

Nine-Dragon 2061

Chapter 2061 Return To Dark Star

“That’s right! I’ve underestimated you, so I’m prepared to take this seriously,” Dao Master Sky Wing said indifferently. He extended his palm and clasped his fingers toward Su Yu.

Plop --

Su Yu suddenly felt as if his soul was being pulled by something and was about to be crushed.

A great life-and-death crisis descended!

Dao Master Sky Wing really wanted to kill him!

“Shameless old thief, it won’t be so easy to kill me!” Su Yu’s gaze was extremely sharp.

“Space-time Freeze!”

The time and space laws were activated at the same time. Other than Su Yu, the entire world was frozen.

Even Dao Master Tian Yi was frozen for an instant.

Taking this opportunity, Su Yu’s six great laws condensed into a complete chain and pierced towards Dao Master Tian Yi’s head.

Weng --

The dull sound of metal clashing rang out. The six-colored law chain struck Sky Wing Path Master’s face, leaving a clear mark and sending him flying.

However, other than that, there were no other injuries to speak of.

There was an insurmountable gap between the four crowns and the path master. The difference in strength between the two sides was too great.

Time stopped.

Sky Wing Dao master got up from the ground in a daze. Because time and space had stopped, he couldn’t even find out what had happened.

Feeling the burning pain on his face, a trace of anger finally appeared on Sky Wing Dao Master’s indifferent face.

“Little Bastard!”

He had long held a grudge against Su Yu. Due to Sky Cripple Dao Master’s face, he couldn’t flare up.

Now, he actually dared to hurt him!

A feeling of being stepped on by an ant surged up in his heart, causing his heart to be filled with killing intent.

His eyes flashed, and the Dao intent from the unseen came sweeping over in all directions. Under the Dao intent, all the law chains were like ordinary objects.

Su Yu's life was like a candle in the wind, flickering and flickering, as if it was about to be extinguished.

He crazily activated the life law, continuously replenishing his life force and resisting for a short period of time.

The killing intent of Dao Master Tian Yi grew deeper. If Dao master killed one person, it would be like harvesting grass.

But Su Yu, he actually didn't manage to kill him in one go!

"This is the end! Junior!" Dao Master Tian Yi's eyes revealed a cold light. He pulled his palm from the top of his head and actually pulled out tens of thousands of nomological chain phantoms.

They weaved together to form a chain net.

This was Dao master's Dao, the end point of the laws!

If he used the Dao, Su Yu would die without a doubt.

However, the Moment Dao Master Tian Yi's dao appeared, a huge sword formed from countless law projections descended from the sky and crushed the huge net made from Dao Master Tian Yi's law projections into over 10,000 pieces.

Dao Master Tian Yi suddenly raised his head, his eyes revealing anger. "Tian can! What do you mean by interfering?"

The one who attacked was no one else, it was dao master Tian can's original body.

In the black clouds, the white-haired Sky Wing Dao master walked over with his hands behind his back.

He waved his hand, and the Black Sky became clear again.

He looked at Sky Wing Dao master indifferently and said, "As a dao master, don't you feel that killing a junior is a disgrace to your status as a Dao Master?"

"He secretly harmed my disciple, and deserves ten thousand deaths!" Sky Wing Dao master lost his indifferent expression and said coldly.

Dao Master Tian can folded his hands in his sleeves, he said indifferently, "Then should your disciple die to atone for her crime? In your words, victory and defeat are common matters in war. Your disciple was inferior to others and died in the hands of her peers. This is her fate."

"As your master, if you hold a grudge, then your future will stop here. You have no future."

The Heaven Wing Path Master's eyes darkened slightly.

The familiar words came from the heaven wing path master herself.

Her disciple had killed someone else, and victory and defeat were common occurrences in war.

If someone else killed her disciple, they deserved to die ten thousand deaths.

The double standard was really disgusting.

“Tian can, do you really want to go against me?”The Heaven Wing Path master said in a serious tone.

Tian can looked at the sky and said, “Do you have the right to go against me? Get Out of my sight within three breaths. Otherwise, I don’t mind having the heaven wing path be erased from my sight before I pass away!”

His words sounded plain, but when it came to taste, they were exceptionally domineering. It was shocking.

“As expected of one of the most experienced Dao Masters in the Daoist Huang Hall. Facing a rising star like Dao Master Heaven’s wings, he is simply crushed!”

“Release your anger! Dao Master Heaven’s wings has always been a sanctimonious person. It must be very uncomfortable to be scolded and told to get lost, right?”

Dao Master Heaven’s wings clenched his fist. He wanted to resist, but chose to silently endure.

He looked deeply at Su Yu and said coldly, “You will regret it!”

After saying that, he flew away.

Sky wing path master nodded at Su Yu and said, “Don’t worry. As long as I’m still alive, Sky Wing Path Master won’t dare to attack you.”

This was his promise.

“Thank you!”Su Yu cupped his fists. There was no surprise that Sky wing path master would come.

He dared to kill Luoshen face to face. Naturally, he did not rely on brute force.

He believed that the crippled Heavenly Dao master would make a move in time. That was why he did what he did.

Otherwise, he would have used another method to eliminate luoshen.

After watching the crippled Heavenly Dao master leave, Su Yu nodded at ou ye Huanyun who was stunned. “We will meet again.”

After getting rid of luoshen, there was no need for Daoist Huang Hall to continue staying.

He wanted to return to the dark star civilization.

After tidying up a little, Su Yu was led by Su Yi and Su Jin through the Daoist Huang Hall’s inter-civilization teleportation array to carry out an ultra-long distance teleportation.

In the plan, the round trip took exactly five years.

When they returned after five years, it happened to be the moment when the Rahu Heavenly Eye was opened.

They continued to teleport and after a month, they finally arrived at the periphery of the civilization near the Daoist Huang Hall -- the four symbols civilization.

As the half-way civilization that was the furthest away from the Daoist Huang Hall, the four symbols civilization was as calm as ever.

Until today, Hu Yun of the Daoist Huang Hall branch led the higher-ups of the branch to come near the teleportation array to welcome them.

Yun Qianxiong, the Lord of the half-way civilization, the lord of the four symbols mansion, accompanied them as guests and paid their respects.

Yun Qianxiong did not quite understand what kind of person could alert Hu Yun to personally welcome them.

In the past, the upper echelons of the Daoist Huang Hall were unknown, and it was rare to see Hu Yun personally leading the upper echelons to welcome them.

Now, their actions were truly abnormal.

What was even more abnormal was that the four symbols manor had also received a notice from the Daoist Huang Hall's main hall that there would be a Daoist Huang Hall emissary passing through the four symbols manor. They ordered the four symbols manor to treat them seriously and not to be negligent.

"Hehe, Lord Hu Yun, can you reveal some information? What kind of important figure is coming this time? The main hall has personally passed down an order for our half-way civilization to treat them well. This is something that rarely happens."

Hu Yun was silent for a while. The two of them were from the same civilization, so they did not see each other when they looked up.

When the other party asked, it was not convenient for him to hide it. He said, "The name of the newcomer is indeed not small. I don't know who he is exactly. I only know that he is an envoy appointed by the Heaven Crippling Dao Master and will be heading to the demon world to carry out a mission."

"The envoy appointed by the Old Dao Master?" Yun Qian Xiong was respectful.

However, he still did not think much of it. It was just an envoy appointed by the DAO Master. There was no need to make such a big fuss over it.

"Oh right, he has another identity."

Yun Qian Xiong was curious. "Oh?"

"He is the champion of this year's Conference of the ecliptic sect. He single-handedly suppressed the prodigies of the three regions!" Hu Yun's eyes flashed with deep shock.

Chapter 2062 Was Laughable And Pathetic

“First place in the Yellow Dao Conference?” Yun Qianxiong’s pupils constricted. “Could it be the disciple of the Liuxian Daoist master, Yanchen?”

Hu Yun shook his head. “The details of the Yellow Dao conference haven’t been sent over yet, so I don’t know much. However, the possibility that the first place is Yanchen is very high.”

Even in the distant half-way civilization, they had heard of the name Yanchen.

If nothing unexpected happened, it should be smoke and dust.

Huala --

At this moment, the inter-civilization teleportation array shone brightly, and three figures appeared.

The two people on the left and right were young men and women with extremely strong cultivations. They were at the peak of the five crowns!

Hu Yun and Yun Qianxiong’s expressions changed slightly. With such high cultivations and young age, they were definitely not ordinary people in the Daoist Huang Hall.

Could it be that they were the emissaries?

But there was only one emissary.

They subconsciously looked at the figure in the middle, but they were all stunned.

“Su Yu?” Hu Yun was extremely surprised.

Yun Qian Xiong’s eyes were also filled with suspicion. Wasn’t this the sect master from the small civilization of the Taiji sect that his daughter knew?

When they came back to their senses, the two of them took the lead to bow to Su Yi and Su Jin.

“Greetings to the two lords,” Hu Yun and Yun Qian Xiong said in unison.

Su Yi nodded lightly, but she stood motionlessly on the spot, as if she was waiting for orders.

“The two lords have come from afar. Why Don’t you come to the manor and have a seat?” Yun Qian Xiong said.

Su Yu shook his head secretly. He did not want to stay any longer in the four symbols civilization. Just as he was about to speak, he heard a loud and powerful voice that pierced through the sky.

He looked in the direction of the voice. It was an old man dressed in red robes. He had arrived from the four symbols manor in a flash.

Its cultivation is very high, there is a little bit of oppression from the Tao Master.

If the four symbols civilization had such an oppressor, there would be no one else besides the half-way ancestors of the four symbols civilization.

“Two honored in-name disciples come to visit, this old man is not welcome!” The cloud family forefather cupped his fists and said.

Plain clothes plain brocade light return the courtesy.

Elder Yun said, “You two are passing by the four symbols civilization, why don’t you come to my residence? To tell you the truth, I have just returned from the demon world, and I know a little about the situation there. Perhaps I can help you two emissaries.”

His cultivation is quite profound, far away in four Xiangfu, but can hear the conversation between Hu Yun and Yun Qianxiong, know that their destination is the demon world.

Su Yu in the heart slightly moves, a little ponder, open the mouth to say: “Ok, that stays.”

As soon as he opened his mouth, Yun’s forefather was slightly startled, but merely swept a glance, then fixed his gaze on plain clothes plain brocade.

Yun Qian Xiong is contemptuous and displeased, is really uneducated, half-step master and supreme in-name disciple dialogue, where the round Su Yu this small figure interrupt?

