Chapter 2021 Striving For The Fourth Crown

Rain Immortal Civilization Department.

East war zone, in front of a villa in the central civilization.

A gentle man was holding a bouquet of flowers and placing it in front of the villa.

“Mingxuan, I hope you’re happy today as well.”The man was long Lan’s nephew, Long Yun, and also a loyal admirer of Ye Mingxuan.

He persisted for twenty years and pursued her relentlessly.

Finally, a year ago, Ye Mingxuan agreed to his request and became his girlfriend.

Long Yun was very excited.

Even though ye Mingxuan didn’t want to have any intimate actions with him, he was still extremely excited. Every day, he would send a bouquet of flowers and place them in her villa.

His perseverance and perseverance finally paid off.

Three days ago, Ye Mingxuan agreed to his proposal.

Today was the day of the engagement.

Long Yun’s mind was filled with happiness. He could finally get what he wanted and be together with his beloved goddess.

Ye Mingxuan appeared on the balcony of the second floor. She was wearing an elegant white dress and had a head of black hair.

Twelve years had passed. She had shed the last trace of the innocence of a young girl and revealed the roundness that she should have at this age.

Her entire body was blooming with a brilliance that made people unable to look straight at her.

Long Yun was mesmerized by her.

“Thank you.”Ye Mingxuan smiled faintly. Her smile was dotted with holes.

“Wait for me for a moment. Before I leave, I want to take care of some things.”Ye Mingxuan returned to her bedroom and opened the bedside cabinet.

An exquisite wooden box lay quietly in it.

The surface of the wooden box was as clean as new, not stained by the slightest bit of dust.

She stretched out her hand and gently stroked the wooden box with her fingers. She muttered in a lonely voice, “So, twelve years have passed.”

For a martial artist, twelve years might be a blink of an eye.

But for someone who only had a few hundred years of life, how many twelve years did she have in her life?

She had kept the wooden box for twelve years.

It was cleaned and wiped daily, as if it was the most precious treasure in her life.

However, in the past twelve years, she had never opened it.

She was afraid that once she opened it, she would never be able to close it again.

"I'm getting married, and I can't take you with me anymore." Ye Mingxuan looked lonely. "Perhaps, I should never have stayed."

Her fingers trembled slightly as she knocked open the wooden box.

An information machine came into view.

It was an outdated information machine, a product from at least twelve years ago.

It had been placed in a wooden box for too long, and the information machine looked very old.

But when she saw this item, Ye Mingxuan's eyes wavered. She covered her mouth, as if those things that had been forgotten were like a tidal wave that had rolled back.

This was the only thing that Su Yu had used and left behind.

Su Yu had read the books about the four major civilizations stored in this box. He had stayed in his villa for two months.

Other than that, he was like a breeze blowing through the blue sky, leaving nothing behind.

"Why can't I Forget You?" Ye Mingxuan said in a low voice, "I should have hated you."

Twelve years ago, when the east and West commanders met, it was a scene that Ye Mingxuan would never forget.

A person that she thought would never betray left her.

After that, there was no more news.

Whether it was good, bad, life, or death, there was no news at all.

She had once lost herself and had been busy suppressing herself all day long. Don't think about Su Yu, don't think about that betrayal scene.

Eleven years had passed, and she was almost overwhelmed by work.

Under the persuasion of Long Lan and the three vice commanders, Ye Mingxuan finally decided to free herself.

Perhaps, she would be able to completely forget the past only if she found another man that she could rely on.

Therefore, she agreed to Long Yun's proposal.

After becoming someone else's bride, she would have someone else's care. Perhaps, she would slowly forget the pain of that betrayal.

Or perhaps, she would forget someone else!

Staring at the information machine in front of her, Ye Mingxuan closed her eyes deeply and muttered, "It's time to say goodbye to the past!"

She took out a laser knife, closed her eyes, and chopped down decisively with a trembling hand.

However, just as she was about to chop down, a hint of regret appeared in her heart.

This was the only thing he had. If he destroyed it, he would never have it again.

However, the tip of the knife had already cut through the information machine, splitting it into two and completely destroying it.

"No!" Ye Mingxuan regretted it. She put away the laser knife and opened her eyes.

What greeted her eyes was a completely unrecognizable information machine.

Ye Mingxuan's eyes lost focus. She stared at it in a daze and didn't move. "In the end, it was still destroyed..."

Buzz Buzz --

But strangely, the damaged information machine actually fused on its own.

The information machine that hadn't been charged for twelve years and couldn't be turned on at all suddenly lit up.

A profile picture appeared on the screen.

"I don't know how long it has been since you saw this photo." The voice that had been gone for twelve years suddenly entered her ears.

Ye Mingxuan, who was in a daze, trembled violently. She stared at the information machine on the ground in disbelief and stuttered out the name that had not been mentioned for twelve years, "Su... Yu!"

"The condition for the recording is that the information machine will either leave the villa or be destroyed. Based on my estimation, when you return from the eastern and Western Theater of operations, you will throw away or destroy the only thing that I have left behind."

Ye Mingxuan was shocked. When she left the eastern theater of operations, Su Yu had already predicted that she would come back and destroy everything.

So, before he left the Eastern Theater of operations, he already knew that he would join the Western Theater of Operations?

"With your intelligence, you must have realized that I planned to join the Western Theater of Operations." Su Yu continued, "The reason is that I have always been worried that teaching you martial arts might not be a wise decision."

"Therefore, I will use the Western Theater of operations as a test point. If they are safe and sound, I will come back and teach you even more powerful martial arts!"

“If the Western Theater of operations is destroyed and all the martial artists are killed by the mysterious force, I will not come back.”

Ye Mingxuan nodded blankly. “Yes! You will be destroyed one year after you join the Western Theater of Operations.”

“If you see this video, I think I have been away for many years.”

Because, if Su Yu came back, he would definitely destroy this video.

Ye Mingxuan could see that he had not come back.

“Because it involved the secrets of your a civilization, I couldn’t tell you at that time, so I took the initiative and joined the Western Theater of operations. If I hurt any of you, please apologize on my behalf.”

Seeing this, Ye Mingxuan’s mind boomed.

It turned out that he had never betrayed her, never abandoned her..

He had done so to protect them.

“Mingxuan, practicing martial arts, especially powerful divine arts, is a taboo in your a martial civilization. That’s why I left the foundation of martial arts for immortality. If you succeed in your cultivation, you can live for billions of years and stay young forever

“As long as you change your identity every few hundred years, you will be able to avoid the eyes and ears of those forces

“But, remember, you can’t pass it on to a second person. Otherwise, once it spreads, you won’t be able to escape death.”

Ye Mingxuan held onto the information machine, tears pouring down like rain.

The female God of War, who had never cried, was now crying hysterically. “I’m sorry... for twelve years, I’ve always misunderstood you!”

After learning the truth in one move, Ye Mingxuan suddenly felt great grief and self-blame.

Su Yu was thinking of them, but she was still brooding over it for twelve years!

“How are you now? Where are you? Will you come back?”Ye Mingxuan kept asking.

However, that was only a photo. It would not answer any of her questions. She only focused on explaining the relevant martial arts.

Ye Mingxuan did not listen to a single word. She only wanted to know if that man would come back.

Long Yun waited outside for a long time, but there was no movement. He could not help but shout, “Mingxuan, are you ready?”

Ye Mingxuan had just recovered from her daze. Looking at Su Yu's projection, she hugged him deeply and muttered to herself, "I'm so stupid. How could I think that I can forget you just because I found a man..."

After tidying up her makeup, Ye Mingxuan went downstairs and came before Long Yun.

Long Yun stared at Ye Mingxuan in front of him and felt that she was exceptionally unfamiliar.

Unlike the faint loneliness of the past twelve years, Ye Mingxuan in front of him had regained her splendor and charm. She was like the mighty female God of war twelve years ago.

"Mingxuan, it's almost time. Let's hurry to the engagement site. The commander-in-chief and the vice commanders are waiting..."

He did not finish his sentence because Ye Mingxuan had already handed him an exquisite small box.

Inside was the engagement ring that Long Yun had given her. He was going to put it on her personally later.

"I'm sorry, but I still can't forget him." Ye Mingxuan stuffed the small box into his hand and left alone, slowly disappearing into the sea of people.

After that, the goddess of war, Ye Mingxuan, vanished from the human world and never appeared again.

Long Yun was stunned on the spot. His face was gloomy as he mumbled, "I knew it. Even if he left for twelve years, I wouldn't be able to defeat him..."

Ancient martial arts civilization.

A giant warship was speeding in the void at a high speed.

The drivers of the meteorites along the way were all shocked by the shocking scene.

"My God, what is that thing?"

"Is it a magical treasure? The shape is so strange, I've never seen it before!"

..

An object from the martial arts civilization would naturally be shocking in the ancient martial arts civilization.

Su Yu was expressionless as he made his final dash in the cabin.

Over the past ten years, he had tried many times and finally improved most of the level-nine medicine. After drinking it, the negative effects of failure would only weaken the flesh and blood, and the lifespan would decrease by a hundred years.

For the emperors of Heaven and earth, they could easily live for hundreds of millions of years. Losing a thousand years would not have much of an effect.

Moreover, once the breakthrough was successful, the lifespan would increase by tens of millions of years.

This shortcoming could be ignored.

He tried to drink a bottle and suddenly felt as if he had forcefully stuffed a lump of burning magma into his mouth. It was extremely painful.

Subconsciously, he wanted to spit it out.

However, when he recalled Xia Jingyu and Qin Xian 'er's appearances, he gritted his teeth and forced himself to swallow it.

One of them was in the goddess race, and the other was in the asura world. If he was not strong enough, he would go there. Could he take them away?

The answer was no!

The pain became even more intense when the medicine entered his body. Su Yu felt as if his entire body was about to burn from the inside out.

The muscles on his cheeks squirmed, and his entire body trembled uncontrollably.

His entire soul was experiencing an unprecedented shock. The intense pain almost made him faint.

It was he who gritted his teeth and persevered with great willpower.

After half a day, Su Yu was drenched in sweat. His eyes bulged slightly, and blood vessels covered his eyeballs, showing the great loss of his spirit.

Suddenly, he coughed out a large amount of divine blood and woke up from his meditation. A bitter smile flashed across his face. "My Luck isn't that good!"

There was a 10% chance that it would not be so easy to come across.

Chapter 2022 Domineering

Taking out another bottle of medicine, Su Yu felt a shadow in his heart. The pain of the medicine was far beyond his imagination.

In the A martial civilization, many people died during the process of taking the medicine. Most likely, it was not because of the medicine itself, but the intense pain that led to the collapse of the soul.

"There's no more time!" The closer he got to the advanced civilization, the more urgent Su Yu felt.

After resting for a while, he raised his head and swallowed another bottle.

..

This cycle continued until five days later, a powerful whirlpool appeared around Su Yu and sucked in the Divine Qi in all directions.

The Heaven and earth inside the whirlpool underwent a drastic qualitative change!

It wasn't until one day later that the phenomenon gradually stopped.

The surface of his body was emitting a faint fluorescent light, and four faintly discernible crown phantoms floated above his head.

“Phew! I’ve finally broken through to the fourth-crowned Emperor!” Su Yu let out a long breath.

He swallowed more than ten bottles consecutively before finally breaking through.

He had thought that he would need the help of the Bodhi Fruit of the Daoist Huang Hall, but he had never thought that by chance, he would obtain the medicine of the armory civilization and break through first.

His cultivation level was that of a fourth-crowned emperor, and his soul power was extremely close to that of a fifth-crowned emperor because he had devoured the soul of a fifth-crowned emperor several times.

In terms of divine arts, he had silently comprehended the demonic sword technique for ten years, and had already touched the edge of the nameless eighth style.

What he needed to do was to hone this sword through actual combat.

After borrowing true monarch Fire Dragon’s dragon blood for a long time, the Demonic Dragon Bible had also made great progress, directly cultivating the first level to the late stage.

Now, after transforming, his physique was comparable to that of a four-crowned king in the late stage!

If Su Yu attacked with all his strength, he should be able to fight with the late stage of the four crowns.

Below the late stage, very few people could be Su Yu’s match.

As he slowly cultivated, the giant ship also broke through the boundless void and quickly arrived at the five-star civilization, the four symbols civilization!

His luck was pretty good. After leaving the armory civilization, after asking, he found out that he had appeared in the nearby civilization of the four symbols civilization.

The two places were not far from each other. It would take a year to use the teleportation formation.

However, it would only take half a year if there were battleships that could travel through the void.

After a few months, Su Yu finally arrived at the edge of the four symbols civilization. To avoid attracting too much attention, he had landed in a satellite civilization ahead of time and entered the four symbols civilization through the inter-civilization teleportation formation.

They were both five-star civilizations, but Su Yu was keenly aware of the difference between the Taiji civilization and the four symbols civilization.

The four symbols civilization was not only a hundred times larger than the Taiji civilization, but all the regions were also developed quite well, and their prosperity was unparalleled.

Su Yu sighed inwardly. After some inquiries, he arrived at the location of the civilization’s master, the four symbols mansion.

The four symbols mansion was not big, and it was even smaller than the mansions of many five-crowned emperors.

However, no one dared to underestimate the four symbols mansion.

Because the person in charge was the rumored half-step DAO Master!

Although he was terminally ill, he hadn't died for a day. Who Dared to look down on him?

Su Yu came to the door.

At the door was Steward Qin of the four symbols manor. He sized Su Yu up and said, "Who are you?"

Su Yu took out his Taiji sect's sect master token.

Steward Qin said, "You are the Taiji sect master that Miss Yun mentioned?"

"Yes, I am," Su Yu said. It seemed that although they had been separated back then, Yun Qianshuang had returned to the four symbols manor first and had given some instructions to the people in the manor.

