Chapter 201: The Final Assessment

Su Yu's gaze fell on the second book.

"Three Clones Of Abandoned Emotions", an immortal level cultivation technique learned by the Buddhists to train their hearts.

This cultivation technique was split into three stages.

Stage One, slay your emotions. By honing this technique to Stage One and slaying the emotions in your heart, you can create a clone with similar abilities to the main body.

Stage Two, kill your emotions. By honing this technique to Stage Two, you can create a second clone, with its abilities one tier higher than the main body.

Stage Three, abandon your emotions. By honing this technique to Stage Three, you can create a third clone, with its abilities one level higher than the main body!

After looking through the book, Su Yu was stunned.

If "Three Clones Of Abandoned Emotions" was honed unto the end, three clones could be obtained! Moreover, every clone would get stronger!

The two books of immortal level cultivation technique defied the natural order greatly!

"Devil's Benevolence" could be considered an immortal divine book.

"Three Clones Of Abandoned Emotions" could be considered a clone magical book!

"This... is the rumored immortal level cultivation technique?" Su Yu was shocked greatly by the miraculous power.

Compared to them, legacy level cultivation techniques were merely moves used by children to fight one another.

However, Su Yu was calm all along.

After he was initially shocked, his eyes regained their calmness.

"Can I see the detailed introduction? For example, the difficulty level and requirements to hone these cultivation techniques?" Su Yu questioned.

The Buddha became silent for some time, saying only after hesitating: "Sure."

Crash—

The books of the two immortal level cultivation techniques flipped open, and the cultivation techniques' level of difficulty to hone them were recorded in detail.

"Devil's Benevolence" 's level of difficulty. For someone with a high level of comprehension, he can achieve Stage One Top Class in three years, Stage Two Top Class in ten years, and within twenty years, the training will be complete.

Eh? Su Yu's eyebrows twitched, and he felt extremely surprised.

The level of difficulty to cultivate the immortal level cultivation technique was not as difficult as a normal legacy level cultivation technique!

For a normal legacy level cultivation technique, it would require five years' training for one to achieve Stage One Top Class, and a normal average person could do that.

Only "Glazed Ice Flame", which Su Yu was cultivating, required hundreds of years.

How could the level of difficulty of cultivating an immortal level cultivation technique be less difficult, when compared to that of a legacy level cultivation technique?

Filled with doubts, Su Yu continued to read the book.

Training requirements: Slaughter!

To cultivate an immortal heart, you are required to swallow ninety-nine hearts of people possessing the same cultivation base as you!

To cultivate an immortal body, you are required to eat nine hundred and ninety-nine bodies of people with the same cultivation base as you!

To cultivate a devil's traits, you are required to refine nine thousand nine hundred and ninety-nine people with the same cultivation base as you into an elixir and swallow it!

Rub, rub—

Su Yu retreated a few steps, his face turning pale in astonishment!

One can only cultivate the cultivation technique by eating human beings' hearts, feeding on human beings' bodies, and refining an elixir out of human flesh?

Su Yu's expression was a bit pale, as he took a look at the second book, "Three Clones Of Abandoned Emotions".

In order to cultivate slay emotions' clone, cut off all emotional attachments.

In order to cultivate kill emotions' clone, kill all friendships.

In order to cultivate abandon emotions' clone, forget all your love.

In other words, one would need to destroy his emotions completely!

Rub, rub, rub—

Su Yu retreated again by two steps!

He would need to forget his emotional attachment with the Duke of Xianyu, forget his friendship with Xia Jingyu, forget his love for Qin Xianer and sever all his emotions, in order to cultivate the cultivation technique!

"Since you have finished looking at the cultivation technique, what is your choice?" The Buddha was indifferent, like a normal person, which allowed Su Yu to make his choice.

Su Yu's blood was boiling with excitement. At that moment, he turned cold!

One immortal level cultivation technique required him to eat human beings, while the other required him to sever his emotions.

As cultivation techniques of Buddhism, why were they so sinister and cruel?

Suddenly, Su Yu lowered his head and looked at the pure white bones below his legs. His heart felt overwhelmed.

Is the thing in front of me really a Buddha?

Are the cultivation techniques that it passed on really those of Buddhism?

"Answer!" the Buddha urged.

Su Yu took a deep breath. The last bit of fire burning in his eyes extinguished, returning them to cold: "I decline!"

"Why? Among the immortal level cultivation techniques, they are considered the best, which can help you stand tall and upright at the summit of the continent!" The Buddha was stunned.

Su Yu shook his head indifferently: "Becoming someone who can stand at the summit of the continent is my life goal. However, I have no intention of sacrificing my heart's affections, love, and feelings that I cherish highly, or losing my emotions. Moreover, I also have no intentions of swallowing human flesh and thus, sinking to the level of a devil!"

The most beautiful thing in life was not the moment where one stood at the summit, but the experience gained along the way.

Su Yu's experience along the way was that he got acquainted with many people and had affections not easily forgotten.

Hence, even if the two books of immortal level cultivation techniques were earthshaking, Su Yu's heart would tell him what choice to make.

The Buddha remained silent for some time, before revealing a smile: "Congratulations, you have passed the final assessment!"

Eh? Su Yu was stupefied.

Isn't the Eternal Stairs the final assessment of the Ancient Xianyun Temple?

Titter—

Suddenly, in front of the Buddha, "Devil's Benevolence" and "Three Clones Of Abandoned Emotions" were as if a mirror cracked, shattering into countless pieces. Then, just like the Eternal Stairs, the shattered pieces disappeared.

"These two books of immortal level cultivation techniques are evil devil techniques of the Heaven and Earth, which have been destroyed in the time and space a long while ago. What you have seen is merely a mirage. Even if it were the ancient temple, it also does not have the full manual, but instead, only has a remnant of the manual."

Su Yu was stunned and felt disappointed.

He had thought that he was lucky to have seen a complete manual of immortal level cultivation techniques.

However, after giving some thought to it, Su Yu understood.

Even after having existed for hundreds of years, the Liuxian faction only obtained a remnant of a manual of an immortal level cultivation technique.

If he, a mere disciple, could easily obtain two complete manuals, it would be going against the natural order.

"Showing the devil techniques is an assessment to you. If you are able to withstand the temptation of the devil techniques, it means that you have passed the assessment." The Buddha revealed a delighted smile: "The remains under your legs did not die due to the Eternal Stairs!"

"When they were on the verge of death, they would naturally be transported here from the Eternal Stairs and be given the devil techniques temptation assessment... However, it is a pity that none of them passed the assessment. They chose the devil techniques, abandoned their emotions, and stayed here to comprehend the devil techniques. They refused to leave, dying here due to hunger and thirst."

Su Yu was stunned!

He had thought that those people were trapped in the Eternal Stairs and died there as a result.

He did not expect them to die due to their greed.

It was not surprising. How earthshaking was an immortal level cultivation technique?

If a normal disciple came across an immortal level cultivation technique, how could he still hold on to his heart?

The consequences of training were that they became utterly absorbed and refused to be transported out, even when they were dying of hunger and thirst in the ancient temple, which did not have any food and drink.

"Your intelligence is head and shoulders above the rest. You saw through the illusion of the Eternal Stairs. Your heart had unwavering integrity, and you resisted the temptation of the devil techniques. Hence, you are best person to inherit our item!"

Crack—

The Buddha split open and was about to break into pieces.

A weak and gratified sigh could be heard from within the Buddha: "After a long time, my mission is finally completed... Junior, take it!"

Flap—

Within the crack, a ray of green light floated to the front of Su Yu.

Su Yu was a bit stunned. He grabbed the ray of light, a remnant of a manual appearing on his palm.

""Buddhist Saint's Eight Characters"? What kind of cultivation technique is this? Su Yu was surprised. The remnant of the manual was gold in color and was made from an unknown material.

However, it only contained three pages.

Apart from its title, it did not indicate what level of cultivation technique it was.

"Junior, I hope that, for the time that you are alive, you will have many gains. For this manual, even the ancient temple's master did not manage to successfully cultivate it!"

A lonely sigh passed through the small and narrow temple building.

Puff—

A sound of something vanishing into thin air could be heard from the Buddha, the sound of a soul dissipating.

Su Yu bowed in gratitude: "Thank you elder, for bestowing this manual upon me."

At the empty crowd, only Su Yu was left.

However, Su Yu did not flip open the mysterious and ancient manual immediately. Instead, he bent down his body and examined the remains on the ground.

Among the remains, one of them must be that disciple who brought the Phoenix Blood Elixir along with him as he entered the Eternal Stairs!

"Seniors, pardon me!" Su Yu was anxious and filled with anticipation. He used his Ice Divine Ice Threads to cut open their clothes.

Titter—

The sky was filled with piece of clothes that had been cut open and tossed into the sky. The items within the clothes were also lifted up.

Su Yu revolved his crystalline pupils and examined them carefully.

Suddenly, a jade-like box came out from the clothes of some remains that were considered quite new.

Within the jade-like box, there was a red and glistening elixir, which was surrounded by a thin layer of raging flame!

An exquisite heat energy passed through the jade-like box.

A virile energy spread across all directions, causing Su Yu, who was in the gloomy and moist temple building, to feel warm.

"Phoenix Blood Elixir!" The virile energy that Xianer needed urgently, proved that the elixir was the Phoenix Blood Elixir that Su Yu was looking for with all his might!

It was true! Hard work would not let you down. After going through many twists and turns, Su Yu finally found the Phoenix Blood Elixir!!

After dozens of years, although the effects of the elixir had become much weaker, it was still the only thing with the hope of saving Xianer!

Although Su Yu was always composed, he could not help but be delighted, as though he was crazy at that very moment!

No one knew that Su Yu had gone through so many difficulties for that elixir, including acquiring the trust of the Faction Master, fighting for a competition's slot, and fighting with the faction's proud disciples.

Not to mention: Carrying out the mission in Wolong Snowfield, which was full of danger, escaping from death at the skin of his teeth after entering the abyss of Wutong, defeating many rivals to earn the right to enter the Ancient Xianyun Temple, carrying death on his shoulders and entering the Eternal Stairs.

He had finally... finally found the Phoenix Blood Elixir!

Rustle—

Su Yu was excited and plundered the Phoenix Blood Elixir hastily!

However, when Su Yu was about to grab the elixir, a joyful and delicate sound of singing could be heard from afar all of a sudden.

"Two small bees are flying in the clusters of flowers~ Buzz~ Buzz~ Buzz~ Buzz~ Let me eat you~"

In the remnant of light, a burning duck-sized bird with five colored wings was scampering about and chasing after two small bees. It charged into the temple building.

Its action was clumsy, innocent, and lovely. Its cuteness made people fond of it.

Moreover, it looked gorgeous. Su Yu had never seen such a beautiful fire bird.

Suddenly, the adorable small bird's eyes revolved and looked at the Phoenix Blood Elixir. The sound of singing ceased abruptly, replaced by a delightful voice: "Ahahah, what an exquisite Phoenix blood, I want to eat it!"

Not good!

Su Yu's expression changed. With a tittering sound, his Divine Ice Threads covered the jade-like box!

When Su Yu was about to pull the box towards him, the adorable bird glanced at him and mumbled angrily: "You stole my snack, bad guy!"

Puff—

The adorable bird breathed a scarlet raging flame.

Burn—

A scene that caused Su Yu to gasp appeared!

The Divine Ice Threads... had snapped!!

The Divine Ice Threads, which was a divine level artifact, was actually burnt by a raging flame!

What kind of frightening raging flame could destroy a divine artifact?

From the raging flame, Su Yu was able to feel a destroying aura, which made him get the jitters!

"An aura that surpasses Dragon Realm!" An aura more frightening and superior than the white tiger!

Su Yu was shocked!

The second level's white tiger and the third level's fire bird!!

Every one of them had gotten more frightening!

Is the Ancient Xianyun Temple really one of Liuxian faction's training areas?

Whiz—

Although the fire bird looked clumsy, it tore the space at that moment, as if it descended in front of the jade-like box in an instant. It gave a cry, and the jade-like box cracked open.

The Phoenix Blood Elixir rolled out of the box!

Owh—

The fire bird opened its mouth happily, swallowing the elixir on the spot.

Its small eyes became narrow, then closed its eyes to enjoy the elixir pleasingly: "Hee hee, so delicious."

"No!!! My... Phoenix Blood Elixir..." Su Yu cried out in alarm!

The Phoenix Blood Elixir that he had worked so hard for was actually... eaten by a bird!

Crack—

In Su Yu's heart, it was as if something had cracked!

He knew that that was the hope of saving Xianer!

At that moment, when Su Yu lost the Phoenix Blood Elixir, he also lost Xianer!

The only Phoenix Blood Elixir that could save Xianer was just eaten right in front of him?

Su Yu's pupils gradually scattered, as if he was a puppet that had lost its soul.

His mind became blank!

If the Phoenix Blood Elixir was lost, who would save Xianer?

Could it be that, one month later, he would have to watch Xianer dying helplessly?

No!

Su Yu's chest was burning with flames of fury and dissatisfaction, as if he wanted to burn the fire bird to ash!

He obliterated all his difficulties and worked hard until that very moment. How could he let all his efforts be wasted?

"I will kill you!!" At that very moment, there was still time. Before the elixir is fully digested, he must rip open its stomach and extract the elixir!

Even if the effects of the elixir decreased greatly, it would still be sufficient!

Thankfully, Su Yu who had gone a little crazy, had still retained his intellect.

The abilities of the fire bird were too great, to the point that Su Yu managed to think of an idea to erase the fire bird from the world!

At that moment, the satisfied fire bird was scampering about, headed toward the outside of the temple building.

Titter—

Su Yu took out a bottle of five-colored spiritual liquid from his chest. It was the Five Color Honey!

He poured out half of it quickly, keeping the other half hidden in his chest.

"Flap, flap... Eh, what a nice smell!" The fire bird's joyful singing voice ceased abruptly, as it turned its body delightedly.

Its pitch-black eyes stared at the honey, its mouth drooling: "What a nice smell, I want to eat, want to eat..."

Crash—

The fire bird flew towards Su Yu with a flash. Its sharp mouth pecked with strength.

In no time, it swallowed all the Five Color Honey on the ground neatly and quickly, not an ounce was left.

The eyes of the fire bird were full of excitement, implying that it was drunk. Its legs were swaying, and it rushed towards Su Yu dizzily with a mumbling sound: "I still want to eat! Hand it over... I... I am going to rob you!"

Su Yu's expression turned grave at once. Even though it swallowed half a bottle of Five Color Honey, it was still not drunk!

Su Yu himself had slept for half a month!

Su Yu's eyes flashed, and he took out the half bottle of honey.

"Owh!!" The fire bird was extremely elated. It pecked the jade-like bottle into pieces, opened its mouth, and swallowed the big lump of Five Color Honey!

"Mumble, mumble... So delicious... After finishing, so many stars..." The fire bird was swaying left and right. While drunk, it spun at its original position and made an uproar.

"I... I still want." The fire bird was still not completely drunk!

Su Yu's heart felt anxious secretly. Even though he had used up all his Five Color Honey, the fire bird still did not faint!

Su Yu could only cut the fire bird's stomach open once it had fainted!

Instead, the drunken fire bird, at that very moment, was more dangerous!