By the way, how did he travel with the two messengers?

Plain Clothes Sujin Su Yu agreed, naturally nodded to agree.

So, a line of people moved to four Xiangfu.

Arriving at the gate of the four symbols mansion, Yun Qian Xiong looked at Su Yu and followed her into the plain clothes sujin, gazing deeply.

What was their relationship?

When everyone took their seats, the Yun family patriarch twirled his beard and said with a smile, “May I ask why Young Master Yanchen didn’t come?”

They naturally believed that the first place of the Yellow Dao association must be Yanchen, who was also the emissary to the demon world.

Su Yi said indifferently, “Yanchen is still in the Yellow Dao Palace.”

It was not convenient for her to tell them about Yanchen’s disappearance, so she could only say so.

The Yun family patriarch, Yun Qiankun, Hu Yun, and the others were very surprised. If it was not a message, would Yanchen be the special envoy to the Demon World?

Why didn’t Yanchen come herself?

Everyone present was confused. They secretly guessed that the two supreme in-name disciples in front of them were the real envoys?

With that thought, they became more polite.

Not long later, the Yun family patriarch talked about the demon world, he said, “If the two of you wish to enter the ten million demon world, it’s best to be careful. The current demon world is different from the past. There have been many disturbances, and it’s very unstable. I went to the demon world to search for the DAO Master’s bone. If I didn’t leave quickly, I would have been killed inside.”

Hearing this, Su Yu was slightly surprised.

To be able to make a half-step dao master almost unable to leave, what kind of danger was that?

“Can you explain in detail?” Su Yu asked.

Hearing this, the Yun clan’s patriarch once again forgot about Su Yu. He was curious as to what kind of character this person was.

Yun Qian Xiong was truly enraged. This person really didn’t have the slightest discerning ability. Was he even qualified to interrupt the conversation between the patriarch and the Zhizun in-name disciple?

He stood up slightly and smiled at Su Yu. “Young master Su, I have some secret information regarding the demon world. I would like to tell you. Can you move to a convenient place?”

If there really is a secret, Su Yu naturally does not mind the trouble, get up and follow him to leave.

Plain clothes plain brocade is about to get up to follow, but Su Yu waved to stop.

If they don’t want anyone to hear them, they can come back.

Came to the atrium, Yun Qianxiong stopped, hands behind his back, back to Su Yu, did not look back, lightly said: “Su Childe, you ask yourself, how the Yunfu Treat You?”

It’s just so-so, Su Yu thought to himself.

The first time he visited, he was seen as asking for alms.

The second time Yun Qianshuang gave him a recommendation letter, he was seen by Yun Zhan Tian as owing the four symbols manor a huge favor.

The four symbols manor indeed did not treat him well.

On the contrary, Su Yu, on account of Yun Qianshuang, gave the four symbols manor the demanding dao master bone.

To be more precise, the four symbols manor owed Su Yu Tian a huge favor.

“We treated you well, didn’t we? We gave you a recommendation letter and gave you the opportunity to meet the chosen one of the Huang Dao civilization. Aren’t you satisfied?” Yun Qian Xiong turned around with a look of deep contempt.

Su Yu found it funny. As expected, the Four Titans mansion did not think that the dao master bone was hard to come by.

They still thought that Su Yu owed them a huge favor.

It was a pity that the recommendation letter had been discarded. Otherwise, they could have returned it to Yun Qian Xiong face-to-face.

“Mm, and then?” Su Yu said indifferently.

Yun Qian Xiong frowned. “If you have the slightest self-awareness, then you should be respectful and grateful to my four symbols manor, right? What do you mean by repeatedly interrupting the conversation between the patriarch and the Supreme Disciple?”

Su Yu’s gaze was calm, and he did not explain anything to him.

“Why aren’t you saying anything? Do you feel that my words are very damaging to your dignity?” Yun Qian Xiong said indifferently. “Dignity is earned by oneself, not through charity! You Don’t even have self-awareness, so how can others respect you?”

Hearing this, Su Yu already understood Yun Qian Xiong’s meaning.

“So, what advice does Master Yun have?”

Yun Qian Xiong took out a money card indifferently and threw it into Su Yu’s arms. “There are 100 Dao coins in it. Consider it a reward for you. Use It to seal your mouth. Don’t open your mouth at an inappropriate time!”

Su Yu glanced at the money card and threw it back with an expressionless face. He sighed and said, “You always have this attitude when you visit twice. It’s fine if you don’t come to the four symbols manor in the future.”

After saying that, he no longer cared about the matters of the demon world and walked away with his hands behind his back.

Yun Qianxiong grabbed the money card and shook his head. He said, “Put away your poor self-esteem. It will only make people feel ridiculous.”

He seemed to see a junior whose self-esteem had been stimulated using a stubborn way to maintain his poor self-esteem.

Ridiculous, but also pathetic.

Chapter 2063 The Dragon Crossing The River

Yun Qianxiong put away the money card and returned to the guest hall. He smiled warmly as he listened to the patriarch and the two supreme-being disciples.

Yun Qianxiong had learned a lot from their conversation.

The Yun patriarch and Hu Yun were completely immersed in their conversation and completely forgot about Su Yu’s existence.

At this moment, Su Yu was no longer important. He was as lowly as dust. Even if he did not return, he did not attract anyone’s attention.

After chatting for a long while, Su Yi and Su Jin gradually frowned and looked at each other.

Why had Su Yu not returned after leaving for such a long time?

Su Yi’s pretty eyes looked at Yun Qian Xiong and said, “Mansion Master Yun, is it convenient for you now?”

Hearing the supreme disciple suddenly looking for him to talk, Yun Qian Xiong straightened his back and was nervous. He sat upright and said, “It’s convenient. If you have any instructions, please feel free to mention it.”

Su Yi said, “Su Yu went out with you. Why hasn’t he returned yet? Can you find him?”

He was actually asking him?

“Left?” Su Yi and Su Jin were surprised. They immediately released their soul scan and sure enough, there was no trace of Su Yu in the mansion.

“You two, you please take a seat, I let the mansion to go, how can trouble you two?” Yun family forefather stopped them, Smile Way.

Unexpectedly, su-yi Su-jin's face was livid, and they all shouted angrily.

The forefather of the Yun family had a deeper sense of foreboding. Just now, they were still talking nicely with him. In the blink of an eye, they had turned against him. There must be a reason!

Yun Qianxiong also sensed that something was wrong. He said suspiciously, "Sirs, you don't have to be nervous at all. He's just a nobody. He's not worth your trouble. I'll just ask my servants to look for him..."

He glared at Yun Qianxiong. A discerning person should be able to tell that something was wrong. Why was his eldest son acting like an idiot!

What?

Shouldn't the first place in the Yellow Dao convention be Yanchen of the Northern Region?

What was going on with Su Yu?

Hu Yun was also shocked. Although he had expected that Su Yu's ranking in the Yellow Dao convention would not be very low.

However, Hu Yun had never thought that he would become first.

Yun forefather was even more surprised. That silver-haired youth was the first place in the Yellow Dao convention and was also the envoy of the Demon World personally conferred by the Heaven Crippling Dao Master?

No wonder they didn't notice the envoy of the demon world mentioned in the notice. It turned out that Su Yu was the one!

Yun Qianxiong stood stiffly on the spot as he stammered, "The one surnamed Su is... is the envoy of the Demon World? He's just the sect master of a small sect, how could he..."

Before he could finish his words, he was ruthlessly slapped by the Yun clan's patriarch. He couldn't contain his anger as he said, "Shut your dog mouth!"

He was still speaking recklessly at this moment!

This slap made Yun Qianxiong completely sober up. A great panic rose in his heart.

He was like a mortal stepping on ice. He suddenly fell into an ice hole and kept sinking.

Su Yi's pretty face turned cold. "We were ordered by master to protect young master Su along the way. I didn't expect that you would be so bold as to chase him away!"

Su Jin was furious. "A half-step civilization ranked in the top 100 dares to openly oppose a supremacy. HMPH, we will report the truth to master and ask him to make a decision!"

Leaving him behind, the two left the four symbols manor in a flash and anxiously searched the entire city.

Other than Hu Yun who immediately chased after them, everyone in the four symbols manor felt a chill run down their spines.

Patriarch Yun's eyes turned black. They were about to fall out of the top 100 civilization. What would happen if they offended a supremacy?

With just one sentence, the four symbols civilization would completely decline!

Yun Qianxiong's mouth was dry as he said in a daze, "I . . . I didn't do it on purpose."

Never in his wildest dreams did he expect that the junior he did not even bother to look at would be the champion of the ecliptic conclave and the messenger of the Demon World!

PA --

Another loud slap made Yun Qianxiong's ears ring.

"You vile creature!" Yun clan's patriarch couldn't contain his anger. "How could I allow a stupid thing like you to become the Manor Head? From now on, I'll remove you from all your duties!"

His position as Manor Head had been abolished!

Yun Qianxiong was in a daze. The position of Manor Head had been abolished... This was probably the first time in the history of the four symbols manor, right?

From now on, how could he still have the face to stay in the four symbols civilization?

While he was in a daze, his waist was kicked hard, causing him to roll on the ground continuously. His face was covered in dust.

“What are you in a daze for? Why aren’t you looking for him?” Patriarch Yun nearly roared.

Only then did Yun Qianxiong hurriedly stand up. He mobilized the forces of the four symbols manor and immediately went to search for the four symbols manor.

Speaking of which, Su Yu had arrived at the intercivilization teleportation array and was silently waiting for Su Jin and the others to finish their conversation.

Suddenly, the inter-civilization teleportation array flashed and a group of people appeared.

“Haha, Brother Yun is awe-inspiring today. He single-handedly killed eight powerful giant beasts. I’m really outstanding!”

“Isn’t that obvious? Big Brother Yun is the number one person among the younger generation of our four symbols civilization. He even witnessed the yellow road convention. This is an experience that ordinary people can never get in their entire lives.”

Hearing their conversation, Su Yu could not help but look at them in surprise.

As expected, he saw Yun Zhantian among them.

He was in high spirits. Hearing their flattery made him feel very comfortable. It was as if he had completely forgotten the huge blow he had suffered at the conference of the ecliptic.

“Hehe, you flatter me. You flatter me. Today, I’m hosting a banquet at the drunken immortal restaurant. The banquet is...” as Yun Zhantian spoke, he suddenly glanced at Su Yu who was standing outside the teleportation array. He thought that he had seen wrongly.

After taking a closer look, he realized that it was really Su Yu. Thus, he stood there in a daze, not even finishing his sentence.