"Why are you here so late?" Butler Qin said unhappily.

Su Yu was slightly startled. He had come to deliver the dao master's Bone to that half-step dao master who was terminally ill. It was truly unexpected that he had been treated in such a manner.

He did not mind and said, "Please inform the Manor Head."

Butler Qin frowned slightly. "The manor head is busy every day and has no time to receive guests. He has instructed that if you come, he will temporarily arrange for you to stay in the manor. When he is done, he will meet you."

Su Yu's expression was calm. He had traveled thousands of miles to deliver the medicine, but the other party did not even receive him.

He did not expect the manor head to receive him personally. He could at least let the juniors in the manor receive him.

Shaking his head gently, Su Yu took out a finger-long dao master bone that he had prepared, he stuffed it into Butler Qin's hands. "This is the Dao master bone that you want. Please give it to Miss Yun and have her prepare an invitation letter to join the Daoist Huang Hall."

With that said, he turned around and prepared to leave.

However, just as he was about to leave, a familiar aura rapidly approached from within the four symbols manor.

It was Yun Qianshuang, who had a pleasantly surprised expression on her face. She sized Su Yu up from head to toe. "Thank God you're Still Alive!"

Su Yu nodded lightly. "Mm, my luck isn't bad."

"Why are you standing outside and not coming in?" Yun Qianshuang asked.

Su Yu glanced at Butler Qin and shook his head slightly. "There's no need. I've already given the Dao master's Bone to the butler. You can help me pass it to the Manor Head. Once the invitation letter is ready, you can contact me and send it to me."

Yun Qianshuang frowned and rebuked, "Su Yu, after arriving at the four symbols manor, you're not even willing to meet my father. Isn't that too impolite?"

Su Yu did not explain and said indifferently, "Just take it that I'm impolite. Goodbye."

The threshold of the four symbols manor was too high. He could not enter.

"How can you be like this?" Yun Qianshuang pulled Su Yu back and said, "This is about the invitation. I need you and father to discuss it in detail in person. It's not something that I can do alone."

Hearing this, Su Yu stopped and said, "Then let's meet."

Su Yu took back the Dao master's bone from Butler Qin and followed Yun Qianshuang into the four symbols manor.

The manor had a myriad of grandeur and was filled with profound concepts.

The most amazing thing was that there was a sealed stone tablet in the depths of the manor. On it, there were actually traces of the dao master's profound qi.

Cultivating under the stone tablet would bring endless benefits to one's comprehension of the Great Dao of Heaven and earth.

"Hehe, aren't you surprised? That was the stone tablet our ancestor sought from a dao master. The stone tablet came from the DAO Master's Secret Chamber of Meditation and enlightenment. After being immersed in the dao master's meditation for a long time, it unknowingly mixed with a trace of the Dao master's mysterious aura."

"OH." Su Yu's expression was indifferent.

Yun Qianshuang shook her head and laughed lightly, "You, if you're envious, then just say it. You always look so scheming."

Envious?

He had the great void abode and could observe several Daoist masters discussing the Great Dao of heaven and earth up close. Did he need to be envious of a stone tablet that the Daoist master gave him?

He smiled and did not say anything. He did not explain.

Yun Qianshuang brought him to the garden of the four appearances manor. A tall man in a white robe was patiently guiding a young man in cultivation.

His cultivation base was at the middle stage of the four crowns. His true age should be close to a hundred years old, about twenty years older than Su Yu.

By the standards of the absolute beginning realm, he was quite young.

It was not bad to have the cultivation base of the middle stage of the four crowns.

“Tian ‘er, with your cultivation base and the sixth-level laws you have mastered, you should be able to get into the top hundred in this conference of the Daoist Huang Hall and successfully enter the Middle Hall of the Daoist Huang Hall,” the middle-aged man said.

Laws were divided into three, six, and nine levels according to their strength.

For example, the six great laws that Su Yu mastered belonged to the Supreme Laws of Heaven and earth, and were not among the ninth-level laws.

The higher the level of the laws, the more difficult it was to comprehend, and the more powerful the corresponding laws would be.

Sixth-level laws were considered the top laws in a five-star civilization.

Generally speaking, it was quite good for a person from a five-star civilization to be able to master fifth-level laws.

The man who spoke was the manor head of the four symbols manor and Yun Qianshuang’s biological father, Yun Qianxiong.

The young man who was being pointed out was Yun Qianshuang’s younger brother, Yun Zhantian.

“Don’t worry, father. I will strive to enter the top 50 and bring glory to the four symbols manor!”

“Haha, Tian ‘Er is ambitious, but don’t aim too high. The representatives of the other civilizations are extremely powerful, so don’t be careless!”

While the father and son were talking, Yun Qianshuang hurried over with Su Yu.

The two sensed something and looked up.

Yun zhantian frowned, “Sister, why did you bring an outsider in?”

Yun qianshuang smiled, “I naturally wouldn’t bring other outsiders, but he is different. He is the Taiji sect master I mentioned, the one with the Dao master’s Bone!”

Hearing this, Yun Qianxiong glanced at Su Yu indifferently and did not say anything.

Yun zhantian sized Su Yu up from head to toe. “Oh? He is the young five-star civilization’s sect master that you spoke of? I heard from you that he is only at the middle stage of the three crowns. His aptitude isn’t that great either.”

At this moment, Su Yu’s cultivation was restrained. He did not reveal the slightest bit of his prehistoric power, so no one could see his cultivation.

It was just that he was still stuck in Yun Qianshuang’s description.

“Now, any random five-crowned emperor civilization can claim to be a five-star civilization. Look at the sect masters that have been chosen. What kind of characters are they?” Yun Zhantian was very disapproving of his identity as the leader of a five-star civilization, he did not think much of it.

If he wanted to be the leader of a five-star civilization, there were many five-star civilizations with good rankings that begged him to be the leader.

“Watch your mouth, how can you talk like that?” Yun Qianshuang rolled her eyes at him. “He came all the way to the four symbols civilization to treat the old ancestor’s illness. At the very least, he should show some respect!”

“Chi!” Yun Zhantian did not think much of it. “He even came all the way here and said it so nicely. Isn’t it because of our four symbols manor’s invitation letter?”

Yun Qianshuang could not take it anymore and said, “Father, look at him!”

Yun Qianxiong smiled faintly and waved his hand. “Stop fighting.”

He raised his eyes to look at Su Yu and sized him up. “Yes, I heard from Qianshuang that you have the Dao master’s bone and want to exchange an invitation with the four symbols manor.”

Without waiting for Su Yu’s reply, Yun Qianxiong continued, “Sure, I’ll write one for you right now. However, there’s another condition. When you’re outside, you’re not allowed to say that it was our four symbols civilization who recommended you to participate in the Daoist Huang Hall Conference.”

Yun Zhantian paused. “Yes, if your ranking in the Daoist Huang Hall falls behind and word gets out that it was our four symbols manor who recommended you, our four symbols manor would also lose face. Therefore, you’re not allowed to mention our four symbols manor even half a word.”

Yun Qianxiong waved his hand, asking his son to shut up, he said, “Although my son said it bluntly, the logic is not bad. Our four symbols manor has always recommended only those civilizations that are ranked below two thousand. It’s the first time we’ve recommended a five-star civilization that is ranked above eighty thousand to participate. Therefore, I hope you understand.”

Although he said that Su Yu could understand, his attitude was not the slightest bit of negotiation?

Su Yu smiled faintly. “I think you may have misunderstood! I’m not here to beg you, but to exchange fairly.”

“Since you feel wronged, then forget it.” Su Yu turned around and left with his hands behind his back.

Yun Qianshuang was extremely angry and ashamed.

She had even complained that Su Yu did not respect her father. It turned out that the four symbols manor had never respected him at all!

Presumably, Su Yu had been treated unfairly by Butler Qin, right?

It was laughable that she had even turned the blame onto Su Yu!

Chapter 2023 Exchanging Dao Currency

Watching Su Yu leave, Yun Qianshuang said angrily, “Are you satisfied now? I want to see how you can change the most important dao master’s bone of the Patriarch’s nine bone heart-saving pill!”

“HMPH!” Yun Zhantian shrugged his shoulders disapprovingly and said, “Don’t worry. Other than our four symbols manor, who else is willing to provide an invitation? I bet that within three days, he will roll back and beg us!”

“Foolish beyond belief!” Yun Qianshuang shook her head deeply and chased after him with a flick of her sleeves.

She understood Su Yu’s character very well. Since he had decided to leave, there was no way he would turn back.

There were some people who could not give up their dignity just because of benefits.

For example, Su Yu.

When he chased after him, Su Yu was walking among the crowd, expressionlessly sizing up the prosperous four symbols civilization that was like a dream.

“Su Yu, I’m sorry, I’m really sorry.” Yun Qianshuang’s eyes were filled with apology. “Because of the matter with our four symbols manor, you even met with danger midway. I didn’t expect that Father and younger brother would treat you this way.”

Su Yu’s expression was calm as she said nonchalantly, “You’re not the one who should be apologizing. Why should you blame yourself?”

Even though she said that, she still felt guilty.

After thinking for a moment, she took out a bronze card.

“This is?” Su Yu was puzzled.

“Divine stones are no longer used in the Daoist Huang Hall and the half-way civilization. Many large-scale shops no longer accept divine stones. The main currency is the Daoist coins forged by the Daoist Huang Hall. The value of one Daoist coin is roughly equivalent to ten billion divine stones.”

“This is a money card issued by a branch of the Daoist Huang Hall. There are two hundred Daoist coins stored in it.”

“You are new to the half-way civilization. It is difficult to move without Daoist coins. Take these and use them first. If you don’t have enough, come and find me.” Yun Qianshuang stuffed it into Su Yu’s palm.

Silver Card, Daoist coins? Su Yu nodded slightly.

He had thought about it when he was in the Taiji sect.

Divine stones could easily reach hundreds of billions, and it was already unable to satisfy the transactions of the top heaven and Earth emperors.

The changes in the mainstream currency of the Daoist Huang Hall and the half-way civilization were within expectations.

Moreover, cards were easier to buy, saving a lot of trouble in the middle.

“There’s no need for money.” Su Yu declined politely. “Goodbye, see you again.”

After bidding farewell to Yun Qianshuang, Su Yu stopped for a while in the square city of the four symbols civilization. After careful observation, he discovered that divine stones were indeed not used much in the square city.

The vast majority of them were dao coins.

Su Yu did not have a single dao coin on him. It would be more or less difficult for him to walk through the Daoist Huang Hall and the half-way civilization.

I have to think of a way to get some dao coins, Su Yu thought to himself.

He came to the Daoist Huang Hall’s branch hall in the four symbols civilization.

The branch hall had many functions, and one of them was to exchange for dao coins.

Ten billion divine stones could be exchanged for one dao coin. The initial exchange amount was a hundred dao coins, which was a trillion divine stones.

However, Su Yu had given most of the divine stones to the cauldron to develop and strengthen. His own divine stones were less than a hundred billion, so he couldn’t exchange for them.

Fortunately, the Daoist Huang Hall also collected precious items, which could be converted into dao coins of equivalent value.

After thinking for a while, he came to the window to exchange for dao coins.

The person who received him was a fox-headed alien. His eyes flashed with arrogance, and he was indifferent to those who came to exchange for Dao coins.

As a member of the Daoist Huang Hall branch, he indeed had the right to be proud.

“I’m sorry, the Daoist Huang Hall only takes things of high value. This hundred-thousand-year-old divine tree is not one of them. Please keep it well and take it away.”

In front of Su Yu, a shabby old man held a rare hundred-thousand-year-old divine tree and left resentfully.

“The Daoist Huang Hall doesn’t even care about a hundred-thousand-year-old divine tree. They have an extraordinary vision,” Su Yu thought to himself.

It was his turn. The fox pagan sized up Su Yu with his jade-green eyes and asked faintly, “Do you want to exchange it with divine stones?”

“Items!”

“Oh, let me make it clear in advance. If it’s not precious, don’t take it out. Otherwise, you’ll waste the time of the people lining up behind you,” he said without even looking at it.

It was obvious that he didn't expect Su Yu to take out anything valuable.

Su Yu did not say a word and took out a water vat of Tai Xu.

It contained a faint primordial qi.

According to the Hunter King and the others, Primordial Qi was an extremely popular item in high-level civilizations and was extremely precious.

Especially the DAO Master, who could not obtain it even if he wanted it.

"What is this?"The Fox alien frowned and stared at the water vat.

Su Yu looked at the crowd nearby and said, "You can try it."

"Try?"The Fox alien race hesitated a little. As the person in charge of the exchange, it was his duty to check what the customer had used for the exchange. Trying was one of the means of testing.

However, Su Yu's clothes were ordinary, so it was really hard to tell that he could bring out good things.

He was really unwilling to try something of unknown origin.

There was once a tester who had tasted a poisonous liquid and accidentally died.

The test subject was conflicted, but in the midst of his criticism, he took out a drop symbolically and flicked it into the final drop.

The taste was plain and bland. It was the most ordinary water, without even a trace of spirit.

The Fox alien's gaze immediately became unfriendly. Was he teasing him?

But immediately after, he suddenly sensed something and carefully tasted it. His jade-green eyes blinked, appearing somewhat bewildered.

Thus, he took out the second drop and savoured it carefully. Then, he revealed a surprised expression. "This is..."

"It's good that you know. There's no need to say it,"Su Yu said indifferently, stopping him in time.

The Fox Pagan reacted and looked at Su Yu in a completely different way, a hint of politeness appeared on his face. "Respected sir, due to the special composition of this water, its value has been appraised as one hundred dao coins. Are you sure you want to exchange for it?"

Su Yu shook his head slightly.

