “Who are you? I don’t even know you. Why are you trying to get close to me?”

Hearing the hidden bitterness in his words, Su Yu chuckled and took out a high-grade divine stone.

“What about now?” Su Yu shook the divine stone.

“Hahaha, so it’s Su Yu! Long time no see, long time no see!” The giant Gudong Tree God shook and transformed into a girl in a green dress. She looked very familiar, but her eyes were shining as she stared at the divine stone.

“That...” she rubbed her palms and said with a smile, “Can you tell me what this is? It seems to contain a very strong divine aura.”

Su Yu smiled and said, “It’s a divine stone. In the area where I’m currently at, it’s the common currency, which is money.”

“Money?” The tree God’s eyes shot out a light of shock like a hungry wolf. He pounced on her and shouted anxiously, “Quick! Give me money, I haven’t seen what money looks like in tens of thousands of years.”

With a Swish, the Divine Stone in Su Yu’s palm was snatched away by the tree God’s driver, who was pouncing on it with a vicious dog.

She held the divine stone tightly, as if she was afraid that it would run away. Her eyes flashed as she looked at it silently. “Baby, my dear baby, I missed you so much.”

Chapter 1952 Defying The Heavens And Changing Fate

Su Yu curled his lips. “How have you been?”

When the tree God heard this, he carefully put away the divine stone and then stretched out his small palm.

“What?”

“Give me a few storage spaces for those stones just now.”

Su Yu rolled his eyes. “Do you think they fell from the Sky? Where did they give you so many?”

“Tch! Stingy, isn’t it just a few broken stones?”

Su Yu was speechless. Those weren’t stones, they were divine stones, okay?

She continued to complain, “You haven’t come to see us for so many years. Do you know that I almost died of poverty? Do you know what it is like to die of poverty?”

Su Yu said in shame, “A lot of things happened in the middle and I never had time to come here. If you want to hear it, I’ll tell you now.”

“I don’t want to hear it!” The tree God crossed his arms in front of his chest and raised his neck. “However, if you really want to tell me, I can reluctantly listen to it.”

Su Yu smiled and told him everything that happened after the creatures were transferred to the Doomsday Board.

At first, the tree God didn’t think much of it, but as he listened and listened, he gradually became lost in thought. Su Yu couldn’t help but feel his heart clench when he heard the twists and turns and the ups and downs of the dangerous experience.

Especially being chased by the evil daughter, it made the tree God feel even more moved.

Hearing this, the tree God’s face was filled with gentleness, but he still couldn’t pull down his face. He muttered, “Only ghosts would believe your words!”

But the worry in his eyes couldn’t be concealed.

“Hehe, I can’t stay long on this trip. Before I leave, I’ll give you another gift,” Su Yu said.

The tree God rarely didn't have any reaction to the gift, "All these years, it's all thanks to you, constantly moving all kinds of top-grade resources into the world ending plate. The current prosperity of the world ending plate is already somewhat similar to the peak of the nine dragons ancient divine realm. The only thing lacking is time."

Su Yu smiled. "This gift isn't ordinary, especially one that will be of great benefit to you."

"Where's the Dark King?" Su Yu lightly shouted.

With a swoosh, the dark king appeared silently.

"Brother Lu, what is it?" The Dark King asked.

Su Yu asked, "Can the emperor's killing sword continuously release Dao Rain?"

He wanted to leave the emperor's killing sword in the world-destroying plate forever and continuously release Dao Rain.

This way, even the stupidest overlords would have the chance to condense laws and become the Emperor of Heaven and earth.

"Of course not! The amount of dao rain depends on how deep or shallow the Dao master's enlightenment is on this sword. This sword was baptized by a dao master from the Daoist Yellow Dao Hall back then. There was originally a lot of Dao Rain, but after it was lost, it released dao rain many times. Now, there is no end to it. It can at most withstand ten times the dao rain as you did before, right?"

Only ten times?

If it was used by one person, that would be enough. However, it was impossible for everyone to split it equally.

However, it was enough for the current overlords.

"Alright, I'll gather all the Overlords." With a thought, Su Yu teleported to the side of the overlords one by one.

Many of the overlords were still cultivating when they were captured by Su Yu. They were brought here with a blank expression.

An hour later, over a hundred overlords had gathered here.

"Let's begin." Su Yu said.

Dark King nodded and released the emperor's killing sword. Instantly, a large amount of dao rain fell.

"This is Dao Rain. It will allow you to condense your laws. If you don't know how to do so, you can first catch the Dao rain and store it in the inner mansion. You can use it in the future."

Upon hearing Su Yu's voice, everyone was moved. They sat cross-legged with respect and received the Dao Rain.

After an entire day, the dao rain gradually stopped.

The dao rain received the least amount of people. There were four to five hundred drops of Dao Rain, five times more than when Su Yu was in Emperor Yu's dynasty.

The Tree God received the most. It was as if he was robbing money, monopolizing more than a thousand drops of dao rain.

“Wahaha, I'll keep it. In the future, whoever wants to sell it to will get a small amount of money.” The tree God laughed. It was as if he could already see countless people kneeling and giving up their life savings, the scene of begging the tree God for a drop of Dao Rain.

However., su Yu interrupted him mercilessly, “You're thinking too much. Dao rain has a time limit. The longer it is stored, the lower the effect it contains. When a new overlord is born, I'm afraid that this dao rain will become ordinary water.”

The tree God's smile suddenly stopped, “Why didn't you say so earlier! Aha, let me die. It's best if you use that kind of stone called the god Stone to smash me to death. Let me die happily.”

“Dream On!” Su Yu said in a bad mood. He looked at dark king beside him and said, “If you have nothing else to do, can i trouble you to give them some guidance in their cultivation when you have time?”

Dark King nodded. “No problem. I am more and more interested in the faith your statue has condensed. It seems to be quite profound and worth my research.”

Su Yu was slightly happy. With the guidance of a four-crowned king, their cultivation would be smooth.

“Leaving so soon?” The tree god was stunned for a moment.

“Yes, I still need to hurry on my way to a place.”

The tree God wanted to say something but hesitated. In the end, it turned into a satisfied farewell. “Take care.”

As long as he still remembered them, it was fine. Time was just a symbol to them. Ten years was just a moment of seclusion.

“Okay.” Su Yu nodded with a smile and left the world-destroying disk.

A month later.

The Joyous Union civilization.

The civilization was in chaos. Ever since the divine lord of the Joyous Union was captured alive, the resistance of the joyous union civilization had been greatly reduced.

Su Yu took advantage of the chaos and quickly rushed into the joyous union temple.

He captured a core member of the Joyous Union civilization who was escaping and searched his soul. He immediately learned of the existence of the intercivilization teleportation array.

“Is it under the Temple?”

Without thinking, Su Yu and Huangfu Lieyang immediately rushed underground.

Deep underground, they indeed found the interplanetary teleportation array that was hidden.

Fortunately, Dongfang Xia was busy capturing the remnants of the Union civilization and was not interested in the interplanetary teleportation array for the time being.

“Open it!”Huangfu Lieyang said.

Su Yu waved his hand and turned to look behind him. “Since the two of you are following us, why don’t you come out and meet us?”

He vaguely sensed that there was an aura tracking them since they were about to arrive at the joyous union civilization, but it was very vague and uncertain.

They only confirmed it after they had followed Su Yu and Huangfu Lieyang to their feet.

Shua Shua --

Two figures appeared from the slanted ground.

Their six eyes met, and both parties immediately exclaimed in surprise.

“It’s You!”

“It’s You!”

Not only were the two surprised, Su Yu was also surprised.

The two of them were none other than Zhan Wushuang and Hanxuan!

He never thought that they would meet in such a way here.

“Su Yu!”Zhan wushuang and Hanxuan cried out in surprise. They were as surprised as they could be.

Then, they looked at Huangfu Lieyang who was beside Su Yu. When they sensed the aura of the double-crowned emperor that he released when he was on guard, their expressions became much more solemn.

Zhan wushuang looked at Su Yu with a hint of fear in his eyes. Not only was Su Yu pretending to be the sixth prince of Emperor Yu’s dynasty not discovered, but he even managed to escape successfully.

It was truly a stroke of luck!

Moreover, the person accompanying him was already a double-crowned emperor. Did this mean that his strength had already reached the level of a double-crowned emperor?

Of course, Zhan Wushuang was not interested in a mere double-crowned emperor.

With his current battle strength, he could completely compare to a double crowns. If he could find the emperor’s killing sword, even a triple crowns wouldn’t be a problem.

“It seems like brother Su’s fortune is profound. Even in the absolute beginning realm, you’re doing well. You always have a great figure by your side.”Zhan wushuang recovered his composure after a short moment of surprise and said as if he was implying something.

When facing Su Yu, he no longer had any fear.

The Cage of Taotie in the past was too small. It couldn’t reveal Zhan Wushuang’s true potential. Now, the absolute beginning realm was the time for him to shine.

He had the emperor’s four-piece set. The former Su Yu no longer had the qualifications to compete with him.

Huangfu Lieyang raised his eyebrows when he heard that.

Big Shot? was he referring to me?

In front of Su Yu who killed the three-crowned emperor so easily, Huangfu Lieyang didn’t dare to call himself a big shot.

In the past, he might have been considered a big shot, but now, he could only be considered a small shot.

However, Su Yu did not explain, so why should he say anything?

Su Yu did not mind his words. It was always gratifying to meet an old friend in a foreign land. He stepped forward and smiled, “Zhan Wushuang? To be able to meet you here can be considered a great fate!”

“There’s still me!”Hanxuan blinked her beautiful eyes and said lightly.

A pair of naturally dazed eyes looked straight at Su Yu. There was an indescribable joy in her eyes.

“And Zi... Miss Hanxuan.”Su Yu smiled at her.

Hanxuan’s expression stiffened slightly. was the person who used to call her Zi Xuan Now Hanxuan?

After so many years of not seeing each other, they were still unfamiliar.

“Hello, junior brother Su.”Her smile faded a little, and the joy in her heart receded like a tide.

After so many years of seeing each other again, Hanxuan suddenly felt relaxed.

It was as if her long-cherished wish had finally come true.

More than once, she had hoped to see Su Yu again without doing anything. She just wanted to see with her own eyes if he was well, if he hated her for joining the Voidwalker mother’s side and becoming his enemy.

Now that they had met, Su Yu was very well, and he no longer cared about the past.

She no longer had any regrets.

Su Yu nodded. He was in a hurry to leave and did not have the time to chat with him. He said, "I will use the inter-civilization teleportation formation. Where are you heading to? If It's on the way, I will take you there."

Zhan wushuang had just remembered his purpose, so he immediately sensed it.

He had followed his senses here and guessed that the emperor's killing sword must have fallen into the hands of this double-crowned emperor.

However, when he sensed it, Zhan Wushuang was shocked. That Aura was actually on Su Yu's body.

Su Yu saw that he was staring at him with a strange expression and could not help but ask, "Brother Wushuang, look at me. Do you have something to say? Feel free to say it."

Zhan wushuang stared at Su Yu for a long time and still said in disbelief, "Dare I ask brother Su, the emperor's killing sword... was taken away by you?"

It? Su Yu suddenly remembered that the so-called Emperor's four-piece set was prepared for Zhan wushuang, the heavenly emperor.

While he was shocked, he remembered the one he saw at the wind and cloud villa. Since he knew where the scabbard was, he could also talk about Gu Xing, who could find out the location of the emperor's killing sword.

Now that he thought about it carefully, that Gu Xing was probably Zhan wushuang. He could not help but be surprised, "He really is the heavenly emperor. If I hadn't stopped him, the emperor's killing sword would have fallen into his hands."

After thinking for a while, Su Yu did not deny it, "I took it away."