A few fawning young men beside him chuckled and said, “What’s there to invite? We are really looking forward to young master yun...”

“You still dare to come back!” However, Yun Zhantian’s shout interrupted the speaker’s words.

Yun Zhantian’s face was filled with hatred. The humiliation of being taught a lesson by Su Yu on the spot surfaced in front of his eyes.

After he returned, he had been immersed in hunting all day, trying his best to make himself forget that period of unhappiness.

He originally thought that he had already forgotten it, until Su Yu appeared in front of him again.

Su Yu's eyes were calm. "So what if you're back?"

"So What?" Yun Zhantian's face was filled with hostility. "It's fine if you're at the Yellow Road Convention. I Can't do anything to you, but you better die and return to the four symbols civilization!"

Yun Zhantian might not be a match for Su Yu alone.

However, the four symbols civilization was his territory. If he wanted to take revenge on Su Yu, he could just move his finger!

Chapter 2064 Was Slightly Better

"Subordinates of the four symbols manor, Heed my command!" Yun Zhantian took out the token unique to the four symbols manor and released a wide range of fluctuations.

The nearby experts of the four symbols manor sensed the fluctuations and immediately rushed over.

Unfortunately, Yun Zhantian's second uncle, Yun Jinghong, was also nearby.

Sensing the fluctuations, he quickly rushed over.

"Zhantian, why are you sending an urgent message?" Yun Jinghong looked around suspiciously and did not discover any emergency situation.

Yun Zhantian stared at Su Yu and said, "Since you have insulted our four symbols civilization, you naturally have to use an urgent message."

"Oh?" Yun Jinghong's expression turned slightly cold. "To insult the four symbols civilization in front of the four symbols manor, you have quite the guts."

If they were discussing behind his back, it wouldn't be a big deal, but in front of him, it would be a provocation.

"Who is it?"

"Uncle, it's him." Yun Zhantian pointed at Su Yu.

Yun Jinghong's gaze followed his finger and said indifferently, "Report to the Absolute Ice Dungeon of the four symbols civilization by yourself. Don't let me rush you."

His tone was filled with the dignity of someone in a high position.

Yun Zhantian added, "In the absolute ice dungeon, the minimum period of imprisonment is 100 years. Even if your cultivation level reaches the level of the five crowns, you won't be able to escape."

He sized up Su Yu and said with his hands behind his back, "If you kneel down and beg me now, it's still not too late."

Su Yu was silent for a moment before saying, "It seems like you all think that I will definitely surrender."

"Do you have any other choice?" Yun Zhantian shook his head. He completely did not understand where Su Yu's confidence came from, he said, "Let me formally introduce to you. The person in front of You is my second uncle, the existence of the five crowns! I admit that your strength is higher than mine, but in front of the five crowns, you are just like an ant..."

However, before he could finish his words, Su Yu suddenly attacked.

An Asura sword fell into his palm and slashed towards Yun Jing Hong.

As soon as this sword appeared, Yun Jing Hong was slightly stunned. He felt that it was slightly familiar, as if he had seen it somewhere before.

When a mysterious sword technique was displayed, Yun Jing Hong's expression suddenly changed, and an unforgettable memory appeared in his mind.

A young man named Rain Immortal, with the cultivation of the initial stage of the four crowns, and with an extraordinary sword technique, he was actually at a disadvantage.

"You... You Are Rain Immortal!" Yun Jinghong's expression changed deeply, but he didn't show any fear.

At that time, it was his carelessness that caused him to be at a disadvantage.

However, things were different now. It wouldn't be so easy to hurt him again!

"Hehe, good, I've wanted to meet you again for a long time!" Yun Jinghong didn't retreat but advanced instead. "Turbo Heavenly Technique!"

The two moves collided. Yun Jinghong's confident face instantly stiffened, and his face was gradually covered by shock. Then, he was sent flying crazily in the impact wave of the collision, and he spat out a mouthful of divine blood.

On the other hand, Su Yu stood on the spot with his hands behind his back. He didn't move even when the shockwave rolled over.

The two of them had a clear winner.

Su Yu was slightly better.

When he used his full strength, he was able to compete with an early-stage five-crowned king.

"The five-crowned king you spoke of doesn't seem to be much stronger than an ant like me." Su Yu glanced at Yun Zhantian indifferently.

This one eye, Scared Cloud War Day dead soul all come out, crush the Space Talisman Seal, on the spot escape.

Su Yu does not even have the intention to chase, Take Back the Shura Sword, stand with arms folded, waiting for plain clothes plain brocade.

Through the space transfer, Cloud War Day instantly fled to a safe place, and immediately to his father Cloud Qian Xiong transmission.

“Father, hurry to the intercivilization portal on the 9th. Su Yu is back!”

Yun Qianxiong’s face lit up when he received the news. He immediately led his men to the No. 9 inter-civilization teleportation array.

When they arrived, they saw Yun Jinghong leading the experts of the four symbols palace to confront Su Yu.

Su Yu was safe and sound, while Yun Jinghong’s mouth was full of divine blood. He seemed to be seriously injured.

Yun Qianxiong couldn’t believe it. It was Su Yu who injured Yun Jinghong.

However, when he thought about his identity as the champion of the Yellow Dao convention, everything made sense.

Deep shock could not help but appear in his eyes.

He had cultivated for less than a hundred years, yet his overall strength was above that of the initial stage of the five crowns.

It would be difficult for such a figure to not achieve something great in the future.

“Big Brother, you came at the right time. We need to capture this person called Su Yu...”Yun Jinghong said.

Yun Qianxiong heard this and immediately said with a laugh, “Young master Su, so you’re here. It’s really easy for us to find you...”

Su Yu looked at him indifferently and didn’t say anything. Then, he looked at Su Jin and said indifferently, “Are you done talking?”

Su Jin’s expression was slightly unnatural. They were supposed to be under orders to protect Su Yu, but in the end, they abandoned Su Yu and talked to others alone for a long time.

They did not even notice that Su Yu had disappeared.

Now, they made Su Yu wait for them!

Su Yi said, “It’s good that you’re okay...”

Su Yu was expressionless. “Since we’re done talking, let’s go.”

As he said that, he stepped onto the civilization teleportation array and did not look at Yun Qianxiong from the beginning.

Su Jin followed behind with a guilty conscience and secretly blamed herself and worried.

If Su Yu were to report them to the Heaven Crippling Dao Master, they would definitely be in big trouble.

At this moment, Yun Zhantian, who had confirmed that it was safe, returned. He suddenly realized that Su Yu was about to leave, but his father and uncle were unmoved. He could not help but feel anxious and without thinking, he slashed the teleportation formation with his sword.

The Civilization teleportation formation that was about to start suddenly dissipated and stopped functioning.

Yun Qianxiong, who was already feeling nervous, was almost scared out of his wits when he saw this scene.

“Tian ‘er, stop...”it was obvious that this shout was too late.

The teleportation array disintegrated and Su Yi, Su Jin, and the other two fell out of the array.

Both of them were furious and their hearts were filled with fury.

“You four symbols civilization want to rebel?”Su Jin was so angry that her lungs were about to explode. Each and every one of them wanted to attack the emissaries appointed by the Heavenly Cripple Dao Master.

Yun Zhantian did not know the depth of the matter, nor did he know who Su Jin was. He only treated them as Su Yu’s scoundrels.

“The two of you, get as far away from me as possible! Unless you want to accompany Su Yu, stay in the four symbols civilization forever!”Yun Zhantian snorted coldly.

For the sake of safety, he still very consciously stood by his father’s side. He turned his head and said, “Father, I don’t think those two people are good people. Why don’t we...”

Slap --

However, what answered him was a furious slap from Yun Qianxiong.

“You’re not a thing!”He wished he could strangle his son to death. Didn’t he see that the supreme-being’s in-name disciple was already on the verge of anger?

He even said such words. Did he think that the four symbols civilization had already been labeled as a rebellion?

After receiving a slap, Yun Zhantian’s eyes were dazed. “Father, why did you hit me? You should have hit that little bastard, Su Yu...”

Slap, slap, slap --

Three consecutive slaps made Yun Zhantian like a spinning top. He spun around on the spot and his mind was in a daze.

“Little Bastard, I’ll Cripple You!”Yun Qianxiong’s pair of eyes that were about to devour Yun Zhantian finally frightened him. He shut his mouth and did not dare to say another word.

No matter how stupid he was, he should have known that something must have happened for his father to have such a strange attitude.

But what had happened?

Su Yu was right in front of him, but no one dared to capture him?

Chapter 2065 The Mysterious Red Hammer

Yun Qianxiong stopped his son from causing trouble. He had just bowed and cupped his fists at Su Yu and the other two. "I was ignorant and offended the three lords. On behalf of the four symbols manor, I apologize..."

Su Yi shook her head with a solemn expression. "Don't come over. We already understand the attitude of your four symbols manor. Just wait for Daoist Huang to punish you."

She waved her hand and threw out a huge meteorite.

At the same time, Su Jin's eyes revealed a vigilant light. Her entire body was surging with primal energy and she was prepared to attack at any time to defend against the four symbols civilization.

Yun Qian Xiong's heart was in a mess. The supreme disciples had already judged them as traitors of the Daoist Huang Hall!

"Listen to my explanation. Everything was a misunderstanding." Yun Qian Xiong really wanted to slap himself a few times.

He had chased Su Yu away first, his brothers had attacked Su Yu in the middle, and his son had interrupted their teleportation.

If it was him, he would have suspected that the four Titans manor was up to no good.

Seeing that they were about to leave, and that the four Titans manor was about to be convicted of the crime, a loud voice rang out.

"Please Wait!" The Yun clan patriarch hurried over, his face full of panic.

It seemed like he had already sensed the commotion in the area.

It was precisely because of this that he lost his sense of propriety. His heart was in chaos.

If he did not handle this properly, the four symbols manor would be a disaster!

To Daoist Huang Hall, a mere four symbols manor was nothing?

After it was destroyed, there would be new civilizations willing to replace the four symbols manor.

"Even you want to take action?" Su Jin's eyes darkened.

The Yun clan patriarch opened his mouth to explain, but seeing how guarded they were, he knew that any explanation would be useless in a short period of time.

Determination flashed in his eyes. He stared at Yun Zhantian and slapped him across the air.

Immediately, Yun Zhantian clutched his abdomen and wailed miserably.

His body was like a deflated rubber ball. The primeval energy in his body kept leaking out, and in the end, not a single strand was left.

His cultivation was crippled!