The Fox Pagan immediately became anxious. The absolute beginning Qi was the absolute beginning Qi that the dao masters of the Daoist Yellow Dao palace were fighting to obtain.

If he could accept it and hand it over to the Daoist Yellow Dao Palace headquarters, he would definitely receive a huge reward.

"Sir, please reconsider."

Su Yu continued, "This VAT is only for you to look at. I want to exchange for ten thousand vats."

“1... 10,000?”The Fox Pagan’s expression changed drastically as he asked with his mouth agape.

Su Yu asked back, “Is that not possible?”

When he came back to his senses, the fox pagan was ecstatic. “Of course! Of course!”

He was abnormally excited. He walked out of the counter and called a subordinate over to take his place. He personally received su Yu and said, “Honorable sir, please come into our VIP room to have a chat.”

As a branch hall of the Daoist Huang Hall, they did not have to worry too much about being blackmailed. They should still have this bit of credibility.

When they arrived at the VIP room, The Fox alien race personally served them top-grade spirit tea.

What surprised Su Yu was that the effect of this spirit tea was equivalent to a nine Yin Pill.

In the outside world, it was difficult to get a cup, but now, they were serving Su Yu.

Knowing that he was in a hurry, Su Yu put down a spatial storage device and said, “Check if there are any defects.”

The Fox alien race nodded with a smile and politely entered the space. Ten thousand cylinders of great void were placed quietly.

Each cylinder contained abundant primordial qi!

“It’s verified.”The Fox alien race was excited. If they handed in ten thousand cylinders, they would definitely receive a very high reward.

Sleepless nights bring more troubles. The Fox alien race took out a golden card and said, “This is a one million yuan card. Please keep it well, young master.”

“Why is it gold?”Su Yu was puzzled. The One Yun Qianshuang took out seemed to be bronze in color.

The Fox alien smiled and said patiently, “The gold card distributed by the Daoist Huang Hall has four levels, from low to high. They are bronze card, silver card, Gold Card, and Crystal Card!”

“Among them, the standard for bronze card is to store less than 10,000 dao coins.”

“Silver cards are to store 100,000 dao coins or less.”

“Gold cards need to be at least a million dao coins! Young master, with a Million Dao coins, you will naturally be able to get a gold card.”

Su Yu frowned slightly. “Can you give me 100 bronze cards?”

He had just arrived and was unfamiliar with the place. With a gold card in his hand, wouldn’t it attract covetous eyes?

“Young master, you don’t know!”The Fox said. “Cards of different grades have different privileges. Gold cards have the priority to purchase!” “Wherever the same people buy the same thing, gold cards have priority.”

“Are there any other privileges?”Priority to purchase was rarely used.

“In addition, with a gold card in hand, you can challenge the board of the Zodiac once a month for free.”

Su Yu pondered, “What is the board of the Zodiac?”

All the foxes and pagans were secretly puzzled. This person had so much primordial qi, so his background should not be small. How could he not know anything about the common knowledge of the Yellow Dao Palace?

However, he did not dare to offend Su Yu. He immediately said, “The ranking of the Yellow Dao is a ranking jointly made by all the Yellow Dao Palace. It ranks all the heaven’s favorites in the Yellow Dao Palace in a comprehensive strength ranking.”

“There are two conditions for being on the ranking. The first is that one’s cultivation base must be three crowns, and the second is that one must be younger than two hundred years old.”

Su Yu heard this and nodded slightly. The requirements for being on the ranking were quite strict.

It was not difficult to become a three crowns emperor, but most people could be excluded if one was within the age limit of two hundred years.

Only the heaven’s favorites nurtured by various powerful forces could become a three crowns emperor within two hundred years.

Without a powerful background, it was almost impossible to reach such a level within two hundred years.

“The ranking list is just an empty title to me. I have no objections. It’s fine if I don’t want it,”Su Yu said.

The fox said in surprise, “How can it be an empty title? If you can enter the top one hundred, you can increase your civilization’s score and increase your civilization’s ranking. You can also receive corresponding rewards.”

“Rewards? Such as?”

The fox said, “There are many kinds of rewards, such as Dao coins, magical treasures that contain the enlightenment of Dao Masters, invitation letters to the Yellow Dao convention, and so on...”

“Wait! Invitation letters to the Yellow Dao Convention?”

The fox said in surprise, “As a young master, do you still lack an invitation letter?”

In his opinion, the invitation letters to the Yellow Dao convention should be the least attractive among the rewards on the Yellow Dao board, right?

After all, 99% of the people who could enter the top 100 of the ecliptic board were chosen youths nurtured by the top 100 civilizations.

The rest were basically from the top 1,000 to 100 civilizations.

Theoretically speaking, they did not lack invitations to the ecliptic convention at all.

“How do I Challenge?” Su Yu’s eyes flashed with a faint light.

The Fox alien removed his doubts and said, “Young Master, please follow me.”

Under his lead, Su Yu came to another area of the branch hall.

Unlike the crowded hall for exchanging dao currency, this place appeared rather deserted.

“Greetings, Lord Hu Yun!” The person in charge of the area bowed respectfully to the Fox Pagan, as if his status was quite high.

Chapter 2024 The Board Of The Ecliptic

Hu Yun nodded lightly. “Mm, you may leave. I will personally host the challenge.”

In the area, there was an arena made of special materials.

“The arena is made of dream crystals. It records the images of all the heaven’s chosen on the board of the ecliptic. You can choose one of the rankings and try to fight against the images. I will rank you based on your battle strength.”

Su Yu understood and said, “Then can I Challenge You Now?”

“Of course! With Your Gold Card, you can save 300 dao coins! How many places do you want to challenge?”

“100 places.” The high ranking was meaningless to Su Yu. As long as he could get the invitation letter to the Ecliptic Palace Convention, it was enough.

Although Hu Yun was mentally prepared, he knew that Su Yu was not weak.

However, challenging the 100th place as soon as he opened his mouth, it was still somewhat unexpected. He kindly reminded, “Young master, the 100th place is the heaven’s legacy civilization’s Ou Ye Huanyun. His strength is at the intermediate stage of the four crowns...”

“No worries.” Su Yu waved his hand, indicating for him to begin.

Hu Yun’s eyes contained traces of anticipation as he activated the mechanism.

A youth covered in metal skin immediately appeared on the stage. His long hair was disheveled, giving off a wild feeling.

“Begin!”

Ou Ye Huanyun’s projection released the cultivation of a mid-stage four-crowning emperor and a sixth-grade fire-type law. His overall strength was pretty good.

Su Yu didn’t dare to be careless. He took out the asura sword and released the strength of an early-stage four-crowning emperor. All of his primal power was infused into the sword.

“The seventh form of the demonic sword technique, Heaven Burial!”

He used his full strength and swept his sword forward.

The extremely sharp sword Qi seemed to be able to destroy the heavens and earth as it exploded with powerful power and slashed across Ou Ye Huanyun’s projection.

His projection immediately trembled and then suddenly disintegrated.

Hu Yun’s pupils slightly contracted as he stared at Su Yu in shock. He hurriedly said, “Young Master won! You defeated Ou Ye Huanyun. Now, you are ranked 100th on the Huang Dao Board!”

He had expected that Su Yu would confidently challenge the 100th place. Perhaps he had absolute confidence in winning.

However, he did not expect to defeat him with just one sword strike.

“Your true strength should be able to reach the 50th rank. However, according to the procedure, you need to challenge the 9th Poison Princess who is ranked 50th before you can rise to the 50th rank.”

Su Yu put away his Asura sword and jumped off the arena. He said, “Fame is meaningless to me. I just need to get an invitation letter from the Daoist Huang Hall.”

Hu Yun had a regretful look on his face. If the top 50 geniuses were born here, as the person-in-charge of the branch hall, Hu Yun would also receive extra rewards from the main hall.

Unfortunately, Su Yu didn’t care about fame, so he had to give up.

He took out a golden invitation letter and said, “As the person ranked in the top 100, you can get the best invitation letter.”

“Thank you.” Su Yu accepted it and finally felt at ease.

It turned out that it was so easy to obtain an invitation card that was hard to come by.

It seemed that no matter when or where, one’s own strength would determine everything.

Ding --

Suddenly, a soft sound entered his ears.

He saw that beside the arena, there were over a hundred golden names on a huge stone tablet.

They were the people ranked in the top 100 on the Huang Dao Board.

At that moment, the last name dimmed and then disappeared, leaving behind a blank space.

“May I ask young master’s name?”

Su Yu thought for a moment and recalled Xia Jingyu and Qin Xian ‘er in his mind. He said, “Rain Immortal.”

From the name, he knew that it was an alias and not his real name. Hu Yun felt a little regretful. He wanted to trace Su Yu’s origin from his surname.

“Okay!” Hu Yun took out a special brush and wrote the two words rain immortal in the blank space.

He came before Su Yu again and thought for a while before saying, “Young Master Rain Immortal is a foreigner, right?”

“Yes, yes.”

“The palace ship to the Daoist Huang Hall will take a month to pass through the four symbols civilization. If Young Master Rain Immortal doesn’t have a place to stay, then stay in brightheart residence for the time being.”

Su Yu frowned slightly. “Could it be that I can’t enter the Daoist Huang Hall Myself?”

Hu Yun was speechless. He thought to himself, where did this guy come from? He really had no common sense at all.

“Young Master Rain Immortal, you must be joking. How can outsiders enter the Daoist Huang Hall at will? Only by taking a palace ship can one enter. All other means are considered as forced entry, and there is a price to pay.”

Hearing this, Su Yu came to a sudden realization.

“Alright, but what is Mingxin residence?”

“Mingxin residence is the property of a branch of the Daoist Huang Hall. In theory, it is only for the people of the Daoist Huang Hall to live in, with a few exceptions, such as the masters of the half-way civilization or people recognized by the branch.”

“Rain Fairy, you have killed your way into the top 100 of the Daoist Huang Hall. Naturally, you have the right to live in it. During this period, you will receive a 50% discount.”

“Thank you.”

After asking for directions, Su Yu came to Mingxin residence under Hu Yun’s guidance.

As the tallest building in the four symbols civilization, a giant tree connected to the sky extended into the depths of the sky.

The entire body of the giant tree emitted traces of the mysterious aura of a Dao master. Cultivating within it would bring unparalleled benefits to the condensation of laws. It was comparable to the wall of the four symbols mansion.

With the golden card in his hand, as well as the Yellow Dao Board nameplate that Hu Yun had given him, he had successfully moved into Mingxin residence.

Not only was mingxin residence lavishly decorated, but it was also exceptionally full of spirit. It was several times more than the outside world.

Treasures that were difficult to find in the outside world were all used as decorations and hung in the corridor.

This place could be said to be extremely wealthy.

However, similarly, its price was extremely high.

It cost 100 Dao coins a night. If converted to divine stones, it was a trillion.

This was usually the life savings of a poor four-crowned emperor.

Even if Su Yu had a 50% discount, it was still 50 million divine stones.

“In the Taiji sect, such a level of consumption is simply unimaginable.” Su Yu sighed slightly.

However, with his current wealth, this bit of consumption could still be easily endured.

He settled down and thought of ways to increase his strength before the ecliptic convention.

Among them, the eighth style of the magic sword technique, nameless, was the focus of his comprehension.

He calmed his heart and immediately immersed himself in it.

At the same time, in the nearby Heaven’s legacy civilization.

In a restaurant, three people were drinking in a private room.

“I’ve learned a lot from brother Ou Ye’s guidance today! Let Me Toast to you as a thank you.” A beautiful woman smiled and toasted to the man sitting opposite her.

The man was tall and big, and his whole body was emitting a metallic luster. He had a bold expression and said frankly, “Sister Lan, you flatter me. The three heroes of the Heaven’s legacy are almost equal in strength, so how can we talk about giving advice? We’re just exchanging pointers.”

On the other side, a white-faced scholar sighed and said, “Big Brother ou ye is too modest! In the entire Heaven’s legacy civilization, only you think that the three of us are almost equal in strength!”

The charming woman smiled bitterly and said, “Big Brother Ou ye is a powerhouse ranked in the top 100 on the Huang Dao Board, and we can’t even rank in the top 200. We are too far behind you.”

Ou Ye Huanyun did not think much of it, he shook his head and said, “There is always someone better than you. I am only standing in the top 100, and I can be kicked down at any time. It’s nothing to be proud of. One day, I will be in the top 10, and only then will I have the right to look down on all the heroes.”

The white-faced scholar said, “Brother Ou Ye, you don’t have to be humble. How difficult is it to make it into the top 100? The top 100 are firmly controlled by the heaven’s favorites nurtured by the Daoist Huang Hall. To be able to make it into the top 100 is to bring glory to our half-way civilization!”

The majority of the top 100 in the Daoist Huang Hall were controlled by the overwhelming heaven’s favorites nurtured by the Daoist Huang Hall.

Very few heaven’s favorites from other civilizations were able to make it into the top 100.

When ou ye Huanyun received a term, it could be said to be earth-shattering. It was a great honor for the children of the half-way civilization who had been suppressed.

“You’re too kind...”as ou ye Huanyun spoke, suddenly, his servant rushed over and knocked on the door.

The coquettish woman opened the door and frowned. “What’s the rush? Your master hasn’t drunk enough yet!”

The servant was out of breath and said, “No... I’m not urging master to go back, but something big has happened! There are rumors going around that the Huang Dao Board’s ranking has changed!”

“So what if it has changed? Why Are You So Rude?”The charming woman did not think much of it. “Is it the ranking of the hundreds that have changed?”

“It’s the top 100!”The servant said.

The charming woman’s face changed slightly. “Is there such a thing?”

The ranking of the top 100 rarely changed. Normally, it would not change for hundreds of years.