Zhan wushuang took a deep breath and suddenly said, "Then, the Moon Worship sect leader is also you?"

"It's me!" Su Yu also did not deny it.

Zhan Wushuang was stunned for a long time. After a while, his heart was filled with bitterness.

No wonder, no wonder he felt that the moon worship sect leader was troublesome, comparable to Su Yu. It turned out that they were the same person.

In total, he had already snatched the emperor's killing sword that belonged to him twice. It could be said that he had defied fate.

But what was the Supreme Dao that Su Yu cultivated? It was the Supreme Dao of defying fate!

Defied Fate, defied fate, defied all injustice in the world.

Other than him, who else could defy fate?

Chapter 1953 Two Swords Slashing At Each Other

Zhan wushuang felt powerless. No matter when or where, Su Yu could always display an absolute advantage over him.

Even in the vast absolute beginning world, it was the same.

It was laughable that he had looked down on Su Yu just now. But in the end? It turned out that Su Yu was many steps ahead of him.

The most ironic thing was that the emperor's killing sword that should have belonged to him had fallen into Su Yu's possession!

How could he ask for it now?

"Junior brother Su Yu, are you that detestable... Oh, the moon worship sect leader who is extremely smart?" Hanxuan was extremely surprised.

Su Yu found it funny and nodded. "It's indeed me. Do you have any advice?"

"And you also took the emperor's killing sword?" Hanxuan asked.

Su Yu also nodded. After pondering for a moment, he said, "You came here to chase after the emperor's killing sword?"

"Yes!" Hanxuan said frankly without waiting for Zhan Wushuang to stop her.

Su Yu summoned dark king and said, "The emperor's killing sword is back in its sheath. has that secret appeared?"

The secret of the Emperor's killing sword was hidden at the moment when the sheath became one with the sword.

The secret was recorded as soon as he obtained the emperor's killing sword.

Dark King nodded. With a flick of his finger, a wave of memory entered the space between Su Yu's eyebrows.

Su Yu wrapped it with his soul and did not open it for the time being.

He believed that the secret must be very shocking and he did not have the time to deal with it. "Then, Dark King, please hold the emperor's killing sword."

Dark King did not understand what he meant. A crack appeared on the top of his head and the ferocious Emperor's killing sword flew out. It was held tightly in his hand.

Su Yu took out the royal longzun sword and said, "Hold it firmly!"

He used all his strength and used the royal longzun sword to slash at the king's killing sword.

A strong storm centered on the exchange of the two swords swept out in all directions.

The entire ground could not help but tremble, and a large amount of rocks fell as if it was going to collapse.

Zhan wushuang screamed, "How can you treat the king's killing sword like this?"

He was heartbroken. That was the legendary Emperor's killing sword. Su Yu took it and took it away. However, the two swords slashed at each other, making him, who was an outsider, angry.

When the strong vibration stopped, he looked at the two swords again and found that they were not injured at all.

However, the surface of the Royal Longzun sword was calm. On the other hand, the emperor's killing sword was much weaker. Its usual murderous aura was completely restrained.

It was easy to see who was stronger and who was weaker.

"Here!" Su Yu casually threw the emperor killing sword to Zhan Wushuang as if he was throwing away a useless piece of junk.

Firstly, the Emperor killing sword was no longer usable and its secrets had been discovered. It was useless to keep it.

Secondly, he could not control the emperor killing sword at all. He could control it as soon as he touched it.

Rather than that, he might as well give it back to Zhan wushuang.

If he wanted to collect the emperor's four-piece set, then he would fulfill his wish. After all, Su Yu did not want a sword that was inferior to the Royal Longzun Sword.

Hanxuan's eyes lit up and she said happily, "Thank you, junior brother Su Yu. You are so generous."

Zhan Wushuang was the only one who was not happy. He did not take the sword personally, but it was given to him by someone who he did not want to admit defeat.

How could he be happy?

However, he still thanked him on the surface, "I will repay you for today."

"Alright, I have no use for this sword. Since brother Wushuang is useful, there is no harm in giving it to you." Su Yu said, "We will talk about it later. Let's leave this place now."

Zhan wushuang shook his head slightly, "Sorry, we have other places to go, so we can't go with you for the time being."

"Okay, then we'll meet again." Su Yu cupped his fists and said goodbye.

The short encounter caused Su Yu's mood to fluctuate slightly.

However, after he had completely crystallized the dragon of fate, he had a stronger sense of fate.

His intuition told him that there was a very strong danger looming, so it was better to leave as soon as possible.

Therefore, he left this place directly with Huangfu Lieyang.

Zhan wushuang left the temple with an expressionless face. Hanxuan followed behind him and said, "Senior brother, why don't you go with Su Yu? We have already used up all our star stones."

Zhan wushuang stopped in his tracks and gripped the emperor's killing sword tightly in his hand. "One sword is enough to make me unable to raise my head. Do you want me to continue to be unable to raise my head?"

“Senior brother, this is your fault. Junior brother Su Yu was kind enough to give you the emperor’s killing sword. Why do you sound like you have a complaint?” Hanxuan said unhappily.

Zhan Wushuang was bitter. How could he not have a complaint?

The emperor’s killing sword that belonged to him had all of its dao rain taken away by Su Yu and its spirituality had been damaged.

Perhaps this was not important. What was important was that everything had happened in front of Hanxuan.

It had happened in front of the person he did not want to happen the most.

“It’s senior brother’s fault,” Zhan Wushuang said indifferently. There was an inexplicable sense of competition in his heart.

Was he, Zhan Wushuang, destined to be Su Yu’s stepping stone?

No!

He was a natural-born emperor, in the Cage of Taotie, and also in the absolute beginning world.

After obtaining the Emperor set and becoming a supreme emperor, could Su Yu compare to him?

After pausing for a moment, the two rode the meteorite and entered the vast void, looking for the next emperor set.

A few days later, a purple light fell from the temple and landed directly under the temple.

The purple-haired Su Yu appeared and looked at the teleportation array that had been silent for a long time. He said, “You left quite quickly!”

Facing the array, he said without turning his head, “The two of you have been following me for a long time. It’s time for you to show up, right?”

Shua --

Yun Qianshuang and the young girl flashed out.

“Kid, you ran quite fast.” Yun Qianshuang snorted. “Hand over the Dao master jade bone and I’ll let you go. Otherwise, HMPH!”

The young girl looked at Su Yu strangely, as if she was thinking about something.

“Oh? There are two beautiful women. One is still charming, and the other is in her prime. Not Bad, not bad!” The purple-haired Su Yu’s eyes lit up, he revealed an evil smile. “I don’t know what Dao Master Jade Bone is, but if you are willing to accompany me for a night, I can give you two pieces.”

“Bah! Good Kid, I didn’t expect you to be such a dirty person.” Yun Qianshuang was extremely disappointed. She never thought that Su Yu, who usually looked decent, would actually be such a beast in clothes.

“A beauty’s anger is more interesting.”The purple-haired Su Yu smiled evilly as he sized up the two women’s graceful figures. His eyes did not conceal his greed and dirty thoughts.

“You’re looking for a beating!”Yun Qianshuang suddenly burst out with the aura of a four-crowned emperor. She said angrily, “Those who humiliate me and my niece, die!”

However, the purple-haired Su Yu did not move at all. Instead, he smiled evilly. “Oh? Comparing auras? I know how to do that too!”

Boom --

In an instant, the suffocating aura of a five-crowned emperor was like a tidal wave that suppressed Yun Qianshuang’s aura.

Yun Qianshuang cried out in shock. “You... how did you get the cultivation of a five-crowned emperor?”

The purple-haired su yu laughed evilly, “I’ll tell you in Bed Tonight!”

Shua --

He disappeared into thin air.

Yun Qianshuang was shocked and crushed an exquisite hairpin without thinking.

Immediately, a powerful aura circulated and wrapped around the two of them, then disappeared without a trace.

The purple-haired Su Yu wiped the tip of his nose with his index finger and laughed strangely, “Two beauties, you both have heavenly beauty and you know my good-for-nothing real self. It will take a bit of effort to escape from me, right?”

After saying that, he burst into laughter and disappeared.

At the same time.

Dark Star civilization, above the moon worship sect’s altar.

Su Yu and Huangfu Lieyang appeared.

“What is this place?”The surroundings were pitch black and gloomy, which made Huangfu Lieyang unable to adapt to it.

“Dark star civilization,”Su Yu said casually.

“Ah! That ancient four-star civilization, dark star civilization?”Huangfu Lieyang knew this place, “The dark star civilization is the oldest four-star civilization in the territory of the Taiji sect. It was almost qualified to be a five-star civilization. Thankfully, the king of the Dark Moon clan died young and didn’t succeed.”

“By the way, why did you bring me here?”Huangfu Lieyang was confused.

“Although the dark star civilization is under the jurisdiction of the Taiji sect, it has never been obedient due to its seniority. It has always been hostile to the Taiji sect. The environment here is quite dangerous. The people of the Taiji sect are not willing to come to this dangerous place.”

Was it dangerous? Sort of.

“The ten star stones that I know of are in the dark star civilization.”

Huangfu Lieyang’s expression was solemn. “That’s troublesome. I heard from the seniors in the sect that the dark star civilization is fraught with danger and its forces are in chaos. There are nine major forces in the dark star civilization. If we accidentally offend one of them, we’ll have to leave it to fate if we want to leave this place alive.”

He had a very deep and bad impression of the dark star civilization. It was normal for him to be worried when he suddenly came to this place.

“Let’s find someone to search our souls and confirm our location first. We’re new to the dark star civilization. We have to be careful and start from scratch.”

Su Yu shook his head lightly. “There’s no need for that for now. Someone has already discovered us.”

Shua Shua Shua Shua --

Six black-robed figures flew over and surrounded the two of them.

“Who are you? How dare you trespass into the headquarters of the Moon Worship Sect, one of the ten great factions? Do you not want to live anymore?”The leader, protector Bai Li, shouted.

Huangfu Lieyang’s heart was in his throat. What he was afraid of really came true.

Their luck was so bad that they directly appeared in the Holy Land of one of the ten great factions?

Huangfu Lieyang had the urge to curse.

“Everyone, don’t misunderstand. We just used star stones and happened to come here. We have no ill intentions. Please do us a favor and we will leave immediately,”Huangfu Lieyang said nicely.

Protector bai li sneered, “Ridiculous! The moon worship sect is so easy for you to come and leave? Take them all down and torture their origins.”

Huangfu Lieyang couldn’t stop complaining. He lowered his voice and asked, “How strong is the leader of the Moon Worship Sect?”

Su Yu thought for a moment. Wasn’t the leader of the Moon Worship sect himself?

“About the same as me,”Su Yu said casually.

Huangfu Lieyang’s heart sank to the bottom. He might be able to fight with the leader of the forces here, but this was the enemy’s lair. He was afraid that the odds were against him.

He suddenly felt powerless. It was not easy to escape the Wolf's den of the evil maiden palace, and now he was sent to the Tiger's mouth. It was truly a difficult life!

Xiu Xiu Xiu Xiu --

A few protectors joined forces to attack, and Huangfu Lieyang had no choice but to prepare for a decisive battle.

However, at this moment, what surprised Huangfu Lieyang was that Su Yu suddenly said, "Protector Bai Li's performance was not bad. You are rewarded with one-third of the power of faith in the Spirit Pool."

Huangfu Lieyang was stunned. What the hell was Su Yu doing? He was already here, yet he was still mumbling.

Chapter 1954 Establishing A Force

However, what made Huangfu Lieyang petrify was that protector Bai Li and the other protectors were all looking at Su Yu suspiciously.