“Yun Zhantian has been demoted to a mortal from now on. He has nothing to do with the four symbols manor anymore!”

Yun Qianxiong’s heart ached terribly. Just as he was about to step forward to help him up, he heard the Yun clan’s patriarch continue, “Yun Qianxiong is expelled from the four symbols manor and the Yun clan is expelled. This is to be carried out immediately!”

Who Dared to disobey the Yun clan’s Patriarch’s orders?

Immediately, a large group of the four symbols manor’s troops rushed over and dragged Yun Zhantian, who had fainted like a dead dog, away. They also pushed the pale-faced Yun Qianxiong toward the interciviliation teleportation formation and expelled him.

After doing all this, the Yun clan’s patriarch said to Su Yu and the other two, “It’s Alright for me to teach him, which caused this disaster. I am also responsible! However, I swear with my dao heart that I have no intention of rebelling. Please understand!”

The plain-clothed plain-clothed plain-clothed plain-clothed looked at Su Yu, asking him to make up his mind.

Su Yu glanced at the Yun clan’s patriarch. He naturally knew that the four symbols manor had no intention of rebelling. It was just that Yun Qianxiong and his son were arrogant and looked down on others, causing a series of misunderstandings.

It was already enough for the Yun clan’s patriarch to be able to do justice to his family.

“I know.” Su Yu lightly nodded and paused. He recalled how Yun Qianxiong valued sons over daughters and treated Yun Qianshuang unfairly, he said, “Among your descendants, there is a person called Yun Qianshuang. Her character is not bad and she far surpasses Yun Zhantian. I have high hopes for her.”

Hearing this, the Yun clan’s patriarch heaved a sigh of relief. He had passed this hurdle.

At the same time, he was astonished. “Young Master Su, you know my great-granddaughter?”

“I was the one who gave her the dao master bone that you obtained.” Su Yu chuckled. This could be considered the last time he would help Yun Qianshuang.

Unexpectedly, the Yun clan patriarch said in shock, “How did a mediocre person like me, Dao Yun Qianxiong, obtain the Dao master bone? So it was young master Su who gave it to me!”

“Consider it a superficial friendship between me and Yun Qianshuang,” Su Yu said. “In that case, I’ll see you again.”

He jumped onto the meteorite and was about to set off.

Patriarch Yun seemed to have suddenly thought of something and hurriedly said, “Young master Su, wait!”

“What’s the matter?”

Patriarch Yun hesitated for a moment before saying, “Actually, the reason why I was nearly unable to escape the demon world was because I touched something in the demon world and was chased down just now.”

“That thing is useless to me, but it’s a supreme treasure to the demon world. I originally planned to hand it over to Daoist Huang Hall, but since young master Su is an emissary of Daoist Huang Hall, it’s the same even if I hand it over to you!”

He was repaying Su Yu for the kindness given to him by the DAO Master!

A supreme treasure of the Demon World? Su Yu was slightly curious.

Without waiting for Su Yu to ask, Patriarch Yun took out a dark red hammer with a strange pattern engraved on it.

“This is the hammer. It accidentally saved a half-step dao master demon that was covered in blood. Before he died, he entrusted it to me. It was because of this hammer that I was pursued.” Patriarch Yun looked carefully at plain clothes plain clothes plain clothes plain clothes plain clothes plain clothes plain clothes plain clothes.

He had concealed this matter from plain clothes plain clothes plain clothes plain clothes plain clothes plain clothes plain clothes plain clothes.

In fact, he wanted to keep the hammer for himself. He had taken it out just now because he was grateful for Su Yu’s kindness.

“Oh?” Su Yu took it. He sensed it and found that it wasn’t very special.

He had actually come into contact with quite a few demons and had seen many demon treasures. He really couldn’t see anything special about this hammer.

“Before that great demon died, he said that this hammer seems to be a hammer inherited from the royal family of the demon race. It’s very important.”

Su Yu was even more surprised. After examining it carefully for a while, he found something strange.

He was surprised to find that his soul power could not penetrate the red hammer, not even the eye of insight.

“Eh? It is indeed unusual!” Su Yu was secretly surprised.

“I will give this hammer to young master Su. I hope it will be helpful for your trip to the Demon World.”

Su Yu thought for a moment and took out another Bodhi fruit. He said, “There is no reward without merit. You can keep this. It might be useful to you.”

Patriarch Yun was overjoyed!

This was the rumored Bodhi fruit that could break through bottlenecks!

As a half-step dao master, although the Bodhi fruit did not have the heaven-defying effect of immediately breaking through to Dao master, it had multiple chances to increase it!

To the meteorite patriarch who yearned for a breakthrough, the Bodhi fruit was more precious than anything else.

After the exchange, Su Yu held the red hammer in his hand and cupped his fists slightly. Then, he used the rest of the inter-civilization teleportation array and left.

Daoist Huang Hall.

At the summit of the immortal clouds, Daoist master heavenly wings carried six pairs of snow-white wings on his back. His eyes were bright purple.

A figure was reflected in the purple light.

That figure was none other than Zi Yi, one of the many experts from the evil maiden hall who had descended into the sea of constellations all those years ago!

She had gone to the various major civilizations to look for Su Yu because of her lifespan, so she had escaped a calamity. She had not been wiped out by Su Yu.

“Zi Yi, Su Yu’s whereabouts have been found. His next stop is the demon world.”

The purple figure nodded slightly and said respectfully, “The evil daughter will never forget the help that the heaven’s wing path master has given to the evil daughter Temple.”

In the distance.

A bizarre void where countless civilizations were dotted formed a magnificent picture that was as magnificent as a galaxy.

The galaxy was spinning like a vortex with the center as the focus.

At this moment, purple robe was holding a golden rope and throwing it into the depths of the whirlpool.

A roar filled with a shocking evil aura came from the depths of the whirlpool. “After waiting for decades, someone finally came!”

Purple Robe’s hand sank, and at the end of the golden rope, a purple-haired figure quickly climbed up along the golden rope.

Chapter 2066 Raindrops Of Nothingness

Not long after, he crawled out from the galaxy.

After shaking off the dust on his body, the purple-robed youth chuckled. “Those two girls are really capable. They tricked me into the quicksand of Nothingness.”

The purple-robed youth’s face was grim as he said, “The evil supreme daughter did not let you out so that you could find a woman!”

The purple-robed youth was precisely the purple-haired Su Yu. Back then, he had been tricked into the quicksand of nothingness by Yun Qianshuang's aunt and nephew. Only now did he finally escape.

"Oh? You're lecturing me too?" The purple-haired Su Yu looked at the purple-robed young man's graceful figure with an evil look. "Why don't you come to My Bed and lecture me? Hehe!"

The purple-robed young man's face was filled with disgust as he said indifferently, "Sure, as long as you don't mind it, I'll be fine as long as I'm a man!"

Many of the women in the Evil Woman Palace had changed their gender after consuming pills.

Only then did the purple-haired Su Yu resentfully withdraw his greed and said, "How disappointing! Tell me, why did you find me?"

"Of course it's business! Your old enemy, Su Yu, has appeared!"

"Where is he?" The purple-haired Su Yu changed his wicked look. His eyes were surrounded by cold stars, and his entire body was emitting a threatening aura.

The purple-robed man immediately felt a huge pressure. He had no choice but to use the primal energy to protect the surface of his body. He was secretly shocked. The purple-haired Su Yu's aura was already approaching the peak of the five crowns, right?

It was hard to imagine that he only shared one-tenth of the evil daughter palace master's cultivation.

"A few months ago, he appeared in the Daoist Huang Palace. His whereabouts are unknown now, but his destination is clear."

"Where?"

"The Demon World!"

The purple-haired Su Yu's eyes shot out solidified flames that burned all the meteorites in his sight into dust.

"He is just a Su Yu's soul. I am the rightful owner of Su Yu's body!" The purple-haired Su Yu said arrogantly.

With a step, the void shook and the nebula churned.

The purple-clothed Su Yu disappeared without a trace after only seeing a rolling galaxy.

She let out a sigh of relief. "What a terrifying cultivation base. Not only is it cultivation base, but there is also something terrifying hidden in his body."

--

Several years later.

Dark Star civilization.

The grassland around the sacred mountain of the former civilization and the rising sun tribe had developed into the first tribe of the grassland under the guidance of the bright light.

“Giddyup!” A group of savage beasts galloped at the end of the plains. On the leading Savage Beast sat a young lady dressed in fiery red clothes. Her expression was delicate and cute.

She was Ming Guang’s granddaughter, Ming die.

“Hehe, I’ll rush back to the rising sun tribe before tonight...” the young lady galloped on the plains, her mood wide.

Suddenly, from the corner of her eye, she saw that at the end of the world, there was actually a tiny human being walking alone.

He had long silver hair, simple clothes, and a crystal crown.

“Su Yu?” Ming die rubbed her eyes in disbelief.

When she opened her eyes again, that figure had already disappeared without a trace, as if he had never existed.

Ming die was stunned for a long time, then she shook her head. “It’s an illusion, right? Su Yu has already gone to a higher civilization, why would he come back?”

Little did she know that at the peak of the Sacred Mountain, the sealed space was penetrated by some powerful spatial law. A silver-haired figure floated down.

In the past, the sacred mountain carried a huge amount of pressure. Su Yu couldn’t even ascend the sacred mountain.

But now, he could stand at the peak of the sacred mountain calmly.

“I wonder how the Little Qilin is doing.” Su Yu muttered to himself. He scanned his surroundings with his soul and immediately discovered the existence of the little qilin.

With a thought, he teleported over.

He saw the little qilin at the bottom of the sacred mountain, in front of a huge ball of ice. With his talent of passing through the void, he kept drilling in and out.

“Do you need my help?”

The Little Qilin looked at his butt and used his claws to break the ice bit by bit. Hearing the sound, he waved his claws without thinking, “Even I can’t handle it. What use is your saint servant? Go Away!”

“But I’m very powerful. Maybe I can help you, Saint King?”

The little qilin turned his head unhappily, “If you keep talking, I’ll punish you to clean the toilet... uh... Su Yu? You... you...”

The Little Qilin’s eyes were wide open and his purple eyes clearly reflected Su Yu’s shadow.

“Are you surprised?” Su Yu said with a faint smile.

The little qilin bared his teeth and used his body to block the huge ice behind him. He forced a smile and said, "Surprise, of course it's a surprise, Hehe..."

Su Yu looked at the ice behind him with a faint smile and said, "How do I look at it? Are you surprised?"