“Then whose name is gone?”

“It’s master! He was defeated by someone named Rain Immortal!”

Hearing that., the charming woman was finally surprised. “Who did it?”? “I think he is almost 200 years old, right?”? “If that’s the case, it’s not a big deal. Big Brother ou ye has only cultivated for 100 years. The other party relied on the accumulation of time. It’s not a big deal at all.”

“No! The outside world is saying that rain immortal only has the cultivation experience of eighty years old.”

“What? Eighty years old?”The charming woman was shocked.

Ou Ye Huanyun put down his wine cup, raised his head and smiled. “I told you, there is always someone better than you. I didn’t expect to be defeated so quickly! I think the other party is very likely from the Daoist Huang Hall, or the top ten half-dao civilization, right?”

Only those places could nurture such a young top prodigy.

“No! The opponent successfully challenged the Daoist Huang Hall branch of the four symbols civilization.”

This time, ou ye Huanyun was also surprised. “The four symbols civilization... the half-way civilization that is about to fall out of the top 100? I remember that the strongest current prodigy of this civilization should be called... called...”

The charming woman added contemptuously, “Yun Zhantian!”

“Yes, it’s this person!”

The charming woman snorted coldly. “Yun Zhantian is nothing. I can beat him down within ten moves. How can he defeat Big Brother Ou Ye’s projection?”

The white-faced scholar nodded. “That’s right, the possibility of him is very low.”

Ou Ye Huanyun slowly stood up and said, “This martial arts exchange can’t go on. I have to personally go to the Huangdao Hall branch hall to see what kind of person that is.”

“I will also go and see who that person is.”

A martial arts sparring ended unexpectedly.

After arriving at the Tianji Civilization’s Huangdao Hall branch, ou ye Huanyun paid the fee and came to the front of the arena. He said, “Challenge One Hundred, Rain Immortal.”

The person in charge opened the mechanism and projected a blurry figure.

“Oh? And it’s a hidden identity?”Ou Ye Huanyun jumped onto the arena and was slightly surprised.

Usually, the image would be very clear, but if the owner of the image wanted to hide his identity, how could he blur the image and not be able to see his true appearance.

“Let’s begin. I want to see how many rounds he defeated me.”Ou Ye Huanyun stood with his hands behind his back confidently.

Chapter 2025 The Infinite Staircase

The surface of his body released the power of the middle stage of the four crowns, and he released a level six law.

Based on his estimation, although the opponent had defeated him, it shouldn’t be easy..

“The seventh move of the magic sword technique, Heaven Burial!”

A sword shadow that could destroy the heavens and earth slashed out from the projection.

Ou Ye Huanyun’s expression changed drastically. He used the law chain to block, but the sword Qi still passed through his body.

Although it was an illusion and did not cause any harm to his body, the person in charge of the evaluation said, “Ou ye Huanyun lost.”

One move!

Only one move!

The charming woman and the white-faced scholar who were watching from the side secretly sucked in a breath of cold air.

This person had not used any laws and was able to defeat ou ye Huanyun in one move!

His true strength should at least be ranked in the top 50!

When did such a peerless genius appear in their half-way civilization?

Ou Ye Huanyun was stunned for a long time before jumping off the arena with a bitter smile. “I really shouldn’t have come!”

He had suffered quite a blow!

The coquettish woman walked over and comforted him. “Big Brother Ou ye, the other party is most likely a genius from the Daoist Huang Hall. They want to suppress the geniuses of our half-way civilization. Losing to them is nothing.”

The white-faced scholar also said, “With the Daoist Huang Hall’s background, it’s normal for them to nurture such a heaven’s favorite. Big Brother Ou Ye, you don’t have to take it to heart.”

While they were talking, the person in charge walked over and sighed, “Young Master Ou Ye, you have to continue working hard.”

As the leader of the Three Heroes of Heaven’s secrets, the representative of the younger generation of the civilization of Heaven’s secrets, how could the person in charge of the Daoist Huang Board not know him?

“Lord Dugu, what do you mean?” Ou Ye Huanyun also knew the person in charge of the Huang Dao Board. He could hear the hidden meaning in his words and asked.

The person in charge looked at the coquettish woman and the white-faced scholar and said, “I have talked to Lord Hu Yun of the four symbols civilization. This human named Rain Immortal is not from the Huang Dao Hall. He is not even from the half-way civilization.”

What?

The three people were shocked again. “Not from the half-way civilization? How is that possible? Who else could nurture such a young four-crowned champion?”

If it was a three-crowned champion, it was possible that he could barely reach it because of his own talent.

But a four-crowned champion was really too difficult.

Ou Ye Huanyun’s expression changed for a long time. Finally, he raised his head and smiled. “I have enjoyed the resources of the half-way civilization in vain, but I am not even as good as a person from an ordinary civilization.”

He clasped his hands behind his back and left the branch hall, quickly walking away.

“Big Brother Ou Ye, where are you going?” The charming woman and the white-faced scholar asked.

“The four symbols civilization!”

A few days later.

A blinding white light flashed through the teleportation array of the four symbols civilization. Ou Ye Huanyun appeared here.

His figure flashed continuously, directly arriving at the four symbols mansion.

“I’m Ou ye Huanyun from the Heaven’s legacy civilization, and I’ve come to pay a visit to young master Yun Zhan Tianyun. Please inform him on my behalf.”

Butler Qin respectfully said, “Young master ou ye, please wait a moment. I will quickly report this.”

How could butler Qin not know what kind of person ou ye Huanyun was?

He was one of the few geniuses of the half-way civilization who had made it into the top 100 of the Zodiac list!

Moreover, as the inheritor of the Heaven's legacy civilization, his status was quite high.

In the half-way civilization, the Heaven's legacy civilization was ranked 50th. It was much stronger than the four symbols civilization, which hovered around the top 100.

How could butler Qin dare to slight such a civilization's heir?

Not long after, Yun Zhantian and Yun Qianshuang walked out with shocked and respectful expressions.

"Ou ye has graced us with his presence. I am sorry for not welcoming you." Yun Zhantian was a little flattered.

Ou Ye Huanyun, a figure of half-way civilization, usually disdained to make friends with people like him. Why did he suddenly come to visit today?

Yun Qianshuang was also extremely surprised. She had admired this young talent from many years ago.

She did not expect to see him in person.

For a moment, her eyes shined and her face was slightly red. She said, "Young master ou ye, please come in."

The siblings hurriedly welcomed him into the guest hall of the four symbols manor.

In the hall, Yun Qianxiong, who was the manor head, stood up to welcome him. "How could nephew Ou ye be willing to come to such a bitter and cold place like our four symbols civilization?"

There was a polite and warm smile on his face. He was willing to personally welcome such an outstanding junior like Ou Ye Huanyun.

"Huanyun, sorry to disturb you," ou ye Huanyun said politely.

Yun Qianxiong laughed out loud. "It is the honor of our four symbols manor that nephew Ou ye is willing to come. How can you say that you are disturbing us? Men, bring us the best spirit tea."

The group sat down and conversed harmoniously.

Yun Qianxiong kept sizing up ou ye Huanyun, and he could not help but praise him in his heart.

Not only was his strength outstanding, but his character and heart were also top-notch. He could not help but praise him even more.

Glancing at his son, he was also looking forward to it.

He really hoped that his son would be able to make more friends with a hero like Yun Qianxiong.

“Nephew Ou ye, since you’re here, let Zhan Tian and Qian Shuang accompany you for a walk and see how our four symbols civilization is doing. I’ll get someone to prepare some good wine and food first.”

Ou ye Huan Yun said, “Uncle, please wait! Actually, Huan Yun came here because he has something to ask uncle and your son.”

“Oh? Please say it.” Yun Qianxiong’s eyes flashed slightly and he already had some ideas in his mind.

A person like ou ye Huanyun would not come here for no reason.

His purpose should be related to the drastic change in the ranking of the Yellow Dao a few days ago.

“Huanyun would like to ask the two of you, do you know that Rain Immortal?” As expected, ou ye Huanyun was here for that astonishing rain immortal.

Yun Qian Xiong stroked his beard and gently shook his head. “Unfortunately, we also very much want to know who this unworldly expert is, and why he would challenge the ranking of the Yellow Dao in our four symbols civilization.”

The appearance of this person had truly shaken the four symbols civilization.

He had personally gone to the Huang Dao Hall’s Branch Hall to inquire about this person, hoping to invite him to be a guest at the four symbols manor.

Unfortunately, the branch hall had kept his identity a secret and would not reveal the slightest bit of information.

Yun Zhantian’s eyes also revealed traces of reverence as he said, “Who would have thought that our four symbols civilization would be fortunate enough to have such an outstanding person appear. It is truly a pity that we have not been able to meet him.”

Hearing the father and son say this, ou ye Huanyun was disappointed.

He had specially rushed over because he wanted to inquire about the rain immortal from the four symbols manor. He wanted to have a face-to-face exchange with this rain immortal.

Unfortunately..

“In that case, sorry to disturb you.” Ou Ye Huanyun stood up.

Yun qianxiong said, “Nephew Huanyun, why are you in such a hurry to leave? It is not too late to leave after eating.”

“I appreciate your kind intentions. Huanyun still has matters to attend to, so I Won’t disturb you any further.” Ou Ye Huanyun tactfully rejected and cupped his hands to bid farewell.

Yun Qianxiong secretly sighed. A figure like ou ye Huanyun ultimately looked down on the four symbols manor.

After he left, Yun Qianxiong said, “Tian ‘er, you have to work hard. If you can be like immortal rain, why would you worry that my four symbols manor lacks connections?”

Yun Zhantian smiled bitterly. “Father, you’ve personally seen rain immortal’s projection. His true ranking is more than 100? It should be within 50. I can barely stand at 180 at the moment. It’s too far away from him.”

“Sigh...” Yun Qianxiong sighed. Talent was something that could not be forced. He could only be envious.

After a pause, he frowned and said, “Qianshuang, that su fellow really did not come to the four symbols manor again?”

Five days had already passed. It was expected that the little sect master would come back of his own accord and request for an invitation letter.

However, the result was that he did not.

He could not help but feel slightly worried.

Yun Qianshuang was still thinking about ou ye Huanyun’s figure in her mind. When she suddenly heard this, her face immediately darkened. “Don’t ask me!”

She was angry in her heart. Why did she have to drive him away for no reason? How was she doing now?

The old ancestor’s life was coming to an end. He did not have a hundred years to live.

In a hundred years, it might not be possible to find the dao master’s bone.

Yun zhantian snorted, “What is this? Are you unhappy just because you told him the truth? We did not mistreat him!”

Yun Qianxiong also shook his head slightly, “This person’s heart is too bad. He does not listen to harsh advice. He is not a promising person.”

Hearing this, Yun Qianshuang didn’t say a word. She only sneered in her heart.

What a joke!

He trampled on the dignity of others like that and angered them away. Instead, he blamed them for not having any magnanimity?

Perhaps her father and younger brother took the four symbols manor’s identity too seriously, so they didn’t feel that doing so had harmed Su Yu’s dignity at all.

She slowly stood up and said, “As you wish. I’ve already done my best in the matter of the patriarch. If he blames me in the future, it has nothing to do with me.”

Right now, the forefather was still outside looking for the Dao master’s bone.

It would have been fine if he had found it, but if he hadn’t, who knew what he would think when he found out that the four symbols manor had rejected the dao master’s bone that had delivered itself to his door.

Even the position of manor head that Yun Qian Xiong had been promoted to in a fit of anger was light.

Hearing this, Yun Qian Xiong's face sank slightly, and he was slightly regretful. He hadn't expected that the little sect master's self-esteem would be so strong.

He had merely not deigned to be noble, yet the other party had left in a huff.

Up until now, he still did not feel that he had made the slightest mistake.

"Send someone to look around. be more polite." Yun Qian Xiong waved his hand and said.

Yun Qianshuang shook her head. It would be useless even if she found him.

It was impossible for Su Yu to exchange with the four symbols manor again.

Feeling displeased, Yun Qianshuang felt a stifling feeling in her chest. She entered the marketplace alone to stroll around.

Speaking of which, Su Yu.

After cultivating in seclusion for a few days, he woke up from his meditative state and sighed. "The eighth style is different from the previous sword techniques. It Won't work in the end."

He tried to comprehend the nameless style of the devil sword technique, but this style needed to be improved in actual combat. It was completely different from the previous sword techniques.

It would be difficult to successfully cultivate it just by comprehending it.

After thinking for a while, he left the house.

There was a personal maid standing quietly outside the room, waiting for Su Yu to summon her at any time to serve him.

"Let me ask you, is there any place in the four symbols civilization that is suitable for sparring?"

The maid thought seriously and said, "The sparring that young master mentioned, is it with people or objects?"

"With people," Su Yu said. The flexibility of people far exceeded that of mechanical puppets and was more suitable for sparring and tempering.

"For humans, I recommend the infinite staircase of this civilization. It is a sacred place for sparring. There are all levels of cultivation, including the four crowns."

Su Yu's eyes lit up slightly, and he asked for details.

The infinite staircase was a sacred place for sparring that the four symbols civilization had spent dozens of generations to build.

Once they entered, no matter how serious their injuries were, as long as they left the staircase, they would instantly recover.

Therefore, they were not afraid of a life-and-death battle.

People sparred with each other because they had to consider whether they would cause casualties to the other party. They rarely used their full strength.

Chapter 2026 The Golden Nine Steps

As such, the effect of tempering oneself would be weakened.

As for the infinite staircase, it didn't matter if both parties were fighting to the death. It could even stimulate the potential of the sparring partners.

Hence, it wasn't an exaggeration to call it a sacred place for sparring.

However, not everyone could enter the infinite staircase.

Firstly, one needed ten dao coins to enter once.