Chapter 202: Legendary Level Technique

"Quick.... Quickly hand it over, or I'll burn you," The firebird said.

On the spot, Su Yu had a glow in his eyes. "There are three more bottles, but they were taken by the white tiger on the second level. He hid an entire pondful of it at his home. You'll be able to get as much as you want!"

"An entire pondful?" The black eyes of the firebird glowed, "I want to go to the little tiger's home, the little tiger's home....."

The firebird was stumbling as it left the hall.

Su Yu followed, realising that the third level was a piece of the sky.

Behind him was a temple, like the Ancient Xianyun Temple was to the outside world, silently floating in the clouds.

This was the true image of the ancient temple.

The firebird flew around, unable to find the exit. A moment later, it tilted its head, angrily saying, "I forgot that, without an Advancement Stone, we cannot return to the second level."

The three levels of the Ancient Xianyun Temple could only be entered from the bottom up, there was no way to reverse this direction.

Su Yu's heart skipped a beat!

The firebird's speech was becoming clearer, a sign of it gradually coming to its senses!

What a powerful body. To be able to recover so quickly from two-thirds of the Five Colour Honey!

He could not wait any longer!

"I have an idea to get us to the first level." Su Yu took out two Advancement Stones that he had found in the last large meteor.

Breaking it would transport them to the second level.

This was true even in the third level!

"Advancement Stones? Hng hng..... You're a really good person... fast, fast, fast... I want to find little tiger!" The firebird was rushing him.

Su Yu nodded, crushing the two Advancement Stones at the same time.

Creak ——

The space shifted. The two left the third level and entered the second level Sky Garden.

And they were now at the base of the Eternal Stairs.

The white tiger had been guarding here all this time. When Su Yu descended, it ferociously roared, "Cursed ant! Your life is hardy indeed, to be able to return without dying! Now die....."

But the white tiger's voice stopped, its eyes halting at the firebird beside Su Yu.

"Ah —— It's..... It's you, firebird? You..... You disobeyed the orders of the master and left the third level by yourself!"

Master? Who's this firebird's master?

The firebird was dizzy, its eyes glancing past the white tiger. It angrily flew over, chirping fiercely, "Hand over the Five Colour Honey, or I'll burn you to death!"

"Wait!" The eyes of the white tiger became dull, landing on Su Yu. It glowed with an intense fury, "Cursed thing, you lied for it to leave the third level, and tricked it to deal with me?"

"Hmph! He is a good person, a great person. If you badmouth him, you are a bad tiger, I'll burn you to death....." The firebird let out an intense flame, unsteady on its feet.

The expression on the white tiger's face changed, its eyes filled with a rare fear!

"Thunder of Destruction!" The horrifying thunder had nearly turned Su Yu into ash with merely a spark.

Now there were a thousand thunder arcs striking the firebird at the same time!

But the intense flames of the firebird actually burnt the horrifying black thunder, reducing it to a pile of ash!

Rumble ——

Ah ——

The white tiger was enveloped by the intense flame, letting out a pathetic howl.

In that moment, the ancient temple sensed that the life of the white tiger was in danger, so it gathered a layer of white light, sending it out!

"No!!!"

The white tiger roared at such injustice. He had a mission on his hands, so how could he be forcefully transported out?

But with the transportation approaching, it could only put up a pointless struggle.

Finally, it shot a fierce glare at Su Yu, "Cursed thing! You foiled the great plan of the master. You are going to die terribly!!"

Rumble ——

Finally, it got transported out of the temple.

Su Yu let out a sigh of relief. At the same time, he was in awe of the firebird's abilities. How was it only a little bit higher than the white tiger?

Su Yu let out a bitter laugh!

He had wanted the firebird to lock in combat with the white tiger. How could he have known that the white tiger would be defeated in one move!

"Hehe, let's go to little tiger's house!" the firebird chirped excitedly, wobbling as it flew to the deepest part of the Sky Garden!

Su Yu clenched his teeth as he followed.

The last fence, the place where the Ice and Fire Herbs were!

Back then, fifty miles away, Su Yu had merely taken a sniff and allowed his cultivation techniques to be activated automatically. Its effects were ungodly, far surpassing the ice flames.

Unfortunately, it was guarded by the white tiger, no one daring to set their sights on it.

Descending outside the fence, he was assaulted by a wave of fragrance.

Taking a whiff, Su Yu let out a look of surprise. His three ice based techniques were all circulating rapidly!

If he cultivated them now, Su Yu was confident that the three techniques would breakthrough to the third stage in half a month!

Just what divine herb was it, to be so terrifying?

But Su Yu's mission was the Phoenix Blood Pill in the belly of the firebird!!

The firebird was excited, as it charged into the yard.

But an invisible wall caused the firebird to squeal, as she was repelled back!

Looking at it, it was a powerful transparent barrier, protecting the fence in the center!

Su Yu gasped. Even something as powerful as the firebird was repelled?

"Yayaya, I am so angry! You dare block my way. I'll burn you to death!" The firebird angrily opened its mouth, spewing out an intense flame!

The white flame that destroyed the white tiger was now enveloping the surroundings!

Creak ——

The transparent barrier trembled, setting off sounds of burning.

A crack was burnt open!

But the transparent barrier was immensely powerful!

With a flick, it repelled all of the flames around it!

The firebird was drunk and could not defend itself, having been hit by the flames that it was releasing!

Rumble ——

Under the heatwave, the firebird was beaten to the ground!

Su Yu looked towards it. The firebird was safe, every hair intact.

But the impact, coupled with the effects of the Five Colour Honey, caused it to slip into a coma!

Su Yu was elated!

This was the situation he was hoping for!

Whoosh ——

Su Yu flew closer, retrieving a dagger, as he wished to cut the chest of the firebird open.

But as the dagger went closer, he had a moment's hesitation.

Even though the firebird was overbearing, it did not seem to be evil. Compared to the white tiger, it was kind.

Even though Su Yu was not a good person, he was not willing to kill the innocent.

But thinking about Xianer, Su Yu clenched his teeth, ultimately striking down with his dagger. "I have to, for the Phoenix Blood Elixir....."

Just as Su Yu was striking down, Yun Yazi's voice came from his robes: "If you wish to find the Phoenix Blood Elixir, it's too late. It has been converted into energy. It was digested the moment it entered its mouth."

Su Yu froze on the spot, the dagger in his hand silently falling.

"Already... digested..." Su Yu broke into an uncontrollable shiver, his eyes immediately becoming dull, as if he was a person who had lost the light and was about to die.

This moment caused Su Yu's body to freeze, as if he had fallen into a chamber of ice.

He had gone through great lengths to faint the firebird, but what he got was this answer instead!

"Heaven, you cruel master! Do you really wish to toy with me until I die?" Su Yu let out a howl of injustice toward the sky!

In the end, he still lost!

He had worked so hard ever since the fight in the Icy Azure Lake, but to no avail!

"Can you tell me why are you so insistent to get the Phoenix Blood Elixir? Is it for that woman Xianer?" Yun Yazi noticed the events that were going on, faintly understanding that Su Yu's motive for finding the Phoenix Blood Pill was to save the girl named Xianer.

Su Yu was dazed, narrating like a wooden doll.

After listening to the story, Yun Yazi's jaw dropped: "Oh, so it is the Phoenix of Death needing nourishment using the blood of a Phoenix. So you need the one drop of Phoenix blood in the Phoenix Blood Elixir?"

Su Yu nodded in a daze, his face full of grief, "But, it's all too late..... The last drop of phoenix blood is gone!"

Unexpectedly, Yun Yazi let out a huge laugh, as if he had just heard a joke.

"Hahahahaha..... I'm dying from laughter. I have not seen such a joke for a long time now!"

Su Yu let out a self deprecating laugh: "Yea.... Laughable.... In the end, it was a useless struggle!"

"No! What I meant was that you do not know a treasure when you see one!" Yun Yazi had not had a good laugh for a long time now, finding it difficult to stop. "Hehehe.... It's the first time I've witnessed someone wanting to open the stomach of the phoenix to retrieve a Phoenix Blood Elixir for the one insignificant drop of phoenix blood, when the real phoenix is just laying before him!"

Hng ——

Su Yu trembled, looking down in disbelief at the firebird before him. He widened his eyes: "You are telling me that this immature firebird is... the legendary immortal? The fabled Phoenix?"

Su Yu found it hard to believe this answer.

Yun Yazi said, "What do you think?"

Su Yu observed it closely. The firebird was clad in colourful feathers and was surrounded by flames. Wasn't that the exact description of the fabled Phoenix?

But it was far less noble than he had imagined!

"This is definitely a Phoenix, but it's not really an immortal. There are no immortals in the Zhenlong Continent. This phoenix is but a descendant of the immortal Phoenix, possessing one percent of its bloodline." Yun Yazi shook his head, "In truth, most of the rumoured immortals in the Zhenlong Continent are but spirit beasts that are descendents of such immortals. Immortals would not exist in the Zhenlong Continent."

"But, one percent of its bloodline is enough to save your girlfriend a hundred times over." Yun Yazi laughed.

Su Yu's mouth was dry, he had met a real Phoenix!!

The fabled Phoenix that only existed in ancient books!

"So I have to release its blood?" Su Yu was excited.

Yun Yazi waved his hand, "There's no need. The most precious things on a Phoenix are the three feathers behind it, harbouring more than thirty percent of the immortal blood within it. You can just take the feathers. If you kill this Phoenix, you would invite much trouble."

After all, the Phoenix had a master. If he killed it, it would be troublesome if the master came to exact revenge.

Furthermore, the abilities of the master are hard to imagine, considering if the master was able to have a spirit beast like the Phoenix!

Shifting his gaze, Su Yu took out the three feathers on the Phoenix's tail.

Within the feathers were a layer of boiling red liquid. It was the purest blood of the immortal Phoenix!

"Xianer! You can be saved!!" Su Yu's heart was thumping wildly, never once had he felt this excited.

Xianer's life was a big mountain, pressing on Su Yu's heart and making it hard for him to catch a breath.

Now, he had finally obtained what was needed!

Shifting his gaze, Su Yu tossed the sleeping Phoenix into the Eternal Stairs, throwing it back into the third level!

Without an Advancement Stone, it was unable to leave!

After that, Su Yu returned to the fence.

He looked at the Ice and Fire Herbs with anticipation.

"Elder Yunya, what is that pair of divine herbs?" Su Yu looked at the icy divine herb, his eyes glowing.

His intuition told him that, if he consumed the icy divine herb, his three ice-based techniques would be able to reach the top class!

Yun Yazi calmly said, "They are true divine herbs, called the Ice Fire Dragon Plant, far superior than your Divine Dragon Plant. In terms of value, it would be around a legendary level technique."

Rumble ——

Su Yu felt as if he'd been struck by lightning. "Legend..... Legendary level technique?"

Martial path techniques are split into beginner, medium, advanced, saint and deity levels.

Spirit level techniques are split into legacy, immortal, and legendary.

Su Yu had never even come into contact with a full immortal level technique, and at this point, two stalks of divine herbs worth a legendary level were now placed before him!

"En, the value was about there. You should be able to exchange it for a legendary level technique with either of the stalks," Yun Yazi calmly said.

Su Yu's heart was thumping wildly, his blood boiling.

But at this moment, Yun Yazi splashed a pail of cold water on his head, calmly saying, "But I'll advise you to not think about that."

Chapter 203: Legendary Manual's Remnant

Su Yu was experienced in the ways of the world, so he understood Yun Yazi's words.

"What elder means, is that the master of the divine is extremely strong and that I cannot afford to offend him?" Su Yu pondered.

"That's right. He has a white tiger with the bloodline of an immortal and has also cultivated the legendary level Ice Fire Dragon Plant. Looking at it, his abilities should be that of a mythological figure of the continent. If you picked these plants, he might come after you."

Su Yu muttered to himself. A mythological figure?

A mythological figure that stood at the peak of the continent, which he would need to look up to?

After some time, Su Yu passed through the crack in the light, took out the Delicate Jade-Like Shovel, and dug out the Ice Fire Dragon Plant.

"Are you not scared of someone coming after you?" Yun Yazi was surprised.

Su Yu raised his head and looked toward the clouds. A gust of wind struck and fluttered his silver hair.

"If I am scared, I would still be at Shenyue island, growing old there, as if I was a shore bird. If that is the case, then how is it possible for me to be who I am now?" Su Yu had a dull expression. His Martial Path's heart was never extinguished.

No one could stop him in the path that he had taken!

"Hahahaha... As expected of a disciple that I, Yun Yazi, have taken a fancy to. I like your spirit!!" Yun Yazi laughed to his heart's content: "Without a doubt, being careful is the magical treasure of safety. However, a dashing spirit is the shortcut to rise to the top!"

"Continue to work hard. I look forward to the day when you ascend and become a mythological figure of the continent!"

Su Yu shot his gaze toward the Heaven swiftly, fiercely, and clearly. He then whispered: "Definitely. I will become a mythological figure and control my own fate!"

After his speech, he sat down with his legs crossed.

In front of him were two spiritual plants, a Divine Dragon Plant and an Ice Fire Dragon Plant.

In addition, there was also the three-paged remnant of the manual of "Buddhist Saint's Eight Characters" that he obtained as the ultimate reward from the Eternal Stairs.

"Elder, is "Buddhist Saint's Eight Characters" a legacy level cultivation technique?" Su Yu looked through the title page and found that it was a sound wave cultivation technique.

Su Yu became very interested. It was the first time that he had come across such a cultivation technique.

Yun Yazi's expression turned strange: "Legacy level? If the ancient temple's master heard your words, he might lift up the cover on top of his coffin, come out, and strangle you to death. He was someone who stood at the peak and had surpassed the Dragon Realm. How could the ultimate reward that he left behind be only legacy level?"

Crash—

Su Yu's palm trembled and he felt relieved that he did not throw the remnant of the manual away. His pupils trembled and his heart was beating extremely fast: "Does that mean that this is an immortal level cultivation technique?"

Having come across a complete immortal level cultivation technique, how could Su Yu not be startled?

Who knew that Yun Yazi mocked unfathomably: "Why not think a few levels higher?"

Buzz, buzz, buzz—

Su Yu's mind was filled with thunder. His whole body shook violently, and he opened his mouth as though he could not believe what he was hearing: "Do you mean that this is... a legendary level cultivation technique?"

"Haha. It is indeed a remnant of a manual of a legendary level cultivation technique. Moreover, it is a remnant of a manual of a middle-grade legendary level cultivation technique! Comparing its worth, it is worth more than this Ice Fire Dragon Plant! That remnant of the soul of the Buddhist monk is not stingy. He has given you an amazing reward."

Su Yu's pupils shrank until they became a needle. At the very moment, he could hear his heart beating extremely fast, as though horses were galloping.

It was actually a legendary level cultivation technique!

The rumored most ultimate level of a cultivation technique, legendary level!

The supreme legendary level, which surpassed the immortal level!

At that moment, Su Yu had a feeling that he was dreaming.

"However, it's too early for you to be happy. When the remnant of the soul of the Buddhist monk was alive, he was unable to cultivate the cultivation technique successfully. From that, it can be seen that the level of difficulty is extremely high, so you had better prepare yourself." Yun Yazi dampened Su Yu's enthusiasm at a good time.

Su Yu came back to his senses from his blank state of mind. His palm trembled slightly and he flipped open the manual excitedly.