"How can that be? What's our relationship?" Little Qilin patted his chest and said.

Su Yu agreed with him. "That's right, so I'll help you collect this good thing that you can't handle."

Without giving little qilin a chance to resist, Su Yu placed his palm on the ice. Small space blades that were as small as dust merged into the ice.

However, with a crackling sound, the ice shattered from the inside to the outside, revealing the object that was wrapped in the ice.

It was a jet-black metal wheel that emitted an extraordinary mysterious aura.

Su Yu was slightly stunned and said in surprise, "Immortal embryo of Dao Artifact?"

There was no mistake. The object in front of him was definitely an immortal embryo of Dao artifact.

AO --

Suddenly, the little qilin opened its mouth and was about to swallow it.

Su Yu was quick-witted. He took out the fruit of the Indian silver bamboo and stuffed it into his mouth.

The fruit was like a bottomless pit. It could absorb all kinds of energy, including the Little Qilin's devouring power.

If it was any other treasure, it would have swallowed it into the world of nothingness.

However, the Indian silver bamboo fruit was helpless. It was stuffed into its mouth.

It could neither swallow nor spit it out.

"After so many years, my ability to snatch things has improved!" Su Yu smiled.

The little qilin mumbled, "That's... My..."

Su Yu smiled and placed his palm on the wheel. An unfamiliar message surged into his mind.

Grinding wheel, immortal embryo of Dao artifact!

It was used to accelerate time?

Su Yu was slightly surprised. Other than his control over the laws of time, which allowed him to enter time acceleration, there was also an immortal embryo of Dao artifact with a similar function.

"The acceleration time is 100 times." Su Yu was slightly disappointed.

Compared to his state of acceleration of 500 times, a mere 100 times was not enough.

This should be the immortal embryo of Dao artifact used by Fu Bingyu in the past. Its function should be to cultivate inside, which was 100 times faster than outside.

“It doesn’t have much use. If you want it, I’ll give it to you.” Su Yu gave a simple evaluation and conveniently took back the Indian silver bamboo fruit.

The Little Qilin’s face was dark as it said, “Why can’t I Be Happy at all?”

How could it be happy after being evaluated as trash by Su Yu?

It resentfully swallowed the millstone wheel into its stomach. The little qilin sized up Su Yu and muttered, “This bad guy’s strength has skyrocketed again. I thought I could push it to the ground and call me great aunt...”

Su Yu looked at it with a faint smile. “What did you say? Can you speak Louder?”

The little qilin immediately changed its muttering and said with a smile, “I was saying that master’s divine ability is unrivaled!”

It was flattering Su Yu from the bottom of its heart. Little did it know that Su Yu was truly unrivaled among his peers within the range of the Daoist Huang Hall.

“You’ve been asleep for so many years. How has your strength increased?” Su Yu asked.

The little qilin smiled mischievously. It opened its mouth and spat out dense droplets of water that were the size of raindrops.

It sprayed forward and covered an extremely vast area.

If anyone was close to it and was caught off guard, they would at least be turned into sieves by the Raindrops and die a horrible death.

“What? Isn’t it amazing?” The little qilin bragged.

Su Yu praised him deeply, “Not bad, it’s quite amazing. Tonight, I’ll have an extra meal and an extra drumstick.”

The little qilin’s face darkened, “I feel deeply humiliated!”

..

The little qilin dealt with the matters of the sacred mountain briefly, then jumped onto Su Yu’s shoulder and came to the ten regions of the civilization.

The ten great forces of the past had long been reduced to ashes, leaving only the tripod to unify the entire civilization.

Su Yu quietly arrived at the tree God’s cave abode and silently placed down over a hundred spatial storage devices.

Among them were acquired essence crystals that could mass-produce world emperors, rootless purple emperor trees that had broken through to half-step emperor realm, and even Bodhi fruits that had been planted in the past five years, as well as various resources that had been collected.

These resources should be enough for them to develop by leaps and bounds.

“Do not stay to meet?” Small unicorn if have deep meaning way.

Su Yu gently shook his head: "See better than not to see."

With that, he left without a sound.

Outside the dark star civilization, plain clothes Sujin waits there.

The party began their return journey.

When passing through Taiji sect, Su Yu thought for a while and stopped for a while.

That year with the devil, he fled wounded, never appeared again, do not know where is now.

If he returned, the Taiji sect would be in danger.

Fortunately, the Taiji sect was safe for the time being.

He swept around Taiji city and found that the Taixu sect he founded was still as popular as before.

The only difference was that the shopkeeper was no longer Huangfu Lieyang, but fairy yinyu.

Su Yu swept around and found Huangfu Lieyang in the Taiji sect. Twenty to thirty years had passed, and Huangfu Lieyang's appearance had not changed much.

However, his cultivation had broken through from the former double-crowned king to the later stage of the double-crowned king.

His progress was amazing!

Now, he was the yin-yang elder of the Taiji sect and a member of the Taiji sect.

At this moment, he was chatting with Mo Xiaochai in his courtyard.

Mo Xiaochai's abdomen was slightly bulging. She was pregnant.

Su Yu was surprised and appeared alone.

He appeared without a sound, so Mo Xiaochai's sharp senses did not notice him. It was not until she saw the shadow from the corner of her eye that she asked in surprise, "Who is it?"

When she saw who it was, she said in surprise, "Su Yu?"

Huangfu Lieyang was overjoyed. He went up to hug her and said excitedly, "I really didn't expect to See You Again!"

Su Yu smiled. "Congratulations, you both have a child!"

A rare blush appeared on Mo Xiaochai's face as she rolled her eyes at Huangfu Lieyang.

The two of them exchanged glances and were very affectionate.

Su Yu found it funny. It had all been a coincidence back then, which had resulted in today's marriage.

After thinking for a while, Su Yu took out two bodhi fruits, one each, and said, "I'll give them to you."

Huangfu Lieyang didn't recognize them yet, but Mo Xiaochai instantly recognized them and exclaimed, "Bodhi fruits! You... You Got the Bodhi Fruits?"

Su Yu nodded slightly and took out a list. After opening it, he pointed at the name ranked 700th. It was “Taiji sect”.

“700th? Our Taiji sect should be ranked 70,000, right? The Daoist Huang Hall actually made such a low-level mistake!” Huangfu Lieyang said in confusion.

Chapter 2067 Rahu Heavenly Eye

Mo Xiaochai, on the other hand, stared at Su Yu suspiciously and said, “Could it be that you got a place in the Yellow Dao Convention?”

Huangfu Lieyang’s eyes suddenly lit up and he said in disbelief, “Brother Su, how many places did you get in the Yellow Dao Convention? You actually managed to bring our Taiji sect’s ranking from 70,000 to 700?”

“Barely. It’s not worth mentioning,” Su Yu said.

Then, Su Yu briefly talked about his many years of experience with the two of them.

After listening, Huangfu Lieyang sighed in amazement. “Brother Su, your 20 years of experience is even richer than my entire life combined!”

Mo Xiaochai was also surprised. Su Yu’s experience was soul-stirring. As an outsider, she could not help but be shocked when she heard it.

Su Yu also learned from them about the development of the Taiji sect in recent years. Because of the addition of the tripod, a large number of cheap resources were brought in, causing the Taiji sect’s martial arts to develop rapidly. There were countless experts.

He believed that in a hundred years, there would definitely be a few capable experts among the younger generation.

After chatting for a while, Su Yu cupped his fists at the two of them and said, “It’s getting late. I still have to rush back to the Daoist Huang Hall.”

Huangfu Lieyang felt extremely regretful that they had to part after meeting each other. He asked, “Brother Su, what are your plans for the future?”

Su Yu said, “I’m preparing to make a trip to the demon world. There are two things that I need to do.”

Before Huangfu Lieyang could react, Mo Xiaochai had already frowned deeply and asked, “You’re going to the Demon World?”

“Is there anything wrong with that?” Su Yu asked back.

Mo Xiaochai thought for a long time and said, “Should I go with you?”

UH --

Su Yu was stunned. He didn’t understand what Mo Xiaochai meant.

He looked at Huangfu Lieyang again. There was also a struggle on his face.

“Did something happen to you?” Su Yu sensed that something was wrong and asked.

After a long silence, Huangfu Lieyang said, “Brother Su, have you ever thought about Xiaochai’s identity?”

Su Yu gazed deeply at Mo Xiaochai and shook his head slightly. “A creature with an extremely old lifespan.”

Su Yu still couldn’t figure out her identity.

According to the only historical records, the coronation ceremony of the previous three sect masters was presided over by Mo Xiaochai. At that time, it should be able to trace back to 10 billion years ago.

To live past 10 billion years was not something that the emperors of heaven and earth could do.

“It’s not very old, but... it doesn’t age or Die!”Huangfu Lieyang said solemnly.

Su Yu was moved. “Doesn’t age or Die?”

Was there really an existence that didn’t age or die?

“En! Actually, I didn’t appear just before the three sect masters, but... When I was the first sect master!”Mo Xiaochai said a shocking piece of news.

The first sect master of Taiji could be traced back to hundreds of billions of years ago.

Even a dao master couldn’t have such a long life span of hundreds of billions of years, right?

“Then who are you?”

Mo Xiaochai said leisurely, “I’m from the lineage of the Demon Emperor from the demon world.”

Hearing this, Su Yu’s pupils constricted.

“The lineage of the Demon Emperor has the bloodline inherited from the creation of heaven and earth. It can live as long as heaven and earth, and die as the sun and moon,”Mo Xiaochai said, “It’s almost an eternal life. It’s a blessing, but also a misfortune...”

Demon Emperor!

Su Yu’s heart was in turmoil.

If he remembered correctly, the nine-tailed white fox in the nine-jade spiritual bead claimed to be the demon Emperor’s concubine, right?

He continued listening without batting an eyelid.

Mo Xiaochai touched her slightly bulging belly. “My child also has the bloodline of the Demon Emperor. After it is born, it will be like me, Immortal.”

“However, if a fetus with the bloodline of the Demon Emperor wants to be born, there are only two ways. One of them is to use the demon Emperor Tower to activate the bloodline of the Demon Emperor.”

She did not mention the other way, which might be very difficult.

Su Yu said, "What will happen if we don't use the demon Emperor Tower?"

"A fetus born will not live for more than one night."

A fetus that had the bloodline of a demon emperor was at two extremes.

It could either live forever, or it could only live past one night.

Huangfu Lieyang said with a pained expression, "This is the only child between Xiao Chai and me. I don't want it to die just like that. Therefore, we had already planned to go to the demon world, but we didn't expect that brother Su would also plan to go!"