Second, before entering, one would need to undergo a cultivation test. According to the strength detected, it would be sent to different levels of the staircase.

Different levels of the staircase had different cultivation levels of the warriors.

This way, it could be guaranteed that the warriors on the same staircase had the same strength, so it was meaningful for them to spar.

If the strength of the two sides were too different, then sparring would become meaningless.

After understanding all this, he moved to the Great Hall at the foot of the immeasurable steps.

In the Great Hall, there were two or three people waiting to line up for the test.

Su Yu received the negative income. After paying ten dao coins, he waited patiently.

Their test method was to let the people who were preparing to enter enter randomly pair up and fight.

“You, you, the two of you come over and spar with me. I will evaluate your strength and send you to the corresponding steps.” The person in charge of the test said to Su Yu and another young man wearing a bamboo hat.

He probably felt that the two of them were both young people and that the difference in their cultivation levels would not be too big.

Su Yu sized them up and nodded slightly.

“You go first. It's best if you go all out. There's no need to take me into consideration,” the person in the bamboo hat was very confident and said with his hands behind his back.

Su Yu pondered for a moment. He had wanted to say this as well.

Among his peers in the four symbols civilization, there should be no one stronger than him.

However, since the other party said it first, there was nothing to argue about.

After thinking for a while, he didn't even take out his asura sword and said, “Then you should be careful.”

The hooded man didn't say a word. A primal power surged out from his body to protect his body.

“Evil Dragon Nirvana!” Su Yu’s arm turned into a dragon claw, carrying the power of an early-stage four-crowned king as he attacked brazenly.

The hooded man was slightly startled. He hurriedly put down his hands behind his back and hurriedly blocked.

Bang --

The hooded man was forced back a few steps. He was secretly surprised. “Other than Yun Zhantian, there’s still a young expert like you from the four symbols civilization?”

His primal power doubled as he cast a powerful divine art.

Su Yu did not say a word. He still used his powerful dragon body to fight against the hooded man.

This time, both of them took a few steps back.

Su Yu was slightly surprised. The four symbols civilization was really crouching tigers and hidden dragons. They actually encountered a four-crowned king expert whose age was not too different.

He did not know, but he was even more surprised by the hooded man.

That attack just now had 30% of his strength, but it actually could not do anything to a peer.

In the Heaven’s legacy civilization, such a person could be counted on one’s fingers.

He did not think that he would randomly meet one.

He was none other than Ou Ye Huanyun.

Since he had not found rain immortal, he came to the four symbols civilization’s famous Holy Land, the infinite staircase, to try his luck and find a few four-crowned champions to spar with before leaving.

Who knew that he would meet a young Heaven’s favorite in the testing hall, which was really unexpected.

“I don’t believe it!” Ou Ye Huanyun, who had intended to casually attack, became slightly serious and said, “Be careful!”

He released all of his cultivation and took the initiative to attack.

Su Yu was not afraid. She urged the dragon power in her body and brazenly resisted.

Bang --

The battle between the two caused the space to tremble violently. The entire hall emitted a dull sound that was exceptionally ear-piercing, causing everyone to be bewildered.

“What’s going on? Two top experts of the younger generation?”

“Isn’t this strength a little too exaggerated?”

Ou Ye Huanyun was forced to retreat over a hundred feet. He was truly shocked. “Even with 50% of his strength, he was still unable to do anything to the other party! Just who is this fellow?”

However, his fighting spirit was stimulated, he raised his head and laughed, “Hahaha, again...”

“It’s Done!” But the person in charge stopped him in time, “Your cultivation is very strong, you can go to the Golden Stairs, and you can go to the silver stairs.”

Ou Ye Huanyun was qualified to go to the golden stairs, and Su Yu could go to the silver stairs.

The infinite stairs were divided into nine steps.

There were nine steps: black iron, silver, gold, Crystal, mystic water, and heavy mountain.

Among them, the black iron stairway was only suitable for three crowns to spar with.

Silver was suitable for four crowns at the beginning stage.

Gold was suitable for four crowns at the middle stage.

Mystic water was suitable for four crowns at the later stage.

Heavy Mountain was suitable for five crowns at the beginning stage.

The person in charge of the inspection was still quite sharp. Although ou ye Huanyun had hidden his strength, he could still estimate his general cultivation level.

As for Su Yu, it was because he had concealed his strength too deeply that he was unable to be detected.

“May I ask how I should address you?” Ou Ye Huanyun was quite interested in him.

“Su Yu!”

“So it’s brother Su. Your strength is not bad. You should be one of the top among the four crowns!” Ou ye Huanyun commented, “Work hard, I have high hopes for you.”

Su Yu nodded indifferently, “You flatter me.”

The other party only used half of his strength, while Su Yu only used less than 10% .

If he was a little more serious, the hooded figure in front of him would probably not last more than one move.

“Hehe, I’ll take my leave first.” Ou Ye Huanyun said and disappeared from the entrance of the infinite staircase.

Su Yu followed closely behind.

After a teleportation, he appeared on a silver-white staircase.

The silver staircase had a total of nine steps.

Each step was extremely huge and spanned across billions of mountains and rivers. It was completely enough for the emperors of Heaven and earth to fight to their heart’s content.

The higher the silver staircase went, the higher the strength of a martial artist.

As a newcomer who had ascended the staircase for the first time, Su Yu appeared on the first step.

If he wanted to ascend to a higher level, he would need to win more than ten matches in a row on this step.

When the silver nine steps were completed, he would be able to enter the golden staircase that went to a higher level.

“There’s a newcomer! It Can’t be, he looks very young.” A middle-aged martial artist with a long mouse tail and a sharp mouth noticed Su Yu and was slightly surprised.

His eyes rolled as he walked over and said, “Kid, do you know the rules of the newcomers?”

Su Yu’s face was indifferent. “Oh? Tell me about it.”

“The rules are that the newcomers must first give the elders some practice. Do you have any objections?”

Normally speaking, those who were here all year round were naturally much stronger than newcomers.

Sparring with the elders would usually end in a miserable ending.

“No objections,” Su Yu said. He came here to find someone to spar with.

“Hehe, then I, the senior, will go first,” the rat-tailed man said.

A few martial artists who had hurried over secretly cursed.

“The rat didn’t beat us to it again!”

“He even met a young rookie. His luck is really good!”

As it turned out, there was a limit to sparring in the infinite staircase.

Each time they entered, they could only lose ten matches in a row. Once they exceeded that limit, they would be teleported away.

There was only one way to extend the sparring time, and that was to win three matches!

If they won three matches, they would gain the right to lose one more time.

However, everyone present was an old man. They knew each other well and were all extremely cunning. To win one match, they would need to rack their brains.

Therefore, to be able to compete with a newcomer, they would naturally be more than happy to do so.

The rat-tailed man was very lucky to be the first to challenge Su Yu.

Swoosh --

Su Yu drew out his Asura sword and drew a sword flower. He said, “I’m ready. Let’s begin.”

Rat buwei chuckled. “You’re not using the laws?”

“No.”

“Oh, then I’m going to use them.”

“Suit yourself,” Su Yu said indifferently.

Rat Buwei was overjoyed. Such an arrogant rookie was simply here to give him points!

“Black Fog Laws!” Rat buwei attacked without warning, and a law chain slammed toward Su Yu.

Su Yu’s expression was calm. The Shura Sword swept across the air. “Nameless!”

The sword style was ordinary, and there was no gorgeous move. It was like an ordinary move that had no name.

However, within the sword style, there was an extremely simple and mysterious trajectory.

Without any sword Qi or power bursting out, rat buwei, who was charging over, was suddenly annihilated along with his law. He was actually killed on the spot.

Not far away, rat buwei reappeared, unharmed.

However, his face was filled with fear!

The few veterans who were watching by the side were even more terrified. They retreated frantically with pale faces.

Su Yu’s eyes revealed a trace of disappointment. “Too weak.”

His sword style had yet to be completed. Even the rat-tailed man could not withstand it. Such a sparring was useless for the advancement of his sword skills.

“Let’s try again after entering the golden steps,” Su Yu said indifferently. He looked up at the group of veterans and said, “Next, which old man should I spar with?”

“Run!”

“We’ve encountered a monster! Run!”

The group of old men turned into birds and beasts and fled quickly.

Su Yu sighed, raised his Asura sword, and said, “Nameless!”

The sword stance rose again. Wherever it passed, the old men were ready to kill with one sword strike.

..

Soon, the first silver-level rank one remembered the wails of ghosts and howls of wolves, and it did not stop for a long time.

Only after killing ten people did the second silver-level rank two drop a small ladder for Su Yu to go up.

He was expressionless as he headed straight for the second step.

The elders of the first step patted their chests as they felt a lingering fear in their hearts. “F * ck, he’s really fierce...”

As soon as they finished speaking, the sounds of fleeing and crying suddenly came from the second step.

The elders looked at each other with shock in their eyes.

Just like that, the silver steps went from one to the next, and screams rang out one after another.

Not long after.

At the first level of gold, Su Yu killed a middle-stage four-crowned emperor with one sword strike. A hint of disappointment appeared in his eyes. “He’s still too weak.”

Nameless had yet to successfully cultivate, but it was not something that a middle-stage four-crowned emperor could withstand.

It seemed that he could only head to the higher level of the crystal steps and try to find a late-stage four-crowned emperor to spar with.

He raised his Shura Sword again and fiercely defeated all the people he met along the way, continuously climbing the higher gold steps.

When he left the golden steps, the entire golden nine steps exploded.

At the sixth step, ou ye Huanyun was gasping for breath as he hid in a secret place to rest.

He looked down on everyone along the way and successfully killed his way from the first step to the sixth step.

But just now, he met a fierce person at the sixth step. His strength was very strong.

They were both in the middle stage of the four crowns. He was not his opponent at all. He had already been killed by him once.

However, the other party saw that he was a newbie and chased after him relentlessly.

It was not easy for him to escape to this place, so he was temporarily safe.

At this moment, not far away, there was a flash of light. A broken figure gathered together again, and he was still screaming miserably.

Looking closely, the corner of Ou ye Huanyun’s mouth twitched. It was the person who was chasing after him!

He was just about to escape when he suddenly realized that something was wrong. He was secretly surprised. “He... was killed?”

This person’s strength was extremely close to the late-stage of the four crowns. who was so powerful that he was killed?

Moreover, not long ago, this person was still chasing after him. How could he be destroyed in such a short time?

Chapter 2027 Complete Nameless

Ou ye Huan Yun left quietly. To his horror, many warriors did not have the heart to continue sparring along the way.

Instead, they piled up together and discussed intensely.

He went forward to probe a little and learned that a monster had appeared at the sixth stage of gold tier just now. It had mastered a terrifying heaven-defying sword technique.

Whoever blocked it would die!

After killing ten people in a row, he climbed all the way to the seventh stage.

“Fortunately, I ran fast. F * ck, otherwise, I would have tasted the taste of being hacked to death for nothing.” A warrior grinned.

“You guys are all lucky. I’m the unlucky one. I was killed for no reason!”

“Hahaha, who told you to be so mean? You Provoked Me First!”

Hearing their description, Ou Yehuan Yun was secretly surprised. “There are many experts in the four symbols civilization. A sword master who can overpower everything can appear at any time.”

Yu Xian’s figure involuntarily appeared in his mind. They were both sword masters, but they had also killed him in one hit.

However, from their description, this person’s sword skills were even more terrifying, far surpassing Yu Xian. They should not be the same person.

Calming his mind, he continued to look for someone to spar with.

At that time.

Su Yu had already killed his way up the mystic water steps.

Those who were able to enter this step were most likely at the late stage of the four crowns.

Without Sword Arts, Su Yu could only use the evil dragon Nirvana to contend against them.

However, with nameless in his hands, he might not be able to.

Not long after, Su Yu met a late-stage four-crowned emperor. The two of them politely nodded at each other and began to spar.

“Junior, you go first.” The person who came was a middle-aged man who looked to be in his fifties. His entire body was surrounded by a faint spiritual light, making him appear exceptionally valiant.

He felt a little strange. The junior in front of him had cultivated for less than a hundred years. How did he manage to run up the mystic water steps?

There should be a loophole somewhere, right?

Perhaps, he wanted to make a move to send him back. The mystic water steps were not to be trifled with. Any one of them could cause this kid’s life to be in danger.

Su Yu nodded. “Mm.”

His opponent was a late-stage four-crowned emperor. Naturally, he did not dare to be careless.

Boom --

He released all the primal energy in his body and gathered it into the Shura Sword.

“Eh? Early-stage four-crowned emperor? Which family are you from?” The middle-aged man couldn’t help but be surprised.

An early-stage four-crowned emperor who was less than a hundred years old, such talent was indeed terrifying!

However, his cultivation was far from being in his eyes. He smiled and said, “Go All Out!”

He hadn’t even released the power of desolation and planned to use his body to take it head-on.

Su Yu said indifferently, “You should be more cautious so as not to hurt you.”

“Haha... Don’t worry, I know what to do,” the middle-aged man said confidently.

How strong could an early-stage four-crowned emperor be?

“Demonic sword technique, nameless!” Su Yu paused and slashed out with his sword.

The Asura sword slashed down in a marvelous trajectory, appearing ordinary and unremarkable.

The middle-aged man instantly felt a great danger approaching. His heart pounded wildly as he hurriedly circulated his primal energy to protect his body. At the same time, he conjured a grade-5 law horizontal ridge in front of him.

Bang --

However, it was as if he had suffered some invisible attack. The primal energy on the surface of his body was forcefully cut open, striking his true body.

His entire body was sent flying as if he had been electrocuted.

Falling not far away, the middle-aged man climbed up with a horrified expression. “Is that a law?”