""Buddhist Saint's Eight Characters", a sound wave cultivation technique. There are a total of four stages. The three stages at the back had been lost, only stage one remained. It is split into entry level, Lower Class, Upper Class and Top Class, four realms in total."

For every stage of a legendary level cultivation technique, there is an additional "entry level" realm, showing that there is a high of difficulty in cultivating the cultivation technique.

"For the four realms, its power will grow stronger with every realm. Its power will depend on the wielder's cultivation base. If the wielder is at Dragon Realm, and the cultivation technique is honed to entry level, he can kill someone four levels above him!"

Su Yu's pupils shank, a giant wave of astonishment forming in his heart!

That cultivation technique could kill people four levels above the wielder, at just entry level?

In other words, if Su Yu managed to cultivate the cultivation technique to entry level, as a Dragon Realm Level One Upper Tier at the very moment, he could easily suppress anyone who was Dragon Realm Level Five Upper Tier and below!

Glazed Ice Flame was known to be the most powerful cultivation technique among the legacy level cultivation technique. However, even if it were honed to Stage Three Top Class, it could suppress someone one level higher, at best!

As for the legendary level cultivation technique, the entry level was already so powerful. In that case, how strong and fierce would Lower Class, Upper Class, and Top Class be?

"Level of difficulty of cultivating this cultivation technique. It is suited for martial artists with high levels of comprehension. He can cultivate the cultivation technique to entry level within fifty years, a hundred years to Lower Class, five hundred years to Upper Class, and within a thousand years, he will achieve Top Class."

The entry level required fifty years. Even if he fast forwarded his time flow by two hundred times, he would require three months!

Lower Class required a hundred years, meaning that he would require half a year.

Upper Class required five hundred years, meaning that he would require two and a half years.

Top Class required a thousand years, meaning that he would require five years!

Even with Su Yu's cheating, he would require such a long amount of time, let alone a normal person!

Legendary level cultivation techniques were indeed not something that a normal person could cultivate. Only that rumored mythological figure could touch a part of it.

Su Yu's eyes were filled with excitement, his confidence level going up by a few times!

If he could successfully cultivate the cultivation technique, even if he met mythological figures, wouldn't he have the strength to fight against them?

Su Yu made up his mind, looking at the Divine Dragon Plant and Ice Fire Dragon Plant.

"You can swallow the Divine Dragon Plant now. I believe that it will increase your abilities greatly."

"As for the effects of the Ice Fire Dragon Plant, if you do not wish to suffocate to death from its effects, a root hair from the rootstock is the limit that your body can take."

Su Yu was terrified. A root hair could suffocate and cause him to explode?

As expected of a legendary level divine herb!

"I understand!" Su Yu nodded his head. He then swallowed the Divine Dragon Plant and a root hair of the Ice Flame Dragon Plant at the same time.

The first plant he swallowed contained a huge amount of energy, while the second plant he swallowed was icy cold, to the point that it was indescribable with words.

By swallowing both of them, Su Yu would be honing his cultivation base and three ice-based cultivation techniques at the same time.

While he was training.

At the edge of the ocean at the outside world, there were three Elders who stayed behind at the Ancient Xianyun Temple to fetch the remaining disciples.

The Faction Master and the remaining Elders and disciples returned to the faction.

Because, an unexpected person returned!

At the Faction Master's palace, the Faction Master was extremely surprised and revealed a delighted expression: "Haha. Fourth Elder has unlimited blessing and is safe and sound. This is worthy of a celebration."

After one month, the Fourth Elder finally returned from the abyss of Wutong on foot.

His cultivation base barely recovered to Dragon Realm Level Three Lower Tier.

"Thank you Faction Master and Elders for your kind thoughts. I did not die from the great danger and returned arduously to report the offense of a disciple!" The Fourth Elder looked around the surroundings and was full of righteousness.

The Faction Master was slightly surprised. He straightened up his clothes and sat up properly: "Which disciple does the Fourth Elder wish to report? Why do you want to report him?"

"The person that I wish to report is the Inner Sanctum disciple, Su Yu! My reason for reporting him is that he colluded with the Empire of Darkness and revealed the location of the abyss of Wutong, causing many outstanding disciples from our faction to be captured!"

Han Zhi's expression turned slightly serious: "What, Su Yu is a traitor of the faction?"

The other Elders were astonished as well.

"What evidence do you have?" The Faction Master's expression turned serious. The abyss of Wutong suffered great losses because of a mole!

The Fourth Elder said coldly: "The evidence is obvious! For the matter regarding Xia Jingyu, I am sure that all of you here know what happened. She joined the Empire of Darkness willingly, sinking to the point that she became the enemy's lackey! As for Su Yu, according to my investigations, he came here from Shenyue Island, along with Xia Jingyu, and they were bosom friends!"

"That day, Su Yu strongly requested to join the abyss of Wutong in order to find out its location for the Empire of Darkness!"

The entire process added up, no one had any doubts.

"A bunch of nonsense!"

Suddenly, an icy cold voice reverberated in the silent palace.

Mo Wu's face was filled with detest. Although other people did not know who was the traitor, she was there at the abyss of Wutong and had experienced everything that happened there. How could she not know?

"The traitor is obviously Tang Yixuan! You have seen it for yourself, why did you vilify someone else?" Mo Wu berated. She could not forgive empty vilification towards Su Yu, who had died because of Xianer!

The Fourth Elder's eyes were filled with disdain, and he berated in a stern voice: "An Elder is talking, is there any room for your interruption? You have not been taught well!"

"Are you trying to say that I cannot teach people properly?" The Second Elder's ugly face caused people to be frightened like never before.

The Fourth Elder was stunned, and he was filled with fear. However, he remained very firm:

"Humph, I am merely speaking the truth!"

"Wu-er, give him a slap. Since he humiliated you in this manner, you can return him the favor in the very same manner!" The Second Elder's eyelid drooped slightly, as she spoke casually.

"If he dares to retaliate, then I will do it!"

The Fourth Elder was startled and furious: "I dare you!"

Whiz—

Mo Wu already threw herself towards him. Her soft white hands were raised with a posture ready to slap the Fourth Elder.

"Stop it!" The Faction Master could not help but interfere and berated: "Fourth Elder, Mo Wu has almost reached the level of an Elder, please respect her."

Mo Wu was at Dragon Realm Level Two Peak and was not far away from Dragon Realm Level Three, which was the standard of an Elder.

"If you say anymore disrespectful words, I will tear your mouth to pieces!" The Second Elder gave an indifferent hum: "Wu-er, continue what you were saying!"

Mo Wu nodded her head: "Moreover, at the forbidden ruins of the abyss of Wutong, the Fourth Elder monopolized all the treasures for himself and did not hand them over to the faction!"

Something like this actually happened?

Rustle, rustle, rustle—

Gazes shot toward the Fourth Elder one by one.

The Faction Master's expression turned serious: "Is that true?"

Against coercion, the Fourth Elder revealed an inconspicuous course smile and shouted loudly: "Faction Master! I faced the danger of being captured. Hence, I took all the treasures in the forbidden ruins with me beforehand. But here, I am vilified!"

Drop—

The Fourth Elder shook his body, sending a big pile of treasures falling out from his chest.

All the treasures were cultivation techniques!

Over fifty remnants of manuals of legacy level cultivation techniques.

Ten full manuals of legacy level cultivation techniques.

The most shocking thing was that there were four remnants of manuals of immortal level cultivation techniques!

"What? Four remnants of manuals of immortal level cultivation techniques?" The people in the palace were shocked beyond description!

For the past hundred years, the faction only obtained a remnant of manual of an immortal level cultivation technique. However, because it was very incomplete, no one cultivated that cultivation technique.

At the very moment, they had obtained four manuals!

The Fourth Elder revealed a grieved face: "I have swallowed all these manuals into my stomach and managed to preserve them. As for the rest of the manuals, they have been taken by the Sub Palace Deputy Palace Master."

However, no one was listening to his explanations. Everyone's gaze was attracted by the four remnants of manuals of immortal level cultivation techniques!

Crash—

The Faction Master extended his hand and took the four immortal level cultivation techniques.

However, the Great Elder paid no attention to the current situation and extended his hand as well!

"Great Elder, do you still have me, the Faction Master, in your eyes?" The Faction Master's expression changed.

Although he had some tensions with the Great Elder, it was the first time that they fought over something in front of everyone!

"Haha. Everyone has a fair share of the items from the abyss of Wutong, all of them do not belong to the Faction Master alone." The Great Elder put on a false smile and grabbed the manual of the immortal level cultivation technique.

The Second Elder's pale eyes moved, and she wore an indifferent smile.

Her charming body moved swiftly. When she appeared again, she was in front of the Faction Master and Great Elder!

The speed of her movement technique surpassed both of them!

She stretched her soft white hands, grabbing two of the manuals of the immortal level cultivation techniques.

The expressions of the Faction Master and Elder Great changed at the same time, as they had both gotten one manual each.

"The lost knowledge of Shentian Manor, the half immortal level cultivation technique, "Flying Shadow's Triple Change"! The Great Elder's eyes turned gloomy.

Many strong martial artists came from the Shentian Manor. Within the Shentian Manor, there were immortal level cultivation techniques with a part of its manual broken and the broken part could not be cultivated. These immortal level cultivation techniques were changed to legacy level cultivation techniques, its power being above a normal legacy level cultivation technique. Hence, it became known as half immortal level cultivation technique.

With "Flying Shadow's Triple Change", in regards to the Second Elder's movement technique among the faction, if she said that she was number two, no one dared to claim the number one title!

Chapter 204: A Grave Imminent Danger

The Second Elder did not regard those around her, flipping the immortal level techniques, before tossing one to Mo Wu. "What good luck. This is suitable for you, take it."

Mo Wu took it and gave it a glance, the Song of the Breeze Sword!

"Thank you master!" Mo Wu was incredibly excited. How powerful would an immortal level sword technique be?

What made Mo Wu even more surprised was that there were some comments written on the manual, saving her dozens of years of trying to interpret the technique!

She could learn this technique by the time the Alliance Meet came around!

"Unfortunately, this is not suitable for Su Yu." The Second Elder was disappointed, stuffing the other book in her robes.

She passed a manual to Mo Wu without much contemplation, compared to the faction master and the Great Elder, who greedily flipped their books without any intention of giving them to their disciples!

Ji Hongxue and Shen Jiuyin were incredibly envious.

It was a moment before the faction master let out a slight cough: "Cough cough..... I'll inspect this book first, and will naturally pass it to someone suitable to cultivate this technique."

The appearance of immortal level techniques had deeply shaken the faction, to the point that such a preposterous scene ensued.

"Master, may I know if you believe the words I said?" The Fourth Elder, who was disregarded, spoke.

The faction master had a look of hesitation. The Fourth Elder had given them many treasures, but that did not mean that Mo Wu was lying.

Forming a sinister smile, the Fourth Elder continued, "That Su Yu colluded with the Empire of Darkness and stole a divine treasure from the forbidden grounds, I'll swear upon my life this information is not false! I beseech the master to take this treasure back from Su Yu!"

If he, the Fourth Elder, could not obtain Yun Yazi's soul, Su Yu should not even dream of keeping it! These words caused the faction master's words to thump wildly!

How easy was it to choose between a divine treasure and Su Yu's innocence?

"Hmph! He should be punished for stealing the treasures of the faction!" Han Zhi let out a cold sneer, "I suggest that we punish him on the spot when he comes out!"

The Great Elder gave a slight nod, "We should take back the divine treasure before killing him. It is alright if he dies, but we must not lose the divine treasure."

The Third Elder also nodded, "I agree! This thief must be punished by the faction!"

The Third Elder's disciple, Long Fan, had been defeated by Su Yu and still bore the grudge in his heart.

"Me too!"

All the elders expressed their opinions.

Su Yu was in possession of a divine treasure, which brought out the greed in their hearts, as well as a large killing intent.

Everyone in the faction wanted to claim Su Yu's life and get a share of the treasure.

The opinions of the majority were pressing, causing the expression of the Second Elder to change.

In the face of benefit, Su Yu would not escape the torments of the faction, even if he was innocent.

"Teacher!" Mo Wu was anxious. Once Su Yu came out, without knowing the situation here, then the results would be...

The entire faction wanted Su Yu dead!

"I have my plans," the Second Elder calmly said, her white eyes flashing with frustration.

The faction master hesitated for a moment, before nodding in approval: "If he had really deceived all of us, then I, as the faction master, would personally kill him..... If he could come back!"

Su Yu's fate had been sealed by the Fourth Elder!

"Also, the Four Core Disciples should take this month to prepare, and head to the Alliance to attend the meet. Whether or not you can enter the Shentian Manor will depend on your luck!" the faction master said seriously. "As for the four fractions of the immortal level techniques, we should pass it to the Four Core Disciples, hoping that they achieve victory in the upcoming meet!"

This move was to legitimately take the immortal level techniques back from the Great Elder and Second Elder.

The rest of the elders naturally agreed.

.....

A month's time passed quickly.

Su Yu had been cultivating silently in the Sky Garden, which was rich in spirit energy.

Buzz Buzz Buzz ——

Su Yu suddenly opened his eyes, a light that seemed to have physical qualities had caused the air to crackle!

He slowly opened his mouth.

"Lin!"

With that word, the physical sonic boom escaped his mouth into the skies!

In that moment, the heavens rumbled and a deafening sound spread!

Just the character 'Lin' seemed to have split the heavens!

The air trembled continuously, flowers were sent flying everywhere.

The pebbles on the path could not withstand the vibrations of the sonic boom, shattering into many pieces.

The spiritual beasts, which were below Dragon Realm Level Two in the garden, fled in fear.

The ground under Su Yu was split open, almost causing him to fall into the resulting crevice.

Rumble ——

The echo that rebounded blasted Su Yu back several meters, causing his blood to curl!

If was a long while before the echoes gradually faded.

But fifty miles away, at the Jade Lake, a sleeping hundred zhang eel suddenly woke up, its eyes filled with unprecedented fear!

Even the combined attack of the Four Core Disciples had not made it feel this way.

A shred of the spreading echo had such a startling power!

"What terrifying power!" Su Yu had flown back several meters, his heart filled with surprise.

The Buddhist Saint's Eight Characters. He had just touched the surface of it over the past month, under the two hundred times acceleration of time.

But just touching the surface had resulted in such startling, terrifying results!

Yet his painful throat and shivering body told Su Yu something.

At Su Yu's current cultivation level, it would have adverse effects on his body, if he used this technique too many times!

The sonic boom would attack his opponents, and at the same time, would damage his body. This technique is one that would hit the opponents for a hundred percent of its power, but at the same time, the user would take ten percent of the damage.

However, to achieve a horrifying victory in a short amount of time, in exchange for damaging the body a little, was worth it!

These were not the only results of his training. During the month of cultivation, under the effects of the root of the Ice Fire Dragon Plant, Glazed Ice Flame, Icy Divine Wings and Sigh of Ice had all been cultivated to the top class!

His spirit energy reserves were now three times higher than others of the same cultivation level!!

His ice attack had become impossibly strong!

His Icy Divine Wings had shown a third form —— its Final Form!

Under the effects of the Dragon Plant, Su Yu's cultivation level had improved by leaps and bounds!

He had broken through to Dragon Realm Level Two Peak from Dragon Realm Level One Upper Tier!