"You don't recognize me after leaving for less than a few months?" He casually took out a token. It was the moon worship cult master's token.

Protector Bai Li turned pale with fright. "Cult master's token? You... you killed the cult master?"

Su Yu didn't mind. "I guess so. But that was a few years ago. I've been your cult master for several years now."

Several years? Protector Bai Li and the others were shocked on the spot.

Could it be that the moon worship cult master had already died in the past few years?

They had long felt that ever since the moon worship cult master returned from Emperor Yu's dynasty, he seemed to have changed into a different person. However, they didn't dare to say much.

Who would have thought that he would really change into someone else.

"Alright, let's cut the crap. Follow me to the altar. If you don't want the Dark King to know that I've returned, then follow me."

Protector Bai Li and the others were quick-witted.

They had already found out the inside story of what had happened in the Cang Sheng Chess.

To be precise, they didn't even need to find out. Countless experts from various sects had come to the moon worship cult to seek confirmation, causing them to suffer unspeakably.

The first to arrive was the Dark King's true body. He was like a beast as he carried out a merciless soul search on the six protectors.

After that, it was the Hua Hun from the exquisite fragrance workshop and the Cold Cloud Abbey Dean from the heartless Daoist Temple. They all came knocking on their doors to ask about the moon worship sect's sect master.

It was only from their mouths that the six protectors found out that their sect master was actually a fake.

Similarly, the Master of Azure Nether Mansion and Master Bao Kun of the Dustless Moon sect were also fake!

This news could be said to have overturned their worldview.

Following that, more insider information about the game of the universal chess came one after another.

The fake moon worship cult master had won the game of the Universal Chess, angered the dark king, and offended many factions of the entire dark star civilization.

The Star Alliance Chamber of Commerce was the one who had offended them the most. They wanted nothing more than to Skin Su Yu alive. The entire Star Alliance Chamber of Commerce had mobilized their forces to search for any information about the fake moon worship cult master. Their stance was like an enraged dog.

It was said that even the higher-level Star Alliance Chamber of Commerce had been alarmed.

The reason why the Moon worship sect was still able to stand up despite losing the moon worship sect leader was because of the Battle of the common people. The ten great forces had almost completely shuffled their cards, and the entire world was in chaos, no one cared about the fat meat of the moon worship sect.

Of the ten great forces, three were the empty forces whose leaders had been impersonated. The sect leader of the Sword Sealing Pavilion, the sect leader of the star Gallop sect, and Emperor Yu of the Heavenly Palace had all died. The sect leader of the number one force in the world, Cloud Mist villa, Yun Qianshuang, had left her sect without a trace, only Hua Hun, Leng Yun, and the wind cloud villa were left.

The dark star civilization could be said to be in chaos. Who would care about the moon worship sect?

However, such a scene would not last for long. It was believed that there would be other forces replacing the fallen large forces in the near future. In the end, it would be a situation where multiple forces would be in power again.

At this moment, Su Yu's words struck a chord in their hearts.

The Dark King had personally searched their souls to confirm that they did not know the true identity of the fake moon worship sect master.

If the moon worship sect master knew that the fake moon worship sect master had returned, what would he do to the Moon worship sect?

It could not be more reasonable to destroy the sect in a fit of rage, right?

They also wanted to capture the fake moon worship sect master and hand him over to the Dark King for punishment.

However, when they thought about how terrifying the fake moon worship sect master was and how he was secretly in charge of the three major forces, they felt a chill in their hearts, and they did not have the slightest intention of resisting.

They obediently returned to the sacred hall and closed the door. Su Yu did not need to listen to them to guess the current state of the dark star civilization, he said, "If you want to leave, leave now. I Won't Stop You. However, if you leave, don't ever come back."

Protector Bai Li and the others did not say a word. What a joke. Who would have thought that he was telling the truth.

"Very good. I am very pleased. You are all loyal to the moon worship sect." Su Yu smiled with great satisfaction.

Protector Bai Li and the others revealed stiff smiles.

"Then, I can lead all of you to attack the sacred mountain without worry and get rid of the fake dark king!"

What caught protector Bai Li and the others off guard was Su Yu's next shocking decision.

What? Get Rid of the fake dark king?

Who was the fake dark king?

Although Hua Hun and Leng Yun had testified on the spot, they were given ten thousand guts. Would they dare to expose the fact that the Dark King was a fake?

Protector Bai Li and the others were scared to death. They hurriedly said, "Cult master, you can't do that. How can you be disrespectful to cult master?"

Su Yu's face turned cold. "HMPH! Were you unwilling to leave the Moon Worship sect just now? Since you've expressed your loyalty, and now you're half-hearted, could it be that you think that I'm soft-hearted and easy to bully?"

Protector Bai Li and the others felt a chill in their hearts. After hearing Su Yu's score in the game of chess, how could they believe that Su Yu was such a person?

For a moment, they all shivered.

This was a ruthless person of a generation who dared to kill the leader of the five crowns of the Star Alliance's Chamber of Commerce!

"We don't Dare!" Protector Bai Li and the others said.

"En, since this is your first offense, I'll spare you once. If you dare to do this again, HMPH!" Su Yu said coldly.

Protector Bai Li cried out bitterly in his heart. He mustered up his courage and said, "May I ask, sect leader, how should we get rid of the fake dark king?"

"Do you even need to ask? Of course, we need to gather all the righteous people in the world to get rid of the fake dark king and eliminate the dark star civilization," Su Yu said righteously.

"You will also be eliminated, right?" Protector Bai Li rubbed his nose.

The fake moon worship sect leader had called on the righteous people to get rid of the fake dark king. Why did it sound like an opera?

“Ahem, sect leader, please enlighten us.”

“You guys are so...” Su Yu told them about the plan one by one.

After going through so many twists and turns, Su Yu had long understood that a person’s strength was relatively insignificant.

He should build his own strength so that he could break through the pinnacle of martial arts at the fastest speed and build a strong backing, becoming an existence that no one dared to bully!

Force!

Build a force that belonged solely to Su Yu himself!

The Dark Star civilization was the best choice.

As for the warning from the sacred prime heart, Su Yu knew that he should not get too close to the Moon Worship sect leader.

After establishing his own force, he would sever all ties with the path of faith.

“Meeting adjourned. Go back to your work!” Su Yu waved his hand. “In addition, summon the sect leader’s wife and Ba Yue to meet with you.”

The group of protectors retreated.

“You... You... you impersonated the moon worship sect leader and controlled one of the ten great forces, the Moon Worship Sect?” Huangfu Lieyang, who was listening from the side, was terrified.

On second thought, Su Yu had the strength to kill the three crowned emperors, so it was not impossible for him to control the moon worship sect.

However, he did not know that when Su Yu controlled it, he was not even the most powerful emperor.

Su Yu looked at him and said thoughtfully, “Brother Huangfu, do you know about the heavenly star nine yin and nine Yang Great Formation?”

“Where did you hear about this formation?” Huangfu Lieyang asked in surprise.

Su Yu then told him what he had seen and heard in the windcloud Villa.

Huangfu Lieyang’s eyes were filled with shock. “That’s impossible. The Heavenly Star Nine Yin Nine Yang Formation is not passed down by anyone other than the sect master of the Taiji sect. Other than the sect master and the inheritor, no one else knows about it. The first generation of the windcloud Villa’s manor master is actually proficient in the heavenly star nine Yin Nine Yang Formation?”

Su Yu said, “That’s indeed the case. Just Talk to me about the Heavenly Star Nine Yin Nine Yang Formation.”

After being shocked for a long time, Huangfu Lieyang finally calmed down and told Su Yu the details of the formation that he didn't know much about.

He was from the Taiji sect, so his understanding of this formation far surpassed that of the Dark King.

After hearing this, Su Yu's eyes shone with a bright light.

At this moment, princess ru Chen and Ba Yue entered, followed closely by the death soul worm behind them.

Compared to the first time they met, the appearance of the death soul worm was slightly more mature, and it seemed to be developing towards a youth.

It seemed that Ba Yue's insect breeding scripture was effective, allowing the death soul worm to mature.

Su Yu nodded in satisfaction. Then, he waved his hand and summoned the clan leader of the White Sun clan.

When the father and daughter met, they immediately hugged and cried.

"You father and daughter should have a good chat." Su Yu smiled.

The two knew that Su Yu had something to say, so they left the sacred hall voluntarily.

When they were the only ones left, Su Yu stared at Princess Ru Chen and said indifferently, "Who am I talking to now?"

"Humph! Didn't you already see it? Why ask when you already know?" With such a tone, it was naturally Princess Ling long.

Su Yu said indifferently, "It seems that the strength of your soul is far beyond my imagination. After a few months, you actually recovered a little."

"Isn't It All thanks to You?" Princess Ling Long was not in a good mood. She said, "Tell me, what do you want to do now that you're not afraid of Death?"

"To help you get rid of your archenemy, the ice hornless worm!"

Princess Ling long immediately became serious and her eyes revealed suspicion. "You have the confidence to deal with him? I don't believe it?"

Su Yu said, "Believe me, there's a way. The prerequisite is that you have to tell me the many weaknesses of the ice hornless worm."

Princess Ling Long's eyes flashed. "Actually, if you give me the Royal Longzun Sword, I believe I can kill him with one strike."

With her Dragon Emperor bloodline, Su Yu did not doubt that the Royal Longzun sword could unleash the terrifying power to kill a four-crowned emperor.

"But, you can also kill me with one strike, right?" Su Yu asked indifferently.

The corners of Princess Ling Long's lips twitched. She did not deny it.

“Alright, if you want to die, I’ll tell you some of its weaknesses.”

“Not only its weaknesses, but also its habits, divine arts, and so on. Try to be as detailed as possible.”

The group of people talked for a long time in the sacred hall until Princess Linglong’s soul took the initiative to withdraw its consciousness and princess ru Chen took over.

“Dead soul worm, How’s your cultivation?” Su Yu smiled faintly and looked at the dead soul worm that was listening silently.

The dead soul bug said proudly, “Three crowns emperor level cultivation.”

However, when he met Su Yu’s gaze, the dead soul bug lowered its head again. He had a feeling that he was still a bug that could be easily crushed in front of Su Yu.

“How’s Your Strength?” Such a talented spirit bug could not be measured by cultivation.

“Probably late-stage three crowns emperor level.”

As expected, his strength was on par with nameless Lu.

“Alright, you can participate in the annihilation of the fake dark king. If you contribute, I will give you more resources to cultivate.”

The Death Soul Worm licked its lips. From the initial forced cultivation to the shocking effects of cultivation, the death soul worm was already madly immersed in it.

However, the amount of resources consumed was enormous. During the period when Su Yu wasn’t around, the cultivation had come to a halt. He could be said to be anxious to the point of burning his internal organs. He was even more terrified than protector Bai Li and the others.

Now that he had received Su Yu’s promise, a fierce light immediately flashed. “Hehe, I will definitely satisfy Master!”

“Alright!” Su Yu nodded. “Everyone, prepare according to the instructions. I am going to a place!”

Chapter 1955 The Hidden Secrets Of The Formation Stones

One month later.

The wind cloud villa was as quiet as ever. The huge meteorite was floating in the sky alone.

In the villa, in front of the pool, Sima Biyun leaned against the tree vines without any thoughts. She stared at the carefree fish swimming in the water and was lost in thought.

As a result, she didn’t even notice that a figure had appeared beside her.

It was only when the figure walked behind her and the shadow of a blade appeared in the water that Sima Biyun was startled awake. She turned around abruptly and said in shock, “Moon Worship Sect Master? No, I should call you su Yu!”

Su Yu smiled slightly and placed his hands behind his back. He didn’t hide his true appearance.

“You actually dared to come back!” A deep shock and joy appeared on Sima Biyun’s beautiful face.