The might of his opponent’s swordsmanship was comparable to a law.

What was even more terrifying was that his opponent was only at the early-stage of the four crowns, yet he was able to shake an existence at the late-stage of the four crowns.

Although he was focused on defense and didn’t make a move.

“That’s why I told you to be careful,” Su Yu said.

The middle-aged man’s expression changed again and again. Finally, he became serious and released the primal power of the late-stage of the four crowns. He even released his law and said, “Alright, then I’ll be serious!”

“Giant Wood Law!” The middle-aged man’s Law chain swept over.

Su Yu’s expression was calm. It was the same sword style as before.

Clang --

The trajectory collided with the law chain and sent the latter flying back.

The two of them were evenly matched.

This was exactly what Su Yu wanted. Only when their strength was equal could they hone their swordsmanship.

“Nameless!” He slashed out once again.

The middle-aged man was both shocked and amused. “Good Lad, so you are using me as a sword practitioner! Alright, let me see how exquisite your swordsmanship is!”

He exerted his full strength and even activated the movement techniques of the four crowns, displaying the ultimate strength of the late-stage of the four crowns.

Su Yu thought for a moment and activated the Taiji Yin-yang wings. However, he only suppressed his speed to the late-stage of the four crowns, sparring with them to the death.

“So Fast!” The middle-aged man was shocked again and became serious. If he was careless today, he might really fail miserably.

The two exchanged more than a hundred rounds, and they were evenly matched.

After a thousand rounds, there was finally a hint of a winner.

“Nameless!” Su Yu slashed out another sword. It was different from the previous trajectory. This time, the trajectory flickered with a vague afterimage.

Su Yu caught sight of this afterimage and had an epiphany.

Perhaps the essence of this sword style was to grasp the direction of the afterimage.

He secretly memorized the direction of the Afterimage and swung out with this sword.

Chi La --

The middle-aged man’s law was not only knocked back by the attack, but it was also slapped back on his body, sending him flying.

The primeval force on the surface of his body was annihilated, and his body was even injured by the rebounding force.

“Cough cough...” the middle-aged man’s eyes were filled with shock. In just half a day of fighting, his opponent’s strength had soared at a speed visible to the naked eye.

A bitter smile flashed across his face. “There’s no need to compete anymore. I’ve lost!”

Su Yu put away his sword and cupped his hands slightly. “Thank you for letting me win!”

“However, I’m not the strongest person in the first stage of black water. If you meet someone else, you might not necessarily win.”

“That’s what I want! Thank you for teaching me!” Su Yu said and turned to look for the others to spar with.

Not long after.

Somewhere in the first stage.

Su Yu wiped the blood from the corner of his mouth and stared at the opponent in front of him.

They were both in the late stage of the four crowns, but their strength could be said to be much stronger than the middle-aged man he had met before.

In the first exchange, he was completely at a disadvantage.

“Again!” Su Yu was not discouraged and continued to hone his sword techniques in actual combat.

Three days later.

Chi --

A thick afterimage streaked across Su Yu’s Asura sword. The strongest fourth-crowned emperor of the first stage fell at his feet.

Su Yu’s clothes were tattered and his body was covered in moderate injuries. There was also a hint of weakness on his face.

“I have just reached the threshold, but there is still a long way to go before my swordsmanship is perfected.” Su Yu took a deep breath and muttered to himself.

Looking at the even higher mystic water steps, he gritted his teeth and rushed to the second step.

The experts at the second step were not only stronger, but they also had rich battle experience.

Su Yu’s single swordsmanship was at a complete disadvantage in actual combat.

“Hehe, you want to practice swordsmanship with me? You Don’t know life from Death!”

“Nameless stance!” Su Yu’s heart was determined. No matter what kind of pain he suffered, he gritted his teeth and persevered.

Three days later.

The tenth ranked opponent fell under the sword. Even though he had gone through a lot of trouble and the two sides had fought for more than a thousand rounds before barely winning, it was still a victory in the end.

His swordsmanship continued to improve at a speed visible to the naked eye.

“The third stage! I’m Coming!”

..

For a full thirty days, Su Yu had experienced over a hundred battles. Every single battle was soul-stirring and incomparably difficult.

This was especially so in the final battle. He had encountered a peak existence at the late-stage of the four crowns. His strength was unfathomable.

Several times, he had been surrounded by danger and died at his hands.

The two sides had fought for an entire day. In the final moment of death, Su Yu had captured the last afterimage and used his perfected sword technique to kill him.

He was dressed in white and his blood was stained.

“I’ve finally perfected it.”Su Yu let out a long breath.

After a month of training, he had finally not wasted his time.

The eighth style of the demonic sword technique, perfection!

Just by relying on the demonic sword technique, no one below the five crowns was a match for him.

However, he didn’t know how much of a chance he had against the early stage of the five crowns.

Looking at the higher mountain steps, he pondered for a moment and then stepped onto it.

Only the five crowns could step onto the mountain steps. In the four symbols civilization, the five crowns were also a rare existence.

Coincidentally, the five-crowned champions who were sparring on the infinite stairs today were even rarer.

Therefore, Su Yu swept across and did not find a single five-crowned champion.

Just as he was about to retreat, he suddenly felt a powerful fluctuation of the five-crowned champions.

With a thought, he put on an extremely black dust robe to cover his body.

Most of the five-crowned champions were people from the four symbols mansion. It was better not to reveal their true strength to them now.

Su Yu hurried over to hide it.

He found that it was Yun Qian Xiong, the Mansion Master of the four symbols mansion. He was sparring with a middle-aged man at the initial stage of the five crowns.

Of course, it was more like giving pointers than sparring.

After sparring for a while, Yun Qian Xiong pushed him back and said, “Second Brother’s strength is progressing very fast. I believe that he will soon enter the second stage of the Heavy Mountain.”

It turned out that the middle-aged man was Yun Qian Xiong’s younger brother, Yun Jing Hong.

Yun Jing Hong sighed and said, “In front of Big Brother, what is this little bit of strength of mine? I can’t even share Big Brother’s worries.”

Yun Qian Xiong was a peak existence at the peak of the five crowns. He was just an early stage, so he was really nothing.

“You can’t say that! I’m usually busy, and it’s always you who guides Yun Zhan Tian and Yun Qianshuang’s cultivation for me. Without you, their cultivation might have fallen behind.”

Yun Jinghong said humbly, “You flatter me, Big Brother. Those two children are quite talented, and I merely gave them a little guidance. It’s nothing much.”

As the manor head of the four symbols manor, Yun Qianxiong was responsible for the affairs of the entire four symbols civilization. He was usually quite busy, and only had the time to occasionally guide the two children in their cultivation.

It was all thanks to his little brother helping them that their cultivation didn’t fall behind.

It made perfect sense to say that he was the teacher of the two children.

“I still have one last chance to spar. Big Brother, let’s have another round,” Yun Jinghong said.

He had already been defeated by Yun Qian Xiong nine times in a row. He would lose the last chance to spar and would be teleported away.

Yun Qian Xiong waved his hand indifferently. “The difference in our strength is too great. Sparring with me will be very difficult to sharpen our skills. It is more appropriate to spar with an equal expert...”

As they spoke, they simultaneously sensed Su Yu’s arrival.

“You are the five crowns of the four symbols manor?” Yun Jing Hong looked at him, slightly surprised. For him to be able to reach the steps of the mountain, there was no doubt that he was the five crowns.

However, the five crowns of the four symbols civilization should all be people of the four symbols manor.

What was the meaning of wearing a black robe?

“I am not a person of the four symbols manor, and my cultivation base is also not that of the five crowns,” Su Yu said calmly.

“Oh?” Yun Qianxiong and Yun Jinghong were both slightly surprised.

Could it be that the other party was an outsider who had charged up the mountain?

It should be because his cultivation level had reached the peak of the four crowns that he was able to barely make it to the mountain, Yun Jinghong thought to himself.

Chapter 2028 Exchanging Insights

“Are you here to spar with me?” Yun Jinghong asked.

Su Yu nodded slightly. “Yes.”

After thinking for a while, Yun Jinghong said indifferently, “Alright, since I have no one to spar with, I’ll give you some pointers. Make Your Move.”

Su Yu took out the asura sword, and all of his primal energy gushed out.

“The eighth form of the demonic sword technique, nameless!” He swung his sword with all his strength.

A series of afterimages outlined an extremely mysterious arc.

Yun Jinghong, who had a calm expression, suddenly changed his expression, and a layer of power of desolation immediately condensed on the surface of his body.

However, how could he completely block it in such a hurry?

It was as if he had been cut by thousands of sharp blades. The power of desolation that he had just condensed was dispersed, and it fell on his body.

Ding Ding Ding Ding --

However, hearing the extremely dense sound of metal striking, the clothes on Yun Jinghong’s body were cut into pieces, revealing his strong body.

Streaks of dark red sword marks were like bamboo shoots after a rain, blooming densely on the surface of his body.

His body was also continuously pushed back by the sword qi.

Su Yu’s eyes flashed, and he growled, “Nirvana of the Evil Dragon!”

His body suddenly grew tall, growing to a height of 30 feet.

Dense black dragon scales appeared on the surface of his entire body, and his four limbs turned into ferocious dragon claws.

There was a long dragon tail on his back!

With a stomp of his feet, the earth shook violently, and his body shot out like a spring.

Leaving an afterimage on the spot, his original body teleported in front of Yun Jinghong, and the dragon claws slapped toward his head.

Yun Jinghong was forced back by the Sword Qi, and he was sent flying by the dragon claws before he could react.

His head became Dizzy.

He was laughing in his heart!

A dignified five-crowned king was actually defeated in front of a four-crowned King!

“Enough...” his figure instantly disappeared from where he was and reappeared three thousand feet away, preparing to pull away first.

Who knew that his opponent’s movement technique was unbelievably fast. He was one step ahead of him and teleported over, but his opponent was right behind him. A dragon tail lashed out at his waist.

Bang --

His body was sent flying.

But it wasn't over yet. While he was still flying backwards, his opponent teleported over and stomped on his chest.

Bang --

His entire body crashed heavily to the ground.

Yun Jinghong was furious from the beating. Just as he was about to attack, he saw a pitch-black shadow that was thirty feet tall suddenly appear in his line of sight. The opponent held the asura sword in his hand and slashed down ruthlessly.

Kacha --

It was that extremely strange and mysterious sword technique again. Yun Jinghong lost the protection of the primeval force and a large number of dark red sword scars appeared on his body again.

Su Yu sighed slightly. In the end, there was still too much of a difference in cultivation.

Even if he tried his best, he was still unable to cause any effective damage to the five crowns. At most, it would only be a superficial injury.

"Your excellency is very powerful. I admire you!" Su Yu sheathed his asura sword. With a thought, the infinite staircase sensed his intention to leave and sent him out.

Yun Jinghong shouted, "Stop!"

He climbed up from the deep pit, and the dark red sword marks on his body quickly disappeared without a trace.

"Where did this guy come from?" Yun Jinghong's old face was slightly red, and he laughed angrily, "He beat me up and then ran away. If this gets out, I'll lose face in the four symbols civilization!"

"Haha..." Yun Qian Xiong, who was watching the battle from the side, couldn't help but laugh out loud.

To be honest, he was extremely surprised.

The opponent was a quadruple crown prince, but he was actually able to use his swordsmanship and strange transformation technique to beat up a quadruple crown prince.

Although Yun Jing Hong never had the chance to make a move, it was really unbelievable to be able to force him to such an extent.

"Why didn't Big Brother Stop Him?" Yun Jing Hong complained slightly. After suffering such a huge loss, how could he let it go?

Yun Qianxiong said, "If the other party wants to leave, how can I stop him? Besides, I think second brother should remember this lesson. Don't let your guard down just because the enemy is weak."

Yun Jinghong blushed and said embarrassedly, "This matter... I hope big brother can keep it a secret, especially not in front of those two children. Otherwise, I really won't have the face to see them."

"Haha..." Yun Qianxiong laughed loudly.

At the foot of the infinite staircase, in the main hall.

A white light flashed and Su Yu appeared from the exit.

He took off the extremely black dust robe on his body and walked out.

"Brother Su, I've been waiting for you for a while." A slightly familiar voice fell into his ears.

He looked up and saw that it was the young man in the bamboo hat who entered the infinite staircase with him in the beginning.

"Is there something you need me for?" Su Yu asked.

"Hehe, brother Su's strength is outstanding. I would like to spar with You Again!" The young man in the bamboo hat said.

Su Yu laughed and said, "The sparring at the infinite staircase has yet to satisfy you?"

The young man in the bamboo hat sighed and said, "Sigh, I am currently sparring four to five hundred times and am very interested in it. Who knew that the number of sparring sessions would be gone and I would have to find someone to spar with outside."

So he came looking for me? Su Yu could not help but smile.

He probably thought that Su Yu would be able to spar with him for a short period of time, so he specially came to wait for Su Yu.

"I'm sorry, I still have some matters to attend to, so I'm afraid I won't have the time to spar."

"No Worries! Let's Find a place to drink and exchange our martial arts insights on the infinite staircase. It's not bad either." The young man in the bamboo hat shamelessly said.

Su Yu had a slight headache. A martial arts fanatic was harder to deal with than a ruthless enemy.

He could destroy the latter with one sword strike, but the former could do nothing to him.

Unable to win against the other party's repeated pestering, he could only get: "Alright."

"Hehe, brother Su is straightforward! Then the local drunken immortal restaurant will be my treat!"

Drunken Immortal restaurant was the property of a branch of the Daoist Huang Hall. It was also the most luxurious restaurant in the four symbols civilization. After a meal, it would cost at least 200 Dao dollars.

To an ordinary four-crowned emperor, it was an extremely expensive restaurant that they could never afford.