The power of the Divine Dragon Plant was greater than he had imagined.

He had never before consumed the Black Dragon Plant, thus, the power of the Divine Dragon Plant was displayed to its full extent.

Coupled with the rich spirit energy in the surroundings, the month of cultivation had allowed his cultivation level of Dragon Realm Level Two Upper Tier to further improve!

Finally, the root of the Ice Fire Dragon Plant also harbored an intense energy, settling into his blood.

All this caused Su Yu to reach Dragon Realm Level Two Peak, higher than what he had planned. He was only a step away from Dragon Realm Level Three!

If he could fully absorb the effects of the Ice Fire Dragon Plant into his bloodstream, he would easily be able to break through to Dragon Realm Level Three!

Su Yu's unprecedented strength made him feel more confident!

"It is time to return to the faction, to settle some blood debts." Su Yu stood up, his silver hair dancing wildly in the wind. His eyes were filled with hatred!

Whoosh ——

Two months had passed. Su Yu and a few other disciples were enveloped by space energies, sending them out of the Ancient Xianyun Temple.

Su Yu's feet had just touched the ground, when he heard a rumble.

The Ancient Xianyun Temple had once again hid itself in the clouds, disappearing over the horizon.

"Wicked thing! Kneel!" Su Yu had just returned, when he heard a cold voice.

Opening his eyes to look, three elders, who were standing guard at this location, surrounded him.

The Seventh, Eighth, and Ninth Elders!

The eyes of the three elders were filled with surprise and joy. To think that Su Yu could return after entering the Eternal Stairs!

Su Yu creased his brows. The unfriendly gaze of the three elders gave him a bad premonition.

"Hmph! Are you deaf? We told you to kneel!" The Seventh Elder shot a cold glare towards him.

"Hehe, to think that I, Su Yu, would warrant three elders to deal with! I am really flattered! I wonder what heinous crime I committed?" Su Yu laughed, his hands behind his back.

The disciples, who came out together with Su Yu, were all confused. What did Su Yu do to warrant the attention of three elders?

"Wicked thing that deceived your elders, what right do you have to question the elders?!" The Seventh Elder questioned Su Yu, a palm striking out in fury.

Just how powerful was someone of Dragon Realm Level Four Upper Tier?

Furthermore, that strike was fierce and merciless, with no intention of holding back.

Even so, Su Yu did not understand why he was being attacked by three of the elders.

But his opponent struck mercilessly, Su Yu had no reason to hold back. He laughed angrily: "Fine! I had meant to leave the faction, and this is just bringing that plan forward! You three old things, don't force me to attack!"

"Wicked thing that deceived your elders, you have no respect for your elders!" The elders were furious.

Su Yu laughed, "No respect for my elders? What are you guys? Do you have any intention of regarding me as your junior?"

"Seventh Elder, don't waste your words with him. Capture him for his punishment in the faction!" The Eighth Elder creased his brows.

"Hmph! Wicked thing, kneel and surrender!!" A horrifying spirit energy gathered in the palm of the Seventh Elder, pressuring Su Yu!

Su Yu laughed angrily, killing intent flashing in his eyes,: "Fine! I'll start with you guys. I'll kill my way back into the faction!"

"Stop!"

At this moment, a proud, slender figure flew out, a gentle voice escaping her mouth. It was Mo Wu!

Su Yu was deep in trouble. How could she stand by the side and watch? She had been waiting here and intervened at the right time.

"Under the orders of my teacher, I am to bring Su Yu back into the faction. If you wish to get slapped by my teacher, then, by all means, report your names!" Mo Wu used the Second Elder's name.

The Seventh Elder's expression turned rigid, as he retracted his palm with a feeling of injustice.

"Hmph! He is a traitor of the faction, so we have to keep him in surveillance!" The Seventh Elder clenched his teeth.

Mo Wu coldly said, "Have it your way. Su Yu, follow by my side!"

The intense moment had been calmed temporarily by Mo Wu.

Su Yu suppressed his killing intent, walking towards the side of Mo Wu.

"Su Yu, find a chance to escape! You..... have death awaiting you!" Mo Wu whispered into Su Yu's ear, narrating the entire situation to him.

Hearing the entire narrative, Su Yu understood. The treasure in his possession had ultimately invited the greedy hearts of many.

Su Yu's using ice based legacy level techniques in the Xianyun Contest had already invited the scrutiny of many.

Now, coupled with the Fourth Elder smearing his name, it had completely brought out the sinister thoughts of many!

"So that dog Fourth Elder is still alive? Hehe!" Su Yu's eyes were filled with killing intent!

"Su Yu, teacher had given me divine equipment. Take it with you later, and flee while hiding!" Mo Wu silently said.

But Su Yu's gaze was cold, "Flee? Why should I flee? Since they all want to see the divine treasure I have, I shall grant them their wishes!"

"You're insane! The entire faction is waiting to question you!" Mo Wu was incredibly anxious. How could Su Yu fight against the entire faction?

The Seventh Elder's gaze turned fierce, interrupting the two of them: "Mo Wu! Don't do anything out of the line!"

Mo Wu could only be anxious.

In her unease, Su Yu ultimately returned to the faction.

The Liuxian faction, the Judiciary Hall.

The Judiciary Hall was split into the Minor Hall, Intermediate Hall, and the Major Hall.

The Minor Hall dealt with Outer Sanctum Disciples.

The Intermediate Hall dealt with Inner Sanctum Disciples.

The Major Hall dealt with heinous crimes, usually involving an elder.

In the past ten years, the Major Hall had not been used even once.

Today, the sealed Major Hall was slowly opened.

Su Yu looked up to see the inscribed board of the Major Hall, his lips forming a mocking smile.

This was the faction he belonged within?

Stepping in, the faction master, elders, and Dragon Realm disciples, all of the most powerful figures of the Liuxian faction, had arrived!

Multiple gazes pierced through Su Yu.

It was as if they were trying to search for the divine treasure the Fourth Elder had spoken of.

With a gentle smile, Su Yu stood with his hands behind his back. His silver hair danced. He did not seem like someone awaiting trial.

Chapter 205: Laughing at His Rivals

"What are you laughing at?" The Faction Master felt slightly unhappy.

"Of course I am laughing. I am laughing at a bunch of peasants, who have not seen treasures before." Su Yu laughed indifferently as usual. However, his words were particularly piercing.

Han Zhi banged the table and stood up: "Insolent devil!! You have vilified the faction, kneel down now!"

Although Su Yu was looking straight ahead, he did not even look at Han Zhi at all. He clasped his hands behind his back and gazed at the Faction Master. He then pondered a while and said: "What? Is there a second Faction Master in Liuxian faction? You have not even spoken. Yet, an average person can make the decision on your behalf?"

"You insulted an Elder, this means that you are courting death!" Han Zhi lost his temper. He was humiliated by a disciple as an average person in front of a big crowd.

"Tenth Elder, are you the Faction Master, or is it me?" The Liuxian Faction Master said indifferently all of a sudden.

Han Zhi overstepped his boundaries and went against the Faction Master. In particular, under the huge pressure by the Great Elder, the Liuxian Faction Master became even more sensitive!

Han Zhi's lips twitched slightly and he hurriedly cast his arrogance aside: "You are the Faction Master."

"Then, can you please keep your mouth shut?" The Liuxian Faction Master's words were calm. However, it was not difficult to realize that coldness was hidden within his words.

Han Zhi glared at Su Yu coldly and did not dare to interrupt again.

"Good. The average person has kept his mouth shut. I feel at ease and am in the mood to talk now." Su Yu ignored the Tenth Elder's gaze, which was filled with murderous intents. He swept his eyes past everyone and said indifferently: "What do all of you wish to ask me? Speak."

Many Elders' expressions changed. What an arrogant little kid! He talked to the Faction Master in such a commanding tone!

A "speak" word implied that Su Yu was strong and wildly arrogant!

The Liuxian Faction Master's heart felt unhappy. However, he knew that, as a cornered beast, Su Yu would still fight. He intentionally put on airs with a dignified and solemn expression, and also spoke seriously. The Faction Master then asked: "Let me ask you, have you monopolized some of the treasures of the forbidden ruins for yourself instead of handing them over the faction?"

"I did." Su Yu did not try to cover this up, his expression remaining calm.

Many Elders' expressions changed slightly, their eyes burning with fire. It was actually real!

"Hand them over!" The Faction Master's gaze was sharp, like an arrow.

"I refuse!" Su Yu responded without any hesitation, just as he had in the past.

The Liuxian Faction Master's expression turned serious: "You have embezzled the treasures in the faction. Yet, you still brag unblushingly about it?"

"Disciples from the faction have been captured by people twice. The faction is weak. Although everyone is angry, they dare not say anything. Now, when you are forcing a disciple to do something, you do it swiftly and resolutely!" Su Yu had long been disappointed with the Liuxian Faction Master.

If not for that, Xia Jingyu would not have ended up at the Empire of Darkness, making it unknown whether she was safe or in danger!

These words that hit the nail on the head caused many of the higher ups to lose their temper, looking on with anger.

The Liuxian Faction Master's expression gradually turned gloomy: "Let me ask you again. Are you going to hand over the faction's treasures?"

"Even if I handed them over, would you pardon me?" Su Yu smiled coldly. He revealed his silver teeth slightly and emitted a dazzling cold light.

The Liuxian Faction Master said coldly: "You have colluded with the Empire of Darkness. Even if you died a hundred times, you still have to bear the blame. Now, you still have the gall to ask me to pardon you?"

"Hahahaha... What's this 'even if you died a hundred times, you still have to bear the blame'!" Su Yu looked up to the Heaven and laughed loudly. His actions were reckless, and his silver hair was dancing in a frenzy. He laughed wildly to show his despise for the group of Elders: "For a divine treasure that you are unclear of, you sullied the reputation of a disciple and placed him on death's door indiscriminately. What a good faction!"

The group of Elders feigned anger to conceal the guilt inside their hearts. They knew that the Fourth Elder's words were full of holes.

However, even if Su Yu were accused, the divine treasure, which surpassed the remnant of a manual of an immortal level cultivation technique, caused them to make their decisions without any hesitations.

"Insolent devil! The dignified Great Liuxian Faction is famous both domestically and externally. How is it possible for us to accuse you unreasonably?!" The Liuxian Faction Master's righteousness surged.

"Hahahaha... Famous both domestically and externally?" Su Yu could not help but laugh: "When the Empire of Darkness snatched the disciples away, Liuxian Faction was so weak, it dared not resist. Liuxian Faction is indeed famous both domestically and externally!"

The Faction Master's eyes were burning with flames of fury and he banged the table. After which, he squeezed out a few words from the crevices of his teeth: "You! Enough! To think that the faction actually nurtured a devil like you. Can you face your own conscience?"

After hearing what was said, Su Yu laughed more willfully: "Nurtured by the faction! Hahaha, the faction has indeed nurtured me!"

"In order to achieve your objectives, you forced an assessment on the disciples, asking them to execute a dying mission in the ocean. After the duty was fulfilled, you became worried that we were not loyal and drove us out as a result. Do you know how many disciples' futures were ruined, as

they were not allowed entry into the faction, even though they wished to progress?" Yun Ya's beautiful figure flashed through Su Yu's mind, as she was one of those who were affected.

"Even though you knew that Wolong Snowfield was dangerous, you disregarded the lives of the disciples and coaxed the low leveled Holy King disciples to form a six-men team in order to lure out the thieves who killed some of the disciples in the abyss of Wutong and stole their treasures. Because of that, do you know how many people died as victims of injustice in the Snowfield?" Su Yu's mind recalled the situation in the Snowfield. Among six people, only two people returned alive.

"At the abyss of Wutong, when the Empire of Darkness launched a surprise attack, as a guard at the abyss of Wutong, which is an important place, the Fourth Elder abandoned all the disciples and ran away by himself. Do you know that, to date, it still remains unknown how many people are dead or alive?" Su Yu recalled.

"This is the so-called nurture that you mentioned?" Su Yu laughed furiously and asked. If he did not conceal his abilities deeply, he would have already died many times!

Those incidents were experienced by Su Yu firsthand, and he witnessed the faction's coldness and ruthlessness.

The three incidents that made a ringing sound when mentioned caused all the higher ups to feel embarrassed.

The Dragon disciples who were there felt depressed. Su Yu's words had called out the bitterness of many people.

Su Yu had shed all pretences of cordiality, there were no going back!

The Faction Master's expression was so gloomy that water might drip out: "What an ignorant and crazy disciple! Not only did you collude with the evil Empire of Darkness, you are also spreading fallacies to deceive people! We will kill you on the spot, no mercy will be given..."

"Hahaha. Indeed, I have colluded with the Empire of Darkness. So what? Your Liuxian Faction is known for its righteousness. However, you accuse someone ruthlessly and cruelly. How are you any different from the evil Empire of Darkness?" Su Yu unleashed all his feelings that he constrained: "Even if you did not force me to do so today, I, Su Yu, already had thoughts of leaving!"

His words had completely angered everyone!

Without any regards for the Faction Master who was on-site, many Elders berated him furiously.

"He has turned his back on us!!" The Fifth Elder was extremely furious. In the whole history of the Liuxian Faction, there was never a situation like at this very moment!

"What a daring person! No need for words, kill him by dismembering his body!!"

...

They did not expect Su Yu, who was oppressed and smothered like fish meat on a chopping board by their own bidding, to reveal their true colors before his death.

This scene, which exceeded their expectations, had caused them to be extremely furious.

Seeing that the Elders were extremely furious, due to Su Yu hitting the nail on the head and stinging their hearts as a result, Su Yu's expression turned cold and he laughed wildly continuously: "I turned my back on all of you, because I have been forced to do so by all of you!"

"If you want me, Su Yu, to die silently, all of you must pay a price for it!" Su Yu laughed coldly, continuously.

The Liuxian Faction Master was so furious that his body was trembling. The development of the situation had exceeded his expectations completely!

The Liuxian Faction Master bit his teeth and stood up with the intention to make his move!

At that moment, the Second Elder said indifferently: "Wu-er, capture him."

That action was to take a step ahead of others in order to protect Su Yu.

However, even before Mo Wu made her move, a silhouette had already thrown itself towards Su Yu!

That shadow had a normal look and was at Dragon Realm Level Two Upper Tier. He was once an undefeated existence who Su Yu looked up to.

"Dog! You have been arrogant for long enough. Let me send you off now!" Cao Xuan revealed a deep and wild smile.

It was unexpected! It was indeed unexpected!

Su Yu, who considered himself the best in the world, Su Yu, who fought into the Four Great Disciples of the faction, and Su Yu, who was about to surpass him, Cao Xuan, under the sudden unfavorable turns of events following a rapid development, sank down to a traitor whom the faction wished to get rid of quickly in a night's time!

The shame that Cao Xuan felt when he was defeated, the humiliation that Cao Xuan felt a few months ago, when he was forced to castrate himself. At the very moment, he could return all those favors to Su Yu!!

"It's fine. I shall repay my debt of blood starting with you, an eunuch!" Su Yu clasped his hands behind his back and took a step forward.

Mo Wu's expression changed greatly: "No, Su Yu! All the Four Great Disciples have cultivated immortal level cultivation techniques!!"

A free gift of comprehension had allowed them to gain something within a month.