After hearing the reason, Su Yu nodded slowly. "Alright, let's go together! Bring the two of us to use the Rahu heavenly eye together. I believe that supreme-being won't have any objections."

After giving some instructions, the two of them left with Su Yu and returned to the Daoist Huang Hall.

Five years had passed.

To the Daoist Huang Hall, which had never changed since ancient times, five years was just a short period of time that could be ignored.

When he returned, everything was as usual.

What was slightly different was that above the Daoist Huang Hall, a huge ball of air was faintly revolving, covering the entire Daoist Huang Hall. The scale was unimaginably large.

If it had appeared elsewhere, it would have crossed the distance of hundreds of five-star civilizations.

With Su Yu's speed, he would probably need a year to cross it.

Where did such a huge ball of Qi come from?

As he was thinking, he suddenly felt a huge wave of dao intent descend and wrap around him.

In the next moment, he, Huangfu Lieyang, and the other two appeared in front of the hall of the Heaven Crippling Dao Master.

He stood in the hall and looked up. "It's about time for you to return. The Rahu Heavenly Eye is about to appear. Make your preparations."

He glanced at Huangfu Lieyang and Mo Xiaochai. He glanced at the former, while Mo Xiaochai stared at him for a moment. She was slightly surprised. "Demon Emperor Bloodline?"

Mo Xiaochai looked a little flustered and immediately bowed. "I will participate in the supreme-being ceremony."

She was shocked. Su Yu was actually able to establish a relationship with the Dao Master?

What had he experienced in the Daoist Huang Hall and what was his ranking in the Daoist Huang Convention?

“There’s no need for formalities.” Dao Master Tian can waved his hand and said, “Could it be the will of heaven? Su Yu went to the demon world with the bloodline of the Demon Emperor.”

There was a faint coincidence.

“Since you also want to go to the demon world, then let’s get ready together!”

A few days later, Su Yu, Huangfu Lieyang, and Mo Xiaochai adjusted their state.

On this day, a huge qi tun suddenly surged, and a huge spinning vortex appeared in the middle.

Inside the swirl, a giant, rotating eye suddenly appeared, which made one’s scalp go numb.

“Is... is that a living creature?” Huangfu Lieyang asked uneasily.

The heavenly remnant path master said, “The Rahu is a creature between a living creature and a non-living creature. It has no fixed form. It will teleport to an area and stay there for three days after a certain period of time according to a fixed trajectory. Based on its characteristics, we can use it to teleport over a long distance

“As long as you hide in the Rahu’s eyes, you can follow it to the next area, and the next area is the demon world.”

In fact, the teleportation between six-star civilizations could no longer be satisfied with inter-civilization teleportation arrays.

Because the distance was too large, the path master would need several years to travel across, let alone the emperors of Heaven and earth?

Therefore, six-star civilizations were basically built near the Rahu’s appearance and could use the Rahu’s teleportation to achieve short-distance teleportation.

Chapter 2068 The Nine Forms Of The Demonic Sword

The Crippled Heavenly Dao master tapped his forehead with three fingers, and three beams of golden light shot into each of their chests.

“The Rahu heavenly eye is filled with strong gales that anyone below the dao master level can not withstand. Only by carrying the DAO will of the DAO Master can one suppress the gales,” the crippled Heavenly Dao master reminded. Then, with a wave of his sleeves, a heaven-defying tornado appeared, it swept Su Yu and the other two up into the sky.

The seemingly distant Rahu heavenly eye was in fact extremely far away.

When the Yellow Dao palace beneath their feet was as small as dust, the Rahu heavenly eye above their heads did not seem to be getting any closer.

They rode on the wind and only arrived at the Rahu heavenly eye after several hours when the Yellow Dao palace was no longer visible.

Standing on the Rahu heavenly eye, they could see as far as the eye could see.

What surprised them was that the Rahu Heavenly Eye was actually a large-scale camp. It was very lively with all kinds of people walking among it.

It was far from what they had imagined.

After thinking for a while, Su Yu understood.

The journey of many warriors often took more than a hundred years. Over time, many warriors built temporary camps on it.

It was extremely normal to have such a scale.

“Hey, three friends from the Cangyang Mirror, do you want to rent a cave abode?” As soon as they appeared, a shifty-eyed middle-aged man rubbed his hands and said with a smile.

Su Yu had learned from the memories given by the Crippled Heavenly Dao master that the Luohou Heavenly Eye was divided into day and night.

During the day, it was the time for travelers to move around. However, at night, it was extremely dangerous.

Only a special cave abode could resist the dangers of the dark night.

The sky was not yet dark, and the people walking outside the tent were in a hurry. They were hurrying toward their destination.

“Lead the way,” Su Yu said.

The middle-aged man led the way with a smile. Soon, they arrived in front of a mountain.

The so-called mountain was the dirt in the eyes of the Rahu. It emitted a trace of the Rahu’s unique aura. As a beast, a faint trace of fear flashed through the Little Qilin’s purple eyes.

A deep cave was dug out of the mountain, and the cave was divided into thirteen small caves.

“There’s just one left. If the three of you don’t mind, we’ll make do,” the middle-aged man said with a smile.

“What’s the price?”

The middle-aged man said with a smile, “The price is easy to negotiate. One Dao coin a day.”

“One... Dao Coin?” Mo Xiaochai’s eyes were wide open. “I’m not going to the demon world. I want to stay and earn money. No, I want to Rob Money!”

It was difficult for an ordinary person to get one dao coin. Now that they were providing a cave abode, they could earn one dao coin a day. If this was not robbing money, what was?

Huangfu Lieyang was also surprised. “Isn’t it too expensive?”

The middle-aged man looked at the sky that was almost completely dark and chuckled. “Then you can stay elsewhere.”

First, he was bullying them because they were new here. Second, he thought that it was too late and they had no room to look for other cave abodes.

Therefore, he demanded a high price.

Su Yu's expression was indifferent as he took out a dao coin and handed it over.

To avoid attracting attention, he did not reveal his own gold card.

However, the middle-aged man did not accept it. His face also lost the politeness from before as he said in a neutral tone, "I'm sorry, my abodes will be rented for at least ten years. If it's one day less, please move to another place. Forgive me for not serving you!"

At this moment, the sky outside had completely darkened.

In the pitch-black night, a strange Beast's roar could be faintly heard, making one's hair stand on end.

However, when one's soul swept out, it was unable to probe into the dark night. They had no idea what was inside.

Mo Xiaochai and Huangfu Lieyang both had angry expressions on their faces. They were completely taking advantage of the situation.

If they had known earlier, they would not have believed that this person had come here. Right now, they did not even have the right to choose..

"Hehe, now I've changed my mind. Two Dao coins per night!"The middle-aged man said with a faint smile.

"What?"Huangfu Lieyang glared at him angrily. This was simply going too far!

"Three Dao coins!"The middle-aged man crossed his arms in front of his chest and looked at them.

Huangfu Lieyang was about to say something when su yu said indifferently, "Okay, three dao coins per day. You will pay for ten years."

Su Yu took out his gold card and handed over 100,000 Dao dollars.

"Haha, Welcome Guests!"The middle-aged man looked at Su Yu's gold card with a meaningful look and said with a warm smile.

Huangfu Lieyang's face darkened. He entered the cave abode with Mo Xiaochai and Su Yu without saying a word.

After sealing the cave abode, Huangfu Lieyang said angrily, "This is too much!"

They were caught off guard and were cheated by someone.

That was 100,000 dao coins, a whole 100,000 dao coins!

He had worked hard all his life, but he might not be able to get so many dao coins.

Mo Xiaochai also said, "Su Yu, why should we give it to such a person? With the three of us working together, we shouldn't be afraid of him at all, right?"

Su Yu shook his head lightly and looked around. "Do you really think that he dares to set the price without any support?"

Anyone who could enter the Rahu Heavenly Eye had an extraordinary status? Who Didn't have their own trump cards?

Su Yu and the others were definitely not the first to be harmed, but the fact that the middle-aged man was still alive was enough to prove the problem.

He definitely had a backing!

Hearing this, the two of them thought for a while and agreed.

"But are we just going to let it go like this?" Huangfu Lieyang was unwilling to let it go. He could not calm down after being mercilessly stabbed by someone.

Su Yu shook his head slightly. "Just treat it as spending money to buy a lesson."

He glanced at Mo Xiaochai's stomach and shook his head secretly.

If he was alone, he would definitely not let it go like this.

However, Mo Xiaochai was pregnant. If they hurt the child during the conflict, Huangfu Lieyang and Mo Xiaochai would regret it for the rest of their lives.

Huangfu Lieyang was resentful, but he looked at his unborn child and gritted his teeth slightly. "I'll hold back this resentment for now!"

The next day, the sky gradually brightened. As the roars of the beasts gradually faded away, Su Yu and the others left the cave abode. When they looked outside, they saw claw marks on the ground.

The claw marks were strangely shaped and gave off a dangerous aura.

Staring at the claw marks, Su Yu actually felt that they were somewhat familiar. It was as if he had seen them somewhere before.

"Hehe, guest, did you have a good rest last night?" At the cave abode closest to the cave abode, the middle-aged shopkeeper walked out with a smile.

It would be a wonder if he could have a good rest! Huangfu Lieyang stared at him coldly.

Su Yu retracted her gaze and glanced at him before silently heading to another part of the camp with Huangfu Lieyang and the other two.

The shifty-eyed middle-aged man muttered to himself with a sneer, "So what if I'm angry? No matter how capable you are, you have to endure it even if you go to Luohou!"

The camp occupied a very large area. What was even rarer was that because there was a large number of tourists here all year round, it had given rise to a trade industry.

Many tourists set up stalls in front of their tents.

Because the people here came from different civilizations, the things they sold were very unique to the region.

Su Yu couldn't recognize many things at all.

The three of them browsed through and each bought a lot of things.

Su Yu rarely sold. He only bought a unique painting from a stall that sold paintings.

Many powerful demonic beasts were sealed inside the painting.

The lowest level was a four-tiered emperor, and the highest was a five-tiered emperor in the middle stage.

The price was quite high. It cost Su Yu 10,000 Dao dollars to sell it.

“Brother Su, you are really rich. You bought such an expensive item without even blinking.” Huangfu Lieyang clicked his tongue.

Su Yu smiled and said, “As long as the item is useful to me, it’s fine. It doesn’t matter how much it costs.”

The demonic sword technique had already been cultivated to the eighth stance. The next move was the ninth stance.