Su Yu smiled, “How can I leave before I’ve accomplished my mission?”

Sima Biyun’s eyes revealed a hint of suspicion. She stepped back warily and said, “Since you’ve already successfully left the dark star civilization, why did you come back?”

He could have used other methods to find the ten star stones.

“Naturally, it’s because it’s easier to obtain the star stones from you!” Su Yu smiled mysteriously. He stretched out his palm and a snow-white stone covered in cracks appeared in his palm.

With just a glance, Sima Bi Yun’s pupils shrank. “You... you found it!”

The excitement on her face was hard to hide.

She couldn’t help but grab it with her hand, wanting to grab it over.

Su Yu casually retracted her palm and avoided her grasp. She said indifferently, “Miss Sima seems to have forgotten our promise.”

The promise was that Su Yu would help her find the array stones while she would give the ten star stones to Su Yu.

Sima Biyun’s eyes sparkled as she said, “It’s not that I can’t give you the star stones, but can you wait for a while?”

“How long?” Su Yu asked calmly.

“At least after dark king dies!” Sima Biyun said.

Su Yu flipped his palm and kept the array stones. A cold expression appeared on his face as he said, “There’s no need for that. I don’t like to deal with people who don’t keep their promises. Goodbye!”

The spatial energy around him fluctuated. Su Yu actually gave up on the trade just because of a disagreement.

Sima Biyun looked anxious and hurriedly said, “Wait! I’ll give it to you!”

“That’s more like it!” Su Yu stopped and waited for the other party to take out ten star stones before he took out the array stone again.

The two of them exchanged fairly.

Sima Biyun held the huge array stone in his hand and couldn’t help but laugh at the sky. “The heavens don’t disappoint those who have a heart. I’ve finally found the array stone!”

Su Yu nodded indifferently. “If that’s the case, then I’ll take my leave.”

“Wait!” Sima Biyun suddenly called out to Su Yu.

“What’s the matter?”

Sima Biyun's face was filled with a hint of mockery. "I want to know, how did you fall for the same woman twice?"

Su Yu's expression darkened. "What do you mean?"

"Hehe..." Sima Biyun chuckled. Nameless Lu silently appeared behind her and released his cultivation of the late stage of the three crowns.

Su Yu's eyes flashed coldly. "You want to break your promise?"

"No!" Sima Biyun said calmly, "I didn't break my promise. It's just that those ten star stones are actually very useful to me. They are related to my entire plan, so I can't give them to you for now."

As soon as he finished speaking, nameless Lu attacked with his triple crown realm cultivation.

Su Yu stretched out his hand and beckoned. Two White Emperor puppets moved to stop him.

"Hehe, Su Yu, I have to say, you're not as smart as you think you are. Do you really think that I only have one trump card, nameless Lu?" Sima Biyun clapped her hands, and with a few swooshing sounds, two human beings flew out of the wind cloud villa, two human beings flew out.

Their cultivation levels were shockingly at the level of three crowns.

In the dark star civilization, there was only one place that could have three crowns.

The Star Alliance Chamber of Commerce!

"Miss Sima's predictions are as good as God's. It's really as you said. If the fake moon worship sect leader returns, he will definitely look for you." A goateed elder with a pea-sized mole on the corner of his lips stroked his beard and smiled.

Su Yu was surprised. Sima Biyun had actually taken advantage of this period of time to ally with the Star Alliance Chamber of Commerce?

No!

In just a few short months, how could Sima Biyun and the Star Alliance Chamber of Commerce Trust each other?

One had to know that the array stone in Sima Biyun's hand was a secret treasure that could not be leaked.

However, she really did mind that the members of the Star Alliance Chamber of Commerce were present.

The corners of Sima Biyun's mouth curled up, forming a smile that was not a smile. "Oh? You've thought it through? Actually, I've been a member of the Star Alliance Chamber of Commerce since a long time ago!"

Su Yu was shocked but felt that it was within reason.

How could a young lady from the Sima family who had lost her power and had no one to rely on be able to re-enter the wind cloud villa and gain the favor of Nameless Lu.

There had to be a force supporting her.

It was just that the Star Alliance Chamber of Commerce could not show their faces, so Sima Bi Yun used Su Yu's hands to successfully subdue nameless Lu and secretly control him.

After receiving this news, Su Yu was really quite shocked. "So, you didn't plan to give me the star stone from the start?"

"What do you think?" Sima Bi Yun smiled faintly and stepped back. She held the array stone in her hand and said, "I'll leave Su Yu to you guys."

The two experts from the Star Alliance's Chamber of Commerce made their move decisively.

Without the protection of the puppets, Su Yu fought against the two three crowns by himself.

"Hehe, in the game of chess, the combat strength you displayed was less than a thousand. It was all thanks to those props that you were able to get first place. You Don't have to struggle fearlessly." They said coldly, "The higher-level Star Alliance's Chamber of Commerce has already issued an arrest warrant. As long as they can kill you, they will be able to head to the five-star Star Civilization's Chamber of Commerce's branch to develop. So, do you know what will happen to you now?"

Su Yu decisively activated the spatial law and retreated. However, he barely managed to activate it and they used the law to interrupt the spatial teleportation, causing him to fall out in a sorry state.

His face flashed with uncertainty. He gritted his teeth and shouted, "Hold on, I'll die. But Sima Bi Yun, can you tell me something before I Die?"

Sima bi yun smiled elegantly, "I'm very willing to give alms to those who are about to die. Speak."

"Actually, you have never thought of avenging your father and grandfather, right?" Su Yu asked.

Sima Bi Yun sneered and asked, "What do you think?"

She calmly lifted the array stone and said with pity, "I think you have your own motives for finding me. You hope that I can use the nine yin and nine yang array of the heavenly star to help you get rid of the fake dark king who is your mortal enemy, right?"

Su Yu did not deny it.

She continued, "What a pity. I might have to disappoint you! "Rather than using the array stone for revenge, it's better to use it for something more useful. You Don't understand. Compared to the heavenly star nine yin and nine Yang Array, this array stone is thousands of times more precious!"

"You've been fooled from the start. I don't want to use any array. My goal has always been this array stone."

Hearing this, Su Yu completely understood.

He had long felt that Sima Bi Yun couldn't be trusted. However, he had never thought that the reason she couldn't be trusted wasn't because of the array, but because of the array stone itself.

What exactly was this array stone? If it wasn't used to activate the array, could it have other unknown uses?

Chapter 1956 Prepare For A Rainy Day

"Alright, the questions are all answered. I wish you good luck." Sima Biyun chuckled.

However, Su Yu also smiled. "Thank you for informing me."

Sima Biyun's eyes revealed a trace of doubt. She then said in a serious tone, "Be careful of this person!"

After interacting with him, Sima Biyun was still very wary of him.

She had just reminded the people from the Star Alliance's Chamber of Commerce when, out of the blue, a cloud of pink mist appeared in front of her without any warning. A huge hoof stepped out from the mist and fiercely imprinted itself on Sima Biyun's face.

"Stinky Woman!" With a soft snort, the little qilin appeared from the Pink Mist. It grabbed the array stone in her hand and ran back into Su Yu's embrace in a flash.

"Catch it!" Sima Biyun's expression changed.

Su Yu smiled mysteriously. "Miss Sima, I wish you good luck."

Following that, the spatial law swept up and swept him and the little qilin away in an instant.

The spatial law was so powerful that it far surpassed what had happened just now. It was so powerful that even the two three crowns were unable to stop it in time.

"He hid his strength! Damn it!" The three of them were filled with hatred and immediately chased after him.

However, after chasing after him, there was no longer any trace of Su Yu?

"Damn it! I failed!" Sima Biyun was extremely angry. She had planned this for a long time, but in the end, all her efforts were in vain.

She had already obtained the formation stone, but in the end!

"Mobilize the information from the Star Alliance Chamber of Commerce and set up an inescapable net to search for Su Yu!" The two three crowns were also extremely furious.

In one day, they mobilized all their spies to search for Su Yu, including the informants from the moon worship sect.

However, Su Yu seemed to have vanished from the face of the Earth, disappearing without a trace.

After a day of fruitless searching, the three of them returned to the wind cloud villa, their expressions extremely unsightly.

Su Yu had fallen for the trap once, and it was likely that he would not fall for it a second time. That array stone was likely to fall into a state of disappearance once again.

“Losing the array stone, how should we explain this to the higher-ups? That was something that the branch president of the five-star civilization had personally instructed us to obtain. What should we do if we lose it now?”The two three-crowned emperors had pained expressions on their faces.

Only Sima Biyun’s beautiful eyes shone with a crafty light as she secretly pondered over Su Yu’s appearance and departure.

She didn’t know why, but when she recalled Su Yu’s mysterious smile before he left, as well as the words that wished her good luck, she had a bad feeling about it.

With her understanding of Su Yu, she would never say something without thinking.

“Could it be that when we were scheming against Su Yu, he also dug a hole for me?”Sima Biyun frowned and pondered.

Di Di --

The two three crowns received the message at the same time.

They had been receiving the message non-stop for the entire day. They didn’t pay too much attention to it and unhurriedly opened it. The message they received was the same.

Moreover, the message only had two words.

“Run!”

The two three crowns looked at each other and could see the uneasiness in their eyes.

The intelligence agency of the Chamber of Commerce sent them an urgent message.

Sima Biyun looked over and her expression changed. The uneasiness in her heart turned into a shadow.

“Hurry up and leave! Don’t hesitate anymore!”Sima Biyun was the first to leave the wind cloud villa. She didn’t even have time to pack her things.

The two three crowns followed closely behind.

The three of them ran out of the wind cloud villa one after the other. They were both shocked and uncertain.

Beep Beep --

At this moment, the intelligence agency sent another message.

After looking at it, Sima Bi Yun’s entire body trembled. There was fear and anger.

The message was that two hours ago, the moon worship sect, the dustless moon sect, the Azure Underworld Mansion, the sword sealing pavilion, and the wind cloud villa had spread an explosive piece of news at the same time.

The Fake Moon worship sect leader had quietly returned to the dark star civilization and secretly met with the wind cloud villa.

The second piece of news was that the dark king was actually a fake. The Real Dark King was in the hands of the fake moon worship sect leader.

After hearing the two pieces of news, the three of them were all furious.

How could the territories of the five major factions suddenly send out the same news without any warning?

There was only one explanation, it was premeditated!

And it was set up at least a month in advance!

In other words, Su Yu had been scheming against them before he came!

His goal was very simple, to lure the dark king over!

He believed that the dark king had planted his own spies in the ten major factions, and would know if there was any movement.

How could the Dark King not know about such a large-scale piece of news?

Where would he come the moment he knew?

Of course, it would be the wind cloud villa!

With the Dark King's abilities, it would only take an instant for him to come to the wind cloud villa.

What the Dark King would do after he arrived was unknown!

He would capture all of them and interrogate them!

Putting aside the fact that the Star Alliance's Chamber of Commerce did not have the support of the Sword Alliance's chief, just the fact that Sima Biyun controlled the Dark King's disciple, Lu Wuming, once the dark king found out about it through soul searching, he would definitely die.

How could Sima Biyun and the others not be afraid? How could they not be angry?

"Su Yu!" Sima Biyun was extremely furious. She just found out that Su Yu had been on guard against her from the very beginning.

"Hurry up and leave!" The souls of the two thrice-crowned empresses rushed out. They could no longer care about Su Yu and immediately fled.

Bang --

However, not long after they escaped, the two of them suddenly suffered some kind of huge force and their bodies flew backwards.

At the same time, a layer of ice quickly formed on their bodies, freezing them.

Sima Biyun's beautiful eyes shrunk as she looked up while trembling. A man with a head full of blood arts was standing leisurely above their heads.