However, even if it were a small part of comprehension, its powers were greatly above legacy level cultivation techniques!

"Hundred Flower Entangling Palm!!" Cao Xuan's five fingers composed an orchid seal, as he clapped his jade-like hands lightly.

The palm, which looked normal, evidently contained great powers of the Heaven and Earth!

It was as if the attack was in harmony with a mysterious path and possessed frightening powers!

"Dog!! I, Cao Xuan, will send you back to the Heaven with the immortal level cultivation technique that I have learned!!" Cao Xuan gave an angry roar and headed for Su Yu. Because of the fact that he had become a eunuch, his voice was sharp, as though it was a woman screaming.

Su Yu stood with his hands clasped behind his back and faced Cao Xuan's attack indifferently.

When the immortal level attack was about to land on Su Yu, he only extended a finger.

He did not use any cultivation techniques; just a mere finger.

Titter—

The sharp attack caused the air to have an exploding sound which reverberated in their location. Cao Xuan's immortal level cultivation technique had great powers of the Heaven and Earth and shook the hearts of everyone!

The Dragon Realm disciples on-site were terrified and restless. In front of the great power, they felt an energy that shook their souls.

Rumble, bang—

Cao Xuan's attack collided with Su Yu's finger and they brushed past one another. After which, they stood still at their position.

Cao Xuan's attack got its way and managed to hit his opponent's finger. Without a doubt, Su Yu's heart had been shattered to pieces at that very moment!

"A petty and low being! In the past, you needed to look up to me. Now, you will collapse under my powers like before and look up to me in prison!" Cao Xuan was high-spirited and vigorous. He was delighted like never before: "Still the same sentence like the past. I, Cao Xuan, will take your woman on your behalf!!"

However, all of a sudden, Cao Xuan saw that many Dragon disciples were looking at him with terrifying looks.

The terrifying looks were not caused by feelings of veneration, but by fear...

At that moment, Su Yu's indifferent voice, which was unchanged, implying that he was in good condition, could be heard from Cao Xuan's back: "As a eunuch, you are still thinking of women, even right before your death? So ridiculous."

Cao Xuan turned his head abruptly.

However, at the moment when he turned his head, the space in between his eyebrows felt icy cold!

After which, he felt a scorching sting. Straight away after that, he felt an extreme pain down his marrow, as though something had been ripped open!

In the end, his consciousness became blurry!

When he closed his eyes, a magnificent wall reflected a blurry scene, right before his death.

Blood was gushing out from a blood hole as broad as a finger with a murmuring sound.

His head had been pierced through by a finger!

Rumble, puff—

Cao Xuan collapsed onto the floor softly. His eyes turned grayish white, and he completely lost his mind in the end!

Cao Xuan, one of Liuxian faction's Four Great Disciples, had died!!

"A cultivation technique is at its best when it suits you. Do you think that, because you are a eunuch, you will be able to unleash the abilities of "Hundred Flower Entangling Palm" that only women can cultivate?" Su Yu did not even turn his head as he commented indifferently.

He had only cultivated a very small part of the cultivation technique and it was also not suited for him. Even though the cultivation technique looked extremely powerful, its power was not as powerful as Six Fingers of Destruction.

"First debt of blood, retrieved!" He had taken Cao Xuan's life for Xianer!

Everyone was stunned for a short while. After which, they became mad with rage: "Insolent ruffian! You actually killed one of the faction's core disciples in front of everyone!!"

Han Zhi's whole body was trembling, as he looked at Cao Xuan's body in disbelief!

Shen Jiuyin's expression was grave and he took a few steps forward: "Little kid! Your improvement is huge. If I had known that this were the case, I should have chased you out of the Ancient Xianyun temple and ruined your future!"

"However, your good luck ends here!" Shen Jiuyin's expression turned gloomy and cold, as he gave a light roar.

At once, an absolutely terrifying scene appeared. Shen Jiuyin's body started to change. The change was indeed his strongest form.

Soul Transformation!

In the blink of an eye, he changed from a human being to a monster that was three times bigger than a normal human being!

Its eyes were blood red and emitted a cruel and divine light that was inhuman.

"Roar — Your life, I will take it!"

Su Yu had an indifferent expression: "Do you think you are fierce, when you have roared till you are happy? If you wish to die, then I will grant you your wish!"

Chapter 206: Killing geniuses with a finger

Roar ——

Shen Jiuyin's fury pierced through the heavens. Even though he was only Dragon Realm Level Two Peak, his power was that of Dragon Realm Level Three!

Rumble Crash Crash ——

The large fist was filled with inhuman strength, hurling toward Su Yu's head!

Compared to the giant fist before him, Cao Xuan's strike was like the flare of a firefly trying to compete with the brilliance of the moon. The difference was night and day!

"Retreat quickly, the second strongest disciple of the faction, Shen Jiuyin, has started his attack!" Multiple Dragon Realm disciples felt their scalps go numb, retreating quickly to avoid being caught in the crossfire.

"What a scary transformation. Who is able to compete with this technique?" Feeling Shen Jiuyin's inhuman strength, the hearts of the Dragon Realm disciples were in awe.

The forceful wind of the fist caused Su Yu's silver hair to dance wildly, but it could not disrupt the peaceful look in his eyes.

Facing such a powerful punch, Su Yu merely extended a finger.

There were no deep techniques, no wondrous tactics, no glamour and fanfare. It was merely an ordinary finger.

Crash ——

The fist collided with the finger, silently shaking the atmosphere, but the results of the clash crashed into everyone like a wave!

Ah ——

The inhuman Shen Jiuyin let out a pathetic howl, flying back several meters!

His huge fist was bloody, blasted by a horrifying power!

"Junior.... Junior Su defeated Senior Shen Jiuyin with a technique?" Everyone was startled!

Su Yu calmly retracted his finger, slowly shaking his head, "Your abilities are not as strong as your arrogance, merely average."

At this moment, Su Yu was an unprecedented dark horse in the eyes of the Dragon Realm disciples!

In the Xianyun Contest, he had barely gotten a place in the top ten.

Now, after the training, he had easily defeated Shen Jiuyin, the second most powerful disciple!

Ji Hongxue, who was silently observing the fight, was burning with a desire to battle, "Great! Great! Great! Your power is much greater than I expected!"

In the past, amongst the disciples, only Ji Hongxue felt that Su Yu was worth fighting.

No one understood why that was so.

Today, Su Yu's overbearing abilities proved Ji Hongxue's foresight.

"Su Yu! Even though now is not the time, I wish to fight you!" Ji Hongxue was visibly excited.

Su Yu let out a slight smile, "Okay! We might not have a chance to spar after today."

He had once promised to fight Ji Hongxue, but he did not expect it to happen under such circumstances.

Ji Hongxue's battle intent was raging, a layer of liquid blood energy coated the surface of his body and seeped through his pores. Eight arms formed on his back.

"Eight Shoulders Trap!"

"Careful Junior Su! Each of my eight arms have the power of a Dragon Realm Level Three Lower Tier!" Ji Hongxue's battle intent had been ignited, as he was now stepping to the centre for his fight against Su Yu!

Su Yu calmly nodded, "Strike!"

Rumble ——

Ji Hongxue crashed in with his eight red arms, which sliced through the air, attacking in unison!

Who could stand up against eight Dragon Realm Level Three Lower Tier fighters striking together?

But Su Yu was calm, standing in his original position, without moving an inch. It wasn't until Ji Hongxue had nearly connected with his attack, that Su Yu finally struck!

But what caused the Dragon Realm disciples to gasp was that Su Yu still extended only a finger to face such a devastating strike! It was a finger once again!

At that moment, the two of them collided!

Crash ——

Rumble ——

In the eyes of the crowd, Ji Hongxue's eight arms were as fast as lightning, each able to kill any one of them with ease.

His eight arms struck in unison, leaving no openings. Even the elders, who were observing the fight, wore grave expressions!

But multiple disciples were breathing rapidly, unable to believe their eyes!

Su Yu's lone finger had tapped gently in the air! His body was still in its original position, never once moving. But his right arm had vanished!

This disappearing was due to the extreme speed, making it hard to capture with the naked eye! The crowd could only hear a pattern in the air, continuously sounding, as if rain falling on a lily pad.

Ji Hongxue increased his speed, growing more and more excited. The attacks of his eight arms grew fiercer!

"Too strong! Su Yu, you are too strong!!" Ji Hongxue was extremely thrilled, an unprecedented will to battle burning in his eyes!

At this moment, he might have slipped into insanity!

After a moment, Su Yu lightly nodded, "I still have important things to do, let's end this battle here."

Rumble ——

The figure of Su Yu's arm suddenly stopped, a finger casually pointing at Ji Hongxue's chest! No one could see this finger clearly! Only the top three disciples had grave looks on their faces.

"It does not lose to the Flying Shadow's Triple Change, in terms of speed!" The master of the Liuxian faction and the Great Elder squinted.

Ji Hongxue's eight arms stopped, his eyes still burning with battle intent, "This battle has not reached its climax yet, such a pity!"

Roar ——

At this moment, the ferocious, inhuman Shen Jiuyin had lost reason, once again charging forward!

"Soul Transformation" did in fact carry the risk of losing reason, and thus, the faction had banned Shen Jiuyin from using the technique in spars.

Today was an exception!

Ji Hongxue calmly glanced at him, "What a disgrace!"

His eight arms flashed, attacking the inhuman Shen Jiuyin.

"Senior Ji, you need not strike for me. Let him come! If you had not enjoyed yourself enough in our battle, you could use this opportunity to strike me together with him." Su Yu did not wish to implicate Ji Hongxue, thus stopping him.

Hearing Su Yu's words, Ji Hongxue hesitated. But he could not suppress his battle intent, laughing as he struck, "If that is so, I'll have to do as you said!"

"Eight Shoulders Trap!"

"Roar ——"

The two disciples, who were residing at the very top of the faction, were combining their powers against Su Yu! One left and the other right, striking together!

Su Yu's gaze was calm, finally letting down the left hand that he kept behind his back! But what caused multiple people to gasp was that Su Yu had still only extended a finger!

He had used a finger to kill Cao Xuan, a finger to heavily injure Shen Jiuyun, a finger to spar Ji Hongxue. And now, he was using a finger to challenge the genius disciples that resided on the very top of the faction!

Crash ——

Rumble ——

Thud Thud Thud ——

A shocking scene ensued!

Ji Hongxue was pushed back three steps!

Shen Jiuyin was pushed back five steps!

With a finger for each person, Su Yu had pressured two of the geniuses at the peak!

Su Yu was too strong!!

He was so powerful that it was suffocating!

"Hahahahaha, again!!!" Ji Hongxue's battle intent raged fiercer and fiercer!

Shen Jiuyin's fury was increasing by the second!

The two attacked once again in a fierce pincer attack!

Su Yu used both his hands to deal with them at the same time!

But at the moment Su Yu struck with his hands, at the moment where he did not have the ability to guard, the moment he could not conjure a third hand...a figure had silently flew to Su Yu's back, launching an attack at Su Yu's blind spot, where it was most difficult to defend!

"Su! Yu! Don't even dream of obtaining something I cannot get! Die!" It was the Fourth Elder, his eyes full of hatred. He had seized the minute opportunity to launch a sneak attack on Su Yu's back!

Mo Wu's expression changed, "Despicable!!!"

He had not mentioned even how he smeared Su Yu's name and plunged him into a fate of death, and during the sparring between disciples, launched a sneak attack from the back as an elder!!

The Dragon Realm disciples were all disgusted. How could an elder be so shameless!

But the Fourth Elder had struck too suddenly. No one could make it in time to help Su Yu!

"Now die! Little bastard!" The Fourth Elder's palm, full of hatred, struck at Su Yu's back!

The disciples gasped!

The Dragon Realm disciples, who were more intelligent, understood at this moment that Su Yu was innocent.

But he had not only been placed into such a situation by the Fourth Elder, but he was also going to die by the sinister sneak attack of the Fourth Elder!

Su Yu's entire life was going to be destroyed by the despicable Fourth Elder!

Many felt this was an unjust for Su Yu to be treated, but Su Yu's face remained calm, without any signs of fluster.

In fact, he let out a cold smile, "Old thing, you've finally shown your despicable nature!"

The Fourth Elder had forced him to hand over the top grade Marrow Cleansing Elixir, lusted over his divine artifact Divine Ice Ring, and wanted to silence Su Yu after the Empire of Darkness arrived during the test in the Abyss of Wutong. Even after he survived, he wanted to smear Su Yu's name by claiming that Su Yu colluded with the Empire of Darkness, pushing him to the edge.

Now, at Su Yu's most critical moment, the Fourth Elder leapt forward to launch a sneak attack!

His despicable acts made one bristle with anger!

"Little jerk! You foiled my plans, this is your rightful end!" The Fourth Elder let out sinister laughs!

Su Yu wore a mocking smile, "Old thing, let me give you a surprise!"

"Divine Ice Ring!!" Su Yu's hands were occupied with the two people, and had no opportunity to defend against the Fourth Elder's sneak attack.

But Su Yu still had the Divine Ice Ring!

Creak ——

Several hundred Divine Ice Threads shot out from Su Yu's robes, enveloping the Fourth Elder behind him, who could not defend himself in time.

"Ah! Divine artifact! Didn't you return this to the Second Elder? Why is it still in your possession?" The Fourth Elder was wrapped like a dumpling by the Divine Ice Threads, his sinister smile turning rigid. Finally, he turned white as a sheet, before letting out a piercing howl.

Su Yu laughed coldly, "The divine artifact is mine, why should I return it to the Second Elder?"

Rumble ——

At the same time, Su Yu used his two fingers to completely push back Ji Hongxue and Shen Jiuyin!

This time, Ji Hongxue was pushed back ten meters, his blood curdling, as a streak of fresh blood fell from his mouth.

Shen Jiuyin, on the other hand, let out a pathetic howl as he spat out blood!

Su Yu had pierced through the heart of his massive body!

He was sent flying back several hundred meters, dying on the spot!

"Ssssss ~~" The Dragon Realm disciples looked gravely at Su Yu, unable to suppress their shivers!

He had faced three people alone: The two geniuses at the peak. One was severely injured, the other was killed on the spot, and an elder, who was launching a sneak attack had been captured alive!

Su Yu's powers made them question everything they knew!

"The sparring is over, now it is time to settle the scores, one by one!" Su Yu turned his head coldly, his eyes filled with killing intent!

At the same time that Su Yu was exuding killing intent, the Great Elder was radiating killing intent of his own!

Han Zhi's disciple, Cao Xuan, and the Great Elder's disciple, Shen Jiuyin, had both been killed by Su Yu!

This caused their hearts to throb. Both of them wanted to control the Liuxian faction, and this made them completely furious!

"Su Yu!!!" Han Zhi had come to his senses after the death of Cao Xuan. His eyes were red, his beard flaring. His ancient body shuddered violently, "You killed my disciple, I want you to, Wish! You! Were! Dead!"

Su Yu let out a large laugh, "Old thief Han Zhi! I'll tell you the truth. I've come into the faction with only one purpose, and that is to claim your head to pay respects to my teacher Li Guang!"

Rumble ——

It was as if lightning struck the hearts of everybody present.

The junior, who was not even a Holy King when he entered the faction, had entered with the purpose of killing an elder! This massive aim made many dumbfounded! But what was even more shocking, was that Su Yu was on the brink of achieving it!