The eighth stance took him a long time to slowly take shape after sparring with many experts on the infinite stairway.

The ninth stance in front of him should require more actual battles before he could successfully cultivate it.

This painting that had countless demonic beasts sealed within it was an ideal place to cultivate.

The three of them strolled around for a long time. When the sky was about to turn dark, they returned to the cave abode.

Not long after, faint roars of beasts could be heard coming from outside the pitch-black cave abode, causing people to feel uneasy.

When those beasts of unknown origin approached the cave abode, they retreated one after another because of the special aura emitted by the cave itself. They did not dare to get too close, appearing to be very afraid.

Su Yu and the others were cultivating in the cave.

He took out the beast picture and activated it. Then, a rotating space appeared in the center of the picture.

Su Yu’s figure flashed and entered the picture.

This picture was similar to a cave world. There were many powerful demonic beasts in it.

They had strong physiques and natural instincts. The most troublesome thing was that many of them gathered in groups.

Su Yu’s gaze locked onto the few early-stage five-crowned demonic beasts in the painting. He took out the asura sword and charged forward.

“Nameless!” He slashed at one of the early-stage five-crowned demonic beasts with all his strength.

The Demonic Beast let out a miserable howl and rolled on the ground before standing up unscathed. Other than leaving a shallow scar on its skin, there were no other injuries.

Su Yu was secretly surprised. "As expected of a demonic beast. If this sword had struck another creature at the initial stage of the five crowns Emperor realm, it would have been cut into two. Only a demonic beast with an extremely strong physique would be able to remain unharmed."

However, for Su Yu, it would be better if they could withstand the blow!

With a slight thought, Su Yu held the hilt of the sword with both hands. The tip of the sword was facing upwards, standing straight in front of his chest.

A moment later, he suddenly opened his eyes and shouted in a low voice, "The ninth move of the demonic sword technique, ultimate!"

As the word "Ultimate" fell, the Shura sword seemed to come alive. It jumped with a bang.

The black sword shadows that were layered on top of each other shot out from the Shura Sword in all directions.

The sword shadows contained extremely tyrannical power!

The demonic beast that was charging over in anger suddenly sensed that something was wrong. Its eyes revealed traces of fear as it retreated, avoiding the sword shadows.

However, it was too late and was still touched by the Sword Shadow.

Chi --

The demonic beast let out a painful roar. A three-inch-long blood groove appeared where the Sword Shadow Touched, and the beast blood kept flowing down.

This action completely infuriated the demonic beast. It roared and rushed forward, shooting out fierce flames from its mouth.

Su Yu immediately dodged and dodged left and right, narrowly avoiding the burning flames.

After a long while, he finally shook off the demonic beast. More than half of his clothes were burnt, and his hair was burnt. He looked extremely pathetic.

However, his face was filled with deep excitement.

The ninth move was unexpectedly powerful.

What he had just displayed was not even the skin of the ninth move, but the power that erupted was much more powerful than the complete eighth move. It directly cut open the demonic beast's hard skin

"The ninth move of the demonic sword, one move overshadows the other. The last move will definitely be heaven-defying." Su Yu found it hard to imagine how powerful it would be if he cultivated the last move completely?

Chapter 2069 The Yin-Yang Caravan

Perhaps even the five crowns of the later stages would not be able to withstand this strike.

After calming himself down and recovering from his injuries, Su Yu found the demonic beast and continued to hone the ninth stance.

Soon, the roars of the demonic beasts could be heard from the Beast Map.

This cultivation lasted for three whole years.

Huangfu Lieyang and Mo Xiaochai were also guarding the beast map, using cultivation to pass the long journey.

On this day, the entire camp suddenly shook violently. Everyone seemed to have lost their center of gravity and drifted forward on their own.

“We’ve arrived at the next station, right?”Huangfu Lieyang woke up with a start and immediately calmed down.

Every few years, Luohou would stop by once.

According to the map, this place should be a civilization called daybreak.

Whoosh whoosh whoosh --

Suddenly, a rather powerful aura descended outside the tent.

The middle-aged man who was idling outside the cave abode immediately headed outside the tent with a flash of light.

He saw a blood-red coffin being carried by eight people standing outside the tent.

In front of the blood coffin stood an old man with jet-black hair and exquisite clothes.

There was a jet-black beast horn on his forehead.

His entire body emitted an unfathomable aura.

Then, he looked at the eight coffin carriers. They were eight feet tall and each of them had eight hands. They had four eyes on their faces, and the aura they were exuding was hard to see through.

The middle-aged man’s pupils shrank slightly. “The immortals carry the coffins, and the drakonids lead the way... is... is this the legendary yin-yang Caravan?”

The Yin-yang caravan was a caravan that was spread throughout the absolute beginning realm.

This caravan was made up of nine people. Eight of them were immortals with eight arms and four eyes, and the other one was a drakonid.

The abilities of the nine people were unfathomable. Some said that they were the peak of the five crowns, some said that they were Supreme Dao Masters, and some said that they came from the Holy Mountain in the absolute beginning realm.

They walked on the route of the Rahu, and then a civilization descended to hold the yin-yang rebellion.

The so-called yin-yang fate defying event was a trade fair.

The Yin-yang caravan would hold a trade fair, and they would provide rare treasures while others would provide the price.

According to legends, all the treasures were inside that blood-red coffin.

The top-tier treasure inside had once caused Dao Masters to scramble for it!

The rarest thing was that the value of the treasure was much cheaper than the market.

Every time it appeared, it meant that there was a huge business opportunity.

But the place where it appeared was extremely random.

Sometimes it appeared in a bustling crowd, and sometimes it was in the wilderness that no one knew about.

If a person met it alone and happened to be able to buy a peerless treasure, then it would be a huge fortune!

This caravan was filled with the mysterious color of a legend. The middle-aged man had stayed in the Rahu heavenly eye for thousands of years and had heard about it from creatures from various regions.

However, he never believed it to be true.

How could there be such a strange caravan in the world?

Now, looking at the Yin-yang caravan that was extremely similar to the rumors, the middle-aged man's heart pounded wildly.

At this moment, thousands of figures appeared one after another like bamboo shoots after the rain, all of them ascending the Rahu heavenly eye from the civilization system below.

They were all from the daybreak civilization system. Without a doubt, they had sensed the appearance of the yin-yang Caravan and chased after it.

What made people shudder was that there was actually a half-step dao master among them!

All of them had burning expressions on their faces as they stared at the yin-yang Caravan!

Such a huge commotion caused a stir in the entire camp as more and more onlookers gathered.

However, the yin-yang Caravan did not make any other movements. Instead, they stayed where they were.

That day, as the sky gradually darkened, the expressions of those in the know changed. "Not good! Quickly find the cave abode and hide!"

The one thousand people who had just arrived rushed into the camp to find the cave abode.

All of a sudden, all the cave abodes were filled with people.

This included the middle-aged man's Cave. There were not enough cave abodes, and even the corridors were filled with people who spent a lot of money to stay there.

The middle-aged man was so happy that he could not close his mouth. He had taken in over a hundred people, and every one of them had taken advantage of the situation to ask for a hundred dao currency.

In one night, he had earned over ten thousand dao currency!

This was truly a pleasant surprise.

Hong --

Suddenly, the air trembled, and the surrounding aura froze.

A middle-aged man dressed in a wide robe stepped into the cave.

The middle-aged man's eyelids trembled slightly, and he immediately went forward to welcome him. "Esteemed guest, I'm sorry, but the cave dwelling is already full. If you don't mind, it's just in the corridor..."

The wide-robed middle-aged man in front of him was none other than the half-step DAO Master of the daybreak civilization.

"Forget about the corridor. Since there's no corridor, I'll take my leave." The half-step dao master turned around and left.

How could the middle-aged man miss such a big client? He said, "Hold on, I'll think of something for You!"

Turning his gaze, the middle-aged man looked at the cave abode where Su Yu was and immediately went forward to knock on the door.

Huangfu Lieyang opened the door and frowned. "What's the matter?"

The middle-aged man said indifferently, "A lord came to file a complaint and is temporarily staying here. Feel wronged and make do with the corridor for the night."

Hearing this, Huangfu Lieyang almost thought he had heard wrong. His eyes were cold. "Why do you want us to let you go?"

The middle-aged man glanced at him. "This is a cave abode that I opened. If I want you to stay in the corridor, then stay in the corridor. If you say one more word, then get out immediately!"

Huangfu Lieyang said angrily, "Are you mistaken? We paid for ten years. Why are you chasing us away..."

He was halfway through his sentence when Mo Xiaochai stopped him. She shook her head slightly, indicating that he should stop talking.

That was because Mo Xiaochai had already noticed that the middle-aged man was hiding an attack talisman from the middle stage of the five crowns emperor realm in his sleeve.

She was pregnant now. If they really fought, even if they could win, the price would be very high.

Huangfu Lieyang only felt that his chest was about to explode. He had never seen such a bully!

With a snort, he suppressed his anger and took the beast diagram with him. He was forced to leave the cave abode and stay in the corridor.

After vacating the room, the middle-aged man smiled apologetically and said, "Guest, please come in."

The half-step dao master hesitated for a moment before stepping in.

In the world where the strong preyed on the weak, the weak did not have the right to receive fair treatment.

Huangfu Lieyang felt humiliated. He accompanied Mo Xiaochai and stayed in the cold corridor for an entire night.

The next morning, the beast map in his arms suddenly trembled slightly.

A spatial vortex appeared, and Su Yu walked out with a smile on his face.

After three years of hard training, the sinkhole had finally reached a certain level of mastery, barely entering the rudiments.

Although it was only the rudiments, the power of a single sword could kill even the most powerful early-stage five-crowned-emperor beast.

If they encountered a middle-stage five-crowned demonic beast with a weak physique, they could also be killed with a single sword!

Su Yu had just appeared when he realized that the environment was not right.

"Why are you guys in the corridor?" Su Yu was slightly surprised.

Huangfu Lieyang lowered his head and forced a smile, "It's... It's nothing."

Kacha --

As they were speaking, the stone door of their cave abode opened and the half-step dao master walked out without looking askance.

Su Yu's eyes flashed slightly, and he asked in a deep voice, "Why is our cave abode occupied by others?"

Only then did Mo Xiaochai sigh faintly and explain the cause and effect of the matter clearly.

After learning that they had been chased out, Su Yu's gaze turned slightly cold.