"Dark... Dark King!" Sima Biyun said in fear.

Fu Bingyu looked at her indifferently. "Where's Su Yu?"

Sima Biyun said while trembling, "He... he escaped!"

Fu Bingyu slowly closed her eyes. When she reappeared, she pointed at Sima Biyun's forehead.

Sima Biyun let out a miserable groan as she was subjected to a destructive soul search.

"HMPH! You conspired with Su Yu to activate the Heavenly Star Nine Yin and nine Yang great array to Plot Against Me... Oh? Your goal is actually to find the array stone. The use of the array stone is..."

PA --

Suddenly, Sima Biyun's head and her soul were blasted into ashes on the spot.

Fu Bingyu's face was covered in blood as she wiped it off expressionlessly. She asked calmly, "Did the Star Alliance Chamber of Commerce set up a soul restriction?"

Once someone's soul was searched for a crucial memory, the restriction would automatically activate, destroying the soul and stopping the soul search.

"However, the information I wanted has already been obtained." A cold smile hung on Fu Bingyu's lips. "Su Yu, you hid in the outer realm civilization. I Can't do anything to you, but you actually dared to come back!"

"Sure, I'll play with you!" Fu Bingyu said coldly.

Somewhere.

In a certain restaurant in a mortal city.

The death soul worm was standing respectfully behind a man in a bamboo hat.

"Prepare for the second step," the man in the bamboo hat said. His voice was Su Yu.

Before leaving the moon worship sect, Su Yu had mobilized the moon worship sect's forces and planted a large number of his own people among the five major factions in the south. His goal was to spread the news on a large scale.

This was just a precautionary measure.

If Sima Bi Yun had fulfilled her original promise and activated the array to kill Fu Bingyu, he wouldn't have needed to spread the news.

Unfortunately, Su Yu didn't misjudge her. He couldn't trust this woman, Sima Bi Yun.

She had hidden herself so deeply that it had exceeded Su Yu's expectations.

Fortunately, he had already taken precautions. He believed that at this moment, Fu Bingyu had already taken care of this woman and the two people from the Star Alliance's Chamber of Commerce, right?

"Fu Bingyu! You should know that I'm back, right?" Su Yu smiled. "Then as you wish, Let's play a game and see who will win!"

Chapter 1957 Search The Entire Territory

Following that, the dark star civilization caused an earthquake.

The Dark King personally appeared in the sacred land of the eight major factions and conferred a new leader to them for the first time.

The leaders were all holy attendants from the sacred mountain.

Many factions that were about to fall apart had gathered together again. In a sense, they were even more united than before.

In the past, Dark King had never participated in the fight between the top ten forces. Their relationship with dark king was very shallow.

Now, it was equivalent to being a direct subordinate of dark king.

Many of the upper echelons of the forces were overjoyed and expressed their loyalty on the spot.

Hua Hun and Leng Yun even announced that they would submit to dark king unconditionally.

The former Master of wind and Cloud Villa had the restriction in his mind removed by Dark King and regained control of wind and cloud villa.

The most shocking thing was that the Star Alliance Chamber of Commerce only had one person left, the three crowns king. As the temporary president, he publicly expressed that he would temporarily listen to the Dark King's orders.

The entire dark star civilization's forces were instantly in Fu Bingyu's hands.

On the surface, there were members of the ten major forces, and they were searching for Su Yu and a group of people. In the dark, there were the Star Alliance Chamber of Commerce's forces, which were gathering intelligence everywhere.

At this moment, Su Yu could be said to be the enemy of the entire world.

Once he showed his face, he would no longer be able to hide.

This was the power of the Dark King. As long as he wanted, the entire dark star civilization could become his eyes and help him find a person.

In a secret chamber tens of thousands of feet deep underground, Su Yu received messages from all over the place and said with a calm expression, "This is the magical use of a force."

In fact, Su Yu had the idea of building a force since a long time ago.

Whether it was the immortal cloud sect in the true dragon continent, the nine regions continent as the king, or the starry sky divine territory as the alliance master..

The path Su Yu had been taking was always the path of building his own force.

However, for various reasons, not long after he had established his force, he had rushed to other places and had never seriously run it.

After coming to the absolute beginning realm and sensing the vastness and vastness of this realm, it was the first time that Su Yu had the intention to establish his force seriously.

Having his own force could help him deal with many troublesome things more efficiently.

For example, Fu Bingyu had created a terrifying force just by casually gathering the forces of the dark star civilization.

Therefore, he had the intention to establish his force more and more.

He hoped that one day, the force he established would also become a huge organization similar to the Ecliptic Temple, the Star Alliance Chamber of Commerce, and Nirvana.

However, that might be a matter in the distant future.

Time trickled by.

The search for Su Yu on the ground was like a storm, but he himself stayed underground as if nothing had happened.

For a whole year, he had been cultivating apart from cultivation, as if he had forgotten to get rid of Fu Bingyu.

Currently, he was only focusing on the devil sword technique.

After a year of comprehending, he had just reached the threshold of the seventh move.

This move was called Heaven Burial. It was one of the three strongest sword techniques of the Devil Sword Emperor.

Once it was used, it could cause the world to collapse. Without the nomological chains, Su Yu could kill a late-stage three-crowned emperor with one sword.

The power of this sword technique could not be said to be weak.

Apart from cultivating the sword technique, Su Yu's cultivation had also increased a little.

The 'little' that he was talking about was really just a little, almost negligible.

It was very difficult to increase the cultivation of a heaven and earth emperor because there was no longer any gas in the atmosphere that could be converted into primeval energy.

Normally speaking, the heaven and Earth Emperor would absorb the primeval energy bit by bit over an extremely long period of time.

It would take thousands of years to successfully advance to the next level!

Only a few places were able to satisfy the emperor's rapid cultivation.

That was the region above the middle level civilization. There would be special materials there that would be beneficial to the emperor's cultivation.

And the middle level civilization referred to the five-star civilization and the six-star civilization.

Therefore, it was very urgent to head to a higher level civilization.

After cultivating, Su Yu pondered for a long time. Then, a dark red box appeared in his palm.

This box came from the Cage of gluttony, the head of a Fallen Dao master.

All of the violet-black liquid in the head had been absorbed by the Dark Red Box, and the word 'demon' had been branded on Su Yu's palm.

According to the information released by the dark red box, if Su Yu became a highgod, he would be able to open the red box. At that time, Su Yu's wish would be fulfilled.

A Highgod was an emperor.

Su Yu had always cared about this item, and more than once, he had been eager to open it.

However, after truly becoming an emperor of the world, a year had passed, and Su Yu hadn't opened it for a long time.

This was because after comprehending the laws of fate, Su Yu suddenly sensed the intense danger hidden within this box.

He had a feeling that if he opened it, it would be extremely, extremely dangerous.

With his current cultivation level, it was simply not the time to open it.

Unless his cultivation reached the level of the five crowns emperor, he might still be able to give it a try.

Putting it away, Su Yu slowly stood up.

"A year has passed. What I've prepared should be enough, right?" Su Yu smiled faintly. "Fu Bingyu, it's my turn!"

Sacred Mountain.

Fu Bingyu sat alone on the ice-cold throne, constantly receiving messages from all over the place. His expression was as gloomy as water.

"A bunch of trash!"

For an entire year, she mobilized the power of the entire dark star civilization to search, but Su Yu seemed to have vanished without a trace. There was no news at all.

"Keep searching. Dig through the dark star civilization and find them, too!"

Suddenly, a message from the Star Alliance's Chamber of Commerce came.

Sweeping his soul, Dark King's expression froze. He immediately flashed to the bottom of the Ice Valley.

There, a huge ice sun continued to emit cold light.

It was also a strange object that dark king cultivated all year round.

At this moment, the ice sun was sealed by a four-crowned king level seal.

Even if it was only for a short while, Fu Bingyu still sealed it. It was clear that she took this object very seriously.

Entering the ice sun, she clapped her palm on a powerful array formation, infusing it with prehistoric power.

The array formation was activated, and it was immediately transported to the Divine Mountain of Cloud Mist.

The Star Alliance Chamber of Commerce's news was that Su Yu had appeared on the Divine Mountain of Cloud Mist in the northernmost region.

After appearing here, Fu Bingyu contacted the local Star Alliance Chamber of Commerce.

“Where is he?”

The Star Alliance Chamber of Commerce's intelligence agent shook his head and said, “It's just a rumor. We've verified it. According to the witnesses, a person with a head full of silver hair, who looks like Su Yu, had bought some things before disappearing without a trace.”

Silver hair was not rare, but silver-haired humans were very rare.

Moreover, the person who looked like Su Yu was most likely Su Yu.

Fu Bingyu came to the place where Su Yu had appeared. He took a deep breath and released his powerful soul power to radiate in all directions.

With his powerful scanning power, if Su Yu was here, he would definitely be seen.

However, after three days and three nights, almost half of the Divine Cloud Mountain had been searched by Fu Bingyu, but there was no Su Yu.

“Could it be false news?”Fu Bingyu was puzzled and ordered, “I'll leave the rest of the search to you guys. I'll come back in two days!”

Sure enough, it was only two days later that Fu Bingyu appeared here and continued the search.

However, she found nothing!

“Did he escape?”Fu Bingyu's eyes revealed her dissatisfaction.

Then, she returned to the sacred mountain.

Who knew that after she returned to the Sacred Mountain, the distant southern moon worship sect also sent the news of Su Yu's sacrifice.

Fu Bingyu was surprised. How far were the two ends of the north and south? Except for Su Yu who had the ability to teleport in a short period of time.

However, no matter what, he had to personally deal with Su Yu's appearance.

Two days later, Fu Bingyu appeared in the Moon Worship Sect's territory and launched a full-scale search. Three days and three nights, and still nothing!

“Am I late?”Fu Bingyu fell into deep thought and returned to the sacred mountain expressionlessly.

After this news, there was no news of Su Yu for several months. Fu Bingyu could not help but feel frustrated.

Until half a year later.

Fu Bingyu suddenly received a message from the wind and cloud villa. Su Yu had appeared!

He tried to break into the wind and cloud villa, but was discovered by nameless Lu and escaped on the spot.

Fu Bingyu did not hesitate and immediately teleported to the wind and cloud villa.

At the same time.

At the foot of the Sacred Mountain, a little pink qilin strutted up the sacred mountain with its neck held high.

At this moment, the sacred mountain was very cold. There were only two or three saint servants.

The little qilin used the power of nothingness to isolate itself. A few saint servants would not be able to detect its arrival at all.

“Smelly master, bad master. You made me work hard for half a year to run to the desolate sacred mountain. Damn it!”The little qilin stood on the peak and looked around. Suddenly, it found a huge ice sun.

“Hey! Master should be talking about this thing.”The little qilin ran down the valley and stood in front of the Ice Sun.

“Master said that Fu Bingyu could teleport to any place in the dark star civilization because of some powerful array formation. As long as the array formation is destroyed, he can’t return to the Holy Mountain. Without the ice power of the Holy Mountain, Fu Bingyu, this ice hornless insect, will soon become weak!”

The little qilin squatted in front of the ice sun and muttered to himself, “Master said that the formation would need two days to be activated once. Master said... forget it, no matter what he said, swallowing this ice sun would be the end of it.”

It opened its mouth and sucked hard, and a huge power of nothingness enveloped the ice sun.

Then, it easily swallowed it.

The little qilin burped, and its belly clapped a lot. “What is this thing? It made me so full.”

A wave of tiredness swept over him. He shook his head and tried his best to stay awake. “I can’t Sleep... I Can’t sleep yet...”

He staggered back to the mountain peak and walked toward the temple in a daze.