He could kill a Dragon Realm Level Three with just a finger. How far could he be from Han Zhi's Dragon Realm Level Four?

"Su Yu! Your teacher deserved death, you deserve death, too!" Han Zhi was furious. Never had he been so livid!

The Great Elder's face was also sinister. He had spent much effort bringing up his disciple Shen Jiuyin, only to be killed by someone who was about to die!

"Su Yu! I really hate that I did not kill you back when you caused trouble at the wedding!" The Great Elder's heart was full of regret.

Chapter 207: A Hundred Year Old Score

After hearing what was said, Su Yu laughed loudly: "Old bastard! If you feel remorseful, you can reincarnate and do everything all over again; No one is stopping you!"

At that moment, the world felt as if it was revolving around Su Yu.

The little kid, who should have died, unleashed his frightening abilities right before his death!

Among the Three Great Disciples of the faction, one of them was fatally injured, and two of them had died!

A thread of complication flashed past the Liuxian Faction Master's eyes. He understood that the reason why Ji Hongxue was able to stay alive, safe and sound, was due to Su Yu giving him mercy.

However, Su Yu had committed the worst offense of killing two Heaven Ruler's disciples. If he did not kill Su Yu, it would be a great disgrace to the faction. Hence, he had no way out!

What he did not know, was that, if he had chosen to take a step back at that very moment, he might not have been filled with regrets his entire life!

"Su Yu! Let go of the Fourth Elder. If you repent and mend your ways sincerely, there is still a chance for you to redeem yourself!" The Liuxian Faction Master revealed a serious expression.

After hearing what was said, Su Yu shot a glance toward Han Zhi, who looked as if he wanted to eat Su Yu alive, and the Great Elder, with his threatening murderous intents. Su Yu then laughed coldly, continuing on: "Since things have come to this, do you think that I, Su Yu, will kneel down and beg for forgiveness from Liuxian faction?"

"Liuxian faction has no right to ask me to kneel down!" Su Yu said forcefully, as he pulled the Ice Divine Ring in his palm!

The Liuxian Faction Master's expression changed greatly: "Stop it! Killing an Elder is a heinous crime, and you cannot afford to bear it!"

"Hahahaha... what an extremely funny joke! He had tried to put me at death's door so many times, and it is still considered as conforming to the principles. One must be thorough in exterminating an evil. When I kill him today, it will be considered as a serious crime, and an extremely dreadful disaster? What is this 'You cannot afford to bear it'!" Su Yu laughed furiously. Under his silver hair, his pupils were glowing with coldness.

The Fourth Elder was overwhelmed with grief, and his expression did not look human. At that very moment, that feeling where death was approaching caused him to feel extremely remorseful!

If he had known that he would end up as such, why had he provoked Su Yu in the past?

"No! Heaven cares for everything. Please give me a way out!" In front of death, the identity of Elder was meaningless. Hence, the Fourth Elder could not help but beg for his life.

Su Yu's icy, cold gaze passed through the Fourth Elder's body: "A way out? When you forced me to death's door, have you ever thought that Heaven cared for everything, and gave me a way out?"

"When I, Su Yu, wish to kill someone, even Heaven cannot stop me!" Su Yu said coldly, his fingers no longer having any hesitation.

Titter—

Puff—

With the tightening of the Divine Ice Threads, the Fourth Elder gave a horrible shriek, and he was cut into numerous pieces of mincemeat.

Blood splashed in all directions, causing the clean and peaceful palace to be dyed in red, looking as if it were hell!

The Dragon disciples were extremely shocked, and their lips trembled: "The supreme Elder... has fallen!"

The most recent case of an Elder falling was ten years ago.

The Elder, who stood at the top, and whom people looked up to, fell in front of their eyes at that very moment.

Moreover, his life was ended by a rebellious disciple!

At that moment, the way they looked at Su Yu changed again!

The person in front of them was an undefeated disciple among all the disciples. He was a myth and miracle of the current generation.

However, at that very moment, he killed an Elder. As if he were a rebellious demon, he caused everyone to feel fearful from the bottom of their hearts!

Apart from the Second Elder, the remaining eight Elders became extraordinary furious!

Su Yu despised them. The action of killing a supreme Elder had completely destroyed the baseline in their hearts.

Within the faction, the Elders stood at the top, and they could not be infringed upon. For hundreds of years, that was the case.

However, at that very moment, Su Yu used his actions to tell them that Elders could be killed!

His serious crime had destroyed the glory that they were proud of, causing their hearts to feel anxious as a result.

An Elder had died. Would another Elder die in the future?

Hence, murderous intents overflowed from all the Elders' eyes at the same time!

"Evil creature!! Die!!!" Along with the furious roar, many Elders made their moves together, with the intent of erasing Su Yu from the world!

However, Su Yu's eyes were calm, and he revealed an icy, cold smile: "I have finally killed to the point that all of you have started to have jitters, killed to the point that all of you understand that you must respect other people's lives, and I've also killed to the point that all you old bastards have become scared of dying?"

"However, it is a pity that my target today is not all of you. Hence, scram! Here is the place where I, Su Yu, take my revenge! Irrelevant people, withdraw now!" Su Yu's wine-red right eye was overflowing with a magnificent and brilliant light!

In a split second, the surprising red light enveloped the whole palace.

"Space! Time! Manipulation!" Su Yu's right eye enveloped the higher ups with the Faction Master being the first.

As they stood according to their ranks, the neighboring Great Elder, Second Elder, Third Elder, Fifth Elder and Sixth Elder, a total of six of them were shrouded by space energy.

Moving six of them at the same time was Su Yu's limit!

The Liuxian Faction Master was surprised and turned pale: "Innate space talent? You actually concealed your innate space talent? Stop now!"

"It's too late!!" Su Yu laughed coldly.

Titter—

They were transported ten miles away in an instant!

Moreover, they were sealed within the Icy Azure Lake.

At the palace, only the Seventh Elder, Eighth Elder, Ninth Elder and the person whom Su Yu intentionally left behind, the Tenth Elder, Han Zhi, remained!!

Su Yu glared at Han Zhi coldly, and the glance from the corners of his eyes landed beside Han Zhi on Xi Ruolan, startling her. He then said coldly: "There is no rush. Once I have taken Han Zhi's head, it will be your turn, wicked woman!"

Han Zhi laughed furiously: "Little trash! Do you really consider yourself to be someone worth mentioning? By killing two disciples of Dragon Realm Level Three, do you then think that you can match me?"

The Seventh Elder had a gloomy gaze: "Elder Han, let both of us work together and kill this evil creature!"

"No need! Do I need someone's help to avenge my own disciple? Elders, you can look on from the side! I can handle this by myself!" Han Zhi laughed furiously within his heart. If he needed to team up with others to kill a junior who sought revenge on him, how would he be able to save face in the future?

Whiz—

Han Zhi made his move, as he said so.

"Little trash! Even though your master died, he had left you, a trash who deceived and wanted to kill his ancestors! Today, I, Han Zhi, will enforce justice on behalf of Heaven!"

Titter—

It could be seen that six fingers of Han Zhi generated extremely tall raging flame!

Hundred Chinese feet of raging flame surrounded his body.

The terrifying heat waves that he emitted roasted the air, until it became scorching hot in an instant.

As for the cups of tea beside him, the cup with tea that had already gone cold started to boil at that very moment!

Also, all the tables and chairs made of wood started to burn all of the sudden!

As for the bluestone board beneath his legs, it was melted into smoke continuously, with a speed that a naked human eye could not perceive.

Although a part of his prestige remained, he was burning with a frightening high temperature that could burn everything away.

Although it was the same Six Fingers of Destruction, its power was more than ten times stronger than that of Cao Xuan!

"Six Fingers of Destruction at Stage Three Top Class!" The Dragon disciples regarded him with respect.

Han Zhi was among the few disciples who managed to hone his legacy level cultivation technique to Stage Three Top Class.

If not for him suppressing his cultivation base, he would have already fought into the top five with his abilities!

"Little trash, like your master, you will die from your crimes!!" Han Zhi's murderous intent was shocking.

Rustle—

Han Zhi took advantage of the opportunity to get close to Su Yu, and his Six Fingers of Destruction were surrounded by raging flames that could extinguish people's lives!

Su Yu's eyes were glowing with hatred: "This match, I have waited for very long!"

"Glazed Ice Flame!" Su Yu gave a light roar, and the Fire Cloud Seal in between his eyebrows was unsealed!

Crack, crack—

The surging cold energy erupted, as though it swept across Heaven and Earth!

An ice flame about a hundred Chinese feet high enveloped Su Yu's body and rose toward the sky, seemingly as though it was about to get the whole Law Enforcement Tribunal shrouded in the ice, which could destroy everything.

At the top of Su Yu's head, snowflakes were descending slowly, silently. The remaining scarlet ice flame came together and was shot onto the ground.

Crack—

The bluestone board beneath Su Yu's legs was frozen, to the point that it cracked!

It looked like a match that had happened before!

Half a year ago, Su Yu fought with Cao Xuan at the Law Enforcement Tribunal.

After half a year, Su Yu fought with Cao Xuan's master at the Law Enforcement Tribunal again!

It was the same Six Fingers of Destruction and the same Glazed Ice Flame!

A match of a hundred year old score, a match of the progressive ice and fire, and a match of fate which decided life and death collided with a loud bang at that very moment!

Rumble, rumble—

Heaven and Earth roared!

The collision of the ice and fire and the mutual annihilation of one another had brought forth an unprecedented and frightening amount of energy!

Ah—

Numerous horrible shrieks could be heard in succession.

The Dragon disciples on-site were hit by the shock wave. They became fatally injured, and vomited out blood on the spot.

The whole Major Hall of the Law Enforcement Tribunal collapsed, as the ice and flame annihilated one another!

The walls cracked and the roof collapsed. The sound waves, which shook the Heaven, swept all the dust that could cover the sky into the sky.

In the blink of an eye, the exchange of blows by the both of them had caused the Major Hall to become ruins!

Rub, rub, rub—

Among the people, Han Zhi became astonished, and he retreated many steps continuously!

His body was filled with ice. A layer of frost condensed on his eyebrows, and his fingers were frozen to the point that they were trembling.

"Stage Three Top Class"Glazed Ice Flame"? How is that possible? In just a few days, you made a breakthrough from Stage Two to Stage Three Top Class? Han Zhi was shaking with astonishment!

"Also, your spiritual energy... is about the same as mine!!"

The spiritual energy of Su Yu at a mere Dragon Realm Level Two Peak was on par with him who was at Dragon Realm Level Four Lower Tier!

No wonder that, among the Three Great Disciples, two of them died and one was fatally injured!

Su Yu's spiritual energy was forceful, and it had achieved the level of Dragon Realm Level Four!

The pupils of the three Elders who were observing shrank, until they became needles, and their faces were filled with astonishment!

Su Yu was actually on par with an Elder!

If that had not happened in front of their eyes, they would not believe it!

Su Yu was forced to retreat by one step. Both of them used a cultivation technique at Stage Three Top Class. In addition, fire-based cultivation techniques were extremely effective against ice-based cultivation techniques. Hence, Su Yu was only slightly superior to Han Zhi.

"Ignorant old man, are you finally scared?" Su Yu's eyes were full of boundless, murderous intents.

Han Zhi's expression changed, and he felt extremely frightened.

In the past, in his eyes, Su Yu was a small ant that was not worth mentioning. However, at that very moment, that small ant was a strong martial artist that was on par with him!

His fast development had caused Han Zhi to have the jitters!

Su Yu could not be left alive!

If he was, Su Yu would surpass him one day.

"Little trash! Do you think that legacy level cultivation technique is impressive? It is a pity that it is the end of the line for you! Let me show you an immortal level cultivation technique that you can never hope to cultivate in your entire life!"

Han Zhi weaved a few seals on his palms. His left hand pointed to the Heaven and his right hand pointed to the Earth.

At that moment, an overweening great power surged and appeared!

Compared to Cao Xuan's "Hundred Flower Entangling Palm," Han Zhi had comprehended his immortal level cultivation technique more deeply.

Although it had not yet achieved Stage One Lower Class, he had managed to comprehend a small part of it.

The Seventh Elder and the other two Elders revealed grave expressions.

Their abilities were above the Tenth Elder. However, at the very moment, against Han Zhi, who exhibited an immortal level cultivation technique, they felt that they were suppressed strongly.

"This is an immortal level cultivation technique? So strong!!" The Seventh Elder took a deep breath, and his eyes were filled with greed.

The four manuals of immortal level cultivation techniques were taken by the Great Elder and two other people. As the Tenth Elder was the Great Elder's disciple, he had the opportunity to comprehend the immortal level cultivation technique.

However, the Seventh Elder and the other two Elders did not have such good fortune.

"Overweening Art!" Han Zhi gave a light roar, as he extended both his palms!

At once, Su Yu had a feeling of suffocation, as though Heaven and Earth were putting pressure on him.

It was as if, under the palms, he was about to be crushed into dust the of Heaven and Earth!

However, the corners of Su Yu's mouth revealed a sneering grin: "What you are so proud of is your immortal level cultivation technique? Haha... If this is the case, Han Zhi, your head, I, Su Yu, will acquire it today!!"

Chapter 208: Washing off the injustice with blood

"Immortal level technique? Apologies, I've had that technique since long ago!!"

He had once gotten a fragment of an immortal level technique, with about a hundred words back, while in the Wolong Snowfield.

He had completely cultivated it over the months, but had never used the technique.

A formless breeze enveloped Su Yu's body.

His purple robes were lifted, his silver hair gently swaying. An unfathomable power was imposed on Su Yu's body.

All the wind in the world was circling Su Yu, listening to his orders.

It was as if he was the lord of all winds.

The wind was Su Yu's power!

Su Yu's eyes fell into a trance, slipping into the large power, muttering, "This technique has no name, I'll name it Wind Shadow Step!"

Whoosh ——

Su Yu's figure disappeared, leaving only an afterimage.

When he appeared once again, he was floating above Han Zhi's head.

"Wind Shadow Step, the first step!"

Rumble ——

Wild winds materialised in the form of a footprint as he stepped down.

Creak ——

Han Zhi's conceited stance was immediately broken!

The leftover power from the footprint attacked Han Zhi's chest.

Thud Thud ——

Han Zhi staggered, as he took several steps back, blood gushing from the corner of his mouth. A bloody footprint was visible on his chest.

"Where..... did you get this immortal level technique?" Han Zhi was surprised.

"Why would you, being all high and mighty, need to question a little pipsqueak like me?" Su Yu had a mocking smile, "Take this attack, mighty Tenth Elder!"

"Second step!" Su Yu's expression turned grave, taking his second step.

Rumble ——

Wah ——

Han Zhi spat out blood, drenching his robes. His old body was trembling in fear.

"Stop!" The expressions of the three elders, who were watching the battle, changed!

Su Yu disregarded their words, taking three steps forward!

Pu ——

Pu ——

Pu ——

Han Zhi spat out three mouthfuls of blood, his body was sent flying backwards. His chest was caved in and bloody!

With a pathetic cry, he crashed into a pile of rubble.

They were both immortal level techniques, but Han Zhi had merely learned using the comments of others, scratching merely the surface of the technique.

Su Yu had completely internalised and practised the more than a hundred words of the Wind Shadow Step.