"A kind person is bullied by others! He probably thinks that we didn't resist and that we are easy to bully." Su Yu sighed faintly. "Originally, he wanted to endure a period of peace and quiet, but it seems that the other party doesn't want peace and quiet!"

"Let's find a place to talk." Su Yu said and led the two away from the corridor.

Coincidentally, at this time, the middle-aged man bowed and watched the half-step dao master leave.

He heard Su Yu's sigh and sized Su Yu up slightly. There was a hint of contempt in his eyes. "Am I afraid of You?"

Even though he said so, he still left the cave without thinking and headed to a relatively large cave in the camp.

“Hehe, what brings the nine-headed bird here?” In the cave, a ten-foot-tall monster with totems all over his body was leisurely tasting the fine wine. Beside him were a few wild beauties waiting on him.

The middle-aged man was called the nine-headed bird. He squeezed out a flattering expression and laughed, “In front of boss Lone Crocodile, what does this nine-headed bird of mine count as?”

Lone Wolf stood up and patted his belly. He said, “I don’t visit the Three Treasures Palace for no reason. Tell me, what is it?”

“Hehe, it’s nothing much. It’s just that three guests have arrived recently and they seem to be looking for trouble. That’s why I’m paying boss some protection fees in advance. I hope that boss can hold the fort.”

Lone Wolf’s eyes flashed. “Oh? Another fat sheep has been slaughtered? How Big Is It?”

“Not much. It’s only a dao coin a night. I’ve kept it for ten years,” the nine-headed bird said with a smile.

He had concealed most of the figures!

Lone Wolf Crocodile shook his head with a smile. “You black-hearted bird. Aren’t you afraid of kicking an iron board?”

“With boss around, so what if the other party has Golden Feet?” The nine-headed bird laughed mischievously.

“Same old rules. I want half.” Lone Wolf Crocodile stretched out five fingers. In his heart, he felt that it was impossible for him to encounter a river-crossing fierce dragon that he could not suppress.

He was a mid-stage five-crowned emperor, and he had several talismans in his hands that were used for a single attack by a peak-stage five-crowned emperor. Unless a half-step dao master was present, they wouldn’t be able to do anything to him.

The nine-headed bird straightforwardly handed over 15,000 Dao dollars to the other party.

“Alright, look for me if you have any trouble.” Lone Wolf Crocodile waved his hand, sending the nine-headed bird away.

They were completely unaware that in the sky above them, a huge eye slowly disappeared, taking in every single action between them.

Somewhere in the camp.

Su Yu slowly opened his eyes, his eyes flickering with green light, “Is he the one you rely on?”

After pondering for a while, Su Yu had already made up his mind.

Following that, Su Yu and the other two seemed to be leisurely strolling around the camp, seemingly buying things, but in fact, they were asking for information.

As expected, the nine-headed bird was a notorious black merchant in the camp.

Who knew how many customers had been slaughtered.

But up till now, the nine-headed bird was safe and sound, because other than amassing wealth, he also knew how to spend money to buy the experts in the camp, such as the lone crocodile.

He had encountered many customers seeking revenge, but without exception, all of them had gone missing forever.

Including the locals in the camp, even though they hated the nine-headed bird's actions, but because they were afraid of the nine-headed bird's ruthlessness, they could only be angry and not dare to speak out.

Other than relying on the lone crocodile, the nine-headed bird was also a hidden early-stage five-crowned champion.

He claimed to be at the early-stage four-crowned champion realm, but he had accidentally revealed his early-stage five-crowned champion realm strength a few times.

In addition, he had been in business for the New Year, so he should have a peak-stage five-crowned champion realm attack talisman in his possession.

After learning this information, Huangfu Lieyang secretly rejoiced. Fortunately, Mo Xiaochai stopped him and didn't make a move. Otherwise, the consequences would be hard to say.

"In this case, we can only take a long view," Mo Xiaochai said.

Chapter 2070 Emptied Everything

"Why do we need to make a long-term plan?" Su Yu shook his head slightly. "If they already have the cultivation of a peak-stage five-crowned emperor, they might still be troublesome to deal with. However, it's not impossible to deal with them just by relying on talismans!"

Huangfu Lieyang's eyes lit up. He knew very well that Su Yu would never speak without thinking. He must have his own reasons for saying that.

"Haha, I Have a feeling that the nine-headed bird will be miserable!"

When the sky turned dark, the three of them hurried back to the cave abode.

Su Yu's eyes were fixed on the yin-yang Caravan, and there was a hint of surprise in his eyes.

In the campsite today, rumors about the yin-yang caravan could be heard everywhere. The colors of the myths and legends were breathtaking.

From yesterday until today, they had never left. Even when night fell, they didn't move their feet.

When he glanced at the so-called coffin-carrying immortal and the Dragon Man leading the way, Su Yu felt a sense of danger.

His intuition told him that the nine people were very, very dangerous, and it was best not to offend them.

As for the blood coffin, Su Yu resisted the urge to observe it through his X-ray vision.

“Yin and yang defied fate and will not be held on the Rahu. They should be preparing to head to the next region and take the Rahu along the way,” Huangfu Lieyang said regretfully.

However, it was enough to see the rumored yin and Yang caravan with his own eyes.

The sky darkened, and a faint beast roar could be heard.

Su Yu sat cross-legged in the cave and looked at the dark night. A blood-red light was particularly eye-catching.

It was the light released by the blood coffin of the yin-yang Caravan. It seemed to have a great deterrent effect on the unknown existence in the darkness. Not a single beast dared to approach it.

It was late at night and the Warriors in the corridor were all resting.

Su Yu's eyes slightly wavered. It was time to make a move!

He patted the Little Qilin's head and said, “Can you distinguish the location of the solitary alligator in the night?”

His stroll during the day was not aimless. He had paid attention to the location of the lone alligator.

“Hehe, Will I Forget?” The little qilin said confidently.

Su Yu nodded slightly. “Then let's proceed according to the plan.”

He slowly closed his eyes and pretended as if nothing had happened. The little qilin on his shoulder quietly displayed its unique ability, turning reality into nothingness.

His entire body merged into nothingness. His aura was completely gone, making it impossible for anyone to detect his existence.

He sneaked into the outermost cave abode. The nine-headed bird was in the cave abode, happily tapping on its recent gains.

“Haha, I've gotten another 30,000 dao coins today. This Yin-yang Chamber of Commerce is truly a fortune. Wherever it goes, it's wealth!” The nine-headed bird carefully put the dao coins into its storage space.

Looking at the dark sky outside, he habitually set up a powerful array formation around his cave abode that cost a lot of money. Even the slightest movement could trigger a strong reaction from the array formation.

This array formation cost a hundred dao coins in one night.

The price could not be said to be low.

However, the nine-headed bird had offended too many people over the years. If he was not careful, he had already died a hundred times.

However, he never expected that after a period of meditation and rest, a purple illusory shadow would ignore the array formation and enter silently without causing any reaction.

The little qilin looked left and right. Finally, with his talent for the void, he stared at the side of the nine-headed bird.

“Hehe!”The little qilin laughed. He transformed into the void and entered the space beside him. He did not even cause a spatial ripple before entering the world of his portable cave abode.

“Wow!”The Little Qilin’s eyes were wide open, and they were shining.

What entered his eyes was a dazzling treasure trove. There were rare items from different civilizations. There were many types, and there were countless of them.

There was also a gold card among them. The balance of the Dao currency inside was no less than five million dao currency, which was five times the current value of Su Yu!

The Little Qilin’s eyes lit up, and he immediately accepted it without hesitation. After that, he took all the magical treasures.

However, the little qilin abided by Su Yu’s instructions and was determined to find a hidden peak-level five-crowned Emperor’s attack talisman!

After searching for a while, he found a small hidden space in his portable cave abode.

Opening it, he found three sealed peak-level attack talismans.

“Haha, I Found It!”The little qilin also swallowed them without any hesitation.

A moment later, the portable space was completely empty. Not a single remnant treasure was left behind.

When the nine-headed bird inspected the portable cave the next day, it believed that it would receive a great surprise!

After silently leaving the cave, the little qilin numbly ran out of the cave and burrowed into the dark night.

It had just left when it heard the roars of beasts.

Then, it gradually returned to silence.

The little qilin appeared in front of the cave of the lone Walker Crocodile and did the same thing. He easily entered the cave of the lone Walker Crocodile and took away all of its years of accumulation. Not a single blade of grass was left.

No, what was left was a piece of sleeve that the nine-headed bird usually wore.

After returning to Su Yu’s place, the Little Qilin was pleased with himself and quietly offered up the things he had obtained.

Su Yu briefly examined it and slightly clicked his tongue.

The value of the nine-headed bird, other than the five million dao currency gold card, was no less than three million worth of resources. In total, it was around eight million!

The lone crocodile was even more amazing. Its total assets were no less than eleven million!

“The two of you are birds of a feather. I will take all the black-hearted money that you have earned over the years.” Su Yu smiled faintly.

The next morning.

Many martial artists were still in a meditative state when they were suddenly awakened by an earth-shattering roar.

“Who stole my things!”

That voice was filled with great panic and fear.

The nine-headed bird stood at the entrance of the cave, wondering if he was having a nightmare?

A night had passed, and all his life’s accumulation was actually... all gone!

He carefully inspected the array, and there were no signs of it being activated. However, there was not a single thing left in his storage space, and everything was lost.

Someone must have stolen them!

But who could it be?

Who had the ability to silently pass through the array formation?

“Why are you making so much noise?” The half-step DAO Master walked out of the cave abode with a displeased expression and stared at him.

The nine-headed bird immediately restrained its anger and said respectfully, “I didn’t mean to disturb senior. Something unbelievable really happened and I lost my composure for a moment.”

Only then did the half-step dao master hide his displeasure and said indifferently, “Your things were stolen. Is Buddha suspecting us?”

Of course he was suspecting us!

He had checked the storage space before entering meditation last night, but when he woke up this morning, it had been stolen.

In other words, the real culprit had acted last night.

But at night, no outsider could enter the cave from the darkness of the night.

Therefore, the real culprit could only be the guests present.

However, how could he dare to doubt the half-step Dao Master? He could only say, “I don’t dare to doubt senior. I believe that senior would not do such a thing, but others...”

He looked around at the guests who had checked in and did not hide his suspicion.

“That is between you and them,” the half-step dao master said indifferently. He left the cave and came to the vicinity of the yin-yang Caravan. He looked at them carefully, afraid that they would leave without him knowing.

After he left, the nine-headed bird stood at the entrance of the cave with its hands behind its back, blocking the exit. No one was allowed to enter or leave.