A spacious ice chair appeared in front of him in the deepest part of the temple.

“I can’t sleep anymore. I want to sleep for a while.”The little qilin fell asleep on the ice chair.

Not long after, a golden-robed saint attendant came to the temple on official business. He suddenly saw a wild beast sleeping on the Dark King’s throne and could not help but scream, “Evil creature, you’re courting death!”

He slapped the Little Qilin’s head.

However, before his palm could touch the little qilin’s body, a three-meter-wide void sphere shot out from the surface of the little qilin’s body.

The sphere enveloped the saint attendant as well. He did not even have the chance to scream and was directly turned into a part of the void.

A part of the throne below was also sliced away by the power of nothingness, revealing a round defect.

..

Wind and cloud villa.

Fu Bingyu was searching for Su Yu’s whereabouts wantonly. Wind and Cloud Villa and the local Star Alliance Chamber of Commerce were cooperating in the search.

The entire wind and Cloud Villa’s power was mobilized. Any living being became their eyes. As long as Su Yu appeared once, it was impossible for him to escape again.

After a day of fruitless searching, Fu Bingyu frowned slightly. Could it be that like the previous two times, Su Yu disappeared for no reason?

In the end, the next day came a shocking piece of good news.

Su Yu escaped to the eastern mountain range of the wind and cloud villa and was seen by a warrior who was searching for natural treasures in the mountain.

#### Chapter 1958 Chasing And Escaping

That warrior immediately sold the information to the Star Alliance Chamber of Commerce’s intelligence agency and received a large reward.

After receiving the news, Fu Bingyu immediately rushed to the place where Su Yu had appeared.

After half a day, Su Yu’s remaining aura still hadn’t dissipated.

“It’s him!”Fu Bingyu’s face was full of joy. This was the only time he caught up to Su Yu and found traces of him.

“Su Yu, Oh Su Yu, you can’t escape anymore!”Fu Bingyu was inexplicably excited. He had never been so eager to kill a junior.

Su Yu was the only one.

He released his senses and frantically searched for Su Yu.

Half a day had passed, but they still hadn’t found any news. There was another piece of good news.

When they were almost at the border of the wind and cloud villa, a fishing warrior found Su Yu hiding under the water and flashing by.

He immediately sold the information to the Star Alliance Chamber of Commerce and got a lot of money.

Fu Bingyu rushed over. Sure enough, Su Yu's aura was there.

"He's getting closer and closer!" Fu Bingyu sneered. He believed that he would be able to catch Su Yu in less than a day.

After that, more and more information came in, and the time interval was getting shorter and shorter.

The distance between them continued to shrink, shrink, and shrink again.

Finally, at night on the third day.

In the territory of the sword sealing pavilion, there was a wasteland where many ancient swords were buried.

Fu Bingyu appeared here. He swept his gaze over and laughed mockingly. "Hahaha! Su Yu, aren't you very powerful in the game of chess? Why Are You Hiding Now? Come out, I've already seen you!"

With a flick of his finger, an astonishing prehistoric power turned into a straight pillar of light and shattered an unremarkable mountain range.

The mountain range exploded and Su Yu's figure was revealed in the mist with his hands behind his back.

Fu Bingyu was surprised. "Oh? You're not injured at all. You have quite a lot of treasures on you."

Theoretically speaking, his attack just now should have caused Su Yu a great deal of damage.

"Sort of," Su Yu said indifferently.

Fu Bingyu frowned and felt that something was wrong. It seemed that Su Yu was not afraid of him.

"Do you have any other Reliance?" Fu Bingyu said coldly.

Su Yu looked at the sky and shook his head slightly. "I don't have any reliance. I just have some confidence in the timing."

"Timing?" Fu Bingyu's eyes flashed as if he realized something. "You mean..."

Su Yu said calmly, "Of course, it's the time when the ice hornless worm will gradually weaken after leaving the ice source for three days. Now, it happens to be three days. I think you will soon fall into a state of decline."

Fu Bingyu's pupils constricted, and a fierce expression appeared on his face. "Who told you that?"

He couldn't help but be shocked.

It was fine if the identity of the ice hornless worm was exposed, but even its weakness was known!

Not everyone knew about this weakness. At least, few people knew about the races other than the ice hornless worm.

Besides them, there weren't many people in the absolute beginning realm who knew about this weakness.

"I guessed," said Su Yu indifferently.

The weakness of the ice hornless worm that Princess Ling long told him was that it couldn't leave the ice origin for too long.

However, she couldn't tell how long it was because the different weaknesses of the ice hornless worm had different degrees.

"Guess..." Fu Bingyu suddenly understood. "In that case, the Su Yu who appeared the first two times was actually a fake? Was it to test out that I have to return to the source of ice within a few days?"

Su Yu smiled and nodded.

With Fu Bingyu's determination to kill Su Yu, it was impossible for him to return to the sacred mountain unless his physical condition had reached its limit.

Since he had returned, it meant that there was a serious problem with his body and he had no choice but to return to the source of ice to recuperate.

Therefore, Su Yu deduced from the side that Fu Bingyu's limit was three days.

After three days, he had to return to the source of ice to absorb the cold air.

This was also why, the few times he met Fu Bingyu, the other party would come and go in a hurry.

A trace of panic climbed onto Fu Bingyu's face. He pretended to be calm and sneered, "You are too self-righteous. If it was three days, then why could I stay in the Cang Sheng chess for more than a month?"

Su Yu sneered, "Have you forgotten that I am the chess master of the Cangsheng Chess?" "My perception of the environment inside is much better than yours!" "I have clearly felt several strong fluctuations of cold air. If I'm not mistaken, it was you who carried the ice source with you, right?"

"Now, you just left the ice source in the sacred mountain for the convenience of teleportation."

The veins on Fu Bingyu's face twitched, as if an earthworm was crawling.

"So What?" Fu Bingyu's killing intent was extremely deep. "Even if my condition starts to slip, it's more than enough to kill you!"

"Die!" Fu Bingyu attacked with an extremely cold law chain.

The chain was as thick as a calf and contained powerful laws.

Su Yu smiled faintly, and six law chains appeared behind his back: Purple, red, white, green, black, and blue.

They intertwined with each other and formed a six-colored chain that was as thick as an arm and as thin as a calf.

Fu Bingyu was stunned. "Six chains... you opened all six of them and succeeded?"

He simply could not believe that there were such crazy people in the world.

Many people could not open the door to the emperor by cultivating only one dao and ended up failing.

A few geniuses were able to cultivate two dao at the same time.

Those who cultivated six dao at the same time had never heard of it!

What was even stranger was that everyone's law chains were pitch black, but Su Yu's were actually colorful!

But no matter what, the opponent's cultivation was only at the late stage of the double-crowned emperor realm. No matter how many laws there were, it was useless.

"Die!"

The two laws collided with a loud bang. As expected, as a middle stage of the four-crowned emperor realm, his full-strength attack should be able to kill Su Yu.

However, the result was that the opponent's laws were indestructible.

The two laws collided on the spot and were both bounced back.

However, Su Yu bounced back even faster.

Su Yu's body shook and was sent thousands of miles away. His Qi and blood churned, and a trace of blood leaked out from the corner of his mouth.

If it was an early-stage four-crowned emperor like Sword Alliance master, perhaps it would be a tie.

However, Fu Bingyu's cultivation had to be said to be too powerful.

Suppressing the former dark king and killing the first-generation wind and Cloud Villa's Villa Master, his combat strength was extraordinary.

However, Su Yu was not in a hurry. The three-day period had arrived. He just had to endure it.

He put away the chains and turned around to escape.

With his current cultivation, he used the Taiji Yin-yang wings high-level chapter and his speed was much faster.

In the blink of an eye, he had fled tens of billions of mountains and rivers.

Fu Bingyu hesitated for a moment before he gritted his teeth and chased after him.

Two hours later, he caught up, but he was unable to do anything to Su Yu. It ended with Su Yu being shaken and escaping.

After chasing like this for half a day, the surface of Fu Bingyu's body gradually dimmed, and his aura began to show signs of weakening.

He stopped, gritted his teeth, and looked at Su Yu, who was fine. He did not chase after him anymore.

With Su Yu's strange six-colored chains, there was nothing he could do.

On the contrary, he gradually fell into a passive situation.

"Oh? Why aren't you chasing after me?" Su Yu said with a faint smile.

Fu Bingyu snorted coldly. "Su Yu, don't be complacent! You have already been exposed, so you can't hide anymore. This time, I was not prepared enough. After I have rested, I will have enough time to chase after you! At that time, I will let you know what despair is!"

With that, he crushed a small ice sun.

A gust of cold air enveloped him. According to the past, he should have entered the teleportation state immediately.

However, he remained where he was and did not change for a long time.

He crushed another one, but the result was the same.

Fu Bingyu was stunned. An extremely bad premonition arose in his heart. He stared at Su Yu and probed in disbelief, "What did you do to me?"

Su Yu said calmly, "I didn't do anything to you. I did something to the source of ice that you left behind on the Sacred Mountain."

"What? How could you..." Fu Bingyu stopped abruptly.

It had been half a year since Su Yu's last two appearances.

Half a year was just enough to cross the grassland under the pressure of the sacred mountain.

Su Yu had planned everything!

After waiting for half a year, his men rushed to the foot of the sacred mountain and deliberately appeared to lure him away from the sacred mountain, taking the opportunity to destroy the source of ice.

However, how much pressure was there on the sacred mountain? Unless it was a native saint attendant and him, even a three-crowned emperor could not reach the sacred mountain. How could the people he sent reach the sacred mountain?

Moreover, the source of ice was protected by the seal of a four-crowned emperor. It was an immortal embryo of a dao artifact of the ice horned race, far more than any divine weapon.

How could his people be destroyed?

Suddenly, Fu Bingyu sucked in a breath of cold air. He suddenly remembered that there was a purple little qilin pet beside Su Yu.

That Pet had a heaven-defying ability of nihility.

If it had such an ability, it wouldn't be able to withstand the pressure of the sacred mountain at all. It would even be able to destroy the entire dao artifact immortal embryo..

His heart fell.

Su Yu actually... actually raided his lair!

His entire body trembled. It was unknown whether it was anger or fear.

At this moment, his aura became even weaker, and a hint of fear appeared in his heart.

If he rushed back to the sacred mountain immediately, there might still be a chance for him to redeem himself.

Otherwise, the consequences would be unimaginable!

“Are you prepared to escape?” Su Yu had a faint smile on his face as his gaze locked onto him.

Fu Bingyu’s heart was filled with hatred as he shouted, “Su, it’s not over yet. I control all the forces of the dark star civilization. Even if I can’t kill you, they can kill you!”

After she finished speaking, she immediately sent out dozens of jade pendants, sending out an order to kill Su Yu.

Su Yu was not afraid at all. She said calmly, “Do you think that I’ve prepared for a year and a half just to cut off your escape route?”

What did she mean? Fu Bingyu did not quite understand.

Not long after the message was sent out, suddenly, more than a hundred messages appeared at the same time.

They were all messages from the Star Alliance’s Chamber of Commerce, the Moon Worship Sect, the dustless moon sect, and the green underworld. The messages were all about one thing.

They were besieged by a mysterious force. The opponent had the existence of the three crowns, which caused them to suffer heavy casualties and retreat step by step.

What was more lethal was that they had invited the real dark king.

The people of the three places were summoned by the Dark King. Many of them surrendered voluntarily, which resulted in their defeat like a landslide.

The huge news shook Fu Bingyu’s heart violently.

Su Yu was going to kill him!

“Su Yu!” Fu Bingyu roared and turned to run to the battlefield of the three lands. He couldn’t let Su Yu win the battle, or else the consequences would be unimaginable.