In a direct contest, he naturally had the upper hand!

"Wicked beast! I've told you to stop and you still dare strike! What insolence!" The Seventh Elder grunted in fury.

"Hahahaha... What are you? Why should I stop, just because you tell me to?" Su Yu let out a brazen laugh, coldly replying, "You thought that it was natural, when he was killing me, but when I am killing him, you say I'm insolent and call me a wicked beast?"

"Old thing, the only person I want to kill today is Han Zhi. If you do not want to die, then scram!!" Su Yu let out an icy threat!

The Seventh Elder was livid, stepping forward, his face full of fury, "Traitor! Not repenting after killing the disciples of the faction, and an elder. Instead, you grow more and more brazen. The Liuxian faction must be blind to nurture such a wicked beast like you!!"

Su Yu gave an angry laugh, "You truly are a good dog, nurtured by the Liuxian faction! You people know that the Fourth Elder had framed me, but still insist that I am a traitor! Calling you a dog is more than you deserve!"

The Seventh Elder was about to explode, "Wicked beast! You are asking for death!"

Su Yu shot a cold gaze, "Take the opportunity, before I start killing the innocent, all of you, scram! Han Zhi had used despicable means to smear my teacher Li Guang's name for a hundred years, ruining his life. This is a personal vendetta between me and him. Anybody who tries to help him will be seen as an enemy that I, Su Yu, will kill!"

"Hahaha! What a joke! Just what is your teacher Li Guang? Do you know how mighty the status of an elder is? If he had indeed framed your teacher, how would he allow him to live for a hundred years? Please use a better story, if you want to call him despicable and smear the name of others!" The Seventh Elder was fierce.

Su Yu did not retort, only glanced toward him in disgust. Coldly shaking his head, "I have no words to say to a dog that refuses to learn."

After saying that, Su Yu stepped down once again!

Rumble ——

A large footprint stepped onto Han Zhi's chest!

Wah ——

Blood, mixed with chunks of flesh, sprayed out from Han Zhi's mouth.

He let out a pathetic howl, not unlike a pig being slaughtered.

This attack almost caused him to lose his life!

The scalp of the Dragon Realm disciples turned numb!

Su Yu had managed to beat the Tenth Elder half to death?

Was he really just a disciple?

"Wicked beast!!" The Seventh Elder let out a furious roar, "Attack together! Rid the faction of its evildoer!"

Whoosh Whoosh Whoosh ——

Three figures struck in unison: two Dragon Realm Level Four Lower Tier, one Dragon Realm Level Four Upper Tier.

Even though they did not possess immortal level techniques, their legacy level techniques were at Stage Three Upper Class!

Rumble ——

The sounds of the three attacks were deafening.

Su Yu's face flashed with killing intent. He was about to fight three elders on his own!

Everyone of them was a presence above that of Han Zhi's!

"Glazed Ice Flame!"

"Wind Shadow Step!"

Crash ——

Su Yu was overbearingly powerful. He used his legacy level top class techniques and immortal level technique to the extreme!

Ah ——

The three elders let out multiple wails.

The Eighth and Ninth Elders spat out blood on the spot!

Only the Seventh Elder let out a low grunt, forcefully blocking Su Yu's overbearing attack!

Su Yu had fought three elders alone, and injured two of them!

Such a terrifying battle record made the Dragon Realm disciples feel like they were in a dream.

Was Su Yu still human?

But Su Yu had borne the brunt of a combined attack, also spitting out a mouthful of blood.

The blood drenched his purple robes, turning them bright red.

His injuries were heavier than that of the Eighth and Ninth Elders'!

The Seventh Elder let out a cold sneer, "Have you put on your show of arrogance long enough? With such abilities, you can't even endure a blow!"

Su Yu let out a cold smile, his teeth dyed red with blood, adopting a tone of disdain, "Three against one, and you have the cheek to say that I can't last a blow?"

Even the disciples felt unjust for Su Yu. They were using numbers against Su Yu, and two of them suffered injuries, but still he had the cheek to say that Su Yu couldn't withstand a blow? Strike alone, if you have the guts!

The Seventh Elder laughed, "Wicked beast that betrayed the faction, everyone knows that I am a man of justice. What, three against one? Many against one? We do not need to talk about principles, when killing a beast like you! Attack together, and the next attack can severely injure him!"

The Tenth Elder in the rubble had a fierce look in his eyes, speaking with fear and hatred, "Little coward! Today is your death day! Elders, please kill the little jerk for me!"

"Die!" The three elders grunted in fury.

Against the killing intent of the three elders, Su Yu's expression was ice cold!

"You lust after the treasure that I might have, and push me to the edge. I have tolerated your personalities long enough!"

"You smear my name as a traitor of the faction, framing me as a spy from the Empire of Darkness. I have tolerated that, too."

"But you should not have gone so far!"

Su Yu let out a sigh. In that sigh was a deep killing intent, "I cannot tolerate this anymore, nor is there a need to tolerate it anymore!"

"Today, I have already committed the sin of killing. I, Su Yu, will kill until I am satisfied! I'll kill so many, that the heavens will flip around!"

Inhale ——

Su Yu took in a deep breath!

At that moment, the spirit energy surrounding them underwent a change!

The spirit energy gathered beside Su Yu, as if listening to his calls.

The air seemed to turn into a bottomless pit, sucking inward upon itself.

In that moment, wild winds blew. White clouds rapidly floated closer in the sky.

In the blink of an eye, a black mass of cloud materialised ten meters above Su Yu's head!

The rubble-filled land slipped into darkness, as if the end of the world was approaching.

In the darkness, Su Yu's head of silver hair was dancing wildly. His torn purple robe fluttered in the wind.

Su Yu was at the center of the dark cloud, his mouth open as he looked at the heavens, as if he was a demon king about to shout!

Bolts of destructive energy swelled in Su Yu's mouth!

It was as if his mouth was cultivating an unprecedented destructive energy!

Ah ——

Most of the Dragon Realm disciples were sent flying, while spitting blood. Many of their bodies suffered lacerations, as the power threatened to destroy them!

"Not good! Flee quickly!!"

In the blink of an eye, the Dragon Realm disciples had all escaped several hundred meters away, fearfully witnessing this scene.

The Seventh Elder was grave, "What..... what is this technique?"

"Not good! This wicked beast is developing something very dangerous, strike together and exterminate him!" The Seventh Elder's expression changed, then sped up in an assault toward Su Yu.

One second!

Two seconds!

Three seconds!

The Seventh Elder and the rest pressed on, closing in to three zhang away from Su Yu!

The Buddhist Saint's Eight Characters, "Lin, Bing, Dou, Zhe, Jie, Lie, Zhen, Zai", each of these characters represented a power level. It is said that, at the top class of this technique, there would be a ninth character, "Qian"!

Currently, Su Yu had only scratched the surface of the beginner class.

But even merely scratching the surface brought such an ungodly power!

Su Yu's cold eyes shot out with killing intent!

He finally said the character that shook the heavens!

"Lin!!"

Rumble ——

It was as if divine lightning rolled over the skies, the deafening sound encroaching upon every area.

The rubble on the ground, with Su Yu as the center, was shot out into the sky by the soundwave!

Then, under the horrifying soundwave, they crumbled into dust!

The three elders three zhang away bore the brunt of the impact!

Ah ——

Ah ——

The Eighth and Ninth Elders bled from all five organs!

The terrifying soundwave shattered their brains. The blood could not hold up against the intense pressure, shooting out from every orifice on their faces!

In that moment, two of the elders could not even fight back against the power, their heads shattering as they died!

The Seventh Elder was bleeding from his ears. His eardrums were completely destroyed by the soundwave!

His brain was shaking violently, most of his organs were destroyed!

Big pieces of flesh flew into the air with his blood, dyeing the skies red!

His body was destroyed in many places, especially the right hand that was closest to Su Yu. It had been reduced to a bloody mass!

"Ah ——"

The Seventh Elder let out a pathetic wail, his fierce expression contorting in pain!

Rumble ——

Under the huge impact, the Seventh Elder was sent flying several hundred meters back, crashing into the rubble, just in front of Han Zhi.

The Dragon Realm disciples, several hundred meters away, were all trembling uncontrollably.

He had fought against three elders alone!

In just one technique, two of the elders were killed instantly, and one was severely injured, to the point of half death!

Many disciples felt that they were in a dream. Were those fighting Su Yu really elders?

Why were they so weak?

The battle intent in Ji Hongxue's eyes had long been extinguished, replaced now by fear, a fear straight from the depths of his soul!

Su Yu had become so strong, that he could no longer develop any battle intent against him!

The soundwave scattered slowly. Su Yu's silver hair dropped gently behind his back.

From afar, his figure was still scrawny.

But at this moment, what everyone saw was an unparalleled, silver haired, divine king!

He had entered the faction with humble beginnings, but in half a year, after all the hurdles, it was as if the stars had shone on him, and he had made his name in the Outer and Inner Sanctums! This all could be seen in ...

His oath to become a demon in the Icy Azure Lake.

His attitude, when he challenged the Four Great Disciples during the wedding.

Returning like a victor to the Xianyun Contest, and fighting his way through the geniuses of the faction to obtain a place in the top ten.

Now, he was fighting the strongest of the faction alone, using the persona of a divine king to kill geniuses and exterminate elders. He had used his fists, his abilities, his sense of injustice toward fate, all to bathe the faction in blood!

Chapter 209: Ruolan's Dream

That earth and heaven shaking spirit of his had caused him to become undefeatable!

The arrogance that the Seventh Elder had collapsed with a bang at that very moment!

What replaced it was fear, a fear felt by his soul!

While all was quiet and still, Su Yu stuck out his legs and walked toward him with murderous intent.

"You keep on saying evil creature. If I am the evil creature that you mentioned, then what are you, who collapsed after just one blow?"

Su Yu's voice was extremely hoarse.

"Buddhist Saint's Eight Characters" had strong repercussions on the wielder's body. When Su Yu unleashed the full power of it, his vocal cords were completely destroyed and required a long time for recovery.

Against Su Yu, who had arrived in front him, the Seventh Elder felt extremely remorseful.

Undoubtedly, Su Yu had been enduring a long time now. Undoubtedly, Su Yu had given many warnings. Undoubtedly, he could have stayed away from the matter.

Why did he want to place Su Yu at death's door?

He understood that because, within his heart, Su Yu could be crushed to death with a flick of his finger.

Hence, he could not control himself.

As the Seventh Elder faced death, he cast aside his arrogance: "Let me off, I..."

However, Su Yu's eyes did not hold his silhouette.

His eyes only held Han Zhi!

Han Zhi's face was ghastly pale and completely filled with fear.

He finally understood that Su Yu could really acquire his head!

"When you go to the underworld, don't forget to repent for your sins in front of my master." Su Yu had a dull gaze.

"Wind Shadow Step!"

Rumble, puff—

However, at that moment, a sinister expression flashed past Han Zhi's eyes. He grabbed the Seventh Elder, who was in front of him, to block the attack!

Rumble, puff—

The Seventh Elder's chest was stepped upon, to the point that it broke, and his heart turned into powder!

Puff—

The Seventh Elder spit out blood that was the same color as his heart. He then turned his head. Han Zhi's sinister expression was reflected in his eyes!

At that moment, the Seventh Elder laughed. He laughed at himself!

In the end, he did not die at the hands of Su Yu. He died at the hands of the Tenth Elder, whom he defended!

He defended Han Zhi, believing that he would not be so despicable to the point that he would frame Li Guang.

However, the reality was that Su Yu's words were right. He was a dog that would not wake up any longer, no matter how many times people called him!

As the Seventh Elder mocked himself, he was also killed!

Su Yu's expression turned cold and he muttered cold words: "Wind Shadow Step..."

As he was about to give Han Zhi the final attack, he heard sounds of people roaring with rage behind him!

"Evil creature!!"

Rumble, rumble—

Six unmatched silhouettes finally returned from the Icy Azure Lake hastily.

However, what they saw upon their return was a piece of ruins!

Moreover, they also saw three bodies lying on the floor— three Elders' bodies!

The shocking scene filled with blood caused the Liuxian Faction Master to be unable to accept what he was seeing!

For an Elder to emerge in the faction, many years of hard work and painstaking care were required.

However, at that very moment, three of them died in one shot!

The Fifth Elder and Sixth Elder gasped!

The Seventh Elder's abilities were not far from theirs, yet he had died so tragically!

Were all these things done by the silver-haired disciple?

The miserable scene in front of them was so unreal, it was like an illusion.

The Liuxian Faction Master staggered and retreated. His expression turned pale, as he could not accept the reality in front of him.

Why... Why did it become like this?

It was just killing a disciple, who could not fight back. It was just acquiring the rumored great treasure. It was just something that could be done by turning his hand over.

Why was the price so huge, that it made him have such a deep feeling of grief?

The price was the blood of the four Elders, Fourth Elder, Seventh Elder, Eighth Elder and Ninth Elder. Moreover, it was still not finished!!

At that very moment, the Liuxian Faction Master felt remorseful from the bottom of his heart!!

If he had known that he would need to pay the price with the blood of four Elders, even if Su Yu held a complete manual of an immortal level cultivation technique, he would not have made the decision back then!

The sacrifice of four Elders was not something that could be redeemed with a rumored great treasure!

Without a doubt, he had made the most stupid decision in the whole history of the Liuxian faction.

For a treasure reward that he did not know, he sacrificed four Elders!

Almost half of the Elders in the faction were killed!!!

It would be difficult to restore such heavy losses, even after tens of years.

At that moment, the Liuxian Faction Master regretted these things deeply. When Su Yu killed Cao Xuan, Shen Jiuyin, and the Fourth Elder, undoubtedly, he had the chance to stop Su Yu.

Undoubtedly, he could have resolved everything. Undoubtedly, he could have prevented this horrible disaster from occurring. Undoubtedly, he could also have obtained a super genius with astonishing abilities, whose name would shake the whole faction!

However, to save face, and for the greed within his heart, he convinced himself that the situation could not be turned around, and could only carry on.

Hence, the consequences of allowing the situation to carry on were not as he expected. He had expected Su Yu, the ruffian, to be killed and the faction's face to then remain.

However, three more Elders had fallen, and he had paid a bloody price that he found difficult to accept!

Ji Hongxue looked at the Faction Master and felt disappointed.

In his eyes, the Faction Master was a tall and sturdy silhouette that was undefeatable. However, at that very moment, the Faction Master's silhouette had become gloomy.

In his life, his biggest mistake was scheming against Su Yu!

A unique genius that was an overlord in the human world should have belonged to Liuxian faction.

However, his master forced Su Yu to the opposite end, and also expelled him from the faction. Moreover, his master had done that at the cost of four Elders' lives, which made him have a deep feeling of grief!

That stupidity, that absurdness, and that ridiculous decision, all of which could make the Heaven and Earth laugh!

After that very day, if Liuxian Faction did not fall, his master would have to bear the blame and become the biggest sinner in the history of the faction!

The Second Elder's anxiousness solidified, and changed into a shock which was rarely seen!

She rushed back with impatience, as she was worried that Su Yu had already been killed.

However, the field was littered with corpses of the Elders!

On that afternoon, amidst the bright and beautiful sunlight, when did that thin and weak young man, who smiled and inquired of her about the rules of the Depository of Buddhist Scriptures, rise to such a high level, like her group of people?