It could be seen that this person's wealth was quite high.

Soon, the two of them drank in the restaurant.

"I see that brother Su's physique is very strong. He should walk the same path of physique, right?" The hooded man said when he remembered that the other party had defeated him, who was one level higher, just by relying on his physique alone.

Su Yu thought for a moment and did not deny it. "You can say that."

He had never specialized in physique. His main method of cultivation was not physique, but swordsmanship.

"Impressive! With your overall strength, I estimate that you can enter the top 150 on the Huang Dao Board. Brother Su, are you willing to give it a try?"

"You are flattering me. How can my strength be so high?" Su Yu said modestly.

The young man in the bamboo hat laughed. "Flattering? That's not it! You can fight to a draw with the person who is ranked 101st. It would be easy for you to enter the top 150."

Su Yu was slightly stunned and said, "101st... You Are?"

The young man in the bamboo hat took off his bamboo hat and revealed his true appearance. He smiled and said, "Nobody! I am ou ye Huanyun, from the Heaven's legacy civilization."

"It's You?" Su Yu was slightly surprised.

Ou Ye Huanyun was slightly stunned and said, "Oh? You know me?"

If he had not paid attention to the Huang Dao Board for a long time, he should not have known him.

Su Yu found it funny. He had just kicked him out of the 100th place on the yellow road roll not long ago. How could he not know him?

"I've seen your photo in the Yellow Road Hall's Branch Hall. It's very impressive," Su Yu said.

Ou Ye Huanyun smiled and said, "It seems that brother Su is also someone who understands the yellow road roll very well. Since that's the case, you should know that if you can tie with half of my strength, the chances of entering the 150th place are quite high."

Su Yu smiled and did not say anything.

Tie? He did not even bring out 10% of his strength at that time.

"Brother Ou Ye's strength is very strong. I admire you," Su Yu said.

Ou Ye Huanyun waved his hand and said, "Who am I? Not to mention far away, I was recently kicked out of the top 100 by a mysterious Heaven's favorite."

Su Yu did not say anything.

“That person’s name is rain immortal. Since brother Su is from the four symbols civilization, you should have heard of his name.”

Su Yu’s expression was calm as he nodded. “I’ve heard of him.”

“This person’s swordsmanship is exceptional. In my opinion, even the top 50 people on the Yellow Dao rankings might not be his match.” Ou ye Huan Yun said with a sigh, “This time, I came to the four symbols civilization to pay a visit to him. Who knew that his identity was hidden and that the four symbols manor did not know about it. It’s truly a pity.”

He did not know that the rain immortal he wanted to find was sitting opposite him.

“That rain immortal is actually not that powerful. I believe that brother Ou ye will surpass him in the future.”

Ou Ye Huanyun shook his head, “It’s impossible. The difference is too great.”

Looking at Su Yu, he smiled and said, “As for you, if you work hard, you will be able to enter the top 100. I have high hopes for you!”

“Thank you.” Su Yu smiled lightly.

“Oh right, brother Su, how many steps have you reached in the infinite staircase?” Ou Ye Huanyun asked.

Su Yu thought for a moment. He had only reached the ninth step of the mystic water realm and was forced to retreat after failing the first step of the heavy mountain realm. He said, “I am ashamed. I am only at the ninth step.”

Ou Ye Huanyun was not surprised. From his and professor Su Yu’s point of view, Su Yu’s strength should be close to the peak of the initial stage of the four crowns, he praised, “Not bad, brother Su, with the initial stage of the four crowns, you’ve killed your way to silver-level rank-9. You’ve almost entered the ranks of the gold ladder. It’s quite extraordinary.”

Su Yu was slightly startled, but he immediately chuckled. He did not explain too much and asked, “Where’s brother Ou Ye?”

“He’s only at Gold-level Rank-8. He can’t compare to brother Su.”

Su Yu secretly praised. To be able to reach gold-level rank-8, it was enough to prove that this person was quite a peak existence in the middle stage of the four crowns.

“Brother Ou ye is too modest.” Su Yu said.

Next, the two of them exchanged their martial arts insights.

At first, ou ye Huanyun felt that he should be the one to explain more. After all, his cultivation realm was there.

However, who knew that after a round of exchanges, Su Yu’s understanding of martial arts was far higher than his.

Especially towards the various Great Dao of Heaven and earth, he was omniscient.

In comparison, his understanding of martial arts was like a dragonfly skimming the surface of the water, dabbling in it but completely unable to bring it out.

At the beginning, ou ye Huanyun still said some of his own views, but towards the end, it was Su Yu who said it. Most of the time, he listened attentively, just like a student listening to a teacher's lecture.

After a long while, the sky gradually turned dark, Su Yu said, "Why don't we call it a day, we'll chat again if we're fated."

Ou Ye Huanyun woke up from the shock. He felt a sense of loss in his heart and sighed, "I didn't expect brother Su to be younger than me, but he is knowledgeable and omniscient. I'm really ashamed."

"I just heard it from others. Picking up someone's wisdom is nothing," Su Yu said.

He became a god with ten thousand daos, so his understanding of the heavenly daos naturally far exceeded that of ordinary people.

Ou Yehuan Yun stared at Su Yu with deep admiration. He clearly had such talent and knowledge, yet he was still so modest, completely unlike his peers.

People of the same age more or less liked to show off and flaunt, satisfying their vanity.

But Su Yu did not have it at all!

Chapter 2029 Beautiful Women

"To be able to get to know brother Su, the four symbols civilization is worth this trip." Ou ye Huan Yun sighed sincerely. "I believe brother Su will also be attending the temple of the Yellow Dao conference, right? How about going the same way?"

Su Yu thought for a moment and nodded in agreement.

Ou ye Huan Yun was not bad, his bearing and heart were not ordinary, there was nothing wrong with going with him.

"I still have a few friends who are still in the Heaven's legacy civilization. Now let them come to the four-star civilization to meet and board the palace ship together."

As the saying goes, birds of a feather flock together. Ou Ye Huanyun was such a character, his friends should not be too bad.

"Sure."

"Haha, it's a Deal!" Ou Ye Huanyun put on his bamboo hat again and left the drunken immortal tower side by side with Su Yu.

Just as they went downstairs, a group of men and women walked past them, laughing non-stop.

Among them was Yun Qianshuang.

She had already walked far away, but she suddenly sensed something from the corner of her eyes. She suddenly turned her head and looked at Su Yu in surprise, saying, "Why are you here?"

Su Yu stopped and said, "I'm drinking with a friend."

"Friend?" She looked at the person in the bamboo hat next to him and then looked at the drunken immortal restaurant, feeling surprised in her heart.

The Drunken Immortal restaurant was very expensive. Even she couldn't bear to come unless it was an important gathering.

Su Yu had just come to the four symbols civilization, so she definitely didn't have any dao currency with her. So this friend in front of her should have paid for it, right?

He really knew how to make friends. In the blink of an eye, he could make such a rich friend.

Thinking about it carefully, it seemed that Su Yu really knew how to make powerful friends. No matter when, there would always be some strong people around her, such as the recent hunters.

"Hehe, sister, I've already said it. If you give money to such a person, he will only spend it indiscriminately and won't use it on the right path at all." A discordant voice came from among them.

Su Yu looked over and saw that it was Yun Zhantian. So he was among them.

Yun Zhantian looked at Su Yu from top to bottom with contempt.

That day, he sensed that Yun Qianshuang had given Su Yu a bronze card, but he did not stop her.

Now that Su Yu was doing well, he did not cherish the money and instead came to drink with his friend.

Yun qianshuang frowned and said, "Don't talk nonsense, he did not accept my money."

"Is that so? That's even stranger. Where did he get the money to invite his friend into the drunken immortal restaurant? Did he steal it?" Yun zhantian sized Su Yu up from head to toe and said with a deep meaning.

Su Yu did not say a word. He was too lazy to explain anything to such a person.

However, ou ye Huanyun who was at the side could not stand it. He stared at Yun Zhantian indifferently, "It's better to clarify everything before you speak. Slandering others with empty words is not the work of a gentleman! The wine is my treat. Why Can't I?"

Yun Zhantian did not think much of it. He glanced at Yun Zhantian and said indifferently, "With his status and status, I know what kind of friends he can make. You Can't afford to invite the drunken immortal restaurant's wine."

Ou Ye Huanyun didn't say a word. He silently took out a bronze card and said indifferently, "I can still afford to pay for a meal. So please shut your mouth and stop talking nonsense. Is that okay?"

When they saw the bronze card in his hand, everyone's expression changed.

"A bronze card can only be obtained by storing at least 100,000 dao coins, right?"

“Such cards are rare. Almost no one in the younger generation has one, right?”

Yun Qianshuang and Yun Zhantian were also surprised. As the heirs of the Lord of civilization, neither of them had the chance to get a bronze card.

The person in front of them was of the same age as them. The fact that he could get a bronze card meant that he was of an extraordinary status.

Yun Zhantian's lips moved a few times, but he did not dare to poke any more thorns.

There were crouching tigers and hidden dragons near the half-way civilization and Daoist Huang Hall. Even though he was in the four symbols civilization, Yun Zhantian did not dare to offend anyone.

Yun Qianshuang hesitated for a moment and said, “Su Yu, can you continue?”

Su Yu nodded and walked over. He said, “It's about the dao master's bone, right?”

Yun Qianshuang looked embarrassed. She glanced at her younger brother from the corner of her eyes and wished that she could tear him into pieces.

Her father had clearly mobilized the entire city to search for Su Yu, but he had been bitterly fruitless. Now that they had finally met by chance, he had actually stepped forward to mock and ridicule her.

He felt that if he could defeat Su Yu, he would definitely be able to obtain the dao master's bone in his hands, right?

“I'm sorry, my younger brother, he...” Yun Qianshuang found it difficult to speak.

Su Yu said indifferently, “Didn't I say it before? Why do you need to apologize for his mistake? Don't worry about the Dao master's bone. When he learns to talk to others, we can talk about it again.”

Even if the four Titans Palace's attitude was a little more peaceful, even if they didn't give Su Yu an invitation, for Yun Qianshuang's sake, there was no harm in giving the four Titans palace a bit of face?

Yun Qianshuang was silent for a long time before she said, “Where do you live?”

“Brightheart residence,” Su Yu said.

Yun Qianshuang couldn't help but be surprised. Brightheart residence was a place that only the masters of civilization, as well as those who were favored by the Daoist Huang Hall's Branch Hall, had the right to live in.

Even if it was usually vacant, they would never lower their requirements and let people in as they pleased.

Looking at the man in the bamboo hat, Yun Qianshuang's eyes revealed a deep surprise. This person's status was not ordinary. Not only was she able to stay in Ming Xin residence, but she was also able to arrange for Su Yu, who was of average strength and had a low status, to stay there.

This time, Su Yu had really befriended a big shot.

“Alright, I understand.” Yun Qianshuang said.

The two sides separated. Ou Ye huanyun frowned and said, “Brother Su, how do you know people from the four symbols manor? Moreover, they have a very deep prejudice against you.”

With the talent that Su Yu had displayed, any random force that he joined would receive important training. How could he be short of money?

People from the four symbols manor were really looking through the cracks of the door!

“We’ve only met by chance, we haven’t had much interaction. It’s normal that you don’t understand my situation,” Su Yu said.

Ou Ye Huanyun suddenly understood. “No wonder! That Yun Qianshuang is still alright, but Yun Zhantian, I really don’t dare to flatter him!”

“Why bother about them? I shouldn’t have any interaction with them in the future.”

On this point, ou ye Huanyun agreed deeply. “With brother Su’s potential, they are destined to be people from two different worlds in the future. There really won’t be any interaction.”

In the martial arts exchange, OU Yehuan Yun blamed Su Yu’s extraordinary background for Su Yu’s extremely broad views.

His future potential would definitely surpass Yun Zhantian’s.

The two separated and Su Yu returned to Mingxin residence. While waiting for the arrival of the palace ship, he tidied up the nursery of the nine Jade Spirit Pearl.

It had been more than ten years since he entered the nursery. Other things were fine, but the nine yin grass had probably grown wildly.

This thing had a short maturity period. In the outside world, it could mature in a wave of a month. It had been so long ago that the nursery had already been occupied by the nine yin grass, affecting the growth of other plants.

With a thought, he entered the nine jade spiritual pearl.

Unexpectedly, after entering the nine jade spiritual pearl, he found that the nursery was tidily arranged.

The excess nine yin grass had been picked and piled beside the nursery.

“Xiao Die?” Su Yu’s first thought was of her.

Xiao Die had said that she would wake up in a few years. Now that more than ten years had passed, she should have broken out of her cocoon a long time ago, right?

However, Su Yu shook his head slightly and looked around.

It wasn’t Xiao Die!

That fellow only knew how to eat. When did he know how to tidy up the nursery?

Suddenly, Su Yu frowned and appeared in front of the thatched cottage.

He saw a beautiful woman dressed in white. She was carefully guiding a beautiful woman in a colorful dress.

The latter was only twenty years old. She had an oval face and was fair and clean. Her eyes were also colorful, as beautiful as crystals.

Although her aura had changed a lot, he could confirm that she was Xiao Die.

However, the beautiful woman in White was extremely unfamiliar.

“Who are you?” Su Yu stared at her coldly.

The beautiful woman in white raised her eyes indifferently. Her eyes contained autumn water. With just a glance, Su Yu was deeply immersed in them. He couldn't help but feel a surge of emotion and a sense of love.

“Illusory Charm Dao?” Su Yu's eyes were slightly absent-minded, but he recovered his composure and revealed a surprised expression.

Among the Ten Thousand Dao he cultivated, one of them was the illusory Charm Dao.

When other living beings cultivated this dao, they had to deliberately activate it in order to display it.