“I think it’s better for you to care more about yourself,” Su Yu said. Then, he used the advanced chapter of the Taiji Yin-yang wings to speed up his pursuit.

He wasn’t too worried about how much damage Fu Bingyu could cause to the three lands, because Fu Bingyu had already lost the ability to teleport.

With his escape speed, it would take him at least three to five days to get there.

At that time, his cultivation level would probably drop drastically.

“Get ready to feel the despair in your life, Fu Bingyu!” Su Yu smiled lightly and chased after him unhurriedly.

In just a few days, he chased after Fu Bingyu and changed positions.

Chapter 1959 Desperate Escape

On the first day of the chase, Su Yu did not catch up to Fu Bingyu.

His current cultivation was still at the middle stage of the four crowns. Su Yu was using the high-level Taiji Yin-yang wings technique with all his strength, but he could only maintain the distance between them.

However, on the second day, the situation changed.

Fu Bingyu had not absorbed the cold qi from the ice source for four days. His body was in a serious condition and was beginning to weaken.

His speed had obviously slowed down. At this moment, his cultivation was only at the early stage of the four crowns.

Su Yu went all out and was barely able to keep a distance between them.

Three days later.

Fu Bingyu had finally arrived at the region of the green underworld. However, the death soul worm had already received Su Yu's warning in advance and had led everyone to go into hibernation.

Therefore, when Fu Bingyu had rushed over, he had only met with a few remnants of the green underworld who were still guarding the empty green underworld.

As the leader's Saint Attendant and the core higher-ups of the green underworld, they either died in the sudden war or surrendered to the Death Soul Worms.

Fu Bingyu had nowhere to vent his anger. He wanted to kill but no one could. He rushed to the dustless moon sect with hatred.

The dustless moon sect had long been completely occupied by Su Yu's men.

They had received Su Yu's orders and also hid in advance. When Fu Bingyu rushed to the dustless moon sect, there was no one there. He was so angry that he vented his anger on the dustless moon sect and burned it to the ground, destroying it.

However, the things of the dustless moon sect had been ransacked by Su Yu and the Death Soul Worms. Apart from the buildings, there was nothing left. It was not a pity to destroy them.

In the end, Fu Bingyu rushed to the moon worship sect's altar.

The moon worship sect had been in Su Yu's hands from the very beginning. The higher-ups of the Moon Worship sect who received the orders had removed all the valuable items including the altar a few months ago, leaving behind the empty moon worship sect.

Fu Bingyu knew that she had long been schemed against. In her fury, she destroyed the moon worship sect's altar as well.

Currently, three of the top ten forces had fallen into Su Yu's hands.

She should immediately head to another region to seek the protection of the forces there and work together to eliminate Su Yu.

However, after chasing him for four to five days, his cultivation had weakened further. At this moment, he was on the verge of breaking through to the fourth crown.

His speed had unknowingly slowed down a lot, and he did not realize that Su Yu had already caught up to him.

"Where do you want to go?" Su Yu's voice sounded behind him.

Fu Bingyu's expression was gloomy and incomparably gloomy. "Little Bastard!"

Su Yu's gaze was cold. "You've already said this to me several times."

Six-colored chains appeared behind him, entangling as one as they swept out with a bang.

Fu Bingyu was not afraid at all. She used her own law chains to fight back.

Bang --

Both of the law chains were knocked back.

Unlike the last time they exchanged blows, Su Yu was unharmed this time. The two of them were tied.

Fu Bingyu's pupils constricted. She gritted her teeth and turned around to escape.

However, her speed was no longer able to shake off Su Yu. The two of them, one at the front and one at the back, began to chase and escape at close range.

However, Fu Bingyu was at an absolute disadvantage. His aura was getting weaker and weaker. Su Yu was closing in on him bit by bit. He often needed to fight back to pull the distance apart again.

A day later, the two of them chased into the sword sealing pavilion.

"Everyone, Listen Up! Kill Su Yu with all your might!" Fu Bingyu roared as soon as he stepped into the sword sealing pavilion.

However, he was surprised to find that the sword sealing pavilion was already in chaos.

A puppet of the three crowns suddenly charged into the sword-sealing pavilion and cooperated with the higher-ups of the sword-sealing pavilion who had secretly surrendered, causing the sword-sealing pavilion to fall into chaos.

In the chaos, the sword-sealing pavilion had completely lost its ability to command and dispatch people and was completely unable to rescue Fu Bingyu.

"Ah!" Fu Bingyu roared and turned around to flee to the wind cloud villa.

The Wind Cloud Villa had his disciple, Nameless Lu, who was at the late-stage of the Three Crowns, guarding it. It shouldn't be easily taken down. At the very least, it would be safe there for a short period of time.

Sure enough, nameless Lu led many experts from the windcloud villa to receive Fu Bingyu from afar.

“Master, don’t be afraid. We’re here to save you!”Nameless Lu took the lead and stepped forward.

However, just as he brushed past Fu Bingyu, he actually stabbed his sword at Fu Bingyu.

Fu Bingyu was caught off guard and was pierced through the chest by the sword. Large amounts of ice god blood splattered and fell into the air, turning into ice and falling down.

“Nameless Lu! You... You Betrayed Me!”Fu Bingyu shouted in disbelief.

Suddenly, a man in a black robe walked out from behind Nameless Lu. It was the real dark king. He said calmly, “He just turned back.”

After nameless Lu’s sword attack, he immediately ran behind Su Yu and shouted, “Fu Bingyu! You impersonated the dark king. Your crime is unforgivable. Everyone should be punished. I am ashamed to be your disciple. Today, I will draw a clear line with you.”

Fu Bingyu was so angry that his breathing quickened. Nameless Lu was the only one who knew that he was not the real dark king.

Now, he saw that he could not do it, so he took the opportunity to submit to the other party and deal with him instead.

Damn it!

The entire southern faction had fallen into Su Yu’s trap.

The only hope was in the north. The north was a place that Su Yu had never set foot in. The faction that he wanted to infiltrate into the north was very small.

As for the Sacred Mountain, Fu Bingyu did not dare to go there again.

With his current cultivation, once he stepped into the grassland of the sacred mountain, he would also be suppressed.

At that time, his speed would slow down. It would take him at least two months to return to the sacred mountain.

And two months was enough time for Su Yu to completely catch up to him and kill him.

Therefore, the sacred mountain could not be returned. He could only escape to the north.

The two of them started to chase again.

One day later, in the star Gallop sect.

What shocked Fu Bingyu was that the star Gallop sect had already fallen unknowingly!

All the people in the star Gallop sect chose to surrender and submit to Su Yu’s side.

With shock, he fled to the Heavenly Palace.

However, the Heavenly Palace also chose to surrender. They even killed the saint attendant and surrendered to the representative sent by Su Yu.

“How is this possible?”Fu Bingyu could not believe it. Su Yu had never set foot in the north. How could he make all of them join him.

Su Yu said calmly, “It’s very simple. A high-ranking official of the star Gallop sect was once a captive of the White Sun clan in the secret realm. I saved him, so I could contact him and flip the entire star Gallop sect! “As for the Heavenly Palace, you probably forgot who brutally killed the palace master, Emperor Yu. It was you!”

“You set me up to kill him!”Fu Bingyu shouted angrily.

Su Yu shrugged. “But the people of the heavenly palace don’t think so.”

Fu Bingyu was both shocked and angry. She immediately went to the Cloud Mist Divine Mountain, but the Divine Mountain was being attacked by another three-crowned emperor and was being pushed back.

Seeing that she couldn’t do anything, Fu Bingyu was forced to flee to the exquisite fragrance workshop.

Fortunately, the exquisite fragrance workshop wasn’t attacked, and she tried her best to protect Fu Bingyu.

“Mobilize all forces to surround and kill Su Yu!”Fu Bingyu said. As long as Su Yu died, everything would be solved.

Hua Hun sensed the seriousness of the matter and nodded, “Don’t worry, Dark King. I swear to protect you with my life...”

However, just as she finished speaking, an ethereal voice descended.

“Then you can die.”

Xiu --

A black stream of light pierced through heaven and earth and shot toward her from the sky.

The power of that streak of light was so strong that even a late-stage triple crown prince would be destroyed in an instant.

“Dark King, save me!”Hua Hun Hua’s expression changed.

Fu Bingyu gritted her teeth and used the law chains to block this attack.

At this moment, Hua Hun definitely couldn’t die.

Before the attack succeeded, countless experts rushed over and formed a 30% wall that protected Fu Bingyu and Hua Hun within.

Fu Bingyu let out a long sigh of relief. He was finally saved, and now he needed to rest properly.

The primal energy within his body was lacking, and what was even more serious was the lack of the ice source’s supply.

“Hua Hun, immediately search for all ice attribute items within the territory.” Without the ice source, he could make do with the ice attribute items.

Although the effect was slightly weaker, it could restore his strength to the middle stage of the four crowns Emperor realm.

At that time, as long as he could maintain the cultivation of the middle stage for more than two days, he was confident that he could kill Su Yu.

Hua Hun said, “It just so happens that there is an ice mountain in the territory of our exquisite fragrance workshop. The mountain is ten-thousand-year-old mystic ice. It might be able to satisfy the Dark King.”

Fu Bingyu was overjoyed. “Ten-thousand-year-old mystic ice? Okay, hurry up and get it!”

Ten-thousand-year-old mystic ice was an ice attribute item that was close to the source of ice.

If there was an entire one, it would be easy for it to recover to its peak state.

“Alright, it will only take a day to transport it over!” Hua Hun said. She frowned as she looked at the defensive forces around her. “The only worry is that Su Yu might mobilize his men to attack before the iceberg is sent back.”

Fu Bingyu was also a little worried. Su Yu’s ability to plan was too terrifying.

All of a sudden, Fu Bingyu’s heart moved. He took out a jade seal and gave an order to the merciless Taoist temple, “All the higher-ups of the Taoist temple, go to the exquisite fragrance workshop immediately to protect the Emperor!”

Leng Yun received the news and immediately led his fifteen double-crowned emperors to rush over.

At the same time, Su Yu alone could not take down the mountain for a long time. He ordered the people of Star Gallop sect and Heavenly Palace to rush over and take down the Cloud Mist Divine Mountain.

There was only one day left. Whoever arrived first would decide everything.

Time passed bit by bit. Even Fu Bingyu became nervous.

He never thought that one day, a small force that he disdained in the past would be able to decide his fate.

Finally, at dusk, Leng Yun led fifteen double-crowned emperors and arrived first.

Fu Bingyu’s heart was greatly relieved. Luck stood on his side.

At the same time, Hua Hun also moved the iceberg over.

As she said, it was indeed a huge black iceberg.

Fu Bingyu couldn’t help but laugh out loud. “You guys hold on for three days. After three days, follow me to kill him and turn the world upside down!”

Hua Hun said casually, “With the help of the Heartless Abbey Dean, no matter how many troops they have, they can still hold on for three days.”

The situation was set!

Fu Bingyu said, "Alright! After this is done, I will reward you guys heavily!"

As she said that, Fu Bingyu carried Bing Shan into the secret chamber and began to recover.

Hua Hun and Leng Yun were left in charge of defense.

"It's all thanks to you coming. Otherwise, I really wouldn't know what to do." Hua Hun sighed faintly.

Leng Yun said indifferently, "What's so hard to do? Since the real dark king has returned, why should we be bullied by another fake dark king?"

Hua Hun was stunned. He recovered from his shock and said, "Leng Yun, you..."

Puchi --

A long spear pierced through Hua Hun's body, and even his soul was destroyed.

At the same time, the fifteen double-crowned emperors he brought with him suddenly attacked the double-crowned emperors of the exquisite fragrance workshop without any warning.