The Great Elder's pupils shrank, and he had the jitters without reason!

Frightening!

Su Yu's potential was too frightening!

Everyone had returned. Su Yu swept his eyes past them dully and stamped his leg expressionlessly.

Han Zhi gave a sad and horrible shriek: "Quick, save me!!"

The Great Elder reacted and revealed a thick murderous intent: "I dare you!!"

After his speech, the Great Elder flew toward them.

Su Yu could not help but laugh loudly: "Since you are already coming to kill me, why do I need to listen to your orders?"

"Han Zhi's head, I, Su Yu, will acquire it! Today, no one can save him!" Su Yu said forcefully. Without hesitation, he stamped his foot.

"Presumptuousness!" The Great Elder raised his palm, swayed out a lump of fierce energy from his robe, and carried that energy with him as he headed to them!

The energy was fierce and passed through the void. Its power was so strong that it was frightening!

Under the attack, the air became still!

An attack that surpassed the Dragon Realm could kill all the strong martial artists!

Su Yu felt nervous and uneasy. His heart was beating extremely fast. At that moment, he felt the existence of the shadow of death.

That attack was so strong that Su Yu had no way of blocking it!

If he escaped at that very moment, he would make it. If he insisted on killing Han Zhi and stayed for a short while, he would be able to kill Han Zhi, but he would be killed as well!

However, if he escaped at that very moment, he might not have the chance to kill Han Zhi and exact revenge for Li Guang ever again.

His oath would forever be left unfulfilled.

Which choice should he choose?

Live for himself, or be responsible for Li Guang's revenge?

Su Yu bit his teeth and gave a light roar: "Time to go all out!"

If he killed Han Zhi quickly, he might still have a chance of escaping!

However, at the exact moment when Su Yu was about to make his move...

The speed of that attack which swept across the air rose hastily strangely!

Not good!

Not to mention killing Han Zhi, it was difficult for him to escape successfully at that very moment!

When he looked back, he discovered that the attack was a chain. The other end of the chain was in the hands of the Great Elder. Hence, its speed could be adjusted to become fast or slow!

At that moment, that attack came with a speed as fast as lightning, to the point that Su Yu hardly had any time to react!

Su Yu's pupils shrank. The chain in his eyes was about to hit his chest.

As for Su Yu himself, he had no opportunity to avoid it!

Su Yu saw that he was about to be killed!

At that moment, a frail body flashed in front of Su Yu and blocked the attack!

Woman! It was a woman who blocked that sure-kill attack!

Was it Mo Wu or the Second Elder?

Among the faction, only those two would save Su Yu!

However, at the corner of his eyes, he saw that the Second Elder and Mo Wu were rushing to save him.

It was not them!

Who was it?

Su Yu's heart shook, and he could not understand.

Among the faction, who would use their body to help Su Yu block an attack, an action that would cause his death?

Thump—

The chain attack passed through the frail body, from the front to the back, bringing it with a big pool of blood that splashed onto Su Yu's whole face!

Under the attack, the frail body banged into Su Yu's chest.

Su Yu subconsciously caught the body and looked at the face of the woman clearly. For the first time in his life, he became speechless: "It's you... Xi Ruolan!!"

Su Yu felt as if he had suffered a heavy blow, and his mind became blank.

The person who saved him was Xi Ruolan, who had killed Li Guang and who also wanted to put him at death's door!

Xi Ruolan's body was dyed red by blood, looking as if it was a rose that was in full bloom and had burst into bloom sorrowfully.

Blood was flowing out from the corners of Xi Ruolan's mouth. Her delicate five sense organs revealed painful expressions.

Because of the extreme pain, her frail body was shivering. As she lay on Su Yu's chest, her life was gradually fading.

"You... Why?" Su Yu's throat was mute and his mind remained blank.

Xi Ruolan felt so much pain that the corners of her mouth twitched. She spit out chilly words with difficulty: "Quickly, take revenge for Li Guang, kill me!!"

Su Yu was stunned and did not do it, even after some time.

Xi Ruolan was in pain and gave a light hum. She sneered at Su Yu: "What, Li Guang took in such an incompetent disciple? The enemy who killed your master is right in front of you, yet you dare not do it?"

"If you let me go, I will dig out his grave eventually, causing his corpse to be in the wilderness and making him unable to feel at ease forever!" Xi Ruolan laughed coldly. That laughter caused her injuries to flare up, and she coughed out a few mouthfuls of blood.

Her life force was fading hastily, along with the trembling of her body.

Su Yu placed her on his thighs. He then said with a hoarse and low voice: "I only wish to know, why did you do this?"

Rustle—

The Second Elder and Mo Wu flew over.

As they gazed at Xi Ruolan who was at death's door due to her fatal injuries, the Second Elder sighed lightly: "Because... she hopes that you will use your identity as Li Guang's disciple to exact revenge for Li Guang, thus freeing her as a result!"

"Free her?" Su Yu laughed. He laughed mockingly: "If that is the case, why did you cruelly end master's life with your own hands?"

Su Yu felt depressed and dreary. He cried out in solitude: "Do you know that master lived on in degradation, for the sake of seeing you again, for the sake of explaining to you, for the sake of getting the woman he loved most to forgive him, when he was still alive, during the last ten days of his life, and at the last moment of his life?"

"However... What have you done? Master had waited for a whole hundred years and experienced many hardships. By keeping watch on Shenyue island dully, from a dashing and spirited young man, he waited as great changes occurred during the years, and he gradually grew older. All of these things were to wait for a chance to return to Zhenlong continent and meet you!"

"However, when you met him, you completely shattered his hundred-year-old wish! You used the most heartless sword and ended his life!" Su Yu's eyes were filled with sorrow, anger, and hatred.

"Do you know that what died first was not his body, but rather... it was his heart! At that moment when you attacked him, at that moment when you revealed the hundred-year-old truth, which made him realize that he was wrong, he was dead! He was killed by you, heartlessly and ruthlessly!!"

Su Yu's eyes were filled with tears, and he laughed mockingly, loudly: "Now, you are telling me that you wish to atone for your crime and be freed from it? You want to wash off your wrongdoing? If that is the case, why did you do that?"

Whiz—

The Second Elder squatted down and her jade-like hand touched Xi Ruolan's body. The Second Elder stopped Xi Ruolan's bleeding and saved her on the spot. The Second Elder then said indifferently: "Because... She still loves Li Guang, and she has always been deep in love with him."

Rumble—

Su Yu's mind felt as if numerous thunderbolts flashed past, causing it to turn blank: "How is that... possible?"

If she loved Li Guang, why did she throw herself into Han Zhi's arms? Why did she accuse Li Guang wrongfully and waste hundred years of his time? Why did she kill Li Guang with her own hands?

Chapter 210: The hundred year truth

If she still loved Li Guang, why would she get together with Han Zhi? Why did she frame Li Guang and send him away for a hundred years? Why did she kill Li Guang with her own hands?

"Do you really think that Li Guang would have had friends from a hundred years ago to pray for him and send elixirs for his disciple? The friends Li Guang knew had already passed on. Also, with Han Zhi's influence, who would dare go to pray for him?"

"The only person who prayed for Li Guang was none other than Xi Ruolan, the person you hate the most!"

Mo Wu's eyes were filled with respect, "Su Yu, Teacher is very concerned about your situation. She had thoroughly investigated Li Guang's incident. Maybe you have misunderstood Master Xi."

Rumble ——

Su Yu fell into a daze. The elder that prayed for Li Guang in his heart was the person he had to kill, his teacher's enemy, Xi Ruolan!!

Xi Ruolan let out a pitiful laugh, tears rolling down her face.

"Brother Guang... I've let you down!" Xi Ruolan's body trembled, letting out a cry and shout of grief.

The term 'Brother Guang' had not been heard for the past hundred years. Now she had finally said it, with quivering lips.

"But why?" Su Yu could not understand.

At this moment...

"Hahaha....." Han Zhi, who was protected by the Great Elder, let out a large laugh. His laugh was arrogant and brazen, fierce, and full of malice, "That is because that woman wanted to exact revenge for Li Guang, thus, she unwillingly stayed by my side!!"

"She is smart. She knew that she could not stand up against me in the past, and so she pleaded with the Second Elder, who was envious of her beauty. That night, she gave herself to the Second Elder, in exchange for the Second Elder speaking up for Li Guang, saving his life, and sending him to Shenyue Island."

"Otherwise, why would the Second Elder help Li Guang, who she didn't know? It was all because this woman sacrificed herself to satisfy that old hag!"

"After that, she faced her love for me and became my woman, with the aim of staying close and finding an opportunity to kill me!!"

Xi Ruolan's pupils dilated, her expression changing, "What? You... You knew?"

Han Zhi let out a cold smile, "I also know that to kill me, you even consumed a slow-acting poison, making your body into a carrier of poison, slowly poisoning me until we would have perished together!"

Everyone knew that Han Zhi liked Xi Ruolan's body.

Xi Ruolan used this fact in the past in her preparing to kill Han Zhi using poison.

"Unfortunately, how could such a petty trick fool anyone? I have long cleared the toxins in my body! Laughable, being toyed about by me for a hundred years, still thinking that you could poison me to death and seek revenge for Li Guang!" Now that it had come to this, Han Zhi no longer needed to keep anything a secret, mockingly revealing the cruel truth.

Xi Ruolan trembled in fear and anger. She had sacrificed everything and endured such humiliation, but was rewarded only with being deceived by Han Zhi and toyed with for a hundred years!!

In that moment, Xi Ruolan trembled violently, "Then it was intentional that you forced me to kill Li Guang with my own hands the other day?"

Han Zhi let out a large laugh, "Hahaha... That was exciting. To make me believe you, you acted coldly. The scene of you killing Li Guang, while enduring your grief, was too exciting! I would imagine that Li Guang will not rest in peace!"

It turned out that Han Zhi was at the scene that day, stealthily tailing Xi Ruolan.

In order to not let Han Zhi grow suspicious, Xi Ruolan had to kill Li Guang with her own hands, despite deeply longing to be reunited with Li Guang, all for the sake of revenge.

But the real truth was that it was Han Zhi that was toying with the two of them intentionally!!

"Brother Guang!!" Upon knowing the truth, Xi Ruolan fell into a deep grief, letting out a heart wrenching scream.

She had been used by someone to kill the person she loved the most!

The Second Elder glanced at Han Zhi in disgust, before looking at the dazed Su Yu. She calmly said, "This was also why she desperately wanted to oust you from the faction... she wanted you to stay far away from Han Zhi! But she did not have a chance to tell you the true reason."

Su Yu was immensely shocked!

She suffered humiliation in order to satisfy the Second Elder and protect Li Guang. Then, she unwillingly got together with Han Zhi to find an opportunity to exact her revenge.

The truth shook Su Yu's soul.

It turned out that Li Guang had not loved the wrong person after all!

After a brief moment of recovery, color returned to Han Zhi's face. He used the fact that the Great Elder was protecting him and said, "Two laughable idiots, being toyed with by me until death!"

"I'll kill you!" Xi Ruolan shed tears of regret and hatred, slipping into insanity.

Hng ——

A heavy sneer crashed into the hearts of everyone present, as if thunder had struck!"

The Great Elder's gaze was impassive, "Xi Ruolan had plotted against an elder, a heinous crime. According to the rules of the faction, she is to be executed immediately!"

Su Yu regained his composure, letting out an angry laugh, "Xi Ruolan was clearly forced. Instead of judging the mastermind Han Zhi, you find Xi Ruolan guilty of plotting against an elder?"

"We will investigate, to see if Elder Han is indeed guilty. The evidence is stacked against Xi Ruolan, and naturally, we should execute her!" The Great Elder calmly said.

Su Yu laughed, "You're lying through your teeth? Han Zhi has confessed to the crimes himself, and you still need to investigate? You might as well say that he is an elder with a noble status, and Xi Ruolan and my teacher are all insignificant, whose deaths are not worth mentioning!"

The Great Elder creased his brows, "You do not repent, even in the face of death, I shall announce that the both of you will be executed together!"

"Wait!" The look on the faction master's face was fierce.

Was Han Zhi an idiot? To expose his dirty deeds to the ears of the public? As the faction master, how could he maintain his authority, if he did not deal with this?

"Faction master, I am going by the book, do you have any opinions?" The Great Elder turned back, calmly staring at the faction master.

The master of the Liuxian faction froze, his eyes narrowing into the width of a needle, his face completely shocked, "You....."

As if discovering a horrifying incident, the master of the Liuxian faction turned as pale as a sheet. His breathing was rapid, only slowing down after a moment. In a fluster, he said, "No... No objections!"

With a cold sneer, the Great Elder seemed like the true master of the faction, his gaze falling on Su Yu and Xi Ruolan, "Your crimes are decided, why haven't you kneeled and prostrated yourselves?"

"Enough!":

A fierce grunt shot out from Su Yu's mouth.

His chest was filled with a deep, boundless killing intent, an unprecedented, strong killing intent!

Han Zhi retreated, hiding behind the back of the Great Elder, his face haggard, "Little jerk! What can you do against me? So what if I toyed with your teacher and his woman until they died? Howling before you die, like a useless bum?"

These words infuriated even the disciples that were watching the events unfold.

He had been beaten like dog by Su Yu, just moments earlier, but now, with the Great Elder present, he was barking like a mad dog!

"Hahaha..... Han Zhi! You think I cannot deal with you, when you are hiding behind your master like a dog?" Su Yu handed Xi Ruolan over to the Second Elder, slowly standing up. Under his silver hair, his cold eyes shot out an icy glow.

Han Zhi's heart skipped a beat, but his expression remained fierce, "Hmph! The Dragon Realm in front of an Immortal is but an ant, what can you do to me?"

The Immortal Realm was a realm that surpassed the Dragon Realm!

There was nothing one cannot do when one entered the Immortal Realm. There was a notable difference between them and people in the Dragon Realm!

A Dragon Realm Level Seven Peak would not even be able to hold a candle against an Immortal!

The Great Elder was an Immortal!

Su Yu was enveloped in killing intent, subconsciously stirring up wild winds, causing his robes to float. His silver hair danced wildly, his eyes filled with an insane killing intent, his voice turning fierce, "I have said! No one can stop me from killing you. Not mentioning Immortals, even heaven cannot stop me from killing you! I will kill you even if it means losing my life!"

The boundless killing intent broke into the skies, bringing with it dust and debris.

In his words were the spirits of millions of people, the killing intent that shook the heavens, the unshakable determination. It was as if Su Yu was going to destroy this unfair world, tearing down this universe, tearing apart this pitiful fate!

Awe filled the hearts of many. What kind of gratitude, what kind of feelings, what kind of honour, would warrant such determination from Su Yu?

Even though he knew that he was facing an Immortal, he refused to turn back.

At this moment, Han Zhi's soul trembled. The icy grips of death silently surrounded Han Zhi.

The Great Elder shook his head, his eyes calm, "Insolent last words. Since you've said enough, I'll send you on your final journey!"

After saying this, the Great Elder waved his sleeves, sending out that terrifying chain!

But Su Yu had a crazy look on his face, "Old thing! Do you really think you can control everything? You cannot stop me from killing Han Zhi!"

"Seal of Time!" Su Yu let out a low grunt in his heart.

In that moment, everything slipped into a slower time.