Only one type of living being was born with it.

The Fox clan!

“You haven't shown your face in nearly a hundred years. I thought you were dead,” Su Yu said with a deep meaning.

His identity was obvious.

Nine-tailed White Fox!

The White Fox that resided in the nine Jade Spirit Pearl back then should only have a remnant soul left. Who would have thought that it would secretly recover and be able to transform into a human form.

“If I die, wouldn't it be too easy for you?” The beautiful woman smiled sweetly. Her eyes sparkled with a charming light.

Su Yu's eyes were calm as he sized her up. After a while, he heaved a sigh of relief.

She was still a remnant soul. Compared to the past, she was only slightly stronger.

“It seems like you've seen through me.” The beautiful woman said slowly, “In the past hundred years, your strength has changed drastically.”

Su Yu said, “If not for this, you wouldn't have appeared, right?”

The beautiful woman covered her mouth and laughed, “It seems that you haven't forgotten our agreement.”

“How can I forget? After all, this nine Jade Spirit Pearl still doesn’t belong to me.” Su Yu said indifferently.

Back then, when he obtained the nine Jade Spirit Pearl, he made an agreement with the true owner of this spirit pearl, the nine-tailed white fox.

Only after Su Yu brought its remains back to the demon race did the nine-jade spirit pearl truly belong to Su Yu.

If he failed to complete the oath within a hundred years, Su Yu would suffer from the backlash of the oath.

However, the white fox probably did not expect that the tiny human race back then would grow to become the Emperor of Heaven and earth today.

Those oaths could no longer restrain Su Yu.

“It seems that you still remember.” The beautiful woman said, “There are only twenty-three years left in the hundred-year period. Can you tell me where you are now?”

Su Yu said, “Still in the five-star civilization. HMM, it’s close to the Daoist Zodiac Palace.”

The beautiful woman nodded slightly. “It’s faster than I expected. After all, you escaped from the Cage of Taotie. It’s not easy for you to get here.”

Su Yu looked at Xiao Die. She must have told him about it.

“Now that your soul has recovered so much, you can actually attach yourself to the remains of the past and come back to life, right?” Su Yu said meaningfully.

“No! The agreement is still the same.” The beautiful woman said, “Compared to myself, my clansmen need my remains more. So, please take them back.”

After a moment, the beautiful woman looked at Su Yu’s palm and said, “Can you let me see your right palm?”

Su Yu did not hesitate and reached out his palm.

His palm was smooth and clean, but after the beautiful woman held his palm, her smooth fingers gently slid across his palm, and an eye-catching blood-red word “Demon” came into view.

Chapter 2030 The Blood Lotus Demonic Dao

“It is indeed the mark of the Blood Lotus Demonic Dao.” The beautiful woman’s expression turned slightly solemn. “I never expected that you would find the Blood Lotus Demonic Dao that the demon race has been searching for in vain. In that case, the box is also in your hands?”

Su Yu’s pupils constricted slightly.

The beautiful woman chuckled. “Don’t be nervous. I Can’t take it away. However, the thing in the box is very ominous. I think you should have noticed it, right?”

Indeed, the higher his cultivation, the more he could sense the ominous feeling in the box.

If nothing unexpected happened, there must be something dangerous inside.

“Do you want to know what's inside?”The gorgeous woman asked with a smile.

Su Yu regained his composure and said, “It’s not like you’re going to tell me now.”

“Hehe, when you send me back to the demon world, not only will I tell you what’s inside, I’ll also tell you how to safely take out the thing inside.”

I knew it would be like this!

The oath from before was no longer able to restrain Su Yu, so she used new conditions to entice Su Yu to complete the agreement.

“Alright!”

In fact, even if she did not tell Su Yu, Su Yu would still keep his promise and continue to complete the agreement from before.

Instead of reaching a new agreement, Su Yu looked at Xiao Die just now.

Compared to the past, the current Xiao die was much more demure. Her entire body was exuding a noble and unspeakable temperament, just like a queen.

When he was conversing with the beautiful woman, Xiao Die did not interrupt him at all. She appeared to be extremely cultured, completely different from the previous Xiao Die.

“Mortal, who allowed you to stare at me?”Xiao Die said with a noble face.

Su Yu could not help but laugh. The little girl who was gluttonous back then had grown into a noble queen overnight?

“Don’t show your unbearable smile in front of me,”Xiao Die said elegantly and coldly.

Su Yu smiled. With a thought, he took out a bottle of grade-9 medicine from the outside world.

“Ah! I want to eat...”Xiao die immediately stood up and pounced over, snatching the Grade-9 medicine in her hand.

Her elegant and cold temperament instantly vanished.

When she came back to her senses, Xiao Die’s oval face instantly turned red. She said hatefully, “You... you did it on purpose!”

Su Yu smiled faintly. “Then you can return the medicine to me.”

“You’re despicable! You’re Shameless! You exposed the scars of my childhood!”Xiao die said as she poured the Grade-9 medicine into her mouth. She said indistinctly, “I won’t compromise. I definitely won’t...”

Su Yu laughed. “Yes, yes, yes. You definitely won’t compromise...”

With that, Su Yu returned to the outside world with a smile.

“The Demon World? Then, I really need to make some preparations,” Su Yu muttered to himself.

Closing his eyes, Su Yu began to cultivate silently.

Just a day before the palace ship arrived, the maid of Mingxin residence suddenly knocked on the door. “Young master, there’s a friend of yours outside. He’s been waiting for you all day. Do you want to meet him?”

“Who?” Su Yu asked.

“Miss Yun Qianshuang from the four symbols residence.”

What was she doing here?

After thinking for a moment, Su Yu left Mingxin residence and went downstairs.

Yun Qianshuang’s eyes lit up. “You really live in Mingxin residence. I’m really afraid of making a mistake!”

“I’m sorry. I’ve been cultivating and didn’t pay attention to what’s outside,” Su Yu said.

“It’s okay.” Yun Qianshuang was silent for a moment. Then, she took out a golden recommendation letter. On it was the seal of the four symbols residence. On the recommendation letter, there were graceful handwriting. It was written by a woman.

“Here you are!”

Su Yu took a look at the letter. The content of the letter was that the four symbols palace had recommended the Taiji civilization to participate in the Yellow Dao conference. The participants were the Taiji sect master, Su Yu.

The name of the letter was “Yun Qianxiong”.

“This is... a fake recommendation letter?” Su Yu was stunned.

The words should be written by Yun Qianshuang, right?

Yun Qianshuang’s expression was a little unnatural. She said, “What does it matter? The Yellow Dao Palace only recognizes the seal of the four symbols palace. They don’t recognize the words. As long as you can participate in the Yellow Dao Palace conference, it’s fine.”

Su Yu was stunned. She had stolen the seal and forged the recommendation letter for Su Yu in order to fulfill her promise, right.

“I’m sorry. I made you come all the way here, but you ended up being treated like that. Therefore, no matter what method you use, I want to give you a recommendation letter. You can just accept this one.” Her heart was filled with apology.

Su Yu said, "What will happen if your father finds out?"

"What can I do? I'm his daughter after all." Yun Qianshuang said indifferently. However, there were traces of darkness hidden between her brows. It was enough to show that she was feeling uneasy.

Even if she was the daughter of the mansion master, stealing the mansion master seal would probably not be easy.

It was inevitable that she would receive some punishment.

After a long silence, Su Yu sighed silently. He took out a small piece of the DAO Master Bone and gave it to her. "Forget it, I'll give it to you."

Yun Qianshuang was pleasantly surprised, but she hesitated. "Is this... Okay?"

"Take it. I don't like to owe people favors," Su Yu said. Although he didn't really need this recommendation letter.

Yun Qianshuang gratefully took it and said, "Our four symbols manor will forever owe you a favor."

Su Yu smiled faintly. Perhaps only Yun Qianshuang would feel that she owed someone a favor. Those two father and son might not feel that way.

After obtaining the DAO Master's Bone, Yun Qianshuang thanked him repeatedly and returned to the four symbols manor happily.

Unexpectedly, Yun Qianxiong and Yun Zhantian had already been waiting in the manor for a long time.

"You gave it to him?" Yun Qianxiong said indifferently.

Yun Qianshuang's pretty face changed, and her heart was flustered. "What did father say?"

Yun Zhantian sneered from the side. "Hehe, did you think that we didn't know? When you stole the manor head seal, we were at the side."

Yun Qianshuang's heart skipped a beat, as if she had missed a beat.

"Then, did you exchange it for the DAO Master's Bone?" Yun Qian Xiong asked.

Yun Qianshuang felt guilty and did not dare to hide it. She immediately took out the Dao master's bone.

Yun Qian Xiong looked at it and nodded, "It is indeed a pure dao master's bone. It is more than enough to refine two nine bone heart-saving pills."

Seeing that he did not have any intention of punishing her, Yun Qianshuang heaved a sigh of relief.

"Hehe, I knew it. That Brat would sooner or later beg for a recommendation letter from our four symbols manor. As expected." Yun Zhantian had a look of seeing through Su Yu's expression.

Yun Qianshuang frowned. "You've misunderstood. He gave it to me of his own accord."

Yun Zhantian said indifferently, "Don't speak up for him. wasn't he the one who took the initiative to beg you for a recommendation letter? Would you steal the Manor Head Seal?"

Regarding this, Yun Qianshuang was unwilling to explain.

They had too deep a prejudice against Su Yu. Anything they said was superfluous.

"Whatever you think is right. The dao master's bone has already been obtained. You guys can refine pills for the patriarch. I Won't join in the fun." Yun Qianshuang said as if a heavy burden had been lifted off her shoulders.

Yun Qianxiong could hear the hidden meaning in her words and said, "Where are you planning to go?"

"Anywhere is better than seeing you guys!" Yun Qianshuang was disgusted by her father and younger brother's self-righteousness. She didn't want to see them for even a moment longer.

After saying that, she immediately left.

Yun zhantian sneered, "Ridiculous! Father did not blame him for secretly giving that Su Guy a recommendation letter, but she blamed US instead."

Yun Qianxiong said indifferently, "Let her be, as long as she trains you well. Your sister is destined to be unable to inherit the four symbols manor. Whatever she likes, let her be."

"Tomorrow is when the palace ship passes by the four symbols civilization. Presumably, the palace ship at this moment already carries the elites of other civilizations. After boarding the ship, remember to be polite to others, understand?"

The palace ship was not like the four symbols civilization. If he offended someone, no one would be able to help him.

"Don't worry, father. I still understand how to be kind to others."

That night.

Two figures appeared from the inter-civilization teleportation formation and headed straight for a local restaurant.

"Big Brother ou ye!" The two who came were the other two of the three heroes of Heaven's secrets.

Ou ye Huan Yun nodded. "Mm, let's go. I'll introduce you to my new friend."

"Oh? A friend who can be recognized by Big Brother Ou Ye, could it be the heir of the four symbols civilization, Yun Zhantian?"

Ou Ye Huanyun shook his head. "What does he count as?" "I want to introduce a rather powerful person. Not only is his strength outstanding, his martial arts insights are even more astonishing, and he knows everything!" "You'll know how extraordinary he is after a short exchange with him."

The two of them were slightly stunned. If they were of the same age, how much difference could there be between their martial arts insights?

They did not think much of it and followed ou ye Huanyun to the front of Mingxin residence.

The charming woman's eyes lit up and she said with a smile, "Big Brother ou ye is really courteous. Are you prepared to bring us to enjoy Mingxin residence for one night?"

It was rumored that only the manor head could stay in a luxurious residence. Normally, they would not even be envious of it.

The white-faced scholar praised, "Ever since big brother Ou ye entered the top 100 on the board of the zodiac, his reputation has also risen. When he comes to the four symbols residence, the local branch halls will give him preferential treatment."

Both of their eyes flashed with envy.

Ou ye huanyun laughed, "How can I have the qualifications to live in such a place? It's the friend I mentioned."

Hearing that, the two of them were filled with respect.

A young man who could stay in Mingxin residence had to have an extremely high status at least!

"When we go up later, I hope that you can show more goodwill."

The charming woman said seriously, "Don't worry, Big Brother Ou Ye. Such an outstanding peer, we don't even have time to respect him. How could we offend him?"

The three of them stood at the entrance of Mingxin residence and conveyed their intention to the maid. After that, Su Yu personally came down and welcomed them in.

"This is the new friend I mentioned, Su Yu." Ou ye Huan Yun introduced himself to them.

The charming woman and the white-faced scholar introduced themselves one after another.

"I am Liu Ruxian."

"I am Shi Jun!"

Su Yu nodded. "I am Su Yu. Please take a seat."

Today, the four of them met not only to board the palace ship together tomorrow, but also for the conference of the ecliptic.

It was the first time for everyone present, but the three of them had more or less heard a lot of insider information from their elders. Only Su Yu knew nothing about it.

Therefore, he gladly agreed to let the four of them board the palace ship and exchange information with each other.

When it came to the conference of the Yellow Road, the three of them expressed their opinions and released a lot of information that they knew, including the news that the conference of the Yellow Road might change the rules, rewards, and so on.

On the other hand, Su Yu had been listening the whole time and did not say a word.

Liu Ruxian blinked her beautiful eyes and said, “Young Master SU, since you are able to stay in Mingxin residence, you must have an expert behind you. If you have any useful information, you can share it with everyone.”

Su Yu said, “I don’t have any background and I know nothing about the conference. I hope that you all have any information. Please don’t hesitate to share it with me.”

Liu Ruxian and Shi Jun looked at each other. Jun saw the confusion and contempt in each other’s eyes.

His performance was indeed that he knew nothing about the conference.

This was very contradictory to what ou ye Huanyun said.

If he is so excellent, how come he knows nothing about the ecliptic convention?