A series of screams sounded. Almost all the double-crowned emperors were killed by them. Only one or two were left, which was not enough to affect the overall situation.

The members of the exquisite fragrance workshop at the periphery were caught off guard and immediately fell into a situation without a leader. Under the pursuit of Leng Yun and the others, they quickly fell into panic.

#### Chapter 1960 Surviving A Desperate Situation

Su Yu, who had been preparing for this outside, smiled.

He did not flip Leng Yun over. Instead, Leng Yun contacted him and was willing to help him.

The reason was simple. Emperor Yu was his best friend. He died tragically in Fu Bingyu's hands, and he still held a grudge.

Now that Fu Bingyu was in trouble, how could he let go of the chance to beat him up?

The defense of the exquisite fragrance workshop was weakened. Su Yu immediately flew into it and quickly found Fu Bingyu, who was in a state of shock and anger. Before he could refine the iceberg, there was suddenly an internal conflict.

"It seems that you have lost the hearts of people!" Su Yu smiled lightly. The six-colored chain suddenly descended and smashed the iceberg into pieces.

"You!" Fu Bingyu felt deep despair and anger. "Do you really want to kill everyone?"

"What do you think?" Su Yu said coldly. He flew over and smashed the six-colored chain.

At this moment, no one could save him.

Fu Bingyu gritted his teeth. In his despair, he burst out with a strong will to survive and escaped from the exquisite fragrance workshop.

However, the world was vast. Where could he protect him?

Fu Bingyu felt that he had no way out. He wanted to fight with his life, but he couldn't do anything to Su Yu.

While he was feeling sorrowful in his heart, a powerful teleportation power suddenly enveloped him.

Fu Bingyu subconsciously wanted to resist, but a voice entered his ears through the teleportation, "Dark King is in trouble, how can the Star Alliance Chamber of Commerce stand by and do nothing? Don't move."

Star Alliance Chamber of Commerce? Fu Bingyu was overjoyed!

With the Star Alliance Chamber of Commerce's intelligence network, they must have known about Fu Bingyu's dangerous situation.

They had a common enemy, Su Yu. If Fu Bingyu died, the entire dark star civilization would fall into Su Yu's hands.

At that time, there would definitely be no place for the Star Alliance Chamber of Commerce to stand.

As the saying goes, the lips are dead, but the teeth are cold. The Star Alliance Chamber of Commerce had made a clear choice.

When Su Yu rushed over, Fu Bingyu had already teleported away and disappeared on the spot.

Su Yu's face was gloomy. All his efforts had been for naught!

"Is it the Star Alliance Chamber of Commerce?" Su Yu's eyes were cold. He had calculated everything and missed the remaining power of the Star Alliance Chamber of Commerce.

The branch of the Star Alliance Chamber of Commerce should also have powerful magical equipment or arrays that could teleport them back to the headquarters in a short period of time.

At this moment, they had given Su Yu quite a shock at the most critical moment.

"Where is the Star Alliance Chamber of Commerce Headquarters?" Su Yu asked.

Leng Yun rushed over, his eyes shining. He shook his head and said, "I don't know! As far as I know, the Star Alliance Chamber of Commerce's headquarters has always been a mysterious place. Other than the people at the headquarters, no one knows where the headquarters is."

This was troublesome!

With the Star Alliance Chamber of Commerce's energy, it was only a matter of time before they found enough ice-type items.

Once Fu Bingyu was given enough time to make a comeback, everything that had happened so far would turn into ashes.

"Search!" Su Yu's eyes were cold.

However, the dark star civilization was vast. Even Fu Bingyu had never known the location of the headquarters, so the probability of finding it in a short period of time was completely negligible.

At this moment, Su Yu could be said to hate the Star Alliance Chamber of Commerce to the bone.

He had no intention of making an enemy out of the Star Alliance Chamber of Commerce, but they wanted to cut off Su Yu's path of survival!

Soon, Su Yu gave the order, and the entire dark star civilization's forces began to search the Star Alliance Chamber of Commerce in a carpet-like manner.

First, all the branches were sealed, and all the people were captured. They searched for the headquarters of the Star Alliance Chamber of Commerce through torture and soul searching.

However, they found nothing.

The people in the branches had no idea where the headquarters was. Every time they went to the headquarters to report, they were directly teleported in by the powerful array formation of the headquarters.

For a time, the great situation fell into a stalemate.

At the same time, in a certain deep underground world.

Fu Bingyu appeared in a huge underground cave world. It was filled with foreign races coming and going.

A man and a woman were waiting beside her with smiles on their faces.

The man was an old man at the level of the three crowns. His name was Li Ming, and he was the only three crowns of the dark star civilization.

The Alliance Master had passed away, and the other three crowns had all died tragically. According to the rules of the Star Alliance Chamber of Commerce, he became the temporary alliance master.

"Dark King, I'm sorry that we were a little late," Li Ming cupped his fists and said.

Fu Bingyu's face no longer had the arrogance of the past. She said humbly, "I should be the one thanking you. Thanks to your help, I was lucky enough to escape."

It was true. His current cultivation had finally fallen below the four crowns and he had become an existence at the later stage of the three crowns.

If he had fought with Su Yu just now, even if he had not died, he would have been heavily injured.

Li Ming waved his hand and said, "There's no need to be polite, dark king. You and I have a common enemy. Now is the time for us to unite against a common enemy."

"Dark King, please come over. I have prepared a hundred million-year-grade mystic ice for you. It's enough for Dark King to successfully recover to his peak state in half a day."

Hundred Million-year-grade? Fu Bingyu's pupils constricted. This level of mystic ice was probably not inferior to his ice source.

The Star Alliance Chamber of Commerce was indeed extremely powerful. They could even find such a shocking mystic ice.

“Thank you!”Fu Bingyu calmed down and said hatefully, “Don’t worry. After half a day, when my cultivation base has recovered to its peak, I will immediately kill my way back. I will definitely make that Su Brat’s bones turn into ashes!”

Li Ming also revealed a venomous look and said, “Go ahead and kill the Dark King. I will prepare another one billion years worth of mystic ice for the Dark King. Even if there is an accident while chasing after Su Yu, the Dark King will be able to replenish it on the spot.”

Fu Bingyu was overjoyed and regained her confidence. She said, “Su Yu has chased me to such a sorry state this time. I will definitely make him pay the price! And those who betrayed me, I will make sure they all die a horrible death!”

“However, when the dark king is chasing after Su Yu, before he is killed, please make a copy of the memories of his chess pieces and give it to our Star Alliance Chamber of Commerce,”Li Ming said. “The death of the Sword Alliance Master is too strange. We need to know how Su Yu did it.”

Li Ming nodded slightly and ordered someone to lead the dark king to the secret chamber to cultivate.

He followed closely behind. Before he left, he reminded the woman beside him, “Wen Hua, continue to guard the Ancient Heaven origin formation. If you need anything, you can activate it at any time.”

The woman named Wen Hua nodded solemnly. “Please rest assured, Alliance leader Li. I Won’t let you down.”

This woman was none other than the woman Su Yu had placed a restriction on in the universal chess.

She had bribed instructor Li through the huge resources Su Yu had given him, and had just transferred her from the star Gallop sect branch to the headquarters.

She had also taken on a rather lucrative position, guarding the heavenly Proterozoic ancient array.

Wen Hua felt guilty about tricking the sword alliance leader to death, so she was diligent and did not dare to be the slightest bit negligent.

She had been working for two years now, and had not made a single mistake along the way. She was very trusted by Li Ming.

When she heard the conversation between Fu Bingyu and Li Ming, her heart pounded wildly, and she recalled some things that she had almost forgotten.

Su Yu... was the only other person who knew the inside story of the Sword Alliance Master’s death.

If he was captured by Fu Bingyu and his soul was searched..

When she thought of this, her mind was in a mess.

What should she do? What should she do?

All of a sudden, Hua Wen stared at the array in front of her and a bold idea popped up in her mind.

However, just as she thought about it, it was extinguished.

No, she could not betray the dark star civilization again. Otherwise, if she was found out, it would be difficult for her to die even if she wanted to.

However, did she still have a choice now?

It was already difficult for her to die even if she wanted to!

In the outside world.

Su Yu sat cross-legged in the exquisite fragrance workshop and smelled the fragrant air. However, her heart was gloomy and she could not be happy at all.

Two hours passed, but there was no news at all.

The headquarters of the Star Alliance Chamber of Commerce was nowhere to be found.

Moreover, he could foresee that as the headquarters of the Star Alliance Chamber of Commerce, even if they found it, what could they do? Even if the level of defense there was not as high as that of the Holy Mountain, it was definitely not something that could be broken in a short period of time.

No matter how he thought about it, their situation this time was completely in a dead end!

Leng Yun, the puppet, and 20 to 30 double-crowned emperors stood beside Su Yu, their hearts especially heavy.

After a long while, Su Yu said in a deep voice, "Make preparations for Fu Bingyu to come out of the mountain again. Arrange everything to lie low and wait for an opportunity."

Su Yu knew that with Fu Bingyu's cautiousness and caution, this opportunity would probably never appear again.

He had already prepared for the worst!

However, at this moment, Su Yu seemed to have sensed something. He raised his head and looked into the sky. A pillar of light fell straight down, enveloping him and all the other crowned champions present.

Su Yu was stunned. This was the ancient array that had teleported fu bingyu away. Why did it suddenly descend and teleport them away?

Was it a conspiracy of the Star Alliance's Chamber of Commerce?

At this moment, a voice entered Su Yu's ears along with the teleportation formation.

"It's me, I'm Wen Hua. Fu Bingyu is here. Quickly bring some people over and kill him,"Wen Hua said anxiously.

It was her!

Su Yu couldn't believe it. Wen Hua was actually in the headquarters and had the authority to use the teleportation formation!

This was simply a life-saving situation!

“Everyone, leave!” Su Yu waved his hand. Other than the double crowns, more than a hundred crowns were pulled into the formation.

Then, the light beam swept them all away.

Star Alliance Chamber of Commerce Headquarters.

Li Ming was meditating and resting leisurely. He waited outside Fu Bingyu’s secret chamber, feeling the cold air that was continuously released. His heart calmed down.

His eyes shot out traces of resentment. “No one has ever been able to offend our Star Alliance Chamber of Commerce and remain safe and sound! This time, I’ve cut off your escape route. Let’s see where you can escape to! HMPH!”

Suddenly, a powerful fluctuation appeared.

Li Ming frowned. “Who asked Hua Wen to activate the teleportation array? Could it be that she teleported some branch that was in danger back?”

He appeared at the ancient array to check, but when he barely appeared, he was shocked by the hundreds of figures that appeared in front of him.

Especially the silver-haired young man in the lead, he was overwhelmed with horror and screamed, “Ah, how did you...”

Pu Chi --

Su Yu swept his cold gaze over and the six-colored chains wrapped around Li Ming, causing him to be unable to speak.

It was this person who had almost caused them to be doomed beyond redemption!

Leng Yun and the others all revealed cold killing intent.

“Let me kill him!”

Su Yu waved his hand. “Isn’t it easy to want him to die? Before he dies, let him lead the way for us!”

His eyes flickered with dazzling soul light, controlling him on the spot.

Li Ming’s eyes were dull, and he said in a daze, “Master!”

“Lead the way!”

“Yes, Master!” Li Ming led them to the secret chamber.

The secret chamber here had an exceptionally strong isolation effect. One could not sense the inside from the outside, and it was also difficult to sense the situation outside from the inside.

Under Su Yu’s control, Li Ming said, “Dark King, I have another gift for you.”

Fu Bingyu had tasted the sweetness of a hundred million years of mystic ice. She asked expectantly, “What is it?”
